THE STATE SENATE approved a 65-mile an hour speed limit in the daytime and a 55-mile speed for night time, for the lower part of Michigan. The vote was 30 to 3. The Upper Peninsula and the northern half of the Lower Peninsula would not be affected.

Senators argued that 88 percent of all fatal accidents occurred south of the line of counties that would have the speed limit. One senator said the law would be useless unless Michigan has better law enforcement.

Friday, November 4

EGYPT CLAIMED VICTORY over Israeli troops in a counter attack, wherein Israeli forces were driven from a disputed outpost in the El Auja border zone in the Biblical Sinai Desert. The counter-attack was supported by armored vehicles and a cover of fighter planes.

Israel said its original attack, carried out in brilliant moonlight, had pushed the Egyptians back into Egypt "where they belong." Both sides claimed heavy casualties in the fighting that ranged from hand-to-hand combat to mortar-artillery duels.

Saturday, November 5

THE U. S. STATE Department summoned the Israel and Egyptian ambassadors to separate conferences in an attempt to avert war in the Holy Land and keep the Middle East out of Communist hands. Israel Ambassador Abba Eban conferred with Asst. Secretary of State George V. Allen.

Ambassador Ahmed Hussein came in an hour later. Eban is seeking arms from the United States, because the Egyptians are getting their arms from behind the Iron Curtain. What the envoys were told is not known.

Sunday, November 6

RUSSIA'S Foreign Minister Molotov faces certain defeat at the Geneva conference. He was virtually compelled to return to Moscow for further instructions to stave off diplomatic defeat by the Western Big Three. For 48 hours, Secretary of State Dulles, French Foreign Minister Pinay and British Foreign Secretary Macmillan pinned Molotov into a corner.

They made the Russian's position untenable in the eyes of West and East Germany by handing him an ultimatum to have free and secret elections by September 1956.

Monday, November 7

A SHOWDOWN on State aid for mentally retarded children appears eminent today. Senate bargainers returned to Lansing for the second "consecutive" special session on the relief for the "retarded" children. Three senators all Republicans, on the conference committee, hold the whiphand.

Tuesday, November 8

THE UN ASSEMBLY is considering a plan whereby the deadline in the Assembly over the rivalry between Yugoslavia and the Philippines for a seat in the powerful Security Council will be broken.

The plan would call for a rotation between Eastern Europe and Asia on the contested seat. The Philippines would serve the first two-year term. In return, the United States and Latin America promised to back Yugoslavia during the next election.

Wednesday, November 9

MICHIGAN'S program for mentally retarded children is snarled in the Legislature after 14 hours of debating. There was no indication that the Senate and the House had yielded on their stands that resulted in a deadlock in the first special session which ended at midnight last Friday. The Senate's program would cost about 1 1/2 million dollars. The House plan would cost about five million dollars. When the session broke up at midnight Monday, conferees from both branches were still meeting to iron out differences.

Farms to Buy 10 Machines For Voting

Study to Be Made to Determine if Additional 14 Units Should Be Bought

The Farms council on Monday, November 7, approved the purchase of 10 voting machines, enough for three precincts.

Only one bidder placed a bid to sell the machines to the city. It was disclosed by City Manager Harry Furton. The cost has been set at \$1,688.08 apiece or a total of \$16,880.80.

In Seven Precincts
Mr. Furton stated that the 10 machines, which are vertical type, will be installed in three of the seven voting precincts in the city. He added that at least 24 of the machines are needed if the city wishes to place them in all of the precincts.

The council approved a recommendation by Mr. Furton, whereby a study of whether the city should get the additional machines will be undertaken and a report made to the council at a future meeting.

Pointe Lagging In Torch Drive

Grosse Pointe had raised \$230,000 of its \$300,491 Torch Drive quota up to Tuesday noon. It was revealed at a report luncheon.

This represents 76.5 per cent of the quota, with two days left in the campaign.

Forty-three Fathers Attend Nursery School with Kids

Forty-three fathers decided to cast away the cares and problems of a typical Saturday morning in favor of attending all morning sessions of a nursery school for children three and four years old. The invitations for this unique idea came from Mrs. Roger Bacon, director of the Grosse Pointe University on Cook road, who invited the fathers to see their children in action. The event took place beginning at 8:30 a.m. on Saturday, November 5.

Mass Beautification Project Great Success As Residents Buy 727 Flowering Shrubs

Whole Pointe to Be Greatly Enhanced Through Garden Council's Program; Bushes Ready for Pickup Saturday

If you have difficulty getting through the press of cars and station wagons in the vicinity of DePetris, Inc., 230 Grosse Pointe Boulevard, on Saturday, November 12 at 10 a.m., do not be annoyed. Instead stop and watch the beauty minded Grosse Pointers trundling out with bundles of plants.

What is it all about? Just the distribution of some 727 Flowering Crabapple shrubs and trees for the mass planting beautification project sponsored by the Grosse Pointe Garden Club Council.

Busy Taking Orders
For the past few months members of the council, area chairmen for the Cleanup Committee and Garden Club representatives have been busy taking orders for this initial effort toward Pointe beautification. Of the hundreds of shrubs ordered there will be approximately 170 in the Park, 65 in the City, 200 in the Farms, 75 in the Shores and 185 in the Woods.

To Beautify Lakefront
The waterfront park in the City of Grosse Pointe will have some lovely new varieties and Mrs. Stuart Friederich, a member of the Grosse Pointe Woods Council and Chairman of Parks and Recreation is busy with Council representatives and municipal authorities in planting 53 trees in the Woods area. Perhaps the Miracle Mile will become the Beautiful Mile!

AAA Batteries Plan Open House

Both Anti-Aircraft Artillery batteries stationed in the Pointe have issued invitations to all residents to attend the Open Houses which will be held there on Veterans' Day, Friday, November 11. Officers of the two camps, located at the foot of Three Mile drive and in Chalfonte road near Lothrop, have stated they are particularly anxious to have all Pointe residents visit the batteries. There will be tours of the areas, which will include demonstrations of how the equipment works and just what the mission of the soldiers is.

Hours for the Open House have been set for from 10 a.m. to 4 p.m.

Woods Orders Red Police Cars

The Woods police cars will have a change of color, that is the new ones, when they are delivered.

The Woods council, on Monday, November 7, approved a low bid of \$6,524.52, for four brand new scout cars. The cars will be fiesta red.

The present police cars are of a two-tone blue, dark blue top and aquamarine blue body.

The council also approved a low bid of \$19,000 for a new fire engine pumper, to replace the one purchased in 1937.

The third bid, for \$975, was okayed for the purchase of 20 spruce trees to be planted on the islands on Mack avenue.

Rubber Check Artist Dupes Local Stores

Police of Woods and Farms Working With Detroit In Search for Crook

Merchants are asked to be on the lookout for a professional checker passer operating in the Pointe area. The man who is wanted by Woods, Farms and Detroit police departments, has passed several checks in the Pointe, signing his name William H. Barr.

On October 27, the phony check passer attempted to pass a check for \$247 towards purchase of an item at a Woods jewelry store. He passed two small checks one for \$20 and another for \$10, at two business places in the Woods.

Two Cashed in Farms
On Saturday, November 5, he invaded the Farms, where two places cashed checks for \$20 each.

The Woods' detective team of Sgt. Walter O'Dell and Det. Everett Plumb, have joined forces with the Farms team of Sgt. Harold Seelow and Det. Harold Bearpe in an attempt to track down the crook.

The officers said the check passer's favorite method of operation is to enter a store and write out a large check for a very expensive item, order the item delivered, giving a phony address, and then pretend he was short of funds and ask the merchant to cash a smaller check for him.

Flees Woods Store
In the Woods jewelry store, when the merchant sought to establish whether "Barr" had any money deposited in the bank for which the check was drawn, "Barr" fled before any harm was done.

Sgt. Seelow disclosed that the proprietor of a gift shop on Mack avenue, had turned over to him a check for \$259.99, with a complaint that "Barr" had picked out a lamp valued at \$239.99, then asked the manager, if he would give him \$20 if he wrote out the check with that amount added to the purchase price because he was short of funds. This was done.

Merchants Asked to Help
Merchants are urged by the police to know for whom they are cashing checks. They are also asked to be on the alert for the phony passer and to notify their respective police departments, if he should attempt to cash a check in their stores.

Farms to Install Meters In Parking Lot Off Kercheval

Two Free Rows to Be Left In Rear of Area Expected to Cure Present Evil of All-Day Use By Business

The long talked about and long awaited metering of the Municipal parking lot in the Kercheval-on-the-Hill business district will become a fact as soon as the parking meters are purchased and installed.

The Farms council, on Monday, November 7, approved the purchase and installation of the meters following a recommendation made by City Manager Harry Furton.

Opposed By Kirby
Councilman William Kirby opposed the metering plan. He said it should wait until the settlement of the special assessment suit pending in Circuit Court, in which the Farms is seeking to have Kercheval business pay for the parking lot improvement.

The businessmen have a temporary injunction from the court, restraining the city from collecting the assessment.

In his report to the council, prior to the approval expressed by the members for the meters, Mr. Furton disclosed that when the lot improvement was completed on June 30, 1953, the city had an investment of \$47,422.95 in the lot, exclusive of the annual operating cost, estimated at approximately \$4,000. Of this, the Farms is attempting to collect about \$24,800 from Kercheval business, which directly benefits from the parking lot.

Seeks Self-Support
He pointed out that his recommendation to install meters was so that the lot will be self-supporting and so that prior investments of general tax funds can be retired.

The city, Mr. Furton's report continues, at the same time, in consideration of the special assessment, waived the provision of (Continued on Page 2)

Plan New Lights On Hillcrest Rd.

Farms City Manager Harry Furton recommended to the Farms council on Monday, November 7, that it accept a plan presented by the Detroit Edison company for new lighting on Hillcrest road.

A survey on the lighting problem was conducted by Edison, after Councilman Neil MacEachin reported there were no lights in the area, particularly from Piche road west to the end of the street.

Mr. Furton stated that Edison submitted a plan which appears to be in accord with the residential type lighting now being developed in the city. According to this plan, it will be necessary to replace and respace existing lighting to conform to modern lighting programs, he said.

The plan also calls for the replacing of six variously scattered lights between Ridge road and Piche with nine of a new type, properly spaced, and to install three long-spaced lights in the area from Piche west to the end of Hillcrest, making a total of 12 against the six now there.

The increased street lighting will cost the city an additional \$31.50 per month, Mr. Furton said.

The council approved the plan.

Farms Police Pistol Team Congratulated by Council

The Farms council, through Mayor William Connolly, expressed the city's pride in its champion police pistol team, during a brief ceremony held in the council chambers on Monday, November 7.

Mayor Connolly called upon Farms Police Chief Walter Hoyt, who was present with the team during the ceremony, to say a few words.

The chief was profuse in his praise of the team and introduced them to the council, along with their coach, Cliff Rawlings of 27360 Delton, Royal Oak Township, who has made target shooting his hobby and who has been the Farms team's coach for the past three years.

The Farms team is composed of Patrolmen Arnold Parsons, who led the team in points; George Var, Tiem, Frank Kerbrat, Fran-

Junior High, Swim Pools Badly Needed

Special Election Scheduled for Board of Education for Next January 24

The Grosse Pointe Board of Education has announced that it will hold a special election on Tuesday, January 24, 1956, for residents of the School District to vote on a new junior high school, much needed swimming pool facilities for Pierce and Parcels, and renovation of the High School heating system including the replacement of its boilers.

This will come as no surprise to the Grosse Pointe voters. As far back as 1953 the Board had stated that if the population of the Pointes continued at the anticipated rate, a new junior high school would have to be ready for use by the fall of 1957. Again last fall it was repeatedly pointed out that it seemed that this would have to happen.

Schools at Capacity
At present there are over 360 junior high school pupils who cannot be accommodated at Pierce and Parcels, since both schools are already operating at capacity. By September, 1957, approximately 600 youngsters will face a similar situation unless a new junior high school has been provided.

The present overflow of 360 students are housed in part of the High School Annex—formerly the Country Day School By 1957, however, these rooms and facilities being used now by the junior high school classes will be needed for senior high school classes. A new facility will be required for the 600 plus junior high school students who will then be without a home.

Needs More Pools
Swimming pool facilities in the Grosse Pointe School System have been woefully inadequate for many years. These is just one pool—a small one measuring 30 x 60'—in the entire system. The Board's proposal includes a swimming pool in the recommended new junior high school on the Chalfonte site and the addition of a pool at each of the existing junior high schools, Pierce and Parcels.

The proposed renovation of the High School heating system including the replacement of its boilers, is an essential step in the maintenance of a safe and efficient school plant. The present boilers have been in constant service at the High School since February, 1928—almost 28 consecutive years. Authorities in matters pertaining to heating systems feel that 25 years of service is about the maximum to be expected from boilers of this type.

To Revise Cost Soon
The cost of all these proposed new facilities is now being worked out and will be announced as soon as preliminary plans have been completed. It will probably range between one and a half and two mills in additional tax rate or a total dollar cost of between three and a quarter and three and a half million dollars.

"This is the last major school plant which we anticipate in the Grosse Pointe Public School System," James W. Lee II, President of the Board, stated. "Some minor additions to existing schools may be necessary from time to time, but the new junior high school should be our last large construction of this sort."

The Grosse Pointe Methodist Church will celebrate the tenth anniversary of its formal incorporation as a Methodist Church on Sunday, November 13.

The speaker for the occasion will be the Rev. Dr. John H. Dawson, president of Adrian College. His topic will be "Christian Hands."

The church is now completing plans for an addition to its building, to increase its service to the Pointe community.

should be mentioned as "top ranking leasemen." Among these are Mrs. Renville Wheat of the Garden Club of Michigan with 114 trees; Mrs. John McEachren and Mrs. Wilfred Teetzle of the Grosse Pointe Garden Club with 72 trees; Mrs. Burton D. Jones of the Grosse Pointe Woods Farm and Garden Club with 42 trees; Mrs. Stanley L. Smith of the Grosse Pointe Shores Farm and Garden Club with 33 trees; Mrs. Erwin Amberg and Mrs. David C. Lowe of the Windmill Pointe Garden Club with 63 trees; Mrs. M. Robert Olp and Mrs. Friederich of the Clean-up Committee with 117 trees.

Council Sold 237 Trees
The Garden Council Board was responsible for selling 237 trees. Other Garden Clubs participating were the Grosse Pointe Park Garden Club, Junior League Garden Club, the Pointe Garden Club, Suburbia Garden Club and the Grosse Pointe Farm and Garden Club.

So now the freshly dug shrubs and trees will arrive and be ready for a mass planting "bee" this weekend. Cards have been mailed to all purchasers advising the date, time and place to pick up and asking that burial or paper be brought to protect the plants. They have been dipped in a hormone solution but the roots will need protection until put into the earth again.

Many Ordered Too Late
Unfortunately quite a number of orders were received after the deadline and could not be accepted. For those who were disappointed and for others who may wish to join this beautification project the Council hopes to repeat this opportunity in the spring.

It has been through the help and cooperation of Mr. Vincent R. DePetris that this civic endeavor has been possible and when arrangements can again be made announcements will appear around February.

The Grosse Pointe Garden Club Council wishes to express its sincere appreciation to all those who have joined in this effort to make Grosse Pointe an outstanding beauty spot in the spring and hopes that next year many more will join the "Crusade for Beauty."

This is the season when the "gun that wasn't loaded" trades places with the "water that was not too deep."

Michigan State Players Giving Children's Play This Saturday

(Continued from Page 1)
The zoning ordinance requiring that the rear 20 feet of the property be reserved for parking purposes and proposed to omit metering the last two rows for the use and benefit of business owners and their employees.

The first three rows were to have been metered to permit two hours or less parking, by the use of pennies, nickels or dimes at the rate of five cents for an hour's parking. This plan raised some opposition.

Approve Alternate Plan
An alternate plan, which was approved at the meeting, calls for the first row, accessible from the public drive from two directions, to be metered to permit two hours or less parking, by the use of pennies, nickels and dimes at the rate of five cents for an hour parking.

The second row, due to the one way traffic now in force making it accessible only from one end, will be metered as the first.

The third row, accessible at the same end as the second row, will be metered to permit two hours or more parking, by the use of nickels, dimes and quarters, at the rate of two hours for five cents.

The remaining two rows, accessible only from one end, will be free.

May Correct Situation
Mr. Furton said that he believed this plan would correct the present misuse of the parking facilities, that is, the most convenient spaces are almost always filled by all-day parkers.

He did not state how much revenue is expected to be collected from the parking lot meters, but he revealed that the amount obtained from the street meters throughout the city amounted to about \$8,000 a year.

Center Offers Sunday Concert

At 3 p.m. this Sunday, November 13, in the War Memorial Center's great hall a string concert will be presented under the direction of Michael Bistritzky.

Though all of the artists are still in their teens they are all of professional stature. At Cass Technical High School all have been personally selected because of their unusual talent for special coaching by master teacher Michael Bistritzky.

Members of the string ensemble will include Mary Ann Niemiec and Patricia Bagdol, violinists; David Jordan playing the viola, Jan VanStienkist on the cello, and Barbara Catanase at the piano.

All these young people are veterans of many concerts, radio and television performances. The two violinists were winners in the competitive scholarship sponsored by the Music Study Club and do special work under Concert Master Mishakoff of the Detroit Symphony.

The quintet are the outstanding performers of the Cass Symphony Orchestra and were selected to play on the initial Detroit Public School television program opened by Mayor Cobo.

Admittance is free.

Mayors Twist a Very Important Valve

MAYOR FREDERICK W. PARKER, JR., of the City of Grosse Pointe, left, and MAYOR WILLIAM CONNOLLY, JR., of the Farms participated in brief ceremonies marking the hooking up of expanded water service between the two municipalities. During the summer and fall both cities installed larger mains which will insure increased volume from the Farms pumping station to serve the residents. The valve linking the two together is at Fisher road and Ridge-Waterloo.

Special Policy Revealed By Navy

Chief Roy Roberts and BMI/c Aubrey Ernest, who are in charge of Navy recruiting in the Pointe, with an office located in the Park Municipal Building, issued a joint special announcement to those wishing to join the Navy.

They revealed that those who wish to join a branch of the service, but want to be home over the Christmas holidays, can take advantage of the Navy's special leave policy.

Anyone enlisting in the Navy prior to November 13, can spend their Christmas at home, and at the same time, be securing their future with a trade.

They urge prospective recruits to take advantage of this program by seeing them at the recruiting office, 15115 E. Jefferson, before the deadline.

State Police Recruiting Team to Pay Pointe Visit

A Michigan State Police recruiting team will visit Grosse Pointe on Thursday, November 17, to interview applicants in connection with the current drive to obtain 200 additional troopers authorized by the special session of the legislature.

The team will be located at the Grosse Pointe Neighborhood Club 17145 Waterloo from 9 a.m. to 9 p.m. Its members will be Corporal McCall and Trooper Jack Bouck of the Center Line Post.

Of particular interest to young men is a new salary increase approved by the State Civil Service Commission. Training school pay has been raised to equal that received the first year by a full fledged trooper and there is also a general increase covering all brackets.

The range is \$151 every two weeks, beginning with training school, up to a maximum of \$192 in the trooper ranks. Likewise, the maximum is attained at the end of four years, or a year less than formerly. In the past, training school pay has been \$116. In addition to salaries, troopers receive approximately \$75 a

month for subsistence. They also are given their uniforms and traveling expenses and two paid vacations a year.

To be eligible, a candidate must be between 21 and 29 years of age, inclusive, not less than five feet, nine inches in height and in good physical condition. He must be of good character and have a high school education or its equivalent. Married as well as single men are accepted.

"The visit of the recruiting team has been especially arranged so that young men may learn at first hand what a real opportunity this is to join a career service," said Sergeant Claude Cook, commander of the Center Line Post. "They may also inquire at any State Police Post or talk to any State Police officer. But, the recruiting team visit is for their convenience."

Applications must be in by November 30. If sent by mail to the Civil Service Commission in Lansing and postmarked by midnight of that date, they will still be accepted.

Representing the Farms at the discussion is Farms City Manager Harry Furton, and the City, Vern Weot, the City's park superintendent and landscaping expert.

It's Up the Road

by Roberta Isley

YOUR friends probably nibble on hot little sausages . . . golden wedges of Cheddar . . . red caviar or sour cream when you have open house. But did you ever consider serving them Spooky Foods? There is Alligator Soup and Natural Snails from France . . . Rattlesnake meat and Fritos (smoked worms) from Florida. And it gets even spookier with Fried Grasshoppers and Quail Eggs from Japan. These tasty morsels are wrapped in delightful gift packages at Farms Market, on Fisher road . . . where they have delivery service four times a day (sometimes more). TU. 2-5100.

SATIN, brocade, and snowflake tulle go to the ball this 1955 holiday season. So do sheath petticoats. Consider either the very delicate hand-detailed ones or combinations of lace. We found blue and black . . . and coffee . . . pink with white . . . black with beige . . . or even champagne over white. This fashioned in France. Take heart if you're wearing a bouffant dress because they have racks of bouffant petticoats, too, at Florence Riley's, 371 Fisher Rd.

NOVEMBER is a good month to take stock of the work that needs to be done around the house. The holidays are coming, so now is the time for reflections. Isn't it true that the bedspreads . . . the drapes . . . and the lamps might need doing? Having them cleaned at Mondry Cleaners, on Fisher road, means that they will use a finishing process called Sta-Nu. This process replaces important life-giving oils that are lost in ordinary cleaning and day to day wear. Drop in at 369 Fisher Road or call TU. 5-4800 for prompt delivery.

SOME of the Pointe's women drive . . . some walk . . . to this beautifully appointed salon. And what are their motives? They go for sort of a personal reconstruction . . . from a soothing steam bath and Swedish massage (invigorating, or relaxing ones) to a brand new hair shaving and permanent. Maybe a manicure. That's right, some drive and some walk to this popular salon at 405 Fisher Road. Ann Louise Beauty Salon.

EVEN casuals, cardigans or pull-overs take on a holiday spirit. And you'll discover many new short sleeved and cardigan styles . . . either dress up or classic ones at Yarn Craft, 343 Fisher road. The short sleeves are nine dollars and fifty cents . . . the full fashioned cardigans run eleven ninety-five. Skirts to blend or match are fourteen ninety-five and we saw some good-looking sheaths at around seventeen.

THEY fit the season . . . are as good as candy canes, BUT much prettier. We're extolling the cashmere sweaters that have arrived this week at the Clothes Line, from Scotland. There are cardigans and sweater blouses with neat Peter Pan collars and little tab collars. A black and white one sported an open neck. Heavenly. Tags read twenty-two ninety-five and twenty-five dollars. Gray, light blue, Canterbury blue and beige. 397 Fisher Road.

Officers Visit Water Works

1ST LT. ZOLTAN B. DIOS (left) of 1039 Kensington points out a significant color test in water purification to 1ST LT. GEORGE F. BERANEK, 1540 Oxford road. Both officers are members of the 309th Military Government Group which recently toured the Highland Park Water Works. The tour is part of this Army Reserve unit's training program to acquaint its members with the scope and complexity of operations which a military government unit may be called upon to carry out in an occupied or liberated foreign area. Lieutenants Dios and Beranek attend weekly meetings with the 309th Military Government Group at Fort Wayne in Detroit to study the economic, political, cultural and social problems of supervising the government of an occupied or liberated area immediately after combat.

Poupard P.T.A. To Hear Bushong

A treat is in store for the parents of Poupard School when they attend the next P-TA meeting on Tuesday night, November 15. Dr. James Bushong, Superintendent of Schools, will present one of his most interesting talks about children and education in the Grosse Pointe School System.

He will be introduced by James W. Lee II, president of the Board of Education.

Parents will have an opportunity to visit in their child's room from 7:45 to 8:15. The business meeting and program for the evening will begin at 8:15 in the Gym. Following the main program, the ever popular social hour will include refreshments served by the following hostesses: Mrs. Harold Mumma, Mrs. Robert DuRant, Mrs. Robert Lang, Mrs. Claude Bush, Mrs. John Shaening and Mrs. James McCall.

The first P-TA meeting of the year had over 300 people in attendance. It is hoped that close to 400 people may be able to attend this next meeting.

Soroptimist International Plans Bazaar Nov. 17-18

A bazaar is to be given by Soroptimist International of Detroit, 12 to 8 p.m., Thursday and Friday, November 17 and 18, in the executive suite of the Women's City Club of Detroit.

It is being held to raise funds for assisting the Cass-Selden Girl Scout Troop and aiding the older women at the Salvation Army Home.

An additional project this year is to provide \$1,000 for the purchase of a Psychogalvanometer to be donated to the Wayne University Speech and Hearing Clinic. This instrument will make it possible to test the hearing of very young children and of the mentally disturbed.

Grosse Pointe residents who have been appointed to committees for the bazaar booths are: Mary Clough, 413 Neff road, baked goods; Margaret Barba, 290 Lothrop road, children's toys and clothing; Margaret Evans, 19670 E. Kings court, jewelry and glass; Noel Munro, 830 Barrington road, towel; and Helen Nurnberger, 16960 E. Jefferson, flowers.

Submit October Health Report

The monthly report of Dr. Thomas Davies, Grosse Pointe Health Commissioner, disclosed that 33 cases of communicable diseases and 13 animal bites were reported for the month of October in the Health District.

In the spotlight for the month are 18 cases of mumps, of which 11 occurred in the City. Four were reported by the Park and three by the Farms.

There were four cases of chicken pox, three in the Woods and one in Harper Woods; four of impetigo, two in Harper Woods, and one each in the Park and Farms; and four cases of polio, three in Harper Woods and one in the Woods.

There were three reports of scarlet fever, two in the Park and one in Harper Woods. These two communities also reported one case each of measles.

One communicable disease with an impressive name, infectious mononucleosis and jaundice, was revealed by the Farms; and the only rheumatic fever of the month happened in Harper Woods.

Of the 13 animal bites, the Park disclosed four; the City and Farms, three each; Harper Woods, two; and the Woods, one.

Passenger Hurt As Cars Crash

Constance Hext, 26, of 2110 Philip, Detroit, a passenger in a car which was involved in an accident in the Park, suffered minor injuries.

A Park police accident report disclosed that on Sunday, November 6, George G. Garner, 36, of 174 Burke street, River Rouge, was issued a ticket for failing to stop for a stop street at Vernor and Berkshire.

In failing to stop, Garner, who was going north on Berkshire, struck a car driven by Mary Louise Pasco, 28, of 2194 Eastlawn, Detroit, going east on Vernor, forcing the woman's car over the curb and damaging the lawn at 1304 Berkshire.

The injured woman, who was riding in the Pasco car, suffered a bump on the back of her head and cuts on the left leg below the knee. She was treated at the scene by a doctor.

Garner's court appearance is set for November 7.

Junior Red Cross Thanked For Assisting Blood Banks

By Page Guyton
Grosse Pointe High School
Journalism Student

"You've been most helpful and very dependable," said Mrs. L. R. Martin of Middlesex boulevard, when she presented six hand-made aprons to the Junior Red Cross Council of Grosse Pointe High School, on Wednesday, November 2.

The aprons were made by members of the Grosse Pointe Blood Council in appreciation for the club's service. They resemble the regulation Red Cross nurse's aprons.

The Grosse Pointe Blood Council was organized in 1951 by Mrs. Martin, and she was president of it for four years. It is a unique organization in that it represents 17 organizations.

"Its purpose is to bring the bloodmobile unit to this community and have it effective," explained Mrs. Martin.

The Council arranges for at least two mobile units to come to Grosse Pointe yearly, each time in a different place. The last visit was at St. Michael's Church on October 14 and the next one will probably be in April.

Junior Red Cross members help out by serving juice, caring for children, and recruiting donors. Other volunteer workers answer phones, drive donors who have no way to come, and do secretarial work.

"What we need so much is people to give blood," Mrs. Martin emphasized, "and people who keep their appointments."

The Council was organized to make visits of the mobile unit more worthwhile. There is a larger turn-out of donors when more organizations are asking it, and each group is saved the trouble of learning by its own mistakes, as the council knows by experience exactly what is needed in preparation.

"Through this combined group, we have done services that could not have been done by one group alone," said Mrs. Martin. "We have saved the people of this community approximately \$4,000 in blood."

Blood is put to work immediately by the Detroit Red Cross and credited to the various groups in the Council. When one of the groups needs blood, it

calls the blood bank and gets the required amount from its credit. This blood will have been collected by the mobile unit from a different section of the city.

Individual members of the groups are able to draw blood from their credit without paying for it. The blood program has also aided patients in Marine, Herman, Keiffer, and Children's hospitals.

Mrs. Martin urged Junior Red Cross members to go through a mobile unit, even if they are not old enough to give blood. She explained that it would be educational, as someday they should be donors.

"Many people do not give blood because they are scared," said Mrs. Martin. "There is nothing to be afraid of. The most painful part of it is when your finger is pricked to get your blood count."

The Red Cross is very careful that donors are in good health. Contrary to popular belief, Mrs. Martin said, the blood is replaced within 24 hours, and most after-effects are in the mind.

NROTC Deadline Set for Nov. 19

High school seniors and graduates have only until November 19 to apply for the Navy's college training program, it was announced. Candidates who apply for the NROTC will take the qualifying mental examination on December 10 as the first step in the competitive cycle leading to an appointment as midshipman.

Successful candidates will start their naval careers in colleges and universities across the country in 1956 with substantial financial assistance from the government. After a normal college education, graduates will be commissioned in the Regular Navy or Marine Corps, for active duty with the Fleet throughout the world.

Male citizens of the United States, between the ages of 17 and 21 are eligible to apply for

the NROTC aptitude test. Persons who attain a qualifying score will be given the Navy's rigid midshipman physical examination next February. From the pool of qualified candidates remaining in competition, approximately 1,800 young men will be selected for appointment to the NROTC, and the college of their choice.

Students enrolled in the regular NROTC program will spend their summers on training cruises with the Fleet, and will receive \$600 annual retainer pay until commissioned. In addition to the normal college curriculum, the midshipmen will study a planned course in Naval Science. All tuition, fees, and books will be furnished by the Navy.

Application forms can be obtained at the Park Municipal Building.

Society News Gathered From All of the Pointes

From Another Pointe of View

By Kitty Marriott

COLLEGE NEWS: Mr. and Mrs. Paul F. McNally, Sr., of Hidden lane are more than a little bit proud of their daughter, Shari Joan, this week, and who can blame them? Shari, who is a freshman at Michigan State University, went to Purdue last weekend with the MSU girls' fencing team and won both of her bouts in the playoffs. Football, swim team and men's fencing team from the university also made the weekend trek to Lafayette, Ind. The four gal fencers were guests there at the Alpha Delta Phi house.

Now here's the Cinderella twist—Shari, a June graduate of St. Paul's, has been a member of the Grosse Pointe Sword Club for several years. When she tried to get a fencing class into her schedule at East Lansing this fall, she was unable to juggle her other classes and cram it in anywhere. However, the MSU fencing coach chanced to see her at fencing practice and gave her two days' notice to join the fencing team and make the Purdue trip. So, the little lass who couldn't manage a fencing class with her schedule has made the team anyhow. It entailed a quick change in plans, for this was to have been Shari's weekend at home. Now she'll be in the Pointe for the Thanksgiving holidays.

Thrill for Collegians

Lois Murphy came in from the University of Michigan with her roommate, Jane Germany, of Mansfield, O., to spend the weekend with her parents, the Reginald T. Murphys of Balfour road. The girls were bubbling over with stories about Lee Ann Merriweather, former Miss America and now a regular on Dave Garroway's Today TV show, who came to Ann Arbor for Homecoming weekend festivities and was assigned to be their suitemate in Pi Beta Phi house. It gave them opportunity for a nice, homey visit with her. Barbara McGrath of Yorkshire road is another member of Pi Beta Phi.

Trio of Musical Events

Good things come in threes this month, if one may judge by the "Coming Events" program posted by Tuesday Musicales. Their second morning concert of the season will be given at 10:30 o'clock Tuesday morning, November 15, in the lecture hall at the Detroit Institute of Arts. Mrs. Wilson W. Mills will open her Woodland place home at two o'clock Monday afternoon, November 21, for a musicale tea.

Mrs. Henry B. Joy, Mrs. Mark B. Stevens and Miss Frances W. Sibley, life members of Tuesday Musicales, will pour at the tea. Mrs. Mills will be assisted by Mrs. Philip Dexter, Tuesday Musicales president; Mrs. Harry L. Lipski, Mrs. A. E. Carle, Mrs. Adolph Jacobson, Mrs. Joseph C. Leahy, Mrs. Winfield S. Jewell, Jr., Mrs. Bayne Vermeulen, Mrs. Lawrence Terbruggen, Mrs. George Goodson and Mrs. Eugene Nelson.

On November 29, Tuesday Musicales will present an artist concert at the Art Institute, featuring pianist Richard Cass, of Greenville, S. C., in his first American concert tour and his first appearance locally. That morning concert will be followed by a Dixie Kitchen luncheon at International Institute.

Series of Get-Togethers

Mr. and Mrs. Richard Hanna were Saturday night hosts in their home on Bournemouth road to Mr. and Mrs. Fred Byer, Mr. and Mrs. Earl Glynn and Mr. and Mrs. John Denler. Dennes of Fisher road was hostess last week to a feminine group who meet at regular intervals in a Knitting Club. Guests included Mrs. Francis Ryan, Mrs. Jack Longely, Mrs. Horace Prunk and Mrs. John Benfield, former

The bridegroom, son of Mr. and Mrs. Victor A. Koch of Cloverly road, asked his father to be his best man.

Mrs. Koch chose a navy blue satin ensemble for her son's wedding.

When the newlyweds left on a honeymoon trip to Hawaii, the bride donned a Dior dress of charcoal gray tweed, a charcoal tweed coat lined in red and black accessories.

Members and their friends are cordially invited to attend. Those wishing reservations may call Mrs. James Blackburn at TUXEDO 2-1735 by November 14.

Boat Club Plans Embassy Ball

Engraved invitations have been received by all members of the Detroit Boat Club to attend the "Marsovian Embassy Ball" on Saturday, November 12, at 8 o'clock.

The clubhouse will be a truly glamorous setting, gay with flags of many nations and alive with "pseudo" ambassadors and their ladies—bejeweled and bedecked, wearing their ambassadorial ribbons with the greatest aplomb.

A strolling accordionist will entertain throughout the cocktail rooms, while the ballroom will resound with the lilting Franz Lehar strains expertly played by Earl Perkins and his "Marsovian" orchestra, resplendent in their national uniforms.

The crown prince and princess, in the person of George Wilson and Mrs. Charles Hicks have promised to sing selections from the "Merry Widow." Mrs. Hicks and Mr. Wilson played these roles in the fine arts presentation of the "Merry Widow" last season, and John W. Kinsey, chairman of the ball, portrayed the ambassador in the show.

Members of the committee helping Mr. and Mrs. Kinsey are the Harold O. Loves (Mr. Love also a member of the "Merry Widow" cast), Mr. and Mrs. Frederick W. Seitz, Mr. and Mrs. Frank E. Standish, Mr. and Mrs. Harold M. Hastings, Mr. and Mrs. William R. Jeeves, Bill Standish, Jr., and Mr. and Mrs. Lewis M. Leisinger, (she a "Merry Widow" can can dancer in the play).

Among the many early reservations made for this party are those of Dr. and Mrs. John E. Webster, Mr. and Mrs. Jack Sinclair, Mr. and Mrs. Roy E. Dehart, Mr. and Mrs. George L. Cassidy, Dr. and Mrs. J. Maxwell Laffrey, Mr. and Mrs. Edward R. Harrigan, Mr. and Mrs. V. R. Donnelly, Mr. and Mrs. Leroy A. Clark, the Fred H. Genthies, Dr. and Mrs. John T. Griffith, Dr. and Mrs. John G. Reid, Dr. and Mrs. William A. Lange, and Mr. and Mrs. William G. Buchinger, the latter hosting a pre-ball cocktail party in their McMillan road home.

Several of the consuls from the Detroit area are planning to attend the ball.

The bride is the former Lily Bahadurian, daughter of Mr. and Mrs. C. Bahadurian of Parkside avenue.

Mr. and Mrs. Alex Jemal of Berkshire road are the parents of the bridegroom.

Students to Usher at Children's Play

These pretty, Chinese-looking girls might well be dressed in their most elaborate finery to attract the handsome young Marco Polo at the court of Kublai Khan; but instead they are among 16 Grosse Pointe High School students who will be volunteer ushers at Pierce auditorium this Saturday when "Marco Polo" will be given by the Michigan State University Children's Theater. Sitting left to right are—SHARRON JANALS, SUE MACDONALD, DONNA DAY, JUDY NORTHSTINE and SUE CUMBERWORTH. ROSALEEN MALOW is standing.

U. of D. Coeds Set for Shuffle

A group of University of Detroit coeds from the Grosse Pointe area have found being chairmen for the 1955 "Sadie Shuffle" involves a great deal of time and work.

The quartet includes Carol Courtney, daughter of Mr. and Mrs. Edward A. Courtney, of Grayton; Barbara Unti, daughter of Mr. and Mrs. Frank Unti, of Hampton; Mary Sue Keais, daughter of Mr. and Mrs. Rubert Keais, of Bishop; and Ann Charbonneau, daughter of Mr. and Mrs. Louis Charbonneau of Kensington.

The dance of which the girls are chairmen follows the old Dogpatch way of "How to Get a Man," but induces a modern "Outer Space" theme.

In order to get a date for the dance this Saturday (Nov. 12), girls must put their bids in for the man of their choice at the Sadie Shuffle Date Bureau. Miss Carol Courtney finds it a tiresome, but pleasant task to mail invitations to the boys of the Dental school where she is date chairman.

Novel ideas and a steady hand make up the qualities needed for Ann Charbonneau and Barbara Unti's job. As Co-Poster Chairmen, they have made over 50 posters and 100 pin-on-tags advertising the Date Bureau and dance.

Nursing School Alumnae To Hold Fair November 12

The Alumnae Association of the Henry Ford Hospital School of Nursing will sponsor an annual bazaar on Saturday, November 12, from 10 a.m. to 5 p.m.

The Auditorium of the Education Building will house booths selling toys, jewelry, ties, needlework, baked goods and candies, stationery, Christmas cards and wrappings, plants, white elephants, surprise parcel post packages, stuffed dolls, and refreshments. Everyone is invited to attend!

Proceeds from the bazaar will be used for nursing scholarships. Co-chairmen of the bazaar are Mrs. G. T. Jagnow and Mrs. R. E. Dailey. They, and all of the alumnae members, have been busily working to make the affair a successful one.

Gala Parties at DAC Draw Many Pointers

All this week Grosse Pointers are trekking downtown for the Detroit Athletic Club's November gala party presented for members and their guests, and it's bringing Pointers together with their many friends of the whole Metropolitan area.

Each evening so far has been a merry time of dining, dancing and floor show entertainment and more of the same will rule for the three remaining nights through Saturday, November 12.

One group from the various Pointes—they were the guests of Walter S. Halla at the Monday opener—included Mrs. Clyde A. Buck, the Otis U. Walkers, the Terry W. Kuhns, the William H. Gmeiners, the X. L. Kesslers, Mr. and Mrs. William Teeter and Dr. and Mrs. Z. Stephen Bohn. Completing Mr. Halla's party were the Lester J. Colbys, of Birmingham.

Singer Lucille Norman, the show star, has charmed the audiences to date. Her appearance at the DAC this week is her first in Detroit. A star of television, motion pictures and radio, Miss Norman is especially well-known for her many appearances on "The Railroad Hour" with Gordon MacCrea, and also as guest star on the Red Skelton and Colgate Comedy Hour television shows.

Emery Deutsch—with his violin—is the piece de resistance during dinner, playing his own gypsy compositions, after which he and his orchestra swing into music for dancing.

Rounding out the entertainment is Bill Finch in his novelty act of baton-twirling.

Mrs. Philip K. Coe was at the opener with her sisters, Mrs. Robert Timmerman, of Lima, O., and Mrs. Edwin Martin, also of Lima. Mr. Coe being out of town on a short business trip, Mrs. Coe brought her guests directly to the DAC from Michigan Central Station where she met their train at 7 o'clock. The visitors will be the Coe's guests at their

Toles Lane home until the end of the week.

Mr. and Mrs. Edwin P. Horan's Monday sixsome included the E. C. Mosers and the Leonard Josephs.

Mr. and Mrs. C. M. Verbiest chose the Tuesday dinner-show to honor the host's brother, Hubert Verbiest, on the occasion of his birthday anniversary of November 5. Mr. and Mrs. Russell D. Van Houten, the Charles A. J. Kotchers and the Edward J. Schoenhers were together at DAC's Wednesday "do". At another table will be Dr. and Mrs. Don S. Graham.

Among those to head groups or foursomes at DAC's remaining two evenings of the dinner-show gala are the Lee Roy J. Scotts, the George L. Cassidys, the C. R. Davissons, the R. E. Milligans, the William Sieberts, the John N. Failings, the W. C. Lainers, the Hans Ernes and the Albert A. LeClercs.

Scores Keeping Busy For Mistletoe Mart

Everybody in Woman's Association of Congregational Church Working at Top Speed to Get Ready For Event on December 1

Everybody, but everybody, in the Woman's Association of the Grosse Pointe Congregational Church is lending a hand to make the Mistletoe Mart, the Christmas Fair to be held on Thursday, December 1, a huge success.

Even the Junior and Senior High students are manning booths, and the grandmother division, otherwise known as the Senior Sixteens are hard at work boxing their goodies for the Tutti Fruitti Booth.

Mrs. Robert Hannah, chairman of the Tutti Fruitti Booth says it will again have those luscious pecans for sale. Members of her committee who are boxing these delicacies and other exotic fruits include: Mrs. G. A. Granse, Mrs. B. F. Kiesel, Mrs. A. Kinsey, Mrs. Charles A. Kuhn, Mrs. H. B. Maxwell, Mrs. M. Mitchell and Mrs. E. Remington. Also helping the Senior Sixteens are Mrs. Thomas Beattie, Mrs. James C. Booles, Mrs. Marcus Johnson, Mrs. George C. Mensing, Mrs. Charles T. Walker and Mrs. Glenn Wilkerson.

Mrs. B. A. Tes, who is guiding the Senior Hi's in their project, the Kandy Korner, has already helped construct dozens of gum drop trees, and reports that even the boys are getting into the act—they are making a Wishing Well to delight the small fry.

The Junior Hi's have the small fry in mind, too—under the guidance of Mrs. Alton Huntington, they will run movies for the younger set from 3:30 p.m. on and on, on the day of the Mart.

Mrs. Theodore H. Hunt, who is chairman of the Garden Booth, has had her committee busy for weeks making herb vinegar according to a secret family recipe, and planting fabulous terrariums. They also plan to take orders for arrangements of Christmas Greens. Members of the committee include: Mrs. Joseph Barkley,

Mrs. Louis Charvat, Mrs. Eugene Culp, Mrs. Sidney DeBoer, Mrs. Samuel Fitzpatrick, Mrs. Austin Hamber and Mrs. Anthony Manardo.

The Gadget Committee, under the chairmanship of Mrs. Lester Bauer, has already sold scores of some of its "hot" items like the thirsty fish towels and super-duper silver polish, but the committee plans to have these and dozens of other new gadgets for the delight of customers on December 1. Members of this committee are Mrs. Emil J. Heinrich, Mrs. Oliver H. Morton, Mrs. Greydon Worbois and Mrs. Homer Wyckoff.

The Knit Knack Booth has also done quite a bit of pre-Mart selling of special orders but it also will have all sorts of clever knitted wear on hand the day of the Mart.

Mrs. Charles E. Sweet, Jr. and her co-chairman Mrs. Edward C. Stanley have one of the hardest working committees of the whole Mart. The women have been knitting like mad ever since last

February and include Mrs. Lynn Babcock, Mrs. Donald Carson, Mrs. Verne M. Drew, Mrs. Harry Estler, Mrs. Henry B. Gardner, Mrs. Paul L. Kolvoord, Mrs. E. F. Lang, Mrs. George McArthur, Mrs. Harold Machamer, Mrs. George Mensing, Mrs. Theodore Metzler, Mrs. W. G. Mitchell, Mrs. Stephen Moreland, Mrs. C. H. Morrison, Mrs. L. R. Pressell, Mrs. Rex Regan, Mrs. Frank Standish, Mrs. Roy K. Stewart, Mrs. M. R. Sturton and Mrs. R. L. Williams.

Irving Mirrors Tell an All-Round Story

Well placed mirrors in the walls of the circular-shaped salon in Irving's Grosse Pointe shop afford customers an all round view of the gowns they are being shown. In the picture Miss Gay, an Irving model, dressed in a dark brown pure silk peau de soie, draped with a tulle panel, is displaying a Breath-of-Spring mink stole. Wrought iron chairs with red velvet cushions, marble-top tables and grilled doors give great character to this softly-lighted salon, situated in the shop's second floor, which is reached by both stairs and elevator.

HOUSEHOLD HINT

When your cookbook says to cut meat "julienne" styles, cut it into long, slender strips. To "lard" a roast means to insert strips of fat in gashes made in the meat or to insert them into lean meat by means of a larding needle. "Marinating" means to allow the meat to stand in French dressing or a mixture of oil and vinegar. To "saute," means to cook in a small amount of hot fat.

P.T.A. To Hear Dr. G.D. Barahal

The Defer Parent Teacher Association will hold the second Open House of the year this coming Monday, November 14, at 8 o'clock in the gymnasium of the school.

The parents and teachers will welcome Dr. George D. Barahal from Wayne University as their speaker of the evening. Dr. Barahal's ever timely topic "Raising Mentally Healthy Children" should be of the utmost interest to parents of all age levels.

Dr. Barahal started teaching at Wayne University in 1950 as associate professor of education and clinical psychology. He received his Ph.D. at Stanford University in 1949. During World War II he was in charge of several psychological service centers both overseas and in the United States.

Earlier in his career, he was connected with the Detroit Board of Education as a counselor and teacher of "behavior problem" boys. He is a graduate of Central High School, lives at 19782 Ward, Detroit, with his wife, Frieda, and three children.

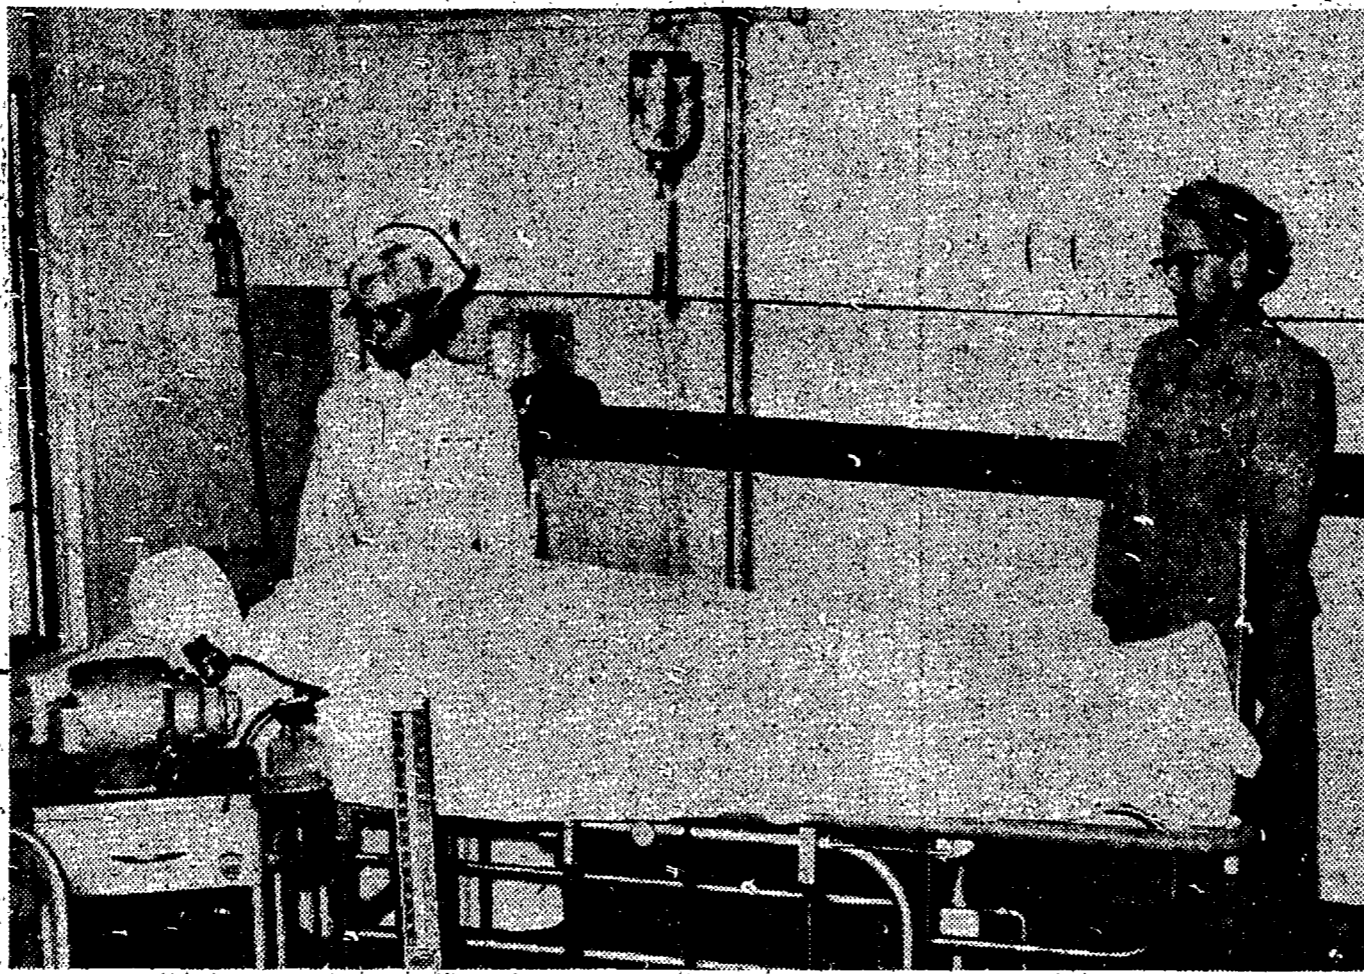

His membership in organizations include the American Psychological Association (Division of Clinical and Abnormal Psychology and Division of Counseling and Guidance), Michigan Psychological Association, and Phi Delta Kappa. He is also a professional member of the American Personnel and Guidance Association.

He is particularly interested in the problems of the mentally retarded child and his written books and many articles in the field of child psychology. The teachers of Grosse Pointe know him from his classes in "Mental Hygiene and Child Growth Development" which he conducts at the Grosse Pointe Library.

Following a brief business meeting and Dr. Barahal's speech, the parents are again invited to visit their children's rooms. All are invited to have refreshments in the lunchroom following the room visitation.

In his first game at an end position for the Detroit Lions, Dave Middleton of Auburn caught nine passes for 144 yards.

Pointe Theater Offering Hit

A fine opportunity to witness an outstanding work of theater art will be presented area residents in the Grosse Pointe Community Theater production, "The Glass Menagerie." Tennessee Williams is the phenomenally successful author who also gave us "Streetcar Named Desire," "The Rose Tattoo," and the current Broadway hit, "Cat On a Hot Tin Roof."

"The Glass Menagerie" opens November 18 for three nights at Cannon Memorial Auditorium, E. Warren and Cadieux road. Curtain is at 8:30 p.m.

The Grosse Pointe Community Theater, a non-profit organization of one hundred members, continues its policy of offering to the public a fine choice of Broadway stage hits, comedies, mysteries, and dramas, at a moderate price.

Patricia Rice of Hawthorne road stars in the role of "Laura." Her mother "Amanda," played by Phyllis Reeve, lives in the past with her glorious popularity, being unable to understand her daughter's lack of "gentleman callers" and pathetically tries to make her offspring appealing.

"Laura" is almost content with her dull existence until at her mother's insistence, Laura's brother "Tom" (Robert Maxwell), brings home a gentleman for dinner. "Jim," enacted by Al Montag, turns out to be a man Laura had secretly loved years before. Her transformation and

the tragedy that follows make an absorbingly beautiful story.

Dean Erskine is the director, assisted by John Henderson. Mark Reeve is stage manager, Patience Pierce assisting. Ken Smith will handle the lights, and Peggy Presley and Jean Hawkins are in charge of costumes. Producer is Ronald Johnson.

Tickets at \$1.25 will be available at the door.

The Theater's general membership meeting will be held at the Grosse Pointe War Memorial on Monday, November 14, at 8:30 p.m. Special guests will be Robert Lubeck, Detroit News drama critic, who will talk about the principles of dramatic criticism. A scene from "The Glass Menagerie" will be performed for his benefit.

All members and those interested in membership are urged by President Barbara Roney to attend.

FULLY PAID CIRCULATION

Thanks and Apologies

Having briefly mentioned in these columns last week how grateful we were for the privilege of being able to count a 15th anniversary, we considered the matter closed.

We hope none of our readers suffered impaired eyesight looking for the reproduction of Page One, Volume One of the NEWS, which we announced was appearing in last week's issue.

We feel we owe our readers an explanation, so here it is. The mat of Page One, 1940, from which the press plate is cast, was sent to the press room in advance of the mats for the other pages in last week's issue.

Having established that it met this test, the plate was put aside, supposedly where it would be joined by the other page plates when time came for the press run.

The second incident which makes it impossible for us to pass modestly over this subject of our 15th birthday is the surprise (a much more pleasant one), which greeted us on Monday, the actual date of our anniversary.

Things were running along quite normally at noon when the customary tenor of this usually frantic day was broken by the arrival of visitors, flowers and a huge birthday cake.

We were very touched. We know some of the loyal staff had a hand in the arrangements, but this made the occasion all the more pleasant. We were very much flattered to have old friends drop in and share the cake and coffee.

And one final comment to allay any fears which may be based on the lead paragraph in A. Pryor's Grosse Exaggerations column. This has been a mainstay of, and one of the brightest spots in the paper since its inception.

Traffic Conference Report Filed by Judge Belanger

Park Judge C. Joseph Belanger filed a report with the Park Council advising them that he attended a Traffic Court Conference presented by the Northwestern University of Law in cooperation with the American Bar Association and the Traffic Institute of the University, held from October 24 to 28.

In the report, Judge Belanger revealed that the Park Municipal Court was rated 36th out of 482 like courts, and his attendance at the forums was largely instrumental in having the Park Court placed in that position.

At the conference, a highlight of the report disclosed, the schedule involved the role of traffic courts and their relations to the traffic problems, legal points involved in traffic offenses, rules of evidence applied in traffic cases, laws of arrest, civil and criminal responsibility in traffic accident cases, police complaints in traffic cases, traffic officers in court, functions of police in traffic law enforcement, and other fine points of traffic law and methods of enforcement.

Judge Belanger stated that every effort is being made by the Institute to acquaint the traffic judge with every possible phase of traffic law, emphasizing that endless education is the only complete solution of the traffic problem, but though education is progressing, "We shall always have to rely on law enforcement."

He pointed out that a conference of the justices of state supreme courts stated that "local courts of our character" have greater opportunities, and therefore greater responsibilities, than any other courts for, 1. safeguard-

ing life and limb from automobile accidents, and 2. promoting respect for law on which free government necessarily depends.

"Traffic cases today comprise the majority of matters held and tried in courts of our character," Judge Belanger's report reads. "The traffic problem is created by congestion and collisions, inefficient use and overcrowding of the highways, poor planning for parking facilities and other conditions have contributed to this condition."

He pointed out that to appreciate how important traffic matters have become, it is only necessary to realize that in 1953, 33,100 accidents resulted in 37,300 fatalities in the country; 880,000 accidents resulted in 1,350,000 non-fatal injuries; 3,550,000 accidents resulted in property damages over \$25; and 5,450,000 accidents resulted in property damages less than \$25.

He said that he realized that the Park Court is a small link in the judicial chain of America, but if the community is to do its part in administering justice, reduce the loss of life and injury to property it must be ever vigilant and cognizant of the continual and growing need for the operation of an efficient a municipal court as possible.

To that end, he said, he will submit constructive suggestions to the Park Council sometime in the future, but in the meantime, his attendance at the traffic forum has given him an opportunity to personally learn first hand, not only the problems involving traffic safety, but he has also been provided specific recommendations for the correction of many existing evils.

Grosse Exaggerations

A. PRYOR

"My father's trade!... why, blockhead, art thou mad? My father, sir did never stoop so low; He was a Gentleman, I'd have you know." "Excuse the liberty I take," Modestus said with archness on his brow...

(Selleck Osborn)

This being the fifteenth anniversary of Grosse Exaggerations as well as the News, we feel it a splendid opportunity to thank all the good people who have been kind and interested enough to telephone an inquiry every time the column fails to appear.

Now then... one of our readers called to tell us this tidbit that she witnessed downtown. She happened to be a passenger in a crowded elevator... along with a number of men and one old dowager who looked like the Queen mother.

A local woman who receives more long distance calls than you can shake a building at... had a real snappy one pulled on her the other day. Her fairly new-to-the-household maid came rushing into Madame's bedroom at about 9 a.m.

Our heroine un-cobwebbed her foggy brain long enough to ask WHERE overseas. The maid said she didn't know but it might be Turkey, because she thinks there is a place there by that name.

A brand new deal was pulled on us this past Halloween. Having found that a penny or a nickel here and there is apt to keep our windows from being soaped...

The first three groups were impressed as all get out to receive cold hard cash... then came a foursome consisting of three very young fry and a girl who looked about fourteen years old.

Since we are always getting into this sort of dither ourselves... it gives us great pleasure to relate the following tale. A Grosse Pointe woman who is a very fine housekeeper, was horrified recently, while supervising her Fall cleaning, to find that the glass curtains in her large livingroom...

When she telephoned the company that made the curtains, they were equally upset and immediately sent a representative to check on them. The little man allowed as how they were INDEED a mess; he couldn't understand how they had deteriorated in so short a time; the material must have been faulty in the first place and he would see that they were replaced at a MUCH lower cost.

Now we come to the last chapter. During this great discovery, Madame's trusted maid of all work was on her vacation. When she returned, her employer appraised her of the torn curtain bit... adding that she couldn't understand how they fell apart in just one short season.

Right as of now, the curtain deal seems to be a Mexican stand off. We don't know who will win what... but will keep our readers posted.

Plan For Medical Care

By Fred Kopp, R. Ph. If sickness is regarded not as something to be cured but as something to be prevented, we have finally become educated in the matter of health. Knowing what to do is not enough, action is needed also; and provision of time and money to secure medical advice.

By setting aside a small amount each month in our budget we can take care of the expense; by making an appointment with the doctor well in advance we can find the necessary time. Quality drugs, carefully compounded are important to health protection. Secure them from a pharmacist with a reputation for excellent prescription service.

What Goes On at Your Library

By Jean Taylor

It's Book Week again (November 14-November 19) when the children's department enthusiastically shouts its wares.

During next week there will be at each of the three libraries, a display of interesting books for every age from the sandpile set through the early teens. If you are making it "books" this Christmas, you will find ideas for gifts in these exhibits.

A list of recent titles published in 1953, 1954 and 1955, FOUR TO FOURTEEN, compiled by the boys and girls department of your library, is yours for the asking. Copies are available at the charging desk of each library.

And again may we remind you of the fine collection of children's favorites in various editions which you will find in the "adult room" of the Central Library. Are you puzzled about which edition of Grimm to buy— which edition of Robin Hood— which Mother Goose or which of the several dictionaries for young people? You'll find your answers here. We suggest that you visit this collection before you go to your bookshop to buy.

A trip to the Detroit Historical Museum this week or next is also time well spent. The Children's Book Fair is in progress and offers an interesting program for boys and girls and adults interested in children's reading. Attractively displayed are books for young people of all ages.

Book Week at the Grosse Pointe Libraries will end with a gala celebration at the Central Library Saturday, November 19. Three performances of an entrancing puppet show, "The Remarkable Danny D" will be given in the meeting room at 10:30 a.m., 2 p.m. and 3:30 p.m.

All children of elementary school age are invited. There is no charge.

Mrs. Clarissa Yager, 305 East-lawn avenue, a former president of the Detroit Puppeteers, is an artist and skilled craftsman, who writes her own plays and designs and makes her own puppets. Her husband, Kenneth Yager, built their eight foot stage which folds ingeniously to permit easy transportation and together they manipulate the puppets.

The puppets themselves are fascinating characters, Peter Polar Bear, Tawny Lion, the remarkable dragon, Danny D, et al. Mrs. Yager will share her knowledge of making and manipulating puppets with those in the audience interested in this rewarding hobby.

A versatile person, Mrs. Yager majored in college in English and dramatics and later studied painting and ceramics at Arts and Crafts. She considers these interests as well as her career in radio, both at writer and commentator, all grist for her mill. Puppetry now occupies her every minute.

Saturday, November 19 is a date to remember! Do children still like to listen to stories other than those they hear on TV or radio? Watch the lines forming on Story Hour days at the Central Library and at the Branches and you have your answer.

Miss Jacqueline Hosking is the story teller each Friday at the Central Library at 4 o'clock and at the Park Branch, 15430 Kercheval, each Tuesday at the same hour. Mrs. Mary Gaboda, children's librarian at the Woods Branch, 20600 Mack avenue, holds a story hour each Thursday at 4 p.m.

The stories are of interest mainly to children in grades from one to four but all children are welcome.

Hauser to Talk At Town Hall

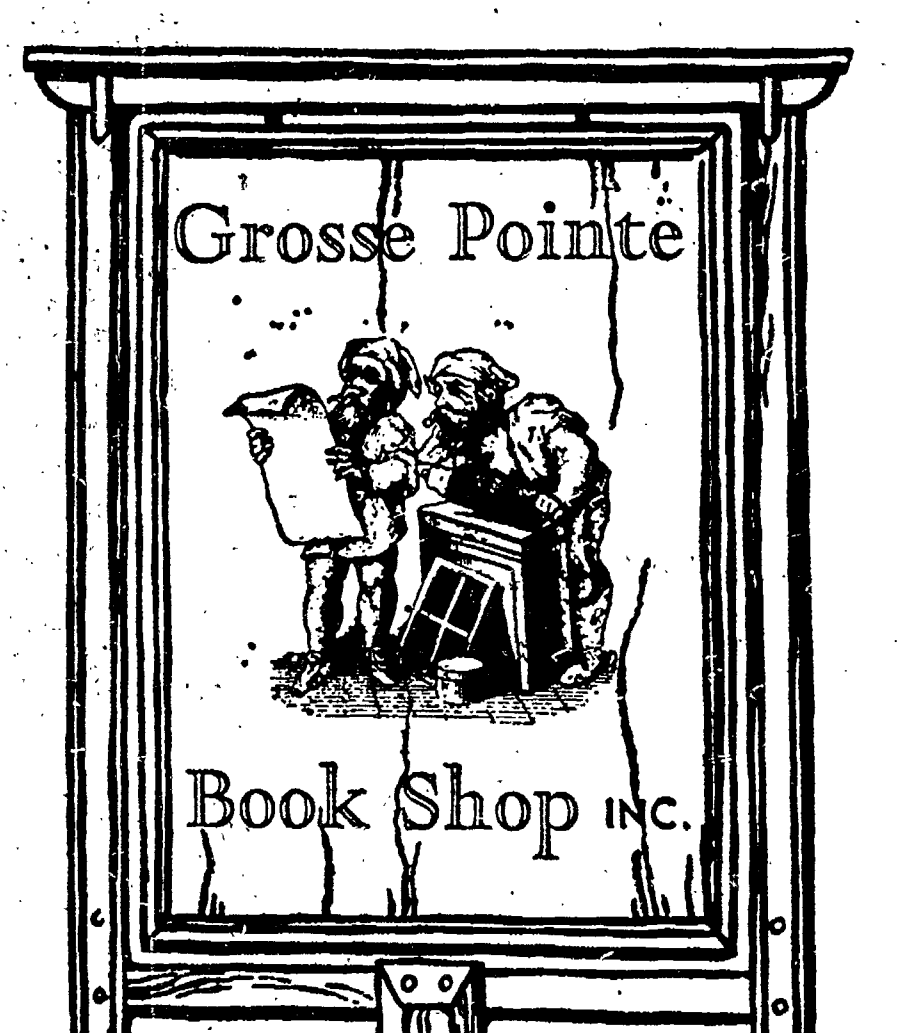

Gaylord Hauser, dashing, handsome personality of the diet and health world, well-known for his lectures throughout Europe and the United States, will address the Detroit Town Hall audience at 11 a.m. Wednesday, November 16, in the Fisher Theatre.

His topic, "Look Younger, Live Longer," takes its name from his first best-seller book. His latest is "New Guide to Intelligent Reducing."

The nutritionist is an advocate of sound eating habits and intelligent mental outlook as a way of combating tensions of this Atomic Age.

Among his devotees have been such celebrities as the Duchess of Windsor, who wrote the introduction to his French edition of "Look Younger, Live Longer."

RECKLESS DRIVER UNDER BOND Kenneth P. Gallinger, 21 of 20841 Palome, St. Clair Shores, was placed under a \$100 cash bond by Woods police on Thursday, November 3, after being charged with reckless driving. Court date is December 3.

How to Profit Through Tax Exemption

With today's high tax levels, investors in medium and high tax brackets are turning to tax-free Municipal Bonds for income that they can keep.

If you have a taxable income of \$10,000 or more, you may be well repaid by investigating the advantages of tax-exempt State and Municipal Bonds. For instance, if you file a single return on a taxable income of \$14,000, you would have to receive a dividend return of 7.45% on a taxable security in order to equal the yield from a 3.50% tax-free Bond. *It's something to think about!*

Our New Booklet, "How To Profit Through Tax-Exemption" explains in plain language your need for tax exemption, tells how much these high-grade investments can be worth to you. There's no obligation. Send for copy today, or phone

Explorer Scouts Presented Famed Yacht

Through the courtesy and generosity of Judge Robert S. Marx, of Cincinnati, Ohio, the Detroit Area Council, Boy Scouts of America, became the owners of a well-known 52-foot yacht, the "Panchara III." The ketch-rigged vessel will be used in the training of Sea Explorers in this Council's area and has been assigned for duty to Sea Explorer Ship 690, sponsored by the Grosse Pointe Exchange Club.

Several years ago, "Panchara III" sailed in the Mackinac Race under the burgee of the Detroit Yacht Club, of which Judge Marx is a member. For the past several years, the vessel had been berthed at Charlevoix, Judge Marx' summer residence.

According to Skipper Don Martin of Ship 690, the "Panchara III" will be renamed Sea Explorer Ship "Resolute", and the young men have promised that it will be seen under sail every weekend next season. The S.E.S. "Resolute" is a World War II veteran, having been on "Inshore Patrol" duty when based at

Charleston, South Carolina, for the Coast Guard.

She will be based at Bayview Yacht Club for the winter while preparations are made for the coming spring.

Taking advantage of an unexpected visit to Detroit by Judge Marx, a brief ceremony of title transfer was held aboard ship. The ship's Certificate of Title was presented to Scout Commissioner Jerome B. Friesema who accepted on behalf of the Council.

Also present was J. M. Finlayson, ardent yachtsman who piloted the "Resolute" from Charlevoix to Bayview, and several Sea Ex-

plorers anxiously ready for a sail on Lake St. Clair.

Pictured left to right: (Rear) MR. FINLAYSON, MR. FRIESEMA and JUDGE MARX. (Front) —EXPLORERS JOHN PRESSEL, 1388, Nottingham; DOUGLAS COLLINS, 254 Hillcrest; JOHN FINLAYSON, 302 Kerby road; ERNIE DAWSON, 1301 Torrey; WILLIAM MANN, 2033 Oxford; and JEFF BRETT, 419 Lincoln.

Men Gardeners To Give Awards

The Men's Garden Club of Grosse Pointe meets at 8 p.m. next Thursday, November 17, in the War Memorial Center, 32 Lake Shore road, to present a dual program of timely interest to members and guests.

The first feature is to be a new sound film on the "Culture of Trees and Shrubs." Vincent de Petris, president of the club, will interpret the film's scientific background in the light of local conditions.

The second attraction at this meeting will be the presentation of awards for the best landscaping of public structures in the Grosse Pointe area. This has become an annual event of the Garden Club's Beautification Award Committee and is the result of

the most critical inspection by its members. The interchange of horticultural techniques at the coffee "after-glow" will serve as a fitting close for this meeting of Grosse Pointe's active Men's Garden Club.

Pointe Players To Do Comedy

Grosse Pointe High School's on Nov. 17, 18, 19. "Girl Crazy," Pointe Players will present "Girl" by Guy Boulton and John McCrazy" at the school auditorium. Gowan, is a comedy taken from

the George Gershwin Musical which appeared on Broadway many seasons ago.

This satire is about a playboy who inherits a broken down ranch. He tries to convert it into a dude ranch with some amazing results. There is a robbery, lots of excitement and some slapstick. Mr. Frederick Nelson, the director, chose this play to give the entire family an evening of real fun.

The cast is headed by Jack Dasef who plays the playboy. Julie Sparks plays Molly, a real western cowgirl. Dick Bassett is William Lark, the villain.

Mrs. Frank Cooper, and her committee of room-mothers are selling tickets for the Thursday night performance. The proceeds from this performance go entirely to the scholarship fund.

Tickets may be purchased at the door either Thursday, Friday or Saturday, Nov. 17, 18, 19. Adults, 75c; students with S.A. tickets, 25c.

No Seams on This Door

AIR-TEC, one of the better known aluminum door companies and one that serves many Grosse Pointers, has developed a new method of welding which gives their "Capwin" doors extra special durability. Welded all in one piece, prevents sagging, buckling and warping and adds to the door's appearance. In the photo C. A. WINES, the firm's owner, is showing the weld.

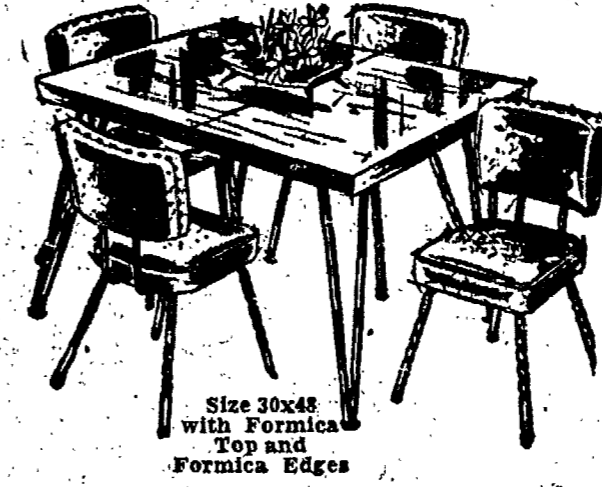

"The Airplane engineering" of the door gives a modern appearance to complement any home," said Mr. Wines.

"Another especially attractive point about the 'Capwin' aluminum door is the velvet finish of the bottom panel, rendering it impervious to scuffs, scratches and weather-tarnish," he added. "It eliminates need of refinishing the door after several seasons of weathering." The glass and screen inserts are easily and quickly inter-changed. The one-inch-thick frame, invisibly welded, provides rigidity and sturdiness. Special bottom expansion is provided to fit any threshold no matter what its slope or grade. Air-Tec gives a sound guarantee on the product.

Pointe Artists' Work Accepted For Annual State Exhibition

The 46th annual Michigan Artists Exhibition opening Tuesday evening, November 15, at the Detroit Institute of Arts is the largest in many years. It will continue through December 18. It contains a total of 301 works by 261 artists chosen from approximately 1500 entries. Of the artists whose work is included, 126 are from Detroit and suburbs and 135 are from outlying points. The exhibition includes 152 oils, 47 water colors, 42 pieces of sculpture, 44 lithographs, other prints and drawings, and 18 photographs. Winners of 28 prizes totaling more than \$3500 will be announced at a banquet for exhibiting artists in the Institute's Romanesque Hall, preceding the opening view and public reception in the Great Hall which begins at 8:30 o'clock.

Jurors for the exhibition were Russell Cowles, nationally known artist, and Lloyd Goodrich, associate director of the Whitney Museum of American Art, New York, widely known for his writings and study of American art. In his introduction to the catalog of exhibition, Edgar P. Richardson, Institute Director, comments on the predominance of abstract work: "It is obvious that abstract expressionism is now the idiom in which most artists of the state as well as the rest of the world choose to work. One cannot say that the artists of Michigan lack variety in point of view... but abstraction in its various forms is certainly the most popular and widespread point of view among them."

Among Grosse Pointe artists whose work will be in the exhibit are: Elizabeth S. Dulmage of McKinley avenue, Alice Kales Hartwick of Touraine road, Ellen Hartwick of Touraine road, Agnes M. Lindemann of Harcourt road, William Martner of Washington road, Ernest W. Scanes of McKinley avenue, Eleanor S. Smart of Westchester road, Doris Ann Smith of Lothrop road and Ruth S. Wylie of Kensington road.

Evans is devotional chairman and Mrs. Bert H. Wicking heads the book review group. Mrs. L. B. Coulter, in charge of hostesses for the day, will be assisted by Mesdames, T. A. Boyd, Vernon Duke, S. G. Three Touchdowns Keep Devils from Perfect Season

With the smashing 32 to 0 triumph over Port Huron last Friday, November 4, under the light of the Big Red's beautiful stadium Coach Ed Wernet's Blue Devils football team clinaxed another winning season.

It was only a matter of three touchdowns that kept the Pointers from posting an undefeated season this fall. Wyandotte tripped the Pointers, 7 to 0, and Fordson, the Border Cities League champion, with a perfect record in league play, turned back the Devils, 14 to 0. Coupled with these two defeats the Devils were forced to settle for the game with Ferndale in the season opener and Highland Park later in the campaign.

Despite the four wins, two losses and two ties, the Blue Devils have nothing to be ashamed of. We can remember when Grosse Pointe grid teams were happy if they won two ball games in the eight-game schedule. Of course that was before Ed Wernet came on the scene back in 1946.

As you will recall we said at the beginning of the season every team on the Pointers' schedule would be shooting to dump the 1954 State champions and that is just what happened. Every team was pointed for its game with the Blue Devils and only two succeeded.

Prospects for the 1956 season have a bright hue with considerable numbers of this year's squad returning. The loss of stars from the 1955 squad will not be as damaging as were the losses from the 1954 team, which saw such stars as Bill Dow, Don Eugenio, Jim Linsberger, Bill Prince and Tom Kingsbury graduate.

The first four mentioned were the scourge of the Class A prep picture which carried the name of Grosse Pointe to the pinnacle of success last year. To even hope the 1955 team could match that glorious season would be foolhardy.

However, as we said before, this year's squad has nothing to be ashamed of after the brilliant performance it turned in beating Port Huron. Tackle Paul Christo turned in his final sparkling performance in a bid for an All State berth and this was recognized by his teammates after the final gun and they carried him from the field on their shoulders as a tribute to his brilliant play. It was Paul's final game in the blue and gold livery.

Only one game remains to be played in the Border Cities League race, that being between Royal Oak and Highland Park. If Highland Park can either tie or beat the Acorns it will definitely effect the Pointers' spot in the final standings. A tie would give the Blue Devils a two-way tie for third place with Royal Oak. A Highland Park victory would put the Pointers in third place all alone. On the other hand

60 Respond To Swim Call

Sixty boys answered Coach Frank Banach's first call for swim practice last Thursday, November 3, at Grosse Pointe High. Among this group were returning lettermen Ed Nicholson, Richard Schleicher, Dick Stafford, Dave Whittingham, Harry Huffaker and Dan Bauer.

These are the boys around whom Coach Banach will have to build his team. With six returning letter winners one would be led to believe the 1955-56 Blue Devil swim picture is rosy, but it is far from that as Nicholson, Schleicher, Whittingham and Stafford will be graduated in January which is the halfway mark in the Border Cities League campaign.

Some Must Develop
True, the Pointers should be strong during the first half of the season, but as Coach Banach points out it will be rough going after he loses these four veterans if some of the younger boys don't come through as expected by January.

At this early date it appeared the Blue Devils have a serious weak spot in the breast stroke events. But once again Coach Banach is hopeful that he will be able to find a couple of suitable breast strokers.

The Pointers' chances suffered a couple of telling blows when it was learned that veterans Bob Guenther and Brad Boydell had not returned to school. Guenther had been counted on in the backstroke and Boydell in the free style.

Look Like Starters
Boys who appear to have the inside track for starting assignments are Dan Goodnow, backstroke and freestyle; John Bennett, backstroke; freestylers Tom Kessler and Lester Cutler and Joe Moore in the diving. Only Kessler and Bennett have had previous competitive experience the rest are tenth graders.

Commenting on the league picture, Coach Banach sees the coming campaign as one of surprises in which any of the six Border Cities League teams rate an even chance to cop the title come next March.

The veteran coach, who has piloted the tank teams ever since the school opened and holds the distinction of owning the longest winning streak, 37 meets, in the league figures the Blue Devils could be plenty tough if his search for breast strokers is successful. But he feels that the league is very evenly matched and that no one school will be able to go through the 1955-56 campaign undefeated.

Daily Practices
Practice sessions will continue daily, except Wednesdays, until the opening non-league meet early in December. In the meantime Coach Banach will follow his customary practice of not cutting the squad, which will give every boy ample chance to prove he is of varsity caliber. Usually the rigorous training grind automatically cuts the squad down to working proportions.

Last year the Pointers finished third in the BCL standings, behind Royal Oak and Fordson, because of the loss of three close meets when the difference between winning and losing was a matter of three or four points.

On Coach Banach's past record we will string along with the Devils and pick them to take the title.

CAUGHT WITH GOODS
Farms police arrested two 16-year-old boys on Friday, November 4, after the boys were found to have alcoholic beverages in their car. Found were six bottles of beer and a half-pint bottle of whiskey. The boys were released to their parents until further investigation.

Plan to Honor Veterans at Center Dance

The young single business and professional people of the Center Club are turning the War Memorial into a French cabaret for their Dance Militaire to be held Veterans Day, November 11 at 9 p.m. The officers and men of the 99 A.A.A. Gun Battalion stationed in the Pointe and their close neighbors from Selfridge Field have been invited as special guests for the evening. Helping with arrangements are, left to right: ELAINE THOMAS, DICK BAKER, JEAN MURPHY, CHERYL REBERDY, JOHN LOGAN, PATTI BAUER, BILL ROBINSON and MARGE CRAIG.

Blue Devils Smother Port Huron in Lopsided Contest

By Sandy Mac Michan
Playing in Port Huron's beautiful and well lighted stadium, the Grosse Pointe Blue Devils ended their football season last Friday night by literally slaughtering the Big Reds of Port Huron, 32-0.

The Pointers' above-average season record stands at 4-2-2, and the Devils will end in either third or fourth place in the race for the R.C.L. Championship, depending on the outcome of this Friday night's game between Royal Oak and Highland Park.

After the kickoff and several series of downs later, the large but very cold Grosse Pointe cheering section saw their team fumble away a chance for a first quarter tally on the enemy's 6 yard line.

Pass Starts Drive
Early in the second quarter, after making two unsuccessful attempts to start a drive going, quarterback Al Underwood threw a pass from his own 45 to half-back Phil Herschelman. From here he turned and ran down to the 28 yard stripe. Leece picked up another first down on the next play by working the ball to the 14.

With Dan Bauer and Herschelman running the ball on the next two plays, the Pointers found themselves on the Big Reds' one foot line. A quarterback sneak on the next down was all that was necessary to put the ball over for the game winning touchdown. Connolly's kick was ruled good and the Pointers took their never threatened lead, 7-0.

Following the Devil kickoff Port Huron started a slow march in the direction of the visitors' goal line. On a vital third down play the huge Pointer line made a grand rush on the Big Reds' backfield, causing their quarterback to fumble the pigskin on the Devils' 35; tackle Ted Jacob scooped up the bouncing ball and sprinted 65 yards for the Devils' second tally. This was just one of the outstanding examples of Grosse Pointe's alert heads up play which continued throughout the entire game. Connolly made the last extra point of the evening to keep the Pointers ahead, 14-0.

Underwood Runs for T.D.
The Devils snapped back almost immediately for another T.D., after the kickoff, when Windy Bremer blocked a Port Huron fourth down punt on the Big Reds' 35. On the first down Underwood faded back to pass, but then elected to run with the

ball and streaked 40 yards down his own sideline and over the enemy's goal line to make the Pointers' score 20-0 as the first half ended.

In the second half the Devil linemen played the same kind of superior offense and defensive ball as before and the backfield did almost equally well.

Bauer Makes Long Run
Receiving a fourth down punt on his own 22, Bauer made a tremendous 60 yard run down to the home team's 20 yard stripe. Three plays later Herschelman ran the pigskin from the eight for the fourth score.

Later, after the recovery of a Big Red fumble, the Devils worked their way down to the 10, where Stu MacDonald went over the goal line, but the T.D. was nullified as there was a penalty against Grosse Pointe.

From this point the Blue Devils were forced to give the ball up on downs. Port Huron fumbled the ball, two plays later, and Bob Gilbert picked up the rolling oval and scampered over for the last T.D., making the score 32-0.

Interceptions Equalize
In the final minutes of the game Andy Penz and Bob Murphy each made interceptions, but the ball went right back to Port Huron on a fumble and interception. In the last remaining minute of the game tackle Paul Christo and guard Nick Genova moved back into fullback and quarterback positions respectively. Christo ground out a driving first down and Genova threw a pass to Christo that was intercepted to end the game.

Seniors at Marygrove Set For Tower Dance

Tall gleaming towers will provide the background for swirling skirts and soft music when senior students at Marygrove College present their traditional Tower Dance on November 18. The "Commanders" will provide the music for the first formal affair of the school year which is to be held in Madame Cadillac Hall, on the campus.

Assisting with arrangements as chairman of the decorations committee is Charmaine Kaptur, daughter of Mr. and Mrs. Vincent Kaptur, 685 Bedford lane.

Indian Guides Enjoy Program

An athletic skills program is enjoyed every Saturday afternoon at the Hannan Y.M.C.A., E. Jefferson at Garland. After a program of gymnasium skills which include fundamentals in basketball, tumbling, and relay activities, the boys review elementary aquatic skills in the warm water of the beautiful swimming pool.

who, where and whatnot

by wbozsi

Mrs. Edward A. Baumann looks handsome in a navy suit dress ensemble. The wide, wide jacket sleeves have dozens of tiny pleats and are strikingly lined in navy polka dots. Peter Pan collar picks up the polka dot theme and a nice big white wool flower, also dotted in navy, adds the finishing touch at the shoulder.

Glimpsed Mrs. Albert Conkey in stunningly simple V-necked navy suit set off by single gleaming strand of pearls.

Love those knit suits, and so does Mrs. Charles Beltz, for she wears an awfully good-looking deep purple knit. Buttons down the front and beaded trim on the rounded double collar are in matching purple-hued pearls.

Artists' wives are choosing charcoal this season; Mrs. Donald Wicke, enamelist of note, has a charcoal frock on tailored lines with which she dons wide yellow gold leather belt and matching gold shoes. Charcoal and gold are also the fashion selection of architect's spouse, Mrs. Karl O. VanLeuven, Jr., who uses gold costume jewelry at neckline and wrist to offset her severe wool charcoal dress. P. S.: Frames of her spectacles are black flecked with gold too.

PILFERINGS

This told that Sir Arthur Conan Doyle once sent a telegram to each of 12 friends, all men of great virtue and of considerable position in society. The message read: "Fly at once; all is discovered."

Within 24 hours, the story goes, all 12 had left the country.

A young woman walked into a Chicago police station and gave the desk sergeant a detailed description of the man who had dragged her by the hair down three flights of stairs, threatened to choke her to death and finally beat her up.

"With that description, we'll have him arrested and put in jail in practically no time," said the sergeant.

"But I don't want him arrested," the young woman protested. "Just find him for me. He promised to marry me."

One hot morning T. E. Lawrence, British hero of Arabia, was standing on the porch of his Cairo hotel. A woman anxious to be seen in his company approached him. "Imagine, Colonel Lawrence!" she exclaimed, fanning herself vigorously. "Ninety-two already!"

"Indeed!" said Lawrence. "Congratulations, Madam, and many happy returns of the day!"

A Hollywood gossip was telling Ilka Chase of the knock-down and drag-out affairs of the newly arrived couple next door.

"Everyone is talking," the informer purred. "Some are taking his part and some hers."

"And," replied Ilka acidly, "I suppose a few eccentric individuals are minding their own business."

Inscription on a cigarette lighter: "To My Matchless Wife."

Name of an Indianapolis antique shop: "Den of Antiquity."

Earl Wilson tells of the night club opening in New York with the name "Chez When."

Former Governor Christianson of Minnesota spoke one day before the convicts at Stillwater penitentiary. Forgetting his audience, he began, "Fellow citizens—." A murmur of delight sounded through the large room.

Confused, the Governor started again. "Fellow convicts—," he stammered. The laughter grew louder.

"Oh, you know what I mean," he exclaimed. "I am glad to see so many of you here."

With that, the laughter grew into an uproar and the warden led the willing Governor out into the open air.

High heels, according to Christopher Morley, were invented by a woman who had been kissed on the forehead.

Pointer of Interest

MRS. BAYARD KURTH OF YORKSHIRE ROAD

By Kitty Marriott

Mrs. Bayard Kurth motored out-of-town two or three days a week all last summer, yet strangely enough, she didn't have a summer vacation.

Mrs. Kurth serves on a number of civic boards, but in her position as Social Action Chairman for the Detroit Archdiocesan Council of Catholic Women she tackles many of the knottiest problems. The high-sounding title means a large portion of hard work and she has held the time-consuming job for four years.

Several years ago this Pointer heard a talk on the migratory farm workers who come to Michigan each year, most of them Mexicans, and she immediately resolved that her committee should do something about them. The migrant, who averages about 70 work days a year and an annual pay of \$514 on which to maintain a family, often lived in a tent or abandoned chicken coop under obviously unsanitary conditions with insufficient food, clothing and medical attention.

Pilot Project

After intensive study of the problem, Mrs. Kurth and her committee set up a pilot area in Deerfield, Mich., in the summer of 1953. They gathered 2,000 pounds of relief goods to distribute to the migratory workers, but since this disappeared in three days, they carried on new drives for supplies here at home.

The following summer they worked among the migrants in Monroe and Lenawee counties. Crops were late so that the Mexicans were without money and in desperate need. Consequently, Mrs. Kurth directed her workers in relief duties, distributing food and clothing, securing medical attention for sick babies, and in some instances, providing transportation back to Texas for families in desperate need.

Farm women and rural residents assisted the DACCW members with their gigantic task, but Mrs. Kurth realized that she

To Hear Talk On Atom Power

Harvey A. Wagner, assistant manager of engineering for the Detroit Edison Company, will speak at a meeting of the Grosse Pointe Branch of the American Association of University Women, in Room F of the Grosse Pointe War Memorial, on Friday, November 18, at 8 p.m.

His subject will be the recent International Conference on the Peaceful Uses of Atomic Energy held in Geneva, Switzerland.

Mr. Wagner has been active in the role which the Detroit Edison Company is taking in the development of atomic power, having served as coordinator and later as director of its Nuclear Power Development Department.

Mr. Wagner was graduated from the University of Michigan with a degree in mechanical engineering, and is a registered mechanical and electrical engineer.

He is also president of the Board of Water Commissioners of the City of Detroit, and a member of the Wayne County Board of Supervisors.

He is active on many committees of the electric power industry, and is the author of several papers dealing with that industry. One of these, written with co-authors, concerning the breeder reactor in which the Detroit Edison Company and Associates is interested, was submitted in connection with the Geneva Conference.

Mrs. Wagner, also a graduate of the University of Michigan, is a member of the Grosse Pointe Branch of the American Association of University Women.

ordinating Council for the Fair Employment Practices Commission.

In her capacity as Social Action Chairman last year, she combined forces with the Human Relations Department at the University of Detroit in giving a series of four lectures on social action for the public.

Social Action

"People don't understand when you talk about social action or social justice," Mrs. Kurth says. "So they shy away from it. It's quite simple—the whole social action program merely makes us feel responsible for our fellow man, especially those who are discriminated against."

An English and journalism major in college, Mrs. Kurth uses her writing ability mainly in writing speeches and appeals. The Kurths—Mr. Kurth heads an advertising display company—have four offspring: 17-year-old twins Carol and Karl Francis (who's called Fran); Bayard, Jr., 15, and Ellen, 14.

Carol popped the buttons on the family vest this year by winning a four-year scholarship to Manhattanville College of the Sacred Heart. Karl is a U. of D. freshman, who will transfer to Notre Dame in February to major in art. Bayard is in his second year at Austin High, and Ellen in the first academic at Grosse Pointe Convent of the Sacred Heart.

With a family and so many social action projects to manage, Mrs. Kurth has little time for hobbies. She snatches moments to work in her sewing room, but says with a smile, "That's not a hobby. When you have two daughters, it's a necessity."

ORGANISTS TO MEET

The Grosse Pointe Chapter of the Hammond Organ Society will hold their next meeting at Grinnell's, East Warren street, on Tuesday, November 15, at 8 p.m. All non-professional organ enthusiasts are welcome.
