## HEADLINES

### of the WEEK

As Compiled by the  
Grosse Pointe News

**Thursday, December 22**  
**THE TOP SUPERVISORS** of the Ford Motor company will split a total of \$3,332,314 in wages and stock dividends, for services during 1955, it was announced by the company. In addition, these men have earned \$8,067,500 in accumulated credits which will be paid to them later.

The two top salaried men, Henry Ford II, president, and Ernest R. Breech, chairman of the board of directors, each received \$321,000 and each has accumulated credits of \$925,000. Nine others, including Benson and William C. Ford, will share in the dividends. The company announced also that it is a 2.5 billion-dollar concern with a net income of \$312,000,000 for the first nine months of 1955.

**EVEN THOUGH** a second craft union has reached an agreement with the Detroit Newspaper Publishers Association, there is still no end in sight for Detroit's 22-day-old newspaper strike. It was revealed that negotiations with the six unions will be discontinued today and resume again early next week.

The two unions who have settled to date are: Printing Pressmen, Local 13, and Plate Handers, Local 10. Their contracts will run until March 2, 1957. Despite the two agreements officials of the three unions officially on strike vowed that there will be no return to work until issues remaining on the bargaining table are solved.

**SEVENTEEN PASSENGERS** aboard a Miami-to-New York bound plane were killed when their craft crashed and exploded on the edge of the Municipal Airport in Jackson, Fla. The plane was coming in on a routine instrument landing when it crashed into a row of tree tops and burst into a ball of flames.

All 17 aboard, 12 passengers and five crew members, were burned beyond recognition. An official of Eastern Airlines, owners of the plane, said the slack pre-Christmas week accounted for the small number of passengers, otherwise the plane would have carried 60 persons.

**Friday, December 23**  
**WBOOT, CALIF.**, a town of 350 population, was wiped out by the rampaging waters of Eel River. So far, 30 persons lost their lives as a score of streams in Northern California and Eastern Oregon overflowed their banks and flooded the land.

Dozens of communities were isolated by the tearing waters. An accurate estimation of the amount of damage is not available as the rising waters had swept away all means of communications. A state of emergency was declared by California Governor Goodwin Knight. National Guardsmen were ordered into hard hit Humboldt County, in northwestern California, along with two companies of engineers and one medical corpsmen company.

**GOV. WILLIAMS** has ordered out 249 National Guardsmen to handle the State's holiday highway traffic. In addition, State Troopers will be in strategic locations, for patrol duty, where accidents are apt to occur most. A State police official stated that there will be so many State police and guardsmen around that a driver will not have a chance to do something wrong.

It was disclosed that the next 10 days are the worst of the year for highway slaughter. The Governor appealed to all motorists to observe the new speed limits of 65 during the day and 55 at night, even though the law does not become effective until February 3.

**THE UN SECURITY COUNCIL** was warned by Maj. Gen. E. L. Burns of Canada that if Israel persists in her policy of reprisals against the Arabs, it will "touch off a full-scale war." Gen. Burns, the UN Palestine truce chief, declared that Israel was to blame for the attack on Syrian outposts near the Sea of Galilee on December 11.

Some 50 Syrian troops were killed and six Israelis. Syria has called for economic sanctions and possible ouster from the United Nations of the Jewish nation as

**BRUCKER VISITS IN POINTE**  
 Secretary of the Army Wilber M. Brucker and Mrs. Brucker, recently returned from a tour of the Far East, visited their son and daughter-in-law, Mr. and Mrs. Wilber M. Brucker, Jr., of Merriweather road, over the Christmas holiday.

**New Residents to Be Feted At Center Party January 8**  
 As has been the custom for the past several years, the Board of Directors of the Grosse Pointe War Memorial Association will welcome all new residents who have moved into the Pointes in 1955 at a reception in their honor to be held from 3 to 5 Sunday afternoon, January 8.

Invitations have been mailed to every new family for whom the Center has the name and address. Any newcomers who are not on the Memorial's list and who do not receive invitations are most cordially invited to be present and to understand how difficult it is to get a complete record of all those moving into the five Pointes. The entire family is invited and a baby sitter will be provided for very young children.

Mrs. Watson I. Ford, Chairman of the Center's Program Committee, is in charge of the reception and will be assisted at the welcoming table by Mrs. M. M. Sheaffer, Mrs. Nathan B. Goodnow, Mrs. John R. Harding and Mrs. Walter R. McAdow. The tea table and refreshments

Unusual Yuletide displays are numerous throughout the community again this year. One of the eye-catchers is this Santa Claus, 30 feet high, standing astride the entrance to the George P. Johnson residence at 1034 Whittier road.

## Thieves Nab Costly Yule Decorations

**Expensive Wreaths Stripped From Doors in Ridge-Vendome-Touraine Area**

An apparently well organized gang of thieves swiftly stripped costly door wreaths from a number of homes in the Touraine-Vendome-Ridge area in the Farms two nights before Christmas.

Among the homes hit was that of Wendell W. Anderson, of 211 Vendome, back to spend the holidays from his assignment as U. S. adviser to NATO in Paris.

Others in the area who were victimized included the Harley Earls, of 217 Touraine; the T. D. Buhle, of 260 Ridge; the O. R. Skeltons, of 275 Ridge, and the William Sieberts of 277 Touraine.

Farms Detective Sgt. Harold Seelov and Detective Harold Beaurpe said the thefts apparently occurred in the early evening when the marauders could be mistaken for delivermen when they approached the houses.

The officers say the thieves undoubtedly took the wreaths to resell them.

## Church Plans To Celebrate Anniversary

**Christ Church's 25th Birthday Will Be Observed On January 8 and 9**

In another 10 days, Jan. 8-9, one of Grosse Pointe's best known landmarks, Christ Episcopal Church, will be celebrating its 25th anniversary. Influencing, as it has, so much of the last quarter century in this community, it is interesting to recall the parish's history.

The seeds for Christ Church, Grosse Pointe, were sown as early as 1923, when Sunday School classes for Grosse Pointe children were held in the basement of the Henry Sanger home. This was a missionary project of the "mother parish", Old Christ Church on Jefferson avenue in Detroit.

**Met in Pointe Homes**  
 During the next five years, these classes were held in several Grosse Pointe homes until early in 1928, when the Memorial Church graciously permitted the Rev. Francis B. Creamer, S.T.D., D.D., to hold services in their parish house.

In the fall of that year Bishop Page laid the cornerstone of Christ Church, Grosse Pointe. Two years later, on December 16, 1930, according to a newspaper account:

"The beautiful Chapel of Christ Episcopal Church in Grosse Pointe Farms was opened formally by the Rt. Rev. Herman Page, D.D., Bishop of Michigan and the Rev. William D. Maxon, D.D., rector of the parish, at a Choral Evensong."

## Women's Problems To be Subject of Lectures at Center

**First of Series of Six Will Be Given on Friday Mornings Beginning January 20; backed by 18 Organizations**

Perhaps you are a Cinderella, dreaming again before the fire, wondering if life with Prince Charming in the castle is as good as it ought to be; or you may be the Woman in the Shoe, with so many children's problems you don't know what to do—and you're feeling mighty old these days.

If you are not the happy woman you ought to be, some pretty clear answers as to why not, and what to do about it can be found in the lecture series, "Women in a Changing World," to be presented at the Grosse Pointe War Memorial Center on six successive Friday mornings beginning January 20.

Sponsored by AAUW Group  
 Sponsored by the Grosse Pointe branch, American Association of University Women and the War Memorial Center, the programs also are co-sponsored by 18 leading Pointe organizations representing the entire Pointe community.

Season tickets for the five lectures and two round-table workshops are limited to 150. They are transferable so that women too busy to attend all the lectures may interchange with friends. They may be purchased, at \$5 each, at the War Memorial Center, through the co-sponsoring organizations or from Mrs. Wallace Temple, 184 Fisher road, Tuxedo 5-5897.

Scheduled for 10 a.m. Each of the morning lectures is scheduled for 10 a.m. After each lecture an informal luncheon will be held at the Center, so that those attending may share reactions and meet the speakers. Tickets for the luncheon are \$1.30 and reservations should be made at least three days in advance for the first one, through Mrs. C. Bayard Johnson, 97 Merriweather, TU 5-5474.

Nursery care also will be provided during the six morning meetings for children of from three to five years of age, so that mothers will not have to hire baby sitters. Trained personnel will watch over the youngsters while the meetings are in session for an additional

fee of only \$3 for the entire series. This service is being arranged by Mrs. John S. Foley, 343 Merriweather, TUXEDO 5-3127.

The lecture series was promoted by the Status of Women (Continued on Page 2)

## Baby's Life Saved After Lethal Drink

**Farms Ambulance Makes Record Run to Hospital After Baby Takes Polish**

The Farms fire department ambulance probably will never make a faster run than it did last Saturday when manned by firefighters Hank Riegler and Robert Sharpe.

For the patient it carried to Bon Secours Hospital was Sharpe's 20-month-old son, Robert, Jr., writhing in agony after drinking from a bottle of furniture polish.

Sharpe got the call while on duty at the Farms station from his wife, saying that the baby had sampled the bottle while her back was turned for a second.

Seconds after the ambulance arrived at Bon Secours attendants were pumping out the baby's stomach and he was returned to his home, 159 Muir, after overnight observation.

## 70-Mile Racers Held As Drunks

**Two motorists, arrested while careening along Lake Shore drive at 70 miles an hour, will face drunk driving charges in the Shores next month.**

Carl Dwight Evans, of 17955 Eastland, Roseville, was caught at mid-afternoon Friday, December 23, for speeding and, police say, was unfit to be at the wheel at any speed.

The other accused of drunkenness is Worley Herschel Jones, of 631 Selden, Detroit, who was arrested at 4 a.m., also on December 23.

The two were arrested in the course of the Shores' stepped-up traffic safety program. The drive held auto accidents to three minor accidents in the first 26 days of December, Police Chief Fred Duemling said.

The girls gave \$35 to the thief. The man was described as being about 35 years old; weighing about 170 pounds; five feet, eight inches tall; and at the time of the holdup was wearing a brown overcoat, grey or brown hat, light brown gloves and had a light complexion.

He wore a light grey cloth over the lower part of his face, the girls told police.

## Schools Seek Final Details On Driver Training Plan

**Grosse Pointe school officials sought final details from Lansing Thursday on the new driving training program set-up in the special session of the Legislature.**

Walter R. Cleminson, principal of the Grosse Pointe High School, said that present auto-driving classes, with an enrollment of about 90, will "continue at least through January."

"Any new program, as required by the State, will, of necessity, wait direct instructions from the State," Cleminson said that he has requested full information from Lansing.

The Grosse Pointe High principal said that a survey showed 633 students in the School District have driver licenses and that 400 have requested instruction for licenses.

In a letter to the Board of Education, presented at its December meeting, Taylor wrote:

"The Legislature passed a bill which will result in the appropriation of monies for driver education and training classes.

"Experience shows that these youngsters who have taken such classes in secondary schools are much less likely to be involved in fatal traffic accidents and are rated as more expert drivers.

"Under the terms of the new legislation, the local school districts will receive up to \$25 per enrollee in driver training classes."

It had been estimated earlier that about 800 students in the Grosse Pointe district would be eligible annually for driver training classes. That figure includes private and parochial schools.

Under the legislation the public schools will provide the training for private and parochial schools in the district. The exact procedure has not been determined in Lansing, Cleminson said.

## News Review Tells 1955's Highlights

**Many Accomplishments Revealed in Compiling Reports of Year**

A digest of the most important events which occurred throughout the Pointes during 1955, is presented to the News readers for their recollection. Compiled from the News files are the following:

**JANUARY 6**—The Farms and the Grosse Pointe Board of Education jointly agreed to work together in eliminating the smoke nuisance plaguing the Pointe atmosphere. The Farms had contended the schools under the jurisdiction of the Board were in violation of the Farms Smoke Abatement Ordinance. This was denied by Dr. James Bushong, superintendent of schools, who stated that if this was so, a survey should be conducted. It was agreed if there is a violation, the Board will take proper steps to correct the situation.

**JANUARY 13**—The Grosse Pointe Board of Education was cleared in the smoke abatement issue when Farms City Engineer Murray Smith and Harold Husband, director of administrative services of the Board, checked the Grosse Pointe High School and Gabriel Richard School, reported to be the worst offenders, and found that they were complying to the letter of the law. The Farms Smoke Abatement Ordinance states that out-pouring of black smoke is permitted for periods up to five minutes. The smoke from the school's chimneys lasted about that period of time.

## Fluoridation

**JANUARY 20**—Controversy over the issue of fluoridation in the Farms drinking water has resulted in the Farms taking out insurance to protect itself from any damage liabilities which may arise through consumption of its water. Purchase of the policy was unanimously approved by the Farms council, which made no attempt to hide that the fluoridation issue was the chief reason for the purchase of the insurance.

The Farms water system supplies all of the City and part of the Shores.

**JANUARY 27**—Officials of the Grosse Pointe University School, dedicated a new building. The school represents the merger of the Detroit University School, founded in 1899, and the former Grosse Pointe Country Day School founded in 1915. The building and grounds of the Grosse Pointe Country Day School were sold to the Grosse Pointe Board of Education for \$710,000, in April 1953. In the renamed GPUS, boys and girls study together or apart depending on a variety of factors such as age, ability and nature of subjects.

## Reclaimed Land Issue

**FEBRUARY 3**—State Atty. Gen. Thomas M. Kavanagh issued an order to various real estate dealers to cease filling in lake shore land, because they were trespassing on public domain. The law which prohibits filling in of submerged lands which have been set aside for the enjoyment and benefit of the people of the State was passed in 1899. According to the law, the Pointe communities were found to be in violation through the development of their municipal parks, which according to Kavanagh have been filled-in and extended over the disputed submerged lands.

**FEBRUARY 10**—The Grosse Pointe Board of Education approved the shifting of the borders of the Monteith, Mason and Ferry Schools, and organizing the elementary school district which will be served by the school being built in the Torrey Woods section. Dr. James Bushong, superintendent of Pointe schools, pointed out that as soon as the new Torrey Woods School is completed, children housed in other schools will be shifted to the new school. Vernier School will be closed and its principal Miss Florence Cummings, will become the principal of the Torrey Woods School.

## Smith Accepts Post

**FEBRUARY 17**—Farms City Engineer Murray M. Smith accepted a United States Government post in Saigon, Indochina. He was given a two-year leave of absence by the Farms council, to permit him to carry out sanitation (Continued on Page 12)

An attempted burglary at the home of Kenneth Couvreur, 425 Roland, is under investigation by Farms police. Detective Harold Beaupre said burglars tried to jimmy open the rear door but failed to force entrance.

### Parking Lot Indicates Volume of Christmas Business Done in Pointe

—picture by Fred Runnells

This view of the municipal parking lot in the Farms Kercheval avenue business district shows how many shoppers flocked to that area to their Yuletide shopping problems. Considerable relief was provided when the Board of Education threw open a portion of the Richard School playground, upper left, to meet the emergency. Local business men and their employees cooperated well when requested to use that space for all-day parking, leaving the more convenient lanes for the shoppers.

### Pointer Heads 1956 Riverama

"Riverama," Detroit's Civic Festival which got away last year with a modest program and a late start was assured for 1956 today, it was announced by R. T. Johnstone, of Meadow Lanes, newly elected president of the non-profit corporation staging the event.

Mr. Johnstone said that the Festival had been approved by the new 1956 Board of Directors with tentative dates set for August 15 to September 1.

Plans are being made which, it is believed by the directors, will become a self-supporting event comparing favorably with, or exceeding the brilliance of, the annual "Sea Fair" in Seattle and the "Aquennial" in Minneapolis.

The program will be considerably larger this year. It is planned to attract visitors from the entire state. Both the Gold Cup and Silver Cup boat races will be run as part of the show, and the "Aqua Follies," the bathing beauty swimming exhibition that made such a tremendous hit last year will return with a complete new show.

A Board of Directors consisting of more than 50 outstanding citizens has been elected. It represents a cross section of the business, industrial, social, civic, religious cultural and governmental life of the City.

At a meeting of the new Board Wednesday, December 21, besides President Johnstone, vice-president of Marsh and McLennan, Chairman of the Riverama Executive Committee last year, the following six were elected vice presidents:

Don C. Ahrens, vice-president of General Motors Corporation; Leo Fitzpatrick, president, W G R Broadcasting Corporation, representing the entertainment field; Raymond J. Hodgson, vice-president National Bank of Detroit, the banking interests; E. C. Stephenson, vice-president, The J. L. Hudson Company,

### Woods Residents Assured On X-Way Traffic Route

Concern of a number of Grosse Pointe Woods residents that their streets would become a thoroughfare for the Eastland project was allayed last week by Robert J. McNutt, Harper Woods city manager.

The drive to get the traffic routing from Eastland clarified was led by E. G. Casper, of 2118 Lochmoor. Casper pointed out in letters to Grosse Pointe Woods and Harper Woods officials that present plans call for Lochmoor to become an overpass of the Ford Expressway when it is completed through Harper Woods.

He cited the possibility that Eastland patrons from the Pointes and St. Clair Shores would use Lochmoor and its proposed overpass in getting to and from Eastland.

This, Casper said, would present a definite traffic hazard to children since Lochmoor is a residential street.

Casper's contention was taken under advisement by the Grosse Pointe Woods planning commission December 20. At that time the commission received assurances from the Harper Woods planning commission that there was no intention of diverting Eastland traffic to Lochmoor or to its paralleling streets.

McNutt said that the danger would be averted by dead-ending

### Trap Shooting Event Popular

Approximately 36 persons were on hand to participate in the Farms Trap Shooting Club's shoot on Monday, December 26.

City Manager Harry Furton disclosed that the newly formed club now has 67 members, and that January 2, date of the next meeting and shoot, will probably be the last opportunity for Farms residents, who wish to become charter members, to join. The club is aiming for 100 charter members.

The new electric trap used at Monday's shoot proved very efficient, Mr. Furton stated.

### Church to Have Anniversary

(Continued from Page 1) said: "Ours is an experiment in Christian unity that is unique. It is our fond hope that the old church, with its sacred memories, and the new, with its glowing promises, will live and pray and serve together in the perfect unity of Christ's Church."

How that hope, voiced by the beloved Dr. Maxon, has been fulfilled can best be expressed by the growth, development and work of Christ Church, Grosse Pointe, in its 25 years of existence.

At the dedication ceremonies in 1930, 415 communicants of Christ Church were registered and its Sunday School had 345 children enrolled. Today there are 2,300 communicants and the enrollment of the Sunday School is over 900.

**Started Other Missions**  
But the development of the parish has not been the only concern of Christ Church. In 1937 Christ Church took over temporary responsibility for the diocesan mission at St. Clair Shores. This mission, known as Trinity Chapel, has since become an independent parish, and has just completed a lovely new church building.

In 1944 St. Michael's Mission was established in Grosse Pointe Woods; it too, soon became a parish, and it, too, has just finished a fine, new building.

In 1954 St. George's Mission was founded in Centerline and is

presently holding its services in the Miller School there.

**Admitted as Parish**  
In January of 1947 at the Diocesan Convention, Christ Church Chapel was officially admitted as a parish. A year later, the Rev. Dr. Francis Creamer, who had been rector of the parish since its inception, resigned. He was succeeded by the Rev. J. Clemens Kolb, who served as rector until 1953, when ill health forced his resignation, and the Rev. Erville Maynard was called to the rectorate.

The outstanding work of these three dedicated men has been the inspiration for the accomplishments of the parish in the last 25 years — To the Glory of God and the Well-Being of His Church.

Thus through the work of Christ Church, the spiritual needs of more than 3,500 people are cared for in the Grosse Pointe area and over 1,500 children are given Church School instruction.

### Spanish Classes Offered Pointers

The Grosse Pointe method of teaching Spanish to adults has recently been adopted in Beverly Hills, Calif., according to Clarence V. McGuire of 855 Notre Dame.

McGuire is author of "Spanish for Adults, Grosse Pointe Method" which has been used in local classes for 12 years. A supply of the textbooks has been ordered from him for use in classes at Beverly Hills Evening High School.

Classes using this method and textbook have been given for some years at the Department of Community Services of the Grosse Pointe Public School System. Instruction will resume in classes starting on Wednesday evening, January 4.

If you have a little knowledge of Spanish and would like to join this group, you may make reservation by calling the Department at TU 5-3808 or TU 5-0271.

Dr. Derifield, who has been an active Kiwanian for seven years, succeeds Ray Lichtwardt as president of the service organization.

Also installed at the January 5 meeting will be Dr. James A. Park, 11823 Wayburn avenue, first vice-president; Robert G. Hammel, 717 Sunningdale, second vice-president; Marvin J. Malow, 983 Lincoln road, secretary; and Albert C. Prast, 10647 East Outer Drive, treasurer.

In accepting his new office, Dr. Derifield pledged his administration to a continuation of the community service projects which his club has sponsored in the past in the Southeast Detroit-Grosse Pointe area.

Wallace W. Harrell, 45, of 22900 Violet, was arrested on Thursday, December 22, for driving while under the influence of

alcohol and leaving the scene of an accident.

He was charged with the offenses after he struck a panel truck driven by George K. Furtinger, 38, of 11859 Chelsea, Detroit, who was stopped for a red light at Mack avenue and Chatsworth. The truck was hit in the rear.

Harrell failed to stop and identify himself and continued on his way east on Mack, and was stopped at Kensington and Mack by Furtinger.

Harrell was issued two tickets, one for driving under the influence of alcohol and one for leaving the scene of an accident.

Harrell's trial date was set for after the holidays, but he asked that the trial be held immediately.

At the trial, Harrell, who has no previous traffic record, entered his plea of guilty and apologized to the court for his conduct.

### Reflections and Speculations

Once again we have arrived at that terminal point of the year when we take stock of our successes and failures and pause to summon nice thoughts for all our friends, and pretend that we have no enemies. All thoughts of enmity should vanish from the scene at this period, when the slate is washed clean and a bright new calendar peers down on us from the closest wall.

We reflect and speculate. We feel a great surging of gratitude for all the good things that have come our way during the last 12 months; we wonder, what the next 12 will hold.

The first and special thanks should go, of course, for the fact that we have gotten through another year of comparative peace. None of our sons have died in battle during 1955, though many have been lost while training to preserve the peace. We have been given succor from the constant fear that the casualty lists would include the names of loved ones.

We pray that the incoming year will remain free from war for our own nation and that the spirit of peace will continue to spread and unloosen from the entanglement of strife all of the many countries which still find themselves in conflict.

We are grateful for a year of unprecedented prosperity shared by practically all of our own people, and by many peoples in other portions of the globe who have too often been in too close touch with poverty and despair. We are thankful that helpful measures we have been able to provide have aided many of these in their struggle for security and happiness.

We give thanks for the leadership that has made these things possible here and abroad, and we are particularly appreciative that our own Chief of State has survived a serious illness and is again able to take an active position of guidance in the affairs of government.

We rejoice in the so evident, ever-increasing vigor of our religious institutions and humbly accept the strength they impart to us in times of trial. We pledge them added assistance in the year ahead.

Within our own community we find so many things for which to be grateful. From a purely selfish standpoint we would give thanks for the tangibles and intangibles which have allowed us to enjoy a happy and prosperous year. The tangibles would of course include our readers and advertisers, without whom we could not exist. The many notes of thanks, the spoken words for services we have been able to perform, are among our most cherished possessions.

We are also grateful to rattle the constructive criticism which has been directed our way. It has taught us much which we hope will be converted into additional benefits for all with whom we have contacts.

A deep salaam to all those publicity chairmen of the various organizations who have helped make our reporting task a little easier. Our heartfelt thanks to all who have been sufficiently interested to send in their news items and make our columns more readable. Praise be to those who have permitted us to use their stories for feature articles.

Happiness to the brides-elect and the beaming newlyweds whose pictures have graced our society pages. A plague on the speeders and law-breakers whose antics have provided us with copy.

Thanks to the school officials and the librarians who have given us so much worthwhile reading material and heartening reports of progress.

We bow from the waist to those elected and employed public officials and department members whose cooperation has allowed us to continue to enlighten our readers on local affairs. Without their help our product would be a dull thing and we would flounder in darkness.

As 1955 becomes a year of the past, we hope that all of its sorrows will be quickly dimmed in the mists of time, and that all of its joys will be forever spotlighted by the never-failing sun of a million tomorrows. And may 1956 bring added assurance of enduring and universal peace and great gifts of goodness for all.

### \$100,000 Saved By Post Office

A time and cost saving departure from the old methods of moving mail in canvas sacks, involving use of new water-repellant paper containers reinforced with glass fiber mesh, is being made on ocean-going bulk mail shipments between Seattle, Washington and Alaska. The paper sack weighs 15 ounces; the canvas sack more than three pounds. This cuts transportation costs more than a third. Transportation savings, together with time and money savings made possible by machine sewing to seal the paper sacks are expected to total at least \$100,000 a year. (The canvas sacks are rope-tied by hand). The paper sacks carry as much as 75 pounds of mail and cost 31 cents each. This cost is offset greatly by the transportation savings and the greater speed in handling the paper containers, however. In fact, the \$100,000 saving estimate may be exceeded. It is planned to use the sacks experimentally on other ocean-going mail routes, and it may also be possible to use a large proportion of them for more than one trip, although they were developed at a unit cost designed to make them disposable after only a single one-way journey.

### Ziegler Clears 'Pike Position

LANSING—"I am pleased over the decision of the Michigan Turnpike Authority to ask the Legislature for permission to extend a proposed toll road all the way from Ohio to the Straits of Mackinac," Highway Commissioner Charles M. Ziegler said this week.

"As I have consistently stated, I am not opposed to the construction of toll roads—if they can be soundly financed. I am in favor of any plan which will result in more and better roads for the motorists of Michigan.

"The original plan of the Turnpike Authority, of which I am a member, called for construction of a toll road from Rockwood to Kawkawlin, north of Bay City. An engineering analysis, which included traffic counts in the vicinity of Bay City, showed, however, that the road could not pay for itself that far north. Therefore, the final plan proposed ending the road near Bridgeport, south of Saginaw.

"Coverdale & Colpitts' report of April 15, 1955 stated that this portion of the toll road could be financed through the sale of bonds, providing the State Highway Department would abandon the improvement and expansion of all north and south trunklines in the general area of the proposed toll road—an area of heavily congested traffic.

"As I have stated repeatedly, the Michigan State Highway Department must and will continue to build free, multiple-lane limited access highways as rapidly as funds are available regardless of their effect on toll road financing. Any other course would mean renouncing my oath of office and my obligations to the people of Michigan.

"To build these needed multiple lane divided highways, the Legislature in the last regular session provided necessary funds in Act No. 87 which became effective June 1, 1955.

"Last week George N. Higgins, chairman of the Turnpike

Authority, was quoted in the press as follows:

"I am sure we can obtain a lower rate of interest on bonds for the longer road. Interest savings could amount to at least \$1 million a year. If we can build the longer turnpike, I don't think it will make a bit of difference what other new roads are built. We won't care what other new roads were built, and I am certain that financing will not be conditional on what the State does."

"If Mr. Higgins is correct, and I sincerely hope he is, then we have no quarrel. The Turnpike Authority can build its toll road and the State Highway Department will continue to provide free roads.

"I am curious, however, to learn how he hopes to find bond purchasers for a toll road running through the Northern half of the Lower Peninsula where studies show the traffic is extremely light.

"Coverdale & Colpitts caused the abandonment of the originally proposed turnpike section from Bridgeport to Kawkawlin because they stated that the traffic volume in this congested section would be insufficient to pay for the roads' construction and maintenance costs.

"Farther north, actual traffic counts demonstrate the number of cars and trucks using the highways are only a small percentage of the volume in the Bridgeport-Kawkawlin area.

"If investors are willing to risk capital in a venture of this magnitude then this is truly a time of financial miracles and I am ready once again to believe in Santa Claus."

Mr. Robert Edgar, Managing Editor Grosse Pointe News 99 Kercheval, Grosse Pointe, Michigan

Dear Mr. Edgar:

On behalf of the Michigan State Police and myself I want to thank you sincerely for the splendid and generous support you gave to our recent drive for recruits.

Although this was a tremendous job, the drive was a complete success, with 3,100 applications being filed. The result was remarkable and must be attributed to assistance we received such as you extended.

We are most grateful for your fine public service and your courtesy to us.

Cordially, JOSEPH A. CHILDS Commissioner

To the Editor: The parole of the "Cat" is an outrage and I wish to congratulate

late you upon the publicity you are giving to this miscarriage of justice. We in the Pointe appreciate your efforts to protect us from characters of this kind.

With best regards,

Ralph T. McElvenny.

Dear Mr. Edgar:

I am happy to fulfill the requirements of a unanimous motion passed at the December meeting of the Board of Directors of the Grosse Pointe Woods Community Club.

Our Board wishes to express its great appreciation of your increasing help to our program of services to the community through newspaper articles in the Grosse Pointe News. The articles published have helped in increasing the participation in our program as well as widening the awareness of our services in the community at large.

### What Goes On at Your Library

By Jean Taylor

Guest Columnist: Robert M. Orr, Director.

As we approach the New Year, it seems fitting and appropriate to look back over 1955. Miss Taylor has kept this column's readers well informed as to library news so this column will be in the nature of a summary.

On the plus side, it is my pleasure to again report a substantial increase in use. Library users now total well over 19,800, an increase of 1,950 over a year ago. Books borrowed well exceeded 310,000, again an all-time high.

With the steady increase in longevity and the long-term trend toward a shorter work week, adult recreation and education are becoming increasingly important. This is evidenced in Grosse Pointe by a heavy gain in adult library use, as well as by tremendous interest in the Adult Education program of the Public School system.

At the same time, more and more emphasis is being placed nationally on reading in the educational program. The child who develops early a love of reading in most cases will excel as a student. Certainly one well-known publisher has much merit in their slogan, "The child who reads is the child who leads."

Under President Charles A. Parcells, Jr., the Friends of the Library had another fine year, with a membership of 650 and excellent programs. Among outstanding gifts were the \$2,500 from the Friends, two teakwood bookcases for the Adult Room from the Parcells family, a silver service from Mrs. Russell Lucas, and the Herbert Matter photo-mural by Hawkins Ferry.

Several members of the professional staff were honored by the Michigan Library Association. Mr. Jones was made chairman of the Publication's Committee and was elected chairman of the Adult Education section, Mrs. Gaboda was elected Secretary-Treasurer of the School and Children's section, and Mrs. Finster was elected Chairman-elect of the Cataloger's section.

Miss Paula Preuthon, after four and a half years of Director's Secretary, is working on a graduate degree in Library Science. Four staff members were replaced this year. Newcomers

bringing such services to their attention.

Sincerely,

ELIZABETH H. JEFFERIS Mrs. T. K. Jefferis, President, Board of Directors, Grosse Pointe Woods Community Club.

are Mrs. Mary Barba in the Processing Department, Mrs. Ellen Hebb and Mrs. Eileen Stevens in the Circulation Department, Mrs. Rita Heifrich, Director's Secretary and Miss Marjorie Jillson as her part-time assistant.

New additions at Central include the Adult Room's teakwood bookcases housing the Children's Classics Collection, the Photo-mural and the collection of all textbooks used in the Public School system. Two new floor stacks were added to house the increased book collection, and a new Tool Cabinet was made possible by the Rotary Club.

High-lights of the year were Miss Taylor's Pre-School Story Hours, the monthly Family Film Nights organized by Mr. Jones, and the Public Library's first TV program over Channel 56, a most successful event also under Mr. Jones' direction.

In terms of service to the Community, it was a good year for the Public Library. I should like to take this means of thanking all who have made this possible: the Board of Education, our official board Dr. Otis M. Dickey, Assistant Superintendent of Schools; the Friends of the Library Board of Directors and Members; Mr. Robert B. Edgar, editor and general manager of the Grosse Pointe News, for his excellent coverage of Public Library News; an outstanding staff for their loyalty; and the many local residents whose interest in and support of the Public Library has been a source of constant inspiration. Here's wishing all of you, and this wonderful community of ours, a New Year full of happiness and progress.

## Plan New Year Dance at Center

By Janet Lancaster  
"Midnight Rendez-vous" will be the New Year's Dance at Grosse Pointe High School in the boys gym.

The time will be from 9:30 until 1:30 o'clock for couples in grades nine through twelve. Tickets will be \$2.50 per couple. Couples will dance to the music of Roston Clark and his orchestra.

Even though school will not be in session, guest permits may still be obtained in the office Tuesday, Wednesday, and Thursday.

Chaperones for the dance will be Mr. and Mrs. William Austin, Mr. and Mrs. J. Thomas Dawes and Mr. and Mrs. Dunbar MacMechan.

Committees for the dance are: Chairmen, Lorna Maguire and Don Worley, 12B's; publicity, Stu MacDonald, 12A; decorations, Cynthia Darragh, 12B; refreshments, Judy Balcerski, 12B; entertainment, Jim Wyse, 12A; and chaperone, Sally Jo Rich.

The decor of the dance will be carried out in pastel blue, royal blue and white with sequins. The scene will be a snowbound woods. Trees, figures and stars will decorate the walls. The traditional balloons, confetti and streamers will hang from a blue ceiling.

## Lochmoor Club Planning Gala

A big square clock, 3 feet in diameter, will be the focal point of the New Year's Eve decorations at Lochmoor Club. White bells suspended from the ceiling are to be included in the gold and white decorations scheme.

Father Time himself is scheduled to appear at Lochmoor Club's party, according to Dr. and Mrs. R. Sidney Sinclair, who are general chairmen. Mark C. is' orchestra will provide dance music, and breakfast will be served at 1 o'clock because of the early club curfew.

Valasichs the Joseph Wozniaks, Mr. and Mrs. Walter Horn, Dr. and Mrs. Arthur W. Spring, Mr. and Mrs. Howard B. Downs, Mr. and Mrs. Paul Keller Jr., Mr. and Mrs. W. J. ## Mast-Browning Nuptials Read

Robert Terrell Mast claimed Martha Browning as his bride at December 16 evening rites in St. Dunstan's Chapel of Christ Church, Cranbrook. Mr. and Mrs. Walter H. Mast of Merriweather road are the bridegroom's parents.

The bride, daughter of Mrs. Henry Clyde Johnson, of Bloomfield Hills, and the late Gen. Albert J. Browning, wore a Chantilly lace gown. Her silk illusion veil extended from a small cap, and she carried white roses and orchids.

Mrs. Hal R. Egbert, of San Gabriel, Calif., was her sister's only attendant. She wore a waltz length frock of royal blue satin and matching bolero. Her flowers were American beauty roses. The bridegroom asked his brother, Timothy Warren Mast, to be his best man. William R. Yaw, Jr., and Rufus M. Heitzel Jr., ushered. A wedding reception followed in the Johnson home.

## Two Debutantes Bow at Dinner

Margaret Gay Mercer and Susan Hallett, two lovely debutantes in floor-length white gowns, bowed jointly to society last Friday evening at a red and silver dinner at the Country Club.

Gay wore a white chiffon creation with Grecian bodice, diamond trim on ribbon of white satin edging the neckline, and a very full skirt. She is the daughter of Mr. and Mrs. Edwin J. Mercer, of Washington road.

Susan, whose parents are Mr. and Mrs. John J. Bradley, Jr., of Moran road, chose a white tulle gown that had slim straps over the shoulders and was sprinkled with sprays of pale green sequins and rhinestones.

A silver Christmas tree and red candles carried out the red and silver debut motif. Garlands of red poinsettias centered the silver table cloth which was fringed in the same two colors.

Both mothers were also in red. Mrs. Mercer chose a deep red V-necked sheath, and Mrs. Bradley, an off-shoulder, red poie de soie.

## Lillys Entertain At Yule Party

Mr. and Mrs. William J. Lilly entertained 60 friends at a pre-Christmas party in their Oxford road home.

About eight years ago when their party originated, it began as a tree-trimming party. As the number of guests has grown, trimming the tree has become impractical and the Lillys instead have a holiday "do."

Party guests included the Al Wrigleys, Mr. and Mrs. Oscar Olson, the George A. Gardellas, Mr. and Mrs. John G. Schafer, the C. Olaf Tallas, Mr. and Mrs. Charles Gardella, the junior George Gardellas and Dr. and Mrs. J. C. Danforth Jr.

Ceremony in St. Paul's Church on Tuesday Followed by Reception at Boat Club; Couple Skiing at Alta, Utah

Mr. and Mrs. Robert Allan Harrison left on a wedding trip to the famed ski resort at Alta, Utah, following their Tuesday wedding at St. Paul's Church on the lakeshore. Fr. Albert Melvin officiated at the 11:30 o'clock ceremony.

The bride, who was Gail DeGurse before her marriage, wore a floor length Italian ivory taffeta gown with iridescent sequins trimming the V neckline. Her tulle fingertip veil fell from a sequined pillbox, and she carried a prayerbook topped by a white orchid and stephanotis.

Waltz length gowns of green velvet were worn by the three attendants, Patricia Noteman, Anne Maycock and Donna Georgi. With their princess style frocks, they had matching braided headbands and carried white poinsettias and holly, to complete the Christmastime theme.

The bridegroom's niece, Beverly Gibson, came from Riverside to serve as flower girl. With her green velvet dress, she carried a small bouquet of sweetheart roses.

Vernon Winn was best man. Peter Osborne of Chicago, Ill.; the bride's brothers, Thomas and John DeGurse, and James Burk, ushered.

Grosse Pointe Yacht Club's New Year's Day open house is a long-standing tradition at the club. A family affair, it is the first official appearance of the new officers and directors.

Mrs. Harry R. Fruehauf chose the Christmastime debutante season to introduce her granddaughter, Janet Lynn, in Grosse Pointe.

Janet Lynn, who won't celebrate her first birthday until next month, came to town for the Christmas weekend with her parents, Mr. and Mrs. Richard Fruehauf (Janet Allen), from Wellesley, Mass.

The baby's grandmama used an "everything pink" theme for the tea on Friday, December 23, in her Lakepointe avenue home. Baby Janet presiding gravely over the occasion from her playpen, in a frilly pink frock was the

## Cupboard Space Makes Kitchen

Large or small—kitchens with cramped cupboard space can be a major headache to the housewife. Recently, Wayne University's home economics department compiled a list of helpful hints for getting the most benefit from your cupboards and kitchen drawers.

First look over your cupboard arrangement. You need a mixing center so you can stir up or fix a casserole with a minimum number of steps.

Kettles and saucepans should be stored as near the sink as possible where they can be easily reached when preparing vegetables.

Lids are best kept in the storage drawer of the range, since there is no reason to use them until the pan is on the stove burner.

A way to inexpensively ease crowded drawer space is to have the man of the house make a utility wall board. All that is needed is a two by three foot piece of peg-board, a bulletin board frame of the same dimension. Covers, potholders, strainers, mashers and other kitchen utensils can be hung from this handy item.

Dishes should be kept near the sink where they can be put away easily after washing, or near the dining table where they will be handy for table setting.

If you find it more convenient to store cooking utensils, groceries and dishes together, do so. There's no rule that says you can't. Sort both equipment and food supplies according to how often each item is used. Put those most frequently used where they are easy to reach. Avoid stacking pans or dishes whenever possible.

"Adherence to these tips now," claims Mrs. Frances Sanderson, head of Wayne's home economics department, "will make your kitchen a pleasant place to work."

## 'South Pole' Debut For Deborah Jenks

Little Club Transformed into Winter Wonderland as Mr. and Mrs. Jeremiah Jenks Present Daughter

Although the Little Club grounds held not even a promise of a "White Christmas" on December 23, snow and icicles abounded within for the South Pole dance at which Deborah Jenks made her formal bow to society.

Mr. and Mrs. Jeremiah V. Jenks and their daughter greeted guests in the drawing room of the Little Club. There, against a night sky-blue background, a dark haired figure in a sparkling white dress (looking remarkably like the deb of the evening) was surrounded by penguins resembling a stag line.

Deborah wore a floor touching strapless gown with tunic style bodice and nylon of white satin brocade and neylon net underskirt. Red camellias and stephanotis formed her bouquet. Mrs. Jenks was in pale green chiffon with empire waistline and full skirt, and her corsage was of eucharistic lilies and ivy.

South Pole decorations were everywhere. Before the French doors in the dining room stood two enormous white reindeers against a red background, banked by white Christmas trees lighted in red. Icicles and snowballs all but dripped from the room where guests gathered for dancing. Two large snowmen, with cherry red noses and eyes that winked merrily, stood in the front hall.

From the mantelpiece in the marine room, three penguins overlooked the scene, as guests gathered for breakfast at tables covered with emerald green cloths. A snow scene centered each of the candlelit tables.

Out-of-town friends who came to share Deborah's big evening were Ellen Armstrong, of St. Louis, Mo., Sarah Freeman, of Chicago, Ill., who was the deb's classmate last year at Dobb's Ferry, and Dinah and Randy Redfield, of Harbor Beach, Mich.

Ushers included George E. Hefferan Jr., Michael and Jerry Burke, Paul Marden, Rocky Gaut, of Cincinnati, O., Robin Beebe, David Beattie and Tony Lago-marsino.

## Mary Jane McCormick Weds John J. Hock

Ceremony in St. Clare de Montefalco Church Followed by Breakfast at Detroit Yacht Club; Honeymoon in Florida

Wearing a gown of Italian white silk, Mary Jane McCormick walked up the aisle of St. Clare de Montefalco Church to become Mrs. John J. Hock at noon yesterday. She is the daughter of Mr. and Mrs. George C. McCormick of Bishop road.

Her lace cap trimmed with seed pearls and fingertip veil of imported illusion bordered with lace had been worn by her mother and her sister, Mrs. Thomas P. Kelly Jr., at

their weddings. The bridal gown had a sweetheart neckline with lace inset, long sleeves and a full skirt falling from an empire waist. The bride carried a cascade arrangement of white roses.

The bride's two sisters, Kathleen McCormick and Mrs. Kelly, who came from Gardener, Mass., were her maid and matron of honor. Their silk taffeta ballet frocks of deep aqua had a pale aqua draped bodice top which formed the sleeves. They carried cascades of cream-colored roses and wore matching floral headpieces.

Roy Hock performed the duties of best man for his brother. They are the sons of Mr. and Mrs. Henry Hock of Wayburn avenue. George M. McCormick, the bride's brother, and Clayton Prince, of Port Huron, escorted guests to their places in the church.

Mrs. McCormick wore a dress of slate-colored silk taffeta and lace with matching accessories. The bridegroom's mother chose navy silk taffeta.

A breakfast at the Detroit Yacht Club followed the wedding. When the couple left on a Florida honeymoon, the new Mrs. Hock was wearing a three piece heather tweed ensemble with gray accessories. Upon their return they will make their home on Devonshire road.

A red and white floral arrangement predominated at Grosse Pointe Yacht Club Tuesday evening, when Mr. and Mrs. Frederick W. Pearce of East Jefferson avenue presented their daughter, Elizabeth Hope Pearce, at a dinner.

The debutante, radiant in floor length white peau de soie, greeted guests in the receiving line in the Commodore's room with her parents. Elizabeth wore long white kid gloves and had a colonial bouquet of fragrant white Roman hyacinths and pink sweet-heart roses.

Mrs. Pearce was in a pure silk satin American Beauty gown with fitted bodice, long torso and very full skirt gathered at the back to create a bustle effect. She had pink satin gloves and shoes and wore a purple-lipped white orchid.

A conventional large urn filled with white and red flowers and silver holly, atop an Ionic white column, stood on either side of the receiving line.

Ted Loud escorted the debutante into the main dining room where guests met for dinner and dancing. Pottery bowls of red and white carnations with silver holly centered the tables. ## TB Seals Gifts Still Welcomed

The excitement of Christmas has past but don't let the holiday spirit die without sending in your annual contribution to the Tuberculosis and Health Society, Mrs. Virginia P. Wegmann, Seal Sale director, urges.

"There are those who need your thoughts at Christmas time—those who are ill of tuberculosis in our hospitals. They need your help to aid them in their return to a normal life," she said.

"Your fellow citizens need your holiday gift of health because your contribution at the Christmas Season is working all-year-round to make Wayne County more free from the threat of TB and to make our community a healthier place in which to live and work."

When you forget to send a contribution to the TB and Health Society or the Detroit Tuberculosis Sanatorium at Christmas time you have forgotten them for a whole year as the two organizations do not participate in the United Foundation, through mutual understanding, and they make only one appeal each year.

The Christmas Seal Sale is the only means of support for the services of the two agencies. Christmas Seals have been supporting the tuberculosis control program in the United States since 1906.

It is never too late to do your part and join more than 100,000 of your neighbors in giving your gift of health. Contributions should be sent to the TB and Health Society, 153 East Elizabeth, Detroit 1.

## TVA Operates Huge Generator

The Tennessee Valley Authority reports that what it called the "world's largest steam generating plant" has gone into full operation.

The Kingston steam plant near Knoxville now is making full use of all nine of its generating units, increasing the installed capacity of the TVA power system to 9,024,985 kilowatts.

A celebration by plant employees was conducted last month at Kingston, marking completion of the plant. Actually, however, the ninth 18,000-KW unit had not yet gone into operation because of equipment delays.

## U. S. Treasurer Will Talk Here

Mrs. Ivy Baker Priest, Treasurer of the United States, will speak at the January 5 lecture of the Grosse Pointe Celebrity Series, at the Esquire Theater, 15311 East Jefferson.

Following the 11 a.m. lecture there will be a celebrity luncheon at Al Green's restaurant. A limited number of individual lecture tickets will be on sale at the box office Thursday, January 5, at 10 a.m. The price of single tickets is \$2.50.

Mrs. Priest has been active in political affairs since 1934, when she became president of the Utah State Young Republicans. Her interest in public service has been

reflected in her work as president of the Utah State Women's Legislative Council, as vice-president of the Utah Safety Council and in the General Federation of Women's Clubs and the American Red Cross. She took the lead in winning the first minimum wage for working women in Utah, and participated in the establishment of the Youth Center for Davis County, Utah.

Mrs. Priest resigned from the Republican National Committee when she was designated to be Treasurer of the United States in the Eisenhower Administration. She assumed office on January 28, 1953.

She received an honorary degree of Doctor of Laws from Rider College, Trenton, New Jersey, and a Doctor of Science in Business Administration from Bryant College of Business Administration of Providence, Rhode Island.

Born in 1905 in Kimberley, Utah, Mrs. Priest entered the University of Utah, but left in her freshman year to help support her family when her father, a miner, became ill. Later she continued her education through extension courses at the University of Utah. She became a telephone operator, then went into merchandising, working during the day and teaching classes in American history and citizenship at night.

Mrs. Priest has three children: Patricia Ann 18, Nancy Ellen 13, and Roy Baker 12. The family's home is in Arlington, Virginia.

Money raised through the Grosse Pointe Celebrity series, sponsored by the Assistance League of Bon Secours Hospital, will be used toward a new convent and chapel for Bon Secours Hospital.

Green trees sparkled with red lights in the Little Club as Mr. and Mrs. Mills and Valerie received their guests before the mantel which was adorned with white poinsettias in a Christmasy setting.

The debutante, who bowed earlier in the month at the Baltimore Cotillon, is the daughter of Mrs. John Shallcross, of Reisterstown, Md., and Washburne Wright, of Birmingham. She wore a full skirted waltz length gown of red lace made on princess lines, and carried a bouquet of stephanotis, a gift from her father. Mrs. Mills wore white gardenias with her black velvet gown, and Mr. Mills donned his red hunting coat in adherence to the Christmas colors.

Hazen Pingree, Michael Hoey, Jock Hoey, Henry Hubbard III, Philbrook Cushing Jr., Mark C. Stevens Jr., William Reeve Clark Jr., Theodore E. Loud, Edward C. Parker Jr., and George B. Hefferan Jr., were Valerie's ushers. The deb will be here for the holidays before returning to freshman classes at Hollins College, Roanoke, Va.

### Food Scoops for the Week

There's more pork, beef, turkey and chicken on hand now than at any holiday in history!

All meat prices have declined for 7 straight weeks and are now near their post-war low! Prices for hogs are the lowest they have been in 14 years and much of this drop in the farmer's price is passed on to the consumer in the form of low-cost pork. Smoked ham may be a very appealing holiday item at its present prices, and fresh ham and pork loin roast are other excellent choices to cut the food budget. Top quality thick sliced bacon and sausage roll are economical breakfast suggestions.

If your preference is for roast beef, supplies are good. The standing rib roast is selling at a very attractive price, but the blade chuck roast is the best value. Even round and sirloin steaks are reasonable in price.

There are still plenty of turkeys available for only a few pennies more than they were at Thanksgiving. Because there has been an indication that lighter weight birds are more popular this year, roasting chickens, Beltsville-type turkeys and caponettes may also be good values. Frying chickens are more plentiful than usual for this time of the year and are an outstanding budget-saver.

Shrimp are still limited in number and running about 20 cents a pound more than last year at this time. Both medium-large select oysters and the small standard size are plentiful and moderate in price.

There is much variety in vegetables and fruits on the produce counters. Tomatoes are abundant and very low in cost. Pascal celery, cucumbers, green onions and radishes are higher in price this year, but still quite a reasonable choice. The first kiln-dried sweet potatoes are a very good value in the markets. They keep for a long period of time.

Supplies of Florida oranges are both abundant and very low in price. Tangerines are rapidly becoming more plentiful and the juicy-sweet tangelo may also be chosen for citrus variety. Quantities of California navel oranges are considerably less than last year and prices are correspondingly higher. However, more attractive prices are expected in January when the late northern crop arrives along with the usual southern crop. Sizes are running larger this year.

There is a plentiful stock of western Delicious apple, but the Michigan McIntosh, Jonathan,

Northern Spy and Delicious apples are more economical. The green D'Anjou pears are above average in supply this year. The Emperor grape is the main grape variety on the counters.

A cheese tray for unexpected guests is being recommended by the display of very economical cheese varieties. One pound packages of creamed cottage cheese and 3 ounce packages of cream cheese also offer menu ideas.

#### GOLDEN HAM CASSEROLE

1 1/2 to 2 cups sliced left-over ham  
1 tablespoon vinegar or lemon juice  
1 cup milk  
2 eggs  
Salt and pepper  
1 cup grated cheese  
2 1/2 cups uncooked noodles  
1 tablespoon grated onion  
1/2 cup each - sliced stuffed olives, sliced celery, fried mushrooms, cooked peas.

Stir vinegar or lemon juice into milk and let stand for a few minutes. Cook the noodles according to the directions on the package. Combine ham, milk, slightly beaten eggs, 1/2 teaspoon salt and 1/2 teaspoon pepper, cheese and noodles. Add olives, celery, mushrooms and cooked peas. Pour mixture into a greased casserole. Top with buttered bread crumbs or crushed cereal flakes and bake in a 375 degrees F. oven for 35 minutes. 5-6 servings.

### Will Use Plane On Trip to Pole

WELLINGTON, N. Z. — Two United States Navy officers will attempt to be the first men in history to set foot on the South Pole from an aircraft.

Rear Admiral George Dufek, commander of the American Antarctic task force, said he hoped to land at the pole in a ski-equipped plane next month — if organizing duties at base allowed him to get away when the weather was right.

Rear Admiral Richard Byrd, veteran Antarctic explorer who left for the polar continent two days ago on the expedition ice-breaker Glaciar, has already announced he intends to be the first man to set foot on the Pole from an aircraft.

Both men are on "Operation Deep Freeze" to set up bases for the 1957-58 International Geophysical Year.

## HOMECOMING FOR MELODY

By Fran Pachter

GREAT preparations were afoot to honor Pastor Lane, a desire to pay homage to the gentleman who had taken over their small parish when they had been left bereft. They were well aware that their church had little to offer in the way of a comfortable living or monetary gain, so were overwhelmed to learn that the well known Rev. Lane had agreed to come. Many wondered why he had left the large wealthy parish to service them?  
Upon their arrival, it was noted that his wife was stylishly dressed and his fine tailored clothes spoke for the fact that they had been used to luxuries. Many felt that their poor ways might be distasteful to the Pastor and his lady. At their first social meeting, Mrs. Lane dispelled their fears saying graciously, "It was like coming home, as she had grown up in a parish such as theirs and her Dad had been the Town Pastor."  
Pastor Lane had also won their hearts by his praise of their work and their evident faith, judged by the number in attendance at their first meeting. They had thought the Pastor and his wife to be childless, but he in one of his sermons had touched on the willfulness of children and his outward show of emotion as he had talked had made them feel that some tragedy had occurred in his path, and that at one time they had a child.  
The first year anniversary of his arrival was near and out of gratitude for his ever constant vigil when their needs were great, felt that they wanted to make this a memorable occasion. They had planned a large dinner and had purchased for him a television. They delegated Mary Brown who had become fast friends with Ellen, the Pastor's wife.  
Ellen appeared startled but agreed that it would give her husband pleasure. Their daughter had entered the entertainment world and the Reverend had disapproved.

He had immediately regretted his hasty words but she had dropped out of sight and they did not know where she was.  
Mary, armed with the name, Melody, promised to go to Radio City and try and locate her. Mary was thrilled to learn by mention of the girl's name her present address. She was surprised to learn that she recorded under the name Mel Lane. Her meeting with the young lady went off very well.  
Mary brought her up to date, telling of her father's change of parsonages, pointing out that he had left town shortly after she had and that in their small town, they had no sets.  
The night of the dinner, Rev. Lane sat down to a turkey dinner that rivaled that of any hotel. Mrs. Lane's eyes twinkled as she awaited the big surprise of the evening, but both experienced a warm feeling of tenderness toward these kindly people. The dinner over, Rev. Lane got up, preparing to thank them. They waved him down, informing him there was more to come. It was time for the unveiling of the set and not a whisper had reached the pastor and his wife that it must be turned on exactly at eight.  
The curtains were drawn back, the hall darkened and the set lit up. On the screen appeared a lovely young lady whose startling resemblance to her mother startled the watchers as much as it did the pastor. Her voice rang out, singing her dad's favorite piece, "Moonlight Madonna."  
He rose chokingly crying, "Melody" only to sit down suddenly feeling weak as he saw a spotlight appear next to the set and Melody standing there in person, singing with herself.  
Sobs were heard as the last notes filled the air and the on-lookers were treated to a family reunion. There wasn't a dry eye in the room as the pianist held the moment sacred by playing, "Lord, I'm Coming Home."

## WORDS AND THOUGHTS

AND NOW IT'S MY PLEASURE TO INTRODUCE ONE OF THE FUNNIEST COMEDIANS

BUT LET'S FACE IT... Where are my earplugs?

## "I REMEMBER" BY THE OLD TIMERS

From Mrs. Flora A. Fenrod, Bradley, Illinois: "I was born in 1869, near Dongola in southern Illinois. I can remember when we didn't have even a washboard to wash clothes. My father made a trough out of a log with rough places left in the bottom where we rubbed the clothes to clean them. And the mothers of each family went to a nearby pond or spring to wash their clothes because of the shortage of water in the homes. At night we sat by candlelight, before the kerosene lamps became in use in our community.  
I can remember the first car I ever saw. It sure did scare the horses and they didn't quite know what to make of it.  
I remember the first canned fruit I ever saw. I was a child and we had always dried our fruit, apples, peaches, corn and pumpkins. The canning of fruit was certainly a real improvement over our old methods.  
My father raised sweet potatoes by the wagon loads and hauled them off to Dongola to be shipped by train to the larger cities.  
My childhood days were days of hard work, but we were a large, happy family of ten children, with two 'extras' taken in because they had no home.

the collar to prevent the shirt from crushing when it's in the drawer. Sheets which have worn out in the middle need not be discarded. Use them for sewing on a mattress pad and you'll be able to tuck the sheet part in and thus prevent the pad from slipping. Plastic spoons are ideal for supporting plants and vines which are in flower pots. They do not rot and can be moved easily since soil does not cling to them.  
Bias seams will not sag if they are stitched twice, a fourth of an inch apart. Instead of opening the seam when pressing, press the whole seam to one side. You'll like this idea for skirts if you've ever had trouble with a sagging hem.  
The earliest steamboat was built in France in 1780; a small steam craft built in England in 1802 was found efficient for freight and passenger service; the first practical steamboat Robert Fulton's "Clermont," began regular service in 1807 and the first transatlantic steamer, the "Great Western," made its initial crossing in 1838.

OO, LA LA! . . . Giselle Thier-ry, "Miss Francoe of 1954," arrives from Paris for night club engagement at Miami Beach, Florida.

## THE STARS

MANY leaders in the music industry are predicting a revival of blues and swing popular in the 1920's and 1930's, already in evidence through the current breakthrough of banjo songs. . . Song publishers believe the blues and swing beat is the next step in the rhythm and blues progression and it's ready for a try at the teenage disk audience to whom it sounds like all new stuff. Current examples are Frank Sinatra's top recording of "Learnin' the Blues" and the tunes from Jack Webb's "Pete Kelly's Blues."  
A new musical "bundle from heaven" is expected next February at the household of singer Jo Stafford and her conductor-husband, Paul Weston. . . And rumors have it that Debbie Reynolds and Eddie Fisher are also expecting, but if these rumors are as premature as all the marriage rumors were before this couple finally made it official, this may be the only baby in history to be born when it's three years old. . . Popular George Gobel (who, incidentally, is just as good in his sophomore year as in his first, a rare feat in the fast-moving television world) has signed a recording contract with RCA Victor.

**PLATTER CHATTER**  
CAPITOL—A lot of new names these days. . . Anita Tucker is one and she does a fine job on "Let's Make Love" backed by "Slow, Smooth and Easy". . . Then there's Sonny James, who has been around but not made himself too well known yet. . . His "Careless With My Heart" is good. . . Flip side has "Pigtails and Ribbons". . . The Four Knights are established and popular and they continue their excellent work with "Guilty" backed by "You". . . Still on Capitol, Red Nichols and His Tenors have a promising disc in "Glory, Glory," a traditional adapted by Nichols. . . A Nichols original, "Bugler's Lament" is on the reverse.  
Nine smokers out of each 20 can recall the advertising message on matchbooks in their pockets, a recent survey determines.

FILM STAR . . . "Jackie the Fourth" registers for plane trip from Los Angeles to Mexico City, where he'll take part in movie making.

## DALE CARNEGIE

WILLIAM O. PRATHER, 466 N. Garland, Memphis, Tennessee, says that a few years ago he became so worried that he could not sleep; he lost his appetite and got behind in his work. This was a few months after he was advanced to the job he now holds. One assistant manager resigned to keep from having a nervous breakdown, the next one had a nervous breakdown and the manager died from a heart attack before he had been his assistant a month.  
Not having had any office experience, he was told that the quickest way to learn the work was to have all the mail come to his desk. He was out of town most of the time and the mail would pile up. Then he would get so worried he would not know what to do first. Nothing he tried helped him with his worries until one Sunday night at church the minister was preaching from Dr. Norman Vincent Peale's book "The Power of Positive Thinking. One of the verses in the scripture he quoted was "Come unto me, all ye that labor and are heavy laden, and I will give you rest." He followed that advice and took his troubles to the Lord, asking to be helped in his many daily problems.  
The next morning when he went to his office, he assigned the mail to various ones. What they could not take care of he had put on his own desk. This he sorted as to the most important and then took care of it in that order. The assigned mail he kept up with through the reading file. Now the work is being taken care of and he has no fear of a nervous breakdown.

State Tourists Show Increase

Michigan's tourist industry reflected the nation's general economic prosperity throughout 1955, according to the Michigan Tourist Council's annual year-end business review.

On the basis of seasonal reports made by Michigan's regional tourist associations and individual operators, Robert J. Furlong, Council executive secretary, estimates that the state's tourist business showed an overall increase of about 10 per cent over 1954.

This general conclusion, said Furlong, is supported by the various devices to which the Council regularly refers for an indication of the amount of tourist travel within the state.

Among the most highly regarded checks is the flow of traffic over the Straits of Mackinac, which during 1955 showed an increase of approximately 6.5 per cent.

General highway traffic in the state's major tourist areas showed a 10 per cent increase over 1954.
