HEADLINES of the WEEK As Compiled by the Grosse Pointe News

Thursday, January 20
ANTOINE PINAY, foreign minister of France, urged anti-Reds to band together to prevent Communists from getting seats in the French Cabinet. He said anti-Red parties can get together in a Government alliance.

In a message presented to the newly opened National Assembly, he said that the Reds will continue to win Cabinet seats if "other help continues to be rejected with obstinate disdain." The Communists have expressed a willingness to support a Republican front Cabinet with their 152 votes, the strongest single bloc in the new Assembly.

MICHIGAN DEALERS have bought enough "bootleg" cars to supply a state the size of California, it was reported by a Senate sub-committee headed by Senator Monroney (D., Okla.). Hearings were opened in Washington today. First witness at the hearing will be George Romney, president of American Motors corporation. The hearings will be extended over two months.

Monroney said that an eight-month survey showed Michigan dealers bought "thousands more" cars than they sell in Michigan. He also said that many new cars are driven from Detroit to far-away points.

RED CHINA-CHARGED that the United States' refusal to renounce force, is blocking an agreement on Formosa. United States Ambassador U. Alexis Johnson n Geneva, declared that a 2,500 word statement by Wang Png Nan, special Red Chinese ambassador, reflected "to some extent" the progress made in 24 weeks of secret negotiations. Wang's statement broke the official secrecy on the talks and summarized the Chinese version of the exchanges with Johnson.

The American ambassador said the "statement also attempts to gloss over the stark failure of the Chinese Communists" to carry out a December 10 commitment whereby all Americans in China who wanted to return home would be released.

Friday, January 20
PRESIDENT EISENHOWER made no objections to entering his name in the presidential primary, but was a little skeptical about whether he will run for re-election. He spoke in the manner of one who does not expect full restoration of his health.

He coupled this statement with a warning to the Republicans that in selecting their 1956 standard bearer, there should be more than one personality. He made the statements at the first White House conference since August 4, to a near-record crowd of 290 correspondents who bargained him with questions about his Administration which is three years old today.

IN A DARING COUP, thieves stole a truck carrying \$280,000 in gold in Geneva, Switzerland. The thieves were believed to have come from across the French border. The gold was owned by a private firm and weighed about 551.16 pounds. The gold bars were shipped from Paris to Geneva by air and were loaded onto a truck at the Geneva Airport.

There were no guards assigned to the shipment which was considered just a routine assignment. The driver of the truck drove it to company headquarters and then left it for a few moments. When he returned the truck was gone. It was found empty near the French border.

Shores' Plea For Water Sidetracked

Farms Agree to Offer Standby Service Rather Than Guarantee

The Farms council virtually turned down a Shores request for continuance of water service until 1957, during a regular meeting held on Monday, January 16.

City Manager Harry Furton told council that a survey conducted by Acting City Eng. Sidney DeBoer, showed that the Shores would not be seriously effected if the Farms cut off its water supply.

Gets Little from Farms
He said that the Shores receives most of its water from Detroit, and about five percent of its supply from the Farms. This small amount he said, is just enough to augment the Shores' water pressure in the few homes serviced by the Farms.

On November 7, the Farms informed the Shores that as of May 1, 1956, it will no longer receive water from the Farms.

On Thursday, January 12, the Shores requested an extension of the service until negotiations are completed between it and the Woods, in which the Shores is seeking a permit from the Woods to construct a water main through Vernier road to Mack avenue, to connect with a Detroit main.

Council Approves
Mr. Furton recommended that a standby service be offered, rather than outright service, which the council approved.

The city manager said that the Farms itself uses 60 percent of its own water and the City, its regular customer, uses 35 percent.

Ernest Gruening, Noted Editor, To Talk from Personal Experiences and from Data Gathered Over Many Years

The question of statehood for Alaska will be discussed at the February 2 lecture of the Grosse Pointe Celebrity Series, to be held at the Esquire Theater, 15311 East Jefferson avenue. Ernest Gruening, Governor of Alaska from 1939 to 1953 will be the featured speaker at the 11 a.m. lecture.

Former Governor Gruening will analyze the statehood of Alaska not only from his personal experiences in Alaska, but from data he gathered from 1934 to 1939 when he was Director, Division of Territories and Island Possessions, with jurisdiction over Alaska, Hawaii, Puerto Rico, Virgin Islands, South Seas and Equatorial Islands, U. S. Antarctic Service and the Philippines.

On Many Papers
Prior to that, Gruening was variously editor and managing editor of many publications, including the Boston Traveller, Boston Herald, New York Evening Post, The Nation, and La Prensa. Hope to Establish Community Blood Bank at Center

Donors Needed to Make Project Success; Red Cross Bloodmobile to Be at Memorial Tomorrow, Friday, January 27

The War Memorial Center is making a last minute appeal for donors to contribute to the blood bank tomorrow, January 27, between 2 and 8 p.m.

The American Red Cross is continuously called upon to meet emergencies and to alleviate the sufferings of people the world over. This is the reason your blood is so desperately needed.

Few Appointments Made
Tomorrow, the Red Cross Bloodmobile will be at the Center. It will be the only time this winter. Appointments have been discouragingly few.

Mrs. G. R. Koester and her hard-working volunteers are in hopes that readers of this article will stop at the Center, 32 Lake Shore road, to donate their pint of blood.

Transportation will be provided for those who request it; all that need be done is to call TU 1-6030. Also, there will be babysitters on hand to care for the small children of donors.

Center Wants Bank
The Center is interested and anxious to build a blood bank for residents of the Pointe who are not connected with an organization or concern, where they can contribute blood, for use by their immediate families in case of an emergency.

Tomorrow is the beginning of the Community Blood Bank. Will you deposit a pint?

Mr. Marden said that with the sending of the completed final report, he and the members of his committee are in hopes that the Pointe will be recognized and rewarded.

He said that each community participating in the contest is required to send a complete report and an album containing newspaper clippings, pictures and so on, pertaining to the campaign carried out to effect the cleaning up of the community.

Voters Give Nod to Plan For Building

Junior High School, Two Swimming Pools and New Heating System Seen

The School bond issue was passed by a small majority, special school election held and re-districting of the School District was approved overwhelmingly in the special school election held on Tuesday, January 24.

The total number of votes cast in favor of the issue was 3,968, and opposed, 3,005; for the reclassification, 4,961, against, 2,006. All told, 212 ballots were spoiled.

This is how the schools voted:
Trombly: bond issue, yes — 235, no — 205; reclassification, yes — 319, no — 103.
Defer: bond issue, yes — 238; no — 336; reclassification, yes — 334, no — 262.
Maire: bond issue, yes — 370; no — 355; reclassification, yes — 426, no — 320.
Richard: bond issue, yes — 482, no — 508; reclassification, yes — 741, no — 250.
Vernier: bond issue, yes — 314, no — 212; reclassification, yes — 384, no — 135.
Mason: bond issue, yes — 591, no — 352; reclassification, yes — 694, no — 336.
Monteith: bond issue, yes — 687, no — 390; reclassification, yes — 826, no — 242.
Kerby: bond issue, yes — 607, no — 579; reclassification, yes — 806, no — 373.

It was officially disclosed that the election brought about the highest turn out of votes during school elections held so far.

A majority of Pointe organizations and resident-taxpayers expressed themselves as being in favor of the bond issue, and a good number were opposed to it.

However, there had appeared little, if any, opposition to the re-districting of the School District.

The former was presented to the taxpayers for their decision, and the re-districting question was opened to all voters.

The two issues were:
1—To authorize the Board of Education to spend \$3,475,000 for a new junior high school, swimming pools at Pierce and Parcels, and the renovation of the High School heating plant.
2—Permission to change the Grosse Pointe Public School System from a fourth class to a third class district.

The bond issue was requested for the construction of the proposed new junior high on the Chalfont site, complete with a swimming pool of its own; for the swimming pools in Pierce and Parcels, which will be made available to the entire community and parochial and private schools, and the renovation of the high school's heating plant, including replacement of its boilers.

The present heating plant has been in constant operation since February 1928.

The bond issue will be completely repaid by 1968-69.

Drunk Driving Sentence Upheld

A sentence imposed on a motorist charged with drunk driving, by Park Judge C. Joseph Balanger, was upheld by Circuit Judge Neal Fitzgerald on Tuesday, January 17.

Gerald Crown, 45, of 29625 Gloria, St. Clair Shores, appealed a fine of \$85 or 30 days, and the revocation of his driver's license for six months.

Crown was apprehended for speeding on October 24, 1955, while driving east on Jefferson. Officers who stopped him at Jefferson and Bishop, said they found him in an intoxicated condition, and took him before Judge Belanger.

The city was represented by City Attorney Pierre Heffler and the defendant by Carl Schweikart, a Pointe attorney.

In reviewing the case, Judge Fitzgerald said he saw no reason to change the sentence.

During the interim of waiting for the outcome of the appeal, Crown was permitted to drive, Park Police Chief Arthur Louwers said. With the upholding of the sentence, he said, the fine and revocation go into effect immediately.

chairman of the men's advisory committee, with James W. Lee II as vice-chairman. Others re-elected to this committee are William DeBaek, Henry E. Bodman, Henry B. Joy, Jr., Ernest Kanzler, S. R. Livingstone, John N. Lord, John McLucas, Allen W. Merrell, William Moir, William K. Muir, R. L. Proper, and Joseph A. Vance, Jr.

The medical staff of Cottage Hospital has elected Dr. M. C. Wilson, president Dr. A. Z. Rogers, vice-president Dr. L. W. Korum, secretary Dr. A. J. Hammer, treasurer. Department heads are Dr. E. G. Mrs. Grawn, who presided at the annual meeting, reviewed the greatly augmented services of the hospital, including the new Gift Shop, the pharmacy, the new Recovery Room, and the enlarged X-Ray Department.

The Women's Auxiliary, with Mrs. Henry Klein as president was praised by Mrs. Grawn for its many accomplishments in fund-raising and other projects and for its enthusiastic support.

Eighty women of the community now serve with the Volunteer Guild, and a group of high school girls work at the hospital each Saturday.

Inflation in general costs, particularly in salaries, was stressed by Mr. Cartmill in his talk as the cause of the increase in Blue Cross rates.

"The Blue Cross plan should be considered by us and by the public as pre-payment of hospital care rather than as insurance," said Mr. Cartmill.

"Blue Cross is a non-profit organization. If hospital costs go up, Blue Cross rates go up. Hospital costs have risen primarily as a result of rises in costs of labor."

"Hospitals must be constantly vigilant to economize in any way possible if it is not economy, however, to dispense with necessary medical services," he said.

Cadillac

He's Looking for a Mountain!

You see, he knows what he has down under that beautiful hood—a great, powerful V-8 engine that's pulsing with life—and he's simply itching to give it the word!

But he is a sane and sensible driver, who stays within the regulations and observes the laws of common sense—and he knows he can't unleash that engine on a normal stretch of highway.

So he's looking for a big, long, steep hill. Maybe he can get the throttle down there for a short thrust—just to find out what it's like!

Well, maybe so—but even on a mountain, he won't use full throttle for long.

For this car is powered far beyond all normal requirements.

Why, you might ask, is this so?

Well, in the judgment of Cadillac engineers, it's done for many reasons.

First of these is safety. A great reserve of power for the quick escape from an emergency is of the essence of highway safety. There is simply no substitute for it.

Then there's economy. A big, powerful engine that loafs at normal speeds permits the use of an axle ratio that makes for gasoline economy.

There is long life—for the absence of strain adds to the life of any mechanism.

And finally, there is the great riding and driving luxury that comes with extra power . . . the whisper-silent engine, the instant response to the throttle, the sense of safety and security.

Of course, luxuriant power is but one of the basic superiorities in the 1956 Cadillac. For here is the finest of all Cadillacs—unmistakably, the "car of cars."

Why not come in soon and see for yourself? We will be most happy to supervise a personal demonstration on the highway.

The car is waiting for you—and any time you find the time would be a good time for a date!

Schools Pledge Park Aid In Storing Vote Machines

The Grosse Pointe Public School System and the Park have concluded an agreement which guarantees storage space for the Park's new voting machines, it was brought out at a Park council meeting on Monday, January 23.

Park City Clerk Charles Heise informed members of the council that the pact has been signed and that the purchase of 21 machines, which hinged on the agreement, will be ordered immediately.

He said that because of inadequate space in the Trombly

School, where voters of Precincts 1 and 2 go to cast their ballots, the six machines which will be used during elections, will be stored in the pumping station, next to the Municipal Building, Jefferson and Maryland.

Six machines used in Precincts 5 and 6, will be stored in Defer School, where the precincts are located; Pierce Junior High School Precincts 4 and 7, will store another six.

Mr. Heise said that the remaining three machines will be in the basement of the Municipal Building which is Precinct 3, where there is ample room.

He said that Precinct 7, previously located at Bishop and Kercheval, has been transferred to Pierce, because the city has been forced to move its voting shed, due to owners taking over the property for building construction.

Rotarians Honor Charter Members

The Grosse Pointe Rotary Club recently honored its 10 remaining charter members during ceremonies held in the Grosse Pointe War Memorial. The original number was 27. Eight of the charter members of the club, which was founded on June 17, 1937, are shown in the picture. Woods Church Holds Election

Fourteen new officers were elected by the Grosse Pointe Woods Presbyterian Church at its annual meeting on Friday, January 20.

All will be ordained and installed by the Rev. Andrew F. Rauth, minister, on Sunday, February 5. They will serve three-year terms.

Elected as elders were Robert Betzing, Dale Boyles, Russell Clinton, Harry Leonard and Fred Olmsted. They replace Clarence Anderson, Daniel Hembel, Charles Mulliken, Neil Van Oostenburg and Gordon N. Cameron.

Named to the board of deacons were Frank Babbage, Lloyd E. Coffin, Charles D. Busbey, Edward J. Goodin, Kenneth Johnston and Marshall F. Moser. They succeed Don Behrens, Wesley Black, Don Brown, Dale Boyles, George Britton, and Mr. Goodin (who had been named earlier to fill a vacancy).

Three new men were elected to the board of trustees. They are John Telep, Bernard F. Martin and Don Brown, who replace Leon D. Ratcliffe, Wilfred Valade and Everett Roll.

Continued growth in membership was reported by Lloyd C. Hulme, clerk of the session. He said the membership now totals 1,413. During 1955 there were 213 new members added. With some losses by death and moving from the area, the net gain was 128.

Mrs. Max Luce, superintendent of the church school, reported an enrollment of 1,127, compared with 1,115 a year ago.

The church adopted a budget of \$68,750 for 1956, compared with \$58,757 last year. Dan H. Butler, chairman of the Every Member Canvass Committee, reported that the budget is already oversubscribed.

Wilfred Valade, chairman of the church's building council, obtained the congregation's approval for an additional expenditure of \$6,100 to complete the church house addition, now under construction. The original authorization was for \$131,500.

The church house is to be completed, Valade said, in 12 to 14 weeks.

Lathrop Morse, the building council's finance chairman, reported that \$162,922 has been collected on net pledges totaling \$163,765 made in a special three-year building fund drive that began in May, 1953.

George R. Fink of 69 Cloverly road, has retired as a director of Manufacturers National Bank at the annual meeting of the bank's stockholders.

At the same time Harry J. Loynd of 610 Neff road, president, Parke, Davis and Company, was elected to the bank's board. All other directors were re-elected.

Park Police Seeking Dog

The Park Police Department is hunting a male Collie with long white hair, except about the head and back near the tail, which are brown.

Chief Arthur Louwers said that the animal has ears that stand erect; has some of the characteristics of a Huskie; and is wearing a black leather collar.

He said this dog bit one person and another dog. He also said that the animal

had been seen at several locations on different days in the Park. To date, police have not been able to catch the animal or to locate its owner.

Chief Louwers said the dog did not evidence a rabid condition, but his department is interested in locating the animal to complete an investigation.

He asks anyone having information regarding the dog, To call Valley 2-7400.

Youths Learn About Politics

Peggy Williams of 259 Moran road toured the White House with Mrs. Mamie Eisenhower on January 25, as one of the varied activities of the Young Republican Leadership Training School, now underway in Washington, D.C.

Young Republicans numbering more than 200 from every part of the nation, also had the opportunity of visiting Congressional and Senatorial offices as part of an intensive five-day training in practical politics.

Purpose of the leadership school is to enroll four million new Republicans in the nation's 160,000 precincts.

Speakers at the school during the first three days discussed organization work, campaign plans, volunteer workers and Young Republican precinct activity.

Featured speaker Wednesday evening was Senator George Bender (Ohio).

Thursday sessions of the school will be addressed by Edward Tait, Special assistant to President Eisenhower; Secretary of Labor James Mitchell; Secretary of Agriculture Ezra Taft Benson; Congressman Richard Simpson (Penn.), Chairman of the Republican Congressional Campaign Committee; and Senator William Knowland (Calif.) who will make a presentation of 1956 campaign issues.

Reports Losing Purse in Church

Mrs. Ruth Ague of 913 Lakewood, Detroit, reported the theft of her purse from a pew while attending a 10 a.m. Mass at St. Ambrose, on Sunday, January 22. She told Park police she had gone to the front of the church to light a candle, and when she returned to her seat, the purse, containing \$5 and personal papers, was gone.

Church Offers Special Service

The philosophy of religious education and interpretation of the curriculum of a liberal church school will be the subject of discussion on Sunday, January 29, 8 p.m., at the Grosse Pointe Unitarian Church, 17440 E. Jefferson, when the Sunday Evening Talkers present the Reverend Miss Edna Bruner, Field Worker and Educational Consultant for the Division of Education of the Council of Liberal Churches (Universalist-Unitarian).

The Reverend Miss Bruner came into the new federated organization after becoming Director of Education, Universalist Church of America. She has been a minister since 1930. From 1945 to 1951 she was minister of the First Universalist Church of Canton, New York, home of St. Lawrence University and its theological school.

Under Rev. Miss Bruner's leadership in Canton, the church school program developed to the point where, in co-operation with the theological school, it became an education and laboratory center for theological students.

Everyone interested in the philosophy and curriculum of a "liberal" church school is cordially invited to attend.

Mason School Ready for TV

Atop the roof of Mason School stand two tall, thin monuments to foresight, and specifically, to the foresight of a group of Room Mothers and Mason Principal Ethel Tucker. They are two TV antennae.

The story goes back to May, 1953. At that time the Mason School Room Mothers presented the school with a TV set. Chairman of the Room Mothers then was Mrs. Donald Emerson, 1756 Hollywood, and the co-chairman was Mrs. John Le Blond, 1338 Vernier. The gift was equipped to receive educational programs when they should become available in this area. It was the first Grosse Pointe Public School to be equipped for TV reception.

Recently the present Room Mothers, with Mrs. Walter Griffith, 1398 Hollywood, as chairman and Mrs. Richard Warner, 1884 Country Club, as co-chairman, have provided two outlets for the set, one in the library where it usually remains and the other in the auditorium where the set can be moved if more than one group is to view the program.

The school TV set is used for special programs with educational implications rather than for entertainment. Mason youngsters in the primary grades have viewed such programs as learning to play games, developing good manners, and practicing courtesy, and singing old and new songs.

Their older counterparts in the upper grades have televiewed such typical offerings as how our government functions, speeches by the President, the government hearings, and the Detroit Symphony.

With the advent of Educational TV Channel 6 serving the Detroit area, Mason School is looking forward to their programs. Channel 56, currently operating on a limited schedule, is presenting educationally sound programs aimed primarily at school audiences.

Mason School will receive these offerings, again the first school in the Grosse Pointe District to be able to do so.

Austin Dads to Meet

And there can be no doubt that "good times" have a lot to do with this.

But all by itself, it doesn't explain the sudden spurt in sales of the finest of Buicks—the 1956 Roadmaster.

For it has always been our experience that folks with the wherewithal to buy any car they choose are apt to be the choosiest of all.

So it seems quite clear that the marked and increasing preference for Roadmaster is in the fineness of the car itself.

We can tell you why very simply.

Roadmaster starts off with all the virtues that have vaulted the full line of Buicks to soaring popular favor—then caps that acclaim with a worthiness all its own.

You sense this especial eminence at once—in the individualized styling of this gracefully proportioned car.

You recognize it again—in the quiet elegance of its custom appointments—and in the good taste of its luxurious fabrics and color harmonies.

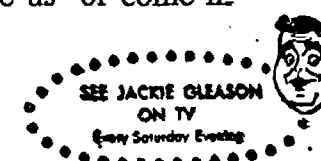

But you know it for sure in the lift and thrill and spirit of Roadmaster performance.

For here is the obedient might of the highest-powered V8 engine in Buick history—coupled to the flash-fast response and absolute smoothness of an advanced new Variable Pitch Dynaflo—most modern transmission in motoring today.

And here is Buick comfort, Buick handling ease, Buick roadability, and the great Buick ride—each brought to its peak in this Buick of Buicks.

In all truth, no man who puts true merit above mere symbol could ask for more than is his in Roadmaster.

If that applies to you, we'll be happy to arrange an introduction. Will you phone us—or come in—for a demonstration soon?

Mothers' Class Has Vacancies

There are still a few vacancies in the class "Understanding the Adolescent," meeting for the next seven Wednesday mornings at the Department of Community Services of the Grosse Pointe Public School System, at 43 Grosse Pointe boulevard.

The class starts at 9:30 a.m. and finishes early enough to allow mothers to get home in time to prepare their children's lunch. The fee is nominal.

Taught by Mrs. Morgan Sherman, co-author of the recent book, "The Challenge of Being a Woman," special emphasis is being placed on the adolescent,

his relationship to his parents and other children in the family. Some time will be spent in considering women's role in today's culture.

The class is a perfect way to banish doldrums that gray, wintry days bring on for so many housewives. Stimulating ideas, lively discussions, and warm friendliness characterize each session.

Further information may be obtained by calling Mrs. Kenneth Hosopple, the class chairman, at TU 4-1532, or by calling the Department of Community Services at TU 5-3808.

Political Club Holds Election

Mrs. A. G. Boylston was re-elected president of the Women's Republican Club of Grosse Pointe at its annual meeting and election of officers on January 18 at the Grosse Pointe Club.

Mrs. Boylston, who has just completed her first term as president of the club, is also a member of the Republican State Central Committee.

Mrs. C. Grant Barnes was re-elected first vice-president in charge of membership. Other officers chosen include: Mrs. Irving Ingraham, second vice-president; Mrs. Merlin Cudlip, treasurer; Mrs. Henry T. Bodman, assistant treasurer; Mrs. Joseph Lackey and Mrs. John Neiman, recording secretaries; and Mrs. John Pelkens and Mrs. Robert Waldron, corresponding secretaries.

Guest speaker for the occasion was Harvey Wagner, assistant manager of engineering, Detroit Edison Company, who spoke on "The Geneva Conference for Peaceful Uses of Atomic Energy."

Mr. Wagner, who was a delegate to the conference, was introduced by Mrs. Walker Cislser. He stressed the advantages of international cooperation in the development of atomic energy for uses other than weapons. He pointed out that much valuable manpower can be saved by avoiding duplication of effort in the various countries engaged in research.

He felt that the conference was a success both scientifically and politically, as it proved to the world this country is sincere in its desire for peace and gave western scientists an opportunity to talk with Soviet scientists in the first conversations of this nature which have been unmonitored.

Mr. Wagner also felt that the U. S. and Great Britain are leading the world at present in the development of atomic energy for industrial purposes, and mentioned that Detroit Edison has had such a program under way since 1950.

Commodore's Ball Held at Yacht Club

Mervyn Gaskin Paid Honor as Members Turn Out For Annual Gala Event Saturday Night In Lake Shore Clubhouse

The Commodore's Ball Saturday night honored Mervyn G. Gaskin as commodore of Grosse Pointe Yacht Club for 1956.

Mr. and Mrs. Gaskin greeted guests in the doorway of the main dining room at the club. In the receiving line with them were Vice Com. and Mrs. Stark Hickey and Rear Com. and Mrs. Charles L. Jacobson, who were also honored at the ball.

After a 7:30 cocktail hour members and guests assembled for the grand march, which proceeded through the rotunda and up the staircase into the main lounge, where they took their places for dinner. Tables were set for dinner in the main dining room and Green Room, as well, to accommodate the capacity crowd.

The center of each room was cleared for dancing; an orchestra furnished dance music and provided accompaniment for the excellent floor show.

George C. Cossaboom was toastmaster for the presentation program following dinner, at which Com. Gaskin received the flag and pin of office.

One of the club guests for the

evening was the prominent French artist, Rene Bouche, who made deft sketches of the party scenes. The January issue of Vogue magazine carried an article showing 16 of Bouche's recent portraits, including those of the Duchess of Windsor, Audrey Hepburn, Gian Carlo Menotti and a self-portrait.

Among those who attended the ball were the Harold Lightbodies, Mr. and Mrs. William G. Boales, the Arthur D. Sutherlands and Mr. and Mrs. Simpson C. Leonard.

Attending in a group were Mr. and Mrs. Charles A. J. Kotcher, the William Whytes, Mr. and Mrs. William Besancon, the John Griffins and Mr. and Mrs. R. D. Van Houten.

Others at the ball were the Victor H. DeBaekes, the William DeBaekes, Mr. and Mrs. Forrest R. Olds, the Clyde A. Bucks and the R. J. Nixons.

Many people spend so much time wishing they had an income that they have no time to earn one.

Woods Garden Club to Meet

The Grosse Pointe Woods Garden Club will meet on Tuesday, February 7, at 12:30 p.m. in the home of Mrs. Albert Beever, 1510 Fairholme drive. Co-hostesses will be Mrs. Thomas Brown and Mrs. Charles Brownell.

Guest speaker will be Albert T. Ayling, supervising forester of the Detroit Department of Parks and Recreation, who will speak on "Landscaping in Care of the Gardens."

New officers of the club for the year are Mrs. Lowell Montgomery, president; Mrs. R. G. Hammel, vice-president; Mrs. Cecil Pollard, recording secretary; Mrs. William J. Goodson, corresponding secretary, and Mrs. Beever, treasurer.

Starlighters Keeping Busy

A group of Starlighters met at the parking lot of Our Lady Star of the Sea Parish on January 20 and proceeded from there to River Bank for an enjoyable evening of tobogganing. As long as the weather holds out, many more enjoyable evenings of winter sports will be planned.

Last Sunday afternoon some of the guys and gals went to Greenfield Village after which there was a party.

The next meeting of the Starlighters will be held at the house of Rosen Bolen, 20283 Morningside, on Wednesday, February 1.

On February 11, the club is sponsoring a pre-lenten dance appropriately called "A Date With Cupid." Sarah Lawrence College Head Opens Women's Lecture Series

"I am a housewife and I like it," is more frequently heard today than the old saying, "I am just a housewife and what can I do about it," which used to be the lament of women."

This was a statement made by Dr. Harold Taylor, president of Sarah Lawrence College, who spoke on "The Future of American Women" at the opening of a lecture series sponsored by the American Association of University Women at the Grosse Pointe War Memorial Center, on Friday, January 20.

The audience of nearly 200 women packed the meeting room and Dr. Taylor was guest of honor at a luncheon after the meeting.

Dr. Taylor was the speaker at the opening of a six-week series on "Woman in a Changing World." Lectures and workshop sessions are to be held on successive Friday mornings at the Memorial Center, through February 24.

Introducing the speaker, Mrs. John R. Pear, president of the Grosse Pointe branch, AAUW, said:

"Dr. Taylor does not dwell in an ivory tower, but he plays tennis and the clarinet, sails and skis when time allows. He received his Ph.D. in London, married a Londoner, and they have two daughters, 8 and 13 years of age, whom they have followed through nursery school, so Dr. Taylor has become acquainted with the prob-

lems of adolescence in his own home life.

"Dr. Taylor believes in America and the innate values of its people. He is best known for his defense of academic freedom and for his initiative in experiments in the liberal arts at Sarah Lawrence College.

"The sum of this broad study in our lecture series is to bring the American woman clearly into focus, to stir in her a realization that the soul of a great nation is in her keeping."

The speaker at this week's lecture Friday, is the eminent educator, Dr. Ernest Osborne, professor at Teachers College, Columbia University, whose topic will be "Revitalizing Family and Neighborhood Life."

Dr. Taylor said:

"Most educated women enjoy the realities of home life, gain satisfaction in being with their children and enjoy doing the things they need to do."

He pointed out that when skillfully done, this offers a happy fulfillment of living to any woman. It presents a big challenge, and it often is more gratifying than a career in business or the arts.

In meeting the challenge of being a woman, Dr. Taylor emphasized that a woman must decide for herself what are her goals.

"Do you want to be loved by your children and your husband as an entity, and not just

Stieber-Cataldo Wedding Held

Therese Marie Stieber and Roy Richard Cataldo repeated their marriage vows Saturday, January 21. Rev. Fr. J. R. Collins, O.S.A. officiated at the 11 o'clock ceremony in St. Clare of Montefalco Church.

Parents of the newlyweds are Mr. and Mrs. August A. Stieber of Bedford road and Mr. and Mrs. John Cataldo of Laing avenue.

An ivory peau de soie gown with neckline embroidered in seed pearls and a full train was the bride's choice for her wedding. She wore a matching crown with fingertip veil and carried Eucharist lilies and stephanotis.

Ursula Stieber was her sister's maid of honor. Rose Cataldo, the bridegroom's sister, and Mary Radlicki attended as bridesmaids.

The three wore waltz-length coralberry crystalettes frocks trimmed in velvet, with matching hats and shoes. Their flowers were cream roses and ivy.

The bridegroom asked his brother, James, to be his best man. Gerald Stieber and Philip Cataldo escorted guests to their places.

Ferry School P-TA Plans Barn Dance

Ferry School parents and teachers are getting together "just for fun" this Friday evening, and from all indications, everyone should have a whale of a good time.

Chairmen of the event, Mr. and Mrs. Gene Most, report that all preparations have proceeded with great success due to the good work of enthusiastic committee members, room mothers, and other PTA members.

Square dancers will find the gym transformed into a "right smart barn" complete with bales of straw and other fixin's appropriate to a good old fashioned barn dance. They will also be treated to calls by those popular Grosse Pointe callers, Wes and Julie Rea, who are members of the Ferry PTA, by the way.

For those who are not given to allemande rights and allemande lefts, cards will be in order—bridge, canasta, etc. And for those who are not inclined to either cards or dancing, there will be plenty of opportunity for some good old-fashioned socializin'. (Pull up a bale of hay, pardner, and let's exchange yarns!)

Enterprising committee members have already gathered over 30 excellent prizes which are on display in a show-case at the school. Bug-eyed children have been eyeing these all week, and a number of parents and teachers have been seen looking longingly in the same direction. Refreshments are included, too.

All committee members deserve much credit for their

splendid work on this event. In addition to chairmen, Mr. and Mrs. Gene Most, the committee includes: Margaret and Frank Broedell, Doty and Don Co-chell, Fern and Anthony Colett, Jean and Bill LeRoy, Lloyd and Bill Seaborn, and Rosemary and George Frederickson.

If any members of the Ferry PTA or friends of Ferry PTA have not obtained tickets, they will be available at the door.

bard, took a train for the coast on Saturday. Ralph Warner Simonds, Jr., flew out from Burlington, Vt., to be his brother's best man at the ceremony.

On Wednesday, Mrs. Norman Meginnity feted the visiting Simonds clan and the Harold C. Simonds, of Pasadena, at a luncheon in her home. Harold and Ralph Simonds are brothers. Dick and Judy met out there last July when they were both in the wedding party of Betsy Simonds and Schuyler Royal. Judy is the daughter of Mr. and Mrs. Philo Knowles Holland, of Pasadena. A reception at the Anandale club will follow the evening rites. After a honeymoon trip to Hawaii, the couple will make their home in Neff lane.

They'll Marry in Austria

Janette Fitzsimons, daughter of Mr. and Mrs. Frank E. Fitzsimons of Harvard road, is spending her mid-semester vacation through January 31 from Butler University, Indianapolis, Ind., with her sister, Mary Louise in San Diego, Calif. On February 2, Mr. and Mrs. Fitzsimons, their daughter, Kathleen, and her aunt, Miss Kathleen Badger, will leave Grosse Pointe for Vienna, Austria, where they'll spend five days before going on to Klagenfurt, for Kathleen's February 11 marriage to Hans Tschurtschenthaler.

Mary Louise, who is to be her sister's maid of honor, will join her family in Vienna. After the wedding is over, she'll stay on for a fortnight's skiing before returning to San Diego.

Two Ceremonies

Hans' brother, Rev. Fr. Heinrich Tschurtschenthaler, will be on the altar when the couple plight their vows at a solemn high nuptial mass at noon Saturday, February 11, in Dom Zu Maria Saal, the church in Carinthia, Austria, a short distance from Klagenfurt. The bridegroom-elect is the son of Mrs. Maria Tschurtschenthaler, of Klagenfurt. As required by Austrian law, Kathleen and Hans will be married on February 10 at a civil service. Contrary to custom here, they will arise early the day of the wedding, go to church for communion, attend the big wedding breakfast, and then dress and return to church for the formal ceremony at high noon. After the marriage, the Fitzsimons will return home via Rome, Madrid and Lisbon.

Kitty Sanner entertained for Kathleen at a personal shower and tea in her Neff road home, and Barbara Bull of Bedford lane gave a miscellaneous shower. Mrs. Courtney Fitzsimons and Mrs. R. B. Gottfredson feted the bride-elect at a luncheon and kitchen shower in the Gottfredson home on Grand Marais boulevard.

Dominican Mothers Club To See Basketball Game

Refreshments will be served following the game. Hostess for the evening will be senior vice-president, Mrs. James La Rue, assisted by the senior mothers.

Mrs. Charles Patteuw, president, will preside at the business meeting.

University Club Holding Party

Travis, state chairman for the Treasury's U.S. Savings Bond Division. Total sales for the year exceeded by \$3,853,335 the state's quota of \$321,800,000. St. Clare Parish Sponsors Dinner

BAKE POTATO IN FOIL

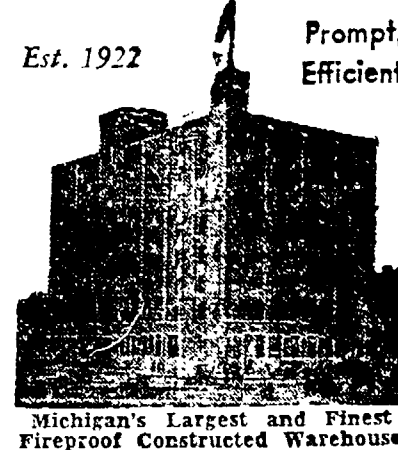

Scrub, dry and lightly grease your favorite baking potatoes. Wrap each one in a piece of foil and bake as usual. To serve, fold back the foil, make a crisscross cut in the top, squeeze slightly to puff up add a pat of butter and a dash of paprika.

Potatoes baked in foil have a delicious, meaty quality, not too dry, and the skins are soft and palatable.

If dinner is delayed, foil baked potatoes can be held as long as an hour and still be fit to serve. It's something to remember when you're not sure guests are going to be on time.

ARNIM SEIELSTAD, son of MR. and MRS. EARL SEIELSTAD, of Fairholme, played the part of Pawnee Bill in the Ohio Wesleyan University production of "Annie Get Your Gun" on January 19-21. Seielstad, a senior physics major, is among about 75 students in the cast of "Annie" which is being presented as the annual OWU Senior Show. Seielstad also helped design the sets for the musical.

Cinema League Presenting Outstanding Travel Film

"The Green Slopes of Colorado" an outstanding movie travelogue is being presented this evening, January 26, at 8 o'clock at the Grosse Pointe War Memorial Center under the auspices of the Grosse Pointe Cinema League.

This movie, which is open to the public, was photographed and narrated by Nate Reiss of Detroit. The pictures unfold for the audience wonders of the west seldom caught by a camera. Featured are pictures of a trip on the last of the narrow gauge railroads—the D. R. and G. W. between Silverton and Durango.

In the railroad sequence Mr. Reiss rode on top of the little railroad on its 3000 foot ascent through territory inaccessible in any other way. The audience will also see the Royal Gorge Bridge weaving in a high wind and will go with the photographer on the famous Aspen, Colo. ski lift.

Mr. Reiss, who is an amateur photographer with professional background—he formerly was

with Paramount and Fox in Hollywood—will show the pictures himself and will discuss with the audience methods by which other amateurs may improve their own movies.

MAKING IT EASIER

Seventy-three major improvements, simplifications and eliminations of red tape, making it possible for the American public to use its postal system to greater advantage than ever before, have been put into effect since January, 1953, Postmaster General Arthur E. Summerfield informed Postmaster Edward L. Baker.

Wayne Offering Children's Play

"The Emperor's New Clothes," a comedy for children by Charlotte Chorpenning, will be presented by the Wayne University Children's Theatre on Saturday, January 28, at 10, 12:30 and 3 at Parcels Junior High School. The production here is presented under the sponsorship of the Grosse Pointe Brownie Scouts.

For about 14 years, the Wayne University Theatre has toured children's plays to the elementary schools of this area in an attempt to help incorporate the arts into the elementary school program. Playing to over 30,000 children with each play, the Wayne Children's Theatre has one of the largest children's audiences in the United States.

Following its policy of bringing to life well-known selections from children's literature, the theatre is this year presenting a dramatization of the famous fairy tale, "The Emperor's New Clothes." The adaptation for the stage is by the late Charlotte E. Chorpenning, one of this country's outstanding children's playwrights.

The story concerns an Oriental Emperor who cares for nothing but his clothes. The minister of the robes plays on this weakness to rob the royal weavers and persecute the Empress. Two polking rogues convince the Emperor that they can weave a stuff which cannot be seen by anyone unfit for the position he holds. Everyone is afraid to confess that he cannot see the new clothes the Emperor orders.

The comedy situations which result enable the rogues to save the Empress and the weavers and expose the villainy of the minister. The Emperor proudly walks in procession clad in nothing but his underclothes to show his people the glory of his new clothes.

The current production, designed especially for a children's audience, runs about an hour and 15 minutes. The play is one, however, that is enjoyed by both children and adults. The setting was designed by John Streeter, the theatre's technical director. The entire production is under the supervision of Leonard Leone, Director of the Wayne University Theatre.

The cast, consisting of outstanding theatre students, includes Margaret Johns, Josy Fox, Luis Ybarrow, Fred Bassoff, Larry Lerew, Dorothy Goldstick, Barry Levine, Clifford Ammon, Russell Smith, Donald Mazer and Georgetown Heflin.

Being afraid to lose keeps some people from trying to win.

Edison Awards College Grants

Grosse Pointe residents Joan Brauns 1218 Hampton, and John Klein, 1220 Maryland, were among a group of 35 students honored by the Detroit Edison Company.

All were given college grants by the company early in 1955. Joan, a graduate of St. Clair High School, is a first year student at Wayne University, and John, who attended Grosse Pointe High, is a freshman at Calvin College.

The one-year scholarships were given to January and June, 1955, high school graduates living in the company's service area. Winners were selected by Michigan collegiate institutions on the basis of scholastic ability, character, citizenship and extracurricular school activities. College grants will be offered to high school graduates again this year.

Give Us Back Our Boots

We have been wandering around the east a bit for the past two weeks, trying to shake off some of the tension engendered by the annual pre-Christmas deal of abnormally heavy papers, augmented this year by the newspaper strike which is now happily ended.

We have been visiting with old friends in Washington and Baltimore and New York, taking a peek at a few of the theater's offerings and winding up with Motorama.

We are happy to be able to report that the best thing we saw in the dramatic line was the Pointe's own Julie Harris in "The Lark", a magnificent play with a genius as its star. Even our memories of Katherine Cornell in the role of Joan dimmed as we watched Miss Harris in a spine-tingling performance.

We can recommend this play as a "must" for all who are New York bound, and would also suggest a look at "Janus", in which the incomparable Miss Margaret Sullivan finds the opportunity to be at her very best. "No Time for Sergeants" is more than mildly amusing with its portrayal of the life of a hillbilly draftee.

No vacation can be entirely devoid of serious aspects and our most solemn moments came during a conversation with a gentleman we met at a luncheon in Baltimore. He was scoutmaster of a Boy Scout troop and his comments gave us pause for thought.

The chief complaint of this leader of youth was the strangulation hold that had been placed on every manifestation of personal initiative, ambition and pride in achievement which might be manifest among any of his particular charges.

In his troop, many boys sign up to take the required study and pass the required tests to qualify for advancement to attain a higher grade in scouting or to earn another merit badge.

A very small percentage of this group tackle the problem at hand with sincerity of purpose and an earnest desire to display their own ability. The remainder evidence no interest, refuse to attend sessions devoted to learning about the subject being studied and are completely defiant in their attitude.

Comes the time when recommendations are to be made as to who has earned the right to promotion, or who shall receive the merit badges which used to be so coveted when we belonged to the scouts. The leader who was airing his grievance was horrified and no little frustrated to find that such recommendations meant nothing to the powers that be in scouting in Baltimore.

Blanket awards were made. Every scout who had signed up for this course or that, no matter with what zeal he had pursued the subject, was given the advancement or badge. There was absolutely no distinction between the avid student who worked diligently and the sneering youth who hadn't participated at all in the program. All were honored on an equal basis.

This is a frightening thing. Just about everything worthwhile in this country has been created and maintained through personal initiative and private enterprise. Are we now raising generations in which we have killed this fire of ambition? It is a melancholy thought.

The achievement of the individual has always been one of the prime factors in the development of nations and peoples everywhere. Attempts to stifle such impulses can result in nothing but retrogradation. There have been too many evidences during the last quarter of a century in our own country, of a trend towards dependency on government. The "What Does It Matter?" attitude grew to alarming proportions because more and more agencies were created to take care of the ills and shortcomings of every class.

If we have retreated to the basis of teaching this lesson of disdain to our young people, we have indeed backed ourselves into a sorry position.

Maybe the whole trouble lies in the style of our footwear. Perhaps we should give up the "loafers" and get back to the old boots with straps. Remember when rugged individualists used to hoist themselves up by them... or die with them on?

"TILL I WAKE"

When I am dying, lean over me tenderly, softly
Stoop, as the yellow roses droop in the wind
from the South.
So I may, when I wake, if there be an Awakening,
Keep, what lulled me to sleep, the touch of your
lips on my mouth.

BEAUTY SALON - CALIFORNIA STYLE:

What form of insanity, did I ask???? Because he's a male hair-stylist time and time again after said stylist has been rude, crude and insulting? This one is a lulu. He doesn't care a whit whether you like him or not because he's so sold on himself... he doesn't need anyone else. He will take you without an appointment at almost any hour, as he works from 9 to 9 daily. If need be—he'd come in at 6 a.m. in an emergency—or work til midnight. If HE doesn't like your attitude, he will let you know in no uncertain terms and make it plain that he doesn't want you to come in again.

If he likes you—he can't be insulted—he just laughs it off. In between a shampoo and a set, he's liable to take his pet parakeet, (which perches on his shoulder while he works), and give it a shower-bath in the shampoo sink. Then he'll stand and coo to it as he dries it off and coax it for a kiss. He practically yanks your hair out by the roots and snarls mean nothing to him... he rakes through them with vengeance. If you dare to complain, he tells you to "shut-up"... it isn't hurting HIM!

If you are under a dryer and try to come out for a breath of air before your hair is dried... he slams it back down and you are lucky to come out without a fractured skull. During a manœuvre... if you have one paw in the soapy water dish and he's working on the other one and your nose has an itch and you take the one out of the water to scratch it—he will slap your hand and ram it back into the water. By the time he gets ready for the nail polish you feel you won't need any because he must have saved your fingers off to at least the first knuckle.

Then he will gently smooth lotion into your aching hands and all is supposed to be forgiven. If your car isn't available when you are finished, he will run you home if he hasn't another immediate appointment. He will dash out and bring in coffee or what-not if you wish (ahem!) that is, if you pay for it. He just copped off a big prize in the International Hairdressers shin-dig out here in California but he has the most disreputable looking shop you ever saw.

He taught his parakeet to say, "Get out of here, you old bag"... and laughs with glee when it shocks some dowager and despite his shabby atmosphere, he has a very select clientele. He's handsome... bronze and blonde but his language is atrocious. He brushed one woman's hair for thirty minutes one evening to suit her fancy after he had set it... after which she tied a bubblegum over it and he flew into a rage and told her to never enter his shop again! When she timidly asked "why"... he fumed "... you wasted thirty minutes of my time brushing your hair and then you tie that silly thing over my beautiful hair-do!" He'll never do her hair again.

What form of insanity will make a woman go to a darned good hair-dresser... knows his business and I ought to know because I just spent 4 hours in his torture chamber!

We heard of a lot of strange bequests in wills but to us, this takes the cake and it is a TRUE story with no names mentioned. A certain voluptuous beauty from Hollywood... just before she took off to entertain the GIs in Europe... made out her will in which she specified that she wanted her eyes left to the "eye-bank"... her body to science... but... "only after a funeral service in which I want to lie in state for all the wolves of Hollywood to see."

Are you impressed with celebrities???? A friend of ours had to make a sad journey back to Cleveland not long ago to bury her father. On the return trip, she was routed through the Willow-Run Airport in your fair city. There was a wait for her connection so she strolled over and sat down along-side another lady and in her pre-occupation concerning her father, she paid no notice to the other until the woman spoke to her and commented "... My, the planes are all a bit late today, aren't they????? Then she added "... 'I'm going to New York... what is your destination????' My friend turned to her and said "... 'I'm returning to California'. And then my friend told me, her mouth dropped open because the lady who addressed her so pleasantly, was our lovely former "first-lady"... Mrs. Eleanor Roosevelt.

That reminds me of the first time I saw Bing Crosby. Talk about a mouth flying open. He was driving past my home on his way from the Lakeside Golf Course and I was putting around in the yard. When he saw the gape in my face... he grinned and WINKED! Later I learned that a "wink" is his standard trade-mark. If you ever run into him and he knows you recognize him... he'll give you a big-fat wink! Guess I'm still a jittery school-girl at heart.

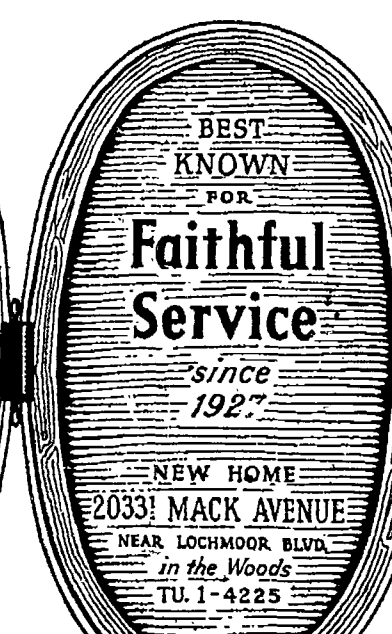

It's fun pinch-hitting for PRYOR once in a while as her West Coast correspondent. If there is anything special you'd like me to write about... why not drop a line???? Until the next time... HASTA MANANA from the good old San Fernando Valley! ADIOS AMIGOS!!

Library Offers Family Movies

An hour's program of informative and entertaining films is offered to patrons of the Grosse Pointe Public Library on Friday, February 3. On that evening at 7:30 p.m., the February showing in the series of monthly Family Film Nights is scheduled. It will be held in the meeting room of the Central Library at Kercheval and Fisher.

Neither tickets nor advance reservations are required for the showing, for which upwards of one hundred seats are available. Now well along into its second season, the Family Film Nights are building up a growing clientele among Grosse Pointers. Offering three or four short films on each program, the series is geared to attract family groups.

With items chosen to offer appeal to all age groups, the programs provide a convenient worthwhile family activity. A feature of each of the programs of the current season has been a film on a Michigan topic. Serving to introduce a new facet of Michigan life, or to refresh memory of a familiar one, the Michigan items have provided a touch of local color to each of this season's showings.

Program details of the February Family Film Program will appear in next week's newspapers. Interested Pointers are invited, meanwhile, to set aside the evening of Friday, February 3, for this showing at the Central Library.

What Goes On at Your Library

By Jean Taylor

Guest Columnist: George F. Jones

Why read a book?

Just over a century ago Henry Thoreau was retiring to his private pond, there to live for eight months on a food bill of \$8.74 and to escape the interruptions of his many and noisy neighbors. To look back on his time is to seem to view a world in which but little came between man and his thoughts. Conversation with one's neighbors within walking or horse-driving distance, the scanning of the few small newspapers that came along, the reading of what one could buy or borrow of the few hundred books then issuing from America's presses—these would seem to sum up man's distractions.

The intervening years have seen America become inundated with communication. Mid-twentieth century man lives in a world both plagued and blessed with communications media of a variety and ubiquity which would have driven the Concord sage to darkest Africa. The twentieth century once hopefully referred to as the century of the common man, has more pertinently proved to be the springtime of the blossoming of the communications industry.

The telephone has, its promoters will proudly tell you, put you in almost immediate communicating range of something over one hundred million people. The radio and television industry is spending over six dollars per year to attempt to monopolize the eye and/or ear of each and every American.

The New York Times runs to pounds, not ounces, on a high season Sunday. And reading clinics are doing very well in offering succor to ostensibly literate people about to be drowned in a sea of words. All of which brings us to the point of why bother with anything as old-fashioned as a book.

In the days when print was high and paper scarce, there may, perhaps, have been justification for the premise that reading a book was a "good thing." But in times when fools and knaves, and opportunists claim title pages along with the wise, the upright, and the dedicated, something more than blind reverence for the printed word is called for. To this

To Show Rare Music Boxes

Arch L. Rankin, well-known Grosse Pointe will exhibit many of his music boxes at the annual meeting of the Detroit Historical Society, January 30, at the Detroit Historical Museum. Not merely a collector, he has repaired and restored the objects in both his own and the museum's collection.

Rankin's interest encompasses mechanical objects of every shape and size—from a tiny mechanized bird that sings to a rare 1904 Cadillac. His collection has become so extensive that a separate building was added behind the Rankin residence to house it.

A recognized authority in his field, Rankin has been consulted by the Ford Museum as well as the historical museum, which recently commissioned him to build a replica of the first Charles Brady King car. His varied interests are expressed through active participation in the Veteran Motor Car Club, the Music Box Society and the Detroit Historical Society.

Items of the collection to be displayed at the meeting were previously featured in the Collector's Corner at the Historical Museum in September and October of 1954.

writer, the something more lies in the fact that the book is the last stand of personal, responsible, leisurely communication.

While the mass media have served well in communicating mass material to the masses, by their definition their weakness is delineated. One appreciates the fact that Mr. Luce each week amasses over one million words to provide a summary which can be read in less than an evening. But wisdom, properly season with gratitude, requires constant awareness of the fact that Time stays in business only by publishing what is sufficiently interesting to the majority of its enormous constituency to gather in their renewal checks. This necessity of mass acceptance for survival as a mass communications media gives the book both its opportunity and its claim to the right of survival.

The opportunity arises from the fact that a book can come forth with an expected total readership of perhaps ten thousand buyers over an extended period of time over the entire English speaking world. The opportunity is heightened by the simplicity and directness of the writer-publisher-buyer relationship. The writer writes, the publisher publishes, the reader buys and, it is hoped, reads. The buyer pays the entire cost. This in contrast to the subsidized media (newspapers, magazines, radio, television) where the final result represents a very careful balancing of the desires of not just three parties, but of four, with the subsidizer sometimes in the position of domination.

The book's ability to survive on a small, paying-its-own-way audience, gives it its greatest strength—that of giving voice to the unpopular viewpoint. While this avenue of heresy seems frequently peopled by viewpoints compounded equally of nonsense and bad taste, its existence is vital to a free and progressive society.

For the true measure of freedom lies not in the mere tolerance of divergent views, but in the maintenance of an effective avenue for expression and propagation of those views. And the true heaven of true progress is but occasionally the viewpoint currently enjoying mass acceptance.

More generally it is the revolutionary idea which, given some means of reaching some audience, cannot fail, by its rightness, to ultimately gain mass acceptance. In the provision of that means, the book serves democracy and freedom well.

Carelessness Creator of Accidents

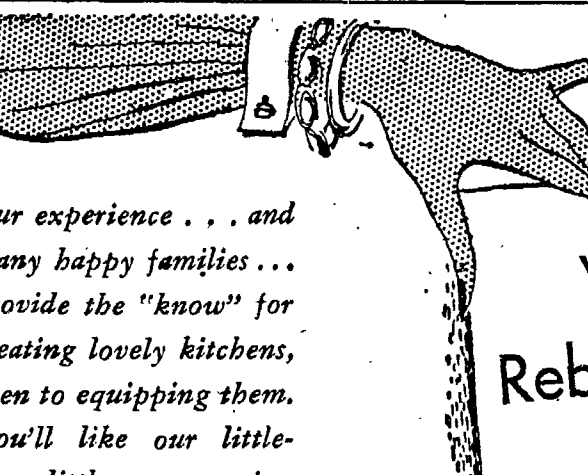

By FRED KOPP, R., Ph.

Almost a hundred per cent of accidents are caused by nothing more than carelessness... automobile, fire, drownings, falls. The remedy is simple, be careful at all times... this takes constant awareness and practice.

It is natural as we come to live in more densely populated areas that accidents will increase if we do not take extra precaution to prevent them. Being careful pays off in big dividends, practice it daily, your efforts will be rewarded when opportunity for accidents occur and you can successfully avoid them.

You won't need to regret the accident that never happened.

This is the 580th of a series of Editorial advertisements appearing in this paper each week.

for what you can do for them?" he asked.

Mrs. Morgan J. Sherman, chairman of the AAUW status of women committee, which initiated the project, asked the audience "to come to every meeting with an alert mind, seeking to understand themselves in this changing world."

She said the overwhelming response to the oversubscribed series showed clearly that women are interested in finding the answer to the question of how to lead more effective, happier lives.

Dr. Taylor admitted there is a conflict for the intellectual woman in the home, citing the inertia in the lives of the suburban London characters in T. S. Eliot's "The Cocktail Party" who were maintaining themselves in the usual routine and "learned to avoid expectations."

It is Dr. Taylor's earnest suggestion that women develop within themselves a philosophy that can sustain them in a changing world. This was shown when he said he is not "pro husbands" and that it is time women stopped "tip-toeing around the male ego."

He noted that women today have passed that phase in their struggle for emancipation where they had to prove themselves intellectually equal to men.

As a result of World War II and the Korean conflict, new patterns of home life have been established, he says. Of the twenty million American women now working, 60 per cent are married and out of this number, 38 per cent have children under 18.

It is possible for a woman to have a husband and children, and all to be happy, and for her to have a professional career as well, but this would apply to only a small minority. Also, the mother who chooses this living pattern must recognize that her children continue to need love and attention. She must be able to work out a new mode of living for the family.

Another tiny minority of women, who feel frustrated over not working, can make a happier home life for their husband and children in the long run if they do accept professional jobs.

Some extremely interesting trends in life today were revealed by Dr. Taylor.

There is, for instance, a phenomenal increase in the number of women attending U. S. colleges, so that there may some day soon be more women than men. In 1904 there were 5,000 American girls in college. Today, out of a total of 2½ million college students, 1¼ million are women. By 1960 it is predicted there will be 4 million students, of which 2½ million will be women.

Today's college students do not see it as a dilemma, Dr. Taylor said, to have a career and be married. Living in Quonset huts either at Army posts or on college campuses and having children has made for a natural and easier way of relating attitudes of men and women toward each other in marriage.

In the past 15 years, girls have started dating at age 13 or 14, and adolescent girls are maturing earlier socially in their relations with boys. Girls are marrying much earlier nowadays; they often become engaged in freshman or sophomore college years and get married in their junior year. Daughter's dad usually pays for her college expenses and sometimes he must watch it or he gets stuck for his new son-in-law's tuition as well. This shows a new attitude toward marriage on the part of parents.

"Statistics show that two of these marriages in the past 15 years worked out well," said Dr. Taylor, "especially if both the boy and girl remain in college, and if they both lessened their social ambitions. The husband came naturally to accept the role of helping the wife with housework and taking care

HOW TO PROFIT THROUGH TAX EXEMPTION

With today's high tax levels, investors in medium and high tax brackets are turning to tax-free Municipal Bonds for income that they can keep.

If you have a taxable income of \$10,000 or more, you may be well repaid by investigating the advantages of tax-exempt State and Municipal Bonds. For instance, if you file a single return on a taxable income of \$14,000, you would have to receive a dividend return of 7.45% on a taxable security in order to equal the yield from a 3.50% tax-free Bond. It's something to think about!

Our New Booklet, "How To Profit Through Tax-Exemption" explains in plain language your need for tax exemption, tells how much these high-grade investments can be worth to you. There's no obligation. Send for copy today, or phone

The co-operative nursery school belongs to the parents and their children. It is a non-profit organization and the profit is very low. The mothers and fathers hire the teachers, find a place to hold classes, and are responsible for the upkeep of equipment and supplies, and transportation (usually in the form of car pools).

In addition each mother spends from one to two mornings a month helping the teacher in the class room, attends a monthly meeting, and is expected to help on any project the group undertakes. Everyone gives of her particular talents.

The Lake Shore Co-operative opened its nursery school in February, 1955, with one class. This fall school opened with a class for four-year-olds under the direction of Mrs. Pat Kirk-

sey, and a three-year-old class, with Mrs. Jerome Plichta as teacher. Parents of the three-year-old group spent a great deal of time and effort this fall building equipment and supplying materials so that the new class would be independently equipped.

The purpose of a co-operative nursery school is to unite the mothers of a community to increase recreational, social and educational opportunities of their children. The basic program of nursery school promotes growth and development for the pre-schooler.

Nursery school helps teach toddlers how to play in a group and get along with each other. Creative activities give the children an emotional outlet and satisfaction of accomplishment. The large play equipment provides physical challenge and fun.

Mothers look forward to the monthly meetings and several purely social functions have been held in the past year.

New Ambulance Service Here

The new ambulance shown here is owned by the Shores Ambulance Service which began operations during the past week. It is fully equipped even to radio-dispatching and oxygen-giving facilities. Mr. Thomas Finan heads the new service, which is operated on a 24-hour basis. The phone number is PR. 9-2222.

Miss Forsythe is also on the board of trustees for the Foundation of Exceptional Children of Grosse Pointe, and she gave a very interesting talk on the background of the foundation, the present needs, and explained the various things they are trying to do for the exceptional children.

At the present time the most important item needed is money to enable the foundation to buy some larger pieces of therapeutic equipment used in the program.

The next meeting will be a potluck dinner including husbands and it will be held at the home of Mrs. W. E. Powers at 800 Hidden lane. Reservations can be made by calling Mrs. C. D. Krepps, LO. 8-0960.

Fathers and Sons Attend DAC Party

Grandfathers Also on Hand for Annual Big Event as 700 Are Present for Entertainment and Saturday Luncheon

Legions of boys from Grosse Pointe went with their dads to the Detroit Athletic Club's annual Fathers and Sons Party last Saturday. They swam, they feasted, they saw a stage show. Grandfathers, beamed, fathers beamed. There were big boys and little boys. The assemblage totaled 700.

As a matter of fact, the party was a part of the tremendous weekend at the DAC which also featured the Friday opening of a dinner-floored show gala for members and their guests.

Treble shouts resounded in the club's natatorium — first phase of the father-son fete was here, at noontime. Grownsups took to balcony seats. Lads dived for silver dollars—the fastest came up with the most. Bruce Harlan, diving champ and University of Michigan coach, and other stars gave a spectacular aquatic exhibition, with Clarence E. Pinkston running off the events.

Luncheon was a matter of chatter and food in the gymnasium and Pontchartrain room. Jolly music by the Leo Reisman Orchestra, souvenir gifts and the show, of course, were on the program. DAC Beavers ushered. Everybody—but everybody—was happy!

So many three-generation groups — seems that today's grandfathers were young dads when the fete started years back. Robert E. Milligan, Robert E. Jr. and Robert III were there Saturday. So were Simon Den Uyl, his son Robert and grandson Douglas R. J. Duffy, his sons Raymond, Jr., Kenneth and Melvin, and grandsons Michael and Patrick were together.

Frank R. Lowmaster, his son W. J. Lowmaster and grandson, W. J., Jr., were a trio. Edwin Kriehoff was surrounded by seven grandsons including Tucker, Christopher and Charles E. Hikes, Jr., Dennis, Steven and Ian Bird, and Edwin Van Hamm.

Charles T. Fisher, Jr., brought John, and Tommy Fisher came with dad Thomas K. Fisher. Present were James B. Webber, Jr., and Jerry; R. Lester Spitzley, Joel and David; Dr. Robert K. Whiteley and Bob; Robert

Mason School Students Approve Bond Issue

The girls and boys in grades one through six at Mason School had an opportunity to vote on the School Bond Issue on Monday, January 23. Of course they knew that their votes would not count, but the experience was very worthwhile for the children.

The sixth graders, who have been studying a unit on government with their teachers, Miss Beulah Markhus, Miss Mercedes Merrill, and Mr. Ted Jacobs, were the election workers and the same facilities which adults used on Tuesday were made available for the children Monday, except that blocks for them to stand on had to be placed in the booths and ballots, which

even first grade children could read, had been mimeographed. In election talks by the sixth graders the pros and cons of the issue were discussed, and all children were instructed on how ballots are marked and folded. The morning of the election a note and a telephone call were received in the school office explaining that a little boy and girls were not able to come to

the school to vote because of illness. So, at the request for absentee ballots, the principal, Miss Ethel Tucker, went to the homes and secured the votes, all sealed in proper order.

The results of the balloting showed the following: Yes, 421; No, 27; Spoiled ballots, 11.

The little boy who had the absentee ballot was Chris Rebb, and the girl was Kay Vivian.

Classes Teach Care of Sick

The Detroit Chapter of the American Red Cross announces its winter series of classes in Home Care of the Sick, which will be given at the Department of Community Services of the Grosse Pointe Public School System, 43 Grosse Pointe boulevard.

Classes will be held on Thursdays from 1 to 3 in the afternoon, and 7 to 9 evenings, starting on February 2.

The Home Care of the Sick course grew out of the need which confronts mothers when their families encounter illness, and was inaugurated during World War I. Since 1935, 39,174 Wayne County women and girls have received certificates upon completion of the course. The 14 hours of instruction which cover a seven-week period, are given by a volunteer graduate nurse.

Students learn the convenient, safe and comfort-producing way to tackle a nursing job when the occasion arises. They are shown how to improvise from readily accessible materials, such as cardboard boxes, usable comfort articles such as bed table, back rest and foot support.

Lessons are also centered on the bed care of the patient, fitting special diets into family meal plans, protecting the rest of the family from infection and following the doctor's directions for medication.

Day and evening classes in First Aid, also under the direction of the American Red Cross, are now being planned to begin within the next few weeks. For information on either of these classes and for class reservations, call the Department of Community Services, Tuxedo 5-3808.

Commissioned

Official U. S. Navy Photo

JOSEPH I. HENK, son of Mr. and Mrs. Fintan L. Henk of Grayton road, will be commissioned as Ensign in the U. S. Naval Reserve in the U. S. Naval Officer Candidate School, Newport, R.I., today, January 26. He will be graduated from the school on January 27.

Following graduation, he will attend the U. S. Naval School, Communications, Newport, R.I., for about eight weeks, pending further assignment to duty by Chief of Naval Personnel.

Henk was graduated from the University of Detroit last June with a degree in commerce and finance. He was also a graduate of Grosse Pointe High School and at the time of his enlistment in the Navy was organist and choir director at St. Anthony's Catholic Church, Sheridan near Gratiot.

His parents will go to Newport to attend the various ceremonies.

Schools Offer Jewelry Class

The Department of Community Services of the Grosse Pointe Public School System have some available openings in silver jewelry and copper enameling classes.

Instructors for the classes are Eva Klein and Sonja Preuthun. The silver classes are held on Tuesday and Wednesday evenings; the copper enameling classes meet on Monday and Thursday evenings, with two daytime classes on Thursdays.

Eva Klein is a member of the Michigan Silversmith Guild, and the Ecclesiastical Art Guild. She has exhibited in the Michigan Artists Craftsman Show, Smithsonian Institute "Miniature Show," Rochester, N.Y., Art Museum, and in March 1955, had a one-man show at the Toledo Museum.

Sonja Preuthun studied fine arts at Wayne University. Besides her class work here she taught classes at the Coach House, a craft workshop in New Hampshire. Miss Preuthun has exhibited in the Detroit Craftsman Shop, Ecclesiastical show, Wayne University Art Shows and the Scarab Club.

Both instructors have contributed their talents to the Marine Hospital through Red Cross work.

Many beautiful pieces of jewelry and hollow ware have been finished in the silver classes under the guidance of these instructors; and colorful and fascinating ash trays, bracelets, earrings and other articles are produced in the copper enameling classes.

For class reservations and further information, call the Department of Community Services, 43 Grosse Pointe boulevard, at Tuxedo 5-3808.

Headlines of the Week

These people violently oppose Prime Minister Jawaharlal Nehru's government. Authorities say the riot is incited and led by Communists.

Saturday, January 21

PRESIDENT EISENHOWER expressed a wish that the people of the country would point out his true duty as to whether he should run for a second term. He added that "This appears to be a question that first I alone must answer." He made reference to this in his first political speech since he suffered a heart attack in September. He spoke to approximately 2,000 Republican leaders and thousands of persons over a closed-circuit television hookup.

His immediate audience were the 2,000 leaders at a \$100-a-plate dinner in the Sheraton-Park Hotel in Washington. The President pictured himself as still undecided about whether to run again.

PENTAGON OFFICIALS

made public the congressional documents intended to show that Gen. Matthew B. Ridgway supported the 1955 military manpower cuts he now says he opposes. The records were made public after President Eisenhower referred reporters to the Defense Department for details on whether his 1954 State-of-the-Union message was correct in stating that the Joint Chiefs of Staff unanimously approved the cuts.

Ridgway, former Army Chief of Staff said he had not concurred in the program as "it was presented to the people." At a news conference, the President denied the general's charges that the cuts resulted from politics.

Sunday, January 22

THE UNITED STATES accused Red China of holding "the threat of war" over the Far East in its effort to force America to abandon the defense of Formosa. The charge was made through the State Department which also demanded that Red China adhere to its promise to release 13 American civilians held in Communist prisons.

The Department issued a caustic, 1,200 statement blaming the Reds for the lack of progress in the Far East peace talks held in Geneva. The blast was aimed at misleading statements made by Red Chinese Ambassador Wang-Pin Nan, who accused the United States of stalling in the negotiations in Geneva talks.

A POSSIBLE THREAT to press freedom was touched upon by Richard W. Slocum, president of the American Newspaper Publishers Association, who spoke at the annual international Benjamin Franklin Society luncheon in New York. He said the Senate Internal Security Subcommittee bears close watching as the possible threat.

He said that some of the problems of censorship and news suppression which Franklin faced as a newspaperman exists today. He said a recent manifestation of this "has been the investigation of newspaper men by Congressional committees charged with hunting Communist subversives."

WALTER F. GEORGE (D., Ga.), chairman of the powerful Foreign Relations Committee, in an exclusive interview, said the U. S. economic aid program must be re-examined. He said that while he has gone along with the Point Four Program, he does not see that it has been really effective.

The Senator, who has spent 33 of his 70 years in the Senate, is one of the most respected men in government, by the Republicans as well as members of his own Democratic Party. Among the things he would like to see, he said, is a reduction in taxes because the American people have borne a very heavy burden.

Wednesday, January 25

A SPEEDING TRAIN in Los Angeles overturned at a curve, killing a reported 29 persons and injuring about 120. The train was enroute to San Diego. The coroner's office said there were more people underneath the wrecked train cars, but they could not be moved until a wrecker arrived. The injured were taken to the Georgia Street Receiving Hospital in ambulances, police cars, taxi cabs and private cars.

The Red Cross reported it had sent 100 pints of blood to the hospital and was preparing to send more. Engineer Frank B. Parrish, 61, of San Bernardino, Calif., said he slowed down to 35 miles an hour at the curve, but he must have braked out because the train was tipped over.

NATIONAL WARSHIPS pounded Luzon Island in Formosa Strait and left big fires blazing. The Chinese Nationalist Navy said Red batteries touched off the action, firing from the island when the Nationalist warships appeared on routine patrol. A communiqué said the warships truck back vigorously, and "destroyed a considerable number of artillery positions."

Meanwhile, Red China charged that the United States was meddling in Chinese internal affairs and using force to occupy Formosa. The commentary was in reply to the State Department's charges on Saturday that Red China is holding the threat of war over the talks in Geneva and refusing to release 13 American civilian prisoners.

DEFYING THE UAW, the new Society of Skilled Trades made its first official bid to enroll thousands of skilled Ford Motor company employees. The Society came into being as a result of dissatisfaction by the skilled workers of the UAW who charged they were "short-changed" in contract negotiations with Ford, General Motors and Chrysler.

The leaders of the new group, said they have 50,000 members in seven Michigan counties, including more than 6,000 in Wayne County. Lamont Haverkate, president of the Wayne County branch, said more than 800 skilled workers at Ford's had joined the society.

GOV. WILLIAMS asked the Legislature to revise the highway bonding law so that the State can construct 855 miles of

multi-lane highways in Michigan over the next two years. The present law only allows a bonding program based on half the revenue from the latest cent-and-a-half increase in gasoline. Removing the limitation by an amendment would permit the State to use all the revenue bonds and double highway construction.

The Governor sent the Legislature his special message as a blueprint for getting the modern highways in a hurry. He praised State Highway Commissioner Charles Ziegler for the latest highway plans calling for construction of 455 miles of multi-lane highways in two years, and added his own plans for another 400 miles.

President Eisenhower, in his annual economic report to Congress, said that the nation is on the threshold of a 400 billion-dollar a year production rate and that business trends still appear to be going upward. He said that the economy had started the new year from a strong financial and industrial position. He said the nation was producing goods and services at an annual rate of 397 billion dollars a year — 28 billion above the previous record set in 1953. He warned Congress against a tax cut, saying that under the present conditions it might bring about inflation.

Deadlock Broken In Bowling Loop

Tangled in a three-way first place deadlock in the Grosse Pointe Businessmen's Bowling League the Boutin legklers cracked the race wide open last Friday, January 20, with a four point sweep over ninth place Adam Simms.

Barrett dropped to second place when it failed to match the new leader and dropped one point to sixth place Belding. Reverse fell from its first place deadlock down to fourth place when Lochmoor nailed it for three points to move into third place. Jack Baker paced Lochmoor with a 579 series.

Wigle, the first half season champion, began his bid for the second half season title when it whipped City Glass for four points and moved into a two-way tie with Reverse for fourth place.

GPUS Splits In Cage Tilts

Grosse Pointe University School's basketball team ran into a buzz saw when it met Maumee last Tuesday, January 17, and lost, 54-46, on the latter's home court.

Failure to find the range spelled the downfall of the Cook road boys in the first two periods after Maumee had built up a comfortable 21 to 12 lead at halftime.

However, GPUS came to life in the third stanza and fought back to within 4 points of a tie with 4 minutes remaining. At this point Maumee crawled into its shell and stalled out the remaining time.

During the stall the Cook road boys fouled repeatedly in an attempt to get their hands on the ball thus accounting for the wide spread in the final score. Hal Finkbeiner paced the winners with 21 points for scoring honors and Bob Bowker hit for 16 to pace the losers and earn runner-up honors.

Three days later on their home court GPUS easily nipped Oak Park, 46-31, with the starting team playing only the first and their quarters. Tom Purdy and Bob Bowker, 16 and 15 points respectively, paced GPUS and were mainly responsible for GPUS to hold a comfortable 24-16 lead at halftime. Sanford Smith led the losers with 10 points.

Youngsters Given Tennis Ranking

The United States Lawn Tennis Association of America bestowed an honor on a couple of 14-year-old Grosse Pointe youngsters, Ralph McElvenny and Ron Linclau, when it announced the pair as the number one doubles team, in the junior bracket, of the Western Lawn Tennis Association, recently.

The pair competed in the River Forest National tourney last July and climbed to the finals where they lost to a Texas and California team, 6-4; 6-3.

Ralph represents the Country Club of Detroit and Ron the Neighborhood Club.

New Speed Law Lauded By Ryan

Senator Harold M. Ryan warns the people of Michigan that the speed limit law takes effect on the date of February 9, 1956. This measure was passed by the Special Session of the Legislature which convened last November.

Last year there were almost 2,000 persons who died in automobile accidents on Michigan highways. This was the third highest death toll on record in the history of the State of Michigan. In 1955, 60,000 persons were injured in a total of 193,000 reported accidents, which was an all time high. This means that there were more than 500 accidents occurring each day.

The Michigan State Legislature approved these measures because the people have asked each individual legislator to do everything possible in order to help reduce the number of accidents and deaths on the highways. This measure will not prevent many accidents from occurring, but it is believed that many accidents will be avoided and many lives saved because of the new speed limit.

There are over three and one-half million drivers in Michigan. Records also show that there were 3,100,000 vehicles registered with the Secretary of State's office during the past year.

Senator Ryan pointed out that the new law states that one cannot drive over 65 miles per hour during the day time and cannot exceed 55 miles per hour at night. These limitations will apply to all state and county roads throughout the state. He further pointed out that in whatever areas lower speed limits are posted, the lower speed limit will apply.

Senator Ryan further pointed out that trucks are not to drive over 45 miles per hour and that passenger cars with trailers are not to exceed 50 miles per hour at any time.

He further stated that there is no excuse for accidents occurring. Accidents do not just happen; they are caused through some act of thoughtlessness, carelessness or negligence on the part of one driver or the other.

INJURED IN FALL

Mrs. Della L. Griffith of 441 Fisher road, complained of a back injury when she slipped and fell at Fisher and Kercheval on Friday, January 20. She refused a City police offer to take her to a hospital. A report of the accident was given to the City office.

Babe Ruth Loop Heads to Meet

A meeting of the Board of Directors of the Babe Ruth League of Grosse Pointe will be held on January 31 at 7:30 p.m. at the Neighborhood Club.

Important plans concerning the coming season are to be formulated, and all members are requested to attend.

Ford Eights Tops in Sales

Registration figures made available by R. L. Polk & Company show Ford V-8 was the largest selling eight in the nation and the world during 1955. Ford Division of Ford Motor Company announced today.

The figures for the first 11 months of the year show 1,241,742 Ford V-8's were sold in the U. S. compared to only \$634,376 eight's for the second-place car in the low price range and 262,870 for the other competitor in Ford's field.

This means that Ford's eight cylinder sales totaled 344,496 units more than the eight-cylinder sales of the other two cars combined.

Such a lead makes it impossible for any other car to overtake Ford for 1955. Polk's net registration figures showed Ford had sales leadership in 1954.

Ford's supremacy established in 1955 is a continuation of leadership established in the field when the V-8's were first introduced in 1932. During the 24 years since then, no make of car has seriously challenged Ford's V-8 leadership.

Offer Course In Semantics

A course in general semantics is being offered by the Department of Community Services of the Grosse Pointe Public School System, to begin on Tuesday January 31, at 43 Grosse Pointe Blvd.

The Reverend William D. Hammond, the teacher, was a student of Alfred Korzybski, who did the pioneer work in this subject.

Rev. Hammond, minister of Grosse Pointe Unitarian Church, points out that lack in understanding of the language-fact relations is often an important factor in unsatisfactory human relations.

General Semantics studies those aspects of human behavior and adjustment that are related to the use and mis-use of language. Being "taken in" by misleading advertising, pointless arguments, inability to solve problems and resolve disputes in family, business and public life, dealing with the person whose sure "he knows it all"—these are but a few of the situations in which a better understanding of language-fact relationships can help.

General Semantics is an aid to such understanding, and is being taught in many schools and universities throughout the country. It is being applied beneficially by specialists in fields including business and personnel management, psychiatry and counselling, public administration, teaching, etc.

For further information and class reservation, call the Department of Community Services Tuxedo 5-3808.

Blue Devil Cagers Fail To Halt Highland Parkers

Coach Howard MacAdam's Blue Devil varsity basketball team failed to stop Highland Park's bid for an undefeated season and a sixth Border Cities League cage crown last Friday, January 20, when the Polar Bears turned back the Blue Devils, 55-40, on the Bears' home court. The defeat was the third in five league starts and practically eliminates the Pointers from any chance at the league title this year.

In the first quarter the Blue Devils appeared to have the Polar Bears' number as they worked an effective press to take a 12-11 lead going into the second period.

maining in its game with Wyandotte to win, 59-43, to continue Wyandotte's winless dive into the cellar of the league standings.

Parkers Turn Tables

However, Highland Park turned the tables on the Devils and broke the press with a down court press of their own to surge to a 26-18 lead at halftime. Coach Jim Wink's lads continued the press throughout the remainder of the contest to build up their margin of victory. It marked the thirteenth consecutive game, if memory serves, that Grosse Pointe had wound up on the short end of the score with Highland Park.

Bob Moreland gave the Pointers a measure of consolation when he earned high points honors with 14 points. Highland Park's scoring was evenly distributed among the five starters with Larry Oliver collecting 10, Zill 9, Fitzgerald 8, Mills 7 and McMeekins 7.

Students Honor Steve Howard

By Doris Dadson, 11A
GPHS Journalism Student

Steve Howard, 12B, has been elected president of Grosse Pointe High School's Student Association. He won over Phil Warren, 11A, in the final election.

Kelsey Stewart, 12B, won over Jerry Tobeler, 12B, in the race for vice president. Joanne Ortwine, 12B, will be next semester's new secretary. Cecily Rains, 12B, was the other finalist.

Bob Murphy, 12B, will be the new treasurer. He won over Ann Wells, 12B, in the final election.

The new officers will take over their duties next semester.

Devil Reserves Conquer Bears

Grosse Pointe's reserve basketball team continued its winning ways last Friday, January 20, with a squeaking 45-42 win over Highland Park on the Polar Bear home court. The win ran the Devils' winning streak to eight straight in as many starts, three of which came over non-league foes.

The Devils jumped off to an early lead and stayed in front until the fourth quarter when Highland Park tied it up at 41-41. From there on until the last seven seconds it was anybody's ball game.

Marty Andrews, a knobby-kneed, string bean of a youngster who resembles a new born colt taking its first steps as he races around the court, broke the tie with a pair of free throws and Gil Cox dropped a couple more charity tosses to ice the game for the Devils.

Coach John Thurstby's lads rattled the backboards throughout the game, figuring on the law of averages to collect points. Those shots that didn't wiggle the mesh were for the most part grabbed by Cox, who along with Jack Medley played an outstanding game on defense.

Todd Price captured the individual scoring honors with 16 points as he paced the Pointers' attack. Captain Bruce Boardman, slated to move up to Coach Howard MacAdam's varsity for next Friday's game, January 27, against Royal Oak, collected 7 points but his all around play was good. Dick Turner paced the Polar Bears with 13 points for runner-up honors.

Woods, Memorial Cagers Unbeaten in Church Loop

The Grosse Pointe Woods Presbyterian and the Grosse Pointe Memorial Juniors continued on their merry, unbeaten ways in the Grosse Pointe Church Basketball League last Saturday, January 21.

Woods Presbyterian walloped the outclassed Methodist Mustangs 70 to 6 to remain at the top of the Senior division standings. Lars Anderson paced the winners with 22 points for honors. Phil Keim and Paul Grogh tied for runner-up honors with 12 points each. Morrison topped the losers with 4 points.

The Memorial Diesels remained hot in pursuit of Woods Presbyterian with a squeaker over St. James, 26-22. Purdy led the winners with 9 points but had to be satisfied with runner-up honors behind Reith of St. James, who notched 11 points.

The Christ Church Tigers failed to floor a five-boy team and were forced to forfeit to the St. Paul Longhorns, who

moved into a three-way tie for second place with Memorial and St. James.

In the Junior Division the big Memorial Juniors turned back the Christ Church Lions 42-30 behind the sharpshooting of Harper who notched 18 points for honors. Ken MacDonald paced the losers with 12 points for runner-up honors. The victory enabled Memorial to run its undefeated string to three games in as many starts.

The St. Paul Panthers squeaked past Woods Presbyterian Juniors, 25-24, in one of the best games to date in the league. The win enabled Panthers to move into a three-way tie for second place with Woods Juniors and Christ Church Lions.

Graduating Seniors Help Devils to Victory in Pool

Four graduating seniors closed out their high school swimming careers as the Grosse Pointe High Blue Devils edged past Highland Park, 49 to 34, despite a disqualification in the final event of the meet held in the local pool last Friday, January 20.

Seniors Ed Nicholson, Dave Whittingham, Rich Schleicher and diver Dick Stafford accounted for 13 of the Pointers' winning total, which could have been increased another eight points had not the 160-yard speed relay team been so intent on breaking its own pool record. With the Devils riding on a comfortable margin of 49 to 26 going into the final event, the combination of seniors Schleicher, Whittingham and Nicholson and junior Dan Goodnow tried to end their careers in a blaze of glory by cracking their own pool record.

Effort in Vain

This they did, by one and four-tenths seconds, but it won't go into the record books—they were disqualified for jumping the gun. However, they leave the mark of 1:16.7 for future Devil swimmers to shoot at.

Seniors Ed Nicholson and Rich Schleicher got the Pointers off to a fast start when they slammed the 40-yard free style to give the Devils an 8 to 1 lead, which they never relinquished. Dan Goodnow and Hal Joerin placed 1-3 in the 100-yard breast stroke event and Harry Huffaker and Eddie Pongracz slammed the 200-yard free style to give the Devils a 22 to 5 margin after three events.

Les Cutler Wins

Les Cutler notched the Pointers' fourth straight first place as he splashed in almost a full pool length ahead of Highland Park's Campbell in the 100-yard backstroke. Tom Ketzler paddled in a close third for the Devils.

Pointers' monopoly when Blough monopled Dan Bauer and Mike Collins, who placed 2-3, in a very close 100-yard free style race. At this point the Devils held a 32 to 13 lead as the divers took their places. Dick Stafford, graduating senior and captain-elect for this meet, closed out his career with a beautiful exhibition of fancy diving to take first place honors with 66.1 points. Highland Park's chubby O'Rourke was almost five points behind in the scoring and the Devils' Joe Moore took third

place to give his team a 22-point bulge to clinch the meet. John Bennett easily won the 120-yard individual medley relay but was forced to relinquish his laurels to the Polar Bears' Stevenson because he failed to touch with both hands during a turn in the breast stroke leg of the event and was disqualified. Bill Hembel earned three points for the Devils with his second place as he beat out the Parkers' Hess who was far back.

Joerin and Joe Moore, Hal Joerin and John Wachtler clobbered the Parkers in the 240-yard medley relay and set the stage for the departing seniors in the final relay which resulted in disqualification in their final race wearing Grosse Pointe's colors.

Why buy a truck in the dark?

If you buy a new truck after looking at only one make, it's like making a deal in the dark. You can't be sure of getting the most for your money.

A smarter way to buy is to "spotlight" real truck value—weigh and compare competitive claims with these Dodge truck facts:

- ★ Most standard V-8 horsepower of all leading makes—1/2-ton through 3 1/2-ton range. You'll get faster trips—more work done with DODGE.
- ★ Shortest turning radius. You'll park more easily, wheel through traffic quicker with DODGE.
- ★ Biggest cabs, with biggest wrap-around windshield. You'll enjoy roomier comfort, safer vision with DODGE.
- ★ Highest payload capacities . . . pick-ups providing up to 22% more payload than others. You'll haul bigger, more profitable loads with DODGE.
- ★ Prices down with the lowest. Comparative facts show that, feature for feature and dollar for dollar, the real value is DODGE.

Next truck you buy, don't deal in the dark. Turn a bright light on the facts—see Dodge before you buy.

Peoples Savings Has Good Year

A year of excellent progress, marked by greatly expanded service to the community, was experienced by the Peoples Federal Savings in 1955. The statement of condition shows total assets as of December 31, \$18,296,998.57.

This is an increase of assets of 27.73 percent over the 1954 year. Gross savings inflow in 1955 was 63.15 percent greater than in 1954 making the net gain in savings in 1955, 176.34 percent greater than that achieved in 1954.

The reserves were increased to \$1,029,105.90 and the Association now has a high liquidity of 28.72 percent of total savings in cash and government bonds. All directors were continued in office at the annual meeting held on January 19. During the year a branch office was opened at Harper and Outer Drive, furnishing a much needed service to people in this East Side area. H. Richard Verbiest was elected as an assistant vice-president and branch manager. Home building during the year was at the second best level in history and the activities of the mortgage department kept pace with this increase.

WHY THE CHRYSLER WINDSOR V-8

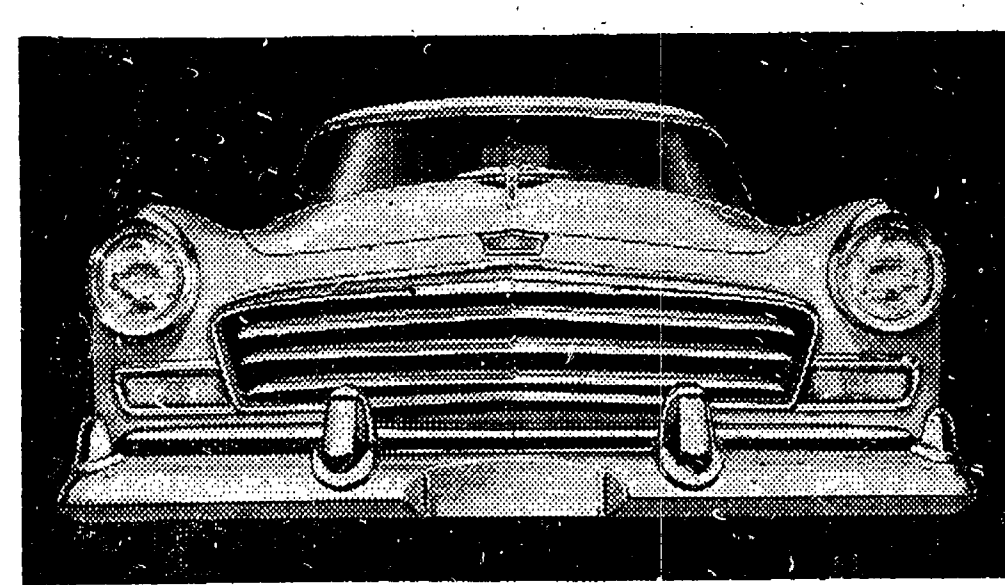

Everything about driving a Chrysler is new! You touch a button on the left (and safe!) side . . . and Pushbutton PowerFlite, the smoothest of all transmissions, the ultimate in automatic foolproof control, goes into action.
From four lengths behind to four lengths ahead of a moving truck going 35-40 m.p.h. in 8 seconds flat. That's the kind of reserve power you get in Chrysler's new and bigger version of the airplane-type V-8 engine!
Full-time PowerPilot Steering gives you a cat-footed feel of the road every inch of the way . . . requires less pull . . . only 3 1/2 turns from full left to full right. PowerPilot Steering does 80% of the work for you!

IS THE YEAR-AHEAD CAR

When you depress Chrysler's brake pedal, the brakes meet the drum surfaces uniformly at every point. That's why they give you straight-line stops and outlast others 2 to 1.
Foam rubber cushions, glare-proof safety panels, luxurious vinyl and nylon interiors and big Oriflow shock absorbers make the Chrysler ride as smooth as gliding in a canoe.
And talk about style! Here's the "PowerStyle" look that is showing its sassy tail to contemporary car designs. Isn't it time you compared a Chrysler with the other cars in its price class?

Best of all, you can own a bigger, more powerful Chrysler Windsor for the cost of a medium-priced car. Here is year-ahead value that means better re-sale value for years to come.

Grosse Pointe Yacht Club put on its best bib and tucker Saturday night for the B-I-G event of the year, the Commodore's Ball. Even the weather cooperated, for frozen Lake St. Clair and the club grounds sparkled with a coat of new-fallen snow.

Inside, clusters of red, white and blue balloons, and festive streamers in the same three shades themed the party decor. Light twinkled through myriad pin-points in great foil stars hanging from the archways, and stimulating dance music played intermittently through cocktail and dinner hours and after the presentation program.

Mrs. Mervyn G. Gaskin, wife of the new commodore, was a radiant hostess, as she greeted guests wearing a gold beige brocade gown with corsage of blue and rose chrysanthemums.

French artist Rene Bouche, in town briefly to do art work for a booklet of American social scenes, sat at the press table and swiftly sketched his impressions of the party.

Just a few of the lovelies in the crowd were: Mrs. Carl E. Smith, in cocktail frock of silver blue brocade satin with scalloped neckline; Mrs. S. C. Leonard, in white taffeta printed with large navy dots, her gown close-fitting and flared at the hipline; Mrs. Chuck Beltz, with sheer stole over white taffeta and sequins sparkling on the nylon net overskirt; Mrs. James N. Mutschall, lovely in strapless full-length black taffeta, the skirt pulled into a bustle-back; Mrs. Hamilton F. Kotcher, wearing a toast-colored lace gown distinguished in back by a satin bow and panel in toast shade extending the length of the skirt.

PILFERINGS

A little girl's thank-you note: "Thank you for your nice present. I always wanted a pin cushion, although not very much."

A nice bit of radio ad-libbing is attributed to Juano Hernandez, who played De Lawd in Green Pastures for "Theater Guild on the Air." When a fellow actor forgot his lines and froze, Hernandez came to the rescue.

"Son," he said reassuringly, "you are nervous before me and I can understand that. But I am de Lord, and I know what is on your mind." Whereupon he supplied the missing lines.

Dr. Alfred Adler, the psychiatrist, was lecturing on the theory that people with handicaps often specialize on their handicapped functions. Thus, short-winded boys tend to train themselves into being distance runners, people with weak eyes tend to become painters, and so forth. Adler finished his exposition and asked for questions.

Immediately this one was pitched at him from the back of the auditorium: "Dr. Adler, wouldn't your theory mean that weak-minded people tend to become psychiatrists?"

A New Yorker, pointing to a hillside field, complimented the New Englander on his corn.

"How do you plow that field? It looks pretty steep."

"Don't plow it; when the spring thaws come, the rocks rolling down hill tear it up."

"That so? How do you plant it?"

"Don't plant it really. Just stand in my back door and shoot the seed in with a shotgun."

"Is that the truth?" asked the New Yorker.

"Hell, no. That's conversation."

"My family thinks there's something wrong with me," a woman complained to the psychoanalyst, "simply because I like buckwheat cakes."

"But there's nothing wrong about liking buckwheat cakes," the doctor murmured, puzzled. "I like them myself."

"Oh, do you?" The woman was delighted. "You must come up some day. I have seven trunks full."

Letter to a Boston paper: "Dear Sir: When I subscribed a year ago you stated that if I was not satisfied at the end of the year I could have my money back. Well, I would like to have it back."

"On second thought, to save you trouble, you may apply it on my next year's subscription."

Pointer of Interest

TOM RILEY OF BALFOUR ROAD

—Picture by Fred Rannels

By Kitty Marriott

A tall, good-looking and personable lad named Tom Riley is making his headquarters on the west coast these days and eyeing a career in music. He's the son of Mr. and Mrs. William S. Riley of Balfour road.

Tom, a 1953 Georgetown graduate, completed two years of active duty with the Navy last August (after three years in the Naval Reserve). Since he went out west, where he has a one-room apartment in West Los Angeles, he has been working in the television western film series, "Frontier."

Tom acted in "Shame of a Nation" and "Romance of Poker Alice," two Frontier films which appeared on local TV screens before the first of the year. He joined his parents for the Christmas holidays, then hastened back to continue work on the filming.

Wants Music Career
As we mentioned before, Tom is hoping to break into the music field. However, he has been accepting acting assignments until the "big break" comes along.

He began to play the drums at the age of six, and studied piano through grade school at Gesu when the Rileys lived in Detroit's north end. Choir and glee club have always been a part of his routine.

His organ dance band work in eighth grade. When Mr. Riley was transferred to Chicago, the change of scenery meant little to Tom. He went to Loyola Academy and continued playing in bands. He has written songs since those high school days.

Music Director
During his four college years, he "fronted" a Dixieland band and took part in every musical activity imaginable on campus. Curiously enough, he majored in history.

Tom served as music director of M & B, Georgetown's Masque, and Bauble drama club, was band president and a member

Hear Lecture On Discipline

Mrs. Morgan J. Sherman, well-known psychologist, addressed the Mothers' Health and Education group recently at the library on "Methods of Discipline."

Stressing that discipline means "guiding," Mrs. Sherman went on to describe the four methods of discipline: authority, leadership, laissez-faire and democratic cooperation. The last method is the best, she said. Every child needs love, security, self-respect and adventure, Mrs. Sherman told her audience.

A question period followed. Mrs. Douglas Adair showed movies of the disease, Nephrosis. She also pointed out the need for funds to carry on research and for volunteers to aid in the fund-raising drive which opens March 1.

Next meeting of the Health and Education Council will be held at the main library March 13, at 1 p.m. Dr. Harvey M. Merker, director of scientific relations for Parke, Davis and Company, will be the speaker. All those who are interested may attend.

and drama. Their mother, who played the Hammond organ professionally in Philadelphia theaters, has a fabulous music memory. She can see a show one night, then sit down at her Hammond organ in the Riley living room the next day and play every tune through.

We were treated to an impromptu performance, when Tom ran through several of his show numbers to his mother's accompaniment. The house came alive with joyous rhythm when the two of them played and sang.

Writes Songs
In his senior year, Tom co-operated on writing and directing a musical two-act comedy, "Two on the Nose." He wrote nine of the 12 songs for the musical which is a fast-moving sophisticated story detailing the adventures of "Scheherazade," a horse on a campus.

Tom served on the Georgetown student council for a couple of years, belonged to the Collegiate Club and was named to Who's Who in American Colleges and Universities.

Brother Eddie, whom the Rileys refer to as "the actor in the family," graduated from Georgetown last year and decided to get his Naval service out of the way too. He is a trumpet player.

Mother Plays Organ
It's not much wonder that the Riley boys lean toward music

The ladies of the Grosse Pointe Unitarian Church will be host to Mrs. James P. Curran, General Alliance Director of the Great Lakes Region. The occasion is a conference to be held at the Grosse Pointe Unitarian Church on Tuesday, January 31, from 10:30 to 2:30 p.m., with luncheon scheduled for 12:15.

Mrs. Curran is president of the Women's Alliance of the First Unitarian Church of Dayton, Ohio, and is very active in the League for Women Voters, the Girl Scouts, two P-TA groups, and is vice-chairman of the Group Work Division of Dayton's Community Welfare Council.

"WINTERIZE" Your Power Lawn Mower

If you haven't already done so, here are three steps to prepare your power mower for winter storage and insure good spring performance, according to authorities from the Jacobson Manufacturing Company, manufacturers of power lawn tools.

After cleaning the engine, chains, reels and deck —

Drain gasoline from the tank by removing the fuel line. Start the engine to remove any remaining fuel. Gasoline left in the tank over winter may become stale, resulting in gumming of the carburetor.

Remove the spark plug, squirt a few drops of oil in the spark plug hole and pull the starter through once or twice. The spark plug should then be cleaned and replaced in the engine.

The final stage in the winterizing of your power mower is to cover the machine to protect it from dust and "adjustments" by children playing near it.

Flower prints do not wait for Spring nowadays. And when the Top 'O The Hill brought out their polished cotton print dusters . . . their fine Egyptian cotton checked gingham ones we felt they were announcing the world premiere of "dusters" . . . this because it has been our first viewing of "dusters" . . . Another chapter in the strip story was the denim dusters . . . full cut, contrasting Peter Pan collar. Just the kind you will wear at home . . . in the dorm . . . or during your golden packed vacation fun days. These begin at just nine ninety-five. Cotton Gibson Girl gowns in long or short lengths are noted too, for their E-Z Kare . . . a minimum amount of ironing! All washable. Joy! 104 Kercheval, on the hill.

Springtime is woven right into the exciting pre-teen dresses we found this week at Young Clothes, Inc., on the hill. Sleeveless nylon . . . billowy skirts . . . colorfully trimmed. Then there was a very new crisp black and white small checked number . . . this shows lots of polish. "And heavenly for Easter," she's sure to say. 110 Kercheval.

Spring predictions for the year 1956 . . . especially for the very young misses AND pre-teens. For example: glen plaid coats in muted tones . . . soft pink stripes . . . princess style. Another . . . navy blue gabardine boy coat . . . or if she prefers, a glowing pastel wool. Complete the costume with a simply fashioned straw hat . . . a pair of white gloves. COMPLETE costumes under one roof! That's convenience. Isn't it? Young Clothes, Inc., 110 Kercheval, on the hill.

Designed as a welcome traveling companion is the tiniest transistor radio . . . called Reclency. The traveler can get his favorite news and musical programs wherever he goes. Makes a good Bon Voyage gift. And the price is the good news here . . . forty-two dollars and fifty cents. Featured at the Camera Center, in the village.

Did you hear about the wedding? The wedding of Cashmere to silk. We did. And it happened because silk deserves cashmere . . . cashmere deserves silk . . . it's as simple as that. As it was promised . . . sure enough . . . a cashmere sweater scarfed and trimmed with the Couture silk that makes the low-backed billowy dress. It's by House of Lords. The dress and sweater are at Margaret Rice's, 76 Kercheval, on the hill.

Clyde Hornung's resort forecast for children: at least one pair of red . . . or smoked elk . . . sandals. Of course, in soft polishable leather are the popular saddle shoes in blue and white and brown and white combinations. And the fit? Perfect . . . because they have all sizes and widths. 114 Kercheval, on the hill.

She is a clever woman. Even though her hands are exposed to the cold winter air and the driving winds, she keeps her hands soft and lovely. They look their best at the wheel of her car . . . in the theatre . . . or while she dances to soft music. She uses Elizabeth Arden's . . . Blue Grass or June Geranium. Clever she is . . . she picked up a huge four dollar bottle, complete with an applicator for two dollars and seventy-five cents at Trail Pharmacy, 121 Kercheval, on the hill.

Most of the suits featured at Kilgore and Hurd are of the lighter weight. You will find many in tropical worsteds . . . flannels . . . and Shetlands. These and other exciting textures are found in the suit department of Kilgore and Hurd, 92 Kercheval, on the hill. P.S. Shirts that go through all the sunny southern places are here, too!

Go to your magazine rack. Pick out the January 1956 issue of Harper's . . . then turn to page 127. Under the heading of: Due South Now: The Blue Grease . . . in the top right hand corner is a blue and white gingham dress displaying its talents this way, this year . . . with a crisp fling of skirt gathered onto a long, coolly spaced bodice. It's by Kane Weill and done with Dan River checked gingham . . . for around thirty dollars. In the Pointe it's featured at Margaret Rice's, 76 Kercheval, on the hill.

They're still sale-ing at Margaret Rice's, y'know!
