A TOP OFFICIAL of the Department of Justice hinted that the Government may start anti-trust action against the country's major automobile manufacturers. Stanley N. Barnes, assistant attorney general in charge of the department's anti-trust division, said undue concentration of economic power was developed by the automotive industries, and indicated that the Federal Government will not permit this to continue.

He said that in 1949, the three major producers manufactured more than 85 percent of the new cars and five years later the figure jumped to almost 95.5 percent. In 1954, the smaller concerns were operating at a loss and the larger producers were surging rapidly ahead.

CONNIE MACK, grand old man of baseball, died on Wednesday, at the age of 93. It was he who helped pioneer baseball from the sandlots to the nation's top sport. He was one of the most beloved men in the game. He died quietly with his wife, four daughters and one of three sons at his bedside.

The baseball czar had been failing steadily since he fell out of bed and broke his hip on October 1. Mack was in baseball for 62 years; was manager of the Philadelphia Athletics for 50 years, during which he led the team to nine American League titles and five world championships. He retired in 1950.

PRESIDENT EISENHOWER will let the nation know whether he will or will not run for re-election by March 1. If his decision is not to run, there is strong indication that he favors Vice-President Richard M. Nixon to succeed him.

Although the Vice-President was not mentioned at the President's news conference on Wednesday, he remained the only presidential "possibility" saluted without qualifications by the President.

THOUSANDS OF PERSONS in Mexico and Southern California became alarmed when a strong earthquake shook their section of country. The jolt, followed by a number of minor shocks, would have caused a great deal of damage had it not centered in a sparsely populated area in the Baja Mountains, south of the border.

The heavy shock was felt by hundreds of thousands in an area at least 250 miles north-south from Los Angeles to Ensenada and 350 miles east-west from San Diego to Tucson, Ariz. There were no reports of injuries or death.

EGYPT'S PLAN to accept the offer of the West in building a dam, shut out a similar Russian offer. Egypt and the World Bank have reached an agreement on the terms of a \$200-million-dollar loan, to build a modern dam on the Nile near Aswan. The dam will be 17 times bigger than the Cheops Pyramid at Giza, one of the seven wonders of the ancient world.

In addition to the World Bank loan, the United States and Britain have promised to provide another \$200 million in direct grants. The huge construction is expected to cost \$1,200,000,000.

MOSCOW ACCUSED the United States of using balloons as a "brink of war" move, during a news conference which was similar in nature to that made by the Russians in their propaganda charging the United States with germ warfare during the Korean War.

In Washington, American officials countercharged that the Russians themselves were using radio-equipped balloons, just like the ones Russia accuses the United States of using. They said one Red balloon landed in Hokkaido, Japan.

The U. S. balloons, American officials said, were launched in a scientific weather research in which the Soviet is participating, as this is the 1957 ge-

Kip Anderson Named Alternate Appointee

Senator Pat McNamara has announced the appointment of Kip Anderson, son of Mr. and Mrs. Runar Anderson, 1251 So. Oxford road, as an alternate appointee to the United States Naval Academy at Annapolis, Maryland.

Kip will take the entrance examinations for the Naval Academy on March 28 for the class beginning in June.

McNamara said the task of selecting his appointees for the academy was a very difficult one, since there were so many fine young men who had applied and only a very limited number of appointments at his disposal. However, the young men selected were especially outstanding in their school and in their community.

Observation of World Day Of Prayer Set for Friday

Following a tradition established last year, the World Day of Prayer Service will again be made available to patients in hospitals and convalescent homes in the Grosse Pointe area.

On the afternoon of Friday, February 17, under the direction of Mrs. Clarence Wrigley, a group of women from each of the participating churches will take the service to the following: Christ Episcopal Church, St. John Hospital; Congregational Church, Cottage Hospital; Grace Evangelical Reformed Church, Michigan Memorial Hospital; Woods Presbyterian, Grosse Pointe Convalescent Home; and Grosse Pointe Memorial, Bon Secours.

According to Mrs. Lyndle Martin, general chairman of the World Day of Prayer in Grosse Pointe, the results of last year's visits were so gratifying that many areas in metropolitan De-

New Torrey Woods School To Be Named After Former Superintendent J. R. Barnes

Recommendation of Special Committee Confirmed by Board of Education; Made Many Contributions In 20 Years

The name of John R. Barnes, former Superintendent of the Grosse Pointe Public Schools, has been selected by the Board of Education for the new elementary school now under construction on the Torrey Woods site at Morning-

side. The selection confirms the recommendation of a special committee from the Parent-Teacher Association Council, who had been requested by the Board to consider outstanding Grosse Pointe and regional personalities and recommend three for Board consideration.

The committee, D. E. Marshall, Mrs. Alice McKee, Chairman Ed Pongracz and P-TA Council President Oscar Marx (ex-officio), studied the outstanding educational contributions of more than 15 people before listing three names as requested. The name of John R. Barnes was first.

SPARE TIRE STOLEN

Woods police took a report from Raymond G. Mills of 20509 Alger, St. Clair Shores, on Thursday, February 9, in which he complained that a spare tire was taken from the rear of his car while it was parked in a Mack avenue supermarket lot.

Burns Her Hand Putting Out Fire

A Woods woman suffered a burned hand when she extinguished a closet fire in her home on Thursday, February 9.

A Woods fire report disclosed that firemen rushed to the home of Chet Alef, 2160 Vernier, in response to an alarm, but arrived just as Mrs. Alef had beat out most of the fire which destroyed several articles of clothing in a bedroom closet.

The report said that the fire was started by the 4-year-old daughter of the Alefs, who was playing with a cigaret lighter.

State Lauds Woods Dutch Elm Program

Woods Commended For Its Program in Combating Dutch Elm Disease

The Michigan Department of Agriculture, in a letter dated February 2, commended the Woods for its effort in controlling Dutch Elm Disease in the city.

Because it was impossible to send the Woods an annual report on its (Woods) control program, in time for a scheduled meeting of the city council, C. A. Boyer, chief of the Division of Plant Industry in Lansing, sent a written report on the Woods progress.

The letter, addressed to Woods City Administrator Wil-

Park to Take Spraying Bids

The Park will take bids for the spraying of 1,000 privately owned elm trees, it was disclosed by City Manager Everett B. Lane.

It was revealed that at a special meeting held on Saturday, February 11, the Park council approved the taking of bids which will be opened at the next regular meeting of the city body on February 27.

Mr. Lane said the bids will be asked for because two spraying companies complained that the spraying of privately-owned trees was an illegal function, if carried out by cities. He made it clear, however, that the work need not be given to any spraying company, because a city can do the spraying itself.

He said that every city is responsible to the state for the control of Dutch Elm Disease, and consequently is responsible for the spraying of all elms within its boundaries.

The city manager said that he made a survey of several cities in Southeastern Michigan, and found that each of the communities contacted indicated that they will undertake the spraying of all elms, both public and private, in the future.

At the Saturday meeting, the council approved the purchase of additional hydraulic tree spraying equipment at a cost of \$3,866. Delivery is expected about March 1.

The Park will begin its spraying program about the middle of March, depending on the weather.

Shores Outstrips Three Pointes in Building Permits

Only Woods Issues More During 1955, as Smallest of Municipalities Approves 111 New Residences in Year

The Shores, smallest Pointe community, far outstripped three of its bigger Pointe neighbors in the issuance of home building permits during 1955, ranking second to the Woods.

The 1955 summary of building permits by dwelling units, presented by the Detroit Metropolitan Area Regional Planning Commission, showed the Shores had granted 111 permits during the year.

The Woods, which is continuing its showing of being "second to none," topped the list of Pointe cities by issuing 144 permits.

The Farms is credited with giving out 59; the City, 58; and the Park, 52.

In the Detroit Region during 1955, the report said, residential building permits were issued for 39,953 homes, as against 40,956 in 1954. This slight slackening of new home building may indicate a more stable housing demand or may reflect a small decline in new family formation during the year. The low birth rates of the mid-1930's account for relatively fewer people coming into marriage age.

On the basis of residential building permits issued, a total of 215,960 new homes have been erected in the Detroit Region since 1950. This area, covering all of Wayne, Oakland and Macomb Counties and the four eastern townships of Washtenaw County, has been one of the leading metropolitan areas in the nation in new home construction.

Figuring an average of 3.5 persons for each new home, living quarters were provided for about 756,000 people.

Approximately 45.5 per cent of the total number of residential building permits issued in the Detroit Metropolitan Area, during 1955, were in Wayne County.

By county, the new home building permits issued during 1955 in the Detroit Region ran as follows: Wayne, 17,983; Oakland, 11,973; Macomb, 9,813, and the four townships in Washtenaw County, 652.

Final Tabulation In Polio Drive

With the final tabulation in from all Grosse Pointe communities, Charles L. Gehring, campaign director for the Wayne County Chapter of the National Foundation for Infantile Paralysis, announces total collections to be \$18,827.85.

The amount includes the combined efforts of the Mothers' March on Polio; Teens Against Polio; and collections from canisters distributed in various localities.

Speaking for the foundation, Mr. Gehring extends his congratulations to the workers, and heartfelt thanks to all the people in Grosse Pointe who cooperated and supported the March of Dimes for 1956.

Army and Park Officials Discuss Campsite Lease

Representatives of the Army and members of the Park council met at a special meeting on Saturday, February 11, to discuss a possible solution to retaining the anti-aircraft unit at its present site, Three Mile drive and Essex.

The Army specifically asked the council to meet with its representatives, with no other public being present, to see what could be arrived at after each made known its side of the problem.

What the Army is seeking from the Park is a 10-year extension of its present lease on the army site at the foot of Three Mile. The present lease, which is for five years, expires on August 1 of this year.

The Army was represented by Col. Lee Davis, commander of the 28th AAA Group and also commander of the Detroit area anti-aircraft units; Col. John

Gets Second Place Prize In Contest

To Receive Trophy as Result of Successful Clean-Up Campaign of Last Year

A telegram from General Joseph F. Battley, president, National Clean-up, Paint-up, Fix-up Bureau, advises that Grosse Pointe has been awarded second place, in its population category, in the National Cleanest City Contest.

This is good news for the many people who gave of their time and effort in the contest, and especially to the Grosse Pointe Garden Club Council which has sponsored the Clean-up Campaigns since 1950.

Organized in 1948

The Garden Club Council was organized in 1948 for the purpose of civic improvement and beautification. The first clean-up ideas were suggested to the Council by Vincent R. DePetris on February 20, 1950, and that spring, with Mrs. Frederick Schumann, as council president, and Mrs. Matthew Houghton, as Clean-up Committee chairman, the first Clean-up Campaign, April 23 to 30, got under way.

Then the late Mrs. Thomas Mann, as president, again with Mrs. Houghton as Clean-up chairman, conducted an even more successful campaign in 1951.

In 1952, Mrs. Donald C. Stevenson, council president, asked Mrs. Bert L. Lindsay to act as Clean-up chairman, and with Mrs. H. Ray Will as publicity director, two more years of clean-up activity and education were sponsored by the Garden Club group.

Plan Year-Round Drive

In November, 1954, with Mrs. Lindsay as president, the council decided to conduct a year-round Clean-up Campaign, and Mrs. Lindsay asked Paul R. C. Marden, executive secretary of the Grosse Pointe Property Owners' Association, to act as Clean-up Chairman.

Dr. Frank Monaghan, Director of the National Bureau, made a second visit to Grosse Pointe and outlined the requirements for entering the National Cleanest City Contest. Dr. Monaghan had been much impressed with the natural beauty of Grosse Pointe's setting, and felt that with further cleanliness and beautification it could well become one of the most beautiful spots in America.

Each succeeding campaign had brought the Council's goal of a perfectly clean Grosse Pointe a little nearer; so it was decided to enter the big contest and compete with hundreds of other cities in the United States in the same population bracket.

Committee Enlarged

Although the council is composed of representatives of 11 Garden Clubs in Grosse Pointe, it realized that entering a national contest and conducting a year-round clean-up program was a big job. The Clean-up Committee was greatly enlarged and the council joined hands with representatives of the five Municipal Governments, the Board of Education, the Grosse Pointe Branch of the Wayne County Health Department, the Grosse Pointe Businessmen's Association, the Grosse Pointe Property Owners' Association and the Grosse Pointe Real Estate Brokers Association.

For the beautification part of the program the Council initiated the mass planting of flowering shrubs as their continuing project. A total of 738 trees were planted, on both public and private property, in Grosse Pointe last fall.

Large Scrapbook Sent

Included in the large scrapbook, which was compiled and sent to National Headquarters, was a great volume of publicity, the before and after pictures, and other tangible evidence of clean-up and beautification activity. This scrapbook, along with a comprehensive report, presented a picture of the aims and accomplishments of the 1955 campaign to the national judges, upon which the award was based.

The telegram received also advised that a trophy is being engraved and will be shipped to Grosse Pointe for presentation ceremonies in the near future.

rather obtain the lease. On the city's side, it was disclosed that the municipality considers the site a very valuable one, and that it might have use for it for future city development. It did not want it tied up forever.

It was suggested that the Army look around for another site, possibly a trailer camp site in Detroit, which is approximately a half a mile from the army camp site.

The meeting ended in an amiable manner, with the Army agreeing to try to locate another site, if possible.

City Manager Everitt B. Lane said that the matter is not yet finished as far as the council is concerned. He said that the issue will be taken up by the council at another meeting, and that the Army officers will meet with the city officials again for a further discussion.

Two Paid Honor By Auto Club

Outstanding service to Grosse Pointe area motorists by Claude Jurgensen and J. P. Toohy was rewarded on February 14 by Automobile Club of Michigan.

"Oscars" were presented by club first vice president Frank J. Howlett to Jurgensen, district manager, and Toohy, junior membership counselor, while their wives watched.

Presentation was made at a dinner in the presence of 500 Auto Club executive employees.

They were cited for reflecting great credit in Michigan and Grosse Pointe for service to the American motoring public. For your constant dedication to everything that makes motoring pleasanter and safer these citations are respectfully awarded.

For saving or trying to save a life, 165 Boy Scouts were honored in one year for heroism by the National Court of Honor of the organization.

State Lauds

(Continued from Page 1) Liam H. Lange, reads, "in part, as follows:

Started in 1951
"You will recall that you started work on this project (Dutch Elm control) in co-operation with our Department in 1951. Three trees were found diseased in 1951; 38 in 1952; 45 in 1953; 148 in 1954; and 230 in 1955. This is commendable and actually shows what can be accomplished when every effort is extended to protect your most valuable elms.

"I am likewise happy to report that in 1955, the total number of trees (in Michigan) with Dutch Elm Disease was 5,745, compared to 5,774 in 1954; and 1,119 in 1953; 298 in 1952; 74 in 1951; and nine in 1950."

310 Samples Taken
Mr. Boyer said that in the Woods, during 1955, there were 310 samples taken, 77 from public property and 233 from private properties, and the total number of diseased trees diagnosed was 230, of which 62 were from city property and the balance from private properties. There were 81 dead trees which were removed immediately, after condemnation, without being sampled, and eight woodlots.

"This definitely points out," Mr. Boyer said, "the fact that you had only 62 trees on public property diagnosed with the disease, while 168 diseased trees were found on private properties."

This Spells Success
He said that this spells success, and that if it were not for the keen interest of the men of the various cities in attempting to check the blight, there would be 10 times that number of infected trees. He also said that it was hoped there would be a reduction in the number of diseased trees within 10 years, but because of the effort put into the program by the cities, the reduction has come about in five years time.

Mr. Boyer said that according to best estimates, the State has surveyed approximately 14,000,000 elm trees during 1955. Mr. Lange said that in the continued program in combating the Dutch Elm Disease, the Woods is considering adding more equipment, to keep the blight at least to a minimum.

Huge Cast Puts Finishing Touch on Tuxis Club Show

A fast and furious schedule of rehearsals is being maintained by the cast of "Rise and Shine" as every act works to be in top form for the dress rehearsal next week.

Virginia Thompson, executive secretary for the Eighth Annual Variety Show of the Tuxis Club of the Grosse Pointe Memorial Church, reports that rehearsal rooms are at a premium.

The show will open at Parcels Junior High School Auditorium at 8:15 o'clock next Thursday night, February 23, and will be presented again the following two nights, February 24 and 25.

The 1956 version of the Tuxis show promises to be the most spectacular ever presented. Not only is the cast the largest ever to take the stage, but the scenery and backdrops are also the most elaborate.

"Rise and Shine" will open with a glamorous production number based on the song "You and the Night and the Music." Donald Worley and Lorna Maguire will be featured in a duet as 12 couples in evening dress carry out the theme.

The couples include Stuart MacDonald, Cindy Buell, Bob Murphy, Marilyn Zrodowski, Steve Howard, Joanne Hoover, Thomas Wilson, Judy Morang, Peter Smith, Genny Butz, William Yates, Judy Davidson, Thomas Kaser, Cecily Rains, William Bryant, Marcia Keller, Kelsey Stewart, Ella Mae Harrison, Paul Wehmeier, Sheila Leacock, Peter McGrath, Joanne Ortwain, Mike Duffy and Connie Hammon.

Closing the first act will be a "hillbilly" number with an appropriate mountain setting. Sheila Slimon and Penny Rydholm will do a novelty song and dance to "I Like Mountain Music," followed by a double quartet singing "Feudin', Fussin', and a Fightin'."

Members of the double quartet are John Leete, Donald Worley, Harold Quackebush, Robert Johnson, Jane Berry, Marcia Mower, Nini Lofstrom, and Sue Conner.

The first act ends with eight couples dancing to the tune of "Goofus." The couples are: Judy Davidson, Cynthia Lister, Joy Taylor, Karen Hanson, Genny Butz, Jean Searles, Joyce Bushong, Nancy Diegel, John Wressell, Bob Mason, Jerry Hansen, John Gran, Jon Staiger, William Yates, Peter Smith, David Turk.

"Shine On Your Shoes," a bright, sparkling number, will open the second act. Dancing to the accompaniment of Tom Saunders' Band will be seven couples, with Bonnie Legato doing a tap solo.

The seven couples are: Charles Wurst, Tom Finch, Bill Lewis, Stanley Armstrong, Paul Thompson, Stewart MacDonald, Martin Hutchinson, Peggy Young, Joanne Hoover, Jean Hutchinson, Sue Brown and Nell Evans.

The finale will be a gay, festive South American Samba. Dressed in colorful costumes, 12 girls will dance to the music of "Brazil." Among them are Bonnie Randolph, Chloe Irwin, Jane Berry, Anna Svenson, Denise Carnes, Adelaide Eades, Karin Olson, Mary Wardle, Barbara Hammond, Carol Bayless, Gail Schleicher and Marcia Mower. The entire cast will fill the stage to sing "Cuento Le Gusta" as the curtain is rung down.

All of the above production numbers have been created and directed by Mrs. Albert J. Slimon, assistant producer and director of choreography for the show.

One of the features of the show this year is Tom Saunders' 14 piece student band. Due to popular demand, the band will play seven numbers which include, "South Rampart Street Parade," "Pete Kelly's Blues," "Down South Camp Meeting," "Honeysuckle Rose," "Tuxedo Junction," "Aint She Sweet," "Original Dixieland One Step." It is interesting to note that this will be the sixth succes-

sive year for Tom in the Variety Show. He started back in Junior High School as a member of the Dixieland Band which was led by his brother, Dick. Two years later he played for one year in Sandy Forsyth's Band. Then he organized his own band and for three straight

years has directed all band music for the show.

Tickets are one dollar for adults and fifty cents for students. They may be obtained from any member of the cast or from the church office (TU 5-3773). All proceeds go to the Tuxis Club Benevolence Fund.

Mrs. Sally G. Bray, widely known speaker from Cincinnati, Ohio, will be the spark-plug of a study seminar on the United States and International Relations, to be held on February 18 at the Veterans' Memorial Building in Detroit.

The focus of the seminar will be on the United Nations and Disarmament negotiations currently in progress.

There will be two sessions—from 9:30 a.m. until noon, and from 1 p.m. until 3:30 p.m.

The seminar is under the sponsorship of the combined chapters of the United World Federalists in Grosse Pointe, in Detroit, and in Oakland County.

Mrs. Bray is widely known for her interest in the Federalist movement, having served as chairman of the Mid-Lakes Region in 1954, currently serving as a member of the National Executive Council of the United World Federalists, and also serving as a member of the Executive Council of the World Movement for World Government.

Pledge Support in Civil Defense Program

At a meeting sponsored by the Junior Group of the Grosse Pointe American Legion Auxiliary, GEORGE ELWORTHY received a pledge of support from both the Junior and Senior members of the Unit in his efforts to arouse a more active interest in Civil Defense. MRS. ISABEL THOMAN of Fisher road, Civil Defense Chairman for the Grosse Pointe Unit, promised to aid in securing volunteers to train for the many jobs open in the local Civil Defense set-up, as did VIRGINIA DASSORI, chairman of the Junior Auxiliary Group.

Cubs Give Dads Annual Banquet

St. Clare of Montefalco Cub Pack No. 399, held a Blue and Gold Fathers and Sons banquet on Thursday, February 9.

There were 72 cubs and 70 fathers present at the banquet. It was explained that two of the fathers were parents of twins, who are members of the pack.

Robert Pilsbury, deputy commissioner of the Boy Scouts of America, was the speaker and honored guest. He chose as the topic of his speech, "Cub Scouting in Relation to Boy Scouting."

Jud Girard, former Lions football player, showed slides and talked about football.

Also present at the gathering was the Rev. Fr. J. Raymond Collins, institutional representative for St. Clare.

Cubmaster of the pack is Ralph Koerner, and Dr. Dale Barrett is assistant cubmaster.

After the banquet, the Cubs held a "Pinewood Derby" in which the Cubs raced small racing cars on a six-foot long incline, to see which car was the fastest. The cars, measuring only several inches in length, were made by the cubs themselves.

Chairman of the banquet was Leo Aubin.

REPORTS LOST WALLET Gil De Smet of 2152 Stanhope, told Farms police on Thursday, February 9, that he had lost his wallet in the municipal lot and that it could not be found after a search.

In his talk before the group, Mr. Elworthy said, "The apathetic and sometimes hostile public reaction to the Civil Defense program is tragic because, some day, people may have to die merely because they will not learn the rules and join the game—while it is still a game.

Of course, a civil defense exercise seems like a silly game in peacetime. And yet it is the only way to learn the habit of mass protection. Fire drills in school seem like silly games and so do lifeboat drills at sea; yet both are deadly serious."

"We must realize we are up against the grimmest problem we have ever faced, or may ever face as individuals and as a nation. There will be no one around to 'wet nurse' us. We

can't count on anyone to lead us by the hands, if something happens. We've got to learn to save ourselves and we've got to learn it fast. We cannot depend on fate. We can depend on ourselves, and upon each other, and upon Civil Defense!"

Driver Trainers Finish Course

N. Ray Watling, Grosse Pointe high school teacher, was among 98 Michigan high school teachers being trained by Michigan State University's Highway Traffic Safety Center to teach driver education.

To help the schools inaugurate or expand their driver-education classes, M. S. U. developed a specially-designed approach to train the much-needed driver-education teachers. The unique project included a one-week workshop plus a series of evening classes.

The third and last of the one-week concentrated workshops was concluded February 3 to provide basic training. Following this, a continued program of evening classes started for these teachers at six locations in the state.

The special session of the state legislature last fall passed legislation requiring all public high schools to provide driver-education to their students.

George Dansbury Taken By Death

George F. Dansbury, 67, of 89 Mapleton, retired Farms fire chief, died on Saturday, February 11, in Bon Secours Hospital, after a brief illness.

Mr. Dansbury left the Farms Fire Department on December 31, 1950; and his retirement became official in March 1951. He had been with the department for 34 years. He was secretary of the Michigan Fire Chiefs for many years.

He was born in Elizabethtown, N.J., on February 22, 1888, and has been in Michigan since 1915.

He began work with the Farms, then a village and part of Grosse Pointe Township, on October 16, 1916. At the time the Village had a combined police-fire department.

His promotions in the department were rapid. He was made a sergeant in February 1918; and a lieutenant in January 1919.

In 1923, when the combined department was separated, Mr. Dansbury was made the fire department's first chief, a post he held until he retired.

He is survived by his wife, Stella; a daughter, Mrs. Glen Leach; three brothers, Fred, Charles and Frank; and two sisters, Mrs. Elizabeth Dooley and Mrs. Genevieve Mills.

Funeral services were held at the Verheyden Funeral Home, 16300 Mack; and St. Paul's Church, on Monday, February 13. Burial was in Mt. Olivet cemetery. Full honors were accorded by the Farms Fire and Police Departments.

Grunyons Plan Center Concert

The Grunyons are to present a popular concert at the Grosse Pointe War Memorial at 8:30 p.m. on Thursday, March 1. The entertainment will be followed by an informal reception and light refreshments.

The public is invited at no charge. The concert date has been postponed from February 23rd so as not to interfere with the opening of the Tuxis Show.

The group of gentlemen songsters known as "The Grunyons" was founded in June, 1949 when one of its present members was approached by the Entertainment Chairman for a charity fair and was asked whether or not "his pet could sing" at the fair two weeks hence. Not having an octet, he naturally replied "of course" and two weeks later the Grunyons made their first public appearance.

A program of four "concert-stuke" was soon prepared and on the appointed night the group's entire repertoire was rendered — again and again. From that time on the Grunyons have assembled on an average of once a week and now have a repertoire of many dozens of songs.

The origin of the name "Grunyons?" Some say it is a bizarre fish, native to Southern California; others identify it with ancient singing groups of the Yale tradition.

Members of the group are:— Barney Brogan, Duke; Bud Lester, Iowa; Norm Perrin, Michigan State; Frank Sladen, Yale; Alan Bodycombe, Yale; Jim VanDusen, Michigan; George Wilson, Ohio Wesleyan; Murray Dodge, Yale; Alex McDonald, Amherst; Charlie Parcells, Yale; Bill Gard, Yale; Tom Tillee, Yale and Larry Verdier, Harvard.

Year-Long Show To Change Daily

The deGrimme Galleries, 7 Kercheval avenue, Grosse Pointe Farms, announced early this week that a year-long special window exhibit of oil paintings, with a different picture on display each day, will commence tomorrow, Friday, February 17.

The showing will be in the gallery's specially recessed east window and will have brilliant spot-lighting to make the showing equally effective in the evening hours.

Joseph deGrimme, head of the gallery and owner of the very large collection which makes the 52-week showing possible, says his group of top-line paintings is reputed to be one of the largest in the Middle West.

Picture Council Lists Movies

The Grosse Pointe Motion Picture and Television Council's list of approved movies for children eight years or over for February is listed as follows:

Recommended for children are "Kim," "Mr. Hulot's Holiday," "Seige at Red River," "Mister Scoutmaster," and "I Love Melvin."

For teen-agers, the list includes: "The Spoilers," "Trial," "Count Three and Pray," "Treasure of Pancho Villa," and "Beneath the 12 Mile Reef."

Highly recommended for all ages is the film: "Good Morning, Miss Dove." It is the story of a New England teacher, stricken suddenly in her classroom, who is taken to the hospital and relives in flashbacks, episodes in her career.

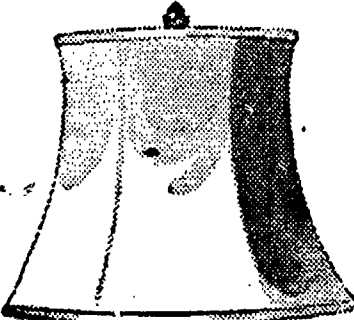

The Michigan State Players, sponsored by the A.A.U.W., will present "Cinderella" Saturday, March 3 in Parcells Junior High School. There will be two performances, at 10:30 a.m. and 2 p.m. Tickets will be 60 cents. For further information or tickets call Mrs. Walter J. Kingsley, TUXedo 1-7068.

Grosse Pointe Park and the Woods have regulations that children 10 years and under, cannot remain in the theater after 7 p.m. unless accompanied by an adult. Curfew for those under 16 years is 10:30 p.m. unless so accompanied.

For further information, call Mrs. William R. Hill, TUXedo 1-0139.

Jones Resigning Post at Library

Users of The Grosse Pointe Public Library will learn with regret that George F. Jones, Circulation Assistant at Central, is resigning on February 25.

He has just been appointed first librarian of a new library system being started in Burnaby, a suburb of Vancouver, British Columbia, Canada. Mr. Jones is returning not only to his native country, but to his home town, a rapidly growing community of 90,000. Hitherto only two small volunteer libraries have been in operation in this area, and he has the stimulating and challenging job of building from embryo.

Mr. Jones received a Bachelor of Commerce degree from the University of British Columbia, a Master's from the University of Oregon and his B.L.S. from Columbia. After several years teaching experience and three years in the Canadian Air Force, he joined the staff of The Grosse Pointe Public Library in the fall of 1952.

From Another Pointe of View

By Kitty Marriot

Their wedding day isn't until a spring-like April 21, but Mary Thompson and James J. Crowe were feted Saturday night at the very first of their pre-nuptial parties. Co-hosts for the early party were Mr. and Mrs. Urban J. Carron, of Birmingham, Mr. and Mrs. Edward P. Echlin, Mr. and Mrs. Thomas Joyce and Miss Margaret Bradford. Most of the festivities for Mary and Jim are on the post-Easter calendar, but since some of the Saturday hosts will be out-of-town by then, they decided to entertain a little earlier.

Valentine decorations set the stage for a cocktail party, followed by dinner and dancing at the Detroit Athletic Club. Mary and Jim's parents, Mr. and Mrs. Grover W. Thompson of Maumee avenue and Mr. and Mrs. William T. Crowe of Merriweather road, joined the senior group, and the younger set gathered at one long table for dinner.

Seated together with the prospective bride and groom were Mr. and Mrs. William R. Maas, Mr. and Mrs. Thomas H. Mercier, Robert Brinker, Catherine Crowe, Thomas Byrne, Mr. and Mrs. Paul Glasmeier, Mr. and Mrs. Robert M. Palms, Mr. and Mrs. Robert Thibodeau, Mr. and Mrs. Victor G. Kenyon, Mary FitzSimons, Thomas P. Keane, Ann Haggarty, Joseph Cobane, Mr. and Mrs. Thomas Roney, Antoinette Nowak and Henry Roesch.

Mrs. Hill mailed out 35 invitations, after tearing up the first few because she found herself writing "Karla Behr" instead of "Karla Standish."

Karla's mother, Mrs. Karl G. Behr, and Jim's mother, Mrs. James D. Standish, Jr., will preside at the tea table.

MSU Players To Do Classic

The magical appearance of a little pumpkin coach pulled by mice across the stage is just one of the original twists which will make the new Michigan State University Players' production of "Cinderella" an attraction Grosse Pointe youngsters will not want to miss.

Ticket sales are being arranged by a committee composed of Mrs. William Grasse, Mrs. William T. Quinn and Mrs. E. O. Warren. The tickets are available, at 60 cents, at Fromm's Hardware in the Village, the Punch and Judy Toyland on the Hill in the Farms and at Harkness Pharmacy, 20315 Mack.

Say Vows in Church 12 Centuries Old

Kathleen Elizabeth Fitzsimons Becomes Bride of Hans Tschurtschenthaler in Carinthia, Austria

Like the storybook princess in a fairy tale book, Kathleen Elizabeth Fitzsimons walked up the aisle of a church, almost 12 centuries old, to become the bride of Hans Tschurtschenthaler, of Klagenfurt and Vienna, on Saturday, February 11.

The bridegroom's brother, Rev. Father Heinrich Tschurtschenthaler, was one of three priests officiating at the 12 o'clock solemn high nuptial mass, in Dom zu Maria Saal, in Carinthia, Austria. They were married on Friday at a civil ceremony in Klagenfurt.

Kathleen, daughter of Mr. and Mrs. Frank E. Fitzsimons of Harvard road, wore an ivory silk taffeta wedding gown embroidered with iridescent beads. Lace outlined the scoop neckline and a matching lace panel extended down the front of the bouffant skirt, which had a cathedral train. Her waist-length tulle veil was secured by a cap applied in lace and she carried white roses.

Mary Lou Fitzsimons, her sister's maid of honor, wore an ankle length gown of pale aqua crystal with matching shoes and floral headpiece. Inge Henhapl, the bridegroom's cousin, and Isolde Erdmann, served as bridesmaids. They had ankle-length gowns of pale pink tulle over white.

The three attendants wore short white jackets, because the centuries-old church is not heated.

Dr. Wolfgang Wolte was best man with Wolfi Kolbeseh and Heirne Glangier ushering. The bridegroom is the son of Mrs. Maria Tschurtschenthaler, of Klagenfurt.

A wedding breakfast was held

Chaplain from Selfridge Field Officiates as She Becomes Bride of William Tracey O'Brien on Saturday

First Lt. John J. Bradley, chaplain at Selfridge AFB, officiated at the 10 o'clock high mass and wedding ceremony in St. Joan of Arc Church on February 11, uniting in marriage his friends, Loretta Joan Takas and William Tracey O'Brien.

The bride is the daughter of Mr. and Mrs. Andrew Anthony Takas of N. Brys drive; Mr. O'Brien's parents were the late Mr. and Mrs. Frank J. O'Brien of Russell avenue of Detroit.

A breakfast and reception followed in the Whittier Hotel.

An ivory Italian silk gown was chosen by the bride for her wedding. It was fashioned with an illusion neckline and a yoke of Alencon lace; a pleated cummerbund, and the full skirt with a cathedral train. A fingertip silk illusion veil was held in place from a tiny matching silk pillbox cap edged in pearls. A small cascade bouquet of white rosebuds and stephanotis completed the bridal costume.

Margaret Lynch was the maid of honor. Bridesmaids were Coleen Kennedy and Lorraine Lhotskey.

Frank J. O'Brien was best man for his brother, Martin Brennan, Jr., and Neil Cote served as ushers.

The bride's attendants were gowned alike in watermelon pink crystalette, carrying cascade bouquets of pink carnations and wore pink carnation headpieces.

For her daughter's wedding, Mrs. Takas wore a mauve satin gown with a matching small hat and bronze accessories. She pinned a cypripedium orchid corsage to her bag. Mrs. Edmund Judge, aunt of the bridegroom, wore a pastel blue gown with pink accessories and cymbidium orchids.

For traveling the new Mrs. O'Brien wore a mauve tweed suit, matching hat, black accessories, and a corsage of pink callias.

Following a short wedding trip to Chicago the couple will make their home in Grosse Pointe.

At Western Michigan, among the many buildings she has furnished are nine dormitories, a theatre, a

music building, chapel, faculty club and a large student apartment.

Miss Siedschlag feels strongly that art develops the inner resources of women. She frowned on the idea that women is the weaker sex, according to legend. The writer George Eliot was certainly not being kind to her sex when she said that, intellectually, women are weaker than men. Nor is womankind the "lost sex" and frustrated.

Women find great satisfaction in doing their own home decorating, Miss Siedschlag finds.

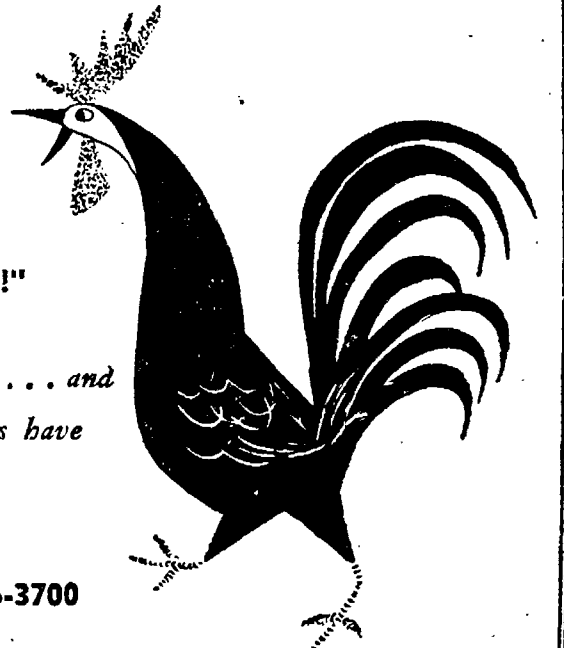

In introducing Mrs. John B. Martin, Jr., who spoke on "Enlarging Horizons" in the field of public affairs, Mrs. Hahn pointed out the sharp contrast between this and the art field in woman's life. The speaker is an active member of the Michigan Congress of Parents and Teachers, the Michigan Children's Aid Society, and

Sabbatical Leave Program For Teachers Under Study

The prospect of a Sabbatical leave program for Grosse Pointe teachers continued to look good even though the Board of Education deferred official action at the February 8 meeting. The written proposal was presented by the Professional Problems Committee of the Grosse Pointe Teachers Association, which has studied Sabbatical leave programs of comparable school systems throughout the country.

suggestions and revisions. Following further study by the committee, official Board action on Sabbatical leave may be taken at a future meeting.

Sabbatical leave is a means of encouraging teachers to strengthen their teaching resources and gain new experiences which will benefit the children in their classes. The idea originated in Cambridge, Mass., in 1896 and is firmly established in many school systems in the United States.

Sabbatical leave is normally made available to a very small percentage of teachers who have given at least seven consecutive years of service to a particular school system. Leave time, usually either a full semester or an entire year, is used for advanced study at a university, or similar professional improvement. Many school districts require the person on a sabbatical to return to the system for at least three years following his leave.

A number of Michigan school systems already offer a Sabbatical leave program. They include Detroit, Dearborn, Grand Rapids, Battle Creek, Muskegon, and Ann Arbor.

Both the bequests and gifts have been deposited in the university's Anniversary Fund as part of the \$20,000,000 Development Program.

NEW SPEEDING LAWS

Michigan's new state speed limit law becomes effective this Friday, February 3, and a few reminders in connection have been given by State Police Commissioner Joseph A. Childs. The law placed an absolute limit of 65 miles an hour on state and county roads during daylight hours and 55 miles at night. For enforcement purposes, State Police will regard nighttime hours as those during which headlights are normally used.

Exchange Club Sponsoring Crime Prevention Week

The Exchange Club of Grosse Pointe Tuesday hosted several of the law enforcement officers of the Grosse Pointe area in observance of the Ninth National Crime Prevention Week, which is sponsored by the National Exchange Club.

Speaking of this week, President Eisenhower has written in part:—

"I urge all citizens to take advantage of this timely and significant occasion, listen to

the message of the National Exchange Club and learn how each can assist and support local law enforcement officers in the performance of their duties. Such assistance and support are essential if we are to win the battle against crime."

A Real Service Center

A report submitted by the executive director of the War Memorial Association to the board of directors at a meeting Monday night, revealed the important place the Center has taken in the cultural, educational and social life of the community.

It has become a most active living memorial to those it was meant to honor, the dead and the living veterans of World War II and the Korean War.

Attendance figures for the month of January show that nearly two thousand more residents visited the Center during that month of this year than in the same month of 1955. Actual figures are 5,953 for 1955 and 7,714 for January 1956.

Seventy-one groups used the Center during last month, as compared to 57 a year ago.

Program-sponsored activities attracted 15,175 during the six months period ending January 31, 1956, as against 11,392 during the same period the year before.

A total of 748 committees held meetings in the Center during this same period, as against 607 in the previous year. Total attendance during the six months periods was 37,231 this year and 33,802 last year.

During January alone this year 538 dinners were served at the Center; 620 luncheons, 1,346 teas and 2,229 beverages. The latter category refers to those who merely drop in for a cup of coffee or a soft drink and a doughnut. No alcoholic beverage is served at the Center.

Each year since the Center property was presented to the Pointe it has grown in service to the residents of the community. The program of activities has been increased annually and present figures indicate that it won't be long before the physical property will be taxed to its full capacity.

Plans are now being completed for the annual Family Participation fund raising campaign for the operation and maintenance of the Center. It is to be hoped that an increasing number of residents will appreciate the great contribution the Memorial is making, and will be included on the list of donors to the drive.

An Undiplomatic Move

The Farms council will probably never be ranked among the world's great diplomats. At least the timing of the members seems incredibly deficient.

We refer to the matter initiated at last week's council meeting, when the solons took the stand that the Board of Education is violating the city zoning laws through its use of Old Kerby School. Action was deferred until the March 5 meeting, but the introduction of the subject at this particular time would seem to constitute a major boner.

Since the completion of the New Kerby School, the ancient building next to the Farms Municipal Building has been used by the Board of Education as a warehouse and repair shop for school equipment. The councilmen, or the majority of them, object to this and want it stopped.

For many, many months now the Farms officials and the Board of Education have been negotiating in an attempt to solve the city's major parking problem in the Kercheval business district. The school heads have already provided some extra land from the Richard School playground to enlarge the area purchased by the Farms. More is needed and the city has been pleading with the educators to grant them an additional strip on the eastern end of the playground.

There have been many meetings of the city and school officials and the businessmen of the district, who are vitally interested. Just two weeks ago, following the most recent session, it appeared that things were going to be ironed out and a mutual agreement would be forthcoming.

We hope an agreement will still be reached. But the Farms concilmen certainly didn't help the situation any by throwing the barb last week. If they really want to attempt to curtail the use of the school building, they might have waited until the far more important parking matter was settled.

We fail to see just what the objection is to the present use of the old building. The system requires some place where it can store supplies and make repairs. It appears perfectly logical that it should use a structure in existence for this, rather than have to spend more money to build a new one.

It is understood there has been no complaint from any of the residents in the neighborhood. Certainly the present use of the building creates much less of a nuisance than when it was used for classrooms and hundreds of children were attending two sessions, with all their youthful exuberance and the traffic snarl produced as parents delivered and picked up their offspring.

Grosse Exaggerations

A. PRYOR

"Meet me by moonlight alone,
And then I will tell you a tale;
Must be told by the moonlight alone,
In the grove at the end of the vale!
You must promise to come, for I said
I would show the night flowers their queen.
Nay, turn not away that sweet head,
'Tis the loveliest ever was seen."
(Joseph A. Wade)

Some day we hope to see a song writer come out of the sky and write some down to earth lyrics. It is all very well to picture a romantic character trying to impress his girl with such words as: "I'd climb the highest mountain or swim the deepest ocean if I could have YOU" . . . when he doesn't explain about how he might go to work and earn a living to support her.

Another song promises the girl the moon and stars if only she will say "yes." Our favorite in pre-marital gifts, however, is the one where the lover presents her with six turtle doves, five hitching posts and seven partridges in a pear tree. THERE is something to turn the heart of ANY woman!

The mail bag seems to be full of gags this week. Hope you like . . . A draftee who had been in the army just long enough to catch on to things, was caught loafing one day by his sergeant. "WHAT are you doing," barked the latter . . . to which the soldier replied: "Well, uh, I'm procrastinating." The sergeant looked puzzled for a moment, then patted the boy on the shoulder and said: "Okay . . . just so long as you keep busy."

We have had all manner of bills and statements and letters from stores throughout the country . . . but this is the cutest. From a Detroit store, a statement showing no balance due and down in one corner, a picture of a girl weeping, surrounded by a flock of broken hearts. She is asking "Don't you love us any more?"

Obviously the reason for this is that we haven't bought anything from them in over five years for the very simple reason that one of their salespeople was rude to us. Just like an elephant . . . that's Pryor!

A gentleman we know in the East, who owns a farm, had heard the story about building up your muscles by lifting a young bull each day . . . so that as the bull grows heavier your muscles grow stronger with the daily lifting. It worked like a charm for about a month . . . then the young man had to go on a trip for two weeks . . . and by the time he got back, the bull had gained sixty pounds and he couldn't even get the animal's feet off the ground! They say it works, if you don't miss a day. A tale is told that some intrepid gent who tried it, was able to life the bull after he got to over two thousand pounds. DON'T write us about this. We heard . . . but we DIDN'T see it!

A local woman who has more courage than we have, recently invited about a dozen people to her house for dinner and not until they got there, did they discover she had no intention of serving cocktails before dinner. ALL of the guests like to drink and some of them would rather jump off the roof than miss a drink or two before eating. No amount of hinting or looking "dry" moved the hostess in the least. Finally, one desperate gent came right out and asked if they could have a drink and our heroine replied that THIS evening was going to be different. She was serving SOUP in the living room instead of liquor!

Everyone sat silently morose for about fifteen minutes, when sure enough, in came a couple of waitresses bearing a large soup tureen and cups. Madame served everyone with great ceremony . . . and a quiet group they were. What they didn't know at the time, is that the soup was a concoction the hostess heard about in the East . . . consisting of some kind of consommé with added spices, lemon juice and VODKA. Having forgotten the exact proportions of the mixture, she made it four parts Vodka to one soup . . . so it wasn't long before the guests started gobbling up the soup like mad. One man was heard to say . . . "This is the first time I've ever been at a party where I've had NO cocktails before dinner . . . but seven cups of soup!"

Needless to say the party turned out to be an hilarious one . . . especially when the guests began to think that the whole dinner might be "spiked." To climax the meal . . . another male guest got to his feet and drank a toast to his hosts OUT OF THE FINGER BOWL. He swears that had Vodka in it too. Sounds like at THAT point anyone would have sworn to anything!

In case you missed Godfrey's program the other morning, he had two gags that appealed to us. One . . . supposedly a true story . . . concerned an intern and his bachelor dinner on the night before his wedding. The usual shenanigans went on and of course our hero drank too much and passed out. When he came to in the wee hours, he was horrified to find his right arm in a cast. His friends explained to him that he had no doubt forgotten that he fell down and broke his arm . . . and they had had to put it in a cast.

The poor guy went through his wedding ceremony and off on his honeymoon for two weeks . . . but it wasn't until he got back, that he found his arm had not been broken at all! The cast was a gag his fellow interns thought up and WHAT A GAG!

The other story had to do with a young bride who wanted to please her husband with some plain and fancy cooking but her mind didn't run that way and all she could conjure up was hamburger . . . so she served it to him every night in different dress . . . plain hamburger, meat balls, fancy sauces, cheese burgers, etc. Finally after about two weeks of this, our boy sat down at the table, took one look at yet ANOTHER hamburger dish and exclaimed: "HOW NOW GROUND COW!"

HOW TO PROFIT THROUGH TAX EXEMPTION

With today's high tax levels, investors in medium and high tax brackets are turning to tax-free Municipal Bonds for income that they can keep.

If you have a taxable income of \$10,000 or more, you may be well repaid by investigating the advantages of tax-exempt State and Municipal Bonds. For instance, if you file a single return on a taxable income of \$14,000, you would have to receive a dividend return of 7.45% on a taxable security in order to equal the yield from a 3.50% tax-free Bond. It's something to think about!

Our New Booklet, "How To Profit Through Tax-Exemption" explains in plain language your need for tax exemption, tells how much these high-grade investments can be worth to you. There's no obligation. Send for copy today, or phone

What Goes On at Your Library

By Jean Taylor

This week we are pleased and regretful at one and the same time. Regretful, because George Jones, a favorite librarian with both the public and the staff, is leaving. Pleased, because his new job, organizing a brand new library in Burnaby, British Columbia, Canada, a Vancouver suburb of some 90,000, should put to good use his splendid capabilities and prove an interesting assignment.

In the three and a half years that he has been on our staff, he has made many friends and has done much to further library activities.

In charge of the library's audio visual program, he initiated the monthly family night movie programs which have proved popular, and is largely responsible for building up the collection of films which the library now owns, as well as supplementing this continually by many films on short loan.

Moderating a panel discussion on Educational TV for the Grosse Pointe Public Library recently, he did a most creditable job, and the library borrowers who seek his advice on a research problem or on a good book for a rainy evening, are legion.

One of the most popular discussion groups held at the library last year was that on

world politics, of which Mr. Jones was a co-leader.

With a keen interest in the theatre, an amazing knowledge of a wide variety of subjects, and a quick wit, he has much to offer in his service to the public.

He has also a facile pen, and has had a number of articles published in various professional magazines. The writer is particularly grateful for the many times Mr. Jones put new life into this column by taking over her weekly commitment.

The old quip "leave it to George" was heard over and over at Central during the last few years. Said not in jest but in seriousness, we always knew if we did leave it to George, whatever the job, it would be done and well done.

Good luck to you George Jones, and the best wishes of every member of the library staff.

TO TAKE TV CENSUS

Up-to-date national figures on the number of television sets in households will be provided through supplementary questions to be asked in the February Current Population Survey, according to Supervisor Edward T. St. Arnold of the U.S. Census Bureau's district office at Detroit, Michigan, which will participate in the survey.

Legion Auxiliary News

From Unit 303
By H. MARIE DASSORI

"Volunteer for Civil Defense service and training!" This is the appeal being made by the American Legion Auxiliary to its nearly one million women members this month as the organization emphasizes the need for continued development of America's ability to protect itself against the dangers of today's world.

Mrs. Isobel Thoman, Civil Defense Chairman of the Grosse Pointe Unit of the Auxiliary, is carrying the appeal to Auxiliary members here.

"The strength of our country to protect its peace and freedom depends not only on our armed forces but also upon our preparations to guard our homes and families from the effects of enemy attack," said Mrs. Thoman.

"We of the American Legion Auxiliary believe that every woman needs the knowledge of how to protect her loved ones in the event of disaster, and we are calling upon all of our members to take Civil Defense training, mass feeding and registration work. Many have already qualified for these services but America needs millions more trained volunteers to make it strong on the home front."

Auxiliary leaders from all parts of the country were given a week of intensive training at the Federal Civil Defense Administration Staff College at Olney, Maryland, in January. They formed a special class at the college, made up entirely of Auxiliary state officers. They were trained to give leadership to the Civil Defense activities of the organization in their states.

Local volunteers for Civil Defense service and training can obtain information from Mrs. Thoman, or should offer their services direct to the local Civil Defense organization, Neighborhood Club, 17145 Waterloo.

To Hear Talk By Nora Wain

Nora Wain, best-seller author and foreign correspondent for the Saturday Evening Post and Atlantic Monthly, will speak at Detroit Town Hall at 11 a.m. Wednesday, Feb. 22, in the Fisher Theatre.

Miss Wain is just back from the Far East where she completed her book, "Return to the House of Exile." Its forerunner, "The House of Exile," and "Reaching for the Stars" were best sellers. Her topic will be "Where Does America Stand in Asia?"

Edward Weeks, editor of The Atlantic, calls Miss Wain "one of the top writers on the Far East." During the Korean War she was one of six correspondents on the Manchurian border. She has lived in several dozen Japanese homes, can speak Japanese and five dialects of Chinese fluently. Recently she interviewed refugees along the Russian satellite border from Turkey to Finland.

Tickets are available at Grinnell's, WO 2-1124, or at the theatre the day of the program.

Burt Boyar IN NEW YORK

THE SALOONATICS: Sat around the Copa the other evening with Jackie Gleason, Phil Silvers and Lucille Ball who's in town to plug her picture "Forever Daring." We chatted about night clubs and the people who go to them. From the Stork to the Latin Quarter, from the Copa to Morocco there's a bore show you don't want to miss. They are an unnecessary evil the owners haven't been able to shake. But they're working on it. Have a guided tour. It's on the house!

THE INSIDER: He knows all the tricks. Has it down to a science. Calls up, makes his reservation for a table for four on the ringside. He arrives with his wife. "What," he exclaims, "my party isn't here yet? Well, they'll be along any minute. We'll wait at the table." He's seated and he smirks at the poor suckers at tables for two who are just behind ringside. Naturally, his "party" never arrives and he's got the choice table in the house. The louse. He's even more objectionable than . . .

RITA RINGSIDE: This doll must sit up front or she can't enjoy the show. Her poor husband goes for a double sawbuck to the captain and, boof, they're up in the big leagues. The show starts and the singers, dancers and comics are right in her lap, playing straight to her but they can't penetrate her. She's too busy to listen. Has so-o-o-o much to tell her friends. She's almost as bad as . . .

THE SHMOE OFF: This dapper young man with the beautiful dolls snaps his fingers for the cigarette girl, tells her what brand he wants and then hands her his gold cigarette case, waving it in the air like a skewer full of shish-ke-bab. She has to fill it for him. If you think he's too much you oughta meet . . .

CHARLEY CHUCKLES: He's the life of every party. Got a million gags. He was in the night before. Caught the show and didn't forget a single gag. So, after the comic onstage warms up the audience his "partner" keeps giving them the punch-lines just loud enough so everybody can hear. Kills the poor guy's act. He's a half brother to . . .

VICKI VOCALIST: She happens to have a very fine voice. Took singing lessons when she was a kid, and "believe me, if I wanted to take the trouble I could do better than that floozy up there, I'll tell you." It kills her that nobody knows how talented she is. Besides that, the kid on the stage (who's pulling down \$5,000 a week) needs some help, so, real low so nobody can miss, Vicki sings right along with the star like she's in a trance and doesn't even know she's doing it. Chances are she's a friend of . . .

LIMELIGHT LILLIE: he's a playgirl. Can't stand not being noticed. So, at the height of the show, when the house is hushed, she stands up, stretches quickly and slowly heads for the powder room. No one can miss her. And no one would. After the show's over you make a break to comb your hair and you meet . . .

THE JOHN JUAN: This guy slips into the men's room and really has the attendant hopping. Off comes his coat and tie. He borrows the attendant's razor for a quick touch-up. Splashes half a pint of aftershave lotion on his pass, grabs the comb and brush and murders the tonic supply. Then comes talcum powder, the nail file and a mouthful of LAVORIS. Meanwhile, he's got the poor guy down on the floor polishing his shoes. He knots his tie, slips into his coat, give himself the twice over, gets a ten minute whisk brooming, and then, like he's handing out Congressional Medals of Honor he whips out a buck, flashes the ivory and asks, "got 85 cents change?" You go upstairs and you meet . . .

HEP HARRY: This guy knows his way around. He never tips hat check girls. "Look," he'll tell you, "if it was her own little business I'd be the first one to give her not a quarter but a buck. But it's throwing dough away. She gets a salary. The big take goes to some racketeers or someone. Don'tcha see her put it in the can?" What this brain-in-the-neck doesn't know is the poor kid gets canned if she doesn't average around a quarter a head.

PARAGRAPHING: Constance Towers, who recently sang at the St. Regis' Maisonette, was stricken by polio three years ago. She was completely paralyzed. Life held nothing for her. As she lay helplessly in bed she looked up and asked "Why, me?" Later, by the grace of God, she recovered completely. Leaving the less fortunate behind at the hospital, again she looked up and asked, "Why, me?"

THE QUOTEBOOK: Ezio Pinza notices: "Generally, the bigger a person's mouth, the smaller the mind." . . . Terry Moore (whose recent picture posing in Istanbul caused a front page scandal) confided to a fan mag editor: "I really do love seeing my name and pictures in the newspapers." (you're not just spoonin' us, now?) . . . From another fan mag: "Jack Lemmon's favorite beverage is tea." (y'mean it's tea with Lemmon?) . . . Joe E. Lewis says, "Europe is a place where Californians go to spend money which rightfully belongs to Las Vegas."

Remarkable New Heating System Control Now Being Tested

If a "Ballet Balance" control had not been operating in a test apartment building at Blackstone Manor from September 15, 1955 to February 2, 1956, it would have cost 45 1/2% more to heat that apartment building. The fuel saving was \$103.88. This is a comparison test between two identical apartment buildings, building (A) with a "Ballet Balance" control as compared with building (B) without.

During the test there were no heating complaints from the tenants in apartment building (A) although apartment building (A) had the most heating complaints before the "Ballet Balance" control was installed.

These figures are backed by gas meter records from October 3, 1952 to date, and the test is continuing. This control works on oil or gas fired forced air or forced circulation hot water heating systems. Patents applied for. Seifert Manufacturing Company, 130 Ford, Highland Park 3, Michigan. In addition to his scholarly side, he is a keen sportsman (tennis, squash, shooting) and a devoted husband and father.

Sir Pierson entered the British Foreign Service in 1929 serving in Madrid, Ankara and Rome. Returning to London in 1940, he went with Anthony Eden to the Middle East, Greece and Turkey.

With Churchill in 1944, he was present in Naples when Marshall Tito first met with the western leaders and Sir Pierson went with Churchill to Athens where on Christmas eve Greece was saved from a communist coup d'etat.

V.E. day found Sir Pierson with Eden in the United States to bring about the birth of the United Nations.

In July, 1945, Sir Pierson accompanied Eden to the Potsdam Conference. Then following the labor government's ascension to power went with Bevin to the Peace Conference in Paris and was present at all the meetings of Foreign Ministers in Moscow, Paris, New York and London.

Sir Pierson was present at the first U.N. meeting in London in 1946 and on hand when the United Nations first convened at Lake Success.

In 1948, Sir Pierson was sent as Ambassador to Prague, where he witnessed the coup d'etat which resulted in Czechoslovakia disappearing behind the Iron Curtain.

It is hoped that as a result of interest generated by Sir Pierson's talk, the Detroit Branch of the English Speaking Union can be reactivated at a meeting to be held at the Center the evening of March 5.

The people of this world do not need more leisure time, but more time for common sense.

He will be introduced by Mrs. Albert Law, and will speak about African violets and their cultivation.

Mrs. Fred A. Rohn, entertainment chairman, made the arrangements. Co-chairmen for the party were Mrs. Charles Mercill and Mrs. Allan A. Wales, assisted by Mrs. Edmond R. Underwood and Mrs. Arthur Spencer.

Among those attending were Mrs. Raymond H. Berry, Mrs. Leo J. Kay, Mrs. James Atkinson, Mrs. Edward T. Best, Mrs. George Brown, Mrs. Sterling S. Rees, Mrs. C. Blount Slade, Mrs. Frank Kuhn, Mrs. Robert MacKenzie, and club president, Mrs. Gayard Lafer.

GUESSES TRAFFIC TOLL

According to provisional figures, a prediction made last May by Orrin M. Lucas, State Police traffic analyst, that Michigan would have 2,000 traffic deaths in 1955 fell short by just one. Lucas made his forecast on the basis of a trend that had then set in and the experience of previous years. The newly compiled figures show 2,001 deaths. Lucas estimated there would be 60,000 persons injured; the figure stands at 60,465. He said there would be 193,000 reported accidents; there were 193,927.

Wives Honored By Rotarians

The Grosse Pointe Rotary Club added glamour to its luncheon-meeting on Monday, February 13, at the War Memorial Center.

Rotary wives, wives of the club's members, were the special guests of their husbands, during an annual Valentine Day lunch, at which each "Valentine" was presented with a beauty token.

Following the regular flower raffle by the Rotarians, each husband presented his wife with his raffle number, and twelve vases filled with beautiful flowers were won by lucky winners. The flowers were donated by Rotarian Vincent DePetris.

When the luncheon was finished, the Rotarians and Rotary wives retired to the Center library, where Chet Sampson gave an interesting talk on "Behind the Scenes in Hollywood," followed by a showing of beautifully colored slides of Hollywood studios and personalities.

In his talk, Sampson said that Grosse Pointe youngsters in his tour group, have been made welcome every year in Hollywood by the studios and the movie stars because they are extremely well behaved.

He explained the different techniques used by the film companies in filming of different scenes, from the time the cameras grind to what the audience sees on the screen.

Mary Fisher Speaks Vows

Mary Louise Fisher, daughter of Mr. and Mrs. Otto Fisher of Moross road, and Thomas Patrick McCormick of Edgewood avenue, were married on Saturday, February 4. The Rev. Fr. William J. McGoldrick officiated at the 10 o'clock wedding in St. Paul Church on the lakeshore.

The ivory satin for the bridal gown came from Germany. Simply styled with round collar, button front and bustle effect in back, the gown extended into a cathedral train.

The bride's halo headpiece secured her fingertip illusion veil and she carried a prayerbook topped by a white orchid.

Mrs. Walter Berry, Jr., was matron of honor. Susan McCormick, the bridegroom's sister, served as bridesmaid. Mary Beupied was flower girl.

The two attendants wore waltz length red velvet frocks designed on princess lines. Their headpieces were matching bands of velvet with small veils. Cascade arrangements of white carnations and ivy formed their bouquets, with white stephanotis distinguishing the honor matron's flowers.

Wearing white organdie sashed in red velvet, the flower girl carried a basket of white carnations.

William LaChance performed the duties of best man for the bridegroom, son of William McCormick of Van Dyke avenue and the late Mrs. McCormick.

Ushers were Richard Sturn and William Fisher, brother of the bride.

After a wedding breakfast at the Stockholm and small afternoon reception in the Fisher home, the newlyweds left on a ski trip to Caberfae. They will reside on East Grand boulevard.

Park Dutch Elm Spray Program Unfair to Taxpayers:

In addition to the Mist sprayers which the City of Grosse Pointe Park has been using to spray City owned elm trees, Mr. Everitt Lane, City Manager, is planning entirely new Hydraulic equipment at approximately \$7,000.00 per sprayer and truck, to spray privately owned elm trees in the rear yards, etc., of residents' property.

Lane Claims Cost of \$1.50 Per Tree:

Mr. Lane, with the approval of the council, offers a contract to any resident, wishing to sign and waive damage claims, of \$1.50 per tree. Contract covers the year 1956, and every year thereafter. Since the City of Grosse Pointe Park will only spray where the taxpayer signs this contract for \$1.50 per tree, and wherein the taxpayer must waive all his rights to any damage done in the process, it is our opinion that only a minority of the 8,000 privately owned elms will sign up for the spray.

Actual Cost to Taxpayers Not \$1.50—Over \$4.00 Per Tree:

The cost of \$1.50 per tree is a hoax. It is badly misrepresented to the taxpayer, and is \$4.00 or more, instead of \$1.50. True, the cost is represented and signed as a year after year contract for \$1.50 per tree, but the rest of the taxpayers will be paying the difference of \$2.56 per tree year after year also. The true cost is analyzed as follows:

State officials and private industry have open records to show that it takes 26 gallons of spray, or more, to spray a 30 to 50 ft. elm. Larger trees require more.

The wholesale cost of D.D.T. spray solution for 26 gallons is	\$3.00
..... Sales tax on \$3.0009
City of Grosse Pointe Park's depreciation cost per tree on each \$7,000.000 Hydraulic spray unit they are required to purchase32
Competent labor to spray, clerical work, mailing costs, supervision and maintenance of truck and sprayer units—Cost per tree65
<hr/>	
Total Actual Cost	\$4.06

Therefore, the costs are not \$1.50 per tree, but \$4.06—customer paying \$1.50 per tree, and the taxpayer \$2.56 per tree.

We Challenge Mr. Lane to Disprove a \$4.06 Cost:

Taxpayers are entitled to a council meeting; wherein, they can all hear for themselves how false this \$1.50 approach really is. Since only a portion of the private elm trees will be sprayed because of the contract proposal, is there any reason why a resident who engages a private landscape company to do the spraying, and pays for doing it, should also pay the \$2.56 that the City of Grosse Pointe Park did not collect to spray a neighbor's trees? Or, why the party who does not own an elm tree should pay \$2.56 per tree?

Taxpayers Entitled to True Facts:

We believe in honest government, and that elected or appointed officials should present the true facts to the taxpayers at all times. Since this \$1.50 contract is so badly represented, we feel the taxpayers should all be invited to a council meeting to go over the subject.

Taxpayers interested in doing so can reach Mr. Lane, or the council, at 15115 E. Jefferson; or Valley 2-6200.

This advertisement is paid for by private industry to prove that private industry's costs are no more than the City of Grosse Pointe Park's actual, cost, and the only difference is that Grosse Pointe requests the taxpayer to sign and waive all the taxpayer's rights to any damage or destruction their spray men or spray may cause to the taxpayer.

Private spraying concerns do not demand this waiver of rights to damage or destruction. Further, that since the City of Grosse Pointe Park has only had experience with a Mist-Blower sprayer and never owned or had any experience with a Hydraulic tank and hose sprayer, it is very questionable as to whether they can hold costs to \$4.06 per tree.

AUTHOR OF "HOW TO STOP WORRYING AND START LIVING"

DONALD N. LEDBETTER, 150 Dille Place, Memphis, Tennessee, says when the Republican administration took over in 1952 he found himself in hot water, along with a lot of other government employees who had gained promotions under the Democratic administration.

Following the election, rumors were rampant as to who would be let out. One day a very close friend made a special trip out to his home to talk to him about the rumors. Since Donald himself was not at home, this friend proceeded to tell his wife of the rumors making the rounds at the office.

He said he had heard no criticism of Donald or of his efficiency, but he had heard that he was due to be removed simply because there were too many faithful Republicans around the office who deserved to have the job. Did his wife worry about this? She did not. She merely laughed and said she appreciated their friend's concern but that long ago they placed their faith in One who was neither Democrat or Republican. She told him that if it hadn't been the Lord's will for Donald to have the job, he would not have had it in the first place, and if he should be removed they would know that it was for the best.

Time has passed and Donald still holds the same position, but he declares that if he should be removed tomorrow it wouldn't be a calamity for he truly believes that "all things work together for good to them that love the Lord."

WE HAD a catastrophe at our house last week . . . The television set broke down and we had to resort to the radio . . . If you think this is not a catastrophe, you should have been around to hear the weeping and wailing from two children who were born and raised in the television era and never even knew there had ever been such a gadget as a radio . . . They battered the poor little portable and shook it up to try and bring out "a picture" . . . When they found they could not do the impossible, the storm would break in all its fury again . . . It is amazing how much progress has been crammed in but a few years . . . Just six years ago we had nothing but the radio . . . But the children were born since then and as far as they are concerned, the radio is not a "has-been" . . . It's a "never-was."

Must admit after listening to some of the programs we adults had the frantic urge to bring out a picture, too . . . The presentation of news and music is still tops on radio but listening to a good story is more than one can bear. After six years of seeing and hearing you simply lose patience at having to just hear a play . . . It's like going to the movie and having the picture go out . . . You tap your fingers and stamp your feet until it comes back on . . . Only on radio you can tap and stamp for an hour and all you'll get for your trouble are a set of sore fingers and toes.

THE BAFFLES

ACROSS THE DESK

Ideas from other editors

From The Beacon, Lake Charles, Louisiana: John D. Morris of the New York Times reports: "Congress appears likely to prescribe remedies for some of the taxpayer's most annoying headaches . . . by overhauling the long-neglected excise tax system."

Mr. Morris describes a few of the absurdities that are now part of the excise tax setup. One example is a bowling ball bag—which is taxable as luggage at 10 per cent if space is provided for carrying bowling shoes, but isn't taxed otherwise. To take another, after-shave lotions are taxable as toilet articles—while before-shaving lotions and oils are tax-free unless recommended for after-shave use. To take a third, an automobile windshield is taxable if the installer buys it ready made—but it's tax-free if he cuts the glass in his own shop.

As revenue producers, the excise taxes don't amount to much. But they can be a significant item to the consumer who needs the many items in daily use which are subject to the tax. They undoubtedly discourage consumption—at the expense of production and employment in the affected enterprise. They are a real and expensive burden on the nation's retailers, who must try to cope with endless red tape, and conflicting rulings and opinions. That expense, like

all others, must ultimately be paid for by the buying public. Finally, most of these taxes were emergency war measures, just as were transportation discouraging taxes. The overhauling which Mr. Morris forecasts is certainly due.

From the Dearborn Independent, Dearborn, Michigan: Regardless of what is being said, it might be well to point out that we should not become complacent about our current record levels of production, employment and income. We must keep in mind that it is not enough to maintain the existing high level of output, but we must continually increase it if we are going to prevent unemployment from arising.

Thus, if we merely try to maintain a certain level of output, instead of increasing it, we have forces tending toward unemployment. It is interesting to note that we produced approximately the same amount of goods and services in the first quarter of 1955 as we did in the second quarter of 1953, but we did it with two million less workers. The peak production of 1953 was an insufficient amount to maintain full employment two years later. In order to prevent this type of situation from arising we must constantly expand our economy.

IMPERFECT WIFE

By Anna Yarbrough

TESS ATLANDS' slender fingers rolled sugar cookies to a water thinnish, then she laid the yellow moons on a cookie sheet. She closed the oven door, leaved against the cabinet and worried: "Why am I losing Jim's love? Every member of our crowd talks about how scrumptiously clean my home is, and my well planned meals. They call me the perfect wife."

The front door bell began to jangle.

In the living room, she fell flat on the floor.

Tess sat up, flexed her fingers and toes, then stood up by slow stages, feeling for broken bones. She glared at the culprit, lying on the floor. One of Jimmie's skates.

The bell jangled again.

It was a half grown boy with a package. He peered at her through thick glasses and inquired, "Brown live here?"

"Next door, down," Tess nodded her head in the direction.

Tess sniffed. The cookies! The cookies were brown to a dark brown with crinkled edges of black. The spotless kitchen smelled bitter-sweet, and blue smoke was along the ceiling.

Anger buzzed in Tess, and settled on Jimmie. He left his skate down, and she fell on it.

She would punish Jimmie for being careless. She would call the Community Center and donate these skates.

Tess had almost backed out by the time the truck came to pick up the skates, but she handed them over.

She was peeling potatoes for dinner when she heard Jimmie come in. Little Harold Brown was with him.

Jimmie was saying, "Sure, Harold, I'll let you skate on my new skates. I'll get them. They're in my room."

Then Harold's voice, "Goah, Jimmie, that's great."

Tess listened to their frantic search.

Jimmie's voice full of disappointment, "I know I put them on this bottom shelf."

Then Harold's voice, "Maybe your mother gave them away. My mother does sometimes when my toys are old."

Then Jimmie close to tears, "Oh, no, my mother would never do that. These are new skates. I like them best of anything."

The potato Tess was peeling fell from her fingers. She laid the paring knife down and wiped her hands on a towel, then she glanced at the small electric clock over the stove, five-thirty.

She would have time. She eased the kitchen door open, ran around the side of the house, and backed the car out the drive.

Tears made the street swim. She lost minutes and more minutes trying to find a place to park, then she dashed into Cowner's Hardware store, and had to wait for a clerk more precious minutes.

She was late, after six o'clock, when she started to the plant to pick up Jim. Lots of the wives were late but never her.

When she reached the plant gate, tall, blond Jim came toward her, frowning, "For Heaven's sake, why were you late?"

She burst into tears. She babbled about falling over the skate, burning the cookies, supper not finished, but her hurrying into the hardware store to buy more skates for little Jimmie.

"Then Jim laughed. He said, 'Did you actually go into a store with your apron still on?'"

Jim's arms went around her, and his voice was gentle, "Honey, I thought you didn't love me or little Jimmie any more. All you did was cook and clean. I thought all you cared for was to have the bunch praise you for being a perfect wife."

Three Women Speak at Center Lecture

(Continued from Page 12)
 a state board member of the State Society for Mental Health. Mrs. Martin also campaigned with her husband during his terms as state senator from Kent County and as Auditor General of Michigan. She is a Vassar College graduate, a member of the Junior League and the League of Women Voters.

Mrs. Martin is a mother of

four school-age children and primarily is concerned with adequate local and state support of our public school system. She was an official delegate from six counties of Western Michigan to the recent White House Conference on Education.

Mrs. Martin says she takes pleasure in signing herself as "housewife," and she considers everything she does outside as an extension of her home life. She feels it is extremely important for a wife and mother to take an active interest in civic and public affairs.

Mrs. Martin sees the two fields especially needing the work of the citizen-housewife as education and politics. She pointed out humorously the tremendous need for more school rooms and teachers by telling of the child who said he went to school "second shift, third layer."

The third speaker to be introduced by Mrs. Hahn was Mrs. James McEvoy, who spoke on "Enlarging Horizons" by being a volunteer worker. Mrs. McEvoy's personal experience on the Detroit House of Correction Commission, as trustee for Woman's Hospital, as director of the Nurses Aide Corps during the war, as a graduate nurse from Johns Hopkins Hospital, with special interest in the nutrition field, gives her a rich and varied background.

Mrs. McEvoy feels that all of us are extremely lucky to be living here in the United States where there is freedom in the land and air, where there is freedom of educational opportunities for our children.

She contrasted our lives with the poverty in India, where she studied conditions during her travels, with its leached out soil which for 4,000 years has been supporting its enormous

population. There, people today are for the most part subsisting on an average 1,600-daily calorie intake. She also pointed out the poverty in China where there also is an overpopulation problem.

The speaker felt we should not only thank our lucky stars, but we should make a concrete contribution to the world and to our community to prove "how grateful we are to be here." This we can best do not just by financial contributions to causes, as in giving Care packages, but by sending of ourselves as volunteers.

Said Mrs. McEvoy: "If we're trying to justify our living in America, let's give thanks by doing something. Let's not just say thanks. This is a way of making your life rich and meaningful."

Mrs. McEvoy asked her listeners to get out their pencils at the outset of her talk to make note of some of the specific places where volunteer help is needed:

Dead Heat Decides Meet As Devils Beat Fordson

For the first time in memory a dead heat race decided the winner of a swimming meet in the Border Cities League. It occurred between Grosse Pointe and Fordson last Friday, February 10, in the latter's pool when the two speed relay teams deadlocked after 200 yards of free style swimming.

The dead heat forced the officials to split the 12 points evenly and Grosse Pointe was fortunate to have held a 39-36 lead going into the last event and won, 45-42.

In Two-Way Tie
The win gave the Blue Devils a 5-2 record in Border Cities League competition and enabled them to move into a two-way tie with Fordson for second place behind the League leading Monroe Trojans who own a 6-1 record.

Bill Wachter and Carl Anderson slammed the opening 50-yard free style event to give the Devils an 8-1 lead.

The Pointers split eight first places, also winning the 100 backstroke by Les Cutler, the 100 free style by Harry Huffaker and the 150 individual medley by Cutler.

Their Second Win
It marked the second time this season that the Devils had handed the Tractors a loss. The first meeting saw the Pointers squeeze out a 44-43 victory in the local pool.

Coach Frank Banach didn't figure his Devils would stand a chance of repeating in the return match because of the loss of four veterans at mid-year

graduation and the fact that Fordson suffered no losses. However, the Blue Devils were not to be denied but they needed a good portion of luck in the final event to win this one.

Grosse Pointe will entertain Monroe on Friday, February 17, and will be seeking revenge for an earlier loss to the Trojans.

Summary
50-yd. Free style—Wachter (GP), Anderson (GP), Walker (F). Time: 25.2.

100-yd. Breast stroke—Sotrioff (F), Goodnow (GP), Gauss (GP). Time: 1:07.4.

Church League Sees Thriller

One of the most exciting games in the history of the Grosse Pointe Inter-Church Basketball League was witnessed last Saturday, February 11, between the Memorial Diesels and Woods Presbyterian, with the Diesels, winning, 23-22.

Little Johnny Pingle son of the former Michigan State All American grid star, John Pingle, provided the winning spark with seven seconds remaining when he let fly with a game tying shot which swished the net. Johnny was fouled in the act of shooting and was awarded a free throw which he calmly quipped for the game winning point.

It marked the first time this season that Woods Presbyterian had wound up on the short end of the score and the less also enabled the Diesels to move into a two-way tie for first place in the Senior Division. Both teams own marks of 5 wins and 1 loss.

Lars Anderson of Woods and Bill Nolte of Memorial tied for scoring honors with 14 points. The little hero, Pingle, collected 4 points.

St. James and Christ Church Lions tangled in a jim dandy with St. James getting the nod, 23-22, after blowing a 17-14 third period lead. Trowbridge of the Lions was the game's leading scorer with 14 points with Rieth taking runner-up honors with 10.

Despite the win, St. James remained in fourth place as St. Paul tumbled the Woods Celtics 34-22 on a last period 14 point rally. Disser paced the winners with 10 points for scoring honors. Currently, the St. Paul Longhorns are just a game off the pace of the tied leaders and could move into title contention with a little luck.

The Memorial Juniors practically clinched the Junior Division title by beating the last place Christ Church Tigers, 47-26, behind the sharp shooting of Harper and Moran, who collected 16 and 14 points re-

spectively for honors. The Memorial Juniors are the only unbeaten team in either division and are figured to go all the way, barring an unforeseen upset.

The St. Paul Panthers humbled the Methodist Mustangs, 30-9, and moved into second place in the standings. Ayrault McDonald and Trefger tied for honors at 6 points each while pacing the Panthers' attack.

Scoring Record Made by Smith

Jack Smith, star of Grosse Pointe High's 1955-54 Blue Devil basketball team, chalked up an all-time individual Western Michigan College scoring record as Western defeated Great Lakes Naval Training Station on Saturday, February 4, on the sailors' home court.

Smith flipped in 17 field goals and three free throws for his record making 37-point total to pace his team to a 107-99 victory. The old mark of 35 points was set by Hal Stacy a year ago against Bowling Green State University.

MOTORAMA SETS RECORD
The GM Motorama of 1956 closed its Miami showing Sunday night with a record attendance of 448,405 for its nine day run at Dinner Key Auditorium. The previous Miami Motorama attendance record was set last year when 364,073 persons saw the exhibition of "dream cars" and other attractions in a nine day showing.

St. Paul Wins Last Loop Game

St. Paul closed out its East Side Parochial League basketball campaign last Friday, February 10, with an impressive 58-46 victory over Annunciation on the latter's home court.

The win enabled the Flyers to take sole possession of third place in the final standings with a record of seven wins and three losses. Their overall record to date stands at eight wins and six losses.

The Flyers were never more than five points ahead during the first half and left the court at halftime holding a narrow 25-21 lead.

Paced by Ken Oxley, who notched 16 points in the final sixteen minutes to take scoring honors, the Flyers began to roll and built up a 20 point lead which enabled Coach Lauer to insert every boy into the contest.

Bill Vermulan and Dan Sheridan also were standouts in the Flyers' winning cause, scoring 15 and 12 points, respectively.

Except for practice games the Flyers will be idle until March 7 when the District tournament begins at Harper Woods gym. With St. Paul hitting such a hot pace in the final stages of the league campaign they appear to be a team to be reckoned with when the B and C class schools attempt to qualify for the Regional Tournaments which follow the District play.

Devil Reserves Dump Fordson

Grosse Pointe's unbeaten reserve basketball team marched unswervingly along the path to the Border Cities League unofficial reserve cage title with a 68-46 victory over Fordson on the latter's court last Friday, February 10. The win was the eleventh in a row for the Pointers.

Pete Wade paced the Blue Devils' attack, clicking for 18 points to earn scoring honors ahead of the Tractors' Begarzia, who notched 13.

The Blue Devils jumped into the lead at the outset and were never headed. Wade swished the netting for 12 points in the first two quarters as the Devils rolled to a 36-20 lead at halftime.

Marty Andrews made Coach John Thursty's eyes pop when he pumped in eight for eight free throw attempts in the rollicking first half. Andrews eventually wound up third in the scoring column with 12 points.

The Devils outshot their rivals from the floor getting 26 field goals as compared to Fordson's 12. However, the Tractors were dead-enders from the foul line, making 22 of 26 attempts. The Devils were far better than average in this department getting 16 of 22 charity tosses.

Grosse Pointe will travel to Monroe next Friday, February 17, in an attempt to keep its unbeaten record clean with another victory over the Trojans. The Pointers beat Monroe on the local court earlier, 64-32.

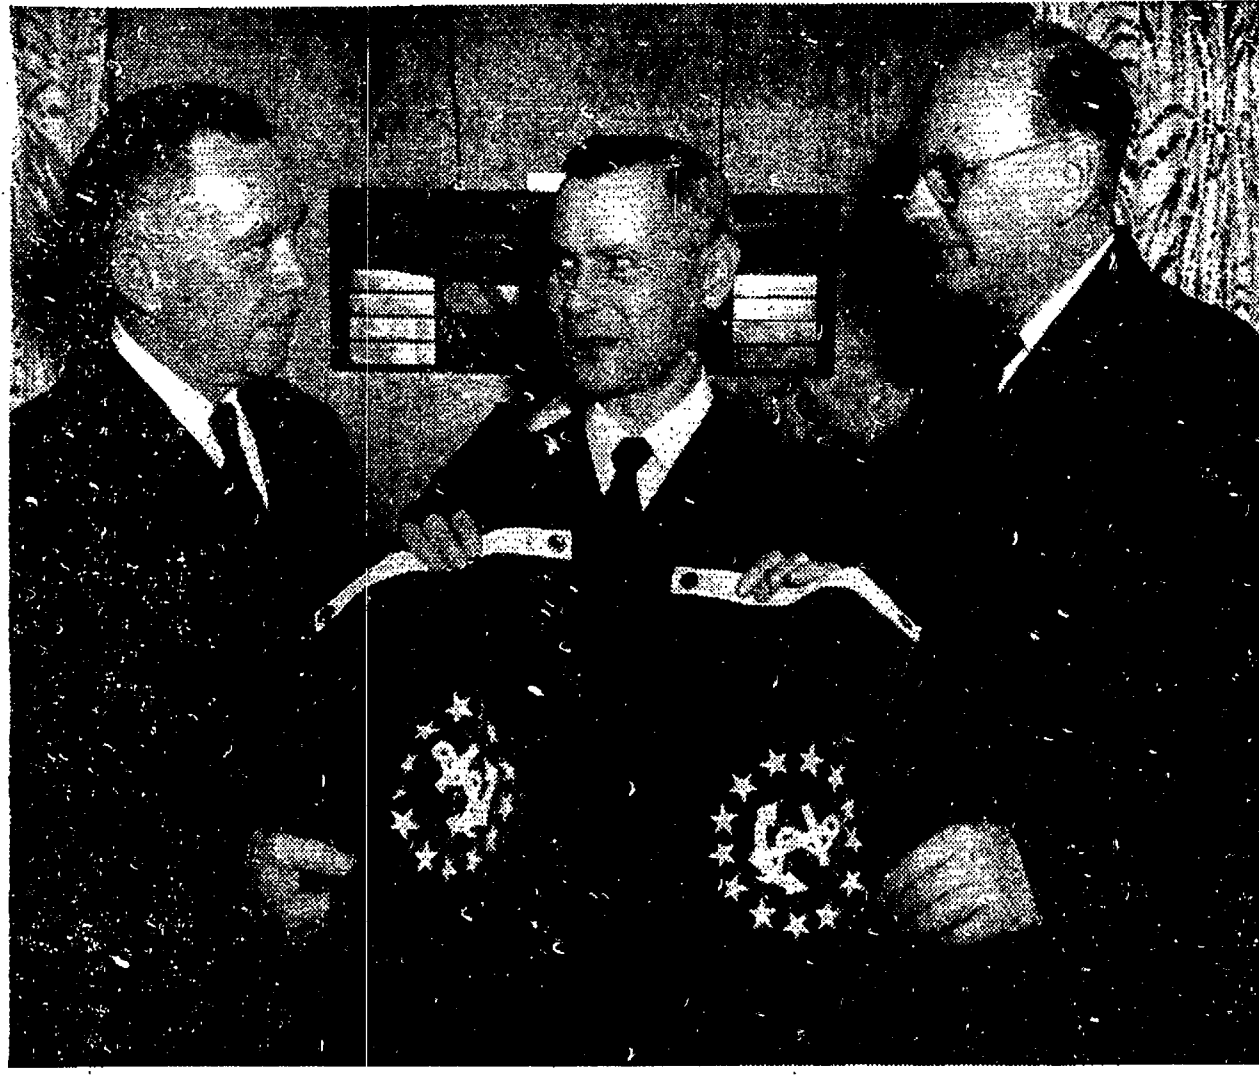

Baptist Cage Team Leading in League

In the Men's Division of the Northeastern Church League, Grosse Pointe Baptist still remains out in front by a single game with only four games remaining on the schedule.

Hurlbut Baptist is breathing hot on the backs of the leaders by virtue of having played one less game. Currently Grosse Pointe has only a ghost of a chance of catching the league-leading Christ Lutheran. Only a miracle can give them the title.

Christ Lutheran owns an unbeaten mark of 9 straight while Grosse Pointe holds a 5-4 mark. Third place St. Matthews and St. Peters still can over take Grosse Pointe if the local lads begin to slip.

St. Clair Y.C. Awards Officers Flags

Retiring commodore BRAD PYLE, center, presents Commodore GEORGE BREWER, left, and vice commodore ROBERT CHAMPLIN with their flags of office at the St. Clair Y.C. eleventh annual Commodore's party on Saturday, February 11.

Optimists Lead In Midget Loop

Although the Optimists were idle for the past week they still cling to the lead in the Neighborhood Club Midget Basketball league with a record of 9 straight victories in as many starts.

Second place VFW moved a step closer to first place with a 28-21 win over fourth place Rotary on Monday, February 13. Joe Kramer paced the VFW win with 10 points as Vic Dhooge led the losers with 7.

In the second game Kiwanis bested Post 303 in a squeaker, 20-18, to break out of a two-way tie for sixth place and move into sole possession of that spot. Matt Hoffman paced the winners with 6 points but Larry Engelhart of 303 took scoring honors with 10 points.

Six days earlier, Tuesday, February 7, Kiwanis dropped a 26-18 decision to fifth place Exchange. Joe Ayrault led the winners with 10 points for scoring honors while Mike Rahaley chalked 7 for the Kiwanis losing cause.

Metro winless in eight starts, dropped its ninth straight game to Rotary, 40-18. Teddy Bonneau earned scoring honors when he clipped in 14 points and Bill Lee was high for Metro with 9.

In the Giant League the league leading Falcons chalked up their seventh win in nine starts, beating the third place Eagles, 46-33. Bill Nolte of the Eagles captured scoring honors while Lars Anderson paced the winners with 12.

The Eagles followed up this defeat with a remarkable come-

Flyer Reserves Clinch Crown

St. Paul's reserve basketball team swept to its tenth consecutive victory of the season last Friday, February 10, with an impressive 47-23 win over Annunciation on the latter's court.

The victory not only gave the Flyers a perfect record for the season but also the East Side Second Division Parochial League reserve title.

With the scoring evenly divided among Dave Ayrault, Tim Hutton, Pat Wright, Joe Lauer, Tom Kolojeski, Tom Parker, Chuck Campbell, Bob Crowther, Bob Hall, Marty Pieters, Dick Chouinard, Fran Labadie, Dick Palombi and John Jantz the Flyers toyed with their last league foe.

The nucleus of this year's squad were the boys who captured the CYO City championship last year and currently are rated an even bet for winning the Reserve City title this year.

Balance and excellent team play featured the contest and if the boys continue to improve at the rate they have this year should make excellent material for Coach Eddie Lauer for the 1956-57 varsity squad.

SPEEDER PUT UNDER BOND
Apprehended for driving recklessly on Lake Shore road, on Friday, February 10, Richard R. Nelson of 26830 Koerber, St. Clair Shores, was placed under \$100 bond by Shores police, pending his appearance in court. He was released to his attorney.

Fordson Downs Blue Devils In Second Court Meeting

Fordson continued to hold the Indian sign over Coach Howard MacAdam's Blue Devil basketball team last Friday, February 10, and nicked the Pointers for the second time this season, 47-39, in the Tractors' remodeled gymnasium. In the earlier meeting the Tractors won, 44-34.

This second game was pretty much a carbon copy of the first meeting, with the Tractors jumping into an early lead and fighting off the determined Blue Devils throughout the remainder of the game.

Devils Fight Back
Fordson jumped into a 16-7 lead in the first quarter, but the Devils fought back to trail by only 6 points, 24-18, at halftime.

Scoring was even in the third period and the Tractors held a 33-26 margin going into the final eight minutes of play, which saw the Devils tie the count at 37-all with three minutes remaining.

At this point the Devils appeared to run out of gas as Fordson, determined to stay in second place in the Border Cities League race, poured on the coal to gain its margin of victory.

Face Uphill Battle
The Blue Devils have an uphill battle for third place in the

final standings and have only three games remaining on the league schedule to do something about it.

On past performances the Pointers should beat Monroe on the Trojans' home court next Friday, February 17, and be the favorite over Wyandotte when they entertain the Dottes on February 24.

However, the Pointers are looking beyond the Wyandotte game and are pointing for unbeaten Highland Park in the last league game on March 2. This is an important game for the Pointers in more ways than one.

If they can crack the Polar Bears' unbeaten string it will mean prestige and it would also bring to an end the jinx the Parkers have held over the Devils for the past six years, during which time the Devils have wound up on the short end of the score in every meeting.

Boutin Keglers Lead League

The Boutin keglers displayed the same championship form which earned the first half season championship in the Grosse Pointe Businessmen's Bowling League, last Friday, February 10, to regain the league leadership.

Boutin bumped City Glass for four points while fourth place Revere was sweeping four from Barrett. The defeat toppled Barrett from the lead into second place, three points behind the new leaders.

The league team set a new team single high game for the season while splitting with third place Lochmoor. The new season mark of 968 came in the third game and cracked a two-way tie for team single game high which was shared by Lochmoor and Wigle.

Belding lowered the boom on G. P. Curtin by sweeping all four points and Turner Buick belted Adam Simms for three points to tie Wigle for seventh place.

Two hundred plus games were rolled by: Len Johnston 235, Al Sauer 226, Stan Small 216, Andy Carroll 206, Jack Groesbeck 203 and All Bell an even 200.

News from GPUS

Wellington Grimes, principal of the Boys' Division of the Upper School at Grosse Pointe University School, spent one week at Princeton, N. J., where he was one of the examiners for the English portions of the college entrance examinations. Besides his administrative duties Mr. Grimes teaches senior English at G. P. U. S.

There are three literary and journalistic publications at G. P. U. S. Student editors and faculty advisors are busy these days with all of them. They are the Pericon, the student yearbook which contains photographs of seniors, the various classes, clubs, and faculty. The Periscript is the annual literary magazine for poetry, stories, and essays. The Periscope is the school newspaper, published at six-week intervals through the year.

The G. P. U. S. "U Club" held "swearing in" ceremonies at a special assembly recently. The "U Club" is the organization of those boys who have won their varsity "U" in sports. New members this fall, who won their football letter, were Bob Gillette, Dick Strother, Glenn Conley, George Mack, Jim Barnes, Chuck Watson, and Murray Green.

Chapel services were conducted last week by Miss Richardson and by David Strother of the Senior Class.

On Friday afternoon, January 27, the girls of the 5th grade presented a one act play, "The Dyspeptic Ogre," under the direction of Mrs. Eleanor B. Munger, dramatics teacher at the Grosse Pointe University School.

Contests Split By GPUS Cagers

Grosse Pointe University School's basketball team bumped into a couple of tough customers last week and was forced to settle for an even split.

On Friday, February 3, the Cook road boys turned the tables on Detroit Country Day to avenge an earlier defeat, 54-30.

Trailing at the end of the first quarter, GPUS came back strong to take a 21-11 lead at the halftime intermission and boost its lead to 37-17 at the end of the third period.

Tom Purdy paced the GPUS attack with 12 points for individual scoring honors ahead of Country Day's Dave Smith, who usually notches 20 points in each game. It was the beautiful defensive play of Russ Lanning that kept Smith from running wild.

Harper Woods took some of the starch out of GPUS last Friday February 10, when it romped to a 20 to 8 lead in the first period and fought off a determined GPUS rally for the remainder of the contest to win 59-44.

Purdy edged Harper Woods' Gill for scoring honors with 16 points. Both games were played in the new GPUS gym.

To date GPUS owns a record of 6 wins and 4 losses with four games remaining on its schedule, which is an independent one since the Cook road school pulled out of the Southeastern Suburban Conference two years ago.

Boys can enjoy Scouting over a ten-year span, from age eight to eighteen.

Boat Banter

By Fred Runnels

The Detroit Yachting Association's annual "gripe meeting" was a placid affair conducted by Commodore Bruce Tappan, who so ably steered the numerous club delegates through the lengthy session held at Bayview Yacht Club on Friday, January 27.

Everyone was so amiable you couldn't have started an argument if you wanted to. Golly, we remember the good old days, before past Commodore Frank Martin originated the "gripe meetings" three years ago, that some of the spring meetings wound up just short of fistcuffs as the delegates sought choice regatta dates for their respective clubs.

And then there was a memorable meeting when Bob Neesley, then commodore of the Detroit Cruising Club, practically staged a one man filibuster on the method of rating local windwagons. Incidentally, he won his point that stormy night.

Actually, the "gripe meetings" were originated to quell the arguments at the spring meeting each year and that is just what they have done. As a matter of fact all three meetings have been so peaceful that the old timers are beginning to avoid them. It was these guys who made life interesting as they argued various and sundry subjects.

With Commodore Tappan at the helm of the last meeting the tentative 1956 weekly regatta schedule was drawn up. It was so very near void of conflicts that you could almost take the following schedule as gospel for the coming summer.

- Tentative 1956 Schedule**
- May 12—Inter-Collegiate Michigan Championship.
 - May 19-20—Raven Class Spring Series.
 - May 28—Detroit Y.C. Race.

 - July 14—Bayview Y.C. Mackinac Race.
 - July 14—Windsor Y.C. Star Boat Race.
 - July 21—Chicago Y.C. Mackinac Race.
 - July 21-22—Lightning Michigan District Championship.
 - July 28—Open.
 - Aug. 4—Windsor Y.C.
 - Aug. 5 to 11—Inter-Lake Y.A. Junior Race Week Series.
 - Aug. 5 to 11—Inter-Lake Y.A. Junior Race Weew Series.
 - Aug. 11—Grosse Ile Y.C.
 - Aug. 11 to 30—Detroit River-ama (Big boat race down-river Aug. 12).

Little League Directors Meet

At a meeting of the Grosse Pointe Farms Little League board of directors, held Monday, February 6, at the Central Library, April 6 was announced as the date for player registration for the 1956 season.

All Grosse Pointe Farms boys between the ages of 9 and 12 who are interested in playing Little League baseball and those who played last year are requested to sign up at Richard School between the hours of 7 and 9 p.m. on that date.

The same major league diamonds used last year have been contracted for and the minor league program will be expanded this year, with acquisition of more suitable playing areas at Kerby Field.

Major League managers already are signed up and are patiently waiting for spring, which some people seem to think is just around the corner.

The managers are: National League—Biss Briscoe, Pirates; Joe Cox, Phillies; Ed Pisula, Reds; and Ted Trefzer, Giants. American League—Tom Munson, Tigers; Fred Schreiber, Red Sox; Hank Reynolds, Indians; and Minard Mumaw, Yankees.

race on August 25, which will be over a five mile course, and pass directly in front of Edison, these two clubs may switch dates. The Harmsworth course would force sail yachts out of the river, which would force Edison to cancel its regatta. The Crescent delegate indicated his club would be agreeable to the switch in dates.

Vice Commodore Hal Smith announced the winners of the 1955 DRYA Race Week trophies which will be awarded to the champions at the spring meeting to be held at the Detroit Boat Club on March 23 at 8 p.m.

The trophies were awarded on the basis of the points scored in the Detroit Boat Club, Grosse Pointe Club and Grosse Pointe Yacht Club regattas and went to:

- Schooner-Ketch—Bob Neesley (Malabar) - R. A. Priebe Trophy.
- Cruising A—Clare Jacobs (Falcon) - Comm. A. Summerlee Trophy.
- Cruising B—G. Row-Sales (Querida) - Thomas Hardware Trophy.
- Cruising C—Jim Carlin (Glory Bea II) - MacGregor Trophy.
- High scorer for all cruising classes—Jim Carlin - WJR Trophy.
- Privateer Class—Fred Runnels (Wind Toy) - Mistelet Trophy.
- CK Team—Detroit Y.C. D.R.Y.A. Cup.
- CK Free-For-All—John Hunt - DRYA Trophy.

The Toledo Y.C. race chairman indicated his club was open to suggestions as to course markers for the Mills race and that his committee was toying with the idea of having the boats round the buoy below the shoaled Coldchester Light, inasmuch as several skippers had made the suggestion for the past two years after hitting the bottom in the 1953 race.

The Late Commodore Summerlee would have gotten a good chuckle from the one and only rule change in the 1956 NAYRU rules which states no flag, burgee or pennant may be flown in the rigging of a competing yacht during a race. This was the basis of a friendly feud between Summerlee and Gil Pingree for years.

Gil insisted upon flying his owner's flag at the truck of the mizzen mast while racing. This infuriated the best judge of the local sailing clan has ever had and some believe Gil did it just to get Art's goat. However, the good commodore was declared the winner of the feud by all in attendance at the meeting and Gil's "Red Head" will be forced to doff her owner's flag hereafter.

Stober Bowlers Have Slim Lead

League-leading Stober dropped three points to Lusch, but because second place Redwood dropped two points to Right-emburg they were able to cling to their lead in the Grosse Pointers' Bowling League race.

Piche's moved up to third place by taking 3 points from Rosati's while Youngblood dropped two to Kopp's and fell to fourth place, two and a half points behind the leaders.

Actually, only five points separate the first six teams which should make a red hot race for the bunting during the balance of the season.

Eversman Doing Well at Purdue

Walt Eversman, a 1955 January graduate and former star performer of last year's Grosse Pointe High swimming team, is making himself known at Purdue University these days.

Walt, a pretty fair paddler in high school, recently established two new freshman swim marks at Purdue and currently holds the record in the 200 yard individual medley, which is a new event this year. Eversman's time in this event was 2:24.1 which eclipsed the old mark by 2 and 6 tenths seconds, which he set earlier in the year.

The other marks came in the 200 and 100 yard backstroke events. His times were 2:16.4 for the 200 and 1:00.6 in the 100 yard event.

He had the distinction of traveling to Florida with the varsity team during the Christmas holidays where the team trains during the holiday each year. This distinction is reserved for outstanding freshmen swimmers.

Little League Needs Coaches

With the addition of a second major league this season, the Grosse Pointe Park Little League is seeking manpower to coach the extra four teams, President Elmer C. Van Tiem said this week.

There will also be need for additional help in coaching eight or 10 minor league teams, which will be necessary with an expected increase to 300 boys trying out for teams this spring, Van Tiem said.

Fathers who will have boys in Little Leagues this year are urged to contact Dr. John Bielawski at TUxedo 1-7520. Dr. Bielawski pointed out, however, that it is not necessary that a father willing to coach must have a boy in Little League; it is necessary only that he have some knowledge of baseball.

Van Tiem revealed that plans are being made for a general meeting of parents and boys in the Park for Monday, March 19, at the Neighborhood Club. A Tiger baseball firm is planned, along with the appearance of a baseball star.

It was also announced that Lee Mulrony has accepted the post of player agent in the "auction" of players in May. Ozzie Beausoleil has been named financial chairman in a fund-raising campaign now underway.

A third major league diamond is nearing completion at Defer Field, with the backstops due to be erected as soon as the weather clears.

Dial the Watson Ford number nowadays, or that of the John F. Beyer's, and a voice is apt to answer, "Mushimush." That's the Japanese version of "Hello" when answering the phone, and after three years in Sasebo, Japan, the Lt. (j.g.) and Mrs. John F. Beyer, Jr. (Pat Ford), are finding the habit hard to break.

In Japan, if the party responds to "Mushi-mush" in English you speak English; if he continues in Japanese, that's your cue to use the same language, the young Beyers explain. They and their daughter, Kathy, 1, arrived early this month to spend a few weeks with their parents.

Grosse Pointe birds won't starve if one local gentleman has anything to say about it. He has already served them more than 200 pounds of wild birdseed and 250 pounds of scratch . . . and the seed cups in his yard have snow covers designed to allow the birds within eating range, yet keep snow and squirrels out.

The Grosse Pointe CELEBRITY Series lived up to its name at its February luncheon. Coincidentally, Mrs. William E. Johnston, 1953 Woman of the Year, who was the first Michigan woman to shoot a Kodiak bear, and Mrs. Paul Clumpner, 1955 Mother of the Year in Alaska, were at the speakers' table.

Mrs. Clumpner, who has been here from Alaska for only two months, had much to discuss after the lecture with the featured speaker, Ernest Bruening, former Governor of Alaska.

PILFERINGS

A Minneapolis teacher gave \$500 to a charming gyp for a half interest in a mythical training school—and then the man skipped town and couldn't be found.

When she came to the Better Business Bureau with her tale of woe, the Bureau man asked, "Why didn't you investigate first? Didn't you know about our service?"

"Oh, yes, I've known about the Bureau for years," she answered. "But I was afraid you'd tell me not to do it."

A farmer hired a hand and set him to chopping wood. In the middle of the morning the farmer went down to see how the man was coming along. To his astonishment he found the wood all chopped.

Next day, the farmer told the man to stack the wood in the shed. This involved a lot of toting and the farmer figured the job would keep the man busy. But by noon he had it done.

On the third day the farmer, thinking he'd give the hired man a light job for a change, told him to sort out the potatoes in the bin. "Put the good one in one pile, the doubtful in another, and throw out the rotten ones," said the farmer.

An hour or so later he went back to see how the job was coming. He found the hired man passed out cold, with virtually nothing done. After throwing water in the man's face and bringing him around, the farmer demanded an explanation.

"Hell," the man said wearily, "it's making them decisions that's killing me."

Franklin Roosevelt once told of a young Navy ensign whose marks in navigation had not been all that might have been desired, and who was once set at the task of shooting the sun to determine the ship's position. The vessel was on cruise and was somewhere west of Penzance.

After a while the ensign delivered to the captain the result of his calculations.

Shortly afterward, the captain sent for the ensign. "Young man," he said, "remove your cap. We are now upon a hallowed spot."

"Beg your pardon, Captain?"

"Yes, sir," said the captain. "If you have calculated accurately we are now right smack in the middle of Westminster Abbey."

The Niagara Falls, N. Y. Gazette once reported: "Miss Rita Sugar, queen of the Niagara Falls, N. Y. centennial, and Miss Lois Smith, chosen Miss Niagara Falls, Ont., met last night at the center of the bridge.

Pointer of Interest

MRS. ROBERT SUCEK OF FISHER ROAD

By Kitty Marriott

There is variety, to say the least, in the life of this former Austrian noblewoman, who chose the United States for her homeland almost three decades ago and has lived in Grosse Pointe for the past 27 years.

Mrs. Robert Sucek, who was formally christened "Charity Hilda Maria Emanuela Olga Ursula Alexandra" de Vicq, (her background is rich in Europe's fine old traditions) has more hobbies than you can shake a stick at.

She loves music and things cultural, enjoys writing and translating, collects books, is fond of gardening and guppies, and is an avid knitter. Mrs. Sucek and her son, Alexander Charles, also love to ski, (several pairs of skis in the Sucek hallway attest to that), sail, swim and ride horseback.

Intensive Education
One of a Viennese baron's three daughters, young Charity left home at the age of 7 to attend school, as was the custom. In the course of her student travels, she learned five languages, going to Sacred Heart convents in England, France and various parts of Austria. She earned her bachelor of arts degree in romance languages at Oxford, and shortly afterward met her future husband on the continent.

European education—she and her schoolmates were taken to concerts and the opera 3 times a week—helped to instill this Pointer's love of music. She studied both piano and violin, still plays the piano bus says, "Primarily, I like to be an intelligent listener."

She joined the Women's Association for the Detroit Symphony Orchestra shortly after coming to Grosse Pointe, and belongs to Pro Musica and the Chamber Music Society. A theater-lover, Mrs. Sucek goes to plays that "I feel I would enjoy," is very fond of ballet, is a supporter of the Grosse Pointe Community Theatre and tries to attend the yearly Stratford music festival in Canada.

Translating Book
She painted when she was a child, but can't find time nowadays. Serving as recording secretary of magazine publicity for three years, she has written profiles for the Women's City Club magazine, and travelogues on the Grand Canyon and Everglades. She's a member of the Detroit Women Writers' Club, and has started to translate from the German, A. E. Brachvogel's "Friedemann Bach," the colorful life of Johann Sebastian Bach's very talented son.

Through the years Mrs. Sucek has gathered good books with exquisite leather bindings. These include Thorau, Shelley, Huxley and her favorite English author, Mary Webb.

A Grosse Pointe Garden Center member, she keeps a "green thumb" both inside and outside her house. Hanging plants cover one wall of her dining room, and lilies and roses, which she tends carefully during the warmer months, grow in profusion in the backyard.

When a young friend gave Mrs. Sucek some guppies, she read a book on their habits and now keeps a small aquarium in which she can watch the antics of a whole guppy family.

Son Studies Law
Alexander Sucek follows his mother's musical inclinations by playing a guitar. He has a daytime job and attends night classes at Detroit College of Law.

Mrs. Sucek's late husband, Robert, was an American citizen born in Moravia, Czechoslovakia. After they were married in Prague, Mr. Sucek, who yearned to try his hand at be-

lieving hard life, until they were released as political prisoners.

Both Going Abroad
The daughter, Johanna Terlecki, has made her home in Africa ever since. Mme. de Vicq stayed with her for a time before coming to America. The "baby," Eva, will graduate as a nurse in Capetown next year. In September, the courageous Madame plans to return and see them again.

Mrs. Sucek, whose last trip to Europe was made in 1936, is leaving for England this month; "to beat the tourists because I don't want to sightsee," to visit relatives and friends.

"I feel that the world is my home," Mrs. Sucek says, and then with an all-encompassing gesture, she adds, "but America, it's such a great place to be. Where else do people have a chance to do so much?"

Cherished Possessions
Two huge portraits with hand-carved frames of the Suceks at the time they were married, that hung in their chateau, dwarf the living room walls of the Fisher road home. Since the Nazis and the Communists, in turn, overran Czechoslovakia, Mrs. Sucek has only a few souvenirs.

A childhood picture of the three de Vicq sisters, wearing elaborate white lace dresses is framed in silver in her front room. An old gold Italian baptismal cup, with saucer and spoon, a gift from her grandmother, is another of her treasures. Mrs. Sucek believes it was from an old chocolate set and each grandchild received one cup.

Some Meissen and a few other reminders are all she has left of the old way of life. Two of her proudest modern-day possessions are busts of her son and husband done by Ferenc Varga.

Northern Siberia
Mme. Emma de Vicq, Mrs. Sucek's mother who has lived with her for the past 7 years, is a story in herself. Mme. de Vicq was visiting another daughter in Poland, when the Russians marched through that country. The daughter's husband was imprisoned and consequently died, and the daughter and her baby sent to Siberia.

Although she could have gone free, Mme. de Vicq insisted on accompanying her daughter and grandchild. They spent 2½ years in the Siberian wastelands living in a dilapidated stable not fit for cows. Not hearing from her family for so many years, Mrs. Sucek had given them up for dead.

Madame took her jewelry along and she can tell many tales . . . of trading her diamond watch for eight potatoes, of the hardships and the primitive life.

ENGINEERS TO MEET
How automation and manpower are combined in Plymouth's new "Qualimatic" V-8 Engine Plant to increase machine efficiencies and reduce operator fatigue while plant maintenance is minimized by standardization and mechanization will be described by Frank M. Have you heard that from Amsterdam to Zanzibar the sweater is this year's smartest traveler? Especially the LINED cashmere cardigan. For pure fashion have it in navy blue, wear it with a pleated skirt and a white silk shirt to match the lining. It's true that you won't find these classic clothes just anywhere. Have your cardigan trimmed or lined with any design or fabric . . . have your silk shirt monogrammed . . . but at Margaret Rice's, 76 Kercheval, on the hill.

Memoire Cherie is a nostalgic, romantic perfume created, bottled and packaged in France by Elizabeth Arden, and featured at Trail Pharmacy, on the hill. It comes in a lavender box decorated with a medallion of the Goddess of Memory, Mnemosyne . . . v-e-r-y chic.

Beauty news from Marie Bird's Salon a-top-the-hill, continues in the International vein with the arrival of Madam Marguerite Buck of New York, Paris and Zurich. Fashion-wise women of two continents have long admired her original coiffure designs that grace the pages of Vogue and Harper's Bazaar. On this, Marguerite Buck's FIFTH visit to Marie Bird's Salon, Grosse Pointe's will again enjoy personal contact and consultation with this great artist . . . but not until AFTER she has completed the extensive program of staff training in which she is now engaged. Bright and early Wednesday morning, February 22, will mark the opening day for client consultation with Madam Buck. She will continue her program through February 29, P.S.—Did you know that the persuasive charm of Madam Buck convinced Mr. Barratt that he should come on from the East to become a regular staff member at our favorite House of Beauty? 117 Kercheval, TU 1-6833.

Before the spring fever hits, consider what you will wear on that first balmy day. Consider the Walton-Pierce spring collection of Lanz originals. Woven right into the soft cotton fabrics are fascinating prints . . . interesting stripes . . . each model shows meticulous detail . . . extreme individuality and young feeling. V-e-r-y fetching. Exclusively, Walton-Pierce, in the village, Kercheval at St. Clair.

Love the lemon glow of citrus fruit . . . the Pewterware . . . Sivoiy, splashed with scenes from Italy . . . Parisienne, ditto . . . field flowers. These all with a fresh viewpoint. They could be your target of interest this spring. Yep, it's the added flipp of a new tabcloth. The fabrics are linen and rayon and cotton prints. The tags read three ninety-five and four dollars and fifty cents. . . Top 'O The Hill, 104 Kercheval, on the hill.

Wherever you go . . . whatever radiant landscapes you see . . . wherever art and architecture are alive . . . WHEREVER! . . . we bid you come and find the appealing economies, this month, in movie cameras . . . projectors . . . tape recorders . . . viewers . . . and myriads of accessories. This is surely one good way to capture your fun. Visit the Camera Center, in the village, for these finds.

America's favorite colors . . . authentic tartan plaids . . . especially good for right now . . . are evident in the new shipment of boys' button-down shirts at three ninety-five . . . featured in the Village Youth Shop of the S. Stein & Co., 17012 Kercheval, in the village.
