**POLICE** throughout the nation are hunting for a missing St. Clair Shores State License agent, after an audit showed her account short \$74,841.41, representing receipts of the last six days of the 1956 auto licensing period. Missing was Mrs. Anne V. Thorpe, 42, manager of the branch in St. Clair Shores, and believed with her are her husband, Floyd R., and their daughter, Kay, who is nine years old. It was alleged that the woman also wrote a check for \$4,400 to the Secretary of State, which bounced. The family was last seen on Friday when they closed the office on Little Mack. Warrants for the arrest of Mr. and Mrs. Thorpe were issued yesterday. Mrs. Thorpe, who is bonded, had been in charge of the office for 13 months.

**PAKISTAN** was given full moral support in its border dispute with Afghanistan, by the nations of the Southeast Asia Treaty Organization, of which Pakistan is a member. In his first major policy statement on the issue between Pakistan and Communist-backed Afghanistan, Secretary of State John Foster Dulles said that the United States never doubted that the sovereignty of Pakistan extended to the Durand line, bordering the two countries.

Six other SEATO nations quickly joined the U.S. in backing their fellow pact member. However, only watered-down support was given to Pakistan in its eight-year-old dispute with India over Kashmir, which the SEATO nations said should be settled peacefully by the United Nations.

A **BATTALION** of Marine will be sent to the Mediterranean by order of the Defense Department, sources announced. Diplomats called it a move to show the United States' determination to prevent full-scale war in the Middle East.

Also, it was learned, the United States is launching a new move in the United Nations to counter the increasing danger of an Arab-Israel war.

Meanwhile, government leaders of Egypt, Syria and Saudi Arabia agreed that any diversion of the Jordan River by Israel for irrigation and land projects, will constitute aggression and bring immediate retaliation.

British Prime Minister Anthony Eden accused Egypt with double-dealing against the West, and also refused to lift Britain's embargo on modern arms to Israel.

A **SUGGESTION** that General Motors corporation give up one or more of its divisions was made by Stanley N. Barnes, assistant attorney general. He said that if this is done, it would increase competition in the automotive industry. Last month, Judge Barnes charged that "an undue concentration" of economic power "is becoming more and more recognizable each day in the automotive industry."

Harlow H. Curtice, president of GM, called the suggestion "nonsense." He said that his corporation has not violated any antitrust laws. The Government is ready to file an antitrust suit against GM because it is feared there is too much monopoly in the automobile situation.

A **DEMOCRATIC DRIVE** to have the Government support cotton, corn and peanut crops at 90 percent parity, was defeated by the Senate, giving President Eisenhower a major victory. The vote on the issue was 54 to 41.

Murray Snyder, Presidential press aide, said that the President was delighted by the Senate vote. With the question decided for three of the major crops, the Senate is expected to act quickly on similar moves to knock out high, rigid supports for wheat, rice and dairy products.

Mr. Eisenhower and Secretary of Agriculture Ezra Taft Benson

## Pointer on Hand as Mamie Opens Nephrosis Drive

MRS. DWIGHT D. EISENHOWER, chairman of the National Nephrosis Foundation, launched the 1956 Childhood Nephrosis Campaign at the White House. Left to right—HENRY W. KAESSLER of Bronxville, N.Y., president; EMANUEL

SLUTZKY of Chicago, vice-president; DOUGLAS ADAIR of Grosse Pointe Shores, trustee and president of the Michigan Chapter; and ALBERT G. GORSON of New York, executive vice-president. The drive continues throughout March.

## Enrollment Rise Noted By Schools

Total of 9,176 Using Public System Facilities at End of Feb. Figures Show

Public school enrollments at the end of February continued to run well ahead of those at the same time a year ago. An increase of 750 or just under 9 percent has been recorded, according to Dr. Lynn M. Bartlett, Director of Pupil Personnel.

The end-of-February total was 9,176. The number is 74 less than were listed at the end of January. The loss is attributable to two facts: 1) the mid-year graduation of 124 seniors and the absence of new kindergarten groups for second semester.

**320 More Than Last Year**  
Grade school figures showed an increase of 31 pupils over last month and 320 (or 6 percent) more than were enrolled last year. Grade school totals are 5,625. The Nursery School for Exceptional Children continues at 14.

Two thousand students are listed in the two junior high schools and the High School Annex. Although this is a loss of 120 over the January figure, it is a gain of 329 (almost 20 percent) over the January, 1955 figure.

**98 More in High School**  
At the senior high school level 15 additional students were gained over the enrollment for last month. The 1,536 students are 87 (6 percent) more than were enrolled in February, 1955.

## Library Services Attract Record Number of Pointers

In a quarterly report on the Public Libraries, public school officials indicated substantial increases in the services offered to Grosse Pointe residents.

The report was prepared by the Director of Public Libraries, Robert Orr. Circulation of books in the three-month period—November, December and January—increased 15 percent over the corresponding period a year ago; 81,239 was the total on the current report.

The number of registered users, according to Orr, increased 12 percent, to 20,250. This figure represents 35 percent of all Grosse Pointe residents, a remarkable percentage by national standards.

## Adults, Children Invited To Memorial Center for Unusual Easter Program

Ukrainian Art of Decorating Eggs, Folklore and Historic Background to Be Explained at Event Scheduled for Palm Sunday.

Both adults and children are urged to come to the Grosse Pointe War Memorial Center from 2 to 5 p.m. on Sunday, March 25, to learn the Ukrainian art of Easter Egg Decoration and enter either eggs they have decorated in advance or eggs they decorated under instruction at the Center in an Easter Egg Contest.

The Center will present prizes for both adults and children.

**To Display Prize Eggs**  
Miss Joanna Von Draginda and Miss Rose Sushinsky will display prize Ukrainian decorated eggs and twice during the afternoon will hold periods of instruction in decorating.

Those wishing to decorate eggs under this expert instruction should bring with them white smooth eggs. You will be able to obtain at the Center stylus, beeswax and candles.

## Burglar Loots Station Wagon

The Preferred Cleaners delivery station wagon was robbed on Thursday noon, March 16, while it was parked behind the Mack avenue store.

Driver James Smith told Farms police he left the truck for an hour between deliveries. When he returned he discovered one pair of ice skates, one top coat, one suit, one lady's sweater, and five pair of pants were missing.

Total value of the articles was \$275.

## Boy Faces Trial For Toting Gun

A 15-year-old Harper Woods boy was apprehended in Parcels Junior High School on Saturday, March 10, carrying a concealed firearm, Woods police said.

The boy was spotted carrying the gun, a converted .22 caliber rifle, by Don Hallman, Woods director of Parks and Recreation, who stopped him and held him for police.

Woods Det. Everett Plumb said the rifle was converted into a five and a quarter-inch barrel pistol, with the hand grip carved from the stock of the rifle, by the boy. The gun was a single shot.

The youth was taken to the Detention Home on Monday, March 12, where juvenile authorities ordered him held until his trial in about two weeks in Juvenile Court. The charge is carrying a concealed weapon. It was not disclosed why the boy was carrying the gun.

## Youths Face Two Charges After Crash

Friends Taken to Hospital Following Accident; Driver Flew Scene

Two Detroit youths are being held by Detroit police on a charge of unlawfully driving away an automobile. The pair allegedly stole a 1956 Chevrolet from a dealer reconditioning lot at St. Jean and Jefferson last Tuesday, March 6.

Carmin Mazzie, 18, of 1307 Drexel, and Norman Cegelski, 19, 784 Kitchener, are said to have driven the car to Mazzie's home, where they picked up four friends. They were enroute to St. Clair Shores when the car plowed into the rear of a 1955 Plymouth parked at the curb on Mack near Neff road.

**Driver Flew Scene**  
Albert Staelens, 17540 Mack, called City police and reported the accident at 6:30 p.m., Tuesday. When Officer Behrend arrived he was told that after the accident the driver jumped from the car and fled on foot. Behrend took the passengers to Bon Secours Hospital where they were treated for minor cuts and bruises.

**TASTY PREDICAMENT**  
City Police rushed 20-month old John Van Loo, Jr. to Bon Secours Hospital on March 6. Young John attempted to swallow a lollipop and in the process cut his throat.

**Tried to Elude Police**  
Minutes later Mazzie called the station and said he was the driver and if the police wanted him they would have to come and get him. Lt. Teetaert then went to Mazzie's home, but the boy's mother said he had rushed into the house to change his clothes and slipped out the back door before the police arrived.

An hour later Detroit police picked up Mazzie when he attempted to return to his home. The Detroit Auto Squad is holding Cegelski and Mazzie for auto theft. When that charge is settled, Mazzie will be handed over to Grosse Pointe City Police, where he will be arraigned for leaving the scene of an injury accident.

Both cars involved in the accident were a total loss. The stolen Chevy had only six miles on its speedometer.

## Officials Report School Expansion Plans Progressing

Present Concentration Is on Specifications For New Junior High School on Chalfonte Site; Pool Details Being Worked Out

Plans for construction of swimming pools and a new school and for the installation of a new heating unit in Grosse Pointe High School appear to be going along as scheduled, it was revealed by Harold Husband, director of administrative services for the Board of Education.

Mr. Husband said that the Board has approved plans for pool construction at Parcels and Pierce Junior High Schools, and that the details and specifications are now being worked out. Construction dates have not been set yet, he said, because the Board is concentrating on plans for the new Chalfonte Junior High School.

**Must Move Sewers**  
At present, the director said, plans are being worked out to re-locate two large sewers on the Chalfonte property. Bids for actual building will be taken in May, with hopes that much needed classrooms will be ready by the time school opens in September, 1957.

Mr. Husband said that the classrooms will be constructed first, in preference to the school auditorium, because of the greater need. When finished, the new school will accommodate about 900 students. In regard to the new John R. Barnes Elementary School, he said that it will be opened this fall. Equipment will be moved into the new edifice this summer. The school will take care of between 400 and 500 students.

**Two Bids on Boilers**  
He said that two bids will be taken for the high school boilers, one during a Board of Education meeting in April, for the cost of the heating units, and the other during a meeting in May, for the installation which will be started in June.

The new and modern boilers will replace the present heating system and will furnish heat for the high school, Quonset Hut, Industrial Arts Building, the gymnasium-auditorium and the Annex (Country Day School).

## Steals Eldorado From Club's Lot

The old adage, "If anything is worth doing it's worth doing right," must have been on the mind of the person who "borrowed" a car from the Country Club parking lot Sunday, March 11.

Warren Avis of 12625 Grand River, Detroit, reported to Farms police that the 1956 Cadillac Eldorado he parked in the lot Sunday morning, was missing when he returned to drive it home. The car was discovered early Monday morning parked on Beaconsfield in Detroit. No damage was done.

**TASTY PREDICAMENT**  
City Police rushed 20-month old John Van Loo, Jr. to Bon Secours Hospital on March 6. Young John attempted to swallow a lollipop and in the process cut his throat.

## Urge All Property Owners To Beautify With Shrubs

Only five days left until the deadline of March 20, for accepting orders for flowering crab varieties, which the Grosse Pointe Garden Club Council representatives are offering in their Beautification Program for 1956.

This is pointed out as a wonderful opportunity for Grosse Pointe organizations, such as church groups and PTA's to beautify their church and school grounds. Private clubs, public properties and places of business could all become a part of this Beautification Program.

**One for Each Property**  
The ultimate goal for a spring in the not too far distant future, is at least one variety of crab in full bloom on each property,

## Depositions Taken From Farms Trio

Judge Frank Fitzgerald Will Preside When Case Opens in Circuit Court April 4

The legal battle between the Farms and the Kercheval-on-the-Hill businessmen, in the matter of Special Assessment District No. 7, will be brought to a head before Circuit Judge Frank Fitzgerald on Wednesday, April 4.

A court order, dated March 8, requested three Farms officials to make depositions before a court reporter. The court order was based on the approval of City Attorney Edward P. Wright.

**All Day Job**

City Manager Harry Furton, City Assessor Dawson Macy and Police Chief Walter Hoyt, spent all day Tuesday, March 13, making their depositions. Thirty questions alone were answered by Mr. Furton, whereas the other two officials were subjected to only a few.

The depositions, for pre-trial discovery, were begun at 7:30 a.m.

The matter of special assessment, created by the city so that the businessmen would help pay for the municipal parking lot in the business district, has been in court for many months. Hearing on the case had been postponed several times.

**Merchants Against Meters**  
When the Farms sought to have business pay the assessment, a majority of the businessmen banded together and said they would be willing to pay their fair share, provided the city did not meter the lot. When city officials would not promise this, the businessmen obtained an injunction restraining the city from collecting the assessment.

Prior to the injunction, a few of the businessmen paid all, or part of their assessment, which, if the Farms loses its case, will have to be refunded.

Mr. Wright will represent the Farms, and Gordon H. Wood, the businessmen, in the forthcoming court battle.

Two months ago, the city metered the first three rows of the parking lot and is now realizing an average of about \$160 a week in revenue.

## Woods Music Plan Revived

An ambitious plan to provide the Woods area with music on Sunday afternoons, on national holidays and during the Christmas season, which was launched and expired in 1954 has been revived.

The new "Citizens Veterans Committee" with Walter R. Hoyt, president of the Grosse Pointe American Legion Memorial Home Association, as chairman, and Norman Kopperschmidt, manager of the Woods Branch of the Manufacturers National Bank, as treasurer, will launch a personal appeal and telephone campaign in an attempt to collect the \$2,500.00 needed to reach the goal.

The previous committee realized \$358, of which \$100 was an American Legion contribution.

Also serving on the committee are Councilwoman Elsie Friedrich, Daniel Hodgman of Oxford road, Commander Jack Kraft, Vice-Commander John Jonas and Past Commander Stanley Weaver of the Grosse Pointe Post of the American Legion, William R. Pierce is assistant treasurer.

## Absentee Ballot Deadline Set

The deadline for absentee ballots, for the Woods election on Monday, April 2, has been set for Saturday, March 31, at 2 p.m., said City Clerk Herbert Brauns.

**TO TAKE SPRAYING BIDS**  
The City of Grosse Pointe will receive sealed bids on Wednesday, March 21, for the spraying of all city-owned elm trees.

Memorial

(Continued from Page 1) comes and some are still being retold about the Easter egg. From the colorful Hutzul mountaineers who inhabit the western Carpathian mountains comes this story of the "Blessed Virgin Mary" who during the agony of Christ, decorated some Pysanky to take before Pontius Pilate to plead for his life.

As she worked, tears fell onto the eggs, thus forming brilliantly colored dots. (To this day an authentic Hutzul egg will contain dots as part of the design, in honor of Our Lady's tears.) When Mary came before Pilate, she draped to her knees in grief, and as she did, the Pysanky rolled from her apron across the floor, and continued rolling until they were distributed around the world. And so the eggs are still distributed at Easter to commemorate His teachings of peace and love.

3. On the church lawn, a blushing Ukrainian maiden dressed in her most attractive, hand-made Easter outfit, presented her favorite bead with a special Pysanka. This was her indication of a definite fondness for him, and an engagement was likely to be announced that summer.

Youngsters Have Tests The youngsters, in the meantime, partook in such Easter egg games on the church lawn as "Trial of the Krashanky" which was testing the strength of a hard-cooked Krashanka by knocking the Krashanka against an opponent's until one of the Krashankys cracked.

4. "Omne vivum ex ovo." The egg was believed to be the origin of ALL THINGS and has been associated from the earliest pagan times with mythical and religious ceremonies. The "Easter" egg tradition is simply a continuation of that concept, retaining many of its magical qualities.

In the Ukraine a bowl filled with Pysanky was invariably kept in every home, not only as a colorful display, but also as a protection against lightning and fire. Shells of the Krashanka were placed into the thatched roofs of homes to turn away high winds and rain.

Magical Healing Powers Krashanky were also credited with magical healing powers. One was suspended from the neck of a seriously ill person or touched to the spot of one suffering from blood poisoning.

To learn the fate of the soul of a member of the family recently departed, a Krashanka was placed on the grave, covered lightly with some earth and allowed to remain overnight. When it was recovered and found to be undisturbed, without a mark and unsoiled, it indicated that the soul was safe with God.

If the egg was found to have been uncovered by a stray animal, however, abused or harmed in any way, the soul was in great need of assistance through prayer.

Answers World Problems 5. Another Hutzul tale has the answer to the problems to the world. It is the belief, according to this tale, that the fate of the world depends upon the Pysanka. As long as the tradition remains and eggs continue to be decorated, the world will exist.

Should the custom cease, Evil will encompass and destroy the world, because an ancient, vicious creature lies heavily chained against a huge cliff and each year advocates of the creature encircle the earth to keep a record of the number of Pysanky decorated. When there are few, the creature's chains loosen and Evil begins to flow throughout the world. However, should these advocates find the custom of

### Explorer Ship Leaders Named

John Mylroie of Yorkshire road has been appointed skipper of the newly formed Explorer Ship 19. The announcement was made by Donald H. Lescohier, president of the Maire School P.T.A., at the monthly P.T.A. meeting Monday night.

Explorer scouting is not new to Mr. Mylroie as he was crew leader of a ship in Washington, D. C., when he was living there in 1935. He was one of a group of boys who raised two abandoned ships from the bottom of the Potomac river and successfully raced them in competition with ships from the yacht clubs along the Potomac river.

Mr. Mylroie is a chemical engineer and returned to Grosse Pointe after being transferred here in 1953. Assisting him in the planning and advising of the unit will be the Explorer Committee formed by William H. Ellis of University place. Mr. Ellis was advancement chair-

man of Scout Troop 619 at Maire School for three years. Members on the committee are: Donald Lescohier, assistant skipper; Edward Kennedy, secretary; Thomas Lott, treasurer; Carl Beltz, E. B. Cooper, James Chouinard, John W. Langs, John O. Blair, John C. Cook and Howard Harrison.

The boys who will be charter members include: John Blair, Edward Langs, Dick Chouinard, John Cook, James Ellis, James Glaser, Donald Leeson, Ronald Linclau, Tony Lott, Dan Yaklin, James Mathewson, Tom Teetaert, and Tom Smothers.

Meetings will be held at the home of Edward Langs on Tuesday evenings, and the ship, a 32-foot yawl donated by Mr. Mylroie, is being prepared now for an April launching.

Today one-half of the world wonders why the other half lives.

Fees collected from hearing 18 state cases during the year, and paid into the city treasury, amounted to \$128.80.

The state cases covered charges of uttering and publishing gross indecency, accosting, numbers racket, disorderly persons, car theft, assault and battery, receiving stolen property, drunk and disorderly, liquor law violations, larceny by trick, breaking and entering and driving while under the influence of intoxicating liquor.

In six cases the defendants were remanded to the Wayne County Circuit Court; and in seven cases jail sentences, ranging from three to 30 days were served while fines and costs were assessed in many matters; and in two cases, defendants were found not guilty.

Under miscellaneous data, Judge Belanger said that in four cases, three-day jail sentences were handed out; defendants in four other cases received five-day sentences; and defendants in four more cases were handed 10-day sentences. Still further, one person was given a jail term of 15 days; four were given 20 days; 30 days; and one person, 60 days.

In 35 matters, probations ordered by the court varied from 30 days to two years, with miscellaneous provisions, including surrender of driver licenses, restitution of damages, no driving of motor vehicles, attendance traffic school and like provisions.

In license revocation matters, one case was given to the Secretary of State for investigation of possible permanent revocation;

two licenses were revoked for two months; five for three months; four for four months; 12 for six months; two for nine months; two for one year; and one for two years.

Of the total of 471 cases submitted to and heard by the Court, 11 defendants served jail sentences; two appealed their cases, one of which was affirmed and the other remanded for new trial; 22 defendants were found not guilty; and 19 cases were dismissed for lack of evidence, technical reasons and so on.

In 29 cases, sentences were suspended; probation orders were entered in 12; and in 33 cases, reports were sent to Lansing because of failure to appear in court to answer charges.

In his summary, Judge Belanger complimented Park Police Chief Arthur Louwers for his able and progressive leadership of the Police Department; Mrs. Delia Monaghan for her continued general competence in connection with her duties as Court Clerk and in connection with the Violation Bureau; together with Mrs. Grace McCracken and other personnel connected with the operation of the Bureau.

He also expressed his appreciation to City Manager Everett B. Lane for his many and intelligent considerations during the past and former years.

### Hit-Run Driver Causes Damage

Robert Wheaton of 2001 Hunt Club drive reported to Farms police on Thursday evening, March 8, his car was the victim of a hit and run driver.

While Wheaton was driving his 1950 Dodge on Mack near Kerby, it was struck on the front right fender by a 1953 Dodge which swerved in front of him. The other car then increased its speed and was soon lost in the traffic.

A garage estimate quoted the damage at about \$90.

### Driver Injured As Cars Tangle

Two motorists were issued tickets following an accident at Jefferson and Harcourt on Wednesday, March 7, in which one was injured.

According to a Park police accident report, Paul Gerace, Jr., 20, of 30812 Gratiot, Roseville, driving east on Jefferson, struck the left side of a car driven by James Mosely, 62, of 787 Harcourt, as the second motorist attempted to make a U-turn at the intersection.

Mosely, the report said, was taken to Bon Secours Hospital with a possible rib fracture. He was ticketed for cutting in front of moving traffic and causing an accident.

Gerace received a ticket when it was found he did not have his driver's license on his person.

## Rotarians Making Plans For Biggest Antique Show

Although their Antique Show is still two months away, members of the Grosse Pointe Rotary Club are "rolling up their sleeves," and preparing plans to make the event the best show ever presented anywhere in the State.

The show, which will be presented at the War Memorial Center on May 25 through the 28, will bring together 20 of the best known antique dealers, whose wares are calculated to delight collectors in the Detroit area.

Rotarian President Glen Pratt has appointed John Baker general chairman of the event.

Chairman Baker, in turn, appointed the following as chairmen of the various committees: David S. Burnett, program; Robert M. Orr, publicity; Bruce K. Bockstanz, William M. Dant and Edward Taube, Jr., fellowship; John L. Potter and William G. Wahl, tickets; Remington J. Purdy, finance; Clayton P. Alandt, floor and decorations; Joseph Wozniak, concessions; Herbert N. Savage, traffic;

Glenn M. Pratt, Rotary booth, and Gerald F. Fitzgerald, Thomas A. Jacques and John L. Potter, legal.

The initial meeting to formulate plans for the show was held as far back as October, 1955.

Every means of communication—radio, papers, advertising and what have you—will be used to publicize this Rotarian project.

Rotary Anns, wives of members of Rotary, and friends of members, will "pitch in" and help mail out notices of the show to every home possible in the Pointe.

So far, a list of 8,000 Pointe families has been obtained; and Rotarians will add to this by submitting the addresses of their friends living in the Pointe and in the Detroit area. All those receiving letters will be asked to help make the "Antique Show the greatest ever."

Rotary Clubs throughout the Detroit area will also be notified of the coming event.

The Pointe Rotary Club is sponsoring the show to raise funds so that it will be able to continue its many community service activities, such as aiding the two local hospitals, Cottage and Bon Secours; helping destitute Pointe families; co-sponsoring Babe Ruth and Little Leagues; backing the Boy Scout and Girl Scout movements; setting up scholarships for deserving persons who want to become nurses, or who want a college education, and so on.

The money gained from the show, through the sale of tickets, and from the concessions, will be in the trust of the Grosse Pointe Rotary Foundation, which dispenses the funds where needed. No money will be realized from the sale of antiques.

The Foundation, recognized by the Government, will accept private donations of money and these contributions are tax exempt.

## Flower Show Opens Saturday

The large Floral Clock in the Department of Parks and Recreation Display at the Michigan Flower and Garden Exhibition at the Michigan State Fair Grounds starting March 17 is sure to be one of the feature attractions.

The clock will be 20 feet in diameter and composed of 7,296 plants. There will be 6,000 red and green Altemanthera, 648 white Begonia and 648 Coleus. The clock will be flanked with Rhododendrons and Azaleas. Its hands and numbers will be in gold.

A low hedge of pachysandra will surround the clock. Plants which will make up the clock are being forced at the greenhouses on Belle Isle. It is being made up in 100 pieces and will be put together at the show.

Werner M. Hoy, general manager of the Flower Show, said that the Parks and Recreation exhibit "Melody Lane," which is a reproduction of a city boulevard plus the clock, which is a replica of the Floral Clock of Edinburgh, Scotland, will cover an area 40 feet wide by 172 feet long.

Hoy announced that the show will open at 11 a.m. on March 17 and will be open daily from 11 a.m. to 11 p.m. except Sundays, when the show will be open from 9 a.m. to 7 p.m.

Tickets may be purchased at the pre-sale price of 85 cents until opening day from Michigan Garden Club members and from neighborhood florists.

The purpose of the program is to provide for the professional interests of teachers to the end that their classes may become even more beneficial to the children.

Dr. H. Leroy Selmeier, who directs the Department of Instruction and is responsible for the in-service program, reported that 124 members of the professional staff are currently enrolled in second-semester college courses offered here in Grosse Pointe.

**Farm Models Created by Pierce Students**

The best of twenty-five submitted, says Pierce teacher LAWRENCE KENNEDY, as he approves the original farm models developed by seventh graders ELIZABETH GAGE (in sweater), TERRY DAVIS, and BARBARA LUSS, for their social studies class.

Contrary to the "easy does it" concept of another day, to interested youngsters in their studies, modern teachers challenge them to do some difficult task related to the subject.

Like model farms, for instance, when the unit being studied is "Farmers and Their Work." Out of just such a challenge, dressed up and stimulating, Pierce Junior High School teacher Lawrence Kennedy received an outstanding response.

Kennedy gave his three seventh grade social studies classes several options as to personal projects. Twenty-five members responded by producing original models of American farms. Another 35 youngsters prepared written reports on the subject. Others did miscellaneous projects.

Those who created the model farms did so largely on their own time at home. No commercial toys were used. The best of these were displayed at the model show held earlier this month at the War Memorial Center.

**PTA at Kerby Meets Monday**

The Kerby Parent-Teacher Association will hold its next regular meeting on Monday evening, March 19. All classrooms will be open for parent-teacher visitation from 7:30 to 8 o'clock.

Mrs. Lucatsky is the instrumental and vocal instructor at Kerby School. He was a music instructor at Western Illinois State before coming to Grosse Pointe.

William E. Wood, managing director of WTVS, Channel 56, will speak to the parents and teachers regarding the development and implications of educational television in the Detroit area.

A social hour for parents and teachers will be held in the gymnasium following the general meeting. Mrs. John Cudia, Jr., social committee chairman, has appointed Mrs. William Carleton, Mrs. Theodore Collioud, and Mrs. William Macchini to arrange for the table decorations.

Pointe Gets Preview of Chet Sampson's new Western Tours "Flotilla" ... Eleven Mercury Station Wagons and a Lincoln Flagship

The Little "Flotilla"

Resembling a modern assembly line, is the latest high-way flotilla of Chet Sampson's. The fleet has grown from one station wagon in 1940, to this year's entourage of 11 new Mercury wagons and a Lincoln Premier. All the cars were purchased from Frank Adam, Inc., Headquarters for Lincoln-Mercury. Since Chet began his tours 18 years ago,

more than 3,000 teen-agers have joined him on 125 trips. On the summer tours last year, there were youngsters from 37 cities and eight states. In addition to the regular West Coast trips, Chet has conducted motor tours to Washington, New York, New Orleans, Acapulco, Mexico, Florida, the Canadian Rockies, the Copper Country of Michigan, ski

resorts, Kentucky and Tennessee. Ladies first ... the first trip this year will take the girls to Washington on March 28. Come April 3, and the boys will leave for New York and Washington. Then another group of girls will leave April 13, for New York. April 21, commences a six weeks tour to Europe for adults. Chet will be back in the Pointe

to catch his breath before leaving on a spring trip for the West Coast, June 16. A second western safari for the girls will leave July 28. This summer the Western tours will be filmed in Cinemascope and color by the 20th Century Fox Studios. FRANK ADAM and CHET are shown with the 1956 Motorcade. If it grows any larger next year's picture will have to be taken from a helicopter.

School Board Approves Sabbatical Leave Policy

At its regular monthly meeting last week the Grosse Pointe Board of Education approved a long-studied sabbatical leave policy for members of the professional staff.

Under the adopted policy, a qualified member of the staff may request sabbatical leave for the purpose of improving his ability to render educational service to Grosse Pointe children. An approved candidate will receive half-salary while on leave.

Only recognized professional activities may be pursued by the successful applicant. Advanced study at a university, research, and travel from which the mem-

ber is able to enrich his teaching, are typical activities.

No more than 2 percent of the entire professional staff are eligible for such leave in any given school year. Before applying, a staff member must be qualified in three ways: 1) he must have either a life or permanent certificate for Michigan schools; 2) he must have served satisfactorily in the Grosse Pointe System for at least seven consecutive years; and 3) he must agree to return to Grosse Pointe Schools for at least three years following the expiration of his leave.

To process these applications, the Superintendent of Schools, Dr. James Bushong, will submit them to a Sabbatical Leave Committee composed of a representative group from the professional staff. This committee will forward endorsed applications for the Superintendent's consideration. Dr. Bushong, in turn, will make recommendation for final Board action. The Board then will exercise its right to approve or disapprove the applications.

Teachers may apply for sabbatical leave for not more than one year. The successful applicant will be required to report periodically to the Superintendent and the Board on the success of his sabbatical experience.

Failure to fulfill his personal obligations and commitments would result in his being dropped from sabbatical leave status and his forfeiture of its benefits.

The biggest mistake a man can make is to be sure he can't possibly make one.

Hold Questions On Tax Refund

The Internal Revenue Service urges taxpayers in this region to refrain from inquiring as to the status of refund checks until after July 31. Telephone and written inquiries at this time tend only to delay the receipt of refund checks Regional Commissioner D. L. Olsen stated.

Mr. Olsen further pointed out that this region, which includes the States of Illinois, Michigan, and Wisconsin has already issued approximately 450,000 refund checks. Thousands of additional refund checks are being processed daily and will reach taxpayers shortly, he added.

Mr. Olsen explained that approximately eight million individual income tax returns are filed in this region from January 1 to April 15. District offices are therefore confronted with the responsibility of processing a substantial number of returns during a relatively short period of time.

Mr. Olsen emphasized that taxpayers can benefit themselves, can speed refunds, and reduce government costs by avoiding common mistakes and omissions such as these:

- A. Failure to sign the tax return—both husband and wife's signature in case of a joint return.
- B. Failure to attach copy of W-2 (Withholding Tax Statement) to the return.
- C. Illegible writing—returns cannot be identified.
- D. Inaccurate figures, mistakes in addition, subtraction, and tax computation.
- E. Failure to indicate names of dependents claimed. Many times temporary delays in the receipt of refund checks are caused by one of the above in-

dicated mistakes or omissions, Olsen added.

Mr. Olsen also explained that additional time is required for the processing of refunds resulting from the filing of amended returns and claims, especially those received during the filing period.

Mr. Olsen concluded by stating that taxpayers in this region can be assured that every effort will be made to expedite the issuance of refund checks and the handling of amended returns and claims.

HOW TO PROFIT THROUGH TAX EXEMPTION  
With today's high tax levels, investors in medium and high tax brackets are turning to tax-free Municipal Bonds for income that they can keep.  
If you have a taxable income of \$10,000 or more, you may be well repaid by investigating the advantages of tax-exempt State and Municipal Bonds. For instance, if you file a single return on a taxable income of \$14,000, you would have to receive a dividend return of 7.45% on a taxable security in order to equal the yield from a 3.50% tax-free Bond. It's something to think about!  
Our New Booklet, "How To Profit Through Tax-Exemption" explains in plain language your need for tax exemption, tells how much these high-grade investments can be worth to you. There's no obligation. Send for copy today, or phone

## From Another Pointe of View

By Kitty Marriott

"Arizona" was the main topic of conversation Sunday night when the Orvil Aronsons entertained informally in their home on Neff road.

Mr. and Mrs. Dave Williams had just returned from that sunny state, and Mrs. Aronson will leave for Tucson on Saturday accompanied by her youngsters, Ann and Davey. Later on, Mr. Aronson and Peter, who goes to Pierce School, will join the family and they'll all return home together.

The Aronson movies of Arizona were Sunday's feature attraction. Guests included Mr. and Mrs. Earl Meyer, Mr. and Mrs. Robert Waylett, Mr. and Mrs. Knox Hearnese and Mr. and Mrs. Roy Jenkins.

### The James Mutschalls

of Kenwood court have a European trip on their minds. In mid-April, they will leave for a week in New York before sailing aboard the Queen Mary on April 25. Mrs. Mutschall's parents, Mr. and Mrs. George Tries, will go up from their home in Delray Beach, Fla., to join them for the European jaunt. The foursome will cover much of the continent during their five weeks' tour.

Even before that trip, Pam Mutschall, who's nearing 12 years of age, has a treat in store for her. She'll fly to Delray Beach on March 24 to spend Easter vacation with her grandparents.

### New York Visitors

Mr. and Mrs. Paul Fischer will give a small dinner party Saturday evening in their Lakeland avenue home in honor of their weekend guests, Dr. and Mrs. James G. Coyle, of Port Washington, Long Island. The Fischers' friendship with the Coyles dates back to the time when they too were Long Island residents.

The Walter Chamberlains, Mr. and Mrs. William E. Berchtold, the Donal O'Briens, Mr. and Mrs. J. V. Jenks and Mr. and Mrs. C. Brooks Begg will be introduced to the visitors at dinner.

Business will take Mr. Fischer to the west coast next month, so he and his spouse will combine the business trip with a brief vacation when they leave on April 12 for San Francisco and Los Angeles.

### Olsons in Disneyland

March 29 will find the Ozzie Olson clan leaving Renaud road for a holiday in Disneyland. Nels, Lance and Christ will stay right in Anaheim, Calif., with their parents. In fact, their headquarters will be directly across from the fabulous playland.

The Olsons will make the most of Grosse Pointe University School's spring vacation; from Disneyland, they'll go on to Palm Springs, then stop in Beverly Hills, where the Robert Kellers have already made plans to entertain for the visitors. They also hope to see Mr. and Fred Breer in Beverly Hills.

## Museum's Exhibit Honors Pointe Area

Is Part of Salute to Suburban Detroit Series; Many Pictures and Other Material Gathered for Display Which Opened Monday

The five Grosse Pointe communities are being honored in the Salute to Suburban Detroit series for March and April at the Detroit Historical Museum.

Dr. Alfred H. Whittaker of East Jefferson avenue, Hawkins Ferry of East Jefferson avenue and Robert Orr, Director of the Grosse Pointe Public Library, have worked with the museum to gather materials and arrange the display.

Items on display are loaned by the Grosse Pointe Public Schools, the Grosse Pointe Public Library, Norbert Neff, the City of Grosse Park, John Lake, City of Grosse Pointe Farms, the Grosse Pointe Historical Society, Mrs. Charles H. Metcalf, and the Burton Historical Collection.

Paintings, books and photographs relate the story of the five Pointes when they were the lands of French habitans and British settlers. This portion of the exhibit features a copy of Patrick McNiff's map showing the "ribbon" farms and their owners in 1796.

Photographs of elegant summer homes recall pleasant days of the 19th century, when Grosse Pointe Township was primarily a resort for wealthy Detroit families. Included is a photo of the first summer home at Grosse Pointe, the E. A. Brush house built in 1846.

Other pictures show the Pointes as the gracious residential suburbs of Detroit which they have become in the 20th century. A part of the exhibit shows how the Grosse Pointes have changed by contrasting pictures of the old schools and libraries of the area with pictures of modern educational facilities.

On view are early records of the communities, including the assessment roll of the Village of Grosse Pointe, which lists all property owners and the location of their lands in 1896.

The exhibit, installed on the museum's main floor, is in the hall at the rear of the Round Hall. It will be on view until April 30.

A program Monday evening at the museum opened the exhibit. Mrs. Harold M. Hastings, Mrs. Richard W. Allen, and Mrs. Alfred H. Whittaker presided at the tea table for the refreshments which followed.

## Beyers to Give Center Lecture

The recent trip of Mr. and Mrs. Ben Beyers to South America will be the subject of an informal slide and lecture program in the Grosse Pointe War Memorial Center Friday evening, March 16.

Gone two months, the Beyers' flew first to Panama. Their next stop was Quito, where they boarded a small train which carried them on a 13-hour journey to the seaport of Guayaquil. The narrow gauge railroad was built many years ago by Pointer Alfred Taylor's uncle, John Harmon.

On from Guayaquil, the travelers made stops at Lima, Cuzco, and Santiago. A side-trip took them to Lake Titicaca, the highest navigable lake in the world.

By Christmas the Beyers had reached Buenos Aires, and dis-

covered that gifts were not exchanged there until the sixth of January, which is known as Three Kings Day.

In Montivideo they visited the Litchfields of Grosse Pointe. San Paulo and Rio were the final large city stops in Brazil. The climax of the journey was a 1,000-mile trip up the Amazon.

The public is cordially invited to hear the Beyers and see the pictures of their adventures. There is no charge.

## DISPLAY HONORS INVENTOR

A special exhibit commemorating the 100th anniversary of the birth of Edward Goodrich Acheson, pioneer American inventor and one-time employee of Thomas A. Edison, will be on display at the Henry Ford Museum through Saturday, March 31.

## Bad Check Artist Given Sentence

Grosse Pointe Farms and Detroit Police cooperated in the capture and conviction of a false check passer whose operations in this community led to her arrest last month.

Barbara L. Custer signed and cashed a check for \$30 in the Kroger Food Store at Moross and Mack on January 30 of this year. The check was drawn on the Bank of the Commonwealth, was returned marked "account closed." The authorities were notified and Detroit police picked up Mrs. Custer on February 9, for violation of probation.

Records Court has now sentenced her to the Detroit House of Correction for a period of from one to two years on a charge of uttering and publishing.

## Bishop Coming To St. Michael's

The Right Rev. Richard S. Emrich, Fr. D., Bishop of Michigan, will confirm a class of children and adults at St. Michael's Episcopal Church, Grosse Pointe Woods, on Sunday, March 18, at 4 o'clock in the afternoon.

Bishop Emrich, well-known as a speaker and religious leader, will preach at this service.

The class will be presented to the Bishop by the Rev. Edgar H. Yeoman, Rector of St. Michael's and in charge of the Parish since its founding in 1947.

The public is cordially invited.

## Sleeping Driver Hurt in Crash

A Park motorist who fell asleep at the wheel, suffered a broken arm and other injuries when his car smashed into a tree on Thursday, March 8.

John Butterfield, 30, of 970 Nottingham, traveling east on Jefferson, crashed into a tree in front of 15850 E. Jefferson.

Police said he had fallen asleep at the wheel. The accident occurred just before midnight.

Police took him to Bon Secours Hospital, where it was found he had fractured his right elbow and forearm. He also suffered cuts on both knees and minor cuts on hands and lips.

Butterfield was given a ticket for not having his car under control and causing damage to property.

The Atlantic Amphibious Force which celebrates its 14th anniversary on March 14, 1956, participated in the Normandy landings during World War II when more than a million men, 183,000 vehicles and 350,000 tons of supplies were landed on the enemy's beaches.

## To be Seen in Community Theater Play

Practicing his art of thievery under the very eyes of the law is Grosse Pointe Community Theatre actor GERRY LEONE, who is an amusing culprit in "Thieves' Carnival" by Jean Anouilh. His victim, EILEEN ADELSPERGER, tells a bona fide policeman, PATROLMAN BOB EDWARDS of the Grosse Pointe Park Police, about their play to be given at Cannon Auditorium on March 16 and 17, at 8:30 p.m.

## Charles Beltz Fine Debater

Two freshmen at Alma College, Joan Moore of Lansing and Charles Beltz of Grosse Pointe, members of the college debate team, are undefeated in competition against Michigan schools. In the dozen debates that each has had to date, impressive victories have been scored over such Michigan colleges and universities as Michigan State University, the University of Detroit, Wayne University, Western Michigan, and Central Michigan.

In addition, there have been wins recorded over such M.I.A.A. schools as Calvin, Albion and Howe.

The pair's most decisive tournament came recently at Lansing, where in the State Debate Tournament at M.S.U., wins were scored over M.S.U., Central, and Albion. Certificates of excellence were awarded to

both Charles and Joan.

With the season nearly over, chances of remaining undefeated appear good for this team. There remain on the schedule only a tournament at Central Michigan and one against the other seven M.I.A.A. schools.

The national question this year for college debaters is the matter of the guaranteed annual wage for American workers.

Charles is the son of Mr. and Mrs. Charles R. Beltz of 500 Lakeland Avenue, Grosse Pointe.

The Landing Ships Tank (LST) of the Atlantic Amphibious Force, which celebrates its 15th anniversary on March 14, 1956, were known only by numbers until July 1955 when they were given the names of counties and parishes from the 48 states.

Letters to the Editor

To the Editor: It has been brought to my attention by Lt. Colonel William C. Brannon of the Detroit Ordinance District...

through research so far. By giving the facts to your public on every phase of the fight against polio you have brought the day nearer when that dread disease will be a thing of the past.

As yet we do not have the final figures on the campaign but, as always, we shall let you know as soon as possible.

Again our warmest thanks and all good wishes for continued prosperity. Sincerely, CHAS. L. GEHRINGER, Campaign Director March of Dimes

I am very grateful that Colonel Brannon sent me this note as it permits me to commend you for the splendid part you have had in tearing down the artificial barrier...

To the Editor:— I am writing this anonymous letter on behalf of the teenagers of Grosse Pointe. It is entitled, "A Letter To Whom It May Interest."

Is teenage drinking inevitable? I am inclined to believe that there will be no end to this plague unless some measures are taken against the problem. School officials, police authorities, teenagers and parents themselves do not know the seriousness of this problem.

SCHOOL OFFICIALS: Our schools have failed to teach the teenagers of Grosse Pointe the seriousness of the crime of purchasing and consuming alcoholic beverages.

POLICE AUTHORITIES: What the heck are you boys doing? The men employed by this city as police are employed for one purpose: PROTECTION.

PARENTS—Do you know that you are much more glib than a child who believes in Santa Claus. Let me show you why? Remember the night you waited up for your Johnny or your Suzy.

JOHNNY OR SUZY TEEN-AGERS:—Have you ever stopped one moment and given this vice some serious thought. Supposing you consumed 6 or 8 beers or maybe one-fifth of whiskey, thus feeling mighty happy and also dizzy.

2.—THIS COULD POSSIBLY GET YOU A LIFE TERM IN PRISON. 3.—YOUR PARENTS WOULD NOT ONLY LOSE THEIR SELF-RESPECT...

PARAGRAPHIC: One of Margaret Truman's closest pals is Gurie Lie who recently eloped with Bill Zeckendorf Jr.

PRINTS OF PLAYERS: Spencer Tracy, now in town, told his fifth Avenue tailor, "I want to look like a business man."

PENNY ARCADE: Steve Allen is practicing his rhoulette for a trip to Las Vegas where he'll work and play at the same time.

SEXWALK FOLK: Eugena Bawls, a featured player in "The Great Sebastians" on E-Way, took her eight-year-old actress daughter Brooke Searall for rehearsal for "Studio One" on which Brooke has a small role.

TAXIGABBING: Humphrey Bogart has a big session coming up with the dentist after he recovers from his recent throat surgery.

THEIR NAMES. Is this type of fun worth the life of an innocent individual, the misery of your parents and the loss of respect.

meeting should include representatives of parents, police, teenagers, teachers, etc. If this is accomplished we will be one step ahead toward the battle against teen-age drinking.

Burt Boyar IN NEW YORK

FAME DROPPING: The Duke of Windsor can't exactly hate the Duchesse as some say. He left her in N.Y. and called her, the moment he landed in Palm Beach...

BEAU BROADWAY: Shirley Booth received a cake backstage at "The Desk Set." Before the last curtain fell she'd finished it all by herself.

What Goes On at Your Library

Recipients of the John Newbery Award and the Caldecott Medal were announced last week. These are the two most coveted honors in the children's book field.

The Caldecott Medal goes to the American artist whose illustrations make the most distinguished picture book for children published in the United States.

The author has skillfully evolved from a mass of technical material a spirited dramatic story. It takes Nathaniel Bowditch from a childhood in Salem through a good part of a successful seafaring career.

The Caldecott Medal was awarded Fedor Rojankovsky for his illustrations in "Frog Went a-Courtin' by John Langstaff."

The Sunday service on March 18 will have a special significance for members of the Grosse Pointe Unitarian Church.

Seventeen years ago, on March 19, 1939, the original covenant was signed by 46 charter members and the church formally organized.

A record-shattering 2,348 men, women, and children of Grosse Pointe were enrolled the first two months of 1956 in 100 sections of classes and activities sponsored by the Department of Community Services of the Grosse Pointe Public Schools.

In a report submitted to Superintendent James W. Bushong, Director Forrest Geary emphasized that the enrollment is the highest in the department's history.

Geary did not include the Grosse Pointe Traffic School, which uses public school facilities but is conducted by local police department.

Children's out-of-school activities offered at the High School buildings for the winter term included swimming (559 enrolled), art (50), woodshop (18), and basketball (140), for a total enrollment of 767.

Geary pointed out that the evening and weekend classes are held in eight public school buildings: Kerby, two sections; Perry, one; Monteith, two; Parcels Junior, five; Maize, one; Pierce Junior, three; High School, 16; and Community Service classrooms, 19 day and 51 evening sessions.

### Four New Colleges Meet Requirements of A.A.U.W.

Four new colleges have been added to the list of institutions, meeting requirements for membership in the American Association of University Women, it was announced today by Mrs. Arthur B. Hillegas, membership chairman of the Grosse Pointe Branch.

Graduates of these colleges, holding degrees that meet the Association's liberal arts requirements, are now eligible for membership: Mount St. Scholastica College, Atchison, Kans.; Queens College, Flushing, Long Island; Western State College of Colorado, Gunnison, Colo.; Wilmington College, Wilmington, Ohio.

The AAUW has more than 137,000 members in 1,335 branches located in every state and in the District of Columbia, Alaska, Hawaii, and Guam.

The Grosse Pointe Branch offers a study-action program in childhood and higher education, international relations, social studies, the status of women, and the arts.

The Association's international-grants program brings annually about 40 women from other countries for study and research in the United States.

## Powerful Drama to Have World Premiere at Cass

Leslie Stevens' new play, "The Lovers," a drama of ruthless power, told with deep poetic insight, will have its world premiere in Detroit, a two-week engagement commencing Monday, April 2, at the Cass Theatre. Mail orders are now being received and being filled in order of receipt.

"The Lovers" will play its only pre-Broadway engagement in Detroit under the auspices of The Playwrights' Company, the distinguished play-producing firm whose members are dramatists Maxwell Anderson, author of "Bad Seed" which played a highly successful engagement here recently; Robert Anderson, author of "Tea and Sympathy" in which Deborah Kerr starred here last season; and Elmer Rice; also theatre executive-producer Roger L. Stevens, of Ann Arbor; and attorney John F. Wharton.

Associate producer will be Gayle Stine, who backed "Bullfight," with which Leslie Stevens made his bow as a playwright in an off-Broadway production two years ago, and who produced the same author's light comedy, "The Champagne Complex," on Broadway last season.

"The Lovers" will be the first play by young Leslie Stevens—whose father is Vice Admiral Leslie Stevens, author of the best-selling "Russian Assignment"—to be seen in Detroit.

In the opinion of New York drama critics as well as the members of the Playwrights' Company, he is rated the most talented and promising of the younger American writers for the theatre.

"The Lovers" is set in Flanders in the mid-XIIIth century. More than a romantic story, it seeks to determine where lust ends and love begins. In it a man of the early Middle Ages of the lovers—there are three tries to understand the tragedy
