copied programs in Grosse Pointe. The first was a teacher intern plan, under which new teachers underwent a training period similar to a doctor's internship. The other was his development of a guidance system which helped students solve problems ranging from social, health, vocational and educational to personal ones. He also found time while at Grosse Pointe, to lecture on school administration at Yale, Harvard, and Cornell. He has also been a summer school lecturer at the University of Michigan.

The Prepared Teacher Recently he told a Washington conference of educators that he was more concerned about getting an adequately prepared teacher for each child by 1960, than a place for the child to sit. In many cases, he said, teachers are nothing more than babysitters.

Family of Teachers Brownell was born in Peru, Neb., in 1900, where his father was dean of the Nebraska State Teachers College. He took his Bachelor of Arts degree at the University of Nebraska, returned to Peru as a school principal, and then went to Yale University where he obtained his master and doctor degrees.

After leaving Grosse Pointe, Brownell taught at Yale and later became president of the New Haven, Connecticut Teachers College. He was appointed United States Commissioner of Education in 1953. He is married to the former Heather Delzell, also of Peru. They have four children.

Site-Lease (Continued from Page 1)

drawing up the lease is City Attorney Pierre Heftler, and the Army, Attorney Ernest Andrus. AAA Unit Based There The Army quarters its 99th AAA Battalion unit on eight acres of an 11-acre piece of city property at the Three Mile-Essex location. The remaining land is being used by the Park for recreational purposes.

Park officials maintain that the property in question was too valuable to lease on a long-term basis because the city might want it for future development and expansion.

Citizens Protest Withdrawn Councilman William C. Oddy, who lives at 806 Three Mile drive, just opposite the camp site, said that conditions which touched off the citizens' protest several months ago concerning renewal of a long-term lease, have been improved.

The citizens had protested the early morning activities noise and the language used by Army personnel, conditions which were corrected immediately by Lt. William Nolde, commander of the unit. Following this, the residents were amicable to the year-to-year deal.

Bernard MacNeil Fulfills Ambition After 13 years

Thirteen years of dogged persistence paid off last week for Bernard C. MacNeil, 45, of 1882 Country Club Drive, Grosse Pointe Woods. He graduated with the highest honors in his class—summa cum laude—from the University of Detroit's Business Administration school and received the scholarship key of Delta Sigma Phi, International Commerce Fraternity.

And he did it by going to night school four nights a week while his mother and father-in-law cared for his three children. MacNeil was graduated from Northern High School in 1928 and shortly afterward was employed by the Michigan Consolidated Gas Company. "My first

job was working with young engineers who had college educations and I knew that in order to get ahead I too would have to further my schooling," MacNeil recalls. "Since I had taken commercial courses at Northern, I couldn't meet college requirements and began going to night school where I studied French, chemistry, biology, trigonometry, geometry and algebra. I was in a half dozen different high schools all over town and it took me four years before I could take my college entrance examinations," he said.

His years were interrupted by four years in the Air Force and in 1942 he returned to civilian life and enrolled at Lawrence Institute of Technology.

I can see more of my youngsters," he said. William O'Regan, Dean of U of D's Business Administration School, credits MacNeil with having accomplished an almost unheard of task. "He has given us all a tremendous example of persistence and fortitude and deserves a great deal of credit," the dean said.

Now, four years later, he has completed his course and received his Bachelor of Business Administration Degree. He is still with the Gas Company but is now a senior staff assistant. MacNeil, a widower for two years, devotes what little spare time he has to his three children, Robert, 11, Bonnie, 8, and Beth Ann, 5. "On my vacation we go up in the wood together and I spend every minute with them," he said.

As if 13 years of night school were not enough, MacNeil plans to continue his education and obtain his master's degree. "I am going to cut it down from four nights a week to two so

Big Torque of the Best Sellers IT WOULD stand to reason that automobiles selling in the same league, so to speak, would be pretty close in their engineering specifications. Like in "torque multiplication"—the twisting force a transmission delivers to the drive shaft. (The greater the torque multiplication, the greater the performance). But what do you find? You find that any '56 Buick with advanced new Variable Pitch Dynaflo* delivers a higher torque ratio than any standard-production car in America. And you find that this high-torque performance is one reason for Buick's best-seller standing. For Buick is now more strongly positioned in the Top 3 of the nation's biggest-selling automobiles. That's news—and there's plenty more where that came from. For the '56 Buick is jam-packed with new engineering and styling advances to make it the best Buick yet, by far. That new Dynaflo, for example, brings you the world's only switch-pitch performance in cars—plus a new part-throttle getaway response that's swifter, surter, and a gas-saver to boot. The new V8 engine is 322-cubic-inches. Best Buick Yet TURNER BUICK, Inc. 15103 Kercheval Ave., Grosse Pointe

News Staffer Wins Degree

Among the 1,289 who graduated Thursday, June 14 from Wayne University was James Njaim, 38, of the GROSSE POINTE NEWS editorial staff.

The saga of Jim's eight-year struggle for a BA degree in journalism is a courageous one and must include the story of his wife, Ann's inspiration and encouragement.

Before the war Jim worked on an automotive assembly line and after two years service in the Navy during World War II, with South Pacific duty, he returned to the factory.

His wife felt he was fitted for better things and wanted him to try for the college degree. Jim took a 10-month correspondence course in journalism and found his life work.

He had no high school education and had to pass his veteran's high school certificate exam in order to enter Wayne. He says today that if he had known how difficult and long the road would be he would think twice.

But now it's all over and he has that diploma to hang on the wall.

While Jim worked on the editorial staff of the News during the day and attended classes at night, his wife put in hours at the Huck Manufacturing Co., and the girls pitched into the household chores. So this degree is a family experience.

Mrs. Njaim topped off the excitement of commencement with a giant party for her husband Sunday night, the first graduation party of his career.

The Njaims make their home at 2163 Garland avenue, Detroit.

Others were Mr. and Mrs. John Garlinghouse, Mr. and Mrs. Andrew Barr, Mr. and Mrs. Ross Wilkins, Cleveland Thurber, Dr. and Mrs. William H. Knapp, and Mrs. Sydney Morrell.

At a community tea held Saturday afternoon in Merrill-Palmer School, Amrit Kaur attired in a soft yellow blouse and green sari, met members of the Detroit universities; community health agencies; Wayne County Medical Society; hospital boards and professional groups.

Pointe members attending the tea were Mr. and Mrs. Garlinghouse, Mr. and Mrs. Wilkins, Mrs. William Crim, and Mr. and Mrs. George E. Cartmill of Touraine road. Mr. Cartmill is director of Harper Hospital.

Amrit Kaur left Sunday morning to continue her tour with her next stop in Milwaukee, Wisconsin.

acknowledged that the theft might have occurred while the car was parked in the Detroit Receiving Hospital Parking lot.

Twilight Concert Well Attended

By Mardge Addams
One of the most enjoyed entertainments of the year at the War Memorial Center was the twilight concert presented Sunday afternoon, June 10, by the Grosse Pointe Symphony Orchestra.
The lakeside rolling lawn and the terraced front of the Italian mansion made an ideal setting for the assembled performers.
Wayne Dunlap, the very successful conductor, had chosen melodies suitable for out-of-doors rendition, featuring Strauss, Mozart, Rossini and others.
Thomas Tipton, baritone, was enjoyed with his dramatic gestures and perfect enunciation. He most graciously responded to encores.
The orchestra numbering 64 never played more pleasingly.
The rendition of "Peter and the Wolf", with Cass Piotrowski as narrator, was an innovation with enjoyment shared by the children.
Many hundreds were in attendance, and David Sutter, hopes for a resumption of the recitals in the early fall.

Garden Center Officers Installed

At a luncheon meeting at the War Memorial Center the new officers for the Grosse Pointe Garden Center were installed Friday. Seated left to right is MRS. HANSEL, MRS. WILSON, retiring president; MRS. CRAWFORD FROST, new president; MRS. THOMAS P. HENRY, board member. Standing are MRS. ALAN BEEBE, left, past vice-president, and MRS. WILSON, retiring president; MRS. FRED S. TEETZEL, finance chairman.

Swim Classes At Farms Pier

Grosse Pointe Farms swimming classes are under way. There are over 225 children in classes ranging from beginners to lifesavers. Diving instructions will begin as soon as the boards are up, but there is a class open now for beginning divers.
Water ballet and the Mothers swimming class were both welcomed by the Pointers, and, if there is a demand, a Fathers class will be offered.
To allow for summer vacations, the Farms Pier has divided their lessons into two separate sessions. Classes began June 18th for the first session and will continue until July 7th.
The second session begins the 9th of July and continues for three more weeks. Registration for the second session will be in July.
Since there are two sessions, the classes meet twice a week.

69 Pointers Among 5,032 To Receive U of M Degrees

ANN ARBOR—Degrees were conferred on 5,032 graduates at the 112th Commencement of The University of Michigan Saturday (June 16).
Commencement exercises were scheduled for 5:30 p.m. in the Michigan Stadium with UM President Harlan Hatcher presiding. The commencement address, "A New Responsibility of Universities," was given by Nabor Carrillo, rector of the national University of Mexico.
Since the U-M holds only one commencement during the year, President Thatcher conferred degrees on all persons who have earned them since the 111th Commencement last June. Included were the 968 who received diplomas at the end of the 1955 Summer Session and 983 who earned diplomas at the end of the Fall Semester in February.
The total of 5,032 degrees for the year compares with 4,531 granted during the 1954-55 year and marks the first time since the record-breaking year of 1949-50 when 7,055 degrees were granted that the total has shown an increase over the preceding year. It brings to 24,302 the number of degrees Dr. Hatcher has conferred in the five commencements over which he has presided.

70,000 "bricks" were distributed Monday among Detroit and Lincoln Park church, industry, labor, business and civic leaders, Ben Levinson, co-chairman of the citizens "HELP FATHER JOHN" com-

mittee announced. Mayor Cobo and George Barber, mayor of Lincoln Park, proclaimed June "HELP FATHER JOHN" month to help rebuild the St. George Greek Orthodox Church, 2105 Porter, destroyed by the May 12 tornado.

The campaign to raise \$100,000 by the sale of 100,000 brick certificates at one dollar each is co-sponsored by the Crisis Club and the Federation of Wayne County Hellenic Societies.

Levinson distributed the "bricks" at a kick-off breakfast in front of the City-County Building.

James Vlissides, President of the St. Nicholas Greek Orthodox Church, and acting chairman of the Greater Detroit United Greek Orthodox Churches, pledged 25,000 "bricks" for the club.

\$3,269.00 raised at the benefit service at the Olympia Stadium, Sunday was included in this pledge.

Others receiving 5,000 "bricks" each for distribution were: George Raptiou, president of the Federation; Mrs. Charles A. Dean, Jr., of Leavston road, Grosse Pointe civic leader; James R. Hoffa, ninth vice-president of Teamsters International; Mrs. Diana Edgecomb, of the Central Business District Association; Miss June Dunnigan of the Pilot Club; Mrs. Minerva Chalapis of the Greek Orthodox Youth Association; Mayor Barber; Nick Nicholas, Downriver communities chairman and Levinson.

Among the cash sales made at the breakfast were \$500 from Hoffa, \$250 from George Roumell Catering Co. and \$25 from Patrolman George and \$25 from the Detroit Police Officers Association.

Levinson said that contributions for "bricks" can be sent to "HELP FATHER JOHN", Sheraton Cadillac Hotel, Detroit 26, Michigan.

He said that \$5,000 in cash sales has been received.

Nurses Report 2,047 Calls To 116 Patients in GP

The Visiting Nurse Association, a Torch Drive Agency, made 2,047 visits to 116 patients among the 50,740 residents of Grosse Pointe in 1955, a report made public disclosed.

They were among 35,319 patients who received calls from the VNA which serves a population of 3,169,900 in the Detroit metropolitan area with a staff of 115 nurses and therapists, working out of four Detroit and four suburban offices.

The Visiting Nurse has become a familiar figure in the homes of the sick in the Detroit area through the years. That is where most of their work is done. Last year, 97,201 of their visits, or 77.3 per cent, were with the sick. Another 11,626 visits were in connection with health supervision, 13,615 were in maternity cases, and 3,553 were unclassified calls.

Visiting Nurses work under supervision of doctors. Their services are available to any resident of the Detroit area who needs them for home care. Last year, in 38 per cent of the cases, the Visiting Nurses were called in by the doctor. In 4.3 per cent, the nurses were summoned by social agencies, and in 57.7 per cent of the cases, referrals were by families of others interested in the patient.

The VNA, although it is a large organization providing a huge population with a basic health service, maintains a flexibility which makes it possible to meet changing needs of changing times.

Two important additions to its service were made at the beginning of 1956. The Visiting Housekeeper service, formerly provided by another Torch Drive agency, is now a part of the VNA.

The housekeeper service augments the services of the VNA in cases where illness or accident makes it necessary that outside help be brought into a home.

The growing number of elderly persons has brought new problems to the visiting nurses. Long-term patients, many with chronic ailments, have increased

in all parts of the country. A National Commission on Chronic Illness was formed in 1950 to study the problems and recommend a solution. The commission recommended in 1954 that greater emphasis be placed on planning for care in and around the home.

A grant from the McGregor Fund helped the VNA set up a home care demonstration. The VNA has three responsibilities, administration, co-ordinating the services of co-operating com-

And here's another worthwhile benefit:—you get extra value with your North America policy, and 'on-the-spot' personal service from your North America agent. Company Announces Seven Scholarships

Borg-Warner Corporation has established seven college scholarships, Roy C. Ingersoll, chairman of the board of directors, announced today.

High school seniors meeting school and character requirements are eligible. Where qualifications are equal, preference will be given to children of Corporation employees.

This consideration benefits local young people through the five Borg-Warner divisions in the Detroit area.

Heads of these divisions enthusiastically endorse the scholarship plan. "Our parent company and its divisions thereby encourage continuity of business leadership in technical and administrative fields," said T. J. Aul, president and general manager of Long Manufacturing and Detroit Gear divisions. "We hope sons and daughters of our personnel will try for and obtain some of these scholarships."

J. Nall Candler, vice-president and Detroit plant manager of Morse Chain company subsidiary, commented: "Technological advances, expansion and increased competition in industry have created a scarcity of engineers and other manufacturing experts. These awards will enable worthy, brilliant students to develop and adapt their talents to production and marketing problems."

According to C. S. Davis, Jr., president and general manager of Hydraline Products Division, "New and flourishing industries like air conditioning have added whole segments to the art of engineering. There is no bank to draw on. We look to these scholarships for more recruits."

"The continuous creation of new products requires well-trained research and engineering brains," A. H. Schmal, general manager of the Products Development Laboratory Division, pointed out. "The B-W awards will help relieve the shortage of such specialists."

Effective with the beginning of the 1956-57 school year, the scholarships provide for awards of up to \$750 to cover tuition at the Illinois Institute of Technology, one of the nation's foremost technological institutions. If recipients require additional aid, they may apply for summer employment at Borg-Warner divisions or subsidiaries.

Scholarship application blanks may be obtained from the Chairman of the Scholarship Committee, Illinois Institute of Technology, 3300 S. Federal Street, Chicago, Ill.

Pedestrian Hit At Crossing

Thresa Brennan, 8, of 1176 Grayton, suffered only a sprained ankle when she was struck by a car at Kercheval and Cadieux on Friday, June 8, while crossing on a green light.

A Park police report revealed that Thresa was crossing Kercheval at Cadieux, when she was hit by a car driven by James N. Kilgore, 21, of 5356 Huribut, who said he had stopped for a red light, while in the center lane of Kercheval, heading east.

He struck the girl, when she started up. The vehicle was moving only about five miles an hour.

Thresa was taken to Bon Secours Hospital by City police, who also made out the accident report and turned it over to Park authorities.

X-rays taken at the hospital revealed that the young girl had only a sprained ankle.

Kilgore was ticketed by Park police for not making a proper stop and striking a pedestrian.

Church to Hold Open Air Service

Rev. E. Arthur McAsh, pastor of the Ebenezer Baptist church, 21001 Moross at Harper, announced that cool breezes, sport shirts, and special music will be some of the enjoyable features of the church's current series of open-air meetings.

These services will be held every Sunday evening at 8:30 p.m., June 24-August 26, in Ebenezer's "Chapel in the Trees" located on the 4½-acre church site.

Bill Carle, a bass soloist with Toscanini and the NBC Symphony, and the Eureka Jubilee Singers, a Negro vocal ensemble, are two of the outstanding musical attractions of this summer series.

This Sunday, June 24, Ebenezer's own Chancel Choir will sing. Among their selections will be: "Bless the Lord O My Soul" by Ippolitof-Ivanof; "Oh, for a Thousand Tongues!" by Wesley; and "Climbin' Up the Mountain" arranged by Krone. Mr. Donald Witt will direct the choir in their performance. The public is invited to attend. Admission is free.

munity agencies, and providing most of the supportive services to medical care. Miss Ann Conley, assistant director of the VNA, has general responsibility for the administration of the demonstration.

A committee of three physicians was appointed by Dr. Ralph Johnson, chairman of the Medical Advisory Committee of the VNA, to help select patients to be admitted to the demonstration. A few patients were admitted to the demonstration between July 15, 1955 and Jan. 1, 1956.

The program really got under way in January of this year with the appointment of Dr. Donald Albert as medical coordinator. By the end of March, 28 patients were admitted to the Home Care Demonstration, and nine have been discharged.

The purpose of the demonstration is to show what can be accomplished through home care provided by doctors, nurses, therapists, and social workers working as a team with long-term patients who otherwise would occupy hospital beds.

The physician who calls on his patients in their homes has almost disappeared from the scene. Hospitals, however, are overcrowded. So, some method of providing all-out care in the home had to be devised.

The 28 patients admitted to the demonstration included sufferers from spinal injury, meningitis, multiple sclerosis, cancer, cardiovascular accident, muscular dystrophy, polio, brain

tumor, and arthritis. All were cases which otherwise would require long periods of hospitalization.

The demonstration has to do with care of the sick in their homes, the type of service in which the VNA is primarily interested. The nursing organization, however, also provides maternity service, diet therapy and nutrition service, industrial nursing service, and physical therapy service.

Services of the VNA are available to all who need them, without distinction as to race or economic status. A fee is charged in cases where the patient is able to pay. Allocations of funds from the Torch Drive make it possible for the VNA to maintain a high quality of nursing service ready to serve wherever and whenever it is needed in the community.

At a regularly scheduled council meeting of the City on Monday, June 18, an extensive street repair program was unanimously approved by the council, subject to approval by the state.

Bids were received from five construction companies and the lowest of \$126,400 was awarded to the Cooke Contracting Company of Detroit.

Included in the resurfacing program will be Kercheval avenue, Cadieux to Notre Dame; Kercheval avenue, Rivard to Fisher; Neff avenue, Charlevoix to Goethe; Lakeland avenue, St. Paul to Kercheval; Roosevelt place, Jefferson to Maumee; Rivard boulevard, Goethe to Chalfont; and Washington road, Waterloo to Kercheval.

In addition, repair work will be done at the intersections of Neff and Maumee, and University and Charlevoix.

City Manager Norbert P. Neff said the work should begin about 30 days. This will allow the state sufficient time to approve the action of the Council. The job should be completed by late October.

The City has already begun an extensive sewer cleaning program which when finished will have included all major sewage channels in the municipality.

RAIN-SOAKED sand caved in, smothering to death 13-year-old David Harris of 29311 Rockcastle, Farmington Township. With his friend, Michael Nadeau, 13, of 21875 Tulane, Farmington Township, young Harris set out to enjoy the spring and catch up on some fun. He had passed from the eighth to the ninth grade and was happy. At Nine Mile road and Inkster, in Southfield Township, the boys started to dig a cave in a mound of dirt piled there by an excavating company. The hole was neatly dug and the boys entered the cave, then it collapsed. David was covered completely and Michael, almost to his shoulders. Michael dug his way out, but by the time rescuers arrived, David was dead.

A TITLED BRITON, Sir Francis Rose, put a mysterious twist on the disappearance of missing British frogman Lionel Crabb. Sir Rose said that Crabb had written to him on the very day he disappeared, April 19. The frogman, the titled Briton said, wrote "I'll be in clover the first of the month. I've sold my invention." Crabb disappeared while diving in Portsmouth Harbor near the Soviet cruiser, Ordzhonikidze, which had brought Russian Premier Bulganin and Communist Party Boss Khrushchev to London. The Crabb letter has since been reported missing, and a mutual friend of Rose and Crabb, a member of the British Admiralty staff, said that Crabb is still alive, but this was not substantiated.

THE FIRST five months of 1956 saw a total of 5,515 West Germans move to Communist-ruled East Germany, the ADN, East German news service, revealed. The figure is only a drop in the bucket compared to the thousands who sought and received political asylum in West Germany when they fled Red-ruled East Germany. The latest report showed that during the same period of this year, 120,177 East German refugees were registered in West Berlin and the West German Republic.

A U. S. VICE CONSUL in Cyprus was killed by Cypriot extremists while he was in a restaurant. Two other Americans were wounded, one of them seriously. Killed was William Boteler of Washington, who had been transferred from Ankara, Turkey, only four weeks ago. Boteler was killed instantly when two Cypriot youths tossed two bombs into the restaurant, which exploded. Some reports said six Americans, all of the consular service, were hurt. They were the first American casualties on Cyprus since Greek Cypriots began fighting last year to break away from British rule. British police arrested several Greek Cypriot youths in connection with the incident.

THE H-BOMB dropped on Bikini on May 21, missed its target by "somewhat less than four miles," the Air Force admitted. The miss, officials said, was not enough to have a serious effect on the success of the experiment. Air Secretary Donald A. Quarles confirmed the miss, which had been rumored for the past month, and attributed this to "human error." His statement was made following contradictory statements on the scope of the miss. The Honolulu Star-Bulletin said an unidentified technician said the bomb exploded seven miles

from its target; and a top Air Force official said it was only two miles.

QUEEN JULIANA asked Premier Willem Drees to form a new government. Drees' Labor Party emerged as the strongest political group in the Netherlands, in last Wednesday's election, getting 34 seats in the Lower Parliament. The Premier emphatically denied rumors that she might divorce or separate from her husband, Prince Bernhard. He termed it "ridiculous to speak of divorce or separation." He criticized the way foreign publications had handled the case.

KONRAD ADENAEUR, West Germany's Chancellor, hailed the third anniversary of the anti-Communist revolt in East Germany. He led his countrymen in the observance of that momentous day. He also predicted that the nation will be united soon. He spoke at ceremonies in Bonn paying tribute to the millions of East Germans who rebelled against Red rule on June 17, 1953. The chancellor has constantly advocated a meeting between the East and West powers to discuss the unification of his country, but the Soviet Union appears reluctant to relinquish control of its portion of the German nation. Russia recently announced its recognition of East Germany as a "sovereign state" and opened diplomatic relations with this "new nation."

LEFTIST RULE was favored by Bolivian electors during an election held yesterday. Hernan Siles Zuazo, 42, vice president of Bolivia, ran 2 to 1 ahead of his strongest opponent, Siles Zuazo is a member of the leftist National Revolutionary Movement. His election was a foregone conclusion, when his chief opponent withdrew at the last moment. In 1952, Siles Zuazo led a revolution which put Victor Paz Estenssoro into the presidency. By law, the president of the country is not permitted to succeed himself.

ISRAEL'S Foreign Minister Moshe Sharett is reported on the verge of resigning his post. He has been in a constant battle with Premier Ben-Gurion over foreign policy. Sharett told Parliament he could no longer continue in his post "under present circumstances" and will resign today. Sharett and Ben-Gurion are Israel's senior statesmen and are both leaders of Mapai, the Democratic Labor Party. Both are the only men Israel ever had as premiers.

Israeli newspapers reported 10 days ago there was a growing rift between the two men and that Ben-Gurion has been trying to get Sharett out of his Government.

President Eisenhower won an important preliminary victory when the Senate Foreign Relations Committee restored 700 million dollars to his request for funds to carry on and expand the foreign aid program. The President had originally asked for \$4,672,000,000. With the restoration of the 700 million, the allocation for the program will be \$4,270,000,000. There is trouble ahead in the Senate, however. The report is that sentiment there is for an increase in domestic defenses and a decrease in foreign aid. The committee sought to abate this movement by stipulating that 1.6 billion must go for arms for the United States, which will replace arms of equivalent value that would be sent to allies in the mutual security program.

Wednesday, June 20

Representatives of small business flocked to the State capital to warn legislators of impending disaster to small businessmen if jobless pay is hiked. As a result, the House Labor Committee is faced with the problem of choosing between "bankrupt business and starving workmen." Behind the scene is the bitter struggle involving the political fortunes of the Democratic and Republican parties which don't want to antagonize the voters this coming November. The business representatives arrived in Lansing to head off the dramatic request by Walter Ruether, in which he asked for jobless aid. The committee is currently hearing a number of witnesses in the matter.

Newsworthy Notes

A former Pointe family, Mr. and Mrs. R. W. Walters, who lived on East Jefferson avenue with their four youngsters not too long ago, were headlined in a recent issue of Parade Magazine. . . and for good reason, too. Mr. Walters has just published a book, "Canary Islands Adventure", in which he detailed the events of a year spent in that sanctuary.

The Walters and their offspring decided to get away from it all, so they packed up and spent one year in the leisurely tropic surroundings. The book by copywriter Walters makes good reading, and will be especially interesting to the many friends they made hereabouts. Back in their accustomed setting once more, the Walters clan now lives in Haddonfield, N. J.

Henry Stephens IV of Notre Dame avenue has asked 200 of his friends to the Country Club on Friday evening, June 22, for cocktails and buffet supper. His pianist pal, Cliff Hall, who alternates between Palm Beach in winter and Newport in summer, is coming in especially for the occasion.

Grosse Pointe Yacht Club's summer season has arrived in a Blaze of Glory. Saturday's Father and Son day was tremendous fun and plans were perfect for yesterday's (June 20) third annual Old Fashioned Field Day at the Old Club, St. Clair Flats.

The juniors, boys and girls from eight to 17 years, have sights set on the 1956 Inter-Club swimming competitions (they missed last year's championship by only 10 points), and at Saturday's kick-off get-together, they'll elect a swimming team captain.

Some 80 are expected at the mid-day powwow, to consume roasted wieners and other hearty food and hear encouraging words from Sports Committee Chairman Edward J. Schoenher, the Pinkstons (Betty and Clarence) who again will be in charge of junior aquatic activities, and from Doug Rutherford, summer athletic director.

As to last Saturday's Father and Son day, it was a party with the most. Chairman Bryan A. Chaplow and his aides hadn't overlooked anything that would appeal to masculine tastes.

Lochmoor Toasts New President

"This Is Your Life" Theme of Saturday Club Gala Honoring Mr. and Mrs. William G. Siebert

"This Is Your Life, Bill Siebert" was the theme Saturday night for the gala event at which Lochmoor Club members honored their popular president, William G. Siebert. The annual President's Ball combined an evening of dinner, dancing and entertainment.

Rows of klieg lights flanked the club lobby in true Hollywood style and committee men took turns acting as commentators to greet guests at the door. As each guest was interviewed, his picture flashed on the screen of television set in the lobby and on four other TV sets throughout the club.

A road of tiny pebbles extended the length of the 40-foot table in the main lounge. Dotting the road were tiny cars and billboards with framed pictures of Mr. Siebert at stages of his life from infancy to a recent photo at his desk at WJR, where he is secretary-treasurer. 300 Pointers Join Friends on Cruise

Sail on New Luxury Linner, SS Aquarama; DAC Prexy, Joseph C. Bayne With Mrs. Bayne Heads Group

More than 300 Grosse Pointe members of the Detroit Athletic Club joined Bloomfield, Birmingham and Detroit members yesterday, June 20, to greet the new luxury vessel, the SS Aquarama, and "see for themselves" on this preview cruise what a magnificent passenger boat she is.

DAC'ers to a total of 900 came from all of the great metropolitan area well before the 5:30 o'clock departure from the Shelby street docks.

They admired the vessel's streamlined exterior—she's 520 feet long with a beam of 72 feet, nine decks high and very sleek—before going up the gangplank and proceeding by escalator or elevator to the club deck.

From then on, it was a matter of visiting, dancing, dining and being entertained on interior and exterior decks, beautifully decorated with pastel-hued furnishings. Panoramic picture windows of observation lounges lured folk to watch

the river and lake scenery until dark.

It was a gay and exciting time right up to 11:30 p.m. when the mighty Aquarama nosed back to her Shelby street berth.

Mr. and Mrs. Joseph E. Bayne (he's DAC president) headed the party. The W. Harold Lightbodies were in a group with the Arthur D. Sutherlands, Syd R. Scotts, Mrs. F. Milton Clements, Harold W. Burton and Mr. and Mrs. John S. Andrews.

Mr. and Mrs. Herbert B. Trix were there, and Mr. and Mrs. Ben R. Marsh. The Thornton E. Waterfalls and the John D. Benfields were a foursome; the Fay L. Seeleys and E. Walter Alabachants were together, and the Simon D. Den Uyls, Gordon Suttons and the Howard Lawries were noted exploring the fabulous new vessel. Incidentally, the Richard Den Uyls with two-months-old Mary Kay were here the past week-end from Holland, Mich., to the delight of Grandpapa and Grandma Simon Den Uyl.

Mrs. William E. Keane, her daughters, Leontine and Mary Louise, and sons, Henry and Joseph, and Joseph's date, Mary Fitzsimons, visited back and forth—the latter pair also were noted with the Herbert Buhlers, Jr., and their respective parents, Dr. and Mrs. Martin H. Hoffman and the senior Herbert Buhlers.

With the Carlyle R. Longs were their son and daughter-in-law, the Richard Longs, son-in-law and daughter, the William Ernes, and their other daughter, Monnie Long. The LeRoy Paynes, Terry W. Kuhns, Herbert O. McNiernays and Robert E. Grows were an eight-some.

There were more and more on the preview cruise: the Ches B. Larsens, the E. A. Batchelors, the Louis A. Fishers, Thomas K. Fishers, the Edwin Kriehoffs and the Ned Kriehoffs, the A. J. Wettlaufers, Walter F. Rockwells, P. H. Hennings, Edwin Fishers, F. Jean Littles, Nathan Goodnows, George W. Kleins, Mr. and Mrs. Robert J. Byrnes, the Frank Kuhns, Robert A. Kuhns, Mr. and Mrs. Albert B. Hartz, Ralph D. Kresges, James C. Finneys, Charles R. Eckerts, John H. Brabbs.

Pamela Henry Bows at Garden Dance

William Rust Pierces Introduce Their Granddaughter, Eileen Leonard, at Garden Supper Preceding Henry Dance

Huge turquoise and pink organdy butterflies sparkling with silver sequins dotted the marquee which covered a dance floor set in the garden Tuesday evening, when Mrs. Thomas P. Henry presented her daughter, Pamela, at a dance on the grounds of her Ridge road home.

For her debut, Pamela wore an ankle length gown of white embroidered organdy with two enormous ruffles of embroidered organdy covering the skirt. She carried a large spray of pink shattered carnations and ivy, the gift of her grandfather, Edgar R. Ailes.

Mrs. Henry's choice was a pale bois de rose lace and peau de soie creation. Her parents, Mr. and Mrs. Edgar R. Ailes, and her brother, Edgar H. Ailes, joined the hostess and debutante in the receiving line.

Pamela's house guests were her Sweet Briar College roommate, Sally Martin, of Paducah, Ky.; another classmate, Sally Bartelsen, and Wellesley student Sandra Snow, both of Wellesley Hills, Mass., and Jane Sprague, of Port Huron.

Ushers for the Henry debut dance included Howie Buhl, Sig Wendin, Skip Villorot, Jack Butler, Tom Smith, Ed Houtler, Jim Stockwell and Jay Newberry.

Preceding Pam Henry's dance, Mr. and Mrs. William Rust Pierce introduced their granddaughter, Eileen Leonard, at a garden supper in their lovely Beverly road home. The deb is the daughter of Mr. and Mrs. Lawrence C. Leonard, of Cleveland.

A strolling musician provided musical background in the Pierce garden which was lighted with torch lamps, while guests dined at small tables set up within the house. Yellow flow-

ers were used in decorating, and each young man received a yellow carnation as a boutonniere when he entered. Eileen's white organdy frock was designed with overlying panels of Nile green and slim organdy shoulder straps. The bouquet of white blossoms she carried was a gift from her father.

Wendy Bell Honored Deb

Wendy Bell was honored at two parties last week as the June debutante season opened here. Mr. and Mrs. Frederick C. Ford of Bishop road entertained the deb crowd on June 12 at an informal dinner dance for their granddaughter in the skating house at the Country Club.

The following evening, the Little Club was the scene of the dance given by Wendy's parents, Mr. and Mrs. Samuel H. Bell (Virginia Ford), of Chandler, Ariz.

Wendy's gown was of pale pink silk net, the full, full skirt garlanded in pink rosebuds. She was escorted by Michael Scott, of Far Hills, N. J.

Mrs. Bell wore silk chiffon, blending in tone from pink to resplendent. Tall French trees of yellow roses and great urns of yellow daisies emphasized the color scheme.

Drifting Sailors Grumble Over Down-River Finishes

Two of the three weekly inter-club sailing regattas already sailed this season have ended in drifting ordeals and with the fleet being required to finish downriver in front of the host club the sailors are beginning to grumble. True they have been grumbling for years. That's a healthy sign. BUT this time they mean it.

Following the conclusion of the St. Clair Thames River race on Saturday, June 9, a great number of the Cruising class skipper didn't attempt to hide their feelings and spoke out against the "downriver" finishes.

Probably the best statement made and one that sums up the general feeling of the sailors was made by Pat Collins, vice commodore of the Cruising Club of Detroit. Said the usually quiet Collins "I won't sail in any race next year that finishes in the river." That is just as about as blunt a statement that anyone could have uttered by anyone who has suffered agonies of TRYING to race in the river.

Sure Pat's statement was un-diplomatic but it's TRUE.

Because Pat will be Commodore of the Cruising Club next year probably some action will be taken at the Club's annual Winter meeting. He will see to that and it is your reporters belief that the skipper of the big boats will back him up to the man.

Downriver finishes probably will be a "Hot" item at the DRYA annual "Gripe Meeting" in January.

Once the Cruising Club takes a definite stand the little boats sailors will band together their support to request such clubs as Edison Boat Club, Windsor, Windmill Pointe, St. Clair and Bayview Yacht Clubs who still require "downriver" finishes in their regattas, to abandon the practice.

Actually, downriver finishes are not only uncomfortable sailing but the increased river traffic is not conducive to good sailing. Trolling fishermen in little, poorly lighted, boats and the new seaplane airline, that is using the congested area between the Detroit Y.C. and Windmill Pointe Y.C., makes boating downright dangerous.

To say the banishment of downriver finishes is unanimous among the racing sailors would not be correct. But it would be correct to say that 98 per cent of them are in accord. The other two per cent are those sailors who can't win a boat race on their own merit but who must resort to LUCK to make the winners circle. And that is just what river sailing is—LUCK.

So many times have we seen—and it happened to us—a yacht sail is a beautiful race around the regular DRYA triangular course in the lake only to be outlucked by an also ran once in the river.

Changing downriver finishes presents a problem, however. For example Edison Boat Club, St. Clair Y.C., Bayview Y.C., Windsor Y.C. and Windmill Pointe Y.C. all like to have the fleet finish in front of their clubs. It gives the non-sailing members a chance to see the fleet in action. It also draws more members down to

Boat Banter

Windsor Yacht Club's annual Maple Leaf regatta will kick-off the busiest season of competition for the unlimited in-board hydroplanes in the 53-year history of the American Power Boat Association. More important than that is the fact that the Maple Leaf will be the first of eight races in which a boat can pile up points to qualify as the American defender of the Harmsworth Trophy which will be held on the Detroit River, August 25, 26 and 27.

The Yachtmans' Association of America, through its International Race Committee, has selected the races to be held at Windsor, Picton, Ontario, St. Clair, Michigan, Cincinnati, Ohio, Seattle, Washington, Polson, Montana, Lake Tahoe, California and the Detroit Silver Cup as the ones which will be used to determine the eventual American defender.

The rules set down by the YAA for the hopeful owners are as follows: The boat must be owned by a citizen of the U.S.A., built in the United States and powered and equipped with U.S. designed and built motor or motors and accessories and qualify under the British International Trophy racing rules. The boat must be registered and in good standing with the APBB and the owner and driver must be racing members of the APBB in good standing. They must also be members of the YAA.

A boat may be entered in as many of the selected races as the owner desires but the points in the best two races only will be counted when the committee makes its selection of the American defender which it believes should be the fastest and most reliable of all unlimited hydroplanes seeking to qualify.

Points Awarded Points in the races will be counted only from the final heats of the selected regattas and will be awarded as follows: 400 for first; 300 for second; 225 for third, etc. Also additional points will be awarded on speed above the average of all eligible finishers.

At the conclusion of the Silver Cup race, which will be the last of the eight selected races, the six boats with the highest number of points will be construed as members of the 1956 Harmsworth defending team.

The first three boats being designated as the primary group and the other three the secondary group. Further Trials The primary group will be required to run further qualifying trials over the regular 5 mile nautical Harmsworth course. These trials will be held on Tuesday, August 21, between 4:30 and 6 p.m. It has not been decided yet whether the three boats will run the course together or individually against the clock. The majority vote of the three owners will decide this at a later date.

Not only does the boat have to qualify but the driver must be acceptable on the basis of ability and experience.

Pointers on Committee Many Grosse Pointers were members of the Defender Selection Committee which was comprised of Ed Bodkin, Benson Ford, Stan Dollar, J. Lee Barrett, Gibson Bradfield, Lewis Cruseo, Robert Keller, John Carter, T. G. Osius, Elmer Ulrich, Clyde Palmer and H. T. Youngren.

Already such locally owned boats as Joe Schoenitz's Gales' 4, 5 and 6, Bud Saile's "Miss Wayne," George Simon's "Miss U.S.," have been on the river several times for test runs. Schoenitz's new "Gale V" is a smooth riding powerhouse. Both Lee Schoenitz and Bill Cantrell have been at her wheel and like what they feel.

From recent reports the Windsor Maple Leaf regatta should draw a huge entry. Earl Harding, Windsor Y.C. commodore, was as proud as punch over the fact that his club's regatta was picked as one of the selected races.

A big windwagon fleet will be taking off for Toledo Friday, June 22, to compete in the annual Mills Trophy race on

Worm's Eye View of Gold Cupper

Bud Saile's "Miss Wayne" a brand new unlimited in-board hydroplane, which are better known to race enthusiasts as "Gold Cuppers", takes to the water for her final test run before the Windsor Y.C. Maple Leaf regatta, Saturday, June 23. In an earlier test run "Miss Wayne" broke a propeller blade which caused considerable damage to the starboard prop shaft strut and bottom. Earlier Gold Cuppers were made of plywood and then covered with a thin sheet of metal to withstand the pounding and small debris in the water. "Miss Wayne's" entrie bottom is covered with nearly quarter inch thick polished aluminum with little or no plywood in existence.

No Wind, Too Much Rain Spoil Bayview Regatta

The wind gods weren't kind to the local sail fleet during the Bayview Y. C. annual regatta, last Saturday, June 16. As a matter of fact it wasn't much good for anything except drifting and that is what the fleet of 139 starters did all afternoon on Lake St. Clair.

Overcast skies threatened to produce wind and rain as the big boat fleet got away at 1:15 p. m. but after an hour of extremely light going all that happened was a miserable drizzling rain that made sails droop like dish rags and sailors a forlorn sight as they huddled in their boats patiently waiting for wind that never came.

Only 67 of the 139 starters found their way back to the finish line in front of the host club and only a handful of those made it by the 7:30 p. m. deadline.

Little boat winners like Mike Hall's 30 square meter "Lil' Singa", George McCormick's L class "Gael", Jim Schudel's Lightning "Tch", Boyd Benkert's Raven "Thunderbolt", Howard Boston's Thistle "Manawaca", Junior French's Vineyard Haven sloop and the catboats got home early enough to make a race of it. Did we say race—ooo-o, what a race.

The catboats proved to be good drifters. Charles Waldo of the Boat Club got home first and paced the Detroit Boat Club to the team title with 28 points to St. Clair's 21 and the Detroit Yacht Club's 18.

Bud Wellman, of the Grosse Pointe Sail Club, won his second straight regatta in the K class and Janet Dietiker paced the Free-for-all class. These skipper's forced their competitors to sit on the glassy Lake St. Clair until they finished because according to the rules if one boat in a class finishes it is a race consequently the class mentioned sat and drifted to the finish line.

The most exciting finish of the day was produced by Nubby Sarns' (Great Lakes Ghost) "Revelry" who nudged across the line with 73 seconds to spare to win overall honors and Cruising A honors. Toot Gmeiner's "Apache" came in second and Dick Jeffery's "Last Straw" took her second straight second place in as many starts. Gil Pingree's big yawl "Red Head" came along in fourth place. "Red Head" relinquished her fourth place to Clare Jacobs

BABE RUTH LEAGUE

PARK—CITY—FARMS Uprsets were in order as the National Division of the Babe Ruth League sailed in the June 21st close of the first half of the season.

Brooklyn's undefeated record was marred when they were swamped 9 to 2 by the Braves on June 12th. Len Carnaghi, Braves pitcher struck out 11 and walloped a home run to clutch his victory. Brian Molloy, losing pitcher fanned 9.

On June 13th, the St. Louis Cardinals brought in six runs in the last inning to defeat the Giants 8 to 7. Dick Johnson was the winner for the Cards. Richard Grow and Ron Linclau pitched for the Giants. Frank Cherry slammed a home run for the Giants.

Brooklyn was crushed again on June 14th by the Phillies, losing 12 to 4. Philly pitcher, Tom Finch struck out 10. Bill Nolte and Russ Peck each accounted for two-base hits, while Bob Hunt whammed two 2 baggers for the Phillies. Dodgers hayalders slipped off their sail in the 4th inning, when they fell apart with 5 errors. Dave Gillis pitched for the Dodgers, and Al Ceuninck slammed out a double.

On Saturday, June 10, the Tigers lost to the Phillies 5 to 11. Schumaker pitched for the Phillies, and Ken Stanley performed for the Tigers. The Easterners swished their bats so often that they were able to fill their sails with the wind and come in ahead of the Great Lakes boys. Ken Stanley, Tiger pitcher, hit a 2 bagger and Hil-gendorf slammed a triple for the Bengals. Chouinard, Hunt and Nolte combined for a double play for Philadelphia.

The other Saturday game saw the White Sox lose to the Dodgers, 9-10, in spite of home runs by the Gentle boys, Jeff and Kit, and a 2 bagger by Ron Kasperak. Jack Dow, Dodger shortstop, smashed a home run and a double.

Cawthra Wins Kendall Series Henry Cawthra, former National Lightning champion, outdrifted 21 other Lightning skipper's to take the seventh annual running of the Kendall Trophy series sponsored by the Detroit Yacht Club.

Bayview Yacht Clubs' inter-club regatta was the first race of the four race series which was won by Jim Schudel with Cawthra a close second and Jerry Jenkins, sailing Walt Roney's boat, third.

Cawthra didn't win a race but consistent sailing gave him two seconds and two thirds for 79 points and the coveted trophy. Wes Wiedrick was five points back in second place and Jenkins placed third with 71 points. Herm Nickles, of Fenton, was the only out-of-towner to finish near the top. He placed fourth ahead of Schudel and Alex Carlin in sixth place.

LITTLE LEAGUE

CITY (Majors) Braves Manager Jack Stephenson reports his three coaches Brink, Bartholomew and Moser have chewed their finger nails down to the bone as a result of the close calls in their two games last week.

The Braves just skimm ed through their games with the Dodgers and the Cardinals. They were real thrillers and were not decided until the final out.

The Braves' battery of Haller pitching and Brink catching started very well against the Dodger's battery of pitcher Smart and Fischer. The Braves scored six runs in the first inning and seemed to be sailing ahead for an easy victory. The Dodgers came back with six runs in their half of the second inning to show they had a lot of spirit and fight in this crucial game. The Dodgers switched pitchers. Morrison relieved Smart, who in turn was replaced by Burns in order to stop the Braves attack. Brink led the Braves' attack with a triple and two singles for a perfect day at bat. The Dodgers kept pressing their attack and started a big rally in the sixth inning. If a Dodger on third had been sent home on a single by Fischer, the game would have been tied.

Who knows what the final result would have been if the game had been tied? The Dodgers came close but lost another game.

Final Score: Braves, 14; Dodgers, 13. The next game for the Braves was with the Cards and this also was a toss-up until the last inning. Skip Stephenson, the pitching and hitting star of the Braves, went in to pitch while Schmatz, who has had some real hard luck as the Cards "star" pitcher, did the pitching. Skip Stephenson started the fireworks for the Braves by hitting a home run with two men on base in the first inning. But the Cards would not be denied. They finally put over enough runs to tie the score. Finally, the Braves squeezed over two runs in the fifth inning when the game was called. Stephenson's homer in this game gives him five homers in six games with a batting average over .600.

Final Score: Braves, 6; Cards, 4. The Cards hung on to their

second place by defeating the Cubs in a closely contested game. Ghesquiere and Nelson shared the mound duties for the Cards and DeSmyster behind the plate.

For the Cubs it was Dhooge pitching and Mazer catching. Moore, of the Braves, made some sensational stops and was credited with a cleverly executed double-play. Dhooge and Mazer teamed up and made a fast play at home plate that stopped a run from scoring for the Cards. Extra base hits were made by Beltz and Schmatz of the Cards.

Final Score: Cards, 6; Cubs, 3. The Cubs took over third place by defeating the Dodgers in a free hitting game. Sachs of the Cubs was the winning pitcher. Dhooge of the Cubs hit a home run with one man on that started the Cubs on the road to victory.

Final Score: Cubs, 12; Dodgers, 6.

Grosse Pointe City Minor League Grosse Pointers Manager Devine was glad to settle for one run and a victory over the Phillies in a game that saw a large number of walks and few hits for either team.

Phillies Manager Cavallo has a real pitching star in Hakken if he can learn to control his fast ball.

Fox of the Grosse Pointers came through in the tough spots and pitched his team to a 1-0 win and a tie for second place: Final Score: Grosse Pointers, 1; Phillies, 0.

Senators Manager Bohn saw his team take undisputed lead in the league race with a smashing victory over the Giants. Giants Manager Montgomery started Grothers as pitcher but had to change to McLean when Grothers lost control and walked a number of the Senators.

Hopp, of the Senators, had beautiful control and struck out the first seven men to face him. Not until he weakened in the fourth inning was there any

 Saturday, June 23. Nubby Sams' "Revelry," one of the hottest packages on the Great Lakes, will be defending her Cruising A and overall laurels won last year. Gerd Schneider's "Margaret M" will defend her Cruising C laurels and Skip Grows and Carter Sales' "Querida" will defend in Cruising B.

Let's put the record straight — RIGHT NOW.
 Due to an honest mistake in the transposition of the Cruising C handicap figures in the St. Clair Y.C. Thames River race on Saturday, June 9, Kurt Keydel's Barnacle sloop "Grace Note" was awarded first place by one second on corrected time over Walt Kunew's "Tempress."

Once the mistake was discovered race chairman Dick Brand was quick to announce the correct standings in Cruising C. Bill Bremer's Pilot Sloop "Balquhider" was first to finish in her class and saved her time on her competitors and take second place in the overall standings behind the Cruising A and overall winner, for the second year in a row, "Revelry." "Balquhider's" corrected time was 12:33-12, a mere 3 minutes and 39 seconds off "Revelry's" corrected time.

Kunew's "Tempress" remained second and Schneider's "Margaret M" was third ahead of "Grace Note."
 The Grosse Pointe Sail Club will hold a special meeting at the Grosse Pointe Central Library on Monday, June 25.

Another point we would like to and should clear up before another day passes.
 All three clubs who have staged regattas this year have made a glaring mistake in their programs. They listed Frank McBride as commodore of the Grosse Pointe Sail Club. With apologies to Frank, because we know he would like to have the honor of being commodore, let us remind you hard working Duke Huber is the commodore. Duke earned the job the hard way. He was one of the charter members who formed the club at the Grosse Pointe Park Municipal park and was secretary almost from the very beginning.
 Our apologies commodore—we won't let it happen again.

Regatta

(Continued from Page 18)
 this date for its regatta. However, because of the Harmsworth Edison was forced to switch to September 1 because the speedboats will monopolize the river that day. The Coast Guard will stop all pleasure boating from about Grayhaven down to the Belle Isle bridge the morning of the race.
 Edison, by changing its race date, fouled up the sailing calendar. The sail fleet will have two full blown regattas within a three day period. Grosse Pointe Little Clubs' regatta is set for Monday, September 3.
 We realize it is too late to make changes this season. But it will be a choice morsel for the clubs and the Detroit River Yachting Association to chomp on during the off season.
 Possibly, at the same time, next years race chairmen can give some thought to the increased freighter traffic once the St. Lawrence seaway is opened and what it will do to the regular DRYA race courses which force every competing boat to cross the ship channel at least once during each race.
 Too many times have lead boats been forced to give up hard earned advantages because an upbound or downbound freighter was crossing its path as it approached the channel. Many a time we have seen skippers take long gambles and try to squeeze across in front of an approaching freighter which doesn't have to give way one inch. The channel belongs to the freighters under a war time ruling which has never been relaxed and very probably never will be.
 Some people get credit for walking the straight and narrow path as long as they succeed in covering their tracks.

PARK

American League
 By whipping the White Sox, 7 to 1, on the strength of Dan Vroom's pitching and two homers, the Orioles tied up the race for the pennant in the Grosse Pointe Park Little League last week on June 11 at Defer Field.
 Vroom, who lost a no-hitter in the first week of the season, came back last week to hold the Sox to three hits, striking out 12. The lefthander aided his own cause with two homers on successive times at bat, and received extra help from Marc Lonesk and Bill Wright who had two hits each.
 In their second game of the week, June 14, the Orioles walloped the Athletics, 12 to 6, with John Stanley allowing the A's only four hits, two by Dave

fortunately catcher Munroe was waiting for him with the ball for the final out.
NATIONAL LEAGUE
 Lubeck, Tom Brown and Stanley had three hits apiece for the Orioles. Murray Robertson slammed a near-record homer for the A's.
 After the loss to the Orioles, the White Sox came back strong, on June 13, to defeat the Senators, 10 to 5, behind the 7-hit pitching of Jack Giscalone. Dave Verkeyn contributed three hits for the Sox, while Charles Riley, John Bruce and Giscalone had two each. For the Senators, John Sutherland, Jeff Garbersen and Jim Sutherland each made two hits.
 The Senators, who are having difficulty winning their first game, lost a heart-breaker June 12 to the Athletics, 9 to 6, as Bob Sherwood cleared the bases with a homer in the extra inning. The Senators had been ahead twice, only to go down to defeat again.

POINTE WOODS-SHORES Babe Ruth League
 The Red Sox infield was clicking. The combination of Ned Bun at 3rd base and Andy Eleweilyn at 2nd base making two double plays which helped the Yankees beat the Red Sox, 12 to 6.
 The game between the Yankees and Indians on Thursday, June 14, was finally called because of darkness with score tied at seven runs. The opposing batteries of Larry Critchfield and Mike Lynch for the Yankees and Steve Christian and Matt Hoffman for the Indians furnished the excitement in this game. The pitchers throwing well and the catchers hitting the ball all over the lot. There were nine errors in this game.
 The playoff of the tie game was a different story.
 The two teams met again Saturday afternoon, June 16, and Dwight Stanley, the youngest of the sparkling Stanley boys allowed the Yankees only two hits, and in the last of the sixth inning smashed out a three-run homer to win his own game for the Indians who edged the Yankees, 6-4.
 Friday's game ended in a 10 to 4 victory for the Tigers over the Red Sox. Tom Munson was the winning pitcher. Ned Bunn and Andy Eleweilyn again sparked in the Red Sox infield. There were big doings in the National Division last week too! The Giants discovered that Lee Schorff of the Pirates can be beat!
 It took two hit pitching by the Giants Trefzer and a beautiful play at home, by catcher Moxley, to break up a Pirate rally in the sixth inning to win, 5-2.
 The Giants were really up for this game, giving Trefzer errorless support and hitting when his counted most.
 On Monday, June 11, at the High School Field, the Giants and the Reds put on a real donkeybuck. All the players on both teams got into the game before it ended.
 Ken McAdams and Bob Ruete hit home runs to tip the scales in favor of the Giants 12-2.
 Tuesday, June 12, was apparently Glen Collins' night as the Pirates took the Phillies in a close game, 4-3.
 Glen pitched a two hitter and scored the winning run in the fifth inning by knocking the ball out of the park.
 The Phillies fought for this one right down to the last out which came on an attempted steal of home by Hoben. Un-

 A clutch victory by the Braves' on June 15 sent the Giants down to their first defeat and forced a two-way tie between the teams for the league leadership. The score was 7 to 6. The Braves broke a 6-all tie in the bottom half of the fifth when pitcher Kevin Sullivan drew a pass, and then eventually scored from second on George Siro's single. The game was rescheduled from a June 13 tie.
 The Giants did have one consolation during the week's action when they trounced the last-place Dodgers, 16-8. Center-fielder Craig Thomas and pitcher Durwood De Cavitt supplied the power in the 19-hit slugfest. Thomas, a newcomer to the Park Little League this year, cracked out two doubles and the same number of singles for his share while De Cavitt's bat sizzled with a homerun, double and single.
 The third-place Pirates took part in the remaining two games played on June 11 and June 14. In the former, they went down to a 10-8 defeat at the hands of the league-leading Braves, but bounced back victorious, 4-3, over the Dodgers. Phil Wemhoff got credit for the close win over the Dodgers, although his brother, Mark, almost stole it away from him

with two outs in the last inning. He scurried toward home on a short passed ball but was tagged out inches from the dish by catcher Greg Bielawski as his pitching brother, Phil, stood close by.

 Evansville and Alabama moved atop the Collegiate League with decisive victories. Harvard fell to Evansville 11-0 pitching June 12.
 Alabama's victim was Duke 13-6, June 11. Alabama started the slugfest with a five-run output in the first inning, which included a trio of doubles by Keiswetter, Stackpole and Donnell, followed by eight more runs in the next three innings.
 Baylor became one of the two teams to drop to the bottom of the standings when it lost to Carolina's late inning spurge in which 10 runs in three were collected as compared to the Baylor's team six-run output.
 Fordham and Great Lakes provided the thriller of the week when they both battled right to the final inning before Fordham pulled ahead 11-10. Jim Costello scored the deciding run.

WOODS-SHORES
 Thanks to Martin Wilson, a member of the Montreal baseball team, a glaring mistake was brought to the News' attention. However, the mistake was in the results sent in by the league-itself. It informed us that Columbus beat Montreal, 18-3. Wilson pointed out the score should have been reversed to be correct.
 This week the standings of the league in which Montreal competes was not reported, consequently no results for that league.
 The Dodgers tumbled the Giants, 10-2, behind the 6 hit pitching of winning pitcher W. Thorp on Friday, June 8.
 Charleston rattled Omaha's teeth with a 19-hit, 22 run bar-

rage to give a victory to winning pitcher D. Rove on Saturday, June 9.
 Four games on Monday, June 11, saw the Tigers beat the Indians, 10-1, with Earl Meyers getting his third win of the season. To date Meyers has allowed only one run while striking out 35 batters.
 Cardinal pitcher J. Gordon allowed the Braves 6 hits but still beat them, 8-3. Denver bumped Indianapolis, 13-4, behind the combined efforts of Fossee, the winning pitcher, and Phillips. Minneapolis tripped St. Paul, 12-4, with Rusinow getting credit for the win.
 The Dodgers whacked the Giants again, 19-6, on L. Bourgeois allowing 8 hits while his teammates were collecting 10 hits. Charleston squeezed by Toledo, 5-4. Sketzer, the winning pitcher, out duled C. Sigerson. Both allowed 7 hits. The Tigers won their eighth game in a row when they beat the Yankees, 9-7, behind Phillipis and Renny who got the credit. The Yankees outdid the Tigers 12 to 11.
 Cardinal pitcher K. Witzke set down the Giants on Wednesday, June 13, with no hits to win, 3-1. The second game saw winning pitcher J. Kabealo belt out two doubles and a single as he helped the Dodgers beat the Braves, 13-6.
 Four games on Thursday, June 14, saw Minneapolis beat Omaha, 17-4; Montreal keep its winning streak alive at five games by beating Richmond, 2-1, behind the no-hit pitching of Moser; The Red Sox hand the Tigers their first loss of the season, 6-2, with Colby being the pitching hero to halt the Tigers' big guns and Denver wallop St. Paul, 18-7. Phillipis was the winning pitcher.

CLOWNS BY THE DOZENS—Belgian clowns from Jemmapes are among the more elaborately costumed participants in the Grand International Folklore Festival in Paris. Their odd outfits date back to the Middle Ages, having been inspired by South American Indian costumes brought back to Belgium by explorers and seamen.

PEACH TREE—A sweetgum tree full of peaches is an unusual and very pleasant sight at Memphis, Tenn. The young ladies were plucked by the Junior Chamber of Commerce to be entered in the Miss Memphis contest on June 15. The winner will compete for the Miss Tennessee title. Left to right, the pretty peaches are: (top) Glenda Roberts and Ann Glascock; (bottom) Carolyn Maglio, Beverly Leach, Norma King and Becky Kaufman.

FAMILY WITH PULL—Three generations of dentists give the works to 13-year-old Billy Gjetzen at Amityville, N. Y. Dr. Warren M. Seaman Jr. mans the forceps as his father, Warren Sr. (center) and grandfather, Thomas J. Seaman (left), give experienced advice. Warren Jr., a June grad at the New York University College of Dentistry, will join the family practice at Amityville with his father, class of 1923, and granddad, class of 1898.

DINNER COMPANIONS—Singer Charlene Chapman is in no danger as she shares a tidbit with Musetta, a pet ocelot, at her Poundridge, N. Y., home. The two are great friends. Musetta, named for a character in "La Boheme," is one of a small zoo of pets the opera and concert soprano keeps in her home. She owns five other animals: a boxer dog, a macaw, a cheetah, a monkey, and a kinkajou.

SO MUCH FOR SO LITTLE—German motorcycle racing world champion H. P. Mueller holds up a measure with 1.13 liters (a little more than a quart) of gasoline—the amount he needed for a test run of the new streamlined German NSU racer at Hockenheim, Germany. The vehicle needed only that small amount of fuel for the 100 kilometers (about 60 miles) at 100 k.p.h., because of the scientifically designed "aerodynamic" body. Top speed made by Mueller with his "racing chair" was 160 k.p.h. (about 99 m.p.h.). During the special run Mueller was almost lying flat on his back in the machine.

"WHAT GOES UP . . ."—Even a dog has its ups and downs these days. Take Heidi, for instance, a pooch who knows what a playground is for. The pet of Laurie Connell of Dayton, Ohio, Heidi goes right along with Laurie and playmates on the sliding pond. That's Laurie just behind the pup. In the photo at right, showing Heidi clambering up for another slide, the boys are: John Ankney and Billy Lanham (right).

TRIUMVIRATES—More than 20 sets of triplets of all ages honored their parents at the 11th Annual Triplets Convention at Palisades Amusement Park, N. J. While the younger triplets sets enjoyed the various attractions, their parents met at the park's Circus Restaurant to discuss the problems involved in rearing triplets. Photo shows the youngest triplets, Peter, Joan and Jean Buroff, 2, of Rahway, N. J., in the arms of Barbara, Gloria and Patty Mikrut of Perth Amboy, N. J.

THE MUSIC MAKERS—Playing in the sunlit "lanes" (Brighton's ancient quarter in Sussex, England) are Joseph Marcantoni, 74, (violin) and Fred Alexander, 72, (Italian harp). The cheerful old timers have been playing music in the streets of Brighton for 56 years—with nary a sour note between them.

FIT FOR A KING—Six-year-old Juliann Cooper shows some of the delicious Morel mushrooms which were picked by the Cooper family on one of their regular "mushroom hunts" in the woods near Fort Scott. Morels are a delicacy, having a nutlike flavor, that cannot be bought in a can at the store. They must either be hunted or obtained from commercial growers. A choice food? Well, some New York restaurants charge \$25 per plate for Morel mushrooms.

JEEPERS CREEPERS!—Few people would want the kind of creeping, crawling companions enjoyed by George Boyce of London, but the alligator, turtle and boa constrictor are just his cup of tea. His reptile friends, which he keeps in his home, include Toby, an Indian starved tortoise; Nimrod, a seven-year-old alligator which is 4½ feet long; and Salas, a seven-foot boa constrictor which likes to curl around Boyce's neck.

BABY-TALK?—Nine-month-old Miss Melanie Karr appears pleased with the radio reception as she adjusts her earphones and operator's set while attending the annual hamfest meeting, sponsored by the Starved Rock Radio Club at Ottawa, Ill. More than 4,000 amateur operators gathered for the event, which was held in a picnic area, with many of the radio hams bringing their families. The hobbyists included schoolboy experimenters and graduate physicists and electrical engineers. An original proclamation was made by Governor Stratton designating June 17-23 as Amateur Radio Week.

TOWERING PERFORMANCE—Tall actress Hope Emerson is an imposing sight as she towers menacingly with a gun in her hand. Six feet and two inches tall, she's appearing in the movie, "Guns of Fort Apache." The sight of her is enough to frighten any Indian that might come prowling.

ADORABLE ANN—Having a fine time in the ocean at Miami Beach, Fla., is pretty Ann Schraedel. Wish you were there? Her high-top bathing suit is a far cry from a Bikini, but it's just as attractive.

NO WAITING—A symphony of clicking scissors and clippers rises in this huge Tokyo hall as more than 400 barbers, including 40 women, compete in the Japanese National Trim and Shave Contest. Winners were selected on the basis of speed and technique.

who, where and whatnot

There've been plaudits in profusion for the fascinating fashion show given at the Grosse Pointe Woman's Club's annual June luncheon meeting held at Lochmoor Club. Through the courtesy of Goodwill Industries, 25 delightful old-fashioned outfits for every occasion were shown in a musical "Fashion Fads and Fancies" presentation.

MRS. ANTHONY COLETT brought down the house in her flapper apparel . . . cloche, fringed straight skirt and long beads . . . with her rousing rendition of the Charleston.

A lovely new prexy was MRS. T. W. HUEBENTHAL, who decided upon a blue and white flecked silk costume suit for the occasion. Trig also was her large white hat composed entirely of small lace medallions.

For Saturday night's formal President's Ball honoring her husband as Lochmoor Club president, MRS. WILLIAM G. SIEBERT was a lovely president's wife in a white net confection embroidered entirely with white lace. Crushed black satin bodice and black satin shoulder straps extended into a perky bow at the back with two long streamers extending to the ballerina hemline.

Grosse Pointe Hunt Club's own JOHN K. CROSS of Stephens road, designed the new judges stand, with its shining red and white striped awnings. It is collapsible and can be stored for future use.

PILFERINGS

Having completed a biography of Cordell Hull, an author submitted the manuscript to the statesman for approval. On a section telling of a time during the Spanish-American War when young Cordell won all the money in his company at poker, only one correction had been made when the manuscript was returned.

In Cordell Hull's own handwriting, the word "company" had been stricken out and the word "regiment" written in.

An architect was having a difficult time with a prospective home builder.

"But can't you give some idea," he pleaded, "of the general type of house you want to build?"

"Well—" replied the man hesitantly, "all I know is it must go with an antique doorknob my wife bought in Vermont."

At a large banquet Lady Astor once remarked that men were vainer than women and, meeting with stormy opposition, declared herself ready to substantiate her statement. Steering the conversation to men's fashions, she suddenly said in a loud voice, "It's a pity that the most intelligent and learned men attach least importance to the way they dress. Why, right at this table the most cultivated man is wearing the most clumsily knotted tie!"

As if on a given signal, every man in the room immediately put his hand to his tie to straighten it.

"And see this bear on the floor," said the garrulous explorer. "I shot it in Alaska. It was a case of me or him."

"Well," yawned his weary listener, "the bear certainly makes a better rug."

The Mt. Carmel, Ill., Republican-Register reported: "The fifth grade chorus sang, 'Nobody Knows the Trouble I've Been.'"

And the Johnson City, Tenn., Press-Chronicle came up with: "Fred V. Vance, deputy grand exhausted ruler of the Elks, will visit Johnson City on Thursday."

Noah, after the flood subsided, says Grace Perkins Oursler, opened the doors of the Ark and released the animals. All living things rushed to freedom, except two snakes who lingered in a corner.

"Why don't you go forth and multiply?" asked Noah in a stern voice.

"We can't," moaned one. "We're adders."

Pointer of Interest

MR. FRANK A. CAVANAUGH OF NORTH OXFORD ROAD

By Kitty Marriott

A former professional boxer who still follows the fights . . . an inventor and promoter . . . a successful businessman who deals in advertising specialties and loves his work . . . and a sailor who has loved the Detroit River since his Corktown boyhood days . . . each and all of these is Mr. Frank Cavanaugh.

He boxed as a boy, later was in 102 fights as a light heavyweight in Detroit, Windsor, New York City, even as far afield as Australia and New Zealand.

He bears no marks of those fighting days because "in the old days we were trained not to get hit." Fighters nowadays take too many blows, Mr. C. contends.

Still Likes Boxing

An associate inspector for the Michigan State Athletic Board of Controls and a member of the Michigan State Boxing Commission for the past 10 years, Mr. Cavanaugh still loves the "fight game." He follows the fights right around the country whenever he can work them into his schedule, estimates he must see at least 50 fights a year.

He went to Central High School in Detroit and has always been fond of competitive sports. He follows professional football and baseball closely, getting to every game possible and he "knows everybody in sports."

Invented Game

His interest is largely responsible for perfecting a game which he invented at the age of 12—last year he put it on the market as "Frank Cavanaugh's American Football Game." Played by two people, it's about as close as anyone can come to playing real football without actually stepping on a gridiron, Mr. Cavanaugh says.

If his football game achieves success, Mr. Cavanaugh may then bring out his baseball and boxing games.

"Our business is ideas," says the master of Cavanaugh Associates, who is rightly proud of

his 38 years in the advertising field. Just 4½ years ago, he founded and served as first president of the Advertising Specialty Guild of America. He has watched the organization of advertising counselors grow from 22 to more than 400 members.

Calendars His Choice

While Mr. Cavanaugh creates and maps out huge advertising campaigns for clients or channels his publicity ideas to agencies for their clients, he also has a reputation for being the best calendar man in the country. An advocate of the simple but handsome calendar, he received the Harvard Bureau of Awards for five straight years for designing the Briggs calendar.

Why does he like calendars? Because they give people so much for their money, Mr. Cavanaugh says. He has opposed nudes and semi-nudes in calendars for more than 20 years. A student of art and design himself (although far from a great artist, he insists), Mr. Cavanaugh knows a good artist when he sees one. He is acquainted with the finest young artists in the United States and Canada through commissioning them to do paintings for his various calendar series.

Sails 'Irish Lass'

Referring to his love of sailing, Mr. Cavanaugh says, "That's my Detroit River, you know." He started on it when a youngster with rowboat and canoe, and for some years past he has been sailing his yacht, "Irish Lass," through its waters. The "Lass" has a green hull and her owner recalls that he was the first boatman on the Detroit

River to tint the topside of his vessel.

Once warm weather arrives, the Cavanaugh's spend much of their time on the boat. Mr. C is one sailor who doesn't care to sleep on shipboard, however, so they plan boat trips in such a way that hotel accommodations are available for nightly stopovers.

Has Many Interests

This Pointer belongs to the Grosse Pointe Yacht Club, Yachting men Association of America, Detroit Athletic Club, Crisis Club, Recess Club, Detroit Board of Commerce, Cavalier Club of Warm Springs, Ga., and Guilford Club of Fort Lauderdale, among many other affiliations.

Slick magazines in his handsome appointed office . . . "Toys and Novelties," "DAC News" and "Motor Boating" . . . show Mr. Cavanaugh's range of interests.

He likes to be with "kids," whether they are school age children or youngsters just breaking into the professional sports world. And this sportsman, inventor, businessman and sailor can hold an audience of any age with his fascinating fund of true stories.

Free Swimming Lessons in City

The City of Grosse Pointe will again have free swimming instructions for the residents this year. Registration for classes may be made at the City Park check room from June 25 through June 30.

Classes will begin on Monday, July 2, and continue for approximately four weeks.

Residents may enroll for beginning, intermediate, and advanced swimming; and junior and senior life saving.

For further details check with the attendant on duty in the checkroom.

Rotary Treats 1,100 Children

More than 1,100 crippled children were the guests of the Detroit Rotary Club at a Bob-Lo boat excursion on Monday, June 18.

At least 50 DSR buses picked up the children from the Oakman and Leland schools, took them to the boat pier at the foot of Woodward and brought them back to the schools after the cruise, which lasted from 9 a.m. to late afternoon. Many of the children have been treated to this outing for the past several years.

The boat and crew services were donated by Detroit Rotarian Wilbur Browning, owner of the excursion line. The food and favors were the gifts of the Rotary Club. It was estimated that the happy children consumed a total of 2,500 hot dogs and gallons of soft drinks and milk.

Some of the children were from the Pointe, Highland Park and Hamtramck, and the majority were from Detroit.

Besides the goodies, the children heard wonderful music, played exclusively for them. One band from a high school in Capac, Mich., which was with a group going on another boat, played for the children as they were being taken aboard the Bob-Lo, and aboard ship, a five-piece orchestra played for the children throughout the cruise.

Chairman of the event was Benjamin C. Addison of 824 Neff road.

Other Pointers serving on his committee, were: Henry J. Schulte, Thomas A. Emmet, Jerome J. Huvaere, Henry Klein, who donated the hot dogs; and Mr. and Mrs. John N. Bosckstanz.

Michael J. Carrier, a Pierce Junior High School student, aided in handling wheel chair cases from the buses onto the boat.

The Rotarians found after the outing, that there still was plenty of hot dogs and gallons of milk and other things left and on the suggestion of Mr. Addison, donated these to St. Francis Home, 2701 Penkell avenue, Detroit.

Besides the excursion, which has been an annual event for the past 25 years, the Detroit Rotary Club holds an annual Christmas party for the children at the White School in Detroit.

Former Pointer Wins Fulbright

Patricia S. Mann, daughter of Mr. and Mrs. Otto Mann formerly of Nottingham road, has received a U. S. State Department sponsored Fulbright grant to study music in Germany during the coming academic year.

She will be studying flute at the Northwest German Music Academy located in the picturesque old town called Detmold, about 50 miles southwest of Hanover.

Miss Mann recently returned to her parents new River House apartment on Jefferson avenue East after an interesting and busy year in Birmingham, Alabama, where she was the first flutist in the Birmingham Civic Symphony.

While there she also performed in several solo and chamber music recitals in addition to appearances on programs of various organizations.

Pointe Counter Points

Do you answer to the call, "Mom?" Then it's our bet your biggest joy is keeping Miss Muffet and Butch happy. Whether you stay at home or travel. Honestly, we found more ways to do just that at Young Clothes, Inc. this week. MORE than we dare print! There were thick rubber pails with a boat and rake and shovel of the same material, in this set . . . boy and girl play boxes with at least twelve new ideas inside . . . larger magic slates . . . the kind you draw and erase without the use of a pencil or an eraser . . . 36 toy ballons complete with and air pump. Even a toddler can blow them up. There were eight balls that tell fortunes . . . figure craft with plastic heads and fuzzy wires . . . puzzles AND doddlers!! See what we mean? 110 Kercheval, on the hill.

One of the biggest drawing cards, in the village this week is the vacation special of scrap books (or photo albums) in the Camera Center. The colors are, well, as tempting as frosty refreshments . . . pink, blue, beige and mixtures . . . just two dollars and ninety-five cents for these!

In June we somehow always feel that designers haven't hit us in the face with lots of unbelievable silhouettes (which also may lead to complaints) but we found as we sauntered through Walton-Pierce this week we had hit on plenty of news-making fashions. In Junior sizes we came upon a host of trans-season cottons. They were dark and definitely the dresses for late summer and early fall . . . perfect or vacation right now when the weather is in doubt. Note that they have been cut with the same care that a good-looking wool would be, even though much less expensive. Find navy, brown, beige and neutral colors in this group of big city cottons. And, because we are a woman . . . and no woman can resist bragging about her shopping discoveries we discovered Walton-Pierce's SALE of this season's clothes was in progress. That's your cue to find just what you'd expect . . . exciting buys in suits, dresses, coats, and evening clothes. All this proves that June IS a big fashion month. Walton-Pierce, Kercheval at St. Clair, in the village.

Liberty of London's tana lawn collared with white pique is a picture. If you crave the cooling effect of a cotton print for summer . . . this is it. Breeze skirted . . . front zipped. Thirty-five dollars. Just one from a collection of exquisite Liberty Lawns. 76 Kercheval, on the hill.

Salt 'n pepper are just natural companions. They're like a horse and carriage . . . a rum and cola. In fashion, for men, they're like Ivy League Tartan plaid shirts and shorts. Called Cabana sets, they are wonderfully cool 'n comfortable. He shouldn't overlook the lightweight baiste pajamas . . . the slip-over type with half sleeves 'n short legs . . . plain or polka dotted. Kilgore and Hurd, 92 Kercheval, on the hill.

We all know it. The essence of summer is fragrant splashes of cologne and clouds of bath powder. But outrageously pretty undies are good in summer, too. We recommend you take a look-see at the petticoat bras (all in one piece) of nylon in black or white. Note especially the smooth midriff of these, in Irving's lingerie department, this week. Miss Camine, specialist, highly recommends brief panty girdles in power net or satin latex for weas under Bermuda shorts. Matching girdles are obtainable in the same stuff.

After our visit in the lingerie department at Irving's Mr. Bergen was enthusiastic as he showed us new things in accessories. His enthusiasm was understandable. Here were fine bags (two together) woven of silk satin. The colors were elegant . . . red, green, gold, white, navy, and black. Good summer or winter and tagged at sixteen dollars and fifty cents. Travel bags, here, are conversation pieces . . . soft calf . . . variety in leather . . . light gray, blue and new contrasting treatments are evident. Come see!

She is traveling light. And he is glad. The reason? She found Waltr-Jams PLUS everything, well, practically everything is one compact cellophane bag . . . items she will use for travel . . . like a tooth brush, soap, and slippers. The p. J.'s themselves have pink or blue background and are generously sprinkled with coin dots. The price is the big news here . . . five ninety-five. In this complete lingerie department we spotted diamond printed robes designed of imported pure silk . . . handsome. Frothy, cool, shortie gowns are profusion, too, at D. J. Healy's, in the village.

The new map of Grosse Pointe . . . thirty-five cents . . . can be obtained at Kopp's, in the village.

All the freedom and freshness of an outdoor terrace is here. And it should be . . . because the architects schemed . . . the decorators dreamed of making your shopping for outdoor duds even a greater pleasure than in the past. It is here in the Outdoor Sport Shop, on the second floor, at 76 Kercheval you can compose costumes to your heart's content . . . you'll find ALL the top play gear's for 1956. Rose Marie Reid bathing suits . . . saucy sun hats . . . mammoth beach bags . . . perky beach shoes . . . long and short thirsty Terry beach robes . . . riding clothes . . . slacks . . . bermuda shorts . . . Jamacia and short shorts . . . shorts for EVERY figure . . . Evan-Picone skirts and tailored blouses meticulously stitched and tailored in natural, white, pink, maize, toast, blue, navy, black. Seads of Calypso cottons by Polly Hornburg of Bermuda are here in this newest-of-new departments. It's Margaret Rice's.

If's smooth sailing at Margaret Rice's, Lots of good good buys for now and later. 76 Kercheval, on the hill.
