Thursday, July 5 HERBERT BROWNELL, Attorney General of the United States, announced that an antitrust suit will be filed against General Motors, the largest manufacturing concern in the world. Attorneys for the firm have been notified, he said.

He said that the suit will be based upon "unlawful activities which have given it a monopolistic position in the manufacture of buses." The Government, it was said, will make it a civil action, asking that GM be divested of its bus manufacturing facilities, which overwhelmingly dominated the

The suit was recommended by Stanley N. Barnes, who until a few days ago headed the Justice Department Anti-trust Division. He left this position to become a judge of the U.S. Court of Appeals in California. GM officials in Detroit said they have no comment to make.

EGYPT IS REPORTED to have received information that Israel threatened an all-out attack on Jordan in the Jerusaleit sector. President Nasser of Egypt is studying the report, which was not released for publication in Cairo. According to the report, King Hussein of Jordan, had ordered his army on full alert along the Israeli-Jordan border, when the threat was alleged to have been made through the United Nations truce organization.

Iraq and Syria pledged full military support to Jordan in the event of such an attack. A security officer of the UN truce supervision headquarters in Jerusalem said no reports have been received from truce observers of concentrations of Israeli or Jordan troops along the border.

THE OFFICE of Secretary of State James M. Hare ordered Kenneth Fliestra to report details of an accident in which he was involved, or face the revocation of his driver's license. Kenneth's mother, Mrs. Robert Fliestra, said her son was bicycling in Grand Rapids when he struck a truck parked across a sidewalk at an oil station.

He was hospitalized for several days. Police took his name and address. After coming home, he contacted measles and smallpox, and the accident was forgotten. Mrs. Fliestra said she organizations in the world. will write the letter to Mr. Hare for her son who is only six years old.

to 194, killed a 1.6 billion-dollar school construction bill which wiped out any hope for passage of any general Federal aid to leading citizens on the Symschools this election year. The killed measure would have barred funds to Southern states that fail to comply with the Supreme Court's anti-segregation ruling.

The school aid which received the backing of President Eisenhower and Democratic leaders was defeated by a coalition of Republicans and Southern Democrats. The bill would have allocated 400 million a year to the states, over a four-year period on the basis of school-age population. The announcement that the bill failed to pass brought about a round of applauseobviously from the Southerners.

THE SOVIET GOVERNMENT and the Communist Party laid four top officials, on Monday, the blame of the Poznan "bloody" uprising on Secretary of State John Foster Dulles and "subversive" cash furnished by the U. S. Congress. They charged that Dulles made "inflammatory" speeches which

Two Farms police officers exhibited extra caution Monday evening, June 25, when they reported to the Highlight Market, at Mack and Moran. The police had been summoned to remove a hand grenade which was discovered in the alley behind the store.

Skippers on Edge As Mackinac Race Public Asked To Meeting On August 27 Looms Just Ahead

Big Fleet of Top Boats on the Lake Gathering at Port Huron for Saturday's Start of Annual Classic

It's Mackinac time again. With the Bayview Yacht Club's thirty-second annual classic just a matter of hours away, yachts from all over the Great Lakes and Canada are gathering at that famous meeting place—the Black River in Port Huron, Michigan.

As the million dollar fleet, all bright and shiny, rides gently at its moorings awaiting the starting gun on Saturday, July 14, that will send the fleet off on the 245 mile. on the 245 mile chase up Lake Huron to Mackinac Island, there isn't a sikpper or control of the chase up the isn't a sikpper or crew that does not vision winning the race. On July 2 Many will be disappointed—only four can win. But once it's over the losers soon foregt their long arduous task of preparation for the race and join in helping the winners celebrate at the island.

Rendezvous Time Nears

Rendezvous time in the Black River each year is the highlight of Port Huron's Blue Water Week and the fleet attracts thousands of landlubbers who disclosed by Dr. Thomas haven't the faintest idea of the long hours of work that goes into preparing a yacht for a race of such magnitude.

They see the sailors relaxing and enjoying themselves or maybe tending to last minute details around the yachts. It gives the landlubber the idea this 2. This time last year, he said, sport of yacht racing is all beer and skittles and all that is left is a pleasant ride for a couple of days on beautiful blue Lake Huron. Little do they know how hard the sailors work, once the starting gun is fired, until the finish line is reached.

It's tension all the way. The crews don't have time to relax during the race, particularly if the wind blows hard on from out of the Canadian "icebox" like it did last year and forced 28 yachts to seek shelter from partment, he said. the storm that took its toll in who broke into Grosse Pointe gear and rigging and sapped the strength of the crews.

His Last Switch in Motor Cars!

We have no way of knowing, of course, how many different makes of motor care this gentleman has owned through the years. But we'd wager that he has changed his preference a great many times in his years on the highway.

And we're also willing to bet that he has now made his last switch in motor cars!

For this time it's a Cadillac! And it is historically true that once a motorist makes the move to the "car of cars", he is usually a Cadillac owner for life.

What are the reasons for this great devotion and loyalty? Well, let us count them off.

First of all, there are the things which everyone recognizes in Cadillac. There is its great beauty . . . its matchless luxury . . . and the unquestioned respect which the car commands the world over.

Then there are those qualities with which anyone who has ever driven a Cadillac is familiar. There is its marvelous comfort and ease of handling . . . its magnificent power and performance . . . and its wonderful balance and agility.

And, finally, there are those things which only Cadillac owners themselves can fully appreciate. There is the car's remark-

able economy of operation and upkeep its incredible longevity—and its marvelous resale value.

Incidentally we have recently made two very important additions to this list of things you get when you make your decision for Cadillac.

We're talking about prompt delivery and a generous trade-in allowance!

Better come in while the circumstances are so favorable-and make your last switch in motor cars!

We'll be delighted to see you at any time.

Some 9,000 of these traps are being placed in the greater De troit area, in Monroe, Niles, Benton Harbor, Grand Rapids, Muskegon, Jackson, Battle Creek, Lansing, Kalamazoo, Pontiac, Flint, Port Huron, Lapeer and at some key highway intersections.

Yacht Skippers Kept Busy By Close-Coupled Regattas

Two full blown regattas in four days, the Windmill Pointe Y.C. on Wednesday, July 4, and Grosse Pointe Y.C. on Saturday, July 7, kept the local wind wagon boys hopping. What with these two regattas coming just prior to Bayview Yacht Club's annual Port Huron-Mackinac race, yacht owners are being hard pressed for time readying their boats to meet the rigid inspection for the annual Lake Huron classic.

The Dodgers pulled ahead of the Braves in the second inning Stephenson, Brink, Johnson and Bartholomew scored to give the won 10-3. Miller was the winning pitcher for the Braves.

On Tuesday, July 3, the Cubs. battery of Dodge pitching with Mazer catching was matched against the Cards battery of Schmatz and DeSmyter. In a closely contested game which developed into a pitcher's duel with Dhooge and Schmatz both giving only four hits; several costly errors by the Cards gave the game to the Cubs by a score of five (5) to four (4.)

The Fourth of July was featured by a double header. The Cubs' battery was Parke and Mazer, while the Dodgers battery was Aronson and Fischer. The Cubs struck hard in the first inning and scored four runs. Parke pitched one of his in to run for him and Ronny three innings he struck out six to first base. Finally the Dodgers scored three runs in the fourth inning but the Cubs continued their scoring to win, 12-3, Parke hurled a three hitter and was credited with the victory.

The second game of the day matched the league leading Braves against the hard-luck Cards. Stephenson and Brink was the battery for the Braves while the Cards put Moore in as pitcher with DeSmyter catching. Stephenson had an unbroken record up to this game. Moote was in rare form and gave the Braves only four hits. But the highlight of this game was the great fielding by both teams. Schmatz and Nelson robbed both Stephenson and Brink of home runs by jumping high into the air and getting. them out. Also, LaRue of the Cards made a running stab of play that stopped Miller from getting at least a double. Baldwin, of the Braves, also, came through with a backhand stop of a hard hit ball by Beltz that stopped him from a clean hit. The Cards got eight hits off Stephenson and went on to win,

Why Penalize the Customer?

The decision of the federal government to file a civil suit against General Motors Corporation for making and selling too large a percentage of the country's buses, refrigerator. furnishes food for thought.

While there is no question but that anti-trust laws a corporation for doing too good a job goes decidedly against the grain and would seem to be directly contrary to the principles on which this country was founded. We have always believed that personal initiative and pride in product were virtues to be extolled rather than attributes which would attract the wrath of the government.

Harlow H. Curtice, GM president, offered some very pertinent comments after the company had been informed that the suit was to be filed. He terms the position which his corporation has earned in the bus industry "A measure of the faith and confidence the customers have in our products and organization. We have provided a product that year after year produces substantial economic savings to our customers. We have contributed significantly to the ability of our customers to manage their properties efficiently and give good service to the public.".

Mr. Curtice also points out that the economics of the bus industry are such that a fraction of a cent operating cost per mile can spell the difference between success and failure of the operator. The fact that GM has been able to enjoy a major portion of the bus business would seem to indicate that it manufactures equipment which helps the bus line operators stay in business by cutting costs and providing service which benefits the public.

The action of the government appears to be one which would not hurt the great General Motors Corporation too much . . . current annual production is about 3,000 units ... but would certainly regiment the customer and force him to buy equipment which he feels is not as efficient, and more costly. This strikes us as being definitely wrong.

We love this musical note from the WATSON FORD Home in McKinley arenue. When the Ford's son-in-law and daughter, MR. AND MRS. J. F. BEYER, JR., returned from a lengthy stay in Japan they brought with them the current rage of the Japanese hit parade, "When It's Soba Slurping Time in Shenbashi". Very roughly translated, Soba means noodles and Shenbashi is the town where the Eeyers headquartered.

Cleverest steal yet is MRS. ALSON DENISON'S fine gold wire French lettuce shaker. When she bought the bag in Flint, pastel scarves were woven in the mesh. To give her bag an individual touch she removed the scarves and substituted gaily colored wee bouquets of flowers.

Good enough to eat berries, pears and apples deck the top of MRS. FRED W. PEARCE, JR.'s tortoise shell evening bag. And LAUREN EDGAR's black straw basket has a cute white bunny of straw on top.

Members of the Christ Church fair committee previewed their homemade purses a month or so ago and now they have so many orders that BETSY STEVENS' home in Moross road where production is in progress, is a perfect welter of straw, ribbons, linen, bows, et al.

MRS. ARTHUR MOESTA has one of the cleverest straws from the church collection. Peacock blue ribben winds in and out through the straw and the handle is a mass of yummy fruit. Monogrammed linen clutchs in a rainbow of colors are another fair item which can be ordered now.

PILFERINGS

Little Wendy set out for the Sunday services in her best bib and tucker, equipped with two shiny nickelsone for the collection plate and one for an ice cream cone on the way home. She scarcely had left the house when one of the coins slipped out of her fingers and rolled into a drain. "Gosh darn," said Wendy, "There goes the Lord's nickel."

Elsa Maxwell credits three simple words for making guests at her parties feel welcome and at home. "When they arrive," says Miss Maxwell, "I murmur 'a last' and when they arise to depart I protest, 'already?" ".

John D. Rockefeller, Jr., conducts his affairs in a very comfortable but modest office. A visitor, disappointed, asked, "How can you hope to impress anybody in an office like this?" Mr. Rockefeller answered, "Whom do I have to impress?"

You know it. In the world of fashion new season merchandise always shows up earlier and earlier. It's true here, on the hill at Irving's. Except to find all the new fashions in every department early in August. In the interim, Mr. Bergen, is showing summer things. And he has many summer fashions, at this point, specially priced.

The next time you visit the D. J. Healy Shop, in the village, note their new Fine Arts Boutique. Louise Sugg's, Lynbrook Golfers, are up to par. Expertly fitted, in cotton, they have eased skirts. Stripes and whites are in the majority. Also similar sleeved dresses in solid colors . . . but accentuated with embrodiered golfers on the bodice. Various colors and priced at fourteen ninety-five and seventeen ninetyfive at Irving's, on the hill.

Early fall brides, right now, are ordering and registering their preferences at the Top 'O The Hill, for linen and lingerie trousseaus. They are fast discovering that, quote, "Everything, but everything CAN BE monogrammed. We especially liked the "little boy" models in D. J. Healy's Catalina collection. Noted the shaped over-bra cuff bound in solid color taffeta. Sizes 32 to 38 and tagged at round sixteen dollars.

All eyes (Mom's eyes we mean) are on the "YOUNG CLOTHES LOOK." The fall fashions for both boys and girls, in dresses, suits and accessories are being shown . . . to say nothing of the snowsuits and very young men's top coats. We especially noted beautifully tailored plaid dresses etched in white for just four dollars . . . gives you some idea of what to expect. 110 Kercheval, on the hill.

Slender fashion lines sometimes calls for a certain amount of dieting. That's why we're telling you that Trail Pharmacy, 121 Kercheval, on the hill, now has an unlimited supply of Dextrose. It's the product YOU'VE been asking for.

For those cool days and nights you'll be away, why not toss on a plain cashmere cardigan in white, or a pale pastel color from a collection just in at Irving's, on the bill?

The cotton costume in a sun-dappled print has the unique effect of light and dark, as if great trees were casting their shadows in the sunlight. Perfect for a summer day in town, with a velvet-collared caraco covering the late day decolletage of the dress. It has a brief jacket . . . full skirt . . . neckline is accented with two velvet shoe string bows . . . cap sleeves . . . matched belt . . . 34 cuffed sleeves . . . tagged at around fifty dollars. Margaret Rice, 76 Kercheval, on the hill.

Check and double check this. Who doesn't love an inexpensive . . . but, engaging little check in a blouse plus skirt? You'll love these because they are sudsable and require no ironing. The prices are tiny, too. The tiny checked blouses with portrait or classic necklines are three ninetyeight . . . the unpressed pleated skirts are five dollars and ninety-eight cents. Sizes range from 32 to 38 . . . skirts 12 to 18. Colors- Pink, mint, or beige. D. J. Healy's, in the village.

Prior to the effective date o. his retirement a member may revoke his said election of option II and nomination of beneficiary and he may again elect the said option II and nominate a beneficiary as provided in this paragraph. If such refusal continues for one year all his rights in and to a disability pension shall be forfeited by him. If upon such medical examination of the said retirant, the Medical Director reports to the Commission that the said retirant is physically able and capable of resuming employment with the City he shall be returned to active service in the employ of the City and his disability retirement allowance shall terminate: Provided, the report of the Medical Director is concurred in by the Commission. The officer or officers responsible for making up the payroll shall cause the contributions provided for in this section to be deducted from the compensations of each member on each and every payroll, for each and every payroll period, so long as he remains a member in the employ of the City. The members' contributions provided for herein shall be made notwithstanding that the minimum compensation provided by law for any member shall be changed thereby. Every member shall be deemed to consent and agree to the deductions made and provided for herein and payment of his compensation less said deduction shall be a full and complete discharge and acquittance of all claims and demands whatsoever for the services rendered by said person during the period covered by such payment, except as to benefits provided by this chapter. The officer or officers responsible for making up the payroll shall certify to the Treasurer the amount of contributions to be deducted from the compensation of each member for each and every payroll and each of said amounts shall be deducted by the Treasurer and when deducted shall be paid to the retirement system and shall be credited to the said member's individual account in the annuity savings fund.

(c). In addition to the contributions deducted from the compensations of a member, as hereinbefore provided, a member shall deposit in the annuity savings fund, by a single contribution or by an increased rate of contribution as approved by the Commission, all amounts he may have previously withdrawn from and not repaid to, the annuity savings fund, together with regular interest computed from the date of withdrawal to the date of repayment. In no case shall any member be given credit for service rendered prior to the date he withdrew his accumulated contributions until he repays to the annuity savings fund all amounts due the said fund by him.

(d). Upon retirement of any member his accumulated contributions shall be transferred from the annuity savings fund to the retirement reserve fund. At the expiration of a period of three years from the date an employee ceases to be a member any balance standing to his credit in the annuity savings fund, unclaimed by the said member or his estate, shall be transferred to the pension reserve fund.

Amend Section 16.28 of the Charter to read as follows: RETIREMENT RESERVE FUND

Section 16.28. The retirement reserve fund is hereby created. It shall be the fund from which shall be paid all annuities and pensions payable as provided in this chapter. Should a disability retirant return to active service in the employ of the City, his annuity reserve at that time shall be transferred from the retirement reserve fund to the annuity savings fund and shall be credited to his individual account therein; and his pension reserve at that time shall be transferred from the retirement reserve fund to the pension reserve fund.

Amend Section 16.29 of the Charter to read as follows: PENSION RESERVE FUND

Section 16.29. The pension reserve fund is hereby created. It shall be the fund in which shall be accumulated reserves for the payment of all pensions payable from funds provided by the City. Upon the basis of such mortality and other experience tables, and regular interest, as the Commission shall from time to time adopt, the actuary shall annually compute the pension reserves (1) for pensions being paid retirants and beneficiaries, and (2) covering service rendered and to be rendered by members. The said pension reserves shall be financed by annual appropriations, to be made by the Council, determined according to paragraphs (a), (b) and (c) of this section.

(a). The appropriation for members' current service shall be a per cent of their annual compensations which will produce an amount which if paid annually by the City during their future service will be sufficient to provide the reserves, at the time of their retirements, for the portions of the pensions to be paid them based upon their future service; and

Sterling Silver was developed by Gladys Fisher of Woburn, Mass., one of the few women rose hybridists in the world. It is the result of a cross between the well known hybrid tea rose, Peace, and a grey blue-lavender rose called Morning Mist.

Other than its color, which is pure lavender with a silver sheen, the most outstanding characteristic of Sterling Silver is its pronounced fragrance. This can best be described as the scent of attar-of-roses.

Air Force Band To Play at Fair

Ten days of free afternoon and evening concerts by the world-famous United States Air Force Band will headline the Music Shell entertainment at this year's Michigan State Fair. August 31 through September 9.

This was announced by Donald L. Swanson, State Fair general manager, who explained the band was returning "by popular demand." Last year crowds packed the concerts 'for the limited appearance of the band on the first four days of the State Fair.

"We now will have this wonderful aggregation for the entire 1956 Fair," Swanson said. "Last year thousands were disapointed believing the band was staying for the entire time."

The USAF Band is considered the world's most versatile musical organization. In turn it is a 100 piece marching band, a 90 piece symphony orchestra, and 85 piece symphonic band, a 25 voice glee club (The Singing Sergeants), 5 dance bands and numerous instrumental groups and ensembles.

When the band was organized in 1942 more than 1,400 professional musicians were auditioned from a wide variety of organizations ranging from the Philadelphia Orchestra and Honolulu Symphony to Tommy Dorsey's Dance Band.

"We consider the appearance of the Air Force Band one of the major attractions of the 1956 State Fair," Swanson said.

An efficiency expert is a man clever enough to get his own price for guessing at things.

Headlines

(Continued from Page 5) the beginning of the occupation.

ICELAND'S new parliament opened talks with the Communists on means to oust American forces from Icelandic soil. Progressive Hermann Johasson, who is anti-American, approached the Reds as a representative of the Progressive-Socialist coalition which campaigned during the recent election on an "oust America" platform.

Tuesday, July 10 EARTHQUAKES and tidal waves hit a dozen Aegean islands south of Greece, yesterday, leaving at least 42 dead and 46 injured. Homes, churches and places of business were smashed and frantic home owners fled their crumbling homes for refuge in fields. Thousands were homeless. The Athens observatory recorded between 80 and 90 shocks, the first of which work guaranteed. Call TU hit about 5 a.m. Thira, a colorful curving island 12 miles long and three miles wide, was the worst hit. Santorini, its principal city was 75 percent destroyed. Britain, at odds with Greece over Cyprus, ordered Navy mercy vessels to the disaster areas, but cancelled them at the request of the Greek Government. A volcano in Thira erupted violently following the quake.

> JAPAN'S Socialist Party emerged victorious in the upper house of Parliament election. The Party won enough seats to block Government plans for rearmament and revision of the United States occupation-era constitution. With more ballots yet to be counted, the Socialists said that so far they have captured 51 of the 127 seats up for election in the 250-seat chamber. Together with the 33 seats they now hold, they have more than the one-third needed to block Premier Ichiro Hatovama's coalition. The Premier's Liberal-Democratic Party members have already talked of defeat, although they still retain single majority control of the chamber. They wanted to change the constitution.

> Wednesday, July 11 REPUBLICAN LEADERS became jubilant when President Eisenhower announced his decision to run for reelection. The President said that he was in better shape than when he announced his candidacy several weeks ago. He told Republican leaders in Congress that he would wage a "vigorous campaign" to keep the GOP in the White House for another four years and to recapture control of Congress. The Chief Executive's decision to throw "his hat in the ring" was relayed to newsmen by Senate Republican Leader Knowland of California. The President's recent abdominal operation threw the Republicans into confusion, especially when it was thought he would not be well enough to run again.

POLICE in Nassau County, N.Y., are searching for a woman as a possible July 4 kidnapper of six-week old Peter Weinberger, son of Mr. and Mrs. Morris Weinberger of Westbury, N. C. They are making a wide-spread search of hospital records for a woman who lost her baby, on the theory she might have been a "frustrated

mother." 21Z-LANDSCAPING

Burt Boyar IN NEW YORK

The best celebrity party in ages took place last week at Gilmore's Steak House, where Dean Martin, Jerry Lewis and Thelma Ritter hosted a blast in honor of TV critic Marie Torre's first anniversary on the Herald Tribune and simultaneously her "??" birthday. You name 'em and they were there. Milton Berle, Sammy Davis Jr., Jack Carter and England's Diana Dors (in a skin tight, red satin dress) who took a low bow and nearly landed in Confidential Magazine. Joey Adams, Hal March, Jack E. Leonard, George DeWitt, Ted Mack, John Daly, Bert Parks, Steve Allen, Roddy McDowell, the Louis Sobols, Broderick Crawford with Lisa Ferraday, Janet Blair, Celeste Holm, Nanette Fabray, Richard Carlson, Red Buttons, and Patti Page, who couldn't even get a table. There was no end to the famous faces who came to honor Marie.

It started at 10:30 p.m. and went on until 2 in the morning. Joey Adams began by saying that "once every now and then in show business comes a star of such magnitude that he becomes public

property. Al Jolson's voice and wonderful way of delivering a song made him one of these people. Ten years ago two young fellows got together and started an act which became world renowned. And we've been thinking that the best birthday gift that Marie could possibly have would be if they would stick together and not split up as they threaten to do." Martin and Lewis sat on opposite sides of the room. There were lots of jokes but they weren't hazing a good time. Joey Adams started to introduce "A man who is one of the aces of this business, a great performer, a real champ ... " At this point Milton Berle

> be him) stood up, bowed and ran to the mike. Berle said, "I just

(assuming it MUST

want to ..." Jerry Lewis, standing behind him, yelled, "Same jokes, the same old jokes" . . . Jack E. Leonard, heckling from his table said, "Say something, Milt. You'll find yourself. And when you do you'll be disappointed." . . . Berle snapped back. "That was thin Jack E. Leonard who was popular many years ago." . . . Berle turned to Martin and Lewis, then to the audience and said, "I want to wish the boys a lot of success, but I'm here because I love them both." He gestured towards Dean, "This boy is a doll." Then, toward Jerry. "and this boy is a crockadoll." He said, "Dean, I love you-God bless you and good luck. Jerry, you'll have it whatever you do."

"Goodbye, again!"

It was Jack E. Leonard's turn on the floor. He turned to Martin and Lewis and said, "I don't particularly care if you break up or not. I never liked your work." He then, while thinking of a gag, started mumbling. Berle heckled him, "Nothing, Jack-nothin". Leonard broke up the house by telling Berle, "Sure Milt, it's nothin', but you'll use it all, anyhow." He turned to Martin and Lewis, "It certainly is a shame these boys are spliting up. They have a lot of talent. Only trouble is it's not amongst them." He turned to Dean and said, "I was only fooling, Dean. I always liked your work. Even when I was a kid."

Sammy Davis took a salt shaker from our table, opened it up and spread the salt on the floor. He did a fabulous dance that brought the house down. Joey Adams introduced Thelma Ritter who stood up and announced, "I've been invited to race Nashua next week but I turned it down." I don't think anyone understood the joke but everyone laughed. Then Adams started introducing people in the room. "There's Broderick Crawford," he said. Referring to Crawford's TV show, he glanced at the actor's evening pumps and said, "The only state trooper I know who wears bows on his shoes." Dean and Jerry were behind Adams. Dean whispered something into Jerry's ear, Lewis raced forward, grabbed the mike and said over his shoulder, "That's a very good thought, Dean." He turned to the audience and announced, "Dean would like to remind you

Jerry Lewis then did a comic dance, flying around the floor (a two by floor) and wound up with a leap on the piano which cracked its top... Nanette Fabray sang "Happy Birthday" to Marie. It was a jazzed up version of the song. Then she said to Dean, "Let's do a duet. What key do you like?" Dean answer, "The only key I like is whisk." Nanette sang "I Can't Give You Anything But Love" off-key, imitating an amateur nour contestant. Very funny. Then Dean sang, "Embraceable You." In the middle of the song Jerry's voice was heard, loud, in back, "Dear, why don't you have a

Spanish omelet?" Jack E. Leonard was certainly the funniest man at the affair. He topped everyone. He walked up to the mike, paused a moment, said, "I don't like my work!" and walked away. Someone suggested Marie Torre should get up "and type something." Marie came to the mike and said, "Maybe if I could hide away somewhere with a typewriter I would be able to express how I feel. But, I just don't know what to say. Besides," she smiled, "I cry very easily. As a matter of fact, if I don't get off here now we're going to
