

SOLVE FARMS PARKING PROBLEM

HEADLINES of the WEEK As Compiled by the Grosse Pointe News

Thursday, August 7
PRESIDENT EISENHOWER praised the public services of both Vice-President Richard M. Nixon and Presidential Adviser Harold Stassen. He said it will be up to the delegates at the Republican National Convention in San Francisco to choose his 1956 running mate.

TYPHOON WANDA side-swiped Okinawa and Northern Formosa Wednesday, inflicting heavy damage and flooding on thousands of natives before heading for Communist China.

THE FOREIGN MINISTERS of Britain, France and the United States agreed Wednesday night to call an international meeting, including Egypt and the Soviet Union, to establish international control of the Suez Canal. The agreement was disclosed by an American informant who said, "the possibility of forceful action" has receded.

PRESIDENT EISENHOWER Wednesday signed into law a precedent-setting social security bill permitting women to retire at 62 and disabled workers to draw benefits at 50. The new social security tax after January 1 will be two and one quarter percent each for the employer and employee on the first \$4,200 of annual earnings.

SAVAGE BEATINGS, other brutality and indignities were reported by convicts who smashed their legs with sledge hammers rather than serve in the Georgia Rock Quarry Prison at Reidsville, Ga.

Friday, August 8
GIANT UNITED STATES Steel Corporation signed an unprecedented three-year, no-strike contract with the United Steel Workers today, but two other major producers balked at union terms. The union said negotiations with Youngstown Sheet and Tube and Inland Steel Corp., seventh biggest producer, had bogged down over issues involved in the 34-day strike.

S/SGT. MATTHEW C. MCKEON was found guilty today of simple negligence in the drowning of six Marine recruits in Ribbon Creek, last April 8. Seven officers found he was innocent of oppressing the members of Platoon 71 when he led them into the tidal waters of the creek at Parris Island, N. C.

PRESIDENT EISENHOWER, with the stroke of a pen changed Bedloe Island, site of the Statue of Liberty in New York Harbor, into Liberty Island. The action is another in a long series of attempts to give the island a new name that would stork "Bedloe's" derives from 1670, when it was given to Isaac Bedloe by an English governor.

A DECREE PUBLISHED in the Official Gazette today in Paris, authorizes a boost in gasoline taxes that will force French motorists to pay about 75 cents a gallon for regular and 81 for high test.

Saturday, August 4
A GRIM-FACED military court threw the book at Marine S/Sgt. Matthew C. McKeon today. After four hours of deliberation the court sentenced him to nine months at hard labor, a \$270 fine, reduction to private and a bad conduct discharge.

INDIA STARTED producing atomic energy for the first time today with a reactor in a Bombay suburb. The reactor received enriched uranium fuel elements from the United Kingdom Atomic Energy Authority.

Kids Discover New Use for Power Lawn Mower

Residents of Lewiston road and passing motorists have been getting a kick out of the ingenuity of the Kahn children, of 143 Lewiston, who have found a way to make coasting easy, even on level sidewalks. TOMMY, 13, is the engineer of the three-unit hitch, while JIMMY, 11, and PEGGY, 4, go along for the ride.

School Board Funds Stolen By Burglars

Board of Education Bldg. Entered; First Floor Windows Open
The Board of Education Building at 389 St. Clair avenue was burglarized to the tune of \$496 sometime during the weekend of July 29. Ray MacArthur, a business administrator for the Board of Education, called City police when the robbery was discovered Monday morning, July 30.

Take \$496 in Cash
An envelope containing \$496 in cash was taken from a file cabinet. Seven more dollars which was the office coke fund, was stolen. Another \$50 was lifted from an envelope which contained money belonging to the Teachers Credit Union.

Windows Unlocked
Two fans were located in front of first-floor windows, and these were unlocked. It would have been a simple matter for even a large man to enter the building through either of these.

MacArthur said it appeared that the thief knew where to go for the money because no other desks or cabinets had been tampered with. His desk was the only one which showed evidence of pry marks.

Crime Statistics Proving Woods' Red Police Cars Have Psychological Effect

Those red machines you see patrolling the Woods streets aren't as far-fetched as you might think. For the first year since the city's inception, the Woods has adopted red patrol cars, following the example set by cross-city Dearborn. And for good reason, too!

Red police cars give a favorable psychological impression, said Public Safety Director Vern Bailey. "They're more noticeable and people, by noticing them, become more aware of the stringent traffic supervision out here."

Car in Flames Twice in Hour
A car fire broke out twice within one hour, Wednesday, August 1, in the Park.

The car, belonging to Ion T. Ramsay of 9891 Yorkshire, Detroit, was parked in front of 1414 Bishop when it first started to smoulder around 2 in the afternoon.

The call was answered by a patrolling scout car in the neighborhood. The blaze was extinguished without trouble, but at 3 the fire department got a call. The car was on fire again. This time the utility team put it out... for good.

Ownership was ascertained from Carl Goodsmith of St. Clair Shores, a friend of Connelly's who arrived on the scene shortly after the accident. He made positive identification of the auto, but said that he was not aware of its absence from the dock lot where he works.

Though not in critical condition, Martin suffered severe facial lacerations when he was thrown through the windshield. He also suffered a compound fracture of his left leg plus rib injuries.

Fish Rodeo To be Held August 18

Farms and City to Stage Annual Joint Event at Farms Municipal Pier
Plans for the annual Fishing Rodeo which is to be held on August 18 at the Grosse Pointe-Farms Pier are progressing rapidly under the direction of Cliff Ashton and William Cavanaugh, the two chairmen.

The following committees have been selected: Clyde Putnam and Roland Gray, prizes; Joseph Miller, food and drinks; Metropolitan Club and Grosse Pointe Unit 303, American Legion, serving; bait committee; City of Grosse Pointe Public Safety Chief Tom Trombly; City Clerk Nobb Neff, publicity; miscellaneous, Jess Lowther, Verne Weot and Edward Lauer.

Entry Blanks Available
Entry blanks may be obtained at either of the parks and applications will be accepted up to the morning of the event. However, in the Pre-Rodeo Contest entries must be in before the measurement of any fish caught. The city reports an entry list of 57 and the Farms 60.

The Farms Pier has measured quite a few fish for the Pre-Rodeo which closes on August 16, and three of them stand above the others at this date.

Carl Ayres came in with a 19 1/2 inch pickerel; Walter Collins managed to hook a 21 1/2 inch catfish; and Mike O'Connor struggled in with a 13 1/2 inch silver bass.

Down at the City Pier the boys and girls are having the same typical success with such fish as: Bob Hatch, 16 1/2 inch carp; Dave McQueen with a 16 inch pickerel; and two brothers attempting to outdo each other, Fred Parent with a 19 1/2 northern pike, and Jack Parent with a 17 1/2 inch black bass.

Remember you girls, there are prizes for the feminine sex in the Pre-Rodeo so hurry up and catch those fish.

60 Basements Flood As Season's Worst Storm Hits Pointe

Country Club Woods Subdivision Takes Hardest Rap; Sections Never Bothered Before Suffer As Water Accumulates
The summer's worst floods left some 60 Pointe basements water-logged Saturday evening, August 4. Lines were reported down throughout the community and branches toppled, but no serious damage was reported.

Woods Sub Hit Hardest
Probably worst hit was the Country Club Woods subdivision in the Chalfonte-Seven Mile district. The Milk-River-Renaud-Oxford area also suffered and a few scattered cases were reported in the northern section of the city on Roslyn road.

Twelve scattered cases were reported in the Windmill Pointe area in the Park. Ten calls came into the City, six in the Farms and three in the Shores. All of the Shores basements lay along Lochmoor, the only area that is not completely serviced by the new storm sewer.

Residents Blamed
According to City Engineer Murray Smith of the Farms, their cases were as much the residents' fault as the sewers'. "The people went out and pulled the plugs out of the street-side catch basins," Smith said. He explained that the city blocked the basins in order to keep the water in the streets and out of the sewers. "When you have a heavy storm, the sewers can only accommodate part of the fall. If all of it goes into the sewers, it will always back up into the basements. It has no other place to go. We keep it in the streets to avoid this. It then eventually runs off."

Park Director of Public Safety Vern Hager said that, "There isn't a storm sewer system in the country that could handle a 20 year rain such as we had."

Richard's Quote Cited
According to statistical record, storm intensities are denoted by the frequency, in years, in which they come. Hager pointed to a quote by Leonard Richards, Detroit Public Works Commissioner, to the Common Council after the flash flood in May.

Said Richards, "The cost of a sewer to carry such floods would be prohibitive."

According to Woods City Manager William Lange, even the newly proposed Milk River Sewage and Storm Drain would only have a 10 year rain capacity.

Relatively few tree and branch damage was reported. One area in the park was without power for almost three hours, but outside of this, all was calm and quiet and wet.

Splash Party Set for Sunday

The eighth-annual splash party which was scheduled for Sunday, August 5, at the Shores municipal pier, and postponed because of rain, will be held on Sunday, August 12.

All-Pointe Net Tournery To Get Started Aug. 24

Preparations for the First Annual All Grosse Pointe Tennis Tournament are rolling along at full speed. An organizational meeting last Friday, August 3, in the home of co-chairman Gordon Wood, saw competent committee members appointed to the jobs necessary for carrying out such a tournament.

School Board Leasing City Added Land

Reciprocal Deal Allows Continued Training of Student Drivers at Pier Park
A solution to the Farms' needs for additional parking space in the Kercheval-on-the-Hill business district was reached Monday night when the Grosse Pointe Board of Education passed a resolution authorizing the signing of a lease which will give the city another portion of the Richard School's eastern playground area.

Both the Farms officials and the Board of Education members had previously agreed upon the terms of the lease. The signing by both parties will close the deal.

Runs Five Years
Under the terms of the lease, which is non-cancellable and will run for five years, the School Board is given permission to continue to use the parking space at the Farms pier park for driver training instruction of high school pupils.

This complies with a law passed by the State Legislature last year making it mandatory for the schools to provide such driver training. The parking area at the pier will be available to the schools during the normal school year. It will not interfere with the use of the recreation site by the residents.

Reciprocal Deal
In return for this privilege the lease gives the Farms the right to improve a strip of land on the Richard playground area, between 60 and 70 feet wide, adjoining the rear lot line of Muir road. The strip runs from the Farms' present parking area through to Ridge road.

The Farms can create an entrance from Ridge road to the parking area and can improve the site in any way it sees fit. Meters may be installed if the city decides to. The city must move the present fence back to enclose the playground area and segregate that portion which will be converted to parking space.

Approval of the lease brings to a conclusion years of negotiating between the Farms and the educators in the attempt to solve the parking problem.

The Board of Education offered the additional land several years ago, provided the Farms would close off McMullan road from Ridge road to just north of the St. James Lutheran Church. The educators wanted to combine the two playground areas which are now separated by the street.

Request Turned Down
The Farms had traffic surveys made and turned down this request, believing such a move would throw too heavy traffic on adjoining streets.

Several years ago the Board of Education sold the Farms an additional strip from the playground area, running east and west along the back line, which allowed installation of another lane of parking spaces.

The added space provided through the new lease will allow the Farms to set up two more lanes for parking, all the way back to Ridge road. It is expected this will take care of all foreseeable needs for parking in this busy district.

Pool Bids Given To School Board

The Grosse Pointe Board of Education received bids on construction of the swimming pool authorized by the voters to be built at Pierce School, at a meeting held Monday night.

No action was taken and the amounts of the various bids were not disclosed. Bids on the second pool approved at the special election last winter, to be built at the Parcells Junior High School, are due to be received on September 5. New bids on the junior high school to be constructed on the Chalfonte site have been requested for submission on August 29.

Obituaries

CYRIL THEODORE Cyril Theodore, 58, of 1336 Three Mile drive, died suddenly in Jennings Hospital August 2. Mr. Theodore, for 35 years a Detroit and Pointe businessman, was part owner with his brother in the Radio Cab Company. He came to Detroit from Yugoslavia 35 years ago and went into the cab business. Mr. Theodore is survived by his wife, Mary; brother, Peter; and sister, Mrs. Vaska Zoskoski. Funeral services were held from the Verheyden Funeral Home Monday, August 6, with burial at Evergreen Cemetery.

MRS. EMMA W. BISHOP Mrs. Emma W. Bishop, wife of the late William C. and for 54 years a resident of the Pointe, died Monday, August 6, at Bon Secours hospital. Mrs. Bishop had been ailing for almost a year. Mrs. Bishop, who was born in Mt. Clemens, came to the Pointe with her parents in 1902. She is survived by Miss Hen-

riette Westendorf and Mrs. Ida Radtke. Funeral services will be held today at 1 from the Verheyden Funeral Home with burial in Woodmere Cemetery.

MRS. EUGENE DE CLAIRE Mrs. Eugene DeClaire, 69, of 1149 Maryland, died suddenly at Bon Secours Hospital Sunday, August 5. Mrs. DeClaire, a long time resident of the Pointe, is survived by her daughters, Mrs. Robert A. Benke of Montana and Mrs. George B. Wallace of Detroit; a sister, Mrs. Ida LeDuc; and brothers Henry and Charles Ames. Funeral services will be held today from the Charles Verheyden Funeral Home with burial at Woodmere Cemetery.

PAUL DE WITT Paul De Witt, 68, of 111 Grosse Pointe boulevard, died August 5, in Bon Secours Hospital. Mr. De Witt was an architect and designer for the Paul and William De Witt Building Company for 35 years. He was born in Belgium and graduated from Belgium's University of Ghent in civil engineering. He was a member of the Builders' Association of Detroit. Mr. De Witt is survived by his wife, Helene; one son, William; and a daughter Betty. His funeral was at Verheyden's at 9:30 a.m., Wednesday. Burial in Holy Sepulchre Cemetery.

Headlines of the Week

(Continued from Page 1)

away Juan Fernandez, failed in his attempt to seek fortune in America when police found his hiding place in the hold of a Swedish freighter. He didn't realize the freighter was being used for a shuttle between Sicily and Spain.

Sunday, August 5 BRITAIN'S "Red Devils" paratroopers sailed for the Mediterranean, and Egypt called up some of its army-reservists to tonight in the Suez war of nerves. Meanwhile, Arab neighbors, including Britain's friend Iraq, lined up behind President Gamal Abdel Nasser in defending Egypt's right to seize the Suez Canal.

"SOLD" cried the auctioneer, and brought down his gavel at an auction in Melle, France. A loud crack followed. The floor gave way. Sixty bidders and the auctioneer fell to the basement with the furniture on sale.

DEMOCRATIC Senator Mike Mansfield, of Montana, called today for an end to what he described as degrading and morbid inquiries into President Eisenhower's physical condition.

THE BABY moon satellite may soar as high as 1,500 miles above the earth, almost twice as high as originally thought possible, and travel around the earth at about 19,000 miles an hour instead of the previously estimated 18,000.

MONDAY, AUGUST 6 THE STEEL INDUSTRY roared back toward full-production today under a three-year, no-strike contract. The last to sign was Armco Steel Corporation. Three other big firms signed the pact earlier in New York yesterday.

MICHIGAN'S DULL PRIMARY election campaign ended today for more than 1,100 candidates for state, congressional and local offices. The total number of voters may not exceed one million of the 3,128,000 citizens eligible to cast ballots.

PRESIDENT NASSER'S own newspaper strongly suggested today the Soviet Union might come rushing to Egypt's aid in the event of an armed conflict over the Suez Canal.

EIGHT MEN CHARGED with the biggest cash robbery in the nation's history, the \$1,219,000 Brink's holdup, went on trial today. Opening day courtroom action centered on defense efforts to quash most of the 169 indictments.

Tuesday, August 7 BRITAIN SENT more reinforcements to the Mediterranean Monday to show her muscle in the smoldering Suez Canal crisis. The 22,000-ton aircraft carrier Bulwark, with full war-time equipment, steamed out of Portsmouth for a secret destination in the Mediterranean.

RED CHINA RADIO said today that 1,980 people were killed and 1,200 injured in last week's typhoon. It said all casualties so far listed occurred in Chekiang province alone. The report also said 38,000 homes were destroyed.

STEEL PRICES were pushed upward an average of \$8.50 a ton Monday by United States Steel Corporation, the nation's largest producer. Other companies were expected to act quickly to revise prices in the wake of the 34-day steel strike.

THE FBI SOLVED THE MYSTERY of the missing fugitive, Eugene E. Golding of Wallingford, Connecticut, who walked out of court while awaiting trial for theft of a motor vehicle, later was found serving a term in state prison. He was sent up for stealing an automobile.

Drinking Driver Crashes Into Car at Traffic Light

On Thursday afternoon, August 2, a resident of the City reported to the police station that a black 1949 Chrysler was being driven in a reckless manner by what appeared to be a drunk driver.

Immediately, a broadcast was made to all police cars in the Pointe area to pick up the suspicious car. Almost simultaneously with the alarm, the same car was involved in an accident at the Kercheval avenue-Muir road traffic light.

Dorothy Belle Surbrook of Detroit was driving her 1953 Ford west on Kercheval when she stopped for the signal. She saw the black car approaching at a high rate of speed through her rear view mirror. Before she could get her car moving the Chrysler plowed into the rear of her Ford.

Police arrested John Charles Lynch of a Detroit address. A \$100 bond was immediately placed on him when it was discovered he was driving while under the influence of alcohol. Police also found the brakes on Lynch's Chrysler were defective.

The car was impounded with instructions "not to be released until brakes are repaired." A small dog that was in the back seat of the Lynch car was also impounded. Court date was set for September 5.

Most of the troubles people have are over things they can't have.

Plenty of Zip at a pip of a price

(It's a great time to buy a Buick!) SERIOUSLY—where else can you get so much snap and ginger at such a peach of a price? Where else can you get a big, high-powered, steady-riding hardtop like this '56 Buick Riviera—a figure that's pretty close to what they're asking for similar models of the well-known smaller cars? Nowhere else that we know of—which is one big reason why Buick outsells all others cars in America except two of those smaller cars. BUT RIGHT ALONG with low price is something else behind Buick's big success: Buick is a lot more automobile for the money. It gives you more room and luxury—more zip and power thrill—fine handling and sure-footed stability. And it gives you something you can get in no other car—today's advanced new Variable Pitch Dynaflow.* It's the only transmission in the world with the cruising thrift and the switch-pitch safety-surge taken from the modern plane's propeller. So WHY WAIT any longer—when the time to take action is now, so you can start enjoying all the golden months of summer and fall in a new '56 Buick? Now—when Buick prices are as low as—perhaps lower than—they'll ever be again. Now—when your present car is at its peak of worth—and when today's high volume '56 Buick sales permit us to make you an even better trade-in allowance. Come see us—and look into the car that puts you years ahead right now. Come see us today—and discover the dilly of a deal that will make you wonder why on earth you waited as long as you did. *New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

Best Buick Yet. AIRCONDITIONING. It's a COOL NEW LOW PRICE. It cools, filters, dehumidifies. Get 4-Season Comfort in your new Buick with genuine FRIGIDAIRE CONDITIONING. TURNER BUICK, Inc. 15103 Kercheval Ave., Grosse Pointe

Faces Charges Of Molesting

The Park police picked up a 58-year-old Detroit man on suspicion of sex offenses Friday, August 2.

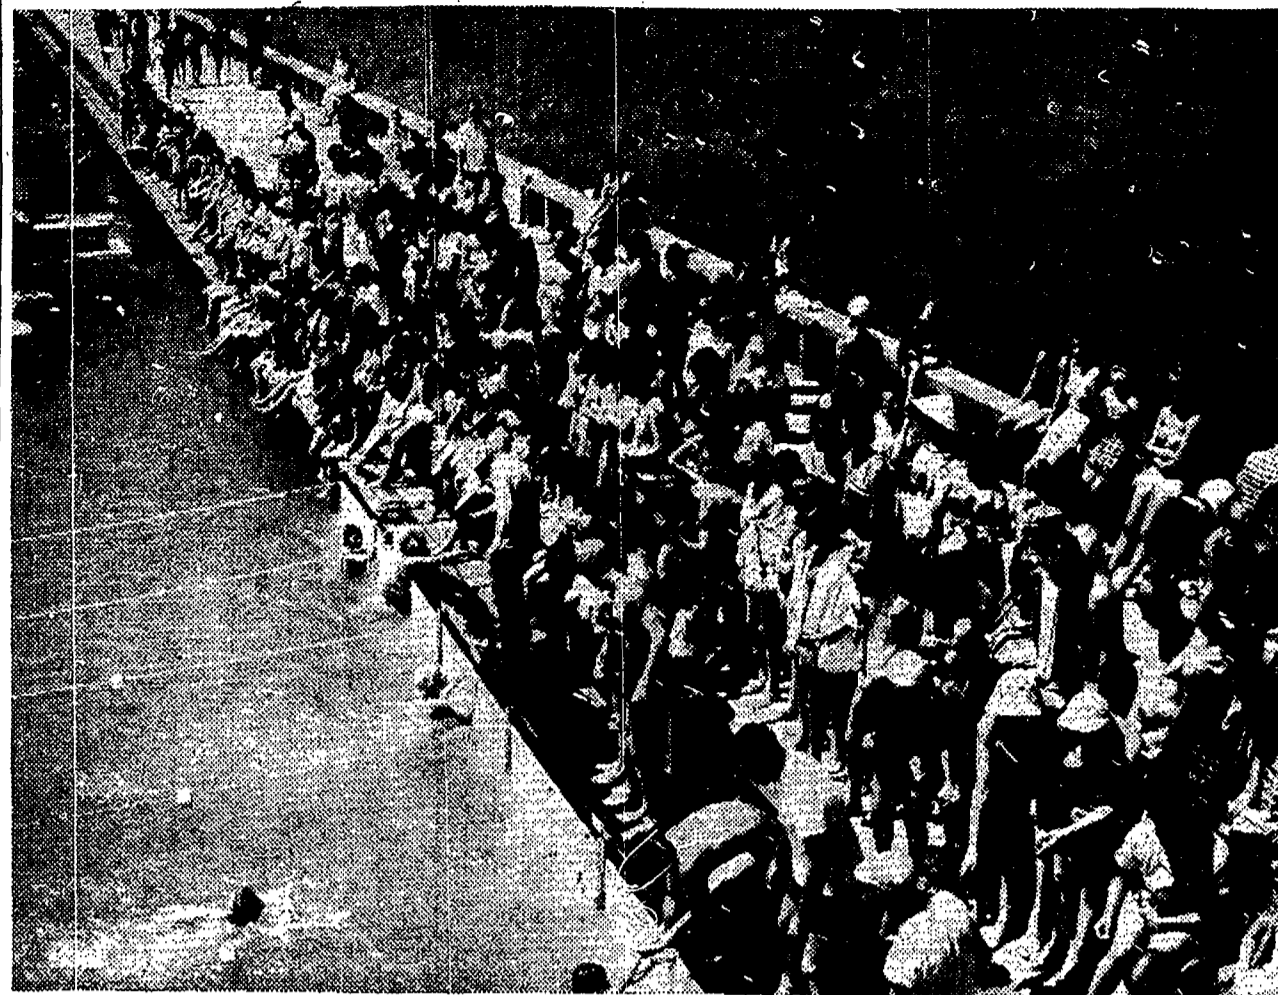

Wednesday, August 1, the police received a complaint from a pair of Windmill Pointe residents that a man, who was soliciting for odd jobs from door to door, had taken indecent liberties with their daughters. The description supplied by the victims led to Friday's arrest.

who gave his address as the Randolph Hotel in Detroit. Hommel had in his possession at the time of arrest a pair of blunt-edged pruning shears. He told police he used them in his work.

At first Hommel denied any knowledge of the offenses, but under intensive questioning admitted some connection. He would not admit to touching or molesting the girls in any way. Hommel was bound over to Wayne county for keeping.

Picked up was Amel Hommel,

Farms Swim Meet Draws Big Crowd to Pier

It's hard to tell the contestants from the spectators, but they combined to jam the dock at the Farms municipal pier during the swimming meet held there recently.

—Picture by John Cudde, Jr.

Neophyte Parker Backs into Crash

A bad job of parking led to a two car collision Friday, August 6 in the Park.

Andrew G. Swords, of 1255 Maryland was pulling his 1956 Cadillac into his driveway when a car driven by Bernice Kurzawski of 13503 Justine, Detroit backed into him.

Kurzawski told Park police that she was learning to park at the time of the mishap.

Have you lost your social security card? If you have apply for a duplicate at your nearest social security office. It's important that you have an account number card so that you can show it to any new employer you may have in the future. Your name and social security number identify your social security account and if your employer reports your wages under a different name or number it may result in a loss of benefits to you or your survivors at a later date.

Are YOU the man we have in mind?

Both the successful man and the man who is striving for success want clothes that are not conspicuously different from those of their associates. But they do want the distinction that comes from fabric quality and fine tailoring.

And above all, they want the assurance and ease of mind that accompanies the knowledge that their clothes fit them perfectly.

It is men like these that our buyers have in mind when they make their clothing and furnishings selections in advance of each season . . . and our customers know by experience that these clothes will be fitted with painstaking care by experts.

You'll find quality fabrics and fine tailoring expressed in good taste in the Spring clothes that are already brightening our stores. And you'll discover that our exceptional apparel is most moderately priced.

Pointe's Olympic Prospect Also Becomes Cover Girl

One of the Pointe's favorite "adopted" daughters, pert and graceful Jeanne Stunyo, last week took her place with the nation's cover girls.

"Sports Illustrated," running a preview of the U. S. Olympic Swim Trials, chose pretty, green eyed Miss Stunyo for the featured spot.

Twenty years old, a graduate of Grosse Pointe High School and now a University of Detroit co-ed, Miss Stunyo is a contender for the Woman's U. S. Olympic diving team.

Besides the color, full face cover picture, the magazine also carried a full page color shot of Jeanne executing a half-gainer from the 10 meter board accompanied with a quarter page, biographical, caption sketch.

SI, which called Miss Stunyo "one of the top seven American women divers," said, "Repeatedly runner-up to champion Pat McCormick (double winner in the 1952 Olympics), Jeanne never gives up and for the past two months has been practicing seven days a week, five hours a day at the rate of 20 dives an hour."

Hard work is nothing new for Jeanne, though. An avid diver since the tender age of 11, when, according to the magazine, she "was flipping one-and-a-halfs from a ten foot tower," Jeanne came to Detroit and the Pointe to live in order to begin her formal training under the Detroit Athletic Club's Clarence Pinkston, himself an Olympic winner and this year the Olympic Woman's diving coach.

Three years of hard work paid off when in 1954 she was appointed to the American Wo-

man's team for the Pan American Games. A fine showing gave her her first national ranking. Since, between studies and exams at the U. of D. she has piled up an enviable record in national competition.

Miss Stunyo, a native of Gary, Indiana, where her father manages an ice plant, came to Grosse Pointe in 1951 at the age of 15 and has been a part time resident ever since, boarding at homes of friends and relatives.

"Today, Jeanne is a pert, poised young lady with green eyes and short blond hair who worries, like most youngsters,

about "that extra 10 pounds," said SI.

About her Olympic chances, they went on to say, "Usually a bappy-go-lucky imp," Jeanne admits understandable edginess. "It's a matter of four years before you get another chance. This is it—it's sink or swim."

From the nature of the article and the space devoted to her, the magazine's editors seem to be not so edgy as Jeanne.

Has the Miss before your name changed to Mrs.? Then now is the time to get the name on your social security account number card changed. Call at your social security office for assistance in completing a "Request for Change in Records" form.

The Purpose of a Travel Service . . .

There is a common belief that if you have a travel agent make your travel arrangements, it will cost you more than if you went directly to the airline, steamship or hotel. This is not true. You pay exactly the same regardless of where you make your arrangements. A travel service secures commissions from the companies it represents. Save time; a single phone call to us takes care of everything, even though your plans may involve hotels and many means of transportation.

Below are listed our many services.

Appoint Police Officer in Park

The Park police announced last week the appointment of a new officer to their squad. He will replace Patrolman Robert Edmunds, a veteran of one year, who resigned to continue his studies at the Detroit Business Institute.

Appointed was James LaPratt, 25, a graduate of Southeastern

High School and a veteran of four years in the Navy. LaPratt, who is married and the father of two children, was sworn in Tuesday, August 7.

Red Cross provided emergency mass care to an average of one disaster victim every six minutes during the past year.

BITES HAND THAT FEEDS IT

Mrs. E. W. Ross of 280 Touraine, reported to Farms police on August 1, that her own English springer spaniel bit her on the back of her left hand. She was playing with the dog inside her home when the animal nipped her. Mrs. Ross was treated at Bon Secours Hospital. The Board of Health was notified.

HOW TO PROFIT THROUGH TAX EXEMPTION

With today's high tax levels, investors in medium and high tax brackets are turning to tax-free Municipal Bonds for income that they can keep.

If you have a taxable income of \$10,000 or more, you may be well repaid by investigating the advantages of tax-exempt State and Municipal Bonds. For instance, if you file a single return on a taxable income of \$14,000, you would have to receive a dividend return of 7.45% on a taxable security in order to equal the yield from a 3.50% tax-free Bond. It's something to think about!

Our New Booklet, "How To Profit Through Tax-Exemption" explains in plain language your need for tax exemption, tells how much these high-grade investments can be worth to you. There's no obligation. Send for copy today, or phone

John Pink Wins GM Scholarship

Twenty American boys have combined hard work and superior talent into a golden harvest of University Scholarships valued at \$43,000.

Nine of the boys have been named national winners in the 1956 Fisher Body Craftsman's Guild model car competition and share \$32,000 in scholarships ranging in value from \$5,000 to \$2,000.

Eleven more of them won \$1,000 scholarships on the basis of exceptional designing ability. Two extra awards are included because of Guild regulations providing for duplicate honors when anyone connected with General Motors wins an award. Normally, 18 scholarship awards are made.

The 1956 national winners included John J. Pink, 19, Grosse Pointe, \$3,000.

These 20 boys now join 140 previous national winners of the competition in the Body by Fisher Hall of Fame. Altogether the 160 master craftsmen have received university scholarships valued at \$484,500.

Since the competition began in 1930, Fisher Body has distributed more than a million dollars in national, regional and state awards to youthful craftsmen.

Pfc Jerrold Delaney Returning from Alaska

FORT RICHARDSON, Alaska — PFC Jerrold J. Delaney, whose wife, Marjorie, lives at 770 Pemberton road, Grosse Pointe, Mich., is scheduled to leave Alaska for the Continental U.S. this month as part of Operation Gyroscope, the Army's unit rotation plan. Delaney is a member of the 71st Infantry Division, which is changing stations with the 2nd Infantry Division at Fort Lewis Wash.

A clerk with Battery C of the division's 607th Armored Field Artillery Battalion, Delaney entered the Army in January, 1955 and arrived in Alaska the following June.

Delaney is the son of Mr. and Mrs. William J. Delaney, 507 W. Ten Mile road, Pleasant Ridge.

Guards' Swim Meet Postponed

The Grosse Pointe Inter-Community Guards Swimming Meet was postponed one week due to inclement weather. The meet has been scheduled for Saturday morning, August 11, at the City Park.

All residents of the Grosse Pointes are invited. All that will be required for admission will be permits to the respective packs.

Little League Champs of Farm Loop

First row (left to right): BILL FLECK, DAVE BEAUPRE, DON DEL PLACE, BILLY SWAN, bat boy, CHRIS LEE and PAT GRIFFIN. Second row: JIM DINGEMAN, BOB CHOPE, MATT HOFFMAN, DAVE JENNINGS, GEORGE EARL, STEVE CHRISTIAN and JOHN GRIFFIN. Third row: DWIGHT STANLEY, COACH HOWARD LEE, MANAGER HANK REYNOLDS, COACH BILL SWAN and BOB MANIERE.

Pointe Enjoys Healthy July

Health Department Director for the five Grosse Pointes and Harper Woods, Dr. Thomas Davies, reports sickness was at a bare minimum during the month of July.

In the area, which is the home of 60,000 persons, no new cases of polio were reported. Dr. Davies attributes the absence of the disease to the fact that most of the children had received Salk vaccine shots.

In July, there was one case of scarlet fever reported and two children contacted rheumatic fever.

There were 41 dog bites reported to the Board of Health in July.

VFW TO CONVENE
Some 1,000 Michigan delegates and representatives will join with an estimated 30,000 other Veterans of Foreign Wars officials for the 57th annual national V.F.W. convention which begins in Dallas, Texas, August 12.

It's much easier to learn to talk than it is to acquire the ability of saying something.

Many a man failed because he used blank cartridges to fire at the target of success.

Discontented Caddies Call Off Strike at Lochmoor

A group of discontented caddies at the Lochmoor Golf Club threatened, last Thursday, August 2, to form picket lines in protest to what they call one of the lowest caddie rates for a private club.

Walter C. Kozak, business manager of Building Service Union Local 79, said 75 of the club's normal complement of 150 caddies had signed union cards.

He told club officials that caddies would form picket lines on Friday, if the club would not come to the bargaining table. He added, "Grounds and greens keepers may walk out, too."

The threatened strike did not come off and golf was played as usual on Friday.

The caddies earn from \$1.25 to \$4 a round, depending on the number of holes played and the number of bags they carry.

Kozak claimed wages at Lochmoor were lower than those paid at other clubs. He said there was friction among the caddies because younger boys were carrying at cut-rates.

deGrimme Salon Having Birthday

Many of their friends have been stopping at the de Grimme Galleries in the Punch and Judy block, to congratulate Joseph and Hildegard de Grimme on their 15th year in the Pointe.

In the past decade-and-a-half the gallery has gained the confidence and appreciation of the Pointe community. It is recognized as one of the finest art galleries in the nation and probably the outstanding salon in the Midwest.

Mrs. de Grimme is known as an expert restorer of paintings and has done many restorations for important galleries and museums throughout the country.

In the past years the de Grimmes have received over 100 paintings from prospective buyers in the East who wish to have their pictures appraised.

Women Drivers Figure in Crash

A two-car crack-up at the corner of Vernor and Cadioux ended in a dispute and court date for two women drivers Wednesday, August 1.

Victims of the accident that led to the dispute, or the dispute that led to the accident, were Mary H. McKinley of 41 Colonial road, and Patricia Kusch of 3450 Courville, Detroit. Both drivers claimed they had the green light in their direction.

Coal production in "captive" mines of U. S. Steel Corp. totaled 25,159,319 tons in 1955, making it the largest private coal producer in the nation.

Elaine Zimmerman To Wed on Sept. 15

Will Become Bride of Rankin Philip Peck, Jr. at Ceremony in St. Paul's Church; Reception at Country Club

Seven attendants will precede Elaine Zimmerman to the altar of St. Paul's Church on the lakeshore, when she becomes Mrs. Rankin Philip Peck, Jr., on September 15. A Country Club reception will follow the noon nuptial mass.

Mrs. Andrew G. Bato will come from her home in Forest Hills, N. Y., to be matron of honor in her sister's wedding party. Another sister, Georgia Zimmerman, will be maid of honor. They are the daughters of Mr. and Mrs. George Herbert Zimmerman of Kenwood road.

Kay Burke, of Washington; Mrs. John Petrie, of Lakewood,

Parties Planned To Honor Pair

John R. Sutton III returned to Madison, Wis., on Wednesday after spending a leave with his parents, Mr. and Mrs. John R. Sutton, Jr., of Matmae avenue.

Now that he has finished his Army stint, Bob will terminate his service relations as soon as possible and return home in time to take part in some of the activities preceding his September 8 marriage to Betsy Ann Stevens.

Mr. and Mrs. Henry C. Bogle have chosen September 4 for the cocktail "do" at which they will feté Betsy and Bob in their Lakeland avenue home.

Jane Ottaway and Ann Meader will give the spinster dinner for Betsy on September 5 in the Lincoln road home of Ann's parents, Mr. and Mrs. F. Rankin Weisgerber.

Grosse Pointe Hunt Club will be the scene of a September 6 cocktail party with Mr. and Mrs. John T. Allmand as hosts, and Mr. and Mrs. Sutton have reserved Grosse Pointe Yacht Club for the rehearsal dinner.

On the wedding day, the bride-elect's aunt and uncle, Mr. and Mrs. James H. Sheppard, of Grand Rapids, will entertain the bridal party and out-of-town guests at a Country Club luncheon.

O. Mary Doelle, Ann LaFerte and Mrs. James McIntosh are to be bridesmaids.

John Noble Brown will act as best man for the bridegroom, son of Mrs. Rankin Philip Peck of Lake Shore road, and the late Mr. Peck.

Eliot Studer Peck and Francis Drake Peck will be ushers at their brother's wedding. Other groomsmen will include Eugene Wambold, Stevenson Edwards, John Daniel Hitchens, Gari Stroth and George Palms.

Mrs. Raymond H. Berry, Mrs. Kenneth W. Cunningham and Mrs. Reginald Fyfe Given were joint hostesses at a kitchen shower at the Country Club for the bride-elect. An August 18 date has been reserved by the George Haggarty and John Petries for a cocktail pour in the Haggarty home in Renaud road.

On September 7, Mary Doelle and her mother, Mrs. Buell Doelle, will give the spinster dinner in their Whittier road home. Dr. Charles Merkel and John Brown have planned the bachelor dinner for the same evening at the University Club.

Mrs. Peck will entertain on September 14 at the rehearsal dinner in her home on Lake Shore road.

Jacqueline May Beatty Weds Thomas Burnette

Mr. and Mrs. Perce C. Beatty of Lennon avenue announce the July 31 marriage of their daughter, Jacqueline May, to Thomas H. Burnette, son of Mr. and Mrs. James E. Burnette of Detroit.

Following a honeymoon in Florida the couple will live in Detroit.

A self-made man always has unending praise for his maker.

Pre-Nuptial Parties Given

Additional parties which have been given and are being planned for Suzanne Elizabeth Hurley and Edward George Kane whose marriage will be solemnized on August 18:

Mr. and Mrs. George B. Smith gave a barbecue and swimming party on July 29 for the wedding group at the home of her father, Theodore Dunn, Edison Beach, Port Huron.

Mrs. Helen Peetz and her daughter Gloria entertained at a luncheon at the Grosse Pointe Yacht Club on August 4.

Miss Carol Jatkoe, one of the bridesmaids, is giving a cocktail party on August 10 at her home in Lochmoor boulevard.

Mr. and Mrs. Wm. L. Hurley and Mr. and Mrs. Robert F. Hurley are entertaining for their sister, Suzanne, at a "brunch" on Sunday, August 12.

Diane Bachle, another of the bridesmaids, is giving a spinster dinner August 15 in her home in LaSalle place.

Mrs. Michael W. Hackett of Montreal, Suzanne's aunt, is entertaining the wedding party at supper on August 16 at the home of her brother and sister-in-law Mr. and Mrs. William B. Hurley of Rivard boulevard.

Dinner Thanks AAA Soldiers

Mr. and Mrs. George Van Lokeren of Grand Marais boulevard were hosts to the men in the AAA Battery located at the foot of Three Mile drive, on Wednesday, for a southern fried chicken and strawberry shortcake dinner.

Mrs. Van Lokeren had asked the men in the camp to help remove early installations on the camp site which were blocking the family view to the lake. They responded and in short order the obstacles were removed.

In return Mrs. Van Lokeren promised the boys a dinner. Some 100 men were invited. Assisting Mrs. Van Lokeren in the serving were a group of her daughter Vicki's friends.

Castle Park Popular With Pointe Residents

Mr. and Mrs. John Denier have returned to Pine court after a vacation at Castle Park, but the Pointe is still well-represented at that resort.

The Harold O. Loves of Lochmoor boulevard have also been staying at Castle Rock. Mr. and Mrs. James W. Lee II of Chalfonte avenue set out for there on Wednesday.

The Sigurd R. Wendins are Castle Park residents for the month with Sigurd Jr., and Richard, as is Mrs. John Veck.

Geraldine Mankowski To Wed James Wallace

Mr. and Mrs. Leo Mankowski of Dearborn, have announced the engagement of their daughter, Geraldine Joan, to James Jude Wallace.

The prospective bridegroom, who attended Notre Dame university, is the son of Mr. and Mrs. L. J. Wallace of Harbor Hill road.

West Virginia, long recognized as the nation's number one producer of bituminous coal, also grew \$5 million worth of alfalfa in 1955 under a state program of experimentation.

Mrs. Edward J. Wolff

The former MARY LYNN THILL, daughter of Mr. and Mrs. Orville J. Thill of Whittier road, was married on Thursday, August 9 in St. Clare de Montefalco Church to the son of Mr. and Mrs. JOSEPH P. WOLFF of East Outer drive. After a breakfast reception at the Detroit Yacht Club, the pair left on a honeymoon to the Laurentians.

Big Convention Keeps Her Busy

Mrs. Louis J. Colombo, of Kensington Road, regent of Assumption circle, Daughters of Isabella, is serving in several capacities during the national convention of the fraternal benefit society of Catholic women at the Hotel Statler, August 14-17.

As a page, she will help facilitate communications during the four-day meeting that will bring 1,500 delegates from 30 states, Canada and the Philippines.

Convention mass in Blessed Sacrament Cathedral at 9:30 a.m., August 14, will be celebrated by Rev. Edward J. Shea, national chaplain, of Waterbury, Conn. Bishop Russell J. McVinney, Providence, R. I., will preach the sermon.

That evening, at a reception for national officers in the Statler ballroom, Mrs. Colombo will have the stellar role in a surprise finale being planned by the Michigan state circle for the colorful parade of states.

In addition, Mrs. Colombo will serve on the souvenir committee for the annual banquet Wednesday, August 15, when Bishop Thos. L. Noa of Marquette will be the guest speaker.

Election of national officers will take place Thursday morning.

Founded in 1897 under the patronage of Queen Isabella of Castile, who encouraged and financed Columbus' expedition, the Daughters of Isabella have contributed over \$6,000,000 to charitable and educational purposes since 1917.

Jane Joachin To Wed Aug. 18

Miss Jane Hammond Joachin, who will become the bride of Richard Henry Schacht on August 18, has asked her sister-in-law, Mrs. Walter O. Joachin, Jr., of Cincinnati, Ohio, to be her matron of honor.

Other attendants of the bride, whose parents are Mr. and Mrs. Walter Otto Joachin, will be Mrs. James C. Minge, sister of the bridegroom, from Wichita, Kansas; Miss Julia Ann Sullivan of Warren, Ohio; Miss Janet Ewart and Miss Emily Harding of Grosse Pointe. Jane and Karen Schacht, nieces of the bridegroom, will be flower girls.

Mr. Schacht has asked his brother, Carl H. Schacht of Kewanee, Illinois, to be his best man. His ushers will be Walter O. Joachin, Jr., of Cincinnati, Ohio; William Meyer of Davenport, Iowa; William McNamara of Rockford, Illinois; John D. Boyles of Grand Rapids, Michigan; and Dale R. Ewart of Grosse Pointe.

The bride-elect has already been feted with two parties. On Tuesday Mrs. Milton A. Cass gave a luncheon and round-the-clock shower at her Marlborough road home. Mrs. Roland P. Ewart and daughter, Janet, gave a miscellaneous shower honoring the bride in their home in Hampton road.

On August 14, Miss Julia Sullivan and Miss Emily Harding will give a combination linen and personal shower, for the bride in the latter's home in University place.

The rehearsal dinner on Friday evening will be given by the bridegroom's parents, Mr. and Mrs. Carl G. Schacht of Rockford, Illinois, at the Grosse Pointe Yacht Club.

On the day of the wedding, August 18, Mr. and Mrs. Frank G. Welton, Jr., will honor the couple with a luncheon for the bridal party and the out-of-town guests in the Hawthorne road home.

At a recent school for training Scout executives for the Boy Scouts of America, men taking the course included leaders from Finland, Brazil, Norway, Burma, and the Philippine islands.

Mary Roehl Bride Of Thomas Wilson

Ceremony Held Saturday Evening in Memorial Church; Couple to Live in Evanston After Northern Honeymoon

Grosse Pointe Memorial Church was the scene of the 7:30 o'clock ceremony Saturday evening, August 4, at which Mary Roehl and Thomas C. Wilson repeated their nuptial vows before the Rev. Paul Ketchum.

The bride is the daughter of Mrs. Kent Eckliff of Mendota avenue and the late Frank Roehl. Mr. and Mrs. Frank C. Willson of Maison road are the bridegroom's parents.

Mr. Schacht has asked his brother, Carl H. Schacht of Kewanee, Illinois, to be his best man. His ushers will be Walter O. Joachin, Jr., of Cincinnati, Ohio; William Meyer of Davenport, Iowa; William McNamara of Rockford, Illinois; John D. Boyles of Grand Rapids, Michigan; and Dale R. Ewart of Grosse Pointe.

The bride-elect has already been feted with two parties. On Tuesday Mrs. Milton A. Cass gave a luncheon and round-the-clock shower at her Marlborough road home. Mrs. Roland P. Ewart and daughter, Janet, gave a miscellaneous shower honoring the bride in their home in Hampton road.

On August 14, Miss Julia Sullivan and Miss Emily Harding will give a combination linen and personal shower, for the bride in the latter's home in University place.

The rehearsal dinner on Friday evening will be given by the bridegroom's parents, Mr. and Mrs. Carl G. Schacht of Rockford, Illinois, at the Grosse Pointe Yacht Club.

On the day of the wedding, August 18, Mr. and Mrs. Frank G. Welton, Jr., will honor the couple with a luncheon for the bridal party and the out-of-town guests in the Hawthorne road home.

At a recent school for training Scout executives for the Boy Scouts of America, men taking the course included leaders from Finland, Brazil, Norway, Burma, and the Philippine islands.

and carried cascade arrangements of bridal pink roses.

William Tress Hodgkins II of Lake Forest, Ill., was best man. Robert Taylor and Thomas Carnes, both of Ann Arbor, and Richard Williams of Lexington, Ky., ushered.

Honorary members of the wedding party were Fred and Ed Eckliff, twin brothers of the bride.

Mrs. Eckliff wore a beige Alencon lace dress over silk organza, matching sequined hat and corsage of talisman roses. The bridegroom's mother was in a rose peau de soie ensemble, matching accessories and she had a corsage of roses.

Out-of-town guests attending the wedding included Mrs. Spencer Wahl, of Cleveland; Mr. and Mrs. Theodore House, of Quincy, Ill.; Sidney Gorham III, of Winnetka, Ill.; Mrs. Helen Carlson, of Evanston, Ill.; William Klenk, James Sweeney and Miss Christine Jones, all of Chicago.

Stammans Wed For 50 Years

Mr. and Mrs. William G. Stammann, of Barrington road, celebrated their fiftieth wedding anniversary on Wednesday, August 8. They have lived in the Pointe for many years.

Three years ago Mr. Stammann was retired from public service after 28 years in the Park Municipal Building in various capacities, including the Clerk.

AMVETS Plan Picnic Aug. 26

Commander Carroll F. Henn, 1786 Oxford road, of the Richard S. Hayes, AMVETS, Post No. 57 announced that the annual Picnic of the post would be held on Sunday, August 26, at the Transylvania Park, Dequinder and 10 1/2 Mile road, starting at 12 noon.

This affair will provide entertainment and fun for the whole family and the public is invited to attend. The program will include a Harper Woods Midget League official baseball game.

There will also be races and games for children from 1 to 60 years; dancing to the entertaining music of Julius Jodts and his orchestra and the appearance of many local and state officials.

Commander Henn stated that "This is our big fund-raising project which provides the money with which we sponsor the Midget League and all of our other community projects. We cordially invite the public to help us carry on our many programs by attending this picnic." The admission to the affair is 50c with children under 12 admitted free.

Chairman of the picnic committee is Louis J. Vandierdonck, 19428 Washtenaw, Harper Woods with Vincent Coscia, 4175 Lakeview, Detroit, as assistant chairman.

Michigan AMVETS National Committeeman J. Carroll Kay, 1015 Wayburn, will be in charge of the childrens race and games.

Bride-elect

Mr. and Mrs. Frank M. Bauer of Lakepointe avenue have announced the engagement of their daughter, FRANKIE JEAN, to Clair E. Bishop, of South Bend, Ind., formerly of Grosse Pointe.

The bride-elect graduated from the Grosse Pointe Convent of the Sacred Heart, and Sullins College, Bristol, Va.

Mr. Bishop is the son of Mrs. Eugene Bishop, of Sioux City, Ia., and the late Mr. Bishop. He is a University of Nebraska graduate.

A spring wedding is planned.

William Ray DeGraw To Wed Judith Denzel

A November wedding is in the offing for Judith Joy Denzel and William Ray DeGraw, whose troth has been revealed by the bride-elect's parents, Mr and Mrs. Joseph J. Denzel, of Buffalo, N.Y.

Miss Denzel is a graduate of Mt. Mercy Academy in Hollywood.

Her fiance, son of Mr. and Mrs. Ray DeGraw, of Sarasota, Fla., and formerly of Grosse Pointe Woods, is a graduate of Western Michigan College.

Boat Club Plans Garden Party

A garden party, honoring Detroit Boat Club gardener, Emil Heinrich, and flower committee chairman, Mrs. Taylor Seeber, will be held at the Detroit Boat Club on Wednesday, August 15, at noon.

Members and guests are welcome to make a tour of the gardens.

This is the usual bridge luncheon with special cocktails. The decorations will be garden flowers.

On the committee, of which Mrs. Frederick Fisher is chairman, are Mrs. Alfred Crab, Mrs. Wilbur Landis and Mrs. Edward Harrigan.

Betrothal Told

Mr. and Mrs. Henry Kazimer of Stanhope avenue have announced the engagement of their daughter, JOYCE, to James Thomas Hengesbach.

Miss Kazimer was graduated from the High School of Commerce.

Her fiance, son of Mrs. Annabelle Lohr and the late Clarence Hengesbach, is a graduate of Lawrence Institute of Technology.

They have set an October 20 wedding date.

Wives Sponsor Sail Club Race

The wives of the sailors of the North Star Sail Club sponsored a weekend race on Lake St. Clair in which seven boats participated.

Winning skipper was Commodore Ray Erb, sailing "Nite-wind," L Class sloop. Second place went to Commodore Fred Kagel at the helm of "Moonraker" and Bud Liston finished third in "Tina," a Y Class cutter formerly in competition on Saginaw Bay.

The ladies auxiliary of the club, known as the Working Jibs, served a buffet luncheon after the race and exhibited their trophy which will be formally awarded at the end of the season.

The officers of the Working Jibs are: President, Mrs. L. Kerzka; vice president, Mrs. W. Thorburn; recording secretary, Mrs. H. Liston; corresponding secretary, Mrs. Edward Ochs, and treasurer, Mrs. P. Koller.

North Star Sail Club held its second annual 56-mile Cecil Pond Memorial race over last weekend which attracted 12 of the clubs larger sail yachts. Club treasurer Bob Janeway slipped his yawl "White Cloud" over the finish line first. "Tina" and Bob Livingston's "Quest" followed in that order.

The trophy was put into competition last year by the late Cecil Pond's widow, Marguerite, in memory of her late husband who was widely known as a boating enthusiast and one of the clubs' first members.

Hubbards Hosts At Two Parties

Mr. and Mrs. Henry H. Hubbard gave a family party Sunday in their Muskoka road home for Mr. Hubbard's parents, Mr. and Mrs. Evan D. Hubbard, of Battle Creek, on the occasion of his father's 82nd birthday.

On Friday, Mrs. Hubbard entertained at a garden tea and miscellaneous shower honoring Julia Cope, who is to marry Harold Robertson Brinker on October 27.

Advice Offered On Care of Pets

Hot? Well, your pets probably are just as hot as you are. There are some things that you can do, however, to make them a little more comfortable during the summer months.

An occasional cold dunking may provide relief from heat on a high-temperature day. But the animal should not be washed much more often than once a month under normal conditions.

When you do wash the pet, be cautious about what type of soap you use. Household detergents are fine for dishes and clothes, but they may affect your dog or cat quite differently.

Detergents will remove the natural oil from the animal's skin and hair, leaving the hair unruly and unmanageable. Even worse, the animal may become prone to dermatitis, or other skin infections, just as you would if you made a practice of washing your hair with detergents.

Your animals should be able to ward off most insects, but if insect bites become a problem, make sure you use only sprays, soaps or insecticides made specially for animals. The others may burn the skin rather badly. Aerosol-type animal sprays are often used with good success and a minimum of bother.

Treat your dog as you would yourself. Wash dogs and cats with a shampoo having an oil base. A human shampoo will do, or a special one for animals. If your animal has a particularly sensitive skin or a long coat of hair, special problems might arise which require the advice of a skilled veterinarian.

Short-nosed dogs may pant, drool or foam slightly during the summer months, but this is normally nothing to worry about. On hot days, dogs should be kept in the shade or sheltered. Long-haired dogs will be more comfortable if they receive an all-over summer clipping.

LeVasseurs Taking Trip Through Canada

Mary Ann Cannon Becomes Bride at Ceremony in St. Clare de Montefalco Church, Reception at Boat Club

Motoring through Montreal and Quebec are Mr. and Mrs. Raymond Philip LeVasseur, who were married on Saturday at an 11 o'clock nuptial high mass in St. Clare de Montefalco Church.

The Rev. Fr. James Daniel Clark, O.S.A., officiated at the double ring ceremony. A wedding breakfast and reception were held at the Detroit Boat Club.

Before her marriage, Mrs. LeVasseur was Mary Ann Cannon, daughter of Mr. and Mrs. Thomas Henry Cannon of Devonshire road. The bridegroom is the son of Mr. and Mrs. Philip Louis LeVasseur of Lenox avenue.

A Renaissance court gown of crystal white silk duchesse taffeta was worn by the bride. Embroidered Alencon lace, pearls and iridescent paillettes adorned the gown which extended into a slight train.

A crown of matching jewelled lace secured her silk illusion veil, and she carried a bouquet of stephanotis and ivy centered by an orchid.

Five attendants preceded the bride to the altar, attired in opalescent pink organdine taffeta, echoing the silhouette of the bridal gown. Their headpieces were matching caps with forehead veils, and they carried arrangements of blue daisies, sweetheart roses and split white carnations.

Mrs. Joseph Sommers, the matron of honor, carried rubrum lilies. Patricia Grobbel attended as honor maid, and Maureen Feely, Virginia Van Antwerp and Constance Coffman, as bridesmaids.

Robert Berry was best man. Ushers included Harlan Des Jar-

Joy-Cauchois Wedding Set

Mr. and Mrs. Gage Cooper of Buckingham road announce the coming marriage of their daughter, Elizabeth Cooper Cauchois, to William Moore Joy, son of Mrs. Richard P. Joy of Lake Shore road.

Mrs. Cauchois and her sons returned Friday to their home in Kentville, Cal., after a Pointe visit. She will come back for a quiet wedding here in November.

luis, Angus MacIvor, James Alt and Joseph Barrett.

Mrs. Cannon wore a rosewood Chantilly lace dress over pink taffeta. Light blue Chantilly lace over teal blue taffeta was the choice of the bridegroom's mother.

For traveling, the new Mrs. LeVasseur donned a pure silk sheath print frock with beige linen coat and black accessories.

A new home in St. Clair Shores awaits the newlyweds upon their return.

Davidson-Ford Rites Aug. 25

August 25 rites will unite in marriage Carol Louise Ford, daughter of Mr. and Mrs. Watson I. Ford of McKinley road, and Richard S. Davidson.

The bridegroom-elect is the son of Prof. James A. Davidson, of Okemos, Mich., and the late Mrs. Davidson.

Joan Prentiss Armstrong To Wed on September 8

A September 8 wedding date has been set by former localite, Joan Prentiss Armstrong, who will become the bride of William G. Schmidt, of Boston.

Joan's engagement has been revealed by her father, Arthur Soper Armstrong, of Cleveland Heights.

She is the granddaughter of Mrs. Arthur S. Armstrong, of Chateaufort Frontenac.

T. Hoesman Joins Staff at St. Paul Church

Theodore Hoesman, Columbian at St. Paul Lutheran bus, Ohio, began his year of in-Church, Chalfonte at Lothrop, on August 1.

Mr. Hoesman has completed two years of Theological study at the Lutheran Seminary, Capital University, Columbus, Ohio.

His duties at St. Paul will be centered on Youth Activities. Mr. Hoesman replaces Robert Wittler, who was the Vicar during the past year.

Mr. Hoesman will preach his first sermon at the regular 9:30 Worship Service next Sunday.

Short and To The Pointe

dred delegates are expected to attend the fraternity's eighteenth biennial national convention.

MR. and MRS. WILLIAM E. HINTON, formerly of Rhaca, N. Y., are now making their home on 737 Bedford road. Their family includes their four children, WAYNE, JON, CHRISTOPHER and PAMELA.

MR. and MRS. WILLIAM F. KOPPIN and their son, JACK, of Nottingham road, have sold their home and on September 1, will leave to live in Fort Lauderdale, Fla.

MISS CAROLYN J. SWANSON of Lakepointe avenue is among 2,300 students currently enrolled in Washington University's Summer School. Summer School consists of two five-week sessions lasting through August 24 and offers more than 400 courses and seven workshops.

MR. and MRS. JOHN A. WILLIAMS and MRS. LILLIAN DIEBOLT, of Sarasota, Fla., formerly of Grosse Pointe Park, are spending the month of August visiting the HENRY J. DIEBOLT family of Hillcrest road.

MR. and MRS. ROY D. CHAPIN Jr., of Country Club lane, are visiting her mother, MRS. CARL ELY, in Greenwich, Conn., with PENNY, BILLY and CHRIS.

MRS. CECIL W. GRIGGS and her daughter, DOROTHY, of Washington road are spending the week at the Orrington Hotel in Evanston, Ill. Another daughter, SHIRLEY, received her Master's Degree in Guidance and Counseling from Northwestern University on August 4 after completing one year's work. Because of outstanding scholarship in the

Mrs. Raymond P. LeVasseur

MARY ANN CANNON, daughter of Mr. and Mrs. Thomas Henry Cannon of Devonshire road, exchanged vows with the son of the Philip Louis LeVasseurs of Lenox avenue, Saturday morning, August 4, in St. Clare de Montefalco Church.

school of education, she was received into the honor fraternity, Alpha Zeta of Pi Lambda Theta.

After a few days of sight-seeing in Chicago, the trio will motor home.

Howard E. Blood, Jr. Receives Promotion

Howard E. Blood, Jr., until now manufacturing manager of the Detroit Gear plant of Long Manufacturing Division, Borg-Warner Corp., has been appointed administrative assistant to the division president, T. J. Ault, president and general manager of Long, announces.

In his new post, Blood will coordinate activities of the industrial relations, purchasing, quality control, research, and product engineering departments, reporting directly to Ault.

Blood was first employed by Borg-Warner in 1949. He served with the Norge Division as assistant to the vice-president of manufacturing, and later with Norge Heat Division, before joining Detroit Gear.

A Cornell University graduate in administrative and mechanical engineering, Blood resides with his family at 1227 Bishop road.

The Pocahontas Field, one of the most famous coal fields in the world, was first tapped by a blacksmith, Jordan Nelson, prior to 1881. It has been a coal producer more than 75 years.

Ronnie Kelly To Wed Aug. 18

Ronnie Jean Kelly, daughter of Mr. and Mrs. L. Eugene Kelly of Whittier road, and Robert Jackson Smith, son of the Robert Smiths of Renaud road, will be married on August 18 in Grosse Pointe Memorial Church.

Janet Poppen is to be maid of honor, and Linda Worboys, Jeanette Cameron, Jane Robey and Jo Anne Nederlof, bridesmaids.

The bridegroom - to be has asked Richard Smith to be his best man, and Dave Johnston, James Kelly and Richard Hestwood to attend as groomsmen.

Mrs. Schlotman Honors Granddaughter At Party

Before heading for her Harbor Pointe cottage for a stay of several weeks, Mrs. Joseph E. Schlotman of Lake Shore road entertained at a dinner party for her granddaughter, Sally Mitchell.

Sally with her sisters, Debbie and Mario, is here from Greenwich, Conn., to visit her father, Ledyard Mitchell, Jr., and Mrs. Mitchell of Kenwood road.

Mrs. Harry N. Torrey accompanied her sister to Harbor Point, where Mr. and Mrs. Harrington E. Walker have been occupying the Schlotman summer quarters.

Mrs. Brodhead Tate Back In Pointe from Alabama

At home here once more is Mrs. Brodhead Tate, formerly of Huntsville, Ala.

Until she finds the right apartment, Mrs. Tate is visiting at the Roosevelt place home of her brother, Richard T. Brodhead Jr.

Mrs. Brodhead will return to town soon after visiting her mother, Mrs. Guy Greene, in Phoenix, Ariz.

Mrs. Tate is also dividing her time with another brother and sister-in-law, Mr. and Mrs. John L. Brodhead of Vernier road.

The period between one annual time of settling accounts and the next is called a fiscal year.

From Another Pointe of View

(Continued from Page 6)

back from a four-week western trip, which has added Grand Canyon, Salt Lake City, San Francisco, Disneyland, the national parks and various scenic beauties to their slide collection. They'll be hosts again next Saturday evening at a dinner party in their Westchester road home for Dr. Henry J. Vandenberg Jr. They will show their slides of the trip, as well as those of another guest, the Rev. Paul Ketchum, who has just returned with his pictures from much the same tour except that he went on up to Vancouver, Banff and Lake Louise.

These Local Travelers

Mrs. William S. Riley flew to Chicago for the Saturday wedding in the Church of All Saints of William Shepherd Woodside III and Adrienne Falcon.

Her son, Tom, who had flown in from Los Angeles to serve as Bill's best man, continued on to Balfour road with his mother after the wedding festivities, to spend a few days with his parents before returning to the west coast. The other Riley son, Ed, just back from his first Oriental cruise with the Navy, is now stationed at Long Beach Calif.

Settled in Oxford road again after dividing much of the summer between her two loves, canoeing and camping, is Miss Louise Lockeman.

With nine girls from her Grosse Pointe High School classes, Miss Lockeman spent one weekend canoeing in the main stream of the Au Sable, also made a three-day Manistee canoe trip.

She spent several weeks at the Audubon Camp, held in rolling farmland near Spooner, Wis., (she has gone other years to such camps sponsored by the National Audubon Society in Maine and California), and then camped with two friends along the north shore of Lake Superior traveling through Minnesota and Canada.

McKean's Given Cocktail Party

Mr. and Mrs. Phillips B. Van Dusen and Mr. and Mrs. H. Kennedy Nickell entertained at a welcome home cocktail party in the Van Dusen home in Meadow Lane Sunday.

Honored guests were Mr. and Mrs. Robert E. McKean, parents of Mrs. Van Dusen and Mrs. Nickell, who have spent the past two months traveling in Europe.

During their travels, the McKean's were able to join their son, George, who is stationed in Frankfurt, Germany, for several excursions on the continent.

Plan Commission Report Shows Decline in Building

The five Grosse Pointes fell far below the lowest figures of the Top Ten Communities in building expansion, according to

the Detroit Metropolitan Area Regional Planning Commission's first half of '56 report.

The report, a breakdown of building permits issued, showed that west side Dearborn was tops in the area, heading even Detroit by 13. Dearborn issued 1,387 permits for the months January through June to Detroit's 1,354. Royal Oak finished off the top ten with 485.

Grosse Pointe, far down the list, issued a total of 165, including 20 in the City, 43 in the Farms, 19 in the Park, 45 in the Shores and 58 in the Woods.

The greatest number issued in a city in a month was 14 in the Woods for the month of June. In a resume which preceded the report's statistical breakdown, it said, "the decline in the Detroit Region (permits issued), however, is in line with national residential building in 1956. The Federal Reserve Bulletin issued in May of this year reports a national residential building decline reflecting a re-adjustment in dwelling units from peak building in 1955."

The report went on to say that construction costs as well as the cost of building service facilities for the new communities have risen. "The price of developed land has also continued to rise."

Pinpointing local causes for the decline, the report said Wayne County building has suffered some from the lack of adequate sewage facilities to allow expansion.

Some people don't believe half what they hear, and some don't hear half they believe.

Carpenter Loses Wallet at Work

A wallet containing \$25 and valuable papers was stolen from the clothing of house painter, Robert Amsler of St. Clair Shores July 31. Amsler told the Grosse Pointe Shores police that the wallet was in the back pocket of his pants hanging in another room of a house under construction at 560 Ballantyne road.

According to the police report, Amsler said there were only three other people besides his partner in the house the entire day. He said that about 3 in the afternoon two women and a man came in, wandered about and left. It was not until 5 o'clock that he discovered the theft.

Amsler could not give the police a description of the people, but said they were driving a bright colored 1955 Buick with out-state license plates.

Though the police are trying to trace the car, they feel that it was probably children who took the wallet.

According to Chief Fred Duemling, the builder had not shown the house that day. "Carpenters, painters and the like will never learn not to hang clothes off someplace in a new house. Kids sneak in, find the clothes and valuables and it's an awful temptation," he said.

To date the money and the wallet have not been returned.

Four Tie for Norbert Neff Trophy

Pictured above are the four winners of the Norbert Neff Challenge Trophy, given annually to the high point winners of the Grosse Pointe City Children's Swimming Meet, held this year on Saturday, August 4 at the City Pier. They are, left to right, DAVID KOTHE, NEAL HAKKEN, LOIS BLACKBURN and BILL HAYNOR.

Park Planners Hold Meeting

The Park Planning Commission cleared away some routine business and also elected a new vice-chairman at its Wednesday evening, August 1, meeting.

A public hearing, necessary to approve the recently drawn up master street plan, a part of a larger city plan, was held. The master plan was deemed acceptable and passed by the commission. No residents showed up for the meeting.

The commission also gave consent to a minor subdivision request. The John H. Tigchou es-

tate, which lies on the northwest corner of Bedford and Jefferson, was split into two land parcels.

Elected to the post of vice-chairman of the commission was R. Noble Wetherbee, for a term ending July 1, 1957. Mr. Wetherbee has been a member of the commission for the past five years.

Put wheels under some politicians and they think they are the whole political machine.

Delivery Truck Prey of Thieves

Three men stole a large carton containing \$120 worth of cigars from the rear of a delivery truck in front of 395 Fisher, Monday afternoon, August 6.

Joseph Cerulli of 28830 Boston, St. Clair Shores, driver of the truck, said he was making a delivery when the theft occurred. He told police this was not the first time his truck had been robbed.

The thieves follow the same pattern in this type of hoist. An old car with stolen license plates is used to follow the delivery truck as it makes its rounds. When the driver is busy with a customer the culprits make off with the goods.

Monday's theft was witnessed by John O'Karski of 478 Fisher road. He told police he saw three men remove the carton from Cerulli's truck. They jumped into a 1940 Plymouth, and took off north on Fisher road. He also gave police the license number of the car.

Police praised the quick thinking of O'Karski in obtaining and reporting a complete description of the robber's car.

Detroit and Grosse Pointe police were working on the case at the time of this writing.

Robert Edward Anslow Gets Army Commission

Fort Sill, Okla.—Robert Edward Anslow, son of Dr. and Mrs. R. E. Anslow who reside at 2861 Kenwood Court, Grosse Pointe, Mich., has been commissioned a Second Lieutenant in the Artillery of the United States Army Reserve, during final ceremonies of the Fort Sill ROTC Camp.

He completed his academic work for a commission at Harvard College. To obtain his commission as a Second Lieutenant he enrolled in basic Military Science. After two years of basic, he was selected on the basis of his academic grade average and leadership ability to participate in the advanced military science program.

The advanced program is a two year academic course which is supplemented by this six-weeks summer camp in which the Cadets apply their theoretical knowledge to practical field situations.

First Federal Savings Now Fifth in Country

First Federal Savings of Detroit has stepped up from sixth to fifth largest in total savings accounts among the country's 6,000 savings and loan associations, American Banker reported in its August 6 issue.

First Federal savings accounts totaled \$163,663,000 on June 30, 1956, while total as-

sets exceeded \$180,000,000.

First Federal is a member of the Federal Home Loan Bank System and the Federal Savings and Loan Insurance Corporation, both permanent agencies of the United States Government.

Cadillac

Feels Even Better than He Looks!

Ever notice how a man looks when he takes the wheel of his new Cadillac and heads for his favorite highway?

Take a good look the next time you have a chance—and we think you'll see a happy man!

There's just no mistaking the pride and satisfaction that show in his face . . . or the happiness and contentment that reside in his heart.

And, as any experienced Cadillac owner can testify, he feels every bit as wonderful as he looks! For a journey in the "car of cars" is both a marvelous tonic for the spirit . . . and a wonderful opportunity for physical rest and relaxation.

It starts, in fact, the instant he slips into the driver's seat and rests his hands on the wheel. Those deep, soft cushions hold him in perfect comfort . . . and he is literally surrounded by beauty and luxury.

Even before he sets the car in motion, some of life's care and worry seem to go out of his day.

And then comes the miracle of Cadillac performance. It's an inspiration just to sit at the wheel . . . to look out over that graceful hood . . . and to watch the miles flow gracefully by.

And how easy it all is. Just a gesture of his hand on the steering wheel and the car follows effortlessly and obediently. Just a touch of his toe to the accelerator and the car answers instantly to the command. Just a nudge of his foot on the braking pedal and the car comes to a smooth, safe, silken stop.

Sound wonderful? Well, we sincerely urge you to come in at your first convenience—spend an hour at the wheel—and see for yourself.

We'll be happy to give you the keys . . . and the car . . . and some wonderful news about the cost and delivery advantages that you will enjoy if you make your decision for Cadillac today.

Why not stop in and see us soon?

Money Well Spent

The rains came, and with them came the first real test of the greatly expanded drain sewer systems on which several of the Pointe municipalities have spent hundreds of thousands of dollars during the last few years. The biggest projects, in the Farms and the Shores, have only been completed during the last year.

The weekend storms reached proportions which the experts classify as 20-year downpours. This merely means that a volume of rain fell within a given period which could not be expected more than once every 20 years. It was a real test for the increased facilities.

Before these improvements were made, most rains of commonly heavy proportions brought a storm of protest from residents whose basements were flooded. The sewers were just too small to carry away the drain water. They had been built during the early days of the villages, when houses were few and there was plenty of vacant land to soak up the falling water.

As the Pointes grew, more homes and commercial buildings occupied more land and also discharged greater volumes into the over-taxed systems. The excess water had no place to go, so it backed up into basements, and the residents roared their protests.

The rains of Saturday and Sunday came down in such torrents that engineers say no drainage system could handle them to 100 percent satisfaction. The cost of building such mains is considered prohibitive.

The Pointes were not completely without complaints of the flooded basement variety, but compared to the deluge of howls that would have been heard without the enlarged mains, they constituted a mere whisper.

The Park, which has been one of the most progressive of the Pointes in the matter of taking care of its drainage problem early, had a few floods in an area which has never been bothered before. Several phone calls from property owners in this section were received at the NEWS office. They expressed more surprise than indignation. They only had about two inches of water in their basements, but it was their first experience, and they had been led to believe that such could never happen to them. It probably never will again, at least not for another 20 years, according to the law of averages.

This was simply a case of one heavy storm saturating the ground. Before it could be drained away, along came another blinger and the water had no place to go. It crowded the sewers which are adequate to handle even an abnormally hard rain, and in some cases they backed up into homes. There were relatively few of them.

In the Farms, where up until this year great numbers of residents were chronic victims of every severe precipitation, there were only a few squawks during the weekend. The Farms officials say that in these cases, the residents were mostly to blame. To keep from overtaxing the sewers, catch basins in the streets were plugged, so the water would stay on the pavement until the sewer pressure lessened. It is charged that residents unplugged some sewers, which allowed the water to build up the sewer pressure, causing the backing up into basements in a few homes.

The Woods, as was to be expected, took the hardest rap. This, the fastest growing of the Pointes, has been backward in attacking and solving its drainage problem. It is now approaching a joint solution with Harper Woods and possibly other neighboring municipalities, but it is going to take a long time and the expenditure of a great amount of money before complete relief can be expected by the residents.

The Shores completed its brand new sewer system last year and was prepared for the big test the weekend provided. Only a very small section which the new system does not serve, suffered any floods.

As the newspaper and radio accounts related, many communities in the Metropolitan Detroit area, took a considerable beating from the series of storms. The residents are paying now for the short-sightedness of both officials and taxpayers. They could not foresee the trouble ahead and were unwilling to spend the money necessary to provide good drainage systems.

Some of the Pointes were lax in this respect, too, but it was reassuring to find, during the big rains, that most of the area has caught up on the problem and withstood nature's challenge. The job could have been done years ago at a great savings in construction costs, but there were fewer taxpayers then to share the burden.

Those who have been through the experience of shoveling muck and filth out of a flooded basement, and are now relieved of this nightmare, will testify fervently that it was money well spent.

Con Men Go Artistic

Confidence men seem to be able to get their crooked hooks into every large town. Sooner or later they are usually discovered and brought to trial. If not, they "work over" a town and then move on to another community when their "line" becomes known around town, but before they leave they have absconded with a large bundle of the public's money.

The latest con-man to ply his wares in the Pointe, is the sharpshooter who represents a dignified sounding, but fictitious eastern art gallery. He has books and pamphlets containing reams of material promulgating the merits of the artist or the painting he has to sell. Several Pointe residents have been duped into spending a lot of money for a New York copy of the real thing.

To protect yourself have any work you may consider buying appraised by a reputable art dealer.

Letters to the Editor

To the Editor:

In reading the article "Riverama Dates Cover 16 Days" which appeared on Page 12 of the August 2nd issue of your fine paper—we note the statement "There will be stock outboard racing." This is in error and may prove confusing to some of our local drivers. We issued a press release to Fred Runnells and you will find the reasons for our exclusion from Riverama in the sports section of this same issue of your paper. Stock outboard racing is in a class all of its own. It means our young men can purchase a motor, take it right out of the carton, put it on a stock boat that will meet the measurements for its class and with regular "pump" fuel it is ready to run. It really is an outstanding sport for participants and spectators alike—most important it is a fine youth program.

May we take this opportunity to thank you and your staff for the outstanding support you have given Belle Isle Outboard Club and its members. Fred Runnells states "Information given by press release from EIOC, in the past, has always been correct and complete." You may be sure we shall continue this policy.

I would be remiss if I didn't take this opportunity to thank all of you for the consideration you have shown to me over a period of 14 years and on many and varied projects. You may be sure I am deeply grateful.

Mildred E. Anderson, Director of Publicity, Belle Isle Outboard Club.

Editor:

In this community a serious cruelty to animals is caused by otherwise kindly people. It is far more subtle than the beating or maiming of a dog or other rare acts of sadism that so horrify those of us who are humane minded. I refer to the breeding of surplus animals by pet owners.

There are more than 40,000,000 homeless dogs and cats in the United States. There are 46,000,000 families in the nation and they already own an average of one dog or cat per family. According to studies made by the National Humane Society, this is all that our homes can or will accommodate. The 40,000,000 homeless animals have little chance of being owned. Every time another puppy or kitten is born and placed in a new home by its owner, all hope for one of the homeless animals is cancelled.

A relatively small percentage of the homeless animals of this and other communities are lucky enough to be sheltered, placed in new homes or granted a merciful death by the agencies devoted to animal welfare or by the best city pounds. In many places the slaughter of these unfortunate dogs and cats is done with lead pipes, clubs, poison or shotguns. Many people, finding it impossible to keep, resort to drowning, abandonment and other inhumane acts. The cruel death that awaits the vast majority of surplus animals is the final step in the awful suffering they know in the

course of their tragic lives. The gnawing pains of hunger, penetrating cold in winter or thirst in soaring temperatures, mutilating injuries, the agony of severe illnesses, the sheer exhaustion of trying and failing to escape the many and dreadful forms of anguish that pursue them—is that what animal owners inflict on dogs and cats while they continue to breed an oversupply.

The National Humane Society, of which I am a member publishes a leaflet that explains this constantly increasing cruelty and the need for having female animals spayed to prevent the generations of homeless, helpless and hopeless animals that are foredoomed to suffering. I urge animal owners of this area, as well as others who wish to see the problem in its true light, to write for the free leaflet. The society's address is 733 Fifteenth St., N.W., Washington 5, D.C. Very truly yours, Mrs. Thomas J. Douglas 735 Berkshire Road Grosse Pointe Park 30, Michigan.

August 4, 1956

To Whom It May Concern: In consideration of all the worthy causes the Grosse Pointe News supports, I often wonder why you haven't been moved to give the dirt square, usually littered with papers, in front of your offices... or if that someone else's responsibility?

Sincerely, Mrs. R. W. Smith, Jr. 77 Meadow Lane.

Editor's Note: We have explained in the editorial columns several times in the past, that the reason we have never paved the area between the sidewalk and the curb in front of our building, was out of consideration for the magnificent elm which we have sought to preserve ever since we built the main structure in 1945.

At that time we were in the middle of vacant fields, with plenty of land around us to soak up moisture to sustain the fine old tree. When building, we went to great expense to span the main roots of the tree with steel and concrete beams, so as to harm it as little as possible.

In the years since, building all about us has been rapid and the water problem for the tree has become more and more acute. The only remaining source of rainfall were the small back yard and the space between the walk and the curb.

We have regretted the unsightliness of this area, but hesitate to do anything that might endanger the life of the beautiful elm. We dare not cover it completely, but we are getting expert advice to see if some sort of iron grill work or grating can be installed, which will allow sufficient water to seep through to the thirsty roots.

We hope something can be done which will improve the area without harming the tree and without setting up a booby trap for high heels, conducive to twisted ankles.

O. L. Wigton Managing Special Ford Division

O. L. Wigton, manager of the Great Lakes regional sales office, Special Products Division, formerly was general sales manager of Ford Motor Company's Tractor and Implement Division, Birmingham, Mich.

He held the post of assistant general sales manager of field operations for Dearborn Motors Corporation, where he worked for six years, after holding positions in advertising, sales promotion and public relations. Born in Pocomoke City, Md., he attended St. Johns College at Annapolis, and the University of Pennsylvania, before entering business with the Celotex Corp., in Chicago, where he became assistant manager.

He is a member of the National Sales Executives, Inc., the Grosse Pointe Yacht Club, and lives with his wife and two children at 21 Lochmoor Blvd., Grosse Pointe Shores. The Great Lakes regional sales office is located in the Penobscot Building, Detroit.

ROBIN DAVID BITTEN Eleven-year-old Robin David of 1419 Grayton was bitten on the left hand by a chow dog she was playing with in front of the A & P grocery store in the Village, Monday, July 30. Officer Roger Permentier of the City police department, took the girl to Bon Secours Hospital where her hand was treated. Mrs. Lisa Simon of 304 University place, was instructed to keep her dog locked up for 12 days. The Board of Health was notified of the bite.

What Goes On at Your Library

By Jean Taylor

Eileen Stevens, Guest Columnist

As a recently accepted member of the staff of the Grosse Pointe Library, my initial six months have been filled with a variety of new experiences and new impressions of old ones.

Most of these have come from my having, like Alice, gone through the looking glass to the other side. From being a steady patron of the library, seeking help from the staff members and availing myself of its many services, I suddenly found myself in the position of helping to give, rather than receive those services.

As a patron, my point of view was well established. I was completely in agreement with the many nice things that have been said of the Grosse Pointe libraries, but now that I was a part of the library, I began to wonder what I would think of the patrons.

I had heard that "dealing with the public" is considered by many to be a trying experience, and maybe rightly so. Perhaps we have a very special group of people as patrons of our libraries, but I do not think so. I think they are a cross-section of the public in general and I have found out what the other members of the staff already knew—that they are almost tone hundred per cent nice.

Learning just how nice they are and how rewarding it is to help them use their library has been my most outstanding experience as a new member of the library staff.

The circulation desk is a clearing house for all the activities

in the library. Few people enter or leave the building without some contact with that focal point. Most requests for information and assistance, either by telephone or in person originate there, and that is where many are finally concluded. At the circulation desk one has the opportunity to know the patrons well, not only from contact arising from business immediately concerning the department, but because it is there that their reaction to all other phases of the library's activities is most frequently expressed.

It is from that central vantage point that I have formed my agreeable impression of the library patrons. I have found them patient with the unavoidable delays which sometimes occur, grateful for assistance, appreciative of the library's many facilities and co-operative with its regulations.

They are courteous and friendly in their approach to the staff members and seem to feel that more trouble has been taken to comply with their requests than they had any thought of expecting. They express by their attitude and by words of praise, their gratitude and pleasure at the many advantages the library has to offer them as an individual, as a family, or as a member of the community. They use their library and enjoy it, but they do not take it for granted.

I know now why each and every member of the staff is wholeheartedly devoted to the single purpose of providing the patrons with the best possible service; one cannot ask for more reward than to do one's best and have it so warmly appreciated.

Free-Swinging Drivers Clash

Words exchanged from passing cars resulted in a full fledged, fist swinging, purse wielding free-for-all in the Park July 31.

The scene of the bout was the corner of Bedford and Jefferson.

In one corner, ably seconded by his mother, was Edward S. Carpenter Jr. of 1283 Hart, Detroit. In the other, and wearing blue suedes was Richard Schultz of Mt. Clemens.

The fiasco came about when Carpenter, driving east on Kercheval, pulled over to let the trailing car, S. Schultz at the wheel, pass. Schultz then cut in front of Carpenter's car and made a 'U' turn. Carpenter, cut off, gave Schultz the horn and Schultz screamed "What's the trouble, buddee!" Carpenter replied with his horn and the bell rang.

Carpenter continued east on Kercheval and Schultz, miffed at not getting the last word, continued his 'U' and went after Carpenter, who turned South on Bedford. Both principals were halted when Carpenter caught the Jefferson light. But things were just beginning.

On the advice of his mother, Edward rolled up his window as Schultz hopped out of his car and came alongside shouting directives and challenges. Insulted by what he heard, Carpenter finally rolled down his window a crack and threw back a couple of indignities of his own. This was all Schultz needed.

He jerked the window and broke it open, grabbed Carpenter by the scruff of the neck and slammed him in the face. Mrs. Carpenter hopped out, ran around the car and started beating Schultz on the back with her purse. This gave son Edward the chance he needed.

He hopped out of the car and clubbed Schultz. Overpowered amid purse and fists, Schultz chose a new field of battle. He retreated to the parking lot. There he and Carpenter wrestled around. Finally,

Schultz screamed 'uncle' and Carpenter let him up.

Having thoroughly enough, Schultz made a run for it. Carpenter, keeping a cool head, whipped around to the rear of Schultz's car as he sped off and took the license plate number.

He then reported the incident to the Park police.

Schultz gave himself up the next day. According to the police report, Schultz confirmed Carpenter's charge that he had been drinking, but denied that he reached into the car and hit Carpenter. He was unable to explain the gash above his elbow.

Schultz was released in the custody of his lawyer and court date was set for August 8th.

Sometimes men find it difficult to live up to the reputation acquired by making a chance hit.

People who insist they live on their dignity often find themselves mighty short.

Growing Pains or Rheumatic Fever?

By Fred Kopp, R. Ph.

Picture a child who cannot run or jump, whose every move must be watched by anxious parents so there will be no danger of overexertion. That is the child suffering from rheumatic fever.

When medication is required you will find it worth while to purchase the best in drugs from a reliable pharmacist.

Blame Accident On Heavy Rain

Last Saturday night's heavy rains turned driving conditions to hazardous in a matter of minutes, when streets flooded and motorists soaked their brakes.

William Gardella of St. Clair Shores, slowed his 1955 Buick to a snail's pace when he came upon the flooded pavement at River and Mack. Following in another car was Sam Vitole of Nefz road, in Detroit. Vitole could not stop his car in time to avoid hitting the rear of Gardella's Buick.

Bitten Trying To Stop Fight

Mrs. Laura C. Schwarz of 336 Moran road received several deep gashes on her right knee when she attempted to separate two fighting dogs on August 1.

An English setter owned by Charles Stewart, also of Moran road, picked a fight when Mrs. Schwarz was walking her dog in front of her home. She was nipped on the knee as she waded into the fray.

A neighbor took Mrs. Schwarz to Bon Secours Hospital where the wound was treated.

Fencing Materials or Erection 20760 Harper, at 8 Mile Free Estimates, TU. 1-8863

Novel Cake Features Banquet

A novel feature of Grosse Pointe Park's Little League dinner dance at the War Memorial July 21 was this five-foot long cake—a replica of Defer School's three baseball diamonds and tennis courts. GEORGE VERDONCKT (right), of Verdonckt Bakery, prepared the special cake which was replete with backstops, outfield fences, bleachers, base paths and, facetiously, "with extra dirt" showing the absence of grass on part of one infield. Enjoying the cake with Verdonckt are GEORGE SCHULTZ (left), manager of the Orioles, champions of the Park's Little League this year, and ELMER C. VAN TIEM, president of the Park's Little League. Verdonckt was manager of the Giants, which captured the National League pennant but lost to the Orioles in the playoff.

Food Scoops For This Week

Whether food shoppers are planning a picnic or an at-home dinner, they will find a wide variety of meats which provide good-eating at a very low cost. Genuine spring lamb is heading toward its seasonal low level, frying chickens are plentiful and considerably lower in price than last year, and beef, pork and veal remain steady at prices slightly lower than a year ago.

It is also good news to hear that prices on fresh fruits and vegetables are dropping rapidly as the locally grown shipments become more abundant. Most crops are about two weeks later in making their appearance than in 1955, due to the unusually cool spring weather. After a temporary lull, supplies of lamb have regained their steady increase and many attractive features are evident. Smart shoppers will soon recognize that the less popular cuts are usually lower in cost and often equally as tasty if prepared properly. For instance, special budget selections would be shoulder chops, shoulder roast, lamb liver, and the delicious breast of lamb for barbecuing.

Although prices on broilers are higher than they were last month, they are still one of the best selections for stretching the food dollar. Poultry authorities recommend that a 1 to 2 1/2 pound bird is best for broiling or barbecuing and it takes about 1 to 1 1/4 hours to barbecue them. You can test their tenderness by twisting the leg joints just as you do when roasting chickens in the oven.

Some of the many beef cuts continue to lead the list in supply and appealing prices. The heavy marketing of fed-cattle, and the seasonal increase of grass-fed cattle have kept both fore and hind quarter cuts easy-on-the-pocketbook. Summer demand has encouraged most markets to feature steaks for quick meal preparation or outdoor eating. This has resulted in more attractive prices on such front-quarter cuts as the blade and arm chuck roasts, and the regal standing-rib roast, which can be served as a roast or cut into steaks.

Green is still the most distinctive color on the vegetable counter. New green cabbage is arriving both from nearby growing areas and from the south. Most head lettuce found in the markets is Canadian or California grown, but as the Michigan crop begins to appear, a decided increase in quality and a decrease in price will be noted. Leaf lettuce is even more plentiful and more reasonable, and one pound will give about 5 servings. For interesting salad variety at low cost you may want to add romaine or Bibb lettuce. Unusual low-cost menu variety may also be provided with yellow summer squash, radishes, and cucumber.

A plentiful supply of watermelon from several southern states will cause food shoppers to place it at the top of their fruit lists this week. The low cost of excellent quality cantaloupe also helps to keep the melon family in the foreground of popularity. Small fruits are increasing in supply and quality is good. Due to its long growing season, California is supplying most of the strawberries, though a few may be found from northern Michigan. The addition of homegrown raspberries and sweet cherries has also helped to make prices more attractive. Though the local growing season has not begun,

blueberries are becoming more and more popular. Fortunately when lemons are most appreciated for cool refreshing summer drinks, supplies are most plentiful and lower in cost. Stocks of frozen lemonade are also being offered at special featured prices.

Blackberry Cream Roll
CAKE
3/4 c. sifted flour
1/2 teas. baking powder
1/2 teas. salt
4 eggs
1 cup sugar

FILLING
1 teas. vanilla
1/4 lb. marshmallows
1 cup heavy cream
1 egg white
1/2 teas. salt
1 pkg. frozen or 1 qt. fresh blackberries

Grease a 15"x10x1 1/2" pan — fit with waxed paper. Mix baking powder, salt and eggs in large bowl and beat. Add sugar gradually, beating constantly until smooth. Add sifted flour and vanilla. Pour into pan and bake in preheated oven 400° F. for 15 minutes. Turn out on sugared towel — peel off waxed paper—roll towel, sugar and cake tightly. Cool 10 minutes. Unroll and spread with filling. Cut marshmallows into eights. Whip heavy cream until stiff. Whip egg white with salt. Fold in marshmallows and cream. Chill. Fold in fresh or drained frozen blackberries. Spread on cake. Reroll. Keep in refrigerator.

Cadet W. J. McCaffrey Taking Air Training

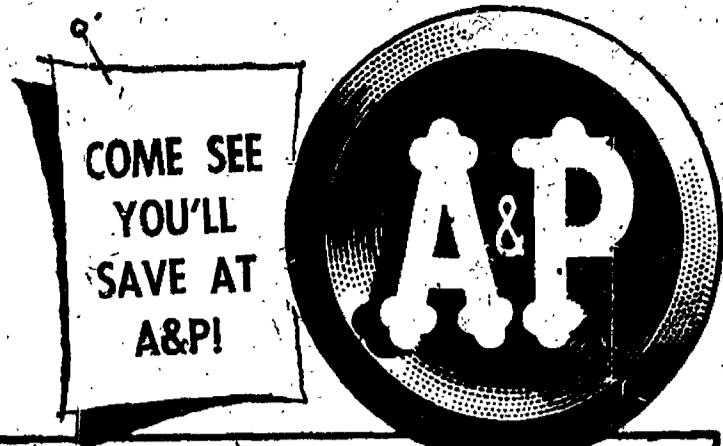

MAXWELL AFB, ALA. — United States Military Academy Cadet W. J. McCaffrey, son of Mr. and Mrs. M. F. McCaffrey, Grosse Pointe, Mich., is attending a two weeks Air Indoctrination Course at Maxwell AF Base, Ala., and Eglin AF Base, Fla.

The Air Indoctrination course is being presented by the Air University Command with the assistance of six more major commands, for all second-year students of the Academy. The course will provide the future military leaders with a knowledge of the Air Force role in the Department of Defense and its capabilities and will give them a general insight into Air Force service. It will also give them an understanding of the requirements and opportunities for leadership in Air Force units.

Such knowledge is necessary to the cadets for two reasons. First, after graduation from the academy they may choose positions with the Air Force as Air Force officers. Present Congressional action allows 25 per cent of the graduating West Point cadets to choose the Air Force. Second, officers in the field must have a working knowledge of air power deployment and operation in order to maintain efficient liaison between the Air and Ground forces.

In addition to lectures on air tactics and operations, demonstrations by Air Rescue and other supporting units, and talks on administrative duties of an Air Force officer, the cadets are given flights in three types of Air Force aircraft during their indoctrination at the two Air Force bases.

During the two weeks of the course the cadets receive 70 hours of Air Force instruction, which amounts to 70 per cent of all the Air Force instruction they will receive during their four years at West Point.

Customers' Corner

Thrice As Nice . . .

When a food store can be depended upon for high quality foods all the time—that's very nice!

When this same store offers a splendid variety of over 3,000 items—that's twice as nice!

When this very same store brings you more low prices, on more items, more days of the week—that's thrice as nice. And that's A&P for you! Come see . . . you'll save!

THE GREAT ATLANTIC & PACIFIC TEA COMPANY

FLYBOYS FLY WRIGHT—Actress Martha Wright turns the other cheek for Staff Sgt. Edgar Robillard of Niagara Falls, N. Y., embarking with fellow airmen from Mitchell Field for free vacations at the Youngs Gap, N. Y., center of the "Let's Remember Servicemen" movement. Robillard, Airman Second Class Frederick Wilhelm of Dickinson, Tex., Airman First Class Robert Broadhurst of Florence, Mass., and Airman First Class George Bender of Pasadena, Md., (from left) are first among Air Force personnel given free vacations for outstanding performance of duty.

NAUGHTY MANEUVER—The Navy springs into action as an "enemy" is caught in a raid on U. S. government property. Sailor Marvin Ines, at a B'nai B'rith swimming party for patients of Bethesda Naval Hospital, Washington, catches sight of his blouse and cap on the person of Harvey Berger, 5, and comes out of the pool in hot pursuit.

NAUTICAL BUT NICE—Lovely Rosemarie Meeks, a Miami high school senior, stands in the trophy cup to display the winning charms that won her a crown. She will reign as "Queen of the 8th Annual Gold Coast Marathon" (July 14-15). The 136-mile race from Miami to West Palm Beach and back will attract more than 200 powerboats of all sizes.

THE CHAMP—Robert Obringer, 11 months old, of North Bergen, N. J., proudly wears the crown of the world champion baby crawler, winner in the 18th annual contest at the Palisades, N. J., Amusement Park. The new champ covered a 60-foot straightaway course in 27.6 seconds, persuaded by toys and rattles in the hands of his mother.

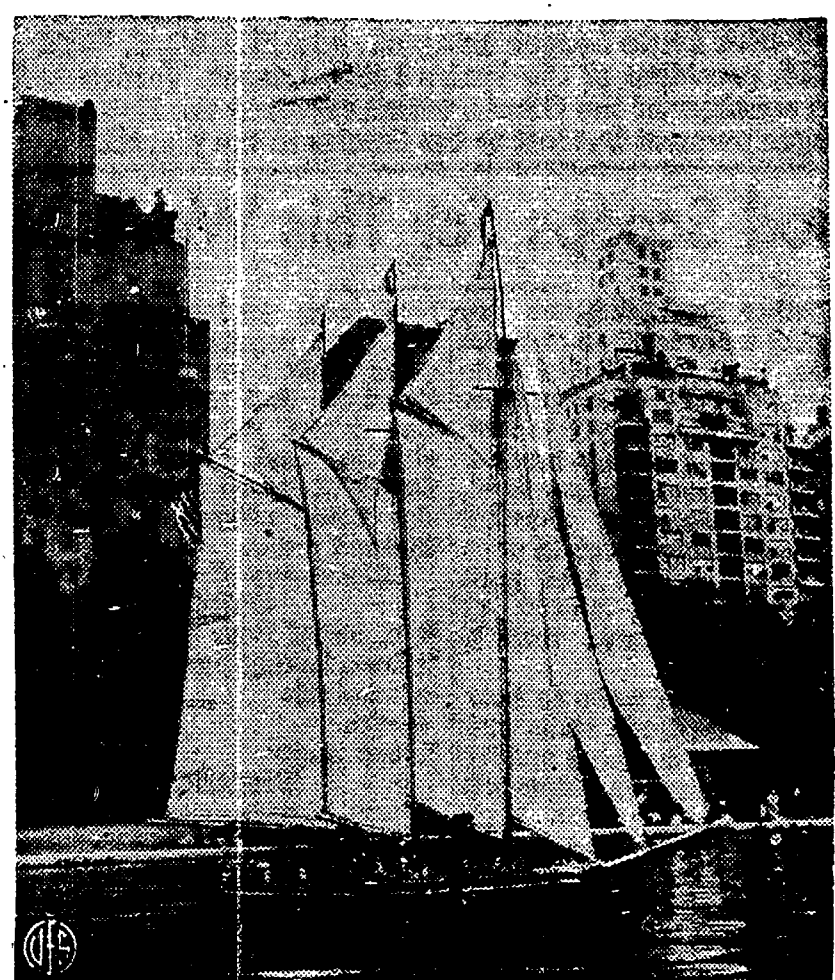

GLOBAL SOLO—Danish adventurer Walther Westborg waves on his arrival at Margate, England, on a world cruise in an "unsinkable" lifeboat. The intrepid Dane plans to sail solo around the globe to advertise the radically-designed lifeboat. The inventor, Claud Sorrensen, claims the craft need not be lowered from the deck of a sinking ship but will float after the ship has gone down.

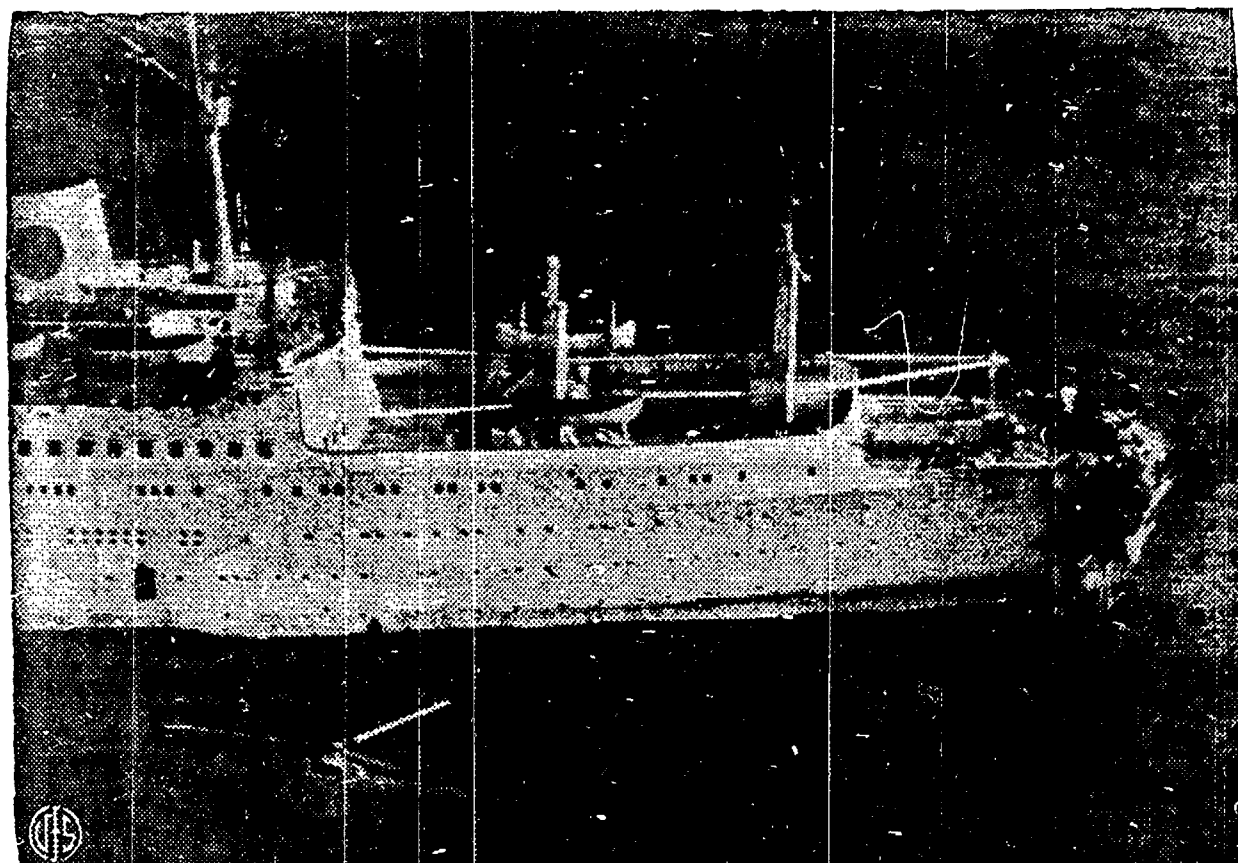

BELT HIGH—A contour belt rides high on the bodice to accent the Empire waistline of a nubby-knit rust sheath by Claire McCardell. The belt, done in mustard saddle leather, was designed by Miss McCardell especially for the plunge-neckline, three-quarter-sleeved dress.

PIGGIE GOES TO PIECES—Frightened by the flood waters surging through the town of Gifitz, Germany, this nervous pig has to be shoved and pulled by the ears to get him to a safe place. Man in the right background holds another porker by the ears. The sudden flood hit the Eden River Valley town after a heavy rainstorm.

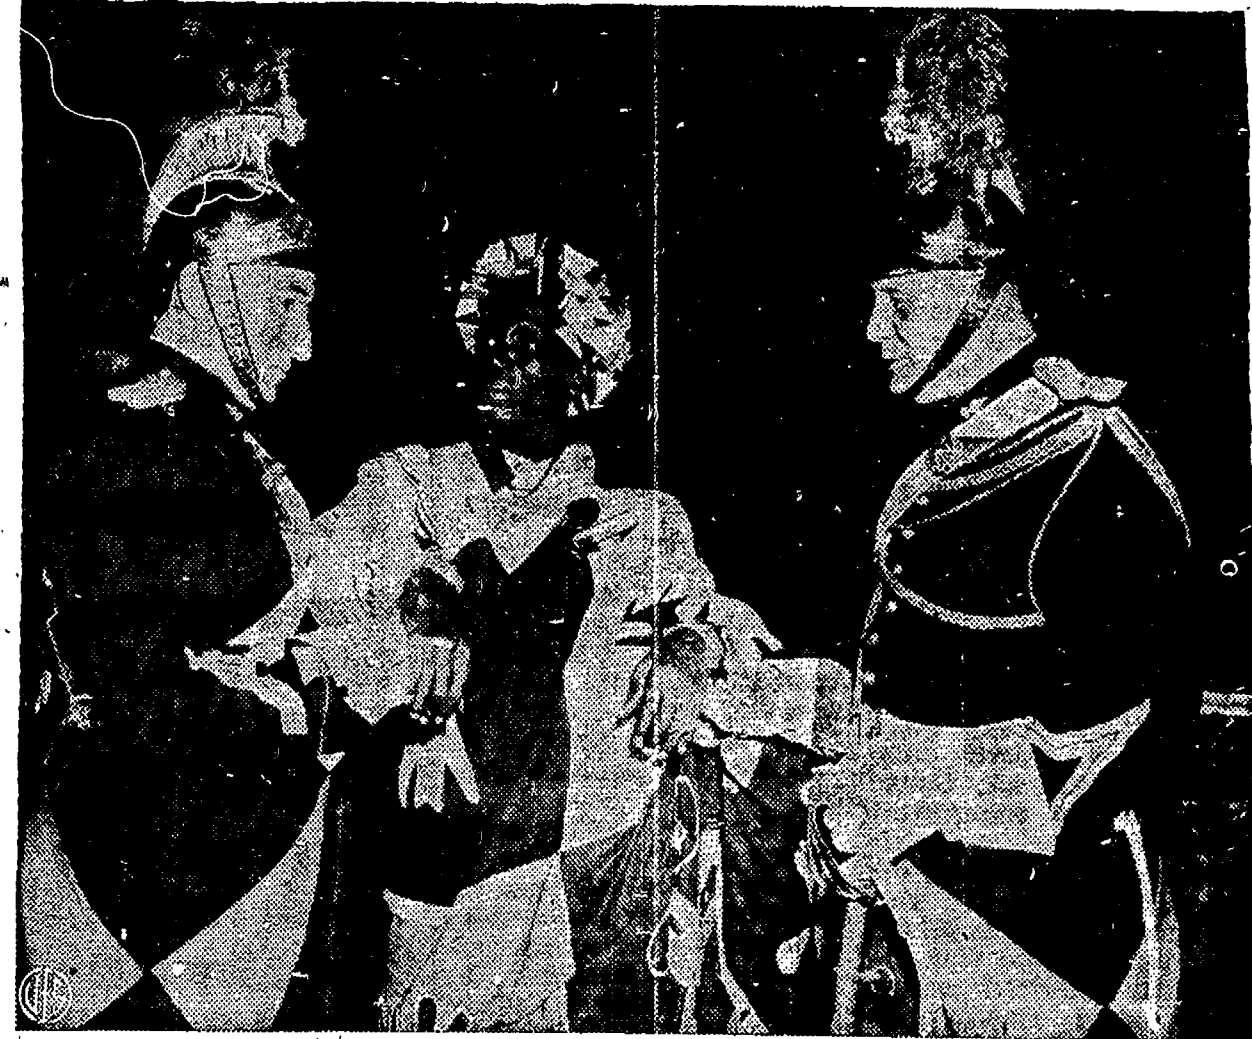

LOOKS ARE DECEIVING—The apartment houses in background appear to be on the Riviera, but actually they're on New York City's famed Fifth Ave. The three-master in the foreground, which gives a sea coast look to the scene, is only a realistic boat model cruising on a Central Park lake. The model is about five feet long.

LIMPING TOWARD PORT—The Swedish liner, Stockholm, her bow crushed in a sea collision in the Atlantic off Nantucket, Mass., slowly plies her way toward port. The Stockholm collided with the Italian liner, Andrea Doria.

LOOK ALIKES?—Ready to roll along side by side, former President Harry S. Truman shares a bus seat with Illinois Democratic National Committeeman Col. Jacob Arvey at Kansas City, Mo. The former Chief Executive was taking the All-Chicago Committee for Truman Library to Independence, Mo., for an inspection tour of the building.

TIME FOR COMPARISON—On the first floor of the Eiffel Tower, two members of the colorful Paris Republican Guard match their uniforms with the picturesque garb of Prince Adingra of the Ivory Coast of Africa. The prince's headgear is made of gold while the guards' helmets are of brass. Prince Adingra was among the African chieftains invited to Paris as guests of the French government.

THE FRENCH TOUCH—Completely absorbed in his work, a French artist (left, background) continues with his painting as movie star Audrey Hepburn practices some intricate dance steps under the direction of a dance director. Utilizing all the landmarks of Paris, the cast has acted out sequences for the movie, "Funny Face," along the banks of the Seine River, on top of the Eiffel Tower and on the Champs Elysees.

STAR MARKER—Glamorous Virginia Mayo drives a silver spike into a silver star at a Hollywood Boulevard intersection to mark the start of film capital's million-dollar glamorization program. The stars are being used to mark crosswalks and are the first of many city face-lifting projects.

TALON-TED—A manicurist would have to use a paint brush on the long fingernails of Lau Kin-chuen, a resident of Hong Kong, Lau, 64, says he hasn't cut his nails since he was 16, and now they're several inches long. He's a palm reader but makes most of his money by showing off his unbelievably long talons for tourist cameras.

FISH STORY—Amused by the strange sight, 11-year-old Michael Gendell of Unity, N. H., holds a pickler that has attempted to swallow a perch with the result shown above. Apparently the pickler had bitten off more than he could swallow and the scales on the perch caused the tie. If Mike hadn't found the fouled-up pair, both fish would have remained in the fixed position and eventually died.

New High School Students Asked to Register Early

"New students entering Grosse Pointe High School this fall are requested to enroll some time between now and September 1," announced W. R. Cleminson, principal of Grosse Pointe High School.

Pvt. George J. Cassel Going to Army Shoot

FORT RILEY, Kan.—Army Pvt. George J. Cassel, son of Mr. and Mrs. Joseph C. Cassel, 2167 Hawthorne, Grosse Pointe Woods, Mich., is scheduled to leave Fort Riley, Kan., to help provide support for teams firing in the National rifle and pistol matches at Camp Perry, Ohio.

Units of the 1st Infantry Division's 16th Regiment will provide some 500 officials, scorers, target operators and statisticians for the matches, which run from Aug. 14 to Sept. 8.

A driver in the regiment's 3d Battalion Headquarters Company, Cassel entered the Army in October, 1955, and received basic training at Fort Riley. He is a 1955 graduate of Annunciation High School in Detroit.

GPUS News Notes

In its 14th consecutive year this season, the Grosse Pointe University School Summer Session had in its 1956 enrollment the largest number of pupils in its history.

There were 64 pupils, 22 more than last summer's previous record high. Those in attendance ranged from youngsters in the third grade through high school seniors already admitted to colleges.

Some of the latter group were at summer school merely to strengthen in certain subjects in preparation for college. They were studying voluntarily that is, and not making up deficiencies. The courses of such students include Advanced English, Advanced French, and Latin.

The student body for the summer session was made up about equally from G. P. U. S. students on the one hand and of pupils from Eastern boarding schools and Detroit and suburban schools on the other.

Director of the summer session was Philip P. Perkins, head of the G. P. U. S. English Department during the regular school year.

Other faculty members included Miss Dorothy Arms, a regular G. P. U. S. summer school teacher and former member of the Grosse Pointe Country Day School faculty, and these teachers from the G. P. U. S.: Mrs. Hazel Bramley, John Conley, Graham Pratt, Alfred O'Connell, Norman Plating, Mary Thorn, and Richard Trim.

The summer session ended on Wednesday, August 8.

Stock Exchange Honors Clarence Horn

Appointment of Clarence A. Horn, of 893 Bishop road, vice-president of First of Michigan Corporation, to the executive committee of the Midwest Stock Exchange was announced recently by George E. Barnes, chairman of the exchange's board of governors.

The executive committee is made up of six members of the board of governors, who direct the affairs of the exchange, located in Chicago. Horn has been a member of the board of governors for the past year. He has been associated with First of Michigan Corporation since its founding in 1933.

Militiamen served to well in the Revolution and the previous border troubles that the organization, now the National Guard, was written into our Constitution to perpetuate it.

Gray Trophy to Woods Tigers

MANAGER CHARLES JOHNSON receives the Roland Gray trophy, emblematic of Grosse Pointe Little League championship, from tourney manager ELMER C. VAN TIEM following the 5-0 victory scored by the Woods Tigers over the Farms Indians on Thursday, August 2. It marked the second time the Woods had captured the trophy in the two years it has been in competition. Trophies in foreground are individual awards to the winners and runnersup.

600,000 Given Chest X-Rays

More than 600,000 people in Wayne county faced X-ray cameras in 1955 in community efforts to find every existing case of tuberculosis, Richard L. Lea, executive director of the Tuberculosis and Health Society, revealed Friday.

The survey of hospitals, health departments, industries and numerous public and private institutions was made by the Society to determine what percentage of the population was aware of the dangers of TB and were examined last year.

The total number of chest X-rays was 636,644 but there is some duplication in the figure as a few people may have had more than one examination during the year, Mr. Lea pointed out.

"We may estimate that almost 25 per cent of the population of our community faced the X-ray cameras last year," Mr. Lea stated. "This compares favorably with other large metropolitan areas." In 1955 there were 3,375 new cases of tuberculosis found in residents of Detroit and Wayne County.

The Society executive praised the efforts of local and county health departments in their determined efforts to keep tuberculosis under control.

The last survey of this type five years ago showed only 300,000 people had chest X-rays yearly.

The largest number of X-rays were taken in 81 industrial plants where 168,902 people had examinations. This was followed closely in numbers by the Detroit Department of Health's mobile buses which took 136,925 chest films.

Private general hospitals took 92,388 chest X-rays of patients on admittance. More hospitals are adding this service to their admitting programs as it has been determined that four or five times as many cases of TB are found among patients being

Street Lighting Plans Requested

The Farms city council at a regularly scheduled meeting on Monday evening, August 6, voted to ask the Detroit Edison Company to prepare a street lighting plan for Tonancour place and the new extension of Kenwood road.

Upon receipt of the plan, with the estimated cost for lighting these streets, the report will be presented to the council for consideration.

Non-Resident Causes Accident

Failure to heed the Cadieux-Maumee stop sign caused a two-car-broadside collision Thursday, July 26. A 1953 Plymouth driven by Clarence Ramsey of Muskegon, Mich., ran the intersection and plowed in the side of a car driven by Marjory Jacobson of 1023 Cadieux.

Miss Jacobsen, traveling east on Maumee told police she had stopped before entering the intersection, then proceeded, thinking that Ramsey would stop also. The intersection is a two way stop.

Both cars could be driven, no one was injured.

Cracker Tossing Not Sent to Jail

Last week this paper erroneously reported that Miles James, proprietor of a service station at Mack and McKinley avenue was sentenced to 15 days in jail and placed on six months probation after being found guilty of a disorderly persons charge.

He was seen throwing a firecracker by two police officers on July 23. James was sentenced to ten days in jail or a fine of \$15 and six months probation. He paid the fine and is now serving his term of probation.

Stars in Hit

Cathryn Damon returns for second engagement at Melody Circus theater as Cherry in the musical by the authors of "My Fair Lady."

The hit, "Paint Your Wagon," which opened Monday at the tent theater in Farmington, stars Tony Bavaar in his original Broadway role of Julio and features James Norbert who was seen in the leading role of last year's "South Pacific" at the Circus. "Paint Your Wagon" is slated for a two-week engagement.

Woods-Shores Little League Champs Repeat

For the second year in succession the Woods-Shores Little League champions captured the Grosse Pointe World Series crown by beating the Farms titlists, 5-0, on Thursday, August 2. The game played between the Woods Tigers and Farms Indians was played on the Farms National League diamond located on the Grosse Pointe High field and was the final game of a one-game knock out series which involved the two finalists and the champions of the City and Park. The champions, shown left to right, front row: COACH JOHN LA

Woods-Shores Tigers Win Little League World Series

By Pete Wemhoff

Pitcher Earl Meyers, who has never lost a Little League game in three years, won his most important contest of the 1956 season last Thursday, when he led his Woods-Shores Tigers to a 5-0 victory over the Farms Indians to capture the Grosse Pointe "World Series" for the second year in a row.

More than 500 fans saw the final game at the High School diamond.

Meyers struck out nine Indians and walked two, while allowing only three singles which were spaced over as many innings. He helped his own cause with a double and a single, which was overshadowed only by the two-run homer hit by Bill Duell in the second inning.

Win Roland Gray Trophy
For Manager Charles Johnson, the championship victory was the 52nd win out of 56 Little League games he has participated in for four seasons. The Tigers, by their victory, won the Roland Gray trophy for the second straight year, and each team member was awarded a permanent gold statuette.

Each of Manager Hank Reynolds' Indians received individual silver statuettes as runners-up in the second annual tournament.

To reach the finals at Grosse Pointe High School Little League diamond, the Tigers had defeated the City's Braves, 9-5, at Ghesquiere Field. The Indians nosed out the Park's Orioles, 1-0, in seven innings at Defer Field.

In the Tigers' semi-final victory over the City, Mike Chanisian allowed the Braves only four hits while striking out 11 and walking five. He also slammed out a home run, while Dan Steffes had three hits, one a double, for the Tigers. Carl Haller was the loser, while Greg Miller pitched the final inning for the City.

Final Defensive Battle
The Farms-Park contest was a sparkling defensive battle, as well as a hurling duel between Bob Maniere and Dwight Stanley for the Indians and John Stanley and Don Vroom for the Orioles. Pitcher Maniere got both of the Indians' hits, one a double, while Marc Lonesk garnered the lone Oriole bingle.

The lone run in the Farms-Park game came in the seventh inning, when Matt Hoffman got on first on an error, moved to third on two walks sandwiched between two strikeouts, and was forced across the plate with the winning run when pitcher Pat Griffin, who at nine years of age was the youngest player on the field, worked Pitcher Vroom for a walk.

In the championship contest, the inning-by-inning play ran as follows:

First Inning
Indians—Jennings struck out. Stanley went out, pitcher to first. Maniere was hit by a pitched ball. Earl grounded out second to first. No runs, no hits, no errors.

Second Inning
Indians—Hoffman struck out. Beaupre walked. Dingeman struck out. So did Del Place. No runs, no hits, no errors.

Third Inning
Indians—Steffes singled. Duell homered far over the left field fence, scoring behind Steffes. Phillips walked but was thrown out at second. Novak struck out. Johnson walked, got to second on a throwing error. Meyers walked. Neal doubled to center, scoring both Johnson and Meyers. Renny fled to right. Four runs, three hits, one error.

Fourth Inning
Indians—Hoffman singled to center but was out stealing second, catcher to shortstop. Beaupre and Dowell, who replaced Dingeman in left, both struck out. No runs, one hit, no errors.

Fifth Inning
Indians—Del Place was out, pitcher to first. John Griffin,

who replaced Chope, struck out, and Jennings fled to center. No runs, no hits, no error.

Sixth Inning
Indians—Stanley singled to center. Maniere fled to right. Stanley stole second, but was out trying for third on an over-throw. Earl walked. Hoffman popped to the catcher. No runs, one hit, one error.

Pete Stroh Wins Top Fleet Honor

Pete Stroh, one of the hottest Luder 16 skippers on Lake St. Clair, won the Lake St. Clair Luder fleet Sunday series last Sunday with a .927 percentage. Ledge Mitchell finished second with .900 squeezing out Ward Detwiler who was third with .899.

Fred Fisher will represent the Lake St. Clair fleet in the Luder Internationals to be held at Indian Harbor Y.C. at Greenwich, Conn., on August 20-22.

In the race for the L-16 DRYA crown Ledge Mitchell holds a commanding edge over Stroh and Detwiler with three races remaining. Mitchell, currently, has a .940 percentage and is followed by Stroh with .885 and Detwiler .858. Five other boats compete in the class but are out of the running for the title.

On September 2-3 the Lake St. Clair fleet will play host to three Chicago and three Grosse Ile skippers in a three race round robin series to be held off the Little Club dock.

Jaycees Plan Swimming Meet

The Grosse Pointe Junior Chamber of Commerce will sponsor the First Annual Grosse Pointe Swimming Championships at the Farms pier on Saturday, August 11, at 2 p.m. The meet will feature boys and girls, from each of the five Pointes, competing for ribbons which will be awarded by the Jaycees.

Events will include a 25-yard freestyle swim for boys and another for girls in five different age groups ranging from 8 to 16 years. Other events will include a 25-yard backstroke swim and a 25 yard breast-stroke swim in the same age groups, as well as two relay races—one for boys only and another for two boys and two girls.

Through the combined efforts of the park directors and the Grosse Pointe Jaycees, it is hoped that this meet will be an annual affair and eventually branch out into various other phases in the Jaycees' program of inter-park sports competition.

The nation's three largest steel companies mined more than 40.5 million tons of bituminous coal in 1955, more than half of which came from the mines of one company, U. S. Steel Corp.

Two Pointe Teams Entered In Little Football League

An eight team Metropolitan Detroit Little League Football loop including two teams from the Pointe area has been formed. It was announced this week from Park Little League headquarters.

The directors, in cooperation with Joe Gembs, former U. of M. great and past coach of the Wayne U. eleven and now Pop Warner Midget Football League Commissioner, have drafted a seven game schedule complete with pre-season scrimmages, post season cross-town games and an All-Star Philadelphia exhibition game.

Initial sign-up for the two Pointe squads, the Rams and Lions, took place Sunday, August 5 at 1 p.m. at 1310 Grayton in the Park.

Open to 9-12 year olds, each squad will have both a varsity and freshman squad.

In its fourth year, the League, headed by President Hugh J. Phillips, will supply a well organized and well rounded three months of competition.

Overseeing the Rams' activity will be Head Coach George Schultz and assistants Walter Ludek, Jack Stephenson, Ted Fedoruk, Maurice Peryn and Woodrow Wilson.

Murry F. Robertson will head up the Lions staff. Assisting will be George Verdonok, John Tuttle, George Ghesquiere, Ed Oldani, Mike Telep and Larry Conlan.

The league has announced that it will supply players with helmets, face masks, shoulder pads, practice and game uniforms (jerseys, pants and hose) and a park. Parents of the players must supply all other necessary items plus cleats available from the league at reduced prices. Each boy participating will be adequately covered by insurance during practice and travel.

To qualify for the program, the boy must be a Pointe resident, within the age limit, and in good physical condition. For registration the boys had to produce birth certificates, baptismal certificates or letters from the Board of Education certifying age, unless he had been previously registered in the league.

The registration included a physical examination by a registered doctor, but those who wish, may have the physical done by their family doctor, who may then sign the registration blank.

Equipment was issued with registration. Arrangements will be made at a later date for those out of town during the registration.

The league announced that practice sessions will begin Monday, August 20, and will continue daily until the season opens September 8. Weekend practice sessions will be up to the discretion of the coaches. After the start of the season, Monday practice drills will be eliminated. In case of rain, sessions will be automatically cancelled. If the field is too wet to scrimmage, scull sessions will be substituted.

The Lions will practice at the Neighborhood Club field. The schedule, which opens September 8 with an exhibition game, includes such teams as the Birmingham Wolverines, the North and South squads from St. Clair Shores, the Birmingham Tigers, the North and South squads from Royal Oak, the Lincoln Park Bears and an exhibition game with Dearborn.

The league plans to choose the outstanding players from the two Pointe squads and take them to Philadelphia where they will play an exhibition game with Phillie All-Stars. The players will be housed in homes of Philadelphia players and will be taken on a historical tour of the city. The league stressed that this trip was not for competition in a tournament of championship teams.

ARNOLD.

Missing Buoy Sinks Yacht

For the want of a marker buoy a boat was lost in the St. Clair River last Friday morning, August 3, as it was returning from the Bayview-Port Huron-Mackinac race and Georgian Bay cruise.

Bill McCurdy's sloop "Challenge" was returning home down the St. Clair River under power in the black of night, but moving along in what skipper McCurdy thought was safe water, about a half mile below Marine City and 200 feet offshore.

Wham—the beautiful 32-foot yacht lurched sickly and McCurdy, thinking he had struck a rock veered sharply to port to get into deeper water. The cabin top, "Challenge" came received another fatal blow. The ship's clock stopped at 2:35 a.m. Friday as the swift St. Clair River water closed over the cabin top. "Challenge" came to rest atop an old sunken wreck in 18 feet of water.

The wreck is listed on the chart but is NOT MARKED. Why it is not marked is not a mystery. The wreck was buoyed last year but the ice carried it away. The Coast Guard steadfastly refuses to place a lighted buoy on it despite the repeated requests of boatmen.

No less than four boats have slammed holes in their bottoms and sunk. The salvage costs alone have been enough to pay for two buoys. Altogether 12 boats have hit this hazard to navigation since the buoy disappeared.

"Challenge" was raised by a salvage company the following day. Her bottom badly scarred and showing four gaping holes, she was able to be refloated after temporary patches were put in place.

Ray Priebe with his big yawl "Borealis" was on his way to St. Clair when he recognized the "Challenge." A quick change in plans and "Challenge" was taken in tow. Elmer Wagner left the Priebe party and joined skipper McCurdy for the long tow home which ended Sunday night when "Challenge" was put on the ways at Bayview.

"Challenge," if you recall, was "pickle boat" of the Port Huron-Mackinac race but is the pride and joy of Bill McCurdy, who had her brought from Norway three years ago. For the past two years she has been in his backyard undergoing a complete refurbishing job. She had only been in the water a few days prior to this year's race and was as neat as a pin.

She's not that way now. While she was submerged a freighter dumped her ballast upstream of the wreck and "Challenge" became a soggy, oil soaked hulk.

The heartbreaking part of the whole affair is the fact that skipper McCurdy neglected to take the advice of his friend Bob Adams and put insurance on the yacht before leaving for Mackinac.

It seems ironical that "Challenge" could dodge all those "Filthy McNastys" (slightly submerged rocks), in Georgian Bay and then climb aboard an old sunken wreck in the beautiful blue water of the St. Clair River, which still remains a menace to boatmen because the authorities WILL NOT MARK IT WITH A BUOY.

COAL CONVEYORS have been used in bituminous mines for quite a while and have led to development of what can best be called "manveyors" to carry the miners to their jobs. This specially adapted conveyor belt carries mine personnel at the rate of one man every four seconds and allows 10 feet of space per man, or 900 men an hour.

Four Tie for Top Honors In Children's Swim Meet

The City of Grosse Pointe's Second Annual Children's Swimming Meet took place Saturday, August 4, before a near capacity crowd of over 500 residents.

Although the weather threatened throughout the day, less than five contestants missed the races.

Four Tie For First
Final tabulation found that four contestants were tied as high point winners for the Norbert P. Neff trophy, inaugurated this year by the City Council to honor Neff, City Manager. They were Lois Blackburn, Niel Hakken, Bill Maynor and David Kothe. Each had 15 points. The names of all four will be inscribed on the perpetual trophy to be exhibited at the park.

Summary
The results of the races are as follows:

25 yard free style — 8 and under, Boys; 1. John Candless 2. Nicky Kothe 3. Bob Eckert. Girls; 1. Shari Strachen 2. Mary Jane Coppock 3. Ann Farnum.

25 yard free style — 10 and under Boys; 1. Jack Teetart 2. Jack Koerber 3. Jack Parent. Girls; 1. Mary Ellen McLean 2. Shari Strachen 3. Mary Jane Coppock.

25 yard free style — 12 and under Boys; 1. Neal Hakken 2. Lary Crnkovich 3. Steven Kothe. Girls; 1. Lois Blackburn 2. Jean Cook 3. Janet Winfield.

25 yard free style — 14 and under Boys Tied for 1. Mike Kelly, Dave Kothe and Dennis Moore 2. Jerry Mehl 3. Jerry Chouinard. Girls; 1. Jack Koerber 2. John Dinley 3. Barry Trombly.

25 yard breast — 10 and under Boys; 1. Jack Koerber 2. John Dinley 3. Barry Trombly. 25 yard breast — 12 and under Boys; 1. Jim Chouinard 2. Larry Crnkovich. Girls; 1. Jean Cook.

25 yard breast — 14 and under Boys; 1. David Kothe 2. Martin Peters 3. Jerry Mehl. 25 yard back — 10 and under Boys; 1. Fred Parent 2. Allen Willey, tie for 3. Jack Parent and Fred Hatch. Girls; 1. Lois Blackburn 2. Nancy Fisher 3. Janet Winfield.

25 yard back — 14 and under Boys; 1. Dennis Moore 2. Mike Kelly 3. Jerry Chouinard. Girls; 1. Shari Strachen 2. Mary Jane Coppock.

25 yard back — 16 and under Boys; 1. Bill Haynor. 100 yard Boys Relay Winners; Jeff Colegrove, Neal Hakken, David Kothe and Steve Kothe. 100 yard mixed Relay Winners; Mike Kelly, Jean Cook, Lois Blackburn and Bill Haynor.

But for 68 intrepid souls, the Windsor Yacht Club's regatta would have been a miserable failure last Saturday, August 4, on Lake St. Clair. A tremendous downpour the morning of the race left skippers debating, but 68 of them played a hunch and took the weatherman's prediction at face value.

He said the rain would stop before noon—it did and the reduced fleet had a beautiful race under sunny skies and a dandy 15 to 18 mile per hour southeasterly breeze.

Even though the fleet was small that didn't keep Commodore Earl Harding's Windsor Yacht Club from being perfect hosts, as they always are.

Frank White's "Tigriss," who was marked as a DNF. No Cruising B boats came out to play but the Cruising C yachts were out in force. Maury DeClercq, sailing Carl Ness' "Happiness," chased young Liwyd Ecclestone's "Bikini" all the way around the triangular course and was close enough behind at the finish to win on corrected time. "Bikini" being sailed the best she has ever been since coming here two years ago, placed second ahead of Hank Dunlap's "Albacore."

Boyd Benkert continued to make shambles of the Raven class, leading Jim Mason and Roy Barbier over the line in front of the host club by a good margin.

George McCormick increased his lead for the L. Class DRYA championship beating last year's champion Freddie Jensen and Guy McNaron in that order.

Sid Marsh, with a brand new mainsail and lead in his keel, captured his first race of the year in the Privateer class beating an old campaigner, Jimmy Trudell, who was sailing Oscar Carlson's "Spindrift" and Jack Wagner in "Wind Toy."

Fred Fisher paced the Luder 16 fleet with Pete Stroh taking second ahead of Ledge Mitchell. Dick Hill won a two boat race in the Crescent Class with Doc Babcock second.

Duke Huber, Riney Zeidler and Bud Wellman finished in that order in the K class (privately owned catboats), and Mary Hesse of the Detroit Yacht Club won the CK Freestayer-All class honors.

The Detroit Boat Club outboat team scored 33 points to win the team event ahead of DYC with 21; Edison Boat Club was third with 14 and St. Clair Y.C. 10.

Other winners were: Bob Livingston in the B Universal; Don Fairchild in the Lightning class; Meryl' Ann in the Junior Knarr and Doug Wake in the Thistle class.

Crescent Sail Yacht Club will stage the next DRYA regatta on Saturday, August 18, which immediately follows the climax of the Inter-Lake regatta at Put in Bay.

Boat Banter

By Fred Rummels

Sailors from as far north as Bay City and as far south as the Ohio River will begin wending their way to some of the greatest sailing waters on the Great Lakes—Put In Bay.

Why are they concentrating on this spot? Why, it's the Inter-Lake Yachting Association's 63rd annual regatta; three glorious days of red hot racing off the shores of the island that produces the grapes and palatable wines.

This is the oldest regatta on the Great Lakes and was first held in 1884 through the efforts of Commodore George W. Gardner.

There has been much history packed into the years since that first regatta. Although the event has been primarily for sailing races, the ILYA sponsored the first motor boat races ever held. In 1938 a boat powered with a White Steamer engine travelled 28 m.p.h. to set the world record.

Back in those days public interest was as high as it is today. Newspapers used carrier pigeons to bring in the results at the end of each leg of the course.

In 1908, Lucas Beecher of the Toledo Blade got Lee De Forrest, inventor of the radio tube, to broadcast the results to a receiving station at Monroe, Michigan. DeForrest had the use of the yacht "Electra" to follow the races and she followed the boats with a huge aerial suspended between her masts. This was the first time wireless had been used to broadcast a sporting event.

The world's first seaplane races were held during the 1913 regatta which was the centennial celebration of the Battle of Lake Erie. Weather played havoc with this part of the program and the planes couldn't take off. The pilots' contracts stated they would only be paid for the time they were aloft. Consequently, once they got into the air they just stayed up there, trying to earn their expenses for the week, and refused to waste time racing.

Another first was added to ILYA history this year—the Junior Race Week—which took place August 6 to 10. Twenty one junior crews vied for the Wakefield Trophy and the right to represent the ILYA in the Sears Cup series to be held at Montreal, Quebec, under the sponsorship of the St. Lawrence Y.C. later this month.

During the regular ILYA regatta the sailorettes will chalk up another first. The girls will compete for the Ann McBride trophy, emblematic of the ILYA's women's championship.

The highlight feature of the week will be Wednesday, August 15, at which time there will be a pageant depicting Commodore Oliver Hazard Perry's memorable victory in the War of 1812 on the same waters the modern yachtsmen sail.

Preceding the races at the Bay will be long distance races for the larger sail yachts. The Cleveland boats will leave Rocky River at 8 p.m. Saturday, August 11 and the Toledo

Hawthorne Wins Outboard Classic

Grosse Pointe Gene Hawthorne Jr., captured one of the most coveted of stock outboard prizes, the famous Winnebago Marathon last Saturday, August 4. This victory in the B Utility class coupled with his victory in the same class in the Belle Isle Marathon earlier in the year has enhanced his national point standings.

Skip Forcier, racing son of Mr. and Mrs. Hank Forcier, ran into trouble early in the race when he flipped his C Utility boat. Last year Skip was leading the field with the finish line in sight when he broke a steering cable and was forced to withdraw. Currently, Skip is holding down third place in the national point standings.

Five Belle Isle Outboard Club drivers have qualified in the Regionals and will compete in the Divisionals to be held at Winnebago, Wisconsin, August 12.

At a meeting of the Belle Isle Outboard Club, Monday, August 6, members voted \$250 to be used to send the drivers who qualify in the divisional championship race, to the National Championship and Mile Trials which will be held at Cambridge, Maryland, August 23-26, under the sponsorship of the Cambridge Y.C.

yachts will leave the Toledo Harbor light at 9:30 a.m. Saturday. Detroit yachts will not get away until Monday, August 13, at 9 a.m. from the Detroit River light.

Already 23 yacht clubs have entered Junior crews to vie for the Wakefield Memorial Trophy and the privilege of representing the ILYA in the series for the North American Junior title and the coveted Sears Cup at the Royal St. Lawrence Y.C. in Montreal, Quebec, August 27-30.

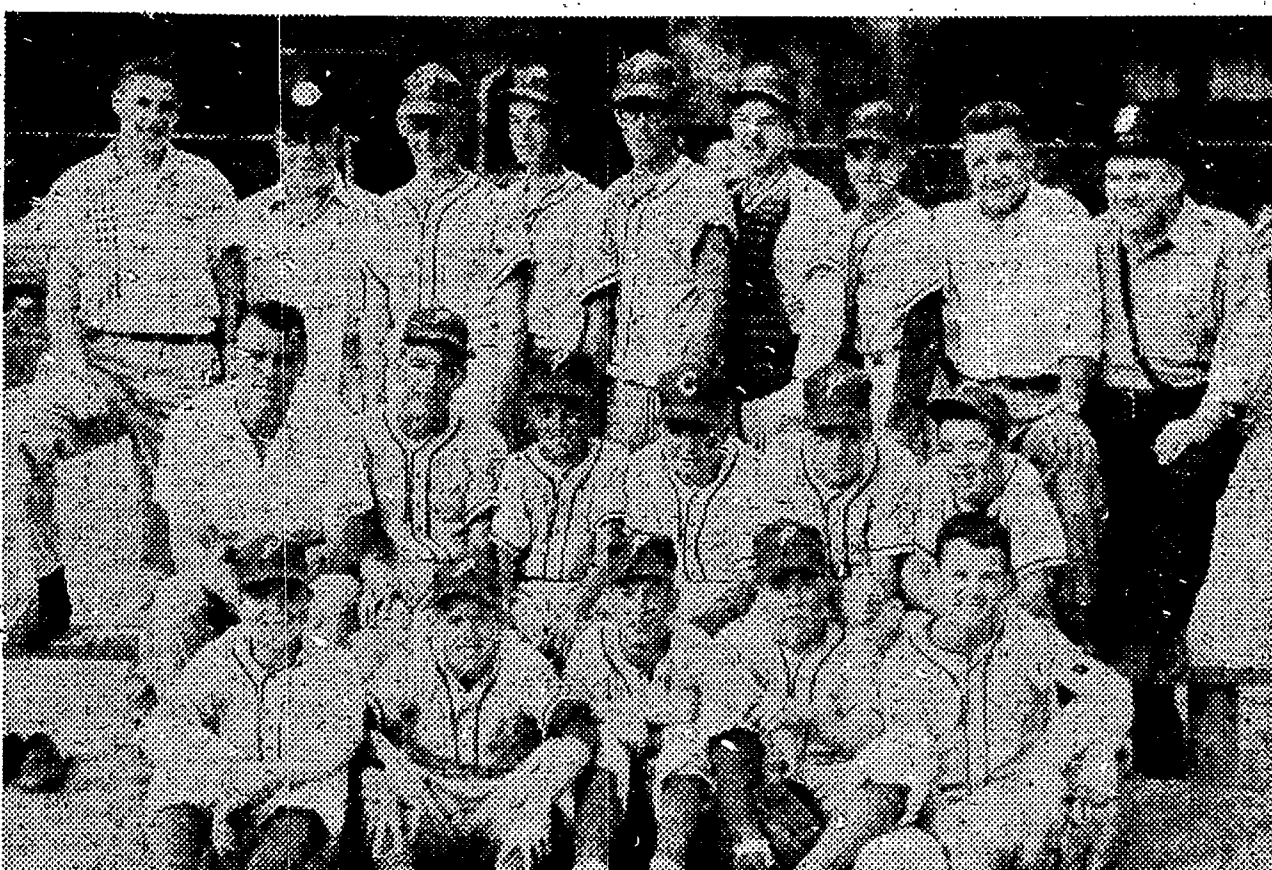

The eventual representative in the Sears series will have a tough row to hoe before he reaches Montreal. At the Bay the crews will race in round robin series until all but six are eliminated. Those six will compete in a round robin series with the winner being awarded the Wakefield Memorial Trophy.

The Ohio and Erie crew placing the highest in the final series will receive the H. Clay Stier Trophy and the top Michigan and Detroit River crew will receive the Allen Hall Trophy put into competition by Rear Commodore Cal C. Canfield.

Care of the boats, Rebel class sloop "Annuity VII", probably the smallest yacht at the Bay, will be the flagship of this huge fleet. Incidentally, Comm. McBride is only the second inland lakes skipper to be elected to the post of commodore in the history of the ILYA.

Sound like fun? Why not add your boat to the list of starters in the ILYA's 63rd regatta? ILYA boasts of being the largest yachting association in the world. Seventy one clubs are members and it represents 17,000 yachtsmen who own 7,000 boats and yachts.

Phillies Cop Babe Ruth League Title

The Phillies, above, sponsored by the Fraternal Order of Police, were the 1956 winners of the National League title in the Grosse Pointe Park Babe Ruth League. They are: 1. r. bottom row, DAVID SCHUMAKER, GARY BROWN, MICHAEL VAN LOKEREN, DICK CHOUINARD and DICK AUBLE. Second row BILL BROWN SR., co-manager,

RUSS PECK, GORDON VANDERBURG, PHIL HAMILTON, RALPH HEIKKENEN and PAT MCCORMICK. Top row BILL BROWN, coach, JIM KELLY, coach, STEVE TROWBRIDGE, TOM FINCH, BILL NOLTE, BOB HUNT, JIM HOWARD, LOU HUNT, co-manager, and CHARLES SLUSSER, F.O.P. president, Lodge 192.

Juniors Racing at Put In Bay

The first Inter Lake Yachting Association Junior Race Week got underway on Monday August 6, and by that time 92 boys and girls between 13 and 18 years old had gathered at Put In Bay for this event.

Already 23 yacht clubs have entered Junior crews to vie for the Wakefield Memorial Trophy and the privilege of representing the ILYA in the series for the North American Junior title and the coveted Sears Cup at the Royal St. Lawrence Y.C. in Montreal, Quebec, August 27-30.

The eventual representative in the Sears series will have a tough row to hoe before he reaches Montreal. At the Bay the crews will race in round robin series until all but six are eliminated. Those six will compete in a round robin series with the winner being awarded the Wakefield Memorial Trophy.

The Ohio and Erie crew placing the highest in the final series will receive the H. Clay Stier Trophy and the top Michigan and Detroit River crew will receive the Allen Hall Trophy put into competition by Rear Commodore Cal C. Canfield.

Care of the boats, Rebel class sloop "Annuity VII", probably the smallest yacht at the Bay, will be the flagship of this huge fleet. Incidentally, Comm. McBride is only the second inland lakes skipper to be elected to the post of commodore in the history of the ILYA.

crew judged to have done the best job in keeping their boat the neatest will be awarded the Comm. T. B. Farnsworth "Ship-shape" Trophy.

The Put In Bay Y.C. has provided a perpetual trophy which will be earned by the crew showing the best sportsmanship during the Junior Race Week.

Contestants will be housed at the Wa-Li-Ro Episcopal Choir School's Put In Bay camp and will be under planned adult supervision. An extensive entertainment program has been planned which will keep the junior sailors busy during the hours they are not racing. A strict curfew will be enforced.

Inter Lake Commodore Dan McBride and his flag officers will officiate during the regatta. The multitude of preparations that have gone into making the first Junior Race Week a reality has been tremendous. Such men as Stan Puddiford, racing; Ray Green, crash boat; Vice Comm. Frank Martin, course patrol; Dean Rappich, transfer boat; Bob Whittaker, sails and gear; Rev. and Mrs. R. Malcolm Ward, entertainment; Chuck Hurlbut, ship inspection; Jack Springer, spectator boats; Dr. and Mrs. Allen Neff, housing and registration; Mrs. Edward Traverse, adult housing and Comm. Ted Farnsworth, trophies.

Nationals Take All-Star Title

The All Star Championship of the Farms-City-Park Babe Ruth minor league was won in surprising fashion by the underdog National League on Saturday, July 29, on the Neighborhood Club diamond.

The American League, pregame favorite, jumped off to a two-run lead in its half of the first inning but the Nationals bounced back to tie the score in the bottom half of the first.

A five-run spurge by the Nationals in the second inning put the game on ice as winning pitcher Chip Noecker baffled the Americans for the final two innings.

In the final inning, the seventh, Chip got in trouble by an excellent running catch by left fielder Tom Carver produced the first out with the bases loaded. Noecker then struck out the next batter and on the third strike catcher Chuck Newcastle lobbed a peg down to second baseman Johnny McNamara to catch the runner trying to advance after the third strike.

The victory was especially tasty to four members of the Cincinnati Reds whose team had not won a game all season in regular play.

Chances have danger signs written all over them, but still find millions of takers.

City Offering Swim Classes

The City of Grosse Pointe is beginning another series of swimming classes for residents to last for two weeks beginning August 13.

Applicants may sign up now for the following classes that will meet for one-hour Monday through Friday: — Beginners, Intermediate, Advanced, Junior and Senior Lifesaving and the Get Acquainted to the Water

Class for children 4 and 5. For additional information, inquire at the City Park check-room.

One hundred sixty-six Navy men wintering over in the Antarctic were supplied with 962,383 pounds of food. Half of this is reserve supply in case ships can't reach the bases in 1956-57.

Midget Tennis Tourney At Neighborhood Club

Entries are now being taken for the 4th Annual Midget Grosse Pointe Tennis Championships to be held on the courts of the Neighborhood Club starting August 20. This tournament is open to all boys and girls 14 years of age and under.

The finals will be held on Wednesday, August 22. George Neirnick will act as umpire for the final matches. Entry fee is 25 cents. Trophies will be presented to all finalists.

The past Midget Championships winners were: 1953, Mack Wiener, 1954, Ralph McElvenny; 1955, Mike Cavanaugh.

For further information call Lou Gardella at the Neighborhood Club, TU 5-4600.

Are you 72 or older and still working? Any one 72 or older who is eligible for monthly social security benefits may receive these benefits no matter what the amount of his present earnings. If you are one of these people, you should call at the social security office for further details.

Forced Off Road; Car Hits Sign

City police were notified of a minor automobile accident on Tuesday, July 31, at Mack and Cadieux.

George D. Sherman of 307 Rivard boulevard, called the station to report his car was responsible for knocking down a sign which was located on the center island of Mack avenue.

Sherman said he was driving his 1956 Buick east on Mack when he was forced into the island by a car which passed him on the right. The other car did not stop when Sherman's Buick went over the curb and into the sign.

No violations were issued.

Ann P. Barker Married At Ceremony In Dallas

Recent rites in Christ the King Church, Dallas, Tex., united in marriage Ann P. Barker and Ernest R. Procalo.

The couple's parents are Mr. and Mrs. Samuel J. Barker of Fisher road and Mr. and Mrs. Michael Procalo, of East Rutherford, N.J.

Windstorm Precautions Can Save Lives, Property

Violent windstorms each year cause untold damage and loss of life which often can be avoided if a few precautions are taken. Here is how to protect yourself, your family, your property.

Tornadoes Tornadoes, most destructive of all storms, may appear with little warning. Fast action is necessary to escape their fury.

Safest place to be during a tornado underground in a storm cellar. Next best is within a reinforced concrete or concrete or steel-framed building, near an inside wall away from all windows.

At home, if no storm cellar is near, corner of the basement nearest the approaching tornado is safest, particularly in wood frame houses. If in a basement house, seek shelter elsewhere—even an open ditch offers some protection.

Avoid auditoriums, gymnasiums, other buildings having large area roofs relatively lightly anchored. They may collapse.

In open country move at right angles to the tornado's path. Most tornadoes travel at 25 to 40 miles an hour. A person in an automobile can usually outrun one. If there is no time to escape, lie flat in the nearest ditch, ravine, or other depression. Don't stay in an automobile which may be rolled over and crushed.

Hurricanes Hurricanes affect much larger areas than tornadoes, but their winds are not as strong. Adequate warning of their approach is usually available so that precautions can be taken to prevent injuries and damage.

Measures which minimize hurricane damage are equally valuable in other windstorms of lesser, but none-the-less destructive, magnitude. The National Board of Fire Underwriters suggests the following precautions:

Before a Storm Before a storm, tune to radio and television broadcasts of latest weather bureau information. In case of power failure, a battery-powered radio will come in handy.

Go inland. Get away from beaches and the low waterfront which may be swept by storm waves. Hurricanes bring abnormally high tides, high waves.

If your passage to safety is over a road likely to be under water, leave early. Otherwise you may be trapped by high winds and rising waters preceding the arrival of the storm center at the height of the storm is exceedingly dangerous.

If your house is out of danger of waves and is substantially built—anchored to strong foundations and with its roof securely fastened—it's possibly the best place for you to stay.

Put loose material and movable objects such as garbage cans and porch furniture where they cannot be blown against the building or through a window. Movable awnings should be raised and securely tied or removed entirely.

Keep trees pruned away from your home. Dead branches, overhanging branches, and those which may sway against windows or roof are the most likely to cause damage.

In seriously threatened areas board up windows or put storm shutters in place, at least on the sides exposed to the most violent winds. Shutters should be securely fastened several hours in advance of the expected arrival of the storm. They are difficult to handle in a high wind.

Use good lumber and attach it firmly to the building. Make-shift boarding or insecure shutters often blow loose, do more damage than none at all.

Garage doors and others having large exposed areas must be secured particularly well.

Sterilize and fill jugs, bottles or cooking utensils with fresh water. The water supply may fail. A tub filled with water may be useful, too.

One or more windows can be kept open on the lee side—the side opposite that from which the wind is coming—to provide some ventilation and, under certain conditions, to prevent wind damage.

If wind or flying objects make an opening on the windward side of the building, wind pressure will build up within the building. Having an opening on the lee side will allow this pressure to escape, minimizing the interior forces tending to lift the roof or push out the walls.

Only small openings are advisable as long as the windward side remains intact. But as soon as windows are broken additional openings should be provided on the lee side to help equalize the pressure.

Have a flashlight in good working condition readily available. Be careful of fire. If oil lamps or candles must be used for emergency lighting, use them carefully. In an emergency a bucket of sand can be used to absorb spilled fuel or to smother a small oil fire. Better still would be a fire extinguisher of a type approved for use on flammable liquids. Be sure it is in good condition and you know how to use it.

Have extra food on hand, food that can be eaten with little or no cooking. Remember electric power failure may leave you without refrigeration.

Emergency cooking facilities should be in safe working condition. Be particularly careful with appliances in questionable condition because of long disuse. They may cause a fire.

After a storm, don't hinder first aid and rescue work. Unless qualified to render valuable emergency assistance, stay away from disaster areas.

If you must drive immediately after a storm, drive carefully. Watch for fallen wires and tree branches. In coastal areas or near swollen streams, beware of wash-outs and undermined pavement.

Don't touch dangling or loose power lines or electric wires. In a storm the live power lines may become entangled with metal fences, telephone and other wires. Contact, in some cases, would be fatal.

Even after water service is restored, it may be wise to boil or sterilize drinking water until otherwise advised by your local health department.

Be careful of fire at all times. Damaged communications may result in a delayed fire alarm; debris-obstructed streets can slow response of fire apparatus and low water pressure can make fire fighting difficult.

Feature Page

who, where and whatnot

by wboozit

A black wool and ribbon knitted dress, with scoop neckline, cap sleeves and very full skirt, is fetching on MRS. GEORGE MAGHIESE. Equally striking is her jewelry, which she purchased in Mexico—a charming arrangement of silver triangles and circles in matching necklace, earrings and bracelet.

Fans of the jeweled sweater on these cool summer evenings are MRS. JOHN BUSCH (hers worn over a pale pink linen sheath) . . . and MRS. J. C. TAPERT (hers matching a frock of blue linen).

Simply must mention MRS. HENRY R. KLEIN'S lovely two piece formal of white lace. With its unusual cut-out neckline, she chooses to wear her beautiful circlet of diamonds . . . and a perfect complement to the ensemble is her white cashmere sweater with white fox collar.

Nominee for the "Cat-of-the-Month" department is "Taffy," favored feline in the LARRY TISDALE home . . . particularly with sons of the household, BARRY and GREG.

Taffy is the pussy-cat who was doused in the automatic washer and lived to tell the tale. Taffy who took to taking catnaps inside the washer, one day found herself well-soaped and bleached revolving with a load of clothes, before a member of the family discovered her plight and came to the rescue.

PILFERINGS

George Jessel says that a toastmaster is a man who eats a meal he doesn't want so he can get up and tell a lot of stories he doesn't remember to people who've already heard them.

On a lecture tour, Louis Untermyer told a Texas audience all his best stories. After the lecture he was presented with a check, which he realized had been rather a burden on the committee.

With a wave of his hand, he offered it back to be put to some good use. The committee faltered. They retired to a back room to decide what to do.

The problem settled, they returned, accepted the check and said that it would be the beginning of a special fund. "And the purpose of this fund?" asked Mr. Untermyer. Their eyes fluttered unhappily. "It's a fund to get better lecturers next year," they said.

At Jack Dempsey's cafe one prize fighter bragged to another: "Once I fought Jack and had him awfully worried in the third round—he thought he'd killed me!"

In Northampton, Mass., a Smith College freshman scrawled as her denominational preference: "I like to be called Betty."

Sir C. Aubrey Smith, grand old gentleman of stage and screen, liked to dine quietly. Consequently he was rather put out when, in a Hollywood restaurant, he happened to be seated near a noisy diner who kept yelling for the waiter.

"What do you have to do," demanded the pest finally, "to get a glass of water in this dump?"

The sedate, polished Sir Aubrey turned to the noisy one and quietly said, "Why don't you try setting yourself on fire?"

Some years back, many irate Chicago citizens were complaining to the Better Business Bureau about having merchandise mailed them that they had not ordered and did not want—and then being billed for it.

A Chicago physician received such a package with the following letter: "We are taking the liberty of sending you three exceptionally fine ties. Because these ties have the approval of thousands of discriminating dressers, we know you will like them. Please send \$2."

The indignant doctor replied: "I am taking the liberty of sending you \$2 worth of extra fine pills. These pills have helped thousands and I am sure you will appreciate my thoughtfulness in sending them. Please accept them in payment for the ties which you sent me recently."

Pointers of Interest

COMMODORE MERVYN G. GASKIN and MRS. GASKIN OF S. OXFORD ROAD with, left to right, MICHAEL, VICKI and DAVID

by Kitty Marriott

Mervyn G. Gaskin, 1956 Commodore of Grosse Pointe Yacht Club, is undoubtedly one of the busiest men in town. He has a dozen projects at his fingertips at all times, but any new duty he undertakes is certain to be well done.

Com. Gaskin leaves September 7 on the seventh world trade tour of the Detroit Board of Commerce. He has missed only one of these, last year's repeat trip to South America.

Purpose of these tours, he states matter-of-factly, is to meet with government and business representatives in the various countries to better trade relations, principally with regard to their exports to America.

His common sense view of this program typifies his down-to-earth attitude on every problem he tackles. "It's simple," the Commodore says, "they can't solve things by themselves. Either we give them the goods outright or we accept their exports and sell them the goods."

Round-the-World Trip He is proud that the Detroit B. of C. is practically the only one in the country that has such a program. This year's five and one-half week trip will take the representatives by air to Brussels, thence to the Belgian Congo; Stanleyville, Elizabethville, Johannesburg, South Africa; Kimberly, diamond mines, Capetown; to Perth, Melbourne and Sidney, Australia; New Zealand, the Fiji Islands, Honolulu, Los Angeles and back to Detroit.

Com. Gaskin has covered most of the globe in his travels, the Far East, the Mediterranean, all of Europe this side of the Iron Curtain.

Sense of Humor

A good sense of humor helps to keep him on an even keel despite the hectic daily schedule he keeps. At the outset of this interview, he solemnly handed over a clipping that he hoped "would be of assistance" to the reporter.

It was a picture of the Commodore, clipped from a Hong Kong newspaper, on one of his trips abroad with a fine story.

Has Many Interests

The Commodore was active in the work of reorganizing the Grosse Pointe Woods Community Club several years ago. He "used to have time to garden," and laid out the landscaping for his lovely home with "lots of trees, grass and flowers."

He enjoys music "but can't play anything," his cruiser, "Margaret G.," named after Mrs. Gaskin, is GPYC's flagship this season. He is a director of Manufacturers National Bank, of the Automobile Club of Michigan and of the Auto Club's Inter-Insurance Exchange.

Heads Several Companies

All of these activities, and we haven't even reached his full-time business commitments yet! Com. Gaskin is president of Taylor & Gaskin, Inc., structural steel firm, and of the Indiana Bridge Company, of Muncie, Ind.

Hospital Guild Plans Projects

The women of the Bon Secours Hospital Guild have a busy summer and an early fall program in the offing. Various projects will be put to consideration today at a luncheon meeting at the Grosse Pointe Yacht Club.

Though the projects are still in the early planning stages, General Chairman Mrs. Adolph Jacobson promised that the projects would be both entertaining and useful, community-wise. All proceeds will go to the hospital building fund.

Scheduled to attend today's luncheon are: Mrs. Joseph Kasper, Mrs. Toby David, Mrs. George DeSmyter, Mrs. John R. Hall, Mrs. Jack H. Hellers, Mrs. Joseph Woolfender, Mrs. Hubert Bowles, Mrs. Richard Boyer, Mrs. Hugh Bevier and Mrs. William Koerber.

Truck's Wheel Takes Solo Run

A freak accident occurred Thursday, August 2, on Mack and Allard in the Woods.

Robert Irwin, driving for the Bishop Electric Company of 13381 Mack, St. Clair Shores, heading north on Mack noticed a wheel rolling down the street in front of him. Thinking it strange, he almost immediately found out what it was. The wheel was his!

Though little damage was done to Irwin's vehicle, the runaway wheel struck a parked car owned by Joseph Bauderer of 1098 Hawthorn in the Woods, doing considerable damage to the side door panel.

Irwin was not ticketed when he agreed to take care of all damage costs.

Coming of Cinerama

More as a matter of civic pride than anything else, Com. Gaskin purchased Music Hall in December, 1952. Having had charge of the steel work when it was first built as the Wilson Theater, he knew it was one of the finest local theaters, and couldn't bear to see a parking lot replace the fine old building.

He had no idea what to do with the new property but when Cinerama came along, Com. Gaskin recognized its potentialities, and the rest is history. The first two Cinerama productions have played to packed houses for more than three years.

The third, Lowell Thomas' "Seven Wonders of the World" premieres on Tuesday, August 14, and with a true Gaskin touch, the opening performance will benefit Detroit Memorial Hospital.

They're Family Folks

The Commodore and his lovely lady, who reside this year at all official GPYC functions and dispense real hospitality in the performance of these duties, are an unassuming pair, devoted to their handsome family.

Son Michael is a Yale student, daughter Vicki attends the University of Colorado, and David goes to Phillips Academy at Andover. The Gaskins have resided in Grosse Pointe since 1939.

Station Wagon Won By Zuehlke

Earl Zuehlke, of 798 Balfour, last week became the first winner of a nationwide contest sponsored by several of America's largest pharmaceutical houses.

The contest is advertised on a radio show, and offers a new station wagon to the druggist whose name appears on the winning entry blank. The authors of the winning letters are awarded expensive watches.

Hot Weather Hints Offered

When the temperature reaches the high 80's, your body's cooling mechanism begins to work, you begin to perspire and this makes you feel better. Dr. Joseph G. Molner, commissioner of health, suggests that you drink enough water to replace that lost through perspiration.

The best temperature for drinking water is 40° to 45° Fahrenheit. Cold water of this temperature will not produce harmful symptoms. Dr. Molner says the average man working hard in very hot places is apt to drink one-third less than enough to satisfy his normal thirst and he should drink more than enough to satisfy his thirst when working in high temperatures.

These requirements may be one quart of water an hour or even more. Under these circumstances, it is easier to know that you are getting water from a glass or cup rather than from a spigot type fountain. When drinking from a fountain, the excessive swallowing of air and rinsing of your mouth may result in premature satisfaction.

Lemonade is a good hot weather drink and there is evidence that ascorbic acid contained in it and other fruit juices helps combat the effect of excessive heat.

The use of salt tablets is of doubtful value if you drink enough water. This does not mean that you should not use more salt, but should increase the amount you put on or in food.

The best type of clothing for hot weather is a porous weave material which absorbs moisture. It should be loose fitting and white or some other light color.

A rest period is more essential when working under conditions of excessive heat. Whenever possible, this rest period should be spent in a room where the temperature and humidity are lower. The temperature between 70° and 80° and humidity of 25 per cent or less is advisable.

Hot weather makes extra demands on circulation and your heart may pump harder and faster to send blood around to keep you cool. The faster the heart beats, the harder it works and the less time it has to rest.

When hot weather and vacations come, some self-restraint is needed regarding outdoor exercise especially for middle-aged persons and those who ordinarily do not exercise much. Swimming, boating, walking or running too fast, and climbing stairs unnecessarily makes extra work for the heart.

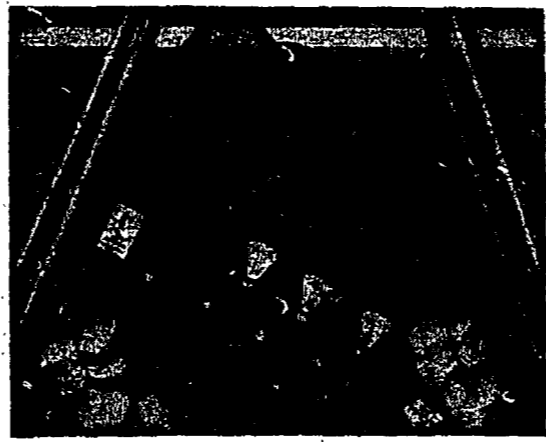

Pvt. Edwin S. Hiller Named Soldier of Week

INCHON, KOREA — Army Pvt. Edwin S. Hiller, son of Edwin M. Hiller, 5278 Lannoo, Grosse Pointe, Mich., recently was named Soldier of the Week for the Military Police Security Detachment of the 8224th Army Unit at Inchon, Korea.

A military policeman, he was selected for his soldierly appearance, knowledge of duties and military courtesy.

Hiller entered the Army in June 1955 and received basic training at Fort Carson, Colo. He was stationed at Fort Gordon, Ga., before arriving in the Far East in December, 1955.

APRICOT FRUIT BREAD

Contributed by Mrs. Henry R. Klein

- 18 dried apricot halves
- 1 c. water
- 1/2 c. sugar
- 2 c. sifted flour
- 2 t. baking powder
- 1/2 t. baking soda
- 1/2 t. salt
- 1/2 t. nutmeg
- 1/2 c. coarsely chopped nuts
- 1 egg
- 1/2 c. evaporated milk
- 1 T. lemon juice
- 1 T. melted butter

Cut apricots into little pieces. Add water and simmer until tender. Remove from stove, add sugar, stir until dissolved and let cool.

Sift flour with other dry ingredients. Stir in nuts and make a well in center.

Beat egg, blend in sweetened apricot mixture, lemon juice, milk and melted butter. Pour into well in dry ingredients.

Mix lightly and quickly until batter is just dampened (it will still be lumpy). Turn into loaf pan and bake 45 to 50 minutes

Pointe Counter Points

By Roberta Isley

If you expect to run your own show via movie camera or slides it's a good idea to have a spare Projection lamp on hand. These lamps for slide or movie projectors are available at the Camera Center, in the village.

The elegance of the fall season is lush fabrics and fashions. But it is more. It is also new coiffures. Emphasis could be on the back and profile . . . the chignon can be added for quick transition to longer hair. They do these new fashion hair styles with artificial hair pieces at the Lockmoor Salon of Beauty . . . all this, along with corrective coloring and blond tinting. They are real stylists when it comes to cutting, shaping and permanent waving . . . and LOVE to do long hair.

Boy coats in a superb blend of wool and Camel hair in camel or navy m'ears . . . sizes 5 to 15. They're tagged at forty-five dollars, at D. J. Healy's, in the village.

Did you know that the simplicity of Ann Fogarty's fall collection . . . those clothes especially fashioned of jersey and wool, lend themselves beautifully to monogramming? These originals reveal the versatility of our American Designer. Liked a good-looking jumper in grey tweed . . . ditto the honey colored jersey in Margaret Rice's new-season collection. 76 Kercheval, on the hill.

More seasoning for a vacationing anywhere is available to Pointer's this week through Irving's Storewide Clearance Sale. As we previewed the sale we saw five o'clock dresses . . . dresses for August or September weddings . . . we saw a dress of Swiss voile floating . . . here and there a skirt full of murruring pleats . . . a streak of silk yellow chiffon . . . linen classics . . . a navy suit of 100% wool . . . a costume as good in the fall as other seasons. There were summer blouses . . . intimate apparel . . . a few handbags as well as a few well chosen accessories. Coats were in this outstanding collection. All were marked down. As the sale draws to a close next week expect to see new season clothes. Every season means a completely new collection of merchandise at Irving's.

Wonderful way to brighten one spot in your boudoir or bath . . . use a delightful Lucite Kleenex holder in pink, blue or clear . . . find this at Trail Pharmacy, 121 Kercheval, on the hill.

The washable wool story: plotted with plaids, for the 7 to 14 miss! And what a wonderful story it is! The green and red plaid skirts and dresses might well become classics. You'll love the flat pleats that start below a flat waistline . . . the classic simplicity of the white round linen collar that tops a wool dress or blouse. It's a SURE thing they'll become you . . . these fall fashions at Young Clothes, Inc., 110 Kercheval, on the hill.

Ask to see the very new Oleg Cassini fashions the next time you pass by 76 Kercheval, on the hill. Spectacular is the word that describes this collection at Margaret Rice's.

She travels in fashion . . . she who travels in a wool knit costume. The sheath dress has contrasting trim on the collar . . . the cable knit jacket has the bulky look. Comes in powder, green, gray heather, brown heather . . . sizes 10 to 16 . . . around forty dollars . . . D. J. Healy's, in the village.

Another date really means another plaid cotton (with the look of wool) . . . and THIS dress like the others, are new in the world of fashion. The classic top had an eased in fully skirt . . . the colors were yummy . . . emerald green with shades of brown . . . plus a touch of red . . . Irving's, on the hill. P.S. Seads of the prettiest plaids for Juniors are arriving daily.

Expect to find, in this new season coming up, leather belts . . . but all dyed-to-match the Dalton co-ordinates at Margaret Rice's, 76 Kercheval, on the hill.

GM Reports Big Half Year Sales

Total dollar sales by General Motors in the first six months of 1956 were higher than in any first half year except 1955, Harold H. Curdick, president, and Albert Bradley, chairman of the board, announced recently in their quarterly report which soon will be distributed to more than 621,000 shareholders.

Sales totaled \$5,869 million in the 1956 first half, compared with the all-time record \$6,513 million in the first six months of 1955.

Defense sales continued to decline, amounting to 4 1/2 per cent of the total, or \$260 million, in the 1956 first half. In the same period last year, defense sales were 8 1/2 per cent of the total, or \$557 million.

Earnings on the common stock in the first half of 1956, after deducting dividends on the preferred stocks, were equivalent to \$1.80 per share. Net income totaled \$503 million after provision of \$563 million for United States and foreign income taxes.

In the first six months a year ago, earnings on the present common stock were equivalent to \$2.41 per share. Net income was \$661 million after provision of \$767 million for U.S. and foreign income taxes.
