HEADLINES of the WEEK As Compiled by the Grosse Pointe News

EGYPT'S PRESIDENT Gamal Nasser met with the five-nation committee today, to discuss the Suez Canal situation. But the climate for settlement appears to be growing warmer, since Russia, it is said, is prodding Nasser to hold out without a compromise. The newspapers in Cairo are stirring up anti-British feeling. And, to top this off, British and French officials are showing impatience over delays in getting the talks started.

Friday, August 31

FRENCH TROOPS saw violence almost as soon as they arrived on Cyprus Island, British stronghold, to form a Suez crisis base. More forces are expected to arrive from France. The new French position on the island is 250 miles north of the Suez Canal. A British tank landing craft in Famagusta Harbor was damaged by a minor explosion, believed placed on the ship by a frogman. The blast is considered perhaps the first act of violence by Cypriots protesting a British decision to let French forces base on Cyprus during the crisis.

The French sought and obtained permission from Britain to establish a base on the island so as to be in a position to protect French nationals in the event of a breakdown of negotiations to free the canal from Egypt's control.

Saturday, September 1

THE POLICE of Mexico City have recorded a new one. Three thieves, whose specialty was looting churches, informed authorities that they always knelt before the altar before committing a robbery. Ernesto Buz, Enrique Diaz and Salvador Monroy, said they believed all was forgiven because "God is too occupied with European affairs to pay any attention to us."

Sunday, September 2

DELEGATES from 5 nations converged on Egypt for a parley on the Suez Canal, and to see how far Egyptian President Gamal Abdel Nasser will go in accepting international control of the waterway. The Egyptians have been urged by Russia not to compromise. While sabre-rattling could be heard in the background, the emphasis is on peaceful settlement.

Most of the 18 nations which attended the conference in London, advocate a settlement without recourse to war, but Britain and France are strengthening their Mediterranean position in what they call a precautionary measure.

THE SECOND TRAIN DISASTER in India within two years cost the lives of 112 Indian passengers, with the possibility of the toll rising higher. Railroad officials said the engine and two passenger cars of the train crashed through a bridge in inky darkness yesterday, in Hyderabad State in South Central India, and plunged into a flooded river.

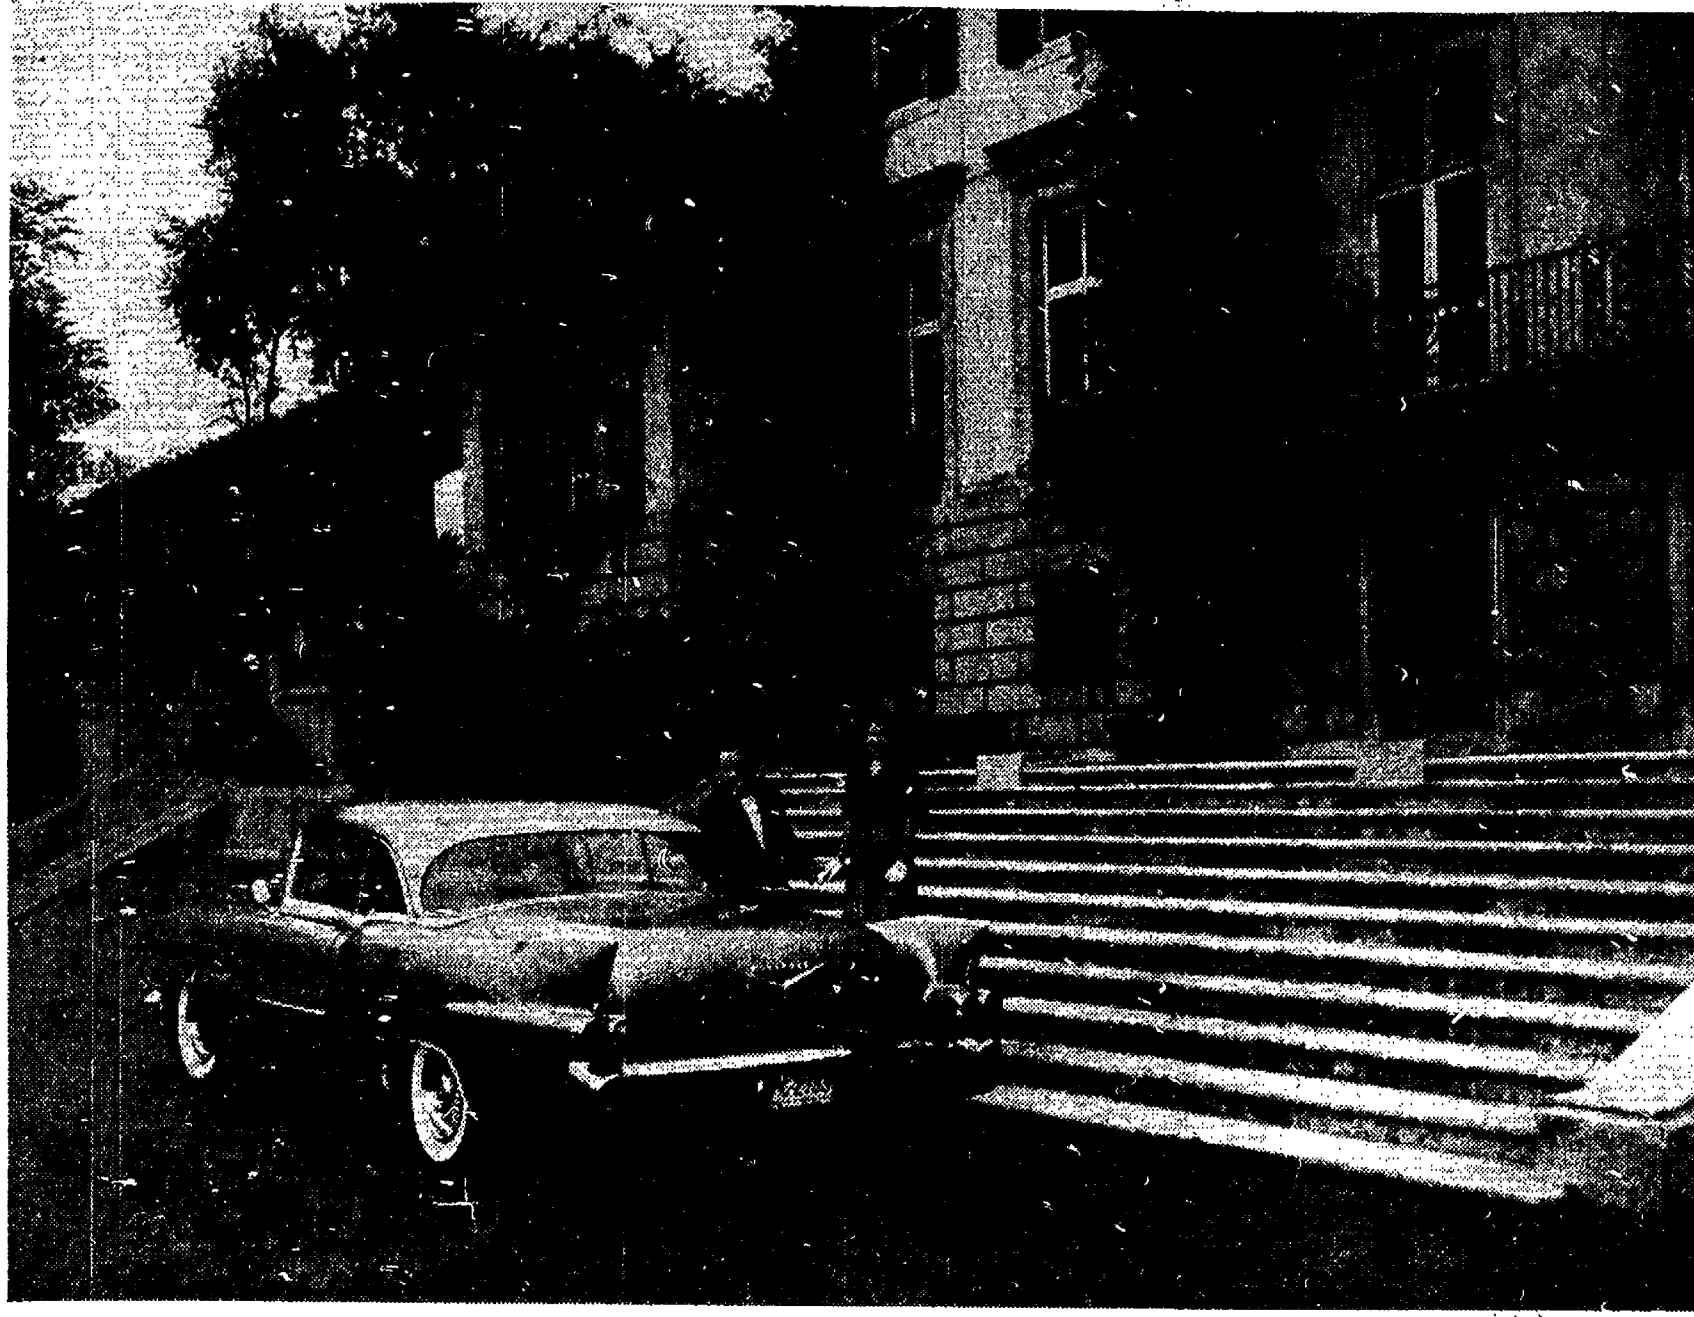

Tuesday, September 4

MILITIAMEN sent to Clinton, Tenn., were ordered to "get tough" and to see that no further crowds are formed by anti-segregation demonstrators. Tennessee Adj. Gen. Joe Henry, commanding the 633rd National Guardsmen, banned assemblies, public speaking and the use of public speaking systems outdoors and prohibited parking in the downtown area.

Wednesday, September 5

THE CHINESE REDS revealed they have recovered the body of one of the crewmen of the American Navy patrol plane shot down on August 23 by Red aircraft. The announcement of the recovery was made known by State Department Spokesman Lincoln White, who said the Red notified the British charge d'affaires at Peiping that the body was found August 31 on the beach of one of the Chushan islands.

Memorial Center Scene of Fashion Show Tonight

The beautiful terrace of the War Memorial Center will be the scene of the Man About Town and Country Fashion Show which will be held tonight, September 6, at 8 o'clock. The show is sponsored by the Grosse Pointe War Memorial Association as a community project, in conjunction with seven of the leading men's clothiers and Sports Illustrated magazine. Shown above are BRAD RICH and JOAN SATTLEBY, who will model at the show.

Library Sets New Records During Year

Over 20,000 Borrowers Take Out 139,437 Books, Documents and Periodicals

This summer marks the 27th year that the Grosse Pointe Public Library has been serving the community. Again this year all records were broken in the number of books used and in the general use of the three libraries.

The Pointe community of nearly 60,000 residents boasts that one-third of its citizens are registered users of the library. Many other make use of the available telephone reference service for factual questions.

Part of School System
Since 1929, the public libraries have been a regular part of the Grosse Pointe Public School System. They offer a diversity of services including readers' advisory and reference, children's programs including library visits by classes, book and library talks, monthly family night film programs, film, record and tool collections, and council rooms for community meetings.

During the past year, 15,000 children participated in organized activities planned by the (Continued on Page 2)

All-Pointe Tennis Tourney Outstandingly Successful

The First Annual All-Pointe Tennis Tournament came to a close last Sunday, September 2, when final round matches were played and court victors were awarded their trophies.

Nine of the Pointe's best racquet men and women, boys and girls, toted off first place awards. The eight-day tournament which drew over 90 players, was an even greater success than the Tournament Committee had hoped for. According to George Neirnick, co-chairman of the tourney with Gordon Wood, about 150 people watched the matches each day. There was no admission charge.

The men's singles were far and away the most interesting of the final matches. On Sunday Wiener captured top honors after downing Joe Kristufek, 7-5, 5-7, 11-9. The two-hour and 45-minute marathon match saw Wiener, who won the

Teaching Staff Additions Include Phi Beta Kappas; 73 Replacements Revealed

Public School System Hires 60 New Faces; Newcomers Earned Degrees in Total of 39 Different Colleges.

Six Phi Beta Kappas are among the sixty new teachers of the Pointe public school system. They include Ruth Hayward (Michigan), assigned to Barnes, grade 4; Mrs. Vorita McClure (Flora Stone Mather, Western Reserve), assigned to the High School; Mrs. Anne Fahres (Wisconsin), Parcels, music; Joan Steiner (Oberlin), Parcels, English; Morton Teneberg (Chicago), Poupard, grade 5; and Jack Moeller (Oberlin), High School, German-French.

School System Employing 589

Superintendent James W. Bushong announced to his administrative staff earlier this week that a total of 589 persons are included in the personnel for Grosse Pointe Public Schools.

Six office workers and two classroom teachers are part-time employees, he told the staff. The classifications and numbers of persons in each category are as follows:

Administrative and Supervisory, 30; Elementary Teachers, 203; Secondary Teachers, 178; Public Librarians, 14; Office Professional Staff, 17; Other Workers, 59; Plant Personnel, 82; Cafeteria Manager, 1; High School Bookstore Manager, 1; Nurses, 4.

Squirrel Invades Home in Farms

Farms police were content to allow the culprit who invaded the home of W. R. Martin, 403 Belanger, on Thursday, August 30, to escape by climbing a tree.

Martin arrived in his home to find that several of his flower pots and lamps tipped over and broken and called authorities to investigate.

The doer of the deed was found in an upstairs bedroom, but he eluded police who chased him down the stairs and into the front door, and he was last seen going up a tree in the front yard.

The law was searched, but the law found no more of the bushy-tailed intruders. It was surmised that the squirrel had gained entrance to the house by way of the chimney.

Forger Finds His Freedom Short-Lived

Re-arrested Upon Leaving Jail to Answer to Charge of Stealing Friend's Check

The freedom of a convicted forger, who was released from Jackson Prison on Monday, August 27, was short-lived when City police picked him up at the Wayne County Jail.

Gay Dudgeon, 36, no address given, was paroled from prison after serving six months of a 2-1/2 year sentence, for uttering and publishing, imposed by a Detroit court.

City Det. Capt. Andrew Teetaert said Dudgeon was re-arrested following his release, on a warrant issued last March 10, charging him with obtaining property and money under false pretense.

Dudgeon was arraigned before City Judge Douglas Peterson on Tuesday, August 28 at which time he entered a plea of guilty and waived examination. He was bound over to Circuit Court to await trial. No bond was set, and he was remanded to the custody of the Wayne County Sheriff until date of his trial.

Stole Friend's Check
Capt. Teetaert said that last February, Dudgeon stole a check for \$313.87 from a friend, Mrs. Sylvia Randall of 10048 Grayton road, Detroit, which was drawn on the First Western Bank and Trust company of Oakdale, Calif.

The captain said the man took the check on which he forged Mrs. Randall's endorsement and went to Best and company, 16828 Kercheval, where he was formerly employed, and was stated he wished to apply \$150 on Mrs. Randall's account. He purchased \$37.35 worth of clothing, for Mrs. Randall, he said, and accepted \$188.67 cash change.

Later, Mrs. Randall entered the store, and was asked if the clothing purchases were satisfactory. She said she had no knowledge of any merchandise purchased for her.

She told Capt. Teetaert, then a lieutenant, that she had missed the check from her dresses at home, and had put a stop payment on the check through the California bank. The captain said the warrant was recommended on February 29, and the complaint signed on March 10.

Residents Organize To Battle Parking Lot Expansion Plan

Promise Legal Fight to Keep Farms from Developing Strip of Richard School Playground Area

A new civic group was organized on Thursday, August 30, at the home of Dr. and Mrs. D. M. Nelson, 63 Ridge road, which is readying itself for a legal battle, if need be, to prevent the Farms from developing a proposed parking strip at the rear of the Muir road property line.

The organization, which assumed the name Gabriel Richard School District Improvement Association, is composed of a number of residents in McMillan, McKinley, Muir, Ridge and Beaupre roads.

Officers Elected
Arthur H. Ingstrom, temporary chairman, opened the meeting, after which the following officers were elected, James Jameson, permanent chairman; Dr. D. M. Nelson, vice-chairman; Mrs. Jerry Hughes, secretary; Ernie Collins, treasurer; and Earl Thompson, Roger Fitch, Carl Holma, Arthur T. Powell, Hubert Goebel, Cornelius Kuypers, and Howard Lawrie, members of the executive board.

Mrs. Margaret Nelson, Mrs. Marilyn Engstrom, Mrs. Bernice Weiss, Mrs. Gerry Hope, and Mrs. William Heels, were elected to the publicity committee. The organization was defined as comprising the limits of the Gabriel Richard School District, and at the meeting, residents of approximately 30 homes in the area joined.

Name Executive Board
On the first business note, the group authorized its executive board and officers to call a meeting at any time, if the Farms persists in carrying out its proposed parking strip project.

A number of resident lawyers in the newly formed group, who had offered their legal services without charge, have been requested by the association's officials, to seek an injunction against the city, if necessary, to prevent the parking strip development.

These same lawyers will also investigate residential restrictions and zoning ordinances, pertaining to the proposed development, and seek a hearing with the Board of Education at the Board's next meeting, which is scheduled to be held on Wednesday, September 12, at 7:30 p. m.

Seek Council Hearing
They will also seek to have their views aired at the next Farms council meeting on Monday, September 17.

The new group is circulating a petition in the district to protest, along with residents in Muir road, the conversion of the playground strip into a parking lot.

The members of the association are basing their petition on the following reasons: 1. The Farms has too little recreational space, especially in this area; 2. If the Richard School is expanded, it will cut down the space available for a playground; 3. Children will be exposed to more traffic hazards around the proposed parking lot because of the concentration

Community Chorus Starts Working for Yule Concert

Next Wednesday evening, September 12, at 8 o'clock, will find the Grosse Pointe Community Chorus convening at Parcels Junior High School for the second half of its fourth season.

This first of the group's weekly rehearsals will be an organizational meeting and Grosse Pointe residents of nearby communities who are musically inclined are urged to attend.

Anyone over high school age is welcome. There is a registration fee of \$4.50 which helps defray the cost of music and folders. There are no auditions but the size of the group must be limited.

The chorus, under the direction of Malcolm MacLean Johns, assistant professor of music at Wayne State University, and organizer-choirmaster at the Grosse Pointe Memorial Church,

An evening of fun and fashion will be staged for Grosse Pointers of all ages free-of-charge on the lake-side Terrace of the Center this evening (indoors in case of rain). Prizes are being provided by Pointe merchants.

The audience will be seated around small tables scattered over the bowling green. Refreshing "soup-on-the-rocks" will be served without charge to everyone.

S.I. Is Co-Producer
Sports Illustrated is helping the Center produce this show in cooperation with seven Pointe men's stores and sport shops including the Grosse Pointe Sport Shop, E. J. Hickey Co., Higgins and Frank, Kilgore and Hurd, Inc., Stein and Co., and Young's Men's Wear Inc.

Fred R. Smith, fashion editor of Sports Illustrated is coming from New York to emcee the show, and Sports Illustrated is also providing an Olympic backdrop for the occasion.

The Grosse Pointe Community Theatre is staging and lighting the affair. To spark the evening Bill Witherell and Bayard Wilson, the "strangers" of Junior League Follies fame will entertain with a bag ground of bathing costumes dating back to the 90's.

For Whole Family
The show is for the whole family. It is geared to the back-to-school movement as well as the fall sports scene and the opening of the social season.

Some of the Pointe's best known men about town will serve as models for the event and some of the Pointe's glamorous women are going to accompany them, displaying their personal wardrobes.

Pre-teens' Teddy Roney, Skip Auch, John Ross and Danny Johnson will show off school clothes, winter sports wear and dress up clothes.

Popular Grosse Pointe High School students will model classroom clothes, spectator sports, rain wear, and date clothes.

See Ivy League Togs
Colleagues Brad Rich, Deloyd Shaw, Marge Reeves, Donna Georgi, Jackie Bolin and Sus Guyton will show what the Ivy Leaguers wear on campus, informally, for sports and for dress.

Billie Butler, one time professional model for Hattie Carnegie and glamorous Helen Howard will join Wendell Harvey and Carl Schweikart, Jr., in showing ski clothes and hunting outfits.

Rocky Gust and Sally and Dave Jensen will do the turn for the young married set showing the junior executive off for business, the couple off for a vacation, in stadium clothes, and relaxing over cocktails.

Bill Curran and Howard O'Leary will represent the established business men and Mary Lou McKay, Joan Sattley, Fred H. Murphy Jr. and Robert Sholty will finish the evening in a blaze of formal wear as they step from Cadillac de Villes at the foot of the bowling green steps.

Neighbors Crash At Intersection

Two motorists who are practically neighbors, were issued traffic violation tickets by Farms police on Friday, August 31, after colliding at Manor and Webster.

According to a police accident report, Ann W. Dowdell of 406 McKinley was driving west on Webster, when she noticed a car, driven by Nelson C. Moore of 384 McKinley, coming south on Manor.

The woman honked her horn in warning, and Moore did likewise. His car struck that of the woman in the rear right fender, when they both reached the intersection. Police issued tickets to both drivers.

Bryant breezed past Bill Lewis, 6-2 and 7-5 to win his place in the finals. The one and two men in the Junior Singles tournament, joined forces to take the Junior Doubles. The team of Bill Bryant and Rick Champion outstepped Tom Davey and Bill Lewis, 6-1, 6-2 to cop top honors. Bryant and Champion had a tougher match in the semi-finals than they did in the finals. In the earlier match they downed Dave Lamb and Bob Hodges, 6-4 and 6-3.

The Women's Singles was a runaway with Betty Hansen racing away with the Championships in three easy matches. Betty first put away Helene Hughes with a 6-2, 6-1 victory. Then she eliminated Sally Ingold, 6-1, 6-3. In the finals Betty allowed only one game to her opponent Fran Kristufek. Betty's 6-1, 6-0 win placed the winner's trophy in her hands. The Girl's Singles wound up on Saturday, with Beline LaHood out-playing Bonny Campbell, 6-0, 6-0. Bonny met Ann Murphy in the semi-finals and handed her a 6-2, 6-2 defeat. Champion LaHood beat Julie Donovan, 6-3, 6-1 in the semis.

Mixed Doubles brought the top players in the Men's and Women's division together as a team. Betty Hansen and Sandy Wiener had their hands full in beating Mr. and Mrs. Joseph Kristufek, 4-6, 6-3, 6-3. The Kristufek duo gained the finals after a win over the father and daughter team of Julie and Frank Donovan, 6-2, 6-4.

The tournament was financed by such generous organizations as the Kiwanis, Lions, Rotary, Optimist and Metropolitan Clubs, American Legation 303, and the Detroit Tennis patrons. Other contributions came from several private clubs in the Pointe.

The Tournament was so successful that it is a sure bet the All Grosse Pointe Tennis Tourny will become an annual institution.

of traffic and increased numbers of commercial vehicles. 4. Property values will depreciate because of the encroachment of business on residential areas; 5. A strip of the playground has already been added to the parking lot. More is now demanded. If this is granted, further requests can be expected in the future. 6. It is felt that there is sufficient parking space, because there is vacant property on Kercheval, ideally situated in the business district which could be used for parking.

Favor Use of Pier Park
The seventh point on the protest petition reads: "As residents of Grosse Pointe Farms, we favor granting the Board of Education the use of the Pier-Pier parking lot for driver training for the children in our school system. The granting of its use should be conditional on the Board of Education giving up any part of any school property."

It was pointed out at the meeting that the school property belongs to all of the Pointe, and that the Pier-Park is the property of Farms residents and neither should be bartered.

Obituaries

Mrs. Mitchell, 85, of 563 St. Clair, widow of Hal Mitchell, former managing editor of the Detroit Free Press, died Friday, August 31, in Bon Secours Hospital.

A widely known antiquarian, Mrs. Mitchell, native of Monticello, Ia., lived most of her life in the Detroit area.

She worked with her husband on papers in Duluth and Milwaukee, as well as in Detroit. She is survived by two daughters, Frances L., and Mrs. Frederick Clackson, also of the Pointe.

Funeral services were held on Tuesday, September 4, with cremation taking place at the White Chapel Memorial cemetery.

will teach fourth grade at Poupard. John has a law degree but prefers education.

Coach Among Newcomers
Unusually well qualified is newcomer George Vander Weiden of Illinois. George took his A. B. at Lawrence, A. M. at Kentucky, and another year of graduate study on a full fellowship at Chicago. He has had an outstanding career as a coach of athletics and will assist in sports at the high school. George's other field is—you'll never guess—classical languages, which he will teach this year.

A total of 73 replacements and additions have been made to the professional staff for school year 1956-57, according to Assistant Superintendent Otis M. Dickey, who is in charge of personnel.

Sixty of the 73 are new to the professional staff, six have returned from leave, two are former Grosse Pointe teachers, and five were re-employed as full-time substitutes.

Women Outnumber Men
Dr. Dickey pointed out some interesting facts concerning the 60 new regular professional staff members: 39 are women, 21 are men; 19 of the women had military service; two out of three of the entire group have had previous teaching experience; 20 are secondary school teachers, 38 elementary, one speech correctionist, and one public librarian.

The newcomers have earned degrees in 39 different colleges representing 17 states including the Rocky Mountain region, the Deep South, the Atlantic Coast, and the Midwest. Twelve of their degrees are from Michigan State University and 11 are from the University of Michigan. Some 41 of the group have the masters or higher. Six are at the six-year level of training, and one has the doctorate.

children's department. Meetings held at the Central Library were attended by 11,477 residents, 283 classes from public, private and parochial schools included 7,424 students who visited for instruction and story hours.

The three libraries in the Grosse Pointe Library System include the Central Library at Kercheval and Fisher Roads, the Woods Branch at 20600 Mack, and the Park Branch at 15430 Kercheval. These libraries receive 7 daily newspapers and 150 periodicals. They offer the latest catalogue of American colleges and universities.

The Central Library boasts a 1. p. record collection of over 1,200 albums, and 40 16mm sound films for free use. Another unique service of the library is the extensive tool collection, donated to the Rotary Club, available to all library card holders for free.

Thanks to the Friends of the Library, \$2500 was received last year from over 700 contributing members for additional new books, French and Spanish foreign language records, famed art prints, and a kodachrome projector and camera.

Additional gifts included replacement of the Central Library's windows with thermopane glass by Dexter M. Ferry, Jr.; the Adult Room Photographs by W. Hawkins Ferry; \$650 in gifts from the Rotary Club, AAUW Motion Picture and TV Council, Women's Club; memorial books; Lewis Carroll material from Mrs. Helen Landrum; choral music scores from Community Chorus; rare books from John S. Nefberry, Jr.; three paintings from the J. L.

Driver Training Given Big Boost

General Motors has contributed more than \$460,000 in support of driver education in the nation's schools for the 1955-56 school year, it was announced by GM President Harlow H. Curtice.

Under its driver training assistance plan, the corporation awards auto dealers \$125 for each new automobile loaned to schools for driver training. This allowance helps dealers offset vehicle maintenance and reconditioning costs. "The automobile is very much a part of American youth. In a society that depends most extensively on motor vehicles, it is important that today's youth begin early to learn the fundamentals of driving safely and efficiently," Mr. Curtice said. "Driver education now is an essential segment of the secondary school curriculum and fulfills an important and growing need. In addition to the immediate benefits gained by teaching students safe driving techniques and instilling driver responsibility in classrooms, we find that driver education has continuing and far-reaching effects," he said.

Surveys illustrate that boys and girls with authorized driver education in high schools possess substantially better safety records than those who do not receive instruction. "According to AAA figures published by the National Commission on Safety Education, in Cleveland, trained high school boys have half as many accidents as untrained youths. And an AAA three-year study conducted by the Pennsylvania State Police showed that acci-

Rackham Choir Seeking Singers

Rackham Symphony Choir rehearsals start Tuesday, September 11, 7:15 p.m. at the Rackham Educational Memorial, Farnsworth at Woodward. The Choir is part of the University of Michigan Extension Service Detroit program. Director Maynard Klein, nationally known University of Michigan director of choirs, is asking for new voices in all sections.

The first performance is with the Detroit Symphony Orchestra at the opening of the new Henry and Edsel Ford Auditorium on October 18. The Choir is singing Paul Paray's Mass, written to commemorate the 500th Anniversary of the death of Joan of Arc. Mr. Paray will direct.

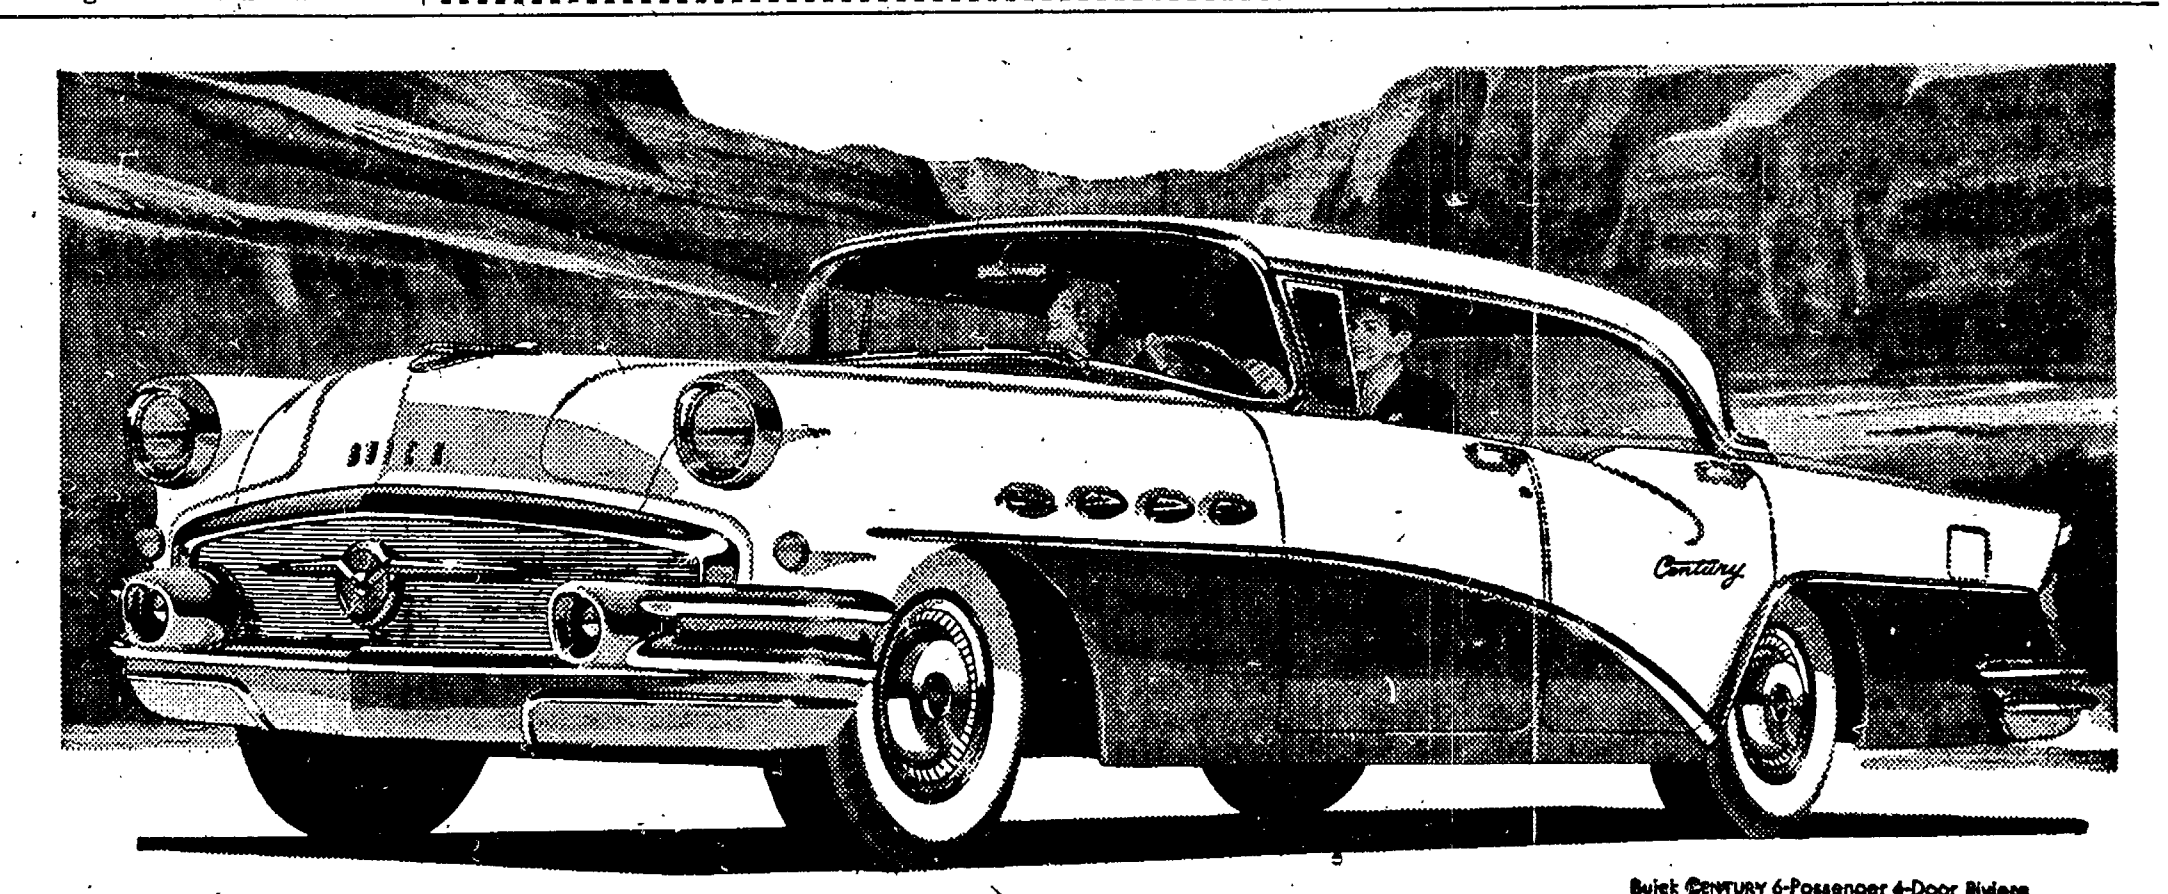

Belshazzar's Feast by William Walton will be performed with the Detroit Symphony Orchestra in March. The great biblical story of the fall of Babylon by the prophet Isaiah will be performed by the Choir and orchestra plus two brass bands. Since this great modern work demands a big-full-voiced choir, more voices will be needed.

idents involving youth were cut in half and arrests decreased to a third as a result of driver education," Mr. Curtice said. "These and similar studies indicate the importance of continuing and expanding driver education in our nation's schools," he added.

The driver education program also has had a "bonus" effect on adults according to the reports of high school instructors. They point out that poor driving habits of many parents are criticized by their children who are quick to show dad and mom what they have been taught at school.

Four GM divisions—Chevrolet, Pontiac, Oldsmobile and Buick—are participating in the driver education program. Chevrolet dealers topped all other groups in the program for the past three years, and in the past year loaned over a half of the dual control automobiles assigned by the AAA for driver education purposes.

Pontiac, generally credited with pioneering driver training along with the American Automobile Association in 1956, also is a very active participant. Pontiac dealers loaned 400 special-equipped vehicles to secondary schools throughout the nation in the past school year.

Blame Juveniles In Farms Theft

Burglars, believed to have been teenagers or juveniles, broke into the Robert Howard residence, 294 Stephens road, and made off with a number of items.

Farms Det. Sgt. Harold Seelow and Det. Harold Beaupre were of the opinion that youngsters were responsible for the breaking and entering, because a number of valuable items were not touched.

So far as can be discovered, the burglars took a portable television set, valued at \$120; a portable typewriter, no value given; two cigaret lighters; and two silver dollars.

The officers said that it will take time to find what is still missing because the thieves had thoroughly ransacked dresser drawers and clothes closets.

Entrance was gained by breaking a window over the air conditioning unit on the north side of the house.

Tuxis Club's Traditional Service Set for Sept. 9

Sunday, September 9, will mark the Seventh Annual College Age Communion Service. The program, now another enjoyable and inspiring tradition originated by the Tuxis Club of the Grosse Pointe Memorial Church, will take place at 8 p.m. in the church sanctuary.

Officiating at the service will be the club's sponsor and associate minister, the Rev. Paul F. Ketchum and associate minister, the Rev. Ben L. Tallman. Dr. Frank Pitt, minister, will deliver a communion meditation to the congregation. Ushers will include Ron Rolley, Tom Kaser, Bruce Chambers, Robert Beltz, and Bill Miller.

Immediately following the service, there will be an informal reception held in the women's parlor in the church house. Those presently working on plans for this gathering are: Anne Leete, refreshments and music; Mary Shenefield, correspondence; Sue Clemenson, publicity; Stu Smith, host and hostesses; and Bill Miller, registrars and ushers. Mrs. Hubert Gobel is also providing and assisting with the refreshments to be served at this time.

At the reception, students who will be college freshmen this fall will be presented with the book "Christian Ways for College Days", which has been found to be an interesting and valuable "must" for these new students.

This is an excellent time for all of you to have that last get-together before leaving for your respective colleges for the fall semester. The evening provides a fine combination, complete with its inspiring service and friendly reception.

The invitation is most cordial.

Movers Offer Special Service

The Grosse Pointe Moving and Storage Co., 15408 Mack avenue, Grosse Pointe Park, has announced a new service for families moving to and from West Germany.

Household goods of 18,000 G.I. families will be shipped between the United States and West Germany this year under a faster system, according to this company.

Instead of the slow costly method of crating and packing for overseas shipment, requiring 120 to 150 days, Grosse Pointe Moving and Storage, agents for United Van Lines, will handle the shipments in as little as 30 to 45 days.

Through arrangements with the Defense Department, the more than 500 United agents throughout the United States will deliver Germany-bound shipments by overland furniture vans to New York, Hampton Roads and New Orleans. The goods will be loaded at these ports into government-owned containers for shipment overseas. The same ports will be used for incoming shipments.

It is estimated that 10,000 to 12,000 tons of GI household goods will be transported to Germany in the coming year, and 15,000 tons shipped back to the U.S. Shipments will average 3,000 pounds, representing the household effects of approximately 18,000 families.

United Van Lines is represented in Germany by the Heinrich Klingenberg Internationale Mobelspedition, Hamburg, and by sub-agents at Bremerhaven, the port of consignment; Kassel, Frankfurt, Weisbaden, Mannheim, Karlsruhe, Stuttgart Muenchen, Kaiserlautern, Bonn, Berlin, Heilbronn, Nurnberg and Trier.

The service to Germany, using government-owned containers, differs somewhat from that supplied on GI shipments to Hawaii, Alaska and Puerto Rico, where the carrier provides its own specially-designed "tote" boxes for the overseas part of the journey.

Club to Greet U-M Freshmen

The second annual "Get-together Send-off" for University of Michigan freshmen from Grosse Pointe will be held on the terrace of the Grosse Pointe

War Memorial at 7:30 p.m. on Monday, September 10, it was announced by John M. Chase of Lewiston road, president of the University of Michigan Club of Grosse Pointe, which sponsors the event.

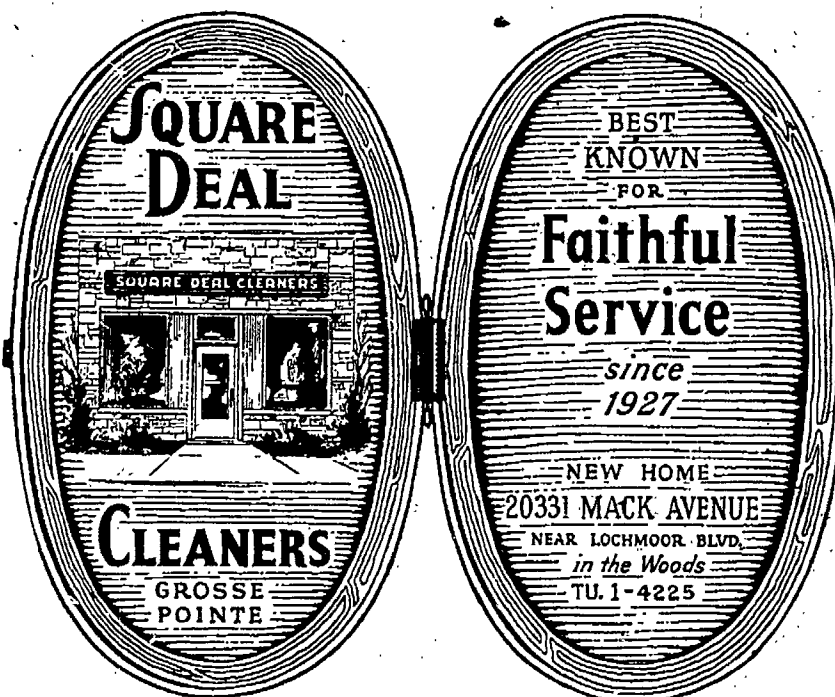

The program will be featured by a sound moving picture of the University of Michigan activities and by an informal discussion led by upper classmen and some recent graduates. The attempt of the discussions will be to answer all the questions a freshman wants to know about the University, from the laundry problem to jobs and fraternities.

William Winkler, Jr., a graduate of Grosse Pointe High School and a 1954 graduate from the University of Michigan, is chairman in charge of the event.

All freshmen who are entering the University from Grosse Pointe are invited to attend. About 50 attended the first Send-off held last fall.

The greatest drawback to most promises is the string tied to it.

Letters to the Editor

Dear Sir: August 31, 1956 to all five of the Grosse Pointes, what right has one-fifth of that group to take school grounds for business parking. The time has come for the voters to find out who is running Grosse Pointe Farms and for what purpose.

What has happened in Grosse Pointe Farms, and why the big give away?

On which side of the fence are the loyalties of the business men who are serving on our Board of Education?

Have automobiles become more important than our children, to the extent that what little property our school system has obtained by being farsighted can be wheeled out of them by some behind the doors bargaining.

the interior design for living should determine the exterior form

Model open 1:00 P.M. to 8:00 P.M. Daily

The internal space in which we live is the essential substance of architecture. Dignity... spaciousness which is free-flowing... and beauty through the artful use of materials... are all to be found in the 1957 Holiday House. Only after the living-plan was off the drawing boards did the exterior form come to life. Thus, the intelligent use of brick, Markwa marble, mortar and wood is fused into a new kind of house—wherein grandeur is achieved through simplicity; through a well-conceived plan, which breaks free of today's average design. Spaciousness is further achieved through "walls of glass" by Miller Sliding Doors and Peterson Horizontal sliding aluminum windows.

Interior Furnishings

by **Sterling-Laverne**

Thoughtful and expert attention has also been given to Holiday House interior furnishings and color co-ordination by Sterling-Laverne, interior designers of Grosse Pointe. The integral space is a harmoniously beautiful home... grandeur is again achieved through the simplicity of design, in hand-picked furniture by such great names as Dunbar. The artful interplay of the color motif gives a newly blended theme to each living area throughout the home.

How to Profit Through Tax Exemption

With today's high tax levels, investors in medium and high tax brackets are turning to tax-free Municipal Bonds for income that they can keep.

If you have a taxable income of \$10,000 or more, you may be well repaid by investigating the advantages of tax-exempt State and Municipal Bonds. For instance, if you file a single return on a taxable income of \$14,000, you would have to receive a dividend return of 7.45% on a taxable security in order to equal the yield from a 3.50% tax-free Bond. *It's something to think about!*

Our New Booklet, "How To Profit Through Tax-Exemption" explains in plain language your need for tax exemption, tells how much these high-grade investments can be worth to you. There's no obligation. Send for copy today, or phone

Belated Battle

A considerable hullabaloo is being raised at what appears to be a very belated date, over the recent agreement of the officials of Grosse Pointe Farms and the Board of Education for a reciprocal lease that will allow the Farms to expand its parking facilities.

Negotiations have been going on for several years between the two, with arguments centered over the utilization of a portion of the Richard School's eastern playground area to enlarge the parking space in the Kercheval-on-the-Hill business district.

There were a few isolated cases of objections to the School Board's expressed hope to get a portion of McMillan road closed, so the two portions of the Richard playground could be combined.

As a result of all the negotiations, the school and city officials agreed several weeks ago on the leases which would allow the Farms to develop an additional strip of land, about 70 feet wide, running from the southern boundary of the present parking lot, through to Ridge road.

Since this development, residents of Muir and Ridge roads have formed an organization to protest the plan and have threatened to carry their fight to court.

Far be it from us to dispute the privilege of anyone to fight for individual rights, but it would appear that the current argument is a little far-fetched. It became a bit ridiculous last Saturday when a group of children, armed with banners, staged a demonstration protesting the conversion of the strip to parking use.

No one believes more sincerely than do we that needed recreational space should not be sacrificed. When the parking lot arguments started, we were concerned over this aspect of the situation.

The school officials have stated that the Richard School district is practically completely built up, and that there will be no increase in the enrollment there. The school has three playground areas, two of which border the building itself and see most of the activity which the recreational program calls for.

We presume the residents who are now protesting the use of the narrow strip for parking, know that the Board of Education was considering paving an infinitely larger area and using it for the student driver-training program.

Some of the signs the kiddies carried last Saturday bore messages to the effect that they didn't wish to have to duck cars in the district they considered their play space.

This area is sufficiently large so that the portion proposed for an addition to the parking area will not be missed by the youngsters or anyone else. There is still plenty of room for all the kids to play, now and in the future.

And to straighten out once again, the misguided conception that the whole parking lot development in that district is something instigated for the sole benefit of the businessmen in the area, and that these businessmen have shirked their duty or obligation to the public, let it be said:

These businessmen offered to pay the special assessment levied against them for the cost of the lot, provided the Farms council would agree not to meter the spaces provided. In short, the merchants wanted their clients to have free parking and were willing to pay for it.

It now appears a happy solution for the Farms and the Board of Education to enter into the reciprocal lease agreement. It will solve the whole problem, giving the city the space it needs to provide the extra parking area, and giving the school system the proper place to continue its driver-training program, without cost to either.

Burt Boyar IN NEW YORK

ROD STEIGER, Academy Award winner ("On the Waterfront"), graduate Suma Cum Laude of the Actor's Studio and Caesar Salad Eater Extraordinaire, was seated alone at Table Number One at the Harwyn (in the corner to the left as you enter). That's a flagrant waste of two good seats, so, Jane and I, who'd just come in to browse through the dessert menu, walked over to join him, despite the pungent garlic-ridden Caesar salad which he was murdering and which in turn was destroying residents of the ten adjoining tables.

Rod Steiger. A formidable baseball man in any league.

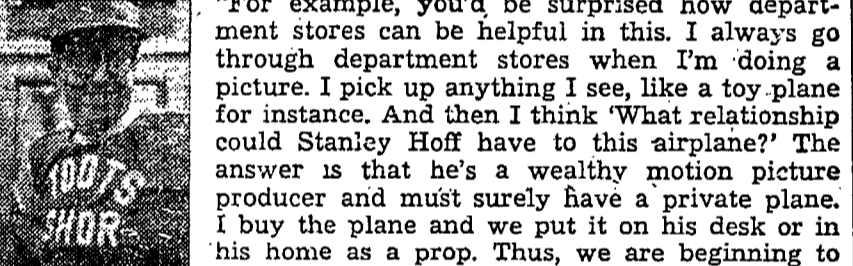

Later, back among the living (did YOU ever sit next to a man who'd eaten a whole chunk of garlic?) he told us he'd just come down from the Polo Grounds where he'd played in an All-Star softball game against the likes of DiMaggio, Newhouse, Leo Durocher, Tommy Heinrich, Charley Keller, Bill Dickey, etc. His own team was made up of folks like Frank Sinatra, Toots Shor, Phil Silvers, Buddy Hackett, Ed Wynne, owner of the Harwyn Club, and a few other stage and screen names, some noted on the front pages for having been caught off base now and then.

I, to r.: Toots Shor (he talks a pretty good game), Steiger, Ed Wynne and Rocky "Somebody Up There Loves Me" Graziano. Photographed BEFORE game in club house (note happy expressions). Pictures taken after game are too sad for publication.

Steiger's in town to plug his latest picture, "Back From Eternity" which debuts at the Victoria September 12. "It's my first sympathetic role. Up to now I've played only very unsympathetic characters."

"I liked that part," he said. "Hoff was a character you could get into." Steiger attempted to analyze the man psychiatrically. "Hoff was a miserable, unhappy, evil man. He was a latent homosexual. A man whose need to be God to those around him even made him degrade his wife."

A Sergeant named Bilko. "For example, you'd be surprised how department stores can be helpful in this. I always go through department stores when I'm doing a picture. I pick up anything I see, like a toy plane for instance. And then I think 'What relationship could Stanley Hoff have to this airplane?'"

Special Exhibit at Art Institute

An art exhibit, opening September 10 at the Detroit Institute of Arts, shows the range of children's work from the naive, uninhibited approach of the younger school children to the more skilled work of high school students. This is the exhibit of work from the Institute's summer series of workshops for young people.

The paintings, sculpture, drawings, prints and water colors are often amazing in their technical excellence and reflect a fresh and new viewpoint. It shows the influence and stimulation of the museum collection upon the creative minds of the young artist.

This area is sufficiently large so that the portion proposed for an addition to the parking area will not be missed by the youngsters or anyone else. There is still plenty of room for all the kids to play, now and in the future.

What Goes On at Your Library

By Jean Taylor

Armloads of vacation books find their way back to the library each day of September. Some have been read from cover to cover. Some were dipped into and some, taken out with the best intentions, have been used only as a doorknob, or as a teething ring for the mastiff.

Out of these tumble an odd assortment of book-marks; a tabic folders in various languages, post cards of far-away places, a snap of the family reunion, a lucky stone from the lakeshore and grains of sand by the myriads, to tell of long lazy days on the beach.

Those of us who did not go far afield agree that, with the summer so cool, a holiday at home was not hard to take this year. The great scientist, Louis Agassiz, once questioned as to how he had spent his vacation replied, "I got nearly halfway across my backyard." For those with eyes to see, there is much to discover there.

Business boomed at Central and the branches, and if you happened in on Thursdays or Fridays, you might well have asked, "What does go on at our library?" These were movie days for juniors, and word that there was an especially good program, this summer travelled like wildfire.

Such films as My Friend Flicka, Swiss Family Robinson, Treasure Island et al, brought hordes of children, but the Story of Robin Hood capped them all, with a total attendance at the three libraries of over one thousand. All told over 7000 boys and girls attended the programs held for 11 consecutive weeks.

Returning to this particular corner of the News after a two month respite, we express our appreciation to Mr. Orr and other members of the staff, Mrs. Finster, Mrs. Seifert, Mrs. Leonard, Mrs. Stevens, Miss Mischler and Miss Lutton, who breathed new life into this column by so ably contributing to it during July and August.

CUT BY CEISLE City police took Louis T. Forr of 88 Moross; to Bon Secours Hospital on Tuesday, August 28, for treatment of severely cut right hand. He personally came to the station, where he told officers that the incident occurred when a chisel he was using slipped.

Immunization will protect your child. Don't delay. Your baby should have this protection before six months of age. But regardless of age if your child has never had these shots they should be given at once.

To Build Rifle Range at Club

A group of Pointers representing the five Pointe police departments, and interested citizens, met for the first time at the Neighborhood Club on Wednesday, August 22, to formulate plans to build a gun range under the gymnasium of the club.

The meeting was called by City Police Chief Thomas Trombly, who is interested in instilling the sport of pistol and small bore rifle shooting.

Sometime ago the board of directors of the club granted permission for the construction of the range, which when built, will be especially used to promote and encourage small bore rifle shooting among the younger age group in the Pointe. The supervision of the range, the chief said, will be under the direction of members of the various Pointe police departments.

The cost of building the range will be met through subscriptions of Pointe citizens who are interested in creating a better relationship between the police officers and youngsters, and to assist the officers in practicing the proper use of their side arms.

Anyone interested may subscribe to the Grosse Pointe Pistol and Rifle Club, by sending contributions to the club treasurer, Clyde Putnam, 732 Loraine, or to their respective police station. Checks should be made payable to the Grosse Pointe Pistol and Rifle Club.

Peter Connolly Hurt in Crash

Peter Connolly, son of Farms Mayor and Mrs. William Connolly, Jr., of 54 Moran road, who was seriously injured in an accident in Albany, N.Y., on Tuesday, August 21, is reported on the recovery list.

Details of the accident are not available, other than that young Connolly lost three fingers of one hand and that he is undergoing plastic surgery for facial injuries.

The Mayor and Mrs. Connolly went to their son's bedside at the Albany Hospital where he was taken.

Mrs. Connolly returned home for a few days, while her husband remained with their son. She said she is returning to Albany soon.

She said that her son is recovering better than was expected, but could not give details of the accident.

Young Connolly was injured while visiting a Georgetown College classmate, George Murray of Albany.

League to See Mexican Film

Color movies of Mexico, taken by Wally Temple, will be shown at the Grosse Pointe Cinema League's regular meeting next Thursday evening, September 13 at 8 o'clock, at the War Memorial Center.

A capacity crowd is expected for the program which is open to the public. Mr. Temple, popular amateur cinema-photographer and local attorney, always manages to work into his movies a maximum of local color and picture stories of natives that are of interest to travel and camera fans alike.

This is the opening meeting of the Cinema League this fall and at this time a tentative program for the remainder of the year will be announced by Pierre Palmentier, president. One of the coming features is expected to be the showing of movies being entered in the League's vacation film contest.

The League is open to everyone interested in any of the various phases of movie photography. For further information call the War Memorial Center.

Fire Damages Skitch Residence

Prompt action by the Park Fire Department kept damage to a minimum when they extinguished a roof fire at the rear of the home of Russell Skitch, 864 Balfour, on Monday, September 3.

Park Fire Chief George DeCausin said that the fire, which damaged about a quarter of the roof and attic, was caused by sparks from a faulty incinerator.

He said the blaze was put out in about 25 minutes. An estimate of the damage was not available.

Greatly Enlarged Kroger Store Opens in 'Village'

The new Kroger store, 16919 Kercheval, built on the site of the old store, opened its doors yesterday, September 5, on a grand scale, with more floor space, increased personnel and more modern facilities for better services to the community.

The store is unique for the company, in that it has doubled in size, from 60x100 feet to 120x100 feet, with a 6,000-square foot basement.

An added feature is a station at the rear of the store where customers may drive up in their car to pick up their purchased goods.

Other features include the new cash registers which record the amount of purchase and the amount of change, if any, to be returned to the customers.

George Sassin, manager of the old store, is retained as manager; and Art Cocquyt is still head of the meat department.

The personnel has been expanded to 50 full time employes

and nine part time help, as a further aid to better service.

Kroger operates 101 supermarkets in the area, of which the store in the Village is one of the most modern. The company expects to build another 80 new markets in the Metropolitan area within the next four years.

In addition to this, the firm is building the world's largest food distribution center in Livonia, which will cover 15 acres of a 76-acre piece of land owned by the company.

Chest X-Rays Offered Free

Why don't you decide to have an x-ray of your chest now, before you get busy with fall activities, Dr. Joseph G. Molner, commissioner of health, asks. This service is provided for you without cost by your Detroit Department of Health.

If you visit the Michigan State Fair, have a chest x-ray there; if not, then go to the old City Hall downtown. It is open week days from 9:00 a.m. to 4:30 p.m.

The Health Department has three chest x-ray mobile units at the Fair this year. Last year at the Michigan State Fair, 14,178 persons had a free chest x-ray at one of the two mobile x-ray units operated by the Detroit Department of Health.

Of this number, 80 persons were referred to their physicians for some health reason brought to light by the chest x-ray and many of them went to a physician immediately. There were 34 inactive cases of tuberculosis found and seven active cases. Also, 37 cases of heart conditions and two cases of suspicious lung tumor were found as a result of the chest x-ray examination at the Fair.

Even if you had a chest x-ray a year ago, get one again this year to be sure your chest is all right. The chances are that you are well, since the majority of all persons x-rayed will be found to have a healthy chest. A chest x-ray of one or two years ago does not tell you how you are today and tuberculosis has no early symptoms.

The chest x-ray is the way of discovering the disease early, so get yours and know for sure. When treatment for tuberculosis is started soon after the disease begins, the person can recover. Some chest conditions, other than tuberculosis, may be found by the x-ray examination.

Every person fifteen years old and older should have the x-ray examination. Although tuberculosis is a disease of adults chiefly, it is no respecter of age. The greater protection for children comes from having adult cases found and treated.

Grosse Pointe News

From Another Pointe of View

By Kitty Marriott

Next week will find the season's Junior League Provisional members swinging into a v-e-r-y busy fall schedule. "Junior League" has such a social sound that people often think members engage in only flighty activities. Quite the contrary is true.

Before a young lady is accepted by her local Junior League, she spends a year as a provisional member. That year begins with a several months' training course, and during the year she must contribute 100 volunteer hours... the whole program being designed to prepare her for work in the community.

For the past few months, Junior Leaguer Mrs. John N. Bockstanz and her committee have been setting up the provisional program. By mid-November, provisionals should have completed four field trips... to Franklin Settlement and Children's Hospital, the Juvenile Court and Detention Home, Lafayette Clinic, and a bus tour of Detroit... and attended a series of 10 weekly meetings held at the Junior League office in the Grosse Pointe War Memorial Center.

Topics which qualified lecturers will discuss at the meetings for provisionals include parliamentary law, education, community health, family and children services, Detroit's cultural resources, United Community Services and the history, future plans and development of Detroit.

Alice Elaine James September 1 Bride

Pick Same Date as Bride's Parents for Ceremony In Grosse Pointe Memorial Church; Reception at Yacht Club

Alice Elaine James, who became the bride of Ensign Cornelius Patrick Brogan on Saturday, will have the same wedding anniversary as her parents, Dr. and Mrs. Edgar James of Westchester road, who also celebrate a September 1 wedding date.

The Rev. Paul Ketchum officiated at the 8 o'clock service in Grosse Pointe Memorial Church. After a reception at the Grosse Pointe Yacht Club, the pair flew to Bermuda for a stay at the Elbow Beach Surf Club.

The bride's regal gown of lustrous ivory silk taffeta had a neckline and long sleeves of handmade Venetian lace. Her full skirt extended from a princess waistline in sculptured, unpressed pleats to a wide cathedral train.

Her cathedral length veil of matching Venetian lace had been worn first by the bride's sister, Mrs. Robert Kerry, and purchased by her in Italy. Eucharist lilies and white roses formed her bouquet.

Mrs. Kerry came in from Ann Arbor to be honor matron for her sister. Her waltz length gown of peacock blue taffeta was styled with fitted waist and bouffant skirt, and she wore a headband of ostrich feathers in matching shade.

She carried a semi-cascade of glamillias in copper tones shading into salmon pink with talisman roses.

The bridesmaids were attired identically to the honor matron, but in russet taffeta. They also had matching headbands and their flowers were copper and rust-toned glamillias with talisman roses.

Bridesmaids included Betty Brogan, sister of the bridegroom; Elizabeth Garland, of Pittsburgh; Jan Voorheis, of Kenilworth, Ill.; Patricia Hurt, of Corinth, Miss.; and Ann Arbor; Dorothy Swanson and Laura Louise Smith.

Edwin Bernard Brogan, brother of the bridegroom, performed the duties of best man. They are the sons of Mr. and Mrs. Cornelius R. Brogan of Merriweather road.

Fabulous Millinery Arrives at Jacobson's

Direct from the famous ateliers of Paris to Jacobson's! That's the breathtaking one-of-a-kind collection of original French hats that has arrived at the store from the designing genius of Hubert de Givenchy, Jacques Fath, Gilbert Orel, Svend, Janette Colombier and Janette of France. Retaining the "more hat" look for fall, but in smaller, more compact shapes, these new scaled-down silhouettes give the illusion of bulk via platform or telescope crowns, balloon or cushion brims and deft manipulation of fabric by pleating, draping and blousing. All-in all, the Paris collection at Jacobson's is at once dramatic, exciting and beautiful!

They'll Return to Rome

The Gerald E. Millers have been visiting in the Pointe for the past month, after three years in Italy, where Mr. Miller serves as special assistant to United States Ambassador Clare Booth Luce. They have been occupying the Wendell Goodard home in Provencal road while the Goodards were at Huron Mountain Club, and have also been getting in a good deal of visiting time with Mrs. Miller's mother, Mrs. Ockford Keller, of Neff road.

The Millers with daughter, Dossie, 16 (named after her mother, Dorothy), and Bing, 10, (Gerald Jr.), will sail from New York aboard the Independence on September 13, on the return trip to Rome. En route to New York, they will stop to look over a few local colleges which may figure in Dossie's plans a few years hence. Meanwhile, both youngsters are going back to the International School in Rome. The Millers' eldest daughter, Judith, who spent two years at Marymount College in Rome, is now employed in Washington with the National Security Council.

All five members of the Miller family now speak Italian fluently. When they took up residence at their beautiful Roman villa, none of the servants could speak English, so the Americans learned Italian quickly and well. It has been six years since their departure from the Pointe, and they have been feted at a goodly round of parties during their current visit.

Sheila Ann Gallagher Becomes Bride in Saturday Rites In St. Joan of Arc Church; Reception Follows at Whittier

Mr. and Mrs. Charles Spencer Gallagher of Hawthorne road and the Edward L. Brenners of Lakewood avenue are the parents of the newlyweds.

A breakfast and reception at the Whittier followed the ceremony.

The gown which her sister, Mrs. Robert J. Schafer, wore at her June 23 wedding, was worn by the bride. Fashioned of Chantilly lace and tulle over satin, the bridal gown had a lace bodice and front panel and swept to a point in the chapel length train.

Her fingertip veil of illusion extended from a tiny matching lace cap. White orchids, stephanotis, lilies of the valley and ivy were in her bouquet.

Mrs. Schafer came from Cleveland to be her sister's matron of honor.

Bridesmaids included another sister, Mrs. Robert J. Gray; Mrs. Donald W. Doppel, of Ferndale, and Barbara Unti. The bride's cousin, Michele Rafferty, of Moline, Ill., was junior bridesmaid.

The attendants were attired in princess style gowns of toast

brocaded satin with cowl necklines and bouffant skirts. Their headbands of velvet leaves were in a deeper toast shade, and they carried cascade arrangements of bronze and gold chrysanthemums.

Albert H. Singler was best man for the bridegroom. Robert J. Schafer, of Cleveland; Robert J. Gray, Robert L. Starnes and Frederick Newman ushered.

Lawes' Party Honors Friends

A Labor Day cocktail party, at which Mr. and Mrs. Henry de S. Lawe were hosts in the garden of their Sunningdale drive home, honored their former neighbors, Mr. and Mrs. William D. Morse, and also marked Mr. Lawe's birthday.

The Morses, who now make their home in Wilmette, Ill., were house guests of the John R. Mansfields, also of Sunningdale drive.

Party-goers were also able to

say "Welcome home" to Alfred Glancy Jr., who arrived home Saturday from Europe, and bid goodbye to Mr. and Mrs. A. D. Wilkinson, who set out Tuesday on their jaunt to Spain.

Cadillac To the Man Who is Hesitating... There are many motorists in this community who have given serious consideration to the purchase of a new Cadillac car this year—and yet, for one reason or another, have not made the move. If you are among them, we hope that you will pause to read the little message that follows. Ordinarily, when a man hesitates to make the move to Cadillac, he does so because he is not familiar with the many practical aspects of Cadillac ownership. Insofar as original cost is concerned, a Cadillac is eminently practical. Several models, in fact, are actually priced competitively with the so-called "medium-priced" makes. Operating and maintenance costs are also remarkably low. We have heard it said by new owners that Cadillac is the most economical automobile they have ever owned. And as for resale value—well, Cadillac actually retains a greater share of its original worth through the years than any other motor car built in the land. In short, the great Cadillac car represents one of the soundest automotive investments on the highway today. The moral of our message is this: It is still not too late to set things right in a 1956 Cadillac of your own! We have a selection of new Cadillacs on hand—and we can promise you both prompt delivery and a generous trade-in allowance. Why not come in today? O'LEARY CADILLAC Inc. 17153 E. Variety Features Annual Regatta at Little Club

Little Club Commodore Dexter Ferry ordered weather for his club's annual sailing regatta last Saturday, September 1, and he got it. As a matter of fact he got a sample of almost everything there is rain, squalls, wind, flat calms and occasional sunny skies.

Although the sailors were threatened by storm clouds the morning of the race, they still reported at the starting line in front of the host club with 121 boats, of which all but two finished under grey skies late in the day.

Fourth Leg Added
Using the regular DRYA race course the Little Club race committee added a fourth leg to the triangles so the fleet would start and finish in front of the club.

The early starters, like the big Cruising class boats, got off with flying spinnakers on the short run to the first mark which was the pivotal point of the DRYA triangle and appeared to have a close race to the second mark on the Canadian side of the lake.

Shifting winds turned the second leg into a beat before the wind went flat and left the fleet drifting towards the third mark on the American shore. Just when it seemed the fleet would run past the 7 p. m. time limit the breeze came out of the west-northwest sending the yachts scampering back to the finish in good order.

"Revelry" Clobbers Fleet
Nubby Sarns' "Revelry" practically locked up her second consecutive Cruising A river championship when she clobbered the rest of the "A" fleet. Sarns and his crew of his wife Doris, Clayt Detmers, Jack Moran, Frank Thorne and Doris Breitenbach played a trick on the judges when they crossed the finish line. The whole crew was sitting on the foredeck as "Revelry" sailed across. They had rigged a contraption on the tiller and the yacht sailed herself.

Following the winner were Dick Jeffery's "Last Straw", Clare Jacobs' "Falcon", Frank White's "Tigress" and John Warnke's "Tamara". Toot Gmeiner's "Apache" was still in dry dock after her grounding on the high spot between red nun buoys 14 and 16 a couple of weeks ago, which accounts for the thin man's absence. However, Pat Collins' "Viteses" didn't come out to play.

Pointer Wins Again
Grosse Pointe Club's past commodore Johnny Detwiler's "Vashti" scored her second consecutive victory in Little Club competition when she beat Skip Grow's "Querida", Chuck Lee and Walt Robinson's "Aquavit", John Miller's "Valiant" and Don Zorn's "Maxitrol" in that order.

Hank Burkard's "Meteor III" continued to make shambles of the Cruising C class when she beat Maury DeClercq in "Happiness", and Hank Dunlap's "Albacore" in a 16-boat race. Final time allowance corrections were not available for the balance of the fleet.

Clinches Championship
George McCormick clinched the L class river championship when he beat Guy McNaron, Guy Ireland and T. Heenan in that order. This was the smallest turnout of this class in memory.

Other winners were:
UNIVERSAL A: "Pintail" Cliff Grey, "Arlette" Milt Cross, "Cutty Sark" Fritz DeFries-Bruce Conlan.
UNIVERSAL B: "Tom Boy"

Tommy Tomlinson; "Duchess" John Hutton; "Cappella" Holly Hollerbach. Tomlinson beat his closest competitor by more than two hours and for a time officials were going to disqualify him. But by a check with other competitors it was discovered only Tomlinson sailed the correct course for that class which was "B". The others sailed course "C" which is three miles longer.

JUNIOR KNARR: "Firewater" Meryl Amo; "Vitre" Chuck Taylor; "Flicka" Bob Sellers. Sellers took our hint of a couple of weeks ago when we said we would not list any winning boat that did not have a name. Maybe the Penquin class skippers will take the hint this time. Four of them raced but no names were available, just numbers. Sorry fellas, if you can't take the time and trouble to name your boat we WON'T list it in the summaries.

PRIVATEER: "Niaid" Chuck Haug, "Indian Drum" Sid Marsh; "Cotton Top" Eobby Roadstrum; "Spindrift" Oscar Carlson, but sailed by Jimmy Trudell.

Luder 16: This was the first race of a three race inter-city series between a team of three from Chicago, Grosse Ile and Grosse Pointe. Ted Broekel (Chicago), Ward Detwiler (Grosse Pte.), Pete Peterson (Grosse Ile), Joe Dowrie (Chicago), Ledyard Mitchell (Grosse Pte.), R. L. Taylor (Grosse Ile), Mylo Orr (Grosse Ile).

THISTLE: "Piper" Herb Mainwaring; "Skirli" George Devlin; "Bonnie Lass" Leo Wubbe.

LIGHTNING: "Wee Dee" Wes Weidrick; "Broom II" Hank Cawthra; Jim Millies. Fifteen starters in this class. Warren Jones figured it was a good day. He beat his brother Burt by a scant boat length for the first time this year. Burt just got his new boat a year ago and took up the sport. Warren was his coach and so far this year the student has been giving the teacher a lesson.

CRESCENT CLASS: "Francis" Lynn Babcock; "Manon" Jerry Jenkins; "We Du" Dick Hill DNF.

VINEYARD HAVEN: Bill Ledyard, E. Ford, John French, III, Chuck White, John Stroth. All are from the Little Club.

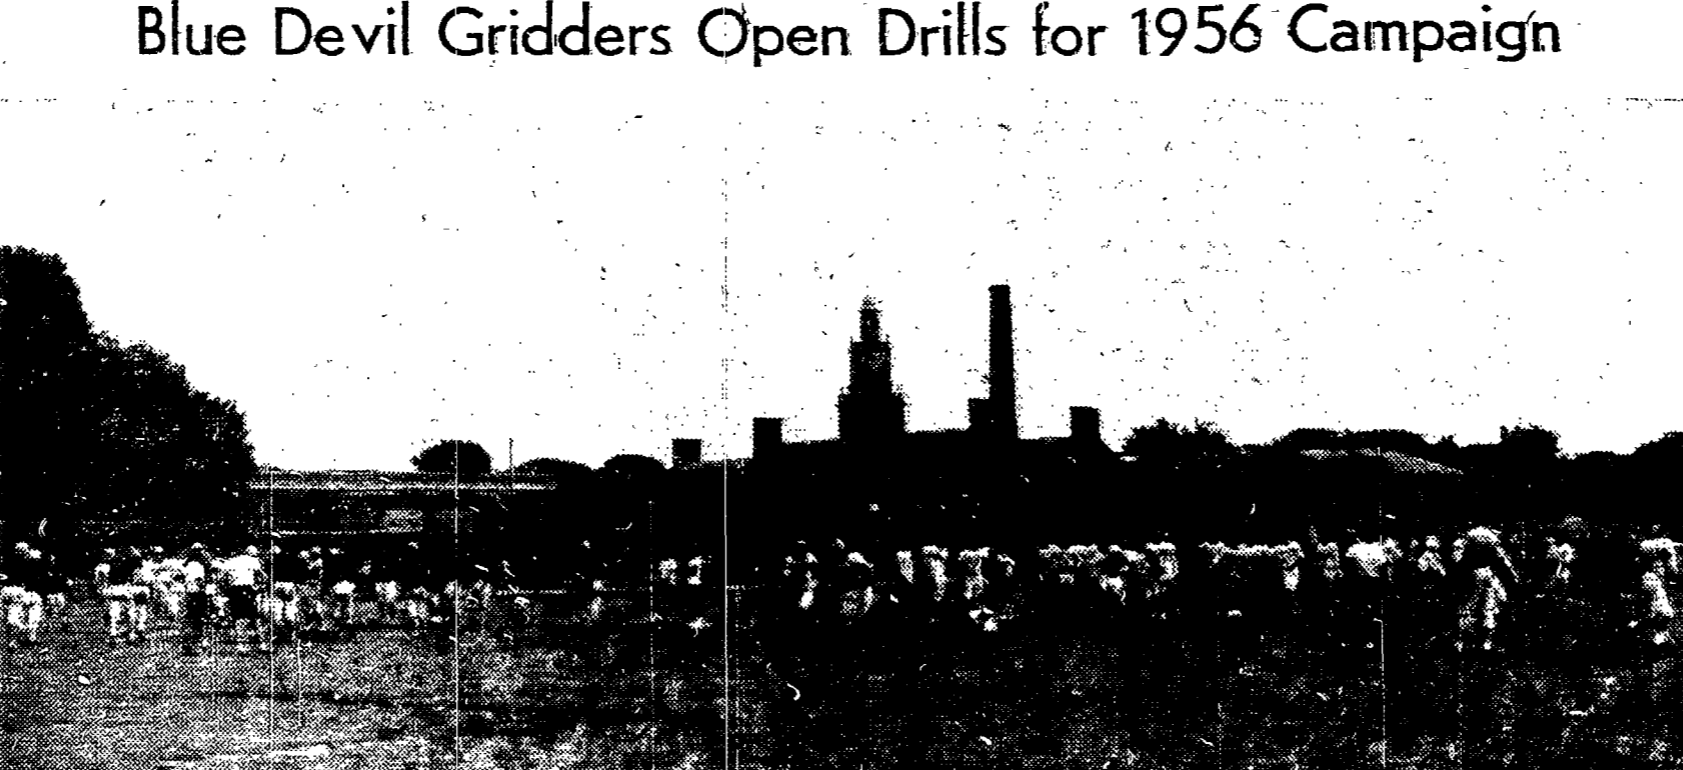

CLUB SLOOPS: Bob Holt, Bob Greening, J. Matson, J. Break, A. Coch.

REBEL: "Tartan" Bill (the cop) Calder, Tom Hendrickson DNF.

K CLASS: Duke Huber, Fred Meno, III, North Stockton. Ten starters.

CK FREE-FOR-ALL: R. Williams, Lucy Banta, Jane Warwick. CK TEAM: Edison Boat Club 20 points, (D. Cowles 1, E. Kelly 2, R. White 7). Detroit Boat Club 14. Detroit Yacht Club 14.

Bluenose To End Season
The season will wind up on September 22 with the Grosse Pointe Y.C. Bluenose regatta, which includes some one design small boats along with the big cruising boats. The small boats sail a short course while the Cruising boats travel to the Thames River light and back.

Blue Devil Gridders Open Drills for 1956 Campaign

Grosse Pointe High football candidates went back to school earlier than the non-athletes when they reported to practice last Monday, August 27, to prepare for the fall campaign. It marked the tenth time Head Coach Ed Wernet had issued the call for fall practice since joining the Blue Devils coaching staff. In that time Wernet has

compiled a fabulous record in basketball, baseball and football winning league titles in all three sports and a State Championship in football in 1955. The Devils will open the season on Friday, September 14, against Mt. Clemens on the Bathers home field in a night game.

Sailors, particularly those in the large, red hot Cruising C division, are extremely dissatisfied with the current method yacht clubs and Detroit Yachting Association is using to designate courses to be sailed in weekly inter-club regattas.

The sailors claim the alphabetical course cards displayed on the judges' boat are hard to see and sometimes obliterated by other yachts during the starts of each class.

This situation was magnified in the Crescent Sail Yacht Club regatta on Saturday, August 25, and to date has been the worst this season. Not only were the course cards hard to see due to the fact they were smaller than the regular cards used by the DRYA, but they were against a background of colorful flags and pennants and the white pants of the "brass" running the race. For years the sailors have complained about this backdrop, but each year Crescent officials insist upon flying such decorative flags near the judges' stand atop the club.

Is it better to make the club look pretty on regatta day or is it more important to run a good race?

What with this confusion on the judges' stand and the fact (some Cruising C sailors insist), that the judges didn't display the course card early enough prior to the starting gun, there was a ruckus at the end of the race which resulted in a protest against the

Little Club Tars Take Inter-City

For the second year in succession Grosse Pointe sailors of the Lake St. Clair Luder fleet proved themselves champions last Sunday - Monday, September 2 - 3, in the third annual Great Lakes Luder 16 Inter-City series held at the Grosse Pointe Little Club.

Ledge Mitchell, Bob Ford and Ward Detwiler compiled a total of 79 1/2 points to beat the three member team from Chicago, who had 76 1/2 points, and the Grosse Ile team which had 57 points for the three races.

Sailing in near perfect weather the Chicago team of Joe Dowrie, Russ Moon and Ted Broekel took over the point lead in the first two races and held a 12 point advantage over the Pointers going into the last race on Monday morning.

A protest by Moon against Ledge Mitchell was disallowed in the final race giving the Pointers the series.

Seven years ago the Lake St. Clair fleet and Grosse Ile started an annual series which they called the "Tween Waters" series. Three years ago the present series was inaugurated including Chicago. The first of this series was sailed at Grosse Ile and was won by Chicago. Last year the Lake St. Clair fleet won the title at Chicago.

The series was sailed over a modified Gold Cup course in two of the races, the first and third. The second race was a windward-leeward affair which featured smooth water and shifting breezes.

Eleven Letter Men Among 70 Answering Grid Call

Seventy named, well conditioned Blue Devil athletes greeted head coach Ed Wernet as he started his tenth football season at Grosse Pointe High Monday, August 27. Under the direction of back-

field coach Ernie Bauer, line coach Bud Kurvinck and George Vander Weyden, the newest addition to the Devils' grid staff, the squad plunged into signal drills and light contact work. By Wednesday, August 29, players were participating in partial scrimmages with heavy contact work promised by the end of the week.

Season Opens Sept. 14
Because of the limited amount of practice time before the opening game against Mount Clemens on Friday night, September 14, Coach Wernet ordered both morning and afternoon practice sessions until school opens this week.

Analyzing the task facing each of the coaches it stacks up this way. Coach Ernie Bauer appears to have the least of the worries with seven of the 11 returning letter winners being backfield men. He has a full backfield of veterans at each position. There is Phil Herschelmann at right half, Dan Bauer at left half, John Leete at fullback and Dick Dumas at quarterback.

Brad Tisdale Converted
Backing these boys up is Brad Tisdale who has been converted from a halfback to a quarterback to understand Dumas. Jim Ryan, whose whereabouts was unknown at the time of the opening drills, is another veteran halfback. These letter winners are backed by such outstanding reserves as Ken Gutow, Bruce Boardman and Bob Wachter. The letter two just missed earning their letters as tenth graders last year. Both are strong contenders for starting assignments and could possibly bump any of the veterans in the backfield.

Coach Bud Kurvinck has only two letter winners back but what lads they are. First there is Ted Jacob, who played a mess of tackle for the Devils last year and right behind him is huge Nick Genova who was one of the outstanding guards in the league. Kurvinck has converted Genova to the other tackle position and will concentrate on finding a strong center section of guards and centers.

Has Other Hopes
Guards Ron Wortman and Roger Kalvoord and tackles Larry Sutton and Wayne Byrd along with transfer student Make Landers of Ventura, California, look the best of the crop, currently.

The Devils' new end coach George Vander Weyden, formerly of Rich Township school which is in a Chicago suburb, took to his job with all the vigor and vitality a man could have as he scanned his candidates for end positions.

Vander Weyden inherited two of the eleven letter winners in Price Watts and Bill Brown, but was unable to put them to work as they missed the first week of drills because of summer jobs.

The squad as a whole looks to be just as big in size as last year's team and the Devils along with Royal Oak have been picked by some to be contenders for the Border Cities League crown now worn by Fordson.

Top Net Stars To Play Here
September 11 will be a red letter day for Detroit tennis. Again Frank Donovan, former city champion, is importing the cream of the tennis world for an exhibition at the beautiful Grosse Pointe Hunt Club.

The last two years the Australian and American David Cup players thrilled a capacity crowd. This year the exhibition will be truly international with the "down under" boys playing the English team.

In addition, the pretty but effective English woman star, Shirley Bloomer, will match strokes with Darlene Hard of California.

Tickets are on sale at Gray's Racquet and Sport Shop, Kercheval avenue in the Pointe, or the entrance to the club.

Best Sailing Day Features Edison Boat Club Regatta

One hundred and forty-eight skippers and crews enjoyed the best sailing day this summer when they competed in the Edison Boat Club regatta on Labor Day.

A brisk 10-18 mph southeasterly wind sent the yachts scurrying around the DRYA triangular courses in jig time. As a matter of fact two of the smaller classes, the L's and Privates, got back to the finish line in front of the host club before the judges' boat returned to the club.

Although the judges were tardy, through no fault of their own, there were some club officials on the dock to take the times of the finishers in these classes.

Jack Wagner Wins
Jack Wagner sailing "Wind Toy" topped the Privateer class and increased his lead for the season championship title. Following Wagner was "Spindrift," sailed by Jimmy Trudell, Chuck Haug's "Naid," Bob Roadstrum's, "Cotton Top" and Bill

Howard's "L'Allegria" in that order.

Guy McNoran finally topped his roughest competitor, George McCormick, in the L class, but it was close. Martha Wells' "Blue Heaven" followed in third place with Freddie Jensen's "Escape" and Guy Ireland's "Shamrock" chasing her.

Nubby Sarn's "Revelry" saw Toot Gmeiner's "Apache" clip her winning streak in the Cruising A division which marked the second time this year the big 44-foot sloop hadn't carried off the top prize in her class. Clare Jacob's "Falcon" finished in the second place. Gil Pingree's big yawl "Red Head" had a romp for herself in the moderate going and was first to finish but dropped to fifth place on corrected time behind Dick Jeffery's "Last Straw."

Will Keep Trying
The loss didn't seriously hamper "Revelry's" chances to repeat as DRYA champion. Owning six firsts, a second and third "Revelry" could stop sailing right now and be assured of the title. But that Sarns man isn't built that way. Said Sarns: "We will sail out the string (which includes three more races) and prove ourselves real champions."

John Detwiler's "Vashti" continued her Indian sign over Skip Grow's and Carter Sales yawl "Querida" when she won on corrected time, by 38 seconds. The win practically locked up the Cruising B river championship. John Miller's "Valiant" was third followed by the syndicate owned Coe-Robinson "Aguavit," Bud Miller's "Calypso" sailed but the judges didn't take her time because she is not registered with the DRYA.

In the sailor's vernacular Tommy Hanson's Pilot sloop "Dauntless" became a "Bride" when she won her first race since coming here last spring. Twenty eight seconds were all that separated "Dauntless" and Hank Burkard's "Meteor III" on corrected time. Jimmy Carlin just missed by a scant 10 seconds of taking second place on corrected time. Karl Ness' "Happiness" and Susie Fisher's "Old Parity" followed in that order. Fourteen yachts crossed the starting line in the popular Cruising C class.

Bob Nessley's beautiful black schooner looked like she was flying the Monday wash as she romped around the course to beat her only other competitor, Andy Langhammer's "Rambler" by 37 minutes.

Slim and attractive MRS. DONALD W. JENNINGS ... greets autumn in a smart tailored mustard yellow suit with just the hint of a dark fleck in the weave, patch pockets and crisp-looking white crepe blouse.

Another fall suit fan is community-minded MRS. GAYLORD W. GILLIS JR. ... whose near-navy two piece ensemble is flecked with white and has a short jacket fitting snugly at the waist.

MRS. OTIS U. WALKER wears a gray flecked wool suit ... and wisp of a gray hat banded in red and white.

Fanciers alike of gray wool suits are MRS. WILLIAM GRAMLEY ... MRS. ALEX WRIGLEY and ... MRS. CARL ZIMMER.

A mink stole worn over her beige wool dress keeps the fall-ish breezes from brothing MRS. BENJAMIN JAYNE JR.

Mama of a six-year-old Pointe laddie, who has consistently gotten into mischief ever since he began to crawl, is about ready to give up. While she played in a recent family card game, he stopped by the table long enough to flick her lighted cigaret at one of the other players and empty an ashtray into the nearest highball.

"Whatever is the matter with you?" she exclaimed in despair.

And he replied, "I'm just impish!"

PILFERINGS

Speeches are like steer horns, says Liberty Magazine, a point here, a point there and a lot of bull in between.

Shortly after Calvin Coolidge left the White House he was called upon to fill out a card to accompany the payment of his annual dues to the National Press Club.

Mr. Coolidge filled in his name and address, and then on the line provided for "Occupation" wrote simply "Retired." After a moment's thought, in the space headed "Remarks," the ex-president added the terse comment: "Glad of it."

Horace Greeley, who always insisted that the word "news" was plural, once wired to a reporter: "Are there any news?"

The reply came back by wire: "Not a new."

Sam Russell, justice of the peace in a small town in Iowa, was a reticent man. One day a saleslady breezed into his residence and inquired if his wife was at home.

"No, she ain't home," the justice said.

"Do you mind if I wait?" the visitor asked.

"Nope, have a chair."

After a full hour of waiting, the woman asked, "Where is your wife?"

"She went out to the cemetery."

"How long do you think she'll be gone?"

"Well, I don't know," said the justice deliberately, "but she's been out there 11 years now."

One raw winter night at the airport, an old lady confessed to the flight steward that this was her first plane trip. It was hardly a night for a first flight; rain mixed with sleet hammered on the ship as it taxied to the end of the runway.

The old lady looked very tense. Breaking a strict rule, the steward unfastened his seat belt and sat on the arm of her seat, taking her cold hand in his. She squeezed his hand tightly and held on.

After they were safely aloft, as he started back to his seat, she said: "Now, son, if you are afraid when we go to land, you come right back here and I'll hold your hand again."

A waiter in the diner of a Canadian Pacific train approached a regal-looking woman and bent over her solicitously. "Pardon me," he asked, "are you the cold salmon?"

MRS. HARRY MARCO OF HARCOURT ROAD

By Kitty Marriott

Have you seen anybody lately wearing handsome cuff-links that were a perfect match for his tie? If you have, he was the proud possessor of the decorative creations which Mrs. Harry Marco has been executing in recent months.

Scarcely more than a novice in the enameling field—she first delved into its mysteries last November—Mrs. Marco has made her presence felt quickly. In January, she needed some cuff links to match her royal blue plaid long-sleeved blouse. So, she says with a shrug, "I experimented until I got what I wanted." And her smart cuff links are an almost perfect match for the plaid fabric.

To Match Ties

When Mr. Marco saw the finished product, he remarked, "Why couldn't you design cuff links to match men's ties?" And she did.

It was a challenge, Mrs. Marco recalls, so she took a dozen of her husband's ties from the tie rack and "experimented" in her basement workshop. Surprisingly enough, she was able to produce enameled cuff links which closely matched the tie designs in color and pattern.

Mr. Marco, her Exhibit A, traveled a great deal in his work and wore the matching tie and cuff link ensembles. There were naturally many comments on the unusual combinations, and whenever someone admired the duo, Mr. M. would remark, "Oh, Doris would love to make a set for you ... it's a hobby!"

Expensive Hobby

The number of orders began to make it such an expensive hobby that in April, Mrs. Marco incorporated her project as a business under the title, "Marcel Enterprises." So far, she has remained out of the commercial field as much as possible.

While she prefers that people bring their own ties for her to match, she keeps a stock on hand for such things as Father's Day or birthday gifts.

Custom Cuff Links

She has made cuff links with an Indian head design for members of an eastern college club and some to match fraternity pins. One of her largest assignments was doing 50 custom links for the local division of a national company with the com-

pany seal and a good deal of fine lettering on it.

One of her most interesting achievements was freehanding a Scotch family crest onto cuff links. The design embodied two lions holding a shield on which was a bear's head with the clan plaid and war cry on a grass plot beneath.

Strangely enough, Mrs. Marco has not an artistic background. Before her marriage, she was a sportswear buyer for Neiman-Marcus in Dallas. Textile painting to decorate her own home was the closest she had come to art work until she delved into enamels.

Experiments Regularly She is modest about her achievements, insisting that it is possible only because Mr. Marco is on the road so much, leaving her the necessary time to experiment. She has her own soldering guns and a kiln in her workshop as well as other needed materials.

Ash trays were the first items Mrs. Marco ever made, since they are the usual starting point for ceramics and enamels. Colorful sea scenes with fish and seaweed are enameled on small white tiles on her workshop wall, showing her early ventures with colors.

Mrs. Marco cuts the cuff links from copper in different shapes varying according to the tie patterns. She mixes her own colors and experiments to her heart's content, using all types of enamels.

Counter-Enamels Links One of the appealing qualities of her products is the fact that they are counter-enamels, that is, the back of the cuff links are also finished in enamel.

Although Mrs. Marco has made up earrings to match print dresses for a few friends, cuff links are her first interest. She has designed links for men who wanted to wear them with any ensemble, but she prefers matching the cuff links to specific ties.

She has found that men with

favorite ties like to own the matching links. It's a novelty, she concedes, getting away from the age-old "tie, shirt, sock" gift difficulty.

Enjoys Small Things

Among her links designed to match ties are: a light beige horse on maroon background; small red globules on a charcoal background; a black and green print; coral and gray stripe; black, maroon and gray diagonal stripe, but the list is endless.

She loves to match stripes in ties, but says "dots are fun too". The minuteness of the task appals an observer, but Mrs. Marco explains this with "I love to do little teeny things ... the smaller the better".

Works and Experiments A lot of discouraging things have happened, she admits, and still happen because "you never know when you're working with metal". It is a great deal of work discovering what colors comprise the background in matching up designs. Then, the temperature of the kiln and length of time the item is fired greatly influence the color.

Mrs. Marco constantly works on new and different processes, for the keyword seems to be "experimental" in this enamelist's hobby that so quickly turned into a business.

Pointe Counter Points

Tuesday of this week we were smack in the middle of the volatile flurry of Irving's fashion show preparations. Mr. Lief Bergen's bevy of models (direct from his modeling classes) will be on hand, at fashionable London East, Thursday, September 13. Show time begins promptly at 1:45 p.m. Every couturier worth his drawing board will be represented. During rehearsal we saw the plain and simple lines of Christian Dior's suits ... Edith Small's finely tailored charcoal suit one in petite custom sizing and showing a new and unusual neckline. Ben Zuckerman's tweed suit (topaz mixed with earth brown) and antique silver buttons marked this brilliant collection. A simply tailored black wool dress picks up the earth brown satin trim magnificently. This versatile shade can be worn equally well with brown or black accessories. Spotted a navy blue sheath of peau de soie ... a couple of elegant dresses by Marusia of California ... coats by Pierre Balmain. Incidentally, fur plays as big a part on coats this season as on costume suits. The costume suits of this collection are trimmed with natural mink as well as bleached white or dyed black. One charcoal gray coat was dyed Persian trimmed. From Irving's fabulous fur collection see Russian broadtail ... a full length natural ranch mink with a luxurious back fullness, and v-e-r-y full push-up sleeves. Night fashions incline towards the romantic ... the Edwardian Rose blooms on "My Fair Lady" ... a creation fashioned of dark green satin ... cummerbund of lighter green ... it's chiffon panel flows to the hem. Do come along and thrill to more of Galano's and Verle's dinner clothes. Oh and ah along with the press over a dashing white and red hunting outfit ... this of kidskin and wool ... hooded jacket ... pockets of trousers kidskin trimmed ... the red capeskin car coat with reversible wool jersey lining. This truly marks the opening of Irving's fall fashion season.

There is the familiar excitement of a new season at the Village Store, 88 Kercheval, on the hill. Here are the outlines of Autumn, ... the textures of Autumn in the long tartan kilts skirts. Imports from Scotland are tagged, twenty-nine ninety-five ... domestic ones, seventeen ninety-five. Distinctive.

They're back with a bang! The v-e-r-y famous "Haymaker" skirts. Because of the classic look, they fit perfectly into the Pointe fashion picture. First, they take to the suns. Secondly, there are plaids galore! All have long sleeves and are deftly manufactured. It's possible to pair them with the washable bermudas fashioned by College Town ... regimental stripes or plain and tagged at just seven ninety-five in the sportswear department of D. J. Healy's, in the village.

Elegance is in for a real revival come mid-September. Walton-Pierce, Kercheval at St. Clair, in the village, plans to present, at a formal opening, his Malcom Fall custom collection. MORE of this later.

A long tall gal doesn't choose the same kind of monogramming that a short chubby gal would choose. And if you want to animate your fall suit blouse or sweater with a monogram it just can't be done hot or miss over the counter. The art work is important in monogramming. Here in the Pointe is a workshop so staffed that they can fashion a monogram that will literally shout, "It's me!" This individual monogramming at Margaret Rice's, exudes smartness, gals!

It's a great, wide, wonderful world and so many women are it's guiding light. In this instance, it's Miss Helga Trendal formerly with Academie Scientific de Beaute, Paris. Best beauty investment of the month, we think is a soothing facial by Miss Trendal at the Lochmoor Salon of Beauty, 20433 Mack, in the Woods. TU. 1-7252 for appointment.

What could be nicer for that age group 3 to 6 and 7 to 14 than WASHABLE WOOLS? And here are complete outfits that lead many lives. They go to school, to church and even to play. There's the suit they'll practically live in ... plaid jacket and skirt ... there are the slacks and bermuda shorts for part-time tom boy life ... and the blouse that is sure to blossom the year around. Each piece can be bought separately. Expect of find lots of washable wools this season at Young Clothes, Inc., on the hill. Jumpers, jackets, et cetera. 110 Kercheval, on the hill.

Sure signs of the new fall season are boy coats ... good for either campus or town use ... the color range is big here at D. J. Healy's, in the village. Choose from navy, black watch, grey, camel or nude. Love the price range ... which will it be? ... forty-five, fifty-five, or sixty-nine dollars and ninety-eight cents? Take note ... turning up this autumn, there is another whole fresh crop of coats ... for example, we liked the black wool, swept with white ... cut luxuriously, fold upon fold, the hood capes the shoulders ... really terrific ... and around eight dollars. Ah, black and white tweed great coats are here, too!

The hinterlands have been combed for handbags. Not ordinary. This particular department is full and brimming over with ORIGINAL styles. Found ... a HUGE Top Hat Calf ... that looks like fur ... ebony ... with belt to match ... calf and other leathers fitted beautifully in taupe, brown and jet. Travel bags ... gargantuan novelty tapestries and corduroys ... plastic over designed fabrics ... satin cocktail ones ... other evening fashions of lucite ... sparkling beaded trims. Each a conversation piece. Not one style has been overlooked. And all are adaptable, to a Pointer's taste and practicality. Margaret Rice's, on the hill.
