(Continued from Page 1) received immediate treatment. After several hours they were taken to the Park police station, where they told their story.

Cynthia and Jackie were then turned over to the Women's Division of the Detroit Police Department, and then taken home. Chief Louwers said that it was fortunate Jackie aroused herself when she did because in another five minutes would have been fatal.

Both girls are lucky they are alive today, he said.

The high cost of experience seldom represents its true value.

Four Language Classes Starting

Classes in four foreign languages are being offered by the Department of Community Services of the Grosse Pointe Public School System all courses to have starting dates in October.

Spanish and French have been offered for a number of years on the Adult Education program and last year Italian was added to the list. This year's addition will be German; giving students a wide range of choice in the language field.

Taught on a conversational level with new books, new techniques and modern audio-visual aids, progress is interesting, and classes are geared to the requirements of the adult. Many goals may be satisfied in the study of a foreign language; whether it be for use in travel or to brush up on a language once learned and little used.

Whatever your purpose, your progress will be enjoyable in a group where each person receives individual attention, and the use of the language studied is the key to each meeting.

Jack R. Moeller, Ph.D., will instruct the class in German, to begin Wednesday, October 24. Dr. Moeller is a new member of the teaching staff at Grosse Pointe High School, coming to our community from Oberlin College where he was a staff member of the language department. He received his Ph.D. at Princeton University, his major subject being German.

Armand DeGaetano, B.S.S., M.A., Ph.D., will be the instructor for Italian. Born in Italy, Dr. DeGaetano served in the Military Intelligence during World War II. He has been teaching Italian at Wayne University for the past seven years, and has taught adults in New York City, Stamford, Connecticut, and in adult programs in Detroit. Classes are being offered on two levels, beginning and continuing, starting October 15 and 17.

French will be taught by Madame Helene Coutil. Born in France, Mrs. Coutil received her teaching degree from St. Genevieve, Paris, and is presently on the teaching staff at Sacred Heart Convent. These classes will also be taught on the beginning and continuing levels, to begin October 8 and 10.

Spanish will be offered (beginning and continuing) with Mrs. Gertrude James as instructor. Mrs. James is a graduate of Northern State Normal College and the School of Expression in Boston, Mass. "Spanish for Adults, Grosse Pointe Method" the textbook used for this class was written by Clarence V. McGuire, a resident of Grosse Pointe. These classes will begin on October 10 and October 18.

Boy Injured

(Continued from Page 1) told Francis to take a whiff, then said, "I hope you won't be mad at me," and tossed the liquid into his friend's eyes.

Taken to Specialist: Francis said that by the time he got home, his eyes were swollen and burning. His mother took him to the family doctor and to an eye specialist.

The family physician, Dr. J. Paul Walker, said it may be some time before it can be determined whether the cornea has been damaged by the ether. He said the ether may burn the cornea, but ether evaporates quickly and the eyes may be all right.

Francis said he holds no grudge against his friends, stating that he believed it was only a prank, and that Bob would not have hurled the ether if he knew what was going to happen.

Called Him Incurrable: O'Dell and Tobian, however, described Bob as incurrable. They said he was arrested by police for window peeping in 1953, and five other times since, for the same offense, and that at present there is a case against him in Juvenile Court.

Following a preliminary hearing on Saturday, Judge Kaufman ordered Bob examined by the Juvenile Court psychiatric division.

Bob was detained in the Juvenile Detention until a hearing was held on the waiver.

Men Gardners Meet Thursday

The Conservation meeting of the Men's Garden Club of Grosse Pointe will be held at the War Memorial Center starting at 8 p.m. on Thursday, October 18.

This topic of such vital importance to all citizens will be treated by Robert Bills, who in his position of landscape architect of the Huron Clinton Metropolitan Authority has had so much to do with the land conservation in this area. Mr. Bills brings with him an

interesting new colored movie entitled "Recreation Unlimited," showing how conservation provides pleasure as well as the preservation of our horticultural resources.

All men of this area are invited to attend the meeting of our Men Gardners next Thursday evening. There is no admission charge.

The man who kicks when things don't go to suit him is always kicking.

Quintet Facing Serious Charges

Park police obtained warrants against three male adults and one minor girl, when they arrested at a home kept under surveillance since September 27, following an anonymous tip that something "funny" was going on in the home.

Arrested on Monday, October 8, and arraigned before Park Judge C. Joseph Belanger, during evening court, was Edmund R. Walsh, 64, of 1134 Wayburn, at whose home it was charged improper actions were taking place. Also arrested and arraigned were two soldiers, no names given, from the Army site at Three Mile and Essex, and two girls, 16 and 17 years old.

The surveillance ended on the Monday date, when Park Det. Lt. Stanley Enders and Patrolman Thomas Fraser, observed the 16-year-old emerging from Walsh's home in an intoxicated condition.

Walsh and the two soldiers are charged with contributing to the delinquency of a minor, and the 16-year-old, with being a disorderly person. The other girl is being held as a material witness.

Lt. Enders said that the tipster complained that teenagers were constantly seen coming and going from Walsh's home, almost every day, which prompted the police to keep a close watch on the place.

When arraigned, all parties accused, stood mute, and Judge Belanger entered a plea of not guilty for them. He adjourned the arraignment to October 24, at 10:30 a.m.

Walsh was released pending the court date; the soldiers were turned over to their commanding officer, and the girls, to their parents, until that date.

Students Attend Jr. R. C. Parley

More than 100 students from Wayne County junior and senior high schools which participate in the Junior Red Cross program, spent last week-end at Pine Lake attending a Leadership Training Center under the direction of Mrs. Viola Vivian, Detroit Chapter, Junior Red Cross Director.

The three and a half day program included discussion of Red Cross procedures and services and the participation of students.

International friendship was emphasized by the presence of Edgar Metral of Switzerland, exchange student spending the school year in Grosse Pointe High School.

Elected to serve on the Michigan Youth Advisory Council was Heath Boyer of Grosse Pointe High School.

Other students from the school attending the training session were Diane Dickey, Joyce Herber, Nada McClenahan and Bob Swartz.

The D. U. S. was represented by students, Lyn Hallett and Rick Kinder.

From the Parcels Junior High and Pierce Junior High were Kathleen Eyre, Kathy Vestal and Joan Vermeulen and Julia Wade, respectively.

LANDLORDS

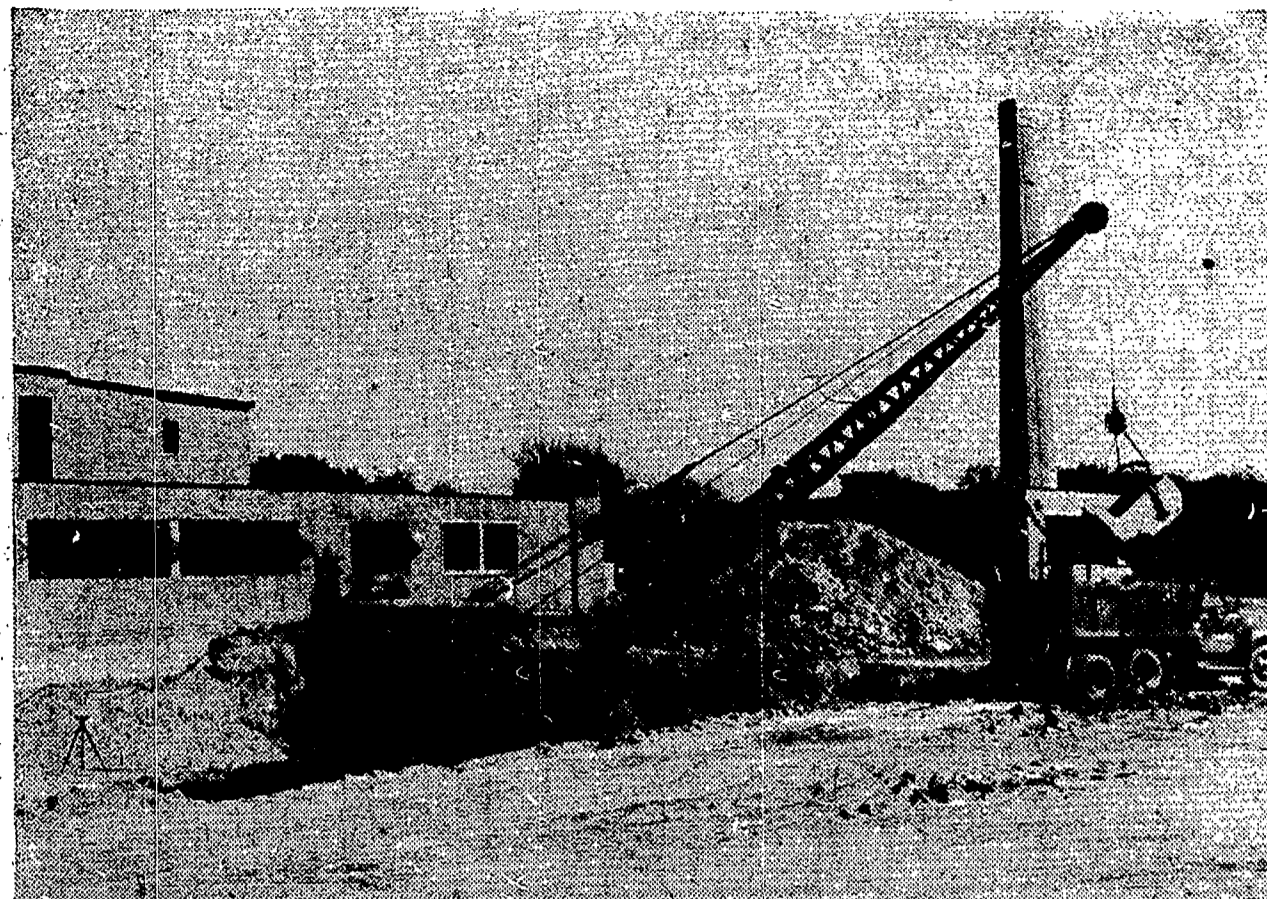

Two little girls were playing. One pretended that she wanted to rent the other's playhouse.

"Have you any parents?" the playhouse owner asked.

"Yes, two" was the reply.

"I'm sorry," the small landlady said, "but I never rent to children with parents. They're so noisy and destructive."

Ground Broken for Parcels Swimming Pool

Work has been begun on the new pool at the junior high school, which the voters approved at a special election. The pool, of regulation size, will cost \$341,644 and is expected to be completed in the late spring.

Physical Education Plans Explained to School Board

Co-ordination and co-operation might well be the theme of the physical education program for Grosse Pointe's elementary schools, Bernie Falk told the Board of Education Wednesday evening, October 3.

In a special presentation made at the regular monthly meeting Falk, who is the elementary physical education consultant, described in some detail the program suggested for classroom teachers in the system. He was assisted by John McMahon, who conducts physical education classes at Kerby, Barnes, and Ferry.

Fun and skill are combined progressively, according to Falk, in wholesome activities appropriate to the needs of particular age and growth levels. Team games are introduced gradually at the right time. All elementary boys and girls are enrolled in the program.

Competitive athletics at the elementary school level are not endorsed by a majority of physical educators, said Falk. The reason: the possibility of over-stimulation and too great an emphasis on winning at a time when youngsters are too young to recognize more lasting values. Competition as a spark, he feels, is natural; it is only when it is stressed to the detriment of other benefits that it becomes questionable.

Copies of the course of study guides for elementary physical education were presented to each member of the board. The guides were prepared by a committee of teachers under the chairmanship of Mr. Falk and under the direction of Dr. H. Leroy Selmeier, director of instruction. Supplementary to the guides is a chart listing progression in games and skills from kindergarten through the sixth grade.

The idea of inviting teachers to board meetings to present the work of various departments originated just two years ago this fall as an experiment. It was so well received by both board members and teaching staff that it has been continued ever since.

The plan has been favorably reviewed by educators throughout the country as a consequence of an article published in a national professional magazine last spring, Mr. James W.

Hits Scout Car At Intersection

A motorist who ran through stop street in the Park and rammed into a Park police scout car on Friday, October 5, was ticketed for failing to stop for a stop street and causing an accident.

A Park police accident report disclosed that Patrolman William Crandall, 34, of 1251 Beconsfield, was cruising east on Vernor, when Forbes Howard, 40, of 93 Merriweather, traveling north on Lakeview, drove through the stop street and struck the police car, damaging the right rear fender and bumper.

Skids marks showed that Howard's car traveled 60 feet before the collision.

Howard said that he thought he put his foot on the brake, but it turned out he hit the gas pedal.

He will appear in court on October 31.

GETS OXYGEN TREATMENT

Leo Athman, of 1749 Brys drive, was administered oxygen by Woods police on Friday, October 5, when he suffered an asthmatic attack. He was taken to St. John Hospital, where he was given further treatment.

Guest Speaks Before Guild

The Bon Secours Hospital Guild opened the fall season with a meeting at the hospital on Tuesday, October 9, with Mrs. Joseph A. Kasper presiding.

Bud Guest, well-known Detroit radio personality, was the speaker. He was introduced by program chairman, Mrs. Toby David.

Bartlett Talks To Defer PTA

Nearly 400 Defer school parents heard Dr. Lynn M. Bartlett outline a coming series of parent-teacher conferences in January, 1957, designed to supplement the school report card on child progress in Grosse Pointe schools, on Monday, October 8.

Dr. Bartlett, chairman of the 30-member committee on reporting to parents, announced that children would be released from classes on four Fridays in January. During these "no-school" Fridays, teachers would schedule meetings with parents to talk about each child's growth and development in his school-work.

These interviews are new and their trial has been approved by the board for one year," Dr. Bartlett informed the Defer PTA. "We feel it will be a

big help to all Grosse Pointe parents in getting to know their children's abilities better," he added.

Marking, promotion, and other report card policies were thoroughly explained in order to increase parental understanding of the heralded Grosse Pointe reporting system. Many parents entered into a lively discussion of Bartlett's presentation indicating wide spread interest in this aspect of Pointe education.

Earlier, Principal Fred Kerby introduced the following teachers new this year at Defer: Mrs. Marjorie Thummel, kindergarten; Miss Mary Sauer, third grade; and Miss Alberta Harris, fifth grade.

Jim Dodge, Defer PTA president, called the meeting to order.

Church to Offer Special Recitals

Christ Church announces a continuation of the Evensong Recital series, which was begun last year under the direction of Richard Roeckelein, organist and choirmaster.

These programs are open to every one in the community and present an opportunity to hear seldom performed religious works in their proper setting, the church. They have attracted interest not only for their unusually beautiful nature, but also for their authenticity of performance.

The formation of the Christ Church Chamber Ensemble has helped to make this possible.

The programs will take place on the second Sunday of every month, October to April, at 4 o'clock in the afternoon. On October 14, Peter Cavallo, noted bass from New York, will sing the solo cantata, "Ich habe genug" by J. S. Bach. He will be accompanied by strings, oboe, and harpsichord.

On November 11, the choir of men and boys from St. Mary's Church, Walkerville, Canada, will present a program of selected anthems. The Christ Church Boy Choir will sing the Christmas Cantata, "For Us a Child is Born" by J. S. Bach on December 9. They will be accompanied by the Chamber Ensemble.

The traditional "Feast of Lights" service will take place on January 13.

On February 10, there will be an organ recital by a distinguished soloist.

The Boy Choir will again sing the Schubert "Mass in G" on March 10, with the Chamber Ensemble providing the accompaniment. The monumental "Mass in E Flat" by Franz Schubert along with a contemporary work will be sung, with members from the Detroit Symphony Orchestra assisting.

In order that people with families might find it easier to attend, nursery supervision will be provided by the church during each of the programs.

Insurance Advice Given Veterans

Lapsed GI term insurance still may be reinstated before the end of the term period, Lloyd H. Jameson, manager of the Veterans Administration Regional Office at 310 E. Jefferson ave., Detroit, emphasized.

"The Detroit VA office has found that hundreds of Michigan veterans believe they no longer are entitled to GI insurance when they miss several premium payments on 5-year term policies," Mr. Jameson said.

He explained if the 5-year term period has not expired, the policies may be reinstated with the payment of two monthly premiums. A medical examination is required if the policies have been lapsed more than three months; but none is required if the term policies have been lapsed less than three months and the policyholders are in as good health as they were on the date of lapse, Mr. Jameson said.

Any VA contact office will be glad to assist veterans in re-instating GI term insurance, Mr. Jameson said.

Ecorse Supervisor Rippe Examined By Pointe Judge

Grosse Pointe's Neighborhood Club at 17845 Waterloo, was the setting for the examination of Taylor Township Supervisor Harold Rippe, Monday, October 8.

Judge Douglas L. Paterson, of Grosse Pointe, found after a day-long examination that there was a definite probability that Rippe was guilty of extortion, and solicitation of a \$6,000 bribe and acceptance of the bribe.

Paterson ordered Rippe to stand trial in Circuit Court on the three counts of an indictment by the Bohn Grand Jury.

The Grand Jury has indicted Rippe on three other counts of bribery and extortion besides the ones on which he was examined Monday.

Calvin Shubow, a land developer, testified at Monday's examination that he gave Rippe \$6,000 for permission to install a water line in Taylor Township. He said the bribe originated when he went to Rippe's office in April or May 1955, to discuss a water line for the proposed subdivision.

Rippe told him it would cost \$97,000 to do the job. Shubow said he told Rippe that an outside firm could do the same job for \$67,000, but that the supervisor insisted only he would be allowed the work.

A second meeting was held in June, 1955, when Rippe suggested the bribe, testified Shubow. He said he raised the money from among his associates and met Rippe again in mid-October, when he gave him the \$6,000.

Cross-examined by defense attorney Joseph W. Lousell, Shubow said the first law enforcement agency to learn of the incident he had described was the grand jury. He said he was granted immunity by the grand jury.

Rippe remains free on \$10,000 bond set earlier by Justice Paterson.

Car Plows Grass On Lake Shore

A St. Clair Shores resident fell asleep while driving home Thursday morning, October 4, and ploughed up 200 feet of grass on the Lake Shore road parkway before his car finally came to a halt.

Howard J. Van Gheluwe of 31515 Share road, was driving his new Chevrolet east on Lake Shore when he dozed off near Provençal road.

Luckily his car swung left instead of right and into the lake. The Chevy bounced across the island for 200 feet, then cut across the west bound lane and finally came to rest against the county sign marked "200 Feet to Provençal."

Van Gheluwe was issued a violation for not having his car under control. Estimated damage to the Chevrolet was \$200.

Parcells PTA Meets Oct. 12

The first general meeting of the Parcells Parent-Teacher Association will be held in the auditorium of the school on Friday, October 12, at 8 o'clock.

A very short business meeting will be followed by a concert given by the new 7B chorus.

The chorus will sing "Ica's Castle," a Czechoslovakian folk song, and "Be Kind to Your Parents," from the musical "Fanny." They will be directed by Mr. Donald Simmons, and accompanied by Miss Donna Zizek.

Miss Virginia Van Vyncht, assisted by Miss Patti Haight, will be the 7B mistress-of-ceremonies.

The classrooms will be open for an hour of room visitation, to give parents an opportunity to meet the teachers. Parents who are new to Parcells will find this especially interesting. Many exhibits will be on display, including examples of student work. The open house will be followed by a social gathering in the two gymnasiums, at which refreshments will be served.

The P.T.A. officers for this year include: Willis Bullard, president; Ken Smith and Mrs. Carl Schaltenbrand, vice presidents; Miss Gail Wog, teacher, vice president; Mrs. R. E. Baudie, secretary, and Albert Eyre, treasurer.

World Politics To Be Studied

Grosse Pointers can obtain the elements of international relations and American policy making through the World Politics Program.

This educational project, sponsored now by the Department of Community Services, the Friends of the Grosse Pointe Library and the Grosse Pointe Library, has been established for several years. A new ten-week program is about to begin and registration can be made by calling the Department of Community Services of the Grosse Pointe Public School System at TU. 5-3808.

The World Politics discussion group will meet every Tuesday evening at 7:45 beginning October 16 at Community Service Center. Participants meet in groups of 15 to 30 members to discuss topics and questions based on a set of World Politics readings.

Topics to be covered in the ten weeks include, "The State and the Individual," "The Causes of War," "Democracy," and "Communism." The readings are taken from the works of Winston Churchill, Sigmund Freud, Mussolini, Marx, Lenin, Lincoln, John Locke, Plato and other spokesmen for political theories.

Soldiers Pitch In to Help Church Group

Soldiers from the Antiaircraft Artillery Battery at the foot of Three Mile drive, volunteered to lend their helping hands to the ladies of the Grosse Pointe Memorial Church in gathering articles for the annual rummage sale to be held at the church on Thursday, October 25.

Ground Broken For School Pool

Ground was broken for the Parcells Junior High School swimming pool in a brief ceremony at the site on Friday morning, October 5. Board of Education President Robert F. Weber, who presided, told a small gathering that the young people of the community and their parents would benefit from the new swimming facilities.

In attendance at the groundbreaking were student government officers and representatives, a delegation of homeroom mothers and fathers, some members of the Parcells faculty, School Superintendent James W. Bushong, and the Board of Education.

St. Clare Club To Hold Dance

There will be cider and doughnuts, reels and do-se-dos on Friday, October 12, 8:30 to 11:30 p.m., when the Young Adults Club of St. Clare de Montefalco Parish hold their all parish square dance in the church auditorium, Mack at Whittier. Everyone, 17 to 70, is cordially invited. Tickets may be purchased at the door. Ample parking space is available in the church parking lot.

Mr. Weber called on student government President Roger Shortz to turn the first spadeful of earth. Following the ceremony the guests were invited to come to the community room of Parcells for coffee and rolls served by the homeroom mothers and their hospitality chairman, Mrs. Carl Schaltenbrand. The Parcells pool is one of four projects in a \$3,475,000 bond issue approved last January 24 by Grosse Pointe voters. It is expected to be ready for use by next spring, according to the Chase Company.

Elect Schweikart To County Board

Carl Schweikart, former Grosse Pointe Township Supervisor, last week was elected a member of the Wayne County Board of Canvassers.

The board has two Democratic members, Margaret Montgomery and Philip Neudeck, and it was required that a Republican member be elected.

Schweikart ran against Dearborn's Mayor Orville Hubbard and beat him 60 votes to 15. The votes are cast by the members of the Wayne County Board of Supervisors.

The duty of the Board of Canvassers includes certifying the entire Wayne County vote, and taking charge in case any recounts are necessary.

Trombly P.T.A. Meets Oct. 15

The first meeting of the Trombly P.T.A. will be held in the school auditorium at 8 p.m. on Monday, October 15. Robert Laitner, P.T.A. president, extends a cordial welcome to new parents in the Trombly School community and urges all parents to attend.

"To attain our aspirations for our children," comments Mr.

Laitner, "the school and home obviously must work together. One of the best avenues for this co-operative effort is our P.T.A. Let's all join in making this a most interesting and productive year for our children."

The auditorium portion of the meeting will include a short business meeting together with remarks and introduction of the staff by Principal Frank J. Welchenbach.

"Getting Acquainted" is the theme of this opening meeting as announced by program chairman, William Court. Hence an extended classroom visitation will follow the short general meeting. Parents will have an opportunity to become acquainted with the teachers, to see the work of the children, and to learn more about their school and their child's learning program.

Mrs. William Angst and Mrs. Alfred Miller, social chairman, together with Room Mothers Mrs. Mark Maun, Mrs. George Bender and Mrs. George Roumell, are planning social hour festivities and refreshments to follow the classroom visitation.

Sighted Students To Help Blind

Beginning Friday, October 19, at 10 a.m. and continuing for an hour and a half weekly, for 22 weeks, blind instructor, Miss Ella McLennan will teach 24 dedicated sighted students the Art of Transcribing the printed word into Braille.

The American Red Cross pays Miss McLennan's salary and she makes the journey across from the west side weekly (thanks to transportation furnished by the Lions Service Organization) to carry on this worthwhile work.

This is hard, but rewarding volunteer work. Only those who feel they can complete the course are enrolled. At the end of the course, passing an examination issued by the Library of Congress certifies one as a Braille transcriber. Then the Red Cross and other organizations have volumes of printed instructions and literature needed by the blind waiting to be translated.

There is no fee for the course but materials run about \$5. If you are seriously interested in this worthwhile work call the Center TUxedo 1-6030.

Eastern College Women Bringing Lodge to Speak

Henry Cabot Lodge, Jr., U.S. Ambassador to the United Nations, is speaking at the new Henry and Edsel Ford Auditorium on the night of October 16, the first night in which the auditorium will be open to the general public.

Mr. Lodge will speak on "The U. S. in the U. N." His background and experience has included foreign as well as national affairs, for although he served 13 years in the Senate, he resigned in order to continue his military service which took him to Africa, Italy, France and Germany.

After his appointment as Representative to the United Nations in 1953, he worked unceasingly for the release of U. S. forces who were held captive in violation of the Korean Armistice Agreement.

When President Eisenhower appointed Mr. Lodge to the U. N. he also made him a member of his Cabinet, the first person to hold this dual position, which means that he regularly attends Cabinet meetings in Washington and that the authority with which he speaks in the United Nations is thereby considerably enhanced.

The group which is sponsoring Mr. Lodge's talk here is known as the Seven Colleges Committee, a group of interested alumnae of Barnard, Bryn Mawr, Mt. Holyoke, Radcliffe, Smith, Vassar and Wellesley who annually raise funds to send a Michigan girl to each of these seven colleges.

As far back as 1927 these seven alumnae groups began meeting together to discuss mutual problems and common

interests. By 1938 they had decided to pool their resources to work together in fund raising and in that year they made Detroit theatrical history by selling out a performance of "You Can't Take it With You."

Since then, they have successfully sponsored several theater benefits, children's matinees, lectures, a cooking school and bridge lessons.

The funds thus raised are used toward scholarships for Michigan girls, based on scholastic achievement, extra-curricular activities and financial need. As part of this program, the Committee also sponsors a College Information Day in January at the Women's City Club, to which girls from 65 Michigan communities are invited.

There they may find information about each of the colleges and the opportunities it offers. Although all scholarship applications must be made through the colleges themselves, the Detroit Committee interviews each applicant and her family, and makes a recommendation to the college.

In bringing Mr. Lodge here the Committee feels it is offering not only a fine speaker, but also an early view of the fabulous auditorium in the new Civic Center. Designed for the pleasure, and comfort of its audiences, it is also embellished with the fine sculpture of Marshall Fredericks, and is in itself a thing of true beauty.

Tickets for this evening of Tuesday, October 16, at 8:30 p.m. are available through the Seven Colleges Committee, 121 Meadow Lane, Grosse Pointe 36, or TU 2-6968. The price is \$2 per ticket.

Selective Service Boards
Screening Standby Reserve

"Many Standby Reservists of the Armed Forces in this community are receiving questionnaires for the first time from Selective Service to be used by local boards in determining their availability for military duty in time of national emergency," it was announced today by Carl Schweikart, local board chairman.

Selective Service is now charged by Congress with the responsibility of screening the nation's entire Standby Reserve, it was explained by Mr. Schweikart. The new law is designed so that each Reservist will be called to active duty only after local boards have given full consideration to the effect that his entry on active duty would have on the national health, safety or interest.

On the basis of questionnaires returned by Standby Reservists, each Reservist will be placed in one of three categories. These categories are: I-R (available, II-R (deferred for essential civilian occupation) and III-R (deferred by reason of extreme hardship and privation to dependents).

Each Standby Reservist has the usual right of appeal from the local board determination. He is also required to keep his local board informed of any change in address and changes in occupation and dependency status.

Men and women who are transferred to Standby Reserve status by any of the Armed Forces are now reported to the Selective Service System for jurisdiction over their availability for recall to active duty. Approximately 4,500 Michigan Reservists have already been screened to the Standby Reserve. This number is expected to increase rapidly as the Armed Forces screen out Ready Reservists who have completed their obligated service.

The new program will keep the Standby Reservist advised of his emergency recall status, and the Armed Forces will have a constant inventory of the availability of Standby Reserve personnel.

Candidate Moves
Back into Area

Former Congressman Harold F. Youngblood today announced that he has moved back into the 14th Congressional District, to a home which he has purchased at 3983 Courville in Detroit.

Youngblood pointed out that he was not required by law to establish residence in the District until actually elected to Congress, but said that he felt it was right and proper that he take this action as a candidate.

Youngblood mentioned that he had attempted to locate in the 14th District when he first returned from Germany, where he served the Eisenhower Administration in handling economic problems arising from the isolated status of the city of Berlin.

When he was unable to find a home in Detroit, where he previously had resided all his life he purchased a temporary residence in St. Clair Shores, which he now has sold at a financial loss. Youngblood remarked that he would have liked to have maintained his Detroit home while serving overseas, but said that he does not have the financial resources of his opponent, who maintains an estate in Grosse Pointe, while he is serving and residing in Washington.

During his residence in Germany, Youngblood resided near Lake Waussee in the American sector of Berlin.

The Michigan Marching Band takes the field each Saturday for the seven U-M home games. With the "toughest schedule in the Big Ten," including two away games, the 143 playing band members were among the first students who returned to the Ann Arbor campus this fall to begin rigorous practice sessions. In addition to the playing members, four twirlers, a drum major and flag bearers participate in the huge half-time formations. Left to right are: ARMIN JOCZ, '945 Trombley, Grosse Pointe Park; ROBERT CHAPMAN, saxophone, 1577 Huntington, and DUANE KALEMBER, drum, 1374 Anita, both of Grosse Pointe Woods.

Offering Class On Child Care

Women in this area will be interested in two classes being offered by the Department of Community Services of the Grosse Pointe Public School System, both classes to begin in October.

Slip Cover Making is scheduled as a Friday afternoon class to run for a 12-week period. Students will find that charm and a new look can be added to their homes inexpensively when they know how to fashion and tailor slip covers. A basic knowledge of sewing is essential to join this class.

Helen Meyer is the instructor. Mrs. Meyer has been a color consultant and interior decorator for major firms in Detroit, New York and San Francisco, and has also been guest speaker for the School of Design, New York City, Harvard Graduate School, and at Port Washington, Long Island, New York.

Textile Painting, is also being offered with a beginning date in October. Marilyn Kuharich is the instructor. Mrs. Kuharich studied at Marygrove College and has taught in the Adult program both in Grosse Pointe and Detroit.

Students find the art of Textile Painting a very satisfying medium of expression; using the process to individualize such articles as blouses, scarves, lunch-

con sets, children's clothing and many other pieces.

Class registration and further information may be obtained by calling the Department of Community Services at TU 5-3808 or TU 5-0271.

Community Club Has Busy Year, Recent Annual Report Reveals

The recently released annual report of the Grosse Pointe Woods Community Club for the period of September 1, 1955, through August 31, 1956, shows growth in many recreational programs for children and community recreation projects.

In the last two years, the number of children served in the organized group program

has more than doubled. Factors in this growth have been the enlarging of a pre-school program; development of Harper Woods program, refocusing emphasis on the afternoon program, and provisions of more varied volunteer opportunities.

The increase in volunteers and their hours of service is one of the highlights of the Club's sixth annual report.

Sixty volunteers gave a combined average of 350 hours per month. Last year, 19 volunteers gave an average of 157 hours per month. Some factors in the steady development of the volunteer program have been the increased opportunities for less experienced volunteers; involvement of pre-school mothers on a regular rotating basis; increase in the number of children served and the provision of training sessions, staff meetings and regular supervision of volunteers by professional staff.

Community resources helping to obtain volunteers have been the Central Volunteer Bureau of the United Community Services; newspapers, the Junior League, Wayne University's 100 hours program and contact with parents and interested adults in the community.

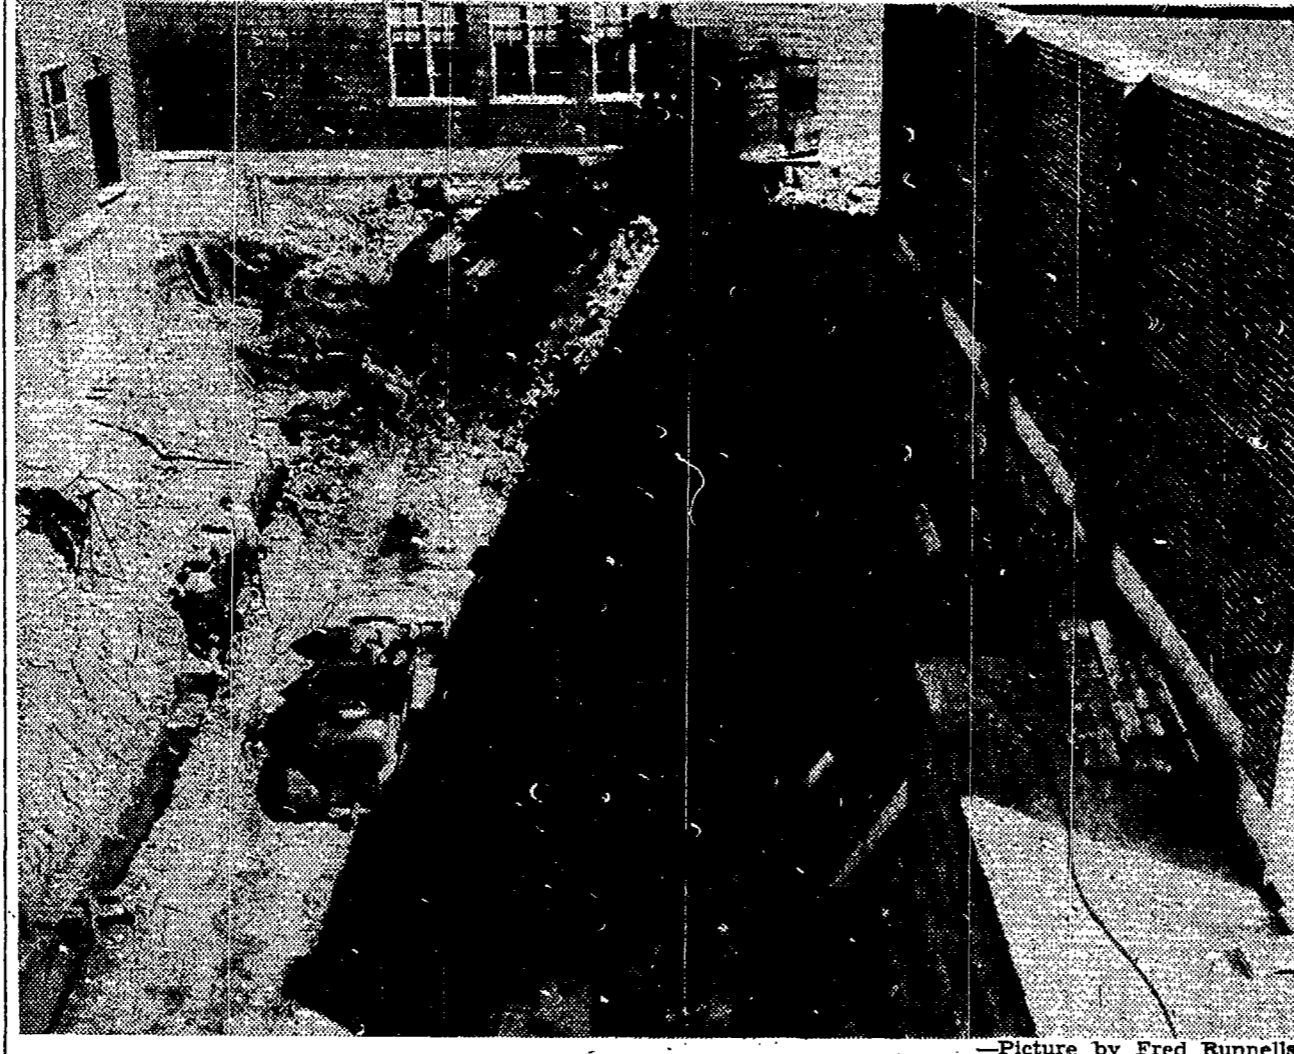

Fall, winter and spring programs at the club includes a pre-school program for pre-school children and their parents which includes four groups with 68 children enrolled. It has provided a play group experience for youngsters as an aid to prepare them for formal school and group experiences.

School age programs are provided for children in the elementary school age and teenage group, and a family program includes specific services for families consisting in family nights of fun, occasional referral services, and the extension of opportunity to share in programs through volunteer and community opportunities.

The officers for the club are as follows: Mrs. T. K. Jefferis, president; Leon D. Ratcliffe, vice-president; Mrs. John Gulevich, secretary and Francis F. McDonald, treasurer.

Big Hole Takes Shape of School Pool

Construction is well under way on the new swimming pool at Pierce Junior High School. The thirty by sixty feet tank is scheduled for completion in April, 1957, but may not be used by students until the following semester. The \$201,840 pool and filter pumps were financed by a special bond issue in January of this year. Boys and girls will use existing locker rooms which will have access to the pool.

ending in 1956 are Leon Ratcliffe, D. J. Goodrow, Mrs. Stanley Mackenzie, Donald B. Coates, Mrs. E. A. Benzin, Mrs. Jean Myers and Charles F. Rogers.

Term ending 1957: Mrs. George Klein, Mrs. T. K. Jefferis, Mrs. Harry N. Watson, David S. Burnett, Mrs. John Gulevich and Wilmer Krogh.

Term ending 1958: Thomas Kutter, Francis W. McDonald, John A. Hammel, Frank Broedell, Wilfred M. Steinke, Charles W. Zentgraf, Edwin A. Wendt and Mrs. Hugh W. McTavish.

This group which oversees the entire operation of the Community Club has had a busy year. Their accomplishments have included:

Revision of the fee system; review of insurance coverage; participation in the develop-

ment of planning in relation with the Harper Woods area; participation in dinner in honor of part-time staff and volunteers; beginning revision of the by-laws; review community factors of importance to planning the work of the Club; participation with the Federation of Settlements, United Community Services, United Foundation and other community groups in matters of concern to the Metropolitan Area.

The budget for the fiscal year of 1955 listed in the report included a total disbursement of \$25,760.54.

The total receipts were listed as follows: membership fees, \$733.46; miscellaneous donations, \$133.00; service fees, \$31.00; student supervision, \$75.00 and United Community Services, \$24,841.01.

The major portion of the budget is used to employ personnel. The City of Grosse Pointe Woods finances much of the maintenance of the building and grounds. Much welcomed services from the City during the past year included: the provision of skilled leadership from members of the City's Department of Parks and Recreation to playgrounds during the summer evenings; addition of fence enclosing the playground area; erecting of a sign designating the Chene-Trombley Playground; re-decorating the hallway and two clubrooms and miscellaneous repairs and care of grounds.

Money gifts were received from the Women's Association of the Grosse Pointe Woods Presbyterian Church, John W. Baker, Mrs. John W. McEachern, and Indian Guides.

Other gifts were a ceramics kiln from Mrs. A. A. Monowitz, ceramics supplies and a refrigerator from the St. Mary Guild of St. Michael's Church; jig saw from Little League Baseball; camera kit from the Grosse Pointe Kiwanis; cork from Charles W. Zentgraf; flowers from Mr. and Mrs. Walter Schultz and preschool equipment and funds from preschool parents.

Prowlers Visit Home in Park

Whoever broke into the home of the late Robert Old, 1334 Kensington, on Wednesday, October 3, left empty handed.

Park Police Chief Arthur Louwers said that discovery of the entry into the house was made by Mrs. Corinne Conway of 528 Neff road, daughter of Mr. Old, who notified authorities. She became suspicious when she found the door of the breakfast nook, on the first floor, open.

Chief Louwers said that several boys had been reported seen in the back yard of the house prior to the breaking and entering.

He said that the persons responsible left in a hurry. Evidence showed the home had been thoroughly searched, he added.

Cub Scout Pack Has Openings

Pack 85 of the Cub Scouts at the Monteith School held their first pack meeting of the fall season Tuesday evening, October 2.

These meetings are held monthly, usually on the first Tuesday of each month. However, next month in November, the pack meeting will be held the second Tuesday, November 13. This is due to the fact that the first Tuesday comes on election day.

J. S. Ulmer, who has been acting as chairman, has taken over the position of Cub Master and conducted the meeting. After a general resume of the outlook for this season the meeting wound up with instructions in the tying of knots and several games, concluding with a tug-of-war. Each cub was given a candied apple as a treat.

There are several openings in the different Dens due to the fact that part of the pack transferred to another school at the conclusion of last year's season. Any parents who have a boy

eight years old or over, and are interested in having him join the Cub Scouts should call C. A. Bielicki at TUxedo 4-3985. Mr. Bielicki is the chief recruiter and can answer all questions for applications, etc.

How to Profit Through Tax Exemption

With today's high tax levels, investors in medium and high tax brackets are turning to tax-free Municipal Bonds for income that they can keep.

If you have a taxable income of \$10,000 or more, you may be well repaid by investigating the advantages of tax-exempt State and Municipal Bonds. For instance, if you file a single return on a taxable income of \$14,000, you would have to receive a dividend return of 7.45% on a taxable yield from a 3.50% tax-free Bond. It's something to think about!

Our New Booklet, "How To Profit Through Tax-Exemption" explains in plain language your need for tax exemption, tells how much these high-grade investments can be worth to you. There's no obligation. Send for copy today, or phone

From Another Pointe of View

By Patricia Talbot

Alumnae and friends of Liggett School have for the past several years worried about the future of the school. The area around the ivy covered halls has changed so much in the past ten years, families with school aged children have moved to the far suburbs and Liggett's prospects seemed dim.

But active alumnae have hit on a solution! Under the leadership of Alumnae board president, Mrs. T. S. Torgerson, they have been meeting during the past months to consider moving a branch of the school to Birmingham, beginning with the Nursery years and expanding to the needs of the community.

Property must be purchased and building begun. This costs money and the Alumnae Association will do its part.

On November 3 there will be a gala tea dance at the Hunt Club from 5 to 8 o'clock to help swell the Alumnae Fund.

Saving on Tickets

Mrs. Charles W. Adams, who is chairmaning the affair, has announced that no tickets will be printed, thereby saving a tidy sum toward the building fund. Party goers will hand in the fee at the door.

The tea dance committee met Wednesday morning at school to make further arrangements.

Working on the party with Mrs. Adams are Mrs. Charles W. Casgrain II, vice-chairman; Mrs. Stuart Hanger, ticket chairman; and Mrs. F. John Keogh, publicity chairman. Right in tune with the current Edwardian revival is

Symphony to Present New Concert Series for Women

The Detroit Symphony Orchestra will present a brand new concert series this season especially tailored for the tastes of women. Beginning October 19 and extending through March 15, Paul Paray and the orchestra will offer nine matinee programs on Friday afternoons at 2:30 in the magnificent new Henry and Edsel Ford Auditorium.

In presenting such a series, Detroit joins cities like Boston, Chicago, and Philadelphia, where Symphony matinees are the focal point of society, and prized seats are handed down from generation to generation.

The series will present as soloists such great names in music as Dame Myra Hess, Zino Francescatti, Leon Fleisher, and Grant Johannesen. The concerts will be repeats of half the orchestra's regular Thursday evening programs.

In addition, two special luncheon and music appreciation lectures before each concert are scheduled for the lucky matinee subscribers.

The series ticket sale was launched Monday at the Veterans' Memorial with a luncheon for "The Committee of One Hundred," a truly noteworthy group formed by Mrs. Frank W. Coolidge to establish the new matinee season.

Mrs. Coolidge's "dream committee," one she has longed to build for many years, is comprised of responsible persons dedicated to the cause of music from every section of the Metropolitan area and even beyond. The carefully chosen members will sell ten season tickets each in what ever manner they wish and without direction, to individuals, clubs and groups. Each committee members selling five may choose a school to receive a scholarship season ticket.

The pre-concert speakers announced by Mrs. Coolidge are Mrs. Arthur B. Tilton and Messrs. J. Dorsey Callaghan, Edward Druzinsky, Grant Johannesen, Maynard Klein,

Horner LaGassey, Josef Mossman, Valter Poole, and Jason H. Tickton.

After the luncheon and a music program by Albert Tipton, new Detroit Symphony first flutist and his wife, the committee members were given a preview tour of the new Ford Auditorium.

Season tickets for the new matinee series are available now at the Detroit Symphony office, Ford Auditorium, Woodward at the Waterfront, W.O. 2-4615. The prices for the nine concerts are \$10, \$15, \$20, \$25, \$30, and \$37.50.

Pointe Yacht Club Plans Three Events

University Night Dinner Dance and Floor Show Slated for Saturday; Bridge and Awards Dinner Also to be Held

Grosse Pointe Yacht Club has three festive events right ahead, sure reminder that there's never a dull month at the beautiful clubhouse on Lake St. Clair.

A gay and exciting "University Night" dinner-dance and floor show is slated for this Saturday, October 13. Next Tuesday, the 16th, is the day of the Ladies' bridge luncheon and fashion show, and on Wednesday, the 17th, the juniors will be honored by the sports committee at the fourth annual presentation dinner.

Harley F. Riley, chairman of "University Night" and his committee have planned a football theme for this party. When members and their guests arrive after the Michigan-Army game, they'll find an indoor scene of football helmets, goal posts, and innumerable pennants. Myriad maize and blue balloons will float over tables and dance floor.

Assisting the chairman are Mrs. Riley, Mr. and Mrs. Russell D. VanHouten and Mr. and Mrs. John C. Griffin.

Starring the floor show will be Charlotte Arren and Johnny Broderick, comedy duo, and there'll be a surprise entertainment act.

Cocktails at 7 o'clock in the Venetian Room will precede the dinner-dance. The Arthur Quartet orchestra will take to the bandstand at 8 p.m.

Special will be get-acquainted subscription tables for new GPYC members, with hosts and hostesses to welcome them.

For next Tuesday's party—its second and final bridge-lunch-style parade of the 1956 fall season—Mrs. Otis U. Walker and her sister, Mrs. Ver Linden Peez, are co-chairmen.

Chrysanthemums in autumn hues will deck the ballroom-lounge. After the 12:30 o'clock luncheon, an outstanding fashion show will be presented.

Then comes Wednesday's big sports presentation dinner when GPYC's junior swimmers will take the spotlight. Feature will be the distribution of swimming trophies.

All members, and especially their children, are invited to participate in this fete.

Edward J. Schoenherr, sports chairman, will be in charge along with Bill O. Brink, vice-chairman, and committee aides Dr. Harold E. Cross, Lewis F. Brown, Fred A. Hood, Jr., Allan J. Cook, John G. Bannister, Mrs. Wendell C. Goddard.

Wilfred P. Whyte, Frederick K. Cody and Kent A. Zimmerman.

Rounding out the news, a number of GPYC football fans traveled to Ann Arbor last Saturday aboard the club's chartered bus, for what became a game-in-the-rain and MSU's trouncing of Michigan.

The William F. Rossiters and the Willard E. Slaters were a foursome, and another quartet were Mr. and Mrs. George M. Brooks and the C. V. Blackburns.

Dining at GPYC after the game were the George C. Mitchells and the Edward Kurths, and the Arthur W. Moestas with their guests, the Elton Lawlers. Other bus-travelers were the Hans Gehrkes, Jr. in a twosome, and Mary Jane Wiggins with her date, Vincent Brennan.

Class Offered By Red Cross

Mrs. John F. Hering, chairman of Canteen Service for the Detroit Red Cross chapter, has invited women in the area to enroll in a Canteen training class and become volunteers in this Red Cross service.

It's a wonderful place for a woman to make friends, too, since we find that none are strangers long when working with foods."

League of Women Voters To Hold Unit Discussions

The topic for discussion in the Unit groups of the League of Women Voters for the month of October is the Constitution of the State of Michigan.

There are five unit groups, so-called because they are segments of the total membership of the league, scheduled to meet in different areas of the Pointes, and held at varying times to suit anyone and everyone.

Unit meetings generally parallel general meeting programs, but have the advantage of being small groups with well informed discussion leaders.

Two years in the decorating, the Lawrence Gottfredson home on Whittier overlooking the lake is breathtaking.

She ordered them all from one of those little shops in New York. When the firm checked her order they mentioned that this was the first since Henry Ford requested hardware from them for Fairlane.

Pieces de resistance in the Gottfredson home are the two white china chandeliers in the hall, rare antiques tiques delicately entwined with pink and white roses.

Here's some ammunition for the feline lovers in that perennial battle over which are smarter, cats or dogs. The James Farquhar's tabby, Money, can turn on the water faucet, quench his thirst, and thriftily turn it off again.

Our heart warms to MRS. LOUIS ASMUS who tearfully confided that she had accidentally burnt up her son's prized ticket to the Michigan-Michigan State game last weekend.

At the Lunts' opening glimpsed MRS. J. BELL MORAN, third row center, in one of the choicest of the new little furs, a brief Persian lamb bolero, cleverly tabbed in the back like milady's polo coat.

On the hill, the lovely blond MRS. ALLEN F. EDWARDS, JR., in gray skirt and white silk shirt, with fire engine red shoes and matching brief flannel jacket...

PILFERINGS

Young Actor: "I've got a job at last, Dad. It's a new play, and I play the part of a man who has been married twenty years."

Father: "Splendid. That's a start anyway, my boy. Maybe one of these days they'll give you a speaking part."

A salesman joined the police force. After several months a friend asked, "How do you like being a policeman?"

"The pay is good and the hours are satisfactory," he answered, "and best of all—the customer is always wrong."

A man has no business to marry a woman who can't make him miserable; it means she can't make him happy.

He was so narrow minded he could see through a key-hole with two eyes.

Very frequently a fight for what is right degenerates into a quarrel for what is left.

Many of us worry about things that won't happen. We're like the patient in the mental hospital who stood with his ear to the wall, listening intently. "Sh!" he whispered, beckoning an attendant. The attendant pressed his ear to the wall. "I can't hear anything," he reported. "No," replied the patient, "it's been like that all day!"

Fathers are what give daughters away to men who aren't nearly good enough for them so they can have children smarter than anybody's.

People, like boats, toot loudest when they are in a fog.

The only time you musn't fail is the last time you try. —Charles Kettering.

Soupy Sales, with his wife Barbara and sons, Tony and Hunt, of Rivard boulevard.

by Patricia Talbot

Those words of wisdom Soupy Sales regales his young audiences with over the lunch table come from experience gained at home.

His sons Tony, 5, now at Richard in kindergarten, and Hunt, 2, serve as models for the practical advice Soupy dishes up on his noon-time comedy show for kids.

When Sales moved to their terrace in Rivard boulevard last spring Mrs. Sales was worried about her neighbors' reactions.

Hectic Mealtimes

Before the draperies were hung every mealtime found rows of ecstatic fans, their faces pressed against the dining room windows watching their idol eating dinner. They lined up on the grass and spilled over onto the sidewalk, waiting for Soupy to appear.

Now the local young TV fans are used to glimpses of the comic driving around the Pointe

in his white Cadillac convertible. The modest affable star serves as the family chauffeur in between shows. His attractive brunette wife, a lithe brown haired beauty, dressed in brown bermudas, when we called, with her hair caught up in a pony tail, can mix a mean batch of spaghetti, but she can't drive a car.

Have Remodeled Terrace

The Sales have completely remodeled their terrace with striking black and white marble tile in the foyer and dining room and pale green carpeting in the living room. Their home reflects their love for modern living and Soupy's special interest in jazz.

Their week-day life is geared to his two daily shows with no social occasions except on Saturdays and Sundays. Soupy breakfasts at 9 then rushes off to the studio for an appointment with his writers, rehearsals, and the noon show.

Then in the afternoon, more rehearsals for his 11 o'clock evening show, which features celebrities appearing in the Detroit area, some off beat comedy and music. Home for a short nap and maybe dinner with the boys, then off to the studio again at 9 that night.

Has Network Rating

In three short years his noon show has become must viewing for a score of local youngsters. Two summers ago, Soupy, with his mobile face, unusual styling, his crazy creations, White Fang and Black Tooth captured a network rating. This was his ambition since his first days on station WHIN in hometown Huntington, West Virginia.

After taking a journalism degree at Marshall College Soupy decided his future was

League Raises Hospital Funds

The Women's Hospital Volunteer League met in the Jackson Auditorium of the hospital Wednesday to present a check toward the refurbishing of one of the sunrooms.

Mrs. Harry M. Sisson explained to the members how they can participate in a bridge marathon, a new method of fund raising. The next project for the League will be to air-condition the operating rooms.

Some of the Pointe members of the League are Elizabeth Archer, Mrs. Donald J. Buell, Mrs. William Denler, Mrs. Jerome C. Earl and Mrs. Henry Earle.

Others are Mrs. John Gray, Shirley M. Jayne, Mrs. Thomas Morrow, Mrs. Fredrick Parker, Jr., Mrs. William A. Post, Mrs. F. Fred Ritter, Mrs. David M. Whitney, Jr., and Mrs. Frank Wilton.

Xmas Mailing Dates Nearing

Parcels destined for delivery to personnel of the Armed Forces in Japan, Korea, and the islands in the Pacific should be mailed as early as possible, preferably not later than November 1 in view of the distance involved. If sent as Air Parcel Post, parcels should be mailed before December 1.

Parcels for the Navy and Marine Corps personnel serving in the more remote areas should be mailed not later than October 15. Parcels for any of the Armed Forces personnel known to be in an area which would permit mailing after October 15, may be deposited at a later date within the period.

Detroit Wins Safety Honors

Detroit's traffic safety record for the first seven months of 1956 has again won the city first place among the largest cities of the nation.

Detroit's traffic death rate was 3.1 deaths per 10,000 registered vehicles, which put the city ahead of Chicago, in second place with 3.3 deaths, and Los Angeles with 3.5 deaths.

This announcement by the National Safety Council, when coupled with the statement recently by Michigan State Police that traffic deaths in the state so far this year are down 11 per cent, is an encouraging indication that both the city and state are making substantial progress in meeting this major problem.

However, Detroit fatalities so far this year are four per cent higher than at the corresponding period last year, according to the Traffic Safety Association. This increase in deaths, while apparently not as great as in other cities in the nation, can leave no room for satisfaction, the Association said.

"We are about to enter into the worst period of the year for fatalities and serious injuries," the Association pointed out. "The fall and winter months, with their longer nights and inclement weather, have always seen deaths rise sharply. "Greater alertness on the part of both drivers and pedestrians is needed to avoid the more hazardous conditions."

in radio and TV. He went on disc jockey shows in Cincinnati and Cleveland before coming to Detroit.

Incidentally the Soupy tag is a hangover from childhood days when his playmates decided his real name, Milton, was too grim.

His wife, also a Huntington girl, sang with a local band before their marriage and co-starred with her husband in a teen-age show before the advent of Hunt and Tony.

A Relaxed Star

Soupy, the only professional member of his family, (his three brothers are a doctor, lawyer and dentist), seems unusually relaxed for a star. His schedule leaves him little time for golf, which he loves but hasn't played in two years, or less for swimming at the city park which his family enjoyed this first summer in the Pointe.

With his son, Tony, beginning his school career this year, Soupy hopes to find time for PTA activities and as much community work as his four way commuting effort allows.

The Sales, who have signed a two-year lease on their terrace expect to stay in the Pointe as long as Soupy's shows originate from here. His young fans, basking in the delight of having their favorite as a neighbor, hope that will be forever.

Sarah Schemm Joins P-D Research Staff

Parke, Davis & Company announced the appointment of Sarah Schemm to its Research Division staff in Detroit. Sarah is the daughter of Mr. and Mrs. George A. Schemm of 16845 Maumee avenue.

"Dr. A. C. Bratton, Jr., director of pharmacological research for the firm, said Miss Schemm joined his staff as a research assistant.

She was graduated from Smith College last June, with an A.B. degree in zoology. She is a member of Phi Beta Kappa and worked in the school's zoology department as a laboratory assistant until her graduation.
