HUNGARY'S bloody rebellion against Soviet and Hungarian Red Party domination is still going on and threatens to spread to other Hungarian provinces. However, at the last report, the Budapest regime announced that the rebellion is systematically being crushed by Soviet Armed Forces. It claimed the rebels were being mastered, but fighting is still continuing.

Friday, October 26

REBELS, SUPPORTED by units of the Hungarian Army, seized control of the south of Hungary, and proclaimed a revolutionary government. It was reported that large sections of the country were in the hands of the rebels. Government-held Radio Pecs, said a revolutionary council of the Province of Barnaja, was directing the organized campaign against loyalist Army troops.

Saturday, October 27

HUNGARY'S FRANTIC COMMUNIST leaders formed a new government in an effort to appease the rebel forces which threaten to drive them out of Budapest. The leaders, after admitting "a battle is raging in the streets of Budapest" announced that a new national front government has been formed under Premier Imre Nagy, which include non-Communist.

Sunday, October 28

HUNGARIAN REBELS were reported to be holding on, even as the Russians were crushing the rebellion in Budapest, capital of Hungary. The freedom fighters in the capital resisted to the death the advancing Russian troops, tanks and planes. However, the rebels set up a revolutionary government at Győr in North Hungary and the radio there said many towns and cities declared themselves "free towns."

Monday, October 29

FIGHTING is dying down in Hungary, and the Communist regime has conceded that the rebels have won. The Government announced that the Soviet will withdraw its troops from Budapest. After six days of bloody fighting, the rebels have gained control of wide areas in the west and in cities all over the revolt-torn land. Premier Imre Nagy ordered Hungarian and Soviet troops to cease firing and not to shoot back unless shot at.

Tuesday, October 30

ISRAELI TROOPS struck deep into Egypt's Sinai Peninsula and were reported to be about 18 miles away from the Suez Canal, creating a war scare throughout the world. Egyptian Army headquarters in Cairo, stunned by the audacity of the Israelis, admitted Egypt had been invaded, but said so far no armed clashes have taken place. A high Israeli source said the operation was being carried out to wipe out Egyptian commando nests in Sinai.

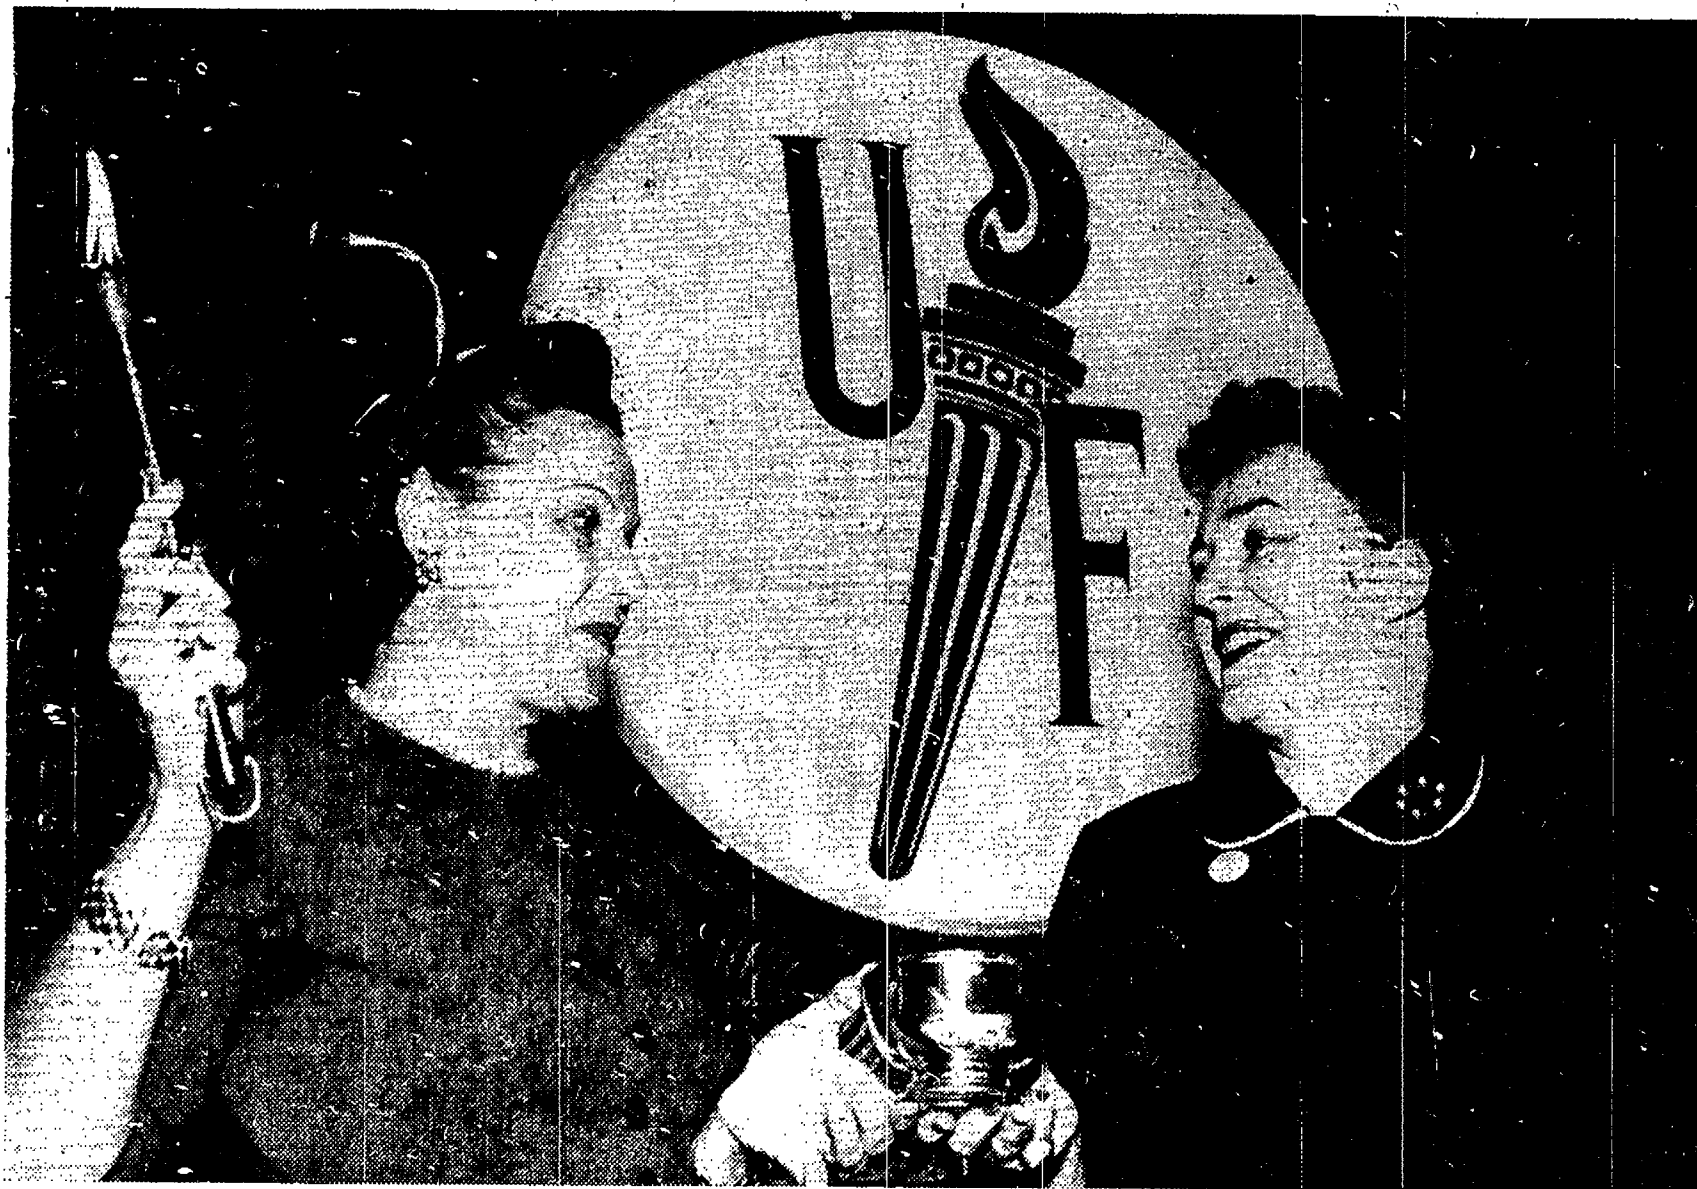

The source said of the thrust into the Sinai area: "It's too big for reprisal and too small for war." In Washington, President Eisenhower called on Britain and France to adhere to the United States - Britain - France declaration of May 25, 1956, to assist the victim of any aggression in the Middle East. The aggressor in this case is Israel. The Big Three are reported ready to move at a moments notice, if necessary.

Wednesday, October 30

BRITAIN and France declared their forces will occupy key positions in Suez Canal if the Israelis and Egyptians do not cease their fighting. Meanwhile, Egypt and Saudi Arabia were reported proclaiming general mobilization to counter a powerful thrust across Egypt's Sinai Peninsula by Israeli armored forces.

The Egyptian Army, in a communique, claimed to have stopped the Israeli penetration and to have inflicted heavy losses on the tank-led invasion. It indicated heavy fighting is still going on.

Pointe Women Capture Top Honors in Torch Drive

MRS. ROBERT J. DUFF, left, of Stephens road, accepts the Sugar Bowl from MRS. RAYMOND C. BRETT of Lincoln road, at a luncheon Monday when it was announced Grosse Pointe had won the trophy emblematic of leadership among the Detroit regions in percentage of quota raised by that date. Mrs. Brett, Pointe divisional chairman last year, headed the whole Detroit residential unit this year, with Mrs. Duff taking over her former local post.

Fined \$100 For Shooting Passing Car

Boys Follow Man to Restaurant After Their Wheel Is Struck by .38 Calibre Bullet

Only one case was heard in Judge Grant E. Armstrong's Justice Court Wednesday, October 24.

Henry Stephens IV of 569 Notre Dame avenue, pleaded guilty to discharging a firearm within the corporate limits of the City of Grosse Pointe Farms.

His plea was accepted and he was fined \$100 and costs of \$20, with the alternative of 60 days in Wayne County Jail. In addition, he was placed on probation with the Wayne County Probation Department for a period of one year.

Mr. Stephens was picked up by two Farms police officers on October 5, after two boys reported he had fired a pistol at their car. The youths related that they were driving west on Kercheval about 9 p.m., and attempted to pass the Stephens car at Moran. As their car pulled alongside, Stephens put both hands out the window and fired the gun. The bullet, a .38 cal. slug, hit the right front wheel.

The boys followed the man and watched him enter London East at 123 Kercheval. They called the police and the arrest was made a short time later.

Hungry Kids Chase 'Host' Around Block As Appetizer

Three Detroit teenagers, all boys, worked up an appetite by chasing a Park youngster around the block, and then invaded his home and "raided" the refrigerator.

The incident, which occurred on October 7, was reported to Park police by John Gaberson of 1097 Grayton, who said that the three Detroiters were driving past his house, when they spotted his son. Jumping out of the car, and for no apparent reason, they chased the boy around the block.

Gaberson's son, whose name was withheld, barely escaping the boys, finally ran into his house, the others immediately behind him. While the pursued boy hid, the pursuers went into the kitchen and helped themselves to some food in the refrigerator and then left.

Opera and Symphony Season Being Heralded with Special Event; All Residents Invited to Attend; No Admittance Charge

Grosse Pointe's recognition of the opera and symphony season will be a free Chamber Music Recital at the Grosse Pointe War Memorial Center on Thursday, November 8, at 8:30 p.m.

The Chamber Music group is comprised of John Cataldo and Eugenia Scoville, violins; Stephen Ernst, viola; Arthur Backmann, cello; and Carolyn Jewell, piano.

They will present a program containing the finest examples

Wrong Address Causes Trouble

Due to a mistake in the address of the membership secretary on the printed brochure, several applications for membership in the Grosse Pointe Symphony Society have been returned to the sender marked "No Such Address."

At least one application has disappeared entirely and cannot be traced.

Anyone who has failed to receive Membership Cards in acknowledgement of dues sent by mail should immediately contact Mrs. David M. Sutter by letter or by telephone as soon after November 6 as possible.

The correct address is 46 Pine Court, Grosse Pointe 36, the telephone number TUxedo 5-4159.

Is Concert Master

Eugenia Scoville, a young lady of many talents, plays violin in this Chamber Music group and is also Concert-master of the University of Michigan Extension Symphony Orchestra. Among her other talents are those of painting, having, single-handed, redecorated the interior of her charming contemporary home located on Bournemouth Circle. Her landscapes in oil show the bold approach of one who is sure of the brush and knows how to apply a well proportioned spectrum to canvas. Eugenia was also at one time a member of a professional Dance Group as a Ballerina presenting classical choreography.

Stephen Ernst, of Lakeview avenue, a Grosse Pointe of many years, needs little or no introduction to readers of the News. His career of musical pursuits extends through the

Community Halloween Parties Provided Through Cooperation of Youth and Adults

By Jim Arnold G.P.H.S. Student

Grosse Pointe teenagers no longer jump aboard their broomsticks and whisk over to the neighbors' houses to haunt the front porch with spooky yells of "trick or treat." But last night they still got their "treat"—they went to a party.

Vaudeville acts, the largest band in the Detroit area with its vocalist, feature movies, with cider and sloppy joes to boot. Kids had a jam packed evening. Three hundred adults gave time to make the event a success.

In 17 years the annual Halloween party has come to be one of the best of the year. Yet 18 years ago there wasn't any party.

Students Form Mob

On the night of October 31, 1938, most of the teenage boys and girls in Grosse Pointe began to congregate at Fisher road in front of the high school.

It wasn't long before the group had turned into a mob. Revelers tore down fences and kicked in screen windows.

By the time the police had arrived, the crowd had moved down to Fisher and Kercheval. There the officers tried to halt the demonstration, but the unruly group proceeded to capture the police.

Police Nab Few

Only after a struggle did the police succeed in taking some of the boys and girls who had captured them to the Farms' Police Station.

Son's Accident Speeding Excuse

Farms police officer Earl Field was patrolling on Grosse Pointe boulevard on Monday afternoon, October 22, and returned to the Detroit area.

Before the trial, City Det. Capt. Andrew Teetart and Park Det. Sgt. Arnold Hough questioned the suspect, who admitted to two burglaries in the Pointe, one in the Park and the other in the Farms.

Wooten freely admitted breaking into the home of the Jack Moreys, 1245 Harvard, and into the Detroit holdup, for

Mrs. Robert J. Duff Awarded Trophy as Regional Chairman at Ladies Day Luncheon at Statler on Monday

The Grosse Pointe Region won the silver sugar bowl, emblematic of leadership in the Detroit regions in percentage of quota raised before "Ladies Day."

Mrs. Robert J. Duff, of Stephens road, Grosse Pointe regional chairman, was presented with the bowl by Mrs. Raymond C. Brett, of Lincoln road, Detroit residential unit chairman, at the "Ladies Day" luncheon at Hotel Statler Monday noon when she reported \$281,983, or 96.6 per cent of the quota of \$291,830.

Boys Admit Large Scale Vandalism

Arrest of Group of Youngsters Clears Up Number of Cases of Malicious Destruction

The arrest of a group of 14-year-old boys by Harper Woods police cleared a number of malicious destruction of property cases and petty thefts in both Grosse Pointe Woods and Harper Woods.

Woods Det. Sgt. Walter O'Dell and Det. LeRoy Tobian said that one of the boys, apparently the ringleader, was responsible for a good part of the destruction of property.

Caught in Drive-In

They said the Harper Woods police arrested four of the youths Monday evening, October 22, when they broke into a drive-in confectionery place at Harper and Eight Mile road. The boys were still in the place when police arrived and took them into custody.

O'Dell and Tobian took part in the questioning of the lads, and the chief instigator of the destruction, a Woods resident and one of the boys taken into custody, admitted to the following:

1. Breaking into the Monteith School some time in 1955—nothing reported taken; 2. breaking into Parcels Junior High School and taking a bottle of pop and a bag of potato chips; 3. breaking into Monteith again, by forcing a window with a screw driver and before leaving the building took two leather link belts from the class work shop; 4. breaking 26 windows on the south side of Mason School, with a sling shot, this in June 1955.

Broke School Windows

5. Breaking four windows on the east side of Parcels School with a sling shot, also in June 1955; 6. shooting out a set of light bulbs in the school; 7. breaking a neon light sign of a lumber company located at Harper and Eight Mile road, with a sling shot; 8. breaking lights in a parking lot of a supermarket in Harper road, north of Eight Mile, in St. Clair Shores.

Farms Police Car is Target

Farms police officers Russell Roland and Ignatius Backman were cruising west on Kercheval in car 35 on October 24, when someone shot or threw an object at their car.

The missile entered the right front window and traveled across the interior of the car striking the left window. The officers stopped and searched the area between Kenwood and Lewiston without finding any suspicious persons.

Admitted Burglar Awaits Sentence in Circuit Court

Henry Wooten, 28, a former Detroit, who admitted burglarizing two Pointe homes more than a year ago, was tried in Circuit Court on Monday, October 29, on a charge of armed robbery in Detroit.

Wooten was arrested by FBI agents in Macon, Ga., on a warrant charging him with unlawful flight to avoid prosecution, on Monday, October 22, and returned to the Detroit area.

Before the trial, City Det. Capt. Andrew Teetart and Park Det. Sgt. Arnold Hough questioned the suspect, who admitted to two burglaries in the Pointe, one in the Park and the other in the Farms.

Wooten freely admitted breaking into the home of the Jack Moreys, 1245 Harvard, and into the Detroit holdup, for

Registered Electors Now Total 36,480

Water Fluoridation on the Farms Ballot Only Local Issue; Early Voting Urged

The various Pointe municipal offices have released official count on the number of registered voters in their communities, which combined is set at a grand total of 36,480, the highest on record.

Big crowds are expected at the polls next Tuesday, November 6, to cast their ballots. Only one Pointe, the Farms, has injected a local issue on its ballots, and that is the highly controversial matter of adding fluorine to its water. Voters will ballot on whether the city should or should not use the chemical.

Purely Advisory Vote

It was pointed out at a recent Farms council meeting, that the issue will be placed on the ballot, but will not be binding on the city officials, but will be purely an advisory vote.

The Woods, the largest Pointe, showed the greatest number of registered persons, 11,206; the Park follows with 10,311; the Farms is next with 9,317; the City, 4,531; and the Shores, 1,115.

All the precincts in the Pointe will be ready with voting machines except four in the Woods, and all six in the City.

The City has no voting machines and does not contemplate purchasing any for a while, it was disclosed. Voting there will be by paper ballot.

Split Some Precincts

Woods officials said that four of its 11 precincts, Nos. 2, 4, 8 and 9, will have paper ballot voting. It does not have enough machines, because it recently split some of its larger precincts, and additional machines have not been acquired yet.

The Park has seven machine precincts, the Farms nine; and the Shores, one.

At the last report, the Farms disclosed that over 500 absentee ballots have been received; the Park reported about 400; the City, 342; the Woods, 125; and the Shores, 37.

Saturday Last Day

All officials announced that the last day for application for absentee ballots is Saturday, November 3, at 2 p.m.

Polls will be opened from 7 a.m. to 8 p.m., on November 6, throughout the Pointe.

Center Offers Opera Preview

The eyes of the Pointe will be directed to the opening of the opera season at the Grosse Pointe War Memorial on Monday evening, November 5.

While the New York Opera Company is performing in Lansing, Hiram Sherman, noted and witty spokesman of the company, will join outstanding Pointe musician John S. Sweeney III and opera devotee Donald M. Thurber at the Center in a panel discussion of the forth coming operas, which begin in Detroit on November 7.

Your enjoyment of the operas will be guaranteed to increase one hundred fold after listening to these gentlemen. M. Sherman will relate anecdotes connected with the performances, give you glimpses of back stage goings on and make you familiar with the stars.

Mr. Sweeney and Mr. Thurber will acquaint you with the scores and stories of this season's offerings and bring you interesting thumb-nail sketches of the composers.

Whether you plan to attend the operas or not, the Memorial Association feels this will be a thoroughly worthwhile evening. And if you are going to take advantage of the privilege of attending opera in Detroit they are sure you'll want to know more about them in advance, particularly those which are new to Detroit.

There is no charge for this presentation and an informal reception will follow.

 whole gamut of professional experience: Symphony, Theatre and Chamber Music. A pupil of Louis Persinger, Stephen played at the World's Fair in San Francisco in an orchestra under the direction of Victor Herbert, after which he came to Detroit for the newly organized symphony under Ossip Gabrilowitsch.

Lured to New York
 About this time, motion picture theatres were blossoming forth as gigantic temples of entertainment and the grand style of presentation lured Ernst to New York where he played at the Capitol Theatre of that city for several seasons. Desiring to establish roots in Detroit, he returned here for the newly opened Fox Theatre where he remained until the advent of sound in motion pictures

and the abandonment of stage presentations.
 Arthur Bachman started playing cello as a child having come by his talents naturally, both parents being musicians of renown. Studying with some of the foremost teachers in Europe upon graduating, Bachmann came to the U. S. and was immediately engaged by the Detroit Symphony Orchestra where he has remained as a prominent member of the cello section for the past 28 years, interrupted only by a 2 1/2 year hitch during World War II when he enlisted for service in the Armed Forces.

Very Talented Pianist
 Pianist, Carolyn Jewell, is an artist of remarkable talent. She has studied the piano since the age of six, taking her musical training from well-known Detroit teachers, including the late Bendetsen Netzorg.
 Miss Jewell is known for her performances in the Pointe, which include an appearance as soloist for the Grosse Pointe Morning Musicales, an appearance with the Detroit Symphony Orchestra under the baton of Walter Poole, and also a performance with the Scandinavian Symphony.

She graduated from the University of Michigan with a Bachelor of Music degree, and the past year, she has been studying in New York City.

 tion. After milling around for a while, the group suddenly decided to rescue its friends by the clutching of the law by storming the police station.
 That was the end! The next morning, papers in Detroit and all over the state carried the story in headlines.
 A committee of Grosse Pointe adults gathered to find a way to prevent this from happening again. A party seemed the best idea.

The next year police blocked off Kercheval from Cadieux to St. Clair. Grosse Pointe held a street dance.
 When rain came the following year, the dance was moved inside. The party had become a Grosse Pointe tradition, supported by local organizations and private individuals who foot most of the bill.

Grosse Pointe parties set up an example. Birmingham was the first to copy them, and finally even big Detroit.
 "There isn't even at the state fair, a show as complete as what Grosse Pointe gets on Halloween night," said one of its adult planners.

Joseph Murphy Points to Record

Joseph A. Murphy, senior judge of the Probate Court, in seeking re-election points to his record of various improvements that he has put into effect which tended to improve the administration of the court, such as the abolishment of commissioners on claims and the clarification of the inheritance tax law by denying the State the right to tax jointly-owned property.

In 1955 Judge Murphy served as president of the Michigan Probate Judges Association and forcefully brought to the attention of the people the inadequate program provided for the mentally-handicapped children of the State of Michigan; and through a special session of the Legislature, their care and facilities were greatly improved.

Judge Murphy recently has been appointed chairman of a committee to revise the law in reference to the commitment, care and confinement of infectious tubercular patients. The number of new cases of tuberculosis in Michigan is continuing at an average of more than 100 a week; and, thousands of tubercular patients in Michigan are passing the disease to others through inadequate laws at the present time.

He has taken an active interest in all veterans' matters that have come before the court, and now handles exclusively all of the veteran guardianship estates which are before the Wayne County Probate Court. Through cooperation with the Veterans' Administration a screening plan was worked out whereby only the best qualified are appointed guardians in veterans' cases. This has resulted in considerable savings to the veterans, and a fine relationship between the incompetent veteran and his guardian has been developed. Before this plan was inaugurated there were many embezzlements in veterans' guardianship estates, and a deplorable relationship existed between the veteran and his guardian.

Judge Murphy was born in Michigan, is 52 years of age, has a wife and four children, and he received his law degree from the University of Detroit. He has lived at 1227 Yorkshir, Grosse Pointe Park, for 25 years.

U. of D. Women's Guild To Meet on November 13

The regular meeting of the Women's Guild of the University of Detroit will be held in the Student Union Building at 2 o'clock on November 13.
 The guest speaker will be Rev. Lawrence W. Britt, S.J., Dean of College of Arts and Sciences. His subject will be "The New Armed Forces Reserve Act of 1955". Mrs. Frank Unfi will act as hostess for the Tea.

 Patrolman Thomas Fraser, also working with the plainclothes detail, rounded up six other boys, 15 and 16-year-olds, for investigation of breaking and entering in homes in the Pointe area. This group was "hungry", too.
 The six were also released to their parents and ordered to appear at a later date for further questioning.

 which he was found guilty Monday.
 While in the Grosse Pointe, Wooten made a long distance call to his mother in Tennessee, which aided police in determining his identity, when they traced the call.

Sgt. Hough said Stenson will be questioned at the prison in an effort to clear the rest of the Pointe burglaries.
 At the trial, Wooten pleaded guilty to armed robbery, and was referred to the Wayne

THE MIGHTY CHRYSLER FOR 1957

Here's the glamorous, low-priced 1957 Chrysler Windsor V-8

Announcing the most glamorous car in a generation!

You never looked or felt as good in anything before!

Other cars have changed models... this one changes motoring. Look at its rich, racy lines... at the long, low silhouette... at the dramatic upsweep of the rear fenders that plume back from the waist like the wake of a hydroplane. It's a streak of a car with the elegance of the boulevard and the spirit of the speedway.

Get into this car, drive it into traffic or out on the open highway and you enter a new domain of travel. In the 1957 Chrysler, with its new Torsion-Aire Ride, motion has a new "feel". And wait till you toe the throttle. A new Pushbutton TorqueFlite Transmission teams with a mighty airplane-type V-8 engine, developing up to 325 horsepower, to give you a new high-velocity getaway, matchless passing power when you need it.

Come in this week and visit our showrooms. See and drive the most completely new car of the year!

Torsion-Aire Ride
pours the road under you!

Try Chrysler's new Torsion-Aire Ride and you'll think some of the laws of gravity, motion and inertia have been suspended in your favor. No more rock and roll. No more pitch when you stop. Chrysler's new torque rod suspension and lower center of gravity give you a brand new ground-skimming "feel" of the road. The wheels ride the contours... but you don't. The road just pours under you.

Given Jail Term For Bad Conduct

Ernest E. Tytle, 64, of 10737 24, at Jefferson and Pemberton, Detroit, was unable to pay a \$95 fine imposed by Park Judge C. Joseph Belanger on Friday, October 26, and was sentenced to the Wayne County jail for 10 days.

Tytle was arrested by Park police on Wednesday, October

ton, for investigation of being drunk and disorderly.

The man admitted that he had been drinking and had been acting in a disorderly manner. He was given the alternative of the fine or the jail sentence.

Giant Fungus Growing in Grosse Pointe

MRS. C. B. WATERMAN measures giant mushroom which sprouted on her 330 Lincoln road property. The strange fungi, which looked like something out of a Walt Disney fairyland, measured 23 inches across and is believed to have been created by the rotting of the stump of an old tree that was removed a few years ago. In previous years many little mushrooms sprouted on that spot but this is the first time they collaborated in one big push. A trio of giant dahlias, shown at left, is a sample of the beautiful flowers grown by Mrs. Waterman in her garden. —Picture by Fred Runnells

Residents Object To Firecrackers

Several Pointe home owners have called their local police stations during the past week and reported similar complaints. Pranksters are no longer content with ringing doorbells

The latest innovation is to ring the bell and drop a lighted firecracker in the mail slot. If their timing is right the cracker should go off about the time the resident reaches the door.

High School Teacher Tells Of Experiences in Japan

Editor's Note: Miss Jane E. Gullett, third grade teacher at Mason Elementary, was on leave last year from the Grosse Pointe Public Schools. During this time she taught children of Air Force personnel stationed in Japan. This is the first of three articles relating some of her experiences in that country.

By Jane E. Gullett
Teaching the children of American Air Force personnel in Japan was certainly a marvelous experience. The children come from every part of the United States, which adds to the interest of teaching. In addition one not only had an opportunity to travel, but also to stay in Japan long enough to acquire some appreciation of the culture of the country and its people.

Often one sees a Japanese man dressed in a western suit, and yet wearing the wooden gettas that go clomp-clomp along on the cement. The streets are full of American cars along with the three-wheeled Japanese trucks which are operated inside by handlebars like a motorcycle.

The Japanese people are pleasant and congenial and will often go out of their way to please. Language constitutes quite a barrier to a more complicated exchange of ideas; yet it is remarkable how much can be accomplished by sign language, a bit of patience and a few short phrases.

Occasionally, when a westerner stands looking completely confused and bewildered, a Japanese boy, often a student, will approach the stranger and offer assistance in English. If it is directions that are needed he will often accompany the stranger to his destination, keeping up a lively conversation all the way.

One weekend another teacher and I decided to attend a shinto festival in Karatsu, which is a beautiful resort spot on the Pacific Ocean. We further decided that we would go by third class train, which has a reputation for being crowded, abounding in smells and punctual. Only a mere 10 per cent get seats.

All the Japanese eat, conco-

tions of fish and rice on the train. Conductors are demoted if trains are late, which accounts for the punctuality. Since Fran, my friend, and I had arrived very early, we were among the lucky 10 per cent. We were just making ourselves comfortable with our tangerines and candy when swarms of people descended upon us. Some were old men with weather-beaten faces and canes, dressed in kimonos and gettas. Some were mothers with babies strapped to their backs. Three train cars, 500 Japanese, and Fran and I.

After a couple of hours we arrived in Karatsu where we soon found the festival. This festival consisted of 14 floats making a process on toward a shrine. The floats dealt with the stages of growth to manhood. Each float was pulled along by 10 or 12 boys, all jumping and singing as they went. One float was a lion's head, one a fish, a dragon, a samurai, a huge bird, etc. The floats were 350 years old, but still very brightly colored.

Accompanying every festival there is always a carnival and circus. Here there were multitudes of people and everything for sale from dried octopus to balloons. Down "carnival lane" some Japanese shopkeepers showed great amazement at how much taller Fran and I were than they. The shopkeepers insisted upon having their pictures taken with us. All of this occurred without the benefit of English.

Wet Pavement Cause of Crash

A combination of wet pavement and a driver's slow reaction were responsible for a minor collision at University and E. Jefferson Friday afternoon, October 26.

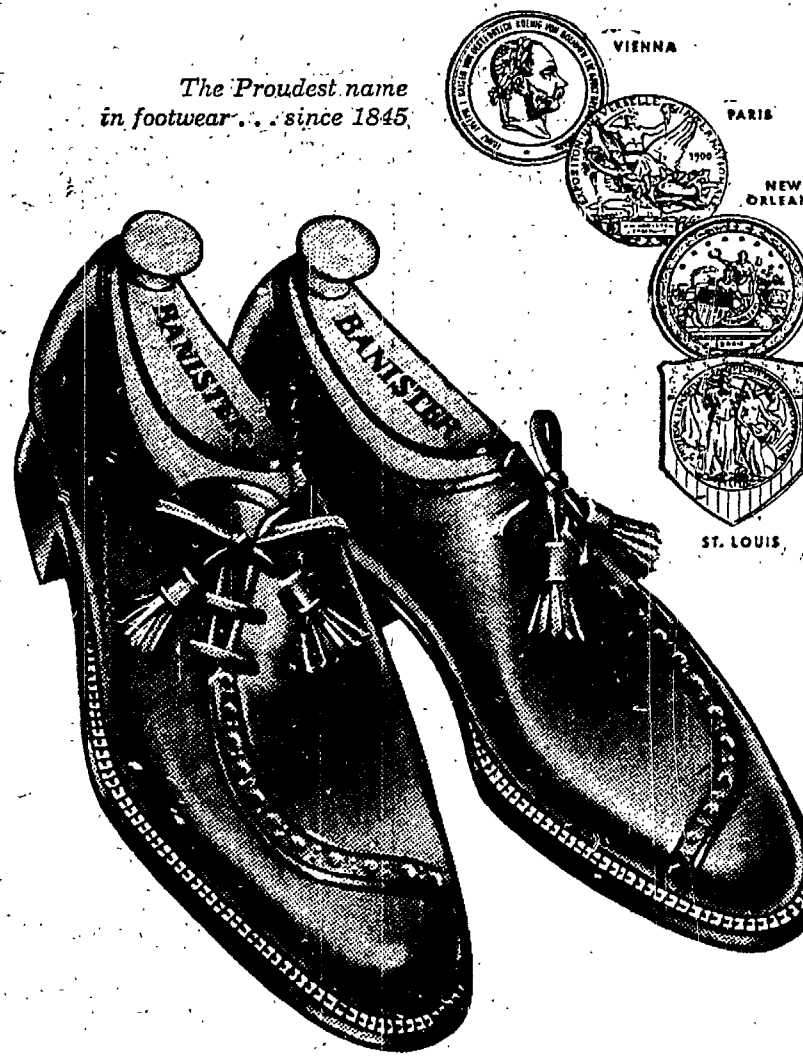

Michael G. Demchak of Harper Woods was driving his 1956 Dodge west on Jefferson and failed to stop the car in time to avoid hitting a 1955 Chevrolet which was stopped at the signal light. The car was owned by Linda Riley of Lauren lane, East Detroit.

Demchak said his car skidded on the wet street after he applied his brakes.

Rally Planned by Republicans

Plans for the final drive to victory were drawn up by 14th District Republicans at a meeting Monday night at district headquarters, 15316 E. Warren

Committee Chairman, Stanley J. Baldwin, announced that last-minute arrangements for the Republican Voterama had been completed. Scheduled for 8 p.m., Thursday, November 1, at Embassy Hall, 15220 Harper, a "Voterama" rally will give district voters the chance to hear E. Cobo, 14th District congressional candidate Albert Youngblood, and other Republican office-seekers.

Admission is free, and the public is invited. "Because a capacity crowd is expected, early arrival is advisable," said Mr. Baldwin.

Mr. Baldwin also announced that a touring Republican trailer, new this year, has proved an "overwhelming success." People have flocked to our trailer seeking information and literature on the candidates, and we've had to keep the coffee urns going full tilt," he said.

This week, the trailer is located in the Harper Woods area. Residents are invited to look for it and take this opportunity to gain voting information.

In other quarters, independent campaigning continues at a fast pace. First District candidate for state legislature, Arthur J. Madar, speaking before Am Vet Post 125 Monday evening, lashed out at the Democratic Party and its leaders for their stand on the draft and hydrogen bomb tests. Madar considers Democratic moderation on these issues "stupidity in its worst form." "It smacks," he said, "of poor judgment."

Allard Avenue Residents Want Street Blocked Off

A small group of Allard avenue residents, present at a special meeting of the Grosse Pointe Woods council on Monday, October 29, petitioned for the blocking off of their street at Harper, and no parking on a portion of the street.

The council placed on record two petitions of the residents, one for the closing of the avenue at its intersection with Harper, bearing 236 signatures; and the no-parking petition, with 224 signatures.

Both requests were referred to the Public Safety Committee, whose findings are expected to be presented at the next regular council meeting to be held on Monday, November 5.

The intersection wanted to close off the street because they feared that when Harper becomes an expressway, the school children of that area will be in danger. They claimed the children use their street more than any other, and consequently, it is the most used road in the Woods.

The City Attorney said he was doubtful whether the city has the authority to close a public road. He said the city can regulate traffic by making it a one-way street, either way, or vacate the street and close it. The later, he appeared to be in doubt of, and said he would have to study this.

William Hoose of 1717 Allard asserted a city can and has the right to close a city street, and referred to Detroit, where he said, the city council there has closed a number of streets when it became necessary.

The Public Safety Committee will meet sometime this week to study the question, and representatives of the State Highway Commission, and Wayne County Road Commission will be invited to attend. Also to be asked to the meeting will be Harper Woods City Manager Robert Mc-

Nutt, whose community borders that of the Woods.

In the second petition, the

residents ask that parking be banned on the south side of Allard, from Mack to the alley.

This matter after a short discussion was also referred to the Public Safety Committee.

Pointers Guide New Branch Of English-Speaking Union

The English-Speaking Union of the United States has formed a new branch in the metropolitan area which is known as the Detroit Branch and is one of over 61 branches in the country.

Officers of the new branch are Mark Stevens, president; Mrs. Harold A. Beatty, vice-president; Douglass Campbell, Jr., treasurer and John Newberry, Jr., secretary.

Members of the board of directors are Walker L. Cisler, Mrs. Berrien C. Eaton, Jr., Mrs. Nora J. Fitzgerald, Mrs. Daniel Goodenough, Mrs. George D. Huntington, Alvan Macauley, Jr., E. H. S. G. Moss, Mrs. William K. Muir, Joseph Robinson, Jr., Edward Littlejohn, Mrs. Sally Spencer, George C. Tilley, James K. Watkins, and the officers.

The purpose of the English-Speaking Union is to foster good-will and understanding between the United States and the British Commonwealth of Nations. National headquarters are at 19 East 54th street, New York City. The Hon. Lewis W. Douglas, former Ambassador to Great Britain, is overall chairman.

Activities of the union includes: teacher exchanges between the two countries; and maintaining various exchange fellowships and scholarships ranging from graduate students to preparatory school students. The latter are perhaps the best known. Each year approximately 25 boys from American boarding schools are sent to English public schools and visa versa.

Since 1949 Grosse Pointe boys who have participated in this program upon graduation from their schools are: of Mr. and Mrs. William Muir, from Hotchkiss to Clifton College, Bristol;

George W. Beatty, son of Mr. and Mrs. Harold A. Beatty, from Andover to Clifton College; Robert Semple, son of Mr. and Mrs. Robert Semple, from Andover to Wellington; Thomas Williams, son of Mr. and Mrs. F. Hunter Williams, from Hotchkiss to Westminster College, London; and currently, Francis Westmore McMillan II, (Sandy), son of Mr. and Mrs. James McMillan is studying in Leys School, Cambridge.

Meetings open to members and friends, will be held several times a year with outstanding speakers who will discuss current topics of international interest. A meeting will be held in the War Memorial Center on November 13, at 8 p.m. The name of the speaker will be announced next week.

Membership to the union is \$5. per year. Anyone interested in joining can contact one of the members of the board of directors or drop a note to the Office of the Secretary, 3276 Penobscot Building, Detroit 26.

To Feed Voters In Precinct 10

If you're lucky enough to be in Precinct 10, you'll get free coffee and doughnuts when you cast your vote on November 6 at John R. Barnes school, 20990 Morningside Drive, Grosse Pointe.

Even if you vote elsewhere, you'll be welcome — and can probably get your coffee and doughnuts on a par with the Precinct 10 citizens.

The big bonus for voting is a Barnes extra to promote its tremendous, Election Day bake sale, which will run 12 hours — from 8 a.m. till 8 p.m.

All kinds of cakes and baked delicacies will be available for families, plus candied apples for children (and fathers). Profits from the bake sale will be used to purchase special equipment needed for the school and the school program.

Naturally, the Pointe is tremendously interested in a hundred per cent vote November 6. The coffee-and-doughnut dividend at Barnes is a reward for performing your citizen's duty.

Youngblood Asks Support at Polls

Former Republican Congressman Harold F. Youngblood wound up his campaign for Congress in the 14th District by pointing out that he had accomplished more in his one term in Congress than his op-

ponent, Louis Rabaut achieved in the 20 years he has spent in Washington. "A review of the available records, covering the 18 years of inactivity up to 1954, shows that Rabaut proposed only 53 pieces of legislation during that period," said Youngblood. "Of these, only 10 were enacted into law. Of these, eight were appropriation matters which were presented as a matter of routine because Rabaut was on the Appropriations Committee, and these did not modify any existing laws or create any new ones."

Youngblood expressed an intention to back the Eisenhower Administration's foreign policy; to extend the coverage of the present minimum wage laws; to revise the Taft-Hartley Act; to revise the National Origins section of the McCarran-Walter Immigration and Nationality Act; to back Eisenhower's school construction program; and to balance the budget, so as to reduce the national debt and individual taxes.

Paterson Hears Traffic Cases

Judge Douglas Paterson presided at hearings of six Justice Court cases October 23.

Dorothy L. McMillin of 644 Rivard, pled not guilty to interfering with moving traffic. She was found guilty as charged and given a suspended sentence.

Ann M. Carroll of 1417 Berkshire, was found guilty of the same offense and fined \$15.

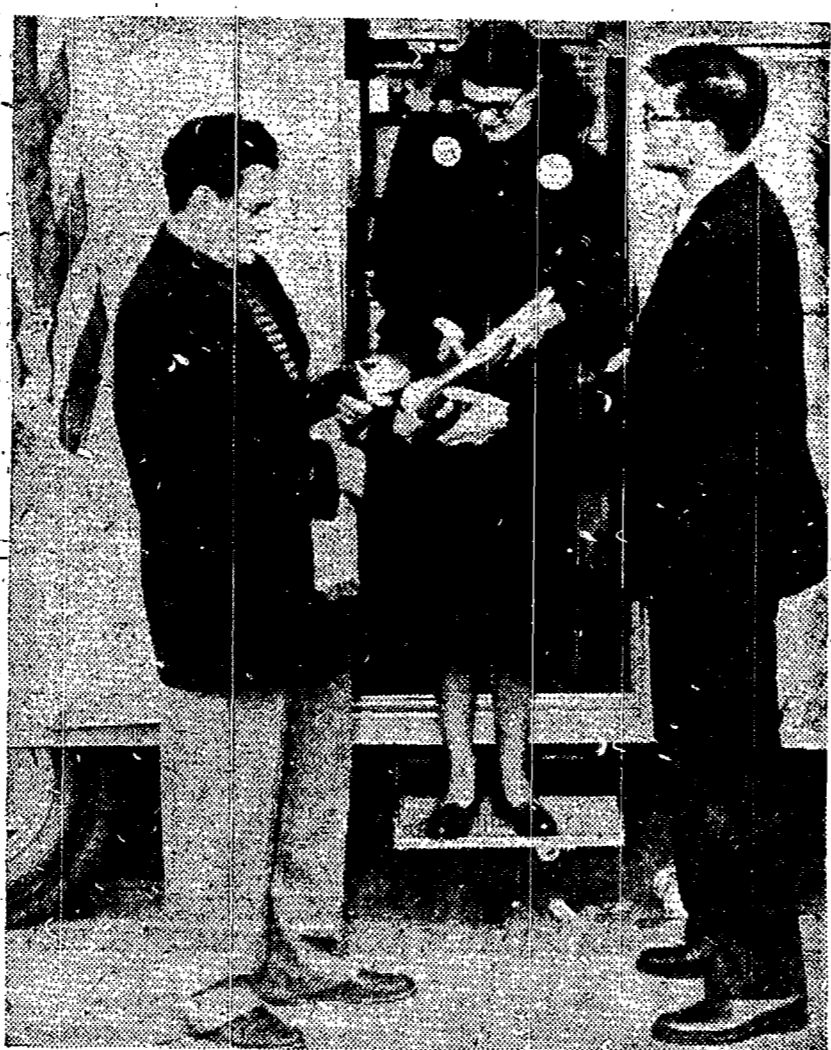

Two Detroit drivers were found guilty of driving with their cars not under control. Anthony Greek was fined \$15, and Charles H. Agle was fined \$25.

Ernest Leo Rollo, also of Detroit, was charged with "car not under control." He pled not guilty and was found so.

Juliet Hammond Belanger of Detroit, was fined \$20 when she was found guilty of reckless driving and causing an accident.

Figures may never lie—but it isn't true with figures of speech.

Crash Causes Minor Damage

A minor auto accident report was phoned into the Farms police station on Monday, October 22. Lisolotte Hooch of 5527 Nottingham told the desk sergeant that her car struck the rear of a car driven by Loren Clausen, of Roseville, Michigan. Mr. Clausen made a left turn from Mack avenue onto Moross and stopped suddenly. Mrs. Hooch could not stop her 1956 Mercury station wagon in time, and bumped the car in front of

her. There was little damage to either car.

Academy Exam Dates Announced

Congressman Louis C. Rabaut (D. Mich.) announced that on November 20, a U. S. Civil Service Designation Examination will be held for young men desiring to enter the Military, Air or Merchant Marine Academies. Applicants must have resided in the 14th Congressional District for two years prior to the time of examination and must be at least 17 but not more than 22 years of age as of date of admission. Classes for West Point and Air Force Academies commence July 1, 1957; the Merchant Marine Academy semester begins August 19, 1957. Nominations to the Academies will be made in strict accordance with grades received in the forthcoming examination.

Appointments to the new, permanent Merchant Marine Academy will be made on a statewide basis, with each Member of Congress submitting ten nominations. This is a procedure similar to that used in the original class entering the Air Force Academy.

Mr. Rabaut said, upon being informed of the examination, "I hope every young man who aspires to a military or sea career will avail himself of this opportunity to obtain one of the finest educations in the world. Anyone who desires additional information is urged to write my office at 1232 House Office Building, Washington, D. C. for sample question sheets."

City Pays Honor To Harold Ryan

A Certificate of Merit from the City of Harper Woods was awarded State Senator Harold M. Ryan Monday, October 29 by Mayor Joseph P. Gossel of Harper Woods.

The Certificate of Merit resolution was passed by a unanimous vote of the Council of Harper Woods October 15. It read as follows:

Whereas the City of Harper Woods is intensely interested in the retention and expansion of home rule for the cities of Michigan and

Whereas Senator Harold M. Ryan has always strived to promote home rule and

Whereas Senator Ryan has always lent an attentive ear to the problem of all municipalities and expressly those of the city of Harper Woods, now

Therefore, be it resolved that the Council of the City of Harper Woods expresses its heartfelt thanks to Senator Harold M. Ryan for his excellent work in Lansing on behalf of the people and the communities in his District and wishes him success in his future undertakings.

OPERA SHIFTED

The Detroit Grand Opera Association announces a change in the Sunday, November 11, matinee offering of its 14th annual Grand Opera Festival. Instead of the Shakespearean opera, "The Tempest," originally announced, the new, distinctly American opera "Susannah," by composer Carlisle Floyd, will be presented.

Two Promoted By Wrigley's

Wrigley's Supermarkets announce the promotion of Nick Ritter as grocery buyer and Gene Piche as grocery supervisor.

NICK RITTER

Nick Ritter, 1356 Roslyn road, Grosse Pointe Woods, formerly grocery supervisor, joined the company in 1944 as a clerk. In less than six months he was promoted to store manager and in 1951 to store supervisor.

Ritter is now in charge of the buying of non-food items for Wrigley's. He is past president and founder of Wrigley's east side bowling league. He is a member of St. Joan of Arc Usher Club and the Austin Dads Club. Ritter, 37, is married and has three children.

Gene Piche, 3312 Hunter, Royal Oak, was formerly a store manager. He joined the company in 1946 when Wrigley's merged with Packer. Piche was hired as a student manager and a year later was promoted to store manager. He is now responsible for the operation of 10 Wrigley stores in the Pontiac area. Piche, 37, is married and has two children.

League to Show Skiing Movies

A treat is in store for local camera and ski enthusiasts next Thursday evening, November 8, when the Grosse Pointe Cinema League will present a skiing film entitled "The Matterhorn of the Rockies" at 8 o'clock at the War Memorial Center.

The film was made by Allan Kass, of Huntington Woods, in whose dual hobbies of skiing and photography have resulted in an outstanding color movie.

"The Matterhorn of the Rockies" was filmed on Mt. Assiniboine which is located in a remote area near Banff and is accessible only by pack horse or plane.

Mr. and Mrs. Kass have visited most of North America's popular skiing spots and say Assiniboine is the most thrilling of all. The film records their flight in by plane, shows the snow level near the top of the cabins, and beautiful scenery as well as the sport of skiing.

This program is open to the public. Mr. Kass will give a commentary on the film covering graphic methods. For further information call the Grosse Pointe War Memorial.

WAYNE OFFERS COMEDY

A new English version of "An Italian Straw Hat," musical comedy by Eugene Labiche and Marc-Michel, opens at the Wayne State University Theatre, and the following week, November 15, 16 and 17.

Woods to Buy New Park Site

The Woods council on Monday, October 29, approved placing a \$100,000 bond issue before the voters in the April, 1957 election, to be used for the acquisition of land for a new park site.

The desired piece of property is located in the northeast section of the Woods and comprises approximately 10 acres.

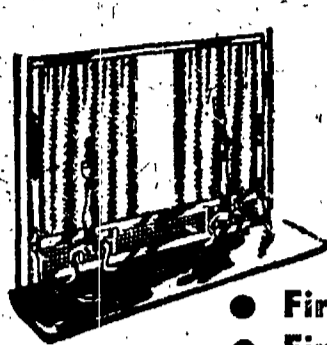

The city administrator informed members of the council that the owner of the land is seeking between \$6,500 and \$7,500 an acre.

The City Attorney recommended the \$100,000 bond issue stating this would be an appropriate amount, inasmuch as the monies left after the land is

purchased can be used to develop the park.

The property is described as being bounded on the north by the south line of the Woods garage site, as extended easterly beyond the Milk River for a distance of 150 feet; on the west by Marter road; on the south by the north line of DeSerrano's Woods Subdivision No. 3, as extended easterly of the Milk River approximately 150 feet; and on the east by the east termini of the north and south line of this subdivision.

Recommendation for the acquiring of the property was made by the Woods Planning Commission early in September.

WHICH WILL YOUR CHILD BE?

BY VOTING "YES" FOR FLUORIDATION, NOV. 6, YOUR CHILDREN CAN HAVE THE PRICELESS GIFTS OF BETTER TEETH - BRIGHTER SMILES - FINER HEALTH

Here's How Fluoridation Works-

After fluorides are added to the water supply in minute, controlled amounts, youngsters start to benefit usually within a year. Children's teeth are healthiest and most decay-resistant if they drink fluoridated water from birth, and the advantages last all their life.

Fluoridation is SAFE-

Every major national organization (see below) concerned with public health endorses Fluoridation and declares it SAFE for everyone.

EVERYBODY Benefits-

The entire community shares in the advantages of Fluoridation. Your children, the future adult citizens of our community, will have up to two-thirds fewer cavities, fewer lost teeth, less needless pain from decayed teeth, and improved health that lasts a lifetime—and your dental bills will be considerably reduced. The benefits of Fluoridation far outweigh its small cost—only about nine cents a year per person.

Over 1,200 U.S. communities, including Chicago, Philadelphia, Washington, D.C. (even Ike drinks it!) Cleveland, St. Louis, Milwaukee and Pittsburgh, with a total population of more than 30,000,000 persons, are using fluoridated public water supplies.

After a two-year study of the effects of fluoridated drinking water, Dr. A. L. Russel, of the National Institute for Dental Research, said of Grand Rapids' school children, "We've never seen better teeth anywhere in the country." Grand Rapids, Michigan, in 1945 became the first city in the U.S. to add fluoride to its water supply.

Dr. Henry F. Helmholz, chairman of the health committee of the National Congress of Parents and Teachers, told the American College of Dentists in Atlantic City, "resistance to fluoridation programs rests with a vocal minority who react unfavorably to practically any proposal for scientific progress. Fluoridated drinking water is safe as well as beneficial to teeth."

More Than a Score of National Organizations Endorse Fluoridation, Including—

- American Medical Association National Congress of Parents and Teachers American Dental Association United Community Services American Association of Public Health Dentists American Hospital Association National Research Council Commission on Chronic Illness U. Citizens for Eisenhower To Stage Rally on Friday

A highlight of this week's activities in behalf of the Republican Presidential Candidate will be a huge rally in the Warren-Conner area. Friday evening, November 2. The Independent Citizens for Eisenhower Committee who are sponsoring the affair are pulling out all the stops.

With the famous Eisenhower Bandwagon a central feature, there will be band music, searchlights, pretty "Ike" Girls and free refreshments for all. There will also be special favors for the children. The program will be conducted between 8:30 and 8:30 p.m.

The official Eisenhower-Nixon Bandwagon, which will be on hand, is one of six which have been touring the nation. It is part of an effort to bring to the state and precinct level the spirit of the Eisenhower Program of Peace, Prosperity and Progress.

It consists of a gaily decorated 15-Ton Semi-Tractor Trailer which includes a 40 foot Ike barrage balloon which can be flown at a height of 500 to 700 feet. There are hundreds of flares for torchlight parades, special dresses for the "Ike" Girls who feature the usual program and a complete public address system. There is also a special Ike Jeep accompanying the Bandwagon. The Jeep carries its own power plant and public address system. There are special provisions for showing movies during both the day and evening on a reverse translucent motion picture screen attached to the rear of the van.

Illustrated on the Bandwagon are Eisenhower Administration accomplishments such as, "Balanced Budget" — "Stop Korean Fighting" and "Honesty and Integrity in Government." The hub caps are in the form of a giant red, white and blue, "We Like Ike" buttons.

The 14th Congressional District Citizens for Eisenhower Committee which is sponsoring the Bandwagon Rally has been extremely active in the 14th District. A special Labor for Eisenhower House Trailer has been utilized during the past month for factory visits and tours of shopping areas. This program has been under the general direction of, "Labor for Eisenhower" Chairman Earl Armstrong, a Chrysler Union Committeeman.

The Committee also sponsored a large celebration party at their headquarters at 9028 Cadieux Road on October 13 in honor of the President's Birthday. General Chairman for the 14th District group is E. "Mitz" Gentile.

TACKLE 10 YEAR JOB

The State Board of Agriculture has appropriated funds for the Michigan State University library to change its classification of books from the Dewey Decimal to the Library of Congress system. The task of changing to the new system is expected to take ten years.

Arthur Larson To Talk Nov. 2

The Honorable Arthur Larson, Under Secretary of Labor, will speak at the new Ford Auditorium at 8 p.m. on Friday, November 2.

A professor of law at Cornell University before he became Dean of the University of Pittsburgh, Mr. Larson is the author of the outstanding treatise on workmen's compensation, and Harper Brothers has recently published his latest book, "A Republican Looks At His Party."

Mr. Larson will be sponsored by the Wayne County Republican Committee, The Republican Women's Federation of Michigan, The Eisenhower Labor Committee, The Michigan Minute Men and Maids For Ike, and the Michigan Young Republicans.

Pancake Cooks are Ready

These men, left to right, DR. EDWARD ELSLAGER, ALEX GILL and JAMES HALLEAD, are making preparations for a "Pancake Festival" for the members and friends of the Grosse Pointe Woods Presbyterian Church, 19950 Mack at Torrey road.

Dr. and Mrs. Edward Elslager, president of the "Galileans" Club which is sponsoring the event, announce that the supper will be held on Friday evening, November 9, from 5:30-7:30 o'clock. Eugene Stefanski, chef from the Pillsbury Mills, will bake pancakes continuously, assisted by members of the club. In addition to all the pancakes one can eat, the menu will include simmering sausages, fruit, and beverage. Mr. and Mrs. Thomas Clark are general chairmen of the festival, and decorations will be under the supervision of Mr. and Mrs. Alex Gill. Advance reservations may be made through the ticket chairmen, Mr. and Mrs. Marshall Moser, TU. 4-0628, or other members of the club. Donations will be \$1.25 for adults and \$0.75 for children under 14. Children under five years of age will be admitted at no cost. Proceeds from the supper will be used to sponsor local and missionary projects of the club. Parents with small children will be delighted to learn that a supervised nursery for children three years of age or under will be available without charge while the supper is being served. Mr. and Mrs. James Hallead will be in charge of the nursery.

Family Film Night Set For Friday at Library

The Grosse Pointe Public Library's Family Film night for November is scheduled for Friday evening, October 2, at 7:30 o'clock. The showing will be presented in the meeting room of the Central Library at Kercheval and Fisher.

Featured on the program will be three color films, "Rainbow of Stone," "Grandma Moses," and "South Africa."

"Rainbow of Stone" tells the story of Ziki, a Navajo boy, and his friend Jimmy, the son of a white trader, who, upon hearing the tribal legend of green pastures beyond the "Rainbow of Stone," set out and found new grazing lands for the tribe's flock during a period of drought. The film shows animal and bird life as well as geologic formations of the Southwest. "Grandma Moses" shows Grandma Moses' life as an old lady and as an artist. Her earlier life, which she often portrays in her paintings, is described by the commentator, Archibald Macleish, as her paintings are shown. The film pictures her at work and points up her technique of applying paint. Many examples of her paintings are shown on the screen. "South Africa" presents an overview of the Union of South Africa, pictures the cities, diamond and gold mines, and presents other aspects of Africa's economy. The film also shows

native life and wild life in Kruger National Park and Hluhluwe. Authentic African music is included. The library extends a cordial invitation to its patrons to attend this program; school children are invited to attend if accompanied by a parent or responsible adult.

Warning to Farms Voters

WATER FLUORIDATION IS DANGEROUS!

- Your family's health is at stake—so DON'T be misled by the frantic urgings of those who are, once again, attempting to force us to accept the recognized hazards of water fluoridation.
- Medical groups the country over—including our own Wayne County Medical Society and the City of Detroit Board of Health—have refused to recommend the fluoridation of drinking water. WHY? Because it is dangerous!

Here's why you should vote "NO"!

Leading physicians and scientists have established that:

1. Fluoride is a POISON—an extremely active, cumulative poison actually 15 times more deadly than arsenic.
2. Fluoride causes MOTTLED TEETH—changes the smooth, glossy surface of normal teeth to a dull, unglazed surface with irregular chalky white patches.
3. Fluoride makes BONES BRITTLE.
4. Fluoride can cause ARTHRITIS.
5. Fluoride can cause DEAFNESS.
6. Fluoride may cause PYORRHEA.
7. Fluoride CANNOT BE EFFECTIVELY ADMINISTERED through public water supply due to the variable consumption of water by each individual.
8. Fluoride RESEARCH IS INCOMPLETE. It will take 10 more years of careful research to determine the full effects of this sub-acute cumulative poisoning upon adults.

All of the above statements can be fully documented.

● Grosse Pointe Farms voted against fluoridation two years ago—for very sound reasons. But once more the misinformed proponents of this totalitarian "mass medication" have made it an issue. It's up to YOU to help stop them!

Ecorse Hearings Held in Pointe

City Judge Douglas Paterson, much in the public eye since he was appointed by Judge Theodore Bohn to hear the arraignments and examinations of alleged corrupt Ecorse officials, began the examinations on Wednesday, October 24, in the Neighborhood Club.

William H. Montry, former Ecorse police commissioner and star witness of the Bohn Grand Jury, testified for two full days Thursday and Friday, October 25, and 26, on the crime and corruption he said have been going on in the Downriver community.

On Friday, he identified nine more men in an alleged bribe conspiracy. The day before he named nine Ecorse officials and a weekly newspaper publisher as having accepted bribe payments. His accusation on this date, went into the public records.

Proceedings in Judge Paterson's court were interrupted on Friday, at 11:00 a. m., when notices of ouster hearings were served on Mayor William W. Voisine, and Councilman Francis A. Labadie and Albert Buday.

The notices were signed by Gov. G. Mennen Williams, and calls for the ouster hearing to be held at the City-County Building at 10 a. m., Thursday, November 13.

Montry, an admitted grafter, cited a number of instances in which he said he acted as go-between for gamblers and city officials.

He said the payoffs came from Russell Trilek, Sr., then Ecorse's gambling kingpin.

On Monday, October 29, Montry testified that the graft

money he received was "tax free."

Under cross-examination for the first time since he took the stand Thursday, the former police official told Francis K. Young, defense attorney for Ecorse Mayor Voisine, that he failed to report graft income of \$2,400 in 1954 and about \$3,200 in 1955 on his income tax returns.

Montry denied he had sought immunity in return for his testimony. Efforts of the defense lawyers to make Montry divulge his present address were rebuffed by Judge Paterson, who ruled the information was not pertinent. The address has been kept secret for fear of possible reprisals against Montry.

After completion of Monday's examination, Judge Paterson set Thursday, November 8, as the date for examination of Harold Rippe on a second charge of bribery. Rippe resigned as supervisor of Taylor Township, rather than be ousted from office by Governor Williams.

REGISTRATION DRIVE

Republicans are starting a gigantic voter registration drive in Michigan, prompted by President Eisenhower's plea for "maximum voter registration" for the November 6 election. In telegrams to party leaders, President Eisenhower stressed the need for an all-out registration drive "to see that every eligible voter supporting our cause registers so that he or she can vote."

'Compli-fit' at Jacobson's

At last, a real revolution in lingerie! Now, for the first time in the history of underpinnings, there has been created a slip with a built-in shape. Laros' COMPLI-FIT, which compliments your figure. It is Laros' COMPLI-FIT which actually compliments your slip and fits your figure. It may be seen at Jacobson's in Grosse Pointe. Where the average "old-fashioned" slip flattens the bustline causing unsightly bulges beneath sweaters or slender dress, the COMPLI-FIT conforms perfectly to the shape of your bra.

The molded bust section and center anchor of COMPLI-FIT, the slip with the built-in shape, give the smooth unbroken line of fashion's new silhouette, while elastic-anchored straps allow free-floating action that follows every body movement. And COMPLI-FIT is especially designed to cover completely the straps and back line of all popular brassieres. There is no need to worry about cup sizes or special measurements; buy the COMPLI-FIT in your regular slip size. There are three styles to choose from: Nylon tricot or dacron and cotton, lace trimmed; in short, regular and tall lengths, \$5.95. Nylon tricot with a wide lace trim and lined bottom, \$8.95. Nylon tricot with pleated hem flounce and lace bust, black and white, average length, \$12.95. All three styles of this new fashion accessory are obtainable at Jacobson's in Grosse Pointe.

Catholic Study Club Meeting on November 5

Mrs. James J. Hayes, president of the Catholic Study Club will greet and introduce to the members and guests, presidents of nearly every woman's club in the city of Detroit, on Monday, November 5, in the League Building, Parsons street.

Special plans have been made for this anniversary year—the 60th President's Day. Mrs. Hayes will summarize some of the outstanding accomplishments of the members, individually and as a group, and Mrs. James A. Markle will read some of her own poetical compositions. The highlight of the afternoon will be the appearance of Frances Homer, one of the foremost exponents of the One Woman Theater. This solo artist is described as being great entertainment, and her program, "Original Character Sketches."

Tea and social hour will follow the program, in the English Lounge, Mrs. Gilbert A. Brooks, social chairman, in charge.

PROVIDENCE MILK FUND
The regular meeting of the Milk Fund Association of House of Providence will take place at the home of Mrs. William C. Roney on Provencal road, on Tuesday, November 6 at 12:30 o'clock.

Letters to the Editor

Gentlemen:
 In just a few days the citizens of Grosse Pointe Farms are going to vote on the question of water fluoridation in their city. They will have an opportunity to avail themselves of a modern scientific health benefit that is both efficacious and harmless.

The effectiveness of fluoridation to reduce dental caries is not questioned by research authorities. It has been repeatedly demonstrated to reduce caries by fifty to sixty percent in children and young adults, and also that these benefits are carried over into later adult life. The opponents of fluoridation consist of a small but voluble minority who specialize in fear campaign through information peculiar to them alone, thereby creating doubt in the minds of the public. Although fluoridation is supported by the American Medical Association, United States Public Health Department, research institutions and universities, some opponents seem to claim to have special talents for research, a greater concern for the public welfare than all these others combined. Institutions such as the University of Cincinnati and teaching institutions such as the University of Michigan at Ann Arbor testify to the efficacy and safety of fluoridation. Do you think that this calibre of research is lacking in ability—or public interest?

Based on study and research over a long period of time, fluoridation has been used in many cities—some for over ten years. One of these cities is our own Grand Rapids, Michigan. The results have been amazingly similar in all—effective and safe. The local Medical Societies, who are certainly concerned with the health and welfare of their communities, declare fluoridation to be absolutely safe. Among the cities now fluoridating their water supply are included Philadelphia, Baltimore, Pittsburgh, Washington, San Francisco, Milwaukee, Buffalo, St. Louis, Cleveland and Chicago. Many cities in foreign lands are now using this wonderful aid to better dental health. Can they all be wrong? Or do they listen to the legitimate research groups and unselfish scientists for their information.

Put your faith in the men you trust with your family's health every day. Take their recommendation and vote for fluoridation on November sixth.

Sincerely,
 Willard L. Crain, D.D.S.
 Chairman of Public Health and Education
 Detroit District Dental Society

To the Editor:
 I believe in all fairness to the people in Grosse Pointe who read your newspaper, that they should be truthfully informed of official status of the various Medical Societies on the fluoridation of water.

It would seem that every time an election concerning fluoridation occurs, letters to the editor published in the Grosse Pointe News, contain misleading statements regarding the Medical Societies.

1. Officially the American Medical Association's secretary C. P. Lull M. D. has stated, "The endorsement (of the American Medical Association) is that the public water supplies SHOULD BE fluoridated in order to prevent dental caries in children."

2. Officially the Council on Pharmacy and Chemistry of the American Medical Association has stated that "It has found NO EVIDENCE that one part per million of fluoride is harmful." It should be further emphasized that this is not a political body or an emotionally biased one.

3. Officially the Wayne County Medical Society's secretary R. Cooper, M. D., has stated that the Society's endorsement of fluoridation has NOT BEEN REVERSED as claimed by one of the leading opponents.

4. Officially Dr. Fred Wertheimer of the Michigan Public Health Department has stated, "Fluoridation like all other advances in public health will eventually be accepted on its merits regardless of the irresponsible utterances of those opposed."

5. In keeping with the high ethical standards of my profession I shall not engage in any personal attacks in rebuttal to any opponent. I wish to state that I have the official letters and documents to substantiate

fluoridation of water supplies." Given the facts your readers will be able to judge for themselves whether or not the Wayne County Medical Society is still endorsing fluoridation.

Yours very truly,
 Ralph Pino, M.D.

The Editor:
 Grosse Pointe News
 Before hastily voting to restore fluoridation of our drinking water, the City Council might well consider experiences elsewhere. For example:

The Evidence Was TOO TRUE TO BE GOOD. By Russ La Vine. From the Highland Park (Iowa) News.

Once in a while the people who are violently "FOR" Fluoridation cross themselves up. It happened recently in two almost identical cases, one at Ottawa, Illinois, the other at Mason City, Iowa.

Let's examine the facts in the Mason City case, as that is close to home, and many of you know local residents who will verify the facts.

In Mason City the drums started beating for fluoridation. The same canned and misleading literature was distributed; the United States Public Health Service was prominent in selling the community.

The newspaper crusaded FOR it, as necessary if the children of Mason City were to have fine healthy teeth. Civic groups signed petitions, went all out for the plan.

The "endorsements" of the so-called leading health authorities were all introduced. Local doctors and dentists testified as to the horrible state of children's teeth in Mason City, and how decay rate was so much greater than the available dentists could take care of.

To the Citizens of Grosse Pointe Farms
 who are threatened with the compulsory use of fluorides in drinking water:

Anyone who wishes to give his children minute quantities of fluoride, a substance "more poisonous than arsenic," is free, in a democracy, to do so. Has he, however, any moral right to force a single member of the community to take this chemical with every meal or oblige him to buy bottled water?

Do you know that the Wayne County Medical Society has withdrawn its endorsement of this procedure and is taking a neutral stand?

That the Texas State Medical Society unanimously rejected this method of treatment?

That many European scientific organizations have rejected it?

That the American Association of Physicians and Surgeons has condemned this method of medication?

That the Water Dept. of N.Y.C. has 5,000 references on the ill effects of fluorides and is fighting fluoridation to the last ditch?

That fluoride tablets could be distributed by health stations with the following advantages over artificial fluoridation?

(a) Cost of tablets would be 8c per child, per year. Fluoridation costs about \$1.00 per child.

(b) Tablets provide the exact dose recommended (1 milligram daily). The dose cannot be controlled through the kitchen tap. Most children consume mainly fruit juices and milk but little water. A child would have to drink exactly one quart of fluoridated water per day, no more, no less, to get the 1 milligram of fluoride. This includes all water used for cooking.

(c) Only those supposed to benefit (children up to 8 years of age) would be treated. Only those who wished the treatment would take it.

(d) No medical principles are violated by the voluntary tablet method. Compulsory use of fluorides by those who cannot possibly benefit and who may suffer much harm is an unprecedented violation of medical and democratic principles.

The Association for the Prevention of Fluorosis has documentary proof of many inaccuracies in the literature which purports to prove the safety of fluoridation. For example: Serious-chronic fluoride poisoning is said to occur only where water contains over 10 parts of fluoride per million parts of water (10 ppm). If you read the references used to support these statements you will find that crippling fluorosis (advanced fluoride poisoning) has been reported at 2 ppm.

Tooth decay can be reduced 65% IMMEDIATELY by rinsing or brushing the teeth after each meal. Tooth decay can be reduced by avoiding sugar and soft drinks.

Use time-tested methods for protecting your teeth. Fluoridation is expensive, hazardous, impractical, undemocratic and immoral.

Club to Hear Vote Analysis

An analysis of the November 6 election will be the program presented at the November monthly meeting of the Women's Republican Club of Grosse Pointe to be held on Thursday, November 8, 1956 at the Grosse Pointe War Memorial.

A panel composed of three of the hardest working and most popular Republican leaders in the 14th Congressional District will review the election results, examine returns by candidates and areas, and explain the vari-

ous factors such as candidates, issues, economic conditions, minority groups, special interest groups and campaign efforts which influenced the vote.

The members of the panel are Robert Waldron, State Representative from the 13th district; Richard Durant, vice-chairman of the 14th Congressional District Republican Committee; and Palmer Heenan, president of Republican Voters Association.

Misses One Car; Strikes Another

A St. Clair Shores driver, swerved to avoid hitting one car and in doing so cut in front of and struck a 1951 De Soto driven by Robert Cardoff of 78 Muskoka, Saturday, October 27. Albert Stephenson of St. Clair Shores told police officers Marvin Weaver and Russell Hilgendorf that he was attempting to miss another car when he cut in front of Cardoff, who was driving south on Moross.

To Hold Fair At St. Lucy's

The women of St. Lucy's Parish, in St. Clair Shores, are busy preparing for their first annual fair which will take place in the church on December 1.

The decor and theme of the fair, this year will be "Christmas in Many Lands." Each booth will represent a different country and the gifts offered will be such as could be purchased in the country represented.

You can buy a beautiful wreath for your front door, a

crib with hand-carved statues of the Holy Family, ice skates for Tommy or Mary, superb surprise packages from foreign lands, pink elephants, and thousands of presents to fit the pocketbook and taste of everyone.

The fair is under the supervision of Mrs. William A. Bickel and Mrs. Bernard Chovin, and the booths are in the capable hands of Mrs. Jerome Zinser. Her theme is "Little Dutch, Boys and Girl"; Mrs. James McCreary and her work-

ers will take you back to Dublin where you may select aprons for the kitchen and parlor, Mrs. James Koslosky and her committee are in charge of the "King's Booth." The "Paris Cafe" where you may dine in leisure will be staffed by Mrs. Joseph Hourigan and her willing workers. Danish pastries and sweets will be found in abundance made by Mrs. Henry C. Scherf and her group.

The artist for the fair will be Mrs. Robert O'Meara and Mrs. Don Richardson. The old fashion "Sniffle Tree" will have handkerchiefs from all over the

world. Mrs. Frederick Munk is in charge of the "Sniffle Tree." One of the most enchanting booths will be "Star of the East" supervised by Mrs. Lawrence Tucker. The most timely booth of the fair is Religious Articles. Direct from Italy, this booth displays the true meaning of Christmas and is in the capable hands of Mrs. Paul Fisher and Mrs. Lester Holly.

Christmas decorations for the interior and exterior of your home will be displayed in conjunction with a beautiful flower shop.

University Women Plan Scholarship Fund Party

The Scholarship Fund Party of the University of Detroit women's Guild will be held on November 17 at 6 o'clock in the U of D Memorial Building.

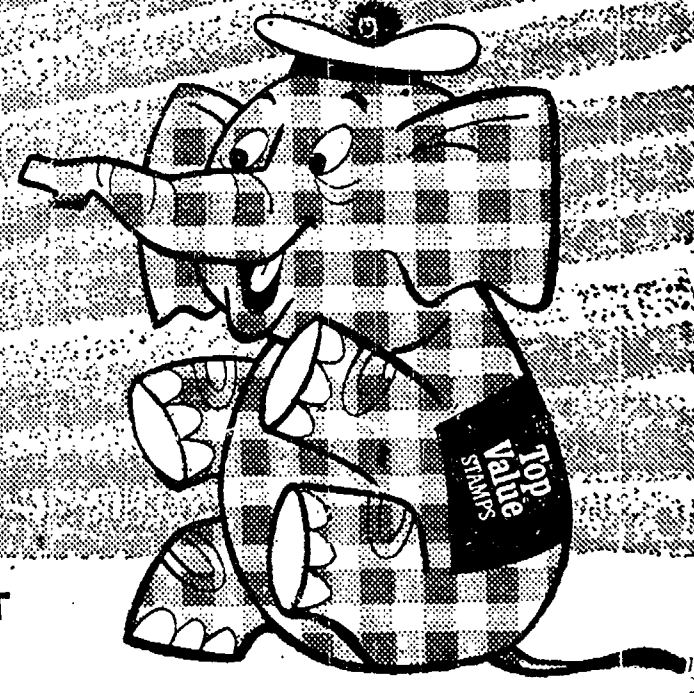

A new feature this year will be a Christian Dior Fashion Show. Luncheon will be served and prizes will be distributed. Mrs. Gordon Nelson, TU 5-9075 will be glad to take your reservations along with Mrs. Wayne Blow, TU 5-5459.

School Given Flowering Tree

Brownie troops 1983 and 685 of Barnes School conducted a tree planting ceremony on the school grounds Wednesday, Oc-

tober 31, at 4 p.m. Thirty-two Brownies and their troop leaders, Mrs. Karl Zummach, Mrs. John Brink, Mrs. J. M. Northrup and Mrs. Robert Betzing, took part in the ceremony. The girls saluted the flag, recited a poem about trees, and then stood in attendance while a pink flowering crab that they have donated to their school, was planted.

Mrs. Florence Cummings, principal of Barnes School, was present, in addition to representatives of the Suburbia Garden Club of Grosse Pointe, who also presented a tree to the school.

Scouts to Help Get Voters Out

More than 25,000 Boy Scouts, Explorers and many of their adult leaders of the Detroit Area Council will climax their part in their nationwide Get-Out-the-Vote campaign on Saturday, November 3.

On that day they will call on more than 650,000 homes and leave on doorknobs a Liberty Bell hanger urging citizens to vote.

They have been conducting a non-partisan campaign, without reference to any candidate or party. It has been sponsored jointly with Freedoms Foundation, Inc. of Valley Forge. The message on the Liberty Bell doorknob hanger reads:

"Heed youth's call. Vote as you think, but vote November 6, 1956.

Use your freedom to vote." Householders will be asked to display these hangers in their windows indicating their intention to vote.

Amos R. Shields, Detroit Area Scout Executive, said that the greater number of people who turn out to vote, the greater will be true democracy in action." Local Council Get-Out-the-Vote Committee Chairman is Robert B. Semple. Semple, a member of Scouting's Executive Board, is president of Wyandotte Chemical Corp.

Attends Parley Of Teachers

A local educator, Mrs. Wanda Daniel, told the western zone New York State Teachers Association convening in Buffalo on Friday, October 28, that audio-visual education has now taken a legitimate place in the contemporary classroom.

Mrs. Daniel, curriculum assistant in charge of audio-visual, Grosse Pointe Public Schools, gave the keynote address in New York's 111th annual meeting.

"Educational materials," she said, "as a consequence of great, hopeful philosophical changes, are changing too. Those of us in the audio-visual field must send our curiosity forward, be daring, innovate, and meet these changes joyfully.

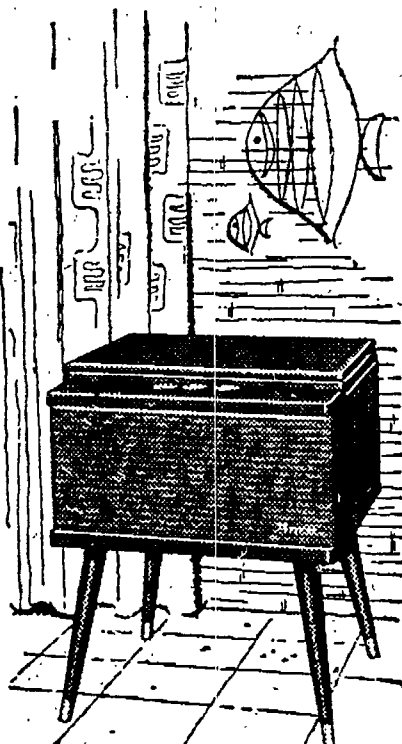

"You teachers are busy," the local woman said, "but must take essential time to do what must be done; preview the material, prepare the class, show the material, then do something about it."

Mrs. Daniel, a nationally recognized consultant in audio-visual education, showed her audience a series of kodachrome slides which portray the audio-visual program of the Grosse Pointe Schools. The slides are narrated on a tape recording by Superintendent James W. Bushong.

Notice is hereby given that the General Election will be held in the City of Grosse Pointe Park, Wayne County, Michigan, on Tuesday November 6, 1956. Polls will be open from 7:00 o'clock in the forenoon until 8:00 o'clock in the afternoon, Eastern Standard Time, for the purpose of electing the following officers:

President and Vice-President of the United States; Governor; Lieutenant Governor; Secretary of State; Attorney General; State Treasurer; Auditor General; Representative(s) in Congress; Senator(s) and Representative(s) in the State Legislature; Prosecuting Attorney; Sheriff; County Clerk; County Treasurer; County Auditor; Register of Deeds; Drain Commissioner; Justice of the Supreme Court (to fill vacancy) term ending December 31, 1957; Justice of the Supreme Court (to fill vacancy) term ending December 31, 1959; Circuit Court Judge for the Third Judicial Circuit (to fill vacancy) term ending December 31, 1959; three Judges of Probate (full term) term ending December 31, 1960.

You are also notified that the following constitutional amendment will be submitted to the voters of this county:

PROPOSED AMENDMENT TO THE STATE CONSTITUTION RELATIVE TO ADDITIONAL QUALIFICATIONS FOR MEMBERS OF THE STATE LEGISLATURE.

Shall Section 5 of Article 5 of the State Constitution be amended relative to requiring as qualification of any person for the office of member of the legislature, that the person be at least 21 years of age and that he not have been convicted of subversion or a felony involving a breach of public trust?

You Voted for PEACE ... AND GOT IT!

Now Your Vote Is Needed To Protect It!

President Eisenhower brought us peace. Ike brought us prosperity, too, without having American boys dying on foreign soil to pay for it! You can put your trust in President Eisenhower.

But, can you trust the future of your children, your home, your job, your country to the Democratic Party that is advocating weakening of our defense? Can you? You be the judge on November 6th at the polls!

Every man and woman in Michigan should read this editorial from the Detroit Free Press (October 23) before voting:

Excerpt from editorial in The Detroit Free Press, Oct. 23, 1956.

"By injecting his own ideas and preferences, Premier Bulganin (of Russia) took sides in the campaign. He currently endorsed Adlai Stevenson's position on the issue, if he did not endorse Mr. Stevenson. But any American is entitled to the opinion that he did.

"The President's reply to Bulganin was an equally well-deserved rebuke to Mr. Stevenson.

"The latter invited Russian interest by raising, in the heat of a political campaign, an issue which is so closely related to the defense of this Country that it has no proper place in politics.

"Bulganin took advantage of the opening which Mr. Stevenson provided him; it was as improper as if the Communist leader had offered his advice to the Democratic aspirant about any other phase of United States defense policy, including the size of the Air Force.

"It can hardly be thought that Bulganin's preferences in regard to H-bomb tests would not conform to Russia's interest.

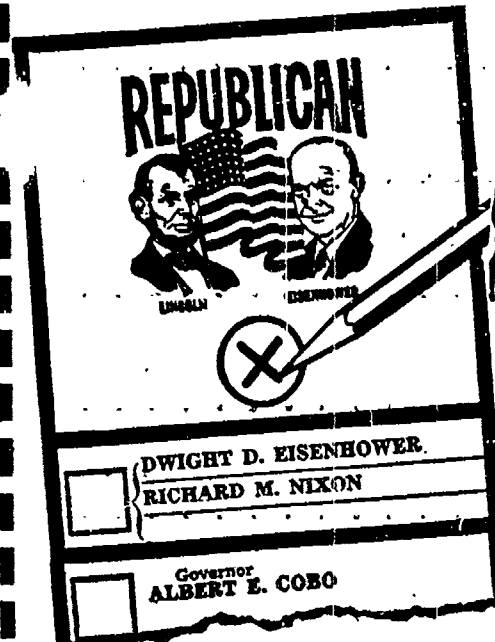

"What Bulganin said in his letter, in effect, was that he would prefer to do business with Mr. Stevenson on the bomb issue, rather than with President Eisenhower.

"The implication of this should not be lost on the American voter. Twice before, at Yalta and Potsdam, the Russians dealt with heads of Democratic Administrations on matters which shaped the course of history to the Red's advantage. They have not done so well with the Eisenhower Administration. It is understandable that the Kremlin would be happier dealing again with Democrats in charge of our foreign policy."

Bad Check Artist Still in Trouble

The sometimes slow moving wheel of justice completed its full turn last week when a no-account citizen pled guilty in Circuit Court to obtaining money and goods under false pretenses.

Gay Dudgeon of 2755 Academy, in Dearborn, was arrested in that city on March 9, when he attempted to cash a bad check in a local grocery store. He has been held by police authorities or been serving a jail sentence since that date.

Captain Andrew Teetaert of the City police department alerted Detroit police to be on the lookout for Dudgeon after he falsely obtained money and store goods from Best & Company last February 6. After the Dearborn arrest on March 9, Dudgeon was arraigned before Judge Frank Schemanske in Detroit Recorders Court. He was held in the county jail pending disposition until April 10, when he was sentenced to Jackson State Prison for from six months to two years. Captain Teetaert asked that a hold be placed on Dudgeon after he completed serving his time.

Dudgeon was paroled from prison in August, and on August 28, pled guilty before Judge Douglas Paterson, of obtaining money and property under false pretenses. He was then bound over to Circuit Court.

His case came up October 16, and he again pled guilty. Because he is a parolee he was referred to the probation department for disposition.

St. Joan Drive Fund Increases

The First General Report meeting of the St. Joan of Arc Expansion Fund Campaign raised the current pledge total to \$151,215. This was an increase of \$66,360 over the previous reported figure of \$84,855. The increased total was after only four days of general solicitation.

The campaign is being conducted to eliminate the parish debt and to raise funds for an addition to the present convent.

Rev. John C. Jordan, pastor, thanked the 400 men for their interest and efforts and urged them to complete their visitation within the campaign period.

SWEPT-WING '57 Dodge

How do you describe a car so daring in concept, so revolutionary in features and advances, so rewarding in beauty and performance?

How do you explain its newness when everything about it is new?

On display today is just such a car—the Swept-Wing '57 Dodge that steps you into the wonderful world of Autodynamics.

What is this wonderful world of Autodynamics? It is a world where everything is new from road to roof to achieve absolute mastery of motion.

Here's what it does in the Swept-Wing Dodge:

- It unleashes a hurricane of power from a thundering new aircraft-type Super Red Ram V-8 engine that's a spitfire in action!
- It tames a tornado of torque with a new TorqueFlite Push-Button Drive for the greatest get-away on the road!

It breaks through the vibration barrier with a revolutionary new rubber-mounted suspension system—Dodge Torsion-Aire—that features race car torsion-bars. You ride in a "Realm of Silence," isolated from vibration, noise and road shock.

It is swept-wing mastery of motion in a sleek, low-slung beauty barely 4 1/2 feet high that has no equal in the way it corners, handles and rides.

You have never seen, felt or owned any car that compared with this new Swept-Wing Dodge. See and drive it today... now at your Dodge dealer's!

A Plea to the Ladies

This is a special plea to the ladies, voicing the fervent wishes of a number of gentlemen who have called asking that some publicity be given to an election difficulty that could be smoothed out with the aid of the gentler sex. A very large proportion of the male voters of the Pointe area have their businesses in Detroit. Many of these find it inconvenient to cast their votes in the early morning on the way to work, and wait until the late hours after they have returned to their home bailiwick. Past experience has shown that not only many of the men, but also the ladies, wait until near closing time before going to the polls. The biggest jams at the voting places usually come in the late hours. Bodies are tired and nerves are frayed and patience is at a premium. The men want to most politely ask every woman who possibly can, to be a perfect lady on election day next Tuesday and get her voting done during the day. Registrations are at an all time high and there is every indication that there will be a larger turnout at the polls than ever before. It will make it a lot easier on everyone, including the election officials, if the balloting is spread out during the day and the final hours left clear for those who cannot vote at any other time. The most important thing, however, is that every qualified elector get to the polls sometime between the hours of 7 a.m. and 8 p.m. and cast a vote for the candidates of his or her choice.

Letters to the Editor

(Continued from Page 12)
paid employe of the Iowa State Department of Health, Dental Service Division, made frequent appearances and gave mealy-mouthed facts as to the safety of fluoridation at one part per million. He showed charts and graphs as to how this 1 p.p.m. would save 65 percent of the dental decay in children in Mason City.
THEN CAME THE RUDE AWAKENING.
With the taxpayers and the public ready for the kill, somebody thought to test the water in Mason City for natural fluorine content. It tested 1.24 p.p.m. — a little more than the magic amount fluoridators would add. All this occurred after they had gone on record as to the bad teeth among children in Mason City. All the above facts can be easily verified from press files and clippings for the fluoridation fiasco in Mason City, Iowa. About the same history was written at Ottawa, Illinois, only difference being that the water there naturally tested 1.3 p.p.m.
Respectfully,
George M. Zimmerman

To The Editor:
Whereas, Many persons believe that fluoridation of public water supplies is the entering wedge for all forms of Socialized Medicine; and
Whereas, Since the "experts" are not in agreement, how do we know it will not have a serious, harmful long term cumulative effect on us? That it is not toxic to our nerves? and
Whereas, Even the proponents admit sodium fluoride is a poisonous commercial waste product, but at the same time they would have you believe that one part per million in drinking water is supposedly safe. However, No satisfactory explanation has been given in the event of mechanical failure of the equipment, which could give you an overdose. Further-

more, the misconception does not take into consideration the tendency to accumulate fluorides in the body, nor the vast difference between individuals concerning a lowered tolerance to drugs, nor the variance of an individual's water intake; and
Whereas, According to an article on Fluoridated Water by Gordon B. Leitz, M.D., appearing in The Freeman, July, 1956: "The toxicity of sodium fluoride is not open to question insofar as the chemical itself is concerned. If anyone doubts that it is a deadly poison, he can quickly end the doubt—and risk doing the same with his life—by swallowing enough of the white powder to cover a nickel, a lethal dose."
Whereas, It is a violation of the moral law to force people to drink water mixed with an inorganic protoplasmic poison against their will; therefore
BE IT RESOLVED, THAT IT IS ABUNDANTLY CLEAR THAT A VOTE REPRESENTING ONLY THE FARMS CANNOT BE CONSIDERED AN "ADVISORY VOTE" BECAUSE THE COMMUNITY WATER SUPPLY SYSTEM IS ALSO SHARED BY GROSSE POINTE CITY, AND THEY CANNOT VOTE ON THE PROPOSAL.
Be It Further Resolved, That in the welter of confusion surrounding the issue and until such time as the medical, dental, and public health groups clearly establish and present proof of its harmlessness that Mayor William F. Connolly, Jr. and the Farms Council refrain from putting sodium fluoride in the Community Water Supply.
STANLEY FISHER

To the Editor:
Various letters to the editor have said we need to be more enlightened to vote intelligently on the subject of fluoridation, yet how can the average citizen be truly enlightened when presented with only one side of

"A child's kiss

The telephone company is one of our dearest loves... therefore we feel not treacherous in twitting them a bit. As everyone knows, they have been advertising in newspapers, on radio and t-v how cheap it is to buy one of the new phones... especially in color... and have one in every room in the house if you so desire. Well, a buddy of ours who runs a very conservative business office, decided he would like one of the new lighter-weight phones... so he called the department in charge of same and they sent a little man out to his office pronto.

The first thing Mr. Bell asked was what color our friend wanted. He allowed as how he wanted a black one... and was greeted with an air of horror by the T. man. "BLACK?" he exclaimed... "Why not red or blue or green or ivory or gray?" The tired business man explained that with his particular clientele he would prefer a conservative black... if that was okay with the phone company. The salesman then announced that he didn't think he could get him a black one... why not green?

This sort of thing went on for some time before our hero became exasperated and suggested that he would write to the head of the company and find out what was so complicated about getting a black phone when there was a time you couldn't get anything else but. He ended up by telling the man to get the aich out of his office... that he would sit on his old phone and like it or maybe take his plaint to Don Ameche! Three days later, another T. man arrived and installed a new black phone without fanfare or feathers.

We had no sooner heard the above tale, when a woman called to tell us of HER experience with Alexander Graham Bell. This here now gal has a large house in which there are some 9 or 10 phones... most of which have push buttons on them for intercommunicating system... which in Chinese means that she can pick up her phone and buzz any other room in the house. Since they were all black and she too had been reading about the lovely decorator colors in phones... she called and gave a sweeping order to have ALL her phones changed to green and blue.

Out came a bevy of workmen armed with green phones to install and advised her that it might take at least six months to get blue ones (even though they are advertised)... would she mind taking all green until such time as Madame said that would be fine and put her order in for the number of blue ones she wanted.

Later in the day, a Mr. Soandso from the phone company called to verify the order and said: "I don't think you will have to wait that long... possibly three months would be closer." She thanked him and that seemed to be that. A few hours went by when yet another Soandso called her from the company asking if she ordered blue button phones installed. When she said she HAD... this character said: "Well, I don't think you can get those... they don't have enough call for blue so they aren't making any with inter-com buttons."

All we can say is that the telephone company isn't any different from anyone else. Innumerable times we have seen a dress or coat advertised in a paper or magazine and no matter how fast we rush to get it... it invariably has been sold out!

A couple of weeks ago we wrote about the antics of Art Laing who does the screwball weather reports on CKLW every night at 11:10. Well, one night last week when he was NOT trying to make like a clown... he really put his foot into it. He had a commercial to do showing him breaking an egg into a frying pan and the camera was supposed to get a close-up of the egg frying to show something or other that had to do with the commercial.

Art went to the studio icebox where reposed three eggs... got one out and when he went to break it in the pan, discovered all too late that it was hard boiled! In frenzy he tried to cover it from the camera while giving a running speech as to how beautifully it was frying, etc., etc. In the meantime, the camera man... knowing what HE was supposed to do... was having a fit about Art covering the egg... so he tried to get a shot from above. Between the two of them the program was a circus to say the least.

If WE were the sponsor we'd keep that bit IN. Repetitious commercials are so blooming dull... we don't know WHY sponsors don't realize that and let a fun announcer use his own imagination. The local sponsors here would do well to take a page from Arthur Godfrey's book. He sells like mad because he acts, and talks like an individual instead of a puppet.

About twice a year we get "tidy-up-itis" and go through the house with a fine tooth comb throwing things out left and right. That's what is going on with us this week and we are amazed at the junk we have managed to stash away... to say nothing of the needless articles and papers on every flat top surfaced piece of furniture in the house.

We wish some decorator would come up with the idea of "dome-like" tops for all furniture except one desk in a house... then it would be impossible to clutter up the joint with old magazines, odd pamphlets, un-explainable buttons that don't belong to anything, empty match boxes and broken pencil stubs. Any flat topped table, t-v set, chest or what have you in our house is a cinch to end up as a catch-all for stuff we will "look at later."

What Goes On at Your Library

By Jean Taylor

"Tisn't life that matters! 'Tis the courage you bring to it!"... this from old Frosted Moses in Hugh Walpole's "Portitude."
The books mentioned in this week's column are about men and women whose lives reflect this injunction. These are not emotion jerkers but tales of ordinary people who, in meeting adversity head on, lifted themselves into the category of the extraordinary.

Perhaps no figure in the sports world was more generally loved than Babe Didrikson Zaharias. She will be remembered not only as the champion woman golfer of all time, but as a person of unquenchable courage. She surrendered in her battle against cancer that demanded her life, only after a valiant struggle. Her book, THIS LIFE I'VE LIVED published less than a year before her death, is a heart-warming autobiography of this famous athlete.

Paul Brickhill in his book REACH FOR THE SKY, tells a gripping story of a battle between despair and courage with the latter the victor. Douglas Bader of the British Air Force lost both legs after an airplane crash. Bitter and depressed at first, the R.A.F. became a kind of symbol to him. Return would mean that he was a normal man; rejection would mean that he was a hopeless cripple. How he fought his way back in World War II, building a reputation which earned him his own squadron, is an amazing tale. He is classed as the best fighter leader and tactician of World War II, and one of the best pilots. "But his main triumph," says Mr. Brickhill, "is not his air fighting; that was only an episode that focused a world's attention on the greater victory he was achieving in showing humanity new horizons of courage, not in war, not only for the limbless, but in life."

A testament to another man's courage and also to an unquenchable mother is MY LEFT FOOT by Christy Brown. It is an autobiographical account of an Irish boy, a cerebary palsy victim, believed to be completely paralyzed and mentally incompetent. Suddenly, with a piece of chalk, he learns to write with his left foot. His mother's faith and his own tremendous self-discipline, gained him partial mobility, the power to speak and the chance to develop his writing.

Another story of a victorious battle against cerebral palsy and parents who would not give up is told in KAREN by Marie Lyons Killelea. Blinded in a gun accident shortly after his twenty-first birthday, Peter Putnam, a Princeton student, has written KEEP YOUR HEAD UP, MR. PUTNAM. Here he tells of his brush with death and his adjustment to a life without sight. Experience with his dog, training at the Seeing Eye Institute and a happy marriage is part of the story.

You may recall a beautifully written book which appeared some ten years ago after the author's death, THE LITTLE LOCKSMITH, by Katherine Hathaway. A tubercular disease caused a deformity which left the writer no bigger than a

child of ten. In sensitive prose, with neither bitterness nor self pity, she tells a moving tale of quiet courage. It is an analysis of a brilliant mind in a dwarfed body, that will bear rereading.

Perhaps Shakespeare was right... "There's nothing either good or bad but thinking makes it so."

Brunch Honors Library Heads

Mrs. Lloyd G. Hooker, Charles A. Parcels, Jr., and Marion K. Kellogg were honored at a "brunch" at the Central Library Sunday after Church. The three are past presidents of the Friends of the Grosse Pointe Public Library; Mrs. Hooker, serving from 1946 to 1950, Mr. Kellogg, (who sent his regrets from Charlottesville, Virginia), from 1950 to 1953, and Mr. Parcels from 1953 to 1956.

Members of the Friends' Board of Directors and of the various committees, and their wives and/or husbands, gathered at the Library shortly after noon to discuss theatricals, the sad Saturday for Michigan football—and other things including books—over coffee, small sandwiches and little cakes. Mrs. Russell H. Lucas, a director and chairman of the Friends Social Committee, acted as hostess and presided over the coffee service.

Present were Mrs. Longyear Palmer, Mr. and Mrs. Clark T. Wells, Mr. and Mrs. George T. Hall, Mr. and Mrs. Paul F. Jerome, Miss Leontine Keans, Mr. and Mrs. Jay W. Sarge, Mr. and Mrs. Lee Crooks, Mr. and Mrs. Charles A. Parcels, Jr., Mr. and Mrs. Joseph E. Sullivan, William L. Newman, Ferdinand Cinnelli, Dr. and Mrs. Albert H. Whittaker, Mr. and Mrs. Robert M. Orr, Mr. and Mrs. Robert B. Hunter, Mr. and Mrs. Russell H. Lucas, Miss Melitta E. Roemer, Mrs. Lloyd G. Hooker, Dr. and Mrs. James W. Bushong.

Both Mrs. Hooker and Mr. Parcels spoke briefly, recalling a few of the trials and triumphs of their terms of office.

Mr. Sarge called on Robert M. Orr, Director of Grosse Pointe Libraries, who added words of appreciation from the library staff.

Plan For Medical Care

By Fred Kopp, R. Ph.

If sickness is regarded not as something to be cursed but as something to be prevented, we have finally become educated in the matter of health.

Knowing what to do is not enough, action is needed also; and provision of time and money to secure medical advice.

By setting aside a small amount each month in our budget we can take care of the expense; by making an appointment with the doctor well in advance we can find the necessary time.

Quality drugs, carefully compounded are important to health protection. Secure them from a pharmacist with a reputation for excellent prescription service.

This is the 69th of a series of Editorial advertisements appearing in this paper each week.

Grosse Pointe News

From Another Pointe of View

By Patricia Talbot

Friends of the Junior League's Senior Center will be able to inspect the handiwork of the members at the third annual Christmas bazaar and enjoy a general visit on November 13.

Some 200 Junior League members have been helping the seniors with their products on one of the two weekly bazaar workshop days.

From 10 until 4 o'clock on bazaar day at the Center on East Grand boulevard you will be able to buy bread boards, aprons, sequin and felt holiday ornaments, hand-knits, ceramics, fruit cakes and a variety of gifts for the Christmas stocking. Best of all prices begin at a quarter. All funds, of course, go toward the maintenance of the Senior Center.

On hand most Tuesday and Thursday afternoons to assist the seniors are League members Mrs. Richard C. Morris, Mrs. J. Bell Moran, Mrs. Thomas J. Hammond, Mrs. William C. Loud, Jr., Mrs. James Bulkey, Mrs. C. J. Edwards, Jr., Mrs. Theodore H. Fuger, Jr., and Mrs. James S. Harland.

From Tea Dance to Buffett

Liggett lassies are making tremendous efforts to get out the biggest possible crowd for their Alumnae Tea Dance this Saturday afternoon from 5 until 8 o'clock at the Hunt Club.

Mr. and Mrs. Stuart T. Hanger, (she's ticket chairman), have invited a group of friends to dine at their Radnor Circle home after the party, as have the John Keoghs, who will welcome a group to their Dean lane abode for a buffet.

The Theodore Hodges are also hosting a dinner after the tea dance in their Ridgemont road home. Planning on attending the Hunt Club gala are the Edwin Hibbards, the William Hibbards, the C. G. Buntings, the Robert Riggers and the Robert Snows.

Battlegrounds Tour

The Ted Hibbards, incidentally, have just returned from a grand tour of the Civil War battlefields. Mr. H. is a student of the 1861-1865 saga and has a tremendous collection of books on his pet subject. Shiloh, Atlanta, Chancellorsville and Gettysburg were on this year's tour.

Mrs. Charles Adams and her husband will entertain some Liggett tea dance guests at their Beacon hill home. The Adams have just returned from a stay at the Homestead in Hot Springs, Va., in order for Mrs. A. to rest up for her labors as tea dance chairman. Tomorrow's board meeting at the school will bring committee chairmen up to date on plans for their alma mater's projected move to Birmingham.

This is a busy time for Mrs. Adams as she is also working on her second election night party. This will be an

Fugers Hosts At Christening

Mr. and Mrs. Theodore H. Fuger, Jr., will come from Ann Arbor Sunday for the christening of their daughter, Marjie Phelan Fuger, at St. Paul's on the lakeshore.

Brenton G. Fuger is the baby's godfather and the godmother is Mrs. Fuger's sister, Florence Phelan. A party will follow the ceremony at the Cloverly road home of the senior Fugers.

Miss Mulkey To Be Married

Catherine Joyce Mulkey and Charles Winship MacKinnon are making plans for a November wedding.

Miss Mulkey's engagement to Mr. MacKinnon, of Lookout Mountain, Tenn., has been announced by her mother, Mrs. Claude Erwin Mulkey, of Touraine road.

The bride-elect was graduated from Grosse Pointe Country Day school, and attended Ogontz Junior College. She is a member of Sigma Gamma Association and the Junior League.

Her fiancé is the son of Mrs. Donald MacKinnon, of Washington road, and the late Mr. MacKinnon. He attended Kenyon College.

Theater Party Precedes Show

The Grosse Pointe Community Theatre's production of "Born Yesterday" was the climax of a theater party given by the Russel Werneken of Shoreham road last Saturday.

Invited for cocktails and informal supper preceding the show were: Mr. and Mrs. Charles B. Johnson, Jr., Mr. and Mrs. Edward Henkel, Jr., Mrs. Elizabeth Dalrymple, Miss Tonie LaPinta, Lew Wood, John Sweeney, III, and Pat Delise.

Among others seen at the show were the organization's current president, William Witherell and his wife, last year's president, Mr. and Mrs. Richard Roney, the John Dykemas, Mr. and Mrs. John Cooke, Mr. and Mrs. Bayard Wilson, Mr. and Mrs. Dean Erskins (he was a former president, too).

The Community Theatre was founded nine years ago by Russel Werneken with the help of an impressive list of charter members.

Purpose of the organization is two-fold: to bring good theater at reasonable prices "close to home" and provide a worthwhile outlet for the varied talents that all theatrical productions require. Membership is open to all.

The Theater's next production is "Stalag 17" to be given in the Cannon Memorial Auditorium, on December 7 and 8.

Most people don't mind seeing others get up in the world as long as they don't use their heads for stepping stones.

Mrs. Harold Robertson Brinker

JULIA MARTHA McDOWELL COPE was married Saturday afternoon in Grosse Pointe Memorial Church to Mr. Brinker. She is the daughter of the James Copes, of Sunningdale drive, and her husband is the son of Harold Vincent Brinkers, of Muskoka road.

Expert on Art To Speak Here

A one word summation of Theodore Rousseau, Jr., is "Cosmopolitan." The 42-year-old internationally famous authority on art will be the November 8 Celebrity Series speaker. The lecture will be in the Esquire Theater at 11 o'clock.

Born in Freeport, Long Island, he studied in Paris, Eton College, Windsor, and was graduated from Harvard cum laude. After extensive travel abroad, he returned to teach at Harvard.

As Operations Officer of Strategic Service in the Navy, Lt. Cmdr. Rousseau was given the job of locating works of art stolen by the Nazis in occupied countries. Questioning such prisoners as Hitler's photographer and Goering's secretaries led to the recovery of many famous art treasures, most of which were found in the area near Salzburg. For his services he received the Legion of Merit (U.S.) and the Legion of Honor from France.

Returning to private life, he became Associate Curator of Paintings for the Metropolitan Museum in New York and then Curator, his present position. Mr. Rousseau believes that the art museum should be essentially a "theater" - its rooms and pictures so arranged that the gallery-goer receives, in addition to the pleasure of seeing great art, an easy-to-take education in the history of paintings.

Mr. Rousseau will be guest of honor immediately following the lecture at luncheon in Al Green's restaurant next door to the theater.

Troth Told

Mr. and Mrs. Ralph R. Johnson announced the engagement of their daughter, FAYE ANN, to Jack Edgar Wagar at a family dinner party on Sunday, October 28, in their home in University place.

Mr. Wagar is the son of the Honorable and Mrs. Guy E. Wagar, Edmore, Mich. An August 22 wedding is planned. Faye Ann attended M.S.U., and was graduated from the University of Detroit. Jack is a graduate of M.S.U.

Club Names New Officers

The male members of Lochmoor Club were entertained at a buffet dinner last Friday night at which time officers and board members were elected.

Murray L. MacDonald was named club president for the coming year with Paul Keller acting as vice-president. Re-elected club secretary was Gerald Kane and Harold Diegel was re-instated as treasurer.

Newly elected board members are T. J. Gallagher, Fred A. Mehrer and Philip O'Connell while Martin Casticum and Paul Keller will serve another term.

Attending the dinner were Charles P. Sieder and Harry M. Seldon who joined Lochmoor Club when it was originated in 1916, and have maintained an active interest through the years.

William Joy To Give Dance

Mr. and Mrs. Gage W. Cooper, of Buckingham road, will give a reception in their home following the November 10 wedding of their daughter, Mrs. Cooper Cauchois, to William Moore Joy, of Provencal road.

On November 3 friends of the couple have been invited to a dance at the Little Club, hosted by Mr. Joy.

They will be married at 11:30 o'clock in Christ Church with Mrs. Frederick S. Ford, Jr., as the bride's only attendant, and Mr. Joy's brother, Richard P. Joy, Jr., who has just returned from Europe, as his best man.

Alumnae of Chi Omega To Hold Dinner Meeting

The Detroit Chi Omega Alumnae, Group III, will hold a dinner meeting in the home of Mrs. H. T. Rex of McKinney drive, Franklin Village, on November 14. Mrs. F. S. Slotterbeck is chairman. Bridge will be played following the meeting.

Miss Cope Marries Harold R. Brinker

Scottish Bagpipers Play at Wedding Reception at Grosse Pointe Yacht Club; Bride Carries Heather for Rites Saturday in Grosse Pointe Memorial Church

There was a definite Scottish flair to the Saturday afternoon wedding of Julia Martha McDowell Cope and Harold Robertson Brinker in Memorial Church.

Miss Cope, daughter of the James Copes, of Sunningdale drive, carried Eucharist lilies and heather for her wedding bouquet and Scottish bagpipers played at the reception following the ceremony at the Grosse Pointe Yacht Club.

Her ivory Italian peau de soie gown was fashioned with a sabrina neckline with a yoke and sleeves of imported Brussels lace. The gown was made with a sheath skirt drawn into a billowing court sweep. A lace cap held her three tiered illusion veil.

Mrs. David L. Sutter, of Birmingham, was her sister's matron of honor in an antique gold brocade gown. She wore gold velvet leaves in her hair and carried gold chrysanthemums.

The bridesmaids, also in gold brocade, wore bronze velvet leaves and carried bronze chrysanthemums. They were the bride's sister-in-law, Mrs. James R. W. Cope, the bridegroom's sister, Nancy Grace Brinker, Marie Stone, of Bristol, Tenn., and Margaret Elizabeth Reeves.

Charles H. Fleck, of Champagne, Ill., was best man and the ushers were the bride's brother, James R. W. Cope, Mr. Sutter, Henry J. Roesch, Jr., of St. Clair Shores, and Thomas H. Mercier.

The bridegroom is the son of the Harold Vincent Brinkers, of Muskoka road.

For her daughter's wedding Mrs. Cope chose a Ceil Chappman gown of moss green chiffon with matching hat and accessories. She wore green orchids.

Mrs. Brinker was in a taupe peau de soie sheath with matching accessories and brown orchids.

Mrs. Frederic J. Stevens of Kensington road will be hostess to all members Kappa Alpha Theta at a dinner meeting on Monday, November 5 at 7 p.m. The Students Readers' Bureau of Wayne State University is presenting a program.

Those wishing to attend the meeting should make reservations by Sunday for which they may call either Mrs. Carleton Healy at TU, 5-7600, or Mrs. Clarence Fox, TU, 2-6266.

80th Birthday

Eighty candles will deck the birthday cake served this Sunday afternoon at the Thompson Home for Old Ladies. An open house and tea will mark the founding of this first privately endowed institution in Detroit. The date is also the birthday of founder, Mrs. David Thompson.

The brick Victorian structure at Cass and Hancock began with a gift from Mrs. Thompson of \$10,000 and 32 of society's leading grande dames of the day contributed their time and money to make the home a success. Now a Red Feather supported charity, the home numbered among its supporters such names as the late Mrs. John S. Newberry, Mrs. David Preston, Mrs. Eber Ward, Mrs. J. D. Standish, Mrs. Allan Shelden and Mrs. James Joy.

Mrs. Henry B. Joy is responsible for the renovated dining room in the home, the Benson Fords contributed funds for new bathrooms and Mrs. Frederick S. Ford helped toward the redecorating of the Victorian hallway into a brighter, more cheerful aspect.

Mrs. Joy and Mrs. F. S. Ford will be present at the anniversary party, chaired by Home president Mrs. William Kerber. Mrs. Robert McKean, Mrs. Frederick Campbell and Mrs. Warren Booth will also attend the tea and open house.

This and That

Mrs. Eva Doty Worcester is looking forward to seeing her hosts of friends at the tea from 4 to 6 o'clock at the War Memorial she is giving tomorrow to exhibit the paintings she did on a recent trip in the Southwest.

Saturday is starred on the Frank Pecks calendar for the cocktail party they are giving in their home on Vernier road for the recently wedded Elliott Pecks and that even shinier bridal couple, the Rankin Pecks.

Morning Musicals

Begun eleven years ago when not only the Pointe but the Detroit area in general had little to attract the music lover, the Grosse Pointe Morning Musicals have now become one of the most popular of our cultural events.

Beverly Brown, noted American soprano, will sing at the first 11 o'clock concert at the Country Club next Thursday morning.

Attending this first performance of the fall season will Morning Musicals founders Mrs. Frank Goldie, Mrs. C. A. Dean, Jr., Mrs. Frederick S. Ford and her daughter-in-law, Mrs. Horace C. Wimmer-Blair Rites Solemnized

Pair Fly to New York and on to New Home in Germany After Marriage Saturday in St. Paul's on the Lakeshore; Reception Held at War Memorial

At a double ring ceremony Saturday in St. Paul's on the lakeshore, Nancy Helen Blair, daughter of the George William Blairs, of Hollywood drive, became the bride of Raymond O. Wimmer, son of R. O. Wimmer, of Toledo, O., and the late Mrs. Wimmer.

For her marriage the bride wore a ivory peau de soie gown with a portrait neckline of Chantilly lace and highlighted with iridescent sequins. Her fingertip veil of illusion was held by a cap trimmed with seed pearls. She carried a white orchid, stephanotis and ivy with her prayer book.

Beverly Blair was her sister's maid of honor in a princess styled aqua taffeta frock. Her bouquet was of yellow Fuji mums and ivy.

Sally Sieber and Mrs. Neal Savage, of Dearborn, were the attendants in russet taffeta and they carried bouquets similar to the honor maid's.

Richard Walsh came from Toledo to be best man and the ushers were Wayne Harroun and Edward Snow, also of Toledo.

For her daughter's wedding and the reception which followed at the War Memorial Mrs. Blair wore a cotton blue satin gown with matching accessories and an orchid.

For traveling to New York the new Mrs. Wimmer wore a blue suit with black accessories and a white orchid. They will fly from New York to Wiesbaden.

Dance Planned By Center Club

Following a brunch at the Center and a caravan to Michigan's Homecoming game with Minnesota last week-end, the Center Club got ready to celebrate election returns at a dance Friday, November 3, at the War Memorial.

The huge attendance at their opening function has encouraged Ruth Burkholder, music chairman for the group, to engage the very popular Don Bari Trio to play for the dance.

Any young single business and professional men and women in the Pointes are invited to attend this November function.

Nancy Ann Bryar Weds John Gilbert

Pair Travel to Laurentian Mountains After Wedding Saturday Evening in St. Michael's Church; Will Make Their Home in Bloomfield Township

The Rev. Edgar H. Yeoman officiated at the evening ceremony Saturday in St. Michael's Church which united Nancy Ann Bryar and John Ottomer Gilbert II in marriage.

The bride is the daughter of Robert Emery Bryar, of Cloverly road, and the late Mrs. Bryar. Her husband's parents are the Russell Feller Gilberts, of Jackson.

Her gown of Chantilly lace was fashioned with a Sabrina neckline with a scalloped edge and three-quarter length sleeves. The bouffant skirt was caught in the back with a butterfly bow and fell into a sweep train.

AAUW Groups Plans Meetings

From the desk of Miss Louise Rau, publicity chairman for AAUW, comes news of the following scheduled events.

The International Relations Group will meet Tuesday, November 1 at 1 p. m. in the home of Mrs. Wallace A. Temple, 184 Fisher road. Mrs. Edga: Hahn will be co-hostess.

Mrs. William T. Krebs and Mrs. William A. Morse will discuss "The Crazy Patchwork Quilt of Black Terror and White Hopes." The meeting will be followed by tea.

Mrs. Alfred F. Taylor invites all members interested in play reading to meet at the Central Library, Kercheval at Fisher road on November 5 at 1:30 p. m. The story, "Cry Beloved Country," by Alan Paton, will be read.

"How a President is Elected," a film, will be presented by the Recent Graduates Group in the home of Mrs. A. A. Neef, 802 Anita avenue at 8 p. m. on November 6. During the discussion election returns will be watched on TV.

Talk Scheduled By Methodists

The Woman's Society of the Grosse Pointe Methodist Church will hold a general luncheon meeting on Tuesday, November 6, at 12:45 p. m., at the church in Moross road. The guest speaker will be Dr. G. Merrill Lenox, executive director of the Detroit Council of Churches, an organization that represents 600 Protestant churches in the area. His topic will be "Our Lord's Prayer for Christian Unity."

Dr. Lenox has been in his present post since 1947. He holds several committee positions on the National Council of Churches. Among many other civic organizations, he is a member of the Board of Directors of the United Health and Welfare Fund of Michigan, vice chairman of the Detroit American Red Cross campaign, a member of the Detroit Council of Boy Scouts of America, a member of the Detroit Area Regional Planning Commission (appointed by the governor), a member of the Board of Directors, Michigan Society for Mental Health, Inc.

He is a regular Detroit correspondent for the Christian Century and is a contributor to denominational and interdenominational journals. He has a weekly radio program, "Religion in Action," a religious commentary over WJR, and appears frequently on other radio and television programs. He has preached over the Columbia Church of the Air and on the Mutual Radio Chapel, national radio programs.

Dr. Lenox has traveled through Scotland, England, France, Italy, Switzerland, Belgium, Germany and Holland, studying religious and social conditions. He attended the historic First Assembly of the World Council of Churches at Amsterdam. While in Europe, his weekly reports on conditions there appeared in a special column in one of Detroit's metropolitan dailies.

Mrs. J. L. Thompson will present the devotions. Alpha is the hostess Circle and Mrs. Carl Mangus and Mrs. James Lockwood are co-chairmen of the luncheon.

The Woman's Society extends a cordial invitation to all women of the community to attend. Two separate nurseries will be provided, one for infants and one for older pre-school children. For reservations, call Mrs. Leo Luke, TU 1-9036, or the church office, TU 1-7889. The donation is \$1.

Mrs. John O. Gilbert, II

NANCY ANN BRYAR, daughter of Robert Emery Bryar, of Cloverly road, and the late Mrs. Bryar, was married to Mr. Gilbert Saturday evening in St. Michael's Church. Her husband is the son of the Russell Feller Gilberts, of Jackson.

Thrift Shop Begins Drive

Beginning this Thursday and continuing for two weeks is the Thrift Shop's annual toy drive. All Grosse Pointe is divided into areas under the chairmanship of Mrs. Bruce Krag and Mrs. Sidney Hall.

The shop is eager for all used toys, books and records that can be renovated for Christmas giving to needy children. Volunteers will be phoning to ask for donations. They will pick up your articles.

Working on the drive are Mrs. Allan Lomax, Mrs. Fritz Kross, Mrs. Gordon Weller, Mrs. Edwin R. Strohm Jr., Mrs. Lansing Pittman, Mrs. David Gillis, Mrs. Nelson Schaff, Mrs. John Holley and Mrs. Walter Scotten.

Catherine Schemm Selects Attendants

Parties Continue for Bride-Elect Who Will Wed R. Murray MacDonald on November 16; His Parents Will Give Rehearsal Dinner at DAC; Reception to Follow Candlelight Ceremony at Lochmoor

Catherine Ann Schemm, daughter of the Milton J. Schemms, of Whittier road, who will be married November 16 to R. Murray MacDonald, has chosen her bridal attendants:

Her twin sister, Elizabeth Ann Schemm, will be her maid of honor and the bridesmaids will be Rosemary Schultz, Janice Jacoby, a cousin, Linda Schemm of St. Clair Shores, and another cousin, Susan Brandt, will be flower girl.

Murray's brother, Kenneth MacDonald, will be best man and the ushers will be Wayne Von Allmen, Lawrence Daniel, David Carruthers, Gordon Birgauer, Jr., Dale Ewart and Edward Veldon, of Holly, Mich.

Miss Schultz and Miss Jacoby have already feted Cathy with a luncheon and miscellaneous shower at the Lochmoor.

Mrs. MacDonald, the bridegroom's mother, has given a tea, and the bride's aunt, Mrs. Merrill Schemm and her daughter Linda, of St. Clair Shores, have also entertained for her.

Mrs. William Siebert, of Touraine road, gave a luncheon and miscellaneous shower for Cathy, and this Thursday, Mrs. J. W. Eskridge and Mrs. David C. Lowe are giving a dinner and kitchen shower in Mrs. Lowe's Merriweather road home.

The rehearsal dinner will be given by Murray's parents, the Murray L. MacDonalds, of Roslyn road, at the DAC, and a reception will follow the candlelight ceremony at Lochmoor.

To Hold Fair At Old Christ

A Country Fair will be held at Old Christ Church, Ledyard Hall, 960 East Jefferson at Rivard, on November 8 and 9, from 6 to 10 p. m.

This Fair is sponsored by the Women's Division, Detroit Chapter, American Institute of Banking and is under the direction of Mary Lou Hervey of the Bank of the Commonwealth, who is chairman of the Women's Division: The proceeds of the Fair will go to the A.I.B. Scholarship Fund.

Pointers Win Costume Awards at Lakepointe

Lakepointe Country Club's annual Halloween party for 1956 became history in the wee small hours of Sunday morning and Mrs. John D. Hoben, of Radnor circle, chairman of the committee in charge, went home with the complete assurance that she could be reelected easily if she chose to run again.

Mrs. W. Clyde Nau, of Devonshire road won the top honor of being chosen Mrs. Halloween with a flashing South American costume. Bob Scheible, a guest wearing a ballerina costume, was Mr. Halloween.

Most comical costume award went to Mrs. Donald Dykstra, of Barclay road, who appeared as a lady in waiting; Men's most comical award went to Frank Gofrank of Grosse Pointe Woods with his "clown in the rain" outfit.

The three wierdest characters selected, turned out to be Mrs. Warren E. Helly, of Vernier road, as a bunny, Mrs. Walter Promack of Young lane, as a skeleton, and Ken Kell, of Detroit as a wolf.

With a superlative Lakepointe dinner, gorgeous costumes, dancing and most elaborate decorations, created by Mrs. Hoben, Mrs. Nau and others on the committee, Lakepointe's post golf season activities appear to be off to a very promising start.

The snow shovel will soon be substituted for the lawn mower as a physical culture exercise.

Coterie Club's Dance Saturday

The Grosse Pointe War Memorial's young married group will hold their "Pre-Election Dance" Saturday evening, November 3, at 9 o'clock.

On a strictly non-partisan basis Republicans and Democrats alike will receive a hearty welcome from the officers, Mr. and Mrs. Handloser, Mr. and Mrs. Frutig, Mr. and Mrs. Cann and Mr. and Mrs. Ollia.

With a plank of more fun for all, the hosts and hostesses of Coterie hope to get acquainted with as many of the Pointes' young couples and their guests as possible.

Ballots will be used as name tags and dance programs. They will also prove handy to write in the names of candidates for closer acquaintance.

Freddie Warren and his orchestra will play throughout the evening. The great hall and adjacent rooms will be candlelit and refreshments will be served in the main dining room. The cost per couple is \$3.00.

HELP PROBLEM

You never realize how many folks are coasting down hill until you try to get help going the other way.

The only doctrine some people will accept is one they can substitute for responsibility.

Sigma Gamma Fetes Patients

Sigma Gamma Juniors were hostesses Saturday afternoon at the Sigma Gamma Hospital at a Halloween entertainment for the small patients.

Troubadour Mark Taylor came from Ann Arbor to sing and tell stories. President of the Juniors, Ann Forster, was on hand and Lorrie Candler helped organize the party.

Others were Judy Hefferan, Wendy Colby, Cecilia McCaffrey, Paula Walker, Martha Parker, Sandra Marden and Beth Howenstein.

Nursery Teacher Joins Community Club Staff

The Woods Community Club announces that Miss Nan Jones of Cardiff, Wales, has joined the staff. A graduate of the Rachel McMillan College, Miss Jones has a Teacher's Certificate from the London University, and a Certificate from the Froebel Foundation, and has had work experience in nursery schools in London, England.

Miss Jones is on the part-time staff of the Merrill-Palmer School and will be directing and coordinating the pre-school services on a part-time basis at the Community Club.

In addition to helping the pre-school leaders in their work with 4 year old children, Miss Jones will also serve as a program resource person to the 4 pre-school groups and will be available for consultation service to the pre-school mothers.

Miss Jones became interested in spending some time in the United States through her acquaintance with Miss Margaret Casteel, a teacher of the Grosse Pointe High School, during the time when Miss Casteel spent some time with Miss Jones' family as an exchange teacher.

Chi Omega Alumnae Meeting on November 7

The east side group of Chi Omega Alumnae will meet on Wednesday, November 7, for 12:30 luncheon at the home of Mrs. Howard Simon, 1150 Buckingham road.

Mrs. F. W. Dettlinger, chairman of the event, has planned an afternoon of bridge following luncheon. Reservations are being taken by Mrs. Dettlinger at TU. 2-1256.

Mr. and Mrs. Geoffrey F. O'Brien

MR. and MRS. O'BRIEN, after their October 20 rites in the Swedenborgian Church, San Francisco. She is the former GLORIA GRACE WINTERS, daughter of Mr. and Mrs. Robert C. Winters, of Moran road, and her husband's parents are the John L. O'Briens, of San Francisco.

International Fair Planned

Detroit's international aspect will be presented in the neighborhood atmosphere of a village fair at the Old World Market and Folk Festival, to be held November 15-18 at the International Institute, 111 East Kirby, in the city's cultural center.

Preparations for the 26th annual festival are speeding into high gear among 1,000 volunteers representing 50 nationality groups who will participate. They are rehearsing folk songs and dances, assembling the articles of folk arts and crafts, both imported and hand-made locally, which will stock the booths of the fair, and planning menus to provide traditional foods of different countries for luncheon and dinner each of the four days.

Harvest festivals of the Old World will be revived in the

three daily stage shows of folk music and dancing, built around festival programs by Hungarian, Polish and Czech groups, and a winter family night program by a Latvian chorus. Many other nationalities will also be represented by solo and group numbers in dance, choral and instrumental music, at 3, 5 and 7 p.m. daily.

A costume parade on opening day will display the beautiful and authentic homeland costumes to be worn by attendants at the nationality booths. Among these will be American, Italian, Japanese-American, Latvian, Lithuanian, Polish, Swedish and Ukrainian. Homeland exhibits from other lands in the Hall of Nations will display articles from Bulgaria, Croatia, Malta, Mexico, Great Britain, Central America, Korea, Denmark, Czechoslovakia, Norway, Estonia, Romania, Greece, and the Philippines.

Christmas trees decked in traditional trimmings of many lands will also decorate the Hall of Nations and many similar trimmings will be sold at the gift booths, as will Christmas greeting cards, greens and plants, new and old books, pastries and imported candies and exotic foods.

If the speeder could see himself as others see him many highway accidents could be avoided.

AAUW Brings MSU Players

Magic in the form of a giant pumpkin provides the background for the play, "Peter, Peter, Pumpkin Eater" to be produced Saturday, November 10, at Parcels School by the Michigan State University Children's Theater.

The touring production is sponsored locally by the Grosse Pointe Branch, American Association of University Women under the chairmanship of Mrs. Walter McAdow.

A morning performance is at 10:30 and the afternoon performance is at 2. Tickets, at 50 cents, may be purchased from A. A. U. W. members or at Fromm's Hardware in the Village, Punch and Judy Toyland on the Hill or Harkness Pharmacy, 20315 Mack, in the Woods.

This delightful fantasy suggested by the venerable nursery rhyme authored by Martha Bennett King has become a favorite with child audiences since its premier at the Goodman Theater in Chicago several seasons ago.

Lakepointe Club to Hold Football Open Houses

A series of Football Open Houses is on the social calendar at Lakepointe Country Club for each Saturday in November according to Louis G. Palmer, club president.

The party festivities will include a cocktail hour beginning at 7 p.m., dinner and dancing will follow. Designed as a get-together for old and new members and guests, the parties will be held on Nov. 3, 17 and 24. Reservations will be necessary for cocktails and dinner.

St. Matthew Women's Club Sets Date for Two Events

The St. Matthew Women's Club will hold a square dance on Friday, November 2, in the new church gymnasium, Whittier and Harper.

Donation is \$1 per person. Refreshments will be served. The callers will be the Brennans.

For further information, call Mrs. E. Kelly, chairman, TU. 1-0480.

The club will also sponsor a turkey luncheon and card party on Thursday, November 8, at 12:30 p.m., in the church auditorium.

There will be prizes. Donations are \$1.50 a person. For reservations, call: Mrs. Walter Wiseman, TU. 5-6963; Mrs. E. G. Bischoff, TU. 5-7355; Mrs. John Martinson, TU. 2-8988; or Mrs. Ralph Nicholson, TU. 1-3255.

Mistletoe Mart Preparations Nearing Completion After Year of Hard Work by Many Members of Church

Feel that cooler breeze? After our siege of "Indian Summer" (some folks are saying it was our summer, finally) there bright, crisp, dewy mornings are making us feel raring to go.

Some of the early get-up-and-doing crowd are those G.P.C.C.M.M. workers. Just in case you are having trouble figuring it out, those initials mean Grosse Pointe Congregational Church Mistletoe Mart, which will be held November 29, at the church, 240 Chalfonte ave.

We hear from some of the stalwart workers, such as Mrs. Brent Jacob, Mrs. Frank Standish and Mrs. Harcourt Caverly, that the wheels are running smooth to make these last few weeks before the Mistletoe Mart really count towards making this the best of all Christmas displays and sales.

Those autumn leaves are covering up the bountiful gardens of last summer, but it has brought to our attention about the raspberry patch of the H. R. Voorhess. This patch netted the Mart a fair crop of berries this summer, courtesy its owners and the dedicated labor of Mrs. Jerrold W. Lundale, chairman of the "Jams and Jellies" booth. Look for it at the Mart, along with Strawberry and Peach jams, too. All the

specialty jams from their own secret recipes. "Baubles, Bangles, and Beads" fairly well sums up what Mrs. William M. Browne's group is producing. There will be silver and enamel pins, bracelets, earrings, to be sold separately or in sets. Included also will be ashtrays, small dishes, all exquisitely crafted by this group of "professionals."

Reliable sources inform us that Mrs. Joseph Burn's Mart Decorations committee has been working behind the Bamboo curtain all summer! No slow boat to China, though, this curtain hangs on the Burns' back porch where the group has been designing and producing the necessary Christmas glamor for the Church during the Mart.

Using a theme of green and gold, they are producing stylized small potted trees as table centerpieces, and larger replicas for the halls. These will be on sale at the end of the day, so be sure and come to the Mistletoe Mart and be one of the lucky ones to be able to purchase these originals.

Marilyn Dom Weds Milton J. Boyd, Jr.

Attendants Wear Green Velvet Gowns in Saturday Morning Ceremony in St. Joan of Arc Church; Pair Travel to Florida After Reception at Whittier.

At a double ring ceremony Saturday morning in St. Joan of Arc Church Marilyn Suzanne Dom, daughter of the William W. Doms, of Hawthorne road, became the bride of Milton Joseph Boyd, Jr.

For her marriage the bride chose an Italian silk Dupioni gown with long sleeves and billowing skirt ending in a chapel train. Chantilly lace covered the bodice outlining the portrait neckline.

Her fingertip illusion veil was held by a pillbox cap of silk and Chantilly lace with seed pearls. She carried white roses and Stephanotis centered with a white orchid.

The bridegroom's sister, Jane Boyd, was maid of honor in an emerald velvet gown with matching Juliet cap of velvet

and tulle. Her bouquet was of yellow mums, accented with rust mums and ivy streamers.

The attendants, also in green velvet, were Shirley Rymal, Marie Heimerdinger and Barbara Boyd. Their cascade bouquets were of rust mums with ivy.

Bruce Boyd was his brother's best man. They are the sons of the Milton J. Boyds, of Sunningdale drive.

Vincent LaPointe Jr., William Ladyka and Richard Boyd seated the guests.

Some of Pointe's Finest Residences Will Be Opened to Public on November 17 and 18; Tickets Available at Memorial Center

The Grosse Pointe Garden Center has announced the houses which will be open November 17 and 18 for the annual Tour of Homes from 1 to 5 o'clock.

Dr. and Mrs. William J. Scott's hillside home in Stephens road will be on display. The terraced gardens are of special interest.

An excellent example of French Provincial architecture is the Ridge road home of Mr. and Mrs. Theodore DeLong Buhl. There is a very interesting guest house on the grounds and also a pool house.

Another Ridge road home on view will be that of Mr. and Mrs. Charles H. Hodges, Jr. This is early American and furnished with charming antiques.

Another French provincial home surrounded by a white picket fence is that of Mrs. Henry T. Ewald, of Vendome road. Her home features authentic paneling from a house in the south of France.

Tickets for the tour are available at the Grosse Pointe Garden Center in the War Memorial, TU. 1-4594, or TU. 1-6030. The cost of the complete tour is \$2.50.

Tuesday, November 13, at 11 o'clock groups 1, 2, 3, 6, and 8 will meet for a business meeting with luncheon following. The guest speaker, Mrs. Helvig Mangold, of Plymouth Peace, will enlarge on the association's monthly theme of World Fellowship.

Group 5 will gather in the school hall at 7:30 that evening. Because of the Mistletoe Mart to be held Thursday, November

29, there will be no home meetings in November.

HOUSEHOLD HINT

A good way to use butternut squash is as scalloped squash. Alternate layers of thick slices of peeled butternut and tart apples in a greased baking dish. Sprinkle with brown sugar and salt and dot with butter. Top with soft, buttered bread crumbs and bake at 375° F. until tender—about 45 minutes. Scalloped squash is just right with roast pork or ham.

Star of Sea Church Fair Set for Nov. 10

Altar Society to Present Second Annual Holiday Mart With Proceeds Going to Furnish Convent Chapel

Our Lady Star of the Sea Church Club Room will be all aglow with the glitter and glamor of Christmas on Saturday, November 10, from 9 'til 9, as the ladies of the Altar Society present their Holiday Mart with Mrs. John K. Busch as general chairman.

This annual affair, always the high point of the year in color and excitement, is a result of many creative hands and minds, working overtime to stock the various booths with merchandise that we feel sure will win plaudits for distinction and originality.

There will be scores of interesting looking packages with mysterious post marks from such far-away places as Eng-

land, Scotland, Honolulu, Japan, Trinidad, and the Panama Canal zone—all waiting to be purchased at the Parcel Post Booth. Mrs. Elmer O'Berski and Mrs. John W. Baker, assisted by Uncle Sam himself, will preside over this booth.

The Cosmetic Booth, under the chairmanship of Mrs. Hubert Brunner and Mrs. Leo Van Assche, promises to be well stocked with a complete line of popular name brands. A wide variety of novelties and gift

items from this department will help solve the most difficult gift problem.

There are many treats for tots awaiting at the Toy Booth due to the clever hands of Mrs. Roy Matzke, Mrs. Nell Young and the ladies of their Circle. Visitors will be particularly intrigued with the Puppet Theatre, Humpty-bumpy pillows, Clown dolls and the like—all hand-made and expertly so.

Mrs. George Francis, Mrs. Louis Cameron and the ladies in their group have been busy getting ready to supply holiday needs, to be seen in the Christmas Decorations booth. Their display will include package decorations, Christmas corsages, cards, wrappings, decorated candles, Christmas tree skirts and attractively decorated felt stockings for the kiddies.

The White Elephant booth, being stocked by Mrs. Steven Gordon and Mrs. Jaul Oram, promises to be a bargain-hunter's paradise.

The finest pieces of china and glassware, plus delicate figurines, Hummels and Madonnas, are but a few of the items to be found in the Gift Shoppe. Mrs. Frank Trentacosta and Mrs. Robert Opdyke are the chairmen.

Candy-decked Christmas wreaths, filled stockings and many unique and colorful arrangements will highlight the Candy booth. Mrs. Clune Walsh and Mrs. John McCormick have given attractively for the little folks.

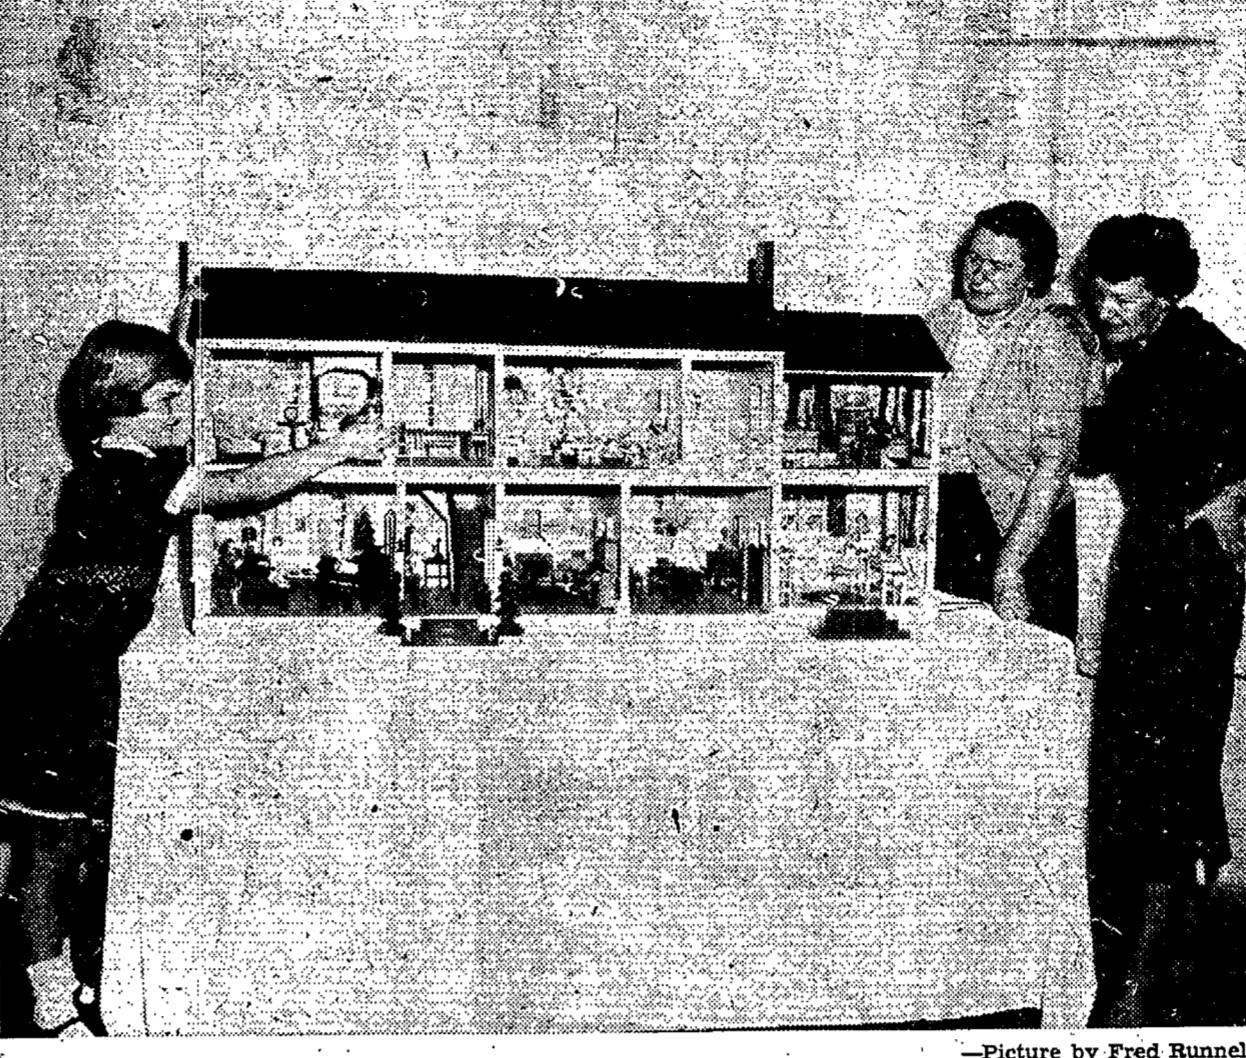

Under the capable leadership of Mrs. Clifford Godin and Mrs. James Aiuto, the ladies responsible for the Hand-Work booth have many pretty and practical gifts in their display. Sweaters, stoles, aprons, place-mat sets and towels are but a few of the items in this group.

Jeweled carpet sweepers, hand-painted basket bags, beaded tote bags and decorated match boxes, are but a few of the unusual gifts to be found in "La Boutique". Mrs. Arthur Sutherland and Mrs. Edward Weeks especially recommend this booth for the gifts smart women adore.

Mrs. Marvin Keller and Mrs. Zygmond Mrowczynski have seen to it that each little girl will find her favorite doll at the Doll booth, along with a fine selection of doll clothes.

The "Pantry Shoppe" is being stocked with many different and delicious delicacies by Mrs. John Haas, Mrs. George Touchton and their many helpers. They are featuring home-made

Laura Louise Smith to Wed on Nov. 24

Parties for Bride-Elect Began in Late Summer; She Will Marry Ens. William Huettelman in St. Paul's on the Lakeshore; Announces Bridal Party

Laura Louise Smith, daughter of Dr. and Mrs. Stanley Lawson Smith, of Sunningdale drive, is enjoying the round of parties that are a bride-elect's due before she weds Ens. William Huettelman on November 24 in St. Paul's on the lakeshore.

Mrs. Richard K. Degener recently entertained for her at a luncheon and linen shower at the Grosse Pointe Yacht Club.

On November 4, Mrs. Elmer Benzin will honor the bride-elect at a tea in her Lochmoor boulevard home. That same evening, Mrs. Kenneth Griffith, of Dayton, O., will fete the bridal attendants and a group of Kappa Kappa Gamma sorority sisters at the home of her mother, Mrs. Edward Maire, of Iroquois avenue.

Mrs. Edmund Brady has issued invitations for a luncheon and personal shower at her Sunningdale drive home for November 8.

Bill's aunts will have a family party and miscellaneous shower on November 11 at the Kerby road home of Mrs. Donald Del Place.

Mrs. Richard Houlihan, of St. Clair Shores, also an aunt of the bridegroom's has entertained at a kitchen shower for Miss Smith.

Mrs. Paul Moreland and her daughter, Peggy, of Harvard road, gave a birthday party and miscellaneous shower for the bride-elect in September, and in the late summer Mrs. Clarence Maguire was co-hostess with Mrs. James Cope at a luncheon and kitchen shower in the latter's Sunningdale drive home.

Miss Smith has asked Mrs. John Huettelman, sister-in-law of the bridegroom-elect, to be her matron of honor. Bridesmaids will be Peggy Moreland, Graechen Becker and Carol Lundgren.

Ens. Huettelman has asked his brother, John, to be best man. The ushers will be Stuart Smith, the bride-elect's brother, James Shane and Jerry Murdock.

Miss Lundgren and Miss Becker will give the spinster dinner on November 20 and the officer's parents, the Raymond Huettelmans, of Ridgemont road, will give the rehearsal dinner on November 23.

The bridegroom-elect plans to arrive home from Washington on Thanksgiving Eve.

Sodality Plans Fair on Nov. 8

The Rosary Sodality of St. Joan of Arc Parish will hold its "Homemaker's Fair" on November 8, from 10 a.m. to 10 p.m. in the Church Auditorium, Overlake and Mack, St. Clair Shores.

It is called "Homemaker's Fair" because practically everything will be hand made or homemade. The booths will include aprons, toys, baked goods and plants, besides many others too numerous to mention.

Mrs. Lloyd Marks is chairman of the Fair and Mrs. Harold Newberry is co-chairman.

Italian bread, spaghetti sauce and baked beans, as well as the usual home baked coffee cakes, pies and cakes.

Always a popular spot at a Fair—the "Fish Pond" is chock full of prizes and surprises this year. Mrs. George LaForest and Mrs. Herman Lauer are the Chairmen.

As a special attraction, "Santa Claus" will be there in person, with an attentive ear and a special treat for the little ones.

Other Holiday-Mart Chairmen include Mrs. Jasper Jamerino, assisted by Mrs. John Jamerino, and Mrs. John Broderick, financial; Mrs. James Farrell, assisted by Mrs. Raymond Lynch and Mrs. Norbert Gorski, religious articles; and Mrs. James Lemhagen, publicity.

the question. During the past two years I have tried to read all the scientific information on the subject, both pro and con. From my research I can see many apparent discrepancies and half truths in the booklet.

"Fluoridation Facts" issued by the American Dental Association and recently mailed to all voters in G. P. Farms. These "facts" can confuse and misguide the average uninformed lay person. For example, they claim that fluoridation does not constitute mass medication and quote from Dorland's Medical Dictionary, defining medication as "administration of remedies to treat or cure a given condition." However, Dorland's definition states that "medication is the administration of remedies to treat, cure or prevent diseases" and the admitted purpose of fluoridation is to prevent dental caries. The A.D.A. booklet further states that there is no such thing as "artificial fluoridation" since fluorides are always added to the water, being picked up by the water running through underground passages. However, they do not explain that naturally fluoridated water also contains calcium, thus rendering the fluorine less harmful. It does not steal calcium from the body since it brings its own calcium with it. The proponents contradict themselves in regard to mottling or dental fluorosis. On one page they admit that 10 per cent of the children will have mild fluorosis at 1 ppm (ie. 1,000 children out of 10,000), and even mild mottling, a cloudy white chalky appearance on the teeth, is unattractive. On page 19 they disclaim any dental fluorosis where the water contains 1-1.5 ppm fluorine. However, the Drs. Smith who first discovered the fluorine causes mottled teeth have said there is mottling in some naturally fluoridated areas at 1/2 to 3/4 ppm. In Florence, Arizona 94 per cent of the children had mottled teeth drinking water containing 1.3 ppm, and in Casa Grande (Ariz.) almost one half of the children drinking naturally fluoridated water containing slightly less than 1 ppm. had mottled teeth. The booklet also implies that fluorine is necessary for human nutrition since it has not been proven it is not essential, and they say it is a natural constituent of teeth and bones. But leading nutritionists and biochemists claim it is a contaminant and do not list it among the essential trace elements. It retards enzymatic action and is therefore not desired in human nutrition. There are people in some parts of the world who have excellent teeth where the water is devoid of fluorine. The U.S. Public Health Service itself (chief proponent of fluoridation) is recommending removing the excess fluorine at Colorado Springs which had 2.5 to 2.8 ppm. If we were to have our water fluoridated at 1 ppm this means that we would be allowed to drink 1 quart of water a day to have the so-called "safe" dose. But if our consumption of water in the form of tea, coffee, soups, etc. plus drinking water, amounted to 2 to 3 quarts per day we would be receiving what the P.A.S. considers to be a hazardous dose of F1.

The fact that a scientific society recommends something

does not necessarily mean that it is equally suitable for all individuals. A great many people can't tolerate penicillin. Even though I for years have followed the basic 7 food guide recommended by the National Nutrition Council which lists 1/2 glass

How To PROFIT THROUGH TAX EXEMPTION

With today's high tax levels, investors in medium and high tax brackets are turning to tax-free Municipal Bonds for income that they can keep. If you have a taxable income of \$10,000 or more, you may be well repaid by investigating the advantages of tax-exempt State and Municipal Bonds. For instance, if you file a single return on a taxable income of \$14,000, you would have to receive a dividend return of 7.45% on a taxable yield from a 3.50% tax-free Bond. It's something to think about!

Our New Booklet, "How To Profit Through Tax-Exemption", explains in plain language your need for tax exemption, tells how much these high-grade investments can be worth to you. There's no obligation. Send for copy today, or phone

(Continued from Page 25) or orange juice or its equivalent

daily to furnish Vitamin C and prevent scurvy, never-the-less because it is recommended we would not force it on a child if he were allergic and the citrus fruit caused him to break out

in a severe rash. We would realize that not all people are the same and would provide the needed nutrients in another form.

Children from birth to 12 can still receive fluoride if their parents desire it, either painted on newly erupted teeth, or in a controlled form, such as pills or tablets (dissolved in milk, water or juice), but the rest of the population of those children who show an allergic reaction to it could be spared the detrimental effects. The authorities originally attempted to give iodine (a known essential element) in the drinking water, but decided it would be better to administer it in salt, so individuals would have their freedom of choice. Growing children and expectant mothers in iodine deficient areas should use iodized salt, but it is not necessary for adults and is definitely harmful for certain people with allergies and those who already have a goiter.

There is no comparison between the "need" for fluorine to improve children's teeth and chlorine which was deemed necessary to purify community drinking water and prevent epidemics of contagious diseases.

It is regrettable that people quote the Reader's Digest as an authority because of the article "The Great Fluoridation Scam" taken from McCall's magazine, Aug. '56, since anyone who is well read on both sides of the subject can see that it is prejudiced in favor of fluoridation. To be unbiased, the Reader's Digest should also have printed a condensation of James Rorty's "The Truth About Fluoridation" which appeared in The Freeman, June 29, 1953. Or they could have used the article in the Sept. 1956 issue of Facts Forum entitled "Fluoridation?" which gave both the case for and against without drawing personal editorial conclusions; the article is well documented with source references.

The Detroit Dental Society president says "Let the opposition present scientific facts, not fancy". There are plenty of facts

Michigan State Medical Society has a Physicians Committee Studying Fluoridation. If the medical men themselves have not yet agreed on the benefits or harm of fluorine, certainly it behooves the Farms residents and Council to leave fluorine out of our water.

were NOT "strangely silent" during the years of negotiations. Protests were made by individuals throughout this period. However, it was not until enough of us actually saw construction starting that we banded together. At this writing we have submitted 442 signatures of aroused voters and substantial taxpayers, with more coming in daily. We feel that the interests of the school and children come before the interests of the newly established businesses.

Secondly our spokesman was not merely "claiming that he did not have time to study the report. The council had agreed to submit the recommendation of their committee to Mr. Jameson well ahead of time. On the day of the council meeting it was still not in his hands, so at 4:30 he went himself to obtain this information. Naturally he did not have time to properly study this, nor to submit it to others equally interested. In fact in all probability he would not have received his copy until the council had met and voted upon it. To us it looked as though someone was ready to railroad the matter through without any consideration for the interests of the people.

Thirdly, it was not merely "courtesy" (which is to be expected from adults), but common sense which set the date of the next hearing on December 3. Surely sufficient time is surely to carefully study the legal aspects of this matter, which will affect the area for

many years. Should it then be court action, and the inevitable boycott which is a by-product of hurried, ill-advised decisions of those we place in office? Don't you feel that 442 property owners and voters mean anything? Please be reasonable! Editorials should reflect the will of the people, and should not be dictatorial or browbeating.

Apparently sufficient time was NOT taken when the new businesses were allowed to be erected. Someone at that time must have been aware of the parking problem. The logical thing to do would have been to save some space then, rather than trying to take away valuable school and recreation property.

We also repeat that the traffic problem is one of our major concerns. With children's lives at stake we do not feel that any delay is "senseless," and Mayor Connolly, Attorney Wright and the council are showing good sense in any "delay" they have seen fit to grant.

We would like to repeat that this is NOT a battle. The Gabriel Richard School District Improvement Association is interested in getting at the facts, and reaching a decision which will be for the best good of the community. We fear that if we let this property go at this time, more demands will be made in the future. We also feel that there is a definite possibility that Richard School will have to be enlarged, as classes are already overcrowded. There has been an increase of 100 chil-

dren in the last three years. We are aware that the area is largely built up at the present time, but older families are leaving and younger families with more children are coming in. GABRIEL RICHARD SCHOOL.

Fordson Blasts Pointers' Hopes for League Crown

Fordson's powerful ground attack, a first half Blue Devil defensive lapse and a rain soaked gridiron fashioned a 20-0 Blue Devil defeat in the Border Cities League "blue chip" game last Friday, October 26, before a large soggy bipartisan homecoming crowd.

The loss marked the first time the Blue Devils had tasted defeat since a year ago when the Tractors edged the Pointers and went on to win the BCL crown. The loss also dropped the Blue Devils from the dwindling Class A undefeated ranks. Grosse Pointe's winning streak had reached 7 which started with a lopsided victory over Port Huron in the last game of the 1955 season.

Still Hope for Tie
Although the Pointers dropped their most important game of the 1956 season last Friday, Blue Devil fans are keeping their collective fingers crossed in the hopes that once beaten Wyandotte can spring an upset on the league-leading Tractors next Saturday, November 3. A Wyandotte victory would enable Grosse Pointe to share in a three-way tie for the BCL crown with these two teams.

Pre-game statistics pegged the Tractors and Devils as an even bet but the all day rain, which turned the gridiron into a virtual swamp by game time, tipped the scales in favor of Fordson because of its proven strong running attack.

The slippery underfooting proved to be the Pointer's undoing. Grosse Pointe won the toss and elected to receive. Starting on its own 32, Grosse Pointe saw its fleet footed backs slip and slide for no gain before being forced to punt. Dick Zuehlke's punt sailed out of bounds on the Tractors 37.

Spearheaded by the bull-like rushes of its star, Ed Perpitch, Fordson smashed the Devil defense to shreds and in 11 plays bolted into the end zone for the first score of the game which was only 4 minutes and 40 seconds old. The conversion was good to give the Tractors a 7-0 lead.

Pass Intercepted
Following Fordson's second kickoff the Blue Devils attack was stalled again when Wes Davis intercepted Dick Dumas' pass on the Blue Devil 36 and went in for the touchdown. The conversion was good to give the Tractors a comfortable 14-0 lead with 6 minutes and 50 seconds gone in the first quarter. Fordson's third and final touchdown came with 36 seconds left in the first half and was set up by a fumble by Dumas when he was hit hard by Wes Davis as he was attempting to get off a pass. Davis recovered the fumble on the Grosse Pointe 39. Five plays later John Nickloff lobbed a pass to end Larry Montre on the Blue Devil 8, from where he skidded into the end zone for the TD. The kick was missed but it didn't make any difference in the final outcome.

Lights Turned On
Coming back in the second half the Blue Devils defense stiffened and practically stopped the Tractors cold under the lights which were turned on at halftime as black storm clouds hovered over the field and continued to dump tons of rain on

the field, turning it into a swamp.

The Blue Devils never threatened throughout the game and only once did they penetrate as far as the Tractor 32.

Grosse Pointe's brightest star of the day was fullback John Leete who repeatedly ripped through Fordson's stubborn wall for sizeable gains. Late in the second quarter the Blue Devils suffered a damaging blow when quarterback Dick Duma's injured his ankle and was sidelined for the remainder of the contest.

His replacement Dave Cook turned in an exceptional job considering the conditions but had little success in moving the Devil's attack which in past games featured the fancy high stepping of such seat-backs as Kenny Gutow, Danny Bauer and Bob Wachter.

The Blue Devils will close out the 1956 season next Saturday, November 3, when they play host to Port Huron who is reportedly seeking revenge for the humiliating defeat handed them last year. Game time is scheduled for 2:30 p.m.

Korb's Comets Bolster Lead

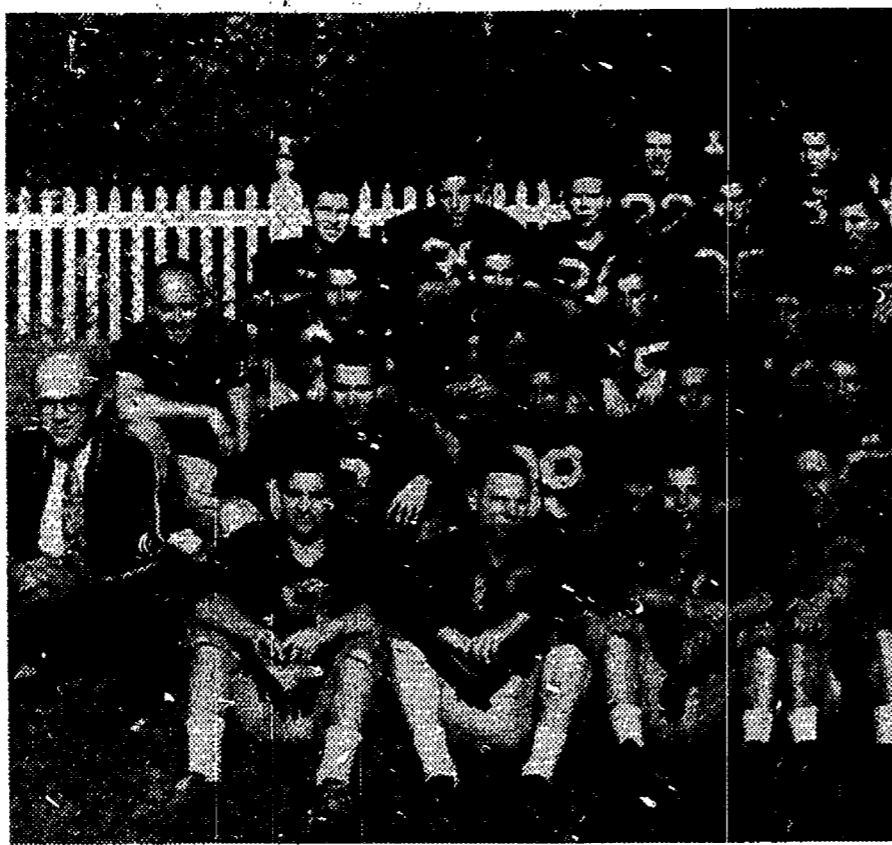

Ernie Korb's Comets strengthened their lead in the Grosse Pointe Presbyterian Bowling League by taking Clint Smith's Smithonians for four points. Roy Dettmer's Demons, Bob Fisher's Fish-Peddlers and Ed Radium's Roustabouts also took four points from their luckless opponents.

Blue Devils Reserves Undefeated with One Game to Go

While the Grosse Pointe Varsity football team was rolling along undefeated the Blue Devil reserve team, coached by John Thursby and Bill Winkler, were matching the varsity unit for win and currently won an undefeated, 5-0, record going into the final game against Mount Clemens on November 7. The reserves turned

back Hazel Park 19-0; Fordson 21-0; Highland Park 27-7; Royal Oak 35-7 and Wyandotte 45-6 in that order, rolling up 137 points as against 20 for their opponents. Although the Border Cities League does not recognize a reserve champion the Blue Devils could lay claim to the unofficial title on their record.

Set New Records in Bowling Loop

New records were posted in the Grosse Pointe Businessmen's Bowling League on Friday, October 26, when Lochmoor and Boutin tangled in a red hot match which saw Lochmoor make a clean sweep. Lochmoor posted a new high team single game of 1032 pins which enabled it to also record a new team three game series of 2791. Al Bell paced Lochmoor with his record three game individual total 628 series. Marv Boutin of the losers-came in for a share of the glory when he posted the high single individual game with a 254.

The record performance enabled Lochmoor to remain in a two-way first place tie with Wigle which also notched four points but no records. The other four point winner was Revere, who took the measure of Belding.

Cox-Baker showed signs of life when it captured 3 points and moved to within one point of getting out of the cellar. The Miller team moved from ninth to eighth place when it split its match with City Glass. Marv Boutin paced the 200-plus bowlers with his record 254 while Harvey Reid notched games of 230 and 222. Others were Al Bell 236; John Hall 206; Bob O'Toole 204; Jack Leit-hausner 204 and Marv Lazarus 200.

Woods Spartans Drop Tough One

Outweighed but never outfought, the Grosse Pointe Woods Spartans, dropped a tough 13-6 decision to the East Detroit Mid-jets in a Jack Lawther Little Football League game last Sunday at the East Detroit Field.

This was the final league game for the Spartans, and gave them a very satisfactory season record of four victories and two defeats. No champion is recognized in this fast 125-pound league for boys 12 years old and under.

The Spartans took the opening kick-off and marched the length of the field for the first touchdown. They covered the last thirty yards brilliantly when Right End Jack Wachter tore a long pass right out of the hands of a defending Mid-jet halfback, and then raced all the way to score easily. The pass, thrown by Quarterback Gary Schick, was the ninth touchdown scored by Wachter this year.

In all, the Spartans have scored 11 touchdowns. Critics now agree that the Spartan passing attack is the most dangerous in the league.

Following this Grosse Pointe score, the Mid-jets got their own offense rolling, and their heavier weight began to make itself felt. Fighting desperately the Spartan defensive unit of coaches Lou Kraetke and Russ Gramer, twice stopped East Detroit drives. Early in the second quarter, however, the big Mid-jet fullback and captain rammed across the goal and the score was tied.

East Detroit's second touchdown didn't come until the fourth quarter when a Schick pass was intercepted on the Spartans' own twenty yard line, and run over to give the Mid-jets their 13-6 margin. All afternoon it seemed that the East Detroiters would overwhelm the smaller Grosse Pointers, but sheer fight and determination kept the Spartans a constant threat.

This coming Saturday, Grosse Pointe Woods plays a post-season exhibition game with the Cannon Tars at the Cannon field. The Spartans defeated the Tars 19-13 in a regular season thriller. It is felt that the Woods team may use this extra game to give added experience to the younger players who will form the nucleus of next year's squad.

Work brings success—and the more people you have working for you the more success you achieve.

Friars Beaten By Long Runs

Two long runs of 58 and 50 yards submerged the Austin Friars, 12-6 in their final game of the season against Cathedral Central last Friday, October 26, at McCabe Field.

Flushed by their 39-0 route of Salesian the week before the Friars scored the first time they got their hands on the ball. Fullback Mike Forrester climaxed the 50 yard sustained march by plunging the final 8 yards for the score. The conversion was raised but the Friars didn't seem to mind too much for they thought Central would be a push over like Salesian.

They soon changed their minds as Central fought them to a standstill and pushed to the Austin 1 yard stripe where the Friars dug in and held to avert the tying touchdown.

Coming out in the third period Central, on the first play from scrimmage, shook its star full-

back Ken Tureaud loose and he rambled 58 yards to tie the score. The extra point was missed and the score stood at 6-6.

Within minutes Tureaud got away again and raced 50 yards through the Friars to give his team a 12-6 lead. Austin blocked the conversion boot, thus leaving the door open for victory if they could score and convert. However, the opportunity never came, although twice the Friars drove deep into Central territory, only to see the attack stall on both occasions.

Neither team could get its offense moving in the final quarter and the game ended with the ball on the midfield stripe in the Friars' possession.

The man who believes that the world is going to the dogs doesn't do a dog-gone thing to remedy it.

St. Paul Lakers Complete Season With 42-12 Victory

A whirlwind fourth quarter rally enabled the St. Paul Lakers to thoroughly trounce a determined and spirited Annunciation team, 42-12, last Sunday, October 28 on the Southeastern gridiron.

The victory coupled with Nativity's upset win over league-leading St. Thomas on the same day gave the Lakers a two-way tie for second place in the East Side Second Division Parochial League.

St. Thomas was the pre-season favorite to retain the crown. Had it not been for one bad game in which St. Philip upset the Lakers, 13-7, earlier, the Lakers would be wearing the champion's purple robe, today.

Score Doesn't Tell All
Actually, the Lakers had a tough time winning their last game of the season. The final score does not present a true picture of the struggle that ensued throughout all but the final eight minutes of the game.

Terry Hutton carried the Lakers to a 6-0 lead in the second quarter when he plunged 10 yards for the first score and then scampered 48 yards with an intercepted pass to give the Lakers a 12-0 lead. He added the extra point and the Lakers left the field with what they thought was a comfortable margin.

Bouncing back, early in the second half, with two quick touchdowns Annunciation came within one point of tying the score. Fired up by its sudden success in moving the ball, Annunciation punched into the Lakers' end zone once more. But the score was denied because of a clipping penalty.

Lakers Were Scared
Thoroughly scared, the Lakers fought back but were unable to dent the stubborn Annunciation defense. That is until the final eight minutes. At that point the rock fell in on a tiring Annunciation team and the Lakers raced to five touchdowns and victory.

The onslaught began when quarterback Dan Sheridan rifled a pass to halfback Russ Beaupre and seconds later Sheridan spotted Beaupre alone and hit him with another pass

for the fourth Laker score of the day.

Marty Trombly added to the Laker total when he picked up a punt blocked by Tom Parker and raced into the end zone. End Norval Labadie got into the scoring act when he raced 35 yards around left end and into pay dirt. Dan Sheridan completed the surge when he intercepted a pass and rambled into the end zone.

Linemen Get Wish
Seniors center Hugh Sheehan and guard Sean Shaffner, playing their last game, got the wish of all linemen when Coach Ed Lauer allowed them to try their hand in the backfield. Both made good as they plunged for points after touchdowns.

As the Lakers closed out the 1956 season seniors Shaffner, Sheehan, Earl Peters, Ben Taylor, Dave Weot, Chuck Campbell, Dan Sheridan, Norval Labadie and Terry Hutton looked back on the highlight of the campaign which was the scoreless tie they played with St. Thomas.

It marked the first time in 15 games St. Thomas had been held scoreless and it was this scoreless tie that eventually gave the Lakers their tie for second place in the final league standings.

Most of the Lakers turned in their uniforms for basketball suits the day following the game and are busy preparing for the coming basketball season.

INJURED IN FALL

Farms fireman James McNeff and Warren Schultz came to the assistance of Mrs. Robert T. McDonald of 443 McKinley avenue, Monday, October 15. Mrs. McDonald slipped and fell down a flight of stairs at the side of her home. The men took her to Bon Secours Hospital in the Farms ambulance. She was treated for a gash on top of her head.

We have always had a good deal of respect for our police force, but this evidence of a policeman's versatility increases it. EARL TROMBLEY, dog catcher for the Farms, is an amateur sculptor. His instructor, Varga, says he has a great deal of talent.

When JULIE HARRIS arrives here on November 12 to star in "The Lark," her Broadway hit, she will not be staying with her parents. MR. and MRS. WILLIAM P. HARRIS, JR., of Ellair place. Her entourage consists of husband, baby, nursemaid, cook and assortment of animals, so it's understandable.

Biggest problem to date is the diaper wash. They won't supply service for under a month, so the star was a little frantic. Powers that be finally prevailed on a local company to pick up and deliver the vital diapers at the Whittier Hotel for the actress' two week stay. Would hate to miss seeing Miss Harris' portrayal of Joanne of Arc just because of her heir's underpinnings.

MRS. ARTHUR BULL, with her chicks all grown up and flown the nest, found time hanging heavy on her hands. She's now enrolled as a full time freshman at Wayne. Classmates are invited constantly to the Bull's beautiful Bedford road menage.

This summery weather we've been having has turned nature upside down. MRS. WILLIAM C. RUSSELL picked spring forsythia in her Hampton road garden last week and says that all the bushes are in bud.

Roses must be blooming too. MRS. DOMINIC PUCCI dresses up the severity of her gray wool sheath with a luscious live pink rose. MRS. JAMES A. LAFER is a fall vision in an emerald green sheath, dressed up with gold jewelry and a wide brimmed matching hat trimmed with lighter green feathers.

PILFERINGS

The children had all been photographed and the teacher was trying to persuade them each to buy a copy of the group picture. "Just think how nice it will be to look at it when you are all grown up and say, 'There's Rose; she's married,' or 'That's Billy; he's a banker.'" A small voice at the back of the room piped up, "And there's teacher; she's dead."

Victor Borge says that the reason most after-dinner speakers are men is that "women can't wait that long."

From "Inherit the Wind" . . . "my butter may be rancid but it's on your side of the bread."

All progress is based upon a universal, innate desire on the part of every living organism to live beyond its income . . . Samuel Butler.

A politician is a person who approaches every subject with an open mouth . . . Adlai Stevenson.

A bore is a fellow who opens his mouth and puts his seats in it.

Chief Justice Warren, when governor of California began a political address thus: "Ladies and gentlemen, I'm pleased to see this dense crowd here tonight." A voice from the back shouted, "Don't be too pleased. We ain't all dense."

George Bernard Shaw, doing his duty at a benefit affair, asked a dowager to dance. As they waltzed, she simpered. "Oh, Mr. Shaw, whatever made you ask poor little me to dance?" Replied the gallant G.B.S., "This is a charity ball, isn't it?"

The difference between personality and character: Personality is what you are when lots of people are around; character is what you are when everybody goes home.

Your ship won't come in till you row out to meet it.

Pointer of Interest

MRS. HAROLD O. LOVE, OF LOCHMOOR BOULEVARD

By Patricia Talbot

Pollsters tell us that come election day, November 6, it will be the feminine contingent tripping to voting booths.

Women have surged to the political forefront in these years since the war, not only as voters but as valiant campaigners and Mrs. Harold Love is well in the vanguard of Republican workers.

Hand picked by our local Mrs. Republican, Mrs. Charles A. Dean, Jr., to head the fund raising in '56 for the Women's Division of the Wayne County Republican Finance Committee, our Pointer brought in more money than any previous chairman.

As of last Friday the total was \$55,881.91 well over the quota, and Mrs. Love accomplished this feat by vigorous and unusual organization. She began the drive last April with a series of kick-off meetings in areas which had never been approached before such as Trenton, Livonia and Plymouth.

Credits Her Helpers In her charming, modest way, petite dark-haired Betty Love claims much of the credit must go to her helpers, Mrs. Harold B. Tyree, Mrs. William P. Bonbright and Mrs. Yates Smith.

When asked where she garnered this political know-how Mrs. Love said "I married a Hoosier and all Hoosiers are interested in politics."

She and Mr. Love met at the University of Michigan where she was a French major and Mr. L. was studying law.

During the war the Loves were in Washington and Philadelphia while he served with the Navy but as soon as they returned to the Pointe they both became active on the political scene.

women have redoubled their efforts.

Mr. Love Helps

Mr. Love came to the assistance of his wife by organizing a small group in the industries and professions which raised \$25,000. The Women's Association contributed around \$150,000 toward the \$750,000 needed to support the Symphony.

Newest project toward this end is the sale of 1,000 tickets by Mrs. Love's group to fill the auditorium for the Friday afternoon concert series. This is a repeat playing of the evening program.

As a prominent member of the AAUW our Pointer was very gratified by their purchase of a block of tickets. Somehow she finds time to play an active role in the Pointe Garden Club, Fine Arts, Theatre Arts and the Players, too.

Because of her Symphony and Republican demands this summer the Loves only took a brief family vacation to Castle Park, but they plan a Florida jaunt soon.

Mrs. Love renewed her conversational French on a trip to Europe in '51 and finds it very helpful in chatting with Maestro Paul Paray. The Loves moved into their graceful traditional Lochmoor home that same summer.

Mrs. Love looks ahead to a busy year with her symphony duties and looks backwards on a rewarding experience in furthering the political development of women, a vital interest she feels she can never abandon. The Republican party will never call on this attractive dynamic worker in vain.

Camp-Out Held By Girl Scouts

Members of Intermediate Girl Scout Troop 940 of Pierce Junior High School held a "camp-out" at the Statler Hotel in Detroit on Friday and Saturday, October 12 and 13.

The girls enjoyed a conducted tour through the hotel, including the kitchens, refrigerating plant, laundry, presidential suite, and the various dining rooms.

Also on the itinerary was a tour through a large department store, where the girls were given a behind-the-scenes picture of the workings of a large store.

Swimming enthusiasts went to the Women's City Club Pool for a dip, while the others visited the Telenews Theater. The troop also engaged in several service activities at Girl Scout Headquarters downtown.

The girls attending were Susan Bartholomew, Peggy Bohm, Katie Collins, Nancy Cowan, Martha Herdegen, Edith Hope, Barbara Knudtson, Carolyn Krebs, Barbara Luss, Virginia McAdams, Margaret Quigley, Ann Schulte, Cecile Talliaferro, Frances Vaughn, and Mary Lee Wilcox.

The week-end was arranged and conducted by Mrs. James Vaughan and Mrs. Lawrence Hope, the troop leaders, and reported by troop scribe, Virginia McAdam.

An Intermediate Girl Scout Troop of Pierce Junior High School, former Trombly students, under the leadership of Mrs. Raymond Baer and Mrs. Edward Peabody, went on a camp-out on Tuesday and Wednesday, Oct. 23 and 24. Their camp-site was the dairy farm of Mr. Alfred Engelhardt, near Armada, Mich.

The 19 girls set up camp in a large vacant barn, built fires and cooked all of their meals out of doors, and slept in sleeping bags and bed rolls on hay on the barn floor.

They took a nature walk, collected leaves and moss in connection with work toward badges, and picked apples and nuts to eat and take home. Because of the cold and windy weather Tuesday evening, they had to abandon plans for a bonfire and take to the shelter of the barn, but here their program of games and shows went on as scheduled.

In addition to troop leaders, Mrs. Baer and Mrs. Peabody, the girls were accompanied by a troop mother, Mrs. Francis Young.

The Gateway to Glitter is open, And angels with marabou wings Hob nob with sequins and santas And other delectable things.

You will find this holiday magic in the Dants upstairs fairy land. The pink cloud nestling on the stairway wall is a fitting introduction, for this Christmas nook is really out of this world. . . . Among the attractions are imports from Germany and Switzerland. A creche with nine flat wooden standing figures painted in fine, sharp colors; music boxes sing their sweet songs in Swiss chalets or under merry-go-rounds rimmed with tiny colorful angels. One of the finest carved pieces is a small black wooden shell that opens to display a diminutive and beautiful holy family. For sophisticated glitter there are gold or silver wreaths of mesh and beads, trees of triangular heavy glass festooned with shining ornaments. One giant wreath, called the peacock, is ablaze with sequins and tiny globes in star colors. Fairy story characters come to life in tree ornaments. . . . Peter Pan, Cinderella, Little Red Riding Hood. Of course, there are dozens of table decorations, Christmas stockings and, and, and . . . see for yourself at the Dants on the hill.

Do you know how to put on a this year hat? There's a new collection of fashionable chapeaux at Irving's on the hill. When you see them next Thursday at the London East fashion show notice how not a tendril of the hairline shows betwixt eyebrow and hat. At the rehearsal, we watched Lief Bergam teaching his model school members to perch the hat precisely. Whether it's one of the new heights toques in draped satin or a turkish type turban in winter white with a jewel of a jewel in front, the straight angle is essential. You will see other confections . . . a pink satin number festooned with red and pink roses, an electric green satin and royal velvet fashioned in folded tiers. Gloves to match your hat, long, satin and lovely, look tremendously important. One hat of royal blue satin features a single American beauty rose for trim with gloves in the rose shade. If glamour is in your mind this is a sure way to put it on your head.

You don't have to be a phrenologist to know that natural curl begins from the scalp out. You do have to be a beauty expert to adapt this natural law to permanent waving. A recent innovation, imported from the West Coast by Leon of the Farms, brings a new technique to reproducing naturally curly hair. The basic secret is in winding the hair from the scalp out with alternating tension. Even before setting, the hair falls into soft waves, giving you a more durable and manageable permanent. Leon knows a special technique, too, for trimming hair. He calls it the "convertible cut." Its chief attraction is its adaptability to changing coiffure styles and m' lady's moods. Leon's telephone number is TU. 2-6160.

A short cut to that ski pro look can be found right here in the village. Sol Stein's hat sweaters smart enough to make you yodel. Designs by Scandinavians Paul Mage and his wife, of Copenhagen, have been reproduced in America in one hundred percent wool pullovers for masculine or feminine tastes. Snowflake motifs in contrasting colors or all over patterns in reds, blues, greys and charcoal. The sizes . . . from children to adults . . . the choice extensive and not too expensive.

The dictionary states that co-ordinate means to combine in harmonious relation. Since Margaret Rice is a master of harmonious relations, you will not be surprised to learn that her co-ordinate collection is the most. Cashmere is the basic for all of the sweaters; skirts range from tweeds and wools to velvets and silks. Shirt waist style sweaters are beguiled with trims of bows and velvets at the neck and on the French cuffs. A different looking plaid of lavenders and greys comes in a wide, wide skirt with the plaid skillfully draped into a collar on the grey sweater-to-match. For after skiing you might choose a flared oatmeal tweed skirt embellished with a scroll design in white wool and braid, the design is repeated on the neckline of the sweater. For the cocktail hour, top a black velvet skirt with a fanciful creation of lace and cashmere lined with softest pink chiffon. There is an outfit to match any mood and every hour at Margaret Rice on the hill.

Have you a little mink? Or do you want a little mink? Whether to match a coat or warm your ears, the Village Store has earmuffs and hat clips of that elegant fur. There is all kinds of head gear designed for the suburbanite . . . casual wools, modified fur berets and cocktail going velvet 'n veils. The glove department is well stocked, too, with stitched and sturdy leather driving gloves lined with fleece or wool. Handsome string gloves have a cute leather belt and buckle wrist trim. Some fine pigskins carry a surprising tag of four ninety five . . . at the Village Store on the hill.

The hunting season is open. If it's fox you're after, you can bag one at D. J. Healy's. The fox in white and brown tones makes a deep shawl collar on coats tailored by Zelinka Matlick in wonderful, nubby Worumbo wools. Another dress coat features a full fox collar in the burnt sugar shade. Both of these lovelies, available in oatmeal, blue, grey and beige, are tagged at one hundred and fifty five dollars. . . . For sport wear there are delicious cashmires. Hand stitched details emphasize the classic lines. You can choose one in black, blue, taupe or bamboo . . . one hundred and twenty five dollars at D. J. Healy's in the village.

Easy does it and automatically, too. The Camera Center in the village has a new gadget. An automatic handling device that attaches to any Bell and Howell screen for easy carrying. All you do is press the button and the projector does the rest . . . oh the leisure of it all!

"WIND SPEED"

TELLS YOU CORRECT WIND VELOCITY AT ALL TIMES

The Dwyer Wind Speed Indicator molded in attractive gray plastic, measuring 6" x 7" is almost as much a decoration as a scientific instrument. Wind pressure on a vane-guided "Pilot Tube" registers right in the room from up to 50 ft. away. Velocities are shown in miles-per-hour and Beaufort scale up to "Hurricane" speeds. It's just as easy as reading a thermometer. A must for boat owners, fishermen, sportsmen, in fact everyone interested in accurate weather forecasting. Install Wind Speed today in your living room or den.

INSTALLATION IS SIMPLE AND FOOLPROOF

Wind Speed's gray plastic tubing connects directly from the indicator to a weather-vane which is easily attached on roof. Television antennae (it's non-magnetic and cannot affect reception), or wherever wind velocity is to be tested. Weather-vane, plus 50 ft. of tubing and all fittings are included — for the unbelievably low price of only
