**FINDS FALSE TEETH**  
A resident of the City has notified the police that she found a set of false teeth. The owner may retrieve the teeth by calling TU. 2-3198.

According to a University of Chicago study, banking today rates as one of the top four careers in prestige value. It outranks law, architecture and dentistry.

**Would-Be-Thief Caught In Act**

A would-be-thief was in police custody within two minutes after he broke into the Pointe Tire Service Station, Sunday night, March 10.

Police were tipped off by a phone call from a resident on Muir road who said a man had smashed a window at the side of the garage at 181 Kercheval. Officers William Elworth, Marvin Krebs, Eugene Thomas, and Russell Roland were at the service station two minutes later. The intruder was so surprised to discover the policemen, he came to the door and let them in the building.

Held on a charge of breaking and entering a neighborhood business after dark, is George W. Kingston of 6025 Hillcrest, Detroit. When an investigation of the offense is completed he will be bound over to Wayne County for trial.

**Drunk Driver Now in Jail**

A Detroit resident who was picked up for drunk driving on the morning of March 4, by Farms police, was bound over to Wayne County Jail last week to begin a 30-day jail sentence.

Thomas Jones, Jr., of 124 Alfred, was taken before Judge Grant E. Armstrong on March 6, and fined \$100 or 30-days in jail, for driving under the influence of alcohol.

Jones was followed several blocks by a scout car, before the 1954 Mercury he was driving, jumped the curb on Ridge road near Stephens. Investigation revealed that he has a long police record.

**Monteith PTA Meets Mar. 18**

The Monteith School P.T.A. will hold its next regular meeting on Monday, March 18. The classrooms will be open for parent visitation between 7:30 and 8 o'clock.

At 8 Gerald Stotzer, P.T.A. president, will open the meeting in Monteith Hall. Election of officers for the coming year will be held at this time.

The Monteith Brass Choir, and instrumental group directed by Mrs. Elaine Assmus, will present a brief program.

According to an announcement by Edwin D. Rose, father-vice-president of the P.T.A., Robert M. Orr, director of Public Libraries and members of his staff will give a pictorial presentation of the work of the Grosse Pointe Public Library.

Mr. Orr will be assisted in the presentation by Miss Jean A. Taylor, Chief of Children's Service, Mrs. Jean Milligan, Woods Branch Librarian, and Miss Harriet Helms, Children's Librarian at the Woods Branch. The presentation is based on 100 attractive slides in color, taken by Miss Taylor over the past year for the purpose of graphically portraying the many services of the Public Libraries.

The presentation was originally organized to be given as an official report on the Public Library to the Board of Education a year ago. Since then, it has been given to P.T.A. groups at Maire, Mason, Kerby and Richard Schools.

Mr. Rose reports that, having previously seen the program, he feels it should be one of the outstanding programs of the year, portraying as it does a number of library services of which many people are still unaware.

Mrs. Kenneth Holsapple and her committee will serve refreshments during the social hour following the meeting.

On Friday evening, March 29, at 8 o'clock the Monteith P.T.A. will hold a card party at the school.

Highlighting the program were remarks by Dr. W. W. Wattenberg and a speech by Superintendent James W. Bushong. Dr. Bushong was honored by the group with a special citation for his service to Grosse Pointe.

**Student Choir Very Popular**

By Sue Cumberworth  
"Performance by Request", just about the next best thing to a command performance, are familiar words to the A. Cappella Choir of Grosse Pointe High School.

Last Friday, March 8, for example, Mr. John Finch and 40 of his best voices answered an invitation from the Detroit Council of Churches to sing for its World Day of Prayer services at Memorial Church.

Because of limited facilities, only 40 of the group participated. These according to Mr. Finch were "the cream of the crop."

This semester's choir is notably one of the largest in history, 120 strong. Most of the new additions were to the soprano section, reputedly a little weak last term. Many new faces now appear in the tenor and bass sections, which lost many lusty voices in the last graduating class.

And while last year's was mainly a choir of group voices which excelled in blending and shading, many fine solo voices distinguish the new group. Penny Eyres, Vincent Calca terra, Jimmy Gleason, and Cal Knorpp are worth special mention.

The religious theme which prevailed was carried out effectively in the familiar hymns "Beautiful Savior," "The Lord Bless You and Keep You," "The Lord's Prayer" was also included.

The Choir's annual spring concert is scheduled for April 12.

**Unitarian Church Having Birthday**

Each charter member arriving at Grosse Pointe Unitarian Church this Sunday March 17, will receive a white carnation at the door, and will be ushered to an especially reserved section in the church chapel hall.

Marking the 18th anniversary of the founding of the congregation, the service will include a special responsive reading honoring the founders, words of remembrance for charter members who have passed away during the last year, and an anniversary sermon, "Choose Your Own Ancestors".

The Coffee Hour following the service will provide opportunity for an informal reception honoring those charter members who are present. Thirteen of the original 66 were able to be present for last year's service, and an even larger number may be able to be present this year. Rev. William D. Hammond has been minister of the church since 1950. John A. Herrmann of Kenwood court, is the congregation's president for 1956-57.

### Growing Annual Flowers To Be Subject of Panel

#### Tom Taylor and Son Newest Buick Dealers

Tom Taylor, well known Grosse Pointe resident, has recently become Detroit's newest Buick dealer. The Taylor Buick Company occupies spacious quarters at 13033 Gratiot just a little way below Six Mile road.

There Tom Taylor has been joined by his son, Bill, as assistant sales manager. Bill, who is a graduate of Grosse Pointe High, shares his dad's enjoyment of boating and the water.

The elder Taylor, well known for his activity in yachting circles, is a member of the Detroit Yacht Club. There he keeps a berth for the Florence T., of which he is the proud skipper.

The selection, growing and arrangement of annual flowers will be the subject of a panel discussion Thursday, March 21, in the John D. Pierce Junior High School Auditorium, 15430 Kercheval avenue, at 8 p.m., as a public service of the Men's Garden Club of Grosse Pointe.

James Wilson, in charge of consumer relations at Ferry-Morse Seed Company, will discuss "Changing Public Tastes in Annuals." Mr. Wilson's work includes the preparation of catalogues, booklets, motion pictures and other advertising for the seed company.

He will be followed by Gilbert Bentley, veteran plant breeder for Ferry-Morse at its Rochester, Michigan, experimental gardens, who will speak on "Techniques in Growing Annuals." With 31 years' experience in trial gardens, Mr. Bentley has probably planted more annual flowers than any other person in this area.

Concluding speaker will be Mrs. Isabel Zucker, Garden Editor for the Detroit Times, who will discuss "How to Use Annuals in Flower-Pieces." Mrs. Zucker recently authored a tremendously successful booklet, "Fixing Flowers to Please Your Family," copies of which will be distributed to those who attend.

Stephen E. Beale, Ferry-Morse president, will be chairman of the meeting and will act as moderator during a ques-

tion-and-answer period following the three talks.

Now in its fifth year, Men's Garden Club of Grosse Pointe, affiliated with Men's Garden Clubs of America, has approximately 135 members. Regular meetings are held the third Thursday of each month at Grosse Pointe War Memorial Center. The special March meeting is open to all residents of the Grosse Pointe area, both men and women, who have an interest in gardening.

## Look who upset the "Low-price" Applegart!

This one's had them rubbing their eyes ever since it landed smack in the middle of the "low-price" field! The handsome rebel you see right here is upsetting tradition right and left on what a modest budget should buy. It's pricing a big 122-inch wheelbase right down with cars from four to seven inches shorter! It's adding a big bonus of extra road-hugging heft—and powering it with an all-new 347 cu. in., 10 to 1 compression ratio Strato-Streak V-8 for highest horsepower per pound in the field! A lot of might and muscle for sure—but it's gentled like nothing else on the road by Pontiac's exclusive Level-Line Ride and Precision-Touch Controls. And remember—the Chieftain's standards of luxury and quality were set by the same men who gave America the incomparable Custom Star Chief Catalinas. What we're leading up to is this: If smaller cars have gotten you down, you can actually buy a Chieftain Pontiac for less than 30 models of the "low-price three"! Why wait any longer to give your spirits and your budget the lift of a lifetime?

### Recognition Won By Art Students

Two Grosse Pointe High School students, Donna Day and Patricia Babbage, received honors in the Annual Scholastic Art Awards competition. The girls both were recognized for their ink drawings, which were exhibited with those of other Detroit and suburban high schools at a downtown store. Patricia received a gold key for "Danny" and a certificate for "Chuckie." Both were drawings of small boys. Donna was awarded certificates for "Thinking" and "Going Steady."

Gold key entries will go to the National Competition in Pittsburgh.

More than 20 different arts were represented. They were: dress designing, ink drawing, pencil drawings, silver work, wood carvings, ceramics, oil paintings, weaving, black and white photographs, watercolors, general design, greeting card design, felt and linoleum prints, colored slides, pastels and colored pencils, lettering, mixed media poster, illustration advertisement in crayon, charcoal, and colored chalk.

### Panel to Talk On Middle East

An extremely interesting program is scheduled for Sunday afternoon, March 17, at 3 o'clock at the Central Library. The Friends have arranged a panel discussion on The Middle East.

Members of the panel will be Russell Barnes, writer on national and international affairs for The Detroit News, and Dr. John T. Dempsey, professor of political affairs at the University of Detroit, who conducts a commentary on current news twice a week on Channel 56. Miss Leontine Keane will be the moderator.

Both panelists are exceptionally well informed and are keen students of the foreign situation, current and historic. The meeting is open to everyone interested in this vital subject. There will be time, it is expected, for questions from the floor at the conclusion of the panel discussion.

As is customary at the Friends' Sunday afternoon gatherings, tea and refreshments will be served after the program.

### Girl Scouts Celebrating 45th Birthday This Week

This week, Sunday March 10 through Saturday, March 16, the Girl Scouts are celebrating their 45th birthday. It always includes March 12, the anniversary of the day in 1912 when Juliette Gordon Low called together the little group of 12 girls of Savannah, Georgia, who voted to set up the first Girl Scout troop in the United States.

The principal emphasis for 1957 is "Girl Scouting is a Family Affair." Special efforts are being made to demonstrate that Girl Scouting is an influence for good in American families and to underscore the importance of men as Girl Scout fathers and husbands and as members, supporters, and friends of Girl Scouting.

Birthday week marks a double anniversary this year—the Scouts' 45th birthday and centenary celebrations for the man whose ideas on women's education influenced the lives of 12½ million American women. This man was Lord Robert Baden-Powell, of Gilwell, England, who started the idea of a scouting game for boys while he was still an officer in the British Army. He wrote a book, "Aids for Scouting in 1899. The idea caught on so fast that he had to retire from the army to devote full time to his new youth movement.

Scouting for girls came into being when girls in England borrowed their brothers' Scout books and uniforms and attended meetings. When Lord Baden-Powell discovered this interest, he wrote a handbook for girls. A few months later, with this handbook and after several meetings with Baden-Powell, Juliette Gordon Low of Savannah, Georgia, started the

Girl Scout movement in the United States.

The movement has grown to a total membership of 2,860,000 in the U.S.—2,190,000 girls and 670,000 men and women. Ninety-nine and one-half percent of these adults are volunteers who donate their time, interest, and talents for the benefit of girls. Since 1912, at least 12½ million girls and women have belonged to the organization.

The Girl Scout and Girl Guide organizations have spread to 35 countries around the world. They work together through the World Association of Girl Scouts and Girl Guides. Regardless of language, religion, and cultural patterns, members of all these organizations observe the same Scout laws and use the trefoil emblems.

The Grosse Pointe District is planning a district-wide Girl Scout Open House this year to celebrate the 45th Birthday. It will represent "Girl Scouts in Action," with approximately 90 troops taking an active part. Guests will see a bird's eye view of every troop in Grosse Pointe working at normal troop activities of all kinds.

The date for the Open House has been set for March 30, from 1 p.m. to 5 p.m. in the Gym Auditorium of the Grosse Pointe High School. District Program Chairman, Mrs. Edward Kay will announce further details at a later date.

### League Offering Movie of Africa

"Safari Through the Belgian Congo," a color travelogue taken by Charles Helin, popular amateur photographer, will be shown at the Grosse Pointe Cinema League this evening, Thursday, March 14, at 8 o'clock at the Grosse Pointe War Memorial Center.

A limited number of free tickets for adults are available for this program at the Center and may be reserved by calling TU. 1-7511.

Mr. Helin, fishing tackle manufacturer and world traveler, will give the commentary on his film while he took last September while on a Board of Commerce African trip with a group of Detroiters.

Featured in his movie are shots of native animals—lions, elephants, etc., taken in National Albert Park, closeups of pygmies in their villages, and scenes showing river men fishing the Congo River in dugout canoes.

Some of the other highlights included in Mr. Helin's movie are the Watutsi dancers—recently featured in Cinerama—and trips through Elizabethville, Johannesburg, and Pretoria, the summer capital of Africa.

### Donate Motor To High School

Roseville High School's mechanically-minded students have a rebuilt 1956 Chrysler Spitfire motor to tinker with during their mechanics classes.

The engine was completely rebuilt with new parts by Nelson Fisher of Fisher-Record Motor Sales, 15000 Kercheval, and presented to the school on behalf of the firm on Friday, March 1.

Mrs. Barnard Coyle of Roseville, an employee, represented this Chrysler-Plymouth dealer during the presentation.

Other equipment is expected to be donated, so that the students interested in mechanics will be given an opportunity to disassemble and re-assemble, and learn the fine engineering of Chrysler and Plymouth products.

Wildebess is the Dutch name for the gnu, a South African antelope.

### Scouts Finish Swim Program

The Girl Scout Swimming Program, attended by over 125 Girl Scouts, wound up its 20 weeks' series on Tuesday, March 12, at 7 p.m. at the Grosse Pointe High School pool.

W. George Wibby, assistant director of Safety Service of the Detroit Chapter of the American Red Cross, has directed this series.

Red Cross badges and awards were made to the following groups: Beginners (who will also receive Girl Scout swimming badges); Intermediates; Swimmers, and Jr. Life Savers.

Also awards were made to several Senior Scouts who have helped as guards during the course. The regular class period was held at 7 p.m., followed by awards, and then there was a period of "water fun activities."

Mr. Wibby also announces that on March 19, at 7:30 p.m., at the high school pool there will be a Safety Education program, as a follow-up to this series of swimming lessons. The program will stress safety around water, with "do's" and "don'ts" of handling small craft. These will be illustrated by a comedy number in a canoe, done by canoe experts.

Safety features of canoes and other small craft will be illustrated, also life saving skills by swimmers as well as by non-swimmers. Highlight of the evening will be an expert canoe paddling exhibition by Omer Stringer, for many years a guide in the North Canadian wilds. He will demonstrate trick paddling and stroke techniques.

Special thanks for making this swimming series possible go to Mr. Wibby and to Red Cross instructors, George Stojanovich and Bill Herrick. Mrs. Edward Kay and Mrs. Gordon Roeglin of the Grosse Pointe District Girl Scouts handled the registration and the attendance records.

**How to Profit Through Tax Exemption**

With today's high tax levels, investors in medium and high tax brackets are turning to tax-free Municipal Bonds for income that they can keep.

If you have a taxable income of \$10,000 or more, you may be well repaid by investigating the advantages of tax-exempt State and Municipal Bonds. For instance, if you file a single return on a taxable income of \$14,000, you would have to receive a dividend return of 7.45% on a taxable security in order to equal the yield from a 3.50% tax-free Bond. It's something to think about!

Our New Booklet, "How to Profit Through Tax-Exemption" explains in plain language you need for tax exemption, tells how much these high-grade investments can be worth to you. There's no obligation. Send for copy today, or phone

**Classic Mountain Climbing Movie Offered by Library**

Tomorrow night, March 15, at 8 o'clock, the Grosse Pointe Public Library, in cooperation with the Friends of the Library, will present a film program of rare interest to all adult residents of the community. The film will be Maurice Herzog's ANNA-PURNA based on his best-seller of the same title.

ANNAPURNA records the first conquest of an 8000-meter peak (26,493 feet) by the French Himalayan Expedition of 1950, the highest mountain climbed by man at that time. ANNA-PURNA has been called a thrilling story, valuable as a record of a remarkable mountaineering achievement, well worth seeing as a revelation of the indomitable spirit of man. After the peak has been reached, the scenes of the fearful journey back, of the blizzards, avalanches, torrential rains, and other hazards that had to be met by men, who already half dead by the climb, are things never to be forgotten.

James Ramsey Ullman, famous explorer and author of best-selling books on mountain climbing, says of ANNA-PURNA: "This is a thrilling, gallant, and

moving story, in some ways a terrible story, and long after higher summits are reached and Annapurna has become 'just another peak' it will be remembered and honored in the annals of mountaineering.

"Most Himalayan chronicles are records of failures. This is one of triumph at a higher price than that of many defeats." The film, in Technicolor, contains some of the most terrifyingly beautiful pictures ever to move across the screen.

ANNAPURNA will be shown only once in the Meeting Room of the Central Library at Kercheval and Fisher. No reservations will be made, nor are tickets required. As an added feature of the program, Mr. Clark T. Wells, will lead a discussion of the film at the conclusion of the showing.

A display of books on mountain climbing will be available for the convenience of patrons wishing to follow up ANNA-PURNA with reading material.

## Whiskey Stolen From Basement

A workman who was checking the house of his employer while the family was out of town, discovered on March 6, that someone had broken into the Richard Stanny residence at 233 Lewiston.

Entrance was gained by breaking a window in a rear cellar door. Six cases of whiskey were removed from a fruit storeroom in the basement. The thief apparently did not enter the rest of the house.

The workman told police he last checked the home on March 2, so the robbery took place sometime between that date, and March 6.

upon. Practically any time during the business day some 30 cars can be found parking on this parcel. If adequate facilities are not available in the business section the overflow will unavoidably overflow into the nearby residential area.

Opponents to the parking lot addition have made certain charges. Chief among them is, that behind the proposed action is a plan to expand the Kercheval business area beyond the present limits. This is definitely not true. The one and only purpose of the addition is to try to meet the requirements of the existing section. Since any of us have been on the Council there has never been an action taken based on motives which we have withheld from the public.

Another charge has been that the cost of improving the new parking area (estimated at less than \$15,000.00 including fencing and landscaping) represents an expenditure of public money for the sole benefit of the local businessmen. We deny this emphatically. Of course it is vital to the businessmen to have adequate parking, but we believe a high class small local business center provides services in which the entire community is interested. We believe the adjoining residential areas and the entire City would be adversely affected if the quality of the Hill is allowed to deteriorate as a result of lack of proper parking facilities. As for the expenditure of public money in this connection it should be borne in mind that the revenue from street and present parking lot meters contributes far in excess of the cost for policing and maintenance. Furthermore, the proposed addition would be metered to provide additional revenue. It is hard to see where a profitable enterprise can be attacked in any way on financial grounds.

It has been charged that the parking lot addition will seriously affect property values in adjoining residential areas. We believe that the fencing and landscaping along the northerly boundary of the addition will render the parking area at least no less desirable from the standpoint of the adjacent residences than would be the bordering playground. We are sure property values really would be damaged by the overflow of business parking if relief is not provided.

In the Council planning every consideration has been given to removing possible objectionable features. Traffic will be kept to a minimum by day, and eliminated entirely nights and Sundays, by the following regulations:

1. By one way traffic entering only from Ridge Road.
2. By prevention of entrance by commercial vehicles.
3. By providing for gates to be closed at night and Sunday.

4. By setting meter rates low to attract the all day employee parking.

Very truly yours,  
William F. Connolly, Jr., 84 Moran Road.  
George S. Lang, 465 Kerby Road.

To the Editor:—  
On behalf of the Grosse Pointe Board of Education I wish to express our appreciation for the interest shown by citizens in our School System. Prior to the recent election every effort was made to inform all of the people in regard to the needs of our schools. In addition to explanations provided at the School Board meetings, where all are welcome to attend, the Grosse Pointe News was most generous in space allotted to questions and answers. The Public Letter Box was very active and many questions were answered for writers through this means.

Public meetings were planned by the League of Women Voters and Parent-Teachers Associations, including the Mothers' and Dads' Club. On request Board and Staff members appeared before small groups and individuals to explain the need and answer questions.

We appreciate the suggestions and cooperation from hundreds of citizens. Our School System will continue to give Grosse Pointe girls and boys a fine, well-rounded education.

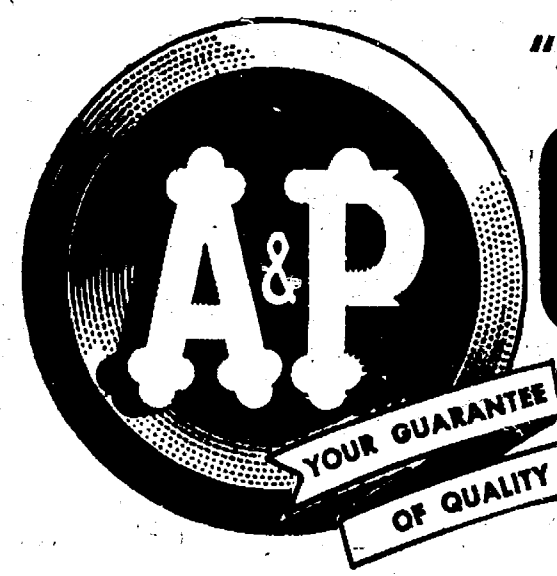

We thank the citizens of Grosse Pointe for being far-sighted and forthright in their interest in the schools of this community.

ROBERT F. WEBER,  
President,  
The Grosse Pointe Board of Education.

Dear Sir:—  
As one still a legal resident of Grosse Pointe Farms, although temporarily a resident from the City, I should like to make a few comments about the scheme to turn part of the Richard School playground into a parking lot.

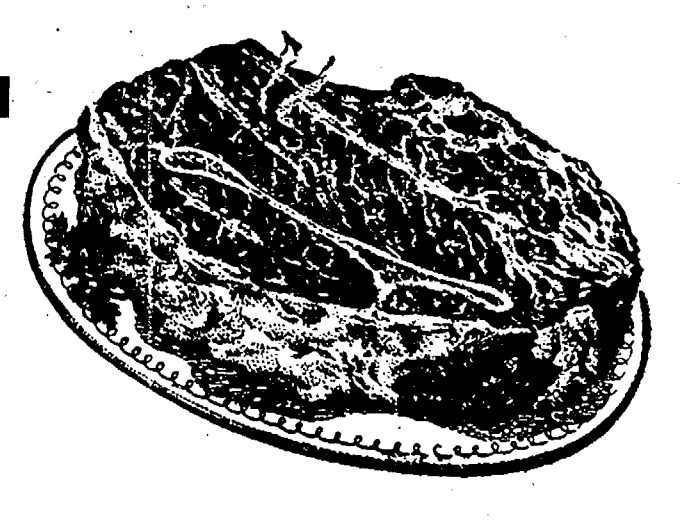

People anxious to convert playgrounds, parks and the like to essentially commercial uses always present fairly plausible arguments. They point out that "idle" property will go back on the tax rolls or, as in this case, will produce parking meter revenue. They recite the public convenience and usually seek to equate their objectives with the "true" public interest.

By and large the users of playgrounds and parks — and more playgrounds and more parks instead of less—are articulate and disorganized. They are children, or casual visitors, or ordinary citizens with no special interest, except that they use the facility and would have a vague and immeasurable feeling of loss if it were removed.

## Lochmoor Re-Opens With Holiday Dance

Club's New Decor to Be Previewed by Members At St. Patrick's Day Dance on Saturday; Mr. and Mrs. William Hennessy, Chairmen

During the past month, although Lochmoor Club has been closed to its members, there has been much to do about a general face-lifting throughout the club house, preparatory to the grand re-opening on March 15. This will signal a season of a capacity golf schedule, interspersed with an equally busy social season.

Mr. Norman G. Norman, club manager, has been supervising the hordes of workers swarming about the premises; painters, brightening up dark corners with a fresh coat of color and hanging new wallpaper; carpenters tearing out walls to make way for additional picture windows and carpet layers replacing worn out rugs with new layers of floor covering.

All will be in readiness to welcome the return of the members, many of whom scheduled their winter sojourns to points north, south, east and west to coincide with the club's temporary shut-down, and who are trekking back to their Pointe headquarters to be on hand for

Pair Speak Vows in St. Lucy's Church in St. Clair Shores; Bride Remains Here While Mr. Patten Completes Navy Duty

At a recent high nuptial mass in St. Lucy's Church, St. Clair Shores, Janet Rosaline Raetzel, daughter of Mr. and Mrs. Raymond Raetzel, of Hampton road, was married to William J. Patten.

For her wedding the bride chose a gown of taffeta and lace. The scooped necked bodice was of lace and the full skirt of net over taffeta, appliqued with lace.

Her pearl crown held a fingertip veil of illusion and she carried white carnations and ivy.

Sylvia Wodwaski came from Harbor Beach to be her only attendant. She wore aqua net over taffeta with a matching crown and her flowers were white carnations.

Mr. Patten, son of the Robert Pattens, of Orange, Tex., asked

Robert Long, of Ann Arbor to be his best man.

An evening reception in the bride's home was hosted by her parents. Mrs. Raetzel chose an iridescent rose taffeta gown with matching hat and pink carnations.

Following a wedding trip to Northern Michigan the bridegroom returned to his Navy post and his bride will join him at the end of the year when they will make their home in Orange, Tex.

## Young Hold Shipwreck Party at Center

—Picture by Sigmar Regius  
Last week all five of the Grosse Pointe War Memorial's Ballroom Dancing Classes enjoyed "Shipwreck Parties." Attired in every sort of costume from beach combers' outfits to tails, the youngsters had a hilarious time doing novelty dances and very active party games. Every season "Uncle Bill" and "Aunt Marge" Wilson, the Center's popular dance instructors, take a "breather" from the usual dignified decorum of the ballroom and teach the students a variety of "lots of fun" party games and group dances. The youngsters love it. The "Shipwreck Party" is here to stay.

## Harmonie Lists Coming Events

It's a grand evenin' they'll be having at Harmonie's St. Patrick observance some Saturday, according to assurances from Julius C. Ropp, chairman.

From 6:30 to 9 o'clock members and their guests may feast on corned beef and cabbage plus other approximate viands; or, if more to their liking, a generous helping of one of the chef's super roasts.

Following dinner there will be dancing with favors for all and a brief period is planned wherein the crowd may indulge or join in favorite Irish songs. It is hinted that Harmonie's president, J. Willard Carpenter, will sing an Irish ditty.

Assisting the chairman will be Grosse Pointers Mr. and Mrs. Henry J. Bock, Arthur Gieseck, Mr. and Mrs. Herbert W. Roushkolb, Mr. and Mrs. Bertram Jones and Mr. and Mrs. Ernest Nigg.

Mrs. Nigg heads the women's committee for the big annual fashion show set for April 10, to be preceded by a 11:30 luncheon.

"Family Night" dinners with dancing optional, are on the program for March 23 and 30. An Easter party for children of members will be held Saturday afternoon, April 20; teenagers in formal dance, April 24; and Harmonie's annual bowling ball, April 27.

Sympathy may help a little, but it will never take the place of ready cash.

## Water Supply Study Subject of Reports

League of Women Voters Schedules Group Meetings To Hear Results of Research By Conservation Committee

Many have looked out over the sparkling blue waters of Lake St. Clair and wondered why, with all this water, they could only sprinkle parched lawns during certain restricted hours of the day or evening.

Mrs. Clarence Koebbe, chairman of the Conservation Committee of the League of Women Voters, has been delving into the study of water conservation, and her committee is now ready to present to the membership some of the aspects of the problem.

"Watershed management, forest conservation, water pollution and soil conservation are all part of the picture," says Mrs. Koebbe.

The March Unit meetings of the League of Women Voters will be devoted to this subject. Members are urged to attend the unit meeting of their choice, and guests will be welcome. The first meeting will be held Monday, March 18, from 10-12 a.m. at the home of Mrs. Harcourt Caverly, 1173 Audubon.

On Tuesday, March 19, the meeting will be in the evening from 8-10 o'clock, at the home of Mrs. Joseph Thompson, 54 Radnor Circle.

There will be two meetings on Monday, March 25, from 1-3

## Election Conducted By Voters' League

### Study of Grosse Pointe Park Government Picked for Project on Local Level; Mrs. Chester Cable Is Speaker

The library at the War Memorial Center was the scene of the luncheon and annual meeting of the League of Women Voters of Grosse Pointe on Friday, March 8. Guest speaker, Mrs. Chester H. Cable, president of the State organization in Michigan, spoke to the more than 60 members and guests on a subject most important in League circles—"Consensus".

Mrs. Cable described consensus as a "meeting of minds," and said that the consensus-making process is a gradual one in a group such as the League, and required much time, patience and thought.

The only by-law change to come before the assemblage was a raise in membership dues, and was adopted by unanimous decision. The principle effect on the local budget of this change will mean that all of the services the local league receives from the state and national offices in the form of publications, program planning aids, and organizational assistance will be covered by membership dues.

Local community services, such as Town Hall meetings, candidate qualification reports (Voters' Guides), speaker programs, free publications, etc., will continue to receive the support of individual contributions from league members and non-member friends of the league.

The item for study on the local level, adopted by a majority vote was: A study of the Government of Grosse Pointe Park with focus on the Council, its duties, organization and problems in comparison with the other Pointes. This item, as envisioned by those who spoke in favor of it, will involve the League in a comparative study of the local governing bodies of all of the five Pointes, their structure and organization their problems, and their policies.

League members living in different areas of the community will attend their respective council meetings, obtain data

### Regina High Parents To Plan Gatherings

The next meeting of the Moms and Dads Club of Regina High will be March 20 at 8 o'clock at the school on Kelly road. Plans will be made for several spring parties at this meeting.

## Holiday Eve Party at GPYC

It will be "the wearing of the green" in a big way at Grosse Pointe Yacht Club this coming Saturday night, March 16, for the annual St. Patrick's party.

Coquettish colleen bonnets for the distaff side and shiny green paddy hats for the men will establish the theme along with the shamrock decor—and there's always a sprinkling of party frocks in emerald color traditional to the "ould sod."

Mr. and Mrs. Albert J. Grundy will be among the some 200 present — they've again chosen GPYC's St. Patrick party for the celebration of Mr. Grundy's birthday anniversary, as they've done now for a dozen years.

They've invited 14 friends for the club's dinner-dance and floor show, preceded by a cocktail hour in their home on University Place. Their guests will be Mrs. Donald C. Van Pelt (she'll be toasted, too, for her early March birthday), Edward F. Lee, the A. Richard Stannys, the George A. Currutts, the Dallas Newkirks, the H. E. Stuckeys, and Mr. and Mrs. Shirley J. Georgi.

The throng of GPYC members and their guests will join in the big ballroom-lounge, arranged with a decorative canopy of green and white streamers and tables set around the dance floor.

On the bandstand will be the Fenby Carr Orchestra — they'll play from 8:30 o'clock on. Entertainment at 10 p.m. will present Conlin and Ryan comedy duo, and the Terry Sisters, acrobatic threesome.

And they'll be party favors in the St. Patrick mood, according to Bruce Cornell, chairman.

## Garden Club Plan Meeting

The Grosse Pointe Garden Club will meet on March 19, at 12:15 p.m., in the home of Mrs. Eugene Hawkins of Renaud road. A business meeting will precede a luncheon, following which there will be a talk given by Mrs. Frank Chapman on the "International Farm Youth Extension Program."

She will be introduced by Mrs. Harry Howenstein, program chairman.

## Grenelle-Estevaz Fashions To Be Shown at Jacobson's

For the first time in its exciting fashion history, Grenelle-Estevaz, Inc. is presenting a trunk showing of its entire line! This dramatic new collection will be on view at Jacobson's on Friday, March 15.

Designed by Luis Estevez, one of the youngest and most talented designers and 1956 winner of the coveted Coty Fashion Award, these dresses and ensembles are an adventure in sophisticated beauty. They are bewitching, beguiling, artfully provocative—expressing the personality that every woman secretly hopes is her own.

Estevez' new group is inspired by the gay, modern music of Cole Porter: vibrant in its use of color, bold in line. Although Estevez is still master of the lean sheath (often bare-back, always fascinating), he also displays his artistry in pouring full, full skirts from fitted torsos.

Many-season fabrics make his dresses timeless; most of them can be worn north or south, all around the calendar. In addition to refreshing cottons, there are linen-looking silks, silk crepes, and the marvelous new Estevisimo silk chiffon which was woven especially for this collection.

Here is a unique opportunity to see the complete Estevez collection—informally modeled for you from 10 to 4 on March 15, at Jacobson's Grosse Pointe store.
