

# POINTE SET FOR APRIL ELECTION

## HEADLINES

### of the WEEK

As Compiled by the  
Grosse Pointe News

Thursday, March 14

**BLARING HEADLINES** told of the arrest of James R. Hoffa by FBI agents on charges of bribing a lawyer working with the Senate Labor Racketeering Investigating Committee. Hoffa, a top figure of the Teamsters Union, was arrested in a downtown hotel in Washington, D. C., and had documents in his possession, from the committee's files, "he had just received."

Friday, March 15

**CHARGES THAT** James R. Hoffa, Teamsters vice-president, tried to bribe a member of the secret Senate committee investigating vice and racketeering in labor, is being checked into by a Federal Grand Jury. United States Attorney Oliver Gasch confirmed that the Grand Jury went into action within 4 hours after Hoffa's arrest by FBI agents, but declined to say which witnesses have already been heard.

Saturday, March 16

**ADVANCE planning** for the Middle East "peace and tranquility" has been dropped by the United States as new trouble brewed in the Israel-Egypt quarrel. Among the situations which have developed were the postponement of Secretary-General Dag Hammarskjöld's trip to Egypt, and the taking over of the civil administration of the Gaza Strip by Egypt's Maj. Gen. Mohammed Hassen Abdel Latif.

Sunday, March 17

**DEFENSE PREPARATIONS** on an intensive scale are being carried out by Israel as a result of threats against Israeli shipping by Saudi Arabia and Egypt. The two Arabian countries said they would bar Israeli ships from the Gulf of Aqaba and the Suez Canal. The threats rekindled Israel's determination to fight force with force. She vowed to shoot her way through both waterways, if need be, and the seaman's union formally pledged to furnish the crews to man the ships if Israel goes ahead with her plans.

Monday, March 18

**THE BODY** of Philippine President Raymond Magsaysay, and 24 others killed in his private C-47 airliner on a Cebu Island mountain, have been recovered. Officials suspect sabotage of the plane which crashed in flames. A Filipino newsman, Nestor Mata, the only survivor of the tragedy, said that an explosion was heard before the aircraft plunged into dense jungle growth on 6,000-foot Mt. Bago, 22 miles north of Cebu City.

Tuesday, March 19

**AN EXPLOSION** which ripped through the Ford Motor company's Rouge plant in Dearborn injured 26 workers, six of them critically. The explosion occurred in a huge paint-drying oven in the northwest section of the building, blowing out 500 feet of brick and glass. Several Detroit police ambulances and all available Dearborn ambulances were pressed into service to take the more severely injured to Henry Ford Hospital and the Wayne County General Hospital. Employees who escaped the disaster said the plant looked as though it had been bombed. There were about 100 workers in the blast area, at the time, and about 1,800 in the building.

Wednesday, March 20

**ONE WORKER**, who was critically burned in the Ford River Rouge plant in Dearborn, died in Henry Ford Hospital. Dead is John Goodwin, 57, a final inspector and a Ford employee for the last three years. Five others are still in bad condition and 20 more were injured in the explosion which rocked the Wayne County General Hospital, three are on the critical list, and three are in serious condition. Seven others were treated in the company plant hospital and sent home. Joseph E. Patten, supervisor of plant protection, said the blast might have been caused by an accumulation of paint fumes in the paint-drying oven, despite ventilation fans that operate continuously.

## This Setter Lies Down on Big Assignment

Activity around the Earl L. Morrison residence on Hollywood road, was increased considerably with the arrival of 13 Irish Setter pups on March 9. The proud mother is "KOKO," who is a child bride only 20 months old. The sire was "Mike," field trial trophy winner, and bred of championship lineage. Mother "Koko" and her dozen-plus are all registered with the American Kennel Club.

## Offer Facts On Woods Bond Issues

Citizens' Advisory Committee Submits Fifth of Series of Articles

(Editor's Note: This is the fifth in a series of articles on the three Capital Improvement Bond Proposals which will be voted on at the Grosse Pointe Woods general election April 1.)

In previous articles, the Grosse Pointe Woods Citizens Advisory Committee presented in detail the needs and advantages of the three proposed Capital Improvement Projects which will be submitted to the voters of the city at the Spring election on Monday, April 1.

This article is devoted to a study of the combined costs of these proposals and the effect a successful vote would have on the tax-payer's pocketbook.

### Assessed Valuation

The City of Grosse Pointe Woods is a fast growing community with a County Equalized Assessed Valuation second highest of the five Pointe Communities.

Because of its rapid residential development, the total valuation has increased from \$39,264,610 in 1954 to \$45,378,460 in 1956. This is a total increase of approximately six million dollars.

It is estimated that the assessed valuation for real and personal property in the City will increase to \$55,000,000 within the next 10 years. This will amount to a yearly average of (Continued on Page 2)

## Neighborhood Club Plans Ambitious Tennis Program

The Neighborhood Club has undertaken a most ambitious tennis program for the coming year, which will include resurfacing the six courts, sponsoring tennis clinics by such outstanding teachers as Jean Hoxie and Bill Murphy, and the hiring of a full time professional tennis instructor.

Bids are now being taken on resurfacing the courts. The work will be done in April or the first week of May.

Jean Hoxie has agreed to put on two of her internationally famous tennis clinics which have developed a wonderful interest in tennis. The exact dates will be announced later.

The club is hoping to be able to get Bill Talbert, the captain of the U.S. Davis Cup Team, to come to Grosse Pointe for a clinic or exhibition, and has also invited Bill Murphy, University of Michigan tennis coach,

## Pointe's 1624 Girl Scouts Will Celebrate Birthday With Open House March 30

High School Gymnasium Will be Scene of Gigantic Presentation of Work Being Carried on in Weekly Programs

The 1624 Girl Scouts and Brownies and 537 adults in Scouting in the Grosse Pointe District will celebrate the Girl Scouts' 45th Birthday by holding an Open House on Saturday, March 30 at Grosse Pointe High School Gymnasium-Auditorium from 1 to 5 p.m. The theme of the Open House is "Girl Scouts in Action," and the general public is cordially invited to drop in for a neighborly visit.

In appreciation of the interest and support they have received from the community (cookie sale, for instance), and also in acknowledgement to the schools, Neighborhood Club, and the Grosse Pointe Congregational Church for sponsoring the 91 troops and providing meeting places, the Girl Scout Family of Grosse Pointe would like to show what goes on in troop meetings, every day of every week during the school year. It would take a person 18 weeks to visit every troop in Grosse Pointe if he were to visit one each day, so the Scouts are having every troop bring a segment of its meeting to the gymnasium where friends may visit and get a birds-eye view of the vast scope of activities. The troops were asked to present whatever they had planned to be working on in March. So this exhibit is not a special production, just a sampling of the every-day troop program.

### Thief Visits Grocery Store

Sergeant Foster Mauck and Patrolman Virgil Beaupre of the City police department discovered a breaking and entering at the Robertson and Son Grocery store, early Thursday morning, March 14.

The officers were checking stores on Mack avenue about 3 a.m., when they found the front door of the market had been kicked until the lock snapped.

Mr. Robertson was notified, and a careful search revealed that \$45 was taken from a room in the rear of the store.

### To Show Arts and Crafts

The field of Arts and Crafts shown will include ceramics, copper, enamelling, basketry, leather, metal etching, potato prints, literature and Dramatics will include hand puppets, finger puppets, and a peep show. There will be a Radio and TV Street Interview.

The program field of Out of Doors will be represented by exhibits of troop camp preparation (bed rolls, fires, lashing) and a day at camp in miniature. There will be a first aid exhibit, several Day Camp projects, and Senior Mariner displays of knots and splices and-aids to navigation.

On the stage at 20 minute intervals starting at 1 p.m., will be presented an Opening Flag Ceremony, French Dance, Pantomime, Rhythm Band, Sicilian Dance, "Cottage in the Woods", "Hokey Pokey", Dutch Dance, Fashion Show, American Square Dance, and a Closing Flag Ceremony. From the youngest 7 year old Brownie, to the 17 year old Senior, the Girl Scouts urge their friends, "Come and meet us at 'Girl Scouts in Action'".

## Farms Lets Dutch Elm Spraying Bid

Council Extends Final Notice Date from April 5 To April 30

The Farms has contracted to have its public and privately-owned elm trees sprayed. On Monday, March 18, the Farms council approved the awarding of a \$3,456 contract to the Davey Tree Expert company for the spraying of public-owned elms. The contract includes the dormant and foliage spray.

The company was also awarded the right to spray private elm trees, two sprays, for \$5.25 a tree, provided property owners request the city to handle the program for them at this price. All that need be done by the owners is to fill out a work order-questionnaire, make out a check to the spraying company for the number of trees to be sprayed, and mail these in to the municipal office.

### Extend Spray Date

The council, in consideration of the time element involved, has extended the final date for spraying from April 5 to April 30. All checks for spraying of trees on private property must be mailed in not later than Friday, April 10.

Payment of \$200 to the Shock Brothers, for a recent survey of elm trees, including sampling, was approved by the council.

### New Ordinance Passed

The Farms passed an ordinance on March 4, which makes it mandatory for owners of elms to spray their trees twice a year.

Instrumental in campaigning for such type ordinances throughout the Pointe, is the Grosse Pointe Property Owners Association, in the person of its secretary, Paul R. O. Marden. The Shores and the City are the other two Pointe communities having such ordinances, which were put into effect about a year ago.

## Auto Blazes In Handy Spot

The City Fire Department didn't have to travel far to put out an automobile fire on Monday, March 11. The car, a second hand item, was parked in front of the fire house when a short in the wiring started the fire. The driver explained that she had the car on a trial basis and had been considering buying it.

## Hospital Asks City For Permission to Add Parking Space

Bon Secours Seeks Advice On Proposed Developing of Property It Owns; Public Hearing Set for April 15

The Grosse Pointe City Council received a letter from Bon Secours Hospital on Monday, March 18, requesting permission, or information pertaining to the necessary procedures which would be required for the hospital to develop into additional parking space, the land it owns between Caroline street and the store properties on E. Jefferson avenue.

The hospital, one of the largest buildings in the Pointe, has on its payroll over 350 persons. This figure does not include volunteers, doctors using the hospital, and the Sisters of Bon Secours.

### Newer Cars Bigger

A recent survey shows that one parking space is needed for each patient bed, and one space is necessary for every five staff members. An obsolete ordinance defined 126 square feet as adequate space to park one car. With the larger dimensions of the late model autos, 176 square feet are required.

The present hospital parking lot has spaces for approximately 150 cars. The number of patient beds in the hospital has grown from 40 beds in 1942, when the convalescent home was converted, to today's 172 beds and over 40 bassinets which are almost entirely housed in the new building.

The vacant area which the hospital wants to convert into parking space is now zoned as a Residence B District, which does not provide for public parking. If the lot is to be developed for parking facilities the City Council would have to rezone the property or amend the existing ordinance. In either case the matter will be open for discussion at a public hearing scheduled for Monday, April 15.

Mrs. Patricia Maynard, 19, of 170 E. Grand boulevard, Detroit, was arraigned before Park Judge C. Joseph Belanger on Friday, March 15, on a charge of breaking and entering in the night time and larceny from a building.

Mrs. Maynard, who used the aliases Christine Maynard, Christine Maynard and Christine Stapleton, entered a plea of guilty to the charge. She was placed under a \$5,000 bond by Judge Belanger and remanded to the Wayne County Jail until trial date in Circuit Court, when the bond could not be posted.

### Arrested in Detroit

Mrs. Maynard was arrested by Detroit police on Monday, March 11, while she was talking over the phone to Park Det. Sgt. Arnold Hough, whom she called to taunt about a number of burglaries which occurred in the Pointe.

Sgt. Hough kept the young woman talking while the call was traced to a telephone booth in a Detroit restaurant at Jefferson and Field. Detroit authorities made the arrest after she finished her conversation and was about to leave the establishment.

The arrest of the woman solved 11 burglaries in the Pointe, seven in the Park, three in the Farms and one in the City.

### Said To Head Gang

Park Police Chief Arthur Louwers said Mrs. Maynard insisted she was alone in committing the burglaries. However, her apprehension resulted in a string of arrests in Detroit of members allegedly belonging to her "gang."

So far, about 20 persons are in police custody, with more arrests predicted.

All but two of those arrested were juveniles. They are all being held for investigation of receiving stolen property by Detroit police.

Chief Louwers said Mrs. Maynard is accused of the burglaries in the Pointe, but Detroit is handling the receiving of stolen property cases because they occurred in that community. The chief said a complete list (Continued on Page 2)

## Woods Bond Issue Forum Attracts 88

Competition For Council Seats to Be Decided in Farms, Park and Woods

Woods citizens, it appears, are showing an apathetic attitude concerning the bond issues which will be placed before them at the April 1 election.

At the public forum held in the auditorium of the Parcels Junior High School on Thursday, March 14, only 88 persons were on hand to hear a report by the Citizens' Advisory Committee, and to view color slides and charts which illustrated the need for passage of the issues.

### Little Time Left

Less than two weeks remain for the electors to familiarize themselves with these issues, before they are given a chance to vote for or against them.

The three issues to be voted on total \$718,000, and are for: 1. \$475,000 for a new municipal building, badly needed because of crowded conditions in the present city hall; 2. \$135,000 to acquire money for the development and improvement of Ghesquiere Park; and 3. \$118,000 for the acquisition and development of a 10-acre park site in Marter road in the northeast section of the city.

### Three Incumbents Run

Also, besides voting for State and Wayne County officials, the Woods will pick three members to serve on the city council. Seeking election are three incumbents, Rex Johnston, Elsie Friedrich and Tom Bowling.

They will be opposed by Arnold Dissing, a former councilman. In the Farms, eight candidates will battle for seats on the council.

Seeking re-election are incumbents William F. Connolly, George S. Lang, Richard L. Maxon and Neil McEachin. They will be opposed by newcomers, Henry F. Bodman II, W. J. Macleod, Jr., Henry L. Petri and J. Lawrence Buell, Jr.

Grant Armstrong is unopposed for justice of the peace. In the Park, two incumbents are asking to be returned to the council, Charles F. Ives and Steven A. Walker. Seeking to unseat them are, Homer J. Cudia, Peter J. Gallette and Ken A. Zimmerman.

In the municipal judge race are, incumbent, C. Joseph Belanger and his opponent, Fred J. Potvin.

### Fritsch Unopposed

Mayor Homer Fritsch is unopposed for his post. In Grosse Pointe Township, all candidates are alone for offices. Ernest C. Putnam is running for the post of Supervisor; Thomas K. Jeffers, for clerk; Adolph L. Damman, treasurer; Edmund M. Brady and Gilbert T. Jerome, trustees; Victor DeBaeke, justice of the peace; and Robert A. Hawthorn, board of review.

Running for the four positions of constables, are: Fred Duemling, George LaForest, Harold Michaux and Melvin Yacks. The City will concern itself only with the state and county elections. Unlike the other Pointes, it holds its municipal election in November.

## Mayors to Swap Places for Day

In conjunction with the celebration of the Fourth Annual Michigan Week, Monday, May 20, has been set aside for a day of exchange of the state's mayors.

The results of last week's draw to pair off the municipalities which would exchange leaders, shows that Frederick W. Parker, Jr. of Grosse Pointe City, will preside over the town of Waldron.

William F. Connolly, Jr. of the Farms, will only go as far as St. Clair. Homer Fritsch of the Park, will change offices with the mayor of Three Rivers. Mayor Kenneth Koppin of the Woods, will go to Otisville. The Shores is not participating in the program.

## Crew Cuts May Hide Yen for Long Hair Music

By Sue Cumberworth  
G.P.H.S. Journalism Student  
"In 19 years of teaching music appreciation, I have known no other students to grow in their feeling for good music as these boys have."

Mr. Ralph Deal's forthright compliment fell on the broad shoulders and beaming faces of three 12A students of Grosse Pointe High School: Bill Boyer, Dave Hammond, and Price Watts.

Their achievements in the field of music, both tangible and intangible, provoked it. Together the boys have attended over 75 concerts in the series conducted each year by Mr. Deal, more than anyone in the history of the high school. All are products of his music appreciation and music literature classes.

Each has his own record player or hi fi set, one of them home built. And all boast extensive record collections. That is the tangible part of the record. The intangible part is their inestimable accumulation of musical knowledge, gained over a five-year period of study. Even more important, and difficult to measure, are the personal benefits of the unique "friendship" as applied to their daily lives.

As Price put it, "No one can deny that they want all the good things in life. For me, good music is just part of the way of finding them."  
"It grows on you," said Bill. "The more you listen, the more you realize how wonderful it is—and the more you like it."  
As with anything worthwhile, a hobby of music—even listening—demands time and sacrifices.  
"I remember several concerts I went to even though I had physics tests the next morning," said Dave. "I went because I knew it would ease my tensions, and because I felt that (Continued on Page 2)

(Continued from Page 1) sitting there listening to Beethoven or Sibelius would help me a lot more than studying—and I think it did.

As for pop music, according to these boys, there should be no comparing it with classical, or having to choose between them. There is good and bad in both, they feel, and it "just isn't logical" to discriminate against good popular music because you have advanced to something more complex.

"I don't like rock and roll," admitted Dave. But he added, "I didn't like it any better before I learned to appreciate classical."

Although it seemed hard for the boys to define all the values of understanding "good" music, they were quick to recognize a few that they've experienced in their own lives.

Price pulled some fuzz from his letter sweater. "Music helps you to relax mentally," he observed. "I appreciate it especially before a big game. There's something about a mood it creates that drags your mind away from your worries, when nothing else can."

Dave, also a letter man in football, agreed. "It's like taking a tranquilizer pill," he said, "only music builds you up emotionally, too."

"I think good music helps a person to mature," submitted Bill Gosh. "I can think of lots of guys—some of them my best friends—who've changed their whole outlook on life. Most of them admit it happened when they got interested in music."

Dave agreed. "Like Mr. Deal would say, music broadens your outlook, lends to maturity, and helps you to understand all

Exchange Club 46 Years Old

The founding of the nation's first Exchange Club 46 years ago will be commemorated by the Exchange Club of Grosse Pointe at a special anniversary celebration at its meeting on March 26.

Joseph F. Jannuzzi, president of the local club, said the first club was founded in 1911 by a group of Detroit business and professional men who had been meeting informally to exchange ideas and to plan projects for the improvement of their community.

"Today," he said, "Exchange Clubs are to be found in towns and cities throughout the United States of America, and membership runs into the tens of thousands."

President Jannuzzi also said the cutting of a large birthday cake, food in Exchange Club blue and gold colors, a traditional feature of their anniversary celebrations, will be observed.

Wives of Grosse Pointe Exchange Club members will share in the birthday celebration. After the dinner at the Grosse Pointe War Memorial, Vincent DePetris, nationally recognized authority on horticulture will talk about home gardening.

of kinds of people and things better," he concluded. At this point the interview seemed finished. The three boys seemed drained on their subject. But in the lapse that followed, I couldn't help wondering if maybe there wasn't something more.

This conversation had been like striking a rich vein of gold, and having dug all of it out, abandoning the mine. Only I didn't want to leave yet, without being sure there wasn't a whole new vein to be found, or even another gold mine somewhere near . . .

Price's next words were the clink of the shovel against pay-dirt. "Music can make you an individual!" he blurted. Then he glanced at his two friends.

"Go on!" their eyes urged. Price took the plunge. "Most kids won't dare violate their own strict little rules of behavior and dress. They won't risk losing their social standing by doing something a little out of the ordinary."

"But classical music is different. Once you get the courage to listen and absorb it, it's got you. You don't care as much about what people will think because this is something you like, all by yourself. Pretty soon you realize it doesn't make much difference with other people either." He beamed, triumphant.

"And it's a challenge you have to accept, once you find out it's there," added Dave. "Something makes you want to keep reaching up for the next rung on the ladder."

It was unanimous that there is no end to this musical ladder. At least, they felt assured, no man has yet reached the top—or in other words, learned all there is to learn about and from music.

In any case, it is apparent that these particular boys mean to continue their own searches, and to "keep reaching up" for the rest of their lives. Another thing is now evident: broad shoulders can support broad minds, too—and crew cuts can be longhairs at heart.

To Give Lecture On Car Styling

Homer C. LaGassey, Jr., manager of Chrysler Corporation's Dodge styling studio, will present an illustrated lecture on automotive styling, Thursday, March 21, to students of Parcels Junior High School.

In-pointing out the advantages of an automotive styling career, and the educational requisites for success in automotive design, LaGassey will show color slides of the phases of new automobile model design. The evolution of the Chrysler Corporation "fins" will be discussed.

LaGassey began his automobile styling career in 1942. Enlisting in the Army Air Force in 1943, he served as an armorer-gunner in a B-17 bomber combat crew. Following his honorable discharge in 1945, he enrolled at the Pratt Institute in Brooklyn, N. Y., graduating in 1947 in industrial design.

His career was interrupted briefly in 1951 when he was recalled to the Air Force for eight months as a design and development officer for Air Material Command. He joined Chrysler

Citizens' Advisory Committee Offers Facts on Bond Issues

(Continued from Page 1) age increase of about one million dollars. Tax Rates The present total tax rate in Grosse Pointe Woods for all purposes including City, School, and County is \$42.535 per \$1,000 of assessed valuation. This is broken down as follows: City Rate \$15.000 School Rate 20.735 County Rate 6.800

This is the lowest combined tax rate for any of the Pointes! The City tax rate of \$16.00 per \$1,000 of assessed valuation is the rate which has been applied for ALL CITY PURPOSES, including General Operating and Debt Retirement. Sufficient funds are set aside each year from this 15 mill levy for the specific purpose of paying principal and interest on the general debt of the City.

Present Outstanding Debt The City has an outstanding general obligation debt of \$853,000. The proposed improvements would increase this debt to \$1,581,000.

Under the law, the City may issue bonds up to 10 per cent of its total assessed valuation. The existing debt ratio is 1.87 per cent. With the new debt added, the ratio would increase to only 3.48 per cent. The Committee believes this is well within reasonable limits.

Cost of the Projects Detailed studies have been made of the millage costs for each bond issue and for all three issues combined. On a combined basis, the lowest annual rate would be .040 mills (40¢ per \$1,000 of valuation), and the highest would be 1.57 mills (\$1.57 per \$1,000 of assessed valuation). The average over a 30-year period would be approximately 0.80 mills, or 80¢ per \$1,000 of assessed valuation.

Effect on Tax Rates The Committee points out that the City Council has adhered to the following policy and practice for many years: (1) To maintain a constant City tax rate;

Clifton F. Michael Promoted in Germany

U. S. FORCES, Germany (AHTNC)—Clifton F. Michael, 22, son of Mrs. Harriet Elizabeth Michael, 1519 Kingsville road, Grosse Pointe Woods, Mich., recently was promoted to specialist third class in Germany, where he is assigned to the 3d Armored Division.

Specialist Michael, a map distributor in Headquarters and Service Company of the division's 23d Engineer Battalion, arrived overseas last May. He entered the Army in June 1955 and completed basic training at Fort Knox, Ky.

Michael, a member of Theta Xi fraternity, attended the University of Michigan. He was graduated from St. Peter's School, Peekskill, N. Y., in 1952.

Corporation in 1955 as manager of the Dodge styling studio. LaGassey was born in Detroit on May 15, 1924. He was graduated from Western High School in 1942, and attended Wayne State University.

A member of the Industrial Design Institute, LaGassey has lectured at the Pratt Institute and Notre Dame University on automobile styling and design.

(2) To treat all general obligation debts as an appropriation in the City budget. All existing general debt is being handled in this manner at the present time.

Experience over past years has shown this to be a reasonable and practical application. In view of this, revenues from all sources must be utilized in the financial projection.

Assuming a continuation of this policy, the Committee has prepared a table from data supplied by W. H. Lange, City Administrator, showing the anticipated distribution of revenues and expenditures over a 10-year period. The table includes the proposed new debt and shows a constant City tax rate. It also shows a good reserve for contingencies.

No one, of course, can guarantee that tax rates will not increase. However, on the basis of current and projected revenues, these propositions in themselves would not increase our present city taxes. It must be pointed out that surplus revenues used to retire these bonds will not be available for other purposes.

Summary It is a well-known fact that taxpayers very seldom "get something for nothing". The proposed projects will cost money, and the amount has been shown. The Committee believes the

financing can be accomplished within the present \$15.00 per thousand tax rate due to the latitude in our budget operation.

Because the members of the Committee are convinced of the need for these improvements, and because they believe the improvements can be financed

within the framework of the City's present tax rate, they recommend that all voters consider the three proposals favorably.

Misses Glasses But Hits Car

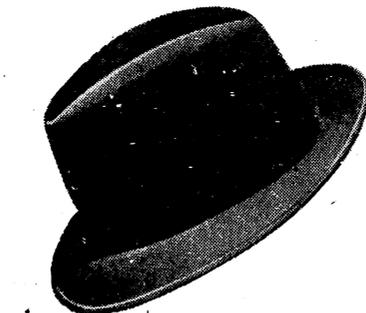

A Detroit woman was issued two violations on Wednesday, March 13, after her car was involved in an accident on Jefferson near the Cadieux traffic light.

Mrs. Werthmann received a ticket for not having her car under control and causing an accident, and driving without eye glasses.

Both cars were driveable after the collision.

It's just as easy to be courteous—and it pays much better.

Course Offered In Fast Reading

A class in Reading Improvement for adult is being offered by the Department of Community Services of the Grosse Pointe Public School System. This University of Michigan extension course has become so popular in the Grosse Pointe area, that the present offering will be the eighth.

The course will be conducted by John Valusek of the Bureau of Psychological Services at the University.

Research in this field has established that the individual's reading speed and comprehension are greatly increased by the methods employed in this course. Results in past classes have proven that without exception all students have shown marked improvement. Testing in a recent class showed the comprehension and speed to be 70 percent above the beginning average rate.

This is a beneficial and constructive course for all adults; but particularly for those whose reading demands are high and whose time is limited.

For class reservation and further information, call the Department of Community Services at TU. 5-3808 or TU. 5-0271.

Grosse Pointe Jaycees Set Teen Age Road-e-o Plans

The Grosse Pointe Junior Chamber of Commerce was granted permission by the Farms council to use the Municipal Pier-Park for a Teen Age Road-e-o, to be sponsored by the organization on Sunday, May 4.

The council took this action on Monday, March 18, following a petition presented by William P. Cusick, Jr., chairman of the Pointe Road-e-o, who said that 100 teenagers are expected to participate in the contest.

The Teen Age Road-e-o is designed to give the nation's young motorists an opportunity to prove and improve their driving abilities and to increase the high school driver education programs.

The contest is open to any teen age boy or girl who will not have reached the age of 20 by August 15, the last day of the national finals in Washington D. C., who has a driver's license or permit, and a clean record of no moving traffic violations in the past six months.

National winners will be awarded scholarships totaling \$4,500. The first scholarship will be worth \$2,000; second, \$1,500; and the third, \$1,000.

The winner in the Pointe Road-e-o will compete with winners from other cities at Lansing, for the right to represent Michigan in the national contest.

Last year approximately 300,000 youths from every state, plus the District of Columbia, Hawaii and Alaska, participated. The contest, which has created a wide interest, grew out of a Jaycee regional safety conference held in St. Paul, Minn., in 1952. It has grown into a major project among the 3,100 Jaycee chapters in the nation, Hawaii and Alaska.

WINS SWIMMING AWARD

Winner of a first year award for participation on the 1956-57 Wooster College swimming team is Ron Rolley, a 1955 graduate of Grosse Pointe High school.

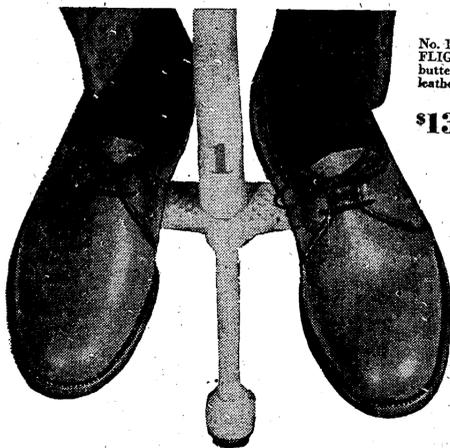

Rolley, a sophomore, will receive a letter and sweater for his efforts as a freestyler on this year's Scot team which compiled a 1-9 mark.

Swimming in the 200-yard and 400-yard freestyle events, Rolley scored five second places in the longer event and three seconds in the shorter race. He scored a third place in both events.

He is the son of Mr. and Mrs. Elmer A. Rolley, 559 Lincoln road.

Two spinner type caps were taken from a 1957 Dodge owned by D. S. Chalmers of 616 Cadieux. Thomas F. Gaston of 604 Cadieux, reported that two spinner caps were stolen from his 1956 Oldsmobile. Mr. Easton said his insurance company had replaced the hub caps.

Grosse Pointe Farms Residents . . .

# YOU HAVE A RIGHT TO BE HEARD!

For the past several years it has become increasingly apparent that the Grosse Pointe Farms Council has been controlled by a small group of the councilmen. These men have resisted many ideas for community improvement presented to them by the residents of the Farms.

This situation MUST BE CORRECTED if the Farms is to have effective, intelligent planning and management. To help accomplish this, the Committee for Better Government in Grosse Pointe Farms has been formed. This Committee has adopted the following objectives:

1. Give Farms residents the opportunity to be heard in the government of their community.
2. Be governed by a UNIFIED council that believes in giving community LEADERSHIP for the benefit of all Farms residents.
3. Safeguard the ENTIRE Farms as a top-quality residential area.
4. Improve and protect ALL playgrounds and recreational areas.
5. Give the Farms a SOUND program that will provide safe traffic conditions.

The Committee for Better Government has carefully screened all candidates for election to the G.P. Farms council. The Committee has determined from this screening that there are three men who are FULLY QUALIFIED TO SUPPORT THESE OBJECTIVES AND GIVE THE G.P. FARMS COUNCIL THE STRENGTH THAT IS NECESSARY TO ACCOMPLISH THESE OBJECTIVES.

### Detroit Edison Has Big Tax Bill

The coming of the new year brought added momentum to community progress—in the form of millions of dollars in 1956 local taxes that will be paid by business organizations everywhere. For example, a total of \$18,900,000 is being turned over by The Detroit Edison Company to cities, villages and townships of Southeastern Michigan.

In Wayne County the company's 1956 taxes, which will go into funds for new schools, road improvements and other developments vital to the county's growth and advancement, add up to \$13,061,500—including \$7,295,000 in the City of Detroit.

Throughout Edison's 7,000-square-mile service area, local school districts alone will receive about \$7,000,000 from the company. This area, which includes metropolitan Detroit and Michigan's "Thumb," comprises seven entire counties and parts of six others.

Ratio of Edison taxes to the total taxes collected in any specific locality varies widely, of course, with the amount of company. As to the overall property owned locally by the ratio, the total of property taxes to be paid by companies and individuals throughout Detroit

Edison's whole service area is estimated at \$333,000,000. Edison's \$18,900,000 tax bill therefore amounts to about 5.7 percent of all taxes received by the 350 villages, cities and townships served by the company.

Anthony G. Maihofer, Director of Edison's Tax Department, points out that the total local, state and federal taxes to be paid by the company for 1956 amounts to almost as much as the cost of all the fuel used in producing the electric power for the entire system. The figures for the year: Taxes (including federal)—\$37,500,000. Coal (5,400,000 tons)—\$41,000,000.

"In spite of this increasingly heavy tax-load and other rising operational costs," Maihofer said, "we have managed through strict economy and improved productivity to hold and even reduce the price of electricity to the people we serve. Though it is true that these taxes must be included as a part of the rates we charge, our customer actually gets more electricity for his money than he did 20 years ago."

### To Autograph Boss Ket Book

Many stories and publications have appeared about Charles F. Kettering, the latest of which, is a biography by T. A. Boyd, "Professional Amateur," which was published on March 19, by E. P. Dutton & Co., Inc. It is illustrated with 42 photographs and an introduction by Alfred P. Sloan, Jr., former president of General Motors.

The book is a full life story of the Ohio farm boy and country school teacher who became an eminent engineer, industrial pioneer, apostle of progress and a wise, witty, humble humanitarian.

Boss Ket as he is affectionately known to his associates, is a kind of 20th Century Ben Franklin. An independent engineer, inventor and head of re-

search for General Motors for 27 years, he has performed marvels of creative work.

During his long life (he was 80 on August 29, 1956) he electrified the cash register, invented the self starter for autos, the system of battery ignition still in use today, "Ethyl" gasoline and the widely used refrigerant, Freon.

The story is written with drama, color and excitement, with wit and wisdom by Mr. Kettering's friend and associate of 40 year's standing, Mr. Boyd, himself distinguished in the field of research.

Mr. Boyd will appear at the Grosse Pointe Book Shop, 19459 Mack avenue at Severn road, on Saturday, March 23, from 2 to 4 p.m. to autograph copies.

### Future Teachers Told of Contest

Members of the Future Teachers' Club of Grosse Pointe High School learned at a meeting held Wednesday afternoon, March 13, that one of their number would receive a special scholarship. Details are still being worked out and will be announced later.

Guest speaker Humphrey Jackson, who is president of Region II, Michigan Education Association, and a teacher-counselor at Parcels, outlined the local scholarship plan. The scholarship is to be financed from the proceeds of "Club Fete," the April 4 Centennial Celebration of the National Education Association.

The big affair is to take place in the High School gymnasium auditorium from 9 to 12 o'clock on the night of Thursday, April 4. Highlighting the entertain-

ment will be numerous prizes, Warner Ruhl's orchestra, variety supplied by teacher talent, and a huge birthday cake prepared and presented by Village Manor.

The club was reminded that all Grosse Pointe residents and their guests are welcome to attend. The local Centennial celebration is being supported by many of the service and social clubs. Rotary, Kiwanis, P.T.A. and others are using this means to honor the nation's teachers.

The Future Teachers are manning ticket booths at Jacobsons in the Village. Other locations where tickets may be purchased are Harkness Pharmacy in the Woods, Chet Sampson's Travel Agency and Pongrac's Jewelry, both in the Farms.

All proceeds in excess of actual expenses will go into the scholarship fund.

Teacher Pays Sentimental Visit

MRS. BELLE PROM, the former Belle Redmond, retired local teacher, stands where she stood some 50 years ago on the steps of the Rural Agricultural School, Mack avenue near Lochmoor boulevard. Mrs. Prom is greeting two Parcels Junior High girls, SUE WILKIE and LINDA ERKE, both 7A's. The former Grosse Pointe teacher, who still substitutes occasionally, holds a little handbell which was quite popular with teachers in earlier days. Actually, however, she used the big over-head bell to alert her young charges fifty years ago.

Children no longer linger there and the busy whispering and happy laughter of that bygone day are stilled forevermore. The school bell is silent, save for a certain restlessness when the wind is active through the old school belfry. The yard has lost its easy acreage and has shrunk to a thin plot on a busy street. The deserted schoolhouse still stands, but as a residence these days.

Mrs. Belle Prom, a local retired teacher, is usually too busy to reminisce for long, but she looked back recently on her teaching days of the Grosse Pointe of her youth, and described the scene to Mr. Humphrey Jackson of the Parcels Junior High School faculty. She was Miss Belle Redmond then.

"Fifty years ago," she began, "I used to get off the Jefferson Avenue interurban car at 6:30 in the morning at Vernier Road. I would walk over to Mack and down Mack to the Rural Agriculture School near Lochmoor Boulevard. On cold mornings I'd build a fire and prepare to receive the children.

"There were eight grades," she said, "and I taught all of them in the one-room schoolhouse. My salary? She laughed, "a colossal \$ 500! I finally persuaded school authorities to hire one of the older boys to build the fire each morning. He earned \$1.50 per month.

"Good weather! Well, when the weather was nice, I would leave the interurban a quarter of a mile below Vernier and walk along a lane and across the field to the school.

"When I opened up the school and got ready for the boys and girls, I'd ring the big school bell. Soon the children would begin to arrive.

"Grosse Pointe looked so different then. It was mostly woodland and brush, swampy, and farmland. Now, it's all built up where I used to walk and the children used to play. But, I have no regrets. It's still a wonderful place, and the children whom I meet when I substitute occasionally, are every bit as splendid. Only," she said wistfully, "I do think it's sad to see the old deserted schoolhouse..."

High School Students Get Advice on Picking College

Addressing prospective college students in the 11A class of Grosse Pointe High School, C. E. Saltzer, assistant principal, stressed the importance of finding a college which best fits individual needs.

Mr. Saltzer said that the first question to be answered is "What do you want from college?"

He explained that sports, fun and getting a husband are possible answers and could be a contributing factor to a college choice.

Mr. Saltzer expressed his hope, however, that the aim of most prospective college-goers is to prepare for a vocation.

Emphasizing the great variety in college, Mr. Saltzer said that Grosse Pointe High School sends alumni to 90-100 different colleges each year.

If a student has chosen a vocation and desires help in selecting the right college, he should seek all available in-

formation, Mr. Saltzer advised. Among the substantial aids in determining a wise choice are the catalogues in Grosse Pointe High School's own library.

Valuable information can also be obtained from counselors. "Probably the best information you can get away from the campus," Mr. Saltzer said, "is the college representatives."

These representatives from various colleges all over the country are ready to discuss their institutions with any interested student.

Questions on housing, costs, courses available, and job placement of graduates should be prepared ahead of time, Mr. Saltzer suggested.

To aid the student's decision, a visit to a college of colleges under consideration is advisable if at all possible.

"You can't be too choosy or too careful," said Mr. Saltzer.

The assistant principal went on to compare college expenditures of approximately \$1500

per year with money spent on a car or house. These purchases would certainly not be made without looking at them, he commented.

With college enrollment gaining as it has been, competition is growing, he said. Grades are becoming more and more important in entering college.

Mr. Saltzer said that a student with a good honor point average in courses such as science, math, languages, history, and English will merit the school recommendation to college.

"With such an average," Mr. Saltzer continued, "a student is better prepared to get in and stay in."

"The last half of your high school years are more important than the first half as far as grades are concerned," Mr. Saltzer said.

To apply for an Eastern college would be useless without a B average or better, he declared.

Mr. Saltzer has also attended the University of Colorado, Wayne University, and Michigan State University.

COSTLY VISIT RAINHAM, England—Bus driver John William Hamilton was jailed for six months because he tried to visit his girl friend's home.

**Republican Club To Hear Bentley**

"The United States and The Middle East" is the topic chosen by Congressman Alvin M. Bentley for his address before the 14th District Young Republican Club. The meeting, to be held at 8 p.m. on Thursday, March 21, at Buckingham Hall, is open to all interested persons.

A career diplomat, Congressman Bentley resigned from the United States Foreign Service in 1950 in protest of the then State Department policy of softness toward Communists and fellow travelers. He returned from Europe to the United States to devote his time to writing news articles and speaking to interested groups on the menace of Communism from within and without the borders of America.

In 1952 and again in 1954, Alvin Bentley conducted successful campaigns for election to the Congress from Michigan's eighth district. Upon arriving in Washington, he was named to the powerful Committee on Foreign Affairs and is, at present, the only Michigan member in Congress whose committee work deals directly with foreign policy.

**St. Paul Five Seeking Title**

St. Paul's unbeaten "Inland Lakers"—the 8th Grade team of the CYO league—will square off against Gesu Grade School for the City Championship, Sunday, March 24, at the CYO Center, in Mack avenue.

The "Inland Lakers" qualified for the title game by whipping a sound St. Benedict Grade School team, 28-18, at Lasky Recreation Center gym, Sunday, March 17.

The St. Paul entry, coached by Tim Bigham of the St. Paul Dads' club, followed a deliberate pattern of play throughout the game, working their way to a modest lead—holding it—and then moving ahead through a determined drive in the fourth quarter to win "going away."

Jimmy Bigham led the St. Paul shooters with 9 points. Other scoring was handled by Gary Ghesquiere with 6 points; Wally Fudold with 5; Brian Schick with 4, and Don Del-Place and Dick Oliver, with 2 each.

The "Inland Lakers" have moved through an entire season's play, including a series of playoff games following their divisional championship, without defeat. Against St. Benedict's they worked to a 13-11 halftime lead; held the margin of 17-15 in the third quarter, then pulled away with two fast baskets by Jimmy Bigham, and two timely free throws by Wally Fudold.

**Center to Hold 'Hobby Show'**

Pointers of all ages are urged either to exhibit or attend. The Grosse Pointe War Memorial's "Hobby Show," Sunday afternoon March 31 from 2 to 5 o'clock. The entire house will be turned over to a display of our neighbor's collections, rarities, models, handicraft and skills. The public is invited without charge.

Everyone is urged to exhibit; just call TUxedo 1-7511. Displays will be protected, but exhibitors are being urged to be present to talk about and explain their displays and in many cases to demonstrate their skills.

Ben Beyer, program chairman for the Center, has already accumulated an impressive list of exhibits—stamps, coins, minerals, photography, snuff boxes, handpainted china, models (aircraft, ships, automobiles), guns (antique and modern), oil and watercolor painting, hooked rugs, dolls, old glass—to name a few.

In many cases a whole club is exhibiting. The I bex Club, under the chairmanship of Mrs. John Churchill, is displaying notable examples of their fine arts products and the Detroit Coin Club, under the chairmanship of Pierre Palmantier, is bringing case loads of rarities.

There will be activity at the show too. The Grosse Pointe Artists, under the chairmanship of Mrs. Douglas Smart, will be busy sketching portraits, leather-workers will be tooling and upholsters will be talking through their tacks.

Come and share your hobby with your neighbors and see how talented and rewarding busy the Pointe's citizens are.

**Library Offers Award Movie**

"The Great Adventure," a film of unusual merit, will be shown two times on Friday, April 5, at the Grosse Pointe Public Library. The first showing will be for school children only at 4 p.m., replacing the regular Story Hour for that week.

The second showing will begin at 7 p.m. on the Library's series of Family Film programs, at which time, family groups are encouraged to attend. This is a slight departure from the normal Family Film procedure; the programs usually start at 7:30, but on account of the film's unusual length (75 minutes) it has been necessary to move the starting time back thirty minutes.

Winner of the Cannes International Film Festival Award and Parents' Magazine Medal Award of Special Merit, as well as many other citations, "The Great Adventure" will be called a film classic for years to come.

The director, Arne Sucksdorff, says of his film masterpiece: "I have tried to show nature as a whole, as a world of good and evil in which human beings eventually have to make a choice. It has been my aim to tell of life as it is found in the life of the animals and of nature, and the play, serious and amusing, of the farm children, a film of the great adventure, as seen by the candid eyes."

"The Great Adventure" will be shown both times in the Meeting Room of the Central Library at Kercheval and Fisher. The room will seat some 135 persons. There will be no admittance charge.

Two Detroit residents pled guilty to reckless driving and were fined. They were Robert D. Roach and Peter C. Schram.

Fred G. Pree, also of a Detroit address, was fined \$50 after his reckless driving charge under the influence of alcohol was reduced to reckless driving.

Helen V. Aylsworth of 2032 Lancaster, and Ralph E. Jentsch of Detroit, both pled guilty to charges of driving without their cars under control. Judge Uvrick fined Jentsch \$25, and Mrs. Aylsworth \$10.

A \$5 fine was meted to Charles Mihalk of 179 Beaupre, for violation of the stop law ordinance.

Helen R. Mocerri of Harrison township, was found guilty of driving under the influence of liquor and fined \$100. Her driver's license was revoked for nine months.

**Drunk Arrested After Accident**

City police picked up a drunk driver on Mack avenue Friday night, March 15, after officers saw the driver strike a parked car and continue without stopping.

Harold J. Price of Roseville, was apprehended shortly before

midnight on Mack near Elizabeth court. Price was taken to the station where he was ticketed for drunk driving and leaving the scene of a property damage accident. His court date was set for March 27.

Police left a note in the 1954 Buick which Price hit. On Saturday, the owner of the car called and reported that the damage to his car was inflicted in another accident on March 16,

**Farms to Pay For New Trees**

Requests by two Farms residents that the city replace three trees removed as a result of the recent sewer installation program, were honored by the council on Monday, March 18.

The replacements were approved by the council upon recommendation of Acting City Manager Sidney DeBoer.

The first request was made by Edward Carlson of 294 Mt. Vernon, who petitioned for permission to plant two Schwedler maple trees on Beaupre road, near his home, at a cost of \$125. He will purchase the trees and plant them himself at the city's expense.

The Farms stands to save \$75 through this move.

The second request came from Theodore E. King of 334 Kercheval, who asked the city to plant a Norway maple tree in front of his home, to replace the 12-inch elm which was destroyed by the installation of a water main along Kercheval.

Mr. DeBoer said the Farms will plant a three-inch Norway maple at a cost of \$100.

**Shores Traffic Violators Pay**

Failure to give a Shores police emergency vehicle the right of way on Lake Shore road, cost Melvin C. Jones of 25255 Hayes, Rosville, a \$100 fine, in the court of Shores Judge John Gillis on Monday, March 11.

Three other motorists paid fines for speeding on Lake Shore road. They are:

William A. Cureton of 22604 Raymond court, St. Clair Shores, who paid \$30; William M. Loader of 22318 Violet, St. Clair Shores, \$20; and Gary L. Ferguson of 3451 Springle, Detroit, fine and court costs of \$27.50.

Also charged with speeding on Lake Shore was Margaret Ann M. Parent of 724 Marquette drive, Detroit, who failed to appear in court. A warrant was issued for her arrest and a report of the case was sent to Lansing.

Walter G. Moore of 8612 Greenlawn, Detroit, ticketed for speeding on Vernier road, paid a fine and court costs of \$7.50; and another Vernier speeder, William M. Palmer of 22160 Garder, Oak Park, was assessed \$10.

Welcome to Another Spring

A long-awaited guest has arrived in town. No one can ever know how this eagerly anticipated lady will make her appearance. She might be ushered in with a glittering flurry of snow, against the dull backdrop of a March rain, amid the rush of a seasonal windstorm . . . or perchance her entrance will be drenched in warm sunshine. Spring is a fickle dame and her moods are myriad.

We stay-at-homes who have been buffeted by the whims of one of the roughest winters in many years, feel more than usually entitled to the relief which the new season promises.

The few warm days of last week quickened our pulses in anticipation of the vernal renaissance which will soon sweep our land. They coaxed the intrepid tulips and daffodils, jonquils, hyacinths and crocuses to send their first brave blades skyward searching for the sun. Leaf buds on the forsythia and lilac bushes and the more adventure-some trees, swelled perceptibly in preparation for the great bursting shower of green and yellow which will soon splash over our landscapes.

Given an even break by Mother Nature and the elements which make victims of us all, it will be just a few short weeks before the glorious pageant of Spring will reach its color-mad zenith. The tulips will parade erectly in the borders of the flower beds, the lilacs will explode in a breath-taking display of purples and blues and whites, the forsythia will fling out its banners of blazing yellow and gold, and the soft air will be perfumed by the hyacinths and narcissus. The lawns will have assumed the fantastically green robes which they wear only briefly each year.

The flowering shrubs will provide brilliant punctuation marks in this magnificent composition and the violets will gaily pattern the vast new carpeting, that stretches endlessly in all directions. Overhead the trees will take on their lacy garments in hundreds of shades of green as tiny new leaves stretch to maturity.

It is a wonderful season, this one when we shake off the shackles of winter and can revel in the glory of the gigantic rebirth of all growing things. We are particularly fortunate in being able to watch this most marvelous of all shows from such a choice seat as the Pointe affords. We are blessed with a great preponderance of residents who are sensitive to beauty and who take great pride in making their own properties as lovely as possible. We have many garden groups which participate in community-wide projects dedicated to the beautification of the area.

It would be difficult to imagine any place that offers a more glorious display of Nature's wonders at this time of the year that is rapidly approaching. We can all do our part by seeing that our own private exhibits are ones of which we can be proud.

All hail to Spring. The sooner the curtains are opened on its super presentation, the happier shall we be.

Letters to the Editor

Dear Sir: I hope you will find it possible to print the enclosed open letter to Grosse Pointe Woods voters in such prominence in your paper that it will come to their attention before they are required to vote on the issues involved.

Yours truly, J. B. HILL, 1250 South Oxford Rd. Grosse Pointe Woods 36, Mich.

Open Letter to the Voters of Grosse Pointe Woods: On April 1 you will have before you three bond issues to vote on: Numbers 1 and 3 dealing with Parks & Recreation and No. 2 with a new municipal building.

One can hardly question the need for the building covered by Item 2, but whether or not the price tag of \$475,000 is justified becomes problematical as it is to be erected in Chesquiere Park now owned by the city. In this connection, we should also raise a question about Item 1. Why spend money on the park prior to the erection of the building, as might be construed by the order of the Bond Issues? Proposal No. 3 "Purchase of a Northeast Park Site"—What is wrong with our Lakefront Park which is so far to the northeast it is not even in Grosse Pointe Woods?

The accent in this city appears to be on recreation rather than on issues that concern the public health such as proper sewage and drainage facilities. This statement is not an individual opinion; it has the approval of many citizens of our city who were concerned by the relocation of Sewer and Drainage Improvement to an item of "Future Planning" at a Town

Hall meeting held on February 25th of this year. It has been "Future Planning" for years before this city was formed and likewise the political football game without a touchdown. Perhaps not very many voters know that at times certain open drains carry raw sewage and therefore are potential breeding grounds for various epidemics and certainly no one could be naive enough to believe an epidemic, once started, would stop at the border of the drain.

The voters who signed a petition on the subject of drainage that was presented to the Council on July 11, 1955, are still interested in seeing the drainage plan put forward as a "First Thing First" again. If the parks and play fields we now have are inadequate, which appears unlikely when contrasted with the other Pointe municipalities, what is wrong with school property to which a goodly percentage of our tax dollar is assigned?

If we keep on bonding ourselves for items that can be considered inconsequential when compared to sewage and drainage, we will be unable to carry our share of the cost of such improvements when and if they become a reality. It could be pointed out also that the average home in Grosse Pointe Woods has a lot large enough to provide the children of the occupant with activity space and if they are in that area they will have parental supervision rather than that of park and playground attendants who, by the way, add something to municipal costs.

J. B. HILL, 1250 South Oxford Rd. Grosse Pointe Woods 36, Mich.

Mr. Pryor—Nuba et al;

In writing such a lengthy article in your column you are asking for letters in confirmation of the points raised by the Irishman who said your articles were "trash" and not only would many of your readers agree with him but they would go further and say as they have before, that some of your attempts at witticisms, wise cracks, etc consist of nothing more than puerile silly tripe-upon which no time should be wasted by either adults or teenagers. It is evident that you ape the columnists of the larger metropolitan papers, your language is in the same pattern, and written in the vain hope of appearing to be very modern, base and sophisticated, rather however although you miss it entirely, you are not in the same class as the well known columnists and it is hopeless for you to try to copy their own unique style. I very much doubt if this writer will feel out of the mode of the important matters in the Pointes if he does not buy your rag at the drug store. Apart from your own half-witted attempts at being funny (and I do wish we could separate the men from the boys) I am confident that I have many supporters, (most of whom must subscribe to your sheet for there is no competition to speak of) who will agree with me when I say most of your articles on the activities of the residents of the Pointes are slanted to curry favor with the wealthier class who honor the rest of the rustics here by giving you reports of their social activities—this smug snobbery, you people lap up, like a cat goes for cream and just about on the same low level. It would be a fair guess to say that approx. 75% of the residents of the Pointes don't give a hoot one way or the other whether Mrs Gotrocks is in Europe and whether she and her tribe stay or die there or whether the Astorbills are taking a World Cruise—or if Miss Genevieve Plushbottom will announce her engagement at a cocktail party at the Little Club—who the H\*\*\* outside of their own circle gives a D\*\*\*\*? and so it goes ad nauseum. It is quite a rat race for these empty headed silly people, these social climbers to constantly make the head lines, and you cater to their every whim and fancy—it is really one big laugh when one considers the important matters in this short life which should be occupying the time and talents and charity of these social parasites. This so called fast set or those who may think they are in the social whirl, who are forever trying to squeeze into higher circles are simply wasting a lifetime which could well be given to worthwhile pursuits—God knows their money and efforts and time are needed desperately in so many places—even right here in Detroit. To this class you people must cater and possibly you too hope to edge your own way into such circles by giving them the publicity they crave (and would sell their souls for) in your little community newspaper—God Help you and such people

Now in conclusion I wish to point out that in your overdone and lengthy reply to the "Trash" letter, all of which was unnecessary and uncalled for (on your part) you indicate strongly that your memory on spelling simple words is faulty—you use the word "advise" when you mean "advice" and I would advise you forthwith to take this advice before putting your little baby to bed.

It would have been bigger on your part to ignore the letter which chided you on writing "trash" for the man was right and he has many others who agree with him and who will agree with the contents of this criticising letter, so of course you wont have the guts to publish it. Geo. B. Hunter

No poem this week. Figured the above letter was poetical enough. Well, Mr. Hunter, (as you call yourself), we may not have brains and we may be trashy, but we SURE have guts, don't you think?? Before going any further we resent being called a boy or even a man . . . since we happen to be a woman. If we seem to ape the big shot columnists in the big, fat newspapers, then our and their minds must run in the same channel because we don't read them . . . therefore no can ape. Sorry to bust your bubble on that score.

As to the social activities printed in this paper (Albeit never in this column), we think the nice socialites of the Pointes ought to be REAL hurt over the so-called MR. HUNTER'S mean remarks about their doing nothing but running around waving bills in the air at clubs and cafes. Tsk, task, task. . . and spank, spank. It would seem that Mr. Hunter reads nothing but the society columns and Grosse Exaggerations!

Since our "rag" is full of brimming every week with the doings of all churches, the Thrift Shop, Neighborhood Club, all Garden Clubs, St. John Hospital, Cottage Hospital and Bon Secours Hospital drives, March of Dimes drives, United Foundation doings and on and on and on . . . and since the names of the people who work their heads off for these various interests are printed . . . SURELY Mr. Hunter has noticed that a great many of the names are those which also appear in the society columns of ALL newspapers. Of course this is not our department . . . that is up to "Et Al" (we presume Et Al is what Mr. Hunter calls the society editor) but we thought we'd throw it in.

We haven't any "social climbing" leanings . . . but we think Mr. Hunter unfortunately HAS . . . or he wouldn't be so vitriolic about the very people he'd like to have recognize him. In case our society editor decides to skip this entire rat race . . . we should like to announce that she is a hard working gal with a flock of children and if she WERE asked to a social gathering at the Little Club . . . she'd be too durned busy writing and baby sitting to accept.

So much for HER social aspirations. As for OURS . . . har, har, har. Are you getting the message, Mr. Hunter?? As to the error in our column concerning the word "advise" versus "advice" . . . it is our own fault for being too lazy last week to proof read our column. Those type-setters at the print shop must get bored every now and again and insert words of their own. We counted numerous errors one Sunday in the New York Times on the front page . . . so we guess the N.Y. type boys get bored also. But we LOVE them . . . we'd better or they'll fill this one with mistakes too!

"In conclusion" Mr. Hunter . . . we hope we have proved one thing . . . that we do have guts. It is too bad you didn't have enough to sign your right name and correct address. If you DID . . . then we can see why you are so choleric . . . because no one, BUT NO ONE knows of a George B. Hunter of No. Oxford road, Grosse Pointe.

And so to bed, Sans Aspirin.

P. S. A note to our readers: This letter was printed just as it was written. The words "wise CARCKS" were Mr. Hunter's . . . and not a mistake in the composing room. And "cracks" is such a simple word to spell!

FEW OR LESS

In a sixth grade English class at Trombley the boys and girls were discussing the proper use of the words "fewer" and "less," with "fewer" being used with items that can be counted and "less" being used with amounts that cannot be counted. Jenny Longo suggested that another guide to the proper choice would be to use "fewer" before plural nouns and "less" before singular nouns. The class is still testing the idea before pronouncing it as an acceptable generalization. No exceptions have been discovered by the group to date. We think this is good critical thinking.

What Goes On at Your Library

By Jean Taylor

With Lent well under way, we call your attention this week to some recent books of a religious and inspirational nature, suitable to Lenten reading.

A good place to begin is with the Bible itself, and "The Bible for Family Reading" by Joseph Gaer and C. C. McVown, is a significant achievement in making the Bible more readily understood by the average reader. This follows the King James Version and is intended as a supplement to the original text. Some critics feel that it is more successful in this than is the well-known book by Ernest Bates, "The Bible Designed to Be Read As A Living Literature."

For background reading there is "The Bible As History"; a Confirmation of the Book of Books by Werner Keller. Dr. Keller has gathered a mass of archaeological evidence that step by step, reveals the historical foundations of the Old and New Testament. There is a chapter here on the Dead Sea Scrolls, about which so many books have been written recently.

If you wish to delve further into this subject, two books of interest are "Dead Sea Scriptures" in English translation by T. H. Gaster and "Dead Sea Scrolls and Originality of Christ" by Geoffrey Graystone. The former provides a complete translation of these scrolls, in as far as the original Hebrew texts have yet been published. The latter stands out as a timely and scholarly volume by a Catholic authority.

It contains a convincing refutation of Edmund Wilson's interpretation of the matter. Its thesis and argument merit the attention of everyone interested in the question and will be especially welcomed by all Catholics and many Protestants.

William Hordern, in his book, "Layman's Guide to Protestant Theology," succeeds admirably in his intent to promote more creative thinking about theology among Protestant laymen. Also for the laity is George Stoll's "Laymen at Work". This tells how a dynamic group of men in Louisville, Kentucky, put their religion into practice in the problem areas of juvenile delinquency, courts, hospitals et al. "Laymen" says Dr. Stoll, "have more to do than pass the plate on Sunday and pass the buck on Monday."

Rachel H. King has written "Theology You Can Understand", especially for young people of upper high school and college age and for adults who want a straightforward non-technical introduction to Christian theology. It is simple and straightforward, employing terms in everyday use. Two well known writers and lecturers in the religious field,

No Hit-or-Miss Rx's for You

By FRED M. KOPP, R. PH. The prescription of years ago was largely a hit-or-miss affair. If one drug didn't work, the doctor tried another . . . then another. Often none of the drugs did much good. But the day of the hit-or-miss prescription is no more. Now, the doctor knows exactly what each drug can do. The first one he prescribes is usually the right one—the one drug that does a perfect job of curing. That's why. Today's Prescription Is the Biggest Bargain in History. This is the 64th of a series of Editorial advertisements appearing in this paper each week.

### Movie Classic In 13th Week

"Around the World in 80 Days," Michael Todd's magnificent new motion picture, enters its 13th week at the United Artists Theatre in Detroit, the only showing in the Midwest.

Shot in vibrant Eastman color and the exclusive Todd-AO process, this production was filmed all over the world in authentic locales. It relates, in a faithful adaptation by S. J. Perleman of the Jules Verne classic, the daring attempt to circle the globe in a record-breaking 80 days in the year 1872.

"Around the World in 80 Days" has a cast headed by David Niven (as the globe-trotting Phileas Fogg), Cantinflas (as Fogg's intrepid valet Passepartout), Robert Newton (as the persistent Inspector Fix), Shirley Maclaine (as the beautiful Princess Aouda) and 41 of the greatest names in show business in the cameo sequences.

Some of the cameo players are such stars as Charles Boyer, Joe E. Brown, Charles Coburn, Noel Coward, Andy Devine, Marlene Dietrich, Sir John Gielgud, Jose Greco, Buster Keaton, Beatrice Lillie, Peter Lorre, George Raft, Cesar Romero, Frank Sinatra and Red Skelton.

The production of Michael Todd's "Around the World in 80 Days" made motion picture history, shattering records and precedents with Toddian profanity . . . among them:

The most stars ever to appear in a picture—50—each playing a role germane to the story and none appearing as himself.

The most people photographed in world-wide locations: 68,894

### Vienna Chorus To Sing Sunday

Vienna to the world means music, and the Vienna Academy Chorus, composed of a hand-picked group of 24 young men and women, under the guidance of founder-director Professor Ferdinand Grossman of the Vienna Academy of Music, and the conductorship of Guenther Theuring, symbolizes through its superlative performance—musicianship supreme!

Appearing on Sunday, March 24, at 8 p.m. at the Scottish Rite Cathedral (Masonic Temple), this diversified and colorful group has earned an enviable reputation throughout the European Continent, in South America, the United States and Canada. Through its long list of recordings and appearances at such major musical festivals as those of Edinburgh and Salzburg, they have gained international fame.

The chorus, now on its third transcontinental tour, presents a program that has delighted variety and color. Divided into three parts, each division is complimented by a change of costume. Part One, the great choral literature of the world, is sung in charming evening dress. Part Two—typical music of Vienna by the great composers who lived there—Mozart, Brahms, Strauss—is performed in graceful baroque attire, reminiscent of the Golden Age of 19th Century Vienna.

The chorus dons the colorful costumes of the Tyrolean peasants for a last group, a rousing collection of folks music and mountain yodels.

You can't expect to hear the knock of opportunity if you are doing it yourself.

### 'Oedipus Rex' At Krim Theater

The terrible old story of how Oedipus unwittingly slew his father and married his mother, and of how the consequences of the act fell upon his whole house ever after has been made into a moving picture which will be shown for a limited engagement of two weeks beginning March 20 at the Krim Theatre.

"Oedipus Rex," the story Sophocles first told nearly 2500 years ago, has been filmed in color by director Tyrone Guthrie and producer Leonid Kipnis in the version by Irish poet Wiliam Butler Yeats, with the cast of the Stratford, Ontario, Festival production led by Douglas Campbell and the masks and designs of Tanya Moiseiwitsch.

**HOW TO PROFIT THROUGH TAX EXEMPTION**  
With today's high tax levels, investors in medium and high tax brackets are turning to tax-free Municipal Bonds for income that they can keep.  
If you have a taxable income of \$10,000 or more, you may be well repaid by investigating the advantages of tax-exempt State and Municipal Bonds. For instance, if you file a single return on a taxable income of \$14,000, you would have to receive a dividend return of 7.45% on a taxable security in order to equal the yield from a 3.50% tax-free Bond. It's something to think about!  
Our New Booklet, "How To Profit Through Tax-Exemption" explains in plain language your need for tax exemption, tells how much these high-grade investments can be worth to you. There's no obligation. Send for copy today, or phone

## Grosse Pointe News

### From Another Pointe of View

By Patricia Talbot

The toing and froing between the Pointe and the Southland is still going on even though a few balmy days have brightened the local scene.

Deep sea fishing this very moment in the Florida Keys are the Jack Roneys who also have been visiting in Ft. Lauderdale.

Donald Worley, son of the John K. Worleys, of Merriweather road, is practicing his singing and packing his sun ware.

He is a member of the Freshmen singing club at Yale and the lads will be spending their spring recess from New Haven warbling at the Miami Surf and Bath Club. Not only is Don a vocalist of note but quite a scholar, too. Along with his membership in the Bachelors he has also made the Dean's list this past semester.

Leaving Saturday for Coquina, Fla., are Elise Fink and Mrs. William E. Crowthers to stay in the sunshine until April 8.

Enroute home from all this Vitamin C is Mrs. Robert Koebel and son Robin. They have been vacationing at Naples, where Mrs. K.'s parents, Mr. and Mrs. Lawrence S. Roehm are still bidding their time.

Mrs. Koebel will be at home in Hawthorne road just long enough to turn out the suitcases and do a spot of spring cleaning.

She will take off again in mid-April with Mr. K. and Robin to make a tour of the historical sites of Virginia with Williamsburg the climax of the journey.

#### Easter Parade Pair

Another pair with April reservations are Mr. and Mrs. Henry Klein, of Touraine road. They will be headquartered at the Pierre in New York in time for the bonny Mrs. K. to step out in the Easter Parade.

The five small Klein daughters will remain at home this trip but when school lets out in June they will have the greatest experience of them all to the young set, a tour of Disneyland.

The Kleins will spend most of their West Coast vacation with her parents, Mr. and Mrs. Joseph R. Johnson, of Westwood, Calif. The Johnsons are building a cottage at Lake Arrowhead, so there will be all kinds of fun for the quintet of lovelies after the Disneyland visit.

Farther afield is Gari M. Stroh, Jr., and likely to remain so for some time. He accompanied his mother to New Jersey last week for the engagement party feting his brother, Eric, and Gail Robertson.

After the family festivity he boarded a ship for Europe and will make a two-month Grand Tour of the Continent with special emphasis on Italy.

#### Senior Artists

The Junior League's Senior Center in East Grand boulevard has cornered the artistic market for this Saturday.

The public is invited from 2 until 4 for tea and cakes and to view the oil painting show, all works of the seniors (Continued on Page 17)

Others were his brother-in-law and sister, Mr. and Mrs. George D. Whyel, and his cousins, Mr. and Mrs. Matthew Davidson, Jr., and Mr. and Mrs. Fenton M. Davidson, of Flint, Mich.

Lt. Remick has already reported to headquarters, his week's leave over, and will be away about two years.

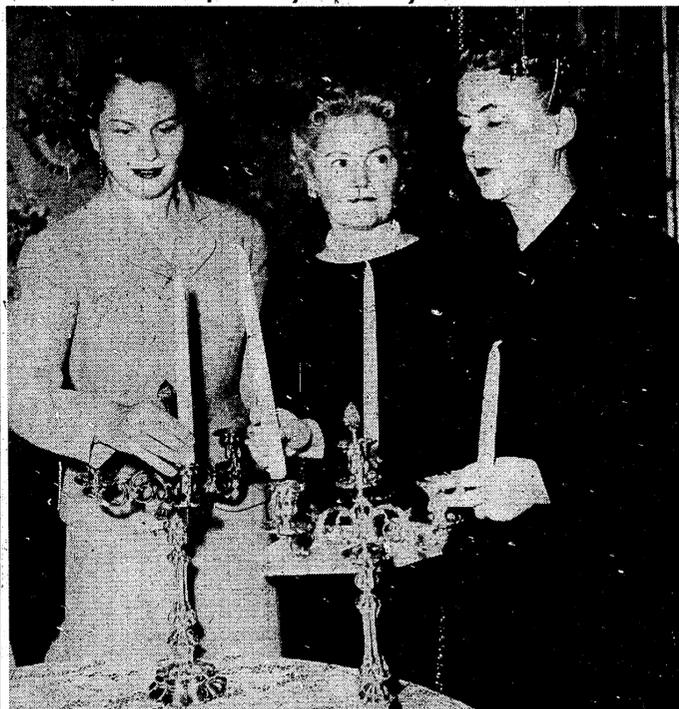

### Panhellenic Association Holding Spring Luncheon

The spring luncheon of the Detroit Panhellenic Association will be held at 12:30 p.m. on Thursday, April 4, at the Harmonic Club.

Mrs. James S. Vaughan of 225 McKinley is the chairman of the luncheon. Anyone wishing further information can contact her.

An education is of little use if a man lacks the ambition to do things with the knowledge he has acquired.

### Open Symphony Drive

MRS. RALPH L. FISHER, center, Area-chairman, MRS. DONALD W. JENNINGS, left, and MRS. DAVID M. SUTTER, right, general campaign chairman. The Women's Association for the Symphony has set a \$200,000 goal and will hold a series of parties to help raise the funds.

### April 6 Concert to be Given By Scandinavian Orchestra

The Scandinavian Symphony Orchestra, which during its 1956 tour of Scandinavian countries performed before royal families of those countries, will play its last concert of the season on April 6 at 8:30 p.m. in the Scottish Rite Cathedral auditorium, Masonic Temple.

The Concordia Singing Society, (80 male chorus members), will be featured. Henrich Van Husen will be the conductor. Founded on George Washington's birthday in 1865, the Concordia is one of the oldest German singing societies in Michigan.

Following the concert there will be dancing in the Crystal Ballroom and Danish pastries and coffee will be served.

### GP Newcomers Plan Hayride

On Saturday the Grosse Pointe Newcomers will gather at the Rambler Country Club at 8:30 o'clock for a hayride or sleigh ride, depending on the weather.

After the ride there will be dancing and refreshments at the club. Mr. and Mrs. Richard Keller are the party chairmen.

Assisting them are Mr. and Mrs. Jack Purcell, Mr. and Mrs. Wallace Clayton, Mr. and Mrs. Rex Ploen, Mr. and Mrs. Robert Murphy and Mr. and Mrs. W. R. Rae.

#### HOUSEHOLD HINT

When a recipe says to let your yeast dough rise 'til double in bulk, it simply means this: the impression made by one finger in the side of the risen dough or by two fingers plunged into the top of a ball of risen dough remains there instead of filling up again.

## FROM AN ELDER STATESMAN

In the view of Herbert Hoover, "the greatest issue in America and all mankind is the encroachments of government to master our lives."

That single brief sentence says more than a hundred windy political speeches—or tortuously phrased partisan platitudes designed to offer all things to all men.

Those who look to government for doles, for favors, for special privileges, for cradle-to-the-grave security, will find that government will demand the death of liberty in return. Then we will have the security of the prison.

Some people drive their cars away today in such a manner that they return tomorrow with reinforcements.

Some people have been known to spend half their lives seeking advice, and the other half dodging the consequences.

## 93 Pointers Work On Symphony Drive

Women's Association for the Symphony Kicked off Month-Long Campaign to Raise \$200,000 for Orchestra's Maintenance Fund This Week

The Women's Association for the Detroit Symphony Orchestra kicked-off an intensive month-long phase in the Maintenance Fund Campaign for the orchestra with a series of teas, luncheons and meetings held this week in every section of Metropolitan Detroit. John B. Ford, Symphony board president, has set the goal for the group at \$200,000.

Mrs. Ralph L. Fisher opened her home at 268 Cloverly Road Wednesday for a 1:30 p.m. tea for ten captains and 83 Grosse Pointe workers. Mrs. Donald W. Jennings, Grosse Pointe chairman, presided at the meeting.

A focal point of Mrs. Fisher's tea table, fresh and glowing with Spring flowers, was a lavish pair of Florentine candleabra, once the cherished possession of one of Florence's oldest royal houses.

The Fishers found the heirlooms in Europe four years ago. Serving at the tea table were Mesdames William L. Hurley, Lawrence J. Kelly, A. J. Meyers and Robert Sullivan.

The city-wide campaign is under the direction of Mesdames Ronald H. Pepin and Frederick B. Fisk assisted by Mrs. Donald K. Tyler. During the drive the public will be asked to become Charter Members in the newly formed Society of Contributors to the Detroit Symphony, the tax deductible membership fees to replace annual pledges to the Maintenance Fund.

Mrs. David M. Sutter, general chairman of the campaign, patterned the Society after similar organizations in Boston, Chicago and Philadelphia.

At the outset of the drive, Mr. Ford reported the orchestra's earnings at 54% of its annual \$750,000 budget, a percentage in keeping with all major orchestras of America.

Though encouraged by increases of 30% in season and 40% in single ticket sales this year, he warned, "We can never hope to balance orchestra income with orchestra cost. It is the public who must guard the future life and growth of the orchestra through contributions."

Thirty-one percent of orchestra support is from sponsors—local industries, financial institutions, foundations, labor unions, individuals, and the City of Detroit. The remaining 15% is from the public, the area the current campaign seeks to enlarge.

The following teams will be working on the campaign in Grosse Pointe: Captained by Mrs. Francis C. Dykeman, Team One's workers include Mesdames E. M. Braden, Jack A. Doerr, O. M. Lissak, Urban MacDonald, Dean H. Parker, Frederick F. Ritter, James L. Roach, Drew C. Smith and Mel S. Stander.

The David B. Irelands, Jr. honored their week-end house guests, the Richard P. Mahons, former Grosse Pointers now living in Jackson. Others in the Ireland's party were Mr. and Mrs. C. Grant Barnes and the Otis U. Walkers.

 Symbolizes Last Dinner of Christ  
 With His Disciples

The event commemorates the Last Supper which Christ ate with His Disciples the evening before His Crucifixion. The menu will consist of food like that served at the time of Christ: lamb, rice, cheese, spinach, olives, dates, figs, nuts, oranges, grapes, unleavened bread, and communion wine.

These foods will be served in the utensils of the times—wooden bowls and brass plates. The only table decorations will be brass seven-branch candelabra, symbolic in the Jewish faith. The meal will be eaten by candle light.

The guests will first gather in the Church Sanctuary. Here,

Pointers Rehearse for Comedy and Drama To Be Produced Friday Afternoon at Players; Curtain Time 2 o'clock for Third Offering of Season

Theatre Arts Club members and guests fortunate enough to attend the club's third performance of the season this Friday afternoon at Players Playhouse will see many Grosse Pointe faces. Grosse Pointe women make up the majority of the cast and backstage committees and have been working furiously the past six weeks.

"Did You Say Thunk," a one-act play by Mary Thurman Pyle, directed by Mrs. Murray Young, will open the afternoon. It is a rollicking comedy depicting a young matron's struggle with the servant problem. In desperation she offers prospective maids her mink coat to wear on days off.

Leading roles will be taken by Mrs. Alex Stirling and Mrs. Francis Brown and the cast includes Mrs. R. Alexander Wrigley, Mrs. Robert Reindel, Mrs. Otis U. Walker, Mrs. William Genter, Mrs. James Morrison, Mrs. V. Everett Kinsey, Mrs. Melvin S. Huffaker, Mrs. Clarence K. Johnson and Mrs. Hall Lippincott. Holding script will be Mrs. Helen VerLinden Pez.

The second offering on the program will be a tense drama of the time of the French revolution, "Idols," written by Phoebe Leslie.

Mrs. Leslie C. Putnam is directing and her cast includes Mrs. Robert Mesmer, Mrs. Adam C. Cook, Mrs. Don Galvin Jr., Mrs. Arthur Schroeder, and Mrs. Ellsworth Allison. Mrs. E. H. Foersterling is bookholder.

Mrs. Arthur Benson, accompanied by Mrs. Joseph Jennings, will close the afternoon's entertainment with "Musical Satires."

Mrs. Hugh Kingsley, Mrs. Hugh A. Wichter, Mrs. John O. Peters and Mrs. Thomas Morrow are in charge of costumes for the entire production. Make-up will be handled by Mrs. Arvin L. Wheaton, Mrs.

Robert Schultheiss, Mrs. John Montgomery and Miss Mary Louise Goodson. Working on sets and properties will be Mrs. William B. Gregory, Mrs. Francis B. Van Deusen, Mrs. Frank Wylie, Mrs. Edward Johnson, Mrs. George Primeau, Mrs. Gordon L. Walker, and Mrs. Albert Law.

Ushers for the afternoon will be Mrs. Donald Worley, Mrs. Karl Behr, Mrs. William Hunter and Mrs. O. L. Wigton. Curtain time is 2 o'clock.

## Sailorettes To Hold Tea

The Sailorettes of the Detroit Yacht Club will hold their annual tea, Saturday, March 23, from 2 o'clock to 5 o'clock, at the home of Dr. Erma Mortenson, of Rosedale park.

The theme this year will be a Spring Musicale with Dr. Mortenson playing the electric guitar, accompanied on the piano by Mrs. Harry Banta.

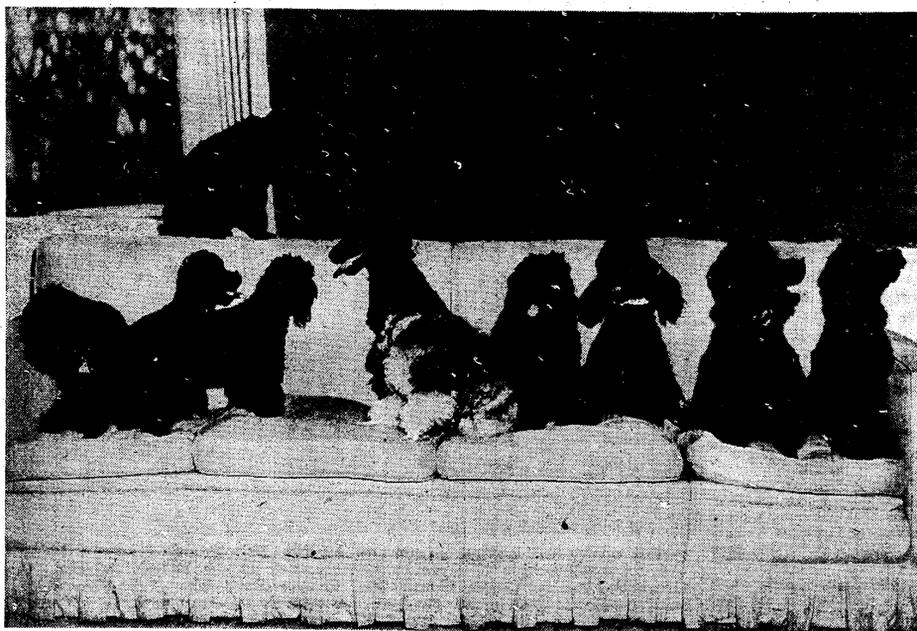

Twenty new members will be invited to join the Sailorettes at this tea, and all past chairmen will be honored with corsages.

Mrs. Harry B. Oliver is the social chairman and will be assisted by Mrs. Al Wilson, Mrs. Lester McIntosh, Mrs. Thomas J. Douglas, Mrs. Robert Sherman and Mrs. J. J. Jordan, Jr., who will welcome the new members.

An exceptionally fine lace cloth, woven by the Franciscan nuns, and cups hand-painted by Dr. Mortenson will add background beauty to the tea table.

Anticipating a 20 per cent expansion in water-borne commerce in 1957, barring unforeseen tieups, the American Waterways Operators, Inc., says one factor in the gain will be "the tremendous growth of the electric power industry which gets a huge part of its coal delivered by barge."

## Japan in Spring Exhibit Theme

Have you ever seen Japan in the Springtime? Whether you have or haven't you will want to see Chrysler Corporation's exhibit "Springtime in Japan" at the Michigan Flower and Home Show at the Michigan State Fair Grounds from March 23 through 31.

It will be one of the most beautiful and authentic groups of Japanese gardens ever seen by the Michigan public, according to Werner M. Hoy, general manager of the show.

Centered in the Coliseum Annex will be a golden pavilion. Surrounding the pavilion will be a garden of Azaleas, Magnolias, Rhododendron, flowering Cherry and Plum, Camellia bushes, Willow trees, Pines and Larch. Large Turtle Island Lake with a stream running into Fujiama Lake will add to the beauty of the setting. A realistic mural of Mt. Fujiama will be in the background. The gardens surrounding Lake Fujiama will contain Japanese Yews, Pines, Juniper, Maples, Rhododendron, Kalanchoe and Primula.

On one side of the exhibit there will be a sand garden, offering something entirely new and different in gardening. Camellia trees will serve as a background for an oriental shrine. It will be surrounded by Chrysanthemums, Hydrangeas, Cherry trees, Privet Pines and Viburnum. One the other side there will be a Peacock garden with live Peacocks, Mute Swans, and Mandarin Ducks.

The garden will be composed of Rhododendron, Prunella, flowering Plum and Cherry, Larches, Pines and Deutzia. Backgrounds of these gardens will be bamboo, parchment and rattan walls.

An exhibit of Japanese Dwarf trees ranging in age from 52 to 217 years will be one of the most outstanding features of the Chrysler display. The trees, which have been borrowed from the Arnold Arboretum at Harvard University, are as follows: Five Hinokie False Cypress 217, 167, 152, 122 and 92 years old respectively. Four Japanese Maple, two are 67 years old one each 57 and 52 years; Higan Cherry 102 years; Japanese White Pine 67 years; Moss Retinospora 57 years; Cryptomeria 57 years and Trident Maple 102 years old make up the exhibit. ## MSU Expands Health Center

Completion of the enlarged student health center at Michigan State University is expected "about the first of June."

Workmen already have completed one of three floors in the \$2 million addition to Olin Memorial health center, and its added facilities are in use.

The project ultimately will double the M.S.U. health center's bed capacity to 140 and allow installation of such new features as specialized ear-nose-throat work, electro-cardiography and air conditioners for asthmatic patients.

Also included are an improved laboratory, increased X-ray space, a second operating room, and larger physiotherapy and psychiatric therapy and consulting rooms will enable the university to retain the ratio of one physician for each 3,000 students as enrollment grows.

The three-story and basement level addition, plus interior remodeling of the present structure, should make Michigan State's health center "one of the finest in the country," stated Dr. Clifford G. Menzies, director.

The health center has hospitalized as many as 3,000 students and handled 43,000 student clinic calls in a single year.

Chrysler Corporation will have a flower arrangement section "Flowers East to West." Competitive floral arrangements for each season of the year will be presented by members of the various garden clubs and will be changed every other day.

According to Merle Henriksen, the City Plan Commission's Detroit of Tomorrow exhibit will consist of a large model of a whole section of the city from the Detroit River to the Ford Expressway and from the Lodge to the Hastings Expressway. It will show the civic and cultural center, the Gratiot redevelopment project and the proposed hospital redevelopment. The model includes all of the definite planned projects plus suggestions for ideas for good living in the heart of the city.

Werner M. Hoy, general manager of the Flower and Home Show, issued another reminder to the public that the hours for the show have changed this year to 12 noon to 11 p.m. weekdays and 10 a.m. to 11 p.m. on Saturdays and Sundays.

## Rotunda Opens Unique Display

A unique display featuring a replica of a portion of the famed Indianapolis race track, scene of the annual 500-mile automobile classic, and highlighting the 1957 Mercury convertible cruiser pace car, has been opened at the Ford Rotunda in Dearborn.

Complete with a simulated "pit wall," the Indianapolis scene shows three race cars on a banked section of track, stretched out behind the pace car, which is displayed on a moving turn table.

Two of the cars are the "Automotive Shippers Specials," units which have won fame in earlier races. One is the car which finished fourth in 1954, driven by Troy Ruttman, which set a record time of 129.218 mph, the fastest total time recorded at the Indianapolis race. The second of the two cars owned by Detroit's Eugene A. Casaroli is a racer which was extensively used on dirt tracks in recent years.

A third race car featured in the display is the Miller-Hartz Special, winner of the 1932 race, when it was driven by Fred Frame. This was the year in which the pace car was driven by the late Edsel Ford. The car was loaned to the Rotunda by the Indianapolis Motor Speedway, where it has been on display in the Speedway Museum.

Prominently displayed in the exhibit are other accessories used in automotive racing. Included are various types of racing tires, a 24-volt aircraft-type starter, a lap board for communication with the driver, single and double jacks, for changing tires, and dramatic photographs of racing scenes at Indianapolis.

The pace car and race display will be on view until May 1. It will be combined with a sports photo show which will open at the Rotunda the latter part of March.

## Austin High Friars Win Regionals at Ferndale; Beat Parkers and Pointe

Tom LoCicero

In only its second year of state tournament competition, Austin Catholic High School came up with three magnificent victories to capture the handsome gold trophy given to the winner of the regional round held at Ferndale's Lincoln High School last week.

The Friars fought through what most thought was the toughest regional in the entire state as they rang up tremendous wins over De La Salle, Highland Park and Grosse Pointe to gain a quarter-final berth, the last step before Lansing and the state championship.

### Beat De La Salle Early

In the first round on Tuesday, March 12, the Black and White easily subdued DeLaSalle, a team which had always seemed to give them trouble, 68 to 48, as four Friars hit double figures.

Austin quickly broke up the Pilots' feeble attempt at an "All Saints" type stall and coasted into the semi-finals as Coach Chuck Hollosy used all but two of his 15 varsity players.

Don Messing had 16 points, Dave DeBuschere, 14, Dick Ruprich 12 and John Brecht 10 for the Friars. LaSalle's Dick Sebastian and Bill Henneghan had 18 and 12 respectively.

This set the stage for Austin's resounding clash with Highland Park. The fabulous Parkers, ranked second in the state, had swamped hapless Hazel Park in the initial round for their sixteenth straight victory without a loss.

### Spirit Runs High

Spirit was running extremely high at Austin and it is doubtful that many Austinites will forget this game which later was hailed as a "prep masterpiece."

The Friars started quickly and the first three times down the floor brilliant All-State forward Dave DeBuschere whistled shots through the nets. The Parkers would not be left behind, however, and kept pace mostly on the tremendous shooting of Mike Fitzgerald. The first quarter score was 18 to 16, Austin.

The teams continued to battle on even terms through the second period and the score at halftime was Highland Park 37, Austin 35. Fitzgerald, whose previous high game total this year was 21 points chalked up 22 in the first two stanzas.

Lawson Fouls Out  
Early in the second half the Parkers' main rebounding threat, Gene Lawson fouled out. From that point on, the inspired Friars took almost complete control of the boards. They pulled away to a 55-43 lead at the third quarter mark as Fitzgerald and the Parkers hit a cold streak.

In the fourth period, Highland Park fought back gamely to close the gap with 1:40 left. Austin led by only four points, 67-63. However, always cool under fire, Don Messing soon extinguished the threat with his patented jumpshot and the Friars held on to win 72 to 65.

DeBuschere, playing his best all-around game this year, hit 10 out of 13 shots from the floor

helping him to 22 points. Messing had 18 and John Brecht 15. Fitzgerald finished with 31 points for the losers.

### Austin Whips Pointers

In the finals against Grosse Pointe which had previously upset Hamtramck and Ferndale, Austin started slowly but managed to hold a 25 to 18 advantage at halftime. In the second half, the Blue Devils hustled but were no match for the sharp-shooting Friars who moved to a 40 to 27 lead at the end of the third quarter.

Austin continued to roll in the last period and Coach Hollosy emptied his bench in the final few minutes.

Final score: — Austin 61, Grosse Pointe 39.

Messing led all scorers with 18 points and DeBuschere and Dick Ruprich of Austin and Ken Gutow of Grosse Pointe had 13 each.

On Wednesday, March 20, the Friars meet Fordson in the quarterfinals. The last two rounds will be held on Friday and Saturday, March 22 and 23, at East Lansing.

## Ashfield Keglers Cling to Lead

Although splitting with Rutter's Gutter-men, Roy Ashfield's Ash-cans kept their hold on first place in the Grosse Pointe Presbyterian Bowling League. They have four teams breathing down their necks and any slip may prove fatal.

Bob Fisher's Fish-scalers, who, a few weeks ago were resting on the bottom are now tied for fourth place. Their last victim, Marj's Marble-heads, took the count for four points without even coming close.

Roy Dettmer's Dare-devils took a giant-step in the standings last week as they took the measure of Ed. Radius' Radion-tuners for four points, dropping them from second to seventh place.

## Lakers Lose To All Saints

by Pat Wright

A last minute bid by the St. Paul Lakers fell short in a frantic fourth period as they suffered their third set back of the season, 38-33 at the hands of a small but powerful All Saints squad, Friday, March 15, in the State regionals at Pontiac.

In losing, the Lakers were eliminated from further competition in the tournament and thus their campaign ended with a 17-3 record, losing only to De LaSalle, Austin and All Saints. They also closed out their most successful season since the '53-'54 team.

In the first quarter St. Paul saw an early 2-0 lead diminished by All Saints and never again were the Lakers out in front. The Saints finished the quarter with an 8-4 lead and led at half time by a 18-12 margin.

Early in the third quarter the Lakers moved within a two point rally, but a quick six point rally by the Saints stalled with three minutes still prevented the Lakers from advancing. Again the Saints led at the end of three quarters by 27-17.

But St. Paul, fighting all the way, hadn't had enough and came bounding back late in the final period to come within three points of the pacesetter Saints, but again the inevitable happened as All Saints once more, rallied to preserve the victory.

High man for the night was All Saints' Mike Butka with 12. Gary Anderson led St. Paul with 10.

The Lakers had reached the semi-finals by over powering Armada in another low scoring affair, 44-31, on Wednesday, the 13th, at Pontiac.

The Lakers were slow in starting but picked up momentum behind the scoring of Dan Sheridan, Bill Vermeulen and Dave Ayrault, who collected 16, 16 and 12 points, respectively. Fred Wagner tossed in seven for the losers.

Thus St. Paul finished their season. In a post season basketball meeting nine varsity letters were awarded to deserving candidates. Recipients of the monograms are: Joe Brissen, Terry Hutton, Dan Sheridan, Bill Vermeulen.

Juniors: Gary Anderson, Russ Beaupre, Tom Parker. Sophomores: Dave Ayrault, Tom Kojeski.

## Ajax Still Leads Bowling League

In the Grosse Pointers' Bowling League, Ajax continues to hold onto a narrow lead over the Fox team. Last Friday's competition saw Aslaskan roll a 200 for 564 for Ajax. Peplinski's 204 helped in the win over Redwood.

Carol sparked the Redwood team with a game of 217 for 574. Fox took three easy ones from Rightenburg.

Piche's, with O'Brien's 222 for 574, clipped Jim's Barbers for two.

McCarter notched a 225 for 555 to help Stewart take one from Lusch.

Custom continued to hang in the middle of the standings by taking two from Kopp's.

Heidi Hi's was held with a 210 by Kulesar, in their one point win over Five X's.

## Devils Beat Hamtramck, Before Losing to Austin

The Grosse Pointe Blue Devils galloped furiously along the regional tournament trail until they were ambushed by the Austin Friars last Saturday night at Ferndale, 61-39.

Each team had pulled startling upsets to qualify for the final round. The Blue Devils had whipped a Hamtramck five hampered by the loss of guard Willie Fleming, 62-49, in their opening game, while the Friars had breezed past DeLaSalle before trouncing Big, Big Highland Park by a 12-point margin.

On the basis of both tournament play and a scrimmage between the two teams earlier in the season which found the Devils winning, 51-50, Saturday's game was figured to be a tossup.

After a fairly close half, however, the Friars opened up with both barrels to grab a 16-point lead entering the final period. The final eight minutes had no semblance of competition.

The Pointers' poor showing can be attributed to three things in general: 1 the inaccuracy of All-BCL forward Tom Wood-

ruff, who collected only three field goals in twenty shots; 2 the Devils' wildness at the free throw line, where they put in only seven out of 17 shots, many of which were first shots depriving them of the bonus throw; 3 the complete mastery which the Friars' Dave DeBuschere (6-5) and Dick Ruprich (6-4) exercised over the backboards.

Another standout for Austin was 6-foot guard Don Messing, who came through with several timely field goals early in the third quarter when the Pointers threatened to wash out of the Friars' halftime lead of seven points. Messing finished with 19 points to take high scoring honors.

For the quarterfinal battle against the Fordson Tractors, Austin Coach Chuck Hollosy is hopeful of having 1956 All-City guard Tom Stumb back in full capacity. Stumb, although he dressed for all of the regional contests, saw very limited duty. In his only appearance he swished a long two-handed set shot through the cords from over 30 feet out.

## Race Still Hot In Pin League

The close race in the Grosse Pointe Business Men's League continues as the first four teams are only five points apart and four nights remain in the regular schedule.

Revere again moved back into first place, by one point, as they gave Bruce Wigle a good trimming. To lead Revere to three points Mary Lazarus shot a 544 series. Charlie Nash rolled 533 to give Wigle their one point.

Lochmoor, by defeating G. P. Recreation by a three and one margin dropped the recreation keggers to second place. Norm Boardman led the winner with 552 and Jack Baker topped 529 pins for the recreation.

Marv Boutin's team gained a notch, moving up to fourth place as they made a sweep of their match with Adam Simms, Andy Carroll of Boutin's had the night's high series of 597.

Another four point winner was C. Miller over Belding. This moved the Millers into a tie for fifth place. Sherman Corey led the Millers with 555.

Captain Harry Lee led his Cox and Baker team with a 528 to three points over City Glass. Two hundred scores—Bob Valade, 235; Andy Carroll, 223; Mary Lazarus, 218; Henry Wilson, 207; Norm Boardman, 205; Harry Lee, 203; Jack Baker, 202; Bruce Warren, 201; Al Aalto, 200.

## Huffaker Captures Title In State Swimming Meet

Swimming his finest individual medley race of the year, Harry "Gahota," Huffaker outswam Monroe's Gene Turner and touched-out Ann Arbor's blazing Steve Thrasher to come home a state champion in the 150-yard, three stroke event. His winning time was 1:36.

The Blue Devil swimmers' team position at the end of the two day state meet was seventh in a field of 31 class A schools. Ann Arbor became state champions for the second year in a row when Battle Creek failed to take the 200-yard freestyle relay as expected.

Jackson High put on a terrific finish to nose out Battle Creek and that left the door open for Ann Arbor. The Ann Arbor swimmers piled up 41 points to Battle Creek's 40 points. Jackson was third with 39 points.

### Gets Fourth in 50

In the 50-yard freestyle Huffaker placed fourth with George Nancarrow of Kalamazoo taking the gold medal with a fast 23.6. In this race there was less than 1 second difference between first place and sixth place.

Ralph Nutter of Royal Oak, last year's state backstroke champion, proved equal to the best in the nation as he set a new state record in the 100-yard event. The new record is 58.8. Les Cutler of Grosse Pointe managed a fourth place to aid the team effort. Cutler, who has actually done better than a minute in practice, was unable to really get moving. With Nutter graduating, it looks as though Cutler will be the outstanding backstroke in the state next year.

### Place in Medley Relay

In the only other event that the Grosse Pointers were able to make the final in, the 200-yard medley relay, Les Cutler, Jim Thomas, Jim Carne and Bill Ewald came through with a fifth place.

Other swimmers who made the trip and showed up well in competition were Dick Law, Mike Kroyer, Dave Gauss, Pat Amneus, Charles Babcock and Paul Alcott. Coach Canja was extremely well pleased with individual times that the boys did. According to Canja, "We won't be too bad off next year."

## Community Club Praises Helpers

During the past year, the Grosse Pointe Woods Community Club has had the very able assistance of 25 fine volunteers who served on a once-a-week basis making it possible for the club to extend pre-school activities and recreational activities to the young people in our community.

In the four pre-school groups, the leadership has been on a volunteer basis in which Mrs. Jane Brandt, 2159 Anita; Mrs. Helen Hughes, 2036 Hollywood; Mrs. Betty Rinehart, 1984 Anita; and Mrs. Jean Wahlg, 4525 Hereford, gave their time and capabilities to help four-year-olds in group activities. Assisting these four leaders were 65 pre-school mothers who served on a once-a-month basis.

Also serving as volunteers at the Community Club were a number of Wayne State University students who are in the College of Education and have 100 hours of group leadership to complete before graduation. These Wayne students carried most of their leadership responsibilities in the recreation program for grade school youngsters in the after-school program.

The following are the list of students who have been active with the Club since fall 1956: Miss Carol Blondell, 4414 Lakeview; Miss Sue Follmer, 5245 Berkshire; Miss Joyce Campbell, 12750 Corbett; Miss Elizabeth Hill, 7411 Guthrie; Miss Pat Dillon, 12557 Rosemary; Miss Carolyn Wellman, 2049 Country Club; Miss Carol Dimitry, 1111 N. Brys; Mr. Philip Knight, 5975 Bishop; Mr. Gerald Barnabough, 29245 Coolidge; Miss Deanna Bardy, 356 McKinney; and Miss Joan Ballmer, 12328 Wilshire.

Also assisting in the after-school program is a retired Detroit gentleman who faithfully gives of his time and energy each Friday, Mr. Arthur Webb of 5212 Lakeview.

One of the club's most faithful volunteers is Mrs. Margaret Dumaux of 2048 Anita, who is conducting a group for kindergarten age children every Wednesday afternoon. Also serving as an assistant leader is a high school student, Marilyn Farr of 1597 Hampton.

Volunteers have been very active in the Club's teen-age program during the evening hours. Serving as a leader of a teen-age group (girls' club) is Wayne student Pat Patterson, 688 St. Clair. Serving as assistants with boys' groups are Mr. Hal Cornelius, 1932 Allard; Mr. Robert Coe, 22317 Alger Road;

**SISTER ACT**  
A unique situation at Parcels this semester—where the "Homemaking Sisters" are in complete charge of one department of instruction. Mrs. Mary Wernet is taking the place of Mrs. Helen Eriksen, who is on sabbatical leave for graduate study. It just happens that Mrs. Wernet shares the junior homemaking department with her sister, Miss Elizabeth Borland.

**CLOAK 'N DAGGER MATH**  
Trench coats and the furtive glance over the shoulder may soon be THE thing for students in Robert Herriot's math class at Pierce Junior High. After completing required assignments, students do "recreational math"—solving secret codes, puzzles, riddles in numbers. Secret codes and ciphers are tops on the list as youngsters dream of the exciting life of an undercover agent.

## Piggins Heard By Austin Dads

Detroit Police Commissioner Edward Piggins was guest speaker at a meeting of the Austin Catholic Dads' Club held in the Austin High School last week. Following a short business meeting conducted by club president, Louis Decker, Charles Bishop introduced Mr. Piggins, his former classmate.

Mr. Piggins spoke on the building of moral responsibility of today's youth emphasizing three principals; respect to God, respect to fellowman and respect to one's self. He classified youth as the greatest natural resource this country has today, if properly developed.

"Social progress in this country is marvelous," said Mr. Piggins, "but free enterprise and individual initiative in youth must be maintained and developed." He pointed out the pride that old masters took in their trades rather than the monetary returns they received for their efforts. Stimulating this same pride rests with parents, schools and churches, he said.

## Babe Ruth Loop Holding Rally

More than 350 boys living in Grosse Pointe Woods and Shores are expected to be at Parcels Junior High School auditorium next Tuesday night, March 26, for the gala pre-season baseball rally of the Babe Ruth League. The fun will get under way at 7:30 p.m.

Soupy-Sales, comic star of WXYZ-TV, and Cass Michaels, former star second baseman for the Chicago White Sox, will be the star attractions of the evening. In addition, motion pictures of the Babe Ruth League World Series of 1956 will be shown.

John Y. Elling, president of the league, emphasized that while only boys 13, 14 or 15 can play in the Babe Ruth baseball program, all boys interested in baseball are cordially invited to attend this rally. Parents, particularly fathers, are welcome, too. Elling announced that the league is being expanded to 18 teams this year to accommodate the ever growing number of boys who want to play Babe Ruth baseball. This is an increase of four teams over 1956.

who, where and whatnot

by whoozit

It may storm and snow tomorrow but the first taste of spring is here, the first robin is chirping, the first forsythia bud bursting, the first pair of roller skates jangling across the pavement.

The Pointe has its own harbingers of this most welcome of seasons . . . There was Mrs. Ben Marsh with her daughter, Mrs. Kenneth F. Bergmann stacking bundles of budding daffodils and crisp rhubarb in the trunk of her car.

There was Mrs. Woodruff B. Crouse sun-bathing on the first morning when the thermometer rose above 40 degrees. There was four year old David Laurie flying his brand new kite on the lawns of the Country Club. There was Mrs. John Hoag redecorating her Kenwood court home.

There was Mrs. Charles Stewart shepherding her nursery school tots to Rev. Maynard's back garden to attempt their first trial planting of seeds. There was tanned Mrs. Frederick S. Strong III, and many like her, returning from Southland vacations to enjoy the local breezes. There was Mrs. Frederick W. Pearce, Jr. on hand early Saturday morning to enroll daughter Leslie for July camp session.

And there were students dotting the High School campus, tennis players on the Neighborhood Club's courts, convertible tops down, Bermuda shorts, jacks and jump ropes.

Mrs. Edgar Lee Fink drops by the Farms Police station every so often and carefully scans the parking meter take for rare coins to add to her husband's famous collection.

Pemberton road neighbors and all Pointers are proud to congratulate J. Ross Bush on his recent honor, Mr. Bush, for 20 years at Wilbur Wright Co-operative High School and Technical Institute, was the Detroit Education Association's choice for March Teacher of the Month.

Helen Connolly has become so efficient with the badminton racquet that she took off last week-end to compete in tournament play in Wilmington, Ill., and then she will be eligible for the National's at the end of the month.

PILFERINGS

From Dr. James J. Lightbody, in the Detroit Medical News, on our current calorie counting craze.

RISE IN GIRTH RATE

The fat boy is a busy soul; He won't believe in girth control; And that is why, in times like these, There are so many sons obese.

If you want to test your memory try to remember the things that worried you yesterday.

It is a strange commentary that the head never begins to swell until the mind stops growing.

A little girl in Southern California was having her first glimpse of snow. "Oh, mother, what is it—what is it?" she shouted excitedly.

"Why that is snow, Peggy. Whatever did you think it was?"

"Snow! Why, it looks like popped rain."

They say that knocking, in an individual, is just as much an evidence of lack of power as it is in an automobile.

A successful mayoralty candidate was approached by one of his campaign workers.

"I have a son," said the constituent, "who needs a job. Can I count on your help?"

"Sure, said the politico, "what does he do?" "Frankly," replied the man, "nothing."

"Good!" said the mayor-elect. "Then we won't have to break him in!"

A woman cannot merely like, She either loves or hates, And so if taken to her heart, Watch out for the swinging gates.

JEAN PEARSON, OF THREE MILE DRIVE

by Patricia Talbot

Beneath her modest reserved manner, her work-a-day efficiency and dignity beats the heart of a true adventurer. Our Pointer has scaled the heights, rushed toward horizons that her more mundane sisters, chained to kitchen and nursery, only dream about.

One of the first women ever to break the sound barrier in a F-94-C, she experienced the unique sensation of diving through space at 4,500 feet a minute. However thrillingly she recorded this adventure for her morning newspaper, she speaks rather diffidently of the flight as all part of her job.

When other little girls were tending dolls, our heroine was building and flying model airplanes. She grew up to pilot them, in war and peace, to write about them, to race them for a hobby.

Jean Pearson graduated from Miss Neuman's School in the North End, and went on to the University of Michigan, where her husband was studying law. When the war began, she began flight lessons and by Pearl Harbor Day was well on her way to 200 air hours and her license.

WASP Duty

She was in the third class to be graduated from the WASPS, the wartime women's ferrying service. She flew single and multi-engined planes and was stationed with the Third Tow Target Squadron of the Air Corps. Before the end of the war she transferred to the WAVES, where she is now a lieutenant in the active naval reserve.

When her husband returned from his Army tour in the Pacific to his job as an assistant friend of the Court she went to work on a newspaper, doing society and fashion writing. In her quiet, unassuming way, she did a bang-up job but her heart was always in the sky.

Scholar's Chores After trying a fling in advertising she returned to Wayne to get her degree, went on study-

tion with all the fervor of a first time traveler.

Powder Puff Derby

When she returns this summer she will be ready for her fourth try in the Powder Puff Derby, the cross country race of women pilots. She has entered in the derby three times with her co-pilot Mrs. John Hammond, another Pointer with a penchant for the airways.

Her hours are long ones. She is at the mercy of the aviation story which might call her anywhere in the world, but she loves her job and would not exchange it for the earthbound nine to five existence so essential to less talented women.

With an understanding and admiring husband who can pitch in to household duties with her, she runs her large roomy home on a casual basis, which is denied by its neat-as-a-pin interior.

Brewing exotic culinary concoctions is not one of her skills, but who would not exchange her kitchen competence for a chance to climb to the clouds.

VEERS TO THE LEFT

ICE BOX ROLLS

contributed by Mrs. R. M. Hodges

- 1/2 cup shortening
1/4 cup white sugar
1/2 cup boiling water
1/2 cup cold water
1 egg, beaten
1 yeast cake, softened in small amount of water
3 cups flour (white, or 2 cups white and 1 whole wheat)
2 tsp. salt

Cream together shortening and sugar. Add other ingredients. Mix thoroughly with a spoon, adding a little more flour if dough is too moist. Store in bowl covered with aluminum foil in refrigerator. Three or four hours before baking, roll out on floured board. Brush rolls with melted butter and allow to rise. Bake in 450 degree oven about ten minutes or until sufficiently browned.

Scholarship Exam Date Set

On Saturday, April 13, competitive examinations will be given at Grosse Pointe University School to all candidates for scholarships for the school year 1957-58. Any boy or girl who has a strong record in his or her present school and who will be entering the 7th, 8th, 9th or 10th grade in September, 1957, may enter in the competition.

Following the examinations and a personal interview, scholarships are awarded to the most promising students, the size of the awards varying from partial to full tuition depending on the financial situation of the family.

The scholarship program exists to make attendance possible for highly qualified students whose families could not otherwise consider their enrollment. At present, more than thirty boys and girls in the upper school enrollment of 300 are receiving financial assistance from the scholarship program.

Advantages for the successful applicant are realized in the opportunity for rigorous and thorough preparation for college, close attention to individual needs in small classes, and keen competition with students of comparable ability. Over the past ten years the performance of scholarship students on college entrance examinations has been outstanding and the majority have won scholarships in colleges of the first rank.

Registration for the examinations on April 13 should be made by telephoning the school, TUxedo 4-4444.

Definitely it's Spring! Kites flying . . . skaters . . . scooters . . . Mothers doffing tiny snowsuits, then trying to find jackets that fit. At Young Clothes, Inc., on the hill, they're prepared with racks and racks of wind and water repellent jackets. Powder blue for all the youngsters to size 6 . . . also pink for the baby girl . . . yellow plaid, navy, or red for the preschooler . . . flash-fire red with a matching hat for the toddler. And every jacket's washable.

Spring is bustin' out all over. Look what's blooming at Charvat the Florist, 18590 Mack: tulips, iris, snapdragons, white stock, asters, yellow daisies . . . even branches of pussy-willow. Freshly-cut . . . refreshing bouquets to bring the glories of the new season indoors. Then Charvat's has a Spring setting for your plants: whimsical birdcage planters. Black with brass or pink or white . . . round or oblong styles. Pretty show-offs whether hanging or standing.

For you, Carven has captured the essence of Spring in delightful "ma griffe" cologne. Indulge yourself with its light-hearted scent . . . you can even wear it recklessly when you find it at Trail Pharmacy, on the hill. V-e-r-y specially priced at two dollars the bottle.

Are you searching for beauty . . . and what woman isn't? Lucky for you to have one of the most sought-after styling salons at your doorstep . . . Marie Bird's Salon, a-top the hill. This always comes to mind when we see Marie's lovely clients from Birmingham, Dearborn, points equally far . . . who seem to feel that the long drive is worth a visit to their favorite house of beauty. They've learned, of course, that well-cut hair is far easier to manage . . . keeps its good looks longer.

Each day something new for the man heralds Spring's approach at Higgins and Frank, on the hill . . . coats, suits, sport jackets, spring and summer wear-with-alls. We arrived in time to see the unpacking of an elegant blazer . . . subdued wine and black stripes, sparked with ornamental buttons. Most intriguing, the half-wool, half-cotton fabric . . . unbelievably lightweight, yet blended to hold its shape.

Before you decide on your new Spring coat, be sure to see the basketweave wools at Healy's. But if you're longing for a fine flannel or tweed, D. J. Healy's, in the village, has them, too. Wonderful fabrics all . . . surprisingly sheer. Basketweaves in beige, pink, red, navy . . . grey or beige flannels. In tweeds look for the Italian imported fabric label—beautiful coats at a tiny price. Especially for the young in heart are the Healy boy coats . . . nicely priced at around fifty dollars. Cut to your liking from blended cashmere and wool . . . pearl grey, navy beige. They sport a magnificent double row of round pearl buttons, come in sizes 8 to 18.

Your busy, varied life and the clothes you like to wear were in mind when Margaret Rice went a-buying in New York. Witness the spring and summer beauties she's just brought back to her shop on the hill. We peeked and found slim silk costume dresses by Ira Rentner—sheaths with their own cover-up jackets, jacket and skirt combinations . . . all delicately detailed and done in the softest pastels. Typically Margaret Rice's!

Very timely: the clearance sale of jewelry now taking place at the Bric-a-Brac Shop, 20439 Mack, across from Howard Johnson's. Just when we're looking for necklaces . . . pins . . . earrings . . . bracelets to spice our new Spring things, the Lehman sisters at Bric-a-Brac have come up with a fabulous jewelry sale. EVERYTHING thirty percent less. Yes, that includes their fine sets and pieces of rhinestone.

Step into 14932 Kercheval and you enter a brand-new world of the old. New decor . . . new services . . . and a fine selection of French and English antiques have transformed the former Grosse Pointe Antique Shoppe into "Old Paris and London." Besides antiques of this splendid period, interior designer Dorothy Shepherd and Paul Spence offer hard-to-find porcelains, crystals, abussons, marble mantels, architectural details . . . AND a complete decorating service including fabrics, exclusive wallpaper, carpeting, upholstering, and refinishing.
