WOODS SETS UP WATER PLAN

HEADLINES of the WEEK As Compiled by the Grosse Pointe News

INFORMANTS CLOSE to the Egyptian Government said that President Gamal Abdel Nasser has not made a single major concession regarding the operation of the Suez Canal. They said Nasser feels he is holding all the trump cards in the present negotiations with the United States over the waterway. United States Ambassador Raymond A. Hare began a series of talks with Foreign Minister Mahmoud Fawzi last week, and Washington reports said Britain and France are convinced the U.S. is making no progress.

THE CAIRO newspaper, Al Ahram, said that Saudi Arabia is poised and ready to fire on any Israeli ships sailing through the Gulf of Aqaba, which it claims as "Arab territorial waters." It was also reported that King Saud warned that Arabian guns will open fire on Israeli ships trying to pass through the bottleneck Strait of Tiran at the mouth of the gulf. The king sent a note of protest to Washington regarding the passage of an American tanker through the strait with oil for Israel.

KING HUSSEIN OF JORDAN fought to save his waning political power from anti-Western forces. He called upon a respected elder statesman to make a new attempt to form a government. He appears to be losing his battles against the pro-Egyptian, pro-Soviet government he ousted three days ago. The king turned to Dr. Said Mufti, president of the Senate, who may try to form a cabinet made of independent elder statesmen.

AN ARMORED regiment was moved into Jordan by Syria, it was said, just as Israeli Foreign Minister Golda Meir was saying in Tel Aviv that Israel would "view with concern" any foreign interference in Jordan. She gave no indication what her country might do if the strong-arm Arab states carved up Jordan among themselves. Earlier yesterday, several hundred persons demonstrated in Jordan against the disposal of the government of fallen Premier Sulaiman Nabulsi, who was forced to resign by King Hussein, because of his pro-Soviet leanings.

Monday, April 15

KING HUSSEIN rocked Jordan by seizing control of the Government in a military coup d'etat and then drove out left-wing, pro-Egyptian elements. He exiled Maj. Gen. Ali Abu Nawar, army chief of staff, to Syria. The King struck back just as it appeared the leftist forces were forcing him into defeat.

SWEDEN ANNOUNCED it has arrested two men as spies for a foreign power, meaning Russia. Arrested were Robert F. Damstedt, 29, a legal expert for the Swedish Atomic Energy Commission; and Gosta T. Jakobsson, 35, a former navy draftsman. An indictment accuses the pair of conspiring to ship blueprints of Swedish submarines to the Soviet Union. It made no transmission of atomic secrets.

WINDSOR POLICE arrested a man they believed to be L. Ewing Scott, sought for nearly a year by the FBI. He has been sought for the bizarre murder of his wife, Evelyn, a wealthy Bel Air (Calif.) society woman, whose body was never found. In addition to the murder charge, Scott is wanted on 13 counts of theft and forgery in the handling of his wife's money. The suspect was arrested at the Canadian end of the Detroit-Windsor tunnel as "Lester E. Stewart," the same initials as L. Ewing Scott. The link became known when Windsor authorities alerted the FBI in Detroit and West Coast police that the man checked with the description of a flyer put out on Scott. When turned over to American authorities, the suspect said, "I am the Mr. Scott on the flyer."

City Council Tables Plea Of Hospital

Wants More Definite Answers to Questions on Need For More Parking Space

The Grosse Pointe City Council Monday night, voted unanimously to table the request for permission to develop additional parking facilities made by the advisory board of Bon Secours Hospital, following a well-attended public hearing. Representatives of the hospital and citizens owning properties contiguous to the hospital, expressed their feelings concerning the contemplated expansion. The public hearing, which lasted over an hour, saw Joseph F. Verhelle, secretary of the advisory board of the hospital, questioned time after time by property owners and members.

Boys Batter Car Slated for Junk

A Farms police car was summoned to a Muir road address early Monday evening, April 15, by a report that several boys were wrecking a car parked in the street. The investigating officers found the boys using baseball bats and a pick attempting to obliterate the remains of what looked like a car. One of the boys told the police that the auto was owned by his mother and was being sold for junk the next day. The officers ordered the lads to move the wreck off the street for their batting practice.

Farms and Schools Win Round In Parking Battle

The first round of the legal bout between the City of Grosse Pointe Farms and the Grosse Pointe School Board-versus-the-Gabriel Richard School Improvement Association, was staged in Circuit Court, Tuesday, April 16. Judge Joseph A. Moynihan gave his decision to the Farms. Trial began at 2 p.m. Tuesday, and attorneys for the Improvement Association, Charles Raymond and James Jameson entered a special motion wherein they maintained that the Farms has not demonstrated that it has any ordinance Charter provision authorizing the city to provide off-street parking facilities. Attached to the motion was a copy of a parking meter ordinance dated September, 1949. Raymond and Jameson claimed the ordinance was never published as is provided by law. The Farms attorneys produced affidavits proving the ordinance under question had been legally published. In addition, Farms City attorney Thomas Tilley stated that off-street parking is provided by Sec. 2.2 (g) of the City Charter. He also said, Ordinance 85 is broad enough to cover the parking question. Judge Moynihan agreed with Tilley and dismissed the motion of the Improvement Association. The Judge added that Raymond and Jameson could appeal to the State Supreme Court. They have 20 days to make their appeal.

Community Chorus Concert Scheduled for May 5 With Milton Setzer As Soloist

Fifth Annual Event to be Presented in Parcels School with Traditional Reception Slated to Follow

Milton Setzer, pianist, will be the featured soloist for the fifth annual Spring Concert of the Grosse Pointe Community Chorus. Mr. Setzer has appeared in concert with the Wayne State University Orchestra, the Grosse Pointe Symphony and the Detroit Symphony, both as soloist and accompanist. For his section of the program, Mr. Setzer will play the Rhapsody in B Minor, Opus 79 No. 1 by Brahms, Reflections in the Water, Debussy, and Etude in A Minor, "Winter Wind," by Chopin. Mr. Setzer attended Grosse Pointe High School and Wayne State University and has studied with Mischa Kottler. He teaches privately in addition to his concert appearances and is regularly accompanist to the Community Chorus. Concert is May 5. The concert will be presented on Sunday, May 5, at 3:30, in the Parcels Junior High School auditorium, Vernier and Mack, and will include choral selections ranging from a Beethoven oratorio chorale, through folk music, to medleys from the Broadway smash hits, "The King and I" and "My Fair Lady." Malcolm MacLean Johns, conductor of the chorus, is on the music faculty at Wayne State University and is also organist-chorister at the Grosse Pointe Memorial Presbyterian Church. He has directed the chorus since its founding in 1953. Other soloists to appear in the program will be Eugenie Kuhnle, harpist; Barbara Bailey, soprano; Ellen Jones, soprano; Charlotte Stammer, soprano; Harry Friesema, tenor, and Dewey Kalember, percussion and string bass. Mrs. Kuhnle was formerly first harpist to the Detroit Symphony. Due to recent motherhood, she is now second harpist and also teaches privately in addition to her public appearances. Chorus Four Years Old. The Grosse Pointe Community Chorus was founded by Malcolm Johns and his wife, Marion, and a group of their friends four years ago last January. Since then, the chorus has been co-sponsored by the Department of Community Services.

Three Injured As Cars Crash

Three persons were rushed to Bon Secours Hospital following a serious auto accident early Tuesday morning, April 9. City police got the report a few minutes past 2 a.m. that a crash had occurred at the corner of Lincoln road and Mack avenue. When officers Rabaut and MacEachern arrived, they found Farms police officers Fowler, Krebs, Parsons and Elworthy had already arrived at the scene. Ronald H. Olschefski of St. Clair Shores, told the officers that he had been driving east on Mack in his 1953 Mercury, and smashed into a car turning in front of him. The car Olschefski hit was a Plymouth station wagon driven by Vincent Peickert of 957 Lincoln road. Mr. and Mrs. Peickert had been going west on Mack, and had just started a left turn toward Lincoln road when they were hit. Mr. Olschefski was taken to Bon Secours where he was treated for lacerations of the head and mouth. His injuries included a sprained ankle. He was released and sent home in a taxi. Mr. and Mrs. Peickert were kept in the hospital several days. Mr. Peickert suffered a badly bruised chest. His wife was cut around the head and mouth, and there was a possibility that she was injured internally. Both drivers were issued reckless driving violations. Their cars could not be driven from this accident.

Center Drive Gets Off to Good Start

Total of 345 Families Contribute \$4,598 During First Week of Campaign

Though somewhat held back by the current curtailment of week-end mail collections and deliveries, the Grosse Pointe War Memorial Campaign got off to a good start with 345 families contributing \$4,598.75. A total of \$35,000 is needed from families of the five Grosse Pointes in order to balance the \$129,175 budget necessary to maintain, operate, and program the Grosse Pointe War Memorial and service the 1,744 groups who meet there. The \$1,500,000 Center was given outright to the Grosse Pointes as a living memorial to those who fought and those who gave their lives in World War II and Korea. It is nearly three-quarters self-supporting drawing on no tax funds or the United Foundation. Large gifts from certain families, income from investments, and services rendered at nominal costs bring in \$94,175. Small Gifts Welcome. It does not seem too much to ask a few dollars each year from the many families in the Pointe to round out the Center's budget in order to preserve this beautiful Memorial and keep up this very active and unique community house. It serves the Center's youth. It is a center of Pointe culture in exhibits, concerts, lectures, etc. It provides special interest groups and instruction for Pointers of all ages. It services the community free-of-charge with hospital equipment, blood cancer pads, etc. It is a meeting place with food accommodation for any and all organizations in which Pointers are substantially interested. Your gift is income tax deductible. Won't you join the following "early birds" who have already contributed to the 1957 Family Participation Campaign: April 12. Dr. and Mrs. Wyman A. Barrett; Beauty Counselors, Mr. and Mrs. Harry V. Beronius, Mrs. Edward B. Caultkins, Jr., Geo. C. Cossaboom, Mr. and Mrs. Walker L. Cisler, Mr. and Mrs. James Cope, Dr. W. P. Policemen's Busy Lives Revealed in Annual City Report

Activities During Year Include Everything From Issuing Licenses To Watching Homes Of Vacations

For those who think policemen have nothing better to do than drive around municipal parking lots and watch for expired meters, this article is intended. The following figures have been taken from a report of the activities of the Grosse Pointe City police Department during 1956: During the 12-month period the Daybook accumulated 4,615 entries. In addition, 201 entries were made in a special book kept by the investigating officer, Captain Andrew Teest-aert. 147 Cases Heard. Judges Joseph P. Uvick and Douglas L. Paterson presided at 147 cases in Justice Court. Forty-four offenders were taken to court on reckless driving charges. Another 42 were tried for not having their cars under control, a lesser charge. Other cases ranged from minor driving offenses to dog ordinance violations. Twenty-eight cases were examined and referred to a higher court. These included car stealing, grand larceny, and conspiracy to obstruct justice. In the licensing department, 1766 driver's licenses were issued. Chauffeurs permits went to 71 others. Restricted licenses were issued to thirty persons. With the 312 bicycle licenses, officers made several safety talks on bicycle safety. Plenty of Messages. The City's teletype got considerable use: 36,393 Wayne County broadcasts were received and filed. 105,864 Wayne County messages were also filed. The City police radio placed 4,005 calls. Homes were put on special watch for 646 residents who were out of town. Police officers also assisted the fire department on 90 calls. On December 17, nine members of the force donated their time to the annual Goodfellow newspaper sale. Their sales amounted to \$1,045.61. The police ambulance made 141 hospital runs, which did not include another 33 cases when the department helped transport sick persons, and six instances when the resuscitator or aspirator were used. 38 Missing Located. The department recovered 38 missing persons, of which 11 were not residents of Grosse Pointe. Dog complaints ranging from nuisance to dog bite reports, were investigated for 322 persons. Another 100 called to report other animal bites or noisiness. Officers assisted 193 local merchants and 40 other city departments. Twenty-five family disputes were settled and 31 drunks were given a bed or sent home by taxi. Patrolmen making their evening rounds, found 399 doors or windows unlocked and investigated, 200 cases of suspicious cars, persons, and phone calls. The weights and measures department checked weighing

Park Delays Election of New Mayor

Council in Peculiar Situation Following Sudden Death of Homer Fritsch

The Park was faced with an unusual situation at a meeting held on Monday, April 15, when for a few brief minutes the city clerk took over the chairmanship of the session because of no mayor or mayor pro tem. City Clerk Charles H. Heise assumed the chair, acting in the absence of a mayor and mayor pro tem. The mayor's post was vacant due to the untimely death of reelected Mayor Homer C. Fritsch, who was to have taken his oath of office Monday; and the position of mayor pro tem was open because of the recent resignation of the last man who held the job, Councilman Robert McKean, who took up residence in the Farms. No Successor Named. Even if there had been a validly appointed mayor pro tem, his term would have expired at the first meeting following the election which in this case was held April 1. No successor (Continued on Page 6)

Cars 'Borrowed' By Joy Riders

Someone, or ones, with a penchant for new Ford station wagons, is being sought by Farms police. Last week the department received two calls reporting stolen cars, both of them involving new Fords. At 8:30 Friday night, April 12, Arthur A. Cerre of 3 Bathbone place reported his car had been taken from where he parked it in front of 112 Vendome. After talking with the desk sergeant, Mr. Cerre returned to the street to await a squad car. While he had been telephoning the thief had returned the car. There was no damage to the vehicle. Mr. Cerre said it was the last time he would leave the keys in his car. Two days later, on Sunday, E. D. Weiss of 257 Kenwood court, phoned the station reporting his new station wagon had been taken from the St. Paul's parking lot. By the time the police arrived the car had been returned. If and when the joy riders are caught, they may be brought to trial for unlawfully driving away an automobile.

Marcereau Hurls No-Hitter In Devils' Opening Game

Magnificent Marcereau, one of the winningest pitchers in Grosse Pointe High history turned in a masterpiece in the first start of the season last Monday, April 15, when he blanked the Highland Park Polar Bears with a 6 to 0 no-hitter in the opening game of the season. Backed up by air tight fielding, Marcereau only faced 26 batters walking four with the other getting a life at first on a fielder's choice. He struck out eight. Experiencing trouble with his control in the first inning, Marcereau put runners on first and second in the first inning but pitched himself out of trouble while Parker runners perched on second and third. As the game progressed Marcereau appeared to get stronger and with each inning gained confidence in himself and his teammates as they repeatedly came up with sparkling fielding plays without a bobble. As early as the top of the sixth inning the large crowd could sense a possible no-hitter in the offing and with each Parker dragging his bat back to the bench the cheers became louder. But there was no mention from the fans or the Pointers bench that they expected a no-hitter this early in the season. Obviously nervous as he took the mound in the top of the seventh inning, Marcereau worked carefully on each of the (Continued on Page 20)

Nearly Ready To Submit To Detroit

Shores to Be Asked to Share In Financing of New 16-Inch Main in Northeast Area

The firm of Pate and Hirn, Woods city engineers, is completing the Woods' water main master plan to submit to the Detroit Water Board for its approval.

Rounding out the plan will be the proposed installation of a 16-inch main in the northeast section of the city. The Shores will be asked to share in the financing of this project, since it will also receive water through this line.

Shores Supply Split. At present, the Shores is being serviced by a 12-inch pipe running down Vernier road from Mack avenue, getting its water from Detroit. It also receives a portion of its water from the Farms, but that community informed the Shores that some time in the future this service will be discontinued.

The proposed new main planned by the Woods, will make it possible for the Shores to receive uninterrupted water service when the Farms cuts off its supply. Although the total cost of the installation of the new main has not yet been figured out, it was estimated it will cost about \$14 a foot. The line will be laid down from Mack to Lake Shore road. Plan on New Subs. The new main, besides servicing the Shores, will also service new homes in the northeast section of the Woods when new subdivisions are constructed. Besides the proposed new 16-inch main, the master plan includes mains already in, running through and completely surrounding the Woods. There are 12 and 16-inch mains beneath Mack; a 12-inch beneath Cook road; 12-inch under Vernier road; and a 12-inch under Morningside drive. Sometime in June, Detroit will up the water rate for the Woods and other customer suburbs from 65 cents to 90 cents per 1,000 cubic feet, and ultimately raise this to \$1 per 1,000 cubic feet. The increase rates will include charges for water storage facilities which will be furnished by Detroit.

Terrorist Gets Prison Term

George E. Dillon, 24, of Romulus, Mich., was sentenced to 10 months in Jackson Prison by Circuit Judge Lila M. Neuenfeldt on Monday, April 15, after being found guilty of assault. Dillon was accused of terrorizing a Woods woman and her 10-year-old daughter on February 5, when he invaded their home. The convicted man, while working with the Christian Enterprises Inc., of Romulus, went to the home where the door was opened by the little girl, who was alone at the time. Dillon told the girl he was collecting papers and cast off clothing for the charitable organization. When he saw the girl was alone he bound and gagged her and took her to the basement of the house. When the mother arrived, she was also seized and bound and gagged and placed in a bedroom. She awoke to find her daughter bound and gagged. Dillon was arrested by Woods police who apprehended him while he was walking several blocks away from the scene of the crime.

CUT AND DRIPPING

Tommy Duross, 11, of 2060 Hollywood, fell into the creek at Helen and Hampton, on Wednesday, April 10, and cut his right hand severely. Woods police took him to Dr. Clarence Candler, who closed the wound with seven stitches.

John Toepel Completes Great Lakes Training

John Toepel S/A, a June 1956 graduate of Grosse Pointe High School, was recently home for two weeks after completing his training at Great Lakes Naval Training Center, where he was also a member of the Captain's Drill Team.

He has been assigned to the San Diego Naval Base, where he will attend service school for six months.

nities, including Detroit, Roseville, St. Clair Shores and Royal Oak. Joined together in the production of pleasing musical sounds and experiences are housewives, teachers, doctors, lawyers, business men and women and students.

The chorus has established a lending library of music from former concerts which is available to school, church, and other choral organizations at the Grosse Pointe Main Library, Kercheval and Fisher.

Tickets are available from members of the chorus and will be on sale at the door at the time of the concert. Further ticket information may be had by calling Mrs. Donald Simmons, TU 4-5984. Admission is \$1 for adults and 50c for students.

Following the concert, the new traditional reception will be held in the school gymnasium, to which the audience is cordially invited.

Hospital Plea

(Continued from Page 1) of the City Council. They wanted to know the number of existing parking spaces the hospital now has; what would be the dimensions of the lot the hospital proposed to develop, how many beds does the hospital have, does the hospital have plans for future addition to its buildings?

Didn't Have Answers To these questions Mr. Verhelle could not give answers which would satisfy the interested property owners, or the council.

Councilman John Kenower expressed the feeling of the council; that until the hospital could come up with specific figures as to its size (in regards to patient beds and personnel), and particulars as to size and number of parking spaces it wishes to incorporate in the proposed parking lot expansion, the council can take no action on the matter.

Councilman Kenower moved that the hospital's request be tabled until all the council's questions have been adequately answered.

Plan Second Meeting His proposal was supported by the council and Mayor Frederick W. Parker, Jr., assured the gathering that when the hospital presents another, more defined request, the matter will be discussed again at a public hearing.

HELPFUL HINTS FOR MOVING DAY

By Bette Malone Moving Consultant United Van Lines

Again this spring many homemakers will fall victims to that "lost feeling" when their families have to move. For moving is an upsetting experience even to the skilled household manager.

Moving is never pleasant. But the observance of a few simple "do's" and "don'ts" can remove many of its little worries and even save you time and money.

First, call in a reliable mover as soon as possible so that all phases of the move can be discussed and planned intelligently. Make certain your belongings will be protected against damage, and loss for their full value.

Be at home or have someone represent you when the packing is being done. The packers will be able to work more quickly and be certain to pack all items in the proper containers if someone is present to direct them.

Remove draperies, traverse rods, window cornices and attached mirrors from the walls before the movers arrive. Remove all jewelry, money and valuable papers from furniture drawers. Movers are not responsible for these items.

Be at home or have someone represent you when your household goods are loaded and unloaded. The condition of the shipment and checks of the inventory can then be made, in the presence of the driver.

Before the van departs for your new home, make sure the driver has the correct address and how to reach you there. Advise the Post Office of your change of address and notify utility companies - light, gas, water and telephone - at origin and destination.

Make your change of address known to insurance companies, stores, newspapers and magazines and other delivery services. Be sure you have ample cash on hand to pay your moving bill. Drivers usually are not authorized to accept check payments.

If you're moving out of town, and want facts about the city you're moving to, or have a specific moving problem, address Bette Malone, % Grosse Pointe Moving and Storage, 15408 Mack Ave., Grosse Pointe 30, Mich.

Planning Silver Anniversary Celebration

Officers and committeemen of the Grosse Pointe Officers Association are seen here at a special luncheon meeting in the Memorial Center a few days ago when they laid plans for a 6-month long celebration of the group's 25th anniversary. Seated left to right are: KENNETH CARTER, Chairman of the Jubilee Committee and JOHN B. DOLE of Sweeney & Moore, Inc., President of the Association. Standing: HARRY LEE of Cox and Baker and CLIFFORD DISTIN of Distin and Short, com-

mitteemen; PAUL MAXON of Maxon Brothers, Secretary; T. RAYMOND JEFFS, director, and FREDERICK SCULLY of Arthur Scully Co., treasurer. An early date for the main event of the celebration, a dinner affair at which civic and business leaders will be present, is to be announced later. The association, founded in 1932 has had an important hand in Grosse Pointe's development as one of America's finest residential communities.

Two Young Bad Check Artists Nabbed by Police

Woods police arrested two 15-year-old boys on a charge of passing fraudulent checks at two business establishments in the Woods.

The boys were arrested on Tuesday, April 9, and charges were filed against them in Wayne County Juvenile, it was said by Det. Sgt. Walter O'Dell and Det. Leroy Tobian.

The officers said one of the lads claimed to have found two checks in the Mason School playground, and so informed his companion. Then both went to the J. C. Penny Department store in Mack avenue, where the "finder" purchased a belt, and received some change.

The amount of the check was for \$5, and was signed with the name "Philip Johnson" and endorsed by a "Bill Krause."

They then went to the Woods Television Shop, 21027 Mack, where they cashed another \$5 check. The boys used the same signature, and one of the youths endorsed the check with his own name.

Sgt. O'Dell and Det. Tobian said they questioned the boys further, and one of the youths

admitted he took the checks from his own home. The policemen said the two are being charged with uttering and publishing.

MSU Enrollment Up

Spring term campus enrollment at Michigan State University totals slightly more than 18,000 students, university officials have announced. An additional 900 to 1,000 students are expected in credit extension courses of campus. The M.S.U. resident credit enrollment, largest for a spring term in the university's history, is an increase of eight percent over a year ago.

2 Convertibles Hit-Run Victims

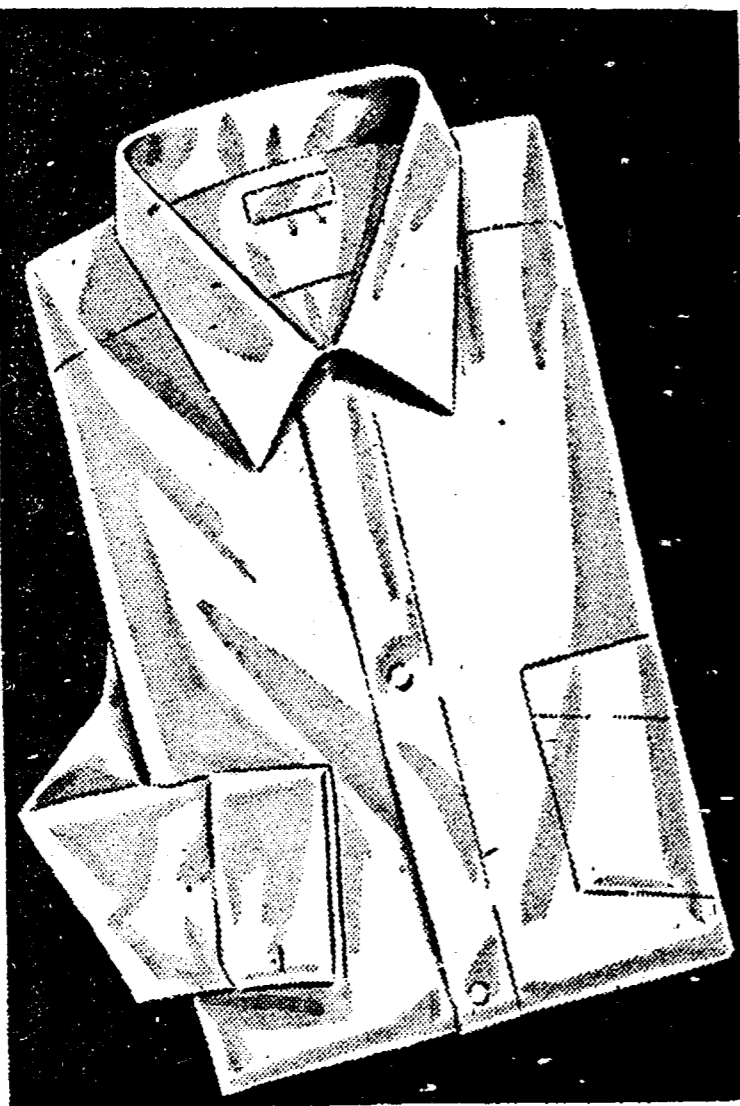

Bad luck seems to come in pairs, as will attest Glen E. Spade and Lloyd H. Jewell, both of 137 Grosse Pointe boulevard.

The men heard a crash in the street in front of their house about 1:30 Monday morning, April 15. When they went to work the same morning, they found their cars, which were parked at the curb, both 1955 Ford convertibles, had been sideswiped by a hit-and-run driver.

Total damage to both convertibles was estimated at \$80. The men told police that "blue paint on their cars indicated the color of the responsible auto.

The two teachers share honors with high school teacher Kenneth Cook, whose selection for a summer fellowship to Cornell was announced previously.

'Happy Helpers' To Spread Cheer

Sixty-four patients at Michigan Memorial Hospital will have a very Happy Easter due to the efforts of a small group of girls who call themselves the "Happy Helpers."

They consist of nine girls that meet once a week taking turns at each others home to discuss all their coming activities.

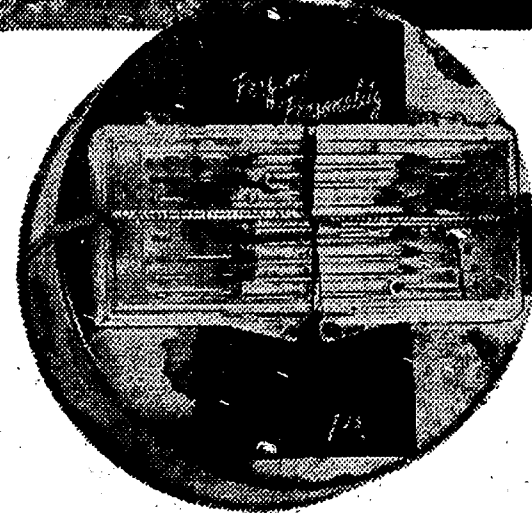

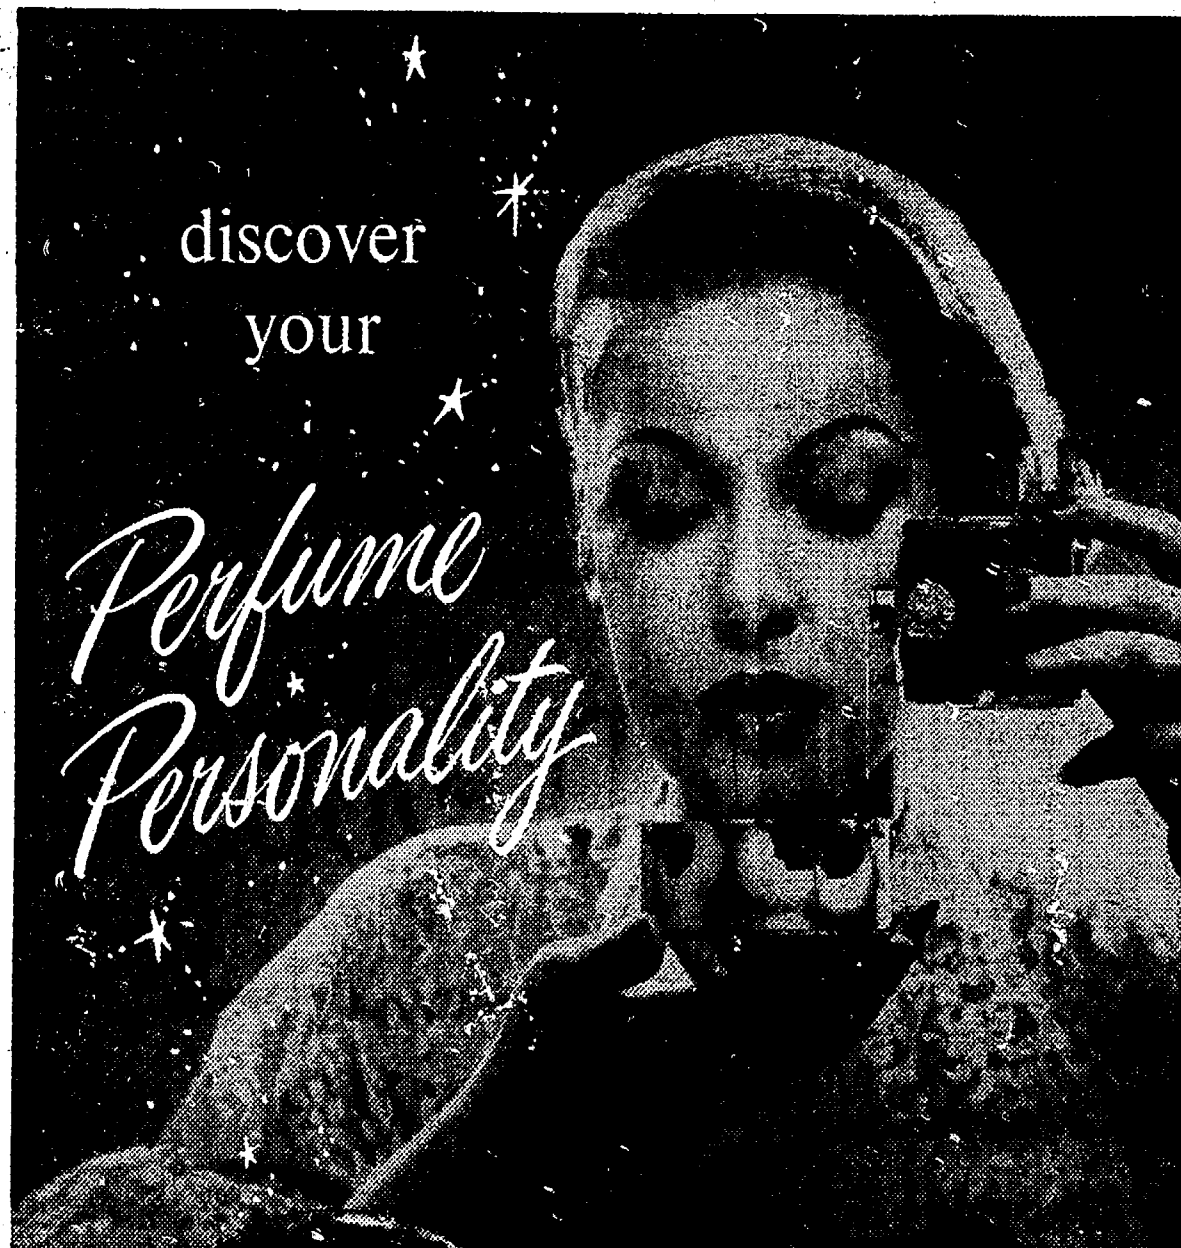

These girls have earned money by selling small trinkets and articles they made, to their many kind neighbors. They also had a movie in the basement of one of their homes and sold candy and cookies during intermission. With this money they are purchasing Easter candy

and are distributing it the day before Easter. Very busy on this project at the present time are Joyce Verkeyn of 1357 Maryland; Lynn Hebbda of 1354 Maryland; Jo Ann Macri of 2208 Manistique; Judy Maiey, 1136 Lakepointe; Janice Mooney, 1247 Wayburn; Doreen Vandenbroucke, 2175 Ashland; Marie Deley, 1409 Lakepointe; Tara O'Connor 2133 Alter; Nora O'Connor 2133

Park Delays Electing New Mayor

(Continued from Page 1)
was named following McKean's resignation. Heise, as city clerk, administered the oath of office to re-elected Councilman Charles lives, and two new councilmen, Peter Gallette and Ken Zimmerman, and then again assumed the chairmanship of the meeting, and called for nominations for mayor and mayor pro tem.

Under the city charter, the council, upon the resignation or death of a mayor, can elect a successor from among themselves to complete the unexpired term.

The council approved a delay in the selecting of a mayor to give the new councilmen an opportunity to know their colleagues better, before voting. The post will be filled at a future date, but it must be done within 60 days, or a special city election will have to be called.

Councilman Kenneth Cunningham was nominated and approved for the post of mayor pro tem, and took over the meeting at once.

In a legal opinion, City Attorney Pierre Hettler said that the City Charter points out that the councilman elected as mayor will serve the unexpired term of the mayor. This, he said, does not alter the term of the councilman, as a councilman, and when he completes the mayor's term, he steps down and resumes his councilmanic post, provided this term of office has not expired.

Another thing he stressed was that the council appoints a citizen to fill the vacancy at the council table, while the appointed councilman takes over as mayor. When the mayor resumes his seat on the council, his replacement steps out.

The council concluded Monday's meeting by approving a resolution in memory of Mr. Fritsch, which will be presented to the late mayor's family on behalf of the people of the community and on behalf of the officers and employees of the municipality.

Mr. Griford said the tools were valued at about \$800, screw drivers, hammers, and missing are socket wrenches, other items.

Calling All Residents

Once again the Grosse Pointe War Memorial Association is conducting its annual campaign for funds to maintain and operate the beautiful Center on the lake. The goal is \$35,000, which is needed to balance the budget and ward off any threat of having to curtail the program of activities or having to forego any planned projects in connection with keeping the magnificent property in good shape.

As in the past, the plea is being made for a wider participation in this yearly drive. Simple mathematics tell us that with more than 60,000 residents in the Pointe area, if each and every family made an effort to contribute but slightly more than 50 cents per member, the campaign would be successful. Families who can't afford this modest contribution to such a worthy project are reminded that any gift, no matter how small, will be most welcome.

During past years a ridiculously small number of residents have provided the money to develop and maintain this Center which is intended for the use of all residents of all ages. The constant effort has been to provide a program that includes some activities which will be of interest to each and every individual in the community. That this effort has been attended by no small measure of success is proven by the attendance figures at the Center.

Whereas in the past there have been but a few who have donated, it is hoped that this year there will be many. This is called a Family Participation drive, because the War Memorial Center is certainly a family headquarters, whether the members go there separately for special events, or as a group.

In a community as blessed with worldly goods as is Grosse Pointe, it would seem a most natural assumption that such a project could expect support to the extent of at least one dollar for each member of each family. If this result could be achieved, the Center would have enough money to not only continue its present program, but it would be able to develop some of the limitless possibilities which are apparent to those who have devoted so much time to its creation and expansion.

All gifts are deductible for tax purposes. Sit down now and write out a check to the Grosse Pointe War Memorial Association, 32 Lakeshore road, Grosse Pointe 36.

Announcing New Feature

We would like to call your attention to a new feature on the Feature Page which is replacing Favoritisms. Many thanks are due to Pointe historians who have supplied much of the information which will be found here in the following weeks if this column wins approval from our readers.

Letters to the Editor

April 10, 1957
Dear Mr. Edgar:

On behalf of the President, the Board, and the members of the League of Women Voters of Grosse Pointe Park, I am writing to thank you for your cooperation and the excellent publicity you have given this League the past year.

We feel the League's endeavor to promote more interest in good government, as well as their action in the community, has been greatly benefited by the publication of their activities and articles in your newspaper.

Very truly yours,
Margaret Schmidt,
Corresponding Secretary.

Dear Sir:
This is a note to commend the Fire and Police Departments of Grosse Pointe Woods. In our recent emergency, they

proved themselves most efficient and courteous. Their duties were performed in such a manner to display their excellent training and ability.

I wish to mention especially Sgt. Wilbert LeDuke, whose superior leadership of the firemen and policemen while fighting the fire in our home gave us complete confidence in our Departments of Public Safety. Not only was immediate attention given to the fire, but hours later the Police Department continued checking to halt any possible re-occurrence of such an incident.

Although these men were only performing their job, we wish them to know how much we appreciate the manner in which it was handled.

Sincerely,
Wm. C. Elbert,
637 Higbie Place So.,
Grosse Pte. Woods 36, Mich.

What Goes On at Your Library

By Jean Taylor

The American Civil War has produced more literature than any other war in history and continues to be an inexhaustible source for books of history, novels memoirs and biography. During the past year or two many volumes inspired by the war between the states were published and your library has most of them.

The librarians at all three libraries tell us there is a constant demand for books about Lincoln, such as "Gone with the Wind," histories of this period and eye-witness stories.

Histories of this conflict, published during 1956, which are available at the library, include: "This Hallowed Ground" by Bruce Catton, winner of the Pulitzer Prize in history in 1954 with his "Stillness at Appomattox," "Lincoln Reconsidered," by D. H. Donald, essays on the Civil War era; the fourth volume of "Lincoln Finds a General" by K. P. Williams; "Lincoln's Fifth Wheel" by W. Quentin Maxwell, the history of the U. S. Sanitary Commission and the part it played in the Civil War; "Civil War on Western Waters" by Fletcher Pratt, the story of the naval war on the Mississippi and tributaries; "Gray Ghosts and Rebel Raiders" by V. C. Jones, guerrilla warfare during the Civil War; "Rebel Boats" by W. M. Wellman, the experiences of young men who served in the Confederate Army, and "Lincoln and the Tools of War" by R. V. Bruce.

Eye-witness stories of the Civil War as recorded in diaries, memoirs and accounts of war correspondents are available in such books as "Battles and Leaders of the Civil War," four volumes, for the most part contributions by Union and Confederate officers; "Yankee Reporters" by Emmet Crozier, a stimulating account of the war as seen by the northern journalists who covered the situation from the battle of the Ozarks to the retreat at Fredericksburg. An earlier book, "The North Reports the Civil War" by J. C. Andrews, also gives the northern side in news coverage.

Among the many novels of the Civil War published in 1956 are: "Horse Soldiers" by Harold Sinclair, a fictionalized account of the Civil War feat, known as Grierson's Raid,

"Jubilee" by John Brick, in which the author follows a fictional regiment through the Gettysburg, Chattanooga and Atlanta campaigns and the avenging union march into South Carolina; Bruce Lancaster's "Roll, Shenandoah," about General Sheridan's Shenandoah campaign of 1865; "Our Valiant Few" by Van Wyck Mason, centered in the ports of Charleston and Savannah during the period when the south was trying to break the Union Naval Blockade; "Caleb Pettigill U.S.N." by G. F. Elliot, of a young gunboat commander in the Union navy.

If you would delve more deeply into Civil War fiction we recommend a 1957 publication by Robert A. Lively, "Fiction Fights the Civil War," an analysis of Civil War novels, written from 1860 through the 1940's.

Civil War personalities are also the subject of a number of recent biographies. These include: "Gray Fox" by Burke Davis, a biography of Robert E. Lee; "Jefferson Davis" by Hudson Strode; "Mr. Lincoln's Admirals" by C.E.N. McCartney, which sketches the lives of five admirals with a few captains and others thrown in for good measure; Hannett Kane's "Smiling Rebel," a novel based on the life of the Confederate spy, Belle Boyd; "Heroines of Dixie" by K. M. Jones and "Lincoln's Command" by Ralph J. Roake, young men who served in the Confederate Army, and "Lincoln and the Tools of War" by R. V. Bruce.

The authors have never had the attention they merited. The authors have depended on Cushing's own letters and on contemporary records. This book is now on order and should be on the library shelves shortly.

The books mentioned here, form only a small part of the Civil War material which you will find at your library. If you are particularly interested in a special phase of this dramatic and tragic era, consult the librarian for further suggestions.

Library Offers Gandhi Movie

Tonight at 8 o'clock the Grosse Pointe Public Library, in association with the Friends of the Library, will present the documentary film "Mahatma Gandhi - Twentieth Century Prophet," on their series of Friends' Film Forums.

"Mahatma Gandhi - Twentieth Century Prophet" is an intimate study of India's greatest modern leader, compiled from more than 50,000 feet of film shot over a 37-year period; a narrative of filmic exposition of the principles of Gandhi's philosophy of truth and love against hate and violence; a camera record of some of history's greatest moments actually happening.

From the vast amount of newsreel footage which recorded much of his public life, this 82-minute film biography of Mahatma Gandhi has been put together, with commentary by Quentin Reynolds. Gandhi stands out as a distinguished character of our century, exerting a kind of leadership the modern world had never known before.

"Mahatma Gandhi - Twentieth Century Prophet" is especially good for Lenten viewing. Cecil Starr, in the Saturday Review, says: "You'll do yourself a favor to see it." The film will be shown in the meeting room on the second floor of the Central Library at Kercheval and Fisher. No reservation will be taken, nor are tickets required to attend the performance.

Woman's Club Shifts Meeting

The Garden Group of the Grosse Pointe Woman's Club announces the postponement of the April meeting until May 2, at 1 o'clock in the library at Kercheval and Fisher road. Mrs. Warren C. Dilloway will give a talk and lead the discussion on the topic "Spring Bulbs".

The regular May meeting will be held at the same place and time on May 22.

Mrs. Edward V. Luss, chairman of the group, announces that the members of this unit will be invited to a luncheon on June 10 at her home. Mrs. Harold Noftz will be luncheon chairman.

Robert Fulton, inventor of the steamboat, was an avid submarine enthusiast. He built several submersible warships, one of which was known as the Nautilus.

Mawhinney Gets Bartlett's Post

PAUL MAWHINNEY

The appointment of Paul E. Mawhinney as Director of Pupil Personnel, Grosse Pointe Public Schools, ended speculation as to Dr. Lynn M. Bartlett's successor. Superintendent James W. Bushong announced the appointment last weekend in a special bulletin to the school staff.

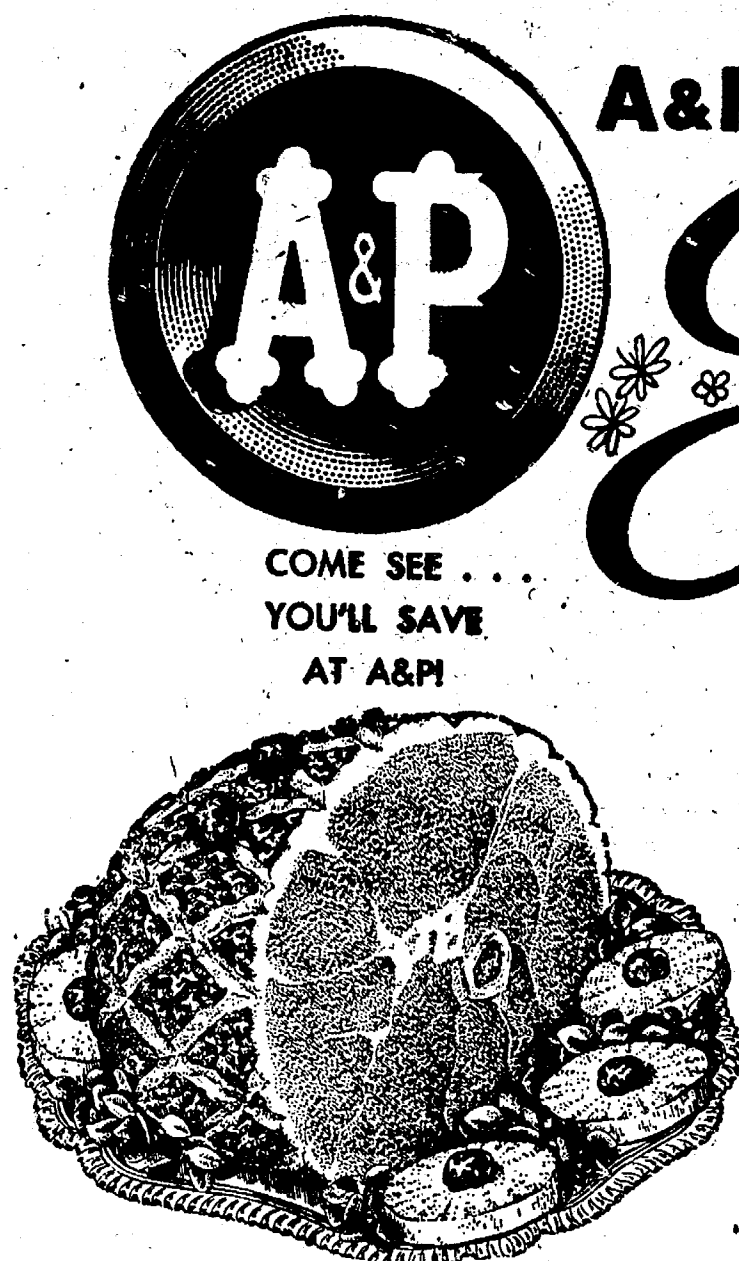

Dr. Bartlett, who is the newly elected State Superintendent of Public Instruction, will leave the local schools July 1 to assume his new duties at Lansing. He requested and received a two year leave-of-absence from the Board of Education.

Mr. Mawhinney has been Administrative Assistant to the Superintendent for the past two years. As Director, he will continue to edit official school publications and news releases. Prior to his coming to Grosse Pointe, he had followed the profession for eighteen years as teacher, coach, and school administrator in both Colorado and Ohio.

The new director is a graduate of Washington High School in his native state. He has an A.B. from Muskingum College, an M.A. from Ohio State University, and an Ed.M. from the University of Denver where he is also in final candidacy for the doctorate.

During World War II he served for two years as a glider-trooper with the 17th and 82nd Airborne divisions in Europe. He is a member of the local Teachers Association and Education Association, Michigan Education Association, National Education Association and Phi Delta Kappa, a national education fraternity. A former Sunday School teacher, church officer and ruling elder in Ohio and Colorado congregations, Mr. Mawhinney is a member of the Grosse Pointe Memorial Church.

Mr. Mawhinney is married to Charlene Cowden Mawhinney, a college classmate at Muskingum. They have two children: a son, David, who is a junior at the High School; and a daughter, Kathy, who is in the eighth grade at Pierce Junior High School.

EVERYTHING YOU DO!

FROM THE MOMENT you awaken until you go to bed, almost everything you do is closely dependent upon the operation of trucks. In fact, even while you're asleep, trucks are working for you.

Without trucks, your favorite food market would have empty shelves. Without trucks, you wouldn't find gas stations located conveniently almost everywhere you turn.

Without trucks, the building of new homes, factories, and stores would slow to a walk and businesses of all kinds everywhere would suffer.

Sooner or later, everything you eat, wear, or use depends on trucks for transportation. Eventually, everything has to get to you—the consumer. So, when you consider that trucks haul three times the tonnage handled by all other forms of transportation combined, you realize how very important they are to you!

Baby Week At Jacobson's

During International Baby Week at Jacobson's, Mrs. Dominic L. Pucci, of 285 Moran Road, will be hostess representing Italy on Wednesday, May 1.

Bambino — infant — kinder — baby. It's the nicest word in ANY language, and it stands for the most appealing people in the world!

In tribute to all these littlest citizens, Jacobson's Grosse Pointe store has planned an International Baby Week, a gala event extending from Thursday, April 25th through Wednesday, May 1st. Each day will highlight a different nation — Denmark, Poland, Greece, Hungary, Victorian America, Italy. There will be displays of children's costumes, dolls, or art objects from that country, and deliciously typical national refreshments will be served from two o'clock until four. Representatives of the countries who live in Grosse Pointe and the metropolitan Detroit area will be your gracious hostesses, answering your questions on country or custom, perhaps even revealing a recipe for those marvelous Italian pastries or Turkish coffee.

Jacobson's International Baby Week will also feature an eye-delighting array of fine baby merchandise, made in America to be worn by well-dressed babies everywhere.

Surely every mother will want to bring her youngsters to enjoy Jacobson's youthful salute to the wonderful world of babies.

Grosse Pointe News

From Another Pointe of View

By Patricia Talbot

April being as glowing as it has been the bevy of beauties lounging in the sun at Ft. Lauderdale aren't missing much of the Pointe's fabled spring loveliness.

These young ladies are on a sabbatical from their senior studies at St. Paul's and will return home, with those luscious sea side hues, just in time to don dancing frocks for St. Paul's Junior-Senior Prom at the Hunt Club on Friday, April 26.

On this annual sojourn in Ft. Lauderdale are Pat and Jean Cavanaugh, Mary Lou Louwers, Virginia Blessing, Marilyn Bywra, Ann Kubitsky and Sue Gmeiner.

While they are away plans for the dance grow daily with the class officers manning the organizational helm. Mike Cameron, Ron Moir, Lorraine Dolgner, Dave West, Joan Krause and Ben Taylor are the sextet in charge of the extravaganza.

Suburbia Shindig

Another dance committee is forming to produce the first in what they hope will be an annual affair. The Suburbia Garden Club has reserved April 27 at Lochmoor for their big whee.

Mrs. William C. Beckenhauer, Mrs. Carl Engel, Mrs. George Van Lokeren, Mrs. Joseph Cavanaugh and Mrs. Herbert Epstein are responsible for this most ambitious project of the garden club to date.

Not only are dances in season but the bridal month growing in popularity is April with its dewy days. April 27 bride Lou Ann Moxley is receiving a bride's due in parties before her middle aisle date.

She is the daughter of the Anthony Moxleys, of Radnor circle, and will speak her vows to Easign Edward Francis Scully in St. Paul's on the lakeshore on the aforementioned day. Her fiancé's parents are Mr. and Mrs. Clara Joseph Scully, of Detroit.

Former classmate Arlene Froehlich gave a tea for her Sunday in her Bishop road home and she also was feted at a dinner by office chums at General Motors.

Lees at Princeton

Alumni Council chores have called the James Lees, Jr. away from their Chalfonte road home to Princeton. Mr. L. is a member of this board which met all last weekend on the famous New Jersey campus.

On Saturday night they scurried into Manhattan to the Waldorf for a dinner in honor of Dr. and Mrs. James Dodds. Dr. Dodds is retiring this June as president of Princeton.

After the college business was out of the way the Lees went on to visit her mother, Mrs. C. Fred Buechner in New York and to Wellington, Conn., for a visit with Mr. Lee's mother, Mrs. Ivy L. Lee, before returning to the Pointe.

Whirl for Visitor

Hospitable neighbors and friends of Dr. and Mrs. Edwin Knights have made her cousin, Mrs. John E. Kramer feel right at home. And when the former Virginian returned to her Chicago home she carried with her most pleasant memories of her Pointe visit.

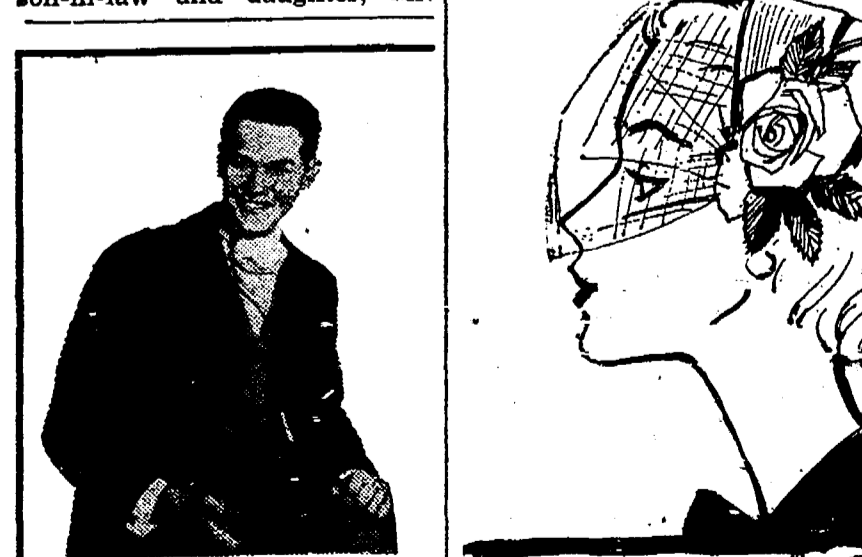

Last Thursday Mrs. Allan Lomax entertained in her honor at a luncheon in her Ridge road home. Place cards (Continued on Page 15)

Mrs. Dwyer Weds Mr. Buhl

Arriving in the Pointe Wednesday were the newly married Mr. and Mrs. C. Henry Buhl. They were married Saturday in New Jersey.

Mrs. Buhl is the former Mrs. Jewett Dwyer (of Notre Dame avenue). The couple will make their home in Vendome road in the fall when the house Mr. Buhl recently purchased is ready for occupancy.

The new Mrs. Buhl's former husband was J. Vincent Dwyer, who died several years ago after they were divorced. Her son-in-law and daughter, Mr. and Mrs. Robert Bruce Fox, live in Charlotte, N.C.

Skating Club's Festival Nears

Laurie Ross is the youngest figure skater in Michigan and Oscar Klausner is the oldest and they will both have featured parts in the Ice Festival of 1957 at the Detroit Skating Club, 10401 West Seven Mile road, on the weekend of April 26-28.

Four shows will be offered over the weekend. There will be evening performances at 8:30 Friday and Saturday; Two performances will be given on Sunday, at 2 and 7 p.m.

Tickets for all performances are priced at \$2.50 for the skates and \$1.50 for the arena. Tickets may be purchased now at the club, or from any DSC member.

Little Laurie Ross has just celebrated her third birthday, but she is already a practiced skater with a whole year's experience. This delightful little blonde, looking for all the world like a wonderful animated doll, is a cinch to steal the show away from some of the ablest amateur figure skaters in the country.

Mr. Klausner is 78. He learned to skate in his native Vienna 70 years ago and has pioneered in the development of figure skating here since 1910, has long been one of the mainstays of the annual Ice Festival. His courtly grace and surprising agility give solid substance to his dictum that there's no sport like figure skating for keeping you young.

Easter Bunny to Call At Lochmoor Sunday

Holiday Party to Begin at Club at 6 O'clock With Cartoons Prizes and Refreshments on Agenda; Ladies Golf Season to Open May 3

The children of Lochmoor members, from toddlers to teen-agers alike, will don their daintiest dainties and most fashionable Ivy League togs, to attend the club's Easter party on Sunday, at 3 o'clock.

Parents of the youngsters look forward to what has become a "must" as part of the annual party, the viewing of the children in their very own "Easter parade" held in the club house and led by the "biggest" bunny imaginable.

Party chairmen, Dr. and Mrs. George Belanger, assisted by Dr. and Mrs. Hal Munson, have planned every minute detail of the arrangements, which will include a showing of popular colored cartoons, refreshments and prizes, the latter to be awarded to the winners of the traditional egg hunt which winds up the day's fun.

That elusive, almost magical Easter Bunny has been scurrying about the club's kitchen the past few days, dipping, tinting and spattering literally hundreds of eggs which he will carefully hide throughout the club house, awaiting the searching eyes of the young participants.

A special Easter dinner will be served starting at 12:30, continuing through 8:00 o'clock, and many of the members with their young broods are planning their family dinners during those hours at the club.

Among the youngsters who will be seen in the Easter parade are: Linda Weller, daughter of the J. Warren Wellers; all six of the L. D. Browning's children, Michael, Elizabeth, Geoffrey, Robert, Joan and Mary; Frank, Pete and Jeff Barrows, whose parents are the Foster Barrows.

Others are Michele, Kenny and Joanne, children of the senior Ken Fishers; Paul, Arthur and Joseph Keller, sons of the Paul Kellers, Jr., young Joseph

Hawaii Lends Theme To GPYC Luncheon

Pearl Shell Earrings Gifts for 300 Attending First Bridge Party and Fashion Show of Grosse Pointe Yacht Club Spring Season

Committee members for Grosse Pointe Yacht Club's bridge luncheon and fashion show were still up in the air for a decor theme when they searched out bridge prizes some weeks ago. Charming pearl shell earrings from Hawaii were the gift prize funds, and that beginning inspired the Hawaiian decor for this past Tuesday's beautiful fete.

Deep sea fishnets studded with starfish formed a picturesque background at the far end of the ballroom lounge. The theme was further established by high, three-tiered standards on the gift table in the bay window, the basket-form tiers spilling fruits and flowers, and the standards topped by small, fronded trees.

In the day's mood, luncheon opened with pineapple prepared Hawaiian style. More than 300 of the distaff side gathered for the bridge-luncheon-style show "do," first of GPYC's 1957 season. Stunningly costumed, they put on a veritable style parade themselves as they went to their tables.

At luncheon's end, attention focused on models coming down the ramp to display the spring and summer fashions presented by Valerie DeGalan. Mrs. Paul I. Moreland, chairman, was assisted by Mesdames Paul L. Barker, Calvin J. Gauss, Jr., Charles W. Gauss II, Russell D. VanHouten, and Robert J. Nixon.

Plan Summer Fair At St. Michael's

Women to Decorate Parish House With Blaze of Peach Blossoms for May 23 Summer Arcade; Bazaar To Feature Items for Outdoor Living

With May 23 the date of "THE SUMMER ARCADE" barely a month away, the women at St. Michael's Church are in a whirl of last minute preparations for this, their second spring bazaar. The Parish House fairly bustles with the coming and going of busy gals, who, after months of sewing, knitting and painting, can now throw themselves wholeheartedly into decorating!

Mrs. James Sniege heads this most important committee, and announces that with the enthusiastic help of almost the entire Woman's Auxiliary, thousands upon thousands of lovely peach blossoms have been made, and that when the big day arrives, an idea which in the beginning seemed almost impossible, will have been accomplished—Fair-land!

All the many delightful and unique articles to be featured—from the beautifully trimmed beach accessories to the effective hurricane-type garden lights, center around the Arcade's main theme—Outdoor Living; on the terrace; at the beach; in your own back yard!

The Garden Booth has made arrangements to have your favorite annuals—by the flat or half flat, delivered to Grosse Pointe for you on May 23. Orders are being taken by Mrs. Robert Gaskill, TU, 1-7071, and Mrs. Richard Weber, TU, 2-3417, and must be placed by May 1st. Pony rides, movies, games, fish and duck ponds will provide entertainment and fun for the children while their mothers inspect the delightful articles on display in the various booths. Of special interest to the parents, too, will be the opportunity to have portraits done by the artistic Skinner twins, Lyman and Elliott.

The Snack Bar will serve light lunches, tea and supper to Arcade visitors who have been able to resist the mouth-watering assortment of baked goods, candies, casseroles and canned goods displayed in the Kitchen Korner!

The Summer Arcade, at St. Michael's Episcopal Church promises fun for the entire family! Circle the date—May 23!

HOW TO PROFIT THROUGH TAX EXEMPTION

With today's high tax levels, investors in medium and high tax brackets are turning to tax-free Municipal Bonds for income that they can keep.

If you have a taxable income of \$10,000 or more, you may be well repaid by investigating the advantages of tax-exempt State and Municipal Bonds. For instance, if you file a single return on a taxable income of \$14,000, you would have to receive a dividend return of 7.45% on a taxable security in order to equal the yield from a 3.50% tax-free Bond. It's something to think about!

Our New Booklet, "How To Profit Through Tax-Exemption" explains in plain language your need for tax exemption, tells how much these high-grade investments can be worth to you. There's no obligation. Send for copy today, or phone

Twelve Words that Open a New World

One sentence, in a book read today probably more often than any other but the Bible, has opened the door to an entirely new outlook on religion in daily life: "Divine Love always has met and always will meet every human need."

This sentence is found, with many others arresting and awakening, in the Christian Science textbook, Science and Health with Key to the Scriptures by Mary Baker Eddy.

By successfully explaining God's spiritual law and how it works, this book shows how to live according to the Science of Christ, or Christian Science. The healing power of the Bible promises has been made practical and provable.

Christian Science has beyond question restored Christian healing to the modern world. A grateful, growing multitude testify to its healing power.

Science and Health may be read, borrowed, or purchased at any Christian Science Reading Room, or send \$3 and a copy will be mailed postpaid.

Plan Services On Good Friday

St. Michael's Episcopal Church, located on Sunningdale Park, near Vernier and Mack, will hold two services on Good Friday.

At 10:30 a.m. the Rector, the Rev. Edgar H. Yeoman, will conduct a service for boys and girls, especially planned to emphasize for the children the meaning of the Crucifixion and the importance of this solemn day in the Christian Year.

At 2 p.m. the Senior Choir, conducted by William Y. Gard, will sing the ancient service of Ante Communion, together with the Veneration of the Cross and the Reproaches. This traditional service also includes the singing of the Passion of Our Lord Jesus Christ according to St. John. The music is almost entirely Gregorian Plainchant, with the exception of portions by John of Portugal, Tomas Luis Vittoria and Lvov.

This service will last one hour only, ending promptly at 3 o'clock.

Motorists Pay For Bad Driving

Only three of seven traffic offenders scheduled to appear before Park Judge C. Joseph Belanger on Wednesday, April 10, showed up.

Failing to make an appearance and the charges against them, were James G. Walsh of 613 Meadowdale, Ferndale, accused of ignoring a signal light, who forfeited a \$10 bond; Stephen F. Zekar of 590 Manistique, Detroit, speeding on Kercheval, forfeited a \$15 bond; Michael W. Clapsaddle of 1017 Buckingham, speeding on Jefferson, \$11 bond forfeited; and Domenico A. Parking Error Wrecks Store

The officials of Grosse Pointe City seem to have solved the parking problem, but there is one element in the parking situation that all the legislation in the world will never be able to control. This is the chance for human error when parking a car.

No better example is available than the case of Marjorie S. Conlisk of 461 University place. On Tuesday afternoon, April 9, Mrs. Conlisk was driving her Pontiac station wagon in "The Village" doing some errands. On Kercheval place she found a parking space behind Young's Men's Store. In this alley way only angle parking is allowed, so Mrs. Conlisk swung her wagon into the space and then thumped her foot down on the accelerator instead of the brake peddle.

The car leaped over the curb and into a large window at the rear of the store. Before the car stopped it had done an estimated \$1,500 damage to the store. Fortunately Mrs. Conlisk was not hurt, but we can't say as well for her car.

DAR Chapter To Hold Party

Warren Mills and Miss Effie Downer.

In the absence of Mrs. John Ottinger, regent of the chapter, Mrs. Paul Cowan, first vice regent, will preside at the business meeting. At this time Mrs. Wayne E. Skaglin will read the slate of new officers up for nomination during 1957-1958.

Impressive Victory Won By Blue Devil Track Team

Under cold, snow laden skies, Coach Howard MacAdam's Blue Devil track team scored an impressive 73 1/2 to 36 1/2 victory over league opponent Highland Park and took its first step towards the Border Cities League title last Tuesday, April 9, on the local cinder path.

Trailing 24 1/2 to 20 1/2 after the first five events, the Devils made a glorious comeback in the final eight events to score the landslide victory behind the exceptional efforts of Todd Price, who paced them with 14 points.

Lawson High Scorer
However, Price wasn't the individual high scorer of the day. That honor went to Highland Park's star Eugene Lawson who scored 15 points in three events. He won the pole vault, high jump and the 120-yard high hurdles. His teammate Mike Fitzgerald added the broad jump to give the Parkers four first places in the first five events.

Faced with apparent defeat in the first meet of the season the Devils rallied their forces to take six firsts in the final eight events to win.

The break of the meet came in the three-quarter mile relay in which Dennis Hykes, John Doyle, Hugh Delfs and Chuck Harris easily won to give the Devils a 25 1/2 to 24 1/2 lead, which they never relinquished.

Slam the 880
Coming close on the heels of the relay the Devils slammed the 880 with Pete Fitzpatrick, Dennis Franck and Paul Balan finishing in that order to give the Pointers nearly a 10-point lead. From that point on it was strictly anti-climax.

The most thrilling race of the day came in the 220 dash in which Terry Donovan came from behind to win in a blanket finish with the Parkers' Mike Fitzgerald and the Devils' Ken Gutow. The finish was so

Devil Tennis Team Takes First Three

Early reports that Grosse Pointe may have a poor year in tennis this season appeared to go by the boards as the Devils swept through their first three matches in grand fashion.

The Devils clobbered Cranbrook 6-1 in both matches of a home and home series played on Wednesday, April 10 and Monday, April 12, the latter match being played on the Devils' home courts.

Coach Bud Kurvink, with his tongue in his cheek, sent his squad into its first Border Cities League match against Highland Park on Monday, April 15, and his Devils scored a 7-0 sweep over the outclassed Parkers.

Meet Wyandotte Today
Wyandotte, notoriously weak year in and year out, will entertain the high flying Devils on Thursday, April 18, before school closes for Easter vacation.

Following the vacation period the Pointers will meet Monroe, the pre-season favorite to take the BCL title. Coach Kurvink and his squad will use the vacation period to sharpen their game before tangling in the first of two crucial home and home matches which could very easily determine the 1957 league champion. Last year Monroe and Grosse Pointe tied for the title.

In the first Cranbrook match the Pointers only dropped the number two singles. Pierre St. Amour lost to Pete King, 4-6; 6-8. Number one singles Rick Champion had no trouble disposing of Bob Klein, 6-2; 6-2 and Russ Everts was pushed in the first set of the number four singles but won 7-5; 6-2 over Fred Feckheimer.

Ron Linclau was forced to go three sets before winning the number three singles from Barry Smith, 6-3; 2-6; 6-4.

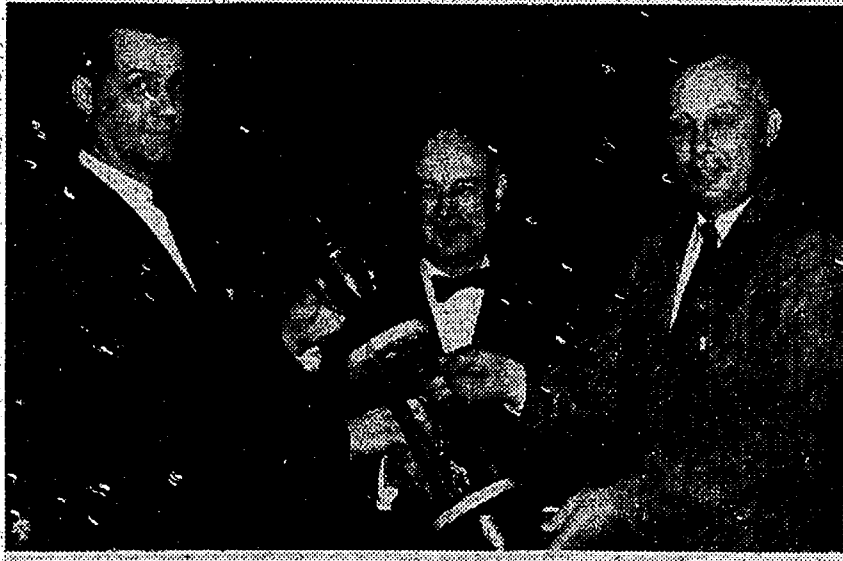

Win All Doubles
In the doubles only Tom Elliott and Ron Refior experienced difficulty. They beat Duncan and Nathenson in three sets, 6-3; 3-6; 6-2, in the number three doubles.

Other doubles winners were; John Davey and John Sparks over Cranbrook's McCaul and Jacobson, 6-1; 6-0 in the number one doubles; Dick Granse and Tom Hariett over Sun and Schultz, 6-2; 6-2.

In the return match, on April 12, St. Amour again dropped the only match of the contest losing the number two doubles to Bob Klein in three sets, 2-6; 7-5; 2-6.

Athletes Feted At Austin High

By Tom La Cicero

Austin Catholic Prep School gave recognition to its fine athletes at its third annual Athletic Banquet, on Sunday, April 7.

The banquet, held in the Austin gymnasium under the auspices of the Fathers' and Mothers' Clubs, was attended by 400 well-wishers who paid tribute to coaches, members and managers of the varsity football, basketball, baseball and track teams, the reserve basketball squad and the swimming, golf, tennis and bowling teams.

After a fine turkey dinner, the assemblage enjoyed a program run by Toastmaster Don Wattrick, well-known WXYZ sportscaster, who introduced special guests Bob Calihan, head basketball coach at the University of Detroit; Wally Fromhart, head football coach at U. of D.; and Sam Madden, director of the CYO.

The highlight of the evening was a stirring talk given by the head basketball coach at Villanova University, Al Severance, who is rated one of the top 15 coaches in the country today.

Special awards were presented by Rev. Francis McDonald, O.S.A. Larry Rancilio was honored as the most valuable football player and best back. Tom Brown received the best lineman trophy and Mike Forrester the most improved player award.

In basketball, all-State Forward Dave DeBusschere was presented with the most valuable player title and George Nickson and John Brecht received the best defensive player and most improved player awards.

Some of the honors won by Austin teams were as follows: State basketball championship runner-up, Catholic City reserve basketball championship, Catholic City swimming championship, Catholic City basketball championship runner-up, Catholic City bowling championship, and Catholic City Golf championship runner-up.

In the final Refior and Elliott won easily over Duncan and Turner 6-1; 6-2.

Beat Parkers Easily
The Highland Park encounter was practically no contest with the Devils winning all seven matches in straight sets.

Champion beat Herb Hughes 6-0; 6-0 Linclau whipped John Cronca 6-0; 6-0, St. Amour drubbed George Cronca 6-0; 6-1 and Everts downed Steve MacCanton 6-2; 6-0.

Marcereau Hurls No-Hitter In Devils' Opening Game

(Continued from Page 1)

The first batter, Murchison, grounded out short to first, three remaining batters that stood between him and glory.

Sheridan lined a scorching line drive at first baseman Chuck Dumas who handled it flawlessly. Then Marcereau disposed of Darin on strikes after working the count to three balls and two strikes.

Takes Victory Modestly
Teammates and fans swarmed on to the field and smothered Marcereau with congratulations and the little 5 feet seven inch hero took them with blushing modesty.

Three hits and 10 Parker errors handed the Blue Devils six unearned runs but this appeared to be secondary to Marcereau's no-hitter.

The scoring went as follows:
FIRST INNING: — HIGH-LAND PARK: Ron Wortman walked, Nick Genova broke his bat as he filed to short right field for the first out. Chuck Dumas filed out to left and Watts Price filed to center ending the inning. One run, no hit, one error.

GROSSE POINTE:—Bob Herrick walked and went to third on the overthrow of first on an attempted pick-off play. Gil Cox filed deep to left field and appeared to be an easy out, but the fielder dropped the ball and Herrick scored with Cox going to second.

SECOND INNING: — HIGH-LAND PARK:—Murchison and Sheridan walked, Darin was out as attempted to bunt, White struck out and Griffin popped to second baseman Cox ending

(the inning. No runs, no hits, no errors.
GROSSE POINTE: — Chuck Tyus walked went to second on a pass ball, Andrews grounded out to first, Marcereau grounded out pitcher to first and Herrick grounded out second to first. No runs, no hits, no errors.

THIRD INNING: — HIGH-LAND PARK: Bradley filed out to Watts in left field, Downs grounded out second to first and Krick ended the inning grounding out short to first. No runs, no hits, no errors.

GROSSE POINTE: Cox rifled a scorcher down the third base line and was safe when the throw to first was wide and bounded into right field with Cox racing to third. Wortman grounded to short but was safe when the first baseman dropped the throw. Wortman then stole second when the Highland Park catcher threw the ball into left field trying to pick Cox off third. Cox scored easily. Wortman, displaying some heady base running, stole third as Chuck Dumas took his first pitch and on the next pitch Wortman broke for home as Dumas calmly tapped a bunt in front of the plate. Dumas was tossed out catcher to first. Watts grounded out to third to end the inning. 2 run, no hits, 3 errors.

FOURTH INNING: — HIGH-LAND PARK: Kourtakis grounded out third to first, Andrews made a sparkling stop and throw to get the runner. Murchison walked and Sheridan hit back to the box and Marcereau tossed to Cox to get Murchison at second. Sheridan was safe on a fielders choice.

Neighbor: What's that? Tell me how it works.
Olds Owner: When you're driving under ordinary conditions, it uses only one carburetor. That means economy with a capital E. But when you need a sudden burst of power, for safety's sake, you just press the accelerator three-quarters of the way down—and two additional carburetors cut in!

Junior Leaguers took their husbands to the general meeting last week at the Country Club to hear advice columnist Ann Landers...

Most of the men were wary of admitting they read the column, but not Judge Neal E. Fitzgerald, who admitted he turned to Ann right after Dick Tracy in his morning newspaper.

One gentleman rose and asked the petite and provocative Miss L. how many categories of problems were represented in her droves of mail...

Mrs. James B. Webber, Jr., along with fence repairing jobs to be done on her new Kenwood road home, is busily trying to find homes for a litter of five kittens.

Mrs. H. Donald Bliss, chairman of last Saturday's melee at Richard School reports that the Carnival netted \$1,500. TV Star Soupy Sales, who played three performances for his son's alma mater, was a raging success.

Understand that Lochmoor came up with a completely new idea in fashion shows at the club's first bridge luncheon of the spring season.

PILFERINGS

Billy was so bad in class the teacher decided to use the psychology of personal competitiveness to get him to improve. "You must study harder," she said.

The young child prodigy drew a masterpiece of the Holy Family. Only he added a fourth to the group. There was the Christ Child, and Joseph and Mary.

He told the lawyer, "I have stolen \$2,000 from the bank I work at. What shall I do?" "Steal \$3,000 more and bring it to me," advised the lawyer.

"Gentlemen: Your cashier took \$5,000 from your bank. The hard-pressed family, despite the most desperate efforts, was unable to raise more than \$3,000 which they offer if you will not prosecute."

Happiness is the only thing that multiplies by division. Fun is like insurance. The older you are the more it costs.

Nanny is my nurse She wears tissue paper in her dress And you can hear it She is English and has 8 hairpins Made out of bones She says that's all she needs in This life for Lord's sake

Gentlemen of the old school in the South used to say: A woman's name should appear in print but twice—when she marries and when she dies.

When the POINTE was growing up...

BY PAT TALBOT

Indians fought, died and were buried on the mossy meadow while the French and Belgian colonists were struggling to establish their farms in the 1750's.

First residents were wary of the quicksand lying beneath the green ridge and delighted by the bubbling springs on the property which came to be known as the Fisher farm by the middle of the nineteenth century.

The McMills, Berrys, Muirs and Newberrys played golf in the blazers and white flannels of the gay nineties on the green fields then carefully laid out for a brisk eighteen holes, extending all the way from the present Fisher road to the Morans' land, now Moran road.

They returned to the clubhouse at the lakefront for their wining and dining. No golf was allowed on Sundays by orders of the new owners, the Berrys and Lodges.

An interurban railway was cut through to the old Weir farm carrying residents to their cottages and farmers to their homes when buggy travel was impossible.

In pre-World War I days the first airplane landed on the fairway and adventurous citizens could have an airplane ride about Detroit for the munificent sum of \$25.

In 1926 the biggest excavation in Pointe history began on the golf course. On January 31, 1928 Superintendent of Schools Samuel Brownell and custodian Edmund B. West stayed up all night to ready the splendid building for its first patrons.

The first day of February, 1928, 700 students walked through the halls of their brand new High School. Their former gray stucco quarters in St. Clair avenue were abandoned to their smaller brothers and sisters.

Today 2,400 scholars are crowding to capacity the sumptuous school of the twenties and even the recently acquired annexes are feeling the pinch. But 65 per cent of the seniors go on to college, well-prepared and privileged to have attended one of the best High Schools in the country!

Pointer of Interest

CHARLES M. REIK, JR., OF BARRINGTON ROAD

By Patricia Talbot

Every evening for the past 20 years this Pointer has shrugged off the cares of his insurance broker's day and disappeared into the basement of his home to play with his railroad train.

But this hobby is no young boy's toy. Over a hundred feet of perfectly scaled track (in the ratio of 1 to 1/48) run around the basement, by the furnace, through the workshop, beside the washing machine and back again to the roundhouse.

Every foot of track and every part of the three locomotives and 100 cars of this O gauge railroad have been built by the owner. The turntable came from a friend in Pennsylvania, the motors from scrapped B-29s, the tender was an old pig-tail to chip can, the minute pipes were made from coat hangers.

HE STARTED EARLY Mr. Reik's demanding hobby began when he was younger than his own 4-year-old Johnny and he received his first toy train. He still has a pair of wheels from that German-made model. He always liked to tinker with tools, even made a crystal set when he was the age of his 12-year-old son Charles III.

But this fascination with scale railroads began in earnest in 1933 when he was laid up with an injury and had plenty of leisure time. He and his brother repaired all their own old electric trains and bought ancient, djsused models from neighboring kids. Soon he was dissatisfied with toy trains and went on to scale his own railroad.

Walton-Pierce has gathered Spring bouquets and scattered them on straw... for the brightest, gayest garden of all—flowered hats, a-bloom in the window. Moss green straw is the field for daisies... forget-me-nots peek over a brim of blue. Then, on white straw... lush-petaled roses of silk are special. Come see, in the village. Each one's headed for the Easter parade!

Going places this Sunday? To church... to grandma's... on an Easter-egg hunt. Take your camera along for the color. You'll catch your own sick chicks... maybe even a bunny. If you've stopped at the Camera Center, in the village, you'll have just the right film... color, of course. More, they'll show you how to use it.

Near to her heart is your thoughtfulness. And that's where she'll wear the beautiful corsage that comes in a Charvat box. What will it be? Violets, fresh and sentimental. Perhaps cymbidiums to match her costume... delicately shaded little orchids in tans, charrueuse, mauve, peach, white. Camellias... orchids... gardenias... fashioned by Charvat the Florist, 18590 Mack, to delight her this Easter day.

All shine and beautiful lines. Black patent handbags by that mastercraftsman, Coblentz, would light up your Easter outfit... impeccably. At Margaret Rice's, on the hill. Small box shapes to oversize satchel... perfect for Easter gifting.

Of shells and beads and vegetables. Straw bags take the prettiest trimmings! Shells glisten with jewels. Beads fashion a paisley garden sprouting with pink flowers. But the dearest sprouts... carrot, peas, and onion felt dolls thrive happily on split wicker. D. J. Healy's has these... and more... in the village.

Hand-some and then some! THE finishing touch come Easter morn are sparkling handbags from Healy's. Pure white... net and lace encased in plastic. For glitter: Interwoven gold metal, lined with satin. Or glow: Black patent, never better than this Spring and priced here from five dollars.

Easter... for every important day... gift her with beauty, and she'll know you care. At Marie Bird's Salon, a-top the hill, you'll find gift certificates... beautifully wrapped... a very special gift for your extra-special someone. Priced from five to twenty-five dollars... to suit every budget.

The eyes have it! Depth and new-found beauty are blended right into Elizabeth Arden's latest "Eye Shadow Blues" just in at Trail Pharmacy, on the hill. Your choice of coordinated eye shadow, eyebrow pencil and mascara... plus two complimentary eye shadows, in a handy make-up kit. Five twenty-five complete.

There's a glow about him this Easter... from the luster of his silk-blended suit to his striped muted silk shantung tie. From Higgins and Frank... the tie, typical of his good taste... a credit to HER talent for buying him clothes he admires. Because, she says, she always finds what he wants at Higgins and Frank... on the hill... a man's store where women shop for men.

Pointers who have enjoyed the advice and fittings of Mrs. Louise Rice for many years will be pleased to find her at Anthony's, on the hill, with a complete selection of foundation garments... renowned for their flattery. Bien Jolie, Olga, Lily of France, Scandale, Warners are only a few of those offered... along with exquisite lingerie... hand-detailed and laced... from home and abroad. For the young, too... lovely under-fashions, and modestly priced.

Lady Hathaway is making news at Proper's. Beautiful as ever... now another look is added. It's the sleeveless small collared Lady Hathaway shirt. Perfect and plain English broadcloth... or check. Delightful with the man-tailored shorts for women... also at Proper's, in the village.
