Traffic Tangle Damages 3 Cars

Three cars were damaged in an accident early Sunday morning, May 26, when a young lady turned into moving traffic on Lake Shore road and had her car knocked into a parked auto.

Charlene Pelcher was driving a 1957 DeSoto, and emerging from the War Memorial drive attempting to turn right onto Lake Shore. Her vehicle was hit by a 1950 Chevrolet driven by Theodore Bondar.

Total damage to all three cars was estimated at over \$300. Miss Pelcher was ticketed for not having had driver's license on her person, and interfering with moving traffic.

A successful man makes more money than his wife can spend—and a successful woman is one who lands such a husband.

Ground was broken on Sunday, May 19, as the initial step in the construction of the Austin Friary. This building, which is expected to be completed next Spring, will provide living accommodations for the Augustinian Fathers who teach at Austin Catholic Preparatory School.

The new Friary, a long-felt need, will be located to the west of the school building on Warren Ave. The style of the building will harmonize with the present school.

It never pays a man with a narrow gauge mind to try to entertain more than one idea at a time.

Tennis Players Reminded Of All-Pointe Tournament

The inclement weather of the past week is blamed for the slow returns of entries for the Second All Grosse Pointe Tennis Tournament. Officials urge that those intending to play in the tournament not to be fooled by the temporary cooler weather.

Entry blanks may be picked up at the Neighborhood Club and most locales where tournament announcement posters are placed.

Matches will be scheduled in all divisions for men, women and juniors. A special consolation tournament for losers of their first match is also on the agenda.

All men's matches and mixed doubles will be played after 5 p. m. weekdays and anytime on Saturday and Sunday.

Tennis balls for all matches will be supplied and locker and shower facilities will be available. Suitable prizes and trophies will be awarded to the winners and runners-up.

The tournament committee is composed of representatives from all the Pointe municipalities and clubs having tennis courts.

Entry blanks must be mailed or delivered to: Tennis Tournament, 186 Kercheval, Grosse Pointe Farms. Remember the June 10 deadline.

Importance of Mathematics Subject of Expert's Talk

By Janet Collinson, G.P.H.S. Journalism Student

"The first World War was a chemist's war; the second World War was a physicist's war; and the war to come, if there is one, will be the mathematician's war."

This is the opinion of Dr. Arvid Jacobson, as expressed in a recent speech to an assembly of math classes at Grosse Pointe High School.

Dr. Jacobson was speaking on the subject of opportunities for young people in mathematics today. His opinion is that such opportunities are limitless, and he used the World Wars to emphasize the importance of mathematics in all phases of our modern world.

He went on to explain his beliefs more fully. "We're using ten times as much mathematics today, as we did ten years ago... today, math has extended applications in all areas of science and technology," he said.

Dr. Jacobson is the director of the Wayne computing laboratory. In this capacity, he works constantly with machines known as "electrical computers." He naturally began to talk on opportunities in this specific field of work—that of electrical computing.

"Here we have a good area of work, because it provides for the first time a very wide field for the person who has a good background in math and science," commented Dr. Jacobson.

He then went on to speak of the electrical computers themselves. "There are two types of computers, one of which is related to the slide rule," Dr. Jacobson explained. "Because we have these tools, we are using

math in many new technical areas, such as operation research, and linear planning."

Dr. Jacobson explained something of the actual running of the computers. "We must instruct them; and we must instruct them very carefully. They can perform 10,000 operations per second—that could be 10,000 mistakes per second. Actually they make about one mistake in 10,000 operations," he continued.

"That's about one mistake for every 10,000 human errors."

"In the computers we use the binary number system—a system which has only two digits—one and zero. With these two, any number can be expressed.

"We not only put numbers into the machines (in code, stored inside in the form of magnetic spots) but also instructions. Not only the numbers are available to the machines, but also the instructions, at a rate of 5,000 to 10,000 facts per second. It is supplied by a system of punch cards, or by pressing keys as with a keyboard. With this information, we do practical problems in psychology, traffic control, and business management."

As much depends upon the operator as on the machine in solving any problem. Many times, the accuracy and efficiency with which a problem is solved depends upon the skill the operator uses in guiding his machine to the answer, Dr. Jacobson pointed out.

He further emphasized this point by citing an example. "Solving a system of 100 equations in 100 unknowns might take 100 hours on a large machine. On others it might take one hour. Much depends upon the mathematical analysis," he said.

Good Literature Council Meets

The regular monthly meeting of the Grosse Pointe Council of Better Literature for Youth, was held at the Main branch of the Grosse Pointe Library on Kercheval and Fisher road at 8 p.m. on May 13.

A report was given on the recent hearing on obscenity at the State Capitol.

The council is backing the substitute bill which is the Senate's answer to protest against an earlier House plan, which would have switched the legal case against obscene literature from the criminal, to the civil courts.

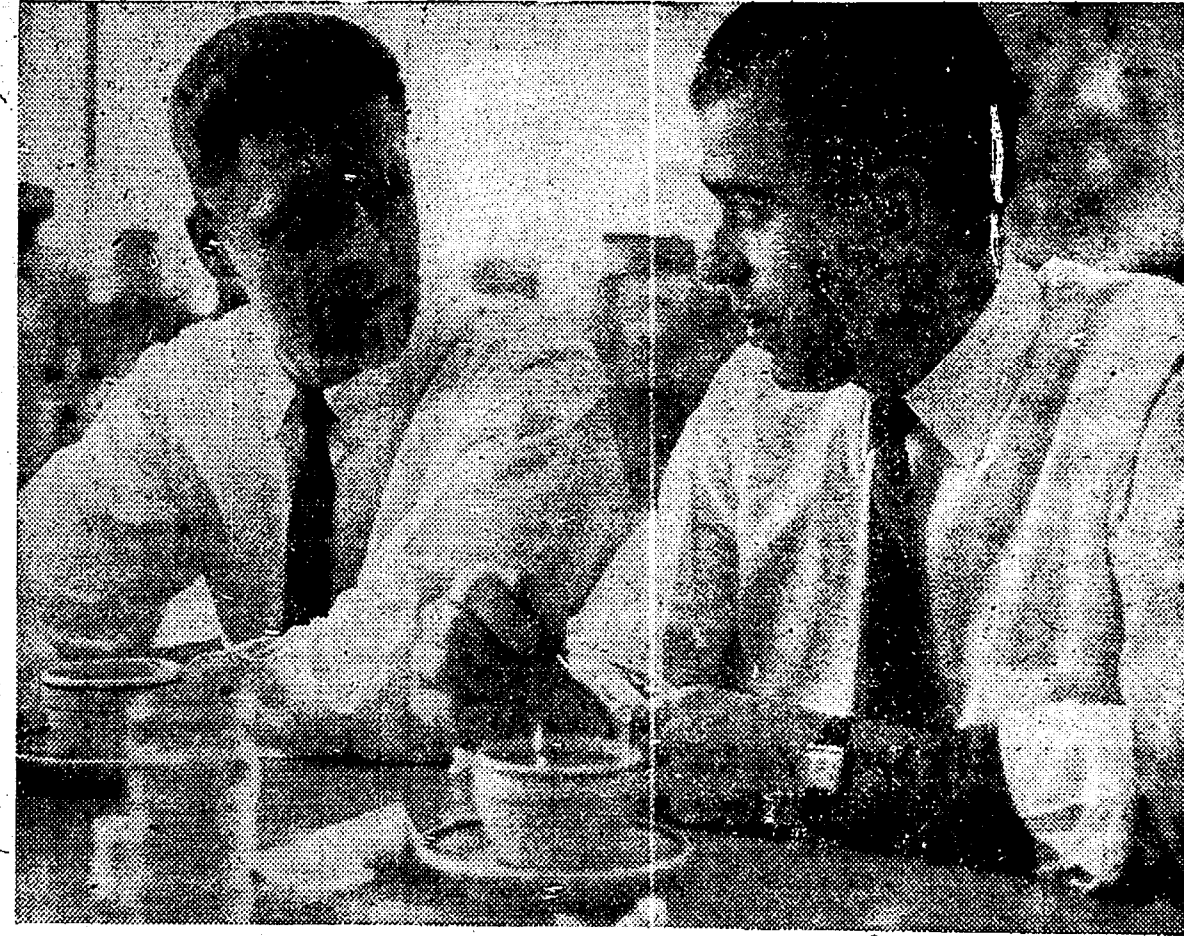

The Grosse Pointe group is very encouraged by the cooperative attitude of the newsstand owners in the community.

Concert at High School Delights Large Audience

By Sue Cumberworth, G.P.H.S. Journalism Student
"One of the best concerts ever presented at Grosse Pointe High School."

That was the prediction of Mr. John Finch before directing his 50th concert Friday night in the high school gymnasium. In the minds of many of the more than 800 who attended, his prediction came true.

As usual, the a cappella choir and glee clubs were featured. The girls' glee club, arrayed in swishy pastel formals, sang five numbers: "Great Day," "Deep Night," "Can't Stay Away," "Danny Boy," and "One God."

Their encore was "How Lovely Are Thy Dwellings," with a solo by Sheila Simon.

A smaller, but equally enthusiastic, boys' glee club, gave out with three typical "he-man" songs, "The Happy Wanderer," "Away to Rio," and "Old Man River," plus the nostalgic "Autumn Leaves."

A high spot in the entertainment occurred next, when four boys, Vic Calcaterra, Cal Knorpp, Bill Gleason, and Mike Meagher, better known as the crew necks, chanted out the rhythmic "Dry Bones" and "The Naughty Lady of Shady Lane."

Then the pride and joy of Mr. Finch's 60 concerts, the a cappella choir, came to the front and center. They offered the joggling favorite "Tumbling Tumbleweed," followed by "Halls of Ivy," which must have brought many a sentimental tear to the eyes of every graduating senior present.

"The Darkest Hour," a recreation of the trial and crucifixion of Christ, was presented "by popular request," in Mr. Finch's words. The Easter story in music featured five soloists and lasted more than 15 minutes. Many commented that it was by far the highlight of the evening.

Then all vocal groups combined their forces. "Onward Christian Soldiers," seemed to resound off every rafter; "Listen to the Lambs," illustrating the groups' adaptiveness in shading.

Necessity may be the mother of invention, but many of them turn out to be orphans.

Church Youth Elect Officers

By Diane Dickey, G.P.H.S. Journalism Student.

At the annual Methodist Youth Fellowship rally held at Narden Methodist Church, ten district officers were chosen to be next year's leaders.

Sandy Clave, 11A, a student at Grosse Pointe High School, and a member of the Grosse Pointe Methodist Church and Fellowship, was elected to the district office of Secretary.

Some 40 M.Y.F. groups from the Detroit area and surrounding suburbs were represented on the voting committee by two delegates each.

Sandy and her fellow officers were installed in an impressive ceremony in the church sanctuary following the election and a sermon given by Rev. Ralph Jenka. Approximately 400 teacher sponsors and delegates filled the big church.

The newly elected officers will begin their term the coming year.

High School Debating Club Completes League Season

By Nancy Nagelkirk, G.P.H.S. Journalism Student

The Debate Club at Grosse Pointe High School has completed its first semester of participation in the Border Cities Speech League.

Members of the club and their sponsor, Richard Kepes, have attended three meetings and the League Congress.

At the regular meetings specific topics are discussed which are all related to a general theme. Following the speeches, discussion groups analyze the ideas presented in the speeches.

The Congress is conducted more formally. Students get rigid drill in Parliamentary procedure as resolutions to the topics introduced in keynote speeches are presented in committee meetings, discussed, and voted upon. This procedure is repeated before the entire Congress following a break for lunch.

At the February meeting in Royal Oak, the general topic was "In My Opinion." The speakers chose any controversial topic they wished to discuss and presented their views on it.

Pat Hawkins, 12A, represented Grosse Pointe. She chose the topic "America's Mistakes in the Hungarian Crisis."

Wyandotte was the host for the March meeting which centered around the U.N. The plans and work of U.N. organizations were discussed by some speakers. Others talked about disarmament, the atom, and revision of the U.N. charter.

The U.S. attitude toward the organization and our regional alliances with other countries were other topics. Grosse Pointe speakers were: Carol Schneider, 12A; Maryann Adler, Kathy Falk, and Nancy Nagelkirk, 11A's; Ed Cooper, 11B; and Chuck Todd, 10A.

Many ideas for world peace were presented in the discussion following the speeches. Opposite views concerning disarmament were expressed. Some thought that peace could come through mutual trust without arms while others felt that the world needs a coexistence based on mutual fear.

In April the students met at Highland Park to discuss a topic close to teenagers—"The Rights

of Youth." These included good homes, schools, curriculum, and extracurricular activities. Also discussed were teens' legal rights and the right to be different. The closing topic was "Our Corresponding Responsibilities."

Penny Nickels, 12A; Mike Magee, 11A; Ed Cooper, 11B; and Chuck Todd, 10A; were the Grosse Pointe speakers at this meeting.

The Congress in May was held at the Rackham Building. Five keynote speeches were given, the cause of juvenile delinquency, how to control the use of alcohol, the problem of world peace, the problem of prejudice and ways of obtaining better schools.

Some resolutions caused no disagreement in committee meetings or when they were presented before the Congress. Others concerning juvenile delinquency and alcohol caused many dissenting opinions.

At a club meeting following the Congress new officers were elected for the fall semester of next year. These new officers hope to recruit a number of new members to replace those who will graduate in June.

The program in the fall will include both debate and speech activities.

ESTIMATED FIRE LOSSES

Estimated fire losses in the United States during April amounted to \$85,994,000, the National Board of Fire Underwriters has reported. This loss represents an increase of 1.6 percent over losses of \$84,624,000 reported for April, 1956, and a decrease of 17.8 percent from losses of \$104,565,000 for March (1957). Losses for the first four months of 1957 now total \$401,400,000, an increase of 13.1 percent over the first four months of 1956, when they amounted to \$354,952,999.

Nikes Perform For Army Guests

Pointers were among a group of men representing industry, banking, and the press, who were guests of Army's anti-aircraft Detroit anti-aircraft defense units when they traveled to Red Canyon, N. M., last week for their annual service practice. Col. William J. Henry, Detroit Anti-aircraft Defense Commander, was host for the three-day trip. Escort officer was Major George E. MacDonald, of Detroit Defense Headquarters. Civilians who were invited to watch the 85th AAA Missile Battalion in action included:

Allen G. Barry, of Michigan Bell and William N. Montgomery, of Michigan Bell; William J. Delahanty, representing the Burroughs Co., William Gehrke, of First Federal Savings; Eugene I. VanAntwerp, representing Mayor Cobo; newspapermen Edgar Hayes and Henry C. Weidner, and Ben R. Marsh. The 85th AAA Battalion mans the Nike sites along the southeastern perimeter of Detroit. The road to happiness leaves more memories in the mind if it was full of pitfalls in places.

Four Pointers Honored by RC

Members of the Detroit Red Cross Chapter's board of directors and officials of other agencies interested in the Red Cross water safety program attended ceremonies on Saturday, May 25, at Red Cross Headquarters, 153 Elizabeth, Detroit, honoring volunteers who were presented certificates or medals. Included among those honored were four Pointe residents, and they are: Marguerite Chedron of 21103 Country Club drive, who received a certificate for 100 hours each for three consecutive years. Medals for 100 hours each for five consecutive years went to Hazel C. Chateau of 30 S. Edgewood drive; Louise A. Lockeman of 1858 Oxford road; and William J. Reaume of 459 Maisson road.

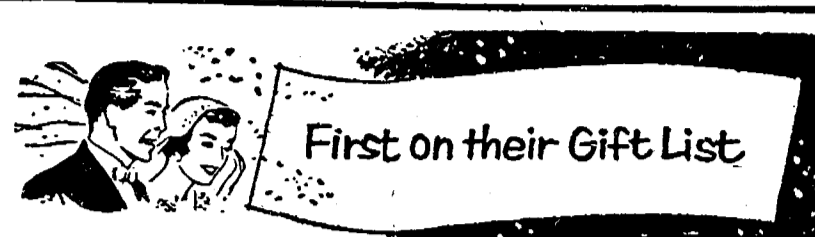

Building Report Includes 4 Homes

The Farms building report for April shows that permits were issued for four new residences at a total estimated cost of \$154,000. The homes will be, or are being built in Moran road, Moross, Cloverly and Whitcomb drive. There were no business building permits requested in April. Miscellaneous permits for additions and maintenance amounted to \$50,700. Since January 1, 14 permits have been issued for building new homes. Only two business permits have been awarded. Total building in the Farms in 1957 thus far, will amount to \$758,134.

Cadets to Get Commissions

Army and Air Force commissions will go to approximately 197 Michigan State University ROTC cadets in special graduation week ceremonies June 8. The Army will commission 135 new officers and the Air Force 62 in the combined exercises to be held at 10 a. m. on Old College Field. Lieut. Gen. Emmett (Rosy) O'Donnell Jr., distinguished flier who is U.S. Air Force deputy chief of staff for personnel, will award the commissions and speak briefly at the ceremony. The commissioning will be followed by a military parade in which all units of the two ROTC organizations will participate, honoring the new reserve officers. The outdoor commissioning ceremony and public parade will mark a return to an old commencement week tradition at Michigan State. Bad weather would move the event inside the nearby field house. All recipients of the second lieutenant's commissions are spring term candidates for graduation who will take part in regular commencement exercises the following day, Sunday, June 9, at Macklin Field stadium. Pointe students who will receive commissions include: Patrick D. Burke, son of Mr. and Mrs. P. J. Burke, of 1255 Lakepointe, Army; George G. Cope, son of Mr. and Mrs. Orburn Cope of Ridgmont, Army; Charles P. Lamb, son of Mr. and Mrs. W. P. Lamb of Nottingham road, Army; John C. Leyhan, son of Mr. and Mrs. J. F. Leyhan of Lincoln road, Army; and James L. Maier, son of Mrs. E. C. Quinn of North Oxford road, Air Force.

By Jane Horn, 12B, G.P.H.S. "When I came to America, I was tremendously impressed by the high standard of living, hospitality, and friendliness," Eddie Metral exchange student from Switzerland, told a Grosse Pointe High School history class recently.

countries is the size and the natural resources, Switzerland being only one fourth the size of Michigan," Eddie said. "Switzerland was made a democracy in 1291. The Swiss government is very similar to the United States government. Our National Assembly corresponds to your Congress with representatives from the States Councils and National Councils comprising the National Assembly. We also have an Executive Branch and a Judicial Branch similar to yours."

He went on to explain the Military Service is for all males over 20 years old. A boy goes into the Army for four months. Each year thereafter he has two weeks training until he reaches the age of 45. Each man owns his own gun.

Concerning the educational system in Switzerland Eddie said, "It is quite a bit different. The school day begins at 8:30 and ends at 4:30. Students at high school level have a choice of going to a commercial, technical, or a classical high school. In languages there is a choice of Italian, Greek, or English, one of which must be taken for six years. German, Latin, and French are required for eight years. We are also required to take all other subjects which are offered."

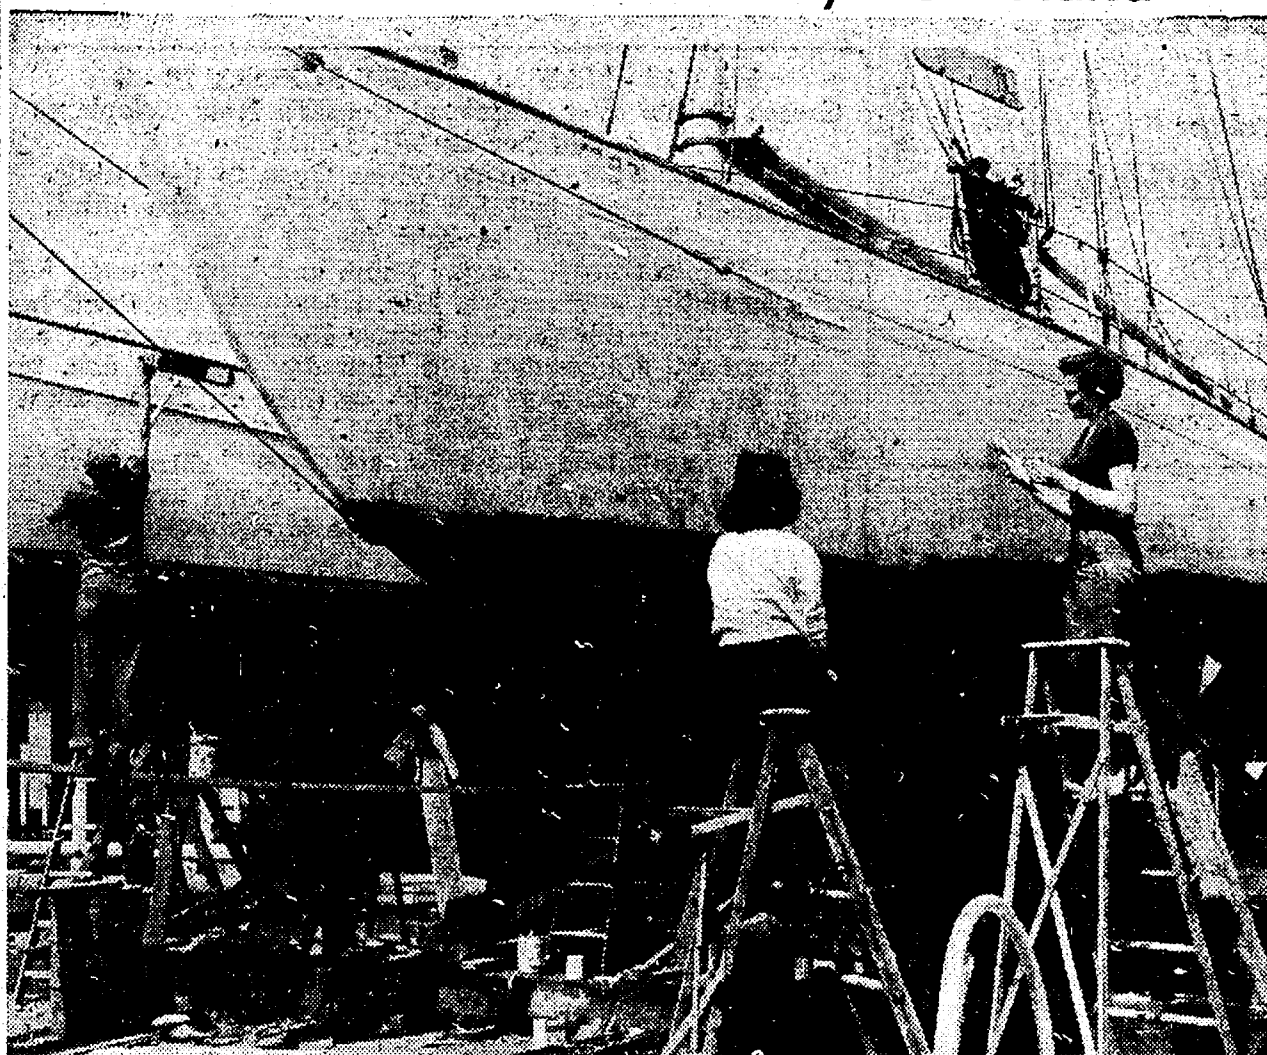

"In Switzerland, you attend high school until the age of 20, when you must take a maturity test to determine your fitness for college or a university. If the student fails that test, he is allowed to study another year and take the test again. After a second failure the student is automatically disqualified for further study."

"It is most essential that a person study very hard if he plans to continue," he emphasized.

"My year in Grosse Pointe as an exchange student has been a wonderful experience," Eddie concluded. "If I had the opportunity to be a college exchange student I would surely take advantage of it. Everyone has been so receptive and helped me make so many new friendships, which I will never forget."

Just as sure as death and taxes, boat-yard kibitzers always are on hand when the annual beakbreaking chore of preparing yachts for the summer season rolls around. Shown wielding a putty knife is "SPARKY" WIGLE as she prepares her

FREE BOOKLET How to Profit Through Tax Exemption

With today's high tax levels, investors in medium and high tax brackets are turning to tax-free Municipal Bonds for income that they can keep.

If you have a taxable income of \$10,000 or more, you may be well repaid by investigating the advantages of tax-exempt State and Municipal Bonds. For instance, if you file a single return on a taxable income of \$14,000, you would have to receive a dividend return of 7.45% on a taxable security in order to equal the yield from a 3.50% tax-free Bond.

Our New Booklet, "How to Profit Through Tax Exemption" explains in plain language your need for tax exemption, tells how much these high-grade investments can be worth to you. There's no obligation. Send for copy today, or phone

Just Starting to Fight?

The leader of the group which has been battling for many months to balk much needed further expansion of the parking area in the Kercheval-on-the-Hill business district, says he and his cohorts have just begun to fight.

Thanks to the extreme tolerance of the Farms city council, this group has succeeded in delaying the completion of this project for a ridiculously long period. The councilmen have granted the opposition every opportunity to employ every legal move available to drag out the issue.

The latest expoundings of the leader of the group are contained in the communications below. Perhaps you can figure them out.

Mr. Robert B. Edgar, Editor The Grosse Pointe News 99 Kercheval Avenue Grosse Pointe Farms 36, Mich.

Dear Mr. Edgar: In the Matter of Farms City Council to the Spot-Zone 65 foot Strip of Land, Part of the Playground of The Gabriel Richard School, Acquired from the Grosse Pointe Public School System.

We enclose herewith, for publication in the next issue of your paper, in the event you see fit to do, a true copy of an open letter addressed to Messrs. Wright and Tilley, attorneys for the City of Grosse Pointe Farms, and mailed to them yesterday, at 90 Kerby Road, Grosse Pointe Farms.

Sincerely yours, James A. Jameson

Edward P. Wright, Esq., Attorney for City of Grosse Pointe Farms, Thomas C. Tilley, Esq., Ass't. Attorney for Grosse Pointe Farms, Grosse Pointe Farms City Hall, 90 Kerby Road, Grosse Pointe Farms, Michigan

Gentlemen: Re: "Notice of Proposed Zoning Ordinance Amendment," Requested by Council of the City of Grosse Pointe Farms.

Some time ago, my attention was called to the above "Notice of Proposed Zoning Ordinance," as appeared in "The Grosse Pointe News" of May 26, 1957, and this letter now is addressed to you in lieu of my appearing at the public hearing scheduled to be held on June 17th next, personally.

To The Editor

Gentlemen: The Grosse Pointe Church League would like to thank you for your public-spirited act in donating the many individual trophies to the members of the winning basketball teams at the recent closing banquet.

Your Mr. Fred Russell gave the league great assistance by his presence and the talk that he presented.

We certainly appreciate your kindness in the publicity given the games each Saturday. Cordially yours, Edward D. Trowbridge, 1340 Bishop

This is to call your attention to two front page items in your edition of May 16th. In calling vandalism "kids pranks" and apologizing for the "decent kids' beer party and jailing with your "very very funny" treatment of "just high spirited youths," you do a disservice to parents, property owners and the community you profess to serve.

Memorial Day By Nancy Nagelkirk G.P.H.S. Journalism Student

made to the "malicious destruction complaint." Perhaps we erred in using the word "prank" in the heading. News-paper columns will only take so many characters, and the width restriction some times causes us to use words we would prefer to avoid.

Dear Mr. Edgar: May 1 use your newspaper to express the appreciation of the Mothers' Club of the Grosse Pointe High School to the more than 200 people who helped to make our annual Scholarship Bridge-Tea a success.

My wife was a patient at Cottage Hospital at the time nurses were so rightfully recognized. It was no coincidence that their nursing was of so high a calibre, for their training and understanding are manifest for all their patients all the time.

Dear Mr. Edgar: I should like to express the appreciation of my family for the splendid services performed by the staff of Cottage Hospital of Grosse Pointe.

During professional nurses week, May 13-18, the devotion to duty of nurses, nurse aides and volunteers everywhere was publicly acclaimed. Their contributions to the health of our countrymen are tremendous, day by day, week by week, Sunday and holiday.

It was a coincidence that my wife was a patient at Cottage Hospital at the time nurses were so rightfully recognized. It was no coincidence that their nursing was of so high a calibre, for their training and understanding are manifest for all their patients all the time.

Sincerely yours, Stuart T. Hanger 5 Radnor Circle

Dear Sir: I have followed, with thoughtful interest, the variety of problems which have confronted the Grosse Pointe Board of Education in recent years, and have observed the manner in which these problems have been considered and solved.

My interest was inspired not only because I have two sons attending school but also because I serve professionally as a parent in the Grosse Pointe area who have no children in school but who, however, are vitally concerned with the way in which their tax dollar is spent.

It is my view that the leadership of the Grosse Pointe Board of Education has been excellent, that considerable progress has been made, and that the citizens appreciate the good work of the board members. I should like to urge therefore, that

What Goes On at Your Library

W. J. Kimbrough, Guest Columnist During the past six months, a total of 34,391 Grosse Pointe residents saw motion pictures from the library. This is not counting the 1,872 people who came to the library's two film series, Family Film Night and Friends' Film Forum.

But there are still many Grosse Pointers who are not aware of the film services available at their public library, and it is to these people that the following information will be most helpful.

The library maintains a permanent collection of 16 mm. sound films at the Central Library at Kercheval and Fisher. There are 36 prints in the permanent collection, which is actually owned by the library as part of its holdings.

This means that during the past year roughly 88 additional films have been added to the library's collection. These 124 films have been available for 24-hour loan to any patron of the library who is a resident of any one of the five Grosse Pointes, upon presentation of a library card.

Free movies have also been available for viewing at the library on the library's two film series. On Family Film Nights (the first Friday night in each month from October through May) patrons have seen 19 different shows, and on the new Friends' Film Forum series (third Friday nights of each month, October through May) six movies were shown this year.

Last summer, 16 films composed the Children's Summer film festival, and during the past winter three special films were shown on the Friday afternoon Story Hour at the library. All this means that 168 films have been available, one way or another, to library patrons of all ages, at no cost during the past year.

Now, supposing one is to say, "What if the Library does not have on hand the particular film that I need?" In a limited way, the library can even help this person. Through the facilities of library inter-lan, we

are able to borrow almost any film that is available on 16 millimeter provided enough notice is given. A minimum of two weeks is desirable, though we have had success in obtaining some films in less time.

In these instances, the rental fee charged by the library from which the film is ordered is varied to the patron. This fee varies, according to how long the film in question is, and whether or not it is in color or black-and-white. Naturally, color film is a little higher. During the past year 44 films were spot-booked in this fashion for our patrons.

Well, from here, it looks even better than last year. Our basic collection will have at least four new films, three of which are gifts to the library from The Friends of the Grosse Pointe Public Library and the Grosse Pointe Motion Picture and Television Council. More about these at a later date.

In September, the library is joining the Michigan Library Film Circuit, which will assure us of four additional films per month, and through the generosity of the Canadian Consulate, we will have four more fine films per month, all on Canadian travel and sport, and all in color.

The Children's Summer Film Program will begin on June 20 with the showing of "Broken Arrow," starring James Stewart, Jeff Chandler, and Debra Page, and in the ensuing 10 weeks, many fine children's films will be shown at the Central Library and at both branch libraries in the Park and Woods. In October, both film series will be resumed, and of course, special films can be ordered through the library at any time.

For any further information concerning library films which has not been covered sufficiently, the Film Counselor, William J. Kimbrough, may be contacted, either in person at the Central Library, or by phone, TUxedo 4-2200.

DRIVER FINED \$75 Paul Blair of 5105 Whitfield, Detroit, was arrested by Park Patrolman George Blair (no relation), on Sunday, May 26, for reckless driving on Jefferson. The following day, Paul appeared before Park Judge C. Joseph Belanger, who imposed a \$75 fine or 10 days in jail. The fine was paid.

Advice Offered On Tree Care

When, how and how often
should I fertilize my broadleaf
shade trees?

These questions are often
asked by Michigan homeown-
ers. Harold Schick, Michigan
State University extension spe-
cialist, reports that a few gen-
eral rules can serve as guides
in figuring out answers.

Fertilizer can be used to
push the growth of young, es-
tablished trees a few years after
transplanting. Also, it can help
a tree recover from an attack
of insects or a disease. A lack
of vigor may be shown by
sparse foliage, light green or
yellow leaves, the death of twig
tips.

Schick warns against using
commercial fertilizer on young,
newly transplanted trees. He
suggests that rich topsoil be
placed around the tree soon
after transplanting. Also,

Library Acquires More Movies

Eight color films have been added to the film collection at the Grosse Pointe Public Library for the month of June. These films may be borrowed by any adult resident of the five Grosse Pointes on a regular library card for a period of 24 hours.

Patrons are urged to make advance reservations for the use of films as early as possible to avoid last-minute disappointment. Reservations may be

made in person at the Central Library at Kercheval and Fisher, or by telephone, TUxedo 4-2200. The eight new films are described as:

ANCIENT ROME (11 min.) presents the achievements of Rome in government, engineering, architecture, and law, and establishes our specific inheritances from Roman culture. Provides a background for study of ancient Rome as a religious center, a capital of an Empire, and a center of cultural influence of its time. Shows the Apian Way, the Sacra Via, the Forum, Palatine Hill, and includes scenes showing the grandeur of ancient Rome.

CLIFF HANGERS (11 min.) Over a steep ice field and up gleaming cliffs of bare rock the camera follows members of the Alpine Club of Canada, to stand at last on a never-before-climbed peak in the Canadian Rockies. Before they set out we are introduced to the climbers' basic equipment and learn the uses of rope and ice-axe. Excitement mounts with the Alpinists as they leap gaping chasms, inch their way along icy ledges, and eventually arrive breathless at the top, pausing for a magnificent view of the sea of mountains around them.

FAMOUS FISH LIVE MET (11 min.) A discussion of some of Canada's noted sporting fish—pike, bass, speckled trout, coho salmon, Atlantic salmon, and giant tuna. At a sportsman's show, fishing enthusiast Greg Clark convinces Peta McGillen, a confirmed hunter, of the delights of angling. The film shows muskie and pike drawn from northern lakes, speckled trout caught against a background of Rocky Mountains, and huge tuna which rival the grizzly bear in size and sport.

FRENCH TAPESTRIES VISIT AMERICA (26 min.) shows a collection of over 200 medieval, classical, and modern French tapestries exhibited in the United States. Narration explains how the tapestries were made.

FUNDY HOLIDAY (11 min.) Newest of Canada's National Parks, on the Bay of Fundy in New Brunswick, provides 80 square miles of varied vacation pleasure. Through the eyes of vacationers we see the scenic panorama of the Park—shimmering seascapes, white beaches, a crimson sunrise, and dense forests harboring wildlife.

LITTLE RED HEN (10 min.) uses a live hen, chicks, a duck, a cat, and a pig among "props" made to scale, and occasional drawings, to tell the well-known story. At the beginning and end of the film a little boy and girl are seen reading the story.

NAVY GOES NORTH (26 min.) This film, produced by the Royal Canadian Navy, tells of the maiden voyage of HMCS Labrador, the first Arctic patrol vessel to negotiate the Northwest Passage and circumnavigate North America.

OHIO AND ITS MINERAL RESOURCES (30 min.) describes the natural resources of Ohio, including coal mining and transportation; the production and processing of oil, natural gas, limestone, dolomite, gypsum, silica sand, sandstone, and salt; the manufacture of items from these products; and the use of lake steamers to bring iron ore to steel mills. Also touches on rural and city life, educational and recreational facilities, and industrial areas. All the films described above are 16 millimeter sound films.

STOLEN CAR RECOVERED
Shores police officers, Sgt. Earl Wakley and Patrolman Joseph Vitale, recovered a stolen car at Ballentyne and Cook roads, on Monday, May 20. The vehicle belonged to the estate of Clyde Sipes of 15781 James Couzens Highway, Detroit and was stolen from the parking lot of Northland Center in Oakland County.

Price Watts Winner Of NAA Scholarship

Price Watts, 310 Moran, last week became the ninth member of Grosse Pointe High School's June graduating class to be awarded a scholarship.

On May 21 Price received a check for \$100 from Charles R. Beltz, president, Detroit Chapter of the National Aeronautic Association. The money is to be used to help pay his expenses at the university at which he hopes to win a degree in aeronautical engineering.

The letter also stated that should Price desire assistance from the NAA, they would be happy to help him.

Tappet Tickers Put on Show

"The Tappet Tickers," Grosse Pointe's hot rod club, staged a show on the lawn of the Grosse Pointe War Memorial on Sunday, May 26. Especially commended was Paul Slinger, chairman of the show, though all the boys in the club co-operated in its production and worked hard on it.

More than 85 cars were displayed, many of them representing years of work and the expenditure of thousands of dollars.

The judges of the show, attended by approximately 500

persons, had a difficult job making awards. Finally, however, Chief Trombly of the City of Grosse Pointe Police Department Tony Manando of the Grosse Pointe Rotary Club and C. Henry Haberkorn III of the Grosse Pointe War Memorial Association picked the following winners:

In full custom—Ken Peterson; in semi-custom—Lee Laskey; in street rods (coupe and sedan)—Oliver Hines; in street rods (roadster and pickup)—Art Peil; and in competition—Tom Wright. Awards were

also made to second and third place winners.

The Grosse Pointe Junior Chamber of Commerce conducted a safe-driving contest in connection with the show. President Pat Cusick was assisted by Kirk Cookson, Bob Gall and Carl Stever.

From the 50 contestants, Gery French of the King Pin Hot Rod Club emerged as the winner of the safe-driving contest with a score of 208 out of a possible 238. Besides actually negotiating a difficult twisting course through barriers and tennis balls, all contestants took a written test in safe driving practice, problems and laws.

Grosse Pointe News

From Another Pointe of View

By Patricia Talbot

John B. Ford, Jr., and members of the board of the Detroit Symphony Orchestra will be entertaining more than a score of managers of other symphonies from all over the country in mid-June.

On Monday, June 17 the visitors will be entertained at the Grosse Pointe Yacht Club with possibly a cruise on the lake if the weather allows. Mr. and Mrs. Ford will give a dinner that evening. On Tuesday, June 18, the Women's Association will escort the wives about Cranbrook and will join forces with the husbands for an early dinner at the DAC. They will then adjourn to the Fairgrounds to hear the Symphony concert.

On the final day of the conference a tour of Greenfield Village is on the docket. All this means plenty of planning for the Women's Association head, Mrs. Harold O. Love.

Before she becomes too involved in symphony doings Mrs. Love has planned a dinner party for this Saturday evening. She and Mr. Love will welcome the Hansel Dwight Wilsons, Dr. and Mrs. Harry L. Hosmer and the Ben Beyers to their Lochmoor boulevard home.

Late in June, on the 22nd in fact, Mrs. Love will honor her board of directors and advisory board to the Women's Association to the Detroit Symphony Orchestra with a luncheon at the Country Club.

Change in Residence

The moving vans are arriving here and there in the Pointe now that spring has come somewhat. Mr. and Mrs. William C. Finkenstaedt are leaving their Rivard boulevard to take up a new abode in Grand Rapids.

On Tuesday Mrs. John Massey and Mrs. C. J. Edwards, Jr., honored Mrs. F. at a luncheon in Mrs. Edwards' McKinley place home.

One of those three-way switches in houses will be taking place sometime soon. Mr. and Mrs. Philip Van Zile II have bought a new home in Cloverly and their present house in Muskoka will become the new address of Mr. and Mrs. Rockwell T. Gust, Jr.

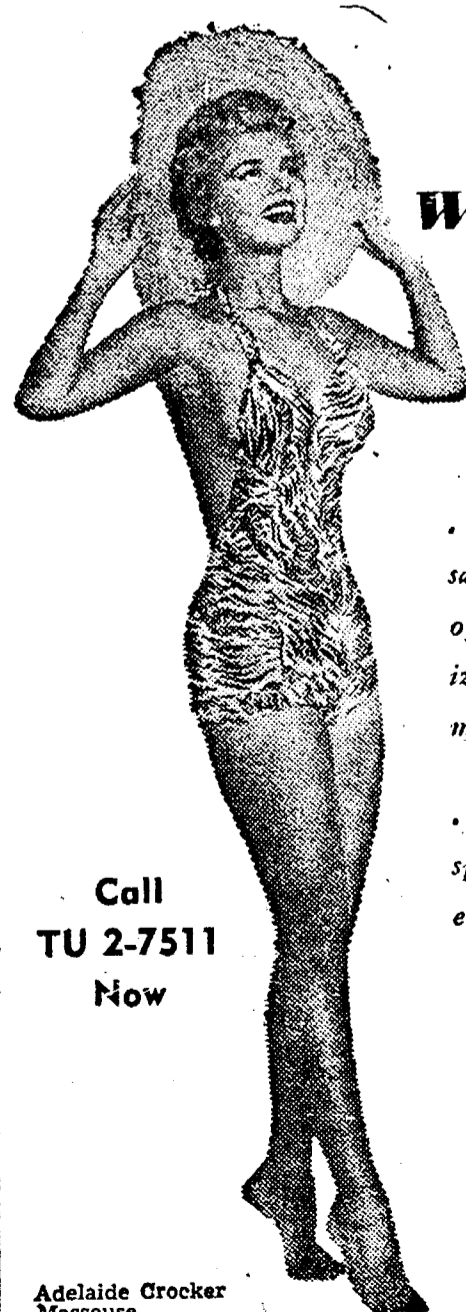

The Gusts' residence in Radnor circle has been purchased by the John Airds. Mrs. Aird is the former Mary Stuart Macdonald and she and her husband are returning to the Pointe from several years residence in New York.

Bermuda Bound

In spite of all the lovely tans seen on equally lovely ladies about the Pointe, many more are packing up to get away from the rainy days and bask on the tropical beaches.

Mr. and Mrs. Joseph H. Lackey gave themselves a bon voyage cocktail party last Saturday night in their Merriweather road home. The Lackeys are at present sunning in Bermuda.

Mrs. Robert Rigger will leave this week-end with her parents, Mr. and Mrs. Albert M. Mackey for Providence. (Continued on Page 15)

Other means of raising funds have been through the coffee shop, gift shop and white elephant sale.

The outgoing president, Mrs. Donaldson, announced that the League had purchased over \$4,000 worth of equipment for the hospital this year. This included 40 movable over-bed tables, six electrically operated beds, refurbished a sunroom, provided a new chapel and office for the chaplain.

New volunteers are always needed by the League and the hospital would welcome any woman who would enjoy making this community contribution.

Youth to Hold Center Dance

The Grosse Pointe War Memorial Youth Council is bringing the Center's teen-age activities to a close this season with a Summer Formal, Wednesday evening, June 12, at 9 o'clock.

There will be dancing inside and outside, weather permitting. Refreshments will be served on the terrace overlooking the bowling green and the lake, and the formal gardens will be illuminated.

Bill Kniceley's orchestra will play throughout the evening though it is called a "formal", boys need not invest in a summer dinner jacket; any good summer suit will be perfectly in order.

Marty Trombley of Austin High School is general chairman of the party to which high school students of all public, private and parochial schools who live in the Pointes are invited. It is a couples-only affair. The admission is \$1.50 per couple.

Jones-Fink Rites Read in Scotland

Pair Will Make Home in Edinburgh Where Lt. Jones Is Stationed with the Judge Advocate General's Office; Wedding Trip to Rome and Venice Follows Reception

At an afternoon ceremony in the Church of the Good Shepherd, Edinburgh, Scotland, Saturday, Elise Lammert Fink, daughter of the George R. Finks, of Cloverly road, was married to Lt. W. Merritt Jones.

The bride's princess gown of ivory peau de soie was fashioned with a scooped neckline outlined with insertions of Alencon lace re-embroidered with seed pearls. A small bow accepted the back of the full sweep skirt.

Her double tiered illusion fingertip veil was caught by an open shell cap of Alencon lace re-embroidered with seed pearls. She carried gardenias and ivy.

Peter R. Fink escorted his sister down the aisle and her sister, Ann Fink, was the only attendant. She wore a pink nylon chifton with a softly draped scooped neckline, fitted bodice and flared skirt. Her large brimmed open crown hat or horsehair was trimmed with tiny pink and white flowers. She carried a bouquet of pink and white flowers and ivy.

John Hamilton, who is studying at the University of Edinburgh, was the lieutenant's best man. Lt. John B. Harvey was an usher.

For her daughter's wedding and the reception which followed at the Caledonian Hotel Mrs. Fink chose a Dior blue frock of chiffon and lace. Her matching hat was trimmed with iridescent berries and she pinned spray orchids to her purse.

When the new Mrs. Jones left on the pair's wedding trip to Rome and Venice she was wearing a navy silk linen suit with navy accessories.

The couple will make their home in an apartment in Edinburgh. The lieutenant is stationed at Kirknewton, an RAF base, and is attached to the Judge Advocate General's Office.

Miss Fincham Speaks Vows

At a recent ceremony in St. Paul's on the lakeshore, Shirley Jayne Fincham, daughter of the A. J. Finchams, of Rolandale avenue, became the bride of James W. Haley.

Mr. Haley is the son of Dr. and Mrs. J. H. Haley, formerly of Yorkshire road, now of St. Clair Shores.

For her wedding the bride chose a gown of princess styled silk shantung. Her veil was trimmed with imported French lace and she carried white roses and white lilies.

Rita Fincham was her sister's maid of honor and the attendants were Carole Staats and Rose Marie Testolin. They wore light blue lace and carried violets.

Following a reception at the Grosse Pointe War Memorial they left on a wedding trip to Nassau. They will live in Cadieux road.

UCS to Sponsor Presidents Day

Heads of Pointe Organizations Will Join Groups from Metropolitan Detroit on Tuesday at Ford Auditorium To Confer; Conclave Planned by Women's Committee of the United Community Services

"Madame Presidents" of organizations in Grosse Pointe will join other leaders of women's groups from the entire metropolitan area on Presidents' Day, Tuesday, June 4, from 12:30 to 2:45 p.m., at the new Henry and Edsel Ford Auditorium, in Detroit.

Sponsored for the fourth year by the Women's Committee of Metropolitan Detroit United Community Services, Presidents' Day is designed to bring together women leaders so that they may explore ways in which they can be mutually helpful to the community.

Grosse Pointer Mrs. Theodore R. Buttrick, Jr., 365 University place, is co-chairman in charge of program planning.

Other Grosse Pointe residents who are active leaders in community organizations are members of the committee making preparations for the widely-attended gathering. They are: Mrs. Walker L. Cisler, 1071 Devonshire road, representing League for the Handicapped; Mrs. Charles T. Fisher, III, 1030 Harvard road, active Junior Leaguer; Mrs. George Haggarty, 86 Renaud road, League of Catholic Women; and Mrs. John W. McEachern, 81 Renaud road, chairman of the USC Group Work and Recreation Federation.

Victoria Heffler Wins In Spelling Contest

Nine-year-old Victoria Heffler, daughter of Mr. and Mrs. M. Ben Heffler of Harvard road, won an all-school spelling contest at the Liggett School, on Tuesday, May 21.

Victoria, who is a sixth grade student, spelled down girls in her own class and even the students in the senior grades.

Some people plan so carefully for the worst that they miss all the good things in life.

Other Grosse Pointers who will serve as hostesses include Mrs. Edwin T. Yates, 1739 Littlestone, representing the Federation of Women's Clubs; and Mrs. Francis Steele, 55 Mapleton road, representing College Women's Volunteer Service.

The theme of Presidents' Day, "Direct Line to United Community Services", aptly describes its purpose—to provide an opportunity for the leaders of hundreds of women's organizations in the metropolitan area to meet each other personally, to become better acquainted with each organization's efforts at community betterment, and to get an inside view of the many community projects being conducted through United Community Services.

Attending the "dessert luncheon" will be more than 400 past and present officers of all PTA groups, mothers' clubs, college and sorority groups, garden clubs, church groups, veterans' organizations, business and professional women's clubs and all suburban clubs.

Among the many organizations represented by "Madame Presidents" will be the United Church Women; Archdiocesan Council of Catholic Women; League of Jewish Women's Organizations; member clubs of Federation of Women's Clubs; League of Women Voters; American Association of University Women and College Women's Volunteer Services.

General Chairman of the Fourth Presidents' Day is Mrs. Philip Marcuse.

Great Books Group Holds Dinner Party

Mr. and Mrs. Alden Thomas Open Home at Conclusion of Successful Season Sponsored by Friends of the Library

Members of the Great Books Discussion Group celebrated the conclusion of their very successful first year with a dinner party in the garden of the Alden Thomas home in Washington road on Tuesday, May 28.

The group is sponsored by the Friends of the Library and meets twice a month at the Central Library to discuss one of the Great Books of western thought, which all of the group members have read beforehand.

While the discussion ranges from relaxed and friendly to argumentative, it is pure discussion, confined solely to the issues and facts contained in the reading. Thus, the participants are both relaxed and stimulated. Relaxed because there is no accent on position, education, background - stimulated, because there is accent on the member's ability to read, discuss and analyze.

Registration may be made at the Library for entrance into are resumed in September.

Jaycees Selling American Flags

The Detroit Junior Board of Commerce is offering to each and every family the opportunity to purchase and display an item representing our great American heritage—the American flag.

Not only as a fund raising activity, but also as an Americanism project, do the Jaycees make this special Flag Kit offer. It is our earnest desire to see now, more than ever, the American flag displayed from every home many more times during the year than just on legal holidays.

Proceeds from the Jaycees' flag sale go into the organization's funds which foster civic affairs and youth activities. The Jaycees are known especially for their annual Crippled Children's Christmas Party, their Golden Rule Shopping Tour for Orphans, Junior Achievement Projects, and teenage Rodeo.

A long-wearing three by five foot American flag, made of color-fast cotton, with a sturdy two-section wooden flag staff that measures a full six feet when extended and its heavy iron wall bracket, is priced at \$3.19.

The Flag Kit materials fold compactly into their box, measuring three feet by three inches square. The Jaycees would like to send you one, if you will mail your request and check or money order for \$3.19 to: Flags, P.O. Box 723, Detroit 31.

People may not have anything to do but they can always think of something to say.

GPYC Swimmers Set for New Season

Grosse Pointe Yacht Club boy and girl swimmers are gearing for the 1957 summer season. Having won the Inter-Club championship last year, the team, now defending champ, is out to win the Dual Meet championship this year.

Kick-off will be a meeting on Saturday, June 8, at 12 o'clock noon, highlight of which will be the election of the 1957 team captain. The important session will start with a wiener roast to take place in the park adjoining GPYC grounds, if the weather is fine. Otherwise, the gathering will be in the club's Po'castle.

In charge will be Bill O. Brink, sports committee chairman. Brief talks will be given by Clarence and Betty Pinkston, the swimming coaches whose instruction and inspiration led the team to victory last year.

The team is open to all GPYC boys and girls in the age groups beginning with the youngest of 10 years and under, and continuing up to the 17-18 year group.

The June 8 gathering is just the exciting start. At a later date there'll be the Inter-Club banquet free to all team members; also trophies and cups to the "big splashes" in each age group.

Assisting Chairman Brink are Arthur P. Bartholomew, vice chairman, and sports committee members John G. Bannister, Lewis F. Brown, Frederick K. Cody, Dr. Harold E. Cross, Hans Gehrke, Jr., Edgar M. Gregory, Jr., Fred A. Hood, Jr., Wilfred P. Whyte and Kent A. Zimmerman.

It takes only a few people to furnish ammunition for continual neighborhood wars.

Come along on this once-in-a-season special 3-Day Great Lakes cruise—a circle cruise of Lake Erie. See Spring in full bloom! See the progress being made in preparing for the new seaway! Visit Buffalo, N. Y., with time ashore to see Niagara Falls. Then to Erie, Pennsylvania, and Cleveland, Ohio, after cruising the Canadian shore. Rest, relaxation, fun, frolic and sightseeing—here is a special cruise with special appeal to all. Don't miss it!

Clean Houses Seldom Burn

Most folks have the makings of a real "good" fire in their homes simply because they don't know what rubbish is, warns Farms Fire Chief M. William Mason.

In a special Spring Clean-Up Week plea, Chief Mason urged all householders to immediately "learn how to spot junk and other quick burning things around the home, for these are a real fire danger."

"Then," he said, "get into the habit of disposing of it regularly and often, and you'll be contributing more to the fire safety of your family and home than could all the fire departments for miles around."

Here, according to Chief Mason, are some of the things that firemen classify as "rubbish"—the fuel that fire needs: lamp shades, old mattresses, cast off clothing and furniture.

Seniors at GPHS Ready for Prom

Big Social Function in Gymnasium Will Be Climax Of Six Weeks of Hard Work; Committee Set To Start Decorations

By Nelson Smith, G.P.H.S. The Big Night for Grosse Pointe High School seniors is only one day away.

The night is June 1—Senior Prom Night. Senior Prom means a lot of things. Beautiful girls in dazzling formals. Handsome young men in tuxedos. But it also means the culmination of six weeks' work by the class of January, 1958.

Since the middle of April, the 140-odd members of the 12B class have been working steadily on decorations, invitations, publicity, and the many other duties that putting on a prom entails.

As always, the theme is a secret. Only the 12B's know what the decorations will be based on. And, for the most part, only the 20 members of the decorations committee have seen the decorations.

Saturday morning and afternoon promises to be as much work as making the decorations. Beginning at about 10 o'clock in the morning, about 30 members of the class will attempt to set up the decorations in the high school gym in less than 10 hours.

This is more difficult than it sounds because, besides the massive wall decorations to be put up, there are also some very ingenious replicas to be

set up on the floor. By now, most of the work has been completed. The final result will be viewed by all the seniors at 9 o'clock, June 1. And you can bet it will be good!

What this country needs is a good air brake for the man who continually boasts about his accomplishments.

Feline Hitch Hiker Escapes

Constant Nadeau of 511 Manistique, wondered what the peculiar purr of his car engine indicated Thursday afternoon, May 23. He stopped the car on Lake Shore road near Elm court, and the motor promptly quit.

Nadeau lifted the hood of his car and found that a small kitten had become lodged between the motor and the starting unit. A Farms police officer extracted the frightened cat with a gloved hand. The animal was stowed in the trunk of the squad car for the ride to the station. When the trunk was opened the spry kitten sprang out and headed for the hills.

Voters League Adopts Policy

At the May meeting of the board of directors of the League of Women Voters of Grosse Pointe, the members of Grosse Pointe, adopted the following non-partisan policy:

- 1) Board members shall do no work of any kind for a candidate or a political party during their term of office on the board. 2) Since working at the polls might be misconstrued by the public, it is recommended that board members refrain from any such activity.

Devil Nine Beaten Twice In Crucial League Games

Grosse Pointe High School's failure to collect base hits cost it a couple of ball games during the past week which dropped the Devils out of contention for the 1957 Border Cities League title.

The Pointers suffered their third loss of the season on Wednesday, May 22, when Fordson rapped out seven hits for 10 runs to beat the Devils 10-4.

Jump on Andrews The Tractors jumped on starter Marty Andrews for 3 singles and three runs in the first inning before he got two men out.

Steve Suor came in on relief to start the fourth inning and gave up 4 runs on 4 hits and 3 walks. Both Dumas and Suor were victims of 6 errors contributed by their teammates.

The winning pitcher was Fodor who held the Devils to 6 hits and 4 runs despite the four errors by his teammates.

Murchison held the Pointers to 2 runs on 3 hits to become the winning pitcher. Only one error was committed and that by Highland Park.

The Devils engaged in a key game which will figure greatly in the final standings, on Tuesday, May 28 when they tackle Royal Oak. Results of this game were not available before press time.

A victory for Grosse Pointe would give Fordson first place, Royal Oak second and assure themselves of third place regardless of the outcome of the final game against Wyandotte on Wednesday, May 29.

Accounts of both games will appear in the News next Thursday.

Youngsters Win Medals For Fencing Ability

Monty Parsons, age 9, of 180 Lakeview, won the first place in the Junior Foil's tournament at the Salle de Tuscan school of fencing on Saturday, May 25.

Monty defeated all opponents in the six contestant finals to win a very clear cut first place gold medal.

The fourth place bronze medal was also taken back to Grosse Pointe by John Thrasher, 1094 Hampton road. Second and third place medals went to two Detroiters, Eugene de Tuscan and Kathleen Regan respectively.

Kathleen won the special award, voted by the other Junior fencers, for the best sportsmanship. To make the tournament realistic, the Juniors judge the bouts themselves and two outside directors preside over the bouts. Good form, sportsmanship, and self control are inculcated into these small musketeers during the year's work—the medal in recognition of these additional qualities is perhaps the most coveted says Normaleen de Tuscan under whose teaching the fencers have been developing.

Monty Parsons was introduced to fencing by his godfather, A. P. Talbot, who engaged in the sport most of his own life. As Monty's most enthusiastic gallery observer, it was with great satisfaction that he noted the boy's natural sense of timing and the careful distance at which he kept his opponents to finally come out number one contestant.
