RED CHINA fired on American aircraft, hitting one plane, claiming planes from the United States carrier, Hornet, flew scores of sorties over Chinese territorial waters. Radio Peiping said besides the American jet that was hit, two F-84 Thunderjets, manned by Nationalist Chinese were down off Swatow. In Washington, the Navy said only one American plane was fired upon by the Reds, eight miles off the coast while on a "routine training flight." The plane returned to the aircraft carrier with only minor damage, the Navy said.

MAO TSE TUNG, premier of Red China, in a speech to party leaders in Peiping, disclosed that secret police of his regime "liquidated" 800,000 persons between October 1949 and early 1954. He disclosed this figure in the first of two speeches delivered on February 27 and March 12, in which he gave his new Marxist theory that there can be and there is conflict between the rulers and the ruled in Communism. This aroused widespread attention, since the Soviet Union contends that conflict between the rulers and the ruled can only occur under capitalism.

JIMMY DORSEY, famed bandleader, died of a cancer in the throat. He died less than seven months after his brother, Tommy, another famous bandleader. Jimmy was 53, and Tommy was 51, and their deaths ended one of the great combinations of the jazz age. Jimmy was operated on last January for a lung growth. He took his band on tour after, but was forced to leave and enter a hospital. Recently, he failed rapidly and his weight dropped to 90 pounds. The Dorsey brothers reached the peak of their career the year preceding Tommy's death. Together they sold more than 110 million records.

FRIDAY, June 14
NIKITA S. KHRUSHCHEV, Communist Party boss, offered a plan whereby inspection tours will be established in Russia, United States, Britain and elsewhere in the world as a means to speed international ban on test of nuclear weapons. At the same time, he rejected President Eisenhower's proposal for an "open-skies" arms-control plan beginning with the photographing of the Arctic regions. He also rejected proposals on other systems of inspections for controlling the production and stockpiling of atomic weapons. He said he will agree, however, to the creating of inspection ports for control on nuclear tests.

FRANCE LIFTED her boycott on the Suez canal, in spite of the fact it has not received any firm commitments from Egypt on the operation of the waterway. Premier Maurice Bourges-Maunoury, who took office as France's new premier, said French shippers could use the waterway. The Guy Mollet Government had been pressing for an international guarantee that the canal's operation will not rest in the hands of Egyptian President Gamal Abdel Nasser. Weeks of built-up pressure from French shipping interests forced the new government to lift the ban on the use of the canal.

FOURTEEN SOLDIERS were killed when their truck plunged off a bridge at Fort Campbell, Ky. The truck, weighing two and a half tons, overturned, pinning most of the soldiers beneath it in the shallow creek. The vehicle was carrying a sergeant and 22 privates of the Fourth Platoon, Co. A, 327th Airborne Infantry Battalion of the 101st Airborne Division. Army authorities said names of the casualties will be released as soon as the next of kin are notified.

SATURDAY, June 15
The U. S. Embassy in Tokyo, Japan, was ringed by Japanese police squads as fear mounted that 7,000 demonstrating left-wingers might cause a riot. (Continued on Page 11)

Instruction will be offered to children five and six who can't swim, to help them "get acquainted with the water." The next class will be for children seven years and older who can't swim. Farms Zoning Amendment Still Undecided Following Hour-Long Public Hearing

Farms Council Hears Opposition of Parking Lot Development. Unable to Vote Because Not Enough Members in Attendance

The proposed amendment to the Farms zoning ordinance to provide for the development into off-street parking, a narrow strip of land along the rear of the Richard School playground, was open to public hearing in the Farms Council chambers Monday evening, June 17. Mayo William F. Connolly, Jr. turned the floor over to any resident who wished to present his opinions to the council. William J. MacLeod, Jr. of Kenwood court, a member of the Gabriel Richard School Improvement Association, the organization which has openly opposed the use of the school property for additional parking, stated he would speak for his group. MacLeod reiterated the opinions of the association, that additional business building and parking facilities in the Kercheval Hill area will draw shop-

Ground Breaking Ceremonies Held Sunday for \$235,000 Addition to Building Erected in 1950

Ground breaking ceremonies for the \$235,000 addition to the Grosse Pointe Methodist Church, of 211 Moross Road, were held after services last Sunday. Dr. Benjamin F. Holme, Detroit District Superintendent, and Dale Fillmore, President of the Methodist Union of Greater Detroit, were present for the ceremonies. This will be the second part of a structure that was planned almost ten years ago, shortly after the Grosse Pointe Methodist Church was founded. Before the first section was constructed, services were held in the Kirby School. The first section was completed in Sept. 1950. David H. Williams, President (Continued on Page 2)

Bad Storm Causes Extensive Damage, Homes Hit by Trees

Tree Limbs Block Streets; Electric and Telephone Wires Also Down From Storm Last Thursday; Some Cars Hit

The violent thunder storm which struck the Detroit area on Thursday, June 13, caused considerable damage throughout the area, including in the Pointe.

In the Pointe the extent of damage varied, with the heaviest damage caused by falling trees on at least two homes, to fallen wires and minor damages to cars from tree limbs. In the Park, damage was confined to fallen branches, and one tree in the waterfront park, which was split in two, one part falling to the ground. No wires were reported down. City police received calls of fallen branches and trees and flooded streets in different sections of the city.

Street Blocked
One tree fell between two homes, 422 and 424 Cadieux road, slightly damaging one of the houses; a tree was reported down across Maumee and St. Clair, blocking the street; and another tree was down in front of 703 University place; and electric and telephone wires were down at the rear of 607 and 615 Lincoln road.

The City Fire department stood by, until Edison and Michigan Bell Telephone repairmen arrived to make repairs. Flooded streets were reported at Lincoln and Goethe; and branches were down or hanging over the sidewalk in front of 783 St. Clair.

In the Farms, a crew of workmen cleared debris from Moross and Kercheval, where tree limbs were piled up, blocking traffic. Extensive damage was done to a home at 40 Lake Shore drive (see picture on another page) where a tree fell through the roof; and wires were reported down in front of 82 (Continued on Page 2)

Collegiate Grants Won By Seniors

ELIZABETH TURRELL
G.P.H.S. Journalism Student
Families and friends of 370 graduates watched the class of June, 1957, receive diplomas from Grosse Pointe High School in commencement ceremonies held in the gymnasium last Thursday evening, June 13.

"Opportunity is directly ahead of you," Dr. James W. Bushong, superintendent of schools, told the seniors. "You've worked hard to reach graduation tonight, but don't expect your ship to sail ahead without effort. Remember to give fully of yourselves to your future work so your rewards will be truly abundant." In keeping with the traditional pattern of Grosse Pointe High School graduation exercises, three outstanding seniors were chosen to deliver the principal commencement addresses. Their topic was "The Value of Struggle."

James Ryan Speaker
"The struggle can give us more prizes than a million dollars can," said James Ryan, first speaker. "The challenge we make, the struggle we accept, depend only on the decisions we make. Each of us must make his own decisions, and endure the outcome." Dennis Hyke was the final speaker:

"If a person can meet disappointments and take them in stride, then this person is destined to be successful," he said. "The really great things in life must be destined and learned through experience."

The girl's glee club, under the direction of Mr. John E. Finch, sang "Song of Love" by Romberg and "How Lovely Are Thy Dwellings" by Liddle. It was accompanied by Rosaleen Malow.

Two Injured Fighting Fire In Farms

Two Farms firemen were taken to Cottage Hospital and treated for injuries sustained while they were fighting a fire Monday afternoon, in the Wendell W. Anderson, Jr. residence at 130 Kenwood road.

Fire Chief M. William Mason, stated that pipeman James McIntosh, 19259 Raymond, received facial burns when he pulled open the door to the burning upstairs bedroom. When the fireman opened the door the air rushed in causing a small explosion. McIntosh caught the flames full in the face.

George Green, Jr., another pipeman, was taken to Cottage Hospital by patrolman Peter LaPonsa. Green, who lives at 69 Mapleton, was overcome by heat and smoke. Removed Smoke Masks
Chief Mason said the intense heat generated by the fire, plus the ninety-degree temperature, made the work of his men even more exhausting. The firemen were wearing smoke masks as they entered the house, but as the masks became cumbersome the men took them off.

The fire department received a call from the Anderson home at 4:41 p.m., after a maid discovered a second floor bedroom was smoldering. The Farms pumper and ladder trucks reported two minutes later. Four off-duty firemen were also summoned. All apparatus was returned to the fire house at 6 p.m.

At the time of this writing the cause of the fire had not been determined. Chief Mason said the actual fire was confined to the one bedroom but there was considerable smoke damage to other rooms.

Woods to Open Swimming Pool

The Woods lakefront park swimming and spray pools will be in operation on Sunday, June 22, it was disclosed by City Administrator William Lange.

Opening of the swimming pool was caused by the delay in the delivery of pool water filters, which at this date have not yet been received. Mr. Lange said that permission has been obtained from the Wayne County Board of Health, whereby the old system of recirculating chlorinated water in the pool will be used until the arrival and installation of the filters. The old system was condemned by the Board of Health more than two years ago. He said that the filters should arrive in about two or three weeks.

Renovating the pool system and construction of an up-to-date bath house, is part of the over-all lakefront park improvements for which Woods voters approved a \$115,000 bond issue two years ago.

Pointe Kiwanis Presents Gifts

The Grosse Pointe Kiwanis Club held two events on Tuesday, June 18, during its regular meeting.

The organization presented Miss Carol Easton of 2009 Hunt Club with a \$500 William G. Schmidt Memorial Scholarship and presented Boy Scout Troop 749, which it sponsors, with new troop flags.

Since the last week in May, Troop 749 has been selling 3x5 American flags to the public, at a cost of \$3.50 each, to raise money to swell troop funds. The flags — 1,008 of them — were purchased by the Kiwanis.

All prizes in the contest, bikes and accessories, were donated by the Grosse Pointe Kiwanis Club, in co-operation with the police department.

Six schools participated in the contest, St. Joan of Arc, Mason, Ferry, Barnes, Monteith, and Our Lady Star of the Sea.

Winners of the bicycles were Carl Meier, Jr., of 1898 Lochmoor, Mason; Roy Schmidt of 2057 Anita, Barnes; Albert Towar of 19276 Raymond, Monteith; Albert DeFever of 1200 North Renaud, Our Lady Star of the Sea; Tom Smith of 1435 Roslyn, Ferry; and William Blake of 1266 Lochmoor, St. Joan of Arc.

Accessories winners were: Ben Schultz of 1201 Oxford and Bob Finch of 894 North Renaud, Barnes; Bruce Kergen of 20739 Wicks and Ileen Beddingmeir of 1649 Hampton, Mason; Lynn Ashby of 19757 Ida lane and Elizabeth Harz of 1765 Preswick, Monteith; Jeanne Luber of 628 Hawthorne and Kathleen Hart of 2189 Hampton, St. Joan of Arc; John Petzoldt of 676 Lochmoor and Bob Miller of 463 Lexington, Our Lady Star of the Sea; and Susan Marshall of 1109 Roslyn and Paul Keller of 65 South Edgewood, Ferry.

During the course of the safety campaign, every school child participating in the contest was issued a safety message.

\$200,000 Mains to Bring More Gas Into Pointe

Installation of more than two miles of welded steel pipe, to bring more gas to the Pointe is expected to be completed by July 10, it was announced by Hugh C. Daly, vice president of the Michigan Consolidated Gas company.

The project will see two major distribution mains installed at a cost of almost \$200,000. These mains are necessary to meet the growing demand for gas heat in the Park, City, Farms and the eastside of Detroit, Daly said. The largest main extends from a point on Waveney and Harvard in Detroit, to Fisher and Kercheval in the City. The route begins at an existing main on Waveney, runs south on Cadieux to Minneapolis, east on Minneapolis

Two Get Tickets In 4-Car Crash

Two cars were struck twice and two drivers were ticketed by Park police on Tuesday, June 11, following a four-car crash at Jefferson and Bedford.

According to police, Charles A. Campbell, 57, of 21924 Benjamin, Detroit, was driving west on Jefferson, and hit the rear of a car driven by Gerald Murphy, 46, of Box 16, Straughn, Ind.

Murphy in turn was forced into the rear of a car driven by Thomas Baumgarten of 901 Vernier, who was behind and hit that of Ernest J. Zeitz of 21545 Barton, St. Clair Shores, who had stopped for a light at the Jefferson-Bedford intersection. Seconds later, in pulling away Campbell struck Murphy's car, causing Murphy to swerve and to again hit Baumgarten. After the tangle was straightened out, police issued a ticket to Murphy and one to Campbell charging both with not having their cars under control and causing accidents. Damages to all four cars were reported as slight.

Fire Department Files May Report

The Farms Fire Department report for May, records 20 calls during the month. Of these, only four were residence calls. The estimated damage to buildings was \$1000, with another \$500 estimated damage to contents.

The Farms ambulance, which is operated by the fire department, went out on 11 calls. On four occasions the department was summoned to assist in emergencies. These included lockouts, wires down, and heart cases. There were no reports of false alarms. The entire department took only one day sick leave, and 58 days of vacation time.

Giant Decaying Tree Falls Through Hartwig's Roof

By Robert Giles
A giant decaying tree, owned by the City of Grosse Pointe, caused some excitement last Thursday noon as it toppled onto the residence of Mr. and Mrs. Frederick Hartwig of 424 Cadieux, the result of Thursday's violent thunderstorm.

"It happened about 12:15 p.m. I was in the bedroom at the rear of the house. My six-year-old daughter, Heidi, was downstairs watching the Soupy Sales program, while eating lunch. Heidi hysterically yelled up to me that the tree in our front yard had blown down. I told her that it must have been a branch," said Mrs. Hartwig.

Mrs. Hartwig continued, "I never heard the crash, just a thud. All of the damage must have been done in about ten seconds."

The tree fell on the corner of the house, punching two holes in the roof. It then glanced off the roof and fell to the driveway between 424 and 422 Cadieux. As the tree descended, it destroyed three aluminum awnings and an iron gate which formerly had stood between the two homes.

The tree left branches blocking any exit from the front door while at the same time, the telephone line was cut. Branches also fell on the home at 422 Cadieux, but no damage was reported.

Mrs. Hartwig said, "I'm just so thankful that no one was hurt. Our damages could have been so much more severe, since our cars are always parked in the driveway. It just so happened that our cars weren't parked there today."

whether they originate from that side or are returning from a temporary visit originating in the United States.

"Though we have been tolerant toward these violations," Mr. Sahli said, "due to the fact that this is the first time that we have had these inspection points set up specifically for small pleasure craft in the river, we feel that we have given the public ample opportunity in the first 30 days of this operation to become acquainted with the requirements of the law, and we intend to enforce the law fully."

Woods, Shores Discuss Water Main Contract

Signing of a water main maintenance contract between the Woods and the Shores has been delayed at least until the next Woods council meeting on July 1.

At a meeting on Monday, June 17, the Woods council discussed the contract as already drawn up, but did not approve it because it did not contain a clause as to when or how the Shores should pay a share of the maintenance of the main which will be installed by Detroit.

The Woods will permit the installation of the main along Vernier, so that Detroit can supply the Shores with more water.

At present, the Shores receives most of its water from Detroit and a portion from the Farms, which city has recently asked the Shores to get its water elsewhere because it cannot continue to supply it.

The Farms carries a heavy load in supplying water for itself and the City which gets all of its water from the Farms.

Shores Superintendent Thomas Jeffries, who attended the Woods meeting, Monday night, said that his community is willing to have a clause added

whereby a maintenance bill will be paid annually.

He said the Shores is willing to deposit \$1,000 with the Woods for the first year, to cover maintenance costs of the main. Also, that the Shores will go along with the insertion of a clause in the contract which will pro-rate the cost each year, based on a previous year experience.

The "previous experience" clause means that the Shores will pay its fair share of maintenance, based on the cost of the preceding year. For instance, if it cost \$3,000 in one year to repair the main, the Shores will pay its apportionate share, and will pay the Woods a like amount the following year. This also holds true, if the cost is less.

According to the contract, the Shores will pay 25.35 per cent of maintenance, and the Woods, 74.65 per cent.

As soon as the Woods and Shores sign the contract, the main will be installed and completed within a few months.

The Farms will continue to supply water to the Shores until the project is completed, it was said.

Tennis Tournay Finals Fri-Sat

The second all Grosse Pointe Tennis Tournament has turned out to be the hottest contest in some time. Not only have the matches been fast and furious, but the plus ninety-degree temperatures have kept a long line of participants and spectators at the drinking fountains and coke dispenser.

Well over 100 entrants have signed up in all the senior and junior divisions except the girls doubles, for which there were not enough entries.

First round matches began on Friday, June 14, and all final matches will be played on Saturday and Sunday of this week. To date only one title has been decided. Polly Blake defeated Anne Wood, 6-0, 6-4 in the finals of the girls singles 15 and under.

The tournament is being played on the six-teniflex courts at Grosse Pointe University School, everyday this week, weather permitting. The public is cordially invited to watch the matches.

Some people make the best of everything—and others take it.

This is an organization of 45 young musicians conducted by Elmer Withoff.

Farms To Recap McKinley Road Recovers Stolen Car

The Farms Council in its regularly scheduled meeting on Monday, June 17, authorized the city engineer to prepare plans and specifications, and advertise and take bids for re-sealing and recapping McKinley road between Kercheval and Ridge. The 1957-58 budget provides the monies for the proposed work.

Park police recovered a stolen car on Thursday, June 13, at Nottingham and Jefferson. The car, belonging to Philip J. Pitts of 3728 Montclair, Detroit, was reported stolen from Adam-Simms, Inc., 15041 Jefferson, where it had been left for repairs, the day before the theft. Credit for the recovery of the vehicle was given to Patrolman John LaPratt.

Zoning Law Amendment

(Continued from Page 1)
The council if increased parking facilities are required at a later date.
It was suggested that the Farms double deck the existing parking lot or acquire the corner lot at McMillan and Kercheval for parking. MacLeod was told that both the plans had been thoroughly studied by the council and city engineers and then discarded as being out of the question.

Will Equip Area
The only new idea which the council heard on Monday evening, was a report that the Im-

provement Association had approached the School Board with plans for developing the playground, with the addition of slides, swings, play bars, and shuffle boards. The Board told the association that it couldn't talk business with a group with which it was in legal contest.
Hearing this, a group of the Gabriel Richard School Improvement Association divorced themselves from the organization and formed the McMillan Playground Committee, with the purpose of equipping and developing the playground.

Butler Answers
Councilman William Butler told the gathering that several traffic engineering reports state that the Farms needs additional parking space immediately in the Kercheval Hill area. McMillan road is being used for off-street parking, which should be remedied, and many merchants are using back lots as temporary parking lots.

Butler said the Farms only intends to rent from the School Board 17 percent of the playground area. He asked Mr. MacLeod if his organization would still go ahead with its plans to equip the remaining 83 percent of the area if the Farms developed the parking strip.

Mr. MacLeod answered he hoped the matter would not have to go to the State Supreme Court, but if the Council decided in favor of the ordinance amendment, his group would continue their legal fight.

Lost First Round
The Improvement Association lost its first court round with the School Board and the Farms in a Circuit Court Hearing last April. The Association is rumored to have made an appeal to the Supreme Court.

Mayor council asked if there were any others who wished to speak, and after several residents had reiterated the views expressed by Mr. MacLeod, Connolly recommended to the council that they vote in favor of the proposed amendment.

The three councilmen attending and the mayor voted for the proposal.

Vote Void
Minutes later, city attorney E. P. Wright, stated that a legal vote could not be taken because there were not enough council members in attendance. According to the City Charter, when there is opposition to a proposed ordinance amendment, three-quarters of the council must vote in favor of the proposal. If there is no opposition only two-thirds of the council is required to ratify the amendment.

With only three of the Farms' six councilmen in attendance Monday's vote was deemed void, so another vote will have to be taken at the next council meeting.

GARAGE WINDOWS BROKEN
Farms police took a report from Guy Lyford on Tuesday, June 11, in which he complained that five windows of his garage were broken by BB shots fired by several boys.

Ecorse Tragedy Hits Pointe

Shock and sorrow in the brutal slaying of six-year-old Mary DeCausin of Ecorse Township left its mark in at least one Pointe home.

Sharing the grief of Mr. and Mrs. Edmund DeCausin, Jr., of 2546 Helen, parents of the slain girl, is Park Chief and Mrs. DeCausin of 1458 Maryland.

Chief DeCausin is a great uncle of Mary, and a brother of Edmund DeCausin, Sr., deputy chief of the Detroit Fire Department, grandfather of the little girl.

The body of the child was found in a wooded area on Thursday, June 13, about two and a half miles from her home, just 18 hours after she was reported missing from her home by her parents.

She was lying under a tall clump of bushes, her hands tied behind her back. Her head was almost severed from her body. She was nude. A report said she had been criminally assaulted.

Discovery of the body climaxed a hunt that saw 4,000 volunteers, working in relays, taking part in one of the greatest searches in Michigan's history.

"What happened was a terrible thing," said Chief DeCausin. "Mary was a cute little girl, always happy and fun-loving. We all loved her. She was my brother's favorite grandchild."

The chief and his wife, Irene, attended funeral services for Mary which were held in St. Pius X Church on Monday, June 17, in Ecorse Township. Burial was in Holy Sepulchre cemetery.

Besides her parents, Mary is survived by a sister, Annette, 5; and two brothers, Joseph, 2; and John, 1.

Reminding the Sister Soroptimist that "good deeds begets good deeds" and this is never accomplished by smooth sailing—as a "sail boat never meets the waves."

Installation of new officers for the year was done by Flo Throneburg of the Detroit Chapter, who sponsored the Grosse Pointe Club in July 1956.

Pink floral centerpieces designed by Maureen DePetris, vice-president of the club, carried out the color scheme of the pink room with pink candles, overlooking the blue water of Lake St. Clair with pink skies was a picture to behold and a perfect setting for the occasion.

Goodman, James Davis, Louis Hutchenreuther, Miss A. Luxan, Mrs. Freda Alexander and Sandra Riley.

Four Veteran Teachers Retire

There will be a lonely place in three local schools next fall where four distinguished teachers have "kept school" many, many years.

The four are Mrs. Ruth Brogan, Miss Nelle Messerli, Mr. Gerald Doonan, and Miss Nora Walsh. Their combined service time for the children of the Grosse Pointe community adds up to more than a century.

Mrs. Brogan and Miss Walsh have been at Defer Elementary, Miss Messerli at the high school, and Mr. Doonan at Pierce Junior High.

In announcing their retirements recently to the schools' administrative staff, Superintendent James W. Bushong reminded the group, "Each of these four teachers has given much to the total education of our young people."

"They have served with professional distinction and in doing so have strengthened the cultural heritage of our boys and girls."

"The thousands of children taught by these four individuals carry something of the personalities of each. Thus a part of them remains and is extended through succeeding student generations. We are grateful to these teachers and wish them every blessing in the days ahead."

Symphony To Host Conclave

Monday, Tuesday and Wednesday of this week the Detroit Symphony Orchestra played host to the annual conference of the 30 major American orchestras at the Whittier Hotel. Only the largest and most important orchestras of the nation are represented at the three day meeting, the first to be held in Detroit since 1937.

When not in business meetings, the managers and their wives are being introduced to Detroit with a vengeance. Monday they lunched at the Detroit Yacht Club and inspected Detroit's new waterfront expansion program from the Robert C. Renolden yacht, "Helene." In the evening they dined at the home of Mr. and Mrs. John B. Ford, 16638 E. Jefferson. Mr. Ford is president of the Detroit Symphony Orchestra's board of directors.

Tuesday, while the managers were at meetings, their wives were entertained by the Women's Association for the Detroit Symphony. Mrs. W. Whiting Raymond was chairman of the day.

The ladies saw the show-place homes and gardens of Bloomfield Hills, the morning tour arranged by Mesdames Henry C. Johnson and Raymond T. Perring. They stopped for a glass of champagne in the home of Mrs. Theodore O. Yntema, Franklin road, at 11 a.m.

At 12:30 the group lunched at Orchard Lake Country Club. The hostesses were Mesdames John P. Mansfield and William C. Newberg. At 2 p.m. they were greeted by James P. Carmel at Cranbrook, visiting the buildings and art museum at the institution. At 3 p.m. Mrs. Henry Scripps Booth greeted the ladies at Cranbrook House.

Tuesday evening the wives joined their manager-husbands for cocktails and dinner at the DAC at 8 p.m. Later they heard the Detroit Symphony Orchestra play at the Michigan State Fairgrounds.

Wednesday was the final day of the conference. The managers and their wives toured Greenfield Village in carriages, lunch in the foyer of Lovett Hall followed by a tour of an assembly line.

WINNIFRED KATHRYN FENTON, wife of L. J. FENTON, of Neff road, Grosse Pointe, received a Doctor of Education degree at Wayne State University's commencement exercises at 8:30 p.m. Thursday in the State Fair Coliseum.

Many a failure can be attributed to a preference for amusement rather than the business at hand.

The imagination isn't the only thing that has to work if you expect to meet the high cost of living.

Since the beginning of time peace has been so universally desired that wars are fought for possession of it.

Rising Costs . . . ?

BUSINESS - PROFESSIONAL MEN

With the cost of almost everything doubling or tripling in the last ten years, it is refreshing to the public to learn that the cost of life insurance has been substantially reduced during the same period.

One of the oldest companies in the U.S. has just created a policy which will revolutionize the life insurance business. It has the highest first year cash values and paid up insurance features of any Ordinary Life policy issued to date. This important new feature makes it virtually a "can't lose" plan.

Brush With Bus Shakes Up Boy

Nine-year-old Donald Ames, a student at St. Paul's, had a close brush with a bus on Wednesday afternoon, June 5.

Don and some of his pals were scouting near the curb in front of the school, as a Lake Shore Coach Lines bus approached going east on Grosse Pointe Boulevard.

Bus driver James Bain, of 5098 Chatham, told police that just before he stopped the bus to pick up some school children, young Donald fell into the street. Fortunately only the boy's ankle was bruised when it scraped against the front right tire of the bus.

The Farms police ambulance took Donald to Bon Secours Hospital where he was examined and released after it was ankle was his only injury.

Mr. Haas received the award after submitting the improvements he made in the living room of his home; doing all of the remodeling himself.

Take Another Look - It's A Boat

People take to the water in the strangest contraptions but probably the strangest one of all seen on Lake St. Clair this summer is this General Motors design convertible moored at the Emerald City Boat Harbor in St. Clair Shores. At first glance one would think he is seeing an automobile caught in a flooded street but second glance detects a slight rocking motion of the craft and mooring lines to the dock which obviously are characteristics of a boat.

Clubs to Hear Hockey Official

A couple of prominent officials of the Detroit Red Wings, manager Jack Adams and Fred Huber, publicity director, were the guest speakers before two Grosse Pointe clubs on Monday, June 17.

Fred Huber made his personal appearance before the Grosse Pointe Rotary Club at the Grosse Pointe War Memorial Center at the regular weekly luncheon meeting. That night Jack Adams made an appearance before the Usher's Club of the Our Lady Star of the Sea church at 8:30 p.m.

Both programs featured the film highlights of the 1957 Detroit Red Wing Stanley Cup Playoff games. A round table discussion followed the presentation.

The appearance of both of these men is a part of a statewide tour to enlighten sports enthusiasts concerning the world's fastest game.

Mr. Bruce Bockstanz is the chairman for the Rotary events and Mr. Steven S. Gordon holds the same position for the Usher's Club.

Pointe Safest For Pedestrians

The Grosse Pointe area proved to be one of the safest in the nation for pedestrians in 1956 according to results of the annual AAA Pedestrian Protection Contest released today by Automobile Club of Michigan.

Competing with 536 cities of the 10-25,000 population group, Grosse Pointe Woods emerged with a tie for third place honors with Rocky River, Ohio, and Fort Collins, Colorado. Grosse Pointe Park, competing in the same class, ranked 22nd and won a special citation.

Grosse Pointe Woods led its classification in engineering, ranked second in school safety and fifth in public information. Grosse Pointe Park scored first in engineering, school safety and public information.

Competition for honors in the contest were the winners in its 18-year history, according to Ernest P. Davis, Auto Club safety and traffic director. A total of 1,650 cities and 45 states sent reports to AAA for analysis and scoring. Connecticut took state honors while the grand award for small cities went to Statesville, North Carolina.

The grand award for cities over 50,000 population went to Detroit, which also won a first place award for cities with over a million residents. Other Michigan winners including Pontiac, in a first place tie for cities in the 50-100,000 population group, and Hastings with a second-place for cities under 10,000 population.

Grand Haven, Greenville, St. Clair Shores and St. Joseph won honorable mention awards while special citations went to Highland Park, Jackson, Lansing, Midland and Niles.

Total pedestrian deaths across the nation dropped to 7,950 last year, the lowest point since the inception of the contest, Davis said. The previous low was 8,000 in 1954.

City officials of the two Grosse Pointe communities will be presented with plaques next month denoting their pedestrian protection achievements during 1956.

One ounce of accomplishment is worth a ton of good intentions.

Too many men try to build a skyscraper on a one-story foundation.

Pointe CAP Set For Tag Sale

Grosse Pointe Squadron 636-6, Civil Air Patrol will hold its annual tag sale days, Friday and Saturday, June 21-22, throughout the Pointe communities.

Proceeds from the sale of the tags will be used to purchase equipment for the squadron and to provide eligible cadets with flight scholarships.

The CAP is an official auxiliary of the United States Air Force. Senior and cadet members pay for the privilege of belonging to this organization, which was formed to promote interest in the commercial, industrial and military phases of aviation, all of which are vital to the defense of the United States.

This great organization performs rescue and search duties, which it continually practices, and more often than not puts into effect. Too, it sponsors an educational program for boys and girls in the 14 to 18-year age group, thereby creating greater interest in aviation.

This program consists of classroom instruction and where possible, active participation in the following subjects: military courtesy and discipline, navigation, meteorology, aeronautics, citizenship and character guidance, and frequently, some type of social activities, all sponsored and attended by senior members.

The Pointe squadron meets every Wednesday at 7 p.m., at the Cannon Memorial Recreation Center, East Warren and Cadieux road. Visitors are welcome.

The right arm of the organization's communication system is operated by CAP Staff Sgt. Roger Bunge, 19, son of Mr. and Mrs. Henry C. Bunge of 461 Calvin.

Young Bunge joined CAP in September 1952 as a cadet in the present squadron, then known as the Frazer Squadron, and participated enthusiastically in all of its activities until he left the cadet group with the

He became an equally active rank of lieutenant, late in 1955, senior member.

While still a cadet in 1955, he won a flight scholarship which enabled him to receive 10 hours of flight instruction from a qualified flight instructor—the CAP does not teach flying—and upon completion of this, was able to make his first solo flight. He continued his training through his own financing, with a private pilot license in mind.

Funds are raised for scholarships from the Pointe CAP supporters during the annual fund drive.

Bunge's prime interest is communications, radio in particular, and his biggest aim, since joining the squadron, was to see his organization have its own transmitter and receiver.

To achieve this, he talked, begged and pestered the senior members until he won out.

The range of the Gonset is 110 miles on VHF, and the entire country on HF. Squadron Headquarters is at Red Robin 107, and Bunge's personal call letters are White Robin 459. The set is used for CAP traffic between the Squadron and Group and Wing Headquarters in Detroit.

In the event of disaster, the Gonset would be invaluable if all other forms of communications are cut off.

The tower for the group's communications is located in Bunge's backyard, and is 60 feet high, with a high gain beam, corner reflector and California ground plane, 100-foot HF Dipole and reflector.

Bunge is responsible for Group 636 net control, covering most of the eastside, for tornado alerts, emergency communications in case of tornadoes, flood or bombing, and is charged with communications within his area of responsibility. Besides this, his car is equipped with mobile communications for air rescue backup and ground rescue.

Northland Playhouse Begins Second Season

Northland Playhouse begins the second season on June 25 at the same corner but this year with a more theatrical flair to suit the customer as well as the mood of the comedies producer Kenneth Schwartz is bringing to Detroit.

The nation's largest tent theatre, located at the N.E. corner of Northland Center at Greenfield road, is being revitalized from the bottom up.

The spectacular green and gold tent will soon be fitted atop the concrete rampart which was last year covered with asphalt. The "theatre-in-the-round" with a center stage surrounded with broad terraced ovals will contain 1400 comfortable armchairs, all of which are no more than 11 rows away from the stage.

The most important improvement is the concrete replacing the asphalt and sand, according to Schwartz.

The tiers are also concrete and quarter poles have been arranged. So Northland becomes one of the few arena theatres in the U.S. that are completely concrete and built from architect's blueprints.

"These innovations are aimed at the complete comfort of the theatre-goer and the ultimate enjoyment of summer theatre," Schwartz added.

The acoustics have been given a boost with new microphones imported from England. These mikes are the best available for sound reproduction in an arena type stage.

An outside terrace or green room for informal gatherings and luncheons is being contemplated. Here family groups and friends may meet informally before performances. Space for picnics is also available.

Lutheran Church to Host Strawberry Festival

Women's Club Awards James Ryan Top Honor

An Achievement Award, presented annually by the Grosse Pointe Woman's Club, was given at the high school graduation to James Ryan, of Nottingham road. James had the highest composite rank in both the January and June classes in scholarship and character as compiled for the National Honor Society. He is planning to attend the University of Michigan and eventually study medicine.

This is the fourth year the award, in the amount of \$300 payable in September, has been made possible by the Grosse Pointe Woman's Club.

Holiday Drivers Get Safety Tips

Thousands of motorists, eagerly awaiting the first of the major summer holidays, may be a little overanxious to hit the open road, warns Jeanne Smith, Dodge Safety Consultant.

To avoid possible tragedy, when highways are crowded and tempers sometimes short, she urges extra caution and care. Here is her list of safe driving tips for motorists.

1. Keep a safe distance behind the car ahead—at least one car length for each ten miles of speed.
2. Stay in your lane on hills, curves and in "no passing zones."
3. Don't pass at intersections and never attempt to pass more than one car at a time.
4. If you drink, don't drive.
5. Slow down when driving at night, and dim your lights to oncoming traffic.
6. Never drive a car if you are sleepy, fatigued, or emotionally upset.
7. Never cross a solid double line to pass another car. It might be the last move you ever make.

Grosse Pointe Yacht Club's members and their guests will don sports dress and rubber-soled shoes on Wednesday, June 26, for GPYC's Old Fashioned Field Day frolic to be held at the Old Club.

The GPYC excursion and outdoor fiesta, held annually at the club at St. Clair Flats, is being steered this year by Howard A. Shaw as general chairman. Reservations are limited to the first 250, including members and their adult guests.

John G. Bannister, as chairman of boats, is lining up the power cruisers to carry the party-goers to their field day destination. The fleet will leave GPYC docks at 12:30 p.m.

Before departure, buffet luncheon will be available in the yacht club's Fo'castle at 11:15 o'clock for those who wish it.

Bill O. Brink, sports committee chairman, will have charge of the field day games. There'll be three-legged races and potato sack races, a putting contest and egg-throwing competitions, a softball game, horseshoe pitching, and swimming. A German band will go along to furnish music throughout the day.

At 5 o'clock a picnic dinner will be served at the Old Club grounds, and when the leisurely repast is over, the boats will bring the crowd back to Grosse Pointe Yacht Club.

Commodore and Mrs. Stark Hickey will be at the fun-fest and among those who have made reservations for groups are Mr. and Mrs. Stanley L. Willis, heading a party of 10; the Frederick K. Codys, 12; the Russel Nutters, eight.

The Harry J. Chapmans will be in a group of eight; Mr. and Mrs. Claude R. Brooks made reservations for 10; the William M. Schmidts, the Lawrence Reifs, the John J. Wetzel, and

Stick to Lane, Drivers Warned

One of Detroit's most annoying drivers is the fellow who straddles the white lines painted on our streets and takes up two valuable lanes of traffic to the irritation of all motorists behind him, according to the Traffic Safety Association. "This type of driver seems to think the white line is there for him to 'home in on' instead of dividing the street into lanes," the Association said. "He apparently believes it is a guideline to steer by and he should place his car squarely over it."

The Association has prepared 1,400 posters asking drivers, "Don't Straddle Lanes." They are now on poster standards in Detroit and the metropolitan area. Another 1,000 posters are being placed by local organizations in 100 Michigan communities. Alger F. Malo, director of the Department of Streets and Traffic, said painting crews are now on our major streets laying down white lines for lanes and yellow to denote center lines and center left turn lanes. With good weather this project should be completed shortly, he said.

"Detroiters are doing a good job of staying in lanes and should be commended for it," Malo said. "My staff and I have been impressed with the way drivers do keep in lanes. Of course, the minority who don't cause complications. "Painting the 'streets with lanes has a number of advantages," he said. "It organizes the traffic on the street much better and lessens congestion, thus making more effective use of the street. It discourages cutting in and out and also lane straddling. "These advantages certainly make for a much safer street. Cutting in and out is always one of our high accident causes. When lanes are clearly marked, only the most inconsiderate and discourteous drivers constantly cut in and out," he said.

mob rallied to protest American policies and to demand that "Girard be tried in Japan." The upwards of 50,000 persons, including dependents, of the United States military garrison in Tokyo, were ordered to stay clear of the heart of the city. The leftwingers surged through the streets shouting anti-U. S. slogans which demanded the withdrawal of foreign troops from the country, U. S. abandonment of Okinawa, rupture of the U. S.-Japan security treaty and trade with Red China. In Washington, a federal judge is considering a writ of habeas corpus, which would bring Army Specialist Girard to the United States for trial on manslaughter charges.

PRESIDENT EISENHOWER'S foreign aid bill won overwhelming approval in the Senate and now faces a major challenge in the House. The Senate gave the President a resounding victory in his \$3,637,000,000 foreign aid authorization program and rebuffed repeated attempts to pare the measure. The vote in favor was 57 as compared to the 25 against. The bill faces an unknown fate in the House where the foreign affairs committee hopes to complete work on a similar measure in about 10 days. House action is expected about July 1.

SOVIET SUBMARINES sighted in the English channel about 10 days ago are enroute to Egypt, a British source said. Three Russian subs were sighted in the channel, the source said, and are believed on their way to Egypt to become part of the Egyptian Navy. It is said the undersea vessels are two long range subs and a smaller coastal type. Authoritative naval works list no submarines in the Egyptian Navy. That country's naval strength consists of a few former British destroyers, frigates, mine sweepers and other coastal vessels. Two U. S. destroyers kept an eye on the Russian subs at least half way to Egypt.

FIFTEEN PERSONS DIED and six are missing in flash floods which hit St. Louis and surrounding Missouri and Illinois areas, following torrential rains. Some towns in Illinois, including the downtown of Belleville, were isolated by the floods. St. Louis was hit by the heaviest downpour, 8.74 inches in less than 14 hours, the worst in 87 years. The city was still cleaning up its recent tornado damage, reported to have been the worst since 1927. At least 3,500 persons were forced to flee their homes when the flash floods hit the two states. The heaviest death toll was that of a seven-member farm family caught in their car when a wall of water swept down on them near Beaufort, Mo., 40 miles southwest of St. Louis.

FRENCH TROOPS killed 205 Algerian rebels in furious fighting near the Tunisian border, French military headquarters said. A spokesman claimed the rebels crossed into Algeria from Tunisia and were engaged in battle by a large French force at Cheria. Nine Nationalists and a large quantity of ammunition and weapons were captured, the spokesman said, but he did not give the figure on French casualties. A communique said the rebels lost a total of 288 men in a series of battles since Friday.

THE UNITED STATES refused to compromise on its demands that a suspension of atomic test be part of a step in world disarmament, which includes an eventual halt in the production of nuclear explosives. American officials were commenting on a Soviet proposal, made at a London disarmament conference in London Friday, in which Russia asked for a two to three year ban on bomb test enforced by international inspection. They said the Soviet proposal was a "milestone of progress" but warned against an early agreement unless Russia is willing to accept at least one American feature, that of diverting

atomic production to peaceful uses.

HAITIAN POLICE turned their guns on rioting mobs, killing 50 persons, and wounding 200, as demonstrators surged through the capital city, Port Au Prince, in protest of the ousting of Provisional President Daniel Fignole. The popular statesman was deposed by a military coup which saw a three-man military junta taking over the reins of government. Peasants and workers were threatening a general strike, including workers from the Haitian-American Sugar company. Brig. Gen. Antonio Kebreau, head of the junta, said his forces have everything under control. Fignole fled to New York where he took up residence as an exile.

THE FEUD between the nations of the Arab bloc appears to be growing, as Jordan's King Hussein announced that the Jordan embassy in Cairo will be closed. This latest move marks a serious new crisis in relations between Egypt and Jordan. Foreign Minister Samir Rifai said this did not mean "severing political relations" with President Nasser's Government, but said all employees at the embassy will be sent home. The hassle between the two countries threatens to dissolve what remains of the Arab unity proclaimed last February by Jordan, Saudi Arabia, Egypt and Syria. The Cairo press said Jordan's breaking away might cost her the Egyptian share of a 39-million-dollar subsidy promised by the other three Arab nations when Jordan broke its defense pact with Britain.

A TORNADO that lashed North Italy's flooded farmlands yesterday, killed at least 11 people, and injured 60 more. An entire family, father, mother and three children were reported killed when their home collapsed over their heads at the village of Passo Valle Scuro. Flood damage along the Po, Censchia, Dora and Stura Rivers, is estimated at more than 50 million dollars. A violent hailstorm preceded the tornado. Rescue teams rushed to the stricken area, and police blocked off roads to prevent sightseers from hampering operations.

THE LIBERALS are no longer in power in Canada where they held the reins of Government for 22 years. For the first time in 27 years. For Conservative Party leader was asked to become the country's prime minister. Defeated in last Monday's election for a majority, the Liberals prime minister, Louis St. Laurent resigned yesterday. Gov. Gen. Vincent Massey asked Conservative Leader John Diefenbaker to form a Government. The Conservatives did not win a majority, but with 109 of the 265 seats, Diefenbaker has the largest single bloc of votes in the lower chamber.

THREE U. S. SENATORS, one Republican and two Democrats, urge easing of trade restrictions with Communist China. Senators Magnuson (D., Wash.), Fullbright (D., Ark.) and Thyne (R., Minn.) are jointly of the opinion that the United States should reassess its policy of no trading with Red China. Sen. Knowland (R., Calif.) Senate GOP leader has repeatedly opposed any recognition or trade with the Red Chinese. Britain and several other nations of the West recently announced plans to relax some of the trade restrictions with Communist China, however, they will still ban trade in arms and ammunition.

Alpha Xi Delta Conclave
Draws Two Pointers

Golden Quills by the dozens and hundreds will be seen along the Mississippi Gulf coast June 26-30 when college girls and alumnae members of the Alpha Xi Delta Fraternity will gather at the Edgewater Gulf Hotel for their 25th biennial National Convention. Delegates as well as alternates and visitors will represent the 68 college chapters and more than 150 alumnae groups from the fifteen provinces into which the national membership is divided.

Besides the National Council and the Province officers, numerous members of committees have been designated to carry out the items of business and to act as hostesses at the various bouquets. From the Detroit area alumnae will represent four groups, and from four Michigan colleges and universities girls will meet other coeds from all over the country when the Convention train leaves Chicago for New Orleans.

Representing the Grosse Pointe Chapter are Mrs. Maurice Strong, of Beaconsfield avenue, delegate, and Mrs. James Vaughan of McKinley avenue, alternate.

Follows Booze With Snooze

A Farms squad car crew investigated a report of a man sleeping on the grass at the Provençal road and Kercheval intersection, Sunday evening, June 16.

They awoke Clyde Clough of 1431 St. Anne, Detroit. Clough couldn't remember how he got into Grosse Pointe or where his car was. Later the car was found parked in front of the John J. O'Brien residence at 486 Kercheval avenue. Clough had evidently driven onto a rock marking the O'Brien driveway. The flywheel housing had been smashed and the car had to be towed away.

The police report stated that Clough had been drinking.

Death Strikes Two in Family

A Father's Day reunion in Grosse Pointe was brought tragically to an end on Monday, June 17, when Urban A. MacDonald 43, of 50 Hampton road, and his father, Alexander MacDonald, 80, of Santa Monica, Calif., were killed on Ecorse road in a traffic collision.

The younger MacDonald, widely known Detroit Boat Club manager for the past nine years, was driving his father to Willow Run Airport after a weekend reunion in Grosse Pointe.

Police reported Jay D. Martindell, 32, of 43676 Expressway was driving on Hannan in Romulus Township, and failed to stop at Ecorse road, crashing into the side of MacDonald's car.

The father was killed instantly and his son died several hours later in Wayne County General Hospital.

Police said Martindell probably will face manslaughter charges when he is released from the same hospital where he is in critical condition.

The younger MacDonald is survived by his wife Ann, two daughters Ann and Sandy, and a son, Billy. A Rosary will be said at Verheyden's Funeral Home at 8:30 p.m., Thursday, June 20. The funeral will be from the home at 9:30 Friday morning. A church service will follow at 10, in Our Lady Star of the Sea.

Award Presented Commonwealth

The Michigan Horticulture Society, at its May 26th Annual Luncheon held at the War Memorial Center, awarded a certificate to the Starr Commonwealth for Boys in recognition of accomplishments achieved in the field of Landscaping and Gardening. Miss E. Genevieve Gillette, landscape architect, and its president, presented the certificate to Mr. Starr in the campus formal gardens Wednesday afternoon, June 5th. This is the only recognition in this category this year.

The committee has a large backlog of places on file. Representatives visit private gardens, public and private schools and other outstanding grounds and select one in each class to be honored. Eight to 10 awards are made annually. This program has been in operation for a quarter of a century. The nominated spot may be visited any time, of year unknown to those concerned. Such judging is based on a long term program.

The committee was not only mindful of Mr. Starr's adherence to his conviction that beauty and order bring a rich heritage and exert a powerful influence on the lives of his boys, but they recalled T. Glenn Phillips, who directed this work at the Commonwealth through the earlier years.

It was planned so that in spring and summer the deciduous trees and shrubs would be dominant but in the winter the pines might come into their own and the grounds would challenge attention by sharp contrasts of branching leaf forms and snow. Following that, Miss Gillette and Russell Pelton lent their fine training and long experience to maintaining the tradition.

Professor H. O. Whittaker, Head of Landscaping Design at the University of Michigan, has directed the committee since it first functioned. The Horticulture Society has 1000 members. Another of its projects is sponsoring the Detroit Flower Show.

During Beloit College's 107th commencement, DAVID M. JOHNSON, son of Rev. and Mrs. M. W. Johnson of Bal-four road, received a B.A. degree. David, a member of the varsity basketball team at Beloit, also served as an officer for his fraternity, Sigma Alpha Epsilon.

Proper First Aid Saves Swimmers

Although safety education has reduced incidence of drowning by 50 per cent in the last 50 years, some 7,000 Americans will die by accidental drowning during the months of June through August this year.

But the number could be greatly reduced and "many of these persons could probably be saved by adequate resuscitative measures and after care," according to an article in the June issue of *Therapeutic Notes*, a monthly medical magazine published for physicians.

"About 90 per cent of the ninety million persons who use swimming facilities each year swim very poorly or not at all. Only 10 percent swim reasonably well or very well, and the percentage of swimmers who are able to assist others in distress is even smaller; a fact corroborated in that three of every four drownings occur within 60 feet of the shore."

Artificial respiration, the article emphasizes, must be "instituted immediately, even at risk of other injuries" since circulatory failure may occur in a matter of seconds.

The immediate problem of resuscitation is to drain as much liquid as possible from the respiratory system and to maintain an adequate airway. The patient should be placed in a prone position and lifted at the waist, so that water will drain out of the bronchial passages. Debris, mucus, dentures and other material should be removed from the mouth and throat.

"The 'push-pull' or 'arm lift-back pressure' is recommended for all persons except infants and very small children," the article states. "In infants and small children, this method carries the risk of rib fracture and lung puncture. For such patients, prone tilting-visceral shift method is advised. "Especially designed for children ranging in age from one week to two years and from seven to 28 pounds, and in

Mrs. Henrietta Gagnier Missing Since June 11

Mrs. Henrietta Gagnier, formerly of the Pointe, and widow of former City Fire Chief Fred Gagnier, who died in 1951, was reported missing on Tuesday, June 18, while enroute to visit a daughter in Connecticut.

Mrs. Gagnier, 77, has been living with another daughter, Mrs. Eunice Sulentic, in Ewel-eth, Minn., for the past four years, but still retained exten-

sive residential and business properties in the Detroit area. Mrs. Sulentic said that her mother left for Detroit last Thursday, and had planned to visit her other daughter, Mrs. Doris Farrell of Moodus, Conn., later.

The sisters kept track of their mother by phone and Mrs. Farrell said she made arrangements with the Travelers Aid Society in Chicago to have Mrs. Gagnier placed on a bus to Connecticut. She and her husband waited all afternoon and evening on Saturday for her mother's arrival.

When she failed to show up, state police and the FBI were notified. Detroit police, asked to check on Monday, June 17, found a strongbox belonging to Mrs. Gagnier in the Greyhound Bus Terminal in Washington boulevard. The box, containing valuable real estate papers and personal papers, had been put aboard the bus in Minnesota and consigned to Detroit.

Further inquiries turned up a bus driver who told authorities he remembered a woman of Mrs. Gagnier's description who traveled from Detroit to Cleveland Saturday.

This was the last Mrs. Gagnier was seen, at the last report.

SARAH HUTCHINS GODDARD, daughter of the WENDELL C. GODDARDS of Provençal road, was graduated from Vassar College on June 10. A history major, Sarah was president of the College Government Association and a representative this year at the Seven College Conference at Barnard College.

She was a member of Philosopher's Holiday and served on the Admissions and Public Relations Committee as a student guide.

Science Group Hears Pointer

Pake-Davis President Harry J. Loynd, of Neff oad, was the principal speaker at a banquet Tuesday, June 18, when top business leaders met to honor the world-wide pharmaceutical firm.

Nearly 500 persons, including many from out of state, attended the 1957 Michigan Dinner at the Sheraton-Cadillac Hotel, sponsored by The Newcomen Society in North America. The Newcomen Society, organized in England to promote scientific and cultural relations between the U. S. and Great Britain, honors a Michigan firm each year.

Loynd spoke on "The Never-Ending Search for Better Medicines" at the dinner meeting presided over by Walker L. Cislner, president of Detroit Edison Company and chairman of the Newcomen Society's Michigan Committee. The Parke-Davis president was introduced by William A. Mayberry, president of the Manufacturers National Bank of Detroit.

"American Newcomen, at its 1957 Michigan Dinner, paid tribute to a distinguished industrialist and his company on the occasion of its 90th anniversary," a Newcomen Society spokesman said.

CHARLES F. DELBRIDGE of Hendrie lane, was one of six University of Michigan Alumni to receive Distinguished Alumni Service Awards on June 15. Mr. Delbridge, a director of the Alumni Association, was commended for more than half a century of active service to his Alma Mater.

LOIS POCHECH, participated in the Daisy Chain which preceded the annual June Breakfast, sponsored by the Associated Women Students at Western Michigan University. She is the daughter of Mr. and Mrs. Otto Pochert, of Lakepointe avenue.

Torch Drive Heads Meet

Grosse Pointe Torch Drive divisional chairmen met at the home of Regional Chairman Mrs. Robert Duff, 216 Stephens, Tuesday afternoon to plan recruitment of 1,500 volunteers for the Ninth Annual "give once for all" fund-raising drive to be held Oct. 15 through Nov. 7.

Mrs. Raymond C. Brett, 419 Lincoln, residential and small business vice chairman for the Torch Drive, explained the importance of the success of the drive by getting organized early.

Last year, more than 1,000 volunteers solicited funds from homes and small businesses in the six divisions of the Grosse Pointe region. They raised a total of \$352,347, or 120.7 percent of a quota of \$291,830.

The Torch Drive raises money for 150 health and community services, including such well-known organizations as the American Red Cross, the Michigan Heart Association, and the American Cancer Society.

The divisional chairmen in the Grosse Pointe Region this year will be: Grosse Pointe Park, Mrs. E. R. Harrigan, 2141 Devonshire Road; Grosse Pointe City, Mrs. Fred C. Holder, 832 University place; Grosse Pointe Farms, Mrs. Robert Choipe, 114 Hall place; Grosse Pointe Shores, Mrs. Hugh C. Daly, 35 Lochmoor; Grosse Pointe Woods South region, Mrs. Charles R. Strehler, 19258 Linville; Grosse Pointe Woods North region, Mrs. Robert Rains, 1332 Vernier road. All of the divisional chairmen except Mrs. Strehler served in a similar capacity in the 1956 Torch Drive.

HOW TO PROFIT THROUGH TAX EXEMPTION

With today's high tax levels, investors in medium and high tax brackets are turning to tax-free Municipal Bonds for income that they can keep.

If you have a taxable income of \$10,000 or more, you may be well repaid by investigating the advantages of tax-exempt State and Municipal Bonds. For instance, if you file a single return on a taxable income of \$14,000, you would have to receive a dividend return of 7.45% on a taxable security in order to equal the yield from a 3.50% tax-free Bond. It's something to think about!

Our New Booklet, "How To Profit Through Tax-Exemption" explains in plain language your need for tax exemption, tells how much these high-grade investments can be worth to you. There's no obligation. Send for copy today, or phone

State Strawberry Crop Biggest Since 1940 Here

A crop of Michigan strawberries expected to be the largest since 1940 is finding its way to local markets, assuring homemakers adequate supplies of juicy red strawberries for sauce and shortcake as well as berries for canning and freezing. Weather is always a determining factor, according to Director G. S. McIntyre, of the Michigan Department of Agriculture, but it is expected peak production of the state's estimated 1,692,000 crate production will be this week or early next. Last year's crop amounted to 1,400,000 crates (16 quarts), but acreage in the state is 4 percent greater than in 1956. Coupled with that is the fact during blossom period most of the crop escaped frost. The set of blossoms is unusually heavy. For several days strawberries have been offered in increasing volume on the municipal wholesale market at Benton Harbor which is the first place in the state in which they are offered. The Berrien-Van Buren county producing area is one of the nation's major strawberry districts. As the harvest begins to conclude in that section supplies will increase in the Ottawa-Kent region to the north. Following this will come peak production in the Oceana-Mason-Manistee section. Other later areas where strawberry production is increasing are the Leelanau-Grand Traverse and the Alpena-Cheboygan sections. The Copper Country harvest is almost a month behind that of Berrien county, and is confined to Houghton and Keeweenaw counties, and is mainly of the large Robinson variety. In many other sections the old favorite, the Premier variety, is still the most extensive sort grown. Michigan strawberry acreage this year is 11,600 acres, according to the Michigan Department of Agriculture's crop reporting service. Trial Gardens Story Wins Award For Mrs. Waterman

Also, two successful lectures were given to help finance the planting—one by Mrs. Shipman herself—and with these and many other gifts, the beautiful garden was started. In March of 1949, the Art Institute, with great regret, was forced to give up the building as, being outside the City limits, it could not be supported with Detroit taxes, and therefore was not financially possible. In spite of many offers from hopeful buyers, the Alger family again gave it to serve our rapidly growing community, in memory of the boys who fought and died in the war. Since then, nearly five hundred thousand people have used and enjoyed the house and garden, and it has become indispensable to the social and educational life of Grosse Pointe. And now that you know the background, let us return to the garden. Here are the formal clipped hedges of box and yew that border the ten Knot gardens, whose intricate designs are a fascinating sight. They are separated by broad flagstone walks, and in some are fine standard roses; while, in others, grow rare white wisteria trees, and many of the gardens have a ground covering of myrtle. In the center is a beautiful oblong pool, and its soft blue coloring reflects the sky above. While on the stone edge, kneels a graceful stone figure of a young girl gazing thoughtfully into the water below. Over it all

arches two luxuriant thorn trees that are a wonderful sight in the blooming season. Now, turn to the North from the gate where we entered. Along the wall, past a border of hardy perennial roses still blooming profusely in September, we see climbing roses reaching as far as the top of the high wall, and, as an accent, upright yews at intervals, between rose bushes. We are approaching an arbor, a lovely place, built to frame a beautiful statue of a slender graceful figure given in memory of Esther Longyear Murphy who was a beloved member and one-time president of the Garden Club of Michigan, and whose sister, Margaret Longyear Palmer, is well known to members of the Federated Garden Clubs of Michigan. The Garden Club of America Bulletin of September, 1937 described the statue as follows: "The statue, called 'Adagio' by George Kolbe, is of bronze, and the stone pedestal was designed by Wero-Saarinen, a flagstone walk, flanked by yews, hemlocks and ferns, leads through a vine-covered pergola. Apart from the busy street, yet not so remote as to be difficult of approach, stands the little figure, brooding and tranquil—with untroubled mien—she guards the memory of a beloved companion." Today, almost twenty years later, some changes have been made, of course, but the design of the little arbor garden is almost the same. Plant material has been added much of which has been given by friends. There is a turquoise berry vine back of the Statue, white anemones along the side borders, and narcissus, gladioli, hyacinths and myrtle at the base of the figure. The garden has been kept in green and white as far as possible. There are white tulips and madonna lilies, and mahonia is planted along the edge of the outer border beyond the yews. The Northern limit of the Memorial Garden is bounded by a fine curved hedge of trimmed yews over which we see a smooth, green lawn stretching away to the bushes and stately trees that line the front of the property and screen it all from the busy traffic of Lake Shore Road. To the west is another high wall against which shrubs and perennials are planted, and over which we catch a glimpse of the stone tower of the Presbyterian Church. Now, turn towards the south, and there is the most beautiful view of all, for between the pillars of the long, graceful pergola, we see the glistening blue waters of Lake St. Clair and can watch the freighters, yachts, and sailboats as they quietly journey on their way. I hope I have given you some idea of this place we love. Do come some time in June when the roses along the east wall are in luxuriant bloom, and their color and fragrance make you feel that surely this is a little bit of heaven. —Lois M. Waterman

New and Larger Buildings, Plus New Services, Mark Grosse Pointe's Top Shopping Center Parade

A dozen years ago Jacobson's opened its Grosse Pointe store on Kercheval in the Village in the picturesque brick building shown in the center of the above photo (behind construction barcade). Originally the building housed the famed Tuttle & Clark furniture store, Grinnell's Music Shop, Yvonne Beauty Salon and Peppet's, Inc. When the rebuilding is completed this section will conform in styling to the newer sections of the great Jacobson store.

Shown here is the new store for Harrison & Pringle Co., (Floor Coverings and fine furniture). Located on Kercheval Avenue in the Village—between York Jewelers and Kroger's—the store is a full two stories in height.

The Harrison company began business here a decade ago. Some two years ago it joined with Detroit's long-established Pringle Furniture Company. The store will be a decided asset in the Village.

The Slim Zelle salon, rendering a glamorous reducing service, occupies half of the newly rebuilt store in the Village which Peter Pan, Inc. formerly occupied. A recording shop will soon occupy the remaining half of this building.

Now nearing completion in the Kercheval on the Hill shopping district is this charming building which when finished will be occupied by Slender Ella, Inc., a reducing treatment salon. It is next door to Young Clothes.

Need to Discharge Tension Which Causes Delinquency

"An important part of the pattern of growing up is learning how to discharge tension," says Associate Prof. Max L. Hutt of The University of Michigan Department of Psychology. Professor Hutt made this observation in an interview with The Michigan Journalist, laboratory newspaper of the U-M Department of Journalism. He was interviewed by Robert Waldeck, juvenile delinquency is likely to result from conflicts within the personality," the professor notes. "There are various causes of delinquency, the most prominent of which is a bad environment," says Professor Hutt. "Gangs, parental troubles, poverty, and a lack of recreational facilities are all part of an unfavorable background situation. "Where a person is seriously in conflict with himself," says the professor, "he may go either way; that is, become a delinquent or straighten himself out.

For Summer Entertaining Try This Attractive Dessert

Looking for a different way to entertain your friends? Faye Kinder of Michigan State University's College of Home Economics suggests a dessert party. Plan it to precede an afternoon bridge game or as an early evening get-together. You can simplify serving by offering the desserts from a buffet to be eaten at tables or from trays or plates held in the hand. Your choices of what to serve are almost without limit. You may want to plan one main dessert with beverage and sweet "nibble foods." Or, for your diet-conscious friends, you may add a low-calorie specialty to your menu. One such dessert you might like to try is this strawberry bavarian with only 89 calories per serving.

- 1 package strawberry-flavored gelatin
- 1/4 cup sugar
- 1 package frozen strawberries, thawed and drained
- 1/2 cup ice water
- 1 tablespoon lemon juice
- 1/2 cup non-fat dry milk

Combine gelatin and sugar. Make gelatin according to label directions, using 1 cup hot water. Add 1/2 cup berry syrup. Cool. Add berries; chill until slightly thickened. Combine ice water and lemon juice; sprinkle non-fat dry milk over top. Beat until stiff, 8 to 10 minutes. Fold into thickened gelatin mixture. Turn into 1-quart mold and chill until firm. This will give eight servings. Garnish it with fresh whole berries with the green caps on.

Another of the many nice debutante parties is set for Friday, June 28, when Mr. and Mrs. Frank W. Donovan will honor current deb, Elisabeth McElvenny, together with Lollie Ecclestone and Ginny Penrose, who bowed during the Christmas season, at a dance on the grounds of their East Jefferson avenue estate. To use that all-important phrase this time of year, "weather permitting", 'twill be an outdoor affair with gardens lighted, hurricane lamps on pastel covered tables, and dancing on the terrace to the music of Jack Qualey's orchestra.

Susan Wilkinson will arrive the 27th from Rumson, N.J., to be Julie Donovan's house guest. Her parents, the Warren S. Wilkinsons, unable to accept an invitation to the dance, will be in town later on to visit their parents, Mr. and Mrs. A. D. Wilkinson of Lake Shore road.

Parents of the honored deb trio are Mr. and Mrs. Ralph T. McElvenny of Cloverly road, Mr. and Mrs. E. Llywyd Ecclestone of Lincoln road, and Mr. and Mrs. Clement A. Penrose Jr., of Birmingham, Mich.

A Deb's Whirl

As a debutante enjoying the current season is Mrs. C. Allison Monroe of Ridge road. Her niece, Ginny Penrose, makes the Monroe manage her headquarters whenever she comes cross-country from Birmingham to attend debutante "do's" in the Pointe. Mrs. Monroe is just home from one of her periodic visits to Silvermine, Conn., where they lived before moving here, and reports that she had a wonderful time renewing acquaintances.

Twins Kris and Karin Van Leuven shared the spotlight Saturday night when Mr. and Mrs. Joseph A. Vance Jr., gave a supper party for them in their South Deeplands home. The 15-year-old look-alikes rendezvoused with some 30 chums for dancing and refreshments in the Vance recreation room. The Vances and Frank Donovans are the twins' godparents, so have a special kinship with them.

The pair's mother, Mrs. Karl O. Van Leuven, back from a jaunt to New York (and ashamed to admit she saw 14 plays in three weeks), left Sunday to drive her twin daughters to Cape Cod where they've taken summer jobs (Continued on Page 16)

Mr. Maynard Wed in Glendale

A wedding of interest to Pointers took place recently in Christ Church, Glendale, O. when Erville Byron Maynard Jr., son of the Rev. Dr. and Mrs. E. B. Maynard of Grosse Pointe Farms exchange vows with Olivia Procter Benedict, daughter of Mr. and Mrs. Samuel Benedict, of Glendale.

The quiet beauty of the Tuesday ceremony was witnessed by friends of the couple including many from the Grosse Pointe area.

Maid of honor was Miss Reba Benedict, a sister of the bride. Bridesmaids included Elizabeth Benedict, another sister; Ann Maynard, sister of the bridegroom, Mary Lane Bryan and Mrs. Samuel Allen.

Best man was Peter Ballou and ushers included Patrick and William Carruthers; Michael Gaskin, of Grosse Pointe; the Rev. Vernon Robertson, Don Cutler and Lester Ralph.

Officiating at the ceremony was the Rev. James Clarke assisted by the Rev. R. Lloyd Hackwell. A reception followed at the Glendale Lyceum.

The couple plans to reside at Alexandria, Virginia following a short honeymoon. Mr. Maynard will complete his last year of study at the Virginia Theological Seminary there.

Bud Introduced At Garden Tea

Mary Frances Jones carried an arrangement of pink roses and ivy, and wore an off shoulder gown of pink organza over pink taffeta, distinguished by tiers of French embroidery, for her Wednesday tea debut.

The daughter of Mrs. W. Magruder Jones of St. Clair avenue was introduced at a tea in the Moran road home of her aunt, Mrs. Willard S. Worcester.

Mrs. Jones wore a full-skirted dress of light blue-green silk with the bodice in matching shade of lace, and had a white orchid corsage.

Tea table arrangements were pink with a touch of blue, from the pointe Venice lace cover over pale blue satin to the centerpiece of pink roses, pink snapdragons and delphinium.

Mrs. Philip I. Worcester, Mrs. John O. Huse, Mrs. Evans Stevenson and Mrs. Williams Judson Heil assisted at the tea table.

Sidney Burt, of Wheeling, W. Va., arrived Sunday to be Mary Frances' house guest for the week. They were classmates at Stuart Hall. Sidney, Buffy Davis, Jody Hill and Sue Mulford were the deb's assistants.

Garden Club Members Meet at Mrs. Alger's

Several groups of mothers and daughters met at the annual meeting of the Garden Club of Michigan held in the home of Mrs. Russell A. Alger on Provenal road, on Tuesday. Members brought their own lunch and the hostess provided tea and coffee. Members made and wore hats trimmed with live material

for a competition held at the meeting. One of the group of two-generation families who attended is shown above, left to right, MRS. HENRY B. JOY, JR., daughter of MRS. WOOD WILLIAMS, president of the Garden Club of Michigan, and another daughter, MRS. GEORGE N. MONROE, III.

Winter Deb Feted at GPYC

Grosse Pointe Yacht Club became New Orleans for the French Quarter dance Thursday day evening, at which Dr. and Mrs. Charles F. Dodenhoff of Vendome road feted their daughter, Jean.

Jean, who bowed to society last winter, greeted her guests in a full length ball gown of Spanish mantilla lace with scalloped border on the full tiered skirt. She carried an arm bouquet of American Beauty roses, the gift of her grandfather, Mr. William M. Miller. Mr. and Mrs. Miller and Mrs. P. C. Dodenhoff were on hand for their granddaughter's ball.

Mrs. Dodenhoff wore a peacock blue chiffon gown with draped bodice and corsage of gardenias.

Famed New Orleans street signs, Bourbon and Royal and others, were scattered throughout the club and flanked the bandstand, where New Yorker Larry Sown's orchestra played Dixieland music.

Typical French Quarter landmarks from lacy wrought iron work to the wrought iron candlesticks which the Dodenhoffs had brought back from New Orleans themselves gave true flavor to the party.

"Antoine's" identified the dining room, and the Commodore's Room was "Morning Call." In the latter room at tables charmingly set with checkered cloths, pancakes were served from 12:30 a.m. on.

Ushers included the postdeb's brother, Peter Dodenhoff; her cousin, Ted Dodenhoff; Mac Jones, Bill Todd, Bill Bryant, Ned and Bob Lambrecht, James Whittaker, Jock Hoey, James Stockwell, and John Hemmeter.

Italian Scenes Deck Club for Debut Ball

Jody Hill wore Venetian Mantilla When She Was Presented At Ball Tuesday Evening by Her Parents, the John Gordon Hills, of Cloverly Road

It was "Venetian Night" at the Country Club Tuesday evening, when Mr. and Mrs. John Gordon Hill of Cloverly road presented their daughter, Jody, to society amidst a colorful background of gondolas and Italian wrought iron lanterns.

The receiving line formed in the French room against a Venetian scene, and familiar Italian decorations were repeated in the corridor and Great Hall. A large placard at the entrance proclaimed "Give Jody" to dance guests.

Coral, yellow and turquoise streamers and striped mooring posts lent additional gaiety, and orchestra members, seated in a giant gondola, wore Italian slouch hats and vivid scarves.

A painting of Jody, wearing the rilled mantilla which her mother had brought back from Venice, dominated one of the high arched windows in the Great Hall. Large urns of coral and yellow blossoms and tiny gondolas enhanced the buffet table. Della robia wreaths surrounded the base of candles set atop yellow cloths at breakfast tables.

Jody was in pure white peau de soie, with full bouffant skirt and an overskirt caught at the hipline with small white catior roses. Her bouquet, a gift from her father, contained gold stripe sweetheart roses, centered with coral double begonias and surrounded with white stephanotis and ivy streamers.

Gari Stroh was Jody's escort. Ushers for the dance were Jim Hudson, Magruder Jones, Jack Butler, King Patterson, Dennis LeClerc, Fred Keyes, John

Trio Presented At Tea and Dinners

Lucinda Buell, Virginia Schneck, and Carol Cross, Debutantes of Last Thursday and Friday at Three Clubs

Three debutantes bowed to Detroit society in a two-day period last Thursday and Friday. The buds were Lucinda Buell, Virginia Schneck and Carol Cross.

Lucinda Sterling (Cindy) Buell made her debut in a cloud of pink at a June 13 tea at the Country Club given by her mother, Mrs. Daniel Hand Muell of Meadow lane. Wearing pink eyelet cotton over taffeta, sashed in deeper pink satin, Cindy held her father's gift bouquet of pink sweetheart roses, stephanotis and ivy.

Mrs. Buell chose waltz length blue and pink chiffon and wore pink-throated white spray orchids. Betsy Buell assisted her sister in white organza fock worn over blue taffeta. Her corsage was of pink carnations.

The deb's roommates at the University of Michigan, Susan Steele, of Grand Rapids, and Joyce Kineke, of Milwaukee, were the Buell's guests.

Alternating at the tea table, centered with arrangement of pink carnations, snapdragons and peonies, were Mrs. J. Lawrence Buell Jr., Mrs. John H. Stephenson, Mrs. Bruce Chalmers, Mrs. James A. Remick, Mrs. George B. Hefferan, Mrs. Thomas J. Little III, Mrs. Oscar L. Buhr and Mrs. J. Jessar Newcomb.

Virginia Schneck, daughter of Dr. and Mrs. Robert J. Cchneck of Voltaire place, was introduced at a dinner the same evening at the Grand Pointe Hunt Club.

The debutante's dress of white bombazine had Alencon lace inserts applied on the hooped skirt. Her flowers were pink sweetheart roses set on a mid-Victorian fan. Mrs. Schneck was in pink beige embroidered Alencon lace sheath with corsage of cymbidium orchids.

Miniature fans and candles centered the tables for eight. The hors d'oeuvres table set with pink cloths on the terrace was centered by a small fountain pinpointed with pink lights. A three-piece orchestra played for dancing. Michael Ryan was Virginia's escort.

A dinner dance at the Detroit Athletic Club marked the Friday evening debut of Carol Cross, daughter of Mr. and Mrs. Ralph Emerson Cross of Roslyn road.

Rows of delicately embroidered pink flowers trimmed the debutante's dress of white organza over taffeta, and she carried a contrasting pink bouquet. Mrs. Cross greeted guests in a sea green organza frock with taffeta underskirt. Bouquets of spring flowers in the Pontchartrain and Ladies dining rooms enhanced the party scene.

Carol was escorted by Robert Isbell. Margaret Thorp, of East Lansing, a house guest of the crosses and Carol's former classmate was among the dinner party guests.

An eastbound contingent of Pointe folk left yesterday to be in West Orange, N. J., on Saturday for the wedding of Gail Robertson and Eric Wettenhall Stroh, son of Mrs. Gari M. Stroh of Edgemont Park.

The bride-elect is the daughter of Mrs. Norman F. Robertson, of Llewellyn Park, West Orange. A reception in the bride's home will follow the wedding at Orange Mountain Church.

Mrs. Stroh has scheduled the rehearsal dinner for June 21 at the Essex Country Club of Orange, Mr. and Mrs. Joseph Schaefer, of Llewellyn Park, will give a luncheon in their home the day of the wedding.

Rites who are attending the parties include Mrs. Stroh and sons, Peter and Gari Jr.; the John M. Strohs with Nick, Tony and John Jr.; Mrs. Charles A. Dean Jr., and her daughter, Mrs. D. Neil O'Day; the Carsten Tiedemans; Miss Marguerite Stroh and her sister, Mrs. C. Frederick Blue, of St. Louis, Mo.

BY PAT TALBOT

(Editorial note: For the material in this article we are indebted to Mrs. Cameron Waterman who has written a complete history of Cottage Hospital in whose cause she has worked so diligently for many years).

A family of eight children ailing from scarlet fever, a baroness with some nursing talent and the World War I flu epidemic were responsible for the founding of Cottage Hospital.

In 1910 the Pointe was still largely an area of summer homes and farms owned by old French and Belgian settlers, but residential building was increasing. St. Clair, Rivard and Muir road (then called Oak street) were filled with small homes and large families. It was for these citizens that the Mutual Aid and Neighborhood Club was founded in a building rented on Rivard.

Mrs. Russell Alger was president when one of the directors of the club reported at a meeting that her eight children had been feeling poorly for some days and only that morning had been sent home with the dread scarlet fever. Aghast at this experience the ladies of the club quickly added a visiting nurse to the staff.

In the old tradition of the county doctor was Dr. John A. Belanger who took care of rich and poor alike. His wife was a licensed pharmacist and the pair lived on Rivard behind where the bank stands today. He co-operated gratefully with the women who were trying to give the community medical assistance.

In 1912 the club purchased a home on Muir road and carried on its work as a neighborhood center until World War I and the influenza epidemic of 1918. There was a serious shortage of nurses and doctors and a number of cots were set up in the gymnasium of the club where cases could be nursed by a staff of volunteers under the direction of Baroness Von Kettler, a tireless Nurses' Aid.

She initiated the movement to raise funds and buy and furnish Cottage Hospital with the help of Mrs. Benjamin Warren, Mrs. John S. Newberry, Mrs. Murray Sales, Mrs. Phillip Mc Millan, Mrs. Witter Peabody and Mrs. Richard P. Joy. The house on Muir was purchased in January, 1919 and had 5 beds for adults, 5 for children and 3 bassinets, with the staff and kitchens on the upper floor.

Much of the nursing in the first days of the hospital was volunteer, the aides being hospital trustees, and they literally swept the tonsils off the floor and performed other disagreeable and medical tasks in order to keep the hospital going. The first baby born in Cottage Hospital in June, 1919 was named after Baroness von Kettler, Maud Von Kettler Brenner.

In 1927 the two frame cottages on Muir road became inadequate and with the generous bequest of Mrs. Phillip H. Mc Millan's estate the trustees could break ground on building was opened in November, 1928 and during the moving one surgeon was called upon to perform an emergency appendectomy in transit.

Cottage Hospital has received much support from the community which it serves and with the Pointe has grown to its present strength. It is the desire of its trustees to continue to offer the community the best in medical service and care justifying the faith of the men and women who contributed money, work and devotion to its building.

Church Decorates For Ice Cream Social

Red Roses and Japanese Lanterns to Deck Parking Lot At Memorial Church Monday For Old-Fashioned Dessert Party

The Grosse Pointe Memorial Church will sponsor an Ice Cream Social in the new parking lot adjoining the church on Monday, June 24, from 5:30 to 8 p.m.

Ice cream, sauces, and nutmeats are to be dispensed from gaily decorated booths manned by the committee and their husbands.

"Real cakes, not packaged deals" are promised by chairman Mrs. Harold V. Brinker.

The parking lot is being decorated by Mrs. Philip L. Laux and her committee: Mrs. Clarence Maguire, Mrs. James Cope and Mrs. Winfield S. Jewell, Jr. Japanese lanterns will be strung at the entrances. Tables will be covered with dark green cloths and centered with white bowls of red roses. Shrubbery in back of the serving booths will have red blooms. White iron lawn furniture will afford guests a place to relax and visit while listening to music furnished by a trio.

"Mr. Pockets", a tall fellow, will be weighted down with surprises which he will carry for the children in his many-pocketed suit. Other novelties have been planned to please the

small fry. The hours of 5:30 to 8 were chosen so families could have a dessertless early supper at home and then come for a leisurely dessert and beverage with friends and children.

Tickets are 50c for adults and 25c for children (8 and under). Tickets are available from the committee and at the entrances to the social that evening.

Working with Mrs. Brinker are Mrs. Lange Skinner, Mrs. Harry M. Sisson, Mrs. Walter E. Simmons, Mrs. Philip J. Laux, Mrs. James Cope, Mrs. Winfield S. Jewell, Jr., Mrs. Clarence Maguire, Mrs. Dan Carne, Mrs. John MacFarlane, Mrs. Paul Erickson, Mrs. James E. Atkinson and Mrs. Don W. Miller.

Flag Exhibit Opens at Museum

Flag Day was the opening date of an exhibit entitled "Stars and Stripes Forever," at the Detroit Historical Museum. The exhibit opens on June 14 and will continue through July 15.

The exhibit of American Flags, representing periods in American history, will include a handmade, 13 star flag, owned by the descendants of William Bradford, governor of the Plymouth, Mass., colony, is the oldest flag in the Museum's collection.

Adopted in 1777, the 13 star flag, and also a 24 star flag, were donated to the Museum by Harry V. Wade. The 15 star flag on display, used during the War of 1812, was the flag that inspired the writing of the "Star Spangled Banner."

Two 35 star flags are on display, each with the stars arranged in a different pattern. In that period, the arrangement of the stars was determined by the flag maker.

The 38 star flag in the collection flew over the U. S. Consulate in Jerusalem in 1886. It was given to the Museum by the estate of Dr. Robert W. Gilman, whose father was U. S. consul to Jerusalem from 1886 to 1891.

The 48 star flag is one that has flown over the Capitol in Washington, D. C. Other flags included in the exhibit are a 36 star, 44 star, 45 star and 46 star.

It was on June 14, 1777, that the first flag resolution was passed which proclaimed the adoption of the stars and stripes. Prior to that date, each colony had its own flag.

Lochmoor to Honor President at Ball

Mr. and Mrs. Murray MacDonald to be Feted at 40th Annual Dance This Saturday Evening; Scottish Highlander to Pipe in the Arrival of Over 300 Guests

Lochmoor Club's 40th annual President's Ball will be held on Saturday, honoring club president Murray L. MacDonald. But party chairmen, Dr. and Mrs. R. Sidney Sinclair, have chosen to highlight also the ancestral clan of the honored gentleman in the party decor; therefore the ball could very well be called, in addition, the Scottish or Highlander Ball.

Mr. and Mrs. MacDonald have invited some 150 friends to join them for cocktails in their Roslyn Road home, at 5:30 p.m., before proceeding to the club to officially launch the evening's festivities.

An authentic Scot Highlander in full tartan regalia will "pipe" in the arrival of the some 300 members and guests who are planning to join in the tribute to the club's highest official and his first lady.

Members of the entertainment committee who have assisted on party details are: Mr. and Mrs. Karl Schmidt, Mr. and Mrs. John Pival and Mr. and Mrs. G. D. Woodruff. They, along with the other committee members, Mr. and Mrs. William Hennessy and Mr. and Mrs. Leonard Link, and Mr. and Mrs. Walter Horn will greet the arriving guests, sporting a "wee bit of plaid" in their attire, and will direct the party goers to the main lounge, to be received by the MacDonalds and the present officers and directors of the club.

Cocktails will be served in the lounge starting at 7 p.m., followed by dinner at 9 o'clock. The hors d'oeuvre table will be skirted in white satin, over which a taffeta MacDonald tartan will be draped. Gigantic yellow and white floral arrangements will be used in decorating the clubhouse.

In the ballroom and dining room where guests will gather for dinner, the yellow and white color scheme will be repeated in the decorations. On the dinner tables flowers in those hues are to be used as centerpiece accented with birds of paradise and golden foliage.

Earl Perkins will provide music for dancing and later in the evening Scotch lassies will pay further tribute to the honored guests by their performance of the Sword dance and Highland fling.

Mrs. MacDonald has chosen for her ball gown a simple but extremely elegant full length, stark white peau de soie. The bodice is formed of softly folded tucks and the flared skirt is deftly draped into a self bow in front at the waistline.

At the table of honor in the ballroom, Mr. and Mrs. MacDonald will be seated with the William Sieberts, Mr. and Mrs. James Quello, Mr. and Mrs. Charles H. Wainman, Mr. and Mrs. Kenneth Reichle and, with their fingers crossed, their son and daughter-in-law, Mr. and Mrs. Murray MacDonald, Jr. Young Murray is awaiting orders which may arrive at any moment to report to the Air National Guard at San Antonio, Texas, where he will be stationed for the next three months.

Sharing a table also will be Mr. and Mrs. T. J. Newton; Mr. and Mrs. James Dodge; Mr. and Mrs. Kenneth Hollidge; Mr. and Mrs. Robert Kemp; Mr. and Mrs. Fred Neumann; Mr. and Mrs. James Kurtz; Mr. and Mrs. Thoman McCormick and Mr. and Mrs. B. J. Wemhoff.

Mr. and Mrs. Harold Diegel will be seated with Mr. and Mrs. Gordon Skinner; Mr. and Mrs. Alfred Wilson and Mrs. George Troost.

Among others who have made early reservations are Mr. and Mrs. Joseph Giroux; Mr. and Mrs. Thomas Gallagher; Mr. and Mrs. Sidney Harvey; Mr. and Mrs. Charles Masenich at a table for ten; Mr. and Mrs. Peter Gallette and Mr. and Mrs.

A Ball in Their Honor

MR. AND MRS. MURRAY MACDONALD are relaxing in the garden of their Roslyn road home before they are toasted Saturday night at Lochmoor Club's Presidents Ball. This fortieth annual affair will have a Scottish flavor complete with bagpipes in honor of the club president and his wife.

Mr. and Mrs. John Edmonds Sanford will fly in from their San Francisco home tomorrow for a weekend reunion with relatives.

Stephanie Fink Bows With Wendy Harris

'Bobbsey Twins' Theme of Debut Dinner at Little Club Tuesday Hosted by Edgar Lee Fink and Frederick E. HARRIS, Jr.

Stephanie Fink and Wendy Harris have often been mistaken for twins and they and their mothers both went to Dobbs Ferry; so, appropriately enough, they made their debut together Tuesday at a Little Club dinner with the "Bobbsey Twins" as the theme.

Cunningly contrived styrofoam dolls, dressed exactly like the debbs of the evening, centered the tables. Garlands of pale yellow daisy chrysanthemums curved from each doll to a tall central candle on the styrofoam platform. Blue and yellow table cloths and balloons repeated the party colors.

With their parents, Mr. and Mrs. Edgar Lee Fink of Vendome road, and Mr. and Mrs. Frederick E. Harris Jr., of Oxford road, the debutantes met guests in the drawing room.

Stephanie was in a floor-length white peau de soie gown with bell-shaped skirt. A band of pale blue satin which ran from the bodice over one shoulder, was repeated at the hemline of the skirt.

Wendy wore a white strapless silk satin gown, with skirt flared at the neckline and extending into a small train. Streamers from a red velvet bow on the bodice carried to the gown's hemline.

The debbs carried identical bouquets of Eucharist lilies, stephanotis and ivy, Stephanie's centered with blue delphinium and Wendy's with small garnet roses.

Mrs. Fink wore a small length light blue satin which matched the trim on her daughter's gown and white gardenia corsage.

The bride, daughter of the Ralph Bruske Nettings of Lincoln road, wore a bouffant floor length gown of imported white Swiss embroidered organdy applied over plain white organdy. Two deep panels of applied embroidery fell from the waistline to form a brief train.

Seed pearls embellished her eggshell cap of embroidered organdy which held a fingertip silk illusion veil. She held a colonial bouquet of white roses and stephanotis.

Mrs. Raymond Schumann, of Walden, N. Y., formerly Carolyn Dill, of Grosse Pointe, was matron of honor. Bridesmaids were Mrs. Raymond Olds, of Grand Rapids, Sally Browne and Susan Senff.

The four attendants were in full skirted afternoon frocks of crisp white organdy embroidered with delphinium blue dots. They wore soft open-crowned picture hats and carried colonial bouquets of blue delphinium, bachelor buttons and marguerite daisies. The honor matron's bouquet was distinguished by delphinium, bachelor buttons and stephanotis.

Bridal and bridesmaids' gowns and headpieces were designed by the bride.

For her daughter's wedding, Mrs. Frost donned short full-skirted gray chiffon, pink-shaded flowered hat and pinned sweetheart roses to her purse.

The bridegroom's mother chose Dior blue silk shantung, blue hat and purse corsage of sweetheart roses.

Bayview Regatta Sails In Perfect Weather

Commodore Lynn Stedman, Jr. must have known Dr. Joseph "Mike" Tapert, a dentist, had a "pull" with "Aeolus" Greek wind god, when he made him race chairman last January. Mike's pal came through in grand style last Saturday, June 15, when he provided a light southerly breeze that made Lake St. Clair an ideal place to spend an afternoon.

Of course Nubby Sarna has a nodding acquaintance with "Aeolus" too. It was just the type of breeze Nubby's "Revelry" likes and she romped home not only the winner of the Cruising A division but also took over all honors in all Cruising classes. The victory gave "Revelry" two firsts and a third in three starts this season.

Pat Collins' "Vitesse II" was a scant 26 seconds behind in elapsed time of second place. Toot Gmeiner's "Apache" and Dave Sloss' "Kathmar III" share place honors in corrections. "Kathmar" was led by "Apache" over the finish line by two minutes and 54 seconds but couldn't save her handicap time. Fifth place went to Frank White's "Tigress" who was followed by Clara Jacobs' "Falcon," "Moon" Baker's "Last Straw" and Arvid Lundell's "Nordic" in that order.

Cruising B Winner
Hank Burkard's "Meteor III" was first to finish in the red hot Cruising B division beating Skip Grow's and Carter Sales' "Queria" by 27 seconds. Bobby Ford's "Fleetwood" was third to finish and saved her time to drop "Queria" to third and take second place herself.

Lloyd Ecclestone Jr. newly rigged "Bikini" made a good showing in her 1957 debut in taking fourth place about a minute and a half behind "Queria" in corrected time. Al Wilson's "Zigzag" followed in fifth place and was followed by Bill Maul's "Spry," John Miller's "Valiant," Chuck Coe's and Walt Robinson's "Aquavit" and John Dewiler's defending "B" 1956 champion "Vashti."

Tommy Hanson's "Dauntless" edged Jimmy Carlin's "Glory Be II" in the Cruising C Division which was the second largest class to compete that day. Fourteen starters hit the line and 14 finished but took the times of only 13. Bill McCurdy's "Challenge" was either overlooked or not registered.

"Old Rarity" Third
Susie Fisher's "Old Rarity" took a close third and Kurt Keydel's "Grace Note" came in for fourth prize when the race committee handed out four prizes in classes that had more than eleven starters. Following in order were: Chet Raynaud, Bill Bremer, Walt Kunow, Bob Dodd, Karl Ness, Aaron Evans, F. Taylor, Paul Getchus and E. Pfalz.

The schooner-Ketch class, again won by Bob Neesley's "Malabar VI," was enhanced by the presence of Vic Hartman's ketch "Prevailing Wind" which came down from Port Huron for the race. Hartman placed third behind Frank Kremble's schooner "Lorelei," Andy Langhammer's "Rambler X" brought up the rear.

Chuck Haug did a terrific job in the Privateer class with his "Niad." Chuck got out in front at the start and fought off the challenges of five other competitors to win by a little better than three minutes over Oscar Carlson's "Spendthrift" and Sid Marsh's "Indian Drum" who followed in that order. Blue Devil Swim Coaches Resign

—Picture by Fred Rummels

In a surprise move at the end of the school year Grosse Pointe High found itself without the services of both of its swimming coaches when assistant coach BILL WINKLER, JR., and head coach ALEX CANJA turned in their resignations to enable them to take better positions. Winkler will move to Oregon State College where he will be assistant inter-

mural director and gymnastics coach in the Fall. Canja will move to Lansing to take a position in the State school system under Lynn Bartlett, State superintendent of education. Bill Winkler, Sr., left, veteran Blue Devil lockeroom custodian, bids goodbye to his Bill and Al Canja, right, on the last day of school.

BABE RUTH LEAGUE

MAJORS WOODS SHORES

The Woods-Shores Babe Ruth League concluded its third week of hot competition last Saturday. Four games were played in the American League. The Tigers dropped a close one to the White Sox 5-4. Winning pitcher Edwin Secord of the White Sox gave up only three hits to the Tiger batters.

The Tigers came back and trounced the Yankees 9-3 on eleven hits off Pitcher Craig Anderson of the Tigers. Robert Bruske pitched the Red Sox to a 9-5 victory over the White Sox. Both teams collected eight hits. The Senators, on two four-baggers by Russ Gramer and a two hit pitching performance by Tom Quilter, downed the White Sox 7-2.

Seven games were played in the National League last week. The Red Legs swept through three straight games victoriously. Led by Joe Briguglio who drove in four runs the Reds defeated the Cardinals 9-7. Larry Englehart got credit for the victory. Tom Totz shutout the Phillies on three hits as the Red Legs won their second game of the week 2-0. The Reds then beat the Braves 9-3. Joe Briguglio was the winning pitcher.

The Giants defeated the Dodgers 6-2 with Jim Gilmour as the winning moundman. Bill Beckenhauer collected three hits for the Giants and Earl Vogel and Kaminski pounded out two hits apiece for the Dodgers. The Giants won their second game of the week when they blasted the Braves 9-1. Jim Parisi threw a no-hitter and struck out twelve as the still undefeated Giants won their eighth consecutive game.

The Dodgers, with the two hit pitching of Ken Squiers defeated the Braves 8-4. One of the Dodgers' hits was a home run by Catcher Bob De Corte.

In the Texar League Houston won two games in the week's action. They beat Dallas 11-2 with Tom Bowles getting credit for the win and then outslugged San Antonio 21-10. Phil Greco scored three runs and clouted two hits for Houston and Larry Tomczak collected three hits and scored three runs for the winners. The winning pitcher was Dave Smith.

Curt Hartog pitched a three hitter as Beaumont beat San Antonio 14-7.

City, Park, Farms
Johnny Poole pitched and batted the Cincinnati Redlegs to a 11-6 victory over the Chicago Cubs last Tuesday, June 11, to climb into a two-way tie with the Washington Senators. Poole contributed a single and double in the winning cause while holding the losers to six scattered hits.

Dick Salkowski leading off in the fourth inning belted a towering drive to the Fishar road tennis courts but quick fielding by the Cub's left fielder held it to a triple.

It was the longest hit of the game. F. Robert and M. Marsh hit successive singles to account for the first run and set the stage for Poole's first hit which accounted for two more runs. From that point on the Redlegs were never threatened.

The following day Washington took over the league lead by defeating Cincinnati 12-9. It was the Redlegs first loss in four starts this season.

Pointers Win Sport Letters

By Fred Rummels

Thomas Wilson, son of Mr. and Mrs. Alfred Wilson of 37 Lochmoor, was awarded his freshman numerals for his play with the Valparaiso University golf squad. The award was made by head coach Ken Suesens.

Lynn F. Messner, son of Mr. and Mrs. Wilfred Messner of 611 Rivard Road, James Plath, son of Mr. and Mrs. Hugo Plath of 728 Barrington, David Urban, son of Mr. and Mrs. Edward Urban of 241 Hillcrest, and James MacMillan, son of Mr. and Mrs. James MacMillan of 12522 Jane, are among 52 Wayne State University athletes who received recognition from the University's Athletic Advisory Board for their play on Wayne State's 1957 Spring Sports teams.

Messner, a junior in the College of Engineering, won his third varsity letter on the golf team. He is also a diver on Wayne State Swimming team during the winter.

Plath and Urban are both major letter winners on the track team. A half mileer who has shown steady improvement, Plath is a senior in the School of Business Administration. Urban, the Tartars' only pole vaulter, won his freshman numerals in 1956 and came back for a major award this season.

A star halfback on the Wayne baseball team. All four athletes are graduates of Grosse Pointe High School.

Locals Aid U-D Ticket Drive

Two Grosse Pointe seniors at the University of Detroit are playing active roles in the new Student Football Ticket Committee which heads 15 fraternities and sororities for advancement of football season ticket books.

They are Barbara Unti, 1346 Hampton, daughter of Mr. and Mrs. F. Unti, and Kathy Schulte, 1360 Audubon, daughter of Joseph E. Schulte. Miss Unti is co-chairman and Miss Schulte is treasurer.

They and two other students, representing fraternities and sororities, all enrolled in the College of Arts and Sciences, challenged the student body to sell adult season tickets for the first time in the history of the university. The challenge was published in the Varsity News, student newspaper, and was accepted by 15 fraternities and sororities. The Student Football Ticket Committee was established with a kickoff dinner and meeting with the coaching staff.

Committee sales teams will meet regularly during the summer. All sales team members are to receive sales kits. Each organization in the committee will have sales teams. Literature will be sent out during the summer to continue enthusiasm in the project. The committee plans to canvass employers, parents, and incoming freshmen and their parents. Door-to-door sales are planned, Miss Unti announced.

John R. Mulroy, vice-president of the University of Detroit, said, "The action of the students in helping promote season ticket sales shows that our athletes have become a real part of the student body and are not considered as a group apart from the other students."

Boat Banter

By Fred Rummels

The local big boat fleet will get its first test against outside competition in a long distance race when it travels to Toledo to compete in the Toledo Y.C. annual Mills Trophy race on Saturday, June 22.

Present indications are that the 37th Mills race will draw a record number of entries from Detroit, Cleveland, Sandusky and Toledo. Also entries have been received from the distant ports of Rochester and Buffalo, New York, according to reports from Commodore Ed Binkelman, general chairman of the event.

Skipp Grow's and Carter Sales' Voyager yawl "Queria" is the overall defending champion who will be representing Grosse Pointe Y.C., although she flew the colors of Bayview Y.C. when she won the 1956 title.

The race will get underway at 5 p.m. E.S.T. from the Toledo Harbor Light to the Colchester lighted buoy and back to the Toledo Light. The course direction will be at the discretion of the race committee depending on wind direction which will provide the best sailing test.

Commodore Binkelman is optimistic over the new Dragon class which will be competing in the race for the first time. Already 10 entries have been received from the Toledo Y.C.

The judges committee will be made up of: Chairman Robert DeMuth, Toledo Y.C.; Com. Frank Martin, ILYA; Vice Com. Lee Bracken, ILYA; Com. Hal F. Smith, DRYA; Com. William Collins, Associated Yacht Clubs; Com. Al Mastics, Cleveland Y.C.; Com. James Biedler, Toledo Y.C.; Com. Robert Rothert, Toledo Y.C. and Com. Crittenden Taylor, U.S. Navy.

Apparently we were a bit hasty in lauding the DRYA course and marks committee for placing the race course marks in the proper location. It looked real good when the fleet sailed stakes to starboard in the opening Detroit Yacht Club regatta on Memorial Day.

The following week in the St. Clair Yacht Club regatta some of the small boat guys complained that "D" and "C" marks on the American side of the triangles were out of position — not a little bit—but a whole lot. That day the big boat skippers sailed the Thames river course so they had nothing to say. BUT in Bayview Yacht club's regatta last Saturday, June 15, the big boat guys were loud in their complaints about "D" and "C" marks. This reporter knows for sure, "D" is out of position because we sailed that course and our compass was correct on all other bearings.

Maybe now is the time the DYRA course and marks committee had better recheck their figures and marks. It could be the buoys dragged the anchors out of position.

This year, for the first time, the Coast Guard and its Auxiliary are sponsoring National Safe Boating Week which begins June 30 and runs through July 6. During this week local units will hold free courtesy examinations, conduct safe boat handling courses and stage special water shows, featuring safe

Roadstrum, Bill Howard and Arnold Johnson took the next three places, respectively.

Raven Class Winner
Al Gregory and his buddy-partner in "White Heather" fooled the hotshots in the Raven class when they went off and left the fleet on a "god help me" tack and wound up in clover, getting the winning gun ahead of Roy Barbier's "Frolic" and Boyd Benkert's "Thunderbolt." Al Bortolotti, Gordon McCabe, Bill Nagel and Jim Mason followed in that order.

Dick Hill continued his winning streak in the Crescent class beating Lynn Babcock, Sr., H. Zuelke and Jerry Jenkins in that order.

In the L Class eGeorge McCormick's "Goal" got back on the winning track and was followed by Alee Chapman's "Nite Wind," Freddie Jensen's "Escape." Others to finish were Fred Kegel, J. Rickel, Martha Wells, Guy McNaron and Guy Ireland.

Burt Jones with his brother Warren broke Hank Cawthra's winning streak in the big Lightning class when they pushed "Burden" across the finish line first ahead of Jim Schudell's "Litch," Weidrick's "Wee Dee II" and Hank Cawthra's "X-L." Others to finish in order were; Fred Wilhelm, Chuck Grant, Ralph O'Hara, Dick Dickman, Pete Goebel, Don Fairfield, G. Grenzke, Walt Roney, Jim Millies, Jr., G. Davis, R. Knop, and C. Arkelian.

DYCL Leads
Detroit Yacht Club won the CK Team race with 28 points with the Detroit Boat Club getting 22. St. Clair Y.C. 19 and Edison Boat Club 9. Winning team skippers were Fred Meno III who placed second, J. Fennessey who was fourth and J. Ott took fifth. Harold Waldo was first to finish to give the Boat Club at least one honor for the day.

Other class winners were: K CLASS: Riney Zeidler, Duke Huber, A. Boylston, Peter Van Ryn, William Toussany, Alberta Keyes, W. McGraw. UNIVERSAL A: Gray-Kaiser, Ali Jones, R. Valade, Ed Offer. HANDICAP UNIVERSAL: J. Sauer, N. Hollerbach, R. Hanson, Bob Livingston, H. Tomlinson.

LITTLE LEAGUE

With the third week of the schedule completed, Paul Short, the head scorekeeper for the League reports that eleven scheduled games were completed and four games rained out.

In the American League the Orioles continue to set the pace even with one game played and one rained out. In their single game of the week they beat the Athletics 3 to 2. The White Sox in a strong second place beat the Senators 11 to 10 in a close, exciting game.

In the National League the Pirates, as yet unbeaten this season, seem to have complete control of the first place position. They were threatened in an attempted upset by the Dodgers, but came through in the seventh inning to win 5 to 4. The Giants with a 4 and 4 record have a slight edge on the second place position but the Braves are close behind in third.

The Collegiate League continues to come up with some astronomical scores in the three games played last week. Illinois beat Evansville 22 to 6 on June 12, and then beat Harvard 21 to 17 on June 14 to continue their unbeaten record. In the Southern Conference, in the only game, Duke overwhelmed Kentucky 25 to 8 to continue their unbeaten record.

Winning pitchers of the week: American League—Marc Lonsek, Orioles over Athletics 3 to 2. Mike Renaud, White Sox over Senators 11 to 10. Mike Martin, Athletics over Senators 9 to 4. John Wilson, Senators over Athletics 7 to 2. In the National League—Greg Smith, Giants over Dodgers 13 to 7.

Bob Purcell, Braves over Dodgers 10 to 6. Mike McDonald, Pirates over Giants 8 to 3. Joe O'Grady, Pirates over Dodgers 5 to 4. In the Collegiate League, Nicky Mocerri, Illinois over Evansville 22 to 6. Ricky Miller, Illinois over Harvard 22 to 17. George Conlan, Duke over Kentucky 25 to 8.

CITY
At the end of the third week of play, the Grosse Pointe City Little League is beginning to tighten up. The Cubs, who led in the first week of play, who then dropped two games on errors, have made a strong comeback to tie for first place

with the Braves. The Braves, on the other hand, lost their first two games, but have come fighting back by winning four in a row and a tie for first place with the Cubs.

The Dodgers started well by winning their first three games, but dropped to third by losing three in a row. The Cards had some bad luck and scored their only victory by smashing the Dodgers, who had not been defeated up to that time.

Errors were fatal to the Cubs in the two games they lost. On June 3, Cubs Mgr. Stapleton saw his "ace" pitcher lose a heartbreaker to the Dodgers due to an error in the last inning.

Dhooze had eleven strikeouts and only three hits tagged against him in the sixth with the Cubs leading and two men out. An easy ground ball that should have been an out turned into an error with a man getting on base. Rowlette, pitching star for the Dodgers, who had pitched three hit ball with eight strikeouts to his credit, hit a clean double and scored the winning run to win his own ball game.

Final score: DODGERS 4, CUBS 3.

In the second game, on June 5, the Cubs met the Braves. Mullin took the mound for the Cubs to oppose Miller for the Braves. Trombly, star catcher for the Braves, gave them an early lead in the first inning by hitting a home run with Miller on base. The Cubs struck back and in the fourth inning they took the lead by a score of six to three after Dhooze hit a beautiful double for the Cubs and the Braves picked up four runs in the sixth to win the game. Winning pitcher Miller had eight strikeouts to his credit.

Final score: BRAVES 7, CUBS 6.

The Cubs started back on the winning trail on June 11, pitched five innings for the Cubs with Sachs finishing the game. Schatz pitched an excellent game for the Cards by allowing only five hits, in addition, to hitting a triple and scoring one run. Dhooze, of the Cubs, hit a home run in the fifth and tied the score for the Cubs. DiLaura hit a single and a double on three times at the plate. Jollymore, who was hit by a pitched ball in the sixth, scored the winning run for the Cubs.

Final score: CUBS 4, CARDS 3.

Probably one of the wildest outcomes in the history of City Little League baseball occurred on Wednesday, June 12. Two Dodger pitchers held their Chicago opponents helpless but lost the game 3-1 when they issued five bases on balls and their teammates committed two errors to let the winning runs cross the plate.

Final score: CUBS 3, DODGERS 1.

The Braves started their four game winning streak by winning a close one from the Cubs. On June 4, the Braves struck hard against the Cards by picking up two runs.

Bayview Regatta Sails In Perfect Weather

Commander Lynn Stedman, Jr., must have known Dr. Joseph "Puke" Tapert, a dentist, had a "pull" with "Aeolus" Greek wind god, when he made him race chairman last January.

Mike's pal came through in grand style last Saturday, June 15, when he provided a light southwesterly breeze that made Lake St. Clair an ideal place to spend an afternoon.

Of course Nubby Sarns has a nodding acquaintance with "Aeolus" too. It was just the type of breeze Nubby's "Revelry" likes and she romped home not only the winner of the Cruising A division but also took over all honors in all Cruising classes. The victory gave "Revelry" two firsts and a third in three starts this season.

Pat Collins' "Vitesse II" was a scant 26 seconds behind in elapsed time for second place. Toot Gmeiner's "Apache" and Dave Sloss' "Kathmar III" share place honors in corrections. "Kathmar" was the finish line by "Apache" over the lashed by two minutes and 54 seconds but couldn't save her handicap time. Fifth place went to Frank White's "Tigriss" who was followed by Clara Jacobs' "Falcon," "Moon" Baker's "Last Straw" and Arvid Lundell's "Nordic" in that order.

Cruising B Winner
Hank Burkard's "Meteor III" was first to finish in the red hot Cruising B division beating Skip Grow's and Carter Sales' "Querida" by 27 seconds. Bobby Ford's "Fleetwood" was third to finish and saved her time to drop "Querida" to third and take second place herself.

Livvy Ecclestone Jr.'s newly rigged "Bikini" made a good showing in her 1957 debut in taking fourth place about a minute and a half behind "Querida" in corrected time. Al Wilson's "Trigance" followed in fifth place and was followed by Bill Maul's "Spry," John Miller's "Valiant," Chuck Coe's and Walt Robinson's "Aquavit" and John Detwiler's defending "B" 1956 champion "Yashti."

Tommy Hanson's "Dauntless" edged Jimmy Carlin's "Glory Sea II" in the Cruising C Division which was the second largest class to compete that day. Fourteen starters hit the line and 14 finished but took the times of only 13. Bill McCurdy's "Challenge" was either overlooked or not registered.

Old Rarity's Third
Susie Fisher's "Old Rarity" took a close third and Kurt Keydel's "Grace Note" came in for fourth prize when the race committee handed out four prizes in eleven starts. Following in order were: Walt Runaud, Bill Bremer, Chet Kunow, Bob Dodd, Karl Ness, Aaron Evans, F. Taylor, Paul Goethus and E. Pfalz.

The schooner-Ketch class, again won by Bob Neesley's "Malabar VI" was enhanced by the presence of Vic Hartman's ketch "Prevailing Wind" which came down from Port Huron for the race. Hartman placed third behind Frank Krembel's schooner "Lorelei." Andy Langhammer's "Ramblar X" brought up the rear.

Chuck Haug did a terrific job in the Privater class with his "Niad." Chuck got out in front at the start and fought off the challenges of five other competitors to win by a little better than three minutes over Oscar Carlson's "Spendthrift" and Sid Marsh's "Indian Drum" who followed in that order. Bob

Roadtrum, Bill Howard and Arnold Johnson took the next three places, respectively.

Raven Class Winner
Al Gravoy and his buddy, partner in "White Heather" foiled the hotshots in the Raven class when they went off and left the fleet on a "god help me" tack and wound up in clear, getting the winning gun ahead of Roy Barbier's "Frolic" and Boyd Benker's "Thunderbolt." Al Bertolotti, Gordon McCabe, Bill Nagel and Jim Mason followed in that order.

Dick Hill continued his winning streak in the Crescent class beating Lynn Babcock, Sr., H. Zuelke and Jerry Jenkins in that order.

In the L Class George McCormick's "Goal" got back on the winning track and was followed by Alee Chapman's "Nite Wind," Freddie Jensen's "Escape." Others to finish were Fred Kegel, J. Rickl, Martha Wells, Guy McNaron and Guy Ireland.

Burt Jones with his brother Warren broke Hank Cahara's winning streak in the big Lightning class when they pushed "Burden" across the finish line first ahead of Jim Schudel's "Itch," and Hank Cawthra's "X-L." Others to finish in order were: Fred Wilhelm, Chuck Grant, Ralph O'Hara, Dick Dickman, Pete Goebel, Don Fairfield, G. Grenzke, Walt Roney, Jim Millies, Jr., G. Davis, R. Knop and C. Arkellian.

DYC Leads
Detroit Yacht Club won the CK Team race with 28 points with the Detroit Boat Club getting 22, St. Clair Y. C. 19 and Edison Boat Club 9. Winning team skippers were Fred Menno III who placed second, J. Fennessy who was fourth and J. Ott took fifth. Harold Waldo was first to finish. Lt. Robert L. Corless Wins Honors in Army School
FUESSEN, GERMANY (AHTNC)—Second Lt. Robert L. Corless, 23, son of Mr. and Mrs. Lee M. Corless, 610 Roslyn road recently was graduated with honors from the motor officers course at the Army's European Ordnance School in Fussen, Germany.

After graduation ceremonies, Lieutenant Corless returned to his regular duties with the 17th Signal Battalion's Headquarters Company.

Lieutenant Corless entered the Army in March, 1956 and was stationed at Fort Carson, Colo., before arriving in Europe the following November.

The lieutenant is a 1955 graduate of Michigan State University and a member of Delta Sigma Phi fraternity.

Don Lund, Detroit Tiger coach was a three sports star at the University of Michigan in the early 1940's. Lund graduated in 1945, and signed with the Brooklyn Dodgers. He also played major league baseball with the St. Louis Browns and Tigers.

Blue Devil Swim Coaches Resign

Picture by Fred Rummels

In a surprise move at the end of the school year Grosse Pointe High found itself without the services of both of its swimming coaches when assistant coach BILL WINKLER, JR. and head coach ALEX CANJA turned in their resignations to enable them to take better positions. Winkler will move to Oregon State College where he will be assistant inter-

Mural director and gymnastics coach in the Fall. Canja will move to Lansing to take a position in the State school system under Lynn Bartlett, State superintendent of education. Bill Winkler, Sr., left, veteran Blue Devil locker room custodian, bids goodbye to his Bill and Al Canja, right, on the last day of school.

Boat Banter

The local big boat fleet will get its first test against outside competition in a long distance race when it travels to Toledo to compete in the Toledo Y.C. annual Mills Trophy race on Saturday, June 22.

Present indications are that the 37th Mills race will draw a record number of entries, from Detroit, Cleveland, Sandusky and Toledo. Also entries have been received from the distant parts of Rochester and Buffalo, New York, according to reports from Commodore Ed Binkelman, general chairman of the event.

Skip Grow's and Carter Sales' Voyager yawl "Querida" is the overall defending champion who will be representing Grosse Pointe Y. C., although she flew the colors of Bayview Y. C. when she won the 1956 title.

The race will get underway at 5 p.m. E.S.T. from the Toledo Harbor Light to the Colchester light, buoy and back to the Toledo Light. The course direction will be at the discretion of the race committee depending on wind direction which will provide the best sailing test.

Commodore Binkelman is optimistic over the new Dragong class which will be competing in the race for the first time. Already 10 entries have been received from the Toledo Y. C.

The judges committee will be made up of: Chairman Robert DeMuth, Toledo Y. C.; Com. Frank Martin, ILYA; Rear Com. Cal Canfield, ILYA; Rear Com. Lee Bracken, ILYA; Com. Hal F. Smith, DRYA; Com. William Collins, Associated Yacht Clubs; Com. Al Mastics, Cleveland Y. C.; Com. James Biedler, Toledo Y. C.; Com. Robert Rothert, Toledo Y. C. and Com. Crittenden Taylor, U. S. Navy.

Apparently we were a bit hasty in lauding the DRYA course and marks committee for placing the race course marks in the proper location. It looked real good when the fleet sailed stakes to starboard in the opening Detroit Yacht Club regatta on Memorial Day.

The following week in the St. Clair Yacht Club regatta some of the small boat guys complained that "D" and "C" marks on the American side of the triangles were out of position — not a little bit—but a whole lot. That day the big boat skippers sailed the Thames river course so they had nothing to say. BUT in Bayview Yacht club's regatta last Saturday, June 15, the big boat guys were loud in their complaints about "D" and "C" marks. This reporter knows for sure, "D" is out of position because we sailed that course and our compass was correct on all other bearings.

Lieutenant Corless entered the Army in March, 1956 and was stationed at Fort Carson, Colo., before arriving in Europe the following November.

The lieutenant is a 1955 graduate of Michigan State University and a member of Delta Sigma Phi fraternity.

Locals Aid U-D Ticket Drive
Two Grosse Pointe seniors at the University of Detroit are playing active roles in the new Student Football Ticket Committee which heads 15 fraternities and sororities for advance sales of football season ticket books.

They are Barbara Unti, 1346 Hampton, daughter of Mr. and Mrs. F. Unti, and Kathy Schulte, 1360 Audubon, daughter of Joseph E. Schulte. Miss Unti is co-chairman and Miss Schulte is treasurer.

They and two other students, representing fraternities and sororities, all enrolled in the College of Arts and Sciences, challenged the student body to sell adult season tickets for the first time in the history of the university. The challenge was published in the Varsity News, student newspaper, and was accepted by 15 fraternities and sororities. The Student Football Ticket Committee was established with a kickoff dinner and meeting with the coaching staff.

Committee sales teams will meet regularly during the summer. All sales team members are to receive sales kits. Each organization in the committee will have sales teams. Literature will be sent out during the summer to continue enthusiasm in the project. The committee plans to canvass employers, parents, and incoming freshmen and their parents. Door-to-door sales are planned, Miss Unti announced.

John R. Mulroy, vice-president of the University of Detroit, said, "The action of the students in helping promote season ticket sales shows that our athletes have become a real part of the student body and are not considered as a group apart from the other students."

Points Wins Sport Letters

Thomas Wilson, son of Mr. and Mrs. Alfred Wilson of 37 Lochmoor, was awarded his freshman numerals for his play with the Valparaiso University golf squad. The award was made by head coach Ken Suesens.

Lynn F. Messner, son of Mr. and Mrs. Wilfred Messner of 611 Rivard Road, James Plath, son of Mr. and Mrs. Hugo Plath of 726 Barrington, David Urban, son of Mr. and Mrs. Edward Urban of 241 Hillcrest, and James MacMillan, son of Mr. and Mrs. James MacMillan of 12522 Jane, are among 52 Wayne State University athletes who received recognition from the University's Athletic Advisory Board for their play on Wayne State's 1957 Spring Sports teams.

Messner, a junior in the College of Engineering, won his third varsity letter on the golf team. He is also a diver on Wayne State Swimming team during the winter.

Plath and Urban are both major letter winners on the track team. A half mile who has shown steady improvement, Plath is a senior in the School of Business Administration. Urban, the Tartars' only pole vaulter, won his freshman numerals in 1956 and came back for a major award this season.

A star halfback on the Wayne baseball team. All four athletes are graduates of Grosse Pointe High School.

B. Ford to Host Golf Tourney

William Clay Ford, vice president and director of the Ford Motor Company, has accepted the position as "Honorary Host" for the Ladies' P.G.A. Wolverine Open to be held at Lochmoor Golf Club, July 25 to 28.

A special ball event will be held on July 25 and will pit fourfoursomes in competition for cash and merchandise. Each team will be composed of a woman professional and a Detroit District pro, a high ranking woman amateur and a low handicap Detroit District male amateur.

Following this big tournament will be events such as; Derby Day, August 3-4; President's Day, August 7; Lochmoor Invitational, August 15-16; Bobby Olson Day, September 7 and the Guest Stag Day, September 23 which will close out the 10 week special event 1957 season.

The Detroit Tigers were the only American League team in 1956 to hold a winning edge over the New York Yankees. The Tigers won 12 of 22 meetings.

BABE RUTH LEAGUE

MAJORS
WOODS - SHORES

The Woods-Shores Babe Ruth League concluded its third week of hot competition last Saturday. Four games were played in the American League. The Tigers dropped a close one to the White Sox 5-4. Winning pitcher Edwin Secord of the White Sox gave up only three hits to the Tiger batters.

The Tigers came back and trounced the Yankees 9-3 on eleven hits off Pitcher Craig Anderson of the Tigers. Robert Bruske pitched the Red Sox to a 9-5 victory over the White Sox. Both teams collected eight hits. The Senators, on two four-batters by Russ Gramer and a two hit pitching performance by Tom Quilter, downed the White Sox 7-2.

Seven games were played in the National League last week. The Red Legs swept through three straight games victoriously. Led by Joe Briguglio who drove in four runs the Reds defeated the Cardinals 9-7. Larry Engelhart got credit for the victory. Tom Tott shutout the Phillies on three hits as the Red Legs won their second game of the week 2-0. The Reds then beat the Braves 9-3. Joe Briguglio was the winning pitcher.

The Giants defeated the Dodgers 6-2 with Jim Gilmour as the winning moundman. Bill Beckenhauer collected three hits for the Giants and Earl Vogel and Kaminiski pounded out two hits apiece for the Dodgers. The Giants won their second game of the week when they blasted the Braves 9-1. Jim Parisi threw a no-hitter and struck out twelve as the still undefeated Giants won their eighth consecutive game.

The Dodgers, with the two hit pitching of Ken Squires defeated the Braves 8-4. One of the Dodgers' hits was a home run by Catcher Bob De Corte.

In the Texas League Houston won two games in the week's action. They beat Dallas 11-2 with Tom Bowles getting credit for the win and then outslugged San Antonio 21-10. Philip Greco scored three runs and clouted two hits for Houston and Larry Tomczak collected three hits and scored three runs for the winners. The winning pitcher was Dave Smith.

Curt Hartog pitched a three hitter as Beaumont beat San Antonio 14-7.

MINOR

City, Park, Farms Johnny Poole pitched and batted the Cincinnati Redlegs to a 11-6 victory over the Chicago Cubs last Tuesday, June 11, to climb into a two-way tie with the Washington Senators. Poole contributed a single and double in the winning cause while holding the losers to six scattered hits.

Dick Salkowski leading off in the fourth inning belted a towering drive to the Fisher road tennis courts but quick fielding by the Cub's left fielder held it to a triple.

It was the longest hit of the game. F. Robert and M. Marsh hit successive singles to account for the first run and set the stage for Poole's first hit which accounted for two more runs. From that point on the Redlegs were never threatened.

The following day Washington took over the league lead by defeating Cincinnati 12-9. It was the Redlegs first loss in four starts this season.

LITTLE LEAGUE

PARK
With the third week of the schedule completed, Paul Short, the head scorekeeper for the League reports that eleven scheduled games were completed and four games rained out.

In the American League the Orioles continue to set the pace even with one game played and one rained out. In their single game of the week they beat the Athletics 3 to 2. The White Sox in a strong second place beat the Senators 11 to 10 in a close, exciting game.

In the National League the Pirates, as yet unbeaten this season, seem to have complete control of the first place position. They were threatened in an attempted upset by the Dodgers, but came through in the seventh inning to win 5 to 4. The Giants with a 4 and 4 record have a slight edge on the second place position but the Braves are close behind in third.

The Collegiate League continues to come up with some astronomical scores in the three games played last week. Illinois beat Evansville 22 to 6 on June 12, and then beat Harvard 21 to 17 on June 14 to continue their unbeaten record. In the Southern Conference, in the only game, Duke overwhelmed Kentucky 25 to 8 to continue their unbeaten record.

The Cubs started back on the winning trail on June 11, against the Cards. Mullin pitched five innings for the Cubs with Sachs finishing the game. Schmatz pitched an excellent game for the Cards by allowing only five hits, in addition, to hitting a triple and scoring one run. Dhoogie, of the Cubs, hit a home run in the fifth and tied the score for the Cubs. DiLaura hit a single and a double on three times at the plate. Jollymore, who was hit by a pitched ball in the sixth, scored the winning run for the Cubs.

Final score: CUBS 4, CARDS 3.

Probably one of the wierdest outcomes in the history of City Little League baseball occurred on Wednesday, June 12. Two Dodger pitchers held their Chicago opponents hitless but lost the game 3-1 when they issued five bases on balls and their teammates committed two errors to let the winning runs cross the plate.

Final score: CUBS 3, DODGERS 1.

The Braves started their four game winning streak by winning a close one from the Cubs. On June 4, the Braves struck hard against the Cards by picking up a 3-2 victory.

The biggest news of the week in the National League was the Friday game between the Giants and the Pirates. Hageman of the Giants, in the first game he ever pitched, not only struck out ten of the Pirates, but added insult to injury by keeping them completely hitless. No Pirate reached first base until the final inning when an infield error gave Hendrie a life, only to die on first as Hageman struck out the final batter.

The final score: GIANTS 3, PIRATES 0.

The Giants apparently are the most active team in the National League; having been the winners of the only games recorded for the past two weeks. Ted Trefzer their manager is to be complimented, not only on his managerial ability, but on his co-operation with the league officials and record keepers.

On Friday, June 7, the Giants beat the Phillies by a score of 2 to 1. J. Moxley and VanHorn were the winning battery.

The Giants also were victors on Tuesday against the Reds, 5 runs to 2. MacLeod was the winning pitcher and VanHorn again caught.

In the American League the Red Sox came to life with two victories. Shea beat the Tigers 9 to 1 and Mattil beat the Yankees 3 to 2.

Del Place of the Indians continued his winning streak with a 3 to 0 victory over the Tigers. Lee was the receiver in this game.

GAME HIGHLIGHTS

Denver came thru for their first win of the season, taking Indianapolis, the league leaders, in a real drag-out bang-up affair, by a score of 17 to 11. Young Jerger paced his team beautifully. After a hectic third inning, both teams settled down to some real ball playing.

Kaiser, the Indians second sacker, pulled down an infield fly after bumping into his team mate and turning a complete somersault, that would have made Casey Stengel envious. The fielding and batting of little Pie Wee Wilke was nothing short of amazing for one his size, about two inches taller than a twenty-nine inch bat. And as manager Ed Ferger said last week, Denver has come into their own, and from here on in, will be a threat to any team in the league.

Omaha and Louisville, both being tied for first place, went at it on Wednesday, each trying to stay on top. Rusinow pitched his team to victory in what was a sea-saw battle all the way. The turning point of the game that put Louisville on top to win was a fine fielding play by Steve Mertz who picked up a ball in deep centerfield threw a strike to catcher DeCook that cut off at least two Omaha runs.

St. Paul stayed on the win side this week taking two for two against Minneapolis and Denver, in what turned out to be hitting spears for St. Paul. Kraus, second sacker made pitcher, showed real good stuff in his first try on the mound. We want to correct last week's statement about Mr. Kraus, we saw him make a beautiful hit over the second base to score two runs, we called the play but goofed on the name. Sorry Tom.

Charleston and Louisville both sent in pitchers with off days Saturday. Both pitchers handed out more than the usual number of free passes. Young Hoggson of Charleston went five for five at the plate, but it wasn't enough to beat Louisville who sent up Tom Kennedy to get a home run and two triples. Young Jaglois on the mound for Louisville couldn't find the plate too often but came up with a win on some real good backing up by his teammates on the field.

For the outstanding play of the week we pick George Archer, who ran a baseball mile from centerfield to pull down a fly that would have been good for at least a triple. For outstanding performance of the week we have Dennis Egan, who when he learned that his teams catcher would be away from the next three games donned the mask for the first time in his young life, took up his position behind the plate, and an amazing job he did.

Indianapolis split this week with one win and one loss, staying in second spot with St. Paul. In the game with Toledo, both teams played tight baseball till the fourth inning when Schnieder, Toledo moundman, tired, and Tamblins Indians were quick to take advantage of the situation, bringing in enough runs to put the game on ice.

Devils Win Border Cities All Sports Trophy Again

Staging an amazing rally in Spring sports, baseball, tennis and track, Grosse Pointe High came from behind to overtake Fordson and win the Border Cities League All-Sports trophy for the eleventh time.

No other school in the six team league comes close to that record. As a matter of fact only three other schools, Fordson, Wyandotte and Monroe, have ever won the beat-up, coveted award. The three schools combined have won it only eight times during the 19 years it has been in competition.

During the years of 1942 to 1945 it was withdrawn from competition when the league suspended operation due to gasoline shortage during World War II.

Trophy Began 1933-34

The trophy first saw the light of day way back in the school year of 1933-34. Grosse Pointe won it that time, but relinquished it to Monroe for the next two years, 1934-35 and 1935-36. This was the only time the Trojans ever received the award.

The Blue Devils bounced back with vengeance to win in 1937-38; 1938-39 and 1940-41 before relinquishing to Fordson in 1941-42.

After the War the Devils held the trophy from 1945 to 1948 when Wyandotte captured it and held it for two years. In 1950-51 Grosse Pointe and Fordson tied in points and shared the trophy but, lost it to Wyandotte in 1951-52 season which made the Bears the second longest holder of the trophy at three years.

Fordson last won the trophy, in 1952-53 and since that time it has resided in the Devils trophy case.

The trophy is awarded to the school annexing the greatest number of points on the basis of 30 points for first place in each of six major sports, football, basketball, baseball, track, tennis and swimming, 25 points for second place, etc.

Classic Cars to Gather At Greenfield Village

DEARBORN—The plush cars of yesteryear, nearly 200 strong, will converge upon Greenfield Village Saturday, July 13.

They will be here for the Midwest Classic sponsored by the Classic Car Club of America. It is the first time the Midwest meet has been held in Greenfield Village.

A parade through the village at 11:30 a.m. will start the day's mechanical performance and general appearance. The latter includes body, engine, roof or top, upholstery, bright work, paint and degree of authenticity of restoration. So meticulous are the judges that a wrong shade of paint may cost an owner important points.

A midwest champion will be named, as well as winners in seven classes in each primary and senior competition. The senior group is composed of winners from previous meets.

The big, sleek cars will be on display on the village green before and after the judging. They also will take part in stunts aimed to show how their performance compares favorably with today's top cars.

Founded in early 1952, the Classic Car Club of America has a membership of over 2,000 and is dedicated to the preservation of motor cars, vintage 1925 to 1942. The aim of club members is, to restore these cars in the 1925-1942 years.

Unlike the antique car group, where all cars prior to 1925 are considered antiques, only select cars in the 1925-1942 era qualify as classics.

According to a club spokesman, a classic car usually was marked by a custom body and custom coach work. All carried high price tags.

Famous names in the classics roll card include Auburn, Bentley, Cord, Lincoln Continental, Duesenberg, Franklin, Packard, Rolls Royce, Pierce Arrow, Cunningham, Mercedes, Ruxton, Horch, Marmon, Locomobile and Stutz.

The Henry Ford Museum has several of these classics in its collection of 175 old cars.

Entrants in the Greenfield Village meet include Arnold E. Hofman, 16980 East Jefferson, Grosse Pointe, whose 1936 Dietrich-bodied Packard convertible scored 51 of a possible 60 points in taking first place in the custom division in last year's midwest championships.

Detroit Memorial Regatta Opens Power Boat Season

By Fred Runnells

Just as sure as robins arrive from the southland as harbingers of Spring so does the famous Detroit Memorial Regatta, sponsored by the Windmill Pointe Yacht Club, announce the beginning of powerboat racing on the Detroit River on Saturday, June 22.

Only once in the past decade has this race failed to provide the opening competition for the big Unlimited. Each year from its inaugurations in 1947 through 1955 thousands of spectators have lined the banks of the course between Belle Isle and the spectacular and thrilled the mainlander battles to determine the winner of the beautiful and coveted Ford Memorial Trophy.

In 1956 the race was not held but the Ford Memorial Trophy was awarded to the fastest qualifying Unlimited in the Gold Cup regatta which was Jack Schaffer's Such Crust III which turned in 108.84 m.p.h. under the able guidance of driver Fred Alter.

Other trophies to be awarded will be the Bob Hyner Plaque for the second place winner of the Detroit Memorial; the William F. Knudsen trophy to the boat making the fastest lap and the Walter P. Chrysler trophy to the boat making the fastest heat.

In addition to the Unlimited event which will be run in three fifteen mile heats, there will be events for the 48; 135; 136; 225; 266 cubic inch and seven litre classes. Each class will run two lap, six mile heats.

Staris and finishes will be made at the foot of Parkview under the sanction of the American Power Boat Association and over a three mile course. This is the same site used for the Gold and Silver Cup races last year and provides some of the best racing surface in the nation.

Windmill Pointe Yacht Club officials are predicting their race will be one of the high light spectacles in power boat racing this season, which promises to rank with the best in the history of powerboat racing.

Impressive Trophy

The Ford Memorial Trophy is an impressive award that is regarded as highly by the owners and drivers alike as the well known Gold and Silver Cups. The trophy stands 36 inches in circumference with the figure of Apollo holding the winners wreath standing atop it.

The ball stands on a five tiered grey and white Italian marble base with two early model hydroplanes with drivers and mechanics balancing the base. Weighing in excess of 150 pounds the trophy is insured for \$1,600. But the value is unimportant when you remember it is awarded for sportsmanship and ability.

The winner has the right to display the trophy at his yacht club for one year. In addition the champion receives a beautiful replica as a permanent possession and a memento that he bested all other competitors in the Detroit Memorial classic.

Dossins Big Winners

The most successful owners over the past ten years are Roy and his brother, the late Walter Dossin. They have captured the Ford Memorial Trophy three times with two different boats, Miss Pepsi V and Miss Pepsi which won it two consecutive years, 1951-'52. Miss Pepsi V won the inaugural race in 1947.

Joe Schoenith is running a close second having won the award with Gale V in 1954-'55. The Schoenith fleet will be shooting to tie the Dossin

The biggest news of the week in the National League was the Friday game between the Giants and the Pirates. Hageman of the Giants, in the first game he ever pitched, not only struck out ten of the Pirates, but added insult to injury by keeping them completely hitless. No Pirate reached first base until the final inning when an infield error gave Hendrie a life, only to die on first as Hageman struck out the final batter.

The final score: GIANTS 3, PIRATES 0.

The Giants apparently are the most active team in the National League; having been the winners of the only games recorded for the past two weeks. Ted Trefzer their manager is to be complimented, not only on his managerial ability, but on his co-operation with the league officials and record keepers.

On Friday, June 7, the Giants beat the Phillies by a score of 2 to 1. J. Moxley and VanHorn were the winning battery.

The Giants also were victors on Tuesday against the Reds, 5 runs to 2. MacLeod was the winning pitcher and VanHorn again caught.

In the American League the Red Sox came to life with two victories. Shea beat the Tigers 9 to 1 and Mattil beat the Yankees 3 to 2.

Del Place of the Indians continued his winning streak with a 3 to 0 victory over the Tigers. Lee was the receiver in this game.

The standings are:

GAME HIGHLIGHTS

Denver came thru for their first win of the season, taking Indianapolis, the league leaders, in a real drag-out bang-up affair, by a score of 17 to 11. Young Jergler paced his team beautifully. After a hectic third inning, both teams settled down to some real ball playing.

Kaiser, the Indians second sacker, pulled down an infield fly after bumping into his team mate and turning a complete somersault, that would have made Casey Stengel envious. The fielding and batting of little Pee Wee Wilke was nothing short of amazing for one his size, about two inches taller than a twenty-nine inch bat. And as manager Ed Fergar said last week, Denver has come in to their own, and from here on in, will be a threat to any team in the league.

Omaha and Louisville, both being tied for first place, went at it on Wednesday, each trying to stay on top. Rusinow pitched his team to victory in what was a sea-saw battle all the way. The turning point of the game that put Louisville on top to win was a fine fielding play by Steve Mertz who picked up a ball in deep centerfield threw a strike to catcher DeCook that cut off at least two Omaha runs.

St. Paul stayed on the win side this week taking two for two against Minneapolis and Denver, in what turned out to be hitting sprees for St. Paul. Kraus, second sacker made pitches, showed real good stuff in his first try on the mound. We want to correct last week's statement about Mr. Kraus, we saw him make a beautiful hit over the second base to score two runs; we called the play but goofed on the name. Sorry Tom.

Charleston and Louisville both sent in pitchers with off days Saturday. Both pitchers handed out more than the usual number of free passes. Young Hogson of Charleston went five for five at the plate, but it wasn't enough to beat Louisville who sent up Tom Kennedy to get a home run and two triples. Young Jaglois on the mound for Louisville couldn't find the plate 'too often but came up with a win on some real good backing up by his teammates on the field.

For the outstanding performance of the week we pick George Archer, who ran a baseball mile from centerfield to pull down a fly that would have been good for at least a triple.

For outstanding performance of the week we pick Dennis Egan, who when he learned that his teams catcher would be away from the next three games donned the mask for the first time in his young life, took up his position behind the plate, and an amazing job he did.

Indianapolis split this week with one win and one loss, staying in second spot with St. Paul. In the game with Toledo, both teams played tight baseball till the fourth inning when Schnieller, Toledo moundsman, tired, and Tamblins Indians were quick to take advantage of the situation, bringing in enough runs to put the game on ice.

Officer Injured In Cellar Fire

The City Fire Department was summoned to the C. H. Osborne residence at 623 Kivard, early Saturday morning, June 15. A basement refrigerator had burned out its motor and filled the entire house with smoke.

Captain Harold Rivard said his apparatus would have been on the job sooner if Mrs. Osborne had known the fire department telephone number. She told firemen the smoke was so thick the family had difficulty finding their way out of the home.

Lt. George Poupard suffered a severe cut on his right arm when he broke a basement window. He had to be taken to Bon Secours Hospital where eight stitches were required to close the wound.

Firemen Arthur Brisson, Albert Yalkin, George Coriden, and Archie McEachern took only 23 minutes in their run from the fire house to the fire, and return.

The communications system of Grosse Pointe Squadron 638-5, Civil Air Patrol, will function officially for the first time on June 21-22 to help coordinate operations on their annual Tag Days. Mobile units, operated by senior personnel under the direction of M/Sgt. Roger H. Bunge of 461 Calvin, Grosse Pointe Farms, will patrol the several solicitation centers in the Grosse Pointe communities and relay messages and requirements to the Squadron Base Headquarters which has been set up at 17197 Waveney to serve as a supply center and rest station.

From Base Headquarters, courtesy cars, supplied thru the cooperation of Roy O'Brien, Inc., 22201 9 Mile Rd., St. Clair Shores, will be dispatched to the Tag Day operation centers with the necessary supplies, or replacement personnel, as required.

C.A.P. cadets under the supervision of the senior members of the squadron will be stationed with canisters and tags at the following centers of operations: Jacobson's Apparel Shops, Kercheval and St. Clair, A & P Market, Kercheval and St. Clair in the City of Grosse Pointe; Wrigley's Market at 107 Kercheval, Grosse Pointe Farms; and at Wrigley's Market in the 7-Mack Shopping District and Food Fair Market, 20382 Mack at Lancaster in Grosse Pointe Woods. Funds obtained thru Tag Day solicitations will be used for Flight Scholarships and equipment for the local Grosse Pointe Squadron.

Master Saleswoman, Mrs. A. R. Glancy Jr., box seat chairman of the Grosse Pointe Horse Show, has done it again. A full two weeks before the show she had completely sold out the box seats... a feat never before accomplished in the show's history, we hear.

The Grosse Pointe Hunt Club is an island of bona fide country in the midst of busy suburbs... and to prove it... Carl Schilling Hunt Club manager and busy, busy assistant to A. R. Glancy Jr., in the Grosse Pointe Horse Show (June 20 through 23), found a family of raccoons nesting under the rooftop of his house.

The class en masse will be on hand June 29 when first grade teacher Sydney Snell exchanges nuptial vows with William Fulford in St. Paul Church on the lakeshore. She invited them all to the wedding, promised that she'd return to teach them in the fall, and was overwhelmed when the kiddies gave her a yellow electric mixer for a wedding present.

Dining in London East the other eve, Mrs. Henry Ford II appeared stunning, as always, in rich gray brocade silk cotton suit. Convertible neckline, bracelet sleeves and peplum in back distinguished the simple shirtwaist jacket, and the great, full skirt was worn over many petticoats.

Also leisurely diners were the Joseph de Grimmes, with blond Mrs. de Grimme attired in a chocolate and white brocade short evening dress, coat style and designed on princess lines with two spanking big buttons in front.

At the Junior League's annual meeting and luncheon last week at the Country Club, awards were made to several outstanding volunteers of the year: to Mrs. Henry Vaughan for her faithful attendance and tremendous work with the Junior League Flea Club; to Mrs. Frank W. Wylie, for the 1957 J. L. Glee show; to Elizabeth Prescott, for acting as library chairman at Senior Center for three years.

To Mrs. William Hibbard, in absentia, (she being on a California vacation with her mama, Mrs. Winslow Howarth), for being the schedule director's assistant at the Senior center for three years; to Mrs. John S. Leonard II, who has done so much with pre-school vision screening and also served as assistant chairman of the public affairs committee; to Mrs. John Pingel, for all phases of her Junior League activity.

Mrs. John Hughes, accepting her award for activity in Puppet Guild and League of Women Voters, wore a polished creamy cotton figured in blue, with Peter Pan collar and push-up baby doll sleeves. Mrs. Richard B. Gushee, honored for work with Children's Theatre, was handsome in white linen skirt and navy blue blouse piped in white with a red grosgrain ribbon at the Peter Pan collar.

Mrs. Charles B. Johnson Jr., attended the Junior League meeting in navy and white print frock, the scoop neckline collared in white linen. Attractive Mrs. William D. Byron Jr., chose lemon yellow linen with collar striped in yellow and white, and divine matching beaded embroidered sweater.

Mrs. Clinton R. Scharff Jr., in sleeveless pink linen sheath monogrammed in blue, turned over publicity duties to Mrs. Albert Charles Dickson Jr., who wore a pale blue and white figured sleeveless cotton with jeweled neckline.

Fetching pair were Mrs. Reuben Waterman, wearing a flower-sprigged pink cotton dress with little buttons marching down from neckline to hem... and 10-year-old daughter, Lois, very lady-like in her sleeveless striped green and white seersucker dress with scoop neck.

PILFERINGS

Noah had packed the last pair of animals in the Ark. There wasn't room for another insect. In the commotion a field-mouse crowded against the elephant's toe.

"Look out!" trumpeted the elephant. "Who do you think you're pushing?"

"Tell me, Penny," said Barney as he put down the last glass and rose uncertainly to his feet, "do you know where I left my coat?"

"Sure, Barney," said his friend, "you've got it on." "Thanks for telling me. And it's a good thing you noticed it, or I'd have gone home without it."

The super duper salesman had accomplished the near miracle. He had sold an icebox to an Eskimo. One day, while in town, he bumped into the customer once more. "How's the refrigerator I sold you?" he asked.

"Well," said the smiling Eskimo. "But the old lady hasn't got the knack yet of chopping up the ice squares to fit them little trays."

Our repentance is not so much regret for the ill we have done as fear of the ill that may happen to us in consequence... La Rochefoucauld.

It is not true that suffering ennoble the character. Happiness does that sometimes, but suffering, for the most part, makes men petty and vindictive... W. Somerset Maugham.

Pointer of Interest

MRS. ROBERT KALES, OF CLOVERLY ROAD

By KITTY MARRIOTT For the twelfth straight year Mrs. Robert Kales will be riding and showing her horses in the Grosse Pointe Hunt Club Horse Show. The 46th annual show runs today through Sunday, June 23.

The attractive horsewoman, whose love, for riding stems back to her childhood pony in New York State ("My father always had horses," she says), has been interested in saddle horses for the last 10 years. Before that time, she had hunters and jumpers.

Mrs. Kales' horses are raised on a Missouri farm, and then trained in Berkeley, O. In the current show she'll be showing two three-gaited steeds, Black Fascination and Candy Cloud, both five-year-olds, and an "old campaigner," her five-gaited Brilliant Star.

Raised Four Horses

She has raised four horses, Candy K., Candy Cloud, Candy Kisses now in training, and yearling Candy Colonel. Candy Cloud brought home a silver shrimp dish just a few weeks ago, the trophy for winning the three-gaited championship at Kalamazoo.

As for silver trophies, the Kales residence is loaded with them.

"Whenever I leave for a horse show," Mrs. K. says laughingly, "my maid hopes I don't win anything."

There are trophies on display, trophies in use about the large rooms, trophies tucked away. They range from candy dishes and vegetable dishes of all descriptions to the cigarette box and lighter awarded Mrs. Kales by the Michigan State Horse Show Association.

This organization keeps a

record of the points and awards during the horse show season, and annually gives prizes for the highest totals at season's end.

Follows Show Season

The show season, according to this experienced horsewoman, lasts from May to December, and she shows her horses "all over the country. The season was scarcely a month old when Mrs. Kales' horses had taken 10 ribbons in Buffalo and Kalamazoo. She went to Grand Rapids last week, and is also hoping to make the Pennsylvania shows this year.

Her colorful ribbons are on display in the spacious Kales entrance hall. Mrs. Kales saves and shows them only during the current season.

Change trophies, which must be won three times before the winner can retain them permanently, are usually very handsome. Mrs. Kales reports, and she has a start on several of these.

House Guests

The Kales home is always a busy place during Grosse Pointe show time, between house guests and saddle horse exhibitors who stop in. Mrs. Kales is a member of both Grosse Pointe Hunt Club and Bloomfield Hunt Club.

Since one must ride one's horses several times a week to keep in practice, Mrs. Kales tries to get to Berkeley for an overnight stay at least once weekly to give her two days of riding. These trips, as well as her weekend shows, allow her to indulge her second hobby, collecting antique glass.

Her rest periods on long drives consist of stopping for antiques. Mrs. Kales now has some 70 antique tumblers in cranberry and blue glass, hobnails, millefleurs, and some Mary Gregory.

Antique Collector

An especially cunning antique is her music box wine service, an upright wooden affair with wine bottle entrenched behind a small gate. The wine can be removed only by pushing a button which simultaneously plays music and opens the gate. No music, no wine.

Mrs. Kales also has a collection of cow creamers, antique china cows. Originally, the creamer was filled through a hole in the cow's back and cream was poured out through the cow's mouth.

She has cow creamers in Staffordshire, pink luster, Chelsea, Delph and Bennington, to mention just a few.

Equine Decor

Horses and riding scenes are popular furnishings in the Kales' residence. Typical is a

"horsey" job done in the den with four glossy photos of Mrs. Kales riding her horses installed on the sides of the square shade.

Not to be outdone in the hobby field is Mr. Kales, a businessman and financier, who displays his fine antique gun collection atop a large table in the drawing room.

Mrs. Kales' family has been Pointe residents for 14 years.
