### HEADLINES of the WEEK As Compiled by the Grosse Pointe News

**Thursday, June 20**  
**PRESIDENT EISENHOWER** told newsmen, during a news conference, that he would be "perfectly delighted" to try Russia's proposal to suspend atomic weapons tests while efforts for a permanent ban is being made. However, he said, he will agree to such an arrangement only if each country knew what the other was doing. The Chief Executive's comments indicated there may be a change in American policy. Eisenhower described Russia's overtures as "hopeful signs" and promised to give them "earnest and sympathetic" study.

**MRS. GRACE SEBASTIAN** of North Sacramento, Calif., can get mad about some things and not about others. She was plenty mad, however, when she told police about thieves who broke into her car several times in the last six weeks. She said she didn't care to report the theft of a \$100 watch, or \$80 in cash, or the \$100 worth of liquor and gasoline from her auto. "But," she said, when they took my seven books of trading stamps I got mad. I licked every stamp myself."

**LIGHTNING BOLTS** killed two and injured 47 North Carolina National Guardsmen during a violent electrical storm. None of the injured were reported in serious condition. The storm struck as 8,000 troops prepared to eat their evening meal in the field. The men are members of the 30th (Old Hickory) Division of North Carolina in summer training at Fort Bragg. The lightning bolts came at 10-minute intervals in the bivouac area on the fort's reservation.

**Friday, June 21**  
**A TORNADO** slashed through 100 blocks in Fargo, N. D., killing at least seven persons and injuring more than 65. One resident of the area described the scene as "like a battlefield." Mayor Hershel Laskowitz set up headquarters in the city's police station to direct rescue work, and asked for National Guard troops to keep order and prevent looting.

The twister, a report said, destroyed or damaged at least 250 buildings. The tornado ripped through the northwest section of the city over an area of five blocks wide and 20 blocks long.

**SOUTH KOREA** will be given A-weapons to bring its fighting equipment up-to-date, it was announced by the United Nations command in that country. The command informed the North Korean and Chinese Communists this was being done because the Reds have shown "complete disregard" of the 1953 truce agreement on armaments.

Among the equipment to go to South Korean and UN forces, will be jet warplanes, which will be sent immediately. Maj. Gen. Homer L. Litzberg, senior member of the UN command, said the new weapons will restore the balance of military strength that the armistice was intended to preserve.

**THE UNITED STATES** is willing to reduce its armed forces to two and a half million men, if Russia will do the same. At present, the U.S. has 3 million men under arms. Moscow announced January 7 that its military manpower has been cut by 1,840,000 men, but did not say what the size of her armed forces was before the cut.

A 1955 British estimate put the Soviet's armed forces at 4,750,000 men. America's offer was made to the United Nations Disarmament Subcommittee in London by U. S. Delegate Harold Stassen.

**Saturday, June 22**  
**LAWRENCE R. TURNER**, 50, of 12672 Helen, a convicted sex offender, confessed to the brutal murder of six-year-old Mary de Caussin. Turner, who lived only four doors away from Mary, admitted hiding the little girl's body in a burlap bag. (Continued on Page 13)

### Architect's Drawing of Future Grosse Pointe Methodist Church

A beautiful structure to grace any community is shown above in the architect's drawing of the GROSSE POINTE METHODIST CHURCH, Moross road, when completed in the future. The 14th Century English Parish Gothic church with its Clerestory windows will be completed at the cost of approximately \$800,000. The section on the right was completed in September, 1950 at the cost of \$143,600 and houses the sanctuary and present church facilities. The center section, for which ground was broken in ceremonies on Sunday, June 16, will cost \$245,000. It will be an extension of the sanctuary, which will also be used for the church parlor; 12 class rooms, a social hall and will en-

large the present office facilities. The third section shown on the left will be built and completed when funds are available for the structure. An end-on-end campaign in 1959 will begin the active phase for the ultimate sanctuary. The church serves some 300 families, 45 of which joined the church in the past year. The George D. Mason Architectural Company furnished the original design of the church in its final form and is in charge of the architectural work of the new section. Shown in the column below is a picture of WALLACE G. BROWNSON, chairman of the building committee.

### Five Pointe Parks Will Entertain Thousands on 4th

for Estimated One in Every Three Pointers. Swimming, Boating, Picnicking and Fireworks Make Up a Busy July 4th

Park directors in the Pointe's five municipal parks are preparing their facilities to handle an anticipated record smashing attendance at the recreational area on the 4th of July.

It is estimated that if the weather is fair, one in every three Pointers will visit one of the community's five parks. Already this year, single day attendance records have been broken in all the Pointes.

Grosse Pointe Park has reported more than 6,000 residents and guests using the lake front recreational headquarters at the end of Windmill Pointe drive, in one day. Park director Dave Beauvais, says the figure may reach 7,000 on the Fourth. An even larger crowd may congregate along the shore at dusk, when the Park will put on a gigantic fireworks display.

**City Expects 2,000**  
The City Park at the foot of University, place one E. Jefferson, will be ready for an estimated 2,000 visitors over the holiday. The diving area along the front of the pier, has been recently dredged to a depth of 12 feet, and two new aluminum boards are being installed. The park's free swimming lessons program was opened for applications last Saturday, and during the weekend, 200 signed up for the summer swim classes.

In the Farms, gate keepers are readying their counting clickers in anticipation of the thousands who are expected over the long weekend. No special program has been prepared, except that additional lifeguards have been put on call. Attendance records have already been broken three days this year at the Seven Mile pier.

**Woods Adds to Staff**  
The Woods has re-enforced its park staff to serve the 7,000 residents and guests expected on the Fourth. The majority of the crowd is expected to move over to the Parcels junior high school playground area at sundown, where the Grosse Pointe Kiwanis Club will present its annual fireworks demonstration.

Shores residents will also be flocking to their park on the Lake Shore at the foot of Eight Mile road. In the evening they will have an excellent vintage Pointe yacht club. Many Pointers will also be (Continued on Page 2)

**Iron Disc Flies To Handy Place**  
A flying saucer invaded the Pointe last Friday, June 21, in the form of a cast iron disc 20 inches in diameter and weighing about 25 pounds. The chunk of metal flew a distance of over 300 yards from the greenhouse on the Newberry property at 99 Lake Shore road, to where it landed in front of 56 Handy place.

The Arrow Wrecking Co. is in the process of razing the buildings on the Newberry estate. On Friday afternoon, a crew was busy tearing down the greenhouse and had built a fire to dispose of non-salvageable material. The fire was close to an old water purifier in the basement of the building.

Tremendous steam pressure was built up inside the tank, and at 2 p.m. the lid blew off, shaking homes in three-block area. Part of the basement plumbing landed in the trees surrounding the greenhouse. The cast iron disc sailed straight up, then banked toward Handy place. It tumbled into the ground in front of the George H. Primeau residence between the sidewalk and the curb.

Patrolmen Arnold Parsons and Marvin Krebs were the first police officers on the scene. They reported that no one was injured, but the blast sure shook up the men who were working on the greenhouse.

**Woodpecker's Career Ends When He Attacks Home**  
A written order had to be obtained so that the bird could be destroyed because woodpeckers are protected by law. Patrolman Don DelPlace was assigned the task of "executing" the bird. For two days the officer lay in wait for the winged creature, but the wily bird seemed to know he was there and escaped each time.

On Monday, however, DelPlace got his revenge. He spotted the bird, and with one blast from a shotgun put an end to the woodpecker's "peck, peck, pecking all around."

Now the Heil household sleeps until the regular time to get up.

### Army Ends Site Lease With Park

Antiaircraft Unit Removes Guns and Equipment; Lease Expires Aug. 31

Residents in the Three Mile-Essex area are accustomed to themselves to the quiet since D Battery of the 99th AAA Battalion moved out, leaving only a skeleton group to guard Federal Government property.

The antiaircraft moved from the site about June 15, but until the lease expires on August 31, the site is still Government land and soldiers will remain on guard.

On Monday, June 24, the Park council was officially informed by Earl C. Andrus, of the acquisition branch real estate division of the U.S. Army Engineer District in Detroit, that the Corps of Engineers will let the present lease with the Park expire of its own terms on August 31.

**Army Changes Mind**  
Several weeks ago, the Army sought another year's lease, which the council was willing to grant. However, the Army apparently changed its mind and earlier this month began to move its guns and other heavy equipment to other parts of the Detroit area in a shift of defense strategy.

D Battery first took over the camp site on September 1, 1951, after Army officials met with the Park council during a special meeting held the previous month.

A lease was signed for the use of about eight acres of a (Continued on Page 2)

Hundreds Take Advantage of Vacation Book Lending Privilege; Over 1,000 Attend Movies Last Week

The Grosse Pointe Public Library System will offer the residents of the community the most extensive summer program in the Library's history.

During the summer months, the Main Library on Kercheval at Fisher, will be open on week days from 10 a.m. until 9 p.m. The building will be closed at 6 p.m. on Saturdays.

The branch libraries in Pierce junior high school and Parcels junior high, will be open Mondays through Thursdays, 10 a.m. to 9 p.m. Friday and Saturday evenings the doors will be locked at 6 p.m.

**Books Loaned Till October 1**  
Hundreds of Pointers have taken advantage of the vacation privileges which enable card holders to take books not on the demand list when they go on vacation. The program is in effect now, and will continue until October 1. Vacation borrowable to children and adults.

Beginning last week, each of the three libraries in the Pointe System, will feature a weekly movie program for children. In the Park branch the film starts at 10 a.m. every Thursday. In the Woods branch, the program is scheduled at the same time on Friday mornings. The movie for children is scheduled to begin at 2 p.m. on Fridays.

Miss Jean Taylor, in charge of children activities in the library, says that every other week the program will be designed for older children. At last week's opening over 1,000 Pointe youngsters came to the

three libraries to see the movies. The adult film series will be discontinued until after October 1. The community is reminded (Continued on Page 2)

**Arrest Parolee In Home Theft**  
Stephen Zihlausky, 20, of 20416 Frazo, St. Clair Shores, a Jackson Prison parolee, was arraigned before Park Judge C. Joseph Belanger on Monday, June 24, on a charge of larceny from a building.

Zihlausky, accused of taking \$24 from the home of Shaw Hakim of 1162 Devonshire, entered a plea of guilty, and \$2,000 bond was set, which was merely a formality.

The youth will be turned over to Macomb County authorities for violation of parole. He had been serving a 1 to 15-year prison term for a crime committed in Macomb, and had been recently released.

### Two Arrests Solve Stolen Car Mystery

Car Discovered by Railroad Detective One Month After It Was Reported Missing

A stolen car complaint which had been on the City police book as an uncollected case for a month, was cleared up with the arrest of two Detroit youths last week.

Chief Thomas Trombly and Captain Andrew Teetaert picked up Carl E. Vitale of 2585 Anderson, and his accomplice, Sherry D. Head of 3001 Springale, and charged them with unlawfully driving away an auto.

The boys, both in their late teens, confessed to stealing a new Ford owned by Fred W. Schoen, Jr., of 17509 Maumee avenue, on May 20. The car was parked on Maumee when it was taken. It was not locked, but the keys were not in the vehicle. At the time of the theft the car registered only 500 miles on the speedometer. In the month it was missing, the boys put on another 1,200 miles.

**Dearborn Police Alerted**  
Dearborn police received a report from a New York Central railroad detective on June 10, that he discovered a new Ford parked next to some railroad tracks in that city. When police reported to check out the car they found a young boy trying to start it.

When the youth could not produce any proof of ownership the police impounded the car and sent him home to get the "registration" from his parents. Finally the Dearborn police began to suspect something (Continued on Page 2)

**Builders Report Theft of Tools**  
Several hundred dollars worth of tools and power saws were stolen from a house under construction on Tonnancour place, Wednesday, June 18.

A representative of Micou Builders, who are building a home for Mrs. H. P. Williams at 35 Tonnancour, reported to Farms police that a tool box containing \$100 in carpenter's equipment, and two power saws were taken from the house.

The thief entered through a kitchen window. Farms detectives took plaster casts of footprints found in the back yard. The tool box was privately owned, and the saws were owned by the contracting company. Squad car crews have been alerted to check all-homes under construction.

### Park Girl Hurt In Hitting Car

An eight-year-old Park Girl suffered a bruised leg and lacerations of the back when she was struck by a car on Tuesday, June 18.

A Park police report revealed that Christine Hoehske of 1071 Wayburn, was riding her bike through an alley at Lakepointe, south of Kercheval, and pedaled out into the street.

She rode out into Lakepointe directly in front of a car driven by Robert R. Birdwell, 21, of 7743 Whipple, and was knocked to the pavement.

Birdwell said he applied his brakes, but not fast enough to avoid striking the girl.

Christine was taken to Bon Secours Hospital for treatment of her injuries, and taken home.

The car driver was released after making a statement to police.

Every morning without fail, "Woody the Woodpecker" would arrive at the home of John Heil, 727 Harcourt, and at exactly 4:45 a.m., would arouse the household with his pecking keeping this up for a good half hour.

On Friday, June 21, Heil came to the police station to complain of his feathery "alarm clock." He said the bird had pecked a hole in the side of his house the size of a baseball.

Captain Teetaert was notified that the missing car had been recovered, but the license plates were removed and replaced by those for another car. Teetaert traced these, and discovered that they belonged to a car registered to Vitale. He and his friend had left town telling their parents they were going to New Mexico. The police told the parents to order their sons home to face the music.

Both Vitale and Head pled guilty as charged when they were arraigned before Judge Douglas Paterson on June 20. They waived examination and were placed on \$500 bond each and held over to Circuit Court.

Baptists to Hear Youths

On Sunday evening, June 30, there will be an Open Air Service in the Chapel in the Trees at the Ebenezer Baptist Church at Moross Road at Harper at 7:30 p.m. For this Sunday only the service will be an hour later.

Other Sundays it being at 6:30 p.m. June 30 will feature music by the Ebenezer Baptist Chancel Choir and also the Palermo Brothers. The Pastor will bring the message.

Phil and Louis Palermo are American-born Italian Youth for Christ Evangelists. Their trips to Italy and other countries on the continent in 1947, 48, 50, 52, and 53 have had far-reaching effects in those lands.

In 1947 the Palermos organized Youth for Christ in Italy; in '48 they brought delegates from Italy to the first World Congress on Evangelism in Beatenburg, Switzerland, and traveled widely in Italy following that Congress in the interest of Youth for Christ. The Palermos spent some time in Trieste with the American troops there, and led many to a personal faith in Jesus Christ.

The work in Italy has met increasing opposition, but continues strong in the challenge the opposition presents.

Since joining the Youth for Christ International staff in 1947 the Palermos have endeared themselves to Youth for Christ and church audiences everywhere with their ever-ready smiles, spirited Gospel music, and Gospel messages.

The public is welcome. In case of rain the service will be in the church.

Ends Lease

(Continued from Page 1)

11-acre piece of land at Three Mile-Exsex site, for a period of five years, for which the Government agreed to pay \$7,200 a year. The Army first wanted to lease the property for 10 years.

Sought 10 Year Lease

Last June, the Army sought to renew the lease, asking that this time it be for a 10-year period.

This brought a storm of protest from the residents of the area who claimed the anti-aircraft personnel made too much noise, used abusive language and so on, disturbing the peace of the neighborhood.

The council, too, did not look with favor on a 10-year lease, taking the attitude that this would tie up valuable property which the city wants for a future civic development.

Compromise Reached

A compromise was reached whereby it was agreed the land would be leased on a year-to-year basis, provided the claimed abuses were corrected. The lease was signed, with the Army again paying the same figure as in other years.

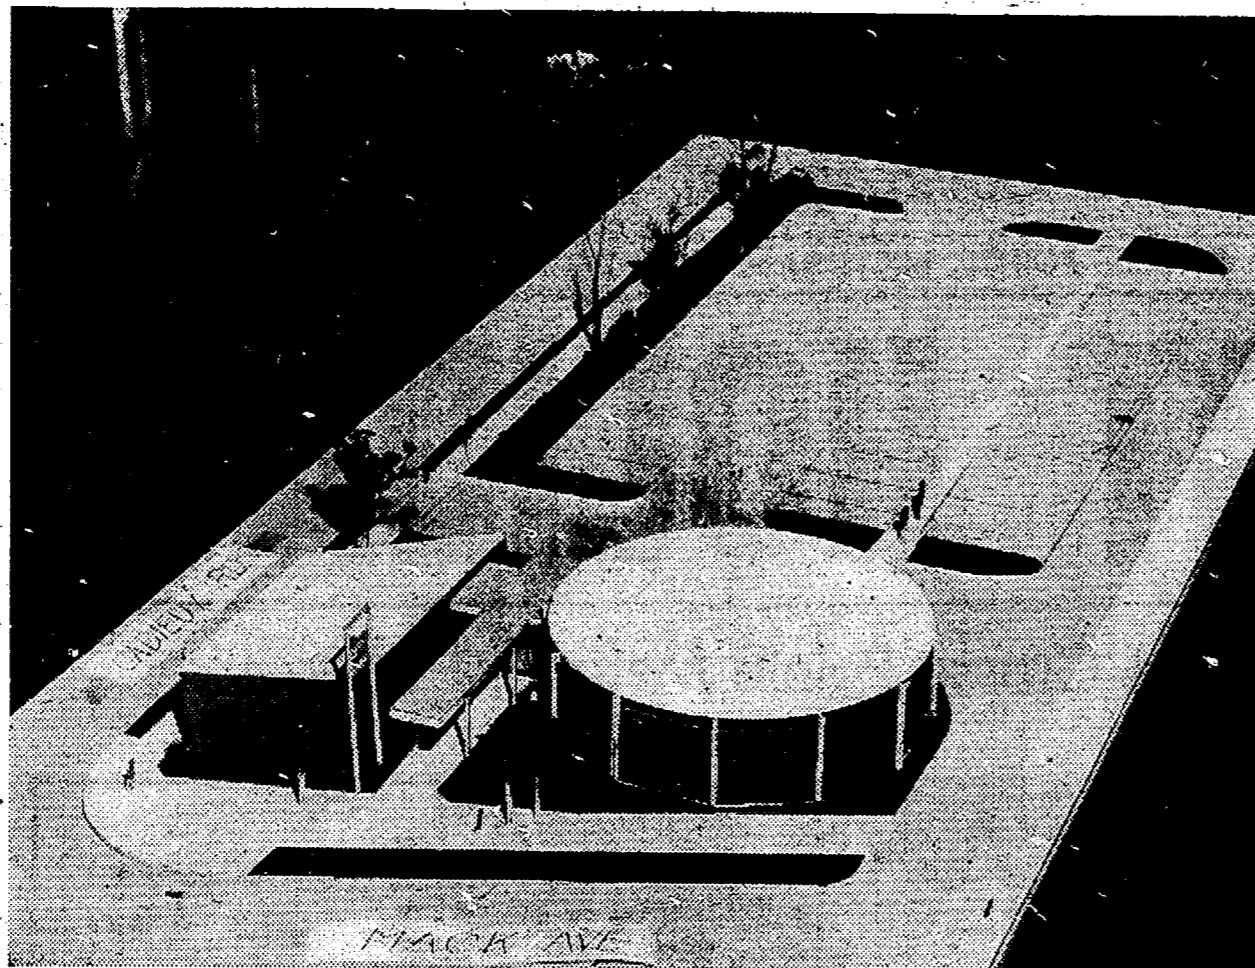

D Battery is the last of two units to leave the Pointe. A Battery, which was stationed in the Farms, Chalfonte and Lothrop, moved out last August, when the Grosse Pointe Board of Education refused to renew a lease with the Army.

The Samuel M. Brownell Junior High School is now being constructed on the site.

According to the lease made in the Park, the Army is obligated to restore the eight acres to the city in as good a condition as when it was taken over by the Government.

A New York Times article states that the pawbroking business has declined 25 per cent in the past 10 years in that city. Reasons given include prosperity, the high level of employment, installment selling, and increase small loan activity by banks and credit unions.

City Bank to Open Branch Here

The City Bank will shortly commence work on its local branch office, Mack avenue at Cadieux road, for which plans have been completed. As shown in the above picture, the new office will offer ample parking as well as drive-in facilities, safe-deposit boxes and night depository. Thomas L. Peters, Assistant Cashier, will manage the new branch. John H. French, Jr. is president of the bank.

Pointe Ministers to Preach In Huron City Church

The series of sermons by a guest preacher inaugurated by the late William Lyon Phelps, Professor of English at Yale University, more than a half century ago at the Huron City Church will be revived this summer under the guidance of his grand nephew, The Reverend Walter D. Wagoner of Princeton, New Jersey.

Mr. Wagoner, formerly Chaplain of Northwestern University and now Executive Director of The Rockefeller Brothers Theological Fellowship Program, is Chaplain of the Huron City Chapel. Huron City is located about midway between Port Austin and Port Hope on U.S. 25 on the shores of Lake Huron.

Mr. Wagoner will fill the pulpit on the first three Sundays of July. He will be followed by the Reverend William B. Sperry, Rector of Christ Church, Detroit; Dr. Frank Fitt, Minister of the Grosse Pointe Memorial Church, and Reverend Paul Ketcham, Associate Minister of the Grosse Pointe Memorial Church. Services will be held at 3 p.m. Sunday afternoons during July and August as in Professor Phelps' day.

The William Lyon Phelps Foundation was incorporated by the late Charles A. Parcell, Sr. of Grosse Pointe, in 1946 to perpetuate the Memory and services of Dr. Phelps. Three years ago, Mrs. Russell Lucas, vice president of the Foundation, undertook the project of restoring the Huron City Church. Mrs. Lucas, niece of Mrs. Phelps, now spends her summers at Seven Gables, which had been the summer home of the Phelps' prior to 1940.

The Foundation acquired the building from the Methodist Church and then under Mrs. Lucas commenced extensive physical restoration. The foundation walls were rebuilt, a new roof laid, the interior walls

Foreign Records Donated Through a recent gift of the Friends of the Library, the foreign record rental service has been extended to the branches. Now, French and Spanish recordings are available in all three libraries, and German and Italian have been added to the Main Library collection. These records may be secured for the nominal rental fee of 6 cents per day per record.

The Library Friends have also stocked the branch libraries with a complete line of children's records. A two-minute stop at one of the libraries may reveal a wealth of services you didn't know is available just for the asking. Before leaving on that vacation, drop in and pick up a book for the seldom anticipated rainy day. And don't worry about paying overdue charges. The vacation privilege will let you keep your books all summer.

100 Club to Aid Pointe Police

The 100 Club, a group of business men who organized to aid widows and children of police officers killed in the line of duty, was presented a testimonial resolution by the Grosse Pointe Lodge, No. 102, Fraternal Order of Police, during a recent dinner held at the Sheraton-Cadillac Hotel.

The resolution was presented to the 100 Club by Park Patrolman Charles Slusser, president of the Pointe FOP, and was signed by him, John Carroll, secretary-treasurer of No. 102; Jack Dudeck, FOP national president and John J. Quinn, national secretary.

In making the presentation, the Pointe organization expressed its appreciation to the 100 Club for including families of police officers of the Pointe area

in its aid program, in the event any policeman is killed in the performance of his duty.

Approximately 250 businessmen and police officials were on hand at the affair at the Sheraton-Cadillac.

Cadillac

America At Its Bountiful Best!

You are looking, as you surely know, at a magnificent motor car—beautiful, luxurious, substantial and inspiring.

But you are also looking at something more than a motor car. For this is a Cadillac—and here, without question, is tangible proof of the bountiful land that is America!

Certainly, for instance, no one could behold a Cadillac without gaining new respect for our freedom to create and to produce. For where but from America could there come a motor car so rare in beauty or so marvelous in quality and luxury?

Surely, no one could take the wheel of a Cadillac without appreciating our nation's industrial skill and progress. For where but from America could there come a motor car so fine in performance and so superb in craftsmanship?

And most assuredly, no one could hear the practical facts about

Cadillac without marveling at our nation's well-being. For where but in America could so prized a personal possession be brought within the economic range of so many?

We think it appropriate, therefore, to pay tribute to these precious American virtues—and to express our own gratitude at having been privileged to put them to such extraordinary use as is witnessed in the "car of cars".

And we should also like to take this opportunity of personally inviting all America to see and inspect its "ambassador at large".

You will find that the 1957 Cadillac, with its luxurious Fleetwood coachcrafting, is the finest "Standard of the World" ever created. And you will also find that this is the perfect moment, from the standpoint of both delivery and economy, to make the move to Cadillac. Why not visit your dealer today?

First Days On the Road From Chet Sampson Tour

By Dee Dickey "Hey, it fits," a surprised voice exploded above the mourns of some of the more unfortunate packers nearby. The place where all the noise was coming from is Grosse Pointe High School at 7:30 a.m. on June 15.

A huge mass of people mill around the 12 station wagons and 4 trailers. They number about 600 and include parents, boy-friends, and almost all of the veterans of the 1955 and 1956 Western tours. Travelers who packed the day before are alternately laughing at those who are hurriedly cramming their drawers now and then offering helpful though unasked for tips.

Parents and kids add to the confusion. Pictures are going off everywhere. Look over there, for example.

"Hey, Joan, look up." Flash "Oh, no, you don't. Look at me. I'm a mess!"

Suddenly three blasts of the horn pierce through the noise. This signal becomes increasingly familiar to us as the trip progresses. Although now the signal means "leaving in five minutes," it can suggest anything from "something's going to happen" to "get over here on the double."

We get so thoroughly trained on this procedure that three toots on any horn will make us jump to our feet, our eyes on the search for Chet or the wagons.

Now it's time for the good-byes and more last-minute pictures. This, by the way, is the time you dread.

"I'm not going to cry!" is your firm statement, and you stick to it too. Your mother helps a little by crying for you.

The cars are moving now, and you know your hand will drop off any second from waving so hard.

Boy, but you feel exhilarated. This is your first day on the road. Everybody is being convincingly gay and excited. No one bothers to mention the little feeling that doesn't seem to come from anywhere because it isn't important. But let's face it, kids, we're a little homesick.

Nothing is going to stop us though, this is our first day out, and we get things accomplished.

We name our cars. A pin-up is bought as a father's day present for one of the drivers. We think this is to keep his mind off the girls in the car. (But we don't know.) A sign appears in one car window: "Don't laugh, lady!! Your daughter may be in here."

One calypso-crazy driver has a real-gone hat, but no band. A calypso hat without a band!! That's gosh-awful I tell you, so immediately a camper's scarf fills the bill.

All through the trip the cars follow a definite order with the car-trailers in front and a white car with a special yellow light on top for night travel last in formation.

The first few days are supposed to be dull, according to Chet, with nothing to do but make time. (We covered 435 miles the first day, and 500 miles the second.) But don't let 'em fool ya!!

Those first few days were

probably the most exciting we'll ever have weather-wise. We had in succession mosquitoes and heat the first night, heavy winds, rain, and tornado alerts the second, and freezing cold the third. This sounds like murder on the high roads, but actually it was turned into loads of fun by everyone's good attitude. We were out to have fun, and we had it, and as a result, the following days were so beautiful you couldn't help but feeling great.

One of the things we had to get used to was "sleeping in sleeping bags bit." It didn't seem to be too hard on us, because every morning we wake up later and it's so comfortable now in our bags, that you just have to get up later.

We've only been on the road a short span of seven days, but in that one week I bet we've managed to cram more experiences into our life than all the rest of our 16-plus years together. Besides being fun, things like chuck-wagon dinners on real working ranches, crossing the continental divide, exploring Indian cliff dwellings are educational, too. In spite of ourselves, every day we find we've learned something new that compliments us as a person.

Self-reliance and learning how to get along with a large group of people are acquired along the way too.

In fact, Moms and Dads, brothers and sisters, of all ages, watch carefully when we get back. We're liable to be changed so much you won't recognize us.

Watch in later papers for more about the Chet Sampson Western trip and the girls behind it.

30th Cruise

Paul Henry

The Paul Henry Travel Service is offering, for the thirtieth consecutive year, its annual St. Lawrence - Saguenay River Cruise through French Canada. The original trip was conducted by Mr. Paul Henry in the early years; since then it has been directed yearly by a member of his family. Many Grosse Pointe residents, it is said, have been members of these delightful cruises through the years.

The tour has grown in popularity through the years, and now many reservations come from other states. Mr. Henry says of "all my world-wide cruises there is none I like better than the St. Lawrence-Saguenay cruise."

Veteran tour director, Leo Henry, brother of Paul Henry, will again be in charge of the tours this summer. The first tour will leave Detroit Saturday, June 29th, followed by fre-

Boy Caught Playing Catch

Three members of the City Fire Department were summoned to the Paul Weadock residence at 442 Neff road, on Friday, June 21, to help a small boy who was caught in a basement window grating.

Nine-year-old Michael Turnbull of Mt. Clemens, was playing catch with a friend, when the ball rolled against the side of the house. When Mike went to retrieve it, he stepped through an iron grate covering a hole adjacent to a basement window.

The firemen used a hack saw to free the ball player.

quent departures during the summer.

In addition to the complete Saguenay Cruise, two nights will be spent at the Chateau Frontenac in Quebec, with a side trip to Montmorency Falls and Ste. Anne de Beaupre. The itinerary also calls for one night at the Sheraton-Mt. Royal in Montreal. Complete sight-seeing trips have been arranged in both cities.

Included in the ports of call are Murray Bay, where the party will visit the Manoir Richelieu, with its priceless paintings; Tadoussac, where is located the new Hotel Tadoussac, and Bagotville, a quaint French-Canadian village.

Seven trips are scheduled with the last departure August 29th. The Paul Henry Travel Service is located in the Washington Boulevard Building.

And the man who builds a better sucker trap will have a beaten path to his door.

Pointe Rotary Installs Officers

The Grosse Pointe Rotary Club installed its 1957-58 officers at a luncheon-meeting in the War Memorial Center on Monday, June 24.

Rotarian Earl Holzbaugh, chairman of the Past Rotary Association of Pointe Rotary, conducted the installation ceremonies.

Frank Buniak, president of Hamtramck Rotary, the club which sponsored Pointe Rotary 20 years ago, was the guest speaker. Holzbaugh commended outgoing President Dave McCarron for his year of outstanding guidance of the club, and presented him with a past president badge, and a diamond Rotary pin, for 10 years of membership in the organization.

Holzbaugh then installed the following as the new officers for the coming year, Robert Orr, president; Rem Purdy, first vice president; Cliff Ashton, second vice president; Matt Houghton, secretary, and Gil Hauke, treasurer.

On the board of directors are, Murray Smith, James Bushong and Ed Taube. McCarron, as outgoing president, is automatically on the board of directors.

A resolution thanking McCarron for his fine year of service to the club was written and approved by the board of directors. It was read and presented to McCarron by Orr.

The new officers will take over at the next meeting at the Center on Monday, July 1.

Owners Asked To Claim Items

Park police still have a number of unclaimed purses and items stolen from women attending Catholic churches in the Pointe and Detroit.

So far only about 18 items have been identified and claimed by owners, said Chief Arthur Louwers.

In addition, the chief said, his department is holding a wedding ring, returned by the purse-snatcher who preyed on women parishioners as they attended masses. The owner of the ring can claim the item by giving police a description of it.

Any woman who has been a victim of the thief, should visit the Park police station and claim her property.

Fine Stores for Men Place Pointe at Top Rung

With six leading men's stores of top fashion now situated on our bonny Kercheval avenue, the parade-making fashion lane of metropolitan Detroit, Grosse Pointe takes on national significance in the textile and shoe manufacturing fields where it is so often referred to as 'the community with more fine stores for men anywhere west of New York.'

Four of these men's stores are in the Village. They are Prop-er's, Young's, S. Stein and Co. and E. J. Hickey Co. The other two, Kilgore and Hurd and Higgins and Frank are on Kercheval on the Hill.

Heads of these various stores say that women not only shop with their husbands today but also shop for them in many instances, adding that Grosse Pointe women actually possess excellent taste in selecting men's wear.

Druggist Russell Harkness, president of the Grosse Pointe Business Men's Association attributes this new laurel for men's shops as well as the success of local women's wear shops to the keen buying ability of our merchants, for "here one finds merchandise that is not only of the choicest textures but of the finest color, pattern and styling." He added, "Merchants must have a lot on the ball to be

successful in Grosse Pointe, where customer demands are most exacting." And he added, "A funny thing about it, too, is that our merchants also know how to buy economically."

### Farms Opens Swim Classes

More than 375 children registered for the first three weeks of swimming instructions at the Farms Park Pier, a record figure, it was announced by Edward Lauer, Farms Recreational Director.

Registration for this class ended on Saturday, June 15. For those who did not have an opportunity to sign then, registration will re-open for the second three-week class on July 5, 6, and 7.

Saturday's enrollment was so large, it was necessary to add another instructor, Kathy Sheehan, to the staff comprised of Martha DeBoer and Mary Moxley.

There are classes for beginners, intermediates, swimmers, advanced swimmers, and junior and senior lifesaving, with American Red Cross Certificates awarded upon completion of the latter two.

Diving, synchronized swimming and adult classes are also offered. The synchronized swimmers will perform for the Farms residents at the Park Pier during the August annual Swim Show.

Instructions for adults are available from 5 to 7 p.m., Lauer said. Any adult interested in either swimming or diving classes, should contact Lauer at the park, TU 2-8260, or see him in person.

Instructions in bait casting will again be offered under the direction of a member of the Casting Club. All who are interested or enjoy this sport are urged to take advantage of the casting facilities available at the end of the swimming dock, which are in use from 10 a.m. to 10 p.m. This course is open to both adults and children.

In 1956 the Class 1 railroads spent almost \$1,884,000,000 on fuel, materials and supplies, excluding equipment, 15.1 percent more than in the preceding year.

He lived at 798 Berkshire.

### Two Charged As Disorderly

Two men are being held in Wayne County Jail on bonds of \$500 each. The men, Norman Leggat of 13303 E. Canfield, Detroit, and Ronald Magnuson, of Van Dyke, Mich., will probably be arraigned on disorderly persons charges before Judge John Gillis, next month.

Shores police received a call about 9 p.m. on Sunday, June 23, stating that two men were attacking a girl in front of 40 Fairford road. Patrolman Melvin Yacks of 795 Lake Shore road, was the first officer to report to the scene.

As he jumped from his car, Leggat and Magnuson pounced on him striking the officer several times in the face. Within seconds, another squad arrived and the men in blue soon had the situation in hand.

Police authorities stated that Leggat's court date would come up July 1. The charge against him would probably be drunk and disorderly person. Magnuson will come to trial on July 8, for being disorderly.

The girl involved, escaped the pair and summoned the police from a home on Fairford. Had the men touched her the charge would have been more severe.

He is survived by his wife, Mary; two sons, Rev. Ronald Benson of Lansing, and Louis; three daughters, Barbara, Marilyn and Gay; and a brother, Dr. Herbert Benson.

Services were held yesterday, June 26. Burial was in Lansing, Mich.

## Council Hears Pointe Pastor

The Grosse Pointe Council of Better Literature for Youth held its monthly meeting on Tuesday, June 18, at the Central Library, Kercheval and Fisher.

The Rev. W. J. Geffert, pastor of Christ the King Lutheran Church, was the guest speaker.

In his address, Rev. Geffert said our forefathers founded this country for the purpose of advancement of religious freedom, and that even today those without religion in this country are "receiving dividends created by a trust fund."

He said that obscenity in magazines is confusing children to the point where they do not know what is right or what is wrong. He asked, "Since when

is it wrong to keep our children from taking poison?"

He praised the work of the Pointe Council, pointing out that it is doing much to preserve "our form of government."

The Council said reports have come in showing that 22 of the 25 drugstores and newsstands outlets in the Pointe area are co-operating with the Council voluntarily, by not displaying sexy magazines.

Members were informed that a leading distributor of magazines asked for an appointment with the Council and promised to consult with all distributors in the Great Lakes area regarding objectionable ads which run in many magazines, which offer

filth in films and photographs for sale through the mail.

It was also pointed out that only that which sells is sent here, but if sales dip, there will be no reason to send sex magazines to the Pointe.

### BOTARY MOURNS FRIEND

Grosse Pointe Rotary Club members stood in one minute of silence in respect for former Pointe Rotarian Ralph Henderson during a meeting on Monday, June 24. Henderson was recently killed in an auto accident in Windsor. He was a member of Windsor Rotary.

Investor-owned utilities are spending \$305 million in planning, construction and research on nuclear power plants.

Newsweek reports that pleasure boating was a \$1.3 billion business in this country last year. There is now one craft of some kind for every 28 Americans and the number is increasing at twice the rate of passenger car ownership.

### Church Plans Early Service

The Church of the Brethren, 19678 Lochmoor Drive, Harper Woods, announces that it will begin its Sunday morning services on the summer schedule with the services on Sunday, June 30, and will continue until the first Sunday of September.

For the summer period there will be a combined worship and Bible study service from 9 until 10 a.m. each Sunday. The children will all meet with their parents for the worship service until just before the sermon, at which time they will go to their Church School classes.

All the junior high and youth classes will meet with the adults for the summer in the combined service, announced the pastor, the Rev. Olden D. Mitchell.

There will be a Service of Child Dedication conducted by the pastor as a part of the Worship Service on Sunday, June 30. The youth and junior high groups will continue with their regular meetings each week during the summer months.

### Mrs. Lee Marshall Howard

At an afternoon Saturday ceremony in Grosse Pointe Congregational Church JOAN ELIZABETH CARVER, daughter of the Claud Carvers, of McKinley avenue, was married to Mr. Marshall, son of the Marshall Stanley Howards, of Park Ridge, Ill.

### Farms Reports May Fines

The monthly Farms police report for May, shows a total revenue from violation fines and court fines of \$754.

The bulk of this figure came from traffic violations and parking violations. Court cases collected \$181 in fines. Owners of dogs which were picked up for running at large, paid \$15.

Six adults and two juveniles had their driver's licenses suspended. There were 27 traffic accidents within the Farms city limits during May, in which seven persons were injured. Total damage was estimated at \$4,525.

Thirteen cases of simple larceny totaled a loss of \$404.50. Of this, \$175 was recovered.

Two grand larcenists netted \$300. They have not been apprehended.

The department received three missing persons complaints and recovered four people. One of these was for Detroit police.

Police accompanied the ambulance on nine calls and assisted on fire calls seven times.

New driver's licenses were issued to 214 people, with an additional 14 chauffeur's being issued.

Two 17-year-old boys were arrested for Grosse Pointe Woods for investigation of larceny. A 19-year-old youth was picked up for possession of beer. Two others were arrested for disorderly conduct and later released.

Twelve boys under 17 were picked up on charges of breaking and entering, larceny from new cars, damage to homes under construction, and illegal possession of alcohol.

### Neighborhood Camp Opens

It's time for Summer Day Camp at the Neighborhood Club, 17145 Waterloo, Grosse Pointe. There will be five weeks of fun from June 24th to July 26th.

Our theme this summer is A Trip to the Moon. We are looking forward to a busy and happy experience with unknown things of outer space. Many exciting and pleasant activities have been planned.

First of all, we are to have a Launching Balloons Day. Each child will write his name and address on one side of a card.

On the other side will be a note to the finder of a balloon asking the recipient to mail the card to the child whose name and address appears on the card found attached to the balloon. The child who receives an answer from the finder of the balloon that has travelled the longest distance will win a prize.

Interests to meet the children's needs will be an art show, a track meet, and a fashion show, and a dance.

A trip to Cranbrook is planned for Wednesday, July 17th. Everyday activities will include games, handcraft and opportunities for self-expression.

We are anticipating a successful and constructive five weeks of play and work.

### Koch-Fisher Nuptials To Be Solemnized This Fall

In Battle Creek, Mich., Mrs. Carolyn Fisher has announced the betrothal of her daughter, Marita Clara, to Richard L. Koch, son of Mr. and Mrs. Arthur Koch of South Renaud road.

Miss Fisher is a graduate of Eastern Michigan College. Her fiancé attended Wittenberg College. They plan a fall wedding.

A Texas cattlemen's association unanimously opposes a proposal to substantially increase truck limits on Texas roads, on the grounds that the roads were designed primarily for use by private citizens and for bringing the products of farms and ranches to market. Heavy trucks, it adds, have done great damage to some highways.

### Park Extends Left Turn Lane

Traffic congestion from Alter road in Detroit to the Westchester-Somerset intersection along Jefferson will be eased now that there is a center lane to control left turns, it was announced by Park Police Chief Arthur Louwers.

The chief said the center lane will be on Jefferson only, and if it works as expected, a similar lane will be advocated for Mack avenue sometime next year.

He said the extending of the center lane into the Park will help eliminate the backlog of traffic, caused each time a DSR coach stops to make a left turn into a terminal at Wayburn and Jefferson.

The left turn control lane runs from Downtown Detroit and ends at Alter, consequently when the coaches switch lanes to make a turn, they block traffic.

Chief Louwers said the Wayne County Road Commission has already painted the lines which designate the center lane, on Tuesday, June 18, doing so at his recommendation.

He said the control lane is forced to end at the Westchester-Somerset intersection because Jefferson, beyond that, is not wide enough.

Cattle bloat costs American farmers an estimated 40 million dollars a year. Keep a close watch on your cattle when they are first turned on pasture such as young alfalfa or Ladino clover.

## Rising Costs . . . . ?

### BUSINESS - PROFESSIONAL MEN

With the cost of almost everything doubling or tripling in the last ten years, it is refreshing to the public to learn that the cost of life insurance has been substantially reduced during the same period.

One of the oldest companies in the U.S. has just created a policy which will revolutionize the life insurance business. It has the highest first year cash values and paid up insurance features of any Ordinary Life policy issued to date. This important new feature makes it virtually a "can't lose" plan.

Activity at the Park's municipal recreation park has shifted into high gear, according to director Dave Beauvais. Residents and their guests are invited to watch the gigantic fireworks display scheduled for the Fourth of July.

Private swimming lessons are now available by lifeguard appointment. There will be group swimming lessons at 10 a.m. on Tuesday, Wednesday, Thursday, and Friday, beginning this week.

**2 Scout Camps Open in State**

Starting Saturday, June 29, two of the finest Scout Camps in the World open for their 8-week schedule. The D-Bar-A Scout Ranch near Metamora starts its fifth summer season. The Charles Howell Scout Reservation near Brighton opens its 19th annual program. Both camps are used to capacity every weekend all year 'round, but they really hum with activity and program during the 8-week summer season.

There are two ways to do Scout Camping. One is "Troop" Camping, the other is "Provisional" Camping. "Troop" Camping is where groups camp under their own leaders and usually prepare their own meals. Meals can be made available from the kitchen for those groups wishing to save time in cooking and dishwashing. "Provisional" campers are individuals or buddies who attend camp under Council-provided leadership with meals and shelter furnished.

Both the Reservation and the Ranch encourage "Troop" Camping and only the Reservation provides a "Provisional" program.

A new experiment at the Reservation this year is a series of four 2-week "Hi Lite Periods" for Explorers only. In addition to the regular program of sailing, canoeing, riflery, and archery at an exclusive site on the Reservation, pioneer trips will be made to the Ranch for horsemanship, mo-skeet shooting and trout-fishing.

Opening dates of the four periods are June 29, July 13, July 27, and August 10.

Excellent staffs of adult and junior leaders are serving at both camps. Director at the Reservation is Fred Leist, Assistant Director of Council Camping. He will be assisted by Wilburn Humphries, Assistant Executive in District Five.

Director at the Ranch is Dale Olsen, at present the Executive in District One and former staff member at Philmont, Scouting's 127,000 acre wild game refuge in New Mexico. His assistant is Robert Meixner, Assistant Executive in District Four.

Returning to the Reservation for the 16th year as Camp Naturalist is Arthur Sinclair, nationally known chalk-talk artist and lecturer on Nature Lore. The swimming and boating programs of both camps are supervised by Red Cross-trained Safety Instructors. Graduate doctors and registered nurses are on 24-hour duty.

and taking it to a lonely lover's lane where he cut her up to make it look like "a sex killing." The admitted killer made a confession of his crime just nine days after killing Mary Turner begged police not to send him to Jackson Prison for fear what the young prisoners will do to him for what he did to the little girl. Police refused to tell where Turner was being confined for fear of mob violence. Turner broke down under a weight of evidence from the Detroit police scientific lab.

STATE TROOPS imposed martial law in Fargo, N. D., as residents cleaned the debris of 329 homes destroyed and 1,135 damaged by a tornado. So far 10 persons are known dead. The worst tragedy occurred in the home of the Gerald Munsons. Mrs. Munson had called her home from a tavern where she worked to see if her seven children were all right. While talking, her 16-year-old daughter, Phyllis, screamed, "Mommie, there's storm coming at us. Mommie it's hitting us." Then the phone went dead. Mrs. Munson rushed home to find her residence demolished and six of her children killed. Dead were Phyllis, Mary Beth, six months, Lois Ann, 2, Jeanette 5, Bradley 10, and Darwin 12.

Sunday, June 23

THE UNITED STATES announced it will recall thousands of its military men from all parts of the globe, with troops to be sent home from Japan as a starter. The decision was made Friday, sources said, and call for the removal of all combat ground forces from Japan, as part of a far-flung pattern. Officials said they have no idea how the world-wide manpower study would work out in the long run, but admitted the number of American men on foreign soil are being steadily curtailed. However, the officials said, the operation is being carried out in such a way as to avoid any vital reduction in free world defensive strength.

RUSSIA IS BRAZENLY recruiting spies from among frightened Russian refugees in the United States, it was learned by the International News Service. The news agency said the campaign is being carried out by Soviet MVD Gen. Nikolai F. Mikhailov, who is directing the mailing of letters to immigrants who have relatives behind the Iron Curtain. The general calls on the refugees to gather information on fellow-immigrants and do other "patriotic work" on behalf of Russia. In return, it is said, he offered the emigres "amnesty" for any past anti-Soviet activities if the "spies" will return to Russia. The FBI and the Senate Internal Security Subcommittee immediately began a program to counter the Soviet program.

Monday, June 24

RED CHINA and Communist Korea threatened to fight to defend the Korean armistice agreement, Radio Peiping said. The Radio broadcast an editorial from the official newspaper, People's Daily, which charged the United States "has seriously threatened the armistice agreement and peace in Asia" by sending new weapons to the United Nations command in South Korea. It also declared that the U. S. must take the responsibility for all consequences and that the "Korean-Chinese side would fight resolutely to defend the armistice." However, the broadcast made no mention of the arms buildup in Red Chinese-backed North

Korea since the armistice was signed in July 1953.

THREE RUSSIAN WAR-SHIPS, two destroyers and an auxiliary tanker, steamed through the Suez Canal yesterday, the first Soviet warships to do so since World War I. Egyptian officials said the Russians told them the vessels were headed for Vladivostok, in the Far East, and were from Sevastopol, on the Black Sea. The Russians said they "may spend some time in the Red Sea." Several sources are of the opinion that the voyage is intended partly as a show of strength, since the Red Sea is the locale of one of the more difficult problems in current international affairs. The Arab nations are involved in a dispute with Israel over freedom of entrance to the Gulf of Aquaba.

Tuesday, June 25

RED CHINESE and Nationalist Chinese gunners fought a gun duel, reviving speculation that the Communists might attempt an invasion of the Quemoy Islands which the Nationalists are guarding. The duel was the biggest battle of a veiled pocket war now in its third year. The Reds hurled shells at Quemoy and its sister islands, and Nationalist troops returned the fire vigorously. Nationalist Defense Ministry said the Reds fired 9,395 shells in an exchange which lasted from 10:30 a.m. until nightfall. There was no announcement as to the number of casualties.

THE UNITED STATES urged Russia to agree to an uncensored radio and television exchange between the two countries. U. S. Ambassador William L. Lacey, handed the proposal to Soviet Ambassador Georgi Zaroubin in an aide memoir. Lincoln White, State Department spokesman, said the matter came to a head when Russian Party Boss Nikita S. Khrushchev appeared on an American television program recently. Other American officials are insisting on an agreement in principle first so that Russia cannot turn the plan into cold-war propaganda.

PRESIDENT EISENHOWER challenged the states not to shoulder the cost of programs now financed in part or whole by the Federal Government in order to pave the way for Federal tax cuts. He called for the creation of a Federal-state "task force for action" to carry out his plan. The Chief Executive proposed that the states take over some of the expensive projects, such as slum clearance and disaster relief, which could open the way for the cutting of taxes.

Wednesday, July 26

A PLEA OF GUILTY was entered by Army Col. John C. Nickerson, Jr., at his military trial. He is accused of leaking secret information and 15 counts of disobedience. He made the plea after the Army dropped more serious charges of espionage and two counts of perjury against him. This development during the general court-martial means that the much-heralded debate about the nation's guided missile program, which was expected to develop at the trial, would not take place. The court is expected to hear final arguments, after which it will retire to decide the colonel's fate.

WAR JITTERS GRIPPED the Far East as the Communists put on a show of strength unequalled since the end of the Korean War. United States military commanders are on the alert in both the Formosa Strait and Korea. The U. S. Seventh Fleet was at sea and "in constant alert." The 21-division South Korean ground force canceled all leaves. American Sabrejets were on 24-hour "strip alert" on South Korean airfields, in Okinawa, Formosa and in the Philippines. The Reds are angry because the Allied nations are modernizing war weapons because the Communists have been doing so since the peace of July 1953.

THE U. S. SUPREME COURT put teeth in the war on obscene literature when it ruled that obscenity is outside the First Amendment's protection for free speech and press. It's decision upheld a Federal law prohibiting the mailing of indecent literature. It also backs a California law which makes it an offense to write, compose, publish, sell, keep for sale, advertise or distribute any book which "is obscene or indecent."

# LITTLE LEAGUE

**PARK**

As the league reaches the mid-point of the season Ted Fedoruk's Pirates of the National League are still in first place and unbeaten. The Pirates took two games this week, beating the Dodgers, managed by Larry Conlon, 8 to 2, and the Braves 22 to 0. The second place Giants were the victors over the last place Dodgers 20 to 3 and their second game was rained out.

In the American League the Orioles are still in the lead by three games over the Athletics and the White Sox who are tied for second place. In their three game schedule for the week the Orioles beat the Senators 5 to 4 on Tuesday, the Athletics 15 to 2 on Wednesday, and the White Sox 8 to 4 on Friday. The Athletics in their bid for second place beat the White Sox 11 to 1, and the White Sox in turn beat the Senators 11 to 8.

Enthusiasm continues to run high in the Collegiate League with more high scores and spirit to match. Illinois in the Northern Conference continues in the lead, with a three team tie for second between Evanston, Fordham and Great Lakes. Games played were: Evanston over Great Lakes 17 to 11, Illinois over Great Lakes 21 to 11, and Fordham over Harvard 19 to 10. In the Southern Conference Duke remains the only unbeaten team with a 3 to 0 record, however Carolina with a 3 to 1 record is hot in pursuit of first place. In the three completed games Carolina ran up a record 31 to 3 over Kentucky and repeated over Baylor 21 to 5. Alabama beat Kentucky in a close game 9 to 8.

The Cubs broke through with two smashing victories this week to take over undisputed leadership of the league. The Braves, who had been tied for first with the Cubs, lost two games and are tied with the Dodgers for second. The Dodgers won one and lost one and that put them into a tie with the Braves. The Cards won one and lost one and they still trail in fourth place.

The big game of the week was June 18 between the Cubs and the Braves. Manager Starbuckton, of the Cubs, put his star Dhooze on the mound and Braves Manager Bartholomew sent his ace Miller to oppose him. It looked like a tough pitcher's battle and was until the fourth inning. The Braves struck first and took the lead by picking up two runs apiece in the first and second innings on Cub errors.

In the meantime, the Cubs picked up one run in the first three innings to gradually cut the lead of the Braves. Dhooze hit his second home run of the season in the third inning. The game was held up on account of rain in the fourth inning. The Cubs went to bat and struck like lightning when McQueeney hit a double and Sachs singled to bring in four runs and the lead to the Cubs. In the fifth inning the Cubs put the game on ice by hitting the ball all over the lot.

After three men had walked, Dhooze hit a double which was followed by Mullin's single and a double by DiLaura to give the Cubs seven big runs. Dhooze had a perfect day at bat by getting a single, double and a homer. Dhooze struck out ten men and allowed two hits to give the Cubs final victory and undisputed lead of the league. Miller pitched a beautiful game for the Braves with thirteen strike-outs to his credit.

**Final Score: CUBS 14, BRAVES 4.**

The next game for the Cubs saw them meeting the Cards. Sachs of the Cubs opposed Schmatz of the Cards. Sachs had almost perfect control by getting twelve strike-outs and permitting five hits. Schmatz hit two doubles and Matthews hit the third double of the day for the Cards. Ghesquiere hit two timely singles and scored both times for the Cards.

Dobbins and Sachs both hit doubles and singles and scored two runs apiece for the Cubs. Dhooze, of the Cubs, is keeping up his sizzling pace by hitting his third home run of the season and just missing by inches his chance for another when he hit a triple. This gave him another perfect day at bat. The big inning for the Cubs was the sixth. Six consecutive hits—starting with Teetaert, Meath, Dobbins and McQueeney who got singles, Sachs doubled and

State voters elected him to that office in April.

## Pointer Leads Penn Crew

John DeGurse, son of Mr. and Mrs. John DeGurse of 476 St. Clair Ave., will coxswain the Pennsylvania varsity eight in the classic three-mile race at the Intercollegiate Rowing Association regatta on Lake Onondaga, Syracuse, in his final college race. "The Fox" will have had the distinction of handling the tiller ropes and calling the stroke for every race as a freshman and for all varsity races during his undergraduate career.

Recently he received his degree from the Wharton School of Finance and Commerce and at the same time he was commissioned a second lieutenant in the Air Force Reserve.

As a sophomore in 1955 John was one of four members of his class to be a member of the Red and Blue crew winning the Eastern sprint championship and go on to capture the coveted Grand Challenge Cup at the Henley Royal Regatta in England.

A member of the Delta Tau Delta fraternity, DeGurse was an outstanding member of his class in extracurricular activities, serving as president of the Phi Kappa Beta Junior Society in 1957 and then adding the Sphinx Senior and Kite and

Key Society as well as the honorary Scabbard and Blade Military Society this year.

Coach Joe Burk feels that the young Grosse Pointe athlete was one of the finest coxswains ever to handle those duties at Pennsylvania. It is extremely unusual for one man to serve as coxswain for all three varsity years.

## Grosse Pointe News

### From Another Pointe of View

Sally Joan McBride . . . and what do you think of that last name for a prospective bride? . . . is one of the many brides-elect in the Pointe, who have mighty full calendars preceding their approaching wedding dates.

On July 27, exactly one month from today, Sally will become the bride of Dr. Edward Charles Williams, of Midland, Mich., at a 7:30 o'clock evening service in Grosse Pointe Memorial Church.

She has already been feted at kitchen showers given by Jean Marson of Iroquois avenue (this one for her former U. of M. sorority sisters) and Ann Armour of Rivard boulevard.

### Several Parties Set

Tonight, Charlotte Wetherald has scheduled a miscellaneous shower in her home in Birmingham. Sometime next month, pending the return from Europe this week of Mrs. George Petersen of Fisher road, Mrs. Petersen and Mrs. Edward Ornstein, of Cleveland, will be hostesses at a luncheon for Sally. They are friends of the bride-to-be's mother, Mrs. Edith Hogan McBride of Westchester road. Sally's father is Dr. Walter C. McBride of the Art Centre Apartments.

Mrs. Bruce Vandermade will entertain at the spinster dinner in her Ann Arbor home on July 20, and the bachelor dinner will be held the same night. Dr. Williams' parents, Mr. and Mrs. D. L. Williams, of St. Petersburg, Fla., will give the rehearsal dinner at Al Green's on July 26. The senior Williamses are coming north early in July to stay

### Debut Decor Copies Filmland

Judith Ollison and Virginia McLucas were presented to society Saturday night at a Hollywood-type premier dance at the Country Club.

Huge searchlights criss-crossed in the sky, alighting guests were photographed, and huge posters introduced the two deb as the evening's headliners.

With their parents, Mr. and Mrs. Frederick Ollison Jr., of Provençal road, and Mr. and Mrs. John N. McLucas of Vendome road, they greeted guests before one of the fireplaces in the Great Hall. At the opposite end of the room, Harry Marshard's Boston orchestra played for dancing.

Judith's white organdy gown had narrow pink banding on shoulder line and skirt. She carried an arrangement of sweetheart roses, stephanotis and ivy.

Virginia wore white organdy with wide sash of ice blue satin. Her flowers were delphinium, stephanotis and ivy.

Mrs. Ollison was in a gown of draped green chiffon, while Mrs. McLucas chose a silk taffeta with flowered print. Neither mother wore flowers.

A man has no reason to claim he is self-made just because his mistakes are.

### Garden Center 'Pink' Tea A Huge Success

The "Pink" tea sponsored by members of the board of the Garden Center in the Grosse Pointe War Memorial on June 19 attracted many members of local gardens clubs and guests. They saw the Center's exhibit of roses at the peak perfection. The Memorial Garden's roses were among those receiving honorable mention in the recent local rose competition. Members of the board honored the various

garden committees who had worked on projects undertaken by garden clubs and the Garden Center throughout the year. Shown above are some of the members of the board. They are: left to right, MRS. ROBERT CONDER, historian; MRS. DONALD C. STEVENSON, program chairman; and MRS. HANSEL D. WILSON, second vice-president and chairman of the rose exhibit.

### 15th Grand Opera Festival Planned at Mrs. Donovan's

Some 25 volunteers gathered at the Jefferson Avenue home of Opera Association president, Mrs. Frank W. Donovan who with Mrs. Donovan hosted the organizational meeting Friday.

Dates were set for the annual opera teas and receptions to be held September 24 and 25 in Grosse Pointe, Dearborn and Bloomfield Hills. Plans are already under way for the appointment of special representatives to work with metropolitan area schools, colleges, libraries, museums, hospitals, business institutions, and professional groups.

Appointed as vice chairman for 1957 were Mrs. Abraham Cooper, Mrs. Charles J. Fell-rath, Mrs. Gordon F. Knight, Mrs. Willis E. Morgan, Mrs. Miles M. O'Brien, Mrs. Roy T. Peralta, Mrs. Ralph L. Polk, Jr., Mrs. Challenor Rainey and Mrs. Karl O. Van Leuven. Nine performances are scheduled under the general direction of Maestro Julius Rudel. The Festival offerings open with Gounod's Faust and Dorothy Kirsten as Marguerite on Tuesday, November 19. The balance of the repertory is as

### Richard S. MacKenzie Marries Claire Shepard

Richard S. MacKenzie, son of Dr. and Mrs. Stanley A. Mackenzie of Lochmoor boulevard, claimed Claire Shepard as his bride at Saturday rites in Church Lake Church near Silver Springs, Fla.

The bride's parents are Mr. and Mrs. Clair F. Shepard, of Silver Springs.

### Stroh-Robertson Rites Read in East

Bermuda Wedding Trip Follows Ceremony in Church Of the Holy Innocents, West Orange, N. J.; Will Live in Pointe

The Church of the Holy Innocents, West Orange, N.J., was the scene of 4:30 o'clock rites on Saturday at which Gail Robertson, daughter of Mrs. Norman Finch Robertson, became the bride of Eric Wetherill Stroh, son of Mrs. Gari Melchers Stroh of Edgemont park.

Clifford Childress, gave his niece in marriage; a small reception for the family followed at the Llewellyn Park home of the bride.

The bride wore a silk taffeta gown with lace trim on the fitted bodice and full skirt extending into a chapel train. Her veil of illusion and heirloom lace was arranged with orange blossoms. The bouquet was of lily of the valley.

Mrs. Kent Chandler Jr., of Lake Forest, Ill., was her sister's matron of honor. Mrs. Daniel Jackson, of Cleveland, O., cousin of the bridegroom, was bridesmaid, and Gail Chandler, niece of the bride, attended as flower girl.

The two attendants wore short pale linen dresses and large leghorn hats and carried bouquets of scarlet carnations. The flower girl was in a Kate Greenway dress of white organdy over pale blue taffeta with a wreath of forget-me-nots in her hair.

Gordon Tanner Ford was best man. Ushers included the bridegroom's brothers, Gari Melchers Stroh Jr., and Peter Wetherill Stroh; a cousin, John Stroh Jr.; Harry Mulford Jewett, Robert Healy and Stephen Smith, all of Grosse Pointe.

After a wedding trip to Bermuda, the pair will make their home in the Pointe.

### Earls Receive Guests at Dance

Susan Earl and her parents, Mr. and Mrs. William O. Earl, received guests before a bay window in their living room Monday evening, when the debutante bowed at a garden dance in her parents' Kenwood road home.

Carrying rubrum lilies and ivy, Susan wore a full-skirted gown of white pointe d'esprit. Her mother was in waltz length pale blue silk organza with corsage of white stephanotis.

### Club to Hold Summer Formal

Members of Lakepointe Country Club are looking forward to the July Fourth weekend as three days of family fun and safe and sane recreation.

Highlight of the program of golf and entertainment will be on Saturday evening when the three day program will be climaxed with "Society Night," a summer formal dinner and floor show.

The Saturday program will also include the annual observance of President's day which is a kind of homecoming at Lakepointe when old timers and former members drop in at least to reminisce and new members can meet the "old guard," the top golfers of the club and the whole cross section of membership.

Early reservations indicate the newly expanded dining facilities and enlarged parking lot will be used to capacity but President Louis G. Palmer, has arranged for a full staff of caddies and clubhouse personnel and no inconvenience is foreseen.

The most elaborate floor show ever staged at Lakepointe has been booked for the occasion. It will include Uncle Jimmie Stevenson and his band, Jamie Sell, Ronnie Gagnon, The Coeds, Don Brosky and Lynn Howard.

History continues to repeat itself in spite of the fact that a lot of it isn't worth repeating.

## Children's Circus Highlight of Holiday

Grosse Pointe Yacht Club Plans Glorious Fourth for All Members of Family. Fireworks to Follow

The Glorious Fourth of July will be a family day at Grosse Pointe Yacht Club, with all afternoon activities planned for the children's pleasure. The gigantic fireworks display in the evening will be for all members of the family, in traditional fashion.

A Children's Circus will highlight the hours from 1 to 4 p.m., with pony rides in an enclosure on the club grounds. Circulating about the lawns will be the ever-popular costumed clowns, "Nosey, the Cop Clown" and Eddie Yurich, whose buffoon specialty is deft accordion-playing.

At 2 o'clock, there'll be outdoor circus acts including the Gloria Peebles dog and monkey show; Harold Ramon, who presents magic tricks and marionettes; and Burns' Birds, an unusual trained bird act.

Eugene A. Casaroli, head of the entertainment committee, is general chairman of the day.

The evening fireworks display will start about 9 o'clock, or as soon as dark falls. There'll be some 200 shells soaring high toward the sky to burst into showers of brilliant multi-colored lights. Spectacular climax will be set pieces—the GPYC burgee and the American flag.

With all arrangements completed for the Old Fashioned Field Day as this edition of Grosse Pointe News went to press, only inclement weather could change the program.

Wednesday, June 26, was the day, and the Old Club the destination for the GPYC annual outing which features field day activities such as three-legged races, putting and egg-throwing contests, a soft ball game, swimming, and so on.

Departure time was 12:30 o'clock aboard a fleet of members' cruisers. The picnic dinner on Old Club grounds was slated for 5 o'clock.

Heading the line-up were to be GPYC's Commodore Stark

### Camp Savery Now in Session

Beginning last week and continuing through August 16, Camp Savery is underway once again on GPUS grounds on Cook road. The summer camp, directed by capable Jane Savery, GPUS teacher, has grown each year through successive summers. It is streamlined to fit the schedules of Pointe youngsters ages five through 12, who are picked up by station wagons at their door each morning and whisked home again at day's end.

Camp Savery this year has an average of 50 to 60 youngsters; attendance varies since young campers embark on two and three week vacations with their families at various times throughout the summer months. Carol Fenley, who has been Miss Savery's capable helper, helped set camp activities in motion the first week and then set sail for Europe last Saturday.

### Full Sports Calendar

Mary Thorn, Joan Fisher, Cynthia Raymond, Marcia Burns, Jo Janis, Paula Walker, Carol Laird and Ann Chapel are assisting to direct camp activities. Camp Savery, lengthened to a nine weeks period this year, covers the same activities as before—archery, bowling, swimming, riding, arts and crafts, sewing for girls and soap for boys.

Saturday excursions include visits to the zoo, Belle Isle, the Green Fenleys' farm in Rochester, and a fishing trip. When camp closes, Miss Savery will head east for a brief vacation. She will meet Miss Fenley, returning from Europe, on August 31, and they will return to the Pointe together.

### Twenty Years Married

Mr. and Mrs. Henry deSegur Lauve marked their 20th wedding anniversary last night, June 26, with a cocktail party for 100 guests in the garden of their Sunningdale drive residence. The happy pair, who met in Paris, were married in New York City two decades ago. Since members of their wedding party are well scattered, two touring Europe at present, none of them were represented last evening.

Among the guests were two more couples who have the same anniversary day (but not the same year.) Mr. and Mrs. Thomas K. Fisher of Kenwood road, and Mr. and Mrs. Robert Morris of Bloomfield Hills. Mr. and Mrs. William Morse came from Chicago to be the Lauves' house guests for the occasion.

### Series of Jaunts

Summer always means travel-time to the Earl G. Meyer family of Touraine road. This week finds them driving Mrs. Meyer's mother, Mrs. A. W. Johnstone, of Bradenton, Fla., who has been visiting in the Pointe, to Chat-taquia, N. Y., where she traditionally spends the summer months.

Early this month the whole family journeyed up north to see young Dick graduate from junior high school at Leelanau. Before coming home, they stopped to open their summer home at Harrison on Budd Lake. Mama and Papa Meyer went to the American Institute of Architects Centennial in Washington, D.C., and then made another trip to Greencastle, Ind., to pick up daughter, Marilyn, who attends DePauw University.

Since Marilyn is venturing into the working world this summer, serving as DePauw representative at a nearby college shop, the Meyers will stick close to home the remainder of the season, except for occasional jaunts up to Budd Lake.

### Charles M. Whites Fete Horse Show Committee

Mr. and Mrs. Charles M. White entertained at a Saturday brunch in their Provençal road home preceding the Horse Show ball at the Grosse Pointe Hunt Club.

Guests included some 80 friends of the Whites, visitors from the National Association of Horse Show Committees, officials from the local horse show and some exhibitors.

## See Homes of Tomorrow At Gas Company Show

Michigan Consolidated Gas Company announced today that it will hold "Open House" in its eastside branch office at 14214 E. Jefferson Friday, June 28, when the Company will show a preview of "Things to Come in Homes of Tomorrow".

In announcing the event, Fred A. Kaiser, vice president and general sales manager said, "Our Company has just completed a remodeling project in this office to feature a series of modernistic kitchen ideas, so new and unique, architects today are beginning to incorporate them in their blueprints."

"Eastiders and Grosse Pointers who want to increase the resale value of their homes, and who are thinking of building a new home, will find something of interest in this concentrated display of kitchen ideas far more advanced than anything seen during the 1957 builders show," Kaiser said.

One wall of the Company's office has been decorated to feature unusual kitchen backgrounds featuring birch paneling, colored stone and wormwood. Apple-blossom pink, egg shell white and turquoise are used to set off a unique display of gas appliances colorfully tinted in various pastel shades designed to harmonize with decorator color schemes.

The new gas refrigerator interiors are tinted and the gas range display feature the latest designs in built-in griddles, peek-in ovens, roasting rotisseries and a chrome built-in-the-wall oven with separated burn-

ers built into a mahogany "island" base. The display also shows the company designer's use of indirect lighting, planter boxes, flowers and moderne grill work to give kitchens a pleasant atmosphere and a futuristic look. "Our East Jefferson branch," said Kaiser, "has been an interesting experiment in the utilization of unique features ordinarily only found in picture magazines. And anyone can copy the ideas," he added.

In preparing to greet "open house" visitors, Melvin Osborn, manager of the Company's East Jefferson branch office said, "The designer of this project, our Company sales officials and one of our lady home service consultants will be available to answer all questions regarding, color harmony, kitchen engineering advancements."

Light refreshments will be served from 9:00 a.m. to 4 p.m., Mr. Osborn concluded.

## Jim Nelson On Winning Team

EAST LANSING, Mich.—A Grosse Pointe student at Michigan State won honors recently in the annual spring intramural meet at the university. Jim Nelson, 20729 Toles lane, was a member of the first place team in the fraternity golf meet.

Nelson shot a 74 for 18 holes to help his team, Alpha Tau Omega, win the championship. His score was the second lowest of the tourney. The team used a total of 302 strokes. There were eight four-man teams in the golf meet.

## Novice Driver Smashes Tree

A St. Clair Shores woman who was taking driving lessons from her husband on Lake Shore road, Thursday evening, June 20, smashed the car into a tree and spent the rest of the night in Cottage Hospital recuperating from minor injuries. Geraldine Smith and Mr. Smith, her instructor, were waiting in their 1954 Plymouth in a crossroad in front of 205 Lake Shore. After traffic had cleared, Mrs. Smith pushed down the accelerator and then lost control of the car as she attempted to make her turn. The car first knocked down a sign, then continued on into a large tree.

The Farms ambulance took the Smiths to Cottage Hospital. They suffered bruises of the chest and legs. The Plymouth was damaged to the extent of \$200. A court date was set for later this month.

HEAR PROFESSOR The Grosse Pointe Exchange Club heard Professor Johnson, of the University of Detroit, who was a guest speaker at the club's last meeting for the summer. The professor chose as his topic, "The Value of a College Education."

At the lower turn "Gale" broke her propeller and tore up her machinery forcing her out of the race early in the day. "Gale VI" was owner Schoenith's hope for capturing the Ford Memorial trophy which would have tied him with owners Roy and his late brother Walter Dossin who have won the trophy three times with their Gold Cup boats.

## Two Golfers Score Aces

Within eleven days of one another a pair of Pointers achieved a goal all golfers shoot for—a hole in one.

Mrs. R. Sidney Sinclair playing in the Chick Ratan tourney at Lochmoor Club on June 21 aced the 165-yard number 4 hole at the club. She used a number 4 wood and was competing against Mrs. E. R. Jennings who was carrying a 7 stroke handicap. Despite the "ace" Mrs. Sinclair lost the match 5-4.

Jaques Rousseau of 688 Nett scored his first hole in one in 12 years he has been playing. Using a number 2 wood, Mr. Rousseau aced the 150-yard number 2 hole at the St. Clair Country Club on Sunday, June 23. Witness to his feat was his wife Pat.

The St. Louis Cardinals knocked the National Division race into a cocked hat last Saturday, June 22, when they beat the league leading Brooklyn Dodgers 9-4. The defeat dropped Brooklyn into a two-way tie for first place with the Phillies necessitating a playoff game. The game will be scheduled for next week end. Should the Phillies win the complications begin because they must, under league rules, play a make up game with the New York Giants which was rained out earlier in the season.

In the American Division Boston qualified to meet the winner of the Dodger-Phillie contest for the mid-season championship. Boston won the first half season title with a record of 8 wins and 3 losses. Cleveland and the Yankees tied for second place with Chicago taking third and the Tigers finishing in the cellar.

Final Standings of American League Table with columns: Team, W, L, Tied. Rows: Boston, Cleveland, Yankees, Chicago, Detroit.

WOODS-SHOES Table with columns: Team, W, L. Rows: Boston, Cleveland, Yankees, Chicago, Detroit.

Two undefeated teams paced the Woods-Shores' Babe Ruth League as the three league pennant races reached midseason. As of last Friday the Senators with an 8-0 record led the American League while the 10-0 record of the Giants had them on top of the heap in the National League. Houston leads the Texas League with six wins and no defeats.

CITY MINORS Table with columns: Team, W, L. Rows: Houston, Beaumont, San Antonio, Dallas.

The Senators won three games last week. They trounced the White Sox 8-1 as Tom Quilter pitched a two-hitter for the win. The Senators closed out the week with a 10-1 win over the Tigers. Moundsman Mike McDonald allowed five hits in chalking up the victory.

In other American League games, the Tigers behind the pitching of Dennis Dahnke beat the Red Sox 6-4. They then dropped one to the Indians 3-1 in a pitchers' battle between Dahnke and John Sanders, the winning pitcher. The Red Sox downed the Yankees 11-1 with Dan Steffes allowing only three hits for the Sox.

The Yankees then blasted the White Sox 13-7 as they pounded out eleven hits. Robert O'Brien got credit for the win. The White Sox defeated the Indians 12-10 as each team collected nine hits. Jack Chown was the winning pitcher. Paul Sanders laced out three for four for the Indians.

In the National League the Giants continued their winning streak with a 6-3 decision over the Phillies. Star Giant pitcher Jim Gilmore turned in his third straight victory for the Giants. The Phillies, on the two hit pitching of Frank Carta, trampled the Braves' 11-1.

The Braves, however, had their day as they upset the sec-

Phillies, Grosse Pointers, Bohn, Eckhart and Miller pitched the Senators to an exciting 7-inning win over the Phillies on Friday, June 21.

**Driving Tips For a Safe 4th**

As millions of fun-seeking motorists head for the lakes, mountains or beaches over the Fourth of July holiday, safety experts are hopeful that extra care and caution will keep the highway accident toll at an all-time low.

To help achieve this goal, Jeanne Smith, Dodge safety consultant, has prepared this list of 10 driving tips.

1. Control your temper when behind the wheel. Highways are crowded and travel is slow; don't "blow-up" and take unnecessary chances.
2. Start early, expect frequent delays and leave for home early, preferably during daylight.
3. Watch out for careless drivers who are over-anxious to reach their destinations.
4. Slow down, to allow passing cars extra room to get back into the right lane ahead of road.
5. Always give the other driver more than his share of the highway.
6. Get into the proper lane well in advance of turning and always signal your intention to turn or stop.
7. Pull your car entirely off the road when stopping for sightseeing or a roadside picnic.
8. Check traffic in all directions, especially to the rear, before pulling out of a parking spot onto the highway.
9. Reduce speed at sundown and drive within the range of your headlights.
10. Concentrate on your driving—it's a full-time job.

Boat Banter

By Fred Runnells

By Fred Runnells Taxes, high cost of living and "Finistere type" center boarders are gradually breaking up that "ol' gang of ours."

Over the past half dozen years or so big sail yachts have been leaving the Great Lakes with monotonous regularity and winding up at clubs on either coast.

The latest to leave will be Gil Pingree's "Red Head" if she passes the survey which will be conducted by a Stamford, Conn. yachtman who has come to our town to discuss final arrangements with Pingree.

Cost of maintenance became prohibitive and with new tax laws being passed with regularity owners were unable to write off even a small portion of expenses and the owners pocketbook took a terrific beating.

Owning a sail yacht, big or small, is an expensive operation and if the yacht is campaigned the cost rises still higher.

Remember those grand and glorious days when such yachts as Fred Rorson's "Royono," the Timken Brothers' "Kittyhawk" and Wendell Anderson's "Escapade," all 72-footers, were battling one another hereabouts?

"Royono" was first to leave when Fred gave her to the Naval Academy. The Timkens still have "Kittyhawk" but she hasn't been back to the Lakes for sometime like five years.

"Escapade" left three years ago and went to the West coast to compete in the 1955 Honolulu

race under a new owner. And last year Prent Fulmore, Commodore of the Trans-Pacific Yacht Club bought Henry Bodman, Sr.'s "Criterion" and took her West for this years Honolulu race.

Those were the days on Lake St. Clair that yachting, as far as the big hookers were concerned, was at its peak even though these beautiful queens did drag their skirts at times in our shallow lake.

## Pointer of Interest

BY PAT TALBOT

Present residents owe a tremendous debt to the original French and Belgian settlers who came here in the last years of the eighteenth century to hew homes from the forest wilderness.

From 1734-53 51 grants of land were given to these pioneers from the French governor at Quebec. Verniers, Marsacs, Gouines, Cadieuxes, Be-upres, Poupards, Compas, Rivards, Allards, Kerbys . . . these were some of the early owners of the "ribbon farms", long narrow acres stretching back from the lake to Gratiot avenue.

Famous fruit farmers, some of the trees these early settlers planted still stand. On the Dexter M. Ferry estate on East Jefferson is a famous grove of pear trees. On the Benjamin S. Warren grounds on Lakeshore are three old French pear trees planted by the first owner of the property, Jean Baptiste de Marsac.

On another stretch of Lakeshore property, bought up in the early 1900's by the Newberrys, the Demings, the Dwyers and the Dodges once stood the famous rose gardens of Josette Galignon who brought the precious slips on a sailing vessel from France.

On the old Rivard farm near Fisher road stand 11 ancient apple trees and a magnificent pear called the "Judas Tree." This property was bought by the late Dr. Fred Murphy, Murray Sales and Hugh Dillman.

Most of the French farm homes were log cabins not much used by their owners who took refuge from constant Indian attacks in Fort Pontchartrain. But at the conclusion of the French and Indian War the fort was turned over to the British and the Frenchmen made peace with the Indians and retired to their farms, where they remained even through Pontiac's famous siege of 1763. They were rarely molested although the Indians would camp in their orchards. Father Gabriel Richard made his first visit to the Pointe in 1800.

Although farm life was rugged the small band of settlers led a gay social life celebrating every wedding and christening. They raced their horses on the ice of the Grand Marais in the winter, traveling to and from their visiting in the French wagon, the charette, well warmed by buffalo robes. In the summer they rode carriages called calashes and often transported goods and passengers in Indian canoes. Staple foods were pork, hominy and syrup.

For many years Mass and the important church sacraments were observed by traveling priests but between 1825 and 1833 the first Catholic Church, St. Paul's, was built on the site of a crucifix twenty feet high, which had been carved by an Indian near the present Vernier road and the lake.

When Caroline Elizabeth DeKorse becomes the bride of Charles Louis Walther on Saturday, she will ride up to the church door in "turn-of-the-century" style. Her father, Jacob DeKorse of Bedford road, will drive the bride in his 1902 Waverly bedford. Auto fancier DeKorse is also the owner of a 1922 Detroit electric car and a 1912 Milburn electric.

"The last word in modern," say sidewalk superintendents, is the Lake Shore road edifice into which the Burns Henrys will soon be moving from Metamora. Intriguing features include a two-story living room picture window and a two-story natural fieldstone fireplace.

Just home from Emma Willard School, Troy N.Y., Mary Louise Bremer, daughter of the Joel Bremers of S. Deeplands, went into near-hysterics when her mother (Margaret Windham) pulled out of mothballs the middie-type uniforms complete with silk tie which she wore when she attended the same alma mater.

Mrs. Frank Wylie, very embarrassed over being rushed to hospital last Thursday when she stubbed her toe. It was no laughing matter though; the nail had to be removed.

Social affairs committee of Detroit Historical Society are still talking about the lovely pink envelope tea given in Woodland place home of Mrs. Wilson W. Mills. Teatime over, the hostess escorted them on tour of her home and showed many of the old Pingree treasures. Note: Mrs. Mills' father was Hazen S. Pingree, four-term Detroit mayor and Governor of Michigan.

And Historical Society board member, Mrs. Richard Webber Allen, spent a whole day at Fort Wayne Military Museum (where exhibits not in use are stored) with Curator Margot Pearsall last week assisting her to box, catalogue and store the women's hat collection.

The chapeaux, all donated to the historical museum, ranged from years 1840 to 1956. The two workers tried on all the hats to see what type of outfit each should go with, and reports Mrs. Allen, "Those 1929 felt clothes were out of this world."

Saturday afternoon at the Grosse Pointe horse show: Mrs. A. R. Glancy, Jr., was charming in the rain wearing pink-checked white summer cotton with brief packet, as she presented the Alfred R. Glancy Jr., trophy blue ribbon for working hunters. From the trophy, a Victorian sterling silver wine ewer, Mrs. Glancy poured champagne which she handed to the winners, still astride their horses . . . 10-year-old Cathy Miller, daughter of the Bruce Millers, won a fourth ribbon in the beginners horsemanship, and sat intently watching through most of the four show days. Clutched in her hand was a small silver horse which she had just purchased, her 49th model horse. She began riding lessons last September . . . Straw hats predominated in the audience, fisherman's hats, gondolier hats, calypso hats. One of the most fitting for the occasion was peaked Mexican straw worn by Priscilla Moorman, sitting in a box with other teensters in Bermuda shorts. It was decorated with fruit in vivid colors, and at the very top, stood a small horse and rider.

Northern Michigan vacationers should enjoy this limerick:

A boy at Sault Ste. Marie,  
Said, "Spelling is all Greek to me,  
Till they learn to spell 'Soo',  
Without any 'u',  
Or an 'a' or an 'l' or a 't'."

MRS. EDWIN S. BARBOUR WALKS WITH MR. BARBOUR IN GARDENS OF THEIR LAKE SHORE ROAD HOME.

By Kitty Marriott

The stately and beautiful Barbour gardens, which stretch from the lake shore back to Grosse Pointe boulevard, have been the subject of many interesting articles.

When the Barbours purchased their property some 30 years ago, the huge old elms had the land to themselves. Through the years, planted and tended by Mrs. Barbour's loving hands with the assistance of capable gardeners, the estate has become a garden fairyland.

**Series of Gardens**  
Stepping from the large awning screened porch at the rear of the stone mansion, one can take a walk through a seemingly endless series of gardens, each separated by a vine-twined archedway or small gateway.

A lovely little flagstone court before the screened porch leads to a walled garden centered by a small pool.

**Primrose Garden**  
Mrs. Barbour's primrose garden is a yearly spring feature. In an orchard setting, primrose plants surround the base of each apple tree and form a border around the entire garden.

Blossomtime is beautiful with a cloud of yellow primroses forming a halo beneath each tree and then framing the square garden.

"Regal" aptly describes the Barbour box garden. Clipped English box is the framework for an oval pool which is in turn, surrounded by soft green lawn. Several pear trees and an English dogwood tree soften the austerity of this garden. The box, originally from a southern climate, is canvas-covered in winter to protect it from Michigan's severe cold.

**Plant Variety**  
In the rose garden, rose bushes are flanked by American box, and what Mrs. Barbour refers to as her "picking garden" runs the gamut from currant bushes and cherry trees to onions, cabbages and a full array of vegetables.

A grape arbor forms a central path through the picking garden into the wildlife garden around the greenhouse. In the latter woody section, Mrs. B. has

pagne, purple, every imaginable shade. Huge, lovely pink peonies are equally attractive.

"I used to do a good deal of the gardening work myself," Mrs. Barbour confesses, "but now I just oversee and plant."

**Garden Club Member**  
It is not surprising that Mrs. Barbour has long been a member of the Garden Club of Michigan. The club, composed of about 100 active members from Grosse Pointe and Bloomfield, named Mrs. Barbour Visiting Gardens' chairman this past year.

As such, she had charge of the Wednesday "visiting days" during May and June, when tours were made of members' gardens. One of her most interesting plans was chartering a luxury bus late in May so members could visit the Ernest Stantons' Westcroft gardens on Grosse Ile.

Soon Mrs. Barbour will leave for her summer home at Harbor Point. There, too, flowers and shrubbery show the fruit of her loving care, and the Barbour gardens overlooking Lake Michigan are a showplace in the northern part of the state.

### Holiday Death Toll May Be 35

Michigan State Police predict that the state traffic death toll over the coming Fourth of July holiday period will approach 35 and possibly climb even higher, unless drivers observe every precaution of safety.

Pass days of all enlisted personnel have been cancelled beginning Wednesday noon, July 3, until midnight Sunday, July 7. Detectives will help to take over post desk jobs, relieving uniform personnel for traffic duty.

In addition, 134 National Guardsmen will be used for point control and assignment as the second man in two-man patrols, which will permit the regular second uniform man to take out another patrol. They will work 10-hour shifts on patrol. Sheriff's departments will use 116 National Guardsmen.
