Dean Robinson Taken by Death

W. Dean Robinson, 59, of 41 Provençal, industrialist, athlete and sportsman, died on Saturday, July 20, in Jennings Hospital after a long illness.

He was born in Detroit, the son of Fred J. and Nelly Hendricks Robinson. He was educated at Fairbanks School, Detroit; Phillips Exeter Academy, Andover, Mass., and Yale University.

After his graduation from Yale in 1921, he began his business career as a clerk in the Lowrie-Robinson Lumber company, of which his father was a part owner.

In 1925, he became treasurer and director of the Fred J. Robinson Lumber company, founded by his father. He also became president of the Detroit Home Pipe company in 1927.

Mr. Robinson became president of the company on October 18, 1945, and served until February 15, 1952, when he became chairman of the board and a director.

Before his tenure as president, Mr. Robinson joined the company in 1933 as an interviewer in the employment department. In 1936, he became director of this department, and in 1937, he was named vice president and assistant general manager.

His love of baseball coincided with that of the Briggs family. He had been a star pitcher at Yale. He was director of the Detroit Baseball Club, representing his wife's interests, before the Detroit Tigers were sold to the Knorr interests last year.

While inspecting Briggs Motor Products, Ltd., in London, England, in 1951, he suffered a stroke, and had been ailing ever since.

Mr. Robinson was a member of the Country Club of Detroit, Yondotega Club, the Detroit Athletic Club, Detroit Club, the Grosse Pointe (Little) Club, the Question Club and the St. Clair Flats Shooting club.

Besides his wife, he is survived by three sons, William D., Jr., Frederick James II, and Walter E., two daughters, Grace Briggs Robinson, and Carol Ann Robinson, his father, Fred J. Robinson, and two sisters, Mrs. Donald W. Woodruff and Mrs. Louis Brassy Hyde.

Youth Chased at 115 m.p.h.

(Continued from Page 1) The police of that city taking part in the hot pursuit. Forced to Curb The St. Clair Shores police finally forced O'Reilly over to the curb on Oak drive, between Twelve and Thirteen Mile roads. After a routine search of O'Reilly's person and car, the youth was issued three tickets for reckless driving, one from each department.

Car Hits Truck On Lake Shore

A large dump truck making a U-turn where the double lane of Lake Shore road ends in the Farms, was struck broadside by a car driven by Frederick K. Gebstadt of 5273 Cadieux.

The accident occurred about 10:30 a.m. on July 15. Gebstadt was driving his 1955 Plymouth west on Lake Shore and was unable to stop when the truck turned in front of him. Driver of the GMC tandem was Willie C. Cade of Antietam avenue. There were no personal injuries. Damage was estimated at \$90 to the Plymouth, but the truck was left unscathed.

Both drivers decided to let their insurance companies settle the claims.

Give 'River of Blood'

(Continued from Page 1) The entertainment last month. McGuire said the entertainment phase will be a regular feature to repay donors, besides the other gifts, donated without charge.

McGuire, who is not connected with the Red Cross, yet is called the co-ordinator between that organization and SMP, said that giving of their blood has made a marked impression on the prisoners. He said it gives them a sense of well-being because they are doing something worthwhile.

A number of the donors are members of the Gallon Club; and three of them, one of them, a notorious member of the former Purple Gang, have given more than three gallons. Good in Everyone "You can see," said McGuire, "that even criminals have some good in them, which proves that there is good in everybody."

He has been commended by the American Red Cross, the warden and the inmates of SMP. This makes him want to work harder and spurs him on to greater efforts.

McGuire devotes all of his spare time to this humanitarian work, and without compensation, except for the satisfaction.

Many additional inmates sell their blood to pharmaceutical firms, for \$5 per pint. One of the most significant features of the whole program is the opinion of Mr. McGuire, is the fact that so many prisoners, who can earn only 25 cents per day tops, were willing to forego this \$5 they might have earned, and chose to make their blood donations free to the Red Cross.

Cadillac
Where Value is Measured In Decades!
If, at this instant, the happy man you see here were able to foresee the whole future life of the wonderful car he has just purchased... he would very likely be amazed! For the odds are that his Cadillac will travel literally hundreds of thousands of thrilling miles before it comes to journey's end. And even after a decade on the world's highways, it will, in all probability, still be bringing satisfaction to its proud owner. And consider, if you will, what a wonderful promise this extraordinary longevity holds for whatever length of time this gentleman elects to enjoy the car as his own! It testifies, for instance, to his Cadillac's great quality... to its enduring styling... and to its extraordinary dependability. And even more importantly, it speaks grandiloquently of the marvelous investment he has made! In fact, statistics of used-car value reveal that, over almost any normal span of ownership, a Cadillac will return its owner a greater share of his investment than any other car in the land. Certainly, these unique Cadillac advantages deserve your personal investigation and appraisal. Your dealer will be happy to place a new 1957 Cadillac—with its marvelous Fleetwood coachcrafting—at your disposal. He will be delighted to give you full details on the fabulous Eldorado Brougham—and to explain the advantages in value and delivery that will be yours in selecting Cadillac today.

Fatal Crash Ends Woods' Good Record

One man died as a result of injuries which he suffered when this car crashed into a tree in front of 531 Oxford, on Monday, July 22. Dead is Dante Iacovoni, 52, of 35296 Leon avenue, Livonia, the driver, whose death mars a more than three-year perfect traffic record in the Woods. The dead man's nephew, Anthony Kowalski, 14, of 21813 Madison, St. Claire Shores, a passenger in the car, received a severe gash across the forehead when his head struck the windshield.

Two Youths Seriously Hurt

(Continued from Page 1)
 He said that while driving, he felt the car wheels bumping against the curb and then apparently fell asleep losing control and crashing head-on into the tree.
 He was ticketed for not having his car under control and causing an accident.
 Park Police Chief Arthur Louwers said that between the time the car hit the tree there was a lapse of about four seconds. He said the car front practically encircled the tree.
 "The cause of this accident must be attributed to negligence," he said. "Drinking and driving positively do not go together."
 Another cause of negligent driving, which sometimes involve drivers in serious accidents, he pointed out, is "floating through a stop street."
 Motorists should drive with the thought that "floating" might cost them their lives.
 "For example," he said, "you brake your car, but not to the complete stop required by State law—and the law of survival."
 "Sometimes, parents cannot understand why their children become involved in serious accidents; why 'Sonny' failed to stop for the stop street. However, police know the 'young driver' had become a creature of habit, 'a floater.'"
 Young drivers are the stu-

dents of their parents, Chief Louwers added, from the day of their birth to the date of the accident report.

Eastland Shopping Center Opens to Public on Friday

Eastland's gigantic 73-store shopping center will unroll the welcome mat Friday, for nearly a half-million East Side and suburban shoppers.
 The \$25,000,000 complex has been planned to match and surpass the feats of its sister shopping city, Northland.
 The center at Kelly and Eight Mile roads, in rapidly expanding Harper Woods, will open its doors at 9:30 tomorrow morning.
 The 108-acre site, which was formerly planted with corn and wheat, has been transformed into a city of steel-stone and glass boasting eye appeal and shopping appeal to every kind of buyer.

Oscar Webber, president of Eastland Center, Inc. said that more than 60 stores will be ready for the grand opening tomorrow. Webber reported that half the people in outlying areas never go downtown to shop. Eastland expects to get a part of that business.
 Hudson's has no plans for any other shopping center at the present time. No land in the Downriver area or on the West Side has been purchased for a possible "Southland" or "Westland."

Eastland has been designed to give the impression that there is always something new just around the corner. The space has been handled to invite, rather than discourage further investigation of the center.
 Store hours at Eastland will be 9:30 a.m. to 5:30 p.m. Mondays, Tuesday and Wednesdays, and 9:30 a.m. to 9 p.m. Thursdays, Fridays and Saturdays.
 Officers of Eastland Center, Inc., which broke ground on the site August 12, 1954, are:

Sold Typewriter To Buy Drinks

Woods police, on a fire drill early Monday morning, July 22, recognized and arrested Richard VanBelle, no address, on a warrant charging him with larceny from a building.
 Van Belle was arraigned before Woods Judge Don J. Goodrow Monday evening, and pled guilty to the charge. He was ordered to pay a fine of \$30 and court costs of \$10, but when this could not be done, he was sentenced to the Wayne County jail for 30 days.

The convicted man was spotted walking on Mack, between Hampton and Helen, by Patrolman Jack Eberst and Thomas Kane, who remembered that Van Belle was wanted by their department on a warrant issued two weeks ago, on complaint of a sister.
 The two officers were returning in a fire truck and because they had to be in the station at a certain time, put in a call over the communication system, and VanBelle was picked up by Patrolmen Russell Allard and William Entwistle.

VanBelle stole the \$100 typewriter from his sister, Catherine VanBelle, of 2209 Ridgmont, about a month ago, and sold it to a Detroit bar owner for \$11, and he used the money for drinks.
 A warrant charging the larceny was recommended by Assistant Prosecutor Dale Devlin.
 The typewriter has since been recovered.

Top JC Award Given to Loynd

The nation's top Junior Achievement award was presented July 22, to Harry J. Loynd of Neff road. Loynd is president of Parke Davis & Co.
 The award was given to Loynd by J. P. Mansfield, president of the board of Junior Achievement of Southeastern Michigan. Parke Davis is the sponsor of J.A.-LYNX which manufactures cuff links out of foreign coins. The firm competed with 3000 others for the honor.

Dr. Bushong is no newcomer to educational activities at the University of Wisconsin. He has addressed previous conferences there and has also been a visiting lecturer on several occasions.
ANYONE FIND A SAIL?
 If anyone has found a sail and a sail bag marked with the number 510, please notify the Farms police. Lee Sutton of Highland Park, lost the sail when his boat capsized in Lake St. Clair on Sunday, July 21.

School Leaders Hear Dr. Bushong

School Superintendent James W. Bushong of Grosse Pointe, delivered two major addresses at a conference for school administrators held last week on the campus of the University of Wisconsin.
 He gave the Madison gathering his views on two popular educational themes, (1) the identification and education of gifted children, and (2) teacher competency and salary policy. He then faced not only the questions from a panel but also those from the audience of schoolmen.
 Also on the program were Dr. Shirley Cooper, Associate Executive Secretary, American Association of School Administrators; Dr. Frank Chase, Chairman, Department of Education, University of Chicago; Professor Clarence Pound, Purdue University; and the School of Education staff of the University of Wisconsin.

PARKED CAR LOOTED

Not content with stealing hub caps, a thief took the time to remove both tail light glasses from a 1955 Oldsmobile owned by William T. Benallack of 65 Moran road. The theft victim told City police he parked his car on Mack near Neff road, Wednesday evening, July 17. When he returned to the car at midnight, the lights had been removed.

Police Have Tips For Vacationers

According to statistics, approximately 47 burglaries are committed in the United States every hour.

With this in mind, the Pointe police chiefs list a number of do's and don'ts for Pointe residents planning a summer vacation.

1. Don't forget to discontinue services such as milk and newspaper deliveries because they are indicative of your absence. Notify companies to discontinue their services by letter or phone.
2. Don't place your key under a mat or indicate by note that you will return in an hour or so.
3. Re-check windows and doors and make sure they are locked.
4. Don't leave doors or empty garages open. This could easily be an invitation to the burglar to try your home.
5. Have someone maintain your lawn during the time you are away.
6. Leave the shades up and draperies open. This indicates a home being lived in. Arrange with a neighbor to pick up mail and circulars from your porch.
7. Leave keys with a neighbor with advice to call police on any suspicious actions of persons on or about the premises. Also, where and how you might be contacted.

Check the following: Have you turned off the stove and disconnected the electrical appliances? If so, you won't have to start worrying 100 miles from home. Make sure negotiable bonds, jewelry, furs and currency are removed from the home. Record the serial numbers of watches, guns, cameras, radios and so on.

Without this information, police are restricted in making recovery, and they are the means, very often, of apprehending the burglar.

During the Boer War in South Africa (1898-1902) Thomas A. Edison kept fully equipped "British" and "Boer" armies in the hills of northern New Jersey. As news of the real battles came from the front, these "armies" would go through the same action for motion picture cameras and the "battle" films would be sent to the movie houses.

Promoted

The promotion of ALBERT F. FIORELLO to associate manager in the Prudential Insurance Company's Motor City Agency has been announced by Robert S. Gay, agency manager.

In his new position, Fiorello will assist Gay in supervising the agency's sales and service operations in the Detroit area. Fiorello joined Prudential in 1945 as a sales representative in Detroit. In 1949 he was promoted to staff manager and in 1954 was transferred to the Motor City Agency as a special agent.

Fiorello has consistently ranked among the top Prudential sales representatives. He was the company's leading salesman in 1947, ranked second in sales in 1948, and topped a million dollars in life insurance sales each year for the past four years.

A native of Detroit, he was graduated from Southeastern high school in 1935 and has attended Detroit Tech and Wayne University. He served with the Navy during World War II.

Fiorello, a well-known amateur golfer in the Detroit area, has played in the Michigan Open and the Detroit District Amateur championship in addition, he has won the Detroit Italian golf championship several times in recent years. Mr. and Mrs. Fiorello and their two children reside at 1725 Manchester boulevard, Grosse Pointe Woods.

New Record Set By Ford Sales

Henry Ford II announced today that Ford Motor Company's consolidated sales for the first six months of 1957 were a record \$3,008,500,000, exceeding \$3,000,000,000 for the first time in any half-year period. Sales were 27 per cent higher than sales in the first half of 1956.

Consolidated net earnings for the first six months of 1957 were \$171,000,000, 30 per cent higher than the \$131,700,000 earned in the first half of 1956. Based on the average number of shares of capital stock outstanding during each period, earnings per share amounted to \$3.15 in the first half of 1957 and \$2.44 in the first half of 1956.

Net earnings declined from \$1.65 per share in the first quarter of 1957 to \$1.30 per share in the second quarter. The drop in profits from the first to the second quarter was due principally to an 8 per cent decline in sales and to higher unit costs associated with the company's new product and facility expansion program.

Factory sales of cars and trucks in the first half of 1957 amounted to 1,195,592 units, the second highest first-half in the history of the company and exceeded only by the first half of 1955.

Thief Nabbed By Detroit Police Admits Woods Theft

Woods police marked closed a burglary of a food market that took place on March 19 of this year, in which the burglar took \$952 in cash and food and alcoholic beverages.

The admitted burglar is Frank Bommarito, 27, who gave his latest address as 210 E. Grand boulevard, Detroit. Bommarito was arrested by Detroit police on Friday, July 19, while in the act of committing a burglary in that city, the second in two months.

Woods Det. Sgt. Walter O'Dell and Det. Leroy Tobian, who have been working on the case, said they took part in a routine

questioning of Bommarito, and the man admitted breaking into the Lochmoor Market, 203311 Mack avenue, on the March date.

The Woods officers said Bommarito was steadfast in a statement that he was alone in the theft.

Taken from the market were: \$70 in silver from a counter cash register; \$90 in silver in coin wrappers from a bag under the counter; 200 cartons of cigarettes, worth \$400; four cans of ham, valued at \$25; two 30-pound steak loins, worth \$120; 12 pounds of butter, valued at \$7.08; and 40 bottles of champagne, costing \$240.

Bommarito, alias Frank Martin, alias Frank Martini, was awaiting trial in Circuit court for a burglary committed in the Park last April 17, when he and two other companions were seen in the act of stealing television sets from the St. Clair Television Shop, 15007 Kercheval.

Other police departments in the Detroit area have holds placed against Bommarito for crimes committed in their communities.

Gas Company Increases Service

Construction men lower a section of the pipe into a trench on Vernier Road, near the Grosse Pointe Yacht Club, as work progresses on Michigan Consolidated Gas Company's new 12-inch gas main. The Company's new main is being built to satisfy the growing demands for low cost gas service in the Pointe.

The second of two major gas main construction projects being built this summer in the Grosse Pointe area by Michigan Consolidated Gas Company got underway last week.

According to Hugh C. Daly, executive vice president of the utility, Michigan Consolidated will spend \$135,000 to build two miles of gas main to meet the ever growing demands for inexpensive natural gas for heating and other uses. The company presently has a request before the Michigan Public Service Commission for authority to serve an additional 80,000 customers who desire to switch to gas heat and has received hundreds of applications from residents of the area for this type of service.

The new gas main, constructed of 12-inch welded steel pipe, will run along Vernier road and will be completed about August 15.

Construction work begun in Grosse Pointe Shores at Vernier road and Lake Shore drive. From this starting point, Utilities Excavating Company, Michigan Consolidated's contractor, is working west on Vernier road into Grosse Pointe Woods across Marter road to Mack, where the line will connect to the company's present distribution system.

Branching off the Vernier main, the company will run another 12-inch main 2,440 feet north of Marter across Brys drive and Aline drive.

At the same time, the company will install a short connecting main in Harper Woods on Vernier road west across Harper where it will tie into a 16-inch main built as far as Harper last year.

The company's contractor will restore all streets and lawns as soon as construction work is completed.

H. S. "Buck" Fifer, who is in charge of the project for Michigan Consolidated, said that this new supply main is capable of meeting all present and anticipated future demands for gas in the area.

This new \$135,000 project, coupled with \$200,000 which the company recently spent building its Waverly-Bluehill-Notre Dame-Charlevoix line and a new main on Chalfonte totals \$335,000 which the company has invested this year to assure its customers in this area of the best possible service.

Attempted Theft Gets Gas Station Worker Ten Days

Sam Bell of 2051 Twenty-Second street, Detroit, arraigned before Park Judge C. Balanger on Tuesday, July 23, on a charge of larceny, pled guilty and was sentenced to 10 days in the Wayne County Jail.

Bell, a car wash attendant for a gas station at 15400 Jefferson, was accused of stealing a wallet belonging to Edwin Salkowski of 567 Middlesex, on Monday, July 22, pocketing the \$53 he found in it, and burning the wallet with its personal papers in the station's incinerator.

Park Police Chief Arthur Louwers said that Salkowski drove his car to the gas station to have it serviced, and when he took his coat from the front seat, the wallet apparently fell out of a pocket.

A short time later, the man discovered his loss and returned to the station and spoke to the owner, who questioned his employees.

Bell's denial was too emphatic and the owner asked him to submit to a search, which Bell refused, stating that the only one who can search him was a police officer.

During the time police were being called, said Chief Louwers, Bell extracted the money from Salkowski's wallet and

dropped the wallet in the incinerator. Patrolman George McDowell arrived at the scene and searched Bell, finding only the car washer's wallet on his person.

Bell was arrested on suspicion and taken to the police station where he was questioned by Cpl. Gordon Duncan.

Finally Bell broke down and admitted taking the wallet. He and Cpl. Duncan returned to the gas station, where Bell disclosed the money hidden in a crevice behind a removable brick. Charred remains of Salkowski's wallet and papers were found in the burner and removed as evidence.

Bell signed a confession to the theft and a warrant was issued against him charging him with larceny from an automobile.

Sailors who came over with Columbus brought playing cards with them to while away the long hours aboard ship. A heavy wind blew the cards overboard, but upon landing on America's shores the ingenious seafarers immediately proceeded to make new decks out of stiffened leaves and tree barks.

One hundred and seventy young men from Eastern Michigan were sworn into the Navy Friday night, July 19, in Detroit. This All-Michigan Battalion was administered the oath of allegiance by Rear Admiral L. J. Jacobi, U. S. Navy (Retired), at the Michigan Theater.

Thirty-six of these men are from Detroit. The Invocation and Benediction were given by Commander John Wagner, Chaplain Corps, U. S. Naval Reserve. Commander L. R. Schwabe, U. S. Navy, who is the Officer in Charge of the Navy Recruiting Station in Detroit, gave the opening and closing remarks. In addition to administering the Oath of Allegiance, Admiral Jacobi was also the guest speaker.

The men left by train for the Great Lakes Naval Training Center at Great Lakes, Illinois.

There they will team up with 65 men from Western Michigan to form four All-Michigan companies. Upon completion of their recruit training, the men will all return at the same time to their homes in Michigan. After a short leave they will then proceed to their new duty stations; Navy schools or ships.

The All-Michigan battalion will graduate from recruit training on September 21. This will be one of the highlights of the Michigan Homecoming Week at the training center. Great Lakes, the world's largest naval training center will open its gates and hold open house from September 16-22 during the Michigan Homecoming Week.

Fifty years of Naval progress, theme of the bluejackets' reunion will be displayed in various Navy events, demonstrations and exhibits. The general public as well as Great Lakes Alumni are invited to view the All-Michigan battalion graduation parade. This Homecoming Week will be of interest to adults and children alike for it will show step by step how our Navy has progressed in the past 50 years.

904 PARKING SPACES! ALL LARGE AND FULLY PAVED! ONLY A FEW

THERE'S NO PLACE QUITE LIKE GROSSE PO

The above artist's view of Grosse Pointe's Kercheval avenue in "The Village," illustrates how the entire shopping area is flanked on both sides by expansive public parking lots. Thanks to the combined efforts of the City of Grosse Pointe's public officials and Mr. James S. Holden, the area is recognized as the ultimate in providing parking convenience for the Pointe shopper.

Mr. Holden, one of the pioneers in Detroit realty, was one of the first to realize the importance of adequate parking space and its direct relationship to the success of a business center. He, and the City Council of Grosse Pointe have worked out what city planners call "an ideal parking program." The on-street and off-street parking facilities, which provide 904 parking spaces,

have been carefully located throughout the Village so that the steps between the shopper and her car have been kept to the minimum.

Convenience has always been uppermost in the minds of the merchants and city planners. Operating jointly through the 21 Club, the Village and the Hill unit of the Grosse Pointe Business Men's Association, ultimately hopes to solve the problem of accomplishing free parking for all customers.

There are two features of parking which are receiving considerable attention by the merchants at the moment. Attendant parking lots are in the program. There is one now in operation between St. Clair and Notre Dame avenues at the rear of Jacobson's, and

another is a system whereby stores will honor customers' parking stubs and thus absorb the cost for the customer.

Grosse Pointe's popular penny parking system was designed with the short-stop-shopper in mind. When one inadvertently over-parks, the low 25c fine is payable at the City police station as a saving and a convenience for the customer.

Meters have been installed with everyone in mind. A penny or a quarter will give the shopper all the time from 12 minutes to 10 hours to do his or her errands.

Because the Village is comprised chiefly of stores, and there are some half hundred of them, plus three beauty salons, a dentist, a doctors' clinic, a bank and a restaurant, it is easy to see that the person using a parking space is almost always a shopper.

Kercheval avenue is unique in that it boasts two outstanding shopping centers, both of which are known halfway-round the world. Besides the Village, is The Hill, located in Grosse Pointe Farms. The latter is serviced by a large parking lot between McMillan and Muir roads.

In the two centers there are 14 fine women's and children's wear stores and six top men's wear stores. A half dozen drug stores, home decorative shops, hardware, records, florists, photographic supplies, service stations . . . all contribute toward making Kercheval the ideal avenue for every shopper, no matter how diverse the shopping list.

Always striving to make shopping a pleasure and a convenience to the customer, many of the stores remain open late on Fridays to offer the working man and woman the ease of suburban shopping "just around the corner." The large markets also keep their doors open later on Fridays, and this feature has led to the advent of family shopping, with "mother" buying the groceries while "dad" browses through the elegantly decorated shops.

The Pointe's merchants have spared neither effort nor money in making sure that their places of business are the utmost in good taste and reflect the tone of the community which they serve.

Among the better known shops and places of business in The Village are:

Best & Co., Peck & Peck, Jacobson's, Walton-Pierce, D. J. Healy's, Himelhoch's, Jacobson's, Home Decorative Shop, Peter Pan, Inc., Kopp's Drugs, Proper's, Harold Miller's Standard Service, York Jewelers and the A & P Market.

Still others are: National Bank of Detroit, The Camera Center, Doubleday Book Store, E. J. Hickey Co., Bleazby's and First Federal Savings and Loan.

The list continues: S. Stein & Co., Kotae Bridal Shop, Young's Men's Wear, Ryon's Shoes, Queen Cleaners, Winkelman's, Hamilton Treasure Chest, Notre Dame Pharmacy, Andy Yaklin Service, and Kroger's Market.

Other shops located in The Village are: A. S. Beck

Shoes, Valerie De Galan, Audio Center, Piche's Barber Shop, Fromm's Hardware, Krauseman's Service, Silloway & Co., the Harrison-Pringle store, which is nearing completion, S. S. Kresge, Cunningham Drugs, Harlow J. Lingeman, Henri's Market, Sander's, Slim Zelle Salon, Fischer's Record Shop, Kinsel Drugstore, and The Village Manor.

It was the merchants of The Village who banded together to produce the first Men's Night, 10 years ago. The idea was so successful that the feature has been continued each succeeding year, and many other communities across the country have taken up the idea and used it in their own Christmas shopping programs.

Last year the stores on The Hill joined with The

Village, in transforming Kercheval into a veritable "Christmas Street."

The history of The Village has been one of consistent cooperation between its merchants in giving the shopping public the very best in service and quality merchandise. Only the top quality goods are stocked, and sales staffs are carefully selected for their knowledge of merchandise and their ability to help the customer with his or her shopping problems.

The merchants of The Village had Detroit's noted artist, Seroun Kesh, do the above birdseye view drawing which is precisely in accordance with the City's charts, showing the avenue and its adjacent parking facilities.

From Another Pointe of View

By Pat Talbot

Family reunions seem designed for sultry summer days rather than the winter holidays usually associated with relatives get-togethers.

When grandmother has a cottage it's a big incentive to make a visit. Mrs. Ward Detwiler, of Three Mile drive is currently entertaining her son and daughter-in-law, the George A. Detwilers, of Kenwood court, at her place on Great Island off Cape Cod. The three Detwiler offspring are along for all the swimming, sailing and clam digging, too.

Up at Torch Lake Mrs. Charles F. Hibbard is spending a fortnight with her son and daughter-in-law, the William B. Hibbards, of Colonial court, with their Jack and Ann. The Edwin Hibbards, formerly of the Pointe, and now of Grand Rapids are joining in the reunion. Sometime this summer the Charles F. Hibbards III, also former Pointers now living in Indianapolis, Ind., will also meet up with the group.

Meeting on Huron Shores

Reunions are just ahead for Mrs. John Potter, of Lakepointe avenue. Planning a visit are her son-in-law and daughter, the Richard Franzens, of Cincinnati.

The Franzens will be driving up here about August 1 enroute to a cottage they have rented for the month above Gratiot Inn on Lake Huron. Mrs. Potter will join forces with them and accompany her daughter and two grandsons for the first two weeks of the stay.

Mrs. Franzen's aunt, Mrs. Andrew Dwight Hotchkiss hopes to dash up for a short get-together, but she is on call from her daughter and son-in-law, the Pierce Chambers. The Chambers are moving into a new home in Wilton Woods, Va., and need Mrs. H. to help with the move.

On the other side of the family, the Tore Franzens, will be visiting the busy cottage. Another son, Tore Franzen,

The whole family will enjoy the special day planned for them at the Detroit Boat Club next Saturday with pool events, the main entertainment of the day.

James G. Morrison is chairman of the Family Day party with the assistance of Dr. Carlisle F. Reuger and Dr. Harold K. Morley.

The aquatic program will feature diving exhibitions, synchronized swimming and races. Following an early luncheon several Olympic divers will perform. Then there will be family relay races to climax the day.

Truth may be stronger than fiction, but rumor is a good deal more exciting than fact.

Fabulous China Now on Display

Two pieces of Meissen porcelain from the world-renowned "Swan Service" of the early 18th century, a banquet set which has been called "the most fabulous tableware conceived in porcelain" are now on view in the Recent Acquisitions Gallery of the Detroit Institute of Arts. A large platter and a plate on a stand are the respective gifts of Mr. and Mrs. James S. Whitcomb and Mr. and Mrs. Henry Ford II. Consisting of some 1,800 pieces, which remained until recently in the possession of the original owner's descendants in a German castle, the set was made between 1737 and 1741 for Count Bruhl, director of the Meissen factory. The theme was a play upon the idea of water, symbolized by the swan and the round forms of shells, while, mermaids, dolphins and tritons support many of the smaller vessels. Paul L. Batteries Guard Precious Papers

The millions of people who have looked at America's most treasured documents—the Declaration of Independence and the Bill of Rights—did not realize it when standing in awe of the precious papers, but there's a lot of machinery underneath to protect those documents from ever coming to harm. The documents are displayed in a glass-covered case in a marble-columned room of the National Archives in Washington. Every night, they are lowered into a vault below for safety. In the mornings, machinery brings them back up and into the glass cases. Several years ago, someone began wondering what would happen if—because of attack on Washington or some other cause the Archives. No power to lower the documents and close the vault doors! No protection at all for the documents we hold so dear. The answer was provided by a product of the genius of Thomas A. Edison, the storage battery. Nine-three-cell sets of batteries—two of them, each capable of delivering 115 volts were ordered. The manufacturer had seldom heard of a more unusual use for these long-lived batteries (20-year service is not uncommon) which are used widely in fork lift trucks and other manufacturing chores.

Smith-Gray Rites Read at Memorial

Following Reception in Church Parlors Newlyweds Left On a Wedding Trip to Florida; Bride Wore Ivory Silk and Alencon Lace for Marriage

At a recent ceremony in Grosse Pointe Memorial Church, Elizabeth Ann Gray, daughter of the William Taylor Grays, of Notre Dame avenue, was married to John Philip Smith.

For her marriage the bride chose a gown of Italian ivory silk and Alencon lace styled with a square neckline, long sleeves and buttoned down the back. The full skirt swept into a cathedral train.

Her lace cap had been worn by the bridegroom's mother and held the bride's fingertip veil of illusion. She carried a cascade of ivory roses.

Mrs. Gladys Bogard was matron of honor and the attendants were Mary Manning and Helen Maiden. They wore ballerina gowns of champagne silk shantung and carried coral car-

nations and ivory. Bruce Justice was best man and the ushers were Dolph Painter and William Quertel. The bridegroom is the son of Mrs. Royal L. Smith, of Dearborn and the late Mr. Smith.

Mrs. Gray wore a gown of Dior blue silk and pink tea roses for her daughter's wedding and the reception which followed in the church parlors. Mrs. Smith chose a mauve silk and lace with white roses.

Following the reception the newlyweds left for Florida. The bridegroom attends Wayne University and will return to his studies in the fall.

How to Make Best Iced Tea

Iced tea is an ideal summer drink . . . that deserves to be made correctly. When prepared according to a few simple rules, iced tea can be so much better—so much more sparkling and flavorful—than when made "just any old way."

Why not try the method below, which has been tested and approved by the Home Service Department of the Michigan Consolidated Gas Company. Your iced tea will be a delight to serve—and so refreshing!

1. Rinse the teapot with boiling water. To make eight glasses of iced tea, measure four tablespoons of loose tea into the pot. Or use 12 tea bags.
2. Pour three cups of fresh, vigorously boiling water over the leaves. Just "hot" water don't do it if you want the best iced tea possible.
3. Replace teapot cover and let tea stand three minutes to bring out the full flavor. Be sure to use automatic timer on your gas range. This is important because tea will cloud if it is overbrewed. Stir briefly.
4. Pour the brew off the tea

leaves immediately. Strain through tea strainer into a glass, earthenware or enamelware pitcher.

5. Add three cups of cold water to the hot tea. Let stand at room temperature (do not refrigerate) until you are ready to serve it. Pour tea into tall ice-filled glasses. Pass with lemon and sweetening.

If you are in a big hurry, iced tea can be made the quick way. Brew tea double strength and steep. Then strain and pour over ice while hot. However, tea made this method may become a bit cloudy.

To avoid sugar at the bottom of tea glasses, use simple sirup made of equal parts of sugar and water.

For a dash of color use long curls of lemon, orange or lime peel (made like an apple peel), or a few crushed mint sprigs.

LITTLE LEAGUE

GROSSE POINTE CITY

By John Maser

Grosse Pointe City Little League President Vic Dhooge stated that this year's race for the pennant is the closest that he has ever seen in the entire history of Little League. All of the managers agree with him. The Little League season is scheduled to end Thursday, July 25, but everyone agrees that the championship won't be decided until the last ball is pitched on the final game of the season. Even then it may be a two way tie for first place. The three teams in the running are the Cubs, Cards and the Braves.

This last week saw the Cubs, who were in second place, lose a game and then come fighting back to win the next two by decisive scores and to tie for first place with the Cubs.

The Braves won two games to remain a very serious contender for top honors, while the Dodgers dropped two and moved to fourth place.

On July 15, Sachs, of the Cubs, was matched against Gierman, of the Dodgers, when those two teams met. A pitcher's duel developed but Gierman lost control in the third and fourth innings and the Cubs picked up seven runs on timely singles by Lewis, Sachs and Teasart. Gierman gave up three hits to the Cubs.

Sachs was on his way to a no-hit and no run game until he weakened in the sixth inning. Doubles by Aronson and Guy Piche and singles by Gierman and Rowlette brought in three runs for the Dodgers and broke up a chance for a no hitter for Sachs.

The Cards really struck pay dirt, when three doubles by Ghesquiere, Schmatz and LaRue sent in four big runs in the second inning. Two more runs in the fourth inning for the Cards, after a single by Ghesquiere and a double by Matthews, really sewed up the game. The Cards needed this game and they finally wound up in a tie for first place with the Cubs.

On July 16, Haller, of the Braves, took the mound against LaRue, of the Cards. The Braves were in a rough mood and led by Miller, of the Braves, who hit a double and two singles to set the pace for his team, it was a smashing victory for the Braves, who picked up 10 hits and got 10 runs for their efforts. The Cards showed real sparkle in the first inning when Schmatz hit a home run to knock Matthews in for two big runs. Haller settled down after that and permitted two hits and

got credit for the victory. FINAL SCORE: BRAVES 10; CARDS 2.

On July 17, the Cards met the Dodgers. Schmatz, of the Cards, went in to face Rowlette, of the Dodgers. Each pitcher gave up six hits but Dodge errors put the game on ice for the Cards. LaRue, of the Cards, hit a timely single in the first that sent two runs home. Ghesquiere, Matthews and Schmatz hit in the fourth inning to bring in five big runs. FINAL SCORE: CARDS 11; DODGERS 2.

On July 18, the Braves met the Cubs. Mullin pitched for the Cubs while Miller took the mound for the Braves. Mullin pitched four hit ball but lost the game. The Cubs picked up eight hits but could not get a run over the plate to give Miller a shut out victory over the Cubs. Sachs, of the Cubs, picked up three singles to get a perfect day at bat. Mullin permitted three singles and a double by Trombly for the only hits by the Braves.

On July 19, the Cubs had a game to make up with the Cards. Dhooge, of the Cubs, went in to face Schmatz, of the Cards. Dhooge put the Cubs in the scoring column in the first inning when he hit a home run with DiLaura on base.

The Cards came right back and picked up three runs in the first by singles by Schmatz and Helms and errors by the Cubs.

The Cards really struck pay dirt, when three doubles by Ghesquiere, Schmatz and LaRue sent in four big runs in the second inning. Two more runs in the fourth inning for the Cards, after a single by Ghesquiere and a double by Matthews, really sewed up the game. The Cards needed this game and they finally wound up in a tie for first place with the Cubs.

On July 20, the Giants beat the Braves 11 to 3 under the able pitching of Bill Stockard, and secured first place as champs of the National League.

In the Collegiate League the first place leaders for the past few weeks, Illinois in the Northern and Carolina in the South-

Louisville came through with

the big win over St. Paul to cop the American Association Minor League championship, with a 13 to 3 record. The game was as close as the race itself. Graham Noid, going on the mound for Louisville, worked hard and well for his second win of the season. Mike Jaglovic came on in the last two stanzas to protect the slight Louisville lead, and a fine job he did too. Louisville boys tried hard to steal home but couldn't get past Marghin but fatten't get him there, St. Paul's masked man who in our opinion, caught the finest game of his youthful career.

Denver took quite a shellacking from Omaha 37 to 7 when Denver found their pitching staff short handed due to vacations. Although the score doesn't indicate it, outside of all the free passes given up by the pitchers both teams played real good baseball.

Minneapolis took Charleston 8 to 7 in a close hard fought game. Both managers pulling out all the stops to win. Fred Noble going for Charleston did a good job on the mound, but his boys just couldn't get the insurance runs needed to win the game. Both teams put men on the bases and left them stranded in each inning. Both teams fielded the impossible and make it look easy.

Indianapolis nosed out Louisville in an eight inning game, 4 to 3, in what turned out to be the finest exhibition of baseball we have seen this year or any year previous. Only the breaks of baseball could and did decide the game. Piano being credited for the win after relieving Tamblin who used up his six innings doing a bang up job. It is not possible for us or any one else to pick up anything outstanding or any outstanding player. All plays and players were superb. Both teams deserve the finest of praise. Only in Little League can you see heartbreak and such joy, where each lad gives his all to win and when he loses he smiles through his tears and congratulates his victors.

Omaha is not to be denied a place in the standings, taking one win from Denver and dropping one from Minneapolis, in an all out effort to stay in the first division. After taking a lead of eight runs in the first two innings the boys relaxed just enough to let the boys from Minneapolis take the lead in the last stanza.

Toledo fell apart in their effort against St. Paul's fighting men. All Toledo could muster up was seven runs which was not enough for St. Paul's twenty-four. Even the little general couldn't do much with the big boys who have their eye on third place in the standings.

St. Paul bounced right back into contention by beating Toledo 23-7 and Denver 16-4. Elwood O'Hara accounted for 10 runs against Toledo with three triples and two doubles in five tries, but his bat carries. In the second game with Denver, Krauss handcuffed the batters allowing only four hits in the entire game.

GROSSE POINTE PARK

By Douglas F. Jones

In an exciting finale to a wonderful season of baseball the final week was filled with joy for the winners and sadness for the losers. Both the American and National League champions were decided in the last week and in the National League it took a rained out play-off game to decide the winner.

At the end of the July 13 week, in the American League the Athletics were in first place over the Orioles by only a few percentage points, but on July 15 the Athletics cinched first place by a win over the Orioles of 4 to 0. Bob Lubeck was the winning pitcher and Marc Losenk the losing pitcher.

This game was a real thriller with the Orioles fighting all the way. The Orioles still had slight chance to tie for first had they won their game on July 18 with the White Sox. The Athletics dropped two after their win over the Orioles, losing to the White Sox 6 to 0 and to the Senators 8 to 1. However, the Athletics came through under a win was directed of Don MacKenzie, Murray Robertson and Jim Cowhey, the boys have proved they are real champs.

In the National League the finish was just as breath-taking when the second place Pirates played the first place Braves on July 18th. They went into the game one game behind the Pirates, but under the able pitching of Durward DeCavette, beat the Pirates 6 to 2. Phil Wernhoff, the losing pitcher, did an excellent job holding the Giants scoreless until the fourth inning when the Giants scored on a walk and a fielding error. From then on it was the Giants' game.

With each team tied for first place they were both scheduled to play Vince Cerutti's Braves in previously rained out games. The Pirates lost to the Braves 8 to 5 on July 19 with Bud Wilton pitching the winners to victory. Sal Craparotta hit a home run in the third inning.

On July 20 the Giants beat the Braves 11 to 3 under the able pitching of Bill Stockard, and secured first place as champs of the National League.

John Sanders was the winning pitcher; Jim Johns was the loser.

The New York Yankees with four hits succeeding in overcoming the Chicago White Sox by a score of 5-4. The St. Louis Cardinals put in a profitable week by winning two games, overpowering the Milwaukee Braves by a score of 10-4 and the Brooklyn Dodgers, 13-9. The Braves' pitcher, Bob De Corte allowed the Cardinals ten hits with one of them a home-run by D. Leonard.

Ted Buda was less generous with the six scattered hits he allowed. Paul Boeson hit a triple for the Braves.

Little League Tournament Teams in Spirited Battle

The Grosse Pointe Little League Tournament director, Earl Becker, called a meeting on Wednesday, July 17th, to announce the teams who would meet in the opening games of the tournament. Everyone cooperated except the teams themselves. This year the race is so close, in all of the Grosse Pointe leagues, no one will predict the final results, to wit:

GROSSE POINTE CITY: Cardinals and Cubs tied for first place, and each team has two games left to play.

GROSSE POINTE FARMS American League: Indians and Giants tied for first place. The winner of their play-off game is to play the Giants, winner of the National League, to determine who represents the Farms.

GROSSE POINTE PARK: Athletics and Giants tied for first place. Winner will be dedicated on a best two out of three game series.

GROSSE POINTE WOODS-SHORES American League: Tigers, winner in their division. National League: Dodgers and

Giants are tied for first place. Winner of their play-off game is to play Tigers and determine who will represent their league.

After reviewing the possible participants for the tournament, Ed Scallen, secretary, said, "Sure is a close race, but whom do I list in the program?"

In the drawings for pairings, it was decided to use the names of the leagues, rather than names of teams. The pairings were drawn as follows:

PARK vs. WOODS-SHORES, to be played at Ghesquiere Field, located west of Mack avenue, between Huntington and Kenmore avenues on July 30, at 6:15 p.m.

CITY vs. FARMS, to be played at Farms Field, Grosse Pointe High School on July 30, at 6:15 p.m.

The final game will be played on following contingencies: If Woods-Shores plays Farms, game will be played at Farms. If City or Park participates in any other combination, game will be played at their respective fields.

swung into its final phase on Sunday, July 14, when the Indians and Tigers met in a game that had been rained out the previous week.

The Yankees vs. Indians game on Monday was a thrilling pitchers' battle for the first four innings until the Yanks exploded for three runs when Hendricks doubled with the bases loaded.

Tuesday at Kerby Field, the Tigers pitching star, Doug Firth, not only shut the Red Sox out, but held them hitless.

The Red Sox management must have fed the boys raw beef for the next two days the way they bounced back against the Indians.

In the National League the Giants continue their way to the championship with an unblemished record.

The Pirates must have been on the same diet as their crosstown contemporaries, the Red Sox, the way they bounced back two nights later against the Reds.

This Pirate team has shown great improvement after a rather dismal start, to win seven of their last 10 ball games.

The Giants clinched all the honors in their league for the entire year as they beat the Phillies on Friday to ensure their championship.

This means no playoff in the National League, as the Giants also won the first half championship.

On the basis of the entire season's play in both leagues, the picture this reporter draws from the playoff series in the Farms Little League, is all Giants.

The final standings for the Triple A Division are: Portland 12 3 Sacramento 11 4

The Class C League teams have all completed their schedule, too. The champs of this division are the boys on the Richmond team, managed by Jack Caulkins.

WOODS-SHOES Major League Games Week Ending July 21

Another successful playing season for Grosse Pointe Woods-Shores Little League was completed on Sunday, July 21.

The Detroit Tigers copped the American League title with an excellent record of nine wins against one loss in each half.

In the National League, the New York Giants won the first half with a nine to one record, and finished second, in the second half with a seven-three record and finished second, in the second half with a seven-three record.

The Brooklyn Dodgers came back strong in the second half to compile an eight-two record to win the second half title.

ers and participants of the Grosse Pointe Woods, and Shores Little League realize the sportsmanship and character training that the Little League has radiated.

The Giants of the National League have used these important qualities of athletics, and have compiled 18 won and four lost record which has earned them the chance to appear in the finals.

We are sure that the support-

Babe Ruth (Continued from Page 18) by the bats of hard-hitting Beaumont.

Beaumont continued its hitting spree to slam out 13 hits as they defeated Dallas, 16-7. While John Rusman effectively shackled Dallas with a meager three hits, Beaumont's Charles Rose powered three for three—a homerun and two triples—and scored three of his team's runs.

On the other hand, Houston's second loss was at the hands of San Antonio, 7-6. It was a pitcher's duel, Fossi allowing five and Thomczek giving out four.

FARMS, CITY, PARK By E. D. TROWBRIDGE Outcome of the pennant race in the National League is still in doubt as the Braves bumped the Dodgers 8-6 last week.

Two more games will probably determine the second half winner, who will then have to play the Dodgers, (first-half winner), to get into the World Series.

On Monday, July 15, your correspondent scored one of the best games of the season in which the Phillies beat the Dodgers, 7-5. There was very good ball handling on the bases plus two consecutive outs at the

plate from left field. Heikinen missed the first long fly but recovered and by relay a runner was out at the plate. The next batter drove a long one to Heikinen who caught it and with a perfect throw to Gnaou got the runner out. In both cases Gnaou blocked the plate like a veteran.

Should Boston win, they would then have to schedule a play-off with the Yankees for the second half leadership. Should the Yankees win this one, they would then play each other the following night for the American League championship, with the winner going into the series. Complicated? You bet—

but that's the way matters seem to be headed. All World's Series games on Saturday and Sunday will be preceded by All-Star games with teams made up from top players in each league. Saturday's game, also at the High School field, is scheduled for 11 a.m. and Sunday's at 12:15 p.m.

Should Boston win, they would then have to schedule a play-off with the Yankees for the second half leadership.

Never before in the Park City, Farms Babe Ruth League's history has there been so hotly contested and completely uncertain a wind-up to the season's second half.

From league officials to managers to players, no one at week's end knew who would meet whom for the World Series Championship. World Series play is scheduled to begin Saturday, July 27 at 2 p.m. on the high school diamond, with the championship to be determined on a two out of three game basis, other games are scheduled for 3 p.m. Sunday, and if required, the final game will be started at 5 p.m. Monday and Tuesday.

At this writing, it appears that the National League's second half leader might be Philadelphia, Milwaukee or St. Louis, in the American League the picture is no clearer with the Yankees leading Boston, first half winner, by a single game, but with Boston set to play off a tie with St. Louis.

Upon his retirement he shall have the right to elect an option provided for in section 14 hereof.

The pension reserves for pensions being paid retirants and beneficiaries shall be transferred from the pension accumulation fund to the retirement reserve fund and thereafter all pensions shall be paid from the pension accumulation fund. Upon the retirement of a member his pension reserve shall be transferred from the pension accumulation fund to the retirement reserve fund. The Commission may from time to time transfer from the pension accumulation fund to the retirement reserve fund such additional amounts as it determines to be necessary for the proper maintenance of the retirement reserve fund.

Boat Licenses Easy to Obtain

As an additional convenience to the boating public, the Michigan State Waterways Commission has announced that boat licenses can now be obtained at the Commission offices at 1004 Cadillac Square Building. Boatmen are again warned that the Detroit Harbor Master's Division and other police departments in the metropolitan area are issuing tickets calling for a court appearance and fine if convicted for failure to display boat licenses. Licenses continue to be available at the main offices of the Secretary of State, specified branches, and marine supply dealers. The locations of all license outlets can be obtained by calling WO 1-1024. Licenses must be obtained for all boats 16 feet or over except those propelled solely by muscular power. Failure to comply with the licensing law can bring a fine up to \$100 or 30 days in jail or both. Having a boat license automatically exempts the purchaser from payment of personal property tax. All funds derived from the sale of these licenses goes exclusively to building harbors, breakwaters, docks and related facilities. when the POINTE was growing up...

BY PAT TALBOT

Twenty-two years may seem eons away but for historical students it's a mere pause in the march of progress and in 1979 the third centennial celebration of the naming of Lake St. Clair should be observed.

The generation in charge of the festivities will have to exert themselves to surpass the bang up party given by their ancestors on August 12, 1879 on the grounds of the Alfred Brush estate.

Robert Cavalier Sieur de la Salle sailed into the lake on that August day in 1679 and named the body of water after Sainte Claire whose name day it was. The schooner on which he sailed was later lost with all hands in an exploratory trip in Lake Michigan.

On the bright sunny August afternoon in 1879 yachts sailed from Grosse Ile and Detroit to join in the regatta. The guests gathered at the Brush grove at 4 o'clock for the prize giving, singing and speech making. The Brush estate stood where the Truman Newberry house was built and where Newberry road runs now.

Among the boats participating in the commemorative race were George V. N. Lothrop's "Allie," William McCollin's "Wayward," William McGraw's "Shiela," A. R. Newberry's "Volante," Truman Newberry's "Gipsie," Jimmie McMillan's "Grace" and Alfred Brush's "Rowena."

The judges were James and Hugh McMillan and W. K. Muir. First prize, \$25 in gold, went to the "Wayward" and Truman Newberry's boat won a silver cruet.

By mid-afternoon there was a tremendous crowd of over 300 milling about on the Brush lawns. In the background stood the Victorian frame house with its typical piazzas, turrets and gingerbread architectural detail. Among the guests were all the important personages in the Pointe of the 1870's. There were the Weirs, Campaus, Campbells, Joseph H. Berry, Morans, Hendries, Larneds and Guoins. This latter family seem to be the only old French farming group represented in the midst of the newly arrived Detroit aristocrats who had adopted the Pointe as a summer resort.

D. Bethune Duffield started out the proceedings with an original song and Bella Hubbard, Esq., is listed on the program as the speaker for the history of the occasion. He was introduced by George Van Ness Lothrop. After the picnic and fireworks there was dancing on the lawn into the evening for the young daughters and sons of the founding families, who had planned this great day in honor of the naming of Lake St. Clair.

who, where and whatnot by whoozit

Returning to the simple life seems to lead to many complications. The George T. Halls and the David Crawford are exhausting themselves decorating their new farm, jointly bought, near St. Clair. Much of the carpentry and remodeling is being done by the husbands on weekends. Fortunate for the Crawfords the farm is there, for the other day Mr. C. turned up with two baby raccoons, who had to be bottle-fed on a rigorous schedule. Now the animals are living it up in the country, much to the satisfaction of the Crawfords' Roslyn road neighbors.

And more raccoons... heard at the beach a small lad explaining his buddy's sun tan to his mother... because he is never in the sun without his skin diving goggles he looks just like a raccoon to this imaginative wild life lover.

The five children of French Consul Jean Paul Desparmet and Mrs. Desparmet are tremendous aquatic stars... probably learned their top form swimming in the chilling waters off the shores of their native Brittany.

Since this is the season to compare sun tans, our vote goes to Mrs. Robert Hurley, surely one of the loveliest ladies hereabouts, and a real stunner in black bathing suit, with the most tan yet glimpsed. Mrs. H.'s mahogany hue comes from local sunning, too, none of this salt water lazing.

Among all the breathtaking homes built in the Pointe, the Ivor D. Harris new menage on Provençal is one of the most exotic, so say the awed guests who have watched its progress... another decorating note... understand that the Joseph Farleys shopped for these rare antiques which accent their Vendome road home in Milan, O.

PILFERINGS

This tale starts 15 years ago, when a young mother was given a sealed envelope by her seven-year-old daughter, with solemn instructions never to open it. The lady stuck it into her desk and forgot about it. This spring, her daughter got married. A few weeks ago, in the process of moving to smaller quarters, the mother came across the yellowed envelope, and—well, her little girl had grown up—opened it. Written in red and grey crayon was the statement, "Some of the time I like Mother. Most of the time I don't."

The menu of the club El Bianco, Chicago, reads: "We are not responsible for any steak ordered well done."

A sixteen-year-old lad down from Hotchkiss for vacation told his father he wanted to become a lawyer. His father said he thought New York was overcrowded with lawyers, and it might be a good idea, when the time came, to practice in another city. "How about Boston?" asked the boy. His father said the situation was just about the same there. "What about Chicago, Los Angeles or San Francisco?" his son said. The father asked him why he had selected those cities as possibilities. "Because they all have a Brooks Brothers."

The last time Francis Cardinal Spellman visited Los Angeles, a six-year-old girl was among those who met him. His Eminence smiled benignly and patted her on the head, murmuring, "God bless you."

The little girl looked around then turned to the Cardinal and asked, "Who sneezed?"

I plant the bulbs and shrubs and seeds
But only God can plant the weeds.

Pointers of Interest

MR. AND MRS. WATSON FORD OF MCKINLEY AVENUE

By Patricia Talbot

Mr. and Mrs. Watson Ford are a couple with the troubles of the world on their minds. Not content with worrying about the price of steak, who to invite for dinner, and their grandchild's first tooth, they have taken on the biggest international problem, how to keep the peace.

Because of their interest in the United Nations the Fords have for some years been in Detroit's list of hosts for traveling foreign students.

About August 22, two station wagons carrying passengers from Casablanca, Switzerland and Belgium, to name just a few, will deliver about a dozen and a half junketing scholars to the Fords for a two-day visit.

The Fords will be the official hosts for this group which is traveling under the auspices of the Association for World Travel Exchange. Naturally the Fords will not be able to house the whole group, but Mrs. F. says that neighbors and friends have become very interested and she has parceled the students out in groups of two or three to welcoming Pointers.

All American Picnic On the schedule for the visitors is a visit to the Ford plant and an all-American picnic. The Fords will give a big hot dog roast at the Farms pier both nights the students are here. Mrs. Ford said nonchalantly that if the weather is bad she'll

SS Decision Up to Women

Many women will have an important decision to make when they attain age 62. Under the 1956 Amendments to the Social Security Act women are able to obtain social security monthly payments three years earlier than under the old law.

The amount of the benefit, however, will be reduced for women workers and for wives of retired workers. The amount of the reduction depends on the number of months between the time payments start and the time the applicant reaches age 65. This reduction is permanent even after age 65 is attained. Widows and dependent mothers of deceased workers, however, may receive unreduced benefits at age 62. Before making a decision to start getting benefit payments before age 65, a working woman or a wife of a retired worker will naturally want to know how long she will be ahead in total benefits paid.

As a working woman she will be ahead for the first 15 years; as the wife of a retired beneficiary she will be ahead for the first 12 years.

The decision must be made by each woman as to whether it's worth more to her to have the benefits before 65, at a permanent reduced rate, or to wait until 65 and get a higher rate. The social security office will furnish her with all necessary information but the decision must be made by the individual.

The East Side social security office is located at 13238 Harper, Detroit 13, Michigan, VA 3-1800.

rubber company Mr. Ford's business has taken him abroad many times. They both believe in getting to know the individuals in a country rather than thinking of the citizens as a particular nationality.

When their two girls were smaller, they have another married daughter, Mrs. Richard Scott Davidson, of Seattle, they traveled all over the States, to the Caribbean, Hawaii, Mexico and Cuba. After the girls were graduated from Grosse Pointe High School they go to, went on student tours to Europe.

Passport Ready Mrs. Ford on six days notice flew with her husband to Europe two summers ago. She always has her passport in order. The only problem is finding a kind neighbor to come in and feed and air her Siamese cats.

Visits Japan This exchange worked out very happily for the Fords as their daughter, Mrs. John F. Beyer, and her husband were subsequently posted to Japan with the Army. Mrs. Ford made a flying visit to see them and was very impressed with the country and the culture. Her home is filled with art objects collected from her Oriental stay.

One of her former Japanese visitors was in the consular office in Chicago and helped with her visa and letters of introduction. She found the Japanese very sincere, courteous and co-operative.

When traveling in the hinterland she was trying to make a train when stampeded by a group of traveling schoolboys, (typical of any country, she says). They stopped, helped her with her luggage and found her a seat on the train. She says she wonders if American scholars on an outing would have been so polite to "a funny foreign lady."

World Federalists The Fords became interested in Servas through some Quaker friends in Canada and have been on the host family list for ten years. Mr. Ford is president of the United World Federalist chapter in the Pointe, working for the United Nations and the international condemnation of the declaration of war.

The Fords are determined workers for peace and strong independent thinkers, believing sincerely in the UN as the only instrument to enforce world wide peace.

Their international mindedness has been heightened by many trips all over the world. Mrs. Ford began with a student trip to Europe in her college days, and as a designer for a

Savings Bonds Sales Increase

Sales of Series E and H Savings Bonds in Michigan during the first six months of 1957 totaled \$144,741,000, equivalent to 48 percent of this year's Treasury assigned quota of \$315 million, it was reported by Delmar V. Cote, state director for the U.S. Savings Bonds Division.

Although sales of the two popular series were 15.6 percent below those for the first six months of 1956, Cote termed the outlook encouraging.

He pointed out that a definite upward trend has been established in E bond sales since the Treasury announced bonds issued after February 1 of this year would pay 3 ¾ percent compounded semi-annually if held to maturity and a larger return than in the past if redeemed during the early years. The new E bonds mature in eight years and 11 months, instead of nine years and eight months, as formerly.

Cote said that, despite derogatory publicity before the interest rate increase was announced and in the face of the upswing in industrial unemployment, prospects are that 1957 E bond sales will approximate the 1956 level.

Michigan sales of E bonds totaled \$133,699,000 during the first six months of 1957, off only 11.4 percent from record peacetime sales of \$150,830,000 in the same period last year.

There also has been a noticeable upward trend in H bond sales since the interest rate increase announcement. Sales amounted to \$1.44 million in April, \$2.05 million in May, and \$2.26 million in June.

All aglow with a glittering report of a jewelry sale at Jacobson's. More than bobbles, bangles and beads! This is famous make quality jewelry... carefully designed and executed... now specially priced... as much as one-half off.

Made in France by a French tennis star for all the world to wear... the much admired Rene Lacoste sport shirts. Recognized internationally for ease, comfort and style. Look for the small, green alligator... it's the trademark of Lacoste... find the shirt at Kilgore and Hurd... about eight dollars.

Beauty for your nails... always at your fingertips. Happy to report that the Notre Dame Pharmacy has "Tipette" the NEW metal nail polish dispenser that can't leak, break or spill. Handy for the home... wonderful for touch-ups while traveling. Carry "Tipette" in your purse... it looks like lipstick... acts like a portable manicurist. There are 12 fashion-right shades from which to choose. All this delightful convenience costs but a dollar.

The Village has an ever changing face... but the same relaxed pace. Evidenced by the enlarged home of Best and Company. Friendly and helpful as ever... now the complete main floor is a delightful fashion center concentrating on your needs... while the entire second story is devoted to your tots, toddlers and teens.

Good news from Marie Bird's Salon... Top of the Hill! Edna is back with all her usual pep and vivaciousness. We are happy to hear her arm is completely mended.

That old black magic... is popular once again on the fashion hit parade. It's the bewitching touch of inky velvet that stylizes the wardrobe. May we suggest a new black velvet bag from D. J. Healy... either a large, handsome envelope or a lady-like purse with a mock tortoise handle. Stunning brass trim abounds in the collection and the price is attractive also... just eight dollars. Headed for an early fall are the black velvet hats from Healy's... enchanting little bands... haf bows... modified toques and the ever popular French beret... all styles in the prevailing mode and the dominating color... black.

It's in the cards... you should have a large beach towel printed with a winning honor. Kilgore and Hurd have just such an attractive and useful item at a very practical price... five dollars.

Thirsty terry... so comfortable... wearable... and washable, is a man's bathrobe with a woman's housekeeping in mind. Just a spin in the washing machine to renew good looks... worth a fortune... costs fourteen dollars at Kilgore and Hurd.

Sale is the BUY word at E. J. Hickey! Tired midsummer wardrobes can be perked up at a savings. Very timely for August vacations are the twenty per cent to one-third reductions on swim suits... summer robes... tropical suits and Batiste shirts. Also included in the sale are some fall suits.

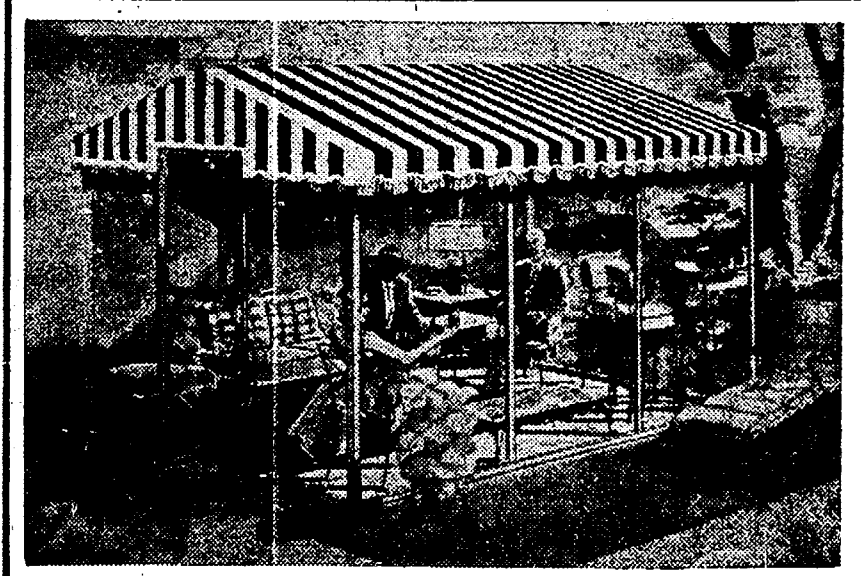

We'll just bet... there's a card for every occasion and wrappings for any gift at Fischer's. Noticed party accessories... record albums... stationery and record players being stocked. Although it is the newest of the Village stores, it already has that happy shopped-in look.
