SCORES OF South Boston residents and 40 fire fighters escaped death or serious injury today when a shed containing percussion caps exploded at the Metropolitan District Commission sewage tunnel. Major Samuel Tyson, pilot, said "I wasn't calling the shot; the Good Lord was."

Killed with him were Edward Starback, state conservation officer stationed at Boyne City, his son, Maj. Richard Starback, 35, home on leave from the Dover Air Force Base, Del.; and another son, Carlton Starback, 27, of Belleville, who was married just six weeks ago. FOUR CLIMBERS stranded for nearly a week on frozen Eiger mountain near Jungfrau, Switzerland, appeared destined to spend another day before another rescue attempt can be made. Two rescue parties made their way to the top of the mountain but failed in an attempt to lower a man by rope to the ledge where the four are stranded 1,500 feet below the summit. Food, drink, and warm clothing will be lowered to the men for what is hoped will be their last night on the ledge.

Two hours later the woman called and apologized. Her husband had removed the tree.

## Bad Check Cashing Spree Halted by Pair's Arrest

Woods police halted the bogus check cashing spree of two Detroiters, on Friday, August 9, with the arrest of a young couple who had bounced over \$800 worth of bad checks in three days.

Claud Waters was arrested in the J. C. Penny Store on Mack by officers Gaylord Golding and Harold Lanstra. Woods police had been notified by the assistant manager of the Wrigley store, that he suspected a man had just cashed a bad check in his store. He said he had an employe trailing the suspect, who had walked to the Penny store. Detective Leroy Tobian went to the grocery and picked up a driver's license and social security card that Waters had left as identification.

Promising to be bigger and more spectacular than ever, the third annual Regatta and Boat Review sponsored jointly by the Grosse Pointe Farms Boat Owners' Club and the City of Grosse Pointe Farms, gets under way this Sunday, August 18, at noon at the Grosse Pointe Farms municipal pier at the foot of Moross Road.

The program opens with sailboat races staged by the Crescent Sail Club, followed by the parade of decorated boats of all classes which will be judged for originality of theme and decorative skill. The regatta queen and her court, as chosen by a vote of the Grosse Pointe Farms lieutenants, will occupy boats leading the parade.

At 8 p.m., an open air dance in the play area back of the boat house will wind up the festivities. All prize awards will be made just prior to the dance.

Judges for the day will be notables and celebrities from the television, radio, newspaper and governmental fields.

Synchronized Swimming The synchronized swimming team, trained by Martha DeBoer, consists of Sue Labadie, Linda Campbell, Sybil Suay, Sue Dull and Dorothy Kotcher.

Waters was pointed out to police as he was browsing in Penny's. He was taken to the station, where he confessed to bouncing two bad checks in two different Wrigley markets, that day. He claimed he was behind on his alimony payments.

A records check showed that Waters was wanted for a speeding violation in Detroit. He had also been booked on passing no account checks, and had come to trial twice for not keeping up with his alimony payments.

The man said he took a bus to Grosse Pointe because he had been drinking, but police, suspecting he had an accomplice, searched the area for Waters' car. In a vehicle answering the description of Waters' Ford,

Walker was tried before Shores Judge John Gillis. (Continued on Page 2)

At the same time a \$2,150 award was made to Edward Donoghue, of 1859 Oxford road, Grosse Pointe Woods, also a die tryout leader. His manufacturing improvement makes use of a raised platform next to stamping machines to make parts more accessible to machine operators.

## Dutch Elm Disease Taking Heavy Toll Of Pointe's Trees

Casualty Lists of Four Municipalities Already Hit Century Mark, With Woods Figures Guesseed at 80

Well over one hundred of the Pointe's proudest possessions, the community's majestic American Elm trees, will be cut down before the summer is over. Although figures are lower than last year, Dutch Elm Disease continues to take a heavy toll. Tree experts explain that the unusual dry season the Pointe has experienced the past four weeks has come at the worst time for the elms. The reduced moisture weakens the tree and it becomes an easy prey for the elm beetles.

## Fast Police Action Nets Coat Thief

Catch Culprit on Bus Within 30 Minutes After Burglary Attempt at Proper's

A smooth, swift-working City Police Department exemplified efficiency on Friday, August 9, when police teamwork arrested a grand larcenist and solved a series of recent robberies.

The police got a call from Proper's men's store in The Village, on August 9, reporting a man had just attempted to take eight overcoats from a second floor store room. Thirty minutes later the police had the thief in custody.

First Theft August 6 The case actually began on August 6, when the store's owner, Pete Proper, discovered a sealed carton containing 22 overcoats, had been stolen from the same upstairs store room. The carton had been delivered on August 1, but no one in the store knew the exact date of the robbery. The coats are valued at \$829.50.

Police notified all the personnel in the store to keep an eye on the back door to the shop and report any suspects immediately. It was on August 9, that a salesman saw a man run down stairs in the rear of the store with eight overcoats over his arm. When the thief saw the clerk, he dropped the coats and ran down Kercheval place to Notre Dame. The salesman chased the robber toward St. Paul, then returned to the store and called the police.

Four Cars Used Officers William Waldecker, George Brackx, and Roger Parmentier were dispatched in separate cars. Captain Andy Teetaert came in an unmarked car. Teetaert suspected that the thief must have a car in the neighborhood, and an old Mercury was discovered parked with the keys in it, at the rear of A. S. Beck's. A plant was put on the car, and the other officers searched the neighborhood.

Officers Waldecker and Brackx suspected that the man would try to get out of the city, so, on a hunch, they stopped a bus at Jefferson and Notre Dame. They asked the driver if anyone had just got on who was sweating and puffing as if he had been running. The driver pointed to Henry S. Dombrowski, who got on the bus at Fisher and Jefferson.

Identified by Salesman Dombrowski, 28, gave his address as 5678 Central avenue, (Continued on Page 2)

## Tire Deflates Thief's Ideas

Ron Champine of Champine Delivery, phoned the City police station at 9 a. m. on Thursday, August 8, to report that a 1955 Chevrolet panel truck had been stolen from where it had been parked at the rear of 335 Fisher road.

A general broadcast went out to all police units in the area a minute later. At 9:09 a. m., officer William Fowler of the Farms police department, reported that he found the truck parked in front of 47 Whitcomb. The spare tire and wheel had been taken, and the right front tire was flat. Police suspect the flat tire encouraged the thief to ditch the truck.

## Edythe Forcier Stricken By Infantile Paralysis

Edythe Forcier of Grosse Pointe Woods became the second Pointer of the year to be stricken with a polio attack. The first victim was a little eight-year-old girl in the Shores. Both fell before the dread disease last week and are patients in Herman Kiefer hospital.

## Ten Youths Taken Before Prosecutor

License Number Taken by Resident Provides Clue To Arrest of Gang

Nine Grosse Pointe youths and a friend from Detroit were taken before Wayne County Prosecutor Dale Devlin yesterday, August 14. The boys, all 17 and 18 years old, were charged with a malicious destruction of property in the Woods and Farms, where they caused \$1200 damage by throwing bricks at parked cars.

The first complaint to come into the Farms police station was at 9:30 p.m. July 22. Within the hour, four more calls were received from car owners who reported windshields and convertible tops had been smashed by bricks.

Stories All the Same Four days later three complaints were received by Woods police. The story was the same. Car owners returned to their parked vehicles to find that they had been smashed and dented by brick-hurling hoodlums.

One complainant said she saw three boys climb into a dark colored car and speed away, but she couldn't identify the boys or the car.

The first break in the case came on August 2, when Woods detective Leroy Tobian received a telephone call from a resident who said he was going out of town. He reported that he had seen some boys throwing a brick from a car and was able to take down the license number.

Checked in Lansing A check through Lansing revealed the car was a 1953 Chevrolet owned by Alexander Stirling of 1005 Kensington. Sgt. Walter O'Dell, of the Woods police department, stopped at the Grosse Pointe Park Municipal Building and asked Lt. Stanley Enders if the Stirling residence had any children.

Enders stated that there was one boy, John Stirling, who was 17 years old. O'Dell, Tobian and Lt. Enders then went to the Stirling home and talked with John. At that time they placed him under arrest for investigation of malicious destruction of property. They took the youth to the Woods police station.

Following questioning, Stirling admitted that he had thrown bricks at some cars parked along the curb. He said he used the car, owned by his mother and dad.

Promised to Return He asked the officers' permission to leave so he could talk with the other boys who were involved, and promised to return in a couple hours.

Stirling returned to the station with Michael Donald Carrier, of 788 St. Clair. Michael admitted being with Stirling on the night of July 26, and throwing the bricks at parked cars. He said while he was throwing (Continued on Page 2)

Dr. Howland, professor of atomic medicine in the University of Rochester, is scheduled to speak at the Wayne University Medical School on Friday, August 16. His subject will be "The Use of Radio Active Isotopes in Medicine."

**Car Wreckers Caught**

(Continued from Page 1)  
 The bricks the car was driven by Larry Joe Dudley Brady, of 1360 Balfour. The bricks were stolen from a pile that was condemned. Twenty of these are, or were on private property. Another 12 have been cleared from City property. Last year the City had to take down 14 trees.

**Dutch Elm**

(Continued from Page 1)  
 Trees had to be cut down in the waterfront park. Last year the Park had 32 cases of the disease. In the City, 32 trees have been condemned. Twenty of these are, or were on private property. Another 12 have been cleared from City property. Last year the City had to take down 14 trees.

**35 Cases in Farms**

John DeFoe, assistant city engineer for the Farms, reports that his city will lose 35 elm trees this year. Eight have already been removed from city property and private owners are taking out 27 more. Samples of three more trees have been sent to Lansing for testing. Last year the Farms lost 61 trees.

The Shores reports that no trees will have to be cut on city property, but 11 home owners have been notified to remove infected elms. This figure compares with 18 lost last year. The Shores has a particular problem in that it has large open areas which have not been developed. There are no or few roads into these expanses, and spraying would be too costly.

**Law Requires Spraying**  
 The Shores, Farms, and City have a mandatory spray ordinance whereby property owners are required to spray their own trees twice a year. Once with a dormant spray in the spring, and then in August with the foliage spray.

The Woods doesn't have an effective spraying program as the community is bordered on two sides by cities which don't have control programs. Mayor Ken Koppin said that to the best of his knowledge there were 80 infected trees in the Woods, 30 in Ghesquiere Park, and 50 on private property.

Shock says Dutch Elm can be reduced to a minimum in the Pointe if people will notify their city engineer as soon as they suspect a tree has been infected. He pointed out that the majority of the elms which are cut down have never been sprayed. The ideal situation would be for a diseased tree to be sprayed 24 hours before it is to be taken down. This period would give the chemical a chance to kill the beetles in the tree.

**Get Chance to Spread**

Most companies just chop up the infected trees and then cart them through town to a dumping ground. In the passage through the Pointe the beetles drop from the tree and are free to attack healthy trees. Shock says that for about \$2.50, a diseased tree can be sprayed before it is felled. In most cases the tree can then be carted away with the assurance that it will not contaminate the rest of the community.

**Neophyte Driver In Minor Crash**  
 A teenage girl taking the driver training course offered at the High School this summer, became involved in a slight accident on August 5, when she was practicing driving in the school's parking lot.

She drove a new Chevrolet over a curb and struck the front of a new Plymouth owned by Forrest Geary, Director of the Community Services Program. Estimated damage to both cars was put at over \$100.

**Youth Council's Exchange Program Off to Good Start**

A City-Farms exchange program of the Michigan Youth Advisory Council successfully completed its first experiment last week, following the exchange visits of Health Boyer of 384 Hillcrest, and Bill Kissane, of St. Johns, Mich.

Boyer, a Grosse Pointe High School student, traveled to the Kissane farm on R-6 in St. Johns, to be the first in the pilot experiment of the project designed to better the relationships of city and rural youth.

His official host during his stay was Bill Kissane, a delegate to the Youth Advisory Council as state vice-president of the Future Farmers of America. Kissane is also state president of the 4-H Service Club, another of the 20 youth agencies in the Y.A.C. Boyer represents the Junior Red Cross on the council.

During the three days Boyer visited the Kissanes, he added a number of new experiences and impressions. Among them were milking, driving a tractor while cultivating beans, attending a livestock auction and working at the 4-H Service Club's milk booth at the Elsie Centennial.

In a letter to his host, Boyer reported his impressions of farm life in Clinton County:

"To me the first part of the exchange was a huge success. I had had virtually no previous farm experience, but the things I found were nearly carbon copies of the picture I had formed in my mind since I was a small child. The farm, its buildings, the farmer and his family and outlook on life were exactly as I had imagined that they would be. Don't get the idea that I was biased about it. I wasn't at all; it was a revelation to me, and had I found things much different, I think

it would have been more than a slight disappointment to me. I learned that a farmer has to know more about more things than probably any other man alive with the possible exception of a philosopher. . . . and I suspect that most farmers have a bit of that in them too.

"They have to be enough of an accountant to keep their figures straight, enough of a mechanic to keep their equipment operating smoothly, enough of a conservation expert to know how to glean the most from their land, a bit of a druggist so that they can mix the feeds properly, and they have to be enough of a doctor to administer occasional doses of penicillin or to assist in the birth of a calf or a litter of pigs."

"In helping Bill with his chores, I looked for some sign on his part that would tell me that he thought these things to be a pain in the neck or a drudge devised by someone just to occupy his time. I found no such attitude, but merely a persistence in completing them.

"All in all, it was a very worthwhile experience, and I am grateful for the opportunity to have participated."

On the second leg of the experiment, Bill Kissane visited the Boyers in Grosse Pointe for three days. Bill stated that the entire farm-city exchange program was proposed by the Youth Advisory Council last year. It is hoped that other organizations such as Farm Bureau Young People or the Juvenile Grange will take over and adopt the program if it proves successful.

 Detroit. He was taken to Proper's and identified by the salesman as the same man who dropped the coats and ran from the store.

A records check revealed that Dombrowski was on probation from Jackson Prison after having served 11 years for grand larceny. His car, it was discovered, is wanted by Detroit police. It was identified as a getaway car in a larceny in that city.

Dombrowski is wanted by the F.B.I. for larceny of goods involved in interstate traffic. He is also suspected of stealing \$2000 worth of nylon stockings.

 A warrant was issued on grand larceny on August 10. Dombrowski stood mute when

he was arraigned on August 12. He has been bound over to Circuit Court for trial. Now he is in the County Jail under \$2500 bond.

Mr. Proper stated that he has "never seen such fast and co-operative police work."

 they found Dorothy Lee Thomas, 25, and a mother of four. She said she had been married twice but was not living with her present husband. At first she claimed she did not know Waters. In the car, police found two blank check books hidden under the front seat.

Mrs. Thomas denied she had any money, but Waters claimed he had just given her \$200 in cash. Detective Tobian called in a matron who discovered a tight roll of bills which Mrs. Thomas had intimately concealed.

When confronted with this evidence she confessed to having the same address as Waters. The pair told police they had cashed over \$800 in bogus checks between August 7 and 9th in six Wrigley stores, two Kinney Shoe stores, a Sam's Cut Rate, a Sears and Roebuck store and a Lucky store.

Waters and Thomas were turned over to the Bogus Check Detail in Detroit. The Woods will incorporate its complaint against the pair with Detroit's charges. The two will be tried in Recorder's Court. Both were on probation for uttering and publishing when they were arrested last Friday.

If people would only stay awake and listen to the Sunday sermon they probably would sleep better nights.

**Keeping Current... For Economy!**

In the illustration above, you see a very happy man at a very wonderful moment. The title, the keys and the car are his—and he's starting out on his first journey at the wheel.

Of course, there's not much doubt as to why he decided to purchase a new Cadillac.

Like everyone else who selects the "car of cars", he did it to "keep current", so to speak, on the new miracles of performance and beauty and comfort that Cadillac engineers and stylists have made available to the world's motorists.

But coming to Cadillac, as he did, at this time of the year, we suspect that he was inspired by the added motive of practicality.

For in addition to the normal Cadillac economies of modest purchase price, low operating cost and high resale value—

Cadillac dealers are, at this time, *seasonally prepared* to make Cadillac ownership even more attractive than ever.

Because of the demand for used cars and because of increased production of the Cadillac car itself, the odds are that this gentleman received both a generous allowance on his previous car and prompt delivery of his new Cadillac.

All in all, he took advantage of an opportunity to combine motordom's greatest virtues with motordom's greatest value.

Have you considered how wonderful it would be to step into a Cadillac of your own? Then, you should pay your dealer a visit—spend an hour on the highway in the luxury of Fleetwood coachcrafting—and get the facts for yourself.

You'll find that the car is Cadillac—and the time is now!

### Driver Jailed After Joyride

A young driver who gave a Lake Orion address, is now serving 10 days in the Wayne County Jail under \$2500 bond.

Park police officer John Carroll, stopped Joseph Lynch on Monday morning, August 5, and questioned him about the South Dakota license plates on his car. The car had been spotted cruising in the Park the previous day. It was broken down at the curb when the officer approached Lynch.

The 18-year-old youth told the officer he was just cruising around when the engine sputtered and died. He was taken into the station and his record was checked through Lansing. Lynch had served a term in Boys Vocational School for breaking and entering and had been released.

His father was located. He said he had just purchased the car in S. Dakota and had not yet applied for Michigan plates. He said his son had taken the car without his permission.

When the younger Lynch could not pay his fine, he was sent to jail.

### Atom Smashers Hold Seminar

CORNELL UNIVERSITY, Ithaca, N. Y.—"Rubbing elbows" with atom smashers and electronic brains as well as top scientists and mathematicians was all part of a day's routine this summer for Kenneth C. Cook, science teacher at Grosse Pointe High School.

Mr. Cook was one of 45 outstanding high school science and mathematics teachers from eastern United States and Canada, attending a six-week Merit Fellowship seminar at Cornell University.

Educators participating in the seminar studied advanced teaching methods, science and mathematics and visited nearby industrial research laboratories. In addition, nationally-known authorities in their fields appeared as guest lecturers before the group.

The seminar was designed to help meet the nation's need for scientists and engineering by providing inspiration and encouragement to high school science and mathematics teachers who play a key role in a student's decision to embark on a career in science.

The Merit Fellowship seminar which began on July 1 extended through August 9. A foundation provided selected teachers with travel expenses, tuition fees and living costs, and reimbursed them for income they normally would have earned in summer employment. A similar seminar for 45 Western high school educators was sponsored by the foundation at Stanford University.

Cook attended De Pauw University and received his M.S. in biochemistry and his M.A. in education from the University of Iowa. He taught in Iowa for nine years before coming to Grosse Pointe in 1953.

Cook, who is married and has a daughter, resides at 1814 Bournemouth, Grosse Pointe Woods.

### Will Honor Youth Leaders At Michigan State Fair

Edward Langs, 281 University place, is one of 26 youth leaders of Michigan to be honored by the Michigan State Fair at the Farm-City Youth Awards Dinner on Monday, September 2.

Langs was nominated by the Explorer Scouts as the 1957 outstanding leader from its membership.

As a Boy Scout, Edward has attained the rank of Eagle Scout, and has earned 28 merit badges. During his fourth year as a member of Boy Scout Troop 19 he filled the troop requirement for a Junior Assistant Scoutmaster in an unofficial capacity due to his age.

Edward has served as a delegate of District 3 on the Explorer Advisory Council since March 8, 1956, and he was also selected by the Planning Committee and Selection Committee

### Distance Swim Set for Saturday

The City of Grosse Pointe is holding its annual long distance swimming meet, which will start at the City park pier and end at the Farms park pier, on Saturday, August 17, at 2:30 p.m.

Last year's winner, Edward Pongraz, and 1955 winner, John Chase, have both submitted their entry blanks. In addition to Edward and John, such outstanding swimmers as John Hammond, Danny Beasume, Mary Measel, Jerry Mohl and Paul Alcott, will also compete.

If the lake is calm, last year's winning time of 41.45 minutes (distance approximately 2 miles) is almost certain to be broken. The residents of the Grosse Pointe are welcome to witness the start of the race at the City pier. Individual park pass of any Pointe park will gain admittance to the City park.

### Fast Turn Plants Car in Parkway

A local resident who was driving his snappy, new convertible a little too fast on Tuesday evening, August 6, found the corner at Mack and Vernier too tough to handle and bounced his car over the curb and into the center island.

Paul E. Kasper, of 1428 Buckingham, was driving north on Vernier and attempted to make a right turn onto Mack. The car came to a stop in the center parkway.

Kasper was ticketed for not having his car under control. He was not hurt. There was no damage to city property.

Four Senior and 10 Cadet members of Grosse Pointe Squadron 636-5 Civil Air Patrol returned home Saturday after completing a 12-day summer encampment of the Michigan Wing. The encampment, held at Chanute Air Force Base, Rantoul, Ill., was commanded by Major C. E. Polsgrove of Detroit.

Senior members included Second Lt. Robert Wassel, 9253 Philip; F/Sgt. Roger Dunge, 416 Calvin; F/Sgt. Gerald Rebbin, 5283 Nottingham, and Sgt. Vicky Walyn, 12261 Promenade.

Training during the encampment included familiarization with a number of the Air Force Technical Training Courses taught at the base and instruction in drill, military courtesy and character guidance. A formal review of the Cadet Wing and graduation dance on Thursday night brought encampment activities to a close.

### Loud Explosion Baffles Police

Park police, and residents in the area near the waterfront park at the foot of Alter road, are still baffled as to the cause of a loud explosion in the parking lot of the park, Monday evening, August 5.

Police investigating the explosion, found a jagged piece of metal which they were unable to identify. There was no evidence of powder burns on the ground or the metal.

### Speeders Face Double Trouble

A routine traffic arrest in the Woods on August 7, netted two men who were sought by Detroit police for traffic offenses in that city.

James Darmis of 1724 Seyburn, and his passenger, Kemper Herd, of 7632 Kercheval, were picked up for speeding in Darmis' car. A records check revealed that both men had failed to answer summonses in Detroit. They were released to the Detroit authorities.

An angry man is Sylvester T. Bly,  
 Who today was sold a piece of "blue sky."  
 He'd stepped in a showroom—out of the rain,  
 Was sold a new car before he could explain!  
 How he hated the styling—so high and square  
 And in new features it was really bare.  
 "I got a real bargain—the buy of my life—  
 But how do I ever convince my own wife?"

**Moral: You're paying for a new car... make sure you get one!**

When you buy a new car, put your money on tomorrow—not yesterday. Swept-Wing Dodge actually *obsoletes* other cars in its field. Should you invest in high, boxy styling when Dodge offers the low, low look of tomorrow? Should you invest in outmoded coil springs when Dodge offers new Torsion-Aire Ride? Should you invest in an old-fashioned lever-type transmission when Dodge offers the ease of Push-Button Driving? In other things, too—engines, brakes, interiors—Dodge is years ahead. So put your money on tomorrow. See your Dodge dealer. Join the swing to the Swept-Wing Dodge!

Police Covered With Confusion

This merry-go-round of confusion all started August 1, when Farms patrolman Earl Field stopped Donald Miller for speeding on Lake Shore road.

When asked to produce a registration for the car, Miller came up with a tattered title showing the car was owned by James Lucas of Warren, Mich. Miller said he traded a Plymouth to Frank Zdowski, of St. Clair Shores, for the 1947 Ford registered to Lucas. He said he, Lucas, got the car from Edith Hall of Warren, Mich.

Two days later, Farms police had located Lucas. He said he never notified Lansing when the car was transferred to him from Mrs. Hall. He said he sold the car to Ralph Smith of St. Clair Shores, who then sold it to Zdowski, who traded it to Miller.

The police kept the car until the last legally registered owner, Lucas, came to claim it.

Police Chief Gets the Bird

Whoever has lost his or her pet bird, species unknown, banded with number 541-0-0042, please get in touch with Park Police Chief Arthur Louwers.

The chief took the bird under his wing last week when it became necessary to provide temporary quarters until the owner could be located. The feathered creature, which is smaller than a robin, has a long pointed beak, has black tipped wings and a rust-colored breast, and eats anything, was found by Glen Short in his backyard at 1265 Buckingham.

When police facilities, jail property room, dog pound proved not feasible for lodging, the chief decided to take the bird home.

He reports that the pet is completely tame and will sit on his finger and eat out of his hand. He is hoping the rightful owner will soon claim the bird before the Louwers are eaten out of house and home.

Robert J. Meier Given Drive Post

Robert J. Meier, president of Meier Brass & Aluminum Company, Hazel Park, will be industry chairman for the 1957 United Foundation Torch Drive for the South Oakland Region.

Mr. Meier served as Hazel Park's industry chairman in the 1956 Torch Drive.

He lives at 272 Cloverly road, Grosse Pointe Farms, and is the father of three children—Kathleen, Robert, Jr., and Mary.

Mr. Meier is a member of the Detroit Athletic Club, Grosse Pointe Yacht Club, Lochmoor Club and chairman of the Michigan chapter of the Young Presidents' Organization.

In the 1957 Torch Drive he will head approximately 100 volunteer industrial chairmen and captains in solicitations from approximately 800 industries in nine South Oakland County communities.

He succeeds Robert B. Bender, 1957 general UF chairman for the South Oakland Region, who was industry chairman last year.

Church Families To Attend Camp

Fourteen families of the Grosse Pointe Memorial Church will spend the week of August 17 to 24 at Presbytery Point Camp on Lake Michigan near Ishpeming in the Upper Peninsula.

Family camping is a program under church auspices for the whole family. The purpose is to explore ways of enriching the Christian home through sharing in recreation and fellowship and to develop creative family living.

Under the direction of the Rev. Ben L. Tallman, associate minister of Memorial Church, 28 adults and 32 children will enjoy a week's camping experience, with special study and recreation activities for the whole family. The Rev. Richard McCarthy, assistant minister of the First Presbyterian Church, Wyandotte, Mich., will serve as guest minister for the camp.

Church families attending the camp will include the families of D. H. Beasley, William Boyd, Edward Bunn, William Carleton, Robert C. Chope, William Coddington, Kennard Jones, Donn Kipka, Kenneth Locke, Robert Maynard, Samuel Thorne, and Neil Smith.

Seals Awarded To Newsdealers

In appreciation for the fine voluntary co-operation on the part of the newsdealers in the Grosse Pointe area, the Grosse Pointe Council of Better Literature for Youth is awarding a seal for display in their windows.

The Council realizes that display of this seal will stimulate business for the merchants. This is an answer to a request of the merchants themselves as well as the citizens of the community who are waiting to lend their support to conscientious retailers.

The primary objective of this organization is to maintain the high quality which is in keeping with the standards of the community. By protecting the youth from this national menace of indecent literature, these citizens believe that juvenile delinquency can be prevented before it starts.

Young Cyclist Has Close Call

Young Bruce Nichols, of 537 Lakeland, escaped with nothing more than a good bump on the head when he ran a red light on his bicycle and rode into the path of a car driven by Thomas D. Baumister, of 541 Neff.

The minor accident occurred on August 7, when Bruce, who was riding east on Charlevoix, went against the red signal at Neff. Baumister was driving a 1950 Ford north on Neff, and was going through the intersection when the boy rode in front of his car.

The driver of the car was exonerated from any blame.

Scouts to Hold Big Conference

Nearly two hundred Explorers and leaders of the Detroit Area Council, Boy Scouts of America, will gather at Cranbrook Institute on Sunday forenoon, August 25 for the Second Annual "Citizens Now" Conference. Explorer Edward Langs, member of Sea Explorer Ship 19, sponsored by Maire School P.T.A. of Grosse Pointe, will chair the conference which will hear outstanding speakers on the subjects of "Citizens Now," "Citizens Now — in the Home" and "Citizens Now on the Highway."

The keynote address—"Citizens Now" will be made by George Ridout, Executive Director Institute for Economic Education, Inc. Harry D. Hoey, Headmaster of Cranbrook School will extend greetings. On Tuesday morning the

Rev. Adam Westmass, Assistant Pastor of Westminster Presbyterian Church, will address the Explorers on the subject "Citizens Now — in the Home." Discussion groups will then examine the subject further and develop findings to be relayed by Explorers to members of their "home units at a later date."

"Citizens Now — on the Highway" will be presented on Tuesday afternoon by Garnet Griffin, Assistant Director Traffic Safety Association of Detroit. Discussions, swimming and outdoor recreation will complete the afternoon program. Climate of the day will be the "Aqua-Rock," a co-ed social event.

Music will be provided by Nick Prychitko and his Rhythm Kings. Senior Girl Scouts of South Oakland County will be guests of the Explorers.

Highlight of the Tuesday morning program will be a display of sports cars and a Rod-A-O to be conducted jointly by the Michigan Trucking Association, Detroit Police Department and the Safety Division of the Detroit Public Schools. Following talks on Safety will come demonstrations and instruction in highway safety. Also included will be Psycho-Physical Testing of driver reaction and a contest in which Explorers will be given an opportunity to demonstrate skill in handling cars and to be graded on their ability. The Conference will be concluded at 3:30 p.m. Tuesday following presentation of Youth Platforms — "Citizens Now in the Home" and "Citizens Now on the Highway."

### Two Spare Tires Reported Stolen

A Mt. Clemens visitor at a home in N. Oxford road, had his car robbed of a new white sidewall tire and rim, during the evening of August 3.

Robert Puchalla had parked his car in front of 640 H. Oxford, and when he returned the tire was gone. A neighbor told police she was watching a robin with her binoculars and saw a blond boy take the wheel. He left with a girl companion in a 1956 red and black Plymouth.

The following evening Frederick Macnob, of 2118 Beaufait, reported to Woods police that someone had stolen the spare tire and wheel from his 1954 Dodge.

**Eastland Plans Events for Kids**

For its very first special Cen-  
ter-wide event, Eastland Center  
is staging a week of children's  
entertainment attractions to co-  
incide with "Back-to-School

"Week," August 19 to 24.  
Norman Cummings, public re-  
lations manager for Eastland,  
has signed 10 different features  
for appearance during the week

and has arranged two extra ex-  
hibits for the special events  
building and the area surround-  
ing it.

Heading the features to be  
presented is "Sage Brush  
Shorty," the TV comic, who will  
act as Master of Ceremonies and  
entertain all week long. The  
stage will be set up in the Grand  
Court and show hours are 2 to 3  
p.m. daily, with extra shows  
from 7 to 8 p.m. on Thursday,  
Friday and Saturday.

Appearing on stage will be, in  
addition to Sage Brush Shorty,  
Patrolman Anthony Hosang with  
his trained safety dog, "Tina"—  
every day during the week.  
From Monday through Wednes-  
day, Don Amato, the juggler  
clown, and Gerry Geraldo, a  
balancing acrobat, will perform  
for the "back-to-school" young-  
sters.

On Thursday through Satur-  
day, Harold Ramm, the well-  
known puppeteer, and Ricky, a  
clown with a trained llama and  
mule, will entertain the young  
folks. Extra attractions are:  
Thursday and Friday evenings,  
the Detroit Turners in a gymnastics  
exhibition. On Thursday and Fri-  
day evenings the Boy Scout In-  
dian Dancers will perform. On  
Saturday morning between 10  
and 11 o'clock, there will be a  
dog training and obedience show  
on stage.

On Thursday and Friday after-  
noon, and on Saturday even-  
ing next week, Bill Kane, the  
amusing organ grinder with his  
monkey, will be on hand to pro-  
vide smiles.

The possibility of the appear-  
ance of some sports celebrities  
is also being explored.

The exhibits of special inter-  
est are the display of Soap Box  
Derby racers in the special  
events building and an exhibit  
of foreign sports cars in the area  
near the special events building.  
There is no charge for any of  
these attractions.

Additional attractions are the  
daily radio broadcasts from the  
special events building, which  
Center visitors may see through  
the glass partitions. Jim Wood  
broadcasts from 11 to 13 daily  
and Jim De Land from 4:30 to  
6:00 daily from WWJ's Eastland  
Studio.

The merchants of Eastland,  
already happy with public re-  
sponse and anticipating record  
crowds next week, say that  
Back-to-School stocks of mer-  
chandise will be literally bulg-  
ing.

You are halfway up the lad-  
der of success if you are doing  
the work you like, and making  
a living at it.

**Celebrate 50 Wedded Years**

MR. and MRS. WALTER A. HUNSBURGER of 2168  
Hollywood road celebrated their 50th wedding anni-  
versary on August 10. They were married in Youngstown,  
Ohio, and were both born in Pittsburgh, Pa. They have  
lived in Grosse Pointe Woods for 18 years. Honoring  
them with an "open-house" reception were their son-in-  
law and daughter, Mr. and Mrs. Harry O. Beattie of Brys  
drive. Attending was another daughter, Mrs. Ida Slat-  
cher, four grandchildren, five great grandchildren and  
many friends of the couple.

**Robert Morse Claims Bride**

A candlelit, double-ring cere-  
mony Saturday evening in St.  
Peter's Lutheran Church, East  
Detroit, united Helen M. Moore,  
daughter of Mr. and Mrs. George  
L. Moore of Roseville, and  
Robert C. Morse, son of Mr. and  
Mrs. Lathrop P. Morse of Roslyn  
road. The Reverend E. C. Peter-  
son officiated.

A bodice-fitted, ballerina-  
length gown of white lace over  
nylon tulle over tissue taffeta  
with a scalloped, sequin-studded  
Italian neckline was worn by  
the bride. Her headpiece was  
studded with sequins and cas-  
caded a nylon tulle veil. She  
carried a white orchid and  
prayerbook.

Matron of honor and sister of  
the bride, Mrs. David (Evelyn)  
Schales, and the bridesmaids,  
Catherine Pizzimenti and Nancy  
Moore, all wore princess-style,  
ballerina-length gowns of floral  
printed white nylon over pale  
blue tissue taffeta. This gowns  
were trimmed with blue velvet  
ribbons and bows.

Lathrop P. Morse, Jr., brother  
of the bridegroom, served as  
best man, and the ushers were  
Louis Testa, Allen Underwood,  
and Phillip Knope.

For her daughter's wedding  
and reception in the church par-  
lors, Mrs. Moore wore a beige  
gown with lace bodice and  
nylon tulle flared skirt. Rhine-  
stone clasps highlighted the  
sweetheart neckline. The bride-  
groom's mother, Mrs. Morse,  
chose a Wedgewood blue gown  
with lace bodice and chiffon  
skirt and blue accessories.

Following the reception for  
150 guests in the church parlors,  
the bridal couple left for Cryst-  
al Lake. On their return, they  
will reside in East Detroit.

### Keep the Record Intact

That time is with us once more when warnings are beginning to emanate from safety organizations, police departments, insurance companies, et al, about the approaching school-opening season and the hazards which traffic presents to the children of school age.

It would seem entirely fitting to couple the admonition to our motorists with a word of commendation to the Pointe police departments who have done such an admirable job in preserving the safety record of this community, especially as it is concerned with our children.

Lectures given within the schools by police officers, bicycle safety campaigns, talks before Parent-Teacher organizations, constant publicity sponsored by the law enforcement agencies, compulsory student driving training, traffic schools for new licensees, the hiring of extra school crossing guards, and a multitude of other methods are employed to stress this matter of safe driving and a display of intelligence by the pedestrian, young or old.

The Pointe's record regarding its safeguarding of school children is much to be envied. We congratulate the police officers and all the others who have helped create this record. We know their work will continue. It remains with each one of us who drives to see that their time and efforts are not expended in vain. Let the parents do their part by impressing to the utmost on their children the importance of learning the lesson of caution in traffic. Let every driver make certain that he does not violate any of the fundamental principles of safe driving that could bring death to a child.

Last year 2,650 youngsters between the ages of five and 14 lost their lives on our nation's highways. None of these deaths was in the Pointe. Let's keep it that way.

### Senator Potter Reports

August 5, 1957  
ONE BLOCK away from Washington's bustling downtown business section sits a shaded mansion mellowed by almost two centuries of history. The White House has a sixteen-acre front and backyard, elm trees, and a place to hang out the wash. The property is circled by a tall iron fence through which little boys who want to be president press noses and parents peer for a glimpse of the Chief Executive, who may sometimes be seen on the lawn.

I stopped in the other day for a talk with my boss. When you have a business appointment with President Eisenhower, you do not enter the front door at 1600 Pennsylvania Avenue but turn the corner to the "west wing." Here, back in 1902, President Theodore Roosevelt set up the offices, removing them for the first time from the official residence, and here the offices have remained.

YOU WALK or drive up a curving roadway, past a neat white frame guardhouse, manned by a fine-looking White House police officer. He checks your name against his list of expected callers. Inside the gracious French doors, you are greeted by Secret Service officer William Simmons, who has served as Chief Receptionist for two decades. He, too, must clear your name. If you arrive a few minutes early, as most White House callers do, you are invited to sit on one of the comfortable leather couches which flank the room.

At the appointed time, you turn left down a corridor to the office of Mr. Bernard Shanley, Appointments Secretary, located just next to the President's room. When the Chief Executive is ready to receive you, Mr. Shanley escorts you into the handsome oval office.

The hearty handshake, the wide grin, the quick grasp of your problem, the sympathetic attention as you state your case—all these are familiar, remembered from other visits. This time, however, you launch into your problem at once. The proposal you are about to make is so important that you have prepared a short memorandum to leave with the President. Here it is:

"MAY I RESPECTFULLY direct your attention to a problem which affects the laboring men and women of the United States and particularly those in the State of Michigan.

The rapid pace of scientific advance has produced machines which in many instances can entirely take over the work of men. Automation, as this process is termed, has reached a point where whole factories can be operated by a mere handful of persons. While automation is expected to bring miracles of production, at the same time it wipes out the need for certain types of jobs.

"Nowhere have all the facts and implications of automation been brought together in comprehensive and logical form. The problems created by the

side of mechanization are urgent. Automation, for example, will seriously affect small businesses. How can we save them from annihilation? Automation will deprive workers of jobs and is doing so already. Where do we reemploy them? Automation creates needs for new skills. How and where shall we train our workers? What of the older workers who cannot be retrained?

"I cannot emphasize too strongly the need for prompt measures, so that dislocations in the economy may be avoided. I respectfully urge that a federal commission be created to study the impact of this dynamic new force of automation and that it be empowered to make recommendations in the interest of all segments of our society. I further urge that while such a commission is being set up, that you direct the Department of Labor to immediately initiate a pilot study in Michigan, one of the most highly industrialized states in the union, where the effects of automation are becoming increasingly apparent."

THE PRESIDENT, his arm around your shoulder, says, "Charlie, this is a fine idea. We'll follow through with Jim Mitchell." As you leave, you see him pick up your memorandum and begin to read it again. Outdoors, in the steaming Washington heat, you push through a line of tourists waiting to visit the resplendent East Room, Blue Room and State Dining Room of the Executive Mansion. Hardly one of them knows of the existence of the wing you have just left. You return to the Capitol, hoping that your efforts to serve a great State and her great people will succeed.

Best wishes.  
CHARLES E. POTTER,  
United States Senator.

### Married Housing Project Expands

Contracts have been let for construction of 800 new apartments in the married housing project on the western edge of the Michigan State University campus.

Completion of the 800 units will bring to 1,940 the number of apartment units constructed by the university for use by married students. There will be 2,500 such units when the project is finally completed.

### NAMED LEGION HEAD

Giles A. Reeve of Ecorse was elected Department Commander of the American Legion, Department of Michigan, by the 39th Department Convention at its closing session Grand Rapids on July 21. A 35 year old WW II veteran, Reeve is employed at the Great Lakes Steel Corporation as Administrative Head of the General Labor Department. Prior to his election as commander, he served as department vice commander for the 1st Zone.

## What Goes On at Your Library

By Jean Taylor

W. J. KIMBROUGH  
Guest Columnist

As reported in this column several weeks ago, the Grosse Pointe Public Library's film collection will be bolstered by the addition of at least four new films during the coming year. The titles of these films are now known, and they will be available to Library film-users for borrowing on September 1.

Through a generous gift of the Friends of the Grosse Pointe Public Library, two of the fine children's films produced by Great Britain's J. Arthur Rank have been purchased. They are SECRET TUNNEL and LITTLE BALLERINA. Both films have been shown on the Library's Summer Film Program for Boys and Girls, and have won the enthusiastic approval of the small fry that attended the showings.

SECRET TUNNEL concerns the mysterious disappearance of some valuable art treasures from the basement vault of the Henderson's country home in England. A fake call from Scotland Yard sends Mr. Henderson to London to claim a stolen painting. In his father's absence, young Tom Henderson and a playmate set about to solve the mystery, and in so doing they discover a secret tunnel through which the thieves must have come. The boys are discovered by the thieves and things look pretty black for them, but a rapid series of exciting events sees the boys to safety, the stolen goods returned, and the thieves to justice.

LITTLE BALLERINA is the story of a poor girl who seeks to become a famous ballerina. Her struggle against poverty, misfortune, and the scheming of a jealous classmate is set against the beauty and excitement of the ballet. Through hard work, Joan ultimately achieves her goal, and young spectators of the film will have had a delightful time in following her backstage adventures.

Both these films are of almost feature length, SECRET TUNNEL running 46 minutes, and LITTLE BALLERINA running

57 minutes. In both films the audience is brought unobtrusively into contact with good behavior, family affection, loyalty, courage, honesty, perseverance and kindness. Villains are punished, but are generally portrayed in slightly comical terms and are never made frightening. They are alive with child interest (adults actually have secondary roles in both films), keyed to mystery, suspense, and adventure. They are fast-paced, with a minimum of dialogue to clutter the action. SECRET TUNNEL and LITTLE BALLERINA are doubtless going to be popular films for young people (ages 8-14, especially), and they may be shown appropriately in schools, clubs, at birthday parties, or merely at a family showing.

Through another generous and significant gift of the Grosse Pointe Motion Picture and Television Council, the Library has purchased the Technicolor cartoon, MADELINE, based on the popular book by Ludwig Bemelmans. MADELINE is the story of a little girl who is attending school in Paris. She is the youngest of 12 little girls who "smiled at the good—frowned at the bad" and marched all over Paris—in two straight lines under the guidance of Miss Calvell. The pictures and verses are accurately based on the original story and include Paris backdrops.

The Michigan Bell Telephone Company has deposited one of its color films, WESTERN CROSSING, at the Library on a long-term loan, and it will also be available to film-users after September first. WESTERN CROSSING shows the building of the transcontinental underground cable. It pictures the cable-laying machinery, the workers, and the scenery along the cable's path. Anyone interested in further information concerning these films, as well as the Library's film services in general, is urged to call the Film Counselor at the Central Library, TUxedo 4-2200.

### Letter To The Editor

Tut Tut Mr. Edgar!

Your editorial of August 1, 1957 starting out with "A fresh crop of malicious morons" . . . certainly must cause many people to think back of many statements made in the past few years pertaining to our community and particular to our school system.

Respectfully I call your attention to your own issue of Jan. 19, 1956 besides a powerful headline which urged a yes vote on schools (no one did urge a no vote on schools), this front page carried an open letter by James W. Lee, II, then president of the Board of Education, and on behalf of the entire board, part of which said, and I quote:

Grosse Pointe is the envy of many parts of the country, its people are charming and lovely and its total property valuation is high.

One of the reasons for the character of Grosse Pointe is its public school system. Well, well, well! You Mr. Edgar have backed this school system and its board of directors in its entirety, while the charming and lovely people of Grosse Pointe proved in the last school election that they were not interested in their schools by not bothering to vote.

And now this community is producing "A fresh crop of malicious morons" . . .

Of course, Mr. Edgar, most of us are aware that these waves of delinquency go through the entire country, yes, the entire world. But do you not think that it is time to perhaps ask ourselves the question, is it possible that we give our children too much of play? And that both in the home, and in the school, the teaching of responsibility is sadly neglected?

Sincerely,  
Reyer Van Zanen

### Pointe Business Notes

Appointment of James H. Quello as WJR program manager, effective August 12, was announced by F. Sibley Moore, vice-president and operations manager of the Goodwill Station.

In his new capacity Quello will direct all WJR programming and public affairs activities. During his ten years with WJR, Quello has served as publicity and sales promotion manager and as advertising and public relations director. He started in radio in 1935 as a newscaster at WKAR, East Lansing, while attending Michigan State University. He came to WJR from Station WXYZ, where he served as publicity manager for the station and also for the "Lone Ranger" and "Green Hornet," nationally known programs then being produced at the station.

Quello is a World War II army veteran. He served overseas in Africa and Europe for 32 months as a combat infantryman progressing in rank from lieutenant to lieutenant-colonel.

He is active in civic and industry affairs. He is now serving his fourth year as Legislative Chairman for the Michigan Association of Radio-Television Broadcasters. He is a Detroit Housing Commissioner; a Board of Trustee member of the \$50,000,000 Michigan Veterans Trust Fund and served this year as Public Relations Chairman of the Detroit Aircraft Club.

It's paradoxical, but some men are ruined because they can't get credit and others because they can.

### Ice May Save Your Life

By FRED M. KOPP, R. Ph.

In the last seven years ice has been found very effective in treating various injuries. First used in amputations, refrigeration treatment is now applied in cases of burns, frostbite, and advanced stages of cancer.

Ice or refrigeration as it is called reduces pain and swelling, arrests infection, and eliminates shock in operation. One of its greatest advantages is that it permits the postponement of an operation until the patient is physically able to safely undergo it.

This is the 661st of a series of editorial advertisements appearing in this paper each week.

### Postal Clerks' Outing Sunday

Local Detroit area postal clerks are planning a picnic and field day at Jefferson Beach Park on Sunday, August 18, to raise money for their Benevolent Fund. This picnic will be similar to the annual picnic and field day held by Detroit Letter Carriers.

The committee, appointed by Local 295, National Federation of Post Office Clerks, have completed plans for the first outing, of what is expected to be a yearly event, to augment the funds necessary to maintain and support this Union welfare action.

An old fashioned picnic is scheduled, with games and 10

cent rides in the park for the entire family. Food and refreshments will be available.

These postal clerks are the people who serve you at the many stations throughout the city, and the people who sort and distribute mail at the Roosevelt Park Annex Postoffice. They are the people behind the scenes who see that your particular letter or parcel reaches its proper destination.

The public is being cordially invited to join these postal workers for a day of enjoyment and relaxation at Jefferson Beach Park, Nine Mile Road and E. Jefferson, on Sunday, from 9 a.m. to 7 p.m.

### Vacation in Hawaii

Recently visiting Kauai in the Hawaiian Islands were the MISSES CHRISTA MUELLER, left, of Hampton road, and SARA BARNES of McKinley avenue. They are shown in the spacious grounds of the Coco Palms, where they were guests. Kauai is known as the Garden Island of Hawaii because of its luxuriant tropical foliage. Its scenic attractions include Hanalei valley, a lush green bowl with a river sparkling through to the blue Pacific.

### Polio Victim

(Continued from Page 1)  
a woman was so honored by this body.

Her husband Henry and sister Mildred are the only visitors she can have as she fights to pass the crisis of her attack in Room 214, Building Six at Herman Kiefer. Edythe can't have flowers and she doesn't want them. As a matter of fact she doesn't want anything for herself, but as always, she wants something for others.

When Edythe learned that the hundreds of young polio sufferers in the hospital didn't have a TV set she requested that something be done to obtain this form of entertainment for the youngsters. It is understood that some Mack avenue merchants heard of Edythe's desire and have started a fund to buy TV sets for the patients.

Edythe can have letters and post cards and already the hospital mailroom is working a stepped up pace to handle the cheery notes from her friends.

Let's get on Edythe's side and send that note or postcard and cheer her up in her time of need. And wouldn't it be nice to enclose a bit of green to help her campaign for TV sets for her fellow patients.

## Grosse Pointe News

### From Another Pointe of View

By Kitty Marriott

From now until September 15, the 12 individual garden club plots in the Trial Gardens beside the lake on the grounds of the Grosse Pointe War Memorial are open to the public to be viewed and judged by popular vote.

A good deal of experimental work has gone into this project, and each garden club has planted an individual plot to carry out a special theme. The list is posted in the bulletin board in the garden.

Visitors are requested to leave their ballots with the gardener, Herman Denzler, who is in attendance at the gardens on Tuesday, Wednesday and Thursday from 10 a.m. to 12 noon, and 2 p.m. to 4 p.m. After August 19, votes should be left in the War Memorial office.

#### Color and Fragrance

Mrs. Alan Beebe is Trial Garden chairman, assisted by Mrs. Dexter Ferry. They suggest that viewers, in voting for the plot of their choice, consider both the selection of material in the plot and its general design.

Variety is the keynote of the project. The Garden Club of Michigan, under the direction of Mrs. Frederick Campbell, has a garden of fragrance. Windmill Pointe Garden Club, with Mrs. Harry Winston and Mrs. J. D. Corfield at the helm, planted a "true blue" garden with all flowers in a true blue color.

All kinds of geraniums fill the Grosse Pointe Shores Garden Club plot, which Mrs. Harold E. Walton and Mrs. Edgar Flintermann oversaw. The Grosse Pointe Park Garden Club selected new varieties ranging from blues to purples. Mrs. Emil Leidich and Mrs. Howard Poppen were in charge.

#### Flowers and More Flowers

Lilies were the choice of the Junior League Gardeners, with Miss Frances Huntington, Mrs. Charles B. Johnson and Mrs. Edward R. Grace doing the planting. Grosse Pointe Farm and Garden Club has a pretty plot filled with verbenas, compliments of Mrs. David Gillis and Mrs. Harold Smith.

After deciding upon a colonial garden, Suburbia Garden Club members first grew their flowers from seeds in a greenhouse and then placed the resultant plants in their plot. Mrs. Raymond Duffy, Jr., Mrs. Robert Lewis and Mrs. Robert Howard were in charge of this research venture.

Zinnias in shades of pink, from smallest to largest variety, are in the Village Garden Club's section. Mrs. Henry T. Meyers and Mrs. Raymond Berry directed. Mrs. Henry Bogle and Mrs. Mark C. Stevens planted dahlias with a border of betanica for the Grosse Pointe Garden Club.

#### Center of the Wheel

The newly formed Grand Marais Garden Club planted white petunias and white ageratum bordered by Alpine strawberries to form a focal point of interest in the center of the big wheel-shaped trial gardens. Mrs. Alfred W. Crabb and Mrs. Louis Blauman handled this arrangement.

Mesdames Albert Beaver, Frederick O. Rising and Clyde Dease planted a variety of flowers in shades of pink for the Grosse Pointe Woods Garden Club, and the Pointe Garden Club specialized in continuous blooms beginning with tulips in early spring and continuing on right through the summer. Mrs. Bayard Johnson and Robert Anslow headed this group.

## Lochmoor Holding Annual Tournament

Competition for Men Golfers Provided Opportunity For Social Events as Side Attractions; Qualifying Round Thursday

Beginning today, (Thursday, August 15), Lochmoor Club is hosting its 20th annual Invitational Golf Tournament continuing through Sunday, August 18.

Turning the tables on the ladies, who for a short period just a few weeks ago claimed the center of the limelight, upon the occasion of the L.P.G.A. Wolverine Open, the invitational tournament is "for men only".

The distaff side will be compelled to grace the sidelines, relegated to the roles of loyal supporters and morale boosters, cheering on their spouses who are entered in the perennial favorite in competition for some 60 prizes.

A capacity field is indicated according to golf chairman, Phil O'Connell, who, along with his committee, has charge of tournament details. Assisting Mr. O'Connell are John Pival, Tom Moran, Harvey Olson and "Chick" Rutan.

The teams composed of a member and guest are qualifying for Thursday flight positions today, and starting tomorrow through Sunday, will compete in elimination match play, with flight finalists meeting on Sunday to determine the respective winners.

Following the tournament play of Saturday, a steak roast at poolside with an aquatic exhibition to climax the evening festivities has been planned by entertainment chairman, Dr. R. Sidney Sinclair.

The pool show will star former Ohio State University diving champion, Bruce Harlan. He is currently appearing in the "Aquarama" show at Belle Isle. Other members of the "Aqua" show will also be featured, along with famed precision swimmers, the Synchronettes, of whom Lochmoor's own Judy Elliott is a member.

Dancing to the music of Art Quatro's trio on the pool's deck will follow, and for those who prefer a moonlight dip in the

pool's cool water the swimming period will be extended to midnight to accommodate those hearty individuals.

The long weekend will conclude on Sunday evening with a buffet dinner directly preceding the presentation of prizes.

The usual round of cocktail and dinner parties will hold sway this week as some of the Lochmoor members have invited out of town guests to compete with them in this annual classic. The John Pivals have as their houseguests Mr. and Mrs. Walter Slusser of Akron, Ohio. Mr. Slusser is competing with Mr. Pival in the four day event.

Among early reservations for the Saturday night steak roast are Mr. and Mrs. William Siebert who have a table for 12. Mr. and Mrs. Glenn Carpenter are sharing a subscription table with Mr. and Mrs. Gordon Birg-bauer; Mr. and Mrs. Harry Brown; Mr. and Mrs. Warren Kendall; Mr. and Mrs. Kent Zimmerman; Mr. and Mrs. Tom Draper; the Phil O'Connells and the Dick Whittings. Hosting a table for 14 will be Mr. and Mrs. George L. Guimond and the Richard Dirksens will share a table for 12.

Others are Mr. and Mrs. Joseph Giroux; Mr. and Mrs. Sidney Harvey; Mr. and Mrs. Giehn Elliott; Mr. and Mrs. Clifford Godin; Mr. and Mrs. Ben Orr, Jr.; Mr. and Mrs. Fred Wolf; Mr. and Mrs. Rupert Atkin; Mr. and Mrs. Louis W. Pointe Yacht Club Party Big Success

Annual Commodore's Fleet Review and Show Boat Draw Many Members and Guests to Gala Evening On Lakefront

Dress blues of Grosse Pointe Yacht Club officers mingled with summer formal raiment of club members and their guests at GPYC's big Show Boat Party last Saturday, August 10.

Days before, colored lights were strung over lawns, and a setting of old New Orleans created with wrought iron grill work, cotton bales, and street signs with the city's old French names.

At the harbor wall was the brilliantly lighted Mississippi show boat, a three-dimensional replica of a glamorous river boat of long ago.

The spectacular double festivity started with the Commodore's Review at 6 o'clock. GPYC's cruiser fleet broke out dress flags in honor of Commodore Stark Hickey. With owners and guests aboard, the boats took a course down Lake St. Clair to the Little Club, saluting the Commodore upon their return.

Commodore Hickey reviewed the fleet from Eugene A. Casaroll's "Casbah" the designated flagship for the occasion.

Aboard with Commodore and Mrs. Hickey were Mr. and Mrs. Casaroll, Vice Commodore and Mrs. Charles L. Jacobson, and the Jacobsons' guests, Mr. and Mrs. Erwin Brooks of Jacksonville, Fla.

At 7 o'clock cocktail hour initiated the Show Boat fete, with strolling musicians, laughter and chat. From then on, it was an enchanting evening of music, dinner, dancing, entertainment, and visiting on boats in the harbor.
