THE PEOPLE of Nashville, Tenn., are angry at the persons who dynamited a \$500,000 elementary school shortly after colored students were permitted to register. Police jailed 27 persons, including racist radical, John Kasper, 27, hours after the bombing. At least 60 per cent of the school was in ruins. Racial tension continued to mount in Nashville, and police are placing an ironclad clampdown on segregation demonstrations.

In the Arkansas, Gov. Orval Faubus of Arkansas was handed a court order by Federal Marshal Beal Kidd, which states the governor must appear in court in 10 days. Faubus ordered National Guard troops to bar Negro students from entering Central High School in Little Rock, Ark.

PRESIDENT EISENHOWER and Arkansas Gov. Orval Faubus have reached an agreement on the gradual integration of Negro students in Little Rock High School. The agreement was reached after a two-hour and six-minute conference at the temporary White House in Newport, R. I. Full details of the discussion and of the agreement cannot be made public until Gov. Faubus returns to Arkansas and assumes again the powers of Governor. Both the President and the Governor issued public statements declaring an intention to obey court orders ending segregation while preserving law and order. The question of did Faubus win, lose or draw, will not be answered until the Governor returns to Little Rock by plane.

Monday, September 16

KONRAD ADENAUER, chancellor of West Germany, won a landslide victory to a third term in office. Winning of the election gave him an absolute majority in Parliament to carry on his policy of tight alignment with the West. Adenauer, 61, was returned to office for another four years. His rightist coalition had gained 161 seats in the Bundestag (lower house of Parliament) to the Socialists' 29.

Promotions for three veteran firefighters of the Farms Fire Department were approved by the Farms Council on Monday, September 16.

The elevation in rank, made retroactive to September 14, was the result of the retirement of Capt. Joseph A. Barton, 60, of 190 Lakeview road, who had been with the department since April 18, 1923.

Named to succeed the retired captain was Sr. Lt. Raymond Snay, 49, of 373 Belanger.

Public School Teachers Carefully Selected from Group of 3,000 Applicants

Successful Candidates Given Every Possible Help and Encouragement to Make Them at Home in Pointe

A total of 87 men and women have been involved this fall in the replacements and additions to the staff of the Grosse Pointe Public Schools. Of these, 76 are new to the system. The others are those returning from leaves, those who have previously been employed here or who are full or part-time substitutes.

Nearly 3000 prospective candidates and applicants were screened to obtain the newcomers. Extensive work on the part of those responsible for hiring staff was necessary to insure that the best possible candidates were obtained. The final selectees came from New Hampshire to California, and from Minnesota to Texas. All are highly qualified and should prove valuable additions to the staff of the public schools.

29 Men, 47 Women
Of the 76 new to the Grosse Pointe Schools, 29 are male and 47 are female. Thirty-three are assigned to the secondary level of instruction, 39 to the elementary, and the rest to various positions throughout the system. Their previous teaching experience ranges upward to 18 years. The average for the whole group is 4.2 years. The average age of the newcomers is 27.1 years, ranging from 21 to 48 years. They have earned degrees from 51 different colleges in 21 states. The University of Michigan and Michigan State each granted degrees to 14 of the new teachers.

In order to realize the full potential of the new people, the school system has put into practice a rather extensive program of orientation. It is felt that only a full awareness of the resources of the community and the school system on the part of the newcomers will enable them to do their best for the boys and girls of the schools.

After an offer of employment has been accepted, letters of welcome are addressed to the new teacher, by the Superintendent, the Director of Instruction, the building principal, the veteran teacher assigned to be a "buddy" or help-a-long, and the organizers of the various teacher organizations. Offers of assistance in such matters as housing, courses of study or textbooks and teaching manuals, or matters of similar concern, are made.

Youth Given 30-Day Jail Sentence

Woods Judge Sends Boy to Jail for Violating Probation Terms

Peter J. Walters, Jr., 18, of 21753 McCormick, Detroit, was given 30 days in the Wayne County Jail by Woods Judge Don Goodrow on Thursday, September 12, for violation of probation.

Walters appeared before Judge Goodrow, after he was arrested by Harper Woods police about 3:30 a.m. on Tuesday, September 10.

According to Woods' Det. Leroy Tobias, Walters was arrested on a charge of being a disorderly person and was convicted September 11. He was then turned over to Woods police.

The detective said the youth was picked up at Kelly road and Eastwood after being spotted by Harper Woods police. Walters saw the approaching police and tried to escape by hiding behind a store building.

Changed His Mind
When taken into custody, the boy said he was about to steal a car, but changed his mind. He told the officers that his car had broken down and he was looking for another.

The arresting officers searched the area and found nothing that resembled a car described by Walters. Later, it was found the youth's car was home.

Walters was among five youths arraigned before Judge Goodrow on September 7, on a charge of damaging, tampering and meddling with a motor vehicle.

Walters and his companions took a car belonging to Dorothy Aten of 1749 Brys drive, during the early hours of September 7, with the intention of stealing the tires for one of the youth's car.

Told to Earn Money
Each boy was ordered to pay a fine of \$100. Also to pay court costs of \$100 apiece, and all were placed on two years probation, during which time they must be in their homes at 11 p.m. every night for the full length of the probation period. The boys were ordered to earn the money themselves and pay the fine and cost within one year.

For getting in trouble with the law and violating the curfew imposed by Judge Goodrow, Walters was sentenced to 30 days in jail to think over what he has done.

'Cat Burglar' Says 'Innocent' When Arraigned in Court

Demands Trial After Being Caught in Birmingham Home; Bond of \$5,000 Continued as He's Returned to Sheriff

Ernest Morris, 42, of 1785 Seward, Detroit, the "Cat Burglar," entered a plea of not guilty and demanded a trial when arraigned before Oakland County Circuit Judge Clark J. Adams on Tuesday, September 10, on a charge of breaking and entering in the night time.

Judge Clark continued a bond of \$5,000 and returned the "Cat" to the custody of the Oakland County Sheriff's Office until a trial date is set.

Morris was captured in Birmingham on August 27, after being surprised in the home of H. R. Steding II, 930 Larchlea, at about 5 a.m.

Awakened Owner
Steding was awakened by a noise and found Morris probing around on his hands and knees in the bedroom.

When the owner of the house threatened assault, the "Cat" begged for mercy. Mrs. Steding, however, grabbed a picture frame and threw it at the burglar.

Morris ran toward the stairway, and leaped for a lower landing. In his haste to escape, he did not see a stairway beam and his head bumped into it. He was unconscious when police arrived and took him into custody.

He was taken to the William Beaumont Hospital with a brain concussion and four dislocated fingers, suffered in the fall down the stairs.

Admitted Thefts
Birmingham Police Chief Ralph W. Moxley said at the time, that when Morris recovered consciousness, he admitted breaking into a nearby home, before invading the Steding residence, and taking \$81.

Det. Lt. Merlin Holmquist of the Birmingham Department, said that after being questioned further, Morris told him that ever since he has been out of prison he has been involved in burglaries and that he has been operating in the Detroit area.

Morris said that he did not know how many homes he had broken into, but he had been operating in homes where doors and windows were broken in.

Sleepy Driver Runs Into Pole

Anthony P. Saad, 49 of 499 Kitchener, Detroit, crashed his car into a light pole at Jefferson and Whittier, on Thursday, September 12.

Park police gave him a ticket for not having his car under control and causing an accident. He was not hurt, police said.

Saad told police that he was driving west on Jefferson and fell asleep at the wheel and the next thing he knew his car had jumped the curb and run into the pole.

He will appear before Park Judge Joseph C. Belanger on October 9.

Library Seeks Cooperation For Community Calendar

As a result of numerous requests, the Grosse Pointe Public Library has undertaken to provide a Community Calendar of Events for the coming year, according to Director Robert M. Orr.

Because of the large number of Grosse Pointe organizations, and their many activities, frequent conflicts have developed in the past, and each year the problem grows more acute. Mr. Orr stresses that the Calendar is planned for the coming year on an experimental basis, and will be continued thereafter only if sufficient cooperation is received from local organizations.

Miss Irene B. Mischler will be in charge of the Calendar of Events, and will maintain a file of coming events at the Central Library, 10 Kercheval. She plans to put the Calendar in effect October 1 and urges all organizations to contact her in person or by phone so that the record may be complete. She emphasizes that the Calendar will be useful only insofar as local organizations cooperate.

Before beginning this project, Forrest Geary, Director of Adult Education, and John Lake, Director of the War Memorial, were contacted and both have pledged their cooperation.

According to Mr. Orr, few organizations have not had the experience of planning an important event and learning to their consternation too late to be of any help, that another local organization has planned a competing activity for the same date. He feels that this Community Calendar can be an important service to the community and urges all officers and program chairmen to contact Miss Mischler immediately whenever an event is planned.

Big Project To Start on September 24

Trained Volunteers Helping National Organization In Screening Pre-School Group

A community-wide vision screening project for all Pointe children from three to five years old will get underway here on September 25, thanks to local volunteers and the National Society for the Prevention of Blindness.

According to Mrs. David Teague, local chairman, the national group has trained women from the Delta Gamma Alumnae Association to test the eyesight of every pre-school child in the city.

Mrs. Teague said the campaign is expected to run for three days in the Pointe. It will open September 24, from 9 to 12, at the Grosse Pointe War Memorial Center, continue the 26th from 9 to 12 at the Woods Community Center, and the final day will be September 27 at the Neighborhood Club, again from 9 to 12.

Specialists Enthusiastic
Local eye specialists and health authorities "have given the project their wholehearted support," according to Mrs. Teague.

The project is designed to detect vision defects in children as early as possible, preferably before they reach school age, so that they may receive thorough, professional eye care.

Throughout the U. S., the National Society for the Prevention of Blindness estimates that close to nine million American school children (one in four of all enrolled), need eye care. Many who do not receive it early enough will lose their sight. Thousands will be burdened by emotional, psychological and educational handicaps.

Work With Charts
Locally, the 20 participating volunteers have been taught to test children's vision with an "E" eye-chart. They will work in teams. The tests, or "screenings," will be given gratis. If the child's performance with the "E" chart, or the volunteer's personal observation, leads her to suspect a vision defect, the youngster is "referred," which is to say a notice is sent to the child's parents advising of the need for a thorough, professional eye examination.

There will be a follow-up of each "referral" to make sure an examination has been obtained and to evaluate the state of children's vision in Grosse Pointe.

The local testing project is the latest link in a growing network of such programs being carried out nationally by similar groups in cooperation with the Prevention of Blindness Society. Since 1953, unpaid volunteers have tested the vision of more than 20,000 pre-school children in 18 cities in eight states. Approximately five per cent of those tested have been suspected of having vision defects.

Non-Profit Agency
The National Society for the Prevention of Blindness is the nation's leading non-profit sight conservation agency. Founded in 1908, it conducts a year-round program of education, research and preventive service, aided by affiliates in 10 states and a score of closely allied local groups.

Dr. Thomas S. Davies, health commissioner, calls this project "A very valuable service." Those wishing further information should call Mrs. Teague at TUxedo 1-8275. The examinations are said to take but five to 10 minutes.

No New Polio Cases Reported

No new cases of polio have been reported in the Grosse Pointe-Harper Woods Health District within the last two weeks, according to Dr. Thomas S. Davies, health commissioner.

The total number of cases reported to date this year stands at four.

Dr. Davies also said there have been no authenticated cases of Asian flu in the district so far.

Richard and Trix schools, and graduated from Denby High School in 1948. Theological studies were at Capital University, Lutheran Seminary in Columbus, Ohio, and Andover Newton Seminary in Boston, Mass.

Clubs Pay Honor To Mrs. Chapin

The Smith College Clubs of Birmingham and Detroit have named their freshman scholarship this year, the Inez Tiedeman Chapin Memorial Scholarship in honor of the late Mrs. Roy D. Chapin, of Lake Shore road, who died last spring.

Mrs. Chapin, a graduate of the class of 1913, had been very active in supporting the scholarship projects of Smith and the Seven Eastern Women's Colleges. The scholarship has been awarded to Miss Claudette Nadra of 9609 Bramell Street, Detroit.

St. Paul Student Leaders Invested

By Mary Kotcher

"You're not going to like a lot of things I am going to say to you or tell you to do this year, but these things will have to be done and I hope I can count on your complete support." With these words, James Cross gave the student body of Saint Paul High School a hint of the character of the newly-elected president of the Student Council.

The occasion was the investiture of the 1957-58 officers of the Student Council. Saint Paul's membership in the National Association of the Student Councils was gained in 1954 and has been held in good standing since.

The meeting opened with a short introductory speech given by Martin Trombley, prefect of Our Lady's Sodality. Martin, because of his office, serves on the executive board of the Council.

During the brief ceremony conducted by Father William J. McGoldrick, President Cross was invested with the insignia of his office.

Other officers invested in turn by James included:—vice-president, Gaspar Dara, secretary, Nancy Shick, treasurer, Robert Billner. In charge of the Civic Bureau were Russell Beaupre and Virginia Cavanaugh.

Also included on the executive board are the editors of the Fautite Yearbook and School Paper, Alan Beaupre and Gerard Burns, respectively.

Council Chairmen are Thomas Parker and Helen Vandermarliere, athletes; Ellen Houlihan, hostess; Susan Snay, merit awards; Thomas Kolojeski and Timothy Hutton, visual aids.

The above mentioned have voting privileges on minor issues, as do the following homeroom representatives: senior, Jeanne Monpetit and James Burns; junior, Joann Kraimer, and Martin Peters; sophomores, Allison Shick and Ray Martin. The freshmen representatives, Richard Flaherty and Daniel O'Leary, do not vote.

In closing the meeting, Father McGoldrick commended the students on their choice of officers and spoke about the purpose of the Student Council, quoting from the NASC Constitution, which states that the organization will "insure better training in citizenship, character, and Catholic leadership."

Legion Launches Member Drive

"Who is eligible to belong to the American Legion?" That's a question being asked this week, as the Grosse Pointe American Legion Post launches its 1958 membership campaign.

Vice Commander Jack Daniels, membership chairman, of the drive points out that veterans of World War I, World War II, and the Korean War who were in service on active duty during certain dates of hostility, as set by the United States Congress, are eligible for membership in the American Legion.

The eligibility dates are as follows: World War I veterans, from April 6, 1917 to November 11, 1918.

World War II veterans, from December 7, 1941 to September 2, 1945.

Korean veterans, from June 25, 1950 to July 27 1953.

Eligible veterans are men and women who served honorably in the Army, Navy, Marine Corps, Coast Guard or Air Force of the United States during the above dates. Or any citizen of the United States at the time of war who served on active duty with any of the armed forces of governments associated with the United States.

All such services should be terminated with an honorable discharge or honorable separation or continued honorably after either of above mentioned periods.

For further information, veterans are advised to contact the American Legion Post 303 of Grosse Pointe at 20918 Mack avenue, Grosse Pointe Woods 36, or publicity chairman William Duster at TU 1-0186.

The next regular meeting of Post 303 will be held Tuesday, October 15, at 8:30 p.m. All prospective members are welcome to attend.

Farms Council Okays Projects

The Farms council on Monday, September 16, approved the awarding of four contracts and payment of two items, all of which total \$37,759.37.

The largest payment, \$17,001, was recommended paid to the Ward and Van Nuck Company by City Engineer Murray M. Smith, and is for the partial completion of the street sealing work performed by the company.

In addition, the council appropriated \$2,700, approximately 10 percent of the original contract, which will be paid to the company to seal McMillan road, from Kercheval to Charlevoix; and Lewiston, from Charlevoix to McMillan.

The low bid of \$6,750 for the remodeling of the heating system in the city hall, was made by the Roulo Plumbing and Heating company. Completion date for the installation has been set for November 1.

The job of replacing sidewalks and curbs throughout the city, where needed, was given to the Floris DeMoulenaeere Construction company, for its bid of \$3,210. Completion date for this work has also been set for November 1.

The council accepted a bid of \$1,094, from the Paul Horst company, for an auxiliary electric generating plant, to be installed in the municipal building.

The plant, which will be used in emergencies and in the event power is lost due to enemy attack, will be delivered in 30 days. The price approved does not include installation.

City Clerk Dawson Nacy informed the council that the Federal Government will pay half the cost of the plant and half the cost of installation, whatever that figure might be, because the item will be used in connection with the Civil Defense program.

The Farms will be assured of at least another year of fire standby protection from Detroit. With the payment of

\$1,117; the larger city will extend the service from October 24, 1957 to October 23, 1958. The amount paid Detroit represents .003 percent of the assessed value only on building and personal property in the Farms. It does not include the assessed value of land property, Mr. Nacy told the council.

Police Arrest Drunken Youth

A 17-year-old Mt. Clemens youth was arrested by Woods police on Wednesday, September 11, and charged with being drunk and disorderly.

He was found by Patrolmen Donald Sabel and William Duster, kneeling in front of a car in the driveway of 2127 Hollywood, in an intoxicated state.

Another boy, 16 years old, who was with him and was standing on the sidewalk when police came on the scene, ran through the yard of the Hollywood address and escaped.

The 17-year-old was taken to the station for questioning, but was so drunk he could not answer questions, police said. Later, when sober, he told officers his companion was a boy from Harper Woods.

He also said he and his companion took beer from a car owned by the father of the younger boy.

The 16-year-old came to the station later on in the day, and told police the beer was purchased for them by a woman from a store in Harrison Township. Both boys said they and another lad chipped in for the price of the beer, then asked the woman to buy the beverage for them, which she did.

The youth was taken before Woods Judge Don Goodrow on Thursday, September 12, with his father, and entered a plea of guilty to being drunk and disorderly. The case was adjourned to Saturday, September 21, at which time the judge will pass sentence.

The purchasing matter was referred to Mt. Clemens police for investigation.

Church Hires Music Leader

Miss Carolyn Hill will be installed into the position of Parish Assistant at Salem Memorial Lutheran Church, 21230 Moross road at Chester, on Sunday morning. A graduate of the Capital University music school, Miss Hill will direct the music program of the church and assist with the Parish Education and youth programs.

The new Parish Assistant at Salem Memorial Church graduated from high school in Crestline, Ohio, where she was active in band, choir, and numerous other groups. After receiving her private secretarial degree from the Office Training School in Columbus, Ohio, she was employed for vacation periods at the Wilkins Air Force Depot and the Crestline YMCA offices.

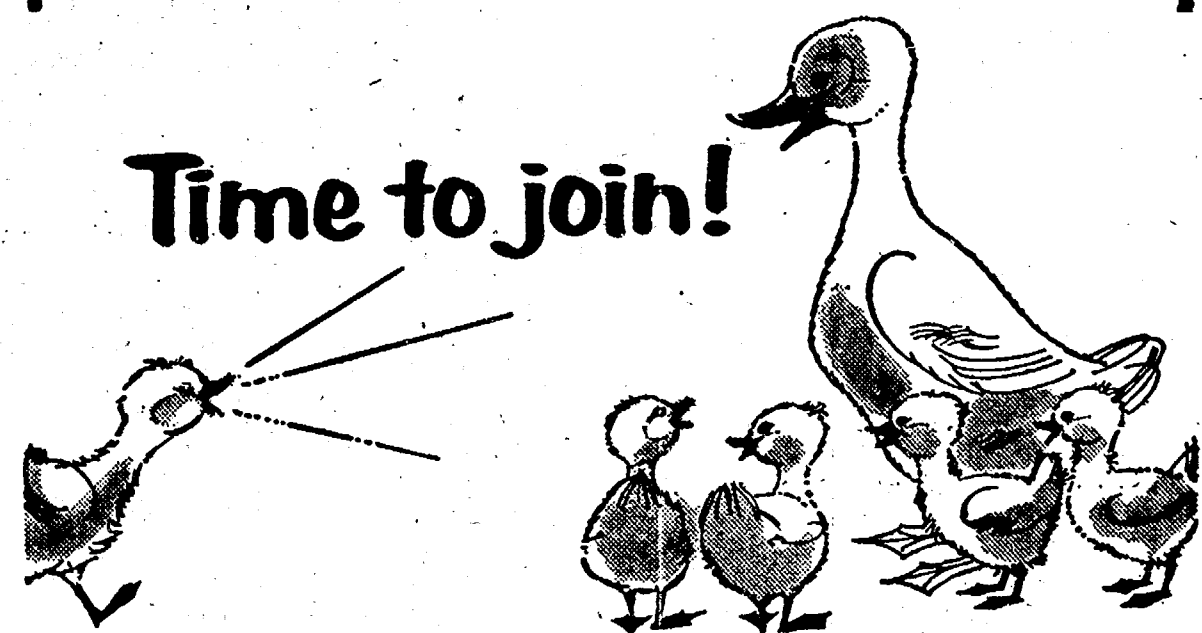

Miss Hill received her Bachelor of Music degree, with an emphasis upon voice, organ, and church music, from Capital University in June, 1957. At college she was a soprano sectional

leader in the well-known Chapel Choir and toured throughout most of the United States and Canada with this group. She took part in various

campus activities, including Kappa Sigma Theta sorority. In addition to serving as the organist for numerous college activities, Miss Hill directed the Student Nurses' Choir of White Cross Hospital and the choirs of Eastview Methodist Church in

Columbus. Music critics selected her choirs as the outstanding groups participating in the Chapel Choir Conductors' Guild festival last spring. At Salem Memorial, Miss Hill will join the staff of a growing congregation.

Time to join!

Here's your once-a-year opportunity to get Blue Cross • Blue Shield protection without enrolling in a group

Now, for a two-week period—September 16 to 30—those who are not eligible to join Michigan Blue Cross • Blue Shield through a group can join through this special non-group plan.

No red tape . . . no physical examination needed. The only requirement is that you be a Michigan resident under 65 years of age.

If you are married, Blue Cross • Blue Shield coverage will protect your entire family . . . if you are single, you will be covered individually.

And remember . . . the non-group plan provides many of the broad benefits usually available only under group coverage. They include, after six months' membership, the same new out-patient benefits just made available to Group Members.

But you must act now. This special non-group offer cannot be repeated for at least another year. Clip and mail the attached coupon . . . no later than September 30 . . . and we'll send you complete information on rates and benefits.

Michigan is the leading state in blueberry production. And according to Harry Bell, extension specialist in horticulture at Michigan State University, it will probably stay number one for several years.

Michigan took the lead from New Jersey two years ago and blueberry acreage is still increasing by two or three hundred acres annually. Total Michigan acreage is about 4,500 acres, nearly 40 percent of the national total.

Poupard P.T.A. Lists Schedule

Parents of Poupard children are cordially invited to attend the first PTA program of the 1957-1958 school year which will be held on Monday, September 30 at 8 p.m.

Both mothers and fathers are encouraged to attend as there will be opportunities to meet the staff members and chat with them, browse around the building, hear a speaker from the Board of Education Offices talk on "Meeting the Classroom Emergencies," and enjoy refreshments. Of course this is a wonderful way to become better acquainted with your neighbors, too.

Poupard School has taken pride in its PTA and the fine support given it is evidenced by the three to four hundred parents who regularly attend the meetings.

The program for the 1957-1958 school year is as follows: Tuesday, November 19, "Special Services"—Diagnostic and remedial measures used by speech teachers, visiting teacher, and school nurse.

Wednesday, January 22, "Elementary Science"—The what, where, and how of our science program in the elementary school.

Thursday, March 13, "How Home and School can Work Together"—Points of view from "both sides of the fence" on how an effective working relationship can be established between the home and the school.

Friday, May 23, "Musical Program"—The elementary school music program as evidenced through performance.

Officers for the Poupard School PTA are: President Robert Zimmerman of 20895 Fleetwood; father vice-president, Harold Mumma of 20267 Lancaster; mother vice-president, Mrs. Roger Holmes of 20870 Lancaster; teacher vice-president, John Brubacher of 1489 Roslyn road; recording secretary, Mrs. Carl Josephson, 20005 Lennon avenue; corresponding secretary, Mrs. Leland Symons, 21151 Lochmoor; treasurer, Richard Lord, 20871 Fleetwood.

Auto Club Membership Reaches 500,000 Mark

Automobile Club of Michigan, established itself as one of the largest member organizations in the state as it announced the signing of its 500,000th active member.

To celebrate achievement of the goal, Wilson said representative new members enrolled throughout the state would be feted in special September ceremonies in their home communities.

Kenneth MacLeod, 2044 Vernier, Grosse Pointe Woods, was named as Grosse Pointe division's new member and given the honorary membership number 500,023 to mark it as twenty-third of 44 Auto Club division offices established in the state.

Established as a convenient headquarters for Grosse Pointe area members in 1930, the division, headed by George E. Messel, now serves more than 26,000 through its E. Jefferson offices.

Day Camp Kids On Field Trips

Many children, ages three, four, five and six, through 12, in the Grosse Pointe area, have found learning to be fun as they experienced field trips together each Friday in the Grosse Pointe University Summer Camp directed by Jane Bacon.

Developing the children's natural interest in trains and various forms of transportation, one field trip was taken to the Union Station, where the children boarded a streamliner—sat down in the coaches—ordered their lunch on the diner, and saw the ticket office, baggage rooms, mail car, and last, but not least, the president of the railroad's special private car, with TV and every convenience.

Following this trip, the children in the various groups made murals with colored paper, scissors and paste of the freight train as contrasted with the passenger train—naming the types of cars—discussing signals and the use of water towers and loaders.

On another Friday's trip, after making paper-machiere masks for their play with balloon bases, and puppets, the children were taken to the Art Museum, Historical Museum and Children's Museum.

The Art Museum in the lower foyer has a wonderful collection of 18-inch puppets dressed in costumes appropriate for Shakespearian plays. A variety

of materials had been used for faces—wood carvings, paper mache and plaster-of-paris.

After enjoying this display the children crossed the street to view the collection of cars at the Historical Museum. They were particularly delighted with the life-size wax figures of mothers and children dressed in the styles of the 1890's, standing beside the first Cadillac, Ford and Surreys.

In the lower level of the Historical Museum, they closed their eyes, then opened them, where they seemed to be waking in a dream world of the 1890's, where they visited a barber shop "Shave and Hair Cut 10c" and the old Fire Station and Detroit's first bank.

The Children's Museum afforded valuable first-hand experiences with birds of all varieties stuffed and placed in cases of their natural habitats. The children were particularly interested in a large active bee hive displayed on the first floor of the Museum.

As a result of their interest, many sketched large bee hives the next day at camp during handicraft time, specifying in detail the drones, queen bees, males and females, and they discussed at length the fascinating process of making honey.

The last field trip, which they took on August 9, was a picnic on the Alfred Glancy estate.

ed Nursery School at the University School last winter, he invited all of his friends in summer camp to come out for a play in his fort—a visit to the vegetable and flower gardens, and to enjoy a good, rousing picnic lunch.

Because of the various ages

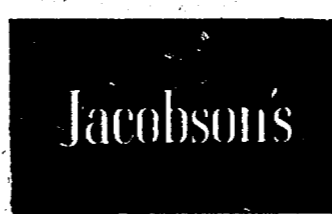

represented in the camp, the field trips taken by the different age groups varied: one group going to the Library to see the film "Madeleine," the other going to the Art Museum, and the oldest group going to see the Constellation Exhibit at the Children's Museum.

Poupard P.T.A. Lists Schedule

Parents of Poupard children are cordially invited to attend the first P.T.A. program of the 1957-1958 school year which will be held on Monday, September 30 at 8 p.m.

Both mothers and fathers are encouraged to attend as there will be opportunities to meet the staff members and chat with them, browse around the building, hear a speaker from the Board of Education Offices talk on "Meeting the Classroom Challenges," and enjoy refreshments. Of course this is a wonderful way to become better acquainted with your neighbors, too.

Poupard School has taken pride in its P.T.A. and the fine support given it is evidenced by the three to four hundred parents who regularly attend the meetings.

The program for the 1957-1958 school year is as follows: Tuesday, November 19, "Special Services"—Diagnostic and remedial measures used by speech teachers, visiting teacher, and school nurse.

Wednesday, January 22, "Elementary Science"—The what, where, and how of our science program in the elementary school.

Thursday, March 13, "How Home and School can Work Together"—Points of view from "both sides of the fence" on how an effective working relationship can be established between the home and the school.

Friday, May 23, "Musical Program"—The elementary school music program as evidenced through performance.

Officers for the Poupard School P.T.A. are: President Robert Zimmerman of 20895 Fleetwood; father vice-president, Harold Mumma of 20287 Lancaster; mother vice-president, Mrs. Roger Holmes of 20870 Lancaster; teacher vice-president, John Brubacher of 1489 Roslyn road; recording secretary, Mrs. Carl Josephson, 20005 Lennon avenue; corresponding secretary, Mrs. Leonard Symons, 21151 Lochmoor; treasurer, Richard Lord, 20871 Fleetwood.

Auto Club Membership Reaches 500,000 Mark

Automobile Club of Michigan, established itself as one of the largest member organizations in the state as it announced the signing of its 500,000th active member.

To celebrate achievement of the goal, Wilson said representative new members enrolled throughout the state would be feted in special September ceremonies in their home communities.

Kenneth MacLeod, 2044 Vernier, Grosse Pointe Woods, was named as Grosse Pointe division's new member and given the honorary membership number 500,023 to mark it as twenty-third of 44 Auto Club division offices established in the state.

Established as a convenient headquarters for Grosse Pointe area members in 1930, the division, headed by George E. Messel, now serves more than 26,000 through its E. Jefferson offices.

Asked to identify the most unusual play that ever happened to him in football, end Bob Gunderman of the Detroit Lions recalled the following:

"In college, I made a diving catch (the greatest catch I ever made) but it was disallowed. The referee was in a poor position!"

Day Camp Kids On Field Trips

Many children, ages three, four, five and six, through 13, in the Grosse Pointe area, have found learning to be fun as they experienced field trips together each Friday in the Grosse Pointe University Summer Camp directed by Jane Bacon.

Developing the children's natural interest in trains and various forms of transportation, one field trip was taken to the Union Station, where the children boarded a streamliner—sat down in the coaches—ordered their lunch on the diner, and saw the ticket office, baggage rooms, mail car, and last, but not least, the president of the railroad's special private car with TV and every convenience.

Following this trip, the children in the various groups made murals with colored paper, scissors and paste of the freight train as contrasted with the passenger train—naming the types of cars—discussing signals and the use of water towers and loaders.

On another Friday's trip, after making paper-machiere masks for their play with balloon bases, and puppets, the children were taken to the Art Museum, Historical Museum and Children's Museum.

The Art Museum in the lower foyer has a wonderful collection of 18-inch puppets dressed in costumes appropriate for Shakespearian plays. A variety of materials had been used for faces—wood carvings, paper mache and plaster-of-paris.

After enjoying this display the children crossed the street to view the collection of cars at the Historical Museum. They were particularly delighted with the life-size wax figures of mothers and children dressed in the styles of the 1890's, standing beside the first Cadillac, Ford and Surreys.

In the lower level of the Historical Museum, they closed their eyes, then opened them, where they seemed to be walking in a dream world of the 1890's, where they visited a barber shop "Shave and Hair Cut 10c" and the old Fire Station and Detroit's first bank.

The Children's Museum afforded valuable first-hand experiences with birds of all varieties stuffed and placed in cases of their natural habitats. The children were particularly interested in a large active bee hive displayed on the first floor of the Museum. As a result of their interest, many sketched large bee hives the next day at camp during handicraft time, specifying in detail the drones, queen bees, males and females, and they discussed at length the fascinating process of making honey.

The last field trip, which they took on August 9, was a picnic on the Alfred Glancy estate.

ed Nursery School at the University School last winter, he invited all of his friends in summer camp to come out for a play in his fort—a visit to the vegetable and flower gardens, and to enjoy a good, rousing picnic lunch. Because of the various ages represented in the camp, the field trips taken by the different age groups varied; one group going to the Library to see the film "Madeleine," the other going to the Art Museum, and the oldest group going to see the Constellation Exhibit at the Children's Museum.

Is Noise the Price of Beauty?

The demise of summer will have one bright side, even though the dark hours do assume the majority role. The arrival of cold weather means a retreat indoors and the shutting of windows against the elements.

Most of us greatly prefer the outdoor life, and basking in the sun and fresh air, and exercising in the open, but some recompense for sacrificing all these joys lies ahead. Think of all the peace and quiet which will be found within when the doors and windows must be kept closed.

It has almost come to seem that noise is the price of beauty. The mechanical age has caused the most hideous shrieks of humans to sound as tinkling bells compared with some of the cacophonous variations to which we are subjected these days.

The joyous screams of little children playing outdoors at far too early hours on mornings when we are privileged to sleep in, are muted whispers alongside the tortured whines of the power saws wielded by the tree trimmers. The squeaky wheel on the toy wagon is a lullaby in comparison to the angry roar of the neighbor's power lawnmower.

No more do we hear the gentle swish of the rake, collecting fallen leaves on the soft lawns. Now the professional landscaping companies have come up with a mobile wind machine—that howls up and down the street with all the fury of a full-blown hurricane, blasting the tree droppings into a frightened, quivering mass for easy collecting.

Not that we are against progress and efficiency and all that sort of thing. We know the lawns need mowing, and the trees need pruning to attain their maximum beauty. But there are times when we wonder whether the aesthetic rewards granted us optically are sufficient compensation for the tangle of jangled nerves to which we often find ourselves reduced.

Grosse Exaggerations

A. PRYOR

"When I am old, and Oh how soon
 Will life's sweet morning yield to noon,
 And noon's broad, fervid, earnest light
 Be shaded in the solemn night,
 Till, like a story well-nigh told,
 Will seem my life . . . when I am old."
 (Caroline Mason)

Just received a card from a reader of the News . . . kinda cute . . . came from Massachusetts where she was vacationing. It reads:

"VACATION consists of 2 weeks
 Which are 2 short
 After which you are 2 tired
 2 return
 2 work
 And 2 broke
 Not 2!!"

A sweet elderly lady who has employed (on and off) a general cleaning woman for the past twenty years . . . and has been paying the gal the same old salary as of yore . . . recently broke down and REALLY came up with something. Our heroine was having a little gathering of neighbors for afternoon tea . . . so she asked the maid to be particularly careful about the cleaning and do a bang up job. The maid knocked her brains out and worked for about 10 hours tidying up the unused mansion. Before she left, she came into her employer's room and announced that she had gone to town and everything was spic and span . . . and rather hinted that she thought for ten hours work she ought to have a little something extra. The dear old lady glanced up from her needle work . . . looked fondly at the old servant and said: "Katie, I appreciate what you did today . . . so why don't you go to the kitchen and cut yourself a nice piece of cake?"

Probably one of her ancestors was Marie Antoinette . . . the "let 'em eat cake" gal!

In case you missed the Ed Sullivan show last Sunday night . . . he had comedian Joe E. Lewis on the program and funny he was. One of the best bags he pulled was when he asked the audience if they knew what Abraham Lincoln's DYING words REALLY were. He then explained that although it did NOT go down in history, what Lincoln said at the last . . . to his wife . . . was "YOU and your stinking theater parties!"

When "My Fair Lady" played on the coast, an actor out there was finally able to buy ONE seat in the balcony for twenty-five dollars. When he arrived at the theater and the curtain went up, he was amazed to find that the seat next to his was empty. Since this is almost sacrilege for a show like that . . . he could hardly keep his mind on the performance, for wondering what happened to that empty seat. During intermission, he noticed an elderly woman sitting on the other side of the empty seat . . . so he engaged her in conversation about the play and WHY did she think they had an empty seat between them when tickets were so hard to get. She modestly allowed as how the seat belonged to HER and that it was intended for her husband. Naturally our hero asked WHY he wasn't occupying it . . . and she replied that he had passed away.

Thinking what a sweet thought it was that she would buy two seats and pretend he was there with her . . . he then said: "But WHY wouldn't you have a friend or relative use the seat?" To which the old gal replied: "I couldn't do THAT because they are all attending his funeral today."

We LOVE this tale about a local Grande Dame with PLENTY of social background. It seems she is a member of one of our various garden clubs in Michigan and last Spring, the "girls" all planned on attending a garden function some place in upper Michigan. Instead of each one trying to find a means of getting to their destination, Mrs. Farthingale decided to rent a bus . . . so they could all go together and whoop it up on the way. Since many of her garden club members liked a martini before lunch, she thought it would be chic to have a bottle of same to drink on the bus . . . and one quart bottle split between some 35 members seemed reasonable enough.

The bus driver picked all the gals up and called for the hostess of the day, last. Out she came with the bottle in her hand . . . a gin bottle . . . plainly labeled "GIN" on the outside. What she forgot was that one of the daily newspapers, hearing about the outing . . . asked if they could come out to her house and take a picture of the group leaving in the bus. This they did . . . and when it came out . . . there was our heroine (the star of the piece) about to board the bus with the Gin bottle plainly displayed in her hand. The caption on the picture read: "Mrs. Farthingale's bus." After it came out in print, she remarked, "Maybe this should have been called: 'Mrs. Farthingale's BUST.'"

Hospitalization Proposal Heard

Public safety employees of the City of Grosse Pointe petitioned council Monday night for an increase in hospitalization benefits. It was proposed that both the employees and the city increase payments into the hospitalization fund.

The council gave temporary approval to the proposal pending a final decision which will be made after the City's special committee on this subject has a chance to make a complete study and submit recommendations.

The committee on hospitalization is made up of city officials, employees and citizens at large.

When people are fond of airing others' faults it usually means their own are on the shady side.

Why Your Back Aches

By Fred Kopp, R. Ph. Backache comes from one of three causes according to doctors: disease, mechanical difficulties, or injuries. It is always a symptom of trouble in the body, and should be diagnosed promptly.

Diseases which cause backache may be centered anywhere in your system. Mechanical difficulties come from bad posture or congenital defects of the spine. Injuries that temporarily or permanently cause fractures or dislocations will give you trouble, yet the accident which caused it may have seemed so slight you attached no importance to it.

Don't neglect back troubles. A doctor can usually find and correct the condition! Secure expert pharmacy service for all your prescription needs. This is the 866th of a series of editorial advertisements appearing in this paper each week.

What Goes On at Your Library
 By Jean Taylor

September at the library has been a month of staff comings and goings.

Jane Grenard of the Park Branch, and Joan Krausmann of the circulation department at Central, have both left to take further study toward a library science degree. Mrs. Grenard has been with the library six years, and will be missed by her many friends at the Park Branch. She is attending Wayne University this year.

Joan Krausmann, known to all library users at Central's circulation desk, received her Bachelor of Arts degree from Marygrove College in 1952, and has been with the library since that time. She is attending the University of Indiana this year. We are sorry to lose Joan, but we are delighted that come June, she will be a librarian, full-fledged.

Behind the Park Branch desk to replace Mrs. Grenard is an attractive young woman, Barbara Goulette. It would appear that a liking for libraries may be inherited, in the late twenties and early thirties, Barbara's mother, nee Ruth Bundy, worked in the library when it was housed in the small cottage.

Club to Hear Sen. Bontrager

The 14th Congressional District Republican Club will present State Senator Russell Bontrager, from Indiana, on Thursday, September 19, at 8. He will speak at Embassy Hall, Harper at Lakepointe, on the subject "The Right to Work."

Senator Bontrager was one of the most prominent sponsors of the recently passed Indiana Right to Work Bill. As an authority, he can tell what caused the demand for the law, what the arguments were for it and against it, and how it is working in Indiana.

An audience participation discussion and refreshments will follow the senator's speech.

TO PRESENT SEMINAR

The Cornelian Corner of Detroit, Inc., will present two seminars on Saturday and Sunday, September 28-29, 1957, from 2-4 p.m. at Christ Church Cranbrook, Bloomfield Hills, Michigan.

Dr. Lewis B. Hill, Psychiatrist-in-Chief, The Sheppard and Enoch Pratt Hospital of Maryland, will discuss the subject: "Schizophrenia as a Way of Life."

HOW TO PROFIT THROUGH TAX EXEMPTION

With today's high tax levels, investors in medium and high tax brackets are turning to tax-free Municipal Bonds for income that they can keep.

If you have a taxable income of \$10,000 or more, you may be well repaid by investigating the advantages of tax-exempt State and Municipal Bonds. For instance, if you file a single return on a taxable income of \$14,000, you would have to receive a dividend return of 7.45% on a taxable security in order to equal the yield from a 3.50% tax-free Bond. It's something to think about!

Our New Booklet, "How To Profit Through Tax-Exemption" explains in plain language your need for tax exemption, tells how much these high-grade investments can be worth to you. There's no obligation. Send for copy today, or phone:

Letters to The Editor

Gentlemen:
 I would like to compliment you on the class of readers you serve with your newspaper.

A recent advertisement, to sell my household furniture, resulted in an amazing response from above average buyers, who appreciated and bought quality furniture at reasonable prices.

Sincerely,
 R. A. Cameron

This money's all mine!

Uncle Sam won't take a cent in income tax!

Yes, your income from tax-free Michigan municipal bonds is all yours. And, because it's tax-free, a 4% return equals 6% to 30% from taxable securities, depending on your tax bracket. Let us show you how Michigan municipals can shave your income tax. Come in, write or telephone today.

YOU... EVICTED!

Today you and your family are being dispossessed—actually facing bankruptcy!

Highly-respected men like Senator Byrd, Herbert Hoover, Douglas MacArthur and other prominent Americans have warned us repeatedly. They know that the socialists in our government bureaus are taxing and spending us to ruin. They have infected every phase of our lives with their alien germs of socialism.

They have made our once great government "of, by and for the people" into a government of the burdened taxpayers, by the scheming bureaucrats and for the selfish pressure groups. Here's how they are destroying us:

- Their inflationary spending has shrunk the value of our dollar to less than 50c today!
- Their socialistic scheming has created a debt that equals the total property wealth of everyone in the U.S.!
- Their exorbitant taxation "to make everyone equal" now takes over one-third of our income!

—They brainwash us into feeling that we are secure under our present false "prosperity." They kill individual incentive and the faith and initiative that made America great!

—Through their socialist-created inflation, they are destroying the value of our savings and insurance, of our government bonds, our pensions and social security. If we don't stop them now, they will dispossess us of every thing we have—including our freedom!

It is happening now! Yesterday few of us bothered to learn the truth. We were absorbed in our personal lives. Today we're paying for it—trying to support both ourselves and a spendthrift government. It can't be done.

Either the social spenders in our government go, or we go—bankrupt! As Daniel Webster said, "Nothing will ruin the country if the people will understand its safety; and nothing will save it if they leave that safety in any hands but their own."

That makes it clear that if we are to avoid economic ruin, we, the thinking people, must act now!

1. Join America's better informed voters and taxpayers as a united force!
2. Compel Congress to get Communists out of control in America now!
3. Demand a larger cut in federal spending every year!
4. Demand a return to sound government by following the Hoover report!
5. Demand a drastic cut in our income tax starting January, 1958!

WE, THE PEOPLE!

WE, THE PEOPLE! are America's better informed voters and taxpayers who demand a voice in our government. We are people of many origins and creeds, united in a non-partisan, non-profit organization of active voters in over 1,400 communities, in all 48 states. We are alarmed at the apathy of many of our fellow citizens who seem completely unaware of the dangers confronting them. To accomplish our five point action program, we have started a grass-roots campaign to awaken and arouse millions of patriotic Americans to action before it is too late. We need your moral and financial support to expand our efforts into every community. Many well-known and highly respected Americans are members of WE, THE PEOPLE! League Holding Finance Drive

September is Finance Month with the Grosse Pointe League of Women Voters. The League's annual drive began Wednesday, September 18, with a brunch at the home of Mrs. Clarence Koebbe of Pemberton road.

The guest speaker was Mrs. Campbell Harvey of Dearborn, State Finance Chairman.

During the drive, League members will call on residents of Grosse Pointe for financial contributions to help carry on the league's work of public service in the community.

The league lists: 1.-Community-wide "Get-Out-the-Vote" campaign for the November General Election, in co-operation with the Rotary Club of Grosse Pointe; featuring tent cards in the restaurants, insertions in monthly statements, and the distribution of 10,000 Voters Guides.

2.-Co-sponsorship of a Town Hall meeting with the War Memorial Association and the Rotary Club, where local candidates to the State Legislature and the U. S. Congress on both sides of the political fence were given a chance to speak to the community (Oct. 1956).

3.-Formation of a Speakers Bureau which stands ready to furnish qualified speakers on subjects on which the League has studied and done research.

4.-Preparation of display material on the United Nations at the public library, (Dec. 1956) and distribution of free literature about the U. N. to interested persons, (Jan. 1957).

5.-Sponsorship of a Town Hall meeting at the Grosse Pointe High School auditorium, where local candidates to the Farms Council were presented to the community, (Feb. 1957).

6.-Interviews of candidates for the Farms Council in the Primary Election, - containing backgrounds and qualifications, (Feb. 1957).

7.-Distribution of 5,000 Voters Guides containing information on local candidates of all 5 Pointes prior to the spring General Election, (April 1957).

8.-An open meeting, where the candidates to the Grosse Pointe School Board were given a chance to speak, (May 1957).

League funds are spent only for league work, and the recent raise in the organization's dues insures that membership dues will cover the expense of the services that the local league receives from the state and national offices. Contributions from non-member friends of the league will cover the expenses of league activities which benefit the community as a whole.

By their contribution to the League of Women Voters citizens of Grosse Pointe express their belief that their town needs a group whose concern is to help all citizens become informed and active partners in government.

From Another Pointe of View

By Patricia Talbot

A 90th birthday deserves special recognition, and a proud daughter, Mrs. Raymond H. Berry, of Lakeview court, left Monday for this important milestone in her mother's life.

Mrs. Berry's mother, Mrs. James M. Eckels, of Parkersburg, W. Va., is having a whole week of festivity to mark her anniversary and Mrs. B. will be on hand for all the parties.

With her went her house guest, Mrs. William Cockrill, of Murrayville, Ill. The two matrons were school girls together in Parkersburg and Mrs. Cockrill was in the Berrys' wedding party. While they are away Mr. Berry has gone off fishing with cronies at Black River Ranch Club near Grayling.

The birthday honoree has eight great-grandchildren, of whom three are the offspring of Mr. and Mrs. Edward Silliere, of Bronxville, N. Y. The former Martha Jane Berry and her husband will leave Christine, Suzanne and Raymond Paul later this fall and join the Berrys in a short vacation at White Sulphur Springs.

College Exodus

Most of the traveling these September morns is being done by the college crowd. Sunday night there was a last get-together before they left for their studies, at the garden party the Ernest Wunsch hosted in their Birmingham home for Jody Hill.

The debutante is the daughter of the John Gordon Hills, of Cloverly road, and will be leaving for Smith this week. Cecily Rains, daughter of the Robert Raines, of Vernier road, and Jean Dodenhoff, daughter of Dr. and Mrs. Charles F. Dodenhoff, of Vendome road, are also Northampton-bound.

Jinx McLucas and Pam Waterman, who toured Europe together last winter, have decided to study for secretarial duties this semester. Jinx, daughter of the John N. McLucases, of Vendome road, will be at Katherine Gibbs in New York, while her former traveling companion, daughter of the Cameron Watermans III, of Touraine road, is set for Katy Gibbs in Boston.

Joe Hefferan kindly escorted his sister, Judy, to school at Bennett Junior College in Milbrook, N. Y. Then he drove on to New Haven, where he is a senior at Yale.

To Ride at Madison Square Garden

Princeton will claim Alfred R. Glancy III. He drove down Friday. Sister Kryns returned to GPUS classrooms but she has an exciting trip to look forward to toward the end of October.

With her parents, the Alfred R. Glancys, Jr., of Lakeshore road, she will go to Harrisburg, Pa., where famed equestrienne Kryns will ride in the Pennsylvania National Horse Show. After that, during the first week in November, she will ride in the Madison Square Garden Show, top circuit for the country's riders.

Home this week from Santa Barbara, Calif., is John W. Watling III, who has been visiting his father. He will be with his mother, Mrs. Charles B. Warren, Jr., in Washington road until Sunday when he will report to Ft. Leonard Wood, Mo., for Army duty.

Exchange Vows In AF Chapel

The post chapel at McGuire Air Force Base, N. J., was the scene of the recent wedding of Margaret Kerse and Lt. John H. Slevin.

The bride, who is the daughter of the late Martin Kerse, of Philadelphia, chose white satin and Chantilly lace for her wedding gown. Her Chantilly lace veil was caught by a crown studded with seed pearls and she carried a prayer book and white orchids.

Mrs. Herbert G. Treondle, of Philadelphia, was matron of honor and the bridesmaids were Patricia Thom and Kathleen Slevin, sister of the bridegroom. They wore pink taffeta and carried pink and white roses.

The lieutenant, son of Dr. and Mrs. John G. Slevin, of Whittier road, asked Maj. Leonard E. Bogusz, of Detroit, to be his best man. The ushers were Lt. Russell Chambers and Lt. Donald R. June.

The newlyweds passed under an arch of swords, traditional at military weddings, and went on to the reception breakfast at the Officers Club. The bridegroom's parents entertained at the rehearsal dinner the previous evening.

After a wedding trip to Bar Harbor, Me., the couple will live near the New Jersey Base until Lt. Slevin is transferred to Hurlingham Air Force Base in Texas in November.

League to Open Fund Campaign

The Detroit League for Planned Parenthood will open its 1957 fund raising campaign at a luncheon Wednesday, September 18, at 11:45 o'clock in the Fort Shelby Hotel.

Speaker at the luncheon will be Dr. Jacques S. Gottlieb, Director of Lafayette Clinic and a member of the League's Board of Directors. Dr. Gottlieb, who is well known in Detroit as an outstanding professional man in the field of psychiatry and as an interesting and dynamic speaker, will speak on "Family Planning and Mental Health."

This year's campaign goal is \$30,000. Most of these funds are used for families in Detroit and the metropolitan area. A percentage is paid to Planned Parenthood Federation of America and its regional office for consultative services.

The Detroit League for Planned Parenthood operates four clinics in Harper, Grace and Woman's Hospitals and the North End Clinic where married women may go for examination, information and medically approved contraceptives. They are charged entirely according to their ability to pay, and the majority are given free service.

The clinics are staffed by physicians and registered nurses and volunteers who help with clerical work. Any woman desiring clinic help may make an appointment by calling the Planned Parenthood office.

In addition to its Board of Directors, headed by the Reverend Sheldon Rahn, Director of the Social Service Department of the Detroit Council of Churches, the Detroit League is advised by a Ministerial Advisory Committee, of which the Chairman is the Reverend William Butler Sperry, Rector of Christ Church, Detroit, and a Medical Advisory Committee headed by Dr. Jean Paul Pratt, head of obstetrics and gynecology at Henry Ford Hospital.

Planned Parenthood must conduct its own fund raising campaign since it has been denied participation in the Torch Fund "Give Once for All" campaign.

Chairman of this year's campaign is Mrs. Maurice Klein. Mrs. John W. Coe has enlisted twelve captains, who in turn will head teams of workers responsible for personally contacting potential donors.

Will Appear at the Henry and Edsel Ford Auditorium In Behalf of the Seven Eastern Women's Colleges; Will Talk on Foreign Policy

Edward R. Murrow, famed news commentator, will speak October 15 in the Henry and Edsel Ford Auditorium in behalf of the Seven Eastern Women's Colleges on "Reflections on American Foreign Policy."

Mr. Murrow, who rarely appears on the lecture platform, has a particular interest in the Seven Eastern Colleges, as his wife is an alumna of Mount Holyoke. The other schools in the group are Vassar, Smith, Barnard, Radcliffe, Bryn Mawr and Wellesley.

The organization was formed in 1938 and now represents 1,800 alumnae in Michigan. Its purpose is to promote the ideals and purposes of liberal arts colleges and to provide information about the seven eastern women's colleges. The group also raises funds to provide scholarships to send Michigan girls to these colleges.

Mrs. Wilfred C. McLaughlin, of Bishop road, is this year's chairman of the committee. Mrs. Wilber M. Brucker, Jr., of Mer-

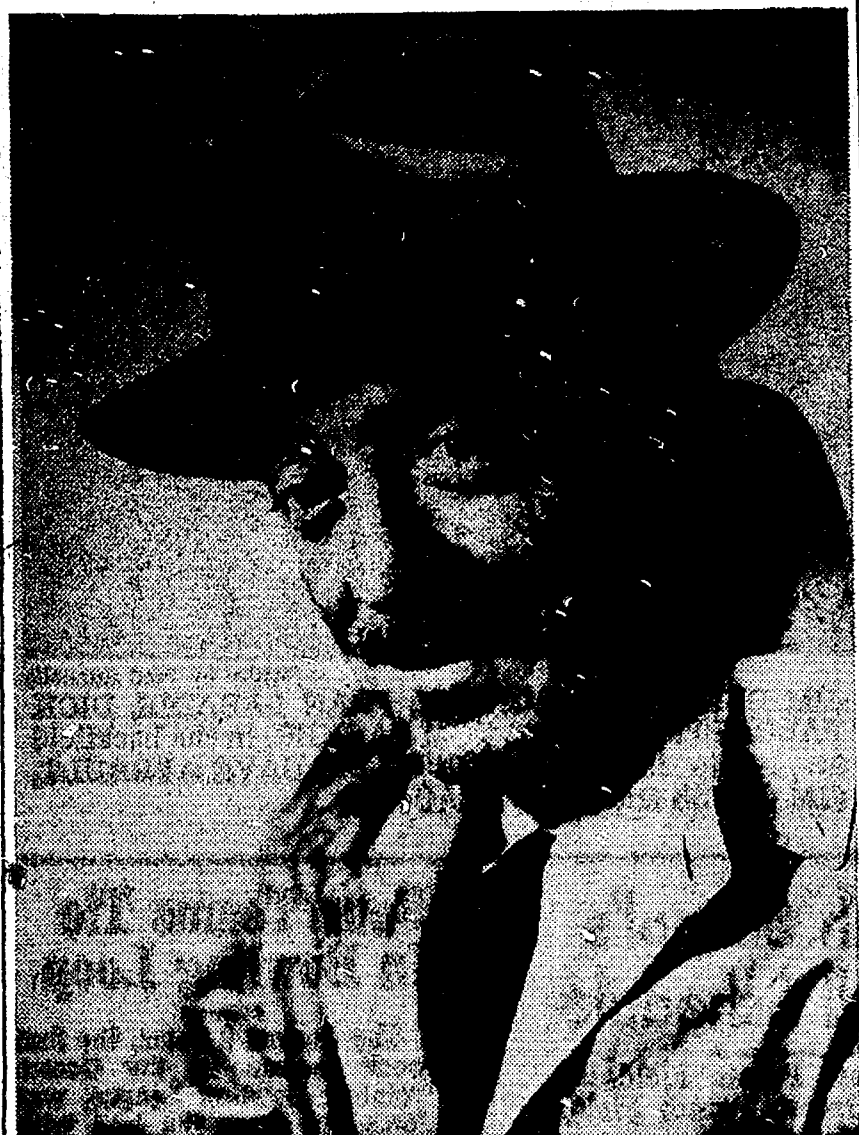

riweather road, is ticket chairman. Tickets are now on sale and may be obtained by calling TU 5-8882 or WO 2-6722. Box office sales will be announced later.

Other officers of the committee include Mrs. David H. Lynn, of Birmingham; Mrs. E. Osborne Coates, of Hillcrest road; Mrs. Kenneth L. McCoy, of Merriweather road, and Mrs. Leonard J. Grabow, of Birmingham.

Catholic Interracial Council Plans Breakfast

Joseph F. Verhelle and Mrs. James Brophy, both of Berkshire road, are serving on committees for the Catholic Interracial Council Community Breakfast to be held at the Park Shelton Hotel, Sunday morning, September 29.

His Collection on Exhibit

A fabulous collection of contemporary home accessories, designed by Bruce Fox and cast in softly finished aluminum, is on display this week in Jacobson's Home Decorative Shop.

The group includes chafing dishes and serving bowls, carving boards and cutlery, candleabra and heraldic crests — a whole galaxy of distinctive, functional beauty keyed to today's home and the modern host or hostess.

Designer Fox, who will appear personally at Jacobson's with his collection on Thursday, Friday and Saturday, September 19, 20 and 21, is a rare combination of artist, businessman, and soldier of fortune. He has lived in Europe, South America and Cuba; has hunted the jungles of Africa and taken part in political revolutions.

Today, in addition to his metal work, American Designer's Institute member Fox drives a tractor on his 65-acre farm, still finds time to hunt, fish, raise and show his champion horses, take an active interest in community affairs.

He first became aware of the creative possibilities of aluminum during the war, when he was engaged in aircraft work. He began working with aluminum as an artistic medium in 1946. Now, in 1957, he has his own foundry, art department, wood working shop, and machine shop; he employs 70 people, many of them metallurgists or artists in their own right, but all of them personally trained by Mr. Fox. Bruce Fox maintains a close association with his men, working right along with them and creating with his own inspired hands the originals from which his collection is cast. For only by complete supervision from start to finish can his feeling of life and excitement be instilled into these objects of a great designer's art. Prices range from 7.50 to 600.00.

Some reformers legalize the things they like to do, and prohibit the things other people like to do.

Convent Grads Planning Show

Mrs. Edward C. Roney Jr., of Merriweather road, will be one of the models in a fashion show and tea at the Convent of the Sacred Heart, Lawrence avenue on October 2.

Mrs. Roney is also assisting with plans for the party. Other members of the committee are Mrs. Neil Patterson, of Harvard road, Mrs. James O'Donnell, of Barrington road, Mrs. Rosemary Rabaut of Harcourt road and Mrs. Edmund Baier of Fisher road.

They are all members of the Alumnae Association, which is sponsoring the party with parents of the students. Mrs. Hanley Taylor is general chairman of the party; her co-chairmen are Miss Dorothy Loveley of Grayton road and Mrs. Harry W. Seitz.

THE INTERNATIONAL WATCH

Some 85 years ago, an American genius developed a new technique in watch-making, which he took to Switzerland to perfect. He built a small factory there . . . and, with the aid of the world's most highly trained watchmakers, he created . . .

Though this name has gained great fame in Europe and among knowing jewelers here, it has been hidden from the American public by an early business agreement which allowed the American importer to distribute it under various names.

A recent reorganization has remedied this situation . . . and we are proud to announce that you may find International Watches, under their own name, in our store.

We are proud also to recommend these timepieces, which we have sold with great satisfaction for many years. Our experience has proved them to be among the sturdiest precision watches in the world . . . and we hope you will see them soon. Their name and fame . . . is International!

All Night Sailing Race Proves Comedy of Errors

Bayview Yacht Club's 39th Annual Long Distance Night race last Saturday, September 14, undoubtedly will be a prime subject which sailors will discuss and argue all during the long winter months to come.

The whole affair would do comedy to a top notch TV show, but at no time was the Bayview race committee involved.

Of course skippers involved in a couple of fouls at the starting line, between Commodore Alger Shelden's big 84-foot yacht and the Front range light, will argue Mike Tapert's race committee erred in not calling them on the spot. But as chairman Tapert stated "There is nothing the committee could do until protests were formally presented after the race."

John Detwiler Protests
For the second time in as many years Johnny Detwiler filed a protest against Hank Burkard's "Meteor II" which port tacked him at the start. Burkard in turn protested Skip Grov's and Carter Sales' yawl "Querida."

The muddled picture of who won what in the Cruising B division in the Bayview Long Distance Night race was cleared up Monday night, September 16, when the protest committee honored John Detwiler's protest against Henry Burkard's "Meteor III" for port tacking Detwiler's "Vashti" at the starting line.

Burkard's protest against Skip Grov's and Carter Sales' "Querida" was not allowed. Burkard claimed "Querida" did not give him room to tack out of the way of the starboard tack "Vashti" at the line. The disqualification of "Meteor II" which won the race, gave first place to Lwyd Ecclestone's "Bikini" with second place going to Bobby Ford's "Fleetwood" and third place to "Seawolf" of the Grosse Ile Y.C. "Querida" placed fourth and was followed by Frank Kumbel's "Lorelie" and Chuck Coe's and Walt Robinson's "Aquavit." Bill Maul's "Spray" and Al Wilson's "Tzigane" ran around and did not finish.

Then there was the hassle between Nubby Sarn's "Revelry" which port tacked in front of Pat Collins' "Vitesse II" but was able to swing back out of the way just in the nick of time to avoid a collision. It was close but no protest flag was hoisted on "Vitesse."

With no protests on file in Cruising A division the final results found Clare Jacob's "Falcon II" the winner followed by Moon Baker's and Jerry Clements' "Last Straw," Dave Sloss' "Kathmar III," "Revelry," Wilfred McGuire's "Merry Maiden," Bob Neely's "Malabar VI" and Arvid Lundell's "Nordic" in that order on corrected time.

Buoy Didn't Flash
What most skippers will complain about will be the weak flashing Thames River Lighted buoy which didn't flash. This was the first mark of the 58

statute mile course and was the spot where many boats got in trouble. It was that corner of Lake St. Clair that resembled the Fourth of July as flares were fired skyward by Frank White on "Tigriss," Chuck Parker's "Tamara" and Bill Maul's "Spray" which went hard aground and needed assistance to get off. The Coast Guard took until 4 a.m. to get "Tigriss" off the bottom.

There were many others who stuck on the bottom but were able to get off without assistance and continue the race. All blamed the weak Thames River lighted buoy, which couldn't be seen until you were right on top of it. Ivan Fiscus had his "Rounder" anchored at that point to check the yachts around the mark and saw many boats sail right on past the turning point and into shallow water off the Canadian shore. There was nothing he could do about it; judges aren't supposed to talk to those aboard competing yachts.

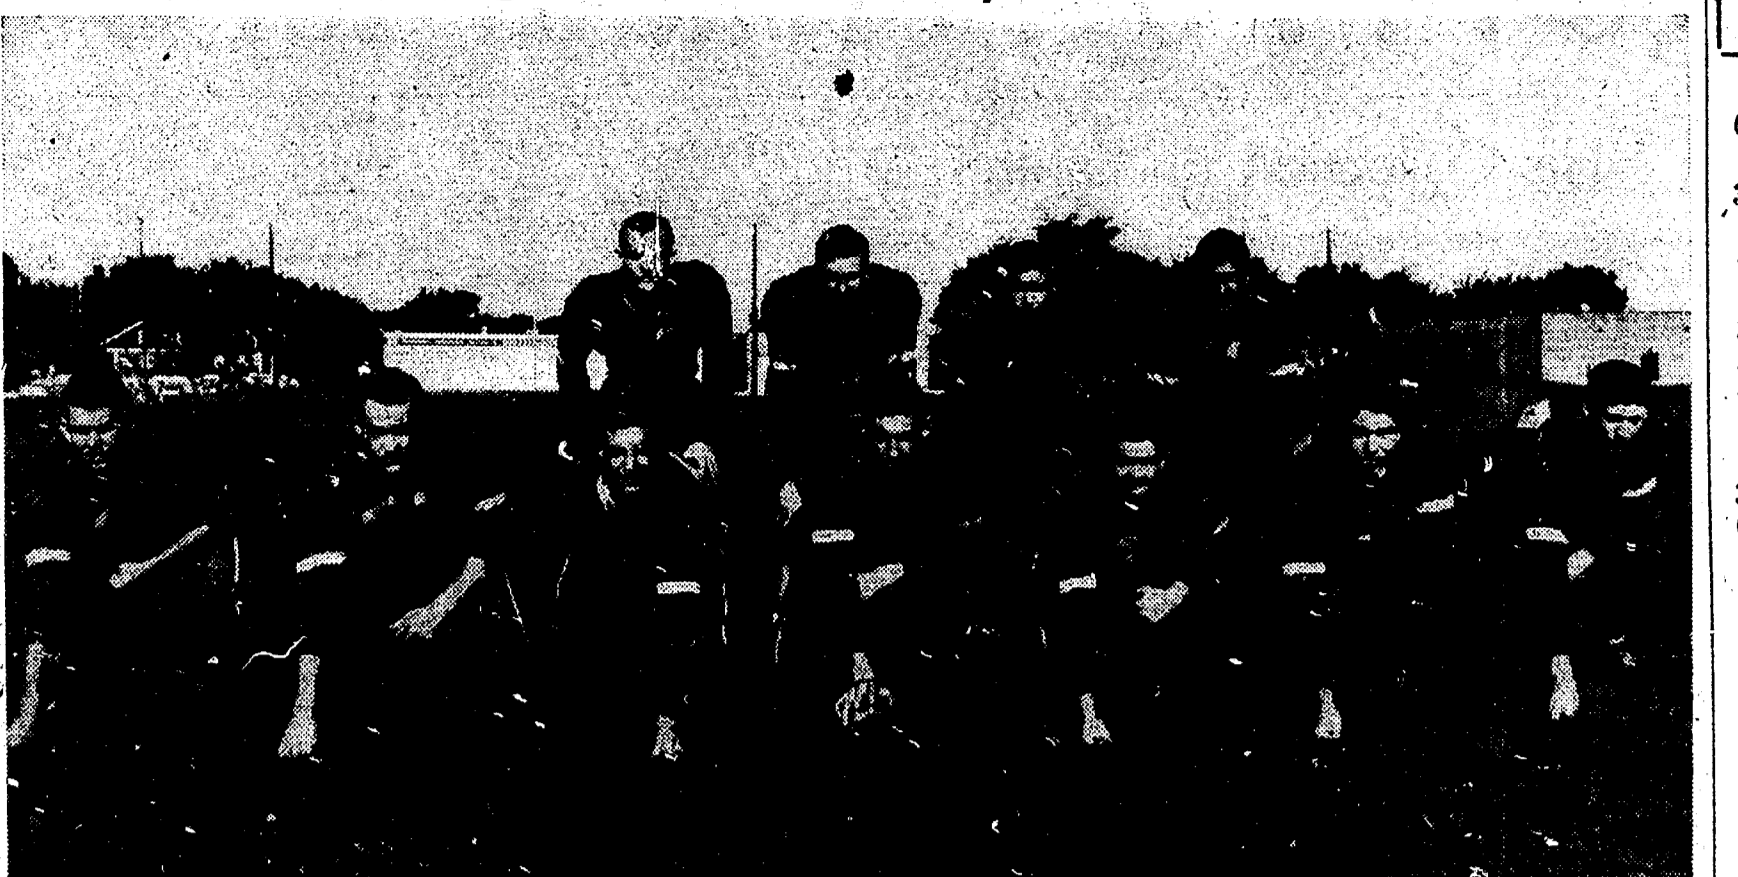

Shows Sportsmanship
Johnny Detwiler tossed away a good chance in his class when he dropped out of the race to go to the aid of Bill Maul's yacht.

Probably the only praise that will come out of the race will be for the wonderful quick flashing amber light built and erected on Bill Sullwood's cruiser "Jus-Mi-Bill" anchored near Huron Point. It was the first time in memory that that dark corner of the lake, of course Perc Williamson, one of the founders of Bayview Yacht Club, didn't particularly care for Sullwood's judges boat. Perc found the mark—both good—as a matter of fact he bumped into it and disqualified himself.

Weather Wonderful
As far as the weather was concerned it couldn't have been better. The wind was fairly light out of the northeast at the start but about a half hour later it swung more to the east-southeast and those who elected to skin the Canadian shore on a port tack until the wind shifted found themselves sailing almost at the first turning mark. This was the case of Clare Jacob's "Falcon" which went far out in front on the spinnaker run to the St. Clair light and won Cruising A handily.

In Cruising C division, the largest entry to sail, Karl Ness' "Happi-ness" took not only honors in his class but won overall corrected time honors. Chet Reynaud's "Maybe II" was second followed by Kurt Kuydel's "Grace Note," Hank Kuydel's "Albacore," Hugh Fuller's "Diane," Tommy Hanson's "Dauntless," Susie Fisher's "Old Rarity," Jimmy Carlin's "Clay

Austin Gridders Open on Sept. 20

The building process in Austin Catholic High's football program is still very much in effect. The question is to what degree of maturity will it advance this year.

Most observers agree that by next year, football will be on a par with the other major sports at Austin such as basketball and baseball, which have overflowed with success from their very beginnings. With a nucleus of sophomores (51 gridders turned out for the reserve squad this year) the Friars should be near the top next season.

But what about this year? Tom Fitzgerald, in his second year of coaching at Austin is making no predictions. He openly admits that he doesn't know quite what to expect from his 30-man squad. The reason for this situation is that a question mark hangs over a great number of the Friars first team candidates.

Two things definitely lacking from the squad, however, are speed and depth in the line. A real breakthrough threat and an abundance of linemen with size and ability cannot be found among the "Black and White." But, on the other hand, Senior Co-captains Dan Vervisch and Ray Wojtaalic are just about the best pair of ends in the Central Division. Wojtaalic with size (6'1", 190 lbs.), speed and a fine pair of hands is destined to be a real standout. Vervisch is the team's sparkplug and a terrier on both offense and defense.

At right tackle, 190-pound George Balke is a very strong blocker and a mainstay in defense. The other tackle is manned by Ken Gagala and Paul Paranski. Gagala has the edge because of his size (230 lbs.), but his inexperience makes him one of the question marks referred to. At the guards are Bob Kennedy (175 lbs.) and Kit Gentile (150 lbs.). Kennedy has performed very well, while Gentile's only disadvantage is his size. Dave Miller, the starting center last year, is back again, and should be one of the league's top pivot men. He, like the other starters named from tackle to tackle, is a junior.

The key to the Friars' offense

Four Teams Tie In Bowling Loop

The Custom 2 Team, the first week leaders in the Grosse Pointers Bowling League, was forced to share the lead with three other teams after the pins had stopped falling on the second night of competition.

Lusch vaulted into the four-way tie by taking three from Stewart. Heidi Hi took two points from Custom No. 2 and Keapp's dropped two points to Beappre but managed to share the lead.

Lakepointe held on to sole possession of second place. Three teams share third place and Piche holds fourth place all alone. Two teams are locked in a struggle for fifth place and Fox holds down the cellar spot with one victory in six starts.

may be the right arm of senior quarterback Jim Colombo. He is a fine ball handler and an outstanding passer. Junior Dan La Verdere is Colombo's capable stand-in. If he can recuperate from a knee injury suffered at the start of practice, senior Dick Howell should provide some hard running at fullback. He's big, strong and the fastest man on the squad.

If Howell is not ready, letterman Mike Forrester and Bob Miller will take over. Senior Len Carnaghi has the edge over junior Ken Scherer as his spot for the right half spot. Scherer, who was a starter last year, missed a week of practice due to injuries. Hard running Jim Smith (175 lbs.), a senior, has lefthalf almost to himself. Little Graham Camp (5'4", 130 lbs.) is rated the best defensive halfback on the squad.

Much should be learned from Austin's first game. It's a non-league affair at Hamtramck, Friday night, September 20, at 8.

All Night Sailing Race Proves Comedy of Errors

Bayview Yacht Club's 39th annual Long Distance Night race last Saturday, September 14, undoubtedly will be a permanent subject which sailors will discuss and argue all during the long winter months to come.

The whole affair would do justice to a top notch TV comedy show, but at no time was the Bayview race committee involved.

Of course skippers involved in a couple of fouls at the starting line, between Commodore Alger Shelden's big 84-foot yacht and the Front range light, will argue Mike Tapert's race committee erred in not calling them on the spot. But as charged man Tapert stated: "There is nothing the committee could do until protests were formally presented after the race."

John Detwiler Protests
For the second time in as many years Johnny Detwiler filed a protest against Hank Burkard's "Meteor II" which port tacked him at the start. Burkard in turn protested Skip Grow's and Carter Sales' yawl "Querida."

The muddled picture of who won what in the Cruising B division in the Bayview Long Distance Night race was cleared up Monday night, September 16, when the protest committee honored John Detwiler's protest against Hank Burkard's "Meteor II" for port tacking Detwiler's "Vashti" at the starting line.

Burkard's protest against Skip Grow's and Carter Sales' "Querida" was not allowed. Burkard claimed "Querida" did not give him room to tack out of the way of the starboard tack "Vashti" at the line.

The disqualification of "Meteor II," who won the race, gave first place to Lilwyd Eccleston's "Bikini" with second place going to Bobby Ford's "Seawolf" and third place to "Fleetwood" of the Grosse Ile Y.C. "Querida" placed fourth and was followed by Frank Krembel's "Lorelie" and Chuck Coe's and Walt Robinson's "Aquavit." Bill Maul's "Spray" and Al Wilson's "Tzigane" ran around and did not finish.

Then there was the hassle between Nubby Sam's "Revelry" which port tacked in front of Pat Collins' "Vitesse II" but was able to swing back out of the way just in the nick of time to avoid a collision. It was close but no protest flag was hoisted on "Vitesse."

With no protests on file in Cruising A division the final results found Clare Jacob's "Falcon II" the winner followed by Moon Baker's and Jerry Clements' "Last Straw," Dave Sloss' "Kathmar III," "Revelry," Wilfred McGuire's "Mary Maiden," Bob Neesley's "Malabar VI" and Arvid Lundell's "Nordic" in that order on corrected time.

Buoy Didn't Flash
What most skippers will complain about will be the weak flashing Thames River Lighted buoy which didn't flash. This was the first mark of the 59

spot where many boats got trouble. It was that corner of Lake St. Clair that resembled the Fourth of July as flares were fired skyward by Frank White on "Tigress," Chuck Parker's "Tamara" and Bill Maul's "Spray" which went hard aground and needed assistance to get off. The Coast Guard took until 4 a.m. to get "Tigress" off the bottom.

There were many others who stuck on the bottom but were able to get off without assistance and continue the race. All blamed the weak Thames River lighted buoy, which couldn't be seen until you were right on top of it. Ivan Fiscus had his "Rounder" anchored at that point to check the yachts around the mark and saw many boats sail right on past the turning point and into shallow water off the Canadian shore. There was nothing he could do about it; judges aren't supposed to talk to those aboard competing yachts.

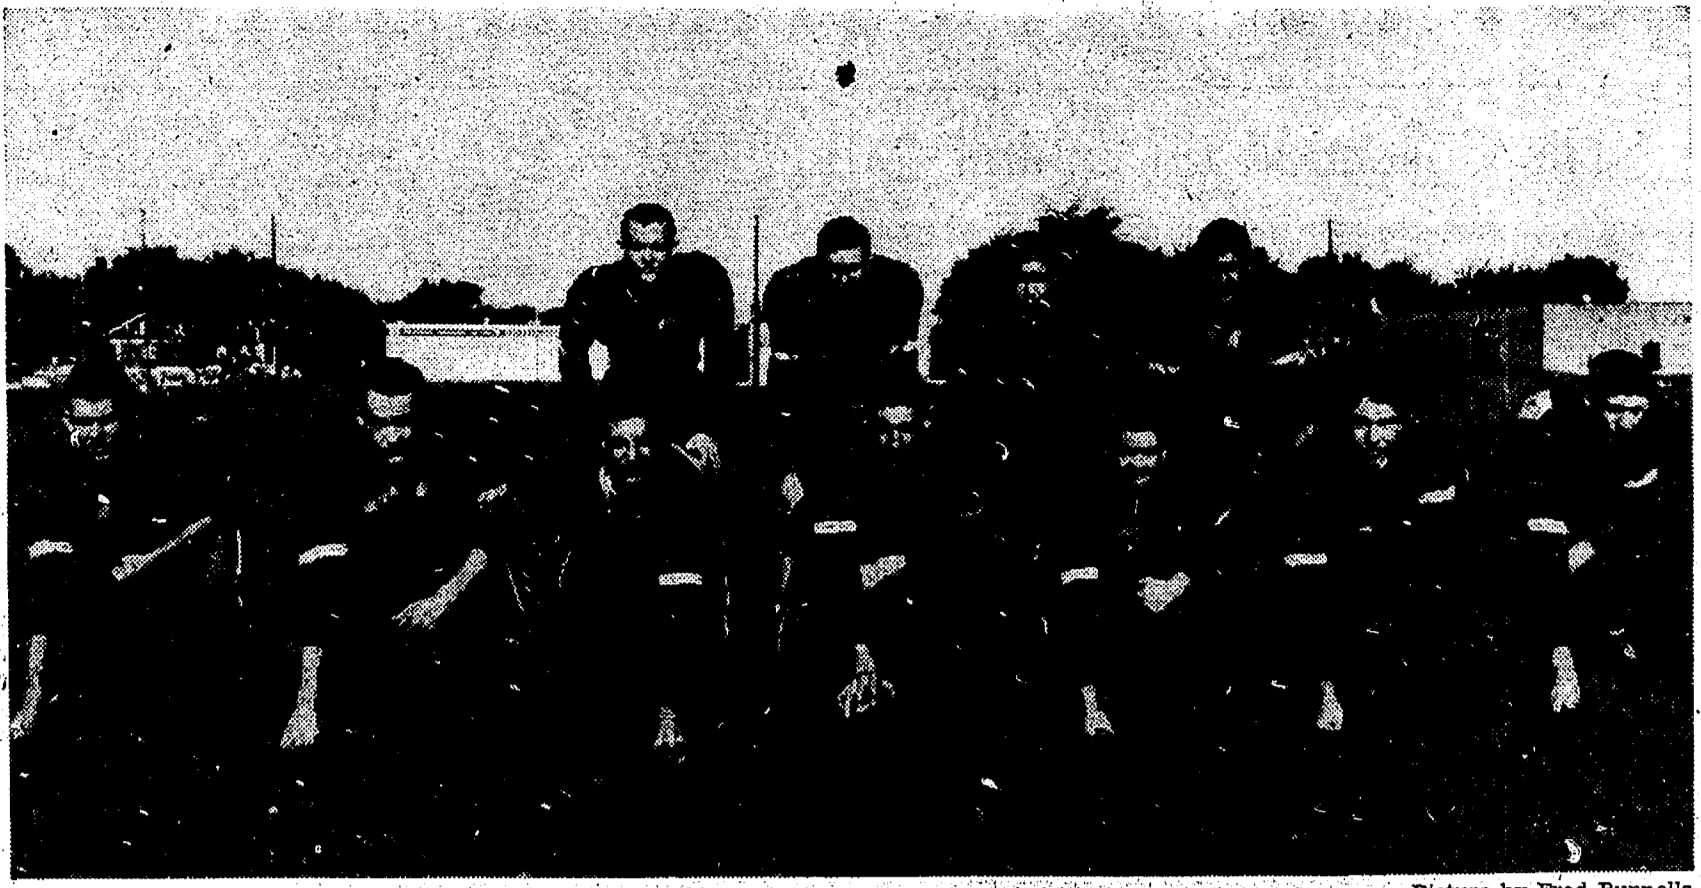

Shows Sportsmanship
Johnny Detwiler tossed away a good chance in his class when he dropped out of the race to go to the aid of Bill Maul's yacht.

Probably the only race that will come out of the race will be for the wonderful quick flashing amber light built and erected on Bill Sullwold's cruiser "Jus-Mi-Bill" anchored near Huron Point. It was the first time in memory that the light could be seen in that dark corner of the lake. Of course Perc Williamson, one of the founders of Bayview Yacht Club, didn't particularly care for Sullwold's judges boat. Perc found the mark—but good—as a matter of fact he bumped into it and disqualified himself.

Weather Wonderful
As far as the weather was concerned it couldn't have been better. The wind was fairly light out of the northeast at the start but about a half hour later it swung more to the east-southeast and those who elected to skin the Canadian shore on a port tack until the wind shifted found themselves sailing almost at the first turning mark. This was the case of Clare Jacob's "Falcon" which went far out in front on the spinnaker run to the St. Clair light and won Cruising A handily.

In Cruising C division, the largest entry to sail, Karl Ness' "Happi-ness" took not only overall honors in his class but overall corrected time honors. Chet Reynaud's "Maybe II" was second followed by Hank Dundel's "Grace Core," Hank Dundel's "Albacore," Hugh Fuller's "Diane," Tommy Hanson's "Dauntless," Susie Fisher's "Old Rarity," Jimmy Carlin's "Glory

Austin Gridders Open on Sept. 20

The building process in Austin Catholic High's football program is still very much in effect. The question is to what degree of maturity will it advance this year.

Most observers agree that by next year, football will be on a par with the other major sports at Austin such as basketball and baseball, which have overflowed with success from their very beginnings. With a good crop of juniors and a nucleus of

Four Teams Tie In Bowling Loop

The Custom 2 Team, the first week leaders in the Grosse Pointers Bowling League, was forced to share the lead with three other teams after the pins had stopped falling on the second night of competition.

Lusch vaulted into the four-way tie by taking three from Stewart. Heidi Hi took two points from Custom No. 2 and Kopp's dropped two points to Beaupre but managed to share the lead.

may be the right arm of senior quarterback Jim Colombo. He is a fine ball handler and an outstanding passer. Junior Dan La Verdere is Colombo's capable stand-in. If he can recuperate from a knee injury suffered at the start of practice, senior Dick Howell should provide some hard running at fullback. He's big, strong and the fastest man on the squad.

If Howell is not ready, letterman Mike Forrester and Bob Miller will take over. Senior Len Carnaghi has the edge over junior Ken Scherer as they battle for the right half spot. Scherer, who was a starter last year, missed a week of practice due to injuries. Hard running Jim Smith (175 lbs.), a senior, has lefthalf almost to himself. Little Graham Camp (5'4", 130 lbs.) is rated the best defensive halfback on the squad.

Much should be learned from Austin's first game. It's a non-league affair at Hamtramck, Friday night, September 20, at 8.

The key to the Friar's offense is George Balke is a very strong blocker and a mainstay on defense. The other tackle is manned by Ken Gagala and Paul Paradzinski. Gagala has the edge because of his size, (230 lbs.), but his inexperience makes him one of the question marks referred to. At the guards are Bob Kennedy (175 lbs.) and Kit Gentile (150 lbs.). Kennedy has performed very well, while Gentile's only disadvantage is his size. Dave Miller, the starting center last year, is back again, and should be one of the league's top pivot men. He, like the other starters named from tackle to tackle, is a junior.

Center Offers Eleanor Lipkin. The Grosse Pointe War Memorial Association inaugurates the fall music season by welcoming home from Europe Eleanor Lipkin, concert pianist, who will play in the Great Hall of the Center, on Wednesday evening, October 2, at 8:30 o'clock. The name Lipkin is no newcomer to the front rank of concert pianists. Miss Lipkin began her piano studies at the age of four. By age six her repertoire included works of Bach, Mozart, Schubert and Grieg. By the time she was 15 she had appeared with both the Michigan Symphony and the Detroit Symphony orchestra. At age 16 Miss Lipkin went to Curtis Institute and was the winner of a scholarship which enabled her to study with Horszowski and Rudolph Serkin. Since 1954 Miss Lipkin has been in Italy studying under a Fulbright grant at Accademia di St. Cecilia. Her mentor has been Carlo Zecchi. While studying in Rome Miss Lipkin has also found time to give concerts in Rome, Florence and Perugia and also in Austria and Switzerland. Having graduated from the Accademia di St. Cecilia in June of this year Miss Lipkin returns to this country September 2. Because seating capacity is limited to 150 it would be wise to make reservations in advance by calling the Grosse Pointe War Memorial Center, TUxedo 1-7511.

Dance Classes Have Vacancies. There are still some places available in the Center's six Ballroom Dancing Classes for young people (especially boys) 10 to 15 years old. Another Friday afternoon class for 10 and 11 year olds has been added at 5:30 p.m. to accommodate the overflow in that age bracket. Other classes available are: Friday at 4:30 and 7 p.m. also 8 to 10 p.m.; every other week. There is also a class each Saturday at 3:30 p.m. and Monday at 7:30 p.m. All classes begin this week-end and continue for 15 weeks ending with a big combined party with orchestra. The Saturday 3:30 class begins September 21. The well known and popular Mr. and Mrs. Bill Wilson are again instructors.

Spartans Lose Pre-Season Tilt. By Ernie Whitney. "A passer! a passer! My kingdom for a passer!" That was the cry of the coaching staff of the Grosse Pointe Woods Spartans this week as they prepared their young charges for their first league game of the Jack Lowther Little Football League season on Saturday afternoon. Supplying the opposition will be the Detroit Bulldogs, a team new to Jack Lowther competition this year. The game will be played at the Bulldog's field in the Warren-Alter area. Pointing out the search for a passer, was the performance of the Spartans in a rain-soaked practice game against the East Detroit Mid-Jets last Sunday afternoon. The Spartans showed a tough defense but almost no offense as they dropped a 13-0 decision. After holding the East Detroiters to a 0-0 tie at the half, the Spartans yielded one touchdown in both the third and fourth quarters. Not only did the Spartans fail to show any kind of sustained offensive, but many of their passes wound up squarely in the arms of the alert Mid-Jets. However, a slippery field and a wet ball made it a poor afternoon for passing and the coaches are hopeful that the Grosse Pointers' passes will click much better against the Bull dogs on Saturday. In the Reserve's game at East Detroit, the story was much the same as with the Varsity. The youngsters put up a spirited defense as they dropped an 8-0 decision to the East Detroit Reserves, but their single wing offense was almost wholly ineffective. With another week to practice offensive plays, however, coaches hope for a better performance against the Bulldogs.

Rabout Taking Trip to England. Representative Louis C. Rabout (D-Mich.), high-ranking member of the House Appropriations Subcommittee on atomic energy, will inspect several of the United Kingdom's atomic energy reactors this fall. The reactors, typical of progress in the development of atomic energy for peaceful uses in the British Isles, will include that atomic power plant under construction at Dornrey, Scotland. Known as the "fast breeder" type, it is similar to that being built at Monroe, Michigan by the Power Reactor Development Company. The Dornrey reactor, unlike the controversial Monroe plant, is much closer to completion; it is 85 per cent completed and expected to go into "critical" operation next February. Rep. Rabout said "The controversy over the safety factors of the Monroe reactor has played no small part in my decision to check at first hand the almost completed breeder-type reactor at the tip of Scotland. "I feel sure that a conscientious inspection of the Dornrey reactor, among others, will be productive of much helpful information. That is the basic design and intention of the trip." Rep. Rabout also will inspect England's gas-cooled reactor at Calder Hall. Both reactors are in construction and operation under the United Kingdom's Atomic Energy Authority.

Ballet Classes Resume. The Neighborhood Club is announcing the resuming of Ballet for girls ages 7 to 12. This class will be under the direction of Miss Armine Vart who has had extensive training in ballet. Her experience includes training under William Dollar of the Ballet Theatre and has studied with the Ellis and DuBoulay School of Dance in Chicago. The class will be available to beginners only and will be held on Friday afternoons from 4-5 p.m. Girls wishing to register for this class are urged to call TU-4600 as soon as possible since the number in this group must necessarily be limited. A small fee besides membership will be charged.

Center Offers Eleanor Lipkin. At age 16 Miss Lipkin went to Curtis Institute and was the winner of a scholarship which enabled her to study with Horszowski and Rudolph Serkin. Since 1954 Miss Lipkin has been in Italy studying under a Fulbright grant at Accademia di St. Cecilia. Her mentor has been Carlo Zecchi. While studying in Rome Miss Lipkin has also found time to give concerts in Rome, Florence and Perugia and also in Austria and Switzerland. In the 1880's the Pointe had not entirely grown away from its farming and fishing industries into the popular summer resort it later became. In the Michigan State Gazetteer published by the R. L. Polk Co. in 1883 is the following description:

"With a population of about 200, is a somewhat fashionable suburb of Detroit, and is located on the shore of Lake St. Clair, eight miles northeast of the city. Garden produce, fruit, fish and grain are the principal exports. Considerable improvements have been made here within the last few years by the erection of handsome residences, owned principally by merchants of Detroit.

The locality makes it a very desirable point for health and comfort in the summer season. It has now a large dock, extending 800 feet into the lake, four churches, two Catholic, English Protestant and German Lutheran and several schools. Fishing, which is the foremost industry, has lately grown to considerable proportions, large numbers of musk-allonge, whitefish, herring, etc. are marketed. Mail by special supply. Alexander Michie, Postmaster."

Then there follows a list of important city fathers and their trades. (There was John Alter, treasurer, Thomas Ironmonger, hotel proprietor; John Kerby, township clerk; Michies, Archibald and William, fishermen; Joram Priest, wagonmaker; Charles Rivard, constable; Isaac Smith, physician and justice; Charles Vernier, constable, and A. Vernier, saloon keeper.

At the turn of the century and until World War I fishing as an industry had almost disappeared but frog hunting was a popular sport and frogs legs were a staple menu at the various roadhouses in the area.

The mother of the present Oscar and Elmer Labadie sold frog legs for many years. Her husband, Columbus Labadie, worked for the Farms Water Department and their home in Muir road, then Oak street, was one of the first built there. Mrs. Labadie had a brisk trade in frog legs at the kitchens of the carriage trade. The delicacy was much sought after and many of the youngsters of the day made extra pennies catching frogs in the marshes and meadows of the rustic Pointe.

DR. JAMES BUSHONG, Superintendent of the Grosse Pointe Public Schools

By Patricia Talbot

"Our teachers attempt to teach the child, not the subject. The superior quality of our teachers is responsible for our outstanding school system." These are the fervent beliefs of Dr. James Bushong, the Pointe's Superintendent of Schools for the past six and a half years.

In naming the teachers as chiefly responsible for the Pointe's remarkable schools Dr. Bushong is certainly giving credit where it is due. But he is modestly overlooking his considerable part in selecting these teachers and allowing them to use their own judgment within the framework of the school system which he directs.

When the word went out last spring that the Pointe schools needed 80 new teachers, 30 of them due to the increased enrollment of 365, the rest as replacements, more than 3,000 applicants responded. It would seem that there was no teacher shortage as far as Grosse Pointe is concerned. But this is not true. Very few of the applicants came up to Dr. Bushong's and the Board's high requirements.

Best Teachers in the Nation
The cream of the teaching crop, the best teachers in the country, which Dr. Bushong proudly insists we have, must have a genuine understanding of girls and boys as well as outstanding academic records. They must love children and be willing to see each child as an individual.

In order to obtain top notch educators Dr. Bushong and Dr. Otis M. Dickey travelled all over the country to personally interview applicants. Teachers were hired from 51 colleges and universities in 21 states for this semester. They particularly wanted more men teachers, although teachers who are mothers are also sought by these talented administrators.

Dr. Bushong's brilliant career in school administration did not happen by accident. He believes there is nothing more important than being a teacher, or more especially a school superintendent. His scholastic career began in Oregon, where he received his BS from Pacific University, his masters and doctorate in education from the University of Oregon.

Came From Oregon
He taught in Oregon schools both as a teacher and an athletic coach and he went into the administrative field as a principal and superintendent. Before being named to succeed John R. Barnes at his present position he studied at Harvard on a fellowship.

Not just as an administrator and former teacher does the superintendent understand the students of today, but as a parent too. His wife studied education before they were married. The Bushongs have four daughters, Joyce, a U. of M. sophomore; Janis, a GPHS senior, and Betsy and Kathy in the second and first grades at Richard.

One of the reasons for the Pointe's success in the education field is the close co-operation between the parents and the teachers, Dr. Bushong feels. He is impressed by the number of fathers that take active part in the PTA's. On various speaking engagements throughout the state he has noticed maybe a handful of dads in a PTA audience in contrast to the Pointe where both parents are fervent

duties, he is now particularly concerned over the replacement of the late Walter R. Cleminson, principal of the High School. "I don't know where I will go to find his equal."

Dr. Bushong writes for a long list of educational publications, serves on various civic committees and lectures throughout the country. This doesn't leave him much time for golf and the other athletic endeavors he so much enjoys.

School systems all over America have their eyes on the Pointe and on Dr. Bushong, as was evidenced a few years ago when Detroit wanted him as their superintendent. He is much concerned with the future of his school system as he believes it is very difficult to maintain the quality program we have while the enrollment steadily increases. Growth along academic lines is essential and Dr. Bushong has no intention of resting on his fine record.

Progress, not complacency, is his watchword. Much of the splendid spirit and attitude in the Grosse Pointe School System which is felt by teachers, administrators, parents and students alike stems from the top, from this dynamic, skillful and likeable director. A real quality of humility emanates from warmhearted and sincere Dr. Bushong who insists that "The school system belongs to the students, not the teachers."
