"HAPPY BIRTHDAY TO US"!! The GROSSE POINTE NEWS is celebrating its 17th birthday today.

THE UAW was found innocent Wednesday of violating the Federal Corrupt Practices Act by sponsoring nine telecasts before the 1954 election. They featured interviews of Democratic Congressional candidates.

A Federal Court jury of 10 women and two men deliberated two hours before announcing the verdict.

NIKITA S. KHRUSHCHEV, Soviet Communist Party chief, called Wednesday for a top-level conference of Capitalist and Communist countries. He suggested that such a meeting could prevent war, and the "cold war" and establish East-West relations on a basis of mutual respect and peaceful co-existence.

Khrushchev also chided the United States on its slowness in putting an earth satellite into the upper atmosphere. He said the two Soviet satellites were "waiting to be joined by American and other sputniks".

He suggested that competition in the field of artificial "moons" would be better for the world than an armaments race.

PRESIDENT EISENHOWER will address the nation at 8 p.m. tonight on the topic "Science and Security". The speech was originally scheduled for November 13 in Oklahoma City. A White House statement Wednesday explained that the speech had been moved forward partly because Thursday is the 40th anniversary of the Russian Revolution.

Friday, November 8

PRESIDENT EISENHOWER disclosed Thursday the United States had solved the problem of returning a missile warhead from space onto a target. As graphic proof of the solution, Mr. Eisenhower showed a nationwide television audience an object which had been fired several hundred miles into space, and recovered intact.

In the same speech he cited Dr. James R. Killian's appointment to the new post of "Special Assistant to the President for Science and Technology." The president of the Massachusetts Institute of Technology is expected to put new drive into the nation's scientific defense program.

GENEROUS DETROITERS have done it again! In a blazing finish Thursday, the metropolitan area put the United Foundation's 1957 Torch Drive far over its record \$16,350,000 quota. The final tabulation was \$16,663,580—culminating the greatest drive in the United Foundation's nine-year history.

No Torch Drive has failed to attain its goal since the "Give-Once-For-All" campaigns began in Detroit in 1948. Sherrod, E. Skinner, campaign general chairman for this year, and his fellow workers all received top praise for a superlative job.

THE SOVIET UNION paraded a mighty array of new tactical rockets and guns at its 40th birthday celebration of the Revolution Thursday, without unveiling any of the major surprises the world had been led to expect. The big puzzlers for Western military men in the massive march in Red Square were two huge guns of strange design. Moscow Radio talked of a new type of artillery based on jet propulsion, but didn't explain any further.

There were many tactical weapons capable of delivering atomic warheads.

High Wind Lowers Lake and Creates Land

The high wind which swirled the season's first snow flurries through the Pointe last Friday, November 1, lowered the level of Lake St. Clair nearly two feet, exposing a large patch of land along the Lakeshore road seawall near the Grosse Pointe Farms municipal park. The future of this newly exposed land will be short lived, as a strong northeast wind will put it wash once again.

883 of 4500 City Voters Go to Polls

Unopposed Candidates Receive Few Ballots of Thanks for Service They Render

The City of Grosse Pointe suffered from its seemingly-chronic state of apathy last Tuesday, when only 883 of its 4,500 registered voters turned up at the polls.

Though the candidates had no opposition, and there were only two real issues at stake, it seems the least the people of the City could do was to give a vote of appreciation and thanks to those men who have, without remuneration, served them so well in the past and are willing to continue to give of themselves for the future.

Mayor Fred W. Parker, Jr. was re-elected to his third term of office with 808 votes.

Norbert P. Neff was re-elected in his role as City Clerk, getting 823, the largest number of votes.

Councilmen Edward V. Luss, Otto W. Pongrace, and Alonzo C. Allen will all be renewing their terms with votes of 675, 748, and 711 respectively.

City Treasurer for another two years will be Theodore G. Osius, who tallied 780 counts.

Neil Blondell, with 792 votes, was re-elected City Assessor and 778 in the yes column returns Arthur Van Becelaere in the role of City Constable.

There were 553 yeas and 211 negative votes for the proposed amendments to the Employees' Retirement System.

Audio-Visual Classroom Session Presented for School Board Members

Educators and Audience Enlightened Through Special Program Staged At Meeting of Board of Education

This month's School Board meeting, held Wednesday night, deviated a bit from its normal all-business pattern. Interested citizens, board members and fellow teachers and fellow students were molded in a single audience as the meeting room was converted into a typical classroom before their wondering eyes.

Black-board, chalk, desks — all the necessary props were on hand — in addition to which were a motion picture projector and screen. Then appeared the "star" of the production, Robert Roddewig, and his supporting cast of half a dozen 8th grade students, all from Parcels Junior High School.

The "players" then staged a typical classroom scene, depicting a history lesson based upon the enormous character of George Washington. Teacher Roddewig deftly combined text and lecture, aided by perceptive contributions from his pupils, and supplemented the whole with a brief film presentation dealing specifically with the subject matter.

The remaining minutes of "class time" were devoted to a question-and-answer period based on the film.

Successful Demonstration

Thus was presented a highly successful demonstration of modern audio-visual techniques, showing how text and lecture can be correlated with, and enhanced by AV methods. Following the presentation all were invited to view the various other audio-visual materials on exhibit in the hall, outside the meeting room. AV coordinators, one from each of the Grosse Pointe schools, were on hand to explain their usage.

New Pools To Open for Inspection

Public Invited to Open Houses at Parcels and Pierce Schools Sunday Afternoons

The two new swimming pools at Parcels and Pierce Junior High Schools will be open for an inspection by the public Sunday afternoon, November 17. Interested persons will be welcome between 2 p.m. and 5 p.m. to view the fine new facilities.

On hand to receive and guide the visitors at Parcels will be the officers of the P.T.A. headed by President Donald Strand. Principal Vincent Peterson and members of the professional staff are cooperating in planning the affair. Students will assist as guides.

PTAs Very Helpful

At Pierce, Lyle Hudson, P.T.A. president, and Mrs. Earl Zuehlke, chairman of the Home Room Mothers, will head the welcoming group. Charles Leavitt, principal, members of the teaching staff, and student members of the Girls' Gym Council and each boys' swimming class will assist in receiving and guiding visitors.

Groups Take Turns

Some 400 to 600 students use the pool weekly in the school program. Groups of girls alternate with groups of boys in the swimming program. One group is scheduled for a six week period of time of exclusive use followed by the other group, who then have a similar period of uninterrupted use.

Thus, each student will have the opportunity to swim one or more times a week throughout the block of time and will profit more from their experience and instruction than if they swam at less frequent times.

In the after school and evening program upwards of 1400 children and adults are enrolled. Approximately 1200 of these are youngsters in several stages of swimming proficiency. The greater share are beginners. Enrollments are still being taken by the Adult Education Center for some sections of various categories not completely filled.

Yuletide Lighting Project Receiving Enthusiastic Help

Many Organizations and Municipalities Joining Garden Club Council in Program to Make Pointe Beautiful for Yuletide

The enthusiastic response to the Christmas Lighting project of the Grosse Pointe Garden Club Council, promises that throughout the community this year, it will be "Christmas—Bright but Beautiful."

The highlight event for next week will be a lecture to be held at the Grosse Pointe War Memorial, 32 Lakeshore Road, on Tuesday, November 19, at 2 p.m.

Robert Dorsey, of the General Electric Company, will come from Cleveland, Ohio, to speak on "Design in Christmas Lighting." This will be accompanied by colored slides in showing the many possibilities for original effects. Time will be allowed for questions. The lecture is free of charge and open to the public.

Luncheon Planned

Preceding the talk, there will be a subscription luncheon, honoring Mr. Dorsey and Miss Mary Taepke of Detroit Edison, at 12:15 p.m. All are most cordially welcome. The price is \$1.50 and reservations accompanied by check must be made by the 15th. Checks should be made out to Grosse Pointe Garden Club Council and mailed to Mrs. James T. Huette, 1339 Yorkshire road, Grosse Pointe, 30.

Mrs. Walker Cisler has made the arrangements for the lecture, while assisting Mrs. Huette with luncheon details are Mrs. Arthur Fleming and Mrs. Edgar Cooper. Floral

\$356,345 Raised in Torch Drive

Grosse Pointe Torch Drive volunteers who solicited funds under the leadership of Mrs. Robert Duff, regional chairman, obtained a total of \$356,345, or 107.2 percent of their quota, according to an accounting made at United Foundation Headquarters.

Mrs. Duff credited the enthusiasm shown by the women solicitors and the generous response of Grosse Pointe residents and business people for success of the drive in this region.

"Never have so many solicitors worked with such vigor and energy to establish in the minds of prospective givers the opportunity provided them by the Torch Drive," Mrs. Duff said.

"The business people of Grosse Pointe were especially generous this year. The tremendous advantage of giving once for 195 health and community services, instead of being solicited nearly every day of the year by a different agency, has become apparent."

Generous givers whose names were omitted from last week's list included: the Grosse Pointe Lions Club; Walton-Pierce and employees; Himelhoch Brothers, Inc. and employees; Best and Company and employees.

Other donors not previously listed included: William Austin, Inc.; Meathe, Kessler and Smith; Nottingham Clinical Laboratory.

Woods Committee Maps City Hall Battle Plans

Woods voters will be contacted by letter and phone a few days before the special election on December 16, pointing out the urgent need for a new municipal hall and asking them to cast a favorable vote for a bond issue for that purpose.

On Monday, November 11, the Woods Municipal Building Study Committee, all citizens and taxpayers of the city, met to make plans for a campaign to bring to the people the desperate need for a new building. Ways to raise funds to carry out this campaign were also discussed.

In the latter case, it was revealed that the city cannot use

Collection By Cities Mandatory

23.72 Per Thousand Rate Established By Vote Agreeing to Exceed Limitations

The Pointe municipalities have the mandatory task of collecting the annual school and county taxes, which this year total \$6,494,750.

Taxpayers will be billed for a school tax of \$5,044,684, and county taxes amounting to \$1,450,066—due December 1.

Pointe city officials have, in the past, received phone calls, and talked with citizens in person, who ask about these taxes. Some even wanted to know the reason for paying these taxes when they have already paid earlier in the year.

There is a difference. The earlier bill was for city taxes; the one due next month is for school and county taxes ONLY and these are levied by the Grosse Pointe Board of Education and the Wayne County Bureau of Taxation. The tax rate and the amount levied is in accordance with the Board's budget adopted June 5 of this year, and action of the County Allocation Board in May.

Collection Agencies

The municipalities are merely the collection agencies for the school and county. A state law stipulates that cities, villages and townships MUST collect these taxes and remit the monies to the School System and the County. This is mandatory. The latter two cannot relieve the local governments of this task, even if they wanted to.

Both the System and County are levying taxes on State equalized assessed valuation of property totaling \$213,245,324 in the Grosse Pointe School District.

The school tax rate for all purposes for the 1957-58 fiscal year is 23.72 mills, or \$23.72 per each \$1,000 of state equalized assessed valuation, as compared with 20.735 mills, or \$20.735 per \$1,000 assessed valuation of 1956-57.

The county tax this year is 6.80 mills, or \$6.80 per \$1,000 assessed valuation, the same as last year.

Limitation Rate Set

The law sets the school and county tax limitation rate at 15 mills, or 15 per \$1,000 assessed valuation.

In Grosse Pointe Township, the 15-mill limitation, as applied to the budget rate operation, is broken down as follows: county rate, 6.05 mills; township rate, .95 mills; and school rate, 8.00 mills.

For the Pointe communities and the part of Harper Woods in the School District: county rate, 6.05; there is no township rate, so to make up the 15-mill limitation, the school rate here is 8.95 mills.

The law says that the school and county must levy taxes on the state equalized assessed valuation. It also says that taxpayers must approve any increases above the 15-mill limitations, and so because of the increase in school operation costs, adding to the teachers' staff, higher salaries, the construction of new schools and swimming pools, the System asked for a millage increase.

Two Increases Approved

In 1954, the District voters approved a five-mill increase, and earlier this year, sanctioned the addition of another four mills.

However, due to old debts having been retired (interests and obligations incurred prior to December 8, 1932) and lower reserves required, the net increase to the taxpayers is less than this year's approved four mills. It comes to 2.985 mills, or approximately \$2 per \$1,000 of State equalized assessed valuation.

The school tax rate includes 2.75 mills for a bond debt incurred in 1950; 1.75 mills for one in 1953; and .47 mills for one in 1954; and .47 mills for the latest, incurred in 1956. The tax rate on the first three are mandatory, since they were voted for when the bonds were issued; the latter is an unlimited tax issue to meet actual requirements.

School Taxes \$5,044,684

(Continued from Page 1) year is for: Increased school operating costs (new teachers, higher salaries and so on); finishing and equipping the new Brownell Junior High School; to pay for the new swimming pools; and to pay for the renovation of the heating plant at Grosse Pointe High Schools.

This is the way the tax levy is distributed among the communities in the District: Grosse Pointe Township with an equalized property valuation of \$15,673,151; tax rate (mills), 22.770; amount of tax levied, \$356,877.65.

The City: equalized valuation, \$26,713,588; tax rate, 23.720; tax levied, \$633,646.31.

The Farms: equalized valuation, \$54,078,092; tax rate, 23.720; tax levied, \$1,282,732.34.

The Park: equalized valuation, \$51,515,961; tax rate, 23.720; tax levied, \$1,221,958.59.

The Woods: equalized valuation, \$51,281,454; tax rate, 23.720; tax levied, \$1,229,204.21.

The section of the Woods (Allard and Stanhope) annexed to the District on June 25 of this year: equalized valuation, \$1,134,102; tax rate, 24.950; tax levied, \$28,295.84.

This section is subject to the Harper Woods District Debt and Grosse Pointe District Operating, and is broken down as follows: Grosse Pointe Operating, tax rate, 17.95; tax levied, \$20,357; Harper Woods Debt, tax rate, 7.00; tax levied, \$7,938.71.

Harper Woods (section in the District): equalized valuation, \$12,308,966; tax rate, 23.720; tax levied, \$291,969.39.

Understand, there will be no taxes levied for the payment of interest and principal on obligations prior to December 8, 1957.

The breakdown on the total tax levy of \$5,044,684, is: current operations, \$3,812,864.07; 1950 debt, \$585,305.86; 1953 debt, \$371,194.63; 1954 debt, \$169,688.98; 1956 debt, \$99,692.28; and Harper Woods debt, \$7,938.71.

Now back to the county taxes. When applying the county's tax rate of 6.80 mills to the State equalized assessed valuation, the Township should turn over to the county, \$106,577; the City \$181,652; Farms, \$367,731; Park, \$350,308; Woods (including the annex), \$360,097; and Harper Woods, \$83,701.

The State equalized valuation is not in effect in the Pointe communities as far as local governments are concerned. Their tax rolls show only a local assessed valuation, and so, to raise their fair share of school and county taxes, they have to fall back on their tax rates.

This is the assessed valuation on local rolls, and the tax rate they must levy to collect the taxes for the school and county:

Accident Blamed On Turning Car

The corner of Mack avenue and Rivard boulevard was the scene of a minor accident on Thursday, November 7.

Charles E. Rudy, of 23019 St. Joan in St. Clair Shores, was driving his 1957 Hillman convertible east on Mack when he was forced to apply his brakes suddenly to avoid a car that was making a right-hand turn in front of him.

Ronald Laurence Zecchin, 14309 Wade, Detroit, who was behind him, was caught off guard and slammed into the Hillman's rear. Damage was minor and the men settled the issue between themselves. There was no cause for a ticket to be issued.

Audio-Visual Classroom

(Continued from Page 1) maps and globes, art and slide-making materials, bulletin boards, microscopes, aquariums, and models of all sizes and kinds.

The IMC, which has its headquarters in the Administration building of the Board of Education, houses a good many of these materials—an entire library of supplementary books, filmstrips, movies, flat pictures, and museum pieces for instance, but each school also has its individual ever-increasing program and supply of materials—headed by its own AV Coordinator.

Each School Has One There are 13 of these coordinators in all, one for every public school in the Pointe. These people, in addition to their regular teaching jobs, have a full-time responsibility in training other teachers in the use of instructional materials, in equipment maintenance, scheduling, budgeting, liaison, and constant evaluation. They meet once a month with Mrs. Daniel to discuss new ways and means for development of their programs—at the same time achieving another step

forward in the unity of the Grosse Pointe School System.

One may wonder at the expense of such a program. Amazing, but true, the cost is nominal. Through the economical centralization of the IMC, some 15 years ago, audio-visual aids and related materials are today incorporated in our educational system at the incredible average of \$1.00 per child, per year. This amount is covered by an annual budget given the IMC by the Board of Education.

And how do the kids go along with these modern school techniques? As "one child so aptly phrased it, "Gee, it helps learning a lot—to see it up close."

PAVE CUL-DE-SAC

The construction and paving of the Lennon Avenue cul-de-sac at Poupard school was completed recently and is now in use. The City of Harper Woods assumed the full cost of the modification of the street. A driveway was also put in, connecting Van Antwerp avenue with the parking lot on the school grounds. The cost of this improvement was borne by the schools.

Maire P.T.A. Meets Nov. 18

The next meeting of the Maire P.T.A. will be on Monday, November 18 at 7:30 p.m. Hervey Parke, chairman of the program committee has been successful in obtaining Dr. Edward A. Bantel as speaker for the evening. Dr. Edward A. Bantel is a member of the Department of Educational Psychology at Wayne University.

His subject will be "Developing Intellectual Curiosity". In this discussion, Dr. Bantel will explain how the home can cooperate with the school in the development of study habits, and how the parent can discover when the child is not developing them.

Dr. Bantel is a graduate of Columbia University and served five years on the faculty of that institution before coming to Wayne State University in 1956. His area of professional interest is developmental psychology with emphasis on child growth and development.

Provisions will be made during the evening to give parents an opportunity to visit their children's classrooms and talk with their teachers. Mrs. John Reynolds and her committee will be in charge of refreshments for the social (one hour earlier than usual) hour following the evening's program. Parents are reminded that school closes at 2:30 o'clock on Monday, December 2.

Pointe to Share in State Highway Fund Collection

The Pointe will receive \$59,310.26 as its share from the third quarter of the 1957 Motor Vehicle Highway Fund collection. It was noted from a report made by State Highway Commissioner John C. Mackie. It was announced that the State has complete distribution of Motor Vehicle Highway Fund collected under Act 51 of 1951, as amended and supplemented by Acts 153 and 262 of 1957. The amended Act combined old Act 51, and Act 87 of 1955, and reallocated funds to the Highway Department, counties and municipalities.

The Park will receive the largest amount, \$17,797.95; the Woods will get, \$16,262.57; the Farms, \$14,393.66; the City, \$8,878.07; and the Shores, \$1,978.01.

Net receipts of the Motor Vehicle Highway Fund for the third quarter, amounted to \$9,189,649.05, representing an increase of \$631,842.02, as compared to receipts for last year at the same time, which came to \$38,557,807.03.

The gross collection for the quarter amounted to \$40,692,780.30, from which was deducted the Secretary of State's collection costs of \$1,503,131.25.

All state gasoline, weight and diesel fuel taxes and a small amount of miscellaneous fees collected under the 1951 act, as amended and supplemented, are deposited in the highway fund. After deductions for non-highway uses and collection costs, the rest of the money is divided as follows:

Forty-eight per cent to the State Highway Department, for expenditures on state trunk-line highways in both rural and urban areas; 35-per cent to the counties for expenditure on county roads; and 18 per cent to the cities and incorporated villages for expendi-

arrangements and novel Christmas displays and suggestions have been planned by Mrs. L. R. Montgomery and Mrs. Ivan Taylor.

Meanwhile the planning for the cooperative effort towards more beautiful lighting displays during the Christmas season, is being crystallized through many meetings in the five Pointes. Following a meeting of the steering committee at Mrs. Frederick Schumann's home in Devonshire, all committee chairmen gathered at the home of Mrs. David Lowe in Merriweather to be briefed by the promotion chairman, Mrs. Lowe and Mrs. Hurst Montee, on their special responsibilities.

Mrs. McMillan Hostess

Mrs. James McMillan, chairman for the municipalities, had a most representative group at her home on Rathbone place. From the Park were Mrs. Frederick Schumann, Mrs. Bert Lindzey, and Charles Ives; from the City, Mrs. James McMillan, Mrs. Andrew Barr, James McMillan and Norbert Neff. William Connelly represented the Farms and Mrs. Robert Weber and Thomas K. Jefferis were present from the Shores. Those from the Woods were Mrs. Stuart Friedrich and Fred Hanson. Each community expressed its interest.

Mrs. Taylor Seeber, assisted by Mrs. Edward C. Roney, Jr., Mrs. Charles Jacobson, and Mrs. Kendrick Brown, are busy contacting the many churches and Woman's Auxiliaries in the area.

As this is a truly cooperative plan, every group and organization in the Pointes is being approached. Mrs. Miles McKee and Mrs. Joseph Giroux are visiting the various schools and P.T.A.'s, and have met with fine responses, as has Mrs. Watson Beach who has been to the hospitals. Miss Christine Edwards and Mrs. Berrien Eaton have been promised timely literary displays and suggestions in the libraries.

Contact Organizations

Members, enclosing lecture and luncheon information, are currently being mailed to civic organizations, other groups and clubs by Mrs. Arthur J. Buhl, Jr. and Mrs. Bert Lindzey.

Russell Harkness, president of the Grosse Pointe Business Men's Association, is sending letters to all the business men in the Woods, asking for their support in the Christmas project. These will be followed up by Mrs. Cecil Pollard and her committee who will canvass the business section. Plans for Christmas lighting have already been completed by Pat Rousseau for the "Hill" business district and along Fisher road.

City Brightens 3 More Streets

The modernization of street lighting along Chalfonte, Goethe and Lakeland avenues, will soon be completed, it was announced by Grosse Pointe City Clerk Norbert Neff.

The installation of the new lights is being done by the Detroit Edison company, Neff said.

He said that under a plan adopted by the City several years ago, a number of streets in the community have been improved with modern lighting, and with the addition of Lincoln, University place, Charles street and Loraine avenue, done some time ago, the City will have "modern, adequate illumination along its streets."

The lamps are of 6,000 lumen, non-glare type, and are set on ornamental fixtures, and overhang to the center of the streets.

Neff said, when the program is completed, the City will have an improved uniform appearance.

Accident Jars Young Cyclist

A nine-year-old Woods boy escaped serious injury when he was struck down by a car on Thursday, November 7, while riding his bicycle.

Ticketed for the mishap was Robert Ellis, 20, of 820 University place, who is charged with not having his car under control and causing an accident.

His car ran into Robin Dent of 1540 Hawthorne, who was mounting his bicycle in front of 1845 Hawthorne.

Police said the boy was coming out of the driveway of number 1845, and was preparing to get on his bike, when Ellis, driving east on Hawthorne, struck the boy's cycle broadside, knocking the boy down.

Young Dent was taken to St. John Hospital, where it was found he was only shaken up.

Ellis will go to court on Saturday, December 7.

Contentment may be a virtue; but is certain death to enterprise.

Kids Give Away Halloween Loot

The Poupard Junior Red Cross under the direction of Mrs. Agnes Weitzel, who teaches second grade, has just completed a candy drive, the first of many activities this year.

The children donated 270 pounds of their "trick or treat" candy to the Jr. Red Cross for distribution to children who are not as fortunate as they. This has been an exceptionally satisfying experience for all concerned.

An international exhibit of the various holiday celebrations in the U.S.A. is being planned at the present time. Mrs. Weitzel is taking samples of holiday art, stories, and photographs from representative rooms and will send them to foreign schools so children of other lands will see how we celebrate our national holidays.

In addition to the pictures she is planning to send tape recordings of songs and music which will aid in the understanding of our customs and way of life.

The Junior Red Cross also makes direct local contributions. Some of these are party boxes, tray mats made in various art classes, and party favors such as center pieces, lapel pins, and name cards.

The Red Cross makes various items available to schools, too. Teaching aids in the areas of health, safety, and fostering good international relations are frequently used.

Center Offers Opera Panel

Monday evening, November 18, at 8:30 o'clock, the Grosse Pointe War Memorial Association in conjunction with the Detroit Grand Opera Association is inviting the public free of charge to meet Julius Rudel, General Director of the New York City Opera Company who will take part in a panel discussion of the forthcoming Detroit Opera Season with Anthony Marlowe, Mrs. Karl O. VanLeuven, Jr., and Donald M. D. Thurber who will act as moderator.

The versatile Mr. Rudel has been a member of the New York City Opera Company's musical staff since its inception in 1943. Not only has he conducted opera but is equally well known in the concert and musical comedy fields. He has conducted symphonic works at Grant Park in Chicago and Lewisohn Stadium in New York and in addition is music director of City Center's Light Opera.

Following the pattern of last year's highly entertaining Opera Panel, Mr. Rudel and members of the panel will recount anecdotes connected with opera production and the stars that appear in them. They will discuss the highlights of the stories and scores of the operas being presented in Detroit and give a few excerpts from them. Comparisons will be made with opera here and abroad and personal experienced with spice the entire informal discussion.

Following the panel all guests will be invited into the Center's Main Dining Room for coffee. Mrs. Frank Donovan, wife of the president of the Detroit Grand Opera Association, and Mrs. Daniel W. Goodenough, music chairman of the Grosse Pointe War Memorial Association, will head a group of hostesses including Mrs. John A. Churchill, Mrs. Miles M. O'Brien, Mrs. Everett Kinsey and Mrs. James B. Webber, Jr., chairman of the Women's Committee of the Detroit Grand Opera Association.

City Hall Battle Planned

(Continued from Page 1)

and that a new one is badly needed.

An idea of how much the new building is needed was revealed at Monday's meeting, as members of the committee discussed how cramped the quarters are in the present building; how the city office staff must work in rooms where desks, file cases, and other office equipment are jammed into each room.

Workers have just about enough room to move about, to carry out their own work and inter-office functions.

Even the personnel of the Public Safety Department are working in cramped quarters. And as for the fire trucks and ambulance, they are almost too big for the present fire station.

When going out on emergency calls, policemen, who also are firemen, have to practically sidle between the vehicles to get into them. Also under fire were the sleeping quarters reserved for the policemen-firemen on fire duty, which one member of the committee called not fit for "homes in the worst slums."

When the question came up as to why the bond issue for the city hall was not placed on the ballot on November 5 during the county election, it was pointed out that if this was done, it would cost the city taxpayers some money, more than if the issue stood alone.

If the issue was placed before the voters at that time, the city would have to pay for the printing of the ballots for both the county and its own.

Not only will a special election save the people some money, but when the bond issue stands by itself, it will give the people a chance to say whether or not they want the new building.

Another feature which speaks for a new and larger city hall is the fact that the building, proposed to be constructed in Ghesquiere Park facing Mack, would be centrally located, and all departments would be under one roof.

This would give the people better service, and better police and fire protection.

When the matter comes before the voters on December 16, it was said, a majority vote favoring the new building does not mean the issue would be passed. What is needed is at least 60 percent of the votes cast to carry it over.

The coming special election will make the third time city officials have placed the matter before the people.

One year after the Brooklyn bridge was opened in 1883, people in Michigan started dreaming of a great suspension bridge to join the Upper and Lower peninsulas, across the Straits of Mackinac. Completion of the \$100,000,000 span between Mackinaw City and St. Ignace this November, 1957 marks the fulfillment of this dream.

Police Recover Stolen Truck
 Detroit police recovered a panel truck on Thursday, November 8, reported stolen from a Park plumbing firm the day previous.
 The vehicle was reported missing by James E. Ryan of the Ryan Plumbing company, 15001 E. Jefferson. Also reported missing was an employee of the firm, Lon H. Ramsey, 34, of 140 Sibley, Detroit, driver of the truck.
 Ryan told Park authorities that Ramsey was supposed to have made a house call, and was long overdue in returning to the office.
 Detroit police found the vehicle at Brooklyn Beach streets, and notified the Park Police Department.
 Ryan said he will not press charges.

Sweeney Named to Direct International Symphony
 John Sweeney, of 20276 Mack avenue has been appointed conductor of the world's first international symphony orchestra. The 50-piece ensemble, composed of players from both Canada and the United States, will serve the communities of Port Huron, Michigan, and Sarnia, Ontario. The orchestra plans a series of three concerts this season, each to be given both in Sarnia and Port Huron.
 It will be governed by a board representing both sides of the border and will be sponsored jointly by civic and educational groups from both cities.
 The orchestra, called the International Symphony Orchestra of Sarnia-Port Huron, is the first symphonic group ever to be shared mutually by peoples of separate nations.
 Mr. Sweeney was chosen as director following his recent success with the Mt. Clemens Symphony Orchestra, which he organized and conducted last year.

Young Republicans Set for Debate
 The Fiscal and Economic Policy of the Democratic Administration versus the Republican Way of Thinking is the topic of a debate to be held November 14 at the regular monthly meeting of the 14th District Young Republican Club.
 Speaking for the Democrats will be E. D. O'Brien, one of the representatives from the 3rd State Legislative District and an active member of the Democratic party organizations including the 14th District Young Dems.
 Opposing him will be Vincent J. Murray, president of Dodge Truck Unit, local 889 of the UAW-CIO, chairman of the state Republican Labor Federation and member of the Republican State Central Committee.
 All interested persons are invited to attend this meeting which will get underway at 8 p.m. at the District Headquarters, 15316 E. Warren (corner of Beaconsfield).

Due to a new concept in construction worked out by David B. Steinman, New York designer and consulting engineer, Michigan's new Mackinac Straits bridge could, in theory, withstand winds exceeding 600 miles per hour.

Pointe Theater To Do Thriller
 "Night Must Fall," by Evelyn Williams, the next presentation of the Grosse Pointe Community Theater, is a psychological suspense drama in three acts. The story takes place in Mrs. Bramson's bungalow at the edge of the forest in Essex, England.
 The household has been quietly concerned with their own little day-to-day grievances when the inspector from Scotland Yard informs them one afternoon of a missing person. About the same time a young man, Dan, pays a call on the fussy, crochety invalid woman, Mrs. Bramson, and with his easy ways is soon a "questionable" guest at Forest Corner.
 The occupants in the uneasy household discover from Dan's suitcase that he was acquainted with the missing blond woman. They are about to investigate the locked "hat box" also when the inspector from Scotland Yard interrupts to inform them all, a portion of the missing woman had been found near by. By evening the occupants in the little bungalow at the edge of the forest are so upset they leave and the disconcerted invalid, Mrs. Bramson, finds herself completely alone; minus her pills, minus her chocolates, minus her Danny!
 However, Dan comes back to the bungalow at Forest Corner, and Mrs. Bramson does some amazing things that brings the drama to a surprising close.
 The play is under the able direction of Ted Gushee and is produced by Tom Stein. Performances of "Night Must Fall" will be at the Grosse Pointe High School auditorium, Friday, December 6, and Saturday, December 7, at 8:30 p.m.

OCTAVE VAN VYNCKT Mr. Van Vynckt, 75, familiar to many Grosse Pointers for whom he worked as gardener, died Tuesday, November 5. The friendly Octave also worked for many years at the Farms pumping station. He is survived by his wife, Mary, and children: Mrs. Mary Boutell, Andrew, Mrs. Margaret Renaud, Mrs. Madeline Witt, and Joseph. Funeral services were held Friday, with interment in Mt. Olivet Cemetery.

JOHN WILKINSON Mr. Wilkinson, 77, who lived at 1372 Maryland, died Wednesday, November 6, in Bon Secours Hospital. He had been a resident of the Detroit area for 40 years, and retired in 1946 after 30 years as a machinist at Dodge Main. He leaves a son, Edward. Services were held Saturday, with burial in Forest Lawn Cemetery.

KINS COLLINS Mr. Kins Collins, 62, a former Pointer, died in the William Beaumont Hospital on Wednesday, November 6, after a long illness. He lived at 5335 Brookdale, Birmingham.

He was a native of Arlington, Ore., and was a long time resident of the Pointe before moving to Birmingham five years ago.

He was a certified public accountant for 34 years, and was a partner in the firm of

If used to capacity, which is highly unlikely, Michigan's new Mackinac Straits bridge could accommodate in one week the entire volume of traffic carried during an entire year on the ferry fleet.

Michigan's Upper Peninsula is experiencing a major revival brought by building of the Mackinac Straits bridge which links the vast area with the Lower Peninsula for the first time. According to figures furnished to the Michigan Economic Development Department a \$200,000,000 building boom is taking place in the Upper peninsula

Total length of the suspension span of the Mackinac Straits bridge, which links Michigan's Upper and Lower Peninsulas is 8,614 feet, making it the longest in the world. The project features a center span of 3,800 feet—second largest in the world, two 1,800-foot side suspension spans, and two 472 foot unloaded backstay spans.

Honored by Legion

HENRY G. TOTZKE, 970 Shoreham, Grosse Pointe, was honored at a testimonial dinner given by the Detroit Districts Association, American Legion, Saturday, November 2, 1957, 200 guests gathered at the Legion Memorial Home, 401 W. Lafayette in Detroit as a token of appreciation for Totzke's services to the association and the Legion posts during his term of office as 1956-57 commander of the Detroit Districts Association. He was presented with a set of matched luggage by the Districts, a diamond past commander's pin by his Legion post, Todd No. 140. The University "M" Club also presented the past commander with a replacement of his Michigan varsity football ring which Totzke had lost in the invasion of Guadalcahal in World War II. The luggage was presented by present Districts Commander GEORGE S. FREDERICK.

Cyclist, Driver, Both to Blame

Woods police were right at hand when a car-bike accident took place in front of their station on Friday, November 8, and which was witnessed by two policemen.

Both the car driver, John W. Mason, 43, of 1853 Hawthorne; and 12-year-old cyclist, Robert Lash of 2182 Hawthorne, were given tickets, Mason for not having his car under control, and the boy, for going the wrong way on a one-way street.

According to police, Mason was driving west on Anita, and stopped for the stop street at Mack. As he started across Mack, and was making a left turn, south onto Mack, the boy appeared in front of him. Mason tried to stop, but was not fast enough, and he struck the bicycle, knocking the boy to the pavement. Witnesses to the accident

were Woods Patrolman Harold Lanstra and Park Police Cpl. Charles French.

A court hearing of the case will be held on Friday, November 22.

Police took young Lash to St. John Hospital for treatment of a bruised thigh. He apparently suffered no other injury.

Twelve thousand people reach the age of 65 each day in the United States.

To Show Film Taken in Tahiti

"Tahiti and the Islands Under the Wind," a color movie filmed by Earl Brink, nationally known travel photographer, will be presented by the Grosse Pointe Cinema League next Thursday evening, November 21, at 8 o'clock at the War Memorial Center.

Mr. Brink has captured gorgeous scenery, lovely flowers and beautiful Tahitian girls all in splendid color. His movie concentrates on showing how happily the natives live as well as the beauty of the Islands.

This program is open to the public without charge. However, because of limited seating space at the Center, persons other than League members wishing to attend the showing will have to make reservations with the Center in advance by calling the Grosse Pointe War Memorial Center.

"Tahiti" is hailed as including some of the best ocean surf

shots ever photographed. Among the unusual scenes is a native wedding, and feast, showing preparation of the food for the big event. Pictures of pearl fishers also promise to be exciting with men diving, swimming underwater and coming up to open their oysters.

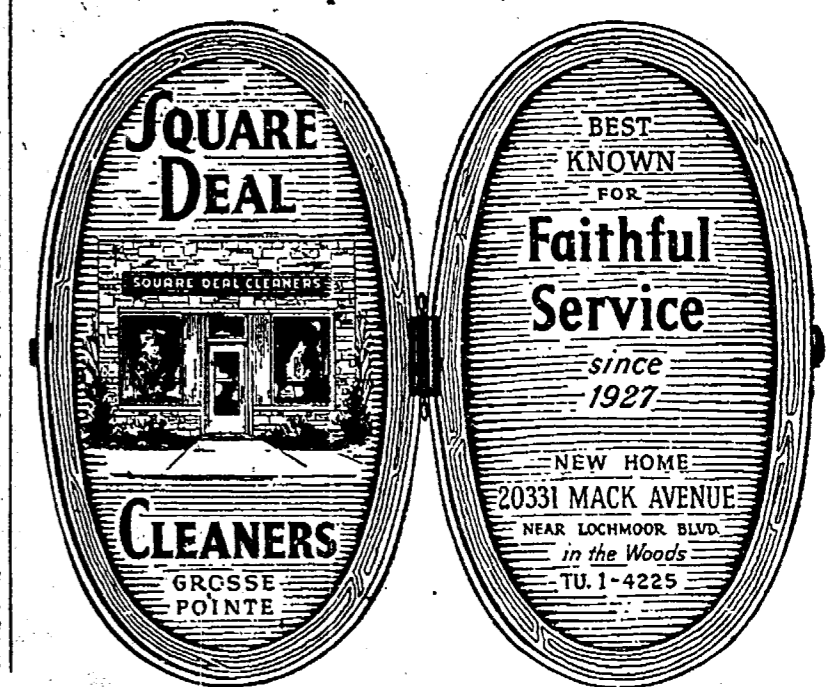

Barefoot, walking on hot sands, part of the religious ceremony of one of the smaller islands is also thrilling to watch. Much film footage is also devoted to beautiful native dancers, one of whom turns out to be a Tahitian school teacher in everyday life. Bora Bora, Moorea and Raiatea, in addition to Tahiti, are the islands the movie audience will visit.

Mr. Brink has been photographing his travels for the past 16 years and shows his movies regularly in many of the major United States Cities as well as on television.

The Mackinac Straits bridge in Michigan provides a minimum clear height at the center of the main span of 148 feet, sufficient to allow passage of the largest ships plying the Great Lakes. The two towers extend to a height of 552 feet above low water, or the equivalent of a 48 story office building.

Quality has everything in its favor including the price.

Pointe Players to Give Wilder Classic Next Week

by Robert Gilles, 12B, GPHS

When the crowds pour into Grosse Pointe High's old auditorium, next Thursday, Friday and Saturday nights, they will arrive to see an open stage.

The Pointe Players of Grosse Pointe High school will be giving their fall presentation on November 21, 22 and 23. This season they will present "Our Town," by Thornton Wilder. "Our Town" is best remembered, from its other performances, for its free and easy shifting of scenery and the easy-going manner with which it is presented.

Throughout the play flash-backs are used to keep this play out of the ordinary. Furthering the play's originality is the lack of scenery and presence of imagination which is tied together by the

stage manager. He is the spirit and genius of the play. Poet, philosopher, a simple and winning character; this is the stage manager.

The play takes place in the town of Grover's Corners, New Hampshire between 1901 and 1913. More well known characters include Stage Manager, played by Ken Kurtz and Dr. Gibbs by Vance Ryerson. The ever present love theme is portrayed by Carl Leland and George Gibbs, and Sherry Sinclair as Emily Webb.

This fall's cast is larger than any of the recent productions put on by Pointe Players. The cast includes over 50 enthusiastic actors and actresses. Many will have the responsibility of playing two or even three parts in a play that calls for an extra large cast.

Mr. Frederick Nelson, director, says, "It is light-hearted and has been enjoyed in another Pointe Players presentation."

From the play's love theme in the first act to the scene of the dead in the last, this play's significance lies in the idea that you should enjoy life, every golden minute of it.

Thursday's performance is for the benefit of the Mother's Club Scholarship Fund and all seats will be reserved. Tickets for the three performances will be 75c for adults. Students will be admitted for 25c and a Student Association ticket. The lights will dim promptly at 8:15 p.m.

Scout Troop 940 Hands on Colors

In October, 1950, a group of second grade girls at the Richard School became Brownie Girl Scouts, under the leadership of Mrs. Louis J. Smith. Their troop number was 940, and the girls in this troop proved to be very enthusiastic and loyal.

With help from the mothers who acted in the capacity of co-leaders and troop committee members, Mrs. Smith and the Scouts carried through many interesting and worthwhile projects.

When the girls entered Pierce Junior High School they continued to meet one evening a week at Richard School, with Mrs. James Vaughan and Mrs. Lawrence Hope as leaders.

During these seven years some of the original members had left the troop, and other girls, many of them former Scouts, had joined.

Of the 12 Scouts in Troop 940 who were awarded the Curved Bar at the All Pierce Court of Awards, held in May, 1957, six had been with the troop originally, and three had joined in third grade.

The majority of girls felt, last spring, that ninth grade would leave little time for scouting. However, they were reluctant to let Troop 940 leave Richard School, so they voted to pass on their numerals and flags to a new Brownie troop.

The necessary steps to make this possible have been taken, and on Tuesday, November 19th, an Investiture of Brownie Troop 940, will take place.

At this ceremony the three girls from former Troop 940, who have since become members of Mariner Ship 385, will act as Flag Bearers to give the newly formed troop, The Stars and Stripes, the World Flag of Girl Scouting, and the Girl Scout Troop Flag. Mrs. Perry TeWalt, Mrs. William Kirby and Mrs. Stokes Gillespie are the new leaders.

Christ Church Host at Parley

Christ Church played host to a meeting of choir directors, organists, and assistant choir directors from the Eastside Convocation of the Episcopal Diocese of Michigan on Monday evening, November 4.

The Rev. Charles Breiant, assistant rector and choir director of St. Timothy's Church, Detroit, spoke at the dinner meeting. Presiding was the Rev. Edgar Yeoman, rector of St. Michael's Church and dean of the Eastside Convocation.

Serving as hosts were Richard Roeckelein, choir director and organist at Christ Church, and Carl Stout, Mr. Roeckelein's assistant.

Representatives from nine Episcopal churches in Detroit, Grosse Pointe, Grosse Pointe Woods, Centerline, East Detroit, St. Clair Shores, and Mt. Clemens attended the meeting.

Helpers Needed By Woods Club

The Grosse Pointe Woods Community Club announces that volunteer leaders and assistant leaders are still needed for their program. Citizens interested in volunteering are urged to contact the club immediately at TUxedo 4-2050.

Volunteers play an important part in the Community Club program serving as group leaders, assistant group leaders, craft-aides and clerical workers. Volunteer service usually requires two to two and a half hours per week.

This year the Community Club has three pre-school groups which meet weekly. Each pre-school group has an enrollment of 15 children. Under the leadership of adult volunteers, the children in these pre-school groups learn to have fun, to play together, and have a beginning group experience in preparation for kindergarten.

After-school activities consist of clubs for both boys and girls of grade school age. These clubs meet weekly. Children are placed in groups according to their grade in school and after having a talk with a staff worker at the Community Club.

Activities of club groups in the past have included crafts, cooking, games, parties, sports, hikes and special club projects. Volunteers are needed to help as assistant leaders with these groups. Programs for teenagers are planned for the evening.

Brennan to Head JA Fund Drive

President of the Board of Junior Achievement of Southeastern Michigan, Herbert F. Lange announced the appointment of John E. Brennan, vice president and group executive of Chrysler Corporation, as general chairman of the 1958 JA Fund Raising Campaign.

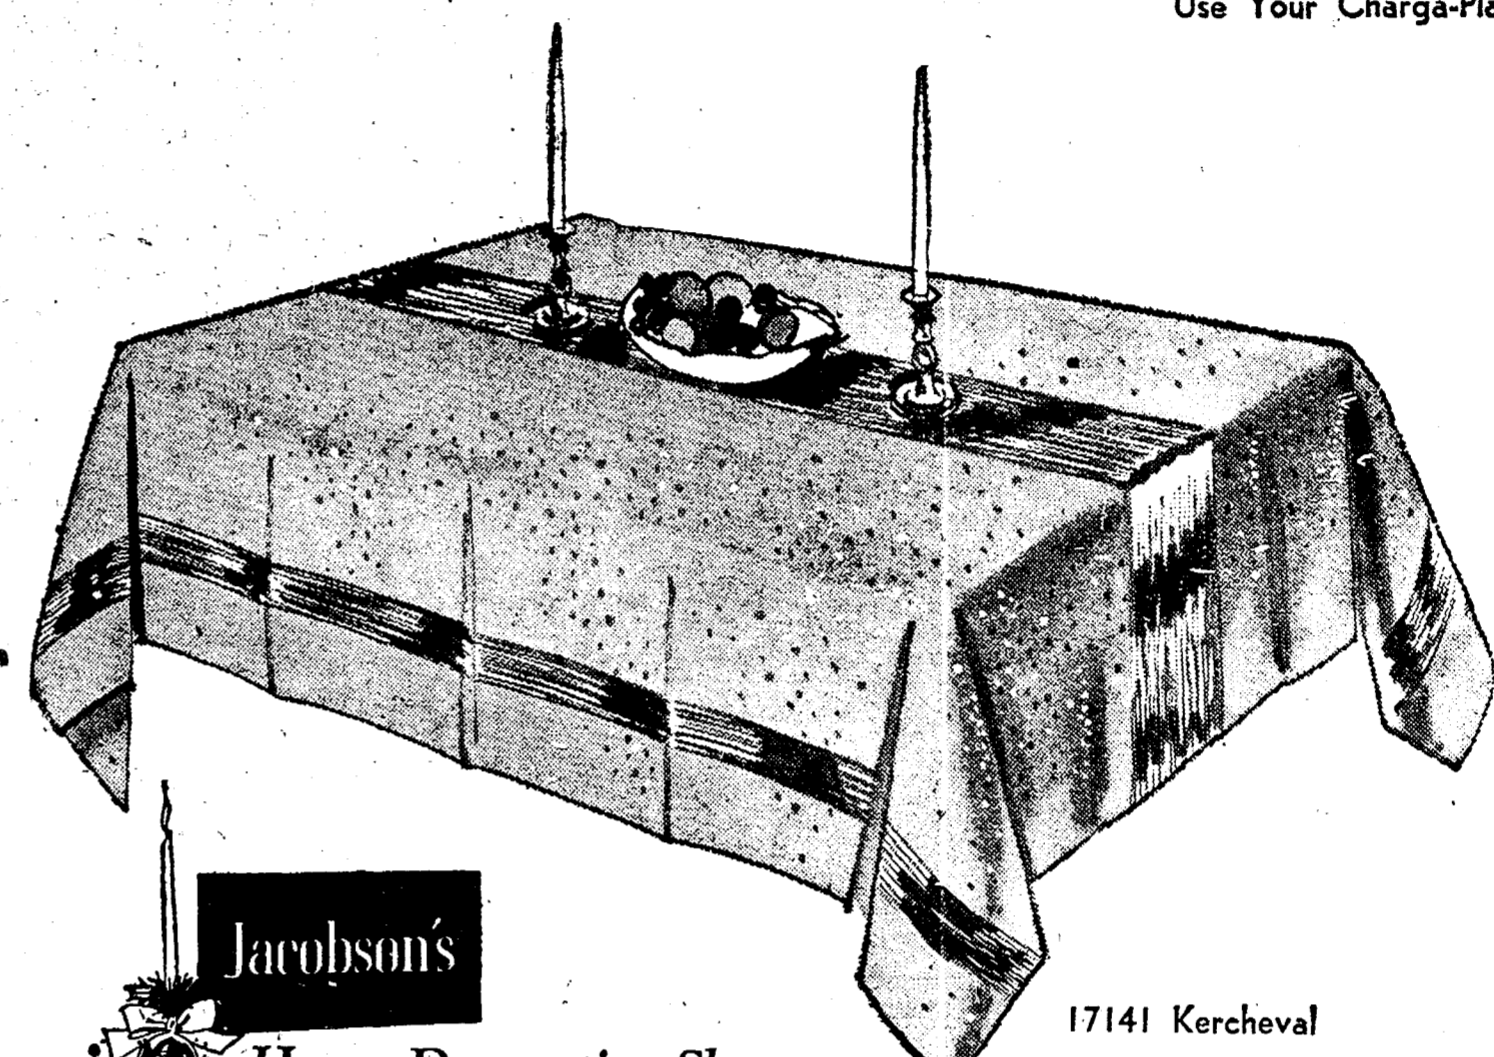

The campaign kick-off is slated for January 20, and ends February 27. Mr. Brennan will be responsible for co-ordinating the efforts of hundreds of campaign workers who will be calling on some 2,000 business organizations throughout southeastern Michigan during the fund drive.

Mr. Lange is vice president and treasurer of Michigan Bell Telephone Company.

Mr. Brennan resides with his wife and three children at 1234 Audubon, Grosse Pointe Park.

HOW TO PROFIT THROUGH TAX EXEMPTION

With today's high tax levels, investors in medium and high tax brackets are turning to tax-free Municipal Bonds for income that they can keep.

If you have a taxable income of \$10,000 or more, you may be well repaid by investigating the advantages of tax-exempt State and Municipal Bonds. For instance, if you file a single return on a taxable income of \$14,000, you would have to receive a dividend return of 7.45% on a taxable security in order to equal the yield from a 3.50% tax-free Bond. *It's something to think about!*

Our New Booklet, "How To Profit Through Tax-Exemption" explains in plain language your need for tax exemption, tells how much these high-grade investments can be worth to you. There's no obligation. Send for copy today, or phone

Five Teachers Win Awards

Five Grosse Pointe teachers were honored last Thursday night at the Rackham Building. The occasion was the first annual Arthur C. Stenius Award Night, for school-made audio-visual materials, held in memory of one of Michigan's

outstanding and creative audio-visual leaders. These recognition awards were made to encourage and recognize school production of audio-visual materials. Principal speaker was George Seaton, brother of Arthur Stenius and Academy-winning Hollywood producer, director, and writer. William Stirton, vice-president of the University of Michigan, was the toastmaster and prize winners were announced by Shelby Newhouse of WWJ.

The first prize, judged the best of all entries, was awarded to Miss Virginia Johnston, first grade teacher at Poupard Elementary School. She submitted various sets of felt-board depicting initial consonants, shapes, orientation, fruits, etc. prepared for use with reading readiness groups in the kindergarten and first grade. The deserving winner was given a filmstrip projector.

In the category of three-dimensional materials, Bruce Westling, an AV Coordinator and teacher of science at Pierce Jr. High, was given an "excellent" rating on the heart model he submitted, produced by an eighth grade student for use in health studies.

Mrs. Beulah Crockett, third grade teacher at Defer, was also given an "excellent" grading on her mural "The Big City," produced by third grade children in connection with social studies and art experiences.

And in the Slide Sets category Dr. Marshall Jameson, Principal of Monteith Elementary School, received an "excellent" rating on his 2x2 slides with sound on tape. The project "This Is Monteith School" was produced for the purpose of acquainting both pupils and parents with some of the principal activities carried on in Monteith.

Joseph Krutell, 6th grade teacher at Perry Elementary School, was given an "excellent" standing on his hand-made lantern slides on animals, birds, fish and other nature subjects. They were prepared by sixth grade children as a culminating activity for a Science unit.

4th Year Winner and Runner Up

Charles Verheyden (second from left) is shown receiving the top honor award for the best landscaped and maintained business property, in the Pointe. It is the fourth consecutive time his establishment won the award, which is annually conferred by the Grosse Pointe and Eastern Michigan Horticultural Society. George Measel, manager of the Grosse Pointe office of the Michigan Automobile Club, (at Verheyden's left), was winner of second place. R. Daniel Lutey, president

of the Horticultural Society makes the presentations, as other officials look on. More than 100 members attended the ceremony-banquet, held at the Alger Post Club House Saturday evening, November 9. At the extreme left is William Lutey, social chairman. The three in the right background, are: Frank Moulin, treasurer; Russell Fallin, vice-president; and William Thomas, secretary.

PINCH PENNY FITCHERS

Half a dozen youths from Grosse Pointe High School were picked up by City Police and taken into the station for pitching pennies in front of the parking lot south of 355 Fisher road, on November 7. The boys were severely reprimanded and told to report to

Mr. Campbell at the High School. Their case will be referred to Juvenile Court.

Michigan's Mackinac Straits bridge is the costliest span ever built. Not counting the highway approaches, the span cost \$100,000,000.

Men's Garden Club to Meet

N. A. Smith, assistant Wayne County Agricultural Agent, will speak on "Soils and Soil Testing" when the Men's Garden Club of Grosse Pointe holds its regular meeting, Thursday, November 21, at 8 p.m., at the Grosse Pointe War Memorial Center.

A graduate of Antioch College, Mr. Smith received his Master of Science degree, with a major in horticulture, from Michigan State University. He subsequently was an inspector of fruit shipped from Oregon, and was employed for several years at the University's Hidden Lake Gardens at Tipton, Michigan. He is now stationed at Wayne, Michigan, where 1,000 or more soil samples are tested each year.

Elmore Frank, official rose tester for the Grosse Pointe group, will be in charge of the program.

CHRYSLER BOOSTS DRIVE

Gifts totaling \$1,593,774.03 to the United Foundation's 1957 Torch Drive from employees of Chrysler Corporation and from the Chrysler Fund were announced by L. L. Conder, president. Chrysler Corporation Detroit-area employees have pledged \$1,168,774.03 to the 1957 Torch Drive through the payroll deduction plan. Robert W. Conder, Chrysler Corporation vice-president-personnel, presented the \$415,000 Chrysler Fund gift at today's Torch Drive luncheon.

More than 82 percent of the company's Detroit-area employees contributed to this year's Torch Drive. Conder reported. The average individual contribution for 1957 was \$14.49, a \$1.72 increase over the average pledge of last year, he added.

Editor's Dilemma

We had high hopes of filling the editorial column with a great assortment of lofty thoughts this week, but now we see the whole idea has been blown sky-high.

We were in a rather mellow mood, and mouthed words mentally, (inaudible but to ourselves), describing glowingly the magnificence of the summer and fall that had graced our Pointe and was now dead following a final ecstatic burst of colorful agony.

Then the relentless reporters produced the press releases that told us the center of the world's affection was no longer with us. The little canine keeper of Sputnik II had given his life for science.

We had already begun to regain our composure and start considering something bright and constructive, when some wag on the radio butted in to philosophize on progress.

Then the flu bugs started buzzing, nipping at staff members indiscriminately, reducing the ranks and adding pressure on the hardier souls.

So we dressed hastily in the frigid pre-dawn and dashed over, sickened slightly more by the realization that there had been a slip-up in draining the cooling system water tower on the roof of the building.

It hasn't been a good week, but it hasn't been dull either. And after all, it was a lovely summer and the early fall was filled with splendor.

And now the deadline is here and we must be off to the print shop and get the paper on the press. No time to write an editorial now, but we must steel ourselves to the thought that there are bound to be periods like this.

"Keep coming back for all they've got, and take it with a grin. When disappointment trips you up or failure barks your shin; Keep coming back... and if at last you lose the game of 'Right' Let those who whipped you know at least they, too, have had a fight!"

This is the editor's favorite story... so don't look at us! A famous artist of the "Dali" school found that his eyesight was going bad, so in fear and trembling, he went to an eye doctor for advice.

The eye man said he would appreciate a portrait of himself done by so eminent an artist... so sittings were arranged and the artist took sketches of his subject and said he would work on them at home.

The more we hear about the gimmicks used backstage in movies and on TV, the more fascinated we are. For example, it wasn't until recently that we found out Charles Boyer isn't really as tall as he looks and that when he plays a love scene with an actress who is his equal height... he stands on a box... which is called an "apple" box.

These consist of two strips of elastic which he applies to each side of the head where "sideburns" would start on a man's face. They are glued onto the face and run up over the head, where they are concealed by Madame's hairdo.

We have often wondered how some of the over-fifty actresses could look as young and glamorous as they do on TV... so maybe this is the answer. We read recently where Billie Burke, who flew on from the Coast to appear in "This Is Your Life" a few weeks ago... left her "lifts" on the plane.

We like those things in the New Yorker which come under the heading of "Incidental Intelligence." They often consist of odd names for restaurants or manufacturing companies which in reality, exist. Well, we have a few of our own in case anyone is thinking of going into some business.

On the other hand, if you discover a different kind of sauce for fowl and decide to bottle it... you might call it "Gander Sauce." OR... are you going to open a shop to sell the new type Venetian blinds? In that case, the name we suggest is "The Peeping Tom Window Company."

Back to the women again... in case you have seen that new nail polish business that you "paste" on your fingernails and wonder if it works... it does. What's more, it's fun to do. Our nails, which look as if we dug ditches for a living... are now happily growing long and strong under these little pink plastery jobs that you can't tell from real nail polish... even with a spy glass.

If you want to remember someone at Christmas time and can't afford a Cadillac... there are two little books called "The Ford Treasury of Favorite Recipes and Famous Eating Places" that will delight anyone who receives them.

What Goes On at Your Library

By Jean Taylor

Emphasizing its slogan "Explore With Books", the Grosse Pointe Public Library will celebrate the 39th Annual Children's Book Week, November 17-23.

To introduce this gala occasion, a play will be given at each library the Friday and Saturday preceding. The Grosse Pointe Children's Theatre will present "THREE PILLS IN A BOTTLE" by Rachel Field, at the Central Library, Friday, November 15 at 4:30 p.m., at the Park Branch, Friday, November 15 at 7:30 p.m., and at the Woods Branch, Saturday, November 16 at 10:30 a.m.

There is no admission charge, and all boys and girls in elementary and junior high schools are invited.

Recent books will be on display at all three libraries during this week. Be sure to stop in and look over the enticing new titles. "BOOKS OF THEIR OWN", a purchase list for parents, is available at the desk of each library. In this you will find suggested books both old and new which children will enjoy having on their own book shelves.

For the junior high age there are a number of first rate adventure stories which will appeal to both boys and girls. THIS DEAR-BOUGHT LAND by Jean Latham is an excellent piece of historical fiction to give young people of this generation an understanding of the men who founded the colonies. This interesting account of the early days of the Jamestown Settlement is told through the eyes of fifteen-year-old David Warren who alternates between hate and admiration for John Smith, with admiration winning through in the end.

TO BEAT A TIGER by Elizabeth Foreman Lewis is for the mature young person of late junior high or high school age. This thought-provoking, poignant story is laid in Shanghai during the worst years of the Japanese occupation in China. A gang of teenage refugees eke out a bare existence in an improvised cave home, forced to live by their wits. It is grim and brutal in spots, but there is courage and humor too. The boys share their rotten food, their rare earnings and even their rags. They all know that one cannot last alone. "To beat a tiger, one needs a brother's help." There cannot be a truly happy ending, but there is at the close a glimmer of hope for the future.

Meindert DeJong, another Newbery winner, has also done a tense and moving adventure story of a brave little Chinese boy in occupied territory. Boys will find a thrilling tale in FLAMING ARROWS by William O. Steele. The story is told as experienced by Chad Rabun when he and his family and other settlers round about, take refuge in a fort during an Indian raid. This is good adventure, well-paced and exciting. A biography which will please older girls is THE EMPRESS JOSEPHINE by Marguerite Vance. The account begins with Josephine as a fifteen-year-old girl, and takes her through to her unhappy end, showing how the events of her life affected her personality and the development of her personality.

Among the many fine factual books recently available, we recommend THE WALT DISNEY STORY OF OUR FRIEND THE ATOM by Heinz Haber; THE WONDERFUL WORLD OF THE SEA by James Fisher, and EXPLORING THE UNIVERSE by Roy A. Gallant.

HAROLD HUSBAND HONORED J. Harold Husband, Director of Administrative Services, was recently honored when fellow educators elected him to the presidency of the Association of School Business Officials for the coming year. The election was held at a national convention of the Association in New Orleans. About 2,300 schoolmen, college faculty members and businessmen from the USA and Canada attended the conference.

What is the life expectancy of Michigan's Mackinac Straits bridge? It's engineer-designer, David B. Steinman, New York, says the span is built to remain serviceable for at least a century.

Are You Sure It's a Gold?

That cough, or that congestion in the head or chest may be something more serious than an ordinary cold. In your attempts at self-medication you may have just prolonged the infection until it has developed into something more serious. Colds, however slight, are not to be accepted. They should receive immediate attention. Let your physician advise you about your cold. Make a return visit without delay when the cold persists. Choose a pharmacy where you and your doctor are assured the accuracy of correct compounding of the highest quality pharmaceuticals. Little Football Bowl Game Cup Unveiled

Preview of the Plymouth Sportsmanship Cup for the Auto Bowl, a midget football festival at Grosse Pointe High School field Saturday afternoon, November 30, is given by JOHN P. MANSFIELD, left president of Plymouth division of Chrysler Corporation, to HUGH PHILLIPS,

president of Grosse Pointe Little Football, Inc., and ROBERT ORR, president of Rotary Club of Grosse Pointe, co-sponsors of the event. Feature of the Bowl is an intersectional game between the Grosse Pointe Blue and the New Jersey All-Stars.

Traffic Violators Pay in Shores Court

Nine out of 16 Shores law violators failed to show up in the court of Shores Judge John Gillis on Monday, November 4, and warrants were signed for their arrests. The judge dealt with the cases of those who did appear, and they are: Arthur W. O'Shea of 23124 Socia, St. Clair Shores who was found guilty of speeding on two counts, and paid a fine of \$10 each on both counts. Clarence McComb of 2248 Rien, East Detroit, was found guilty of violating Section 5 of Ordinance 5.4 (dumping leaves into the lake) and was fined \$10. Also found guilty of the same violation was James A. Woodham of 52 Grand avenue, Mt. Clemens, and his fine was \$10. Donald Sarvis of 904 Lakepointe, was found guilty of speeding on Lake Shore road and paid a fine of \$10. Joseph A. Tresick, Jr., of 3637 E. Palmer, Detroit, paid a fine of \$15 after being found guilty of speeding on Lake Shore. Willard Williams of 3788 Duane, Detroit, was found guilty of speeding on Lake

Shore. He paid a \$10 fine. Alfred F. Mayo of 13763 Troester, Detroit, was found not guilty of the charge of speeding on Vernier road and his case was dismissed. The following failed to appear in court to answer charges against them. Warrants were signed for their arrests. Their names and violations are: John M. Williams of 13551 Gates drive, Mt. Clemens, disobeying traffic light at Lake Shore and Vernier; Ralph M. Shoemaker of 2503 St. Clair, Detroit, speeding on Lake Shore; Ben Good of 12641 Harper, Detroit, speeding on Vernier road; William D. Alcott III of 938 Harcourt, speeding on Lake Shore; Detroit Duncan of 1237 W. Grand boulevard, Detroit, running a red light at Lake Shore and Vernier. Samuel L. Moss of 2222 Faber street, Hamtramck, speeding on Lake Shore; Frank G. Herdman of 1239 Evanston, Detroit, speeding on Lake Shore; Jack S. Leahy of 8795 Van. Gordon, Milford, speeding on Lake Shore and

not having his car registration on his person; and Harry A. Gibson, Jr., of 1665 Lillibridge, Detroit, speeding on Lake Shore and failing to change his address on his driver's license. EDISON CALLS MEETING Detroit Edison will hold a special informational meeting for stockholders of this area Tuesday, November 19, it was announced by Walker L. Cisler, president of the company. The meeting will be held at the Henry and Edsel Ford Auditorium in Detroit's new Civic Center, and will open at 2 o'clock Tuesday afternoon. Present, besides Edison stockholders from throughout this area, will be officers and members of the board of directors of the company. To help sell \$100,000,000 in bonds for building of the Mackinac bridge the Michigan Legislature in 1953 voted an annual appropriation of \$417,000 from the highway fund for operating and maintenance costs of the huge span. This assures that toll revenues will be reserved exclusively to meet interest payments and retire the bonds.

Two Participate In U. of D. Play

Curtain will go up November 20 at 8:30 p.m. when The University of Detroit Theater opens its season with Shakespeare's lively comedy, "Love's Labour's Lost."

Eastside students participating in the U. of D. production include an actor and a technician. Michael W. Kennan, son of Mr. and Mrs. Walter M. Keenan, 1443 Harvard, portrays the Shakespearean character, Anthony Dull. Keenan has appeared in three one-acts and in two of last season's presentations, "Once In A Lifetime" and "Henry V."

Pierce School To Give Plays

The time has rolled around once again for all the new-found talent of Pierce Junior High School to rise to great heights and show off all the work that they have accomplished in the past five weeks of rehearsals. On the night of Friday, November 22, at 8 o'clock, in the Pierce auditorium, they will present two one-act plays. The first of these is "Amelia in Reverse," given by a fine cast of seventh graders which include: Deane Malchic, Kathy Coe, Marcia Lindley, Molly Hunter, Jim Klock, Bob Kirsten and Bill Reading. The prompter is Robin Michael and the play will be directed by Miss Virginia Hoesle.

Beauty and Grounds-Care Win Awards For Verheyden's and Auto Club

These photos show buildings and grounds that figured in first and second prize awards of the Grosse Pointe and Eastern Michigan Horticultural Society. Three of the photos show portions of the Chas. Verheyden, Inc. property, 16800 Mack avenue, which earned first prize in business properties. The above is a rear view of the establishment looking from Charlevoix avenue.

The second-place winner, the Grosse Pointe divisional office of the Automobile Club of Michigan, is a 'newcomer in the winning column. George Measel, manager, lauded the many business houses that have

lent efforts toward improving their buildings and grounds. The office is on East Jefferson avenue near Nottingham.

This unusual view of the facade and Whittier road side of the Verheyden property gives some idea of the care given the grounds. A full-time groundskeeper

sees to it that the lawns, shrubs and choice of seasonal plants are always in finest condition.

The landscaping here shows that exacting care is given far to the rear of the Verheyden property. Again it is a view from Whittier road. The Verheyden firm,

one of the largest of its kind in the world, has won first award for the fourth consecutive year.

Snow Removal Funds Paid Out

Disbursement of \$519,366.70 in snow removal funds to Michigan counties which had 70 or more inches of snow during the 1956-57 winter season, is announced by the Michigan State Highway Department.

The distribution is based on the number of "inch miles of snowfall" in each of the counties recording over 70 inches of snow. The reimbursement formula multiplies the number

of inches of snow by the number of miles of road in the county road system.

Twenty-three counties will share in the funds. Houghton county will receive the largest amount of any county, its share of the fund being \$109,385.22.

Distribution of snow removal funds is provided for in Act 262 of the Public Acts of 1957, which amended and supplemented Act 51 of Public Acts of 1951. The new law provides that 0.8% of the total amount returned to the several county road commissions from the Motor Vehicle Highway Fund during the previous calendar year, after deducting the amounts allotted to the counties employing a registered professional engineer.

Letter carriers' uniforms are Blue.

Plans are now underway for the organization of the Annual Neighborhood Club Girls Basketball League which will start in January. Because of the necessity of limiting the number of teams, girls who have no affiliated team are urged to come to the Neighborhood Club on Thursday nights to meet captains of already organized teams who may be able to use extra players.
Starting the first Thursday night in December basketball practice and scrimmage games will be held.
Girls out of high school are cordially invited to get into this league.
Girls Volleyball
One of the most sizzling Volleyball Leagues in the history of the Neighborhood Club is going into its fifth week with three teams tied for first place each having won eight games and lost four. The Selfridge W.A.F., the Sputniks and the Vagabonds are in top spot while the Harper Woods Pioneers have one win to their credit. Nevertheless the Woods Pioneers would take top honors for sportsmanship and enthusiasm. Two more rounds of games will be played on Thursday night, November 14, and the final round Thursday night November 21.
Individual trophies will be presented to the winning team. Spectators are invited. No charge!

To Give Plays At Parcels

On Friday evening, November 16, the floodlights and spotlights will be bright at Parcels Junior High School. Members of the dramatics classes will be presenting two plays, and two skits, for an evening of entertainment for parents and friends. The program will start at 8 o'clock.

Under the supervision of Mrs. Roach the seventh grade play will be given. It is called "Wildcat Willie Carves the Turkey." The cast includes: Albert Blitz, Nancy Halsig, Diane Vermuelen, James Mayo, Pat Finerty, Cherry Caughey, Theodora Argy, Marlene Blair, Tom Snyder, Patti Mack, and Lynn Freeland. The prompters are Shelley Renaud and Elizabeth Dairymple. In charge of properties are Linda Schuman and Nancy McGill. This play is about a Thanksgiving Day turkey which causes Willie a lot of trouble.

The eighth and ninth graders will present the play, "The Uninvited Ghost." If you have

ever had a desire to visit a haunted house, here is your chance. The house has been vacant for twenty years because of an unsolved mystery. The play, directed by Miss Lewis, turns into a real man hunt, or ghost hunt. Included in the cast are: Diane Neuroth, Sharon Derita, Gary Utz, Sue Pomeroy, Dale Anderson, Jim Meech, George Russell, Dianne Dabich, Gail Schulze, Dianne Ivan, and Pat Fleming.

Presented between the plays will be two skits. Mr. O'Connor directs the seventh grade skit, "Wild Nell, the Pet of the Plains." Some of the unusual characters in this play are Lady Vere de Vere, played by Mary Lou Nigro; Wild Nell, acted by Diana Sulad; Handsome Harry, who is portrayed by Chris Sigardson; and Sitting Bull, acted by Florence Poirier.

Other characters include Bull Durham, Big Tobacco Face, Little Tobacco Face, Cloudy Do, Miss Declamatory of 1899,

Manfred the Maestro, a prairie dog hut, and Sharpie, the cactus plants. These parts are acted by: Greg Reynolds, Margaret Hire, Sandra Krawchuk, Chris Cameron, Kris Johns, Terry Hahn, Laura Zolad, Jill Dikeman, and Chris Carottiers.

Under the direction of Mr. Brown the eighth and ninth graders will present a skit entitled "Wun'ferful, Wun'ferful." In the cast are Carl Hribar, Douglas Aldinger, Ronald Warncke, Mary Sue Hanne-man, Cindy Gabriel, Sally Chesman, Riley Dixon, Sue

Kennedy, Pete Lyall, Duane Strobl, Bill Miller, Jim Eckel, and John LeBlond.

The four productions promise an evening of humor and mystery, to be enjoyed by all. Tickets are available at the box office.

The huge 552 foot towers of the Mackinac Straits bridge in Michigan are being painted in ivory. The balance of the great span will be in green. The color and design, engineers say, make it the most beautiful span in the world.

To Ask Change In Scooter Law

Repeal of the provision of the state motor vehicle code permitting the licensing of 14 and 15 year olds to drive motor scooters will be proposed to the 1958 session of the State Legislature by the permanent legislative committee of the Michigan associations of chiefs of police, sheriffs, justices of the peace and prosecutors and the attorney general's department and state police.

Numerous accidents, many of them fatal, have proved that such licensing, authorized in 1956, is dangerous both to the operators of the scooters and others, the committee held. It was pointed out that a youth on a motor scooter is much less safe than driving within the protection of a car, but a license to drive a car cannot be obtained under the age of 16.

The committee voted to also have the following measures reintroduced:

Chemical test of drivers for intoxication.
Increase the driver's license renewal fee from \$1.50 to \$3, with \$2 of the amount reverting to the respective cities and counties for law enforcement use only. Fifty cents is now returned.

Amendment of the motor vehicle code to provide that an arrest for a second or subsequent violation for driving with a suspended or revoked license or registration which is prosecuted under a local ordinance substantially corresponding to the state law, will have the same effect as would a second arrest for violation of the state law, which would mean a heavier penalty.

The committee endorsed a proposal of the state bar association to amend the disorderly conduct statute to include the prosecution on the lesser offense of persons who could be charged with carrying concealed weapons, a felony, but who are innocent or unintentional violators of the concealed weapons law.
Re-elected as officers of the committee were former Detroit and State Police Commissioner Donald S. Leonard, chairman, and State Police Commissioner Joseph A. Childs, secretary.

A man whose normal weight is 150 pounds would weigh about 50 pounds if all the water in his system were dried up.

Mrs. Harley J. Earl is enlisting the cooperation of all her friends in aid of her favorite charity, The Starr Commonwealth for Boys.

She has even promised to produce a Hollywood comedienne the zany Zazu Pitts, for the fashion show benefit party November 22 at 2:30 o'clock at the Grosse Pointe Yacht Club.

Miss Pitts will fly in for a few days to be the guest of the David Rusts, of Lincoln road, and will appear at the benefit to give an assist to Mrs. Earl and her committee. Cruise clothes, both for the fortunate Pointers who have reservations booked for travel in tropical climes, and also Southern fashions for the very, very young misses who will leave for Florida soon, will be featured.

On Mrs. Earl's committee list are Mrs. Clifford S. Merrill, Mrs. Walter Buhl Ford, Mrs. Frederick Auch, Mrs. Phelps Newberry, Mrs. William O. Earl, Mrs. Nelson Schlaff, Mrs. Wesson Seyburn, Mrs. William Clay Ford, Mrs. Wendell Anderson and Mrs. Allan Shelden III.

Also aiding in selling tickets for the boys club benefit are Mrs. George Trumbull, Mrs. George O. Johnston, Mrs. Charles B. Warren, Jr., Mrs. William McGiverin, Mrs. Cyril Edwards, Mrs. David Rust, Mrs. W. Dean Robinson, Mrs. John Anderson and Mrs. William Bonbright.

Julie Thurber's Party Scrapbook

Breathing the rarefied air offered to brides-elect in this last week before her wedding is liting Julie Thurber who will marry Malcolm John Sutherland on Saturday in St. Paul's on the lakeshore. Her parents, the Cleveland Thurbers, of Kenwood road, will give the reception at the Little Club.

Julie has a storehouse of party memories to mull over for this past fall has been a real merry-go-round of entertainment. Beginning in September there was the tea Mrs. A. D. Sutherland gave for her prospective daughter-in-law in her Oxford road home, in the delightful old fashioned tradition of introducing her son's choice to all her friends.

Then there was a pantry shower and luncheon given by Mrs. Paul Maxon, Mrs. Ward Duckett, Mrs. Thomas Bourke and Mrs. Frank Towar.

The last September gala was the cocktail party given by this past week-end's bridegroom-to-be Peter Paddock, (he will wed Christine Watling, it was just told). His festivity was given in the Ridge road home of his parents, the Benjamin H. Paddocks.

Calendar Continues

In October the festivity picked up in tempo with the luncheon at the Little Club given by Mrs. William Herbert and Mrs. Longear Palmer, and the cocktail party in the Oxford road home of Mrs. Harold Walton at which the John Waltons were hosts.

Then it was out to Bloomfield for a luncheon given by Donna DiMarco and Mrs. Walter B. Robinson. Mr. and Mrs. Renville Wheat and their daughter, Anne, (Continued on Page 21)

Today is Fair Day At Memorial Church

At 10:00 O'clock This Morning Doors Opened for Biennial Christmas Bazaar; for Late Shoppers Tea Will Be Served From Four to Six in the Gym

At 10 o'clock this morning the Grosse Pointe Memorial Church opened its doors on the Christmas Fair the Women's Association has been preparing for since 1955, the season of its last holiday bazaar.

To show off the antiques, clothes, gadgets, tops and homemade goodies to the best advantage unusual Yule decorations deck the three floors of the Church.

Peter Hunt angels in oils hang over each booth, outlined with bands of red to match the aprons worn by all the Fair sales ladies. Mrs. Robert W. Hamilton is responsible for the impressive decorative notes.

Above Mrs. Charles Peabody's Conchology counter hangs a mermaid emerging from a shell and the angel above the knitting booth is tangled in skeins of yarn. All the beautiful medallion decorations are for sale, too.

Seven-foot wooden soldiers mark the way to the Children's Fair headed by Mrs. Robert M. Eckert, who this year has arranged a real live animal zoo for the kiddies run by Bob Burger. Her decorating committee is headed by Mrs. William L. Yeager and Mrs. Henry Beyster, Jr. and Mrs. Joseph L. Hudson, II have collected a mass of small toys to delight the tots when

they open their Christmas stockings.

A Yule quilt in red, green and white is displayed in a place of honor in the Women's Lounge, but this exquisite hand made coverlet will be sold before the day is finished.

No old fashioned jelly glasses for Mrs. Carl Grawn's old fashioned, homemade, jellies and jams. The delicacies have been put in handsome reusable tumblers with plastic tops. At the Gourmet booth will be cooked turkeys, pies, cookies and cakes for the holiday board.

For the busy and tiring shoppers Mrs. Clarence Maguire and her food committees with Miss Eleanor Eliason will be serving tea from 4 until 6 on the stage of the gymnasium, and luncheon will also be served from 11 o'clock.

Woods Church Holding Harvest Dinner

—Picture by Fred Runnels

Women of the Grosse Pointe Woods Presbyterian Church are making plans for a Harvest Dinner and Gift Arcade, Friday, November 22, from 5 to 8 p.m. Left to right are MRS. JOHN M. VANDENBELT and MRS. CHARLES C. MULLIKEN, dinner co-chairmen; MRS. GERALD C. SCHRODER, in

charge of ticket sales; and MRS. HOWARD K. GANDELLOT, a hostess. Mrs. Murray MacDonald is general chairman and Mrs. Arthur E. Hirt and Mrs. Maxwell E. Salisbury, co-chairmen of the Gift Arcade, which will feature Christmas gifts made by women of the church.

College Grads Hold Meeting

Mrs. W. S. Ziegler, Jr. of Grosse Pointe Woods, was hostess Monday evening to the Eastside Stephens Alumnae Group of Detroit. Assisting her was Mrs. Thomas E. Coulter, also of Grosse Pointe Woods.

Mrs. Phillip C. Rachford of Grosse Pointe Farms, the vice-chairman, introduced the evening program. The topic was "Flower Arranging in the Home," presented by Myron Bloy.

With a variety of flowers and containers, Mr. Bloy proceeded to show the group fundamentals of flower arranging in simple and exotic floral pieces. He showed special seasonal arrangements much to the delight and inspiration of each girl.

A short business meeting was presided over earlier by chairman Mrs. Vernon Beitel of St. Clair Shores. She drew the group's attention to the program and membership list which was sent out after a Board Meeting one week ago.

Mrs. Robert Knapp, of Grosse Pointe Woods, special events chairman, announced there would be no meeting in December, but rather a party including husbands and dates. Since plans were not complete, alumnae will be contacted as to details later. Should anyone be new to Detroit and the alumnae list, they may call Mrs. Knapp at TU 4-2737.

The next monthly meeting will be January 13 at the home of Mrs. F. M. Leist of St. Clair Shores. Coffee and dessert concluded the evening.

Raymond K. Dykemas Have Connecticut Guests

Weekend guests of the Raymond K. Dykemas, of Lothrop road, were Mr. and Mrs. Austin Meigs, of Roxbury, Conn.

Mrs. Meigs is a cousin of Mrs. Dykema, Mrs. Renville Wheat and Mrs. Wendell C. Goddard. Her sisters are Mrs. Frank E. Werneken and Mrs. Heinrich A. Pickert.

Monteith PTA To Hold Sale

The Monteith PTA is planning a bake sale which will be held during the day and evening of November 19. As is the usual custom, the baked goods will be contributed by the various members of the PTA. Details of the sale have been sent home with the children this week. All donations will be greatly appreciated.

During the evening of the same day, the PTA is presenting classroom night. The Monteith teachers are busy preparing for this night. Individually reigns as teachers will employ various methods of presenting the curriculum to Monteith parents.

Several audio-visual aids will be employed to make this not only informative but interesting as well. Some of the teachers will actually take parents "back-to-school" with a re-enactment of a typical day—some are building around one or two portions of the curriculum, which might seem ambiguous to the parents and still others will tailor their presentation to answering questions received in response to inquiries previously sent home with the children. The complete curriculum will be presented during the evening.

The children are always proud to show their parents what they do in school and the PTA is sure that after attending "Classroom Night" the parents will be able to share their pride. Dr. Marshall Jameson will be on hand to answer any questions relative to the evening's program. Refreshments will be served after the program.

The following appointments were announced at the Monteith PTA executive board meeting October 14.

PTA Council: Edwin Rose, William Lehmann, Dr. Jameson, and Gerald Stoetzer, ex-officio members.

Grosse Pointe Mothers Health Council: Mrs. Walter Pool, Mrs. E. J. Neil, Mrs. Richard Castle, Mrs. Robert Schellig.

Grosse Pointe Motion Picture and Television Council: Mrs. Gordon Long, Mrs. Stanton Crawford and Mrs. Hal Cornelius.

Woman's Club Meets Nov. 20

The Grosse Pointe Woman's Club will meet on November 20 at the War Memorial Center.

Mrs. William G. Quigley, November program chairman, will introduce Myrtle Labbitt, who will speak on "Swede Without Reservation." Mrs. Labbitt has spent 20 years in radio work and now may be seen daily on television.

Her popularity as a public speaker on such subjects as child psychology, interior decorating, modern living and travel, takes her to all parts of the state. Besides her trip to Sweden, she has toured the continent quite extensively and recently returned from a tour of Spain.

Tea will be served at 1 o'clock, preceding the business meeting and program. Mrs. Fred W. Adams, tea chairman, will be assisted by Mrs. Burke W. Arehart, Mrs. M. George Breyer, Mrs. J. H. Byers, Mrs. Harold M. Cable, Mrs. Horace Harpenter Jr., Mrs. J. Harold Husband, Mrs. Frank V. Olds and Mrs. Robert K. O'Neil.

Mrs. Lowell H. Orebaugh, Mrs. William J. Osgood, Mrs. Charles F. Parthum, Mrs. Richard Piper, Mrs. Lawrence Ruby, Mrs. Howard Simon, Mrs. Edward D. Tjowbridge, and Mrs. Kenneth Watkins Sr. will also assist.

PEO Chapter to Gather At Mrs. Rueger's Monday

Chapter AEO of PEO will meet at the McKinley avenue home of Mrs. C. F. Rueger Monday at 8 o'clock.

Co-hostess is Mrs. William G. Buchinger and the program for the evening will be given by Mrs. M. Boyer.

Center Meeting Planned By Engineers Auxiliary

The St. Clair Auxiliary of Professional Engineers will meet Monday, November 18, 6:30 p.m. for dinner at the Grosse Pointe War Memorial Center.

A business meeting will follow and plans for a Christmas party for members and their families will be made.

CLOTHESLINE

When your clothesline needs washing, coil it around a washboard or a piece of wood about that size; stand it in a tub of hot soapy water, and scrub it thoroughly with a brush. To avoid twisting or tangling, let it dry right on the board, and put it up again when it's completely dry.

For a Fall vegetable that's tasty and truly delicious, Consumer Marketing Information Agents remind you of baked squash. There are many different kinds of squash—and most of them are selling at very reasonable prices. One of the most popular varieties is Acorn squash, from which you can usually make two or three servings.

Pointer Wins College Award

The second annual Awards Convocation of the Marygrove College Alumnae Association will take place Wednesday, November 20 at 8:30 o'clock on the college campus.

Dr. Kathryn Robb, professor emeritus of the college now living in Iowa, and Mrs. Bayard Kurth, of Yorkshire road, have been chosen to receive the Mother Domitilla and the Doctor George Hermann Derry medals, respectively, at the convocation.

Clarence Manion, author and lecturer, and former dean of the University of Notre Dame College of Law, will give the keynote address of the evening.

The Mother Domitilla medal is awarded to a woman of Christian principles who has distinguished herself by a notable contribution to the well-being of the college or the alumnae association. Mother Domitilla, IHM, was the general superior who built Marygrove.

The award named for Doctor Derry, first president of the college, is conferred on a Catholic woman who is distinguished for her accomplishments in social leadership.

Dr. Robb was a member of the Marygrove faculty for 21 years and head of the English department. In 1952 she was chosen as one of the "Women of Achievement" by the Soroptimist Club of Detroit.

Mrs. Kurth is vice-president and member of the executive board of the Detroit Federation of Community Councils and a member of the Michigan Council of Displaced Persons and Refugees, the field in which she was honored in 1955.

She is the representative of the Detroit Archdiocesan Council of Catholic Women on the Committee for Neighborhood Conservation and Improved Housing for the City of Detroit. Recently she was appointed national social action director for the National Council of Catholic Women and directs 11,000 affiliated organizations of the NCCW in 97 dioceses.

Following the awards presentation in the college auditorium, an informal reception honoring Dr. Robb and Mrs. Kurth will be held in Madame Cadillac Hall on the campus.

Alpha Delta Pi to Meet Tuesday at Mrs. Paynter's

Mrs. J. W. Paynter, of North Renaud road, will open her home Tuesday at 7:30 o'clock to members of Alpha Delta Pi, Group I.

The project for this meeting will be the sewing of cancer pads. Mrs. Samuel Thorne, of Fisher road, will be co-hostess for the evening.

To Be Wed.

Mr. and Mrs. L. L. Novak, of Huntington boulevard, announce the engagement of their daughter, JUDITH, to R. P. Baumgart, son of the Edward Baumgarts, of Mayfield avenue. No date has been set for the wedding.

Pierce to Hold Library Tea

The Pierce Junior High School Library Club will hold its annual tea this year on Wednesday, November 20, from 1:45 to 3:45 in the afternoon.

New books have been arriving and the club members have been busily reading them. During the tea, the new books will be displayed and the members of the Library Club will talk about the new books.

The bulletin boards in the library will display some of the students' art, science, social studies, or English class work. This work was done under the direction of Miss Schmidt, Mrs. Schmult, Mr. Westling, Mr. Jorgensen, and Mr. Mason.

The refreshments for the tea will be made by the household arts classes under the direction of Mrs. Toll and Miss Greenhoe. The household arts students will serve the refreshments.

All parents of children attending Pierce Junior High School and any other interested persons may attend this tea.

To Hold Party At St. Ambrose

St. Ambrose Altar Society has scheduled a card party for Tuesday evening at 8:30 o'clock in the Parish Hall, Maryland at Hampton.

Mrs. William McBride is chairman assisted by Mrs. B. Phillips, Mrs. M. Laurie, Mrs. J. Remy, Mrs. Edward Humbert, Mrs. Burns Cody, Mrs. N. Nichols and Mrs. J. O. Flaherty.

Alpha Xi Delta Meets Nov. 18

The aid given by Alpha Xi Delta Fraternity in rehabilitating a war devastated Dutch village will be told in terms of personal experience by Mrs. K. K. Madison.

Mrs. Madison, will tell of "My Miracle Trip to Holland" at the November 18 meeting of the Grosse Pointe Alumnae Chapter of Alpha Xi Delta.

The Dutch queen knighted three national officers of Alpha Xi Delta in recognition of the fraternity's aid in the form of food, clothing, equipping Noordwyk's medical dispensary, plus granting graduate student scholarships for Dutch women to study in the United States.

The chapter meeting will be held at the home of Mrs. J. L. Carraher of Berkshire road at 8 o'clock.

Hostess will be Mrs. John Brewer, assisted by Mrs. A. P. Wittwer and Mrs. Rosarita Hume.

HOUSEHOLD HINT

High quality broilers and fryers are plentiful and economical now, according to the U. S. Department of Agriculture.

Four lanes are provided for traffic on Michigan's \$100,000,000 Mackinac Straits bridge. The 45-foot roadway has a small mall two feet wide to separate opposing traffic. The two outer lanes are each 12 feet wide, and the two inner lanes are each 11 feet wide.

Four bachelors combined to give a gay masquerade party over Halloween in the Skating House at the Country Club. Organizing this were Kirk and Clune Walsh, (the latter also just engaged), Ted Gushee and Tom Leithauer.

Last Sunday, Julie's brothers and sisters-in-law, the junior Cleveland Thurbers and the Peter P. Thurbers gave a cocktail and dinner party for the engaged pair in the former's Edgemere road home.

Tonight both the bachelor and spinster dinners will climax the party round. The lads will cavort at the University Club and Mrs. Alfred J. Jehle will fete the ladies at the Sutherlands home.

Smith Grads Are Selling Pecans

For the past three years the Smith College Club here has been selling pecans in aid of scholarships for deserving Michigan girls who want to attend the members, alma mater.

The luscious nuts from Georgia come in pound packages and the Smith gals will be glad to share their recipes. Mrs. Parry TeWalt, chairman of this year's sale, has a gem for the hor d'oeuvres table.

Moisten Roquefort cheese with a few drops of lemon juice or cream, shape into balls and place each ball between two pecan halves and press together. A conversation piece.

Mrs. Richard A. Speer is president of the Smith College Club here and selling pecans are Mrs. John B. Guba, Mrs. Stokes Gillespie, Mrs. Allen Lomax, Mrs. William A. Savage, Mrs. John H. Stephenson, Mrs. George Bushnell and Mrs. George Ritchie.

Another December Bride

Ruth Ives Fairlamb and Charles K. Gibson will be home from their wedding trip just in time to set up the Christmas tree in their Moross road home.

The bride-to-be is the daughter of Norton Ives, of Stanton lane, and her fiance's parents, are Mr. and Mrs. C. Kennedy Gibson of Asbury Park, N. J.

The couple will be married on December 6 in the Grosse Pointe Congregational Church with Mr. and Mrs. Ives giving a small reception in their home after the ceremony. Mrs. William Ludwig will be Ruth's matron of honor and Skip has asked his brother, Francis Gibson to be his best man.

On Sunday, December 1, Mr. and Mrs. William Hibbard and Mr. and Mrs. William Chase will give a brunch for the couple in the Hibbards' Colonial court home.

Lancers Club Giving Party

The Lancers Club of St. Joan of Arc Church will sponsor a "Turkey Twirl" dance on Friday, November 15, in the school auditorium, at 8 p.m.

There will be orchestra music, entertainment and refreshments.

The Lancers are a group of young Catholic adults, ranging in age from 18 to 28 years. Three years ago, the membership was only eight persons; today, there are 100 active members.

The purpose of the club, a C.Y.O. affiliate, is to bring together young Catholics, especially those newly graduated from high school, to better their personalities and have them enjoy themselves, while at the same time, helping others.

The organization encourages its members to participate in its business meetings, be active on various committees, such as athletic, civic, cultural and entertainment, thereby developing their personalities, and developing a sense of responsibility, leadership and fellowship which is so necessary in this modern society.

The club has various ways of adding to the entertainment of its members, including dances, hayrides, ski-trips, shows and other special events.

Members are active in other functions, such as taking orphan's out for outings, and raising funds for good causes.

The club is a self-governing body, and elects its own officials. Their spiritual director is the Rev. Fr. Thomas Hingsberg of St. Joan of Arc Parish.

Dance Planned For Collegians

Friday, the night after Thanksgiving (November 29, 9-12 p.m.), the Grosse Pointe War Memorial Center is being reserved for all Pointe collegians from campuses both far and near.

A committee of local collegians from the University of Detroit, Wayne State and the University of Michigan are working hard mailing cards to the out-of-towners, placing announcements in the different campus papers and making and distributing posters.

Roston Clark is providing the music for the dance. It is a couples' affair essentially but anyone who arrives in town too late to make a date is more than welcome to come without one.

Regina High School Clubs Sponsoring Card Party

The Mom's and Dad's Clubs of Regina High School are sponsoring a Thanksgiving card party on Friday, November 22, at 8 p.m. in the school assembly room.

Due to the limited space available only a limited number of tickets will be sold. Reservations must be made in advance. For further information and reservation, please call LA 1-4477.

Parents of Regina students are cordially invited to attend the November 22 meeting at 8 p.m. in the school. Judge Nathan Kaufman will be guest speaker. A social hour with refreshments will follow the meeting.

To Conduct Institute On Human Relations

An institute on human relations, featuring four qualified speakers, will be held Tuesday, November 19, from 9:30 a.m. to 2:30 p.m. at the Catholic Charities Building, 9851 Hamilton avenue. The sessions, sponsored by the social action committee of the Detroit Archdiocesan Council of Catholic Women, are open for anyone who wishes to attend.

Speakers for the day and their topics follow: Fr. Arthur Loveley, S. J., head of the University theology department—"The Mystical Body of Christ and Race Relations."

Richard Marks, executive director of the Commission on Community Relations, City of Detroit—"Housing and Neighborhood Relations."

Fr. John Finnegan, D. D., professor of Philosophy at Mercy College, pastor of St. Patrick's parish and a member of the Fair Employment Practices Commission—"Integration in Employment."

Dr. Morton Sobel, executive director of the Anti Defamation League of B'nai B'rith in Michigan—"Dynamics of Attitudes."

Following each presentation, there will be a question and discussion period. There is no registration fee.

Construction on the five-mile Mackinac Straits bridge, linking Michigan's Upper and Lower Peninsulas, was started in July, 1954. Its opening in November, 1957, marked a great achievement by contractors who kept ahead of schedule.

Youth Council Holding Dance

The War Memorial's Youth Council is claiming Saturday night, November 30, of the Thanksgiving holidays for its monthly party at the Center.

John Webster of the Grosse Pointe University School and Margaret Nigro of the High School are co-chairmen. Bill Knickly's orchestra will play for dancing from 9-10 o'clock and also from 11 to 12 p.m.

The hour from 10 to 11 will be completely devoted to the popular disk jockey Bob Terry and his all-request program.

Anyone planning to come to the dance, which is couples only, is invited to send in their favorite requests to the Grosse Pointe War Memorial, 32 Lake Shore road, in advance.

League Lecture Open to Public

The final provisional meeting of the Junior League of Detroit will be open to the public.

A panel of experts will discuss "To Educate the Layman on Better Mental Health Attitudes," on Wednesday, November 20, at 8 o'clock in the Grosse Pointe Central Library.

Among the participants will be Dr. Gordon Forrer, of the Northville State Hospital; Dr. Saul Harrison, associate director at the Children's Psychiatric Hospital, University Hospital, Ann Arbor; Dr. Vigo Jensen, psychiatrist at Receiving Hospital, and Dr. Louis Koren, psychiatrist.

Provisional members of the Junior League will complete their training on December 4 and will begin their volunteer work at the first of the year. They must serve 60 hours before next September. They are also given an orientation course at the League's chief project, the Senior Center, on West Grand boulevard.

Over-all length of Michigan's Mackinac Straits bridge is 28,444 feet, of which 17,918 feet are of steel construction.

Football Fare, Florida Air

The nipper the day, the more fun the football game, and the more bracing the air, the more everyone thirsts for a bracing warmer afterwards. Ideal fare is mulled Florida orange punch served with doughnuts.

This year's crop of juicy thin-skinned Florida oranges is going to be a record one, and the quality is fine now. Get them by the dozen or the bag, and buy plenty so that you'll have juice handy for thirst-quenchers and also for adding flavor to many recipes. The small-sized fruit coming into local markets are exceptionally good buys and, regardless of size, you're assured of getting more than a quart of juice from every five pounds of Florida oranges.

After the game, this hot punch would be welcome refreshment indeed. The slight heating which you give the orange juice doesn't damage its natural vitamin C goodness to any great extent. Float "mums" made from orange peel on the punchbowl for a gala touch.

Mulled Florida Punch
1/2 cup sugar
1/2 cup water
12 whole cloves

2 2-inch pieces stick cinnamon
2 quarts Florida orange juice
1 quart sweet cider
Combine sugar, water and spices in saucepan; simmer 10 minutes; strain. Add Florida orange juice and cider. Reheat and serve hot from punch bowl. Float orange "mums" on top. To make "mums", cut 2 inch rounds from orange peel. Press 4 or 5 cloves in center of each round. Cut 1/4-inch strips with scissors from edge to clove center. Float on top of punch. YIELD: 26 1/2-cup servings.

This year's Antarctic tractor train departed from Little America for Byrd Station, 645 miles distant, on Oct. 1. The Navy believes this to be the first time in Antarctic history such an operation of this magnitude has been launched so early in the season.

Movie Council Meets Nov. 18

"The Strange Case of the Cosmic Rays" will be shown at the monthly meeting of the Grosse Pointe Motion Picture and Television Council. It tells the story of the work of scientists in tracking down the cosmic rays and establishing their character and behavior. The movie was produced and directed by Frank Capra. It stars Richard Carlson, Dr. Frank Baxter and animated cartoon characters.

The business meeting and movie will be in the stack room of the Central Library, November 18 at 1 o'clock.

Speaker of the Michigan House of Representatives George M. Van Peursem of Zeeland will address the Women's Republican Club of Grosse Pointe on Thursday, November 14, at the Grosse Pointe War Memorial. His subject will be, "Issues Republicans Can Use to Win Elections."

The representative from Ottawa County in the Michigan legislature since 1950, Speaker Van Peursem was born in Holland, Michigan, educated in the public schools, Hope College and the Chicago-Kent College of Law. He is a practicing attorney in Zeeland. He was chairman of the Labor Committee of the Michigan House of Representatives. His address will be followed by a question and answer period.

Mrs. Irving Ingraham, president of the club, announces that luncheon will be served at 12:30 in the main reception room followed by the meeting at 1:30 in the library. Reservations must be made by noon of Tuesday, November 12, by telephoning Mrs. J. Hilliard Hicks at TU 1-4986 or Mrs. Fred Kaess at TU 4-5373. All Republican women are invited to attend.

Walsh-Bennett Betrothal Told

At a cocktail party November 10, Mr. and Mrs. Edward T. Bennett, Jr. of Bloomfield Hills, announced the engagement of their daughter, Lynn, to Clune J. Walsh, Jr.

A senior at the University of Michigan and a member of the Delta Gamma Sorority, Miss Bennett attended Kingswood School, Cranbrook, and Centenary Junior College at Hackensack, N. J.

Her fiancé, the son of the Clune J. Walsh's, of Shoreham

road, was graduated from the University of Detroit High School and Holy Cross College, Worcester, Mass.

A June 28 wedding at St. Hugo of the Hills Church is planned.

One of the first newsmen to drive out on Michigan's Mackinac Straits bridge, wrote: "It didn't seem like a bridge. It was like driving on a super-highway in the sky!"

Pointers Work On Folk Fair

The twenty-seventh Annual Old World Market, Detroit's unique Folk Fair which blends costumes, crafts, food and entertainment and imported gift articles from around the world at the International Institute, 111 East Kirby, opens Thursday, November 21. It will continue four days, from noon till 10 p. m., through Sunday, November 24.

Visitors will be welcomed by representatives of some fifty nationality groups. National colors, decorative designs and traditional costumes from their many home-lands will mingle in the carnival atmosphere of a village fair. Evergreen garlands and floating banners will transform the auditorium into a holiday scene.

Strolling musicians will visit the market stalls and food service areas to reproduce the atmosphere of European sidewalk cafes. Entertainment by small groups will be continuous instead of elaborate stage presentations as in previous years. British and German folk songs, Austrian yodelling, Croatian and Ukrainian instrumental groups are among many planned.

Preservation of Old-World arts and crafts is one of the educational objectives of the International Institute. Demonstrations will be given daily at regular intervals of such skills as Armenian, Belgian and Polish lace-making; Bulgarian spinning and German weaving, Ukrainian wood-carving and decorating Easter eggs, and Japanese Flower Arrangements.

Doll-making will also be demonstrated by Japanese girls and other hand-made dolls and toys will be sold in several booths. Countless other imported and hand-made articles for unusual holiday gifts will be for sale, including linens and embroideries, ceramics and jewelry, hand-crafted leather and wooden items, and delightful Old World holiday greetings and decorations.

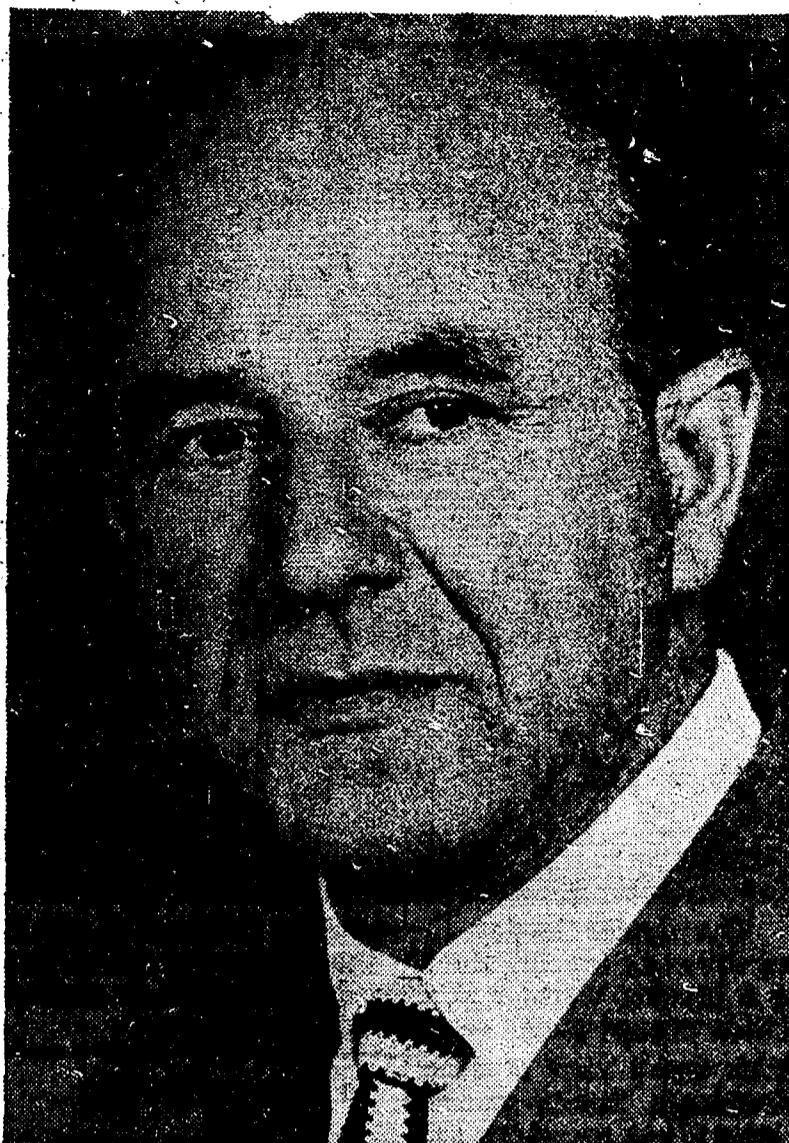

There will also be a Treasure Shop offering collectors' items and used articles including restyled hats; a stall stocked with hundreds of old and new books; a pantry shop and a Greek Grocery Store full of imported candy, cheese, dried fruits, and other hard-to-get exotic foods.

Different nationality meals will be served each day, luncheon from noon till 2 p. m. and dinner from 5 to 8 p. m. There will also be continuous coffee shop service with hot soups and sandwiches, and rich pastries made from treasured old recipes.

Food service will be by these nationality groups: Thursday, Polish, Armenian and Finnish; Friday, Norwegian and Mexican; Saturday, Polish pastries, Italian and Syrian-Lebanese; and Sunday, Romanian and Hungarian.

Mrs. Alfred Crabb, 1169 Devonshire, is accepting all East Side donations for the Old World Market's Treasure Shop. She says acceptable items are "anything old, rare and usable, such as china, glass, embroideries or lace, jewelry or silver, and clean neck-ties."

To Show Shirt Collection

Men gave fashion to women—and deserted it themselves. This is the opinion of Alfred Shapiro, better known as Alfred New York—the man responsible for many best dressed men.

Men used to know how to dress says Alfred but they dropped the custom. Women picked it up for seduction and self-aggrandizement—and it's time for the men to get it back.

The dapper sport shirt designer has done thorough research into the history of masculine fashion's decline since the days of dandy Beau Brummel. The French revolution dealt the greatest single blow to men's fashions: men who revealed their economic status by rich apparel were beheaded. The theory was that in a democratic state all men were equal and therefore should look alike. Unconsciously, says Alfred, we're still living by this theory.

In the early days of our country of course fancy dress was impractical—it's awkward to wear a lace trimmed shirt for shooting a buffalo. But in today's America with the highest standard of living and leisure in the world men still sink into the obscurity of nothingness by looking just like everyone else.

Alfred compares the "men in grey flannel suits" to ten pins in "a Madison avenue bowling alley." His own designs on the contrary are unique, different, never flamboyant but always individual.

Pick-ups can be arranged by phoning her at Valley 2-4946, or items can be left at the International Institute, 111 East Kirby.

Also active on the Treasure Shop Committee is Mrs. John Ehrlich, 15601 Essex, and Mr. and Mrs. Kenneth R. Yager, 14350 Harbor Island, are in charge of the Book Stall.

Some of his sport shirt signature details are bias trim, simulated plackets and bib effects in subtle stripes.

The new holiday and resort collection of Alfred and Lady Alfred shirts which he will show at Jacobson's Grosse Pointe, on Friday, November 15, is based on a color scheme of red, white, blue and black with little touches of contrast. One of the highlights of the collection is a white Acrylic sweater-shirt personalized

Sigma Alphas to Hold Benefit Theater Night

Friends and members of Sigma Alpha sorority with the sorority's Tetartos Council will attend a benefit theater night at the Riviera Thursday evening, November 21.

All funds realized from the sale of tickets to "Auntie Mame" will go to support the Institute of Lodopedics, an organization for speech rehabilitation of spastic children.

Mrs. Julie Sturdevant, of Lakeland avenue, president of the Tetartos Council, which includes the 12 chapters in the metropolitan Detroit area, is assisted by special chairman, Anita Riley, in handling ticket sales.

Miss Riley will take ticket reservations at TU 2-8677 or TO 7-0020.

Churches Fight Traffic Deaths

The clergy of Michigan—Protestant, Catholic, and Jewish, is uniting this autumn in an all-out drive to rout evil, the evil of waste of human lives on the state's highways.

Joining in this religious crusade to protect and preserve lives are state, county, city and village authorities, the Michigan Council of Churches, Detroit Safety Association, Governor G. Mennen Williams, Safety Councils, Catholic Diocese and Jewish organizations.

Guiding the effort to reduce the highway toll, through appeals to religious teachings and the Golden Rule, is the Inter-Faith Committee on Safety Sunday Observance.

Through this group, ministers in every community in

Michigan are being contacted, as are sheriffs' departments, the enthusiastically cooperative State Police, and city authorities, to proclaim the gospel of highway safety.

Sunday, November 17, has been selected for Safety Sunday. On that date, leaders of all religious faiths will appeal to their congregations to

crusade against sickening fatality rates on the state's thoroughfares.

Michigan religious leaders are giving their whole-hearted support to a safety effort that has, in four years, mushroomed from a southwestern Michigan local project, to a state-wide crusade through the churches.

Cloak, Dagger Methods Guard Car Design Secrets

With the exception of atomic energy installations and other top-secret government operations, there aren't many activities that match automotive styling in the extent of cloak and dagger precautions that surround it.

Security in the areas in which the nation's cars are styled is kept under strict control day and night, twelve months out of the year. The sales department of a car division may breathe a sigh of relief when its new models finally have been introduced to the public, but styling security can't afford to relax, for in its studios are two or three models to follow that one.

Measures taken to safeguard new designs at Ford Motor Company's handsome \$11,500,000 Styling Center in Dearborn, Michigan, are indicative of the intensity with which the automotive industry applies itself to foiling leaks.

As far as a manufacturer is concerned, his competitors certainly must be considered—there's no question of that. But perhaps equally important is the need for keeping the public from finding out what goes on behind the sheetmetal curtain he has lowered around the designs his stylists are developing. Car makers live in constant fear that the customer, who theoretically is waiting with bated breath to view his newest creation, will have found out all about it before it even reaches the dealer's showroom.

The first link in the security chain that has tightened around the Styling Center at Ford Motor Company was forged in the spring of 1955, when George W. Walker was named a vice-president of the company and its director of styling.

A design consultant on virtually all Ford products for ten years before joining the company, Walker brought with him some disquieting facts of life concerning automotive styling security.

"Having been associated with the industry," Walker says, "I was aware that there was a lot that could be done to tighten up security surrounding new models." When I came to Ford Motor Company, it gave me an opportunity to put into practice some of my ideas in this respect."

Ford security is directed toward reducing the number of people allowed to see any given model during its development, and in educating all those involved in order to avoid "incautious" conversation and gossip about their work.

The first is dealt with by means of a visible badge system similar to those in effect in military installations. Each badge bears a photograph of the holder. A color code indicates the area he is authorized to enter. An individual who wears a badge bearing the color of the Ford Studio, for example, is barred from the studios of each of the other car lines.

This compartmental control, of course, applies to employees. Visitors to the Styling Center are subject to perimeter control, which begins at the main entrance to the building. Here the visitor reports to the main lobby, where he is screened by a receptionist under the watchful eye of a guard. The receptionist finds out into which portion of the building the visitor's business will take him. He is then met in the lobby and escorted to that particular part of the building. When his business is finished, he is escorted back to the lobby.

As a further safeguard against unauthorized entry, all locks used in the Styling Center are assembled within the building. They are part of a system which makes it possible—through the use of removable cores—to change every lock within an hour. All locks are combined and all keys are cut by members of the Styling security force.

A similar system is used in preparing the badges. All photography, lamination and

other work is done in the building.

The second problem involved in styling security—preventing information from leaking out by word of mouth—is more difficult than the first because fewer mechanical controls are possible.

"We obviously can't brainwash our employees," Walker explains. "Once they leave the Styling Center, there's very little that can be done to prevent them from talking freely about whatever they happen to have seen or been working on. But if an employee makes up his mind that he's going to talk, at least we can make sure that he sees only what he has to see in the course of his work."

One step in combatting "loose tongues" has been the establishment of a program of weekly posters designed to make the employe aware of the necessity of guarding against disclosures of his work.

The disposal of restricted material is accomplished through the use of locked wastebaskets, whose contents are emptied and burned under security supervision. In addition, a member of the security force accompanies all models to be scrapped and watches while they are completely demolished by a bulldozer.

Security against prying eyes was considered when the Styling Center was first constructed. As a result, the area is set back 200 yards—the length of two football fields—from the two adjacent public thoroughfares. Open lawns make it virtually impossible to approach either the building or the adjoining patio from the street without being detected.

Every effort is made to keep casual passersby from wandering into or even looking into the studios. Several are kept locked at all times, and keys are doled out sparingly. In instances in which a studio is left unlocked, a secretary sits at a desk by the door and screens everyone who enters. Sight baffles placed several feet inside the door of each studio prevent anyone from looking through an open door and into a working area.

All of these on-the-spot precautions are backed up by the use of an extremely high-powered telescope like those used in spotting rifle scores. The instrument runs up to 60-power and is trained by members of the security force not only on areas outside company property but on nearby company buildings as well.

Apparently satisfied with the progress that has been made in tightening security in recent years, Walker cites three separate instances in which vice presidents of the company have been halted as they entered the building because they were not wearing their identification badges.

"It was a little embarrassing at the time," Walker points out, "but at least it proves that our security people are on their toes."

Main tower foundations of Michigan's Mackinac Straits bridge extend to a maximum depth of 206 feet below the lake level. The anchorages each contain 65,000 cubic yards of concrete, and are capable of resisting a total pull from both cables of 60,000,000 pounds.

Traffic Safety Observance Set

Traffic Safety Sunday will be observed in Detroit area churches on Sunday, November 17.

Officially proclaimed by Mayor Louis C. Miriani as Traffic Safety Sunday, Clergymen of the Protestant, Catholic and Jewish faiths will observe the Sunday by reminding their church members of their moral responsibilities when they are behind the wheel of their cars.

The Detroit Council of Churches, the Roman Catholic Archdiocese of Detroit and the Jewish Community Council of Metropolitan Detroit are cooperating with the Detroit Traffic Co-ordinating Committee in the observance. The Traffic Co-ordinating Committee is composed of the Detroit Police Department, the Department of Streets and Traffic, the Traffic Court and the Traffic Safety Association.

Traffic Safety Sunday has been observed in Detroit area churches for nearly a decade. Many pulpits have resounded with potent messages stressing the religious principles that should motivate individuals when they are driving—and walking, too.

For the first time, the program will be observed in churches throughout Michigan on the same date as in the Detroit area. In past years, Michigan churches have held Traffic Safety Sunday just prior to Memorial Day. It was decided this year to co-ordinate the two programs to produce a greater, more sustained impact.

General theme of this year's program is: "In Traffic, Too—Your Church Says—Practice Your Religion." This will be carried on more than 1,500 posters in the Detroit area and on 1,000 more in communities outside.

A reproduction of the poster is also contained on a leaflet, which has been prepared by the Traffic Safety Association. This leaflet is being distributed by the Council of Churches, the Archdiocese of Detroit and the Jewish Community Council to all their clergymen with introductory letters urging the

pastors to participate in the observance through sermons, announcements and insertions in church papers and bulletins.

This leaflet carries messages from Dr. G. Merrill Lenox, executive director of the Michigan and Detroit Council of Churches; the Rev. Monsignor Hubert Maino, pastor of St. Lucy's Church, St. Clair Shores, and Rabbi Morris Adler, vice-president of the Jewish Community Council.

Dr. Lenox said that the death toll each year on Michigan highways should "sharply challenge our church members and clergy... Christians here clearly face a moral problem. And it is important for our clergymen to confront them with this clear daily moral issue," he said.

Monsignor Maino pointed out that too many people tend to think of traffic safety as a problem exclusively for experts and public officials.

"But this is faulty thinking for driving an automobile is a voluntary act which is under the control of the human being behind the wheel," he said. "That makes driving a matter of individual responsibility—in other words, a moral question."

Rabbi Adler stressed that "every person who sits behind the wheel of an automobile is charged with direct and inescapable responsibility for his life and the lives of others. The automobile in the hands of a thoughtless or negligent individual may become a weapon of destructiveness, endangering many lives in addition to his own," he added.

Y Homemakers Plan Dinner

Grosse Pointe members of the Homemakers' Club of Central YWCA will entertain their husbands at an annual dinner in the club's social hall Wednesday.

The Ford chorus, under the direction of Ray Kooi, will entertain. An accordionist will furnish dinner music and several solos.

Mrs. Harvey Zens is taking reservations at TU 2-3687. Mrs. William J. Symons of Torrey road is chairman.

Offices of the Mackinac Bridge Authority, established by the Michigan legislature to bring about the building of a bridge across the Straits of Mackinac, are located in a new building on the St. Ignace side of the span in the Upper Peninsula.

Theater Arts In Rehearsal

Members of the Theater Arts are rehearsing Enid Bagnold's "The Chalk Garden," which will be presented November 22 at 2 o'clock at the Players.

The cast includes Mrs. William H. Hoey, Mrs. Milton W. Volken, Mrs. Russell McLaughlin, Mrs. Charles G. Killins, Mrs. Sidney Reynolds, Mrs. Ernest K. Matlock, Mrs. Allen F. Edwards, Mrs. John D. Reindel and Mrs. Frederick G. Buesser.

Helen W. Genung is directing the drama and Mrs. Alexander Moore is holding the script. On the sets committee are Mrs. Raymond J. Duffy, Jr., chairman; Mrs. Harry R. Esling, Mrs. John Denier, Mrs. Harvey L. Kimerly and Mrs. John D. Benfield.

The make-up department is headed by Mrs. Francis E. Vandusen and includes Mrs. Arvin L. Wheaton and Mrs. Alex M. Stirling.

Ushering for the matinee will be Mrs. H. S. Hemmeyer, Mrs. Henry S. Walker and Mrs. Kati G. Behrn.

Farms Submits Building Report

Residential and miscellaneous building permits issued in the Farms for the month of October are valued at a total of \$241,700, according to a report released by Farms City Engineer Murray M. Smith.

There were four residential permits valued at \$180,000; and 20 miscellaneous, worth \$61,700.

The number of residential permits issued since the beginning of the year comes to 32, with a valuation set at \$1,318,000; miscellaneous, 120, valued at \$405,700.

There were no permits given out last month for business constructions, nor for non-assessable buildings, but the total to date this year for business is four, which are worth \$351,000; and four for non-assessable, valued at \$334,234.

The total number of all permits, from January 1 to October 31, comes to 163, with the valuation hitting \$2,408,934.

The permits for new homes, and their valuation, are for the following: 155 Stephens, road, \$58,000; 31 Newberry, \$51,000; 180 Hillcrest, \$26,000; and 161 Moran, \$45,000.

Mackinac bridge crossing the Straits that have separated Michigan's two peninsulas for centuries affords easy access to state highways serving the terminal cities—US-2 at St. Ignace, and US-31, US-23 and US-27 at Mackinaw City.

EVERYBODY GETS THE "SACK" — Ready-to-wear Paris designers, who cater to the French "woman on the street," are following the "sack" line, too, thus enabling their customers to dress like those who buy their clothes from style-setting couturiers. These ready-made outfits for summer 1958, created by Pierre Billet, prove the point. At left is a green tweed "sack" sheath; in center a two-piece button-front dress of beige and white striped pique with sleeveless middy top; and at right is a blue wool "sack" dress with three-quarter sleeves.

ROYAL GATHERING—Jester, two-year-old Siamese, is one cat who can't bear to look at a "queen." The "queen" in this instance is Steverino, greyhound pal of TV star Steve Allen. Recently honored as 1957 Queen of National Dog Week, Steverino turned up to crown Jester as King of 1957 National Cat Week in a New York ceremony.

COURT STAR—William P. Rogers, named by President Eisenhower as new U. S. Attorney General, looks good during a backyard basketball game with his sons at their Bethesda, Md., home. The boys are (left to right) Jeffrey, 13; Douglas, 11; and Anthony, 17. Rogers has been named to succeed outgoing Attorney General Herbert Brownell.

LOW BLOW—Playing flat is the special talent of the Black Orchid orchestra of Singapore, where downbeat means down, man! Playing rock 'n' roll—what else?—they really get down to work, with the trumpet player on the floor, and the sax man pillowed on the bass player. Cool? Dad, these cats are stone cold.

NEW BOOK TELLS STORY OF U.P. — The 50-year history of the United Press, as documented in a new book, "Deadline Every Minute," by Joe Alex Morris, just published, contains many journalistic anecdotes. Here, Frank H. Bartholomew (third from left), now U.P.'s president, directs the coverage of the Santa Barbara, Calif., earthquake of June 29, 1925. Morris's book describes the growth of the wire service, which celebrated its golden anniversary in June, from its founding by newspaper titan E. W. Scripps.

ANSWER MAN—A young man who's definitely on the beam when it comes to answering questions, ham radio operator Michael Muench, 15, has won second prize in a radio quiz contest broadcast over the Moscow Radio and beamed to the west in English. Muench, a high-school junior in Chicago, answered seven questions on Russian history to win his prize, a Russian camera. The Moscow Radio said the prizes will be delivered to the winners—but didn't say how or when.

THE HOUSE THAT SLEEP BUILT — Now that the sandman has left his calling cards, this weary youngster in Rome, Italy, is quick to drift off to dreamland. The little man who's obviously had a busy day is two-year-old Francesco Brambatti. His card castle is only half finished, but it looks as if his sleeping session has only just begun.

MIRE EDUCATION—A proper Etonian looks a proper mess as he hauls himself from the muck after failure to negotiate a hurdle during the senior race at the Eton College Steeplechase. Nearly 400 youngsters took part in the racing.

1958 SWIMMING ENSEMBLE — Seen at a recent fashion preview of swimwear for 1958, designed by Robby Len, was this two-piece ensemble called "French Swan." It consists of a one-piece strapless sheath and a separate button-down matching skirt with new "balloon" hemline. The suit alone, made of arnel embroidered to lastex, takes to sun or swimming, and the ensemble — when properly fitted — is suitable for summer dining and dancing.

INVITATION TO THE DANCE — Wearing his gaudiest ceremonial costume, this stern-faced Baluba native is ready to take part in a night-long tribal dance. The Balubas have strong attachments to clan and family, but are among the fiercest warriors in the central region of the Belgian Congo.

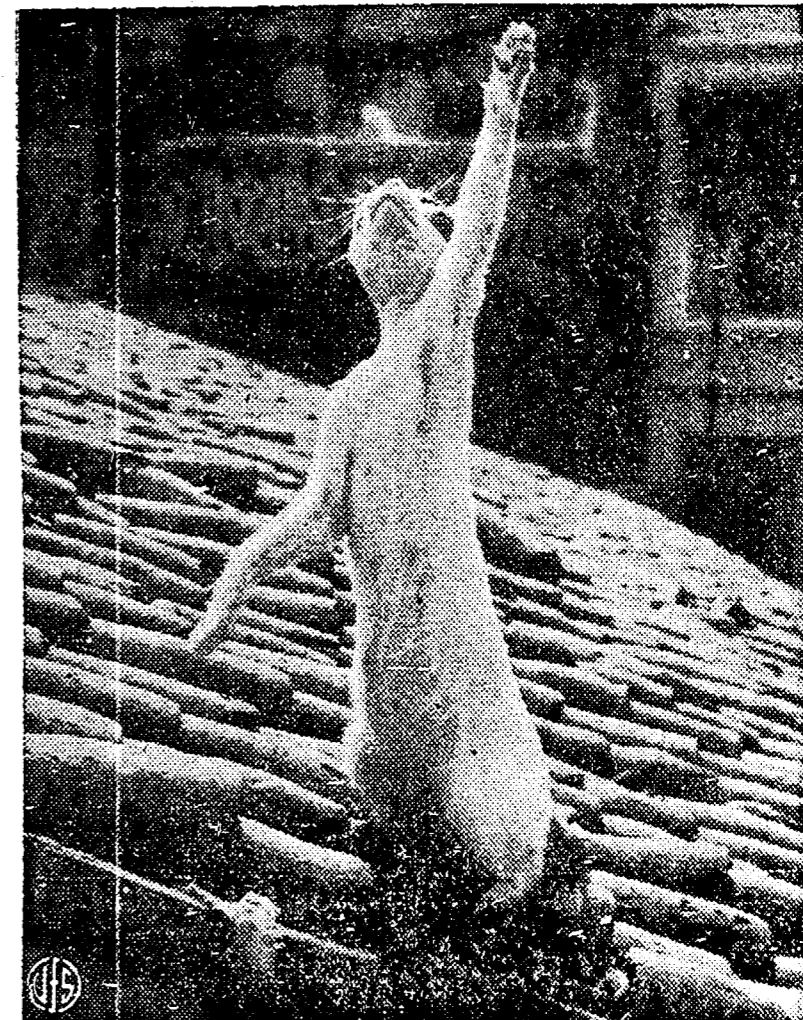

WINTER TRAVELER — For the winter traveler speeding to warmer climes David Kidd of Arthur Jablow of New York designs a well-bred cotton tweed suit. Shown at the International Federation of Cotton and Allied Textile Industries conference in Italy, the trim suit has an easy-fitting jacket with interesting hand treatment at the mid-section.

CAFE DEBUT—Movie star Ginger Rogers will perform in a cafe for the first time in her career at the premiere of the Havana Riviera Hotel in Havana, Cuba, Dec. 10. Ginger's 30-minute act will consist of singing, dancing and comedy.

TOT'S TRIUMPH—Proud of her progress, little Sheila McAuliff, 5, shows off her skill in manipulating her artificial arm by placing the pegs in their proper holes at the Society for Crippled Children office in Chicago. The courageous little miss has learned to use her artificial limb with considerable skill.

SPELLBINDER—This amusing study of a cat, called Orator has won an award of \$100 for its photographer, Dr. B. F. Ferreira of Girgum, Bombay, India, in the \$25,000 Popular Photography magazine prize picture contest.

SWEET VICTORY—Carolyn Starnier, 16, of Mechanicsburg, Pa., knows her apples. She smiles at York after being chosen as Pennsylvania's Apple Dessert Baking Queen for 1957. The coronation was part of Pennsylvania's observance of National Apple Week.

CHECKING HIS OIL — Though he's a taxi driver by trade, Serge Ionosov is an artist at heart, as he turns to his easel in Paris. Standing among the book stands along the Seine, he's chosen a subject that has drawn painters for centuries—Notre Dame Cathedral.

Pointe Counter Points

By Pat Rousseau

"Fascination" . . . based on the brilliant performance of Miriam Haskell's enchanting new jewelry . . . glimpsed at Margaret Rice. The collection of incendiaries include . . . blazing emeralds, sapphires, topaz, rubies . . . beautiful frauds in a world of color. Placid pearls offering the flattery of soft white are also part of the glow. All lend fundamental drama to basics and the final touch of individuality for cocktail clothes.

Gayest news afoot! Jacobson's slipper bar is here . . . giving you a comfortable choice of a happy variety. Co-starring Oompies and Daniel Greens. Velvets destined for a life of ease . . . fleece lined slippers to put warmth at your feet . . . satin mules, leathers, and corduroys . . . PLUS would-be leopard scuffs, making this season's most exciting fashion footage.

Dressing for fun is fun . . . if la jeune fille (pre-teen sized) in your household is party bound . . . with dancing school fetes . . . or holiday galas on her schedule, Young Clothes have the prettiest party dresses in the loveliest colors . . . ever! The shades are heavenly and include a perfect coral and Elizabeth blue . . . about twenty-three dollars. She'll love dancing in these full length clouds of net and you'll like the way she looks.

Whimsy set to music . . . piquant music boxes that play such popular classics as . . . "Around the World" . . . "On the Street Where You Live" . . . also traditional Yuletide tunes and waltzes. One music box is made of blue velvet and has a preening poodle perched . . . just so! Another . . . all green with a sparkling gem of a Christmas tree and for those with a humorous bent, there's a golf playing bear. These charming bits of caprice are found at The League Shop and start at ten dollars.

With loving care . . . fabric and finish are matched. You can choose from thousands of samples at Wanamaker's Studio . . . or have material specially dyed. As for those precious old pieces . . . the frames can be skillfully refinished or antiqued. Just to name one lovely example . . . a victorian chair . . . antiqued with sea blue undertones and upholstered to match. Effective color blend . . . distinctive flair.

It isn't the night before Christmas . . . but it is a fine time to start doing something about your holiday good looks. Like to be "fitting pretty" when the festivities begin . . . Now's the time to go to work . . . on a good hair style . . . or perhaps a better figure. Lochmoor Salon makes beauty a convenience. See their stylists and try the "Relax-a-tron" for whitening away excess inches . . . this new way to a better figure leaves you feeling better . . . too. Call TUxedo 1-7252 . . . for an appointment.

Candle-lit party silks . . . glamorous and feminine will shine after dark from now thru the festive season. D. J. Healy's delightful late-day dresses in fabulous silk faille have the gentle glow of romantic candlelight. The telling difference is the presentation of the shape. The molded sheath in capri blue or navy and the slim side draped sheath in beautiful jewel tones of emerald or sapphire are pure statements of flattery and will gather many . . . many compliments for you. Both . . . from the gown room collection . . . fifty dollars.

Sugar and spice and everything nice . . . that's what lingerie is made of. Especially the new moonlight chiffon bits of femininity featured at Jacobson's. The half slip is a double skirted sheath . . . Chiffon over-nylon tricot . . . all misty white with pink or blue silver threaded clusters of embroidered flowers . . . available in shortie pajamas, waltz length gowns and the romantic penguin . . . (moonlight chiffon starts at nine dollars). Other lingerie in luscious colors . . . spotlights parchment and fashion's favorite feline leopard. The wide selection and color interest offer you an excellent starting point for gift ideas.

"Vanity Fair" . . . here, means vanity fashionable . . . one, sure to be graced with the newest of lipsticks, designed by Christian Dior and destined for the dressing table. Ever ready in its decorative Obelisque case, while its pretty partner remains in the purse . . . the set runs around ten dollars. All this is based on the sound philosophy that every woman should have at least two lipsticks and a whole wardrobe of retilts. Les Rouges . . . Dior . . . presents eight beauty-wise colors that interchange handily by snapping in and out of the case. Beautifully gift boxed along with L'Odalisque and an extra case . . . twenty dollars . . . at Trail Pharmacy.

Party Bound Pineapple Dessert

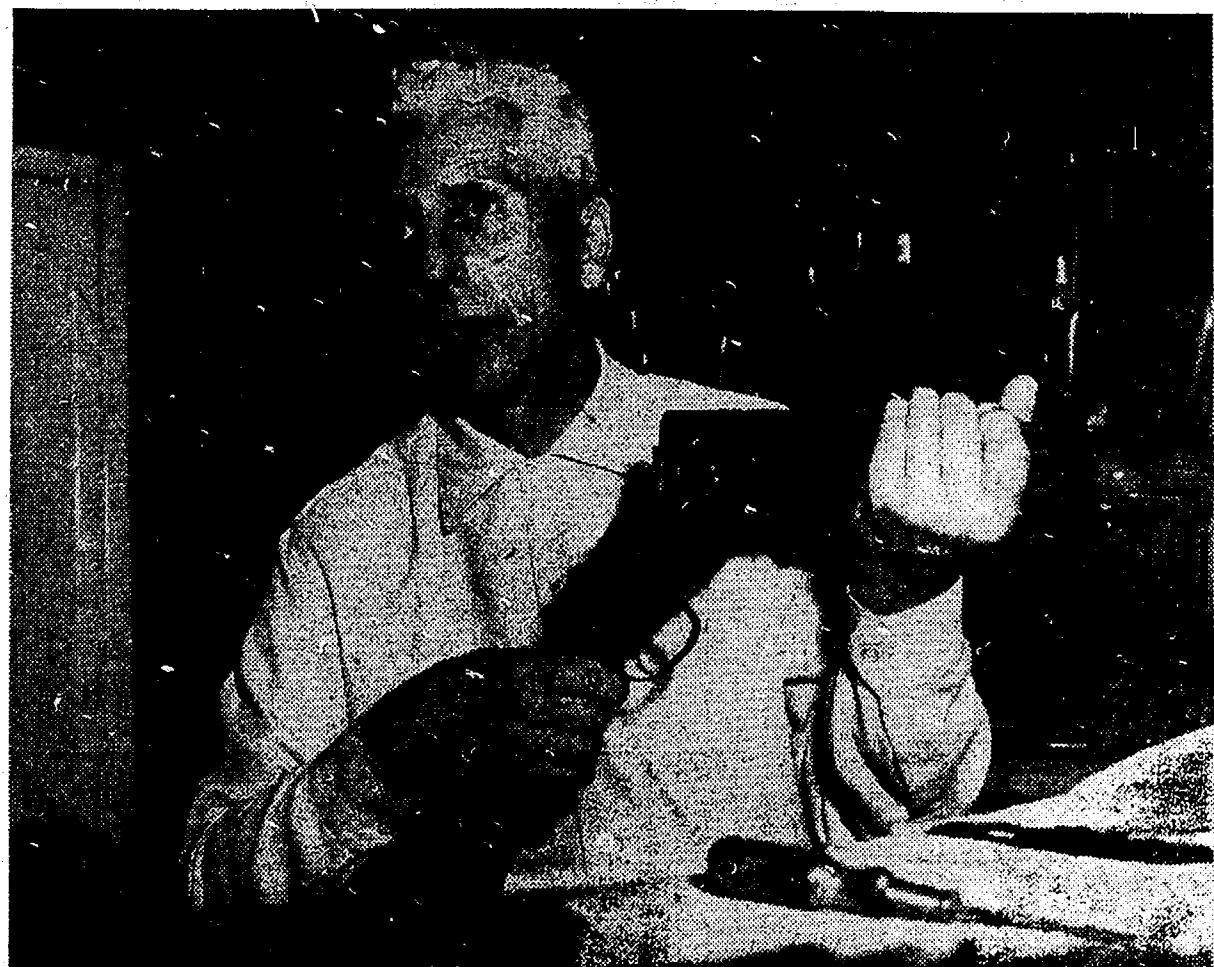

Pineapple Caramel Charlotte is a conversation maker that marks any meal or party as a special occasion. But in spite of the elegant appearance and wonderful flavor, you'll be pleased at what an easy dessert it is to make.

It can be made in a mold or spring form pan to serve at the table. If you prefer to use a loaf or deep sided cake pan and serve in slices or wedges the pineapple design goes on top.

Pineapple Caramel Charlotte
1 envelope unflavored gelatine
1/2 cup cold milk
1 lb. vanilla caramels
1 cup canned pineapple juice
1/2 pint whipping cream
Lady fingers, or plain cake
1 can (9 oz.) sliced pineapple
Mix gelatine and milk in top of double boiler. Add caramels and cook over hot water until caramels are dissolved, stirring occasionally. Remove from heat and add pineapple juice. Chill until the mixture mounds slightly when dropped from a spoon. Fold in whipped cream. Stand lady fingers around sides of a mold and arrange drained cut pineapple slices in a design on bottom. Fill with caramel mixture and chill until firm. Six servings.

NELS D. NYMAN, OF TOURAINE ROAD

By Patricia Talbot

Before he sights his own buck on opening day of deer season tomorrow, Nels D. Nyman will have targeted in about 100 rifles for fellow hunters around Hubbard Lake, just for fun and because he loves guns.

Mr. Nyman is a public utilities supervisor, but hunters and deer season tomorrow, Nels D. Nyman will have targeted in about 100 rifles for fellow hunters around Hubbard Lake, just for fun and because he loves guns.

His interest in guns and hunting began in his boyhood in Upper Michigan when he began saving his money for a good 12 gauge shotgun. He finally bought one from a friend but didn't like the balance or the weight, so he knocked it down and remade it to suit his own private specifications. He then resold it to the friend for four times what he had paid for it.

Today Mr. Nyman has about two dozen guns of his own in 12, 16, 20, 28 and 410 gauges which he lovingly repairs constantly in his basement workshop. He also has about a score more of guns which he is in the process of changing or repairing for fellow hunters. He claims that to be a good gunsmith all a man needs is to be able to master mechanics, tools and wood working. He has fixed guns for Roy Chapin, Jr., and Edward Roney, fellow members of the Grosse Pointe Farms Trap

Dystrophy Drive To Start Friday

James Rademacher, president of the Wayne County Chapter of the Muscular Dystrophy Associations of America, Inc., today announced that the 1957 drive for funds on behalf of Muscular Dystrophy would begin in Wayne County on Friday, November 15. Simultaneous campaigns will be run in Oakland and Macomb counties.

Mr. Rademacher, in setting Muscular Dystrophy's fund-drive kick-off date, also announced that Max Osnos has accepted the chairmanship of the Drive in Wayne County. Mr. Osnos, in accepting the post said: "There are hundreds of children here and throughout America caught in the grip of Muscular Dystrophy. This baffling disease condemns those afflicted to a life of progressive muscle deterioration, which makes them almost helpless."

Some \$250,000 was raised during the Muscular Dystrophy Drive last year in this area, according to Paul J. Militello, executive secretary of Muscular Dystrophy Association in Southeastern Michigan, better than two-thirds of which was obtained by some 8,000 volunteer men and women during a two-hour, house-to-house, March for Muscular Dystrophy. Militello hopes, that in '57, with the volunteer marcher's ranks swelled to an estimated 15,000, that the \$165,000 received from last year's March will be topped substantially. The March for Muscular Dystrophy will be held on Tuesday, December 3, from 7 to 9 p.m.

ORANGE MARMALADE SOUFFLE

Contributed by Mrs. Richard Webber

4 egg whites
4 Tb sugar
4 Tb orange marmalade

Whip the egg whites until stiff, gradually adding the sugar during the beating process. Fold in the marmalade. Pour into the top of a double boiler which has been well buttered. To assure a nice glaze on the souffle, butter the inside of the lid as well. Cook over boiling water, covered for a hour. Serve with the following sauce to four.

Sauce:—
1/2 pint cream whipped
2 egg yolks
1/4 cup sugar
2 Tb curacao or 4 Tb sherry

Beat yolks and sugar together. Whip the cream and combine the mixtures. Add the curacao or sherry JUST before serving.

Observe Anniversary At Little Harry's

Grosse Pointe Diamond Phillips is celebrating his first anniversary as owner of Little Harry's, the famed restaurant on East Jefferson at Chene, which has catered to Grosse Pointers for more than 30 years.

Beginning the week-long birthday-style event on November 7, the music-fingered Carl Dannel who plays there nightly, arranged special songs for the merry-makers. Unexpectedly, Liberace, then starring in his own show at the Riviera Theatre, made his appearance, joining in with the guests for several hours of singing. He did not touch the piano. Those contracts!

Other stars of stage and screen often put in an appearance at Little Harry's after show time.

The anniversary runs through Saturday of this week.

U. OF D. OFFER CONCERT

The first of a series of concerts, "Words and Music—A Chamber Concert with Footnotes," will be held at the University of Detroit Library, Sunday, November 17, at 7:30 p.m. Sponsored by the U. of D. Music Society, the series will feature Gordon Staples, assistant concertmaster of the Detroit Symphony orchestra, and Paul Olefsky, Detroit Symphony Orchestra cellist.

MRS. FLOM PRESIDES

Mrs. Ruth Flom, Dean of Girls at Grosse Pointe High School, chaired a meeting on Family Relations and Mental Health at St. Mary's Lake on October 18. The High School is recognized throughout the state for its excellent course in Effective Living.

Daughter in Arabia

One of his favorite hunting companions has deserted him this season in favor of foreign travel. His daughter Jean is working in Dahrhan, Arabia, for an oil company and enjoying vacation trips to India and China this fall. She will be away several years but the Nymans have another daughter and son-in-law, Phyllis and Byron Graef nearby. The Graefes each got their bag of pheasants on opening day to uphold the family tradition.

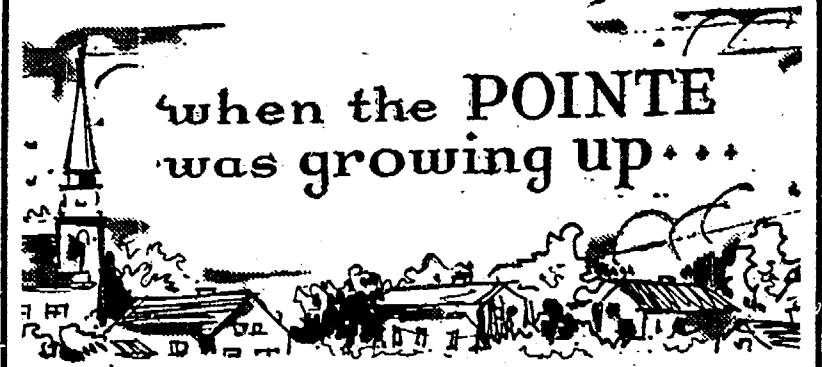

Mrs. Nyman doesn't hunt. Her role is in the kitchen and there is very little she doesn't know about cooking all kinds of game. Grouse is the Nymans favorite game menu. Naturally these are the hardest birds to shoot. For game gourmets here is her recipe. She shakes the cleaned birds in flour and browns them in half butter and shortening.

Then she transfers them to a covered casserole and bakes them in a 350 degree oven, basting them with the dripping for an hour. During the last 30 minutes of cooking she brushes the grouse with undiluted cream of mushroom soup. This dish is bound to satisfy the most exacting hunter.

Follows the Season

Usually Mr. Nyman saves his vacation days for the hunting season ranging as far South as Georgia for the quail shooting and as far north as Canada for wild geese, duck and deer. He has shot pheasant in the Dakotas but says that's no fun as the birds are so plentiful there is little skill or sport to getting a full bag. He believes the Michigan thumb is the best pheasant hunting of all. Last summer the Nymans, in Mrs. N's interest, took a leisurely tour through the Canadian Rockies, so Mr. Nyman will not be able to go on such distant game safaris this autumn.

When the deer season closes and winter settles down he will still be busy with his

At the turn of the century when the Rivard, Beaupre, Trombley and Chauvin lads wanted to dangle a fishing pole in the lake or take an August afternoon dip they had to trespass on the lake fronting property of the fast growing resort colony.

All the choice spots along the lake had been bought up by the great estate owners and the sons of the former French settlers had no place to swim, fish and sail.

During the years before 1910 several civic minded gentlemen decided that Grosse Pointe should have a public park for the enjoyment of all the residents. They had a fight on their hands.

The property owned by the Caugheys, the Rathbones and the Douglasses was considered ideal but these gentlemen were not going to relinquish their land without a fight. Finally the city fathers threatened to condemn the site and the bond issue was passed during the summer of 1910 to raise \$50,000 for the purchase and improvement of the land between Lakeland avenue and Rathbone place.

Although the battle for the first Pointe city municipal park had been a bitter one, only 105 of the 830 voters turned up at the poles to endorse the bond issue by a 81 to 24 vote.

The pavillon that still stands at the park was built soon after the sale date, as were two frame locker rooms which had facilities for ten swimmers to change.

From 1915 until 1930 the Park paid off to the local citizenry with the biggest July 4 jamboree for miles around. Over 2,000 attended the Independence Day fireworks, parade, dancing and band concert. The flag raising ceremony was particularly impressive in those years right after World War I when old fashioned sentiment was popular patriotism.

The giant picnics finally were given up because they cost the city government, which was then Grosse Pointe Village, too much money.

The original owners of the park property had stipulated at the sale that two provisions must be maintained. No alcoholic beverages could be brought to the park and no driveway could be built to the lakefront. The latter provision has been rescinded recently.

Today these pioneers for the Pointe's first recreational area are honored with an inscription in the park grounds and signed by the first trustees. Daniel T. Crowley, William Diegel, Fred J. Locke, Julius Neff, Louis Julien, John P. Cronin, John H. Kies and Fred J. Baker.
