of the WEEK

As Compiled by the Grosse Pointe News

Thursday, November 21
A FREAKISH WINDSTORM ripped through Detroit's East Side at 6 p.m. yesterday, killing one man, injuring 20, and severely damaging three Chrysler Corp. plants and several homes and business establishments.

Centers of destruction were at the Dodge crankshaft, spring and axle plant and foundry at Lynch road, at City Airport a mile away, and at Van Dyke and Morgan. And yet, residents as near as three blocks from the trouble-areas were unaware of the storm.

The Weather Bureau at City Airport said its instruments registered winds no higher than 32 miles an hour, but it estimated the velocity of the force that hit the three areas as being "in excess of 60 miles an hour."

THE PENNANT-HUNGRY TIGERS, starved for a World Series since their last in 1945, are "shooting for the moon in 1958." This is the way John McHale, starting his first full season as general manager, explained the massive 13-player trade with the Kansas City Athletics—biggest deal in local baseball history.

Leaving the Tigers are outfielders Bill Tuttle and ex-pony baby Jim Small, catcher Frank House, and pitchers Duke Maas and John Tsitouris—plus two minor league players, to be named later.

THE 51-YEAR-OLD BACHELOR farmer who admitted in two days of questioning at Wisconsin State's Crime Laboratory that he killed two women and looted graves for the bodies of at least nine more, faces a murder arraignment and sanity hearing "as soon as possible."

SENATE RED PROBERS said Thursday convicted atom spy, David Greenglass, revealed in a prison interview that Julius Rosenberg carried earth satellite, atom-powered airplane and anti-missile secrets to the Russians shortly after World War II.

Greenglass is a prisoner in the Federal Penitentiary at Lewisburg, Pa., where Robert Morris, of the Senate Internal Security Subcommittee, interviewed him, before flying to Philadelphia for more hearings.

At the Philadelphia hearing a former Soviet Army officer testified that Russians kidnaped some 2,000 German scientists between 1944 and 1947. They included missile scientists and experts in electronics and chemicals.

A NATION TROUBLED by fear that it is falling behind in the deadly race for scientific achievement, heard words of advice Thursday from top educators and scientists.

The experts, assembled in Detroit for the Thomas A. Edison Foundation Institute, agreed on one point: The United States doesn't have enough scientists and our schools are not turning them out fast enough.

TEAMSTERS UNION President Dave Beck warned of possible organizational warfare with the AFL-CIO as the Teamsters' 25 general organizers and heads of the union's national trade divisions assembled Thursday for an intra-union conference.

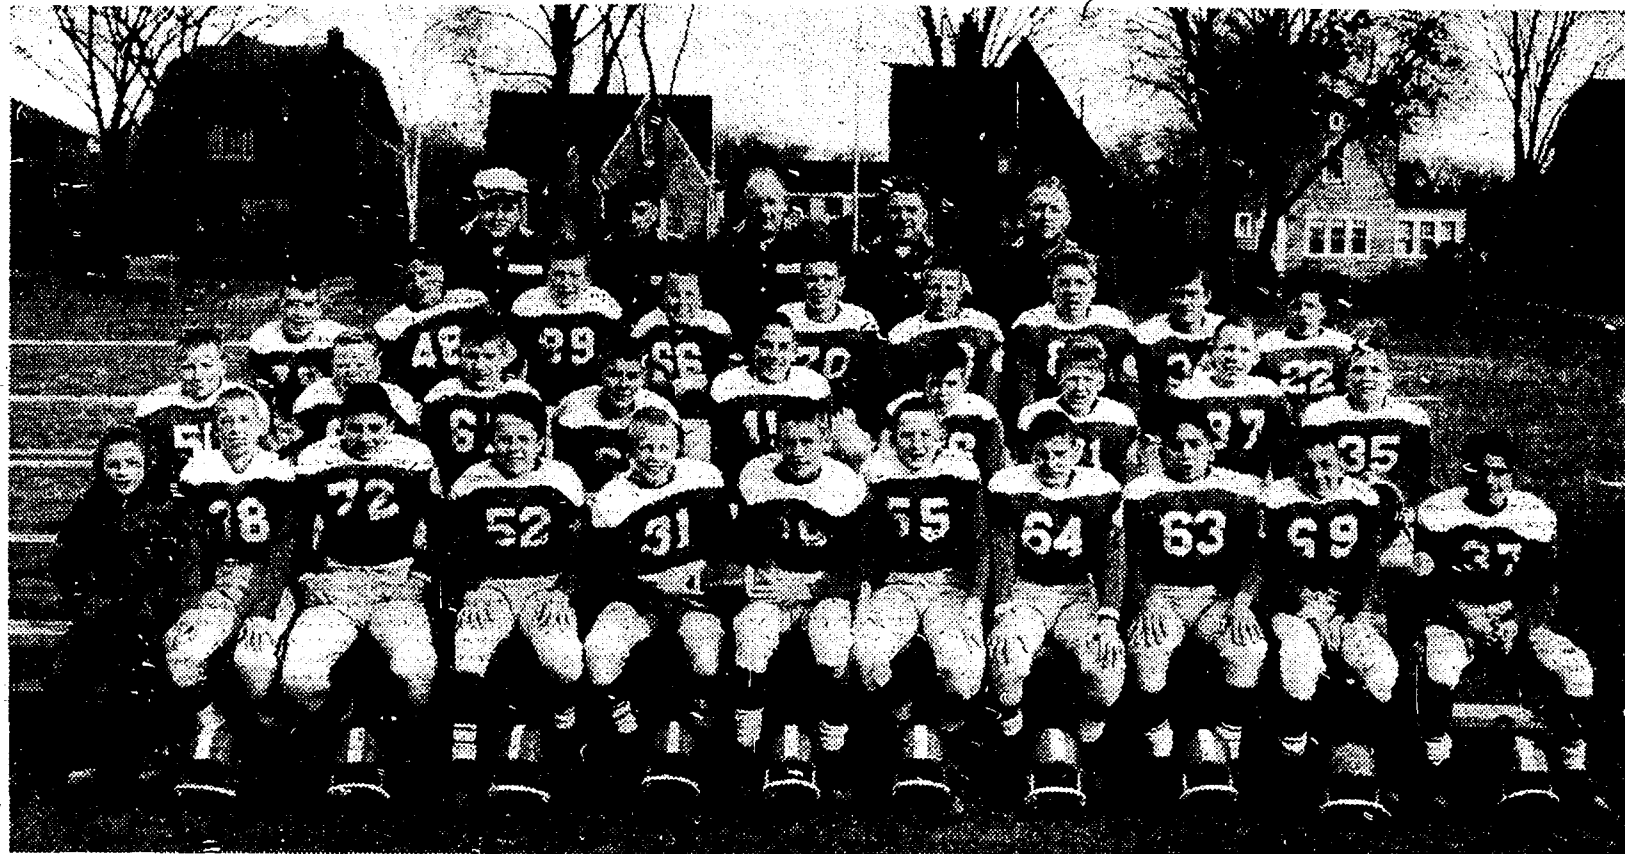

Beck was slated to retire as Teamster president October 15, but is continuing in office as a result of a U. S. District Court order obtained by 13 rank-and-file union members from New York barring president-elect James R. Hoffa, of Detroit, from the post.

Parking Lot Fight Aired In GP Park

Residents Opposing Plans of Adam-Simms Auto Agency to Utilize Off-Street Area

The Park Council will render a decision, at its next regular meeting on December 9, on whether the Adam-Simms Ford Agency will be permitted to construct an off-street parking lot adjacent to the agency at Nottingham and Jefferson.

A group of residents of the area attended a recent meeting to protest the proposed construction and again appeared in force on Monday, November 25, to present a 12-page, 180-name petition opposing the lot.

The petition was circulated through Nottingham, Somerset, Beaconsfield, St. Paul and Jefferson.

Sends Council Letter
Joseph Matte of 1010 Nottingham, who appeared to be the spokesman for the residents, expressed opposition in a letter to the council.

At the meeting, Matte said that the residents were eager to sign their names to the petitions, and said that the lot would only benefit the agency, not the neighborhood, and construction of the lot would be detrimental to the area.

The Adams-Simms Agency has been seeking the building of a lot on property it owns on the west side of Nottingham, which is zoned as residential, for the parking of employees and customers' cars.

The residents cited a number of reasons for their opposition. (Continued on Page 2)

Women Set to March Tuesday to Wage Battle On Muscular Dystrophy

Pointe Residents Urged to Leave Porch Lights Burning; Mrs. Arthur L. Brisson Is Again Chairman

All residents are urged to leave their porch lights on Tuesday evening December 3, from 7-9 in connection with this year's annual Muscular Dystrophy Drive. Workers are asked to make their returns on the drive to the Fire Hall located at 17145 Maumee avenue, immediately after.

Leading the drive as chairman again for the second consecutive year is Mrs. Arthur L. Brisson of 741 University place, while Mrs. Robert G. Trombley of 839 Rivard, and Mr. Vincent Leach of 115 Meadow lane will act as co-chairman and assistant respectively.

Area Leaders Listed
Assisting in the city as area leaders are, Mrs. Robert Durant, Mrs. Jane Pratt, Mrs. H. Leach, Mrs. Joseph L. Hudson, Mrs. John Montgomery, Mrs. P. Gibbs, Mrs. Irene Woleban, Mrs. Thelma Fraser, Mrs. Parker T. Stough, Mrs. Harry McNeff, and Mrs. Cletis Lemen. Area workers include Mrs. R. Booser, Mrs. Leonard Massey, Mr. C. W. Smith, Mrs. Margaret Groschner, Mrs. Edith Starnes, Mrs. Bertha Corden, Mrs. Moate, Mrs. John Fraick, Mrs. Charles Whitney, Mrs. K. R. Kimmel, Mrs. F. Wilson, Mrs. E. Rogers, Mrs. G. Dewey, Mrs. Dorothy Rowley, Mrs. W. Schmitt, Mrs. W. Lapham, Mrs. G. Lott, Mrs. J. Sorge, Mrs. A. Parent, Mrs. W. Armstrong, Miss M. Johns, Miss R. Johns, Mrs. O. Denomme, Mrs. A. Jehle, Mrs. A. Manardo, Mrs. A. Bolden, Mrs. E. R. Little, Mrs. W. Meyer, Mrs. P. D'Hooghe, Mrs. M. Beatty, Mrs. Foster Mauck and Mrs. Robert Seeber.

Anyone wishing to mail their contributions can send them directly to Mrs. Brisson.

Tuesday will be a red letter day for more than 250 victims of Muscular Dystrophy in the Metropolitan area. Close to 20,000 volunteers will be marching door to door to pick up contributions to help in the fight against MD.

The final answer to the cause and cure will come only through scientific advances. Seventy-five per cent of every dollar collected during the House to House March helps to support more than 100 projects on various aspects of Muscular Dystrophy which are now under way in 50 scientific centers throughout the United States.

The year 1957 will see the start of construction of the most significant project we have yet undertaken, the Institute of Muscle Disease. Adjacent to the New York Hospital—Cornell Medical Center in New York City, it is expected to be completed in 1958.

It will be a base for sustained, original research into the origins of muscular dystrophy and other muscular disorders afflicting from three to five million victims. An important function of the new (Continued on Page 2)

Chorus Set For Concert December 8

Traditional Reception Will Follow Event to be Held in Parcels School at 3:30

When the Grosse Pointe Community Chorus presents its Fifth Annual Christmas Concert on Sunday, December 8, the music will be only one of the results of the labors of chorus members. The program will be given at 3:30 in the afternoon in the auditorium of the Parcels Junior High School, Vernier and Mack, and will be followed by the now traditional reception. (Continued on Page 2)

Intruder Pushes Wrong Button

Sometimes it pays to have a button-controlled garage door, especially when an intruder mistakes the button for the house chimes.

Mrs. Dolph May of 805 Balfour was home alone on Monday, November 18. There were very few lights on in the house, and the garage door was open, and the family car gone.

The woman heard the front door bell ring, but delayed in answering. As she walked toward the door to see who was there, she heard a noise in the garage which adjoins the house, and went to investigate.

She looked through the glass of the back door and saw the garage door closing, and a man running from the premises.

Park Police Chief Arthur Louwers said he believed the man was a would-be burglar, who was using a common trick, that of ringing door bells to see if any one is at home before breaking in.

He said sometimes persons intending to break into a home, ring both front and side, or rear door bells, then wait nearby, and if no one answers, feels it is safe to break into the house.

The chief said that in the case of the May residence, he believed the man who fled, rang the front bell, and then seeing no car in the garage, assumed no one was home, but decided to ring the rear bell, or what he thought was the bell button, to make sure.

Instead of pushing the button for the bell, the chief said, the man touched the button which electrically controlled the garage door, and the noise of the closing door frightened him away.

Reveals Fantastic Tale of Burglaries On Friendly Visit

Goes to Police Station to Inquire About Pal and Ends Up Relating Crimes That May Total As High as 150

Leroy G. Johnson, 19, of 4494 Montclair, went to the Woods police station on Tuesday, November 19, just to find out what happened to a friend of his, and was held for investigation of breaking and entering at a Woods bakery.

Johnson was held because the car he was driving was observed by Woods Patrolman Richard Priezt, in front of the bakery at about the time the burglary had taken place.

On Sunday, November 17, John J. Augustine of 736 Hollywood, owner of the Augustine Bakery, 21015 Mack reported that sometime between 6 p.m. Saturday, November 16, and 2 p.m. the following day, someone had broken into his place and had stolen more than \$300.

Glass Door Broken
Sgt. Walter O'Dell and Det. Leroy Tobian said that entrance into the store had been gained by smashing the glass of a rear door with a broken piece of concrete.

Johnson, on the Tuesday date, walked into the Woods station to inquire about a friend being held by Macomb County authorities.

When questioned about his car, the youth said he had been driving it the night of the burglary and had left it on Hampton, on the north side of the street.

When Patrolman Priezt cruised by, Johnson said he jumped into the car and left without turning on his lights, and headed toward Harper avenue. As he reached Helen road, he turned on the car lights, and continued on to Harper.

Johnson claimed that the car belonged to the friend being held in Macomb County. O'Dell and Tobian said Johnson bought the car from his friend, and kept the vehicle under his friend's name. They said the youth claimed he parked the car on Hampton while he made a phone call.

Robbed Cash Register
The detective team said Johnson drove to the bakery alone, broke the back door glass, and reached in to open the door. He then went to the cash register on the showcase, and took the money.

Johnson admitted the theft and also stated that after he took the money he went home.

He also admitted to 18 burglaries, including the one in the Woods. He said he committed a burglary in Detroit, and several in Warren, Roseville and East Detroit.

Johnson told the detectives he put the bakery money in a box and hid it under a next door neighbor's porch, where it was recovered.

O'Dell and Tobian said a warrant has been issued against Johnson charging him with breaking and entering a business establishment in the night time, and that a date will be set for his appearance before the court. (Continued on Page 3)

Kids to Play Team From New Jersey

Midget Gridders to Meet on Grosse Pointe High Field in Double Header

The biggest day of the year for Grosse Pointes' midget gridders will be Saturday, November 30, when the first annual Auto Bowl game will be played on the Grosse Pointe High gridiron. The kickoff for the first game of the double-header program will be 1 p.m.

The hopes of thousands of Grosse Pointers who have supported the midgets will be riding on the sturdy shoulders of the mighty 100-pounders who take on the New Jersey All-Stars in the first inter-sectional clash of little footballers to be played in this area.

Jersey Team Coming

From Vineland, N. J., comes a team of all-stars selected from eight teams of that area. Vineland Coach George Travis promises the 25 boys he is bringing into battle represent the finest his town can field.

"I want the best possible out there," he said, "and we're going to have it. We're using our biggest, most experienced boys."

Actually, there won't be much to choose from the standpoint of size. All players will be 9 to 12 in age and cannot weigh more than 120 pounds with full equipment, excepting helmet.

The Grosse Pointe Blues, who will face the Vinelanders in the second game of the twin bill, are comprised of the squads of the Rams and the Lions, who dominated the midget football scene hereabouts this season. Kickoff is at 2:15 p.m.

In the first game, the Grosse Pointe Farms Packers will meet the Grosse Pointe Grays.

Hope for Good Weather
Supporters of the program were hoping for weather as warm as their enthusiasm to preclude the possibility of slippery going on frozen turf.

Veteran fans who have followed the midget football campaigns this fall express amazement at the solid grounding in fundamentals shown by the youngsters and the precision with which they execute plays. Intricate ball handling is common; sharp tackling and blocking is the rule.

The high standard of play is characteristic of the progress made by Grosse Pointe Little Football, Inc., sponsors of the program, since its inception four years ago. The first year, 56 boys were awarded letters; the following year the number jumped to 89. Last year there were 141 letter winners and this year there are 321.

Three Squads Supported
Three Grosse Pointe communities, the Park, City and Farms, support squads. Each has a varsity, a Junior Varsity, and a Freshman team. The boys are fully equipped, learn their football under volunteer coaches and play their games under the supervision of qualified officials.

Donations of time, money and effort by the parents and other interested adults make the program possible.

There's an all-out movement on the part of the teams' backers to make the Auto Bowl a suitable climax to this and future seasons. Large industrial firms, retail businesses, and just plain interested Grosse Pointe residents are all lending a hand. Advance ticket sales are being handled by the Rotary Club of Grosse Pointe and various business establishments.

The 25 boys from New Jersey and the ten chaperons arrived at Willow Run airport on Tuesday, November 26. They were brought to Grosse Pointe in special buses and lodged in the homes of Grosse Pointers. Wednesday, November 27, both squads were guests of Plymouth division for a plant tour and luncheon.

To See Pros Play
On Thanksgiving Day, the Midgets planned to attend the Toy Parade and then be guests at the Detroit-Green Bay game at Briggs stadium. On Friday, (Continued on Page 2)

Poor Parking Is Undoing Of Pornography Peddler

Illegal parking tripped up a Woods merchant who, for the second time in more than a year, has been charged by Woods police with possession of obscene films and literature. Accused is Theodore R. Wichman, 57, of 1423 Berkshire, proprietor of the Empire Gift and Camera Shop, Mack and Hampton.

According to a police report, Sgt. Roland Symons and Patrolman Jack Mast were patrolling Mack avenue about 6 a.m., Friday, November 22, when they observed a car parked about three feet away from the curb, in front of the shop. They decided this might bear investigation.

While checking the car, the officers saw a suitcase on the back seat. At the same time, they saw Wichman leaving his shop and approaching the car. Under questioning, Wichman told the policemen, he was the owner of the vehicle. He was taken to the station where the suitcase was checked and the obscene material found. Authorities confiscated 16 reels of 16 mm films and pornographic literature and materials.

Wichman was arraigned for a hearing before Woods Judge Don Goodrow on Saturday, November 23, and then released to his attorney, pending a court appearance on December 7.

At the time of his arrest, Wichman was on probation. (Continued on Page 2)

ber of abuses by the employees of the agency, including "the uncleanness of the lot."
The firm has promised a better maintenance of the property, and that if the construction is permitted, it would create a buffer strip, between the lot and the adjacent residence, and that this strip would be landscaped and beautified.

Residents Opposed
Matte, however, told the council that the residents did not want the lot, regardless of how the agency maintained the

property, and asked the council members to favor the residents' petition and not grant the permit.
Mayor Kenneth Cunningham said that a 30-day grace period, granted by the council, so that the residents and the agency official could discuss the situation and try to arrive at a solution, was not up.

He added that the council will come to a decision on the matter on December 9, since it appears both parties have not reached an agreement and are not likely to.

The mayor pointed out that if the permit for the construction is granted, the agency will have to obtain a parking lot permit, which must be renewed each year. If the property is not maintained properly, a renewal permit will not be granted.

Even in the face of this, the residents held steadfast in their opposition.

They said the boy also had four more mirrors on his person.

The policemen then checked Pongraz's car, which was in the lot, and found a duffel bag containing a loud speaker stolen from the Bel-Air Drive-In Theater in Eight Mile road, where he had been earlier, and 20 more mirrors.

Other Boy Released
On the way to the station, the police were hailed by another boy, who said he was with Pongraz when the mirrors were taken. He was also taken to the station, but later released when he proved he had not taken any of the items.

Pongraz was held for further investigation. When asked why he had done what he did, Pongraz answered, "Just for something to do." O'Dell and Tobian said.

If the warrant is granted, the youth will appear before Woods Judge Don Goodrow as soon as a date is set. Pongraz was released to his parents pending further action.

Concert Set for Dec. 8

(Continued from Page 1)
honoring the conductor, soloists and other members of the chorus, in the school gymnasium.

Members of the board of directors governing the chorus and the many details of presenting a concert, have been at work since September. They are:—Ed. Tisdale, president; King Clifford, vice-president and concert chairman; Sue Hughes, secretary; Bill Gellerman, treasurer; Naomi Donaldson, membership chairman; Marjorie Adams, librarian; Anne Campbell, publicity; Shirley Purcell, reception hostess.

Other Board Members
Other members of the board are Martha Boyer, music committee; Bob Sutton, assistant concert chairman; Dorothy Kuhl, Dolly Sherwood, Ed Sherwood, Emily Swartz, Henry Swartz and Pat Simmons.

In charge of organizing program details is Webster B. Knight, Jr., and Shirley Olson, art teacher in the Grosse Pointe public schools, has designed the lovely program cover, a picture of the Christ Child in the Manger, surrounded by Christmas greens.

Clifford Kuhl, although not a member of the chorus, has, for several years, aided the chorus in ticket sales and promotion, and is serving in that capacity again this year.

Once again, the young people of Grosse Pointe will be assisting the chorus and, in turn, the audience. Members of the Grosse Pointe High School "Y" Teens will usher for the concert, while Girl Scout Troop 377 will assist Shirley Purcell in the gymnasium for the reception.

Simmons To Conduct
The conductor of the chorus, Donald W. Simmons, is also

vocal music teacher at the Parcels Junior High School and directs the youth choir at the Grosse Pointe Congregational Church. This will be Mr. Simmons' first appearance with the chorus as conductor, although he has sung with the group in the past and, with his wife, has served on the board of directors.
The group is accompanied by Milton Setzer, who is on the staff of Wayne State University. Mr. Setzer has been with the chorus for several years in addition to teaching piano privately and has done considerable concertizing, both as soloist and accompanist.

Assisting at the organ on some numbers and presenting a prelude to the concert, will be Kenneth Cook, organist at the Grosse Pointe Methodist Church. Mr. Cook is on the staff of the Grosse Pointe High School.

Kalembert To Help
Other instrumental accomplishments and effects will be done by Dewey Kalembert, instrumental teacher at the Grosse Pointe High School and formerly a member of the chorus.

Program particulars and soloists will be given in next week's Grosse Pointe News. Admission to the concert is \$1 for adults and 50 cents for students. Tickets are on sale at the Grosse Pointe Book Store, 19549 Mack avenue, or may be obtained from members of the chorus, or by calling TU. 4-5964.

TO PAY PAVING BILL
The Park council approved the payment of \$27,113.78 to the Ward and Van Nuck Contracting company on Monday, November 25, for the recently completed resurfacing of Lakepointe and Nottingham from Jefferson to Windmill Pointe drive.

which stemmed from a similar charge for which he was arrested on August 2, 1956.

Prior to the first arrest, police had been keeping Wichman's establishment under surveillance for two months, when it came to their attention that the merchant had been selling obscene films and still pictures and that he was taking pictures of young local girls in the nude.

When police moved in for the search and arrest, at the time, they confiscated 93 reels of 16 mm film and a number of still pictures and literature from Wichman's shop.
On October 8, 1956, Wichman was found guilty as charged by Judge Goodrow, who imposed a fine of \$100, and court costs of \$100 against the man, and placed him on probation for two years.

Cadillac

A Masterpiece... Even by Cadillac Standards!

The Cadillac car for 1958 is, clearly, a masterpiece in all the things that make a Cadillac... a Cadillac!

Certainly, it has had no adequate precedent insofar as beauty and majesty are concerned. In its graceful symmetry of line, in its tasteful use of chrome and color, and in its remarkable look of stature and substance, it is in a class all of its own.

Unquestionably, it is without counterpart by the way of interior elegance. Never before have Fleetwood coachcrafters combined such graciousness and luxury in a single interior design.

And, most assuredly, it has set its own pace in modern motor car performance. Its dynamic new engine, its more responsive transmission, its improved power steering and its new air suspension, now available as an extra-cost option, are simply a revelation.

In the way it looks, in the way it rides, and in the way it drives—this is Cadillac's finest!

We earnestly hope that you will take the time to investigate all three aspects of this magnificent new Cadillac very soon.

Your Cadillac dealer will be delighted to give you full details on Cadillac's twelve new models, including the incomparable Eldorado Brougham. You will be most welcome at any time.

Woods Judge Hears 14 Cases

Fourteen persons appeared before Woods Judge Don Goodrow on Saturday, November 16, of which 12 were fined and two given suspended sentences for traffic violations.

Clarice L. Bierlein of 13835 Linhurst, Detroit, was found guilty of speeding and paid a fine of \$10.

The Judge also levied \$10 fines against the following for the named offenses: Arthur M. Keyes of 473 Manor road, noisy muffler; Brian Van Mols of 822 St. Clair, speeding; James E. Cooper of 23017 Gu-

kier, St. Clair Shores, speeding; Nicholas Cristofori of 19645 Twelve Mile road, Roseville, no driver's license on person; George D. Heckendorn of 1010 Roslyn, speeding; William R. Ross of 169 M o r o s s street, Mt. Clemens, car not under control and causing an accident; and Jere J. Callahan of 20 Lochmoor boulevard, for speeding on Lake Shore.

Robert Boulis of 3479 Charlevoix, Detroit, was fined \$15 for speeding.

It cost John E. Graves a fine of \$5 for not having his car under control and causing an accident.

A similar fine levied against August A. Cobus of 28551 Kelly, Roseville, charged with the same type offense.

Raymond Assessor, Jr., of 1907 Lancaster, paid \$7.50 for not having her car under control and causing an accident.

Given suspended sentences were Fanny Valent of 13723 Blossom lane, found guilty of not having her car under control and causing an accident; and Mary Anne Rejcek of 1982 Littlestone, who was found guilty of entering an intersection with due care and caution and causing an accident.

Christmas creates an annual aura of enchantment and joy. Here we see Grosse Pointe's central shopping street transformed, as if by magic, into a winter wonderland scene—highlighted by those very special symbols of the Yuletide season.

The inevitable Santa, in his colorful carriage driven by a team of prancing ponies... a cathedral-size tree, heavily laden with pretty packages... and something new: the house of Santa Claus, a symphony of pink and white.

Noel! Noel!... here the true joy of the Christmas season is experienced by Pointers of all ages as they partake of the special shopping privileges offered by the proprietors of Kercheval avenue. Unexcelled are their wondrous wares, festive decorations... and the

friendliness of this fraternity of local merchants.

Some of the magic of this golden shopping district is caught in the lovely drawing above, done by Miss Rachel, a young Detroit artist who studied at the Cranbrook Academy of Art.

From Cadieux road, in the village, to Hall place, on the Hill, there are over 100 stores serving Pointe shoppers, offering an infinite variety of merchandise. Gift shops, cosmetic stores, and such leading fashion concerns as Healy's, Best's, Irving's, Himelhoch's, Jacobson's, Walton-Pierce, the Village Store, Peter Pan, Young Clothes—plus many other fine shops for men, women, and children are conveniently located on this, our Christmas Street—Kercheval avenue.

Shores Sergeant Gets Another Diploma

George LaForest, Grosse Pointe Shores police sergeant, has a new "diploma."

Fourteen police sergeants and lieutenants from Michigan communities were graduated from the Command Police Officers Course at Michigan State University November 22.

The course, which began November 18, is one of many

presented throughout the year for law enforcement groups by the M.S.U. School of Police Administration and Public Safety and allied outside groups.

Latest information on the supervision and direction of police operations was given by M.S.U. specialists and several "guest-professors" from

Michigan communities.

In addition to Grosse Pointe, the graduates were enrolled from Ferndale, Jackson, Oak Park, Flint, St. Clair Shores, Huntington Woods and Howell.

Generally the man who claims to be self-made had a wife who superintended the job.

CHAMBER MUSIC CONCERT

The Chamber Music Society of Detroit will open its 14th consecutive season with an outstanding event on Monday evening, December 2, at 8:30, in the Lecture Hall of the Detroit Institute of Arts.

Bakery Burglar Bagged

(Continued from Page 1) fore Woods Judge Don Goodrow.

Detroit Police Arrive

On Monday, November 25, a Detroit detective team, Lt. Philip Van Antwerp and Sgt. Edwin Carlson, both of Precinct 5 (McLellan Station, McLellan and Armit) arrived at the Woods station to question Johnson.

Together with O'Dell and Tobian, the Detroit officers began a series of questions, which gradually uncovered a fantastic number of burglaries over a period of time.

John ran the string of breakings and enterings from 18 to 43, then to 49, and at the last count, 62, all of which took place in Detroit, the Woods, Clawson, Troy Township, Eaton Rapids, Centerline, St. Clair Shores, Warren and Mt. Clemens.

The officers believe the number of burglaries might reach as high as 150 or more.

They said that Johnson implicated his friend in the Macomb County Jail, Harry

Schrade, 29, of 21924 Firwood, and Schrade's wife, Shirley, 22, who did most of the driving during the crime spree.

The trio specialized in burglarizing restaurants, bakeries and bowling alleys, it was said.

Schrade, a parolee, was arrested by his parole officer, for having two cars in his name, a violation of his parole. One condition of the parole stipulates that he should have only one car, whereas, he has two, one he was driving and the other allegedly sold to Johnson.

Schrade and his wife, waived examination in Mt. Clemens and a date will be set for their court appearance.

Police officers from all the cities in which burglaries took place, were to have gone to Mt. Clemens on Wednesday, November 27, to question the Schrades. State police were also to be present.

Johnson was also to have been arraigned for examination before Judge Goodrow on Wednesday.

Prizes Awarded for Helping Beautify Pointe

The Men's Garden Club of Grosse Pointe held an award night on Thursday, November 21, at the War Memorial Center. Representatives of the various institutions or municipalities getting the awards are pictured left to right, with Thomas Robitaille, club president; Frank Duffy, Kerby School;

John Huetteman, Grosse Pointe Shores, John Elder, Grosse Pointe Public Library; Mayor William F. Connolly, Grosse Pointe Farms; and Leon Sarrazin, Bon Secours Hospital. The plaques being proudly exhibited represent four-time winners in the annual contest.

Police Nab Man Beating Woman

While cruising north on Lake Shore road Saturday, November 23, Shores Patrolman Frank Mutazza noticed a car parked about five feet from the curb at Lake Shore and Deep-lands and stopped to investigate.

Inside the parked car Matazza saw a man, later identified as Henry C. Pickett of 8794 Cardoni, Detroit, striking a female passenger, Tommie Henderson of 1016 Montcalm, also of Detroit.

Miss Henderson was bleeding quite badly over her right eye, so a call was put into the Shores station, and Patrolman Don Jacobs arrived at the scene and took Miss Henderson to the Saratoga Hospital, where four stitches were needed to close her wound.

Pickett was taken to the station and charged with being disorderly. His hearing comes up December 16.

Kerby P.T.A. To Meet Dec. 2

The Kerby Parent-Teacher Association will hold its second meeting of the school year on Monday evening, December 2. All classrooms will be open for parent-teacher visitation from 7:30 p.m. to 8 p.m.

The general meeting will be held between 8 p.m. and 9 p.m. Paul Mawhinney, Director of Pupil Personnel in the Grosse Pointe Public Schools, will be moderator of a symposium composed of Mrs. Blanche Keegen, remedial reading teacher; William Rioux, visiting teacher; and Miss Roselynn Yaggee.

A social hour for parents and teachers will be held in the gymnasium following the general meeting. Mrs. William Briscoe and Mrs. Wray Donaldson, social committee co-chairmen, have appointed Mrs. Elmer Jennings to arrange for table decorations.

Mrs. George Bartle, Mrs. Edward Batchelor, Mrs. John Chandler, Mrs. Harry Carson, Mrs. John Caulkins, Mrs. John Lehman, Mrs. Ross Stenhouse, and Mrs. Calvin Stoddard will serve refreshments during the social hour.

All members of the social committee are, or will be, den mothers at Kerby School.

Dinner to Honor Samuel H. Olsen

The chiefs of police of Wayne county are sponsoring a Law Enforcement Testimonial dinner, to be held Wednesday evening, December 11, at the Latin Quarter. Wayne County Prosecutor Samuel H. Olsen will be the guest of honor.

John S. Bugas, vice-president industrial relations and group vice-president of the Ford Motor Company, will be the principal speaker. Supreme Court Justice George Edwards will be toastmaster and Mayor Louis C. Miriani of Detroit will extend greetings.

Prosecutor Olsen is expected to deliver a report on law enforcement and tell how crime prevention can be attained by the co-operation of all citizens of the Metropolitan area.

John Mazer, commissioner of public safety of the City of Grosse Pointe is chairman for the dinner. The police chiefs of all five Pointes are among the sponsors. Governor Williams is honorary chairman.

The public is invited and tickets are \$15 per person. Checks should be made payable to the Samuel H. Olsen Testimonial Committee and mailed to 17145 Maumee avenue, Grosse Pointe 30. Early reservations are urged.

Shores Traffic Violators Pay

Thomas L. Baro of 1427 Harvard road, failed to appear in the court of Shores Judge John Gillis on Monday, November 18, and forfeited a \$25 bond.

The judge found Tom LaHood guilty of violating Ordinance 80, building without a construction permit, but dismissed the case when the matter was rectified.

Edith M. Merucci of 5141 Rohms, Detroit, apprehended while driving on Lake Shore road, failed to come to court to answer for never having acquired a driver's license. A warrant was issued for her arrest.

James W. Robinson of 6889 West Maple road, Walled Lake, paid a fine and court costs of \$17.50 for speeding on Vernier road.

Robert McCullough of 23210 Edsel Ford court, St. Clair Shores, failed to appear on a charge of speeding on Lake Shore and forfeited a bond of \$24.50.

Robert L. Curlie of 1302 Beaconsfield, paid a fine of \$25 after being found guilty of speeding on Lake Shore.

Sigmund Kaminski of 7547 Seminole, Detroit, did not show up for speeding on Lake Shore and a warrant was issued against him.

Scholarships Still Open at High School

By MARGIE REINS, Journalism Student
It isn't too late!
"There is still time for Grosse Pointe High School students who are interested in scholarships to be considered," said Mrs. Ruth Flom, scholarship chairman.

Last year the Mothers' Club of the High School awarded \$4,200 in financial grants to seven students, on the basis of need and ability.

"In addition to the Mothers' Club grants and scholarships given by all colleges and universities, there are several local scholarships which should be considered," Mrs. Flom emphasized.

The William G. Schmidt Memorial Scholarship of the Kiwanis Club of Grosse Pointe awarded \$500 last year.

The Chet Sampson Scholarship consists of \$500 a year for two years and is awarded to a member of each graduating class—January and June.

The Grosse Pointe Woman's Club Achievement Award is \$300. It goes to the graduating senior who is highest ranking in scholarship, leadership, service, and achievement on the National Honor Society lists. Students in the January class as well as the June class are considered for this award which is made in June.

\$300 a year for four years, is awarded by Mr. Kenneth M. Lander of Grosse Pointe.

Grosse Pointe Lions' Club also awards a \$300 a year for four years.

Grosse Pointe Rotary Club awarded two \$400 grants last year.

All winners of scholarships will be announced at commencement, except for the Mothers' Club awards which are not publicized.

Students or parents of students interested in any type of scholarship should contact Mrs. Flom, "before it's too late."

Many people think they are entitled to a lot of credit for doing as they please. If we could see ourselves as others see us we just couldn't believe our eyes.

Family Swim Night Proposed

In response to requests for a Family Swimming Night, the Department of Community Services of the Grosse Pointe Public School System has made plans to organize such a group if additional residents of the community show sufficient interest.

Being aware that the opportunity to do things together as a family unit is appreciated by parents, it is felt that sharing an activity such as swimming would meet with the approval of many families as a most rewarding group experience.

There will be no instruction included in this group; however, a guard and assistant will be on duty at the pool in addition to attendants in the locker rooms. The proposed activity is scheduled to meet at Pierce Junior High

School with the starting date to be determined by the response to this offering. Enrollment will be closed when the required number of persons has been registered.

The base registration fee will be \$6.00, plus an additional fee of \$2.00 for each child registered.

For reservations, call the Department of Community Services at TUxedo 5-3808 or TUxedo 5-0271.

Good Literature Council to Meet

The Grosse Pointe Council of Better Literature for Youth extends an invitation to persons interested in the welfare of youth to a meeting at the Central Library at Fisher and Kercheval avenues, Monday, December 2, at 8:15 p.m. to hear Benjamin Thompson.

Mr. Thompson is sociological research analyst for the Youth Division of the Michigan Corrections Department.

The function of the Youth Division is to keep youth out of trouble and help youth in trouble, by working with federal, state and local agencies in programs of crime prevention.

One of the contributing factors to juvenile delinquency is obscene literature as referred to in a recent speech by J. Edgar Hoover, "Parents and other guardians of the young must be aware of what is being read by those in their care. An aroused public is necessary—one that will not countenance the placing of this trash on public display."

Will McBride's Art Entered in Exhibit

Local talent is currently being represented in the Michigan Artists' Show, which will be exhibited at the Art Institute from November 17 to December 22.

From the 2010 original entries, only 228 canvasses were accepted for the show itself and two of these are the works of Will McBride.

CELEBRATING?

Runs Into Truck Owned by Boss

The way not to impress the boss was neatly executed by Early B. Gillan on Monday, November 18, when he drove into the rear of his employer's truck.

Fortunately for both, the truck was not damaged—but Gillan's car had to be towed from the scene of the accident, which was at the corner of Rivard and St. Paul.

Reason: no brakes! The beneficent boss, Frank Crachillo, of 19454 Eastwood, Harper Woods, did not press charges, nor was there cause for a ticket to be issued.

Santa To Get Early Letters

Mailing their letters to Santa Claus in Jacobson's Youth Center are the daughters of Mrs. Wayne E. Long, Linda and Lisette. The letters are flown, by a Northwest Orient airliner to the North Pole and answered by Santa; himself. Children are urged to write their letters early.

Masons Honor Eight Pointers

More than 30 Scottish Rite Masons from 11 Southeastern Michigan counties recently received 32nd degrees at ceremonies held in the Masonic Temple, Second and Temple.

The successful candidates included: Clarence A. Brown, Jr., of 19690 Kings court W.; Herbert W. Groening of 311 Merriweather; Gordon W. Long of 1829 Broadstone; Thomas MacDonald of 442 Lexington; H. Ford Moore of 2029 Manchester; George R. Reed of 720 Pemberton; R. Thomas Rousseau of 1861 Prestwick; and William T. Wilson of 949 Harcourt.

The 1957 fall class of degree candidates was honored at a reunion banquet attended by more than 1,500 Michigan Masons.

Principal speaker was former Supreme Court Justice George E. Bushnell, who announced Scottish Rite grants totaling \$109,480, for research projects seeking causes of mental illness. Two of the 27 projects covered by the grants are in Michigan.

Judge Bushnell is Sovereign Grand Commander of the Supreme Council, 33rd Degree, Scottish Rite Freemasonry, Northern Masonic Jurisdiction, which this year contributed a special \$125,000 fund; from which the grants were made under the direction of the National Association for Mental Health. The fund for 1958 research projects brings to \$1,335,000 the total Scottish Rite contributions for studying causes and treatment of schizophrenia, the nation's most prevalent mental cripple.

The two Michigan research projects receiving Masonic aid are at: Wayne State University, where \$5,000 went to Dr. J. S. Gottlieb, Director of the Lafayette Clinic and Professor of Psychiatry, and Dr. Charles E. Frohman, Director of the Lafayette Clinic's Biochemistry Laboratory, for their study of available energy in schizophrenics; and Hawthorn Center, Northville, where Dr. Ralph D. Rabinovitch received \$4,000 for his study of childhood schizophrenia.

Judge Bushnell described the grants as an example of Scottish Rite Masons fulfilling one of their most important present day obligations to society.

"We must be willing to do for others without regard to race or creed," he said. "Such charitable service to humanity is not confined to our own fellowship. We are meeting this responsibility in various ways."

"In addition to the relief of the needy and distressed, which is always our first responsibility, we have for almost a quarter of a century sought to relieve mankind from his greatest scourge. Those who suffer from mental illness occupy more hospital beds than those who suffer from all other ills of humanity. And of these, more than half the number of beds are occupied by schizophrenic patients."

The Grand Commander made special mention of the fact that the Supreme Council for the Northern Jurisdiction recently has been joined in its support of schizophrenia re-

search by the Supreme Councils for the Southern Jurisdiction and Canada.

In addition to their charitable responsibilities, he said, Masons today have two other important obligations:

"We strengthen each other in our hope of life everlasting by the development through drama and ritual of the attributes that build character in well-rounded men. With this we become better citizens of our community, state and nation and better fathers, sons and husbands in our family relations."

"We also emphasize and encourage each other in faith in Our Heavenly Father. The whole of Freemasonry," he added, "may be expressed in the statement that we believe in the Fatherhood of God and the brotherhood of man. The practice of this profession is the only way to peace in a world of suspicion and misunderstanding."

REAR END CRASH

As Thomas Reid, of 594 Pear Tree Lane, was driving east on Mack avenue last Thursday, he had to stop for the car ahead of him, which was pulling into a parking slot. The driver behind him, Peter J. Smedes, of 22107 Trombly, St. Clair Shores, was caught off guard and plowed into him. Smedes was given a ticket for reckless driving.

Park Awarded Safety Citation

Grosse Pointe Park city officials were presented with a Special Citation award on Monday, November 25, for pedestrian activities by the American Automobile Association at the city council meeting.

The award, won in the 18th annual AAA National Pedestrian Protection contest, was presented to Mayor Kenneth Cunningham by Joseph Zabelski, Automobile Club of Michigan safety education consultant.

Competing with 526 cities in the 10,000 to 25,000 population classification, Grosse Pointe Park ranked first for its accident records system. The city also ranked high up in the standings in the public information, school safety and engineering phases of the competition.

Police Chief Arthur Louwers was personally cited by Zabelski, on behalf of the AAA, for his pedestrian safety efforts.

Misses Purse In Beauty Salon

Farms police are investigating the loss or theft of a purse belonging to a customer of the Marie Bird Beauty Salon, 117 Kercheval.

Kathleen Geymann, 14, of 560 Ballantyne, told police that she was in the salon having her hair set, and had left her purse on a couch in the waiting room, with her school books. She said she missed the purse about 5:20 p.m., as she was leaving.

The girl said the purse contained \$8 in cash; a check made out to Marie Bird for the amount of \$17; a house key; and glass case containing her glasses.

New Coach Takes Over Blue Devil Reserves

COACH GEORGE VANDERWEYDEN, far right, demonstrates the one hand push shot to the Grosse Pointe Blue Devil reserve cage team as he takes over the duties of former reserve coach John Thursby, who will become head reserve basketball coach next spring. Coach Vanderweyden and his new team have an astounding record to shoot at which was compiled under Coach Thursby during his two years. The Thursby reserve cagers won 31 consecutive games in 32 starts while winning two "unofficial" BCL reserve cage titles.

Marines Want Toys for Kids

Greater Detroit Area Marine Corps Reservists will again conduct a "Toys for Tots" campaign this Christmas season, in cooperation with the Shell Oil Company and the neighborhood Shell dealers. Purpose of the campaign is to make sure all less fortunate children in the Greater Detroit area will receive gifts of toys at Christmas. The campaign will start December 2 and end December 14.

Although "Toys for Tots" is a nationwide campaign of the U. S. Marine Corps Reserve, with 269 Ground and Air Reserve units participating, each campaign is local in conception, scope and direction. This is the tenth year that this campaign has been conducted and it is hoped that this year's collection will top any of the previous years donations.

In the Greater Detroit area, toy collection will be conducted in this manner: Marked barrels will be located at neighborhood Shell Oil Stations in the suburban area for the convenience of donors. Toys will be picked up by Marine Reservists and taken to a central point for wrapping and turning over to a local welfare agency for distribution. Financial contributions CANNOT be accepted. The public is urged to donate only new toys or toys in good condition. All work is done by the Greater Detroit Area Reservists, voluntarily, therefore they do not have the time or facilities for repair work.

Film Night

(Continued from Page 1)

Tells a Christmas story about Anna and Dickie, who leave their hot chocolate for Santa Claus. He is so pleased that he leaves a beautiful doll and a live puppy for them.

THE HOLY LAND (11 minutes, color) Presents scenes of the typical geographic features of the Holy Land, historic ruins, religious buildings, and present-day people engaged in activities typical of life in Biblical times. Maps are used to indicate the four geographic subdivisions of the area and the various cities. The film then explains the relationship of these scenes in religious history.

The Public Library cordially invites residents of the five Pointes to be present to see this program. Family groups are especially invited, with school-age children welcome if accompanied by a parent or other responsible adult.

Hold Bazaar At All Saints

The women of All Saints Episcopal Church are planning a Christmas Bazaar for Wednesday from 10 until 10 o'clock.

Mrs. Howard M. Wheeler is general chairman of the fair, which will feature dolls, aprons, country store wares, white elephants, baked goods and a Philippine booth.

Mrs. G. Lincoln Gibson is assisting Mrs. Wheeler and serving as hostesses will be Mrs. Walter M. McGoogan, Mrs. Berton S. Levering, Mrs. Forbes Ross de Tamble and Mrs. Francis W. Castery, president of the women's group at the church.

A turkey and ham dinner will be served from 6 until 8 o'clock by the St. Catherine's Guild under the direction of Mrs. Alfred W. Barkley or Mrs. Arthur F. Trulson. A luncheon will also be offered to the shoppers.

TO SELL PAPERS

The Grosse Pointe Lions Club was granted permission by the Park Council on Monday, November 25, to sell Goodfellow newspapers in the city on December 16.

Southeastern Women To Have Holiday Tea

The Southeastern Woman's Club will give a Christmas Tea on Monday at 1:30 o'clock in the parlors of St. James Presbyterian Church.

On the program will be the Denby Senior Choir, Miss Isobel Miller, director, and Yule stories by a club member.

Artist to Give Painting Show

If you were one of the nearly 200 who had to be turned away from the Grosse Pointe War Memorial when Guy Palazzola drew such an unprecedented crowd in No- vember, you will be glad to know that the Center is en-gaging Mr. Palazzola to do a complete repeat performance Wednesday evening, December 4, at 8:15 p.m.

Again Mr. Palazzola will show and explain to you ex-actly how to go about painting a picture in oil. He will create a picture "before your very eyes." Nowhere else will you get so many fundamental tips from a nationally recognized artist in so short a time.

So that you will not be dis-appointed in getting a seat you are urged to pick up your free reserved seat tickets in advance at the Center.

New Swim Coach Checks In

PAUL WHEELER, Grosse Pointe High School's new swimming coach, checks in with co-captain CHARLES BABCOCK as the Blue Devils begin training for the 1957-58 season, which gets underway with a non-league meet against Birmingham in that school's pool December 3. Coach Wheeler formerly was assistant swim coach at Monroe High school for three years before coming to Grosse Pointe this fall.

Festival to Be Held By Royal Arch Masons

Pillar Chapter No. 181, Royal Arch Masons, will honor Past High Priest Walter J. Eichhorn, President of the District Deputies' Association of Michigan, at the first York Rite Festival in which the four Royal Arch Chapter and three Cryptic Rite Degrees have been conferred in a single day in this state. Eichhorn has served Masonry for thirty years in Michigan and is responsible for the formation of Pillar Chapter, Laurel, High Twelve and Harper Woods Lodges.

King Walter Hammer of 1647 Stanhope, Grosse Pointe 36, is in charge of ritualistic work and has arranged for special casts from Ionic Chapter, Jeremiah Council and Damascus Commandery to confer the ceremonial work Saturday, November 30, in Pillar Masonic Temple. Assembly is at 8 a.m.

Excellent High Priest George Suter of the host Chapter has arranged for continuous complimentary kitchen service from 9 a.m. until 9 p.m. All food being served by the wives of Pillar Chapter members.

Check Your Car For Winter Use

Michigan motorists will have approximately 1,816,000 car breakdowns, or half of the yearly total, during the next four months, Automobile Club of Michigan says. "Without special precautions, cold weather is the motorists' worst enemy," Robert C. Nisbet, Auto Club road service manager, stated. "Our tests show, however, that the modern car, given proper care, can go through the most severe winter without a single mechanical failure." Based on previous experience, Nisbet said "can't start" will account for 75 percent of motorists' complaints during the winter months with battery and electrical failure responsible for the great majority of the trouble. "Motorists should have all the safety devices and mechanical parts of their cars checked periodically," he stated but listed these three as the most important in keeping your car running dependably in cold weather.

1. Battery—Check for proper liquid level and strength, see that all cells are in good condition and that all connections are clean and tight.

2. Cooling system — Check for sufficient anti-freeze, see that all hoses are in good condition and connections are tight and that the fan belt is properly adjusted.

3. Ignition system — Have points, coil, condenser, spark plugs and ignition wires checked by a competent service man.

"If just these three checks are made and any weaknesses corrected, your chances of being delayed by car trouble this winter will be cut in half," he stated.

G.P.U.S. News Notes

The Grosse Pointe University School's dramatic group, which is called the Proscenium Society, sponsored a Talent Show from acts volunteered by the student body on November 21.

With Peter Boone as master of ceremonies, the students of grades seven through twelve saw these performances: 1) Karen Jocz, accompanied by Mr. Arner, sang "Smoke Gets in Your Eyes"; 2) Carroll Hie-

rsch, pianist, played a Chopin "Polonaise"; 3) The following 12th grade girls sang a song amiably heckling the 12th grade boys: Donna Woodruff, Lyn Hallett, Harriet Bradshaw, Cathie Devlin, Judy Weckler, and Susie Sisman; 4) Steve Norcott played a clarinet solo accompanied by the drums by John Evans and on the piano by Miss Perkins; 5) The 11th grade girls, with Robin Harris, Melinda Bryan, and Jane Peirce as the torch singers, assailed the 11th grade boys to the tune of "The Lady is a Tramp"; 6) Billy Wilson did a tap dance number; and 7) John Lambrecht did an Elvis Presley number, "The Jail House Rock," ably aided by Brian Ault, Peter Smith, John Evans, and Lance Gotfredson.

A "Meet the Press" panel in each of three separate English classes was arranged last week so that pupils could question a college professor familiar with all phases of young people's activities.

The visitor was Aaron Krasner of Wayne State University's School of Social Work. Professor Krasner has worked in summer camps, settlement houses, as a social worker with street gangs, as a youth counselor, and on Wayne State's Student-Faculty Council.

The panelists who questioned Krasner in the three groups were a) Jean Worley, Bill Rands, and Art Sempliner; b) Cindy Beeman, Sandy Coe, Irving Smokler, and Alice Gage; c) Betty Carpenter, Marc Shaye, and Polly Kammer.

Each father brought his child to school at 9 o'clock and really participated in the great variety of activities; finger-painting, clay, dough, soap painting. The mothers contributed donuts for "juice time" at the close of the morning. This will be the third Father's Day at the Nursery School, and the teachers hope the fathers enjoyed it as much as they did last year.

The question "Are there any more real cooks left?" can be

answered by the many recent culinary efforts of the nursery school children. They want to make things from the beginning, no ready-mix for them! One group decided to make vegetable soup so went to the grocery store with their list and chose a soup bone, cabbage, carrots, celery, onions and potatoes.

They prepared these vegetables by cutting them up with table knives and dropping them into the big soup pot. After hours of cooking they sampled their soup the following morning, commenting with pride, "What good cooks we are!" Another group after visiting the dairy, decided to make butter with whipping cream. Instead of the old butter churn, they used jars and loads of good energy, shaking

until the butter balls formed. On graham crackers this butter tasted delicious!

Cookies, pudding, birthday cupcakes, are all made with ling!

Careful measuring, stirring, tasting, smelling, touching and rolling. What fun it is to learn by exploring and experiment-

Nine times a year the following G.P.U.S. students go down to Detroit to hear a Friday afternoon symphony: Gay Bacon, Helen Blain, Marilyn Davis, Julia Ferry, Alice Gage, Elena Grossi, Helen Jinks, Sally Lewis, Pamela Macherson, Gladys Menge, Robyn Redfield, Sharon Sanders, John Siegmund, Marjorie Stockard, Sarah Strother, Suzy Tilley, Carolyn Van Zile, Julia Walbridge, and Constance Wendin.

To adorn her English room, Mrs. Frank Welchenbach received fresh wild flowers from North Rhodesia, Africa as a gift from Mr. and Mrs. John H. Barclay Lloyd.

Mr. Lloyd is a mining engineer in the copper belt. Fifty blooms of the flowers, which are called chinchinchee, were sent; they last six to eight weeks.

One of the most successful features of last week's successful Father and Son Banquet was the assistance rendered by the mothers of the players and by the faculty wives. These ladies, under the direction of Mrs. John Watts, set the tables in the afternoon and served as waitresses in the evening.

Upcoming events at G.P.U.S. THE TWELVE DANCING PRINCESSES, an operetta to be presented by the 7th & 8th graders on December 6 under the direction of Mrs. Eleanor Munger and Mr. David Arner. Skating, for which only some sustained cold weather is needed; the rink has been flooded, and all is in readiness. The Christmas program, which will terminate the school's first semester on December 20; the music, speech, and foreign language departments are co-operating in producing the program... ALSO mid-year exams, and everyone is getting ready for them!

The children from Grosse Pointe University Nursery School invited their fathers to spend a typical school day with them on a recent Satur-

Woods Mantel and Tile in New Home

Business increased 30 percent at Woods Mantel & Tile after moving to their new location at 21323 Harper. Mr. Lovisa attributes part of this increase to a more spacious showroom and a certified lighting installation. Contractor for the job was Thome Electric Co., of Mt. Clemens. Looking

over the lighting certificate are, left to right, ROBERT SCHNAUFER, Detroit Edison Representative; JACK THOME, electrical contractor; HANS LOVISA, owner of Woods Mantel & Tile; and RUDLOPH PALOMBIT, general contractor.

Club Names New Chairmen

Newly elected president of Lochmoor Club, Gordon D. Skinner, has just named his new committee chairman for the year.

Martin Casticum is in charge of admissions; David R. Hill, Jr., caddy; Louis De Hayes, Jr., entertainment; Willis Bullard, "Fairway" editor, and Paul Keller, Jr., finance and budget.

Others are Thomas J. Moran, golf; Dr. R. Sidney Sinclair, greens; Fred A. Meher, handicapper; Thomas J. Gallagher, house; and Philip O'Connell, improvement.

Mrs. R. Sidney Sinclair heads the publicity committee; Robert O. Artnier, swimming pool; Mrs. Philip O'Connell, ladies entertainment, and Mrs. T. J. Newton, children's parties.

Following their organization November 10, 1775, U. S. Marines first served as a unit aboard the USS Cabot in December, 1775. They were paid approximately \$7.00 per month and equipped with musket and cutlass.

Family Program Planned By Interracial Council

Mrs. E. A. Baier of Fisher road is assisting with arrangements for a family program sponsored by the Catholic Interracial Council of Detroit. It will be held at the Catholic Charities Bldg. Sunday afternoon, December 1, from 2 to 4 o'clock.

The spiritual side of the program will center around a description of the lovely and traditional advent and Christmas customs which may be included in holiday preparations. Miss Audrey Sorrento of the Gateway Grail Center will direct some of the children in enacting the Advent Wreath ceremony, and Father Thomas Fraser of Guardian Angels parish will comment.

The children will be entertained by cartoons with a message, provided by the Detroit Commission on Community Relations, and the adults will hear a panel discussion of "The Home—A House to Put it in."

Councilman Ed Carey and Councilman William T. Patrick, Jr. will be on the panel, and Richard Marks, secretary-director of the Commission on Community Relations, will be the moderator.

Hi-Fi for You . . .

by JACK ALAN

THE BLUNT NEEDLE I say to you who enjoy good recorded music. That sapphire or diamond stylus in the tone arm of your record player should be checked regularly and they do it for you FREE at K.L.A. Bring your stylus soon. Avoid record damage.

MEET THE CLASSIC

Yes—by all means, meet the CLASSIC during your next visit to K.L.A. It's one of the most remarkable loudspeaker systems you have met or heard; and let me warn you fairly—to meet the CLASSIC is to want it in your own home. The CLASSIC is, of course, a very fine three-way loudspeaker system—designed and built by the UNIVERSITY Loudspeaker people—and a five-minute listen to this great Hi-Fi voice will surely convince you that you have at last heard the ultimate in sound realism. Distinctively, the CLASSIC is one of the few large speaker systems to be used either as a high-boy—or as a low-boy. Simply change the removable case. In addition—the CLASSIC will go with the decor of the finest home in town. Meet the CLASSIC soon at K.L.A.—listen to its glorious Hi-Fi voice.

DO YOU ENJOY THE CONVENIENCE OF A K.L.A. CHARGE ACCOUNT?

It's very handy when ordering Records and Recorded Tapes by mail or telephone—and it's no problem to arrange for your charge account at the K.L.A. Office.

IF YOU CAN PRESS A BUTTON YOU CAN ENJOY THE BEST IN HIGH FIDELITY MUSIC

And how true those words will be when you see the new MIRACORD XA-100—the only 2-in-1 fully automatic changer and automatic manual record player. Here is the 4-speed player that makes Hi-Fi easy for everyone. Almost uncanny, the way it does everything automatically, at the mere push of a button. It starts—stops—pauses—and there's even a push-button for the filter. And you can mix 10" and 12" records, too. It changes from automatic to manual playing in a moment, and the MIRACORD has the tone arm you cannot jam. Stop in at K.L.A.—try pushing the buttons on the MIRACORD yourself.

BOGEN HI-FI COMPONENTS WIN GREAT PRAISE FROM THE EXPERTS

Audio consultants—men who are really experts in high fidelity components engineering—all give BOGEN their highest ratings and recommendations. Such fine credentials are certainly good to remember when you are selecting the best for your own home music system—and a visit to K.L.A. will give you the opportunity to see and examine these highly rated units. Remember too—more BOGEN high fidelity components are now being used than any other make. You see, BOGEN engineering has been responsible for more high fidelity "firsts"—and BOGEN components can be counted upon to give you more years of successful performance and service.

MIRATWIN PHONOGRAPH CARTRIDGES NOW AT NEW LOW PRICES!

MIRATWIN Phono Cartridges are made by the people who built the world famous MIRACORD XA-100 automatic record changer. And I must say: the MIRATWIN Cartridge has earned a very healthy fame—not only here in this country, but in Europe as well. There are two models—the MST 1 with a single diamond stylus—and the MST 2, with a turnover cartridge for standard and microgroove recordings. The MIRATWIN is a precision built cartridge—highly sensitive—and capable of brilliant true fidelity reproduction. Engineers everywhere praise the MIRATWIN—and you'll be quite impressed when you see it in comparison tests at K.L.A.

THE NEW ELECTRO-VOICE CARBON DYNAMIC MICROPHONE

Here's the microphone you'll really appreciate. It's the new Electro-Voice high fidelity Super-Carbon Dynamic Microphone—fast becoming a better known as the "E-664." A good "mike" is very important in making top quality tape recordings—and that fact applies in both the popular home tape recorder as well as the professional studio. This new "E-664" greatly improves the fidelity of the tape recording—and the unique "Variable D" stylus eliminates all unwanted sounds. No boominess from close talking—and you get smooth, peak-free recordings at all frequencies from 40 to 15 thousand cycles. The "E-664" has an exclusive, indestructible Accustalloy Diaphragm—a single moving element that withstands severe conditions as well as heat and humidity. Finish is satin chrome.

HAVE YOU VISITED THE K.L.A. BRANCH ON MACK AVENUE?

New there's a K.L.A. High Fidelity Showroom right here in Grosse Pointe—and you're cordially invited to visit the new showroom to see and hear the newest in Hi-Fi components. The new showroom is open till 9:00 o'clock each weekday evening—and I suggest that you ask for a demonstration of Stereo Music in the Third Dimension. The new K.L.A. Branch is at 1955 Mack Avenue—at Cook Road—Mr. Don Van Dame is manager.

ZELCO—A NEW ELECTRONIC SERVANT FOR YOUR HOME!

This is one of the most useful little devices you have seen in a long time—and it's fully automatic. The ZELCO Nite Eye is a small unit—about 6 inches long—and will automatically switch a light on in your home when night begins to fall. It may be used to turn on an electric sign—and is useful in your home, office or business. A photoelectric cell does the trick—and the ZELCO never needs attention. Adds protection against prowlers—and makes homecoming more welcome at night.

Senseless Shilly-Shallying

Grosse Pointe Woods appears to have made a considerable contribution towards discouraging honesty in children. We refer to the decision made by Julius Berns, city attorney, concerning ownership of a \$100 bill found by a child 14 months ago.

Linda Charvat, aged 7, snared the money in a butterfly net on the Monteith School playground on September 27, 1956. She thought it was a \$1 bill when she turned it over to her teacher, who in turn gave it to the police.

During the intervening months three persons have claimed the bill, one of whom has since died. None of the three has been able to substantiate the claim, but apparently the Woods officials feel they are valid enough to prohibit the city from taking any specific action.

If all three persons were telling the truth, it is obvious that three \$100 bills must have been lost. It would seem that it might have been a fairly simple matter for the authorities to make the claimants prove that they had instituted search proceedings at the time they suffered the loss.

After nearly a year passed, Mr. Berns informed the authorities that it would be necessary for the Woods to advertise for eight weeks, notifying the public of the fact that the city was holding the bill.

Now Mr. Berns has decided that the Woods has no right to make a decision in the case, and that it must be up to a judge to rule on the ownership.

Mr. Berns may be perfectly correct in his legal opinion, but it appears to be stretching a point to a ridiculous state. It would seem that all of the claimants have had ample time to prove their ownership.

One thing is certain; the city has no right whatever to the \$100. It seems a bit unfair for the Woods to reward such commendable honesty on the part of a child by telling her she'll have to wait nearly five more years before she knows whether or not she is to get the money.

What Goes On at Your Library

By Jean Taylor

What with sputniks, mutiniks, and what-next-niks whirling around the world, the commonplace, routine events tend to lose their importance and are sometimes even forgotten.

So, attention, stratosphere-gazers, for Thanksgiving is upon us! In a world filled with uncertainty, it is comforting to know that, come what may, Thanksgiving rolls around quietly, without even a beep, every fourth Thursday of November, giving us pause to remember, in the midst of parades, sumptuous dinners, and football games, that here is a holiday for giving thanks for what we have.

We of the Grosse Pointe Public Library might do well, also, to stop a moment to count our blessings.

Do we, the staff, take too much for granted our relatively new, lovely Central Library Building and all its advantages? Plagued by such annoyances as the high cost of living and the Asian Flu, are we too apt to forget the many times we do solve a patron's problems? Furnishing factual information, aid in book selection, sometimes just giving a sympathetic listening ear - all these services must surely be considered library blessings, as they give the librarian a feeling of usefulness to his community.

Let us not forget our other facts of public service. We are justly proud of our new Community Calendar, which has just been set up this fall. Then, there is our fine film service including our Friday night Film Forums, not to mention our many book talks, both adult and juvenile, and our story hour for children.

Calorie Counting

By FRED M. KOPP, R.Ph. Everyone who attempts to reduce has at least a slight knowledge of the calorie content of common foods. The more serious dieter has a more complete knowledge, naturally, gained by a longer and broader experience. While counting calories will aid you in limiting the intake of food, it is not the complete answer to the dieting problem, as every doctor admits. Attention needs for protein, fats, sugars, as well as the individual needs for certain chemicals that must be constantly replaced.

The Grosse Pointe News Kercheval Ave. Grosse Pointe Farms, Michigan Dear Sirs:

I think this information may be of interest to your readers. Army Specialist third class Robert V. Wasco and his wife Barbara (Stoeckel) of 624 Notre Dame reported spotting the Sputnik II satellite at 7:10 a.m. November 15, 1957. The satellite has been visible during the early dawn hours in Nome since November 11,

and is slowly working its way across the sky from south to north.

The satellite moved from southwest to northeast passing almost directly overhead in its travels. It was visible for about two minutes, during which time it glowed brightly, faded almost from sight, reappeared brightly before fading out completely. The satellite looked like a bright star at its brightest point and was barely discernible when it passed directly overhead, its period of lowest visible light.

Sincerely, ROBERT V. WASCO

Grosse Pointe News

From Another Pointe of View

By Patricia Talbot

With the debutantes taking over the Country Club and the Little Club for their festive Yule balls and parties, the young marrieds and their mammas and dads will have to get their gala going in early.

Before the buds and the stags arrive from their colleges the Country Club will give a festive dance this Saturday night in the French grande manner. The invitations and the menu have the air of gay Paree and reservations are coming in early for the party, so club members will be all set for the big date.

Dr. and Mrs. Benjamin Stockwell have bid the Edward Lambrechts, the John Failings, the John A. Dodds and the J. Crawford Frosts to their Lothrop road home for cocktails before the dance.

Dodds Clan to Gather

The Country Club party is a just reward for Mrs. Dodds who is entertaining her whole family today for Thanksgiving. Debutante daughter Jean flew home from her secretarial duties at Katherine Gibbs in New York for the holiday. Her brother, who has just completed a successful season on the GPUS gridiron team, will come in for congratulations.

Mrs. Dodds' sister, Mrs. Richard Fife Barnum will be on hand for the turkey with her son-in-law and daughter, the Virgil James Haggerts, of Omaha, Neb. Mr. and Mrs. Malcolm Barnum will come over from their Rivard boulevard home with their three offspring for the reunion dinner, too.

Neighbors Reunion

At the James Tracys on Lorraine road it is not a family gathering but a reunion all the same this Thanksgiving. The Tracys were former neighbors of the Allan Schildammers, of Winetka, Ill., when the latter lived in Doremus drive in St. Clair Shores with a gay group some years back.

The Tracys will have the holiday meal for the visitors but on Friday another pair of former neighbors will entertain. The Sidney Terrys, of Cambridge road, will be the party hosts for dinner that evening. To complete the gay week-end Mr. and Mrs. Frederick W. Pearce, Jr., will give a dinner for the Illinois duo on Saturday evening.

New Orleans Brunch

On Sunday the Country Club will be the scene of more revels when the Kenneth Cunninghams toss an elegant brunch. Last year Mr. Cunningham was host at a strictly stag party that brought plenty of comment from his grateful guests for the menu was imported from the famous Brennan's Restaurant in New Orleans.

Naturally the wives were green with envy when they heard about the gourmet fare so this year the Cunninghams have invited the ladies to join the party.

Sunday is also the day the Kenneth Drakes have chosen to give a pre-Christmas get together at their Touraine road home, getting their holiday entertaining in early.

Dance at Little Club

Promise of holiday party to come will be the dinner dance at the Little Club Saturday evening which will also be the busy scene of deb revels when the holi-

Wishropps Fete Visitors

Guests of Dr. and Mrs. Edward A. Wishropp at their Kenwood Court home this past week-end were Mr. and Mrs. J. Arthur Hill, of Evansville, Ind.

Dr. and Mrs. Wishropp entertained the visitors Saturday at the Michigan-Ohio State football game at Ann Arbor, joining in a party with John J. Schantz and his week-end guests who were his sister, Mrs. Anne B. Shields, and Mr. and Mrs. John Durley, all of Springfield, O.

Completing the assemblage of close friends were Mr. and Mrs. Albert M. Mackey.

After the game, the entire group had a festive dinner and dancing party at the Detroit Athletic Club.

Three Earls Christened

Mr. and Mrs. Jerome C. Earl brought all three of their children to Christ Church Sunday for a triple christening ceremony.

James Earl's godparents were James Earl, Mrs. James Chapman and Henry Woodhouse. Suzanne's godparents were Mrs. Woodhouse, Mrs. James Earl and William Downey, of Bloomfield Hills.

Henry Buhl came from New York to be at the christening of his goddaughter, Elizabeth. Her other sponsors were Mrs. Alfred O'Gara, of Chicago, Ill., and Mrs. Downey.

Following the ceremony the three children's grandparents, Mr. and Mrs. Harley J. Earl, of Touraine road, gave a family party.

Betrothal Told

She was graduated from the University of Michigan. Her fiancé, son of the Joseph W. Leinwebers, of Rivard boulevard, was graduated from the University of Detroit. High School and attended Western Michigan University where he was a Delta Sigma Phi. He is also an alumnus of the University of Detroit.

They will be married February 8.

Pointe Garden Club to Meet

The Windmill Pointe Garden Club will meet at 9:45 o'clock Wednesday in the Touraine road home of Mrs. William G. Seibert.

The members will make favors for the Christmas trays of the patients at the U.S. Public Health Service Hospital in the morning.

After luncheon they will attend the lecture to be given by Mrs. Albert F. Allmayer at the former Grosse Pointe Country Day School Auditorium under the auspices of the Garden Center.

High School Mothers Prepare for Yule Tea

The Mother's Club of Grosse Pointe High will stage its annual Christmas party in the school auditorium-gymnasium on Tuesday, December 3, examining some of the table decorations are, left to right: — Mrs. Russell Cronenweth, co-chairman; Mrs. John A. Herrmann, stage decoration chairman; Mrs. Robert Sumner, general chairman; Mrs. Robert Kimball, table decorations chairman; and Mrs. Paul Hykes, president of the Mothers' Club.

Triangle Show Tickets on Sale

Herbert I. Lord, president of the Princeton Club of Michigan, has announced the appearance of the Princeton University Triangle Club's 66th annual production, "After A Fashion," at Parcels Junior High School Auditorium, on Monday evening, December 23.

This performance will be one of twenty-one performances of "After A Fashion" given by the club on its three week tour of fifteen principal Eastern and Mid-Western cities.

The Triangle Club is a non-profit undergraduate organization, the proceeds from the performance here going to the scholarship fund of the Princeton Club of Michigan.

The Triangle Club, often referred to as the "Rodgers and Hammerstein" of college shows, has a long and illustrious history of student written and produced musicals.

From the ranks of the Triangle Club, founded by Booth Tarkington in 1893, have emerged such theatrical personalities as Josh Logan, Jimmy Stewart, Jose Ferrer, Dick Foran, and Myron McCormack. Such song hits as "East of the Sun" (and West of the Moon) and "Love on a Dime" were written expressly for Triangle shows by Princeton University students.

"After A Fashion" is being directed by Milton Lyon, director for Max Liebman's television "Spectaculars," while the imaginative choreography for which Triangle is noted is being executed by the well-known modern dancer, Peter Hamilton.

This same professional team produced last year's successful musical, "Take A Gander!" and the 1956 hit review, "Spree de Corps."

"After A Fashion" is a fast paced revue combining comedy sketches, dances, songs and production numbers—all executed by a cast of 25 and an 18 piece orchestra.

Tickets for the December 23 performance may be obtained by writing William G. Duffield, 525 Rivard boulevard.

Thanksgiving Ball Draws Gala Crowd

Over 250 Attended Formal Dance in Holiday Mood At the Grosse Pointe Yacht Club Saturday; Commodore Stark Hickey and Mrs. Hickey Receive Guests

Dancing under a canopy of red, white and blue streamers in Grosse Pointe Yacht Club's ballroom last Saturday, more than 250 members and guests initiated the year-end holiday round of festivities.

The event was GPYC's formal Thanksgiving Ball. Reflecting an atmosphere of splendor were the distaff side's satins and brocades, and men's black tie dress, as the throng danced the evening away under star-shaped lights.

The party started with 8 o'clock dinner at tables around the dance floor, the tables decked with flowers and tapers in the club's red, white and blue colors. Shortly the Arthur Quatro orchestra made its appearance—light and gay was the Terpsichorean stepping from then until a late hour.

Entertainment at 10:30 o'clock presented the Lutheran Choralaires in a program of songs.

Commodore and Mrs. Stark Hickey and the club's directors and their wives were on hand early as a welcoming group—the party invitations had gone out in their names.

With the Hickeys at their table were directors John R. Wilt and Cletus Welling, with Mrs. Wilt and Mrs. Welling; the George Cassids, the Russell D. VanHoutens, and the Dwight Nelsons.

Rear Commodore and Mrs. Robert F. Weber were the center of a jolly group; Past Commodore and Mrs. William O'Neill Kronner were greeted by innumerable friends as they arrived, Mrs. Kronner charming in emerald green peau de soie.

Mr. and Mrs. Kendrick B. Brown's guests were the Sam Kellers, the Philip K. Coes, the M. C. Pattersons and Mr. and Mrs. Edgar Row. The David B. Irelands, Jr. and the Otis U. Walkers were a foursome, Mrs. Ireland wearing red silk brocade subtly threaded in gold.

Mrs. J. Earl Fraser's ball-length dress of emerald satin featured a bell-shaped skirt and low round neck. She and Mr. Fraser were in a subscription group with the Arthur M. Stringaris, the Wayne Longs, the Fred A. Hoods, Jr., the Herbert J. Smiths and the L. George Hoopers.

Dr. and Mrs. Clarence J. Williams were in a family party with their sons and daughters-in-law, Dr. and Mrs. John H. Williams and the James P. Williamses. The Ronald Parkins hurried back from the Michigan-Ohio State game to attend the ball with his parents, Mr. and Mrs. George Parkin.

Another festive group included the Harry J. Chapmans, the George L. Dominis, the Emmett McNamaras, Dr. and Mrs. J. G. Reid, Dr. and Mrs. Lyle G. Waggoner, and the Waggoners' week-end house guests, Dr. and Mrs. John Sawyer, of Middleton, Ohio.

With Mr. and Mrs. Frederick C. West (she was in a silk print featuring shades of blue touched with green and white) were Dr. and Mrs. Nicholas Longo, the Warren Traftons and the Edwin L. Saikowskis.

Mrs. Arthur H. Wroock wore a black velvet sheath dress with enchanting streamers at the back—she and Mr. Wroock were hosts to the Arthur O. Schmidts and the Thomas Coupers. Mr. and Mrs. Peter J. Gallette were noted dancing, Mrs. Gallette in black chiffon woven with uncut velvet roses in an allover design.

Koebels Hosts At Hunt Club

Mr. and Mrs. Robert Koebel with their son, Robbie, of Hawthorne road, are welcoming their family for Thanksgiving dinner at the Hunt Club.

Mr. and Mrs. Charles Edwin Mosher with Charles and Kurt, of McKinley avenue, will be her brother and sister-in-law's guests, as will Mr. and Mrs. Law McCabe, of Pittsburg, Pa.

Also joining the reunion will be Mr. and Mrs. Charles J. Koebel, of Cloverly road, Mr. and Mrs. Lawrence Roehm, of Stephens road, and Mr. and Mrs. Ernest Cornwell, of Saginaw.

Garden Club Representatives Meet in War Memorial Center for Luncheon and Discussion of Project

The nippy air and blustery winds off Lake St. Clair lent a holiday touch to the luncheon and lecture held at the Grosse Pointe War Memorial on Tuesday, November 19. The event was sponsored by the Garden Club Council as part of its "Christmas-Bright but Beautiful" project.

The large response showed the wide-spread interest throughout the community for expressing the true Christmas spirit with beauty and harmony in outdoor Christmas lighting.

Mrs. H. Ray Will, president of the Grosse Pointe Garden Club Council, welcomed the group and introduced the Garden Club members who are working on the project and several of the guests who were representing the schools, libraries, municipalities, churches, businesses and clubs.

Garden Club members had made the dining tables festive with Christmas trees of tinsel, while others had brought unusual wreaths and swags, and colorful novelties which were displayed in the Great Hall.

Robert Dorsey, an illuminating engineer with General Electric's Lamp Division at Nela Park, Cleveland, presented an interesting lecture with colored slides on "Design in Christmas Lighting." He showed examples of good and poor lighting designs and the warm and cool color effects that can be produced by floodlights, as well as the shadow

and silhouette designs that are possible. He mentioned the new sparkle bulbs and offered suggestions on safe connections in wiring. Some slides showed the construction of lighted wreaths, arches and towers. Others the effect that can be achieved with a bare tree. There were many examples for lighting public buildings, churches and business sections as well as private homes and grounds.

Most of the audience was busy "note-taking"; others took advantage of the opportunity to ask questions. As a result, material is now being obtained on the specifics of "fuse loads" expressed in woman's language and the proper safety precautions to be taken in wiring, which it is hoped will be printed in the near future.

The general chairman, Mrs. Frederick Schumann and Mrs. Bert Lindzay, are now planning the details of the Tour, in which outstanding displays will be featured, with Mrs. Longyear Palmer and Mrs. Clarence Maguire who will share this responsibility with a committee.

Carroll-Lynch Rites Solemnized Saturday

Newlyweds Travel to Laurentian Mountains After Ceremony Saturday in St. Clare of Montefalco Church and Reception at Detroit Boat Club

Silk taffeta and Alencon lace were Patricia Ann Lynch's choice for her wedding gown when she spoke her nuptial vows to Edward Joseph Carroll Saturday morning in St. Clare of Montefalco Church.

The bride's gown was fashioned with a portrait neckline and long sleeves accented with the lace and a bouffant skirt deepening into a chapel train. A seed pearl crown held her illusion veil and she carried a cascade of white snowdrift mums and pom poms.

Sallyann Hull was the honor attendant in emerald green iridescent taffeta. A headband of matching taffeta and pom poms was edged with veiling. She carried a bouquet of mums in autumn shades.

Mary Louise and Suzanne Lynch, dressed like the honor maid, were also in their sister's wedding party. They are the daughters of Dr. and Mrs. Timothy Francis Lynch, of Devonshire road.

Mr. Carroll, who is the son of the James Joseph Carrolls,

of Berkshire road, asked his brother Charles to be his best man.

Ushering were Terence Lynch, Dr. John Fushman and Frank Messing.

For her daughter's wedding and the reception at the Detroit Boat Club Mrs. Lynch chose a pale green lace frock and matching hat. Mrs. Carroll was in gray-green lace with bronze accessories. Both mothers wore white orchids. When the newlyweds left on a wedding trip to the Laurentian Mountains and Quebec the bride was wearing a raspberry red suit, with black accessories. They will live on Harrell avenue.

Perhaps 40 to 50 billion people have lived on Earth since the dawn of recorded history. Of these, only 5,000 or so have ever amounted to much, and fewer than 200 women have gained lasting fame.

For her daughter's wedding and the reception at the Detroit Boat Club Mrs. Lynch wore a pale green lace frock and matching hat. Mrs. Carroll was in gray-green lace with bronze accessories. Both others wore white orchids.

When the newlyweds left on a wedding trip to the Laurentian Mountains and Quebec the bride was wearing a raspberry red suit with black accessories. They will live on Harrell Avenue.

Plan Yule Fair At St. Lucy's

The St. Lucy annual Christmas Fair will be held December 7 in Holy Family Hall at 23401 Jefferson, St. Clair Shores from 10 a.m. until 10 p.m.

The Fair is to be an old-fashioned one reflecting the gaiety of the 1890's. Workers wearing identical straight-across-the-brow sailor hats, demure blouses and voluminous skirts, will sell their wares from cleverly decorated stalls. Each of the twenty booths will carry on the light-hearted spirit of the times.

The workers have chosen ingenious names for their booths. There is the Gilded Cage, laden with jewelry for milady. The Olde Tin-Type Shoppe, where the small ones may have their picture taken with Santa Claus (developed immediately—Polaroid camera as at work); Santa also has a

fantastic Toy Shoppe nearby, where the young may satisfy their heart's desire.

The Attic Treasures booth is stuffed with the practical and even the ridiculous. Home Sweet Home is the booth to find all the lovely hand-made things of artistic value that make the Yule season so wonderful. The Sausage Shoppe, complete with sawdust floor and hanging hams completes the 1890 picture.

Mrs. William Bickel is general Fair chairman, assisted by Mrs. Paul Schwanitz as co-chairman. Section chiefs are Mrs. Carl Dirkes, Mrs. Donald Hogan, Mrs. J. W. Phillips, Mrs. Gustaf Lams, Mrs. Jack McGrath, Mrs. E. J. Prozaki, Bernard Jacobites, William Onufrak, James Corcoran, Mrs. Donald Richardson, and Don Donahue, who will be Santa Claus for Fair Day.

day dawn. Mr. and Mrs. Forbes Howard will be hosts at a cocktail party before the subscription dinner in their Merryweather road home.

Mr. and Mrs. W. Howie Muir, III who are here with her parents, Dr. and Mrs. John B. Hartzell, of Ridge road, from Simsbury, Conn., for the holiday have also asked a group for dinner before the Little Club dance.

No Oven for the Turkey

Dr. and Mrs. Nelson Diebel, of Touraine road, won't be able to have Thanksgiving dinner at home because they are in the midst of a decorator's nightmare with their kitchen torn up. In order to get away from it all they traveled to Notre Dame last week-end where their son Johnny is a student, to watch their team lose to Iowa. With them went the Harry S. Goulds, of Lakeland Avenue.

Johnny will be home for Thanksgiving which the Diebels will have with her father, George Fredericks, and Mrs. Fredericks in Palmer Woods, then he will rush back to Chicago for a gay week-end. Nelson Diebel, Jr., is still with the Army in Germany but the family hopes to be reunited soon.

Guenthers Entertain

Coming from her exciting home in the Algonquin Hotel to spend the holiday today with her son-in-law and daughter is Mrs. Frank T. Miller.

Mr. and Mrs. Valentine Guenther, of Lakeland Avenue, will serve turkey to Mrs. Miller, the Harold Harmon, of Oxford road, and son James. Another son, Frank, is also tied to Army duties. He will be at his post in Fort Eustis, Va., for the Thanksgiving festival but is being discharged next week and will be home for Christmas.

Another family reunion is taking place today in the Washington road home of the Eliot B. Paysons. They are entertaining her brother and sister-in-law, the Charles Neffs, of Cleveland.

Yuletide Dates

Yuletide parties will be legion this season and the bids have already begun to throng the mails. Dr. and Mrs. Robert Whitley have invited a large group to a cocktail party in their Lakeland Avenue home on December 7.

A week later, on the 14th, the Herman L. Wecklers, of Edgemont park, will be hosts at a large dinner at the Grosse Pointe Hunt Club.

Holiday in New York

Thanksgiving in New York lured a gay group of Pointers who boarded an East bound train Sunday evening. The J. Gordon Hills were going to the big city to meet their daughter Jody, a debutante of last June, who is studying at Smith and spending the college recess at the New York home of her roommate Sue Hansen.

Also in New York for Thanksgiving are the Henry Earles, Mrs. Young LeGro and Mr. and Mrs. Charles Dodenhoff. The whole group with their offspring are dining at 21 for the turkey day. On Friday evening Mrs. LeGro will give a cocktail party at the St. Regis and on Saturday that same swank spot will be the scene of the Earles get-together.

When the Hills return from their stay at the Pierre they will make plans for a Christmas party to honor their relatives, the C. Carlton Hills, Jr., who have just moved to Meadow lane. Mr. Hill spent some time with the Strategic Air Command and the pair have moved here from Cincinnati with small Tony and Deborah.

On Thanksgiving Day, Jacqueline Frances DeClerk, daughter of the George DeClerks, of Ford court, is being married to Charles John Cornillie in Our Lady Star of the Sea Church.

For the morning ceremony the bride is wearing a white silk velvet gown with pearl frosted Alencon lace accenting the curved neckline, the tapered long

sleeves and the high-waisted empire bodice. A coronet of jeweled lace held her tiered veil of illusion and she carried white roses and stephanotis.

LITTLE KNOWN FACT

One third of U. S. Negroes own their own homes, writes Secretary of Labor James P. Mitchell. The Negro population as a whole has a yearly purchasing power of 17.5 billion dollars. Since 1940, he reports, the number of Negro men in professional jobs has jumped 103 percent; as craftsmen and foremen, 112 percent; as operators and technicians, 181 percent; as clerical and sales workers, an astonishing 223 percent. There are ten times as many Negro women in clerical jobs as there were in 1940.

Coterie Plans Dinner Dance

The Grosse Pointe Coterie is planning a dinner dance which will be held in the Grosse Pointe War Memorial on Saturday evening, December 7.

The Coterie is inaugurating the December dinner dance in addition to its regular May dance because of popular demand. The May dances have been so successful that everyone thought it would be a welcome introduction to the holiday season to have one in December.

As is the usual custom, appetizers will be served from 6:30 to 7. Dinner will be served at 9, and after dinner there will be a program of entertainment. President Bob Cann promises that the variety show will be of the type to keep everyone amused and happy, in tune with this festive occasion.

Dancing, the music for which will be supplied by Paul DeCarlo and his orchestra, will begin at 9. The dress will be informal, but the ladies are invited to wear any party type dress that they like.

The fee for the complete evening of dinner and dancing is \$9 per couple and reservations should be sent in as quickly as possible to insure proper scheduling and seating arrangements. For those desiring to come for the dance only, the usual \$3 per couple will be charged and dancing will of course last from 9-12 p.m.

Among those couples who are planning to attend the dance are Mr. and Mrs. Craig Marks, Mr. and Mrs. John Bradley, Dr. and Mrs. John Eichelbarger, Mr. and Mrs. Octave Beauvais, Mr. and Mrs. Donald Bamberger, Mr. and

Children to Hear 'Nutcracker Suite'

Detroit Symphony Orchestra under the Baton of Valter Poole and the Severo Ballet Will Present The Tchaikovsky Classic at 11 and 2 O'Clock December 7 at the Ford Auditorium

By popular demand the Detroit Symphony Orchestra is repeating their program of Tchaikovsky's "Nutcracker Suite," featuring the Sandra Severo ballet on December 7.

This opening Young People's Concert directed by Valter Poole will be offered at 11 o'clock and 2 o'clock in the Henry and Edsel Ford Auditorium as a special Christmas treat. Tickets are available for the afternoon performance for the morning concert is completely filled.

The Young People's Concerts are sponsored jointly by the Junior Leagues of Birmingham and Detroit, the Women's Association and the Junior Women's Association of the Detroit Symphony Orchestra.

"The Nutcracker Suite" was the first ever offered in the symphony's program for children some seasons ago and has proved to be so popular there have been requests for repeat performances every year. This production has been newly costumed and will range around a forty foot Christmas tree specially decorated for the concert.

Among those with reservations are Mrs. Cameron B. Waterman, Jr., Mrs. Frederick S. Ford, Jr., Mrs. Walter B. Ford II, Mrs. Ford Ballantyne, Jr., Mrs. C. Hayward Murphy, Mrs. Russell H. Nutter and Mrs. Renville Wheat.

Others are Mrs. George L. Cassidy, Mrs. Berrien C. Eaton, Jr., Mrs. Benson Ford (who will be returning from Florida just before the concert), Mrs. John B. Ford III, Mrs. Harold O. Love (she's president of the Women's Association), and Mrs. Daniel W. Goodenough.

Also bringing their children to the concert will be Mrs. Walter Scotten II, Mrs. Charles A. Parcels, Jr., Mrs. H. Gordon Wood, Mrs. Lansing Pittman, Mrs. Richard Turner, Mrs. Wendell Goddard, Mrs. George A. Detwiler and Mrs. Earl I. Heenan.

There will be a second concert in the series on January 4

Betrothal Told

Mr. and Mrs. Edwin O. Bodkin, of Muskoka road, announce the engagement of their daughter, NANCY TAYLOR MAXWELL, to E. C. Kirk Hall, son of the Clarence E. Halls, of Merion, Pa.

The bride-elect was graduated from Grosse Pointe Country Day School and Smith College. She is a member of Sigma Gamma and a provisional member of Junior League. She was presented to society in June, 1954, and is now studying at Wayne University.

Mr. Hall was graduated from the Episcopal Academy in Philadelphia and from Amherst College. He is at present studying at Villanova University Law School and is a member of Alpha Delta Phi. A June wedding is planned.

ESTIMATED FIRE LOSSES

Estimated fire losses in the United States during October amounted to \$77,753,000, the National Board of Fire Underwriters has reported.

This loss represents a decrease of 4.2 per cent from losses of \$81,121,000 reported for October, 1956, and an increase of 7.6 per cent over losses of \$72,264,000 for September (1957).

Losses for the first 10 months of 1957 now total \$856,350,000, an increase of 5.4 per cent over the first 10 months of 1956, when they amounted to \$812,324,000.

Fergusons Here For Holiday

Former Senator, now Judge, and Mrs. Homer Ferguson arrived from Washington, D. C., Tuesday to spend Thanksgiving with their son-in-law and daughter, Mr. and Mrs. Charles R. Beltz, of Lakeland avenue.

On Friday they will be present at the christening of their granddaughter, Margaret Joy Ferguson, at Grosse Pointe Memorial Church. Also here for the ceremony will be the Beltz' son, Charles, Jr., a Denison University student, who will be here for the holidays. Mr. and Mrs. Beltz will entertain for their visitors at two small dinners at the Grosse Pointe Yacht Club.

Wednesday Mrs. C. A. Dean, Jr., gave a luncheon for Mrs. Ferguson in her Lewiston road home. Tuesday night the dinner host was Dr. Charles S. Kennedy at the Detroit Athletic Club.

This is the first visit home for the Fergusons since last Christmas. They will return to the capital where the former senator is now Judge of the Military Court of Appeals.

Chapter AO of P.E.O. Meeting December 2

Chapter AO of P.E.O. will meet at the home of Mrs. Dwight Struthers, 2072 Lochmoor Blvd., on Monday, December 2, at 8 p.m. Co-hostess is Mrs. E. F. Longnecker.

A report on the Supreme Convention held in Denver, Colorado, will be given by Mrs. Raymond Lancaster.

Dominican High Mothers Meeting on December 4

The members of the Dominican High Mothers' Club will meet at 8 o'clock on Wednesday, December 4, in the school cafeteria, with Mrs. Joseph J. Churches, President, presiding at the business meeting, after which, members will be entertained by the Chevrolet Glee Club.

Immediately following the entertainment, refreshments will be served by Mrs. Leo J. Murphy, Sophomore Vice-president, assisted by the Sophomore Mothers.

Bride-Elect

Mr. and Mrs. Charles M. Stafford, of Fisher road, have announced the engagement of their daughter, CYNTHIA ANN, to Harry M. Sisson, Jr., son of the Harry M. Sissons, of Grosse Pointe boulevard.

The bride-elect was graduated from Ohio Wesleyan University where she was affiliated with Pi Beta Phi.

Her fiancé is a graduate of Lawrence College where his fraternity was Delta Tau Delta. He also attended the University of Michigan Graduate School of Business Administration. They plan a May wedding.

Duffys Hosts at Supper Party

Mr. and Mrs. Raymond J. Duffy, Jr., of Handy road, were hosts at a supper party Monday night following the opening night of "No Time For Sergeants" at the Shubert theater.

The Junior Women's Association for the Detroit Symphony sponsored a benefit night for the first night of the popular comedy.

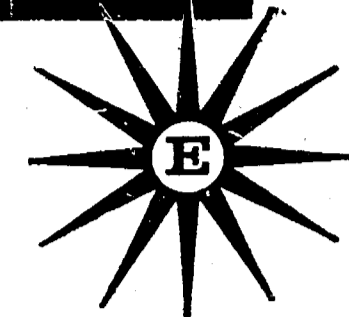

Receiving her guests after the curtain Mrs. Duffy wore a Kelly green peau de soie frock. For the drive to the theater she donned a matching coat trimmed in mink.

Among the Duffys' guests were Mr. and Mrs. George Van Loekeren, Mr. and Mrs. Henry Mok, Mr. and Mrs. John Lambrecht, Mr. and Mrs. Russell Beaupre, Mr. and Mrs. Ted Trefzer and Mr. and Mrs. William Beckenhauer.

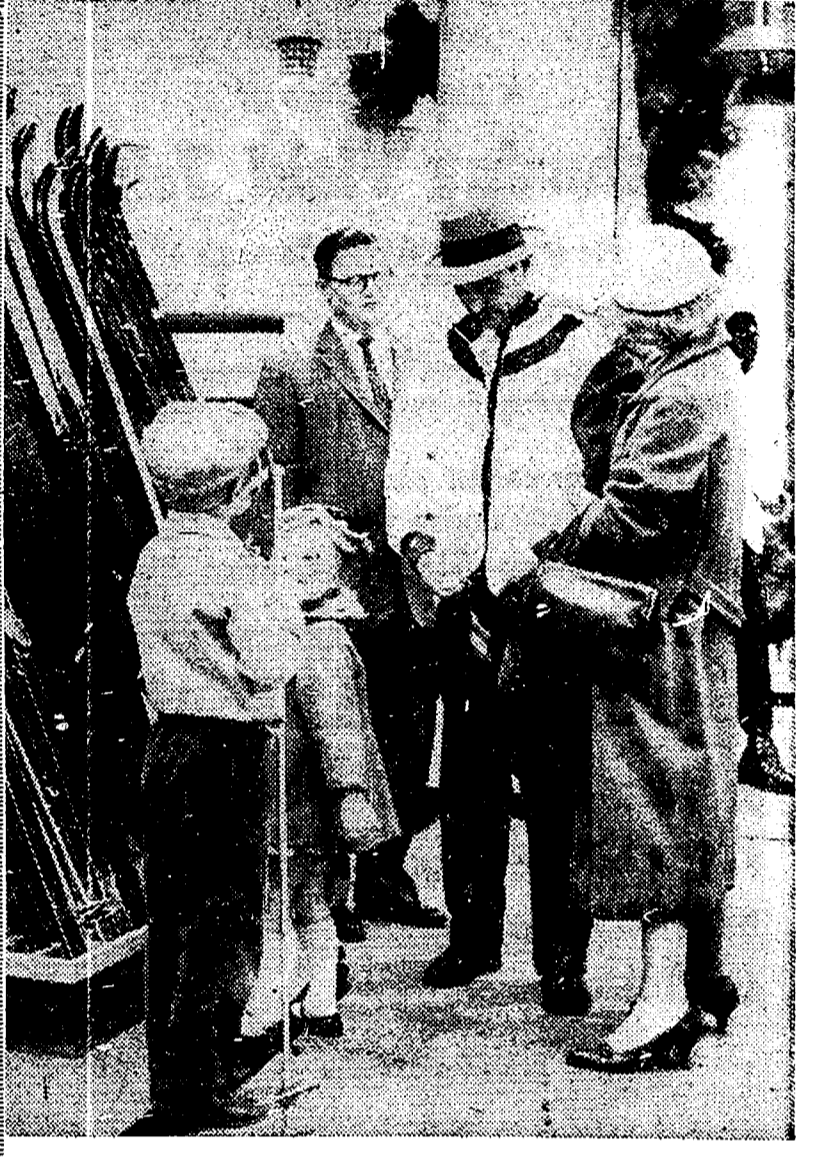

Others were Mr. and Mrs. Don Hughes, Mr. and Mrs. Robert Bersback, Mr. and Mrs. Thomas Mead and Mr. and Mrs. Bernard Cornille.

PEARLS MISSING

Mrs. Emory Kovack of 263 Mt. Vernon, reported to Farms police on Thursday, November 21, that she missed a pearl necklace and earring set from her home. She said she last wore the jewelry on October 20, and had not seen them since. They are valued at \$60.

Nadja Witkowska Sings at Harmonie

Pointe Soprano Delights Audiences at Saturday Night Concert and at Tuesday Morning Musicales

Harmonie members and their guests filled the clubhouse to capacity last Saturday evening for the pre-Thanksgiving buffet dinner and annual autumn concert by Harmonie's combined choruses. Director Frank Murch conducted, with Christine Schlorff at the piano.

Lovely Nadja Witkowska, the featured soloist, completely captivated the audience, whose applause was vigorous and prolonged—so much so that the young artist responded to several encores. Her programmed songs were from the works of Handel, Schubert and Verdi. She also sang with the men's and ladies choruses in their closing number: the Italian Street Song from Herbert's "Naughty Marietta."

Miss Witkowska appeared, with equal success, in a full-length program for Tuesday Musicales' Artist Concert Series, this week Tuesday morning at the Institute of Arts. Both times her accompanist was the widely known conductor and concert pianist, Emanuel Balaban, from New York.

A goodly number of the chorus members—as well as the members at large—are Grosse Pointe residents. Among these are Mr. and Mrs. Otto Krohn, of Kensington road (he

is president of the men's chorus, and presented the soloist with a huge bouquet of American Beauty roses, on behalf of the chorus). The Krohns had a party of 20 guests.

Dr. and Mrs. Alfred H. Whitaker and the Paul Jeromes made a foursome; also the Howard Fishers of McKinley road, who were with the Kurt Keydels. The H. J. Dunsomores of Harvard road, Oscar Freimanns of Lothrop road, the Theodore Gaberts of Beaconsfield road also had guests.

Others from the Grosse Pointe area who came in groups of varying numbers were J. Willard Carpenter, the Philip Grecos (he's chairman of social activities), Mr. and Mrs. Allen Forrest, Mr. and Mrs. Burton Jones, the Albert Schlorffs, Henry Schlorffs, Julius Rapp, Mr. and Mrs. John W. Reed, the Robert Murphys, Richard Marrs—to name but a few.

The fellow with nothing to lose is the only one who can afford to take a chance.

Be Thankful For Our Birds

Thanksgiving is a fitting time to think about the rugged little birds that hang on in the face of Michigan's wintery blasts instead of heading for the southland.

Charles Shick, extension game management specialist at Michigan State University, says the nut-hatches, bluejays, brown creepers, chickadees, juncos, grosbeaks and other birds don't really need any help but a bird feeding station adds color and life to the landscape when many of our birds are off down south.

A feeding station is a good place to learn to enjoy birds and animals. If you start feeding the birds, you are obligated to continue. They become used to being fed, the bird population builds up in the area and if you stop feeding it creates a hardship for the birds.

Cracked corn, suet, bread crumbs, small grains and weed seeds are all good song bird foods. Grit should also be available.

A wooden tray can be placed on a window sill or mounted on a post about five feet above the ground. A discarded Christmas tree makes a good place to hang suet or toast.

Shick says there is no better way for children and adults to learn to appreciate and enjoy birds than by watching them at a feeding station. Pheasants and quail will eat

corn and grit scattered on the ground or corn ears placed upright on spikes driven through a board.

Usually the birds have enough food except during rare periods when the ground and brush are covered with ice. During prolonged periods of deep snow covering, birds will try to obtain grit and gravel from roads. Coarse sand, oyster shells or fine gravel should be a part of any feeding program.

To accustom the birds to a feeding program before food becomes scarce, start feeding before Christmas.

If you would like more information on wildlife feeding, write to Charles Shick, 409 Agricultural Hall, Michigan State University, East Lansing.

QUARTET TO SING

The Stanley Quartet of the University of Michigan will present the third in its series of five Saturday night concerts on November 30 at 8:30 o'clock at the Rackham Educational Memorial, Fairnsworth at Woodward.

A special admission fee of \$1.50 has been arranged for those who can identify themselves as students.

SERVICE WITH A SMILE—Public service of a different kind than that practiced by her famous father is the goal of Amy Morse (left), who hands a baby to its proud mother in Chapel Hill, N. C. The daughter of Senator Wayne Morse of Oregon, Amy is a senior at the University of North Carolina School of Nursing, and plans to specialize in child care after graduation. On the less serious side, she's also assistant head cheerleader at the school.

CURTAIN OF SILENCE—Compactness is one big requirement from items that may be used in equipment for possible space travel. Toni Mance conducts a sight and sound test on long strips of one such item at the Hughes Aircraft Co. plant in Los Angeles.

NO WOMEN, DARN IT!—Way down at the frozen bottom of the world, Operation Deepfreeze III men have to be versatile, even in such womanly arts as sewing. Lt. (j.g.) Moses T. Sevier of San Antonio, Texas, of the U. S. Navy's VX-6 Squadron at McMurdo Sound, Antarctica, sews a red day-glo fluorescent patch on the seat of his windproof trousers.

UNROLLER COASTER — One-year-old Nina Sauro don't say nothin'—she just keeps unrollin' along—at her home in Franklin Park, N. J. With a pleased smile, she proudly displays a festive streamer she carried on a zig-zag course into the living room from the bathroom.

AWRY HIGHBALL—"For Heaven's sake," must have been the reaction of Bonnie Randolph, golf pro at the Beach Club in Naples, Fla., when one of her drives landed atop a tool shed. Undaunted, she clambered up to play it (left), and even though she faced trees and traps, as shown in the view at right, she managed to par the hole.

THE SEA OF MATRIMONY—Refusing to let even a disastrous flood interfere with their marriage plans, Ulisse Milan and Teresa Greguoldo (center, holding hands) are wed in a floating ceremony performed by Father Don Bellini at Rovigo, Italy. Thousands of acres in the area were inundated by the waters of the Adriatic Sea and the Po River.

UNDERCOVER MEN—A pair of real homebodies with an apparent passion for privacy tie up traffic as they parade across the street beneath this elephantine contraption in London. The two workmen are carrying a canvas tent erected over manholes while repairs are being made.

Making Friends

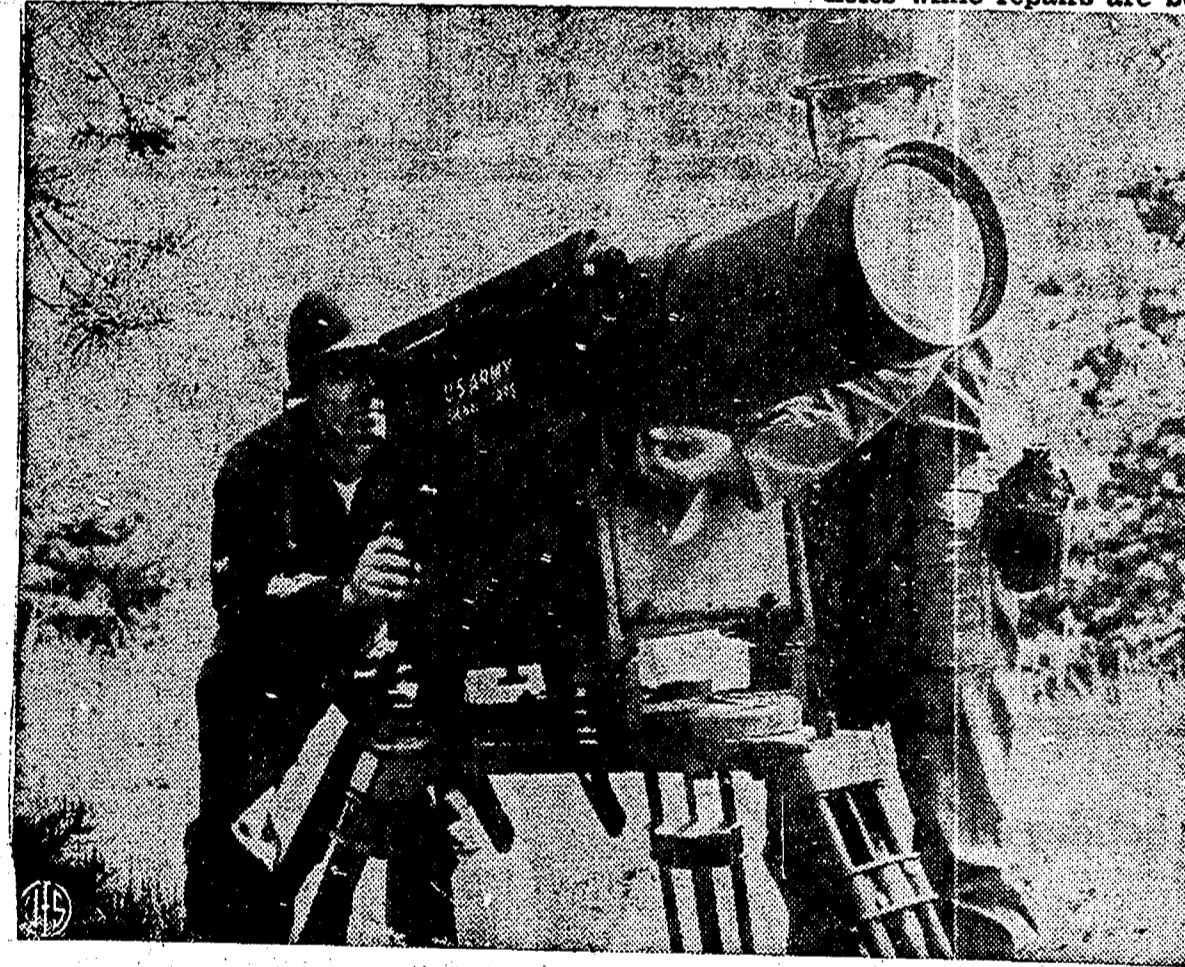

The Mountie and his horse make a colorful picture subject for American visitors to Ottawa, Canada's capital city. In the background is the Peace Tower of the Parliament Buildings.

CREATIVE FIRE—His artistic energy literally at the melting point, 22-year-old Roman artist Gino Marotta scorns oils and brush as he fuses metal with an oxy-acetylene torch to create "paintings" which have already brought him a measure of fame. With his protective goggles pushed out of the way around his neck, he melts a stick of solder onto the lead base of one of his red-hot "canvases."

TWO'S COMPANY — With one of her youngsters slung over her back in papoose fashion, this native woman has more than her hands full as she arrives at a medical depot in South Vietnam. Many new medical stations have been set up in the country to aid in the fight against disease.

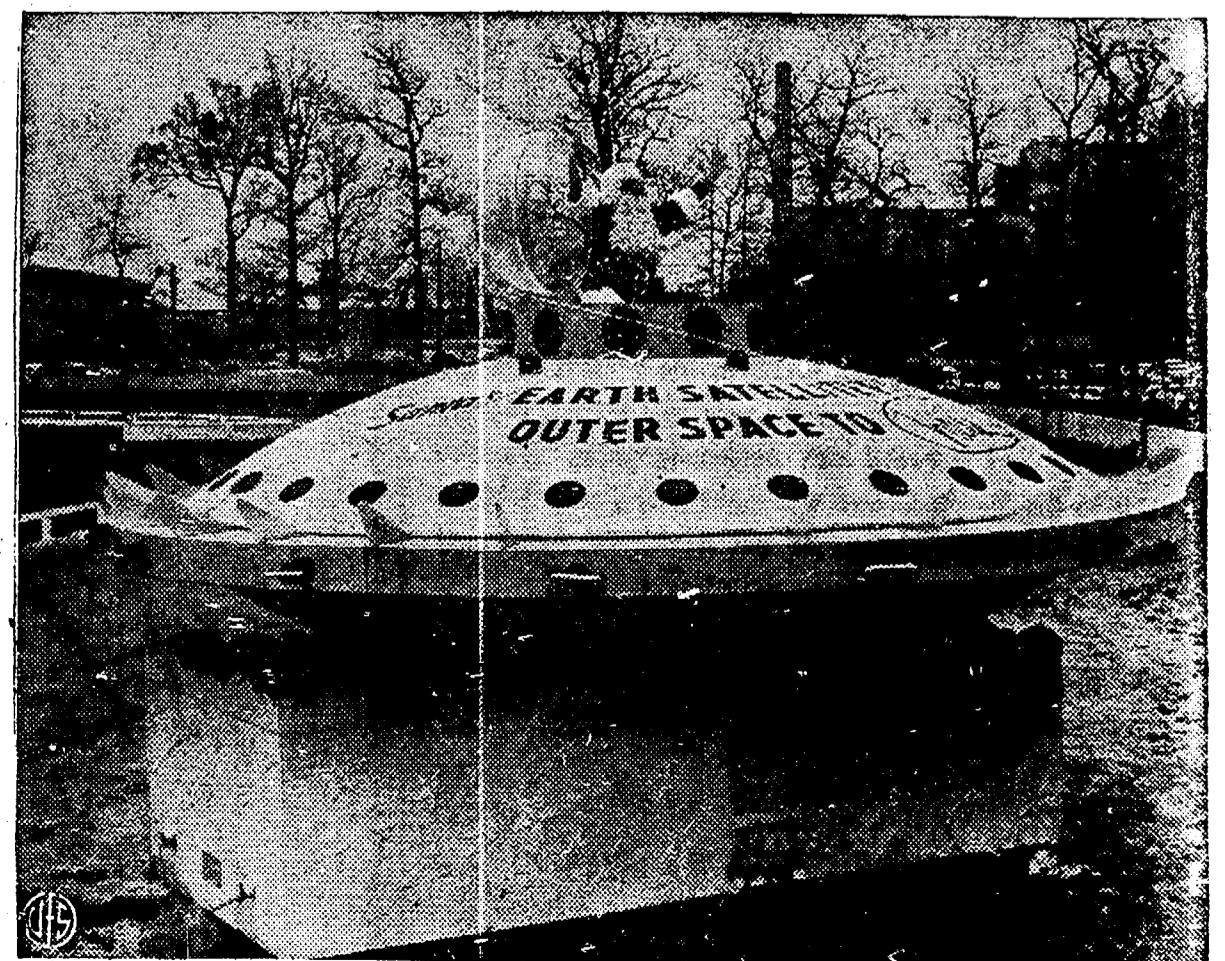

ZOOM, NOT BOOM—Almost howitzer-size, this new 100-inch camera, designed to photograph terrain features as far as 30 miles away, is shown in operation at Fort Monmouth, N. J. Cameraman Specialist 3rd Class John D. Deners, of Syracuse, N. Y., sights through the built-in telescope, as Specialist 2nd Class George A. Paybins, of Brockton, Mass., adjusts the retractable lens barrel. The camera, which will operate in the infrared range, was originally developed by the U. S. Navy Signal Engineering Laboratories at Fort Monmouth, and was designed and built in cooperation with the Kalart Company of Plainfield, Conn.

PEER ON THE DOCK — Leaning forward for a closer view of the proceedings, seven-month-old Paula Gilliam fixes a wide-eyed stare on the photographer after arriving in New York aboard the liner Italia. She returned from Bad Godesberg, Germany, with her grandmother, after visiting relatives, and is on her way back home to Richmond, Va.

PROTECTIVE COLORATION — Taking no chances with trigger-happy hunters, farmer Leonard Watson of Traverse City, Mich., properly identifies his favorite Holstein with bright paint. With the Michigan deer-hunting season open, Watson is hoping for the best as he tries to insure that no sportsman will mistake Bossy for a buck.

SANTA'S SATELLITE—Sleigh and reindeer are old hat for Santa Claus this year, as the jolly old gent makes his first appearance via earth satellite in Allentown, Pa. Sponsored by Hess Brothers department store, Santa zoomed into the Allentown Fairgrounds in a shower of "jet" smoke at the annual Santa Claus arrival party.

Ford Presents Yule Fantasy

The fifth Christmas Fantasy, one of the nation's outstanding holiday presentations, begins Saturday, November 30, at 8:30 in the Rotunda, Dearborn, Mich. Free to the public, the Fantasy features several new exhibits in addition to the many which have proved so popular in the past.

Last year, 641,000 persons visited the Rotunda to see the Christmas Fantasy. In four years, 1953-56, the Fantasy has attracted nearly 2,380,000 visitors.

Upon entering the Rotunda, visitors encounter the largest Christmas tree ever displayed in the world-famous exhibit building. The tree is 40 feet high and its branches are nearly 20 feet in diameter. A Colorado blue spruce, it is called by landscapers a "specimen tree" because of its uniform dimensions.

A Nativity scene with life-size figures occupies the large center court of the Rotunda, providing the religious theme for the show. Represented in the scene are Mary and Joseph, the Christ child, the Wise Men and their camels, the shepherds and their sheep.

Overlooking the scene are two choir lofts, filled with an equal number of singers, from which recorded music in stereophonic sound originates. Periodically during the Fantasy, Detroit area chorals groups present concerts in the center court.

The entrance to the center court is a simulated facade. Carillons in its 40-foot spires ring at intervals.

As always, Santa Claus is on hand in his castle high atop a ramp in the Rotunda outer court, to hear the Christmas wishes of thousands of hopeful youngsters.

Nearby displays show toys being built on the assembly line in Santa's workshop and elves shining his sleigh, and primping the reindeer for their Christmas Eve mission.

New to the Christmas Fantasy is a doll beauty shop that accompanies the display of 2,500 Gocdell dolls dressed by Ford Girls Club members.

Miniature figures in the doll shop operate a sewing machine and iron, while two beauty operators glamorize a pair of dolls.

Also new is a three-ring circus and a bake shop. The circus includes a clown band and performing miniature horses and elephants. Figures in the bakery display knead dough trim pies, mix cakes and bake bread and cookies.

Favorites of other years, carving animals, nursery rhyme and fairy tale characters again are a part of the Fantasy.

Throughout the show, motion picture cartoons are presented in the Rotunda theater. The Rotunda is open from 8:30 a.m. to 9 p.m. weekdays and Saturdays, and from 1 p.m. to 9 p.m. on Sundays.

The building will close at 3 p.m. Christmas Eve when Santa Claus traditionally departs from the Rotunda.

It may be true that money won't buy friends, but it can get you a better class of enemies.

Joan Caplan To Give Recital

Miss Joan Caplan, acclaimed one of the most promising of the young contraltos, will make her first Detroit appearance in a recital on Tuesday evening, December 3, at 8:30 in the Lecture Hall of the Detroit Institute of Art.

Miss Caplan made her operatic debut under the direction of Igor Stravinsky in 1953 in The Rakes Progress and since then has appeared in a number of operas, oratorios and recitals in Illinois, Massachusetts, New York and Washington, D.C.

For her Detroit debut, Miss Caplan has elected to sing Handel's Canto d'Aspetto and Sommi Dei; I Mio Bel Foco by Marcello; Schubert's An Die Musik, An Den Mond, Aufenthalt, Wiegenlied and Der Wunsch; Donizetti's Brindisi from Lucrezia Borgia. Also featured in her program is Siete Canciones Populares Espanolas by de Falla; selections by Duparc, Chausson, Rachmaninoff, Carpenter and Hageman.

Miss Caplan, the daughter of Mr. and Mrs. P. W. I. Caplan of Detroit, was granted an award by the Detroit Music Study Club in 1956 for private study in New York. Her preparatory training was received at the Boston University College of Music.

Some of the operatic roles in which Miss Caplan has appeared are: Azucena—Il Trovatore; Mother—Amahl and The Night Visitors; Dorabella—Così Fan Tutte; Principessa—Suor Angelica. Her repertoire also includes oratorios by Bach, Handel and Mendelssohn, plus song cycles by Brahms, Beethoven, Debussy, Mahler and Schumann. Miss Caplan has worked with, among others, Boris Goldovsky of the New England Opera Theater; Kurt Saffir of the New York City Center.

Using a model rocket Mr. Hamel has his passengers recline and get set for the blast off which will take them on their imaginary, but factual trip.

Of course different phases of the trip provide the passengers with different types of activity. Three dimensional tag occupies much of the time when they are weightless, moon-ball is played on the moon where a home-run would be a hit of over eight-hundred feet, and of all the games high-jumping is the most popular as even the girls can jump over six feet without difficulty.

With words which describe the various sensations which would be encountered in space the children are first very, very heavy, later weightless, and finally when on the moon, feel as if they could jump over their house, a feat which a mere Earthling could never do. Of course all become honorary citizens of Moonville at the end of the journey.

Final Touches Put on Play

The crew of the Grosse Pointe Community Theater production of "Night Must Fall" could be accused of plotting the perfect crime! The set is perfect, the props are perfect, the lighting is just eerie enough to make the scene complete—and it's all a result of teamwork.

The play takes place in a Victorian type English house. One of the key items that has sent the entire Props Committee searching (under the chairmanship of Patricia Sullivan) is an old-fashioned oil-lamp. It has to be large enough to light the scene and small enough to blend with the rest of the decor. Another important prop is an old wheelchair which was borrowed from Children's Hospital.

The lighting committee, under John Butterfield's leadership, is busy creating the dark and murky atmosphere for the murder scene. This committee is also working on the effect of a distant fire which is seen through the windows of the Victorian house. The sound technicians, under the direction of Robert Koebel, are working closely with the lighting crew with such things as the sound of crickets to make the dark night that much more mysterious.

At the moment, the chief problem of the make-up committee, headed by Ted Pothoff, is that of making actress Phyllis Reeve look old enough to play the leading role of the grandmother.

"Night Must Fall" is produced by Glenna Kratzet and directed by Ted Gushee. In addition to the committee chairmen mentioned above, the producer wishes to give credit to the following: Mark Reeve, stage manager; Thomas

Coach Presents Parents With Cage Sneak-Preview

At a "sneak preview" Coach Howard MacAdam's Grosse Pointe Blue Devil basketball team made its first appearance of the 1957-58 season, Wednesday, November 20, and played an abbreviated intra-squad scrimmage for the invited audience of close to 80 guests.

Included in the crowd were the parents of the boys on the varsity squad, the Blue Devil varsity coaches and Paul S. Marks, president of the Michigan State High School Coaches' Association and athletic director of Van Dyke Fitzgerald High School.

The program, something new this year inaugurated by Coach MacAdam, included introduction of each varsity player, a demonstration of standard and newly adopted rules and the introduction of the newly elected 1957-58 co-captains Bruce Boardman and Tom Woodruff.

Explains Rule Changes

George VanderWeyden, new Blue Devil reserve basketball coach, explained the several rule changes which will have a definite effect on the style of play this season. The most important change is the rule on fouls which is designed to cut down fouling. Under the new rule one foul will be awarded without the bonus shot for every non-shooting foul committed until a team has had four fouls called against it.

For example: Team "A" commits four fouls within the first quarter of the game. Team "B" gets only one foul shot if the foul was committed while the "B" player was not in the act of shooting. However, after the fourth foul and until the halftime intermission any foul called against team "A", starting with its fifth foul, team "B" will get the foul shot plus a bonus shot. After the halftime it starts all over with each team being allowed four fouls

before the bonus shot comes into effect.

Another change has brought a new look to the court. Spectators will readily notice the free throw lane has been widened from 6 to 12 feet. This in addition to another revision which prevents any offensive player from remaining in the free throw lane longer than three seconds, with or without the ball, will prevent the big boys from hanging under the basket for easy tip in shots.

Before the "Whites" and "Blues" began the scrimmage, Coach MacAdam outlined the strategy behind the fast-break offense which the Devils will employ this year. He pointed out "the fast break follows a definite pattern and not merely grabbing and heaving the ball downcourt and running like crazy."

Scrimmage Exciting
The scrimmage was an exciting affair, consisting of four six minute quarters, which was won in the final seconds when senior guard Marty Andrews flipped in a field goal and a foul shot to win a thrilling 42-41 victory for the "Whites."

The "White" squad consisted mainly of what is regarded as "first stringers" with the exception of center Rem Purdy who led the "Blues" all the way until Andrews' game winning points. At one stage of the game the "Blues" held an 11-3 lead.
The Devils will open the 1957-58 season with a non-league contest when they travel to Dearborn to tackle the Pioneers, who have dropped opening assignments to the Devils the past two years.

Undeclared 78ers Win CYO Division Title

The 78ers, St. Paul's undefeated grade school team, captured the East Side Division title in the CYO league with eight straight victories to qualify for the CYO city championship game in which they suffered their first defeat of the season. The squad members are from left to right, first row:—PETER PALOMBIT, RICHARD BRUNUW, TOM PRESSLER, C. J. DILAURA, BRUNY SCHICK, PAUL MURRY and CHICK HAINER. Second row:—BRUCE McADAMS,

JACK MARTINS, BILL CAMPBELL, PETER SCHRIEBER, ALFRED FIORY, GARY GHESQUIERE and ALFRED CASTRINE. Third row:—MATT HOFFMAN, JOHN KOLOJESKI, JIM DINGEMAN, DAN RUEN, RUSSELL VAN HOUTEN, STEVE HANDLOS, JACK WACHTER, JIM SCHULTE and STUDENT MANAGER GARY SCHICK.

Pointers' Pin Loop Knotted

After forfeiting three points a week ago and the loss of first place in the Grosse Pointers' Bowling League, Kopp's climbed back into a first place deadlock with Beaupre with a three point sweep over Custom One, Friday, November 22.

League leading Beaupre fell into the deadlock when it managed only two points from fifth place Lakepointe.

Jim's grabbed two points from J. C. Music to stay just a half a point out of first place.

Fox dug itself out of the basement by taking two points from Custom Two, which left Custom One in sole possession of the cellar spot.

Heidi Hi captured two points from Lusch and Piche dropped two points to Stapleton thereby creating a three-way deadlock for the third place between Lusch, Piche and Lakepointe.

Doug Carless topped the 200-plus bowlers with a 245 and was followed by Roy McCarter 238, Frank Taylor 216, Don Piche and Nick Peplinski 214, George Kaatz 211, J. Ventamiglia 210, Bill Stopin 203 and Ed Piche 201.

UNSOLVED MYSTERY
Who, and why, are still unanswered questions, but the fact remains—the telephone receiver in the booth next to Farms Market was stolen last Monday, November 18.

Hunting Camps Almost Extinct

The old deer-hunting camp is almost a thing of the past. So says Warren Chase, chairman of the Department of Wildlife Management at the University of Michigan.

"Although deer camps have been going down in numbers in the Upper Peninsula for several years, it was a surprise to me to find them reaching such a low state during the early days of the deer season this year," says Chase.

"Where we often had six or seven deer camps in 1950, this year we had only two in the McKinley Bridge area of the Au Sable River."

Why is deer-camping declining? Says Professor Chase, "It might be said that deer camping is being reduced because it is a rough, hard way to live. You guessed it. Those once rugged hunters are now living in cozy motels and driving out to the deer haunts in the morning."

"Another reason why there are fewer tent campers is that hunting success has been reduced in this part of the state since 1952. While we used to find seven or eight bucks hanging in the tent camp the first day of the season, we now find that two or three deer have been taken out of the area on the same day."

"A third major reason for lower numbers of deer taken the first day of the 1957 season was because of the weather report that the rain would last over the opening day. No doubt many hunters who had planned to get delayed for a day or two."

"The main reason we may ascribe to reduced hunter numbers in the Lower Peninsula is the opening of the bridge to the Upper Peninsula. No doubt this will make a change in but we numbers from now on but we will not know until after December 1 what the effects have been on this year's hunting."

Pointe Hockey League Formed

A six team hockey league has been formed for boys 15 through 17 years old which will play its games at the Ice Flair Arena on Charlevoix, it was announced by the Grosse Pointe Skating Club this week. Competition will get underway on Thanksgiving Day with a triple header program with the first game starting at 5 p.m. and the others to follow at 6 and 7 p.m.

W. A. Kurz is the manager of the league which is seeking three more sponsors to help defray the cost of the purchase of jerseys and the rental of the rink. Cost of team jerseys is estimated at \$35.00 and rink rental is \$12.00 per team per game.

The schedule of events will be as follows: 2 p.m., Yachtsmen's Fund Meeting; 3 p.m., business meeting; 5:30-6:30 p.m., Commodore Frank Martin's reception and cocktail party; 6:30 p.m. dinner, to be followed by a program of entertainment.

The affair is STAG as always and all members of affiliated clubs are welcome.

The ILYA is one of the oldest yachting organizations in existence, being formed on January 17, 1884 and reorganized March 19, 1894. It is comprised of 72 yacht clubs on the Great Lakes and the inland waters of Michigan and Ohio.

Not Only British Empire

The sun is always shining on some part of North America (clouds excepted). When the sun drops out of sight at Attu, in the Aleutians, it is visible from Newfoundland.

"There still may be some starvation but it is hoped that the food will increase fast enough in the next few years so that we may have as good hunting in this area in the future as we had at its peak."

Record Number of Cagers Answer Call at St. Paul's

"Nothing succeeds like success" the man said, and apparently that is what is happening at St. Paul High School. Forty five candidates answered Coach Eddie Lauer's call for basketball practice and the amiable coach was flabbergasted at the record turnout. It was the largest in the history of the school.

Early practices led Lauer to become a bit more optimistic in his outlook for the 1957-58 season, which will get underway when the Lakers open their league competition against St. Phillip, December 6, on the Grosse Pointe High School court, which will be the home floor for the Lakers again this season.

Five Lettermen Return

The nucleus of the varsity squad will be the five returning lettermen, three of whom were starters last season. They are center Gary Anderson Parker (6-3) and rugged guard Russ Beaupre (5-9).

Rounding out the starting five will be Junior Dave Ayrault (6-2) forward, and Junior Tommy Kolojeski (5-7) guard. Kolojeski, despite his smallness, is a terrific team player, holler guy and playmaker. He is a small package of dynamite that depends on speed to out-manuever his opponents.

The rest of the varsity squad consists of Bob Billner and a host of players up from last year's reserve city championship team who will be battling to break into the varsity lineup. The reserves making their bids are Tim Hutton, John Jantz, Joe Lauer, Miles Dean, Bob Hall, Dave Evans and Bob Bigham.

Big Hole to Fill

The biggest shoes Coach Lauer will have to fill are those of graduated Danny Sheridan who made everybody's all-city team last season. Big red headed Bill Vermeulen's work under the boards will be missed this year as will the spirit and determined play of guard Terry Hutton.

Coach Lauer predicted that "If our boys live up to expectations and play the brand of ball I know they are capable of playing this could be a very good season."

Austin Cagers Defend Title

By TOM LOCICERO
Austin High School will open its bid for its third consecutive Central Division basketball title when it meets Servite on Tuesday, December 3, in the opening game of the 1957-58 season.

Despite the loss of four of its five regulars from last year's championship team, the Friars appear to be the team to beat in the League because of one boy, Dave DeBuschere.

DeBuschere is on of the most talented high school cagers in the state and one magazine rates him as one of the "ten best" in the United States prep ranks. Standing just a shade under 6-6 and weighing 215 pounds, Dave has proven himself to be a magician with a basketball and his coach Chuck Hollisy is banking heavily on this senior as the nucleus of the Friar squad.

Six other lettermen have returned, giving the Friars an experienced front line which will get help from players brought up from the reserve squad which won the reserve city championship last year.

Running down the list of players expected to break into the varsity lineup are:

PAUL MILLER, 5 feet 9 inch senior guard who is ruggedly built and uses his strength and faking ability to outmaneuver taller opponents as he drives the boards.

PAUL KASPER, senior guard who has experience in his favor.

GARY RUPRICH, junior guard with some experience and shows a remarkable ability to learn fast and is developing rapidly. His best shot is a deep two hander which is necessary to open up the opponents defense.

TED HINZ and TOM WRIGHT round out the guard material and will give the Friars good backcourt depth.

RUSS SCHOENHERR, 6 feet 3 inch forward with plenty of

spring in his lanky legs which made him a city champion hurdler last spring. Hits well with his favorite jump shot and should be a consistent scorer.

DAN DREYER, 6 feet 2 inch forward is primarily a jump shooter and is big (180) and rough under the boards on rebounds.

MIKE YELICH, 6 feet 2 inch forward is making a strong bid for a starting berth in the opening game but if he doesn't make it will be held in readiness to take over in case either starting forward fails to hit the hoop with regularity.

Dave Sobecinski, Buddy Johnson, Rich Handloser and Bob Ronzi all are budding forward berths but are inexperienced.

It was difficult to be admitted to membership in the Country Club of Detroit even in 1898 when the club roster held 200 of Detroit's most elite.

The same names appeared in the club directory when it opened its refurbished doors in April of that year as those whose summer addresses were on the lakeshore. The property included that of the old Grosse Pointe Club which stretched along the lake at the foot of Fisher road.

The old Grosse Pointe clubhouse had been redecorated with the latest in dark mahogany woodwork, suitably encrusted, cabbage rose wallpaper and wicker furniture. Club directors had snatched steward Dwight Whitney from the Old Club where he had been a popular figure for 15 years and on April 16, opening day, had even allowed a member of the press to travel out on the new interurban to inspect the premises.

The reporter noted that the opening of the club promised rapid development of the area. Three miles of lakefront road would be macadamized and the railway would run a special track to the club from its station at Fisher road.

Set in 50 acres of ground was the dull green rambling building with its red tiled roof. To the southwest was a cinder track for steeplechasing and across Jefferson 150 acres with the finest 18' hole golf course for miles around.

W. H. Way, a golf pro from England, was engaged to teach the members how to master the course which had an eighth hole that was a "sticker." The golf course ran over the land now occupied by the High School and as far back as Muir road.

There were facilities for swimming, tennis and bicycling and good anchorage for the yachts that seemed to swarm in the area. Visitors could be housed in the commodious sleeping quarters which also boasted four bathrooms. There was a five-bed dormitory under the tower of the club to accommodate bachelors.

The reporter was glowing in his report of the exclusive club just named the Country Club of Detroit with Henry Russel as chairman and John S. Newberry, vice-chairman. On the board were Benjamin S. Warren, Mr. Berry, G. Bethune Duffield, James McMillan, Edwin S. Barbour, John H. Avery and Frank S. Wernecken.

He hoped that the club would pave the way for a long lakefront drive to wind about from the old Avery farm, which had become (and still is) Detroit Waterworks Park. Only Detroit, with its miles of lakefront, lacked a scenic drive along the water. Other cities had beaten this industrial town with drives from 11 to 25 miles long. Now with the Country Club opened it was hoped the drive would be begun the next winter. We are still waiting!

Edward A. Skae, who is quite a collector of vintage cars, in a rash moment acquired the old Grosse Pointe Shores fire engine, model 1927. Now he has no place to garage the antique and is looking for a comfortable home for the treasured relic. Anyone who will treat the gallant old fire fighter gently, please note.

"Auntie Mame" fans in our city are almost as frantic as last season's "My Fair Lady" devotees. When Mr. and Mrs. Harry S. Stahl arrived at the theater the other eve their hearts swelled with pity for the large group from Lansing who had traveled in to see the show only to discover in the foyer that their tickets were for the next night. All the Pointe ladies in the "Auntie Mame" audiences are agog over star Constance Bennett's wardrobe, designed by Travis Banton.

A local lad has earned quite a laurel, playing piano in Europe. Allan Bryant, son of the Clare P. Bryants, of Lincoln road, gave a concert last week for the U. S. Ambassador to Sweden. Mozart and Chopin were on the program along with some of this young artist's own compositions. He is studying at the University of Stockholm this fall.

Just learned that Mrs. Walter B. Ford II simply can't dance with her shoes on. She wears the most elegant of high, high heels on her tiny feet and when whirling to a fast cha cha always removes her shoes to dance in her nylons.

Yuletide shoppers searching for that added attraction for the gal who has everything might take a look at the Cottage Hospital Gift Shop, recently refurbished. Santa Claus dolls are an unusual item for the poppets.

PILFERINGS

An idea for parents who want to give reality to St. Nick on Christmas morning. Make Santas footsteps of red crepe paper or felt, tracing around a man's shoe and then spray the cut outs with artificial snow and place prints near fireplace or doorway to show the tots Santa was really there.

"John, I found this letter in your coat pocket this morning. I gave it to you a month ago to mail."

"Yes, dear, I remember. That was the morning I took the coat off so you could sew a button on it."

A visitor at an asylum was watching one of the inmates pushing a wheelbarrow upside down.

"That's not the way to push that thing," said the visitor, "you've got it upside down."

"Oh, have I?" answered the lunatic. "I used to push it the other way, and they put bricks in it."

Pointers of Interest

MR. AND MRS. DON SIMMONS, OF ROSLYN ROAD

By Patricia Talbot

Elvis Presley is "an unfortunate passing fancy" and in time he will be forgotten by his firmest fans, so says Don Simmons, who ought to know, for he teaches these same fans music at Parcels Junior High School.

Mr. Simmons and his charming dark-haired wife, Pat, began making music together at Knox College in Galesburg, Ill., and they are still at it. This season they have taken on their biggest chore yet, the Grosse Pointe Community Chorus.

Our Pointer is this season's new conductor of the chorus which will give a Christmas concert at Parcels on Sunday, December 8 at 3:30 o'clock. Mrs. Simmons sings alto in the chorus when she's not baking cookies and tending young Elizabeth and Kim.

By the Old Church Organ Both the Simmonses play the piano and in their small, snug music room is a fascinating old reed pump organ, relic of Mr. Simmons church going days as a lad in a small Illinois town.

Although Mrs. Simmons sings a true alto, she trained to be a newspaper woman and her big responsibility with the Community Chorus is directing publicity.

And she hasn't given up writing for housework. This Christmas the Grosse Pointe Congregational Church choir will present her adaption of Henry Van Dyke's "The Other

Wise Man" with appropriate carols and hymns.

The church has meant a great deal to the Simmonses since they came from the University of Illinois where Mr. Simmons studied, and where he reports summers to work on his doctorate and where he earned his master's after a stint in the Army.

Church Choir Conductor He is also conductor of the churches three choirs which takes up Thursday afternoons and evenings. The Community chorus rehearses on Tuesday evenings. The Church concert for the holiday will follow fast on the dying notes of the Community chorus offering, for it is scheduled for December 22.

Christmas is the busiest time of the year for this musical pair. Along with special rehearsals for the two concerts they plan a caroling party or two at home around their organ. They usually have two groups, one of them faculty husbands and wives, during the Yuletide, and Mrs. Simmons bakes Christmas goodies for days in preparation for these two parties. Not content with all this merrymaking the Simmonses and the church choir do some door to door caroling in the old tradition.

Easy to Join Chorus In spite of the fact that there are no auditions for the Grosse Pointe Chorus seldom does anyone turn up with a clinker. There are few requirements to join. You must be over high school age and love to sing. That's it. And there are now 97 tenors, altos, sopranos and basses tuning up every Tuesday.

"We have more trouble encouraging people to sing than keeping them quiet" says the conductor, when asked if he had any trouble weeding out the monotones. Voices blend so successfully

in the chorus and choir that Mr. Simmons directs because these Pointers enjoy making music. His job as vocal teacher at Parcels poses different problems.

School Glee Club It's sometimes quite difficult to make the rock and roll cultists see any charm in music they're apt to dub square. But there are teen age choral enthusiasts too and this group make up the Parcels Glee Club which will give a concert December 13 to round out the Simmonses' busy calendar.

Naturally this family prefers choral music to all others but they aren't down on popular tunes or artists. Elvis doesn't make the grade but pianist Errol Garner and George Shearing are endorsed as the best of the modern musicians.

With all the emphasis on science and Sputniks in educational circles these days the music teacher has a pretty thin time urging his pupils to see anything significant in their required music courses in junior high school.

What does Mr. Simmons hope to leave with his pupils when they graduate from his music courses? He hopes they will have learned enough about other forms and styles of music than rock and roll so that someday they may want to sing in a community chorus or a church choir, enjoy a symphony or an opera. He is certain they will. Rock and roll is not so earth shaking. In their day the Charleston and even the waltz were equally condemned by parents! Today's rock and rollers may very well be tomorrow's choral singers.

Blount Slades Announce Birth of Grandchildren Mr. and Mrs. Blount Slade, of Edgemore road, are busy greeting two new grandchildren.

On November 14, a son, Kenneth Sean, was born to the Robert W. Slades, of East Lansing. The mother is the former Kennetha Montigel, of Alma. From Oklahoma City comes news of the birth of a daughter, Frances Lee, to Mr. and Mrs. Charles Blount Slade III. She was Joyce Snoodly, of St. Louis, Mo.

WALLET STOLEN Diana J. Egle, 16, of 2110 Beaufait, reported the theft of her wallet to Woods police on Saturday, November 23. She said it contained a check for \$14.85 and a \$5 bill.

Yule Festival Planned At Christ Methodist

The spirit of Christmas will prevail as the ladies of the Women's Society of Christian Service of Christ Methodist Church, East Warren and Haverhill, open the doors of Fellowship Hall for their Christmas Festival. At 10 o'clock on the morning of December 6 all comers will be welcomed. Mrs. A. C. Bobier, bazaar chairman, extends an invitation to everyone to stroll along the avenues of good foods and homemade gifts. Sweets and Treats has all kinds of baked goods on display. The Kitchen Kuppboard is loaded with home-made jams, jellies, pickles and preserved fruits. Don't pass by the bags of shelled pecans, walnuts or almonds and the home-made candy. Santa's Gift Center has the irresistible stuffed Clois and monkeys. To examine is to want the new cook book with its unique illustrations. It contains the favorite recipes of every member. Sewing Lane has a great collection of attractive aprons of all hues and patterns. You will enjoy examining the hand quilted quilts along with their many trimmings. Just to touch those knitted articles is a joy. On the way there are many unusual gifts in the Attic Treasures and among the plants and Christmas decorations. The men wait everybody to stop at their Hobby Shop and see the useful things they have made. The Snack Bar will serve from 11 a.m. to 2 p.m.

Pointe Counter Points

By Pat Rousseau

Kercheval Avenue becomes Christmas Street, when Grosse Pointe's Santa arrives, November twenty-ninth... at four p.m. in the Village. He will be greeted by city officials and will take up residence in his own pink house, located on the corner of St. Clair and Kercheval. He'll be on hand from two to four... afternoons... from now until Christmas. Delightful for the children... convenient for you!

Refreshment for the busy shopper... in the relaxing new atmosphere of the St. Clair Room. This is just the place to stop in the Village for a chat with a friend... while lunching buffet style. Delicious hot dishes... tempting salad plates and sandwiches await you. The new St. Clair Room is located on the second floor in the west end of Jacobson's. You're sure to find a comfortable place, since the seating capacity is ninety-two.

A memorable meeting of fashion and fabric... elastic and wool woven to a narrow stripe... cut sharply for the long legged look... a ski slack hopes to have. These elasticized beauties are imported from Switzerland and can be found in Margaret Rice's Outdoor Sports Shop... second floor. At their best when topped by a reversible parker... fur trimmed or plain. Handsome Norwegian sweaters are handmade and there's a plentiful selection. Just a chic... M.R.'s after-school clothes are the epitome of relaxed chic... details to follow soon.

"The season" is upon us... when dressing to the occasion is a delightful necessity. Here then, are afternoon and evening fashions for half sizes from D. J. Healy. Three gems of a collection... a pale blue silk damask dress and jacket. The latter, is touched with rhinestone buttons... seventy dollars. Lovely lace is represented in popular navy... soft and oh... so feminine! If your preference is crepe a starlight blue ensemble comes with beaded trim... shimmering silver and sapphire... (about fifty-five dollars for this)... are dazzling holiday beauties!

Loveliest luminaries... are the beautiful Christmas lights glimpsed at the League Shop. Tall colored glass cylinders in gem tones of ruby and emerald... or the purest white are trimmed with small golden fleurs-de-lis... others with pineapples. These are filled with wax candles... when they burn away... you can replace the candle... A charming addition to the warm happy glow of Yuletide.

Be SCENTS-ible this year when it comes to gifting! Give fragrance, because it speaks the language of loveliness. Many beguiling variations of precious perfume can be found at Trail Pharmacy from the newest Paris triumph, Christian Dior's Diorissimo expressing the warmth of delicate flowers... to Chanel No. 5... the beloved classic with a champagne sparkle. Arden, Guerlain, Lanvin, Patou and many more are represented. Available in petite purse falcons or luxurious vanity bottles. Be sure to coordinate with colognes, bath powders and soaps... expressly created to say she's lovely.

Starring at home... your own good taste! Whether you're starting to "build" a room... or just looking for a few appropriate accessories to complete it... you're likely to find what you want at Wanemaker's Studio on Mack Avenue. This includes decorative treatments that spell drama... also comfortable ideas for relaxed leisurely living.

Wish upon a Christmas star... for a box with a new figure inside. Well... it's ALMOST that easy. The first step is to call TUXedo 1-7252... Lochmoor Salon of Beauty. They'll give you a pleasant approach to that new figure... the "Relax-a-tron way and you'll get an extra bonus. You'll feel better, more soothed. Doze off while inches and bulges are whittled away... no jolting or jarring. Incidentally, this is the newest most controlled way to spot reduce. Here's one gift... you should give yourself.

Collector's item... one in a hundred... in all the world... and Jacobson's have the twenty-seventh! That's Bronzini's "Imperator"... a tie woven in Europe of pure silk. The design... adopted from details in an Eighteenth Century engraving by the great Piranesi... a helmet embroidered in fourteen karat gold. Magnificently boxed... one hundred dollars. Other fine Bronzini ties from five to fifteen dollars... are products of the same fine craftsmanship and meticulous planning... to be found in the splendid collection of ties... Jacobson's Men's Department.
