

ELM BLIGHT TACKLED AGAIN

HEADLINES of the WEEK As Compiled by the Grosse Pointe News

Thursday, March 6
THE ARMY FIRED its second earth satellite at Cape Canaveral Wednesday. No one knows where it went! Only silence marked the path of the 80-inch space bullet as tracking stations around the world listened for hours for the twin beeps that would mean it was in orbit.
Odds are that it didn't go into orbit. Scientists guessed that Explorer II's radios may have failed, or it might have crashed back to earth. They won't be able to decide what happened for several days.
There was no immediate comment at the Air Force missile test center at Cape Canaveral.

Friday, March 7
THE FEDERAL Reserve Board approved new, credit-easing, reductions in discount rates Thursday, while moves multiplied in Congress to combat the business recession.
The board gave its approval to a reduction in the discount rates of the New York, Philadelphia and Chicago Federal Reserve banks from 2 1/4 to 2 1/8 per cent. Detroit is in the Chicago district.
A board spokesman said the reduction was approved "to make credit conditions still more favorable to recovery." A cut in the Federal Reserve rate has a tendency to reduce interest rates generally.

SATURDAY, March 8
A MARINE CORPS transport plane with 25 aboard collided with a Marine jet fighter off Okinawa Friday night. Both planes plunged into the sea. The planes were flying from the Philippines to the Navy base in Naha and returning to Okinawa after taking part in the joint Philippine-American Operation Strong-back maneuvers.

Sunday, March 9
PRESIDENT EISENHOWER outlined a new two-front campaign against the business recession Saturday. 1) He will ask that Federal funds be used to pay unemployment benefits past the periods now permitted under state laws, and 2) He proposed a multi-billion-dollar speedup in spending for highway, reclamation and other Government projects.
At the same time the President said he was concerned over "the sudden upsurge of pump-priming schemes, such as the setting up of huge Federal bureaucracies of the PWA or WPA type."

Monday, March 10
EIGHT REPUBLICAN senators said Sunday they want the Government to move further and faster to combat unemployment than President Eisenhower has proposed.
A group of House Democrats proposed a 2 1/2-billion-dollar loan program for public works in labor-surplus areas. The President Saturday said he will ask Congress for Federal funds to extend "for a brief period" unemployment compensation payments. However, the eight GOP senators called for an extension of the benefits for the rest of the year.
The eight called for "immediate action on a scale big enough" to halt the recession.

Tuesday, March 11
VICE PRESIDENT Richard M. Nixon said Monday he favors a "substantial" across-the-board tax cut if the economy fails to show an upturn in the next few weeks.
Nixon told reporters, in what obviously was the majority sentiment in the Administration, he is opposed to any "massive" new program of public works.

Wednesday, March 12
THE EISENHOWER Administration is prepared to slash everybody's taxes if business fails to get better soon. This was revealed Tuesday by Secretary of Labor Mitchell in an address to the AFL-CIO's "emergency" economic conference. In that speech he revealed that unemployment reached 5,200,000 in mid-February, up about 700,000 from January.

Library Invites You to Browse and Borrow This Week

National Library Week, being celebrated March 16 through March 22, gives us cause for contemplation—and pause for pride—in our own library facilities. Pictured above, the Central Library, at the corner of Fisher and Kercheval, which recently celebrated its fifth birthday, fulfills the community's needs more than adequately. The handsome building, designed, decorated and furnished by Marcel Breuer, prominent New York architect, has been recognized throughout the country for its practicability, and at the same time attractive, plans. Through the generous contributions of many individuals and organizations in Grosse Pointe, and due to the excellent staff which stands ready to serve, we can indeed take special pride, during the forthcoming Library Week, in our local facilities—and resolve to take advantage of them.

Visit Your GP Library Mar. 16-22 Open House Will Mark National Library Week In Three Branches

Robert M. Orr, Director of Public Libraries for Grosse Pointe, announced the participation of Grosse Pointe Libraries in National Library Week to be held from March 16 to March 22.
"This week," said Orr, "is designed to focus attention on reading and on the importance of libraries of all kinds, from the bookshelves in your home to the vast collection in public and institutional libraries."
"The objective of the week is a better-read, better-informed America," added Orr.
To aid in the observance of National Library Week the Friends of the Grosse Pointe Library will sponsor an Open House, Wednesday, March 19, from 7 to 9 o'clock at all three branches of the Grosse Pointe Library, according to Clark T. Wells, National Library Week Chairman for the Friends.
Wells stated that three local authors, Mrs. Haldeman Finnie, 879 Ellair Place; Mrs. Russell Lucas, 16900 E. Jefferson; and

Princeton Nominates James Lee Prominent Board Member Proposed for College Trustee Board

One of Grosse Pointe's leading citizens has been nominated for the position of Trustee at Princeton University. James Wide-man Lee II, was named at the February 22 meeting of the National Alumni Association in Princeton, New Jersey.
Mr. Lee is one of three candidates for the position in Region III, which comprise 11

states in all. These include the Old Northwest territory, through the Dakotas, Nebraska and Kansas, along with Ohio and Michigan. His opponents are David L. Rike, from Dayton, Ohio and Robert W. Long, of Kansas City, Missouri. The election is currently underway, by mail, and announcement of the outcome will be made in June.
Mr. Lee, Class of 1928, was on the Freshman Gym Team, in the Triangle Club, and served as Advertising Manager of the "Daily Princetonian." He prepared at Hotchkiss and, following his graduation, joined the public relations firm

High Court Rules In Farms' Favor On Parking Lot

Opposition Attorney Announces Intention to File Motion for Rehearing in State Supreme Court

An appeal by the Gabriel Richard School District Improvement Association to prohibit the Farms from using a part of the Richard playground to augment municipal off-street parking, was thrown out by the Michigan Supreme Court on Monday, March 3.

The high court ruled that besides the powers possessed in the Farms' charter, the city under the Constitution and statutes of the State, has the right to lease the property, and that a public question is not involved.
James A. Jameson of 215 Mc-Millan, an official of the Association and an attorney, informed Farms City Attorney Thomas C. Tilley that he intends to file a motion for a rehearing in the Supreme Court.
Suit Began December, 1956
The association started its suit in December 1956, when an injunction against the city was denied by Circuit Judge Joseph A. Moynihan. An appeal against the ruling was filed in May 1957.

Members of the association opposed the development of the strip, when the Farms signed a five-year lease with the Pointe Board of Education, which granted the city the use of the strip in exchange for the Board's use of the city's Pier-Park for its driver-training program.

The group contended, in its Supreme Court appeal, that the Farms has no power or authority to construct off-street parking facilities on the land leased to it by the School System, and that neither the city's parking meter ordinance, nor its zoning ordinance is sufficiently broad enough to authorize the construction of the facilities.
City Has Right
The State Supreme Court ruled that the city's charter gives it the right to lease the property and that Judge Moynihan did not err in refusing to grant an injunction.
Last November 5, the Farms went ahead with the development of the lot, even though the matter was not yet decided by the high court, and completed it recently, less the asphalt topping which should be laid this spring.
At the time, City Attorney Tilley informed the city council that the development of the strip would in no way violate the matter before the court, pending a decision. Any further delay, he said, would be fair to the taxpayers in the Farms, since the School System was already using the Pier-Park and the city was not benefiting through the use of the strip.

THEY TOOK HIS TULIP
Raymond Allor, of Muir road, joyfully called Grosse Pointe News to report that a yellow tulip was in bloom on his premises, the only one of a large bed of the spring flowers to make its appearance.
Later in the day, Mr. Allor reported sadly that "someone" had stolen his brave little blossom. . . .

Annual Event
The Pointe Rotary Club sponsors this event each year to raise funds for its many community services. Money gained through the sale of tickets, concessions and patronage, is put in trust with the Grosse Pointe Rotary Foundation.
While all exhibits will be for sale by the different exhibitors, the club does not share in the proceeds from this source.
Tickets will be mailed to Pointers to help make the coming show the greatest ever.

**Estimate Cost of Police
Radio Change at \$37,000**
The modernization of the Pointe-Harper Woods emergency radio equipment will cost an estimated \$37,000, but in the long run it will be a boon to taxpayers, according to Warren Carson, police radio technician.
Not only will the change bring about better police and fire protection, Carson said, but the repair and maintenance of the system will be kept at a minimum.
He demonstrated this by pointing out that the transmitter that will replace ordinary radio tubes, make it possible for clearer transmission of messages over police and fire radios. Too, he added, on the economical side, where ordinary tubes are guaranteed for up to six

Spraying Required In Farms

Other 4 Municipalities
Have Plans to Combat
Tree Scourge

Once again it's time to deal with the dread Dutch Elm Disease and the five Pointes, each in their own way, are preparing renewed campaigns against the lothsome killer.
out from the Farms office, dated March 10, calling attention to the City "Dutch Elm Disease Ordinance No. 125," which requires the spraying of all Elm Trees on private property.

Farms residents are entitled to deal with their own trees as they see fit. Should they wish to have the spraying done by the City Contractor, checks are to be made payable to Shock Bros. Tree Service Co. The price of \$4.85 per tree will include the application of the two sprays required under the ordinance.

The dormant tree is applied before the tree leaf and the foliage spray is applied during the summer, after the tree is in full leaf.
Those who intend to use the City's Contractor are asked to have their checks mailed no later than Friday, March 21. Those trees between the curb and sidewalks are considered to be on public property and will be sprayed at public expense.

City Ordinance
City Manager Norbert P. Neff, in the City of Grosse Pointe, is sending a notice dated March 15 to his residents reminding them of the ordinance requiring the spraying of all Elm trees on private property.

The City has awarded its bid to Davey Tree Expert Co., who will give the obligatory two sprays for the price of \$4.65 per tree. Again, residents are free to contact a company of their own choosing, but those desiring the City Contractor should have checks in the mail, to 1840 Hillton Road, Ferndale, by April 5.

Park Sprays Its Own
The Park, which does its own spraying, accepted a low bid of \$2,686.55 for 55 barrels of chemical spray, from the Michigan Chemical company on Monday, March 10.

The Department of Public Service personnel, using city-owned equipment, sprays all the elms on public property, and those on private property, if the owners apply for the service.

By undertaking the task itself, the cost to the Park averages about a \$1.20 a spray per tree, both public and private, and both dormant and foliage sprays.
Since it undertook the task of spraying the trees within its limits, the Park has done an effective job of saving its elms.

The Michigan Department of Agriculture has recognized the Park for its effective spraying method, which has kept the city's elm tree loss at a minimum, it was brought out at Monday's council meeting. The Park, it was said, has the least loss of trees in the Pointe.

The Park will begin its initial spraying, dormant, in about two weeks, or as soon as the weather permits. The foliage spraying will be done sometime in August.

Woods Owners Responsible
In Grosse Pointe Woods there is an ordinance, adopted two years ago, which gives residents a 10-day period in which to remove Elm trees that have been pronounced diseased, at their own expense. After the deadline, the City removes them — and charges the tardy owner.

The Woods began spraying their public Elm trees Monday, March 10. Their ordinance does not cover compulsory spraying of private trees.
The Shores has yet to acquire bids, the best of which will spray those public trees on the streets, and in the parks, at the expense of the Village. Under Ordinance No. 91, residents are required to spray trees on private property.

Begin Early Guiding Child Toward Education

Your child may not enter those hallowed ivy walls at the college or university of his choice unless you, as parents, get busy now in his junior high and even elementary school years, and help chart the course of study.

"During the next few weeks, several thousand Grosse Pointe Public School students will decide on their future plans of study," Dr. Bushong said. "This is the time of year when plans for the next year, or in many instances, for the next three or four years, must be made."

With colleges and universities having constantly higher standards, it is paramount that students start well in advance of entrance dates to get themselves properly prepared.

For instance, ninth graders must decide now whether to prepare for college or for another career. If they are college bound, they must make up their minds about the kind of college they want to attend and what profession they will aim for.

By the end of the eighth grade, students must make a choice between Algebra and Higher Arithmetic for the ninth grade. Those who are planning on going to an institution of higher learning ordinarily take Algebra at this time. Also, some must begin study of a foreign language, Latin and French are offered in the ninth grade. Spanish or German may be taken later in high school.

Sixth and seventh graders are also making choices at this time. Present sixth grade students have been thinking about their plans for entering junior high school for several weeks. Most of their course of study is prescribed for them, but they do have their first opportunity to choose a part of their curriculum.

Two hours per week of electives may be selected from a list of subjects and activities such as chorus, dramatics, boys' cooking, girls' shop, study, service, band, and others. Seventh graders make essentially the same decisions about their eighth grade program.

"Parents are tremendously important in these decisions," Dr. Bushong said. "Our teachers and counselors cooperate with the student in their planning and are always ready to advise to the best of their ability. However, they cannot replace the parents or substitute for them. The best results, and we have plenty of evidence to support this statement, occur when the pupil, the parents, and the teachers and counselors, all unite to make these important decisions."

"Our chief concern, as educators," he stated, "is that each child have the opportunity to perform to the ultimate of his ability. We can advise as to the potential or the limitations each of our students possesses, but the final decision as to the child's goals necessarily must be made by the parents and child."

The public schools administer a battery of tests to all eighth grade students early in the year, the Superintendent said, which identify different aptitudes and skills. Strengths and weaknesses in several key areas of knowledge can be pinpointed and often these will point out clearly the field in which a student stands the greatest chance of success. Parents are invited to come in and look over the results of the differential aptitude tests so that they can better understand the capabilities of their child.

The Superintendent pointed out that at all of the grade levels under discussion, each child must have his parents' approval of selected courses. Parents can raise questions regarding the child's proposed course of study. After they have approved, they are asked to sign the enrollment forms and to furnish other pertinent information about the child's career.

Radio Cost

(Continued from Page 1) local use, and the third for fast communication within a 35-city area.

The use of the local transmitters are alternated every 24 hours, Carson said, that is, one is used during a 24-hour period, and then the other. The base station is located in the Farms police station, since the Farms is the managing municipality by virtue of an agreement signed by the other Pointes and Harper Woods.

This location is expected to be switched to the Farms, old DPW shed at the rear of the police station. This will afford more room for the equipment and for a larger repair shop. The normal budget for the operation of the base station, for replacement equipment, technician's salary, and so on, is about half of what it was when the radio was operated by the Grosse Pointe Township back in 1949, Carson said. At that time, it took five persons to maintain the system at a peak.

He presented a brief history of the system: Radio station WRDR was started in 1930 by the Grosse Pointe Township for the Villages of Park, City, Farms, Shores and Lochmoor (Woods) with WCK, Detroit, and WMC, Highland Park sharing a common frequency with the Pointe radio, 2414 kilocycles.

The staff for the base station, located in the City's pumping station at Neff and St. Clair, was one chief and four operators. Mobile units were using dry battery receivers.

In the fall of 1936, a two-way radio system was established with self-exciting units. About this time, the City withdrew from WRDR and started its own radio station WQMT.

In 1937, WRDR moved its base station to 1006 Vernier road, and in 1938, changed its operating frequency to 2466 kilocycles, a local clear channel, because of interference from Detroit and Highland Park.

In 1948, the station changed this frequency to 155.13 Mc. FM, its present type of equipment.

WRDR stopped its operation on July 21, 1949, when the inter-municipal was put into effect, and became KQA-473, and is operating at the present time with two base station transmitters in the Farms police station. The City returned to the fold about this time. The repair and installation location was switched from 1006 Vernier to the Farms in 1951.

Harper Woods joined the system in 1951.

Race Driver to Talk On Traffic Safety at GPHS

An educational highway safety program, which will have been presented to nearly a million students in 1,400 high schools throughout the country by early spring, will be brought to Grosse Pointe High School on Friday, March 28, by a famed Indianapolis Speedway race driver.

Lecture teams of international known track veterans are in their third year of personally taking to teenagers the expert instruction on safety derived from their unparalleled motoring experiences on the race track and on the highways.

Rodger Ward, who began his career in 1946 after flying P-38's in World War II and has raced in the famed Indianapolis Speedway classic seven times, will conduct the lecture-demonstration here. He is one of a team of seven famed race drivers visiting the nation's schools. He will illustrate his talk with a racing film, a flannel-board demonstration and with selections from his own racing experience, comparing race track situations to highway driving.

He will, upon request, give student cars a safety inspection, advising on detection of functional defects that could lead to traffic accidents.

Educational, civic and law enforcement officials who have observed the impact of the safety lectures and films upon assembled students have given it unqualified written endorsement, citing the program for its objective, constructive and wholly non-commercial approach.

The program was developed to supplement the work of secondary school educators in emphasizing the safe driving theme. The nation's top race drivers — Indianapolis Speedway veterans — were selected in order to gain and hold the attention and respect of students.

Mr. Ward, one of the most active race drivers in the business today, finished eighth in the Indianapolis classic in 1956 and qualified for the exclusive Champion 100-Mile-an-Hour Club, reserved only for those drivers who have completed the "500" miles without relief and at an average speed of more than 100 miles an hour.

During the 1957 championship season Ward won the 100-mile race on the asphalt at Milwaukee and then captured the 100-miler on the dirt at Sacramento, California. He will drive the Wolcott Special for the second straight year in the 1958 Indianapolis 500.

The Open House will be held at the Central Branch, 10 Kercheval; Park Branch, 15430 Kercheval, and Woods Branch, 20600 Mack. Refreshments will be served.

Training for Safety

M. W. CHAMBERLAIN, of Roslyn road, turns over to D. B. Vaner, Michigan State University vice president, one of two Dodge Custom Royal Lancers to be used this year in a special highway safety study program. Chamberlain, manager of sales for Dodge said the cars will be used to train school counselors and professional driver training instructors from all over the United States.

Library Offers Italian Film

On Friday night, March 21, at 8 o'clock, the Grosse Pointe Public Library, in co-operation with the Friends of the Grosse Pointe Public Library, will present a film of great interest to adult residents of the community.

The film will be the much-honored Italian BICYCLE THIEF, produced and directed by Vittorio De Sica, with a story and screenplay by Cesare Zavattini, the team that also produced SHOE SHINE and THE GOLD OF NAPLES.

The story of THE BICYCLE THIEF is a simple one. A man gets a job pasting up movie posters on the walls of Rome. Someone steals the bicycle he needs for the job. With his little son he goes looking, through a city overrun with bicycles, for the one which means to him steady work and food for his family, and a chance for self-respect.

LIFE says of THE BICYCLE THIEF: "Out of this desperate search and the pathetic little tale of daily life, Director Vittorio De Sica has made the most affecting movie in many years."

"The last scene, in which the boy slips his hand into the hand of his brokenhearted father, is probably the greatest movie wrench since THE KID." De Sica picked the actors for

THE BICYCLE THIEF out of the street.

To play the father, he found a metal-worker named Lamberto Maggiorani, whose harassed face perfectly expressed the helpless fury of a man lost in a world too complicated for him.

For the sturdy little ragamuffin son, he found 7-year-old Enzo Staiola and taught him to give one of the best performances any child actor has ever given on the screen.

THE BICYCLE THIEF was awarded the Grand Prix at the Belgium World Film Festival, seven Silver Ribbons at the Locarno Film Festival, The Best Film of the Year by the National Board of Review, and the Best Foreign Film of the Year by the Academy of Motion Picture Arts and Sciences and the New York Film Critics.

The BICYCLE THIEF will be shown in the second floor meeting room of the Central Library located at Kercheval and Fisher. No reservations are necessary, nor are tickets required. The film is not recommended for children under high school age.

SHORT-CHANGED It may be true that every man has his price—yet many of them give themselves away.

Thief Invades Gas Station

The thief who broke into a Farms gas station on Monday, March 4, took loot totaling \$240 in goods and cash, according to a report made to Farms police.

Carl Gruber of 2213 Stanhope, told the Farms detective team of Sgts. Jack Paisley and George Van Tiem that the burglar stole six white wall tires valued at a total of \$216.60, about \$23 from the station's cigaret, candy and coke machines and a pair of gold rimmed sunglasses worth 75 cents.

The detectives said the thief entered the place by breaking a rear window glass, and climbing through the window.

Gruber said the station was closed by an employee, John Callon of 5866 Bewick, Detroit, at 10 p.m., the previous evening, and opened at 7:30 a.m. on Monday, by Jerry Grinn of 5280 Manistique, Detroit, who discovered the break-in.

The money was in dimes and quarters, the detectives said.

Drivers Given Stiff Penalties

Two motorists were given stiff penalties by Woods Judge Don Goodrow on Monday, March 10, after they were found guilty of reckless driving.

Thomas Baumeister of 541 Neff road, paid a fine of \$50, and Robert E. Saunders of 22931 Caroline, St. Clair Shores, was fined \$75. In addition, both were ordered placed on one year probation, during which they are forbidden to drive.

Judge Goodrow said that the alternative to the fines was 30 days in the Wayne County Jail, and that each violator paid the fine.

The fines varied, the judge said, because Saunders was the greater offender.

The two men were arrested on March 2, for racing on Mack avenue at speeds up to 65 miles an hour. Woods police apprehended Baumeister, but Saunders drove down a side street toward Harper avenue, with police chasing him at 80 miles an hour.

Runaway Auto Slams Tractor

An "unattended" automobile can prove a dangerous delinquent, indeed—as was demonstrated Monday, March 3.

Richard Whitford, of 338 Rivard Blvd., parked his car at the rear of 17000 Kercheval avenue and, while erranding, the unwatched wheels began to roll.

Feeling free, they continued down the driveway and across Notre Dame into that of the Shell Oil gas station. Helpless, Joseph Jacob Miller watched in amazement as the reckless run-away slammed into his Mack tractor, which was unloading fuel at the station.

No tickets were issued as neither driver could be found at fault!

Owner Dog Training Class Begins Tuesday at GPHS

Many of our well-behaved canine citizens are the product of Owner-Dog Training classes offered by the Department of Community Services of the Grosse Pointe Public School System.

Instruction is provided by the Southern Michigan Obedience Training Club, whose member instructors have all had the experience of training their own dogs, and make a hobby of instructing others in their proven techniques.

This program was established ten years ago as a service to residents of the Grosse Pointe School District; and was the first of its kind to be offered as an adult education course.

Based on exercises approved by the American Kennel Club, the degree of success attained in the training of a dog depends entirely on the handler's interest and willingness to follow instructions and practice faithfully.

Head instructor will be Donald M. Carson, who has served in this capacity for some years. Mr. Carson will have five assistant instructors, all local, representing S.M.O.T.C.

for any dog six months or older, regardless of ancestry or pedigree. This course is primarily for adults, however, children 12 years or over may enroll if their parents will assist in their guidance.

Classes are limited in enrollment and advance registration is required. Further information and class reservation may be obtained by calling the Department of Community Services, TUxedo 5-3808 or TUxedo 5-0271.

Waldron Aids Medical School

Rep. Robert E. Waldron (R-Grosse Pointe) introduced a bill to the legislature recently which, if passed, will give additional funds for increasing the enrollment of WSU.

This is the second time in two years an effort has been made to expand Wayne's medical school in the wake of a growing doctor shortage.

Other bill sponsors are: Representatives Kenneth N. Sanborn (R-Mt. Clemens), Sterling Eaton (R-Plymouth), Delmont L. Chapman (R-Newport), John M. Sobieski (D-Detroit), Frank D. Williams (D-Detroit) and T. John Lesinski (D-Detroit).

Cost of expansion would be approximately \$285,000 for additional instructors and equipment during the first year. Additional money would be required during the first year as more students are added until the fifth year when the cost would be an estimated \$964,000.

If Wayne is given the go ahead by the Legislature this spring, College of Medicine officials say the extra 50 students can begin classes in September, 1958.

Cub Pack 39 Wins Awards

At the monthly meeting of Cub Scout Pack 39 there were many new faces and a great feeling of excitement among those present. Thirteen boys were to be inducted as Bobcats and every boy had a look at anticipation, waiting for the ceremony to begin. Marching into line before their Cubmaster, the Cub Scouts kept strict military position and stood at attention during the Pledge of Allegiance and roll call.

Den 5 formed the traditional Friendship circle of Indians, filling the background with drumming as they sat around the teepee. The full dress ceremony, with Tottien Poles and candles burning officially, reminded all of the meaning of Cub Scouting. As the recruits were inducted, oaths and promises made, they were reminded of the meaning of CUBS. C is for Courtesy, U is for Unity, B is for Bravery, and S is for Service.

New Bobcats in this pack are: Gregory Thom, James Babcock, John Harding, Duane Mertz, Wm. E. Sneathkamp Jr., James Schwartz, William G. Harz, Michael Kupiec, Robert Zink, Michael La Grasso, Danny Clough, Charles Long, and Peter Curl. New Den Mothers are Mrs. Babcock and Mrs. Sneathkamp.

Awards were given to many boys, showing the new recruits the possible achievements they may attain. James Lane in the Webelos Den received his Lion badge; Tom Ryan, Lion badge and gold arrow; Michael Prendergast, Lion badge; Gerald Walker, 2 silver arrows in Lion rank.

In Den 4—Mark Wilk received his Bear badge, 1 gold and 1 silver arrow; Dick Ray, Bear badge and 1 gold arrow; Jimmy Balames, 1 gold arrow and 1 silver in Bear rank.

In Den 5—George Nolte received his Bear badge and 1 gold arrow; Christopher Seylor received a Bear badge. Den 6 had many achievements—Jerry Fannin, Bear badge, 1 gold arrow; Jimmy Danaher Bear, Skip Kasper, Bear; Bill McCoughrin, 1 gold and 1 silver in Bear; Donald Tapert, Bear, 1 gold arrow; Jim Nyman, Bear, 1 gold and 1 silver arrow.

In Den 3 Gregory Duke was awarded 1 gold and 1 silver arrow in the Wolf rank, but was unable to attend because of a tonsillectomy.

Admitted to the Webelos rank are Michael O'Brien, Greg Grenzke, and Craig Jennings. One year pins were awarded to Frank Saverino, Gregory Duke, Donald Diedo, James Maples and Gerald Fannin.

Monteith PTA Plans Events

The Monteith P.T.A. will hold their next meeting on Thursday, March 20. There will be room visitation from 7:30 to 8 o'clock.

Following that there will be an election of officers for the next year and a short business meeting. The Boy Scout Troops sponsored by the Monteith P.T.A., will present a short program, including a presentation of the colors.

The speaker for the evening will be Dr. Marshall Jameson, Principal of Monteith, who will speak on the Ungraded Primary Plan, which was started by the school last September. Since this plan is relatively new to most of us, I am sure all parents will find this program very informative.

A preview of coming attractions to be presented by the P.T.A., includes a Variety Show to be put on by the teachers and personnel of Monteith. Watch for further developments.

Naval Officer To Give Talk

Captain W. C. Mott of the U. S. Navy will fly from Washington, D. C., to talk to the Kerby Parent-Teacher Association on Monday evening, March 17. The featured speaker is the legal advisor to General Nathan Twining, Chairman of the Joint Chiefs of Staff.

Captain Mott also served as legal advisor to Admiral Radford when he was chairman of the Joint Chiefs of Staff. He has served as Naval Aid for former President Truman at the time of the Potsdam Conference and participated in those conferences. His topic for this important meeting will be "Education and Defense."

An added feature of this meeting will be the presentation of a brief program of choral selections by the fifth and sixth grade classes under the direction of Mr. Mendel Lacoatsky, Kerby elementary music teacher.

Classrooms, with a number of exceptions, will be open for parent-teacher visitation between 7:30 p.m. and 8:00 p.m. Mrs. Kyzivat and the fifth and sixth grade teachers will be unable to meet with parents at this time due to program responsibilities.

Following the general meeting, a social hour for parents and teachers will be held in the gymnasium. Mrs. William Briscoe and Mrs. John Cudia, Jr., have selected Girl Scout Troop-1596 to arrange for table decorations.

Mrs. Ford Ballantyne, Mrs. F. Parker Colby, Mrs. Theodore Colliard, Mrs. Louis Dingell, Mrs. Walter Graham, Mrs. Leonard Hooper, Mrs. Phillip Jennings, Mrs. H. Ripley Shem, and Mrs. Charles Wright will serve refreshments during the social hour.

Defer Parents To Aid School

Defer School P-TA will present its Fourth Annual Pancake Supper on Monday, March 17, from 5:30 to 7:30 o'clock in the school gymnasium.

In keeping with the spirit of St. Patrick's Day, the highlight of the evening will be youngsters from Mrs. Dorothy Hynes' gym classes dancing the Irish Reel.

About 24 children, from the home rooms of Mrs. Vera Haney, Mrs. Emelia McLean, and Mr. Richard Morshead, are expected to participate. The groups will dance starting at 6 o'clock, and will appear at half-hour intervals, with the finale at about 7:30 o'clock.

The annual pancake supper is Defer P-TA's only fund-raising event for the year. Proceeds will benefit Defer School, Girl Scouts and Brownies, Boy Scouts and Cubs.

Co-Chairmen for the event this year are Donald Kammer and Oliver Wright. Fathers will be assisted by Girl Scouts and Boy Scouts in the cooking and serving of the pancakes and sausages.

Tickets are \$1.25 for adults and \$.75 for children under 12, and may be purchased from any Defer room mother, or arrangements can be made by calling Mrs. Frank Parcels, Ticket Chairman, Valley 1-9305.

Maire to Serve Griddle Cakes

Maire School P-TA will hold a pancake supper from 5:30 to 7:30 p.m. this Thursday at the school.

Chairman of the event is Mrs. W. C. McLaughlin, of Bishop road, who expects several hundred to attend.

What widows can tell you about Wills . . .

Of all the tragic lessons widows have learned, probably the most important is this—

If the husband does not leave a Will, his widow may receive only a fraction (sometimes as little as one-third) of the estate he really intends for her.

In many cases like this, the widow is left with scarcely any security at all—even though her husband meant to leave her well provided for.

Is this what you want to happen? If not, see a lawyer and make your Will soon. Choose the executor with special care. For the executor must be experienced, financially responsible, and, of course, living, and a legal resident of Michigan when your Will is probated. These qualifications are assured when The Detroit Bank and Trust Company is named executor. And our fee is no more than the law allows an individual executor. For more details, call us any time. No obligation.

Free! Our 16-page booklet "Why a Will?" answers many questions you may have. Call WO 2-5670 for a copy, or send a postcard.

Poupard PTA Presents Panel

This Thursday, Poupard School will present its fourth PTA meeting of the year on the topic, "How The Home and School Can Work Together." A panel consisting of Mrs. Edward Grant and Mr. Richard Young, representing the parents and Mrs. Marion Newcomb and Mr. J. Scott Fleming, representing the staff, will discuss the problems that arise when the parents and school are not aware of each other's objectives and how these problems can be prevented.

After the initial discussion of the topic by the panel, questions will be taken from the floor concerning any phase of the home-school relationship and the panel will suggest possible avenues of approach to cope with the problems.

Room visitation will take place at 7:30. At 8:00 o'clock the group will assemble in the gym. Refreshments will be served after the meeting by a group of room mothers.

Members of the graduating class of June, 1948, of Denby High School are hoping to have a reunion.

Grosse Pointe News has been asked to urge any members of that class (or anyone knowing of members) to get in touch with Pat Svoboda at TU 5-6237.

Ferry PTA To Hear Prof.

The Ferry School PTA will hold its next regular meeting in the auditorium of the school on Monday evening, March 17. On this occasion the membership will be privileged to hear Wayne University Professor George D. Barahal speak on "Raising Mentally Healthy Children," a topic of great interest to all parents.

Dr. Barahal is Associate Professor of Education and Clinical Psychology and has been associated with Wayne University since 1950. He was earlier Director of Psychological Services at Stanford University as well as Officer-in-Charge of Psychological testing, screening and assigning of thousands of navy personnel during World War II.

Dr. Barahal is the author of numerous articles and bulletins on counseling and guidance. A considerable number of Grosse Pointe teachers have been members of his Wayne University course in mental health.

Visitation of the classrooms will be held in order to provide opportunity for parents to see the work of children, the classroom projects, and to chat with the teachers. The attention of all parents is particularly directed to the fact that such room visitation will be held prior to the auditorium meeting, from 7:30 to 8:15 o'clock.

At 8:15 parents and teachers will assemble in the auditorium to hear Dr. Barahal and to conduct the business of the association. Included among the items of business will be a vote on proposed changes in the Ferry School PTA By-laws. The Executive Board has proposed such changes as are necessary in order to conform with state and national PTA policy.

Following the auditorium portion of the meeting, refreshments will be served by Mr. and Mrs. Lemke, Mr. and Mrs. Hornbeck, Mr. and Mrs. Teague under the chairmanship of Mrs. Cecil Sessions.

At Hannan Y.M.C.A. Judo Class Forming

Both beginners and advanced students of this fascinating art of self defense may enroll in the new class, which will again be conducted by top members of the Detroit Judo Club. Class members who satisfactorily complete this eight week course are eligible to apply for membership in the Detroit Judo Club.

Thanks to Our Neighbor

On the front page of this issue is the news that another worthy, well known Pointe citizen has extended his many interests outside this community and is serving brilliantly on the national scene.

So often these days you hear complaints about the caliber of men serving civically. Groaners wait that the civic-minded are only doing these philanthropies in the interests of their businesses, to build up prestige, to impress the boss.

An overdue pat on the back should be extended to the man who has time for civic responsibilities and really cares whether his town is the best place he can make it to live in, not only for himself and his family, but for his not so energetic neighbor.

The old saw about always asking the busiest man to take on a new job, because he's demonstrated he can get it done, is still true. Many of our most devoted school board members, church officials, council members, organization heads have a dozen irons in the fire.

The Pointe in the past has contributed her sons to cabinet posts, foreign embassies and government commissions. Most of these men began their work here in a small way. The day of the giant is not past.

Great issues still need and receive the attention of our local citizens whose sense of responsibility to their town, their county, their state and their nation never dies.

Letters to the Editor

Editorial Note: This is the second in what we hope will be a series of articles by a reader. The first letter received many favorable comments and we are happy to offer this additional essay.

MUSINGS OF AN OLD MAN

By Fred Karber

I often get a feeling of calm contentment as I sit these long evenings and traverse the channels of memory to the times of long ago. To sit by the fire and listen to the world go by. When the street lights glimmer in the cold air and the auto lights flash by and from the west where there is a cast of yellow in the sky, there comes a murmuring like some huge giant growling in his sleep.

There seems to be a certain feeling of satisfaction in the remembrance of the days long gone by, and in the knowledge that I have lived in perhaps the most progressive years in the history of man.

I remember when men cradled their wheat between tree stumps on virgin farm lands, before the reaper and the binder came to alleviate this toil. I remember when men drove long hours over short distances and ruddy roads to exchange their produce for provisions for the home. I remember when men figured in hundreds instead of thousands. I remember when men were still experimenting with combustion fluids and the automobile was in its infancy. There was no droning of airplanes overhead and electric lights and telephones were a luxury and necessity few could afford. Radio and television were a prophecy and the moon was still safe in that stellar garden above us. Let me then retrace the milestones of past years to the rustic years beyond those rolling hills on the banks of the cedar.

I remember the April planting, the cultivating and the hoeing and the dusting of potato bugs; the work and sweat in the July sun. I remember chasing the hogs out to keep them from rubbing their backs under the old corn crib and running barefoot through the stubble field after a strayed calf. I remember how we had to pick the suckers from between our toes when we came out; and old man Proctor's mellow patch, oh boy! those were the days.

Then came fall. The oak leaves turning yellow and red

and brown, the winter wheat was still green on the upland acres; the corn was shocked, the potatoes were dug and the apples were rotting under the trees. The cows stood chewing by the straw stack and the sheep still nibbling on the barren meadow. The squirrels were hunting for hazels and hickories and the wild geese were winging to the southward.

I remember how I stood shivering in the cold back of the old barn when I helped mother clean the intestines after butchering and then the grinding and the stuffing of the good old homemade sausage.

I remember when dad salted down the pork barrel and the sauerkraut was beginning to foam on top, how I helped slide the cider barrel into the cellar, how the smoke house puffed smoke from the cracks for weeks and it was my chore to keep hickory sticks and corn cobs right handy.

When chores were done and the milking was over, the wood box was filled with chunks for the big round oak stove and I brought in an extra pail of water from the pump to set beside the kitchen stove for the night.

After evening meal I sat for a while under the kerosene lamp chewing an apple and reading something about a fellow named Riley or Carleton until mother chased me out of her favorite chair to start her mending.

Father lit his powerful pipe and greased his boots and told us tales of the northwoods; tales of wild life and hardships of men in the virgin forests; often humorous stories; about a fellow who came up out of the bush and yashed up at the half barrel by the well and complained about the towel on the hook being wet and dirty and the boarding house lady said he was crazy because 25 men had used that towel and he was the first one to kick about it.

Then you shuffled upstairs and stood by the warm chimney and changed into your flannels and crept under a pile of covers and feather pillows to sleep. You slept. When morning came and dad had called upstairs half a dozen times, you picked up your clothes and stood back of the kitchen stove to change. After mother had packed your lunch pail you stumbled, often in knee deep snow, for a mile or two, to the little white school house.

Grosse-Exaggerations

A. PRYOR

"Whence comes solace? Not from seeing, What is doing, suffering, being; Not from noting Life's conditions, Not from heeding Time's monitions; But in cleaving to a Dream And in gazing at the Gleam Whereby gray things golden seem."

(Thomas Hardy)

As a student of radio and television, we have been fascinated for LO these many years regarding the "ratings" compiled by various companies for certain TV shows. We don't know who these self-styled "raters" are... but they are beginning to look like the "Man in the Street" poll... the ones who had Governor Dewey elected President of these United States in 1948... the same characters had Truman unable to carry four States!

The TV polls, as we read them... sway us this way and that. If one reads that the "Soandso" show is the top rated for its time in the Country... we all feel we must look at it... like one feels he must read a "best seller" or be considered a jerk. One of the things that really surprised us was that although the "I Love Lucy" show was TOPS for what seemed like forever, (and they probably were... rating-wise)... one sponsor dropped them because they weren't selling his product.

We discovered something a few weeks ago that gives us goose pimples about rating services... If so happened that a local station had transmission failure one day... in other words, the power went floey, and the station was off the air for about two hours in the afternoon and again for an hour later in the dav. It happened to be "rating week"... so just like nothing happened at all, the ratings came in for that time when there was NOTHING on this particular station, but the ratings turned in were quite good! In short, it would indicate that many people enjoyed looking at a nothing screen filled with snow and for TWO hours, at that! All we can say is that the performer or sponsor who lets ratings sway him one way or the other, is getting ulcers for nothing!

If you ever have occasion to drive downtown and park your car in a certain parking lot... do not be surprised to see the lot attendant practicing golf in between parking cars. This heré now young man has an ambition to be a golf pro but he has to also earn a living while boning up... so his employers have given him permission to have at it on the lot. He started by doing a few chip shots and some haphazard putting... but he is so accurate that the management of a four-story building across the street (with a flat top roof) have allowed him to DRIVE golf balls onto the roof. He hasn't hit or broken anything yet... and he retrieves the balls once a week from the roof. Vive La Americana!

From the mouths of small babes dept. It seems there isn't anything under the sun you can say in front of a child that won't be used either for or against you. Last week, the father of a five-year-old came home after work and not finding his wife in her usual place in the kitchen... asked the child where his mother was. The youngster replied: "She's upstairs in bed catching Asian Flu." When WE were five years old we could barely say "da-da."

We like new bride stories and this is no exception. This little heroine who was have her in-laws to dinner for the first time, decided she would attempt to bake a chocolate cake. None of those easy ready mixes for her, boy... she was going to do it the old fashioned way and start from scratch with cook book in hand. She followed the recipe step by step and when she took the cake out of the oven it was but dreamy, as to looks and odor.

However... when she started to cut it into slices, the knife refused to cut clear through. After trying every implement in the kitchen to slice it with... her helpful husband found that the waxed paper she used to line the baking pan with... was all confused with the cake and NOTHING would cut through it. Ah me!

This reminds us of the first time in our lives we attempted to make Italian spaghetti for a beau we had an eye on. He brought his two sisters to our house for dinner and since they were spaghetti lovers, we tracked down an old time recipe for sauce that was out of this world. It took us all day long to prepare it and we were so afraid something might go wrong... that we stayed in the kitchen for HOURS, hovering over the stove.

Everything was set finally... and we knew our piece de resistance was going to be sensational. Just one little teeny-weeny mistake ruined the evening. The so-called beau offered to carry the large bowl of sauce to the dining room table. Just as he reached the pantry door, the hot bowl became too much to handle... so he just let go with one hand and the entire thing spilled on the floor. We fixed some scrambled eggs... and showed him to the door at an early hour. Wonder what ever became of him??

Let's Dance at Pointe Schools

Get out your dancing shoes and be ready to join one of the classes being offered by the Department of Community Services of the Grosse Pointe Public School System scheduled to begin in March.

Couples may choose between three styles of dancing: Ballroom, Latin American and Square Dancing. Ballroom includes the fundamentals of foxtrot, waltz and swing, with an emphasis on styling, and the Latin American dances include such currently popular dances as the Tango, Rumba, Samba and Mambo.

Elsa and Art Erwin will be instructors. Mr. and Mrs. Erwin have long been considered outstanding teachers of ballroom dancing. Each summer they have attended workshops in ballroom, round and square

dancing in order that they may bring their classes the newest and best in dancing instruction.

Square Dance II will be offered with Wes and Julie Rea as instructors. They will review the fundamentals taught in Square Dance I and in addition will teach many of the more complicated patterns. The Reas are widely known in Square Dance circles, and particularly well-known in Grosse Pointe.

In the Advanced Square Dance class, the current breaks being used at the higher level dances will be stressed. Students will be given the latest square dance patterns, and a limited number of newer round dance patterns will be included. Mildred Brennan will be the instructor for this group. Mrs. Brennan has been recognized as the leading instructor for groups wishing to learn the more complicated "breaks and patterns."

Square Dance II began a 6 weeks course on Wednesday, March 12 at Monteith School. Square Dance IV will meet at Barnes School on Wednesday, March 26 for the first of six classes.

What Goes On at Your Library

By Jean Taylor

Does reading pay dividends? Users of the Public Library believe that it does, not only to the reader, but to the community and to the nation.

To awaken all Americans to the rewards of reading is the aim of the first National Library Week, March 16-22.

This drive for a "better-read, better-informed America" is led by the American Library Association and the National Book Committee Inc., a non-profit organization devoted to the wide and wiser use of books. Major communication media supporting the drive include newspapers, magazines, radio and television.

Support is activated by an acute realization that we live in a complex and difficult time of Sputniks and guided missiles, when we must be well-informed or perish. As John S. Robling, Chairman of National Library Week puts it, "We cannot afford a country of lazy minds-we cannot afford a nation of non-readers."

In Grosse Pointe "The Friends of the Library" are sponsoring this first annual observance of Library Week. The committee under the chairmanship of Mr. Clark T. Wells has given much time and thought to plans for this occasion, and the members are working enthusiastically to bring the Public Library to the attention of everyone in the community during the next week.

The local mayors have issued a proclamation urging local citizens to observe National Library Week, and the merchants are cooperating by displaying posters with the slogan "Wake Up and Read."

The highlight of the week will be an Open House, sponsored by the Friends, Wednesday evening, March 19, from 7:00 to 9:00 p.m. in each of the three libraries. A local author will be at the Central Library, and at each Branch for this occasion. Invitations have been sent by the Friends to the 850 members of this active organization, to all new residents, and are also being distributed

at the charging desks to all library users. We hope everyone will take advantage of this gala week to become better acquainted with books and with the library services.

In our last week's column we mentioned a few of the titles on the recently received list, "Notable Books of 1957," and commented that only one book of fiction was included. Through an error, the first list to reach us lacked eleven titles, three of which were novels. This makes a total of four fiction in the list of forty-one, still a low percentage.

Sybil Bedford's A LEGACY, EDGE OF DARKNESS by Mary Ellen Chase and James Agee's DEATH IN THE FAMILY are the other novels included. Sybil Bedford's book is a period piece of two families in the Germany of pre-World War I days.

Miss Chase writes a warm compassionate story of one day in a fishing village in that part of the country which she knows so well, Northern Maine.

James Agee's posthumous novel tells a moving story of a thought to plans for this occasion, and the members are working enthusiastically to bring the Public Library to the attention of everyone in the community during the next week.

Don't forget to pick up a complete list of "Notable Books of 1957" when you visit your library next week

Rxs... or a Long Hospital Stay By FRED M. KOPP, R. PH. A prescription costs less - far less - than a single day's stay in the hospital. Today, in most cases, just one or two prescriptions are all that a patient needs to get well. But years ago, he would have had to go through a long, expensive session at the hospital. That's why we say: Today's Prescription Is the Biggest Bargain in History

Cinema League Meets Tonight

The Grosse Pointe Cinema League will hold a work shop tonight, Thursday, March 13 at 8 o'clock at the War Memorial Center. Featured will be three films concerning amateur photography techniques obtained from the Photographic Society of America.

These movies include one called "What Your Camera Can Do," showing a great variety of tricks and effects possible with amateur movie equipment.

The second film is "Make Mine 8mm" and the third "Film Titles." The latter produced by the Calvin Company, illustrates the technique and art of movie titling. There will be an open discussion following each movie.

This program is open to the public and anyone interested in amateur photography is urged to attend. For further information contact the Grosse Pointe Memorial Center.

tracts held by the division for the manufacture of components of the B-25 bomber.

A long-time member of the Detroit Yacht Club, Mr. McPhail plans to spend his retirement years in Detroit following a European vacation this summer.

Woods Club Needs Leaders

The Grosse Pointe Woods Community Club now has openings for 1st and 2nd grade boys and girls interested in a small club group. These groups meet weekly after school from 3:30 to 5:00 p.m.

Each group has an adult leader and will be conducted as a club in which the members of the group will help to plan their activities. Activities of groups in the past have included crafts, cooking, games, parties, sports, hikes and special club projects.

Also, adult volunteer leaders and assistant leaders are still needed by the Community Club for the afternoon program. Volunteers work with the recreation groups sponsored by the Community Club and by the Grosse Pointe Woods Parks and Recreation Department. Volunteers ordinarily come once a week and are supervised by the professional social workers on the staff or by part-time paid workers.

Persons interested in these programs can contact the Community Club by calling TUxedo 4-2050, or by stopping in at the Club, 20883 Mack Avenue, Grosse Pointe Woods.

Church to Hear UAW Deputy

A Discussion of "United Auto Workers 1958 Collective Bargaining Demands" will be the featured program of the Adult Discussion Group of the Grosse Pointe Unitarian Church, 17440 E. Jefferson Avenue on Sunday, March 16 and March 23 at 10 o'clock before the regular church service.

Willard Solenberger, economist for the UAW will lead off on March 16 with the union point of view and Mr. Gordon Cook, General Manager of the Hardware Division of the Ford Motor Company will present the management point of view on March 23.

Pointer Heads Teacher Unit

The National Council on Teacher Retirement of the National Education Association will install Augustus J. Christie, Jr., Executive Secretary of the Detroit Board of Education Retirement System, as its Chairman for the year 1958-59 during its annual meeting being held in San Francisco, California, this week.

Mr. Christie, who resides at 1270 N. Oxford road, Grosse Pointe Woods, is married and has a daughter, Suzette who is a student at the University of Detroit.

He has been Executive Secretary of the Detroit Public School Employees Retirement System since 1945 and in this capacity he is responsible among other things, under the direction of the Retirement Commission, for the investment and legislative programs of the Commission.

Common sense would be more common if it wasn't so unfashionable.

G.P.U.S. News Notes

Mrs. Jane Bacon of Grosse Pointe University School will be coordinator of an interesting spring exhibit and Mrs. Hazel Messner of the Grosse Pointe Nursery of Exceptional Children will be its local area chairman.

The J. L. Hudson Co. in cooperation with the Pre-School Association, will present the exhibit in the twelfth floor auditorium, April 28-May 3. Nursery schools throughout the metropolitan area will be contributing exhibit materials selected from the work of the children.

The creative arts exhibit will be one of the five areas of interest shown. Displayed will be ceramics, finger painting, crayon, spatter painting, collages (colored paper forms pasted on a large sheet of paper), dough artistry, sand painting, string painting, blotting, and many, many other techniques dear to the hearts of pre-schoolers.

The real values derived from these are many and important. One thinks of this type of experience as giving the child primarily an outlet to his creativity. This is in part true, but the great reward is that of expressing his emotions. It is an acceptable outlet for whatever he feels. If the product appears artistic so much the better, but it seldom matters to the small fry unless some hovering adult is pressuring for results that can be "shown-off." This is also an area in which the child can be successful and develop self-confidence. If demands on the child at home are heavy, this area of experience can counteract tensions built up before he gets to school. The tangible results of his creations can be hoarded and cherished for as long as it has meaning for him. This gives him a concrete evidence of his success which is so important to emotional and intellectual growth for every human being.

Russell Marshall Tops Aviation School List

Mr. and Mrs. Alex Marshall, of Roslyn road, have received word that their son, T/Sgt. Russell H. Marshall, made the highest average ever made in the Aviation Fundamentals School (Class F).

The letter that informed the Marshalls of their son's scholastic attainments was from C. L. Moore, Jr., Capt. U.S. Navy, Commanding Officer.

Capt. Moore added that young Marshall "has done remarkably well in adjusting himself to the rigid requirements demanded of all in the military service . . . he has been a credit to his school and it was a pleasure to have had him on board."

By the time he had graduated, Russell had made the Honor Roll.

A. C. Beaumonts Jr. Move To Home in Grand Rapids

Grosse Pointe regretfully relinquished one of its popular families to Grand Rapids last Tuesday, when the J. A. C. Beaumonts, of Somerset road, bade friends a fond farewell.

Mr. Beaumont has been selected to manage the Grand Rapids office of the Life Insurance of North America. His wife, Jean, and children Bobby and Julie, left with him last week to settle their new home.

Pointe Dems to Meet At Center March 20

The Grosse Pointe Democratic Club will hold a business meeting on Thursday, March 20, at 8 p.m., at the War Memorial Center. Ted Souris will report on "Party Structure".

When you carry packages, don't always carry them on the same side, suggests Coral Morris, extension specialist in home management at Michigan State University. Spine and shoulder strain may result if you do. It's best if you carry things directly in front of yourself.

James R. Kilpatrick, ace sports photographer for the Detroit News, was winner of the screen porch offered in a contest by the local Squier Screen Company. The drawing took place March 8. Kilpatrick was at Lakeland, Florida, with the Tigers at that time and learned of his winning when he returned here Tuesday.

Oddly enough, Kilpatrick, who lives at 11165 Roxbury avenue, has no porch on which to put the screening, but now plans to build one.

Russell Marshall Tops Aviation School List

Mr. and Mrs. Alex Marshall, of Roslyn road, have received word that their son, T/Sgt. Russell H. Marshall, made the highest average ever made in the Aviation Fundamentals School (Class F).

The letter that informed the Marshalls of their son's scholastic attainments was from C. L. Moore, Jr., Capt. U.S. Navy, Commanding Officer.

Capt. Moore added that young Marshall "has done remarkably well in adjusting himself to the rigid requirements demanded of all in the military service . . . he has been a credit to his school and it was a pleasure to have had him on board."

By the time he had graduated, Russell had made the Honor Roll.

A. C. Beaumonts Jr. Move To Home in Grand Rapids

Grosse Pointe regretfully relinquished one of its popular families to Grand Rapids last Tuesday, when the J. A. C. Beaumonts, of Somerset road, bade friends a fond farewell.

Mr. Beaumont has been selected to manage the Grand Rapids office of the Life Insurance of North America. His wife, Jean, and children Bobby and Julie, left with him last week to settle their new home.

Pointe Dems to Meet At Center March 20

The Grosse Pointe Democratic Club will hold a business meeting on Thursday, March 20, at 8 p.m., at the War Memorial Center. Ted Souris will report on "Party Structure".

When you carry packages, don't always carry them on the same side, suggests Coral Morris, extension specialist in home management at Michigan State University. Spine and shoulder strain may result if you do. It's best if you carry things directly in front of yourself.

James R. Kilpatrick, ace sports photographer for the Detroit News, was winner of the screen porch offered in a contest by the local Squier Screen Company. The drawing took place March 8. Kilpatrick was at Lakeland, Florida, with the Tigers at that time and learned of his winning when he returned here Tuesday.

Oddly enough, Kilpatrick, who lives at 11165 Roxbury avenue, has no porch on which to put the screening, but now plans to build one.

Grosse Pointe News

From Another Pointe of View

By Jack Oliver

There's usually a great deal of activity in the Alfred R. Glancy, Jr., family and though there was a slight slacking-off while Mother had a touch of cold, concert pitch will soon be resumed.

Mr. Glancy (currently bounding about the country, lighting momentarily in Kansas City, San Francisco and Chicago) and his charming wife will be off for the south directly Grosse Pointe University School observes the Easter hols.

With them will go Terry (9), Michael (8) and Peter (5) and their destination is the Bellevue-Biltmore in Clearwater, Fla.

While they're away, daughter Kryns, will be local to work the Glancy horses at Grosse Pointe Hunt Club.

At Ike's Invitation

Dr. Alfred G. Whittaker will be leaving for Washington, D. C., to be present, at President Eisenhower's invitation, at the 10th Anniversary Conference on Occupational Safety.—Dr. Whittaker being a member of the Coordinating Committee of the President's Conference.

Will Mrs. Whittaker be going along? Well, maybe. Meanwhile daughter Joyce has had a houseguest there in the big Whittaker home on East Jefferson avenue: Mrs. Dallas Kendall, of Columbus, O., was here for several days, her first visit to the Pointe.

Wedding Bells

Ex-Pointer Arthur Soper Armstrong, Jr., now of Cleveland Heights, will be arriving Saturday with Mrs. Armstrong aboard the Mercury for a little reunion with his mother, Mrs. Arthur S. Armstrong, of East Jefferson avenue, and staying at The Whittier.

The Senior Mrs. Armstrong has planned a cocktail party at her apartments and then a dinner at London East. Absent from the festivities will be the Alexander Loder Wieners who'll have arrived in Florida by then.

Mr. Armstrong's daughter, Virginia Cox Armstrong (who was here briefly last summer en route to the west coast), will become the bride of Robert Linwood Dettman, of Bayside, Va., at the Pasadena, Calif., home of her maternal grandmother, Mrs. Cox Morrill, on April 19.

The couple will motor east for the large reception the father of the bride will give. From there, they'll speed on to catch a waiting liner which will bear them off to Europe.

After a month on the Continent, young Dettman will report for scientific duties in Denmark. Then, the current plans are, they'll continue their travels, returning to this country via Japan.

Merry Luncheon

There was an especially gay luncheon at the Charles C. Merkel home on East Jefferson avenue the other day with Rolly Rolls, the French pianist-comedian as the honor guest.

(Dr. and Mrs. Merkel had caught his performance at the Detroit Athletic Club earlier in the week and were charmed, it seems.)

As it was during "Franny" Merkel's brief visit here (Continued on Page 16)

Celebrity Series Announce Speakers

Pointe's Popular Lecture Series at the Esquire Theater To Benefit Bon Secours Hospital will Lead Off October 9 with Boris Morros, Hollywood Producer

Grosse Pointe Celebrity Series' 1958-'59 lecture list has been announced and will open at, as usual, at the Esquire Theater on October 9.

Boris Morros, Hollywood moving picture producer, will tell of his experiences as counter espionage agent for the U.S. His topic, "Matching Wits with the Kremlin".

On November 13, Charles Duveen, grandson of the founder of the famous Duveen art dynasty, will speak on "Is America Being Taken for an Art Ride?"

December 11 will find Sydney J. Harris making a return engagement. The Detroit Free Press columnist will speak on "Great Books and Small Minds."

William Laurence is the speaker scheduled for January 15, his subject being "Medical Triumphs Around the Corner." He is the Pulitzer Prize winning science editor of the New York Times.

February 12 brings still another newspaperman, Ernest K. Lindley, associate editor of Newsweek, to the Series. He'll hold forth on "Washington Tides."

Kyra Petrovskaya, celebrated as being "The Toast of Moscow," will talk on her experiences as an actress and of her personal life.

The after-program speaker's luncheons will again be held at Al Green's.

Mrs. Beyer To Head Fair

At the monthly program meeting of the Women's Association of Grosse Pointe Memorial Church Tuesday, March 11 Mrs. Orison S. White, president, announced the appointment of Mrs. Ben W. Beyer as the 1959 Fair Chairman.

Mrs. Beyer and her husband, Mr. Beyer, have just returned from their own "60 Days Around the World" trip. Two of the outstanding highlights of their tour were visits to two missionaries that Grosse Pointe Memorial Church helps support.

They visited the Reverend and Mrs. Paul Dotson in Beirut, Lebanon. Mr. Dotson is head of the Christian Student Center at the American University of Beirut. Two hundred fifty miles south of Bombay at Miraj they visited Wanless Medical Hospital, where Doctor and Mrs. James Donaldson are stationed. Dr. Donaldson is a bone surgeon there.

It is an old but tried and true cliché that busy people can always find time for one more job. Mrs. Beyer counts among her current interests the presidency of Delray Community House Board, the herb garden at the War Memorial Garden Center, and various garden club and church activities. Mrs. White assures us that the 1959 Fair is in very capable hands indeed!

Hospital Gives Benefit Bridge

The Women's Auxiliary of Cottage Hospital will hold a benefit bridge at Grosse Pointe War Memorial at 1 o'clock on March 25.

Mrs. William C. Russell, who heads the new Ways and Means Committee, has asked Mrs. Norris MacDonald to act as chairman of the event. Tickets may be obtained at the Hospital or at Harkness Pharmacy.

Proceeds of all the Auxiliary's projects this year will go for operating and emergency room equipment.

On Monday, Mrs. William Dant spoke before the Gift Guild at the Nurses' Residence, her subject being "Secrets of Salesmanship."

The Kitchen Tour is coming up in May and the Donation Tea in the Fall at the home of Mrs. Arthur H. Buhl, Jr.

Edna Mead Celebrates Leap Year Birthday

Edna Mead, daughter of the Lee Meads, of Harmon Ave., St. Clair Shores, is a leapear birthday girl, having been born on February 29.

This year, she celebrated her 14th birthday on March 1 with a merry gathering at her family's home where there was pingpong, shuffleboard and dancing for her several contemporaries.

High point of the festivities was the big (24" by 24") cake and gifts of an orchid and new skis from her father and the renewal of membership in Don Knapp's Ski Club from her mother.

Pointe Celebrates Scouts Birthday

Girl Scouts and Brownies Throughout School Systems Mark 46th Year with Varied Programs To Continue Through April

Last week was observed all over the United States as Girl Scout Birthday Week—their 46th. Since 1912 when Juliette Lowe founded the first Girl Scout troop in our country three generations, some 12½ million American girls and women, have received Girl Scout training.

Today, three million girls (which means roughly 1 out of every 7 girls in the United States) are celebrating the birthday of their organization and have adopted the theme "You Can Count on Her."

In the Grosse Pointe District, Girl Scouts and Brownies of each neighborhood have planned some type of program to observe birthday week. Some of these programs have already been held, and the others are scheduled for the near future. Barnes School staged an International Friendship Rally on February 26; Defer had a program planned for the end of April; Ferry presented a Folk Festival representing different countries (all in rhyme) on February 27; Kerby had a Father-Daughter dinner on February 27, and a Folk Festival on March 7, and Maire had two Father-Daughter dinners, one for Brownies and one for Intermediate Scouts on February 20 and February 27. Pierce had a program on the Evolution of the camp-fire (depicting cave men, Indians and Girl Scouts) on February 24; Parcels had a Square Dance on February 15; Richard will hold a program the latter part of April (the Girl Scouts have invited children from the Neighborhood House to teach them dances from other countries for their program) and St. Paul will hold a Folk Festival on March 31. St. Clare will have a program of dances and songs from other countries on March 27;

Our Lady Star of the Sea will have a Folk Festival on April 24; Trombley will present a Folk Festival on March 31; Mason has a skit planned for March 14, based on Michigan (there will be a skit on Indians of Michigan, another on the French settlers, others depicting different nationality groups who settled here).

On March 10, Grosse Pointe's three Senior Girl Scout Troops held a Smorgasbord dinner at the Congregational Church. As a guest speaker, they invited Ilona Gerlach, an exchange student from Germany who lives with the Howard Emersons. Miss Gerlach, who is a senior at the high school, spoke about her country. There was also on the program a presentation ceremony of the troops' gift to the World Friendship Fund.

SPRING'S NEW LOOK

I'd like to come out of winter's deep-freezer long enough to observe, etc. that Spring is not too far away. It ushers in officially on Thursday, March 20 at 10:06 p.m., a time when I'll probably be dozing in front of my television set.

It's with Spring in mind that I touch on the modern look of men's wear. It's a more natural concept that goes away with the gaudy, heavy-padded garments of yesteryear.

Today's excellence of styling and fabrics has certainly changed the picture from the days when a lot of men considered themselves neatly dressed if the brass collar-button was fastened at the neck.

While textile bigdames have done wonders with fabrics, another big change is in the silhouette. Suits are trim with shoulders narrowed down, lapels slimmed. Trousers are also proportionately tapered for an over-all trim-line effect.

And rich-hued colors have been subtly handled by fabric stylists to conform to the natural trim-line stylings that men have accepted gladly. Most want their clothes to bespeak success, but I suppose there are also some chaps who just don't want to be classified with baggy-pants comedians.

I think that men should make a visit now to their favorite apparel arena—Kilgore & Hurd's, of course—and make their selections of new spring items in men's wear. Then, let's synchronize our watches and make ready for the appearance of Spring.

Good Way to Eat Apple-A-Day

Baked apples for breakfast. How long has it been since you've had them? On a chilly morning there's something pretty cheery about starting off breakfast with a juicy baked apple, still warm from the oven.

One good way to fix them is to fill the centers of each apple with orange marmalade before baking. If you're a calorie-conscious breakfaster, you'll especially appreciate the recipe given here. It recommends that you use dietetic orange marmalade which has a low calorie count of just 1-1/2 calories per teaspoon. Then, you further whittle calories by sweetening the apples with the non-caloric sweetener, Sucaryl, rather than with sugar. Just with the help of this sweetener, you save nearly 100 calories in every serving!

An apple a day? Whether you believe the old adage, or not, help yourself to some good eating by serving Marmalade Baked Apples at breakfast soon.

MARMALADE BAKED APPLES

- 8 medium-sized red baking apples
- 2 tablespoons Sucaryl solution or 48 Sucaryl tablets
- 2 cups water
- 1/2 cup dietetic orange marmalade

Core apples and pare a thin strip from around top edge. Combine Sucaryl and water and bring to a boil; if desired, add a few drops red food coloring. Place 1 tablespoon of marmalade in each apple; place in liquid in baking pan; bake in a moderate oven (350° F.) for about 45 minutes. Baste occasionally with the liquid.

Makes 8 servings. Each serving contains 79 calories; 0.4 gram protein; 0.5 gram fat; 20.4 grams carbohydrate. If made with sugar, each serving would contain 176 calories.

A small reception for the immediate family was held at the Detroit Boat Club.

Her visit over, Mme Beck will travel to Washington, D. C., for a visit with Julia Childs (Mrs. Childs and Louissetta Bertholle have, with Mme. Beck, co-authored "French Cooking in the American Kitchen," soon to make its appearance on the nation's bookshelves).

Goodwill Show Has Late Sale

When Mrs. Herbert Metcalf and Mrs. Kenneth Reichle, co-chairmen of the 1958 Jr. Goodwill Antiques Show to be held next October, gave a luncheon last week to discuss plans for the coming event they were amazed to find themselves still working on the 1957 show of last October.

A customer, who had spied a certain coveted lamp at the last show, called to say that she had saved enough money now to buy the lamp, and asked for the address of the dealer who had displayed it.

Past files revealed the dealer's identity, and another sale was credited to the 1957 show which is "gone but not forgotten."

NOMA Offers Spelling Tests

During the second semester of the 1958 school year, National Office Management Association, in co-operation with the Business Education Department Heads, Business Teachers and Administrators of the Detroit, Grosse Pointe, Dearborn and Redford Township Public High Schools, will present its annual Spelling Project to 15,000 business education students.

This Spelling Project is not intended to sift out the best speller in the community, but is designed to help the Senior Class High School students to become better spellers.

The Spelling Project is comprised of N.O.M.A.'s Official List of 900 words which is divided into three groups of 300 words each.

The first test of 100 words is taken from the first group of 300. In recognition of the student's accomplishment, each student who spells all of the words of the first test correctly will receive a N.O.M.A. Spelling Certificate.

A student passing the second test, who has already passed the first test will receive a second certificate, referred to as the N.O.M.A. Spelling Progress Certificate.

A student passing all three tests by spelling correctly all of the words of each test will receive three certificates, the third one being the N.O.M.A. Spelling Proficiency Certificate.

According to Mr. Leslie Whale, Supervisor, Business Education, Detroit Board of Education, and Chairman, N.O.M.A. Education Committee the spelling tests will be given in the Detroit and Suburban High Schools on the following dates:

- First test, March 10-12.
- Second test, April 21-23.
- Third test, May 12-14.

It is hoped that this cooperative project will tend to focus special attention on the importance attached to spelling by the employers of our business students.

The winners of all three tests will be announced at a later date.

AMVS Collects \$125,000 Easter Seal Goal Highest Yet

A goal of \$125,000 has been set for Detroit's 1958 Easter Seal Campaign, which gets under way this week.

George A. Kelly, first vice president of the Detroit Society for Crippled Children, which sponsors the sale of Easter Seals, said that the goal is the highest in the history of the society but emphasized the need for more funds.

Said Kelly: "The society needs more money to meet the increased costs of operating its therapy center and in providing the important home-bound services for those unable to come to us for treatment."

"We are also finding that the cost of running our day camps for crippled Detroit children during the summer months are mounting."

"If we are to continue to provide these vital services for crippled kids and to effect the normal healthy expansion of a service of our type, we will need additional funds."

"Certainly in a city of the size of Detroit and one with its world-renowned reputation for generosity, our request is a modest one."

The Easter Seal campaign will open formally Thursday (March 6) when some 300,000 envelopes containing a letter and seals will be mailed by little Johnny Fitzpatrick.

Johnny, 9, is one of the seven children of Mr. and Mrs. R. P. Fitzpatrick, of 13423 Lauder, and is the "Letter Boy" of the 1958 campaign.

Johnny is the "Letter Boy" because his picture appears on the appealing letter which the society is sending to Detroiters. He suffers from congenital joint deformity and muscle deficiency and has been a patient of the Easter Seal society for seven years.

Besides its occupational, physical and speech therapy, all services performed both at the center and at homes, the society purchases such appliances as braces, hospital beds, special shoes and wheel chairs for needy Detroit crippled children and adults. Loans of hospital beds and carts, walkers and wheel chairs are also made.

The society also advances money to handicapped adults for equipment, maintenance and transportation during their training period under the Rehabilitation Act of the State and Federal governments. These advances, which help the handicapped to secure gainful employment, are refunded by the State but the cost of operating the service is absorbed by the society.

The society also benefits crippled children by publicizing their needs, by following through on legislative matters and by aiding local school boards in setting up special classes for them.

Last year the Detroit Society treated 205 children and 59 adults. A total of 6,253 treatments were given these patients at the center and in their homes. In addition, 169 crippled kids enjoyed the summer at day camps and 26 adult trainees received funds under the rehabilitation plan.

William J. Davis, the chairman of the 1958 campaign, urged Detroiters to give generously to their Easter Seal society.

Said Davis:

"We are confident that our friends and neighbors in this great city will respond with traditional charity to this appeal because the Detroit Society performs an important work for crippled children. It cooperates with other agencies but does not duplicate the service of any of them."

"We want the people of this city to know what we do and we are sure that when they do, they will mail their contribution back immediately. In that way they can be sure that the society's personalized program of mercy will continue to benefit all of us by helping those unable to help themselves."

Tasty Eatables Tempt Family

Pleasing flavor and eye appeal in the vegetables you serve your family depend partly on the way you prepare them.

Wash vegetables quickly—don't soak them, suggests Anita Dean, extension specialist in foods and nutrition at Michigan State University. After washing vegetables to be eaten raw, put them in the refrigerator in a moisture-proof container so they become crisp.

Mrs. Dean suggests putting wilted vegetables in cold water for a short time to freshen them. Then drain well and refrigerate.

Vegetables should not be peeled or cut up before storing, as they will lose food value more quickly than if you store them whole. Prepare them just before cooking. Using a sharp knife when you cut up vegetables will help avoid bruising them, which increases loss of vitamins and minerals.

Try cooking vegetables in their skins or else pared very thin, she suggests. Cooking vegetables "in their skins" saves time and also helps retain nutrients.

Center to Give St. Pat's Party

Friday, March 14 isn't quite St. Patrick's Day but it's close enough for the young single adult group at the Grosse Pointe War Memorial. At 9 o'clock they and their guests will check their apparel to be sure they're wearing something green (or orange) and start the ball rolling at 32 Lake Shore. Bill Knicy's band will again furnish the music and there will be appropriate refreshments.

Chief decorator, John Logan, aided by a committee of ten are embellishing the Center with pipes, shamrocks, and top hats. You don't have to be named Flannigan or O'Harrigan to enjoy all the lovely colleens who grace these dances—just put a shamrock in your buttonhole and no one will know the difference. Sure, and there'll be a chance too for the tenors to tune up at intermission time with some of those really heartwarming Irish Songs.

It'll be a grand party and we hope all of you colleens and houligans come.

Toeing the mark is made more difficult each time the mark takes up an advanced position.

Flower, Home Show Opens At Fair Grounds Mar. 22

Large feature gardens will highlight the Michigan Flower and Home Show which will be held at the Michigan State Fair Grounds from March 22-30. There will be more of them and a greater variety than ever before according to Werner Hoy, general manager of the show.

"These gardens will range from the informal to special educational exhibits demonstrating proper landscaping, while others will feature individual varieties of flowers or wild plant life," said Hoy.

One of the largest and most beautiful informal gardens will be that of the City of Detroit Department of Parks and Recreation entitled "Detroit Wonderland of Flowers." It will cover 4,000 square feet and have an emphasis on color.

A path and planted retaining wall two feet high leads to a hexagonal pool in which there will be a bronze statue. In the

background there will be evergreens, flowering shrubs and trees. Color will be added with the planting of Azaleas, Rhododendrons and bulbous plants en masse.

Other flowering material in the garden will be Cotton-easter, Asters, Keiria, Viburnum, Lilacs and shrub Dogwood.

The proper use of building materials as a garden exhibit will be demonstrated in the exhibit sponsored by the Southeastern Association of Landscape Nurserymen.

The Landscape Association of Michigan will celebrate its 30th anniversary at the show with its exhibit "Accent on Modern Outdoor Living" according to Levi Johnson, president.

Devil Natators Grab Share Of Border Cities Title

Grosse Pointe's twice beaten (once in league) swimming team annihilated Highland Park 61-33 in the final meet of the season to grab a share of the Border Cities League title with Fordson. Both teams had identical 9-1 records, each had beaten the other by exceptionally close scores during the dual meet season.

The Devils slammed two of the first four events to take an overwhelming lead and coasted in an easy winner in the Parkers' home pool on Friday, March 7.

A tie for second place in the 40-yard freestyle between John Mertz and Highland Park's Grant Barnes prevented a Devil slam in this event.

Heath Boyer and Mike Grow started off the Devil scoring parade with a slam in the 100-yard butterfly event to give the Pointers a 15-3 lead and a downhill slide to victory.

Les Cutler busted his own pool record in the 100-yard backstroke with a time of 60.6. His old mark set a year ago was 1:01.0. Bob Hill took second to give the Devils their third slam.

The other slam came in the diving when Paul Alcott and Pat Amneus, performing for the last time for the Devils, placed one-two in that order.

Co-captain Cutler became the only double winner when he won the 120-yard individual medley.

The Devils were without the services of their other co-captain Chuck Babcock who was recovering from the flu and breast-stroker Dick Law who was suffering an ear infection. Had they been available the Pointers would have approached a perfect meet score.

Summaries
40-yard freestyle—Gregory (GP); Mertz (GP); Barnes (HP) tied for second. Time 1:19.7.

Sportsmen Retain Lead

The Sportsmen keggers whacked tenth place Lusch for three points last Friday, March 7, to increase their lead to three points over second place Beaupre in the Grosse Pointe Bowling League. Beaupre was nailed for two points by eighth place Stapleton and fell into a two-way second place tie with HiDee who topped Jim's for two points.

J. C. Music jumped from fifth to fourth when it beat Custom Two for two points. Kopp's vaulted from seventh to sixth place with a three point sweep over Piche.

Last place Custom One, buried deep in the cellar, showed signs of life by taking two points from Lakepointe who is next to last but riding a seven point cushion over the cellar dwellers.

Bill Gianios paced the two-hundred plus bowlers with games of 203 and 201. Bill Stopin and Joe Hupfer rolled identical 211's and George Kaatz had a 210.

Boat Banter

Well, it's happened. The State of Michigan has gone and done it again—taxed the boat owner. Back a few years ago it was just those boat owners who were fortunate enough to have a boat that was big enough for moderate comfort and a gallon of gas, who were forced to buy a Boat Tax license.

Now Governor Williams in his desire to bail out the state has "hit" everyone who owns a boat no matter how big or small. Everyone MUST register his boat with the state and pay a two-dollar fee. This is mandatory every year.

Upon payment of the registration fee the boat owner will be given a number which must be painted on the bow of his boat. This brings up the question from those who already have Coast Guard numbers on their yachts. They want to know "do I have to carry two sets of numbers?" The answer is no. The State will give you the same CG number on your registration.

Those who have been paying the boat tax, that was just on boats sixteen feet and over, want to know "do I have to continue buying a boat license?" The answer is yes. Oh, you can't get out of it that easy. You gotta pay both boat tax and registration. For example an owner of a sixteen foot boat now must pay seven dollars instead of fifteen dollars.

One yacht owner asks "what about the dinghy I carry on my yacht, do I have to register that too?" The answer is yes if it is fastened to it. Usually these dinghies are no more than eight feet long. So you see the Honorable Mr. Williams hasn't missed a bet.

If you don't watch out the Michigan law makers will be taxing the wind the "blow boat" sailors use. You think they can't find a way? HAH, just you wait and see.

So get in line and shell out your two bucks before the law looks you up. Besides the State needs the dough so they can hire law enforcement officers to see you abide by the rules when you go out on the lakes this summer for a bit of relaxation.

"Water Wonderland" is the beautiful slogan Michigan adopted a few years ago. It will be very fitting come summer. You will wonder all the time you are on the water if you have broken the law and be picked up when you land. We wonder where it will all stop.

Plan Badminton Junior Match

The Grosse Pointe Badminton Association is going ahead with plans to stage its second annual Junior Badminton tournament on April 19-20, it was announced by President Wesley Thompson.

The tournament will follow much the same pattern as last year and will be held at the Grosse Pointe High School under the direction of tournament chairman Robert Bryant.

There will be Boys and Girls singles, doubles and mixed doubles in both the Under-15 and Over-15 divisions. Thought is being given to forming a midge division for youngsters from 9 to 11 years old.

In the near future entry blanks will be distributed to the Grosse Pointe schools.

Other officials of the Association are Guy Ireland, vice president, and Jim Howard, secretary-treasurer.

The News will carry more information as it becomes available and the committee formulates its plans.

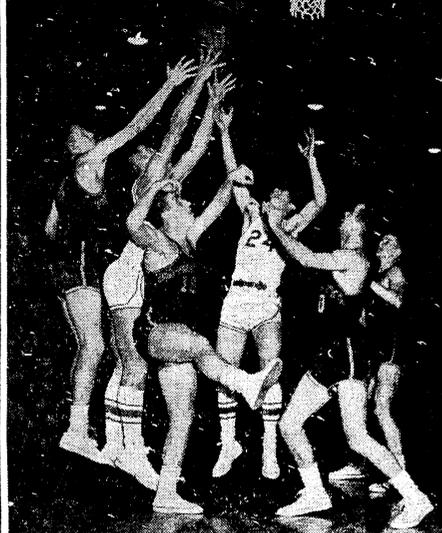

Grosse Pointe's "Big Three" Cage Powers Qualify For Regional Tournament

St. Paul High swept through the Harper Woods District tourney to win the crown for the fifth time in the last seven years. The championship qualified the Lakers for the Class C state regional tournament to be held at Birmingham High. Shown left to right, front

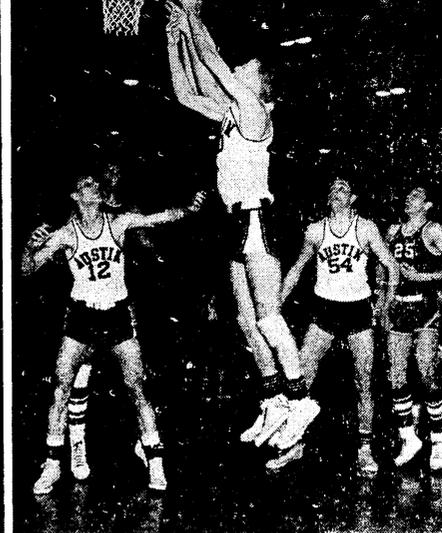

row; Bob Hall, Russ Beaupre, Joe Lauer, Tom Kolojeski, Bob Bigham and Miles Dean. Back row; Student manager Fred Kotcher, Dave Evans, Bob Bilner, Tom Parker, Gary Anderson, John Jantz, Dave Ayrault, Tim Hutton and Coach Ed Lauer.

G. P. Blue Devils

Outrebounding a surprisingly strong Roseville quintet are these blue shirted Grosse Pointe Blue Devils, from left; REM PURDY, BRUCE BOARDMAN, PETE WADE and TOMMY WOODRUFF to give the Devils their second victory 65-54 in the East Detroit District Tournament and a qualifying berth in the Regionals.

Austin Friars

Forming a white shirted ring around the East Detroit basket is TOM PINE, left, RUSS SCHOENHERR and DAVE DEBUSSCHERE, right. It was this trio that stood off a determined but weak East Detroit attack to win 74-44 to qualify for the Regional tourney.

Church League Title at Stake

The Senior Division Championship award will be at stake when Christ Church meets Grosse Pointe Congregational next Saturday.

The two teams are now tied for the number one spot and are looking forward to the tie-breaking game.

Last Saturday Christ Church easily trounced St. Michaels 68 to 17. Christ Church has now won five of their six games, losing only once by forfeit to St. Pauls.

Christ Church's challenger for the league title, Congregational, had considerable trouble downing a stubborn underdog, Grosse Pointe Memorial.

Memorial got off to a one point lead in the first quarter and increased this lead by four points. Congregational made a quick comeback in the third quarter outscoring Memorial ten points to two.

That four point advantage proved to be the difference in the game as Memorial matched them point for point in the fourth quarter.

The final score was 38 to 34.

The Grosse Pointe Woods-Grosse Pointe Congregational game was played under a dual protest. There seems to have been some question as to the height of three players, two on Congregational's team and the other a member of Grosse Pointe Wood's team.

The outcome and results of this game will be determined next week when the players in question will be measured to determine if the height rule had been violated.

Grosse Pointe Methodist scored 8 more points than St. Clare, so as to win the game 19 to 11. St. Clare tried to make a comeback in the second half but failed. St. Michaels and Our Lady Star of the Sea forfeited their game.

Devil Swimmers Bid For State Class A Crown

Sixteen Blue Devil swimmers will accompany Coach Paul Wheeler to Ann Arbor, Michigan this Saturday, March 15, to bid for the Class A crown in the State meet in the University of Michigan's new pool.

Heading the Blue Devil contingent are co-captains Chuck Babcock and Les "Clutch" Cutler. The rest of the team includes divers Paul Alcott and Pat Amneus, Heath Boyer, Jim Carne, Mark Gregory, Mike Grow, Dick Law, Dick Kay, Jerry Mehl, John Mertz, John Nicholson, Mike Kroeyr and Bob Hill.

The 400 yard freestyle event will get the preliminaries underway at 6 p.m. on Friday, March 14 with the divers performing at 8 p.m.

By 10 a.m. Saturday, March 15, 400 to 500 youngsters from 30 to 40 Class A teams will be on hand to test their talents against one another.

The preliminaries in the 50 and 200 freestyle and 100 yard butterfly events will be held at 10 a.m. Preliminaries in all other events will get underway at 2 p.m. This will be followed by a diving exhibition by the six qualifying divers who will compete in the finals in the evening which will start at 8 p.m.

Last year, Grosse Pointe scored 17 points which was good for seventh place behind champion Ann Arbor 41; Battle Creek Central 40; Jackson 39; Royal Oak 28; Saginaw Arthur Hill 23; Birmingham 22.

Scoring for the individual events will be as follows; first 7; second 5; third 4; fourth 3; fifth 2 and sixth one. In the relays first will count for 14 points; second 10; third 8; fourth 6; fifth 4 and sixth 2.

Grosse Pointe's "BIG THREE" basketball teams swept through their district tests last week and qualified for the Regional tournament which got underway last Wednesday, March 12. The Regionals are the second step on the road to East Lansing, Michigan where the State finals will be played Saturday, March 22.

Unfortunately one of the Pointe's teams must fall by the wayside before the Regionals are completed. Grosse Pointe and Austin, both class A teams, are in the East Detroit Regional and appear to be headed for a head-on collision for the championship in the East Detroit tourney. The winner will qualify for the quarter-finals which will bring together the 32 best Class A teams in the state.

St. Paul plays in Class C and is one of the favorites in the Birmingham Regional which got underway Tuesday, March 11.

The teams advanced to the Regionals in the following manner:

ST. PAUL LAKERS
St. Paul, two-time East Side Second Division Parochial League champion, runner-up in the Catholic City tourney and conqueror of Northwestern in the consolation game of the Metropolitan City championship tourney, added to their laurels by winning the Harper Woods District Class C tourney last Saturday, March 8.

The Lakers had no trouble in their first two games beating Lamphere 69-33 on Wednesday, March 5 and wallowing Anchor Bay 66-38 on Friday, March 7.

Apparently success and much printer's ink went to the Lakers' head because on Saturday, March 8, they found themselves in trouble early in the title game with an eager, upset-minded Lutheran East quintet.

It appeared coach Eddie Lauer's "balloon heads" were too impressed with their press clippings and figured all they had to do was go through the motions and Lutheran East would roll over and play dead. But Lutheran East didn't read the script apparently because they tore into the Lakers and had them down 3-2 after the first four minutes of play much to the surprise of everyone in the sellout crowd.

A short Laker spurt in the closing stages of the first quarter gained a 12-3 margin at the end of the first period. The second quarter saw the Lakers return to their dream world and Lutheran closed fast to come within six points of a tie, 22-16, at halftime.

Not a single Laker player escaped the blistering blowing out from coach Lauer who was practically puffing steam out of his ears. The team knew their coach was angry and they did something about it in the final 16 minutes of play.

Once back on the court the Lakers began playing ball the way they know how and completely submerged Lutheran East so they might return to the good graces of Coach Lauer. The more Lauer would glow at them from the bench the harder they would play and if the coach hadn't smiled, just a little bit, in the fourth quarter the Lakers would have chased Lutheran right out of the gym.

Dave Ayrault took his half-time dressing down to heart and paced the Lakers with an 18 point performance for individual scoring honors.

Tommy Kolojeski, named to the All Catholic quintet, followed with 14 and center Gary Anderson contributed 12 points.

AUSTIN FRIARS
Austin was the recipient of a first round bye and were well rested when they tackled an injury riddled East Detroit team that had gone through the regular season with only one defeat.

East Detroit's big center Emerick was no match for Austin's Dave DeBusschere, All Catholic choice, who poured in 28 points to lead the Friars to an overwhelming 74-44 victory. Emerick had just returned from a bout

Tied Again In Ice Loop

With high-scoring forward John Montgomery out of action due to a dislocated collar bone, the Rockets came from behind twice to tie the first-place Blue Devils 4-4 in an ice flair winter hockey league game Sunday, March 9.

The tie enabled the Devils to maintain their league-leading margin of five points, but delayed their clinching the regular season championship at least a week.

The Warriors, climbing above the .500 mark for the first time this season, elobbered the Pointers 10-3 to pull within three points of the second-place Rockets.

The winners counted three in the opening stanza, two in the second, and five in the final period to gain their fifth straight victory.

Three "hat tricks" were scored. George Gornick and Dennis Ribant did it for the Warriors and Don Diebel netted the puck once in every period for the Pointers, who suffered their fifth defeat.

The Golden Eagles were handed their third win of the campaign by the Rangers who were unable to field a team and were forced to forfeit. The Rangers also announced their withdrawal from the league.

Last Days of Colorful Pointe Landmark

Before the end of spring this old frame building at 784-6 St. Clair avenue will be razed to make way for Neighborhood Club expansion. In the early days of the century this was the famed CASTLE HOUSE located on Jefferson and University. It was a salon, cigar factory, archery club and finally a rooming house before it was condemned. The colorful history of the building, which has been moved twice, is told in "When the Pointe Was Growing Up" in this issue.

Ed Nicholson Star at Brown

Providence, R. I. — Sophomore Ed Nicholson, a product of Grosse Pointe, helped establish a new record in the 400 yard freestyle relay for Brown University's swimming team recently.

Nicholson teamed with juniors Dick Claiborn and Bob Taggart, and senior captain Al Chapman to reel off the distance in 3:34.6. The old record, established in 1950 during the New England Intercollegiate Championships, was 3:35.4.

The record came as Brown scored an easy victory over Tufts to gain its ninth victory of the season, tying the all-time college record for victories in a single campaign.

Nicholson is the son of Mr. and Mrs. George A. Nicholson, Jr., of 1017 Cadieux St., Grosse Pointe.

Pointer Cracks 3 Swim Marks

Sixteen year-old Eileen Cross splashed her way to glory in the annual Michigan A.A.U. Girls Swimming Championships last Saturday, March 8, at Ann Arbor, Michigan.

Swimming for the American Turners team, which tied for second place with Ann Arbor behind champion Detroit Women's City Club, Eileen established new marks in the 200 yard free style; 200 yard individual medley and the 100 yard butterfly events.

Miss Cross' time in the 200 yard freestyle was 2:21.5 which was four tenths of a second better than the old mark. Slicing through the water like an eel Eileen bettered the 200 yard individual medley mark by four and five tenths of a second with a blazing 2:41.4. Her performance in the 100 yard butterfly event was almost as sparkling when she erased the old 1:15.8 record and posted a new standard of 1:11.3.

Eileen's sister, twelve year-old Kathy didn't break any records but she qualified for three final events. She placed second in the 400 yard freestyle; third in the 100 yard freestyle and was a member of the Turners 400 yard freestyle relay team which finished second.

Two other Pointe mermaids also qualified for the finals. Marilyn Burns placed third in the 400 yard medley relay and Sue Cooper placed sixth in the 200 yard individual medley event.

On March 1, Eileen Cross broke the 200 yard individual medley in the Midwest Women's Swimming Conference Championships held at Indianapolis Athletic Club. Her new mark of 2:36.0 bettered the old standard by three seconds.

About 200 natators from Michigan, Indiana, Wisconsin, Nebraska and Canada competed.

"Boone's Best", the most evil smelling cigar north of the Mason-Dixon line, was rolled from tobacco grown right here on Jefferson avenue at the turn of the century in the back yard of a not so savory saloon.

This month, the former pub, a ramshackle white frame structure at No. 784-5 St. Clair avenue will be razed to make room for Neighborhood Club expansion and with it will go a colorful page from our past.

When the building first opened for business it was on the corner of Jefferson and University, in the era of the Pointe's popular road houses.

"The Castle House" enjoyed a considerable local patronage under its original proprietor, John Maytn. It was in the back room of the Castle House that the cigar factory operated for a time. The tobacco was grown and cured right on the property. An old settler was wont to remark after a few puffs on "Boone's Best" that one cigar could delouse a house.

But the Castle House, although not noted for its cuisine as many of the road houses were, had another claim to fame. It was the meeting place of the William Tell Archers, a Belgian group who met every Sunday afternoon to test the members skill with bow and arrow.

A steel pole seventy feet high was decked with targets and many an exciting match was shot before excited crowds, who could step into the Castle House bar to quench throats parched with cheering the contestants.

Cigars, archery and booze couldn't keep the Castle House in business and as the Pointe grew more exclusive and residential the building was doomed. When the back road, known to us as Maumee avenue, was paved the Castle House closed its swinging doors and moved. There it remained as a well patronized rooming house until it again succumbed to the advance of progress.

Again on the movers truck it made the trip to its final resting place on St. Clair, where it served as a multiple dwelling even after it was condemned a few years past. Finally, its last residents moved out, the building was condemned by the Board of Health. Now the Castle House is coming down, a reminder of the day when pleasure palaces reigned supreme and the Pointe was the Mecca of tired merchants from the big city.

Collector's Items:

The gilt-bronze ink stand with Sevres porcelain plaques belonging to Mrs. Horace Elgin Dodge, once used by Maria Feodorovna, Empress of Russia.

The Kingswood lyre clock mounted in ormolu owned by the Henry Fords II, originally that of Baron Cassel van Doorn.

The stunning diamond and emerald bracelet worn by an Anonymous-Please-Pointer, formerly the property of the Duchess of Kent.

Mrs. Bruce Kirk, Mrs. Alexander Wiener and Mrs. Lester F. Ruwe might well have been successful interior decorators so great is their flair in that specialized direction.

"Stonehurst", Mrs. Joseph Bernard Schlotman's palatial lakeshore mansion, abounds in examples of the exquisite needlepoint executed by its owner.

There are mirrors in the ceiling of the dining-room bay of Mrs. Alvan Macauley's charming home on Mira-beau place.

It is still touch and go whether the chemise will make the grade at Pointe cocktail parties. At a tea dance last week many were the beauties and few the new fashions. Mrs. Edwin Knights, her red blond hair swept into a chignon, was dramatic in a gold brocade mandarin cocktail suit with a black velvet blouse. . . . Mrs. C. R. Scharif, Jr., danced by in a luscious shimmering green and black paisley print sheath and Mrs. Frederick W. Pearce, Jr., was a knockout in a molded white brocade bloused in the back and widely belted.

PILFERINGS Cold Reception

A favorite subject for artist and poet is winter's white mantle of fresh fallen snow: it Must have great virtues to be so extolled— But somehow it makes me feel nothing but cold.

"—it was the sort of town in which Lizzie Borden might have been The Girl Next door."

To the Navy's great collection of quotable quotes ("Don't Give Up The Ship", "You May Fire When Ready, Gridley", etc.) comes Admiral Burke's message when the second Vanguard satellite-firing fizzled. He wired: "Those Things Happen, Keep Trying."

The worst examples of snap judgment are usually found in a family photo album.

Speaking of traffic, there are two things you can be sure of in this whirl—death and taxis.

CLAY IDLE

My wife has joined, with zest dynamical, A club for making things ceramical; When I come home all tired and tottery I find my dinner's gone to pottery.

Social note:

"Mr. and Mrs. Smith, who are celebrating their 40th wedding anniversary, were married here and have loved in this town all their lives."

Give some people an inch and they act like a ruler.

"But why," demanded the puzzled judge of the burglar standing before him, "did you break into the same store three nights running?"

"Well, judge, it's like this," was the reply, "I picked out a dress for my wife and I had to change it twice."

MRS. CYRIL HOWARD MOORE OF THE THRIFT SHOP

—Fred Rannels Photo

By JACK OLIVER

Confronted with an emergency, The Powers at Neighborhood Club asked Mrs. Cyril Howard Moore if she'd mind just filling a slight breach at the Thrift Shop.

Anne said she would be happy to oblige.

That was nine years ago and she's still there and going strong.

Attractive, pleasant, shrewd-yet-compassionate, she is well suited to her job and, consequently, loves it.

The little light green building on Waterloo just east of St. Clair in which she spends five days a week is the merciful Mecca for the needy who can find clothing, shoes, hats and accessories of all kinds at a most modest figure.

An outgrowth of the famous Rummage Sales that were held at Neighborhood Club during the years 1929-31, under the direction of Mrs. Russell A. Alger and the board members of the Club, the Shop continues to be instrumental in providing equipment for the many interesting activities of the parent organization.

How the Shop Operates

There are two definite "departments" at the Shop, Mrs. Moore makes clear: the donation and the consignment. Those articles meeting the specifications of seasonal wearability are put out for re-sale with a percentage going to the original owner and the remainder to the Shop, the entire amount being subject to tax. The donated offerings, though sales-taxed, are income tax-deductible.

During her years at the Shop, Mrs. Moore has, you may be sure, come up against many problems and many "characters".

There is, for example, The Mystery Woman. She's been coming in, periodically, for years and buys from \$200 to \$300 at a crack, carts the things off and that's all anyone sees of her until the next buying spree.

Fish Trophy a Bargain

There was the case of The Colossal Fish. Someone, here nameless, lugged in this h-u-g-e finny trophy. It collected dust, theoretically, for QUITE some time before a man purchased it. Mrs. Moore's guess is that it'll wind up on the wall of a restaurant, perhaps.

There is the gentlemen's group from Mt. Clemens. They are hot for practically any-and-all white tie and top-hat outfits.

And most recently was the request to please put aside, as soon as it might come in, "one of those miniature Fords that retail for \$175." This, Mrs. Moore, allows, will very possibly never happen.

Carefully acquainting us with the vital statistics, Mrs. Moore's charming accent re-

veals her eastern origin. She was born and educated in Baltimore, Md., and later attended The Masters School, Dobbs Ferry, N.Y.

Married in New York, she and her husband came on to Detroit in '29 and have since made it their home. Their household currently consists of a dog, Slipper, and a seven-toed cat, Capt. Ahab, the latter a byproduct of a New England hurricane, we are told.

The Moores' son, Cyril Howard, Jr., is married and practices law in New York City.

Aided by Volunteers

As manager of the Thrift Shop, Mrs. Moore is ably assisted by two paid workers, a bookkeeper and a salesclerk in the donation department. They are augmented by eight daily volunteers drawn from a group of 70 Club members happy to give of their time and talents.

Bundle Teas a Tradition

Any account of assistance to Neighborhood Club would be incomplete without mention of the Bundle Teas for which Walter Irving has provided 22 of these annual Fall fashion shows when admittance is a package of clothing or "objets d'art" suitable for sale at the Shop.

During a lull in our chat, Mrs. Moore was called to her little office which gave us a chance to cruise about among the several rooms and be dazzled by the excellent cut and grade of men's clothes, the almost-as-good-as-new ski boots and the god looking lamps and bric-a-brac.

What, we wondered, would be the extracurricular interest of a woman, such as Anne Moore, who spends so much of her time among these things-with-a-past?

What, indeed but "the acquisition of antiques," said our leading lady.
