**THE NET EARNINGS** of the Ford Motor Company for 1959 were \$451,400,000, it was announced yesterday. That figure is the second highest ever recorded by the company, according to Henry Ford II, president. The all time high earnings were recorded in 1955 when, according to a new accounting practice, the \$437,000,000 earned in 1955 would actually equal 454 million dollars. Total sales in 1959 reached \$5,356,900,000, just under the 1957 figure of 5.7 billion dollars. On a per share basis, net earnings jumped from a value of \$2.12 to \$8.24.

**THE SALES TAX BALLOT** proposal was moved ahead yesterday by the Legislature in Lansing, before the weekend adjournment. The proposal, which was reported out of the Senate Judiciary Committee with a recommendation for passage, calls for the voters to amend the State Constitution in the November 8 election. The amendment would allow the State to increase the sales tax from 3 percent to 4 percent. The resolution requires a two thirds vote of both Houses, and Governor Williams and the Democratic legislatures indicated that they would not oppose the measure.

**THE STRIKE** that had closed down the Flint Chevrolet plant last Wednesday was settled yesterday evening, it was announced by the UAW and by General Motors Corp. Regular shifts are expected to be resumed Monday, according to plant manager Grosvenor Swift. "It's a good settlement," said E. S. Patterson, UAW regional director, though the terms were not disclosed. The dispute started Wednesday when there was some disagreement over the standards in the crankshaft grinding department. The plant, which involves 10,000 workers, makes Chevrolet parts.

Sunday, February 7

**THE DETROIT AUTO SHOW** sponsored by the Detroit Auto Dealers' Association, opened Saturday, as Mayor Louis Mirani cut the tradition ribbon. A ten seat tandem bicycle, ridden by a costumed crew, led the way as the doors to the city's biggest auto show opened at the Artillery Army on W. Eight Mile road.

Monday, February 8

**JOHN BINAGGI**, 69, of 15856 Ardmore, yesterday admitted slaying his 33 year-old stepson, Pasquale (Pat) Gentile, Saturday, February 6. Binaggi, dazed and bewildered, told police that he picked up a hatchet in the garage and followed his stepson into the bedroom after a quarrel over a spare tire. Gentile said "leave me alone." Binaggi said that made him so mad that he started swinging the hatchet. Police said that Gentile was hit on the head at least eight times and died of several skull fractures. Binaggi said that he walked for 17 hours, a total of 15 miles, before he was arrested.

Tuesday, February 9

**THE CONVENTIONAL SIZE** American car is still the king with American buyers, according to comments from various visitors to the Detroit Auto Show. Most of the visitors, when polled as to their choice when they purchased their next new car, chose the latest conventional models.

Wednesday, February 10

**A 50 PERCENT INCREASE** in minimum Social Security benefits has been proposed by a Senate subcommittee in Washington. This is to be coupled with an expansion of the system to provide pre-paid medical care for covered old folks, it was announced yesterday. The recommendation asks that the \$33 a month minimum benefits be raised to \$50.

'And Don't Call Me A Litterbug!'

ARPEGE PAULETTE looks accusingly at the photographer as she stands guard over her four-week-old puppies in the William L. Van Wormer home at 576 Shoreham road. Father of this unusually large litter of nine is Champion Oliver Twist.

Paulette's cafeteria department was slightly inadequate to take care of the whole family, but they seem to be doing fine with the help of the special feeding trough. And of course, there's always at least one chiseler in the crowd.

## Thief Picked Up on Coast Confesses to Robbing 11 Pointe Homes; Awaits Trial

Unsolved Thefts Cleared with Arrest; Prisoner in Custody of Sheriff's Office After Being Unable to Furnish Bond

Raymond Goley, 55, no known address, extradited from Los Angeles, Calif., by Park police on a charge of burglary, was returned to the Park on Saturday, February 6.

Goley was arraigned before Park Judge C. Joseph Belanger on Monday, February 8. Goley entered a plea of not guilty to breaking and entering in the daytime and waived examination.

Judge Belanger remanded Goley to the custody of the Wayne County Sheriff's Office when the accused man could not meet a bond of \$10,000. Goley is now awaiting trial in Circuit Court.

**Unlawful Flight**  
Goley was arrested in Los Angeles on January 8, by California State Police on a Federal warrant charging him with unlawful flight across a state line to avoid prosecution. Park authorities were notified when the man was taken into custody.

Park Police Cpl. Charles French, who has been working on the case, was assigned to fly to Los Angeles and bring the fugitive back to the Pointe. The officer said that Goley, who had threatened to fight extradition, returned with him without any trouble, and was extremely cooperative.

**Admits Four Jobs**  
Park Police Chief Arthur Louwers said that following Goley's arraignment, Det. Lt. Arnold Hough and Cpl. French,

questioned Goley regarding other burglaries in the Park and Goley admitted to, and cleared four breakings and enterings in that city.

Goley confessed to breaking into the following homes, all in 1959:  
Dr. Warren Hardy, 1021 Buckingham, on August 10; Robert Birdseye, 1037 Bedford, on August 13; Frank Porter, 517 Barrington, on August 15; and (Continued on Page 9)

## Center Offers Travel Lecture

The Grosse Pointe War Memorial's "Meet the Travellers" series offers a rare treat free of charge Tuesday evening, February 16, at 8 o'clock, when Mrs. Frank Welzenbach will show her excellent colored slides of England and Scotland and relate the history and tell of the personalities connected with each picture shown.

Famous writers' homes which will be shown or the settings or locale of their works include, to mention a very few, Thomas Hardy, Charles Dickens and Samuel Johnson. Castles to be viewed will number Sterling, Holyrood, Kenelworth, Warwick and Corfe.

Architectural gems to be seen include the medieval cathedrals of Durham, York, Salisbury, Canterbury, Litchfield and Melrose Abbey. Also visited on this tour will be a number of 18th century manor houses. Chatsworth, Tetworth, Osterly, and Kenwood are on the list.

Both antiquity and the most modern construction will be seen from the Roman ruins of Hadrian's Wall and Ludgate Hill to the controversial new American Embassy on Grosvenor Square and the recently completed Port of London with its Victoria and Albert dock which is the last word and which might give Detroit something to aim for.

Always awe-inspiring are great and famous bridges which Mrs. Welzenbach has not neglected. She will show and give much information on the Tower Bridge, Westminster Bridge and London Bridge. (Continued on Page 2)

## Many Uses Being Found For Schools

Community Groups of Varied Types Occupy Buildings for Thousands of Hours

The public school buildings of Grosse Pointe were used for a total of 7,377 hours by community groups during the last half of 1959 and through January 1960, it was announced by J. Harold Husband, director of the department of administrative services.

Last month, alone, with the winter activities in full swing, a total of 1,903 hours were scheduled by these groups. This rate of usage will likely continue until the warm weather permits outdoor activities and diversions to be resumed.

The groups using the public school buildings are many and varied. Many groups and organizations carry on their meetings and activities in the auditoriums, gymnasiums and classrooms. Many, such as scout troops, square dance clubs and church groups, use the public school facilities on a regular weekly or monthly basis. Organizations like the community theaters use a building for special events.

All such activities, of course, are carried on when the schools are not in use for the purpose of fulfilling the regular school program. There are 17 public school buildings in Grosse Pointe; one high school, three junior high schools and 13 elementary schools.

## Kiwanis Clubs To Hear Shean

The Kiwanis Club of Grosse Pointe will meet with the Harper Woods Kiwanis on Monday, February 15, at the De Michelle Hall, 19748 Harper.

William Shean, who accompanied President Eisenhower on his recent good-will tour, will be the guest speaker. As a result of this joint meeting, the Pointe Club session for Tuesday, February 16, has been cancelled. However, a round table will be held.

## HUBCAPS STOLEN

Woods police recorded a complaint from Virginia Bourgeois of 1781 Brys drive, in which she stated that on Thursday, February 4, someone stole the two front hubcaps of her car while the vehicle was parked in front of her home.

## PipeWrench Thief Gets Into Another Residence in Park

Busy Burglar Who Broke into Six Places Last Week, Apparently Scared Away Before Getting Anything on Last Job

The burglar who last week broke into four Park homes and a doctor's office, added another breaking and entering to his record, but was apparently frightened away before he could do any looting.

The thief broke into the home of Clarence Miller, 1014 Balfour, on Sunday, February 7, but Park police said it appeared that he did not get anything.

Miller told police that he left his home about 5 p.m., and returned at about 7:15 p.m. He found the lock on the rear door broken and the door open. He searched the house, but could find nothing missing.

**Investigation Continues**  
Park Police Chief Arthur Louwers said that the thief must have been frightened away when Miller came home. However, the chief said, an investigation will continue, to determine if the thief did get away with any loot.

The chief said that the method of operation by the burglar is similar to that of Sunday, January 31, when four other Park homes, including those of a police officer and a doctor were forcibly entered. In each case, the thief or thieves, used a pipe wrench to force the door locks. A private garage in the Park was also broken into on January 31, making six burglaries in one evening.

Entered on the January date, were the homes of Park Police Lt. and Mrs. Gerard Kesteloot, 1035 Nottingham; Eugene Ivanso, 911 Lakepointe; and the upper income flat of May Bastien, and lower income flat of Mrs. Jack Renaud, 1118 Beconsfield.

**Office on Kercheval**  
The office was that of Dr. Edward Bober, 15312 Kercheval, a dentist. The doctor lives at 10216 Doyle. The garage is at 1462 Lakepointe, and is rented by Terry Lanter of 22504 Arcadia, St. Clair Shores, a mechanic for a new car sales firm nearby.

The burglar got in only as far as the kitchen in the Kesteloot home and was frightened away by the family dog; at the Ivanso home he got \$115; and from the two income flats, nothing, or so it appears to date, Chief Louwers said.

Nothing seemed to have been taken from the doctor's office, but Lanter lost \$25 worth of tools, and a later investigation revealed that the thief took a manifold, and several precision instruments, valued at another \$100.

## News Carrier Bitten by Dog

Greg Tisdale, 13, son of the Larry Tisdales of 507 Rivard boulevard, was bitten on the leg by a dog belonging to Dr. Geoffrey Brinkman of 571 Lakeland avenue, on February 2.

Young Tisdale was delivering the paper to 579 Lakeland when the dog bit him. He was treated for the bite and the dog has been placed under observation, at home.

While walking in "The Village," Mrs. Jenkins, who is more than 90 years old, fell at the corner of Kercheval avenue and Notre Dame. She stepped on a broken place in the concrete, lost her balance, and fell forward, hitting her forehead on the pavement.

Just at that moment, Robert and Clifford Carpenter of Lakepointe avenue were driving by and stopped to help. They offered to take Mrs. Jenkins to the hospital or home, whichever she preferred. She chose to go home and they took her there. They helped get her upstairs and then got an icebag fixed for her.

As it turned out, she had to call a doctor, who found it necessary to take four stitches over her left eye. "I'm just lucky that four stitches and a black eye are all that I got from the fall," said Mrs. Jenkins. "And the boys were so concerned that they called me later in the evening to see if I was all right. It seems you only hear about the bad ones among young people, today, but there certainly are some nice ones around."

**Oldster Has High Praise For Younger Generation**  
Mrs. John M. Jenkins of Washington road has many good things to say about two high school students who came to her aid last week.

While walking in "The Village," Mrs. Jenkins, who is more than 90 years old, fell at the corner of Kercheval avenue and Notre Dame. She stepped on a broken place in the concrete, lost her balance, and fell forward, hitting her forehead on the pavement.

## Dads' Club's Plea Backed By Mothers

Wooden Stands Called Unsafe and Worst In Border Cities League

The Dads' Club of Grosse Pointe High School has requested that the Board of Education consider the erection of new and permanent steel bleachers on the high school athletic field.

The request was made at the regular monthly meeting of the Board Monday evening, February 8. Donald O. Graul, president of the Dads' Club, presented the request and the reasons behind it.

First of all, the growth in attendance at varsity football games over the last two years warrants a larger seating capacity than is now available. In 1958, the total attendance at four varsity games was 6,932. Attendance for the same number of games in 1959 was 7,710, or an increase of 778 spectators.

**Called Unsatisfactory**  
At present, the wooden bleachers, which are erected each fall for the football season, hold approximately 1,000 persons. The first two rows are unsatisfactory because of people walking in front of the seats, and overcrowding is prevalent.

Another need for the steel bleachers is the unsafe condition of the wooden stands. The present bleachers must be inspected for safety prior to each game. And once, last fall, it was noticed in time that one section was on the verge of collapsing. The section was vacated before this could happen. If it had gone undetected, over 100 people would have been injured.

It was also noted that of all the schools in the Border Cities League, of which Grosse Pointe High School is a member, that the high school has the worst provision for spectators of any of the schools. The others, without exception, have provided safe and adequate bleachers.

**Used by Others**  
And not only does the high school use the field for both football and track events, but two parochial schools, St. Paul's and St. Ambrose, also make use of the field. So do the Little League football teams.

And finally, in talking with the residents of Fisher road, across the street from the athletic field it was found by the Dads' Club that there would be no objection on their part to the erection on their part of the new steel stands. The trees that line the fence on the west side of the field, where the stands would be erected, would not be disturbed.

**Mothers Back More**  
In support of the request by the Dads' Club, the Mothers' Club of the high school made this statement:

"In the best interests of public safety, we wholeheartedly support the Dads' Club in the recommendation that permanent bleachers be installed on the high school athletic field. We consider this a matter of great urgency to the point of being a necessity before another football season." It was signed by Mary Grace Adams, president.

The Dads' Club, in an effort to determine the cost of the steel bleachers, contacted two companies for estimates. One quoted the price of \$21,399.25 for 13 rows providing 2,376 seats and \$24,856.71 for 16 rows with 2,952 seats. Another company gave the figure \$32,320.00 for 16 rows with a capacity of 3,230. These bleachers would extend from goal line to goal line on the west side of the field.

**Against Night Games**  
The Board of Education expressed interest in the recommendation, but asked if this move was not a step in the direction of night football games. It seemed the general consensus that there was opposition to this. The Dads' Club, however, assured the Board members that it too, was very much opposed to the advent of night football games at the high school.

Dr. James Bushong, superintendent of schools pointed out that at present there was a nice balance between athletic interests and other interests at the high school. "Athletic progress is excellent, and I am wholeheartedly for it. It gives (Continued on Page 9)

### Recruits Needed For Torch Drive

Members of the United Foundation Recruitment Promotion

Committee has launched a drive to enroll 40,000 women who are to devote eight hours of their time this year for the 1960 Torch Drive. Representatives from the Catholic, Protestant, and Jewish faiths along with P-TAs, women's civic and service clubs attended the meetings.

Mrs. Martin B. Levy, of 3435 Shelbourne, Detroit, chairman of the Recruitment Promotion Committee, said: "We thing there are thousands of women who want to devote a few hours of their time to help their community. When you figure eight hours on an annual basis, this would mean only ten minutes a week. This ten minutes means so much to so many people who need help, and through the Torch Drive, we are asked only once to work for the 195 agencies."

The final meeting will be held on Tuesday, Feb. 16, at 10:00 a.m., in the Foundation Room at the Masonic Auditorium.

### Proposed Fence Ordinance

(Continued from Page 1) apply to existing and future hedges and existing hedges are to be made to conform by May 1 of this year.

The principle of the ordinance at the hearing, was that trimming the hedges, and constructing the fences to the heights called for in the ordinance, violated for the privacy the people are entitled to, and that it will detract from the beauty of the home lots.

The question of the right of the council to pass such an ordinance was presented by U. George Krapfel of 1110 Grayton, an attorney representing Mrs. Emily Stinchfield of 1021 Harvard. He stated that the council did not have the power to pass this law, since it comes under the police powers of health, welfare and safety.

Mayor Cunningham stated that the ordinance was recommended by the Planning Commission, after talks held with Police Chief Arthur Louwers and Fire Chief George deCausin.

He said that Chief Louwers argued for the ordinance because high hedges and fences are potential hiding places for criminals and molesters, and are traffic hazards, in that the vision of motorists is obscured at corners and in backing out of driveways.

Chief deCausin approved the measure, the mayor said, because the high hedges and fences are a hindrance to fire-fighting and other emergency situations. In the case of fires, according to the chief, it presently is difficult to run fire hoses over the barriers.

John Brear of 1215 Devonshire, a landscape expert with a college degree, charged that the trimming of the hedges would ruin the city landscaping. He likened the hedges to a frame around a master artist's painting.

He said a home should be framed by hedges and plantings because this is a natural and private right. The ordinance is against the principles of good landscape designing and planning and its enforcement would be like taking a master's painting and thumbtacking it to a wall without benefit of a frame.

One woman, who did not give her name, said she was a resident of the Park. She said she did not have any hedges or fences around her home, but she wanted to protest enactment of the measure on general principles and that the ordinance is a violation of the rights of the citizens.

Among others who spoke up against the ordinance were: J. Dunston Barlow of 1256 Beaconsfield; Mrs. W. C. McLaughlin of 1931 Bishop; Mrs. Kathleen Pottoloff of 1307 Somerset; Walter Keenan of 1443 Harvard; Mrs. Margherita

Loud of 953 Trombley; Dr. James Kackley of 1434 Bishop; and Mrs. David Leach of 1000 Kensington.

Melville Collinson of 704 Westchester, vice chairman of the Park Planning Commission, said that the commission did not recommend the ordinance because it wanted to detract from the beauty of the city, but asked for the measure after talks with both the police and fire chiefs, and wanted it passed for the good of the community.

After two hours of arguments, in which it appeared only the council favored the enactment, the issue was tabled until the findings of the council committee and the Planning Commission can be presented on the March 7 date.

### Dedication

(Continued from Page 1) gram, fruit punch, coffee and tea cakes will be served in the basement of the building.

On October 16, the suit goes on to charge, the property owners' group, in addition to advising Maxon Brothers, Inc., not to sell to Bufalino, also wrote a memo to their members and brokers in the area "informing, inferring and implying" that Bufalino is "undesirable" and not to sell to him.

On January 9, the suit charges, Bufalino's wife, Marie Antoinette, filed an application to buy property in the Grosse Pointe area and gave Wheatley a deposit of \$2,850.

Two days later, the suit charges, Paul-Maxon called her and told her he could not sell her the property, explaining that Wheatley had made an error.

Bufalino also stated that when he told Paul Maxon he had no alternative but to go to court, Maxon replied, "Your alternative is to buy somewhere else."

### Can of Water Douses Blaze

Shores firemen were dispatched to the home of L'Verni Ansel, 71 Stonehurst, shortly after midnight on Monday, February 1, when a smoke odor filled the house.

Ansel called the station when he was awakened by the smell of smoke about 1 a.m.

The firemen found a 2 by 4 wall brace smoldering between the walls behind the living room fireplace. A small hole was chopped in the wall, so that the firefighters could get at the blaze.

Park Resident Escapes Fire

Edward Craft of 15233 Kercheval, narrowly escaped serious burns, or possible death on Wednesday, February 3, when a chair in which he fell asleep caught fire.

The blaze, which Park Fire Chief George deCausin believes was started by a lighted cigaret, originated in the chair and spread to Craft's trousers, waking Craft with a start.

Craft divested himself of the burning trousers and then called the fire department, Chief deCausin said, and then ran outside to wait for the firefighters.

When firemen arrived, Craft's living quarters at the rear of his clock repair and sales store, and the store itself were completely filled with smoke, the fire chief said.

The firefighters used two high pressure hoses and had the situation under control

within 20 minutes. Besides the smoke damage, the fire scorched the front of a

buffet, and completely destroyed two chairs, Chief deCausin said.

Craft was not harmed by the blaze, the chief said.

Finland Theme Of Library Talk

"If you want the fun of going to Finland without the expense," suggests Howard Snyder of the program committee of the Friends of the Grosse Pointe Library, "hear Miss Karen Jensen describe her experiences as a foreign exchange student with the American Field Service."

Miss Jensen, a Grosse Pointe, was selected in the summer of last year to have the unique opportunity of studying in Europe. She was a guest in the Finnish homes of Professor Kai von Fieandt and Torsten Berggren.

Now, Mr. Snyder reports, Miss Jensen has returned home full of experience and with a collection of color slides showing life in Finland and examples of Finnish handcraft.

This meeting of the Friends will be Wednesday, February 17, at the Central Branch of the Grosse Pointe Library, 10 Kercheval, at 8 p.m. There is no charge for admission.

To Hold Hearing On Subdivision

The request for re-subdivision of lots one through eight of the Lakeland avenue subdivision on the southwest corner of East Jefferson avenue, by Frank W. Lindemann, will be discussed at a Public Hearing in the City of Grosse Pointe on February 15.

The hearing will be held at 7:30 p.m. at the Neighborhood Club, 17145 Waterloo avenue, and any resident taxpayer of the City may attend and express his views on the subject.

Mr. Lindemann proposes to resubdivide the eight lots, which are presently 50 feet in width, and make seven lots of 65 feet in width. He also would like to decrease the number of feet required by ordinance for the house line, which is 100 feet, to 65 feet. As the land is now subdivided, it takes two lots of 50 feet width in order to build a house. Re-subdivision would make seven lots, all sufficient to build houses on, he believes.

He also asks that the present requirement that the house be built 70 feet back from the lot line on East Jefferson, be reduced to somewhat less than 70 feet.

All people owning property within 300 feet of the subdivision in question have been officially notified of the hearing on February 15. They are legally entitled to speak their mind at the hearing.

Woods Church Holds Election

At the annual meeting of the Congregation and Corporation of the Grosse Pointe Woods Presbyterian Church, held on Friday, January 29, the following men were elected to serve on the Boards:

The Session:—For a three-year term Edward C. Chase, Jr., Roy Keim, George Miller, Everett Roll and John Telep.

For a one year term, (replacing men who have moved out of the city), Glen Howell and Donald E. Marshall.

WE'RE HELPING TWO LITTLE MISSES MAKE TWO BIG DREAMS COME TRUE

Two pretty little girls with dreams of college opened savings accounts on Monday morning, February 1, at the new Redford office of Standard Federal Savings.  
They were Susan Smith and her sister, Sheryll. They are the daughters of Mr. and Mrs. Howard F. Smith of 15105 Lexington in Redford Township, just a few blocks from the new office on Grand River at Beech Road.  
"Ever since you started building this office," Mrs. Smith said, "the girls have been saving their money to open a SPECIAL PURPOSE savings account here for their college education. This is a big day for them."  
Something special had to be done for these young ladies, something to make the day memorable. Susan Smith will never forget that her account number is 4, because that's her age. And Sheryll will always remember that she was seven when she opened account number 7.  
Standard Federal would like to help you make your children's college education more secure by providing insured safety and a higher return for your savings. Open your account soon. You'll be glad you did.

**Park's Fire, Explosion Loss in 1959 Is \$51,837**

The Park's fire loss during 1959 amounted to \$29,351, or 1.875 percent per capita, according to information released by Park Fire Chief George deCaussin. An official report of this was sent to the State Fire Marshall Division in East Lansing and to the Park city administration.

Loss by explosion, to the Village Wine Shop and an adjoining auto bump shop, Jefferson and Beaconsfield, last September 16, added another \$22,486.09, making an over all total of \$51,837.40 in damages.

Damage to the two buildings amounted to \$16,775.09, and to contents, \$5,711.

Fire damages to residential buildings was \$15,988.51, and to contents, \$8,856.73, to commercial buildings, \$3,350.50,

and contents, \$1,155.57, the chief's report showed.

Fire Department personnel answered a total of 320 alarms, of which 20 were false, mostly from shorted fire alarm boxes.

The city began the removal of all corner fire alarm boxes on Monday, February 11. The system was installed in 1920, and had become worn and practically useless. It would have cost the Park \$180,000 to put the system in top-notch condition, so at a recent meeting, the council ordered it abolished.

Of the number of alarms answered, 121 were to residences, 13 to business places, three were for garages, 11 were for grass and rubbish fires, 16 were for car fires, 11 were for non-fire calls, and 58 were for resuscitator cases.

Chief deCaussin said that prompt action by personnel of his department is credited with saving the lives of 50 persons of the 58 who needed resuscitation treatment.

Bastien was also put on probation for one year and fined the sum of \$35.

Devils Nip Fordson to Keep Winning Cage Streak Alive

The red-hot Grosse Pointe Blue Devil basketball team squeaked out a hair-raising 66-64 overtime victory over Fordson last Friday, February 5, on the Tractor's home court.

St. Paul Girls Lose to Mercy

St. Paul's young mermaids gave a real scare to perennial powerhouse Our Lady of Mercy last Thursday at the Brownell pool, but the Mercy girls managed to hang on to hand the Lakers their first defeat, 51-38.

Two of the most outstanding events of the night involved St. Paul backstroke whiz, Judy Benkert. In the 50 yard event, Judy steamed past her long-time rival, Jane McDonough, who had beaten Judy last year, and set a record of 38.0 in the process.

The 25 yard backstroke event was a heart-breaking story as Mercy's Pat Sullivan, two event champion in last year's Catholic Championship meet, nipped Judy by a hair in a photo finish.

The freestyle relay lost by half a stroke, but as close as this race wound up, it was anticlimactic to the wild finish in the medley relay. In the medley, after backstrokeer Anne Schulte, breaststrokeer Beth Boundy, and butterflyer Mary Beth Dean finished their respective leg, Mercy's team led by two yards. At this point Jane Thorn took over and worked frantically to overcome the lead.

This week the girls swim against Hazel Park, but they are all looking forward to the re-match later this month with Mercy.

St. Paul Tankers Win Two More

The St. Paul tankers continued to be a tough opponent in the pool as they rolled over Salesian 55-41 and Assumption of Windsor 47-38, last week.

Frank Kotcher led the swimmers against Salesian as he registered a double win, coming through in both the 40-yard freestyle and the diving. Both wins were particularly sweet for Frank as his win in the sprint came at the expense of his older brother, Fred, who was second, and his win in the diving was his first in this event.

Other high spots of the meet were the setting of two new St. Paul marks. Neil Endres and Tom Rauch each snapped their own records in the 100-yard backstroke and 100-yard breaststroke with times of 1:12.8 and 1:28.8, respectively.

Against Assumption the times by all swimmers were rather slow due to the rough, lake-like conditions in the pool. Co-Captain John Senese turned in a respectable time of 2:27.7 in winning the 200-yard freestyle for one of the better performances in the meet.

Going into the final two events of the meet, the relays, the issue was very much in doubt as St. Paul led by only one point, 31-30. However, both Laker relay teams came home as winners with Neil Endres Tom Rauch, Frank Kotcher, and Fred Kotcher, winning the medley, and John Senese, George Shefferly, Ed Reinhart, and Bill Taylor winning the freestyle relay to ice the meet.

St. Paul Lakers Tie School Scoring Mark in Cage Tilt

The St. Paul Lakers took over sole possession of second place in the East Side Parochial basketball league last week with overwhelming victories over St. Anthony and St. Catherine's.

The Lakers who played St. Catherine 93-63, Tuesday, February 2, to tie the St. Paul scoring record for a single game which was set by the 1956 quintet against St. Martin. The Lakers followed up this landslide with a conservative 75-55 win over St. Anthony on Friday, February 5.

The latter victory coupled with league-leading Servite's overtime 68-67 victory over St. Florian enabled the Lakers to move into second place with one league game remaining against seventh place St. Stanislaus, which has won only one game in eleven starts.

Entire Squad Helped In both games the Lakers got a well rounded point production from the entire squad. No one boy collected the scoring honors by a wide margin. Against St. Catherine five boys hit in double figures with Glenn Cross pacing the way with 17. He was followed by Bob Bigham and Tom Moxley with 14, Jack Wachter with 11 and Gary Schick with 10. St. Catherine's Bob Kozikowski was high with 24. Against St. Anthony Joe Ayraul finally found himself and annexed runner-up scoring honors with 15, four behind St. Anthony's Levans who had 19.

Having four open dates left on the schedule now, since the Lakers didn't qualify for the Catholic City playoffs, Coach Ed Lauer has scheduled four members of the central division to round out the season. The Lakers will play U. of D. Feb.

GOOD SAMARITANS E. F. Culbertson, 71, of 1433 Somerset, slipped and fell on the ice at Charlevoix and Three Mile drive on Tuesday, February 2, bumping his head. He was knocked unconscious. Michael Best of 315 McMillan and James Rieth of 317 McMillan, who were driving by, picked up the fallen man and took him to Bon Secours Hospital, where doctors put five stitches in a cut on his head. Park police were notified.

Swimmers Swamp Fordson To Move Closer to Title

The light in the Border Cities League throne room is burning brighter for the Grosse Pointe Blue Devils these days. More fuel was added to the wick last Friday, February 5, when the Pointers swamped Fordson in the local pool, 73-19, for the biggest win of the season.

Coach Paul Wheeler wasn't taking any chances of being upset with the title within reach, and sent a strong line-up into action. Proof of this came when he picked co-captain Lauren Bowler for two events and Bowler came through in grand style by winning both. He started with an impressive win in the 200-yard freestyle and then rounded out his chores for the day with a record setting performance in the 160-yard individual medley event.

Bowler cracked the old standard of 1:53.5, set by teammate Norbert Olzman earlier in the season, with a blazing 1:51.0 for the varsity record. It was not the pool mark, but it did make Bowler the only double winner of the meet.

Slam Individual Events The Devils captured all seven individual events, six were grand slams, and took both relays in easy fashion.

The 160-yard medley relay quartet of Don Haynor, Dick Law, Mark Gregory and Chris Kimball came within four tenths of a second of the national record for twenty-yard pools which was set last year by Pointers Mike Bremer, Dick Law, Jim Carne and Mark Gregory at 1:22.6. The Devils will have one more chance at the mark when they entertain Wyandotte in the last home meet of the season.

By the end of the sixth event the Devils had the meet all locked up after slammng the first four, taking first in the fifth event and then slammng the sixth event. At that point they held a comfortable 48-8 lead.

Only in the diving did Fordson score more than three points, with the exception of the relay event which gives an

automatic four points for finishing without disqualification. Even in one of the relays, the 160-yard medley, Fordson lost four points due to disqualification.

The Pointers will put their perfect league record on the line when they travel to Monroe, Friday, February 12. The Trojans are the only team given a chance to end the Devils' streak. But on the score of the first meeting a Blue Devil defeat seems remote.

Church League Opens Season

Grosse Pointe Methodist Church upset defending champion Grosse Pointe Congregational Church, 46-36, in the first game of the 1960 Grosse Pointe Church League, Saturday, February 6.

The five Class A teams which compete in the league are—Grosse Pointe Methodist, Grosse Pointe Congregational, Grosse Pointe Presbyterian, Christ Church, and St. James.

One team draws a bye each week. All games are played in the Grosse Pointe High School Gymnasium Saturday mornings, starting at 10 o'clock.

The Congregational team has won the championship for the last two years. George Foster, the new coach, has two veterans from last year's team in Mike Parshall and Dave Mathews, who scored 28 of their team's 38 points in last Saturday's defeat.

Methodist fell behind at the start of the game and was losing 17-10 at the first quarter. In the second quarter they seized the lead which they never relinquished.

With Methodist holding only a two-point lead at the start of the third quarter the game was still in doubt. However, Mike Parshall, Congregational's top rebounder, was benched in the middle of the quarter with four fouls. This enabled Methodist to stretch its lead to eight point at the end of the third period.

Tim Thompson sparked Methodist with his play-making and his sharp-shooting which netted him 24 points. Kennedy chipped in 10 points.

Mike Parshall annexed runner-up honors with 16 points. In the other game played Grosse Pointe Presbyterian walloped Christ Church 48-18.

Presbyterian completely dominated the game in which it led throughout. Gary Spade notched 32 points for the winners. No one for Christ Church reached double figures.

Iceboaters Set For Wood Races

Detroit Ice Yacht Club will be the host to the annual running of the Gar Wood regatta to be held on Anchor Bay, weather and ice conditions permitting, on February 26-27 and 28.

The regatta is open to Renegade and Skeeter class boats and a large entry is expected from Wisconsin as well as other mid-western states.

In conjunction with the Gar Wood regatta the DN class will vie for the William E. Scripps trophy. The defending champion is Pointer Ed Grant who is a member of the Detroit Ice Yacht Club which has dominated this series since its inception back in 1938 when another Pointer, Jack Moran won it.

Moran is the biggest winner, having won the trophy no less than five times. The only woman to have ever won it was Doris Sarns back in 1951.

The defending champion in the Gar Wood series is Stan Johnson of Lake Geneva Ice Yacht Club.

The Detroit Ice Yacht Club members also hold a slight edge in this series which was started in 1940. Since that time only thirteen regattas have been held. DIYC has won it seven times with Elmer Millenbach being the big winner with three titles under his belt.

Confesses

(Continued from Page 1)

Philip Rahm, 1046 Audubon, on August 25.

The Federal warrant charging unlawful flight was based on a charge of the burglary of Rahm's residence, Chief Louwers said.

Identified by Prints Goley, who committed all of his break-ins during daylight hours, was identified as the burglar of the Rahm home by fingerprints on a pawn card...

When Goley was identified as the thief, Park authorities sent out a nationwide teletype for his arrest...

Lt. Hough and Cpl. French said that Goley, who has spent more than 30 years of his life in prison, is wanted for questioning in burglaries in the Farms and Detroit.

The detectives said that a hold has been placed on Goley by police departments in Kentucky, Missouri and Ohio...

Solves 7 Other Cases On Tuesday, February 9, Goley, accompanied by Cpl. French, City Capt. Andrew Teetaert and Farms Det. Sgt. George Van Tiem...

Goley viewed the homes, and after being questioned by the officers on each one, confessed to committing three break-ins in the City and four in the Farms.

His confession cleared burglaries of these homes: William Nixon, 560 Lakeland on July 27; William G. Fenley, Jr., 499 University place on September 4; John Trost, 884 Cadieux road on September 17; John Hoag, 228 Kenwood court and John Nyles, 332 Chalofonte, both on July 25...

Capt. Teetaert and Sgt. Van Tiem said that they will combine their charges with those of the Park.

THIEF GETS WALLET

Mrs. Rosemary Lindy of 477 Allard, informed Woods police on Friday, February 5, that while she was engaged in chores at Our Lady Star of the Sea Church, in Morningside drive, someone took her wallet from her purse...

### Hold On to Freedom!

This is the month when we observe the birthdays of two of our greatest presidents, Abraham Lincoln and George Washington. It seems entirely fitting that the 950,000 members of the American Legion Auxiliary have chosen February to carry on a vigorous campaign stressing the importance of maintaining individual liberty against the threat of communism and the pressures of increasing population, regimentation and socialization. The need for personal freedom was among the strongest beliefs held by these two leaders.

Americanism meetings, at which the ideals and principles of American democracy are presented and discussed, are being held throughout the country by the units of the Legion Auxiliary. Mrs. Rowena Weaver is chairman of the program being carried out here by Grosse Pointe Unit 303.

The campaign is being largely aimed at the young, the future leaders of America. New 50-star flags are being presented to schools, institutions and youth groups. Display of the flag on all patriotic holidays is being urged.

"Freedom of the individual, as proclaimed in the Declaration of Independence and provided for in the Constitution of the United States, is the magic key which released creative energies and enabled America to lead the world into an age of amazing progress," the Auxiliary states. "If that freedom is curtailed or lost, we can expect to see the gates of progress closed and the dark ages return. We are working constantly to help Americans understand and appreciate America's free way of life. It takes thought and effort to be free; it requires hard work and sacrifices. There are responsibilities and duties as well as privileges and benefits. Democracy is a form of government which will work only if the people work at the job of making it work."

### What Goes On at Your Library

by Jean Taylor

The race for the presidential nomination is gathering momentum each day, and with this there is an increasing number of books about the possible candidates.

Eric Sevareid has edited and contributed an excellent introduction to the recent book "Candidates 1960." The purpose of this is to inform the electors before they make their decision and the profiles included present both positive and negative evaluations of the men and their chances.

The Washington journalists who have written these pieces have done a good job, giving something of the candidates' personalities and their personal lives; their experiences; their legislative accomplishments; their sponsorship of platforms and their stands on specific issues.

Stewart Alsop's "Nixon and Rockefeller; a Double Portrait" is a readable analysis of the two Republicans. Not a bona fide biography nor an account of their careers, the book concentrates rather on those episodes which shed some light on the type of men they are.

Earl Mazo, the political correspondent for the Herald Tribune Washington Bureau, has written "Richard Nixon; a Political and Personal Portrait," which traces Nixon's path from his youth in a California farming community through to the present.

William Costello's "The Facts About Nixon," unlike Mr. Mazo's objective study, stresses Nixon's abilities as a campaigner, the area in which he has been most criticized. Mr. Costello is White House correspondent for the Mutual Broadcasting System, and portions of this

book have appeared serially in the New Republic.

"A Rockefeller Family Portrait" by William Manchester, concentrates on three members of the Rockefeller family, John D. II, the founder of the Rockefeller fortune, his son John D. II, at 84 still known as Junior, and finally Nelson, the Rockefeller of the hour. Many other Rockefeller appear in the book as well. It's a lively study of one of America's great families which is good reading quite aside from any present political implications.

In "The Kennedy Family," Joseph F. Dineen takes us through three generations of a family also, beginning with Patrick Joseph who started the family fortune in Boston in the 1800's, on to Joseph P., ex-ambassador to Britain, and finally to the man in today's headlines, John Kennedy. In the author's words, the Kennedy family is an organization dedicated to one purpose, the election of John F. to the Presidency of the United States.

James M. Burns, the author of an excellent biography, "Roosevelt; the Lion and the Fox," has written an analysis of democratic candidate Kennedy in "John Kennedy; a Political Profile," which is objective and has little concern with the family as a whole.

Coming closer to home, there is Frank McNaughton's "Men—William Williams of Michigan." This is on order but has not yet been received.

All of these books are available at your library, and may be of interest to many readers in the coming months in assessing the qualifications of the leading political contenders.

### Farms Submits Building Report

Six building construction permits, including one for a new bank, were issued by the Farms during the first month of 1960, according to information released in a monthly report by Farms City Engineer Murray M. Smith.

The permits were for two residential dwellings, the bank, and three in the miscellaneous classification, and are valued at a total of \$104,000. The miscellaneous permits are worth a total of \$7,000; the permit for the construction of a branch of the National Bank of Detroit, at 19100 Mack, at Moross, is valued at \$25,000.

Those for the two homes, 286 Grosse Pointe boulevard; and 190 Moross, are worth \$50,000 and \$22,000, respectively.

No nonassessable property construction permits were handed out during January, according to Mr. Smith's report.

### Lavender Flu

By Fred Kopp, R.Ph.

Your grandfather probably knew this cure. Flowers of lavender quilted in a hat were supposed to ward off "stuffed-up" noses and head colds. Pleasant treatment—but certainly not a sure cure. Today, thanks to medical science, we have numerous effective vaccines... against flu, whooping cough and other respiratory diseases... to immunize and protect us from the discomforts of infections. So, why suffer needlessly. Ask your physician about them. Let him prescribe the medication that is most effective for your needs. Then come to us for prescription service.

## Garden Club Council Has Annual Meeting

Four Officers Reelected; Sale of Flowering Crabapple Trees Scheduled for April; Cleanup Week Planned

The eleventh annual meeting of the Grosse Pointe Garden Club Council was held at the Grosse Pointe War Memorial Center on Friday, February 5. The following officers were re-elected: Mrs. H. Ray Will, president; Mrs. David C. Lowe, vice-president; Mrs. Glenn Gessell, corresponding secretary; Mrs. David Gillis, treasurer and Mrs. Harold Gumpfer was elected recording secretary.

Following the acceptance of the regular reports, plans for the current year were discussed and approved. These included a Flowering Crab Tree Sale in April, a Clean-Up Week in May, a program for the General Public in October, showing the colored slides taken professionally this past Christmas season — with accompanying lecture, and again special emphasis on Christmas Lighting in December.

Plans for an expanded board were discussed, bringing in members-at-large who would augment leadership and commitments for these special projects. Mention was also made of the splendid work done by Miss Christine Edwards as Conservation Chairman and the number of Grosse Pointe teachers who had been able to avail themselves of the scholarships given by the Garden Clubs for the summer school at Higgins Lake.

Gratification was expressed over the results of the landscaping plans in the business areas "On-the-Hill" and in "The Village." These efforts have added immeasurably to the general beauty of the Pointe, it was stated.

At the conclusion of the meeting, the recently taken Christmas lighting slides were previewed by the group.

A committee comprised of Mrs. Taylor Seeber, Mrs. Longyear Palmer and Mrs. Ferris Fitch, will work out a suitable running commentary, bringing out the good features in each slide. This will be tape recorded, for the complete lecture.

Following the before-mentioned showing at an October program, the slides will be available as a public service to any interested club or group. The Council would welcome more 2" x 2" slides on this subject if any residents have them. Just call Mrs. Taylor Seeber, TU 5-8806.

## Harvard Prof To Talk to Club

A Committee of wives of Grosse Pointe members of the Harvard Club of Michigan met last week at the home of Mrs. Elliott H. Phillips on Moran road to discuss plans for the Club's mid-winter dinner meeting to be held at the Statler Hilton on February 24.

The Club has departed from its usual custom of stag dinners to permit the wives to share in hearing Harvard's famed professor emeritus of philosophy, Raphael Demos, who as the guest of the evening will speak on "Education and the Good Life."

Committee members, who plan to call all Harvard alumni in the Pointes, include, besides Mrs. Phillips, the Mesdames Henry M. Campbell III, Marshall M. Massey, and Allen M. Lomax, whose husbands are respectively the club treasurer, president, and reservations chairman.

The Mesdames Ross Wilkins, Jr., Donald R. Flintermann, A. Jackson Day, Nicholas Kelley, Jr., Howard L. Parker, James J. Phelan, Jr., Joseph H. Spitzley, and Lawrence J. Verdier are also on the committee.

## V. A. Auxiliary Holding Party

The benefit card party and tea, sponsored by the Women's Auxiliary of the Volunteers of America, will be held on Friday, February 19, at 1 p.m. in the downtown auditorium of the J. L. Hudson Company.

Mrs. H. Lloyd Patterson, president, states that the purpose of the auxiliary are briefly "to aid in the building of the community understanding and support of the work of the volunteers of America as well as to study and recommend projects considered necessary in meeting community needs."

The Ballington Girls Residence and camperships for the American Youth Camp at Oscoda, Michigan, have greatly benefited by the Women's Auxiliary.

This year, two other projects have been added, namely "Books for Prisons" and the "New Senior Village." A replica of the architect's plans will be exhibited in one of the display windows of the J. L. Hudson Co. from February 15 to 19. Mrs. Harold Knoff and Mrs. Lloyd Grinnell, co-chairmen of the party, extend a cordial invitation to anyone interested.

## Children's Art Classes Offered

In conjunction with the Extension Services of the Detroit Institute of Arts, the Grosse Pointe War Memorial Association is again offering a course in art to be participated in by both pre-school children, ages 3-5, and their mothers.

The course, originally announced as lasting 10 weeks, has been pared down to eight weeks. It will begin Wednesday morning, February 24, from 10 to 11:30 o'clock and continue on consecutive Wednesdays at this time through April 13.

Mrs. Chris Komp, who has proved a favorite teacher for the past several terms, will again be in charge of the class. William McGopgale, director of the Museum's Extension Services, will also be present on many occasions, bringing with him choice art objects selected to appeal to the children, and also films, slides, and stories.

Everyone gets in the act under Mrs. Komp's direction. The Center's recreation room floor becomes a beehive of activity. Mothers are warned not to wear heels and dress up. Smocks or old clothes are a must. Painting in rhythm to music can be dangerous to good materials.

The class is limited to 20, so paid reservations are requested as early as possible. There is a materials fee of \$10 per person. To enroll call TU 1-7511.

## Center Gourmets Face More Treats

Scandinavian Specialties to be Demonstrated at Next Meeting on Monday, Feb. 15; Mrs. Strang to Tell Secrets

The Stockholm Restaurant's manager, Pierre Murray, assisted by Kerstin Wallerstedt, the restaurant's Swedish dietician, will prepare on the Grosse Pointe War Memorial's Gourmet Series two dishes that are continental favorites.

On Monday evening, February 15 at 8:30 o'clock, these food specialists will present the recipes and demonstrate the cooking of Beef a la Stockholm, which is a hearty meal in itself. They will top this off with the preparation of a delicate dessert known as Filled Sugar Wafers.

International hostess Siggan Sjunnesson is the owner of the Stockholm which opened in 1939 introducing authentic Smorgasbord to Detroit for the first time. The Stockholm's reputation is world wide and all Scandinavians visiting Detroit make a point of dining there.

Siggan Sjunnesson has been decorated by King Gustaf Adolph VI of Sweden, receiving the gold Royal Vasa Medal in recognition for her contribution in cultural achievement and her promotion of good will between the people of Sweden and the United States. She is the first resident of Michigan to be so honored.

Accompanying the Stockholm on the February 15 program will be Grosse Pointe Mrs. Kenneth Strang. Many will remember her from the wonderful Christmas Decorations Demonstration she gave at the Center in December. She is an equally talented cook.

From all the delicious delicacies for which her native Denmark is famous, Mrs.

Strang has chosen to demonstrate the preparation of Able Skivers. These can be eaten at breakfast or brunch but usually are served as snacks to guests as special treats. Able Skivers consist of waffle like dough in ball form cooked in special pans which can be obtained in Grosse Pointe. They can be eaten plain with jelly or be varied with, by adding to the recipe, applesauce, blueberries, nuts or the like.

Mrs. Strang says every girl learns to cook in Denmark. Besides the Able Skivers which she will demonstrate, Mrs. Strang will share several other traditional Danish culinary secrets to delight the Gourmets.

On Monday evening, February 22, the east side's newest restaurant, The Red Carpet owned by Grosse Pointe's George and Charabelle Van Lokeren will make the food demonstration accompanied by another Pointe Food specialist Mrs. Ferdinand F. Steteklub.

Mrs. Howard K. Gandelot of Hampton road is in charge of arrangements. Other Grosse Pointers attending will be the auxiliary president, Mrs. Donald H. Corey of Kenwood court; auxiliary treasurer, Mrs. Claude M. Wehheimer of Balfour road; Mrs. William Brown of St. Clair avenue and Mrs. Edwin O'Connell of Buckingham road. Mrs. Henry S. ### NO CENTS LEFT

Jeanne Luber of 628 Hawthorne, told Farms police on Thursday, February 4, that her leather case was stolen from St. Paul School. It contained her identification cards and 90 cents. She found the case later on the school grounds, sans the money.

In the quiet, shaded evenings along elegant Fort, Lafayette and East Jefferson three gentlemen, pillars of Victorian society, would take their daily strolls together.

Next door neighbors on Fort street in the 1870's, these three men came to Detroit after the turn of the nineteenth century, made their fortunes, became fast friends, gave their daughters and sons to each other in marriage.

The first of the trio to come to Detroit, Allan Shelden, arrived about 1855 from Vermont. He joined the dry goods firm of Zachariah Chandler and Co., and became a partner at 25 years old, when Mr. Chandler retired to enter politics.

He eventually took over the business and amassed a fortune. Such was his acumen in financial matters that President Grant offered him the post of Secretary of the Treasury. He turned down the post because his wife preferred to remain in Detroit.

Edward Y. Swift also came from Vermont to make his way in Detroit's mercantile world. His home was near the Shelden's and close to that of General Russell A. Alger, who arrived the year after Appomattox. General Alger became nationally prominent as governor of his state, Secretary of War in McKinley's cabinet and Senator. His money came from vast lumber holdings.

The three gentlemen would gather in the late afternoon after returning from their offices and walk together to the Alexander Lewis home on East Jefferson avenue.

Their children grew up together, married and their descendants are among the Pointe's most prominent citizens.

General Alger's son, Frederick married Mary Swift, who upon his death became the wife of Dr. Fred T. Murphy. The Murphy and Alger homes, next door to each other on East Jefferson avenue at the head of Lincoln and Washington roads, are now empty. Henry D. Shelden, who cut quite an equestrian figure about town, married Caroline Alger. Their children were Allan Shelden II, Mrs. Stephen Stackpole, (Annette Shelden); Lovy Shelden and Henry D. Shelden. The latter's lovely Lakeshore road home was torn down to be subdivided as Shelden road.

The second Allan Shelden married Elizabeth Buhl Warren who was also a neighbor. Miss Warren was the daughter of William W. Warren, of Memphis and Mary Caroline Buhl. The Allan Sheldens II children are the Allan Sheldens III and the Warren Sheldens.

Frederick M. Alger, Jr., and Mrs. Harold Raymond Boyer are the children of Mary Swift and Frederick M. Alger. Russell Alger married Marion Jarves, who now lives in Provencal road. Their children are Mrs. Nils R. Johanneson and the junior Russell Alger lives in Charlottesville, Va.

The Swift branch of this intricate family relationship has disappeared from the local scene. Irene Swift married Dr. William Moffat and moved to Utica, N. Y., and her brother, Edward, after living here for some years moved East. A cousin, Charles Swift, for sometime lived in East Jefferson avenue.

To complete the intertwining of families the second Henry Shelden married Martha Clark, (daughter of the late Emory Clark, whose Lakeshore mansion the Benson Fords are now remodeling). When he died she married again, Serge Daniloff. Mrs. Daniloff died last year in London.

Every holiday Mrs. Allan Shelden gathers the many remaining descendants of the Alger, Swift, Buhl, and Shelden clans together at Christmas.

It's possible to lose a coat, or even a hat, but you would think people would know their own shoes. Orv Aronson lost his shoes at a bowling alley but he was fairly sure he knew who had them. He went to call on the gentleman who walked off in his shoes and when the bowler answered the door, asked for his footgear. "And how do you know I have them," the slightly irritated absconder asked. "You're wearing them," was Mr. A's succinct reply.

MRS. WILLIS BUGBEE OF BEACON HILL By PATRICIA TALBOT

Kidney beans, lentils, sunflower seeds and cracked wheat are not just vegetables destined for the table; they are the ingredients Mrs. Willis Bugbee has chosen for her Sunday School class to compose striking mosaics.

Mrs. Bugbee is superintendent of the junior classes at the Grosse Pointe Methodist Church and these children have been working on the seed mosaics of Christian symbols, which will be framed and line of walls of the new assembly room of the church.

For four years Mrs. Bugbee has been superintendent of the junior classes, but long before that she became interested in the founding of the Methodist Church here. She and her husband became charter members

Kerby Carnival Workers Busy

One household's dust catcher can become another home's prized item. That traditionally has been one of the reasons for the success of the Kerby School Carnival White Elephant sale.

As the Carnival date, (Saturday, March 5), draws nearer, those in charge of the White Elephant room request Pointe householders to inventory items in that twilight zone between the trash barrel and the storage room.

In this category come books, jewelry, lamps, household appliances, china, glassware and toys and games in good condition. No clothing, please, say the White Elephant promoters.

These items will find a cordial welcome if tagged "White Elephant Sale" and delivered to Kerby School at the beginning of the morning or afternoon sessions.

Those unable to deliver their contributions may telephone Mrs. E. A. Batcheler, Jr., (TU. 1-9342) or Mrs. Richard Childers, (TU. 2-6974), to pick them up.

The White Elephant sale is just one of the colorful enterprises that are to be features of the Carnival. Others are a circus "Big Top," "Tiger Spring Training," "Mardi Gras" and a "Space Station."

Another project also needing the community's help is the "Comic Korner" which will sell second hand comic books. Yes, at least one Grosse Pointe mother is trying to collect old comic books instead of getting rid of them. She is Mrs. Frederick Lauppe, in charge of the Comic Korner.

So instead of adding to the trashman's library, Mrs. Lauppe asks that old comic books be delivered to her home at 188 Cloverly. She also will collect them if prospective donors will telephone her at TU. 4-1318.

the Girl Scouts and vice-president of the YWCA. She chaperones the Youth Fellowship meetings, is always ready to turn up at church on Saturdays to help juniors with special work, such as the newspaper which they edit monthly.

Musician and Seamstress Her home is always open to the church and its members. For years she directed the choir in rehearsal at her house, for she also plays the piano and organ. Mrs. Bugbee sews her own clothes and a complete wardrobe for her daughter, daughter-in-law and grandchild. Although she doesn't play bridge herself, she welcomes the church women who gather for cards at her house.

A grandmother, who is a homemaker as well as a job holder, Mrs. Bugbee says the secret of her radiant good health, which makes all these activities possible is milk; she drinks quantities during the day.

"She never takes a vacation, stays on her church and office jobs through the summer. The Bugbees did travel in their early married life and she finds her previous trips around the world are a great help in her church work.

The busy woman is always asked to assume new duties and such has been Mrs. Bugbee's experience. A warm, vital and friendly woman, she always has time for one more job, especially if it concerns the Methodist Church to which she is so devoted.
