WHETHER OR NOT Michigan voters will get the chance to decide pro or con on a sales tax increase is now up to the House. The State Senate, yesterday, approved the proposal that the voters be allowed to state their preference at the polls next November. The Senate vote was 20 to 5. Seven Democrats joined the Republicans in voting for the measure. The resolution is expected to pass the House also.

CHRYSLER CORP. has threatened to leave the state of Michigan unless there are immediate tax reforms at both state and local levels. William C. Newburg, Chrysler executive vice-president, said yesterday in speaking to Rotary Clubs of Hamtramck, Highland Park, Harper Woods as well as Grosse Pointe, that there is "no guarantee" that the company will keep the majority of its operations in Detroit.

A ROYAL PRINCE was born to Queen Elizabeth II, yesterday, February 19, in Buckingham Palace, London. The boy, to be named later, is now second in line to the throne. His 11-year-old brother, Charles the Prince of Wales, is the first heir to the throne of England. Four doctors were in attendance of the first reigning monarch to bear a child in 103 years. A 21-gun salute was fired at the Queen's country residence, Windsor castle, and also by the Royal Navy in Portsmouth harbor.

THE COMPLAINTS of prohibitive taxes by Chrysler Corp. executive vice president, William C. Newburg, has brought about new reactions on the part of both Gov. Williams and UAW President Walter Reuther. The blame for the tax problems is partially the fault of Chrysler, according to both Williams and Reuther, because Chrysler officials either opposed or failed to support the recommendations of the Citizens tax advisory committee in 1959. The Governor has offered to confer with the Chrysler officials on the issue.

She said that she had been saving the money for payment of bills and for an impending vacation, and had placed small sums of money in different envelopes each day. When she went to the chest to add to the funds, she found the money gone.

Det. Sgt. Walter O'Dell and Det. Leroy Tobian said that a suspect is being sought for questioning.

Before submerged lands can be purchased from the State, property owners must obtain the consent of adjoining fast property owners and the approval of the city in which they reside, according to the Submerged Land Act of Michigan.

In this case, the Park cannot purchase its desired land without the consent of Gieger and Mrs. McMillan; and vice versa.

The Park Planning Commission, which urged the withholding of consent on the part of the private property owners, recommended the purchase of

Schools' Building Needs Under Study By Various Groups

Committees Near Third and Culminating Stage In Process of Deciding Where Additional Tax Money Should Be Spent

A detailed study of the building needs of the Grosse Pointe Public School System is about to enter a third and culminating phase, school officials have revealed. The ultimate goal of the study is to see that all sections of the Grosse Pointe School District have complete up-to-date physical facilities.

Phase one of the study began over a year ago when school heads began a comprehensive survey of the buildings of the school district. Shortages of instructional space, inequities, and other inadequacies were sought out and listed. These formed the basis for the Board of Education's decision to seek voter approval last fall of authority to levy additional taxes to correct the deficiencies.

After the October election, building advisory committees were appointed by the school board to study each school's individual needs in detail. This was part of a long-range plan conceived and announced before the election to insure that the benefits of a variety of viewpoints were obtained. It constituted the second phase of the overall study.

Committees Set Up Lay citizens, representatives of the Board, and members of the building staff made up the committees. They set out to draw up recommendations which would assist the Board of Education in finalizing the details of the improvement program, the broad outlines of which had already been established.

"The building committees are all functioning in an admirable fashion," Robert F. Weber, president of the Board of Education stated. "The objectivity and creativity of these competent advisors should go far in assuring that the best possible program for the utilization

Police Seeking Owner of Dog

Rodger Lapham, 14, of 529 Notre Dame, may have to go through a series of rabies shots, unless the owner of the dog that bit him contacts the City police.

Rodger was bitten on the right leg above the ankle while pedaling his bicycle in the City municipal park on Saturday, February 20, about 5:11 p.m., by what might possibly be a collie. A woman who was wheeling an infant in a baby carriage appeared to be the owner. She pulled the dog away, looked at the bite, said it was okay and then left.

When the boy got home, the bite began to discolor, and he was treated by his family doctor.

City police are anxious to locate the owner of the animal. If the owner of the dog should read this, please call City police at TU 5-2950. The dog must be kept under observation for possible rabies, otherwise, Rodger will have to undergo a very unpleasant experience.

Police have been receiving a number of complaints about the crow rookeries in their neighborhoods.

Higher Credits Awarded Honors Courses Students

Grosse Pointe High School students who are taking honors courses, under a new system of honor points, are now receiving higher credit than before, according to Principal Jerry J. Gerich.

"We feel that boys and girls who are performing at a high level in honors courses should be rewarded," said Mr. Gerich. Under this new plan, students will receive one additional honor point per grade more than before. For an A, four honor points will be awarded, rather than the previous three, and so on through the grading system.

The new system is being used in an effort to "bridge the gap" between a B in an honors course and an A in a regular course. It also means that it will be possible for some students to have better than the usual 3.0 cumulative honor point average. Should this happen, the class rank will be decided by the honor point average of the top person.

The cumulative honor point average which is sent to the college or university to which the student is applying will have the normal 3.0 as a top score, however. "We will do this because we do not want to be in the position of interpreting a new honor point system," said Mr. Gerich.

In order to receive this extra honor credit, a student must be taking a minimum of 20 hours of work per week. According to Mr. Gerich, a minimum of 20 hours of new work is

Public Eager For Lectures By Pastors

Had Waiting List for Seven Talks to Be Given in Pierce School Auditorium

Public demand for tickets to the Lenten series of lectures sponsored by the War Memorial and seven Pointe churches, scheduled to begin Tuesday evening, March 1, has been so great that the program has been moved for the second time. Tickets for the 619 seats of the High School Auditorium had already been given out and requests for tickets were still pouring in to the War Memorial. Nearly 100 were on the waiting list Monday and it has been decided to move the series again, to the Pierce Junior High School Auditorium, Kercheval near Nottingham, which seats about 900.

The talks, seven in number, were originally scheduled for the War Memorial, but the demand for tickets was so great, that the 300 tickets available there were taken immediately. It was decided about 10 days ago to move the lecture series to the High School.

Seven Will Speak

Seven Pointe ministers, representing seven churches, are scheduled to speak on successive Tuesday evenings on the organization, history and doctrines of each church, respectively. The first speaker is Rev. Bertram deHeus Atwood of the Grosse Pointe Memorial Church (Presbyterian).

Following Rev. Atwood, in alphabetical order, will be: Rev. William D. Hammond of the Grosse Pointe Unitarian Church, March 8; Rev. Marcus W. Johnson of the Pointe Congregational Church, March 15; Rev. Erville B. Maynard of Christ Episcopal Church, March 22; Mgr. Frank McPhillip of St. Paul's on the Lakeshore (Roman Catholic), March 29; Rev. Charles W. Sandrock of St. Paul Evangelical Lutheran Church, April 5; and Rev. Hugh White of Grosse Pointe Methodist Church on April 12.

All of the talks will begin at 8 o'clock in the evening. The seven ministers, along with George R. McMullen of St. Paul avenue whose idea it was to have the lecture series, will all be on the speakers platform for the first lecture, March 1. They will be introduced to the public at that time. Each of the seven talks will be taped by radio station WJR in order to have a permanent record of the entire series.

All to Be Interviewed

WJR is also planning to interview each of the ministers for the "Composite" show, the Monday evening, prior to the Tuesday on which he speaks. Mr. McMullen was interviewed on the same program last Monday evening, February 22.

Members of the War Memorial youth council will be on hand at each lecture to take tickets and usher. Each person attending will have the opportunity to write out any questions he might have for the ministers to answer. Since the purpose of the lectures is to acquaint everyone with the various religions, and since the demand for tickets is so great, it is hoped that all ticket holders will attend every lecture. Tickets are free, but they are obtainable only for the entire series.

Reckless Driver Pays \$100 Fine

Only one of two persons scheduled to appear before Shores Judge John Gillis on Monday, February 15, showed up to answer for a traffic violation.

Ida Mae Cooley of 1241 Dickerson, Detroit, charged with reckless driving on Lake Shore road, entered a plea of guilty and was fined \$100.

Roy A. Drogosh of 1100 North Adam, Birmingham, accused of speeding 50 miles an hour on Lake Shore, a 35-mile an hour zone, was not in court to answer the charge.

Judge Gillis signed a warrant for Drogosh's arrest.

School Building Needs

(Continued from Page 1)
of our building and site funds is adopted.

"The board and the school staff began a thorough study of the physical plant more than a year ago," Mr. Weber said. "A sizeable back-log of classrooms and other facilities we needed was identified. Irrespective of future growth of the district if and when new home construction resumed we knew we were short about 15 classrooms when school began in September. Considerable remodeling and renovation of other existing facilities was also an apparent need."

No Funds Till Next Year

Funds for the building program will not start coming in until January, 1961 Mr. Weber pointed out. They will be collected over a four-year period and construction will be planned to coincide with their availability. Priorities will be assigned each project to insure that those most urgently needed are provided first.

All of the building committees have now met at least once. Most will soon be ready to present final reports to the board. One exception will undoubtedly be the high school committee. Faced with a complex problem, its study may continue for several months. Many changes and improvements to existing facilities are known to be necessary if a modern, comprehensive program is to continue there.

The high school advisory group will meet again March 17. It is anticipated that at this time a specific recommendation will be formulated concerning the enlargement of the school library and the cafeteria. Both now seat only a fraction of the number they should be able to accommodate. Several alternatives have been under consideration as solutions to these problems.

Departments to Report

Reports from several academic departments will also be presented the advisory committee at the March meeting. These along with blueprints of the building layout will aid the study group in deciding what the best space utilization plan is. Certain science and language laboratories have been established as high priority needs but their location and exact nature is yet to be determined.

First priority items on the construction list will be the standard classrooms the district now needs. Following these will be the other projects considered essential to a quality program which are auxiliary in nature or which represent improvements and enrichment to existing facilities.

Park Seeking Submerged Lands for Recreation Site

(Continued from Page 1)
the submerged lands in question. However, if the city and owners refuse to give their respective permission, the Commission stated, the lands may well remain State-owned under present law.

City Manager Robert Slone told the council that the city had purchased the land from the State at a cost of seven and a half cents a foot, or \$26,000, and develop the property as a park, or for other municipal use, at an estimated cost of \$88,700, a total of \$114,700.

At meetings of last July 13 and last August 10, the Park council received applications from Grieger and Mrs. McMillan, in which the two disclosed they had filed a purchase request for their desired submerged lands with the Conservation Department in Lansing, and wanted the city's approval. The Planning Commission urged that this action be deferred because the lands in question were under study.

At a meeting last August 24, members of the Commission submitted to the council, a comprehensive statement and plan for the development of the Three Mile property, and adjacent properties, which the Commission felt should be acquired.

In its report to the council Monday evening, the Commission stated that for a number of years prior to 1956, it has felt that recreational facilities in the Park were inadequate, not only for present needs, but also for the future. Therefore, early in 1956, the Commission requested the city's planning

Mrs. S. Smith, Grosse Pointe Unitarian; Mrs. M. Johnson, Grosse Pointe Congregational; Mrs. A. Brown, Grosse Pointe Congregational; Mrs. W. Wiseman, Grosse Pointe Congregational; Mrs. F. Steiner, Grosse Pointe Methodist; Mrs. J. Mason, Grosse Pointe Methodist; Mrs. J. Wright, Grosse Pointe Methodist; Mrs. D. Button, St. Michaels Episcopal; and Mrs. M. Atwood, Grosse Pointe Memorial Presbyterian.

Where Proceeds Go

In addition to projects long financed by the World Day of Prayer offering, part of this year's receipts will help support RAVEMCCO, an overseas broadcasting unit sponsored by the National Council of Churches to help build Christian broadcasting facilities in Africa.

In the United States support will be continued for the migrant ministry, chaplaincy service in government hospitals in Alaska, the training of Indian lay leaders and a small demonstration farm in Puerto Rico.

consultants, Vilcan-Leman Associates, to survey the city's recreational facilities, determine present and future needs, and make remedial suggestions. The consultants report states, in part:

"For an ultimate population of 18,000 there should be approximately 116 acres of city-wide recreational facilities. There are now only 7.5 acres of developed park. Should the city-owned vacant area at the foot of Three Mile drive be developed there would still be a deficiency of almost 100 acres. It is readily apparent, due to the built-up nature of the city, that a considerable deficiency in recreation space will not be feasible to correct.

"The city should develop, for recreational purposes, the vacant area at the end of Three Mile drive. It should also consider acquiring the strip adjacent on the west. This would increase this site from 13 acres to 20 acres. Even with this addition, the city would remain with a large deficiency."

The Commission said that it had considered the possibility of obtaining the desired expansion of facilities by enlarging the present waterfront park, since one park would be cheaper to maintain than two. However, the Commission stated, this expansion would require the acquisition of a number of approved properties to the east at extremely high costs, which would be prohibitive.

It was recommended by the Commission, that the Park should acquire the desired submerged lands, and perhaps buy Grieger's one-acre fast land property, which would give the city approximately 19 acres.

It was noted that nowhere in the city is there even as much as a two-acre parcel of unimproved land, therefore, the city must, necessarily, locate another park at the foot of Three Mile drive.

The Commission stated that the site is ideal for these reasons: 1. The area borders on the waterfront; 2. Much of the area is already owned by the city; 3. It is not owned by the city constitutes submerged lands owned by the State; and 4. It is substantially in the center of the shoreline of the city and is more conveniently located than the present Barrington road waterfront park.

After the Commission's complete report was read to the council by Mr. Slone, Councilman Kent Zimmerman objected to plans making the area a passive recreation park, stating that the land should be developed for the children, the future citizens of the community. He said that prohibiting the playing of baseball, tennis, and other active sports, was not fair to the youngsters. He voted against the resolution.
Mayor Kenneth Cunningham, and Councilmen William Oddy, Victor Wehmeler and Matthew Patterson favored the resolution. Councilmen Charles Ives and Paul Gaillette were absent. The resolution also authorizes Mr. Slone to proceed with the development of the city-owned land, pending negotiations with Grieger, Mrs. McMillan and the State for the purchase of the submerged lands.

With Michigan continuing to rank high on the list in traffic deaths, it is time each of us who drives a motor vehicle takes a solemn oath to do something about it... Like the professional truck driver who makes his livelihood piloting a truck or truck-trailer over our streets and highways, we need to know the rules of safe driving and practice them. Safety is no accident—it's planned that way... Obey all traffic laws, be courteous, drive "defensively" (trying to anticipate the other fellow's move), be sure your vehicle is in good mechanical condition. There are other sound rules, but these are four of the most important and if you'll practice them conscientiously you'll help to save a life — and it may be yours!

Park Authorities Clear August 11 Holdup of Bar

The last August 11 holdup of the Baby Grand Bar, 15222 Charlevoix, was committed by an accused murderer, a prison-returned parole violator and a man being held by Detroit police on a charge of armed robbery, according to Park police.

On Thursday, February 18, Park Police Cpl. Charles French said the bar holdup was cleared when David Crow, 30, of 7668 Meadow Warren, confessed to taking part in the robbery of the bar. He is in the Wayne County Jail awaiting trial in Circuit Court, on a robbery armed charge filed by Detroit authorities.

The Park officer said that Crow, who was recently arrested in Detroit, admitted to the Park holdup.

The two others involved, according to French, are Richard Shirk, 28, of 4105 Woodhall, Detroit who formerly lived in the Pointe; and Frank Donley, 28, of 5929 Somerset, Detroit.

French said that Donley was arrested in Detroit for violation of parole, and returned to Jackson Prison last December 29. At the time of his arrest, he told Detroit police about the Park bar holdup and implicated Shirk and Crow. Later, he repudiated his confession.

Shirk, who is being held in Oakland County Jail, on a murder charge by Pontiac police, denied his part in the holdup.

All three have long police records, Shirk's dating back to 1949; Crow's 1951; and Donley, all the way back to 1947.

Shirk's record showed he was arrested by Park police on February 17, 1950, on a charge of robbery not armed. He was convicted and sentenced to Jackson Prison for a term of 2 to 10 years. After a short time, he was paroled.

Sometime later, he was arrested by Detroit police for an armed robbery in that city, for which he was sentenced to from 3 to 20 years in prison. Last March 17, he was paroled, again.

Shirk was arrested by Pontiac police early in January for investigation in the murder of Carlo Vitale, 22, of 2585 Anderson, Detroit, whom Shirk said he had killed but could not remember where he buried the body.

On January 20, Shirk lead authorities to a lonely county road near Walled Lake, and pointed out Vitale's shallow

grave. Shirk is awaiting trial in Oakland Circuit Court.

Cpl. French said that Shirk, Crow and Donley are definitely the ones involved in the Baby Grand Bar holdup.

The officer said Crow and Donley entered the bar, and one held a gun on Joe Dinardo, owner and bartender, and the other kept a gun on the customers in the place. Shirk, French said, remained out in the car, with the motor running.

The trio escaped with \$340, driving away at normal speed to avoid rousing suspicion.

Adults Offered Language Course

The Department of Community Services of the Grosse Pointe Public School System announces a new course for adults, An Introduction to the Study of Language, to be given for a ten-week period beginning on Tuesday, March 1, at 7:30 p.m. The class will meet at Community Service Center, 43 Grosse Pointe Boulevard.

An investigation into the nature and function of man's most unique accomplishment — language; the course will consider such questions as: What is language? Do other than human beings possess language? What is the relationship between speech and writing? Is writing language? What is a language family?

Languages change. What is the nature and scope of such change and how does it operate? We cannot, for instance, without special training, read the works of Chaucer as he wrote them, yet Chaucer wrote in English. Is the English spoken today the same language spoken in Chaucer's day, in Shakespeare's?

To what extent is culture, as we know it, dependent upon language? What, if any, is the relation of language to race, language to culture, language to nation. What is a national language?

Instructor for the course will be Dr. O. L. Chavarría-Aguilar, asst. prof. of Indian Languages and Linguistics of the University of Michigan. Before coming to Ann Arbor, Dr. Chavarría studied and taught in Egypt and various European countries.

This course is being presented by the Michigan State University Program of Liberal Arts Education for Adults in cooperation with the Grosse Pointe Public School System; supported in part by a grant from the Fund for Adult Education. Class reservation and further information may be obtained by calling TU 5-3808 or TU 5-0271.

Students

(Continued from Page 1) required of a student in order to be sure that he is occupied with "meaningful work."

The new honor point system went into effect as of this spring semester. It was also used to determine the students who made up the high and low honor rolls last semester. And, it will be used in selecting the membership for National Honor Society and the final class standing for the June graduating class.

This new method of evaluating grades for honors courses, along with the high rating of Grosse Pointe High School, should be of much help to the students in applying to the various colleges and universities of their choice, according to Mr. Gerich.

Christ Church Offers Lectures

"The Pattern and the Power of the Eucharist" is the theme of the Lenten Study series to be presented at Christ Episcopal Church beginning Ash Wednesday, March 2, and continuing every Wednesday evening through April 6.

The Reverend Donald E. Bodley, Ph. D., Assistant Director of the Department of Christian Education of the Diocese of Michigan, will lead the series.

Each Wednesday there will be a celebration of the Holy Communion at 6 p.m., with supper served in the Undercroft at 6:30 p.m. The lecture by Dr. Bodley will be presented at 7:30 p.m. followed by a discussion period. Those unable to attend the Holy Communion and supper are invited to attend the evening part of the program.

In addition to his service in the field of Christian Education, Dr. Bodley is concerned with community and teen-age problems. For three years he served as a board of director member, Battle Creek Child Guidance Clinic; as a committee member, Committee on Work with High School Youth, State Y.M.C.A. of Michigan; as a lecturer in teen age social problems, National Hi Y Congress; past president, branch county director, Michigan Education Association; and is a member of the American Society of Training Directors.

Farms to Buy Portable Light

The Farms Fire Department will get a portable lighting system, which is needed to help fight fires during dark night hours.

The Farms council on Monday, February 15, was informed by City Clerk Dawson Nacy that a misunderstanding between the city and the seller caused only \$350 to be set aside for the system in the 1959-60 budget, when the actual cost is \$630.

In obtaining the price of the equipment, the city clerk stated, the cost did not include that of the necessary attachments to the generator to complete the system.

City Manager Sidney DeBoer recommended council approval to purchase the lighting system at the larger figure, and that the difference of \$280 be transferred from the contingent appropriation in the budget, so that the system can be purchased.

The appropriation and the purchase was approved by the council.

Center Offers Travel Slides

Veteran traveler and experienced picture taker Mrs. Arlington Lecklider will share her excellent colored slides and give a great deal of information on modern, rapidly reviving Germany, Thursday evening, March 3, at 8 p.m. at the Grosse Pointe War Memorial Center.

Dr. and Mrs. Lecklider have traveled extensively in Europe many times and visited Germany often. Last summer, impressed with the remarkable restoration in West Germany, they decided to concentrate their travel in this area with the result that they have an excellent illustrated account of German revival to share with their Grosse Pointe friends and audience.

A large part of the pictures will concern North Germany—the busy industrial seaport of Hamburg which still manages to remain a beautiful city and rebuilt West Berlin showing the contrast with the Eastern sector, the scars of war still remaining in the gutted Reichstag and bombed palace of the crown prince, and the great monuments such as world famous Brandenburg gate and the Russian Memorial Park.

The Leckliders will take their viewers on a trip to Trier, the ancient Capital of the old Holy Roman Empire once occupied for part of each year by the Emperors of Rome. Here will be seen beautifully preserved remnants of the Roman days—their baths and basilicas.

From Trier the camera will move along the Moselle to the Rhine and Ahr Valleys past the resort centers of Neuenahr and Ahrweiler and Castle Seaburg, the best preserved fortification of the old Roman line defending the frontier from the Rhine to the Danube.

How to make the most of your next vacation

See tropic islands, continental cities—all in one roving, restoring cruise across the Equator to South America

Here you'll find rest. Bone-deep, soaked-in-sunshine, cradled-in-blue-waters rest.

And with it, the change that renews the spirit, too. 12,657 miles of contrast, diversion, excitement. New sights, new customs, new thoughts, new languages. 31 days when time is a playmate, not a slave driver.

You lunch on deck, from a regal Smörgasbord—cold lobster, turkey in aspic, heart of palm salad—forty or more choices including hot and hearty main dishes, fresh-baked breads, wonderful fruit.

SUNLIT SAILING. For centuries, sailors have known the waters along the East Coast of South America as the smoothest, sunniest in the world. 27 days of sunshine out of 31 is average on a Moore-McCormack cruise. A recent passenger reports four Mooremack trips—and not a single day when the sun didn't shine.

The fast new cruise ships you'll sail on are designed with a spaciousness, an openness that makes the most of the smooth tropic seas that are their home waters.

For the first time, glass walls go to sea. In the Main Lounge of the ss ARGENTINA and ss BRASIL, you can stand at the forward entrance and look aft fully two-thirds the length of the ship through the Night Club and Deck Cafe, past the two outdoor pools to the sea and sky.

TRIPLE-DECKED PLAYGROUND. Here at the stern is a triple-decked play area topped by a smokeless Observation-SUNstack, unique at sea. (Smoke is dispensed with far aft.)

In this playground you swim, snooze, settle down with the books you've been waiting for time to read. Here you live in bathing suits, shorts, sundresses, changing at sundown to the easy formality of summer evening clothes.

And there are just about all the clothes you'll need, plus a few for shore trips. Ladies: some

fairly covered-up things, please, including black—much worn by smart Latin Americans, of whom there are many. That "good little black dress" goes anywhere in South American cities as it does in Paris, London or New York.

ONE DAY'S ACTIVITIES. Join, watch or ignore them, as you wish! There's always something to do—different entertainment every night. But you don't have to do a single, social one of these things if you don't want to.

- 8:30 A.M. Religious Services
- 11:00 Deck tournaments, calisthenics
- 12:00 Color slides and Travel Talk
- 2:00 P.M. Pre-Broadway film in theater. Also shown at 4 and 7 P.M.
- Card tournaments
- 3:00 Children's party
- 4:00 Musical cocktail hour
- 7:00 Triton comes to Dining Salon, in preparation for tomorrow's crossing of the Equator
- 9:00 Dancing in the Night Club
- 9:00 Masquerade party (Costume materials provided previously)
- 11:30 Late snack in Deck Cafe

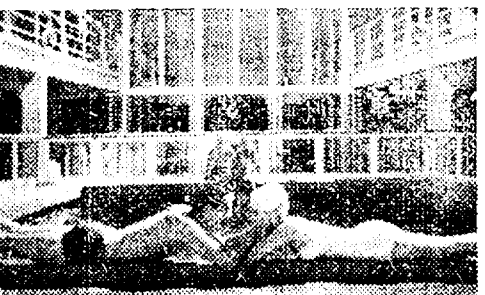

Throughout the day, at passengers' convenience: Lessons in Spanish, Portuguese and dancing; camera fans meeting.

MEMORABLE MEALS. Mooremack food is famous—all, of course, from breakfast in bed to late midnight banquet-snacks, one of the many pleasant luxuries your fare includes.

The one formal meal a day is dinner in a cool, quiet Salon large enough to serve all at one sitting. The menu, in three languages, is a masterpiece. As one passenger put it: "What one nation forgets, the others remember!"

Steak, of course. Inches-tender steak. Pheasant and venison in season. Every kind of sea food that swims. Many new-to-you Latin American dishes and somehow chickens spelled—and cooked—"galinha" takes on a new, irresistible flavor. Delicacies from all over the world—caviar, pâté, bird's nest soup. Your favorite dishes will be prepared to your order.

An excellent wine list. Naturally, ships that live off the coast of Brasil serve the best coffee in the world. Be sure to try that dark delicious Santos kind.

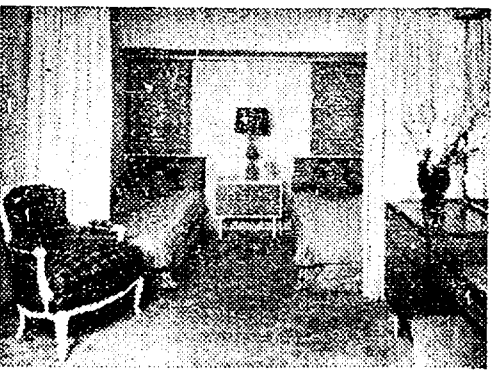

The two outdoor pools are filled less than twenty-four hours out from the warm blue Gulf Stream. The junior pool, on the deck below, has its own teen-age snack bar and carefully supervised play room, for younger children.

BAZAARS AND "BOUTIQUES." Shore trips—these are the icing on the cake! You'll go ashore in these and other romantic ports: Barbados, that "little England"; Trinidad, home of the Calypso. Rio, so beautiful every superlative you've heard is an understatement, and Buenos Aires, the "Paris of the New World." Two of the world's most sophisticated cities, both are Meccas for musicians—Toscanini went from South American triumphs to world fame!

Your Cruise Staff has tours already arranged in every port. If you prefer, they'll advise you on "solo sight-seeing" or have cars waiting for your own group of friends. They'll suggest restaurants, clubs, shows; places where you can golf, swim and shop.

It's fun to tell friends at home: "This is one of the baskets I picked up in Barbados." "I bought the wool for this skirt in Trinidad." "My ring? Lovely, isn't it—and you'd never guess how little it cost in Rio!"

Rio's variety of semi-precious gems is dazzling: aquamarine, topazes, tourmalines—the Brazilian emerald—set in 18 Karat gold, priced from \$5 or less to several thousand! In Buenos Aires, a nutria coat costs a fraction of its price at home. Gorgeous suedes and vicunas, too. Native crafts in open air bazaars. Leather goods, silver, hand embroidered linens—you'll find all these and more in shops as smart as any in Europe.

Unpack and unwind in your spacious stateroom. All are outside and individually air conditioned. No packing and unpacking—your ship is your hotel for the whole cruise. And there's plenty of room for luggage on a 22,770 ton liner!

THE "ELECTRIC NIGHT." For sheer beauty, there's nothing anywhere quite like Rio when those long strings of light begin to glow along her fifteen miles of shore line. Above, in its own halo of light, stands the huge statue of Christ on Corcovado. Dimly against the sky you feel, rather than see, the jagged peaks of the Organ Mountains.

Buenos Aires' night clubs rival those in Paris! And, on the ship, there's a Night Club of your own. You'll find yourself dancing to intricate rhythms you never knew you could follow. Dreaming up crazy costumes for the Masquerade. And who can help joining the Barn Dance pandemonium of Sadie Hawkins Night!

All this—and the horizon-wide quiet of the

night sea and sky, the white wake taking fire as the stars hang low. King Neptune's visit as you cross the Equator. This is a different world. Isn't it time you sailed to discover it?

WHEN TO GO. The best time is—as soon as you can! Just remember that seasons are upside down below the Equator. Sail now for late summer sunshine. Next summer, relax on breeze-swept decks and enjoy the cool season in South America. Minimum fares for the 31-day cruises range from \$1,110 thrift season to \$1,350 regular season—a voyage 4 times the distance to Europe at a cost of less than 10¢ a mile!

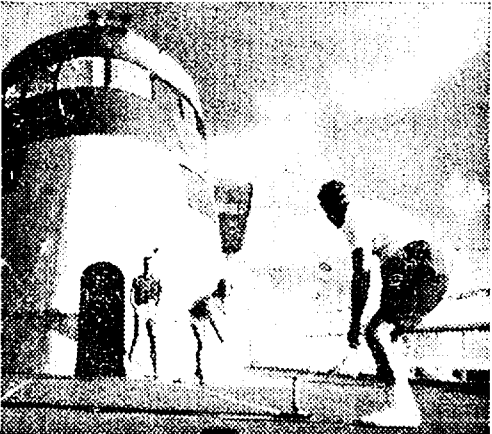

SPECIAL! 2 Luxury-for-less-money Cruises on the ss ARGENTINA, sailing April 13 and May 14, 1960 for 29 days. Minimum fare \$980—even less than Thrift Season rates.

ss ARGENTINA also sails June 16, August 26. ss BRASIL sails July 1, August 5, September 9. Your Travel Agent has details. See him soon.

Each dinner is a feast with choices for the most sophisticated and the simplest taste. Your favorite dishes will be prepared to order.

WHAT YOUR FARE INCLUDES: Stateroom and transportation; 20 cubic feet of luggage, free; all your meals, including snacks, canapés when you wish to entertain; complete entertainment program including nightly dancing and wide-screen films; care of the children in well-supervised playroom; use of two pools, library, gymnasium, laundrette; loans of Dictaphone, typewriter or camera.

Topping the triple-decked sports area, is this smokeless Observation-SUNstack with a breathtaking, horizon-wide view.

In Rio, even the sidewalks are dramatically different! This one follows famous Copacabana beach, lined with luxury hotels and fine shops.

It's Carnival Time in Brazil

While the number of absolute monarchs throughout the world decreases, one becomes more powerful year after year. He is one of the most unusual rulers in the world: the "King" of the Brazilian Carnival. (The Brazilians use their native Portuguese tongue and call it Carnival.) This King's reign officially starts when he arrives in the Carnival city of New Year's Eve; it ends with the dawn on Ash Wednesday. But it is really only effective—but how spectacularly effective!—from the Saturday before that holy day.

This is the period of the Brazilian Mardi Gras. On Saturday, February 27 this year, the populace of Brazil leaves work-a-day routines behind and gets down to the important business of having a ball. The farm people mingle with merchant princes in dancing and singing and gay abandon. Obscure composers parade their newest sambas with insistent beat and uninhibited rhythm.

Work is forgotten in costumed abandon, joyful, gay democratic celebration of an "enlightened autocrat": King Carnival. Carnival floats designed by businesses, farmers, clubs, anybody, form giant processions through the cities while occupants pelt onlookers with confetti and streamers which are promptly returned ten-fold! The streets are happy pandemonium. Festive, costume parties follow the parades Sunday night and throughout the early part of the week, some sumptuously private, some gigantically public and some impromptu in the streets or public places. Then all are climaxed by the biggest night of all—the eve of Ash Wednesday. That's when the Brazilians let their hair down until dawn ushers in the Holy Day, King Momo fades into memory, and Brazil returns to the usual tenor of Latin life.

Rio de Janeiro and Salvador (Bahia) are the heartland cities where Carnival's King has his principal fling. To these metropolises and their Carnival celebrations seasoned travellers return year after year for the gay whirl. Breathless, exhausted but full of second-winded exhilaration, under the spell of the King—Rei Momo—Brazilians and guests from abroad, find the Carnival a tonic for a happy life, an experience in fun unmatched anywhere else.

Each year Moore-McCormack Lines send its new luxury liners BRAZIL and ARGENTINA to Brazil on special Carnival Cruises. The SS ARGENTINA sailed Friday, February 5th this year full of passengers eager to "have a happy" at Salvador. While the SS BRAZIL sails on February 19 . . . all rooms occupied . . . to the Carnival at Rio de Janeiro. Passengers on these sleek cruise ships may use the vessels as hotels during Carnival. But the shipside tenancy of most cruise-geers during these fiestas is very, very transitory. Because who can sleep, or rest, or sometimes even eat—while the music is on the samba beat and the grape flows with such a sweet and heady song.

And who are these unique monarchs, the Kings of Carnival—the Rei Momo? They are always completely incognito! None of the citizens of the Carnival cities will divulge the King's identity (even if they know) because to them the King is only and always the King—no more. And where do the Kings go after Carnival—after the days of the pre-Lenten festivities—well, Brazil knows! The Rei Momo retires to think up more hi-jinks for the next year, and the next, to keep his subjects eager to pay him homage with their happiness.

Long live King Carnival. Monarch of the happy people.

"A Garden is a lovely thing, God wot! Rose plot, Fringed pool, Ferned grove ... The veriest school Of Peace; and yet the fool Contends that God is not ... Not God! In garden! when the eve is cool? Nay, but I have a sign: 'Tis very sure God walks in mine." (Thomas Edward Brown)

Noblesse Oblige

A young mother who took her new baby out for his first peek at the shopping center "On the Hill" ... stopped in at one of her favorite spots to do a little shopping AND incidentally, show off the baby. The owner of the shop and employees, took a deal of time oohing and ahing over the baby, with the result that little mother got a parking ticket.

Foreign Relations Dept.

Friends of ours touring abroad recently tell us they had a Roman holiday in Rome. Seems to be everyone's spot these days. Instead of sending the usual brief post-cards of sketchy letters to their pals back home, they waited until they arrived back in the States, then collaborated on a story-woven account of their entire trip.

The Mrs. half of the couple was asked by a mutual friend to telephone the Head of the Order of the Congregation della Resurrezione. This she did, only to find he was out of town ... sooooo, she was "turned over" to a Brother Lucien ... who proved to be very cordial and helpful with his information.

Signs of the Times

An eleven-year-old boy (played by ANY eleven-year-old boy) came home from school one day in tears. He announced that he was chosen to play the part of the "Innkeeper" in the school play about Mary and Joseph arriving at the Inn and asking for shelter.

Over a large banana split, (to dry the tears), his parents explained that it was only playing a role, that he should be proud they chose him and that after all it was part of our religious history.

On the way to the school on the BIG NIGHT ... junior's parents were still trying to convince him that every story had a villain in it and if he played the part well, he would be admired.

Finally the play of the Nativity started and eventually sunny boy came on the scene. He was VERY stern as he turned away "Mary and Joseph" saying there was no room at the Inn ... he was equally convincing as he relented a bit to tell them they could take shelter in the stable if they liked ... then his voice changed completely ... and with all the aplomb of the perfect host, he added (and it was NOT in the script) ... "But wouldn't you like to come in and have a cocktail, first?"

NOT a glass of water, mind you, but a cocktail! Needless to say, he was the sensation of the evening!

Toothsome Item

A local elderly gentleman who is apt to brag about his good deeds for mankind when he's had a few hoots ... pulled a real switch recently when he was overheard telling a companion that he found himself inadvertently doing a good deed EVEN FOR HIS WIFE! He related that he had ambled to the bathroom one morning, to prepare for the day's activities.

What's New on THE HILL

THE WINDOWS at 104 Kercheval are signaling a bright Spring. Palest yellow, organdy ... fine imported Madiera Irish linen enhance these towels ... tray sets ... bridge ... and tea sets ... large tablecloths ... place mats. When you are on the hill why not step in and see their outstanding linen, bridal and shower gifts?

YOUR SHOPPING FREE could have a happy ending ... if you find the stone garden figures and garden lights which will be available at the League Shop soon.

GET CAUGHT having breakfast in bed on a perfectly practical bed tray ... it's possible to rest your favorite reading material ... your writing needs while reclining. Perfect contentment. Dream stuff ... only you'll be awake! Seven styles available.

AS GOOD AS A FIREMAN ... well, almost, anyway is this handsome six inch fire bucket extinguisher of red leather ... brass handles ... v-e-r-y "prompt in danger" ... and a wonderful little gift. Red, black or ivory. Twelve ninety-five at the Sign of the Mermaid.

THE REAL REASON why you should buy this flashlight is the fact it does NOT need batteries. The secret? It recharges on your own wall plug and does not over charge. It's handy at home, in the car, office, shop, hunting, fishing, camping, and boating.

EVERYTHING ABOUT Carl Sterr's new shirts for Southern wear is wonderful. It's evident that everything was planned right from the drawing board stage to give him what he wants for sunny climes.

IT'S THE LITTLE EXTRAS that count. For example, you may walk off with a pair of young Spring shoes from Clyde Hornung's for your very youngest child or b'tweenie and be sure that the fitter knows, 1. that all five toes must rest flat in the vamp ... and, 2. that the wall area of shoes must vary as the foot is shallow or thick. 3. That approximately one half an inch must be allowed from the large toe to the end of the shoe. Nice to know that the fit is most important at Hornung's.

THE HILL always has its very own fashionable recipes for defrosting February. This is true at Maurice Wood's. We found a most interesting collection of 18th Century Georgian antiques which included a pair of Sheraton chairs ... a wine cabinet ... a wine cooler ... a bachelors chest, and a decorated Victorian coal scuttle. All the pieces here are versatile enough to adjust to many decorating situations.

PLANNING ON LIVING it up? Spending part of this season on wheels? We have, in anticipation brought along this idea, wait until you see the COMET, March 17. This luxury compact car will be on display at Frank Adam, Inc., on the hill.

THE FASHION MAGAZINES are applauding the mix and match fashions ... praising them for their colors and their light weight. And here, it's at Margaret Rice's that they're out on a fashion spree. Take a lush airy cable knit by Crown Colony and match or blend a skirt. Even the blouses to match are available.

ALL THE BRILLIANT PLANNING that the Denler Co. has been doing will unfold March 4 and 13 at the Ford Auditorium in the Detroit Civic Center.

HERE AT NUMBER 94 Kercheval, they are presenting the newest interpretations of the highly skilled watchmakers. But, even more important, Pongraz Jewellers is the one place you will find the skill and knowledge it takes to buy only the best. Movado, Girrard Perregaux, Concord and Omega are what you can expect to find.

CAUGHT UP IN THE FASHION WHIRL for the young set is Young Clothes. Here, as new as Spring will be, are coats and suits for girls, sizes 6 to 14. Charming checks, tweeds, gray flannels, plaids, red jerseys ... each one a fashion plate ready to wear and enjoy! 110 Kercheval, on the hill.

What Goes On at Your Library

If you belong to the favored few who will celebrate their birthday next Monday, February 29, you live in the best tradition of Peter Pan. True, you are permitted to blow the candles from your cake only once every four years, but when it comes to counting birthdays, you may lord it over the rest of us.

If it is said that the musical composer, Rossini, born on February 29, 1792, took great delight in his birthdays. He celebrated what he called his eighteenth birthday at the age of 72. To his friends at this time, he declared his purpose to "turn over a new leaf and disregard the frivolities of his teens."

There have been various theories as to the origin of the term Leap Year. Perhaps the most logical is the one that the extra day which we have every fourth year was regarded at one time as synonymous with the preceding day, in the eye of the law. Accordingly the 28th day of February was recognized but the additional 29th day, though civilly held as a day, was legally not accepted.

How it came about that the femme, not so fatale, was given her opportunity to acquire a husband during leap year is also a matter of question. Legend has it that St. Patrick had something to do in that matter. A penalty was imposed upon him because of his indiscretion. It was thereupon de-

creed that any man who refuses a leap-year proposal must pay for his folly with a silk gown and a kiss. Bear up, lads. It could be worse. No mention is made of a mink coat!

A law passed in Scotland in 1288 read "It is statut and ordaind that during the reign of hir maist blissit Megeste, for ilk years knowne as lepe years, ilk mayden ladye of bothe highte and lowe estait shall have liberte to bespeke ye man she likes, albeit he refuses to tik hir to be his lawful wyfe, he shall be mulcted in ye sum ane pundis or less, as his estait may be; except and awis gif he can make it appear that he is betrothit ane ither woman he than shall be free."

And in a little book, Love, Courtship and Matrimony, published in London in 1606 we find "Albeit it now become a part of the common laive in regard to social relations of life, that as often as every leape year, doth after, the leape have the sole privilege during the time it continueth of making love, either by words or looks, as to them it seemeth proper; and, moreover, no man will be entitled to benefit of clergy who doth in any wise treat her proprosal with slight, or contumely."

History, legend and fiction reveal the fact that leap year tactics are not new. Jane Eyre, you remember, announced her ultimatum to her abseil willing victim, the blind, glamorous Mr. Rochester. John Alden needed a little prodding from Priscilla, and no doubt Peggy had done considerable spade work before she extracted that famous message "Barkis is willing."

City Reports Accident Drop

The City of Grosse Pointe was the scene of a total of 197 traffic accidents in 1959, according to the report presented to the Council at the February meeting. This is 16 less than in 1958, when there were 213 traffic accidents in the City. The number of vehicles damaged was the same for both years, however, that being 315.

There were 371 vehicles involved in the 197 accidents and 44 persons injured as a result of the accidents. Fifty-one were injured as a result of accidents in 1958.

There was only one fatality last year as compared with two the previous year. Mrs. Catherine C. Donovan, 91, of 13021 Forest in Detroit, a passenger in the car driven by Mrs. Irma Marie MacKenzie of 1375 Yorkshire road, died of injuries suffered in an accident July 26.

The accident took place at the corner of Kercheval and St. Clair. A car driven by Lester J. Sholly of 1415 Parker in Detroit, ran a red light and hit Mrs. MacKenzie's car. Mrs. Donovan was thrown out onto the pavement. She died the following day.

The City police officers issued 93 violations for accidents. Three pedestrians were injured. Seven accidents involved bicycles and one involved a motor bike.

Tuxis Preparing Variety Show

By Marge Lehr
Tuxis members are busily preparing singing and dancing routines, comedy skits, and pantomimes for the March 3rd opening of the twelfth annual Tuxis Variety Show.

Tuxis T-Views, as the show is called this year, will be presented March 3, 4, and 5 at 8:15 in the Parcels Junior High School auditorium. The show is under the direction of Mrs. Gerry Meyers, Executive student director is Frank Sweet. Tickets for the show may be obtained from any Tuxis member or by calling Memorial Church.

The show is by far the biggest undertaking of the Tuxis Club. The club, sponsored by the Grosse Pointe Memorial Church, is an organization for young people of High School age. Tuxis meets at the church every Sunday evening at 7:30 o'clock during the school year for a worship service and program. Membership is open to individuals of all religious faiths.

Rotarians Mark 55th Birthday

The Rotarians of Grosse Pointe joined with nearly half a million of their fellow Rotarians on six continents as they commemorated the 55th anniversary of the founding of Rotary, last Monday.

It was stressed that the basic objective of Rotary is its ideal of service, which is to be thoughtful of and helpful to others, both here and abroad. This is the reason why Rotary has become a world-wide institution whose ideals have been accepted by men throughout the free world.

From its organization on February 23, 1905, in Chicago, it has steadily grown in membership and importance. In 1959 alone nearly 400 new Rotary Clubs were organized in some 50 countries as far removed as British Guiana, French Polynesia and Nepal.

The Grosse Pointe Rotary Club marked the occasion with a huge birthday cake and a program sponsored by its international service committee.

Police Ticket Crash Drivers

Two motorists were given traffic violation tickets by Farms police on Wednesday, February 17, after their cars collided as one driver turned into a driveway.

Anthony J. Lucido, 32, of 5800 Chatsworth, Detroit, was ticketed for making an improper right turn and cutting in front of moving traffic; and Karla Fink, 32, of 223 Stephens road, received one for improper passing.

Police said that Lucido was driving east on Grosse Pointe boulevard in the middle lane and attempted to make a turn onto the driveway of 249 Grosse Pointe boulevard.

A gift that may be remembered four times a year...

People who receive gifts of stocks or other securities that pay dividends consistently, and on a regularly scheduled basis, have good reason to remember the giver with gratitude each time a dividend payment rolls in. Even though anticipated, the checks are always as welcome as an off-season visit from Santa Claus.

If you are interested in investing with an eye to providing regular income for some member of your family, or a close friend, why not discuss the program with us? We have complete information on the many companies with established long and consistent records for paying dividends on a quarterly or other periodic basis. We will be glad to suggest income stocks which might be most desirable for gift portfolios.

Come in today, and talk with one of our representatives. Naturally, there is no charge or obligation for consultation.

From Another Pointe of View

Beatniks, T. S. Eliot, England's Angry Young Men, "Lolita" and "Lady Chatterly's Lover," these provocative topics are a few which will be discussed in the Detroit Adventure-1960 series.

These conversations in the arts are sponsored by many civic and cultural groups throughout the city, were initiated last year by the mayor, the Detroit Institute of Arts and Wayne State University.

Several Pointers are directing some of the conversations. Among them is Wayne professor Jay McCormick, whose field is literature, and Detroit Symphony first flutist, Albert Tipton.

Artist Marco Nobili, who also teaches at the War Memorial, will lead a group and Walter B. Ford II is another who will direct a conversation, his in industrial design.

These conversations are held in various libraries and civic centers throughout the metropolitan area and those interested may call Wayne State University, TE 3-1400, extension 593, to inquire for additional information.

Travel Saga

Mrs. Harold Raymond Boyer, who looked very fetching at last week's Seven Eastern Women's Colleges' lecture by Vice President Nixon, in black with pearls, left the next morning to spend a week or two in her Palm Beach home. Her daughter, Mrs. Hudson Mead, has been vacationing at the family winter home.

The Joseph S. Sherers took a quick trip to Florida, by jet, of course. They flew down Thursday to Del Ray, were home again by Monday.

Also home from Florida are the John Woodhouses and the Woodford B. Crouses (they joined quite a local contingent at the Hillsboro Club.)

Planning a week-end off the Florida Keys hone fishing before they take off for Europe are the C. Henry Buhls.

Last week-end the F. Rankin Weisgerbers took off for Europe, Switzerland and England the two chief ports of call. The Weisgerbers have many friends in the British Isles and will be paying some return visits to the British who visited them here.

Home from a short stay in New York are the Rev. and Mrs. Bertram deHeus Atwood (their trip was a Monday to Saturday jaunt).

Also home from New York is Mrs. Henry T. Ewald, who spent her days in the big city shopping and theater going.

They've Chartered a Ship

Getting away from it all to a South Sea island is the dream of many with the winter blues. The John Keoghs, of Dean lane, are doing the next best thing.

With a few other compatible couples they have chartered a sailing ship to cruise through the Florida Keys, fish and generally laze away a few weeks in the sun. Best part of the vacation for the gentlemen will be the wardrobe with ties, shirts and coats packed away for the trip.

Symphony Fashion Show March 8-9

Mrs. Henry Klein Chairman of Benefit for Orchestra's Maintenance Fund at J. L. Hudson's; Mrs. David Gamble Will Narrate as Members Model

"Keynotes of Fashion for Spring, '60," will be the theme for Detroit's most authoritative Spring fashion teas scheduled Tuesday and Wednesday, March 8-9, at 2:30 o'clock, in the 12th floor auditorium of the J. L. Hudson Co. downtown store and sponsored by the Women's Association for the Detroit Symphony Orchestra.

Mrs. Henry R. Klein, ways and means chairman, heads this year's showings staged to benefit the orchestra's maintenance fund. Madelyn Coe, Hudson's famed fashion coordinator, will be the commentator.

Assisting Mrs. Klein will be Mesdames Alfred L. Truesdell, co-chairman, Richard W. Tucker and Stephen A. Forish, ticket co-chairmen; Walter R. Cavanaugh, patroness; James B. Webber Jr. and Hansel D. Wilson, hostess and tea co-chairmen; David L. Gamble, prologue; and Bernard P. Pearse, consultant.

The Women's Association will review the orchestra's many services to its home community and its prominence in the world's gallery of great institutions in the prologue preceding each show. Members will model clothes "Just Right" for each of the many concert series offered by the orchestra as Mrs. Gamble narrates.

Mrs. Arvin L. Wheaton, association president, will serve at the tea tables as will past presidents Mesdames Philip C. Baker, J. Leslie Berry, Warren

B. Cooksey, Dudley C. Hay, Winfield S. Jewell Jr., Gunnar Karlstrom, J. Dwyer Kinnucan and Harold O. Love.

Others pouring will be Mesdames Charles E. Gunn, Paul Paray, Ethel Ford Sutherland and Arthur B. Tilton.

Advance hints of the show disclose many new innovations for the fashion minded Women's Association. Opening on a multi-level set with models massed to tell the fashion color-story from honey-beige onward, the program will progress to the exciting suburban story, and to the fabulous hat story for the year ahead.

Later will come a definitive section reflecting the new trend in dressing up from dusk to formal evening noted more and more in Detroit. Other high moments will be the young couture story, a section of young clothes at young prices told in black, white and gray shadows, fashions at noon for Symphony ladies; and the short-and-long-of-it evening story for a finale staged in a setting of glamorous crystal chandeliers.

An early list of Grosse Pointe patronesses includes Mesdames

Trial Run for Karnival Klown

The question was whether he could stand the inadvertent tickling that is an unavoidable by-product of playing the familiar "Mr. Pockets" for Kerby School's Karnival on Saturday, March 5. To test his reactions as children probe for some of the 40,000 prizes that will be handed out from

noon to 8 p.m., EARL SCOTT, 328 Ridgemoor road, decided to make a test run. Costumed and loaded with sample prizes, Scott stopped by Kerby School and submitted to an exciting trial. "It's a scream," he said, "but for Kerby Karnival, I'll do anything."

Vet Hospitals Need Helpers

A call for more volunteers to serve in Veterans hospitals has gone out from the American Legion Auxiliary, according to Mrs. DelBarba, Rehabilitation Chairman of Grosse Pointe Unit No. 303. Approximately 12,000 Auxiliary workers from the Auxiliary are currently on duty in Veterans Administration hospitals and other hospitals where war veterans are under treatment.

"The Auxiliary volunteers come from Units of the organization located near hospitals," explained Mrs. DelBarba. "They take special training for their work and wear Auxiliary uniforms while on duty. In the hospitals they perform a wide variety of activities, supplementing the work of the professional staff.

"We need more volunteers to provide greater service for the sick and disabled veterans," she continued. "We are seeking especially an increased number of what we call 'Jane and Joe' teams composed of husbands

and wives who work together in the hospitals. The veteran patients often benefit greatly from a chatty personal visit from the men folks, and Auxiliary women are encouraging more men to join them in the hospital program.

"Older junior members of the Auxiliary between the ages of 16 and 18 are also being urged to join in the volunteer hospital work this year. We call them 'Volun-teens' and find that they are able to contribute much to the effectiveness of our work for the hospitalized veterans, in addition to receiving valuable training for themselves."

With the advancing age of veterans making war disabilities become more serious, an increase in the need for volunteer hospital workers is anticipated by the Auxiliary.

The Grosse Pointe Chapter of the S.P.E.B.S.Q.S.A., Inc., since its organization 15 years ago, is now meeting for the first time in Grosse Pointe. (Full name—The Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America, Inc.)

Since the first meeting in June, 1945, at the American Turners Club in Jefferson avenue, it has held regular meetings on the first and third Fridays of each month at the American Turners Club, the Whittier and the Bay View Yacht Club, in Detroit; St. Clair Recreation Center, in St. Clair Shores and since the first of the year, at the Geo. F. Alger Post, VFW in Grosse Pointe. Visitors are welcome at these meetings. Contact a member.

The Grosse Pointe Chapter is one of 600 chapters of the "Society" in North America, comprising over 26,000 men who enjoy keeping alive the old time songs put to four-part harmony and chorus.

Every room in the school is to be turned into an exciting Carnival like experience, and Mrs. William Quarnstrom didn't forget adults who like to get away from it all for a few minutes to relax over tea and coffee in a special room set aside for this purpose.

Donald Schrom, of the faculty, has made life size drawings of Marilyn Monroe and a Space Man, behind which boys and girls may have their picture taken by standing with their head showing above Marilyn's figure for the girls and the Space Man for the boys. Show to Help March of Dimes

The 7th Annual March of Dimes Fashion Extravaganza to be held Sunday, February 28, at 4 o'clock, at the Latin Quarter is an affair unique in America.

Begun in 1954 as a community effort on the part of 500 Detroit women working together it has snowballed into an affair for which tickets of admission—for a donation of \$5—are all disposed of weeks before the day of the show.

Fashions to be shown this year include 16 models from the DuPont collections featuring man-made fabrics for the New March of Dimes Fashion Show. Designed by leading houses, such as Dior, Cardin, Ricci, Chanel, Balmain, Patou, Balenciaga and others, they emphasize the new softer, looser silhouettes. Daytime, cocktail hour and evening fashions are included.

Fashions from the great couture houses of Paris, Rome, London and Madrid, especially designed for Vogue Printed Patterns for the New March of Dimes, make up another collection also to be featured. Twenty costumes by Michael of London, Guy LaRoche, Fabiani, Jacques Heim, Rodrigues of Spain and many others will be modeled.

Miss Nellis Saunders is chairman of the 1960 Extravaganza and Mrs. Hobart (Lynette) Taylor is fashion coordinator. The 1960 theme is Carnival in Fashions in three scenes. First set will reveal a Venetian background with models in French and Italian costumes. The second part will present resort and play wear with the Caribbean for background. The Silver Drum Festival in Jamaica and the Flower Festival of Montego Bay will provide settings for the swim suits and sun suits.

Festival U.S.A.—Mardi Gras will conclude the fashion show. Long and short formal gowns will be worn as models dance in the pre-Lenten gala atmosphere of old New Orleans.

Plenty of entertainment is furnished along with the pre-

view of fashions. A parade of 85 hostesses, each carrying a parasol covered with silver will be one of the highlights.

Each committee functioning for the Extravaganza is given a quota to make for the grand total. Funds have been raised through teas, coffee hours, cocktail and pajama parties, bridge and whist sessions, brunches, and programs by groups including a school of the dance.

The first show in 1954 raised \$2,000; 1955, \$4,000; 1956, \$7,000; 1958, \$10,000 and in 1959 the returns reached almost \$18,000. This year's goal is even higher.

Church Women Plan Luncheon

The March luncheon meeting of the Woman's Society of Christian Service of Grosse Pointe Methodist Church will be held on Tuesday, March 1, at 12:30 p.m. at the church in Moross road.

The speaker of the afternoon will be Mrs. W. H. McCallum, wife of the minister of Mary Palmer Church in Detroit. Mrs. McCallum recently returned from a tour of Africa as a representative of the Woman's Society of Christian Service.

Devotions are to be presented by Mrs. Karl Simms and Hostess Circles preparing the luncheon are Alpha Circle and Naomi Circle.

For reservations, please call the church office, TU 1-7888. There will be a nursery provided, free of charge, for preschool children of luncheon guests.

It's easy to see that any woman with several children can never be counted among the unemployed.

Council Hears Paul Williams

"The public can control both radio and television programs by its own choices," declared news-caster Paul Williams, public affairs manager of Station WWJ, at the bi-annual luncheon of the Grosse Pointe Television and Movie Council on Monday, February 15, at Jacobson's. Guests were the heads of the 33 organizations comprising the Council's membership.

"Just don't buy the products offered on programs you don't like. I've given up using my favorite razor because the commercial of the sponsor's show demonstrated it shaving a football, and I don't use it for that. The treatment of a commercial rather than what is actually said can be offensive. Yet, a commercial costing 25 to 30 thousand dollars to produce, can't be changed overnight."

Saying that he personally preferred the British televising system of divorcing the advertising from program content to our inclusive method, and that he regretted the recent scandals of the video industry, Mr. Williams made an urgent plea for understanding also.

"Television never had a growing-up period and is still only 13 years old," he pointed out. "In 1947, the opinion was that it would be at least 10 years before the business would break even. Instead, it became commercial at the outset. What was done was by trial and error. All I can do is clean up as far as I can reach and I believe that a newscaster should not deal with violence and murder no matter how newsworthy."

"Whatever its faults and virtues," Mr. Williams concluded, "television never was intended to be a baby sitter. One should not set a child down to watch for a couple of hours without supervising the programs any more than one would give him a box of matches and leave him alone with it."

GPMS Swimmers Shatter National Mark; Take Title

The Grosse Pointe Blue Devil swimming team knit together an extremely productive week when it established a new National (20-year pool) record in the medley relay on Tuesday, February 16, while beating Birmingham, 51-45, and then followed three days later by swamping Wyandotte 67-29 to clinch the Border Cities League championship in the local pool.

The new U. S. mark was set by Don Haynor, Dick Law, Chris Kimball and Mark Gregory at 1:21.8. This broke the former standard, also held by a Grosse Pointe quartet and set last season, which stood at 1:22.6.

Birmingham's Bill Driver also posted a new National record in the 100-yard freestyle with a timing of 1:04.7. The old mark was 1:06.4.

Get Sweetest Victory The Blue Devils gained their sweetest victory of the 1959-60 season when they edged Birmingham to avenge one of the two losses the Devils have experienced this year.

Highland Park is the last dual meet on the Devils' schedule and this one will be a mere formality as the Pointers easily submerged the Polar Bears in the first meeting of the home and home series.

The Parkers will entertain the Devils, Friday, February 26.

The Devils had no trouble downing league opponent Wyandotte who only took one first place in the entire meet. The diving was the only weak spot in the Devil powerhouse and Wyandotte's Jim Dimeria took the honors with 49.9 points.

Gives Boys Chance Coach Wheeler gave co-captain Lauren Bowler, Pete Aronson, Bob Hammond and John Johnson a chance to crack the National record in the 160-yard freestyle relay when he allowed them to swim as an exhibition during the regular running of this event.

U. of D. Cubs Defeat Lakers In one of the most thrilling meets of the season the St. Paul Lakers found themselves on the short end of a 49-47 score against the U of D Cubs, Thursday, February 18, at Grosse Pointe High.

U. of D. Cubs Defeat Lakers

Despite losing the meet the Lakers gained a share of the spotlight when Jerry Chouinard tied the pool record in the 40-yard freestyle event with a 20.8 timing.

Buddy Johnson paced the Lakers with 15 points which gave him a tie with De La Salle's Matulewicz for scoring honors.

Devil Quartet Smashes National Relay Record

Grosse Pointe's 160-yard medley relay quartet, from left—CHRIS KIMBALL, DICK LAW, DON HAYNOR and MARK GREGORY, leap for joy upon learning from COACH PAUL WHEELER, left, kneeling, they had cracked the National record for 20-yard pools with a blazing 1:21.8 which was nearly a full second under the old National mark (1:22.6) set last year by another Blue Devil quartet.

Judy Benkert Sets Records

Veteran backstrokeer Judy Benkert smashed two pool records as the St. Paul Lakettes edged Hazel Park, 46-41, and then followed with a splash party in defeating neighborhood rival St. Ambrose, 56-22.

Pretty Judy first cracked the 40-yard backstroke pool mark with a 28.1 mark, and then after a short rest posted a new pool standard in the 20-yard backstroke event with a 12.8 time.

The Lakettes were forced to come from behind to beat Hazel Park and they did it in the final relay with ailing Carol Johnson leading the way with Peg Dooley, Elaine O'Leary and Jane Thorne for the all important victory.

St. Paul jumped off to an early lead when Elaine O'Leary captured the opening 40-yard freestyle event. The lead was short lived as the Parkers slammed the breaststroke event and the Lakers trailed from that point until the next to last medley relay.

The Parkers came back with their third slam of the meet in the butterfly event and appeared to have the St. Paul girls hanging on the ropes prior to the final winning relay effort.

St. Ambrose Overpowered Against St. Ambrose the Lakettes had a splash party with everyone on the squad getting a chance to compete.

St. Paul completely dominated the Cavaliers by winning every event. The most outstanding performance was turned in by Annette Wibbelman who defeated the Cavaliers top star Margarite Mosher in the 40-yard breaststroke event.

St. James Leads In Church Loop

St. James scored an impressive 45-31 victory over Grosse Pointe Methodist to take over first place in the "A" division of the Grosse Pointe Church Basketball League Friday, February 20.

The lead switched hands frequently in the first half and neither team led by more than four points. Methodist was behind 8-5 but five straight points put it ahead 10-8 at the end of the first quarter.

In the second half Methodist was never able to catch St. James. Methodist could only muster three points in the third quarter as they fell behind 29-20.

Methodist's Tom Thompson was high scorer with 20 points. Bob Haoley and Vic Dhooge led St. James with 15 and 12 points respectively.

Grosse Pointe Congregational rallied to beat Grosse Pointe Woods Presbyterian 45-33 with a big fourth quarter in the other "A" game.

Presbyterian led 5-4 and 19-15 at the end of the first two periods. Gary Spade scored all of Presbyterian's third quarter points and Congregational took a slim 25-24 lead.

Gary Spade led both teams with 21 points. Dave Mathews with 17 and Mike Parshall with 16 paced Congregational.

St. Paul's (1) remained in first place of the "B" division with a 48-27 victory over Grosse Pointe Memorial.

Memorial gave the league leaders a scare by running up a 9-2 first quarter lead. But from then on St. Paul's (1) took charge and won an easy victory.

Bigham scored 18 points for St. Paul's (1).

Grosse Pointe Presbyterian smared St. Paul's (2) 71-17. Four players hit double figures for Presbyterian; Dave Warren made 20 points, John Gilmore scored 17 points, Bill Herman had 13 points, and John McElroy dropped in 11 points.

Our Lady Star of the Sea led by small margins at the end of each quarter as it slipped by Christ Church 32-25.

Nate Semple of Christ Church won high scoring honors with 13 points. Stay scored 12 for Our Lady Star of the Sea.

Grosse Pointe Congregational tied St. Paul's for first place in the "C" division by edging Our Lady Star of the Sea 35-24.

Congregational led 8-7 and 16-15 after the first two periods. In the third and fourth quarters Our Lady Star of the Sea's scoring fell and this enabled Congregational to win.

Dennis Cavanaugh of Our Lady Star of the Sea led both teams with 13 points. Mike Norris with 11 and Ron Chantner with 10 paced Congregational.

St. Michael's triumphed over Grosse Pointe Methodist 14-7. Methodist made only one free throw in the first half as St. Michael's led 6-1 at halftime.

Schildhammer scored nine points. Christ Church was losing to Grosse Pointe Memorial 4-2 at the end of the first period. But Memorial failed to score in the second and third quarters which helped Christ Church to a 22-6 victory.

St. Paul 78ers Still Unbeaten

St. Paul's 78ers basketball team has its sights set on the CYO grade school championship and came a step closer to gaining the playoffs by beating St. Philomena 37-25, Sunday, February 21.

The 78ers are unbeaten and hold a commanding position in the league standings to be the favorite to qualify for the playoffs.

St. Philomena throttled 78er star Jim Bigham in the first half but Bigham shook free in the second half to pour in 18 points to lead both teams.

Ken Smolarek and Jim Turner chipped in eight points each to give the Lakers the winning edge.

St. Paul's once beaten sixth grade team was forced to play without the services of its regular center Don Amez who was ill.

Bill Bigham matched his big brother's point production with 16 points to take individual scoring honors. Rick Jablonski notched runner-up honors with 12 points.

Austin Misses Title by Point

So close but yet so far, is what followers of the Austin basketball team are saying today after defending Catholic City champion Holy Redeemer turned back the Friars 61-60 in the title game before 7,640 fans in the U of D Memorial Building, Sunday February 21.

For the second year in a row Redeemer has staged a whirlwind finish to Rob Austin of the coveted crown and this year was no exception.

Bill Hodgman narrowed Redeemer's lead to 60-58 with about a minute remaining and Friar fans took up the chant. They could sense victory within their grasp.

But Redeemer could sense the championship also and it came through in championship style when Bill "Big Guy" Chmielewski, leading scorer for both teams with 21, chipped in what proved to be the deciding point when he calmly dropped the second foul shot of a one-and-one situation to give the Lions a 61-58 margin with seconds remaining.

Bill Fitzgerald, who paced the Friars with 19 points despite a turn on the bench, canned the last basket of the game with three seconds remaining but the handwriting was on the wall—Redeemer 61, Austin 60.

Devils and Highland Park Brace for Showdown Tilt

The twice-beaten Grosse Pointe Blue Devils set the stage for the "blue chip" game of the Border Cities League basketball race when they turned back Wyandotte 81-56, last Friday, February 19, on the Bears' home court.

The head banging will take place on the Devils' home court Friday, February 26, and the SRO (standing room only) sign will be hung out early.

Both teams have everything to win but Grosse Pointe has the most for if it can tie for the title the Devils will be the only team in the last decade to hobble the high flying Parkers who during that period have won a State title and five regional crowns while dominating the BCL.

Wyandotte ran into a cold spell in the third period and notched only three points in the quarter while the Devils raced to a 66-29 lead going into the final stanza.

Coach Thursby emptied his bench and only three of the 15 players who saw action didn't hit the scoring column.

Wyandotte's Jim Dimeria took the honors with 49.9 points. Grosse Pointe's Mike Tarsney barely squeezed out second place over Date Randall by a tenth of a point.

CITY OF Grosse Pointe Farms SUMMARY OF MINUTES FEBRUARY 15, 1960

Meeting was called to order at 8:15 P.M. Present on record call: Councilmen E. Bodman II, William G. Butler, Richard L. Maxon and Edward C. Roney, Jr.

Absent: Mayor William F. Connolly, Jr., Councilmen J. Lawrence Buell, Jr. and William G. Kirby. Mayor Pro Tem William G. Butler presided.

Mayor Connolly and Councilmen Buell and Kirby were excused from attending the meeting.

Minutes of the regular meeting of February 1, 1960, were approved with minor changes.

The City Manager reported that Walter H. Mast Company had made application for two building permits to construct two single residences on property located at the northeast corner of McMillan Road and Charlevoix Avenue and that, inasmuch as the construction of the buildings on the property would be in violation of the City's Zoning Ordinance, he had denied the building permits.

After discussion, a resolution was adopted whereby, if the matter is taken to court by Mr. Mast, the City Attorney was authorized to agree with the attorney for Mr. Mast that no objections would be made in behalf of the City concerning the procedures taken by Mr. Mast to secure administrative remedies.

Reports of the Police Department, Fire Department, Building Department and Controller for the month of January, 1960, and the Financial Report of the General Fund for the period ending January 31, 1960, were ordered received and filed.

Donald Leggett, having completed his probationary period of employment in the Fire Department in a satisfactory manner, was classified as a regular employee.

The Chief of the Police Department was requested to make a survey of the parking in the Kercheval business district and to submit a report and recommendation as to the feasibility of installing parking meters in the area which is presently free parking. The City Attorney was requested to report to the Council what action, if any, will be necessary on its part to legally permit the installation of parking meters in this area.

A lease between the City of Grosse Pointe Farms and ACF-Wrigley Stores, Inc., covering a portion of the City-owned property on Kercheval Avenue was approved.

An agreement amending the presently existing agreement between Alexander C. Mannino and the City in regard to a City-owned parcel of property was approved.

The bid of Henry Salvatore, in the amount of \$435.00, being the low bid for constructing a sewer connection at Cambridge Road and Grosse Pointe Blvd., was accepted.

The Advisory Planning Committee informed the members of the Council that on or before March 1, 1960, a Master Plan for the development of Lake Shore Road Estates will have been completed and a meeting of the Council as a Committee of the Whole, together with members of the Advisory Planning Committee and the planning consultant, was tentatively set for March 3, 1960.

Approval was given to purchase a portable lighting system for use by the Fire Department, at an estimated cost of \$630.00 and to transfer the sum of \$280.00 from the Contingent Appropriation in the Budget to the Budget Appropriation for the Fire Department.

On proper motion made, supported and carried, the meeting adjourned at 9:20 P.M.

In spidery handwriting, yellowing pages of the minutes of the meetings of the board of the Township of Grosse Pointe from 1880-1904 tell a fascinating tale of municipal affairs in the days when 286 votes could elect a city officer.

The first notice bound in the leather book is dated April 3, 1880 and records a public notice to the effect that there will be a gathering in the Township Library Hall for the purpose of registering all those who wish to be registered, signed by David Trombley, John J. Alter and John F. Kerby.

On April 1, 1890 is this notice: "To whom it may concern. The Township board have met this first day of April at the Township Library Hall to settle the sheep killing bills of said township for the year ending April 1, 1890. And they do hereby allow the sum of two dollars and fifty cents per head for all sheep willed in said township."

Most of the notices are signed by such pioneer names as Trombley, Beaupre, Vernier, Alter, Kerby and Neff. Sometimes the spelling and the grammar is a little doubtful. Grosse Pointe was spelled Gross Point in those days more often than not.

In December 7, 1889 a meeting was held to audit officers' accounts and to appoint a constable on the upper road to fill a vacancy. The man who received the post was Columbus Dubey. At this same meeting a letter was placed before the board "demanding the liquor money due the Village of Grosse Pointe, which moneys is in the hands of the Treasurer."

This matter of the liquor moneys caused grave concern. David Trombley was appointed to see an attorney about the matter. On April 30 the board decided to give the treasurer 30 days to wind up his accounts and produce the money. The treasurer, Anthony E. Young, who had been elected a year before by 286 votes subsequently was relieved of his duties.

In April 1893 the board met to give \$100 to the Highway Fund and \$200 to the Poor Fund from the general fund.

There was considerable business with Gratiot Township. In April 24, 1896 a meeting of Gratiot and Grosse Pointe Townships was held on this day in the Gratiot Township Hall for the purpose of settling the affairs of the old Grosse Pointe Township.

After several meetings and many motions and amendments the fiscal matters were resolved. Of the money in the fund 69 per cent was awarded to Grosse Pointe; 31 per cent to Gratiot.

By 1904 the meetings had become more involved. On June 6, 1904 expenses were discussed. The following distributions were made: \$4.00 to Boyd's Ambulance for removal of August Hoffman to St. Mary's Hospital; \$3.00 to Charles Bakeman for groceries; \$41 to Julius Houterman for services as highway commissioner; \$7.25 to Dr. J. A. Belanger for services as health officer. At this same meeting it was decided to raise the township supervisor's salary from \$800 a year to \$1,000. He was also given \$75 a year to hire a clerk.

In June 1904 also the property owners along Cook road were willing to donate land for a road from Jefferson to Mack avenue. Bids for graveling of Vernier were discussed with one for 80c per cubic foot accepted.

These minutes of the long ago board meetings have been donated to the Grosse Pointe Library by Norbert Neff and we are grateful to Robert Orr for the opportunity to consult them.

Carol Robinson is the envy of her fourth grade classmates at Richard School... television fans all they are devoted to the Perry Mason series on Saturday evenings, and who is the star, Raymond Burr, Carol's cousin.

In an election year politics can stir up heated discussion, even violent argument, among members of a loving family. Lewis L. Smart, Jr., admits wryly that he received a letter from his sister, Mrs. Albert D. Craig, Jr., of Rochester, N.Y., who suggested perhaps they had better not correspond until after November, for Mrs. C. is working hard for Democratic candidate, Humphrey; her brother is a GOP stalwart.

Mrs. Warren Craumer looked very fetching last week at a downtown lecture in one of the new challis frocks, beige and flower printed... her hat two beige and brown roses veiled and nestled in the crown of her brown hair.

Another noted music collector, Al Berteel, has a piano and organ and a set of drums to entertain his guests... proficient on all of them.

Somehow the thought of a group of lawyers spending their leisure on a hockey rink has a special fascination... this week the big game involved two dignified dock and Stone... PILFERINGS

Personnel manager to applicant: "What we're after is a man of vision; a man with drive, determination, fire; a man who never quits; a man who can inspire others; a man who can pull the company's bowling team out of last place!"

This was posted on a Bronx, N.Y. church bulletin board: "Do Come In-Trespassers will be forgiven."

A five year old went to spend the day with his grandmother. Toward the end of the afternoon she telephoned his mother to ask when she was to bring the youngster home. Without a moment's hesitation the mother answered: "When he's 16".

GREG TAUBENECK, of UNIVERSITY PLACE

By Patricia Talbot

Managing editor of the High School's Tower, student manager of the swimming team, president of the school band, treasurer of Tuxis, with an A- average in his studies, Greg Taubeneck still has time to write and rehearse for the Tuxis Show coming up March 3, 4 and 5 at Parcels Junior High School.

Tuxis, the senior high group at Grosse Pointe Memorial Church, has a steady attendance of 75 members but 300 will turn out to work on this variety show. Greg has written many of the comedy skits with Bob Price, David Tucker and Jan Conway. With Jan he will do a Louis Prima-Keeley Smith parody in the show which is a satire on television.

Greg has his sights set on a career in radio or television and hopes to attend the University of Illinois, his father's alma mater, next fall. In spite of all his activities, he is also treasurer of Tuxis and sings in the Memorial Church senior choir, and he gets top grades.

Summer With Band
During the summer he is band boy for the Belle Isle concerts, conducted by Leonard Smith. His duties are rather like those of a water boy for a football team, his hours from 5 until midnight, but he revels in this contact with professional musicians.

Greg plays the drums in the High School band, just last week won a first division award for a snare drum solo in the Southeastern Michigan Solo and Ensemble Festival. He stresses that he is a concert drummer but can endure "rock and roll," which he believes is on its way out, because he's for "all logical forms of music." Benny Goodman and Stan Kenton are favorites in his record collection and those veterans Ella Fitzgerald and Frank Sinatra lead his poll of top vocalists.

Thoughts On World Peace
An attractive, gangling young man who wears enormous horn rimmed glasses, Greg is very mature about his plans for the future, spends a great deal of time worrying about the world outside his own very demanding and exciting sphere.

With other members of Tuxis he recently studied the hydro-

gen bomb and its effects. His conclusion is that pacifism would be fine in an ideal society but in the present world he would rather die in a total war than live in a totalitarian state. "Freedom is an instinct," he asserts. A creative rather than a technical type, he wonders what army service has to offer. As editor of the Tower he is trying to turn his student readers to view the wider horizons of their lives, not just such vital school problems as discipline, social activity and courses.

Dates Just On Week-ends
Greg walks to and from school to his home in University place, with all his extra curricular jobs, rarely getting home until dinner time. He studies week nights, leaves dating for the week-ends. Every Sunday night is reserved for Tuxis, Saturday mornings for choir rehearsal. Extra moments are devoted to Tower work. He is taking journalism, world literature, economics and government and American history along with band for credit.

Proud of the Tower
He is very proud of the professional tone of the Tower, which he claims is "always winning prizes." Last week the weekly publication won an award from the Freedom Foundation, is a top member of Quill and Scroll.

Greg accompanies the swimming team to all meets as a manager, often has written up the results for the Grosse Pointe

News. Not an athlete himself, he is an avid fan of professional sports, shares this interest with his father, who is an editor and author. His mother, who gives Greg top marks for responsibility (he can even cook his own dinner), has lent her creative abilities to her son, for she is a very talented amateur actress.

This summer, after graduation, Greg will again assume his band boy duties at Belle Isle, and hopes to take a correspondence course in geometry for university credit. In the fall he will be off to college. If any student in the class of 1960 deserves the "most likely to succeed" laurel it should be Greg Taubeneck.
