## HEADLINES of the WEEK As Compiled by the Grosse Pointe News

Thursday June 16  
DETROIT HAS named a bachelor father of the year: The honorary title was bestowed, however, because Dr. Owen C. Foster, a 68-year-old obstetrician, has delivered some 8,000 Detroit babies. The Central Business District Association said, of selecting a bachelor for the award, "Dr. Foster, over a period of 40 years, has been able to make each one of his patients feel that she alone was treated in so special a way that no one else could possibly have had this same individual treatment." Said Dr. Foster of the award, "I'm bowled over."

RENEWED demonstrations by Japanese leftists against the Kishi government has brought cancellation of President Eisenhower's invitation to visit Tokyo at this time. Last night's demonstrations resulted in the death of a young woman student and injury to some 1,022 others, 536 of them policemen. The rioting reached near revolution proportions and had to be put to a stop with tear gas by the police.

TWO YEARS AGO, there was a popular song called "Purple People Eaters." Yesterday, in Los Angeles, it seemed to haunt the public that had pumped nickels into the juke box making it famous. Purple people were walking the streets of the City of Angels. Even cars, streets and buildings were turning purple. "Have we been bombed?" calls asked police and firemen. The solution, "a box filled with a harmless dye powder had fallen from a truck. The wind blew it around and moist air turned it purple."

Friday, June 17  
CONSTRUCTION on Detroit's proposed medical center, which will be one of the greatest in the world, should begin next spring. Chairman of the Detroit Medical Center Committee, Ray R. Eppert, met with Mayor Miriani yesterday to complete plans for the 236-acre center which will cost in the vicinity of 100 million dollars. It will take ten years to complete. The center is located between Woodward and the Chrysler Expressway and between Mack and Warren, an area that is presently a blight on the city of Detroit. "We've reached the end of the beginning," said Mr. Eppert.

SOUTHERN MICHIGAN was pounded with wind, lightning, hail and sheets of rain last night as two severe thunderstorms raked the area. The John Lodge and the Edsel Ford expressways both were flooded by the deluge. Tornado warnings were out from 4:45 to 10 p.m. Birmingham firemen said that they saw a funnel shaped cloud swoop to the earth overturn a trailer at the Eton Park Baseball Field.

Saturday, June 18  
TED WILLIAMS hit home-run number 500 of his 21 year baseball career last night, supplying his team, the Boston Red Sox with the needed margin to beat the Cleveland Indians. Last night's fourbagger, his eighth of this season, put Ted in the charmed 500 circle, occupied by only three other ballplayers in baseball history. Babe Ruth, Jimmy Foxx and Mel Ott. The ball he hit was returned to Ted by an usher who caught it behind the fence. Oddly enough, Ted, who is a left handed batter hit, the homerun over the left center-field fence. The crowd of 9,765 in Cleveland's Municipal Stadium, stood and gave the 41 year old Williams a huge ovation as he circled the bases.

"HEARTLESS AND COLD-BLOODED" were the words used by the United States to describe the Chinese Communists' shelling of the island of Quemoy during President Eisenhower's visit. The attempt to "mar" the President's visit to Nationalist China's stronghold is a "reflection of the dismay the Red Chinese feel about President Eisenhower reaching our friends and allies in the Far East," according to State

## We're Off To See The Wizard Of Oz Play at Pierce

The four main characters in the forthcoming Grosse Pointe Children's Theater production "The Wizard of Oz" skip down the gold brick sidewalk as they practice for the play which will be given at the Pierce Junior High auditorium on Friday, June 24. The matinee will start at 2 p.m. and the evening performance at 7 p.m. From left to right: — MARTY BURKE (Cowardly Lion), LAURIE WIGLE (Dorothy), DICK BLACKBURN (Scarecrow) and STERLING JOHNSON (Tin Woodman).

## June 29 Set For Opening Of Festival

First of Four Chamber Music Concerts at Memorial Center to be Given Wednesday

The Grosse Pointe Summer Music Festival will open next Wednesday evening, June 29, with the first of four chamber music concerts that will be presented this summer.

This program, featuring music for piano and string trio will begin at the festival's regular starting time of 8:15 o'clock in the Fountain Court of the War Memorial, 32 Lakeshore road.

The Beethoven quartet opus 16 will start the program in a performance by Karl Haas, piano, and the American Arts String Trio. The balance of the program will include a sonata for viola by Milhaud which will be played by Nathan Gordon, viola, a Trio for strings by Jean Francaix and the Quartet in A minor by Schuman.

The members of the American Arts String Trio are the three prominent string musicians of the Detroit Symphony, Gordon Staples, violin, Nathan Gordon, viola, and Paul Olefsky, cello.

The traditional opening night reception will also be held following the concert. All members of the audience will be invited to join the musicians and Festival staff in refreshments in the Library of the War Memorial.

## Farms to Pay State \$30,000 For Filled-in Park Land

The Farms will acquire several acres of formerly submerged land in its municipal park, after paying the State for it, the city giving it sole possession of the property.

On Monday, June 20, the Farms council heard a Circuit Court proceedings report from City Attorney George McKean in which he disclosed that the court ruled that 12 acres of filled-in land in the park belongs to Michigan.

## Memorial Church Addition Assured as Drive Pledges For Expansion Hit \$763,408

Expect to Break Ground This Fall; Library to be Named For Dr. and Mrs. Frank Fitt; Chapel Will Be in Memory of Barbour

Construction of an extensive addition to Grosse Pointe Memorial Church has been assured following the announcement Sunday, June 19, to the congregation that \$568,408.26 has been pledged to the building fund by members and friends of the church.

This sum plus a major contribution toward a new chapel in memory of Edith Henry and Edwin Scott Barbour brings the total funds raised to date to \$763,408.26.

Joseph L. Hudson, Jr., general chairman of the Building Fund Committee, told the congregation that further indefinite commitments from a number of individuals had been received.

## City Postpones Voting Machines

The City of Grosse Pointe will not purchase voting machines for the coming August primary and November Presidential elections, it was announced at the Council meeting, Monday, June 20.

"This does not mean, however, that we will not purchase the voting machines at some future date," said Neil Blomdel, acting City Clerk. "We are waiting because we feel that it would add to the confusion in these coming elections, the biggest we will have for a number of years, to spring a new voting process on the citizens of the City."

## Fall Ground Breaking

The church Building Committee, under the chairmanship of John A. Dodds, will now work toward obtaining final specifications of the addition and ground breaking is expected sometime this fall.

In addition to the Barbour Memorial Chapel, the new construction will increase the church school facilities, provide adequate office space for the church staff, additional space for a number of other church activities and a library to be named in honor of Dr. and Mrs. Frank Fitt. Dr. Fitt, who retired in October, 1958, as Memorial Church pastor, served the church for nearly 30 years.

Serving on the Building Fund Committee with Mr. Hudson are Wendell C. Goddard, vice-chairman; Paul D. Williams, special gifts chairman; Eugene P. Hawkins, general solicitation chairman; and Mrs. Ben W. Beyer, executive secretary.

## Rotary Club To Recognize Top Citizen

Will Pay Honor to Person Selected at Luncheon Meeting on July 11; Plan Annual Award

The Grosse Pointe Rotary Club will name the recipient of its first annual "Citizen of the Year" Award at a future meeting of the club at the War Memorial Center, it was disclosed by Robert Wilcox, publicity chairman.

The organization revealed that it will conduct an annual campaign, adding to its many civic activities, to pick the most outstanding citizen in the Pointe, and honor him as the "Citizen of the Year."

The names of nominees for the first award, were submitted by the mayors of the Pointe municipalities and members of Points Rotary, and a winner was unanimously agreed upon. The name of this person will be disclosed at the meeting on July 11.

Send Out Letters In starting the campaign for the most outstanding citizen, Points Rotary sent letters to all the mayors, explaining the rules, and asking their support in furnishing likely candidates for this honor.

After checking through the list of names submitted, the judging committee was unanimous in its agreement of the winner, who will be honored at a luncheon-meeting along with the mayor who nominated him.

The "Citizen of the Year" will be presented with a prepared resolution signed by the Points Rotary Board members. He will be presented with a pin, making him an "honorary" member of Points Rotary for the year 1960-61.

In addition, the name of the successful candidate will be inscribed on a plaque, to be placed in the War Memorial Center, or public library in the Rotary Room.

Wilcox expressed a hope that the program will become a yearly event, and that public interest in selecting a nominee will increase.

Rules May Change The Board revealed that rules are subject to change each year as the program becomes well established, and that changes will be made through Board action.

## Honors Announced As 699 Graduates Receive Diplomas

Grosse Pointe High Commencement Exercises See Largest Class in School's History Joining Ranks of Alumni

Despite the heavy downpour last Thursday, nearly 3,000 parents, teachers, and guests attended commencement for the 699 members of Grosse Pointe High School's Class of 1960 in the Auditorium-Gymnasium.

Promptly at 8:15 o'clock the Grosse Pointe High School Concert Orchestra began playing the traditional "Pomp and Circumstance." In their blue caps and gowns the graduates filed into the Auditorium. Most of the main floor was occupied by the graduates.

Seated on the stage were members of the Grosse Pointe Board of Education, senior class officers, commencement speakers, Principal Jerry J. Gerich, and Dr. James W. Bushong, superintendent of schools.

After the Concert Orchestra played "The Star Spangled Banner," Hamilton Brown, senior class vice-president, gave the invocation.

Three Student Speakers The three senior speakers dealt with the topic "Three Dimensional Living."

Susan Hykes spoke on "Dimension of Concern," which she defined as "regard and anxiety for others." Albert Schweitzer, Gandhi, and the good samaritan were given as examples of people who showed concern for others.

Ronald Schram, senior class president, spoke on "Dimension of Introspection." By looking into a mirror we may see our physical characteristics but we must also look within ourselves to evaluate ourselves, our aims, and our motives, he said.

James Thistlewaite, senior class vice-president, gave his (Continued on Page 2)

## Group Blasts Point System

A group of Grosse Pointe residents told Michigan Corporation and Securities Commissioner Lawrence Gubow that the well-publicized "point" system practiced in their communities is "an affront to the standards of decency in human relations," commended the Commission for "unhesitatingly stepping up to its responsibilities by searching out the truth," and urged all government agencies to "assist in ridding our community of these illegal practices."

These statements were included in a letter, presented to Commissioner Gubow Tuesday morning at hearings in the Cadillac Square Building on the Grosse Pointe "point" system. The letter repeated in identical language petitions signed by the heads of more than a 100 Grosse Pointe families.

Appearing at the hearing on behalf of the petitioners were Andrew W. L. Brown, director of the UAW Community Services Department, 927 Bedford, Grosse Pointe Park; H. Warren Dunham, Wayne State University professor of sociology, 448 Fisher road, Grosse Pointe Farms; and Charles Marston, attorney, 660 Middlesex, Grosse Pointe Park.

Meanwhile, to celebrate its tenth anniversary in 1955, the church raised \$3,600 with which they sent Hugh and Doris White to Miki, Japan, for the entire summer. There they founded a Christian Church which now is (Continued on Page 2)

## Bungled Robbery Leads To Teen Gang Break-Up

Three members of a teenage burglary gang were arrested by Woods police on Sunday, June 19, after they bungled an attempted robbery of the Lochmoor Club, 1005 Sunningdale.

The arrests broke up a gang of seven members and cleared 35 breakings and enterings and resulted in the recovery of more than \$4,000 worth of loot, including approximately \$1,100 worth of sporting goods and other equipment taken from an East Detroit High School.

Held by East Detroit police are Charles W. Roberts, 17, of 15743 Ash; Philip E. Brown, 17, of 15660 Ash; and five juveniles, one a 14-year-old, one 15-year-old and three 16-year olds. All the boys are of East Detroit.

Shortly after midnight Sunday, William Budinski of 20104 Gagler, St. Clair Shores, Lochmoor Club watchman, while making his rounds, observed a broken window in the caddy house, and noticed an automobile driving away at a high rate of speed on Fairway lane, and then turn west on Vernier road.

## To Ask Vote On Proposed Development

Residents to be Asked to Approve Program This November

A \$165,000 improvement program for the summer recreational facilities in Neff Park is expected to be placed on the November ballot for approval by the voters of the City of Grosse Pointe.

The City Council is considering the adoption of a resolution that would take the program and the necessary bond issue to the electors for their approval. The program as proposed, includes the construction of a reinforced concrete swimming pool, shower building and additions to the bath house, and also, additional boat moorings and a hard surface on the parking area.

Skating Rink Shelved At the meeting of Monday night, June 20, the Council decided to go along with the summer program only, though the possibility of a winter program, (constructing an artificial ice rink), was also discussed at the May meeting. The cost of the winter program would be an additional \$97,000.

The decision not to consider the winter program at this time is a result of the Council's and the City Assessor Neil Blondell's feelings that the added \$100,000 expense necessary would be too much for the City to take on right now.

"This doesn't mean the program is out of the question in the future," said Mr. Blondell. "In fact, it might be wise for the City to set aside a fund and accumulate some of the money in advance, for construction of the ice rink in the future."

Can't Afford It Now The Council was in agreement that the ice rink would be a great boon to the children of the City of Grosse Pointe. However, they all felt that the residents wanted the summer improvements, as soon as possible, and that the ice rink was a "luxury" that the City could not afford, at present.

## Chain-Accident Involves 7 Cars

A driver backing into the driveway of the Brownell Junior High School parking lot, started off a chain accident, in which seven cars were hit. Two drivers were ticketed by Farms police.

On Thursday, June 16, Mrs. Irene D. Anderson, 63, of 391 Neff road, was traveling in the lot driveway, when Mrs. Margaret H. Koning, 45, of 953 Washington started to back up.

The first woman veered sharply to the left in an attempt to avoid a collision, and ran into a parked car belonging to Margaret Lingo of 10132 Cadieux, Detroit, which in turn was forced into a car belonging to Louise Lockeman of 1858 Oxford. Damage to these cars were \$60 and \$65 respectively.

Mrs. Anderson then lost control of her vehicle, and hit a car belonging to Robert W. Long of 20671 Lochmoor, inflicting \$75 damage, and this car was pushed into one owned by George Duditch of 22900 Alger, St. Clair Shores, damaging this to the extent of \$35.

Duditch's car was forced into an automobile owned by Thomas Given of 11731 Duchess, Detroit. Damage was \$45.

Police estimated damage to Mrs. Anderson's car at about \$200. There was no damage to Mrs. Koning's vehicle.

Mrs. Anderson was given a ticket for not having her car under control and causing an accident; and Mrs. Koning was handed one for backing from a parking space without due care and caution and causing an accident.

No injuries were reported.

## CHILD HURT IN FALL

Linda Ford, 8, daughter of the Benson Fords of 635 Lake Shore road, fell from a swing on the grounds of the Hunt Club and cut her arm on Saturday, June 18. Accompanied by her governess, Renee Clemons, the child was transported to Ford Hospital by Woods Det. Sgt. Walter O'Dell and Det. Leroy T. O'Brien, where five stitches were needed to close the wound.

Since 1954, Radio Free Europe has been attacked over 7,000 times in the Communist press and radio.

### Park Program To Cost \$57,500

Parking improvements in the City of Grosse Pointe this next fiscal year will cost a total of \$57,500, according to Neil Blondell, City Assessor.

The money for these improvements is already set aside, and this will be a continuation of the City's long range parking program. The Neighborhood Club lot

will receive a hard surface; area three behind Himelhoch's will be improved; area six behind Best and Co. in Kercheval Place will have 12 additional parking spaces; and the Rivard-Mack-Washington area will have a hard surface and provide 78 additional parking spaces.

At the meeting Monday night, June 20, the Council voted to purchase the remaining property needed in order to complete the Rivard-Mack-Washington program.

### Popular Minister Accepts New Challenge

THE REV. HUGH WHITE, pastor of the Grosse Pointe Methodist Church, has served his congregation since 57 persons answered a newspaper advertisement in 1945 announcing the first gathering to start a Methodist Church in the Pointe. He now leaves his parish

of more than 1,300 members to take over the ministry of the Franklin Community (Methodist) Church. He and Mrs. White will be sadly missed after serving so faithfully in so many capacities for the last 15 years.

### City Patrolmen Have Red Faces

If red faces are in style, three City patrolmen are right in the swing of things after an escapade last Friday morning, June 17.

Officers Bob Van Tiem, Bill Waldecker and Tom McLaughlin, two of them in one scout car and one in another, all heard the same radio message from Desk Sgt. Foster Mauck. What they thought he said was that a car had run over a "kiddie" in front of 414 Rivard boulevard.

The two scout cars converged on the house, sirens wailing and red lights flashing, pulled to screeching halt and hopped out, much to the surprise of Kristin Johns who had called the incident in to the station house.

"Why are you making all that noise," she innocently inquired. "Where's the child that was hit by a car?" they asked.

"I don't know, but I called to report a KITTY hit by a car."

There are more than 9,000,000 radio sets in Czechoslovakia, Poland, Hungary, Romania and Bulgaria capable of receiving Radio Free Europe's truth broadcasts.

### Farms Resident Protests Gun Club Shooting Noise

James S. Whitcomb of 383 Lake Shore road, appears to have won a round against the Farms Trapshooting Club, at a hearing before the Farms council on Monday, June 20.

Whitcomb had complained to the council that the shooting of guns on Saturday and Sundays during the seasons when the municipal park is not used by the general public, is a nuisance, and requested that it either be abated, or the club shoot elsewhere.

Henry M. Campbell III of 120 Kenwood, spokesman for the club, after giving a brief history of the organization, stated that if the club returned to trap shooting, from skeet shooting, members of the group

would lose interest and it is likely the club might disband.

He said there are about 300 Farm residents who are members of the club, and that these people enjoy shooting at the Skeet Shooting Range in the municipal park.

When the club was organized in 1955, he said, members resorted to trap shooting, and when the club grew in membership, skeet shooting was introduced. Regarding the former, he conceded that the noise of shooting guns was not bad.

Whitcomb introduced a letter he wrote to the city body last September 29, regarding the nuisance of the sound of shooting guns. He also introduced a survey report made by Warren

Carson, Pointe-Harper Woods police-fire radio technician.

The report outlined several means of eliminating the noise of popping guns, including the use of smaller bore rifles.

Whitcomb said that the shooting has the same effect as planes breaking the sound barrier. The constant noise has reached a stage where people jump every time the guns go off.

He asked that Sunday shooting be done away with, so that Sundays can become more peaceful, or the club find other places, to carry on its activities.

Mayor William Connolly said he approved of the skeet shooting and would not like to see it eliminated, that it was a fine activity. He said he would like to see the activity preserved and the noise abated.

After more discussion, the mayor appointed City Manager Sidney DeBoer to meet with Carson, to discuss means of doing away with the noise. Whitcomb and representatives from the club were invited to sit in.

The participants have until Labor Day in September, when the club should renew activities, to arrive at some kind of solution.

## MONEY ON TAP

### JUST CHARGA-LOAN

Detroit Bank and Trust Company's new Charga-Loan lets selected credit users "charge" money—for any purpose—just like you'd charge department store purchases!

Let's say you have a steady job and an average income, and you figure you can afford a monthly payment of \$50. That means you can apply for a Charga-Loan account for \$1,000. And once it's established, you can use all or any part of that amount whenever you wish.

If you don't already have one, a Special Checking Account will be opened for you and a book of 20 checks given to you free when your Charga-Loan is opened. Once you've "opened your account"—you're free to borrow and re-borrow up to the limit of your Charga-Loan. You can open a Charga-Loan for as much as \$4,000.

Each month you simply repay 1/20 of your maximum Charga-Loan. And with each monthly payment, your available credit reserve is increased that much. Just like a charge account. You "charge" (or borrow) what you need when you need it . . . for emergency expenses, taxes, medical bills, auto repairs . . . anything.

Wouldn't you like the security of having "money on tap"? Simply phone Woodward 2-5830 and ask for Charga-Loan. We'll be happy to mail you full details and a Charga-Loan application.

### 1400 Organists to Gather Here During Convention

Grosse Pointe will be host to 1,400 visiting organists and choirmasters from all over the United States, Canada and Mexico on Tuesday, June 28, when the American Guild of Organists brings its convention programs to this community.

This spectacular musical event will begin at 4 p.m. with recitals being played simultaneously at Memorial Church and Christ Church, to be repeated again at 8 p.m. The Sheldon Memorial organ (Moeller) at Memorial Church will be played by the world-renowned B. Power Biggs with a most unusual program of 18th and 19th century American music which Mr. Biggs has prepared especially for this occasion.

The Christ Church organ, one of the biggest and best Holtcamp organs in this country, will be played by Finn Vider, organist, Trinitas Church, Copenhagen, Denmark, Lecturer on the Classic Organ and Harpsichord at the University of Copenhagen and Visiting Organist and Lecturer, School of Music, Yale University.

At 7 p.m., Wendell Westcott, Carillonneur of Michigan State University will give a recital on the Memorial Church Carillon.

Local arrangements have been in charge of Marie Joy Curtiss of Whittier road who is vice chairman of the National

A.G.O. Convention and general hospitality chairman. Miss Curtiss was responsible for editing the 48-page convention brochure with 20,000 published copies sent all over the world. Miss Curtiss was formerly Director of Youth Choirs at Memorial Church.

Dinners for the large convention group are being arranged in several places. John Lake is providing for 300 at the War Memorial, Malcolm Johns, organist and choirmaster, is in charge of the arrangements at Memorial Church where a catering company will serve 400 people.

Elwood Hill, organist and choirmaster, and the women of Christ Church will provide for 250 guests while James Hunt, organist and choirmaster and the women of the First English Lutheran Church are preparing for 200 people.

Dinner at the War Memorial and Memorial Church will be served on the lawns overlooking the lake. Punch bowls will precede the dinners in all places.

A fleet of buses will bring the group from convention headquarters at the Detroit Statler Hilton. The Grosse Pointe Police Department and Grosse Pointe High School have graciously co-operated in providing parking areas for both buses and private cars.

Local residents who wish to attend the recitals, may purchase tickets at the door for \$2.50 each as long as the seating capacity of the two churches admits additional people. No additional guests will be accepted at the dinner.

### David K. Fitzsimons Training in Germany

GRAFENWOHR, Germany (AHTNC)—Army PFC. David K. Fitzsimons, son of Mr. and Mrs. Sherman Fitzsimons, 86 Stephens road, Grosse Pointe, Mich., has been participating with other personnel from the 4th Armored Division in a field training exercise in Grafenwohr, Germany. The training was scheduled to end June 22.

The exercise, being conducted under realistic combat conditions, is designed to evaluate the combat effectiveness of the unit, a major element of the NATO shield of defense in Europe.

Fitzsimons, a clerk in Service Battery of the division's 22d Artillery in Zirndorf, entered the Army in September 1958, completed basic training at Fort Hood, Tex., and arrived overseas the following April.

The 21-year-old soldier attended Trinity College in Hartford, Conn.

People at the race track may get a lot of bitter experience, but they never learn to cut out the horse-play.

### Con-Con Backers Seek Signatures

The Citizens of Michigan are asking all Pointe residents who are in favor of the proposed Constitutional Convention, to sign the Con-Con petitions that are being circulated now.

Since many people have not had the opportunity, as yet, to sign the petitions, the Citizens of Michigan in the Pointe are willing to come to your home with a petition, if you will notify either Mrs. Doris Graham, TU 5-2522 or Mrs. Gloria Mead, TU 5-2701. They will see to it that someone calls on you, with a petition.

Housewives are also reminded that in signing the petition, they should use their legal name, that is Mrs. — your own first name—and your husband's last name, of course.

Some men never get into high gear because they are shiftless.

### Receive Honors At Boys' State

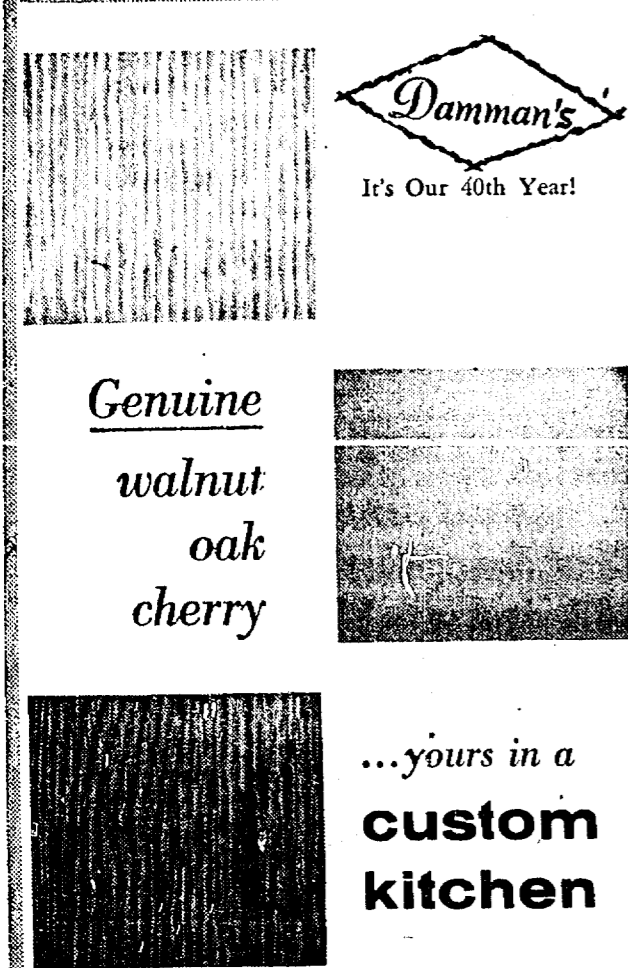

Six of the Grosse Pointe boys who attended Wolverine Boys' State for high school juniors from all over Michigan, have been elected to offices in the mythical 51st state, formed at the week long conclave in East Lansing.

Harvey A. Daniel of 1378 Roslyn road is circuit judge of

Parsons County; Paul S. Pappich of 1501 Dorthen road is a city councilman of Garfield City; Robert Downen of 1766 Littlestone road, is a councilman of Monroe City; Jerome F. Phillips of 29323 Garfield road, is a councilman of Monroe City; John S. Edelen of 1170 Balfour

road is a councilman of Washington City; and Michael B. Hoyt of 1209 Nottingham road is a city councilman of Taylor City.

Over 1,000 boys participated in this "learn by doing" course in city, county and state government, which ends today.

"Yes... and I'm especially pleased because it earned me an extra compliment today! When Mr. Ward delivered our garden supplies he remarked how well-kept our lawn and garden look. Then, when I paid him with a Manufacturers Special Check, he complimented me again on being a good business woman. I always know where my money goes because I pay all my bills with Special Checks. ### Three Youngsters Confess to Wholesale Vandalism

Three young boys have admitted to much of the damage done on a vandalism spree Friday night and early Saturday morning, June 10 and 11, in the Village.

City police have questioned the three boys, two of them age 13 and one of them 12 years old, who have admitted doing an estimated damage of \$513.97 throughout the shopping area. Not all of the reported damage has been accounted for, however, and the police think there might have been some other boys involved in the spree.

Eight boys in all were picked up and questioned about the incident, but only three admitted to doing any of the damage, according to City police Captain Andrew Teetaert. The Wayne County juvenile court, with malicious destruction of property.

They have admitted to the following destruction: floodlights in the rear of the Kro-

ger and Harrison Pringle Furniture company shot out with BB guns; the parking lot booth in area three (broken windows and indelible ink thrown over the interior); four window lights in the doors to E. J. Hickey; a plate glass window in Jacobson's Home Decorating Shop; several parking meters in parking areas one and two and along Notre Dame avenue; six of the 23 broken windows at Maire School, (some had been broken prior to the June 10 spree); and damage to a tractor on the corner of Berkshire and Charlevoix in the Park. The total damage, including repairs and labor, amounts to \$513.97.

"We could still receive further report of damage," said Captain Teetaert.

### Three Injured In LS Accident

James R. Clark, 20, of 560 St. Clair, Detroit, was charged with not having his car under control following an accident on Lake Shore road on Saturday, June 18, in which he and two passengers were injured. The car was a total loss.

Shores Police Chief Fred Duemling said that one of the passengers, Sammie Cummings, 21, of 536 Harding, Detroit, suffered a fracture at the back of his head. Another passenger, Doris Quinsberry, 20, of 10805 East Jefferson, Detroit, emerged from the car with cuts about the face and head.

Clark, who suffered minor injuries, and his passengers were taken to Bon Secours Hospital, where Clark and the girl were treated and released. Cummings was detained at the hospital and was not released until Monday, June 20.

A police report of the accident said that Clark had been drinking.

Clark told police that he was completing a turn at the curve near 1017 Lake Shore, when his

brakes failed and he lost control, hit the south curb, traveled 111 feet, struck an Edison pole, glanced off and skidded another 90 feet to the curb on the opposite side. He admitted going well over the speed limit.

He said that he was in a hurry to get home because his generator was not functioning properly. He admitted he had been drinking but could not say how many beers he had consumed.

Woods police arrived to assist Shores officers, and came in time to put out a fire from the motor, which shot 15 feet into the air, touched off by a spark that landed on the broken gas line.

Brokers State Position

The Detroit Real Estate Board has issued a statement which should be of interest to all who have followed the much-publicized controversy over the so-called "Point System," which local real estate brokers have been ordered to eliminate.

The action was in opposition to a proposed Commission regulation as follows: "9. A broker or salesman, acting individually or jointly with others, shall not refuse to sell or offer for sale, or to buy or offer to buy, or to receive an offer to sell or buy, or to appraise, or to list, or to negotiate the purchase, sale, exchange or mortgage of real estate, or to negotiate for the construction of buildings thereon, to lease or offer for lease, or to rent or offer for rent, any real estate or improvements thereon, or any other service performed as broker or salesman, because of the race, color, religion, national origin or ancestry of any person or persons."

The position of the Detroit Real Estate Board is fully explained in the following statement:

The proposed regulation is an attempt to attain a social objective by regulating the third party to a transaction.

It is an attempt to control the social attitude of a principal by regulating his agent.

We take no position on any Civil Rights or Integration issue.

We oppose this regulation as: 1st—An illegal usurpation of legislative power.

2nd—Completely impractical and unworkable.

To illustrate—

1) Many DREB members are mortgage correspondents for six, eight, or ten different insurance companies which do not maintain local offices. As mortgage brokers they are licensed by the Commission and come under this regulation. One broker can represent several companies because each company has its own preferences, restrictions and areas of financial interest. Perhaps these loan restrictions are based on erroneous notions or baseless prejudices. But it is their money and the broker is only an agent.

Each insurance company places millions of \$\$\$ of mortgages in Michigan. Under the regulation, as proposed, a broker in Michigan could not handle these funds. Millions of \$\$\$ of mortgage money would be withdrawn from Michigan by dozens of insurance companies to be invested in other states. The reputation of Michigan's business climate would further suffer with financial institutions throughout the country.

2) Many DREB members manage commercial buildings, apartments, flats and terraces for owners, resident and non-resident. Invariably the owners lay down certain management policies. These policies often include, among others, that new tenants must be acceptable to other tenants in the development. These tenants, like the owner but unlike the management agent, have a property interest to be considered. This regulation of an agent with no property interest attempt to control owners and tenants who do have property interests.

The broker must comply with the regulation or abandon the management which is his business, his livelihood, and the bread and butter of his employees.

It might be assumed that the owner can manage his own property or at least approve any rental applicant. However, many rental developments are owned by groups, in syndicates or corporations. No individual owner has a majority interest and all must depend on one management agent to represent the owners' consensus of management policy. Without a paid, impartial agent, the owners could not maintain restrictions consistent with their own or the tenants' feelings.

And let me point out that these restrictive prejudices in rental developments are based on the tenants' social attitudes more often than on those of the owners. The owner is dependent for his income on the whim and caprice of his tenants.

3) Now consider the position a house broker finds himself in. Suppose an owner offers to list his home with a broker and out of consideration for his neighbors' desires he lays down limitations on the sale. Under the regulations as interpreted to us by the Commissioner, the broker must refuse the listing. This means the broker, his salesmen and his employees are out of business unless:

a—He goes underground and resorts to subterfuge in order to serve his principal, or

b—The Commission enacts this regulation with tongue in cheek and does not intend to enforce it.

We are opposed to either alternative. We are opposed to unenforced and unenforceable regulations. If this regulation should be enacted it should be enforced.

4) Let us consider the home owner who wants a broker's services and is willing to pay for them. Brokers are in business because of public need for their experienced services. Under this regulation a relatively high percentage of owners will be forced to market their own houses. Many forces are in a poor position to do so. Some are inexperienced widows, some are aged, some are non-resident, and some don't have the time. Suppose an executive is transferred to a distant city. Who is going to represent him? We admit that any of these owners have prejudices as to color, race, creed and national origin. But you cannot cancel out prejudice by regulating the agent they choose to work for. They only cancel out the agent.

To put such a regulation into effect you must first have acceptance by owners, landlords and tenants. When you have that you don't need this regulation.

Our attorneys have advised us that an owner has a right to employ an agent to do what the owner has a legal right to do.

In this case the agent is required to be licensed by the State of Michigan for the protection of the public.

This public to be protected includes property owners, mortgagors and mortgagees, landlords and tenants. These make

"Each is given a bag of tools, A shapeless mass, A book of rules; And each must make, Ere life is flown, A stumbling block Or a stepping stone." (R. L. Sharpe)

Hard Times Dept.

The spirit of father's day, (according to some kids), is not all it's cracked up to be. One small boy, for instance, called his Dad at the office, screaming hysterically because his teen-aged sister had swiped a dollar and ten cents from his piggy bank.

The report goes as follows: "Mom told Maggie she could shop for some stuff for you from us kids. Maggie came back with something and told me I owed her a dollar and ten cents for my share. Well... I said I wouldn't give it to her because for what it is too much for me... because I'm littler than the rest... so she went to my room and took it out of my bank and I want it back."

Placed as punch over this magnanimity on the part of his son, Dad reminded him that everytime he goes to a birthday party, he asks for as much as \$2.50 for a present... so what's so awful about a dollar ten for his Dad's present. "Well," replied junior, "This just isn't worth it."

With great ceremony, good old Dad was presented with a fine sport belt by his brood on father's day. BUT he had to return the dollar ten to the smallest apple of his eye... who (out of the goodness of his heart) took only the dollar back and let his Dad keep the dime!

Graduation Blues

Those of you with "now-graduated" high schoolers, should get a chuckle out of this. Come graduation night with its usual fluster and flurry, Pop, Mom, little brother and big brother are pacing the downstairs floor awaiting for Madame Queen to get her hair JUST right for the big event. They had planned on having a nice leisurely dinner at a restaurant before the exercises and diploma bit... but the heroine of the hour took so long to get ready, they all ended up by raiding the icebox and having a catch-all pick up.

If anyone remembers (and WE DO)... it was a night of unbelievable rain and tornado warnings... but the SHOW MUST GO ON! When Pop finally piled them all in the station wagon and they got under way... it was bedlam. Cars were stalled all up and down the streets because of the heavy rain and enormous puddles and in some cases practically wash-outs. The car stalled several times in deep water... but by some magic that hangs over sweet young graduates... they eventually managed to reach the school parking lot... and miracle of miracles... found a parking place not too far from one of the entrances.

All heaved a sigh of relief that they were so lucky to have found such a spot. Pop turned off the ignition and was about to help his daughter out of the car... when she suddenly clapped her hand to her face and exclaimed: "OOOOHHHH... I've forgotten my shoes!" The silence in the car was pregnant with good wishes for the heroine of the evening! She was wearing a pair of dark brown loafers... while her new white party shoes were sitting in elegance in her closet at home. Good old pop got everyone out of the car and started off for home again to plow through the mess he had just conquered.

Eventually, he returned with the shoes and with great difficulty, found his daughter just in time for her change. He also had time to tell her they would meet her with the car after the ceremonies... right where they were before... LUCK, you know... he got the same parking space.

The big doings over... pop and the family sit in the car waiting for the STAR. People are leaving in droves... the parking lot is thinning out... a handful of cars are left... and no daughter. Pop gets out of the car and goes on the hunt, getting soaked the while. He finally finds her standing in a doorway of one of the entrances WAITING FOR HIM TO FIND HER! After exchanging a few father and daughter poison darts... he tied her to a post while he ran back through the pouring rain to get the car. His final ultimatum... if daughter decides to go to college, he will have a convenient broken leg come graduation time.

Gastronomic Booby Traps

If Al Green, our famous purveyor of fine foods, ever decides to write a book... he sure could FILL it... and probably be invited to boost it on Jack Paar's show. The anecdotes from Green's are legion. A newspaper woman told us once she sat next to a couple who ordered broiled lobster. Just as the waiter was leaving with the order, the woman called out: "By the way, I'd like mine RARE." The latest concerns Al's new BEEF rome. One of the specialties is Ribs of Beef with Yorkshire pudding. One of our spies happened to be sitting within ear shot of a young man who ordered same. After he had finished his dinner and the waiter returned to the table... the young man asked: "Say, what is the Yorkshire pudding like?" The waiter replied that he thought it was sort of a "custard" type of thing. Les diner said he thought he'd try it. Might as well get all that was coming to him.

Within a short time the waiter returned to the table with the following statement: "I'm sorry about the pudding... but we both learned something! You've already eaten it!" There followed a hushed conversation between guest and waiter whereby it was explained that what monsoor had eaten along with his beef... as some potato concoction, was indeed the pudding... which was NOT a dessert!

Letters to the Editor

To the Editor: Since neither facts nor personal opinions—save those coinciding with your own—appear to get much space in your

paper, my writing of this letter is a triumph of hope over experience. I do so, however, in an attempt to salute 1731 gallant men and women who supported an independent candidate for the Board of Education in the face of total opposition from the press, from the school administration and from a cleverly triggered hysteria campaign funneled down from the administration through the PTA apparatus.

I have personally met hundreds of you people. You are the flower of our community—as fine a group of thinking and principled citizens as I have ever known to exist. Like really free and thinking people every-

where, we did not have complete conformity of opinion in many areas; but were united in support of the proposition that the hired school administration has no right to a monopoly in the direction of affairs concerning the people's schools.

For myself, I gave all the effort I could muster to alert the rest of our fellow townsmen. They have chosen emphatically if not wisely to stay with status quo. Adherence to the principles of representative government demands that we not so numerous acquiesce in the decision of our neighbors. Accordingly I would like— in addition to saluting you— to urge you all to recognize the will of the majority and to work loyally and cooperatively in all areas to improve our schools for the sake of our children and their future. George R. Wallace, 1412 Buckingham road.

To the Editor: The recent action of the Grosse Pointe Woods council in deciding to inform the Detroit Water Board that there is "No objections" to have FLUORIDES added to the Grosse Pointe Woods water supply seems cause for alarm. Alarm over the realization that a small group of our elected city officers seem to have the idea that they can usurp the right of every individual citizen to decide by vote what he wants for himself in regard to any-

What's New on THE HILL...

INTRODUCING: not the least of the reasons for current exuberance is the fact that James McCoy and Samuel Sheridan are opening their attractive shop on the hill called The Book Shelf. John Tabb, Detroit artist, will be on hand Saturday, June 25. It promises to be a wonderful place to browse. They are featuring books, fine leather bindings, an antique corner, records, an artist's market, art objects, art supplies, stationery and cards. This is your invitation to enjoy the comfort of the Book Shelf... believe us, there is no pressure here. It's between Young Clothes and Hornung's at number 112.

### Nearby Parkcrest Motel Opens to Public This Friday

### Pointers Invited to See Area's Fine New Motel

The new Parkcrest Motel, owned by Grosse Pointes and opening tomorrow, Friday, June 24, is located at Harper and Parkcrest Avenues (between Moross and Vernier Roads) in neighboring Harper Woods. It is on the Edsel Ford Expressway just above the Allard Avenue exit.

Spacious and beautiful in design with an inner court and a lawn-level swimming pool, the motel is modern to the minute and is equipped throughout with the latest in heating and air-conditioning units. It also has a complete restaurant.

The official opening is scheduled for tomorrow, Friday and Grosse Pointes are invited to call and inspect the new motel and its beautifully appointed features, according to announcement made early this week by the owners, Mr. and Mrs. Anthony A. Vermuelens of Balfour road, Grosse Pointe.

**Used by Show Guests**  
During the past week many of the out-of-town participants and guests of the 49th Annual Grosse Pointe Horse Show were guests at the motel even though some of the final touches there were still underway by the builders. The pool, which was completed several weeks ago, proved to be a popular spot for these initial guests.

All of the apartments are wall-to-wall carpeted, have television and automatic heating. Also, all apartments have stall showers and a number have both shower and tub.

**Conference Room**  
A unique feature of the motel is the conference room which is located above the main entrance and office. It is 46 ft. long and 27 feet wide and is luxuriously appointed with both heavy leather and fabric-covered sofas and chairs, desks and other furnishings. This room has already been the scene of several wedding receptions held by Grosse Pointes. When not being used for private events, the

Putnam of 723 Lorraine road, B.A. elementary education, with honor; and Theodore J. Zemper, son of Mr. and Mrs. T. W. Zemper of 1051 Hawthorne road, B.S. in mechanical engineering.

room is open as a guest lounge.

#### Complete Restaurant

A large and well-planned and modern equipped restaurant gives a final all-service touch to the motel. It is a convenience which is considered a must today in the finer motels. This restaurant is under the direction of the K-Way System which operates similar units in several fine motels across the country. It is expected it will prove popular with local groups as well as guests. It will feature food of top quality at all times.

There is an unusual incident attached to the restaurant's name which is presently causing some concern to both the Vermuelens and the K-Way System. It seems that the restaurant's plans along with its name received approval some 18 months ago and orders for imprinting linens, napkins and china were placed at that time, using the name "Mr. K's Restaurant." That was months before Russia's Mr. Khrushchev visited the United States, where, in the name of brevity, he picked up the nickname of Mr. K. Now, the question before the Parkcrest management is, "What to do?"

Local leaders who plan to be on hand for the opening ceremonies tomorrow are lauding the new establishment as being an answer to Grosse Pointe's need for suitable accommodations for their over-flow of guests on special occasions as well as being an outstanding asset to the community.

In my opinion the FLUORINATION of our water involves individual health principles and the citizens of a democratic community (and nation) have the right (and duty) to decide for themselves whether or not they wish to submit themselves and their children to the cumulative poisoning of FLUORIDES, especially at this time, when so many of us are aware of the serious pollution problem already existing in our national water supply.

#### ADD AND SUBTRACT

When a new finish is added to a fabric, the process may take something away in return. A wrinkle-resistant finish, for example, may result in a less durable fabric, or a fabric that is warmer to wear. Home economists at Michigan State University say you may be willing to accept some disadvantage in return for the more desirable qualities given by the finish.

### Bledsoe-Metz Rites Read

In Fort Belvoir, Va., on Saturday, Pencie Ann Metz, daughter of Col. and Mrs. Thomas M. Metz, of Springfield, Va., became the bride of James Hugh Bledsoe, son of Mrs. Irene Bledsoe, of Hampton road, and R. H. Bledsoe.

The bride wore a satin faced silk organza gown with an illusion veil caught by a seed pearl crown. She carried white roses and lilies of the valley.

Teresa Jane Metz was her sister's maid of honor and the bridesmaids were Carole Schenk, of Aberdeen, Md., Diane Ross, of Lima, Peru and Mrs. Gilbert Elliott, of Dearborn, Mich.

They wore white organza embroidered in yellow with yellow picture hats and carried daisies.

Thomas McNally, of Grosse Pointe, was best man, and the ushers were Michael McNally, of Grosse Pointe, James Moran, of Detroit, Gilbert Elliott, of Dearborn and Royce Donohoe, of Davenport, Ia.

After a reception at Evan's Farm Inn, McLean, Va., the pair left for Miami. They will live in Grosse Pointe.

### 10 Simple Rules For Swimmers

An estimated 7,000 people will drown this year in the United States, some 300 of them in Michigan alone.

Most of the individuals who become part of these dismal statistics will do so because they fail to observe 10 simple rules for swimming, reminds Edward J. Slezak, supervisor of aquatics in men's physical education at The University of Michigan.

To live longer while enjoying the popular sport of swimming, says Slezak, everybody should:

- 1) Learn to swim.
- 2) Never swim alone.
- 3) Refrain from swimming too soon after meals.
- 4) Enter the water gradually.
- 5) Insist on lifeguard protection whenever possible.
- 6) Value the protection of others, and never call for help unless needed.
- 7) Listen to instructions.
- 8) Observe all beach and pool rules and regulations.
- 9) Have a boat and two good swimmers escort long swims.
- 10) Enjoy the sun, but avoid sunstroke.

### Police Blame Both Drivers

A 38-year-old Detroit woman driver and her six-year-old daughter suffered minor injuries in a traffic accident at Kercheval and Lewiston on Thursday, June 16.

Injured were Mrs. Della Mocerri and Gerrit Ann Mocerri. The mother complained of a sore back and the daughter suffered a cut on the forehead. Both were taken to Cottage Hospital by Farms firemen for treatment.

Police said Mocerri was driving west on Kercheval and another motorist, Rozena R. Moose, 36, of 46 Sunningdale, was traveling east on the street.

At Lewiston, police said, Mrs. Moose made a left turn, cutting into the path of Mrs. Mocerri, who could not stop in time to avoid a collision.

Mrs. Moose was given a ticket for making an improper turn and causing an accident, and Mrs. Mocerri received one for not having her car under control.

Court date is scheduled for Wednesday, June 29, with the case to be heard by Farms Judge Grant E. Armstrong.

Engaged

At a dinner in their East Jefferson avenue home Saturday, Mr. and Mrs. William H. Smith, Jr., announced the engagement of their daughter, JUDITH LEE, to Kenneth R. Fournier, Jr., son of the senior Fourniers, of Iroquois avenue. The couple will exchange vows on October 8.

### City to Select Manager Soon

Candidates for the position of City Manager of the City of Grosse Pointe have been reduced to seven, according to Neil Blondell, acting City Clerk.

The committee has narrowed the list down from some 80 original applicants to these final seven. The Council plans to have an executive session within the next few days to go over the qualifications of these seven. From the seven, some smaller number will be selected for personal interviews with the Council.

"We should have our man selected in about a month," said Mr. Blondell.

Last November, the people of the City of Grosse Pointe voted in favor of adopting the City Manager form of government, used in both the Farms and the Park. The offices of City Clerk, Assessor, Treasurer, etc., which were formerly elective, are now appointive and the office of City Manager will be filled by an experienced, efficient and competent professional administrator.

MRS. JEROME H. REMICK, JR., of Ridge road, honored her cousin, MRS. EDWARD H. MURPHY, of San Francisco, Wednesday with a luncheon.

DO YOUR BEST Don't lose an opportunity for success from fear that the attempt might end in failure.

TRUE PICTURE One thing to remember is that others know you as you are—not as you imagine you are.

Mr. Orth has just completed his year as vicar at a Lutheran Church in Menomonee, Wisconsin. He will return in September for his final year of theological study before accepting a call to an American Lutheran congregation.

Mr. Orth will also address the Sunday School at 9:45. The preacher at both church services will be the Rev. Lewis

Glick, pastor of Grace Lutheran Church, Luckey, Ohio. Mr. Glick was a member of the Grosse Pointe church until he entered the ministry four years ago. Lewis is the son of Mr. and Mrs. Henry Glick, 4815 Buckingham.

Flag bearers and trumpeters will participate in the processional at 11:00 together with the choirs and clergy. The Youth and Senior Choirs will provide

special music at the 11 o'clock service. A buffet luncheon will be served in the Fellowship Hall at 12:20 by the Women of the Church.

St. Paul expects to begin construction of a Parish Education addition next month.

**SCORE ONE FOR RED MINORITY**

WEEKS OF LEFTIST rioting in Tokyo against President Eisenhower's visit finally brought the victory to the Communists that is climaxed in these radiophotos from Japan and the Philippines. Not much blood was shed, but there was a vast, vast deal of loud wordage and Red minority fist shaking.

Because of this, armored police cars disabled and burning.

And this, rioting leftists 15,000 strong armed with nail-studded clubs swarming across the grounds to attack Diet.

**MAKING 'CAMPOBELLO'**—Mrs. Eleanor Roosevelt sits back in her chair and chats with Ralph Bellamy and Greer Garson at Hyde Park, N.Y., where they are doing scenes for the film "Sunrise at Campobello." Bellamy plays FDR and Miss Garson plays Mrs. Roosevelt in the film.

**ARE TWO HEADS BETTER THAN ONE?**—Not in this case, at least, where British Prime Minister Harold Macmillan is making a speech in London's Albert hall. It's double exposure.

Japanese Premier Nobusuke Kishi (middle) announces in Tokyo the postponement of President Eisenhower's visit.

While in Manila, President Eisenhower, having been told of the postponement, calmly addresses a Luneta park throng, saying he is confident "patient" dealings with Russia can end the arms race. He showed neither anger nor concern.

Mel Leeds Peter Tripp Alan Freed

Jack Walker Tommy Smalls Joseph Saccone

**DISC JOCKEY ROUNDUP**—Here are some of those arrested in the New York disco jockey payola roundup, shown being booked at police headquarters. Mel Leeds, 40, assistant general manager of KDAY Los Angeles, is accused of taking \$9,675 from seven record companies while manager of WINS New York; Peter Tripp, 33, of taking \$36,050 in 1958-59; Alan Freed, 39, of taking \$30,650 in 1958-59; Jack Walker, 39, formerly with WOV, of taking \$7,420 from 10 companies; Tommy Smalls, 34, of taking \$13,385 from 10 companies while with WWRL New York, which fired him when he was arrested; Joseph Saccone, 25, former WMGM New York record librarian, of taking \$2,000 from one company.

**SOVIET MINER SEEKS ASYLUM**—Anatoly Nakashidze (middle), member of a delegation of Soviet mine workers touring Scotland, walked into the police station in Edinburgh and asked for political asylum. Nakashidze, 28, an engineer and industrial manager from Soviet Georgia, is shown with American singer Paul Robeson (left) and Abe Moffat, head of the Scottish mine workers union.

**NEW FROM SEOUL**—South Korea's new ambassador, Gen. Chung Il-Kwon (left), chats with U.S. Protocol chief Wiley T. Buchanan as he appears at the White House to present credentials.

**GEARING JAPANESE TREATY MACHINERY**—Senate foreign relations committee members put their heads together in Washington to gear machinery for passage of the mutual defense treaty with Japan, the one the leftists are raising so much ruckus about in Tokyo. From left: John Sparkman (D), Alabama; J. William Fulbright (D), Arkansas; Alexander Wiley (R), Wisconsin; B. B. Hickenlooper (R), Iowa.

Talman (right) talks with attorney, Arthur Crowley, at trial.

Bill Donovan tries to protect his wife Jean, one of the party participants, from photographers. He wasn't at the party.

**MAYBE IT WAS AN UNDRRESS REHEARSAL**—These scenes come from trial of William Talman, three other men and four women on charges of engaging in a nude frolic at a party, in Beverly Hills, Calif., court. Talman gained fame as the district attorney on the "Ferry Mason" TV series.

**OLD GRAD**—Senator John Kennedy, the Democratic presidential nomination front-runner, makes a real splendid figure as he strolls the campus at Harvard's 309th commencement in Cambridge, Mass.

**CATCH HIT-RUNNER BY HELICOPTER**—Cincinnati Police Lt. Arthur Mohring and pilot Jack DeVise stand beside the helicopter they used to track down a hit-run motorist while flying over the city during rush hour. A motorist forced two cars off the road, drove up an embankment, through a yard and knocked down a signpost while fleeing. This pair spotted the car from radioed description, and trailed it by air right to the home, then circled till ground forces arrived.

**BANS LIPSTICK**—U. S. Food and Drug Commissioner George P. Larrick holds a tube of lipstick in Washington after announcing he signed a "tentative order" which bans use of 14 red, yellow and orange colors found to have poisonous effect, if fed to animals in sufficient quantities. He said the ban would not go into effect immediately because the cosmetics industry has right to protest the order.

**BALES OF BAIL**—Dancer Bunny Ware gives information to Det. Robert Green in St. Louis, a routine she went through six times in three nights as the bluecoats swooped down to arrest her on lewd performance charges. The night club owner put up bail each time, at \$1,000 a crack, and Bunny said she would continue her act as long as her costumes (the cops confiscated the getup each time) and the nitery owner's dough hold out.

**MUST HAVE BEEN A BEAUTIFUL BABY**—Teri Jansson, 18, displays a riel competitive figure in Hollywood after being chosen "Miss Los Angeles" for the "Miss Universe" contest. And she comes by it naturally, for her mother (right), Mrs. Berniece Jansson, was runner-up in the 1928 "Miss America" contest. Congratulating his sister is TV actor David Jansson.

**BAD LUCK BABY**—Ellen Sue Hrbek stares through those big spectacles in Crystal, Minn., apparently unmindful of all the ill luck she's had. The 9-month-old baby was born with cataracts on both eyes, had the one on the right eye removed, waits operation on the left. When she was only 5 months old she was operated on to close a heart duct which should have closed normally at birth.

**FREE AFTER 50 YEARS IN PRISON**—Frank Novak, 78, sits with his landlady in Minneapolis, Minn., where, though unable to see, he is learning about the "outsides" again after spending the last 50 years in the state prison at Stillwater. Landlady is Mrs. Ragna Taylor. Novak was convicted of murder in 1910. Some Minneapolis men are supporting him.

**LOOK ALIKES**—They're mother and daughter for sure even if you don't recognize actress Bette Davis and daughter Barbara, 13, in this Los Angeles court scene. The actress is suing a property owner for an accident which happened in 1957. She claims a dangerous condition existed in the house, resulting in her fall down a stairway. She suffered a broken back, causing her to lose an important film role.

**GOOD SPIRITS IN MANILA**—President Eisenhower is decorated with the Order of Sikatuna, Raja, in Manila, and in spite of the news that his visit to Tokyo was called off, he wears a cheery smile along with the decoration. Conferring the order at a ceremony in Luneta park is Philippines President Carlos P. Garcia (extreme left). (Radiophotos).

**HITS ROAD AGAIN**—Dr. Barbara Moore, the walker from Britain, strides along on her Journey from San Francisco to New York after a short layover in Brazil, Ind., after being struck by a car. This is Putnamville, Ind., where she put up at, curiously enough, the Walker Motel (see sign). The vegetarian made 20 miles on her first day back on the road.

**BAD LUCK BABY**—Ellen Sue Hrbek stares through those big spectacles in Crystal, Minn., apparently unmindful of all the ill luck she's had. The 9-month-old baby was born with cataracts on both eyes, had the one on the right eye removed, waits operation on the left. When she was only 5 months old she was operated on to close a heart duct which should have closed normally at birth.

**HEADS U.S. CLUBS**—New president of the General Federation of Women's clubs is Mrs. F. Lee Ozborn of Oklahoma City, Okla., shown after her election in Washington. She has served 20 years on the General Federation board, and has been recording secretary, third, second and first vice president.

**DOCTOR PRESIDENT**—New president of the American Medical association is Dr. E. V. Askey of Los Angeles, who wears a merry smile at convention in Miami Beach.

### Plan Mardi Gras At Eddie Pawl's

Eddie Pawl, owner of the fine dining room of the same name at 15241 E. Warren seems determined to out-do the successful January-in-June party he had last year with a full scale Mardi Gras on June 22, 23 and 24.

Fabulous decorations are being put up for this tremendous celebration. The entire atmosphere including decorations and entertainment will have the Mardi Gras flavor complete with balloons, favors, noise-

makers, colorful holiday hats, clowns, costumed entertainers, corsages for the ladies and anything else it takes to give competition to that fair southern city which is so famous for its Mardi Gras celebrations.

Mr. Pawl says "A town, like a young boy, becomes dull when there is all work and no play, and Detroit has long been lacking in the carnival atmosphere which seems ever present in other large cities."

### Thieves Steal Sail Equipment

Dr. G. J. Murphy of 12710 N. Saginaw, Mt. Morris, Mich., lost \$378.95 worth of boating equipment to thieves on Saturday, June 19.

Dr. Murphy told Farms police that while he was attending services at St. Paul-on-the-Lake Shore, the following items were stolen from his car while it was parked in the church lot, all for his 19-foot sloop at the Crescent Boat Club:

A mail sail, valued at \$250; a spinnaker sail, valued at \$125; and a laundry-type basket, worth \$3.95.

The case is under investigation.

### Business Leaders Honor Associates

CHARLES J. RECORD, left, and NELSON (NED) FISHER cut the traditional birthday cake presented to them by a group of Pointe businessmen who gathered to help open the three-day jubilee of the Fisher-Record Company last Thursday morning.

ROBERT WILCOX, president of the Grosse Pointe Business Men's Association, at far right, made the presentation

and lauded the pair for their splendid standing as Chrysler-Plymouth dealers here for a quarter of a century. Others present were, left to right: CHARLES VERHEYDEN, CLAUDE JURGENSEN, CYRIL VERBRUGGE, CLAYTON ALANDT and ALBERT THOMAS. Seated are THOMAS OFFER, NORMAN KOPPER-SCHMIDT and DAVID MCCARAN.

### Bungled Robbery Trips Teen Gang

(Continued from Page 1)  
house. The lads were turned over to Det. Sgt. Walter O'Dell and Det. Leroy Tobian for further questioning.  
When the detectives found that the boys were from East Detroit, and that they had committed burglaries in that city, O'Dell and Tobian called East Detroit authorities, who sent their detective team, Sgt. F. E. Coesens and Det. Martin Lusch to aid in the investigation.  
The four police officers talked to the boys who finally broke down and implicated the other

members of their gang, who were taken into custody.  
All seven boys were questioned at the Woods station, and all admitted to breaking into 25 places in East Detroit, including the high school; five business places in Warren, two in Roseville and one in St. Clair Shores.  
At Robert's home, O'Dell and Tobian recovered more than 80 pieces of equipment stored in the basement and attic, including radios, sporting equipment and cartons of cigars.  
From the 15-year-old's home,

the detectives recovered a 16 mm movie camera and five basketballs; and from the home of one of the 16-year-olds, catcher's mask, catcher's gloves, first baseman glove and an outfielder's glove.  
The boys stated they looted hardware stores, gas stations and other business places, several churches and the high school.  
O'Dell and Tobian said that because the greatest number of robberies were committed in East Detroit, the seven boys were turned over to authorities in that city for disposition of their cases. All the loot was also turned over to East Detroit police.

JAPAN HAS RATIFIED the 10 year military alliance with the United States, in spite of the Communist-inspired student demonstrations opposing it. Prime Minister Kishi is expected to resign his post soon, now that the treaty is official. Many of the leftists have refused to recognize the treaty. They have blockaded the Prime Minister's official residence for hours. The ratification of the treaty was received with much relief by the U.S. government officials in Washington.

SOUTH KOREANS welcomed President Eisenhower with great enthusiasm yesterday, in the capitol of Seoul. After his troubled tour to other Far Eastern countries, the reception brought a grin to the President's face. The crowd pressed close to the famous visitor, police could not hold them in check. The car in which he was riding was a bit worse for wear after the journey, with the paint scratched, fender dented and the side windows broken.

**A DISCLOSURE** of Congressional expense spending has been called for by Senators of both parties. A decision is expected this week that may end overseas expense account secrecy at least in the Senate. "I think Congress is not a private club with its own private funds," said Senator John Williams, (R. Del.). He contended that he thought there was no reason for the House to keep secret its expenses when the Senate may reveal its expenses. Senator Gordon Allott of Colorado, (Republican), said, however, "Since the House has shown itself extremely jealous of its prerogatives, we don't apply our plan to them so they can't say we are cramming anything down their throats."

FLOYD PATTERSON knocked out heavyweight champion Ingemar Johansson in the fifth round of last night's fight, to regain the championship he (Patterson) lost just a year ago. On the night of June 26, 1959, it was Ingemar's right hand that floored a heavyweight champ. Last night, Patterson's left had the same result. Patterson, the youngest heavyweight champ in history (he was 21 when he first won the title), became the first one, also, to regain his crown, though many have tried before him. The fight contract calls for a rematch within 90 days.

**THE "CLOAK OF SECRECY"** has been stripped from Congressional travel by the U.S. Senate. They voted last night to require every member of Congress to make a strict public accounting of all public funds spent. The action closed an hour of heated debate. The House is expected to object to the move.

ARRIVING IN HAWAII for a few days relaxation, President Eisenhower admitted that he was exhausted after his trying trip to the Far East. Some 100,000 cheering Hawaiians called out their traditional welcome, "Aloha" to like as he descended the steps of the jet plane that had brought him from Seoul, Korea. A lot of red carnations, another Hawaiian tradition showing hospitality, was placed over the President's shoulders by the wife of the governor of our youngest state, Mrs. William F. Quinn. It was a return visit for Ike, who as President elect in 1952 also visited the islands.

### Week-end Parties Present Nine Debs

Carolyn Jacobson, Susan Lambrecht, Mary Johnstone, Anne Fisher, Anne Fink, Mary Bremer, Kay Wunsch, Janet Old and Mary Graves Bow

Nine debutantes were presented to society over the week-end at a dinner, a dance and tea dance which kept guests hurrying from the Grosse Pointe Yacht Club, to the Country Club and back to the Yacht Club.

On Friday evening Carolyn Jacobson was presented at a dinner at the Grosse Pointe Yacht Club by her parents, the Charles L. Jacobsons, of Berkshire road.

Pink was the theme of the dinner, the deb carrying pink cymbidium orchids with ivy to complement her bouffant white silk Italian gown.

Mrs. Jacobson wore pink lace re-embroidered with seed pearls. Pink cloths, flowers and candles were used throughout the club.

At the Country Club a white garden scene was the background for the dance at which Susan Lambrecht, Mary Johnstone, Anne Fisher and Anne Fink bowed later on Friday.

They are the daughters of the Edward F. Lambrechts, of Beacon Hill, the W. Gordon Johnstones, of Grosse Pointe boulevard, the George R. Finks, of Cloverly road, and the Louis A. Fishers, of Lakeshore road.

In the club foyer white lattice covered with foliage and garden furniture set the scene. Gardenias floating in a three tiered fountain and boxwood hedges flanked by garden figurines transformed the hall.

Three floral screens backed by blue satin were used on the bandstand and blue and white flowered balls hung from the ballroom ceiling. White dotted swiss over a pale green satin cloth covered the buffet table and the small tables had white cloths decorated with green streamers and hurricane lamps.

Mary Johnstone wore white taffeta with blue lace embroidery and carried white sweetheart roses with blue delphinium. Mrs. Johnstone was in a yellow and avocado print chiffon.

Anne Fisher's white embroidered silk organza gown was trimmed with pearls and iridescent sequined flowers. She carried miniature Eucharis lilies and blue delphinium. Mrs. Fisher was in pale blue silk taffeta embroidered with loop beads.

White silk organza with Belgian lace was Susan Lambrecht's choice and she carried fleur d'amour and blue delphinium. Mrs. Lambrecht was in blue lace trimmed with sequins.

Ann Fink's gown was white double silk organza applied in lace and a blue satin sash. Blue delphinium and ivy made up her bouquet. Mrs. Fink's mouseline de soie gown was em-

broidered with teal blue roses. Pink was again the color for the Saturday tea dance at the Grosse Pointe Yacht Club when Mary Graves, Mary Bremer, Kay Wunsch and Janet Old bowed.

Mary Graves wore a cream organza banded in red poppies and Mrs. Graves was in a lavender linen sheath. Mary is the daughter of Mr. and Mrs. James F. Graves, of Cambridge road.

Kay Wunsch was in white cotton lace sashed with a pink cummerbund. Mrs. Edward S. Wunsch wore robin's egg blue silk linen. The deb is the daughter of the Edward S. Wunsches, of McKinley place.

White silk organza sashed in blue and applique with blue was Janet Olds choice. Her mother was in a French blue silk organza sheath. Janet is the daughter of the Forrest R. Olds, of Yorkshire road.

Mr. and Mrs. Joel Bremer, of Sheldon road, presented their daughter, Mary, who wore white lace banded in yellow satin. Mrs. Bremer was in a pale pink sheath.

She carried a basket of white stephanotis, carnations and white orchids.

## why there's no kitchen like an ELECTRIC KITCHEN

ELECTRIC COOKING IS CLEAN, COOL, QUICK. All the heat goes into the food from direct contact electric elements, none escapes into the air. Super speed units bring liquids to a boil in seconds. You never see

blackened pans in an electric kitchen for electric cooking is white-glove clean. Choose from built-in counter top units and ovens or from many styles of free-standing electric ranges.

ELECTRIC REFRIGERATOR-FREEZERS HAVE BIG CAPACITY. Two wonderful appliances in one! Refrigerator and freezer. The freezer compartment is big enough to hold worthwhile quantities of food. Buy foods at seasonally low prices and safely store them. Save time by preparing foods ahead—make three pies and freeze two. New frost free refrigerator-freezers eliminate defrosting entirely.

COUNTER TOPS DO DOUBLE DUTY with an electric appliance center. Pullout extension cords and extra outlets, all on one central panel, give you Housepower at your fingertips. Simultaneous operation of many counter top appliances—waffle iron, fry pan and coffee maker, for example—is possible without blowing fuses. Automatic timing is another feature. All together, it's just like having extra range capacity.

DOING THE DISHES WAS NEVER SO EASY. The process is simple—toss food scraps into the disposer. They just grind up and wash away, never have to be handled or wrapped. Then slip dishes, glasses, flatware, pots and pans into the dishwasher. Everything comes out sparkling, and much cleaner than you can wash them because most dishwashers use hotter water than your hands can stand.

PLENTY OF HOT WATER where and when you need it. What better place for a water heater than in the kitchen where you use lots of hot water? A tabletop model fits flush with counter top, or it can be placed in a hard-to-use corner of the kitchen cabinets. This is the water heater without flame or fume, so you put it where it's most convenient. The 50-gallon size supplies normal hot water needs of 4 out of 5 families.

FOOD ON THE PLATE  
Choose dishes with food in mind. Home economists at Michigan State University note that steak looks appetizing on dishes of brown, green or yellow, but pink and light blue may blend better with the desert course. They add that white seems to go with all foods.

### Four Rescued When Boat Capsizes in Lake St. Clair

Four Detroiters whose boat overturned about 100 yards off the Park's beach on Saturday, June 18, were rescued after being in the water for more than an hour.

Rescued were Andrew S. Sabo, 34, of 5910 Belvidere; Peter J. Mele, 33, of 10470 East Outer drive; William Esch, 36, of 8419 Gratiot avenue; and Stanley Dzierlatska, 42, of 5731 Iroquois avenue. All suffered from exposure.

Sabo, owner of the boat, who also suffered lacerations on his left ankle, and Mele, were transported to Bon Secours Hospital by Park police ambulance for treatment. Esch and Dzierlatska refused medical attention.

The boaters' cry for help was heard by Elton McDonald of 15324 Windmill Pointe drive, at about 10:40 p.m. He notified authorities.

Cpl. Thomas Martin and Patrolmen Arthur Conlan, Richard Conover and Collin LaLonde responded, and arrived at the park while the four men were still in the water. The officers tossed life preservers to the four.

Sabo and Mele were pulled out of the water by William Wrock of 15220 Windmill Pointe drive, who went to the rescue in his boat.

Esch and Dzierlatska were rescued by unidentified boaters who also went to help, according to a Park police report.

Detroit police of the Harbor-master Division, towed the capsized craft to the park dock.

Police said that the four men were returning from traveling west (down river) from a day of boating, when they ran out of gas. While attempting to change gas tanks, the men shifted about in the boat, and it turned over.

Mele was the pilot of the craft, an outboard utility boat, police said.

Sabo and Mele clung to the craft, while their two companions donned the life preservers and started to swim toward shore. At this time, rescuers arrived to help them.

Other than the exposure and Sabo's slight injury, the lake victims were all right.

### Students Send Help to Chile

Junior Red Cross members who packed gift chests for child victims of disaster this week saw five of them on their way to Chile. Grosse Pointe University School students constructed, donated the articles for and packed two chests. Parcels and Pierce, and Dearborn's Clara Bryant junior highs packed one chest each.

The chests contain personal hygiene items such as combs, soap and washcloths, toothbrushes and dentifrice, pencils, crayons and paper, small musical instruments such as harmonicas, and small games equipment sufficient to outfit a school class of fifty members.

Bill Keller, 1452 Beaconsfield, Pierce student, represented his schoolmates when the chests were dispatched from the Detroit Red Cross chapter headquarters this week. Mrs. Sophia Boan is volunteer teacher sponsor of JRC activities at Pierce, Mr. Charles Leavitt is principal.

Grosse Pointe University School JRC chairman Renee Bowdy, 21919 Shady Lane, St. Clair Shores, was on hand to see that chests packed with the cooperation of Miss Eleanor Ann Fenech and John Conley, GPUS volunteer teacher sponsors were sent on their way.

American Junior Red Cross members have sent cash contributions of \$25,000 from their Children's Fund, including \$2,000 from Wayne County youth. One hundred fifty school chests have also been dispatched from supplies on hand at JRC headquarters in Washington, D.C.

Elizabeth 'Betsy' Wunsch, 31 McKinley place, a junior at Grosse Pointe high school and secretary of the school's JRC Council, has been selected to attend a Leadership Training Center at Camp Fellowship, Goddard, Kansas, from June 18 to 25. Students from the 16-state Midwestern area of the Red Cross will meet with adult sponsors to study JRC programs and exchange ideas for their completion. Betsy, who was active at Pierce JRC, has helped plan Christmas parties and worked on Red Cross bloodmobiles as well as assisting in membership drives at Grosse Pointe high.

### Citizens Hold Center Meeting

Local highlight of "Michigan Constitution Week" (June 10-19) or "Blitz Week" was the June 13 monthly meeting of the Grosse Pointe Chapter No. 1 of Citizens for Michigan (CFM), held at the Grosse Pointe War Memorial.

Featured speaker was Mrs. Berrien C. Ketchum, executive board member of CFM, past president of the Michigan League of Women Voters, and a noted lecturer on state constitutional reform.

Her talk on "The CFM Endorsement of the State Con-Con Issue" was enthusiastically applauded by her distinguished audience of CFM members and guests, among whom was a sizeable delegation of Grosse Pointe members and officers of the League of Women Voters.

As a matter of record following the official position taken by its parent organization (CFM) on the Con-Con amendment, the Grosse Pointe Chapter voted unanimously for Con-Con at its June 13 meeting at the War Memorial.

A regular chapter dues of fifty cents a month per member was approved without a dissenting vote. A personal letter from George Romney, chairman of Citizens for Michigan, stressing the importance of more effective communications of CFM objectives and purposes to the voting public, as a spur to increasing membership in local chapters, was read to point up the need for funds by both the Chapter and CFM headquarters.

An interesting report on "The State Personal Income Tax Proposition" was presented to the group by the chairman of the Chapter State Finance Study Committee, Theodore Jankowski, of Kensington road.

The publicly announced purpose of the Chapter's June 13 meeting was to indoctrinate volunteer petition circulators on the important technicalities concerning the proper way to fill out petitions, and have them notarized, before turning them in to the local Chapter or the CFM main office in the American Motors plant at 14250 Plymouth Road, Detroit 32.

With only one week remaining in the CFM petition drive to put the Con-Con amendment on the November ballot, there is still an urgent need for more volunteers to circulate petitions in the Grosse Pointe area, according to the local petition drive chairman, Gerald L. Morin, whose telephone number is TUxedo 5-1373.

Many more volunteers are also needed to check the thousands of Con-Con petitions arriving daily at the west side main office of Citizens for Michigan. Anyone willing or

## Detroit Sail Fleet Sweeps Mills Trophy Race Again

The results of the 40th annual Mills Trophy race last Saturday, June 18, was a carbon copy of previous Lake Erie classics as far as the Detroit sail fleet was concerned. Only the names of the winners were rearranged from last year's results.

The Detroit fleet swept all the honors for which it was eligible in the three cruising classes. It had no entries in the racing division which was won by Carlyle "Doc" Wilson's "Eventac" with Detroiters in her crew.

In the three cruising classes Detroit yachts took all firsts, seconds and thirds plus the big overall time prize, the coveted Merrill B. Mills trophy which was won by Grosse Pointe Henry Burkard's "Meteor III" out of Bayview Yacht Club.

Burgard also picked up the Toledo Times Cup as Cruising B champion and the Toledo Blade Cup for topping both the B and C divisions.

Carter Sales, another Grosse Pointe who is sailing his red-hulled yawl "Comanche" out of Grosse Pointe Yacht Club, was second in the overall standing and Class B to "Meteor III".

But he also picked up the Commodore Affleck Bowl for having the best time for yaws and ketches in the 50 boat fleet. It was a welcome addition to "Comanche's" "drinking water" record since she arrived here from Miami, Florida two weeks ago.

In her first race, the Bayview Yacht Club regatta, she topped her class in her first start.

**Touche II Is Winner**  
Moon Baker and Jerry Clements' ocean "Touche II", showed her transom to the Class A fleet and was the first boat to finish to pick up the Cruising A cup and the Kelsey Bowl for the best elapsed time.

Baker and Clements just missed the latter prize last year when they had "Last Straw", which was nipped by 10 seconds by Norbert Taylor's New York 32 sloop "Vitesse II". But this was the second successive year the jovial restaurateurs received the Class A prize.

To complete the sweep Kurt Keldel's sloop "Grace Note", out of the Detroit Boat Club, scored a smashing victory over the Class C fleet.

It has been this sort of rout of the Ohio boats, that forced

the sponsoring Toledo Yacht Club to put special trophies into competition for only Ohio boats in order to keep them coming back year after year.

Sailed Without Bugs  
This marked the fifth consecutive year the Mills race was sailed without bugs and race chairman Bob Rothert and his guessed right when they sent the fleet around the 69-mile triangular course to port. It was a perfect 24 mile beat to weather to Green Island, in the shadow of Perry's Monument at Put-In-Bay, in an 8 mile an hour breeze that favored the Ohio shore. That's where the winners got their big break when they ignored the cardinal rule of staying inside the triangle, and gambled and won along the beach.

The second leg was a perfect downwind run to the Coldchester Reef bell buoy which, of all nights, chose to go out. The race committee did an excellent job of attracting the puzzled skippers to the darkened light. However, some lost valuable time and possibly a better position in the finishes when they ignored the patrol boats spotlight and searched for the buoy. The southeasterly breeze picked up to about 14 miles an hour and the leaders had a fast close reach to the Toledo Harbor light finish. However, most of the fleet ran into a shifting southerly breeze that turned the last 24 mile leg into a beat to weather and eliminated any possible chance it had of saving its time on the leaders.

## LITTLE LEAGUE

**PARK (Majors)**  
The spotlight was on a no-hit and four one-hit pitching performances in the Grosse Pointe Little League as the Orioles and Dodgers were declared undisputed champions of the American and National Leagues, respectively, for the first 10-game schedule.

The no-hitter was credited to Bill Blakeslee, of the Dodgers, who also contributed a home run to the 17 to 0 battering his team gave the Braves in closing out the first season with a 9 and 0 record.

The real drama of the week, however, occurred in the Senators-Orioles game, where a victory by the Senators would have meant a three-way tie and a play-off for the American League half season honors.

John Entenman, Senators left-hander, pitching on three one-hitters in his league, kept his team on even terms with the Orioles until the final inning when his own wildness and the erratic fielding of his teammates allowed the Orioles to pull ahead, 3 to 2.

The Indians, meanwhile, slipped past the Senators and moved into second place with a 4 to 3, come-from-behind win over the Yankees, in which Robbie Althaus was forced to pitch over six errors by his mates.

One-hitters were also hurled in the American League by Paul Fitzsimons, of the Orioles, in blanking the Athletics, 9 to 0, and by Charles Bruce, of the White Sox, in besting the Yankees, 11 to 1.

Fred Zosel, White Sox catcher, contributed a home run to Bruce's victory over the Yankees.

The Indians also defeated the Senators, 11 to 2.

The week's National League schedule was reduced to three games because of two days of rain.

Besides their lopsided victory over the Braves, the Dodgers shut out the Cardinals, 8 to 0, with Mike VanDeGiste holding the opposition to a third inning single and Blakeslee adding his second home run in as many days.

The Reds hammered the Pirates, 15 to 3.

For the first time in recent years, the major league season was marred by forfeits, one in each circuit.

In a game in which the Indians were leading 6 to 1 in the second inning, Athletics' manager Don Mackenzie withdrew his team from the contest in protest against the umpire's decision ousting the Athletics' catcher from the lineup.

And the Pirates were forced to forfeit their game with the Cardinals when they could not field an entire team.

In the collegiate league, the week's play left Alabama, with an 8 and 0 record, as the only undefeated team in either conference.

Great Lakes and Fordham split a two-game series, which left them in a 4 and 1 tie at the head of the Northern Conference.

Fordham won the first of the two games, 13 to 11, but then Great Lakes came back the following day with a 12 to 5 win.

Illinois, which had failed to break into the victory column, won two games to move from last place to third, defeating Harvard, 16 to 11, and Evansville, 27 to 18.

Southern Conference play resulted in Alabama defeating Carolina, 6 to 4, and narrowly edging out Baylor, 11 to 10.

The summary of games played the week ending Saturday, June 18 and the final standings for the major leagues at the end of the first half season are as follows:

Team	Won	Lost
Sacramento	5	1
Hollywood	5	1
Denver	4	3

The CLASS C teams opened the season May 31st. The current League standings through Saturday, June 18th are as follows:

All Power Squadron units, Coast Guard, Auxiliaries and boating organizations are stressing the need for safe boating among the 8,000,000 families who now own boats and are using the nation's waterways.

## Babe Ruth League

**CITY, PARK and FARMS**  
The first half season of play has been completed in the Babe Ruth League of the City, Park, Farms. In the American League the Yankees, managed by J. B. Thomas, swept to a commanding decision, posting a 9-1 record. The Giants, managed by G. Verdonck, topped the National League.

In the Minor League incomplete returns show the Nationals leading the way with a 6-0 record. They are managed by Bill Briscoe. The Athletics posted two more victories last week to run their won-lost count to a very good 5-1 record and second place. Carter Piche manages the A's assisted by Otto Soss.

The Yanks picked up their ninth win from the Indians in a close contest. Doug Phillips won his initial start by a score of 4-3. Roosevelt went 3 for 3 in a losing cause.

The Red Sox, managed by W. P. Harris, strengthened their hold on second place in the American division with a 4-2 victory over Detroit. Schmatz was the winning pitcher, holding the Tigers scoreless after the first inning. Both teams got only 2 hits.

Other action in the league was severely curtailed by rain and wet grounds during the last week. Games not affecting the standings were cancelled and will not be rescheduled.

The Nationals defeated the Senators 5-4, June 15. Warren and Beauregard shared the mound duties with the latter becoming the winning pitcher. Earlier, the Athletics topped the Orioles 11-4 with Schorer getting the victory. Last week-end the A's turned on the power to swamp the Pirates 26-7. Roddis was the winning pitcher. Alex Zakem cleared loaded bases with a triple to help the A's boost their total.

The second half of play has already begun. The Yankees resumed their winning ways with an 8-5 decision over the White Sox. Del Place struck out 15 and hit a two-bagger. Schervich also doubled for the Yanks.

The Phillies evidenced a strengthened line-up as they started the second half with an 11-1 victory over the Braves. Cimini posted his second straight win, holding the Milwaukee club in check when it counted. Riley went 4 for 5 in the winning effort. J. tight 2-1 ball game for 5 innings became a rout when the Phillies batted around one and a half times to score 9 runs in the sixth.

The Yankees also gave the Red Sox a good game before dropping a 6-4 decision. Big Dave Mann did the hurling for the Yankees; Rick Levette was the winning pitcher for Bob Cunningham's Red Sox.

The Red Sox made it a sweep with an easy 11-1 victory over the White Sox. John Gilmour limited the Pale Hose to three hits.

The Senators had to work hard for their 4-1 victory over the White Sox. Charlie Renny held the Senators to two hits, but walks in the late innings proved his undoing. Young Greg Moser was the winning Senator hurler.

In their only game this week, the Tigers received 1-hit pitching from Greg Sanders to defeat the White Sox 1-0.

Scoring 33 runs in two games while limiting their opponents to 10 runs in the same period.

**Center Offering Spaniel Matches**

The American Kennel Club recognizes over 100 different breeds of dogs, from the Alaskan Malamute sledge dogs to the lion hunting Rhodesian Ridgeback of South Africa; and from the exotic, sacred Chinese Pekinese to the happy-go-lucky, lovable spaniels.

As the name indicates, spaniels originated in Spain, but because of their beauty, usefulness and temperament they are found in a goodly portion of the populated world today.

There are three types, the English Cocker Spaniel, English Springer Spaniel and American Cocker Spaniel. Although these are easily distinguishable as separate breeds, up until 1902, although of the same ancestry, the cocker and springer were classed according to size, dogs weighing less than twenty-eight pounds being called cockers and the larger ones springers. The American cocker is the result of breeding the English Cocker to suit American tastes.

At 1 p.m. Sunday, June 26, there will be a Combined Spaniel Puppy Match held at the Grosse Pointe War Memorial, 32 Lakeshore road, where puppies of the three breeds will be shown. There will also be an all-age, all-class Springer Spaniel Obedience Match. There is no gate charge. For further information call Thomas Blessing, 181 Lewiston road, TU 2-3631.

Potentially dangerous drivers are those who follow the middle of the road policy.

**Little League Hurls Perfectly**

The Detroit Tigers (the real McCoy that is) had better sign up young Mike Johnson, age 12, of the Woods Shores Little League Detroit, Tigers.

The big Tigers are having their troubles putting good hitting and good pitching together, so this young fellow should be the answer. Monday, he faced 18 batters for the Baltimore Orioles and struck out ALL 18! A perfect no hit-no run game that ended 5 to 0 in favor of the Tigers.

But that's not all. He is sporting a batting average of .591 and was walked intentionally all three times at the plate in Monday's game.

**Lt. William Davies Stationed in Germany**

BERLIN, Germany, June 14: —Army First Lieutenant William A. Davies, 27, recently arrived in the US Army's Berlin Command where he is assigned as a platoon leader with Company E, Second Battle Group of the 6th Infantry.

The mission of Berlin Command, composed of the only US Army occupation troops remaining in the world and coinciding with the 81-square-mile United States Sector of Berlin, is to protect American rights and property in this isolated city deep in the Soviet Zone of Germany and to assist where necessary in maintaining law and order in a free Berlin.

A 1951 graduate of Junction City, Kan., High School, Lieutenant Davies was commissioned a second lieutenant upon graduation from the United States Military Academy in June 1957. Prior to his entry into the Military Academy, the newly arrived lieutenant served for two years as an enlisted man. Lieutenant Davies attended Infantry School at Fort Benning, Ga. and is a qualified parachutist and ranger.

Lieutenant Davies arrived here from his previous assignment with the 501st Infantry at Fort Bragg, N.C. He now lives with his wife, Cynthia, daughter of Mr. and Mrs. H. L. Hobart of 1731 Littlestone road, Grosse Pointe, Mich., in the American Sector of Berlin.

**Wachter Wins Honors At Dartmouth College**

HANOVER, N.H. — A Dartmouth College senior from Grosse Pointe Woods, Michigan, was recently initiated into the Dartmouth chapter of Phi Beta Kappa, the national scholastic honor society. This chapter is the fourth oldest in the nation and was founded in 1787.

He is William F. Wachter, son of Mr. Frank M. Wachter, of 1152 Lochmoor boulevard. In order to be eligible for membership in the society, a student must maintain a 4.5 average on a 5.0 grading system during his four years at Dartmouth.

Wachter, who was just graduated, was an international relations major at the college. He was a very active participant in student government during his undergraduate days — a member of the Undergraduate Council, a member of the Inter-Fraternity Council, and a member of the Inter-Fraternity Judiciary Council. Wachter was a brother in the Delta Tau Delta fraternity and served as their president and treasurer. He is a graduate of Grosse Pointe High School.

**Sleeping Driver Hits Parked Car**

Paul M. Elias, 46, of 1416 S. Renaud road, blamed long working hours for the accident he was involved in on Sunday, June 19.

He told Woods police that he was on his way home from work and fell asleep behind the wheel of his car while driving north on Mack avenue. The vehicle crossed the Cook road intersection and struck a car owned by John P. Conforti, 21, of 20618 Beaufait, that was parked in front of 19720 Mack.

Elias was given a ticket for not having his car under control and causing an accident. He is scheduled to appear before Woods Judge Don Goodrow on July 23.

Laziness has never been considered a crime, but it leads to a great many of them.

**1,300 Attending Summer School**

Enrollment in the Grosse Pointe Public School summer session has hit a new high. Nearly 1300 registrations have now been received while more than 500 students are also enrolled in Driver Education classes.

The senior high school enrollment was 666 students last Tuesday, the second day of the six-week session. These were registered for classes in grades 10-12. Late enrollment necessitated increasing the teaching staff by three persons, school authorities revealed.

At Brownell Junior High School 275 pupils in grades 7-9 were recorded. This number combined with the senior high school total shows that nearly 1000 secondary school students from all schools in the Pointe are busy improving themselves by taking courses for advanced credit or repeating courses to improve a grade. In some cases they are taking subjects for which their regular school year schedule would provide no opening.

The elementary school session at Maire School shows 179 class enrollments. Last year the total was 186. The Mason School registration is down from 214 to 165. However, it is pointed out that although the number of elementary school children registered is less than last year, the heavier-than-ever secondary enrollments have more than made up the loss. All classes are termed as of good working size.

**Little League**

(Continued from Page 22) and held the American League to a final score of 10-4. The Minor League "All Star" game however, was a different story. This contest was a top notch pitching duel from the start.

The International League jumped ahead early in the game with a 1-0 lead and the pitching battle continued up to the last of the sixth inning with two men on and two outs when Al Butke drove in the winning run for the American Association. Though the American League took all three games from the National League, all the boys played outstanding baseball and it was certainly a tribute to Little League Baseball of America.

## The 'Welcome Mat' is always out at Abbe..

It has been said: "Proof of the puddin' is in the eatin'". . . . That's why we like prospective customers to talk to our customers whom we have served over a goodly number of years. It's nice to enter a place and feel that old-fashioned welcome extended to you. It always seems to us at Abbe, that folks like more than just strictly business . . . that in most of us there is a desire to feel that we have been of genuine service to someone else.

We, of course, are printers of newspapers and

4-color circulars and cater to the publishers in a modern atmosphere. We have been busy installing new equipment that is the last word in the rotary field so that we can keep abreast of the times. We are constantly adding to this equipment which in turn has meant new buildings; which in turn keeps more people busy in and out of our own industry. We like to improve and we like to serve, which makes a happy environment.

Associated with PAK (POST-ABBE-KRAMER) for your printing needs!

By Pat Talbot

A son of a New England minister, a Mexican war hero, an editor of the Detroit Free Press, a Union general who gave his life at the Second Battle of Bull Run, this was the founder of the Brodhead family in Detroit.

General Thornton I. Brodhead, son of a New Hampshire pastor, came to Detroit in 1846 and immediately enlisted in the army for the Mexican War. He served with distinction under Gen. Winfield Scott and emerged a colonel.

He returned to Detroit became a founder and editor of the Free Press and married Archange Macomb, of that famous pioneer family. When the Civil War came he immediately organized the First Michigan Volunteer Cavalry regiment, in August, 1861. He left in Washington his ten year old son, John, who was living with his uncle, who later became comptroller of the U.S. Treasury under Grant.

Brodhead commanded troops, as a brigadier general, at the second Battle of Bull Run, where he received a mortal wound. A newspaper account of the day mentions that the General took his son, John, before him on the saddle about the battlefield.

This may account for John's interest in the military. As soon as he could, he joined the U.S. Marines, went with the fleet abroad. It was his job to personally escort the notorious Boss Tweed home to New York for trial from Spain. While he was in the Mediterranean area the young naval officer met his future wife, Jessie Willis.

On his return to the state John Brodhead was with the troops who quelled the Philadelphia train riot.

His next assignment was a spot in China which he refused to accept because of his family. He resigned from the service and returned to Detroit where he went into real estate. He died in 1904 but not before he saw his son, Richard Thornton Brodhead follow in his martial footsteps.

Richard T. Brodhead, born here in the 1870's, was an apprentice seaman in the Michigan Naval Militia, served in the Spanish American War at aged 19, fought up the hill at San Juan. After the war he worked for the Pacific Mail Steamship Co. in the Orient, but when World War I came he went back to the Navy, served aboard the USS Iowa.

In 1919 he returned to Detroit and organized the Naval Reserves in this district. The Naval Armory near Belle Isle bears his name in memorium today. Capt. Brodhead married Margaret Elise Moran, daughter of John Valle Moran, of the famous Pointe Moran clan. They had three children, Margaret, John L., and Richard Thornton Brodhead, Jr. This latter son, lives in Roosevelt place today and has six children one of whom will no doubt carry on the Brodhead service tradition.

## Pointer of Interest

MRS. CAMPAU KETTENHOFEN, OF PEMBERTON ROAD

By Patricia Talbot

When she was 10 Mrs. Campau Kettenhofen began her formal art education and soon graduated into the professional class with her mother, Katherine Campau, to form a mother and daughter artistic team.

Descended from the pioneer Campau and Beaubien families Mrs. Kettenhofen's background is strictly Detroit, for a few centuries back. She lived for many years in the old Moses Field farmhouse near the Indian Village, discovered that this antique was originally owned by the Campaus, as so much land on Detroit's east side was.

When she began painting seriously she did portraits first then landscapes. But when she was choosing views to paint she looked to New England. A member of the Rockport, Me., artists' colony for many years most of her paintings today are of scenes near this New England resort. Through July Mrs. Kettenhofen's paintings will be exhibited at the Grosse Pointe Galleries. Hanging on a nearby wall are several of her late mother's flower paintings, for which she was famous.

**Traditional School**  
Mrs. Kettenhofen is a traditionalist, doesn't care for the modern or abstract school. Her favorite master is Rembrandt. When she was abroad she spent hours studying his masterpieces in Amsterdam. "If he were painting today, he would still be great," says Mrs. K. She feels art will round out a circle, "come back to normal in time."

Mrs. Kettenhofen lives in a meadow of Jacobean, classic French and English furniture, enjoys all traditional art. She is very interested in houses, loves to draw plans, thought once of being an architect. She keeps many of her early paintings, "to remind me of how horrible I was."

The artist began showing with her mother at a downtown gallery in Detroit in 1949 and has been exhibiting ever since. Every summer she packs up for the Rockport stay, where she haunts the backroads of that resort and sketches. In the

winter she finishes many of the paintings she began in the summer. She's not the fastest painter in the world and her working habits are a bit Bohemian.

**No Routine For Her**  
She rarely rises before noon. She does most of her work later in the day, except in the summer when she is at Rockport and must get up early for the proper light. She may paint eight hours a day for a month and then not touch the easel for three months. When she's not painting she's reading, recently went on a Nevil Schute binge. She eats her meals on varying schedules, has lately taken a dislike to meat, after reading a report on slaughterhouses. Favorite meal is scrambled eggs and toast.

Sharing Mrs. K.'s home and studio are two dogs, a French poodle, Charles and a Pomeranian with asthma, Reggie. Only Charles goes with her to Rockport in the summers.

**Greens Her Specialty**  
The artist, who looks very like generations of Campaus, (there is a distinct family resemblance), believes there are no male Campaus to carry on the family line which dates back to Jacques Campau in 1701. She rarely paints local scenes although one of the most impressive paintings in her show ("It would go well in a executive's office," she says) is a view of the bustling Detroit river. She did the original sketch from her car on the waterfront. Her landscapes are colorful with brilliant

greens, (green is a difficult color for artists she believes). Mrs. Kettenhofen has shown and sold many paintings in New York where she studied at the Art Students' League, has also shown at Detroit's Artist Market. She began her first lessons as a pre-teen in California.

A month after her show closes here she will be off for Rockport to gather more material, will stay after the tourists go home for this is when she does her real work. Then it will be time to pack up Charles and her equipment to drive back to Reggie and Pemberton road, a long winter of work, books and scrambled eggs.

## GPYC to Hold Cruise to Club

A German band will set the tune for Grosse Pointe Yacht Club excursionists when they cruise off to the Old Club for their Old-Fashioned Field Day next Wednesday, June 29.

Herbert W. Hart, chairman of the Field Day committee, and Mrs. Hart will lead the 10:30 a.m. procession of cruisers from GPYC docks aboard Wayne E. Long's "Cumalong" (the Longs, who will be out of town that day, have put their boat at Chairman Hart's disposal). With the Harts on the Cumalong will be the Fred Cods, the Arthur Rhodes and other GPYC couples.

Assisting on all the excursion and field day details are committee members including Bry-an Chaplow, Dr. Harold E. Cross, Dr. Martin Hoffmann, Edward J. Schoenherr, Howard Shaw and Arthur Stringari.

Their cruisers also will be in the vanguard—they'll have to be early at Old Club to have everything organized for the rest of the crowd.

For members and wives, and their adult guests, reservations will be limited to the first 200. Sports clothes are suggested and rubber-soled shoes required.

The program will include potato sack races, horseshoe pitching, shuffleboard, a putting contest, a softball game and swimming.

There'll be a buffet brunch at the Old Club Dock from 12 o'clock noon; dinner will be served beginning at 5:30 p.m., and boats will return to GPYC docks right after dinner and distribution of prizes to the winner contestants.
