THE NAVY FIRED POLARIS missiles from a submerged submarine for the first time Wednesday. This was a giant step toward a defense system which could defer an enemy from a surprise attack.

Two squat rockets were unleashed three hours apart by the atomic-powered George Washington some 30 miles off the coast of Cape Canaveral. The rockets successfully plunked their dummy warheads the Navy announced.

THE UNITED STATES announced Thursday that it will do everything necessary to keep Soviet military forces out of the Congo.

United States Delegates Henry Cabot Lodge told the Security Council, "With the other United Nations we will do whatever may be necessary to prevent the intrusion of any military forces not requested by the United Nations."

THE BUDGET SURPLUS for the U.S. fiscal year ending June 30 totaled more than a billion dollars, President Eisenhower revealed Wednesday.

This was his third success in seven tries for a surplus. This one was five and a half times greater than the President predicted in his January budget message to Congress.

WILLIAM C. NEWBERG, former president of Chrysler Corp., has agreed to give the company "in excess of \$450,000" which Chrysler says represents profits he made "from interests in vander companies."

After a surprise meeting of the board of directors in New York, the settlement was announced. The company reported that it learned of Newberg's vander interest through an investigation ordered by Lester L. Colbert.

THE UNITED NATIONS Friday ordered Belgium to "speedily" withdraw its troops from the Congo. The resolution, jointly introduced by Tunisia and Ceylon, was unanimously approved by the Security Council.

Both Russia and the United States withdrew their own resolution and supported the compromise. Russia first wanted Belgium to get out within 72 hours.

Robert Finch, Nixon's administrative assistant said Alabama, the first state on the role call, will yield to Oregon for Finch's nominating speech.

Saturday, July 23
UNITED NATIONS Ambassador Henry Cabot Lodge told the Security Council Friday that the RB-47 bomber downed by Russia July 1 was 50 miles off the coast of the Soviet Union when attacked. He accused the Soviets of inventing spy charges and demanded that Moscow promptly release the two survivors of the six-man crew.

Vasily Kuznetsov, Soviet deputy foreign minister, opened the debate charging that the United States had been caught "red-handed" in an act of aggression. When Lodge spoke, he said that Kuznetsov's 63-minute presentation of Russia's case was "a pretty revolting bit of hypocrisy."

THE UNITED STATES charged that a high-ranking Russian diplomat paid an American photographer more than \$1,000 to take spy photos of United States Navy bases and other possible war targets.

The State Department said Peter Y. Ezhov, third secretary of the Russian Embassy in Washington, D.C., paid a commercial photographer more than \$1,000 for "intelligence information," including aerial photos of American cities.

Birmingham Schools Take Dr. Dickey

Assistant Superintendent of Pointe System Appointed to Top Post in Oakland County City

Dr. Otis M. Dickey, assistant superintendent of the Grosse Pointe Public School System, has accepted an appointment as superintendent of the Birmingham Public Schools, the Board of Education there has announced. He is to assume his new duties within the next several weeks.

Coming to Grosse Pointe in 1952 as administrative assistant to the superintendent of schools, Dr. Dickey was made assistant superintendent in 1955. Prominent in his large area of responsibility in the local system were administrative duties relating to professional personnel.

Recruited Teachers
These included heading up the extensive recruiting activities necessary to maintain an outstanding teaching staff in spite of rigorous competition from other school systems for good teachers.

Other important duties included the administration of the Pointe's unique salary plan wherein advancement salary-wise is tied directly to the professional growth and improvement of the individual teacher.

Dr. Dickey will succeed Superintendent Dwight Iveland in Birmingham. Ireland has headed that school system for about 18 years. Birmingham has somewhat more than 12,000 students enrolled in the public schools (Continued on Page 2)

Babe Ruth League District And State Championships To Be Decided in Pointe

Two Tournaments Being Played in Next 10 Days Make This the Amateur Baseball Capital of Michigan; Play Starts Thursday

Grosse Pointe becomes the amateur baseball capital of Michigan for the next 10 days as it plays host to both the Babe Ruth State Championship tournament and the District Two tournament on the diamonds of Grosse Pointe University School, Cook road and Chalfonte.

In officially recognizing the occasion, Mayor Kenneth Koppin of Grosse Pointe Woods proclaimed next week as "Babe Ruth Week" in that community. The winner of the Michigan championship here goes on to play for the national title in Minneapolis. Babe Ruth is a nation-wide baseball program for boys 13, 14 and 15.

Ten Teams Entered
Ten teams are entered in the District Tournament which begins this afternoon, Thursday, and continues through Sunday. Four games will be played on Friday with semi-final games scheduled for Saturday at 11 a.m. and 2 p.m. The championship game is set for 1:30 on Sunday afternoon.

Teams entered in the District Tournaments, North Detroit, West Detroit, Grosse Pointe Woods Nationals, Grosse Pointe Woods Americans, Anchor Bay, South Farmington, Eastside Kiwanis and West 7. The two Woods-Shores teams will both see their first action tomorrow (Friday), it has been announced by Jack Chown, tournament chairman. The Americans, managed by Carl Wheeler, will meet the Berkeley Americans at 9 a.m.

The Woods Nationals, managed by George Foster, will open against the South Farmington club at 4:30 p.m. Although the Berkeley Americans are defending champions, most tournament observers are picking Eastside Kiwanis as the team to beat for the district championship's Best Coming.

Play in the State Championship Tournament begins next Thursday, August 5, on the GPUS diamond with the eight best teams in the entire state competing. In last year's state tournament at Ypsilanti, Birmingham defeated Benton Harbor for the Michigan crown.

Both these teams are hoping to earn the right to compete again this year, although most experts feel they'll be outclassed by teams from Northwest Detroit and Eastside Kiwanis. The star pitcher on one of the Northwest Detroit squads is a 15-year-old brother of Milt Pappas, ace hurler of the Baltimore Orioles.

Action in the State tournament will continue through Sunday, August 7, with the final contest on Sunday afternoon.

Baseball fans in this area are urged to support these two fine tournaments with their attendance. Admission is 25 cents for adults, kids 10 cents, and youngsters under 12 free. Or, park your car for only 50 cents and all occupants are admitted free.

National Awards for Safety Being Given 3 Pointes

American Automobile Association Grants Recognition for Successful Pedestrian Protection Programs in Park, Farms and Woods

The cities of Grosse Pointe Woods, Farms and Park, are being honored this week with national awards from the American Automobile Association.

These awards are being presented in connection with the 1959 A.A.A. national pedestrian protection contest. Approximately 18 cities in Michigan are receiving these awards for their excellent pedestrian records.

Kenneth Koppin, mayor of the Woods, was presented with the award on Monday, July 25, at the city council meeting by George Measel, who is manager of the Grosse Pointe division of the Automobile Club of Michigan.

Mr. Measel will present the Park award to Robert A. Stone, city mayor of the Park, at 10:30 Thursday morning in Mr. Stone's office.

The Farms will receive its award from Mr. Measel on Thursday afternoon at 1:30 in the office of Sidney DeBoer, city manager.

The Woods and the Park have not had a pedestrian fatality in two years, while the Farms has not had a fatality in four years.

Pointers Attend GOP Convention
Four Grosse Pointers are currently in Chicago serving as delegates or alternates to the Republican National Convention.

They are Delegate Richard Durant, 425 Lincoln; Alternate Mrs. Byron J. Chambers, 183 Lakeview; and Alternates-at-Large Mrs. C. A. Dean, 221 Lewiston, and John Feikens, 743 Pemberton.

Twice a candidate for Congress, Durant is currently vice president of the 14th Congressional District Republican Committee. He has been a party field director for the last four years.

Mrs. Chambers has served as executive manager of the district headquarters since it was opened four and a half years ago as the first permanent party headquarters in the state. She is also a member of the Republican State Central Committee.

Mrs. Dean is one of the 21 members of the Republican National Finance Committee. Feikens is a past chairman of the Republican State Central Committee. Both he and Mrs. Dean were elected to their posts at the Republican State Convention held in Grand Rapids earlier this year.

DOOR STRIKES CYCLIST
Marie-Louise Mowery, of 6025 Kensington road, Detroit, parked her car in front of 1142 Maryland Friday afternoon, July 22. She opened the left front door which faced the street. An unidentified woman on a bicycle struck the open door and was thrown from her bike. She refused aid and left the scene of the accident.

Jet Boats To Perform

Four classes of outboards will begin racing at 4:30 p.m. (Continued on Page 2)

Swims for Help After Boat Tips
Ben McClure, 17, of 570 Lincoln road, swam into the City Park Monday night, July 18, and said that a boat in which he had been a passenger had capsized about 11:30 p.m.

He borrowed a boat belonging to Jack Pike, of 867 Grosse Pointe court, and went out to tow the overturned boat in the boat, Martha Bicknell, 15, of 502 Rivard, Charlet Flintermann, 15, of 890 Lakeshore road, and of Thomas Reeves, 17, of 360 McMillan road, all were towed to safety.

Negotiations Appear Next Step in Tilt

McMillan Family and City Both Want Title to Same Area; Residents Seek Recreation Site

The Grosse Pointe Park Council passed a resolution Monday night, July 25, to set up ground rules for possible divisions of property in the disputed area at the foot of Three Mile drive, in preparation for negotiation.

A committee was set up to establish negotiations procedures. Members of the committee include Kent Zimmerman, Victor Wehmeier, Mayor Kenneth Cunningham, and a member of the Planning Commission to be selected by Harold Ellington, chairman.

Negotiations appear to be the next step in the dispute between the Park and William McMillan, who represents his mother, Mrs. James T. McMillan, who resides on the west side of the proposed park area.

Both Want Title
Both Mr. McMillan and the Park wish to purchase from the state the title to the land in front of Mrs. McMillan's home, (called Section E in the Planning Commission's master plan for the proposed Three Mile park). However, the law states that before either one can purchase the title from the state, permission would have to be granted by the other.

Mr. McMillan wrote a letter to the Park Council asking for permission to buy the land. He was refused. The Council will write a request to McMillan, expecting the same answer.

Willing to Compromise
Mr. McMillan and the Council hope that negotiations will solve the deadlock. McMillan stated Monday night that he is willing to compromise on the situation if his mother is allowed to remain on her property as long as she desires. Mr. McMillan would be willing to have this property appraised as private property now and make a settlement with the city at the time his mother desires to give up her home.

Another piece of disputed property is that of Section C, submerged land in the front of property owned by J. L. Griegiers, on the east side of the proposed Three Mile park. Their interests are represented by Thomas V. LoCicero, who did not attend the Council meeting Monday night. Reported, similar negotiations will have to be carried out through Mr. LoCicero.

Another Piece Involved
Another piece of state-owned submerged land, called Section D, is located at the foot of Three Mile drive, between sections C and E. The council resolved Monday night to apply to the state for the purchase of the title to that land.

Mrs. Quarnstrom and Mrs. Virginia Quarnstrom, two Park residents who are particularly interested in keeping this area for recreation only, were both in attendance at the Council meeting. They have obtained the names of 1050 Park residents who oppose the sale of any of the city-owned land at the foot of Three Mile drive. They are also in favor of acquiring all possible adjacent property.

Mrs. Graves and Mrs. Quarnstrom proposed three resolutions to the Park Council Monday night, one of which was accepted.

To Set Up Committee
A representative Citizens' Committee will be set up to study recreation needs of the Three Mile and Waterfront parks. Members of the Citizens' Committee will include Mrs. Graves, Mayor Cunningham, Mr. Zimmerman, City Manager Robert Stone, Harold Husband, and two others to be chosen.

The other two proposed resolutions were rejected by the Council.

The group which Mrs. Graves and Mrs. Quarnstrom represent want the possible sale of Section A, a piece of land bordering Essex avenue, to be stricken from the master plan. Both the Council and the Planning Commission oppose this because of the possibility of trading all or part of Section A for land bordering the waterfront.

REPORTS LOST WALLET
Victor Lambrecht, of 1039 Beaconsfield, told Park police that he lost his billfold in the vicinity of the White Tower restaurant on East Jefferson avenue between 4:30 and 5:00 p.m. on Friday, July 15.

Two Cars Tangle At Intersection

An accident occurred Thursday, July 21, at the intersection of University and Waterloo in which both drivers were at fault.

Danford H. Piggens, of 71 Ballantyne road, was driving east on Waterloo, 10 miles an hour over the 25-mile limit. Henry R. Thurm, of 418 Marlborough, Detroit, driving south on University, failed to stop at Waterloo. The cars collided at the center of the intersection. Both drivers were ticketed.

Big Regatta

(Continued from Page 1) fourth race for the Skip Forcier trophy, to be presented personally by the former National Outboard Champion himself. Three classes of inboard boats will race following this event, to be followed by a free-for-all unlimited race for all classes of boats. This colorful race was a highlight of last year's regatta.

Prizes for the Fleet Review and races will be awarded at 7:30 p.m. by the Regatta Queen to be followed by dancing "under the Stars" in the court in front of the boathouse, starting at 8:30 p.m. to the music of Tom Campeaus six piece orchestra.

Judge Selected
Judges for the afternoon will be city officials and business men of the Pointe and newspaper, radio and TV personalities. Chuck Thompson with his Gold Cup Boat, "Miss Detroit," who had planned an exhibition run for the crowd, will be unable to participate due to damage to his boat sustained in races a week before, but will have his boat on display. James Allor is regatta chairman. Roy G. Flagler is chairman of the program committee, Bernard Allor chairman of the race committee, and Morris De Brabander heads the decorations committee.

Attendance at the regatta is limited to Grosse Pointe Farms residents and their guests. Pier passes must be presented for admission. The fleet review and all races are open to any Grosse Pointe Farms resident who is a boat owner. Entry forms may be obtained through Saturday, July 30, from the office of Ed Lauer, Farms Pier director, in the Pier bathhouse.

There are plenty of hidden taxes today — but no place where a taxpayer can hide.

Dr. Dickey

(Continued from Page 1) and a professional staff in excess of 500 persons.

Praised by Bushong
"Our school system is losing a wonderful person and a very able administrator," Dr. James W. Bushong, Superintendent of the Grosse Pointe Public School System, stated. "All who know Dr. Dickey, and especially those of us connected directly with the school system, sincerely regret that he is leaving Grosse Pointe. However, we congratulate the Birmingham Board of Education for its good judgment in selecting a new superintendent. Our best wishes go with him."

Dickey is a native of Kansas and a product of its schools and colleges. However, he did his graduate study and received his advanced degrees from the University of Denver. Married, the Dickey's reside in Washington road and have two children. Daughter Diane attends the University of Colorado and son Johnny is enrolled in Richard School.

The world would be in a lot worse shape if some men preached what they practiced.

Ten Cases Heard In Shores Court

Grosse Pointe Shores Muni-
cipal Judge John H. Gillis faced
a full agenda Monday, July 18,
with ten scheduled cases —
three of which were not tried
because the defendants failed
to appear.

John C. Gildersleeve, 16, of
4389 Lakewood, was speedily
tried on a charge of reckless
driving. He was arrested the
morning of the 18th and when

he couldn't make bond, was
tried that same evening. Judge
Gillis placed the youth on six
months probation, with no driv-
ing allowed for the first month,
and in addition fined him \$20.

Thomas J. Turri, 16, of 5931
McClellan, failed to appear for
the third time since his arrest
on March 26. He is charged with
speeding 40 miles an hour in a
35-mile zone. A warrant was is-
sued for his arrest, and he will
be asked to post a \$25 bond.

Another three-time loser, who
has failed to appear at court
as many times, is Vernon S.
Guminski, 33, of 13487 Mœnart.
A warrant was also issued for
his arrest and police are seek-
ing a \$25 bond.

Also wanted is Eddie Der-
rico, 25, of 2661 Antoine. He
was arrested for speeding and
has failed, three times, to ap-
pear in court to answer to the
charge. His arrest is being
sought.

David B. Siegel, 33, of 450
Marquette drive, was found
guilty of making an improper
left turn at the corner of Lake-
shore and Vernier. He was given
a week in which to pay a \$15
fine.

A driver who was said by
Shores police to have been
drunk when involved in an ac-

cident which resulted in two
injuries, was released without
penalty by Judge Gillis because
there were no available wit-
nesses. James R. Clark, 21, of
560 St. Clair, Detroit, had his
case dismissed.

Thomas H. Wendt, 23, of
11668 Preston, was fined \$17.50
for driving 45 miles an hour
in a 35-mile zone.

Daniel F. Carbery, 19, of 4385
Bedford, appeared in court on
the 18th, having failed to an-
swer his summons on two pre-
vious occasions. He was found
guilty of reckless driving and
placed on two years probation.
His license is being held by
Shores police until Oct. 20, and
he was fined \$12.50.

Sentence was suspended for
Jane F. Zabawski, 43, of 18712
Huntington, Harper Woods. She
had been charged with speed-
ing.

Clement B. Hicks, 40, of
11308 Nardin, forfeited a bond
of \$55 when he failed to appear.

Pointe Drivers Taken Off Road

During the week ending July 15 the driving licenses of 482 Michigan drivers were suspended and those of 136 were revoked.

According to James M. Hare, Secretary of State, suspensions are temporary withdrawals of the driving privilege up to a maximum of one year. A license which has been revoked is terminated and is not, as is usual with suspensions, automatically re-instated after the period of revocation has ended.

The licenses of four Grosse Pointe drivers were suspended for the following reasons:

Donald L. McClarty, 34, of 1245 Three Mile drive, had his license suspended for three months because of an unsatisfactory driving record.

Dwight M. Nelson Jr., 29, of 813 Trombley road, had his drivers' license revoked because of an unsatisfactory driving record and because he failed to appear in court for his trial.

Richard F. Roger, 16, of 1240 Vernier road, had his license suspended until he can prove financial responsibility. He was convicted of driving under the influence of alcohol.

Sean P. Schaeffner, 39, of 915 Lakeshore road, had her license suspended for two months for an unsatisfactory driving record.

ANGLER'S BIKE STOLEN

Patrick Webb, 12, of 377 Lincoln road, reported to City police that he went fishing at the City Park at 7:30 p.m. on July 18. When he returned to get his bicycle at the bike rack, it was gone. The next night Patrick found the bike on Rivard boulevard between Waterloo and Charlevoix.

FIRST CHURCH OF CHRIST, SCIENTIST
 Kerby School, 285 Kerby Road
 Sunday, 10:30 a.m.

An answer to problems of strife, jealousy, and hate will be set forth Sunday at all Christian Science churches.

Highlighting the Lesson-Sermon on the subject of "Love" are several inspiring experiences of David which include Samuel's account of the sparing of Saul's life (I Sam. 26).

Citations to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include this statement on the protective power of divine Love:

"At all times and under all circumstances, overcome evil with good. Know thyself, and God will supply the wisdom and the occasion for a victory over evil. Clad in the panoply of Love, human hatred cannot reach you. The cement of a higher humanity will unite all interests in the one divinity" (571:15.)

The Golden Text is from Romans (13:10): "Love worketh no ill to his neighbor: therefore love is the fulfilling of the Law."

SIXTH CHURCH OF CHRIST, SCIENTIST

How the understanding of God's spiritual laws may be applied in daily living will be the topic of a Christian Science lecture to be given Sunday, Aug. 14, by Robert S. Van Atta of Rochester, New York, it was announced by Sixth Church of Christ, Scientist.

Mr. Van Atta, who is on tour as a member of The Christian Science Board of Lectureship, will speak in Sixth Church, 14710 Kercheval avenue; at 3 p.m. The lecture is open to the public without charge. Mr. Van Atta's subject will be "Christian Science: Practical Christianity for Modern Times."

An engineer for a number of years, Mr. Van Atta served in an engineering capacity at one time on the Panama Canal and on railroad construction in Bo-

livia. He later was an aeronautical engineer with the Army Air Corps. He has been a student of Christian Science since 1913, is an experienced public practitioner of Christian Science healing, and has been a Christian Science lecturer since 1946.

LIFE'S LOTS MORE FUN

when you've got

Security plus 3%

Yours in a Special Savings Account at National Bank of Detroit. All the big things people save for—homes, cars, vacations, their retirement years (and you could name a dozen more)—are certainly good reasons to save.

But another excellent reason, we think, is so you can get more "right now" fun out of life; so you can quit worrying about every nickel you spend on the day-to-day things you and your family enjoy.

The plan is easy enough: You split each pay check into three parts. Part One, you use to build up a reserve fund for the security of yourself and your family... to help you meet emergencies and take advantage of opportunities. Part Two, you budget for all normal living expenses. And Part Three, you set aside for fun!

The hard part is getting started on the plan and sticking to it. But any of the 66 National Bank of Detroit offices will be glad to help you build your reserve fund, show you how it can earn 3% interest in one of our special savings accounts. When can we get started? This week?

Makes Donation For Brotherhood

Don Wood, Grosse Pointe, head of Don Wood, Inc., Volkswagen dealers located at 13200 Gratiot avenue, said that a contribution of \$48,000 was made to World Brotherhood by Volkswagen of American, Inc., and its more than 500 American dealers and distributors.

The presentation was made at the United Nations by Miss Barbara Nordhoff, daughter of Dr. Heinz Nordhoff, president of Volkswagen and one of the founders of World Brotherhood.

The check was presented to Paul G. Hoffman, director of the United Nations Special Fund. Mr. Hoffman, former president of Studebaker Corporation in accepting the contribution, praised Volkswagen as a truly international organization which is doing much to advance understanding among nations. By engaging in commerce in more than 120 countries around the world, it is encouraging world peace through world trade, Mr. Hoffman said.

"It is rewarding to see such a large, representative group of American businessmen as these 500 Volkswagen dealers and distributors demonstrate belief in world brotherhood," Mr. Hoffman said. "It is the same spirit that Dr. Nordhoff showed in 1950 when he had an active part in founding this organization at UNESCO House in Paris."

Burglar Visits Woods Homes

Two incidents of breaking and entering, within the same neighborhood and within a 24-hour period, seemed to indicate that both were committed by the same person.

On July 19 Marvin E. Yates was arrested for stealing a purse from the home of Charles Henritz, 654 Roslyn road. The next day Mrs. Robert Greene, of 580 Roslyn, reported to Woods police that her home had been entered and her wallet was missing.

She said she had left her billfold, the day before, on the front hall table and that she and her husband had been in the house all day. At one time, while listening to television, she "thought she heard something," but she didn't check to see what it might be.

On Thursday, July 20, a day later, her son found her wallet buried in his sandbox. It was minus \$29.

Be a careful, cautious driver — don't break the family circle.

Police are investigating the possibility that Yates might have been implicated in the crime.

*Sometimes gentlemen
(and ladies, too)
should prefer bonds...*

Because of the daily excitement that stocks create with fast-action quotation changes, bonds often go unnoticed. That is unfortunate, for there are attractive bond issues which would fit snugly into the portfolios of many gentlemen (and ladies, too).

There are, of course, many different types of bonds, some of which offer decided advantages for investors. For one thing, bonds usually provide a fixed, regular income. They normally are less subject to fluctuation than common stocks. And there are tax-exempt bonds which can be advantageous for those in higher income brackets.

We have complete information about the characteristics of the many bond issues available to investors, so why not stop in, and talk about bonds. You may find that you prefer them.

Tired But Happy Girls Return from Coast Trip

by Ann Huber

Thirty-six exhausted but well-traveled girls from the Grosse Pointe-Birmingham area returned from the first Chet Sampson western trip of the summer, under the direction of Bill Winkler.

For five weeks they toured the west in a caravan of station wagons, sleeping in sleeping bags, cooking out, visiting eight national parks, Las Vegas, Reno, Laguna Beach, Hollywood, San Francisco and many other high spots. They travelled through 14 states, covering 7,500 miles.

On Saturday morning, June 18, the high school parking lot was the scene of departure for the caravan, amid almost 100 parents, friends and well-wishers.

The first few days were spent crossing through the farmlands of the middle west into the open prairies of Colorado. Stops were made at Boy's Town in Omaha, Nebraska, and at the Air Force Academy in Colorado. Then a visit to a ranch was in order, along with hiking and climbing in the

scenic Garden of the Gods near Colorado Springs.

A breath-taking drive along the beautiful million dollar highway brought them into New Mexico where tours of the ancient Indian cliff dwellings, the Petrified Forest and the Painted Desert made the trip educational as well as a lot of fun.

The next several days were spent in some of the most beautiful national parks of the west, Grand Canyon, the deepest river canyon in the world, was first to be seen. Then three days in Zion National Park with a side trip to neighboring Bryce Canyon, as well as hiking, climbing and tracing a river up the "narrows" to its source, completed this part of the trip in the southwest.

Las Vegas, a fabulous city of lights and top-name entertainers, the next stop, appealed to everyone. The evening and next day were spent there with a side trip to Hoover Dam.

Then the group crossed the Mojave Desert in the evening to California where they reached the Pacific and Laguna Beach the next day. Swimming and riding the waves took most of the day, then in the afternoon and evening a trip to fun and famous Disneyland was a delight to all.

Hollywood, and a hotel, (quite a change from their sleeping bags), came next. These three days were occupied with a tour through Warner Brothers studios, a tour through CBS Television City, lunch with Don Murray, visit to Hope Lang's Beverly Hills home, seeing Art Linkletter's House Party right from the studio as it was televised, going to many popular musicals and first run movies, as well as lounging around the hotel pool.

Everyone was sorry to leave this fabulous city, but soon they were in Yosemite National Park among the giant Sequoia and Redwood trees, where a climb to the top of Half Dome proved to be one of the most thrilling climbs of the trip.

San Francisco was the next city, where the group visited Chinatown, ate dinner on Fisherman's wharf, rode cablecars and saw all the sights. Dinner in Reno, Nevada, came after leaving California, where some of the best times of the trip were experienced. The next day a swim in the Great Salt Lake and a tour of the Mormon Tabernacle proved quite an adventure.

From there the group traveled to Grand Teton National Park, unanimously acclaimed as the best camping experience of the entire trip, where mountain climbing school, trips down the Snake River in rubber rafts, horseback riding, and swimming filled the three days they stayed there.

After the Tetons, everyone realized the trip was almost over, and as they drove through Yellowstone National Park, into Wyoming and on to South Dakota's Black Hills to see Mount Rushmore, the feeling grew.

A final banquet at Schuler's in Marshall, Mich., was the perfect ending for so wonderful a trip.

Plans were made for reunion parties and addresses were exchanged and memories were recalled. Every single girl on the trip agrees that it was the greatest ever!

DYC-Golf Club Swim Meet Thursday at DYC

The Detroit Yacht Club and Detroit Golf Club, boys and girls swimming meet will be held this Thursday at 8 o'clock in the DYC pool.

The swimming meet of 24 events will include swimmers under 8 years up to 16 years of age.

Perry Deakin, DYC aquatic chairman, is in charge of arrangements and will present ribbon awards to winners.

There is a reason for everything, but few people dig up the facts to support the reason.

Good Driving Pays Dividends

The importance of a good driving record is being demonstrated daily, according to the Traffic Safety Association of Detroit.

Drivers with records of traffic law violations are being taken off the road by the Department of State, by Detroit Traffic Court or by local municipal judges in out county areas, the Association said.

And the driver with a good record is saving money in many ways, the Association says. That is why a new poster has been prepared by the Association to be posted starting next Mon-

day (August 1) throughout Detroit and the metropolitan area, which carries the message "A Good Driving Record Saves You \$\$\$".

The Association says that a good driving record, free from traffic law violations, will keep a driver out of accidents, which are becoming more costly in repairing damages and in liability settlements.

"The driver who does not violate the law will not be required to appear in Traffic Court or to pay traffic fines at the Violations Bureau the Association pointed out. "These fines can mount up to hundreds

of dollars to a flagrant violator in a two or three-year period."

Another way a good driving record saves money is by reduced insurance rates, the Association added. Some Michigan insurance companies are charging reduced rates for drivers with good records, while requiring those with poor records to pay higher premiums. Thus the companies are penalizing with added premiums those who have compiled poor driving records, while financially rewarding those who have not, the Association said.

Musical Comedy To Open Season

Detroit's subscription play series for 1960-61 will open on August 23 at the Riviera Theatre with the best musical

comedy produced on Broadway last season. The attraction is, of course, "Fiorello!" the song-and-dance story of the early years of New York's colorful mayor, Fiorello La Guardia. The excellence of the play was duly acknowledged by the Pulitzer Prize committee, one of the few musicals ever to win that cherished award.

The August opening makes Detroit the first city of the road to begin the new season, and before it is over the three local theatres are expected to house one of the most entertaining programs the subscription series has organized in recent years. The series is planned and administered by the Theatre Guild American Society under the auspices of The Council of the Living Theatre.

Another eagerly awaited attraction, scheduled to come to Detroit shortly after the engagement of "Fiorello!" is "A Majority of One," a comedy starring Gertrude Berg and Cedric Hardwicke.

Arthur Laurents, after supplying libretti to two musical hits — "West Side Story" and "Gypsy" — has returned to drama and will be represented here by "Invitation to a March," starring Shelley Winters with Eileen Heckart, Henry Fonda's daughter Jane and Helen Hayes' son, James MacArthur.

In the course of the season, the Detroit subscribers will see "At the Drop of a Hat," "A Raisin in the Sun," and such other possibilities as the Shakespearean Players from Stratford, Connecticut, Jessica Tandy in "Five Finger Exercise" and others to be announced.

Lillian Hicks, who directs Detroit subscriptions from her office in the Commerce Building, has advised theatre-goers that the early start of the season urges speed in renewals and enrollments for the season at the Shubert, Cass and Riviera Theatres.

RALLY ROUND THE FLAG BOYS: Inspired by this year's Newport-Bermuda Ocean Race, fashion designers created eye-catching red, white and blue overblouses in the form of international signal flags. The newest fad in yachting fashion circles, the blouses, which spell out the letters "S" (left) and "M" (right) are worn with Bermuda shorts and pert sailors caps. When used in combination the letters warn, "It is dangerous to proceed without a pilot." Despite the ominous warning, gentlemen sailors in Bermuda show a tendency to rally round the flags. PMS

Youths Spared As Car Flips

When the wheels on Donald D. Saunders' car locked last Monday, July 18, he lost control, and ended, upside down, on the lawn at 591 Renaud road.

It all happened when Saunders, 16, of 2111 Lancaster, attempted to pass a parked car going west on Morningside drive, just south of Renaud.

He did pass the vehicle but as he straightened out he hit the curb and the wheels of his Renault locked, turning the car over onto its side. The wires under the dashboard shorted and a fire resulted. It was extinguished by Woods police, who were called to the scene.

Saunders had three passengers with him — Douglas Dawson, of 2110 Lancaster; Leonard Castilione of 590 Shorehamd; and Jack Fuery, of 21167 Beaufort, in Harper Woods. None of the boys was injured.

3 Cars Figure In Woods Crash

A three-car accident occurred at the intersection of Mack and Lochmoor on Tuesday, July 18. Involved were Mark B. McAdams of 15264 Linnhurst; Anthony W. Provda of 21628 L'Anse, in St. Clair Shores; and James A. Zinn, Jr., of 245 Dean lane, Grosse Pointe Farms.

McAdams and Provda were both stopped for a red light at the intersection when Zinn pulled up behind them, unable to stop in time. He rammed into McAdams' car, which in turn hit Provda's. Zinn was ticketed for not having his car under control.

Runs Into Rear Of Stopped Car

An accident occurred at the intersection of East Jefferson and St. Clair avenues on July 18 when a car driven by Aureliana G. Ugolini, of 22301 Englehardt, St. Clair Shores, struck the rear of the car in front of him.

George M. Kiola, of 955 Harcourt road, was traveling east on Jefferson and had stopped at St. Clair to make a left turn. Ugolini, traveling in the same direction, failed to stop in time. He was ticketed for not having his car under control.

Quality

is more than just a word

PERHAPS it is just a letterhead, but is it just a letterhead? Or, is it the representative of your business from a different location? It is Kramer policy to handle every piece of printing with meticulous care, always conscious of the impression to be conveyed when it arrives at its destination.

America today is replete with what would appear to be the ultimate in merchandising technique. Isn't it wonderful to visit a modern supermarket and see the abundance of food? The labels so attractively printed are the invitation to sample the lusciously good fruit in the can or jar. Once tried, the fruit must sell itself and so the sales momentum increases to build tremendous production that makes America great. No attractive invitation . . . no sale . . . and gradual decline.

Whether it is a card or a carload, Kramer endeavors to give the job what it needs. You, too, will truly appreciate the extra quality and extra care that Kramer puts into its printing.

Grosse Pointe News

From Another Pointe of View

By Patricia Talbot

When Dan Abbey, Jr., left for Army duty in Straubing, Germany, his parents, the Dan Abbeys, of Hawthorne road, thought they wouldn't see him for months.

But suddenly a great reunion is on the calendar. The senior Abbeys with son, John, will sail August 6 on the "Liberte" for two years at Cologne.

They are being sent on business and will be headquartered in the Excelsior Hotel in Cologne while they house hunt. The house in Hawthorne has been leased and John, 14, is already enrolled at the Embassy School in Bonn so the Abbeys have all their plans made and can relax these last few weeks and enjoy farewell parties.

The Don W. Millers, of Lakecrest lane, gave a party for the travelers, last Sunday, just one of many before they sail.

Visitor from Italy

A glamorous visitor from Milano, Italy, is here at the John Andersons, of East Jefferson avenue. Tsa Lauro is making a few days stay and on Wednesday night her host and hostess honored her with an informal dance.

Italy is one of Europe's favorite vacation spots for Pointers and fortunate Barbara Terres, daughter of the William A. Terresses, of Three Mile drive, is enjoying a whole summer there this year.

Papal Audience

Home from Italy, France, Austria, Germany, Switzerland, England, Scotland and Ireland is Mrs. Reginald T. Murphy, of Balfour road. On her trip to Rome she had an audience with the Pope and in Germany saw the Passion Play at Oberammergau. While dining in a hotel in Lucerne she looked up to greet old friends from Flint, which shows what a small world it is for Continental travelers.

In New York Mrs. Murphy met the Carl E. Sisks, her son-in-law and daughter, who returned here with her for a brief visit and have now left for their home in Valhalla, N.Y.

Home from Cape Cod

Also home from some family visits are Mr. and Mrs. William H. Bundesen, of Lincoln road. They drove their daughter, Mrs. Richard A. Stevenson, back to Cape Cod, to join her husband, who is stationed there with the U.S. Air Force.

Mrs. Stevenson had been visiting her parents here for two weeks. En route home the Bundesens visited their daughters husband's parents, the Allan A. Stevensons, of Boston, and did some sight seeing in New England.

During Mrs. Stevenson's visit her brother-in-law and sister, the Curtis A. Cormiers moved from Bay City to a new home in Anita avenue.

Family Vacation

Back from a trip through the Upper Peninsula are the John Denlers, Jack and Bonnie. They stopped for a view of the Porcupine Mountains which Mrs. D. reports remind her of Scotland's scenes.

The William Denlers are vacationing in Castle Park with their son-in-law and daughter, the Marshall Murrays, of Wellesley, Mass.

Club Decorates For Showboat

Showboat Party plans at Grosse Pointe Yacht Club really are ballooning these days, what with the Junior Showboat fete scheduled for August 5 and the big parental Commodore's Review and Showboat Party slated for the following night, August 6.

It will be the first time GPYC juniors (15 to 20 years old) will have had a midsummer dance with the old-time Mississippi showboat setting, although the seniors' festivity has become an annual tradition.

For the two parties under the bright moon (old Luna is at the full August 6), GPYC's replica of a long-ago showboat is receiving a complete refurbishing. Completed is its newly-built paddle wheel to go round and round in the harbor water—the replica is moored at the club's sea wall.

It is receiving glistening coats of white and pastel gray paint; it will be lighted from stem to stern in the romantic style of a showboat heading for New Orleans; music and singing aboard will be in the old-time pattern.

Decor will include the style of grillwork reminiscent of old New Orleans, and the cotton bales of wharves; cruisers, after the August 6 review parade, will present a colorful harbor scene with their lights and dress flags. Ashore, the clubhouse's new Lakeview Terrace will be aglow with light for all its 70-foot length of continuous windows.

There'll be two outdoor dance floors; two bands to set feet tapping. That is, for August 6 when Peter Palmer and his nationally-known orchestra and entertainers will arrive in Grosse Pointe for GPYC's big party. The organization of 18 players and singers will offer a new sound in their presentation of live music.

Alternating that night in dance music and entertainment will be Warney Ruhl and his "Miracles in Music" top flight orchestra.

For the juniors' August 5 dance from 9 to 12:30 o'clock, there'll be the wonderful Don Pablo and his 10-piece orchestra, billed as "the most danceable band in the land."

The August 6 Commodore's Review will start at 6 p.m. with Como. William A. Ternes, Vice Como. John R. Witt and Rear Como. Paul I. Moreland and their respective wives aboard the flagship (anchored in Lake St. Clair outside GPYC's har-

bor) for the formal parade of the cruiser fleet.

Then follows the big outdoor festivity under thousands of colored lights strung over the lawns—the cocktail hour, a charcoal-broiled steak dinner, and dancing to a late hour.

Among those with reservations, besides the top officers and their ladies (already some 500 reservations have been received), are the Donald Fords, the Troy Brownings, the John D. Kennells, the Gaylord Hulberts and the L. George Hoopers, each with a table for 16.

The Kendrick B. Browns, the George DeClerks, and Mr. and Mrs. Joseph Hughes are among those heading groups of 14; those who have tagged tables for 12 each include the Lester Brookers, the Glenn Friedts, the Edward J. Wiefers, the William A. Howes, Mr. and Mrs. Fredric Glass.

Others who have reservations for groups are the William M. Schmidts, Dr. and Mrs. C. J. Williams, the Charles J. Glasgows, the Emmett McNamaras, the William C. Hunters, the Eugene Caserolls, the Harold Lightbodies, James Zinns, Em-

Pointers Enroll In 'Y' Camps

"Starting this week parents from all over the east side (including the Pointes, Shores, Roseville, East Detroit) may send their boys and girls ages 7-12 to Day Camp Adventure, sponsored by the Hannan YWCA, for one week periods. This change to one week periods is to offer more children a day camp experience which is so meaningful for this age child," stated Charles Clay, chairman of the Hannan "Y" camping committee.

Clay also stated, "We are very confident that this year's staff is without a doubt one of the best day camp staffs in the state. We have been very pleased with the comments already received from parents and campers. Parents are invited to enroll their children today in any of the periods as follows: July 25, August 1, August 8, and August 15.

Day Camp Adventure is held Monday through Thursday with each morning spent at Belle Isle with the campers enjoying crafts-hikes through the wooded paths for a first-hand study of nature, once each week the campers try their hand at preparing lunch over an open campfire.

The afternoons are spent at the Hannan YWCA where swimming is one of the most popular periods of the day with instruction provided for both beginner and advanced. Following the swim, instruction in archery gives most of the camper their first experience with a bow and arrow.

Among the Pointers already enrolled in Camp Adventure are Michael Staton, Al Bowman, Roger Secrest, Michael Leu, Edwin Engelhart, Sammy Stanley, Richard Voorhees, Debora Hunt, Ben and Howy Robinson, Charles Howe, Mark Scott, Norman Steerzer and Michael Blackburn.

There are still some places at Camp Ohlyesa, a resident camp on Fish Lake, Holly, Mich., for children for a two week period. Parents may enroll campers for sessions of July 25, August 8 or August 22.

Enrolled at the "Y" resident camp are Gary Steenhagen, Paul Douville, Milo Bancroft, Robert Dikeman, William Miller, Frederick Arms, Rick Thompson and Jim Krieger from the Pointe.

The Fashion Show will be held at the Grosse Pointe Yacht Club, Wednesday, October 5, at 2:30 o'clock. Preceding the show a subscription luncheon will be available to those who make reservations in advance.

Cultivating kindness is a paying practice in the business of life.

Camp to Close With Festival

The Neighborhood Club Summer Day Camp will come to an end this Friday with an exciting Hawaiian festival. This event, which will last all day, will act as a summation of the work put into the whole five weeks of camp.

The festival will begin with an art exhibit of all the work done by the children in the art group. Prizes will be awarded to those children who have done exceptional work in drawing and painting.

Following this, the nature study group will present an exhibit of projects and collections made during camp.

The dramatics group will follow, presenting an original play in which all of the children in the drama group will participate.

The dancing group will perform next. Dressed in typical Hawaiian costumes—hula skirts and leis, made by the children—the boys and girls will demonstrate a hula called the Hukilau.

Next will come the hat contest. Each child will give a coconut straw hat from Hawaii the first day of camp. Prizes will be awarded for the decoration of these hats in three categories: most beautiful, funniest, and most original.

The morning activities will end with movies of previous day camps.

As in former years, the afternoon program will consist of pony rides for all the children.

Two Venetian Nights At DYC August 12, 13

First Day of Festivities Will be Devoted to Youngsters, Teens and Juniors; Fleet Review by Commo. Alfred F. Steiner Will be Followed by Dance

The Detroit Yacht Club's Venetian Night, the climax of a summer of activity, has been extended another day this season. Venetian Days will be held August 12 and 13.

The river side of the clubhouse will be decorated with alternate strings of signal flags and lights extended from the fourth floor tower. Floodlights will surround the entire building.

Above the outdoor Starlite Circle dance floor will be a 40-foot orange and white parachute completely lined with hundreds of helium filled balloons to create a floating balloon ceiling. This will entail many hours of work by the committee filling and fastening the balloons to the parachute.

The trees on the club grounds will be strung with gay colored lights and lanterns.

On August 12 the activities are for the youngsters, teens and junior members. A carnival complete with merry-go-round, pony rides, games, races—and refreshments from 1 to 5 o'clock.

The Junior Dance on Starlite Circle at 9 p.m. will be semi-formal. There will be dancing in the ballroom with music piped in from Starlite Circle.

Honored at the August 13 festivities will be Commodore and Mrs. Alfred F. Steiner, who will review the fleet of cruisers from the flagship (Commodore Steiner's "Aolga") anchored outside the Club harbor.

At 1 o'clock Fleet Captain and Mrs. Shirley J. Georgi aboard their "Georgia" will lead the cruiser fleet around Belle Isle and then anchor next to the flagship for the review.

The cruisers with their dress flags and decorations passing in review will receive the traditional gun salute from the flagship and a salute from Commodore Alfred F. Steiner, Vice Commodore C. Joseph Belanger and Read Commodore Paul Roth.

Endresses Enjoy Family Reunion

Mr. and Mrs. T. F. Endres, of Lakepointe avenue, gathered their children and grandchildren around on Monday and enjoyed a family reunion, Hawaiian style.

Here from Richmond, Va., for a 10-day stay and the party were their son-in-law and daughter, Mr. and Mrs. John F. Fisher and family. They will return home this Thursday.

Other members of the family were Mr. and Mrs. Frank Hartner, of Harper Woods; Mr. and Mrs. T. F. Endres, Jr., of Roseville; and Mr. and Mrs. Martin Endres, of St. Clair Shores.

When Mr. and Mrs. Endres vacationed in Hawaii last spring they returned with mumu dresses and matching shirts for all the family. The dinner Monday was a barbecue.

The cruisers will then dip their colors in response. The most beautifully decorated cruiser and dock will receive a prize.

Commodore and Mrs. Alfred F. Steiner's guests for the formal cocktail party and dinner in the Harmsworth Room at 6:30 o'clock will include Vice Commodore C. Joseph Belanger, Rear Commodore Paul Roth, Secretary Robert F. DuChane, Treasurer Carl Schwelkart, Fleet Captain Shirley J. Georgi, Fleet Surgeon Wilfred A. Huegli, M.D., Fleet Measurer Wilfred A. Steiner, Past Commodores and their ladies.

There will be dinner dancing in the main dining room and grill with music by Phil Gerard for members and their guests. Dancing will also be held on Starlite Circle with Warner Ruhl's orchestra from 9 to 1:30 o'clock. There will be musical skits by Jack Hagan during intermission.

Highlight of the evening will be Showtime, featuring the nationally known TV star, Wes Harrison, "Mr. Sound Effects."

The Junior Dance will have the same music and entertainment.

Chairman Kenneth Gunsolus has arranged for a special water taxi service for August 13, which will pick up members across the Detroit River, bring them over to the club and return at their convenience.

Advice Offered Owners of Pools The backyard swimming pool is becoming increasingly popular in Michigan and this year sees more of them than ever before, according to the Michigan Department of Health.

1. At the beginning of the swimming season, drain all the water out and give the entire pool, including the sides, a good scrubbing with a stiff brush and chlorine bleach solution. Rinse with fresh water.

2. Check to make sure there were no cracks which might permit water to leak out or water from the ground to seep into the pool.

3. Fill the pool with water which is safe enough to drink do not use raw lake or stream water.

JUST FADE AWAY—Just like old soldiers, old matinee idols also just fade away. A recent example is George Brent, a veteran of more than 100 movies. He gave 'way before Jimmy Dean, Marlon Brando, Paul Newman and others of the new crop of "mumbling" heroes. Brent breeds thoroughbred race horses in Hollywood.

WORLD'S TALLEST—Heading skyward, the antenna mast of KFVS-TV in Cape Girardeau, Mo., will be part of the world's tallest man-made structure when it gets to the top. The structure will be 1,676 feet tall, 204 feet higher than the Empire State building in New York.

RALLY ROUND THE FLAG BOYS. Inspired by this year's Newport-Bermuda Ocean Race, fashion designers created eye-catching red, white and blue overblouses in the form of international signal flags. The newest fad in yachting fashion circles, the blouses, which spell out the letters "S" (left) and "M" (right) are worn with Bermuda shorts and pest sailors' caps. When used in combination the letters warn, "It is dangerous to proceed without a pilot." Despite the ominous warning, gentlemen sailors in Bermuda show a tendency to rally round the flag.

Rural CD Active 'In the Field'

Residents of rural America's 8,000,000 farms are being urged by civil defense officials to plan now for their safety from nuclear attack as they consider ordinary hazards during Farm Safety Week, July 24-30.

Leo A. Hoegh, director of the Office of Civil and Defense Mobilization, points out that "the safety of the nation depends upon our farmers being prepared not only to reduce their human and property losses through accidents. They also should take the necessary steps to insure that if an

enemy ever attacks us with nuclear, biological, or chemical weapons, our farmers would know how to survive, recover, and produce the food and other products upon which victory would depend."

A broad rural public information program is now underway in 3,000 counties. It stresses the relatively simple methods by which people can develop their own self-protection against the fallout hazard of a nuclear attack—the principal threat to people who live in rural areas.

Family fallout shelters are urged as the least expensive and most effective means of saving the greatest number of people from a nuclear attack. Shelters would be highly effective to protect families against tornadoes. All shelters should be equipped with a two-week supply of food and water, a battery radio, first aid kit, flashlights, bedding and other survival items, according to OCDM.

Family fallout shelters cost as little as \$150.00 when constructed on a do-it-yourself ba-

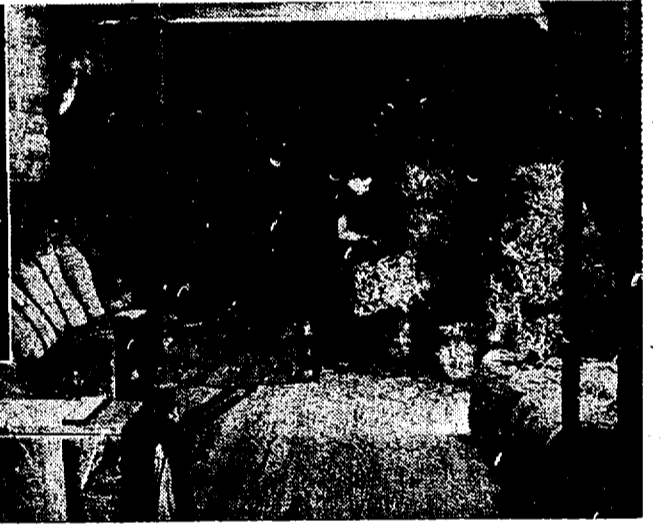

sis. When built by contractors, the cost ranges from \$500.00 upwards.

Precautionary reinforcement of barns and outbuildings can lessen the hazards of fallout on livestock. The more massive the materials between livestock and fallout, the less radiation will come through to injure or kill the animals. Steel and concrete are good shielding materials from fallout. Earth costs nothing and also is effective for shielding. Even bales of straw or wood, if thick enough, can keep out

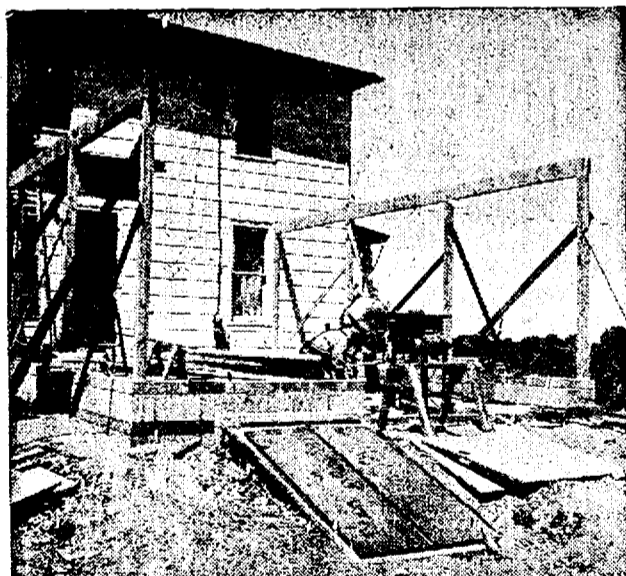

most radiation. Detailed information on shelters, treatment of fallout-contaminated soils, what fallout-contaminated foods could be eaten and how they should be prepared, and other survival information is now available to rural Americans through public meetings sponsored by county civil defense directors. Printed material also is available from county directors or by writing to the OCDM Rural Activities Office, Battle Creek, Mich.

Shelter for livestock for protection against fallout was improvised in this barn by using bales of straw as a shield against potentially deadly "post-attack" radiation. Heavy concrete walls with straw shielding windows would protect livestock in pens on the barn's lower floor. Barn's upper floor (right) would be covered four bales deep directly above the pens. A shielded room for caretakers, and tractor-powered feed grinder and automatic feeder complete the shelter. OCDM Photo

DANCE OF DESTRUCTION—Flames pirouette in a dance of destruction up a hillside near Glenora, Calif., as more than 800 forest fires set off by lightning and cigareta rage in nine tinder-dry western states and British Columbia.

DUAL PURPOSE fallout shelter and carport-patio is shown under construction at the farm of John Holden near Hickory Corners, Mich. The shelter, to be used also for food storage, cost \$1,200. With the carport and patio now being added, the cost totaled \$2,300. Holden's family of three, and eight neighbors, gave the shelter a realistic workout recently when a small tornado struck nearby. An entrance to the shelter is in the foreground. OCDM Photo

RURAL CIVIL DEFENSE meeting in Henry County, Ind., takes place in the Prairie Township fire hall at Mt. Summit, Ind. Speaker is Robert D. Wolf, the county civil defense director, who has held similar meetings throughout the county. Civil defense gatherings such as this are part of a nationwide rural civil defense program to teach persons how to survive nuclear attack and aid the nation's recovery efforts. Experts say any area could be affected by fallout. OCDM Photo

Getting Ready for State Fair

Already the premium books for the Michigan State Fair are out to exhibitors. Receiving one was Janet Long, of Milford, who is to enter her Holstein milker "Haven Lady." This year's fair is the 111th and will be held Sept. 2-11 in Detroit. Entry deadline for agriculture and livestock is August 12.

"PARTY LINE" for the nuclear age is this two-way radio, one of four control units in a radio warning network operated by the Henry County, Ind., civil defense organization. There are some 30 other units in the network, which exists primarily to warn the county's remotest rural population of tornadoes or nuclear attack. Residents of towns and cities would get the warning from siren systems. OCDM Photo

FALLOUT SHELTER built by Louis Severance adjacent to his home near Akron, Mich., includes a special ventilation and escape hatch (right), an entrance to his basement, tiny kitchen, running water, sanitary facilities, and a sleeping and living area (inset) for the family of four. The shelter cost about \$1,000. It has a 10-inch reinforced concrete ceiling with thick earth cover, and concrete walls. Severance says, "Ever since I was convinced what damage H-bombs can do, I've wanted to build the shelter. Just as with my chicken farm, when there's a need I build it." OCDM Photo
