## Policeman Fighting Suspension

(Continued from Page 1)  
said that traffic tickets not paid or disposed of in court are sent to Lansing. Asked about the ticket, Chief Duemling stated that it has been held up, pending the final outcome of Lietke's hearing. Lietke, through his attorney, Prete, charged that the chief was making him a scapegoat because of a petition circulated in the police department last February. Duemling denied Lietke's accusation.

**Explains Petition**  
The officer charges that the chief accused him of initiating the petition, which was signed by all the patrolmen, which complained of the low morale in the department and requesting a hearing on their grievances. Lietke denies this stating that the petition was signed by half of the men in the department before it reached him.

Lietke said that his name was first on the list because of seniority. He said he told Huettelman and Village Superintendent Thomas Jefferis, that he did not start the petition, but he was in favor of it.

The suspended patrolman said that Chief Duemling, who is his brother-in-law, stated that he should see a psychiatrist, and when he reported, the chief's remark to Commissioner Huettelman, the commissioner told him to forget it.

**Fights For Rights**  
Lietke said he retained Prete as his attorney to fight an unfounded and an unproven charge. He said he will prove his innocence so that he can remain on the force to complete his 25 years of service and receive his full pension rights.

When asked by the NEWS representative by what authority the police commissioner or police chief can suspend an officer, when the village charter gives that power only to the village president, Williams stated that the department is run by the chief and "I have complete confidence in him."

On August 9, Prete demanded a full and public hearing by law; a copy of the alleged letter of the alleged complaint made by Mesritz; copy of the records, files and reports of Lietke's suspension; and a copy of any report or communication from Dr. Allan Canty, Receiving Hospital psychiatrist whom the officer was ordered to see for a psychiatric interview.

**Will Meet Demands**  
Williams said he would meet Prete's demands by August 17, so the attorney can prepare Lietke's defense. "I intend to probe into the

alleged charges made by Mesritz," Prete said, "and also probe the alleged low morale of the Shores police force which I believe is the real issue behind Lietke's suspension. I cannot understand the suspension of a police officer based merely on a complaint by letter, without any other evidence presented.

"It is not unusual, and most likely a common thing, that traffic bureaus receive letters

limit of three from any store or patron.

It is the only sub-station in the area handling both national and international mail. Patrons have the privilege of purchasing postal money orders, stamps and so on, and to avail themselves to all the services rendered at a regular postoffice branch. The clerks are cheerfully helpful.

Mrs. Green said that she was happy that her store was selected as the location for the sub-station, and happy she is the postmistress, stating, "This is the best non-paying job I've ever had."

Miss Creech said that many of the people who patronized the station when it was at Jacobson's, stated they were happy that she and her two colleagues were still on the job. Many of the home owners in the area are also happy because postal facilities are nearer their home, she added.

The sub-station still remains almost as a memorial to the late Norbert P. Neff, Grosse Pointe City Manager, who for many months, petitioned the Postoffice to initiate a sub-station in the Village for the convenience of the residents and shoppers.

Jacobson's agreed to accept this added service to the people and on July 1, 1953, the sub-station was officially opened in that store, and remained there until the firm gave up its postal franchise.

And it is likely that no one ever will. Duties of the office will be taken over by the new city manager who will be appointed soon.

Last month Norb was honored by the Grosse Pointe Rotary Club as their "Man of the Year" in recognition of his devotion to the community and its residents.

Norb Neff was a bachelor all his life. His love was his community—his Grosse Pointe. His children were all children.

His only relatives are three nieces, a nephew, and a sister-in-law, all of Florida, the family of his late brother, William.

name the waterfront park at East Jefferson and University after him, Norb was very pleased. It meant a lot to him.

Norb was always taking care of odd duties like that. He was one of the main driving forces behind establishment of the Grosse Pointe War Memorial in the former Alger home in Lakeshore road. He was a member of the group which founded the Marine Historical Society of Detroit.

In March Norb retired from his post as city clerk after a series of strokes felled him. No one has held that office since.

Services were held Saturday, August 13, at St. Paul's Church and burial was in St. Paul's Cemetery.

# Moran Road Widening Plan Dropped After Public Hearing

(Continued from Page 1)  
partment favored the widening of Kerby because the fire station is located on that street and requires frequent use of that street to service the entire community.

Referring to traffic accidents, Smith pointed out the before-and-after of the widening of Kerby. A year before, the number of car accidents was reduced to 19 percent, while the total accidents in the city were reduced by nine percent.

**Accidents Increased**  
After the widening, he said, the number of accidents involving parked cars on Kerby increased two and one-third to 54 percent. This brings the

conclusion that forced driver attention in navigating down a narrow street reduces accidents and that perhaps 26 feet is too wide for a straight through "old-fashioned residential street."

Does the trend to larger cars offer a requirement for widening Moran, he asked. Car manufacturers' experience and present planning show that small imports and compact cars are accounting for one-third of domestic sales and is expected to increase.

Mitchell, in his presentation, said that facts uncovered lead his group to believe that the needs of the community do not justify the proposed widening. When the citizenry is aroused against a proposed governmental action, he said their desires take two forms, attendance at meetings, and by proxy or petitions.

### Three Petitions

He said he had three sets of petitions, one from the immediately effected residents in the block between Grosse Pointe boulevard, 43 in number, of which 42 signed the petition. One resident disqualified himself.

He also had petitions signed by people living in the blocks for which there are plans for later widening; and petitions signed by Farms residents who do not live in Moran road, but feel that the Moran widening should not be done.

Mitchell said that the petitions will be filed with City Clerk Dawson Nacy. The council has studied and caused studies to be made on street widening, he said, and his group too, has studied the matter, with the findings given to the council.

He said that a survey was made in Kerby road, and residents of 64 of the 83 homes from the boulevard to Mack, and it was found that the widening of that street did not accomplish its objective from traffic control and residential satisfaction viewpoint, although the widening was justified by the Fire Department.

Phillips stressed that Moran road is a major city street under the State Highway Classification and Fund Act of 1951. Under this Act, the State designates state trunk line high-

ways, the county designates county primary roads; and municipalities designate city major streets.

He pointed out that the designation of city major streets is made by the governing city body, subject to a veto by the State Highway Commission. Under Section 7 of the Act, the governing body of the municipality has the right from time to time to include or delete streets from the city major street system.

Hence, he said, if one is told that Moran must be widened because it has been designated by the State as a city major street, "you can look the person who told you this squarely in the eye and say this is not true."

Also, he said the Act provides in Section 16, that if a city does not apply its state highway fund money to its major street system it forfeits its share of the state highway fund for one year.

"I submit that under these circumstances, it is very easy to get the cart before the horse," he said, "and I would ask any councilman who may be about to vote in favor of widening Moran road to ask himself two questions—'Is my thinking affected by the presence of state money and the need to spend it? If so, am I really placing the needs of the community and its residents first?'"

He said the council should have a survey of the entire length of Moran, not simply one-third, referring to the survey that the council made on Moran from the boulevard to Ridge road.

He touched on his residential block, from Ridge to Charlevoix, where he said on the north or even-numbered side there are eight residences set back 59 feet from the present street, or 58½ feet from the proposed street. There are no trees in the protective areas from the sidewalk to the street.

The trouble is, Phillip said, that area will be cut from three feet to two and a half feet, or two feet, excluding the curb. Three of the residents on this side, have given up growing grass in this protective strip, and have filled in some part of it with concrete and macadam. Others still grow a little grass.

Whether it be grass, macadam or concrete, Phillip said, these people have managed solutions from a beautification standpoint to an already dangerously small protective area. To come along and rip all this up for the sake of six inches on this side of the street seems to border on the ridiculous, he added.

On the south, or odd-numbered side, there are six residences with set backs of approximately 32½ feet, with homes 26½ feet closer to the street than those on the opposite side of the road. The proposed widening would take five percent of this already small set back.

Phillip said that in the area in front of the four houses Ridge and Kenwood court, there are 11 trees, two under 12 inches in diameter, and nine large ones ranging from a foot in diameter to 29 inches in diameter. These trees, he pointed out, range in age from 45 to 120 years.

He said that it does not take

an expert to realize what will happen to the trees if the widening takes place. A landscaping company told him that a minimum of six of the large trees will have to be sacrificed, Phillip said.

The widening portions of Kerby setbacks of 59 feet on both sides of the street, was accomplished without sacrificing any trees, he said.

"The widening of Moran," Phillip said, "would be a 'reaming out' or 'boring out' of an existing street where pavement would be purchased expensively in terms of set backs, protective areas, and trees. We are not building a new subdivision; it is too late for us to move our houses, our sidewalks and our trees."

Mayor Connolly then asked Police Chief James Furton for his opinion in the proposed widening of the street, and the chief stated that he was in favor of the project because it would make for safer driving. He said that average driver would not notice that the road would be wider, only the residents would be aware of it.

This brought some comments from the people, but the mayor called for order, stating the chief had the right to voice his opinion, as well as the persons at the meeting.

After giving the audience a chance to express their views, the mayor called for a vote.

Councilman Bodman moved that the council abandon the project, stating that it is because of the desire of the people of the road.

He said that many persons elected to office seem to forget that they were put into office

### FURNACE TO COST \$1,096

It will cost the Farms \$1,096 to replace a furnace in the Public Works garage, according to action taken by the city council on Monday, August 15. The installation will be an overhead, duct-type gas-fired furnace.

### TANK GRAVELED

James Woldie of 19719 Maxline, St. Clair Shores, complained to Farms police on Thursday, August 11, that someone poured gravel in the gas tank of his loader while the vehicle was parked at the rear of Brownell Junior High School.

In 1933, Mrs. O'Brien was appointed by Mrs. Franklin D. Roosevelt to represent Detroit women on the National Committee for Mobilization for Human Need, an educational program on behalf of local Community Chests and similar funds.

On the death of Joseph L. Hudson in 1912, Mrs. O'Brien was appointed to carry on many of his most important charitable activities—an imposing list to which she added many other projects which she became interested in.

Former president of Women's City Club and of the Grosse Pointe Neighborhood Club, she was also active in work of the Detroit Institute of Arts Founders Society, Detroit Artists Market, Delta Sigma Theta and Clotho Club. She served as a board member of Woman's Hospital.

### Playground Improvement Promises Fun

This concrete slab, 75 by 100 feet, has recently been installed on the Richard School playground. Designed to provide for basketball, skating and other recreational activities, it is just one of the details of a program devised to greatly increase the facilities at this site.

### Stray Falcon Back on Roost

Alfred Marks, of Sunningdale drive, has recovered his pet falcon which he lost two weeks ago.

The bird was found when an excited Sunningdale resident called Woods police Tuesday, August 16, and reported that there was a "large eagle on the front lawn."

Officer William Entwistle sent Patrolman Ed Geatches to the home to lend assistance.

Meanwhile he called the Grosse Pointe News and asked who had recently lost a pet falcon. The News gave him the name and phone number of Mr. Marks.

Entwistle then contacted the Marks residence and talked to the maid who volunteered to go get the bird.

The maid took the bird home and presented Mr. Marks that evening with his pet falcon.

### MISPLACED SIGN

Results Mixed In Elm Survey

Because of an increase of Dutch Elm disease in central and western Michigan, the loss of elm trees so far this year is ahead of that of 1959. Eastern Michigan, where the disease was discovered in 1950, is showing a substantial reduction in losses from previous years.

This is shown by a tabulation of survey results by the Plant Industry division, according to G. S. McIntyre, Director of the Michigan Department of Agriculture.

At the end of July, diseased trees numbered 4,706, while a year ago this figure was 1,654. The figures do not approach those of a limited area in southeastern Michigan which in the past have had as many as 5,774 diseased trees in a single year, according to C. A. Boyer of the Plant Industry division.

Timely and thorough spraying and sanitation programs in southeastern Michigan are paying off. What once was the area with the most Dutch Elm disease is now an area where incidence is much less than central and western Michigan.

"These effective control programs must be continued," said Mr. Boyer, "if further loss is to be prevented. The threat is always with us, and any slacking off merely invites increased tree loss."

Dutch Elm disease is spread from diseased elms to healthy elms by a tiny brown bark beetle.

Who Will See It?

L'ARC de TRIOMPHE, in the center of busy Place de l'Etoile in Paris, France, will be one of the many exciting scenic attractions visited by the winner of the Standard Federal Savings and Loan Association's "Holiday in Europe for Two" Contest which ends August 31. The 17-day trip to Europe includes round-trip Jet flight to London via British Overseas Airways 707 Jetliner and visits to Paris, Lisbon and Madrid. Contestants may enter by filling out the entry form at any Standard Federal Savings and Loan Association office.

They're Too Young To Vote, But Not Too Young To Work

Ringed doorbells may not seem like an exciting pastime to most people, but a small but growing group of teenagers in Grosse Pointe Woods are doing it these days... and enjoying it.

These are not pranksters. These are juniors and seniors in high school whose enthusiasm for the Republican cause drove them to beg for "Something WE can do to help win the election."

The group, which is coming to be known as the Adult Young Republicans of Grosse Pointe Woods, started with Miss Lois Theuerkorn, daughter of Mr. and Mrs. Bert Theuerkorn of Brys drive. She approached the Republican precinct delegate, Mrs. Dorothy A. Faber, also of Brys drive, with her request.

Mrs. Faber suggested that the most important current work going on in the 14th Congressional District is precinct canvassing, which consists of leg work and asking questions in order to identify all voters and urge unregistered voters to sign up before registration closes on October 10.

Within a few days, Miss Theuerkorn, had mentioned the project to several friends, and the rush was on. Now the young people are out on the streets, going from house to house gathering the information that is so important to the working precinct delegate. Traveling in pairs, the youngsters are getting varied reactions from householders who come to the door to find a teenage canvasser asking if all those over 21 are registered to vote.

Plan 230 New Lights in Farms

The Farms council was informed by City Engineer Murray M. Smith on Monday, August 15, that the city will be lighted by approximately 230 more modern street lights, replacing 160 old torch-type standards.

The lights will be installed by the Detroit Edison company, at no expense to the city, the city engineer said. The project will complete a five-year Street Lighting Modernization Program, which will see Farms streets completely, and modernly lighted.

Smith recommended that the council authorize an order to Edison, for the lights, since the increased annual lighting bill is included in the 1960-61 budget.

He said that officials of the firm stated that the project will take from six to eight months to finish, and that the order should be placed as soon as possible so that the work can be completed during the present fiscal year.

The modern lights, evenly spaced, with old types taken out, will be installed in the following streets: Beacon Hill, old type taken out—none, new installed—three; Beverly road, out—none, installed—four; Carver avenue, out—none, installed—one.

Also in these streets, the first number designates those to be taken out and the second, those to be installed: Cloverly road—15, 20; Dyar lane—0, 2; Edgemere road—3, 4; Handy place—7, 5; Harbor Hill—4, 3; Kenwood road—3, 5; Kerby road—1, 4; Lee Gate—0, 3; Lewiston road—10, 14; Lothrop road—10, 8; Mapleton road—4, 6; Merriweather—15, 18; McKinley avenue—10, 15; and McKinley place—2, 4.

Others are: McMillan road—14, 14; Moran road—7, 10; Moross place—0, 1; Mt. Vernon

avenue—9, 8; Muir road—1, 2; Newberry place—6, 5; Piche avenue—2, 3; Pine court—0, 1; Radnor circle—9, 5; Hall place—9, 6; Ridgmont road—8, 11; Stanton lane—3, 3; Stephens road—17, 17; Voltaire place—1, 2; Warner road—0, 8; Westwind lane—0, 2; Williams avenue—5, 11; and Contingent-Fair Acres—0, 7.

Smith said he did not know the cost of the entire program, since this will be borne by Detroit Edison, but the modern lights will increase the city's annual lighting bill which has been taken care of in this fiscal year's budget.

### Students New To Public Schools Must Register

The registration of pupils new to the Grosse Pointe Public School System will be possible at all school offices during the afternoon hours of the week August 29-September 2.

Newcomers to the school district may obtain information concerning which elementary or secondary school serves their neighborhood by contacting the central administrative offices of the school system (telephone TU, 5-2090, Extension 33), 389 St. Clair.

Parents of students are advised that a copy of the pupil's birth record is required to make a complete registration. In addition, a record of previous school experiences, such as the most recent report card, is desirable as an aid to the school staff in making a proper grade placement. In case of a senior high school student, parents should also ask officials of the last school attended to send an official transcript of the student's record to Grosse Pointe High School.

Students in attendance in the Grosse Pointe Schools last spring are already enrolled. They will be advised later in the month by mail of the opening day activities scheduled for their particular building. Thus, they will be able to report directly to the proper place when school classes begin, Thursday morning, September 8.

An orientation program for

7th grade students and transfer students will be held by the junior high schools on Wednesday, September 7, at 1:30 p.m. Parents are welcome. A similar orientation for 10th graders and newcomers is planned at Grosse Pointe High School for the same date.

Grosse Pointe High School students are advised that the book store will be open 9 a.m.-3:30 p.m., August 29-September 2. The opening of school rush and long lineups to purchase books can be avoided if purchases are made at this time. Students desiring to make changes in their schedules should see their dean during the afternoon of this same week. The parents' consent, in writing, to the change should be furnished at the same time.

### Rupp Appointed To Head Center

Ralph R. Rupp of Beaconsfield Avenue assumed duties as the Executive Director of the Detroit Hearing Center, a United Community Services agency, on June 27, 1960. He replaces Dr. Marquis E. Shattuck who has retired.

Mr. Rupp served as acting director of the Center during the summer months of 1959 prior to Dr. Shattuck's appointment in September, 1959.

Mr. Rupp's educational background includes: B.A. and M.A. from University of Michigan—1951 and 1952, both degrees in Audiology and Speech Correction.

Currently he is working toward the Ph.D. at Wayne State.

### Waldron Shuns Dem Convention

Robert E. Waldron, Republican state representative from Grosse Pointe and Harper Woods, will not attend the 14th district Democrat convention to be held here Wednesday.

Few Republican Legislators will. But Waldron's absence is notable in that he was elected Democratic precinct delegate in the primary elections August 3. His term of office is for two years.

Waldron was elected by one vote — the only one cast for Democratic delegate in his precinct. He said today that an attempt was being made to find "the culprit." "Who knows," he said, "It may be my wife."

Mrs. Waldron was unavailable for comment.

### BANK ASKS REZONING

The Farms council on Monday, August 15, set Friday, September 19 as the date for a public hearing on a proposed amendment to the Zoning Ordinance in regard to property owned by the National Bank of Detroit at Mack and Moross.

The bank asked for the rezoning of the land in order to erect a new bank building.

### DRIVER POSTS BOND

Lester L. Manning, 61, of 672 St. Clair, Detroit, arrested for reckless driving on Lake Shore road by Shores police on Saturday, August 13, posted a bond of \$125 pending an appearance in court on September 19. Police said he had been drinking.

### District GOPs Hold Elections

Stanley J. Baldwin, 3674 Lakepoint, was re-elected, for his sixth consecutive term, Chairman of the 14th Congressional District Republican Committee at the District's official convention on August 10.

Other officers re-elected were Richard Durant, 425 Lincoln, Vice-Chairman; Mrs. G. Sam Zilly, 380 Merriweather Road, Secretary; and William W. Crapo, 18499 Mack, Treasurer.

Herdegen, Jr., 167 Merriweather, Laurence O'Dess, 469 Eastlawn, Mrs. Thomas F. Willmore, 1701 Iroquois, and Mrs. Sigfield Franz, 19165 Woodcrest, Harper Woods.

The officers and Committee members were elected to serve for a two-year period.

In other action Convention Delegates: (1) endorsed the Republican National Platform, (2) pledged support to all Republican candidates on all levels, (3) urged professional staffs for the principal committees in the State Legislature, (4) voiced objection to a state income tax in any form, (5) recommended full use of existing school facilities and expansion of work among mentally retarded children, (6) condemned the costly proliferation of courses at state universities, (7) commended the Michigan Republican Labor Federation, (8) supported legislation to revise safety laws and regulations in construction, mining and manufacturing, and (9) called upon law-enforcement agencies to maintain order during labor disputes, and recommended that the legal responsibility for unlawful acts in labor disputes be shared by all persons who order or arrange for such acts, as well as those who actually commit the violation.

Try to live up to the reputation your ancestors built—not on it.

### Students Paying Visit To Russia

Susan J. Evelyn of 11 Lake Shore Lane, was one of 19 Summer Session students who departed from the University of Michigan Saturday, August 13, for a month's visit to Russia.

The tour will augment an intensive eight-week summer program in the Russian language at the U-M and Indiana University. The program is sponsored by the Carnegie Corporation and the Inter-University Committee on Travel Grants.

Five of the 19 students attend the U-M. The others are from major universities and colleges across the nation.

The students have pledged to

speak only Russian while on tour. They will be tested in their language proficiency before and after the trip to determine its value in improving their Russian.

The students arrived in Leningrad, August 14. They will spend 10 days there, nine days at Yalta and 10 more in Moscow, returning to New York September 14, after a day in Amsterdam.

Associate Prof. and Mrs. Horace W. Dewey and Instructor Irwin R. Titunik of the U-M Department of Slavic Language

and Literatures accompany the group.

Students spend the mornings in guided tours while their afternoons are free. One hour each day is spent in language instruction.

Telephone lines

**WHO'S WHO IN MOSCOW** can be told at a glance by looking at the telephone book—there are so few phones. It's such a privilege to have one, that being listed in the directory is a sign of the elite. Fewer than 3 out of every 10 Moscow families make the grade. But more than 9 out of 10 families are listed in the Michigan directories. How about that, Mr. K.?

**VACATION BOUND:**

If you're headed for a new vacation area, here's a hint that might save you some time and trouble: To find any product or service—drugstores, doctors, garages, theatres—just look in the local Yellow Pages. It's crammed with lots of information about local businesses. Without taking a step, you can make a fast tour of the shopping district—just by glancing through the Yellow Pages.

**DID THE PHONE** ever ring while you were out in the yard? Usually you run in, only to find your caller had hung up. Of course, it's happened to all of us. Now that more people are outside more of the time, remember it may take longer to reach the phone. A good rule of thumb when you're calling is to let the other phone ring 10 times. That gives them enough time to answer—and saves you having to call again.

## Thistle Class Skippers Seek Class Championship

Some sixty-five Thistle class skipper and their crews descended on Crescent Sail Yacht Club like a horde of locusts last Monday, August 15. And the occasion for the gathering of the Thistlers was the fifteenth annual Thistle Class Association National Championship series which got underway Tuesday, August 16.

The reason they all came to Crescent, the little hospitable club on Lake Shore road, was because one of its members, Jerry Jenkins, traveled all the way to St. Petersburg, Florida, in February 1959 and copped the title.

Winning the championship entitled Jenkins to select the waters on which to defend and he naturally selected his home club which has played host to more than any other club in the Detroit area. It hosted the Lightning Nationals twice when Hank Cawthra brought the honors home on two occasions.

Once before the Thistle Nationals have been held on Lake St. Clair. That was when sailmaker Howard Boston won the title under the Bayview Yacht Club burgee and that club was host.

### Week-Long Affair

The 1960 Nationals will be an all week affair with one race being sailed each day from Tuesday through Friday. Only on Tuesday two races were sailed at 10 a.m. and 2 p.m.

In the morning the skippers' meeting where the sailors received their final instructions before the series started. The remaining three races were scheduled to be sailed at 10 a.m.

Herb Mainwaring, veteran local Thistler, heads the national

race committee which includes locals Fran Marsh and Harvey Fisher, captain and secretary of Fleet 2, respectively. Rounding out the committee are other Thistle dignitaries like First vice-president Frank Alcorn, TCA Commodore Doug Weston, Lake Erie District secretary John Root and George Hills, captain of Fleet 65.

The working race committee is headed by Pointers Dr. John Fennessy, Bill Gleason, Charles Reader and Commodore Frank Taylor. Hank Cawthra, also a Pointer, two time Lightning International champion heads the judges committee.

65 Boats Entered  
Although there are only 65 boats entered this is by no means the extent of the popularity of these little seventeen feet, molded plywood, racing machines. Throughout the world there are 1400 Thistles in competition. However, most are in the United States with others scattered throughout Canada, Hawaii and England.

Tom Shock may be the most rabid Thistler but he most certainly is the most traveled. He trailed his boat from Southern California. Others came from as far as New York and Florida.

Of the 65 entries the Detroit area has nine skippers who will be shooting for the title and a chance to bring the series here again next year.

## Boat Banter

Having just completed a wonderful sailing vacation, which included both Mackinac races and nearly three weeks of cruising in Georgian Bay we find we have fallen a bit behind on the local boating picture. So to take first things first, let's catch up.

Hank Cawthra, two time Lightning Class International champion, captured his sixth Michigan District championship at Higgins Lake a couple of weeks ago. This qualifies him for the 1960 Internationals later this month.

Jerry Jenkins began defense of his Thistle class National title at Crescent Sail Yacht Club on Tuesday, August 16, in the fifteenth annual Association five race series.

Pointer Joe Schoenith's "Gale V" is one of the three-member U.S. Harmsworth team, which includes "Nitrogen I and II." The American team will attempt to lift the Harmsworth crown from the head of Bob Hayward in James Thompson's "Miss Supertest III" who will be defending the title for the second consecutive time starting Friday, August 19. The second race is scheduled for Saturday and the third race, if necessary, on Monday.

Five, never-say-die, Raven skippers will begin an Eastward trek to Marblehead, Mass. to compete in the eleventh annual Raven National championship series, August 23, 24 and 25. Heading the quintet will be defending champion Al Bortolotti, Boyd Benkert, Bob Kerr, Jr., Pete Kremlick and Carter Sales.

All will fly the Bayview Yacht Club burgee except Sales, who will represent Grosse Pointe Yacht Club although he is a member of Bayview also. This quintet stands an excellent chance of bringing home the bacon and possibly the National series to Lake St. Clair in 1961. Defending champ Bortolotti at this stage is the hottest skipper in the quintet having already wrapped up the Detroit River Raven season championship and the Detroit Raven fleet Spring series title while winning 11 of 13 races.

Both Boyd Benkert, Carter Sales and Bob Kerr have been president of the National Association and currently Kerr is its secretary. Pete Kremlick is the junior member of the group, having only started in the class last year and tasted his first national competition at that time when he turned in a creditable performance for a first year Ravenite.

The U.S. Coast Guard Auxiliary Division 12 will hold its annual Wallaceburg rendezvous over the weekend of August 20-21. There will be a cocktail party and dinner at the Merwin Hotel according to entertainment chairman Frank Haughton.

The windwagon fleet will get back into action next Saturday, August 20, after more than a month of idleness from weekly inter-club DRYA regattas on Lake St. Clair. Edison Boat Club will stage its 46th annual regatta and the warning gun for the first class, Cruising A, will be at 11:30 a.m. on the regular DRYA race course.

Jay Krietsch is the race chairman who will run things for Commodore R. Clark Barton. All participants are invited to a sailors buffet following the regatta at the club.

That just about catches us up with the boating picture as we see it from here and undoubtedly something has happened we have forgotten or were not informed of while we were away having a wonderful, relaxing time.

HIS STRANGEST PLAY  
Detroit Lion quarterback Warren Rabb says that the strangest play in which he had a part was at LSU when one of his handoffs was taken by a pulling guard for a seven-yard gain.

Nature has a faulty distribution system when it comes to ambition, ability and enterprise.

## League Batting Champs Named

Official batting averages for the 1960 season were released this week, for the Woods-Shores Babe Ruth League by the official scorer, James Darling.

Setting a scorching pace for all National League batters was tall Doug Winkworth, first baseman of the San Francisco Giants. Winkworth had a season batting average of .522 for 69 appearances at the plate.

Right behind him came three Cardinal regulars: Bob Phillips with an even .500, Paul Wancour with .439 and Jack Whitney with .421.

The player who received the most walks in either league was Wancour who played every game, yet had only 41 official times at bat.

Leading batter in the American League was Lou Paige of the Washington Senators with an average of .475 in 59 official trips to the plate. Close behind were Rusty Stay of the Red Sox with .468, and Dave Mann of the Yankees with .459.

Both Winkworth and Paige, as batting champions of their respective leagues, will be presented with a special trophy at the annual banquet of the league to be held on September 7.

Defense preparations are expensive, but are always easier to pay than reparations.

## St. Paul High Gridders Poised

St. Paul High School's football team will hold its first practice for the 1960 season on August 29, the day set by the Michigan Athletic Association.

As in previous years the squad will hold its sessions at Kerby Field, with two practice sessions each day, one in the morning and one in the late afternoon.

Football equipment will be given out to candidates starting with the Seniors on Monday, August 22; the Juniors will follow on Tuesday, Sophomores on Wednesday; Freshmen on Thursday; and Friday will be the day for any player who is unable to make the assignments to his class. The uniforms will be issued from 10 a.m. until 12 noon each day.

St. Paul will play three opponents this year in football: Mt. Carmel of Wyandotte; Sacred Heart of Dearborn; Benedictine of Detroit; and also will resume their old rivalry with St. Thomas after a lapse of three years.

Mel Perrone will again be in charge of the backfield, with Frank Brayton working with the linemen; Charles Campbell

will handle the reserve football team, and Head Coach Edward Lauer will supervise the activities of both teams. The 1960 season will open with a League game with St. Stanislaus on Sunday, September 18, at 2:30 p.m. at Jayne Field.

**Symphony Aids Map Campaign**

Sixty of the city's most dedicated musical aids, a vanguard from the Women's Association for the Detroit Symphony, met for lunch Thursday, August 11, in the Bloomfield Hills home of Mrs. Carl H. Zuber to lay plans for the most ambitious season ticket drive ever undertaken for the orchestra.

Under Mrs. Zuber's chairmanship a committee of 150 will keep five Symphony telephones busy night and day for six weeks beginning August 22 offering series tickets for the orchestra's sparkling 1960-61 season. Vice-Chairmen assisting will be mesdames Frank W. Cooldge, Gunnar Karlstrom, Charles H. Rese, T. Waldo Thompson and James E. Warwick.

Before the glamorous opening Oct. 6-8 in Ford Auditorium the workers will have talked with more than 9,000 potential subscribers offering savings up to 25% on season tickets. This year the orchestra will present a series of 20 Thursday evenings and a 10 concert Saturday series under Paul Paray's direction.

Season ticket holders will hear soloists like Glenn Gould, Eleanor Steber, Isaac Stern and Robert Casadesu. In a season filled with highlight lucky subscribers will be treated to such choral works as Carl Orff's "Carmina Burana," Bach's "Magnificat" and Faure's "Requiem" Mass featuring the 300 voice Rackham Symphony Choir.

Richard Kimbrough, of 17850 Maumee, reported to City police on Monday, August 1, that his new home at 393 Lakeland had been broken into. Missing were a 16-ounce Esturky ham, some sand paper, and finished lumber for a door and window.

## Grosse Pointe News

### From Another Pointe of View

by Kitty Marriott

Bound for new adventure in "the land down under" is versatile Shari McNally, daughter of Mrs. Paul F. McNally of Hidden lane.

Shari, who will reside in Sydney, Australia for the next year or two while serving in an executive secretary capacity, has had a variety-packed summer. Late in June she bade goodbye to friends at Michigan State University, was feted at an athletic staff bon voyage luncheon, and motored west with a college chum.

En route to the coast they toured Grand Canyon, Zion and Bryce national parks, stopped at Las Vegas and then spent an eventful week in Los Angeles. Mrs. McNally's niece Patti Thomas, an entertainer with Bob Hope and Frances Langford during World War II, escorted Shari around town. A highlight of her visit there was a pool party at the Pete Marshall home.

Shari sailed aboard the SS. Orcaades, Orient and Pacific Lines, for Hawaii, Fiji, New Zealand and finally, Australia.

Mrs. McNally joined her daughter in Los Angeles and has now returned to Hidden lane, after 17 months of traveling abroad and in this country.

### Decor for Florida Home

Mr. and Mrs. Claude A. Hume from Florida just in time to mark her birthday anniversary at Grosse Pointe Yacht Club's recent Showboat party. The Greiners spent five days in the south selecting furnishings for their newly-built winter home at Sea Gate, Delray, Fla. Decor for the house and the just-completed swimming pool is in white with touches of blue and blending sea colors.

Very simple and very elegant was the birthday lady in a short summer evening dress of sheer black cotton embroidered with iridescent pearl sequins... accenting her blonde hair and medium suntan. Pearl sequin embroidery was in an all-over design, so applied that there was a balanced contrast between the iridescent pearl shimmer and the black fine cotton background. The dress was in sheath style, the sleeveless bodice section having a low round neckline.

## Grosse Pointe Yacht Club's Juniors Have Own Show Boat

The junior crowd, ranging from 15 to 20 years, ushered in Grosse Pointe Yacht Club's gay week-end with their first annual junior Showboat Party on Friday, August 12, and they set a pace of fine fun at the outdoor dance.

In their early planning weeks ago, GPYC's Junior Council had the happy idea of inviting the 15-20-year group of the other clubs. Consequently, there was a fine representation among the 250 couples attending—boys and girls from Lochmoor, Country Club, DYC and DBC, Detroit Golf Club, Western Golf and Country Club and so on.

They had all the glamorous setting which GPYC's senior group enjoyed with their guests the following night — myriad colored lights and little pennants strung over the spacious lawns; the majestic, lighted showboat moored at the harbor seawall (Oh, it's cool, isn't it?) exclaimed one junior miss when she first glimpsed the scene from the clubhouse steps.

Don Pablo and his ten-piece "most danceable band in the land" had their places aboard the showboat's "lower deck," and the big outdoor dance floor nearby seemed to be crowded every minute, from 9 o'clock on.

Before the dance started, Eileen Cross entertained an eight-some at dinner in the club's main dining room, including Bob Fowler, Kay Kerr, John Ogden, Lynn Ternes, Chuck Fox, Julie Rueggesser and Lou Goecker the hostess so attractive in pastel blue with a white fox-collared evening sweater around her shoulders.

Eileen and Neil Stoneback were co-chairmen of the Junior Showboat Party and, together with other members of the Junior Council, had worked hard for its success.

Neil's date was Sharon Van Tornhout and they were noted chatting with Rick Schoenherr —Rick and his date, Bev Record, were in a group with Mark Gregory, Sue Turner, Nick Schlaff and Barb Young (her filmy gray dance frock had touches of pastel color in the trim). Deedee Hinks (her white organdie dress over turquoise silk had rows of narrow val lace at the hipline and hem) was with Peter Aronson.

Bill Wrock and Virginia Weinberg inaugurated the party evening with dinner in the main dining room as did Tony Casaroll and his group including his date, Diane Wurst, and Bill Bauer, Janet Duthe (her white lace dress featured three ruffled tiers on the slim skirt), Pat Currier and Jeanna Taylor. Sue Shaw (in a bell-skirted white linen embroidered in a beautiful fine green thread design) and John Finn were noted chatting with Jay Macy.

Barbie Barnes, in powder

blue, John Reynolds, Harriet Howe (in white) and Tom Bowles were a foursome; Janice Coles (so attractive in a fine shepherd's check of sheer black and white organza over white taffeta) was squired by Bill Schmidt; Carol Hess was with Dale Deneweth; Maureen Sayig with Mike Gage; Sue Wallner with Stan Dolega; Sharon Riley (her frock combined blue and white silk organza) with Bill Whyte; Karen Wilberding with John Stanley.

Louise Palombit was hostess at dinner (it marked her 18th birthday), guests including Tom Buehler, Elizabeth Palombit, William Zemmin, Susan Remick and Jim McLinn. Ellen Stanley, Douglas Cooke, Lizbeth Bischoff and Greg Oates were a dining foursome; Sue Quinlan, Jim Barnes, Linda Moeller and Skip Saile were together; Judith Janson and Bill Fitzgerald visited with Denise Kraemer and Walt Connolly.

More: Molly Anderson and Bob Pfeffer, and Linda Knott

with Denny Cronin; Mike Moran, Diane Neuroth, Paul Pearce and Barbara Suor; John Peabody, Lynn Windsor, Dick Law, Sue Gehrke Sharlynn Salle, Dave Leone; Buzz VanHouten, who was dinner host to Mary Anne Frenzel, Chuck Miller, Nancy Pealon, Art Post, Pam Copeland Nelson Schlaff and Barbara Young; Jan Kaler, Larry Vandermark, Nannette Gould and Dick Morse; Fred West, Barbara Mezger, Joanne Burgie and Marvin Mezger; Sherry Mok, Errol Foss, Noreen Therkmorn and Russ Scrine.

Al Partlow, former Grosse Pointer, was here from Silver Springs, Md., visiting the Curtis Carmichael family, and he attended the party with Kay Stedman, Terry Carmichael, Marcia Florin, Russ Skitch and Judy Frutig.

On the senior side, Dr. and Mrs. Harold E. Cross were chairmen of the chaperone committee and present with them were committee aides Mr. and Mrs. Eugene Gargaro, the Howard Stonebacks, the James T. Barmeses, the George Williams, Dr. and Mrs. Cyril DeFever, the Paul L. Barkers and the Edward J. Schoenherr.

### IT'S A FACT

Bear this in mind always — there's more hard work than luck in most success stories.

### BUY A RIPE PEACH

Check the background color, not the blush, when you buy a fresh peach. Home economists at Michigan State University say some peach varieties "blush" with red color more than others, but all peaches develop a yellow or whitish background color when they are ripe. A dominant green background color suggests the peach was picked too soon and may never fully ripen.

## Susan Stair's Birthday Noted

Susan Stair celebrated her nineteenth birthday anniversary August 5 and, to mark the happy occasion, her parents, Mr. and Mrs. John F. Bowes of Park lane, gave a dinner at the Grosse Pointe Yacht Club.

The fete, which was for family members and a few friends, took place in the club's Venetian Room where the decor was in yellow and white. Roses and other summer flowers formed the beautiful arrangements on a U-shaped table which was covered with a delicate yellow cloth.

Susan was most attractive in a white silk crepe dress designed with circular skirt and a wide gold belt. Her sister, Nancy Stair, wore seafoam satin with a petaled skirt. The girls had returned the week before a round of visits in Palm Beach, Miami and St. Augustine, Fla.

Mrs. Bowes chose a stunning white cotton lace dress for the party.

Guests included the birthday girl's uncle, aunt and cousins, Mr. and Mrs. Winston Hamper and Paul and Mary Hamper; another aunt, Mrs. Vernon Thompson, and her house guest Miss Gertrude Tansey of Atlantic Highland, N.J.; Susan's brother, Edward Douglas Stair III; Harold Potts, John Benkelman, Jay Stahl, Alexander Jacques and Gary Darling.

An idea is worth very little unless it is conceived by a man who has the ambition and ability to make it work.

## Dinner Honors Desparmets

Among the many parties being given to honor Jean-Paul Desparmet, French consul here for the past four years, and Mme. Desparmet before their August 23 departure for his new assignment, was a dinner given at the DAC last Saturday by the office of International Relations. M. Desparmet will open the embassy for France in Nigeria when that country is declared an independent nation October 1.

The dinner took place in the DAC's Pontchartrain Room, where an especially beautiful decor marked the occasion. Centered in the room was a long O-shaped table seating forty guests around its outer rim. In the long center opening, a lovely fountain with shallow basin of simulated white marble spilled water gently down three levels.

In each basin floated a water lily; arrangements of white flowers and green ferns were banked about the fountain raised on a sort of grassy terrace. Shimmering white silk from the table's inner rim to the floor formed a delicate background.

Feathery asparagus fern, and four long arrangements of red, white and blue flowers at the quarter intervals, decorated the table itself. At the end of the room were the French and American flags.

Walker L. Cislser served as host (Mrs. Cislser was in the East welcoming her new grandchild, the daughter of her daughter and son-in-law, the Albert J. Eckhardts, Jr.).

Guests included Dr. Della Croce di Dojola, Italian consul, and Mrs. Croce; Norman Birnkant, Austrian consul, and Mrs. Birnkant; Donat Gauthier (Mrs. Gauthier was visiting out of town); Dr. George Schober, acting German consul, and Mrs. Schober, Edward Sullivan, British consul.

Others were the Arthur J. Fushmans, the Martin Haydens, the Ralph McElvynns, the William Dances, the Dewey Barichs, Capt. and Mrs. Arthur G. Haggis, the Leonard Reumes, the Reuben Rydings, the Carlos Torres, the Rev. C. J. Steiner, S.J., Mrs. Ruth E. Stevens, Marvin Stevens, Dr. Durward Varner, president of Michigan State University, Oakland, and Mrs. Varner, Dr. and Mrs. Samuel M. Brownell, the Allen B. Crows, and the Joseph A. Vances.

Basically it is a 24-inch telescope with a 500-inch focal length lens system coupled with a 70-millimeter camera which has a film capacity of 1,000 feet. Two ROTI units are operated at the cape and another downrange. Their film sequences are used to evaluate missile performance. These films show the Titan at about 25 miles up and out (upper right), and as its first stage burned out. This Titan, whooshed 5,000 miles to a pre-determined target area.

**CALIFORNIA APPEALS TO TEXAS**—Mrs. Eunella Sims, maid in the West family in San Francisco, is shown with the 19-month-old West tot in a photo made before Mrs. Sims took the boy to Carthage, Tex., on a vacation, where the boy was picked up by the Texas State Department of Public Welfare as a "neglected child." Texas law forbids a white child to live in a Negro home. The boy's mother, Mrs. Edna West (inset), had given Mrs. Sims notarized permission to take the boy. California Attorney General Stanley Mosk appealed to Texas' Gov. Price Daniel to have the boy returned.

**IN THE RUSSIAN TRADITION**—The Russians will follow tradition and try Francis Gary Powers in famed October Hall (top left) in Moscow's ornate, 18th Century House of Unions (lower left). In the auditorium Liszt, Rachmaninoff and Tchaikovsky once played concerts for the elegant lords and ladies of the czarist regime. Powers will be 31 the day his spy trial opens, Aug. 17. Top right are some of the articles Moscow claims Powers had in his possession when his U.S. Air Force U-2 jet reconnaissance plane was shot down last May 1 near Sverdlovsk, 1,250 miles inside the Soviet Union.

**WEEKEND SMOKER**—Bronx schoolteacher Wilma Kaye, 19, is escorted by a detective into police headquarters in New York City after she and her husband, Frederick, also 19, were arrested on charges of possessing narcotics with intent to sell. Mrs. Kaye, who once wrote a college thesis asserting marijuana is not habit-forming, told police she and her husband smoked marijuana "only on weekends" to relax.

**'MENTALLY UNCONSCIOUS'**—Mrs. Martha Taft, 30, looks tense in court in Pasadena, Calif., where a judge acquitted her on a charge of killing her husband with a hammer April 21. Her plea was innocent and innocent by reason of insanity. The judge acquitted her on hearing a psychiatric report that she was "mentally unconscious" at time of the killing. Her husband, William H. Taft, was a distant relative of President William Howard Taft.

**SENTENCING SET**—Mrs. Florence Adland looks calm in Los Angeles court to face a decision on charge of contributing to delinquency of her daughter Beverly, 17, who won fame as the late Errol Flynn's playmate. But a while later she was visibly shaken as the judge found her guilty and set Sept. 1 for sentencing. With her is her attorney, Marvin Mitchelson.

**SAW PARENTS, UNCLE DROWN**—Grief-stricken Jean (in wheelchair) and Janice (inset) Grant are shown in Stamford, Conn., after being rescued from a shattered 14-foot outdoor motorboat to which they clung for hours, and saw their father, mother and uncle lose hold and slip beneath the waves. The boat had struck a submerged rock.

Then he won a new trial. Now the prosecution claims he had the plastic surgery done to confuse witnesses. He said it was to "give me a personal pride and self-confidence." The surgery removed a lump on his nose and "pinned back" his ears, among other things.

## who, where and whatnot

by whoozit

"Now hear this . . . !" If you should hear messages being boomed out over the waters of Lake St. Clair in the vicinity of Windmill Pointe drive, it's quite likely Mrs. Harold Misteles calling the clan to dinner.

When the Misteles moved into their lakeside home a year ago, the lady of the manor found it well-nigh impossible to get sons Henry 19, Chuck 17, and Billy 13, away from sailboats and nautical equipment.

So, she took the easy way out and simply had a public address system installed . . . now the Misteles assemble for dinner TOGETHER.

Incidentally, they are one of the Pointe's seaplane families; Mr. M. flies to Cleveland or elsewhere on business regularly, and it takes only minutes to get their Cessna 180 into the water or hoist it back onto the lawn.

Another note in the nautical department: Thomas L. Lott of Grayton road was instrumental some three years ago in establishing the Huron-Portage Yacht Club at Portage Lake. A past commodore, he can now sit back proudly each summer Sunday as 27 sailboats race in competition.

Wearing light blue denim shorts and tailored white cotton blouse, the navy blue and gold insignia of the Harper Hospital Womens Auxiliary on one sleeve, Mrs. Ivan Dunlap worked with auxiliary volunteers through the day on a recent project . . . then swiftly changed to white satin hostess ensemble for a dinner party in her spacious home overlooking the lake.

### PILFERINGS

A well-known actor had long spent his vacation by playing the role of villain in summer stock companies. In one of the plays, the script called for him to meet his end just as the final curtain was rung down.

One night, however, the ropes became tangled, and the curtain hung suspended about three feet above the "dead" man. Agonizing minutes passed while desperate efforts were made to free the ropes and bring the curtain down. Finally the corpse got slowly to its feet and in ghastly tones muttered, "No rest, even in death." With that, he pulled down the curtain and left the stage.

A gentleman attended a meeting of his civic club, at which neighbors elected him to be representative of his block. But his kids quickly cut him down to size by telling people, "Daddy was elected block-head."

Movie producer, at the end of a story conference: "Thanks, boys, and if any of you find yourselves in disagreement with the suggestion I have made, will you please signify by saying, I resign."

Mrs. Jones had spent some time exploring the dusky recesses of the famous old curiosity shop in an eastern city.

"What is that quaint old figure in the corner worth?" she asked at last.

"About \$50,000," whispered the horrified salesman. "That's the proprietor."

A youngster wrote the admissions office of an old university requesting "catalogues, stickers, and penance." He received the catalogue and stickers all right, but in place of the third item the admissions director had enclosed a note: "For penance, may I suggest a few hours a day with a good dictionary?"

"How in the world did you ever happen to write a policy on a man 98 years old?" an insurance executive indignantly asked his new agent.

"Why, I checked with the census reports," explained the new agent. "According to them, only a few persons of that age die each year."

The minister used to stroll through the neighborhood on his afternoon constitutional. One day as he walked leisurely along, he saw a small boy run up the steps of a house and stretch to reach the doorbell.

Seeing that the boy couldn't quite reach the bell, the minister stepped up onto the veranda and rang it himself.

"Thanks," the boy shouted. "Now run like heck!" Ten-year-old Jimmy had been away at camp two long, agonizing weeks, and when he got home his doting parents asked anxiously if he had been very homesick. "Not me," he replied airily. "Some of the kids were though—the ones who had dogs."

## Club To Stage Dad-Son Party

Coming up is Grosse Pointe Yacht Club's "Father and Son Day", slated for Wednesday August 31, which promises to be a real jamboree. An extensive program and gala dinner are planned for the stag get-together of GPYC dads and lads of all ages.

Committee members in charge of arrangements are L. George Hooper, chairman, and J. Earl Fraser, Herbert W. Hart, Harvey Hohlfeldt and Bryan A. Chaplow.

As party-goers arrive at the club at 3:45 p.m. that day, they'll first see an exhibition of automobiles—compact cars, a sports car or two, and the newest things in a police car and station wagons.

The party will move with genuine dash—there'll be a pop bar on the lakeside lawn; swimming races from 4:15 to 5:15 p.m. in GPYC's outdoor pool and then a money diving contest in the pool.

At 5:45 o'clock, Jacquin Capilla, 1956 Olympic diving champ, will perform, and Eddie Cole, a champion on the trampolines, will do his amazing stunts up to 6:30 when it will be time for dinner.

Dinner will take place in the club's grand ballroom, and besides a souvenir prize gift distributed to every boy present, there'll be entertainment aplenty.

Eddie Schick, accordionist, and Patti Brown, vocalist, will play and sing between the hours of 6 and 9 p.m., except for an interval beginning at 7:30 o'clock when the popular TV star, Ventriloquist Jimmy Nelson, takes the spotlight.

With the nationally-known Jimmy Nelson will be his equally well-known friends, the noted dummies Danny O'Day, Humphrey Higsbee, and Farfel, as the highlight features for "Father and Son Day."

## Pointer of Interest

### DR. DOUGLAS A. SARGENT OF GRAND MARAIS BOULEVARD

By Kitty Marriott

Photography is no new hobby to Dr. Sargent Douglas; he has been experimenting in that field since high school days some 17 years ago. Lately, his pictures have been snagging prizes for "outstanding photos" in various contests about town.

Dr. Sargent attended Brown University and the University of Michigan medical school, specializing in psychiatry, and interned at Ypsilanti State hospital and Receiving hospital. He is now director of the Child Study Clinic at Wayne County Juvenile Court.

His large photo collection still includes students' pictures taken at U. of M., as well as pictures made during a neuro-surgical operation at the hospital there. The aspiring M.D. turned his hobby to good use during university days by doing part-time darkroom work for the anatomy department.

Without a doubt, children are Dr. Sargent's favorite subjects (the Sargents have three of their own), for most of his recent pictures revolve around small fry. Despite the fact that many photographers find children difficult to work with, the doctor enjoys photographing

them because "they are not self-conscious."

Some of his choicest photos were taken of children at the Merrill-Palmer nursery school. One of these showed a smock-clad child at an easel with paintbrush in one hand and cookie in the other, equally absorbed in both painting and eating operations. Mrs. Sargent entered this in a DETROIT FREE PRESS photo contest last year and it took a prize.

Another recent winner, this time in DETROIT NEWS competition, was a touching picture of a small girl dwarfed as she climbed the steps of the Windsor railroad depot. When Dr. Sargent was across the river, he also took an interesting skyline picture of Detroit with old pillings on the Canadian side in the foreground.

Many of his pictures have been taken at the Detroit Zoological Park and the Children's

Zoo on Belle Isle, where his child subjects are lost in admiration for the various animals.

The winning Windsor photo and another striking study of a wide-eyed tyke swathed in a bath towel at the Park beach will be on display this summer in the window of the Camera Center on Kercheval.

Dr. Sargent's picture-taking covers a wide range of subjects besides children. He took a series of pictures of the old fishing trawlers from the fishing fleets that operate out of Boston. He has group pictures of his work associates, photos of a small infant getting a bath, a study of a pair of aged hands.

Photo Equipment  
His camera equipment includes a Japanese Topcon, which is a 35-millimeter single lens reflex, an old Roliflex and a twin lens Kalloflex. Dr. Sargent has been intrigued for a long time by light and the modeling effect it has, and he does all of his own developing in his darkroom at home.

The doctor finds darkroom work interesting, because it enables him to be selective.

"When you finish your own pictures, you can choose and blow up the portion of the film which you prefer," he explains.

Such trade magazines as MODERN PHOTOGRAPHY, U.S. CAMERA, POPULAR PHOTOGRAPHY and CAMERA 35 are regular reading matter for Dr. Sargent. Raised in Detroit, he and his family have made the Pointe their home for the past five years.
