The State statute stipulates that where a community has its own local curfew ordinance, the state law does not apply.

Enacted Law in 1953 Farms Police Chief James Furton said that the Farms has had a curfew law since 1953, which states minors under 17 must be off the streets by 12 midnight. Minors 17 years old and up, must be off the streets by 1 am. In both cases, this does not apply, if the minors are accompanied by their parents, guardians or a person 21 years old, or older.

The City's ordinance dates back to 1935, and will soon be amended to conform with modern trends, Chief Thomas

As it stands now, he stated, children under 15 years old must be off the streets between 9 p.m. and 5 a.m., unless they are with their parents, guardians or responsible adults. There are no restrictions imposed

against those 18 years and over. The State curfew resulted by Rep. Harry De Maso (R. curb juvenile delinquency.

Under the State law, no child under 12 can "loiter, idle or congregate" on public streets between 10 p.m. and 6 a.m. "unless accompanied by a parent, guardian, or some adult delegated by the parent or

Dr. Davies gave considerable credit to the doctors and nurses practicing in the Pointe and the entire Detroit area for doing an excellent job in administering polio vaccine, especially to

school children. Quoting from the Detroit Medical News, a weekly news magazine of the Wayne County Medical Society, Dr. Davies disclosed the following:

"Immunization records of the little children entering school in Detroit for the 1959-60 school year show that 98.2 percent of these children have had three or more injections of polio vaccine. However, in some sections of the southern part of the city, only 79.7 percent of these children have completed injections."

The vaccine injection of Point school children is outstanding, Dr. Davies said, and a comdate show.

New State Law Cited He pointed out that a new State Law, passed by the Michigan Legislature this year, states parents must have their children undergo the threeseries injection of polio vaccine to immunize them against the disease. If, on religious principles or other legimate reasons, the parents refuse to have their children immunized, the parents must put the refusal in writing.

Also, if parents of the children cannot afford to pay a physician's fee, the Wayne County Health Department will see that the shots are administered by its doctors and nurses at no cost to the parents.

The main thing to consider, Dr. Davies said, is that all persons, adults, as well as children, should receive the polio shots. It is not necessary, he from a legislative study headed said, to receive a booster shot every year, after the three-Battle Creek), in an attempt to series shots have been received. Boosters should be had every five years, he recommended.

Social Security **Figures Revealed**

At the end of 1959, as Federal social security was starting its twenty-fifth year, old-age, survivors, and disability insurance monthly benefits were being paid in Wayne County to 200,-445 persons at the rate of \$176,-274,684 a year, according to Francis L. Pendergast, manager Perkins C. Greer of 5603 of the East Side social security Springfield, Detroit, paid a fine district office. "This is an inaries of about 8.5 per cent since February, 1959, the last previous date for which Wayne County figures are available,"

The number of wives, husbands, and children of disabledworker beneficiaries receiving monthly benefits increased sharply in 1959. Such benefits were first payable for September 1958. Nationally, from February to December 1959, the number of these beneficiaries more than doubled-from 60,-000 to 126,000.

Payments to a retired worker with no dependents receiving benefits averaged \$69 a month nationally at the end of last December; to a retired couple, both of whom were receiving benefits, the average payment was \$121. The average for a widow with two young children was \$169.

By contrast, Pendergast recalled that when benefits first became payable in 1940, the average monthly payment to a retired worker with no dependents receiving benefits was \$22, and to a retired couple the average payment was \$36.

As social security celebrates its Silver Anniversary (the original Act was signed into law on August 14, 1935) about 74 million working people are in covered employment or self-employment in the course of a year. They are building oldage, survivors, and disability protection for themselves, their dependents, and their survivors under the social security law.

For the entire State of Michigan, old-age, survivors, and disability insurance payments at the end of December 1959 were being paid to 583,113 benefici-aries at the rate of \$39,517,246 per month. Benefits totaling \$474,206,952 were paid in Michigan during 1959.

Skip Boston made a magnificent recovery after a disastrous first race in which he finished 57th. He placed tenth in the second race, won the third, look another tenth in the foorth and captured the last race to finish seventh in the 66-boat fleet. When asked if he wished he had the first race to sail over again Skip said, "Nope, I'd probably goof it worse than I did the first time. Goldsmith deserves to win. He was consistent and that's what it takes to win in a fleet of this size."

Defending champion Jenkins was also high in his praise of Goldsmith as was Howard Boston who said, "The kid's tought to beat and is one of the best I've ever run across, and I've sailed in lots of these nationals all over the country."

The second annual Detroit River Yachting Association's Commodores' Day, held at the Detroit Boat Club on August 21, was a huge success. Fifty Detroit area past and present commodores and their wives were present to enjoy their day on the water in a series of races conducted by Bob Benkert and Bill Connolly.

Club-owned 17-foot fiber glass Flying Scot sloops were used in the races that were sailed on the Detroit River under threatening skies.

Commodore John Detwiler, of he Grosse Pointe Club, sailed off with the honors in the race for past DRYA commodores. Commodore Bob Rodgers, of the host Detroit Boat Club, took the prize in the current club commodores' race and Arnold Fuchs, of Bayview Y.C. won the past commodores' race.

Another Argument Starting?

City of Grosse Pointe Woods voters will be asked to approve, at the November elections, a proposed bond issue of \$85,000 to provide improvements at Ghesquiere Park. As "Another Disgusted Taxpayer" writes in a Letter to the Editor, many residents will doubtless wonder how the councilmen can justify spending this amount for recreational facilities after pleading a lack of funds to make much-needed street repairs.

There has been a considerable furor recently over a proposal to make property owners pay 70 percent of the of William the Conqueror cost of repairing worn-out street surfaces. The owners claim they have already borne their share of the cost of his paving when the original work was done, and that it is now up to the city to pay for any needed repairs. This argument will be settled after a public hearing is con-

It would appear that the new proposal, to spend \$85,000 for park improvements, will also be the grounds for considerable discussion before the matter is put to a vote in November. Some of the questions will most certainly be concerned with the simple mathematics entailed in the proposal. A 15-year bond issue, such as is advocated, would mean that the city would pay out nearly as much in interest over this period, as would be made immediately available for the improvements. Some is also still widely studied and "Left Hand, Right Hand," "The of the planned improvements, such as a 100-car parking lost with a slag surface, would certainly be in need of repair long before the bond issue was retired. There will be taxpayers who will want to be shown how important it is to have lighted tennis courts and skating rinks, more baseball and football areas, more park walks, when the city lacks money to repair streets in a deplorable con-

Improvements such as these are generally paid for out of funds set aside in the budget for maintenance and development of recreation areas. Which poses the question of what happens to such funds as are now budgeted for these purposes. With a bond issue taking care of such costs, the question of double taxation might be

When municipalities tackle the job of creating new reational areas or adopting gree velopment programs, such as the Park, Farms, City and Woods have all done, they are making capital improvements and bond issues are justified, but this can scarcely be said about the program which the Woods council now proposes. It will be interesting to hear the arguments before the matter comes to a vote in November.

After attending a public hearing on multiple housing in ballot, Grosse Pointe Woods and a tional facilities, but still no council meeting at which the Hampton-Roslyn paving cost was discussed, as a taxpayer, I have come to the conclusion that a municipal structure that

needs overhauling.

\$330,000 City Hall was built after several bond proposals were defeated but still the city cannot pave the streets which are in frightful condition, without recommending a change to the property owner of 70% or approximately \$1,000 per sixty foot frontage.

It seems to me it is about time that the citizens take a leaf from Mr. George Romney's book and organize A Citizens Committee for Good Govern ment, with the purpose in mind. that the elected and appointed officials of the city become duly responsible to the people who elect them.

An \$85,000 bond proposal is to be presented on the Nov. for improved recreamoney for paying This could only happen in Michigan.

The Control of the Co

What's New on THE HILL

WE'VE JUST COME BACK to earth after seeing Julie Harris as Juliet at the Stratford Shakespearian Festival. And now we are ready to cue you in'on all the dreamy, sparkly stuff that's new on the hill.

IN THE CURRENT Harper's Bazaar magazine, page 33, Hadley . . . designer of cashmere sweaters and skirts . . . shows a whole coordinated scheme of dress. The blue girl is in a blue cashmere sweater and a many colored skirt of wool. Here on the hill you can find it in Anthony's Boutique. Striking. Also at Anthony's, and obviously destined for a place in anyone's wardrobe, are his imported Italian hand-knit two and three piece suits. Each garment is hand-finished and flown in by K.L.M. airlines. The model in the window is fashioned of old gold .. jewelry neckline . . . three quarter sleeves . . belted tunic top . . . buttons of the same color march down the back. Tag reads sixty-nine ninety-five.

JIM SCHROEDER, a director of the chess foundation says, "in my opinion 'Chessers' is the best new game since the invention of chess." Chessers is a more simple game than chess . . . more stimulating than checkers . . . more fun than anything. On the hill, it's a feature at Gray's Racquet and Sport Shop. Three dollars buys this fun game for a birthday or any special occasion.

SHE IS A POINTER. She knows fashion when she sees it. She loves Vieylla . . . it's lightness and warmth in the cool autumn winds. The short sleeved. 'scooped neck dress with short sleeves plus a jacket piped in the pre-dominate color was, for her, instinctively right. Chosen from a collection of collarless numbers, tie-fronts, and vestee types . . . glowing in deep vibrant colors of browns, greens, reds and olives she selected it at Margaret Rice's . . . fascinating fashion place . . . on the hill, of course.

THERE'S JUST nothing MORE exhilarating than the window chock-full of china at the Dants. What a window! We drooled over the Minton . . . two Tree," and "Cairo" . . . ah . . . there was Spode and Royal Crown Denton, too. S-o-o-o if there's going to be a new bride in your family she should see The Dants' collection . . . but first.

THE ANSWER to "what to wear with my shoes" is right here at 104 Kercheval. It's Hanes seamless hosiery. They have the re-enforced sheer for durable wear . . . the sheer demi-toe for regular wear and the heeless, toe-less variety . . . very sheer . . . for living dangerously. The Top 'O The Hill answers this question, too, "What should I put on his or her bed?" The answer, of course, is a completely washable Bates bedspread in fine cotton or corduroy. Have it monogrammed, named, or the sorority or fraternity imprinted. There are seventeen luscious colors to choose from.

FEELING IN a momento mood? Then by all means visit Virginia Williams' new shop at number 79 Kercheval. For just one hundred little coppers you a candle in a candy jar perfect for her boudoir. Cocktail candles . . . little candles . . . fat candles . . . and slim ones . . . every rainbow color is here. Oriental type lanterns filled with a candle are available. As you view this candle boutique you'll get giddy . . . but with ideas. Virginia Williams mails gifts to anywhere and delivers in all

the Pointes. Convenient.

ROMAN BATH OIL is something different for your "end of summer skin." It will help to counteract the drying effects of the harsh sun. Choose from Strategy ... Tapestry ... Yran ... White Lilac ... Gardenia. The big new here is the price. The regular five-fifty bottle is now on sale for three dollars and fifty cents. Trail Pharmacy, 121 Kercheval.

FOR HIM. Heralding the new fall season are the handsome new sweater arrivals from England, All wool shetlands, cashmere finishes, lambs wool, and bulky knits are the leaders at Carl Sterr's, Men's Shop.on the hill. The very new "maral" colors to see are navy, olive, and dark grey. Styles center around the crew and V neck and the five button cardigan. Dreamy.

AT MAURICE WOODS they are in the process of collecting samples of a most unusual and inspiring nature. Already they have viewed twenty-six lines. Some are imports and others have been executed by new designers. Really intriguing swatches.

POKING AROUND Pongracz Jewelry Store we found a beautiful charm bracelet . . . it was a wonderful value because we found it marked down 20% the charms were, too. Solid gold jewelry was down 25% and China as much as 50% off. We didn't poke around long, however, because we might have bought the whole store. They will sale along until August 31.

WHAT WOULD YOU do if you wanted to stretch your dollars? Why, you'd look for a bargain. Friday and Saturday, during the Hill's month-end sale, will be your golden opportunity to browse through the following stores to find treasures. Frank Adam, The Dants, Denler and Co., Gray's Sport Shop, Hamlin's, C. E. Hornung, Irving's, Kilgore and Hurd, Martha Lawrence, The League Shop, Pongracz Jewelers. Punch and Judy Toyland, Margaret Rice, Sign of the Mermaid, Top 'O The Hill, Virginia Williams, Maurice Wood, Wrigley's, and Young Clothes.

August is fast becoming one of the months for weddings . . . and while brides and bridesmaids are always lovely, the guests don mighty attractive outfits too!

Mrs. David C. Lowe at a recent fete wore a stunning navy silk linen frock with portrait collar of heavy white cotton lace. On her blonde head sat a navy whimsy dotted with many tiny navy velvet bows.

Emerald green silk sheath was Mrs. Claude Forsey's choice for the same reception. The frock's color complemented her red hair . . . it had sweetheart neckline and slender skirt accented by wide belt of the same material. Tiny green bows tucked among lilies of the valley formed her headpièce.

A five-generation family is something of a rarity . . which bids us recognize the J. Alfred Grows of Bishop road. Members of the five living generations frequently convene at the Grow home. Mrs. Grow is mid-center in the arrangement, so let's begin at the beginning:

First comes great-grandmother Mrs. Charles T. Lingo, who now has an apartment in Chalmers avenue; next, grandmother Mrs. Joseph D. Burke of Delaware, O.; her daughter, Mrs. J. Alfred Grow; Mrs. Grow's son, Michael R. Grow, currently of East Lansing, and his 11/2. year-old blonde daughter Kimberly.

Spectators do a double-take when they see Mrs. Richard W. Allen and/or her daughter Alice in sports attire. They wear one red shoe and one blue shoe . . identical in style, of course. Fad started way back when Alice was in grade school and white gym shoes were always getting mixed up, so Mama Allan solved the dilemma neatly by purchasing two pairs alike, one red, be the man responsible. one blue, and sending daughter on her way wearing one of each. Now, both have become attached to the custom and carry it on.
