DeRyck was arrested at the scene, and Cadden was taken into custody later. Several other members of the gang escaped before the policemen could take

their names.

Following the fracas, DeRyck was found in a garage at 633 Sunningdale, and arrested and taken to the station. While in the squad room, DeRyck escaped when Prietz and Sun left the room to make their report of the incident. The youth was found a few minutes later in a

garage at 1968 Hawthorne by Prietz and Patrolman Jack Mast, and returned to the station and locked in a cell.

### Suspended Shores Officer Denies Charges; Hearing Sept. 13

(Continued from Page 1) nied all the charges against him, except that of the damage to the scout car, which was driven by his partner, Patrolman Gordon Schwartz.

At that time, Lietke said, it was believed by himself and Schwartz, that only the muffler and tail pipe were damaged. Schwartz accepted the responsibility for the damage and told Lietke he would make out the report on the mishap. He said he would pay for the repairs himself.

Schwartz told Commissioner Huetteman, when the matter was brought before him, that he did not think the car was badly damaged, and that he was going to pay for the installation of a new muffler and tail pipe, and avoid making a report. Later, it was said, damage was found to be in excess of \$300.

#### Warned by Williams

On November 18, Lietke and Schwartz were reprimanded by order of Williams, for conduct with respect to the damaged car, and placed on probation with a warning on the consequences of future violations of departmental rules and regulations.

Chief Duemling said that this charge was recorded against Lietke because Lietke was the senior officer, and it was his duty to report the mishap.

Lietke denied the charge pertaining to Mesritz and emphatically denied he was asleep on duty, charging that "They're scraping the bottom of the barrel to get at me." He said he will prove his innocence at the September 13 hearing.

Village President Williams was out of town on business and therefore was not available for a statement on the suspended officer's accusation, but Chief Duemling denied he or any other Village official is seeking "to get" Lietke.

#### Charges on Damage

The charges and notice of the September hearing were drawn up by Village Attorney Joseph Vance on information supplied by the police chief, and then the charges were served on Lietke. A copy of the charges were also given to Prete, Lietke's attorney.

The charges, in part, stated that on or about 2:45 a.m. on October 19, 1959 (date of the Torrey mansion fire), Lietke and Schwartz were assigned to patrol duty in car No. 43, that the car was driven upon, across and over the lawn at 575 Lake Shore road (Torrey estate), causing deep track impressions, in such a manner as to run into and over a tree stump on said premises and thereby causing extensive damage to car's transmission, gas tank, muffler, oil pan and cross member of the frame. Damage was more than \$300, the charge stated.

The damage was not discovered until the next police shift took over, it was said.

#### Violation Charged

In violation of his police oath and the rules and regulations of the department, the charge continued, Lietke denied any knowledge as to persons responsible for the car tracks and no mention was made of the car damage, and that he failed to make a report of the accident, leaving it to be discovered by other officers.

The second charge referred to the Mesritz incident, in which he is accused of conduct wholly unbecoming an officer, in that he stopped a motorist and attempted to drag him from his car while berating the motorist for a doubtful traffic violation. The officer is also accused of displaying an ungovernable temper and using a torrent of invective and profanity, for which he was again reprimanded on orders from Williams.

The third charge stated that on July 1, while assigned to night patrol duty on Lake Shore, Lietke parked his scout car off the road in a driveway located in the Village, turned out his lights and fell asleep and later was discovered by superior officers in that state.

#### Denies Sleep Charge

Lietke denied he was asleep at the time, and said that it was his lunch time and he pulled off the road into a driveway to eat. He said that he was in complete

radio contact with his station at all times. Chief Duemling said that a newsboy had reported the officer asleep in the scout car, and directed the shift lieutenant to the location.

Accompanying the list of charges was a notice of the scheduled hearing for Tuesday,

September 13, at 8 p.m., at which time he has a right to be present and to have counsel to defend him against the charges.

It was pointed out that if found guilty of the charges, or any of them, Lietke may be suspended or discharged from the department.

**Want Officers' Testimony**  
Prete disclosed that he will attempt to obtain testimony from officers who were on Lietke's shift when the offenses were alleged to have taken place, and that he will ask Williams to permit the officers to testify without fear of reprisals from superiors.

The lawyer said that if necessary, he may resort to Circuit Court to obtain a legal method of serving the officers with subpoenas if his request is denied. He said he might have to resort to the court because the hearing will not be held before a judge under regular court procedure.

**DOUSE TRUCK FIRE**  
Woods firemen put out a motor blaze in the milk truck of Albert Johnson, 60, of 22207 Benjamin, Detroit, parked in front of 21015 Mack, on Monday, August 22. The truck stalled and Johnson pumped the pedal, and the gas overflowed the carburetor and ignited on the hot motor. No visible damage was reported.

### Park Development Urged

(Continued from Page 1)  
recreation Areas, which was attended by more than 200 persons. As a result of the hearing, and from statements and communications from the people, it recommended that the Master Plan be adopted.

**Reasons Listed**  
Briefly, the commission noted these reasons: 1. Recreational facilities in the Park are overcrowded and should be supplemented by additional recreational facilities of substantial size, a step which is consistent with modern development, shorter working hours, increased leisure time, and continuing trend toward compulsory retirement, factors which tend to increase the need for recreational areas.

2. For many years the Park has been considered one of the most desirable residential areas in Metropolitan Detroit, and those charging with guiding its development, should see to it that the city provides desirable facilities to promote the fine residential character of the community. This is well within the city's financial ability.

3. There is no other undeveloped land of substantial size in the city except that at the foot of Three Mile drive. To locate a park elsewhere would require demolition of existing buildings which would cost many times more than the land at the site, which, incidentally, is the one site on the lake shore most central to all the city.

**Has Many Advantages**  
4. The proposed site has many advantages; it is located on the lake, and is especially suitable for picnicking, boating, fishing and relaxation and rest. The lake forms part of the Great Lakes, the largest body of connected fresh lakes in the world, and city residents have a natural interest in fishing, in navigation and in all matters connected with water, making it logical for the city to locate the park on this shoreline.

5. The response of the public, at the public hearing, and after, has been notable, and it would appear that the establishment of the proposed park has the approval of the residents and taxpayers. The principal objection at the June hearing was the proposed sale of some of the city-owned property. Petitions bearing 1,200 signatures, asked that the park be located at Three Mile.

**Cites Some Objections**  
The commission then pointed out that there were some objections to the Master Plan, coming from owners of Lot 1, Three Mile Drive Subdivision; and Lot 26, Grand Marais Boulevard Subdivision, which lots are upland of two parcels of submerged land within the proposed park (Parcels C and E). These lots are in front of properties owned by the J. L. Griegers and Mrs. James T. McMillan, respectively.

A few of the residents, the commission stated, objected to the park because it would devalue their properties. The commission, however, expressed the hope that the owners of Parcels C and E will grant the city their consent to buy the desired submerged lands, to add to the proposed park area, rather than the own-

ers seek title to the lands themselves.

**Lists Advantages**  
The city body then listed the number of advantages that would come with the city's development of the park, including that the park would tend to increase the value of properties in the area.

The commission recommended that the city council accept its resolution, and act accordingly, stating that "this Commission deems it advisable and in the best interests of the City of Grosse Pointe Park that such a Master Plan of Recreation Areas be adopted as part of the Master Plan for the City of Grosse Pointe Park."

going east on Jefferson, stopped for the light and was struck in the rear end of his car by Francis J. Taylor, of 1434 Lakeview, Detroit. Then Taylor's car was hit by Bobby Scott, of 4436 Jackson, Dearborn. This pushed Taylor back into Zschering.

Ronda Taylor, 14, of 1438 Lakeview, Detroit, a passenger in the second car, was taken to Bon Secours Hospital and later released.

Scott was held at the City station for bond and clearance on the ownership of the car. He was later released on a \$50 bond.

Both Scott and Taylor were ticketed.

Saturday morning, August 27, a minor two-car accident occurred. Paul M. Elias, of 460 South Renaud, driving east on Jefferson, ran into the rear of a car driven by Evelyn Fruehauf, of 11113 Charlemagne, Detroit, which had stopped for the University light.

However, no tickets were issued and no damage was done to the cars.

### Park Policeman, Fireman Retire

A Park policeman and a fireman retired from their respective posts yesterday, August 31, after many years of service to the community.

Retired are Patrolman Alphonse Boone of 3488 Balfour, Detroit, and Samuel J. Downey of 1007 Wayburn. Boone is a native of the Park, born there on June 14, 1899, when the Park was part of Grosse Pointe Township. His parents were natives of the Pointe, owning a farm in the Beaconsfield area.

On September 8, 1926, Boone joined the combined police-fire department of the then Village of Grosse Pointe Park, and elected to remain with the Police Department when the Village council approved separate police and fire departments. The retired patrolman, a bachelor all his life, served with the United States Navy, Grosse Ile Base, during World War II, from August 1942 to December 1945, when he received an honorable discharge.

He holds three departmental citations, one received for capturing a burglar on February 23, 1949; another for capturing a burglar on November 9, 1949; and the third for apprehending two burglars on February 11, 1955.

Boone was one of the first motorcycle policemen in the Park in the early Thirties. When the department discontinued the use of cycles, the officer was assigned to scout car duty, and the last few years, he had the job of desk and communication officer.

Park Police Chief Arthur Louwers said that Boone has served the community and the department faithfully and courageously for many years and that he will be missed by the members of the department.

Boone left the department because he reached the compulsory retirement age of 60 years. Downey, who is 59, retired before the compulsory age because of health reasons. He underwent a serious operation about six months ago, and left the department; on advice of his doctor. Because of accumulated leave and vacation time, he will remain on the city payroll until his retirement becomes official in November.

He has been with the Park Fire Department since June 8, 1928. He is planning on going into a small business for himself.

He and his wife, the former Violet Duprey of Detroit, have lived in the Park for 32 years. Downey is a native of Frostburg, Maryland.

### Park Policemen To Pack Power

Park police officers will soon be carrying a lot of power in their holsters, when the first consignment of new guns are received, it was disclosed by Police Chief Arthur Louwers on Thursday, August 25.

The chief said that an order has been placed with a gun manufacturing firm for 18 powerful 3.57 Magnum revolvers, to replace the present .38 special caliber revolvers now being carried by his policemen.

The Magnums ordered, the

chief said, are the type that fires bullets with such force they can penetrate a car motor and crack a cylinder block.

Chief Louwers said that the conventional caliber gun fires a bullet of the shock type, that is, although lethal, when it reaches a resistance point, it stops. The Magnum, however, has terrific penetrating power and can pass entirely through iron and steel of a certain thickness.

He said that the 18 guns are

the first consignment ordered, and others will be ordered later, and in time all officers of his department will be equipped with Magnums, for better protection of themselves and the citizens and property in the community.

The chief said that available in the department's gun locker, for extreme emergencies, are shotguns, riot guns, machine guns and gas guns, which all officers have been trained to know and use.

### Park Fire Captain Aids In Fighting Woods Fire

Park Fire Capt. William B. Graul rendered his new community and neighborhood service on Wednesday, August 24, when he aided Woods fire-fighters in putting out a home roof blaze.

The Woods firemen were called to the home of Margaret Heidt of 1620 Fair court. The captain, who had recently moved into the neighborhood smelled smoke and put in a call to the operator to notify the Woods department about the fire. The call was mistakenly given to the Park Fire Department and Graul requested the alarm relayed to the Woods.

When the Woods fire-fighting equipment and men arrived, the captain donned fire-fighting gear and grabbed an axe and scampared up the fire truck ladder to the roof and went to work.

A Woods report revealed that on arrival, firemen found the roof ablaze and the upper part of the house filled with smoke. The doors of the Heidt home were locked and firemen had to force the front door to enter the building. No one was home.

The fire, which was confined to the roof, was believed to have been started either by spontaneous combustion of material in the attic, or by faulty insulation over several pieces of cardboard, or sparks from a neighbor's chimney. Firemen said the roof of the Heidt house is covered with wooden shingles. The center part of the roof was burned through, and there was minor smoke damage through the house, officials stated.

Patrolman Don Sabel, doubling as a fireman, injured his back while trying to force the front door of the house, but was able to continue his duty as well as returning to complete his duties as policeman. The Woods has an integrated police-fire department.

Woods Director of Public Safety Vern C. Bailey, sent a letter to Park Fire Chief George deCausin commending Graul for his fine work and assistance.

The captain moved to 1640 Fair court with his family only a few days before the Heidt fire. The family home was formerly at 1365 Lakepointe.

### Death Misses 5 On Lakeshore

Five 17-year-old boys miraculously escaped death or serious injuries when their car turned over twice, while they were traveling on Lake Shore road on Friday, August 26.

John A. Butout, Jr., of 14933 State Fair, Detroit, driver of the car, was given a ticket by Shores police for not having his car under control and causing an accident.

Frank Schultz of 21752 McCormick, Detroit, complained of a back pain and was taken to St. John Hospital for observation, and was later released.

Others passengers in the car were Danny LaRose of 21534 Moross; Douglas Allen of 15484 Parkgrove; and Charles Anderson of 12120 Payton, all of Detroit. None were reported injured.

According to police, Butout was heading north on Lake Shore, and obviously was not paying attention, when he came upon a barricade in the road, where men were doing repair work. At the last minute, the young driver swerve to avoid hitting the barrier and his car skidded.

The vehicle skidded 93 feet on the pavement, hit the curb and went 50 feet across the center island, flipping over twice, and landing on its wheels 22 feet on the opposite side.

Police said the car was a total wreck. Butout is scheduled to appear before Shores Judge John Gillis on September 19.

### INCINERATOR BLAZES

The Woods fire department was summoned to the residence of Earl Vernier, 2059 Roslyn road, at 9:09 p.m., Friday, July 15. A blaze in the ash container of the incinerator had gone out of control. It resulted from grease which had been poured over the rubbish. After dousing the flames and returning to the fire hall, the department was called again, 10 minutes later, to quell a second flareup.

### Cinema League Meets Sept. 8

A color film (16mm) "Heart of the Land" will open the fall-winter season of the Grosse Pointe Cinema League at the Grosse Pointe War Memorial Center, 32 Lake Shore Road, Thursday evening at 8 p.m. on September 8.

It covers a scientific expedition into the heart of Old Mexico for a study of animals, reptiles and birds. Into the primitive areas, we go for close ups of the "country" market places and ancient ruins. This film is a pictorial review of many species of wild life, rarely seen.

"Heart of the Land," photographed by Russell Jameson, was awarded the Dick Bird (Nature) trophy in Louisville last year at the National Convention of the Photographic Society of America. Mr. Jameson, who lives in Saginaw, Mich. has received other national awards for his films and is a popular cinematographer.

A capacity crowd is expected at the War Memorial for this showing which will be the first time in Grosse Pointe. Mr. Jameson brings with him many vivid picture stories of life south of the border.

For further information call the War Memorial Center.

"Our total defense is incomplete and meaningless without reliable and responsible home defense. Survival cannot be guaranteed merely with a capacity for reprisal. Equally important is our ability to recover."—President Dwight D. Eisenhower.

### School Opening Means Accidents

Reopening of schools for the fall term will bring nearly 1,900,000 Michigan children into the week-day traffic flow and increased vigilance by motorists to avoid involving them in accidents is urged by the State Police. About a tenth will be going to school for the first time.

More than 11,000 children under 15 have been killed and injured in each of the last five years in traffic accidents in Michigan, State Police figures show.

Last year 15 were killed and 3,464 injured, accounting for 32 per cent of the 299 deaths and 57 per cent of the 6,160 injured in pedestrian accidents. In addition, 18 bicyclists were killed and 1,562 injured in the same age group.

Because nearly half a million children will be riding rural school buses, motorists are reminded that the two-way stop law requires extra caution to avert mishaps involving the buses and the children getting on or off them, as well as other vehicles affected by the slowing and stopping of buses.

Last year five persons, three of them children, were killed and 239 persons injured in 562 rural school bus and related accidents.

Drivers overtaking or meeting rural school buses must stop when the bus stops to take on or discharge passengers. Vehicle traffic may resume motion when the bus proceeds, or on signal from its driver, or when the flashing red stop

lights on the bus are turned off. In addition, even though the red flasher lights are not operating but the bus stops, other vehicles must stop also. State Police point out that the bus stop law increases the chances for accidents.

I'm not a young man anymore and have to think of my retirement. I know that in these inflationary times my company pension and social security benefits won't begin to match what my job pays me. That's why I'm investing my surplus income in the stocks of growing companies. By the time I'm ready for retirement, I anticipate my stocks will increase substantially in value to help give me economic security and extra income from dividends.

### Mary Jane Sherwood Wed To Robert Major August 13

Given in marriage by T. M. Marantette of Berkshire road, Mary Jane Sherwood of University place exchanged nuptial vows with Robert M. Major on August 13 in Christ Church Grosse Pointe.

The bride, daughter of Mrs. Earl C. Sherwood, chose an antique satin gown and cap

headpiece trimmed with seed pearls to hold her illusion veil. She carried a cascade of stephanotis and ivy.

Wearing iridescent emerald green sheaths and carrying diamond-shaped bouquets of gladiolus and ivy, were honor maid Mildred L. Hill and bridesmaids Mrs. Larry Proctor of Ann Arbor, Earlene Rentz and Pamela Turner.

The bridegroom, son of the Walter C. Majors of Detroit, asked John Kaehler of Royal Oak, to be his best man. Ushering were Lynn Holmes of Madison, Wis., Reno Nave and Anthony Catello.

For her daughter's wedding Mrs. Sherwood chose a blue lace gown and Mrs. Major wore a moss green lace sheath. Both mothers wore corsets.

After an undercroft reception, the couple left for Canada.

Pre-wedding hostesses included Mildred Hill, Mrs. Howard Irish and Mrs. T. M. Marantette. Mr. and Mrs. Donald Carrothers of Southfield gave a house party honoring the couple.

### Openings Exist In Play Group

The Grosse Pointe Woods Cooperative Play Group announces it has openings in the three year old group for the fall semester. Membership chairman, Mrs. Robert Freismuth is accepting children in this age group for the play group, which meets each Tuesday and Thursday, beginning October 4th. Woods residents who are interested may obtain further information by calling Mrs. Freismuth at TU 4-4384.

The Woods Cooperative is now in its third year of activity and is fully accredited with the Greater Detroit Nursery Council, as well as being licensed with the State of Michigan. The group, which also includes four year old children, meets at the Woods Community Club on Mack avenue.

As this is a cooperative the member mothers assist the teachers during the classes, with each mother serving a given number of days. Besides helping the teachers, the mothers are able to observe their children in a supervised group situation, and enjoy watching their offspring develop their interests and abilities.

Mrs. Pat Rauss and Mrs. Jean Wahlg are the teachers who conduct the classes, which meet for two hours twice a week. They scale their activities to the children's interests, while trying to stimulate them to new creative activities. Occasional field trips are also organized as an added attraction.

President of the group is Mrs. Sybrant-Schaaffsma. Other officers are Mrs. Herbert Kenz, vice-president, Mrs. Marvin Nelson, recording secretary, Mrs. Fred Minturn, corresponding secretary, Mrs. Alfred Brush, treasurer.

Tuberculosis is not inherited. It is caught from someone who has it.

### Parties Honor John Alberts

Mr. and Mrs. Charles Raymond Meyer of St. Louis, Mo., are spending the week with their son-in-law and daughter, the John S. Alberts of Lakeland avenue. The Meyers had been at Charlevoix and Harbor Springs for the past month.

Late September will find Mr. and Mrs. Albert bidding Grosse Pointe farewell as they move to Madison, Wis.

Mrs. Sherwood Reekie and Mrs. Albert C. Dickson entertained for the departing couple recently in their Renaud road home. Last Saturday evening Mr. and Mrs. Mark C. Stevens were hosts at a small dinner at the Country Club in their honor.

The Oscar L. Buhrs of Lakeland avenue will give a September 10 cocktail party for the Alberts.

### 3 Debutantes Making Bows

Three debutantes will bow to society next week, all on September 9.

Mr. and Mrs. William J. Champion Jr., will introduce their daughter, Sally, at an afternoon tea in their Moross road home.

That evening, the Harry B. Howensteins of Vendome court will present their daughters, Carol Ann Robinson and Beth Howenstein, at a dance at the Country Club.

### Robert E. Thibodeaus Honor Engaged Pair

Mr. and Mrs. Robert E. Thibodeaus of Broadstone road were hosts at a champagne party Friday, August 12, honoring Dr. Maria Alberta Sertori, who married Dr. Carlo Bruni Saturday morning, August 13.

The bride and bridegroom are both from Perugia, Italy. She is the niece of Fr. Nicholas Maestrini. Dr. Bruni is doing postgraduate work at John Hopkins University.

Among the guests were the Italian Consul and Mrs. Giuseppe Della Croce di Jola, Judge and Mrs. Joseph Sullivan, Patricia Slattery, Marquis and Marquessa Piero Grossi, Mrs. Charles Gilmore, Mr. and Mrs. Piero Gillis, and Mr. and Mrs. Domenico Pucci.

### NO ROSY GLOW

White or a very pale tint is the best color choice for a dressing table lamp shade. The shade color casts its glow on your face when you apply make-up and can mislead you. Stronger colors can be used for shade trimmings.

### Mrs. Robert M. Major

The former MARY JANE SHERWOOD, daughter of Mrs. Earl C. Sherwood, was married Saturday in Christ Church to the son of Mr. and Mrs. Walter C. Major of Detroit.

### Engaged Couple To Be Honored

Mr. and Mrs. Valentine Guenther have slated a September 6 cocktail party in their Kerby road home to honor Kay Carse and her fiance, Robert Healy. On the 15th the Gordon Fords and Fenton Remick will be cocktail hosts. The bride-elect has also scheduled her bridesmaids' luncheon for the 15th at the DAC. Robert's parents, Mr. and Mrs. Carleton Healy of Lincoln road, will entertain at the rehearsal dinner at the Country Club on September 16.

### Hospital Guild Seeks Workers

Every Tuesday from 10 a.m. to 3 p.m. a group of dedicated Grosse Pointe women meet in the pleasant recreation room of the Grosse Pointe War Memorial Center, 32 Lake Shore road, to work on much needed supplies for Michigan's Children's Hospital. More volunteers are always needed and welcome. In addition to being a worthwhile activity the ladies see that everyone has an enjoyable as well as profitable time. At lunch time they break out their sandwiches and have a very pleasant little luncheon.

The Service Guild for Children's Hospital was originally

organized by Mrs. William (Pat) Powers of the Center's New Neighbor's Club and when that group was federated into the Grosse Pointe Woman's Club, the guild was sponsored by that group for many years. Now it is directly under Center sponsorship and welcomes all Grosse Pointe women interested in its work.

Mrs. G. Hinzman, current chairman of the Service Guild, says the ladies need much more help in making burn pads, prep sponges, mouth gags, 4 x 4's, etc.

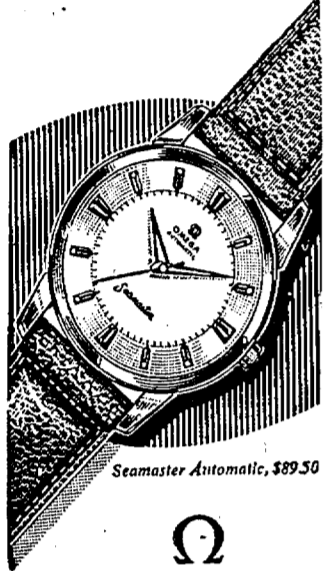

Volunteers earn recognition for their work. A cap is given

for the first hundred hours service and white stripe for each additional hundred hours thereafter. Those who have given a thousand hours receive a red stripe. Such dedicated volunteers include Mrs. J. E. Hinzman, Mrs. Frederick Frank Tendick, Mrs. Arthur Baylis, Mrs. Ray Richardson, and Mrs. Charles Koehn.

In addition to their many hours of service the Guild saves their nickles and dimes and from time to time contributes specially needed items to the hospital. Their gifts have included an incubator, baby tendas and plastic bath tubs.

**Center To Hold College Party**

The evening of Friday, September 9, from 9-12 o'clock, has been set aside for the traditional College Send-off dance at the Grosse Pointe War Memorial Center, 32 Lake Shore road.

All Grosse Pointers planning on attending either distant or local campuses are cordially invited to the party. For many, it may be the last time they will be together with their former classmates from Grosse Pointe High School, the University School or the parochial high schools.

The theme of the party this year is "To College By Bike." Guests are invited to come in tandems (couples) and standard date dress will be worn.

Earle Perkin's perennially popular Pointe orchestra will play throughout the evening and when the orchestra takes its breaks dancing will continue to favorite record albums. Until 11 o'clock the lakeside terrace and gardens will be open and lighted for dancing and strolling as well as the main floor.

Linda Libbey and Hank VanLunenburg are co-chairmen of this year's affair. Jane Price and Pat Hagland are in charge of publicity. Judy Coriveau is head of decorations which will, of course, feature the "bicycle built for two" theme, pedal pushers and handlebar antics.

Ralph Heikkinen and Patty Moran are forming a door and welcoming committee to receive the many couples expected to respond to the invitations being addressed and mailed by Art Miller, Paul Krogh, Vince LoCicero and Jim Thistlethwaite. Jim is also asking the chaperones.

Refreshments, served both indoors and outdoors on the terrace and pergola are included in the price of admission which is \$2 a couple.

### 111th Michigan State Fair Offering 10 Days of Fun

The spectacular Michigan State Fair, the Nation's oldest and one of the largest, will open its doors for the 111th time on Friday, September 2, and General Manager Donald L. Swanson anticipates a record breaking attendance of 850,000.

The State Fair will have a ten-day run concluding on Sunday, September 11. Last year nearly 800,000 went through the gates, only some 25,000 less than the record breaking 821,656 in 1956.

"With a break in the weather," Swanson says, "we should exceed all other years. Interest in the State Fair is at an all-time high."

This year's State Fair actually will extend for ten days plus the night previous, Thursday, September 1, when there will be a dazzling Downtown Detroit parade along with the official ribbon cutting and free broadcast program that night at the Fairgrounds. In other years, the parade and ribbon cutting were held Friday noon. But this time, for the first time in 111 years, the State Fair will begin complete ten-day operation when the turnstiles start clicking at 8:30 a.m. Friday, September 2.

Governor G. Mennen Williams will head the Thursday night procession starting at 8 p.m. at Woodward between Jefferson and Vernor. Then at 9:30 p.m. before the Grand-

stand he will officiate with the ribbon which will be followed by the crowning of Mrs. Michigan State Fair. A free band concert and other entertainment will conclude with a big fireworks display. The State Fairgrounds gates will be open to the public free of charge Thursday night at 6:30 p.m. but exhibit buildings will not open until Friday morning.

The first day of the State Fair, Friday, September 2, for the first time has been designated Children's Day with all the pie eating contests and other events on the program including reduced prices for children on the Midway rides.

Veterans will have their big day Saturday, September 3, climaxing by the naming of "Veteran of the Year." All veterans will be admitted free by wearing a service cap or upon presentation of identification.

The Rt. Rev. James A. Pike, Bishop of the Episcopal Diocese of California and one of the world's great religious leaders, will deliver the sermon at the tenth annual Sunrise Service on Sunday, September 4, at 8 a.m. when a crowd of more than 10,000 is expected.

Union and labor organizations will step into the spotlight on Labor Day, Monday, September 5, with a program arranged for the entire day.

This year Tuesday, September 6, will be Family Day when again there will be reduced prices for children on the Midway.

Governor Williams will be present Wednesday, September 7, for Governor's and Agriculture Day. He will tour the grounds and then participate in the Grand Champion livestock auction in the afternoon. At night he will crown the winning beauty queen as Miss Michigan State Fair of 1960.

Oldtimers, many as old as 90 or more, will be honored guests on Thursday, September 8, and will compete in contests throughout the late morning and afternoon at the Music Shell.

Friday, September 9, is a new day, termed Fraternal and

### Center Offers Bridge Lessons

The Grosse Pointe War Memorial Center, under the direction of Mr. and Mrs. Andrew Walrond, offers three weekly sessions of duplicate bridge competition each week.

The Center invites interested Grosse Pointers of all ages to participate. It is not necessary to have a partner; the directors will arrange one for you. One may come whenever he pleases and as often as he wishes.

There is a ladies duplicate game held each Monday at 1 p.m. in the Center's cool Veterans' room. The Wednesday night game at 7:30 o'clock each week attracts both men and women. Married couples as well as single people are equally welcome. A masterpoint session occurs once a month.

For those bridge players who have never played duplicate or are still novices at it, the Memorial, beginning Saturday, September 10, at 7:30 p.m., is resuming a more relaxed session where the Walronds will be glad to welcome all those interested.

Service Clubs Day, made possible by the re-arrangement of the various days and the naming of opening day as Children's Day. Then follows Teachers' Day on Saturday, September 10, and the wind-up comes on Sunday, September 11, with the huge International Day festival.

Again this year the Grandstand Show will be free two-a-day for the first nine days and the 250 Mile new stock car race will be held in the afternoon on closing Sunday, September 11.

Gigantic free fireworks displays will be held following the Grandstand shows on the evenings of Tuesday, September 6, Wednesday, September 7, Thursday, September 8, and Sunday, September 11.

The Coliseum will feature its traditional top stage shows. Pat Boone and the Lennon Sisters will carry on during the first four days and evenings, September 2 through 5. The show for the final three days and nights, September 9 through 11, will host a group of young stars including Brian Hyland, Brenda Lee, Johnny Horton, Jeanne Black, The Brothers Four, Johnny and the Hurricanes, Steve Gibson and the Redcaps, and Little Anthony and the Imperials.

Then there's the famed Fun Frolics in the Coliseum on the evenings of Tuesday, Wednesday and Thursday, September 6, 7, 8. Highlighting this free show is a horse show, the Detroit Mounted Police Drill Team and the nightly parade of champions from the Junior livestock and Senior Division judging.

At the Music Shell, continuous free entertainment holds forth featuring twice daily concerts by the world-renowned Royal Canadian Air Force Band. A total of 15 live television shows will be broadcast from the Music Shell starting at 9 a.m. daily Monday, September 5, through Friday, September 9, by Station WJW-TV. These are the Ed Allen Show, Faye Elizabeth and a special half-hour show "At the State Fair" starring Sonny Elliot.

Among the new exhibits to catch the eyes of the visitors will be the International Show in the Geodesic Dome and the 800,000 pound steam locomotive, permanently installed this year.

All in all, it amounts to ten days and nights of excitement, unusual activities and a chance to be proud when you see how Michigan leads in agriculture and industry.

### This Local Station Sells Gas at 1c Per Gal. Less

Grosse Pointers these days are being given an opportunity to choose between accepting a cash discount or the usual trading stamps when buying gasoline at one of the Pointe's largest stations.

Marcel D'Hondt, who owns and operates the D'Hondt Service, 20700 Mack avenue at Vernier road (8 Mile) in Grosse Pointe Woods, is now allowing 1 cent per gallon cash discount on regular gasoline in lieu of the stamps. D'Hondt says pumps are marked for the discount and that the innovation has proved to be a real success. The trend, according to D'Hondt, is for the cash discount.

D'Hondt, a graduate of Grosse Pointe High School, was born in Grosse Pointe and is a descendant of one of the region's early families. He says that while the trading stamp companies seem to be raising their costs to dealers they are also

### Police Tag Two After Accident

Two motorists were given traffic violation tickets by Woods police on Thursday, August 25, following an accident at Mack and Vernier.

Police charged Jane Carol Boyd, 23, of 90 Sunningdale, with not having her car under control and causing an accident; and Pietro G. Ricci, 43, of 13354 Young, Detroit, with leaving the scene of an accident.

An accident report revealed that Ricci was traveling north on Mack, and the woman, west on Vernier, when Ricci went through a red light and made a left turn into the patch of the Boyd car.

Ricci, police said, failed to stop and continued on Mack, where he was pursued and stopped at Mack and Hollywood by another motorist who witnessed the mishap.

Ricci was returned to the scene, and both accident drivers were given violation tickets.

### Youth Admits Stealing Car

The theft of a new car, stolen from a Park car agency last November, was cleared with the arrest of an 18-year-old boy by Detroit police on Wednesday, August 24.

Arrested in the act of burglarizing a Detroit gas station was Michael Wise of 1017 Maryland, who is being held for investigation of breaking and entering.

When notified of the youth's arrest, Park Police Chief Arthur Louwers assigned Det. Lt. Arnold Hough and Cpl. Charles French to question the teenager, who was being held in the Wayne County Jail. Wise confessed to taking the car.

Chief Louwers said that on November 2, last year, a new car was stolen from the Ted Ewald Chevrolet Sales, 15175 East Jefferson. At the time, there were reasons to believe that the youth was involved, the chief said.

When interrogated at the jail by Hough and French, Wise admitted stealing the automobile, and keeping it for his own use for a period of four months. He abandoned the vehicle after that time, he said, when he was pursued by police and jumped out of the car and made good his escape on foot. The auto was recovered and returned to the dealer.

Hough and French also said that Wise confessed to stealing a number of hubcaps from cars parked in St. Ambrose Church parking lot over a period of time; and to stealing tools from another car dealer agency where he had worked part time.

Wise told the detectives that after stealing the car, he would park it in secluded areas, away from the Park and other Pointe communities, and while it was in his possession, he avoided driving in the Pointe.

Chief Louwers said that his department has a warrant for Wise's arrest.

### ESTIMATED FIRE LOSSES

Estimated fire losses in the United States during June amounted to \$82,829,000, the National Board of Fire Underwriters has reported. This represents an increase of 6.4 percent over losses of \$77,867,000 reported for June 1959, and a decrease of 4.7 percent from losses of \$86,940,000 for last May.

Losses for the first six months of 1960 now total \$573,971,000, an increase of 2.3 percent over the first six months of 1959, when they amounted to \$560,866,000.

### Pointe Artists To Hold Exhibit

The members of the Grosse Pointe Artists Association under the chairmanship of Mrs. Elizabeth Dulmage of McKinley avenue are busy finalizing plans for their fourth Annual Outdoor Art Exhibit to be held on the grounds and in the gardens of the Grosse Pointe War Memorial Association the afternoon of Saturday, September 10, from 1 until 5 p.m.

The exhibit will be postponed until the next afternoon Sunday, September 11, in case of rain and should it rain on Sunday will be held inside the Memorial.

Mrs. Dulmage wishes to announce that this will be the Grosse Pointe Artists' first "juried" festival. All works of art displayed will have to pass the approval of professional artists of high standing—Edgar Yaeger, Marco Noboli and Stephen Chizmark.

Invited to display their works are art teachers and professionals as well as members of the better known painting group in this area. Only original works of art will be displayed.

Besides water colors and oils, the graphic arts—lithography, etchings and pen and ink work will be on view. Also included will be sculpture, and in the craft field ceramics, silver, and enamel work will be represented.

The only work of non professional caliber which will be permitted will be an area showing the work of Grosse Pointe children in the Memorial's Art Classes.

In the Center's formal gardens rapid portrait artists will be on hand for those who wish to avail themselves of their talents.

The pergola overlooking the lake will be set with tables where light lunch or refreshments may be obtained.

The whole scene will be most colorful, the beauty of the setting being enhanced by the many art forms and the bright smocks of the Grosse Pointe Artists Committee on duty.

The Grosse Pointe public is cordially invited free of charge to view and enjoy the Art Festival at 32 Lake Shore. Some of the works will be able to be purchased.

**GROCERIES STOLEN**

## Shores Garden Club to Meet

Mrs. Arthur Hirt and Mrs. Robert Patterson will assist as co-hostesses.

## LITTLE FOLKS' CLOTHING

The small child is encouraged to dress himself with easy-to-manage clothing. Home economists at Michigan State University say front fasteners are best for little fingers. Large buttons or easy-to-work zippers are better than snaps or hooks and eyes. Grippers are simple to handle but need care in washing to keep them from bending.

## Kids' Theater Group Forming

The War Memorial's Grosse Pointe Children's Theatre under the direction of Mrs. Sydney Reynolds will start a new semester of activities at the Center with enrollment Friday, September 9, from 3:30-5:30 p.m., and on Saturday, September 10, from 9:30-11:30 a.m.

All young people in the Pointes between the ages of 7 and 17 who are interested in learning and participating in any phase of the theater are welcome to join.

Mrs. Reynolds, formerly of the Liggett School faculty, is assisted by Ruth Ann Justice as musical director in running the Children's Theatre. The young people are usually divided into three groups—beginning, apprentice and advanced. They study voice culture, diction, pantomime, characterization, lighting, make up, sound effects and general stage craft. For the younger ones, Creative Drama is developed from well known stories. Dancing and singing are coordinated in many of their productions.

A semester with the Children's Theatre lasts 15 weeks during which 30 hours of instruction are offered on Saturdays plus rehearsal and play production time for a total fee of \$36.

Small productions are given in the Center where class work is done and where sets are constructed in the garage. For their more ambitious undertakings the Children's Theatre moves to the Grosse Pointe High School Auditorium.

Currently, last year's Children's Theatre members are reading "Greensleeve's Magic", "Han's Brinker and The Silver Skates", "The Plain Princess", "The Magic Apple", "Heidi", and "Snow White and the Seven Dwarfs" with an eye toward possible production of these plays this year. They have a stiff task before them to match their last performance of "The Wizard of Oz" with original script and score by one of their former members, Bob Hunter.

Though in no way does the Children's Theatre pretend to train professionals or act as a theatrical agency, the fact remains that radio, television and movie companies are constantly coming to its doors to enlist the services of competent young performers. Many a Children's Theatre member has found his week-end or summer profitable, highlighted by appearances at Northland Playhouse, with local movie concerns, and even on national radio and television shows. The Grosse Pointe Children's Theatre is affiliated with the National Children's Theatre Association and has very high standards.

## TIP FOR GARDENERS

Are the handles from your garden tools getting to look like relics from the past? Here's an easy way to freshen them up. Rub them with linseed oil. Give them several successive treatments. You'll be surprised. And before you put them away in the fall, give your garden tools an all-over rub with linseed oil; it prevents rust on the metal parts, and it prevents the wooden handles from drying out and shrinking. Wooden ladders too will profit from an annual treatment with linseed oil.

## A BIT OF COLOR

Fish takes on color appeal if you sprinkle it with paprika or buttered bread crumbs before baking or broiling. Mary Coleman, foods and nutrition instructor at Michigan State University, says this promotes rapid browning without over-cooking the fish.
