Thursday, November 3 A MAJOR DEBATE was brewing in Britain today following Prime Minister Harold McMillan's announcement that Britain had granted a service base 30 miles north of Glasgow to Polaris-equipped American submarines.

Thirty-two members of Labor opposition introduced a resolution in Parliament complaining that the base would present "grave dangers" to Britain and that the country would not have adequate control over submarines using the depot. The subject may arise in Parliament next week.

A BRILLIANT YOUNG professor, former member of the University of Michigan physics department, won the Nobel prize for physics. Professor Donald A. Glaser, 34, now with the University of California at Berkeley, received the award for conceiving and developing the now-famous "bubble chamber." It is a sort of window to the atom which enables scientists to mass-produce photos showing what happens during the process of atom-smashing, The research began with an experiment involving \$5 worth of equipment and six bottles of beer. A total of \$35,000,000 a year is spent now throughout the world in research using the bubble chamber.

Need a New COUNTER TOP?

It is surprising what a new counter top can do to perk up a tired looking kitchen. But, in so many cases homeowners just don't do anything about it because they are reluctant to get embroiled with separate agents such as carpenters to rework the counters, plumbers to rework the pipes and fixtures, electricians to rework the wiring and outlets. That is where A. L. Damman really shines because all these services are rendered by them. In other words the homeowner deals with one responsible party for the whole operation. In addition the homeowner will find a challenging selection of counter top materials of many types that Damman's has been installing for years. We invite you to take advantage of our free appraisals. attorney said that the Center officials want to proceed with construction of the William H. Fries Auditorium, which will have a 450-seat capacity. Plans and programs call for parking space for about 150 to 170 automobiles, which will cover about 90 per cent of the parking problem, Munson said. In July 1958, the Center

sought to expand the existing parking lot, fronting on Lake Shore, but was met with opposition by Mrs. Julian P. Bowen of 40 Lake Shore, whose home is east of the War Memorial Building, and Henry Bodman, whose property is next to Mrs. Bowen's.

Obtain Injunction

Through her attorney, James Miller, VA 2-7200.
K. Watkins of 210 Cloverly, Mrs. Bowen obtained a Circuit Court injunction which restrained the Center from carrying out its plans.

At Monday night's meeting, Mr. Watkins, who was present, stated that his client opposed the lot expansion and still does.

Munson stated that as the law stands, parking is permitted in the "back yard," but the "front yard" could be developed far better. The Center will build the auditorium on the westerly section facing the lake. Creation of a parking lot in the "back yard" would mean using the beautiful lakefront terrace which is now used extensively for outdoor activities

He said that if the Center could get permission, it will build its parking lot next to that of Memorial Church, where the Center has an advance clearance with the church and the Little Club to use their parking lots to handle the parking problem, and they in turn could use the Center lot when needed.

Question Legality Councilman Henry Bodman, III, brought up the legality of the present use of the Center lot for parking and asked City Engineer Murray Smith if a permit for the construction of

the lot was ever issued for such

development Smith said that he could not remember, but it might be on ecord that such a permit was issued. He said that it was only about five years since permits were issued and records

Bodman then stated that he vas elected to serve the people of the Farms, as were the other members of the council, and that he could not see how he could vote for a variance of the law. He said he was responsible to the people of the community, and was opposed to expanding the parking lot and the construction of the auditorium because it would tend to change the character

of the neighborhood. Munson pointed out that the people living in the area, are in an area where there are churches, parish houses, clubs and so on. The character of the neighborhood would not be

We wouldn't go so far as to say that your life is an open book when you're seen in the company of a new Cadillac car.

But we will admit that at least a few of the pages have been turned.

For a Cadillac indicates-with unmistakable clarity and eloquence—the virtues

that lead a man to the "car of cars". Beautiful, distinctive and substantial-

it reflects his personal achievements . . . and reveals what he has made of his years.

Gracious, spacious and luxurious-it denotes his desire for comfort . . . and his concern for the well-being of his family and passengers.

Practical, sound, and desired - it evidences his good judgment . . . and his

awareness of true value and quality. And if a Cadillac has historically cast

such credit on its owner-how much more grandly it will do so in 1961! For the car now offers more of everything

to inspire the admiration and respect of those who behold it.

Its styling is graceful as never before. Its interiors are remarkably generous in every dimension. And its performance and ride make every journey a miracle of motion. You ought to inspect and drive this 1961

Irate residents of Allard and Safety Commission consider Stanhope told the Woods City moving the traffic barricade to Council November 7 that oneway signs and a barrier directing traffic from Allard to Stan-hope are constituting an inconvenience and a hazard.

In a petition signed by 13 people, the residents complained that this traffic detour is causing the Allard-Stanhope alley, on which their homes are located, to be used as a side street and main thoroughfare.

Many of the complainers appeared at the Council meeting to tell councilmen about the poor condition of the alley. It is too narrow, too filled with chuck holes, and too dusty, they said to be used as a throughway for which it was not in-

Pierce School To Give Plays

By Mary Kay Brady Ninth Grade student reporter It's 9 o'clock on November 18; the house lights dim for the 8th and 9th grade play. As the AMERICAN-Standard cast quietly goes on stage, the GAS BOILER prompters take their play books in hand. Mr. Mason gives the cue; the curtains open, and "The Tantrum" begins. The cast, one by one, display their talents. The audience enjoys, first-Malinda Schaill as Bunny Hawthorne, then-

John Montgomery as Tim Hawthorne, Gretta Miller as Cousin Geneva, Lydia Leacock as Paula Ryan, Jim Large as Roger Ryan, Dave Ronaldson as Allan Kennedy, Beth Althaus as Great Aunt Linnie, Bitsy Boyer as Prunella. Bob Turner as Wallace, Bob Rosenow as Eddie, and Debby. Alcott as Mary Ann.

Barbara Surbrook stands on cue with me, ready to prompt the players. We're not needed, for the play goes smoothly and another success is added to the many of the Pierce Players.

Mr. John Mason is faculty advisor of ninth grade dramatics and the in between act skit. This year it is entitled "A Cutting." The plot is centered around two elderly sisters with murder as a hobby. They are portrayed by Diane Brink and Sue Patterson. Their brother Bill David and Cousin Tom Conway aid in getting specimens for their hobby. However, Rick Locke and Larry Kennedy, unfriendly policemen, wish to put an end to the hobby. John Haberkorn plays a doctor trying to help the sisters. The narrator, Carol Stephenson, sets the background for "A Cut-ting". The skit proves to be most amusing.

The seventh grade play is entitled "Ghost by Moonlight". The plot concerns a city boy who has determination to prove play is: Jack-Robert Gonas; Freddie-Ken McIntyre; Tony -Rick Ludwig; Ralph - Art Waters; Harriet-Anee Elmer; Lola-Emily Swartz; Jean-Pat Jahn; Susan—Barbara Kimball: Maggie-Debbie Johrson.

The setting is in a supposedly haunted house where Jack's friends plan to test him. This results in frantic fun and an amusing play. Mrs. Ann Grindstaff is the faculty sponsor of seventh grade.

The Dramatics Department extends an invitation for you to be present on November 18, for the Pierce Evening of Plays.

Mrs. Newcomb said she hoped at least one representative from all the different women's groups in Grosse Pointe, and someone from each church would attend this important training program. She said for further information to call TU 5-3808 or TU 5-0271. The course will run four Mondays, and will be just as informative and far more detailed than the Home Protection Workshop.

The last session of the Workshop had four experts for in- Street Lights structors instead of just one Fire Chief George DeCaussin of Grosse Pointe Park; Chief M. William Mason of the Farms; Safety Director Vern C. Bailey of the Woods; and Chief Frederick Duemling of the Shores each took a particular phase of the ever present danger of fires in the home.

Chief DeCaussin spoke on Prevention and Inspection. He thinks the main dangers are from defective wiring and fuses, saving discards around the house instead of getting rid of and careless smoking

Chief Mason spoke on fire fighting. He advocated the A B C Fire Extinguisher for all types of fires. He told of a new C O 2 water extinguisher, and also said the Falcon, the Everguard, and the Dictograph were excellent. He stated emphatically that under no circumstances should anyone use a Carbon Tetrachloride extinguisher. Their fumes can kill And he told of a new inexpensive Freon Gas Home Fire Alarm System.

Director Bailey said it was no laughing matter that he had chosen the subject, Baby Sitters. The fire and police departments have had too many calls involving baby sitters to take this subject lightly. He said people should select trustworthy sitters, instruct them in detail, leave phone numbers submitted its plans for four where parents could be reached, an emergency phone num- which were to be installed this ber in case of an accident to year. the parents, and that everyone should have the police and fire department telephone numbers

Richard showed many of his souvenirs along with his talk which was followed by a 15 minute film on the camporee which was interestingly narrated by Karl Sims, Richard's father.

The meeting ended with a ceremony on our freedoms which was presented by the Cub Scouts in Den 5 and their Den Chief, Dennis Duika. The ceremony ended with an appeal for everyone to vote in the upcoming election.

Cub Scout Pack 481 will collect for the Michigan Cancer Foundation during November. White cotton goods such as towels, sheets, pillow silps, nap-kins, shirts, etc., will be col-lected for use as pads and dressings. Anyone wishing to donate such material can call Mrs. Barker at TU 5-2769 and the material will be picked up from them.

Republican Club Meets Nov. 17

Club of Grosse Pointe will hold its monthly meeting at the grims' landing. Country Club of Detroit on Thursday, November 17. Sartell Prentiss of Dobbs Ferry, New York, noted economist, writer, and lecturer, will be the speaker. His subject will he, "Why The Mayflower Compact Failed-The Real Story of . Thanksgiving.

Using Governor Bradford's History of Plymouth Plantation" as a base, Mr. Prentiss will discuss the timely lesson to be learned from the failure of the Pilgrims' three year experiment with collectivism.

"Contrary to much current statement," says Mr. Prentiss. the first Thanksgiving was not held while the Mayflower Compact was in force. The Compact's idea of common ownership brought the Pilgrims close sults, were brought about when to extinction, and it was only after turning to the concepts of private property and Individual liberty that the Pilgrims had anything to be thankful

> Mr. Prentice contends that much of this great lesson of our historical past has been either forgotten or deliberately overlooked in today's preoccu-

Stop Crabgrass Before It Starts

The seeds from last year's bumper crabgrass crop are already in the soil. If they mature, crabgrass will get a stranglehold on your lawn. HALTS* to the rescue! One winter application with the Scotts

Spreader creates a "barrier" on the soil's surface, that curbs crabgrass as it sprouts. HALTS grub-proofs the soil, too. A half-hour well spent! More and more folks are coming to us for advice on improving their lawns through an easy-to-follow Scotts Program. Come in anytime. We'll be glad to prescribe the correct Program for your lawn.

Hatchet Burying Time

By the time this issue comes off the press the tumult and the shouting will have died and the voters will have had the final say that told the candidates they were either winners or losers. The roar of the fired-up crowds who made the campaign the most exciting in history, will have subsided to the groans of the defeated and the husky jubilance of the victors.

No matter who came out with the majority of the votes, the important thing now is for all to remember that the welfare of each tiny hamlet in the country, of every township, county, state and of the nation itself, is far more vital than the personal disappointment or elation of any individual. This welfare depends upon the wholehearted cooperation of all the citizens, winners and losers alike.

The battle is over and the bitterness and recriminations should be put in mothballs with the voting machines and other balloting gadgets which won't be needed until the next election comes around. The time is here for us all to rally around the candidates who have proved they were the choice of most of the people. Give help where you can. Be critical if you must, but only if the criticism is constructive. And if you failed to vote, you haven't much right to voice any kind of an opinion.

Which reminds us of the sign we saw at the gas station in the east end of town. It was mounted on a cage which contained a large goose and conveyed this pointed message:—"I am a goose. I do not vote. I only squawk!"

Letters to the Editor

To the Editor:

I have read with great inter- ceived that Monday night, est Mrs. Kent Tewel's letter to you condemning the recent TV of your newspaper a sincere program entitled "Let Him "thank you" for helping make Cast the First Stone." I share the 1960 Halloween celebration her views completely. The pro- one of the most successful ever gram obviously appeared to be slanted against the home owner, for whose position no one spoke a word.

After, all, the home owners although cast as the villains in the program, would seem to have a great deal of right on their side of this dilemma. I am no advocate of prejudice, but if I should ever sell my Grosse Pointe home I would not want my neighbor to have a right to blame me because I had sold it to a family whose ownership would harm his real estate value. I believe I should have the privilege of selling to whom I choose regardless of race, color or creed, and that every right minded home owner should resent the current war

against his freedoms. I have only one point to add to Mrs. Tewel's letter. I agree with her that the Rev. Arnold Johnon's submission of Jesus Christ to a real estate grading sheet on the program was sacriligious. What she did not bring out however was that his presentation appears to have been a misrepresentation. I am told that the grading sheet used by the committee of Grosse Pointe real estate men contained a sentence to the effect that a station in life of sufficient eminence could be capable of producing a passing grade in spite of all other considerations in the report. It seems obvious of today with his present eminence who would be graded by current standards for the Grosse Pointe of today. I also understand that Mr. Johnson preached a sermon last spring To the Editor; on the same subject and that he admitted at that time that the sentence quoted above had not escaped his notice. Cne might think that John Daly, who conducted the ABC program, may not have realized that this was a subterfuge. However, the omission of the home owners' viewpoint was so pointed throughout the program that it seems unlikely that Mr. have been acceptable if un- telligently. biased.

I have appreciated the fine editorials in the Grosse Pointe News in behalf of home owners' rights. Too few home owners are speaking for themselves. If we don't speak up we may lose our freedoms by default. Home owner,

Joseph G. Hoffer.

POLICE - HELP! HELP! I am a G.P. Park home owner and taxpayer. I maintain it is a serious matter that we have an under-paid police department with an unsatisfactory pension plan. These men are not eli gible for social security. Just compare the salaries of less wealthy cities in the country with ours. The Park, the richest of the Grosse Pointe communi tles, is the one doing the least

for the Police department. Do we honestly think it is economical to underpay these men? The result is unhappy officers who cannot work enthusiastically for our good. The closed budget is a poor excuse

that can be easily remedied. Come on Park citizens, rise up and insist that justice be that it must be the Jesus Christ | done. Give our police depart ment something to be proud of while serving us.

On behalf of the Citizens Park Improvement Committee I should like to thank you for the excellent coverage the News has given to the City's Park Improvement Bond Issue.

Never use drugs left over from a serious illness for self-treatment of a similar ailment. You see, modern drugs are highly potent that's why we dispense them only when your physician prescribes. If you dose yourself with leftovers, you may do serious damage. It's a good idea to pour the remains of old prescriptions down the drain and destroy the bottles.

Mr. and Mrs. John Bockstanz arrived home from California and Nevada to learn that their daughter, Sherry, will be leaving December 31 for New Zealand.

Sherry, who is a junior at GPHS, will be sponsored by the American Field Service for her 8 months down under. She will be staying with the same family, Dr. and Mrs. G. B. Orbell, that another Pointer, also AFS sponsored, lived with until last August. Jim Cruickshank was the Orbells guest for eight months while he attended school with their son, Michael.

The Orbells found this experiment so successful they requested a girl from GPHS for daughter, Fancie, and Sherry was selected from a large group of applicants. She will arrive during summer vacation at Invercargill in the South Island of New Zealand, and start the new term, in the all girls' school, with Francie, period.

Her father, John Bockstanz, will be making a trip across the Pacific in June, but thousands of miles away from his daughter. As incoming president of the Detroit Rotary Club he will be attending the international convention in Tokyo.

Handicapped League Sale

The fine handiwork produced by the Detroit League for the Handicapped will go on sale Tuesday, Wednes-day and Thursday next week at the Women's City Club.

Just in time for holiday buying will be the beautiful linens, children's clothes, sweaters, travel items, aprons and baby layettes which the League sells.

Mrs, John R. Decker is chairman of the sale assisted by Mrs. R. Jamison Williams, Some of the Pointers working on the sale include Mrs. Ross Wilkins, Jr., Mrs. Jack Fraser, Mrs. Lloyd Marentette, Mrs. John Pingel Mrs. Wendell Goddard, Mrs. William B. Canfield, Jr. and Mrs. Gerald Dewhirst.

The gentlemen lending behind the scenes support include Don E. Ahrems, Glenn Coulter, Dr. Harrison Sadler, George Way Williams, Dr. John J. Lee, Frank Armstrong and A. P. Bartholomew.

Telethon Volunteers

Vice-President Richard M. Nixon's telethon Monday was an exciting experience for over 50 devoted GOP volunteers in the Pointe.

William Moll called president of the Junior League, Alumnae of Liggett School, Mrs. H. B. Aarons, among others and they gathered a group to answer telephones and type questions for the presidential candidate.

Holiday Tea Dance

Last season's Sigma Gamma-Tau Beta joint tea dance was such a success that the two groups have com-bined again. This year the date is November 24 and the place, the Little Club.

Mrs. Dan Loveland is chairman for Tau Beta and Mrs. Frank B. Ware is handling details for Sigma Gamma. Jack Rosavere's orchestra will play for dancing from 5 to 9 for the festivity.

Audience to Act For Pointe Players

Members of Jury for "Night of January 16th" to be Chosen from Audience on November 17, 18 and 19; Mothers Club to Benefit from First Night

Members of the audience will be chosen to form the jury for the Pointe Players production of "Night of January 16th" which they will produce November 17, 18 and 19 in the Grosse Pointe High School auditorium.

In the play a jury of twelve chosen from the audience, sworn in and seated on the stage will decide "Guilty" or "Not Guilty" in the stage trial of Karen Andre.

The jurors' pay for their night of decision will be money back on their admission tickets. When the play ran on Broadway such famous people as Babe Ruth, Helen Keller, James Roosevelt, and Jack Dempsey were among the jurors chosen from the audience.

The case challenges fundamental beliefs and the verdict inevitably arouses arguments. Only two verdicts in the whole Broadway run were unanimous. Actually it is the jury that is put on trial, not the character, Karen Andre.

The play was written by Ann Rand, author of two best sellers, "Fountainhead" and "Atlas Shrugged." It is based on the suicide of Ivan Kreuger, Swedish match king and financial juggler who was rumored to have faked death and departed to South America.

The late Percy Hammond dramatic critic of the New York Herald Tribune, had this to say about the play, "I have the word of no less an expert artist and showman than George M. Cohan that "Night of January 16th" alternately chilled of McKinley avenue, has been and fired his blood with the named to "Who's Who in Amer-

has come within his experience.'

Proceeds from the first night performance, Thursday, November 17, will be given to the Mothers' Club Scholarship Fund which is available to students in need of financial assistance to continue their studies after graduation.

The fund is administered in the form of financial grants and is at present giving aid to 12 graduates of Grosse Points High School in various Michigan universities and colleges.

For more than 16 years the Pointe Players, now in its thirty-second year, has followed this tradition, donating the proceeds from the opening performance of each of its two yearly productions to this fund.

This year's cast includes Elise Backinger, Dick Flaherty, John Ditzler, Judy Maynard, Bob Ament, Barbara Marx, Bill Damon, Ann Hock, Rick Axsom, Kip Selmeier, Sue Shaw, Noreen Theuerkorn, Dale Anderson, Chris Brett, Ann David, Liu Myhre, Paul Boulanger, Jim Hunter, Ed Hatch, Darcy Pulliam, Diane Menendez, Steve Landers and Bill Duell.

To assist with ticket sales for the benefit performance, a committee of 154 room mothers and 20 sponsors are under the chairmanship of Mrs. John Bockstanz. Tickets will also be drama's agues and fevers, more available at the door, admission than any other masterpiece that 75c.

AAUW To See African Slides

A red letter date for members, husbands and friends of the Grosse Pointe branch, American Association of University Women, Looms on the calendar for Thursday, November 17 when they will be given the first Grosse Pointe show-ing of the Wallace Temples' colored slides taken on their recent trip to Africa.

International Relations Group, of which Mrs. Temple long has been a member, presents the Temples for the November general meeting at the War Memorial Center at 8 p.m. Chairman is Mrs. Watson I. Ford, and refreshments will be served by Mrs. Edward Bunn and her committee.

The Temples are inveterate world travelers and Mr. Temple has been perfecting his technique in photography each year since he made his first colored movies in Mexico in

On this three-month trip they took over 900 slides, mainly in East, Central and South Africa, from which the selection will be shown to A.A.U.W. Mrs. Flora Temple, formerly a history teacher, will give her impressions of the trip along with her interpretations of the African scene after the start of the Congolese independence upheaval. As a trained observer, she keeps a careful diary of her travels. Temple will give a running commentary on the slides.

After flying from Athens to the capital city of Nairobi, in Kenya, Mr. Temple, an avid mountain climber, set about to realize a long-held ambitionthe ascent of nearby Mt. Kilimanjaro in Tanganyika.

The five-day climb to the peak at the hazardous altitude of 19,360 feet was made with the aid of a guide and four porters. Meanwhile, Mrs. Temple remained at the base of the mountain in a lovely little resort hotel, The Kibo, surrounded by flame vine, bougainvillea, lantana, poinsettias and

Wellesley Club To See Exhibit

Wellesley College alumnae in the Detroit area, for their meeting on Tuesday, November 15, ber 11, at 8 p.m. will be taking advantage of the opportunity presented Detroiters by the Detroit Institute of

They will gather at the Institute to view the "Masterpieces of Flemish Art," the multi-million dollar collection brought especially from Bel-gium to be shown in this country in Detroit.

Mrs. John S. Hammond, of Cambridge road, chairman for he Wellesley Club's afternoon at the exhibition, reports that Oakland County Wellesley alumnae have been invited to join the local group in the tour of the galleries, which will start at 2 o'clock. Speakers from the Institute's staff will elaborate on the fabulous display of art treasures.

Following the tour there will be tea in the Founders' Society Lounge, where the table will e centered with an arrangement of fruits and flowers in keeping with the themes of Flemish art.

Interest in the Flemish exnibit is in itself reason enough for the Wellesley Club to gather at the Institute, but the Wellesley alumnae have other links with the Detroit museum:

When, last year, the eastern vomen's college opened its new lewett Art Center on its camous near Boston, the brochure prepared for the dedication ceremonies contained articles by several national leaders in fine arts—among them one by Dr. Edgar P. Richardson, Director of the Detroit Institute.

On the Detroit Institute staff is Miss Ann K. Haggerty, of Renaud road, a graduate of

Supporting nuscles lose tone and strength - Result: sagging bustline.

.....Atrophyills Back side is first to show loss of firmness and shape.

Why?ATROPHYICH WAIST

Again loss of muscle tone, firmness and shape. Eventually abdominal muscles (nature's "living girdle") collapse. Result: Loss of waistline, protruding tummy...the "matronly look."

Same thing: Firmness goes, then shape, then flabbiness...youthful contour disappears. Why?ATROPHYING

TRIGHS First signs appear on back side (note: stand straight when checking this area in a mirror. Also take a few steps.) Also watch the bathing suit line. Watch for loss of firmness—this is always followed by loss of shape...then flabbiness.

ATROPHY (pronounced At'-ro-fee)

ATROPHY is the wasting away and deterioration of living fiston. Alrephy is coused dis-use...the lack of proper physical activity. The symptoms area tissue loses firmness...then shape...the next stage can only be described as just plain FLABBINESS...and eventually, even feebleness!!!! Automation and pesh-button Rving have made atrophy a glaring, every day problem?

***PROGRESSIVE, CORRECTIVE CONDITIONING is the only way to quickly restore firmness and shape...to "liven" up the tissue...and to regain youthful

***PROGRESSIVE, CORRECTIVE CONDITIONING will shape, trim and firm the arms, legs, and body; will help normalize the bodyweight and proportions. ***PROGRESSIVE, CORRECTIVE CONDITIONING will increase flexibility and suppleness, strength and endurance, and create the energy and radiant vitality. that comes with physical fitness.

***Colleges and universities have spent many years studying the effects of various forms of physical activity on the human body. The statements on PROGRESSIVE, CORRECTIVE CONDITIONING are based on this research! on hour to an hour, just two or three times weekly is all it takes

Blue Devils Close Season By Defeating Allen Park

"We certainly have made it an interesting season for our fans." That was the statement made by assistant coach Ernie Bauer after the Blue Devils had squeezed out a 20-13 cliff hanger over non-league opponent Allen Park on the local gridiron last Saturday, November 5.

It marked the second time in two years that the Devils were kickoff. Lew Ewald started the forced to go all out to win the finale against the Shamrocks. The win gave the Blue Devils a 4-3-1 record for the season.

The Blue Devils were heavily favored to take the Shamrocks handily and head coach Ed Wernet had visions of substituting freely and reward the second stringers for their season-long loyalty and hard work.

But like last year the Shamrocks had no intention of bumping heads with the subs and kept the outcome of the game handing fire right up to the final two minutes of play. Allen Park had no chance of winning the game but appeared determined to salvage at least

Missed Kick Hurts Dave Veenendaal could have iced the game early in the fourth period had he made good on the conversion after the Devils had cracked a 14-13 game open with their third touchdown. The kick was wide and left the Shamrocks with an opportunity with 9:59 left in the game. Because of the missed kick some subs will miss earning their letter thus reducing the number of returning lettermen to the 1961 Devil

Grosse Pointe opened the scoring the first time it got its hands on the ball in the first quarter after Allen Park had taken the opening kickoff and driven to the Devil 34. Twelve plays later, with the help of a 15 yard penalty and an 8-yard pass from quarterback Randy Allardyce to end Mike Miller on the goal line for the touchdown with 53 seconds left in the period. Veenendaal split the upright to give the Devils a 7-0

Parkers Tie Score Allen Park came right back and tied the score midway in because he stepped out of the second quarter when it capitalized on Allardyce's fumble on his own 35. Two line plays, a 4 yard pass from quarterback Larry Nickels to end Ernie Svaluto and a 31 yard heave from Jan Firek to Nickels in the end zone closed the gap. Firek booted the extra point to tie the score with 7:38

drive with a 13-yard smash through the line and then was on the receiving end of a 14yard pass from Rick Brydges on the Shamrock 40.

Caught from Behind He tip-toed down the sideline 36 yards to the 4 where he was pulled down from behind. Jim Kolp crashed over for the score on the next play at the 9:59 mark of the quarter. Veenendaal added the extra point to give the Pointers a 14-7 lead. Allen Park came right back and drove 67 yards, after the kickoff, with fullback Darrell

Ore climaxing the 13-play drive with a plunge from the three inch line. The Devils had halted the attack for two plays inside the one foot line before Ott hurtled into the end zone.

Firek's boot was wide and the Devils held a 14-13 margin with 1:46 left in the third quarter. The drive was featured with a fourth down fake punt gamble which gave the Shamrocks a new life on the Devil 43. Bob Trahey's circus catch of Nickel's 21-yard aerial on the Devil 5 drew praise from both benches. The pass was labeled "interception" but Trahey came from out of nowhere to snare the ball with a diving catch.

Drive for 76 Yards Grosse Pointe scored its third touchdown early in the final period on a 76-yard sustained drive of 12 plays with Tommy Thompson diving over from the three inch line with 8:26 left in the game. Veenendaal then missed the extra point when his kick sailed to the left of the uprights. Actually the Devils had scored a touchdown on the second play of the series. Brydges hit Kolp with a 6-yard pass and Kolp raced down the sideline only to be called back bounds on the Pointer 42.

Seconds later the Shamrocks took to the air and were threatening when Lew Ewald intercepted Firek's pass on the Devil 20.

Still determined Allen Park stopped the Devils cold and forced Veenendaal to punt for the first time in the game and the Shamrocks took over on the The Devils threatened late Devil 48. Four plays ran into a rock ribbed Devil defen 77 yards to the Shamrocks' 2 lost 2 yards and the Pointers took over at midfield. Lamphere Wins Over GPUS

bled the Black Knights of GPUS 40-7 last Friday, November 4, on the GPUS grid-

The only claim to fame the Knights had in this game was the fact that they were the econd team to score against the powerful Lamphere squad which had allowed only one touchdown prior to the GPUS

The GPUS score came early n the third quarter after Lamphere had built up a comfort-able 34-0 lead in the first half Quarterback John Adair notched the Knight touchdown on a two-yard quarterback sneak after he and Lynn Walker had sparked the 40-yard four-play drive with runs of 23 and 17 yards, respectively. Adair also collected the extra point on a plunge over center. Lamphere jumped off to a

two touchdown lead in the first quarter when Dan Resil scored twice and added the extra points. Three touchdowns were added in the second quarter when John Beach went 37 yards on an end around play, Duard Hardy plunged seven yards to climax a 40-yard drive and Bob Hildreth circled end for 34 yards following a GPUS fumble.

Duard Hardy added the final touchdown when he intercepted a GPUS pass and raced 47 yards to pay dirt.

Lamphere held GPUS to a mere 32 yards in the first half nue.

Undefeated Lamphere but the Knights came back chalked up its eighth straight fired up in the second half and football victory when it tum- rolled up 105 yards in the final two periods.

GPUS was minus its star fullback, Sandy "The Horse" Coe, who was still hobbling on a sprained ankle suffered a week ago against Birmingham Groves.

The Knights will complete their season next Friday, November 11, when they travel to Detroit Country Day School to take up their traditional annual battle. Game time will be 3:30 p.m.

When grants of land were handed out by the French government in the late 18th century they were measured in arpents and Jean Baptiste Vernier had some of the choicest arpents around.

His land was part of claim 156 on the lake, south of the road which now bears his name. In 1808 the court settled his claim, since there was some confusion after the American revolution. Baptiste Comparet was brought forward as a witness to Jean Vernier's claim for 240 arpents of farmland, bounded by the lake, in the rear by unconceded lands and on the northeast by the land of Pierre Bonhomme, on the southwest by Laurent Griffard's land. The witness swore that Vernier had lived on this land since July, 1796.

In 1825 Vernier received notice from James Madison, president of the United States, that the land was his. Later that year he sold the property to Laurent Vernier for \$100 annually. On the land then was a "mansion house with barns, orchards and farm.'

Verniers held the land until 1876 when it was sold to Joseph W. Harris by the estate of Lawrence Vernier for \$775. There were quite a few heirs of the Vernier estate and this parcel of land, containing 4.25 acres, was one of many in dispute.

Charlotte Vernier, administrator for the estate, testified that the estate owed \$300 and that there was no property worth mentioning but this parcel. One hundred years before the Verniers had owned hundreds of acres but this seems to be all that was left.

Evidently the property was sold at public auction few of the goodles which will to Harris and estimated to be worth \$1,500. Philip J. W. Van Dyke was the auctioneer and the abstract lists that half of the \$775 was paid in cash, half in two years with interest. There is also an affidavit that the sale notice was published at Pagel's Saloon on East Jefferson avenue, at Weaver's (on Fisher road); at George Moran's Inn and at Victor Vernier's. With the property went the house in which Charlotte Vernier lived. There seemed to be a prior claim of a Laurence Depew who claimed to have bid \$220.26 but his claim was settled in favor of the

When Charles Saltzer bought a lot two years ago on Robert John road he didn't realize what problems he was creating. The lot is half in Wayne County, half in Macomb. He pays two different property and school taxes. But the blow was yet to fall.

In September he was called for jury duty in Wayne county and had it postponed until summer because of School. Friday evening he received notice that the Macomb County Jury called him for duty. He was able to be excused from this claim since Wayne had demended his services first.

The pioneer spirit still abides in our teen agers. Dick MacLeod, 15, son of Mr. and Mrs. W. J. MacLeod, Jr., of Kenwood court, shot a red fox in St. Clair county recently. He took it to the police station and received a \$5.00 bounty. Then in frontier tradition he skinned it, saving the trophy.

Mrs. Henry Klein has gone into business, of a sort, more fun really for the volatile Bonnie. Now that Cobo Hall is attracting so many conventions some provision must be made for the conventioneers' wives. Mrs. K., with a friend, has organized a program to entertain the ladies, and acquaint them in Detroit.

To day is your chance to find some unusual Christmas decorations for hearth, table and door at the Christ Church Fair. There will be espaliered fruit trees, mistletoe wreaths with Italian lights, peppermint stick trees for the dining room, felt stockings suitably inscribed to hang for Santa, cherry basket door trims with bittersweet and red feather birds . . . designed by Mrs. Robert Kanzler and sold by Mrs. John Parke and Mrs. Jack
