HEADLINES of the WEEK As Compiled by the Grosse Pointe News

Thursday, June 14
EDWARD M. GILBERT, Wall Street tycoon who admitted withdrawing almost two million dollars, without authorization, from the company he headed, fled the United States yesterday. The 38-year-old financial wizard went into seclusion immediately after arriving, via Brazilian airliner, in Rio de Janeiro. District Attorney Frank S. Hogan's office, which is investigating the \$1,953,000 Gilbert took from the E. L. Bruce Co., stated that it had verified Gilbert's presence in Brazil, which has no extradition treaty with the United States, and disclosed that the Bruce Co.'s secretary, Irwin Polivy, had resigned at the same time as Gilbert.

Gilbert, who served as the company's president, began drawing checks on his orders May 28, the day of the disastrous stock market plunge, and continued taking money out of the company through June 4. E. L. Bruce, Jr., Bruce Co. chairman, announced that he has ordered a complete audit of the hardwood flooring concern's books, and the Securities and Exchange Commission ordered Bruce common stock trading on the American Stock Exchange, as well as over-the-counter trading, halted.

The SEC explained its action in suspending all Bruce stock transactions by stating that the effect of the unauthorized withdrawals on the company could not immediately be determined, although company treasurer, Vincent E. DeSousa, assured stockholders and the SEC that his concern was "perfectly solvent." Gilbert first made financial headlines a few years ago by cornering Bruce stock and engineering a Bruce-Empire National Corp. merger.

PRESIDENT KENNEDY yesterday asked Republicans to forget party differences and support the Administration in matters of "great national import," especially as regards the United States economy. He also appealed to businessmen, telling them to forget political labels long enough to recognize the need for a concerted effort toward working out policies to maintain America's economy at an adequate rate of growth.

Mr. Kennedy told his news conference that the time to argue politics is 1964, during the next Presidential campaign. "Right now," the President chided his critics, "it would seem to me that we should be concerning ourselves with the real problems of our country." Kennedy aimed his plea for GOP support at both the House and Senate as well as business leaders, most of whom, he maintained, "are Republicans, have been traditionally, have voted Republican in every Presidential election."

The important thing right now, according to the President, is not political agreement but recognition by every individual citizen and group of the necessity "of attempting to work out economic policy which will maintain our economy at an adequate rate of growth." Answering a newsman who referred to a feeling in some quarters that big business is using the stock market slump as a means of forcing Government to come to terms with business, Kennedy stated his refusal to believe any business man would welcome a stock market decline or economic upheaval simply to "gain some political benefit."

THE FLIGHT ENGINEERS UNION yesterday postponed its threatened strike against three major airlines for 24 hours, but refused to consider President Kennedy's proposal that the union-management contract dispute be submitted to binding arbitration. According to union officials, the postponement was ordered to give Eastern, Pan American and Trans World Airlines a chance to accept a new counter-offer, but present indications are that both Pan American and Eastern will re-

Castle To Be Overrun at Horse Show

The new castle jump will be the center of attention in many of the events which will be held during the Annual Horse Show at the Grosse Pointe Hunt Club this weekend. The show, one of the largest in the country, gets under way Thursday and runs through Sunday, June 24. The center of this new jump can be raised up to two feet as the competition requires.

Steel Strike Delays Work On Schools

Officials Express Fear Additions at Richard and Brownell Won't Be Ready by Fall

Construction on the new additions to Richard and Brownell schools has been delayed by a strike of workers producing structural steel. School officials indicate a concern that the delay may jeopardize having the planned extra rooms available in time for classes next fall.

Two classrooms are scheduled for construction at Richard School. These will relieve overcrowding and largely eliminate the need to use sub-standard rooms for classroom instruction. (Continued on Page 2)

Village Staging Outdoor Display

During the period of Wednesday, June 20, through Saturday, June 23, the Grosse Pointe Commerce and Civic Association is presenting a complete outdoor living display in the "Village."

Through the courtesy of several marine dealers eight boats are on display ranging in size from 14 to 22 feet. Also featured is a travel trailer. There is also on display a grouping of station wagons and hardtops. These are being shown through the courtesy of local area dealers.

All of the local "Village" stores will be featuring summer vacation fashions.

Park Policeman Cracks Juvenile Bike Theft Gang

Park Det. James LaPratt started a routine investigation of a stolen bicycle and ended up by cracking a four-boy juvenile gang of bike thieves and bringing about the arrest of a woman accused of fencing the bicycles. The case was broken on Thursday, June 14.

Arrested by police of Detroit's Fifth Precinct, Jefferson Station, and held for investigation of receiving and selling stolen property was Mrs. Tony Michele, owner of Tony's Resale Shop, 12847 Kercheval, Detroit.

Many Honors Handed Out As 695 Seniors Graduate From Grosse Pointe High

New Crop Brings Total Number of Alumni to 11,868; Principal Jerry Gehrich Presents Awards and Reveals Scholarship Winners

Six hundred and ninety five seniors graduated from Grosse Pointe High School last Thursday, June 14. The first graduating class in 1925 numbered only 24. Last week's crop of new alumni brought the number of graduates to 11,868.

As commencement speakers Gregor McGregor and Ann Hoek discussed "The World of Challenge" in their addresses "The Challenge to the Individual" and "The Challenge to our Society." Gregor stressed the need for individualism. "Our country's future depends on whether each of us strives to be an individual," he said.

In contrast to this Ann said that not only should we become aware of individuality, but also we must acquire the ability to function in a group. "None makes his way alone," said Ann.

Honors Announced

A long list of awards was announced by Jerry J. Gehrich, principal of Grosse Pointe High School.

The Rotary Club Service award, a watch, was given to Jon Gandelot for giving the most unselfish service to the school. The Rotary Club also presented a trophy to the band with John Schonenberg's name inscribed on it. John has been most outstanding in the field of music.

Robert Sherwood, who has earned letters in swimming and track, was given the Plebian Athletic Award for being the most outstanding senior boy athlete. He was chosen by the coaching staff.

Driver Who Hit Two Pays Fine

City Judge Douglas L. Paterson ordered Paul R. Hanneman, 17, 3454 Bishop, to pay a fine of \$15 and placed him on probation, with an order to attend one session of traffic school and one session of traffic court, when Hanneman appeared before the Judge in Grosse Pointe City Justice Court last Tuesday, June 12.

The young man, charged with reckless driving, had struck and injured Mrs. Cecelia Mulrain, 66, and 9-year-old Frank David Maxon, both of 379 Lakeland, on Saturday, June 2, while attempting to make a turn in his '62 Oldsmobile at the Nef-Kercheval intersection. He stopped immediately and transported both victims to Bon Secours Hospital, where they were treated for minor injuries and released.

Judge Paterson found Hanneman guilty on a charge of interfering with pedestrians lawfully using the crosswalk. (Continued on Page 2)

Durant Loses Battle With Candidates

Judge Calls Move to Prevent Certification as Colossal Fly-Specking Expedition

Supporters of Richard Durant, vice chairman of the Republican Congressional 14th district which includes Grosse Pointe, lost Monday in a fight to prevent certification of 29 opposition candidates for precinct delegate.

Wayne County Circuit Judge James N. Canham in rejecting 24 of the challenges said, "I will not be a party to a colossal fly specking expedition. Let's not attack people after they circulate petitions unless there is a showing of fraud."

It's Up To Voters

Judge Canham's decision postpones the struggle for control of the Republican party organization in the 14th district until after the ballots are counted in the August 7 primary.

Former Federal Judge John M. Feikens, 743 Pemberton, and several other anti-Durant candidates were among the 29. The challenge was made by Mrs. Lillian B. Chambers, a worker in the Durant headquarters.

"As far as I am concerned this is the end of it," said Mrs. Chambers after the decision. Mrs. Chambers' attorney William R. McFadden, had challenged the petitions on the grounds that some had more than the maximum number of signatures, that others had been improperly filled out and that on several the Republican Party designation was not made.

Bank Claim Paid

An earlier garnishment suit against Durant, 425 Lincoln road, was dismissed Friday in Wayne County Circuit Court. The suit sought to tie up Durant's assets in the National Bank of Detroit and the Grayling State Bank, of which he is an officer, until a claim of \$44,973.33 was repaid to the Newberry State Bank. The claim was settled in full late Thursday.

But Durant is not out of the political woods yet. Governor John B. Swainson Friday ordered an official investigation into charges by Senator John H. Stahlin (R. Belding), of unfair election practices in Wayne County.

Burglar's Career Halted by Police; Robs 300 Homes

Crimes Committed in Detroit Area Within Year and a Half; Nine Break-ins Cleared in Pointe

A 24-year-old Hamilton, Ont., man confessed to 300 burglaries in the Detroit area, including at least nine in the Pointe. He refused to divulge how many he had committed in Canada, except to say "many, many of them."

Thomas G. White was arrested by Birmingham police on May 20, four days after he renewed his activities in Michigan, and 20 days after he was released from prison and deported to Canada.

According to Birmingham Det. Lt. Merl Holmquist, White admitted about 300 burglaries in the Detroit area from January 19, 1960, to July 14, 1961, when his activities were brought to a halt by police.

FBI Steps into Case

The Federal Bureau of Investigation assumed jurisdiction and brought about White's conviction and sentence on July 21, 1961. The burglar was in prison until last April 30, when he was released and deported.

Holmquist said that White resumed his illegal occupation on May 16, and on May 20, following a burglary in Birmingham, White was seen leaving the scene of his crime. The witness called authorities, and Oakland County police set up a road block and nabbed White as he tried to get away in his car bearing Ontario plates.

Holmquist said that White underwent extensive questioning and admitted other burglaries prior to beginning operation on a bigger scale starting with the January, 1960, date. He said he committed burglaries in the Pointe, before and after that date.

Refused to Cooperate

According to the lieutenant, White said he "pulled many, many jobs" in Hamilton, Ont., but would not cooperate with police of that city because that department prosecutes on all cases cleared.

In his breakings and enterings, White always used a (Continued on Page 2)

Blame Accident On Heavy Rain

Heavy rains which flooded East Jefferson near the City park on Monday, June 11, are at least partially responsible for a car-bicycle collision in front of the park shortly after 5 p.m. that day.

The car, a '60 Falcon driven by Nettie Jones, 2186 Lakeview, Detroit, had driven through deep water before arriving at the traffic light at the park crossover. The light was red, and Mrs. Jones' wet brakes would not hold.

The Falcon ran the light just as 12-year-old Albert Ceralvo, 877 Washington, rode his bike into the crosswalk. The boy was struck and thrown from his bicycle, but suffered only minor cuts and bruises. The front end of Mrs. Jones' Falcon was damaged.

Park attendant Arthur Champagne reported the accident to City police, who ticketed Mrs. Jones for reckless driving.

Two Pointe Youths Heroes In Detroit River Tragedy

Two young Pointers, who were co-captains of the 1960 High School State Swim Champs and former members of the All-American Swim Team, rescued two Detroiters Saturday night, June 16, whose boat was capsized by the waves of a passing cruiser.

Two other occupants of the swamped boat drowned, and another was rescued by a passing cruiser.

Heroes in the tragedy were Richard Law, 20, of 270 Lincoln road; and Mark Gregory, 20, of 57 Handy place, who were in a 25-foot inboard motor cruiser opposite the Detroit Yacht Club. They witnessed the capsizing and drowning. Victims were William Reeder, 27, of 2133 Garland, Detroit; and his wife, Emma, 25.

3,854 Gifts Raise Total To \$60,106

Donations Still Being Received and All Residents Are Urged to Contribute

The Grosse Pointe War Memorial's 1962 Annual Family Participation Campaign achieved its necessary goal of \$60,000 last week when \$60,106.40 in gifts were recorded from 3,854 families. Gifts are still coming in and the Center's staff looks forward with confidence to passing the 4,000 mark in number of family givers.

Undoubtedly, the building of the Fries auditorium and banquet-hallroom addition was a major factor in attracting increased support to the Center this year. When the Fries Building opens in November, the Grosse Pointe War Memorial will have one of the most complete and uniquely beautiful plants of any cultural and community center in the world.

Will Fill Many Needs

It will be a justly famous show place, adaptable to any community group need. It will give all Grosse Pointers the benefit of the superb lake shore setting of Alger House with its magnificent aura of the past and will be able to offer them in its expanded facilities programs of major stature in the realm of the arts and every field of education and cultural endeavor.

Speaking for the Board of Directors of the Grosse Pointe War Memorial Association, Thomas E. Groehr, president, and Thomas L. Munson, chairman of the drive, express to the many donors and the numerous volunteers who worked on the campaign the Association's very real gratitude for this wonderful endorsement of their efforts.

To the following donors whose gifts were received recently sincere thanks and appreciation is extended:

Kidnap Report Morbid Hoax

A call to the Detroit Police Department that Gerald Kane of 217 McMillan road, had been kidnapped in front of the Buhl Building Downtown Detroit on Tuesday, June 19, turned out to be a hoax.

Detroit authorities said that they have received more than 300 such calls so far this year, all of them without foundation. Kane himself called the Farms Police Department to inform authorities that the call was a hoax, in the event members of his family, or his friends might call the department for verification of the so-called kidnaping.

The morbid caller to the Detroit police said that Kane had been kidnapped by three men. (Continued on Page 2)

MICHIGAN BELL

Telephone lines

WE LOVE A BARGAIN... just like anybody else. But even though we're as careful as the most efficient housewife, our supply purchases tally up to quite an impressive annual figure. In 1961, for example, Michigan Bell's shopping bill—together with that of the Western Electric Company, the Bell System's supply unit—came to almost \$58 million. We spent this with more than 1,400 businesses in 160 communities throughout the state. So these purchases not only go to provide you with good telephone service; they contribute to the growth of Michigan's economy.

SUMMER'S COMIN' IN! And that means sun, fun, and your long-awaited vacation. Wherever you're going, why not pack more comfort and leisure into your trip by putting Long Distance to work for you? Advance reservations are a must these crowded days, so always be sure of a bed by phoning ahead. And don't forget the folks back home. They'll love hearing all about your vacation, and you'll double your fun by telling them about your adventures.

A STITCH IN TIME... that's the thinking behind Michigan Bell's automatic line testing. Special equipment at many of our central offices makes automatic tests periodically on telephone lines. For example, if a minor electrical defect is located, the information is recorded so that the problem can be fixed promptly—usually without interrupting service. Automatic line testing saves money in the long run, while it helps us give you dependable service every minute of the day, every day of the year.

Steel Strike

(Continued from Page 1)
The structure contemplated is to be of reinforced concrete and the steel needed for such construction is not available. Brownell Junior High School's addition will consist of two music rooms. Other space, designed for other uses, has been pressed into service for both the choral and the instrumental music programs since the building opened in 1958 lacking such space. Originally planned, the music rooms had to be eliminated along with other features of the building when costs exceeded funds planned for the unit.

Pre-fabricated structural steel is to be used in this job at Brownell. It, too, is in short supply due to the strike and so work will not begin on this project until these materials are available with certainty.

Other school projects are delayed for allied reasons. Strikes of other trades, such as the carpenters, may have a detrimental effect on the building program as well. School authorities promise that every effort will be made to complete the work before fall will be made once construction gets under way.

Bike Thieves

(Continued from Page 1)
Detroit police discovered that the bike was one reported stolen in the Park, and notified Park police. LaPratt was assigned to investigate.

After following several leads, the officer went to the resale shop and talked to Mrs. Michele, who while being questioned, it was said, let slip that she knew that the juveniles were stealing bicycles and reselling them. She admitted buying the bikes from the boys, and reselling them.

The 11 bicycles recovered were found in the homes and backyards of the juveniles, and in the resale shop. The cushions were found in the home of one pair of brothers.

Chief Louwers, who lauded LaPratt for his work in breaking the case, stated that recovery of the bikes was due to the registration of the bike which serial number revealed that it was stolen.

Registration and licensing of bicycles makes it easier to locate bikes if they are stolen. All bike owners should register and license the wheels, he said. As a matter of fact, he pointed out, this is required by ordinance.

Durant

filed a million-dollar libel suit against Stahlin, a candidate for lieutenant governor.

Swanson said Secretary of State James M. Hare has been named by the Fair Campaign Practices Commission to conduct the probe.

"The basic charge made to the Commission by Senator Stahlin is that certain extremist groups are, through bribery, intimidation, misrepresentation and threats of physical violence, attempting to seize control of the political party organization in Wayne County," said the Governor.

The Pointe youths did not have a ship-to-shore radio on their boat, so they did what they could for the two they rescued until the Coast Guard cutter arrived and transferred them to that craft.

Law and Gregory, both 1960 graduates of Grosse Pointe High School, did not remain long enough to identify themselves.

Burglar

(Continued from Page 1)
screw driver and always wore gloves. Holmquist said, and at no time would White admit where or how he disposed of stolen property.

The thief specialized in furs, jewelry and television sets. Police have never been able to recover any of the loot, said to total in the thousands of dollars.

On Monday, June 11, Lt. Holmquist notified the Pointe police departments of White's admission to burglaries in the Pointe.

Taken on Tour

The following day, Park Det. Lt. Stanley Enders, Park Det. James LaPratt, City Capt. Andrew Teetaert, Farms Patrolman Joseph Miller and Shore Sgt. Charles Wenrich, toured Pointe streets where unsolved burglaries had been located.

The Park officers picked up White from the Oakland County Jail and brought him to the Pointe, and then took him to the police department of each Pointe community, and a canvass of homes was conducted with the Park policemen and respective officers from each city.

Admits Nine Jobs

By his own admission, White cleared six burglaries in the Park, two in the Farms, and one in the City. He denied any crime committed in the Shores.

Enders and LaPratt spent 10 hours with White, touring streets in the Park, City, Farms, and Shores, and then returned him to the custody of the Oakland County authorities.

The Park officers said that because of the length of time involved, and darkness they were unable to scout the Woods, but said that White stated that he might possibly go for at least two breakings and enterings in that community.

This information was passed on to Woods police, and Det. Sgt. Walter O'Dell and Det. Leroy Tobian said that they will question White at the Oakland County Jail and probably take him to scenes of burglaries in their community.

Park Homes Entered

Enders and LaPratt said that White admitted breaking into the following Park homes:

Thomas Licavoli, 1384 Berkshire, August 29, 1959; Robert Kemp, 1149 Bedford, September 3, 1959; Howard J. Bolton, 1215 Yorkshire, December 21, 1959; Mrs. Mary Mazur, 1379 Balfour, May 20, 1961; Harry Thomas, 630 Westchester, August 21, 1961; and Joseph A. Bouffard, 865 Barrington, June 3, 1959.

The latter's home was listed as a clearance in the Park, although entrance into the home was done on the Detroit side, it was said. Park police investigated the break-in and theft and gave the information to Detroit authorities.

As in the case of Wayburn, homes on the west side of the street are partly in the Park and partly in Detroit. Barrington is south of Jefferson and Wayburn, north.

Capt. Teetaert said that White cleared the burglary of the home of Dr. Walter Seegers, 832 Notre Dame, committed on April 24, 1961.

Officer Miller verified that White admitted burglarizing the home of Carl Smith, 245 Vendome, on March 19, 1961; and the home of Bert Emanuele, 325 Piche, on May 16, 1961.

They left with the feeling that they did what had to be done, and were happy to have been of some assistance. They said they felt bad about the two who drowned, and expressed regret that they were not able to save them.

Cadillac

When he got the facts... he got the car!

And what are the facts about Cadillac that proved so persuasive?

Well, listen for yourself—and judge for yourself.

Fact Number One. A Cadillac can be unexpectedly modest in original cost. The lowest priced model, for instance, actually costs less than eleven models of other less renowned makes.

Fact Number Two. The price of a new Cadillac includes many important features that are extra on most other cars—including power steering, power braking and Hydra-Matic drive.

Fact Number Three. Cadillac cars are extraordinarily dependable—and remarkably frugal in their use of gasoline and maintenance requirements.

Fact Number Four. Cadillac dealers are especially anxious to welcome new owners to the Cadillac family at this time of the year—and they are in a position to make the step up unusually attractive.

Of course, that's only the frosting on the cake. For the basic temptation remains, as always, the greatness of the Cadillac car itself—a greatness that has this year reflected itself in every phase of performance, craftsmanship... and in every detail of beauty and elegance.

It's a combination that has this year proved irresistible to more motorists than ever before.

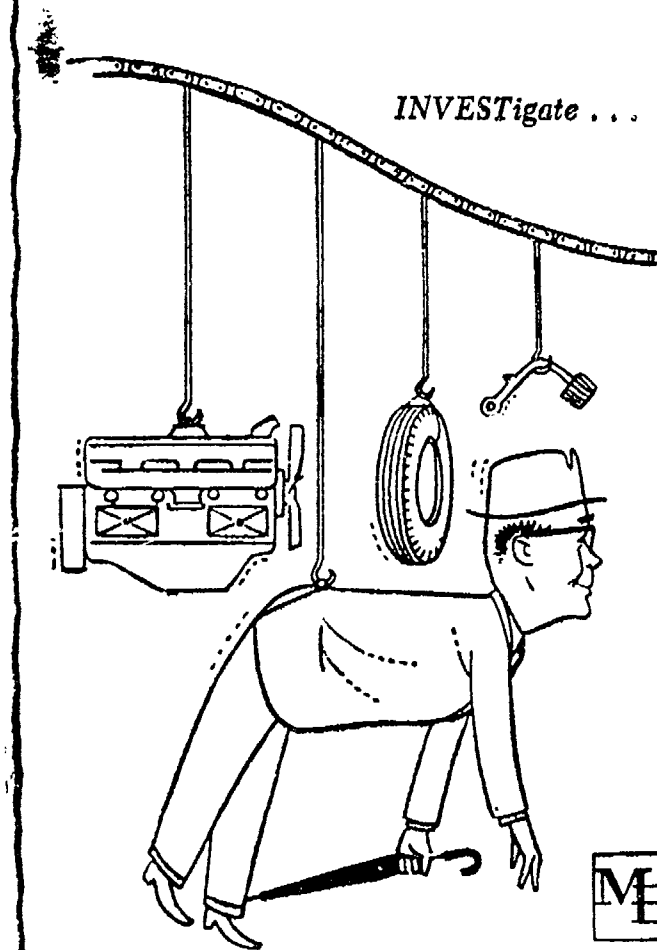

Why not visit your nearest Cadillac dealer soon and let yourself be tempted?

Post at Poupard Given Fleming

J. Scott Fleming has been appointed assistant principal of Poupard Elementary School by the Grosse Pointe Board of Education. He will assume his new responsibilities with the opening of school this fall.

Fleming will move into the vacancy created by the promotion of former assistant principal, Jack McMahon, to principal of Poupard School. He, in turn, is succeeding John Hammel, who has been transferred to Maire School as a result of Principal Herbert Hobart's retirement this month.

A native of Illinois, Mr. Fleming came to Grosse Pointe in 1956 as a teacher of physical education. He is a graduate of the University of Illinois and also holds a master's degree from Syracuse University. Prior teaching experience was had in Syracuse and Wheaton, Illinois. He has studied at Wayne and the University of Michigan also. Local teaching has been accomplished at Poupard, Mason, and Barnes schools.

Rabbit's Guard Bites Youngster

A six-year-old Park boy was severely bitten about the face by a dog on Wednesday, May 30, when the boy sought to fondle a pet rabbit, according to a Park police report.

Bitten was Charles Benner, son of Mr. and Mrs. C. J. Benner of 1377 Devonshire, who suffered a two and a half by half an inch gash on the neck and jaw and lacerations about the right eye, and a half an inch of flesh torn from his upper lip, police said.

Police Chief Arthur Louwers said that young Charles went into the back yard of the home of Dr. Alexander Peat, 1350 Devonshire, to play with a pet rabbit that was acquired about a week previous. The dog was in the yard and the gate was closed.

The chief said that the doctor's dog, a male of mixed breed, had assumed the protection of the rabbit, and apparently thought the boy intended to harm it. When Charles sought to pick up the rabbit, the dog leaped on the boy and bit him.

Boaters Battered In Choppy Lake

Two boaters were rescued from the choppy waters of Lake St. Clair on Monday, June 11, near the Shores Municipal Park, when their boat battery went dead.

Rescued were William R. Droste, 31, of 858 Ellair place, boat owner, and his passenger, Fred Whitby, 62, of 13536 Ilene, Detroit, both of whom suffered no ill effects except dunking and exposure.

The men were cruising the waters near the George Osius Park, in a 16-foot Century in-board motorboat, when the battery died. The craft began to drift, just as a violent storm came up.

The boat was being dashed against the rocks at the new fill-in near the park harbor. Droste and Whitby jumped into waist-deep water and pushed the boat into the swimming area.

The men were having difficulty in the choppy waters, when they were seen by several members of the Grosse Pointe Yacht Club and life guards in the park. The yacht club members put out to assist the floundering boaters.

However, four lifeguards hurried to the rescue before the club members arrived and helped Droste and Whitby to the beach. The lifeguards are Michael LaForest, Stephen Gerow, Stephen Mertz and Stephen Whittlesy.

Farms Acts to Safety Hazard

The Farms Council, with the safety of the Richard School children in mind, has ordered the elimination of parking on the west side of McKinley road, from the alley to Kercheval.

On Monday, June 18, the council decreed that parking will be banned in that area near the Punch and Judy Theater, and instructed Police Chief James Furton to put up no parking signs as soon as possible.

The petition to eliminate the parking and the erection of signs at Ridge and McMillan to control traffic during school days, was presented to the council by Hudson Mead, former president of the Richard Parent-Teacher Association, who attended the meeting with a group of interested parents of pupils of the school.

Chief Furton, who was asked by the council to conduct a survey of the area, reported that the number of spaces involved on McKinley is only three and these are limited to one hour parking from 7 a.m. to 6 p.m. He recommended that the parking be banned.

He said that not only will the parking ban eliminate the hazard to school children and other persons, but it would help the traffic around the theater during the evening hours.

The PT-A's request for a red sign stating "Danger-School Ahead" would not be appropriate, he said.

He said such a sign would not conform to the prescribed standards of design, construction and use of traffic control

Farms Acts to Eliminate Safety Hazard Near School

The Farms Council, with the safety of the Richard School children in mind, has ordered the elimination of parking on the west side of McKinley road, from the alley to Kercheval.

On Monday, June 18, the council decreed that parking will be banned in that area near the Punch and Judy Theater, and instructed Police Chief James Furton to put up no parking signs as soon as possible.

The petition to eliminate the parking and the erection of signs at Ridge and McMillan to control traffic during school days, was presented to the council by Hudson Mead, former president of the Richard Parent-Teacher Association, who attended the meeting with a group of interested parents of pupils of the school.

Chief Furton, who was asked by the council to conduct a survey of the area, reported that the number of spaces involved on McKinley is only three and these are limited to one hour parking from 7 a.m. to 6 p.m. He recommended that the parking be banned.

He said that not only will the parking ban eliminate the hazard to school children and other persons, but it would help the traffic around the theater during the evening hours.

The P-T-A's request for a red sign stating "Danger-School Ahead" would not be appropriate, he said.

He said such a sign would not conform to the prescribed standards of design, construction and use of traffic control

devices adopted by the State Highway Department and the Michigan State Police.

The chief said that he strongly recommends against a request for a four-way stop at Ridge and McMillan, as the survey shows it is not warranted. He said that there are sufficient number of "gaps" in traffic to give children enough time to cross the street.

Four-way signs will tend to lessen the number of "gaps," he said, in that they will slow traffic, and possibly necessitate the hiring of a school crossing guard.

Too many signs, Chief Furton pointed out, tend to create confusion, disrupt traffic flow and breed contempt for all warning and regulatory signs.

He said he was agreeable to the following: 1. Place new reflectorized "slow" signs beneath; 2. Replace the "school" sign with "school crossing" signs, which would be of more value to persons not familiar to the area. These could be placed on approaching McMillan and McKinley;

3. Place "No Parking-School Days 8 a.m. to 4 p.m." signs on the north side of Ridge from McMillan to a point approximately 250 feet east of McMillan. This would assure no cars being parked on the turn during the school hours and make sure of better visibility.

The P-T-A's request for the alleviation of the no parking ban in front of the school, so that parents can take food and drink to their children, during lunch time, was dropped. The discussion on this was stopped

when it was pointed out that there is plenty of metered parking space, and also free parking space in the municipal parking lot, only a minute and a half walking time from the school.

CAR MATS TAKEN

Penny Nicholl, 21, of 50 Claireview, told Woods police on Wednesday, June 13, that while his automobile was parked in the Woods Recreation parking lot in Mack avenue, someone stole two new floor mats from the vehicle. The value of the items was not given.

Police Complete Basic Training

Park Police Chief Arthur Louwers disclosed on Thursday, May 31, that his completion of correcting examination papers of police officers who attended the Basic Police Training School in the Park, showed the class to be the best ever.

The chief, director of the school in the Park Municipal Building, said that the lowest grade average was 91 percent, and the highest, 98 percent. An average of 85 percent is needed to pass. None of the six police officers from the Park, City and Farms averaged below 95 per-cent, he said.

Several of the officers from the Pointe and surrounding communities completed the full 120 hours of basic training and are eligible for diplomas. There are three 40-hour sessions which policemen must complete before receiving diplomas.

Eligible for diplomas are the following: Park Patrolmen Wal-ter Paton and Ralph Moore; Farms Patrolman Ronald B. Wooten; East Detroit Patrolman Larry E. Hitchcock; St. Clair Shores Patrolmen Edward C. Thomas and Thomas E. Liver-ness; Harper Woods Patrolmen Thomas E. Lauderback and Douglas P. Garcia; Warren Patrolman Frederic L. Lewis; and Roseville Patrolmen Oddy J. McDonough and Leroy W. Moldenbauer.

Cantrell; St. Clair Shores, Herman W. Gruebner and Etienne S. Watripout; War-ren, Gerald J. Norkiewicz, Thomas A. Rossman and Joseph Drain; and Roseville, Robert F. Waha, Joseph G. Steenland, Robert E. Herz, Thomas H. As-man and George H. Mazen.

UAW Gives Wayne U Labor Archives Grant

The United Automobile Workers has presented a \$10,000 check to Wayne State University to support the in-auguration of a labor history archives at the University.

Leonard Woodcock, of Pem-berton road, vice president of the U.A.W. and chairman of the Wayne State Board of Govern-ors, presented the check to Arthur Neef, of Lincoln road, W.S.U. vice president and prop-ost, in ceremonies at Solidarity House.

Also present was Dr. Philip P. Mason, archivist at Wayne State, who will direct the labor history archives.

Authorization for the grant was given at the U.A.W.'s con-vention two weeks ago in At-lantic City. President Walter P. Reuther, himself a former W.S.U. student and holder of an honorary LL.D. degree from the University, proposed that the grant be given.

Clinic Day Held At Bon Secours

Bradykinin, one of the poly-peptides which cause devastat-ing damage to tissue in acute pancreatitis has been isolated and identified and methods of control developed as a result of experimental work at Wayne State University College of Medicine being conducted un-der the direction of Dr. Alan Thal, a resident of Grosse Pointe Park.

Dr. Thal, Penberthy Profes-sor of Surgery and Chairman of the Department of Surgery of Wayne State University Col-lege of Medicine reported these results in his address "Exper-imental and Clinical Aspects of Pancreatitis" at the 14th An-nual Clinic Day at Bon Secours Hospital, Wednesday, June 13. He outlined surgical technique in combating recurrent and chronic forms of the disease which, because of new tests, is being recognized more fre-quently.

Dr. Thal, a consulting sur-geon of the hospital, gave the address at the dinner at the conclusion of the Clinic Day at which papers on many experi-mental and clinical subjects were read by residents and members of the attending staff. Over two hundred doctors and nurses attended the sessions.

Dr. Robert Swanson, presi-dent of the staff, in his wel-come address pointed out that the Clinic Day is an out-growth of the Dr. Eldwin R. Witwer Memorial Lecture Series inaugurated to honor Dr. Witwer, who was the first roentgenologist for the hospital and established the Department of Roentgenology in the original building in 1944.

At the conclusion of Dr. Thal's address an Award of Merit was given to Dr. Joseph A. Kasper, pathologist of the hospital, who with Dr. Witwer and others laid the groundwork for the development of a gen-eral hospital with complete laboratory and x-ray facilities.

Confusion reigns when peo-ple who don't know what they want, go after what they think they ought to have.

Police Cool Off Objecting Youth

A young man who refused to let anybody "push him around" at 1:30 a.m. Wednesday morn-ing, June 13, after police tick-eted one of his friends for sounding an automobile horn loudly at intersections along St. Clair and Maumee avenues, is scheduled to appear in Grosse Pointe Park Justice Court July 11.

Charged with being a disor-derly person is Robert Rene Coddens, 22, 1012 Beaconsfield, passenger in a Chevrolet con-vertible driven by William Al-len Mutschall, 23, 66 Webber place.

City police officers William Waldecker, Jr. and Duncan MacEachern observed the au-tomobile going south on St. Clair early Wednesday morning. The patrolmen noted that the driver, on approaching the Waterloo intersection, sounded a loud blast on his air horns.

The officers followed the car south on St. Clair to St. Paul, where the driver again sounded his air horns. They continued after the automobile, eventually stopping it at the Maumee and Kensington intersection in Grosse Pointe Park.

While issuing a ticket to Mutschall, the driver, for ex-cessive noise, and attempting to check the car, Waldecker and MacEachern were harassed by Coddens, Mutschall's pas-senger, who kept telling his friend not to let the officers open the convertible's hood to check the air horns.

Coddens was asked not to interfere, and one of the pa-trolmen pointed a flashlight at him, whereupon Coddens hit the flashlight and told the officers not to "push him around." He also began to use foul language.

The patrolmen ordered Cod-dens into their scout car and brought him to the Grosse Pointe Park police station, where he was charged with dis-orderly person, locked up, and held overnight.

He was released next morn-ing on \$300 personal bond, pending a Justice Court ap-pearance July 11.

J. Dunton Barlow of the Western Casualty and Surety company, was awarded the insurance contract for auto public liability, property damage and comprehensive fire, theft and windstorm, for which the Park will pay \$1,626.24. The coverage is for one year.

The company will pay the cost of damage to any of the voting machines owned by the Park, if they are damaged while being transported to the various voting booths, or if damaged by vandals, and so on.

City Manager Robert Stone said that this is the first time the city has taken steps to cover any damage to the machines, although nothing has happened to date. However, he said, it is never known when something might occur.

Farms Okays Special Wage Adjustments, Hospitalization

The Farms council on Monday, June 18, approved a special adjustment in wages for 10 employees, but denied a general wage increase for city employees as a whole.

Wage increases will go into effect on July 1, beginning of the fiscal year, for the following: Office Supervisor-Treasurer, from \$6,304 to \$6,500; Assistant Accountant, \$4,750 to \$5,000; Assistant Engineer-Department Assessor, \$7,100 to \$7,350; two Detective Sergeants, \$6,685 to \$6,935; Radio Technician, \$8,659 to \$8,910; and Assistant Radio Technician, \$5,200 to \$5,500 (effective January 1, 1963).

Water Filtration Plant employees whose wages will be increased July 1, are: Chief Chemist, from \$7,380 to \$7,500; Operator (with certificate from State Health Department), \$6,39 to \$6,700; and Meter Reader Operator, who was advanced to probationary operator, \$5,572 to \$5,910.

City Manager Sidney DeBoer informed the council that in checking with neighboring communities, he found that most of the cost of full family coverage for hospitalization had been assumed by the Park and Harper Woods for their employees for the present year.

Money for the hospitalization payment and special wage adjustments shall come from the Contingent Fund, the council ruled.

Denied were a general wage increase of two and a half percent, which would have cost the city \$16,720 a year; longevity payment of \$100 after five years of service, which would cost \$8,600; paid holidays and additional vacation time; payment for unused sick leave requested by the Public Works Department employees in the event of retirement, death or lay-off; and union dues deduction from the Public Works employees wages.

Trucker Blamed In 3-Car Crash A trucker at fault in a three-vehicle accident at Lake Shore and Moross roads on Wednesday, May 16, was not given a ticket for the accident, but he received one for not having a chauffeur's license.

Ticketed was Arnold J. Tisler of 20613 McCormick, Detroit, whose truck ran into the rear of a car driven by William J. Glazier of 23056 Gary lane, St. Clair Shores, who in turn was pushed into the rear of a car driven by Robert A. Reid of 23100 Edsel Ford court, St. Clair Shores.

Glazier and Reid were stopped on Lake Shore, facing west, and waiting for the red light to change when Tisler, unable to stop in time to avoid a collision, slammed into Glazier's car.

Police did not give a ticket to the truck driver, when all involved agreed to let the insurance company take care of the damages. All vehicles were driveable.

Tisler, however, did not get off scot-free. He was given a ticket for driving a commercial vehicle without acquiring a chauffeur's license, as required by State law.

EVERY ONE WHO WOULD LEARN TO PRAY needs this book

Every right thinker knows that God is, and wants, so much, to approach Him intelligently through prayer - to commune with Him and to listen for His guidance.

In the first chapter of Science and Health with Key to the Scriptures by Mary Baker Eddy there is an inspiring and practical explanation of prayer.

A great number of people, through the study of this chapter, have found needed health, harmony, supply and well-being.

Science and Health may be read or examined, together with the Bible, at any Christian Science Reading Room. Or it may be purchased at \$3.

Painter Guilty Of Vandalism

Ronald J. Thomas, 32, of 1946 Damman, Harper Woods, pled guilty to malicious destruction of property less than \$100, before Circuit Judge Thomas Murphy, on Tuesday, June 5.

The judge referred the case to the Wayne County Circuit Court Probation Division for pre-sentence investigation.

Thomas was charged by Park police with malicious destruction of property in the amount of \$1,384. Any amount above \$100 constitutes a felony according to State Law.

Judge Murphy accepted a guilty plea to the lesser charge, misdemeanor.

The painter was arrested by Park police on April 25, a little more than a month after he claimed young vandals were responsible for causing damage to a house he was painting. The house, at 910 Edgemont, is owned by James W. Bresser, formerly of 2419 East Grand boulevard, Detroit.

Bresser had commissioned Thomas to paint the interior of the home, prior to taking over occupancy.

Thomas spilled a can of paint on the floor in the house, and tearing the consequences, smeared paint on the walls, floors, windows and even a mural on a wall in one of the rooms. Cans of paint were dumped on the floors.

Thomas called police and told them that children had ruined the interior of the house.

Det. James LaPratt, who was assigned to the case, could not make himself believe that children had done such a great amount of damage. When he questioned Thomas, the painter's story somehow had a ring of untruth.

LaPratt stuck to the case, and at least once a week, questioned Thomas, and after each interrogation, the officer became more skeptical than ever.

The officer asked the painter to submit to a lie detector test, to which Thomas agreed. The test was given at the State Police Centerline Post. Thomas gave evasive answers.

On the return trip back to the Park station, Thomas broke down and confessed that the vandalism was his doing.

A warrant charging Thomas with malicious destruction was approved by the Wayne County Prosecutor's Office, and Thomas was arraigned before Park Judge C. Joseph Belanger on April 25, and waived examination.

The painter was bound over to Circuit Court to await trial.

Robert Waldron Seeks Relection

Representative Robert E. Waldron, currently the only Republican legislator from Wayne County, announced that he is a candidate for re-election to the House of Representatives.

He is completing his fourth term from the 13th District, which embraces the Grosse Pointe communities and Harper Woods.

Waldron brightened Republican hope for victory next November when he came within 767 votes of capturing the 14th District Congressional seat in a special election last February. In 1960, the GOP lost the Congressional seat by 54,000 votes.

Social Security Changes Listed

Sixteen and one-half million people started 1962 off by receiving more than a billion dollars in monthly social security benefits. 701,800 of these people, according to Francis L. Pendergast, Manager of the East Side Social Security Office, live in the State of Michigan and will receive about \$50,000,000 in benefits each month.

"And by social security, we don't just mean old-age benefits," Pendergast went on to say. "In fact, there are 167,100 Michiganians receiving survivors benefits and 41,800 disabled workers and their dependents receiving \$13,876,000 monthly."

Nationwide, the figures break down like this: 11,696,000 retired workers and their dependents receiving \$780,000,000 monthly; 3,814,000 widows and children receiving \$225,300,000 monthly, and 1,036,000 disabled workers and their dependents receiving \$68,000,000.

Many of these folks are receiving benefits now because of changes made in the law in 1961. August of last year was the first month that men between 62 and 65 could choose to receive benefits with the amount slightly less than if they had waited until 65. This was also the month that 3,700,000 aged widows and people receiving minimum benefits found an increase in their checks.

Recent changes in the law also made 1961 the first year a worker could earn considerable over \$1200 and receive some of his benefits. Pendergast stressed that all workers over 65 who have not yet applied for benefits should get in touch with his office. They may have money coming to them for 1961 and, more important, can claim this money only if they apply before the end of January.

Your local district office will be glad to discuss the present social security law with you, and give you additional information about any area of particular interest to you. The East Side Social Security Office is located at 17731 East Warren.

Troop 96 Holds Court of Honor

Celebrating the final Court of Honor of its 26th consecutive year of scouting, Grosse Pointe's Troop 96 held a festive dinner party for over 100 Boy Scouts and members of their families, Tuesday night, June 12.

The dinner, served in the newly completed Fellowship Hall of Grosse Pointe Memorial Church, the troop's sponsoring organization, was followed by awards of 60 merit badges and investitures in all levels of scout advancement from Tenderfoot to Eagle.

Tad Walsh, chairman of the Court of Honor, presided over the colorful ceremonies, assisted by Scoutmaster Hal Cornelius and Assistant Scoutmasters Edward Bunn, Robert Chope and Fred Thompson.

A high point of the evening was the award of Eagle Scout rank to Eric Blakely, Douglas Jones and Donn Kipka. Life Scout badges were presented to Bob Bunn and Bill Chope.

Scouts Dave Anderson, Bryan Beasley, Jeff Cornelius, Charles Donovan, Stuart Dykstra, Jim Pattee and John Schueler received Star Scout emblems, and First Class recognition was given to Bill Montgomery, Gary Thompson and Jack Wedge.

Dr. Kenneth Jones, Fathers' Committee chairman, paid special tribute to Messrs. Tom Blakely and Norman Hunt for their respective contributions in organizing and leading the troop's highly successful rifle program. "Mr. Hunt, as range officer," reported Dr. Jones, "has driven over from northwest Detroit each week to conduct our marksmanship classes just because—in his own words—'he likes boys and guns.'"

A summer project already on the must list for many of the scouts will be a 5-day canoe and camping trip on the Pere Marquette River in August.

Leaders of J. A. Hold Elections

Junior Achievement of South-eastern Michigan elected 11 new members to its board and advisory council last week and voted in a new slate of officers at its annual corporation meeting held at J.A. Headquarters in Detroit.

Forty-three executives were also re-elected to the board of directors and will provide adult leadership for the business organization for teenagers during the next fiscal year.

The new chairman of the board is Mr. Ross Roy, board chairman of Ross Roy-B.S.F. & D., Inc. of Detroit. Mr. Roy fills the vacancy created by the death in February of Mr. F. A. Vollbrecht of Plymouth. Mr. Vollbrecht was one of the original promoters of the J.A. organization.

Succeeding H. John Lowry, Michigan Mutual Liability Company president, as J.A. president is Ben D. Mills, Ford vice president and general manager of the Lincoln Mercury division. Other officers elected were: vice president—J. Ryley Wilson, finance manager, Chevrolet Motor division; treasurer—Ludger A. Beauvais, manager, statistical department, The J. L. Hudson Company; assistant treasurer—Ray C. Kooi, assistant director, Ford Motor Company Fund; secretary—Wesley R. Baker, executive assistant, S. S. Kresge Company; regional board representative—Paul E. Hamman, partner, Touche, Ross, Bailey & Smart.

Summer Gets Underway Today

Summer is just beginning—officially.

The season's official beginning comes at 4:24 p.m. Thursday, (June 21), according to University of Michigan astronomer Hazel M. Losh.

"On this day Michigan will receive the most heat from the sun for any 24-hour period of the year, because the sun will reach its most direct position over the northern half of the earth," she explains.

But the chances are good that this day will not be the hottest of the year, because the sun will be about three million miles farther away than it was in January, the U-M astronomer says.

"The northern hemisphere will continue to receive more heat from the sun than it loses until about the first of August, so temperatures generally can be expected to keep climbing until then."

June 21 will also be the shortest night of the year with only about nine hours between sunset and sunup, Professor Losh notes.

"On this day the sun will rise and set about 33 degrees north of the east and west points, and swing its greatest arc across the southern sky."

Correction

An announcement by the Automobile Club of Michigan last week incorrectly identified the City of Grosse Pointe as recipient of an Honorable Mention award in the AAA's National Pedestrian Protection competition. The announcement should have named Grosse Pointe Woods as receiving the award.

The City of Grosse Pointe won instead, a Pedestrian Safety Citation, given a city for recording no pedestrian deaths for one full year in requirement to meeting minimum requirements for an acceptable pedestrian safety program.

Grosse Pointe Farms also won a major award in the AAA contest, a Special Citation for improvement of pedestrian program activities, the Auto Club announcement said.

Frances Brant, a teacher in the Grosse Pointe Public School System, spoke her marriage vows Saturday in Ecorse Presbyterian Church to Robert Crain, son of Mrs. William Nicholas, of Dearborn, and William Crain, of Ashland, Ky.

The bride, who is the daughter of the Superintendent of the Ecorse Public Schools, Ralph E. Brant, and Mrs. Brant, of Ecorse, wore a nylon mist over tulle gown, accented with Alencon lace and sequins and seed pearls.

A lace crown with sequins and pearls caught her full butterfly veil and carried miniature carnations and rosebuds centered with orchids.

The attendants, in similar gowns, were Peggy McPeck, of Augusta, Mich.; Mary Hagen, of Ecorse and Bernice Lowry, of Ecorse. Melinda Van Antwerp, of Kalamazoo, was flower girl.

WOODS-SHORES

To the followers of baseball, the third week of play in the Woods-Shores League presented a problem which left them wondering whether they were seeing baseball or football.

As the week came to an end, it was discovered that the Yankees had become just another team in the All American League as they took a licking from the Redlegs 8 to 5.

The Indians, who up to this time had not won a game, put the Phillies back in their box by trouncing them 14 to 3.

The reason for this appeal is apparent, especially in the All American League where the once proud Yankees could only earn a split in their two games despite the fact that they scored a total of 23 runs.

The Yankees remain in pursuit of the Indians by twin victories over the Orioles and Athletics. The first score was 12 to 7 and the winning pitcher, Walt Cytafi, again was aided by the big bat of Bruce Halfeld.

The Athletics also lost another tough game by one run to the Senators, despite the A's Bill Marantette hitting 3 for 3 with a homer, a double, and a single.

The White Sox extracted one victory for the week in a wild 17 to 5 win over the Orioles. Bill Bailey was the winning pitcher and Bill Ronhie was charged for the loss.

In the Collegiate League, top team Indiana beat Minnesota 14 to 7 on the strength of John Woodcock's pitching and Joe Saad's grand slam homer.

2nd 'Funtastic' Carnival Promises to Be Fantastic

By Janet Mueller

Douglas Frey and Danny Hall, Grosse Pointe's answers to P. T. Barnum, are at it again, and the boys' Second Annual "Funtastic" Carnival promises to be even more fantastic than their first.

Douglas and Danny, 13 and 12 respectively, manage, despite their (comparative) youth, to combine the business of acumen of J. P. Morgan with Barnum's sure instinct for "bally-hoo," and the result, in terms of fun and profit, has raised chinchillas or growing radishes beat by a mile.

The two boys first walked into the NEWS office about a year ago. They were younger then (11 and 12), inexperienced in the ways of advertising and publicity "gimmicks," but they knew what they wanted.

They wanted "The biggest available for \$2." A few questions and answers brought forth the information that ever since the end of school, Douglas and Danny had dreamed of holding a carnival, they had planned, and worked, and settled on a site, (Danny's back yard). They had arranged games and provided prizes. Now all they needed to make their venture a complete success was people.

The NEWS ran a story about Douglas, son of the Jack B. Freys, and Danny, son of the George T. Halls, and people came to their carnival. In fact, so many people came that the boys lost count of attendance. When the dust finally cleared, the carnival was pronounced a complete success, with net profits of \$25.

That was the last we at the NEWS saw or heard of Danny and Douglas for a little over 10 months. Then, last Thursday,

the door opened and in walked the two entrepreneurs. More sophisticated this time (after all, they were older), they had brought samples of this year's prizes, a clipping from last year's NEWS, and promises that the Second Annual Funtastic Carnival would be bigger and better than the one before.

The place is the same, 333 Washington road, the dates are today and tomorrow, June 21 and 22, the hours are 10:30 to 4:30.

All prizes are new and there is no admission charge. Many of the favorite games from last year will be repeated, and something new has been added by way of a fortune telling booth for the "little kids" and several new "loss" games to test the skill and accuracy of older boys and girls.

Average charge will be 5c for three tosses — a price both Danny and Douglas feel is fair, and well within the range of the average allowance. Food and drink (hot dogs and cool aid) will be available, also at a nominal cost.

The boys have printed about 300 advertising bills, and are busy tying them on bicycles at the City park and school playgrounds. Once again everything is ready, and all the Second Annual Funtastic Carnival needs to be a complete success is—people.

So come one, come all to 333 Washington road! And if you happen to see the words "Under New Management" on your handbill, don't be fooled. Last year Douglas was manager, this year Danny takes over as chief of operations. But no matter who gets "top billing," the essential ingredients of this time-proven winning combination are the same.

Kiwanis Plans Fireworks Show

The Kiwanis Club of Grosse Pointe, Inc., will hold its annual July 4 fireworks display at Parcels Junior High School playground, starting at 8 p.m. The Grosse Pointe Woods City Council granted a permit for the exhibition at their regular meeting last Monday night.

Radio Station Site Debated

The Grosse Pointe City Council at its regular meeting Monday, June 18, granted permission for Station WGRP to remain in its present location, next to Kresge's in The Village, at least until August 1.

The station, originally termed a "temporary" structure, is on City property. At the Council's May meeting, a delegation of Village businessmen requested that some way be found to keep WGRP in their area on a "permanent" basis.

The businessmen argued that the station brought people and revenue to "The Village," and that much of its success was due to its location, in the heart of the business district, where teenagers and adults could "drop in" to discuss events or make announcements over the air.

Council at that time asked the petitioners to look around for a suitable location, not on City property, and extended the time limit for vacating the premises to July 1.

Monday night the businessmen returned. They had not found an alternate location for the station.

According to Ed Hickey of Hickey's Mens Wear, the station would lose its "attractiveness and effectiveness" if it were removed from the area. Hickey mentioned that if the Council denied WGRP permission to continue broadcasting from its present location, the station might move away from "The Village," to "the Hill" area, and this would detract from the general "attractiveness and interest" of "The Village."

According to City Manager Lawrence C. Savage, only one letter of complaint has been received regarding the station's location, and the general consensus of opinion seems to be that it is attractive and an asset to the neighborhood. Nevertheless, WGRP is on City property, and there was some talk that a precedent might be set if it were allowed to continue there.

Council directed the City manager to investigate the matter, specifically with regard to re-location possibilities within The Village area. One such possibility is re-locating the station adjacent to Glynn Travel Agency, directly behind Yaklin's Shell Service. Although this would put WGRP off "main street," it would still be in "The Village."

Ustinov Play Opens Tonight

Tonight will see the final portion of the First Annual Grosse Pointe Drama Festival started by the Senior Group of the Grosse Pointe Children's Theatre and the Grosse Pointe Community Theatre as a means of providing funds to buy the necessary equipment for the interior of the William Hayes Fries auditorium at the War Memorial Center.

Last weekend the Children's Theatre presented a musical version of the classic "Daddy Long Legs." Tonight is the opening performance of the Grosse Pointe Community Theatre's three-night run of Peter Ustinov's "Romanoff and Juliet," starring "Mike" Backinger as the General, Dick Bauhof as the American Ambassador and June Fries as his wife, Jo-Ann Moran in the role of Juliet, and Thomas Hourihan as Igor Romanoff, son of the Russian Ambassador and his wife, played by James Fielding and Shirley Lockwood.

Others in the cast include Mary Kitcher, Tom Stein, Mason Weaver, Bob Blow, Toni Sealfoni, Dorothy Kann, Harriet McQuinlan, Norman Watz, and Bob Freski. The public is urgently requested to support the production for the immediate benefit of an auditorium they will be privileged to enjoy for many years to come. Indian Guides Have Campout

One hundred sixteen fathers and sons of the Hannan YMCA Indian Guides of Grosse Pointe enjoyed an adventurous June 2-3 weekend at Camp Ohiyesa near Holly, Mich.

Activities included swimming supervised by the Fox Creek Tribe of Trombley-Defer Schools led by tribal chief Ralph Ewing with special planning by Thomas Roach, boating under the supervision of the Wyandotte Tribe of Mair-Defer Schools with Chief Robert Orr in charge, outdoor games organized by the Comanches of Kerby School led by Chief Al Moran.

Rainy day activities were not needed but were well planned in advance by Chief Ray Brownell and his Ottawa Tribe of Richard School. Other informal activities included hiking and fishing. A feature of this spring's outing was a trail horseback ride for both fathers and sons. Evening activities included a very impressive outdoor campfire induction ceremony for all new tribes. This was held on the shores of Fish Lake with the induction team appearing in full Indian dress.

Philip Dawson retires as Longhouse Chief for 1961-62 after a very productive year of leadership which included organization of new tribes last October, a fall outing at Greenfield Village, three seasonal camp outs at Camp Ohiyesa and the annual father and son banquet. An award system has been developed in which different colored feathers are presented to Little Braves who attend Longhouse activities. An official Indian Guide sweatshirt has been designated for all Little Braves.

Plans for 1962-63 included a newly elected Longhouse Chief, C. Jay Deeds with Philip Dawson remaining as Sachem (retired chief and consultant). An executive Longhouse Council will be organized to aid the Longhouse Chief in serving the Big and Little Braves of Grosse Pointe.

Under the leadership of Grosse Pointe fathers the Hannan "Y" Indian Guides have grown to over 250 members. Plans for 1962-63 call for an expansion to 350 fathers and sons. Any Big Brave with a son six years of age or older is eligible to join this fast growing father and son organization.

The Neighborhood Club

Officials of the Neighborhood Club, concerned over all the controversy that has been engendered by its offer of a location for the proposed building to house the Foundation for Exceptional Children, are anxious to have the public understand the club's position. They have prepared the following questions and answers to better acquaint the residents with the history and functions of their organization.

- 1. WHAT IS THE NEIGHBORHOOD CLUB? The Mutual Aid and Neighborhood Club of Grosse Pointe is an organization founded in 1911 for the purpose of providing for the needs of the families of Grosse Pointe and its vicinity in the fields of health, education, welfare, and recreation. It serves all the Grosse Pointe Communities.
2. WHO OWNS THE MUTUAL AID AND NEIGHBORHOOD CLUB PROPERTY? Mr. Dexter M. Ferry, Jr. donated the present land to the Neighborhood Club in 1927 and funds for the building were raised by a general donation drive that same year.
3. IS THIS A TAX-SUPPORTED ORGANIZATION? No—a voluntary organization it has pioneered in many health, welfare, and recreation services such as the first Grosse Pointe hospital, now known as Cottage Hospital, the first library, the first visiting nurse and health service, and the Grosse Pointe Woods Community Club.
4. WHAT ARE THE SOURCES OF SUPPORT FOR THE NEIGHBORHOOD CLUB? Nominal membership dues, nominal rental fees, the United Community Services (United Foundation), the Thrift Shop and individual private contributions.
5. WHAT IS THE FUTURE OF THE NEIGHBORHOOD CLUB'S RECREATIONAL PROGRAM, INCLUDING THE PLAYGROUND AND PLAYING FIELDS? The Neighborhood Club plans to continue its recreation program with broadened community support. Increases in membership dues and rental fees will probably be necessary.
6. WILL THE ERECTION OF THE FOUNDATION FOR EXCEPTIONAL CHILDREN BUILDING TAKE ANY PLAYGROUND AREA? No. Mr. Husband, Director of Administrative Services for the Grosse Pointe Board of Education has presented the Neighborhood Club with an improved overall plan for utilization of the Club's recreational area, which provides as many playing fields as are now available.
7. WHAT IS THE RELATIONSHIP BETWEEN THE NEIGHBORHOOD CLUB AND THE FOUNDATION FOR EXCEPTIONAL CHILDREN? They are separate organizations. The Neighborhood Club has agreed to give an extended lease for a nominal sum to the Foundation because it believes that the Foundation is rendering a valuable service for the education and welfare of the handicapped children in the community.
8. WHAT IS THE RELATIONSHIP BETWEEN THE

NEIGHBORHOOD CLUB AND THE UNITED COMMUNITY SERVICES?

The Neighborhood Club has for many years received substantial and valued support from the United Community Services. Under current policies of the U.C.S., support of needed social services is given greater recognition than support of recreation and this must be considered in the future financial planning of the Club. The proposed lease to the Foundation for Exceptional Children will not be a factor in future support from the U.C.S.

9. DOES THE NEIGHBORHOOD CLUB PLAN TO LEASE MORE PROPERTY, OR ALLOW THE SCHOOL TO EXPAND? No.

10. WHAT ARE THE NEIGHBORHOOD CLUB'S PLANS FOR THE IMMEDIATE FUTURE?

The Neighborhood Club hopes to continue its recreational and other programs and to bring other needed services to aid our Grosse Pointe Community.

What Goes On at Your Library

by Jean Taylor

There's an intangible difference in the air when summer comes to the library, that is difficult to pinpoint. As much or more business flows across the circulation desk, and the reading and reference departments hum with activity, but somehow both the library users and the librarians have a more relaxed air which is contagious. Everyone seems to be under less stress and strain. This is evident among the children and young people too. True, there are students at summer school who seek material for assignments, but even they seem to approach their work with less tenseness than do many students during the school year proper. It is gratifying to find the children's room crowded with youngsters who are reading of their own volition, free to follow their individual interests. They are still learning but without compulsion. A small boy brings in his pet skunk to show him off. A little girl tenderly holds a frightened fluttering robin with a broken leg, and wonders if there's a book which will tell her how to mend it. There is time in the summer for the librarian to talk to, or better still, to listen to the children and discover their hobbies and individual likings. It's a time when we get to know them better. Thursdays and Fridays are especially busy days at the three libraries. These are "movie days." Film programs are arranged for boys and girls from June 21 through August 17; Thursdays at the Park Branch at 10 a.m., Fridays at the Woods Branch at 10 a.m., and at Central at 2 p.m. The films have been carefully selected, with an effort made to interest children of various ages. Older boys and girls will be eager to see such films as SMOKY, TREASURE ISLAND, RIDERS OF THE NEW FOREST, et al. While the younger ones will enjoy some of the Weston Woods films, among them, CAPS FOR SALE, MAGIC MICHAEL, and IN THE FOREST. The program for each week is posted in the library, giving the titles of the films to be shown, and the length of the showing. We are appreciative of the excellent cooperation we have had from the Police Departments of the Park, the Farms and the Woods. Parents may be assured of their children's safety, since an officer is posted at the cross streets near each library before and after each program. Vacation time has been defined as "that period when the flowers in the home garden are at their best, and only the neighbors are around to enjoy them." If you are about to take off for the woods, the seashore or a careless vagabond life on the road, leaving your garden for the delight of your neighbors, don't forget to take with you books for the entire family. If you are to be away longer than four weeks, notify the librarian when your books are charged out, and you will be given an extension of time. Adults may take any reasonable number of books on this "Vacation Privilege" and children as many as they wish, up to eight. If you plan to stay at home and tend the garden, you will find your library a pleasant, air-cooled retreat on a hot day. We hope to see you often!

City Approves Contract For Standby Fire Service

The Grosse Pointe City Council approved a standby fire service contract with City of Detroit at its regular meeting Monday, June 18. Terms of the contract require the City of Grosse Pointe to pay three cents per \$1,000 of its total county equalized valuation exclusive of land value. Based on the tax roll for 1961, this would amount to \$591.37. The tax roll for 1962 is not yet available, as the Bureau of Taxation has not returned it to the City office, but it is estimated that the basic cost of standby protection would still be less than \$600. This charge would be adjusted yearly on the basis of the most recent equalized valuation figures. The contract provides for a service charge of \$100 for the first hour or fraction thereof for each piece of land equipment sent to the scene of a fire, and \$75 per hour or fraction thereof for each succeeding hour. In addition, the City of Grosse Pointe agrees to assume all liability for loss or damage to Detroit equipment and personnel, except for reasonable wear and tear and damage to equipment occasioned by the elements, and agrees to defend any suits against the City of Detroit resulting from services rendered to the City of Grosse Pointe in accordance with the provisions of the contract. All Detroit equipment and personnel would be under the command of the senior Detroit officer present at the fire. Insurance cost for this standby protection is approximately \$150, and total annual charges based upon the standby cost and additional insurance required average out to about \$750. Although the City of Grosse Pointe may not take advantage of the standby contract with Detroit for several years, the Council agreed that it was a necessary safety measure, especially as the City has an unusually high value commercial district and special hazards are presented by the Bon Secours Hospital and Grosse Pointe Nursing Home. There is only one ladder truck in the entire Pointe area, and should several fires start at once, as was the case when both Al Green's on the Hill and Beaupre Hardware burned last winter, it is almost imperative that another ladder truck be obtained from somewhere.

Always the Heart of Our Business

By Fred Kopp, R. Ph. Why do most drugstores sell everything from breakfast to dance wax...? The answer is simple. It is a matter of economic necessity. Americans, thank goodness, are generally healthy and there are not enough prescriptions to keep all drugstores going. Thus, we sell a variety of merchandise. By so doing we are able to stay open and render assistance whenever and wherever it is needed. Prescription service, however continues to be the heart of our business and we are always pleased to assist you when medication is needed. Suellen McHaffie Marries Mr. Sachs

Trip to Northern Michigan follows Saturday rites in Grosse Pointe Memorial Church and reception in bride's home in Grayton road

Suellen Charlotte McHaffie, daughter of Mrs. Ivor J. Menzies of Grayton road, and the late John Duffield McHaffie, was married Saturday afternoon in Grosse Pointe Memorial Church to Gordon Peter Sachs.

For the rites the bride wore a princess gown of silk imported organza over taffeta. Alencon lace appliques accented the rounded neckline and a panel back extended into a chapel train.

A double coronet of lace and tiny pearls caught her full circular veil of English illusion and she carried white spray orchids, stephanotis and ivy.

Sandra McHaffie was her sister's maid of honor in a coral mousseline de soie over taffeta frock designed with a squared neckline, belted skirt and Watteau pleats in the back. Three blending rosebuds topped with a halo silk illusion veil completed her ensemble.

Dressed like the honor maid

were the attendants Mary Anne Hammond, Frances Anne Fitzsimons and Anne Williamson, the bride's cousin.

Miss Mullen Is Presented

Since riding is her favorite sport Mary Luisa Mullen chose this for the theme of her debut ball last Wednesday evening at the Country Club. She was presented by her parents, the Januarius Arthur Mullens, of Washington road.

A life sized head of a white horse flitted with a black stallion from a stall concealed at the entrance of the club. A replica of a red barn and hayloft was set at one end of the Great Hall where Charley Kehler's orchestra from Cincinnati played.

A cut-out of the deb jumping a green hedge surrounded by all the hunting accoutrements and red and white pennants, the Hunt Club colors, were placed about the club.

The deb and her parents received in the French Room against a gold screen scattered with horse shoes. She wore a mist blue peau de soie ball gown accented with three large white silk flowers. She carried her father's gift bouquet of miniature carnations. Mrs. Mullen wore a dusty pink peau de soie gown with a beaded bodice and full overskirt.

Four pairs of English riding boots filled with red and white carnations decked the breakfast buffet table which was covered with a red and white checked cloth.

Michael Ann Mullen, the deb's sister, flew in last Monday from her studies at the Sorbonne in Paris for the party.

MYRON E. RANNEY, son of the RALPH R. RANNEYS of South Renaud road, left last week to attend summer school at the University of Colorado in Boulder. Myron is a teacher at the Elmira school in St. Clair Shores. His sister, BEATRICE J. RANNEY, is employed at Children's Hospital, Denver, as a medical technologist.

Miss Gargaro First to Bow

On her 19th birthday last Wednesday, Carol Gargaro was presented to society at a tea at the Grosse Pointe Yacht Club by her mother, Mrs. Eugene Gargaro, of Renaud road.

Turquoise was the decorative color as a background and the bud's dress was a turquoise crepeless raw silk design with a tiered skirt trimmed with tiny bows and her shoes, party favors and tea napkins were also turquoise.

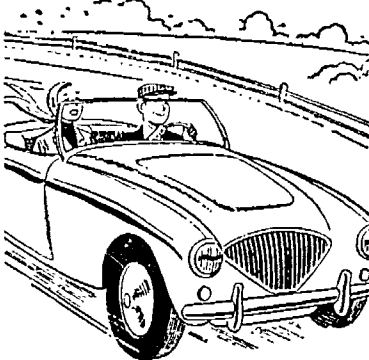

Mrs. Gargaro received in a pink silk gown accented with hand tucking.

Following Carol's tea the Lansing M. Pittmans and the E. Irving Books gave a dinner at the Little Club honoring their niece, Heather Whitehead, who was presented by her parents, the J. Frazer Whiteheads, Jr., last Christmas.

Hedy wore a daffodil yellow organza gown. Mrs. Whitehead was in a short turquoise model and Mrs. Pittman wore a shaded blue chiffon print. Mrs. Book's choice was blue organza over white.

Two Debs Bow At Home Galas Newlywed Crapos Travel to Portugal

Saturday evening debutantes were both introduced at home parties, a return to an old tradition, since most debuts are now held at clubs.

The Claudius Candler Gages, who will be moving shortly to Bay St. Louis, Miss., brought a touch of the old South into their Notre Dame avenue home for the dinner at which they presented their daughter, Elizabeth Lavinia (Baba).

Holly trees and pots of pink oleanders were placed under the lilac trees where the receiving line stood. Tubs of pink geraniums lined the garden walls and swimming pool and old New Orleans lanterns lighted the gardens.

Baba wore a pale candlelight slipper satin gown with an overblouse of white cut velvet on chiffon. Mrs. Gage was in a short black and white linen gown.

Later that evening Baba's cousin, Mary Symington (Muffy) Galloway, was introduced by her parents, the Edgar B. Galloways at a dance in their Beacon Hill home.

Gift bouquets banked the bay window in the living room where the Galloways and their daughter received. The garden was covered with a white marquee and the pink covered supper tables were centered with pink geraniums.

The deb wore a white organza gown sashed in pink and cherry red. She carried a nosegay of American Beauty and pink sweetheart roses.

Mrs. Galloway chose a floor-length sheath of aqua raw silk with an overskirt of four long panels. Edgar B. Galloway, Jr., was head usher and also serving in the corps were Robert C. Wood, John Webster, Simpson Leonard, Fred and Bob Ollison, George Haggarty, Bruce Birghauer, Charles B. Johnson, Jr. and Chris Prewitt.

At the close of the 159th college year at Bradford Junior College, Bradford, Mass., it was announced that MISS MARY GALLOWAY had been named to the Freshman Cumulative Honor Roll, and the Freshman High Honor Roll for her work during the last semester of the year. She is the daughter of MR. and MRS. EDGAR B. GALLOWAY of Beacon Hill.

Watertown, Conn. and the University of Michigan where he was a member of Sigma Phi Society. He is presently doing graduate work at Massachusetts Institute of Technology and in the fall will teach at Northeastern University in Boston.

He holds a commission of lieutenant, junior grade in the USNR and is a member of the Grotier Club of New York and a member of the corporation of the Institute of Contemporary Art in Boston.

After a wedding trip to Portugal, Mr. and Mrs. Crapo will reside in Hull, Mass.

Soviet Pipe Dream

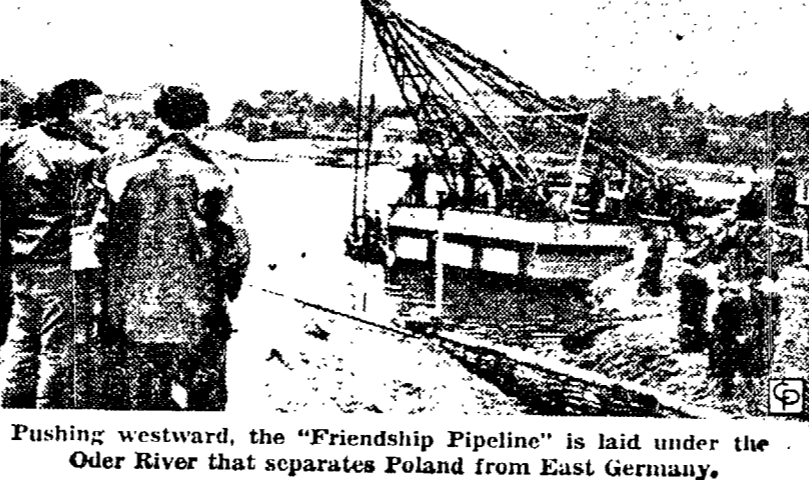

Spectators cheer as a Soviet and a Czech unite sections of the "Friendship Pipeline."

Snaking oil pipeline is becoming a familiar sight in Russia.

HOPING TO FLOOD Western Europe with Russian oil as a major economic offensive in the global cold war, Soviet planners are crying, "Westward Ho!" The first phase of the campaign opened with construction of the "Friendship Pipeline" to Red satellite countries in Eastern Europe. Oil from the Ukraine already is flowing through the Carpathian Mountains into Czechoslovakia via a 200-mile section of the "Friendship Pipeline." Work is well advanced on another major oil pipeline (see map) from the Tatar Republic, the U.S.S.R.'s leading oil producer, to Hungary, Poland, East Germany and other parts of Czechoslovakia. When completed, the Russian oil network will be nearly 3,000 miles long. Russia expects its oil to be used exclusively in the four satellite nations on the receiving end. The ultimate goal of Russia's oil production expansion is Western Europe beyond the satellites. If Russian oil can be pumped into this area of the Free World, Reds will be able to undersell other oil suppliers.

Pushing westward, the "Friendship Pipeline" is laid under the Oder River that separates Poland from East Germany.

REFRIGERATOR TRAGEDY—Mrs. Anna Craver of Cleveland, mother of one of the victims, is near collapse as she learns her son, Melroy, 6, and a playmate, Robert Ford, 7, had suffocated in an abandoned refrigerator. Their bodies were discovered after they failed to answer calls to supper. Lower, rescue squad fireman Martin Geary looks at a pair of small tennis shoes, mute testimony to the tragedy.

BABY'S FIRST STEPS—Mother hippopotamus obviously is as proud as any other mother as her baby takes its first cautious steps in the St. Louis Zoo's Elephant House. Born June 8, the 50-pound infant could swim from birth, but needs some gentle nudgings from mother to advance on land. Its sex has not been determined.

PEEPERS AT B-GIRL HEARING—Standing behind committee Chairman Sen. John McClellan, D-Ark., U.S. Senate secretaries and clerks peep into the hearing room in Washington as B-girls and strip teasers tell their experiences to the Senate Rackets sub-committee. At the right, Corrine Suzette Stein, a strip teaser, told the committee that night clubs in Calumet City, Ill., and Miami, Fla., treat B-girls "like animals." Platinum blonde Mrs. Stein is from Pittsburgh, Pa.

HOW ALCATRAZ ESCAPEES DID IT—The photos (from left) show how three bank robbers made the first apparently successful break from Alcatraz Prison in San Francisco Bay: dummy head on pillow in one of the Cell Block B cells; guard looks at hole through which one of the three escaped to a corridor; guard examines hole dug in concrete wall in utility corridor; guard at vent on cell block roof through which the escape artists left the utility corridor. Escapees are John Anglin, 32, his brother Clarence, 31, both from Montgomery, Ala., Frank Lee Morris, 35, New Orleans.

NAGGED BY DEBTS—Actor Mickey Rooney blames slow horses and three ex-wives for driving him to bankruptcy. The horses took \$2,000 last year. His ex-wives and their claims on him are (top left) Mrs. Betty Jane Baker, \$3,000; (bottom left) Mrs. Martha Vickers Rojas, \$500, and (bottom right) Mrs. Elaine Davis, \$19,500. Rooney, who earned some \$12 million in a long career, listed debts of \$484,914 and assets of \$500 in Hollywood Federal Court.

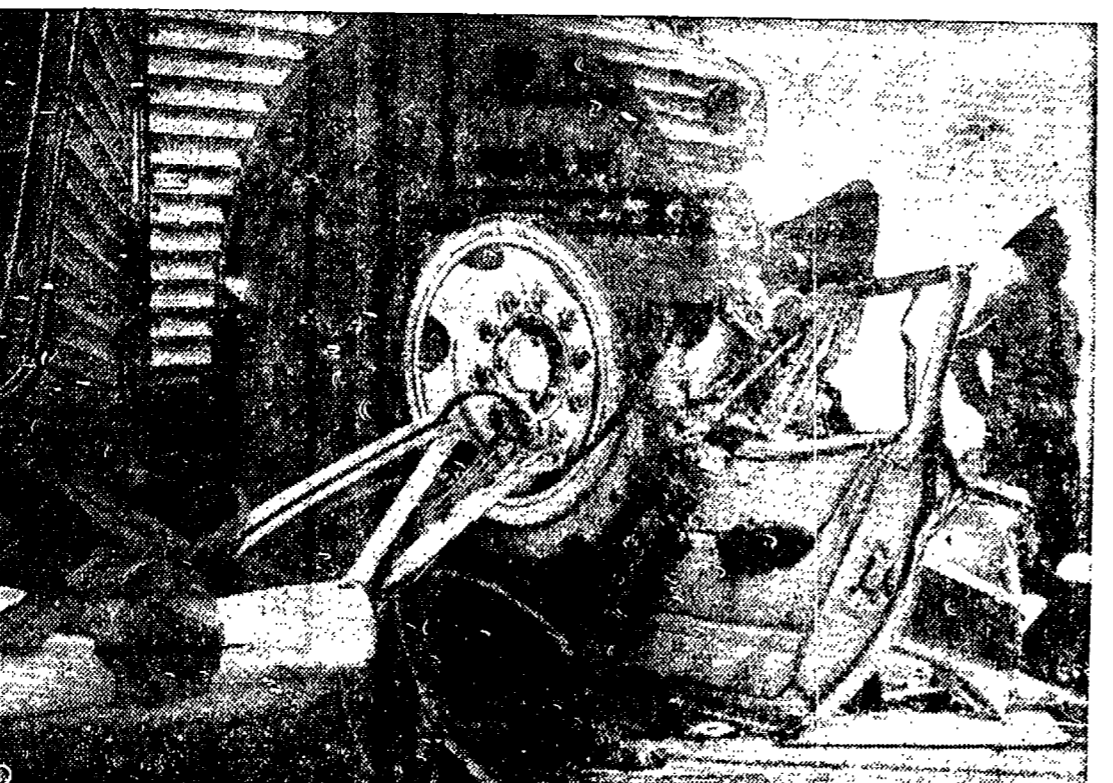

\$190,000 LOSS FOR BILLIE SOL ESTES—Indicted Texas financial wizard Billie Sol Estes' venture into the journalistic field cost him \$190,000. His share of the Pecos Daily News sold for \$9,250 at public auction. He invested \$199,415 in the newspaper last year.

CLIMAX CAPPED—Graduating from nursery school to kindergarten in St. Louis commencement exercises, 5-year-old Bruce McGee's homemade graduation cap took off with wind.

COURAGEOUS PITCHER—Back home in Somerville, Mass., Everett Knowles, 12, whose severed right arm was sewn back on in a miracle operation in Boston, sits with his dog, Sandy, and dreams of maybe some day pitching again for his Little League baseball team. His arm was torn loose at the shoulder May 23 when he tried to hop a freight train, and was knocked off the train by a bridge abutment.

STATE TROOPERS CRUSHED TO DEATH BY BUS—Three state troopers were crushed to death on the New Jersey Turnpike between Secaucus and Kearny when a bus smashed into their slow moving vehicle, rammed it into a parked truck and then rolled on top of it. Killed were (from left) troopers Milan Simcak, 36, Paramus; Joseph DeFrino, 35, Lyndhurst; and Arthur J. Abagnale Jr., 26, Cliffside. Four other persons were injured. The picture of the wreckage shows the arm of one of the troopers dangling from the crushed patrol car. Police said the patrol car, with its red light flashing, was accompanying a truck laden with dirt, when the bus came around a curve and hit it. Simcak leaves a widow and two children; others were single.

SHOOTS SISTER'S BOSS—New York police say James Patrick Mullooly (lower), 41, a 250-pound accountant, shot and critically wounded the boss of his sister, Mary Mullooly (top), 42, for "fooling around" with her. Shot was oil company executive Taylor S. Gay, 54. "I just couldn't see a married man taking out a single girl," Mullooly told police.

A DIFFERENCE OF OPINION—While President Kennedy was seeking to bolster co-operation and confidence between his administration and business at a White House conference with U.S. Steel President Roger Blough (top) and other business leaders, two Republican congressional leaders were rapping Mr. Kennedy's economic policies in a Washington, D.C., television show (lower). GOP Rep. Charles Halleck (left), Ind., and Sen. Everett M. Dirksen (right), Ill., charged the President's economic policies are "confidence killers."

Sara, a student at Smith College, leaves tomorrow for Sweden, where she will live for a month as a member of a family and spend another month traveling. Since its founding in 1932, the Experiment, an independent, nonprofit organization in the field of international education which seeks to promote international understanding by a person-to-person approach, has sent over 14,000 Americans abroad.

Nine Grosse Pointe students were among the more than 600 seniors granted degrees or certificates at Ferris Institute's commencement June 10.

The Pointe graduates are: CHARLES BACHOFF, B.S., pharmacy; GUY DE BOER, B.S., marketing, and B.S., business administration; GEORGE DUNCAN, B.S., business administration; PETER FITZPATRICK, B.S., business administration; MARILYN FOSTER, associate of applied science, physician's office assistance; CHRISTIAN HÄBERKORN, certificate, printing; WILLIAM ROHLF, B.S., commerce teaching; and CLYDE SUTTON, B.S., marketing.

JAMES MEININGER, 18, son of MR. and MRS. MILTON A. MEININGER, of Elford court, has been awarded a four-year Chick Evans college scholarship by the Golf Association of Michigan.

Meininger, a graduate of Austin Catholic High School, will enter the University of Michigan in September and will reside in the Evans Scholars Chapter house in Ann Arbor.

GEORGE A. MCBRIDE, JR., received his master's degree in Economics from Rensselaer Polytechnic Institute from which he received his degree in architecture in 1957. Currently doing graduate work in City Planning at Harvard University and Community Planning in Latin America by the General Secretariat of the Organization of American States. Mr. McBride with his wife, NANCY CLARK MCBRIDE, of West Hartford, Conn., and their two children, DANA and KEVIN, left June 8 by plane to begin the three-month research project at the Inter-American Housing and Planning Center (CINVA) in Bogota, Colombia.

ROBERT V. PETERSON, son of MR. and MRS. VINCENT L. PETERSON, of Moran road, has been awarded a \$1500 Charles E. Merrill Fellowship for graduate study. Peterson will use the grant to begin his study of law at the University of Michigan in September. He was graduated from the University of Michigan last Saturday, June 16 with a major in political science. His father is principal of Parcels Junior High School. His sister will

Bride-Elect

Picture by Eddie McGrath, Jr. Announcement is made of the engagement of JUDITH M. KROME, daughter of Mrs. Ronald C. Krome, of Lexington road, and the late Mr. Krome, to A. Wayne Kniffin, son of the H. H. Kniffins, of Lawton, Okla.

Sails and Skis

(Continued from Page 10)

This year's race started at 1 p.m. off Toledo Harbor Light. The course, approximately 70 miles long, takes the fleet around a number of islands in the western end of Lake Erie. The night sailing around the islands some of which are unlighted sharpens the navigators skills while giving the skippers a hazard that was prevalent this year was the commercial fishermen's nets.

Floyd Hinsky's TAMARA worked out in front of the fleet on the first leg and soon had an estimated six mile lead over his closest rival X TOUCHÉ. Hinsky stated that although they were in 20 feet of water the fish nets brought the 52 ft. sloop to a complete stop. It took 25 minutes after the work of one of the crew in the water to cut the nets free. During this unfortunate handicap X TOUCHÉ worked past the leader and finished first.

Tom Hanson's DAUNTLESS finished first in Cruising "C" and was the only winner from Bayview Yacht Club this year. This is the first time in years that BYC did not come home with the bulk of the honors.

The smaller class boats and some of the cruising boats that did not journey to Toledo sailed in the Windsor Yacht Club Regatta Saturday. This regatta was sailed on the regular DRYA course in Lake St. Clair.

Al Whittaker GPSC and Ross Kogel CSYC continued to dominate the L Class and Folkboat fleets respectively. This made four straight for them.

Two young members of Creek Sail Yacht Club, Spike Boston and John Schreck, both 16 years old, brought fame and honor to the local club by winning the Sixth District Junior Penguin Sailing Championships at Columbia Yacht Club in Chicago over the weekend.

By winning the District Championship the boys qualified to sail in the Pan American Junior races being held July 8-15 in Rio de Janeiro, Brazil.

On Saturday the Grosse Pointe Yacht Club will sponsor its 33rd Annual Regatta. The warning gun will be fired at 10:30 with the fleet sailing the DRYA upper lake course which is on the American side of the channel with the start and finish off of the GPYC dock.

Pointer to Wed Toronto Girl

Mr. and Mrs. Sydney R. Ker, of Toronto, have announced the engagement of their daughter, Ruth Elizabeth, to Daniel W. Goodenough, Jr., son of the Daniel Goodenoughs of Lothrop Road.

Kinder-Pries Vows Exchanged

Marjorie Ida Pries, daughter of Mr. and Mrs. Harvey L. Pries, of Saginaw, became the bride of Richard Arthur Kinder, son of Dr. and Mrs. W. Patterson Kinder, of East Jefferson avenue, Saturday in St. John's Episcopal Church, Saginaw.

The bride wore a sheath of silk organza over taffeta accented with Alencon lace. A crown of crystal and pearls caught her bouffant veil and she carried white butterfly roses and stephanotis.

Evelyn J. Youker, of River Forest, Ill., was maid of honor in turquoise peau de soie with a lace bodice. She carried pink tea roses and white feathered carnations.

Carrying yellow roses and carnations were the bridesmaids Claudia L. Ryan, of Beulah, Mich., Janice Ellars, of Saginaw; Tamara Tronsee, of Flint, and Carol Foxen, of Cleveland.

Eugene William Lewis III was best man and the ushers were E. Michael Krieg, G. Graham Silcox, of Ridgeway, Ont.; Robert E. Gillette and John L. Rise, of Waterford.

Following a reception at the Bancroft Hotel, Saginaw, the couple left for five weeks in Europe. In the fall the bridegroom will enter Indiana University Graduate School in Bloomington, Ill.

HS. Graduates Given Parties

By Dan Hall Class of 1962 Grosse Pointe High School's Class of 1962 finished its high school career with a banquet and dance at Hillcrest Country Club last Wednesday and a buffet supper at Lochmoor Club on Thursday.

A small combo, the Starlighters, provided the music at the Hillcrest banquet. The band blended perfectly with the moods of the seniors, playing wild, exhilarating tunes and pop music at the beginning as the students celebrated the start of summer vacation, but then switched to slow, dreamy, music to sway by as students dreamed of past experiences and the coming graduation.

The banquet cost over \$4 per person, but students paid only \$1 each because most of the cost was covered by profits from the senior prom.

The dinner included roast chicken and baked potatoes. As dessert was served, the waiters paraded through the room carrying ice cream cakes decorated with flaming sparklers and small torches. A combination of sparklers shaped into the letters "GPHS" brought a round of applause.

The Lochmoor party was described by one pretty graduate as the most memorable senior activity.

"I wish I could graduate every year," she said. The new graduates entered the club through a horse shoe of yellow flowers that was intended to bring luck in future years. The ballroom was decorated with pink and green flowers and streamers overhead.

The graduates danced to recorded music. Most of the records had been popular sometime during their three years of high school, and it brought back many memories of times past.

June Busy Month For Engaged Pair

Graduation and Pre-wedding Parties Keep Patricia McCormick and Thomas John Reno, Jr. in Rush; to Marry on August 11

The month of June has been exceptionally hectic for Patricia McCormick and Thomas John Reno, Jr. Patricia, daughter of the John F. McCormicks of South Oxford road, and Thomas, son of Mr. and Mrs. Thomas John Reno, Sr., of Neff road, plan an August 11 wedding in Our Lady Star of the Sea Church.

Both were graduated last Thursday from the University of Detroit, where the bride-elect was awarded a Bachelor of Philosophy degree, and her fiance received his Bachelor of Science. He leaves early in July to assume a position with General Electric in Schenectady, N.Y., returning to Grosse Pointe a few days before the wedding.

Miss McCormick has asked her future sister-in-law, Marlene Reno, to serve as maid of honor, and the bridesmaids will be Judy King of Spring City, Pa., Judy Reno, Camilla Kockx, and Kathy Rutan, junior bridesmaid.

Leonard Carnagli will be Mr. Reno's best man, and the ushers include John Jenney, Dan Dreyer and Tom McCormick.

Parties for the bride-elect began May 27, with a linen shower given by her aunt, Miss Ruth Coven of Royal Oak. On June 2, Mrs. Ruth Teetzel and Mrs. Gloria Rutan entertained at a kitchen shower in Mrs. Teetzel's Rivard boulevard home.

Marlene Reno was hostess at a bathroom-bedroom linen shower June 10, and on June 16 Mrs. Hilke Luke and Mrs. Mary Smith gave a miscellaneous shower at Mrs. Luke's home in McRivewether road.

Bridesmaids Camilla Kockx and Judy King have scheduled a personal shower for July 1, and the rehearsal dinner will be given by Mr. and Mrs. Reno, Sr. in their home in Neff road the Thursday before the wedding.

Headlines of the Week

(Continued from Page 1) The Secret Army broadcast followed close on the heels of an announced agreement between the Algiers faction of the OAS and the Moslem Front for National Liberation (FLN), terms of which included a general amnesty for Europeans in Algeria. FLN leader Dr. Chawki Mostefai had broadcast an emotional appeal to Algeria's French, asking them to "forget the past" and unite with Moslems in building a future.

In Oran, where the Secret Army is more firmly entrenched than anywhere else in Algeria, OAS officials were cautious in affirming the cessation of hostilities announced by the Algiers OAS headquarters. "The news coming from Algiers must be heard with caution," Oran sources declared. "For us the mission remains the same. To protect the Europeans of Oran. We keep intact all our means of action for realization of our program."

Tuesday, June 19 DETROIT POLICE are hunting a five-foot-eight, 160 pound Negro who shot and killed a downtown physician in his office yesterday afternoon. The victim, Dr. Victor Droock, 69, of 2484 Edison, was shot once through the heart. A second bullet, a paralytic missile, missed Droock, going through one of the windows of his fourth-floor office in the Professional Building, 10 Peterboro.

Henry Hughley, 63, of 568 Mt. Vernon, a patient waiting to see the doctor at the time of the shooting, described the murderer. Hughley revealed that the man, in the office with him for a short time, said he was an entertainer and asked Hughley how much the doctor charged per visit. When Hughley told him \$5, the murder replied, "Why that — he is charging me \$10." Hughley stated that he left the office after receiving treatment from Dr. Droock, and was walking down the hall when he heard two shots. Turning, he saw the murderer run out of the office.

Hughley followed the man down one flight of stairs, then returned to the office where he found the doctor dead. He immediately called police. There was no indication of a motive for the crime, as police found no narcotics missing, and there was \$112 in the doctor's pockets when his body was examined at the hospital. It is possible, however, that the killer was a patient or ex-patient who wanted money for narcotics. Dr. Droock, a bachelor, lived with his brother. He was a general practitioner, and had maintained offices in the Professional Building since it first opened in 1919.

Knox Alumni Elect James Blean President

James J. Blean, assistant secretary-treasurer of the United Foundation, was elected President of the Knox Club Friday evening at their annual meeting in the University Club.

Other officers of the local alumni group of Knox College are: Hugh Robertson, vice-president, Robert A. Goebel, treasurer, and Mrs. Weston O. Litchards, secretary.

Knox College was founded in 1837 in Galesburg, Illinois, as a liberal arts co-educational school. More than one hundred graduates of Knox College reside in the Detroit area.

Monday, June 18 THE SECRET ARMY Organization has ordered an end to its "scorched earth" campaign in Algeria. In a "pirate" radio broadcast last night, OAS officials asked the entire European community to "put all its energies into the service of Algeria," adding that "We have all been deceived by maneuvers which are known. The exodus (of Europeans from Algeria) and the policy of scorched earth will give way to constructive work." The OAS broadcast announced that all resist-

Wayne Grads Organize Here Listing almost 100 members, a local alumnae group representing the Grosse Pointe area was officially chartered by the Women of Wayne State University early this month at "Women of Wayne State Conference Day," an alumni event at the University campus.

As the University alumnae grew, a decentralizing program became necessary, if the University was to keep the continued interest of its many women graduates or former students. The establishment of individual suburban groups in the various city suburbs resulted. The Grosse Pointe area was the sixth group to be organized. The original organization began in January, 1961, with a call for Wayne alumnae living in the Grosse Pointe area to meet at the War Memorial.

Five general meetings later and the enjoyment of several special events aimed at introducing the alumnae to present-day Wayne State University facilities, the counted membership of almost 100 was reached.

When the POINTE was growing up...

by Patricia Talbot

Today living in Moross, Muir, and Hillcrest roads in Grosse Pointe are descendants of the Labadie family, who figured so prominently in the beginnings of Detroit and Grosse Pointe.

The Labadie family tree sprouted in Canada as long ago as 1644 and the first of that name came to Detroit in 1740. Pierre Labadie was early in the forefront of all civic affairs and his son, Anthony, became a big property owner.

Records show that Anthony first owned Pointe property in 1807. He also owned two mills for grinding grain and several slaves. His widow, Charlotte Barthe, relative of Commodore Grant's wife, received all his Pointe possessions.

There is a certain amount of confusion in tracing the Labadies after Anthony because he was married twice, had a common law wife, and in all was the father of 23 children.

His first wife was Angeliqne Campau, of the well known Detroit family. After her death Anthony took a common law wife, Marie, a Chippewa princess. The eight children he had by Marie were called Labadie dit Badichon to distinguish them from the other branch of the family.

While he lived in Detroit with his third wife, Charlotte, Anthony Labadie was active in business with the British fur trader, John Askin. Mrs. Labadie was the widow of a lieutenant in the British army when she married Anthony. Her former husband was Louis Reaume, a marriage that was particularly tragic. Charlotte was but 17 when she wed the young officer and two weeks after the ceremony she was a widow, as he was killed in a frontier skirmish.

The Labadies were related to the Pelletier family, probably Detroit's oldest. Two members of this French pioneer family greeted Cadillac when he landed in Detroit in 1701. Pierre and Francois Pelletier were among the band of coureurs de bois, woodmen who traded with the Indians.

The Pelletiers were closely related to the Askings and to the Lewis family, one of whose members, Alexander, was an early mayor of Detroit and Pointe resident.

A widow of one of the Pointe Labadies gathered and sold frog legs to Alexander Lewis' daughter, the late Mrs. Howie Muir. Neither lady was aware that back in the mists of Detroit history their family lines were entwined.

In between shows at the Hunt Club Horse Show this week-end, guests will be able to browse and shop in Mrs. Frederick S. Ford's Santa Claus Shop. Skiers know these wares well, for Mrs. Ford's shop is permanently located in Otsego. A specialty is hand embroidered sweaters and patrons may order to their own design from Mrs. F. herself who will be on hand.

Personal delivery of Grosse Pointe High School's "Viewpoint" is the motif for Prudence Frey's trip to Europe this summer. She will deliver the yearbook to 1961's exchange student Liv Myhre in Oslo, Norway, and then go on to Helsinki where she hopes to practise the Russian she has been learning. Prudence, daughter of the Jack B. Freys, of Washington road, will fly to Amsterdam, Holland this Saturday with her grandmother, Mrs. Action A. Le Fevre, of Lancaster, Pa., for a tour of the Scandinavian countries and Holland.

When the James B. Ogdens appeared for brunch Sunday at a relative's they little knew that back in their Whittier road home their daughters, Mrs. Henry N. Peabody, Barbara Ogdens and Mrs. Richard Loyer were decking the house with red and white for a surprise anniversary party. The Ogdens celebrated their fortieth wedding year at the surprise event in their home later in the day.

Dr. and Mrs. Charles Merkel imported some Arthur Murray dance instructors for the dinner they gave recently in their East Jefferson avenue home. Maple trees edging the terrace were decked with Italian lights and porcelain urns full of white lilies, stock and ivy centered the long table outside on the terrace, where the guests dined. Then the entertainment began, lessons in the Twist, for the Merckels' guests, who were gathered to mark the hostess' birthday.

A pickerel fish fry and a night aboard a house boat is the promised entertainment in Wallaceburg, Ont., for members of the Grosse Pointe power boat crew. The all stag affair will take place June 29 with departure time set for noon and 2 o'clock.

PILFERINGS

Professor: "What is a circle?"
Freshman: "A circle? Well, it's a round line without any kinks in it, joined at the ends so you can't find where it started."

A clerk in a bookstore said to a student who was having trouble in all classes: "Here's a book that'll do half your work for you." "Swell," replied the eager student. "Give me two of em."

A man was giving some advice to his son. At the end of a rather stern lecture he said, "Now, my boy you understand what I mean?"

"Yes," replied the boy. "What it boils down to is this: If I do well, it's because of heredity; if I fail, it's my own fault."

Pointer of Interest

LEE MALCOLM OF BARRINGTON ROAD

A long time ago, four years to be exact, which is sons in the life of a teen ager, Lee Malcolm made up her mind that she would go to Europe during the summer of her junior year as an exchange student.

This Monday, Lee, with 303 other American high school students, left for Amsterdam on the first lap of her journey which is sponsored by the Michigan Council of Churches.

After a few days briefing in Holland Lee will travel by train to Madrid to spend two months as the guest of Senora Maurya Segura. There she will attend classes before Spanish schools recess on July 1, see her first bull fight and practice the language she has been studying for two years.

Foreign Service Her Goal
Lee's whole high school life has been directed toward this experience and she has carefully trained herself for the exciting trip. She belongs to the American Field Service Club at the High School where she has completed her junior year. She has studied Spanish and Latin and kept a resounding B-average which she hopes may admit her to Bryn Mawr or Connecticut College for Women and eventually to a post in the State Department.

The dark haired, brown eyed co-ed has entertained Helga Hipp, the Viennese exchange student this year. When the Malcolms, including brother Parke, a U of M student, bid goodbye to Lee at the airport Monday Helga said her own farewells to a girl she has come to regard as a sister. Helga will be returning to her homeland next week after a brief tour of the U.S. with the other AFS students. Helga will have to make up her year's studies here as her credits are not acceptable in the Austrian "gymnasium."

Ideas on UN Decisive
Lee applied for this trip months ago and was finally culled from a list of finalists and invited to the Council's headquarters in Ann Arbor for a searching interview. She was naturally asked why she wanted to visit Spain, what she felt she could contribute and how prepared she was. But the question she admits really shook her was, "What Do You Think of the UN?" This required careful thought and she feels her answer, a qualified endorsement, was the deciding factor.

She is an experienced traveler having visited almost all of the continental United States, Canada and Mexico, but this will be her first trip abroad, although her parents have been to Europe and prepared her.

No Bermudas in Spain
When she isn't dreaming of her trip this past month she has been following her usual hobbies, playing the piano (she has

been studying for almost eight years), and riding with the mounted Girl Scout Troop to which she belongs. She has even tempted Helga on a horse, which was quite a feat for the Viennese girl. This past week, while finishing her exams, she has been packing. No slacks or shorts, the teenagers stable wardrobe, can be taken to Spain. She must pack jersey dresses and simple suits. For her many visits to Spanish cathedrals she must have covered up dresses and a hat. She will be stopping in Paris for several hours on her way to a chateau on the border but she anticipates her first view of the Pyrenees as the most thrilling part of her train journey.

Homecoming August 23
She knows little about her hostess, a widow, who had an American exchange student as a guest last summer. But she feels that her homecoming set for August 23 will come only too soon. Kathy Maun, a classmate of Lee's, will also be studying abroad this summer under the auspices of the AFS. They are the only two co-eds from GPHS to make the trip and will be writing reports to their stay-at-home friends.

To Lee this adventure is the gateway to a life which she hopes will lead to future work and vacations in the lands across the ocean she has never seen. She wants to visit Austria next and renew her friendship with Helga, and then travel to the Orient. A delightful ambassador for the U.S., Lee is among the growing legion of teenagers who are bringing an understanding of our country and culture to the citizens of other lands, and in turn receiving an invaluable education.
