ADLAI E. STEVENSON has the President of the United States' "fullest confidence and good wishes." Mr. Kennedy, in a letter to Stevenson, expressed his admiration and respect for the American Ambassador to the United Nations' views and advice, crediting him with an active role in forcing the Soviets to back down over Cuba and praising his performance throughout the Caribbean crisis.

This letter, latest development in the furor following a Saturday Evening Post article which accused Stevenson of advocating a "soft line" in Cuba, was sent Tuesday night. Stevenson received it late Wednesday morning, and White House Press Secretary Pierre Salinger made public its contents that same day. "Dear Adlai: This is just a note to tell you again how deeply I regret the unfortunate stir which has arisen over the statements contained in the Saturday Evening Post article. I think you know how greatly we have all admired your performance at the United Nations in general and during the Security Council discussions and private negotiations connected with the Cuban crisis in particular. I have, of course, valued your advice very highly. That we have eliminated the nuclear menace from Cuba is the best evidence of the prudence of our policy and its execution in which you played such an active part. Our Government has many important challenges in the days ahead; and your continued work at the United Nations will be of inestimable value. Meanwhile it goes without saying you have my fullest confidence and best wishes."

Stevenson publicly denied the Past charge that advocated a missile base trade rather than blockade procedures to eliminate the Soviet threat from this Hemisphere, and called the article "a classic example of irresponsible journalism . . . untrue as to what I proposed and as to what I opposed."

FIRE FOLLOWING A GIANT EXPLOSION swept through a mine shaft near Masontown, Pa., yesterday, trapping 36 men some 600 feet underground. The tremendous blast rocked through Frosty Run shaft of Robena No. 3 mine, part of the world's largest mechanized coal operation, cutting off all avenues of escape for the 36 men caught between three and four miles from the mouth of the shaft. Rescue teams have managed to work their way into the shaft, and are reported within three-fourths of a mile of the area in which the miners are believed to be trapped.

The rescue patrols, working in eight-man teams, have been hampered by rock falls, charred timber, and heavy pockets of carbon dioxide. According to one veteran miner, there is little hope for the 36 men unable to reach a rescue vent. Forty-four others managed to escape the shaft without injury, but the remaining 36 appear to be doomed. Robena No. 3 mine, a soft-coal operation owned by the United States Steel Corp., is located some 50 miles southwest of Pittsburgh, running underground through parts of Greene and Fayette counties in lower Pennsylvania.

Rescue operations are being undertaken by nine eight-man rescue teams, three from United States Steel, three from West Virginia, and three from other steel companies. The teams work in relays of three teams each. Many of the miners who originally escaped from the shaft returned to join in the rescue operations. Friends and relatives of the trapped men gathered at the shaft, as did many curious residents, and a heavy snowfall combined with the sudden influx of people created a gigantic traffic jam on roads leading to the mine. The disastrous explosion occurred on the 55th anniversary of the United States' worst mine accident, the Monongah, W. Va.,

New Auditorium Gets First Taste of Snow

The season's first snowstorm covered many of the construction scars on the Memorial Center property and seemed to tie the new William H. Fries Auditorium even more closely into the over-all picture. The famous memorial gardens in front of the entrance to the new facility are particularly beautiful with their white frosting. The grounds are completely flood-lighted at night.

Center Plans Family Yule Party Dec. 23

Traditional Event Will Be Held in New Auditorium; Replaces Tree Lighting Program

A special family Christmas Program is being planned for Grosse Pointe families and especially their youngsters on the Sunday afternoon before Christmas, December 23, at 3 o'clock in the afternoon. The program is scheduled for the Grosse Pointe War Memorial's new Fries Auditorium and will take the place of the previous annual Tree Lighting Ceremony.

All Grosse Pointe families are cordially invited to their Center for this occasion free of charge in the spirit of Christmas. However, to assist in planning for the anticipated numbers all are asked to pick up free tickets for the event in advance at the Center's office in Alger House. The number of tickets will be limited. Tickets will be available the day of the occasion only if the response should not be as great as expected.

The program will be in the hands of the Center's Youth Council under the Presidency of Bart Elmer. It will begin with a very brief ceremony on the "Spirit of Christmas" given by Youth Council officers and clergymen of both Protestant and Catholic faiths. Then there will follow dancing by the Children's Ballet, a professional puppet act, and special Christmas plays by the Children's

Students Show True Spirit Of Christmas by Creating Happiness for Unfortunates

All Public Schools Have Projects Underway to Provide Yule Cheer for Charity Homes, Hospitals and Underprivileged Groups

Once again with the sounds and activities of the Christmas season all around us, Grosse Pointe boys and girls are busily engaged in numerous altruistic projects. They are spurred on by the happy thought that, through their efforts, some less fortunate children may have a happier Christmas.

Activities of this nature are sponsored mainly by the Junior Red Cross under the very capable supervision of Mrs. Alice Sheaffer, District Sponsor for JRC in Grosse Pointe. Many faculty members assist as sponsors of building clubs in the public schools.

After Halloween, seven of the Grosse Pointe schools conducted a Candy Drive, in which the students contributed 1,600 pounds of candy. This was sent to retired people's homes and hospitals as well as to homes for crippled and underprivileged children.

Pierce Junior High students are planning to have 100 clowns and 10 pajama bags completed for distribution in the Guardian Angel Home before Christmas vacation begins. Also, the Pierce Gym Council has collected \$120 which will be sent to the Christian Children's Fund in Richmond, Virginia to help support a Korean orphan for one year.

Send Check to Africa

The Pierce Student Association has donated a check of \$50 to Norman Haupt, former Pierce teacher, which is to be used for the education of a student in the Cameroons, Africa.

\$17,511 Cash Stolen from Residence

Thieves Remove Front Door from Hinges; Entire House Completely Ransacked

Burglars broke into the home of the Louis Jakubowski, 444 Moross, Sunday evening, December 9, and got \$17,511 in cash and a lady's mink coat valued at \$450.

An old, large two-dollar denomination bill and nine dollars in silver were also taken, the Jakubowskis told Farms Det-Sgt. George Van Tiem and Jack Paisley.

The detective team said that the thieves entered the house by forcing the front door with a jimmy bar. The house was completely ransacked, they said.

Jakubowski's wife, Johanna, told the officers that the burglars took \$10,000 from a white beaded wedding purse in her bedroom, \$6,000 from a black purse in the clothes closet, and \$1,500 from a brown envelope in a dresser drawer.

While searching through items dumped on the floor, Van Tiem and Paisley found a purse with some money in it that the robbers missed. The sum was not disclosed.

The Jakubowskis said that they and their family left the house at about 5:30 p.m. to visit a funeral home, and returned about 7:30 p.m. to find the front door off its hinges.

Mr. Jakubowski said that he is an unemployed machine operator.

Expect Romney To Speak Here

Governor-Elect George Romney hopes to be able to deliver the closing lecture in the important series that has been scheduled to be held in the new William H. Fries Auditorium at the War Memorial Center during January and February.

The Governor-Elect told George R. McMullen, organizer of the series, on Monday, that he would like very much to come here and will give the lecture unless some unforeseen situation in the State Legislature makes it necessary for him to remain in Lansing.

The subject of Romney's lecture would be "Michigan and the American Revolution . . . A Commentary on the Preceding Talks in This Series."

The series will be held on successive Tuesday evenings starting January 8, when The Rt. Rev. Richard S. Emrich, Presiding Bishop, Episcopal Diocese of Michigan will be the speaker.

Other speakers will include: Mayor Jerome Cavanagh of Detroit, Leonard Woodcock, vice-president, UAW; Walker L. Cislser, president, Detroit Edison and Henry Ford, II, chairman, Ford Motor Company.

Obscene Telephone Call Lets Police Nab Postal Clerk

Faces All Kinds of Trouble After Walking into Trap Set by Park Woman and Officers; Had Used Stolen Charge Plates to Buy Presents

Park police arrested a 24-year-old postal clerk on a charge of making obscene phone calls, and ruined his Yuletide by confiscating hundreds of dollars worth of presents found under a Christmas tree in his home, all purchased with stolen charge plates.

Police Chief Arthur Louwers said that officers of his department arrested Therman Taylor of 9810 Lawton, Detroit on Friday, December 7, and arraigned him before City Judge Douglas Paterson.

The judge, who presided in the Park court in the absence of Judge C. Joseph Belanger, found Taylor guilty of disorderly conduct and sentenced him to 15 days in the Wayne County Jail.

Others Want Him

Chief Louwers said that the man could have received the maximum of 90 days in jail, but postal authorities have placed a hold on Taylor for investigation of stealing from the mail.

Taylor, who was employed at the Main Post Office, 1401 West Fort, Detroit, stole several charge plates from letters he was sorting preparatory to carrier delivery, it was said.

According to the Park police chief, Taylor is accused of using the charge plates to obtain \$740 worth of goods from Eastland Shopping Center, Eight Mile and Kelly roads, and stores in Detroit, and Hazel Park. The Shopping Center is located in Harper Woods and police of that community have placed a hold on Taylor, as have Detroit and Hazel Park.

Board Acts To Deal With Ferry Area

Building Boom In That District Taxes Capacity Of Present Plant; See Library Model

Growing pains continue to harass the Grosse Pointe Public School System and the Board of Education took action last Monday night to deal with several critical areas. Along with plans for an enlarged High School library and a small addition to Mair School, the Board considered an addition to Ferry School or a new school in the north end of the district.

Superintendent Charles H. Wilson reported to the Board of Education concerning the enrollment surge at Ferry School as a result of new-home building in that area. "Despite the recent addition to this school, the average size has soared to the highest in the district and new pupils enroll regularly," he said. He pointed out that 113 building permits had been issued in 1961 and 166 more through November of this year. As a result, enrollment is now 657 compared to 545 a year ago, when a 6-room addition was opened there.

400 More Sites Platted

His report continued with information that 400 other building sites were platted in the Ferry attendance district. In addition, about 50 acres of undeveloped land there could conceivably be subdivided into as many as 250 more home sites. Based on these considerations, future enrollments are predicted to be about 730 next fall and approximately 830 in the fall of 1964.

The superintendent pointed out two alternatives for solving the Ferry School problem. One would be to build a 7-room addition to Ferry immediately which should house the pupils in the area for at least two years. If the new-home construction continues, he said, then additions to other buildings such as Barnes and Mason as well as shifting of attendance area boundaries are further steps the Board might have to take. Transportation of pupils to more remote schools or the use of temporary structures are still other means of meeting enrollment

Goodfellow Sale Falls Short Here

The two Pointe Lions Clubs fell short of their goal in the Goodfellow Newspaper Sales held on Monday, December 10, although receipts from one showed it came close to what was hoped for, according to officials sources.

The Grosse Pointe Lions Club, representing the Park, City, Farms and Shores, set a goal of \$10,000, but collections totaled \$4,851.95, less than half of what was sought.

The Grosse Pointe Woods Lions Club sought \$2,000 from its sales of newspapers, and realized \$1,836.

Although their aims are identical in purpose, the two organizations are independent of each other, the Woods group organizing several years ago, after separating from the parent body.

Ralph Martin president of the Grosse Pointe Lions, said that his club is still hoping for private contributions to help swell the treasury, so that his group can carry out its pledged programs for the Christmas season and throughout 1963.

Persons interested in contributing to the club can send their donations to Martin, at 15439 Mack avenue, Grosse Pointe Park 30. Checks should be made out to the Grosse Pointe Lions Club.

The Woods Lions would also be happy to receive contributions. Checks made out to the club should be sent to the treasurer, Laurel Burroughs, 1658 Hollywood avenue, Grosse Pointe Woods 36, it was said by George Grou, president.

Both presidents express their thanks to the many contributors, and to the workers of their respective organizations for their generosity and for their labors.

City Halls and Business Districts in Holiday Garb

Points officialdom, it appears, has become conservative and decided not to elaborate on Christmas decorations, but to erect enough to bring out the spirit of the season.

As in previous years, gaudy displays of lights and other features, have been ruled out. However, there are enough decorations on hand in front of the city halls and in municipal parks, to let residents, and those passing through the Pointe know they are wished a sincere Merry Christmas and a Happy New Year.

Of course, not all the communities have installed word signs that convey the seasons greetings, but somehow, the message gets across.

In the Park, a banner strung across Jefferson avenue at Jefferson and Pemberton, bears

Accident Lands Driver in Jail

Patrolman George Brackx and Sgt. Foster Mauck of the City police, checking what appeared to be a routine, no-injury two-car collision on Mack avenue just east of Neff shortly after 2 a.m. Monday, December 10, discovered that one of the drivers involved, Ronald Sbonek, 22465 Revere, St. Clair Shores, not only was driving without an operator's license on his person, but had several traffic warrants outstanding against him in his own community.

Sbonek ran his '57 Oldsmobile sedan into the rear of a '49 Chevrolet which had run out of gas and was stopped in a traffic lane. The Chevrolet's driver, Karl Henry Anderson, 4189 Woodhall, received a ticket for interfering with moving traffic.

Sbonek was held overnight at the City police station. Ticketed for no operator's license on his person and reckless driving-causing an accident, he was released late that morning on a \$25 bond, pending a Justice Court appearance January 8.

Both cars sustained extensive damages and had to be towed away.

Brokers Reelect Present Leaders

The Grosse Pointe Brokers Association reelected all present officers and directors at its annual meeting Friday, December 7.

Karl Davies remains president; Kenneth Carter is vice-president; and Hugo Higbie and Paul Maxon serve as treasurer and secretary respectively.

The Board of Directors consists of the above officers, plus John Goodman and Ray Lewis.

How Textbooks are Picked For Our Public Schools

How does the Grosse Pointe Public School System choose its textbooks? Who decides which, are to be retained? Who is responsible for the final decision on any given text?

In an attempt to clarify textbook selection procedures, Dr. Charles H. Wilson, Grosse Pointe Superintendent of Schools, included a bulletin by Assistant Superintendent H. Leroy Selmeier in his report to the Board of Education last Monday evening, December 10.

Dr. Selmeier's communication is sent to publishing houses early in the season, alerting them to possible textbook changes in the Grosse Pointe system, and inviting them to send sample copies that feel Grosse Pointe might like to consider.

"In Grosse Pointe," Dr. Selmeier explains, "it is our usual practice to have sample textbooks requested by the Department of Instruction, and then forwarded to appropriate teacher committees for appraisal. Departmental or committee recommendations must reach this office any time prior to April 10, 1963, in order to become effective in September 1963.

"It is quite possible that in certain cases the committees may bring in no recommendation at all."

Publishers are invited to send a single copy of each textbook, and to inform Dr. Selmeier if they plan revisions of any samples they submit, as well as any textbook currently on Grosse Pointe's approved lists. Dr. Selmeier advises publishing

Suspected Prowler

Antloer's parents, Mr. and Mrs. George Antloer, explained that they had loaded the gun the night before, without telling their son, when they thought they heard prowlers.

Police found Antloer, who had no idea his weapon was dangerous, attempting to treat Chaney's wound with first aid when they arrived. The boy was rushed to the hospital where the bullet was removed. Doctors describe his condition as "satisfactory."

Antloer and Chaney, who met six years ago when Chaney joined a Boy Scout troop directed by Antloer's father in Grosse Pointe Woods, are both Grosse Pointe High School graduates.

Many Common Interests

With many common interests, including auto mechanics, electronics and hunting, the two soon became good friends.

Chaney was working in the auto accessory store, earning money for parts for his own car while on vacation from Ferris Institute in Big Rapids, when the accident occurred.

Antloer, whose parents live at the rear of the store, is married and the father of two children. He has an engineering degree from Western Michigan University, and has won several trophies as an auto drag racer.

Expect Romney To Speak Here

Governor-Elect George Romney hopes to be able to deliver the closing lecture in the important series that has been scheduled to be held in the new William H. Fries Auditorium at the War Memorial Center during January and February.

The Governor-Elect told George R. McMullen, organizer of the series, on Monday, that he would like very much to come here and will give the lecture unless some unforeseen situation in the State Legislature makes it necessary for him to remain in Lansing.

The subject of Romney's lecture would be "Michigan and the American Revolution . . . A Commentary on the Preceding Talks in This Series."

The series will be held on successive Tuesday evenings starting January 8, when The Rt. Rev. Richard S. Emrich, Presiding Bishop, Episcopal Diocese of Michigan will be the speaker.

Other speakers will include: Mayor Jerome Cavanagh of Detroit, Leonard Woodcock, vice-president, UAW; Walker L. Cislser, president, Detroit Edison and Henry Ford, II, chairman, Ford Motor Company.

DRIVER ARRESTED

Eugene H. Lepire, 31, of 32160 Gratiot, Roseville, was arrested by Woods police on Sunday, December 9, for driving 60 miles an hour, going north on Mack avenue. He was ticketed for reckless driving, and given another ticket for driving in violation of license restrictions. He was released on \$100 cash bond pending a court date.

Postal Clerk Arrested After Walking into Trap

(Continued from Page 1)
Taylor called the home of a 20-year old Park girl. The call was intercepted by the girl's mother. Taylor, it was said, used very foul language, and asked the mother for a date. The woman told him to call back, and after hanging up, she called Park authorities.

to make a date for Friday, December 7, at 5:30 p.m., at the corner of Kercheval and Beaconsfield.
When Taylor called, the woman set the date, describing what she would wear, and Taylor described what he would be wearing and the type of car he would be driving.

Det. Lts. Arnold Hough and Stanley Enders and Det. James LaPratt were assigned to the case. They told the mother that when her caller phoned again

Use Unmarked Cars
The day came and all police car crews were radioed not to converge on Kercheval, for fear it would frighten Taylor away.

The three detectives sat in unmarked cars at points where they had a clear view of the streets.
As the woman neared Beaconsfield and St. Paul, Taylor, who was parked on Beaconsfield between Kercheval and St. Paul, saw the woman and drove up to meet her.

As the woman stood beside the car talking to Taylor, Hough, Enders and LaPratt converged to block the man's escape. At that moment, Patrolman Collin LaLonde and Bobby McAlister who were cruising on St. Paul, near the scene, were motioned to block the front end of Taylor's car.

Taylor was taken to the station, and while he was being searched the arresting officers found the charge plates for department stores, restaurants, and one gasoline station credit plate.

Confesses Thefts
After questioning Taylor about the plates, the man confessed to stealing them from the letters at the post office.

Hough, Enders and LaPratt went to Taylor's home, where they found beautifully wrapped gifts under a Christmas tree, all bought with the stolen credit cards.

Taylor's sister, name withheld pending further investigation by Harper Woods police, said she had signed for some of the presents, but claimed that she did not know her brother had obtained them with the stolen cards. About \$500 worth of goods were obtained from Eastland.

The Park detectives said that all items bought from the stores with the plates have been recovered.

Stolen Cash

Wanted Money Handy

Jakubowski and his wife told Van Tiem and Paisley that they had other money in the bank, but kept sums around the house from the sale of houses. They sold two houses during the past summer. They always kept funds handy for real estate deals, the victims added.

Jakubowski said that his wife was keeping \$1,500 because she might need an operation and wanted the money to pay hospital and doctor bills.

"I never said anything to my relatives about having money and my wife said she never did either," Jakubowski said. "We kind of suspect that whoever did it knew we would be at the funeral home at the time."

Van Tiem and Paisley were inclined to agree. They said that the burglars possibly knew what they were looking for. Or, it is also possible, they said, that the thieves were just lucky to find the huge sum while

ransacking the house.
The detectives said that the robbers looted in the fireplace, hot air shafts, and even in the furnace in their search for loot.
The burglary victims live next door to a branch of the National Bank of Detroit at Mack and Moross.

of the lights to create a multi-color sparkle.

Park merchants, so far, have no plans to decorate the ways fronting their businesses, other than using tiny lights on trees fronting their places.

In the City lights are strung in front of the Police-Fire Department Building.

No special appropriation has been made for decorations, but there is an aluminum tree with red bulbs and spotlight lighting on the inside front door of the new City offices at the rear of the Police-Fire Station. There is a wreath on the door.

In the business section of the Village, there are green wreaths with "twinkle" lights on lampposts, two candles per wreath, which are very effective at night. There are fir trees (undecorated) in tubs at intervals along the sidewalks.

Businessmen appropriated funds for the decorations along "Christmas Street".

The Farms will have two trees, a 20-foot tree in front of the city hall, 90 Kerby, and a 60-foot tree in the Pier-Park. The former will have multi-colored lights, the other, green lights.

An outstanding decoration has been installed at the entrance to the Woods City Hall, 20025 Mack.

An enormous horseshoe-shaped design of Scotch Pine has been attached to the two inner building columns leading to the front doors. The two outer columns have a string of pine twigs encircled around them.

The top of the horseshoe has a huge red plastic ribbon attached, and above this, the words "Season's Greetings".

NEW SONY MICRO-TV
weighs only 8 lbs.

This is the Television of Tomorrow. This is the remarkable SONY Micro-TV, that makes every other television set you've seen obsolete. One of the big reasons SONY was able to build this 8 lb. set (so light even a child can carry it) is because it's fully transistorized. No tubes to burn out ever. And the power transistors are of the new epitaxial type, which up to now have only been used in computers and other advanced "Space Age" electronic equipment. The Micro-TV is hardly larger than a telephone, yet it can literally be used anywhere, indoors or out, since it operates on its own rechargeable battery pack, auto/boat battery or AC. And its picture is perhaps most remarkable of all—you cannot see the "scanning" lines so disturbing on other sets, and you can view comfortably from two feet, as you would read a newspaper. The Micro-TV is ready for UHF. A UHF converter will be available and permits the set to receive the full range of UHF television. Never any eyestrain with Micro-TV. Production is strictly limited, so come in for a convincing demonstration today. Micro-TV list \$229.95. Rechargeable battery, accessories extra.

HUBCAPS STOLEN
Marvin R. Anderson, 45, of 17 Deeplands, told Woods police that while his car was parked on Fairway drive near

Five Citizens, 25 Employees Honored in Park Ceremony

Monday night, December 10, was the Third Annual Service and Retirement Award Presentation in the Park. Ceremonies were held in the Park Council Chamber in the presence of city officials, families and friends.

Certificates of appreciation were given to five citizens, one absent, for aiding police in arrests; a certificate of appreciation given to Park Auxiliary Police; and Departmental Citations were given to 11 police officers, one absent.

Safety Driving Awards were given to Public Service Department employees. Service Awards went to four police officers and two public service employees; and a retirement award was presented to an employee who served the Park for 40 years.

Citizens cited for service to police, were:

James C. Bruno of 805 Trom-

bley, who on September 13, 1962, during the height of an electrical storm, with units of regular and auxiliary police and members of the fire department, took charge when a lightning bolt fell on a tree that broke electric power lines. He went into the street and directed pedestrian and vehicular traffic away from the dangerous area.

Bruno is away at college, and when he is home for Christmas, will be presented his certificate personally by Police Chief Arthur Louwers.

Charles Fontana of 1167 Maryland, On December 21, 1961, he witnessed a man attempting to accost a nine-year-old girl. Fontana took down the license plate number of the car and gave it to police. The man was arrested an hour later.

John Melzow of 3795 Ashland, Detroit, while driving a Park cab, picked up a male passenger emerging from an alley and took him to his home in Detroit. Suspicious of the man's actions, Melzow returned to the scene to find policemen had converged in the area. He gave police information about his passenger and the man's address. The man was arrested within an hour as the bandit who held up a grocery store.

Miss Janet Mazzola of 1423 Somerset, and Norman Beliger of 329 Hillcrest, both of whom, on February 8, 1962, were responsible in the apprehension of a rapist, who was identified in two other rape charges, and later convicted.

Beliger was visiting Miss Mazzola on the February date, when they heard a young woman scream. Beliger ran to the girl's rescue, grabbed and held her assailant, and Miss Mazzola called police. Miss Mazzola then offered the victim the hospitality and comfort of her home.

The reasons for the citations were read by City Manager Robert Stone, and the certificates were presented by Mayor Kenneth Cunningham.

A Unit Citation was presented to the Auxiliary Police by Chief Louwers, who informed city officials and the audience that the auxiliary had worked 201 hours, during emergency periods without pay during 1962.

Members of the Auxiliary, a Civil Defense unit, aided in supervising traffic on holidays, did scout car duty with regular police, and underwent 20 hours of training.

The training officer of the Auxiliary is Det. Lt. Arnold Hough, of the regular police. Members of the squad are: Aux. Sgt. Gary Mitchell; and Aux. Patrolmen Michael Callahan, Clifford Heath, John Rubins, Harold Duesbury, William Hunter, William Taylor, Eugene Hofnagel, John Preventtone, Jerry Rubin, William Raymer, Clarence Raymer, Ted Sippowicz, Dennis Allen, Joseph Loyacano, and William Ream.

Patrolman Bobby McAlister, three citations. On February 16, he arrested three youths in a stolen car; on March 25, he arrested a car thief; and on November 3, after a 75 mile-an-hour chase, he apprehended a fugitive in a stolen car.

Patrolman George McDowell, on August 22, receiving information of an indecent exposure complaint, arrested the suspect within a half mile of the clearing. The arrest led to the clearing of many other complaints charged against the suspect.

Patrolman Paul Rook, on November 25, arrested two persons in a stolen truck, who were responsible for a burglary in Clio, Mich. In an attempt to avoid arrest, the driver of the truck tried to run the officer down.

Patrolman John Trombley, two citations. On October 17, he aided in the arrest of the berserk gunman; and on March 25, he arrested a youth in a stolen car, and after a stake out, captured the youth's male companion who had gone to a station to buy gas.

Patrolman Rodney Wedding, two citations. On August 5, he arrested two youths in a stolen car, before the vehicle had been reported stolen; and on September 24, he saw a car turn the corner on a flat tire, and was going to assist the driver, when he found the car had been stolen. The driver was arrested.

Patrolman Henry Wilson, three citations. On February 21, he aided in the arrest of a man and woman who had a sawed-off rifle in the back seat of their car, who were responsible for seven burglaries; on April 28, while on scout car duty, he heard a noise in the Simms-Dawson lot, and arrested a car thief in the act of driving away a new car; and on November 5, he arrested two youths in a stolen car. The youths were involved in a burglary.

Patrolman George Blair, absent; to receive citation from chief. On September 15, saw suspicious boys in a car near his home, arrested four teenage car strippers.

Chief Louwers said that in all cases, the officers made arrests, not knowing what they would have to face. In facing the unknown, they had placed their lives in jeopardy.

Pointe's Public Schools Have 10,828 Enrollments

Total enrollment in the Grosse Pointe Public Schools, as of December 1, 1962, stands at 10,828, according to the information contained in the Report of the Superintendent of Schools, released at the regular meeting of the Board of Education last Monday evening, December 10.

Elementary School enrollment stands at 5,882, a gain of 1.6 or .27 percent over October's 5,866, and a gain of 132 or 2.3 percent over last November's 5,750.

Junior High enrollment is currently 2,498, a gain of two or .08 percent over October's 2,496. Last year, Junior High enrollment at this time was 2,526, so Grosse Pointe Public School Junior High pupils are 28 or 1.11 percent less than last year.

There are 2,448 students registered in Senior High, five or .2 percent less than October's 2,453, but 153, or 6.67 percent more than 1961's 2,295.

Overall, 257 more pupils are attending public schools in Grosse Pointe than last year. This is a 2.43 percent gain in total enrollment, and 13, or .12 percent of this gain was registered in the past month.

The Department of Pupil Personnel recently completed its annual projected enrollments for the 1963-1964 school year, and predicts a slight rise in elementary school students by next fall.

Total elementary enrollments are expected to climb from the present 5,882 to nearly 5,925, and remain close to that figure throughout 1964.

Junior high enrollments may rise by 100, and slight additional gains are predicted for 1964 and again in 1965, when the total could exceed 2,700 before falling off.

High school enrollments are also expected to rise by nearly 100 this coming fall, by 75 in 1964, and will probably remain at approximately 2,625 through 1965 before reaching slightly beyond 2,700 in 1966.

Total enrollment figures next fall may reach 11,075, and may exceed 11,225 in 1964 before gradually dropping under the 11,000 figure in succeeding years.

Barnes, Kerby, Maire, Monteith, Poupard and Trombley are expected to remain at about the same enrollment next year as they have now, but Defer may experience a slight gain. Some loss is predicted at Richard and Mason.

Goodwill Gets Largest Gift

Goodwill Industries of Greater Detroit announced today that Michigan Consolidated Gas Company will give some 7,000 items of surplus furniture and equipment to the organization at the time the utility moves into its new office building in the Civic Center.

John E. Hoskins, executive director of Goodwill, said Michigan Consolidated's donation is the largest single gift of furnishings ever received by any Goodwill Industries.

"We are extremely pleased, as this donation will provide many thousands of hours of work for the handicapped and will permit us to add a number of workers," Hoskins said. "There is a great demand for restored office furniture and we should have no trouble selling it."

"At this time we can give no estimate of the value of the furnishings since we won't have the opportunity to make an appraisal until we receive it, starting the first of the year," he said.

Ralph T. McElvenny, president of Michigan Consolidated, said that much of the furniture is 30 years old or older, "but I'm sure the artisans at Goodwill will be able to restore it to excellent conditions."

McElvenny said there will be hundreds of desks, chairs, tables, lamps, fans, filing cabinets, bookcases and a variety of miscellaneous items.

"We have refinished all of the furniture we plan to take with us, including filing cabinets, but the bulk of the furnishings in the new building will be new."

"As in everything else in our new building, we have sought to provide our employees with the most utilitarian and easily maintained furniture possible," McElvenny said. "Steelcase, Inc. of Grand Rapids, is manufacturing this furniture which is in keeping with the building and provides such features as laminated plastic desk tops and interchangeable chair upholstery."

Hoskins said Goodwill has agreed to first offer the furniture for sale to Michigan Consolidated employees and then United Fund agencies before it goes on sale to the general public.

St. James Choirs To Give Concert

The Chancel Choir of St. James Lutheran Church, 170 McMillan at Kercheval, will present the annual Christmas Candlelight Concert on Sunday, December 16, at 5 p.m. There will be a Coffee Hour after the concert.

The combined Chapel, Junior, and Chancel Choirs under the direction of Carl Munzel will sing many new selections as well as old favorites.

Light" by J. S. Bach and "Gloria! Sing Gloria" by F. Hood.

The Junior Choir will sing two carols arranged by Katharine Davis. "The Other Night" is a carol of English origin while "O Children, Come Quickly" is of Austrian origin.

Students Show Yule Spirit

(Continued from Page 1)

Scouts are bringing in wrapped packages which will be delivered to the Franklin Settlement House. For Thanksgiving, a school wide voluntary donation of canned goods was carried on for needy families.

Third graders at Barnes also are donating canned goods to make up family dinners for the less fortunate. Gifts are being made by some of the students who will entertain at the Old People's Home with Christmas carols when they deliver their packages.

Old toys, collected by elementary school children, are taken to Grosse Pointe High School where students renovate and ready them for further use. Delivery then is made to such as Casa Maria Settlement House and other centers of a similar nature.

The Y Teen groups are busy making corsages for the Grosse Pointe Nursing Home. Presents for the Franklin Settlement are being collected by the Student Council of Brownell Junior High School.

A collection of money for UNICEF was carried on by the students of Defer School, Hal-lowen and the following week were set aside for collections which amounted to \$72.00. This was sent to Thailand upon the students' request. Richard second graders collected about \$63.00 in a similar manner.

Poupart 4th graders have made plans to entertain some of the shut-ins in the school district by visiting the homes and singing Christmas carols. After this they will gather at their teachers home for refreshments.

To Visit Casa Maria

At Casa Maria, a host of children already are eagerly anticipating the arrival of the High School students with their Santa Claus and gifts. The annual event is very popular there.

Classes at Maitre School are collecting gifts which will be wrapped and sent to children overseas. Others are wrapping gifts which will be sent to various local places such as E-ventide Hospital for the Aged, Eloise, Wayne County General and Receiving Hospitals.

How Textbooks Are Picked

(Continued from Page 1)

ers to inform the Grosse Pointe Public School System if any of the editions currently in use are about to be exhausted, as it is Grosse Pointe's policy to consider teacher recommendation for a later copyright of any given edition as a reunited endorsement of that textbook for another period of years.

ed to the Board of Education for adoption and purchase. All texts recommended for change are made available for inspection in the Board room one month in advance of adoption date, and Board members are encouraged to examine these copies.

"Representatives of the various publishers are requested not to attempt to contact individual teachers without clearing the matter first through the building principal's office," Dr. Selmeier's bulletin states. "Some departments have requested that they be allowed to examine materials without benefit of contact with publisher's representatives. Others welcome these visits as opportunities to have important questions answered."

In the last analysis, it is the School Board, elected by the people, and guided, generally, by the recommendations of teacher committees, which decides to adopt specific texts for use in the public schools.

Dr. Selmeier invites all publisher's representatives to contact him at his office, and requests that publishers forward information on any publications in which they know Grosse Pointe would be interested. His bulletin concludes with a list of specific types of textbooks for which the Grosse Pointe Public School System is searching.

Theatre concluded with the singing of Christmas Carols by the Grosse Pointe Men's Chorus.

Then everyone will be invited up into the banquet ball-room where each youngster will be greeted by Santa Claus in person and given candy canes by his helpers. Both adults and children will be served cookies and warm beverage—coffee for the adults and cocoa for the children.

This list tries to be as explicit as possible concerning the nature and scope of the books sought. It indicates shortcomings of those now in use, and highlights the strengths the System hopes to find in new ones.

One of the interesting exhibits at the National Ski Hall of Fame in Ishpeming, Mich., is a pair of skis from Sweden that are reportedly 3,900 years old. Mementoes of historic events in skiing from nearly every country in the world where the sport is known are displayed in the hall.

All sample materials received during the next months are studied extensively by curriculum experts, department heads and qualified faculty members. In May, recommendations for textbook changes are presented.

A man's decline begins the day he decides he can make a dollar easier than by honest work.

To Show Films Of Volcanoes

John Mulford of Provencal road will present his exceptional films of the Azores, Guatemala, Nicaragua and San Salvador and the active volcanoes thereof on the Grosse Pointe War Memorials "Meet the Travellers" series Monday evening, December 17, at 8 o'clock.

ter over the wildly eruptive volcano.

In Central America from the base of a beautiful ranch house in San Salvador, Mr. Mulford took pictures of the part Christian part pagan religious activities of the natives, their colorful markets and native crafts, all seen at their best in Guatemala's Chichil castenaufo. He then set off with Indian guides of the trails leading to many still active volcanoes.

First a trip was made to still smoking Cosaguino which when

It erupted at the end of the last century was seen 1700 miles away. Some of the volcanoes are set in great beauty as is Con-cipietor rearing its head in the middle of Lake Nicaragua. Others visited will include, Montanba, Pillas, Santiaguito and Izalco.

This is a most unusual evening's entertainment combining the awesome activities of nature, the color of native life in Latin America and scientific findings of great worth. The Grosse Pointe public is cordially invited to view these pictures and hear Mr. Mulford's commentary without charge.

Introducing Pointe's Newest Teachers

New techniques of instruction are regularly explored and discussed by well-prepared teachers. Grosse Pointe teachers are no exception. Shown examining some new materials being screened by an over-head projector are several members of the Poupard School staff who are new to the school system. From the left are Assistant-Principal SCOTT FLEMING; JANE WESTERBEKE, 1st Grade; DIANE WINTER, Grade 2; JACK McMAHON, Principal of Poupard; MARTHA McCULLOUGH, Kindergarten; and JUSTIN PARROTT, Grade 6. This device projects large images on the screen in back of the teacher who is able to maintain direct eye and voice contact with the class at all times while discussing the display.

Martha Ann McCullough is teaching a kindergarten class at Poupard this year. Born in Kingtree, S. C., she finished high school there before enrolling in Winthrop College in Rock Hill, S. C., where she earned her degree in elementary education. Previous teaching experience totalling 11 years has been had in the Carolina communities of Cheraw, Salisbury, Columbia and Sumter. Music is a special interest.

Teaching in Europe and the Far East as well as elsewhere in the USA preceded Justin Parrott's coming to Grosse Pointe as a sixth grade teacher at Poupard School. One year was spent in Evreux, France; two at Wiesbaden, Germany; and another in Japan in addition to six years teaching in Kentucky and Flint, Mich. Mr. Parrott was born in Linden, Mich., and graduated from Bendle High School in Flint. He earned his bachelor's degree at Northwestern College and a Masters at Michigan State. Two years military service was spent in the U. S. Army.

Jane Westerbeke comes to Grosse Pointe from Holland, Mich., via Hope College and Memphis State University, earning a graduate degree at the latter. She taught in Memphis one year and in Ann Arbor another. While in Memphis she served as co-chairman of a music workshop. Bridge and music are special interests of this first grade teacher.

Also new to Poupard School is Diane D. Winter who is teaching a second grade class there. She is a native of Fremont, O., and a graduate of Salem-Oak Harbor High School. Bowling Green State University granted her the baccalaureate cum laude and she currently is serving on the alumni board of directors. While an undergraduate, she earned the President's Award for Outstanding Senior Woman in 1961 and a Distinguished Service Award. She taught in Livonia last year.

Katherine Mancini was absent when the photograph of new teachers at Poupard was taken, but she is no stranger to Grosse Pointe, having graduated from GPHS. She earned her degree at the University of Michigan and has been teaching in Harper Woods the past year and a half. Hobbies include skiing, knitting and sewing. Music is a special interest and she has studied piano for 12 years.

All men have weaknesses, but only a few insist on proving it.

Men who bank on the future seldom carry a large savings account. Face reality—there is no reward for finding fault with others.

Goodwill Elects George Aldridge

George M. Aldridge, 790 Lakeland avenue, assistant general plant manager of the Michigan Bell Telephone Company, has been elected to the Board of Directors of Goodwill Industries of Greater Detroit. Mr. Aldridge will complete the term of the late Chester Morse, who had served as a director for more than 30 years. Goodwill Industries is a non-profit self-supporting agency providing employment and training opportunities for handicapped men and women. Mr. Aldridge joined the Michigan Bell Telephone Company in 1928 as a telephone installer at Flint, Mich. He worked in several plant craft jobs until 1936, when he was promoted to installation foreman at Port Huron. In 1941, he was appointed exchange repair foreman at Saginaw. In 1942, Mr. Aldridge was transferred to the traffic department as assistant district superintendent at Saginaw. Two years later he was made district superintendent and worked in this capacity at Traverse City, Pontiac, and Ann Arbor. After a brief assignment as general personnel relations assistant and a year's special liberal arts study at the University of Pennsylvania, Mr. Aldridge was appointed division traffic superintendent. In this position, he worked in both Detroit and Grand Rapids. On March 1, 1958, he was appointed assistant vice president-labor relations, and on October 1, 1959 was appointed assistant general plant manager in charge of staff operations.

GPHS Graduates Checked By Faculty on U-M Visit

Seven members of Grosse Pointe High School's faculty visited the University of Michigan last November 8, continuing a "follow-up" program of checking on recent GPHS graduates' performances at a college level. These "post-graduate visits" prove invaluable to the Grosse Pointe High staff, enabling them to assess the adequacy and effectiveness of their own school's college preparatory program.

Interviewers from the High School, sent to assess the performances of 75 GPHS graduates who are U. of M. freshmen this year, included Jerry Gerish, principal; Roger O'Connor, history instructor; Merlin Schultz, counselor; Mrs. Eleanor Lasca, English instructor; Dr. Robert Hanson, guidance coordinator; Dr. Jack Moeller, German instructor; and Alexander Essades, physics instructor.

According to the Superintendent of School's latest report, U. of M.'s preliminary, or "advisory," reports for the first five weeks at the university show that 40 percent of the marks received by GPHS freshmen were "A" or "B" grades. Forty-eight percent were "C" grades, and 12 percent were reported as "D" or "E". Of a total of 298 grades given, only seven were "E."

School Superintendent Dr. Charles H. Wilson noted, in his report, that: "The difficulty of the University competition is illustrated by the fact that one-half of the freshman class of 3,300 students were in the top nine percent of their high school classes at graduation."

Only 284 of the freshmen were "skipped off" to enter U. of M.'s Honors program, and eight of these 284 were GPHS graduates.

The interviews noted that students at the University seemed "pleased and excited by the opportunities and freedom available, although painfully aware of the complete responsibility they now enjoy."

Some of the students' own comments on their high school preparation are as follows: "We covered college work and college assignments in high school honors courses."

"World history lectures were a great way to practice and train for note-taking."

"Calculus and honors German at the high school are at the same level as courses here."

"Change from high school to university is like boarding a speeding train while casually walking!"

WOMAN INJURED
Vera M. Schmelzer, 65, of 19839 Ida Lane court, tried to close her garage door that was covered with several inches of snow. The door slipped from her hand and knocked her down, causing her to break her left leg below the knee. She was taken to St. John Hospital by Woods police for treatment. The accident occurred on Thursday, December 6.

Seeking Safety For Pedestrians

A three-month pedestrian safety program, using giant-size posters on DSR and suburban buses, is now underway in Detroit and the metropolitan area.

Stressing one central theme urging pedestrians to "Look before they cross the street, the program was timed to coincide with the most hazardous period of the year for pedestrian accidents.

Nearly 200 DSR and suburban buses are carrying the first poster, which contains the message "Be A Safe Pedestrian—Look Left, Look Right". A different poster will be erected each of the next two months. The second message will be "Crossing at Corners—Look for Turning Cars" and the third will be "Good Drivers Look Out For Pedestrians".

The program was developed by the Transportation Advertising Company in co-operation

with the Traffic Safety Association and is being underwritten by 16 public service-minded companies.

Underlying the critical need for a pedestrian education program is the Detroit traffic fatality record which shows that 52 percent of the persons killed so far this year were pedestrians.

December, the records show, is the most dangerous month of the year for pedestrians and historically accounts for more fatalities than any other month.

Parke, Davis & Company have announced the appointment of D. P. Mebane as Assistant to Director, Sales Research and Development.

Mebane joined Parke-Davis in 1954 as a sales representative in the firm's New York branch and was promoted to field manager in 1959, a position he held until his present appointment.

A native of Asheville, N.C., Mebane was graduated from Duke University in 1949, and in 1951 obtained his Master's degree from Columbia University.

Car and Truck Tangle in Fog

Early morning fog was a contributing factor in two minor accidents that occurred in Grosse Pointe City Sunday, December 2.

The first collision, involving a car and a truck, was reported shortly before 6 a.m. The car's driver, William T. Luchtman, 22833 Pleasant, St. Clair Shores, had been headed east on Jefferson.

Because of the fog, he did not see a stake truck owned by the Evening News Association and driven by Nate Karp Leon, 30 E. Philadelphia, Detroit.

Luchtman's vehicle struck the truck in the rear just opposite University place. Neither driver was injured, but both vehicles sustained damages, and Luchtman's car had to be towed away.

The second accident occurred at Mack and Rivard, at 9:13 a.m. Involved in this two-car collision were Thomas Maher, 1051 Berkshire, and Caeseur Dequistino, 1435 Berkshire.

Maher, driving east on Mack, failed to see Dequistino's car, stopped at Rivard for the traffic light. Maher plowed into the rear of the idling vehicle, damaging his own car so that it had to be towed away, and denting Dequistino's automobile.

Neither driver was injured. No tickets were issued at either accident.

Ignored Sign Causes Crash

City police were ordered to report to the scene of a minor accident at Rivard and St. Paul shortly after 11 a.m. on Saturday, December 8, the day following the season's first snow storm.

Patrolmen Richard Elworthy and Virgil Beupre, arriving at the intersection, found that one car, a '54 Buick driven by Esther Geneva Veit, 243 Chalfonte, had slid into another car, a '62 Chevrolet driven by Doris Mary Hillenbrand, 675 Fisher.

Mrs. Hillenbrand was traveling east on St. Paul when her vehicle was struck in the right side by Mrs. Veit's car. Mrs. Veit had been headed north on Rivard.

Mrs. Hillenbrand told police that Mrs. Veit informed her she did not see the stop sign at the intersection, and continued into St. Paul without a pause.

Police ticketed Mrs. Veit for reckless driving and causing an accident. There were no injuries, and both cars were driveable.

Accompanied by the High School Symphony Orchestra, the combined groups will sing "Festival Song of Praise," "O Thou That Tellest Good Tidings to Zion" and "The Halleluia Chorus."

The program will conclude with the singing of "Silent Night." At this time, all alumni of the Choir will be invited to join in the singing.

Members of these groups begin to prepare the concert, which begins at 8:15 o'clock, early in the fall. It is open to the public, free of charge.

STEAL BUILDING SUPPLIES

City police have been asked to keep a special watch in the 400 block of Rivard. George Palms, building a new home at 433 Rivard, reported the theft of three packages of wooden shingles from his construction site and requested special patrol on Wednesday morning, December 5.

Church Giving Xmas Musicales

The Senior Choir of St. Paul Ev. Lutheran Church, under the direction of Dr. John R. Bryden, will present its annual "Christmas Musicales" next Sunday evening at 7 o'clock, at the church located at Chalfonte and Lothrop.

The repertoire will consist of traditional and modern Christmas music sung by the 42-voice choir, assisted by the Junior Choir and soloists.

A special feature will be the appearance of Mario di Fiore, cellist with the Detroit Symphony, who will accompany certain numbers and also render a cello solo. Two trumpeters will also perform, Robert Grycan and Dennis Hoemke.

Following the program, the congregation will be invited to the Fellowship Hall where coffee and Christmas cookies will be served while the choir leads in the singing of Christmas carols. Mrs. Helen Koepplin is the organist. The choir will wear its new vestments for the first time.

The man who leans over backwards trying to please everyone will never travel very far forward.

Plaque Honors Kiichiro Nagai

Grosse Pointe Rotary Club recently presented a memorial plaque honoring Kiichiro Nagai, former foreign exchange student at Grosse Pointe High School, to GPHS Dean of Girls, Mrs. Ruth Flom.

Kiichiro, who came from Japan in the summer of 1957, died last spring. He lived with Dr. and Mrs. David Davidson, of Stanton lane, until he became seriously ill and was forced to spend several weeks in St. John Hospital.

The State Department returned him to his suburban Tokyo home in January of 1958.

Commenting on Kiichiro's brief sojourn in the States, Mrs. Flom observed: "He endeared himself to students here and did a great deal to promote international understanding."

Three copies of Grosse Pointe Rotary's memorial plaque, a hand-lettered, framed formal resolution, have been made. One is to go to Kiichiro's parents, another to his Japanese school. Clayton P. Alandt presented the third copy, on behalf of Grosse Pointe Rotary, to Grosse Pointe High School.

Attempted Turn Ends in Tangle

Howard D. Kellam, 5556 Three Mile drive, attempted a left turn onto Woodhall in his '62 Ford sedan early Thursday morning, December 6. Unfortunately Kellam, headed east on Mack, was in the wrong lane for a left turn.

A '54 Chevrolet driven by Gerald Verbeke, 19438 Glenn, Roseville, struck Kellam's vehicle in the left side, doing minor damage. Neither party was injured, and neither wished to sign a complaint.

Blame Accident On Stalled Car

No tickets were issued following a two-car collision at the Charlevoix-Notre Dame intersection on Saturday, December 8. City police, arriving on the scene in response to a telephoned summons, took reports from the drivers involved, Linda Louise Mickelthwaite, 17, 19971 W. Emory court, and Emanuel

Mickelthwaite's stalled vehicle in the left side, damaging it so severely that it had to be towed away. Neither driver was injured, and Stein's vehicle, though damaged in its front end, was driveable.

Parcels School To Have Concert

The parents, teachers, and students of Parcels Junior High School will enjoy the annual Christmas Concert, given by the vocal music department, on Wednesday evening, December 19, at 8 o'clock.

In the lobby the boughs of evergreen, festooned with Christmas greetings made by art students, will set the atmosphere for the evening of traditional Christmas music presented by 175 singers, under the direction of Dr. Donald Simmons.

Mr. Archie MacPherson, president of Parcels P.T.A., will welcome the parents and students, and present Dr. Charles Wilson to them. The new Superintendent of the Grosse Pointe Public School System will speak briefly.

The Girls Glee Club will open the program with three carols: "O Harken Ye," "The Snow Lay on the Ground," and "Silver Bells." The Parcels Chorus, composed of seventh, eighth, and ninth grade vocal music students, will sing "Go Tell It On the Mountain" and "Carol of the Shepherds." The special Ensemble of ninth grade girls will add an international flavor by singing the Mexican carol "Poor Little Baby Jesus" and the French carol, "Bring A Torch, Jeanette, Isabelle!" All of the musical groups will sing together a group of favorite Christmas songs: "The First Noel," "Angels We Have Heard on High," "Deck the Halls," "O Come, All Ye Faithful," and "Silent Night."

Edwin Englehart, the eighth grade, winner of the annual Oral Reading Contest for 1962, will read the Christmas Story from the Scriptures. The chief point of interest in the stage setting for the program will be the Peace Window, a facsimile of a stained glass window made by art students. Two students will serve as capable accompanists: Barbara Stauffer, seventh grade.

Following the program in the school auditorium there will be refreshments and a social hour in the gym. Mrs. Bernard Martin, Mother vice-president of the Parcels P.T.A., assisted by a Hospitality Committee of Room Mothers, will be in charge of these arrangements. Many mothers are making the cookies to be served on this festive occasion.

It is hoped that many Parcels families will attend this program of music, which helps to reemphasize the true meaning of the Christmas season.

The fellow who loses faith in himself is headed for failure—he makes the vote unanimous.

Registration is now open for the new session, which will begin on January 5, and continue through March 9. The fee for the 10-week session is \$7.50 for one child and \$5.00 for each additional child in the family. For further information, please contact the Neighborhood Club—TUxedo 5-4600.

Shores Traffic Violators Pay

John F. Koyle of 1128 Lakepointe, will find a warrant waiting for him when he is discharged from the U. S. Air Force. The warrant, signed by Shores Judge John Gillis on Monday, December 3, charges Koyle with furnishing alcohol to a minor.

In another case, Judge Gillis accepted a plea of guilty to reckless driving, reduced from drunk driving, from George Woodward of 3541 Beniteau, Detroit, who was arrested on Lake Shore road. The judge imposed a fine of \$100.

Marchell Lee Burr of 3191 Concord, Detroit, accused of driving 60 miles an hour on Lake Shore, was found guilty and fined \$25.

Anthony J. Zarb of 1191 Holcomb, Detroit, was found guilty of interfering with an officer in the performance of his duty, and was fined \$35, and held for St. Clair Shores police who have a warrant for his arrest on a traffic violation.

Giorgio Zarb of 1911 Holcomb, paid a fine of \$17 for driving without complying with

driving restrictions, that of wearing glasses.

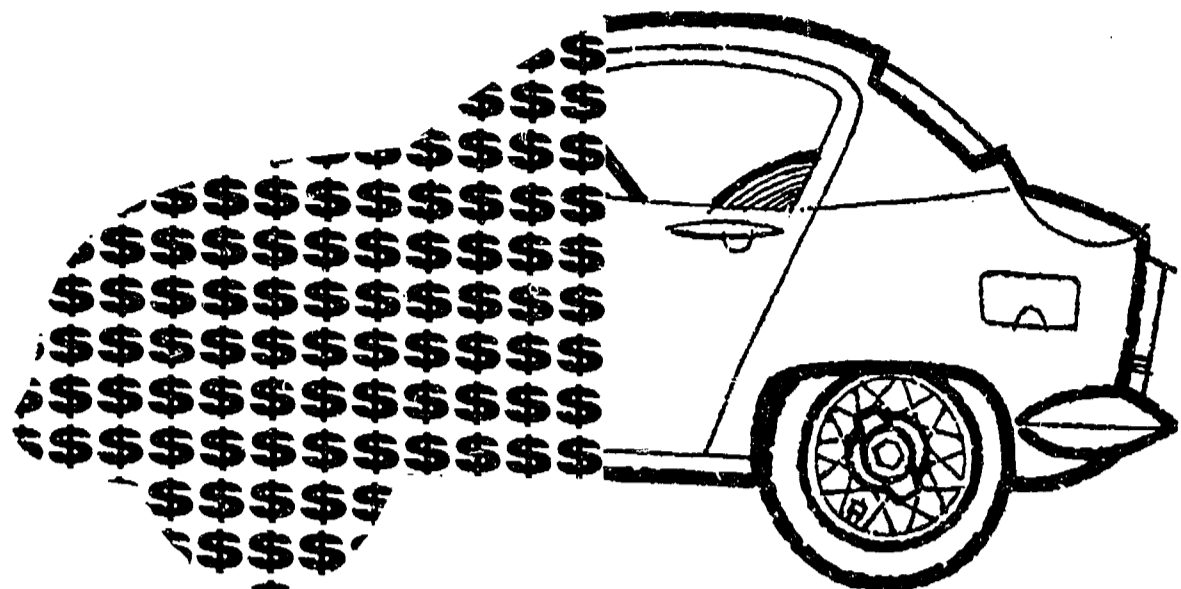

Rose Marie Liss of 22517 Clairwood, Detroit, accused of not having her car under control and causing an accident, had the charge dismissed when the complainant refused to testify.

Kenneth J. Mexico of 23000 Newberry, St. Clair Shores, paid a fine of \$10 for speeding 45 miles an hour on Lake Shore.

Lentral Lee Rice of 20410 Washburn, Detroit, pled guilty to reckless driving, reduced from drunk driving, and paid a fine and court costs of \$107.50.

Francis J. Garofalo of 2194 Springdale, Detroit, charged with driving 45 miles an hour on Lake Shore and not having a car registration on his person, failed to come to court and forfeited a bond of \$18.

Board Acts to Curtail Schools' Growing Pains

(Continued from Page 1)

pressures, Dr. Wilson commented.

Have Second Idea

A second approach to the problem would be to seek voter approval of a plan to acquire a new school site and construct a new elementary school, the superintendent advised. Ultimately, there surely will be sufficient students to fully utilize one and the drawback of over-size elementary schools could be avoided.

However, a suitable location for a new school, centrally located in an attendance area of adequate size which does not encroach too much on existing schools' attendance areas does not exist, Dr. Wilson said. Ferry School already occupies the hub of the area where the large numbers of additional children will reside. Another school would have to be placed either very near the county line where it could serve only a semi-circular area or on the south side of Vernier Road. The latter site would necessitate that the bulk of the student body cross a busy thoroughfare several times a day going and coming from school. Also, it would be in the Barnes district as it is presently bounded.

"I am fully aware that neither choice is palatable," Superintendent Wilson said, "but to my thinking the better solution is to add on to Ferry School. If we are to have room for the additional children expected there next fall, we should begin immediately to develop our building plans so that construction can begin at the earliest possible date."

Knew Time Would Come

In response to this recommendation, Board President Robert F. Weber remarked, "This is part of a long-range plan to add to Ferry School. We have known all along that as the vacant land in Grosse Pointe Woods was built upon that additions to some of our school buildings would be necessary. It was only a question of when."

The Board then authorized the school staff to proceed with further planning on a Ferry School addition. Preliminary sketches of the structure will be available for the January 14 board of education meeting, staff members said. Meanwhile, exploration of sites for a possible new school will continue. Plans to enlarge the High School library took another step forward as the board approved an octagonal-shaped design for a building to be constructed midway between the main building

and the annex. A three-dimensional model of the new library was viewed as working drawings were authorized.

Details of the library's interior lay-out are yet to be made final. The staff indicated it planned to continue a search for the best possible utilization of space. Expert opinion from several sources will be sought, it was said.

Much Too Small

The present High School library has about half the capacity that it should have, school officials state. It seats only 120 students and shelves approximately 18,000 books. Individual study facilities and many other characteristics of a modern learning center are missing.

The new library will seat about 240 pupils, shelves 32,000 volumes, have study carrels, house audio-visual materials, and provide for considerably more use than is now possible. Floor area will total approximately 12,000 square feet.

Preliminary plans for a two room addition to Maire School were ordered also. This addition, as is the case with the High School library, is part of the four year construction and rehabilitation program authorized by the voters in 1959. It will permit Maire School to eliminate the use of undersized rooms for classroom purposes and provide more appropriate spaces for such as the school library and the music program.

Gold Cup Racer Fights Tax Case

Gold Cup Racer George Simon will take his case against the Internal Revenue Service, which so far has refused to allow him boating expenses as business deductions on his personal and corporate income tax returns for 1956 through 1958, to the U. S. Tax Court, meeting in Detroit this week.

Simon, 274 Lothrop, is president of the U. S. Equipment Co., 6540 Palmer east, a firm which buys and sells machinery on a world-wide basis, and owner of the powerboats Miss US I and Miss US II, which have raced in Detroit's Gold and Silver Cup classics and in Seattle.

He contends that his boating expenses are legitimate business deductions "because the racing boats gave us the key to unlock doors and make contacts for sales promotions."

The Internal Revenue Service considers boating expenses invalid as business deductions, and is seeking to collect \$105,330 from Simon, his wife Shirley, and his corporation, plus six percent interest on the total sum.

No date for the Simon case, which will be heard before Judge Howard A. Dawson of Washington, D. C., has yet been set. The Tax Court was convened Monday in Detroit's City-County Building.

The court ruled against Joseph A. Schoenith, 585 Lakeshore, in a similar case two years ago. Schoenith, owner of the powerboats Gale I through VI, contended that his boating expenses were directly connected with advertising and promotion of his electrical firm, W. D. Gale, Inc., 7145 Tiramone. The court directed Schoenith to pay \$300,000 in back taxes and interest for the years 1953, '54, and '55.

4 Cars Tangle On Lake Shore

Shores police issued no tickets in a four-car accident on Lake Shore road on Monday, December 10. No complaints were signed.

Kenneth L. Watson, 31, of 21712 Sunnydale, St. Clair Shores, was driving south on the road, and was changing lanes as he was putting out a cigarette in an ashtray. He took his eyes off the road for a brief moment.

During that moment he failed to see three cars stopped near 485 Lake Shore. When he did, it was too late to apply the brakes.

Watson's car hit that of Emanuel Piazza, 58, of 4256 Grayton, who in turn struck the car of Eugene Hawkins, 58, of 75 Renaud, who was pushed into the car of Frank Plaia of 23154 Norcrest, St. Clair Shores.

Watson's car was a total loss, Piazza's and Hawkins' vehicles suffered heavy damage to front and rear ends, and damage to Plaia's car was nil.

Watson claimed that he was only traveling 25 miles an hour before the accident. A Farms fireman, he was on his way to work when the mishap occurred. The damages will be taken care of by his insurance company Watson said.

Detroit Driver Thrice Tagged

Albert Mitchell, 49, of 18058 Mackay, Detroit, received three tickets for as many traffic violations from Shores police early Monday morning, December 10.

Mitchell was seen driving south on Lake Shore road, by Patrolmen Joseph Vitale and Donald Jacob. This would have been all right, except that the motorist was driving in the north bound lane.

The Detroit driver was stopped at Vernier road, and when asked for a driver's license, he stated that he never obtained one before.

The license plates on his car, it was found, belonged on an automobile owned by Mitchell's wife.

The officers gave Mitchell a ticket for driving the wrong way on a one-way street, another for driving while never acquiring an operator's license, and one for displaying improper license plates.

At the station, Mitchell was locked up in the local jail to await a hearing by Judge John Gillis later in the day.

At the hearing, the motorist was found guilty on all three counts. He was fined \$35 for no driver's license; \$10 for driving the wrong way; and \$7.50 for the improper plates.

The officers said that Mitchell was unable to read, and that he claimed he was driving in the wrong lane because he was lost.

Students Receive Parking Permits

Grosse Pointe High School's student parking permit program went into effect this week, with properly registered cars sporting blue and yellow stickers on their windshields, entitling them to park in the school lot during school hours.

The permits, issued only to seniors, are printed in blue on yellow paper, with two fire-look, pitchfork-toting "blue devils" flanking the legend: "Grosse Pointe High School Parking Permit." Expiration date is June 14, 1963, and the permits can be revoked at any time for improper use of the lot (e.g., speeding, squealing tires, parking on the lines).

Only one car registration is allowed per student, and the state registration certificate must be shown in order to obtain a school sticker. Make, model, color, body style and license number must be noted on the school registration card.

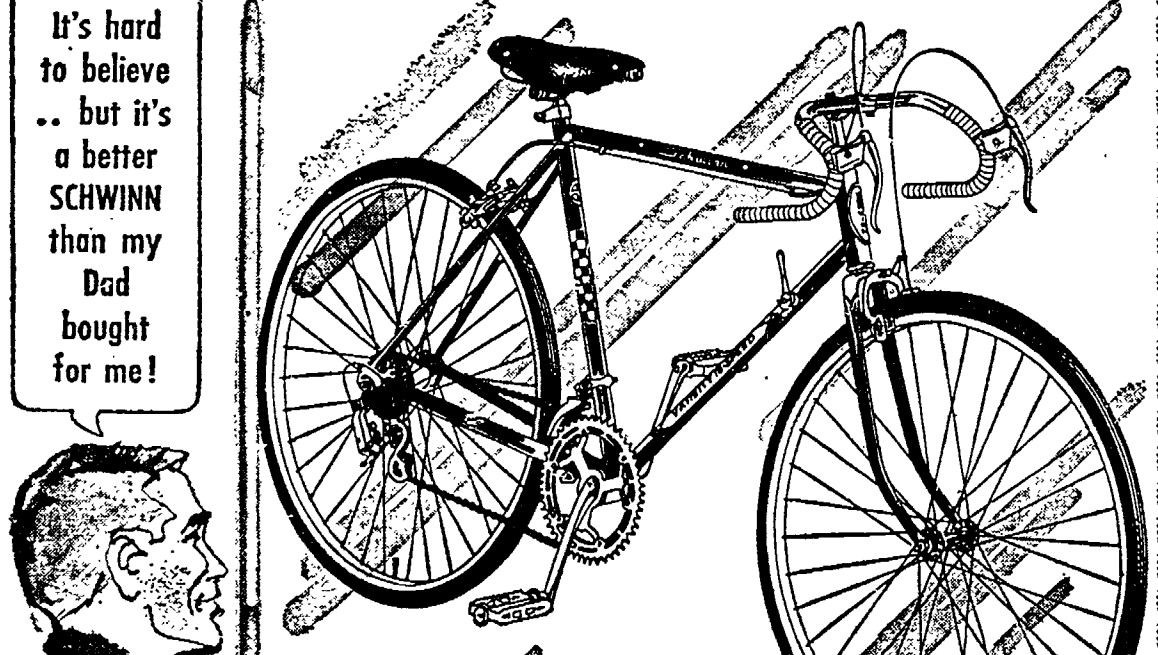

Parking lot spot checks will be made periodically. Students found improperly using the parking lot will be warned; if violations continue their cars will be towed away.

Members of Grosse Pointe High School's Safety Club will assist in daily lot checks.

Schoenith then took his case to the U. S. Court of Appeals in Cincinnati, but lost his appeal.

Rear of the Chas. Verheyden Funeral Home Showing Hidden Parking Area

MR. CHAS. VERHEYDEN

termine the best-tended business properties.

Since erecting his architecturally beautiful funeral home at Mack Avenue and Whittier some 18 years ago, Mr. Verheyden has constantly enhanced the aesthetic value of the property with flower beds, shrubbery, lawns and other diversified landscaping. A full time gardener is employed.

A little more than a year ago, after having purchased the property on Whittier between Mack and Charlevoix (at the rear of his place) he had the foresight to plan a sunken parking area for the many cars that visit the place daily. At first the idea did not take well—in fact he had difficulty in securing the co-operation of the city officials, but today the well placed shrubbery and trees, and the velvety rich lawn that surround it have made it a conversation piece. As

the above look-down-photo shows, the parking area is entirely out of view from the street.

Today there is much talk of creating other beautified spots in the Grosse Pointes using similar ways of hiding eye-sore parking areas.

The Horticulture Society, after 9 years of paying first-place tribute to Mr. Verheyden, have decided next year to make him a life member in the first-award class, leaving the coveted first place open for other businesses now doing such wonderful work in beautifying their places of business.

Chas. Verheyden, Inc., of which Mr. Verheyden is the president, was founded by him over a half century ago. He is an original Grosse Pointe, having been born on the shores of Lake St. Clair about where Deeplands Road comes into Lake Shore Drive.

Pierce Giving Yule Vespers

Parents, staff and students have joined together for the twenty-fourth year to present the Christmas Vespers at the Pierce Junior High Auditorium next Sunday, December 16, at 3 p.m.

This year the traditional program is given by all the school's choral groups under the direction of Mr. Herman Klein, vocal instructor. He will be assisted by Mr. John Mason, Mr. Robert Rathbun, Mr. Don Richards, Mr. Russell Hachey, Mr. William Jones, and Miss Manerva Johnson. Miss Johnson has charge of the make-up.

Mr. and Mrs. William Ludwig are chairing a parent group, which will assist in decorating the auditorium. Mr. Robert Rathbun and his art students will create atmosphere by appropriately decorating the stage. Mr. Mason is lending assistance with the decor in the auditorium. He also is the master in charge of the beautiful tableaux, which tell the Christmas story.

Mary Harrison is portraying Mary and Richard Ludwig is representing Joseph. The three angels will be Gwen Wilner, Suzanne Bowerman and Gail Thomas. Tom Beltz, Cris Cioe and Bill Blackeslee have been selected as the wisemen. Serving as shepherds are: Cameron Piggott, Mike VandeGinste and Ralph Adams. Walter Pflaumer has been cast as the innkeeper. Steve Bowles is the narrator of the Christmas story.

The concert will be presented by five vocal groups. Dan Smith, a ninth grade student, will be the accompanist on the piano. He has assisted in this capacity since entering Pierce in the seventh grade. Mr. Melvin Zeidler, organist at the Christ Episcopal Church on East Jefferson Avenue in Detroit, will preside at the organ.

Among the outstanding numbers included in the afternoon's program will be a Christmas Child Carol in French. Mrs. Allan McFarlane, the school's French instructor, has assisted in teaching the lyrics for this composition.

The ninth grade chorists composed of sixty-five voices will present the French carol,

as well as, "Gloria to God in the Highest" by Pergolesi and "Gesu Bambino" with Craig Hollidge carrying the soloist's part. The seventy eighth grade chorallers have perfected "Carol—Carol" by Alfred Burt. The sixty members of the seventh grade chorus will present the traditional "We Three Kings." William Gross, Michael McMillan and William Doyle have been selected for these solo parts.

The glee clubs are extra curricular activities and the members do their rehearsing before and after the regular school day. Ninety girls comprise the membership in their glee club. They will feature Kessel's "Gloria to God" and an Austrian Manger Carol. The sixty-five members of the boys' glee club have the Ukrainian "Carol of the Bells" in their repertoire.

The combined choral groups plan to sing "Oh Holy Night" and "Drummer Boy." The concluding number "Silent Night" features Dan Simmons as the soloist.

The wardrobe problems are being supervised by Mrs. George Boan of the homemaking department. Sue Solenber-

ger, editor of the school paper and her sponsor, Miss Helen Van Loo have handled the publicity. Mrs. George Gillis and her corps of student ushers will be on hand to receive all of the Pierce patrons interested in attending the Vespers Program.

There will be no admission charge as well as no reserved seats. The public is cordially invited to attend this vocal concert at the Pierce School next Sunday afternoon at 3 p.m.

Brownell Plans Yule Vespers

For parents of Brownell Junior High School students, the true spirit of Christmas is ushered in by the school's traditional Christmas Vespers program, given annually on the Sunday afternoon preceding the start of the school's winter holiday. This year the performance will be held in the auditorium of Parcels Junior High School on Sunday, December 16, at 3 o'clock.

Under the direction of Dewey D. Kalember, a 55 piece symphony orchestra will begin by playing 'The Dance of the Sugar Plum Fairy' from Tchaikovsky's Nutcracker Suite, and Suite No. 1 from Handel's 'Water Music.' Six students in ensemble will then play Corelli's 'Allegretto' — Carmen Nemeth, Nancy Santine, Susan Lane, Carol Curtiss, Sydney Sinclair and Linda Eichelbarger, who have been practicing their string instruments faithfully.

The choral selections on the day will be presented by a massed chorus of 450 voices, under the direction of John Tousey, representing seventh, eighth, and ninth grades. Included will be traditional carols and other songs appropriate to the season, sung by the various glee clubs, the select Girls' Ensemble, and grade-level choral groups.

An especially lovely number is 'Christmas Was Meant for Children,' with the chorus and orchestra sharing the spotlight. The faculty accompanist is Mrs. Ruth Teague, with Seth

Bidwell assisting. The afternoon's harmonies will conclude with the combined chorus, audience, and orchestra joining in the much-loved 'Silent Night.'

Ushers, under the direction of Mrs. Ruth Schmitt, include Linda Foster, Ann Heglin, Sally Hicks, Carol Libby, Linda Neuman, Kathy Malarouris, Diane Van Zile, and July Via. The cover design was executed by Renee Diamond.

Open Letter to Teen Agers

The Detroit News has beaten us to it, but with the wave of vandalism to which the Pointe has been subjected lately, it seems particularly appropriate that the following letter should be reprinted here. It was written by Police Chief L. D. Harris of Manassas Park, Va. Distributed at a Parent-Teacher Association meeting, it offers this advice.

Always we hear the plaintive cry of teenagers: "What can we do? Where can we go?"

The answer is . . . Go home.

Hang the storm windows, paint the woodwork. Rake the leaves. Mow the lawn. Shovel the walk. Wash the car. Learn to cook. Scrub some floors. Repair the sink. Build a boat. Get a job.

Help the minister, priest or rabbi, the Red Cross, the Salvation Army. Visit the sick. Assist the poor. Study your lessons. And then when you are through—and not tired—read a book.

Your parents do not owe you entertainment. Your village does not owe you recreation facilities. The world does not owe you a living. You owe the world something. You owe it your time and energy and your talents so that no one will be at war or in poverty, or sick, or lonely again.

In plain, simple words: Grow up; quit being a cry-baby; get out of your dream world . . . start acting like a man or a lady.

Letters to the Editor

Dear Sir: The Grosse Pointe Civic Association closes its letter with a plea that the true meaning of Christmas be taught to the offenders. But what sort of teachers are we? We start playing Christmas carols on Thanks-giving and deposit Santa Claus at Woodward and Hudson's when we should be enjoying thankfulness. We disrupt our advent season—time of careful preparation for the birth of God. Will we celebrate Christ's Mass on December 25th or will we busily plan for Wednesday's sales, while our records play "Tis the season to make profits." Now there is nothing wrong with profits but let us spread them thru out the year; cease our pagan celebration of Christmas and give back to our Lord this season which begins not ends on December 25th. Let us be inspired to live a Christian life following His precepts. By our example will our children find an acceptable pattern for behavior. For those who do stray, let us remember that we can expect forgiveness only as we are willing to forgive and that before we can throw rocks at others we must have lived a perfect life. Signed, A Parent.

but protected by a technicality, must remain anonymous? In cases where a Grosse Pointe boy and a Detroit boy are involved in an accident, the ONLY general criteria this paper uses in determining whether or not to print names and addresses is age. If both boys involved are over 17, both names are printed. If only one boy is over 17, his name alone is printed and his address, be it in Detroit or in Grosse Pointe, is used. If, however, as in the "Reindeer Incident," a matter of equal guilt is complicated by age, a decision must be made as to the morality of releasing one teenager's name when it is forbidden, by law, to release the name of another. Locality—where the boy or his parents happen to live—never enters into this decision.)

Dear Mr. Editor: Please print my letter in next week's paper. God gave us 2 beautiful reindeer and they did not bother anyone or harm anyone did they? Then why must bad boys destroy God's animals? Do they go to church on Sunday school? I have been taught, "Thou Shalt Not Kill," what have they been taught? Their mamas and papas are 2 blame, if they would give them a good spanking with the stick or brush or show them what they have done instead of paying them more money to destroy or hurt all the beautiful things our City has—maybe they would be good boys when they grow up. Thank you, Nine-year-old girl Please I love my City.

Meehan Named To Legion Post Appointment of James J. Meehan, 160 Ridgemont road, as a general member of The American Legion's National, National Security Council has been announced by Joe Paul, Commander of the Michigan Department of The American Legion and National Executive Committee-man Don J. Smith, St. Johns, Michigan. Mr. Meehan's appointment to this high office in The American Legion's national organization was made by National Commander James E. Powers, of Macon, Georgia, and was confirmed by the National Executive Committee at its recent meeting in Indianapolis, Indiana. The appointment comes as recognition of Legionnaire Meehan's many years of service in our organization. It had the whole-hearted endorsement of the Michigan American Legion, Department Commander Paul said. The national commissions and committees of The American Legion are responsible for recommending new or changed policies. Under the commission plan of volunteer activity, The American Legion has grown to the largest organization of veterans the country has ever known, Commander Paul said.

Dear Editor: On most juvenile cases why do you shield these imbeciles and their parents by not printing their names, why is Grosse Pointe so protected? "Parents pay fine!" What parents? Put their names and faces in the headlines and you'll then see it won't happen by the same people ever again. If a Detroit boy and a Grosse Pointe boy have an accident, the name and address of the Detroit is always in print, but then it may say something like—The Grosse Pointe boy was fined, or released. Why hide his name? You may be a Grosse Pointer, I may be one, but let's give it to these kids! What we need in Grosse Pointe is a military academy to show them we don't play with shaving soap all our lives. Thank you, A Citizen

(Ed. Note: Any person under 17 years of age charged with a crime comes under the jurisdiction of Juvenile Court. According to the Juvenile Code, all Juvenile Court proceedings and files are "confidential." This means that newspapers are prohibited, by law, from publishing the names of persons charged in Juvenile Court, that is: from publishing the names of persons under 17 years of age charged with a crime, or identifying them in any way—through their parents, for example. In regard to the recent "Reindeer Incident," two of the five boys responsible are 15, two are 16, and the fifth boy turned 17 a few days before the "Incident." Legally, it would be possible for this paper to identify one of the boys responsible. Morally, the question arises: Is it right to identify one boy when four, equally responsible

What Goes On at Your Library

By Virginia Leonard

This column has been a joint effort on the part of the regular columnist and Miss Harriet Helms, Chief of Children's Service.

The Christmas season is well-nigh upon us. There is the usual flurry of buying gifts, wrapping them tastefully, the festive decorating of the home—even the carrots for the dancer and Prancer, and the all-night vigil of children on Christmas Eve. In all this excitement of anticipation of fun and fellowship to come, do we not frequently forget the true meaning of this season?

Christmas—what does the name mean? Is not the derivation obvious? Christ. Have we forgotten that this is a birthday, in reality, that we are celebrating? His birthday. In our household decor of aluminum Christmas trees, modernistic, glittering ornaments and arrangements, have we given the Nativity Scene a minor spot in both our homes and our hearts?

Let us hope not. Let us rather remember to attend a religious service, do a kind deed for someone who is lonely, unhappy, or neglected; remember to give rather than to receive. In short, let us truly observe the meaning of Christmas.

Since Christmas is a time of giving, much of our pre-Christmas activity is concerned with choosing gifts. To ease the pain of headaches that may come from finding a child's gift of lasting pleasure, the Children's Department has prepared a book list to guide adults. Titles suggested as additions to a child's book-shelf include those with appeal to the picture book age through the fourteen year olds. The introduction states: "The enjoyment of a book is a personal experience, and no one can say with certainty, these are the best books for a child to own. A bookshelf, while con-

Two Cars Tangle At Intersection

City Patrolmen James Cronin and Blair A. Martin investigated a minor accident at the Notre Dame - Kercheval intersection late Sunday afternoon, December 9.

No injuries resulted from the two-car collision, involving vehicles driven by William Warren, 1161 Balfour, and Harold White, 876 Alter, Detroit.

Warren, who had parked his car in a meter zone on Notre Dame a few feet from the Kercheval intersection, pulled out directly into the path of White's vehicle, which had been travelling north on Notre Dame. No tickets were issued, and damage to both vehicles was minor.

The road to ruin is a one-way street — don't expect to come back. Many foreigners seem to think our foreign policy is an endowment policy.

taining a variety of literary fare, will and should reflect to some extent the interests of the owner, whatever his age."

The greater portion of the list emphasizes newer publications. But old favorites in new, attractive clothing, are not to be overlooked as having a high popularity rating, even among these space age children. FOR YOUR BOYS' AND GIRLS' BOOKSHELVES contains a treasure of suggested reading material. Provocative titles such as: "I CAN'T SAID THE ANT" (by Cameron), "PLOP PLOP PLOPPIE" (by Olds), "NOODLES, NITWITS AND NUMSKULLS" (by Leach), appear, as well as such favorites as: "KING ARTHUR", "MOTHER GOOSE", and "THE HARE AND THE TORTOISE."

All three libraries can supply the lists. It might be well to have one for Christmas buying, or other future "special" days in the lives of young friends or relatives.

Three Spirits—the Ghost of the Christmas Past, the Ghost of the Christmas Present, and the Ghost of Christmas Yet to Come—will visit the Grosse Pointe Central Library on Thursday, December 20, at 4 p.m. They will reach us through the medium of a play, A CHRISTMAS CAROL, by Charles Dickens, and presented by Miss Rita Flaherty's sixth grade class of Kerby School.

The Children's Department is more than pleased to have this teacher and her class help us celebrate this joyful time of the year. The play will be held in the same place and at the same time as the usual School Age Story Hour. Everyone is welcome, and of course, there is no charge.

The Park and Woods Branches will be holding Christmas story hours at their usual time of 4 p.m. on Thursday during Christmas week.

Service to the community

By FRED KOPP, R. Ph.

A colleague of ours tells this one. On Saturdays he sells dimes (10c each). Seems the neighborhood movie is next door. The kids stop in before the show for dimes—for the vending machines in the theatre. A lot of our business is like this—service to the community. Glad to do it. Because we're conveniently located and open long hours, we're a handy place to pick up change or a bottle of aspirin. But a pharmacist's true service to his community is to be a quick, reliable source of the drugs and medications your physician prescribes. That's the real reason we're here. And we are always pleased to serve you.

WOMEN'S PAGES

From Another Pointe of View

By Patricia Talbot

Christmas will have a Mexican flavor in two Pointe homes this year. The Anthony Eugenios, of Whittier road, and the Fred A. Hoods, Jr., of North Deeplands road, are both entertaining teenagers from south of the border.

The Hoods' guest is Olga Mendez de Mendez, daughter of the Hoods' friends, the Eduardo Mendez Fernandez, of Mexico City, who have been hosts to the Pointers many times in Mexico.

Olga will celebrate her 13th birthday on the last day of 1962. She arrived in November and will stay through June studying in the seventh grade at Our Lady Star of the Sea. The Hoods' daughter, Martha, a seventh grader at Brownell, is a great help to Olga.

There is no language barrier for this small seniorita who attended a convent school in Mexico and visited the Hoods for five weeks a year ago. Although she is looking forward to a Pointe Christmas she will miss her own long vacation for Mexican schools close for vacation from November 23 to February 1.

Irma Graciela Santa Maria, daughter of the David Santa Marias, of Mexico City, is attending Dominican High School with her hosts' daughter, Linda Eugenio.

The 17-year-old Mexican visitor is here for December and January and when she returns to Mexico City hopes her hostess and classmate will visit her in return.

Holiday Across the Ocean

Across the Atlantic two Pointe students will be celebrating the holiday far from their own hearths. Julia Hodges, daughter of Mr. and Mrs. John C. Hodges, of Washington road, will leave her classes at Westfield College, University of London, and fly to Gibraltar.

There she will rent a car and drive to Casablanca to spend Christmas. Then it will be back to England and a brief visit with friends at Portsmouth before returning to classes in London. Julia is spending her junior year at Vassar, where she is an English major, abroad. She arrived in England toward the end of September; will return here in July.

The Hodges will miss Julia for the holiday but son David will be home from Pomfret School and daughter Christy, at Liggett, and Jeffrey at GPUS will complete the family circle.

Susan Carl, Kalamazoo College junior studying in Southern France, will watch children place empty shoes rather than stockings for Santa to fill on Christmas Eve. (Continued on Page 20)

Heirloom Recipes From Van Antwerps

Pioneer Belgian Family Prize Holiday Goodies Collected from Several Generations of Cooks; Share Christmas Secrets with Us

For several generations the Van Antwerp family, among the Pointe's early Belgian pioneer settlers, have cherished recipes brought with them from the old country and used at Christmas time.

Several years ago the late Mrs. Gore Van Antwerp, then 90 years old, shared some of these prize recipes for holiday goodies with the News readers. We are now reprinting these treasures.

Decades ago when these recipes were used the spices and fruits used had to be home grown and processed. Cardamom, one of the chief ingredients of lebkuchen had to be removed from shells, the seed wrapped in white cloth and pounded.

Now all of these spices may be bought in powdered form. The amounts given are usually in weights used in old fashioned cook books but may be adapted. Quantities are larger than the few dozen listed in most modern day cooky recipes.

Lebkuchen

- 1 pint honey
- 1 1/2 lb. flour
- 1 lb. brown sugar
- 1/2 lb. citron, chopped fine
- 1/2 lb. blanched almonds, chopped fine
- 1/4 lb. (2 oz.) orange peel
- 1/4 lb. cinnamon
- 1/4 oz. cloves
- 1/2 tsp. cardamom
- Grated rind of 1 lemon
- 1 oz. glass of brandy
- 1 tsp. soda
- 1 tsp. baking powder

Bring honey and sugar to a boil and pour over fruit. Mix in all other ingredients and roll about one inch thick and bake in sheet with small edge. Bake top of cake with powdered sugar moistened with water. Cut in squares.

Peppernuts

- 1 lb. powdered sugar
- 1 lb. flour, sifted twice
- 4 eggs
- 3 oz. fine chopped citron
- 1 tsp. cinnamon
- 1 tsp. nutmeg
- Scant teaspoon of cloves
- 2 points of a knife of white pepper
- 1/2 tsp. baking powder
- Rind of 1 lemon grated

Beat eggs and sugar and mix in other ingredients well. Make into thin roll. Cut small pieces about size of a hickory nut. Bake in moderate oven.

Almond Cookies

- 1 lb. powdered sugar
- 3/4 cup sifted flour
- 4 eggs
- 1/2 lb. blanched almonds, chopped fine
- 1 tsp. cinnamon

Beat eggs and sugar half an hour. Add other ingredients and bake in moderate oven, making tiny cookies.

Small Citron Cakes

- 1 lb. powdered sugar
 - 8 eggs,
 - less 4 whites of eggs
 - 2 oz. fine chopped citron
 - 1 lb. flour
- Beat eggs and sugar half an hour, add citron and flour. Bake in small cookies in moderate oven.

Springles

- 1 lb. powdered sugar
 - 1 lb. flour
 - 4 eggs
 - Butter size of hickory nut
 - 1/2 tsp. baking powder
 - 1/2 tsp. essence of anise
- Beat eggs and sugar half an hour. Add all other ingredients. Let cookies dry overnight. Bake in slow oven. Note: these cookies may be baked in mold.

Annisie Drops

- 3 eggs
 - 1 cup granulated sugar
 - 1 tsp. baking powder
 - 2 cups flour
 - 1/2 tsp. essence of anise
- Mix in order given and drop by teaspoons on cookie sheet. Bake in moderate oven. Directions for these heirloom cookies are very sketchy by modern cookbook standards but an experienced cook should have little trouble in translating such exhausting terms as "beat half an hour" into less arduous methods with an electric mixer.

League Serves Holiday Dinner

One of the most rewarding traditions for the Junior League of Detroit is the Christmas party given annually with the Detroit League for the Handicapped. Mrs. Joseph W. Caskey is the party chairman this year. This Thursday, December 13, 270 "clients" at the Detroit League for the Handicapped will enjoy a full course turkey dinner, corsages, table favors, gifts and entertainment.

The success of this party, which is the only Christmas celebration for many handicapped people who are homebound most of the time, depends upon the efforts and donations of many.

Gifts and volunteers are obtained from B'nai B'rith and the College Women's Volunteer Service. Corsages are donated by several garden clubs. Favors are given by many large and small companies.

Annual Yale Dance To Be Held Dec. 22

Grosse Pointe Club Will Be Scene of Traditional Christmas Event to Raise Money for Scholarship Program

The 16th Annual Yale Christmas Dance will be held on Saturday, December 22 at the Grosse Pointe Club, it was announced recently by Alvan Macaulay, Jr., president of the Yale Alumni Association of Michigan.

The dance, held last year at the Country Club of Detroit, provides funds for the Yale association's scholarship program for Michigan students.

In keeping with tradition, music will be provided by Jack Qualey's orchestra, and intermission harmonizing will be supplied by the Grunyons. The dance will start at 10 p.m.

Among those helping with arrangements for the dance are Benjamin G. Chapman III, J. Donald McLeod and the association's officers: Mr. Macaulay, Ledyard Mitchell, vice-president; Paul H. Townsend, Jr., vice president; Fred Mallender II, secretary, and Theodore H. Fuger, Jr., treasurer.

The Grunyons, comprised principally of former Yale Whiffenpoofs, list the following members: Alan E. Bodycombe, Bernard E. Brogan, Steven T. Hauser, Thomas Hemenway, Jr., Douglas Krieger, George McClellan, Charles A. Parcells, Jr., Donald Simmons, Walter A. Bailey and William

Y. Gard. Mr. Gard is director of the group.

The Yale Alumni Association sponsors a number of other activities throughout the year, including a dinner for entering Yale freshmen, an annual meeting for association members, a Yale-Harvard-Princeton Field Day, and an autumn football radio broadcast with either the Harvard Club of Eastern Michigan or the Princeton Club of Michigan.

The association's latest activity was a reception and dinner for Walt W. Rostow, Counselor and Director, Policy Planning Council of the State Department. Mr. Rostow earned his bachelor's degree and doctorate at Yale.

Colony Club to Toast Season at Yule Party

The Colony Town Club will gather at Mrs. Elton F. MacDonald's Windmill Pointe drive home this Sunday for the annual Christmas cocktail party.

Center Offers Ballet Classes

A new term of ballet under the direction of Mary Ellen Cooper will begin at the Grosse Pointe War Memorial Center, 32 Lake Shore road on Monday, December 17.

Classes are offered Monday, Tuesday and Thursday afternoons after school and all day Saturday. Miss Cooper enrolls students ages 5 through their teens. Twelve weeks of lessons are offered for \$21.60 for ages 5 to 10 and for \$24 for ages 10 and over.

A special adult class in ballet is offered on Wednesday evenings at 7:30 o'clock. This class is especially designed for accent on fitness and modern choreography.

In her junior classes Miss Cooper teaches the basic elements of classic ballet as embodied in the Cecchetti Method of which group she is a Board member. Miss Cooper's mother, a former concert pianist accompanies all the classes.

In addition to the Center's Recreation Room, the Ballet students now have the stage of the Fries Auditorium on which to perform for special occasions which they do at Christmas time and again in the Spring with original choreography and costumes.

Some people change their minds real often — they think they will work better that way.

Bride-Elect

Photo by Eddie McGrath, Jr. Mr. and Mrs. Edward Hamilton Wallace, of Whittier road, announce the engagement of their daughter, CAROL ANN, to Joseph Simmons Ohr, son of the Milo Frederick Ohrs, of Trenton, Mich.

The bride-elect is an alumna of the University of Michigan where she was affiliated with Chi Omega.

A June wedding is planned. A prob is an official investigation that is aired just before the whitewash is applied.

Dance Classes Having Party

The boys and girls of "Uncle Bill" and "Aunt Marge" Wilson's dancing classes of the Grosse Pointe War Memorial will be feted at a pre-holiday party in the ballroom of the new Fries Auditorium this Saturday evening, December 15, from 7:30 to 9:30 o'clock.

A special committee of mothers including Mesdames Harrison, Coleman, Larson, King, Hughes, Bradley, Van Hollanback, Buckminster, Coolman and Schnell are working on the details of chaperonage, refreshments, and table decorations.

Two thirds of the ballroom will be devoted to dancing and the remaining part turned into a refectory where refreshments will be served to one hundred guests at a time.

All of the dancing classes are invited to this party. The five groups include some three hundred students. All have been asked to wear outfits similar to those they would wear to church. Each boy and girl will receive a favor and this will be a program dance so that every one will mingle and get a chance to dance.

As always the Wilsons, who are professional party givers, will have up their sleeves some wonderful novelty dances and party games to liven the evening.

Don't trust everything to luck unless your emergency brake is in good working order.

Holiday of 1942 Shadowed by War

Christmas Observance Far Different Two Decades Ago When So Many Families Had Men and Women in Armed Service

Last Friday was the 21st anniversary of the day "which will live in infamy", the bombing of Pearl Harbor by Japan. Pointers preparing for Christmas two decades ago were still living in the shadow of that dark day which had been history for a year.

December 1942 was wartime and our suburb was enduring the behind-the-lines struggle with acute shortages of fuel, transportation and mail. But Christmas was celebrated, even in the homes where the men were fighting in North Africa or in the South Pacific.

There was special rejoicing in the home of Frank Tickle, Seaman Second Class, home on survivors leave. His ship, a troop transport, was torpedoed off North Africa and Frank was among the fortunate. The 22-year-old sailor was the former chauffeur of the Harley Earls, of Touraine road, and his father had been their gardener for many years.

Commander Edwin O. Bodkin, Coast Guard Reserve, was in charge of guarding the Pointe's long coast line. The Rev. Francis Creamer read to the Christ Church congregation a thank you letter from Gen. Pavel Drachev, of the Soviet Army. Rev. Creamer was in charge of Russian War Relief in the Pointe and his committee had sent a big contribution to the Russian allies.

Lt. George N. Munro was serving in the South Pacific and not home for the holiday. Frederick M. Alger was also on Navy duty but his wife entertained the clan for Christmas Day dinner. Social life was pared to the minimum and dances were given only to entertain the soldiers, sailors and airmen.

There were no debutante parties. Two dowagers closed their lavish Lakeshore road homes, which were difficult to heat and staff, and moved to the Whittier. The magnificent outdoor lighting displays, always a feature of Pointe Yules, had been abandoned for the duration. To relieve the mail delivery problem, and a welcome gift to all those awaiting overseas letters, a temporary postoffice was opened in the city offices in Maumee avenue.

Christmas shoppers could buy 50 personalized greeting cards for \$1.00; dolls for \$2.19, saddle shoes for the youngsters, for \$1.98 and men's shirts for \$1.84. There was a beer and liquor shortage but night clubs advertised New Year's Eve parties and the theaters, which also sold war bonds, were doing a great business. Irving Berlin's "This Is the Army" revue was in town and Gertrude Lawrence was appearing in "Lady in the Dark."

Postwar peace was the subject of a lecture at Pierce Junior High School during the Christmas school vacation. There was a shortage of Christmas trees, with no men available for cutting the pines and

Advice Offered On Toy Buying

The biggest "toy buying time" of the year is approaching. Dr. Charles P. Anderson, Health Commissioner, advises that if you intend to give toys, find out what the child can use before you buy them. Adults should insist that all toys be safe and incapable of causing fire, shock or explosion.

Sometimes a grownup gives selects toys which he wanted when he was a child, however, he should try to please the particular child he is buying for and to meet his needs. Your first consideration should be the child's happiness. Being wise and considerate in your selection of toys as gifts if you are an aunt, uncle or other relative will help give the child's parents an enjoyable Christmas, too.

In addition to delighting the youngsters, select toys that are durable and simple as gifts to young children. They should be easily cleaned and not have removable parts small enough to be swallowed. Each toy should stimulate its owner to some activity, either mental or physical. Some of the longtime favorites which meet this requirement include dolls, wagons which have pull strings or round handles and blocks which have rounded corners. These are universal favorites with children and they can be used by youngsters of various ages and under almost all circumstances.

Avoid buying toys which do things. It is wise to remember that children need to do things with their toys. Activity should come from the child—not from the toy. Avoid buying toys which children can only sit and look at.

Parents often waste money on toys inadvertently. A poorly-made toy, despite its value in character building, can be exasperating to a child when it breaks in his hands. To avoid such mistakes, more care should be taken in selecting toys and they should not be bought solely on the basis of price. Parents should try to appraise the purpose of a toy as well as its construction and durability. A poorly-made toy is always a bad investment. A well-made toy can insure play value for the child as long as he wishes and then be passed down to a younger brother or sister.

Physical growth and personality development require opportunity for wholesome play and toys are the tools of play. Make sure to take into consideration the age and living conditions of the child before you buy toys. Skates or a sled for a child who has no safe place to use them will only tempt him to take unnecessary risks and use them in unsafe places or else they will make him frustrated because he cannot enjoy them.

The tiny baby's first toy should be a bright one to hang where he can follow it with his eyes. It is certain the first thing he will enjoy is something that moves. When he is three or four months old he can grasp and hold a rattle. A child one or two years old is learning safety and needs toys to pull and push, to pile up and knock down again, to load and unload. A child will be happier if his holiday celebration is spread over several days. Do not confuse him by giving him too many toys at once. His enjoyment is diminished by confusion or bewilderment.

Make sure that the toys you give him do not have sharp points and that they cannot be easily splintered or broken. Avoid stuffed animals which have glass or button eyes which a child might pull off and breathe into his windpipe or shove into his ear.

Babies and young children are sensitive to the emotions of those closest to them. If there is a baby or young child in your family, surround him with the security and warmth of a happy family holiday and try to make it not too much different from the experience he is accustomed to on other days. Don't overwhelm him with too many visitors, too many toys or too much excitement. If you expect him to have a happy Christmas, make sure he has enough rest by preventing over-excitement.

Newcomers Welcome Season With Dance

Attractive gold ornamented trees will center the dining tables when the Grosse Pointe Newcomers' Club gathers for dinner and dancing this Saturday evening at Lochmoor Club. From left to right, MRS. J. D. HESS, MRS. PETER WEISSE, seated, and

MRS. ARTHUR JOHNSON and MRS. JAMES FIELDING, standing, admire the results of their handiwork. This holiday dance is one of three parties planned by the club for the Christmas season.

Play It Safe This Christmas

December is a month when the accident rate is particularly high so that accident prevention as well as good will should have high priority on your December schedule. Dr. Charles P. Anderson, Detroit Health Commissioner, states:

One constructive way of showing your good will toward men during the Christmas season is to follow wise safety practices. You increase the likelihood that you will have an accident if you permit yourself to get "dead tired." This is true of children, as well as adults. Rest from your shopping and other Christmas preparations before you become so tired that you are more likely to be accident prone.

Burns from fires, as well as traffic and other accidents, are high in the days before Christmas until the week after New Year's.

When you buy a tree, bounce the trunk on the ground. If the needles fall off in showers, the tree has been in storage too long and is a fire hazard. Pull at the needles at the end of the branch to see if they have good resistance. Choose a tree that is not too big for your room and keep it outdoors until you are ready to put it up. Remember, the larger the tree

the greater is the hazard, so do not buy a tree that is larger than you need. Until you are ready to decorate your tree, stand it outside in a bucket of water. Saw off at least one inch of the trunk of the tree before you set it up. When you bring the tree in the house, set it in a container of water or wet sand and keep the container filled. The water should be above the bottom of the stump. Make sure that the tree is well supported so that it does not tip over and use a stand that is strong enough to hold it up.

Keep the tree away from the source of heat such as fireplaces or radiators and keep the branches out of doorways. If you decide to have a fire in your fireplace, keep the tree a safe distance away from it. Christmas wrappings of old decorations should be disposed of before they accumulate in your home. Burn them or place them in a covered metal trash can.

Examine the lights for your tree and if you have any frayed cords or loose sockets, discard them. When buying a new string of lights, make sure that it has the approval of U.S.—Underwriters Laboratory. If the tree lights flicker, turn

them off until they are carefully examined. Never leave the lights burning when the family is away from home or when the family is asleep.

Too many cords plugged into one socket is hazardous, and be sure you use no more than a 15-ampere fuse on the electrical circuit. Call a competent electrician if you plan any extensive wiring for Christmas lighting. Don't do it yourself.

Unbreakable ornaments are safest, but if others are to be used, they should be placed high on the tree and out of reach of little children. When you place decorations high up, use a step ladder or sturdy step stool.

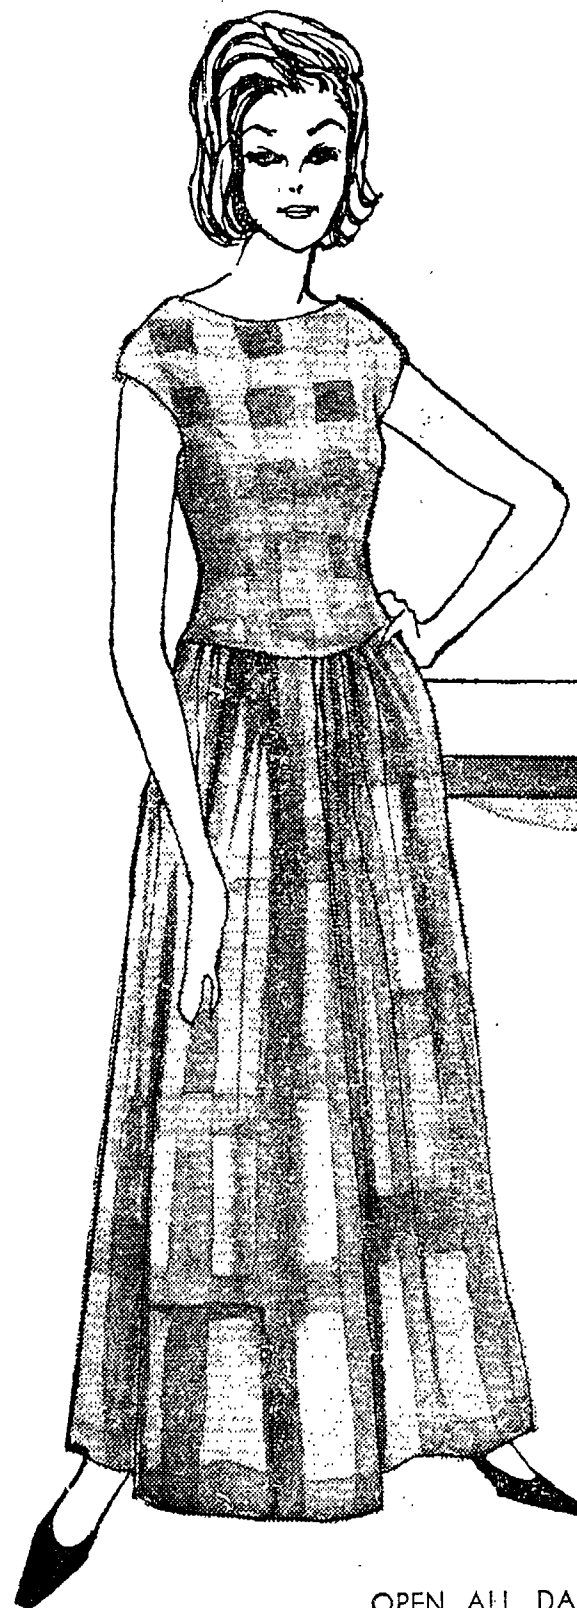

Your own actions speak louder than words in teaching good safety practices to the children in your family or any others who are watching you.

Law Club To Meet

Legion Ladies Help Veterans

Christmas activities in the veteran's hospitals are a highlight of the year-round work of the American Legion Auxiliary for the comfort, happiness and rehabilitation of disabled war veterans, reports Mrs. Mary DelBarba, who is Rehabilitation Chairman of Grosse Pointe Unit No. 303.

"Volunteer workers from the Auxiliary are on duty in Veterans Administration hospitals throughout the year," said Mrs. DelBarba. "We have approximately 12,000 of these devoted volunteers who have been trained for hospital work, and who spend many hours at work in various hospital assignments. They wear special uniforms in the Auxiliary colors of blue and gold.

"Another Auxiliary activity is designed to give the hospitalized veterans peace of mind about their families at home. Auxiliary workers visit the families, provide any needed assistance and report to the hospitals that all's well at the veterans home.

"And when the disabled veteran comes home after long

hospitalization, the Auxiliary is there to help make the transition back to community life. Helping the veteran find employment is often an important aid.

"Thousands of veterans in the hospitals and many who have been discharged from hospitals are given beneficial and painful employment every winter making memorial poppies for the American Legion Auxiliary. The Auxiliary supplies the materials and the veterans are paid for each poppy they make. The work is valuable as occupational therapy and gives the veterans the encouraging experience of earning money once more."

Voters' League Prepares Articles on Constitution

Prepared by the League of Women Voters of Grosse Pointe (The League of Women Voters is a national, nonpartisan organization whose purpose is to promote informed and active participation of citizens in government.)

A new basic law for Michigan—a new constitution—will be approved or rejected by the voters, on Monday, April 1, 1963.

Our state constitution is important. It determines, for example, who can vote, how we are represented in the legislature, what powers the governor has. It is vital that each voter understand the proposed document and decide how to vote.

The articles are presented as a public service by the League of Women Voters of Grosse Pointe. The League is a national, nonpartisan organization. League members have studied the new constitution and believe it should be adopted. These articles will explain the new constitution in everyday language, and each article will be short and easy to read. We hope you will find them informative and helpful to you in making your decision.

The new constitution was

written by 144 delegates to the Michigan Constitutional Convention elected one from each state senatorial district and one from each state representative district. The convention worked mostly during the period from October 3, 1961, to May 11, 1962. Final delegate action was taken in a one-day session held August 1, 1962, and the convention then went out of existence.

Even if the proposed constitution is rejected, the convention cannot take further action; its work is finished. Additional changes in the old constitution (or in the new if adopted) can be made only by the amendment process or by some future constitutional convention if one is voted by the people.

The convention began with study and discussion of existing and proposed constitutional provisions. Work was largely in ten committees, each of which had responsibility for a certain section of the constitution. Since the convention consisted initially of 99 Republicans and 45 Democrats, each committee was composed of two-thirds Republicans and one-third Democrats.

Committee work culminated in the drafting of committee proposals. Beginning in January, these proposals were debated at length in the whole convention. Each part of the proposed constitution was considered three times before being finally adopted. Between considerations, the Committee on Style and Drafting worked to make the final document clear, consistent, logical, and well stated.

The convention had available to it the research of an able staff from Michigan's colleges and universities, preliminary work by a governor's commission, and the aid of private Michigan foundations and organizations. Few conventions have had such help.

The convention worked to keep the proven and historic; to strengthen the three branches of government, each in its proper sphere; to maintain and strengthen local government; to consider the best thinking of those experienced in government, of students of government, and of constitution builders in other states. The convention was also guided by a knowledge of how the citizens of Michigan think their government should be organized and what it should do.

Michigan's proposed new constitution is several thousands of words shorter than the old, 19,000 as compared with 22,000. This was made possible, after careful study, by eliminating unnecessary words, legislative detail, and outmoded sections.

The organization has also been improved and simplified. In place of the present 17 articles, the document has 12: I. Declaration of Rights; II. Elections; III. General Government; IV. Legislative Branch; V. Executive Branch; VI. Judicial Branch; VII. Local Government; VIII. Education; IX. Finance and Taxation; X. Property; XI. Public Officers and Employment; XII Amendment and Revision.

The main reason why it is not practical to submit the new constitution to the electors piece by piece is that the old and new articles do not correspond exactly, either as to number or content.

Both new and old constitutions include a brief Preamble and a Schedule. The latter provides an orderly changeover from the old to the new.

Next article: House Apportionment.

National patriotism is actually the lengthened shadow cast by community spirit.

Austin Parents To Have Party

Plans for a festive Christmas Party have Austin Mothers' and Dads' Clubs already caught up in the Christmas whirl.

The event is scheduled for Tuesday evening, December 18, in the school gym, with mothers, dads and faculty joining in the fun.

Party chairmen from the staff side are Mr. Hans Gehrke, Jr., and Mrs. John J. Gorman. Phil Skillman will provide the dancing tempo, and a Christmas Buffet will supply the refreshments.

Purdy-Leahy Betrothal Told

At a family dinner Thursday evening, December 6, Mr. and Mrs. Sylvester F. Leahy of Elm Gate drive, Orchard Lake, announced the engagement of their daughter, Susan Ruth, to Thomas David Purdy, son of Mr. and Mrs. Clayton C. Purdy of Kensington road.

The bride-elect, a graduate of Birmingham-Seaholm High School, is a senior at Hillsdale College where she is affiliated with Kappa Kappa Gamma Sorority. The bridegroom-elect, a graduate of Grosse Pointe University School and Hillsdale College, is a member of Delta Tau Delta Fraternity. An August wedding is planned.

Alpha Gamma Deltas Hold Meeting Tonight

The Junior Group of Alpha Gamma Delta will meet at 8 p.m. Thursday, December 13, at the home of Mrs. Louis Smith of Meier road, Roseville.

The program under the supervision of Miss Barbara Henderson will be to make Christmas favors for the children at Receiving Hospital.

To Be Wed

Mr. and Mrs. Thomas Magill, of Van Antwerp road, announce the engagement of their daughter, BARBARA CATHERINE, to Larry Roger Colpaert, son of the Roger Colpaerts, of Verrier road. A June wedding is planned.

Circle to See Films of India

Martha Mary Circle of the Grosse Pointe Methodist Church will meet Tuesday, December 18, at 12:45 o'clock, in the home of Mrs. Lyle Ritchie, 19958 Williams court east. Co-hostesses are Mrs. Fred Steiner and Mrs. Clarence Bradley.

Mrs. Ritchie will show slides of a recent trip to Bangkok and India, and a Christmas Exchange will highlight the day.

Mrs. Norman Mooney, 1041 North Renaud road, will hostess the January meeting.

Esther Circle will also meet on December 18, at 12 noon, for a Christmas luncheon and gift exchange at the home of Mrs. Robert W. Reas, 633 Birch lane.

Fathers-Sons Concert Set

Twenty dads and their boys, members of the "Executive Committee" for the Detroit Symphony's exclusively male Fathers and Sons concert on December 29, met Saturday morning on stage at Ford Auditorium with conductor Valter Poole to thrash out program details for the orchestra's annual event.

The fathers (who really had little to say once their boys got going) were recruited by Richard P. Barnard, Birmingham attorney, to underwrite the affair at \$75 each so that a dad and his son can attend for only \$1.50. Extra sons can go for 50 cents apiece.

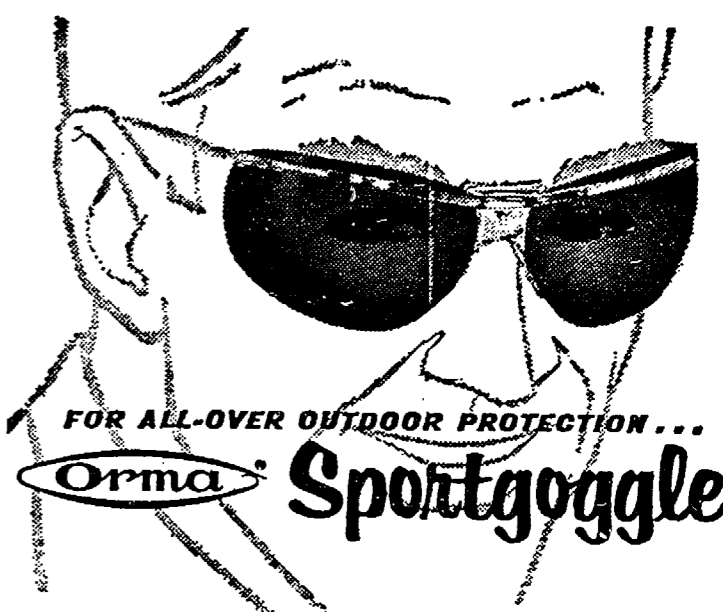

Once the idea of bossing our awesome Symphony was overcome the meeting became spirited with lots of conflicting ideas as to what makes real

"he-man" music fare. Symphonies were vetoed. Girl soloists were ruled out. Positive action was taken on the featured artist. He will be the cartoonist who made such a hit last year, Stu Hample. This year he will make huge sketches as the orchestra plays Tchaikovsky's "Nutcracker" Suite. Hample's eight-year-old son who stole the show last time promises he'll do more than hand his famous dad his chalk.

Dads for the committee are still being sought by Barnard. Tickets are still available, too at the Symphony office in Ford Auditorium.

THE GOAL: Turning over a new leaf is no problem—it's the writing on it that real counts.

Observance of Christmas Once Illegal in America

Celebration of Christmas—the most widely observed religious holiday of the modern world—was at one time illegal in early American history. Colonial New England did not celebrate Christmas, according to researchers, because

the stern Puritan colonists believed that such activities were wholly pagan and forbade them by law. Christmas came to the American colonies while it was the subject of strenuous controversy in England. English Puritans condemned it as "popish" and the secular celebration as a "wanton Bacchanalian feast."

Opposition of the English Puritans to festivals culminated in an act of Parliament in 1647 which abolished the observance of Christmas, Easter and Whitsuntide. This was echoed in the American colonies in 1659 when Puritans enacted a law in the general court of Massachusetts to punish those who "kept Christmas."

The law read "Whoever shall be found observing any such day as Christmas or the like, either by forbearing of labor, feasting, or in any other way... shall be subject to a fine of five shillings."

The law was repealed in 1681 but many of the Puritans were not reconciled to this action. Secular reveling at Christmas had often interfered with religious devotions and offended the Puritans' moral sense.

This intensified their sectarian hostility to the religious observance of Christmas—an attitude they maintained for the better part of two centuries in parts of New England.

The fun-loving Dutch colonists of New Amsterdam, however, celebrated Christmas as their chief holiday. They brought the old customs from their homeland, especially the Christmas stocking and observance of the feast day of St. Nicholas.

In the Southern colonies, the planters celebrated the Yuletide with feasting, singing, and dancing. On many plantations slaves were given a holiday as long as the great yule log burned.

The latter half of the eighteenth century saw a swing of attention to the realm of economics and politics and religious controversies became of less importance. The fact that English and Hessian troops celebrated Christmas during the Revolutionary War may have added a patriotic note to the denominational controversy.

General Washington crossed the Delaware River on the night of December 25, 1776, to surprise and defeat the Hessian troops stationed at Trenton, N. J. In the opinion of one writer, Washington's bold venture succeeded because the Hessians were enjoying their customary Christmas revels and failed to maintain the usual watch and patrols.

However, denominational opposition to the ecclesiastic observance of Christmas continued into the second half of the nineteenth century. An account in the New York Daily Times for December 26, 1855 read:

"The churches of the Presbyterians, Baptists, and Methodists were not open on Dec. 25 except where some Mission Schools had a celebration. They do not accept the day as a Holy One, but the Episcopalians, Catholics and German Churches were all open. Inside they were decked with evergreens."

In the twentieth century, all denominations have embraced Christmas widely both as a religious and as a social celebration. Today, men, women and children in every Christian land crowd into churches to give their thanks. More than one fourth of the world's population—about 800 million people profess some form of Christian faith.

The splendor and beauty of Christmas observances is very different from the humble stable in Bethlehem where Christ was born; but the message He brought to the world is the same—"Glory be to God in the Highest; and on earth peace, good will toward men."

Christmas Tree Buying Guide

As you buy your Christmas tree this year, you're likely to have a hard time choosing the right tree from all of the kinds available. The answers to commonly asked questions about Christmas trees should help you decide.

How much should I pay for a Christmas tree? For cut green trees on lots, the price range is from \$3 to \$7. The average tree will cost around \$3.50. Artificial trees range from \$8 for small aluminum trees to as much as \$80 for evergreen plastic and nylon bristle trees.

What should I look for when I buy a cut tree? Look for a well balanced and bushy tree with no broken branches. Avoid trees with poor "handles". Trunks are sometimes crooked, and first branches start so low there is no trunk to insert into the tree stand.

If you buy a cut tree, how can I be sure the needles won't fall off before Christmas? A Scotch pine tree will not lose its needles. Spruce do shed needles.

Scotch pines have needles which are 1 to 3 inches long and grow two in a cluster.

Spruce, the old traditional Christmas trees, have short needles, one in a cluster. The crushed needles of spruce give off an unpleasant odor.

Balsam Fir trees old needles have excellent fragrance. Trees are inclined to be sparse Boughs of Balsam Fir are very desirable for decorations.

If I buy a cut tree, how should I store it until Christmas? Store it out of doors or in a cool garage or basement, in a pair of water. Tarees flattened from storage will recover their shape. It's a good idea to rotate a tree occasionally if it's leaning against a wall.

Are there any "cut your own Christmas Tree" farms nearby? There is at least one farm in Wayne County, several in Oakland and Macomb counties. Contact your county agricultural agent for further information. Prices are about the same as for trees on lots.

What kind of artificial trees are available? Three main types of artificial trees are aluminum, vinyl plastic and nylon bristle. Some of these trees are flocked.

Artificial trees vary in price depending on height and bushiness. Some aluminum trees have pom-poms on the ends of branches. Vinyl trees are usually more expensive than aluminum, and trees with nylon bristles are most expensive. Most artificial trees can be disassembled for storage.

Drunk Drivers To Go to Jail

A straight jail sentence ranging from 10 to 90 days awaits any motorist found guilty of driving while drunk during the Christmas holiday season, it was announced this week by Traffic Court Judges George T. Murphy and John D. Watts.

Pointing out the rising trend of accidents in Detroit, Judge Murphy and Judge Watts urged every driver to exercise the greatest care and to obey all traffic laws during this holiday season, which is always the most dangerous period of the year for traffic deaths. They also drew attention to the increased drinking that the holiday season brings, which has tragically marred the happiness of the holidays for so many in the past.

"Accordingly, we are again defining our Traffic Court holiday policy," they said. "It is simply this:

"Persons convicted of drunken driving will be given straight jail sentences ranging from 10 to 90 days without the alternative of paying fines. (In addition, under State law, persons so convicted automatically lose their licenses to drive for 90 days.)

"In addition, motorists found guilty of reckless driving, who have been drinking, will be given stiffer sentences than usual," the policy said.

Supporting the policy educationally, the Traffic Safety Association has prepared 8,000 posters, containing the message, "Drunk Drivers Go to Jail," which are being distributed to bars, state liquor stores, SDDs and SDMS in the Detroit area. An additional 2,300 large posters with the same message are being erected on street-side standards in the Detroit area and throughout the state.

Yule Recording Aids TB Society

"An inspired triumph in music," is the way a brand new album of Christmas music is being described by the TB and Health Society, Wayne County's Christmas Seal organization.

And for good reason. The album, titled: "Christmas in Detroit" is dedicated to the Society which will use proceeds for medical research to help conquer tuberculosis and other respiratory diseases.

Hundreds of Detroit's talented voices are recorded in a musical first for the city as they join in the collection of traditional holiday songs and hymns.

The two sides of the high fidelity LP recording contain the golden voices of choral groups from Catholic Central High School, Ford Motor Co., The Detroit Edison Co., Duns Scotus College, The ACappels, University of Detroit, Lutheran Choralaires, General Motors Corp., Civic Center Chorus, St. Paul's Cathedral, Orpheus Club and Wayne State University.

The record, a collector's item available in limited numbers, may be obtained at the TB & Health Society, 153 E. Elizabeth, Detroit 1. Mail orders (\$3.75 plus 10 cents for handling) will be filled on a first come, first served basis.

Blue Devils Beat Monroe For Third Victory in Row

By Bill Hagman

Last Friday night at home the Grosse Pointe High School Blue Devils won their third straight game in as many starts by routing the Monroe Trojans 80-50. It was the first BCL contest for both teams.

Monroe grabbed an early lead in the first quarter but Vic Dhooge and Bob Hadley scored at will and the first quarter ended with Grosse Pointe holding a 17-11 advantage. The second period was the deciding one as the Devils outscored the Trojans 25-12 to take a halftime lead of 42-23. Hadley tossed in 16 points and Dhooge 13 to pace the Pointers in the first half.

Neighborhood Club Offers New Activities Next Year

The Neighborhood Club announces new activities which will begin the first week of January. Registrations are now being accepted for these classes.

Girls, ages five through 19, will have Baton Twirling Classes on Friday evenings from 6-7. Batons may be ordered from the instructor, Mrs. Lee Dust, and must be measured according to the individual. Measurements will be taken at the first class session on January 4. Class fee is 50 cents per lesson and the batons will cost \$4.

GPUS Knights Win Another

The Grosse Pointe University School Knights conquered both the elements and Emmanuel Christian High School of Pontiac on Friday, December 7, to pick up their second victory in three starts, 56-36. A heavy snow closed the Pontiac school during the day and kept the game in doubt until Friday afternoon. Nevertheless, a fine crowd turned out.

The Knights opened fast, scoring seven points before the Lancers could get a point. George Perrin, 6' 3" junior, dumped in six points in the early minutes. Pontiac came back to tie the score at the end of the first period, 9-9.

Commodore

CHARLES S. (TOMMY) TOMPKINS, 15985 Windmill Pointe drive, Saturday became the new Commodore of the Commodores Club.

Tompkins was Commodore of the Detroit Yacht Club in 1958. It was at that time he laid the groundwork with meetings and outings of the Commodores which developed into the Commodore Club. During a Commodore's year he attends many social activities of other Detroit River Yachting Association boat and yacht clubs. As a result he becomes well-acquainted with the other 16 Commodores who are invited to the same affairs.

All of the member DRYA clubs have Commodores who are members. There are 130 Commodores in all who belong. Only Commodores of DRYA clubs are eligible to belong to the Commodore Club.

Frank Martin, the retiring Commodore, for many years had the same idea as Tompkins about a club of Commodores. It was through the efforts of the two that the Club got started. Martin is Past Commodore of the Edison Boat Club, DRYA and ILYA.

Tompkins is owner and president of Tompkins Printing Equipment Co. and Tompkins Products, both located at 1040 W. Grand Boulevard.

Other officers elected at the annual meeting include: Vice-Commodore — William P. Connolly (Grosse Pointe Sail Club).

Rear-Commodore — Austin T. Bender (St. Clair Yacht Club). Secretary — Arthur Rautenberg (Crescent Sail Yacht Club).

Treasurer — Henry Schuck (Edison Boat Club). Directors, One-Year Term — William Benedict, (Ford Yacht); John MacFarlane, (Detroit Boat Club); Arthur Rautenberg, (Crescent Sail Yacht Club).

Two-Year Term — Henry Schuck, (Edison Boat Club); Harry MacFarlane, (Crescent Sail Yacht Club); Charles Russell Moore, (Toledo Yacht Club).

Sails and Skis

By Frank McBride

Those who braved the icy blasts of winter which whistled off the lake on Monday evening saw one of the finest films on boating ever produced, in the writers opinion. Mr. John Biddle presented his outstanding color documentary on the 1962 America's Cup Races at the Grosse Pointe Yacht Club.

Biddle's coverage of this historic event began in 1960 when he traveled to San Francisco for a view of some sailing on the Bay as well as a race between three of the larger racing yachts on the West Coast, Bolero, Barunna and Orient. From San Francisco he took us to Sydney, Australia, with some glimpses of native life enroute at such places as Tahiti. While in Sydney we saw VIM, which had been chartered to the challengers, working out under her Australian crew.

Alan Payne, designer of many of the world's finest yachts was shown as he worked in Australia and in the Stevens Institute test tanks in New York on drawings and models which were to become Greel. The sailing office at the Ford Auditorium under the auspices of the American Youth Hostel.

The coverage of the eliminations and the races held off Newport as well as some of the social life was extraordinary. To the yachtsman who was unable to be in the milling throng during the first race Biddle imparted some of the fantastic confusion that existed when 2,200 spectator boats churned the sea to unbelievable proportions.

Mr. Biddle will be back in Detroit on Wednesday, February 6, 1963. He will show this same movie at the Ford Auditorium under the auspices of the American Youth Hostel.

The Detroit River Yachting Association wound up activities for the season officially last Friday evening. Officers elected for the 1963 season are Commodore, Sidney J. Warner, D.Y.C.; Vice-Comm. Theodore Sedwick, D.B.C.; Rear Comm. William P. Connolly, G.P.S.C.

These officers were elected unanimously by the club delegates after Comm. Paul I. Moreland, G.P.Y.C. withdrew from the running for this year.

The 1962 winners of the D.R.Y.A. Perpetual Trophies were awarded the following. Commodore Paul Adams Trophy (Sears Quarter Finals) — Winner: Charles T. Ellery Jr., Skipper, Don Guilloz, Rick Grenzke.

Commodore Bruce Tappan Trophy (Jr. Boat Championship) — Winner: Spike Roston, Skipper, Joe Doll, Bill Ellery. Commodore Lynn Stedman Trophy (Jr. Girls Championship) — Winner: Sue L. Millies, Skipper, Barbara Rochford, Sally Glaesner, C.S.Y.C.

Hockey League Standings Shift

The Juvenile Division of the Grosse Pointe Hockey League played their third league game at the Gordie Howe IceLand on Saturday, December 8. As there was a change in the weather so were there changes in the league standings.

The Fitzsimons Manufacturing Company played host to the Black Hawks coached by Russ Little. Both clubs had lost their two previous games. The first period saw both club aggressive and out for their first notch in the win column. Fitzsimons broke into the scoring column early with a fine screen shot from Dave Schervish, co-captain of the Club. Minutes later Dan Dely hit the right upper corner of the net to end the first period. Fitzsimons 2, Blackhows 0.

The second period saw the same aggressive play with each club scoring a goal. In the third stanza, the Fitzsimons club was hampered by seven penalties and played a defensive game with the white jerseys of the Black Hawks Club throwing their all at the Fitzsimons net.

Tom Christas made 18 saves in the last period to hold the tie and give his team a 3-1 victory.

Merollis Chevrolet played host to a fine St. Clair Shores team. Both clubs met with spotless records, winning easily their previous two games. With their power-packed first line scoring three goals, Merollis came away the victor by the score of 4-2 to remain unbeaten, untied.

The third league game again found two unbeaten teams matched in the Marine City Raider and the Lakeview High School coached by Bill Medley. It was a contest worth watching as both clubs showed fine coaching and playmaking a credit to the sport. Lakeview remained unbeaten by taking a well deserved 4-2 victory.

In the second game the league-leading Stars downed the Bruins 3 to 2 as John O'Brien bounced in a third period goal from behind the net of an opponent. St. Paul Lakers Defeat Centerline St. Clement

By Tim O'Toole

St. Paul coasted to a 52-25 warm-up victory over Centerline St. Clement last Friday as they prepared for next week's encounter with archrival St. Thomas.

St. Clement could get only five points in the second and third quarters against a hustling Laker defense. Fourteen players saw action in the game for St. Paul and only in the final quarter were the reserves beaten. Along with this tight defense the Lakers coordinated a balanced scoring attack with three starters scoring in double figures. Bob Martin and Gary Chesquiere were the games high scorers with 13 points each. Jim Bigham contributed 12 points to the rout. Mike Garafalo led the losers' attack with 10 points.

The victory enabled the Grosse Pointe quintet to remain tied for first along with St. Thomas. The Bluetreaks easily won over a poor St. Catherine Squad 73-38.

The two teams will clash this Friday at Grosse Pointe High at 8:15 p.m. The game is rated a toss-up and both teams are expected to be in exceptional form.

Austin Friars Beat De La Salle

By Bob Moore

Austin Prep weathered a second-quarter rally by under-rated DeLaSalle and went on to take an 80-51 home victory last Friday on a balanced attack. The win, Austin's second without a loss, kept the Friars in first place, tied with Notre Dame, U-D, and Catholic Central.

The Friars ran off to a 25-14 lead at the end of the first quarter with a display of sharp-shooting from the floor—64 percent of their shots went through. But three regulars picked up fouls which meant they had to be used sparingly for the rest of the game.

Some of the momentum of the first quarter carried into the second period. Austin spurred to a 35-17 lead, but then ran out of gas. DeLaSalle outthrust, outshot, and out-rebounded the Friars for the rest of the half, cutting the

Guba for the winners. Paul Wilson then scored unassisted in the second frame for the Stars to set up O'Brien's winner. Net-minders Tad Turner for the Stars and Jim Carr of the Bruins played exceptionally well for rookies.

This Saturday's double bill pits the Bruins against the Wolves while the Wings will try to hold down the fast moving Stars.

DeLaSalle was led by center Dennis Swartzfagen, who tallied 22 points. Guard Paul Di-Launa, covered well by Hojnacki, scored 11 for the Pilots. Austin's balanced attack was sparked by Doug Winkworth, who scored 17 points. Rick Pine netted 14, Greg Hojnacki 13, and Tom Taras 12 for the Friars. Forward Sam McKnight, who had 9 points, was the Friars' leading rebounder. For the game, Austin hit a torrid 53 percent of their shots.

Tomorrow, Salesian's Knights will meet the Friars at Austin's gym. The Knights' lances have been blunted by 37 and 26 point losses to Catholic Central and Notre Dame.

University School Notes

Grosse Pointe University School won its fifth victory in six years last Saturday in the "Quiz 'Em on the Air" program sponsored by WWJ-TV. Kingswood School was the losing team, the score 500-350. Representatives from the University School were Albert Blixt, Marcia Braithman, John Buell, and Susan Lenz, with Leslie Rein as the alternate. Mrs. Peter Ashurkoff, a member of the University School faculty until last June, returned to coach the team for this event.

The Drama Department presented a special Fine Arts assembly last Wednesday. Called "Lady Catherine Calls," the one-act play was based on Jane Austen's "Pride and Prejudice." Footlight introductions were spoken by Lisa Shelden and Sally Duff. The cast was as follows: Mrs. Bennett—Toni Book, Kitty—Becky Chandler, Elizabeth—Kathleen McCarroll, Hill—Linda Wilson, Lady Catherine—Kathy Viger, Jane—Bonnie Klein. Stage crew was Holly Lomax and Ann Wattles.

Trucks Tangle In Parking Lot

City Patrolman Edmond Ben-thuys took a report of a minor accident in the City Parking Area off Fisher road on Tuesday, November 27, shortly after 4 p.m.

The report was given by Frank Roman David, 1968 Otis, Warren, Mich., a driver for United Parcel Service. David stated that he had pulled his delivery truck close to another parked truck in the area.

The second truck had cement forms protruding from its rear, and David's vehicle brushed against these forms.

Damage was minor. The cement truck suffered not at all, David's truck was merely scratched, and no tickets were issued.

We are a Franciscan Food Mack of Somerset

Lighting was under the direction of Ronnie Roberts, John Mabley, and Craig Jennings. Costumes were made by Mrs. Therese Fleming and Mrs. John Chandler. Background music was a flute solo by Hilda Jong-kind, with Mr. David Arner as accompanist. Mrs. Mary Granse directed the production.

In attendance at the Annual Freshman-Principal Conference in November at Ann Arbor were University School principals Wellington Grimes and Margaret Harvey. The purpose of the conference is to give the school principals an opportunity to talk with the freshmen from their school who are at the University of Michigan. Also the high school and university people discuss mutual problems largely in matters relating to college admission and to adjustment to college life on the part of the new students.

State Battling Japanese Beetle

The largest single aerial treatment program for Japanese beetle in the country was recently completed when four converted B-25 planes finished applying dieltrin pellets in Monroe and Lenawee counties. Total acres aerially treated was 80,135 1/2.

The program to check the invasion of the pest in Michigan was operated jointly by the Michigan Department of Agriculture and the Plant Pest Control division of the U.S.D.A. Costs of \$366,400 were borne by the two departments. The Michigan agency paid its share by taking fourth quarter funds of the Plant Industry division and money from other projects in the department. This was in the basis of an understanding that an \$163,200 supplemental appropriation to repay the Department will be sought by the appropriation committee when the legislature convenes in January.

The insecticide used in the program was applied at the rate of 20 pounds of dieltrin pellets per acre, the rate recommended by the U.S.D.A. Only two pounds of the 20 pounds is active ingredient. The dieltrin is expected to maintain its potency in the soil from three to five years. The substance destroys the larvae of the Japanese beetle, which spends 10 months in the earth before emerging as an adult beetle.

The Japanese beetle is one of the most serious pests. It feeds on more than 250 kinds of vegetation. Southeast Michigan becomes infested from adjoining Lucas county, Ohio, where there is no Federal-State treatment program as in Michigan.

In the Monroe-Lenawee project there were 800 tons of the insecticide applied. Additional spots are to be treated by equipment on the ground that were not economical to treat with planes. Ground work is expected to be finished within the next few days.

Club to Present Nativity Play

The Neighborhood Club will present its Annual Christmas Program on Friday, December 14, at 7:30 p. m. in the Club's gymnasium. Parents and friends are invited to attend the play entitled "Santa Takes a Vacation".

The recent tense world problems will dim as the children try to find a solution to the problems which arise when Jolly Santa Claus decides to take a holiday—the week before Christmas.

The boys and girls of the Dramatics, Tap, Gym, Playmates and Funsters Classes will take part in the presentation which promises to be fun for all.

Pair to Appear As Piano Due

A concert of two piano music will be presented by young Detroit artists, Marjorie Connell and James Tocco, on Saturday, December 15, at 8:15 p.m. at the Institute of Musical Art. Works of Brahms, Rachmaninoff, Poulenc, Knachaturian, Dello Joio, J. S. Bach, Stravinski, and Shostakovich will be performed.

James Tocco, at 18, has accumulated an outstanding record of achievements, scholarships, and awards. A graduate of Austin High School and honor student at Wayne State University, his recent appearance as soloist with the Grosse Pointe Symphony Orchestra earned him additional acclaim from his many local admirers.

Included in his already rich background of musical experiences are solo performances in concert, on stage, radio, and television, and with the South Oakland, Allen Park, and Scandinavian Symphonies. A former student of Mr. Boris Maximovich, he won the Grinnell Piano Award Auditions for 1962, the Madrigal Club of Greater Detroit scholarship, the Detroit Scandinavian Symphony Contest, and the Pro Mozart Society of Detroit Scholarship which made it possible for him to study in Salzburg, Austria, this past summer.

Miss Connell is a graduate of Dominican High School and of Wayne State University where she received a Master of Music Degree. She, too, has an impressive list of previous appearances to her credit, including solo performances with the Wayne State University, South Oakland, and Allen Park Symphonies. She also studied with Mr. Boris Maximovich until recently, and is at present pursuing advanced study in Ann Arbor. In 1959 she was chosen state winner of the National Federation of Music Clubs Piano Contest. She is a member of Sigma Alpha Iota, national music fraternity, a member of the Chamber Music Players of Grosse Pointe, and a former member of the staff of the Grosse Pointe Conservatory.

Although Miss Connell and Mr. Tocco have previously appeared as duo-pianists, Saturday's concert will serve as their formal debut. The public is cordially invited.

Claude Frank Symphony Star

Claude Frank, pianist, will be soloist with the Detroit Symphony Orchestra Thursday, December 20, at 8:30 p.m., in Ford Auditorium. Sixteen Ehrlich will conduct.

Frank, a Leventritt Award winner, will play Brahms' Concerto No. 2 in B flat major on a program which includes Glinka's Overture to "Russlan and Ludmilla" and Dvorak's Symphony No. 2 in D minor.

Menotti's beloved Christmas classic "Amahl and the Night Visitors" will be staged by the orchestra Saturday at 11 a.m. and again at 2 p.m. for the Young People's Concert series. Valter Poole will conduct.

Two talented 13-year olds will sing the role of Amahl, Forrest Munger at the morning performance and Jeffrey Meyer in the afternoon. They will be the only new members of the original television cast performing the work since 1951 which includes Rosemary Kuhlman, Andrew McKinley, David Aiken and Leon Lishner.

ORDINANCE NO. 1

AN ORDINANCE TO PROVIDE FOR ACQUIRING AND IMPROVING A DISPOSAL SITE FOR THE GROSSE-POINTES-CLINTON REFUSE DISPOSAL AUTHORITY OF THE COUNTIES OF WAYNE AND MACOMB, STATE OF MICHIGAN; TO PROVIDE FOR THE ISSUANCE AND SALE OF REVENUE BONDS TO DEFRAY THE COST THEREOF; TO PROVIDE FOR THE RETIREMENT AND SECURITY OF SAID BONDS; AND TO PROVIDE FOR OTHER MATTERS RELATIVE TO SAID DISPOSAL SITE.

WHEREAS, the Grosse Pointes - Clinton Refuse Disposal Authority, has been created pursuant to Act 179 of the Public Acts of Michigan, of 1947, as amended, for the purpose of disposing of rubbish or garbage or both, by the adoption by the municipalities hereinafter named of Articles of Incorporation, which Articles were published in The Detroit News on August 12, 1962, and one printed copy thereof certified as required by law filed in the office of the Secretary of State of the State of Michigan on August 16, 1962, and one printed copy certified as required by law filed in the office of the County Clerk of the County of Wayne on August 17, 1962, and further, one printed copy certified as required by law filed in the office of the County Clerk of the County of Macomb on August 21, 1962, which Articles of Incorporation were adopted by the City of Grosse Pointe Farms, the City of Grosse Pointe, the City of Grosse Pointe Park all in Wayne County, Michigan, and the Township of Clinton, in Macomb County, Michigan; and

WHEREAS, said cities of Grosse Pointe Farms, Grosse Pointe, and Grosse Pointe Park have entered into a contract with said Authority whereby said cities are to deliver to the Authority at the latter's disposal site or sites, the garbage and rubbish collected by them within the limits of their municipalities and the Authority has agreed to accept and dispose of the same; and

WHEREAS, said contract provides that said cities will pay to the Authority, on a monthly basis, all the costs and expenses of the Authority including an annual debt service charge in an amount not less than 12 1/2% of the interest and principal obligations of the Authority on a revenue bond issue in the sum of \$240,000, to the extent that such costs and expenses are not covered by other revenues of the Authority from mining and operation of the disposal site; and

WHEREAS, the Authority has agreed in said contract to use the funds raised by said revenue bond issues to purchase and improve the Hartman gravel pit property in Clinton Township as a disposal site; and

WHEREAS, it is provided in said contract that it will remain in full force and effect until September 1, 1963 unless said revenue bond issue is fully redeemed prior thereto and that the terms of said contract are not subject to modification or cancellation if the same would impair the obligation of any bond contract; and

WHEREAS, the Authority has exercised an option to purchase said Hartman property and it is necessary that the Authority issue said revenue bonds in order to complete the purchase and improvement of said property.

THEREFORE, the Grosse Pointes - Clinton Refuse Disposal Authority in the counties of Wayne and Macomb, State of Michigan, ordains:

Section 1. Whenever used in this ordinance or in the bonds to be issued hereunder, except when otherwise indicated by the context:

(a) The term "Authority" shall be construed to mean the said "Grosse Pointes - Clinton Refuse Disposal Authority." (c) The term "Municipality" shall be construed to mean either a city or a township, and the term "participating constituent municipalities" shall be construed to mean the Cities of Grosse Pointe Farms, Grosse Pointe, and Grosse Pointe Park.

(d) The term "chairman," "secretary" and "treasurer" shall be construed to mean the chairman, secretary and treasurer, respectively, of the Board of Directors of the Authority.

(e) The term "Disposal Service Contract" shall be construed to mean the agreement now in existence between the said participating constituent municipalities and the Author-

ity for disposal of rubbish and garbage.

(f) The term "Disposal site" shall include the Hartman gravel pit property and the disposal sites now operated by the Authority under a license, all in Clinton Township.

(g) The term "project" shall be construed to mean the Hartman gravel pit fill disposal site to be acquired and improved pursuant to this ordinance.

(h) The term "acquired" shall be construed to mean acquisition by purchase.

(i) The term "revenues" and "net revenues" shall be construed as defined in Section 3 of Act No. 94, Michigan Public Acts of 1933, as now amended.

Section 2. The Authority hereby determines it to be advisable and necessary to immediately complete the full purchase of the Hartman gravel pit property in Clinton Township and to improve it substantially in accordance with plans prepared by Murray Smith, the Manager of the Authority, and a registered professional engineer, which plans are now on file with the secretary and are hereby approved and adopted.

Section 3. The Authority does hereby adopt the said manager's estimate of twenty-five (25) years and upwards as the period of usefulness of said project and also the said manager's estimate of Two Hundred Forty thousand Dollars (\$240,000) as the cost of said project. Included in said cost is the cost of developing ten (10) acres as a public playground to serve as a buffer zone between the disposal site and residential areas.

Section 4. There are hereby authorized to be issued and sold pursuant to the provisions of Act No. 94 of the Michigan Public Acts of 1933, as amended, revenue bonds in the aggregate principal sum of Two Hundred Forty Thousand Dollars (\$240,000), for the purpose of paying the cost of the said project. Said bonds shall be known as "Disposal Site Bonds;" shall be dated as of April 1, 1963; shall be numbered consecutively in the direct order of their maturities from 1 to 240, both inclusive; shall be coupon bonds in the denomination of \$1,000 each; shall be registerable as to principal only, in the manner hereinafter set forth in the bond form; shall bear interest at a rate or rates to be hereafter determined not exceeding 4 1/2% per annum, payable on October 1, 1963, and thereafter semi-annually on the first days of April and October in each year; and shall mature:

On April first in each year as follows: \$10,000 in the years 1968 thru 1970, inclusive, and \$20,000 in the years 1971 thru 1976, inclusive, and \$170,000 in the years 1977 thru 1982, inclusive.

For purpose of refunding or payment in full, all outstanding bonds may be called for payment as a whole on any interest payment date on or after April 1, 1965. If bonds are not called as a whole, outstanding bonds maturing on or after April 1, 1974 may be called in inverse numerical order on or after April 1, 1973 on any interest payment date. Each bond called to be redeemed shall be redeemed at the par value thereof and accrued interest, plus a premium in accordance with the following schedule, to-wit:

\$50.00 per bond if called prior to April 1, 1973;

\$40.00 per bond if called on or after April 1, 1973, but prior to April 1, 1975;

\$30.00 per bond if called on or after April 1, 1975, but prior to April 1, 1977;

\$20.00 per bond if called on or after April 1, 1977, but prior to April 1, 1979;

\$10.00 per bond if called on or after April 1, 1979, but prior to April 1, 1980.

No premiums after April 1, 1980.

Notice of redemption shall be given to the holders of the bonds to be redeemed by publication of such notice not less than thirty (30) days prior to the date fixed for redemption at least once in a newspaper or publication circulated in the City of Detroit, Michigan, which carries as a part of its regular service, notices of the sale of municipal bonds; provided that where any bond shall be registered, then notice

of the redemption thereof shall be given by registered mail addressed to the registered holder thereof at the address shown on the secretary's bond registration books, which notice shall be mailed within the State of Michigan, not less than thirty (30) days prior to the date fixed for redemption. Bonds so called for redemption shall not bear interest after the date fixed for redemption, provided funds are on hand with the paying agent to redeem the same.

The said Authority hereby covenants and agrees that at all times while any of the bonds of this issue shall be outstanding, it will maintain such rates for service furnished by said disposal site as shall be sufficient to provide for the payment of the expenses of administration and operation of said plant and such expenses for the maintenance thereof as may be necessary to preserve the same in good repair and working order; to provide for the payment of the interest upon and the principal of all bonds payable therefrom, as and when the same become due and payable, and for the creation of a reserve in the bond and interest redemption fund as required in said ordinance; and to provide for such other expenditures and funds for said site as are required by said ordinance. Rates shall be fixed and revised from time to time by the Board of Directors of said Authority so as to produce the foregoing amounts.

This bond may be registered as to principal only in the name of the holder on the books of the secretary of said Authority, and such registration noted on the back hereof by said secretary, and thereafter no transfer shall be valid unless made upon the said books and likewise noted on the back hereof. Transferability by delivery may be restored by registration to the bearer. Negotiability shall not be affected by registration.

It is hereby certified, recited, and declared that all acts, conditions and things required to exist, happen and be performed,

provided, that except in case of refunding, no bonds of any issue less than all the outstanding bonds of said issue, shall be called for redemption unless the Authority shall have on hand in said fund sufficient moneys herefor not otherwise appropriated or pledged, in excess of the amount of interest and principal maturing on all issues of bonds then payable from the revenues of the system within the next eighteen (18) months from the redemption date, and for the purpose of determining the amount on hand, moneys in the reserve shall not be considered as appropriated or pledged. In any case where moneys are available for the redemption of bonds, such moneys may be used instead to purchase bonds on the open market at the best price or prices obtainable, but not in excess of the then redemption price. When the principal amount owing upon any bonds shall be reduced to the amount of the principal of such bonds shall be paid from such reserve. In respect to the allocation and use of moneys in said Bond and Interest Redemption Fund, due recognition shall be given as to priority rights, if any, between different issues or series of outstanding bonds.

3. If at the end of any fiscal year of the Authority there shall be a surplus in the said receiving fund, after the satisfaction of requirements set forth in paragraphs one and two above, such funds shall first be used to reimburse the participating constituent municipalities for payments made by them during said fiscal year in excess of the minimum provided for in the Disposal Service Contract. Thereafter, the Board of Directors may at their discretion determine to leave all of or any part of such surplus in the receiving fund to be used to meet future requirements under subparagraphs one and two above, or may determine to use such surplus funds for the redemption of the bonds herein authorized or for capital improvements necessary to the proper operation of the disposal site.

Section 15. In the event that moneys in the Receiving Fund are insufficient to provide for the current requirements of the Operation and Maintenance Fund or the Bond and Interest Redemption Fund, any moneys and/or securities in other funds of the system shall be transferred, first, to the Operation and Maintenance Fund, and second, to the Bond and Interest Redemption Fund, to the extent of any deficits therein.

Section 16. All moneys in the several funds of the system except those in the Bond and Interest Redemption Fund, shall be deposited with the Manufacturers National Bank of Detroit (Clinton Branch) Bank in the Township of Clinton, Michigan. All moneys from time to time in the Bond and Interest Redemption Fund including reserve moneys, shall be kept on hand with the bank or trust company at which the principal and interest on the herein authorized bonds are currently payable. The moneys in the Receiving Fund, in the Operation and Maintenance Fund and in the Bond and Interest Redemption Fund, shall each be kept in a separate depository account. Moneys in the Bond and Interest Redemption Fund, over and above those being accumulated for the payment of the next maturing principal and interest, and moneys in any other fund except the Receiving Fund, the Operation and Maintenance Fund, may be invested in United States Government obligations. In the event of any such investment, the securities representing the same shall be kept on deposit with the bank

or trust company having the deposit of the fund from which such purchase was made and the income therefrom shall become a part of such fund.

Section 17. The Authority hereby covenants and agrees with the holder or holders, from time to time, of the bonds herein proposed to be issued, that it will punctually perform all duties with reference to the Disposal site and said bonds required by the constitution and laws of the State of Michigan and by this ordinance; that it will complete the project hereinafter referred to, and will have the same in operation on or before the first day of April, 1963; that it will not sell, lease, mortgage or in any manner dispose of the Hartman gravel pit property or any substantial part thereof, until all bonds payable from the revenues thereof shall have been paid in full, except that the Authority may sell or give to the Township of Clinton any part of said property if such sale or gift will not interfere with the operation of the Disposal site and will not reduce the property below 63 acres in area; and that it will not permit any person, firm or corporation to compete with it in the furnishing of garbage and rubbish disposal services. Said Authority further covenants and agrees with the holders of said bonds that it will maintain said Disposal site in good condition and operate the same in an efficient manner and at a reasonable cost, so long as any of said bonds are outstanding; that it will maintain insurance on the Disposal site for the benefit of the holders of said bonds in an amount which usually would be carried by private companies engaged in a similar type of business; that it will prepare, keep and file such records, statements and accounts as may be required by Act No. 94, Michigan Public Acts of 1933, as now or hereafter amended; that it will promptly file with the original purchasers of said bonds a copy of each annual statement which it is required to file with the Municipal Finance Commission and will also file with annual purchasers a copy of the Annual Audit of the system certified to by a Certified Public Accountant, within ninety (90) days after the close of each fiscal year; and that it will furnish a copy of the foregoing statement and audit to any bondholder upon request.

Section 18. While any of the bonds herein authorized to be issued shall be outstanding, no additional bonds payable from the revenues of the system shall be issued which shall have a prior or equal standing therewith.

Section 19. The bonds and attached coupons herein authorized to be issued, shall be substantially in the following form, to-wit:

movement" of Cuban military personnel from Russia in recent weeks. The remaining troops, however, are "well armed" and appear to be organized in "combat units," Rusk declared, adding that the U. S. Government has not as yet determined whether they were assigned to Cuba originally for missile site defense "or for some other purpose." The situation is being "watched very carefully."

The Secretary of State indicated that United States-Soviet negotiators in New York are about to take up the question of Soviet military personnel in Cuba, but added that "this is not necessarily the end of the story on that particular point." "The other members of this hemisphere have long since decided among themselves that a Marxist-Leninist government in this hemisphere is incompatible with the commitments of the hemisphere," he declared. Outlook for an on-site inspection agreement is still dim, according to Rusk, and this lessens the chances for "a formal conclusion to the Cuban question," but the United States may still decide to make a formal statement in the United Nations Security Council on the crisis' conclusion.

From the thick, creamy pages of the December, 1911 issues of the Detroit Saturday Night, the echoes of revelry of Christmas holidays past can be recaptured.

The Pontchartrain Hotel was the scene of the most elegant December parties and in this fabulous old hotel where so much automobile history was made, the first assembly of the December season was a highlight.

Southern smilax and American Beauty roses banked the grand ballroom of the Woodward avenue hotel. A full orchestra of 24 pieces played for dancing and supper was served at small tables centered with pink begonias.

In the receiving line were Mrs. John Thornton Brodhead, in jetted lace over white satin; Mrs. Charles L. Palms, in gold spangled net over buttercup satin; Mrs. Frederick T. Moran, in king blue sapphire, the tunic effect embroidered with crystals, and Mrs. Henry F. LeHunte Lyster in black satin embroidered with jet.

Jacqueline Stephens, Jessie Miller and Mary Hamilton were among the debutantes of the season. Miss Stephens' cousin, Marjorie, shared honors with her at a huge ball at the Pontchartrain which was decorated with hanging vines, red roses, large French baskets, bay trees and box trees and palms which concealed "flirtation nooks." Mrs. Henry Stephens received in a white crepe gown and Jacqueline wore white satin trimmed with crystal fringe. Her Grecian coiffure was banded in brilliants and she carried Killary roses.

Marjorie, who was to marry James Frazier Whitehead just a week later, wore a white satin and coral chiffon gown for her debut.

Flowers from the lavish balls at the Pontchartrain were delivered to St. Luke's Hospital or the Thompson Home by Mrs. W. A. McGraw and her Flower Guild after the party. The Saturday Night Press applauds this practice "some to go down to the slums even, with an uplift in every perfumed petal, for the sodden soul."

For Christmas shoppers there was a variety of luxury gifts advertised in the 1911 issues. A Cadillac limousine was priced at a modest \$3250 and included electric lights, inside and out; electric starting device and flexible yielding springs covered with rich upholstery.

One of the new talking machines, (phonographs), could be purchased for \$59 or \$5 a month. A travel agency offered a cruise to New Orleans for 12 days at \$70, or a grand cruise to the Orient for 78 days for \$325. Business suits, and very handsome ones for the executive, were priced at \$35 and milady's corsets, intricate affairs of whalebone and lacings, cost \$3.50.

Mrs. Fiske, that perennial toast of the theater was appearing at the Detroit Opera House, but the big matinee hit of the season was "Spring Maid" at the Garrick, for which Mrs. Charles P. Larned gave a luncheon party and escorted 80 guests to the performance. Readers of the paper were following eagerly a serial story written by C. B. Lewis of his Civil War experiences with the Confederate raider, John S. Mosby, who had captured Gov. Hazen Pingree, then a Union soldier. Mosby, since rehabilitated and a strong supporter of the Republican party, had just returned from a post as consul in Hong Kong.

The Saturday Night, which was printed into the early thirties, fell before depression costs, but in its day it was the arbiter of society and business in Detroit's much smaller world before World War I and the roaring twenties.

There is no end to the ingenuity of housewives bent on achieving something different in decor. Last week Mrs. Robert Koebel spent the afternoon frying marbles. She collected quite a few of her son, Rob's choicest specimens, and ruined one pan. But she claims it was well worth it. The outside of the aggie remains firm but the inners burst into beautiful design. Then the marbles are strung together to make a bracelet or necklace.

A postman on the Ridge road-Vendome circuit has injected some wry humor into the spirit of the season. Delivering a parcel of records to a householder last week he announced: "Here is some more of your rock and roll," in spite of the fact that the record package was plainly printed with "Works of Inspiration and Faith."

One of the joys of Christmas for Mrs. Marvin G. Pettit will be the celebration of the holiday in her childhood home. The Pettits have just returned to the Pointe and the house which sits in a half an acre of ground on the corner of Cadieux road and Village lane. Mrs. Pettit's father, Harry P. Breitenbach, built the house about 50 years ago. Both Mrs. P. and her husband are social workers and he is directing the newly located St. Peter's Home for Boys.

With no blackboard behind them teachers seem to lose their identity. Ann Harrison, GPHS senior, was the only one of a group of students to recognize her English teacher, John Fox, as one of the guards in a recent performance of "Rigoletto" at the Masonic Temple. Mr. Fox had arrived to substitute as an usher for this one evening but was recruited at the last minute for the cast, saw the opera from behind the scenes.

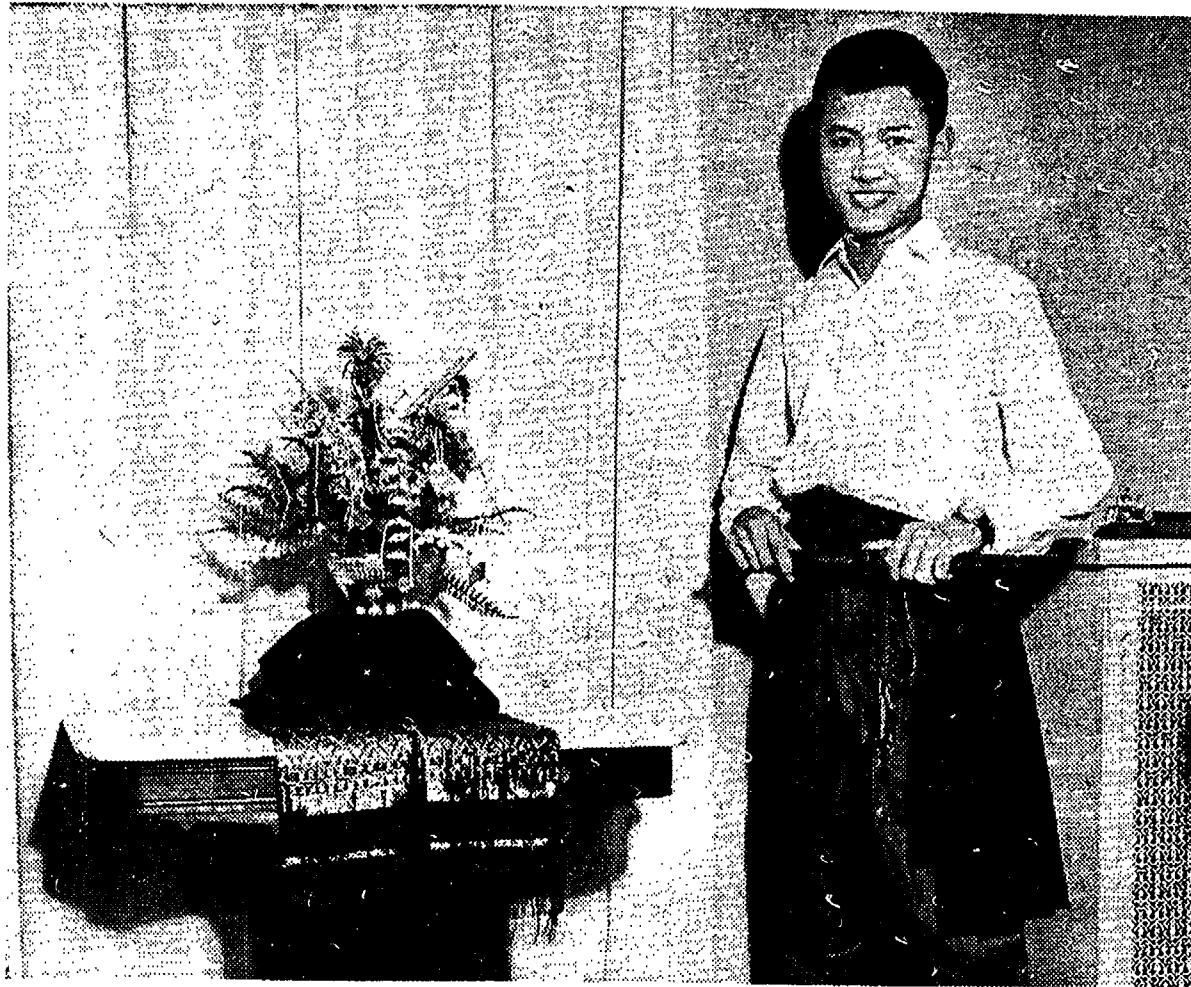

Mrs. Gari W. Kersten, of McKinley avenue, is so thrilled with her identical twin daughters, Kimberly Ann and Karen Marie, born October 7 she wants to share this special brand of parenthood with other mothers of twins. Mrs. K. is thinking about forming a Mothers of Twins Club for the Pointe area. There is already a similar organization in Dearborn. Mothers of twins may contact Mrs. Kersten at 885-7106.

PILFERINGS

A fight broadcaster trying to interest women in boxing, wanted to make the girls feel that this was their sport too; so he started off with these immortal words: "Hi there fight fans and fannies."

While the art class was setting up the Christmas scene on the school lawn, one of the boys asked uncertainly, "Where shall I put the three wise guys?"

PHOUANG (JIM) SANANIKONE, of Lincoln road, and Vientiane Laos

Photo by Eddie McGrath, Jr.

By Patricia Talbot

When Laotian teen ager Phouang Sananikone was accepted as an American Field Service foreign exchange student at the Grosse Pointe High School he decided that he would help his new friends to get acquainted by adopting the American nick-name, "Jim."

Jim knew quite a bit about the United States before he arrived in California last August. His sister, Phet, was an exchange student in Minneapolis, last year. He met her on route home to Vientiane, Laos, in Manila this summer for a reunion. Jim has four sisters and three brothers at home in Laos where his father owns a cigarette factory and a transportation company.

When he finishes his year here he hopes to return to Laos for a brief visit and then return to an American university, or if this is impossible he will try Japan, Australia or England. He was educated in a Chinese school in Laos and speaks that language as well as his native tongue and English. His proficiency in our tongue was gained in Hong Kong where he studied English after graduating from school in Vientiane.

Laos Politics

Laos, a land-locked country smaller than our state of Oregon, once part of French-Indo China, is bordered by Thailand and troubled Vietnam. Jim doesn't believe most of his countrymen are worried about the Communist threat or concerned about American interference in their internal affairs. Laos is now a constitutional monarchy with a coalition government of right wing, Com-

munist and neutral groups headed by a neutral prime minister who tries to get along with both east and west.

11 Days by Air

Young students like Jim turn to America for the new education, although for many years students have finished in France. French is still the language of the Laotian state schools. Jim was quite Americanized before his arrival in California last summer after an 11-day trip by air when he stopped in Saigon, Manila, Wake, Guam, and Hawaii before reporting to the University of California for an AFS orientation course.

The AFS called Jim home from Hong Kong for an interview and to act as an interpreter for other Laotian students seeking exchange posts. The language of Laos is similar to Siamese and Jim says not quite as difficult as Chinese. So successful was he as an interpreter he was urged to try for an AFS year himself and was assigned to Grosse Pointe.

He Is a Buddhist

A Buddhist, this will be Jim's first experience with a Christmas holiday which he will celebrate with his host family, Mr. and Mrs. E. L. Collins, of Lincoln road, their son, David, a GPHS junior, and daughter, Katie, a Western Michigan University student. He recalls the Laotian New Year's celebration which occurs in April and includes observation of Buddhist religious festivals. On this day all the Laotian young people in their national dress, the boys in colorful baggy trousers with sashes, the girls in lovely silk saris, spend the holiday sprinkling first the Buddhist shrines and then each other with water.

"The Country of a Million Elephants," as Laos has been called is slowly being modernized. Only about 1,000 elephants are left in the country to do tractor work in the teak forests. Jim's own family has a German Volkswagen and an English Morris as well as a few Dutch trucks. But he prefers

his motorcycle and misses this sport in America, where by AFS rules, he is not allowed to drive a car. He isn't as anxious to return to the Laotian staple diet of rice and fish, has developed a real fondness for potato chips. But he believes his national sport, soccer, has more appeal than American football. Although there is no television in Laos he has seen many programs in Hong Kong and is not too fond of it, prefers American films. His family lives near the Mekong River outside the capital and Jim enjoys canoeing and water sports.

Chinese Dictionary Helps

At the Collinses he spends a great deal of time studying, as English still presents some difficulties. He carries around with him always a Chinese-American dictionary to help solve language barriers. He is studying American literature, history, economics, speech and typing. When he finishes his university education he hopes to serve in his country's foreign service.

Jim likes American girls, is constantly surprised by their ebullience in contrast to Laotian girls who are "gentle, shy and speak softly." Such a teen age fad as the "hag dance" would shock most Laotians who are still quite formal in their social life and depend more on their parents.

A good ambassador for his country, Jim is well liked by GPHS classmates observing them with Laotian calm and commenting with a delightful sense of humor on his own mistakes. At times homesick and concerned about his country's fate in strife-torn Indo-China, he is still able to learn from his AFS opportunity and will carry back to Laos new impressions of a United States which Laotians have sometimes failed to appreciate as Jim now does.

Home is not home to many people lose sight of things that station.

Maire School Having Party

"There is only one good, that is knowledge; there is only one evil, that is ignorance," say the sixth graders at Maire School. They know, of course, that they are quoting Socrates, a famous Greek. This is all in preparation for the Christmas party at Maire School which this year will have a Greek motif.

Aristotle, Plato, Menelaus, Socrates, Paris, Diomedes, Nestor, Odysseus, Achilles and Agamemnon are depicted in foil relief on the bulletin board. These foil pictures will later be gifts for the sixth grade mothers.

Refreshments will be Greek cookies and Greek honey walnut cake.

Assisting the sixth grade teacher, Mrs. Leone Bennett, will be Mrs. Nicholas Cardaris, Mrs. Charles Kanney, Mrs. Edward Fine, Mrs. John Gajewski, Mrs. William Hoffman, and room mothers Mrs. Max Gardner and Mrs. Springer.
