HEADLINES

of the WEEK

As Compiled by the Grosse Pointe News

Thursday, January 24

A RECORD TEMPERATURE of -12 degrees sent Detroiters shivering to their beds last night. It was the coldest January 23 ever registered in the motor city, almost a full six degrees colder than the previous low of -6.3 degrees on January 23, 1930, and temperatures in the suburbs fell even lower, some reaching -15 degrees. The mercury fell five degrees in one hour, dipped to -12 shortly before midnight, then began a slow rise early this morning.

In Grand Rapids, where the previous record for snowfall during the entire month of January has already been surpassed, blizzard warnings are out, and winds up to 35 miles an hour are expected to whip the area's snow into high drifts, blocking roads and stranding drivers. So much snow fell in the Holland area yesterday that road-clearing crews were forced to abandon their plows, bogged down on-the-job, and State Police report some 30 cars marooned on a 17-mile stretch of US-31 south of Holland and a 20-mile stretch of highway M-40 in Allegan County. Both roads were closed to traffic, and Holland's National Guard Armory was pressed into service as an overnight shelter for trapped motorists.

Arctic air blanketed most of the Midwest and sent frigid fingers far into the South. Sub-zero temperatures in St. Louis, where the Mississippi River is frozen over for miles, cracked a suburban water main, hundreds of stores and schools closed in Ohio and Illinois, and workers in a Dallas, Tex., Ford plant walked off the job because the plant was "too cold."

PRESIDENT Kennedy asked for closer cooperation among members of the Atlantic community yesterday, then blasted French President Charles de Gaulle's "peculiar logic" in blocking Britain's admission to the European Common Market and rejecting appeals that France join other nations of Western Europe in a cooperative Allied nuclear striking force. Mr. Kennedy began his Washington news conference with a prepared statement specifically designed to counteract current tensions within NATO. He tried at first to avoid placing the blame and to omit de Gaulle's name entirely from the NATO problem discussion.

A final question aimed at discovering the Administration's views on France's contention that the recent Cuban crisis showed Western Europe it cannot rely on the United States always to rally to Europe's defense brought a strong Presidential reply, however. "This is a peculiar logic," Mr. Kennedy stated. "If we had not acted in Cuba, that would have proved we would defend Europe? I don't think it would... Now, there may be reasons for a country to wish a nuclear force of its own, and France has put forward its reasons. But in my judgement, it is inaccurate and not really in the Alliance interest to justify itself on the grounds that the United States would fail to defend Europe by whatever means are necessary... I have never had the slightest doubt that General de Gaulle would respond to the needs of the Alliance. He responded when we were in difficulty in Cuba. I would hope that our confidence in him would be matched by his confidence in us."

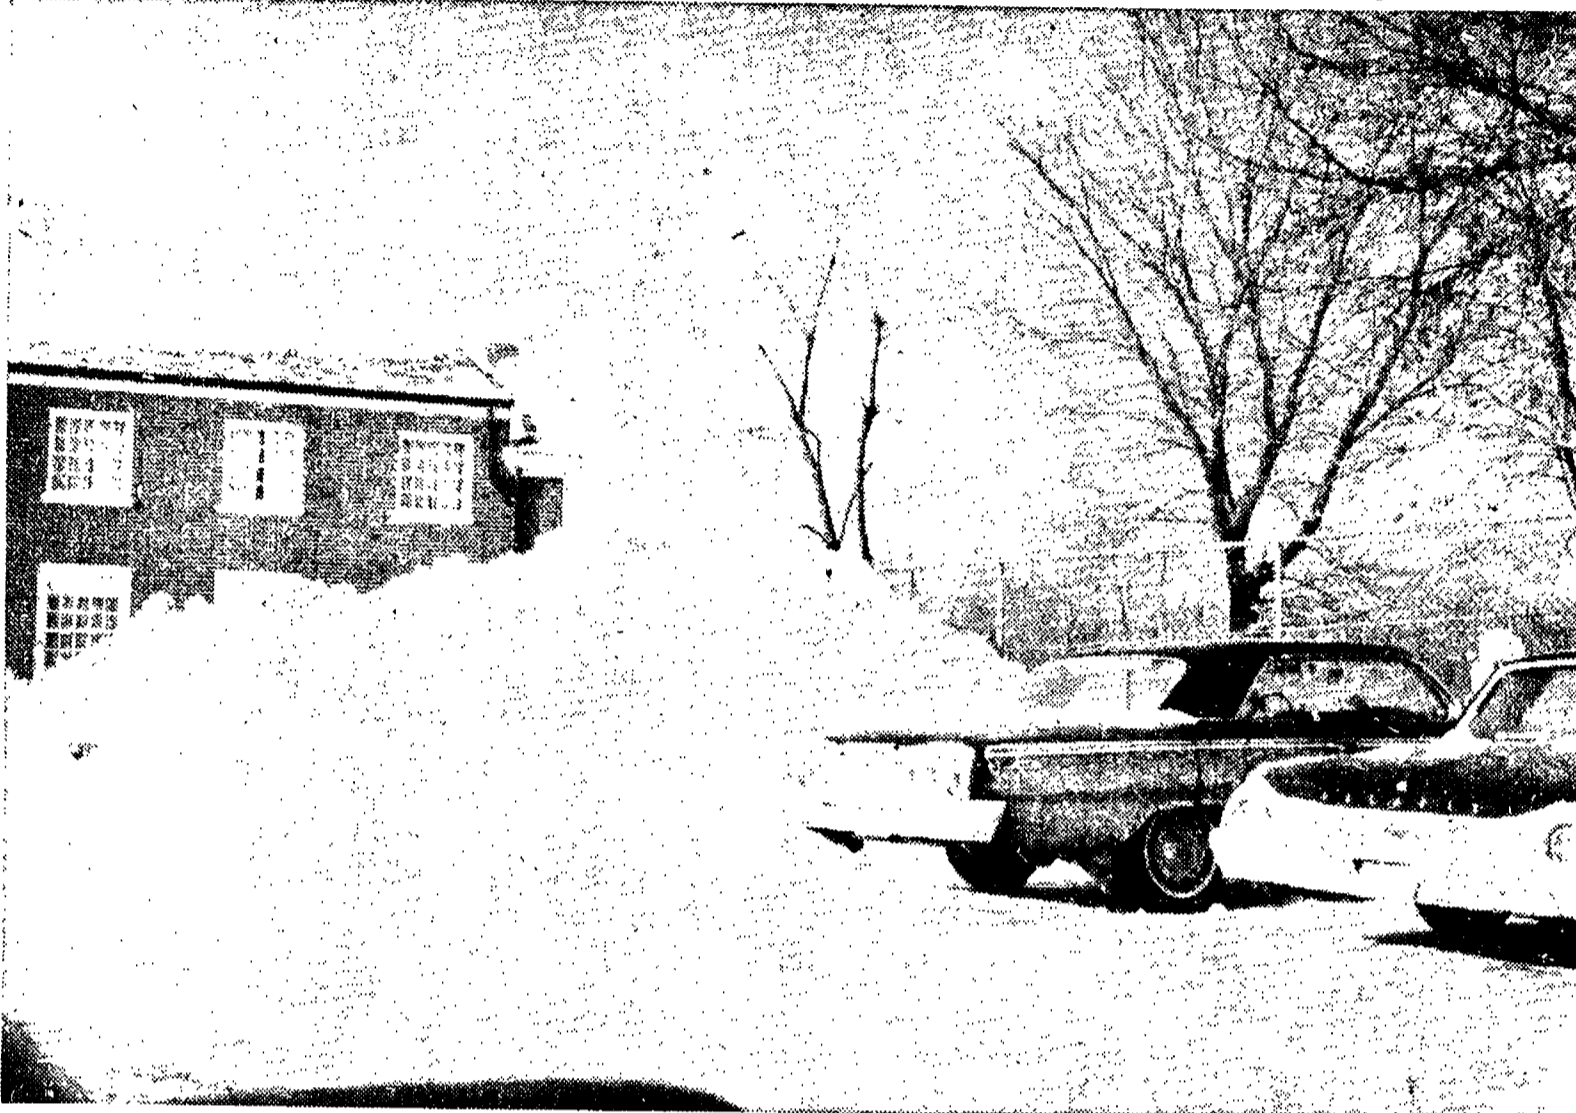

Senate Foreign Relations Committee chairman J. W. Fulbright (D., Ark.) evinced none of Kennedy's reluctance to mention the French President by name. Fulbright, in a Senate speech, referred to de Gaulle's "imperious disruption" of negotiations on Britain's entry into the Common Market.

Heap Big Snows Keep Clearance Crews Busy

The abnormal snowfall this winter has taxed the manpower and removal facilities of the Pointe, but they have done an excellent job. This pile in a corner of the Farms municipal parking lot next to St. James Church, isn't an accumulation of the season, but just

a small part of the most recent downfall. After the lot is plowed and the snow pushed into many heaps like this, the big tractors and trucks go to work and haul it away as fast as possible.

Woods Drain Tax Reduced By 1.6 Mills

Reduction Brought About Through Overpayment of Interest on Bonds; Now Is 4 Mills

The Woods council recently reduced the Grosse-Pointe Drain by 1.6 mills per \$100 assessed valuation for each property owner, according to a quarterly report sent to Woods citizens by the city administration.

The council approved a \$90,000 reduction in the tax, primarily because of interest paid to Wayne County over the actual required interest for the Drain Bonds during the years

Woman Injured Fighting Blaze

Mrs. Clarence Ratcliffe, 858 Neff, called City firefighters late Thursday afternoon, January 24, after trying unsuccessfully to put out a blaze in the attic of her home.

Both fire trucks and Patrolmen Duncan MacEachern and George Brackx responded at 4:47 p.m., discovered burning wires in the wall, and extinguished the flames with water.

The fire was under control in less than 10 minutes. Firemen removed fuses from an Edison box, warning Mrs. Ratcliffe not to replace them unless she first had the wiring checked. Police then took the woman to Bon Secours Hospital, where she was treated for burns on her hands and released early in the evening.

Improvements to Marina Approved by Park Council

The Park council on Monday, January 28, authorized improvements to the Waterfront Park Marina, to cost an estimated \$3,968.

Recommendations for the improvements were made by City Manager Robert Slone, who pointed out that since January 1, 1958, the city collected revenues of \$41,614, and expended \$44,053.53 in developing the marina.

He said that in February 1958, 36 old wooden boat weels at the rear of the recreation building in the park were rebuilt. In 1960, 85 steel and concrete boat weels were constructed in the new harbor area. Expenditures exceeded the revenue, it was pointed out.

The council accepted the fol-

Nightmare Weather Gets Blamed for Rash of Auto Accidents, Mostly Minor

Even Police Scout Car Gets Involved in Mishap; Several Victims Taken to Hospital With One Requiring Surgery For Multiple Cuts

Snowy streets and freezing temperatures have combined to make this latter part of January a driver's nightmare, and the expected epidemic of traffic accidents, ranging from very minor to serious, kept City Police more than usually busy last week.

A "Keystone Cup" episode, involving a scout car and a private automobile, triggered the current outbreak. Robert S. Peebles, 782 Westchester, driving north on Rivard at 8:52 a.m. Tuesday morning, January 22, stopped at the Kercheval intersection, then started up, failing to see a scout car headed west on Kercheval.

Peebles stated that the scout car, being white, blended with the snow. The vehicles collided, and Peebles was issued a ticket for reckless driving — causing an accident. Damage was minor, and there were no injuries.

One Driver Hospitalized
One of the drivers involved in a two-car collision at the Charlevoix-Neff intersection later in the day was not so lucky, however. City Police took Evelyn L. Leidick, 1409 Harvard, to Bon Secours Hospital after her car collided with another driven by Betty Jean Marshall, 359 Kerby.

Both automobiles sustained considerable damage and had to be towed away. Evelyn Leidick, admitted to Bon Secours, was treated for various injuries and released Friday morning, January 25.

Three accidents were reported on Wednesday, January 23. Mrs. Rose Place telephoned from the Neighborhood Club at 5 p.m. to report that a child

Lowing recommendations for 1963 made by the city manager.

1. Construction of seven dividing piles in wells 71 through 84 were larger boats are moored. Boat owners have difficulty in getting into the wells because of no separation between boats. Estimated cost, \$600.

2. Platforms be extended from six feet to 21 feet to provide a more adequate well. Cost estimated at \$2,268.

3. Replace six wood piles on the old wooden boatwell dock. Estimated cost, \$350.

had just been struck by a car. The youngster, nine-year-old Richmond Ogilvy, 1036 Harvard, darting from north to south across Waterloo near the Neighborhood Club tennis courts, was hit by an automobile driven by George C. Marenz, 333 Lothrop. A witness absolved Marenz from any blame.

Checked at Hospital
City Police took the boy to Bon Secours for a checkup. He had no serious injuries.

A few minutes after the Neighborhood Club call, police were ordered to the scene of a car-truck collision at Neff and Mack. Both motorists involved, William John Rogers, 1915 Lennox, driving a wrecker owned by Moses Joseph Service Station, Kercheval and Lakepointe, and Clarence Eisman, 1121 Whittier, at the wheel of his own automobile, were issued violation tickets for court appearances.

The truck, headed east on Mack, struck Eisman's vehicle as it moved north across Mack from Neff. There were no injuries, and both vehicles were driven from the scene.

Both drivers involved in a collision at 995 Fisher road two hours later were also ticketed to appear in court February 19. Henry D. Eckhout, 26240 Ronald, Roseville, had just backed his automobile out of a driveway and was beginning to move forward, headed north on Fisher, when his vehicle was struck in its left rear by an automobile driven by Edmund A. Baier, 308 Fisher.

Baier had also been headed north on Fisher. Again, there were no injuries, and damage was minor.

Most Serious One

The most serious accident occurred Thursday afternoon, January 24, when Elaine C. Roy, 945 Crescent lane, somehow lost control of her car and slammed into a tree between 882-886 Rivard.

When police, responding to a telephoned summons, arrived on the scene, they found the car considerably damaged and its driver suffering from multiple lacerations on her face and body.

Elaine Roy was rushed to

Cold Spell Sets Record For Pointe

Weather Station at Farms Recorded 16 Below Zero in Early Hours of January 24

The Pointe had its coldest weather, 16 below zero, between 3 a.m. and 4 a.m., Thursday, January 24, the lowest on record since the Farms become an official United States Weather Recording Agency, it was disclosed by Douglas Feben, chief chemist at the Farms Water Pumping Station, Chalfonte and Kerby.

It is possible that the temperature went lower than that in past years, but as far as the Farms is concerned, there were no official records until it became a temperature recording agency in January 1950, when it was designated as such by the U.S. Department of Commerce.

Also at the pumping station, since 1945, the Farms maintains a rainfall recording gauge, under auspices of the Federal Government. All temperature and rainfall records eventually are dispatched to the United States Weather Records Center in Asheville, N. C.

Feben disclosed that the 16 below zero Thursday morning, topped the between 12 and 13 degrees below recorded in Detroit for that morning.

The lowest sub-zero recorded in the Pointe since the Farms began keeping official records, before the latest cold wave, was on February 17, 1958, when the temperature dropped to 7 below.

Complete Listing
According to records, Feben said, the Pointe has experienced other below zero weather, since 1950. The following is a complete listing as shown in the files:

January 17, 1957—3 degrees below zero; February 25, 1959—2 below; December 23, 1960—4 below; December 23, 1960—2 below; January 25, 1961—1 below; February 2, 1961—6 below; January 10, 1962—5 below; February 2, 1962—4 below; and January 24, 1963—16 below.

Michigan's lowest official temperature Thursday was 17 below in Jackson.

CASH MISSING
A wallet lost, or stolen in the Esquire Theater on January 20, was returned to the owner, Jack Genovesi of 22227 Country Club drive, it was disclosed on Thursday, January 24, by Park Police Chief Arthur Louwers. The wallet was found by theater personnel and turned over to police, sans the \$22 that Genovesi said was in it.

Lecture at Center To Be Delivered By Henry Ford II

Fifth Speaker in Popular Series to Talk on Private Individual's Relationship to "The Community, The Corporation and the National Purpose"

Henry Ford II, Chairman of the Board, Ford Motor Company, will discuss "The Responsibility of the Individual Citizen" next Tuesday evening, February 5, at 8:15 p.m., in the Grosse Pointe War Memorial's new William Hayes Fries Auditorium.

Ford's lecture, fifth in the War Memorial's outstandingly successful Inaugural Series, will concentrate on the private individual's relationship to "The Community, The Corporation and The National Purpose."

Member of one of American industry's most prominent families, Mr. Ford became Ford Motor Company's fourth president since its founding in 1903. He is a director of General Foods Corporation and Federal Street Fund, Inc., a trustee of the Ford Foundation, and a member of the President's Advisory Committee on Labor-Management Policy and the Business Council.

Pointer of Week
A Grosse Pointe resident for many years, Mr. Ford is profiled in detail on the NEWS Feature Page this week, as "Pointer of Interest."

The 450-seat Fries Auditorium has been filled to capacity for each of the four preceding lectures. Tickets for the series were sold out a week in advance of the Rt. Rev. Richard S. Emrich's opening talk on January 8.

Bishop Emrich, Presiding Bishop of the Episcopal Diocese of Michigan, presented his views on "Business Morals."

Other speakers in the series included the Hon. Jerome P. Cavanaugh, Mayor of the City of Detroit, who discussed "Problems of the Metropolitan Area"; UAW vice president Leonard Woodcock, who chose as his topic "The Obligation of Responsible Labor in a Democracy"

Driver of Death Car Sentenced

Thomas B. Piche, 24, of 445 Moross road, was convicted of leaving the scene of a fatal injury accident and sentenced to the Detroit House of Correction on January 16, according to information received from Park Police Chief Arthur Louwers.

The chief said on Thursday, January 24, that his office was notified that Piche was sentenced by Wayne County Circuit Judge Nathan Kaufman.

Piche was sentenced to serve 90 days in DeHoCo, placed on probation for two years, and fined \$150 plus \$50 court costs, in the fatal injury death of Alfred Straus, 59, of 3161 Lenox, Detroit, on January 29, 1962. Straus was crossing Mack avenue, at Beaconsfield, when hit by a car driven by Piche.

Piche attempted to get away after the accident, but was stopped by an unidentified motorist who witnessed the incident.

Chief Louwers said that Piche has an extensive record of convictions for violation of traffic laws.

High School Band Honored By Invitation to Rockford

The Grosse Pointe High School Concert Band is traveling to the Grand Rapids area this weekend as the specially invited guests of a suburban community there to present a full-length concert Saturday evening. Some 85 band members, led by Director Richard H. Snook, will make the two-day trip.

Each year, Rockford, Mich., invites an outstanding band in the state to stage a concert.

Grosse Pointe is the first Class AA school to participate. Students will leave home Saturday morning, remain overnight in Rockford as house guests of local families, attend church Sunday morning, and return to Grosse Pointe Sunday afternoon.

Park Adopts Program to Protect Elms

Two Sprays This Year, Second with Methoxychlor to Save Birds

The Park will spray its elm trees twice this year, the city council was informed by City Manager Robert Slone on Monday, January 28. The total cost of a dormant and foliage spray will be \$11,720, using city labor and materials.

The city manager told the council that the double spray program was decided upon because of the increased loss of elms since 1960.

He said that the dormant and foliage spray, using DDT, will cost \$4,950; and the foliage spray, using Methoxychlor, will cost \$6,770.

Just As Effective
Slone pointed out that the latter chemical is just as effective as the former, but the residual is half that of DDT and less toxic to birds.

He said that last year, the Park lost 58 privately-owned elms and 20 publicly-owned; in 1961, the loss was 18 private and eight public; and in 1960, 13 private and 10 public.

In his report to the council, Slone disclosed that the Park had controlled the Dutch Elm Disease by spraying with DDT, twice each year up to 1958. The dormant spray was done in late winter or early spring before leaves formed; the foliage spray was applied during June or July.

Cut Out Second Spray
In 1958, due to the low number of infected trees, and on recommendation of the Wayne County and State Agriculture

Warning Issued On Check Artist

Park Police Chief Arthur Louwers issued a warning to all Pointe businessmen and merchants to be on the lookout for a Troy H. Browning, Jr., age and address unknown.

Browning has been cashing a number of fraudulent checks in the Pointe and Detroit. His present whereabouts is not known.

The chief asks all businessmen and merchants to be on the alert and to note the names of endorsers of checks. If any checks bear the name of Troy H. Browning, Jr., notify your police department at once.

City Extends Spray Contract

Grosse Pointe City's Dutch Elm tree spraying contract with Shock Brothers Tree Service, 15120 Charlevoix, has been extended for one year. In 1963, as in 1962, Shock Brothers will undertake the entire City tree spraying program at a cost of 80 cents per city-owned tree, \$1.50 per privately-owned tree.

In addition, Shock Brothers will continue its unprecedented guarantee to remove, at company expense, any tree over and above the first 12 lost to Dutch Elm disease in the coming year.

Last year, when Shock Brothers took over the City's tree spraying program, 11 municipally-owned trees were lost.

The year before, with spraying done by a Grand Rapids firm, 25 municipally-owned and 45 privately-owned trees succumbed to the disease.

Park Council Argues Over Golf Green

Mayor Cunningham's Request Approved After Long Verbal Battle to Define "Passive"

A verbal battle between Park councilmen at a regular meeting held on Monday, January 28, on what constitutes passive recreation, lasted for more than an hour and ended with the question still unanswered.

The question was debated following a report from Councilmen Charles Ives and John Doelle and City Manager Robert Slone, members of the Three Mile Drive Park Committee, which stipulated certain improvements needed in the park.

The total cost of improvements and installation of facilities at the park was set at \$2,141.50. The report was read by Ives, chairman of the committee.

Following the reading of the report, Mayor Kenneth Cunningham, a golf enthusiast, suggested that an extra \$100 be appropriated for the construction of a nine-hole putting green in the park. This touched off the hassle, which lasted approximately one hour and 10 minutes.

No Active Sports
Approximately two years ago, when the go-ahead was given for the development of the park, at Three Mile drive and Essex, it was stressed that the area was to be created for "passive" recreation, strictly for picnicking and relaxation. No "active" recreation, such as baseball, handball, etc., will be permitted.

Ives claimed that what constituted "passive" recreation regarding the park, has not actually been determined. "Active" recreation is allowed in the waterfront park at the foot of Alter road, it was said.

The upshot of the whole verbal hassle, was a lot of wasted words, ending with a vote of 4-2, favoring the installation of the putting green in the Three Mile Drive Park, for the extra \$100, bringing the total cost of improvements and facilities to \$2,241.50.

City Extends Spray Contract

Grosse Pointe City's Dutch Elm tree spraying contract with Shock Brothers Tree Service, 15120 Charlevoix, has been extended for one year. In 1963, as in 1962, Shock Brothers will undertake the entire City tree spraying program at a cost of 80 cents per city-owned tree, \$1.50 per privately-owned tree.

In addition, Shock Brothers will continue its unprecedented guarantee to remove, at company expense, any tree over and above the first 12 lost to Dutch Elm disease in the coming year.

Last year, when Shock Brothers took over the City's tree spraying program, 11 municipally-owned trees were lost.

The year before, with spraying done by a Grand Rapids firm, 25 municipally-owned and 45 privately-owned trees succumbed to the disease.

Because of these heavy 1961 losses, and because of difficulties due to the distance between the Grand Rapids firm's main office and the City of Grosse Pointe, the City Council determined to award its 1962 tree spraying contract to a local firm, familiar with local conditions. This arrangement has proved so successful that Council voted, at its January meeting this year, to extend the contract.

There are approximately 2,600 city-owned and an additional estimated 2,000 privately-owned trees due to be sprayed. Although City residents need not employ Shock Brothers to spray private trees, they must have the spraying done by some qualified person or company.

Notices to this effect, similar to those sent out in 1962, will be mailed to each resident.

The entire 1963 spraying program, at Shock Brothers rates, should cost a little more than \$5,000 for both City-owned and privately-owned trees.

Romney Last Speaker
The Hon. George Romney, Governor of Michigan, is scheduled to round out the forum on February 12 with "Michigan and the American Revolution . . . A Commentary on Previous Talks in This Series."

The Inaugural Lecture Series, organized by George R. McMullen, who introduces each speaker, is a six-week program designed to present the views of various political, religious, labor and management leaders, each speaking on some facet of the general title, "The Community, The Corporation and The National Purpose."

Q and A Periods Popular
Lectures are short, running generally from 20 minutes to half an hour, and are followed by a question-and-answer period which has proved to be the most popular and stimulating portion of the evening.

Each formal address is preceded by an invocation, given by one of the area's clergymen. The Rev. Bertram deHeus Atwood, pastor of Grosse Pointe Memorial Church, will give the invocation preceding Mr. Ford's talk.

Two radio stations, WWJ and WJR, are taping each lecture. WJR broadcasts them at 9:30 p.m. the night they are delivered, and WWJ schedules them the following Friday.

The entire series, preserved on tape and housed at the Grosse Pointe Central Library, will be available to residents and community groups.

Drain Tax

(Continued from Page 1) of 1959-1962, the report stated. This means that the Drain Tax rate was dropped to 4 mills, from 5.6 mills, per \$1,000 assessed valuation, as levied in previous years.

The report also disclosed that building construction in 1962 totaled \$3,472,354, the highest since 1954, when a total of \$4,216,743 in building permits was issued.

Last year, 172 permits were issued for the construction of new homes; 108 permits were granted for additions and remodeling and three for commercial buildings.

The City Administration announced that through the efforts of City Comptroller Russell Manney, Jr., Federal income tax forms are available for Woods citizens, obtainable at the Municipal Building, 20025 Mack avenue.

This added service is for the convenience of citizens and does not include assistance in filling them out, it was said.

Don't spend time criticizing unsatisfactory conditions in your community—seek a solution.

Park Plans

(Continued from Page 1) green, according to Slone, is near the comfort station, located by the entrance gate. The green will be about 100 by 100 feet and will be seeded and fertilized. This will not be a regulation putting green, the city manager said.

The council okayed the number of improvements and addition of facilities recommended by the committee. These are: Construction of a shuffleboard court at a cost of \$315; construction of a horseshoe pitching pit—\$50; installation of one combination playground device, including two seesaws, two swings, a trapeze bar, flying rings and slide—\$425; establish a green belt along the easterly boundary in area of houses on Grand Marais, 700 feet in length, with 28 Norway maples—\$320.

Plan Tree Nursery
Also: establishment of a tree nursery approximately 20 by 100 feet on the northeast corner of the property, with 100 trees from five to eight inches in circumference—\$625; replace seven dead trees and purchase 10 additional trees in the developed park area—\$376.50.

The entire project will be done with city labor. The cost of the labor, \$525, is a budgeted item. The money for the materials will be appropriated from the Improvement Reserve Fund.

City Manager Slone said that work on the program will begin as soon as the weather permits, and should be completed by Memorial Day, May 30, the official opening date of the parks.

Effects on Birds
In the studies, it was reviewed in detail what the effects would be on birdlife as well as the control of Dutch Elm Disease.

Slone disclosed that the University of Wisconsin has made detailed comparisons of the two chemicals.

The city manager said that Methoxychlor is equally as effective as DDT, and is much less toxic to birdlife. It has a residual of about 100 days on a tree, as compared to 200 days for DDT, and costs about \$2.75 a gallon, whereas, DDT costs only 80 cents a gallon.

Program Approved
On recommendation of Slone and Heger, the council approved the following 1963 elm spraying program:

1. Application of a dormant spray before March 31, using DDT, city forces and equipment.

2. Application of a foliage spray during the month of June using Methoxychlor for the con-

Park Adopts Elm Program

(Continued from Page 1) Departments, the foliage spray was eliminated. Dormant spraying with DDT only was continued from that time.

The present count of elms in the Park, Slone said, shows that there are approximately 4,000 trees on city property, and about 1,300 on private property. Since 1952, the loss of trees on private property is 207; and on public property, 92, a total of 299 trees.

Slone stated in his report, that he and Herbert Heger, head of the Department of Public Service, have spent considerable time investigating and consolidating information from such agencies as the Wayne County Extension Agent for Horticulture; Michigan State Department of Agriculture, the University of Wisconsin and the City of Milwaukee to try and develop the best spray program to control the elm blight.

Control of Dutch Elm Disease
and Malathion as an additive for the control of scale, mites and aphids.

3. That the cost of spraying private trees be increased from \$1.50 for the one dormant spray to \$4 for both the dormant and foliage sprays.

CONTRACTOR PAID
Accepting a recommendation and certification by City Engineer Murray M. Smith, the Farms council on Monday, January 21, approved a final payment of \$1,586.59 to Floris DeMeulenaere, who has completed the repair of catch basins and manholes throughout the city under a contract with his company.

CARELESSNESS
Power without responsibility is the key to most highway accidents these days.

Improvements to Marina

(Continued from Page 1) Slone said that for the past two years, a few people have shown interest in mooring large boats. These people were canvassed, and the only person to show a genuine interest for

such a well was Tobin, the city manager added.

NO FUTURE
Quit feeling so sorry for yourself—suppose you were a New Year's resolution.

Forget sailing dates, revised schedules, complicated cruise timetables. Any Friday is the ideal time to take a 13-day Grace Line Cruise.

Set sail aboard the magnificent *Santa Rosa* or *Santa Paula* any time it suits your vacation schedule. Of course, there's something especially nice about a winter cruise. You leave cold weather behind and glide into a Caribbean climate that's in midsummer form . . . warm and wonderful. At sea you'll soak up the sun as you live like a king aboard your all-first-class 20,000-ton "Santa." Ashore, a hearty welcome awaits your arrival in Curaçao and Aruba, La Guaira (Caracas), Kingston, Port-au-Prince and Fort Lauderdale. Fares from \$495. Just see a Travel Agent.

Ferry Addition
Plans Approved

A modified floor-plan of the proposed addition to Ferry Elementary School in Grosse Pointe Woods was approved by the Board of Education in a special meeting January 24. The changes had been made to overcome objections to earlier plans on the part of fire officials.

Doorways to several classrooms were shifted to meet the state fire marshal's requirements. Two connecting passageways each will have open sections so that unimpeded ingress and egress to and from an interior court formed by the new wing will be possible. The openings in the corridors will be 15 feet in length.

Eight classrooms, including a kindergarten room, and a central activities room will be added to the school. A teachers' work room, storage space for instructional materials, lavatories, and necessary facilities for maintenance purposes will be included as well.

Ferry School currently enrolls about 600 children in grades kindergarten through six. A home building boom in the area is expected to push this total well above the 800 mark in the next several years.

Detailed plans of the new addition are expected to be ready in February. As soon as they are approved, advertisement for construction bids will be made. The board indicated it hoped to receive and open bids on March 11. Work should begin immediately, spokesmen said, and completion in the early fall is anticipated.

Youths Accused
In Park Theft

Two 18-year-old Detroit boys, arraigned before Park Judge C. Joseph Belanger on Monday, January 28, on a charge of receiving and concealing stolen property, stood mute and demanded examination. A plea of not guilty was entered for them and they were released on bond.

Judge Belanger set yesterday, January 30, as examination date for Thomas Buynak of 8046 Walden, and Joseph Binkowski of 8951 Carrie. Bond for Buynak was set at \$500, and for Binkowski, \$1,000. The results of the examination were too late for this week's issue of the NEWS.

Park Police Chief Arthur Louwers said that the youths are accused of receiving and concealing a bucket seat and console, stolen from a 1963 sports coupe in the lot of Ted Ewald Chevrolet company, 15175 East Jefferson, on January 9. Total value of the stolen items is \$320, it was said.

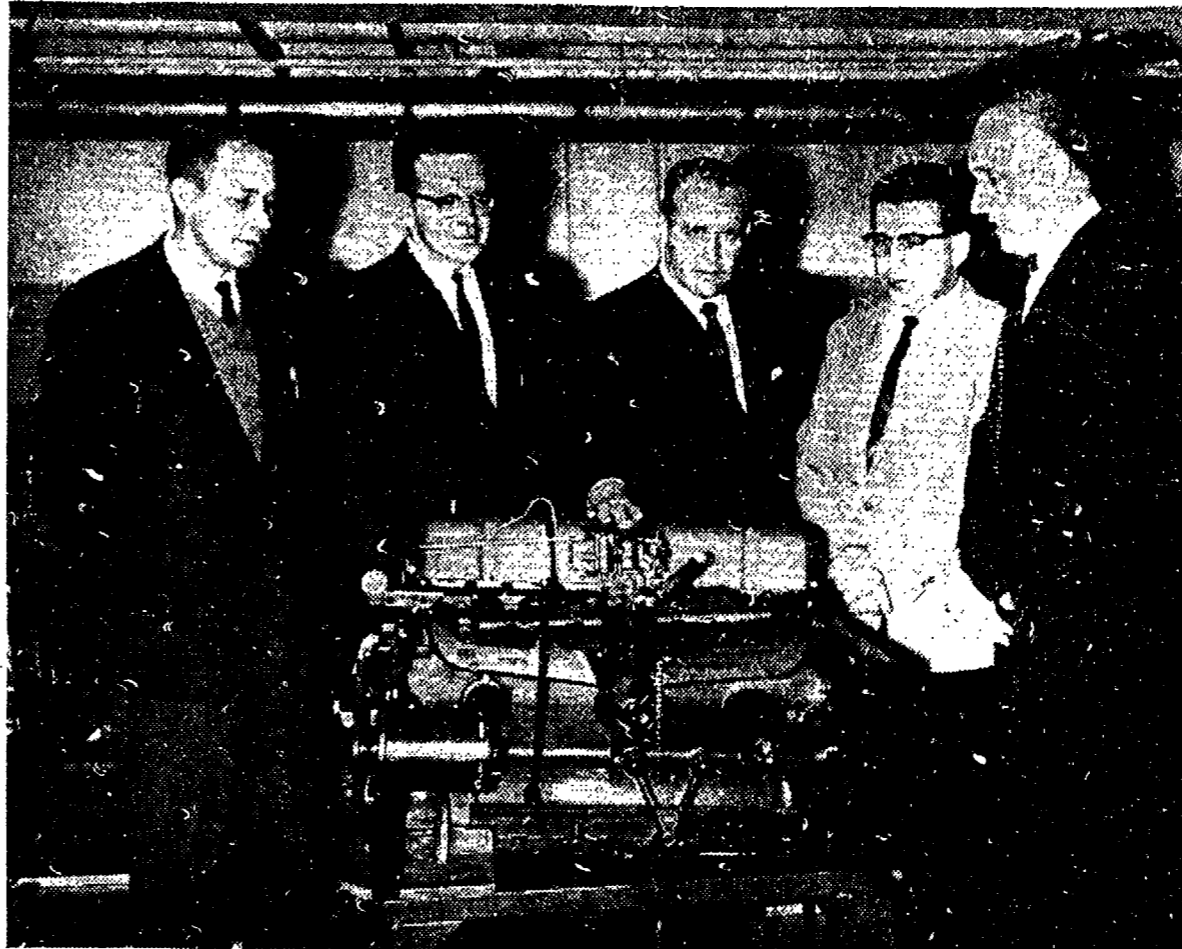

An informant, name withheld, gave information that led to the arrest of the youths to Det. Lt. Stanley Enders, who relayed the data to Det. James LaPratt, in charge of the case.

LaPratt, after several days of investigation, recovered the stolen goods and arrested the youths for their part in the theft.

Chief Louwers said that the specific charge against the boys was receiving and concealing stolen property worth more than \$100.

Michael Campanelli, 36, of 28759 Edwards street, St. Clair Shores, head of the firm's new car distribution department, who discovered the theft, pressed charges against Buynak and Binkowski. Campanelli also identified the recovered bucket seat and console as equipment stolen from the car.

High School Given New Engine for Car

A new automobile engine, complete with transmission, has been given Grosse Pointe High School's automotive classes by the Ford Motor Company. Shown making the presentation to PRINCIPAL JERRY GERICH (right) and Automotives Instructor DAVID BASEHORE (second from right) are KEN GARRIS

and JERRY GLOSS representing Simms-Dawson and WILLIAM CAMPBELL representing the Ford Motor Co. The new engine will be a valuable addition to the motor lab and enable students to stay abreast of new developments in the automotive world, instructors state.

Church Council Honors Pointers

The Detroit Council of Churches, at its annual banquet held Friday night, January 25, in the community hall of Sts. Constantine and Helen Greek Orthodox Church, named Presbyterian Mark D. Littler and Episcopalian Robert Hutton "Laymen of the Year."

The two Grosse Pointers were cited for their work with the Council and for their "deep Christian convictions, vital Christian faith, magnanimous spirit and stalwart Christian character."

Paul Penfield, Detroit Edison Advertising Director who shared "Layman of the Year" honors last year with American Motors vice president Edward Cushman, presented the citations. Council President Allan A. Zaua presided.

Penfield, chairman of the Layman of the Year Committee, cited Hutton's "devotion" to his parish and denomination.

The 55-year-old president of Standard Federal Savings and Loan Association has served as a vestryman and church school teacher at St. Columba's Episcopal Church, as a trustee of the Bishop Page Foundation, youth leader, vice-president and chairman of the Detroit Council of Churches' Business Affairs Department, and member of the Council's Board of Directors and

Fire Damages
Car Interior

Fire damaged the interior of a car owned by the Joseph Holdreiths, 1618 Renaud, on Tuesday, January 22.

Woods firemen doused the fire with a stretched line, according to an official report. Mr. Holdreith told fire officials that his wife had taken several children to school and returned home. Later, he said, he went outside and discovered the interior of the vehicle full of smoke, and called the fire department.

A fire report disclosed that the rear cushion and seat and a floor mat were destroyed. Damage was estimated at \$150.

Rotary Offers Film on Safety

A total of 1,459 persons, representing 39 groups, viewed the film "Death on the Highway" during 1962. It was disclosed by Park Police Chief Arthur Louwers. The film, purchased by the Grosse Pointe Rotary Club

to be shown as part of the Pointe's traffic safety program, is available for showing to any Pointe group interested in helping to eliminate death and destruction on the highways, the chief said.

MML Appoints New Director

Robert E. Fryer, associate director and general counsel of the Michigan Municipal League was named director of the Board of Trustees, replacing John H. Huss, Farms Councilman and League President William Kirby announced. Mr. Huss died on January 12.

The Board of Trustees believed that it is to the betterment and well-being of the organization and the continuity of its program that Fryer's appointment be made.

"The Municipal League is fortunate in having a person of Mr. Fryer's experience and ability in our organization," Kirby said. "He has worked in all areas of activity covered by the League, and in particular, is the individual who directed the League's efforts in the recent Constitutional Convention.

"This will be of great benefit because of the number of bills it will take to implement the Constitution after its adoption," Kirby stated further.

"Fryer is well known in cities and by officials throughout the State, and is well liked and highly respected. This together with his long association with Mr. Huss and with the League program and policy, makes the decision of the Board a most logical one," the League president said.

The Farms council on Monday, January 21, approved an appropriate resolution be drawn by City Attorney George McKean, expressing the sympathy of the city council and the citizens of the community, to be presented to Huss' widow.

Many a man thinks he's playing the races when in reality the races are working him.

Ryan Announces Nominees To US Service Academies

Congressman Harold M. Ryan (D. Mich.) announces the names of the nominees to the various United States Service Academies for the class of June 1963.

The nominees were selected by a group of distinguished citizens known as the 14th District Service Academy Selection Board. They had been appointed by Congressman Ryan to screen the many applicants who applied last year for admission to one of the Service Academies.

The following have been nominated by the Board to the United States Naval Academy: George A. Arnold, 13706 Glenwood, Detroit; Richard J. Augustyn, 8316 Wisner, Detroit; Douglas M. Bomarito, 3590 Beausfield, Detroit; Richard Brydges, 415 Manor, Grosse Pointe Farms; Jerome Alan Danhof, 10802 Peerless, Detroit; Fred R. Dearing, 1539 North Renaud, Grosse Pointe Woods; John P. Foley, Jr., 2550 Lillibridge, Detroit; Patrick F. Gallinagh, 4126 Maryland, Detroit; James J. Hudson, 466 Calvin Avenue, Grosse Pointe Farms; Gordon A. Kiernan, Jr., 1386 Buckingham, Grosse Pointe; Anson E. Moore, 19214 Woodcrest, Harper Woods; William K. Ponder, 1126 Bishop Road, Grosse Pointe Park; George E. Schafer, 21119 Lancaster, Harper Woods; Charles E. Scritchfield, 20456 Van Antwerp, Harper Woods; John D. Windemuth, 19163 McCormick, Detroit; James A. Yockley, 813 St. Clair, Grosse Pointe.

Those nominated by the Board to the United States Military Academy are: Joseph A. Bonus, 10311 Morang, Detroit; Anthony H. Cortese, 5901 Hereford, Detroit; Alton P. Donnell, Jr., 1267 Balfour Road, Grosse Pointe Park; David J. Hattas, 4618 Chatsworth, Detroit; James W. Lavigne, 1300 Bedford Road, Grosse Pointe Park; Charles L. Renny, 938 Roslyn Road, Grosse Pointe Woods; Lawrence R. Smith, 9248 Camley, Detroit; Michael D. Smith, 19201 Raymond Road, Grosse Pointe; Frederick W. Wiese, 20864 Kenmore, Harper Woods.

Nominations by the Board to the Air Force Academy are as follows: James J. Ash, 5039 Lannoo, Detroit; William J. Broderick, 164 Lakeview, Grosse Pointe Farms; Thomas P. Durso, 2060 Hollywood, Grosse Pointe Woods; James A. Fournier, 9192 Manistique, Detroit; Frederick C. Kracht, 20220 Hamburg, Detroit; John B. Maliszewski, 3915 Audubon, Detroit; Julian E. Pate, III, 8931 Edgewood, Detroit; Michael H. Roe, 1033 Lakepointe, Grosse Pointe Park; William E. Savage, 529 Lakepointe, Grosse Pointe Park; Thomas W. Warning, 15681 Manning, Detroit; Woodrow W. Wilson, 1347 Grayton Road, Grosse Pointe Park; John M. Wing, 243 Ashland, Detroit.

The following were nominated to the United States Merchant Marine Academy: Richard H. Bridge, 292 McMillan Road, Grosse Pointe Farms; Dennis R. Casmer, 6000 Grayton, Detroit; Michael J. Mastalski, 4714 Algonquin Avenue, Detroit.

Science Projects Engross Students

Literally hundreds of Grosse Pointe students currently are working on science projects, widely varied and complex in nature, but all strongly oriented to the regular course of study. Many of these undoubtedly will be entered in the upcoming 1963 Metropolitan Detroit Science Fair if the pattern of previous years is any criterion.

Sponsored by the Engineering Society of Detroit and the Detroit News, the fair will be held in Cobo Hall, Saturday through Tuesday, April 6-9. Preliminary "floor fairs" will be held in six regional locations to facilitate screening of quality exhibits.

Grosse Pointe contestants will, in most cases, have their projects screened locally in the school exhibits. Those judged outstanding will be entered in the regional floor fair at South-eastern High School. Survivors of this phase of the competition, March 22 and 23, will then go on to Cobo Hall for the metropolitan finals.

The Science Fair is open to all students of grades seven through 12 in Wayne, Oakland, and Macomb counties. Judging is done in two major divisions, junior and senior high school. The best two exhibits by senior high school students will be selected to represent Detroit in the National Science Fair, in Albuquerque, New Mexico, May 6-11.

Junior high school students will compete in three categories of exhibits—Controlled Experiments, Collections, and Graphic Arts.

Senior high school exhibits will be entered into five science groups. These are Biology, Chemistry, Mathematics, Physics, and Earth and Space Science. Up to 10 awards will be made in the junior division and in each of the five senior division categories. Five college scholarships offered through the Michigan Student Aid Foundation are additional awards.

Last year, Grosse Pointe secondary school students distinguished themselves in this competition. Of 73 awards made, seven or about 10 percent were to students from the local school system.

Nancy Woelfel, then a 10th grader at GPHS, won first place in Earth Science. Michael Simson, Class of 1962, placed third in Biology, and Bruce Stewart, Jr., Class of 1964, won a special award in the same division.

Beautiful pedigreed dogs, along with not-too-fancy, but lovable and loyal pets, await homes at the Anti-Cruelty Association, 13589 Joseph Campau as rescue calls are flooding the phones these days.

Miss Myrtle Babcock, president of the Association said, "We are continuing our policy of never turning away an animal from our doors, but this is the time for Detroit animal lovers to adopt a pet to help thin our ranks."

Many of the calls come from people who report dogs and cats left outside with inadequate shelter. Others find strays seeking shelter from the terrible cold coming to their doors or following them on the streets.

Cottage Hospital Holds Election

Nine Pointers were re-elected members of the Board of Trustees of The Cottage Hospital of Grosse Pointe at the hospital's annual meeting, Wednesday, January 23.

Announcement of the election of a new trustee—Carlton M. Higbie, Jr.—was also made at the meeting. Higbie was elected earlier this year to fill a vacancy on the board.

Re-elected trustees were: Mrs. Arthur H. Buhl, Jr., Mrs. Burdette E. Ford, Mrs. William P. Harris, Jr., Mrs. Louis B. Hyde, Mrs. John N. Lord, Mrs. Lynn McNaughton, John N. McNaughton, B. Courtney Rankin and Paul R. Trigg, Jr.

Following the invocation by The Rev. James D. Nixon, pastor of Grosse Pointe Methodist Church, a treasurer's report was read by Mrs. Cameron Waterman III, in the absence of Mrs. Richard P. Joy, Jr., treasurer.

Other reports were given by Dr. David H. Barker, president of the medical staff; Miss Carolyn M. Wicks, hospital administrator, and Mrs. Andrew W. Barr, president of the Board of Trustees.

Dr. J. D. Langston, Cottage Hospital pathologist, reported on his recent service as a staff member on the hospital ship, the S. S. HOPE, stationed in Peru.

All officers—headed by Mrs. Barr as president—were re-elected.

Other officers are: first vice president, Mrs. Nelson Holland; second vice president, Mrs. H. Gordon Wood; treasurer, Mrs. Joy; assistant treasurer, Mrs. John G. Garlinghouse; recording secretary, Mrs. Truman Brown; assistant recording secretary, Mrs. Buhl; corresponding secretary, Mrs. Ford; and assistant corresponding secretary, Mrs. Waterman.

Recently elected officers of the medical staff also were announced at the meeting held at the hospital. They are: president—Dr. Barker; vice president—Dr. Aaron Z. Roges; secretary—Dr. Robert H. Ambrose; and treasurer—Dr. Merton C. Wilson.

Division chiefs for the upcoming year are: surgery—Dr. Earl G. Krieg; medicine—Dr. Walter F. Kujawski; obstetrics—Dr. George E. B. Rogers; general practice—Dr. Harold E. Cross; radiology—Dr. David H. Barker; pathology—Dr. Langston; and anesthesiology—Dr. V. P. Goodman.

Henry E. Bodman, William R. DeBaeke, Burdette E. Ford, Henry B. Joy, Jr., William J. Moir, William K. Muir and W. Tom ZurSchmiede will continue to serve on the Trustees' Advisory Committee under the chairmanship of Joseph A. Vance, Jr.

More Parent Participation Sought by High School

Grosse Pointe High School, aiming at more direct parent participation in planning students' academic careers, has scheduled a series of parent-student-counselor conferences this spring.

Each undergraduate, accompanied by his parents, will spend a half-hour planning period with one of the school's guidance counselors. Discussion

will center on the student's study program, his extra-curricular activities and citizenship.

Through these face-to-face meetings, Grosse Pointe High plans to provide individual, family-approved schedules for every student. Previously, schedules were worked out by the counselor and the student, then sent home for parent confirmation.

Dr. Robert J. Hanson, GPHS guidance coordinator, feels the direct contact system will prove far more satisfactory, and High School Principal Jerry J. Gerich, who believes parents and students should have a complete annual assessment of the students' total records, says: "We have an obligation to sit down with the parent and evaluate assets and liabilities."

The program is planned to cut down last-minute schedule changes when classes begin in the fall, and to aid the individual student in examining his educational goals and the methods he is using to attain them.

Dr. Hanson cites "better feeling between parent and school" as one of the major reasons for instituting this systematic direct contact plan.

Counselors, who hope to promote a better understanding of the school's educational goals and methods among parents, are devoting extra hours to the parent-student conferences. At least one counselor is scheduling evening conferences, for parents who work during the day, and the entire staff is enthusiastic and optimistic about the success of these face-to-face planning sessions.

Burglar Robs Woods Home

A burglar entered the home of Alberta Chown, 45, of 1976 Fleetwood, on Monday, January 21, and stole a small sum in cash and several valuable items, according to information given to Woods police.

Entry into the house was gained by breaking the glass of the rear door and unlocking the latch.

The woman told police that she left her home at 1 p.m. and returned at 9 p.m. and discovered the burglary.

Taken, she said, were \$50 in currency from a blue plastic "mail box" bank; a hi-fi record player valued at \$110, and about \$10 worth of records.

The case is being investigated by Det. Leroy Tobian.

A cultured pearl on a sterling silver chain, which was at first believed stolen, was found in the house by Mrs. Chown.

Society Honors Dr. Leon Sweet

Dr. Leon A. Sweet, vice-president and director of research for Parke, Davis & Company, was honored in Lansing on January 24 with a Distinguished Health Service Award by the Michigan State Medical Society.

Dr. Sweet was one of six persons honored by the medical group for distinguished careers and contributions to the health field.

The award, presented by Dr. C. I. Owen, MSMS president, read: "In recognition of a distinguished scientific career which began as research chemist. You advanced through the field of research to become vice-president and director of research of one of America's foremost pharmaceutical companies. In that capacity you caused outstanding discoveries to be made in drugs and their uses having world-wide significance."

"In contributing so outstandingly to the betterment of human health you have greatly advanced the science of medicine. We, in medicine, gratefully acknowledge these contributions."

Dr. Sweet joined Parke-Davis in 1933 as an organic chemist and rose through the research department to become vice-president and director of Research in 1952.

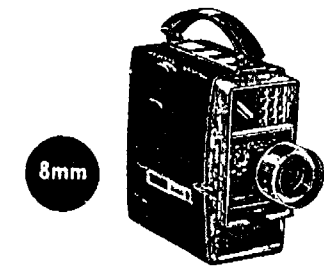

A native of Polo, Ill., Dr. Sweet was graduated from Carthage College in 1930, and now serves as a vice-chairman of that school's board of trustees. He obtained his M.S. in 1931 and Ph.D. in 1933, both from the University of Nebraska.

He resides with his wife and family at 1029 Cadieux road.

LIVE AND LEARN Practical experience is the name some men give to the sum total of their blunders.

To my sense the Sermon on the Mount, read each Sunday without comment and obeyed throughout the week, would be enough for Christian practice. —Mary Baker Eddy

Torch Blamed In Farms Fire

A plumber's blow torch was blamed for a fire that damaged the bathroom walls and dining room ceiling of the home of the George Parkers, III, 62 Meadow lane, on Thursday, January 24.

Parker fled from the house with his sons Teddy, 2, and David, 1, and called firemen. Farms firemen and equip-

ment responded to the alarm at about 8:30 p.m., and arrived to find the fire burning between the walls, and the dining room ceiling. A second alarm was sounded and City firefighters arrived with equipment.

With the Farms and City fire stations empty, the Woods dispatched a pumper truck and personnel to the Farms station as a safeguard, in the event of another fire in the area, as stipulated in the Mutual Fire Aid Pact.

Farms Fire Captain Raymond

Snay said that a plumber was thawing out frozen pipes leading to the upstairs bathroom in the Parker house. This apparently was the cause of the fire, he said.

Firefighters had the blaze under control and out within 20 minutes after arrival. There was considerable smoke and water damage.

The total amount of damage will have to await an insurance adjuster's report, it was said.

Park Police Department Sponsors Special Schools

A specialized Crime Photography School and a Defensive Tactics School for Police will be sponsored by the Park Police Department, according to Police Chief Arthur Louwers.

The photography session will begin on February 6, with Park Patrolman George Blair as instructor; and the Defensive Tactics School will start on February 21, under the direction of Leo Shirley, defensive tactics instructor for the Federal Bureau of Investigation, Chief Louwers said.

The chief disclosed that both schools will be primarily for the personnel of his department.

The seven command and supervisory officers of the Park department will participate in the photography school, so that there will be someone on each shift capable of taking pictures and developing them when called upon, the chief said.

The command and supervisory officers will also be enrolled in the defensive tactics (judo) school, and following completion of this type of training, will impart what they have learned to the patrolmen of their shifts. Relaying of the instructions will be on a daily basis, Chief Louwers said.

Among the tactics to be learned, the chief said, is how to disarm a person, even though that person may have a cocked gun in his hand.

Great Decisions Course Begins

All interested persons in the Grosse Pointe area are invited to attend the initial meeting for Great Decisions 1963 discussion groups tonight at the Main Library, Kercheval at Fisher, Friends Room, at 8 o'clock.

Topics this year include The Common Market, Red China, India, Alliance For Progress, etc. Fact sheet kits will be available (\$1.50 each), otherwise there is no charge for this Foreign Policy Association sponsored citizens annual review of American foreign policy.

Tonight there will be a general discussion of the FFA and review of the 1963 program including information concerning coordinated Press, Radio and TV coverage of the program. Also look for weekly announcements during February and March to appear in this newspaper.

Other groups being formed in this area include Sunday afternoon sessions to meet at Memorial Church and Grosse Pointe Woods Presbyterian Church, Program chairmen of churches and clubs, also individuals are invited to form groups in this area. Call TU 4-2434 for further information.

The Foreign Policy Association is a non-partisan educational organization founded in 1918 and has been endorsed for its outstanding leadership by every U. S. president since, including Woodrow Wilson and John F. Kennedy.

For the past eight years it has promoted the popular local discussion groups along the lines of the early American town meetings.

Individual groups are encouraged to take no political group action or even try to reach consensus, rather divergent views are encouraged as the greatest in this innovation to aid informed participants toward a greater understanding of some of the more complex issues facing this Nation regarding its foreign policy.

Out of these relevant and timely discussions one may become better equipped to keep abreast and contribute more understanding of America's great responsibility as leader of the free world in the continuing struggle for a just and lasting peace.

On April, all participants of these discussion groups will be invited to a seminar to be held at Wayne State University, U.S. Senator Phillip Hart, a Michigan member of Congress, and a member of the State Department will be resource leaders in understanding of some of the more complex issues facing this Nation regarding its, foreign policy.

Rotary to Hear Otto Pongrace

Otto Pongrace, presently Director of Industrial Development for the New York Central, will talk on the "New Look at Michigan" by the New York Central, at the February 4 meeting in the War Memorial Center.

Formerly an executive in the Engineering Department at the Ford Motor Company and a Councilman in Grosse Pointe City, he has the industrial expansion programs of seven states, covered by the New York Central.

Contentment with the past and the cold conventionalism of materialism are crumbling away.

Child Guidance Clinic Proposed

The need for an east side child guidance clinic will be explored in a public meeting sponsored jointly by the League of Women Voters of Grosse Pointe and the Mental Health Committee of the Junior League of Detroit. The meeting will be held at the Grosse Pointe War Memorial on February 7 at 8 p.m.

The keynote speaker of the evening will be Dr. Ralph D. Rabinovitch, Director of Hawthorn Center, which is a publicly-supported organization for treatment, training, and research in child psychiatry, offering in-patient, out-patient, and day-care facilities. Dr. Rabinovitch will describe the various functions a child guidance clinic can perform in a community.

Dr. Charles Jennings, pediatrician, Miss Carolyn Wheeler, School Social Worker, and Lt. Arnold Hough, School Safety Officer, will briefly discuss the needs of the community. Dr. Charles Wilson, Superintendent of Grosse Pointe Public Schools, and Rev. Ralph Barton, Pastor of Our Lady Star of the Sea Catholic Church, will also participate as panel members.

Mr. Andrew Brown, member of the Michigan Mental Health Commission, will be moderator for the evening's discussion.

Members of the audience will have an opportunity to ask questions during a discussion period following the presentation of the program.

Community organizations which may have an interest in exploring the need for a child guidance clinic are invited to send representatives. Interested individuals are also welcome.

Elections Held At Bon Secours

Dr. Robert G. Swanson was re-elected president of the Bon Secours staff at the Hospital's recent election of officers for 1963 held Friday evening, January 18, in the Hospital Science Hall. The election resulted in a solid slate of Grosse Pointe physicians.

Dr. Robert J. Griffin was named vice president, and other officers are Dr. Vincent B. Adams, treasurer, and Dr. W. George Belanger, secretary. Chief of the Liaison Committee, which represents the doctors in any controversy with the Executive Committee, is Dr. Ernst Lang.

Department Chiefs include Dr. A. Duane Beam, Surgery; Dr. Robert J. Griffin, Medicine; Dr. Charles S. Jennings, Pediatrics; Dr. Robert E. Edmondson, Obstetrics and Gynecology; Dr. Vincent B. Adams, General Practice; and Dr. Ernst Lang, Special Service.

The election was the most harmonious in the history of the hospital.

Theater Sets Casting Dates

With the Grosse Pointe Community Theater production "Send Me No Flowers" well under way, casting dates for its next show, "Write Me a Murder," are now set. They are Sunday, February 3, 1:30 p.m. in Room 2 at the Grosse Pointe War Memorial, and Tuesday, February 5, 7:30 p.m. in Room E.

In "Write Me a Murder," Frederick Knott, the author, has set his beguiling murder mystery aficionados in an ancient and rather run down mansion in England. In the tradition of the literate school of mystery writers, his characters speak with a touch of grace and humor. Even as he cunningly unravels his plot, he takes pains to develop people who are more than stereotype characters. The cast calls for seven men and two women.

A major feature of "Write Me a Murder," directed by George Wilson, is that the killer's identity is disclosed at the start and even his foolproof plan for committing an undetectable crime is given a test and cast, as a form of research for a mystery story being written. It is a suspense play intended more to challenge its audience's guessing powers than to horrify. Amid an abundance of clues, hints, and suspicious actions, the plot turns on whether the inventors of a perfect crime will use it and whether they will get away with it.

This mystery play is a change of pace for east side theatergoers from the current show, the hilarious "Send Me No Flowers" which opens Friday, February 1 at the new Fries Theater, 32 Lake Shore road and continues Saturday, February 2, Friday and Saturday, February 8 and 9. Curtain time is 8:30 p.m.

PTA to Hear Judge Piggins

Circuit Judge Edward S. Piggins will be the featured speaker when the Barnes School PTA meets at 8 p.m. Monday, February 4.

The former Detroit police commissioner, a member of the Barnes PTA, will discuss "Delinquency—Juvenile or Adult?" Classroom visitation at 7:30 p.m. will precede his talk in the school gymnasium.

Judge Piggins was born in Detroit, attended Wayne State University and the Detroit College of Law, and practiced as an attorney from 1932 until 1954.

He served as police commissioner from 1954 until 1958, then returned to private practice until his election to the Wayne County Circuit Court in 1960.

HEMOPHILIA BOY—Timothy Ward Strobach, 5, shown at prayer in his home in Miami Beach, Fla., in the 1963 National Poster Child of the National Hemophilia Foundation. Tim is one of an estimated 100,000 hemophiliacs in the U. S. His brother died of hemophilia, and his sister also has the disease, which causes the blood to fail to clot.

YOUNGEST AND OLDEST—Sen. Edward M. Kennedy, D-Mass., the youngest senator, gets some sage advice in Washington from the oldest, Sen. Carl Hayden, D-Ariz. Kennedy is 30 years old, and Hayden is 65 years older than that.

A WHALE OF A RIDE—Skindiver William DeCourt, 24, rides a snared, 45-foot whale a mile and a half off La Jolla, Calif. He and friends cavorted like this for several hours, then removed a line caught on the whale's flukes, and it swam away to freedom of the sea.

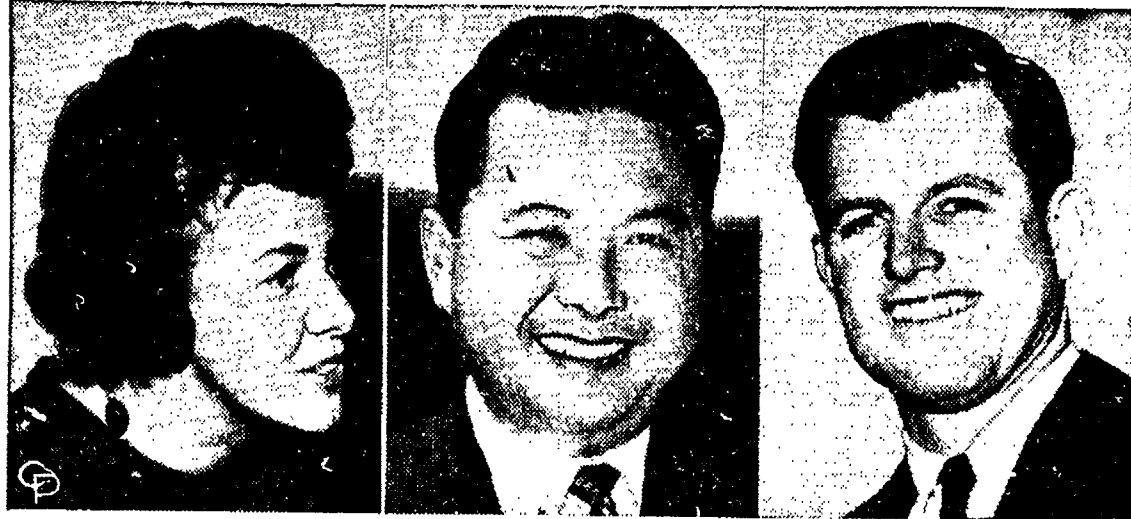

HER FIRST SIGNATURES—Mrs. Kathryn Granahan, new Treasurer of the U. S., is shown the first printing of bills bearing her signature in Washington. Showing them is Henry J. Holtzclaw, director of Bureau of Engraving and Printing.

IGNORED TAXES—Olga Hobeck, 57, a \$90-a-week Chicago law firm stenographer, has admitted in letters to the Illinois senators and the Internal Revenue Service that she has not filed an income tax return for 20 years. Her reason, she says, is that her brother was discharged from the Army in 1941 with a disability and no compensation. She says that if her brother gets what's coming to him, she will pay up—an estimated (by her) \$12,000.

FOWL PLAY—Henry Miller of Lebanon County takes top honors in the water fowl class with this "White Crested Old Drake Duck" at 47th Pennsylvania Farm Show, Harrisburg.

Rep. Charlotte Reid, 48, R-Ill., succeeds her late husband. She's a former Don McNeill "Breakfast Club" radio singer.

Sen. Daniel K. Inouye, 38, D-Hawaii, is the first Japanese-American senator. Formerly he was a member of the House.

Sen. Edward M. Kennedy, 30, D-Mass., is the youngest brother of the President. He defeated Henry Cabot Lodge's son.

Rep. Robert Taft Jr., 45, R-Ohio, is son of the late "Mr. Republican" Senator Taft. He is congressman-at-large, from Cincinnati.

Rep. Claude Pepper, 62, D-Fla., returns as a House member after having been a senator. He was out of office more than a decade.

Rep. Gillis Long, 39, D-La., is a distant cousin of Sen. Russell B. Long, both of the famed Long political clan, founded by Huey P.

BACKGROUND BITS—These new faces in Congress provide interesting background stories. In addition, there are two senators, Edwin L. Mechem, R-N.M., and J. Howard Edmondson, D-Okla., who resigned as governor to be appointed to senatorial seats.

IT STAPLES YOU BACK TOGETHER—Dr. Charles L. Sacks, surgeon at Philadelphia's Hahnemann Hospital, shows a Russian surgical stapler he brought back after a three-month study visit there. It drastically reduces time it takes to perform major operations by eliminating hand-stitching.

'MYSTERIOUS DONOR'—Boston's Archbishop Richard Cardinal Cushing has disclosed that he is the "mysterious donor" who raised \$1 million of the \$2.9 million added onto the Bay of Pigs invasion prisoners ransom. He said he made the disclosure because of "rumors crediting the gift as coming from sources with which I have no identification."

THIS AND 60 MILLION—Henry Ford II, celebrating production of the 60 millionth vehicle by the company founded by his grandfather, sits in one of the company's first cars, a two-cylinder Model-A made by hand in 1903.

ADOLPH ZUKOR AT 90—A man whose name has been in front of motion picture houses and on film screens for decades, Adolph Zukor (seated), marks his 90th birthday in Hollywood with members of his family. They include his son and daughter-in-law, Mr. and Mrs. Eugene Zukor (left), and his daughter, Mrs. Mildred Loew. The elder Zukor is board chairman of Paramount Pictures.

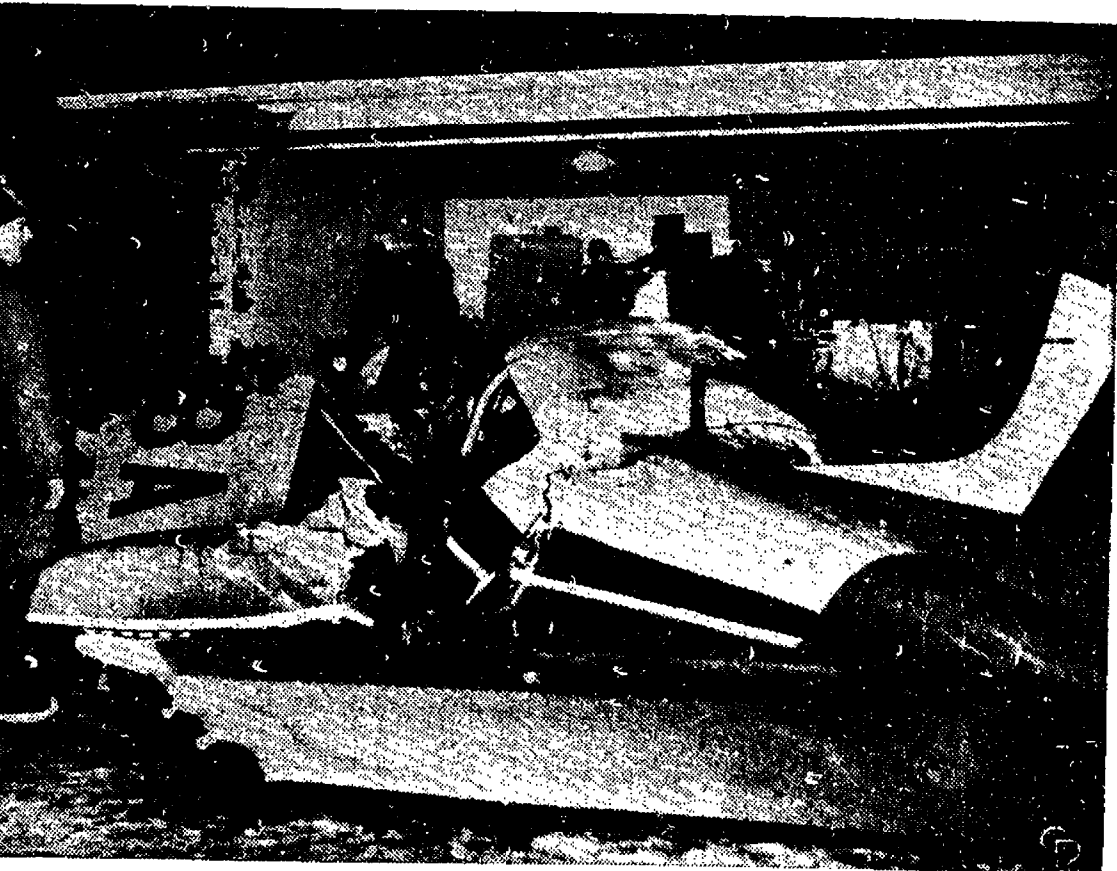

STILL POPULAR—Africans and Europeans alike throng around Katanga's President Moise Tshombe in Elisabethville, indicating his popularity with the people still holds. This was after his return. (Radiophoto)

INDIA HIS AIM—Dr. Sam Sheppard (above), serving 10 years to life in Ohio Penitentiary, will go to India and establish a hospital if he is granted a parole, his attorney told the Ohio Pardon and Parole Commission. Sheppard was convicted of the July 4, 1954, bludgeon murder of his wife in their Bay Village, O., home.

'CALLING ALL CONGRESSMEN'—In addition to bells, a row of lights is being added to wings of the Capitol to tell absent members of Congress what's transpiring in the law making department. The lights (from left) mean teller vote in committee as a whole, constitutional roll call, quorum call or roll call vote in absence of a quorum, adjournment, recess, vacant—to be used for a signal to be decided later, and house in session. Now then, can the lawmakers remember all this? The damsel is Carolyn West.

THREE KILLED—A big hole gapes in side of this ranch home in Chicago where that Cessna 310 airplane, with six persons aboard, crashed into it. Three of six were killed, the others injured critically. The four persons inside the house escaped injury.

ANYONE, BUT ANYONE, CAN GO HUNTING—Blind attorney Arnold Sadler and his Seeing-Eye dog Heidi apply for and receive a hunting license from Mary Ellen Balzer, hardware store clerk in Seattle, Wash. Sadler is proving a point: that anyone, but anyone, even a blind man, can be licensed to go hunting in Washington.

An Intelligent Decision

The City of Grosse Pointe Park Council is to be congratulated for attacking the problem of protecting its elm trees and adopting a program that makes a lot of sense. The Park lost 78 elms last year, which is far too many. The latest count taken showed there are about 5,300 elms on both publicly and privately-owned property in the Park. Total losses since 1952 have been 299 trees killed by the Dutch Elm disease.

Up to 1958 two sprayings were made each year. Then there came the incensed outcry from many residents objecting to the number of birds killed by the DDT used for spraying. The disease was fairly well under control and a decision was reached to spray but once a year. There was also considerable comment on the subject of substituting methoxychlor for DDT, because the former is less toxic to bird and animal life, but this didn't get very far. All of the Pointe councils went right ahead with specifying DDT, mostly because it only costs about half as much as methoxychlor. At least one landscaping firm, that owned by Cal Fleming, announced several years ago it would no longer use DDT because of the increasing evidence of the toll it took on bird life.

With last year's rise in the casualty list among the elms, the Park has decided it will go back to two sprayings, using DDT for the dormant spray done early in the year before the leaves have formed and when many of the birds have not returned to the Pointe. For the foliage spray done later in the summer, methoxychlor will be used.

The program has been adopted on the recommendation of City Manager Robert Slone and Herbert Heger, head of the Department of Public Service. These men have completed a long study of information on the subject supplied by such agencies as the Wayne County Extension Agent for Agriculture, the Michigan State Department of Agriculture, the University of Wisconsin and City of Milwaukee.

The action taken appears to be the most intelligent shown by any of the Pointes. It will cost more, but the elms are among the community's greatest assets and any program which will protect them best should be approved. And we can't go along with those who contend it is impossible to have both birds and healthy trees. It is also to the Park's credit that its officials have given this serious thought to safeguarding our feathered friends, who are themselves the most efficient destroyers of insects that threaten our plant life.

What Goes On at Your Library

By Virginia Leonard

Where do you stand, linguistically? Have you forgotten what fun German was in college? Do you have a yen to learn French or Spanish? Would you like to stir up the rusty Latin recesses of your brain with WINNIE ILLE PU? We can also tempt you with some Italian and Russian fare, with foreign language material in both the adult and juvenile collections of the Grosse Pointe Public Library.

For the beginner, probably the children's books of the JE category are the most beguiling. It's fun, for instance, to run into our old friends THE FIVE CHINESE BROTHERS (Bishop) and STONE SOUP (Brown), appearing in French as LES CINQ FRERES CHINOIS and UNE DROLE DE SOUPE. If you enjoyed Hans Fischer's THE BIRTHDAY, you might like to read it in German as DER GEBURTSTAG. Lois Lenski's PAPA SMALL comes out quite logically in Spanish as PAPA PEQUENO. If you want a double threat, try Ramona Dupre's TOO MANY DOGS as TROP DE CHIENS and DEMASIADOS PERROS; also, Patricia King's MABEL THE WHALE becomes MABELLE LA BALEINE and ELENA LA BALLENA. If you are multi-as well as tri-lingual, there are the Berlitz publications of fairy tales such as Cinderella, Little Red Riding Hood and Sleeping Beauty in German, Italian, Spanish and French. Some of the Easy books have both the English and foreign language, and all are attractively illustrated.

Moving over to the adult collection, let us first note our holdings in French. Standard, classical authors such as Moliere, Voltaire, Daudet and Balzac are represented. In the contemporary field, you can read one of Francoise Sagan's books, Jean Dutourd's AU BON BEURRE (THE BEST BUTTER) and several of Albert Camus' works. Sometimes a translation of a known English work is helpful for one who is "brushing up." Here we could recommend Hawthorne's LA MAISON AUX SEPT PIGNONS or Reader's Digest SELECTION DU LIVRE.

Among the German books we find works of Goethe, Schiller and Kafka. You might care to try Thomas Mann's BUDDENBROOKS or JOSEPH UND SEINE BRUDER, or perhaps Nietzsche's ALSO SPRACH ZARATHUSTRA.

How about re-reading LA DIVINA COMMEDIA of Dante? Other Italian authors, old and new, are represented, such as Machiavelli, Papini, Boccaccio and Guareschi. The latter will be a familiar figure with his two DON CAMILLO books in the original.

In the Russian section we find such standard authors as Chekhov, Dostoevski and Tolstoi. As for the Spanish, old favorites such as Alarcon, Azule and Blasco Ibanez appear, as well as Cervantes' DON QUIJOTE and Valera's PEPITA JIMENEZ. In translation, Louis Bromfield's QUE PASO CON ANA BOLTON? may help the hesitant reader.

We must also remind you that in addition to this type of reading in a foreign language, we also have many readers, grammars, conversation and phrase books, as well as dictionaries, to aid the beginner and student. The entire collection is to be found in the 400 section of shelving.

In these days of rapid transportation, the world is constantly shrinking and we are in closer contact with our foreign neighbors. What better

A Sure Cure for Insomnia

By FRED KOPP, R.Ph.

You've heard the joke, "The best cure for insomnia is a good night's sleep." Not funny to someone suffering "white nights," but true, nonetheless. Too-frequent use of sleeping pills can be bad. Even if they do not cause true addiction they may have a strong psychological effect. Users sometimes come to depend on them. So sleeping pills—any kind—should be taken only when a physician prescribes, and only in the amount directed.

From Another Pointe of View

By Patricia Talbot

A comprehensive report on Cuba under Castro will attract most of the membership of St. Paul's Altar Society to the Parish House which was formerly the Edwin Scott Barbour mansion and is still furnished as a home.

Dr. Jorge Castellanos, Spanish professor at Marygrove College, will talk on "What Living Under Castro Means" Monday, at 1:30 o'clock. He is a former professor and chairman of the Department of History at Oriente University in Santiago de Cuba, where he also directed the cultural relations department, edited the "University Review" and served as a member of the University Economic Council. He was the Detroit Economic Club speaker in November.

Mrs. Ralph Dissar arranged the program and tea hostesses for the day include Mrs. John Lisee, Mrs. Albert Ghesquiere, Mrs. Thomas Blessing, Mrs. Robert Niederoest, Mrs. Marvin Walters, Mrs. John Huetteman, Jr., Mrs. J. A. DeSantis, Mrs. Peter Dunn, Mrs. Emmett Eagen, Mrs. John McCormick and Mrs. Paul McNally.

Otsego Week

A group of Grosse Pointe Yacht Club members will pack up their ski togs Sunday and drive off for a long week at Otsego.

Mr. and Mrs. Paul Moreland, Mr. and Mrs. Arthur Stringari, Mr. and Mrs. Howard Shaw, Mr. and Mrs. J. Earl Fraser, Mr. and Mrs. Wayne Long and Mrs. Elmer Benzin were in the ski party. Mrs. Edward Schoenherr also went along and expects her husband to join her next week-end on the ski slopes.

Valentines for Gardeners

February promises to be as chilly and drear as January this year but the members of the Garden Club of Michigan refuse to surrender to the weatherman's prophecy.

On February 12 Mrs. Edward B. Caulkins, Jr. will open her Beverly road home for a meeting which will be called "Fun in February." Members are asked to bring, "an expression of love or patriotism using plant material and accessories; to be judged on originality and artistry."

Co-hostesses will be Mrs. William Crim, Miss Elsie DuCharme, Mrs. Reuben Waterman and Mrs. Alexander Wiener. The next meeting will be in mid-April.

League Dinner Dance

February will also be brightened by the Junior League's annual just for fun dinner dance for members and guests. This year all arrangements are in the capable hands of a master hostess, Mrs. Henry T. Ewald, Jr. The date is February 16 and the place, the Little Club. Al Navarro will play.

Board members of the Junior League and their husbands will meet before the party for cocktails at the home of the Victor Kenyons. Others giving cocktail parties will be the Jack Stephensons, the John Danahers and the Sterling E. Grahams, Jr.

GPYC Bids Teens To Valentine Hop

Tenth, Eleventh and Twelfth Graders Invited to Dance On February 8; Pointe Schools Represented On Committee Planning Record Hop

Grosse Pointe teenagers are invited to a Valentine's Day Dance, to be held at the Grosse Pointe Yacht on Friday, February 8, from 8:30 p.m. to midnight.

As the dance is on February 8, only a few days before Valentine's Day, it has been given the appropriate title, "The 8 of Hearts," and decorations will be red and white, with crepe paper streamers and hundreds of colorful balloons.

Heart-shaped cookies and traditional red Hawaiian Punch, included in the \$1.50 per couple admission charge, will be served. Dress is casual, but the party-goers are asked to keep in mind that they are being entertained at a club.

Entertainment will be provided by the well-known Ron Knowles, with today's popular records, and "surprise talent" in town for the week. The Royal Playboys, the Dynamics and the

Grosse Pointe Performers are also slated to perform.

Notices are now being sent out to Inter-Club members, and posters are being placed in the community schools by the following people: Toni Kiernan and Bill Demorest, Grosse Pointe High; Jeanette DeHayes and Mary Ellen Rutan, Our Lady Star of the Sea; Dan Cronin, Austin; Cookie Saile, St. Paul and Grosse Pointe University School.

This dance is for teens in the 10th, 11th, and 12th grades, and is open to Grosse Pointe area residents and Inter-Club members. Because of the large crowd anticipated, tickets will be sold at the door only, but the largeness of the Grosse Pointe Yacht Club ballroom assures plenty of room for everyone.

Martins Mark Anniversary

Mr. and Mrs. Richard J. Martin, of Lochmoor boulevard, entertained at a cocktail and dinner party last Friday, at the DAC to celebrate their 25th wedding anniversary.

Mr. and Mrs. Martin received in the club's Pontchartrain Room where cocktails were served, then moved to the main dining room for dinner and dancing to the music of Dick Wilson and his orchestra. Pink carnations and snapdragons decorated the two long tables, and touches of silver on the place cards were in the silver anniversary theme. Their daughter Sandra and their sons, Jerry and John with

their respective dates, Judy Knack and Carol Beiter, were among the guests.

Others present, all close friends of the hosts, were the E. D. Barretts, the Richard K. Degeners, the Rex Regans, the Terry Kuhns, Mr. and Mrs. Del Chalmers, Dr. and Mrs. Clarence J. Williams, the Edmund Bradys, Dr. and Mrs. Fred Watts, the Paul Marcos, the O. Luke Wightons, Dr. and Mrs. Stanley Smith, and the Jack W. Hoopers.

Sarah Evans Weds Richard J. Rickman

Speak Vows Saturday in Grosse Pointe Congregational Church With Reception Following at Lochmoor; After Trip to New York Will Live in Detroit

In Grosse Pointe Congregational Church Saturday Sarah Byrn Evans, daughter of Mr. and Mrs. Eli James Evans, of Trombley road, became the bride of Richard James Rickman, son of the Ernest B. Rickmans, of Charleston avenue.

She wore a gown of white satin accented with appliques of Chantilly lace and designed with a fan shaped train extending from a fitted jacket. Her Chantilly lace mantilla veil was imported from France and she carried a cascade of miniature white carnations, stephanotis and ivy.

a white beaded top and sapphire blue satin skirt with a matching blue jacket. Her flowers were camellias. Mrs. Rickman wore a deep red silk sheath with matching jacket and camellias.

For traveling to New York the bride chose a costume of nubby blue wool with a black velvet overblouse and velvet pill box. The newlyweds will live in a carriage house in Van Dyke avenue.

Susan Sanders, of Murfreesboro, Tenn., was her cousin's maid of honor and the attendants were Megan Lloyd, of Washington, D.C.; Mrs. John D. Stinson, of Farmington, and Mrs. Donald J. McCarty.

They wore white brocade gowns with matching Eton jackets and matching headbands. Their flowers were red and white carnations.

Richard E. Benson, of Ferndale, was best man and the ushers were James R. Long, of Birmingham; William J. Arthur II, of St. Clair Shores, and John A. Czajowski, of Warren.

For her daughter's wedding and the reception at Lochmoor Mrs. Evans chose a gown with home.

League to Hear Dr. K. B. Greene

New birth control methods undergoing field trials in Puerto Rico will be described by Dr. Katherine B. Greene at the annual luncheon meeting of the Planned Parenthood League, Inc.

Dr. Greene, former marriage counselor for Wayne County and Washtenaw County, visited Planned Parenthood clinics on a recent tour of Puerto Rico. Now in private practice as a clinical psychologist, Dr. Greene's subject will be "My Neighbor's Family."

The luncheon is scheduled for Wednesday, February 6, at 12:15 p.m. at Veterans Memorial Building. Planned Parenthood officers will be elected at the business meeting to be held preceding the luncheon. Mrs. Thatcher W. Rea, of Grosse Pointe, is the outgoing president.

Mrs. Rea will have two exciting Planned Parenthood League developments to report—the moving the Detroit headquarters and the opening of the new Oakland County clinic in Birmingham.

Offices of the League, formerly in the Downtown YWCA, are now located in the Professional Building, Peterboro and Woodward.

Mrs. Mildred F. Stern, Executive Director of the League, reports that the shift in location makes possible additional clinics to help handle the patient load which has doubled in the last year. The League continues to maintain clinics in four Detroit general hospitals.

The new quarters of the Planned Parenthood clinic in Oakland County is a white frame building at 212 Daines Street in the heart of downtown Birmingham. The clinic is named the Elizabeth Duffield Memorial Clinic in memory of Mrs. Mark B. Duffield, one of the League's staunchest supporters from the Oakland area. This new location will house all the Oakland County clinics and will make it possible to serve many more people from outlying areas.

Dr. Greene's lecture and the luncheon are open to the public. Tickets may be obtained by calling Planned Parenthood at Temple 2-7200.

Tutag-Beaupre Rites Read at St. Paul's

Trip to Chicago Follows Saturday Ceremony and Reception at Whittier; Newlyweds Will Live in Ann Arbor; Papal Blessing Read at Nuptials

In St. Paul's on the Lakeshore Saturday Diane Helen Beaupre, daughter of the Marvin E. Beaupres, of Ridgemont road, became the bride of Robert Stanley Tutag, son of the Stanley J. Tutags, of Cloverly road.

The bride wore a bell shaped white chiffon velvet gown designed with a bateau neckline and a wateau peau de soie train. A pearl trimmed velvet bow caught her bouffant veil of imported illusion and she carried carnations, stephanotis and ivy.

Mrs. Larry Paulus was her sister's matron of honor and the bridesmaids were Bonnie Beaupre, sister of the bride; Patricia Davison, cousin of the bride and Annette Urso.

They wore mauve velveteen sheaths with matching head-dresses and carried pink and

Pair Receive Blessing at Ceremony Saturday in St. Clare of Montefalco Church; Reception at Village Manor; Will Live in Royal Oak

A Papal blessing was read at the Saturday ceremony which united Mary Ann De Corte and P. James Carolin, Jr., in marriage, at St. Clare of Montefalco Church.

The bride wore a gown of white dulcette satin with an overskirt trimmed in lace, more lace edged the scooped neckline, the elbow length sleeves and trimmed the front of the overskirt and chapel train. A white satin crown caught her short bouffant veil and she carried butterfly orchids and stephanotis with her prayer book.

Ellen Ann De Corte, the bride's sister, was maid of honor in a deep green emerald velvet gown trimmed in satin. She carried a white fur muff and wore a white fur hat.

Dressed like the honor maid were the attendants Theodora Carnaghi, the bride's cousin; Peggy De Corte, the bride's

sister, and Mrs. Bradley Smith, sister of the bridegroom. Ralph Carolin was his brother's best man. They are the sons of the senior Carolins, of Birmingham. Ushering were Thomas C. De Corte, the bride's brother, Joseph Carolin, the bridegroom's brother, and Bradley Smith.

Mr. and Mrs. Thomas J. De Corte, of Bishop road, the bride's parents, were hosts at a reception at the Village Manor. Mrs. De Corte wore a beige silk faille dress with beige accessories and a brown orchid. Mrs. Carolin was in blue silk with matching accessories and a white orchid.

After a wedding trip the newlyweds will live in Royal Oak.

Two to Direct Cancer Crusade

Two Grosse Pointe women were named to share the responsibility of women's Crusade Committee Chairman for the Greater Detroit unit of the Michigan Cancer Foundation at a dinner meeting held Monday evening at the Cancer Center in Detroit.

The co-chairmen, Mrs. Martin S. Hayden, 218 Merriweather, and Mrs. Thomas F. Morrow, 1022 Yorkshire, were appointed by the Foundation's General Crusade chairman, Harold G. Warner, manager of the Cadillac Motor Car Division of General Motors Corporation.

Mrs. Morrow and Mrs. Hayden will be responsible for the recruitment and training of

Church Having Pancake Supper

Do you like pancakes? Does the idea of a pancake supper thrill you? Then forget that diet! The Grosse Pointe Congregational Church, 240 Chalofonte at Lothrop, is the place for you Friday night, February 1. At this time the church youth group, Pilgrim Fellowship, is holding its annual Pancake Supper.

The parent sponsors of Pilgrim Fellowship are Mr. and Mrs. Sumner G. Whittier, Dr. and Mrs. Donald Simmons, and Mr. and Mrs. William Reid. Jaye Whittier is general chairman for the supper. Ruth Edelen is in charge of waitresses and Ray Kreichelt is recruiting boys to serve as waiters. Telephoning all members of the church was the job of John Blackburn and Scott Gibson. Joan Mackley is in charge of publicity. The social hall of the church will be decorated by Jan Whittier and her

committee. Steve Gillis and Mike Briscoe are in charge of getting boys to set up the tables which will be set by Peggy Oyaas and her committee.

Jean Reid and Janet May are heads of the ticket committee, and Bob Taugner is collecting the money. Mrs. Sumner G. Whittier is in charge of getting mothers to help in the kitchen and Sally Harrison is recruiting girls to help the mothers. Ann Moltzau is head of the committee which is collecting all the food. Bill Lenz and Mike McCaleb are in charge of the clean-up committee.

Money made on the supper, which lasts from 5:30 to 8:30 o'clock will be donated to charity. Tickets may be purchased by calling Jaye Whittier, 886-0392, John Blackburn, TU 1-2051, or Sue Foster, TU 4-2409. Tickets may also be purchased at the door, but because of the 500 person limit, advance purchase is advisable.

Young Pianist Austin to Have Language Lab

Andre de la Varre, young Vienna-born pianist, will make his Detroit debut at Detroit Town Hall Wednesday, February 7, in the Fisher Theatre. The program will be held at 11 a.m.

De la Varre studied under Prof. Richard Hauser at the Vienna Academy of Music. He brings a flair and bravura to his playing which is often compared to Horowitz, and according to Paul Hume of the Washington Post, has "a technique which sweeps him through vast passages of flying lines." Tickets are available through the downtown office, WO 3-3617 or at the theatre the morning of the concert.

Facility in language is gained in a Language Lab, so Austin Mothers have spared nothing in planning a party to aid their project.

With Mrs. William Fitzgerald as chairman, arrangements are in full swing for the "Cherry Festival," an evening of cards, Wednesday, February 13, 8 p.m. at Austin.

Co-chairman, Mrs. Roderick McKnight has prizes and with such able committee women as Mrs. Francis Parker, Mrs. Michael Shirlila and Mrs. Samuel Sire Austin's Language Lab will start rolling.

Provide for a rainy day, but don't let it prevent you from enjoying the sunny weather.

Look before you leap, but don't spend all your time looking.

Chi Omegas to See Films of Greek Islands

"Greece, Land of Myth and History" will be the topic discussed by Virginia Hoelzle at the monthly meeting of Chi Omega Alumnae on Wednesday, February 6.

The group will meet for dessert at 8 p.m. at Hospitality Center in the Village, before viewing slides taken by Miss Hoelzle last summer while touring the Greek Islands and the mainland. Chairman of the evening's program is Mrs. K. R. Wolfe.

District Nursing Society To Meet on Wednesday

The regular meeting of the District Nursing Society will be held Wednesday at 11 o'clock at 174 Touraine road. Hostesses are Mrs. Harry W. Plaggemeyer and Mrs. Boyer Candler.

This stately English residence has a commanding view across its 297 ft. of sea wall with no intervening street. We don't go for superlatives as a rule, but we think this is the finest piece of lake property in Grosse Pointe. The valuable, tasteful, well-kept house was built to make the most of its site. Its 30'x31' Living room, Solarium, Dining room and Patio all have good exposure to the superb view—also three of the five main Bedrooms. Fine as the house is, we believe that the land alone is worth the price of \$99,500. Shown by appointment.

Dads, Sons Feted at DAC Luncheon

Entertained by swimming races and stage show last Saturday; wives bowl at Saturday evening dinner dance following Father-Son festivity

Two big, wonderful parties kept the Detroit Athletic Club at a high pitch last Saturday. Each was handsome and exciting; each had its particular standout points.

At the Fathers' and Sons' Party between 12 noon and 3 p.m., the souvenir gifts of flashlights to the sons were something to remember; at the DAC Bowlers Party for the ladies in the evening, everything was

standout, with emphasis on the bowling by the distaff side from 11 p.m. on. Fathers and sons were at their most polished best. The swimming races started the fete, next was luncheon in the gymnasium with the overflow crowd from the Pontchartrain Room occupying balcony seats for the stage show. In all, some 650 were present.

Of course the flashlights had a steady play when the house lights went down for the first entertainer, Magician Don Alan. The wizard of legerdemain did all sorts of mystifying things with cards, kerchiefs, and what appeared to be an endless rope.

The flashlights had a real workout when Singer Maralini Niska bowed in. She had the boys blink their lights when she sang "Do Re Mi," and other selections. Everyone joined in the repetitive chorus of "She's Coming 'Round the Mountain When She Comes" and the beams of light were positively dazzling. Dick Wilson and his band played.

A few of the many from Grosse Pointe were Wilfred D. Gmeiner, his son Frank Gmeiner, son-in-law John Fife and grandson Johnny Fife. With them were young Johnny's great-grandfather Harvey Campbell, the young lad's other grandfather, D. Lyle Fife, and the latter's other son Robert Fife. George Brooks had sons Todd, Mark and Craig, the boy's friend, Mark Valade, with him, and Pierre V. Heffler brought his son Peter.

With Richard A. Schrage were Rick, Jim, Peter and David; a three-generation group included Robert L. Gottfredson, his sons Robert, Michael and James, and his father, Robert B. Gottfredson. Reece B. Oberbauer brought a trio of grandsons, George and Reece McDonnell and Douglas McClure; A. C. Dickson, his son A. C. Jr. and grandsons Henry and Clark were together, and with Troy Maschmeyer was Troy Jr.

At the Bowlers' formal fete, floor-length evening dresses vied with the short length styles. An absorbing facet of this party is its continuous motion, from the early evening cocktail hour in the gym through the hours of dancing and dining on the second floor, the visiting back and forth between second floor and lower level bowling alleys in the late evening.

Mrs. Arnold Hofmann, in a short-length blue dress, and Mrs. Thomas Lot were making strikes and spares with regularity; Mr. George Hooper, so pretty in a pastel green lustrous satin with bodice of pale gold and green design, was a score keeper. Because the annual Bowlers' Party for the ladies is the only time in the whole year the distaff side may invade the DAC alleys, the men stand back and form an audience.

Frank J. Gossinger, bowling chairman, and Mrs. Gossinger were there early. Souvenir gifts to the women were transistor radios; dancing was to music of Artie Fields and his orchestra; Florian Zabach, violinist, and the singing duo of Karen Anders and Peggy Hadley entertained.

Among Grosse Pointers there were the William H. Sigworths, Jr., the Hans Ernes, Howard Davidsons, the Richard H. Campbells, Mr. and Mrs. Merritt C. Schwenk Jr., the J. Earl Frasers, the M. F. McCaffreys, Mr. and Mrs. Franklin Williams, Mr. and Mrs. Jack A. Tompkins, the Robert B. Johnstones, the John Cooleys, Kenneth Reiches, the Gaylord Hulberts, and on and on.

Named Liggett School Trustees Mrs. Benson Ford, Mrs. Horace C. Ford, Mrs. Lynden J. Kaufmann and Mrs. Charles M. White have been appointed to the Board of Trustees of the Liggett School, according to President William D. Gilbride.

Other Trustees are: Richard K. Simonds, vice-president, Mrs. Albert C. Dickson, Jr., secretary, Henry Bodman II, treasurer, Miss Katharine Ogden, headmistress, Mrs. M. M. Burgess, John C. Hodges, Lansing M. Pittman, Reuben Rydning, William C. Tost, James H. Wineman, Mrs. John D. Payne, president of the Associate Alumnae, Mrs. James F. Hirschfeld, Mother's Club committee member and Fred T. Moran, Dads for Liggett member.

Chairmen of the affair will be Mrs. Clyde Dense and Mrs. Julian Broughton assisting. Call TU 1-6010 for ticket information.

The Detroit Boat Club will present its Snow Ball on February 2. Earl Perkins will play for dancing in a scene of frosty snowflakes and trees. A large white vice-covered canopy will cover the ballroom and individual tables will be decorated with tiny white trees.

Kids' Theater Set to Enroll

All young Grosse Pointers ages 7 to 17 who are interested in any phase of stage work are cordially invited to join the War Memorial's Grosse Pointe Children's Theater which is enrolling members for the spring season this Saturday, February 2.

Beginners meet from 9:30 to 11:30 a.m., apprentices 11:30 a.m. to 1:30 p.m., intermediates 1:30 to 3:30 p.m. and the advanced members 3:30 to 5:30 p.m.

Under the direction of Mrs. Sydney Reynolds, formerly of the Liggett School faculty, the young people learn acting, directing, voice culture, stagecraft, makeup, lighting and script preparation.

The Center's new William Fries Auditorium will be the setting for the Children's Theater's spring productions which will include one act, full length dramas and possibly a musical. All training and most rehearsals take place in Alger House with the carriage house serving as scene shop.

Many members of the Children's Theater have made names for themselves in the fields of radio and TV and all have developed poise, a sense of confidence and ability and an appreciation of the theater.

The membership fee in the Children's Theater is \$36 covering 15 weeks training, rehearsals and productions.

Above—PAK's new multi-color Goss Universal circular and newspaper presses with dual folders.

Above — PAK's newest Goss Dek-a-Tube circular and newspaper press.

Here at "PAK" we have added another fast, smooth and very flexible press to our newspaper-circular line—it is what is known as a **GOSS DEK-A-TUBE** Built for multiple changes on long or short "runs," this press fills a gap in PAK's ability to economically cover the newspaper-circular field.

PAK's giant Goss Universal multi-color newspaper press, along with ATF's Webendorfer offset presses provide "PAK" with a wide choice in the production of all your printing needs.

PAK fulfills the mechanical needs of Metropolitan Detroit's leading weekly newspapers with all the rhythm of a "Met" newspaper.

PAK fulfills the publisher's dream of finer quality newspapers with its versatile offset presses.

PAK prints a "calling card" with all the care given to a multi-color, multi-million run.

How does "PAK" do it? By positioning and departmentalization . . . and lots of opportunity for men who want to go places with "PAK"!

FOR ALL YOUR PRINTING NEEDS

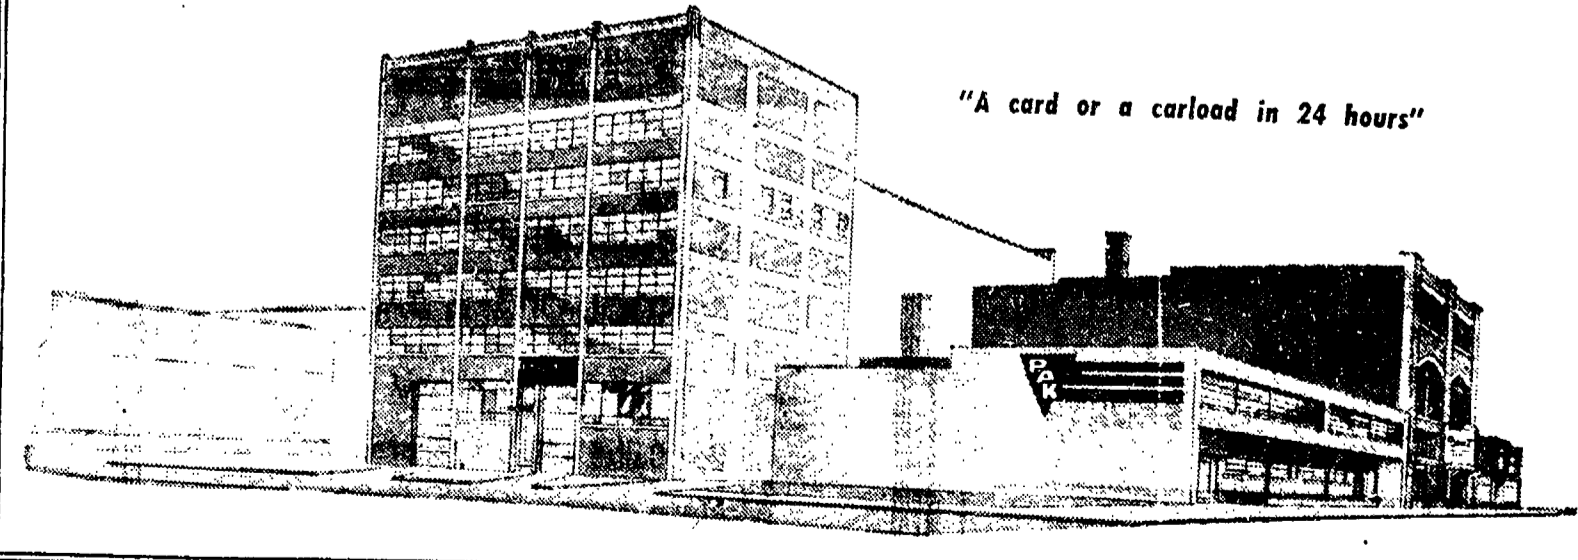

FROM NEWSPRINT TO ENAMEL ON ROLL-FED

Roll-fed offset offers a choice of paper material that may be used to enhance the lithographed product. The new presses are capable of printing on gloss enamel papers of 60-lb. basic weight and down the scale, through a wide range of stock, to "0" grade newsprint. There's practically no limit to the volume of products that can be printed on Kramer's new Webendorfer roll-fed offset presses.

BY APPOINTMENT

IMPROBABLE but not IMPOSSIBLE. A four bedroom 2 1/2 bath home in the City for under \$30,000. First block off Jefferson, and just a few minutes hike to Village shopping and Maire school.

SHOWS LIKE NEW and could be for you. A Cape Cod with four bedrooms. In the City. Special feature is the gigantic family room easily accessible to the kitchen. \$23,000.

CHECK OUT THESE TWO rental opportunities which are also offered with an option to buy: A three bedroom colonial in the Farms with library and 2 1/2 baths; also a ranch home in the Woods with family room and 2 baths.

THE EXTERIOR is deceiving, so step inside this colonial on Prestwick. This three bedroom really "opens up" and offers a floor plan which "flows" from room to room. Separate dining room and family room.

LIKE THE QUIET atmosphere of a tree lined, dead end lane? Like to have four bedrooms yet stay under forty thousand? Like accessibility to schools, bus, and the Farms Pier? Call us. LIKE NOW.

SEE FOR YOURSELF how much charm can come with one house. This home on Stephens Road has a family room which opens off the kitchen and has its own heating system. Full basement includes a tile bath and most complete party room. Under forty thousand.

leaders support, with some reservations, Mr. Kennedy's contention that individual and corporate tax reductions would serve to stimulate the economy. But many feel the Government should simultaneously curtail its own spending, and some fear gigantic deficits and inflation.

According to a survey in The Wall Street Journal, many small corporations — principal business beneficiaries of the Administration's proposed tax cut program — plan to use savings for capital improvement or expansion of existing facilities. Small businessmen indicated the reductions would "help them combat their perennial problem of getting enough capital to do the things they want to do." New York Stock Exchange president Keith Fuston, commenting on Kennedy's over-all outline of the tax revision program, welcomed cuts but added that the President's avowed objectives of increasing economic growth incentives were flatly contradicted by proposals to repeal the \$50 dividend exclusion and four percent credit on dividend income above \$50, and lengthening the capital gains holding period from six months to one year. Two top oil industry spokesmen stated their businesses would be hurt by Mr. Kennedy's proposed changes in oil tax policy.

The powerful House Appropriations Committee organized Friday in Washington, its leaders urging members to slash Kennedy's \$98.8-billion budget. "I've never seen a budget that couldn't be cut," Committee Chairman Clarence Cannon told newsmen after the 50-man group's first closed-door session. "This one is no exception." * * *

STATE AND BLOOMFIELD Township Police are searching for the sniper, believed to be a teenager more interested in vandalism than murder, who shot and killed Mrs. Mary M. Godfrey, 38-year-old mother of five, as she stood at the kitchen sink in her suburban home between 9 and 9:30 p.m. Friday evening. Mrs. Godfrey died instantly when a .22-caliber bullet penetrated two thicknesses of plate glass, brushed aside a translucent drape, and entered the soft tissue at the inside corner of her left eye, lodging in her brain. It was Bloomfield Township's third sniping incident in less than two weeks, but the previous shootings caused only minor damage and were almost ignored by uninjured householders. * * *

ANDREW C. BAIRD, Wayne County sheriff for 11 terms, died yesterday in Detroit Memorial Hospital. He was 83. "Old Andy" succumbed to pneumonia, which developed last Tuesday, complicated by the skin ailment which reportedly forced his hospitalization last November 14, shortly after his November 6 election to his 11th term as Wayne County sheriff. First elected in 1940, Baird's re-election was almost a foregone conclusion in every succeeding poll. He lost only once in 23 years, in 1946, when Republicans swept Wayne County offices. Baird had been in poor health for some time, was repeatedly urged to retire but refused. For the past several years, officials argued that the post of Wayne County sheriff was an anachronism that should be abolished, and that Baird should step down, but voters disagreed and, last fall, re-elected the feeble, ailing octogenarian who spent most of his time sitting in his County Jail apartment playing cribbage, while Undersheriff William C. Ryan ran the department. There was little even for Ryan to do, as nearly all law enforcement in Wayne County is handled by community police departments.

Baird in his prime was a wise-cracking, tough "character" with a predilection for practical jokes. His courtroom capers, before he left an active law practice to supervise the sheriff's department, were legendary—in one case, when he kept referring to "10 pieces of silver," another counselor, during a recess, asked if he meant the biblical "30 pieces of silver." "So I said it three times, didn't I?" Baird replied testily. Born in Brantford, Ont., he was a Wayne County Democratic Party chairman for 10 years early in his career, first came to the public's attention as an assistant U.S. attorney prosecuting World War I draft dodgers.

Amendment to
DUTCH ELM DISEASE ORDINANCE
Ordinance No. 155

AN ORDINANCE TO AMEND SECTION 1 OF AN ORDINANCE ENTITLED, "AN ORDINANCE TO PROVIDE FOR THE CONTROL AND ERADICATION OF DUTCH ELM DISEASE; TO PROVIDE FOR THE SPRAYING OF ELM TREES AND THE DESTRUCTION OF ELM TREES INFECTED WITH DUTCH ELM DISEASE; AND TO DECLARE SUCH INFECTED ELMs A PUBLIC NUISANCE; AND TO PROVIDE PENALTIES FOR THE VIOLATION OF THIS ORDINANCE," BEING ORDINANCE NO. 125. The City of Grosse Pointe Farms ordains:

Section 1. Section 1 of Ordinance No. 125, entitled "An Ordinance to Provide for the Control and Eradication of Dutch Elm Disease; to Provide for the Spraying of Elm Trees and the Destruction of Elm Trees Infected with Dutch Elm Disease and to Declare such Infected Elms a Public Nuisance, and to Provide Penalties for the Violation of this Ordinance" is hereby amended to read as follows:

"Section 1. Every person, firm or corporation which owns or has under its control any elm tree located within the city limits is required to have such properly sprayed each year with an insecticide spray. The type of spray to be used shall be one approved by the City Manager and a list of such will be available in his office. The required number of sprays during each year and the time periods in which such are to be completed shall be determined by the City Council and all tax payers shall be notified by first class mail during the month of February concerning the Council's determination. The city may arrange with a private contractor to offer a spray service for privately owned elm trees and shall so advise in such notice. If the owner or person in control desires to make use of such service, he shall so advise the city by the date set forth in the notice and shall accept such service at his sole cost, except as to responsibility. In the alternative, such owner or person in control may use his own contractor to do such spraying, and it shall be his responsibility to see that such work is completed within the required time period. In the latter instance, the owner or person in control is required to file with the City Manager, within 20 days after such spraying, a statement from his contractor describing the number and location of the elm trees which were sprayed for such owner or person in control and failure to do so file such statement shall constitute a violation of this ordinance.

Section 2. This Ordinance is declared to be immediately necessary for the preservation of the public peace, health and safety and is given immediate effect. Enacted: January 21, 1963.

Drugs, then chemicals and dyestuffs, these are the products on which four generations of Eatons have founded their Detroit fortunes. The first Eaton, Theodore, was born in New Jersey in 1815 of a pioneer family which had come to America in 1660. On the maternal side he was descended from Judge John Berrien, in whose home George Washington is said to have written his farewell address to the army in 1783. Another Berrien was a builder of the Michigan Central Railroad and the engineer in whose honor Berrien County in this state was named.

Theodore H. Eaton was apprenticed to a New York druggist to learn the business and upon completion of the Erie Canal traveled to Buffalo, then a Western frontier city, to start a branch of the firm. In 1842, three years after his marriage to Anne Gibbs, he came to Detroit. He knew the country around the city well, having explored the wilderness on horseback many times. He developed the drug firm of Riley and Ackerly but lost virtually everything in the great Detroit fire of 1848, when his business at Randolph and Jefferson was destroyed. In 1848 he built a new store at Woodward and Atwater and the firm became Theodore H. Eaton and Son.

A great philanthropist Theodore Eaton was the virtual founder of St. Luke's hospital and a pillar of the Episcopal Church in Michigan. In politics he was first a Whig and then a Democrat. A man with great breadth of vision he brought workers from New York to install gas pipes for light in his East Jefferson avenue residence, three years before Detroit installed gas. He was, of course, a founder of the Detroit Gas Light Co.

The Eatons had two children, Mary, who married Lt. Thomas W. Lord, USA, who died in Texas, and Theodore H. Eaton, Jr., who inherited the family business.

The young heir had been educated at Rev. M. H. Hunter's academy for boys on Grosse Ile and then traveled abroad where he learned all about chemicals and dyes. He married Louise Casey, of Atlanta, Ga., and after her death two years later in 1882 he married Elizabeth Clark, daughter of an Episcopal pastor. They had three children, a son who died young, Margaret, who married John W. Grout, and Berrien C. Eaton.

Theodore H. Eaton, Jr., was a senior warden of St. Paul's Episcopal Church and built a chapel as a memorial to his mother on the site where the present cathedral stands. Before his death in 1911 his company, now dealing in chemicals rather than drugs, became the Eaton-Clark Co.

His son, Berrien, educated at the old Detroit University School, Lawrenceville, and Williams College, fought in France as an officer in the cavalry in World War I. He became president of his father's company and moved his family to Grosse Pointe to a home in Bishop road. The old family home in East Jefferson became a hospital. He married Gladys Hambleton and today the Eatons still live in Bishop road. Their son, Berrien C. Eaton, Jr., and wife, Charlotte Chapman, live in University place.

The standard sight-seeing tours of Detroit, offered to visitors, have included Greenfield Village, Cranbrook, the Art Institute and an auto assembly line. To this list has been added a new attraction, reports Mrs. John Bockstanz, who believes she has seen all there is to see in Detroit after escorting her New Zealand house guests about. Biggest attraction to the tourists from down under was the big war surplus store by the city airport. So many bargains did the New Zealanders buy, their purchases had to be shipped home by special truck.

George McMullen, who has so brilliantly masterminded the Fries Auditorium lectures, has received many kudos for his introductions of the speakers. Last week, after Leonard Woodcock's talk, he received a call from the UAW's controversial commentator, Guy Nunn, who had heard of Mr. M.'s introduction of Woodcock. He invited Mr. McMullen for lunch to discuss the tape of the speech. Perhaps a future broadcast by the redoubtable Mr. Nunn will be of interest to Pointers as a result of this conclave!

When Mrs. Edward Wishropp entertained the Fair Committee of Grosse Pointe Memorial Church last week on an epic below zero morning she added a Continental touch to the coffee hour. Since Dr. Wishropp's first visit to Europe some seasons past they have become fans of the hot milk and coffee habit so prevalent abroad. Mrs. W. had steaming hot milk to add to the coffee for committee members Mrs. Samuel Turner, Mrs. Harry M. Sisson and Mrs. William Chesbrough, who thought this custom very special for our bitter cold mornings.

Fashion has had to be sacrificed to weather this record breaking winter but Cynthia Weiss has solved the chill but chic problem. She discovered a roaring twenties full length racoon coat in the Lewiston road attic of her parents, the Fred Weiss' home. Every morning she reports to classes at the Convent muffled to the ears and looking exactly like Betty Co-Ed.

PILFERINGS

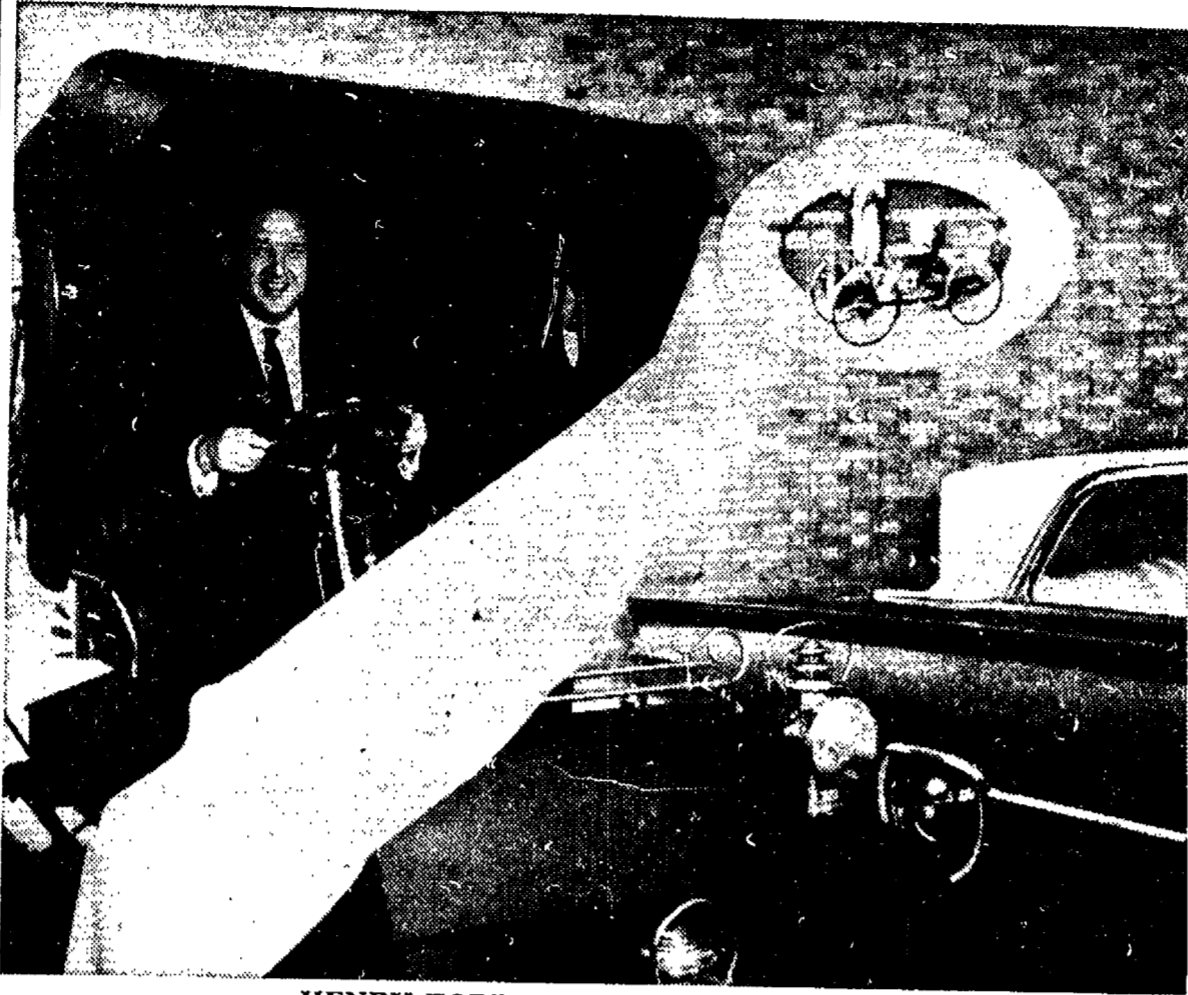

Husband to sleepy, tousled wife at breakfast table: "When do you go back to the beauty parlor for a checkup?"

An acquaintance asked Jackie Gleason if he wasn't putting on a little weight. "All I can tell you" Gleason said, "is that the other day I got on a weighing machine that stamps your weight on a card. When the card came out it said, 'Come back in ten minutes—alone.'"

Mother to little boy who has opened the door for his father: "Stop saying, 'It's only Daddy—' even if it is only Daddy!"

Small scholar to friend: "Sure I worry about grades — but I worry more about creating a favorable pupil image."

Pointer of Interest

HENRY FORD II, of Lakeshore road

By Patricia Talbot

The 1960's may be the age of the corporation with the conformity of the company man the ideal executive image, but one of America's top executives, Henry Ford II, stands up strongly for the responsibility of the individual citizen.

He has just returned from a three-week trip to South America which has renewed his confidence in the challenge and opportunity to be found in the countries south of the equator. This latest trip was one of many he has made as chairman of the board and chief executive officer of the nation's third largest corporation, the Ford Motor Company.

On January 31 the auto executive will speak on "The Responsibility of the Individual Citizen" in the lecture series sponsored by the War Memorial in the new Fries Auditorium.

Likes Personal Contact

When Mr. Ford travels abroad he talks to as many people as he possibly can. They include government officials, industrialists, civic leaders and of course Ford personnel—executives and workers alike.

As the grandson of the man who put this nation on wheels Henry Ford, this affable, round faced well set up man who wears his 44 years lightly, had grave problems when he inherited Ford Motor Company's leadership in 1949.

His grandfather in his later years had led his company into trouble. Ford Motor Co. came out of World War II losing money at the gigantic rate of nine million dollars a month. Young Henry, at 28, assumed the presidency with little experience, an undistinguished academic record at Hotchkiss and Yale, some service in the Navy, and an amiable disposition, qualifications which his friends and critics felt would be little help to him in assisting his grandfather's company out of the quagmire.

Has Rebuilt Company

In 16 years Henry Ford has rebuilt his automobile company into a tremendously successful corporation. In market penetration, manufacturing efficiency and profit Ford stands second to only one corporation in its field and the credit is due to the

Wellesley Club To Hear Report

Detroit Wellesley Club members will gather on Thursday, February 7, at 6:30 p.m., for a dinner meeting at the home of Mrs. Henry C. Kohring, 305 Touraine road.

Co-chairmen of arrangements are Mrs. Douglas Donald, Jr., and Mrs. Herbert P. Bartlett, of Grosse Pointe.

Reservations are being received by Mrs. William H. Webb, of St. Clair Shores.

Club members will hear a Councilor's Report from their president, Mrs. Samuel A. Hess, of Detroit, who is representing the Detroit club at the annual Alumnae Council being held at the college in Wellesley, Mass. January 31 through February 3.

chairman of the board, Henry Ford II.

He had ability to choose the right executives to help him and he was never afraid to take a risk, even when that risk failed. He gambled and lost \$350 million dollars on the late Edsel model but Ford Motor Co. has continued to grow. He has pursued the foreign market, making the decision to buy outstanding shares of Ford of England even when President Eisenhower was asking for restraint in spending abroad because of the adverse movement of gold from the U. S. Treasury. He is immovable when he believes he has made the right decision.

Far from the eccentric executive his grandfather often seemed, he is willing to learn from others. "Often the trouble is not that we don't know what is good for us but we don't like it."

Citizen Is Important

Mr. Ford is convinced an enlightened and responsible citizen is an important force in solving not only local or community problems but world problems as well.

"I believe that if the people of this country—private citizens like you and me—will get interested more deeply in these problems and their possible solutions, then we shall be getting at the basic key to success."

Henry Ford as a private citizen, admittedly with more authority and means at his command than most, has done more than talk about individual responsibility. His heavy travel schedule includes frequent trips to Washington where he is an active member of the President's Advisory Council on Labor-Management Policy. He is also a member of the Business Council, a private group of leading business executives who meet regularly to discuss the business outlook among themselves and government officials. He is a trustee of the Ford Foundation and served as an alternate US delegate to the

Interested in Art

Locally Mr. Ford has contributed a number of important works of art to the Detroit Institute, an interest he shares with his wife, the former Anne McDonnell. He was one of the leaders in 1949 in establishing Detroit's United Foundation.

The Fords live in a gracious Georgian mansion, built by the late automotive head of Hudson Motor Co., Roy D. Chapin, with their three children, Charlotte, Anne and Edsel. They have a summer home in Southampton, L. I., where the attractive, chic, blond Mrs. Ford spent her childhood.

When he assumed presidency of his company he became its fourth head since its founding, succeeding John Gray; his father, Edsel Ford, and his grandfather, the first Henry. He early showed what he expected from his executives, that they work as hard as he does. A man who knows him well says "He has developed into a classic executive in the way he conducts himself and uses people. He's well prepared always. He has a knack of cutting through the chaff and getting down to the nubbin. When he's going to say something, he doesn't make a speech. He is very concise."

Decisive and Competitive

He is as decisive and competitive as his grandfather with his father's gentility and concern for the world around him. He has educated himself in the tough world of the corporation. He has the strength to fire executives when they don't do the job and leave those who do alone.

He is as well known and respected abroad as he is in this country. A foreign trade association seeking a speaker for the auto industry invited Ford because "this is the only name that means anything over here." It means a great deal here too, to Grosse Pointe, to Detroit, to America.
