Thursday, March 7
PRESIDENT KENNEDY is not satisfied with the rate at which Russian troops are being pulled out of Cuba. Addressing a Washington press conference, the President said yesterday that he has no precise information on the number of Soviet forces withdrawn, but admitted they are not being removed as fast as the United States would like. Kennedy ruled out the possibility of a blockade to cut Russian oil shipments to Cuba, saying that such a measure would invite open war with the Soviets "and at this time we do not believe that to war in the Caribbean is the national advantage." According to Maj. Gen. Alva R. Fitch, chief of Army intelligence, there is no indication that Soviet ground force units have departed from Cuba. Fitch told a Senate Preparedness subcommittee that the only Soviet troops to be pulled out so far are those forces which were attached to the previously withdrawn missiles.

ANY SUBSTANTIAL cuts in his proposed national budget would, according to the President of the United States, either endanger America's lead in the space and/or arms race, or curtail programs "essential to a better life for our people." Kennedy predicted Wednesday that Congress will pass a tax cut bill retaining the "important elements" of his recommended revenue raising reforms.

MUCH OF NORWICH, Conn., was under water today, flooded after a rain-weakened dam burst Wednesday night, sending cascades into the city's mile-distant downtown area. Power failures plunged large sections of the city into darkness, and many apartment dwellers were evacuated. The water's force caused a lumber mill to collapse. Police found three small children, the oldest about 4, unconscious in a tree directly in the flood path. The youngsters' parents are unknown.

AMERICA'S UNEMPLOYMENT rate for February, 1963, rose to 6.1 percent, highest in 14 months, despite the fact that total February employment was the highest in U.S. history. This disclosure, contained in a Labor Department report released Thursday, prompted AFL-CIO President George Meany to demand an immediate and substantial tax cut "so desperately needed to revive the national economy." W. Willard Wirtz, U.S. Secretary of Labor, joined Meany in urging speedy Congressional action on the Administration's tax cut and reform proposals. "Unemployment can be expected to increase in the coming months unless Congress acts quickly," Wirtz maintained. The Labor Secretary added, however, that he sees no indications of a general recession.

LAVERNE ANDERSON, Belleville's gun-toting airplane hijacker, came down to earth yesterday—in the middle of an Oakland County section of Northwestern Highway—after a five-hour spree in a stolen plane. Anderson's low-level aerial maneuvers over Birmingham were designed to convince his wife, currently living with her grandmother in Livonia, to return to him. The 22-year-old "pilot," who never obtained a flyer's license, stole a \$65,000 twin-engine Piper Aztec, dove and swooped over Wayne and Oakland counties, finally landing when a door of the plane flew open. He was chased during part of his time in the air, first by an FAA DC-3, later by a privately-owned Aztec, but neither plane could catch the renegade pilot. Anderson, charged with "unlawfully taking and using an aircraft," has been bound over to Oakland County Circuit Court.

SOVIET PREMIER Nikita Khrushchev's son-in-law and daughter, the Alexei Adzhubeis, visited Pope John in a private audience at Vatican City yesterday. This is the first time the Roman Catholic leader has met

Con Artists Get Cash at Gas Station

Pair in Car With Pennsylvania Plates Sought For Questioning After Tapping Till

Two men, in a car with Pennsylvania license plates, are being sought for questioning in the theft of a small sum of money from the cash register of D'Hondt's Service Station, 20700 Mack, on Wednesday, March 6.

James Collins, 17, of 1785 Anita, told police that the car, with two men in it, pulled into the station for gas. One man went in the building.

The other man, the driver, bought \$1.85 worth of gas, and gave Collins a \$10 bill. As the youth was making change, the man asked for return of the bill and presented a \$20 bill. The second man remained in the building.

Collins said that after giving the purchaser his change, both men got into the car and drove off. The youth said he then became suspicious.

On checking the cash register, Collins said, he discovered a \$10 bill missing.

He described the driver as being about five feet eleven inches tall, about 45 years old, and wearing a tweed coat and a small brim hat. The only description Collins could give of the other man was that he was wearing shabby clothes.

Farms Awaiting Decision In Possible Traffic Death

Whether or not a warrant will be issued against a 17-year-old driver, whose car struck a pedestrian on Friday, March 8, was determined by the Wayne County Prosecutor's Office yesterday, March 13, too late for this issue of the NEWS.

The pedestrian, Robert Peterson, 56, of 932 Lincoln road, died in St. John Hospital at 5:45 a.m. on Monday, March 11. He suffered a fractured skull and a broken pelvis when hit while crossing Mack avenue at Moross road.

The driver of the automobile that struck Peterson was Alan R. Bauer of 4879 Woodhall, Detroit.

Farms Det. Sgts. George Van Tien and Jack Paisley said that the Prosecutor's Office could not reach a final decision until yesterday because one of sev-

Follow-Up Study of GPHS 1962 Graduates Produces Interesting Statistics

High Proportion of Students Continue to Seek Higher Education; State Institutions Attract Largest Percentage

Each year, the guidance department of Grosse Pointe High School, led by Dr. Robert Hanson, makes a follow-up study of the previous June's graduating class. Dr. Charles H. Wilson, Superintendent of Public Schools, included a resume of the just-completed current study in his report to the Grosse Pointe Board of Education, meeting in regular session last Monday, March 11, at the Board Room in St. Clair avenue.

The study shows a continuing high proportion of Grosse Pointe graduates going on to further education. Approximately 75 percent of the June, 1962,

class is actually enrolled in college, junior college, or a special school for advanced training.

Seventy-seven at U-M These students have been accepted at a total of 88 degree granting institutions, 19 junior colleges and 18 special schools. The 1962 graduates seem to favor institutions of higher learning located within the state.

Seventy-seven are currently enrolled in the University of Michigan, 73 in Michigan State University, 26 in Wayne State University, and 23 in Central Michigan University.

Other colleges and universities with one or more June, 1962, Grosse Pointe High graduates currently members of the student body include Adrian, Albion, Alma, Amherst, the American University, Bryn Mawr, Duke, Oberlin and the U.S. Naval Academy.

Among the junior colleges chosen by last year's high school graduating class are South Macomb Community College, Stephens, Sullins Junior College, San Jose City College and Highland Park Junior College. Special schools include Arts and Crafts, I.B.M. School, Parsons School of Design, Detroit Institute of Commerce and Detroit Business Institute.

Fewer Unemployed One desirable change noted by the Superintendent of Schools is in the number of unemployed in the 1962 graduating class. Only 18 students are currently in this category, compared with a reported 30 in the 1961 class.

Total employment is also up, with 17 percent of the 1962 graduates working, as compared to 14 percent of the 1961 class shown in last year's study.

Of the 713 June, 1962 graduates, 452 entered degree granting colleges, 66 entered junior colleges, and 28 entered special schools. Nineteen are currently in military service, 121 are employed (111 full time, 10 part time), seven are married and not otherwise employed and two have entered other secondary schools.

An additional 37 1962 graduates plan to enter college some time in the future, while 12 are attending school part time.

The detectives said that a post mortem hearing in the Wayne County Medical Examiner's Office held on Tuesday, March 12, will determine whether or not Peterson died as a result of the accident injuries.

Hard Winter Very Hard on City Budgets

Total Expenditure Set at \$45,813, Excluding Salt Costs; Snowfall Was 26.5 Inches

The unusually heavy snowfall this winter has cost the Pointe a staggering amount of money for labor and salt purchases, according to official figures.

From the first snowfall on December 6 through February 28, the Pointe communities expended a total of \$45,813.44, plus the cost of an additional 1,640 tons of salt, most of which was spread on streets and sidewalks.

The total tonnage of salt used, according to released figures, was 4,832.

Official United States Weather Bureau records at the Farms Storm Water Pumping Station, Chalfonte and Kerby, showed that a total of 26.5 inches of snow fell from December 6 through February 28, it was disclosed by Douglas Feben, chief chemist.

The snowfall for December was 11.1 inches, for January, 10.6 inches, and last month, 4.8 inches, according to Feben. He also revealed that during February no less than two inches and no more than five inches of snow has remained constantly on the ground during the entire month.

These are the figures on snow and ice removal costs and salt tonnage used by each of the Pointes for the three months:

Park—\$7,817.22 for labor, 935 tons of salt; Farms—\$15,784.75 for labor, 1,750 tons of salt; Woods—\$16,195.24 for labor, 1,493 tons of salt; City—\$4,355.78 for labor, 534 tons of salt; and Shores—\$1,660.45 for labor, 120 tons of salt.

Vandals Smash Flood Lights

Vandals broke several flood lights at Brooks Travel Agency, 18164 Mack, some time before 12:55 a.m. Saturday, March 9.

The broken lights were discovered by City Police Officers Edward H. Behrend and Virgil G. Beaupre, on regular patrol in the area. Behrend and Beaupre report that the lights, located near the ground and easily accessible, were removed from their sockets and smashed on the pavement.

LIGHT BROKEN

Several unknown boys broke the front porch light of his home, John Corbin of 1611 Anita, complained to Woods police on Monday, March 4. Damage was set at \$5.

Auto Firm Given Parking Lot Okay By Park Council

Residents Object But Officials Feel Creation of Attractive Area Will Improve Site and Help Solve Drastic Parking Problem

In spite of residents who protested, the Park council on Monday, March 11, authorized a permit to be granted to the Tom Rousseau Buick, Inc., 15103 Kercheval, to construct a 15-space parking lot.

The council took this action following a public hearing held in the council chambers, with residents of Lakepointe and Maryland present.

Chief objectors to the construction of the lot were Patrick H. Conlon of 1219 Lakepointe, whose property line abuts the lot; and Mr. and Mrs. Frank Dilloway of 1235 Lakepointe. Messrs. Conlon and Dilloway are retired Park policemen.

The prime objection to the lot, according to Conlon and Dilloway and the other residents, was that its development would increase the parking problem in the alley, create an added nuisance from noise of automobiles and decrease property values of the neighborhood.

Mead Is Attorney

Hudson Mead of 420 Washington, attorney for the car sales firm, told the council and residents that the company does not own the lot, but has a lease on it, and wants to develop the lot to eliminate the illegal parking in the alley, and also to do away with parking

Farms Submits Building Report

The value of building construction for the first two months of this year in the Farms has shown a decided increase, compared to the same period last year, according to a monthly building report submitted by City Engineer Murray M. Smith.

From January 1 through February 28, 1963, Smith disclosed that the Building Department approved a total of 14 permits for edifices valued at a total of \$295,500.

During the same time last year, 10 permits were issued for construction valued at a total of \$108,000.

Last month, seven permits were approved for buildings valued at \$148,000, whereas, in February last year, only five permits for buildings worth \$102,600, were okayed.

During the first two months of this year, Mr. Smith stated, his department issued four permits for residential construction valued at \$193,000, and 10 permits were handed out for miscellaneous buildings valued at \$102,500.

Last year, two permits were issued for homes valued at \$97,000, and eight miscellaneous permits, for buildings valued at \$11,850.

Last month, two residential permits were approved for homes worth \$84,000, and five permits for miscellaneous building, valued at \$64,000.

No nonassessable construction permits were approved in January or February of this year, and none last year.

Each will introduce Basketball Coach Charles Hollosy, and Swimming Coach Robert Kinner, who will introduce their championship athletes. As most all Pointers know, both teams are Border City League champions. And, it is also a pretty well known fact that the basketball squad are State District Champs, too.

Sharing the spotlight on Tuesday, March 26, will be Grosse Pointe intramural competition trophy winners in volleyball, handball, basketball and foul shooting.

Pulchritude for the Winter Sports Banquet will be supplied by Varsity and Reserve Cheer Leaders and their sponsor Miss Jeri Mulson. Representatives of the Grosse Pointe Devil Rousers, the recently organized pep club sponsored by (Continued on Page 2)

Addition to Kerby to Cost Over \$200,000; Expect Contracts Let Today

Bids from 12 general contractors on a proposed addition to Ferry Elementary School in Grosse Pointe Woods were received by the Board of Education Monday night. All were taken under study as were bids from 18 electrical and heating contractors.

The bids on the general construction ranged from a low of \$139,106 to a high of \$161,200. Electrical bids were largely in the \$20,000 area. Those for heating and ventilating work started at \$46,960 and went as high as \$56,565. Additional amounts for modifications to the present heating plant such as conversion to gas heating were specified also.

Special Meeting Today Members of the Board of Education will hold a special meeting Thursday morning, March 14, to determine their course of action with respect to this building addition. If all low bidders are selected and none of the alternates included, the classroom addition will total about \$204,000 plus equipment and fees.

Other action of the Board saw detailed plans of the proposed High School Library viewed and discussed. Advice of this action now goes to the Department of Instruction in Lansing, a regulation local school districts must observe to qualify for state support. Bids on this project are due on April 8. An octagonal building in the middle of the present parking lot which will seat about 250 students is planned.

Funds for both of the above projects are largely in hand, school authorities state. Both are part of the 4-year construction and rehabilitation program approved by the voters of the district in 1959.

Plan Maire Addition Preliminary plans for a 2-room addition at Maire School were viewed and discussed also. The Board directed the staff and architect to continue study of the problems to be solved there. Revised plans will be prepared and submitted at a future date.

Other action of the Board saw authorization given to the administration to seek state permission to negotiate a \$2,400,000 loan. These funds will be needed to finance the operation of the district from July to mid-winter when the school system's chief revenue, local taxes, are collectible and available.

Failure of the state legislature to pay promptly allowances due the local districts makes the need of the schools that much greater, school officials said. Similar loans have been negotiated the last 4 or 5 years.

Teeners Caught After Speeding

City Patrolmen William Waldecker, Jr., and Thomas McLaughlin, Jr., on regular patrol Saturday night, March 9, observed a car headed west on Kercheval at an excessive rate of speed.

The officers gave chase at Notre Dame, finally catching up with the vehicle in a driveway in Kensington road. They took the car and driver, a 16-year-old boy, and two passengers, boys 16 and 17 years of age, to the City Police station, where their automobile was impounded.

The teenage driver received a ticket for excessive speed (over 50 miles an hour). Police discovered a quart bottle of beer in the car, and charged all three boys with possession of beer in an automobile.

The teenagers' parents were notified, and came to the station to collect their sons. The two 16-year-olds will appear in Juvenile Court. The 17-year-old, charged with disorderly person, is to appear in City court.

The boys, ordered to report back to Chief Andrew C. Teetert Monday afternoon, March 11, received a severe lecture.

Parking Lot Permit Given

(Continued from Page 1)
in front of homes in Lakepointe and Maryland, by company employees and customers.
Mead called on Bruce N. Tappan of 850 Westchester, realtor, and former Park councilman, to give a report of a study he (Tappan) made regarding similar situations in which such type parking lots have been an asset to neighborhoods.
Tappan named several in the

Park and other areas, where he said lots were constructed over the protests of residents, and the same residents are happy with the outcome of the developments.
Mayor Kenneth Cunningham and the members of the council pointed out the acute shortage of off-street parking space in the city, and stated that they were of the opinion that the development would be of an attractive nature.

Attracts Much Debris

The present lot, they said, is vacant, and attracts all kinds of debris, and with cars parked in the alley and in the streets, is more of a liability to the neighborhood, than would be the constructed lot.
Mead told the council and people that the property could be developed at an estimated cost of \$6,000. The lot will be sodded, drainage installed, and a four-foot barrier erected around the lot. Ingress and egress will be from the alley, it was said.

The mayor informed the residents that a parking permit, according to a city ordinance, is issued on an annual basis. The firm will have to comply with its commitments, if it wishes to get a new permit each year.

Must Obey Laws

If too many violation tickets are issued for illegal alley parking during this year, this will count against a permit renewal, unless the situation is remedied; also, if the lot is not properly maintained, it was said.

Police Chief Arthur Louwers, who was present at Monday night's hearing, said that the alley parking ban will be strictly enforced.

The residents appeared not to be convinced and still showed they were against the proposed parking lot, but the council voted approval of the permit to the car sales company.
The vote was 6-0. Councilman Kent Zimmerman was absent from the meeting.

Police Ticket Errant Driver

Woods police gave Frank A. Grippe, 21, of 19370 Eastwood, Harper Woods, two violation tickets on Thursday, March 7, one for speeding and another for driving with an altered operator's license.
The arresting officers, Thomas Kane and Everett Plumb said while they were patrolling Mack avenue, they saw Grippe run a red light at Cook road, and gave chase.

The patrolmen said they pursued Grippe at speeds up to 55 miles an hour and stopped him at Bournemouthe. They asked the youth for his operator's license and registration.
Kane and Plumb said that the birth date on Grippe's license had been altered by erasing the one from the figure 12, for the month of December. The date should read 12-9-41, the officers said.

Grippe was taken to the station where he was given the violation tickets and released to appear in court on April 20.

Round-Up

English Instructor Don Glancy, will also be at the banquet. The Cheer Leaders and Devil Rousers will display samples of their organized enthusiasm that has done so much to help Grosse Pointe fans successfully back two championship teams this winter season.

All men living in Grosse Pointe and all boys from the 9th grade and up, and their dads, are invited to attend the March 28 Winter Sports Banquet.

According to Dads' Club Treasurer Frank Banach, tickets are not being sold for this event. Instead, expenses for the delicious roast beef dinner (about \$2 per person) as well as the cost of the trophies are to be met entirely by donations.

Send advance donations to Frank Banach, Grosse Pointe High School, 11 Fisher road, Grosse Pointe Farms 36, Michigan, or make your reservation by phone to Frank Banach at TU 4-3200 with your donation being made at the banquet. To help the committee in its plans, please make reservations now.

Other officers of Dads' Club in on the planning for the March 28 Winter Sports Banquet are Vice-President Ed Bunn, and Secretary Dr. Joe Reed. Directors include Jerry Gerich, School Principal; Don Campbell, Assistant Principal; Lane Donovan, Karl Firth, Dr. Bob Swanson, Franz Von Schwarz, Frederick Crichtfield, Al Law, Art Schmidt, Len Link, Past President, Jack Stephenson and Fred Steiner.

Vatican Report For Methodists

The Second Vatican Council will receive special attention of Grosse Pointe Methodists when they gather for a Lenten Dinner on March 20, according to the Rev. James D. Nixon, pastor.

Monsignor Edward J. Hickey, pastor of St. Mary's of Redford Roman Catholic Church will be one of two panel members. He will be joined by Dr. G. Merrill Lenox, executive director of the Detroit Council of Churches.
"When the Second Vatican Council was convened last fall, we included this Christian undertaking in our prayers, both public and private," said Mr. Nixon. "We anticipate hearing a discussion of this historic event which has been in our thinking as well as in our prayers."

The program will be presented following a "carry-in" dinner to be served at 6:45 p.m. Nursery facilities will be provided. A special program for smaller children will also be provided, according to Mrs. Willis Bugbee, church school superintendent.

After Monsignor Hickey and Dr. Lenox have spoken they will ask questions of each other. Questions from the floor will be a feature of the program, also.

Any ex-President of U.S. may send any mail without stamps. Their signature in the upper right corner of envelopes is adequate, thanks to a recent act of Congress.

Show Balkan Film at Center

Unusually fine films of Yugoslavia which are of professional caliber will be presented by Dr. E. S. Smyd with documentary in the William Fries Auditorium of the Grosse Pointe War Memorial, 32 Lake Shore Road, the evening of Friday, March 15, at 8:30 o'clock.

The Grosse Pointe public is cordially invited to this monthly "Meet the Travellers" program without charge.

The places visited are Opatija, Rijeka, Zadar, Split, and Dubrovnik. Some of these places like Dubrovnik retain the medieval atmosphere which existed when the city was a leading center for the commerce of the Mediterranean.

Opatija reflects contemporary European life while Zadar graphically expresses the state of a nation which had seen recently and our generation.

Split lives upon the foundation of the Roman occupation and a thousand families today live with the very edifices which the Romans raised. Old as the Roman contribution to the life of Split is, an even older culture is represented among the Roman remains.

The Romans were not above pillaging the arts of older civilizations to decorate the architecture of their own period. Two sphinxes are raised into position within the Roman forum of Split which obviously must have been carried off from Egypt.

The Adriatic coast of Yugoslavia is sometimes referred to as the Dalmatian coast. It is nominally Roman Catholic whereas the previous geographical areas mentioned are Greek Orthodox.

Leaving Dubrovnik a climb is made to the coastal ranges for destination Belgrade. Along the way a stop is made at Sarajevo where the First World War started with the assassination of Archduke Ferdinand. This part of Serbia is Mohammedan. The

"MOVE OVER, SON, YOUR TURN WILL COME!"

We really can't blame the youngster a bit.

For the temptation to sit at the wheel of a new Cadillac this year has proven difficult to resist—for people of all ages!

And why do you see so many people sitting in Cadillacs for the first time?

Well, first of all, there's the invitation of its luxury. The new fabrics and leathers have a quality you simply don't find anywhere else. And the car's appointments

and the craftsmanship are truly faultless.

Then there's its promise of comfort. Cadillac's interiors are roomy enough for boy or man to really stretch out in. The seat cushions are restful and buoyant. Vision is wide and clear on all sides.

And, finally, there's the allure of command. Performance is so magnificent . . . handling so precise . . . and the ride so smooth and sure that any driver would

immediately feel a new sense of mastery.

Now that's a lot for a son to postpone—especially when he must count his wait in years. But the pleasure will be well worth the delay.

Of course, there's no reason for you to wait. If time has qualified you to own a fine car, then come see us soon.

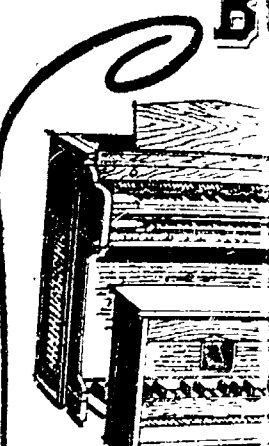

You'll find that this is a good time to put a Cadillac in your life!

Cadets Paid Visit by Congressman

CONGRESSMAN HAROLD M. RYAN visited the U.S. Air Force Academy in late January, meeting two Grosse Pointe cadets, MICHAEL J. LYNCH, left, a Third Classman, son of the Francis J. Lynches, of Hall place, and WILLIAM H. BODE, second from right, Second Classman, son of the Robert F. Bodes, of Mt. Vernon. On the right is Cadet Fourth Class Paul E. Stein of Lansing. Both Pointe Cadets are graduates of Austin Catholic Prep. Bode, a member of the Air Force Academy's boxing and golf teams, is on the Dean's List and the Commandant's List. He has been chosen to go to West Point in March, where he will represent the Air Force Academy as a model cadet.

Teachers Hear Carl J. Megel

Carl J. Megel, president of the American Federation of Teachers for ten years, addressed Grosse Pointe educators on Tuesday, March 12, on the subject of "Collective Bargaining." Several neighboring federations were invited to attend.

Following the meeting Grosse Pointe building delegates entertained Mr. Megel at a dinner at Mrs. Gertrude Beddow's home.

Parade to Aid Sale of Seals

Volunteer "Paraders" in many postal zone areas of the five Grosse Pointes, Detroit and Harper Woods will ring doorbells Tuesday evening, March 19, as the annual drive of the Detroit Society for Crippled Children's Easter Seal Campaign shifts into high gear with Easter Seal "paraders" conducting a door-to-door drive for the second successive year.

Under supervision of zone leaders, twice as many as last year, 10,000 "paraders" will make person-to-person visits to friends and neighbors to deliver Easter Seals and accept contributions. Many areas of Postal Zone 36 are expected to be visited.

The volunteers will visit a quarter of a million homes to explain services for crippled persons financed by Easter Seal contributions from the target areas.

"Paraders" will point out that in America today one family in every five is affected annually by some form of crippling and that the crippled, child or adult, require care and treatment to overcome handicaps caused by birth, by accident or as the result of illness.

The Easter Seal Parade is a high point of the 1963 Easter Seal Campaign which opened last week on March 7 and will continue through Easter Sunday, April 14. It gives public spirited citizens of the area the opportunity to help in the fight against crippling.

The Easter Seal appeal marks 42 years of service to the crippled by the National Society for Crippled Children and Adults. The Detroit Society for Crippled Children, 17330 Schaefer, in its 30th year, is an Easter Seal affiliate.

Great Decisions Meets Tonight

Problems confronting Southeast Asia will be discussed tonight, when Great Decisions 1963 meets for the sixth time in the Friends Room of the Main Library, Kercheval and Fisher roads, at 7:30 o'clock.

Under the general topic "Laos and Vietnam—Southeast Asia in Danger?", participants in the Foreign Policy Association-sponsored study program will question the wisdom of continuing to pour military and financial aid into beleaguered South Vietnam, where over 50 American "military advisors," theoretical noncombatants, have already been killed.

The group will discuss the situation in Laos, where an uneasy truce, signed in Geneva less than a year ago, unites right wingers, neutralists and Communists in a "three-headed monster" coalition government. They will consider Thailand and neutral Cambodia, attempting to determine what directions U. S. Foreign Policy should take regarding individual nations as well as the entire Southeast Asian area.

Great Decisions 1963, a non-partisan, educational program sponsored by the Foreign Policy Association, meets every Thursday evening at the Main Library. Other groups have been formed at Grosse Pointe Memorial and Grosse Pointe Woods Presbyterian Church.

Past sessions included programs on Spain, India, Red China and the European Common Market. Future topics will be President Kennedy's Alliance for Progress and a general concluding session on "Peace—What Problems and Prospects?"

The Great Decisions eight-week study program is patterned along the lines of Early American town meetings, encouraging individual expression of divergent opinions, discouraging attempts to reach consensus. Members are urged to take no political action.

Fact Sheet Kits, priced at \$1.50 each, are available, but there is no attendance charge. Interested persons are invited to attend any, or all, of the meetings.

A general Great Decisions seminar will be held at Wayne State University in this concluding session will be U.S. Senator Philip Hart, a Michigan member of Congress and a member of the State Department.

U of D Drive Tops 5 Million

The University of Detroit \$10,000,000 Challenge Fund has passed the halfway mark, with pledges of \$5,006,333 already received from 1,398 donors. Targets of the fund include construction of five buildings, increased faculty salaries and expanded student aid.

"Construction of both the Biology Research Building and the Administrative Center is now in the immediate planning stage," the Very Rev. Laurence V. Britt, S.J., U. of D. president, announced recently. "It is expected that ground will be broken for both buildings during this calendar year."

General Chairman Walker L. Cislak, president of Detroit

Edison, noted that "Leadership giving—contributions of \$25,000 or over—accounts for 78 percent of the total with \$3,891,816 from 31 gifts." U. of D. students have themselves pledged \$250,000, to be paid over a five-year period, and a high percentage of alumni and friends are responding to the Challenge Fund appeal.

Eleven Grosse Pointe residents are leaders in the U. of D. drive. Area chairmen include Walter R. Cavanaugh, of Provençal road, associated with Central Life Underwriters Insurance; Dr. Robert E. Coleman, of Webber place, president-elect of the Great Lakes Society of Orthodontists and an assistant professor in the U. of D. Dental School; and David T. Marantette, of Oxford road, president of the Detroit Insurance Agency.

Secondary district chairmen are John L. Addy, Jr., of Kensington road; Walter A. Bayer, Jr., of Harcourt road; John J. Blake, of Lochmoor boulevard; Virginia M. Bonaloom, of Lochmoor boulevard; Carl M. Fromm, of Belanger road; Dr. Edward Moellar, of Devonshire road; Thomas R. Qullter, of Hampton road; and James Shields, of Torrey road.

Director of UN Talks on Congo

An enthralled group of 100 people from Birmingham, Windsor, Detroit, and the Grosse Pointes Friday evening listened for an hour to Philip Deane tell the story of the UN operation in the Congo, and then stayed for another hour to ask him questions. The meeting was held in the War Memorial.

Dr. Deane, now Director of the UN Information Center in Washington, D.C., outlined the three alternatives offered the world in July, 1960 when chaos erupted in the Congo and when Soviet bloc arms and transport had already been introduced into this exploding situation.

First, the Congo could be left to the Communists. Second, U.S. troops could be sent, a course which offered a high risk of war. Third, the UN could accept the invitation by the legally constituted Central Government of the Congo to send UN troops to help restore order, prevent civil war, and thereby fill the power vacuum left by the departing Belgians.

The Security Council of the UN, without dissenting vote or veto, agreed on the necessity of the UN to do this. In the three years of its stay in the Congo, the UN has managed to maintain relative peace among native tribes whose general motto is, "If you see a stranger, kill him." At the same time, it has trained teachers, doctors, maintenance men, airport flight operators, and other skilled workers, so that the Congo can move faster toward the time when it can govern itself without help.

Mr. Deane stated that the Congolese are extremely quick mentally, and very eager to learn; all they need is the opportunity. Concerning charges that the UN had violated the right of self-determination in Katanga, Mr. Deane pointed out that elections had been held prior to independence on this issue in Katanga.

In these elections, Mr. Tshombe's party had run on a platform of secession and lost heavily to his opposition party, the Balubakat, who opposed secession. Therefore Tshombe did not represent the majority of the Katangese, and thousands of deaths in Katanga were due to attempts of Tshombe's army to eliminate this political opposition.

UN troops, Mr. Deane said, fought only in self-defense or to keep communications open. In the few cases where misbehavior of UN troops was proved, every effort was made to punish the guilty.

As for pictorial evidence of brutality or violence often used by groups suspicious and critical of the UN, the point was clearly made that everything depends upon the caption of the

picture or the narrator of the film.

To illustrate this point, Mr. Deane cited the case of a friend who during the Spanish Civil War published a book of pictures and sold it to both sides merely by changing the captions under the pictures. To authenticate such pictures of suspected brutality in the Congo, it was suggested that the questioner write to the International Red Cross in Geneva who had eyewitnesses in the Congo and who had cleared the UN of atrocity charges.

Mr. Deane, who fought the Nazis in World War II and spent 33 harrowing months as prisoner of the North Koreans during the Korean War, has no love for totalitarianism of either the left or the right. But he is firmly convinced that in an era of almost instantaneous destruction it is essential to have a place where you can easily and quickly talk with your enemies, a function admirably filled by the UN.

Mr. Deane's lecture was presented as a public service by the League of Women Voters of Grosse Pointe.

Car Skids Over Breakwall

James Wakeman, 62, of 15811 Prairie, Detroit, suffered minor injuries on Wednesday, March 6, when the car he was driving went out of control and over the breakwall at Harbor Hill and Lake Shore roads.

Wakeman, a chauffeur for the D. M. Nelsons of 15401 Windmill Pointe drive, was driving his employers' car east on Lake Shore when he lost control, according to Farms police.

Investigating officers said that Wakeman attempted to pass a car driven by Evelyn M. Price of 687 Westchester, when his car skidded on the icy pavement and struck the rear of the woman's vehicle.

Wakeman's car went out of control and jumped the south curb and continued out of control over the breakwall and crashed on the thick ice. The ice did not break, it was said. Police estimated damage to the chauffeur-driven car at

about \$3,000; to the woman's car, about \$25. Wakeman was taken to Bon Secours Hospital for treatment

of a minor cut on the forehead and abrasions of the left knee. The chauffeur was given a traffic violation ticket charging him with not having his car under control and causing an accident.

Choir to Give Easter Cantata

The chancel choir of Grosse Pointe Woods Presbyterian Church will present the beautiful Easter Cantata, "The Seven Last Words," by Du Bois, Wednesday evening, April 3, at the church.

This will highlight the series of Lenten services being conducted by the minister, Rev. Andrew H. Rauth, and assistants, Rev. Charles B. Kennedy and Rev. Robert L. Lucero. Of special interest in this series are the illustrated talks by Rev. Rauth tracing the steps of Jesus during the weeks before the Crucifixion. Detailed maps based on recent archeological discoveries are projected to bring into sharp focus the facts surrounding this important period in the Christian religion. The cantata will be given at the last of the Wednesday evening services, Charles E. Gleason is the director of the chancel choir which has been hard at work for several weeks.

R. Dean Amos, Children's Choir Director, has announced plans for the formation of a Bell Ringers group among the young people of the church. A beautiful set of handbells for this activity was delivered to the church last week. The Lutheran Church Bell Ringers from the church at Seven Mile and Chester gave a demonstration at the Woods church Sunday evening.

THIEF TAKES TOOLS

A thief broke into the garage of Wayne Saille of 165 Vendome, during the night of Wednesday, March 6, and stole a complete set of socket wrenches, an extension leverage bar, and a full set of open-end wrenches. Value of the loss is not known. Saille recorded a complaint with Farms police.

The standard railroad gauge in the U. S. is 4 feet, 8 1/2 inches, but railroads in other countries have gauges ranging from 3 feet, 6 inches, to 1 foot.

Tools Worth \$200 Stolen

Over \$200 worth of tools and equipment was stolen from the garage at the David M. Burgess residence, 651 Washington road, some time between 10 a.m. and 5 p.m. Thursday, March 7.

Mr. Burgess reported the thefts to City police at 7 p.m. Thursday evening. He listed the articles taken, including three Stewart Warner gauges—a temperature gauge and sender; an amp. meter gauge; and an oil pressure gauge and connections—valued at \$14.90; a 1959 Corvete four barrel intake manifold and carburetor, valued at \$65; and a black tool box, containing complete sets of 1/2-inch drive plumb socket wrenches, metric open end and box wrenches, and Phillips and conventional type screw drivers, as well as six pairs of pliers and miscellaneous mechanical tools.

The tool box and its contents are valued at \$152. City police are currently investigating the thefts.

Drivers Cleared In City Accident

Both vehicles involved in a two-car collision at the St. Paul-Washington intersection Saturday morning, March 9, were damaged, but neither driver sustained injuries and no tickets were issued.

Mary Lane Monaghan, 110 Lone Pine road, Bloomfield Hills, drove into an automobile headed west on St. Paul, with Edward C. Powles, 416 McKinley, behind its wheel. Mary Monaghan had been headed north on Washington.

City police were notified of the accident via telephone. Patrolmen James Cronin and Blair A. Martin, sent to investigate, determined neither driver was at fault.

Church Building Hinges on City

Construction of the new Grosse Pointe Unitarian Church on the site of the old Grosse Pointe City Hall, Maumee and St. Clair, hinges on the completion date of the new municipal garage at the rear of the property across the street.

When the City signed a property exchange agreement with the church last July, giving the old city hall site for the church's building and land in Jefferson avenue, the City agreed to vacate within two years.

The two small buildings facing Maumee, can be torn down on a day's notice, but the present municipal garage cannot be taken down until the new garage is constructed so that the City can have a place to store its equipment and material, according to official sources.

Architectural plans for the new garage are being drawn up, and the City is awaiting word of approval, or disapproval, of a Federal Grant to help pay half of the cost of the building. No word has been received to date, it was disclosed.

The City constructed a new city hall at the rear of the police and fire station building, and moved into the new offices last summer.

Hunters in the U. S. last year paid \$40 million for licenses and \$124 1/2 million more for their dogs.

OBITUARIES

MRS. FREDERICK M. ALGER, JR.
 Suzette deMarigny Dewey Alger, wife of Frederick M. Alger, Jr., former Michigan Secretary of State and United States Ambassador to Belgium, died last Thursday, March 7, at her Palm Beach, Fla., winter home. She was 56.
 The Algers' Grosse Pointe residence is at 294 Lincoln road.
 Mrs. Alger, a prominent figure in Detroit society for many years, was the daughter of Chicago financial expert-banker

and Congressman Charles S. Dewey, and Suzette Marie deMarigny Mail Dewey, a direct descendant of William C. C. Claiborne, first governor of Louisiana.
 Mr. Dewey served as assistant secretary of the Treasury under Andrew W. Mellon, and was eventually appointed financial advisor to the Polish Government. Mrs. Alger, who studied at Mille. Roissier's School in Paris, moved to Warsaw with her family when she was 19.
 In Warsaw, she met Mr. Alger, serving with Dewey as a member of the Bank of Poland's advisory staff. Their 1929 wedding, called the social event of the season in Warsaw, was conducted in French, out of deference to the international guests at the Anglican Church.
 The Algers returned to the United States the day before the stock market crash. They soon took up residence in the Pointe, where Mr. Alger's family, one of Michigan's most distinguished, was already established.
 Mr. Alger, defeated in his bid for the Governorship of Michigan by G. Mennen Williams in 1952, was appointed Ambassador to Belgium under the Eisenhower Administration, and Mrs. Alger accompanied him to Brussels for a four-year tenure at the embassy, described as "more brilliant than ever" under her aegis as hostess.
 Leopold, former king of the Belgians, was entertained in the Algers' Lincoln road home after they returned to the States.
 A striking brunet, Mrs. Alger worked actively for her husband's election in the 1952 State Governorship campaign. Her strong personality and convictions led her, in World War II, when her husband served as a naval officer, to object strongly to the fact that some Grosse Pointers did not curtail their entertaining. She felt that all women should make a contribution to the war effort.
 "Too scared" to speak in public, she made many friends, was described as "warm, colorful, unpredictable, a bundle of energy," and was said to look "equally well in riding clothes or an evening gown."
 She was a tastemaker in fashions, foods and flower arrangements, and always made it a point to have lunch with her husband, whom she called "my friend."
 Mrs. Alger was an excellent horsewoman and bridge player, played a good game of golf, and was active in the Junior League and the Louisa St. Clair Chapter of the Daughters of the American Revolution. She was a member of the Grosse Pointe Club, the Country Club of Detroit, the Detroit Club, the Bloomfield, Metamora and Grosse Pointe Hunt Clubs and the Women's Association for the Detroit Symphony Orchestra.
 Survivors include her husband and her father; two sons, Fred M. Alger III and David D. Alger; a daughter, Mrs. Reese Evans Howard; a brother, Charles S. Dewey, Jr.; a sister, Mrs. Edward D. Smith; and five grandchildren.
 Services were Saturday afternoon, March 9, in Bethesda-by-the-Sea Municipal Church, Palm Beach, Fla. A graveside memorial service was held Monday morning, March 11, at Elmwood cemetery, Detroit.
 The family has requested that memorial tributes be sent to the American Cancer Society.

BUELL AND MRS. JOHN H. STEPHENSON, JR.
 Mr. Buell and Mrs. John H. Stephenson, Jr., two brothers, Clark T. and Cyrus C. Wells; a sister, Mrs. George V. Candler, Jr.; and four grandchildren.
 Services were at the William R. Hamilton Co., 3975 Cass, and Christ Church, Grosse Pointe, Wednesday morning, March 13. The family has requested that memorial tributes be sent to Detroit Macomb Hospital Association, 1420 St. Antoine.

MRS. E. LIVINGSTONE
 Mrs. Elizabeth Wilkins Livingstone, of 100 Mapleton, died Thursday, March 7, at Henry Ford Hospital at the age of 66. She was Director of Education and Information for United Community Services for 28 years.
 A member of one of Detroit's oldest families, she was a great-granddaughter of Detroit's first mayor, Solomon Sibley, and a great-granddaughter of C. C. Trowbridge, another prominent early Detroit-er. She attended Liggett school and was graduated from Vassar College in 1919 with a bachelor of arts degree.
 The early years of her career were spent in fashion advertising in New York City, first with John Wanamaker, and later as assistant director of Lord and Taylor's Fashion Bureau and as Fashion Bureau Director of I. Bamberger, Newark, New Jersey.
 During the early thirties, Mrs. Livingstone served as director of the League for the Handicapped in Detroit. She joined United Community Services' staff in 1935 when the organization was known as the Detroit Community Fund and Council of Social Agencies. Dutch Elm Disease

Since many citizens do not exactly understand why they should spray, when they should spray and how the disease is transmitted by the beetle into their tree, we, the Greater Detroit Landscape Service Co., decided to present the facts to you so you may better understand it. As far as is known there are two flights that emerge from under the bark of diseased trees and fly to the tops of healthy trees, where they feed in the tender crotches, infecting the tree by mouth during the course of feed-

ing. One flight takes place in late April to May, with the second flight in late July to August. D.D.T. solution sprayed before these flights are your only protection to destroy the beetle before the tree can be infected. This in turn means that every square inch of the tree must be sprayed. If you spray yourself you must select a calm day and make sure you get the "top of the tree" and outer fringes as this represents the tender growth that is usually infected!

DUTCH ELM DISEASE

THE DISEASE

The Dutch elm disease fungus was first isolated in Holland in 1919. The first diseased tree reported in the United States was found in Cleveland, Ohio, in 1930. The disease was brought into this country of elm logs destined for veneer factories. By 1933, other cases had been reported in the Atlantic coast states which had imported elm logs from Europe. The disease continued to spread slowly and in 1950, Detroit reported its first infected tree.

Dutch elm disease is caused by a fungus (*Ceratostomella ulmi*), which is spread in two manners. The first method is by means of a root graft between an infected tree and an adjacent healthy tree. Second, and more important, is the breeding and feeding habits of the elm bark beetle. These are tiny, dark brown, hard-shelled beetles about 1/12 to 1/10 inch long, which bore into the bark of dead or dying elm trees and lay their eggs between the bark and the wood. Therefore, trees killed by Dutch elm disease are ideal breeding places. The fungus is carried on the body of the beetle and is introduced into healthy elms through the feeding wounds in the small twig crotches.

In the Detroit area it is believed that there are two broods of the elm bark beetle each year. The beetles emerge from the dead or dying elm wood in early spring (April and May) and fly to the tops of healthy trees to feed in the small crotches. Then, they return to any available dead or dying elm wood to lay their eggs. The second brood emerges from its breeding place in mid-summer (July and August) and feeds again in the healthy elm trees. It is during these feeding periods that the beetles can cause an infection of the Dutch elm disease fungus into live, healthy elms.

SYMPTOMS OF THE DISEASE

Dutch elm disease should be suspected whenever a section of the tree top suddenly wilts and the dry, dead leaves remain on the branches; or when the leaves of an entire branch, or throughout the tree top, turn yellow and fall early. Another symptom is the brownish discoloration in the sapwood of the wilted or diseased branches. This discoloration may be seen in the last annual ring by making a diagonal slice across an infected branch. If the twigs show discoloration, six 1/2" diameter twig samples about 8" long should be sent to:

Questions Pertaining to the Disease and Answers

Is it true that disease is on the decrease in Michigan and that more communities in the State are following a Spray Program? No, the disease is on the increase, many communities in the State have dropped spray programs entirely while others have went back to twice a year spraying. The State has a decreased budget for Elm Disease due to lack of funds. While the State is doing less one Grosse Pointe Community has threatened it's taxpayers with a \$100.00 fine if their trees are not sprayed by their selected contractor or an affidavit sent in stating who did spray them. Is it within their legal power to fine their taxpayers \$100.00?

A municipality has the right to enforce a spray program where it is necessary to safeguard public health, such as typhoid fever or something similar. We believe in the Dutch Elm D.D.T. spray to save the Elms or at least provide a delaying action over the years to provide gradual planting of other trees. However, D.D.T. is a poison and it is possible to find a person or animal allergic to it where they would become ill for a short time from it. Yet these instances would be very rare. We have men that even develop Rose Fever from grass when it is cut while in a seedling stage. On the basis of the aforementioned the \$100.00 fine appears to be illegal and ill advised. It could not hold up in court if contested.

Is it true you can get the Elms sprayed for 75c? We don't know if 75c has been offered but some very low prices have been offered. We charge an average of \$4.00 per tree per spray and in paying labor and spraying every square inch of the tree including going over the very important top of the tree from 3 to 4 angles so the most likely infected area is fully covered, we find it difficult to do for any less, as you can easily see.

DUTCH ELM DISEASE DISTRIBUTION IN MICHIGAN (1951 - 1961 Incl.)

We have paid for this advertisement not so much to get your Dutch Elm Spraying but to explain the honest facts and history of the disease both as to the disease itself and the spray programs existing. We also want to clarify our average \$4.00 charge, to explain in detail the importance of spraying the entire area of the top of the tree as well as the entire tree from the very ground up. That to do this effectively on calm days, pay labor and material, plus lost time on sudden changes in the weather that require a respray the following day, we barely cover costs of \$4.00. We do very, very sincerely appreciate the confidence our customers have had in the Greater Detroit Landscape Service Company throughout the last 33 years and we do take this opportunity to express our very sincere appreciation for the privilege of serving you. We have always tried our very best to render a reliable, honest and efficient service and above all to build an honest reputation through our customer contacts. We feel we have earned respect for fairness and made many friends who have placed reliance in our services for as long as 33 years. We deeply appreciate each friend and each bit of confidence. Looking back 33 years seems so short a time. However, each year has been a chapter. We have tried very hard to make each chapter read well. We shall try just as hard in the present 34th year. We are grateful to each of you for the privilege to serve. We deeply and sincerely thank you.

Unitarians Air Architect's Plan

The new Unitarian Church architecture was discussed by the Women's Alliance at a luncheon meeting last Tuesday.

Leading the discussion was Mrs. Boynton Hartz, member of the Unitarian Church Building Committee. She was assisted by Mrs. Gordon Cook. The discussion centered on the possibility of the Women's Alliance participation in the architectural planning.

Lakers Again Win 'C' Championship

By Dick Schmitt

Lakers have emerged victorious in the district playoffs at Harper Woods for the 10th year. Last week they dethroned their title.

Paul sewed up the district title for the eighth straight year by defeating St. Rita 61-55. Actually, the game was never as close as the score indicates. St. Rita was held to a single field goal in the second quarter as they ran up only 11 points in the first half while St. Paul scored 37.

St. Paul scored further recognition last week when Jim Bigham, age 14, was named to the Detroit News All-City Team. Gary Schick, a 1962 graduate of St. Paul, was similarly honored last year.

Theater Casts Murder for March 29 Opening

A nice gruesome event will take place on the night of March 29. Richard Bauhof will be planning a murder.

He will be devising his ghastly crime in his role of David Rodingham in the Grosse Pointe Community Theatre's next presentation at the Fries Auditorium, 32 Lake Shore Road. "Write Me a Murder," a mystery drama, will open Friday, March 29 and continue Saturday, March 30, Friday, April 5, and Saturday, April 6.

In this new thriller from the pen of Frederick Knott, who wrote "Dial M for Murder," Dick Bauhof, of Rivard boulevard (David Rodingham) dreams up a perfect crime for a mystery story he is writing with the help of lovely Shirley Lockwood of Manor (Julie Sturrock).

The plot concerns two Rodingham brothers. Clive Rodingham, the older brother, portrayed by Al Berteol, of Radnor circle, is something of a playboy. As the heir he sells off the manor to the businessman, Charles Sturrock (Frank Houston, of Burns avenue) and takes off for an heiress in Texas.

He returns later minus wife and funds, David Rodingham, meanwhile, has become involved with Charles Sturrock's wife, Julie, Julie Sturrock, shy, intuitive, and much too sensitive for her ruthless, boor-

Brownell School Presenting Play

A would-be actress, an artist, a magician, and colossal misunderstanding combine to entertain the parents and friends of Brownell Junior High School's seventh grade drama group on Friday evening, March 15.

The hilarious comedy, "A Mad Breakfast," will be presented at 8 o'clock in the school's auditorium-gym. Cast members include Joe Black, Jon Gustafson, Bob Luchsinger, Lisa Maece, Brenda Messer and Bill Norrie.

Others are Linda Sejlulla, Steve Smith, Sue Tantiulla, Darby Werner, and director Ann Wightman. Student director is Chris Larsen, with faculty advisor Walter Hoffman.

Following the play, the 100-member seventh grade chorus will take over the stage under the direction of John C. Tousey and with Sue Axson as accompanist. Seven vocal numbers will be presented, including American and Mexican folk songs, as well as a melodic song by Tschaikovsky.

Friends Film Stars Tati

Jacques Tati steals the show in the award-winning French motion picture "My Uncle" ("Mon Oncle"), the March presentation of the Friends' Film Forum series at the Grosse Pointe Public Library to be shown this Friday.

Those who haven't already made the delightful acquaintance of M. Tati will have a chance to view this genius of satire and pantomime in the performance that won him a Cannes Film Festival Award. M. Tati, who wrote, directed, and stars in the film expands artfully on the themes which the first presented to cinema viewers in his smash film "Mr. Hulot's Holiday."

In "My Uncle" the eccentric M. Hulot pays a visit to a beloved nephew who lives in an ultra-automated house that makes the modern American home look like Uncle Tom's Cabin. By the end of Hulot's encounters with his nephew's obstacle course of electronic hazards, the film's message—the absurdity of contemporary gadgetry—has sunk slowly and subtly into the mind of the viewer.

The film will be presented at 9:15 p.m. in the main reading room of the Central Library, and the public is invited to attend at no charge.

The final presentation in the Friends' Film Forum series will be "The Titan," the story of Michelangelo, to be shown on April 19.

Mrs. Glancy Heads Torch Drive Show

'Fashions In The Art of Giving' April 4 at the Fisher Theater Will Be A Tribute to Those Who Volunteered For Torch Drive 1962

Invitations to a showing of "Fashions in the Art of Giving" at the Fisher Theater on April 4 were going forward today to all women Torch Drive volunteers.

Mrs. Worth Kramer, chairman, United Foundation Women's Organization, and Mrs. Alfred H. Glancy Jr., chairman, "Fashions in the Art of Giving," urged invitees to reply immediately if they wish to attend.

Tickets will be issued on a "first come, first served" basis, and the theater seats only 2,000 at each of the two performances.

Anita Colby, columnist and former beauty advisor to movie stars, will narrate the fashion show, which will display "significant spring fashions," from the workshops of 16 of Detroit's leading dress shops.

In addition to the 30-minute fashion show, the hour-long entertainment will include 20 minutes of fast-moving variety by the Second City Company, now playing at the Square East Theater in Greenwich Village, New York, and brief messages from Walter C. Laidlaw, executive vice-president of the United Foundation, and Frank Gibney, publisher of Show Magazine.

There will be two performances, one at 1 p.m. and one at 3 p.m. Tickets for the earlier show will go to women living in outlying suburbs, for the 3 p.m. show to Detroit women.

The hour-long entertainment replaces teas, "Sugar Bowls," and similar gatherings held in previous years. It is being offered as "a tribute to those Greater Metropolitan Detroit women who volunteered so

much of their time and energy to insure the success of the 1962 Torch Drive."

The fashion show will be in three sequences, first "the look of white;" second, summer sun colors, and third ball gowns modeled by debutantes and post-debutante Professional models are donating their services for showing the white and summer garments.

The Saturday Night Dance Club instituted for married couples by the Grosse Pointe War Memorial Association in the Crystal Ballroom of the new William Fries Auditorium will feature a St. Patrick's Party on the eve of that Saint's day Saturday, March 16, at nine o'clock.

This is one occasion, even the pious permit themselves to celebrate during lent. Whether Irish or not everyone loves the Irish songs, dances and fun. Mr. and Mrs. Bill Wilson, hosts for the party, invite everyone to wear a bit of green this evening.

Also they will demonstrate some authentic Irish jigs and give everyone a chance to participate in them. At intermission, couples will be invited to gather round the piano to sing some of the wonderful Irish songs that everyone knows and loves—a chance for all the suppressed tenors in town to shine forth.

Grosse Pointers and their guests wishing to attend this party are asked to purchase tickets in advance at \$3.50 per couple which includes refreshments. The crowd will be limited to 150 couples. Tickets will be sold at the door only if reservations fall short of this number. It's a marvelous evening out for the wife in a delightful setting.

Inside the Mothers' Club

At the board meeting of the Mothers Club of Grosse Pointe High School on Monday, March 4, 25 women discussed many items of business, one of which was a discussion on the needed change in the bylaws. Some constructive changes were recommended by the Revisions Committee headed by Mrs. Miles McKee and assisted by Mrs. Robert Swanson, Mrs. Benjamin Jebberling and Mrs. Fred Flom.

The major recommendations are as follows—a president and president-elect shall be elected for one year; that there be one vice-president and that the historian assume many of the duties at present delegated to the second vice-president. At the present time the bylaws provide a two-year term for the president, no president-elect and two vice-presidents.

Mrs. Albert Law, president, asked the board members to think over and talk about these changes. After a month's consideration a vote will be taken at the April board meeting.

The spring benefit play, "The Imaginary Invalid" will be given on April 4 by the Pointe Players with Mr. E. Nelson directing. All the proceeds from the Thursday night performance go into the Mothers Club Scholarship Fund.

Mrs. Hunter Comly, chairman of the room mothers, stated that letters and tickets have been distributed to grade sponsors who will in turn distribute them to their room mothers; that after consultation with Mr. Nelson it was decided that students may use their parents' tickets on the night of April 4, but no student will be sold a ticket at the door, even at adult prices. Friday and Saturday night performances are available to students on their SA tickets.

Membership chairman, Mrs. Earl Meyers, stated that there were 1,395 members; that files were up-to-date. Mrs. Law commended the membership chairman for an excellent and complete job well done and for her concrete suggestions for next year's membership drive.

Announcing that Mr. Gerich and Mr. Kennedy will attend the ing, Mrs. Flom said that they would discuss the coming millage needs for next fall and particularly those of the high school. She also reported that the students contributed \$1,500 to the American Field Service drive which is \$100 over their quota.

Expenses that a senior student incurs for graduation activities were outlined by Mrs. Flom. Mrs. Richard Mann, Senior Activities chairman, announced that the High School graduation party will be held at the Detroit Yacht Club and that her committee will meet with the Yacht Club manager in the very near future to discuss arrangements.

A motion was made and passed that the Mothers Club co-sponsor the School Board candidates' rally to be held June 8 at the War Memorial with the League of Women Voters. The Mothers Club has co-sponsored this rally in the past.

Mrs. Elven Duvall, Spring Tea chairman, announced that all committee chairmen for the annual Spring Card Party have been appointed and that their committees are hard at work. "Kick Off Meeting" on March 21 at 9:30 a.m. in the Annex Auditorium.

Fashion Editor says...

"Most women cannot detect the difference between freedom and slavery when it comes to beauty," says Mr. Bart Edmond, noted Detroit stylist. "Instead of reaching always for the Madison Avenue values of youth," he explains, "a woman should first accept herself and the face beauty as reality."

For example, he points out, some of the women I admire most are Mrs. Gloria Guinness, Princess Grace of Monaco, Mrs. Winston Guest and Audrey Hepburn. These women are not slaves to fashion, but know and practice the exhilarating freedom of being able to adopt fashion to their taste.

OF SPECIAL INTEREST

One of Mr. Edmond's special interests is the woman over forty. "When someone reaches their forties, fifties and sixties," he says, "they have at their fingertips a wealth of experience that is impossible for a girl in her twenties to conceive of and utilize."

"However, if a woman, in her youth, learns the present joy of free expression in beauty and good grooming she will have taken the first steps toward becoming a fashionable individual in her own right."

In both Mr. Edmond's shops, his downtown salon at 45 East Adams and his suburban counterpart, Bart Edmond of the Woods, at Seven Mile and Mack in Grosse Pointe, this stylist's sincere and honest approach to beauty is put into practice.

"I get most of my ideas," he explains, "from faces, because, when you stop to think about it, faces are a study of human experience. They can be exciting, wise, dull, tingling with anticipation, tragic, trusting, sparkly with imagination, or a mixture of all of these. Faces are people."

Mrs. Edmond is the only stylist in Michigan recognized by the International Des Coiffeuses De Dames, an organization into which only the best styling experts in the world are accepted. For example, Alexander of Paris; Bernard of Mayflower Limited in England, and Hiroshi Mano in Tokyo are all members.

THE BEAUTY BUSINESS

The high standards set by this fashion-minded expert have made it possible for him to create salons where the housewife and the socialite alike can be positive of finding individualized, quality service.

Miss Henry, Miss Ruth and Miss Elizabeth, the downtown shop's coloring technicians, are each experts at blending and creating the right formula for each woman. The first hair coloring application, depending on the texture and condition of the hair, costs from \$20, and every application thereafter, usually given at three-week intervals, is priced from \$10.

Hair styling, which includes both a shampoo and set, is priced at \$4 when the operator is Mr. Ralph, Mr. Visalio or Miss Janet. Restyling, reshaping or a first cutting is \$5, and a trim is \$3.

Under the expert tutelage of Mrs. Helen and Miss Betty women can have the luxury of a manucure for \$2, an oil manicure for \$2.50 and a pedicure for \$5. "I don't believe," says Mr. Edmond, "that a better pedicure could be obtained in Paris than we offer right here."

A firm believer in the body wave, because of the natural look it gives, Mr. Edmond explains that the type of wave recommended depends upon whether a woman has normal, tinted or damaged hair. Normally, a permanent wave starts at \$20.

At the suburban salon, Bart Edmond of the Woods, a shampoo and wave are \$3 during the week and \$3.50 on Fridays and Saturdays; hair cutting is \$2; and permanent waving starts at \$10.

The stylists include Mr. Douglas Hadden, Miss Pat Kohler, Mr. Jim Gusmano, Miss Shirley Gagala, Mr. Joseph Pellegrino, Miss JoAnn Renner, Miss Eleanor Gabrielson and Maria Fazzalari.

Mr. Edmond considers his facial experts at the Woods salon, Miss Anya Meixner, one of the best in the beauty business. Her facials are given from the shoulders up and include cleansing the skin, lubricating and the correct methods of applying makeup. Her leg and lip waxing, which is an art in itself begins at \$10.

Having been trained in Europe, Miss Meixner is also noted for giving a special treatment manicure that adds length to the nails quickly.

This feminine and provocative style is only one of the many that specialists in the Bart Edmond Beauty Salons in downtown Detroit and Grosse Pointe are expert at creating

DAC Draws Guests Before Fashion Show

Pointers Lunch at Club Before Attending 1963 Style Preview at Hudson's Sponsored By Women's Association of Symphony

The great Fashionscope style parade and following tea staged Spring and Fall at the J. L. Hudson auditorium is such an important twin function that the two days twice a year have become regular party days, starting with luncheon.

The DAC was a gathering place this past Tuesday and Wednesday for a capacity number of groups. They arrived at 12 o'clock, dressed in their prettiest spring hats and suits, for luncheon and gay chatter before dashing to Hudson's for the display of new fashions, and to hear Madelyn Coe's commentary on the styles.

The Spring 1963 Fashionscope was sponsored by The Women's Association of the Detroit Symphony Orchestra and monies derived are a benefit for the orchestra maintenance fund. Needless to say, the two-day affair was a sell-out.

Giving a fillip to the happy luncheon scene was the presence of Maestro Thomas Schippers, great conductor of the Detroit Symphony for a series of concerts concluding with the March 21 and 23 pair. Maestro Schippers was the

guest of Mrs. Gunnar Karlstrom of Birmingham; at this table too was Mrs. Francis W. Smith, president of the Women's Symphony Association.

Mrs. Carl Weideman's luncheon guests included Mesdames James Quello, Harold Lightbody, Edward F. Lee, Thomas Couper, Arthur Wroek, Herbert Hart, Phillip C. Baker, David Gamble, Ross B. Richardson, R. Frederick Shepherd.

Mrs. Walter A. Crow was hostess to Mrs. William M. Day and Mrs. William A. Ternes, and at a long table Mrs. Edwin H. Bower entertained Mesdames Russell Bauer, Christopher Smith, Russell G. Marr, Don McColloch, Erwin Foersterling, Ralph Wilson Sr., Allan Zaur, Langerman Sullivan, and James Egan.

Mrs. Leslie C. Putnam's foursome included Mrs. James B. Steep, Mrs. James Doll and Mrs. Bernard Pearce, with Mrs. Alexander La Pointe were Mrs. (Continued on Page 23)

In the considered opinion of some of the nation's best informed economists, present indications, including heavy buying by steel consumers, point to a price increase in steel in the near future. United States Steel Corp.'s profit report for 1962, to be issued within the next 10 days, is expected to support U.S. Steel Chairman Roger Blough's contention that the industry needs a price increase to improve plants. President Kennedy, who made a "Federal Case" out of last year's steel price increase, forcing the industry to back down, is expected to oppose Blough again this year. The President told Congress in his January economic message: "We are determined to maintain this price stability and to avoid the risk of either an inflationary excess of demand in our markets or a renewed price-wage spiral."

ANTI-GAULLIST Georges Bidault

will be granted political asylum in Bavaria—if he asks for it. Bidault, leader of an underground movement sworn to topple de Gaulle's government, recently appeared on a British Broadcasting Corp. television program to renew his battle against the French President. Bidault then disappeared, was discovered Sunday by Bavarian police at a hilltop mansion near Steinbach, and appealed to West German Chancellor Konrad Adenauer for political asylum. Adenauer refused the appeal, clearing the way for Bavaria's state government to act as soon as Bidault makes written application.

PRESIDENT KENNEDY

calling for a national "number one economic program," yesterday asked Congress to take quick action on his tax-cut bill and other economic measures. The President warned unemployment could soar to seven per cent in a few years, unless the economy is stimulated to a faster rate of growth. He maintained tax reduction is "the single strongest push possible toward achieving full employment."
