THE BLUE SHIELD Board of Directors approved a 16.8 per cent increase for medical insurance early this morning. This boost is to be spread over the next 18 months and, coupled with the 23.4 percent Blue Cross hospital insurance rate increase State Insurance Commissioner Sherwood Colburn okayed earlier, means most "Blue" subscribers will pay a percent additional premium. Wayne County Circuit Judge Theodore R. Bohn approved the Blue Shield rate hike yesterday and Blue Shield board members, after weighing

"the financial burden of a

## 4,000 Donate \$60,000 for Maintenance

Hope Additional Late Gifts Will Care for Sea Wall, Landscaping, Painting and Boiler

The Grosse Pointe War Memorial Association is confident that it will be able to announce the achievement of the \$60,000 Family Participation goal by the target date, Memorial Day, May 30.

Figures at the time of this writing stand only a few dollars short of the amount set for the drive with nearly 4,000 families heard from already. Follow-up telephone calls will be made to as many of the remaining 12,000 families as possible before Memorial Day, which date will officially end the active effort to obtain funds.

### "A Second Thought On First Aid"

By FRED KOPP, R. Ph. We're constantly amazed at

the number of children who cut, scrape and bruise themselves within sight (and sound) of our pharmacy. We do a big business in antiseptics, bandages, and other first-aid items. Same everywhere, probably. But sometimes we wonder if people don't depend too much on first aid - neglect proper medical attention. If there's the slightest question in your mind following what appears to be minor injuries, see your physician. First aid has definite limitations. You can only be sure of proper medical care by seeing your doctor. A prompt visit can save a half dozen later.

Detroit had barely recovered from the disastrous fire of 1805, when every building standing within the stockade walls but one was destroyed, on the outbreak of the war of 1812. Detroit was in British hands in August, 1812 and remained under occupation until September, 1813.

No business of any account was done during this period, farms were ravaged by Indians, and American citizens driven from the post by the British General Henry Procter. An illustration of the state of affairs can be glimpsed in a letter written to Judge Solomon Sibley by Col. John Anderson, who lived in River Raisin, but spent the winter of 1813 in Detroit.

"Dear Sir - I received your letter of 20th Nov. and paid due attention to the contents. I am sorey to find that the prospects is so gloomey for your progressing in your journey home. I was in grate hopes that you would have arrived to take possession of your house and property before we left it . . . seeing the grate destruction which was made by the soldiers whareever thay was quartered, houses, piquets, stabls, palisading etcs., all destroyed.
