THE AMBUSH KILLING of Negro leader Medgar W. Evers early Wednesday triggered mass demonstrations in Mississippi and aroused fear that further racial violence may be in the offing. Evers, 37, Mississippi field secretary of the National Association for the Advancement of Colored People, died in University Hospital, Jackson, Miss., less than an hour after a sniper shot him in the back as he stood outside his home. Authorities subsequently discovered a 30-caliber high-powered rifle with telescopic sight in a nearby vacant lot. President Kennedy immediately expressed shock at this slaying.

NINETY PERSONS were arrested yesterday in Jackson Miss., where the slaying of civil rights leader Medgar Evers triggered a flag-waving protest demonstration. Three persons, including a white college professor, sustained injuries. Police used clubs to help put down the protests, striking at least six Negroes. The demonstrators were jailed on charges of parading without a permit. Prof. John Salter, 29, of Tougaloo Southern Christian College, treated a University Hospital for head lacerations, was subsequently turned over to Jackson police and jailed on a charge of disturbing the peace.

VALERY F. BYKOVSKY, the Soviet Union's fifth cosmonaut, is orbiting the earth. The 28-year-old Red Air Force Lieutenant Colonel hurtled into space Friday. His trip may last eight days, and present plans call for a cosmic rendezvous, Bykovsky meeting the first "space woman" in a few days. "Everyone in Moscow knows that the launching of a Russian woman into the cosmos is imminent," according to Communist sources at Geneva's Palace of Nations. The "space woman," described as "pretty and young," will probably be launched today. Russia has been training "cosmonettes" (women astronauts) for some time, and East European Communist sources have hinted for weeks that a woman would go into space before the opening of the World Women's Congress in Moscow June 24.

MOISE TSHOMBE arrived in Paris Saturday to begin his political exile. Acting president of Katanga Province is now Evariste Kimba. Tshombe's Economic and Information Minister and a strong supporter of the exiled leader's policies. Kimba immediately demanded a federal constitution for the Congo—a strong hint he will continue Tshombe's fight for more provincial independence within the Congo.

ISRAELI PRIME MINISTER David Ben-Gurion resigned Sunday. The renowned Jewish leader, who has headed his country's government for 15 years, announced he is stepping down for "personal reasons." Ben-Gurion, long venerated as one of the nation's fathers, proclaimed Israel's independence in 1948. Friends say he wants "to be with himself," to devote his time to matters "dear to his heart," including philosophy and biblical studies. He has also resigned as defense minister, a post he maintained since 1955.

THE SUPREME COURT has declared required Bible reading and recitation of the Lord's Prayer in public schools unconstitutional. In an 8-to-1 decision handed down yesterday, the justices maintained government must keep "strict neutrality" in matters of religion. "Neither state nor Federal government can pass laws which aid one religion or aid all religions, or prefer one religion over another," said Justice Tom Clark, a Presbyterian, giving the majority opinion. Lone dissenter, Justice Potter Stewart, an Episcopalian, declared the court's refusal to allow school prayer could be interpreted as "the establishment of a religion of secularism."

Ground Broken for New High School Library

Ground was broken last week for the new Bert H. Wicking Memorial Library at Grosse Pointe High School. MRS. LILLIAN WICKING, widow of the former Board of Education president, and members of her family, joined with members of the Board of Education in the ceremony. President ROBERT F. WEBER is shown with her. Other board members, student government representatives, PTA leaders, and school officials look on as she lifts a shovel-full of earth.

Horse Show Starts Today At Hunt Club

Flood of Entries Arrives From All Over Country; Continues Until Sunday

The word is "GO" at the Grosse Pointe Hunt Club this week where the 52nd Annual Grosse Pointe Horse Show gets underway Thursday morning and continues until Sunday evening with three sessions daily except Sunday.

Entries started arriving from as far away as Texas, Georgia, Virginia, and Massachusetts early this week and a sold-out condition with regard to stabling of horses is anticipated by press time.

To accommodate the crowds expected to attend the showing of the hunters, jumpers, fine harness, saddle, and native costume Arabian exhibits, the club has purchased new grandstand seating equipment, and provided ample parking facilities for all.

As a specialty act this year, Elaine Kramer and her six chestnut steers are booked to perform each afternoon and evening over most unusual obstacles and jumps, and a thrilling sight is assured in this regard. Tickets are available at the gate for all sessions at \$1 and the public is most welcome at all times.

Farms Seeking Solution To HS Parking Problem

Approval of a construction permit for the proposed new library for Grosse Pointe High School, may hinge on a resolution to be asked of the Grosse Pointe Board of Education, it was brought out at a Farms council meeting on Monday, June 17.

The resolution, in effect a promise, will put the Board on record as pledging to make every effort to alleviate the serious parking problem in the High School area.

The council is seeking to obtain the word of the Board to create a 400-car parking lot by September 1, 1964, on the High School grounds.

Grosse Pointe High Again Wins Sweepstakes Trophy In Border Cities League

Blue Devil Athletes Stave Off Serious Challenge by Monroe; Symbol of Championship Remains in School Showcase Another Year

The all-sports Sweepstakes Trophy—symbol of domination in the Border Cities League—will stay in the showcase of Grosse Pointe High School for at least another year.

The Blue Devils fought off a serious challenge from Monroe High School to capture the trophy for the 18th time, 162½-155. The other four teams in the league were left far in the distance by the two major athletic powers. Never before in the history of the league had the first and second place teams been so far out in front.

To capture the title, the Grosse Pointe sportsmen placed first in basketball, swimming, tennis, and track, along with a second in football and a first in baseball. Monroe was third in football, second in swimming, track and tennis, and third in basketball.

Highland Park Out

A big change in the BCL power struggle will come next year, when Highland Park, for a long time a basketball power, will not compete in any athletics. The announcement came from Highland Park High School a week ago that elimination of all interscholastic athletics will be a part of the school system's austerity program resulting from a severe lack of funds. The absence of Highland Park may help Monroe pick up valuable points in basketball. Highland Park has languished near the bottom in every other sport this year.

Next year's competitors will have a fine record of this year's

Bike Safety Drive Called Big Success

Police Inspect 3,821 Bicycles During May; Winners at Various Schools Announced

The Pointe school safety officers inspected a total of about 3,821 bicycles during the month of May, and issued approximately 471 bicycle licenses. The final report on the Bicycle Safety Inspection Program was made on Friday, June 14.

The safety officers, who made their reports to their respective chiefs, jointly stated that May, which was designated as Bicycle Safety Month, was one of the most successful ever held.

Park Patrolman George Blair disclosed that he, with the aid of Patrolman George McDowell, inspected 935 bicycles, a substantial increase over past years. Blair stated that 170 Park bike licenses were sold to owners who did not have them, and 51 were sold to Detroit children by Detroit police.

Other Cities Report

Farms Patrolman Joseph Miller disclosed he inspected 1,194 bicycles, no licenses sold; Woods Patrolman Al Abend said he inspected 1,292 bikes, and sold 235 licenses; and City Sgt. Douglas Allor revealed that he inspected approximately 400 bikes, and sold 15 licenses.

Bicycle accessory prizes, valued at a total of \$145, were donated by local merchants. Thirty-six prizes were allocated to each school, Blair said. The top prize winners are:

Trombly School: Henry Schmidt, first prize; David Hyde, second prize; Paul Hahn, third prize.

Deter School: Carol Regan, first prize; James McCollum, second prize; and Heide Greimer, third prize.

St. Clare of Montefalco: Mary Louise DePoire, first prize; Joseph Stanley, second prize; and Michael Radtke, third prize.

Maire Gets 50 Prizes

Sgt. Allor revealed that he did not keep a list of the winners, but that 50 prizes were awarded to lucky students of Maire School, the only school in the City. The prizes were purchased by the City Police and Fire Association, he said.

Officer Miller said that a new bicycle was given to the lucky first prize winners in each of the Farms schools. Each year, St. Paul School and the Sacred Heart convent are grouped as one school during inspections, and each year, a first prize winner is alternated between the

Coveted Diplomas Presented to 726 At HS Graduation

Many Honors Also Awarded at Traditional Commencement Ceremonies; Total Number of Graduates at Pointe High Now 12,612

By Anne Boynton
At Grosse Pointe High School's first graduation in 1925 a total of 26 diplomas were awarded. Last Thursday's ceremonies for the class of 1963, by comparison, honored 726 with the coveted diplomas. This brings the total number of Grosse Pointe High graduates to 12,612.

The standard rites of last Thursday's ceremonies meant something different to all of the 4,000 people attending.

To the senior speakers, speaking on the "Demands of the Twentieth Century," they meant added responsibilities and obligations. According to Jim Seder, they signified the beginning of "a search for what is true, right, and just," involving "curiosity, perseverance, courage, and patience."

Patricia Nash told her classmates, "The twentieth century is ours to work with." She spoke of the importance of goals which became real with graduation. "The twentieth century will be outstanding," she said, "if we care in the world."

Weber Awards Diplomas

To Mr. Robert F. Weber, president of the Grosse Pointe Board of Education, who distributed diplomas, the rites signified the stepping stone into a new phase of life. He told the blue-robed graduates to "grasp quickly and firmly the reins of adulthood. You must now start taking the knocks and criticisms along with the praise." In playing this game of adulthood he advised taking into account the moral, human and spiritual values which the home, church and school have fostered. The game should be played according to God's rules, he said.

To the parents, the rites carried perhaps the most sentiment. They expressed both a loss and a gain—loss in the strength of their hold and influence, and gain in seeing their children develop into definite individuals.

And to the 726 seniors gathered together for the last time, the rites had the greatest significance.

Gerich Makes Awards

In addition to the 389 seniors who were recognized at the two all-school Honors Assemblies, Mr. Jerry J. Gerich, (Continued on Page 2)

Increase Parking For City Offices

Grosse Pointe City Manager Lawrence C. Savage reports that parking lot expansion behind the new City Hall, located at the rear of the Police-Fire Departments, 17145 M a u m e e, was completed as of the first of this week.

Blacktop surfacing will be done sometime during July. As this surfacing is not included in the present parking lot construction contract, the City plans to couple it with the general road resurfacing program.

Neighborhood Club Closed; Building Deemed Unsafe

The Board of Trustees of the Neighborhood Club voted at a special meeting on Thursday, June 13 to close all facilities of the Club for a period of at least five months. The move was taken after an extensive study of the 35-year-old building, which revealed that the structure is unsafe for use.

The Club's Board moved last week to find alternate quarters for the Club's extensive summer program.

The Board became aware of the danger when they received reports from the two consultant engineers, McClurg Associates and McMahon Engineering Company, both of Detroit. The reports revealed that an expanding and contracting substrata of clay on which the Club is built was causing the front wall of the Club to move an appreciable distance.

Following the receipt of this information, the Board was notified by their insurance

Arnold Fuchs Sworn in as New Trustee

Circuit Court Judge Baum Rules Petition of Defeated Candidate Sherman Invalid

A Grosse Pointe Shores group of taxpayers successfully presented their case for an injunction against a recount requested by Arthur Sherman, Jr., of Hawthorne road, who had been defeated in the May 21 election. As a result, Arnold Fuchs, of Roslyn road, was sworn in as a Shores trustee Monday evening.

Wayne County Circuit Court Judge Victor Baum agreed with the taxpayers' attorney, Robert Colombo, that the Sherman petition for a recount was not notarized and sworn to and therefore under Michigan law, was not valid and should be ignored by the Shores' Board of Canvassers.

Sherman was beaten by 43 votes by Fuchs, while Donald Plintermann, who lost to Fuchs by only 4 votes, did not appeal for a recount.

Judge Baum observed that the law provides for recount petitions to be sworn to in order to avoid "frivolous" requests for recounts. He observed that "under our system of democratic government it is necessary for the minority to accept the will of the majority or our system will fail."

The taxpayers' group acted after refusal by Shores Village officials, headed by President Jack Williams, to swear in Mr. Fuchs as was legally provided for by the Charter. The Shores officials had used the recount petition as their excuse for stalling the swearing in ceremony.

The taxpayers' group had asked also for a mandamus to require the village clerk to swear in Mr. Fuchs but following Judge Baum's decision that a recount was not legal, and his observation that he thought the village clerk would now move ahead to swear in Mr. Fuchs, a Shores attorney quickly offered to make an appointment for the ceremony.

Many Residents Aroused
The case, covered extensively last week in the Grosse Pointe NEWS both as a news story and editorially, attracted a great deal of attention.

Frank Hedges, a member of the taxpayers' group, reported receiving many calls from Shores residents who expressed their dissatisfaction with the actions of the Village officials.

Many, he said, sent in checks to help pay the legal fees incurred.

Mr. Fuchs said, following the swearing in ceremony, that he would resign as president of the Grosse Pointe Shores Improvement Association and that a meeting of GPSIA would be held shortly to acquaint Shores residents with the details of the recount case and to plan for further moves designed to improve Shores village government.

Youngster Faces Triple Charges

A fifteen-year-old Grosse Pointe boy was ticketed last Thursday for a three-fold crime. The boy had stolen a car owned by his grandmother, had driven the car without a license, and had fled the scene of a hit and run accident with a parked car.

After "hotwiring" his grandmother's car, at her Detroit apartment building, with a piece of metal some time Tuesday night, the boy had driven the car to Grosse Pointe and picked up three of his friends. Then, at 12:30 a.m. he struck a car owned by Howard Lawrie, of 722 McMillan, which was parked in front of his house.

An investigation of descriptions of the boys given by a McMillan road resident revealed to Grosse Pointe Farms police the identity of one of the youngsters. Questioning of this boy led to the arrest of the driver on Thursday.

BREAKS SHOULDER

Ethel Tipper of 1240 Maryland, fell down the rear stairs of her home and broke her left shoulder on Wednesday, June 12. She was transported to Cottage hospital by Park police ambulance for treatment.

\$1,500 Watch Reported Lost

Mrs. Frank Meier of 1661 Lochmoor boulevard, reported the loss of a valuable wrist watch to Woods police on Tuesday, June 11.

The watch, valued at \$1,500, was described as platinum encrusted with diamonds.

Mrs. Meier said that the watch contained 24 small diamonds and four large diamonds.

Inscribed on the trophy annually is the name of the student who has excelled in music, citizenship, and general contribution to the development of the band. The winner, Philip Pratt, was awarded a medal.

An award which recognizes outstanding achievement in athletics over a three-year period is the Plebeian Athletic Award. The candidates judged by the coaching staff, were so excellent that they decided two boys merited recognition. Between them, they earned 14 letters in football, basketball, and baseball. The co-winners were Marc Lonesk and Thomas Thompson.

Thirty-seven seniors, representing the top 5 per cent of the class scholastically, were given leather-bound, engraved dictionaries by the Mothers Club. In alphabetical order they were: Karen Adams, Linda Beodlin, Vincent Cerutti, Deborah Davis, Janet Dunn, James Finerty, Thomas Graham, Kathyanne Groehn, Doreen Hall, Nancy Harrison, Victoria Heftler, James Holderness, and Robert Hudson.

In addition to the scholarship winners announced at the Honors and Awards Assemblies Mr. Gerich named several recent awards.

Gary Dykstra was granted a scholarship to Hope College. Cornell University awarded a General Motors Scholarship to Alan Wright. The Bentley Foundation granted a scholarship to Jeffrey Broderick for use at Detroit Institute of Technology. Oakland University awarded a scholarship to John Held, and Dennis Jones has been granted a scholarship to Princeton University.

Grosse Pointe Women's Club awards a scholarship to one student from the graduating class who has the highest composite rank in scholarship, extra-curricular participation, service to the school, and who most nearly meets all of the requirements set by the club. The 1963 award went to Janice Harrington.

The Exchange Club of Grosse Pointe awarded a scholarship to Richard Brzozowski.

In addition to these scholarships, 16 students will receive financial grants to further their education. The Mothers Club has awarded scholarships to 11 seniors and the Grosse Pointe Rotary Club grants scholarships to three members of the class. The Welcome Wagon of Grosse Pointe and the Lions Club have awarded one scholarship each.

area, as well as the Boyers' bathhouse and a poolhouse on the Horace E. Dodge property, 17840 East Jefferson.

Falls in Dry Pool

While visiting the Dodge estate, one of the teenagers backed up and fell into the deep end of an unfilled swimming pool. His companions patched him up, police say, besides cuts and bruises, he may have suffered a broken arm, and the trio continued their night life career, one member bloody but the group unbothered.

Their last night of "freedom" was spent, in part, on the Boyers' boat. They returned "home" in the early hours of the morning, where Patrolman MacEachern, checking a report on bicycle strippers at work in the area, found them.

They had lived, undetected for five days and nights, only 20 feet away from the Boyer property. City police, suspecting their presence, had checked the property several times before, but the "guard" had always managed to sound a warning in time.

The abandoned mansion, built by Mrs. Boyer's father, the late Col. Frederick M. Alger, has been owned for a number of years by William Clay Ford, vice-president of the Ford Motor Company. He bought the property from Mrs. Boyer and her brother, Frederick M. Alger, Jr., of Lincoln road, former Secretary of State for Michigan and Ambassador to Belgium under President Eisenhower.

Planned to Build

Mr. Ford originally intended to tear down the mansion and build a new home there, but later purchased the estate of the late Mrs. Louis Mendelson, near the estate of his mother, Mrs. Edsel B. Ford, in Lake Shore road. He has been building a new residence there for the last several years.

The vacant property next to the Boyers has been a source of great concern to the City of Grosse Pointe police ever since it was sold. Numerous attempts have been made to start fires there by young vandals, and countless trespassers have been arrested or chased away.

An adjoining vacant mansion, the property of the late Dr. and Mrs. Fred Murphy, was completely destroyed by a spectacular fire started by young vandals on the night of September 11-12, 1960.

City Police Chief Andrew C. Teetaert said all three boys have been taken to Juvenile Court, where they will be charged with breaking and entering.

This year, St. Paul had the winner, Frank Hillebrand. A bicycle was awarded to David Ricca, Kerby School; and Mike Sankovich, Richard School, Miller said. He did not list the winners of the other 15 prizes, which included transistor radios. All prizes were donated by local merchants, Miller said.

Kiwianians Donate

In the Woods, Patrolman Abend stated that the prizes were donated by the Grosse Pointe Kiwanis Club, and consisted of badminton sets, ping pong sets and tennis rackets, etc.

He listed all the winners in each of the schools in the city. They are:

Our Lady Star of the Sea School: Janeen Carnaghi, Marilyn Opoyke, Patricia Mrowczynski, Danny Lenahan, Chris Dinet, and Thomas Leary.

Ferry School: Sharon Hackman, Larry Hyde, Shelley Owens, Ricky Rivard, Patricia Bond, Peter Fette, Tommy Green and Anne Martin.

Monteith School: Nancy Nixon, Erika Nardon, Karen Brown, Bill Dargel, Scott Villeneuve and Harvey Bailey.

Barnes School: Marcia Gould, Elizabeth Jane Hoffer, Patty Lane, Dave Whipple, David Carmichael and Dan Wilk.

Mason School: Laurie Scrimgeour, Ruth McIntosh, Cindy Short, Bucky Welsher, Ricky Prietz, David Timm, Gary Clement and Terry Lash.

Marines Honor John D. Hayden

PARRIS ISLAND, S.C.—The most coveted award a Marine recruit can earn—the American Spirit Honor Medal—was presented to Private First Class John D. Hayden here on June 10.

Major R. J. Leite, Executive Officer of the Third Recruit Training Battalion, presented the medal to Pfc. Hayden during recruit final review ceremonies.

Major General R. L. Murray, Depot Commanding General, and Brigadier General R. R. Van Stockum, Director of the Marine Corps Reserve, were on hand to congratulate the young private first class.

Pfc. Hayden's parents, Mr. and Mrs. Martin S. Hayden, 218 Meriweather road, Grosse Pointe Farms, Mich., and his brother, Martin S. Jr. visited Parris Island to see him honored. The senior Hayden is editor of The Detroit News.

In addition to the Honor Medal, Hayden received Leatherneck Magazine's Dress Blue Uniform Award, was promoted to his present rank and was named outstanding member of his platoon.

The American Spirit Honor Medal is made available to the Marine Corps by the Citizens Committee of the Army, Navy and Air Force, Inc.

It is presented to those recruits who, during training, display outstanding qualities of leadership best expressing the American spirit of honor, loyalty, initiative, devotion to duty and high example to comrades in arms.

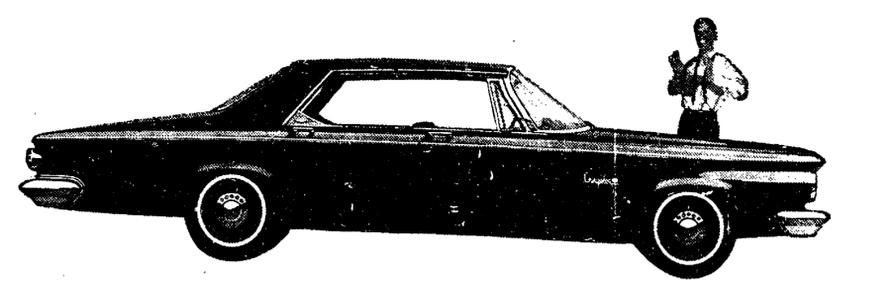

After four weeks of individual combat training at Camp Lejeune, N.C., Hayden will visit his family on a 15-day leave prior to reporting back to Lejeune for duty.

Enlisting in the Marine Corps' 6-month reserve program, Hayden plans to return to college until he earns a degree in Liberal Arts after which he hopes to attain a commission in the Marine Corps.

After graduating from Cranbrook High School in Bloomfield Hills, Mich., Hayden attended Amhurst College in Amhurst, Mass., until enlisting in March.

HOW'S THIS FOR OWNER SATISFACTION?

91.3 PERCENT OF '63 CHRYSLER OWNERS INTERVIEWED BY A NATIONAL MAGAZINE† SAID THEY WOULD BUY CHRYSLER AGAIN. IT'S BEEN EIGHT YEARS SINCE ANY CAR WAS SO WELL LIKED BY THE PEOPLE WHO BOUGHT IT.

Why? Riding comfort. Handling ease. Power and performance. Clean, crisp styling. These things were named after a total of 1,297,466 owner driven miles, as the outstanding reasons for this overwhelming approval of the '63 Chrysler.

The 5-year or 50,000-mile warranty*—America's longest new-car warranty—was the deciding factor for many owners when they were choosing between a '63 Chrysler and other medium-priced cars.

If you haven't driven a Chrysler recently, why not take an hour today or tomorrow, and give a '63 Chrysler a thorough going-over. You'll find your Chrysler dealer's deal will be just as favorable as your rating of Chrysler.

*Your authorized Chrysler Dealer's Warranty against defects in material and workmanship on 1963 cars has been expanded to include parts replacement or repair, without charge for required parts or labor, for 5 years or 50,000 miles, whichever comes first, on the engine block, head and internal parts; transmission case and internal parts (excluding manual clutch); torque converter, drive shaft, universal joints (excluding dust covers), rear axle and differential, and rear wheel bearings, provided the vehicle has been serviced at reasonable intervals according to the Chrysler Certified Car Care schedules.

Club Presents Scholarships

The Grosse Pointe Exchange Club played host at its regular Tuesday night meeting at the War Memorial to the two recipients of its annual scholarship awards.

The two winners honored were Miss Jeanne Thoen of 355 Belanger, a graduate of St. Paul High School, and Richard Brzozowski, of 2138 Anita, a Grosse Pointe High School graduate. They were selected by the Exchange Club's board of review from an impressive list of nominees supplied by the respective schools.

Jeanne and Richard fielded questions from the members, and voiced their plans for the future. Members commented that their poise and demeanor spoke highly of their respective schools.

Celebrate 10 Years of Hospital Help

Ten years ago a meeting was held at the Nurses Home on Ridge road to organize the Women's Auxiliary to Cottage Hospital. Last Wednesday the Auxiliary celebrated ten years of service with a luncheon at Lochmoor. On hand to cut the birthday cake of achievement were left to right, MISS CAROLYN WICKS, administrator of the hospital; MRS. ARTHUR H. BUHL, JR., hostess at the first tea for the auxiliary; MRS. PEDEN A. MEIKLE, president of today's auxiliary, and MRS. ANDREW W. BARR, president of the board of trustees of the hospital.

Youth Credited With Saving Boy

An eyewitness, Mrs. Joseph Ambrogio, of 451 Manor road informed the News that last week's account of the rescue of a drowning boy at the Farns municipal Pier-Park on June 5 had omitted the name of a 16-year-old boy who played a large part in the rescue.

Mrs. Ambrogio's story, confirmed by the lifeguards involved in the incident, was that Jack Monk, of 308 Chalfonte road, had pulled the drowning seven-year-old a distance of five to ten feet to the ladder where waiting lifeguards took charge of reviving him.

Jack confirmed that he was swimming in the park with his brother Dennis, 14, when he saw Norman Whaler, Jr., 7, of 176 Muir road, struggling in the deep water between a diving board and a ladder. He grabbed the boy and towed him as far as the ladder, where an unidentified boy pulled him up the ladder to guards Don Dansbury of 79 Mapleton road and Lauren Bowler of 414 Belanger, who observed that the lad was not breathing. Lauren applied mouth-to-mouth resuscitation until Farns firemen arrived with oxygen. Norman was then taken to Cottage Hospital, where he was kept overnight for observation and released the next day.

"Jack was a Boy Scout and is a good swimmer, but he had never had lifesaving instructions."

CAR DAMAGED
 John G. Schone, of 12409 Laing, Detroit, informed Woods police on Monday, June 10, that while his car was parked on Mack and Torrey, an unknown driver hit the left rear and front doors, causing approximately \$50 damage.

Municipal Building Plans Being Reviewed by Farms

The Farms council, on Monday, June 17, authorized the firm of Begrow and Brown, architects, to investigate and determine if it would be in the interest of the city to accept bids offered last July, or to ask for new bids on the proposed additions and alterations to the Municipal Building.

At the meeting, Jack Brown, a partner in the firm, informed the council that if it accepted certain building plan changes to the July bids, the city could save approximately \$20,000. The lowest bid, deemed too high at the time was \$354,127, but with the balance of the architectural fees, \$17,000; contingencies, \$15,000; and unforeseen items, \$9,000, would raise the cost to \$375,127.

City Manager Sid DeBoer informed the council that he had contacted the Federal agency in Chicago, and was able to have patience, that the Farms' application has been approved, and the funds should be forthcoming.

City Clerk Dawson Nacy told the council that the city now has \$312,000 in the treasury to be used for the project, and if the city wishes to divert \$26,500 from the Kerby Field improvement project and \$25,000 from a DPW garage, this would create a working capital of \$363,500 for the municipal building program.

Also to be discussed at the August 5 meeting, will be whether the Farms should go ahead with its proposed alterations and additions pending the bonded-for grant from the government, or whether to wait for the funds.

This angle will be studied by City Attorney George McKean, who will make a report to the council at the next meeting.

Brown was requested to make his determinations and present them to the council at the August 5 meeting.

Councilman William Butler, who presided at Monday's meeting as mayor pro tem in the absence of Mayor William Conolly, gave a resume of the proposed alterations and additions project.

He stated that in May 1960, the council proposed to employ an architect to move forward on the alterations and additions; in November 1960, the Mayor's Advisory Planning Committee filed a report and suggested 10 architectural firms and in February 1961, the Council employed the Begrow and Brown firm.

In March 1962 alternate and final plans were approved, and in July 1962 bids were received. The lowest bid of \$354,000 was not approved.

Brown returned to the council with revised plans and new

Safety Poster Winners Named

Judges in the recent annual Parcels Junior High School Safety Poster Contest were hard put to pick the winners from the 143 entries, it was disclosed by Sgt. Jack Mast and Patrolman Al Abend, Woods school safety officers.

All students of the Art Class, who participated in the event, were asked to choose their own themes, the officers said. The contestants showed good thought and planning, which indicated great interest in the competition. All the posters were excellent, the policemen added.

After much study, Douglas Smith was picked to receive first place award.

The following also received awards for their drawings: Donna Blaess, Debbie King, Pam Chase, Patricia Jenzen, Randy White, and Rick Tyrell.

All the awards, donated by the Grosse Pointe Woods Lion Club, were on display in the school prior to the presentation to winners, it was said. The judges were personnel of the Woods Department of Public Safety.

Lightning Fire Victim Grateful

Pat Patten, 1758 Manchester, whose home was struck by lightning on Sunday, June 9, has words of praise for the Grosse Pointe Woods Fire Department.

Patten reports the firemen arrived promptly, did no damage with axes or other gear, and put out the blaze with the minimum amount of upset to his property. He commended Fire Captain Don Coates and his men for their excellent work.

Center to Show D'Ascola's Art

An exhibit of eight paintings by Italian painter Francesco D'Ascola will be on view in gallery F in the Grosse Pointe War Memorial's second floor during the month of July. The Grosse Pointe public is cordially invited to see them.

D'Ascola is a native of Reggio Calabria and is noted for his landscapes which have been shown throughout Italy in Florence, Venice, Turin, Milan and his native Sicily. This artist uses the true solid colors of nature yet blends them often into dreamy fantasies similar to the French post-impressionistic school. The paintings were brought to this country by the artist's friend, Joseph Vallone of Dearborn, who returned from Italy this year.

Driving Without Lights Leads Youth Into Trouble

Lawrence J. McCormick, 19, of 23304 Clairwood, St. Clair Shores, arrested by Shores police Sunday evening, June 16, for driving without car lights, found himself in extra trouble. McCormick was stopped on Lake Shore road by Patrolmen Chester Painter and Harry Hamilton at about 11:30 p.m., when the officers noticed the youth driving east on the road without lights.

The youth presented his operator's license on demand. Painter then noticed that the license had expired on July 25, 1962, and also that the birth date on the document had been altered from July 25, 1942 to July 25, 1940. McCormick could not produce a registration for the automobile he was driving with Detroit authorities disclosed that the youth was wanted on a 1962 traffic warrant.

Painter said that when McCormick handed him the license, he asked if it was the right one, stating that he had another, issued from New York, where he was staying. The youth searched his wallet and when he could not produce the New York license, claimed he apparently had forgotten it when he left that state to come to Michigan.

In explaining the alteration on the Michigan license, McCormick claimed that a friend in New York offered to show

MICHIGAN BELL
 telephone lines

FOR MOST OF US, communicating with others is as natural as breathing. But what about the person who can't speak due to surgical removal of his larynx? Or those with impaired hearing, or who can't see? Michigan Bell, together with the Bell Telephone Laboratories, the research arm of the Bell System, is continually seeking ways to improve communications for handicapped persons. Braille switchboards for blind operators, a special telephone handset for the hard-of-hearing, and the artificial larynx that serves as a workable voice for the voiceless are a few examples the Laboratories has come up with. These and other special telephone services offer hope for a better life to many physically handicapped persons.

WELCOME TO SUMMER! It's the happy time for vacations and weekend trips to your favorite pleasure spots. But remember to go first by Long Distance. This is the busy season for motels and hotels, so be sure to call ahead for reservations. And when you arrive, call the folks back home to put everyone at ease. A Long Distance call costs so little... in fact, after 9 p.m. you can make a 3-minute station call to any place in the continental United States for \$1 or less, plus tax.

PEOPLE SOMETIMES THINK they have a "bad connection" when they can't hear the person at the other end of the line clearly. So they ask our Repair Service to find the trouble. We've found, though, that what often seems to be a poor connection is actually a case of the other person's "tired arm"! Inadvertently he lets the handset wander away from his mouth. To be clearly understood, it's best to hold the transmitter end of the handset directly in front of your lips. It's a small courtesy others appreciate.

To Ring Bells On July Fourth

At exactly 1 p.m. on July 4, a great chorus of church bells will begin ringing in every city, town, village and county across the State of Michigan. The bells will ring for four minutes in solemn tribute to our country's founders, to remind us of the real meaning of this great national holiday, and as a rededication to our national unity and undying devotion to our country.

Grosse Pointer in charge of the bell-ringing is Jeff Broderick, chairman of the Grosse Pointe High School Hi-Y. The program—to "make sure freedom rings on July Fourth"—is under the sponsorship of the Michigan Hi-Y and Tri-Hi-Y clubs.

Idea for the four-minute freedom reminder began last April 18, when Governor George Romney issued a proclamation to "Let Freedom Ring." The proclamation went to every mayor in Michigan urging every citizen to organize and participate in a statewide "ringing of the bells" at 1 p.m. on the Fourth.

The Governor personally appointed the Hi-Y and Tri-Hi-Y clubs of Michigan to lead this special campaign in the State. All churches, ministers, and interested groups are encouraged to participate, to delegate one or two persons to ring the bells for four minutes beginning at 1 p.m. on the Fourth.

Plan to Widen Woods Streets

Widening of three streets in Grosse Pointe Woods, to alleviate congested parking conditions on Mack avenue, will begin as soon as possible.

The Woods Council, meeting in regular session Monday evening, June 17, voted to authorize the preparation of bids and specifications on street-widening for Hollywood (from Mack to the alley), Ridgmont (220 feet from Mack), and Hampton (from Mack to the alley). All these streets will be widened on the west side of Mack.

City Administrator Chester E. Petersen, in a verbal report to the Council, declared the Hollywood improvement should cost approximately \$5,600, the Ridgmont widening approximately \$7,000. These two streets, widened, would give the City a minimum of 18 new parking spaces, and Hampton, widened, would add approximately 8 more spaces.

The City has approximately \$30,000 in gas tax monies which can be applied toward street widening, and several other streets are under consideration, though not part of the immediate street-widening program.

Broadstone, Littlestone, Norwood and Beaufait may be widened at a future date. Petersen received Council authorization to negotiate with the successful contractor and expedite off-street parking improvements on Hollywood, Ridgmont and Hampton as quickly as possible.

The City Administrator noted that such off-street parking additions are the cheapest way to alleviate the Mack avenue congestion problem. The streets are to be widened by not less than six feet, and preferably eight feet.

Councilman Frederick M. Maddock, lone dissenter in the Council vote, said he did not believe Hampton should be included in the initial street-widening program, as it is not in the immediate high-congestion area.

Maddock was in favor of widening Hollywood and Ridgmont, however.

Car Presented To Principal

At a surprise ceremony Monday night, grateful parents of students at the Grosse Pointe Christian Day School presented a 1963 Dodge automobile to the school's principal, Berend "Ben" Jonker.

The car was in appreciation to Jonker for his 10-year service as principal and teacher at the school, which is loosely affiliated with the First Christian Reform Church, at 1442 Maryland. The gift was planned by Donald Van Eck, treasurer of the school board, Rev. John H. Groenewald, and grateful parents and parishioners.

YMCA Launches Work Program

The Hannan Branch Y.M.C.A. has initiated a two-phase employment and technical education program for unemployed East Side youth.

Organized to help alleviate the unemployed high school graduate and school drop-out problem, this long-range plan was developed by Hannan's newly-formed Unemployed Youth and Technical Education Committee, a group of East Side business, ministerial and civic leaders headed by William Pringle, Chrysler Corp. vice-president in charge of the Marine and Industrial Products Division.

Grosse Pointers among the original members of the committee include Mrs. Martha Gorey, of Stephens road, Peter R. Fink, of Stephens road, Marvin Peck, of Rivard boulevard, and Richard R. Leng, of Fairway drive.

The first phase of the program is already under way, with youths ranging in age from 17 to 22 available to do yard work, tend gardens, wash walls and windows, clean basements, garages, etc. Interested persons are asked to contact program director Richard Garrison at the Hannan "Y," VA 2-7200, to hire a boy.

Boys qualifying in the first phase will be eligible for the second phase, to include training in use and maintenance of various types of engines, transmissions, electrical systems, fuel injection, brake systems, etc. Many industrial corporations, such as Chrysler, Continental Aviation and Engineering, Zenith Division of Bendix, and Ethel Corp., are assisting in this part of the program.

Classrooms will be utilized to teach technical knowledge necessary for this second phase of the program, and it is hoped youths completing the course will be able to find full-time employment.

Report Building Boom in Farms

Building construction in the Farms has shown a decided increase, valuewise, for the first five months of this year, as compared to the same period in 1962, it was disclosed by City Engineer Murray M. Smith.

From January 1 through May 31 of this year, a total of 51 construction permits, worth \$1,189,200, were issued, as compared to 46 permits, valued at \$503,700, for the same time in 1962.

During the five months of 1963, Smith stated, the Building Department approved 15 residential construction permits for homes valued at a total of \$1,013,000; one permit for a commercial building, valued at \$11,000; and 35 miscellaneous permits, worth \$165,000.

During the same time in 1962, a total of nine residential permits were issued, valued at \$353,000; one for business, valued at \$33,000; and 36 miscellaneous, valued at \$117,700.

Last month, the department approved one residential permit for a home valued at \$200,000; the business construction permit, valued at \$24,900.

In May of 1962, a permit was granted for a home valued at \$25,000; no business permits; and 14 miscellaneous, valued at \$47,050.

Last month's single residence permit was for a home at 40 Preston place, and the lone business permit is for a store building at 19222 Mack avenue.

Paint Obscenity On Car and Bike

Vandals painted obscene words on the front left door and front chrome grill of a car belonging to Mrs. Peter Jackson, 476 St. Clair, sometime between 4 p.m. Wednesday, June 12, and Thursday morning.

Mrs. Jackson had left her car parked in front of her terrace garage. She reported the vandals had also slashed the tires on a bicycle belonging to her daughter, and written obscene words on the bike seat.

City police have the matter under investigation.

New Fireman Hired by City

Grosse Pointe City has a new fireman. He is Jerry Mehl, 21, of 702 St. Clair, a native Grosse Pointer and a graduate of Grosse Pointe High School who has just completed three years in the Navy, stationed at Key West, Fla.

Mehl was selected from a field of six certified candidates, culled from a group of 11 applicants. To be considered for the position with the Grosse Pointe City Fire Department, applicants must have had a High School education or its equivalent.

They took written examinations Friday night, June 7, and the following morning appeared for oral examinations before a board consisting of the personnel director from Wayne, chairman; Mt. Clemens Fire Chief Clayton Dubay and Ferndale Fire Chief William McMurray.

Six of the 11 applicants passed the written and oral examinations with a general average of 70 or better. They were certified pending their physical examinations, and Fire Chief George Poupart made his selection from the certified candidates.

Mehl went on duty Monday morning, June 17.

The Grosse Pointe Safety and Traffic Committee disclosed that during the first five months of 1963, a total of 600 properly damage accidents were reported in the Pointe-Harper Woods area, of which 139 involved injuries.

The highest number of accidents was reported by Harper Woods, 160, of which 29 were non-fatal (injury accidents). In the report for last month, Harper Woods recorded 36 accidents, 10 non-fatal; Park, 23 accidents, three non-fatal; Farms, 21 accidents, two non-fatal; City, 15 accidents, one non-fatal; Woods, 12 accidents, six non-fatal; and Shores, one accident, with two persons injured.

The Farms is the only community to report a traffic fatality so far this year.

Car Presented To Principal

At a surprise ceremony Monday night, grateful parents of students at the Grosse Pointe Christian Day School presented a 1963 Dodge automobile to the school's principal, Berend "Ben" Jonker.

The car was in appreciation to Jonker for his 10-year service as principal and teacher at the school, which is loosely affiliated with the First Christian Reform Church, at 1442 Maryland. The gift was planned by Donald Van Eck, treasurer of the school board, Rev. John H. Groenewald, and grateful parents and parishioners.

Report Building Boom in Farms

Building construction in the Farms has shown a decided increase, valuewise, for the first five months of this year, as compared to the same period in 1962, it was disclosed by City Engineer Murray M. Smith.

From January 1 through May 31 of this year, a total of 51 construction permits, worth \$1,189,200, were issued, as compared to 46 permits, valued at \$503,700, for the same time in 1962.

During the five months of 1963, Smith stated, the Building Department approved 15 residential construction permits for homes valued at a total of \$1,013,000; one permit for a commercial building, valued at \$11,000; and 35 miscellaneous permits, worth \$165,000.

During the same time in 1962, a total of nine residential permits were issued, valued at \$353,000; one for business, valued at \$33,000; and 36 miscellaneous, valued at \$117,700.

Last month, the department approved one residential permit for a home valued at \$200,000; the business construction permit, valued at \$24,900.

In May of 1962, a permit was granted for a home valued at \$25,000; no business permits; and 14 miscellaneous, valued at \$47,050.

Last month's single residence permit was for a home at 40 Preston place, and the lone business permit is for a store building at 19222 Mack avenue.

Governor Greets Maire Students

The fifth grade at Maire School visited the State Capitol at Lansing recently. Highlight of the educational experience was at the Capitol when each member of the class shook hands with Governor Romney and toured the building, viewing the House of Representatives and the Senate.

In order to learn more about the activities of our State Police, the group then visited the East Lansing State Police Post. They were told about the instruction each state policeman receives when he arrives at the post, given a demonstration of marksmanship, and taken on a tour of the entire building.

The Kellogg Center at Michigan State University provided the group with a guide to tour the campus, stopping at the agricultural building and the Union for lunch.

A tired but happy group of fifth graders, teachers and chaperones returned to Grosse Pointe feeling that in no better way can the teaching of government be done than in a trip of this kind.

Miss Myrtle Olson, Mrs. Jean Snell, and William Mestdagh, fifth grade teachers, accompanied the group while arrangements for the trip were made by Moorman's Travel Service, Inc.

Social to Benefit Retarded Children

Will Raise Funds for Class to be Started at Pointe Methodist Church in Fall; Ice Cream and Strawberries to be Served

In order to raise funds for a class for mentally retarded children which will be opened in the fall at the Grosse Pointe Methodist Church, the Commission on Education of that church is sponsoring an "Ice Cream and Strawberry Social" to be held on the church lawn on Sunday, June 23, from 5 to 7 p.m.

This is a revival of an old custom which was started when the church had no building of its own, and the vacant lot now occupied by its building was the scene of the first social. In case of rain that afternoon, the affair will be held in the church building. Ice cream, strawberries, cake, coffee and punch will be served.

Mrs. R. G. Kenny, who will be in charge of the class for mentally retarded children, and Miss Margaret Schmidt who will assist her, will be present that evening to talk with any parents who might be interested in having their children enrolled in the class next September.

Mrs. William Montgomery is in charge of publicity for the event. Assisting in spreading the news of the affair are Mrs. Robert Ambrose, Mrs. Donald Bentzen, Mrs. Louis Charvat, Mrs. Richard Foiden, Mrs. Lester Gutschman, Mrs. J. R. Graham, Mrs. Dean Holdiman, Mrs. Carl Lanz, Mrs. Guy Juene-mann, Mrs. Kenneth Huddleson, Mrs. James Nixon, Mrs. Henry Quinn, Mrs. Robert Roddewig, Mrs. Delbert Schneider, Mrs. Harold Simmons, Mrs. George Triplett, Mrs. Edwin J. Werner and Mrs. Lowell Bird.

The preparation of food is in the hands of a committee composed of Mrs. Warren Moore, assisted by Mrs. I. Russell Allen, Mrs. Wallace Pangborn and Mrs. Franklin Pieszak. Mrs. Kenneth Kimmel will supervise setting up the booth and tables and her helpers will be Mrs. Donald Yerkes, Mrs. David Harrison and Senior High School students Scott Paris, Tom Nixon, Andy Kimmel, Janet Peat, Sue Harrison, Susan Sessions and Diane Dillaman.

Selling in the booth will be Mrs. Leo Luke, Mr. and Mrs. Robert Hornbeck, Mr. and Mrs. Herbert Smith and Mr. and Mrs. Richard Frisbie. Under the guidance of Mr. and Mrs. Thomas Munson, a group of Junior High School students will assist this committee in clearing tables and serving the food. They include Alice Sessions, Janet Huddleson, Bill Montgomery, Rhonda Hawkins,

Terry Allen, John Chossy, Donald Moore, David Munson and Barbara Peat. Supervising in the kitchen will be Mrs. Cecil Sessions and Mrs. John Gould. Mr. Sessions will serve as cashier.

The public is cordially invited to drop by that afternoon and partake of the refreshments.

Expert Praises Pointe Theater

(Dr. T. O. Andrus, Professor of Theatre and Production Manager of the Wayne State Theatre at Wayne State University, submitted the following review of the Grosse Pointe Community Theater's production of Cole Porter's "Kiss Me Kate." Dr. Andrus is a graduate of Louisiana State University. He formerly taught at the University of Minnesota and in 1948 came to Wayne. He is nationally known for his papers on technical theatre and presides over discussions on techniques of theatrical production at national speech conventions. Dr. Andrus attended and reviewed the performance Friday evening, June 14.)

The entire production had a lively sparkle that cannot be matched by first professionals. The cast seemed to be enjoying what they were doing and, as a consequence, we in the audience also enjoyed it. The pace was lively and the musical conductor, John Percin, kept the cast up to scratch. The costumes were very well done and, except for one or two instances, added immeasurably to the total effect. The lighting and staging were well executed.

As a designer, I would argue with some of the sets but it would be on a personal, artistic basis and probably out of context with the entire show. For example, the use of red lights on the dancers before they began to dance in the "Bianca" scene was not flattering. Girls' legs do not look as good in red colors. In general, the direction was good, but again, I would argue on minor points at times. I would have left Bill Calhoun on stage to react to Lois Lane when she sang "Always True To You In My Fashion."

Imogene Bird did an excellent portrayal of Lilli Vanessi and projected the character very well. She was also understandable in the lyrics she sang, which is important in musical comedy. Donald Bliss did equally well in the singing part of his role but, unfortunately, was not as free and easy in the acting aspect. He did not quite have the swagger and cockiness necessary for Petrucio. This was especially true in the "Where Is The Life That Late I Led" number. He did not quite convince me that he had been in a "stinking pink palazzo."

For this writer, the real highlight of the show was the two gangsters, George Wilson and Al Bertel, in their "Brush Up Your Shakespeare" number. Even though this scene was written in to cover a scene change and to help continue a very weak plot thread, it was a real show stopper.

Although I saw Alfred Drake and Patricia Morrison in the original production of "Kiss Me Kate" in New York, I must say that I enjoyed the Grosse Pointe Community Theater's production more.

There will be three more performances of "Kiss Me Kate" at the Fries Theatre, 32 Lake Shore Road. The dates of these performances are June 20, 21 and 22. Tickets may be reserved by calling the Theater's 24-hour answering service at TU 4-2710.

In the midst of the second in the Majors things are taking a real different turn of events. The Reds under Hank Kinzie have apparently overcome some of their problems. Monday the games were rained out. But Tuesday it was the Reds over the Pirates 12 to 6 as Byron Stuck and Hal Messacar shared the winning pitching honors.

Stuck also got a home run. For the Pirates Tim Coffin also had a home run.

In the other game it was Yankees 5, Red Sox 1 with George Hodges pitching a one hitter and having 13 strikeouts. Wednesday came the two games missed on Monday with the Indians taking the Phillies 9-3 as Dave Harris and Doug Schultz pitched for the Indians. Harris and Ernie Volacic, both of the Indians, helped the cause with two fine home runs.

In the other game the Giants took the Tigers, also by a 9 to 3 score. Home runs for the Giants started with two by Pete Wittstock, one by Dave Beaufait, and one by Pep Perry. Also really hitting were Griffio and Allard and Jim Krieger.

On Thursday the Yankees took the Phillies in a real close one 2-1. Glenn Hillger was the winning pitcher aided by two good hits by Jack Critchfield. On the Phillies Bob Lehman and Greg Thoen each got two hits but it just was not enough.

In the other game Thursday, the Pirates 4, Red Sox 1, as Tim Coffin pitched a one hitter aided by a most spectacular catch by Tom Spalding that might well have turned the game the other way had he missed. On Friday the Giants took the Indians in a real pitchers' duel 2-1. The Giants pitchers Wittstock and Griffin allowed one hit and Tom Tompkins of the losers allowed only two hits.

In the other game Saturday, the Pirates 4, Red Sox 1, as Tim Coffin pitched a one hitter aided by an excellent punt to aid the winning run to score. In addition Gary's fielding was excellent.

On Wednesday Seattle dropped one to Denver 9 to 10.

Start Classes At Farms Pier

Farms residents are advised that now is the time to enroll their youngsters in the free swimming classes at the Farms Pier.

There are classes for children in every stage of development from beginners through Senior Life Saving Instruction and even diving is included. Registrants as young as four years of age are welcome and at the other end of the scale there is a class for mothers.

All four of the teachers are experts who have passed the rigorous requirements of the American Red Cross and have been certified as highly qualified instructors. Farms residents will be pleased to know that Barbara Herrick and Annette Urso of last year's staff have returned for another season. In addition Marianne McDonnell and Annette Wibelmann have joined the staff.

Swimming fans will remember Annette Wibelmann as a former star and captain of the St. Paul team.

The classes are divided into two sessions of four weeks each. The first session started Monday, June 17, and will run until July 14. The second session will start July 15 and will end on August 9.

Although the first session has already begun, the instructors want Farms residents to know that there are still a few openings left in most classes. So don't wait until the second session begins, enroll your child now.

Registration in the first four week course does not operate to automatically re-enroll the child in the second course. You must re-register for the second four weeks of classes and this may be done on July 13 and 14 between 10 a.m. and 4 p.m. at the Pier.

For further information on these classes contact any of the above swimming instructors at the Pier. TU 4-9806.

Nursery School Opens June 24
Many little Grosse Pointe boys and girls of pre-school age are eagerly awaiting the opening day of the Montessori summer session at the Barat School, Academy of the Sacred Heart, 171 Lake Shore road.

The session opens on June 24 and will run for six weeks. Sister Ann, C.S.J., authority on Montessori methods, from The College of St. Catherine, St. Paul, Minnesota, is due to arrive in Grosse Pointe June 20.

She will then begin private interviews with the parents and children who are enrolled for the summer session, and, while discussing the program to be followed, will observe the individual talents and potentialities of each little pupil.

Among those attending the Montessori Summer Session in the capacity of student-teachers are: Mother Barbara McSweeney from Vancouver, B.C.; Mother Mary O'Malley from Halifax, Nova Scotia; Mother Lucille Mutschall and Mother Mary Clay from Rochester, New York; Miss Ann Bucher from Montreal, Quebec; Mrs. Percy MacDonald from Levittown, Pa. Mrs. MacDonald is expected to help in the new Sacred Heart Montessori School at Princeton, N.J., in the fall.

Religious, teachers, parents and children all look forward to another summer program as successful and enriching as that of last summer's session. As registration is limited, anyone wishing to inquire about enrollment should contact the Content as soon as possible.

Sails and Skis

The Annual Mills Trophy Race sponsored by the Toledo Yacht Club drew skippers and crews to Lake Erie last weekend. They had generally good weather with a lack of wind. For the 26th straight year a Detroit boat has won the trophy.

"Toot" Gmeiner skipped his APACHE to first place in Cruising "A" for the fourth consecutive year. From the starting gun until the last part of the last leg it looked as if VITESSE, Norbert Taylor's sister ship to APACHE would maintain his string of victories. VITESSE led the fleet around the course up to this point. As VITESSE and TAMARA owned by Floyd Hinsky of Grosse Pointe fought a duel for the finish line, Gmeiner took a gamble by tacking inshore and away from the two boats locked in battle. The tack gave Gmeiner enough lift or advantage of a wind shift to cross the finish line ahead of both VITESSE and TAMARA. Thus ended Taylor's string of four consecutive victories.

In Cruising "A" the order of finishes on corrected time were: 1st, APACHE, W. D. Gmeiner, DYC; 2nd, VITESSE, Norbert Taylor, DYC 3rd, TAMARA, Floyd Hinsky, BYC.

Cruising "B" was captured by FINE FEATHER owned by John Root of Canton, Ohio. FINE FEATHER has sailed a number of local DRYA events as well as the Port Huron to Mackinac Race. Second place went to Dave Murray's DUCH-ESS II, of Cleveland, 3rd, Mitt Cross' WHISPER, DYC.

One hundred twelve yachts answered the starting guns of the Windsor Yacht Club Annual Regatta last weekend on Lake St. Clair. The weather was very similar to that encountered on Lake Erie, fair with a lack of wind.

Lloyd Ecclestone won Cruising "B" honors with BIKINI. Jim Carlin's GLORY BEA II captured Cruising "C" and Bill Gmeiner's IDLEWISS placed first in Cruising "C II."

Shores Election Aftermath

The court has decided there shall be no recount of the votes cast in the May 21 election in Grosse Pointe Shores, and the elected candidates have been sworn in, including Arnold Fuchs, against whom the recount was aimed. The story is carried on Page One of this issue.

This particular phase in the struggle which has been going on for some time between the village president and board of trustees, and the Grosse Pointe Shores Improvement Association, has ended, and this paper had no intention of making further editorial comment in this issue. However, a different course was dictated Tuesday afternoon when Thomas Jefferis, village superintendent of the Shores, visited the News office.

Mr. Jefferis stated he came with a request from Village President Jack Williams, who was out of town. It was long after our deadline and half the paper was already dummied. The print shop was waiting for the final copy and dummies before make-up, and things were pretty hectic, as they always are on Tuesday afternoons.

The request from Mr. Williams was to print a statement from himself, and the complete transcript of the proceedings in Judge Baum's court when the recount hearing was held. Mr. Williams' statement read: "I have no comment on the statements which appeared last week in the Grosse Pointe News. Judge Baum's opinion, which is reproduced here in full speaks for itself. With this legal matter out of the way it is my sincere wish that the Village can proceed now in the business at hand."

The court transcript covered seven typewritten pages of legal phraseology and dialogue. Although sorely pressed for time, we took time to peruse the document and believe we have found the one section which Mr. Williams is most anxious to have appear in print. We are glad to oblige him in this matter. Time and space do not permit the publication of the entire transcript. We have had to leave a lot of live news, which should be published this week, out of this issue because of space limitations. The section which undoubtedly held much appeal for President Williams follows:

"Now I want to state very clearly here that this Court is not critical of the Village in the action that it took in accepting Mr. Sherman's recount petition. As a matter of fact, I think the Village is to be commended. For the question which came before the Village was really a judicial question and not one that fell within the province of the Village's legislative or the executive authority and to have made the decision which this Court is now making would have been, as Mr. Ratcliffe points out, to have effectively deprived Mr. Sherman of an opportunity to have the question judicially determined. The time was such that it would have been difficult or impossible for Mr. Sherman to have formally filed another petition in proper form. Likewise, if the decision had been made against him by the Village Council, it would have been difficult or impossible for Mr. Sherman to have had a judicial review of the sufficiency of his petition."

We hope this satisfies the Shores president. Of course it does nothing to shed any light on the mystery of why 10 days elapsed between the election and the decision to ask for a recount, nor as to just who made this decision. It would seem Mr. Sherman, low man in the election returns, had nothing to gain. Donald Flintermann, the incumbent running for reelection, was a loser by only four votes. Yet he didn't enter into the recount petition. The true story on this might make very interesting reading indeed.

Letters to the Editor

To the Editor: As residents of the City of Grosse Pointe Farms whose municipal swimming facilities are directly dependent on the water in Lake St. Clair, we are concerned about the purity of our lake water this year.

We realize that at present the water at the Farms pier is, according to the official count, not polluted, and that swimming would certainly be prohibited if it were. However, it is unpleasant to swim amongst milk cartons, discarded Kleenex, and other trash. (I am naming some of the items my children saw when swimming June 2.)

We have seen this filth in our lake not only in the pier but also out farther in the lake when sailing in our boat this past week. We are particularly concerned because we have noticed in past years that the water becomes much less appetizing to swim or sail in as the end of the summer draws nearer.

We don't feel that a swimming pool for the Farms would

answer our long-range problem. It might make swimming more pleasant for the Farms residents, but if indiscriminate disposal of rubbish and sewage from boats, docks or beaches continues, soon all the little communities around the lake will need pools if they want safe swimming.

So this is just an appeal to the sense of community responsibility of all the users of Lake St. Clair who may read this. Our proximity to the lake is one of our community's greatest assets. It is a shame to find the lake, so beautiful from a distance, disgusting at close range.

If this letter causes our fellow lake users and lovers to stop and think before disposing of the next candy wrappers, beer can or other refuse, it will be a step—perhaps the only one we as individuals can take—toward dealing with this problem.

Sincerely, Edward and Elizabeth Specht 277 Mt. Vernon

What Goes On at Your Library

By Virginia Leonard

The boys and girls who work in your Library as pages—shelving books and otherwise helping out in behind-the-scenes duties—do you ever wonder about them? They are a fine bevy of teenagers, and we thought you might like to know something about their summer plans.

First of all, there is Catherine Dean, a St. Paul student, who is one of three Detroit girls selected (out of a group of 35) by the Christian Family Movement to spend the summer at Bogota, Colombia. Each student will live with a Spanish family, and after a preliminary two-week quick course in Spanish at the University, will contribute four hours a day toward helping the poor in various capacities. The rest of the time will be spent, probably, in sight-seeing and other leisure-time activities. Bogota, the Athens of South America, should offer tremendous opportunities for enrichment for these lucky youngsters. Cathy's chief concern seems to be about the weather. She tells me that there is no central heating system there, and since it will be winter in that part of the world, woolen clothing will be in order. And that's hard to think about during our current hot spell! We all wish Cathy well—we just know she'll have a wonderful time, and will have much to tell us when she returns.

Another activity is the fifth annual Workshop for student library assistants, offered again by the Department of Librarianship at Western Michigan University. This is for high school students who are serving as assistants in either school or public libraries, and who plan to continue as library assistants during the next school year. Here is a fine opportunity to share library know-how with others and get new ideas regarding libraries in general. This year the Workshop period is from June 23 to June 29; five of our Library pages are attending.

tending. They include Cheryl Riesenberger and William Keller from Central, Deborah Perry and Cathryn Mackstaller from the Woods Branch, and Mildred Reading from the Park Branch. We are indeed proud that so many of our workers are interested in attending the Workshop this year.

A new addition in the record collection, of local interest certainly, is a ceremony of carols, opus 63, by Benjamin Britten, sung by the Boys' Choir of Our Lady Queen of Peace Church.

Some time ago, I ran across some promotional material put out by NEWSWEEK, regarding libraries in general, and so well done I felt it required repeating. Once again, I have found another highly quotable passage from the same source:

"If someone brought out a miracle product that would teach you to argue more effectively, to dazzle women with your logic, to astound men with your command of facts, to enhance children with glistening stories, to understand the people of China, India and Russia, to lose weight, to build muscle tone, to get a raise, to understand the confusion among economists, . . . what a long line of customers it would attract! But such a product already exists. It's called a book. It's available at your neighborhood library. If no long line of customers is there, start one!"

Next week, I hope to do a column on vacation reading—it probably should have been done a few weeks ago, but previous commitments prevented it. The following week, faithful readers will have a treat in store for them: Miss Jean Taylor, the former Columnist, has sent us a column—delightful reflections based on eight months of retirement and travelling around the world. Don't miss it!

School System Launches Program for Recreation

The Summer Recreation Program operated by the Department of Community Services of the Grosse Pointe Public School System, began on Tuesday, June 18 at all the elementary schools.

Activities at Barnes, Defer, Ferry Kerby, Mason, Monteith, Poupard, Richard and Trombley schools are offered in the afternoons from 1 to 4 o'clock. At Maire elementary school the program is conducted in the mornings from 9 to 12. This schedule will continue through August 9, five days a week.

Handicraft and games, song and story periods, are among the regular program activities, with special events such as: picnics, costume parties, talent shows and treasure hunts included.

The instructional staff is composed of teachers, recreations

workers and college students experienced in campcraft and trained in recreation. A two-day workshop is conducted for staff training previous to the opening of the program. This acquaints the supervisors with program requirements and gives them an opportunity to exchange ideas and learn new craft techniques.

No enrollment fee is charged. Craft materials prepared by the Department of Community Services are available to the youngsters at cost.

It is not necessary for parents to register their children ahead of the opening dates, nor are participants obligated to attend daily. However, to participate in the program, youngsters must be of school age.

For further information, call the Department of Community Services at TUXedo 5-3808 or TUXedo 5-0271.

Miss Mayer Is Presented

In a Dutch scene, reminiscent of her ancestors, Margaret Van Dyke Mayer was presented to society last Thursday at a tea at the Hunt Club.

Receiving with the debutante was her mother, Mrs. Alfred J. Mayer, Jr., of Neff road. Delft figurines centered the tea table with calla lilies and blue delphinium. Musical windmills and Dutch wooden shoes added to the Holland decor.

Margaret wore a sleeveless white Chantilly lace dress sashed in Caribbean blue. Mrs. Mayer wore a Hong Kong silk with a leaf and floral print in green. Receiving with the deb and her mother was Mrs. Morley Morgana in pale green.

Mrs. Morgana's daughter, Mrs. Bates, who bowed during the same season as Mrs. Mayer, entertained at luncheon for Margaret Saturday at the Country Club.

How food fads can fool you

By FRED KOPP, R. Ph.

We don't mean there's anything wrong with eating yogurt and wheat germ and so on. They are fine healthful foods. But here's the rub. Advocates of some food fads promise benefits that diet alone can't deliver. Occasionally, someone with a medical problem will try to solve it by living mostly on cabbage juice or some such thing. Special foods and diets, however, have limitations—can be harmful when improperly used. So if you think there's anything wrong with you, by all means see your physician.

At the Chapel of St. Sebastian, Frankfurt, Germany, last Saturday morning, SHARON ALICE HUNT, daughter of the James Hunts, of Littleton road, became the bride of Lt. Gormley, son of the John P. Gormleys, of Birmingham, Mich. After a reception at the Officers Club the newlyweds left for the Bavarian Mountains, Vienna and Switzerland. They will make their home in Frankfurt for the next two years. The pair are alumni of the University of Detroit.

Miss Schulte Says Vows

(Continued from Page 14) mother's prayer book and a white orchid.

Anne Schulte was her sister's maid of honor and the bridesmaids were Therese Schulte, the bride's sister; Rosemary Marzoff, the bridegroom's sister, and Susan Becker.

They wore two-toned yellow linen dresses with matching pillboxes and carried colonial bouquets of yellow and white

daisies. The bridegroom's father was best man and the ushers were William Marzoff, the bridegroom's brother; Edward Schulte, the bride's brother and John Gallina.

For her daughter's wedding and reception at Stouffer's Eastland Mrs. Schulte wore a raspberry silk dress with raspberry and white accessories. Mrs. Marzoff was in a beige and gold cotton knit frock with matching accessories.

When the newlyweds return from their wedding trip they will make their home in Detroit.

Beyer-Fraser Rites Revealed

Announcement is made of the marriage of Dorothy Chace Fraser, of Lincoln road, daughter of Mrs. James Rey Chace, of Stanton, Neb., and the late Mr. Chace, to Frederick John Beyer.

The couple exchanged vows Saturday afternoon in Christ Church. Mr. Beyer is the son of the Frederick W. Beyers, of South Oxford road.

When the newlyweds return from three weeks in Colorado Springs, Colo., they will make their home in Bedford road.

EMIL RAINS, of Paris, Ky., and MRS. HERBERT H. BACON, of Indianapolis, have concluded a week's visit with their brother and sister-in-law, the OMER FIELD RAINS, of Mapleton road. Both the Rain brothers are Kentucky Colonels. While in the Pointe, they were feted by many of the Omer Rains' friends.

On Sunday, between the hours of 2:30 and 5:00, 88 Cloverly Road will be held open for your personal inspection. If you want your next home to include the many extras found in custom homes built in the last six years, yet include four large bedrooms and maid's quarters, we welcome you to stop by. **DYC Flotilla
To Sail Friday**

The Detroit Yacht Club has
inter-club rendezvous
sated for the latter part of
the month of June.

DYC's Pelicans' annual "Flo-
tilla Day" will take them to the
Old Club on Harsens Island
on June 21 for a luncheon
which will be a national event
of great importance this year.

President Kennedy recently
announced the revival of the
ancient national symbol, the E
Aard, this time for peace-time
purposes.

Mr. George Dunat, deputy
director of the Bureau of In-
ternational Commerce, Wash-
ington, D.C., will present the
representatives of four Mich-
igan companies with the E
Award, a presidential citation
for Meritorious Performance
in "Export" at the luncheon.

Mr. Dunat will be assisted by
Mr. Frank Alder, director of
the United States Commerce
Department, a DYC member, Mr. and
Mrs. Alder and the honor guests
will be aboard the Robert
A. Ginn, Gal III with
Commodore and Mrs. Paul
Ginn and daughter, Paula, Vice
Commodore and Mrs. John H.
Ginn will be with Mr. and
Mrs. Edward Neis, Jr., aboard
the yacht, June.

Mr. Dunat is in charge of
the cruise with 250 excursion-
ists expected to travel aboard
the Pelicans, starting at 10:30
a.m. Plans include a special
concert on return to the DYC.
Members and guests aboard
the Commodore and Mrs. Al-
der's Steiner's yacht, the
Aard will include Pelican
President and Mrs. Walter W.
Ginn, Past Commodore and
Mrs. S. S. Tompkins, Mr. and
Mrs. Clarence Wormuth, Mr.
and Mrs. Vern Ridout, Mr. and
Mrs. William McGaughey, the
Ginn's, J. Novaks and the Ad-
ler's daughters.

The DYC's powerboat com-
modore chairman Larry Messer-
ing was appointed Frank
Houghton as chairman for their
Washington rendezvous on
June 22 and 23.

There will be cocktails and
entertainment at the Seaburg Hotel in
Washington on Saturday for
200 members and guests. Many
of the skippers who are plan-
ning to cruise to the Pelicans'
cruise at the Old Club on
Friday will sail on to Wallace-
burg that afternoon.

On June 25 the DYC's Sea
Sports, the men's swimming
team will cruise to the Old
Club for their annual stag ex-
cursion. Don Sherman is chair-
man and expects over 100 mem-
bers to attend. The fleet of
cruisers will leave at 10:30 a.m.
Following luncheon, there'll be
days of tennis, golf, cards and
a cocktail party and dinner.

**Men Gardeners
To Hear Judges**

The only two horticultural
judges in Michigan who are
accredited by the Men's Garden
Clubs of America will jointly
address the Men's Garden Club
of Grosse Pointe on horticultu-
ral judging at their June 20
meeting, at 8, in the Grosse
Pointe War Memorial Center.

The two distinguished speak-
ers are Elmore Frank and Le-
land Gilmour.

Mr. Frank is Consulting
Rosarian in the Grosse Pointes
for the American Rose Society.
He maintains a test rose gar-
den for the Men's Garden Clubs
of America and is a member of
the board of directors of the
Men's Garden Club of Grosse
Pointe, and a frequent lecturer
on roses and other topics to
garden clubs throughout this
area.

Mr. Gilmour has had many
close associations with agricul-
ture and horticulture. His early
years were spent successively
with a commercial fertilizer
company; studying chemical
engineering at the University
of Maryland and as a field
supervisor for a Western land
company. In later years Mr.
Gilmour has been in the in-
surance business but continues
his love of plant life through
his gardening and judging ac-
tivities.

Since flower judging is of
vital interest to all gardening
enthusiasts, the meeting has
been declared a "Ladies Night"
and is therefore open to the
wives of members and guests.

**Lawyers Wives
Plan Season**

The annual June meeting of
the Grosse Pointe Lawyers'
Wives at which the election of
officers took place was held
at the Village Manor.

The president for the 1963-64
term is Mrs. Frank McDonald;
vice-president, Mrs. Edward
Pignatti; recording secretary,
Mrs. Joseph Smith; correspond-
ing secretary, Mrs. Robert
Pyrell; treasurer, Mrs. Richard
Harvey; membership, Mrs.
Douglas Paterson.

Extensive plans are being
laid now by the members of
the board. Among these is an
all-out effort to recruit more
members from the 600 lawyers'
wives who reside in the Grosse
Pointes. Anyone who wishes
to become a member may call
Mrs. Paterson at TU 4-1234
before the regular business
meeting which will be held
October 9.

This year the Michigan State
Bar convention is to be held
in Detroit on Sept. 25, 26,
and 27.

The delegates from the Grosse
Pointe Lawyers' Wives to the
Women's Auxiliary are Mrs.
Frank McDonald, Mrs. Gerald
Fitzgerald, and Mrs. Howard
Simon with Mrs. David Mar-
tin as alternate.

The following members will
be hostesses at the convention—
Mesdames Gerald Stoetzer,
Larry Carl Blair Moody, Jr.,
William Fritz, Howard
Simon, Edward Weber, Joseph
Smith, Frank McDonald, Wil-
liam Cohan, David Martin,
Leroy Meinally, Alfred Lind-
bloom, Thomas Munson, Dou-
glas Paterson, Philip Dickinson,
and Allen Whittington.

Other events on the calendar
are a survey of the local Grosse
Pointe courts to see that each
courtroom has a flag and to
determine whether any need
replacing; a dinner-dance at the
Detroit Boat Club on Novem-
ber 23; a scholarship-bridge and
fashion show at Lochmoor
Country Club; a Law Day pro-
gram; and the wind-up in June
with the annual luncheon and
election of new officers.

Mrs. Edward Weber is project
chairman for the Scholarship
Bridge. This year the Grosse
Pointe group was able to give
a \$125 scholarship to each of
the local law schools—the De-
troit College of Law, the Uni-
versity of Detroit Law School,
and the Wayne State University
Law School. For the 1964 schol-
arship, the Lawyers' Wives
would like to be able to give
each local law school a \$500
scholarship.

**Scholarship Won
By Shije Orhan**

A 22-year-old Park girl, who
received her formal education in
the Pointe public schools, was
recently awarded a scholar-
ship to the University of
Michigan.

Miss Shije Orhan, daughter
of the Orhan A. Orhans of 1452
Maryland, won a National De-
fense Education Scholarship,
offered by the Federal Govern-
ment, and elected to study
at the Counseling and Guidance
Institute at U of M.

She was one of 30 applicants,
chosen from hundreds of stu-
dents from universities and col-
leges throughout the country,
who were notified that they
had won a government-sponsor-
ed scholarship.

The recipients were picked
on the basis of scholastic re-

when the POINTE was growing up...

By Patricia Talbot

Although Jefferson avenue, or the Front road, was opened for travel early in the nineteenth century the other thoroughfares of Grosse Pointe were a long time cutting through the French farms.

Until the era of the Civil War most of the land in the City of Grosse Pointe was owned by three or four families, all closely related, the Yaxes, the Rivards, the Cadieux and the Gouins.

Not until the winter of 1908 was the City able to secure the right of way from all the heirs of Archange Cadieux to open Kercheval avenue. Other property owners of the land from Fisher road to Cadieux needed for the street were the Reaumes, the Fanchers, the Joseph Berry estate and the Amelia A. Beaupre estate. The Dwyers, who lived in a Lakeshore road mansion, also held some of the needed land.

Most of the property had belonged to Michael Cadieux, who bought it from Nicholas Gouin and Collette Campau, (nee Gouin), in 1835. Records show that this property was first settled by Francois DuChene in 1796 who had "a dwelling house, 40 arpents under cultivation and a bearing orchard." Michael Cadieux' neighbors were Jean Rivard and Benjamin Marsac and Michael paid M. Gouin \$2,000 for the land. He sold part of it just eight years later to Charles Moran.

Michael died in 1865 intestate, leaving his widow, Archange, and eight children with claims to private claim 506. For over half a century the land was passed back and forth among the heirs before the city bought it. Among the last to sell his claim was William Cadieux who wrote from an Old Soldiers Home in Grand Rapids in 1913. He had been fighting in the Union Army when his father, Michael, died.

Waterloo or Ridge was opened by the City in 1918, again from land purchased from the Cadieux heirs. Charlevoix was routed that same year and some of the land here was owned by Mary Manning Wadsworth, the actress, who married the Pointe realtor and businessman, and built the workmen's cottages which eventually became the City municipal offices.

St. Paul was the last of the big avenues to be opened and only after the heavy residential building in the twenties made it necessary. Maumee had been built from Fisher to Provençal in the 1890's for the interurban railroad and its extension into the city was a natural conclusion. St. Paul lands had originally been owned by the Marsac family but were sold before 1812 to the Gouins. When the road was finally opened in 1925 much of the property was bought from the George A. DuCharme estate. Mr. DuCharme was among the founders of the great Michigan Stove company and an early Pointe resort colonist.

Jerry O'Berski, of Chalfonte road, has had frequent glimpses behind scenes at the White House. Recently elected president of the Dramatic Society at Georgetown University where he is a pre-med student, Jerry's group has been working at the White House for the past two years. The Dramatic Society, at the request of Mrs. John F. Kennedy, has been doing all the staging for the big Presidential fetes. The 175-year-old society just finished working on all the backstage details for the Shah of Iran's entertainment.

This week will see the big launching of the boat Karl E. Ness, of Lakeland avenue, has been all winter building. Mr. Ness, a commodore at Bayview Yacht Club, has been working on his project in a store at Mack and Lakepointe and this week the boat will be slipped into the water with appropriate ceremonies.

Awaiting the results of his audition with the Juilliard School of Music in New York this week is Dennis Nahat, GPHS senior, and the only boy in the Detroit City Ballet Company. Dennis has been taking lessons for ten years now with his eye on Broadway. He also sings in his church choir, plays the piano, organ, viola and violin, oboe and castinets. He had a solo part in the Northwest Regional Ballet Festival at Ford Auditorium in May and that's when the Juilliard scout discovered him.

Mrs. L. L. Stone, of Neff road, justly proud of her son John M. Stone's recently published textbook for upper class collegians and graduate students, has presented a copy of the erudite tome, "Radiation and Optics," to the Grosse Pointe Public Library. Dr. Stone is a member of the Atomic Energy Commission and lectures in the Physics Department at the University of California, Berkeley, Calif. A 1936 graduate of Grosse Pointe High School, he holds two Bachelor of Science and a Master's degree from the University of Michigan, and was awarded his Ph.D. in Physics from the University of California, Berkeley. Proof positive that science and humor DO mix—Mrs. Stone's own copy of her son's intricately-diagrammed, complex text bears the handwritten legend: "To Mother, for her moments of LIGHT reading!"

FILFERINGS

A dairy farmer was questioning a prospective hired man. "Do you have any bad habits—smoke, drink, eat margarine?"

"I hope that's a nice book you're reading, darling," said the conscientious mother to her daughter.

"Oh, yes, Mommy," replied the girl. "It's a lovely book, but I don't think you would like it. It's so sad at the end."

"In what way, dear?" Mother wanted to know.

"Well," the youngster sighed, "she leaves him and he has to go back to his wife."

A teen ager was trying to decide what to give her best friend for her birthday. "Maybe I'll get a bracelet," she said, "but it will have to be silver. Beth wears only silver jewelry now, because it goes with her braces."

MR. AND MRS. THOMAS E. LOUGHLIN, OF LAKESHORE ROAD

By Patricia Talbot

When a former member of His Majesty's Fusiliers married a brown eyed lass from Yorkshire in Detroit 50 years ago Mr. and Mrs. Thomas E. Loughlin began their life together with few of the comforts thought so necessary by their grandchildren.

"We've always been contented no matter what we had," explains Mrs. Loughlin when she discusses the secrets of 50 years of happily married life. All those years were not golden for the couple, but now Mr. Loughlin says, "After our ups and downs we are having a heck of a lot of fun."

The upright, white-haired Irishman who wanted to become a member of the Irish Constabulary has for 48 years been in charge of security at the Edsel Ford estate. At 73 he has no thoughts of retirement. Mrs. Ford claims she couldn't do without him.

Wanted to Be Policeman When the Loughlins were first married they had only been in this country a few years. He is a native of Wicklow county in Ireland and had hoped to be an Irish policeman. He enlisted in a British regiment and served for three years before coming to the U.S. in 1911 because "there's nothing in Ireland." Mrs. Loughlin had come on a visit a year earlier with her aunt. His first Detroit job was as a street car conductor. Mr. Loughlin was

supervises four security men on two shifts throughout the grounds. It is impossible for an unauthorized person to approach the grounds under his watchful eye.

Last Sunday the Loughlins' friends turned out at a reception honoring their golden wedding anniversary at the home of their daughter. Among the guests were Mrs. Edsel Ford, who gave them a rare antique brass bowl filled with roses; Mrs. William Clay Ford and Mrs. Walter Buhl Ford. The Loughlin home is still filled with boxes holding their gifts. Their home means a great deal to them. "We've always been glad to come home or to stay home," said this devoted couple.

Portraits of the Years On the piano is a velvet and gold framed picture of them on their wedding day 50 years ago. On the walls of their den are many pictures of the Ford family including the late Henry and Edsel Ford, the wedding pictures of the four Ford children, and a photograph of Mr. Loughlin holding Benson and Henry, still in rompers, standing in a field of buttercups. Their ties with the Ford family have always been close.

Four years ago the Loughlins returned to Great Britain, the first visit since their marriage. They enjoyed renewing old memories but Mrs. Loughlin prefers her home here, although her husband found much to appreciate in their native land. "We've always tried to agree," Mrs. Loughlin insists in remembering their years together.

IMMUNIZATION MONTH Grosse Pointe mayors have proclaimed the month of June Immunization Month, urging all citizens to avail themselves of either the services of their physician or one of the free clinics which will be operated by the Health Department with the help of the medical profession in order that no citizen will be susceptible to smallpox, tetanus, or poliomyelitis.

Marie Birds Beauty ByLine

What is the age of Beauty?

I see it in the eyes of a young mother when she brings her tiny daughter to our Salon for her first haircut... I see it in the seven-year-old that suddenly decides the pony-tail must give way to a short casual style that she can take care of... I see it in the happy bride that asks us to create a trousseau full of honeymoon hair-dos... I see it in the great-grandmothers that have been our devoted clients for many years. Enhancing their good looks is our business... and we take pride in doing it well... but the real beauty of any woman, regardless of age is found in the reflection of their own inner radiance.
