## HEADLINES of the WEEK As Compiled by the Grosse Pointe News

Thursday, June 27

AN ESTIMATED one and a half million Berliners turned out yesterday to cheer president Kennedy on his arrival in the free city of West Berlin. He paid a solemn visit to the Berlin Wall, and predicted later that Communism, which built the wall, cannot prevail against the "winds of change" sweeping the world. Kennedy reaffirmed the U.S. commitment to defend the divided city and commended Berliners for their valiant stand against Communism. Later in the day Kennedy went on to Ireland for a three-day sentimental visit, and was given a wild welcome in Dublin, in the city's first ticker tape parade.

THE SIX MEN and SIX WOMEN who comprise the Thorsen murder trial jury were ordered locked up overnight Wednesday in a Detroit hotel. After 16 hours of deliberation, they had been unable to reach a verdict as to the guilt of Robert M. Thorsen of Birmingham, charged with first-degree murder for the bludgeoning and strangling of his mother-in-law on December 3.

A SCREAMING MOB of over 1,000 teen-age girls mobbed President Kennedy Thursday night as he emerged from a dinner in Dublin at the residence of the Irish external affairs department. It was the second time that Kennedy had been caught in a mob of wild girls during his six-day visit to Ireland. Concerned Irish police cleared the way to Kennedy's car. Kennedy reached the car and stood on the running board and waved to the thousands gathered. The tension broke as the mob broke into cheers.

Saturday, June 29

PRESIDENT KENNEDY dined Friday night with Irish President Eamon de Valera, on the last leg of a visit in Ireland. Saturday Mr. Kennedy spent the last hours of his Dublin visit addressing a joint session of the Irish Parliament. In the address, he pledged that the United States would use all its power to forge a worldwide pact to freeze the spread of atomic weapons. He told the wildly cheering Parliament that Communist-ruled peoples should follow the Irish example and never give up their fight for freedom.

Sunday, June 30

PRESIDENT KENNEDY met alone with Britain's Prime Minister Harold MacMillan Saturday night, and the two agreed to press hard for a nuclear test ban treaty with Russia. The two leaders viewed the test ban as the most significant step towards "meaningful agreement" to halt the nuclear arms race. The Polish submarine question, U.S.-British aid to India, and a proposed multi-lateral nuclear force were expected to be discussed before Kennedy departed late Sunday for Italy.

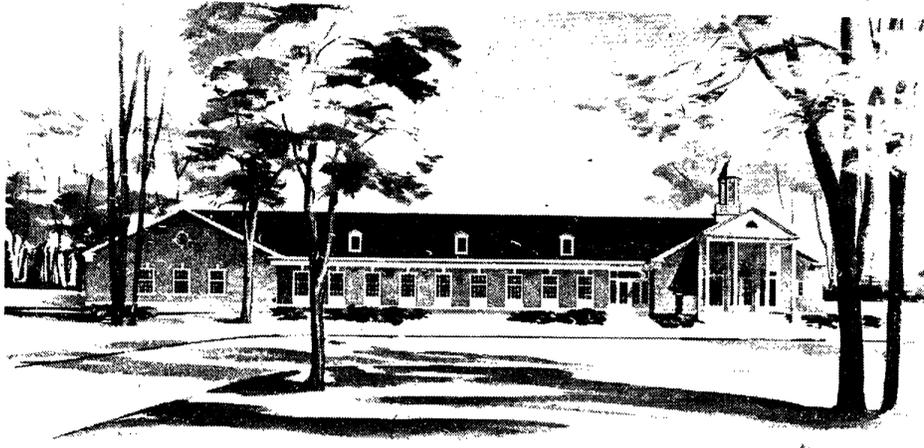

Monday, July 1

OVER 250,000 SPECTATORS witnessed the splendid coronation of Pope Paul VI, 262nd supreme pontiff of the Roman Catholic Church in Rome Sunday. The new Pope addressed the gathering, pledging to dedicate his reign to a search for world peace and Christian unity. Millions of Europeans watched the ceremony on television, and the Telstar satellite relayed it to the United States.

Tuesday, July 2

THE UNITED STATES ordered the expulsion of a Soviet Embassy attache in Washington Monday, on grounds that he tried to force a government employee close to the Central Intelligence Agency to reveal secret information. The attache, Gennady G. Sevastyanov, was ordered to leave the country immediately. A note to the acting Russian ambassador declared Sevastyanov "persona non grata" for his actions in trying to blackmail the government employee, who was said to have relatives in Russia who were threatened.

## Proposed Addition to Woods Municipal Building

PUBLIC SAFETY ADDITION TO THE MUNICIPAL BUILDING FOR THE CITY OF GROSSE POINTE WOODS, MICHIGAN  
HAMMOND, QUINLAN AND FOWLER, INC. ARCHITECTS AND ENGINEERS

This architect's drawing shows what the Woods Municipal Building will look like when it is enlarged as proposed. The new portion is the long extension running to the left from the present pillared front

entrance. It will house the Public Works Department. Garage space for the fire apparatus is on the extreme left.

## Thief Loots Three Boats At City Park

### Guard Sees Young Man Fleeing On Dock; Propellers, Radio, Tool Box, Flares Stolen

A burglar who was probably operating from his own boat entered the City's Norbert P. Neff Memorial Park and ransacked at least three boats on the night of June 28.

A guard at the park saw someone fleeing out on the dock, but couldn't reach him before he had jumped onto a boat and escaped. He described the suspect as a young man with a light colored shirt and pants.

Thefts were reported by three City boat owners: Russell K. Davis, Jr. of 807 Washington road, reported missing two propellers from his boat; Nicholas Mizerec, 604 Cadieux, reported the theft of a ten-inch propeller from his boat which was next to Davis'; Samuel Harrison, 849 Loraine road, lost a tool box with tools, signal flares, one Motorola transistor radio, and one propeller.

Another propeller was found the next day on the main dock, not one of those stolen and not claimed by a boat owner. It is believed that it belonged to the burglar, who was forced to flee before he could pick it up or exchange it for another.

## Thieves Foiled At Farms Home

Stanley Evatz, of 475 Lexington road, reported to Farms police June 27 that someone had attempted to break into his home the previous night.

Police investigating reported that someone had attempted to pry open a screen from the lower half of a window on the west side of his home. Nothing was missing.

Farms detectives investigating the area took plaster casts of a male and a female footprint, but found no further clues.

## Farms Council Proposes Sidewalk Law Changes

City Attorney George McKean was authorized by the Farms council on Monday, July 1, to draft amendments to the present City Charter and ordinances pertaining to the city's power to direct how sidewalk improvements and maintenance will be financed.

The proposed amendments will permit the city to participate in the costs of the improvements and repairs.

The council felt that the amendments should be in the charter and ordinances because sidewalks are for the use of the general public, and the city should bear all or part of the cost of replacements and repairs.

McKean will present the proposed amendments to the council at its next regular meeting

## Whites and Negroes Join In Demonstration Against Housing Discrimination

### Governor Romney Is Surprise Marcher As About 600 Parade and Twice That Number Attend Rally on High School Athletic Field

Governor George Romney, an uninvited but warmly-welcomed guest, joined more than 600 NAACP demonstrators and white sympathizers in a march held in the Pointe Saturday afternoon, June 29. A rally on the Grosse Pointe High School grounds followed the march.

The parade and rally went off without incident. Police and city officials of the five Pointes ordered every regular and auxiliary policeman on duty, in the event of an emergency, but the demonstration was a peaceful one.

The governor appeared unexpectedly in shirt sleeves, as the parade formed before noon at Cadieux and Kercheval. He waved to the gathering crowd. He told the NEWS before the march:

"Issues Are Fundamental"  
"I am here because the issues involved in this march, today, are so fundamental that they are above the partisan level." He said that he had not been invited to participate in the demonstration by the NAACP leaders, but he was in town for a speaking engagement the previous day and decided to stay over for the march.

An estimated 600 demonstrators formed ranks at Cadieux, and began their march on schedule, moving toward the Farms. As they walked, it became increasingly clear that Pointe residents intended to extend a friendly welcome.

Interested watchers in the village looked on peacefully, breaking into spontaneous applause at many points. Flags were hung on poles along Kercheval. Many homes displayed flags as well, all along the route.

A good number of Pointe spectators joined the ranks of the marchers as they progressed, and soon, the parade stretched at least three blocks.

Some Carry Signs  
Signs carried by some of the demonstrators, carried such legends as: "We Ain't Fooling."

Praises Clergymen  
Turner praised the clergymen present, and said that some of them had taken a strong stand "when the infamous Grosse Pointe discrimination was exposed some time ago."

Rev. Philip Stahl, president of the Grosse Pointe Ministers Association, represented the Pointe ministers at the rally. He said the ministers took part because they had been invited by Negro friends, and because they wished to "publicly confess our sins," to help change the image of the community, and to overcome the "rigidity" between whites and Negroes in the Pointe.

Arthur L. Johnson, Detroit NAACP executive secretary, quipped to the gathering, "you are witnessing the biggest civil rights gathering in the history of the Pointe." Then, in a more serious tone, he predicted that the rally signalled "the beginning of the end of the segregation."

At present, the entire cost of replacing and repairing of sidewalks is the burden of abutting property owners.

McKean, City Engineer Murray Smith, and City Comptroller Carroll Lock submitted reports to the council at Monday night's meeting.

The city attorney stated in his report that under the City Charter, the city may require abutting property owners to construct and maintain sidewalks, and if they fail to do

## Woods Lets 3 Contracts For Addition

### Government to Share in Costs of \$299,690 For City Hall Wing

At meetings on three successive nights last week, the Woods City Council examined and awarded contracts totaling \$299,690 for a Public Safety addition to their municipal building at 2025 Mack avenue.

Contracts were finally awarded Wednesday night, June 26 for the addition, which will house all police and fire personnel and equipment. Police and fire have been quartered at 20775 Mack for over 25 years. The new location will centralize all city agencies in one building.

Contract Winners  
Recipients of the contracts were: Building work—Pieters Building Company, Grosse Pointe Woods, \$205,950; Heating, Air-conditioning, plumbing and Mechanical Equipment—J. L. O'Leahy Company, Detroit, \$61,361; electrical work—Hydon-Brand Company, Detroit, \$32,379.

The major delay causing the three meetings for the usually routine task of awarding bids was that the lowest bidder for the electrical work, Kasler Electric Company of Warren, reported after the bids were opened that they had erred in the estimation of their bid, and that an additional \$4,000 had been overlooked. Due to the oversight, Kasler decided to withdraw their bid, resulting in the awarding of the contract to the next lowest bidder, Hydon-Brand.

Government To Help  
The Woods will pay only part of the cost of construction, due to the efforts of the Communities Facilities Administration in Washington, D.C. The Administration made a grant late in February of \$146,300 towards the building, as part of the Public Works Acceleration Act, created to alleviate unemployment in critical areas.

The addition will be at the south side of the City Hall.

## Police Catch Young Speeder

After a 90 m.p.h. chase down Ridge road, Farms police caught up with John Leonard Drummy, Jr., 17, at his home at 86 Lothrop road.

The youth was seen making an illegal turn at the corner of Mack and Moross, June 29, and the police pursued him over a winding route which led them to his home. At one point he was clocked at over 90 m.p.h. He ignored stop signs and signal lights in the chase, and further avoided police by fleeing into his house.

The boy was assisted from his house, taken to the police station, and ticketed for reckless driving at a high rate of speed and attempting to elude police. He was released to his father at 3 a.m. that morning.

## Federal Agency Okays \$222,500 Farms, Park Gifts

### Government Aid Granted For Building Projects And Relief Sewers in Two Cities

Requests made by the Farms and Park, for financial aid to improve and add to civic projects, have been approved by the Housing and Home Agency in Washington, D.C., according to a joint statement released by Senators Patrick McNamara and Philip Hart, and Congressman Harold Ryan of the Fourteenth Congressional District.

The local projects were approved by the Federal Government, under the accelerated Public Works Act, on Friday, June 28. The grants amount to a total of \$222,500, and are to be matched by the local communities.

The Farms and Park applied for the grants late last year, and have been awaiting word from the government.

### Three Farms Projects

The Farms has been granted \$63,000 for additions and remodeling of its municipal building at 90 Kerby; \$25,500 for a roof over the Department of Public Works Garage, Chalfonte and Kerby, and \$61,000 for construction of a concrete underground water reservoir at the Water Filtration Plant, Moross and Lake Shore.

The Park will receive \$73,000 for extensions of relief sewers in two areas in the city.

The Farms had already committed \$249,000 for alterations and additions to the municipal building, which also houses the police and fire stations, and sought a matching fund of \$63,000 from the government, besides funds for the other two projects.

All work on the projects in the Farms and Park is expected to begin within 90 days, and together will provide 400 man-months of labor.

### Asked Congressman

The approval of the construction is a result of a request made to Congressman Ryan by Farms Mayor William Connolly and Farms City Manager Sid DeBoer, and Park Mayor Kenneth Cunningham.

Ryan stated that he was pleased to announce the approval of the four projects, which will provide 400 man-months of labor and contribute to the economy of the district.

Park City Manager Robert Stone said that plans are being drawn by the firm of Hubbell, Roth and Clark, city engineers, for relief sewer extensions, in several sections of the city that have had trouble with flooded basements.

He said the trouble spots are located in the 500 block of Pemberton road, and the 500 block of Lakepointe, between Windmill Pointe drive and Korte; and on Harcourt, Trombley, Windmill Pointe drive and Bedford, near Essex.

At its regular meeting held on Monday, July 1, the Farms council was notified that the grants for the three city projects had been approved.

### No Official Word

However, City Manager Sid DeBoer informed the city body that he had contacted the Federal Agency in Chicago by telephone, and was told by an agency official, that no official word in writing has yet been received.

## Youth Commission Plan Being Studied in Woods

A "Citizens Youth Commission" intended to help Grosse Pointe Woods teens who get into trouble with police, is now under consideration by the Public Safety Committee of the Woods.

The Woods Council at its July 1 meeting referred the item of such a Commission for study by the Committee. The item was first introduced by Councilman Marvin Boutin on June 25. He had heard of the existence of a similar commission in Harper Woods, designed to eliminate contact between teens and police, and offer juveniles, when possible, a closer guidance and counseling by the Youth Commission.

Another item on the Monday agenda was the consideration of bids for 16 shuffleboard courts

## \$200,000 Donated for Auditorium

### Noted Philanthropist Honoring Three Daughters With Wing For New Building

Breaking with foundation policy, the Kresge Foundation has announced its first and only gift to a secondary school. Sebastian S. Kresge is honoring his three daughters, all Liggett alumnae, by donating one of the wings of the new Liggett School, to be called the Kresge Auditorium-Chapel, a gift amounting to over \$200,000.

The popular and beautiful Kresge sisters, now married and living far from Detroit, are well remembered as holding such important positions in the school as class officers and May Queen.

The oldest Kresge daughter, Ruth, Mrs. H. Nugent Head, now resides in New York City. Catherine, Mrs. Charles Dewey, lives in New York, while the youngest daughter, Anne, married to prominent former Detroit John W. Watling, Jr., makes her home in Santa Barbara, California.

Liggett School, the oldest girls' independent school in Michigan, is celebrating its 85th year. Its graduates are known throughout the city for their outstanding participation in social and civic affairs. For the past fifty years the school has been operating on Burns avenue in the Indian Village. The 10-acre site for the new school is located in Grosse Pointe Woods.

Construction on the handsomely designed Georgian Colonial building will begin in July. The school is geared to accommodate 350 students from nursery school through High School, with boys included in the younger grades.

With the gift from the Kresge Foundation, the Liggett Tomorrow Fund has reached the million-and-one-half mark, according to Mrs. John L. Kenower and Mrs. Frederick S. Ford, co-chairmen of the drive.

## Young Sailor's Boat Stripped

Mark Rentenbach, 12, of 355 Grosse Pointe boulevard had worked for a year to buy a 13-foot "Bayviewer" sailboat. On June 28 the sail, mast, two aluminum booms, a rudder and a tiller were stolen from his boat.

Charles Ellery, of 310 Kerby road, a member of Crescent Sail Yacht Club reported to Farms police that the theft had occurred from Mark's boat between 3 and 4 in the afternoon, at Crescent.

Ellery described the sail as red and white striped nylon, made by Howard Boston. Dr. Robert Rentenbach, the boy's father, reported that the stolen equipment was at least partially insured.

## Elections Held By School Board

Officers for the 1963-64 school year were elected by the Grosse Pointe Board of Education at its annual organization meeting Monday. Dr. Robert K. Whiteley was named president.

He was re-elected to the board for his second four-year term on June 10. Dr. Whiteley concluded his brief remarks by stating "I'll do my best for the boys and girls of Grosse Pointe."

Others elected were Franklin D. Dougherty, vice-president; Mrs. Alice Mary Hykes, secretary; and Edward J. Pongracz, treasurer.

The agenda included the re-appointment of the firm of Coulter as legal counsel for the school system. Bonding practices on employees are to be continued with the Lumbermen's Mutual Casualty Company.

Commercial bank accounts were re-designated with Manufacturers National Bank, Detroit Bank and Trust Co., National Bank of Detroit, and City National Bank of Detroit. Listed as time depositories for operation funds are National Bank of Detroit and Manufacturers National Bank.

gated life you have enjoyed in the Pointe so long."

He said that the civic and business leaders who live in the Pointe "have an inescapable responsibility to bring about an end to discrimination."

#### Ulmer Voices Views

Housing Chairman Abraham Ulmer spoke, saying, "We will continue to demonstrate in the Detroit area until we obtain legislation which guarantees that we can live where we can afford to buy."

"We don't ask you to accept us into your homes," he said. "But you MUST accept us as neighbors." He concluded, "We come to you in friendship and under God, and ask you to accept us as members of your community."

Governor Romney received a standing ovation as he began and finished his ten-minute speech. He told the crowd that his purpose for taking part in the march was that "the elimination of human inequality and discrimination is the most criti-

#### Graul Ends Service in Navy Air Corps

Kenneth B. Graul, 23, son of Park Fire Chief and Mrs. William B. Graul, of 1640 Faircourt, was recently honorably discharged from the United States Navy Air Corps, with the rating of yeoman second class. He was in the service for four years.

For the last two years, Graul was attached to the U. S. Rota Naval Air Base in Spain, serving with the U. S. Diplomatic Corps as a courier.

On leaving the base in Spain, he carried with him a letter from the American Ambassador to Spain, recommending him highly for his work as a diplomatic courier.

On Monday, May 13, the former Navy man joined the staff of the Detroit Bank and Trust Company as a teller.

ago, and if new bids are taken, the cost of the alterations and additions, would be much higher.

The council then voted to accept the low bid of \$238,060, offered by William T. Krieghoff of 264 Kenwood court, building contractor, which included certain alternates.

Krieghoff told the council at its meeting on June 17, that he had talked to low bid contractors and sub-contractors, and they said they would hold the line on materials and labor. Factories from where the materials will be purchased, also agreed to hold the line, he said.

It was pointed out that the council acceptance of Krieghoff's bid, hinges on what the government will demand in return for its matching funds offer.

#### FARMS BUYS HYDRANTS

On recommendation of City Manager Sidney DeBoer, the Farms council on Monday, July 1, accepted the low bid of Richard Dubrul in the amount of \$2,490, as the total cost of the purchase and installation of 14 new hydrants, and work to be done on some existing hydrants throughout the city.

cal and urgent issue in the United States."

"Until we eliminate inequality," he said, "our words will have a hollow sound to the people of the world."

Romney spoke glowingly of the civil rights provisions of the new Michigan Constitution, scheduled to take effect at the beginning of 1964.

"Come January 1, 1964 all forms of discrimination in Michigan are to end... This document is the clearest, strongest, most complete statement of civil rights of any constitution in the land."

This end to discrimination, Romney said, will be ushered in and conducted by a Civil Rights Commission, which he will appoint in the near future.

Romney concluded, "We can in Michigan, on the basis of this new fundamental law, provide a leadership for every other state to follow."

#### Other Speakers

Others who addressed the rally included Charlie A. Marsten, representing the Grosse Pointe Human Relations Committee; Dr. G. Merrill Lennox, executive director of the Metropolitan Detroit Council of Churches; Leonard Woodcock, United Auto Workers vice-president and Pointe resident; and John A. Maxwell, who said that he had been a victim of Pointe discrimination several years ago.

Farms police Chief James D. Furton joined the parade's coordinator Capt. Andrew Teelaert of the City of the Pointe's police forces who worked together for the smooth dispersal of traffic and crowds.

## 3 Egg Tossers Given Six Days

Three 19-year-old youths began serving the first of three weekends in the Woods jail on Saturday, June 29, for pelting a Woods police car with eggs last May 12.

The boys were each sentenced

to a total of six days in jail and ordered to pay court costs of \$25 apiece by Woods Judge Don Goodrow on Saturday, June 22. Found guilty of the charge of being disorderly persons, were Leonard M. Castiglione of 590 Shoreham; Thomas C. Williams of 860 Shoreham; and Russell R. Shultz of 21203 River road.

On the May date, Patrolman Jack Patterson was dispatched to Castiglione's home where a citizen had complained a group of boys were making loud noises.

As the officer approached, the youths ran into the back yard of the Castiglione property, and pelted the scout car with eggs, and then they ran into Castiglione's house and locked the door.

The boys refused to come out when ordered by the policeman. Castiglione's parents were called from another part of the city and opened the door and the boys were taken into custody.

## Shores Traffic Violators Pay

Lawrence J. McCormick of 23304 Clairwood, St. Clair Shores, was found guilty of driving with an altered license, following a hearing held before Shores Judge John Gillis on Monday, June 26, and he was fined \$24. The youth was arrested driving on Lake Shore.

McCormick produced a valid Michigan Operator's license issued to him, but which he had forgotten in New York while on a visit there. The birth date on the altered document had been changed after the license had expired about a year ago. The valid license was mailed to the youth to prove he had one.

Michael Foy of 1677 Lillibridge, Detroit, was convicted of reckless driving on Lake Shore. He was ordered to pay a fine of \$25, and sentenced to three days in the Shores jail.

In addition, Judge Gillis took away Foy's license for 180 days, and ruled that it should not be returned until a hearing is held before the Secretary of State's Licensing Board.

# A Bill of Rights For Property Owners

It is our solemn belief that the individual American property owner, regardless of race, color, or creed, must be allowed, under law, to retain:

1. The right of privacy.
2. The right to choose his own friends.
3. The right to own and enjoy property according to his own dictates.
4. The right to occupy and dispose of property without governmental interference in accordance with the dictates of his conscience.
5. The right of all equally to enjoy property without interference by laws giving special privilege to any group or groups.
6. The right to maintain what, in his opinion, are congenial surroundings for tenants.

7. The right to contract with a real estate broker or other representative of his choice and to authorize him to act for him according to his instructions.

8. The right to determine the acceptability and desirability of any prospective buyer or tenant of his property.

9. The right of every American to choose who in his opinion are congenial tenants in any property he owns—to maintain the stability and security of his income.

10. The right to enjoy the freedom to accept, reject, negotiate, or not negotiate with others.

Loss of these rights diminishes personal freedom and creates a springboard for further erosion of liberty.

Adopted by the Board of Directors of the National Association of Real Estate Boards on June 3, 1963.

## Board Grants NAACP Request

The Board of Education was faced with a request from the NAACP at their meeting last Wednesday, June 26, for the use of the High School field for last Saturday's rally.

The Board did not hesitate to approve the request for use of the facilities. They are good Americans. This is a movement of the times—I would suggest that the Board give its approval to the request," Board member Edward C. Pongracz moved. The Board adopted his proposal unanimously.

The action made available for the marchers the grandstands at the High School, parking area at Maire School, and the High School's public address system.

J. Harold Husband, Assistant Superintendent of Administrative Services, said the application for use of the field was made by Erville B. Maynard, of Christ Episcopal Church. He said that the NAACP had been told it would have to pay the cost of any clean-up work after the rally.

Husband advised the Board that with the number of reporters and photographers and outsiders descending on the Pointe for the affair, every effort should be made to "assure that the affair goes off without any undue excitement."

# The Social Revolution and Personal Civil Rights

WE DRAW A DISTINCTION.

PERSONAL CIVIL RIGHTS ARE DIFFERENT FROM PUBLIC CIVIL RIGHTS. PRIVATE HOUSING INVOLVES PERSONAL RIGHTS AND OBLIGATIONS.

Dear Grosse Pointer:

We don't condone race prejudice, but its existence creates problems for home owners everywhere, which are at once economic and personal. President Kennedy's current recommendations bear on equal rights to public privileges (education, the ballot, public accommodations) but do not touch on private housing.

The current country wide crisis raises a constitutional question as to whether one set of civil rights should rob another under the 14th Amendment. The fact should not be lost sight of that private housing involves certain personal liberties and personal obligations not present in public housing, and other phases of the movement for more complete integration.

However, the intemperate nature of political attacks in Michigan on home owners' basic freedoms over the past three years, including the smearing of local associations for defending Grosse Pointe property values, indicate that certain Michigan politicians are determined to go all the way against the home owner. Although the public is largely composed of home owners of all races, these Michigan politicians deny in effect that it is in the public interest for this public majority to be permitted to enjoy fully the fruits of its services to the public. This absurdity savors of a design against capitalistic society's prime incentive—the home.

These past political attacks in Michigan against the home owner are now worthy of careful review by all home owners. They are very significant of the future of personal civil rights and incentives in Michigan.

Two bills introduced in the 1963 session of the Michigan legislature should be noted. They both passed the Senate but died in the House State Affairs Committee.

Senate Bill 1274, commonly known as the Governor's Open Occupancy Bill provided: (1) A broker would be prohibited from taking a listing if the owner wanted the sale or rental of his property restricted to persons of his own choice; (2) A broker could not state facts, give opinions or answer questions for the benefit of the owner relating to racial considerations.

Senate Bill 1371 provided: (1) It would take away from a property owner the right to sell or rent his property to persons of his own choice; (2) It would deny a real estate broker the right to ask the race of the prospect for either rental or sale; (3) It would empower a civil rights commission to order property owners to admit persons to occupancy or ownership against their will.

The failure of these bills to pass the House in April closed another battle in a long war of attrition against home owners' rights in our state. The war has been conducted primarily against the home owner through his agent, the real estate broker, although S.B. 1371 was a direct attack. The determined nature of this political crusade is best illustrated by the unfairness of the tactics used against the broker in S.B. 1274, Rule 9, and the "State Hearing". It is believed that defeats suffered have by no means ended the war.

To appreciate the true nature of the above mentioned tactics they should be viewed against the background of the major issue. The 14th Amendment of the Constitution of the United States reads in part: "... No state shall make or enforce any law which shall abridge the privileges or immunities of citizens of the United States ... nor shall the equal protection of the laws." This obviously refers to the privileges and immunities of all citizens, including those of sellers of real estate as well as buyers. It refers more one must believe, to the established home owner, than to the house hunter leaving his past associations for another neighborhood. "Every man is thy neighbor" is true in the larger sense, but the man next door is also one's neighbor, and the home owner of good will prefers not to sell his house at the expense of his neighbors' real estate values. It is an issue that should not be disregarded.

### THE STATE HEARING

Against this background, let us start in 1960 with the investigation of the Reference Report System, now abandoned, for protecting Grosse Pointe property values. It was conducted by Lawrence Gubow, then Commissioner of the Michigan Corporation and Securities Commission and Paul S. Adams, then Attorney General of Michigan. This hearing throws in bold relief both the major issue and the nature of methods used to dodge it.

The testimony brought out that a major issue was involved, that property values were lowered when house hunters tended to avoid certain neighborhoods, and that considerate home owners did not wish to sell at the expense of their neighbors' values and needed advice. This testimony was completely ignored. Brokers watching television were amazed to hear the Attorney General of the State of Michigan tell the nation in effect that the broker protecting property values was "wholly immoral".

The attorneys for the two associations under attack released a statement to the press containing the following protest:

"The Attorney General's... use of 'morally corrupt' and 'wholly immoral' are only his personal conclusions without reference to the facts and responsibilities of brokers to the sellers and purchasers of property. Does not the broker have a moral responsibility to the seller and his neighbor to protect their property values and not favor one (the purchaser) and hurt the many (the seller and his neighbors)? There are obviously two sides to the issue. Mr. Adams has pointedly avoided the brokers' side, although it was adequately brought out in the testimony. The use of this half-truth by Mr. Adams is clearly improper."

Our able attorneys, it seems were wrong in only one statement contained elsewhere in their release, namely, "The Attorney General's personal appraisal of... morality... will not be forced upon the public." Actually, it was forced on the public in several ways, namely:

- 1) The public generally was not told that Mr. Adams' opinion of morality was premised on a "half-truth." The half-truth reached millions over TV, the whole truth only perhaps a hundred persons in the chambers of the Michigan Corporation and Securities Commission on Cadillac Square and those who carefully studied local press accounts.
- 2) The prestige of Mr. Adams' position gave weight to his words.
- 3) The press apparently did not object to one-sided reporting which afforded more colorful accounts. Much fun was had with the "points" involved in giving owners intelligent advice.
- 4) Just as rumors can spread from questionable sources, so can misconceptions progress among the uninformed. Names are easier to repeat than to investigate. Parenthetically the Reference Report System was voluntarily discontinued because it could no longer be considered conducted after the above described publicity. The plan was never adjudicated to be illegal.

### RULE 9

As most of us know, another political attack by the same men followed, again against the home owners through their agents, the vulnerable state-licensed brokers. Rule 9 was to have been a 9th rule in the Michigan Corporation and Securities Commission's "Red Book" defining "unfair dealings" for which a broker could be deprived of his license to do business. It would have compelled any Michigan broker, if given factually instructions by his employer, the property owner, to drop the listing, an obvious attempt by the legislative branch to coerce through the broker the home owner over the State Supreme Court. The determined nature of this attack was shown by the brutal fact that Rule 9 considered the broker expendable. Its stupidity was shown by the fact that home seekers, including those of the minority groups, would be as handicapped without brokers as home sellers.

### SENATE BILL 1274

This bill recently passed by the Senate but held up in the house, appears to have been an attempt to secure public support by bracketing the reputable broker trying to uphold real estate values with the ruthless "block buster" who lines his pockets by destroying values. The absurdity of this bill as applied to the reputable broker is shown in its apparent denial of his reputable right to express an honest opinion when requested, if it should involve race. It serves as another example of the ruthless nature of the attacks on the rights of the owner through his broker.

### SENATE BILL 1371

This bill, also recently passed by the Senate but held up in the House, was an attempt to expand the "Michigan State Fair Employment Practices Act" to embrace private housing. It was a direct attack by the State against home owners' rights. It not only would have inhibited the broker, but also the owner attempting to sell his house himself. Here again is an apparent attempt to secure votes against home owners' rights by tying them to something quite different—in this case, employment practices and education, which involve quite different problems.

The strange nature of these attempts to weave truth from apparently shoddy material is revealed by the curious appearance of this pattern:—A misrepresentation by "half truth" (State Hearing); an illegal attempt to seize power (Rule 9); the confusing of the public by bracketing reputable brokers with block busters (SB 1274); and by offering good and bad laws in the same package (SB 1371).

When things don't make sense, it's time to look for the motive. The minority groups provide votes for politicians because these groups are organized under professional leaders. The majority groups, which by this very terminology should have the overwhelming support of the politicians, are on sufferance because to date the effective organized defense of home owners' rights in Michigan has been conducted by the Michigan Real Estate Association. To this group of real estate men great credit is due for the delaying action. But the active help of home owners everywhere is needed to they wish to preserve equality of rights—to retain their personal civil rights. Senate Bills 1274 and 1371 are almost sure to be re-introduced in the Fall.

OBITUARIES

GEORGE M. HOLLEY, automobile pioneer whose genius is responsible for over 75 million automobiles, aircraft, and marine carburetors, died Thursday June 27 in Henry Ford Hospital. He was 85. Mr. Holley, of 234 Provençal, held the post of Chairman of the Board of Directors of the Holley Carburetor Co. for years a giant in the auto industry.

Born in Port Jervis, N.Y., Mr. Holley designed his first auto at age 19, a one-cylinder model that cruised at 30 miles an hour.

Together with his brother Earl, he was an early designer of motorcycles and of the Holley Motorette, an early compact car which sold for \$550.

In 1902 the Holley brothers' future took a new turn when they were approached by Henry Ford, who asked them to design a carburetor. Ford, ever since the Model T, have used the Holley carburetor, and they have been used in such cars as the Pierce-Arrow, Winston Oldsmobile and Buick. The brothers moved to Detroit in 1907.

An aviation carburetor designed by the Holleys in 1935 was used on the DC-3, virtually ending icing problems for the first time.

Mr. Holley's brother, Earl, died in 1958. Survivors are his two sons, George M., Jr., and John C., president and vice-president respectively of the carburetor firm. He is also survived by his wife, Margery; a daughter, Mrs. Philip Greg Kushn, and 11 grandchildren.

He was a member of the Aero Club of Michigan, the Automotive Old Timers, the Board of Commerce, the Society of Automotive Engineers, the Country Club of Detroit, the Grosse Pointe Club, the Detroit Club and Union Lodge 334, F and A. M., of Bradford, Pa. Funeral services were held at 2 p.m. Saturday, June 29 at the Grosse Pointe Memorial Church. Burial was in Woodlawn Cemetery.

FRANCES LOCHER, well-known musician and composer, passed away Sunday, June 23 at the home of her nephew John Locher, Jr. on Lexington Parkway in Inkster.

Miss Locher had resided for years at the family home at 965 Westchester road, but after the death of her father and mother she had lived in California.

Returning to Michigan, she spent some time with her

brother John E. Locher in Utica, before going to Inkster. She was a former member of the National League of American Pen Women, and a charter member of the College Women's Club of Detroit. She attended Wayne State University and was a graduate of the Detroit Institute of Musical Art. Many of her musical compositions achieved publication.

Private funeral services were held at the Pixley Funeral Home in Rochester on June 25, attended by her family and close friends.

JOSEPH JOHN GONCZO, A former Pointe resident, Joseph John Gonczo died June 24 in Phoenix, Arizona, where he had resided since 1958. He was 59.

Mr. Gonczo was for 35 years manager of the Gonczo Insurance Agency in Detroit before moving to Phoenix where he was engaged in a collection service.

Funeral services were held at St. Francis Xavier Church, Phoenix, and interment was at St. Francis Cemetery, Phoenix. Mr. Gonczo is survived by his wife, Mrs. Dolores Gonczo; daughters Mrs. Dolores Wald-rup of Birmingham, Ala., and Mrs. Patricia Carman, Deerfield, Ill.; Mrs. Judith Hinckley, New York City; one sister, Mrs. Irene Erlson of Leavenworth, Kan., and five grandchildren.

HENRY TALBOT MYERS, Funeral services for Henry Talbot Myers, 226 Lakeland avenue, were held at 11 a.m. Saturday, June 29, at the Grosse Pointe Memorial Church. Mr. Myers passed away last Tuesday at Arnold Home, after a long illness. He was 84.

Mr. Myers was a long time Pointe resident, and a close friend of many associated with the automobile business. He was born and raised in Bourbon County, Ky., and graduated from the University of Kentucky and the Harvard Business School.

The thesis he wrote at Harvard for his Masters degree was on the automobile industry, and was read by many high auto men of the time.

Through their interest, Mr. Myers was brought into the auto industry while it was in its infancy. He held various positions with the Studebaker Corp., Kelly Springfield Tire Company, and Chrysler Corp. At the time of his retirement in 1946 he was Director of Marketing and Merchandising of the Chrysler Detroit Company.

Mr. Myers had close ties with the Chrysler and Studebaker families, as well as with many other past giants of the industry, many of whom have left great companies behind them.

He is a retired member of the Grosse Pointe Yacht Club, Detroit Athletic Club, and a member of the Grosse Pointe Memorial Church.

Mr. Myers is survived by his wife and two daughters, Mrs. Charles F. Reese of Baltimore, Mrs. William J. Young, Jr., of Touraine road, and six grandchildren.

Memorial gifts may be made to the Michigan Heart Association.

CHARLES R. MURPHY, Charles R. Murphy, 79, of 939 Bedford road, a lifelong Detroit area resident, died Saturday, June 29, in Bon Secours Hospital.

Mr. Murphy graduated from Cornell University and studied in France and Austria as well. He was in the furniture business for many years, and was a former director of Federal-

Mogul Co. In 1930 he became a manufacturer's agent.

this, the city may do so and assess the cost to the owners. Under the city's ordinance, he stated, the city engineer shall give abutting owners 60 days notice that sidewalks are lacking or in disrepair. If the owners fail to make the necessary improvements or repairs, the city can step in and do so itself and assess the cost to the owners.

However, according to McKean, in order to change this procedure, the city might assume all, or part of the cost, by amending the charter and ordinance.

Smith disclosed in his report, that a recent survey showed that there are presently 15,000 square feet of hazardous sidewalks in the Farms, that would cost an estimated \$9,000 to correct.

He stated that these dangerous sections of walks are mostly caused by tree roots and are somewhat more difficult to repair.

Pertaining to future sidewalk repair program, Smith revealed that there are approximately 80 miles of sidewalks in the city, representing an investment of approximately one million dollars.

He estimated that the sidewalk has a 50-year life, and on this basis it would be necessary to replace two percent of the walk each year at a total cost of \$20,000. The sidewalk life might be disputed by some, he stated.

Lock stated that no provisions have been made in the 1963-64 fiscal year budget for this year's needs, or for the annual costs. However, he said, if the council desired to carry out the \$9,000 program, the costs will have to be provided from unallocated monies from the Public Improvement Program Funds.

He said that if the city were to undertake the program at its own expense, its ability to take other additional programs not foreseen at this time will be reduced substantially. However, sharing the cost with concerned property owners would reduce the cost to the city.

The program could be financed in a range of plans from one extreme of the city paying the total costs, to the other extreme of putting the cost on a special assessment basis to the abutting property owners.

It appears that it is financially feasible for the Farms to undertake the programs on any basis, unless unforeseen substantial additional expenses occur on planned improvements scheduled for the 1963-64 fiscal year, he added.

The certificate reads: "To Thomas Loughlin, for his many contributions to, and cooperation with the Law Enforcement Agencies of Michigan over the past 50 years.

The end of this week should determine the pennant winners in both minor leagues and by the time next week's games are over, the majors both American and National Leagues should have their respective league champions.

The World Series between the major leagues will begin July 15 at Ghesquiere Park at 6 p.m.

Following the "series" both teams will compete in the District #6 Tournament with the first games starting July 18.

With the close of the season close at hand, Bill Meyers, Woods-Shores president, has asked his board to start making preparations for a bigger and better 1964 season. Probably the strongest reasons for the outstanding and very successful 1963 season was the concentrated and advance planning that went into the current season.

Upsets were the order of the week which saw the Athletics and Senators tumble from a first place tie into second place, allowing the rampaging Tigers to take over sole possession of first place with only 4 games left to play in the regular season. The surging Tigers beat the Orioles 3-2 on the timely hitting of Doug Perry and Jeff Hergueroether. Tom Keller threw a nifty 21-hitter in the victory abetted by the brilliant defensive play of Greg Evatz. The Tigers also bested the Senators 6-2 with Hergueroether going the distance for the win.

The big upsets were 2 losses sustained by the Athletics. In the first a determined Red Sox team swamped them 7-0, behind the 3-hit pitching of Chuck Herschfield and backed by the superb defensive play of Tom Qualls, Joe Carnaghi, and Chris Slowik. Later in the week, the Athletics were again shut out, this time by the Indians 6-0, with Opatyke and Knopf sharing the pitching honors. In other action the Yankees upset the Senators 13-1.

Cincinnati Red Legs then beat the Milwaukee Braves 6-4, with Greg Ulmer the winning pitcher, who aided his own game by driving in four runs with two home runs. On Thursday, July 4, Windmill Pointe Yacht Club will hold its Annual Regatta on the standard D.R.Y.A. course.

The Grosse Pointe Yacht Club will sponsor its Annual Regatta on Saturday, July 6. The starting gun will be at 11 a.m. The course will be the Grosse Pointe Yacht Club course with starts and finishes to take place off the club dock.

Sunday, July 7, the Gold Cup Race will be held in the river between Belle Isle and the mainland. This is the first time in several years that this race has been held in our area. The first heat of the big unlimited powerboat races will start at 12:05. There will be a total of seven heats held with the final one starting at 5:20 p.m.

Keep out of debt—those who do are usually the last to lose their good opinion of mankind.

**Woods to Hold Swim Meets**

The Grosse Pointe Woods Recreation Department will hold its annual intra-city swimming meet on July 27, at 2 p.m. Boys and girls, ages 5 through 16, will be competing in various events.

Entry forms will be available at the Lake Front Park Office, 23000 East Jefferson, St. Clair Shores, Michigan.

On August 3, the Woods Park will hold the annual Intra-City swimming meet at Lake Front. Boys and girls, ages 5 through 16 will be competing to determine the City Championship.

There will be a preliminary meet held August 2, in which each City will enter two swimmers for each event. The top six swimmers for each event will then represent their City in the finals the following day.

The preliminaries will be held at 6:30 p.m. on Friday, August 2, and the finals will be at 2 p.m. August 3. Entry forms will be available at your City Parks and Recreation Department Office.

**Distance Swim Entries Mount**

With the event still 10 days off, Farms Pier Director Ed Lauer reports that there are already 20 entries for the 7th annual long distance swim between the Grosse Pointe Yacht Club and the Farms Pier.

The marathon swim is scheduled for 2 p.m. on Saturday, July 13. All entries must be received by 6 p.m. Friday, July 12, and each contestant must be accompanied by a boat. All swimmers who finish the course will be awarded a trophy in recognition of their achievement.

The race is divided into several classes. The junior boys and girls divisions are for those 15 years and under. There is also a special senior division for contestants 30 years and over, in addition to the two unlimited classes for both men and women.

The first three place winners in most of the five aforementioned classes will be awarded appropriate trophies.

Early predictions are that this year's event will be a classic. Ed Pongratz who won this race back in 1958 is training hard and will attempt to make a comeback this year. At 24 Ed is the grand old man of swimming and he'll be hard pressed by the youthful stars from Grosse Pointe High's crack team.

Last year's champion Jack Teetaert will be back to defend his title. On the basis of Jack's performance last year in this race and his great showing during last winter's swim season he is the early favorite in this year's marathon swim.

It is hoped that Jack Johnson who really outswam Teetaert last year, but lost when his boat led him astray on an out of the way course will enter and try to show last year's result was a mistake. We also hope that Steve Selander as well as all of the top male and female swimmers in the Grosse Pointe area will be on hand.

The race is open to everyone who resides in any of the five Grosse Pointes and entry blanks may be obtained at any one of the Pointe's waterfront parks.

**Woods Offers Games Tryouts**

The Woods Recreation Department will offer tryouts for the Junior Olympic Program, held annually at the Ghesquiere Park, at the rear of the Woods City Hall, 20025 Mack avenue, according to information released by Don J. Hallman, director of Parks and Recreation.

The tryouts will be held on July 11 and July 12, at 10 a.m. or 3:30 p.m., on both days, Hallman said.

The events listed for July 11, are: Chinning; Running Hop, step and jump; Standing Hop, step and jump; and running Broad Jump.

Scheduled for July 12, are: Fifty-yard Dash; Shuttle Relay; Softball Throw; Standing Broad Jump.

The age eligibility for girls and boys is between 10 and 15 years, (girls participate with girls). The events are open only to residents of the Woods, Hallman disclosed.

All events will be explained and can be practiced any time before the two July dates, between 9 a.m. and 5 p.m., at Ghesquiere Park. The events will be explained and demonstrated on these respective days.

Finalists will participate in the Detroit Metropolitan Youth Fitness Program to be held in Livonia on July 25, Hallman said.

writes, "I am going on Ruedi's class trip—to Jungfrauoch, ski down a glacier south of it, walk west up a glacier, spend a night in a small town, walk down a valley westward and then back by bus..." Jay paid a visit to Bern, Switzerland's capital, on June 20, where he visited the Bundeshaus, center of the Swiss government. The letter concludes: "Went to bed at 11:30 after Margrit (16-year-old sister) gave me two sheets of German to learn by tomorrow. Ruedi and I talked about dating."

What Goes On at Your Library

By Virginia Leonard

Guest Columnist: Jean Taylor "Come on in. The water's fine!" After eight months of retirement, this is my advice to those who stand quivering on the brink. There has been so much written about the tragedies, the pitfalls, the hardships of the years following a lifetime of work, that many face this moment with something akin to dread.

"You're going to circle the globe in a cargo ship? Why, you'll see the world only out of a porthole window." This was one person's response when we were considering our mode of travel. As it turned out, we spent almost half of our three months on land, flying from place to place and picking up the ship at a port further along. How good to get back to it too. It was like returning to home and mother.

No one enjoyed her job more than I did and of course if you have been happy in your work, you'll miss the associations as well as the work itself. But you cannot have your cake and eat it, and there are so many compensations for this care-free life. Take "time" for example. It still seems incredible to me that I may apportion my time as I wish... The luxury of it! Time to see your friends; to polish off your Spanish; to spend a week-end where and when you wish and extend this to a week or a month if the spirit so moves; to see far places without following a schedule too closely. That has always been one of my dreams.

In answer to the femme who viewed the cabin window with disdain, we were amazed how much you can see from a porthole. In Hong Kong, for example, there were the junks and sampans crowded close to our ship. In each small craft, entire families cooked, reared children and lived out their lives; incredible but true. Each port had its own special drama to be seen from deck or porthole, and the loading process we found fascinating.

This is not meant to be a travelogue. We take a dim view of those who, having an extra afternoon to kill, run over to Timbuktu and promptly write a book about it. Shortly after we returned, when our luggage and the impressions we'd stored in our mind were still in wild confusion, your columnist, Virginia Leonard, approached us. "Please write a column," Virginia is a person to whom one cannot say "no," and remembering the number of times she came to our rescue when we were doing our weekly stint, we murmured weakly, "of course."

Last February, with the mercury here hovering around zero, we flew to San Francisco to board a cargo-passenger ship which circles the globe and takes approximately three months to do it. The cargo was allegedly this ship's main business, but the red carpet treatment accorded the seventy passengers by the officers and crew made each of us feel their chief concern was our welfare. No one can predict to a split second how long it will take to load a ship with rubber, tea, cashew nuts, tin, to name a few of the products we picked up or set down at the various ports, so you may lose a day here or there. But what difference does it make if we return a week or ten days later than originally planned? We're retired!

It has been fun to visit with you, and to any readers who view imminent retirement with trepidation we'd say again, "once you've made the plunge, you'll love it." If you've been bored during most of your working life, you'll no doubt be bored when you retire. If you've always found the people and the world around you interesting, you'll continue to do so. It's as simple as that!

Ostensibly this trip was planned a year or two ago, but actually it originated, when as a youngster I was captivated by such mystic names as Hong Kong, Bangkok, and vowed that some day I would see these places. Today's child no doubt makes a similar vow to visit the moon, Africa, India, etc. They are now just beyond our neighbor's fence.

Now of course, we're reading every book we can lay our hands on about the places we've been. It's much more fun after you've been there than before. But we're reading ahead too. Where will the next trip be? Probably to and from the supermarket for some time to come, but, you meet interesting people there too!

Letters to the Editor

Dear Sir: May we commend the men who pick up our trash? All of us have a particularly heavy load at this time of year... grass clippings, weeds and spring cleaning throwouts. These men in our area are courteous and cooperative and nothing seems too much for them. Sincerely, Mr. and Mrs. Stuart Hanger, 5 Radnor Circle.

Dear Sir: I wish to commend you and your staff on the editorial, "Ill-Advised Decision," included in the current (June 27) issue of the Grosse Pointe News. This incident is another example of the rather puerile efforts at censorship as practiced by our Grosse Pointe Library system, with which I have had an earlier and similar experience. Yours truly, W. Travels Well Documented By Young Pointer Abroad

Jay Humphreys of 1031 Cadieux, currently spending the summer in Switzerland under the Michigan Council of Churches Youth for Understanding program, may have the best documented European trip for a long time. In the six days from his departure June 14 from Detroit through his arrival and first days at his home in Erlenbach, Switzerland, he has sent extensive news-packed letters on every step of the trip home to his parents, Mr. and Mrs. James A. Humphreys, of Cadieux road. Jay, who is 17 and will be a senior at Grosse Pointe University School, is living with a bank clerk and his three children, ages 16, 18 and 20. Jay tells of a brief stop in Ireland. "It was raining, cold, and overcast in Shannon, Ireland, just as you would suspect it—dark green pastures with hedges in between, plaster houses with thatched roofs, and small towns wherever a few long windy roads converged." Holland from the air had "canals and ditches everywhere, and the pastures and fields were all in perfect sym-

metry, ranging from dark to light green." Rolling across Germany on his way to his summer home Jay writes, "It's now 8:07 and we've been out in the country 20 minutes. There is a heavy mist over the fields, and cattle, horses, and sheep are grazing in many. I just saw a cow pumping its own water by pushing a pump handle up and down." In the Rhine Valley he writes, "By far the most beautiful sight I have seen here. The land rises steeply at times and slowly at others from the edge of the river. Sometimes there is almost a 90-degree drop from the tops of the hills, which are covered with stepped vineyards and dark green foliage. Small and quaint towns hug the hillsides and often the hills are topped by medieval castles—large and small with colored banners waving in the breeze." Jay met his parents and saw the town of Erlenbach on June 17. "The town," he writes, "is small and neat." The next day he was impressed with his visit to a Swiss school attended by his 18 year old brother Ruedi. "In the near future," he

## From Another Pointe of View

By Janet Mueller

Grosse Pointe's "summertime commuters" — Monday-Friday bachelors who spend a major portion of each weekend traveling to and from wives, children, dogs, cats and pet goldfish, installed at "the cottage" until September—have begun to look skyward.

A case in point: Richard K. Degener, of Lochmoor boulevard, after one season on the expressways, determined to put traffic problems behind him forever and bought a plane.

Now, in his Piper Comanche, Mr. Degener flies the Detroit City Airport-Bellaire, Mich., "weekender route."

Mrs. Degener generally leaves the Pointe some time in June, drives north to Torch Lake, and remains at the family cottage there until early fall. But this year, with son, Dick, preparing to marry Mary Beth Nelson, of Greenville, Mich., the Degener commuting schedule turned upside down.

Mrs. Degener, accompanied by daughter, Sally, on vacation from Michigan State University, took up residence at Torch Lake early in the season, while her husband piloted himself to the West Coast and back, a combined business, pleasure, and "something I've always wanted to do" trip.

Last weekend, Mrs. Degener returned to the Pointe for a cocktail and buffet party honoring her son and his fiancée, given by the Richard J. Martins, Dr. and Mrs. Stanley L. Smith, and the Rex Regans in the Martins' Lochmoor boulevard home.

Mrs. Martin and Mrs. Degener are both prospective members of the MWSMOG (Mothers Whose Sons Marry Out-Of-Town Girls), with Jerry Martin scheduled to wed Julie Knack in Albion this September.

Tomorrow, the Degeners and Sally will fly to Greenville to attend Dick's wedding; then Mrs. Degener and her daughter plan to return north for the remainder of the summer, Mr. Degener resuming his regular weekly commuting schedule.

### Headquarters in Kaiserslautern

Susan Anne and Michelle Anne Biglin, artistic daughters of the Peter Biglins, of Robert John road, have made Kaiserslautern, Germany, their center of operations this summer.

The sisters flew to London in mid-June, then traveled to Paris, where they rendezvoused with Capt. James Patrick McCarthy, husband of Mrs. Biglin's sister, The McCarthys and their five children are stationed in Kaiserslautern, so Susan and Michelle have decided to "headquarter" there, making forays into neighboring countries.

Both Susan, who teaches art at Detroit's Carleton School and is working on her masters' degree at Wayne State University, and Michelle, a recent graduate of Our Lady Star of the Sea High School and a night art student at Wayne, plan to immortalize their trip in pencil and paint.

Switzerland, Italy, Austria, Holland and Belgium are on their itinerary, plus a two-week windup tour of Scandinavia, in company with the entire McCarthy clan, scheduled just prior to their return home in late August.

### Birthday at Taormina

Mrs. James H. Quello, of Berkshire road, celebrated her birthday in a unique fashion this year. As Gaylord Hauser's guest at Casa Silemi, Taormina, Sicily, Mrs. Quello was feted by her host at cocktails, then went on

## Summer in the Rockies

The Rocky Mountain area holds a special fascina-  
tion for offspring of the Richard K. Ballentines. Daugh-  
ter Janet attended college in Boulder, Colo., met and  
married Westerner Richard M. Corbridge, and now re-  
sides in Casper, Wyo.

On June 25, the Ballentines received word she had  
become the mother of a second daughter, Amy Diane  
Corbridge.

Now it appears that son, Dick, has also succumbed  
to the lure of the West. A June 8 graduate of Western  
Michigan University, Dick spent the early part of the  
summer re-conditioning his 1936 International Harvester  
truck.

Having put the classic vehicle in working order, he  
promptly used it to travel from his parents' home in  
Hillcrest road cross-country to Colorado. Mr. and Mrs.  
Ballentine just received word of their son's safe arrival  
in Sedalia, where he plans to work during the summer  
while looking for a permanent teaching position in Colo-  
rado next fall.

Caribbean atmosphere, family style "all you can eat"  
steak and seafood dinners, and dancing until midnight.

## College Players Call for Cast

The Grosse Pointe College Players, this year under the direction of Miss Marilyn Meyer and Mrs. Peg Keeny, directors of the Grosse Pointe Memorial Church Tuxis show, are now casting for this summer's production, "The Thieves' Carnival," by Jean Anouilh.

Many Grosse Pointe theatergoers will recall last season's College Players' production of Edward Albee's "The American Dream," which was coupled with a melodrama, "Virtue Rewarded," in an unusual evening of avant-garde and gamineries entertainment called "Something Old and Something New."

This season's well-known play by the author of "The Lark" promises another evening of excellent entertainment not to be found in any other non-professional theater.

## Senior Men's Club Has Plans

The Senior Men's Club of Grosse Pointe has two major events planned for the month of July.

Next Tuesday, July 9, William Countryman, of the Rochester, Mich., Leader Dog Training School, will address club members at the Fries Auditorium of the Grosse Pointe War Memorial. Mr. Countryman will speak about the work done at the Leader Dog Center, explaining how dogs are trained to help the blind.

Meanwhile, some 20 senior men are busily preparing to exhibit their favorite pastimes at a special "Hobby Day," scheduled for July 23 at the War Memorial. This is the first Hobby Show ever planned by the club, and every effort is being made to assure its success.

PRICE REDUCTION TAKE ADVANTAGE of the lowered price on this Cape Cod home in the Farms. Deceiving from the exterior, this home contains five bedrooms and four second floor baths. Magnificently maintained inside and out and ready for occupancy this summer.

IT COULD BE the knockout kitchen which will sell you on this impeccably decorated home south of Jefferson. It could be the fact that it has four honest sized bedrooms and a richly appointed den. It could be this is your next home, because at \$45,000 it has no real competition.

APPOINTMENT ONLY YOU WHO ABSOLUTELY must have four second floor bedrooms, and require that extra first floor room in which to stash away the kids, must see this offering in the Farms. That is, if your budget requires you to stay in the mid-twenty thousand dollar range. This home has been vacated and left in fine condition. Do yourself a favor and see this one before it's too late.

WHAT'S THE CATCH! Three bedrooms and in the Farms just a block from Hill shopping and a few extra steps to most schools. At \$17,900 YOU'LL be making the catch of the year.

IF YOU'VE BEEN contemplating getting into something on one floor, but haven't found a ranch home which meets your requirements, may we suggest you see this fine example on Fairfield Road. Three large bedrooms and two complete baths plus that important family room, large workable kitchen and separate dining room.

ONE OF THE POINTE'S finer locations but priced well below the average house on this Drive. We are proud to offer this single story home which was built and has been maintained by an owner who demands nothing but the best. This well planned home could be the answer for the family or couple who wants that small house with large rooms.

YOU CAN TAKE the house out of the country but you can't take the country out of the house. This farm house has been completely renovated inside and out without losing one pinch of its country charm. New baths and completely built-in kitchen will delight any housewife. A recent price reduction makes this even easier to buy.

WITH ALL DUE RESPECT to the many fine homes in this section of the Farms, we offer one of the finest examples of early American architecture in this colonial on Cloverly Road. Three full baths on the second floor and a maids room and bath off the kitchen. The home also has a library and large screened and covered porch.

**Keep Eyes Off Solar Eclipse**  
The fascinating sight of a solar eclipse can mean permanent eye damage for those unsuspecting children and adults who stare at the darkened sun through sunglasses, smoke or exposed photographic film during North America's next eclipse on July 20.  
The National Society for the Prevention of Blindness warned recently that there is no safe method of looking directly into the eclipse without risking incurable burns of the retina from infra-red rays of the sun. The voluntary health agency suggested other safer means of observing the phenomenon.  
Widespread reports of damaged vision in Western states, especially among school children, after a partial eclipse of the sun three years ago prompted the NSPB warning. The State of Utah alone counted 31 definite cases of eye burns after the September 1960 eclipse; all but five of the victims were youngsters. An estimated 75 children suffered retinal burns in the State of Washington during the same eclipse.  
A solar eclipse results when the moon, passing between the earth and the sun, hides all or part of the sun from our view. The July 20th eclipse will bring total darkness along a path through Alaska, Canada and Maine, and a partial covering of the sun in the continental United States, the Caribbean area, most of Mexico and Central America, and the remaining part of Alaska, Canada, and Maine, according to the American Museum of Natural History Planetarium in New York City.  
Vision damage from the sun is caused when the eye focuses the infra-red rays of the sun on the retina, explained John W. Ferree, M.D., executive director of the National Society. An irreparable burn results, very similar to the way a magnifying glass can be used to burn a hole in a piece of paper with the sun's rays.  
"Normally, the sun is much too bright for a person to view comfortably," Dr. Ferree pointed out. "But during an eclipse enough light is blocked out to permit easy observation. This is when the rays do their damage — unnoticed, because the retina is not sensitive to pain."  
When the burn is serious enough to scar that small portion of the retina where the rays were focused, no treatment can cure it. The scar causes a defect of vision which may show up as a blank spot on whatever the eye is looking at. Very often the damage strikes only one eye because people normally close the other eye when watching the eclipse.  
Dr. Ferree advised that the July 20th eclipse be observed over television wherever possible. An image of the eclipsed sun can be projected through a telescope or binoculars onto a white screen. A simple eclipse viewer can be created from a piece of cardboard: punch a round hole in the sheet of cardboard so the sun's rays are focused through the tiny hole onto another cardboard or similar white surface.  
Dr. Ferree called on parents, school personnel, and doctors to help alert the public, especially children, to the eclipse dangers. "Many adults and many more children paid a dear and needless price in damaged eyesight in past eclipses. This tragic waste should not happen this year," said the NSPB executive.  
**HEADS WSU DEPARTMENT**  
Wayne State University announced last week the appointment of Dr. Jan Beekhuis of 706 Balfour to the post of head of the Department of Otolaryngology (nose and throat).

**Center Offers Puppet Class**  
The Grosse Pointe War Memorial Puppeteers will be having a summer session at the Center beginning Monday, July 8 and lasting through July 26.  
The hours will be 3 to 4:30 p.m. Instead of 1:30 to 3 as originally announced on the Center's Summer Activity Card. The change in time is being made to accommodate director Rathbun's schedule at Wayne University.  
The puppet group will be housed in the Center's Terrace Room and when the weather is nice will work and perform on the outdoor lakeside terrace.  
Boys and girls, ages 8-14, are welcome in the group. Everyone will get to make a hand, rod or shadow puppet of his choice and manipulate and voice characterize the puppet too. There is a Punch and Judy stage for everyone's use and a choice of scripts to choose from or members may make up their own.  
Puppet members will learn how to make things artistically and with imagination, they will learn how to write and they will learn how to act. It is all a lot of fun and good training. The fee is \$12.50 plus a \$2.50 materials charge. Enrollments are being taken at the Center now.  
You can count on it—the only people who listen to both sides of an argument are the neighbors.

**Club Continues To Serve Youth**  
In spite of the fact that its building is temporarily closed, the Neighborhood Club continues on a "program as usual" basis in providing activities for the youth of the Grosse Pointes.  
Latest to be opened on a summer schedule is the Drop-in Center for Teens with headquarters in the Thrift Shop on the St. Clair-Waterloo corner of the Club property. Staff has moved pool and ping-pong tables, along with the indispensable soft drink machines, from the main building to the new Center.  
Ed Krattli, Club Director, announces that the hours will be from 6:30 to 10 each evening Monday through Friday.  
For outside activity, teens may play volleyball, softball, or badminton on the newly marked-off courts adjacent to the Center. Mr. Krattli says if there is sufficient interest, he will organize a softball league for competitive play. At the moment, the hours for outside activities are from 6:30 until dark, but special lights will be installed within the next week so that play may continue until 10 o'clock.  
The Drop-in Center is intended for junior and senior high school age boys and girls. All entertainment and games, besides the sports listed above, are planned for coed participation. Two college students of Mr. Krattli's summer staff, John Bruce and Dick Lappin, are in charge of both the indoor and outdoor Center program. Specific information about any of the teen activities may be obtained by calling the Neighborhood Club office, located temporarily in the Thrift Shop, but with the regular Club Agency on Gratiot avenue, 4600.

The John Baynes, of University place, have a cabin at Turtle Lake, Mich., famed resort stocked with trout for fishing, pheasant, deer and other wildlife for hunting. On a recent weekend, Mr. B. traveled north with a group bent on unloading 900 head of cattle to be added to the preserve. They had to build nine miles of fences, and, as no railway comes to Turtle Lake, all cattle were trucked in and unloaded. Mr. B. has a nice surtant.

Thomas V. LoCicero, Jr., son of the Thomas V. LoCiceros, of Three Mile drive, was recently recipient of the University of Michigan Avery Hopwood award in the Major Fiction Division. He won the much-coveted honor for his group of seven short stories. Mr. LoCicero received his Masters Degree in English Language and Literature from the University of Michigan this June, and was married in Our Lady Queen of Martyrs Church, Birmingham, to the former Mary Alice Thurber last week.

The Edward J. Hickey III, of University place, are much in demand as cocktail party entertainers. They do an excellent pantomime skit, complete with very flirtatious gestures, to the music of "Alley Cat Song."

On the high seas are Carter Sales, Jr., and Chuck Gardella. The two young men left Sunday as crew members aboard the 57-foot New York yawl "Ondine," one of 18 ships sailing in the 3,031-mile trans-Atlantic race from Newport, R. I., to Eddystone Light in the English Channel.

Grosse Pointe Memorial Church's pastor emeritus Dr. Frank Fitt, now a resident of Ann Arbor, satisfied a life-long ambition last Thursday. Dr. Fitt, playing the University of Michigan golf course in a foursome with former U. of M. All-American football star Ernie Vick, ex-Wolverine star Kirk Huber and Walter P. Holcombe, made a hole-in-one. The 73-year-old golfer used a five wood for his ace on the 160-yard No. 5 hole.

### PILFERINGS

The bank robber walked into the bank, up to the cage, and shoved a note under the teller's nose. "Put all your cash in a bag and hand it over, sucker," the note read. "And don't make a false move; I've got you covered."

The teller paused, then nodded, scribbled something on a piece of paper, and pushed it back towards the robber. "Smile, friend," his reply read. "They're taking your picture."

## Earns Praise

The Board of Education passed a special resolution at its June 26 meeting commending Mrs. Hubert Goebel for seven years of service on the Board.

The motion was prompted by Mrs. Goebel's recent decision not to stand for re-election to the Board, on which she has served as secretary for the past five years.

They commended her for bringing "wit and affection that is uniquely feminine to a Board that for six of her years was otherwise all-male."

The Board resolved to "commend her proudly and cite her publicly for duty well done . . . Mrs. Goebel gratefully accepted the framed resolution, which she said was totally unexpected.

## Pointer of Interest

MRS. ALBERT D. LAW, OF LINCOLN ROAD

By Janet Mueller

Top contender for the title of "Grosse Pointe's busiest woman," Mrs. Albert D. Law has officially "retired." After a career in Dental Hygiene, work with professional Dental and Dental Hygienists' Associations, and two years as president of the Grosse Pointe High School Mothers' Club, Mrs. Law plans to devote herself to her garden, weeding, hoeing and growing, with Sandy, her pet pug dog, in constant attendance.

Mrs. Law's friends predict her "retirement" will not outlast the summer.

Typically, before she had finished cleaning out her Mothers' Club files, Mrs. Law was embroiled in a new project — learning the Australian crawl! Mornings she is at the Detroit Boat Club, dutifully kicking her way back and forth across the pool.

This latest hobby she describes as "dreadful on my hair-do, but wonderful for my morale." Her three sons, David, 23, married and a graduate student in English at the University of Illinois, with a teaching fellowship there next year; Dick, 21, at Wayne State University, about to decide between a pre-Medical and pre-Dental course of studies; and Donald, 18, a senior at the High School, are very impressed by their mother's latest project.

### Leaves Reluctantly

Mrs. Law leaves her Mothers' Club work with a very real sense of regret. "You couldn't find a more cooperative and capable group of women, she says of her fellow officers in the High School organization. "In my two years as president, I can't think of a single incident in which there was contention or controversy."

"I guess I've just been in school work all my life," Mrs. Law notes. A teacher herself, she was in sole charge of the one-room schoolhouse at Pidgeon, in Michigan's "Thumb" area, at the age of 18. Her pupils ranged in age from four to 16, and for two years she was "school-marm" to the small community.

Complaints of hard work aroused no sympathy in her own mother, who began a teaching career at the age of 16. "If it got dark before she left the schoolhouse," Mrs. Law recalls, "mother would have to wait for her landlord to come and escort her through the woods because of the bears."

The former Verneta Richardson eventually decided that school teaching was not for her, although she looks back on her two years at Pidgeon as a "very maturing experience," one which helped to make her aware of herself and her ambitions.

### Back to College

She returned to college, was one of the first graduates of the University of Michigan School of Dental Hygiene, and

during her professional career served as president of the Detroit and Michigan Dental Hygienists' Societies and the Detroit and Michigan State Dental Associations' Women's Auxiliaries.

Gardening is a major love. Mrs. Law is a past president of the Pointe Garden Club, finds relaxation and enjoyment in her flowers. She often uses pieces from her prize collection of cranberry glass as containers for her floral arrangements, and the soft blue color scheme of her living room, with its cranberry accents, is planned to enhance the rich color of her glass display.

A painting of the beach at the Laws' summer cottage in Broken Rocks, done by a local woman "who never took an art lesson in her life," occupies a place of honor in the room, the blue of the lake an exact replica of the blue upholstered sofa over which it hangs, sunlight tinting a small boat in the foreground to a deep cranberry shade.

During her first year as Mothers' Club president, Mrs. Law also worked several days a week as dental hygienist in her husband's office. She met Dr. Law through her brother, a fellow student at the University of Michigan Dental School, married him in September of 1930, and left her work as the first dental hygienist in Toledo, O., to live in Detroit, where Dr. Law had his practice.

She stopped work again briefly while her children were young, returned to it when the last of her three sons started school, and retired last year to devote herself to Mothers' Club activities, which she describes as a "full-time, every day job."

Mothers' Club work begins in the summer, when the yearly calendar of activities is drawn up, continues through the entire year, and culminates in the After-Commencement Party for Seniors, held this year at the Detroit Yacht Club.

### No Incidents

Some 750 senior students and their dates attended. Mrs. Law had previously assured club officials, who were rather apprehensive, that there would be no incidents. There were none.

After the party, an ex-Commodore approached her to give

this entirely unsolicited testimonial: "I have never seen a finer group of young people. They are fun-loving and well-controlled, and Grosse Pointe can be proud of its senior class."

The After-Commencement Party is generally the most spectacular event sponsored by the Mothers' Club, but it is by no means the only one. Two other big items on each year's agenda are the Christmas Tea and the Spring Scholarship Benefit Party. This year, approximately 1000 persons were served at the Christmas Tea, and 1300 attended the Spring Party, which showed a profit of \$2,062.

### Have Other Projects

Other programs sponsored by the Mothers' Club include the annual Community Halloween Party, Back-to-School and Parents' Nights, and a Benefit performance of the Pointe Players (GPHS drama group) spring production, which netted \$872 for the scholarship fund.

The Laws spend many summer weekends at their cottage near Port Austin, and Mrs. Law, always ready to serve when needed, is a past president of the Resort Association there.

### Interested in Theater

Dr. and Mrs. Law are both interested in theatricals. Mrs. Law having once aspired to attend the American Academy of Dramatic Art. They are active in Fine Arts Society, and Mrs. Law has been a member of the board of Theater Arts.

Faced with a surfeit of leisure time, Mrs. Law has decided to embark on a "narrative history" of her family. Three of her grandparents emigrated from Ireland, coming first to Canada and later settling in upper Michigan.

She recalls tales of the "Fire of '81," when the entire "Thumb" area was blackened by flames, and residents plowed around their houses, then lay face down in the dirt to escape annihilation.

"It will be a rambling memoir rather than a family tree sort of thing," she explains, "a heritage to pass on to my family." With her own history of work and activities, Mrs. Law is rather a heritage in herself.

### NOISY CAMPERS

Farms police were summoned by neighbors of the Country Club of Detroit to investigate a group of noisy boys near the seventh hole of the golf course. Officers found a group of boys who were camping for the night, all in the club's daycamp program. Gary Spade, in charge of the boys, was told to keep them away from homes near the club.

Profit by your mistakes—it won't solve your problems, but it certainly will work wonders.

## Sift Designers For HS Library

Walter B. Ford, distinguished Detroit designer, was discussed by the Board of Education last Wednesday as a possible designer for the interior of the \$240,000 Burt Wicking Memorial Library at the High School.

Ford has designed such notable interiors as the New Michigan Consolidated Gas Building in Detroit, the William H. Fries Auditorium of the G. P. War Memorial, Al Green's On the Hill, the new wing of the Detroit Public Library, the National Bank Building, and the State Department Building in Washington.

The Board asked that contracts be drawn up for the job, and several members expressed their desire to see Ford Associates of Detroit get the job.

Board member C. Henry Haberkorn told the Board that he had suggested Ford's appointment for the job because, he felt, "something outstanding is needed."

"Ford has a little bit of dashing daring," Haberkorn said. "I think it's the right decision to go with Ford."

Superintendent of Schools Charles Wilson said that "a short budget" of only about \$35-40 thousand was available for the job, and wondered whether the price was right for the man.

Dr. Robert C. Whitley told the Board that Ford's technique involves good utilization of moderately priced furnishings, and that he felt the money allotted would meet the costs.

Two other alternatives being considered for the job are the J. L. Hudson Company and the exterior designer of the building, Earl G. Meyer Associates.

The Board will take final action on the contracts at their next meeting on July 8.
