Thursday, September 5
THE HOME of a Birmingham, Ala., Negro leader was bombed last night, and another Negro was shot and killed in the ensuing riot. Less than an hour after the second explosion in three weeks rocked the home of Arthur Shores, a jeering, rock-throwing Negro crowd converged on streets near the Shores residence. Police met them, fired shots in the air and sealed off the area. Eight persons were injured and John L. Fole, 20, shot through the neck, died. Officials at University Hospital said the type of gun used in the fatal shooting had not been determined, and no information on the shot's origin has been released.

MICHIGAN RESIDENTS will be assessed two percent personal income tax, and the state will levy a three percent corporate income tax if Governor Romney's fiscal reform program is accepted by the State Legislature, it was reported today. Details of the Governor's new tax program, to be submitted at a special session of the Legislature convening next Wednesday, have not been released, but Romney's proposals will include corporate franchise tax adjustment, elimination of the business activities tax, a re-adjustment (downward) of the sales tax, and provision for local option taxes (making possible local property tax reduction at the community level). The Governor intends to reform Michigan's fiscal structure and at the same time maintain an approximate \$585 million per year total state tax collection for the general fund.

Saturday, September 7
ALABAMA GOVERNOR George C. Wallace's plan to prevent school desegregation—at any cost — has backfired. Wallace still refuses to allow students to register in Huntsville and Mobile, but parents whose offspring are being denied any education at all because of the Governor's refusal have begun to complain. State troopers bar entrances to schools in the two Alabama cities. Thursday, a white woman whose child was turned away in Birmingham, told a trooper: "I want my child in school; who is protecting my civil rights?" In Huntsville yesterday, a phalanx of angry mothers pushed past the club-carrying guards and registered their youngsters for classes, scheduled to start next week.

Sunday, September 8
EIGHT HUNDRED South Viet Namese students were arrested Saturday. Government forces corralled 200 teenage boys and 600 girls, participants in anti-Ngo Dinh Diem and anti-United States demonstrations at five Saigon high schools. The demonstrators, ranging in age from 13 to 18, were hauled in truckloads to Saigon's main Police Headquarters, where they were placed in temporary detention. All but the ringleaders are expected to be returned to their parents shortly. A mere two weeks ago, mass arrests crushed a similar demonstration staged by Saigon University students.

Monday, September 9
A 34-YEAR-OLD VENEZUELAN GRANDMOTHER gave birth to quintuplets Saturday. Mrs. Ines Maria Cuervo de Prieto and her five new sons are reported in satisfactory condition, according to a statement issued by doctors at Maracaibo Hospital. The births, after seven months and four days of pregnancy, were completed in less than an hour. The babies range in weight from three pounds, 1.4 ounces to four pounds, three ounces.

Tuesday, September 10
JOHN S. GRONOUSKI, Wisconsin Tax Commissioner and former Wayne State University professor, is the nation's new Postmaster General. President Kennedy announced the appointment Monday. Gronouski, 43, is believed to be the first American of Polish descent ever named to the Cabinet. Subject to senate confirmation, he will replace J. Edward Day, who resigned a month ago.

Is Your Dog A Good Canine Citizen?

With their well-mannered dogs sitting beside them are the instructors of the Owner-Dog Obedience Classes which will start at the Grosse Pointe High School at 7:30 p.m., Tuesday, September 24. From left to right are WILLIAM KLOSTER, Training Director of the Southern Michigan Obedience

Training Club; EDWARD BOYER, head instructor for the Grosse Pointe classes; and assistant trainers RAYMOND GIELEGHM, CHARLES MURPHY, MRS. FREDERICK MURPHY and FREDERICK MURPHY. Not present are Mrs. Stewart McFadden and Charles Myers.

Park Accepts Directive on Federal Aid

Must See That Contractor on Sewer Project Avoids Discrimination in Hiring

At a meeting held on Monday, September 9, the Park council agreed to accept a directive from the Federal Government to include a paragraph in its proposed sewer contract which will prohibit discrimination in the hiring of workers.

The directive, issued by Presidential Executive Order, has been sent to all municipalities receiving government aid grants for local projects, by the Executive Committee on Equal Employment Opportunities.

Getting \$73,000 Grant

The Park has accepted a grant of \$73,000 for the extension of relief sewers in two areas of the city.

In accepting the executive order, Mayor Pro Tem William Oddy told the council it shall be the duty of the city to see that the contractor who is awarded the work on the sewer project shall include a paragraph stipulating that there shall be no discrimination in hiring workers because of race, color, creed or national origin. Hiring of help will be the contractor's problem, it was said. He pointed out that the directive applies to all communities which have accepted aid grants on or after July 22. The Park is affected by the order because it signed formal acceptance of the \$73,000 on July 22.

Schools, Churches, Center Help Neighborhood Club Establish Fall Program

Community Facilities Made Available for Many Activities; Trustees Making Studies of Recreational Needs of Pointe

Neighborhood Club announces a full schedule of recreational activities beginning the first week of October. Although the building at 17145 Waterloo remains closed, the entire fall recreation program will be held in Grosse Pointe Schools, churches, and the Grosse Pointe War Memorial.

Brownell Jr. High, 260 Chal-fonte

will be used by Neighborhood Club all day Saturday beginning October 5, with both gyms in use and staffed by the Neighborhood Club's small army of professional instructors.

Classes in tumbling, judo, boys' and girls' gym classes, fencing, open gyms, baton-twirling, teen activities, ballet and play group for pre-schooler and elementary age boys and girls, basketball leagues and a girls' softball clinic will be conducted each Saturday from 9 a.m. till 5 p.m.

Driving on Lawn Costs Him \$35

Robert Schmidt, 20, of 1342 Devonshire, was arraigned before Park Judge C. Joseph Belanger on Wednesday, September 4, on a charge of malicious destruction of property, running his car back and forth on the front lawn of Mrs. Irene Hall of Lakepointe avenue. The offense occurred on June 27. Schmidt pled not guilty and was found guilty and ordered to pay a fine of \$35, or serve two days in the Wayne County Jail. He paid the fine.

Greenfield Village Gets Koinis' Popcorn Truck

Tony Koinis' popcorn truck is back — but not in Grosse Pointe. The 1928 Ford Model A has become a permanent exhibit at Greenfield Village, where visitors will be able to buy boxfuls of the delicious product that pleased Pointe palates for two decades until Grosse Pointe Park, charging "traffic indigestion," forced Tony from his location at the corner of Jefferson and Bishop. Mr. Koinis emigrated from Greece in 1907, began selling popcorn in 1914, in Toledo, O., moved to Detroit, bought his Model A in 1928, built a splendid wagon body around the chassis, and set up shop in the Pointe.

Popcorn munching policemen warned him that he could not continue to operate his business at the Jefferson-Bishop intersection, as he attracted so many customers traffic was becoming snarled, but Tony ignored the hard-hearted objections and continued to sell popcorn. Customers continued to buy. Police continued to warn.

Tony began having real trouble in 1944. The Grosse Pointe Park Commission passed an ordinance forbidding itinerant vendors from operating and parking between Jefferson avenue and the Detroit River — exactly where Tony's truck was operating.

Tony countered with a legal petition that he could not be considered an "itinerant vendor" since he moved his store only when going and coming to work and his business was contained within the truck.

Brownell will again be used by Neighborhood Club each Wednesday evening for teen and adult gymnastics programs as well as adult badminton.

Church Takes Kiddies

The Small Set Program for 3 and 4-year-olds will be held at the Grosse Pointe Congregational Church, 240 Chalfonte, each Tuesday and Thursday mornings.

Fun nights for boys and girls (7-12 years of age) will be held on the second and fourth Fridays at Maire School.

The retired men's club which meets each Friday has already started to use the excellent facilities of the Grosse Pointe War Memorial as their meeting headquarters.

Center for Teens

Neighborhood Club also announces the starting of a new High School Teen Drop-in Center to be located in the youth lounge of Grosse Pointe Memorial Church, 16 Lakeshore. Youngsters of high school age will be able to drop in each day after school for ping-pong, pool, records, games, socializing and food.

This Drop-in Center is a joint venture with the Memorial Church as a means to providing a leisure time gathering spot for Grosse Pointe teens. The Drop-in Center will be open to all high school students in the area and admittance will be by guest fee payment of 25 cents which will be applied toward either a Drop-in Membership or toward a full membership in Neighborhood Club entitling the student to utilize the facilities at Brownell Jr. High on Saturdays and Wednesdays and other teen activities sponsored by Neighborhood Club throughout the year.

Needs Being Studied

The Neighborhood Club Board of Trustees is currently studying both the immediate and long range recreational needs of Grosse Pointe so that adequate recreational services and facilities for all Grosse Pointe residents in the future may be assured. The Trustees are pleased that the use of community facilities has been made available through the cooperation of Grosse Pointe schools, churches, and the War Memorial Association.

Dog Training Class Starts September 24

Canine Owners Invited to Enroll in Obedience Course Offered at High School

Many well-behaved canine citizens in Grosse Pointe are the product of the Owner-Dog Obedience Training classes offered by the Department of Community Services of the Grosse Pointe Public School System. Fall classes will begin on Tuesday, September 24, at 7:30 p.m., in the old gym at Grosse Pointe High School.

Persons interested in this training course are invited to attend the first meeting without their dogs. There will be a brief explanation of the work and a demonstration by former students and their dogs. Enrollment by those attending the meeting, and who have made advance registration with the Department of Community Services, will be accepted at the close of this meeting.

Instruction is provided by the Southern Michigan Obedience Training Club, an organization whose members serve in the capacity of instructors without pay. Having had the experience of training their own dogs, these members make a hobby of instructing others in their proven techniques.

Pool Bond Issue Wins in Shores

Shores resident-taxpayers went to the polls during a special election held on Tuesday, September 10, and approved a bond issue to raise \$225,000 for constructions and improvements in the George Osius lakefront park.

The vote was a "yes" or "no" proposition. When the polls closed and the ballots were counted, the vote was 452 favoring the bond issue, and 120 against. The Shores has a total of 1,575 qualified registered voters, and two voting precincts.

Now that the taxpayers have okayed the bond issue, the Shores will go ahead and raise the \$225,000 through the sale of General Obligation Bonds, and use the money to construct and equip a swimming pool, wading pool and bathroom, additional hard surface parking facilities, and other necessities for the pool-bathhouse entity in the lakefront park.

End May Be Near In Battle to Build By Liggett School

Woods Council Finally Grants Partial Permit After Much Buck-Passing and Delaying Arguments Sets Project Behind Schedule

Liggett School has received a partial building permit. School officials applied to the Woods Building Inspector for a permit to install pilings at Liggett's 10-acre plot in Briarcliff, between River road and Morning-side, on Tuesday morning, after the City Council voted to rescind a previous decision that no permit could be issued until all zoning ordinances pertinent to a "sub-division" had been met.

Woods Building Inspector Herman Lauer granted the permit after school authorities submitted plans and specifications to his office.

Liggett purchased property in the Woods two years ago, intending to construct a new building scheduled to open in the fall of 1964. Earlier in the summer, the Woods Planning Commission approved the school's application to develop the Briarcliff area as a school site, and William D. Gilbride, president of the Liggett Board of Trustees, in a letter dated July 23, applied for a permit to install pilings for the school building.

Charge Buck Passing

The City Council, at its August 12 meeting, referred the letter to the City Building Inspector, after being informed by City Attorney Julius Berns that issuance of a building permit, in this instance, was a matter to be decided solely by the Planning Commission and the Building Inspector.

William D. Gilbride, appearing before the Woods Council meeting in regular session last Monday night, September 9, gave his version of what happened:

On August 14, Gilbride said, a letter was written on City stationery, signed by Herman Lauer, the Building Inspector, stating: "A building permit for the necessary piling for the new Liggett School is hereby authorized for issuance."

On August 15, upon receipt of this letter, Liggett signed contracts, and representatives from the school began their attempts to meet with the Building Inspector. Gilbride charged that Lauer made and broke appointments with Liggett officials on three separate occasions, that the school's representatives were finally told Lauer was not in town, but that one of them saw the Building Inspector in the vicinity of the Woods Municipal Building while he was supposed to be out of the city.

Was Not Notified

On Monday, August 19, the Woods Council met again. Gilbride said he was not notified that Liggett was to be brought up at this meeting.

At this mid-August session, the Council decreed no permit, partial or otherwise, could be issued for the building of the school until all requirements pertinent to all zoning ordinances had been met, ruled that Liggett's plot be designated under Section 12 of the zoning ordinance, which governs subdivisions, and authorized City Attorney Berns to prepare an amendment to Section 12 providing that before buildings such as Liggett can be erected: "It shall be necessary to in- (Continued on Page 2)

System Asks Renewal of Present Levy

Request Additional Two Mills to Hire More Teachers and Meet Higher Costs

With approximately 45% of its operating revenue set to expire in June, 1966, The Grosse Pointe Public School System will seek voter approval for a total authorized tax levy of 14 mills. At its regular September meeting held Monday night, the Board of Education set October 28 as the date on which residents will vote to replace the 11.25 mill operating levy. The .75 mill which has provided building and site funds during the past four years and which expires with taxes to be levied in December, 1963, will not be renewed.

In addition to the renewal of 11.25 mills, the Board will ask local residents for an increase of 2.75 mills to hire additional teachers needed because of rising enrollments, to meet higher operating costs, and to improve teachers' salaries.

The total package of 14 mills to run for 6 years will bring the maximum local school tax rate to 23.71 mills, which is slightly less than the 23.77 mills levied in 1960. Because the .75 mill building and site levy will not be renewed, the actual increase in authorized tax rate over that of 1963 will be 2 mills.

Now Receive 21.71 Mills

Dr. Robert K. Whiteley, President of the Board of Education, said that during the current year the schools have received 8.90 mills of local money allocated through the county, and 11.25 mills of voted excess, for a total of 20.15 mills designated for operating.

Funds for additions to Brownell, Ferry and Richard, as well as for the new high school library, extensive renovation and remodeling throughout the schools, have been provided by the .75 mill levy. The remaining .81 mill, levied for debt retirement, brings the grand total for the current year to 21.71 mills.

Bills to Be Lower

Edward J. Pongraz, treasurer of the Board of Education, said that the school tax in effect in December when residents receive that bill, will show a total of 20.71 mills, a reduction of one mill from the authorized rate. Pongraz said that this is made possible because of a reassessment of property in Grosse Pointe. Action by the state during the year changed the valuation of local real estate upward to \$278 million, an increase of 28 million over the 250 million base on which school income had been figured.

"The Board has kept faith with the public in reducing the rate," the treasurer remarked. "Furthermore, the local schools lost \$107,000 in state aid through the reassessment."

"I wish to make it very clear," he continued, "that the lower rate for the 1963 tax year does not mean that people will pay less in taxes in December. The reassessment raised the valuation from \$250,000,000 to \$278,000,000; this means, in general, that people will be paying a lower rate on property of higher value."

Asked about the effect of the two additional mills in actual dollar costs, Franklin D. Dougherty, veteran of 16 years on the Board explained, "Of course this will vary according to the assessed value of one's property. It will amount to a maximum cost of \$2 for each thousand dollars of assessed valuation."

"Assuming that a house is assessed at the average rate of 40 percent of real value, a property priced at \$15,000 would have an assessed value of \$6,000. "The annual additional cost of \$12 would amount to one dollar per month. Similarly, a house valued at \$30,000 would have a higher tax of \$24—or \$2 per month."

Teachers' Salaries

Queried on the need for increasing teachers' salaries, Mrs. Alice Mary Hykes, Board Secretary, mentioned that suburban communities like Grosse Pointe, which are almost completely residential in nature, and which have a high percentage of college-bound students in need of a high quality educational pro- (Continued on Page 2)

Seek Gifts to Purchase Second Piano for Center

With the resumption of activities at the War Memorial Center this month, new groups and culturally-minded citizens of the Pointe are joining the campaign to purchase a second concert piano for the Center.

This week, the Grosse Pointe Community Chorus and the Childrens Theater announced their active support of the campaign and are encouraging members to bring in pledges.

At present, the campaign is almost one third of the way toward its goal of \$3,760. Nearly \$1,000 was pledged in amounts ranging from \$5 to \$250 at the final concert of the music festival when the project was announced. It was explained at the time that the purpose is to have two matching grand pianos at the War Memorial to make it possible to hold two-piano recitals and for the accompaniment of musical shows and choral concerts in the Fries Auditorium.

The campaign has already inspired at least one heart warming example of enthusiastic generosity. Among the pledges that came in from members of the audience at the final concert of the festival were from two very young visitors to the Pointe. They were Carty Spencer of Rolling Hills, Cal., and Andy Davies of Princeton, N.J., grandsons of Mr. and Mrs. Carsten Tiedeman of Kenwood road. The boys took pledge cards home, signed them, and gave their money to their grandmother to turn into the fund.

Additional pledges have been received from Mrs. Frank W. (Continued on Page 2)

CAR SEATS STOLEN
John Egan of 386 Provençal road, complained to Farms police on Tuesday, September 3, that someone broke into his Thun-

derbird sometime during the night and stole both bucket-type seats, valued at \$125 each. The vehicle was parked in front of his house, he said.

Federal Aid

(Continued from Page 1)

The executive order also requires that aid grant communities submit any information pertaining to local projects, on demand from the government. The money offered by the government under the Accelerated Public Works Act to alleviate unemployment in critical areas, is being matched by the Park.

City Manager Robert Stone said that bids on the \$146,000 sewer project in the city will be opened and tabulated on Thursday, October 10, and presented to the council at a regular meeting on Monday, October 14.

Once the winning bid is approved by the council, work on the project will begin without delay, but not later than November 14, Stone said.

Soil Borings Taken
Soil borings at locations where the relief sewers will be installed were done by Raymond International, Incorporated, at a cost of \$774.

Sewer plans have been drawn by the firm of Hubbell, Roth and Clark, city engineers.

The relief sewer extensions will be installed in trouble spots located in the 500 block of Pemberton road, and the 500 block of Lakepointe between Windmill Pointe drive and Korte; and on Harcourt, Trombley, Windmill Pointe drive and Bedford, near Essex.

gram, face serious problems in the hiring of instructors.

"Without the big industry of a River Rouge, a Wyandotte or a Dearborn, the cost of such an educational program as we have here must be borne by the local residents." She added that it is a well-known fact that the real estate values of a community are closely tied to the quality and reputation of the public school system.

"I understand that the Detroit Real Estate Board has estimated that the selling price of residential property in that city dropped 14 percent on the average after the millage defeat there in April," she said.

Trustee Robert F. Weber said that over 75 percent of the schools' operating funds are provided locally, partly from the 2.90 mills allocated by the county, partly from the voted excess. "Only about 23 percent comes to us from the state," he added.

Others' Tax Rates

"Asked for comparative school tax rates in the Detroit area, Weber said that during the last year rates per thousand dollars of state equalized valuation were 19.90 mills in Dearborn, (with its concentration of heavy industry), 26.35 in Birmingham, 22.16 in East Detroit, 26.75 in Livonia, 22.72 in Wyandotte, and 30.05 in Oak Park.

Queried as to whether the relatively modest tax increase of two mills, additional teachers needed for increased enrollments, and salary improvements would be adequate, Trustee Russell H. Peebles commented that in the best judgment of the Board and of school officials, the additional amount would last for three years.

"Beyond that time, it is impossible to predict. While our salary schedules are in no way deplorable, they lag behind 29 Detroit metropolitan suburban school districts.

"The beginning salary is not out of line with those of competing districts, and the maximum (for the few teachers on the staff with a doctorate and 17 years experience) are reasonably good.

Lost 29 Teachers
"But," he added, "our teachers lose out in the middle range, in the five to ten years experiential bracket. And 29 of the 31 teachers who left for other teaching positions this year were in that range."

Dr. Frank H. Parcels, a trustee on the Board of Education, said "It seems to me that it is perfectly clear that the entire community has a stake in the maintenance of its school system of national repute. Not only does it contribute to property values, but the public libraries are financed by school funds, as are the summer recreation program, the community swimming program, the adult education courses—to mention a few of the benefits available to residents of the Pointes."

Speaking about the specifics of the ballot proposal of the October 28 referendum, Trustee Weber said that the 14 mill proposal, which provides for the renewal of 11.25 and the addition of 2.75 mills, will be contained in a single statement presented to the voters.

Not for Building
Asked whether any of the funds requested will provide for the construction of new buildings, Treasurer Pongraz said, "No, for the present time the Board is seeking only operating revenue."

"However," he said, "if enrollments continue to increase in the Ferry, Mason and Barnes elementary areas, as well as at the high school, the community will have to face the problem of providing more space. School authorities are studying the matter closely."

"With 45 percent of our financing 'up' for renewal, this represents more than the mere foundation of our structure, it is half our educational house. Without being assured of this amount, there is little point in talking about building at this time."

single proper regulation of the City of Grosse Pointe Woods. "This is not a game that we're playing," he told the Council. "We have documents, opinions, letters, all of which indicate our right to do what we are doing." After a debate on whether or not Council could legally accept and place on file a letter addressed to the Secretary of the Planning Commission, (the letter from the Attorney General), without first having that letter referred to it by the Planning Commission, Council decided it had no choice but to act.

Objections Heard
One of the councilmen objected to taking up the matter at last Monday's meeting, saying Gilbride had charged the Council acted illegally in discussing Liggett at its August 19 meeting, when it was not on the agenda, and to discuss Liggett in any aspect except as it appeared on last Monday's agenda (simply as a recommendation

Complete Reversal
In effect, this action was a complete reversal of Council's previous decision that the issuance of a permit was solely in Lauer's hands.

The Woods Planning Commission, meeting August 27, approved a resolution requesting an opinion from the State Attorney General as to the legality of its action in okaying Liggett's application to develop a school site without first holding a public hearing, and directed the Building Department to withhold issuance of a permit pending receipt of the Attorney General's ruling.

The Attorney General, in a letter addressed to the Secretary of the Planning Commission, replied that, in this instance, the City's proper procedure would be to seek the advice of the City Attorney and follow it.

Gilbride referred to this letter at last Monday's meeting, and asked that the Council follow his instructions, bowing to Berns' original ruling that issuance of a building permit was a matter for the Planning Commission and the Building Inspector to decide, without Council interference.

Gilbride Speaks Out
"We are mid-way on quite an enterprise," Gilbride told the Council. "We have followed as far as we know every requirement of the law of this city... have entered contracts... incurred tremendous expenses... are presently engaged in developing a student body and faculty in our new location."

He noted that Liggett has approximately \$1½ million, has a responsibility to contributors, contractors, people interested in the old building and those who will occupy the new one, and is prepared to comply with every

Woods Council Petitioned To Increase Parking Space

The problem of providing additional off-street parking for Mack avenue business and professional establishments came before the Woods City Council again last Monday evening, September 9.

Two petitions, one with 15 and the other with 64 signatures, were received by the Council. The 15-signature petition expressed disappointment with the Council's "lack of action" regarding off-street parking.

"Several months ago we business and professional men wrote you letters calling your attention to the urgent and critical need for more off-street parking facilities in this area," the petitioners stated. "The report of Citizens Traffic Safety Committee has been in your possession for at least three months and the only recommendation that you have considered is the widening of Hollywood, Ridgmont and Hampton."

Signers of the second petition expressed themselves as "patiently awaiting" Council action regarding off-street parking and the Citizens' Traffic Safety Committee report.

Answering these lack-of-action charges, Council gave a brief progress report. Widening of Hollywood, Hampton and Ridgmont roads, from Mack to the alley, is scheduled to start immediately, and an amendment to the Zoning Ordinance, requiring any new business to provide additional off-street parking facilities, is under preparation.

By a majority vote at last Monday's meeting, Council authorized the City Attorney to prepare an amendment to the Zoning Ordinance providing for a "Parking District" covering vacant residential lots abutting the alley on the west side of Mack avenue between Vernier road and the north city limits, and Lot 8 of Beaufait-Koch-Tessmar subdivision.

This action merely authorizes preparation of the ordinance, which can only be adopted after a public hearing.

Council referred a possible program of parking at the Community Club to the Recreation Commission for study and recommendation.

It was noted that several hazards at intersections, obscuring driver's and pedestrian's views, had been removed.

CYCLIST HURT

Harvey Bailey, 13, of 1879 Prestwick, fell off his bicycle on Friday, September 6, and struck his head on the street pavement. When he complained of dizziness, he was transported to St. John Hospital by Woods police ambulance. He was treated and released.

Gunman Robs John Mazer, Friend

John Mazer, 47, of 887 Loraine, a former assistant prosecutor under the late Gerald K. O'Brien, and a friend, told Livonia police on Saturday, August 31, that they were robbed of \$2,600 as they left the Detroit Race Course in Livonia.

Mazer and Virgil Anderson, 35, of 3003 Cortland, Detroit, both attorneys, told Livonia police that a stranger to whom they had given a ride, robbed them at gunpoint and escaped with their car and money.

The two men told Livonia Police Lt. Dennis Swift that they met the stranger at the track, and he asked for a ride to the corner of Middlebelt and Plymouth, about a mile from the track.

The stranger was seated in the rear of Mazer's station wagon. Mazer said that they were driving north when the stranger placed a gun at Anderson's head and said: "Don't move. I want your money."

Mazer surrendered \$2,200, and Anderson gave up \$400 in new \$100 bills.

Mazer stopped the station wagon, then he and Anderson got out and ran. The holdup man took the vehicle, which was found later on Schoolcraft near Merriman.

Livonia police said that the description of the man given by Mazer and Anderson, fitted that of a man who held up a drug store at Schoolcraft and Inkster on Friday, August 30.

Bike Hits Car; Cyclist Injured

John E. Ferrell, 50, of 279 Moran road, was exonerated of blame by a mother of a 12-year-old boy cyclist, injured when his bicycle ran into the side of Ferrell's car on Friday, September 6.

Ferrell personally made a report of the accident to Farms police at the station.

He told officers that he was driving north on Moross, when James Cudlip of 350 Moross, rode out into the street from in front of a parked car, and struck the right fender of his car. The boy was tossed over the fender and his head went through the car windshield.

Ferrell took the boy to St. John Hospital, where young James was treated for a cut on the right side of the head. Five stitches were needed to close the wound. X-rays were also taken.

James' mother, Sally, who witnessed the accident and who went along to the hospital, told police that the accident was not the fault of the car driver.

Mrs. Moore, widow of the late prominent realtor Kenneth L. Moore, who died in 1951, died Friday, September 6. She lived at 192 Moran road.

Born April 21, 1893, in Detroit, she had lived in Grosse Pointe for 40 years, attended Liggett School, and was a member of Christ Church, Grosse Pointe, and the Junior League. During World War I, she did canteen work in France.

Surviving are her daughter, Mrs. Joseph F. Coughlin; two granddaughters, Molly and Deborah Webster; and a sister, Mrs. Edward C. P. Davis.

Henry E. Beyster, one of the automobile industry's engineering geniuses, died Saturday, September 7, in Henry Ford Hospital. Mr. Beyster, 82, moved from Moran road to 2750 Pine Lake road, Orchard Lake, six months ago.

Born in Detroit, he was a graduate of Western High School. He attended the University of Michigan, entered the auto industry in 1906 as co-owner of a Detroit garage, and eventually founded his own auto engineering firm, the Beyster Detroit Motor Car Co.

Joining Packard Motor Car Co. at the outset of World War I, Mr. Beyster headed development of the Rolls-Royce engine for military purposes. He became associated with the Fisher Body Corp. in 1920, led the firm's plant engineering and architectural departments, and eventually switched to General Motors as chief of the rival firm's similar departments.

He was instrumental in developing \$450 million in GM plant facilities, including construction, within 40 days, of Dayton, Ohio's \$40 million Frigidaire plant.

In 1928, GM loaned Mr. Beyster to the City of Detroit. Appointed Department of Public Works commissioner by then-Mayor Richard Reading, he modernized DPW procedures, was responsible for construction of three city trash incinerators, then resigned in 1940 to form his own engineering and architectural firm, H. E. Beyster and Associates, Inc.

Asked by President Franklin D. Roosevelt in 1942 to head a United States technical mission to India, he began to work for the Federal Government on international missions. President Harry S. Truman appointed him to head the United States War Damages Commission in the Philippines, and he served as U.S. technical advisor to several Latin American countries.

Koinis' Popcorn Wagon

(Continued from Page 1)
Moylhan issued a temporary injunction allowing Tony to continue operation despite the ordinance.

The Park Commission tried again. On April 22, 1946, another ordinance was passed classifying Tony's truck and business as a "traffic hazard."

Tony asked for signatures to oppose this ordinance, and in one day 320 persons signed his petition. Circuit Judge George B. Murphy issued another temporary injunction allowing Tony to operate.

On June 13, 1946, a jury of nine women and three men found Tony not guilty in Circuit Court before Judge Clyde Webster on three traffic charges amounting to \$10 fine and costs.

In Grosse Pointe Park Police Court, when Tony's attorneys contended that if he was to be removed from the Pointe streets, then so must all milk trucks and trucks making bread deliveries.

Circuit Judge Sherman Callender continued the injunction until the fall of 1946, with police cars assigned to Tony's truck issuing tickets whenever he stopped, sold to customers, blocked traffic, etc.

Correction Made On Crash Story
In a story in the NEWS last week, it was reported that a car driven by David Orsi, 19, of 14365 Hendricks, went out of control, causing damage to his car and to private property.

Orsi and a passenger, Perry Abbott, Jr., of 1877 Littlestone, were held at the scene by W. M. Calka of 1577 Lochmoor boulevard, one of the residents whose property was damaged.

Orsi was given a ticket for not having his car under control, and Abbott was released by police.

Two other youths, Robert Patrice, 18, of 20016 Beaufort, Harper Woods; and Gerald Howard, 18, of 1974 Ridgemont, who were also passengers in Orsi's car, fled the scene.

It was reported that they were apprehended by Woods police at a Mack avenue eatery, whereas, the youths phoned the police and notified them that they were the boys who were in Orsi's car at the time of the accident.

The boys told police where they were. They were picked up and released to their parents.

Tony began his all-out fight against "discriminating ordinances" in June, 1946, but on May 23, 1947, Circuit Judge Clyde Webster ruled legal a Grosse Pointe special ordinance preventing "curb sales of merchandise," "sales to passing traffic," and "sales within 200 feet of a traffic light."

All these rulings applied directly to Tony's popcorn truck, and he was pushed out of the Pointe.

One week later Tony was back at the same corner, doing rush business and getting violation tickets. His attorneys appealed the most recent decision, and the Michigan Supreme Court issued a stay of execution on the order until June 10, 1947.

Tony worked 14 hours a day, countering ordinances with injunctions. Each time an ordinance was overruled another one was passed, and the battle dragged on.

In 1948, Tony took his truck off the street and temporarily retired, but in 1950 he was back in business at East Jefferson near Alter road, on his own property. There were more ordinances, more warnings, more tickets, more injunctions and more people buying popcorn.

Tony sold the property near Alter road in 1956, and relegated his popcorn truck to the garage — until 1957, when he bought another piece of property on East Jefferson, this time near Nine Mile road.

The popcorn lovers kept coming, and this time there were no ordinances. Just continued warnings, and requests by City officials to move the truck.

Finally, anxious not to appear a "trouble maker," Tony decided to make peace with all City Commissions. In 1961 he retired his truck, built a permanent stand at the East Jefferson-Nine Mile road location, and is still there. Business is booming.

But the historic and controversial vehicle was not destined for the ash heap. Last week Leslie Henry, Curator of Transportation for the Henry Ford Museum, received title to "Tony's Popcorn Truck" from Mr. Koinis himself.

Mr. Henry announced the truck will be completely refurbished, and will operate in peace in Greenfield Village.

Car Overtakes; Driver Ticketed

A 16-year-old Woods boy emerged unscathed from an overturned automobile he was driving. He and another youth righted the car, and the young motorist drove away before police arrived.

On Saturday, September 7, Patrolman Al Abend was dispatched to the accident scene in front of 19942 Doyle place West. When the officer arrived, the car and youth were gone.

Witnesses told the policeman that the 16-year-old had taken the road curve too fast, and his car, a Volkswagen, flipped over on its side. The driver got out, and with the assistance of another 16-year-old boy, set the car back on its wheels, and drove to a friend's house.

The friend drove the accident driver back to the scene, but on spotting the scout car, turned around and left the area.

Abend said he stopped the car at Fairfield and Fairholme, and took the accident driver in custody and drove him to the station, where he gave the boy a ticket for reckless driving and a notice to appear at the next session of Juvenile Court.

The amount of damage to the Volkswagen was not disclosed.

Police Arrest Young Drunks

Four intoxicated 16-year-old Detroit boys were arrested by Park police on Tuesday, September 3, after a foot chase through city streets and back yards. Two of the four officers involved in the pursuit sustained minor injuries.

According to Police Chief Arthur Louwers, a citizen in the 1300 block of Somerset, called the station and reported four boys were in the street and all appeared to be drunk. One boy attempted to enter a home, it was said.

Police Sgt. Gordon Duncan and Patrolmen Paul Roek, Colin LaLonde and Jack Carroll were dispatched to the area. When the teenagers saw the approaching officers, they fled in all directions.

The policemen leaped from their scout cars, and each picked a boy as his quarry and gave chase on foot.

Duncan pursued his boy over several fences and back yards, cutting the palm of his left hand while leaping one of the fences. He caught his runaway. Roek suffered a slightly wrenched back capturing his teenager.

LaLonde and Carroll apprehended the boys they were chasing without mishap. All four youths were taken to the station, where they were booked and charged with being intoxicated.

Chief Louwers said that one of the boys was also charged with attempted breaking and entering.

The teenagers are scheduled to appear at the next session of Juvenile Court, the chief said.

Pointe Police Chiefs Get State Association Posts

Three Pointe police chiefs were named to various groups in the Michigan Association of Chiefs of Police, it was disclosed by Niles Police Chief Arthur Pears, president.

Park Police Chief Fred Duemling was named a member of the Youth Committee, and Woods Director of Public Safety Vern Bailey was made a member of the Safety and Traffic Committee.

In letters to each of the police department heads, Pears stated that the Association, in common with law enforcement officers throughout the nation, in the months ahead face a tougher job than ever before.

He pointed out that according to a 1962 Annual Uniform Crime Report from the Federal Bureau of Investigation, serious crime in the United States reached an all time high last year, with a six percent increase over that of 1961.

"Figures made available by FBI Director J. Edgar Hoover," Pears said, "show that for the first time the estimated number of serious offenses known to police passed the two million mark with a total of 2,048,370 crimes of murder, rape, robbery, aggravated assault, burglary, larceny and auto theft."

Dog Training

(Continued from Page 1)

15 years ago as a service to the residents of the Grosse Pointe Public School District, and offered by the Department of Community Services as a "first" in the adult education program. Since that time, similar classes have been initiated in Pontiac, Berkley, East Detroit, Ferndale, Bloomfield Hills, Mt. Clemens, Rochester, Royal Oak, Warren, Waterford and Walled Lake. Head instructor will be Edward Boyer, being assisted by Charles Myers, Mr. and Mrs. Frederick Murphy, Charles Murphy, Raymond Gieglehem and Mrs. Stewart McFadden, representing S. M. O. T. C.

What They'll Learn

During the course of instruction, students will learn how to teach their dogs to walk quietly beside them in the "heel" position under any condition; to "stay" in one place on command; and to "come" when called. Hundreds of owners and their dogs, too, can testify that an obedience trained dog is not only a happier and more satisfied pet, but also a better canine citizen of the community.

Registration may be made for any dog six months or older, regardless of pedigree or ancestry. While this course is primarily for adults, children 12 years of age or over may enroll, if their parents will assist in their guidance.

All classes are limited in enrollment and advance registration is required. For class reservation and further information, call the Department of Community Services at Tuxedo 5-3808 or Tuxedo 5-0271.

Classes follow a carefully graded method of instruction in contemporary ballet. Children are accepted in the beginners class at the age of six years. Classes are arranged according to age and ability with formal training beginning in the first class and continuing through the advanced class.

Classes will be held at Brownell Jr. High, 260 Chalfonte, on Saturday mornings.

Bezeau to Lead Men's Chorus

At a recent business meeting of the Men's Chorus the Music Committee announced that Wilbur R. Bezeau had been engaged as director for the coming season and that the accompanist would be Miss Lynda Sassaman.

Prof. John Finch, director of music at Grosse Pointe High School, who had been the chorus leader for many years, retired at the conclusion of the 1963 season.

The chorus was organized in 1940 consisting of men in the Grosse Pointe area who love to sing. It has appeared over the years entertaining many organizations and there is always an atmosphere of wholesome fellowship existing at its rehearsals.

It will have its first fall meeting on September 16 at 8:30 p.m. in the Memorial Building, and will be glad to welcome Grosse Pointers who enjoy its fellowship. There will not be any embarrassing audition. The chorus plans several public appearances during the coming season.

Luck may play a part, but success always comes from hard work.

Babe Ruth Loop Presents Awards

Woods-Shores Babe Ruth League

Last Thursday the Ninth Annual Awards Banquet was held at the Gabriel Richard Hall and the league was pleased by the fine turnout of parents and players as there was a crowd of over 300 people.

Doug Barkley of the Detroit Red Wings was present to meet with the boys and to answer their questions. Also present were: Chester Petersen, Woods City Manager; and Councilman Lathrop Morse, and representing the Little League for sailing league president Bill Meyers was Mike Pastor. Father William King of St. Joan of Arc gave the invocation.

Grey Noble was master of ceremonies, and after all of the introductions and speeches had been made the important part of the evening began as the boys received their trophies. The first ones given were for the Most Valuable player in each league. This is the league's most coveted award and it went to Bill Warner in the All-American League, and to Steve Davenport in the Automotive League. Warner played with the Boston Red Sox and Davenport with Roy O'Brien Ford.

The next awards were given to the Runner-Up Team in the All-American League — the Boston Red Sox managed by Wally King, and then the Championship Trophies were awarded to the Cleveland Indians. The George Foster Trophy, emblematic of the All-American League Championship, was presented to Indian's manager Mike Santi.

The Tom Rousseau Memorial League Championship was then presented to Dave Marsteller, manager of Roy O'Brien Ford. As O'Brien had won both halves of the season there was no runner-up award made.

Pete Juratovac, manager of the All-American League All-Stars, then made the awards to his team as did Stan Loeffler, the manager of the Automotive League All-Stars. As in past years, each member of a championship, runner-up or all-star team receives an individual trophy for his performance.

The last awards of the evening went to the boys with the best pitching record in each league. Receiving the award in the All-American League was

Spartan Teams Lose Openers

Some of the outstanding players for the junior varsity were: Terry Buda, Ron DeCoopman, Danny Clem, Mike Johnson, Doug Perry, and Paul Forte. The final score was Dearborn 12, Spartans 0.

The varsity also had a lion by the tail and went down 20 to 6. The outstanding play of the game was an 85-yard touchdown run by Dennis Kahle. Other good plays were made by Jim Trandell, Rhodney Moxley, Pat McEvoy, Scott Monson, Terry Dooley and Chris Warner.

Noted Gardener To Talk to Club

Addressing the September 19 meeting of the Men's Garden Club of Grosse Pointe on the subject of organic gardening will be William Jones.

Now retired, Mr. Jones looks back on an enviable career as a gardener on important estates on two continents. His early years were spent at the Royal Windsor Park in Berkshire, England.

He then brought his talents to the United States and spent 25 years on the late Mrs. Roy Chapin's estate and three years with Henry Ford II after Ford bought the Chapin property at Lakeshore and Provençal.

The latter part of the evening at the War Memorial Center will be devoted to a fruit, flower and vegetable show to be judged by Leland Gilmore and Elmore Frank, two prominent local horticultural judges.

Museum Gets Famous Boat

Miss Michigan, Kathleen Kay McLaughlin will be present at the Dossin Great Lakes Museum (south shore of Belle Isle) on September 19 (9 a.m. to 10 a.m.) when the famous racing boat Miss Pepsi will be installed in the specially constructed pavilion of the Museum, providing for the boat's perpetual public display.

In 1956, the Dossin family made a presentation to the City of Detroit of funds for the construction of the Dossin Great Lakes Museum. At the same time, the retired Miss Pepsi was given to the City for preservation in the Museum. Additional gifts from members of the Dossin family, supplementing original funds, made possible the pavilion, built to specifications to house Miss Pepsi.

For the installation on September 19, members of the Dossin family will be present, along with Mayor Jerome P. Cavanagh, other City officials, members of the Detroit Historical Commission, and Trustees of the Detroit Historical Society. Also present will be Detroiters, Charles F. (Chuck) Thompson, Charles F. (Chuck) Thompson, the boat's only driver. It was this boat-driver combination which won the President's Cup three successive years (1950, 51, and 52), a record never equalled.

DAC Schedules Fall Parties

Mid-September is getting the Detroit Athletic Club's social activities under way for the fall and winter season.

This will be the second informal fete staged for the "21 Club," the social group formed this past spring by the intermediate members of the DAC.

The September 13 dancing and kibitzing "do" for the 21 Clubbers and their spouses or dates will take place in the spacious second mezzanine cocktail lounge, the dance orchestra playing from 9:30 to 12:30 o'clock.

The DAC's regular schedule of fall and winter dancing in the main dining room on Mondays through Saturdays will start September 16 when the popular Seymour Hoffman and his orchestra return to the bandstand for an extended stay.

Another festivity of the month will be on September 27 and this will be a 4:30 p.m. cocktail reception in the club's Pontchartrain Room for newly-elected members and their wives.

The purpose is better to acquaint the newcomers with each other and with the facilities and activities of the club. There'll be conducted tours through the clubhouse. Later a special dinner will be served for those who may wish to dine at the club.

September also will see resumption on the 29th of Sunday service in the dining rooms, which are traditionally closed on Sundays throughout the summer.

In charge of the social events is the entertainment committee including Chairman Frederick J. Kaiser, W. Harold Lightbody, Jack A. Tompkins, John T. Annas, Thomas J. Belton, Clyde P. Craine Jr., Ray E. Forsyth, William A. Frew and C. W. Van Lopik.

Set a bad example and no one knows what will hatch out.

An Inexcusable Situation

Treatment accorded Liggett School in its efforts to re-locate that venerable and much-loved institution in the City of Grosse Pointe Woods, has brought what appears to be a well-earned heap of abuse upon the heads of the councilmen and other officials of that municipality.

Plans of the school to build in the Woods have been well publicized since it purchased a 10-acre tract of land there two years ago. If the city officials had had any intention of trying to block the project, it seems it would have been sporting to voice such sentiments way back when fund-raising started, or to have given the administrators, trustees and friends of Liggett some warning that difficulty lay ahead.

The school hoped to start construction several months ago and have the project completed in time for the opening of sessions in September 1964. A partial permit, to start installing pilings on the site, was finally granted Tuesday morning after council had gone through another session of arguments at its meeting Monday night.

The delays resulting from the council's dilatory handling of the situation have brought considerable anguish and other more concrete hardships to the school. Several months of good building weather have been wasted and the setback in completion of the project may foul up the prospective sale of the institution's property in Indian Village.

The conduct of the whole case has brought no credit to the municipality and it is to be hoped that now, with a long-overdue start being made on the project, the city officials will make every effort to help Liggett carry on its plans to completion with as little difficulty as possible.

Letters to the Editor

To the Editor:

There are many who share the opinion that taken as a whole the Michigan Constitution amply protects the rights of property owners without the addition of the material contained in an initiative petition recently circulated in the state and locally. But it is more than a matter of legal opinion; for there are those who would never be satisfied unless the constitution were to be amended to give legal sanction to all manner of discriminatory practice. What is involved is one's whole system of principles and values.

By establishing a Civil Rights Commission whose orders are subject to appeal in the courts, the new Michigan Constitution, in Article V Sec. 29, has provided for the civil rights of all persons. The initiative petition recently circulated if enacted into law would immunize real estate brokers or representatives from the anti-discrimina-

tion provisions of the constitution. Were legislation to be passed giving sanction to discriminatory practice by any group seeking to exempt themselves from the fair and equal provisions of the law.

It remains to be said, then, that not only am I personally opposed to the proposed legislation but also that its spirit and provisions are in sharp conflict with the public pronouncements of major religious bodies. Among these are The Methodist Church, The United Presbyterian Church, The Protestant Episcopal Church, The National Council of Churches of Christ in the USA, the National Catholic Welfare Conference (through its Social Action Department), and the Synagogue Council of America (through its Social Action Commission).

As a citizen and as a churchman I am happy to commend to others this concern.

Sincerely, JAMES D. NIXON

Schools Fill 82 Positions

Eighty-three positions in the Grosse Pointe Public School System became vacant prior to the start of the 1963-64 school year. To date, 82 have been filled. The sole remaining vacancy is for an audio-visual specialist at the Central Library.

Seventy-five of the positions were filled by persons new to the school system, six by former employees. Of the latter, two are returning from sabbatical leaves, and four were employed in February last year.

A full-time substitute has been engaged to serve in the high school library while the search for a librarian continues.

The System's 75 newcomers include 73 new to the teaching staff and two new public librarians. These new teachers divide further into 68 classroom teachers and five specialists. Three of the classroom teachers are teaching half-days in kindergarten situations.

All of the new professional employees have bachelor degrees, 21 have been awarded M.A.'s, and two have earned the six-year level of training. Their degrees, 96 in all, were earned in 36 institutions located in 14 states and Canada.

Seventeen Michigan colleges and universities helped train way.

these employees. The University of Michigan awarded the most degrees, 20 in all, followed closely by Wayne State University with 17.

Two-thirds of the newcomers are experienced teachers, 51 having taught from one to 20 years, and a total of 240 years' experience, averaging 3.2 years per newcomer, is represented by the whole group.

In age, the group ranges from 21 to 57. Over-all age average is 27.8 years. Women outnumber the men by two to one, 49 to 26.

The elementary school teachers total 40, 33 of whom are women. Men outnumber the women at the secondary level, where they possess a 15 to 13 edge. Four of the seven specialists and librarians are female.

YOUNGSTERS WARNED

City police warned boys caught playing in an old bus at the rear of Alger Post, Veterans of Foreign Wars, 17145 St. Paul, Wednesday morning, September 4, and Thursday morning, September 5. The first group of youngsters, aged eight, 10 and 11, and the second group, aged 11 and 12, were reprimanded and sent on their way.

What Goes On at Your Library

By Virginia Leonard

Do you read the daily comic strips in the newspapers? Are you perhaps a "Pogo" or "Peanuts" buff; or are you "hooked" by the happenings of "Mary Worth" or "Judge Parker"? It may well be that you don't want to admit to such a childish penchant; students of the subject have found this ambivalence very common among adult readers!

A new book has just been published entitled THE FUNNIES, edited by David Manning White and Robert H. Abel. It is the outgrowth of a question they asked themselves: "What do the comic strips tell us about American culture?" These men estimate that more than 200 million people in some 60 countries read the funnies—and they have read them day in and day out for many years. Certainly, then, these comics are tremendous molders as well as reflectors of the American mystique, and thus occupy such an important position in our lives as to deserve some serious consideration.

There have been earlier studies of this subject. Our library has another book by Stephen Becker, entitled COMIC ART IN AMERICA, published in 1959. Here is a good historical survey of this medium, including material on cartoonists, and delineating types and categories of cartoons. There are also a great many magazine articles on this form of art, covering sociological, cultural, artistic and political aspects. Truly, it is a fascinating topic, well worth exploring.

But to get back to THE FUNNIES—why, precisely, do we read them? First of all they provide escape, they release tensions, they appeal to basic emotions, in many cases they amuse, and finally they provide "audience identification". Also, they are visual, and an image carries greater immediate impact than the written word. They have great variety—you may choose fantasy, adventure, family life, children, army life, humor, to name a few types.

After an introduction by the two editors of THE FUNNIES, the book is composed of essays written by contributing authors. Some deal with over-all views of the comics; others with a single comic strip or character; still others with conclusions from researchers' reports. I, as a long-time cartoon aficionado, found them all immensely interesting. Perhaps the most in-

triguing section to me concerned "Krazy Kat", the strip drawn by George Herriman. Gilbert Seldes found it to be "the most amusing and fantastic and satisfactory work of art produced in America today." It was a superb combination of irony and fantasy, with fine use of perspective and constantly (and unpredictably) changing exotic landscapes. It was unique; its only possible competitor being "Pogo".

There is also a chapter on "Peanuts", and one on the effects of mental health teaching (via "Rex Morgan, M.D.") on the youth of today. A whole section is taken up with survey findings analyzing Sunday newspaper comics, covering the milieu of the comic strip world and the people who inhabit it. The last section of this book, the coda, gives the cartoonists themselves an opportunity to speak out. Al Capp writes engagingly on humor, particularly on the comedy of Charlie Chaplin, which was based on man's delight in man's inhumanity to man. Allen Saunders follows with a chapter on "Mary Worth", and finally, Walt Kelly has his say.

Since reading this book, I find my own perusal of the funnies has taken on new dimensions. I am more aware of types, artistry, social implications. My enjoyment has deepened, my understanding broadened. I know more about the creators of the strips and what they are trying to do. And I know, also, that while contemporary newspaper cartoons can be traced back to around the turn of the century, in 3000 B. C. the Egyptians were amused by drawings of animals copied and circulated on limestone flakes and papyrus!

So if you are a comic strip reader—don't be ashamed to admit it. You will be cheered to learn that one survey found a majority percentage of readers at the college and graduate level!

"What can I do about this pain?"

By FRED KOPP, R. Ph.

Customers often ask questions like this. And every year we sell perhaps a ton of pain relievers. Relievers. That's the point. We can sell simple analgesics, but we can't prescribe drugs to eliminate the cause of pain. Diagnosing and prescribing are in your physician's province. We, as professional pharmacists, work with doctors, providing the drugs they order. So, if you have any kind of a persistent pain, see your physician. We shall be pleased to provide any medication which may be prescribed.

WOMEN'S PAGES

From Another Pointe of View

By Patricia Talbot

A double exchange of foreign students will make an exciting school year in the O. R. Wilcoxon home in Radnor circle.

Their daughter, Claire, spent the summer in Meeuwen, Holland, with the M. G. D. Brouwers and their daughter, Ria, through the auspices of the Youth for Understanding program.

Claire is a senior at GPHS and Ria, who has finished her high school education in Holland, will also be a senior. She arrived to live with the Wilcoxons through this exchange year last Monday.

During the summer Ria escorted Claire on a thorough tour of Holland, parts of Belgium, France and Germany. Now Claire will show Ria the Detroit points of interest. While Claire was in Holland she had a reunion with classmate Ann Noecker, an exchange student this past summer in Belgium.

The Wilcoxons' other daughters, Ann, at Pierce, and Mary Lee at the University of Michigan, will also welcome Ria and help her to adjust to her new home.

Malta for Your Vacation

Searching for an off the beaten vacation spot? The latest island to join the hunt for tourists is Malta, which will achieve her independence and assume a host of job problems this April.

Sunday evening Sir James and Lady Easton entertained at dinner for Malta's Prime Minister, Dr. George Borg Oliver. Dr. Oliver is in this country with his staff to arrange a loan from the World Bank and to seek help for his growing unemployment problem, which will become worse when the British Navy pulls out next spring.

Detroit, astoundingly, has the largest Maltese population in the United States, one of the reasons for Dr. Oliver's visit here over the week-end.

Tourist Round-Up

There is a final round-up of summer vacationers now that schools and colleges are re-opening and Labor Day has set the final seal on summer.

Symphony Groups Launch Ticket Sale

Most Ambitious Ticket Drive Now Underway; First Fall Meeting of Women's Association for Detroit Symphony this Thursday at GPYC

September 9 was the date the Women's Association for the Detroit Symphony kicked off Operation Box-Office, the most ambitious season ticket drive for its beloved Symphony the group has ever attempted.

Mrs. Richard W. Tucker, president, has appointed Mrs. Donald W. Walton general chairman of the all-out campaign which will lead to the sparkling opening of the Symphony season October 3-5 in Ford Auditorium.

Monday noon a spearhead Person-to-Person committee met for sandwiches and coffee in the Social Room of the Symphony home. They will comb the city during the month selling the excitement of the rich musical season ahead.

Meanwhile, telephones in the Symphony office will be staffed day and night by committee members captained by Mesdames Francis W. Smith, Kenneth W. Heck, Harold L. Walker, Walter R. Cavanaugh and Bogdan Baynert.

A break in the drive is scheduled September 12 when the association will stage its first fall meeting of the season at 11 a.m. in the Grosse Pointe Yacht Club. After lunch the group will get a preview

peek at fashions by Arnold Scaasi, the show presented by Himmelhoch Brothers.

The Junior Women's Association for the Symphony will be busy, too. Their members will be staffing season ticket booths in stores all over town under the direction of Mrs. Foley Katzenmeyer. The Junior's fall luncheon meeting is scheduled September 19 at the Detroit Golf Club and will include Don Thomas' Sporthaus fashions showing "Symphony on the Slopes."

To climax the drive more than 10,000 will be invited to meet members of the Detroit Symphony at a champagne open house the evening of September 20, staged by Robinson Furniture on Washington boulevard. Mrs. Milton W. Volken will be chairman of hostesses.

Dog World Fashions To Help Symphony

Pets to be Very Fancy at Event in Fries Auditorium on Thursday, September 26, to Benefit Pointe's Top Music Organization

Fittings—beauty salon appointments—rehearsals—such is a dog's life for the canine set of Grosse Pointe these days. It isn't often that there is an opportunity to model dog world fashions—hence the reason for all the preparation and fuss.

The other reason is that they will be modeling in the Canine Toggery Fashion Parade presented by the Grosse Pointe Symphony Society, to benefit the orchestra, on Thursday, September 26.

If it's participation in something different that you seek—the new, the unique, and the colorful right in your community, you will want to join the Grosse Pointe Symphony Society's fund raising fun event, says Symphony Society President Miss Camilla Ayers.

Staging the production around doggie tales and puppy settings will be the "This is That for Pets Shop, Lee Meyer, owner. And that's where the dog models will be groomed before curtain time—in the smart gold and white Beauty Salon for the girls with a pink bathtub and in the red and white Barber Shop for the boys.

The models will be fitted with apparel, many custom made, most suited to their personalities—these being the latest designs selected by Lee Meyer on her trip to New York. Details of the toggery Fashion Commentator to learn their roles and cues a dress rehearsal will be called, at 8:30 p.m. on Sept. 25.

When time, no doubt, there will be much artful chatter such as a "Wood, woof!" "How do you like my new hat, dear?" and "Great Dabes, Mrs. William."

your ears, my pet. There will be background music, most likely to the tune of "How much is that Doggie's Sweater in the Window?"

Parading before the footlights will be Sonja, a Samoyede, with her owner Mrs. Felix Resnick, wife of the conductor of the Grosse Pointe Symphony Orchestra.

Completing the list of dog models and their owners will be Mrs. Douglas Adair with Muffin, a Yorkshire terrier; Mrs. Chester S. Bacon with Nipper, a miniature Pinscher; Mrs. Leo Fitzpatrick, Jr. with Duffy, a Bedlington terrier; Mrs. Gordon Ford with Molecule, a toy poodle; Mrs. Horace Ford with Peeco, a miniature poodle; Mrs. John B. Ford III with Bo-Bo, a toy poodle; Mrs. Charles B. Gorey, Jr. with Kip, a miniature silver poodle; Mrs. Arthur Hanigan with Duke, a miniature silver poodle; Mrs. Henry B. Joy, Jr. with Daisy, her mother was a poodle; Mrs. John E. Maczewski with Ch. Paula's Pierre, a white toy poodle.

Others are Mrs. Emmett McNamara with Chipper, a blonde cocker spaniel; Mrs. Homer Pharis with Clebe, a miniature black poodle; Mrs. Al Sherman with Tina, a cafe au lait toy poodle; Mrs. Paul Short with Pharis, a basset hound; Mrs. Stephen Smith with Vino, a Crippled Children will meet on Friday with the board meeting at 11 o'clock and luncheon at 12:30 o'clock at Redford Inn, Grand River at Seven Mile.

niece Tina, miniature poodles; Mrs. Clarence J. Totte with Noodle, a dachshund; Mrs. Carl Weideman with Mr. Coco, a toy poodle; Mrs. John Wilk with Heidi, a miniature Schnauzer; and Mrs. Walter E. Willard with Jacques and son Gus, white standard poodles.

General chairman of the event will be Mrs. Mary Purcell who will be assisted by committee chairmen: Mrs. Walter J. Burczyk, Luncheon; with hostesses, Mrs. Benjamin Ambrosini, Mrs. J. Leslie Berry, Mrs. Thomas V. LoCicero, Mrs. Edward P. Frohlich, Mrs. George Zeitz, Mrs. Robert Crosson, Fashions; Mrs. Arnold W. Lungershausen, Tickets; Mrs. Alfred D. Moran, Publicity.

The ticket committee includes the following members: Mrs. Raymond B. Baer, Mrs. Rogdan Baynert, Mrs. Winfield S. Jewell, Jr., Mrs. Ralph J. Ladd, Mrs. James Mavrus, Mrs. George F. Mehlung, Mrs. Gilbert Meyer, Mrs. Thomas Nestler, Mrs. Don Negro, Mrs. Sam Olejniczak, Mrs. A. J. Richards, Mrs. Stanley L. Smith, Mrs. Flavio Vantelli and Mrs. Henry C. Weidler.

The benefit will be held at the Grosse Pointe War Memorial in the William H. Fries Auditorium, A 12:30 Luncheon precedes the show. Tickets in advance are available by calling VA 1-6283. (Seating capacity is limited.)

At a recent board meeting of the Society the question came up whether men were invited to the event. The interest shown indicated that the Masters as well as the Mistresses would enjoy the afternoon's entertainment. So, by all means, yes! After all—a dog is a man's best friend (or is it the other way around?)

Children's League

The Michigan League for Crippled Children will meet on Friday with the board meeting at 11 o'clock and luncheon at 12:30 o'clock at Redford Inn, Grand River at Seven Mile.

When the POINTE was growing up...

By Patricia Talbot

Editorial Note: There are several versions of the legend of the Loup Garou, indelibly impressed on the early French settlers of Grosse Pointe. The rock which is imbedded in the island opposite Tonnancour place has always been associated with this legend. Marie Watson Hamlin in "Legends of Le Detroit" published in 1883 has told one of the versions of this old story.

Many years before English residents of Detroit moved to the shores of Lake St. Clair there was a French trapper named Simonet who had settled near the present Moran road.

His young wife died young leaving him with a lovely young daughter, Archange, who grew up into a charming young woman, a skillful housewife and besieged with suitors.

At the corn huskings and dances on the green, Archange was the reigning belle. Pierre La Fontaine, a young farmer, wooed her and won her hand. He built a new cabin for her where the willows brushed the shore. One evening during their courtship, after the wedding date was fixed, Pierre paddled Archange to the shore in his canoe, and after bidding her goodnight disappeared down the lake.

Suddenly she gave a wild shriek and her father threw open the cabin door as she flung herself into his arms. A monster with a wolf's head and a long tail, walking erect as a man had crossed her path.

Again before her wedding day Archange saw the Loup Garou in the woods but when the wedding day dawned she had forgotten her fears.

After the ceremony conducted by the priest who had baptised the young couple, they set off for the festivities at Pierre's new cabin. There the merry-makers greeted the newlyweds and toasted their health.

In the midst of the festivities the Loup Garou appeared and suddenly seized Archange, making off with her into the forest. The frenzied Pierre and his friends followed but they did not find the monster and the bride. Finally all the settlers returned to their cabins except Pierre who was found laughing wildly and roaming in the forest, a piece of Archange's wedding dress clutched in his hands.

From that day on he would wander in the swamps, a victim of "la folie du bois." At the marriage of his sister, a year later Pierre seemed to rouse from his lethargy. At sunset he disappeared while the wedding guests were celebrating. Petrified, the guests saw him chasing the Loup Garou to the water's edge. The animal, unable to escape, stood on one of the boulders along the shore and stretched his arms out for help. A large catfish was seen to rise on the surface of the water and opening his mouth, swallowed the monster. The Loup Garou vanished and for many seasons no Frenchman would eat catfish.

The footprint of the wolf is still seen impressed on the rock opposite Tonnancour place.

who, where and whatnot

by wboozit

That rare occasion—a double birthday in the family—was celebrated last night as Dr. and Mrs. Clifford B. Loranger hosted a party at the Grosse Pointe Yacht Club honoring their son, Clifford B. Loranger, Jr., and his daughter Susan, both born September 11. Susan and her sister Karen share the age of five now, but Karen turns six September 23, and her grandfather and grandmother stretched a point to include her in the birthday honorees. Also present at the party was Mrs. Loranger, Jr., and son David, 2.

Mrs. Loranger, Sr. has started what well might become one of the Pointe's loveliest new "fads"—a musical garden. On a recent trip to the Far East, Mrs. L. purchased several temple bells. They now hang on an apple tree opposite the entrance to her Lakeshore road home, and the slightest breeze sets them tinkling and swaying while sunlight catches the glass "ribbons" from which they are suspended.

Sunday morning recreation seekers at the Grosse Pointe Farms pier thought they were seeing double. The Grosse Pointe Twins or Better Club was having a picnic and there were duets from 8 months to 19 years dashing about. This novel club was the idea of Mrs. Gari Kerston who is the mother of identical twin daughters, aged one year next month, Kimberly and Karen. Mrs. Kerston thought it would be fun to locate other twin mothers and ran a plea in the News last January. The "better" refers to triplets but so far the membership is limited to twins. Any triplet mothers please call Mrs. Kerston.

Senior citizens are indefatigable in adopting hobbies to brighten the twilight years. Mrs. Frank J. Marciniak, of East Williams court, has taken up painting for relaxation. One of her water colors will be displayed at the 11th Annual Senior Citizens Arts and Crafts Exhibit October 4-27 at the Detroit Historical Museum. Beginning with pictures which appeal to her grandchildren she has been at the easel now for over six years.

Richard sixth grader Gary Lehner was so impressed when he saw a teen aged neighbor, Bill Hope, wheeling about McMillan road on a unicycle he pleaded to ride it. This summer as a reward for good grades his father bought him the tricky cycle and he practiced riding it at Higgins Lake. Now he delights his peers by unicycling to school every day.

Milady's chapeaux have come in for some gentle spoofing by her husband through the years and the Boat Club has decided to capitalize on this traditional joshing. On October 16 Mrs. Charles Sweet has announced that there will be a "Mad Hat" bridge luncheon at the club and the zaniest millinery creations, designed by the guests, will be modeled with a prize for the "maddest".

PILFERINGS

Sir Winston Churchill, now 88, is rumored to turn off his hearing aid during House of Parliament speeches so he can doze or meditate. He had the aid on when two members were discussing him behind his back. "The old man seems to be getting a bit past it, these days," one said. Sir Winston turned, cast an icy eye on the talkers, and rumbled, "Yes, they say he's getting a bit hard of hearing."

Faced with entering the Grosse Pointe High School last Thursday a teen aged Pointe boy ran away from home. This is an old story to the Board of Education's team of visiting teachers. One of them will visit his parents, his teachers and the boy himself to assist the troubled scholar in making a good school adjustment.

Visiting teacher is really a misnomer for this quintet of child guidance experts. All five have a master's degree in social work. The dean of the group, Miss Carolyn Wheeler, who has been with the Grosse Pointe Schools 11 years, was in the hospital when school opened but will be back at her desk shortly.

Each of the visiting teachers carries a case load of from 50 to 75 cases a year. Each is responsible for one or two schools at the elementary level, junior high and the high school.

Although there is a more general acceptance of the visiting teacher's role today than 30 years ago when the program was initiated here there is still some resistance.

Recognize Troubled Child
Mrs. Matheus explains "educators recognize that many children though physically healthy and intellectually competent, are unable to learn or to make appropriate progress because of difficulties and frustrations they experience in their feelings about themselves and in their relationships with children and with adults."

These children display different symptoms: running away, fighting, cheating, stealing, excessive absences, shyness, tardiness, temper tantrums, unwillingness to play games, straining to over-achieve, etc.

In order for the visiting teacher to help an elementary school child, the parents' consent and cooperation must be sought first. At the high school level, Mr. Kratkiewicz reports, the troubled teenager often seeks help on his own.

Job Temperament
All five teachers share certain characteristics which are temperamentally necessary for their jobs. They enjoy helping people, are mature, well adjusted and optimistic and most important of all are not interested in im-

ence and surrendering some security.

Conflict With Parents
Often this anxiety is expressed with an "I don't care" attitude. Mr. Holmberg also explains that teen agers are apt to start using drinking, smoking, the use of the family car as a ammunition against their parents.

But there are no pat problems with troubled youngsters, Mr. Kratkiewicz assures us. Each case is an individual one. There may be general waves of unhappiness expressed by drinking, cheating or school drop-outs but no general solution is possible. School drop-outs are a problem of increasing concern, even to the Grosse Pointe School System, which has far too many.

Our system has had the counsel of visiting teachers since the thirties but the state has demanded this service for public school children since 1944. The state pays half to three quarters of the salaries of these highly qualified people, the school system the remainder. All five belong to the Academy of Certified Social Workers. With their heavy case load they still find time to instruct graduate students in this area working for their degrees.

Pointe parents are fortunate to have the talents and experience of these dedicated professional child guidance teachers available when they need help for their children. The child is the first concern of the visiting teacher who explains that a "favorable adjustment is evidenced by a child who is able to love his parents, his brothers and sisters, be loved by them, who is able to get satisfaction from his school work and from his play, and who can be sufficiently aggressive to defend himself, his family, and his friends appropriately."

The only way to outshine your neighbor is to build a good reputation and keep it polished.

GPUS Alumni To Hold Dance

The Grosse Pointe University School Alumni Association is having its Third Annual Science Fund Dinner Dance on Saturday, September 14 at the Grosse Pointe Club.

This year the co-chairmen of the dinner dance are Mrs. James D. Standish III and Mrs. William D. Dahling who are members of the Alumni Board of Governors of the school.

The dinner is to be followed by dancing to the music of Al Navarro while cocktail parties beforehand are being planned by Mr. and Mrs. William Y. Gard, Mr. and Mrs. Charles Y. Hicks, and Mr. and Mrs. Leet E. Denton.

All reservations for the dinner dance are being accepted by Mrs. Richard K. Amerson who urges all "alums" in the area to call her for any last minute reservations.

Mrs. Swanson to Fete Woods Garden Club

The Grosse Pointe Woods Garden Club will meet in Mrs. Arthur Swanson's home in Norwood drive on Tuesday, September 17, at noon. Mrs. Swanson will be assisted by Mrs. Waid McKnight and Mrs. Sheldon Bingham.

Marie Bird's Beauty By Line

Passing Thoughts...

After viewing the crowning of our lovely new Miss America on TV... and the commercials of a line of "do-it-yourself" beauty products. Are women gullible enough to believe that the model's smooth, smart hairdos were whipped up in the kitchen or bath room of the girl next door? Common sense would tell you that the answer is an emphatic "no!"

They hire professional hair stylists to present their wares... and how foolish it would be to do otherwise... just as it is equally unwise for you to place your crowning glory in the hands of someone that lacks the experience, judgement and integrity that enables one to know... if a permanent should be given... and when... the type and size curl that is right for your hair... a strong firm curl to control fine problem hair... a Jumbo-Curl-Perm for smart young Moderns... or our new "Bend-a-Wave"... our custom version of the un-curl perm.

Call TUxedo 1-6833 or drop in at 117 Kercheval and let us prescribe the care that is best for your hair.

Take The High Road... to campus fashion with clan plaids, coordinated by Florence Walsh. Wear plaid knickers and a sweater with matching plaid wool binding. At Walton-Pierce there are several tartans from which to choose and the outfit is priced to fit a college girl's budget.

Set Aside... October 1st for the fashion luncheon at Fries Auditorium. It benefits the Children's Leukemia Foundation of Michigan and the Child Research Center. You are sure to enjoy the great new fashions AND the delightful hair styles... many enhanced by wig and wigs from Leon's, 17888 Mack Avenue.

In Fashion... and in again at The Top Drawer, 17007 Kercheval... the Village... two styles of lornettes. They come with their own case and are just the thing for reading programs, menus or the telephone directory.

Gallery Gazing... we came, we saw and we liked the new show at Les Galleries de Renee, 14944 East Jefferson. We also enjoyed watching Renee deciding on a ma' and frame for an art student, who had brought in her own delightful water color. She can count on Renee to show her work to best advantage.

Cinderella... could have felt like a princess long before the ball if she had a beautiful work-easing Mutschler Kitchen with all those time saving appliances, engineered to be within her reach. We bet she has one in her dream castle now!

Gourmets Go... to the Village Wine Shop. They also rely on the excellent delivery service... when they are pressed for time. The reason they like to drop by, though, is because there are always new taste treats along with the complete line of wines, liquors, brandies, imported and domestic beer, cocktail tid-bits, sauces, desserts, bar accessories and glassware at 15228 East Jefferson.

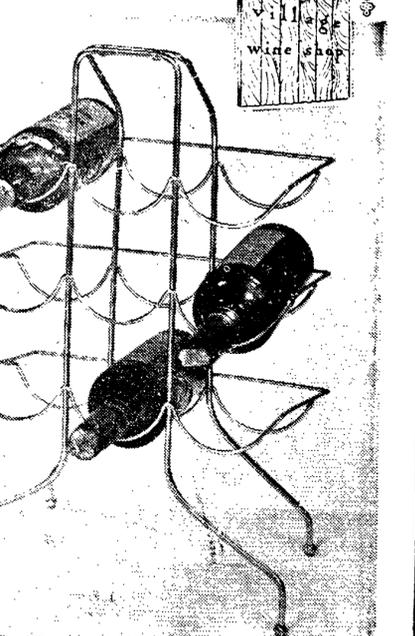

Know Your ABCs... (vitamins, that is) and what they will do for you. Stop by the Notre Dame Pharmacy to ask about Notre-Vite, a balanced formula that is compounded especially for them. You and your family take one a day. Each contain a complete range of vitamins and minerals.

"Beauty Is... as beauty does." You'll find beauties doing things such as booking bi-weekly appointments at D-J Beauty Salon, 405 Fisher Road. They open by request at seven thirty in the morning, serve you coffee and get you on your way early. TLxedo 2-6300.

Name Dropping... we just couldn't resist mentioning that "Heidi," "Pipot," "Molecule," "Kip," "Bo Bo" and "Muffin" will be among the twenty-three pets that will model in the Fashion Show, September, Twenty Sixth at The Grosse Pointe War Memorial. You can get your tickets at this 'N' That for Pets, 19587 Mack Avenue.

A New Find... in beauty salons... D's Coiffeurs, 18318 Mack Avenue, corner of McKinley. They have constructive ideas and imagination... outstanding consideration and cooperation. Their stylists create for the individual... rather than following a trend. The result is lovelier hair with easier care. For your next appointment if you're looking for a new salon call 884-3630.
