HEADLINES of the WEEK As Compiled by the Grosse Pointe News

THE HOUSE OF REPRESENTATIVES passed President Kennedy's \$11 billion tax cut bill yesterday. The vote was 271 to 155 in favor of the measure, largest tax savings bill in United States history. President Kennedy and Secretary of the Treasury Douglas Dillon both hailed the action, Dillon terming it "a major step toward freeing our economy from the heavy drag of high wartime tax rates" and encouraging the growth of our free enterprise system. The bill now goes before the Senate, and Kennedy has asked his Senate leaders to push for enactment before Christmas.

HENRY CABOT LODGE, United States Ambassador to Viet Nam, calls Madame Ngo Dinh Nhu's description of U. S. junior officers in Saigon—"little soldiers of fortune"—cruel and insulting. In the first public political statement he has directed against the family of President Diem since arriving in Saigon August 22, Lodge said: "It is incomprehensible to me how anyone can speak so cruelly. It is a shocking statement. These junior officers are risking their lives every day. Some of them have been killed side by side with their Vietnamese comrades. These men should be thanked and not insulted."

Saturday, September 28

JOSEPH VALACHI, "Cosa Nostra" defector, described Friday how he was given the "kiss of death," marking him for syndicate assassination. Valachi told Senator John McClellan's investigating subcommittee that the Mafia-like underworld organization had brought him "nothing but misery" during the 30 years he served it. "I hope you destroy the bosses," Valachi told McClellan. "I hope you destroy the whole thing. That would make me a happy man." As Valachi gave his testimony, police, U.S. marshals and FBI agents guarded the Senate hearing room to protect McClellan's star witness, first "Cosa Nostra" insider to voluntarily break the underworld's code of silence.

PRESIDENT KENNEDY predicts the 40-hour work week will be reduced as a result of automation. Speaking at the dedication of the Whiskeytown (Calif.) dam and reservoir Saturday, Kennedy noted the country is changing. "As machines take more and more jobs from men" the President said, "we are going to see the work week reduced." Whiskeytown was the last stop on the President's 10,000-mile conservation tour, and Mr. Kennedy remarked on the complexity of problems facing leaders in the conservation field today, as compared to the simpler tasks of 50 years ago.

Monday, September 30

POPE PAUL VI would like to see all Christian faiths unified in a "single universal church." Reopening the Ecumenical Council Sunday, Paul's plea for unity surpassed even the approaches of his predecessor, John XXIII. Paul told the Council its job is to build "a bridge toward the contemporary world," with the long-range aim of ultimate complete and universal union of all Christendom in one faith. The Pontiff admitted patience is necessary if this "perfect reconciliation" is to be accomplished, and told the Council it must work to "renew the Church, to purge it of all stains and to tap the fresh spring water of the grace of Christ and let it flow over the earth."

Tuesday, October 1

PRESIDENT KENNEDY considers his \$11 billion tax cut program the "most important action that Congress can take" to solve the U.S. balance of payments problem. Addressing the annual meeting of the International Monetary Fund, Kennedy said the tax cut "should help attract capital investment, improve our ability to sell goods and services in world markets, and stimulate the growth of our economy and employment of our people."

Police Chiefs Support Businessmen in UF Drive

All Grosse Pointe police chiefs are cooperating with the Community Business Committee of the 1963 United Foundation Torch Drive which begins to solicit pledges October 3. From left to right CHIEF ARTHUR LOUWERS, Park; CHIEF ANDREW TEE-TAURT, City; CHIEF JAMES FURTON, Farms; CHIEF FRED E. DUEMLING, Shores; and DIRECTOR OF PUBLIC SAFETY VERN BAILEY, Woods, meet in front of the High School to discuss plans for the solicitation. Young college and high school volunteers Nancy Schueler (MSU), Tom Berschback (U. of D.), Greg Bielawski (Wayne State) and Wayne and Dick Sims (GPHS) addressed and mailed letters to all community businesses, asking their support in the 1963 campaign. Pledges will be deposited at the local police stations to be picked up by the United Foundation at the end of the three-day drive, October 5.

Chairman of the nurse group is Mrs. G. M. Worbois, and Mrs. Charles C. Mulliken will be in charge of dinner for the people working in the Blood Bank.

This Bloodmobile visit is a cooperative effort, involving all members of the Grosse Pointe Area Blood Council. Any adult between 18 and 59 years of age and physically capable of meeting the standards set by the Red Cross, may donate blood.

Donors may not be pregnant, have had jaundice or hepatitis, or been in direct contact with such a case during the past six months. They must weigh more than 110 pounds.

Baby sitting service will be furnished at the church. Transportation is available by calling TU 1-2000.

Five Exchange Students Attending GPHS Classes

Students from Japan, the Netherlands, Iran, Thailand and Brazil are attending classes at Grosse Pointe High School. Sitting beside Pointers, running to and from the annex to the main building, are five young foreign exchange students, tasting firsthand for the first time the flavor of American high school life.

All five are impressed by the "bigness" of Grosse Pointe High. Youth for Understanding exchangeite Rita Brouwers last year was a member of a 32-student senior class in her native Meeuwen, the Netherlands. All told, in Rita's combined junior-senior high school, there were only 325 students.

Break Ground For New Maire School Addition; To Be Finished in 1964

Plans Include Two Classrooms, Stairway to Replace Fire Escape and Expansion of Present School Facilities

With the groundbreaking last Thursday morning, the Grosse Pointe Board of Education began the construction of an addition to the Lewis E. Maire Elementary School.

J. Harold Husband, Assistant Superintendent-Administrative Services, states that the proposed structure will consist of two classrooms and a stairway to the third floor to replace the present fire escape, as well as a number of changes within the present building. One of the new classrooms will house vocal and instrumental music.

Principal John Hammel, in discussing plans for the remodeling of the top floor, said that the playroom will be converted to an instructional materials center. He explained that this new concept is currently being used to improve classroom teaching in the better school systems throughout the country. The resources of the existing library will be expanded to include a collection of phonograph records, tape recordings, film strips, carrels for individual study, listening and viewing.

The present library, in a regular classroom, provides for the housing of 3,000 books, an inadequate number for a school the size of Maire with the kind of educational program it offers. Under the new arrangement, the collection will be doubled to approximately 6,000 volumes. Other plans under consideration for the third floor are a demonstration area and space for instruction in library study skills.

It is hoped that the increase in physical facilities will eliminate the use of the small end-of-hall rooms as regular classrooms. In the future these will provide added space for the specialists who service the building on a part-time basis in speech correction, remedial reading, and other fields.

Another project in the total program is the remodeling of present cramped office facilities originally designed for the clinic. The original building did not include office space. A limited kitchen is planned adjacent to the gymnasium which is used for many public functions.

The project is slated for completion during the current school year.

Rotarians Hear W. W. Anderson

Wendell W. Anderson, Jr., addressed the members of Grosse Pointe Rotary Monday in the Fries Auditorium. His talk, "United Foundation Today" described the origins of the United Foundation, the importance of its success and the uniqueness of its operation.

Unlike prior fund raising efforts, 95 per cent of all monies donated to the United Foundation actually are delivered to the agencies for whom the UF is responsible.

Mr. Anderson's talk keyed the UF solicitation in the Grosse Pointe business community which will commence Thursday, October 3. Seventy local citizens have completed their volunteer training and will call on all the Pointe businessmen this week.

Mr. Anderson's talk keyed the importance of the Fair Share plan developed by UF pointing out that one of every three families in our community will rely on one of the Torch Drive agencies for service during the next year.

Club Opens Schedule At Brownell

Sponsors Welcome Night This Saturday to Introduce Season's Activities

Neighborhood Club is inviting the entire community to drop in at Brownell Jr. High School, 260 Chalfonte, on Saturday, October 5, to inspect the beautiful facilities which it will use during 1963 and 1964 season.

Staff will be on hand to describe the many new classes and activities offered for all age groups. If you have not signed up for any of the activities, the open house will be a good time to do so and to get reacquainted with the Neighborhood Club Staff and program in its new location.

Most of the classes will start on October 5 and guests will have an opportunity to see the classes in action. There will be judo classes, ballet, tumbling, gym, fencing, playgroups, baton twirling.

Friday night is Neighborhood Club sports night for 9th through 12th graders to be held at Brownell Jr. High, from 7:30 to 10 p.m. Sports nights proved to be a popular event last year for the teen members.

As usual, there will be lots of time for shooting baskets, co-ed volleyball, games, ping-pong, and dancing to records. Members are encouraged to invite their friends to join in the fun. Non-members may pay a 50c guest fee which will be applied toward their Club membership.

College students, John Bruce and Dick Lappin, along with Miss Masak, will be on hand to greet teen members and their friends at Brownell.

For information on this and other Neighborhood Club activities for teens, call TU 5-4600 or stop in at the Club's office located at 710 Notre Dame, open Monday through Friday 9 a.m. to 5 p.m.

St. Clare Building Classroom-Gym Addition to School

New Structure, to Cost More Than \$500,000, Will House Many Facilities; Scheduled To Be Finished September 1964

Construction of a two-story school building addition, to cost more than \$500,000, is underway at St. Clare of Montefalco School, 16231 Charlevoix.

Contractors started digging and pouring footings for the new edifice, within a few days after the groundbreaking ceremonies which took place on Tuesday, September 10, according to the Very Rev. Philip L. Colgan, O.S.A., pastor.

The new building with its eight classrooms and full-sized gymnasium, is expected to be completed by the opening of the fall school term in September 1964, the pastor said. Besides the classrooms and gymnasium, the building will contain a library, an infirmary, and an office. There will also be a large basement with lockers, showers, rest room facilities, two meeting rooms and a kitchen.

Before steps could be taken to begin construction, the Roman Catholic Archdiocese of Detroit petitioned the Park Council last March 25, to vacate Audubon road between Mack and Charlevoix avenues.

Representing the Archdiocese and St. Clare of Montefalco Church at the time were the Rev. Father Edward J. Sweeney, O.S.A., assistant pastor, and Fred Potvin of 1012 Bedford, an attorney and a member of the parish.

The street vacation was agreed because it became necessary to expand classroom facilities due to overcrowded conditions, and the extra ground was needed. The school has 24 classrooms.

Originally, the church purchased the Verbrugge Hardware Store in Mack avenue, between Audubon and Three Mile drive, and petitioned the council for the vacation of a little used alley behind the store. The petition was granted in May 1962.

At the time the pastor had intended only to build a school gym, but after the store was demolished, it was found that the gym building would take away a good section of the church parking lot.

Needed Classrooms Then it was discovered that the church desperately needed new classrooms for its parochial children.

St. Clare School, an elementary grade school, during the 1962-63 year, enrolled 1,184 pupils, placing between 50 and 52 students in each classroom, which Father Sweeney said made conditions too crowded. The crowded condition is becoming more and more serious each year, the priest told the Park Council at the March meeting.

His prediction was supported by a report received from Sister Assumpta, O.P. school principal.

1,208 Students She disclosed that 1,208 pupils are enrolled in St. Clare School for the 1963-64 year. (Continued on Page 3)

Pointe Teachers Author Successful Publications

A recent informal survey of the professional staff of the Grosse Pointe Public School System has revealed that a number of the teachers and administrators employed locally have some claim to authorship.

For in addition to working on the production of course outlines and study guides, the somewhat incomplete return of questionnaires reveals that many of Grosse Pointe educators have had their writings published in a variety of journals and by representative publishing houses across the country.

Probably the most prolific writer on the staff is Dr. Charles H. Wilson, Superintendent. In addition to his popular book, "A Teacher is a Person, he has penned countless articles. His latest efforts are due to appear shortly. He has written "Local Pressures in Education" for the National Education Association Journal and for The National Elementary Principal, "The Evaluative Instrument."

Possibly a close second in the field of educational authorship is Dr. Marshall C. Jameson, principal of Monteith Elementary School. His most recently published book, How to Help Your Child Succeed in Elementary School, appeared in 1962. He reports that he has another in manuscript which he hopes to see in print before long.

At the high school, Dr. Helen Cloyd of the business education department, was a member of the Committee on Public School Accounting which in the spring produced the booklet, "Public School Costs." In addition (Continued on Page 3)

At their fifteenth annual meeting Monday night, September 30, members of the Grosse Pointe War Memorial Association elected to three year terms on the board of directors William M. Adams, Mrs. William H. Fries, Mrs. Harley G. Higbie, George N. Monro, III, and Mark C. Stevens.

Following the general meeting the board in private session elected the following new officers for 1963-64: president, Gerald C. Schroeder; first vice-president, Theodore H. Mecke, Jr.; second vice-president, George C. Cossaboom; secretary, Mrs. James A. Lafer; assistant secretary, William M. Adams; treasurer, Mark C. Stevens; assistant treasurer, George N. Monro.

This was the first annual meeting to be held in Fries Auditorium. Prior to the meeting, past and present board members, committee workers, group heads and other interested association members were feted at a banquet in the Crystal Ballroom and entertained by members of the Grosse Pointe Community Theatre presenting selections from "Kiss Me Kate" and "Guys and Dolls" under the direction of Mrs. Roger Sheppard.

Retiring President Thomas L. Munson conducted the meeting which began with grace given by the Rev. Erville Maynard, rector of Christ Church. Following a reading of the minutes by Mrs. James Lafer, Gerald Schroeder reviewed the financial picture of the Center which showed a position of solvency in spite of transfer of funds from general operations to fully complete seawall protection and landscaping around Fries Auditorium.

Alger Sheldon reviewed the Center's investments which presented a continuing conservative sound return. He also underlined the extensive work done this past summer to the Center's buildings including stucco repair, complete painting of both old and new edifices and a great deal of interior renovation.

Mr. Munson in his Presidential Report emphasized the Center's contributions to the Community particularly commending the program committee under the chairmanship of Mrs. Frank Wylie for their (Continued on Page 3)

Burglar Robs Farms Home; Gets \$525

Thief Ransacks Residence; Breakin Discovered by Family Gardner

Farms police are still without clues in the burglary of the home of the T. H. Hinchmans, 91 Stephens road, which occurred on Thursday, September 19. The family was out of town at the time of the break-in.

On Tuesday, September 24, the Hinchmans took inventory and discovered that the thief, or thieves, had taken Mr. Hinchman's Longine yellow gold watch, with his initials on the back, valued at \$150; and his wife's three-quarter length brown squirrel cape, valued at \$350.

Also taken was a plastic calendar piggy bank containing approximately \$25 in change, police were told.

Gardener Discovers Theft

The burglary was discovered by Lee Feck of 4832 Lodwick Detroit, the gardener, when he arrived earlier in the day to check the property.

He found the upstairs rear door open, and a metal chair at the southwest corner of the terrace at the rear of the house. The chair was used by the thief to stand on and pull himself up to the eavestrough and onto the roof.

The burglar forced the rear upstairs screen door and used a sharp instrument to break the door glass near the latch.

Det. Sgts. George Van Tiem and Jack Paisley said that the robber ransacked all the bedrooms and a bedroom clothes closet, looking for loot.

For only \$2.50 per month, any Grosse Pointe family or piece of business can enjoy an interesting new original painting. There are a wide variety of subjects, sizes, colors and techniques available.

tion to this, Dr. Cloyd has had an article accepted by Business Education Forum entitled "Here's How to Get More Intellectual Output in General Business."
Mr. and Mrs. B. Val Parzych, of the same department, co-authored "We Taught Team Teaching in Summer School," which appeared in Business Education World this past June. Edward McKinney, mathematics teacher, states that he has co-authored a book which he hopes to see in print this fall. Computer Oriented Mathematics is slated for publication by the National Council of Teachers of Mathematics. Dean Balciarak, instructor in driver training, wrote "60 Class Hours for Driver Education" for Safety Education, a magazine. Robert Welch of the English department edited a unit in a ninth grade English literature text published by Houghton Mifflin Company.

Four teachers at Poupard Elementary School have written to their credit in which they attempted to share their classroom experiences with others. Virginia Johnston, first grade teacher, wrote an article which appeared in The Instructor, called "The Feltboard and Reading Readiness." Another first grade teacher, Mrs. Caryl Kerber, penned a poem for the same publication.
Mrs. Agnes Weitzel, second grade teacher, authored an article on reading which appeared recently in the journal of the Michigan Reading Association, as well as a Junior Red Cross play which was published by the Detroit Junior Red Cross Chapter for use in schools. Mary Lu Eyster, currently assigned to a fourth grade class, contributed "Understanding Children through Creative Writing" to Elementary English.

with many more on the waiting list. At present, Sister Assumpta said, approximately 56 pupils are crowded into each of the 24 classrooms. The new classrooms will alleviate the situation, she added.
Last May 14, more than 550 persons filled the Pierce Junior High School Auditorium, for a public hearing, and a majority favored the closing of the 1400 block of Audubon. The city council sat as a Board of Appeals.
On May 27, the council approved the closing of the street, and rezoned the block from residential so that a permit could be obtained to build the additional school facilities.
St. Clare Parish is bounded by Lake St. Clair, Waverly (in Detroit), Balfour and Cadieux. Closing of Audubon did not set a precedent. Defer Elementary School and Pierce Junior High School were built over a public right-of-way, as was a private school that is located in the Park.

PEA Resumes Training Course

With the beginning of school, Parent Education Associates resumes its program concerning child growth and development, home and family living and similar topics.
The program is conducted under the direction of Miss Esther Middlewood, Chief of the Education Section of the Dept. of Mental Health for the State of Michigan.
Many undoubtedly know her from her previous appearances at various local Church and P.T.A. groups.
There are three active Parent Education Associates groups in the Grosse Pointe-Harper Woods area.
Their first regular meeting of this year will be this Thursday. The Alumni and third year groups meet at St. Michael's Episcopal Church. The second year group will meet once a month at the Grosse Pointe Methodist Church.
The planning, programming, and recruitment of new members as well as presentation of programs for P.T.A.'s, church or nursery school groups is handled by a Parent Education Associates Council consisting of Community chairman Mrs. T. B. Stedman, alumni Mrs. Wallace Clayton, third year Mrs.

as parent education discussion leaders in their own neighborhood, church or school group.
Persons taking this course are not being trained as authorities on child rearing, but rather as persons who will help people to discuss and exchange ideas.

Bid Parcels Parents to Class

On Friday evening, October 4, at 7:30, Parcels Junior High School will be opening its classroom doors to give the parents of Parcels students special short courses of study in all phases of the junior high school curriculum.

Each parent has been sent a copy of his child's regular Friday class schedule. The evening's P.T.A. program is arranged so parents can follow in sequence a typical day of a junior high school program.

During each class period, lasting fifteen minutes, teachers will explain the scope of the course, methods of instruction, and basic materials used.

Teachers may explain their grading methods, ask parents to try a typical day's lesson, or show the type of test used to measure progress. During study or service periods parents will have an opportunity to enjoy a cup of coffee, or take time to visit such special facilities as the library, clinic, and counseling offices.

Throughout the building there will be displays arranged in the showcases to acquaint

parents with many of the special student activities available at Parcels. Ninth grade students will be on duty to serve as monitors, helping parents to find their way to various classrooms.

After the two hour "sample school day" is completed, all parents and teachers will gather in the gymnasium for a social hour and refreshments.

In charge of hospitality arrangements is the Mother Vice President of the Parcels P.T.A., Mrs. Owen Murray. The ninth grade room parents, under the chairmanship of Mr. and Mrs. Gunter Kemp and Mr. and Mrs. William Landless, will serve as hosts and hostesses in the girls gymnasium.

Trombly P-TA Meets Monday

The opening meeting of the Trombly P-TA is set for 8 p.m. on Monday, October 7, in the school auditorium. President George Coury extends a warm welcome to new parents in the Trombly School Community and invites all parents both mother and father to attend this opening meeting.

A "Getting Acquainted Open House" features this year's opener as announced by Program Chairman, Thomas Coulter. The meeting opens in the auditorium with introductions of association officers and the school staff. Guest speaker is Russell H. Peebles, Trustee, Grosse Pointe Board of Education, who will discuss the issues in the forthcoming millage referendum.

In order to give parents and teachers a good opportunity to get acquainted with each other and the nature of the school program, an extended classroom visitation will follow the auditorium meeting. Room parents and teachers will welcome parents in the various rooms. Here parents will have a good occasion to see the work of the children and to learn more about their child's learning program.

Mrs. Alexander Black and Mrs. John Purcell, Social Chairmen, together with Mrs. Louis Bruno, Mrs. C. Jay Deeds, and Mrs. Frank Calcestra are planning social hour activities and refreshments.

Introducing Pointe's New Teachers

Five additions to the professional staff at Poupard Elementary School are shown here during an orientation session with their administrators. The teachers are examining some of the instructional materials they will be using through the year. New to the staff are (left to right)

MICHAEL JOHNSTON, grade 5; MRS. BETTY MAYNARD, kindergarten; IRVING PARSCH, grade 6; MRS. MARJORIE ANGYAL, grade 5; MRS. ROSELMA FIGAS, grade 2; SCOTT FLEMING, assistant principal; and (seated) JACK McMAHON, principal.

Brownell Plans Parents Lunch

October, the month of brilliant foliage and football excitement, is also traditionally the month for Brownell Junior High School's annual parent luncheons.

Next week, October 7 through 11, the mothers (and fathers too, if they are available) of seventh graders and all students new to Brownell will be welcomed by principal Charles Saltzer for luncheon, a survey of the building, and an informal question and answer session.

He will be assisted by Virginia Hoelze, Dean of Girls, and Owen Middleton, Dean of Boys. Home room teachers and counselors will also be introduced.

The schedule calls for parents to meet at noon in C-3, where small groups will be formed for a walking tour to see the noon activities, lunch room, and various classrooms and facilities. Following this, parents will go through the cafeteria line, where they will be offered the same lunch the students had that day.

After luncheon, the Group will meet in B-3, where parents may raise any questions they may have regarding school policies, curriculum, activities, dress, etc., closing at approximately 2:30.

Invitations have been sent to parents on the basis of two home rooms per day, but if an assigned date is not convenient, mothers (and fathers) should feel free to attend on another day that week, by notifying the school office.

Glancy Attends Cancer Conclave

Alfred R. Glancy, Jr., 735 Lakeshore Drive, and Dr. Michael Brennan, 1176 Grayton road, left Sunday for Dayton, Ohio, to attend a three-day Conference of the United Cancer Council.

Mr. Glancy, President of the UCC, also is Chairman of the Board of Trustees of the Michigan Cancer Foundation. The UCC is composed of cancer control agencies throughout the United States which, like the Michigan Cancer Foundation, lost their charters as members of the American Cancer Society over a dispute over fund-raising methods. All members of the UCC are financially supported through federated fund-raising.

Dr. Brennan was a speaker at the UCC Conference as was Dr. Isidore Selzer, Medical Director of the Michigan Cancer Registry, and Dr. Oscar D. Stryker, Macomb County Health Commissioner and President of the Michigan Cancer Foundation.

The physicians were accompanied on the Dayton trip by E. W. Tuescher, Executive Vice-President of MCF who also was elected Executive Secretary of UCC.

Informally organized for the past four years for mutual assistance in production of materials and the carrying out of cancer control programs in local areas, the member agencies of UCC met in Indianapolis last February to adopt a charter and bylaws and become an incorporated national organization.

Library Begins Film Showings

Again this year the Grosse Pointe Public Library has scheduled two separate film programs to be shown free of charge at the Central Library.

The Family Film Nights will be held on the first Friday of each month October through April at 7:30 p.m. This approximately one-hour series is planned as entertainment for the entire family. Adults, and children accompanied by adults are cordially invited.

The first program, scheduled for October 4, 7:30 p.m., will feature THE RED BALLOON, LITTLE BLUE AND LITTLE YELLOW, IN THE PARK, and THE TOWN MUSICIANS.

The first showing in the FRIENDS FILM FORUM series, co-sponsored by the Grosse Pointe Public Library and the Friends of the Grosse Pointe Public Library, for adults will be October 18, at 9:15 in the Main Reading Room of the Central Library.

Shown will be LEONARDO DA VINCI — a film of his paintings, studies in anatomy, mathematics, architecture, and experiments in flight made by the great Renaissance artist and scientist.

Also to be shown October 18, FROM RENOIR TO PICASSO, is one of the most notable films on art, featuring a study and comparison of Renoir, Seurat, and Picasso.

This film provides a stimulating introduction to the entire subject of modern art.

Future FRIENDS FILM FORUMS will be held on the third Friday in November, January, February, March and April, with programs to be announced each month. The public is invited.

Hospitality Center Sets Date for Art Exhibit

Beginning October 1 and continuing to November 1 the Lakeside Pallette Club will display several paintings at Hospitality Center, 16906 Kercheval avenue.

Exhibition chairman for the club is Mrs. Robert Johnstone of Fisher road. She has been in charge of having the paintings juried by the club. The final selection includes the works of sixteen artists from Grosse Pointe and St. Clair Shores.

There are a variety of still lifes, landscapes and portraits in diverse media. Those interested in purchasing any of the works may contact the individual artists.

All who wish to see the paintings are invited to the Hospitality Center before noon Monday and all day Saturday.

15th Year

—Photo by Brensbey
The fifteenth anniversary of the pastorate of the REV. CHARLES W. SANDROCK at St. Paul Evangelical Lutheran Church, Grosse Pointe Farms, was celebrated last Sunday, September 29, at a Congregational Dinner in the Parish Educational Building. This event coincided with the observance of the 92nd Anniversary of the Congregation and the second year of the dedication of the Parish building.

Arthur Brooks Offers Course

After a two year absence on national tour, the Department of Community Services, Grosse Pointe Public School System, is happy to announce the return of one of its members to the adult teaching staff.

Arthur Brooks, who was a member of the staff for a five year period, will again return to teach a course in Speech Techniques to begin Tuesday, October 8th from 7:30 to 9:30 p.m.

Mr. Brooks has amassed a myriad of experience in the field of public speaking and creative selling attitudes; he has conducted training classes for industry — from management stores in Houston, Cleveland, Pittsburgh and Baltimore.

He lectured for seven years for John Robert Powers and directed the first Dale Carnegie class in Grosse Pointe. He has also been a participant (actor) in training films for the past 15 years. More recently, he has been a TV spokesman for Standard Federal Savings of Detroit, and a lecturer for the Mott Foundation in Flint, Michigan.

"Speech Techniques" is designed to make speech "painless" and to eliminate the butterflies experienced by most people when circumstances require appearing before groups—large or small. His course is designed for the salesman, the club woman, the civic minded, the business or professional man (or woman) — or the housewife, who wishes to improve her savoir faire and gain self-confidence in plain, every day living. Mr. Brooks generates enthusiasm and instills self-confidence in his students and, regardless of their position, makes them feel ten feet tall.

Enrollment in this class is limited, and persons wishing to register are advised to call the Department of Community Services, TU 5-3808 or TU 5-0271 as soon as possible to assure their place in class.

HURT AT PLAY

Michael Hale, 16, of 1081 Maryland, injured his right leg while playing football on the grounds of Brownell Junior High School on Monday, September 23. He was conveyed to Bon Secours Hospital by Farms firemen for treatment and released.

To Light Alger Pool at Center

The famous "Music Man," Meredith Willson, and his "Missus," Rini, are coming to Grosse Pointe this Monday evening, October 7, to entertain in the Grosse Pointe War Memorial's Fries Auditorium.

This gala performance will be at 8:30 and the few remaining tickets may be purchased at the Center's office, 32 Lake Shore, TUXedo 1-7511 over the weekend.

This is the initial feature of the Association's "Lighter Side of Life Series." The number of sponsors of this brand new series of entertainment has grown by leaps and bounds.

Prior to the performance, all sponsors will gather in the terrace lounge of the Grosse Pointe Yacht Club for cocktails instead of the Little Club as previously announced.

Following the performance, these same sponsors will enjoy a buffet in the crystal ballroom of Fries Auditorium with Mr. and Mrs. Willson as the honored guests.

To make this a perfect evening, the beautiful new Alger fountain and pool given in memory of Mrs. Russell Alger by her children, will be illuminated for the first time. It will be an impressive sight forming as it does the focal point in the formal garden which is the approach to Fries Auditorium.

Judo Classes Now Enrolling

Due to an increased interest in Judo the Neighborhood Club is now accepting registrations for a second Judo class for children of elementary school age.

Under the direction of Frank Aul, holder of the coveted "Black Belt", the classes will be held on Saturday afternoons at Brownell Jr. High beginning October 5. Children must be at least seven years of age to register.

A class for teens will also get under way on Saturday, October 5th with openings still available. For information call Neighborhood Club at TU 5-4600 Monday through Friday 9:00 a.m. to 5:00 p.m. or stop in at 710 Notre Dame.

Vandals Visit Dry Cleaners

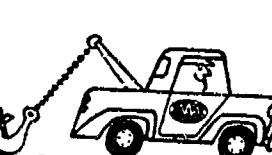

James Argy, proprietor of a cleaning establishment at 17652 Mack, reported vandalism at his store on Tuesday, September 24. Argy told City Patrolman Thomas McLaughlin, Jr., that his front glass window, 70 by 90 inches, had been broken since the previous Saturday night. The damage may have been done by a large size steel nut, found on the sidewalk Monday morning. A second nut, similar to the first, was found on the street in front of the building Tuesday morning. The incident is under investigation.

Church Library Contest Ends

Children of the St. James Lutheran Sunday School spent a busy summer competing in a reading contest, which was conducted by the Dorcas Group of the Ladies' Guild. The Dorcas Group is a group of young mothers with Mrs. Wilbur Busse as chairman.

Over a period of two years they have built up the church library with much unselfish effort. Careful evaluation of the book before purchasing, attractive blond shelving and book displays have sparked the reading habits of children and adults.

The summer contest, "Walking in the Footsteps of Jesus," was symbolized by a giant map of the Holy Land. Eighteen cities, where events in the life of Jesus took place, marked the progress made by the youthful readers.

Children who completed the required 18 books were: Carol Couser 31, Mariana Von Gruenigen 30, Barbara Busse 28, Susan Kamischke 24, Ricky Busse 22, Kim Menagh 21, John Schmitt 19, Katherine Quale 19 and Elaine Fletcher 18. The contest was under the direction of Mrs. William Kurth, Jr.

Convent Wins

The Academy of the Sacred Heart defeated Liggett School in field hockey last Friday. Score for both varsity and junior varsity was 3-0. Sacred Heart hopes to equal its field hockey performance of last year, when the team was undefeated during the entire season.

GOLF CLUBS STOLEN

Dr. E. W. Oberski of 444 Chalfonte, complained to Farms police on Thursday, September 24, that an unknown person entered his garage and stole a set of golf clubs and a golf bag valued at a total of \$150. The items were last seen on July 22, he said.

Improvement Courses Begin

Three courses are featured in the category of Self-Improvement classes offered by Adult Education, Department of Community Services of the Grosse Pointe Public School System.

"Books America is Reading" is designed to give intensive reviews of the current books most read and talked about; each class is devoted to a review of a current best seller, followed by a discussion period in which every member of the class is invited to participate. Robert M. Orr, Director of Public Libraries of Grosse Pointe, will conduct the series of reviews, which includes four novels, a report on Latin America, and the last book of a trilogy on the Ford dynasty, which should be of special interest to Detroiters. This eight week course will meet at 8:00 p.m., starting Wednesday, October 2 in the meeting room of the Central Library.

"Reading Improvement," conducted under the auspices of the Bureau of Psychological Services of the University of Michigan, is also an eight week course beginning Wednesday, October 16. The course is designed to improve the learning capacity of the individual through comprehension; it will deal with scanning, vocabulary improvement and reading for meaning. Printed and visual aids will be used throughout the course. This course is geared to students interested in better academic standing, adults wishing more enjoyable leisure reading time, and business and professional people who desire increased comprehensive reading abilities.

"Style and Poise," the third class featured in this group, is again being taught by Miss Rosemary Taylor. Miss Taylor is a past Director of John Robert Powers School in Detroit and has been a director, promoter and fashion co-ordinator of various fashion and hair shows in Michigan. She was appointed technical advisor of Miss Michigan Universe in June, 1960, and of Michigan's Junior Miss. Style and Poise will be offered Monday, October 7 from 7:30 to 9:30 and Thursday, October 10th (1:00-2:30 p.m.) for a period of ten weeks. Miss Taylor will give individual help to her students in wardrobe, hair styling, makeup, manners, social graces, "dress etiquette, job success and communication with the public.

For further information on any of the above classes, call the Department of Community Services, TU 5-3808 or TU 5-0271. Early registration is advised, as all classes are limited in enrollment.

Kerby P.T.A. President, Ervin A. Steiner, Jr., will be in charge of the business meeting to be held in the gymnasium. He will introduce the Kerby P.T.A. executive board which includes Howard Face, vice-president; Mrs. Owen F. Everybody out of the rut ... the '64 Buicks are here!

New Wildcat: Wildest, sportiest yet. Three hefty engine choices (up to 360 hp). Hot new Formula V wheels (optional at extra cost).

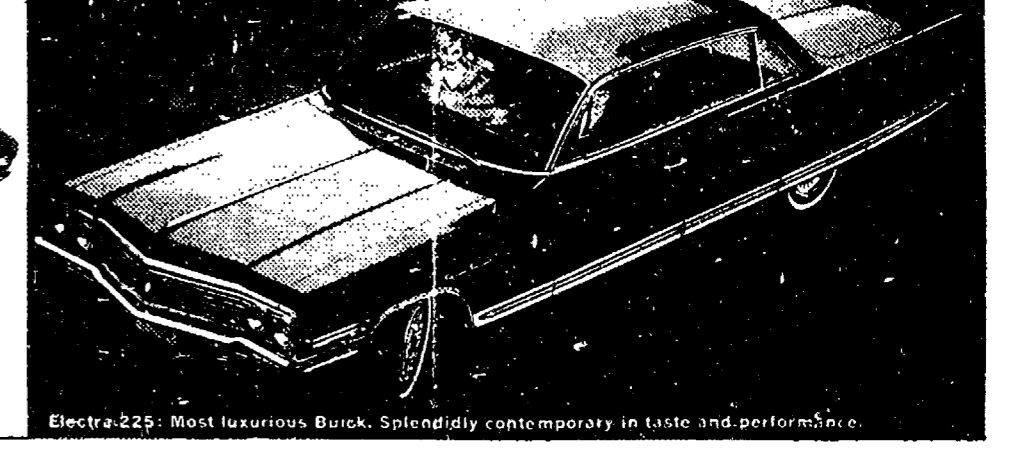

Buick Special: New longer wheelbase, safety box frame, roomier body. Still low priced.

Buick Skylark: A very personal car with a flair for action. Now in 3 models.

Buick LeSabre: Stunning new looks, new gas-saving engine. Probably 1964's best full-size value.

Electra 225: Most luxurious Buick. Splendidly contemporary in taste and performance.

Our happiest problem for '64 was: how to beat a winner? According to thousands of owners, the 1963 models just about had it made in all departments. But—when your name is Buick—you just don't rest on your laurels. You keep pushing to make a great car greater.

So ... the '64 Buicks are new—but new. New engines, V-6 or V-8 (you'll like their new gas economy), new, smoother, extra-cost option, Super Turbine Transmissions (and who, but Buick, would build in an altitude compensator?). Youngest looking Fisher Bodies in town! Visit a showroom, sit in any one of the new Buicks, and practice this short easy line: "My Buick." Sounds good, doesn't it?

Now Comet offers 3 series...

the top-of-the-line Caliente, and the economical 202 and 404 series. Ten models... all bold and racy. A wide transmission choice, too, including a smooth, silent, new Multi-Drive Merc-O-Matic—unmatched at the price.

Elegance at a compact price

Prime example of Comet's new elegance is the Caliente, with the warm look of walnut on the interior trim... plus lavish biscuit-pattern upholstery.

Their headquarters was the Ortonville State Recreation Area, their purpose to collect specimens of plants, animals, and rocks for the science room. In spite of the academic nature of the trip boys and teachers reported that they had much fun and enjoyed themselves completely. There were five groups of boys assigned to the following kinds of specimen-hunting: animals in the pond, plants in the pond, animals in the forest, plants in the forest, and rocks and minerals. Runs Into Car Path; Boy Hurt

Four-year-old Christopher Simon, son of Mr. and Mrs. George Simon of 274 Lothrop road, suffered minor injuries when hit by a car in front of his home on Friday, September 27.

Witnesses, including the boy's sister, and Farms police, exonerated the driver, Raymond J. Snay, Jr., of 373 Belanger. They said young Christopher ran into the side of the car from the curb.

According to Marianne Simon, and Jean Doods of 171 Lothrop, Snay was driving south on Lothrop, and the boy was waiting at the curb for another car to pass. When the vehicle went by, the boy ran out into the street and into the path of Snay's automobile. William S. Barie of 275 Lothrop, said that he shouted to the youngster to wait until the cars passed, and the boy waited for the one car, and then apparently ran into the second

one, driven by Snay. Barie said he did not actually see the accident and did not know who was at fault.

However, statements from the two girls, and police investigation at the scene, revealed that Snay was not to blame, and he was released after making a statement.

Young Christopher was conveyed to Bon Secours Hospital by firemen, where he was treated for abrasions on the right side of the head and face and minor body bruises and slight concussion. He was held in the hospital overnight for observation and released the next day.

BE A REBEL TONIGHT;
JOIN THE WHISKEY REBELLION
Every day of the year, a few men—a handful of rebels—stop buying their whiskey by habit.
They join the ranks of the discriminating people who buy by choice.
Bellows Partners Choice. Why?
They hear from someone (maybe their bartender) that Partners Choice is gentle on the tongue. And it is.
There's a good reason. It's made with more gentle premium whiskeys in the blend.
They hear, too, that it's gentle on the pocket (only \$4.36 a fifth).
In fact, Partners Choice is the gentle taste in whiskey. Don't wait till someone tells you...be a rebel yourself.
Instead of habit...make it "Choice," the gentle whiskey from Bellows.

Spartans Top East Detroit
The Grosse Pointe Woods-Harper Woods Spartans played their fourth game of the season with the East Detroit Middlets. Spartans' Junior Varsity defeated 12 to 6—a defeat that would have been more one-sided had it not been for a touchdown by Danny Clem and some fine plays by Rick O'Connell, Anthony Viviano, David Bertrand, Charles McNair, Mike O'Neill and John Allen.
The Varsity team was a little more fortunate, defeating East Detroit 6 to 0. Chris Malafouri scored the touchdown; supporting plays were made by David Wilton, Chris Warren, Tim Hosea, Danny Heger, Ken Zavala and Pat Martough.

GPUS Routs St. Fredericks
By NELS OLSON
Last Saturday Grosse Pointe University School defeated St. Fredericks of Pontiac, 53-6.
George Perrin passed 27 yards to Kerry Pike for a touchdown a minute after the opening kickoff. Early in the second quarter Perrin connected with Charlie McFeely and Kerry Pike again for 37 and 28-yard touchdowns to turn a possibly close game into a rout.
Later in the same quarter GPUS' fullback, Dick Green, carried three yards for another touchdown. At the half time Grosse Pointe held the edge, 27-0.
The last half of the game was anti-climax as St. Fredericks could not score. Kerry Pike caught a six-yard pass from Chuck Wright for his third touchdown of the day.
Charlie McFeely ran in two more touchdowns; 22 yards and 13 yards. Roy Pingel, a promising sophomore for Grosse Pointe, tallied on a 28-yard touchdown run. St. Fredericks finally scored on a 55-yard touchdown pass late in the fourth quarter.
Obviously it was GPUS' day. Grosse Pointe recovered two fumbles early in the game which led to scores; three in the entire game, and one interception.
Perrin passed very effectively, completing 7 out of 8 passes for 122 yards and three touchdowns in the first half. Grosse Pointe University School hopes to have as good a day next week against their arch rivals, Maumee of Ohio.

Devils Defeated By Royal Oak
By Jim Blackburn
The first league game of the season was a total failure Saturday afternoon as Royal Oak Dondero defeated the Grosse Pointe Blue Devils 13 to 0 for their third straight victory and the second defeat in three games for the Devils.
The Acorns scored once in each half, first on a 19-yard pass from Bruce Kezlarian to Bob Sharp, and in the fourth quarter on a 4-yard plunge by fullback Randy Miles.
In their second league contest the Devils will visit a Fordson team definitely not the power it once was. The game will be played at 3:30 Friday afternoon. Fordson was also upset in their first league encounter 19 to 7 by Wyandotte.
With two games played in the league Wyandotte and Royal Oak, the also-rans for many years, are leading the league. However, Monroe, last year's champs, has yet to meet any league opponent.
The game with Royal Oak was much like the game with Ann Arbor. The Acorns, however, failed to capitalize on several chances. Three times in the first half they had the ball, or had it given to them, inside the 10-yard line and failed to score. The same was not nearly as close as the score indicates.

The "action" is provided by the type of V-8 engines that have made Mercury the new performance champion of the medium-price field—demonstrated in open competition including the most recent Pikes Peak Climb.
A 390 cu. in. V-8 is standard, a 427 V-8 optional. And only Mercury offers you two entirely different styling choices in one great car.
Mercury delivers more than the usual in all these ways: more performance, with the most responsive engines in its field. More leg room, head room, and entry room. More trunk space—31 suitcases big (17.1 cu. ft.). And a far greater styling choice: racy Marauder styling (above) or unique Breezeway Design (right), with the only rear window that opens for ventilation, stays clearer in rain or snow. Letters to the Editor

To the Editor:

The Rev. James D. Nixon has very clearly stated the moral grounds for not joining in the initiative petition relative to Civil Rights provisions of our new State Constitution.

It is unmistakable that we face a period of change in our community, a period that requires us to sense old fears and concerns. The great need for unity in this age calls on us to accommodate and accept new situations; it also asks that we find the means whereby we ourselves may become accommodated and acceptable in new situations.

I am grateful to the ministers for their good counsel and hope that all who share this feeling are letting these men know of their support.

Sincerely, Lawrence B. Lewis

Dear Sir,

As a graduate of Grosse Pointe High School, class of 1962, I would like to comment on the article which appeared in your paper in support of the millage referendum set by the Board of Education.

The educational facilities of the Grosse Pointe School System are unsurpassed in quality, and to jeopardize these opportunities would be unfortunate indeed.

Most of my classmates at Annapolis have had previous college-level work in colleges and universities throughout the country. By virtue of the fact that I was able to successfully compete with them, by means of the education I received at the high school, is, in itself, a positive testimonial to the Pointe School System.

Typical of many high school students, I suppose, the fine education I received came relatively unappreciated. However, being in a better position to see the facilities in a more appreciated frame, I am extremely grateful to my former teachers and the school system as a whole, as are the other graduates. The education that Pointe students are receiving is ample justification of the financial burden that it naturally requires.

To support the referendum would be to preserve the fine quality and high standards of the Grosse Pointe School System.

Sincerely, J. W. Stephenson, Jr. U.S. Naval Academy Annapolis, Md.

To the Editor:

I hope these days my letter will be welcome. I am writing to ask if the Grosse Pointe News will kindly remind its readers that October 23rd is United States Day.

This day is being observed

Always the Heart of Our Business

By Fred Kopp, Ph.

Why do most drugstores sell everything from breakfast to dance wax...? The answer is simple. It is a matter of economic necessity. Americans, thank goodness, are generally healthy and there are not enough prescriptions to keep all drugstores going.

This is the 1022nd of a series of Editorial advertisements appearing in this paper each week.

in all parts of the United States. The purpose of United States Day is to call to the attention of all people in our country the importance of maintaining our national sovereignty and independence — which is the best way to assure continuance of the material prosperity made possible by three centuries of sacrifice and endeavor on the part of our forefathers.

And, especially, to remind ourselves of the great wealth of spiritual strength secured to us by the unique form of government embodied in the Constitution of the United States.

United States Day is not limited in scope to any particular event as is the 4th of July or Memorial Day. It is meant to embrace and encourage all that is good about our country and what it has stood for through the years.

It is a reminder to the people of the United States of the heritage which they are in danger of losing — and to call attention to the serious condition that today threatens our country. Please, everyone let Old Glory wave from every home in Grosse Pointe on Wednesday, October 23, 1963.

Thank you, Barbara L. Erklitz 16460 East Jefferson avenue

To the Editor:

At the next meeting of the Grosse Pointe Woods Council, Monday night, October 7, there will be a discussion and vote on Off-street Parking and the establishment of an off-street parking district. This is the culmination of our efforts of the last ten years to get some relief from the difficult situation which has resulted, in the most part, from the rapid growth of the city.

Every city in the land is faced with the same problem. Some have had the advantage of progressive civic leaders who have attacked the situation realistically; some others have procrastinated and now are faced with the deterioration of property values, which is the natural consequence of their unwillingness to act. Ten years is a long time. Your paper has chronicled the successful efforts of the other Pointes to solve their parking problems. I hope it is not too much to expect that this zoning change in the Woods will be approved and that we can go ahead with our long delayed plans.

This newly planned parking district is the direct result of an intensive survey last winter by a group of experts hired by the City to study the whole parking needs north of Vernier Road on Mack Avenue. Grosse Pointe Clinic hired a consultant and two real estate experts for the same study two years ago. Both gave the Council substantially the same information. The City Planning Commission on three separate occasions during the last several years have unanimously recommended that property owned by the Clinic be used for off-street parking.

A petition is gathering dust in the city files; it was signed by two hundred and fifty Woods residents using this area asking that it be designated for off-street parking. I hope a goodly number of citizens will attend the meeting at the Village Hall next Monday night and will urgently demand that the council act favorably.

What Goes On at Your Library

By Virginia Leonard

Fall is here. Summer activities have been shelved for the nonce; already they seem quite far away. Leaves are tumbling; mornings are cool and crisp; children are back in school—thoughts turn to fall activities of all kinds.

The Grosse Pointe Public Library, too, is buzzing with plans for its autumn season. If you are a film enthusiast, you will certainly want to know that the new 1963-64 catalog of 16 mm. films and four-track tape recordings will be ready for distribution in October. This will list the 70 films at the Central Library, and give information about the 15 extra films which will be available from other sources.

Our Director, Mr. Robert M. Orr, will again be offering Books America Is Reading—And Why. This course, under the auspices of the Department of Community Services of the Grosse Pointe Public School System, is designed for the busy person who cannot keep up with today's best sellers. Each of the eight classes is devoted to an intensive review of a best seller, followed by a discussion period.

The other new staff member is also a Children's Librarian—Mrs. Marilyn McBeth, replacing Mrs. Mary Gaboda, whom you will find tending to children's reading needs at the Park Branch. Mrs. McBeth holds two degrees from the University of Michigan, and has worked in the public libraries of Cleveland and Detroit.

When Mrs. Anne McDonald became Mrs. Frank until this summer, the Director of our Public Libraries, Mr. Robert M. Orr, lost a secretary. Her position is now being ably filled by Mrs. Ellen Hebb, former Head of Circulation at the Park Branch.

We wish all these good people well in their new positions. It is sad to lose tried and true staff members, but it is also fun and stimulating to acquire new ones. We feel, with all of our many and varied activities, that we are off to a good start for the coming year.

WOMEN'S PAGES

From Another Pointe of View

By Patricia Talbot

The visit of the French destroyer "Guepratte" which docked at the Civic Center Pier downtown last weekend and remained until Wednesday was the inspiration for a round of parties to show the French sailors and officers Detroit at its best.

M. and Mme. Alain Chaillous, the French consul and his wife, gave a reception last Friday evening for the officers of the "Guepratte" and the officers and their captain, Commander Alain Guibert, entertained at luncheon on Saturday. On Tuesday there was a reception aboard the destroyer.

Sunday afternoon M. F. Gowthorpe invited all the young officers from the French destroyer to his Lewiston road home to see the premier of a special film in his private screening room.

After the movie Janet Easton, daughter of the British Consul General, entertained the officers at supper in her Lakeland avenue home.

Sir James and Lady Easton are having a busy week. They are welcoming Mr. and Mrs. Frank Woodhead, of Yarm-on-Tees, North Yorkshire. The Woodheads are here for ten days, headquarters at the Whittier.

Lady Easton is giving a luncheon this Thursday for Mrs. Woodhead and the David Vigers, of Moross road, the Patrick Craigs, of Balfour road, and the J. J. Stuarts, of Birmingham will all entertain in honor of the visitors.

Arriving next Monday from Washington to stay with the Eastons will be the British commercial minister, Malcolm Gale.

You Can Go Home Again

Flying in from London last week-end was former Pointer, Mrs. Terry Digby-Seymour, who spent several days with her former Liggett classmate, Mrs. George Detwiler, of Kenwood court, while Mr. Digby-Seymour was on a business trip to St. Paul, Minn.

Members of the Friends of the Grosse Pointe Library remember Mrs. Digby-Seymour's last visit here when she spoke about her novels, which she writes under her maiden name, Rosalie Packard. She is now in the midst of her third, her two previous books achieving success on both sides of the Atlantic.

Before returning to London the novelist and her barrister husband flew to Naples, Fla., to visit her mother, Mrs. Edward Cope Smith, and Mr. Smith.

Interior Design Tour

Ibex members will visit the new synagogue, Shaarey Zedek, on Northwestern Highway, Friday, October 11. The tour was arranged by Mrs. Harry R. Esling and the interior designer of the synagogue, Robert Siegel, will be on hand to conduct the members through the building.

Luncheon will be served at a colonial tea room in Franklin and the final stop in the day long outing will be the Bloomfield Art Association for a brief glimpse of the current show, "Art and Interiors."

The Ibex members will be traveling by chartered bus and will gather at 9:30 o'clock at the Vendome road home of Mrs. Stephen Bradley.

DAC to Toast Fall Season with Show

Operatic Tenor and Dance Team to Star in Floor Show Opening This Friday; Over 100 Newcomer Members and Wives Feied at Party

Even as Detroit Athletic Club's delightful cocktail party honoring its new members lingers in their thoughts, the DAC is readying for a seven-night festivity for the entire membership.

The multi-evening affair is to be the club's first dinner-dance-floor show of the 1963-1964 season, and it is to open this Friday, October 4, and continue through October 12, excluding Sunday and Monday, October 6 and 7.

Headline entertainer will be operatic tenor Enzo Stuarti, a singer widely known in the top night clubs of Europe and the United States. Added attraction is the vibrant young dance duo, Heller and Helene.

Among those with table reservations for the opener are the Walter Schweikarts, the George Frischkorns, the Sumner J. Gurneys, the Jay Hamens, the I. J. Pattons, the Bruce Kirks, Judge and Mrs. Carl Weideman, and the Frederick A. Kaisers. Mr. Kaiser is chairman of the DAC entertainment committee.

Some 100 newcomer members and their wives and directors and their wives attended the DAC's welcoming cocktail party last Friday, September 27. The fete took place at 4 o'clock with the Pontchartrain and Georgian Rooms as the scene of the reception party. Tours of the clubhouse were made to familiarize the newcomers with facilities and activities.

DAC President Norman J. Fredericks and Mrs. Fredericks headed the receiving line of club directors and their wives, among whom were the Arnold

D. Freydis and the John S. Pingels of Grosse Pointe. Arrangements of flowers decked the hors d'oeuvres table.

Following, a special dinner was served for those who wished to stay on for dining and dancing to Seymour Hoffman's orchestra.

HAIR-HORMONE
Preparation containing Amino Acids from England

CAPREX is the result of modern research into the protein, chemical and other biochemical aspects of hair growth. It was designed specifically to supplement the hair's supply of amino acids which make up the protein content of the hair. The formula containing hormones and 18 amino-acids can penetrate the scalp, reach the hair roots and build itself into the hair structure. CAPREX helps condition and protect healthy hair and scalp, checks dryness and in clinical tested cases improved or cleared in 62% of the cases dandruff and itching scalp. Women users also have found CAPREX good for hair that needs help because of excessive use of bleaches, permanent waves, teasing and tight rolling. CAPREX has kept English hair beautiful and scalp healthy for years.

CAPREX is the discovery of F. V. Wells, one of the founders of the British Society of Cosmetic Chemists. CAPREX was familiar to American travelers in England but until now was unobtainable here.

Special note on thinning hair: If male pattern baldness (due to hereditary factors) is the cause of hair loss, CAPREX can't help; no formula can prevent loss of hair due to genetic influence. But why lose hair because of neglect or improper care? What CAPREX can and does do is supplement the hair's protein supply and works with Nature to help assure the ideal environment for the growing hair.

Offer Gourmet Cooking Classes

You needn't go to Lindy's in New York. Bookbinders in Philadelphia or the Pump Room in Chicago for a meal of gourmet proportions, par excellence. With the guidance of one of the many cooking classes offered through the Department of Community Services, Grosse Pointe Public School System, your own kitchen can be the origin of gastronomic artistry.

Classes in French Cooking, Gourmet Cooking, Cooking for Two, Party Cookery and Food Decoration have been announced by the Department of Community Services and will be starting soon. One of these classes should fill the bill and quench the thirst of any male or female, whether your taste favors pate de foie gras, or you are the conventional "hamburger" type.

FRENCH COOKING will be offered on the Beginning level and once again the instructor will be Chef George Marchand.

Mr. Marchand is currently instructing Chef at Chadsey School, where he trains apprentice chefs for hotel work. He has also been Sous Chef at the Detroit Athletic Club. This will be a ten week course, beginning October 8 at 7 p.m. Each class will be three hours long.

GOURMET COOKING will also be a ten week course, beginning October 9th. The instructor, Mrs. Patricia Schneider, will instruct her students in the preparation of many unusual dishes originating in such far-flung places as the Orient, Italy, India and Germany, as well as American dishes, and canapes and hors d'oeuvres.

COOKING FOR TWO is especially designed to help the bride or new homemaker become familiar with preparation of basic foods, as well as to assist the more experienced homemaker whose meal planning must be scaled down to the needs of a smaller family. Mrs. Ruth Engle, who received her M.S. from the University of Wisconsin in Home Economics and Foods and Nutrition, will instruct this eight week course, beginning Thursday, October 3.

PARTY COOKERY AND PLANNING is a six week course covering short cuts for simple and successful preparation of menus and foods for entertaining; party menus, table settings and "quickie" foods will be covered by the instructor, Mrs. Julie Greene. Mrs. Greene has been associated with the Detroit Edison Company as a Home Service Advisor. The class will begin October 17.

FOOD DECORATION, an eight week course, is scheduled to begin October 7th, and will be taught by Mrs. Geraldine Coleman. Mrs. Coleman is a graduate of the Snyder School of Cake Decorating, and has conducted classes in adult work for many years. This course will cover the techniques of decorating canapes, sandwiches and many foods for such special occasions as cocktail parties, birthday celebrations and showers.

Further information regarding the various cooking classes may be obtained by calling the Department of Community Services, TU 5-3808 or TU 5-0271. Reservations which are limited by class, may be made at Community Services.

Planned Parenthood Has 8 New Shops for Mart

Planned Parenthood members from the Grosse Pointe area are exercising their writing arms in preparation for their annual two day stint of addressing and personalizing the colorful brochures proclaiming their fifth Christmas Mart.

The stuffing party will be held this year in the basement at Mrs. Arnan Simone's home in Stephens road Oct. 8 and Oct. 10 when 5,000 brochures will be prepared for the malls.

The Mart will be held this year October 29, October 30 and October 31 at Veterans Building in the Downtown Civic Center. Mrs. Nelson Holland, Mart chairman for the third year, announced at a progress meeting at the home of Mrs. John B. Ford, Jr., that eight new shops will be bringing their glamorous wares to the Mart this year in addition to 13 old favorites.

Among the new shops are: Barn at Ben Robyn, a shop found by Mrs. Joseph L. Hudson, Jr., on East 62nd street in New York, although the shop's headquarters are on the island of Jamaica. The shop specializes in handmade home accessories, many of them made by wood carvers under the supervision of expert English craftsmen.

Other new shops include: Belgia Shoes, hand sewn by the famous DeBuschere of Bruges; Don Marshall, of New York, specializing in coiffure hats and little furs; Kenneth Wick, of Cleveland, bringing all kinds of distinctive home decorative pieces; Moss Linens, New York, with their famous Bellini of Florence collection; Shehadi's Children's Clothes, of Palm Beach; Thompson Forbes, Newport, R.I., men's wear.

Another shop showing for the first time will be The Pear Tree, of Bryn Mawr, Pa. Mrs. William C. Tost happened on this store when hunting for one which handled Bar Harbor jewelry with semi-precious stones. It is one of the Pear Tree's specialties.

Back again this year will be the Adirondack Store, Betsie Corners Country Store, Camelier and Buckley of Washington; Carroll Reed Ski Shops, North Conway, New Hampshire; Dorcas Hardin, Washington; Lester Begs of New York; Maramor Candies and Candies of Columbus, O.; Pat Baldwin with her famous decorated cashmere sweaters; Rappaports toys, Maxaltov with his famous needlepoint, Mrs. Frederick Ford's Santa Claus Shop and Soupon, of New York.

This year the League is sponsoring its own antique booth with Mrs. John B. Warren scouring the countryside for porcelains, brasses and small furniture to stock it.

The Mart will open with a preview dinner October 29 with the shops open from 3 until 9 p.m. Mrs. Joseph L. Hudson, Jr., is making arrangements for the dinner as well as the

luncheons to be held on October 30 and October 31.

Mrs. James MacPherson and Mrs. H. L. Howard are contacting League volunteers to model during the luncheon hours each day and Mrs. Arthur B. Hudson has the task of lining up from 200 to 250 more League volunteers to staff the various booths.

Money made from the project goes to help support the 15 clinics which Planned Parenthood operates in the Wayne-Oakland area since the League receives no money from the United Foundation. In the first eight months of this year the clinics assisted nearly 9,000 women.

'38 Class Reunion

The class of 1938 of St. Catherine's High School will hold their 25th anniversary reunion Saturday evening, Oct. 5, at Msgr. Vismara Knights of Columbus Hall, 20789 Harper, Harper Woods.

Mrs. Betty (Prinzel) Whalen, at Tuxedo 1-8117, is helping to locate the now scattered members of '38.

First showings: the 1964 Lincoln Continental. Discover the greater spaciousness behind its classic profile.

When you inspect the new Continental you will discover why more than half the people who buy in our price range choose the Continental.

Notice the greater passenger room.

1. Timeless styling is a prime reason the Continental retains so high a value.
2. The Continental is available in just two models: the sedan and the convertible. There are no lower priced models, because there is no compromise of its standards to offer lesser versions.
3. Both the sedan and the convertible have four doors opening at the center for the easiest entrance. Continental offers the only American four-door convertible.
4. The unusual rigidity of integral construction contributes to its unequalled ride.
5. Within, virtually every luxury is included as standard equipment.
6. The Continental also includes full power auxiliaries as standard equipment.
7. The Continental is built at Wixom, Michigan, in a special plant which sets the world's highest standards of precision automotive engineering.
8. No other car is so thoroughly tested. Every Continental must pass 189 road performance tests in addition to thousands of examinations and inspections during manufacture.
9. The Continental is uniquely free from maintenance. It is constructed to last.

Come in, and inspect the new Continental yourself. Its profile is only three inches longer than in 1961-2-3. Yet you will find a roomier rear compartment, with four inches more leg room and 2.5 inches more knee room than in 1963. This makes for twice the knee room of the 1961 and 1962 Continental. And the luggage compartment is 15% larger, for a total increase of 33% over 1961-2.

But with all this added space, the Continental retains all the qualities that set it apart from every other automobile:

13—REAL ESTATE FOR SALE

WE ARE SYMPATHETIC with you if you've been looking for a four bedroom home in a good location, which not only has two full baths up but also has a first floor den, eating space in the kitchen or a breakfast area. We know what your problems have been if you need all this house but must stay under thirty-five thousand. We in the business rarely find houses in this category. But we have one while it lasts.

A CONTEMPORARY showplace in Deeplands, ultra, with the most modern in house gadgetry. All three bedrooms have their own baths. First level bedroom, and den leads to a secluded patio. Must be viewed inside to be full appreciated.

SEEING IS BELIEVING! And all you have to do is step inside this home on Fairford road, and you'll see how delightful ranch home living can be. Revel in the spaciousness of large proportioned dining, living and family rooms. Two full baths, completely modern kitchen, and full basement... even an attached garage with room for two cars and all the kids' stuff.

MAY WE BE a bit presumptuous in asking if you like to revel in the luxury of large rooms which have been masterfully decorated; to lounge in your large bedroom or its sitting alcove? Do you insist on the privacy of a screened terrace and the intimacy of a warmly paneled library? Must you have quarters for stay-in-help or just the rooms which you know are there for visiting family and brood? If you can project yourself into this picture, then let us start the ball rolling by showing you this offering today and now listed at \$59,000.

HEAD AND SHOULDERS above the rest of the market in this neighborhood, yet priced below the competition. The answer is that the owner really wants to sell this one. If you have been looking for a three-bedroom colonial with a first floor lav, and want a separate dining room, and large covered porch, want a fenced yard with two-car garage, must have a play room for the kids, but must stay under \$25,000, then we strongly suggest you give this one a look-see.

WE POINT with pride at an excellent example of the pride of the Pointe, and we refer to one of its many magnificent homes on a street leading down to the lake. This newer Cape Cod, almost every feature wanted by today's discriminating buyer. Boats bedrooms and baths; probably enough for every member of the family to have his own; modern kitchen, fireplaces in living and dining room, terrace, and attached garage.

LIKE THE LOOK of a white colonial nestled under large, spreading trees? Like the convenience of two second floor baths? Like the accessibility of schools, the pier park, and not too far from the bus? Like you should see this one if you are considering spending in the middle thirties for your next home.

City of Grosse Pointe WAYNE COUNTY, MICHIGAN NOTICE OF REGISTRATION for the CITY GENERAL ELECTION to be held on TUESDAY, NOVEMBER 5, 1963

City of Grosse Pointe PUBLIC NOTICE NOMINATING PETITIONS City of Grosse Pointe, official notice referring to the City Election, Tuesday, November 5, 1963.

Feature Page

By Patricia Talbot

In delving into records, old deeds, stories and memories of old Grosse Pointe many isolated entries which stand alone are intriguing.

In the Wayne County Historical Society publication edited in 1890 there are several references to the Chauvin family, who still have members living here.

Charles Chauvin built on the land where the Detroit Waterworks Park stands today as early as 1764. This was all part of Grosse Pointe township, which was included in Hamtramck until 1848.

Mr. Chauvin then bought the claim of a Thomas Stewart and a Jean Sinaire on the Grand Marais west of Connors Creek in 1769. He moved into the log cabin these two had built. In 1796 his son, Jean Chauvin, sold the land to William Park and George Meldrum, who in their turn sold it to William Macomb that same year. Mr. Macomb died in April of that year and the house stood vacant for some time until Peter Van Avery bought it in 1816 and enlarged the house, which was still standing in 1875 and supposed to be the oldest home in Michigan.

In this same publication is a reference to the adopted son of Commodore Alexander Grant which may explain why there is no Pointe street named for this first prominent citizen.

About young Grant who inherited from his redoubtable father: "He made himself somewhat unpopular with his workpeople and neighbors by his arrogant and arbitrary manner, so much so that he was compelled to leave, as the community made it unpleasant for him, and he sold his property to the Morans."

Kenneth L. Moore, who wrote a short history of Grosse Pointe in 1938 comments that as early as 1758 the land now occupied by the Little Club was owned by Nicholas Patenaud.

He also mentions that by 1796 "The following families, still well known in Grosse Pointe, were already in possession of farms: Poupard, Campau, Socia, Rivard, Ellair, Vernier, Renaud, Allard, Kerby."

Fintan L. Henk in his short history of Grosse Pointe records that in "1796 the great grandfather of Rufus Kerby bought 120 acres of land from one, Donaldson, paying him 120 pounds. He also paid 50 pounds for a Negro named Pompey, who was one of a number of slaves owned in the township in those times."

Mr. Henk's history is sealed in a copper box and dated November 18, 1931, presumably buried in the cornerstone of the Park Municipal building.

who, where and whatnot

by whoozit

Those early morning paper routes may develop character and add to the bank account but 5 a.m. comes much too early for some young men. Maureen Lounsbury, eighth grader at Pierce, agreed to help her brother with his route, for a price. Every morning he can't make the effort Maureen trundles the papers around. Dawn readers may be a bit surprised by this young lady when she delivers the paper. She is apt to dash out of the house with her head bristling with rollers, looking very much like a porcupine to early risers. But the papers arrive and Maureen is a vision of loveliness for her 9 o'clock class at school.

It is almost impossible to buy a recording of "Hootenanny with the Highlanders" at any local record shop. Among the soloists on the L.P. is Mayo Muir, of Simsbury, Conn. The recording star is better known to Pointe contemporaries as Mrs. W. Howie Muir II, daughter of Dr. and Mrs. John Berry Hartzell. Mayo was her mother's maiden name and she has adopted it for professional purposes.

Sixth grader Cathy O'Brien, daughter of Mrs. C. A. Dean III, is the envy of her classmates who still have a yen for dolls. Cathy has a marvelous collection of antique china dolls in a glass case which is a constant attraction for her young guests.

Acknowledged Queen of Decoupage is Mrs. J. Stewart Hudson who is hostess to a year round workshop in her Lothrop road home for church fair workers. On October 12 and 13 Grosse Pointe Garden Center House Tour patrons will have a chance to view some of her art when they visit the Hudson home. Of special interest is an intriguing library step ladder done in decoupage... black with fascinating etchings of flowers and birds.

Mr. and Mrs. Eric Hagglund are congratulating their daughter, Mrs. David Pohlod, who has just won a 1963 Ford Custom Station wagon and a load of sports equipment in a soft drink contest. The Pohlods are ardent campers so this bonanza will be appreciated.

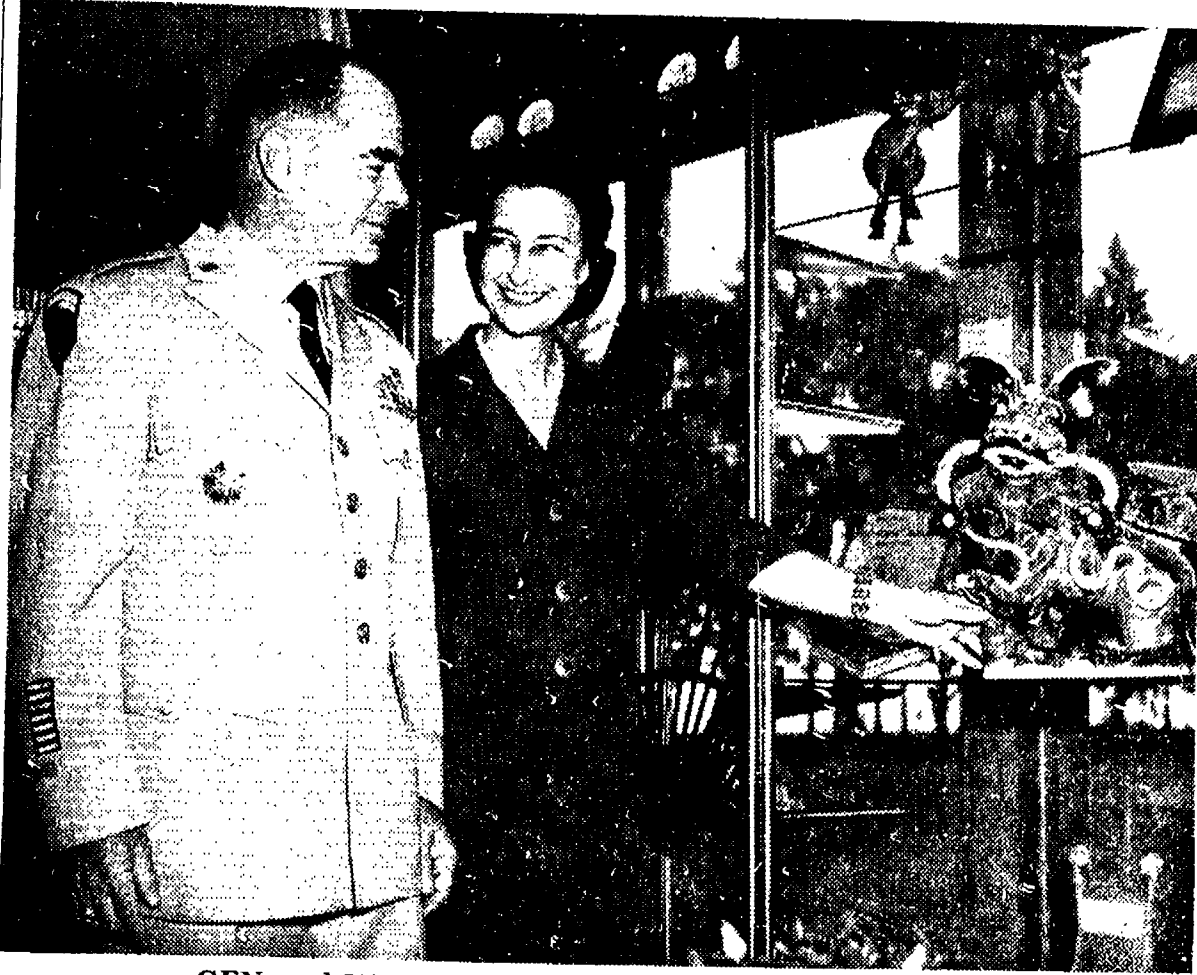

The owner of that strange vehicle which operates on land and water, described in last week's column, has been unmasked. He is Hugh Gordon, Jr., son of the senior Gordons, of Cloverly road, and his machine is called an "Amphicar." Manufactured in West Germany, the auto-boat has four wheels and two propellers, can seat four, and has traveled across Lake St. Clair to Peche Island and across Lake Michigan to the Manitous. Hugh works in downtown Detroit, uses the "Amphicar" going to and from an advertising agency. Favorite early morning joke of brothers Bob and Alex has become a Gordon family classic: "Well, Hugh, are you going by land or sea today?"

PILFERINGS
This is an example of what educational psychologists call creativity. A little girl, looking at a patch of oil slick on a wet pavement, turns and says: "That's a dead rainbow."

Young thing to luncheon companion: "I know it's the thought and not the size of the gift that counts. But I wish he'd think bigger."

Father to son: "These days education is all important. Either you have to go to college, or start your own business so that you can hire people who did."

Pointers of Interest

GEN. and MRS. ALDEN K. SIBLEY, of Lakeshore road

By Patricia Talbot

The magnificent antiques, rare books and exquisite paintings which grace Gen. and Mrs. Alden K. Sibley's new white pillared Georgian home in Lakeshore road have traveled around the world from Washington, to France to Viet Nam.

Grosse Pointe Garden Center House Tour patrons will have an opportunity to view these treasures October 12 and 13 for the Sibleys are opening their home for this fund raising effort.

Although they have been in Detroit just a year the Sibleys feel quite at home, with the ease of regular Army people who take moving in their stride. They can identify with Detroit easily for General Sibley's forebearers were also Solomon Sibley's, who came to Detroit when it was an outpost of the Northwest Territory. Mrs. Sibley is descended from the Trowbridges, who also have centuries-old local connections. And an early Trowbridge married an early Sibley.

Heads Mobile Command
Gen. Sibley is in charge of the Army's Mobile Command here. He served on Gen Dwight D. Eisenhower's staff during World War II, was in France with SHAPE and in the Pentagon. From 1960-61 Gen. Sibley served in Viet Nam, when that Southeast Asia country was becoming the center of a world crisis.

Mrs. Sibley enjoyed her stay in Viet Nam, found the people friendly, enjoyed the French culture. She does not quite share American newspaper opinion of the striking and domineering Mme. Ngo Dinh Nhu, who has antagonized so many reporters, state department officials and army personnel.

Mme. Ngo Dinh Nhu
Mrs. Sibley believes she is a brilliant woman, somewhat hardened by her job, which was to organize Viet Nam's women into a solidarity committee. Oriental women are just now emerging from centuries in the home to a place in the political and business life of their countries and the opposition to this emergence in their own countries and abroad has been considerable. Mrs. Sibley looks objectively at President Diem, who has the reputation of "never bending." "If he is a hard man," she says, "we must consider his life. He watched the Communists bury his brother alive."

Of great attraction to House Tour visitors will be the Sibleys' Vietnamese room, filled with souvenirs of their travels. Cambodian fish baskets have been inverted to form tables. There is a large white Siberian polar bear rug on the vinyl floor and some unusual Philippine carvings. The Vietnamese are trying to develop their own art, having been for so many years dominated by French culture, and the Sibleys have some rare examples of sculptured incised lacquers. There are some interesting presentation plaques from the Vietnamese government, a signed photograph from President Diem.

The Sibley's son, Fred, is now serving with the army in Viet Nam.

French Grey Decor
Although the Oriental room will be the center of attention for most Tour guests, the other rooms are equally stunning. Mrs. Sibley admits that every home she has ever owned has been decorated with French gray, which she has used again for the walls in this house. In

the dining room there are off white draperies accented with red tassels, red and white striped satin upholstered Hepplewhite chairs and a magnificent heirloom server of birds eye cherry and mahogany. The living room is an exquisite blend of off whites from the wall to wall carpeting to the white striped covered furniture, the color accent, elegant swagged gold draperies and a giant gold etched coffee table.

Rare Editions
Mrs. Sibley inherited a fine collection of leather bound rare editions which are the focal point in the English styled library. There are also matching porcelain Oriental lamps which the General found in the Paris flea market and once belonged to Sasha Guity. The upstairs sitting room is also dominated by books arranged on special portable shelves. In the basement Oriental rungs and more rows of books make a fitting background for the tools of Mrs. Sibley's hobbies, painting and book-binding. Cooking is another of Mrs. Sibley's talents, fortunately, as they have just lost their Italian chef, and the General is addicted to French sauces and entrees in wine.

Entertaining is an art with the Sibleys and they do it with sophistication and charm wherever they are. Mrs. Sibley has entertained Paul Henri Spaack in a small Boston apartment and five star generals in a French mansion. They hope to be here five years before the General retires to practice his hobby, archeology.

Although they have been Pointers but a year, with inherent graciousness they have opened their lovely home to aid a community effort.

Alpha Gamma Delta Tea to Honor Initiates

Alpha Gamma Delta will honor their new initiates at a tea Saturday, October 5 at 3 o'clock. Mrs. Byron B. Phillips will open her home in Sheldon road for the affair.

Assisting her are: Mrs. B. F. Martin, Mrs. Russell Wells, Mrs. George R. Bartl, Mrs. Eugene Barr, Mrs. George W. Auch, Mrs. George J. Eskola, Mrs. O. C. Williams, Mrs. James C. Streicher and Mrs. Patrick J. Burke.

Marie Bird's Beauty ByLine

Do you constantly gamble with the health and beauty of your hair... taking unnecessary chances with one of your great natural assets... and trusting to luck rather than a scientific approach to make your crowning glory worthy of its name?

Many women unknowingly do just that... they are better informed about the insect spray and fertilizer for their roses than the hair-spray, shampoo and setting lotion used on their hair... or the damage that can be done by a combination of too much uneven tension on brush rollers plus high heat from dryers with small hoods that do not provide adequate space for circulation of air... dryers that were not designed for high-fashion roller hairdos.

In our salon at 117 Kercheval we have always believed that the foundation for any hair style begins with radiant, healthy hair... artfully shaped and kept in condition with our Protein Polypeptide Treatments... that replace vital elements that are lost through many oxidizing factors such as over exposure to the sun... bleaching and in some forms of permanent waving. When you need help, the number to remember is TUxedo 1-6833. Our salon is always open Mondays for your convenience.

Pointe Counter Points

By Pat Rousseau

Fashions... to wear under fashions. At Walton-Pierce you can choose from Bien Jolier, Character, Warner and other fine foundations. If you are a perfectionist, you can have them customized by Mrs. Louise Rice who is an expert corsetiere.

Something New... from Porthault! The charming French printed patterns have been reproduced from laminated plastic trays. They come in two sizes and are found along with Porthault linens exclusively at The Clothes Line, 597 Fisher Road.

The New Make-up... takes a bit of doing at first but the results are so soft young and NEW. At Leon's Beauty Bar, 17888 Mack Avenue practice with expert help and adapt the subtleties to yourself. They have a complete line of cosmetics... and we couldn't help but notice how flattering the delicate peach tones are!

"Security"... a new "Peanuts" book will take you back. We enjoyed this nostalgic bit of humor at The Top Drawer, 17007 Kercheval in the Village. We never miss glancing through their selection of stories for tots, teens and tender ones. So many carry charming messages to make delightful gifts.

Scanning... the real estate ads, we noticed many of the fine homes advertised, mentioned Kitchen by Mutschler. This indeed is a selling advantage. You can consider a Mutschler kitchen a joy to live with AND a good investment. Stop at 20489 Mack Avenue, where quality speaks for itself in the handsome model kitchens on view.

Ladies and Gentlemen... there is a Macintosh Impervion Weathercoat for you, both! It's so good looking... raid or shine. Made of Egyptian cotton poplin, the coat is self-lined. Wash it... dry clean it... if it loses its repellency... it will be replaced. Natural, olive or navy blue for the men... natural, only, for the ladies. Forty-nine fifty at E. J. Hickey.

Measure For Measure... The Village Wine Shop, 15228 East Jefferson now has a non-spill jigger imported from Denmark... three-fifty. Then there's a double jigger... one ounce and two ounces. You could pour into a sleek stainless steel Swedish cocktail pitcher we also saw there... chill and serve!

Gallery Gazing... Renee, on the request of her customers, has been gift gathering. She has collected a unique group for early Christmas shoppers. They will be at Les Galleries de Renee, 14944 East Jefferson for a short time only.

Shaggy Dogs... do exist! They even pick out their own toys at This 'N' That for Pets, 19443 Mack Avenue. There's a complete boutique and grooming service that pampers your pet... shaggy or not.

Colorful Fall... and white winter days often call for a good pair of sun glasses. Ray-Ban glasses are scientifically made to let your eyes see best without getting tired. The Notre Dame Pharmacy carries the line, including glasses for the sportsman.

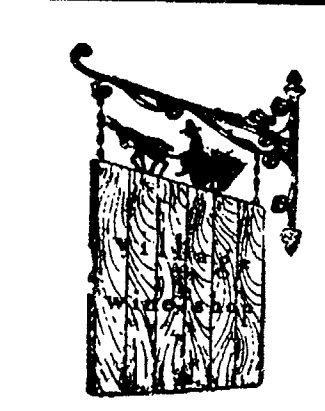

A Favorite... of customers and stylists alike at D-J Beauty Salon, 405 Fisher Road is the Realistic Bonedium Permanent. This... because it is so controlled. It turns out a perfect permanent in the shop and at home it holds a set naturally. TUxedo 2-6363.

Helps Produce School Booklet

Dr. Helen M. Cloyd, of the business education department of Grosse Pointe High School, and a member of the Committee on Public School Accounting, is listed as one of the co-authors of the recently published booklet "Public School Costs."

Subtitled, "An accounting primer for school board members and taxpayers," it was published earlier this year by the American Institute of Certified Public Accountants in New York. Dr. Cloyd explains that because the book is written for the general public, it fills a need in the area of school finance for people who must be informed, but who do not have an extensive background in accounting.

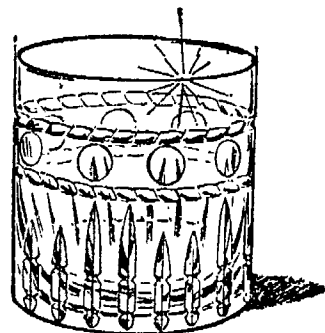

Dr. Cloyd, who is a CPA, received her doctorate in June, 1962, from Michigan State University. Her dissertation topic was "An Analysis of Cost Accounting in Certain School Districts."
