The Accident That Cost Three Young Lives

The terrific impact when the pictured cars came together caused the death of three teenagers, critically injured two persons, and seriously injured three others. The injured are in Bon Secours Hospital, with those on the critical list fighting for life. The accident occurred on Jefferson avenue, between Audubon and Whittier, Sunday evening, October 18. The multiple death accident is the first in the Park in more than 15 years, according to Police Chief Arthur Louwers.

THE NOBEL PRIZE Committee of the Norwegian National Assembly awarded the Peace Prize for 1964 to the Rev. Dr. Martin Luther King, an advocate of non-violence in the American civil rights struggle. The Rev. Dr. King, a Baptist minister and a student of the ideas of Mohandas K. Gandhi, preached brotherhood and non-violence in the South and wherever else he could. According to his count, he has been arrested 15 times as a civil rights leader. Dr. King said "every penny" of the \$54,600 prize money will go to the civil rights movement "and to further work in the philosophy of non-violence."

PRESIDENT JOHNSON'S chief aide, Walter W. Jenkins, resigned Wednesday after it was revealed that he was arrested October 7 on a disorderly charge which involved "indecent gestures." Jenkins, who has worked for Mr. Johnson for 20 years, was admitted to a hospital earlier in the day suffering from fatigue and exhaustion. An important, and possible political issue in this present campaign, is the fact that Jenkins sits on the National Security Council and is privy to top secret information.

THE RECOMMENDATIONS of Gov. Romney's three-man commission, selected to help settle Detroit's 94-day newspaper strike, were revealed yesterday at a news conference. The report said that the publishers and two striking unions should "reconsider their basic positions and renew collective bargaining by Oct. 19." If there is no settlement by October 26, mediators should be appointed acceptable to both sides with authority to move into the role of arbitrator if no settlement is reached by November 1.

Leonid Ilyich Brezhnev, a 57-year-old Ukrainian, has replaced Nikita S. Khrushchev as First Secretary of the Communist party. It was announced yesterday by Tass, official Soviet press agency. In a parallel move Aleksei N. Kozygin, 60, took over as premier of the Soviet Union. Khrushchev also lost his seat in the presidium of the Central Committee of the party. His total loss of political power indicates that Khrushchev has fallen in complete disgrace. The Administration was surprised but not alarmed by the change of leadership. Both men were lieutenants of Khrushchev and indicates that there would be no radical policy changes in the near future, at least in East-West relations.

THE JOHNSON ADMINISTRATION and the Democratic presidential campaign were visibly shaken by the morals case of the president's aide and friend, Walter Jenkins. Senator Barry Goldwater, Republican presidential nominee, indicated that he will not campaign on the Jenkins case, but would not hesitate to make an issue of any breach of national security. Jenkins handled personnel-security matters within the White House and had an Atomic Energy Commission "Q" clearance—one of the most sensitive security clearances given by the Government.

AFTER ONLY TWO DAYS' rest, St. Louis Cardinal pitcher, Bob Gibson pitched his team to a 7-5 victory over the New York Yankees and captured the 1964 World Series for the Cards. It was St. Louis' first championship since 1946 and the Yankees' second straight loss of the World Series. The Cardinals' victory came in the seventh and final game before a roaring crowd of 30,346 persons in Busch Stadium in St. Louis.

Candidates' Fair Slated For Oct. 27

Eighteen Seeking Election to State and County Offices Promise to Be on Hand
Instead of cotton candy, games of chance, and homemade foods usually sold at a fair, visitors to the Candidates Fair next week will find politicians giving out information on important state and county problems. Eighteen candidates seeking election to state and county offices will operate booths at the Candidates Fair on Tuesday, October 27, from 8 to 9:30 p.m., at the Grosse Pointe War Memorial Center.

No admission ticket is required—but visitors to the Fair are urged to come prepared with questions for the candidates on issues being debated in the current election campaign. The Grosse Pointe League of Women Voters is sponsoring the Fair to give Grosse Pointe voters an opportunity to meet and talk informally with the candidates seeking their support. The Grosse Pointe War Memorial Center is co-sponsor of the Fair.

Refused to Talk

He said that it would have been better for the group to sit down and talk with the council. The firefighters were invited to meet with the council, but refused, saying they did not want to deal with the council, only with the people, the mayor said.

Two Constitutions

"It has been said that our City Charter is our 'constitution', and the Association is in complete agreement. We also must go on record as saying that we have a Federal Constitution and a State Constitution, which as citizens of Grosse Pointe Park, we must uphold and live by. These constitutions have been changed many times in our history, and have, for the most part, proven beneficial, not detrimental to our society."

(Continued from Page 1) member, and paid tribute to his many fine personal qualities and his exemplary conduct as a citizen. In his reminiscences, Mr. Pongraz recalled a time of decision when he said, "I feel very strongly about this matter with

all my heart." Mr. Wicking remarked, "I suggest you use your head, not your heart."

"He Gave His All" "This was Bert Wicking, the man who gave his all, who worked tirelessly to help guide the Board of Education to make the best decision for the youth of Grosse Pointe," Mr. Pongraz said.

In his remarks about the Bert Wicking Library, Principal Gerich said, "The most effective means of maintaining the kind of society necessary for the future is through an educational program that is alive, versatile, and sensitive to current needs. Central to this, we feel, is a library that functions as an integral part of the school's total educational enterprise. With its program of instruction and service, the library affects every student and teacher. Because it undergirds a total instructional program, all students have enriched opportunities."

Bert Harrison Wicking was a member of the Grosse Pointe Board of Education from 1943 until his death in 1962. He was president from 1947 to 1949, from 1951 to 1953, and 1957-1958. He was the Board's treasurer in 1956-1957, and from 1958 to 1962.

Men Send Messages Dr. Lynn M. Bartlett, State Superintendent of Public Instruction, wired Mr. Pongraz:—"Mrs. Bartlett and I sincerely regret we cannot join in paying respect to memory of Bert Wicking at the dedication of the Library named in his honor. Our sincere regrets and best wishes."

Dr. Samuel M. Brownell, former Grosse Pointe superintendent, wrote:—"Congratulations on this fine addition to Grosse Pointe High School and to the naming it in honor of a splendid public servant in the development of Grosse Pointe Schools."

Dr. Paul L. Essert, another former Grosse Pointe superintendent, wrote Mr. Pongraz:—"Thank you so much for your recent invitation to the informal open house of the new Wicking Library. I would like very much to be there but find it impossible. One of the reasons I would like to be there is to honor Bert; I'm so glad you have named the library in his honor. He was a great Board member."

Mr. Dana M. Cotton, of the staff of Harvard University, wrote:—"If it were not for the fact that I am going to be in California I definitely would be on hand for this meaningful affair. As you know I will always be grateful that Bert Wicking was my friend and you are extremely thoughtful to let me know of this deserved honor and tribute which has been paid him."

THIEF SLASHES CAR TOP O. L. Bob Blase of 1042 Grandmont, Inkster, told Woods police on Tuesday, October 13, that while his convertible car was parked in the lot of the Woods Presbyterian Church in Mack avenue, someone slashed the top, and stole the spare tire from the trunk. Also taken, he said was a battery-powered shaver in a leather case. He did not estimate the amount of the loss.

City's Sewer Problem

(Continued from Page 1) Mayor Burgess pointed out once again in Monday's meeting that unless the city does take measures to bring the system up to the requirements of the Department of Health, it will in effect be breaking the law and the issue can be taken to court.

Another method for raising the needed revenue to eliminate sewage hazards has been temporarily tabled pending the outcome of the special election in 1965. Revenue bonds may be floated by the City Council without voter consent as opposed to the General Obligation Bond which must be approved by three-fifths of the electorate.

The City Fathers are reluctant to use this method because it would, in the long run, cost the taxpayers more than the General Obligation Bond. The interest on a Revenue Bond is approximately one-half of one per cent more and the tax increase, which the bond brings, is not deductible from a citizen's Federal Income Tax. The Revenue Bond tax would be included in each citizen's water bill resulting in a higher water rate for all residents.

The Council emphasized, in announcing its decision to call the special election that it will work diligently to present all the facts of the pressing problem to the voters and do their part in changing misinformation to right information.

Several of the 20 citizens who attended the Monday night meeting were residents of Lincoln and Washington roads who stated their objections to Mr. Paddock's request to redivide the properties at 295 and 305 Lincoln road. The Council based its refusal to grant the divi-

BANJO STOLEN

John Clark, 31, of 22901 Lingemann, Detroit, parked his car in the driveway of 20813 Mack, according to information he gave Woods police on Friday, October 16, and when he returned to it, he found that an unknown person had removed the left vent window, entered the vehicle and stolen his \$200 tenor banjo.

Upon the request of Mr. Cantwell, the Council approved the establishment of a new post, that of foreman, in the Department of Public Works. A contract was also awarded to Lewis C. Andrews for the codification of ordinances at a cost of \$4,300. Andrews has recently completed the same job in Grosse Pointe Park and in 17 other Michigan communities.

**Farms to Cast Ballots
On \$500,000 Bond Issue**

A proposed bond issue that will be on the Farms' November 3 general election ballot, and known as Proposition No. 3, will ask the city voters for approval of the council to authorize the borrowing of \$500,000 in General Obligation Bonds, for improvements at the Municipal Pier-Park, it was brought out on Monday, October 19.

If approved, \$230,000 of the money raised will be for a swimming pool and site work; \$95,000 for the development of picnic and recreation area; and \$175,000 for the construction of the harbor and boat wells at the park. The total costs are estimates prepared by former City Engineer Murray M. Smith, who recently retired, and an independent engineering consultant.

Many residents of the Farms have petitioned the council for more than two years to construct a swimming pool in the park, and since last spring, pool advocates asked the council to have the matter placed on the ballot.

Because of its popularity, and the interest of the residents, the council and local realtors felt that the park recreation area has become an outstanding factor in the welfare of the community, and in the maintaining of property values.

The park, located on Lake St. Clair, at the foot of Moross road, was developed in 1925, with funds raised from a bond issue of \$50,000 approved by the voters, and further improved in 1952, with the approval of an additional bond issue of \$500,000.

Recreations provided at the park are: swimming (in the lake), sun bathing, diving (lake), power boating, sailing, shuffleboard, water skiing, fishing, trapshooting, picnicking, skeet shooting, skating and inter-city meets.

A sandy beach and children's play areas are provided and special events are held during the summer.

The facilities are operated and maintained by direct budget financing, and are available to all residents of the Farms.

It is estimated that the annual operating costs of the proposed swimming pool would be \$15,000. It is also estimated that the annual revenue from the boat wells would be \$12,000.

The council felt that the improvements, estimated to have a useful life of more than 20 years, should be financed by a serial bond issue, to be retired in 20 years. This would spread the costs over this period of time and provide immediate funds for the proposed development.

The cost to retire the proposed bond issue, it was said, would cost the taxpayers an average tax of 80 cents per \$1,000 assessed valuation.

The proposed new Pier-Park development would provide a swimming pool, (about 9,700 square feet), with separate areas for diving, swimming and instructions, and is planned to accommodate the projected growth in the city's population over the next 20 years; and additional locker and rest room facilities.

Maintenance of the sand beach with access to Lake St. Clair, development of additional harbor area, providing more than 100 extra boat spaces, are other items in the proposed development.

The council said that in view of the long waiting list for boat spaces, the residents' desire for a swimming pool, and the general desire for more adequate picnic and recreational area, it felt that the voters should be given an opportunity to indicate whether they want these improvements.

While discussing the bond issue during recent months there has been considerable difference of opinion among council members as to whether to submit the proposal as a package deal, or as separate items. The majority went for the package deal, with Councilmen Harry Bodman and Thomas Fisher dissenting.

**Woods Council
Holds Meeting**

An Election Commission recommendation to have seven workers for each voters' precinct was adopted at the Woods' Council meeting, 7:30 p.m., Monday, October 19.

A letter from Mr. and Mrs. Nicholas P. Kondak, of 740 Hawthorne road, was referred to the Recreation Council. The Kondaks expressed concern about the municipal sponsorship of the Junior Rifle and Gun Club, for boys ages nine through 18.

The club which has been added to the fall and winter schedule of activities, is sponsored by the city which provides a free practice range and pays some of the expenses.

The Kondaks feel that such an activity does not belong in the municipal recreation program.

A request from Donald St. Amour, of Rose Garden Florist Inc., for a Board of Appeals hearing concerning his driveway has been referred instead to the Planning Commission.

The meeting was concluded with a financial report for September, 1964.

gators would make little headway.

"There are a number of State Central Committee members and others who have informed me that they oppose the investigation," he said. "They don't want to see this sort of thing happen in their districts in the future."

"This committee is looking for nothing but blackwash to use as ammunition at the next district convention next year."

The Annual Halloween Party, sponsored by the Grosse Pointe Halloween Committee, will receive the sum of \$100 to be used for its festivity for Pointe children at the end of this month. The money, to help defray the cost of the party, was donated by the Farms Council on Monday, October 19.

Burglar Hits More Homes

(Continued from Page 1) been watching while her mother was out of town.

Radio, TV Stolen
Taken from the house, Abend said, was a portable set and a portable television set, values not known.

Entry into the Argy residence was done by forcing open the porch door at the rear of the house, and removing the glass pane from the kitchen door.

Mr. and Mrs. Argy told police that they left home about 12 noon, to attend a wake for Mrs. Argy's mother, and when they returned from the funeral parlor at 11:45 p.m., they discovered the burglary.

The thief took Mrs. Argy's birthstone emerald ring, with a diamond on each side; a dinner ring with four pearls; her yellow gold wrist watch, with diamond chips on the face with a silver band; and her husband's yellow gold wrist watch with a leather band, total value, \$395.

Gets \$100 In Cash
The burglar's loot also included \$100 in currency and change found in the rooms of the house, it was said.

The Woods homes broken into between October 9 and 11, were those of Mr. and Mrs. William Howe, 1538 South Renaud; and the R. C. Boyds, 1616 Roslyn road.

The Farms homes were those of the Robert Curtises, 384 Merriweather; Elmer Sutter, 325 Stephens; G. Sam Zilly 380 Merriweather; and the Neil Van Oostenburgs, 409 Madison.

Police are still trying to establish whether the person responsible for the latest burglaries is the same man who committed the rash of burglaries in the Shores, Woods and Harper Woods on September 19, 21 and 22.

OKAY SEWER JOB
On Monday, October 19, the Farms council okayed repairs to a sewer in front of 181 Moross road, and gave the contract to the Salvatore Construction Company. The estimated cost was set at \$3,160, of which \$2,500 has already been allocated in the Public Improvement Reserve Fund.

Candidates' Fair Slated

(Continued from Page 1) State Senate District 2—Republican Herbert Steiger and Democrat Charles Youngblood; State House District 1 — Republican Robert Waldron; State House District 3 — Republican Curtis Jacobson.

All candidates running for positions as judges on the Court of Appeals will attend the Fair. They are Harry Dingeman, Jr., Tom Downs, Thomas Foley, John Gillis, T. John Lenoski, and John Watts.

Candidates for election to Wayne County offices who will be present include: Prosecuting Attorney — Sheriff William Ferguson; Sheriff — Democrat Peter Buback; County Treasurer — Republican Joseph Martin; Register of Deeds — Democrat Bernard Youngblood; and Drain Commissioner — Republican A. L. Meredith. None of the candidates for County Auditor and County Clerk will be able to attend.

Councilmen Invited
The Grosse Pointe League of Women Voters has also invited the members of all the Grosse Pointe Councils as special guests.

Members of Girl Scout Troop 405 of St. Paul's School will assist the League with the Fair. The girls, who are Cadette Scouts (age 12-14), will decorate for the Fair and serve as hostesses during the evening. The Scouts, led by Mrs. Joseph Moran, are working with the League to help earn their "Challenge of Active Citizenship" badge.

At the Fair the League will have available copies of Voters Guides, prepared by the Michigan State League of Women Voters and the Wayne County League. The Voters Guides will contain biographies of state and county candidates and give their positions on some issues. Information on the Massachusetts ballot, which will be voted upon in the election, will also be available.

The Fair is an open-house type of gathering. Voters may come any time during the 8 to 9:30 p.m. time period and spend as much time with as many candidates as they wish. Each candidate will have a booth to display literature. The candidates' wives have also been invited to attend. Mrs. George Brown, Voters Service chairman for the League, is chairman of the Fair.

Park Firefighters Answer Criticisms of City Officials

(Continued from Page 1) Lee Fallieres, secretary-treasurer of the Park Association, agreed with the Association president.

"Mayor Patterson implies that the Park City Charter is a perfect charter. He criticizes the procedure of the Association to amend this charter," Fallieres said.

"Page 57 of the City Charter reads as follows: 'Amendments: Section 16.11 — The Charter may be amended at any time in the manner provided by statute.'"

Fallieres pointed out that the statutory requirement for charter amendments (Mich. Stat. Ann. 5.2104) requires signatures equal to five percent of the registered voters. The five percent is based on the qualified voters who voted in the last presidential or gubernatorial election. The latter prevails in the case of the Association, he added.

Need Only 382 Names
Therefore, he said, the Association needs only 382 valid signatures of the 7,644 electors who voted November 6, 1962.

"Mayor Patterson also declared," Fallieres said, "the charter is the constitution of the city and deals with the basic laws of the city. 'What recourse do city employees have in airing grievances?' Fallieres queried.

Selmeier Named to Group For Education Assessment

Dr. H. Leroy Selmeier, Assistant Superintendent for the Grosse Pointe Public School System has been selected to participate in an exploratory committee considering the values and disadvantages in assessing the progress of education across the nation.

Financed by the Carnegie Corporation, the most recent of a series of meetings was held in New York City on Friday. Dr. Selmeier and other leading educators from throughout the country will explore further the problems related to the proposed assessment. The Committee has a life expectancy of about five months.

The first conference was held in December, 1963, to evaluate the feasibility and the desirability of undertaking a national testing program. This would provide data for a report to the American people and their educational institutions and on the condition and progress of education in the several districts, regions and states.

At the second conference, held in January, 1964, experts and knowledgeable laymen addressed themselves to the issues of educational and public policy raised by a national assessment.

The third step was the organization of the Exploratory Committee of which Dr. Selmeier is a member, which met for its first session August 11, 1964.

The major objectives of the conference are the identification of worthwhile educational outcomes that might result from a national assessment program; the exploration of possible reactions of various groups to the assessment program; the determination of some of the problems in gaining favorable attitudes towards a national assessment program and ways of reducing possible conflicts; other concerns that may exist in terms of present or projected problems.

Such conference participants and exploratory committee members include nationally known educators and businessmen, Roy E. Larsen, of Time, Incorporated; Katherine E. McBride, President of Bryn Mawr College; and Ralph Tyler, Director of the Center for Advanced Study in the Behavioral Sciences at Stanford University.

Also, the Honorable Francis Keppel, U.S. Commissioner of Education; John Fischer, President of Teachers College, Columbia University; and John Gardner, President of the Carnegie Corporation.

Others are James Allen, New York State Commissioner of Education; William Carr, Executive Secretary of the National Education Association; Harold Howe, Superintendent of Schools in Scarsdale, New York; and Logan Wilson, President of the American Council on Education.

3 Cases Heard In City Court

Judge Douglas L. Paterson dismissed a case against Rose Mocerl of 207 Chalefonte, who was charged with reckless driving causing an accident, in the City's Justice Court on Tuesday, October 13.

In other cases, Carter Hall, of 333 Washington, and Michael Ruen, of 1739 Newcastle, were found guilty of being disorderly persons and possessing beer. They were each fined \$12.

Protect Your SS Card; Keep Tabs on Record

Over 140,000,000 social security cards have been issued to different individuals, many of whom have the same first and last names. For example, 1,207,000 cards are issued to people named "Smith." And 36,174 of these are issued to "William Smiths." Your card separates your own account from all others, so it is important that you use the same number throughout your life. The amount of earnings credited to your social security account determines your eligibility to and the amount of your social security benefit. Your social security number is also used by the Internal Revenue Service to identify your tax account.

Whether you will have enough work to qualify for social security benefits, and the amount of the benefit, depends upon the earnings posted to your social security account during your working years. There is a way you can make sure that your account is correctly posted. This is by checking your social security record from time to time. As time passes, errors in your account become more difficult to correct. The need to check your account regularly becomes even more important if you change jobs frequently or work for more than one employer during the year.

Farms Municipal Building

(Continued from Page 1) work was to have been completed. He said that the unavoidable delay was a factor in the price increase of the material and labor. If the work could have been finished as scheduled, the cost would have been much less, it was said.

Else pointed out that the first jump in the price increase was felt prior to last April, when it rose to about 15 percent, and from April to July, material and labor costs leaped another 20 percent. He said the first jump effected the new building itself.

The council expressed satisfaction with the whole project in spite of the delays.

They said that they now have a building that is better than any of its sister communities, and that the building is in keeping with the structures of the neighborhood. The building will last for many years to come, and in spite of the delays and extra costs, which could not be avoided, the money was well spent.

Else and Brown told the council that they will "punch list" (check out every aspect of work done) on the alterations and additions and it is hoped that when the council meets again

on November 2, all legal papers will be in order to be turned over to the Farms, which would give the city possession of the property.

The council, prior to the appearance of Else and Brown, authorized Councilman Benjamin Warren to plan a program to landscape the area around the new city offices, including the planting of trees and bushes, if it is seen fit.

On acceptance of his suggestions, the landscaping and planting will be undertaken next spring.

High Adventure Lies Ahead For Intrepid Farms Youths

By KAREN VALENTA
For most people, digging in the ruins in Mexico, scuba diving for sunken treasure in the Caribbean Sea and boating on high mountain lakes would be a unique enough way to spend a vacation.

But two young men from the Farms are going it one better—they are doing their diving and boating with the same vehicle, an amphibious car, which will transport them to Mexico, then across rivers, and lakes, and between the Caribbean Islands for the next month.

High S. Gordon, Jr., 24, of 316 Cloverly road, and Edward Langei, 21, of 329 Ridgmont road left 5 a.m. Wednesday, October 21, bound for Cosumel Island in the Caribbean, laden down with archeological maps, coastal charts, scuba equipment and K-rations.

To Mexico First
"We will travel two days to the Rio Grande, cross the border and go by inland highways to Mexico City," Gordon said. "There we will stop for further information before going on to Cosumel, which is just off the Yucatan Peninsula, 80 miles west of Cuba, 400 miles north of British Honduras."

On the way the adventurers will visit the high altitude mountain lakes of Popocatepetal—which is 17,500 feet high in comparison to the highest point in the United States of 14,000 feet—and Orizaba, both near Mexico City.

There they will try out their Amphicar, a German made amphibious sports convertible, in lakes to which no boat has ever been brought by trailer as the steeply sloped roads make it impossible.

Once on the Yucatan Peninsula, Gordon and Langei will explore the ruins of Chichenize and Palenque, both of which are quite well-known. From there they will travel 20 miles down the coast to Tulum where relatively unexplored ruins exist.

Unbreakable Props
Then it's into the Caribbean to Cosumel. "The car, driven in the water by two large unbreakable plastic propellers, is equipped with an AM-FM-short-wave radio so we will be at home on land or sea," Gordon said.

"Driving the car in water is like driving on an airport runway, flooded with deep water, with no cars to watch out for," he said. "It feels just like driving on a highway but you have to turn your wipers on more often."

The water surrounding Cosumel is the clearest in the Caribbean. This is the supposed mother-land of the ancient Maya Indians and considerable gold has been taken from the wrecks of Spanish vessels in this recently found treasure-hunting area.

There the adventurers will scuba dive from the car "parked" in the sea.

On the way back to the Farms in November, the young men will travel along the Mexican coast rather than on the inland modern highways.

INTERSECTION ACCIDENT

The right rear side of a car driven by Rodney Wayne Luzi of 8281 Marion, Detroit, was struck Friday, October 16, by a car driven by John Monsour Nehra of 89 Lochmoor. City police reported the accident occurred when Nehra drove into the intersection at Maumee and Lakeland. No tickets were issued.

A man has to be a millionaire today if he expects to live the simple life.

Farms for six years, is a 1962 graduate of Principia College, Elmhurst, Ill., where he majored in international relations and Spanish, and had a little flair for dramatics.

Studied in Mexico
In 1959 he studied in Mexico on a program called "Principia Abroad." He is now the mid-western salesman and promoter for Amphicar Corporation.

Langei, Amphicar Corp. salesman for the Detroit area, has lived in the Farms for 15 years. He graduated from St. Paul High School and attended the University of Detroit in 1962 and '63.

Gordon has driven, or sailed (?), his amphibious car across Lake Erie in ten-foot waves, to Beaver Island and often to Windsor.

"One night a bus driver saw me in Lake St. Clair, stopped his bus and wanted to send 'help' for me," he said. "Then he called the police who came and searched for a submerged car before I explained the facts to them."

Noted Athlete To Speak Here

A noted athlete, lay preacher and evangelist will speak at St. Michael's Episcopal Church, Grosse Pointe Woods, Sunday, October 25.

The address by James N. Jeffrey, executive director of the Fellowship of Christian Athletes, signals the start of the church's Everymember Canvass. In the past, the yearly Canvas speaker has spoken only to men working on the drive. This year, however, it was felt that both the members of St. Michael's and the community at large would enjoy hearing this dynamic young Christian.

Mr. Jeffrey was an outstanding halfback at Baylor University and on the Air Force team at Carswell Base in Fort Worth, Texas. He was named all-American fullback on the service team in 1951. Until accepting his job with the FCA in 1964, he was a successful insurance underwriter in Fort Worth.

The organization he heads seeks to channel the natural idealism of youth into Christian paths. Clarence "Biggie" Munn is one of the directors.

The Advisory Council includes such all-time greats of the sports world as Bud Wilkinson, Pete Elliott, Bob Feller, Otto Graham, and Don Demeter.

James Jeffrey can always capture an audience with the moving story of his own experiences, and with his sincere call for repentance. He has the timing and instincts of a great showman and comedian plus the joy and enthusiasm that come with the Christian life.

He has often represented the business world at campus Religious Emphasis weeks, and was a principal speaker at the Southwestern Baptist Theological Seminary in Fort Worth.

He has participated in more than 100 evangelistic crusades all over the country as a lay preacher.

Mr. Jeffrey has been president of the Men's Brotherhood at his own church, and also a Sunday School teacher, youth leader, and member of the finance committee. He is married and the father of four children. He will speak at both the 9:30 and 11:15 a.m. services.

EXECUTIVE SALESMEN

Can you qualify for a job top big for the average salesman? If you can, you will also qualify for an income bigger than the average salesman dreams of.

For over 115 years, our company has been preventing financial disaster to individuals, businesses and industry; unbroken dividend record for the last 95 years; international operations; unbeatable competition; high closing, ratios.

We need a few more Detroit metropolitan area representatives, but it is the exceptional man we want; we want those who are capable of earning at least:

Require Control Over Art Shows

There is urgent need to improve community art shows, according to Michael P. Church, assistant director for cultural activities of The University of Michigan Extension Service.

"Street shows, outdoor exhibits, clothesline shows and art festivals are becoming big business," Church notes.

"But communities are making a fatal mistake in not exercising some degree of control or jurying of the entries. There is a tendency to overcrowd the streets with art painted by twice-a-month painters and play-at-art dabblers.

"To exhibit or not to exhibit in such fairs—that's the question that faces our top-notch painters," Church declares.

"I don't think we can afford to give public visibility to mediocre painters at the expense of the pro and semi-pro artist. It will be to the advantage of the entire art community if at least one area is set aside for seasoned painters or for those who consistently make juried shows."

Church also urges Michigan's craftsmen to show their wares at these street art fairs.

Good Literature Board Meets

The Executive Board of Better Literature for Youth had its October meeting in the Merriweather road home of Mrs. Robert Curtis, with Mrs. Riford Johnston presiding.

A main item of the agenda was a report on the Modes d'Automne party held in late September in the Anchor Room of the J. L. Hudson Co. Eastland, the profits of which constitute the greater part of the Council's revenue for the coming year.

The Board was pleased with the fine turnout and support given by the friends of the Council in the Grosse Pointe Community.

Tangible progress is being made in obtaining better literature for the Grosse Pointe stores. A current project of interest to the Council is being sponsored by the Metropolitan Detroit Council on Better Literature for Youth and the Ludington News Co., chief distributor in this area of paperbacks and magazines.

A committee of 12 trained librarians, including Miss Melilla Roemer of the Grosse Pointe Library, has compiled a list of 500 recommended paperbacks for youth. A special rack has been designed to hold these books and it is offered free to the dealers.

The Council now is urging all residents of the Pointes to encourage their dealers to install these racks so that the books will be available to young people. The success of the experiment will depend upon the support it receives.

The next meeting of the Literature Council Board of Directors will be on Friday November 13, at 12:30 p.m. in the home of Mrs. Rolf Donath, 41 Radnor circle.

Autumn Card Party Set By Pillar Lodge Ladies

Ohio State Women Slate Fall Brunch

Ohio State University Women's Club of Metropolitan Detroit will hold its Fall Brunch on Saturday, October 24, at the J. L. Hudson Co. Downtown store.

Heading the program will be Mrs. William Adams, who will discuss "Books I Have Lived With."

Navy Honoring HS Journalists

A Grosse Pointe High School student, Ric Hendee, son of Mr. and Mrs. Hunter Hendee, 488 Lakeland, will be among 55 high school journalists taking part in the fourth annual Day-in-the-Navy—an event sponsored by Detroit's Naval Reserve Public Relations unit, October 23-24.

Chosen by his principal, he will receive a realistic taste of Navy life during the 30-hour program—so he can report in his high school newspaper the various military service programs available to young Americans.

Cmdr. Jay DeEulis, commanding officer of the Navy public relations unit, said the group of high school journalists will be accompanied by several high school counselors; and arrangements made so the youths will ride a Navy sub-chaser down the Detroit River; disembark at and tour facilities of the Naval Air Station at Grosse Ile; interview military officers in a special press conference; stay overnight at Grosse Ile and fly in a Navy transport aircraft the next day.

The Detroit Naval Reserve Public Relations unit, is supported in the program by three Navy League groups—the Greater Detroit Council of the Navy League, the Detroit Women's Council of the Navy League, and the Southeastern Michigan Council of the Navy League.

According to Cmdr. DeEulis, many of the suburban high schools this year will be participating in the Day-in-the-Navy for high school journalists program for the first time. In previous years, the program was confined mostly to young journalists in the Detroit school system.

The second program of the 1964-65 Family Film Night Series will be presented Friday, November 6, at 7:30 o'clock in the Central Library meeting room.

Family Film Nights are held the first Friday night in each month. Each program has been designed to include something of interest for boys and girls as well as adults.

The program for November 6, 1964 will include "Zoo Animals of Our Storybook" (11 minutes, color) introducing children to some of the animals of the zoo, "Goldilocks and the Three Bears," and other animals of this type; "Superjet to England" (25 minutes, color) — a visit to England, one of the world's great nations, brings many wonders to view. This colorful film shows you much of this magnificence: a visit to the chalk white cliffs of Dover, the picturesque castle of Windsor, the famous schools, and the Shakespeare Memorial Theatre; and "Five Chinese Brothers" (10 minutes, color) tells the popular story of the brothers who looked alike, from the book by Bishop and Wieser.

Adults, and children accompanied by adults, are cordially invited. Come early for a good seat.

Direct-Line Police Phones
Helpful in Fighting Crime

The telephone can be a tremendous aid in combatting crime and criminals, especially if it is a direct-line hookup to every precinct, station and bureau of the Detroit Police Department, and to other community law enforcement agencies in the Metropolitan area.

The police phone is different from the regular phone owned and serviced by the Michigan Bell Telephone company, in that it is owned and serviced by Detroit, and maintained by personnel of its own police department.

The Park Police Department has been linked with Detroit police, through such a hookup, for more than 35 years.

The Woods Department of Public Safety and the Farms Police Department, are the most recent law enforcement agencies to acquire this service from Detroit.

Harper Woods, which is tied in with the five points in that it shares the same emergency police-radio, and has signed pacts of mutual police and fire aid with them, also has a police phone connection with Detroit.

The initial cost of installing lines and phones is paid for by the cities interested in such service, with the cost, more or less, depending on the length of wiring needed to hook up to the nearest Detroit police street phone. After that, it costs nothing.

Once installed and paid for, Detroit maintains and keeps the phones in working order at its own expense. Each precinct, station and bureau has a code number, which can only be dialed from places having this type of service. A small, pamphlet-sized directory, with all the code numbers, are given to each precinct, station and bureau for ready reference.

All calls are monitored through a central system located in Detroit's Police Headquarters, St. Antoine and D. Beaubien, which operates on the same principle as that of systems serving the general public.

Calls from a public phone cannot be received on a police phone, and visa versa. Any one calling from a street police phone in Detroit can reach any station, provided the code number is dialed, but the street phones cannot be reached by direct dialing from any station. These inter-linked police phones are a big help in the fight against crime.

For example, a burglary is committed in one of the Points, and another is reported in one of the police phone-linked cities. Investigating officers of the communities in which the burglaries were committed, can call each other on their phones, and discuss the crimes.

They compare notes on their respective burglaries, how the thief entered the house, what he did, what was taken, and other details and when the discussion is finished, police can tell if the crimes were committed by the same person.

Of course, these phones can be used for many other things pertaining to police business, chiefly the saving of time in the apprehension of a criminal, or the stopping of a possible crime.

A prime example of this was related by Park Det. James LaPratt, who was instrumental in the apprehension of a burglar-extortionist by Park police on complaint of a Detroit woman, approximately a year ago.

The woman, following a spat with her husband, fled her home and spent the night at a motel, alone. While she slept, a burglar entered her room, pilfered her money and personnel objects from her purse, and obtained her name and address from identification in the purse.

The woman returned home the following morning, and reported the burglary to LaPratt, who in turn gave the information to Detroit authorities.

A few days later, the burglar called the woman at her home, and demanded money on the threat of bodily harm. The woman agreed to the man's demands, and set up the place and time of appointment, after which she telephoned the Park station and gave this information to LaPratt.

The Park officer called a detective lieutenant at Detroit's Jefferson Station, Fifth Precinct, on the police phone, and told him exactly what the woman had reported. The lieutenant appeared a little sceptical.

LaPratt, because the time was short, told the lieutenant to talk to the woman for the details, and held the police and

regular phones together. LaPratt, the Detroit policeman and the woman conversed as though they were face to face.

After obtaining information on the place and time the woman was to meet the extortionist, the lieutenant ordered a stake out of the location. The woman arrived to "pay off" the man, handed him a package, and the man was arrested, later tried in court, convicted and jailed.

Through the medium of the phones, LaPratt said, two felonies were cleared, a burglary, and an attempted extortion.

Committee Heads Picked By Republican Candidates

The Republican legislative and congressional candidates of the 14th Congressional District have named Rockwell T. Gust, Jr., and Dr. Donald N. Sweeney as co-chairmen of their newly formed Finance Committee. Chauncey Norton has been appointed treasurer.

"This is an extremely important project," said Robert E. Waldron, incumbent State Republican chairman. "We have the finest slate of candidates that we can remember. They have the ability and the strong desire to help Governor Romney keep Michigan on the Move."

Candidates from the 14th District are headed by George Bashara, candidate for U.S. Congress and prominent Detroit attorney. He is a member of the Governor's Committee on Americanism and is serving on the Nationalities Division of the Republican National Committee as chairman of the Lebanese Division of the Eastern States.

Candidates for election from the 14th to state offices are Albert J. Thorburn (who is chairman of the Candidates Committee) and Herbert O. Steiger, for the State Senate. Candidates for State Representative, in addition to Robert Waldron, 1st House District incumbent, are Ann R. Mead, Curtis R. Jacobson, William Knapp, Robert J. Frost, Duncan G. Campbell and Vincent E. Kaye.

Members of the Finance Committee, named by Gust and Sweeney this week, include George Bashara, Jr.; Harry Bodman; the Honorable Wilber Brucker former Governor of Michigan and Secretary of the Army under Eisenhower; Anthony Ciaravino; William Cudlip, member of the Board of Regents of the University of Michigan; Ken Cunningham and Mrs. Helen Dean, who has been a member of the Republican National Finance Committee for many years.

The committee also includes Edwin Humer, Kenneth Koppin, C. Bradford Lundy, Jack Mathews, chairman of the 14th District Republican Campaign Committee; Neil Patterson; John Pingel, who was appointed to the Board of Trustees at Michigan State University and who is running for election to that office; George McMullen, and Mrs. Zao W. Schroeder, attorney and former vice-chairman of the Wayne County Republican Committee.

Other distinguished members of the Candidate's Finance Com-

mittee are H. L. Wadsworth; Philip Weiss; Dr. Robert Whiteley; Dr. Alfred H. Whittaker, member of the Board of Governors at Wayne State University; Eddie Shell, president of the Polish American Republican Club of Michigan, Woodrow Woody and Professor Shull.

"We're proud to have this fine committee of men and women, who are so well known for their interest in progressive, sound government," said Rockwell Gust. There are several districts that could go either way. Our candidates are needed in Lansing to help Governor Romney; and George Bashara is needed in Washington.

The 14th District Republican Candidates' Committee has its headquarters at Republican Campaign Headquarters, 10711 Whittier. Checks should be made to: 14th Congressional District Candidates Committee.

Messiah Church 40 Years Old

Messiah Lutheran Church at the corner of Kercheval and Lakewood is observing the 40th anniversary of the dedication of its church building.

The edifice was dedicated on Sunday, October 26, 1924; ever since it has served a membership residing in the southeast area of Detroit as well as in Grosse Pointe Park and the City of Grosse Pointe.

Anniversary services of worship will be conducted Sunday, October 25, at 8 and 10:45 a.m. The Rev. Walter J. Geffert, pastor of Christ the King Lutheran Church in Grosse Pointe Woods, will be the guest speaker.

An anniversary banquet will take place Friday evening, October 23; the dinner will be followed by a program of music, entertainment and addresses. The principal talk will be given by Pastor Louis Grother, of Kalamazoo, who served Messiah Church in the capacity of vicar approximately 30 years ago.

While the congregation is observing the 40th anniversary of its present church building, the church itself has been in existence for 53 years, dating back its history to August, 1911. The formal organization as a congregation took place in January, 1912.

Only four of the original members are still with the congregation; of these, two are Mrs. Helen Fochert and her brother Mr. Fred Susick, both of Lake-

pointe avenue.

Enlist School Children To Help Get Out Big Vote

The national "BIG E" campaign, run by millions of American school youngsters to help turn out eligible citizens at the polls on November 3, has been announced. The students will form teams to canvass their neighborhoods in the week before the election, asking for pledges to vote from adults. The "BIG E" campaign is a non-partisan effort of the American Heritage Foundation, the Parent Teacher Association, and the National Education Association.

A Communications Industry Council is being formed under the leadership of Richard E. Berlin, president of The Hearst Corporation, in order to inform students about the "BIG E" campaign.

"It's an unfortunate fact that only 64 per cent of the American electorate turned out to vote in 1960, compared with 79 per cent in the last general election held in Great Britain, 85 per cent in Denmark, 87 per cent in Germany and 93 per cent in Italy," Mr. Berlin said. "The purpose of the 'BIG E' campaign is to ask America's school youngsters to help get out the biggest Election Day vote in our history. We want to make our country second to none in support of the democratic form of government."

The idea for the "BIG E" campaign was suggested in letters written by cartoonist Al Capp to former Presidents Dwight D. Eisenhower and Harry S. Truman.

The letters read in part: "We teach our kids that Americans have always been willing to travel anywhere on earth to fight for our freedom. It is tragic to have them learn, as they do each election day, that so many adults are unwilling to travel a couple of blocks to vote, to protect that freedom."

"Can we expect young Americans to respect the law as the will of the people when they see so many people not caring enough to express their will?" Mr. Capp proposed that the "BIG E" campaign be one that school youngsters will call their own, not just in 1964, but in every election year from now on.

"BIG E" teams from our schools will work with their principals and teachers and PTA units on plans to cover each block or area in their neighborhoods. They will wear "BIG E" paper chest ribbons. In the week before Election Day they will call on their friends and neighbors and ask them to pledge to go to the polls and vote on November 3.

Books, Books, Books!

Photo by Eddie McGrath, Jr.

Books of all kinds—fiction, biography, paperbacks, text—plus magazines and records are being collected, sorted and priced by members of the Grosse Pointe Branch of the American Association of University Women, in preparation for their annual Used Book Sale, scheduled this year Tuesday, November 18, in the reception room of the Grosse Pointe War Memorial Center. Peering out from behind piles of prose and poetry are, (left to right), MRS. EDWARD R. BUNN, sale chairman, MRS. ALLAN NEEF and MRS. PAUL G. HYKES. More books are urgently needed to swell the sale tables; anyone who has old books he wishes to discard is asked to call Mrs. Neef, TU 4-6974, Mrs. Alex Domin, 886-1995, or Mrs. Richard Edin, TU 4-7696, to arrange for collection service.

Colonial Dames To Meet Friday

Mrs. Ralph S. Lane and Mrs. Charles W. Morris will entertain members of the National Society of the Colonial Dames of America in Michigan at a luncheon meeting tomorrow, Friday, October 23, at 12:30 o'clock, at Mrs. Lane's home in Beacon Hill. Reports from the Society's biennial council will be presented. Members have been asked to bring White Elephants for the International Institute's Old World Market. Sherry hostesses are Mrs. Frank Allen Whitten and Miss Hope Whitten. Mrs. James Vernor Davis is in charge of arrangements.

Hairdo Tips For the Girl

With school in session it's time for pretty new hairdos to go with those fall wardrobes. Here's a hairstyling trick that will help keep setting time for those fashions at a minimum and aid sleeping comfort—our old friend cellophane mending tape.

Professional hairstylists approve the use of mending tape because it is waterproof and your hair can be set either wet or dry. It's fast-acting, too, and hair pulls off easily without sticking.

When setting your hair, just roller the top and anchor the bottom with tape. With this method, hairstyles quickly take on the new soft, smooth lines of the latest coiffures. A New York hair stylist offers the following suggestion for those with no time for an elaborate pin-curl session: comb bangs across forehead into place and tape. For the rest, make giant-size pin curls and tape them. You'll find that in just minutes your beauty job is done, and you can look forward to a smooth coil.

Young children getting ready to start or return to school require hairdos that are simple and easy to set, yet are becoming.

An easy-to-keep hairdo for school and play is the medium-length page boy with wide, curving waves. Another style that is ideal for children is short, fluffy, loose curls brushed up and tied with a ribbon, and bordered with neat bangs.

For young party styles, you'll want an extra-pretty hairdo: if your child has medium-length hair, catch all the top hair in a rubber band; place a piece of cotton around the rubber band, cover the cotton with hair to form a puffy topknot, and decorate with a garland of flowers. Charming!

The 1964 Detroit Lions have two players, rather than one, who sat out the 1963 season, but have returned to full action in 1964, defensive tackle Alex Karras and offensive end Hugh McInnis, who played three seasons with the St. Louis Cardinals, made a "comeback" in 1964 after being released prior to the 1963 campaign.

New Car Plates Ready on Nov. 2

New, lower numbers... tougher but lighter and more weather-resistant materials... a new slogan... new colors... these are but some of the new features in store for Michigan's more than 4 1/2-million vehicle owners when they begin buying their new 1965 license plates starting November 2.

Because so many persons are anxious to get new plates, Secretary of State James M. Hare... whose department orders and sells plates... predicted "a real rush to buy plates on opening day throughout Michigan."

One new provision is going to make it a good deal easier for motorists to obtain new plates this year, Hare said. "Previously they had to bring their titles before plates or tabs could be issued. For the first time this year, they may bring either their titles as before or may bring their prior year's registration, whatever is more convenient." Hare pointed out that the provision will start with the sale of new plates November 2. Before that time motorists must still bring their titles to obtain licenses.

Also for the first time, Hare said, plate numbers will start with "0001" instead of "1001" with the first-comers getting the more coveted lower numbers. He said the new numbering system would gain Michigan more than 560,000 additional numbers.

"With the way the state is gaining registered vehicles... about 200,000 each year... we may have to make other arrangements in a couple of years... perhaps to a three letter system, Hare said.

New colors this year are yellow on dark blue... honoring the University of Michigan. And for the first time since Michigan began using a license slogan back in 1954, there will be an addition to it. Instead of the traditional "Water Wonderland" the new plate slogan will read, "Water-Winter Wonderland." Hare said the addition was a recommendation of Governor George Romney.

According to Hare, one important and basic question relative to the 1965 plates is whether they will be one-year or three-year plates as originally planned. If Hare has his way, they will definitely be one-year plates, and this will be the start again of annual plates.

Hare said that he had been assured by the Department of Administration, an arm of Governor Romney's office which draws specifications for the plates, and Prison Industries, which manufactures them, that the 1965 plates will last for three years if the need arises," Hare said. "But I'm hopeful that the lawmakers will adopt my plan to issue plates every year since we now seem to be over our period of severe austerity where it seemed important to save every dollar possible."

The Secretary of State said he had been notified by Prison Industries that the 1965 plates will be a little lighter in weight although the ordinary motorist would hardly notice the difference. "Our branch office personnel will certainly be happy about this situation since the boxes of plates now weight 41 pounds as against 56 pounds in the past," Hare said. "The new plates will be galvanized and this is the reason, I'm told, that they can be made of lighter gauge steel," Hare said.

Lectures Help Youngsters Discover Nature's Wonders

Thousands of youngsters will get tips on how to discover nature's wonders when the 1964-65 school lecture series provided by naturalists of the Huron-Clinton Metropolitan Authority begins its annual five-month program starting Monday, November 2.

William F. Hopkins, chief naturalist, pointed out Authority naturalists are available to give illustrated lectures on topics of natural science at schools in the counties of Livingston, Macomb, Oakland, Washtenaw and Wayne from November 2 (1964) through March 31 (1965).

Over 78,000 youngsters in the five-counties participated in the lecture program last year.

The school lecture series gives students an opportunity, through professionally trained park naturalists, to become acquainted with the woods, waters, soils and wildlife which are so important to the residents of the Detroit Metropolitan Area and emphasizes the need of using the state's natural resources wisely.

Films or slides accompany the 13 various topics available. Four of the motion pictures used were produced by Authority naturalists. The most recent film

entitled "Life in A Lake" features close-up views of several common Michigan fish as well as native frogs, turtles and aquatic insects which inhabit local waters. Many of the slides used have been furnished by Mr. Perry Reynolds, of Detroit, who has an outstanding library of nature slides.

This free service may be obtained by writing to the Huron-Clinton Metropolitan Authority, 1750 Guardian Building, Detroit (48226) or calling 961-5885 and requesting an application form. Appointments usually require several weeks advance notice. Schools can be visited only one time each lecture season and for one-half day only. To accommodate small auditorium groups as many as three consecutive lectures can be provided at one visit.

Traveling the lecture trail this season are Huron-Clinton naturalists Lee Curtis, Don Hollums and Richard A. Mortemore.

Meeting Slated By Camera Club

Grosse Pointe Camera Club will have two feature speakers at the meeting, Tuesday, October 27.

Dr. C. J. Marinus, Fellow Photographic Society of America and member of Grosse Pointe Camera Club, will discuss the "Psychology of Photography."

Frank Enright, also member of Grosse Pointe Camera Club and an expert on color slides and monochrome prints, will advise photographers how to "Slow Down and Look."

All people interested in photography are invited to attend the meeting. Refreshments will be served.

The meeting is at the Grosse Pointe War Memorial Center at 8 o'clock.

Manufacturing price of a set of plates is 22¢ a pair. Total cost for manufacturing, packaging, handling, postage, and sales in branch offices amounts to less than \$1.00 per set of plates.

Many persons are unaware that all but about this \$1.00 they pay for their licenses each year goes into the Highway Building Fund and is used to build many of Michigan's great super highways which they travel on virtually every day," Hare said.

He classified license plates as "one of the biggest bargains in government..." "We've been able to hold the line on plates to 35¢ a hundredweight, a ratio which has remained unchanged for 30 years since 1935," Hare stated. "And at that time, the price per hundredweight was dropped, at that." Many states charge more than Michigan does for licensing. In Oklahoma, for instance, a motorist may pay over \$70 for his plates. Vermont charges a flat \$32 for each plate. Other states use varying formulas... some even involving property taxes.

Dr. Wilson Talks On New School

Dr. Charles Wilson, superintendent of the Grosse Pointe School System, has said that the proposed new high school might possibly be named "Grosse Pointe North."

The plans for the new school, however, depend on the outcome of a referendum which will provide a bond issue to supply the necessary building funds. The referendum will probably be held early next year.

Dr. Wilson said the cost of the high school will be in the neighborhood of five million dollars, depending on the facilities the Board of Education decides to include. The Board is expected to make known the details after the architect prepares a preliminary building plan and cost estimate in line with the Board's specifications.

The staff of the new school and its athletic teams will be independent of the present high school's. Helping with the plans for the school is a committee of ten teachers. Members are: Ralph Deal, Jack Ford, Miss Frances French, Dr. Robert Hanson, Charles Hollosy, Mrs. Carolyn Scarborough, John Schwan, Richard Snook, Earl Veenendal and Frances Weskel.

If the bond issue is approved, Pointers can expect to have its new high school in approximately one and a half to two years from next June.

A Yale Lary interception of a Fran Tarkenton pass in the fifth game of the '64 season moved the 11-year veteran into a tie with Jack Christiansen for the Lions' all-time individual team pass interceptor with a total of 46. Dick Lane, currently a Lion, ranks second in NFL history with a total of 37, but only 20 of his total have come since he joined the Lions.

Lawyers Polled On Candidates

Results of the Detroit Bar Association poll of its membership as to the comparative qualifications of candidates for judicial office in the November 3 election were announced by President George E. Bushnell, Jr. Fifty-seven percent of the membership participated in this public service operation of the Association.

In the contest for the three seats on the new Court of Appeals to be established in January, three candidates stood out. In order they were: Common Pleas Judge Harry J. Dingeman, Jr. with 1,100 votes; Thomas J. Foley with 1,034; and John H. Gillis with 1,003.

Judges Benjamin D. Burdick and Thomas E. Brennan were strongly favored in the Circuit Court race to fill the three unexpired terms ending January 1, 1967. Burdick was high with 1,365 votes and Brennan polled 1,194. In third position was Common Pleas Judge Charles Kaufman with 796 votes.

For the first time in the history of Detroit Bar Association polls in a two-man contest, Vincent J. Brennan and Robert E. DeMascio ran a dead heat with 843 votes each in the race for the Recorder's Court judgeship to fill the unexpired term ending December 31, 1965.

Andrew Wood was the solid choice for judge of the Traffic and Ordinance Division of the Recorder's Court, polling 1,226 votes to 447 for his opponent Neil F. Murphy.

Introducing New Pointe Teachers

A recent breathing spell in the busy fall schedule found JERRY J. GERICH, Principal of Grosse Pointe High School, conducting an informal orientation period for the four newcomers to the system who have been assigned to his building.

An English teacher who is a theatre buff, another in the same department experienced in data processing, an instructor in business education who has directed a foreign exchange program, and a librarian whose myriad interests run the gamut from music to sports — these local educators are highlighted today.

The fifth article in our weekly series introducing to the community teachers new to the professional staff of The Grosse Pointe Public School System centers on Grosse Pointe High School. Principal Jerry J. Gerich reports the names of four to complete his staff for the 1964-65 year.

They are Miss Charlene E. Pelcher and George J. Yacup in the English department, Maynard A. Leigh in business education, and Miss Frances A. Natushko on the library staff.

Miss Pelcher, whose assignment includes classes in tenth grade English, has had second-year teaching experience at Lakeview High School in St. Clair Shores and in Mountain View, Cal.

A native Grosse Pointer, Miss Pelcher spent her own high school days at Dominican High, received her BA from Western Michigan University, her MA from Stanford University.

She holds professional memberships in the National Education Association, the Michigan Education Association, and was active in the California Teachers' Association during her experience in the West. Swimming, horseback riding, dancing, bridge and all spectator sports are among her interests.

A resident of Grosse Pointe Woods, she spent the summer employed in the data processing center of a Detroit bank.

A second newcomer in English is George J. Yacup, also assigned to tenth grade classes. Also experienced, his prior assignment was at Ann Arbor Trail Junior High School in Detroit.

A native of Dearborn and a graduate of Fordson High School, he entered Henry Ford Community College, and completed his BA at Wayne State University, with a major in English and a minor in Spanish. His name appeared on the Dean's list at Wayne. Mr. Yacup is currently striving to complete his MA.

Recently Mr. Yacup said, "Believing devoutly that English is the most fundamental and imperative of all subject matters, and the most exciting in range and scope, I am delighted to teach at Grosse Pointe High School; high standards are maintained without losing sight of the unique capabilities and limitations of each individual. I trust that the level of effort and motivation of the students will always be commensurate with the general high quality of the community-at-large."

An avid theatre-goer, he has made many trips to New York for the latest productions. Other jaunts have taken him to the Canadian Rockies and to the South. And, as one might expect, reading would be a natural hobby for an English instructor.

Miss Frances A. Natushko, associate librarian at the recently completed Bert Harrison Wicking Library, brings a wealth of experience to her new post on the local campus. Past assignments have included posts as a

librarian and teacher at both Western and Cass Technical High Schools in Detroit.

Miss Natushko holds a BS from Wayne State University, a graduate degree in library science from the University of Michigan, and is presently working on an MA in guidance and counseling at Michigan.

She was awarded a citation from the Detroit Board of Education, and has been a supervising librarian for Wayne State University.

Teachers

(Continued from Page 18)
The Wicking Library's new staff member belongs to the American Library Association, the Detroit Council of Teachers of English, the Michigan Library Association, the Michigan Association of School Librarians, the American Federation of Teachers, and she is past president of the Newberry Alumni Association at Wayne State University. She also claims membership in the Daughters of Isabella and the Women's City Club of Detroit.

Her wide interests include reading, knitting, music, theatre, dancing, swimming, and winter sports. She has to her credit a bicycle trip through Europe with the American Youth Hostels organization.

Maynard A. Leigh the newcomer in business education, is a native of Lansing, and a graduate of Ferris State College. Enrolled in a program of graduate studies, he lacks one course to complete his MA degree. In time with the demands of the times, Mr. Leigh's transcript shows a workshop at Michigan State University in data processing.

A life member of the National Education Association, he has held the offices of treasurer of Region 13 of the Michigan Education Association, vice-president of Mason County Michigan Education Association, and vice-president of the Ludington Teachers' Association.

While he was associated with the Ludington Public Schools, he was director of the city's foreign exchange program and the clerk of the Mason County School Employees Credit Union.

During his stint of military service, Mr. Leigh spent 18 months in France and visited a dozen foreign countries when he was in the service. Other trips have taken him to 44 states, Mexico and Canada. An avid angler, Mr. Leigh is especially fond of trout fishing.

The Leighs, residents of St. Clair Shores since late this summer, are the parents of 22-month-old Michael and 8-month old Todd.

In commenting on the newcomers to the school system assigned to Grosse Pointe High School, Principal Gerich said that when vacancies occur, he and the other members of the staff engage in an exhaustive search for the right person to fill each spot.

"In our opinion, these people were the best qualified personnel available to fill the vacancies we had. Their on-the-job performance has, in all cases, justified our initial confidence in them at the time their names were recommended to the Board of Education for employment. I have been most pleased to have them with us at Grosse Pointe High School," Gerich concluded.

Ghosts, Goblins To Aid UNICEF

Youngsters all over the metropolitan Detroit area will be out on Halloween ringing doorbells and shouting "trick-or-treat", but many of the ghosts and goblins will add "for UNICEF".

The annual October 31 effort on behalf of the United Nations Children's Fund is made by boys and girls who forego their own rewards in sweets for the satisfaction of helping children in 91 countries, Pennies, nickels, and dimes given by neighbors last year went with other Halloween coins as a total United States children's gift of two million dollars to provide medicines, food, and care for the world's needy children.

The official UNICEF canisters, provided without charge by the Ex-Cell-O Corporation,

are available for pick-up in the area at any YWCA or YMCA Branch and the Jewish Community Center. Individual parents who wish to encourage their children to think of others during the Halloween celebration may sign a receipt for the canisters, as may leaders of groups whose members are to participate. Youngsters must be accompanied by an adult, and money received is to be turned in to the American Association for the United Nations, 1130 Washington boulevard, the week

following October 31. Instruction sheets are also available along with the canisters and receipts at the pick-up centers.

City-wide UNICEF Chairman, Mrs. Joseph Kaufman, 4761 Outer Drive, urged group leaders and parents to encourage their children in this worthwhile effort in two ways: by helping them "trick-or-treat" for UNICEF and by greeting the little collectors with several small coins for each one rather than a larger coin for only one or two children. Mrs. Kaufman

stated: "More than a billion children are growing up in the world today. Most of them bear the burden of constant hunger, wide-spread disease, and lack of education. We should be proud of our own children's concern and be eager to encourage this opportunity to channel their energies along constructive lines."

Bridge to Help Richard P.T.A.

Richard School P.T.A. will sponsor a Marathon Bridge this year starting in October. The proceeds will finance a worthwhile project for the school. Those in charge of the arrangements are chairman, Mrs. H. D. Towson and Mrs. J. H. Perry.

Don't just find fault — first find a workable remedy.

Conscientious Citizens

The Grosse Pointe Woods Council received a letter at its meeting Monday night which, in our opinion, provides a fine example of intelligent and serious interest in community affairs on the part of residents of that municipality.

740 Hawthorne
Grosse Pointe Woods, Mich.
October 14, 1964
Mayor Kenneth R. McLeod and Council of Grosse Pointe Woods.

Dear Mr. Mayor and Councilmen:
The 1964-65 fall and winter recreation schedule for the city of Grosse Pointe Woods lists a Boys Rifle and Gun Club for boys age 9 through 18.

We do not believe such an activity belongs in a municipal recreation program.
If any parents want their children to have such instruction and they are not violating the law, they have every right to join or form such a club but our city should not sponsor this activity, providing a free practice range and paying for some of the expenses.

We feel very strongly about this for the following reasons:
1. The Michigan law regarding concealed weapons is that a person must be 21 years of age to own and carry such a gun. We don't know if the guns used in this club will be of the type that can be concealed, but that is not why we bring this up. It seems to us that Michigan law recognizes the danger of these weapons being used by people who are not mature responsible adults and 21 years is used as a yardstick.

2. Apparently there is no minimum age for possession and transportation of weapons that cannot be concealed. This is incredible. In the interests of public safety it is just as important that these weapons be in mature, responsible, adult hands as those that cannot be seen. We all know how easily and inexpensively weapons can be purchased. We cannot understand how a city would encourage young people from the age of 9 up to become interested and familiar with them. Surely this lead in many cases to early ownership of these weapons. Probably many of the fathers of the children who would be in this club will have such weapons in their house for their own use, which might be easily available to a determined, fascinated youngster. A youngster, perhaps, who might want to show off his familiarity with these rifles and guns to our 9-year-old boy.

What Goes On at Your Library

By Virginia Leonard

"Reading is the key that unlocks the record of human progress and opens the door to the wisdom of the ages. The love of good books, acquired in childhood, can lead to lifelong opportunities for education and enjoyment.

"During National Children's Book Week we are reminded of our responsibility to encourage good reading habits among young people. This is an important education effort and one that deserves the attention and support of all those who share in our children's search for knowledge."

These words were the late President Kennedy's endorsement of last year's Book Week, and are just as meaningful today as they were last November. This year, the 46th annual celebration of National Children's Book Week is November 1-7, and everywhere in libraries, bookstores, schools and homes, the new slogan: SWING INTO BOOKS will be featured.

The main poster, illustrated by Bruno Munari, has imaginatively used the legs of a giant magenta flamingo for his swing, where a little girl sits calmly reading (what else?) while two green and blue butterflies flutter about the large bird. His head is bent down in an attitude suggesting that he, too, might be interested in the book the youngster is reading!

Preceding this famous Week, the Children's Department of the Grosse Pointe Public Libraries will have a tea at the Central Library on Wednesday, October 28, at 3:45 p.m. On this occasion, Miss Elizabeth Howard Mizner, one of our own Grosse Pointe authors, will be the speaker. She has been given carte blanche as to her topic, but undoubtedly it will incorporate her own experiences as a writer. Miss Mizner, better known as Elizabeth Howard, is a well-established writer of books for young people. Her latest, VERITY'S VOYAGE, released October 7, deals with a sixteen-year-old girl who accompanies her cousin, Una, to Providence Colony in the West Indies, not knowing that a Spanish attack upon the island will save her from a dowryless, loveless marriage to an old man. Tangled romances are eventually sorted out and Verity is left to anticipate a happy marriage to an English-speaking Dutch carpenter, and a future life in a settlement north of Boston. Girls who are fans of Miss Mizner will be glad indeed to know that she has a new book out! We are hoping that all elementary and junior high school teachers, as well as any interested adults, will turn out on October 28 to hear our speaker.

And now that we've gotten down to some book titles, I might mention some that are listed in the above-mentioned GROWING UP WITH BOOKS: "250 books which every child should have a chance to enjoy." The listings go chronologically from suggestions for the very young, such as THE REAL MOTHER GOOSE and THE TALE OF PETER RABBIT, on up to THE STORY OF BABAR, CURIOUS GEORGE and A HOLE IS TO DIG. In the 3 to 9 category we have titles such as A CHILD'S GARDEN OF VERSES and John Ciardi's I MET A MAN. In 5 to 9 we find MR. POPPER'S PENGUINS, THE WIND IN THE WILLOWS, and THE BLIND COLT. Ages 9 to 12 can choose BEN AND ME, ONION JOHN and Walter Farley's THE BLACK STALLION. And so on to ages 12 and up, ending with ABRAHAM LINCOLN'S WORLD by Genevieve Foster. So let's swing with books this year, shall we?

How to swallow a bitter pill
By FRED KOPP, R. Ph.
First, find a bitter pill. There are so few nowadays. It all started because children bless 'em, are so good at resisting bad-tasting medicine. You can medicate their chins or hair, but getting the stuff in their is beyond the ken of science. Kids can spit a country mile. So pharmacists began sugar-coating pills, putting medication in capsules, or mixing with sweet syrup. And we soon found that adults, too, like medicine the easy way. So now, most of our prescriptions are quite pleasant to take. If you should run into one of the few bitter ones, believe us, there are good medical reasons for it.

Harwelis Off To Majorca

The Harwells plan to return at the end of February in time for Mr. Harwell, well known broadcaster for Tiger baseball games, to be present for spring training.

William J. Pulaski, airman apprentice, USN, son of Mr. Joseph W. Pulaski of 1080 1/2 Lakeview, participated in a Navy-Marine Corps amphibious warfare training exercise called "Hard Nose" at Camp Pendleton, Calif., October 6-17; while serving aboard the anti-submarine warfare support aircraft carrier USS Bennington. The operation tested the flexibility of 11,000 Marines in an amphibious landing. They were deployed in 39 ships manned by over 8,000 Navy men. The scene of the exercise was a hypothetical group of "native villages." As they were attacked by a 2,000 man "aggressor" force, a Marine Landing Team practiced counter-guerrilla warfare and helped restore law and order. American "citizens" were evacuated; then the 11th Marine Expeditionary Battalion prepared to land. Naval forces at sea were opposed by "enemy" submarines and air attacks. The landing movements were met with "aggressor" type action, as the marine amphibious force and helicopter units commenced their beach assault.

Lovely, Lovely, LOVELY things are in store for visitors to the Christ Church Christmas Fair—1964!

Date of this most-looked-forward-to event of the pre-Holiday season is November 12, (exactly three weeks from today); place is the Christ Church Undercroft.

Under the chairmanship of Mrs. Paul P. Fischer, Mrs. Jeremiah V. Jenks and Mrs. Robert H. Kanzler, Fair affairs are "jelling" wonderfully well. Mrs. William C. Ford is collecting hostesses for the day, and the Shops are bulging with beautiful merchandise.

To whet buyer's appetites, we mention just a few of the exciting items available at the '64 Shopper's Paradise: Needlepoint belts and kits . . . pressed flower trays . . . tree ornaments . . . tots' and toddlers' goodies . . . hand knits . . . heirlooms . . . the famous baskets, (plus others, decoupage or painted) . . . and much, much more . . .

Delightful Visitors

Fall seems to be the season people choose to visit Michigan.

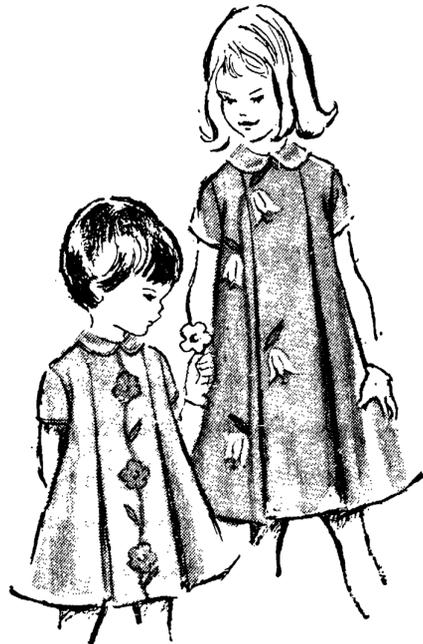

Billy Talbert, former Davis Cup team captain, was in town last week. His match at the Tennis House, with Walter B. Ford as partner against Ralph McElvenny and Donald MacKay, drew quite a gallery. Later, the McElvennys entertained at a cocktail party for tennis buffs, with the visiting player as guest of honor.

Four charming ladies, Mrs. Robert Carrigan, Mrs. Harry Curtis and Mrs. Orville Horwitz, all from the Philadelphia area, and Mrs. Cole Coolidge, of Wilmington, Del., were here for the Midwest Antiques Forum at Henry Ford Museum and Greenfield Village.

The ladies met Jerry Smith, registrar of Ford Museum, on an art tour of Italy last May, were intrigued by his tales of Detroit, and came to Michigan to "see for themselves."

Appliques of Swiss Velvet Lace Accent Ivory Satin Bridal Gown; Newlyweds to Live in St. Clair Shores upon Return from Williamsburg

A reception at the Grosse Pointe Yacht Club followed the Saturday wedding of Martha Jane Simmerer, daughter of Mr. and Mrs. Herman Simmerer, Jr., of Touraine court, and Harry Andrew Lewis.

The Right Reverend Monsignor Frank J. McPhillips officiated at the 12:30 o'clock ceremony in St. Paul's on the Lakeshore.

The bride's ivory satin gown featured a scooped neckline and elbow length sleeves. Her Empire waistline was accented with Swiss velvet lace appliques, and her full Chapel train was detachable.

A double Dior bow of matching satin, trimmed with Swiss appliques, held her bouffant veil of imported illusion. She carried a cascade of white roses, with ivy.

In identical floor length

gowns of Ming blue chiffon, with emerald velvet Empire waistbands, were the attendants, matron of honor Mrs. Wallace G. Harper, and bridesmaids Mary Susan Duffy and Carol Burke Ternes. Their headpieces were velvet bows.

Junior bridesmaid Marianne Simmerer, the bride's sister, wore a matching blue chiffon frock, with velvet waistline detailing. She carried a basket of Ming blue mums and ivy.

The senior attendants carried cascades of blue mums and ivy. The bridegroom asked his brother, Gerald P. Lewis, to serve as best man. They are

To Acclaim Quartet At Interfaith Dinner

Maryglade College will Benefit from Annual "Knight of Charity" Award Night; Four Men to be Cited for Humanitarian-Philanthropic Work

Mrs. Hugh C. Daly, of Edgemont Park, has accepted the chairmanship of the Women's Committee for the "Knight of Charity" award dinner for the second year. The dinner will be held Tuesday, November 17, at the Sheraton-Cadillac Hotel.

Assisting her in making initial arrangements for the affair slated as an interfaith event are Mrs. William M. Walker, Jr., and Mrs. J. Addison Bartush, both also of Grosse Pointe, Mrs. Ernest A. Jones, of Bloomfield Hills, and Mrs. Paul Zuckerman, of Franklin.

Detroiters who are lending their talents in arranging for the dinner are Mrs. Benjamin Levinson, Mrs. Louis C. Miriani and Mrs. Lester J. Morris. Hostesses from the metropolitan area will be named later.

Given under auspices of the trustees of Maryglade College, Memphis, Michigan, which is conducted by the PIME Missionaries of St. Peter and Paul, the \$100-a-plate dinner will honor four men of three dif-

ferent faiths who have distinguished themselves in humanitarian fields and philanthropic work.

K. E. Staley, G-M vice president, as dinner chairman, will make the award presentations to Adolph and Irving Goldberg, owners and managers, Community Theaters; Thomas H. Keating, former director and group vice president in charge of passenger car division, General Motors, and Ralph T. McElvenny, president of Michigan Consolidated Gas Company. The Goldbergs are Jewish, Keating, a Catholic, and McElvenny, a Protestant.

At Maryglade College, founded in 1960 under the direction of the Pontifical Institute for Mission Extension (PIME), young American men are trained for volunteer work in religious, educational, medical

All have distinguished themselves in humanitarian fields and philanthropic work.

and social fields in underdeveloped nations of the world. The Rev. Fr. Nicholas Maestrini, PIME, Maryglade president, points out that the young men on completion of studies go to Asia, Africa and South America to relieve human suffering, to care for orphans and lepers, establish schools, teach, organize cooperatives and, in general, work to raise the standard of living for these underprivileged peoples, without regard for race, color or creed.

The award presentation follows the tradition established in 1954 when it was bestowed for the first time on Hollywood's Pat O'Brien. George A. Gar-

dolla, president, George A. Gardolla, Inc., was the first Detroit to receive the honor. Last year's recipients were Frank R. Gerbig, Sr., president, United States Fastener Corp.; Alfred R. Glancy, Jr., president and director, Realty Investment Corp., and Paul Zuckerman, president, Velvet Food Products.

Other local recipients include: Benson Ford, vice president, Ford Motor Co.; Eugene A. Casaroli, president, Automobile Shippers, Inc.; Benjamin Levinson, president, Franklin Mortgage Corp.; Al Borman, chairman of the board, Borman Food Stores, Inc.; Stephen J.

Bartush, founder of Shedd-Bartush Foods; John E. Lurie, founder and former president, Wrigley Super Markets; Anthony DeLorenzo, vice president, General Motors, and the Hon. Alvin M. Bentley, of Owosso, former eighth District Congressman.

Besides Casaroli, Gardella, Levinson, Bartush and James M. Roche, G-M vice president and board member, Maryglade trustees include former Detroit Mayor Louis C. Miriani.

In the long haul it's not what a man falls for, but what he stands for, that counts.

Reception at War Memorial Follows Ceremony; Home in Dearborn Awaits Newlyweds Upon their Return from Chicago

The marriage of Susan Marie Munk and Charles Lewis Howe was celebrated Saturday, October 10, at a noon ceremony in St. Paul's on the Lakeshore.

Mr. and Mrs. Charles Ferdinand Munk, of Somers road, are the bride's parents. The bridegroom is the son of Mr. and Mrs. Edward V. Howe, of Fisher road.

For her marriage, the former Miss Munk chose a gown of candlelight peach de soie, styled with a bateau neckline outlined in Alencon lace and trimmed with seed pearls. Her full skirt

ended in a Cathedral train. Her silk illusion veil fell from a small peau de soie circlet, and she carried an arrangement of stephanotis and white orchids.

Her attendants, Shirley Wise, Suzanne Bauer and Mary Jane Howe, the bridegroom's sister, wore formal gowns of willow green velvet with green, metallic-fabric bodices and bolero

jackets. Their headpieces were matching bows.

Maid of honor Beverly Lisiecki was dressed identically, but in bittersweet velvet. The attendants carried cascading bouquets of bittersweet daisies.

Flower girl Mary Patricia Howe, the bridegroom's niece, wore a short bouffant dress of gold taffeta and carried a small basket trimmed with a daisy bouquet.

E. Dudley Howe served as his brother's best man. Ushering were Bill Dennes, John Woodruff and Charles F. Munk, the bride's brother.

The bride's mother chose a beige and gold suit with matching accessories, while the bridegroom's mother wore an autumn brown silk suit with a willow green velvet hat. Both mothers wore green orchid corsages.

Also present at the ceremony were the bride's grandmother, Mrs. David Peter Keister, of Grand Rapids, and the bridegroom's grandmother, Mrs. Hazel Dudley, of Wichita, Kan.

The reception and breakfast were held at the Crystal Ballroom of the Grosse Pointe War Memorial.

Mediterranean Holiday Booked

The Grosse Pointe War Memorial has declared a Mediterranean Holiday the night of Thursday, November 5, at 7 o'clock. Everyone joining the party will be served a Riviera repast in the Memorial's Crystal Ballroom. The meal will be made up of delicious dishes of French and Italian cuisine for which guests will be given the recipes.

Following the banquet, beach and resort wear featuring colorful and daring bikinis will be modeled by some of the Pointe's most charming young ladies and their male escorts. There will be music to capture the essence of Capri and Cannes.

Then the party will be film taken abroad for a complete circuit of the blue Mediterranean stopping at ports of call along the European, Middle Eastern and African coasts. Favors will go to everyone and prizes to some.

Reservations are being taken now for this gala at the Center's office. One may either book in person or by check through the mail. It's \$4.50 for dinner and the entire evening.

At a noon ceremony in St. Paul's on the Lakeshore October 10, SUSAN MARIE MUNK, daughter of the Charles Ferdinand Munks, of Somers road, spoke her wedding vows to Mr. Howe, son of the Edward V. Howes, of Fisher road.

Moon-Latzman Vows Spoken

Elaine Patricia Latzman, of Detroit, spoke her wedding vows to Glen Calvin Moon, son of Mr. and Mrs. Walter Moon, Barrington road, at an early evening ceremony Saturday, in the Children's Chapel at the Methodist Children's Village, Detroit.

The Reverend Adrian T. Warford officiated at the 6 o'clock rites.

The bride chose an Elizabethan gown of ivory brocade, featuring a high bodice and a sheath skirt, ending in a Chapel train. She designed and made her headpiece, a pearl and brocade band, circling her face, from the dress fabric.

Her short bouffant veil fell from a small ruffle attached to the band. She carried a nosegay of ivory roses.

Maid of honor Virginia Weber wore a gown of cinnamon silk organza over taffeta, identical in style to the bridal gown, but without a train.

Flower girl Sandra Jolliff also wore a gown similar in style to that of the bride, but in an apricot shade of silk organza over taffeta. Both attendants wore wreaths of myrtle leaves in their hair, and carried nosegays of orange roses.

Robert Moon served as his brother's best man. Ushering were James Arnold and Robert McAllen, of Ann Arbor.

'Lighter Side' Series Popular

The Grosse Pointe War Memorial Association's second season of the "Lighter Side of Life" series has been sold out for many weeks. The first evening of the series will be Monday, October 26, when the feature attraction will be the Glenn Miller Band under the direction of Ray McKinley.

The crowd will first gather at the Grosse Pointe Hunt Club promptly at 7 o'clock for cocktails and hors d'oeuvres (by subscription). Then they will move to the Memorial's Fries Theatre to enjoy the Miller Band in concert. At 9:30, those with tickets for the first sitting will be served from a buffet in Alger House while the rest of the group kick up their heels to Glenn Miller's music in the Crystal Ballroom. At 11 o'clock the second sitting will be served in Alger House and the first sitting will be able to dance in the ballroom.

Because there are still many people hoping to get tickets to these performances, anyone with tickets unable to use same is urged to bring them as soon as possible to the Center's office.

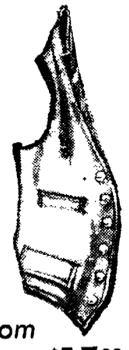

Opportunities are seldom lost—the man behind you often picks up the ones you miss.

Hildegarde, the world's best known chanteuse, will appear on November 16 in the Fries Theatre. Her performance will be preceded by 6 o'clock cocktails in the home of Dr. and Mrs. Robin C. Buerki, 205 Lake Shore road, and a sitdown dinner at the Grosse Pointe War Memorial.

On Washington's birthday Mr. and Mrs. James E. Gibson will open their Lincoln road home for 6 o'clock cocktails. Again dinner will follow at the Grosse Pointe War Memorial. The final performance will feature selections of Noel Coward played by the most outstanding acting couple in Britain, Hannah Watt and Roderick Lovell.

Because there are still many people hoping to get tickets to these performances, anyone with tickets unable to use same is urged to bring them as soon as possible to the Center's office.

THE WEE PLACE CALLED BANTAM BAR

The Bantam is a relaxing change from most other taverns. It's cozy. Curiously quiet. Enormously friendly. In minutes, everyone knows everybody. It's that kind of bar. What makes Bantam that way? Its tiny size, for one thing. The unusual decor, for another. A cock-fighting theme is muralled on the walls. The lighting, too, is rare. Dimly flickering chandeliers simulate the gaslight fixtures of days gone by. It's very intimate. Drop in before dinner. Or after the theatre. Or just any time you're in our neck of the woods. (You really should.) We promise you a "cordial" welcome. Respectfully, Bantam Bar, Sheraton-Cadillac Hotel, Downtown Detroit.

Co-chairmen are Mrs. Robert King, Jr., of Lakeland avenue, and Mrs. Earl Hoyt, of Nottingham road.

The road to the poorhouse has always been paved with gold bricks and broken promises.

'Elizas' Among The Flowers

MRS. F. SIBLEY MOORE, of Sunningdale drive, MRS. ROBERT H. KANZLER, of Lothrop road, and MRS. JOHN W. ANDERSON, II, of East Jefferson avenue, (left to right), will be local "Elizas" in the capacity of honorary hostesses for the gala benefit premier performance of "My Fair Lady" at the United Artists Theater Wednesday, October 28. These, among other hostesses, are working on the event, which is a benefit for the Founders Society, Detroit Institute of Arts, and sponsored by the organization's Activities Committee. Mrs. Joseph E. Bayne is general chairman of the evening, and Mrs. J. Crawford Frost, Jr., is ticket chairman. The premier is open to the public. All ticket-holders are invited to attend a complimentary Old English Afterglow at the Arts Institute, following the film.

Legion Ladies Care for Vets

Looking after the welfare of war veterans in nursing homes is an activity of increasing importance in the work of the American Legion Auxiliary, according to Mrs. Mary DelBarba, Rehabilitation Chairman of Grosse Pointe Unit #303 of the Auxiliary. This activity has been extensively developed during the past year and has attracted a large number of volunteer workers from the Auxiliary.

"Auxiliary Units in 36 states have worked on nursing home surveys," said Mrs. DelBarba, "finding many thousands of veterans in these homes. With the average age of World War I veterans now in the neighborhood of 70 years, and with more than two million of these veterans surviving, the extent of the task is evident.

"Many of the veterans in these homes have no families or no one interested in them. Our American Legion Auxiliary volunteers endeavor to provide stimulating outside contacts for these men, to bring them friendship and cheer, to provide them with comforts and to perform services for them. We feel that these men who defended the country in the strength of their youth deserve consideration in their old age."

The Auxiliary is also working with The American Legion to secure more adequate compensation and pensions for veterans of advanced age, and for their dependents.

A bill authorizing 4,000 additional nursing care beds in the Veterans Administration system, which was strongly urged by the Legion and Auxiliary, has been approved by Congress. This bill also provides for limited care in private nursing homes for certain Veterans Administration patients who have received maximum hospital benefit, and increases aid to state veterans home for nursing care patients.

Help push the community wagon along—too many prefer to ride and drag their feet.

Blue Devils Tie Fordson To Retain League Lead

By Ric Hendee

After a morning of flowers and signs and cheer, the Grosse Pointe High School players fought tooth and nail to manage a last-minute 13-13 tie with the over-powering Fordson Tractors Saturday.

The Devils went into their Homecoming game with four wins and plenty of confidence but Fordson was also ready.

Steve Davenport was there. They had taken him out of bed where he has spent a week recovering from a spleen removal, suffered in the Dondoro game, to sit with the team on the bench and watch Grosse Pointe "do it again."

Steve saw it all... everything. How John Reynolds intercepted a pass only two minutes into the game and ran across for the Devils' first points. How the ball went from one end of the field to the other until Fordson took advantage of an interception to give them a 7-6 half-time lead.

DEVILS PUSHED AROUND

And he saw how badly Grosse Pointe was pushed around in the third quarter until Fordson finally scored again to make it 13-6. And then came the fourth quarter, the thrilling fourth quarter when the Devil fans finally realized that even their team could lose.

And he saw even more... how the last 5 minutes brought new life and spirit into the stunned Blue Devils. And how Sam Thompson led the team slowly and painfully toward a tying goal.

As for the BCL crown... Fordson stands at 1-1 in league competition right now. The Devils are 2-1-0. It all rests on the future. Next week the Devils go to Monroe for another try. And loads of Grosse Pointe supporters will follow them there to root the team to the top. And right now they aren't very far from it.

Howe Threatens Hockey Records

By the time the Detroit Red Wings play their next home game a week from Thursday at Olympia, Gordie Howe should have erased another of Maurice Richard's records from the National Hockey League book.

Sid Abel takes his squad on a three-game trip this week, starting Wednesday against the Rangers in New York. The Wings will be in Montreal Saturday and in Boston Sunday. The next game in Detroit is Oct. 29 with the Bruins.

Richard, the former great star with the Montreal Canadiens, still holds the mark for most goals including playoffs with an 18-year total of 626 (544 in season play and 82 playoff goals). Howe's two goals Sunday night against Chicago gave him a career total of 625 (568 season goals plus 57 in the playoffs).

Thus, Howe who last Novem-

Hockey Records

ber broke Richard's regular season mark of most goals in a lifetime needs only two goals to capture another spot in the NHL record book. Gordie also is in range of an unprecedented goal figure this season: 600 regular season goals.

The Wings will go into Wednesday's game seeking to even their season record at two wins and two losses. Detroit dropped its first pair of games before beating Chicago Sunday, 3-2. The Rangers have won and lost once each and tied twice.

With Ted Lindsay's return last week from a four-year retirement, Abel now has a full squad of 20 players, two goalies, five defencemen and 13 forwards. Lindsay, wearing no. 15 instead of his familiar no. 7, is skating on a line with Eddie Joyal and Bruce MacGregor.

GPUS Knights Win Another

By RIC HENDEE

A 27-6 victory over Emmanuel Christian Saturday gave the GPUS football squad a record of 3 wins and 2 losses.

Earlier in the season the Knights got off to a poor start by dropping their first two games. Since then the University School team has gotten on the ball and they have gone "straight victory" with three in a row. Tomorrow night they'll try to make it four in an away game against Deckerville.

Mark Weiss started the scoring against Emmanuel Christian on a plunge from one yard out. Tim Martin booted the extra point and the game was 7-0 for the rest of the first quarter.

Weiss and Martin put together seven more points again in the second quarter. As Martin successfully kicked the extra point, he also succeeded in filling the emptiest position on the GPUS squad... that of a booter.

Before Martin's attempt with the pigskin, the Knights had tried several other players as the extra point kicker but most of the attempts were bobbed. Martin made three for four against Emmanuel Christian to fill the gap.

In the third quarter, Roy Pingel carried the ball across for the third Knight touchdown as he skipped 14 yards for the points.

After Emmanuel Christian pushed through the GPUS line for their lone score of the afternoon, Tim Martin duplicated Pingel's feat for another GPUS TD, and with a successful extra-point kick, the scoring ended at 27 for the Knights and 6 for the visitors.

Soup Bowl Game Set for Nov. 7

For the second consecutive year, Police Commissioner Ray Girardin is serving as general chairman for the annual Soup Bowl game. This year's game, the 17th annual, will be played Saturday night, November 7, in the University of Detroit Stadium.

The Soup Bowl is played for the Catholic High School football championship. The winner will meet the Metropolitan champion in the annual Goodfellow game.

Proceeds of the game go to the Capuchin Charity Guild Soup Kitchen on Mt. Elliott ave. Tickets are on sale at St. Bonaventure Monastery, 1740 Mt. Elliott, and at the ticket office in the University of Detroit Memorial Building.

Attends Parley On Education

Jack Doneth, business education instructor and distributive education coordinator at Grosse Pointe High School, was a participant in the Governor's Conference on Education for Distribution held October 20 at the Lansing Civic Center.

His topic was "Distributive Education in the Comprehensive High School." Mr. Doneth was one of the leading educators and business people from throughout the State invited by Governor Romney to attend the conference.

In his announcement, Governor Romney said, "As Michigan experiences industrial expansion, it is important that we take a searching look at the growing need for persons trained in distribution. Production is dependent upon distribution, and since we can expect jobs for sales workers, managers and proprietors to increase about 30 percent over the next decade, it is essential that those educators engaged in the profession of educating and training persons for work in the field of distribution be thoroughly prepared to meet the mounting demands and opportunities."

WORLD'S FAIR CLOSES—Two priests close the cage guarding the Pieta as the World's Fair in New York shuts up shop till next season, which begins in April. Ultra high security precautions are taken on the famous Michelangelo statue.

SAD NEWS—Don Braswell and Willie Phipps rescue two kittens from a rooftop as the Neuse River creeps toward the eaves in Pine Valley, a subdivision in the Goldsboro, N.C., area. It's the worst flood since 1945 with some 800 families being evacuated.

INSTANT BRIDGE—Swedish soldiers guide a tank (upper) over the nation's newest military invention, called a Bridge-Layer. The Bridge-Layer is transported atop a tank (lower), and is capable of supporting 60 tons. It is 47 feet long, and is operated hydraulically. When maneuvered into position, a long beam is stretched over the gap. The beam then pulls the bridge across via a heavy chain. After the crossing, the bridge is retracted back to its position atop the tank.

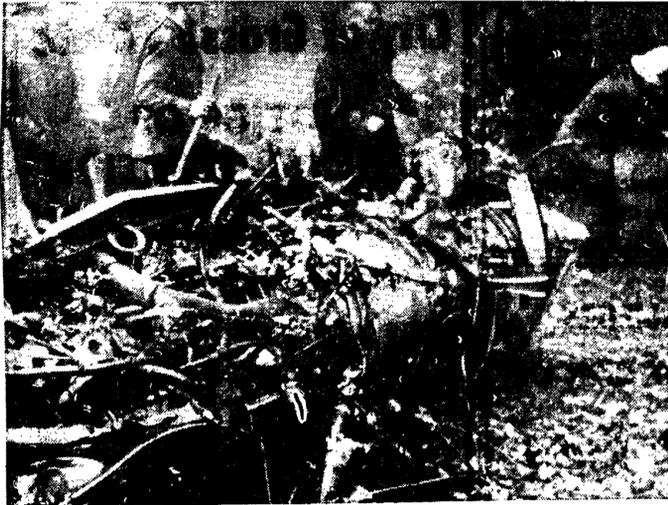

THIS MAY HAVE BEEN THE START DOWN—Nikita Khrushchev is shown addressing a recent high-level Communist Party meeting at which Leonid Brezhnev (left) was elevated to deputy party leader. Now Brezhnev is first secretary, the top post Khrushchev held. The photo and caption information come from an official Soviet source.

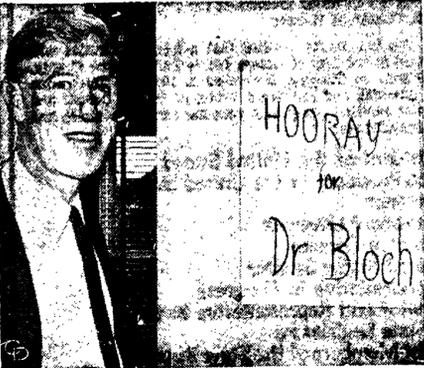

TYPEWRITER HEIRESS Gamble Benedict (left) smiles at court in New York on winning an annulment of her four-year marriage to former chauffeur Andre Forumbeanu (shown). With her is her star witness, Helma Forumbeanu, Andre's first wife, to whom Gamble claimed he still is married because of a fault in his Mexican divorce. Between them is Andre's and Helma's daughter Gigi. Gamble testified that Andre was an unfit father, a bully, a Casanova, a drunk, a parasite, shiftless and a playboy. She said she spent half million dollars supporting him.

HOSTAGE—Congo Premier Moise Tshombe sits stolidly in Orouba Palace in Cairo, held hostage by U.A.R. President Gamal Abdel Nasser. At right is one of Tshombe's secretaries. Tshombe was held when he arrived for the non-aligned nations conference because Congolese troops surrounded the U.A.R. and Algerian embassies in Leopoldville.

TOP MARSHAL'S DEATH CRASH—Firemen and rescuers search the foggy scene near Mount Avala in Yugoslavia where a Soviet airliner crashed, killing Marshal Sergey Biryuzov, the Soviet's highest military officer, and 17 other persons. (Cablephoto)

A NOBEL GREETING—Dr. Konrad Bloch, 52, Harvard biochemist, is greeted by a congratulatory message on his office door in Cambridge after word that he is a Nobel Prize winner. He shares the award for medicine with Prof. Feodor Lynen of Munich, West Germany, for cholesterol research.

PROXY WEDDING—In Santiago, Chile, Judge Miguel Imas conducts a wedding ceremony uniting 17-year-old Marcella Rodriguez Tietz (right) with Jorge Alvear, in Jersey City, N.J. The bride's father, Raul, stands beside her, representing the bridegroom. The other two are her mother and brother. (Radiophoto)

DOGGED OUT—After winning the medium field championship at the International Dog Show in Budapest, Hungary, 2-year-old Hamlet Astor dons a parky hat and specs, and to top it off, puts a cigar.

SOVIET ORBITERS—This recent photo of the Soviet three-man space team was released in Moscow. From left: Col. Vladimir M. Komarov, Dr. Boris Yegorov, Konstantin Feoktistov. Their dress for the 16-orbit, 24-hour flight was described as similar to this. (Cablephoto)

TIME FOR A CHANGE—During his California campaigning, vice presidential candidate Hubert Humphrey made this shirt change stop along road from San Jose to Berkeley.

SLAM AT SOVIET—Elaine Jewett, 18, a skater with a touring ice show, sits on rail of the liner United States in New York and takes a whack at Soviet hospital. She said she underwent an appendectomy performed by a woman doctor in the Soviet. She said only novocaine was used, the operation left her with several infections, and she left a day early because of filth. She's from Santa Monica.

ASK\$ HELP—Republican National Chairman Dean Burch tells reporters in Washington that he is appealing for voluntary contributions to buy TV time for Barry Goldwater to respond to President Johnson's broadcast on world affairs. He claims there is a "communications block" thrown up by the White House against Goldwater.

SPY TRIAL—John William Butenko, 38, former defense plant electronics engineer, walks to the federal building in Newark, N.J., for a session of his trial on spy conspiracy charges. Reds again.

HIGH SPEED DIVE—Craig Breedlove streaks past a marker (top) on his 526.28-mpm record land speed run on the Bonneville Salt Flats, Utah, only to wind up in a canal (lower left) when the dogie chutes snapped off and he couldn't stop soon enough. He pushed back the cockpit canopy of his Goodyear-Shell "Spirit of America" and swam to safety, to be congratulated by his crew (lower right). Breedlove is dark haired man facing the camera.

the danger of the United States' launching nuclear war." It also proposed to the governments of the world that a universal summit conference be called to discuss the question of a complete prohibition and the thorough destruction of nuclear weapons. President Johnson stated that the nuclear test was more of a tragedy for the Chinese people, because of their poverty, than a threat to world peace.

BY A NARROW MAJORITY of four House of Commons seats, the Labor party won control of the British government after 13 years of the Conservative Party's administration. Harold Wilson, Labor Party leader, immediately became Prime Minister replacing Sir Alec Douglas-Home. In spite of his slender majority, the new Prime Minister said that the Labor Party felt it had a complete mandate for "many changes" over the whole field of government.

IN THE CRAZY, MIXED-UP world of sports, the managers of the top two teams in the field of baseball lost their jobs yesterday. Yogi Berra was dismissed by the American League champions, the Yankees, and Johnny Keane resigned as manager of the Cardinals, the World Series victors. The only reason given for Berra's dismissal was that it was better for all concerned. Berra, however, accepted a two-year contract to remain as a "special field consultant" with the Yankees. Keane's resignation came as a surprise to the Cardinals' front office which had expected to rehire him for the coming season. Keane said only that it had

Seniors' Show Great Success

The biggest and liveliest show to hit town this year is running at the Detroit Historical Museum through November 1. You have to see it to believe it! There are over 1700 articles on display... all made by hand.

They show ingenuity and inventiveness. They range from the age-old crafts to the modern novelty. Some represent years of training; while others are the work of a few hours. Above all else they show that our grandpas and grandmas are not sitting in their rockers waiting for their children to visit them. They are out teaching the young-fry how to find happiness in hobbies.

Six times a week they gather at the museum to put on live-demonstrations of their skills. They work copper, wood, wool and paper; they paint with oils and water colors; they draw with soap and seeds and create cunningly with dried apples. Their reward is the delighted squeal of a child and the awed silence of the adults... far more than the tag marked "sold". They are doing more than teaching skills; they are

teaching respect for time and talents. In this machine age, they are placing a stamp of approval on the label marked "hand-made". And they are enjoying every moment of their golden years. It's incredible, exciting... and an education! For details on time and place, call the museum any day but Monday, from 9 a.m. to 6 p.m. (FA 1-1701). Warning: If you're allergic to crowds, don't come. This is strictly for the young in heart.

Library Offers Election Movie

The Grosse Pointe Public Library is featuring a film of special interest. The film is very timely and a Silver Award winner. The title of the film is "The True Story of an Election," a comprehensive document of Democracy-in-action, compiled as the events actually took place.

Both candidates approved the script and the edited film, to assure accuracy and balance. The story of one election campaign for Congressman is seen from both sides, with all the feeling of conflict over deeply felt principles. The film is 56 minutes long and in color. You are invited to view this timely film Friday, October 23, at 7:30 p.m., in the Meeting Room of the Central Library.

FOR SALE BY OWNER
764-766 Trombly, Duplex. Will sell on land contract. 821-5526.

BEACONSFIELD—4 Family flat, 4 gas furnaces. Will show 9 1/2 net on total price. Present 2-1744, evenings.

OUR OWN HOUSE tour will commence at 2:30 Sunday afternoon, at 19900 Fairway Drive. The house is located on the dead end of Fairway, which accesses from Fairford. Tour guide, Mr. Borland, will be glad to answer your questions, but this three-bedroom, bath and a half ranch really speaks for itself. We'll whisper the price because the neighbors might complain... it's too low... \$35,500.

ON MT. VERNON and yearning for a new owner. This gay deceiver has three honest bedrooms with two full baths. Not only is there a separate dining room, but also a family room overlooking the backyard patio. Vacant and ready for you and your furniture.

YOU ALL should tote yourself out to Duval... where you can take in this "spread" nestled on a Texas-width lot. The view out the kitchen and family room windows takes in the "back forty" with more than enough range area to tire the bravest Injun fighters and their faithful dog. Hold those barbecues outside or in the tremendous kitchen where a fireplace has been built in. Four bunk rooms and all kinds of inside plumbing. Round up the family and we'll corral the owner. He'll have our hide if we don't sell this one soon.

DOES THIS FILL your order? A newer colonial in the Farms, which has two second floor baths and four family bedrooms. The first floor has living room, separate dining room, and a large activities room. The kitchen has plenty of eating space and built-ins. Two-car garage up front on a short driveway, so very little snow to shovel. What's the catch? You make the catch of the year... just \$49,500 with carpeting and draperies.

NONE OTHER LIKE it in the Farms. Check these features: Two full baths, four bedrooms, divided basement, two-car garage. Now check your pocketbook. Chances are you can afford all this house, because it's priced in the mid thirties... and on Handy Place.

JUST OFF Windmill Pointe Drive on Middlesex, is the location for this attractive English house. The kitchen has been completely redone, which will please mother. Five family bedrooms serviced by two and a half baths.

RAMBLE ABOUT in the luxury of gigantic rooms with fireplaces greeting you in most of the bedrooms and in living room, and dining room. This is truly one of the Pointe's fine houses. Immaculate foyer and a magnificent staircase leads up to five family bedrooms, each with its own bath. Plenty of additional rooms for help or family, if required. Ready and waiting to be appreciated and sold.

COULD IT BE that you actually would make a move if you could "trade" that larger house you now rattle about in for a petite mansion with just the room you really need, but not giving up the larger rooms to which you have become accustomed? Allow us to show you this little big French house that could be the logical house for you. Just a block to the Lake Shore... Call and we'll tell you more.

"The Reward of a thing well done—is to have it done."

who, where and whatnot

by whoozit

Accent to a beautiful home . . . is the magnificent collection of Doughty birds, perched perfectly in glass cases flanking one of Mrs. Henry Bourne Joy, Jr.'s Provencal road living room windows.

Our Pointer of Interest . . . Mrs. Henry M. Woodhouse, and her Education Committee, are responsible for a delightful—and successful—Mystery Bus Tour. Members of the Junior League of Detroit boarded their bus last week. No one knew the vehicle's destination (tour planners excluded) but all looked forward to an on-the-spot enlightenment of Detroit as it is, and as it is soon to be. First stop was Ford Auditorium, to hear Conductor Sixten Ehrling rehearse with the Detroit Symphony Orchestra. The bus then went to the office of International Village President Walter Shamie, who described plans for the Village and showed models of the proposed shopping and entertainment complex. Next, recent developments at Wayne State University were inspected, followed by Dutch treat lunch at the Detroit Institute of Arts' Kresge Court. The Mystery Bus riders drove through Hospital Corridor, which includes Children's, Women's, Harper and Grace Hospitals, and viewed the Brewster-Douglas Housing Development and St. Peter Claver Community House before returning home via the Gratiot-Lafayette Redevelopment Area. Tour director was Mrs. George E. Bushnell, Jr., past president of the Junior League.

Up in the air these days . . . is Eileen (Mrs. Henry E., III) Adelsperger, of Kensington road, who soloed at Detroit City Airport September 15. She has 30 hours of flying time to complete before she gets her license—which takes some doing, but ought not to be too difficult for a lady who "learned to fly in her spare time" . . . and paid for her lessons with saved-up grocery money!

And speaking of airplanes . . . Andy Anderson, of Fairford road, took his youngest daughter along on a flight to Oregon recently. Mother stayed home with the elder members of the Anderson brood. So far, so good . . . but what makes this story unique is the fact that the youngest Anderson, who flew off into the wild blue yonder with only papa to keep her company, was a mere 16 months old! According to Andy, the trip was pleasantly uneventful, the disposable diapers worked well, as advertised . . . and traveling with an under-two-year-old is about as problem-free as traveling with a more sophisticated companion.

The adled, absent-minded bridegroom . . . is a stock comedy figure, so Barry Colwell, who married Vicky Zaun in Jefferson Avenue Presbyterian Church last month, ought not to feel too badly if we tell this tale on him: It seems that Barry was fully dressed and ready to step before the altar when he discovered—to his horror!—that his pants cuffs had not been sewn up. His mother searched her purse, found a needle, but no thread (mothers of bridegrooms do not generally carry spoils of thread in their handbags during the ceremony—in fact, it's a rare bridegroom's mother who carries a needle). Undeterred, Mrs. Colwell calmly pulled two long hairs out of her own head, threaded the needle, sewed up the pants . . . and the impeccably dressed bridegroom made his appearance before the assembled congregation on cue, with nary a hair (his own, that is) out of place.

It is hard to believe that a man is telling the truth when you know that you would lie if he were in his place. —H. L. Mencken

Age is a tyrant who forbids at the penalty of life all the pleasures of youth. —La Rochefoucauld

The Haverford College cricket eleven went on a tour of the English public schools during the summer of 1900. Their visit to Winchester was marred by the loss of a teaspoon when the American boys dined "in hall." The professor in charge of the team assembled his charges and implored the criminal to confess his guilt and return the spoon. But the spoon was never found.

Thirty-five years later, a member of the Haverford eleven was visiting Winchester with his wife. "In this very room, my dear," he said, indicating the long table by a sweep of his hand, "I ate in hall, back in 1900, with the Haverford cricket team."

"Beg pardon, sir," put in the attending servitor, "but would you be knowing anything about a spoon?" —W. O. Stevens, "Forever England"

It is not only the most difficult thing, to know oneself, but the most inconvenient one, too. —Josh Billings

Pointer of Interest

MRS. HENRY M. WOODHOUSE, OF RENAUD ROAD

By Janet Mueller

Joan Woodhouse is a transplanted Easterner who loves living in The Pointe. "Everyone here is awfully lucky—a lot luckier than they think," she maintains. She came to the Middle West as a bride, from New Jersey, and appreciates the closeness of our suburb, with schools, shops and doctors only minutes away, and the nearness of a Big City, with good music and theater available at the end of a short automobile ride.

Her family kept an apartment in New York as well as a New Jersey home, and Joan went to school in Manhattan. She still visits the New York area often, maintains contact with many of her school friends, is struck by the differences between her life and theirs.

Her friends who live in the city complain that every time they go out it's a production! They must dress up themselves and their children, take an elevator down 12 floors or so, always be on their "best behavior."

Her friends who live in the country complain that they never get into the city. Schools are much farther away in New York suburban areas, too . . . "I think I'm very fortunate to be in Grosse Pointe," Joan says.

Taught Kindergarten

The Woodhouses have two daughters, Hope, 8, and Amy, 6, both enrolled at Grosse Pointe University School, where Mrs. Woodhouse taught kindergarten for two years when she first came to The Pointe.

"I simply adored it," she says of her teaching experience, "and it helped a great deal when my own children came along."

Summers, Joan spends a good proportion of her time on the Country Club golf course. She enjoys the game, wishes she could play all year 'round, and is pleased at the course's proximity—"You're there in a few minutes"—another example of availability in our suburb.

Joan and "Mac" Woodhouse, ("My husband has always had a nickname; one of the reasons we called our daughters Hope and Amy is that they're two names you CAN'T make nicknames out of"), and their girls look forward to a traditional mid-summer month on Cape Cod.

"It's a chance for them (Hope and Amy) to see another part of the country," Mrs. Woodhouse explains. "The New England flavor is very different . . . I like the white clapboard houses, and I love to go antiquing on the Cape."

Helps Whole Family

She feels the whole family benefits from this annual, very relaxed vacation: "One of the worst things about the pace of life today is that children have no time to develop their creative abilities. In summer, it takes them about two weeks to unwind from school-year pressures. On the Cape, there are lots of children, and they all have the best time doing nothing."

Mr. Woodhouse concurs with his wife's opinions regarding pressures placed on today's children and young adults. A Yale graduate in Engineering, he is struck by the fact that many courses requisite for an Engineering degree in the '60's did not even exist during his undergraduate days, (which were, incidentally, not too long ago).

Another of Joan Woodhouse's interests is politics. Her mother is a National Committeewoman for the Republican Party. Joan grew up with politics, majored in politics at Sarah Lawrence, and is still interested in political issues and candidates although she is not actively involved in political work today.

Most of the political activity here takes place in the fall, when mothers are busiest and children are just starting school, she explains. She feels that, during these days, her major

concern should and must be her children.

Recognizes Obligation

But she also feels that a woman has an obligation to her community. She has been very active in Junior League work, serving as Education Chairman on the League's Board of Directors for the past two years.

She schedules her committee work while her children are in school: "I think the most important thing is to use your head and not over-commit yourself. But I also think it's good for children to learn that mother does something for others."

Currently, Joan Woodhouse's BIG project is the Planned Parenthood Christmas Mart, opening at 5 o'clock Tuesday evening, October 27, at Detroit's Veterans Memorial Building. Mrs. Woodhouse is the Mart's East Side co-chairman.

"This is my sixth year working for the Mart," she says. "I think it is a very unique fund-raising activity—people LOVE to work there!"

Over 350 volunteers have already pledged a minimum of four hours' time to the Mart, and Mrs. Woodhouse is still receiving calls from women who wonder why they haven't been asked to donate their services.

Twenty-two specialty shops are coming to the Mart this year. Ten percent of all sales will be donated to the Planned Parenthood League of Detroit, Inc., which supports 26 clinics in Metropolitan Detroit.

"Planned Parenthood is the only organization in Detroit to serve the indigent woman who needs pre-marital help as well as Birth Control information," Joan Woodhouse explains.

Is Sole Support

The major function of the Planned Parenthood League is to raise funds to keep the clinics going. The clinics receive no United Foundation monies; the League is their sole means of support.

Mother of two, Joan Woodhouse emphasizes that Planned Parenthood is NOT anti-children: "The idea of Planned Parenthood, I think, is no way to tell an individual how many children to have . . . but if a woman wants to limit her family, feels for medical or financial reasons she should limit her family, Planned Parenthood is most willing and eager to help."

The '64 Mart has been in the planning stage since last March. The first job is to sign up stores; many shops return year after year, but the committee tries to provide a few new shops each year.

One which Joan is particularly excited about is Abercrombie and Fitch, making its first appearance at the '64 Mart. She feels it should do well, as suburban Detroit is "a very sporty place."

"We in no way try to compete with Detroit stores," she notes. "Most of our items are strictly specialty items; we are giving people a chance to get things they can't get in Detroit."

At most of the shops, merchandise is sold On Order only, but this year The Gallery, with paintings, sculpture, prints and crafts, all at reasonable prices, is coming from Fort Lauderdale, Fla., and customers may take home their Gallery purchases.

All Price Ranges The shop committee tries to

make sure items in every price range are offered at the Mart. Mrs. Woodhouse is particularly fond of Betsie Corners Country Store, where children can buy penny candy and exquisite, old-fashioned dressed wooden dolls . . . and lots of other things, besides.

If a shop does not do well, the committee naturally wants to replace it. Joan Woodhouse remembers one store with absolutely outlandish prices. Her daughter, Hope, modelled a fur parka for this shop, and was desolate when mama wouldn't buy it for her.

Next year, the over-priced store did not put in an appearance at the Mart, (a footnote to this story: last year, Hope finally made the grade—her mother bought her her very own pale blue stretch ski pants, and a pair of cozy red after-ski boots).

Among Mrs. Woodhouse's favorite Mart purchases is a beige sweater, piped in green, with pheasant and acorn motifs. She would like a lovely miniature chest from the Barn at Ben Robyn, needlepoint from Mazaltov . . . and will probably find other things to want before the Mart closes Thursday evening, October 29.

There are many antiques in Joan Woodhouse's pleasant home in Renaud road. She appreciates art, is fond of visiting museums in other cities, and likes to find her own heirlooms. But she disclaims any ability in the do-it-yourself department:

"I tried re-finishing furniture once. It was such a miserable failure, I gave up. I think it's worth every cent to have it done professionally."

Love Steuben Animals

Her old pieces mix happily with her collection of Steuben animals, many of them gifts from her husband: "He loves them, too; he always knows what to get me."

If it is Mac's turn to receive a present, Joan usually chooses a framed, original migratory bird hunting stamp etching. The pictures, (Joan hopes Abercrombie and Fitch will show some samples at the Mart), hang in her library, "the room we always end up in."

She still loves New York—although she would not like to live there—and takes her children to visit Manhattan. Hope and Amy are good travelers; they like to visit cities and people. A family trip to Washington last year was "terribly successful," and both girls enjoyed their stop at the World's Fair this summer.

Hope and Amy will probably visit the Christmas Mart, too. "You know, there is no admission charge. Parking is always easy, and luncheon and dinner are available," their mother says.

"These Marts are all over the country now; various organizations sponsor them in different cities. We think ours is particularly 'fun'. That's what we really try to do: To give people a 'fun' day."

Through the years we have searched the far away corners of the world for new ideas and exclusive techniques—so that our top-flight stylists can offer you the ultimate in beauty and fashion.

We have been proud to be able to "hold that line"—the price line as well as "the lines" of many hair styles that have been "tops" in various seasons. On this our fifteenth anniversary our prices (with few exceptions) remain same—beautiful hair cuts \$2.00 and \$3.00—crème shampoo and hair style \$2.75 and Custom Perms by my expert staff from \$15.00.

Today I pause and give thanks to our clients (many of whom have been my regular patrons since 1936)—to Roberta for her kind words and good wishes—and to my employees that serve you so well. Need I remind you that the number to remember is TUxedo 1-6833.
