Cinema League Meets Jan. 13

Charles Helin will present films of Japan, accompanied by his commentary on this fascinating country, to the Grosse Pointe Cinema League on January 13, at 8 p.m. in the Fries Auditorium of the Grosse Pointe War Memorial. The Pointe public is cordially invited.

Tokyo, site of the 1964 Olympic Games, is thought by many to be the best introduction to Asia. For most tourists it is the gateway to Japan. This city of 10 million people, largest in the world, is a strange combination of bustling activity, flashing neon lights, and old traditions. Beside the Ginza and shopping forays, tourists find visits to the National Diet Building, Meiji Shrine, and the Imperial Palace, open to the public only on two special holidays, January 2 and April 28, of interest.

Kamakura is the site of the shrine of the Great Buddha or Diabutsu. The more energetic tourists may climb to shoulder level inside the Buddha. The bustling port city, Yokohama, needs little introduction. Nor does Hiroshima.

It is around Nikko that many of the Japanese farms are to be seen as well as the famous Five Story Pagoda and the Torii Gate. Crossing the vermilion painted Sacred Bridge one visits the Toshogu Shrine, built in 1636. Leaving Nikko he drives through the Japanese Alps to Lake Chuzenji, which offers the best trout fishing in Japan and to Kegon Falls, one of the largest in Japan.

Kyoto, capital of Japan from 794 to 1868, has about 2,293 temples and shrines. The famous Zen Gardens and Golden Pavilion are here. Modern activities of Kyoto have made it an important producing center of fine silk fabrics, embroidery work, porcelain and lacquer ware. Visiting the ancient city of Nara, Japan's first capital from 710 to 784, is a must while in this area. Here one sees the Kasuga Shrine with its avenue of 3000 stone and bronze lanterns and Todai-ji Shrine housing a colossal bronze Buddha cast in the 8th Century, which is the largest bronze statue in the world.

Hakone, an extensive mountainous region between Mt. Fuji and the Izu Peninsula, is one of the most celebrated holiday resorts in Japan. Its great fame is chiefly due to its numerous and varied kinds of hot springs. Mt. Fuji is the highest and most celebrated mountain in Japan. It is also considered one of the most beautiful conical

Police Seeking Obscene Caller

(Continued from Page 1)
Ilim Weiss are combining their efforts in an attempt to establish a pattern of "Foul Mouth's" calls.

The detectives, in a joint statement, said they are distributing questionnaires to parents of children who have already been contacted by the obscene caller, as part of the method to establish the pattern of calls. They hope by this method that "Foul Mouth" can be apprehended.

Parents receiving questionnaires are assured that they are legitimate, Mast and Weiss said, and are urged to fill them out completely, and take or mail them to their respective police stations.

Fathers and mothers answering home telephones should hang up on anyone claiming to represent Channel 7, or any other channel, and conducting a survey on children's programs. Parents should alert their children to do the same, Andrews said. Call police at once, he added.

volcanoes in the world. There are 18 different eruptions on record, the last being more than 200 years ago.

Cinema League members and friends will enjoy these and many more beautiful scenes of Japan via Mr. Helin's excellent photography.

Thief Lightens Truck Shipment

A thief helped himself to a box containing wash cloths and towels from an interstate shipment truck-trailer on Thursday, December 30, and made good his escape.

According to information released by Woods police, Hector A. DeLarosa, 35, of 5661 Berwyn, Dearborn, parked his truck in the Woods Theater lot. A short while later, a man was seen running from the truck with an object in his hand.

A witness to the theft, another truck driver, told police he was going south through the lot, when he noticed a man running with a box in his hand. The trucker also noticed that the rear door of DeLarosa's truck was open.

The stolen box contained 25 dozen wash cloths valued at a total of \$70, and one dozen towels, valued at \$19, according to a sales sheet. The box was part of a consignment to the J. L. Hudson company at the Eastland Shopping Center, 8000 Eight Mile road, at Kelly.

The witness told police that the thief ran to a car parked on Bourne-mouth, occupied by another male, placed the box in the car and drove away.

The thief was described as being about five feet eight inches tall, weighing about 200 pounds, wearing glasses, dark trousers and a very dirty jacket, and a red hunting cap.

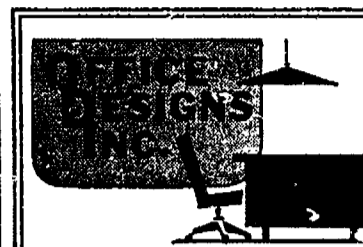

Municipal Plow Blade Vanishes

Woods police would appreciate any information regarding a snow plow blade that has been missing from behind the municipal garage since last summer.

Woods authorities disclosed on Friday, December 31, that the blade, valued at \$380, was discovered missing by Anthony Guaresimo, superintendent of the Woods Highway Department.

Guaresimo told police that the blade had been stored away since last spring, and was not missed until December 21, when it was to have been attached to a city-owned jeep. The plow could have been taken any time during the summer, he said.

The blade, invented by Guaresimo, was designed to fit a jeep. It was painted with a

Library Offers Unique Series

The Grosse Pointe Public Library is presenting a four-part series entitled *The History of the Motion Picture*. It is a unique series of films which trace the history of the movies from their infancy through what many historians believe to be the medium's "Golden Era"—the middle and late twenties.

Great classics of the screen are presented in a meticulously edited form, retaining all the ingredients for which they were justly famed. New musical scores, in the spirit of the original scores, enhance their value for today's audiences, while narration points out the films' significance in motion picture history, and provides interesting comment on the craftsman who made them.

FIRST FILM: PART I (27 min.) This film is a survey of ideas, techniques and stories of the films' earliest days—the first examples of things we now take for granted, ranging from the first time the camera moved, to the screen's first "talkie" (before Al Jolson) and the first Tarzan.

The second film to be presented will be *FALL OF BABYLON (INTOLERANCE)*. Made nearly 50 years ago and still acknowledged as the biggest "spectacular" of all, the D. W. Griffith production has enormous full-scale sets of old Babylon, fantastic battle scenes, thousands of extras, and amazingly realistic reconstructions of the life, habits and customs of these ancient times. Among the stars of the film are Constance Talmadge, Seena Owen, Elmo Lincoln, Alfred Paget, Elmer Clifton and Wallace Reid.

3 Boys Arrested As Car Thieves

Three 14-year-old Detroit boys, who stole a car in St. Clair Shores, then abandoned it in the Woods after stealing a Woods resident's car, were arrested by Detroit police on Sunday, January 2, at Warren and Lenox, according to information given to Woods authorities.

A fourth youth, the driver of the stolen car, escaped and is being sought by Detroit police, the information disclosed.

The captured teenagers were remanded to the custody of the Wayne County Juvenile Court authorities for investigation of car theft.

At 6:30 p.m. on December 31, George Pearson of 1389 Brys drive, called Woods police to report the theft of a car belonging to his wife, Ingrid. The car, he said, had been parked in front of the house since December 27, and was discovered gone by his wife, at 9 a.m. on the 31st.

Woods police sent out an all-points teletype, and Detroit police arrested the three in the car at 2:40 a.m. New Year's Day, and at 8:05 a.m., notified Woods police of the recovery of the vehicle.

At 10 a.m. on January 2, Woods Patrolman Donald Schmaltz, while on routine patrol, noticed a car parked opposite 972 Brys drive. Not having seen the car before, he made a larceny check, and received information that the vehicle had been stolen from St. Clair Shores the previous day. It was surmised that the automobile, owned by Max Stanton of 23207 Beverly, St. Clair Shores, was the same that was stolen and abandoned by the youths arrested in Detroit.

St. Clair Shores police were notified and the vehicle returned to the owner.

Woods Det. Sgt. Jack Mast said that charges have been filed with Wayne County authorities against the youths regarding the Woods theft.

Lake Survey's Ropes Retires

Gilbert E. Ropes, of 213 McKinley avenue, has retired effective 29 December 1965, after 30 years service with the U. S. Government.

A native of Michigan, Mr. Ropes was born at Muskegon on 2 July 1910, moved to Detroit with his parents while still pre-school age, and attended Detroit Schools. He received his Bachelor of Science degree in Civil Engineering from Michigan State University in 1934, where he was elected to membership in Tau Beta Pi, National Honorary Engineering Society.

He became an honorary member of Chi Epsilon at Wayne State University in 1961, and is a registered Land Surveyor in both the states of Michigan and Indiana.

Mr. Ropes began his government career with the Corps of Engineers as a Surveyman in Detroit in 1935, and after a short tour of duty at Vicksburg, Miss., transferred to the U. S. Lake Survey in 1937. The last 28 years of this service have been spent in various positions throughout the Lake Survey, his latest as Chief of the Hydrographic Branch.

Mr. Ropes had a number of outstanding assignments during his long association with the Lake Survey. He was the only United States member of the 3-man international committee which developed the new International Great Lakes Datum on the Great Lakes St. Lawrence River system. He represented the Michigan Engineering Society on the Subcommittee to Study Basic Geodetic Control and State Coordinates which proposed legislation—subsequently passed—to describe and define a system of coordinates for designating the position of points on the surface of the earth within the State of Michigan.

He has had several papers published, including one entitled "Vertical Control on the Great Lakes" in the April 1965 Journal of the Surveying and Mapping Division, Proceedings of the American Society of Civil Engineers.

He belongs to numerous professional and civil organizations. He is a Fellow, American Society of Civil Engineers and Member, Michigan Engineering Society, Michigan Society of Registered Land Surveyors, Indiana Society of Professional Surveyors, American Congress on Surveying and Mapping, National Council of Teachers of Mathematics, and Governing Board, United States Power Squads.

During his outstanding career with the Lake Survey, Mr. Ropes found time for part-time teaching from 1956 through this year. He has taught Civil Engineering, Mathematics, Astronomy, Surveying and Physical Science at Wayne State University.

THEFT REPORTED

Edmund Verbeke of 475 Elizabeth court, disclosed to Farms police on Friday, December 31, that someone entered his car and rifled his glove compartment. Missing, he said, is his wallet containing his driver's license, car registration and personal papers. The vehicle was parked in front of the house, he added.

REPORTS SKI THEFT

Woods police took a report from Joseph Miller, 48, of 550 Saddle lane, on Wednesday, December 29, in which he disclosed that someone broke into his garage and stole a pair of metal skis valued at \$70, ski bands valued at \$15; and a set of aluminum ski poles worth \$7.

The new council was created by the Michigan State Legislature during the latter part of 1965, and one of the council's first tasks is the drafting of minimum standards for local police training schools.

Chief Louwers was appointed for a two-year term. His appointment was subject to Senate confirmation.

Other police officials from Michigan law enforcement agencies were appointed to the council for various terms, ranging from one year to three years.

State Attorney General Frank Kelly and State Police Commissioner Frederick E. Davids, will also serve on the council.

Assailant Takes \$94 from Youth

A 16-year-old Detroit youth, a delivery boy for a Detroit pizzeria, was knocked unconscious and robbed by an unknown assailant on Saturday, January 1.

Park Det. Lt. Stanley Enders, investigating the case, disclosed that the youth, William D. Miller of 11293 Elmwood, was struck and robbed of \$94 in front of 821 Trombley, where he had delivered a pizza order at 8 p.m.

Miller told Enders that he was returning to the delivery car, when he was struck from behind with an unknown object. He did not see his assailant, he said.

The delivery boy said he apparently must have been unconscious for about 45 minutes, and when he recovered, he discovered that whoever had hit him, robbed him of his own money, amounting to about \$94. Money belonging to the firm was in another pocket, and was missed by the robber, he said.

Farms fire equipment and firefighters arrived at the scene in minutes, when Mr. Ford called in the alarm at 8:15 a.m. Five minutes after arrival, the firefighters had the fire under control; 27 minutes after the alarm was sounded, equipment and personnel were back at the station.

The entire family was sleeping, with the exception of one son, who, fire officials said, went into the living room to play with his toys. He plugged in the tree lights, which shorted out, and the tree burst into flames.

The fire was confined to the living room. The heat blistered the paint, and cracked the wall plaster in the room, and there was considerable smoke damage throughout the house.

Final Tribute Paid Paisley

Members of the Farms city council and city employees attended funeral services for Det. Sgt. Jack Paisley on Wednesday, December 29, to pay their final tribute.

The funeral procession passed the Municipal Building and police and fire stations, on the way to St. Paul's Catholic Church. Policemen and firemen stood at attention and saluted as the procession passed.

City Manager Andrew Bremer, Jr., authorized the closing of city administrative offices to permit city personnel to attend the final services for the late sergeant. The offices were closed only during the time of the church services.

Harvey then backed up and hit a car driven by Kathleen Marie Disher of 75 Fairford, forcing her car into one belonging to Kathryn Maryann Stark of 16178 Chesterfield, East Detroit, which in turn hit one driven by Clement John Bourne of 319 Rivard. Extensive damage was done to the Harvey car and one parking meter. Harvey was issued a ticket for reckless driving.

Family's Return Foils Burglar

The arrival home of the Norman Wolschlagler family on Sunday, January 2, apparently frightened away a burglar who entered their home at 1684 Allard, according to information released by Woods police. Entry into the house was gained through an unlocked window at the northwest corner of the house.

Mr. Wolschlagler, 48, told police that no member of his family was aware that the house had been entered, until one of the children went to his bedroom at about 9:15 p.m., and noticed the aerial of his television set had been lowered over the bed, and his window open. There were muddy footprints on the bed.

Wolschlagler called police. Pry marks were found on several windows of the house, police said, indicating that the thief made unsuccessful attempts to enter before finding the boy's unlocked bedroom window.

Police said that apparently the burglar did not have much time to go through the house, and must have been frightened away when the family came home. All that could be found missing was a lady's electric shaver.

Ski Club Plans Saturday Trips

The Grosse Pointe War Memorial's Ski Hi Club for students in grades 9-12 is planning two Saturday ski trips to local areas before they return for a weekend to their northern ski lodge.

On January 8 a trip will be made to Mt. Grampian and on Saturday, January 15, to Mt. Brighton. Each trip leaves the War Memorial at 8 a.m. and returns at 6 p.m. The fee for each excursion is \$5 which includes tow charges, round trip charter bus transportation, ski insurance and chaperonage. Group ski lessons are also included at Grampian.

Those wishing to go on either of these Saturday ski trips or the weekend trips to Boyne Mt. and Boyne Highlands, should register immediately at the Center. Cost of the weekend trip is \$28.50, including lodging, transportation, meals, lift charges, insurance and chaperonage. Only one bus load will be taken on all trips so those interested are advised to act quickly.

We Beg Your Pardon

Pity and apologies go to the Brides, the Mothers of the Brides... and to the Brides-Elect and their Mothers. It is a season of great anguish, for the pinch is certainly on the publicity which should be attendant on events of such great moment.

We can't recall another year in the more than 25 we have been publishing, when anywhere near this many Pointe girls chose the Christmas season in which to get married or engaged.

Last week, with a very small paper, (which is normal for this particular period), we found ourselves with 10 two-column pictures and two-column-headed stories of local brides.

We're very happy for the ecstatic young ladies involved, but we must confess to going through moments of despair when this week produced another dozen pictures and stories to be added to the 11 held over from last week.

Slight consolation is derived from the fact that the brides are honeymooning and not too interested in their publicity, while Mother is breathlessly tearing through the pages to see how well we've done by Her Nell, and reach a decision on how many extra copies to buy to send to the relatives.

We beg for patience and understanding. All of the stories are in type; all of the pictures have been converted to engravings, ready for printing.

What Goes On at Your Library

By Virginia Leonard

Guest Columnist: Robert M. Orr Director of Public Libraries

It is a pleasure and a privilege to be invited to write our special New Year's column. Nineteen hundred and sixty-five was a good year for the Public Library in most every respect.

the Library, and 597 meetings were held during the past year, attended by more than 13,000 residents.

As a suburban Public Library, it is impracticable to build a huge research collection. However, every effort is made to obtain books not available in the local collection from other libraries.

The above indicates to some extent the use being made of the three Public Libraries, and of the kinds of service given. No effort has been made to list the weekly summer film programs for children, the special holiday children's programs, etc., which constitute additional services of the Public Library.

Exhibit, Classes In Art Offered

A one-man show of oils, collages and drawings by Eleanor Smart, will open in the second floor Algar House Galleries of Grosse Pointe War Memorial on Saturday, January 8.

The works will remain on view for two weeks. This is a distinguished exhibit, some of which has hung in Paris and New York.

Four new art classes are starting at the Center too. Professor Robert Wilbert of Wayne State University will spend each Friday at the War Memorial beginning January 7.

Excellent community use continues to be made of the meeting room facilities at the Central Library. More than 75 organizations met regularly at

From Another Pointe of View

By Janet Mueller

The Junior League of Detroit is expecting a visitor, Mrs. Ruel T. Brown, of Toledo, O., Director of Region IV of the Association of Junior Leagues of America.

Mrs. Brown arrives in town next Monday afternoon, and will hold meetings with the local League's Admissions, By-Laws, Education, Nominating and Placement committees between 2 and 4 o'clock, at the Grosse Pointe War Memorial.

After business, comes the fun: A cocktail party with Board members at the Touraine road home of Mrs. Leo J. Fitzpatrick, Jr., followed by a subscription dinner at the War Memorial.

Then it's down to more business, the January Board of Directors meeting, scheduled after dinner, at 8 o'clock.

Mrs. Brown's topic at the League's first General Membership meeting of the new year, beginning at 9:30 o'clock Tuesday morning, in the Country Club of Detroit, will be "The Future of the Association."

Other speakers at the January 11 session will be Hilary Whittaker and Mrs. George E. Bushnell, Jr., past president of The Junior League of Detroit.

Miss Whittaker will review her volunteer experiences abroad with the American National Red Cross in Morocco and France from 1959 to 1962. Mrs. Bushnell will explain the history and purpose of the Grosse Pointe Human Relations Council.

Fifteen Junior Leagues in Michigan and Ohio make up Region IV, of which Mrs. Brown is Director. She is serving a two-year term that expires in May, 1966.

She is a graduate of Vassar College, mother of three children, a past president of the Junior League of Toledo and has served her League and her community in numerous capacities.

A Reminder

Just in case you're suffering from post-holiday amnesia, we'll remind you that the next Grosse Pointe Morning Musical is Thursday, January 13.

Appearing at the Country Club of Detroit will be Kenneth Smith, Metropolitan Opera bass-baritone, whose program is to include songs by Schubert and selections from Ravell.

DR. KARL FREDEN, his son ERIC and daughter SYLVIA, of Pasadena, Calif., spent Christmas week with his parents, the HENNING FREDENS, of Barrington road.

Airman Second Class JOHN G. VALADE, USAF, son of MR. and MRS. RALPH S. VALADE, of Hampton road, missed spending Christmas at home, but enjoyed a very "white" holiday. John, a '63 graduate of Grosse Pointe High School, had been stationed in Washington, D.C., came home on leave from November 19 until December 20, and arrived at his new post, in Labrador, December 21.

Burt E. Taylor, III, Pointe student at Lehigh University, Bethlehem, Pa., has won his numerals for participation in freshman cross country racing during the fall season.

DICK INGALLS, son of the REV. and MRS. RICHARD W. INGALLS, of Yorkshire road has been named the recipient of the Leo M. Butzel Scholarship at Cranbrook School, Bloomfield Hills. This scholarship was endowed by the family and friends and associates of the late Mr. Butzel who served as a trustee of Cranbrook School, and as a consultant and legal advisor to the founder of Cranbrook, George G. Booth.

Entertaining Dec. 19, at their traditional holiday Open House were MR. and MRS. JOSEPH SCHOENUTH, of Lakeshore road.

Guest speaker at the recent Distinguished Sales Award Dinner sponsored by the Memphis (Tenn.) Sales Executive Club was FRED NEUMANN, of Three Mile drive. MRS. NEUMANN accompanied her husband to Memphis for the dinner and attendant festivities, in-

cluding a party at the Memphis Country Club, where fellow guests were JOAN CRAWFORD and opera star MARGUERITE PIAZZA and her husband, WILLIAM CONDON. Miss Piazza, Mrs. Neumann reports, is quite an antique collector. As for Miss Crawford: She rises at 5:30 o'clock, eats a big breakfast and frequent small meals during the day. She says she is terrified of "live" audiences and could never do a Broadway show. "Baby Jane" was one of her most difficult pictures because everything depended on camera angles, and she was portraying a cripple in a wheelchair. Miss Crawford hasn't shortened her dresses. She doesn't think a woman over 30 should wear a short dress—but she DOES think any woman with a waistline should show it. She designs her own clothes. Both evenings, Kathryn Neumann notes, Miss Crawford wore white, choosing a floor length dress with a beaded bodice for the Awards Dinner. Kathryn, no slouch herself as far as dressing fashionably is concerned, also chose a white dress, its hem ringed with feathers, for the dinner.

Entertaining at a holiday champagne punch party last Thursday afternoon was MRS. BRUCE R. BARTSCH, of Ford court.

Vacationing in the Caribbean, Guatemala, Yucatan and Cozumel, Mexico, during the Christmas holidays were the GEORGE EDDINGTONS, of Fisher road.

St. Paul's on the Lakeshore was the setting for the Tuesday evening, December 28, wedding of Kathleen Louise Burke and Patrick Daniel Cunningham.

The bride's uncles officiated at the 6 o'clock rites, Father Walter Burke offering the Nuptial Mass and Father Robert Burke officiating at the vow ceremony.

The bride, daughter of Dr. and Mrs. Ralph Martin Burke, of University place, wore a gown of white peau de soie, designed with a sheath skirt and attached overskirt. Embroidered Alencon lace formed her bodice and sleeves, and appliques of the lace accented her skirt and Cathedral train.

A half hat of matching lace petals, trimmed with clusters of pearls, held her bouffant veil of imported illusion. She carried an arrangement of white roses, stephanotis and ivy.

Attendants, in floor length gowns of spruce velvet, styled with A line skirts and high-rise waistlines banded in satin, included Mary Ann Burke, who served as her sister's maid of honor.
