As Compiled by the  
Grosse Pointe News

Thursday, January 27  
GOVERNOR GEORGE ROMNEY today presented to the Michigan Legislature a record \$944.9 million budget for the coming year. His proposal calls for a \$126.6 million increase in spending over last year. The budget is based on the expectation that Michigan will have two successive years of high economic growth, and according to Romney, will use half of the accumulated surplus as well as all money in sight from current taxes. He said, however, "The budget I present reflects both fiscal responsibility and program responsibility."

PRESIDENT JOHNSON presented his economic report on the nation to House and Senate. He said the country must keep the lid on wages and prices and if it does not, he may be required to ask for higher taxes. He pointed out in the report, which generally depicted a glowing picture of the nation's economy, a record \$47 billion advance in the gross national product last year, great increases in personal incomes, higher corporate profits, record farm income and near-record employment levels.

FASHIONS MADE the news today when the Paris House of Christian Dior revived the Charleston dresses of the '20s with hemlines baring the knee. Low-slung belts and ribbons at mid hip, flouncing accordion pleats and wide bracelets completed the picture of the flapper girl. Featured with the "swinging" dresses were flat-heeled "little girl" shoes.

Friday, January 28  
MICHIGANDERS EXPERIENCED their first sub-zero temperatures of the winter yesterday when the thermometer dropped to five below in the city this morning and to 10 below in the suburbs. Adding to the frigid temperatures were 30-mile-an-hour northwest winds and scattered snow flurries. Meantime, across the nation winter also struck with full force. Fifteen inches of snow fell as far south as Richmond, Va., and freezing temperatures extended to the central Gulf and northern Florida.

SPONSORED BY Senator Vance Hartke (D. Ind.), 15 Senators signed a letter to President Johnson yesterday urging him to continue the suspension of U.S. bombing raids on North Vietnam. The letter quoted the "go-slow" opinions of Senate Democratic leader, Mike Mansfield, Chairman of the Senate Foreign Relations Committee, J. William Fulbright and senior Senate Republican George D. Aiken of Vermont. It is said, however, that the President's main concern right now is when to move and whether the air raids should be renewed on an increased scale.

WAYNE COUNTY BOARD of Supervisors leaders asked yesterday for a quick enactment of a county home rule bill which is pending in the State Legislature. The bill which was passed by the State Senate last year has been buried in the House's Towns and Counties Committee. If passed, it would provide for a county charter authorizing a full-time county executive, a more workable board and a more streamlined county governmental structure.

ROBERT B. EVANS, of Lakeshore road, millionaire Detroit industrialist, said yesterday that he is buying American Motors Corp. stock and has thus far acquired more than 200,000 shares. His announcement brought an end to the mystery surrounding the heavy purchases of AMC stock in recent weeks. The holdings would make Evans by far the largest single owner of the company's stock and would represent an investment of around \$1.8 million at recent prices. He said he bought the stock "because it represents a sound investment."

### Children Interpret Ballet In Art Work

Pictured here are three fifth graders at Richard Elementary School showing art work executed by them in connection with last Friday's trip to the Ford Auditorium to attend the dress rehearsal performance of "The Firebird Suite" by the Nelle Fisher Ballet Company of New York. Left to right are BETSY STILL, MISS CHRISTINE MITCHELL, fifth grade teacher; CINDY THOMAS, and CHARLES McLACHLAN. Prior to attending the performance, the children were encouraged to interpret their thoughts of the ballet in art work. Samples of the work of children in

Miss Mitchell's room, as well as those in Mrs. Carla Gutow's class and Mr. Ernest Alden's class will be on display at the Ford auditorium during the length of the ballet company's stay in the city. The children in the three fifth grade groups were guests of the Junior Women's Detroit Symphony Association. Mrs. Margaret McBride was chairman of the Richard project, Mrs. Patricia Birch coordinated the activity within the building, and Mrs. Hugh Harness is President of the Junior Women's Detroit Symphony Association.

### Thieves Give Salon Owner Rough Time

Her Car and Customer's Dress Both Stolen On Same Day; Police Are Investigating  
Mrs. Tessie Nepi of 5069 Kensington, Detroit, co-owner of the Edward Nepi Salon, 19463 Mack avenue, reported her car stolen from the parking lot behind her beauty shop, and a customer reported an expensive dress stolen from the rear of the shop, both on Saturday, January 29.

Mrs. Nepi told Woods police that her automobile, a 1965 Mustang, was taken from the lot at about 1:20 p.m. A police teletype was sent to all points, giving the description and license number of the vehicle.

A parking lot attendant, informed police that he could identify the person who took the car.

At 4 p.m., police officers were sent back to the salon, when a patron, Victoria Kane of 38288 Harper, Mt. Clemens, reported her dress, left on a hanger at the rear of the shop, was missing.

The woman said that she arrived at the salon at 1 p.m., removed the dress to don a shop smock, and when she was ready to leave, discovered the dress, valued at \$100, gone from where it was placed. She said she did not know how it was taken, or by whom.

### PTA Council Hears Talks On Community Colleges; Takes High School Tour

Members Inspect Many Projects Completed In Renovation Program To Upgrade Facilities At Fisher Road Building

The January meeting of the Grosse Pointe PTA Council was held on January 24 in Cleminson Hall of Grosse Pointe High School. The session, chaired by Walter J. Seyffert, president, consisted of a discussion dealing with the growing need for community colleges and a tour of the high school facilities showing the results of recent renovation and remodeling projects.

First item on the agenda was a report by the four Grosse Pointe residents who represented the community on the Citizens' Participatory Study Committee of the Wayne County Community College Study.

Speaking to the group were Mrs. Minert Thompson, 662 University Place, a member of the Program Needs Committee; R. R. Linden, 761 Fisher road, chairman of the Sites and Housing Committee, a member of the Steering Committee, and recently named to the Executive Committee charged with direction of the forthcoming election campaign.

John B. Ross, 301 Touraine, a member of the Publicity Committee, and Marshall V. Noecker, 109 Handy, who served to the Finance Committee, also reported on their activities during the six-month study.

See Three Issues  
They indicated that the three issues to be decided at the county-wide election which has been scheduled for May 9 are:  
1. Establishment of a Community College District in 38 school districts, including Detroit.  
2. Approval of a levy of \$1.25 for \$1,000 state-equalized valuation to establish one campus in the downriver area, a second in the west-southwest area, and three in the north-northeast area of Wayne County.  
3. Selection of a six-member board of trustees to govern the proposed Wayne County Community College District.

### Strike Halts Work on City Sewer Job

Laborers' Union Fails To Reach Agreement On New Contract With Contractors

Work on the installation of Grosse Pointe City's sanitary sewer was halted Friday, January 28, when Local 334 of the International Laborers' Union of North America went on strike against the Associated Underground Contractors Inc.

The strike resulted after both sides failed to reach agreement on a new contract. Also on strike is Local 1076 and together their work stoppage has affected underground construction on 13 major projects in Wayne, Oakland and Macomb counties which includes work on the Fisher and Chrysler freeways.

The sanitary sewer being laid in the City runs up Lakeland from Jefferson to Charlevoix and one block west to Neff and the City's pumping station.

The installation of the sewer is part of the City's \$1.32 million renovation of its sanitary sewer system. The strike, however, does not affect other phases of the construction.

The sanitary sewer's installation must be completed and in operation by December because a portion of its financing is by Federal Grant.

Spokesmen for the two unions said Monday they will wait for federal or state mediators to call a meeting in an effort to settle the strike.

The associated contractors represent 65 construction firms.

### District Dems To Hold Party

The second annual dinner-dance for the Official Fourteenth District Democratic Organization will be held at the Latin Quarter, 3067 E. Grand Blvd. on February 11.

### Disposal Authority Proposes Adding New Members

Invitation To Become Equal Partners Extended To Four Communities; Door Open For Three Others To Join

Representatives from four outside communities met with officials and members of the Grosse Pointe-Clinton Refuse Disposal Authority to discuss possible expansion of membership in the Authority, according to information released by Murray M. Smith, Authority manager.

The meeting was held on Thursday, January 27, at Huck's Inn, Jefferson and Nine Mile, St. Clair Shores. Attending were representatives from the Park, Farms, City, Clinton Township, the present members of the Authority, and representatives from the Woods, Shores, Harper Woods and Mt. Clemens.

The latter four communities were extended an invitation to become active participants, with equal voting rights, in the Authority, rather than as contract members.

Will Send Letters  
Smith said that letters will be sent to officials of the four communities, to be presented to their respective councils, in which it will be made known that contracts will be drafted and submitted for their inspection and signatures. They will have approximately four weeks in which to make known their answer, Smith added.

The Authority manager said that invitations to join have also been sent to St. Clair Shores, East Detroit and Roseville, with the request that they give an immediate answer.

Smith said that if the Woods, Shores, Harper Woods and Mt. Clemens should join the Authority, this will justify the construction of a 300-ton incineration plant, since the population of the eight cities will total approximately 135,000, allowable under State law. The eight cities have an estimated daily rubbish disposal capacity totaling 235 tons, which would leave room for plenty of expansion.

Would Need Bigger One  
However, Smith said if St. Clair Shores, East Detroit and Roseville should agree to join the organization, this would mean that a 600-ton incineration plant is possible.

At Thursday night's meeting, the Authority manager said, the four new prospective members were invited to join without their requiring to place a down payment on the 73-acre Hartman property site, Fourteen and a Half Mile and Quinn roads, in Clinton Township. But, he added, if they do join, they will be required to share in any incurred expenses. The property was purchased by the Authority in 1962.

He said that acceptance of new equal partners into the Authority will require amendments to the Articles of Incorporation of the Pointe-Clinton Rubbish Disposal Authority. Signing up of at least the four cities represented at the Thursday night meeting appeared to be very favorable, Smith added.

PLAYER HURT  
Stephen Combs, 13, of 2064 Lochmoor boulevard, suffered a small laceration over the right eye while playing hockey in the rink in Ghesquiere Park on Sunday, January 23.

### Woods Burglary Solved By Partial License Clue

Woods police had only a partial license plate number of a car seen at the scene of a burglary on January 9, and with this meager clue, arrested a man and woman alleged to have been involved in the break-in. A witness to the burglary gave police a description of the car at the scene and the partial license number. The car was a 1962 Cadillac, and the partial plate number was DU 98—, a 1965 registration.

As this was the only lead to the possible identity of the alleged felons, a check was made with the Secretary of State's Office in Lansing to get possible ownership of all 1962 Cadillacs with DU98 registration series. As luck would have it, there was only one such vehicle listed with this series. The license number was registered to George Jones, 31, of 2080 Edison, Detroit. All law enforcement agencies were given this information, and requested to be on the lookout for Jones.

### Youth Center Planned on Parking Lot

City To Be Petitioned to Rezone Site to Allow Erection of New Structure

The Board of Directors of the Neighborhood Club voted last Thursday, January 27, to build a Youth Center on the land it owns across the street from its old building site on Waterloo avenue.

Sale of the Club's building and property to the Grosse Pointe Board of Education for \$225,000 on January 12, will enable the construction.

As envisioned by the Neighborhood Club's Board, the proposed Youth Center will serve the young of the area as a place to drop in and spend their leisure time under professional supervision. The structure will also house the Club's offices.

Now Leased to City  
Plans for relocation of the Thrift Shop, a chief source of money for the Club, are incomplete but through an agreement with the school board it can remain in its present location for another year.

Lawyers for the Neighborhood Club are preparing a petition to submit to the City of Grosse Pointe asking for an amendment to the zoning ordinance which would allow the construction of the Youth Center. The property is presently zoned and used as a parking lot, which the Club leases to the City.

The board meeting followed the annual meeting of the Neighborhood Club in the Grosse Pointe War Memorial at which Mrs. W. Warren Sheldon was elected the new president succeeding Mrs. Hal H. Smith, Jr. Mrs. Smith was elected first vice-president.

Other officers chosen were second vice-president, Mrs. Douglas Campbell, Jr.; third vice-president, Mrs. James F. McClelland, Jr.; fourth vice-president, Mrs. Hugh C. Riddleberger; recording secretary, Mrs. Murray V. Sales, III; assistant recording secretary, Mrs. Howard M. Love; corresponding secretary, Mrs. Henry B. Kinzie; assistant corresponding secretary, Mrs. W. Ledyard Mitchell, Jr.; treasurer, Mrs. Arthur B. Hudson, and assistant treasurer, Mrs. Henry T. Bodman, II.

Founded in 1911  
The Neighborhood Club was established on January 14, 1911 as an agency for constructive family social work and during the years has become an integral and vital part of the community.

Although its building was closed in June of 1962 because of structural problems, the Neighborhood Club has continued its many services to residents and, in some cases, expanded them.

Its recreation program, which

### Schools Emptied by Bomb Scare

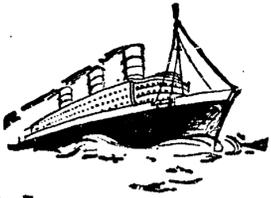

Grosse Pointe public school children had a chilly and unexpected recess Tuesday afternoon when a telephoned bomb threat emptied all the classrooms in the school system.

The scare proved to be a false one. According to Mrs. Margaret Gleason, switchboard operator in the administration building at 389 St. Clair avenue, a call at 1 o'clock warned officials that a school would be bombed by 1:30. The voice on the phone was described as that of a young boy's, perhaps a teenager.

All principals were immediately informed and the schools were evacuated in the orderly manner of a fire drill. Meantime, police officials throughout the school district were alerted and scout cars dispatched to the buildings by 1:25 p.m. The administration building was also evacuated in the event the unknown caller was referring to that building.

The children, except for Brownell Junior High students, returned to their normal classroom routines after a 20 to 30-minute wait while the searches were made for the alleged bomb. Brownell was dismissed for the remainder of the day.

### PTA Council Hears Talks On Community Colleges

(Continued from Page 1)  
of the Wayne County Community College District will best be met by a number of campuses, located to serve the many communities in Wayne County. Five campuses will be needed by 1970 and three or four additional campuses may be required before 1980.

He added that the committee recommended that three campuses be secured in the northeast area, composed of Grosse Pointe, Harper Woods, Detroit, Hamtramck, Highland Park, Redford Township, and part of Dearborn Heights. Two additional campuses may be needed in this area after 1970.

Commenting upon the financing of the project, Mr. Noecker said that operating costs for the proposed community college district have been estimated at \$650 per year per equated full time student. He indicated that annual revenues to meet operating costs were estimated at \$50 from federal aid, \$234 from state aid, \$230 from student tuition, and \$106 from a levy on state equalized valuation.

Mr. Ross said that his committee has studied many ways to inform the public of the increasing need for an expansion of two-year college facilities in Wayne County. He said that members of the Executive Committee and those who served on the various committees during the study stand ready to disseminate information to school officials, municipal officials, the news media, to community organizations, to PTA groups, and to other interested citizens.

**Is Largest Endeavor**  
The speakers emphasized that this is one of the largest community college endeavors ever undertaken in the United States. Following discussion by the delegates to the PTA Council, it was agreed that the Executive Committee of each building study the matter further.

The Grosse Pointe Board of Education endorsed the establishment of the community college district at its December 13 meeting.

The second portion of Monday evening's session consisted of a tour of Grosse Pointe High School led by members of the building's staff. Assisting Principal Jerry Gerich with the program were Donald Campbell, Dr. Robert Hanson, Howard Case, and Edward McKinney.

"The rationale behind our entire renovation and remodeling campaign has been the improvement of the instructional program. The staff members are striving constantly to provide better instruction for the students of Grosse Pointe High School," Mr. Gerich commented.

**Many Projects Finished**  
Visitors were shown some 18 major projects on the first floor of the main building, ranging from the renovation of the old library into Cleminson

Hall, to various physical education and classroom facilities.

On the second floor they were shown a dozen completed projects, including a new and modern chemistry laboratory, the improvement of acoustical and ventilation in the choral music room, and cafeteria facilities.

The PTA Council members were shown the third floor addition to the industrial arts building, new instructional devices in the mechanical drawing laboratory, as well as storage areas.

In the annex the visitors were shown the modernized biology laboratories, the social studies planning room and the enlarged study hall.

Other improvements include student-faculty parking areas, a new public address and clock system, new power lines, pumps and electric motors. Mr. Gerich revealed that plans for the summer of 1966 include a complete renovation of the auditorium and band room.

The next meeting of the PTA Council has been set for Monday, March 28.

#### MINISTER ROBBED

The Rev. John William Estes, Jr., pastor of the Grosse Pointe Congregational Church, 240 Chalfonte, informed Farms police on Friday, January 21, that while his car was parked in the church lot, someone stole four hubcaps from the vehicle. The value of the hubs were not known.

The Defense Department telegram notified the Myerses, that their son was killed near Da Nang, while with the unit.

Funeral services for Corporal Myers will be held today, February 3, at 1 p.m. at the R.G. & G.R. Harris Funeral Home under the auspices of the U.S. Navy.

Two Bad Check Passers Await Trial in Macomb

Two bad check artists, who organized a fictitious company for the purpose of passing phony checks in the Detroit area, including the Woods, will still have to appear in court to answer charges of uttering and publishing, it was disclosed by Woods Det. Sgt. Jack Mast on Monday, January 31.

The sergeant said that the Woods, Detroit and other communities have combined their complaints with that of the Warren Police Department, whose officers will press the prosecution in the matter, even though the check passers offered to make restitution on all checks outstanding.

Accused of uttering and publishing are Richard J. Wendt, 31, of 22395 Elmwood, East Detroit; and David K. McLennan, 35, of 48206 Forbes, New Baltimore, who were initially arrested by Warren and Michigan State Police on January 4.

According to charges against the pair, they organized a fictitious company named Wayne Engineering, and gave the address of 271 Washington Square Building, Royal Oak. This address, it was found, was an answering service establishment.

Wendt and McLennan went to a private printer and had checks printed for Wayne Engineering, after which they went to the Manufacturers National Bank of Pleasant Ridge, and opened an account by depositing \$100.

As soon as the checks were obtained, the charge continues, the pair went to various bars and business places throughout the Detroit Metropolitan area, predominantly the east side, and cashed these checks.

Wendt and McLennan were tracked down and arrested by officers of the Warren Police Department and the State Police Department, on January 4, and arraigned in Warren court. They entered pleas of not guilty.

Since then, however, through their attorney, the two men agreed to make restitution. Wendt agreed to sell his house and McLennan agreed to sell a large camera equipment collection, in an attempt to make good the phony checks they had passed.

On January 12, Woods Det. Stephen Petrik went to the home of Leonard Krietz, 22970 Colony, St. Clair Shores, owner of the Nightingale Lounge, Mack and Hawthorne. The bar owner's wife, Ann, had cashed a bad check, and gave police a description of the check passer.

To Stand Trial On Check Charge

A convict was returned from Jackson Prison on Wednesday, January 26, to stand trial in Wayne Circuit Court on a charge of uttering and publishing brought against him by Woods police.

The convict, Joseph Pedick, home address not known, was arraigned before Circuit Judge Thomas J. Murphy, presiding circuit judge, and pled guilty to a lesser charge, attempt uttering and publishing.

Woods Det. Gerald Kensora, who investigated the case and brought the charges against Pedick, was at the arraignment to testify, if needed.

Kensora said that a meeting was held with Pedick's attorney, Fred S. Findling, Edward S. Ferris, chief of the Criminal Division of the Prosecutor's Office, and himself, and the lesser

charge of attempt uttering and publishing was agreed upon. Pedick is presently serving 2.5 years for uttering and publishing in another case.

Judge Murphy accepted Pedick's plea, and referred the matter to the Wayne County Probation Department for a period of three weeks before sentencing.

Pedick is accused of passing two checks, one for \$128.64 and another for \$138.78, at the Food Fair Supermarket in Mack avenue last May 14.

### Woods Burglary Solved

(Continued from Page 1) Officers were dispatched to the store, and Nicholas Ziriada, of 30668 Lebanon, Warren, owner of the place, was called. The owner, after making a check, told police that one adding machine and two typewriters, still in carton boxes, were missing.

Mast said that after Jones and Miss King were arrested, their car was searched at the station, and he and Patrolman Donald Schmaltz found several pry bars, and an oriental design vase with unknown contents. The vase was sealed and sent to the Detroit Police Scientific Laboratory for a determination on the contents.

The detective sergeant said that a report from the laboratory revealed that the vase contained 0.75 grains of marijuana.

Mast said that after consultation with Assistant Wayne County Prosecutor Dale Devlin for recommendation for a warrant against Jones and Miss King for breaking and entering, Devlin deemed the evidence against the pair was circumstantial.

Based on this, Mast said, Devlin recommended that the case be cleared with a statement concerning the facts and admissions without prosecution, and full restitution be made. Jones and Miss King, on advice of their attorney, gave signed statements and agreed to make full restitution to Ziriada. The amount for the loss of the adding machines and typewriters was paid and the matter was dropped.

However, Mast said, Jones and Miss King were not permitted to go free. They were released to Detroit authorities for prosecution on a burglary charge made against them by Detroit police.

Mast said that he is awaiting full disposition of the Detroit case against the couple, to determine if Jones and Miss King will be charged with possession of narcotics.

### Little Hockey League Active

McCullagh Leasing's "Dolphins" defeated Dick Warner's Down to w's Ford "Thunderbirds" 3 to 0 in Grosse Pointe Pee-Wee Division League Game (ages 10-11-12) Monday evening, January 24, at McCann Rink, Grosse Pointe University School.

Worcester scored twice in the first period with assists from Eldridge. Bowman also scored for the "Dolphins" unassisted late in the third period. Jack McCullagh, "Dolphin" goalie, accomplished his second shutout of the season.

Night cap game saw Ken Brown's Chrysler "Barracudas" hold still undefeated Grosse Pointe "Rambler" to a 1 to 1 tie when "Barracudas" right wing, Bill Dance, broke away in the second period to score unassisted on a sliding shot to the left corner of the net. "Rambler" goal was scored in the third period by Lane with an assist from Thompson and Kliensmith during a scramble in front of the "Barracudas" net.

A good number of parents and other spectators were warmed in the near zero temperature by the furious efforts of future "All American" Grosse Pointe boys engaged on the ice.

Games begin at 6 every Monday evening. Boys in the 10-12 age bracket who would like to become active in hockey may still be accepted by calling D. N. Viger, director of the Pee-Wee Division, at TU 1-2855.

Action Line solves problems, get answers, cuts red tape, stands up for your rights. Write Action Line, Box 881, Detroit, Mich. 48231. Or dial 222-6464 between 8:30 a.m. and 4:30 p.m. Monday through Saturday.

We are plagued by small bugs in our kitchen cabinets. They have hard shells, several legs and travel slowly. They eat only flour and macaroni. I keep the shelves closed but they persist. Please, somebody help me. — Mrs. W. A., Warren.

Action Line will pay the tab for an exterminator, who's on the way now. He says the bugs are "confused flour beetles," a real species that delves into macaroni, cereal and such. Ordinary flour beetles eat straight flour. In 24 hours, our man says, the mixed up beetles will be gone.

I am searching for my adopted brother, James C. Martin, 24, who is supposed to be in the Navy. Can you help me?—V.M.

He's confined at the U.S. Naval Station, Treasure Island, Calif., awaiting court martial for going AWOL from the aircraft carrier USS Shangri-la. Maximum penalty is six months in jail, loss of pay and a dishonorable discharge. But the investigating officer has a good recommendation down for him: Says he just got off on the wrong foot.

Why are some fire hydrants painted yellow and others painted red and white?—J. G. J.

The Detroit Fire Department uses three color schemes on the City's hydrants and if you know the combinations, you can park downtown for free. Plugs with a red body and yellow bonnet are standard; yellow body and red bonnet means they're high pressure; solid yellow stands for obsolete. In times past, Detroit used pumps and the fireboat John Kendall to suck water from the river. Most of that system's gone now, but its old free parking spots don't work so police don't ticket them. And if you find a red and white one, you can have it. The department says it isn't theirs.

I have legal papers locked in the safe at the North-eastern YMCA but the Y says I can't have them until I pay the rent. My wife died and I have to prove that we were married. I can't pay now but I will. Can you help me?—W.S.V.

**Parents' Night at GPHS To Feature Dr. Lafferty**

An outstanding evening has been planned for Parents' Night by the Grosse Pointe High School Mothers' Club under the auspices of the program chairman, Mrs. James Laird.

Dr. Lafferty is qualified in

**Forrest Geary Paid Tribute**

Last Friday, 100 alumni of Grosse Pointe High School honored Coach Forrest (Pep) Geary with a party and dinner at the Village Manor.

Most of these alumni had played basketball or football under Mr. Geary between 1924-1943. He has been with the Grosse Pointe Board of Education since 1924 and will retire in June 1966. This is the longest tenure of anyone in the Grosse Pointe system.

Mr. Geary was a coach for 19 years and was considered one of the finest basketball coaches in the state of Michigan. He coached at least four district champions and one regional champion along with Ed Warnet, the present football coach at GPHS, and Charles Hanneman who played for the Detroit Lions, the only pro player Grosse Pointe has ever had.

After dinner, the party attended the Fordson-Grosse Pointe basketball game. In recognition of his distinguished service, Mr. Geary was given a plaque by the athletes who had played under him and a signed basketball by all his former players that attended the dinner.

Among the former adversaries to honor Mr. Geary at the ceremonies were Perry Deaken, Southeastern High School basketball coach and Brick Fowler, athletic director and former basketball coach of Port Huron High School.

After the game, the alumni went to the Lion's Den for an afterglow.

He is a member of the Detroit, Michigan and the American Psychologist Associations, a member of the American Academy of Psychotherapists, a consultant for Blue Cross Association, and a consultation of Psychological Services of the Wayne County Board of Education.

He is the author of several books as well as an hour long strip entitled "Children, What They Are."

**Course Offered In Seamanship**

A United States Coast Guard Safe Boating and Seamanship Course will be offered at Grosse Pointe War Memorial on Tuesday evenings at 7:50 beginning February 15.

The 10 weeks of free instruction are offered in cooperation with U. S. Coast Guard Auxiliary, Flotilla 12-12. The class is open to people of all ages and is essential for beginning boat landers and owners whether in the sail or power boat field. The fee is a charge for charts, texts and other materials used. This is \$5 for adults and \$3 for those of high school age or younger.

The course includes rules of the road, navigation, safety maintenance and all subjects which should be mastered to insure safe boat operation and keep the waterways free of accidents and tragedy.

At the end of the course, those who successfully complete the examination are awarded certificates by the United States Coast Guard, which regards this education as vital especially in waters as crowded as Lake St. Clair.

Enrollment are currently being taken for the Safe Boating and Seamanship class at the Center's office. All new boaters are urged to attend so they may be ready to take the helm knowledgeably and safely when the boating season starts in the spring.

**Thefts Reported By Two Students**

Two Grosse Pointe High School students were victims of a thief who entered their cars on Friday, January 28, and helped himself to tachometers.

First to report to Farms police was Jay Hammer of 1647 Stanhope, who stated that his car was parked in the lot next to the tennis court in Fisher road.

The second victim, Frank Guastella of 1317 Blairmoor drive, said his car was parked at the rear of the High School building, near the tennis court. Values of the stolen objects were not given.

Some parents fail to realize that their teen-age boys and girls see life's problems from a juvenile point of view.

**Youth Center**  
(Continued from Page 1)  
is for pre-schoolers through retirees, has been carried on in churches, schools and the War Memorial Center. Its popular day camp has been held at Pierce Junior High School. When the Club uses the facilities of the public schools it pays a rental fee which includes a charge for custodial labor and a flat amount for the facilities. The recreational program includes such activities as badminton for adults, fencing for boys and girls, ski trips for high school students, a play group for four and five-year-olds, a Retired Men's Club and modern jazz sessions for teens and adults.

**Group Therapy**  
In the social service field, the Neighborhood Club, under the direction of Edward Krattli, has brought group help and therapy to children referred to the organization by schools. During the past year, the program has aided 122 children from 10 Grosse Pointe Elementary Schools, two Grosse Pointe Junior High Schools, Grosse Pointe High School a Harper Woods Elementary school, the Harper Woods Junior High School, the Northeast Child Guidance Clinic, Children's Center of Wayne County, Grosse Pointe Parochial schools and Detroit Visiting Teachers.

A new program of training volunteers to work in the inner-city schools was begun by the Club in January 1965. They were trained by Mrs. Vivian Davis to help and guide children in dramatics, piano, science, folk music, crafts and recreation. This fall there were 17 volunteers working at Marcy School and five at Bellevue.

**Big Sister Program**  
During the summer they tutored at Bellevue and began a big-sister program to provide companionship to students, recommended by counselors, and to provide activities away from home.

In addition, the Neighborhood Club worked in conjunction with the Well-Being Agency to provide volunteers to do clean-up or service projects, such as yard work, washing windows or doing errands, for senior citizens on the East side of Detroit. As of January 1 of this year, the Club hired a student to supervise this group.

It is the hope of the Board of Directors of the Neighborhood Club that with the construction of the Youth Center the services and recreational projects of the organization will not only continue at full tilt but expand and develop.

**GP Park Youth Awaits Sentence**

William D. Harder, 18, of 1368 Wayburn, charged with larceny from a building, a felony, entered a plea of guilty at his trial before Wayne County Circuit Judge Thomas Murphy on Tuesday, January 25, it was disclosed by Park Police Chief Arthur Louwers.

Harder's bond of \$500 was continued and he was released pending a pre-sentence investigation. He will appear for sentencing by the judge at 9 a.m. on March 10.

The youth was arrested last August by Park Det. James LaPratt, who investigated the burglary of the Richard Buick new car delivery garage, Wayburn and Charlevoix, where Harder stole four brand new tires and wheels, and a buffing machine.

LaPratt's investigation led to the arrest of the youth, and the discovery of the stolen property, all of which were returned to the car firm.

**Movie Explores San Francisco**

Grosse Pointers and residents of our Eastern suburbs will take a "San Francisco Holiday" on Wednesday, February 16, when Ed Lark brings his unusual California pictures to the Grosse Pointe World Adventure Series at the Parcells Auditorium (Mack at Vernier road). The performance will start at 8 p.m.

The photographer-narrator is a San Franciscan and he explores every nook and cranny of this distinctive Pacific Coast city. Among the highlights of his film are: The Bay of Golden Gate Bridges; the view from the Top of the Mark; and Fisherman's Wharf with its surrounding seafood restaurants.

Chinatown, too, is explored and visitors are not only shown the unusual shops and restaurants, but are privileged to watch a Chinese family at home, visit a Buddhist temple, and participate in the Chinese New Year celebration. Mr. Lark's inquisitive camera also explores an artists' colony at Sausalito, Mt. Tamalpais, and the often-controversial University of California campus life at Berkeley.

Tickets for all World Adventure shows are on sale at the Detroit Institute of Arts ticket office. You may call TE 2-7676 between 1 and 5 p.m. daily except Mondays for reservations. Tickets are also on sale at the door at 7 p.m. on the evening of the performance. For choice seats it is wise to order tickets early.

**Traffic Function Facilities Close**

The Traffic School, held once a month at the Adult Education Center of the Grosse Pointe High School, was ended on Tuesday, February 1, according to information released by Park Police Chief Arthur Louwers.

The chief also disclosed that the Traffic Court conducted by the Juvenile Division of the Wayne County Probate Court, which had been held in the Park Municipal Court Room for the past 10 years, was recently terminated. All juvenile traffic offense cases are now heard in Juvenile Court at 1025 East Forest avenue, Detroit.

The traffic school, which has been under the auspices of the Park Police Department since 1960, consisted of two-hour sessions, with a 15-minute presentation, followed by one and one-half hour of slide showing, after which a 15-minute question and answer period was held.

The picture slide material included regular up-to-date phases of Michigan Traffic Laws and associated problems, the operating of a car, parking, communications, observation, expressway driving and pedestrian safety.

This also included behind-the-wheel training classes at the high school. This phase of the program will continue for high school students, but will no longer be carried on for adults, Chief Louwers said.

Do electric dryers really cost less to buy?  
 Do you really get no-charge service?

Do kids like ice cream?

The answer, of course, is a rousing YES! Model for model, electric dryers cost from \$20 to \$40 less than gas dryers. And every electric dryer is backed by Edison's No-Charge repair service. No charge for any electrical parts. No charge for labor. Edison is the only utility company in this area that offers no-charge repair service.

Can you get this kind of worry-free assurance with a gas dryer? Sure—with a manufacturer's repair service policy. But it will cost you up to \$120 over the first five years of operation alone!

One thing more. Edison's No-Charge repair service applies even if you don't buy your dryer from Edison—so long as the dryer is electric and you get your electricity from Edison. And if you buy now from a participating dealer, the low price you pay includes the cost of wiring, if any's needed. So when you add it up, an electric dryer can save you up to \$160 in just a few years. That can keep the kids in ice cream a good long time. **EDISON**

### Don't Miss John Scott

John Scott, assistant to Henry Luce of Time-Life, Inc. and special correspondent for Time magazine, will give the fifth lecture in the Fries Forum Foreign Policy Series at the Grosse Pointe War Memorial on Monday, February 7. He will speak on "New Developments in the Soviet Union."

Mr. Scott has appeared in the Pointe a number of times, usually before informal gatherings of business leaders to bring them up to date on happenings around the world. An inveterate traveller and student of current events in all corners of the earth, he has the capacity to impart a tremendous amount of information with comparatively few, well-chosen words extracted from a particularly well-informed background.

He has recently returned from the Soviet Bloc and will undoubtedly have a most interesting message. Born in Philadelphia in 1912, he attended schools in the United States and Switzerland, then went to Russia where he learned the language and spent five years in industrial plants. He then spent three years in Moscow as a correspondent for Havas, French news agency, and the London News Chronicle.

In 1940 and 1941 Scott made two long trips through the Balkans and Asiatic Russia, writing reports which attracted much attention in many countries. Two weeks before the German attack on the USSR, Soviet authorities expelled him from the country for "slandering" Soviet foreign policy and "inventing" reports of Soviet-German friction.

Scott told the story of his life in Siberian steel mills in his first book in 1942, "Beyond the Urals." Other books followed: "Duel for Europe" and "Europe in Revolution." In 1955 "Political Warfare" appeared, and in 1960 came "Democracy Is Not Enough."

This is an extremely interesting and articulate man. From past participation in his audiences we can urge you not to miss John Scott's lecture. For ticket information call the War Memorial Center, TUxedo 1-7511.

### What Goes On at Your Library

By Virginia Leonard

During the Yuletide season, I had occasion to pinch-hit at the Woods Branch during two afternoons. It had been a long time since I had done any floor work at one of the Branches, and I was delighted, in part, at the opportunity to see the fine Christmas decorations, gaily festooned trees, and other clever and artistic arrangements. The books looked smart and inviting, too — many in their gay, laminated dust jackets.

All this gave me the idea of devoting an entire column to this Branch, of telling you something of the staff, their plans, their activities and their vocations. (And I promise you, Park Branch, that I will give you equal time — very soon!)

Patrons of the Woods, especially, I'm sure are acquainted with Mrs. Betty Seifert, the Woods Branch Librarian, who joined the Grosse Pointe Public Library System 13 years ago this past January 1st. Betty is a busy gal; she is Chairman of the Exhibits Committee for all three agencies. (Note: Be sure to see the February exhibit at all three Libraries of Mrs. Sherman's dolls, representing the American Presidents and their wives, to commemorate American History Month). Mrs. Seifert is also a member of the Book Selection Committee; in AAUW, she is study group chairman of "China — Old and New."

Paula Preuthun, of the Juvenile department, had an interesting and varied career in the Grosse Pointe Public Library System. She started out in 1951 as Secretary to Mr. Orr, left us for a period of time to get her Library degree and some professional experience, and returned in 1961 as a children's librarian. Barbara Harrison, the Young Adult Librarian, has been with the System for a year and a half. Her roommate is Sue Rollins, the Children's Librarian at the Park Branch. Rumor has it that they are both skiing enthusiasts (and still no broken bones!)

Helen Doherty, an old friend of mine from back in the Book Processing days, boasts of two married children and four and three quarters grand children. Beulah York, another member of the Wood's crew, spent some time during the first year of the New York World's Fair working at the Christian Science Pavilion. Both she and Paula Preuthun are currently taking a course in color photography from the University Center for Adult Education.

One staff member way up on cloud 9 is Helen Kaser who is very brown and starry-eyed these days as she has just returned from a vacation in Hawaii, where she visited her son Tom and family. Tom is the Education Editor for the Honolulu Star.

And last, but not least, is Norma Curtis, formerly of Jamestown, N.Y.; she has the special assignment of typing pockets and cards for the books using the new IBM cards. As for library activities, Miss Preuthun is currently very busy

## From Another Pointe of View

By Janet Mueller

Excitement over Grosse Pointe's performance of "Overture To Opera V," scheduled Sunday evening, February 20, in Fries Auditorium, is rising, and Mrs. John D. Benfield, chairman of The Pointe Metropolitan Opera Committee, couldn't be more pleased: Betsy Benfield wants Pointers to want opera.

The program will consist of excerpts from four operas, including two of the seven to be presented by the Metropolitan Opera during its annual visit to Detroit's Masonic Temple Auditorium May 23 through May 28.

Chairman of the War Memorial Overture is Mrs. John Lesesne, of Oxford road, and an opera-loving committee including the Mesdames Daniel Callahan, Charles Endicott, Frank Donovan, Wilber H. Mack and William Tost.

These ladies and their friends have all been busy addressing Overture invitations and taking early ticket orders. The tickets are \$1.50 each, and may be obtained at the War Memorial office or by sending a stamped, self-addressed envelope to 530 Oxford road, Grosse Pointe Woods.

Mrs. John C. Griffin and Mrs. Thomas Fisher are making plans for the traditional "Evening With The Stars" at the War Memorial just before the Met opens its week-long engagement in Detroit.

Mrs. William Y. Gard is preparing posters, Mrs. Mark Ethridge is handling publicity and Mrs. Benjamin Long is making sure the libraries know the opera is coming to town.

The ubiquitous Dr. and Mrs. Thomas J. Morrison are coming to town. They'll be here for the February 8 opening, at the Fisher Theater, of "Pousse Cafe," adapted from Marlene Dietrich's famous film, "Blue Angel." Duke Ellington wrote the music.

### Wayne Zebras Lose to Devils

By Dale Eichbauer

The Blue Devil cagers of Grosse Pointe High overwhelmed the Zebras of Wayne Memorial High, 65-36, last Saturday night on the latter's home court. The game, marked by both high and low scoring periods, was the tenth victory for the Devils, who have suffered only two defeats this season.

Although they failed to score until nearly four minutes of the first quarter were played, Grosse Pointe led at the end of the period, 6-3. With O'Donnell scoring four and Schilhammer two for Grosse Pointe.

Shooting and scoring picked up in the second period as both teams managed to penetrate their opponents' defenses. The Devils pulled away from the Zebras as they out-scored them by a better than two to one, 23-10 margin. High for the Devils was their starting center Bob Miller with 10 points.

The scoring ratio picked up to an even greater pace in the third period as the Devils increased their 28-15 half-time lead to a 56-22 lead as they out-shot the Zebras 28-7, a four to one ratio. High among the seven Devil scorers in the period were Jacobs with 8 and Czarniecki with 6.

The Zebras staged a comeback attempt in the final period, but by that time they were too late, as they outscored the Devils 14-9, but only managed to reduce the 34-point difference of the third period to a 29-point, 65-36 margin and final score.

The victory was the fifth for the Devils in this season's non-league competition. They have one defeat and have a similar 5-1 Border Cities League record.

Preceding the varsity game the Little Devils defeated the Wayne reserve team by a 72-65 score. The scores following each period were: 19-15, Wayne's lead; 35-33, still Wayne's lead; the third period was tied 48-48; the Devils managed to come out ahead in the final period as they outscored Wayne 24-17 for their 72-65 victory.

### Devil Cagers Finally Lose League Game to Fordson

By Ed Gruca

Grosse Pointe lost its first BCL game of the season last Friday to Fordson 64-62 and then came back the following evening to whip Wayne 65-36. The cagers now have a 10-2 record.

The loss shrank the Devil BCL lead to half a game. Highland Park and Wyandotte did not play over the weekend and will have their game tomorrow night.

This weekend Grosse Pointe will play only one game—at Monroe on Friday night. Monroe has a 2-4 BCL record. The Devils beat them earlier in the season by a score of 62-53.

The game with Fordson was hard-fought all the way and certainly provided the most exciting finish of all the battles so far this season.

Launch Thrilling Bid After Fordson sank 9 straight free throws the Devils found themselves trailing 64-57 with 1:40 left in the game. Grosse Pointe then launched a thrilling comeback bid.

Mike Martin dropped in two foul shots with 1:27 to go. Dean Jacobs stole a Tractor pass and drove in for a layup basket with 1:18 left. Dean, fouled while making his basket, made good on his foul shot to put the Devils only 2 points behind. Five seconds later Bob Czarniecki intercepted another Fordson pass. Bob was fouled (this and the subsequent fouls were of the "one and one" type—in which an extra attempt is awarded if the first try is good) but his shot fell away from the basket and into the Tractors' hands.

Missed Shot Costly Seconds later Jim O'Donnell stole the ball from a Fordson player and at 1:03 he was fouled, but he likewise missed and the Tractors got the rebound. The Devils got the ball back and with .35 left Czarniecki was fouled. As various Tractor fans continued to harass Devil foul shooters, Czarniecki missed his shot and Fordson rebounded. Jacobs quickly intercepted another pass and with :17 left Czarniecki was fouled yet again.

His attempt missed its mark and a jump ball was called after a scramble for the rebound. The Tractors got the tip and held on to kill the remaining seconds.

Grosse Pointe 16 18 11 17—62 Fordson 18 11 14 21—64 Reserve cagers stretched their winning streak to eight games over the weekend as they raised their season's record to 11-1.

On Friday they beat Fordson 70 to 54 and the following night they got by Wayne 72 to 65.

### St. Paul Lakers Conquer Weak St. Florian Five

By Don Amez

The difference between a first and a last place team was shown last Friday as St. Paul cagers downed the last place Lancers of St. Florian 69-43.

This was the second defeat that the Lakers dealt to St. Florian, and the game was theirs all the way. Grabbing an impressive 20 to 7 lead in the first quarter, St. Paul used its height advantage to control both the offensive and defensive boards. Bill Bigham's 8-point effort in this period sparked the Lakers' play.

St. Paul ran away with another 20 points in the second quarter and pushed its lead to a very comfortable 40-16 margin at halftime. Rick Jablonski and Bill Bigham accounted for 13 of the Lakers' 20 counters in this segment of the game.

The third period saw Don Oliver hit for 7 points to lead St. Paul even further ahead of the Lancers. Although the Laker five was made up mostly of substitutes, the squad still managed to come within one point of a third 20-point quarter. With the last eight-minute segment remaining, St. Paul was on top with a 58-27 margin.

The Laker bench was completely emptied in the final quarter as 14 ball players saw action. This was the only period in which St. Paul was outscored. This slight difference, however, produced no damage as the Lakers walked off with their 69-43 victory.

Bill Bigham was the big gun for the Lakers with 19 points. Don Oliver who was St. Paul's big man on the boards, netted 13 counters. Rick Jablonski helped the effort with 10.

Don LaBrosse led the losers and took game scoring honors with 22 points. Ed Stonchus was the closest to this for St. Florian with 6 points.

St. Paul remains tied for first place with St. Ladislaus and is preparing for the rough competition in the Catholic City Tournament beginning February 13.

### Record Sought By Joel Mason

Wayne State University basketball coach Joel Mason, (347 Kerby road, Grosse Pointe Farms), received the feature treatment in a recent issue of the BASKETBALL NEWS.

Basketball coach for 17 years at WSU, Mason has 180 lifetime wins and needs only four more victories to become the Tartars' winningest coach.

Only the third man to coach basketball at the University, Mason led his cagers in 1964-65 to a President's Athletic Conference championship. Just two years before WSU sank to the basement, only to be revived by the colorful mentor.

Born in Iron River, Mich. in 1913, Mason was graduated from Western Michigan University in 1936. After coaching for two years at Stephenson (Mich.) H.S., Mason played two years of pro football with the Chicago Cardinals and then went to the Green Bay Packers where he retired after his team won the league championship. His endgame in Green Bay was the fabulous Don Hutson.

Mason first joined the coaching ranks of WSU in '46 as an assistant in football and moved into his present position in 1948.

Mason's teams have won

President's Athletic Conference titles in 1956, 1957, and 1965 and the list of great names he has produced starts with forward John Kline, continues with center Charlie Primas, guard Clarence Straughn, center George Brown, guards Winfield Henry, George Duncan and Fred Wolcott, and forward Freddie Prime.

The 53-year-old cage genius is a master of bringing out the best in his players. The quick-witted Mason is used to a lack of height but gets Herculean efforts from his so-called "pack of runts."

The invitations read "For Old Time Sake" but the real purpose behind the Supper at Seven on January 30 was to celebrate the 25th wedding anniversary of HAROLD and BETTE ANDERSEN, of Bedford road. Guests included Cooley High friends whom the Andersens had not seen for several years and those Cooley friends who were in their wedding party.

Begin today to economize on the time spent in complaining.

## who, where and whatnot

by whoozit

It's just a coincidence, of course . . . that young William Joseph Ciaravino, son of Dr. and Mrs. Vito Ciaravino, (Ann Marie Abraham), of Perrien place, was born January 25, a year to the day that his older brother, Steven John, made his first appearance at St. John Hospital . . . and it's just a coincidence that Dr. Ciaravino's brother and sister-in-law, Mr. and Mrs. Sal Ciaravino, of Lennon road, also are parents of children born a year to the day apart, John, (September 1, 1951), and Frances, (September 1, 1952) . . . and it's just a coincidence that William Joseph is Dr. Ciaravino's mother's 13th grandson and the first "double birthday" in the Ciaravino family occurred 13 years ago . . . but we wonder what the statistical odds for these three coincidences happening again in the same family are, exactly . . .

On January 25, 1966 . . . five professional and five amateur musicians presented plans for a permanent organization for the advancement of the fine arts to a group of 44 Detroiters, who approved the foundation of "The Fine Arts Society of Detroit." Last Friday and Saturday evenings, Fine Arts Society, which now numbers a membership of 350, celebrated its 60th birthday with special programs at The Players Playhouse in East Jefferson avenue. Following performances of Clifford Odets' "The Country Girl," directed by S. John Petz, produced by Mr. and Mrs. Donald Bliss, featuring W. David Kludt, Peter Rettig, Donald Bliss, Mr. and Mrs. Robert Phillips, Willard A. Rochloff, Mrs. Frank Finney and Thomas Miller, there were special anniversary commemorations, supper and dancing. Hosts and hostesses Friday were the Donald Rothangs and the Leslie Putnams. Heading Saturday's reception committee were Mr. and Mrs. David Gamble and Mr. and Mrs. John Kinsey.

This year . . . for the first time in Grosse Pointe Garden Center history, the Center will offer its members and their friends just one Spring Lecture—but it's to be a SPECIAL one! Speaking Friday evening, February 18, in Fries Auditorium will be the eminent architect Milton L. Grigg, of Charlottesville, Va. One of the outstanding men in his field today, Mr. Grigg was elevated to the College of Fellows of the American Institute of Architects in 1953, for his accomplishments in design. He is currently the National President of the Church Architecture Guild of America. His accolades are numberless: A consultant in architecture to the Diocese of Washington, panelist at the International Conference of Church Arts and Architecture in Lucerne in 1961, member of the Museum Arts Critic committee for the National Daughters of the American Revolution . . . And on and on . . .

And there's more! . . . Mr. Grigg was the architect for our recently finished Embassy in Canberra, Australia, a magnificent edifice in the Williamsburg tradition, (he couldn't find proper bricks in Australia so had them sent by freighter from The States—for less than they would have cost locally!) . . . Speaking of Williamsburg, he was one of its first architects; in fact, it was through his family that Mr. Rockefeller found out about the need to protect and restore this American landmark . . . Mr. Grigg supervised restoration of Monticello. It is he alone who regulates the expenditure of monies derived from admission charges to Monticello, and he has photographic slides—yes, there will be slides!—of certain portions of Mr. Jefferson's home not open to the public . . .

To top everything off . . . he's a marvelously entertaining speaker—so entertaining, in fact, that the Garden Center ladies are departing from tradition to schedule this Spring Lecture in the evening so that their men will have an opportunity to hear Mr. Grigg's delightful anecdotes, (we hope he'll tell his wonderful wallpaper story about Monticello and Williamsburg). The title of his address will be "What Is Past Is Prologue."

Is Grosse Pointe . . . cold and unfriendly? Definitely NOT, according to Mrs. Charles Stadelman, of Neff road, who has lived in The Pointe for 3½ years and is returning to Arlington Heights, Ill., because Mr. Stadelman has been transferred back to Chicago. When Mrs. Stadelman came here from Arlington Heights, where she was very active in civic, community, church and bridge groups, she didn't know a soul. But she had a philosophy: "If you are willing to give of yourself, your talents, make an effort and be friendly, doors will be opened." She began to "give," joined the Welcome Wagon Club of Grosse Pointe, the Towne Club of Grosse Pointe, the Grosse Pointe Woman's Club, the Women's City Club, the Women's Association for Project Hope, the Detroit Branch of the National Farm and Garden Association, the Detroit Symphony Orchestra Woman's Association, the Woman's Society of Christian Service of the Grosse Pointe Methodist Church . . .

now, while their two sons are happy to have their parents move a bit more West, (Don is a student at Colorado State University and Chuck is a forester in the Coeur d'Alene National Forest in Idaho), it is with deep regret that Evelyn Stadelman is leaving her many friends and activities in Grosse Pointe. There has been a whirl of farewell activities. Mrs. Robert Prince, of Bishop road, had a morning coffee for Mrs. Stadelman and Mrs. John H. Hill, of Kenwood court, who has moved to Ottawa, Ont. Mrs. Fae Seeley and Mrs. J. Edgar Duncan, of Neff road, gave a neighborhood cocktail party. Mrs. Donald Little, of Neff road, had a brunch for 20 friends. Mrs. John Thompson, of Grayton road, had a farewell breakfast with members of the Prayer Study Group of the Methodist Church, and Mrs. W. Arthur Batten, of Hillcrest road, gave a bridge-luncheon . . .

and there were still more parties . . . Mrs. Norman Mooney, of Renaud road, gave another bridge-luncheon. Mr. and Mrs. Emil Traum, of Harvard road, had a dinner party honoring Mr. and Mrs. Stadelman. And two Circles of the Woman's Society of Christian Service of the Methodist Church met together to honor Mrs. Stadelman, who simply laughs when someone tells her Grosse Pointe is a "cold and unfriendly" place to live!

## Jennifer Clarke Will Be Bride

Dr. and Mrs. Robert B. Clarke, of University place, announce the engagement of their daughter, Jennifer Brown, to John Erik von Reis, son of Mr. and Mrs. Erik von Reis, of Hastings, Mich., formerly of Grosse Pointe.

The engaged couple are seniors at the University of Michigan and will be graduated in April. Mr. von Reis is affiliated with Beta Theta Pi and Miss Clarke won affiliation with Phi Beta Kappa.

A May 14 garden wedding is planned.

## Pointers of Interest

Mr. and Mrs. Carl A. Nolte, Carol and George of Claireview Road

By Janet Mueller

The trouble with the Carl A. Noltes is that they make the average mid-20th century American feel inadequate. Not that the Noltes aren't very much mid-20th century themselves—but if you put them in a Time Machine, sent them back 100 years, as a family they'd have all the skills to function successfully in mid-19th century America.

Collectively and individually, the Noltes are unique. Carl, retired after 24 years in the life insurance business, is anything but idle.

"I have more things to do now than I can really handle," he says, and his schedule bears out his statement. Every Monday, he goes to Economic Club luncheons, and every other Tuesday to meetings of the Senior Citizens of Grosse Pointe.

Wednesdays, he participates in Gavel Club get-togethers, joining other alumni of the old American Speakers' Club in several hours of discussion and argument.

### Sort of Day Off

Thursday is "sort of a day off—if I can't find anything else to do, I go out and try to get somebody to buy my lunch."

On Friday, he joins friends at Detroit Commandery No. One's Noontide Club luncheons at The Stadler. Carl is co-chairman of the Club's Sick committee, and works on its Christian Youth Movement.

Saturdays, he "loafs" and trap-shoots with his son, George, and Sunday, he attends services at Grosse Pointe Memorial Church.

Florence Nolte's formal schedule of activities is as formidable as her husband's. She's a member and president-elect of the Grosse Pointe Council of Better Literature for Youth, and Welfare chairman of the Grosse Pointe Mothers' Health and Education Council, charged with collecting clothing for needy families in the Grosse Pointe School System.

**Busy On Churches, Schools**  
(Few people realize that there ARE needy families in the "wealthy" Grosse Pointe School System, but this past Christmas the Council distributed clothing to 44 children.)

Florence leads the singing in the Grosse Pointe Memorial Church School for the fourth, fifth and sixth grades. She belongs to the Grosse Pointe High School Mothers' Club Sewing Group and is very interested in her newest organization, the Midwest Toastmistress Club.

She thoroughly enjoys her Yoga classes at the Grosse Pointe War Memorial, too.

The Nolte twins, Carol and George, 17-year-old seniors at Grosse Pointe High School, are both accomplished musicians.

Carol is the oldest—"I was an only child for 60 seconds"—and proficient on the piano, flute and piccolo. She has three flute students of her own, plays flute and piccolo in the High School's Symphonic Band and Orchestra, (she's the High School's only piccolo player), and will play a piccolo solo with band accompaniment at the Grosse Pointe High School Spring Concert next May.

She's scheduled to perform the same solo at an Ensemble Festival in Highland Park, and will appear with a Woodwind Quintet and a String and Woodwind Duet at the Festival.

On Sundays, she provides piano accompaniment for the Grosse Pointe Memorial Church School's Junior Department.

**She Loves Athletics**  
Carol loves athletics, is especially fond of swimming, field hockey and basketball. She's a member of the High School Girls' Association, but finds her senior year schedule so crowded she can't do much more for the Association now than pay her dues.

She likes to sew and makes her entire wardrobe, coats included. She took a Singer course when she was 10, (she was the

youngest student in the class), discovered she had a flair for sewing, likes to "mix" patterns to design her own dresses.

All her clothes, including a beautiful green velvet dress and matching coat, carry her own "Carol Nolte" label.

And Carol doesn't stop at designing dresses—she's made curtains for her bedroom, the family kitchen and the recreation room.

She has a passion for jewelry, collecting pieces wherever she goes.

George Nolte has a passion, too: Football, (he's played for GPHS for the past two years).

George likes to bowl and belongs to a Trap Shooting Club. He's good at most sports, Trap Shooting especially; last summer he won a trophy in a Trap Shooting contest at Maple Grove Hunt Club, and last fall, while shooting with the High School Club, he racked up a perfect score, 25 out of 25.

**Concertmaster of Band**  
He's Grosse Pointe High School Symphony Band Concertmaster, played a clarinet solo at the GPHS Winter Concert January 30, plays saxophone with the High School's Cage Band and, like Carol, is a pianist.

Currently, George is trying out his dramatic talents. He'll appear in The Pointe Players' production of "Rally Round The Flag, Boys" early this Spring.

The Nolte twins are both headed for college. Carol plans to enroll in Indiana University, thinks she might like to be an obstetrician, (sickly as a child—but quite healthy now—she became interested in the medical profession during the considerable amount of time she spent in hospitals).

George plans on attending Central Michigan University, where he'll play football, and thinks he might eventually study law.

The Noltes have lived in their present home in Cleveland road for almost 12 years. They were one of the first families to move into the area after it was subdivided, designed their own house with its spacious rooms, pickled oak woodwork and excellent storage space.

**Have Own Gardens**  
Storage space is a Nolte necessity. The lot next door belongs to the Noltes, too, and on it they grow their own vegetables and fruits.

"We plant, grow, harvest, can, freeze and eat our own," they say proudly. "You name it, we raise it."

The garden is a family project. Everyone helps with the weeding, picking, canning and freezing—and, of course, the eating! A mass of white petunias, 100 feet wide and 15 feet deep, with three rows of red petunias in the center, forming a cross, screens the fruit and vegetable sections from the street.

It's a big, but not a monumental, family project—thanks to mechanization. The Noltes hire a man with a tractor to come in and plow up the ground in the spring. They have a small cultivator which cuts down hand-weeding time, and a special canning-freezing kitchen in the basement.

"Ninety percent of the people in the city don't know what good, fresh vegetables taste like," the Noltes maintain. "We find that out when we give ours away."

**Give Much Away**  
The Noltes give away about 75 percent of their produce. The remaining 25 percent, piled

high on shelves and filling two big freezers, sees them through the cold months.

In the middle of winter, when one of the freezers has been emptied, Carl Nolte buys beef on the hoof and stocks the available freezer so his family has enough meat for the rest of the year.

All Nolte give-away produce is labeled, "From the Kitchens of the Carl A. Noltes," and among local gourmets there's no more prized brand name in existence.

Carl Nolte is a Builder as well as a Grower. He has a workshop set up in his basement, with nails and tools neatly arranged, and a special machine to make his own trap shooting shells.

He's a fisherman, both fresh and salt water, but not a fish "catcher"—he'd rather lose to one fighting fish than come home with a whole sackful of easy-to-catch, easy-to-land seafood.

Florence, Carol and George Nolte enjoy fishing, too. All the Noltes are essentially Outdoor People, and they like horseback riding.

They used to ride together as a family until Carol and George learned to prefer English saddles. Their parents refuse to give up Western saddles, even though Mrs. Nolte notes sadly, "Western saddles are almost obsolete today."

The family recalls with special pleasure a riding trip into the Tennessee mountains near Gatlinburg.

### Carol Best Camper

Carol is the best camper in the Nolte family. A Girl Scout for eight years, she and her tentmate learned to put up their pup tent in a minute and a half, (if you don't think that's FAST, try putting up a pup tent sometime . . .)

The Noltes have taken family vacations for years, usually at Easter, during the twins' school recess, before it's time to get busy in the garden.

They like to visit "new" places, have traveled all over the United States, fished off the Florida coasts, journeyed to the Virgin Islands and Hawaii.

Carol and George's favorite place is Hawaii—"All they want to do is go back!"—but Florence Nolte terms her trip to Alaska "the highlight of my whole life."

The Noltes started that vacation with a stop at the Seattle World's Fair, then headed North. They took the Polar Sea Tour, going all the way to Point Barrow almost at the top of the world.

From Fairbanks, they took a train to the foot of Mt. McKinley, where they stayed overnight, rising at 3 the next morning to go up the mountain.

They also spent a night at Valdez, (later destroyed in an earthquake), and journeyed up river in a launch that once was John Barrymore's yacht to view the spectacular Columbia Glacier.

### Loved Every Minute

"We saw Alaska as it is—very primitive, bleak and desolate, with the eskimos carrying their young on their backs," Florence remembers.

They shivered in heavy parkas, listened to sled dogs howl, slept in hotels without plumbing—and loved every minute of their stay in the Forty-Ninth State!

But it's hard to imagine the Noltes NOT loving every minute of their stay anywhere. After all . . . they're resourceful, adaptable, interested in what goes on around them, able to laugh at circumstances and themselves.

They're the family you'd like to have next in line to you on any Wagon Train.

## Perry-Neipert Vows Spoken

Thomas K. Perry, son of Mr. and Mrs. C. J. Perry, of Fontana lane, claimed Nancy Arlene Neipert, daughter of Mr. and Mrs. M. P. Neipert, of Midland, Mich., as his bride Saturday afternoon, at a 2 o'clock ceremony in Memorial Presbyterian Church, Midland.

The Reverend Elra Key officiated at the double ring rites.

The bride, given in marriage by her father, wore a gown of imported Chantilly lace, fashioned with wrist-point sleeves, a scalloped Sabrina neckline and a fitted bodice.

Tiers of Chantilly lace accented her floor length skirt, which ended in a Chapel train. Her elow length illusion veil fell from a pearl tiara, and she carried a bouquet of white orchids and stephanotis.

Carol Neipert was her sister's honor attendant, and bridesmaids were Julia McBride, of Elkton, Mich., Mrs. Steven Meuche, of East Lansing, and Kay Robitaille.

The mother of the bride wore a pink brocade sheath, with matching accessories, while the bridegroom's mother chose a magenta and blue silk brocade sheath, with matching accessories.

When the newlyweds left for a skiing vacation in Northern Michigan, the bride was wearing a white wool suit with olive green accessories.
