THE U.S. MANNED SPACE-FLIGHT which was to have lasted three days developed trouble Wednesday night, shortly after the perfectly executed meeting of the Gemini 8 spacecraft (manned) and the Agena rocket (unmanned) 185 miles above earth. The vehicle, 44 feet in length and over 24,000 pounds in weight when joined, began to tumble and the astronauts decided to back away. Some of the main maneuvering and stabilization jets were then discovered to be inoperable and thrusters normally reserved for re-entry had to be utilized. The spacecraft was ordered back and made its unscheduled landing at 10:24 p.m. Detroit time about 500 miles east of Okinawa. Pilots Neil Armstrong and David Scott were reported unharmed. The termination of the flight came on the heels of an announcement by President Johnson that the U.S. hoped to be the first nation to put a man on the moon. Earlier in the day the Russians had announced the successful landing of two dogs that have been orbiting the earth for 23 days protected by a new type of shield from the dangerous Van Allen radiation zone.

SAMUEL M. BROWNE, who will end 10 years with the Detroit Board of Education, said farewell to his staff, 10,300 classroom teachers, on Tuesday night at Cobo Arena. His address contained five aims he would like to see further: Progress in de-emphasizing report-card marks and promotion, together with more teacher-parent conferences; individually designed counseling and guidance programs for every high school freshman; salary increases and status rewards for good teachers; a more varied, comprehensive summer program, free to all; and completion of the building program begun in 1959 and halted with the rejection by voters of bond and millage proposals.

A MULTIMILLION DOLLAR SEARCH, occupying thousands of men for two months, turned up, on Wednesday, the 20 megaton H-bomb which has been missing since the collision of a U. S. B-52 bomber and a KC-135 refueling tanker on January 17 over Spain. Found intact in 2,500 feet of water in the Mediterranean Sea five miles off the coast of Spain by a deep-diving midget submarine, it is expected that the "highly delicate" operation to raise the bomb, starting Friday will take three days.

MAYOR JEROME P. CAVANAGH will make what is described as a non-political speech in the Democratic stronghold of Muskegon on Friday night as the key speaker at a seminar on urban problems sponsored by the Muskegon Area Development Council. From Detroit, on Saturday at 10 a.m. he is scheduled to make formal declaration of his decision to compete with G. Mennen Williams for the Democratic candidacy in the November elections for the U. S. Senate.

THREE MAJOR AIRLINES agreed to pay about \$100,000 to speed construction of new facilities at Metropolitan Airport, therefore, the Wayne County Road Commission was able to announce Thursday that Trans World Airlines will move in on April 1, Eastern Airlines on April 24, and United Airlines on May 8.

AN "URGENT REQUEST" by President Johnson caused the nation's largest cigaret manufacturer, the R. J. Reynolds Co., to rescind its recently announced price increase on Friday. Another cigaret manufacturer, Liggett & Meyers, said they planned to go ahead with the increase in prices. Other companies, including American, Philip Morris, P. Lorillard Co. and Brown & Williamson, have not issued any statements since the wholesale boost last week-end which is expected to raise retail prices one cent a pack. Tobacco stocks went down on

14-Year-Old Drunk Driver Wrecks Car

Parents Unaware He Had Imbibed After They Retired, Then Appropriated Car

A 14-year-old Park resident, who confessed to police that he had been drinking scotch at his own home, after his parents had retired, was found by Cpl. George Brackx and Patrolman Edmond Benthuis, of the City police, in a dazed condition in a damaged automobile on Kercheval avenue near St. Clair early Saturday morning, March 19.

The boy had taken out his family's auto, also without their knowledge. Going east on Kercheval, he swerved to the far side of the street near Cadieux, lost control of the car, went over the curb at Notre Dame and hit the traffic signal pole. The car was extensively damaged, according to police, with the right rear side crumpled and the left front tire blown.

He was spotted by the officers on routine patrol at about 2:30 a.m., stopped near St. Clair and Kercheval. He was then taken to the City station where he was issued two juvenile tickets, for driving without acquiring a license and for a reckless driving accident, and released to his parents.

Time Here to Purchase Licenses for Your Dogs

The deadline for the purchase of 1966 dog licenses is April 1 in the City of Grosse Pointe. Lt. Robert Van Tiem says there are approximately 400 owners who have not yet purchased new licenses. If a dog is picked up without a 1966 license after April 1, the cost to the owner is \$5.

The deadline in the Farms, Shores, and Woods is May 1, but licenses may be purchased now.

City Sewer Construction Projects Show Residents Lavish with Cooperation

Reporter Taken on Tour Through Portion of New Storm Drain System; Very Few Complaints or Vandalism Produced

By Elizabeth Stevens
Leave the sound of diesel motors and sledge hammers, darting tractors and snarled traffic, rubble and dirt, and come down and take a look at the new sewers.

Ask Acting City Manager Bob Bendzinski and Doug Collinson, Foreman of Public Works, and they will take you for a two-block walk through the main trunk of the storm sewer being installed along St. Clair avenue, if you hunch a little. Your first impression is how clean it is; it's quiet, too, and damp, and everything you can see by the light of the Coleman lantern carried by Al Lucio, foreman of the construction crew, who knows the way around, is gray, smooth concrete, and it goes on and on.

Built to accommodate the overflow from heavy rains and thaws, the main trunk of the storm sewer runs from Waterloo to Lake St. Clair, along St. Clair avenue and between the new streets of Elmsleigh and Stratford. It's built of joined pipe sections which vary in size from round, 48 inches in diameter, to elliptical, 63 by 102 inches.

Clean and Quiet
The sewer line is clean, because, according to Al Lucio, the men sweep each section with brooms at the end of the day's work. It's quiet because it is laid eight to 16 feet down, with the greater depth nearest the lake. Each section is as evenly and carefully joined as the tiles in your shower stall.

Musical Thief Ransacks Home

Sometime within the four days that the Robert Palmer family, of 659 Blairmoor, was out of town, a burglar entered the house and completely ransacked it. Mr. Palmer called Woods Police at 2 a.m. on Monday, March 21, the time the family arrived home and found the house in complete disarray. He told authorities that he and his family had been gone since 7 p.m., Thursday, March 17. Palmer said that he found the front room coffee and end tables piled against an inside door, the patio door wide open and a large kitchen window open.

To Receive Bids on New High School

Board of Education Holding Special Meeting Next Wednesday Evening at 8 O'Clock

The trustees of the Grosse Pointe Board of Education will receive bids on the contract for the general construction of Grosse Pointe High School North at 8 p.m. on Wednesday, March 30. In addition to the major contract, mechanical, electrical, landscaping and supplementary equipment bids will also be received.

The special Board of Education meeting, scheduled for the school's administration building at 389 St. Clair avenue, will climax three years of intensive study and decision-making by the trustees and school officials. Following several community surveys on school population and plant facilities, a Citizens' Advisory Committee recommended to the Board of Education that a second senior high school be constructed to alleviate overcrowding throughout the district.

Last March the property-owning taxpayers of Grosse Pointe authorized the sale of bonds in the amount of \$8,350,000 for a new building, construction of an auditorium-instructional center on the site and renovation of the present high school. Because construction costs in the metropolitan area and throughout Michigan have risen since last March, the school trustees have authorized 14 alternates in the specifications for Grosse Pointe High School North. In eliminating all the costly features possible, some components originally planned for the structure will be considered as alternates.

Winter Sports Banquet Tuesday

The annual Winter Sports Banquet sponsored by the Dads' Club of Grosse Pointe High School will be held at 6:30 p.m. in the school's cafeteria on Tuesday, March 29. All members of Grosse Pointe's two championship squads, basketball and swimming, and the school cheerleaders will be honored at the event.

Park Sets Public Hearing to Probe Recreation Needs

Will Air Proposed \$800,000 Bond Issue to Finance Full Development of City's Two Municipal Park Areas

At its regular monthly meeting held on Tuesday, March 15, the Park City Plan Commission set Wednesday, May 4, at 8 p.m. as the date and time for a public hearing to air a proposed \$800,000 bond issue for full development of the city's two municipal parks. The hearing will be held in the Pierce Junior High School Auditorium.

The proposed bond issue is to raise monies for an ambitious park and recreation improvement program that would be of great benefit to the residents of the Park, in the opinion of the proposers.

The improvements are planned for the Waterfront Park and the Three Mile Drive Park. The former is at the foot of Alter road, and the latter, at Three Mile drive and Essex.

If the program and proposed bond issue win the approval of the taxpayers, it will mean that the Park will have funds at its disposal to create the most modern and most beautiful recreational parks in the Detroit area. Climaxing the developments, will be the renaming of, and the rededication of both parks, according to information released by city officials.

Would Build New Pool
Plans include the construction of a new pool in the Three Mile Drive Park, complete with bathhouse and pertinent facilities, and the expanding of the marina at the Waterfront Park, to add mere boat wells for city boating enthusiasts.

Plans for the proposed development and improvement of both parks were presented by Charles Leman of Vilcan-Leman and Associates, Inc., plan commission consultants.

The Plan Commission, after more than two years of study and many hours of discussion, presented the plans to the Park council, whose members gave unanimous approval to the proposal.

Power Failure Hits Big Area

Approximately 1,300 homes north of Vernier road, in the Woods, Shores and St. Clair Shores, were without electrical power for about one and one half hours Sunday night, March 20, due to a defective Edison underground cable.

The cable, leading from a power substation at Vernier road and Mack avenue, burned out a transformer at Duval and Lake Shore, plunging the area into darkness, and shutting off light, heat and other electrical services in homes in an area bounded by Vernier, Marter, Shorecrest and Lake St. Clair.

Alarmed residents swamped police of the Woods, Shores and St. Clair Shores with calls, demanding to know what was happening.

Edison crewmen worked one hour and 28 minutes to replace the defective wire and transformer. Before services were restored, services were disrupted from 11:36 p.m. to 1:40 a.m.

New Manager Takes Over in City of Grosse Pointe

"I do solemnly swear that I will support the Constitution of the United States; and the Constitution of this State and that I will further perform the duties of the office of City Manager in and for the City of Grosse Pointe, County of Wayne and State of Michigan, according to the best of my ability, so help me God."

With this oath, administered by Acting City Manager Robert C. Bendzinski, Thomas W. Kressbach was formally appointed City Manager at the City Council meeting, March 21. Other business covered was the announcement that with the recommendation of George Jerome and Company, Consulting Engineers for the City, the City would exercise its option in the contract with the S. Weissman Excavating Co. to

take advantage of bid prices for the construction of an additional storm sewer in the eastment west of Roosevelt and an additional sanitary sewer in Notre Dame between Jefferson and Caroline. The storm sewer will cost \$26,094 and the sanitary sewer, \$13,531. Regarding progress on sewer installation, announcement was made that a new contract had been signed by the striking members of Underground Workers Local No. 354 on March 16 and that tunneling operations on the City's sanitary sewer recommenced Monday, March 21. All storm sewer pipe has been laid in St. Clair avenue, with the exception of the laterals. Aware of the completion of the laying of sewer pipe along

Garage Job Awarded to Walker Firm

Contract of \$59,000 Brings Big Saving from \$99,000 Estimate of Architects

The Farms council at its regular meeting held on Monday, March 21, approved the awarding of a contract to build an addition and to make improvements to the Department of Public Works Garage. Chalfonte and Kerby, to the Lee A. Walker company of St. Clair Shores, contractors.

The firm offered to do the job for \$69,064.28, the lowest of eight bids submitted.

Council Elated
An elated council accepted the bid, which was approximately \$30,000 below the original estimate cost set by Harley, Ellington, Cowin and Stirtion, Inc., city architects and engineers, who recommended that the bid be accepted, and the contract be awarded to the St. Clair Shores company.

City Manager Andrew Bremer, Jr., told the council that the savings from the original estimate is like a "Christmas present", and that the savings, from the \$99,000 estimate in this year's fiscal budget, will be added to the 1968-69 fiscal budget.

The council approved appropriation of an additional \$5,000 to cover any unforeseen contingencies. He said that the addition and improvements to the garage will be started in about two weeks and the work completed in about 120 calendar days, according to the contractor.

To Cover Open Space
The city manager said that the addition and improvements include the roofing of the garage, raising of door heads and overhead of stalls for trucks and equipment, the installation of a hoist of sufficient strength to raise heavy trucks for greasing, oil change, and repairs; plus other improvements.

Presently, DPW trucks and equipment are stored in a wall-ed-in open court yard, and have no protection against the elements.

Car Recovered; Thieves Escape

Shores police recovered a car stolen in Roseville, but were unable to apprehend three suspects seen in the vehicle, who apparently made good their escape while police were looking for them.

On Sunday, March 20, Patrolman Thomas Detmer, while cruising in his scout car on Lake Shore, observed a car with three teenagers. The driver made a left turn from the northbound lane onto Colonial road, in an irregular manner.

The officer made a left turn at 635 Lake Shore, to follow the other vehicle, and arrived at 77 Colonial in time to see the car parked in the driveway of that address, and see a young man get out and enter the garage.

A neighbor called to the officer, demanding to know what he wanted, and stated that the people of 77 Colonial were not home, that they were attending church services. When informed of the circumstances, the neighbor said that he had never seen the car in the driveway before.

In the meantime, Sgt. Harry Hamilton and Patrolman Donald Lupro were dispatched to assist in searching the area. Lupro said that a girl in the neighborhood told him that she had seen three boys running through the backyard of her property.

The policemen called their station for a stolen car check on the abandoned car, and received return information that the car belonged to Peter J. and Donna Hossak of 16990 Flanagan, Roseville, who reported the vehicle stolen, to Roseville authorities.

Roseville police were notified of the recovery of the vehicle, and they returned it to the owners.

Car Battery Stolen

Mrs. Mary Merry, 17521 Mau-mee, reported to City police on Thursday, March 17, that between the hours of 5:40 p.m. Wednesday, and 11:50 a.m., Thursday, the battery, valued at \$25, and windshield wipers, valued at \$5, had been removed from her car while it was parked in the garage at her home.

Citizens Cooperate in City's Sewer Construction

(Continued from Page 1) before it is centered into place. The problems of existing gas trench is checked by a measuring and water pipes is one of the ing device set up by engineers. most time-consuming aspects consisting of cords strung along the excavation. Each pipe a certain level to be lined must be dug out by the shovel with a mark on a measure. Harm of the diesel-powered ma on the floor of each section, chine (no longer run by steam,

they are not called steam engines, but back hoe shovels and the pipes are 1/2 thicker round than broom handles. In the case of the gas pipes which are installed fairly near the surface, the men leave them and work around them. The water pipes are treated in a variety of ways.

In freezing temperatures, the men dig down to the water mains and turn them off before cutting through the malleable copper piping which is the consistency of stiff garden hose, working as quickly as possible to keep the exposed pipes from freezing.

In spring temperatures, the water pipes are sealed shut by a couple of blows with a sledge hammer, cut, and pushed out of the way against the sides of the trench. Before the ends are spliced and re-joined, about one foot of water is frozen with dry ice, forming its own plug which dissolves after the pipes are joined.

In the summer, who cares about getting a little wet! In fact, it feels good. The sanitary sewer installa-

tion is a different matter. The pipe is smaller, 12 to 24 inches in diameter, and installed deeper, 20 to 30 feet. Some of the work is being done by open cut trenches and some by tunneling. The tunneling operation involves removing the dirt on dollies sent along tracks, as is done in mining operations.

Slightly Shorter
The footage of sanitary sewer to be installed is a little less than the footage of storm sewer, and it is the tunneling operations that have been suspended by the recent strike.

Very few days have been lost this winter because of the weather. "We work if it's cold, and we work if it's hot," says Foreman Al Lucio. Only twice was work suspended, when the temperature was way down, with no indication of rising above 10 degrees.

According to George Phillips, Superintendent, and Al Gustaw, a dozer operator, the residents have been very agreeable. Although the inconveniences suffered by everyone who drives through the City, and particularly by those through whose property the work is being done, cannot begin to be described, the crews say the public has remained cooperative.

Very Little Vandalism
Vandalism, while not unknown, has not been the aggressive kind. For this the men give credit to the City police and Chief Andy Teetaert.

Another inconvenience to property owners has been the necessary requests for water from the crews for everything from mixing cement to hosing down the machines. No request has been refused, and residents have remained cordial even when informed that their water will be turned off for five hours.

In fact, the men are still talking about the families who climbed over rocks and through mud to bring them hot coffee and donuts!

City Manager

(Continued from Page 1) St. Clair avenue, two residents appeared at the Council meeting to voice their objections to the dirt and dust that permeate the area.

Bud Thorpe, 17011 East Jefferson, stated that a large sand pile has been lying across the street from his home all during the construction work, and inquired of Council members if the sand pile could be moved now that the laying of pipe in the immediate area has been completed.

Thorpe stated that the dust raised by trucks loading from this pile was visible for two blocks and that the dust had settled in and around his residence to the extent that his furnishings and even the bricks on his home would have to be cleaned.

S. M. Fisher, who gave his address as "just St. Clair" appeared to state that dust is lying along the curbs of St. Clair avenue "two or three inches thick." He asked if the dust could be cleaned up and the street hosed by the City fire department now that the pipe has been laid, as was done when the construction on Grosse Pointe Unitarian Church was completed.

The Barricini Candy Company, which has purchased the Albert Sheetz Candy Company at the corner of Kercheval and Notre Dame, was granted its request for two signs, 10 feet by 20 inches, to be placed above the display windows. A representative of the General Electric Sign Company, who attended the council meeting, said the signs would be illuminated by fluorescent letters, with a blue overlay against a white background.

The Council moved that \$600 be spent for the replacement of the vacuum pump that maintains the City's two pools.

The meeting ended with the designation, by prescribed roll call vote, of Thomas W. Kressbach, newly appointed City Manager, as Street Administrator, in which capacity he will correspond with the State Highway Commission concerning the gas and weight tax rebates for maintenance of the City streets.

Park Studying Recreation Needs

(Continued from Page 1) pumped in with the raw lake water. The Waterfront Park is presently comprised of 7.4 acres, the Three Mile Drive Park, approximately 20 acres.

Reliable engineering sources revealed that it would cost just as much to remodel the existing pool as it would to build a new one. The city council and members of the commission, unanimously agreed that a new pool should be built, with all modern conveniences, and picked the Three Mile Drive Park as the site for this facility.

Preliminary costs of improvements at the Waterfront Park are estimated roughly at about \$200,000, and at the Three Mile Drive Park, at about \$600,000.

If the \$800,000 bond issue receives the approval of the city's taxpayers, it will be spread over a 20-year period, and will only mean an increase in taxes of \$1.20 per \$1,000 local assessed valuation. This, it was said, will mean, for example, that a taxpayer owning a home assessed at \$12,000 will pay \$14.40 a year for the program.

Park taxpayers have not had to pay any money for debt service for the past two years. Because of an efficiently run government, the park is nearly out of debt. In 1958, a comprehensive study of the city's recreational facilities disclosed a serious deficiency in park and recreational areas.

The present Waterfront Park swimming pool was built in 1930, and improved through the years, but today, it is obsolete, and does not meet standards set by either the State Health Department, or the Wayne County Health Department, both of which are eyeing the possibility of ordering the Park to close it down.

Water Not Filtered
Water is pumped into the pool from Lake St. Clair, unfiltered, with bacterial count kept at a low level by the addition of sodium hypochloride. Often the pool is littered with debris and other material

SPEEDER SENTENCED
Aaigned before Judge Douglas Paterson in City Court on Saturday, March 12, Jan Ebber, 17, 2127 Fleetwood, pleaded guilty to speeding 45 miles an hour in a 25-mile zone and was fined \$30. Ebber, who had disregarded two previous notices to appear in court, was also put on probation for three months, restricted to 30 days of not driving for pleasure, required to attend four sessions of driver's safety school and one session of Judge Paterson's court.

Two Youths in Stolen Car Nabbed By Shores Police

Two Detroit teenagers in a stolen automobile, were arrested by Shores police at 1:31 a.m. on Wednesday, March 16. The car was stolen in Detroit, from an underground parking garage.

Arrested and released to Detroit authorities were Mitchell P. Page, 18, of 7901 Agnes, and a 16-year-old boy, who, police said, was driving the vehicle.

Sgt. Donald Jacob and Patrolman Donald Fronczak, while on routine patrol, driving north on Lake Shore road, were cruising at an easy pace when a car pulled up alongside their scout car, then abruptly made a left turn onto North Edgewood. The driver's action prompted the officers to follow.

On coming to Ballantyne road, the youths, with the officers behind them, then tried to turn left onto Ballantyne, turned and then drove on South Edgewood toward Lake Shore. The policemen said that the driver was driving in a slightly erratic manner. They stopped him just before the Lake Shore intersection.

The driver, the 16-year-old got out of the car, and when asked for his operator's license by the policemen, stated that he did not have one.

Page, the policemen said, volunteered the information that the car belonged to his father, and that he (Page) allowed his companion to drive it. Page said that his father did not give him the registration to the car.

Jacob and Fronczak called their station for a stolen car check on the vehicle, and were informed it had not been stolen. This was because the owner had not missed the vehicle and it had not been reported as stolen.

Both teenagers were taken to the station, where, after further questioning by the policemen, finally confessed that they had stolen the car from the underground garage of the Alden Park Manor, 8104 East Jefferson, eDetroit.

The boys said that they entered the garage unnoticed at about 12 midnight and came upon a car that still had a key in the ignition. They got into the vehicle and drove past the watchman at the entrance, and then drove north and continued driving until they were apprehended in the Shores.

The Detroit Police Auto Squad was notified of the theft and recovery of the car, which belonged to William J. Joyce, Jr., a resident at the Manor. The boys were released to Detroit authorities for further disposition in the matter.

GPMS Musicians Win High Honors

Russell D. Reed, instrumental music instructor at Grosse Pointe High School, reported today on his students' record at the State Solo and Ensemble Festival held at Jackson (Michigan) High School on Saturday, March 19.

"We participated in 23 events and received First Division ratings in 18 of them," he said Tuesday morning. "These 18 First Division ratings resulted in 47 individual first ratings," he added. "Five events received Second Division ratings," he commented.

Those receiving First Division ratings included Carmen Nemeth, violin solo; Robert Howes, viola solo; Dan Smith, piano solo; and Barbara MacLennan, piano solo.

Also ranked as Firsts were Carol Nolte, piccolo solo; George Nolte, clarinet solo; Bill Priest, cornet solo; and Mark Lawrence, trombone solo.

In addition, Tim Place, trombone solo; Dave McLaughlin, Carol Nolte, string-wind duet; and Carmen Nemeth, Nancy Cantine, Sally LeFla, Barbara Peat, string quartet.

Also, Carl Schneider, Carol Curtis, Bette Harmonis, Fred Robbins, Dan Smith, string quintet; Ed Englehart, Chuck Winkler, Bob Fleck, Pat Honderich, violin quartet; and Lindsay Acomb, Bill Suhr, Doug Brown, Lynn Guetschoff, clarinet quartet.

And Gary Deary, Mike Mullen, Pete Marston, Stan Wenskay, Mark Lawrence, Jim Ungewitter, brass sextet; and Mark Lawrence, Stan Wenskay, Bill Veendaal, Tim Place, trombone quartet.

Mr. Reed said that the Symphony Orchestra of Grosse Pointe High School will participate in the State Festival on April 23.

Pre-Flight Finished By Ensign McGill

Navy Ensign Michael C. McGill, son of Mr. Howard C. McGill of 879 Sunningdale, received his commission at the Naval Pre-Flight School at the Naval Air Station, Pensacola, Fla., on March 8.

He was commissioned after completing the school's 14-week Aviation Officer Candidate course.

Every Navy, Marine Corps and Coast Guard pilot must complete the Pre-Flight School before he can begin his flight training.

CAR KILLS POODLE

The poodle belonging to Deborah Johnson, 18, of 471 Rivard boulevard, was struck and killed on Wednesday, March 16, by an automobile driven by Mary Bittner, of Harper Woods. Going to the aid of her dying pet, Miss Johnson was bitten twice. Rabies tests, which had to be performed on the animal, fortunately proved to be negative.

Two Executives Drive Leaders

Two Grosse Pointe executives were named to top leadership posts in the United Foundation capital fund drive.

Allen W. Merrell, Ford Motor Co. vice-president—civil and governmental affairs, was named chairman of one of the drive's automotive divisions and Wilbur H. Mack, executive vice-president, Michigan Wisconsin Pipe Line Co., chairman of the business and finance division.

The appointments were announced by Lynn A. Townsend, president of the Chrysler Corp. and chairman of the drive.

Townsend praised both men for their acceptance of the public service responsibility.

"Mr. Merrell and Mr. Mack are both men of great responsibility with their companies," Townsend said. "Their willingness to undertake this demanding assignment for the good of the people of this community speaks well for their spirit of self-sacrifice."

The drive, which begins March 31, will seek \$18,250,000 from 1,500 corporations, foundations, and charitable trusts. The money will go to new construction, repair and equipment needs of 15 hospitals, and 31 health and social service centers throughout the metropolitan area.

Unlike the annual UF Torch Drive, which raises funds for the operating expenses of 207 health and community services, the capital campaign will not solicit donations from individuals.

Townsend said that each of the chairmen would be responsible for 300 corporations. Each division will be comprised of six teams of 10 men each, headed by a captain.

Merrell, in addition to his campaign responsibility, is a vice-president of the UF and chairman of the goal and allocation committee.

St. James Has Guest Preacher

Dr. John F. Choitz, president of Michigan Lutheran College and Superintendent of Lutheran High Schools in the Detroit area, will preach at St. James Lutheran Church of Grosse Pointe, Kercheval and McMillan, Sunday, March 27, at 9:30 and 11 a.m.

His sermon, "Teach Them," based on Deuteronomy 6:4-7, will deal with the subject of Christian Education. His text contains that great directive of Moses to the parents, "You shall teach the things of the Lord diligently to your children."

Also at both services, the A Capella Choir and the Brass Choir of Lutheran High School East under the direction of M. Gary Lohmeyer, Director of Music, LHSE, will perform extensively. Mr. Lohmeyer said, "This service is not intended to follow the traditional standards of music usually considered proper during the Lenten Season. One should understand that the Sundays in Lent are not a part of the 40 days of fasting and mourning during which we remember the Holy Passion of Jesus Christ, our Savior. Rather, this Sunday we shall consider the service a worship through song of our resurrected Lord."

The music being performed will include "Entrata Festiva" by Flor Peeters, a concerted chorale version of "Praise to the Lord" by Paul Bunjes, "Psalm 150" by Jan Bender, and Bach's setting of Luther's Chorale based on the Lord's Prayer, "Our Father, Thou Art in Heaven Above."

The public is invited.

Vesper Service Set for Sunday

A Choral Vesper Service, including the cantata, "The Resurrection," by Charles Fonteyn Manney, will be sung by the Chancel Choir of Grosse Pointe Methodist Church on Sunday, March 27, at 4 o'clock.

The cantata is a short standard work made up of choruses and solos. Singing solo parts will be Beverly Scales, Mrs. Del Schneider, Mike Geyer, Ralph Morrison and Stan Sutton.

Mrs. Marlin Dutt will sing an aria during the Vesper Service which will precede the performance of the cantata.

Pat Getschman will be featured as flute soloist, and other Grosse Pointe High School students who will participate, will be Carol Ollila, Steve McNew and Dan Smith.

The Vesper Service is under the direction of Mrs. Robert W. Sutton, director-organist of the church and the Rev. James D. Nixon, minister.

Mrs. Warren Moore is head of the committee which will serve tea in the church parlors following the service. The public is cordially invited.

No Clues Found To Missing \$250

Woods police have no clues to a missing \$250 in currency, reported on Tuesday, March 15, by Walter Orkisz, 46, of 1160 Paget court.

Det. Steven Petrik said on Tuesday, March 22, that the disappearance of the money is still a mystery, and that he is still investigating the matter.

Orkisz told the detective that the money belonged to the Detroit Free Press, and was in a canvas bag and locked in the trunk of his car. He said he is employed by the daily, and works in the circulation department.

He said the money was from paper collections, and that he did not have time to make a bank deposit, so he locked the bag with the money in the trunk of his car. He parked the car in his garage, and locked the garage door, he added.

Orkisz said the vehicle was in the garage between 3 a.m. and 12 noon of the March 15 date. It was at noon that he discovered the loss, he said.

Library Offers Family Movies

The last program of the 1965-1966 Family Film Night Series will be presented Friday, April 1, at 7:30 o'clock in the Central Library Exhibition Room of the Grosse Pointe Public Library. The film program is designed for everyone in the family. The 1966-67 series will begin in October.

The program for April 1 consists of:

"The Toy Maker." The maker of puppets has the puppets play together happily until they discover differences in their appearance. (15 minutes, color).

"Nok." A story about the intense affection that develops between a little boy and a baby elephant which strayed from its parents — very delightful. Walt Disney. (29 minutes, color).

"The Little Red Lighthouse." The pictures and text of Lynd Ward's dramatically illustrated book are used to tell the story of the little red lighthouse whose existence was threatened by the building of the George Washington Bridge. (9 minutes, color).

"The Owl and the Pussycat." A beautiful little film for the

invited. Come early for a good seat.

Park Boy Hurt By 'Car Bomb'

A 12-year-old Park boy was taken to Bon Secours Hospital on Wednesday, March 16, for treatment of an injured hand, suffered when a "car bomb" exploded, while he was experimenting with it, according to information disclosed by Park Police Chief Arthur Louwers.

The boy, Richard Maceroni, Jr., of 1410 Three Mile drive, lost the tips of his right index finger and thumb.

Chief Louwers said that the boy claimed to have purchased the bomb from a store at Devonshire and Mack, on the Detroit side. It was described as a trick-type "car bomb," that is attached to the ignition wire, or motor, and explodes with a loud noise and causes considerable smoke, when the ignition is turned on.

According to the investigating officer, Patrolman Gary Mitchell, who took young Maceroni to the hospital, the boy took the bomb apart and placed a portion of the bomb's ingredients in the top part of a pen. The boy touched off an attached fuse, and the pen exploded, injuring his hand.

Richard told Mitchell that he thought the portion that he placed in the pen top was only going to fizzle and sparkle.

Investigation of the sale has been turned over to Detroit authorities, it was said.

The burden of responsibility carries within itself compensation in an equal amount.

Citizens for Educational Freedom Plan Convention

What do you really know about the controversy over Church-State - Education - Taxes? What legislation has been passed and what is pending in this area? Can we accommodate our belief in separation of church and state with our belief in the principle of liberty and justice for all in the field of education?

These are the questions which will be discussed on Saturday, April 2, at Regina High School Auditorium, Kelly road at Eight Mile, (10 a.m. to 4 p.m.) when Citizens for Educational Freedom presents its 5th Annual Michigan Convention.

CEF is a national, non-sectarian, non-partisan organization dedicated to a better understanding of 1) parents' rights in education; 2) freedom of choice in education; and 3) justice in the distribution of educational tax dollars.

The morning half of the convention will feature a panel discussion on the Michigan College Tuition Grant Bill. Panelists will include Rev. Laurence Britt (President University of Detroit) and Dr. Gordon Riethmiller (President Olivet College) and Sen. Raymond Dzendzel.

The afternoon session will center on a debate, the question being: "May Public Funds Be Used to Educate Children in Non-public Schools?" The negative will be presented by Mr. Ernest Mazey (Ex. Sec. Mich.

ACLU) and Rev. Harry Meserve (Grosse Pointe Unitarian Church). The affirmative will be presented by Rev. Dr. Edwin Palmer (Christian Reformed Minister) and William Ryan (Mich. State Rep. 3rd District). The moderator will be Judge Victor Baum (Wayne County Circuit Court).

CEF most cordially invites all who are interested in this vital issue.

Registration is adults, \$2; students, \$1. For more information call TU 1-9258 or TU 1-1719.

Co-chairmen of the convention are Mr. and Mrs. C. B. Lundy, Jr.

No nation can strengthen the weak by weakening the strong. People who put on too much speed ahead may meet reverses.

A new vehicle recently added to the Riverview Dodge line of cars is destined to figure prominently in the vacation and week-end plans of increasing numbers of people. This is the prediction of the organization's truck manager, John Sanger.

The new vehicle is the Dodge Camper designed to accommodate a family of four comfortably during sojourns in the country's scenic areas. It is equipped with air-conditioning, electric refrigeration, bed, twin bunks and ample space for clothing and fishing gear.

"Probably its chief attraction outside of physical design is one which involves economy," said Sanger. One can effect substantial savings by use of a Dodge Camper during trips around the country.

Naturally you won't be getting the service of a motel or hotel but by the same token you won't be paying rent either. Add up the savings possible by living in your Dodge Camper over a two week period and you'll understand what I mean," he added.

A former GPHS graduate and state golfing champ, Sanger said the Camper now on display is one of many that will be featured this spring at Riverview Dodge, 15205 E. Jefferson.

Vandals Damage Closed Building

Vandals inflicted further damage on the building that was once the Neighborhood Club last weekend, according to City police.

Defer Principal Taken by M.S.U.

Dr. Glen O. Cooper, Principal of Defer Elementary School, 15425 Kercheval Avenue, has announced his resignation effective with the close of the 1965-1966 year. He will take a position on the staff of Michigan State University.

Dr. Cooper, a Grosse Pointe administrator since the fall of 1962, has been named an Associate Professor in the School of Education—Department of Elementary Education on the East Lansing campus.

"I have enjoyed my years in Grosse Pointe. Therefore, the decision to leave this community was not an easy one for me. But the opportunity for personal and professional growth and education in the challenging area of teacher education was just too tempting to refuse," he said today.

Dr. Cooper, a native of Weston, Ill., holds a bachelor's degree from Illinois State University, a master's degree and a doctorate from Colorado State College.

Prior to accepting his position in Grosse Pointe, Dr. Cooper held teaching and administrative posts in Hopedale, Illinois, San Leandro, Cal., and Boulder, Colo.

Dr. and Mrs. Cooper and their daughters, Diane and Debra, are residents of Torrey road. The family plans to leave for East Lansing in June.

I read in your paper that there were not enough senators at the special session on Vietnam a week ago Saturday. I think that's sad. Can you tell me if the two Michigan senators were there? — J. N. C., Royal Oak.

Neither Senator Philip Hart nor retiring Senator Patrick McNamara attended the debate, which was adjourned for lack of a quorum with 41 of 100 senators present. Hart was at the final meeting of the President's National Food Marketing Commission, 60 miles away. McNamara's office said only that the senator "hadn't gotten there," explained they didn't know where he was. The Congressional Record classified the two as "necessarily absent from the floor." No votes were scheduled or taken.

Is there really a cure for a hangover? If there is, where can you get it?—A.S.

I'm a damsel in distress. My husband is in Vietnam and left me with a dirty job: Income tax. I feel like I've given Uncle Sam enough without giving him any more money than he's entitled to, and would like to know if there's a place that will fill out our return, cheap.—Mrs. F. F., Birmingham.

Your tax return's done, in the mail for your husband's signature, courtesy of Action Line. Uncle Sam gave you one break: Combat pay for enlisted men is tax-free; for officers, the first \$200 a month isn't taxed. Other distressed damsels: Call IRS Taxpayer Information Service (981-5171) with questions about your return.

Why is the light at Martin and Schoenherr in Warren not operating at 6:30 in the morning? It starts at 7 but at 6:30 there are 6 to 10 cars lined up, especially when the weather is bad and it's impossible to get onto Schoenherr without the light.—Warren resident.

Warren traffic inspector Charles Rabadeau says lights are timed to traffic flow, agrees that flow can change. He'll have a police car check, have reports for you Wednesday. Call him at 757-4500 for a repair.

Only cure for a hangover is not drinking. Alcohol is a depressant, not a stimulant; when you're stoned, your central nervous system isn't working properly. Next day, that abused nervous system is hurting: Headache, nausea, fatigue. Rutgers Center for Alcohol Studies found the things that go along with drinking — heavy smoking, eating, dancing, lack of sleep — were a greater cause of hangover than liquor itself. Best advice: Treat the symptoms. Aspirin for a headache, etc. Drinking causes a shift in body fluids; drink a lot of water, juice the next day to replenish your fluid supply.

Brownell PTA Meets March 31

Parents of Brownell Junior High School ninth grade students will be entertained next Thursday evening, March 31, after the usual business meeting of the school's Parent-Teacher Association.

Opening the meeting at 8 o'clock will be president Burke Fossee, with other officers assisting him: Father vice-president Douglas Krieger; Mother vice-president Mrs. Lewis Slater; Teacher vice-president Margaret Lingo; secretary Mrs. Albert Schrabun; and treasurer Frank Kaufman.

The major part of the evening's program will be the annual Talent Show, written and produced by ninth graders. This year's script was prepared by Becky Lake and Mary McLeod, with the faculty assistance of Mrs. Susan Schultz. The story line concerns the struggles of a CBS page to rise to theatrical stardom.

In his many acting roles he is exposed to a variety of talented people (allowing for the insertion of many student talent acts into the plot). Acting parts are assumed by Herbert Munchausen, Mike Koste, Carl Wohlers, and Liz Hammerlee. Others are Bob Knapp, Bob Herdegen, Cathy Beard, Janet Shaw and Chris Pittel. Still others include Judy Meloy, Chris Schnoes, Sue Lock, Barb White, and Lori Heglin. Directors are Gigi Graham and Mrs. Marjorie Stechschulte, while Nancy Smith is arranging costumes.

A group of students in ninth grade art classes is busily preparing the scenery depicting everything from the New York skyline to a theatrical dressing room. Faculty advisor is Barbara Purdy. Shop instructor Harold Fisher will supervise the handling of the flats, while Donald Bamberger's crew of boys will handle lighting.

Music will be provided by instrumental music instructor Dewey Kalember's swing band and Dan Evola's ninth grade chorus. They range from vocal quartets to a group novelty routine "By the Sea." Individual acts run the gamut from piano solos to comedy pantomimes, promising an entertaining evening for all.

Admission is free for this delightful program. Refreshments will be served following the performance, by Mrs. John Elliot's committee with Mr. and Mrs. Walter Schmitt's hospitality committee assisting.

Scout Troop 147 Makes Awards

Boy Scout Troop 147 now has another Life Scout in its ranks. He's Tom Baulch, who received the award at a Court of Honor Thursday, March 17, at Defer School.

Scoutmaster Earl Hoyt also presented Second Class Awards to six youngsters; Tim Hoyt, Gary Frittle, Marc Oglevie, Ron Irvin, Mark Lauth, and Bill Snyder.

More than thirty parents were present for the ceremonies, which included the awarding of 25 merit badges. Terry and Tom Baulch each received six, while Ken Peat earned five badges.

The other merit badges went to Anthony Buffa, Mike Adams, who will soon become an Eagle Scout, Ray Pehbus, and Kurt Wilner.

A highlight of the meeting was the showing of films taken during the various camping trips enjoyed by Troop 147 during the winter.

This is the heating element on an electric range. You can set it at high, medium-high, medium, medium-low and low. It takes a while to reach the desired temperature, of course. And quite a while to cool after you turn it off. It's difficult to keep it clean. And it's the most expensive way to cook.

This is the burner on a modern Gas range. It gives you an infinite number of heat settings. Turn it on and immediately you get the exact controlled heat you want. Turn it off and it cools almost at once. You can remove the entire assembly and wash it in your dishpan or dishwasher in a matter of minutes. And it's the least expensive way to cook. See the new Gas ranges at your dealer's or Michigan Consolidated Gas Company showrooms. And remember: because it's so controllable, GAS MAKES A GOOD COOK BETTER.

Should any such disability retiree refuse to submit to such medical examination in any such period the board may suspend payment of his disability retirement allowance until his withdrawal of such refusal. If such refusal continues for 1 year all his rights in and to the pension portion of his disability retirement allowance may be revoked by the board. If upon such medical examination of the retiree, the medical director reports to the board that the retiree is physically able and capable of resuming employment with the city, he shall be returned to the employ of the city and his disability retirement allowance shall terminate. Oil Painting Classes Form

Professor Robert Wilbert of Wayne State University will wind up his year of teaching at the Grosse Pointe War Memorial with a series of two oil painting classes presented on Fridays beginning April 1, and finishing June 17. Both are three-hour classes.

The morning class is from 9:30-12:30; the afternoon group from 1 to 4 p.m. The fee for 12 three-hour classes is \$36.

Professor Wilbert plans as soon as the sun gets a little warmer to move the classes onto the lakeside terrace and into the gardens of the Memorial. Here he will use the beauty of the scene to paint from, as well as giving class members the experience of painting from live models and still life in completely natural light of full intensity.

Problems of composition and color are completely different in an outdoor setting, and the solutions of these will be a part of the instruction.

Those interested in studying with Professor Wilbert are asked to enroll at the Center's office at their earliest convenience.

Young Episcopal Women Will Meet Bi-Monthly

The Young Episcopal Women at Christ Church will meet the first and third Tuesdays of each month at 9:30 o'clock. There will be a short coffee hour followed by Christ Church Fair work.

If the Episcopal Church Women have a speaker, the Young Episcopal Women are invited to this meeting. Luncheon will be served at noon. A baby sitter service will be available.

An Unearned Award

For the fourth time in five years a Michigan Education Association School Bell Award is being presented to the Grosse Pointe News. Notice of the honor has been received in a letter from E. Dale Kennedy, executive secretary of the Association.

Presentation of the awards will be made at a special luncheon to be held in the Exhibit Hall of the Lansing Civic Center on Friday, April 1, during the Annual Representative Assembly of the Association.

The award is "For distinguished service to education during 1965, as the weekly newspaper with best continuous coverage of education (above 7,000 circulation)."

The News previously won the award in its class in 1962, 1964 and 1965.

While deeply grateful for the honors it has received, the paper must once again point out that these awards have come largely through the efforts of the Grosse Pointe Board of Education and its public relations department. The first year the News received a bell, the entry which was submitted for consideration was prepared by Paul Mawhinney and Lawrence Kennedy. George Eddington has succeeded Mr. Kennedy and for the last several years his contributions are the ones which have earned the honors.

Not only does the School Board submit a prodigious amount of news copy and pictures each week, but its employees have done a remarkable job in putting together, in most attractive forms, the entries which have been judged winners. It has been a painless procedure for the paper and we would be most ungrateful if we did not give credit where credit is due. We are almost ashamed to accept the Bell, but most happy that the space we have allotted to school news has helped education in general, and especially the Grosse Pointe Public School System, which we happen to think is one of the finest in the world.

Letters to the Editor

To The Editor:

We have been watching the progress of the Roland Gray Memorial Fund with interest. When the committee voted to donate to the varied athletic groups, we questioned to what extent such donations were essential. In contacting the two leagues in which our sons have been active, i.e., City Little League Baseball and City-Park Little League Football, we discovered their contributions were gratefully received but not crucial to the existence of the leagues.

The first benefited from Mr. Gray's generosity by his "throwing in a few extra bats, gloves etc." in the league's order for equipment. And the football group benefited by his contribution of prizes — for which raffle tickets were sold at the banquet; the money from this sale helped, in a minor way, to pay for the huge expenses in this league.

Though we do not want to give the impression the leagues could exist without contributions (quite the contrary), we feel the Roland Gray Memorial Fund might be more meaningfully spent in a lasting memorial to him. It seems quite fortuitous that the Neighborhood Club and the Roland Gray trustees are deliberating about similar goals. We suggest that the trustees be represented at the meetings of the Recreation Study Committee. They need not commit themselves, but they would be in a fine position to adopt a project the Committee would like, but could not undertake.

New tennis courts, a small clubhouse by the courts, paddle tennis courts, a hockey rink are a few suggestions we have heard mentioned. The Neighborhood Club may not be able to afford to complete plans they feel desirable. This could well be the opportunity for the trustees to contribute towards, or be fully responsible for, a specific memorial to Roland Gray. In addition, because such a memorial is undertaken, many more donors will want to share in it.

May we add our feeling that tennis, one of Mr. Gray's great

interests, should be a stronger element in our community. As we all recognize, it is one sport that a person may play and enjoy almost all his life. Our youth should have more opportunity to learn. Perhaps instructors could be available at a nominal cost at the Neighborhood Club because of a subsidy in Mr. Gray's name. There could be a Roland Gray Trophy at the Club (or trophies for age groups).

Whatever the decision, let's have a memorial Roland Gray would marvel at, should a miracle give him that knowledge, so that he would say, "This was done in my name; thank you, gentlemen!" He deserves to be remembered by the youth—not just by the adults who would know of the contributions and for our youth as well as to just how the funds are spent.

Incidentally, we are most grateful there is such a fund... grateful especially to the consideration and support of the trustees who want to do well for our youth, as well as to honor Mr. Gray.

Mr. and Mrs. Keith A. Leibbrand

Dear Mr. Edgar:
As President of the Friends of the Grosse Pointe Public Library, I wish to thank you for your careful and complete report on the problem of "book restriction" at our Grosse Pointe Public Library. The misunderstanding and misapprehension created by the careless portrayal of details in Mr. Saul Friedman's article of March 6th, 1966 appearing in the Detroit Free Press had impugned our fine organization.

We, as Friends of the Grosse Pointe Library, have been proud of the efforts and energies of our group which contributed financially toward the acquisition of books which, otherwise, our Library would not be able to acquire.

Your paper has helped us set aside the mistrust in which some of our Grosse Pointe citizens have placed on us.

Thank you very much.
Sincerely yours,
Donald N. Sweeney, Jr., M.D.

What Goes On at Your Library

By Virginia Leonard

March means many things to many people. March 14, this year, to the readers of children's literature, means the announcement of the 1966 winners of the Newbery and Caldecott Awards.

And who were the winners this year? The recipient of the John Newbery medal went to Elizabeth Borten de Trevino, author of the biographical novel, I, JUAN DE PAREJA. The protagonist of the novel is an intelligent, gentle and devoted Negro slave through whose eyes the reader sees the great painter, Velasquez, his relations with King Philip IV and his fellow-painters, Rubens and Murillo. Also, one sees the climate and customs of Spanish court life. Although Juan starts out as a slave, he later becomes a renowned artist himself. Mrs. Trevino's son, Luis, an established painter, called her attention to the little-known facts about Juan de Pareja, and in this way the initial idea for this novel was born.

The Randolph J. Caldecott medal, which is awarded to the artist of the year's "most distinguished American picture book" went to Nonny Hogrogian, illustrator of ALWAYS ROOM FOR ONE MORE (written by Soche Nic Leodhas). Miss Hogrogian, a book designer and illustrator, is a native New Yorker of Armenian extraction. It was felt that her "cross-hatched pen and ink drawings, with chalk and color wash, capture the spirit of the verse and add dimension and clarity to an old Scottish folk song." This poem is a spirited traditional verse about a Scot who can always find room for one more guest in his home.

Perhaps you would like your memory refreshed as to the origin of these two awards. The story begins naturally with Frederic Melcher, who has kept the award plan functioning since it came into being at an American Library Association conference in Swampscott, Massachusetts, in June, 1921.

At that time Melcher was editor of PUBLISHERS' WEEKLY, and children's books were close to his heart. In June, 1922, he made the first award of the Newbery medal—his own plan for giving an annual decoration to the book considered by a special committee of children's librarians as the most distinguished contribution to American literature for children. Can you guess what book received the first award? I admit I was surprised when I looked it up—THE STORY OF MAN.

KIND by Hendrik Willem Van Loon! But it was an awakening book—an arousing book—a book to present for the first time to young people a history of the world. Who was John Newbery? He was a London bookseller, who in 1745 was the first person to make attractive little books especially for children.

Picture books are quite common today; in the early 1920's they were not. For this reason, it was not until 1938 that Mr. Melcher decided to offer another annual award—this time for an appealing picture book. Again, the award was named—suitably—for Randolph Caldecott, a master illustrator for children of the 19th century in England. The first Caldecott medal went to Dorothy Lathrop for her ANIMALS OF THE BIBLE.

Thus each March, devotees of juvenile literature look forward to the announcement of these well-known and long-established awards. This year they were made at the Harvard Club in New York City, where Daniel Melcher, son of the late Frederic Melcher, was host for the party. Undoubtedly these medals have a stimulating effect not only upon authors, artists and publishers, but also upon the public interest in children's books. They have also encouraged a development of critical judgment among librarians, teachers and parents.

We are greatly indebted to Mr. Melcher, but at the same time one should emphasize the fact that youngsters' books are published the year around and should be purchased and read during all 12 months of the year. Also, it should be remembered that there are excellent authors and illustrators who go unrewarded as far as medals are concerned.

We hope you will come in and ask for the Newbery and Caldecott award books—both present and past winners. But we also hope you will consult your librarians for other suggestions for small fry reading. Children's books—good ones—are here to stay, and we don't want you to miss any of them. All three of our libraries are staffed by children's librarians who are eager and qualified to help you. Come in and see what we have!

WOMEN'S PAGES

From Another Pointe of View

By Janet Mueller

In spring, a young man's fancy is SUPPOSED to turn to thoughts of love — but the young men at Austin Catholic Preparatory School are too busy concentrating on their Annual Spring Fiesta to devote much time to romance.

Fiesta date this year is April 30. General chairmen are Mrs. C. Bradford Lundy, of Ballantyne road, and Mrs. George Blake, of Three mile drive. Mrs. Francis Crowley, of Pemberton road, is acting as co-chairman.

Mothers, fathers and students, busy organizing their committees to make the '66 Fiesta a memorable affair, have decided upon a Carousel theme.

Decorations are being prepared under the direction of talented Mrs. Alex Alexander. Mrs. Anthony Petz heads a kitchen committee ready to provide food — luncheon, dinner or snacks — for the most discriminating tastes.

Something For Everyone

There'll be prizes, booths and activities, something for everyone at Fiesta. Mrs. Eugene Ochylski and her co-workers are stocking the Handcraft area with hundreds of useful and novel hand-made goodies.

Additional hand-made items will be found at the Sweater Booth, supervised by Mrs. Robert Wakely.

An added attraction at this year's Fiesta will be Mrs. Lee Martin's Red Barn, a room filled with white elephants and antiques . . . or, for those who find modern new articles more appealing, a stop at Mrs. John Varty's New Articles Booth should be VERY rewarding.

Especially For Youngsters

Fiesta planners never forget the little brothers and sisters. Mrs. Eugene Ellison will be operating a Fish Pond, just for little folks, and Mrs. Carl Rashid is in charge of a Novelty Candy Booth.

Teens and post-teens' tastes will be catered to at the Soda Bar, where Mrs. Arthur Fodeau and her committee plan on serving up light refreshments.

Take-home delicacies will be available at Mrs. Harry Mutter's Baked Goods Booth, and there'll be attractive food baskets in Mrs. Keith Roch's "Game of Skill" section.

Mrs. David Turner, president of the Austin Mothers' Club, is assisting Mrs. Zigmund Mrowczynski with finances.

Daughters Of British Empire

The Daughters of the British Empire in Michigan will be gathering on our side of town for their traditional Founders' Day luncheon this year.

They'll arrive at the Grosse Pointe Yacht Club April 2, at 12 o'clock. Honored guests will include British (Continued on Page 18)

Junior League Aims For Poison Control

Education is Key to Prevention of Accidental Poisonings; Eleven "Tips" Offered for Poison-Proofing Homes

March 20 through March 26 is National Poison Prevention Week. The Junior League of Detroit, Inc., has, for the past three years, taken an active interest in poison prevention.

By offering financial and volunteer support, the League is cooperating with Children's Hospital to expand its Poison Control Center. The hospital Volunteers do follow-up work on poisoning accidents.

The Junior League is also engaged in an extensive community-wide education program. Since October, League members have given slide programs about poison prevention to 4,070 primary grade children in the public schools, to nursery schools and adult groups.

Six hundred thousand children under five years of age are poisoned each year in the United States. This is an appalling figure which can be greatly reduced if more emphasis is placed upon educating people as to the importance of "poison proofing" their homes.

People must be educated as to the need to remain constantly alert to the many potentially poisonous items which come into a home every day.

The Junior League has arranged to have major Detroit banks place 590,000 flyers in their non-commercial bank statements during the month of March. These flyers will contain poison tips.

Posters are on display in 500 buses during the month of March.

Two hundred thousand pieces of literature containing poison prevention information have been sent for general distribution to hospitals, druggists, visiting nurses and companies.

In addition, 3,287 letters including telephone stickers with the Children's Hospital Poison Control Center telephone number have been sent to medical doctors and osteopaths in Wayne County. These letters of

Children's Hospital averages 700 calls a month to its Poison Control Center. The Junior League hopes that education will greatly reduce accidental poisonings.

To "poison proof" your home

1. Lock your medicine cabinet and keep the key out of your child's reach.
2. Store medicine separately from other household products. Keep those products and medicine in their original containers.
3. Be sure that all products are properly labeled, and read before using.
4. Always turn on the light when giving or taking medicine.
5. Refer to medicines by their proper names. They are not candies.
6. Clean out your medicine cabinet periodically. Get rid of old medicines by flushing them down the drain.
7. Be sure all poisons are clearly marked.
8. Screw bottle tops tightly on poisonous substances.
9. Keep poisons out of reach of children:
 - a) Do not store poisonous household cleaners under your kitchen sink.
 - b) In bedroom or bathroom keep poisons out of reach — do not leave poisons on bedside tables.
 - c) Keep bleach and other products in your laundry area on a high shelf.
 - d) Check your basement or cellar — see that such items as kerosene, benzene, garden supplies, insecticides, have been put away.
10. Educate your child in poison prevention.
11. Keep the Poison Control Center number by your telephone — 833-1000.

Janet Hallen Speaks Vows In Maryland

Janet Margaret Hallen and Private Michael John Brown, USA, exchanged marriage vows February 26, in Aberdeen, Md.

Reverend Perry Monroe officiated at the 1 o'clock ceremony in Grove Presbyterian Church. A reception in the Church lounge followed the rites.

The bride is the daughter of Mr. and Mrs. Arne J. Hallen, of Beaconsfield avenue. Her husband is the son of Mr. and Mrs. Chester M. Brown, of Nottingham road.

For her marriage, the former Miss Hallen chose a gown of ivory peau de soie, with French lace accents.

Her illusion veil fell from an ivory peau de soie pillbox, and she carried an arrangement of white roses and daisies.

Pamela Hallen was her sister's honor attendant, and bridesmaid was Barbara Brown, the bridegroom's sister.

Theater Group Likes Fashions

Members of the Grosse Pointe Theater heralded spring with a fashion show at Siegel's Eastland on Tuesday. Modern apparel is in distinct contrast to the period costumes that have involved the ladies during their current theatre season.

Mrs. John Butterfield, chairman of costumes for "My Three Angels," now playing at Fries Auditorium, explains: "Last November we staged 'Little Mary Sunshine' which takes place about 1900. Then in January we put together costumes for the pre-flapper era of 1924 for 'Inherit the Wind.'

"The locale for 'My Three Angels' is French Guiana in 1910. We were all ripe for some activity that concerns modern fashion trends."

Elizabeth Elias, Grosse Pointe Theatre social chairman and a producer of "My Three Angels," commented on the daytime, cocktail and sports-wear in the showing.

Serving as models were Mrs. James Fielding, Mrs. Donald Franklin, Mrs. David Hadden, Mrs. Thomas Miller and Mrs. James Morouse.

Mrs. Robert Gilstorf and Mrs. Donald Bliss presided at the tea and coffee tables as Mrs. Robert Yeager assisted by Mrs. Roger Sneyard, the group's president, greeted guests at the door.

One member watched the proceeding with a far-away look in her eye. She was Mrs. Arthur Brownell, producer of "Can Can" the show to be presented in May.

"At the moment," she commented, "my attention is concentrated on the Paris fashions of 1890, (for "Can Can"), and I don't dare become too engrossed in today's trends just yet."

Open auditions for "Can Can" are being held at 7:30 o'clock March 24, at the Grosse Pointe War Memorial.

Additional performances of "My Three Angels" are scheduled for March 25 and 26.

Pvt. and Mrs. Michael Brown

In Grove Presbyterian Church, Aberdeen, Md., February 26, JANET MARGARET HALLEN was married to Private Brown. She is the daughter of Mr. and Mrs. Arne J. Hallen, of Beaconsfield avenue. He is the son of the Chester M. Browns, of Nottingham road.

Class Sponsor Host at Dinner

Ralph N. Deal, teacher of classes in Russian and music appreciation and sponsor of the Senior Class of Grosse Pointe High School, hosted a group of students and colleagues at a dinner Wednesday night at the Village Manor. Included in the group were Senior athletes, Student Association and Senior Class officers and four members of the coaching staff.

Concerning the Senior Class, Mr. Deal said, "I consider the Class of 1966 to be an outstanding group of young people. Earlier last fall I told the members of the class that I ranked them with the best of the past decade. To date I hold the same opinion about this year's Seniors."

Mr. Deal took the occasion as an opportunity to announce his plans for the 1966-1967 school year. He said that he had been granted a sabbatical leave from his teaching duties by the Grosse Pointe Board of Education.

"In the summer I hope to attend the Russian Institute of Critical Language at Windham College at Putney, Vt. Further, I have applied for one semester of Intensive Russian Study at the University of Indiana, Bloomington, Ind.," he said.

"If plans materialize, I will spend from 60 to 90 days in the Soviet Union as a tourist, where I hope to visit at homes of 19th century literary personalities and musicians. I would like to observe the educational system of the Soviet Union, and, of course, improve my fluency in the spoken language."

"This will better prepare me to teach third and fourth year sequences of Russian if the present program is expanded when Grosse Pointe High School North is completed," he said.

Senior boys present at the invitational dinner included David Adams, Tom Anderson, Glen Bowler, Stephen Bowles and Mike Bradley, Phil Connor, Mike Conti, Rick Fine, Bob Miller, Rick Noble, Bill Radcliffe, John Rentenbach, Carl Schneider, Dan Smith and Dean Hoskins.

Coaching staff members among the guests were Charles Hollosy, Edward Wernet and Donald Zysk.

Fifth Questers Chapter Formed

It is quite unusual for an area to have five chapters of The Questers, but Grosse Pointe has! The fifth chapter is now organizing under the leadership of Mrs. Alex Domin, in whose home the first meeting was held.

The new members welcomed an honored guest, Mrs. William Steele, State Organizational chairman of Questers. Mrs. Steele spoke of the history and objectives of the organization.

The second meeting was held in the home of Mrs. David Turner. At this time the club was visited by Mrs. Mary Lou Borech, who is president of the neighboring Grand Marais Chapter. Mrs. Borech spoke of chapter organization.

The following officers were elected at the second meeting: president, Mrs. Alex Domin; first vice president and membership chairman, Mrs. David Turner; second vice president and program chairman, Mrs. Gilder Jackson; secretary, Mrs. Daniel Goodnow; treasurer, Mrs. John Ryan; publicity chairman, Mrs. Michael Gatz; historian, Mrs. William Abbott; and by-laws chairman, Mrs. George Hofmeister.

Future plans call for members to attend Questers' State Convention, to be held at the Rackham Memorial on April 4, and the National Convention, to be held in Chicago in May.

Van Cliburn With Symphony

Van Cliburn's appearance as soloist and the local premiere performances of two 20th-century works will be highlights of the Detroit Symphony Orchestra's program on Thursday and Saturday evening, March 24 and 26, in Ford Auditorium. Sixten Ehrlich will conduct.

Cliburn will be heard in Brahms' Piano Concerto No. 1 in D minor. He has made frequent appearances with the Orchestra since he first performed at a concert for Symphony contributors in 1956, two years before he won the Tchaikovsky Competition in Moscow.

The remainder of the program will consist of Arnold Schoenberg's Five Pieces for Orchestra, Opus 16, (composed 1909), and Bela Bartok's Suite from the ballet "The Miraculous Mandarin" (composed 1919). Both will be given first performances in Detroit.

Dr. William Travis, D.D.S., well-known authority on fluoride, and Mrs. Gloria Yaworski, dental hygienist in the Macomb County schools, will complete the panel.

The panelists will discuss and explain the new phosphate fluoride treatment, which is being used this year, on a trial basis, on a small group of children. Since the Council sponsors the fluoride treatment in Grosse Pointe schools, this program should be of special interest to all delegates.

Easter Egg Coloring Classes at Center

Ukrainians From International Institute Coming Again To Teach Pointers How to Achieve Their Traditional Artistry

The Grosse Pointe War Memorial's traditional Easter Egg Decorating sessions for young people and interested adults will be held in the Center's ballroom Saturday afternoon, March 26, at 2, and again at 3:30 o'clock.

As in past years, Mrs. Martha Wichorek, her family and helpers from the Ukrainian Division of the International Institute, will give free instruction in the ancient art of "pyanky" decorating as the Ukrainians call their eggs.

Egg decorating is a fine art with the Ukrainians, whose designs and symbols have been passed down from generation to generation. Elaborately decorated eggs are kept as family treasures in glass cases and are brought out and used as center pieces on holidays and important occasions.

The Ukrainians use RAW white eggs to dye. Those par-

ticipating in the decorating groups may either bring their own eggs or purchase them at the Center at a nickel apiece. Dyes will be furnished free of charge by the Ukrainian women together with instruction sheets and design patterns.

To sketch the design on the eggs it's necessary to have bees wax and a stylus which the Ukrainian women furnish at cost, 30 cents.

The egg decorating sessions are limited to 300 each, and are supervised by the Center's Youth Council, but parents are urged to come with small children. Usually the 3:30 group is less crowded than the earlier session.

Northeastern Women Plan Monday Meeting

Northeastern Woman's Club will meet Monday, March 28, at 1:30 o'clock in the parlors of St. Phillip and St. Stephen Episcopal Church, Frankfort avenue, Newport entrance.

A program entitled "The Last Supper" will be presented by Victoria Johnson.

Ehrling Replaces Ill Kostelanetz

Andre Kostelanetz has been forced to forgo his scheduled conducting appearances with the Detroit Symphony Orchestra on April 14 and 16 due to acute tendonitis of the shoulder.

Sixteen Ehrling, the Orchestra's music director and conductor, will conduct both concerts and, as originally planned, appear as piano soloist in Gershwin's Concerto in F. Detroit Symphony associate conductor Valter Poole will be on the podium while Ehrling is piano soloist.

Other program details are yet to be announced.

The Symphony management was informed that Kostelanetz's condition will require treatment for approximately two months and that he is canceling his conducting engagements during the treatment period on doctors' advice.

CWPEA Plans Series Of Teas

Meeting in the Windmill Pointe drive home of Mrs. Henry Dretmann, a group of Spring Tea hostesses recently completed plans for a series of donation teas sponsored by the Childbirth Without Pain Education Association.

This year's project is a public meeting May 7, at 8 o'clock, at Ford Auditorium, which will feature a talk by Dr. Leon Chertok of Paris, France, internationally known psychiatrist and consultant for the International Childbirth Education Association.

Dr. Chertok is currently doing research work financed by a United States grant through Yale University on the use of psychophysical methods of painless childbirth. He is the author of "Psychosomatic Methods of Painless Childbirth".

All people interested in preparation for childbirth are invited to hear Dr. Chertok and to talk with CWPEA members after the program.

Bassler-Lewis Rites Celebrated in Pointe

Bride's Illusion Veil Appliqued with Brussels Lace from her Maternal Grandmother's Wedding Ensemble

Sara Ann Lewis, daughter of Mr. and Mrs. L. B. Bornhauser, of Bloomfield Hills, became the bride of Lt. (jg) John P. Bassler, USNR, of Washington, D.C. in ceremonies held Saturday, March 19, at the Grosse Pointe Memorial Church. Officiating was The Reverend Bertram Atwood.

Lt. Bassler is the son of Mr. and Mrs. Peter H. W. Bassler, of Cranston, R. I. For her wedding, the former Miss Lewis chose a sheath gown of white silk organza and re-embroidered Alecon lace with a bouffant self train and a lace front panel.

Her Cathedral veil was of imported pure silk illusion with applied heirloom Brussels lace from her maternal grandmother's wedding veil.

Martha Menge served as maid of honor. Bridesmaids were Mrs. Eugene W. Lewis, III, Pamela Prouty, of Boston, Mass., Wendy Burdall, of Chicago, Ill., Betty Johnston, of Washington, D. C., and Vera LeCraw, of Greensboro, N. C.

The attendants' gowns, fashioned of rose and pink linen, featured Empire bodices out-

lined in rose lace with green petals and rose linen floating back panels.

Bouffant headpieces capped in rose lace with Cathedral veils completed their ensembles. William Alderman, of Washington, D. C., served as Lt. Bassler's best man, while guests were seated by Richard A. Fivet, of Washington, D. C., G. Daniel Zally, of Urbana, Ill., Paul LaLiberte, of Alexandria, Va., Eugene W. Lewis, III, and John B. Lewis, brothers of Mr. and Mrs. Ralph A. Bornhauser and Charles E. Bornhauser.

A reception was held at the Lochmoor Club following the ceremony.

Following their wedding trip to the Virgin Islands, Lt. and Mrs. Bassler will reside in Washington, D. C., until June when they will move to New York City.

April Bride

At a family dinner party, Mr. and Mrs. Carmin A. Guerrero, of Washington road, announced the engagement of their daughter, BARBARA J. GUERRERA, to Tullio H. Carlesimo, son of Mr. and Mrs. Ralph A. Carlesimo, of Detroit.

An April 3 wedding is planned, in St. Paul's on the Lakeshore.

Ritter-Ross

Vows Spoken

Airman Second Class Jac H. Ritter, son of Mrs. A. Hilton Ritter and the late Mr. Ritter, former residents of Oxford road, was married in Arcadia, Calif., on February 27 to Elizabeth Irene Ross, daughter of Mr. and Mrs. Andrew W. Ross, of Downey, Calif.

The double ring ceremony was solemnized at St. Luke's Episcopal Church with the Reverend Morton T. Kelsey officiating in the presence of immediate families and close friends.

Airman Ritter was graduated from Grosse Pointe University School in 1961 and attended Parsons College in Iowa. Prior to his enlistment in the Air Force in 1964 he was associated with the United States Forest Service.

He completed his Air Force training at Goodfellow Air Force Base in San Angelo, Tex., in January and left for overseas duty in England March 13. Prior to his Goodfellow training he was graduated from the Air Force Language School at Syracuse University in New York.

He will be stationed in England for three years and his bride will join him there some time this summer.

The couple were attended by the bride's sister, Mrs. Mark R. Miller, of San Angelo, Tex., and the bridegroom's brother, Thomas B. Ritter, a student at Army and Navy Academy in Carlsbad, Calif.

The Ritter family left Grosse Pointe in 1961 and reside in Arcadia, Calif.

Offer Classes In Decoupage

Decoupage, fast becoming a favorite art and hobby of the women in this area, is available to beginning students in the spring term being offered by the Department of Community Services of the Grosse Pointe Public School System.

Taught by Mrs. Louise Hoyt, this very popular art has been so enthusiastically received that classes have been scheduled for every day of the week. Mrs. Hoyt, her class members and their work, was featured in the Grosse Pointe News — "Who, Where and Whatnot" column recently. In addition, Mrs. Hoyt is appearing weekly on a TV program locally, explaining to novices the basic fundamentals and the history of this fascinating art.

Women interested in enrolling in the spring classes may make their reservation by calling the Department of Community Services at TU. 5-3808 or TU 5-0271.

Serving on the arrangements committee, under the chairmanship of Mrs. Alistair Brossie, are the Mesdames F. W. Evans, C. W. Todd, Eric O. Melmer, Vernon P. Johnson and Fred M. Cousins.

Ibex And Meadow Brook

"Will there be a Meadow Brook Music Festival this year or won't there be a Meadow Brook Music Festival this year?" is the question of the month; Ibex had no idea when it was decided last fall to ask Dr. Walter Collins to speak on "The Meadow Brook Festival Story" at the club's March meeting, that Dr. Collins' topic would be so timely.

Dr. Collins, chairman of Oakland University's Music Department and Dean of Meadow Brook School of Music during the summer, will give glimpses of "behind the scenes" Festival activity to Ibex members tomorrow.

Mrs. Justin L. Giltner is opening her Renaud road home for the 1:30 o'clock meeting.

Visitors From California

Here for a visit with her mother, Mrs. Paul S. Giffin, of Moran road, and Mr. Giffin, and all her former friends and neighbors, is Mrs. Robert A. Collins, who moved from McKinley avenue to San Mateo, Calif., less than a year ago and "absolutely loves" everything about the San Francisco area — including the fact that the lemons on the tree in her California backyard grow "as big as grapefruit".

Susan and Martha Collins are renewing old acquaintances with their mother. Mr. Collins will be dropping in for a visit with his family while they're here and will be flying back to San Mateo with his girls some time after Easter.

Engaged

Mr. and Mrs. Frederick J. Schumann, of Devonshire road, announce the engagement of their daughter, LINDA DIANE, to Hubert Josef Ostrowski, of Stuttgart, Germany.

A graduate of Grosse Pointe High School, Diane attended Olivet College where she attained an AB degree. She was a member of the Olivet Ensemble for four years, joining all of the concert tours. Diane is presently teaching in Warren.

The prospective bridegroom, who is the son of Mrs. Hubert Ostrowski, of Stuttgart, and the late Mr. Ostrowski, received his technical training in the university in Stuttgart and achieved his letter in Technical Training from Mercedes-Benz for Experimental Research.

The newly engaged couple met during a Mediterranean cruise last summer. An afternoon wedding at the Grosse Pointe Unitarian Church on Saturday, June 18, is planned.

To Be Officials At Flower Show

Two Grosse Pointe residents are among the officials for the flower arrangement displays at the Flower and Garden Show of Michigan, March 26 through April 3 at the State Fairgrounds.

The competition in flower arranging and the displays of pedestals, tables, large niches, and small niches will be one of the highlights of the show.

The Grosse Pointe officials include Mrs. Elmore Frank, of 963 Fisher, and Mrs. H. Rollin Allen, of 85 Lakeshore Lane.

The flower show also will feature gardens and displays by various nurseries, landscaping firms, and garden clubs; a section for florists; a number of features keyed to the home gardener; and special displays for the children.

Hours will be 11 a.m. to 11 p.m. daily. Admission will be \$1.50.

Oriental Party Set by 'Wheels'

The March 24 get-acquainted party planned by Detroit Yacht Club Wheels promises to be a gala affair. "Oriental Party" is the theme and the fête is for all members and their guests.

There'll be cocktails in the East Lounge at 6:30 o'clock, followed by a cabaret style dinner dance in the ballroom, with music by Phil Girard.

The Wheels' are sponsoring a tour to the Orient in November via jet. Tokyo, Hong Kong, Tawain and Honolulu are on the itinerary of the 21-day excursion.

This evening's program is planned to put the party goes in a Far East travel mood.

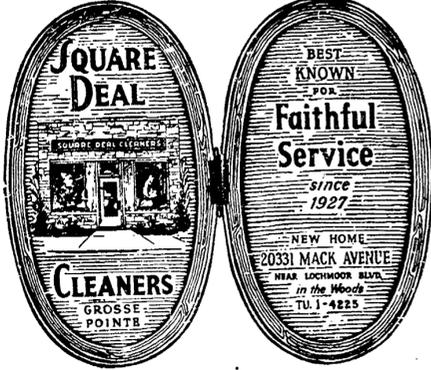

Highlights will include orchids from Hawaii for the first 200 ladies making tour reservations, Hoppi smoking jackets for the men, prizes, Oriental dancers, a travelog on the Orient and Oriental Airline hostesses.

Hockey Chiefs Tie Roseville

By Cindy Tew
The Grosse Pointe Chiefs hockey team came back from a two-goal deficit to tie the Roseville 3-3. Roseville got off to a 1-0 lead late in the first period while Steve Maxon of Grosse Pointe was sitting out a tripping penalty.

The Roseville team tallied again midway through the second period as Grosse Pointe's Sam Orlando looked on from the penalty box. Mark Wojciechowski scored unassisted to get one goal back for Grosse Pointe before the period ended.

Wally Thurstam pulled his Grosse Pointe team to within a goal by netting a high hard one off the stick of Jack Reid. Four minutes later, Jerry Schindler and George Mercer teamed together to tie the game as Mercer stuffed Schindler's rebound into an unguarded Roseville net.

Fire Officials At Conference

Four officials from three Pointe Fire Departments are attending the 38th Annual Fire Department Instructors Conference in Memphis, Tenn. The conference began on Tuesday, March 22, and will end tomorrow, March 25.

Attending from the Woods are Director of Public Safety Allen Andrews and Public Safety Capt. Donald Coats; from the City, Chief George Poupard; and Farms, Capt. Raymond Snay. Due to circumstances, no representatives will be sent from the Shores or Park departments, it was disclosed.

The sessions slated at the conference deals wholly with the latest firefighting techniques, with the entire program suggested by the members of the conference. The object of the session is to provide department leaders with the latest in training methods, and to exchange ideas and experiences, and to keep abreast with the latest developments in training programs.

The conference being held in Memphis is the 32nd held in that city; four have been held in St. Louis, Mo., and two in Chicago, Ill. It is sponsored jointly by the Fire Prevention Department of Western Actuarial Bureau of Chicago, and the Memphis Fire Department.

Hosting the session is Memphis Fire Chief E. A. Hamilton, and the Hon. Claude A. Amour, Memphis Vice Mayor and Commissioner of Fire and Police.

William Henning, Jr. At Ocean Station

Electrician's Mate First Class William C. Henning Jr., USCG, son of William C. Henning of 8553 Lincoln road has been deployed to Ocean Station Victor, halfway between Hawaii and Japan, aboard the Coast Guard Cutter Minnetonka, operating out of Long Beach, Calif. She will spend one month on ocean station, two weeks in Yokosuka, Japan and another month on ocean station before returning to the U.S.

As an ocean station vessel the cutter rotates with other cutters, standing month-long watches at sea performing a multi-purpose task.

On station as part of the U.S. contribution to the International Civil Aviation Organization, the vessel collects weather data for use by transoceanic flights, and provides a navigational checkpoint for aircraft by confirming positions through radar "fixes" and sending radio beacon navigational signals.

Her other duties include scientific studies of the ocean, which includes taking water samples, wave measurements and collecting samples of microscopic plant life for the Coast Guard Oceanographic Unit in Washington, D.C.

Inside The Mothers' Club

The regular meeting of the Executive Board of the Grosse Pointe High School Mothers' Club was held on Monday, March 7, 1966. There were 17 members present.

The report of the president, Mrs. G. Gordon Cook, told of the many activities and meetings she had attended in connection with her Mother's Club duties during the past month. She has been asked to serve on the steering committee of the pilot program for the Human Relations Sensitivity Training Laboratory.

Mrs. Walter Griffiths, vice-president, reported that 30 scholarship applications have been given out to date, and that 45 Thesauri have been ordered for presentation to the upper five percent of the graduating class.

Mrs. George Thom, Jr., corresponding secretary, announced that a committee of eight members had prepared and mailed 2,524 letters to parents regarding the change of dates for "Rally Round the Flag," the benefit program "Hands Around the World," and the new date of the Spring Telephone Bridge party.

Faculty representative, Mrs. Benson McClure, reported on a successful visit with Grosse Pointe students attending Western Michigan University. All freshmen were most enthusiastic about college and felt their high school preparation had been outstanding.

Jerry Gerich, faculty advisor, discussed the Pilot Program for Human Relations Sensitivity Training Laboratories. The Grosse Pointe Educational system is proposing a pilot project within the community, aimed at coping with the problem of helping teenagers to better understand themselves, their relationships with other teenager groups, and the teen-age-adult relationship. The project will be financed by monies allocated to the state and community through the National Elementary and Secondary Education Act of 1965.

The pilot project under consideration will consist of two week-end Human Relations Sensitivity Training Laboratories, involving high school students, teachers, and counselors, parents of teenagers, and other adults in the community who work with youth. This is one of the most exciting new educational methods to come out of research in the social sciences in the past 20 years.

The over-all goal would be to help the community as a whole to see the enriching potential for all its elements in a program which aims to improve the

ways in which teen-age community as a whole to see the enriching potential for all its elements in a program which aims to improve the ways in which teen-age community members can be better prepared to take advantage of the traditional educational offering of the community.

Membership committee, Mrs. William Munro, announced that six Mother's Club memberships were received on Parents' Night, bringing the total for the year to 1,383.

Mrs. John Fralick, neighborhood groups chairman, suggested three changes for next fall. First, no communications shall be sent to non-dues paying groups; second, dues of \$3 per year per person per group shall be defined by letter; and third, have available a list of speakers for the discussion groups.

Program chairman, Mrs. James Laird, reported that 500 parents had attended Parents' Night, and that the speaker, Dr. James Clayton Lafferty had been very well received.

Mrs. King Clifford, play ticket chairman, announced concern that a conflict in scheduled school activities had necessitated a change of dates for the "Rally Round the Flag Boys." The net profit from the fall benefit performance of "Kind Lady" was reported as \$1,549.29.

Mrs. Charles Adams, social chairman, reported that 400 parents were served tea, coffee, and brownies following Parents' Night.

Bus chaperone chairman, Mrs. Robert Brines, announced that one busload of students attended the Highland Park basketball game held at Cobo Hall, and two buses were used the night of the district tournament. A letter will be sent to the drivers of the Lake Shore Bus Line thanking them for their cooperation.

Mrs. Robert Christian, Board of Education Council Representative, reported on the February meeting. The Bert Wickling Library, an instructional materials center, has proved to be very successful and its services are in great demand. As of January, 1966, the senior high enrollment was 2,766, an increase of 81 students over a year ago.

Mrs. Robert Clarke, nominating committee chairman, announced the following slate of officers nominated for the coming year: Mrs. William Ludwig, president-elect; Mrs. Leland Symon, treasurer, and Mrs. Edward Fine, recording secretary. The next meeting will be held on April 4.

Green's wife and five-year-old daughter were fatally injured. Green and one of the teenagers Huron General Hospital. Two other children of the Green family are reported in fair condition. The Greens were coming from a church youth rally where he is superintendent of the Sunday School. who, where and whatnot

by wboozit

Ah, spring! . . . It really "sprung" for us a week ago, when we dashed outside just before sunset to watch a flock of huge and honking Canadian geese, soaring high above the Lake St. Clair shoreline, heading north . . .

Ever since . . . our first visit to the William House home in Rivard boulevard, we've been interested in Bill's work, (Bill and his wife, Carolyn, assisted in varying degrees by their three children, turned a century-old farmhouse into a Pointe showplace), and we are delighted to report that Mr. House's one-man exhibition of paintings opens at 6 o'clock next Tuesday evening, at the Rubiner Gallery in Royal Oak, and will run through April 20. Bill, whose work has been shown at the Pennsylvania Academy of Fine Arts, the Butler Institute of American Art and the Detroit Institute of Arts, has been preparing for this exhibition for the past year; 22 of his oils will be on display . . .

The 28th Miami-Nassau . . . Ocean Yacht Race lured several Pointers south this year. Detroit Yacht Club Commodore Wilfred D. Gmeiner, of Pemberton road, sailed aboard the "Indigo," (Mrs. Gmeiner met him on the dock in the Bahamas capital), and Fred Kreger, of Lothrop road, and John Burkhard, of Shoreham road, crewed aboard the "Otseketa" . . .

Rex Ciavola . . . last week's "Pointer of Interest," tells a marvelous story about taking Grosse Pointe War Memorial Director John Lake for his first small-plane ride: Rex invited John to fly up to Walloon Lake one weekend, John agreed, and they took off together in Rex's seaplane. Just as they were clearing the water, the door on the passenger side of the cockpit flew open. "Grab the door and hold it shut, John," Rex said calmly. (John was speechless). John grabbed and held on—tight—all the way to Walloon Lake. He flew back to Detroit with Rex too, (brave man!), but oddly enough, he's never attempted a second weekend flying trip with pilot Ciavola . . .

Attention, mothers! . . . The Assistance League of the Northeastern Wayne County Child Guidance Clinic has planned an Easter Bunny Party for Saturday, April 2. Luncheon will be served at 12:30 o'clock in Room A at the Eastland Concourse Auditorium. There'll be a show for the children afterwards, and the Easter Bunny will present each and every "believer" with an Easter favor. Mrs. Edmond Jaskolski is party chairman; her committee members include Mrs. L. J. Novak, Jr., Mrs. LeRoy J. Deola, Mrs. George Shammis, Mrs. William A. Bowles and Mrs. Richard J. Langs. Tickets are limited, so hurry and call Mrs. Michael Gaskin, 772-5272, for reservations.

A slip-of-the-tongue . . . and Paul Moreland, of Harvard road, found himself referring to the Swedish curling team, in town recently to take on local players, as the "Swiss" team. But the Swedes were equal to the occasion. Rising to acknowledge Paul's remarks at a dinner party in his team's honor, a Swedish spokesman began, "It's so nice to be here in Canada . . ."

There's going to be . . . a "War Dance" at Grosse Pointe High School's Gymnasium April 2, a 20th century War Dance, to show that young people DO care about their country and its involvement in the Vietnam War. Price of admission is 75 cents, refreshments are 10 cents, and all money collected will be donated for medical supplies and other equipment, to be sent to G.I.'s and South Vietnamese civilians. The party, sponsored by GPHS's Hi-Y, is open only to Grosse Pointe resident senior high school students, (identification will be checked); tickets are being sold in advance at the High School and may be obtained at the door dance night. Hours are 8:30 until 11:30 o'clock, dress is "school clothes." The Underdogs will play . . . and the Hi-Y hopes 1,200 teens will fill the Gymnasium to capacity . . .

If you would understand your own age, read the works of fiction produced in it. People in disguise speak freely. —Arthur Helps

A woodpecker decided he was going stale and needed a vacation. Several days' flying brought him to the heart of a forest where he perched in the top branches of a stately pine tree.

"I'm hungry," he thought, "and there ought to be some bugs under the bark of this tree." As he hauled off and took a mighty peck at the trunk, a bolt of lightning struck and split the tree from top to bottom.

The woodpecker picked himself up, preened his ruffled feathers and croaked proudly, "A fella just doesn't realize what he can do until he gets away from home." —American Legion Magazine

Retiring Grosse Pointe Public School System Administrative Personnel, (l. to r.), Charles E. Leavitt, Bernice D. Moore and Kenneth Cary. Donald R. Campbell and Forrest L. Geary were unable to keep the picture appointment.

By Janet Mueller

There'll be five BIG holes to fill in the Grosse Pointe Public School System's Administrative Personnel roster next year. Five of the Pointe System's best known administrators are retiring, and it's difficult to imagine how any one, let alone all, of them can be replaced.

Charles E. Leavitt, who came to Grosse Pointe High School in 1929 as an instructor in the Social Sciences, is completing his last few months as Principal of Pierce Junior High School.

Prior to his appointment as Principal of Pierce in 1939, he served at Grosse Pointe High School as Director of Summer Sessions, Assistant Principal and Director of Guidance.

"I certainly will miss my contacts with staff, parents and youngsters," he admits. In his more than 35 years with the Pointe Schools, he's witnessed the schools' phenomenal growth: "When I came, there were only 900 pupils in the combined Junior and Senior High School."

Prolific Writer

He's authored numerous articles in professional journals, and has been active in the affairs of the Michigan Association of Secondary School Principals.

Before coming to Grosse Pointe, Mr. Leavitt served as principal of a junior high school in Bucksport, Me., and an instructor at Albion College. He began his undergraduate training at Bowdoin College and the University of Maine, and holds a Bachelor's degree from Albion College and a Master's degree from Northwestern University.

He has received additional training at the Universities of New Mexico and Michigan, Michigan State and Wayne State Universities.

Mr. Leavitt terms his job as Pierce Principal similar to that of principals in all schools: "I'm responsible for the welfare of the personnel and the pupils. I work in the areas of curriculum and public relations, in the community . . ."

He prefers to work with junior rather than senior high school grades—"Junior high school age youngsters are still flexible"—and thinks boys and girls grope more to find themselves in the eighth grade than at any other time in their public school life.

"The younger children, and the older group doesn't want to accept them. Acceptance by their peer group dictates what they do; peer acceptance means more than any adult acceptance."

Difficult For Both

"It's difficult for youngsters to grow up — and it's difficult for adults to live with youngsters while they're growing up."

Mr. Leavitt is an avid sports fan, fond of fishing and gardening. He and his wife, Jean, live in Somerset road. They have one daughter, Mrs. Robert Brown, mother of two sons, David, 10, and Steven, nine.

Charles Leavitt has made no definite retirement plans: "I really have no idea what I'll do. I hope to travel . . . We'll keep our home in this area, though; this is the place where we have family ties, and friends."

After 44 and three-fourths years of teaching experience, (she taught half-time for three semesters while getting her A.B. in Ann Arbor), Bea Moore, Dean of Girls at Parcels Junior High School, is "just thrilled at leaving!"

"It's kind of an adventure," she says, her eyes and voice sparkling. Not that she hasn't loved her work—"But, fascinating as it is, it's nice to have an end."

Miss Moore, born in Minnesota, started teaching at 19, ("Some of my pupils are in their sixties; my first eighth graders were only a few years younger than I").

She received her teaching certificate in 1920 from Michigan State Normal College, (now Eastern Michigan University),

at least not until their daughter, Nancy, is graduated from Albion College.

But they do plan to "move around." Travel is a Cary family hobby. The Carys have visited every Mainland State except two, North and South Carolina. In '62, they spent a once-in-a-lifetime summer touring Europe.

Ken's looking forward to more travel. He'll have more time to play contract bridge too, and to work in his garden, (he loves gardening, is a member of the Grosse Pointe Men's Garden Club, Grosse Pointe Rose Society and Detroit Chrysanthemum Society).

But he'll still be keeping his finger in the education pot; next year, he'll be supervising practice teachers for Western Michigan University on a part-time basis.

Experienced in elementary, junior and senior high work, he prefers junior high: "It's a very interesting age. The youngsters keep you on your toes. Eighth grade is the most difficult — eighth graders are feeling their growing pains — but most boys respond well if you have their confidence."

Completing 38 years of service at Grosse Pointe High School, Donald R. Campbell will retire in June from his position as Assistant Principal.

Born in Calumet, Mich., he holds a Bachelor's degree from Alma College and a Master's degree from Harvard University. He has done additional graduate work at Wayne State and Michigan State Universities and at the University of Michigan.

He joined the GPHS staff in 1928, as a Social Studies teacher, and has held positions as chairman of the Social Studies Department, Counselor, Field Counselor and Dean of Boys.

He and his wife, Margaret, who formerly taught Physical Education at the High School, have no definite plans for next year. But Mr. Campbell's friends and associates at the High School are already planning — on missing him.

Praise by Gerich "I consider Don Campbell one of the unsung heroes in public education who worked mainly behind the scenes," says GPHS Principal Jerry J. Gerich. "For over 35 years all of the superior resources this man had for school work — disciplined and keen mind, strength of character, penetrating powers of analysis, and energy — were tirelessly devoted to the youth of the Pointes."

"In addition to his professional excellence, Don has won the lasting affection of countless students, patrons, and fellow staff members by his rich qualities of personality," comments Howard E. Case, GPHS Dean of Students.

And Ralph N. Deal, Russian and Music Appreciation teacher at the High School, sums up the staff's feelings about Mr. Campbell's departure: "For 22 years I have known Donald R. Campbell as a fellow teacher, but even more closely as a friend. Seldom does one find the depth and warmth of understanding that one finds in Don Campbell."

All of Grosse Pointe will miss Forrest L. Geary, Director of Community Services.

Born in Parma, Mich., Mr. Geary came to Grosse Pointe as an Athletic Director and Coach in 1924. He holds a Bachelor's degree from Michigan State Normal College, (Eastern Michigan University), and has done additional work at Wayne State University and Albion College.

Forrest Geary's Department has grown at a fantastic rate. The three major areas directed by Community Services are Adult Education, (47 classes were offered by a faculty of 50 in 1950; 122 courses were offered by a faculty of 124 in

3 cloves garlic, finely chopped
1/2 cup lemon juice

Marinate the beef for 2 hours in a mixture of the other ingredients. Broil, brushing often with the marinade. When almost cooked, sprinkle with additional curry powder. Serve with rice, and watermelon for dessert.

In addition to these, Department services include employee housing, all-Grosse Pointe School System drives and collections, all-System distribution of materials, all-System policy procedures, air-raid and tornado procedures, as well as co-sponsored and cooperative activities, such as the Grosse Pointe Council of Boy Scouts and the Grosse Pointe Traffic School.

Then there are the annual Halloween parties for teenagers . . . The Director of Community Services has been elected to serve as general chairman of these parties for the past 22 years.

There's hardly a Pointer who hasn't been affected, in some way, by the Department of Community Services and its Director, Forrest Geary. There's hardly a Pointer who won't miss Mr. Geary as the Department's Director.

Like all the Grosse Pointe Public School System Administrative personnel who are retiring this year, he cannot be replaced . . . only followed.

How much . . . do you really know about Permanent Waving?

Do you know what a Custom Permanent can do for your hair . . . as well as what an ordinary Permanent does to the hair . . . the precautions that must be taken if the hair is tinted or bleached?

In 1954 Dr. Linus Pauling received the Nobel Prize in Chemistry . . . his research proved that human hair consisted almost entirely of Protein (97%) and not calcium as was previously supposed.

Further research by Biochemist, Dr. Jheri Redding, based on Dr. Pauling's discovery has brought forth a new concept of revitalizing the hair during the actual curling and coloring process.

Are you receiving the benefits of the Miracles of Modern Science . . . or are you just "limping" along (i.e. with limp lifeless hair) horse and buggy fashion?

Mrs. William Fust Pierce . . . showed us the selections she made from an exquisite imported jewelry collection. It is interesting to learn, design as well as quality of material is a definite factor in the increasing value of jewelry. Her choices have the most advanced artistry and the finest precious and semi-precious stones . . . several incorporate dimensional design . . . an established trend. If you are thinking of an important gift . . . be sure to see the Walton-Pierce Fine Jewelry Collection.

Top Drawer Topics . . . all cheer and chuckles because of the adorable Easter toys . . . just arrived. "Ducks in Orbit" . . . are brother and sister ducks, dressed in polka dots. Wind them . . . watch and listen. The traditional Easter bunny is at 17007 Kercheval UP in the Village. "Little Easter People" . . . will fill baskets with their charm.

Spring Seems . . . to be starting early. You can be with it . . . with the lightweight wool knit dresses at Claire Pearone, 397 Fisher Road. All the new shades . . . and variations of the skimmer . . . lightly priced . . . so you can collect several.

Ed Hickey . . . tells us chalk stripes are being ordered for: made-to-order-suits. This is also becoming a lead in the ready-to-wear department. We say, "It's about time. The look is just great!"

Are You In Love . . . with your home but not with your kitchen? Making a wallflower kitchen into one of beauty is a challenge Mutschler professional designers like best. The Irving Boutique . . . (a branch of Irving's) . . . now at Leon's, 17388 Mack Avenue, has a wonderful selection of blouses . . . tuck-in and a variety of styles in the over-blouse. Casual to dressy . . . they are planned to complete your spring suit wardrobe.

Silken Soft . . . streaked or plain, are the hairpieces at Edward Nepi, "Parrucchiere," 19463 Mack Avenue. Glamour is easier to come by with a beautiful hairpiece in your bag of beauty tricks.

Background . . . carpeting . . . there's a brand new soft "hardly there" green. It is so flattering to other colors, wood tones, and is brought out by deeper shades of green. It is one of the latest things in carpeting at Ed Maliszewski, 21435 Mack Avenue and is leading the life of a chameleon in decorating circles . . . 776-5510 or 776-5511.

Success Story . . . Kopp's Beauty Clinic has so many requests and appointments for the private one-half hour consultation. Representatives are trained to teach you cosmetic techniques. Today, Daphne Cristofz represents Princess Marcella Borghese. Friday and Saturday, March 25th and 26th, Lillian Moline will be at Kopp's for Elizabeth Arden. Skin Glow . . . is very much in style. This can be done through clever make-up. Glow is the word . . . and if your skin is excessively oily . . . Astringent Cleansing Lotion is a great aid. One seventy-five and three dollars at the Notre Dame Pharmacy . . . chilled . . . it's refreshing and stimulating for the complexion.
