HALF A MILLION DOLLARS was left in a trust fund by a DSR streetcar operator to be divided by Wayne State University and the University of Michigan, it was revealed Wednesday. Two \$250,000 scientific fellowships are to be established in the name of the Frank Knoller Fund. Knoller, whose last known address was 2425 Crane in Detroit, apparently bought stocks in the 1930's when they were low and set up a trust fund with an attorney to be distributed to the colleges five years after his death. He also left \$10,000 to the Capuchin Charity Guild, his furniture to the Goodwill Industries, and his clothes to the St. Vincent de Paul Society.

THE STALEMATE over I-696 prompted Governor Romney to threaten to hold squabbling suburban mayors round the clock in his offices in Lansing until they make a decision about what route the already-started \$140 million east-west freeway is going to take through Detroit's northern suburbs. The area under discussion now is the stretch between Lahser in Southfield and Campbell in Royal Oak. Highway Director Howard E. Hill favors a route that starts just south of Eleven Mile, drops to 10½ Mile, crosses the southern boundary of Lathrop Village and then drops to Ten Mile through Oak Park, Huntington Woods, Pleasant Ridge and Royal Oak.

FIFTY THOUSAND Americans killed on the highways each year was the motivation of President Johnson's appeal to the auto industry to stop raising "pleayunish" objections to Federal safety controls. Speaking at a ceremony proclaiming May 15 as National Transportation Week, the president noted that "demands for transportation will double in the next two decades." Some congressmen urge mandatory controls of the industry, but Mr. Johnson favors controls that are subject to the discretion of the secretary of commerce.

EASTERN STANDARD TIME (EST), by act of the Michigan Legislature, is accepted time for all of Michigan's 83 counties, except for three upper peninsula counties, Dickinson, Gogic, and Menominee, which are on the border of Wisconsin which observes Central Standard Time (CST). CST is one hour behind EST; however, Sunday CST went on Central Daylight Time, (CDT), which is exactly the same time as EST, but it is called CDT. A rose by any other name . . . ?

MILLIONAIRES number 371 in the United States, according to an Internal Revenue Service study of 1963 income tax returns. In 1962 there were only 355. Out of a total income of \$908.6 million received by that group in 1963, taxes amounting to \$26.5 million were paid. Individual returns with adjusted gross income of \$10,000 or more were up 15 percent over 1962.

THE CANADIAN DELEGATION rocked representatives at the International Olympics Committee (IOC) in Rome by offering free board and lodging for athletes and officials at the games. Montreal's Mayor Jean Drapeau said construction now being done on the forthcoming 1967 Exposition would allow the city to prepare for the games to be held in 1972 and be able to pass along this saving, estimated at \$12 to \$15 million, to the IOC. The Detroit presentation, first of four, was made by Governor Romney and Fred Matthai, Jr., and contained one controversial element: Televising the games and the revenue, estimated at \$12 million, that would accrue from it. The U. S. delegation had been jubilant when the IOC had ruled favorably on TV rights, after a two-hour conference.

Proud of Five-Year Perfect Safety Record

The Our Lady Star of the Sea School recently received the Detroit News Green Pennant Safety Award. What makes this so unusual is the fact that the above shown pennant is for a perfect safety record for five consecutive school years. It is being flown proudly on the school flag staff, below the flag of the United States, for all to see. Grouped around the

pennant are the members of the school's Safety Patrol and Girls Service Squad, whose work is credited for the award. Holding the pennant, from left to right, are Woods Patrolman JACK PATTERSON, school safety officer, and MICHAEL ROONAN, a teacher at the school, and SISTER LABOURIE, I.H.M., co-safety sponsors.

City's New Drain Sewer Handles Job

No Flooded Basements Reported During First Big Test with Saturday's Heavy Rain

Saturday's heavy rains, almost an inch, according to Melvin Beatty, City Building Inspector, which fell despite the Weather Bureau's optimistic prediction of sun on April 23, were handled very well by the City's newly-operating storm sewer.

No flooded basements were reported to either the Police Station or Department of Public Works in the severest test the main trunk has undergone since operation began April 12. The storm sewer, which is almost entirely completed now, runs west along Waterloo from Lincoln, then south along St. Clair to Jefferson where it jogs slightly west to run between the newly-developed streets of Elmleigh and Stratford.

Although the underground functioning of the sewer is completed, Beatty estimates it will be at least two months before roads, curbs and sidewalks are rebuilt and lawns are graded and replanted.

Memorial Center Drive Gets \$42,506 from 2,546

Grosse Pointe War Memorial's 1966 Annual Family Participation Campaign is receiving a shot in the arm from follow-up letters received in Grosse Pointe homes over the weekend. Letters went to all families in the Pointe from whom the Center had not heard as of last Wednesday, April 20. The follow-up letter is merely a brief note stating that the goal of the campaign, \$75,000 needed to operate in the fiscal year beginning August 1, is only half met so far. A postage free remittance envelope is attached to make convenient donations. As of Monday, April 25, \$42,506.55 had been received from 2,546 families. This compares with \$45,899.66 from 2,296 families at the same point in the campaign last year. Receipts

Educators Study Possible Dual-Use Program at GPHS For 1967-68 School Year

Might Divide Students Into Two Separate Enrollments for Morning and Afternoon Sessions Until New Building is Finished

The Board of Education, asked this week for details of a possible dual-use program at the high school for the 1967-68 school year, explained that no specific proposals had yet been submitted by the administration. The dual-use program at this stage seems only more desirable than double shifts at the elementary school or large-scale use of portable classrooms to house burgeoning enrollments.

Asked how a dual-use program might possibly work, Dr. Charles H. Wilson, Superintendent, explained that different possibilities are available, depending upon enrollments at given grade levels and the educational philosophy that governs. In all likelihood, a division of students would be made on the basis of students who will attend Grosse Pointe High North and South.

Also, much would depend upon construction progress of Grosse Pointe High North. If the building promises to be ready for occupancy mid-year of 1967-68, one kind of division would be made; if it would not be ready until September of 1968, or later, a still different kind of division would be programmed.

Two Separate Schools

As an illustration, Dr. Wilson mentioned that it is conceivable the two schools would be organized exactly as if they were in different buildings, with separate staffs and administration. One school would hold its sessions from 8 to 1 o'clock, while the second school would be in session from 1:30

to 6:30. The deletion of a lunch hour would permit both schools to be in session approximately the same amount of time as at present.

Division of the student body into two schools would free much space, both in the morning and afternoon, for great flexibility. For example, Dr. Wilson pointed out, that while the morning group is an academic session, students from the afternoon session might have access to vocal and instrumental rooms, gymnasiums, driver training cars, and the like.

The dual-use plan, Dr. Wilson pointed out, would reduce attendance from an estimated 3,000 tenth through twelve grade students to 2,000 9th through 12th grade students. The present high school has a rated capacity of approximately 2,017 for desirable usage, with a 2,306 capacity as the emergency limit. The school has been operating beyond this emergency limit for two years with all indications of increased enrollments annually.

Would Keep Class Intact

It is contemplated that if a dual-use program is put into effect during the 1967-68 school year, the senior class will remain together as a unit. Such plan was contemplated even if a new building were ready for occupancy in 1967.

The chief advantage of the dual-use program at the high school is that it relieves the pressure on the junior high and elementary schools. The inclusion of the 9th grade in the new 4-year high schools frees the junior highs of this grade, enabling them to accommodate 6th grades from overcrowded elementary schools.

A dual-use program, requiring separate teaching, administration, maintenance and clerical staffs, would require additional operating revenue which the voters would have to approve. A referendum on this proposal, along with proposals for improved teachers' salaries and lower class sizes, is contemplated for this coming fall, 1966.

Every Effort Made By School Board To Inform Voters

All Trustees to Speak at Special Meeting in Brownell School at 8 Tonight; Many Groups; Three Gatherings Next Week

"In spite of the relatively short amount of time between now and the May 9 election, the trustees of the Board of Education are making every effort to inform the entire community on all aspects and issues of the forthcoming referendum," Edward J. Pongracz, president, said.

He revealed that in addition to a series of meetings planned for the next two weeks throughout the district, a special edition of the Board of Education's newsletter, "Education In Our Town," has been mailed to all citizens in the school district. He indicated that the issue should reach all householders within a few days.

At 8 p. m. on Thursday, April 28, a special meeting has been scheduled in the gymnasium of Brownell Junior High School. Speakers will include the entire Board of Education to discuss all aspects of the forthcoming election with interested citizens.

All Are Invited
Although the audience is expected to be drawn largely from the Brownell, Kerby, Richard and Barnes school attendance areas, Mr. Pongracz has urged all others in the community who wish to attend, to be on hand for the meeting.

Three meetings are slated for next week. On Monday evening, May 2, the League of Women Voters and the PTA Council have announced that they will co-sponsor an open forum on the May 9 election in the auditorium of Grosse Pointe High School beginning at 8 o'clock.

Election Issues To Be Discussed

There will be question and answer periods after discussions of the High School Bonding Proposition and the Wayne County Community College election at the open forum sponsored jointly by the League of Women Voters and the P.T.A. Council to be held in the auditorium of the Grosse Pointe High School on Monday, May 2, at 8 p.m.

On the program which will be moderated by Mrs. George Brown, the first discussion, on the high school bonding issue, will be handled by trustees of the Grosse Pointe Board of Education, after which members of the audience may ask questions.

The second group of speakers, representatives of the Citizens' Participatory Study, Mrs. Minert Thompson, R. R. Linden, Marshall V. Noecker and John B. Ross, will discuss the Wayne County Community College election, after which they will answer questions from the audience.

Mrs. Robert Jessup, past president of the Grosse Pointe League of Women Voters, will give the welcoming address.

Public Hearing on Park's Proposed Bond Issue Set

The Park will hold its public hearing on a proposed \$800,000 Bond Issue for the full development of the city's two municipal parks, at the Pierce Junior High School Auditorium on Wednesday, May 4 at 8 p.m.

The bond issue is unanimously backed by the Park Council and the Park City Planning Commission. The proposed \$800,000 is requested for an ambitious park and recreation improvement program.

The funds would be used for improvements at the Waterfront Park and the Three Mile Drive Park.

Climaxing the proposed improvement development, would be the renaming and rededication of both parks, officials said. Plans include the construction of a new pool at the Three Mile Drive Park, complete with a

Man Fatally Hurt by Car Making Turn

Driver Charged with Negligent Homicide Following Accident at Mack and Grayton

Park police obtained a negligent homicide warrant against a St. Clair Shores motorist, whose car struck and fatally injured a Park resident crossing Mack avenue Friday evening, April 22. The victim died of the injuries in Bon Secours Hospital several hours later.

Dead is Harold W. Dood, 58, of 1445 Cadieux road, who was struck by a car driven by Charles T. Lucier, 41, of 22601 Sunnyside, at 8:44 p.m. Dood suffered a fractured skull, two broken legs, a broken arm and internal injuries. He died at 5:45 a.m. Saturday.

Dood is the first traffic fatality for the Park and the first in the Pointe for 1966.

Det. Lt. Stanley Enders, who investigated the accident, said that the negligent homicide warrant was approved by Assistant Wayne County Prosecutor Raymond Miller on Monday, April 25.

Arrested in Park

Lucier was arraigned before Park Municipal Judge C. Joseph Belanger on the warrant and stood mute, and demanded an examination. A plea of innocent was entered for the accused by the judge and examination set for May 4, at 10 a.m. Lucier was released on \$2,000 bond.

According to police, Lucier was traveling south on Grayton, on the Detroit side, and stopped at the Mack intersection. He started up and made a left turn onto Mack, and struck Dood, who was just about in the middle of the avenue, on the Park side. Lucier said he was driving about 15 to 20 miles an hour in making the turn, when his car hit the traffic victim.

Dispatched to the accident scene, besides Enders, were Sgt. Charles French and Patrolmen Walter Paton and William Furtaw.

Youth Saw Accident

A 16-year-old driver, who is the sole witness to the accident, told the policemen that he was approximately a block and a half away, when he saw Lucier making his turn, and was almost at the spot when Dood was hit. The witness placed (Continued on Page 2)

Four Pointes Requested to Boost Wages

Shores Holding Off Until After Election; More Fringe Benefits Also Demanded

By James Njalm
Personnel of four Pointe police and fire departments are requesting pay raises and fringe benefits, comparable to those being received by their Detroit counterparts, in keeping with the present day cost of living.

Asking for pay increases are the policemen and firemen of the Park, City, Farms and Woods. Personnel of the Shores Public Safety Department are holding off negotiations with Village officials until after the regular Village election on Tuesday, May 17.

Each of the five departments have lost a number of well-trained and competent men, over a period of time, who have abandoned their police and fire-fighting careers for higher paying jobs with private industries and professions. Lack of sufficient pay, to meet the cost of present day living, poor pension system, and other factors are blamed for the resignations.

Cost of Living
Pointe policemen and firemen, as are personnel of departments of surrounding communities, are asking for substantial wage increases, to meet the cost of living, and in order to support their families better.

They feel that they owe it to their respective communities to see to it that wages, hours and working conditions are such that they will continue to attract high calibre individuals to police and firefighting careers, and to retain those already serving their cities.

Patrolman Charles Slusser, president of the Grosse Pointe Park Police Officers Association, said that Park policemen are asking to be placed on a par with Detroit officers.

In a recent letter to Orville Sherwood, executive secretary of the Grosse Pointe Property Owners Association, whose members are interested in the pay increase issue, Slusser stated:

"Their (Detroit) yearly pay scale is higher than ours and we are sure that they will receive a very substantial increase this year. We feel, as do the other patrolmen in the Pointes, that we should receive \$9,000 per patrolman a year.

Draws Comparisons

"We do not receive longevity pay, as do the Detroit police officers; we do not receive pay for holidays, Detroit officers do. Detroit gives its men 20 days vacation, we receive only 10 days; Detroit men build up their sick time at the rate of 17 days a year to a maximum of 200 days. We are allowed to build at a rate of 10 days a year, to a maximum of 60 days. "Detroit has a good pension plan, which permits retirement after 25 years of service at half pay, whereas, Park officers must work until they are 60 years of age. Our pension plan is the worst in the State."

Park firemen are asking for \$9,000, including fringe benefits; longevity pay for \$100 a year for those with from 6 to 10 years of service; \$200 for those with from 11 to 15 years of service; and \$300 for 16 years or more of service; and seven paid holidays.

The base pay for both police and fire personnel is \$7,000 a year.

City Gets Demands

The City policemen are asking for a minimum raise of base pay, at this time, of \$8,500 a year for patrolmen, \$9,000 for corporals, and \$9,500 for sergeants.

They also ask that longevity pay raises be instituted as follows: Five years of service, 1.5 percent of base pay; 10 years of service, three percent of base pay; 15 or more years of service, 4.5 percent of base pay.

Also requested is that the vacation schedule be changed to 15 days after the first year of service; 20 days after 15 (Continued on Page 2)

List Many Improvements At Pointe Lakefront Parks

Shores residents will find various improvements at their lakefront park this summer, according to Tom Jefferis, Village Superintendent.

A new gatehouse has been constructed with a pay phone, a drinking fountain, and a line to the desk in the Shores police station. The building is located past the parking area and will house the official who will check the park passes after residents have parked their cars.

A steel seawall has been constructed in front of the swimming pool area and benches will be installed for viewing the lake. Many new trees have been planted, Moraine Locusts, Red Maples and Ginkgos.

According to Don Hallmann, Recreation Director of the Woods, there have been improvements amounting to \$85,000, which include sheet metal retaining walls on Milk River and on the lakefront park, dredging of lake and dock areas, a black top multiple parking area for boat-owners and picnickers on the lakefront park for 75 cars, a boat-launching ramp of concrete that will handle two boats at once, the refinishing of two tennis courts in black top in Ghesquiere Park, and the maintenance of seven Little League diamonds and six Babe Ruth diamonds, one, at Mason School, with a new backstop.

Farms residents will discover that fill for an extension of 150 feet has been dumped to the north of the picnic area of their park. Andrew Bremmer, City Manager, says that after this has settled, it will be planted with grass.

Construction of 110 new boat slips is expected to be completed by late July or August, bringing the total number of boats to be accommodated to 350.

Every cloud has a silver lining and the silver lining of the sewer construction for the City has been enough soil of the right kind to grade the large play area at the old Neighborhood Club, at a minimal cost to the City, according to Robert Bendzinski.

With a one-year license from the Grosse Pointe Board of Education for the City to maintain the Neighborhood Club grounds, an expanded recreational program is available this year. If any tennis or baseball league in the Grosse Pointe area is interested, please call the City Office, TUxedo 5-5800, and they will do everything they can to cooperate. A schedule of activities at the Neighborhood Club grounds will be published later.

Doberman's Owner Sought

If the woman whose pet Doberman Pinscher bit Richard E. Graney, 17, of 1410 Buckingham, on Sunday, April 24, reads this article, please report to the Farms police.

If she does not come forward, Graney will have to undergo a series of painful rabies shots. The dog bit the youth in the back, through a sweater, breaking the skin.

Police were called to Bon Secours Hospital to take a dog bite report, and Graney told them that he was bitten at about 6:15 p.m. while he was running around the Grosse Pointe High School gravel field track.

Graney said that the dog suddenly appeared and jumped on his back, and bit through his

sweater, below the left shoulder. He said this happened as he was rounding the northeast corner of the track.

About this time, the youth said, the dog's owner, a woman, arrived and after looking at Graney's shoulder, said she did not think it was serious enough to have a doctor look at the wound. She put a leash on the dog and walked away.

The only description Graney could give of the woman was that she was white, about 30 or 35 years old, about five feet eight inches tall, with blond hair.

Graney has been going to the field track every day, hoping the woman will come back with her dog.

Grunyons Giving Concert Friday

Those handsome local singing men, The Grunyons, will be at it again this Friday night, April 29, when they will stage their annual free concert and show under the auspices of the Grosse Pointe War Memorial Association in Fries Auditorium.

This performance will be a curtain raiser for the Grunyons' appearance on May 14 in Hartford, Conn., where they will compete with 10 other singing groups for national recognition.

The Grunyons are under the direction of William Y. Gard, former Yale Whiffenpoof who also directs the Grosse Pointe Chamber Singers. Director Gard promises some rare antics, instrumental fireworks, and even surprise numbers by junior Grunyons in Friday's show.

Fire Damages Park Residence

A three-alarm fire of unknown origin caused considerable damage to the home of the Robert Marrs, 1337 Berkshire, Monday evening, April 18.

Park Fire Chief William Graul said that an alarm was called in at 9:38 p.m. by a member of the Marr family, who was home alone at the time, when he smelled smoke. The department responded with seven men and two pumps and an aerial truck, the chief said. Within about 10 minutes, it became apparent that help was needed, and the chief resorted to Mutual Fire Aid Card 168, which called for assistance from the City and Harper Woods.

The chief said that the City sent two pumps and seven men, and Harper Woods dispatched a pumper and six men. No one was injured or was felled from smoke inhalation, Chief Graul said.

He said that the fire was brought under control at 10:30 p.m., and was put out by 11 p.m.

The fire originated between the walls of the sub-attic on the third floor of the Marr residence, the chief said, and it became necessary to chop away interior and exterior walls to get at the blaze.

By the time City and Harper Woods firemen and equipment arrived at the scene, flames were licking away at the sub-attic and through the roof.

There was extensive damage to a third floor bedroom and roof of the structure, Chief Graul said, but how much will have to be determined by insurance adjusters.

The chief also said that there was some water damage to the front section of the house, and heat and smoke damage throughout the third floor.

The Park Fire Department head praised the action of his men and the firefighters from the assisting departments in handling the fire. He had special praise for the prompt response for assistance by the City and Harper Woods firefighters.

Brownell Bands Giving Concert

Thirty ninth grade members of Brownell Junior High School's Concert Band will be playing their last concert with this instrumental group Friday evening, when director Dewey D. Kalember presents his eighth annual Spring Concert in the school's auditorium-gym.

Beginning at 8 o'clock the program will be made up of selections performed by over 150 Brownell students in two bands.

First to perform will be seventh graders, who will present three folk dances arranged by Gumma, Prayer and March from "Der Freischutz" by Von Weber, Bennett's Service March, and Rachmaninoff's Prelude in C Sharp Minor. Featured will be Doug Slocum as soloist on the snare drum. (Doug is a private pupil of James Hatfield.)

Following these opening numbers, eighth and ninth graders making up the more experienced Concert Band will play Gluck's Paris and Helena Overture, Streets of Athens by Cavas, Offenbach's LaPerichole, and Rhythm of the Winds by Erickson. A special "fun selection" will be the band's favorite, Akers' Riffin' the Blues, featuring Rod Rose as drummer.

Ushers for the performance will be Rosemary Bagby, Lisa Curl, Debbie Knight, Debbie McDonald and Debbie Spitzley. Tickets are being sold by band members, and may also be purchased at the door tomorrow evening.

Youth Attacked Waiting for Bus

Waiting for a bus on the Detroit side of Mack avenue in the vicinity of Lakeland at a little after midnight on Sunday, April 24, Douglas Parmenter, 4368 Phillip, Detroit, 18, was attacked by two young men who got off a bus going east.

Running along Mack, Parmenter escaped his attackers and headed for the first lighted dwelling he saw. He rang the bell at 831 Lakeland avenue and asked Marilyn Smith to call the police.

When Corporal Donald Smith and Patrolman William Plumb of the City police arrived on the scene and searched the neighborhood, the attackers had vanished. Parmenter was taken to the station where he was picked up by his grandfather.

Detroit police were notified and will continue the investigation.

Garden Council Planning Drive Against Littering

City ordinances on littering and the right of citizens to enforce these ordinances were explained to the Grosse Pointe Garden Club Council by Police Chief Arthur E. Louwers of Grosse Pointe Park and Chief Andrew Teetaert of Grosse Pointe City at a recent meeting.

The Council made up of 12 garden clubs, is planning an all-out campaign against littering during the month of May and asked the advice of the police chiefs as to what could be done.

The chiefs stated that ordinances are already on the books of the municipalities* declaring littering a misdemeanor but that the difficulty in enforcing the law is that you must see the person doing the littering.

For this reason the Council is asking all citizens to be on the watch for persons throwing candy wrappers, gum wrappers, empty cigaret packages and such on the ground. When these are thrown from cars citizens are asked to take the license number and the Council will find out the name of the person and report him.

Fines running as high as \$50 can be assessed anyone throwing rubbish from cars and \$5 for anyone throwing cigaret packages or such litter on the street. The Garden Club Council is considering plans to have members issue warnings to litterbugs the first two weeks of May and the second two weeks make complaints if needed.

Mrs. F. M. Lewis of the Girl Scouts has lined up five troops to deliver posters made by elementary school children under the direction of Donald Schrom, art director of the elementary schools. These posters will be delivered to stores and business addresses on Saturday, April 30 announcing the opening of Clean-Up week.

The Cleanest Playground Contest under the direction of Mrs. Carson Grunewald will be held on Saturday May 7. The school grounds of all the elementary and high schools, public, parochial and private, will be judged by a committee on the Men's Garden Club and awards made to those in the best condition.

Drivers Ticketed Following Crash

Two tickets were issued by City police early Sunday, April 24, when a car driven by Alexander Gage, 587 University Place, collided with one driven by Joseph Comiskey of Chatham, Ontario, about 40 feet west of Fisher on East Jefferson avenue.

Gage told police he was driving east on Jefferson, approaching the Fisher intersection, when he gave a signal, changed lanes and slowed down for the red light. Comiskey, also going east behind Gage, countered with the statement that he had been forced off the road.

Gage was ticketed for changing lanes without safe observation and Comiskey for failure to yield.

Hospital Guild To Honor Fisher
Saint John Hospital Guild will hold the Annual Stag Dinner at the Grosse Pointe Yacht Club on Wednesday, May 11, at which time Edward F. Fisher will be honored and given the Men's Guild "Man of the Year Award."
Fred Cody, general chairman, has named John Wilt as his co-chairman of the party which includes cocktails, dinner and games.
The annual \$100 a plate dinner makes it possible for the hospital to give the residents, graduates and interns the finest education that can be given in their dedication to the saving of human lives.
It was through the generosity of Mr. Fisher that the dream of the new St. Edward's Chapel at the hospital was realized. Mr. Fisher is very much aware of the importance of education and feels that the many friends and others interested in the hospital education at Saint John Hospital will want to do their part in helping to make this annual affair a huge success.

Funeral Home's Request Granted by Park Council

The Park Council, at its regular meeting held on Monday, April 25, granted the Verheyden Funeral Home, 16300 Mack avenue, permission to construct a port cochere over a public right of way, at the west side of the building.
The permission was given after the council was informed that such a construction is necessary because a port cochere roof is already constructed, and for several years, has been resting on unsightly and non-conforming temporary steel posts.
Clayton Alandt, manager of the funeral home, in a letter to the council, said that his establishment proposes the construction of two rather low garden type colonial planters to support the roof, and that the planters will be identical to those supporting port cocheres at the rear of the building.
Because of the angle of the home's Whittier avenue property line, construction of the north planter within the property line would make an exit onto Mack avenue a necessity. Because of this, it was said, a permit for the project was denied.
Without permission to go ahead, it was said, the only alternative would be to set the north planter partly beyond the property line.
Alandt stated that the finished roof is 34 inches beyond the line, and that it is estimated that the planter will extend approximately 20 inches. The south planter will be within the property line, he said.
If allowed to build the north planter, the manager said, parking lot traffic will be still allowed to exit on Whittier, eliminating a possible traffic hazard caused by a Mack exit.
The council approved the building of the planter over the

Burglar Visits Realty Office

Mrs. Ida Mae Weid of 510 North Shore drive, St. Clair Shores, an employee of A. B. Arnoldy and Associates of 20817 Mack, realtors, opened the office at 8:23 a. m. on Tuesday, April 19, and began her work routine. A few minutes later, she discovered that the place had been broken into during the night.
Mrs. Weid called Woods police, and then her employer, A. B. Arnoldy of 12070 Twenty-two Mile road, Utica.
Officers investigating the break-in, said that the burglar, or burglars, broke into the establishment by breaking the glass of the rear door, just above the lock.
The burglars ransacked the desks and file cabinets in all the offices in the building, including one leased by Milo Barnett of 579 Eastland, Detroit, who operates the Barnett Oil company.
Arnoldy told police that the thieves got only four containers of six-pack cigars, valued at \$1.50, and about 75 pennies from one of the desks.
Further investigation in the matter was referred to officers of the Detective Bureau.

Autos Targets Of Rock Tossers

Three incidents of rocks or bricks thrown at automobiles were reported last week-end to City police.
On April 23, between 6 and 10 p.m., Mrs. Duncan MacEachern, of 568 St. Clair, reported that a brick had been hurled at her automobile while it was parked in the Village Manor lot. Police believe the brick was intended for the window at the driver's seat but fell short, denting the door on that side and leaving particles of brick embedded.
The same night or early the next morning another brick was smashed through the rear window of an automobile belonging to John Walker, 391 Washington road, while it was parked in front of his home. The force of the blow also cracked the windshield of Walker's car.
Sunday afternoon, April 24, City police received a call from Mrs. Eugene A. Powers, 517 Neff road, telling them that a rock had been thrown through the window on the driver's seat of her automobile.
Police are investigating the incidents.

Some cutting remarks made me buy a **YARD-MAN**
I began lawn care with a "bargain" mower and found it didn't pay. I'd also been left in the state of confusion by too many claims and gimmicks concerning lawn mowers. Recently, however, a Yard-Man dealer brought me back to earth with a few "cutting remarks" that made a lot of sense. He pointed out that the basic function of any mower is to cut grass correctly, safely, and easily. For this purpose the heart of the mower is the cutting blade, and this is just one place where Yard-Man has the "edge" on other mowers. Yard-Man cutting blades are made only from austempered steel. They are tougher than tough carbon steel and take a factory sharp cutting edge and keep it for an entire lawn mowing season. Smooth grass cutting, the full length of the blade, is assured by Yard-Man's exclusive, easy adjustment at all three vital points . . . the wheels, the roller and the bed-knife. Each blade of grass is cropped with a crisp sealing action leaving the lawn green and healthy. Yard-Man offers you grass cutting at its finest, and with all the convenience and ease of a top quality lawn mower. This is YARDMAN!

It All Appears to Depend Upon Whose Car Is Struck

There are days when a person's luck is so bad he thinks someone must have planned it that way. Dan Wright, a senior at Grosse Pointe St. Paul High School can sympathize with him. His luck really put the cherry on the cake.

Dan and the other boys on the baseball team were playing at Kerby field on Monday, April 18. It wasn't exactly an ideal practice session because the coach wasn't there and they couldn't play on the regular diamond. There was a game scheduled the next day and they didn't want to "wreck it up." They played on another diamond next to the regular one. It had a backstop, but didn't catch very many fouls because it was not curved.

Just the way the boys got out there and started a practice game. Second up to bat

was Bill Bigham who, as Dan put it, "hit fouls all over the place, just missing cars." Once though, he hit the hood of a car, but if there was any damage at all, it wasn't even detectable.

Dan was third up to bat. He says: "I hardly hit any fouls . . . until the end of my turn. Then I hit one just as a police car was coming. It hit the windshield square in the middle. The glass didn't shatter but it was completely cracked."

The policeman, Bob Kon, was stunned. After he pulled the car over to the side of the road, he got out and scratched his head as he gaped at his windshield. Then he bent down to the curb and good-naturedly picked up the ball and threw it back.

Meanwhile, Dan had been staring there nervously. "I didn't dare look at him. When he threw back the ball, I just

kept practicing." The patrolman rambled over to the fence and watched them practice. After a while, a few of the boys went over to talk with him, and presently Dan did too. Kon said he wasn't angry and understood that it was just an accident, but that someone would have to pay for it. He asked if the school had insurance and then got Dan's name and phone number. "And" said Dan, "that was the end of it . . . for the day."

The next afternoon, when Dan wasn't home, there was a phone call for him. His mother answered. "The other party asked for me and my mother said I wasn't there but asked if she could take a message. Then the other party said: 'This is the police' and my mother gagged."

After they explained what happened, they told her that they talked to the city manager

and he said that since it was just an accident, the city would pay for it.

It just goes to show that bad luck isn't nearly so bad at all if it's with a "nice cop."

Four Grosse Pointe High School students have been selected to audition for the semifinals of the Michigan Youth Arts Festival. They were chosen by their adjudicators at the recent State Solo and Ensemble Festival in Jackson, Michigan for their outstanding solo performances.

The local music students are: Dan Smith, piano (senior); Carmen Nemeth, violin (junior); Mark Lawrence, trombone (junior); and Tim Place, trombone (sophomore).

These students will audition in Lansing on April 30, for individual adjudicators. Those selected by adjudicators in the morning will be expected to perform in the afternoon for all judges.

Winners will have the opportunity to perform in an all-state band or orchestra, or will be invited to perform a solo with accompaniment by the Interlochen Arts Academy Orchestra or Band. The all-state band and orchestra will perform as part of the activities of Michigan Week in May.

One of the judges at the State Solo and Ensemble Festival wrote a personal letter to Mr. Russell Reed, instrumental music instructor at Grosse Pointe High School, containing the following: "Mark Lawrence was the outstanding one I heard all day! And he received the highest rating." The remark was made by Glenn Smith, University of Michigan School of Music.

Center Offers Thailand Films

Color films of Thailand will be shown on the Grosse Pointe War Memorial's "Meet the Travellers" series Monday evening, May 9, at 8 o'clock in Fries Auditorium. Showing the film will be Mr. and Mrs. James T. Fitzpatrick, who recently returned from a world cruise.

Bangkok, the largest of the East, will figure largely in these pictures with its Klongs, palaces and temples; it is one of the most interesting and spectacular cities in the world. Viewers will see the royal barges, the royal enclosure and the shrine of the Emerald Buddha. Other famous temples to be shown include the Temple of Dawn, The Wat Po, and the Marble Temple.

Then it's off to Ayudya and the ruins of the ancient capital of Siam. Along the way will be stands of teakwood with elephants hard at work. The camera will take the audience to the border of Burma.

Grosse Pointers and their guests are cordially invited free of charge.

Chamber Singers To Give Concert
The Grosse Pointe Chamber Singers will be presented in concert in the Crystal Ballroom of Fries Auditorium on Sunday, May 8, at 8:30 p.m.

As part of their Mother's Day observance, the Chamber Singers will perform choral music from the Renaissance and Romantic periods, as well as some contemporary works.

The latter will include settings of A. A. Milne poems about Christopher Robin, which have been arranged for mixed chorus by William Gard, who conducts the Chamber Singers.

The performance will feature solos by sopranos Jean Zech and Barbara Bailey and tenor Richard Johns. Sue and Jerry Hughes will provide the accompaniment and double as members of the alto and bass sections, when their talents at the piano are not called for.

Other members of the Chamber Singers are: Nancy Williams and Jan Wollard, sopranos; Dolores Shaheen, Lois Johns, Helen McConochee, and Marilyn Stockwell, altos; Carl Angelli, Ed Griswold, and Alex Suzek, tenors; and Steve Hauser, Mike Johnston, and Robert Wallard, basses.

Bach At Cranbrook
L. James Schneider, chairman of the Bach Festival committee, Cranbrook Music Guild, has revealed plans for an annual Bach festival, to be known as "Bach at Cranbrook." For its opening season, "Bach at Cranbrook" will consist of two concerts, one at 2:15 o'clock and the other at 8 o'clock on May 14, at Cranbrook's Christ Church, Lone Pine road, Bloomfield Hills.

Motorist Guilty On Two Counts

Gerald Carter, 30, of 94 Mt. Vernon, Detroit, was sentenced to pay a fine of \$25, or spend 10 days in the Wayne County Jail, after he was found guilty on two traffic violation counts by Woods Municipal Judge Don Goodrow.

Carter was arrested by Woods police on Monday, April 18, and was arraigned the next day, for driving without having an operator's license on his person, and for making an improper turn from a second lane.

Patrolman Adrian Meerhaeghe said he saw Carter driving north on Mack avenue, and making a right turn onto Vernier from the second lane. When stopped, Carter could not produce a license, the officer said.

Carter was taken to the station and given a violation ticket for the license offense and another for the improper turn. He was released on \$100 bond and appeared for trial the next day.

Meerhaeghe said that a check with other police agencies disclosed that Carter was wanted by Warren police for ignoring a red light.

Teachers Back Bond Proposal
The Grosse Pointe Education Association Board of Delegates voted unanimously on April 25 to endorse the Grosse Pointe School Bond Election scheduled for May 9.

The GPEA is the elected sole negotiating agent with the Board of Education for all Grosse Pointe Public School teachers. The Board of Delegates represents teachers from all schools and departments in the system.

Dr. William Sosnowsky, GPEA president, issued this statement: "Our members are keenly aware of the crowded conditions which exist at all school levels. We recognize that the construction of Grosse Pointe High School North as swiftly as possible is imperative in order to continue Grosse Pointe's high standards of education. We as teachers feel that Grosse Pointe citizens deserve the best."

"The GPEA's first objective is to continue to improve the educational program of the Grosse Pointe Public School System," continued Dr. Sosnowsky. "The overwhelming endorsement of the May 9 Bond Issue by our Board of Delegates is evidence of the feelings of the teaching staff."

Those engaged in a heated argument pay very little attention to danger signals.

2,000 Teachers At Conference

Close to 2,000 educators from Detroit and Wayne county schools will converge on two locations (Franklin High School, Livonia and Osborn High School, Detroit.) on April 28 to attend the Region "A" curriculum conference of the Michigan Association for Supervision and Curriculum Development.

The afternoon-evening curriculum sessions will be concluded with a keynote address. Dr. Charles Wilson, Superintendent of The Grosse Pointe Public School System, is being featured at the Osborn Center in Detroit. His topic is entitled, "Today's Child — Pawn or Promise."

Region "A" of the Michigan Lions Club will conduct a postponed house-to-house drive for White Cane Funds for the Blind on Saturday, April 30.

The original fund drive was to have taken place on Saturday, April 23, but because of inclement weather, the drive was postponed until this coming Saturday.

The drives are for the blind and are given to sightless people without charge, and can be obtained from any Lions Club on application.

In addition to purchasing White Canes, funds raised in the drive will be used purchase eye glasses and to pay for eye examinations, or eye operations, if needed, for those who cannot afford to pay for these services.

The Woods Lions urge citizens to be generous when volunteering ring doorbells and ask for a contribution.

Money could do more for folks if they expanded it to do less.

GROSSE POINTE WAR MEMORIAL CAMPAIGN IS UNDER WAY

We wish we had room to list the many, many activities and benefits proceeding from the Grosse Pointe War Memorial Center. We know you are aware of most of them and probably take part in a few yourself. That's why we are counting on a simple REMINDER of the once-a-year Family Participation Campaign to do the work of a long plea for the 1/4 of the Center's running expenses you are being asked to contribute. (The remaining 3/4 of the expenses are self-generating.)

We are counting again this year on the spontaneous generosity of the Grosse Pointe community for support of their own recreational, cultural, social and educational fountainhead. Give all you can; and remember — your contributions help the Center to serve YOU!

Blue Devil Nine Winner Of Two; Drops Third Tilt

By Dale Eichbauer

After their season opener had been rained out, the Blue Devils of Grosse Pointe High School opened their 1966 baseball home season by defeating the Big Reds of Port Huron Central 3-2. The victory, which came in the bottom of the ninth inning, concluded a long and tough pitchers' duel.

In the first inning, with Mike Van de Gintse for the Devils, the Reds managed to get men on first and second with a walk followed by a bunt. A sacrifice bunt by the third Red batter moved the runners to second and third with only one out.

Another sacrifice, this time to deep left field, scored the man from third, and with the next batter striking out, the Reds led 1-0.

In their half of the first, the first two Devil batters struck out, followed by a putout short to first to end the inning.

With one out in the second, the Reds got a man on first by a walk. He moved to second on a stolen base and scored when the second baseman threw wild attempting to toss out the next batter at first. After putting out the next batter, the Devils went to bat with a two run deficit.

The first batters, Bob Lynch, sent a long double down the left field line. Following a strikeout by the next batter, Rob Zink singled and both runners stole the next base, putting runners at second and third. A double by Art Mitchell scored Lynch and a sacrifice bunt by Mark Ranney scored Zink. With the next batter striking out, the Devil rally ended, leaving the score tied 2-2 at the end of two innings.

The third inning saw Van de Gintse move to shortstop and Jim "Bulle" Foresman take over the pitching for the Devils. In the third the only hit by either team was a deep double to the centerfield fence by Bill Blakeslee, who was left stranded on base with the end of the inning.

In the fourth neither team got a base-runner as the batters went down in order. The fifth inning saw Foresman strike out all three Red batters. The Devils got a man on first in the fifth, through a walk, but the inning ended without him advancing.

The first batter for the Reds in the sixth singled to left, just out of the shortstop's reach. Following a strikeout, the batter singled to first and second. The Reds then threatened to score as they moved to second and third on a sacrifice. The inning ended, however, as Foresman struck out the next batter.

The Devils went down in order in the sixth, as did the Reds in the seventh, as Foresman struck out two more Red batters. In the Devil half of the seventh, Art Mitchell picked up his second hit of the day as he singled to center, but was left stranded, with the score still tied at 2-2 after seven innings, the normal length of a Devil game.

In the eighth, the Reds failed to get a baserunner as Foresman picked up another two strikeouts. The Devils got runners on first and second on a single and a throwing error by the Red shortstop, but neither was able to score.

The ninth saw the Reds send a runner to first on a single, but he again was left stranded on base. With one out, Art Mitchell picked up still another hit on a single to center and pitcher Foresman hunted safely to put runners on first and second. Following a strikeout, Van de Gintse singled to center, driving in the runner at second and giving the Devils a 3-2 victory in nine innings.

Defeat Lakeview

In their first away game of the season the Devils returned home victorious after defeating the Lakeview Huskies 9-7. The win, credited to pitcher Bill Hahn, who went the entire game, was the second of the season for the Devils.

The scoring began in the first inning when, with one out, Bob Lynch doubled to score a runner who had previously walked. After moving to third on a passed ball, Lynch scored on a single by Greg Fouch. After putting out the next Devil batter, the Huskies came to bat for the first time. After the first batter singled, he moved to second on an unsuccessful bunt attempt. Following a strikeout, the runner moved to third on a passed ball and the next batter walked, but neither scored as the next batter was out at first base. The second inning saw both sides go down in order, with both pitchers picking up two strikeouts.

In the third, Mike Van de Gintse singled to first. After the next batter walked, both runners scored on a single by Bill Blakeslee, who then scored on a single by Bob Lynch. Lynch scored as he stole home while the batter following him was picked off stealing second after walking. The Huskies were again unable to score and after two the Devils led 6-0.

In the third, neither side scored nor threatened, as was the case with the Devils in the fourth as they went down in order. The Huskies, however, did manage to score after the first batter singled to center and moved to second on a bunt. The next batter struck out, but the runner scored as the one follow-

Ford, McKay Win Tennis Crown Again

Walter B. (Wally) Ford and Don McKay successfully defended their title and took the crown again in the annual tournament that closes the season for The Tennis House. They defeated Norman Sprock and Dr. John Lazdre in the final match, 6-0, 6-1.

The popular champions have shared the title in this doubles tournament a total of 11 times since the first tourney was held in 1950. That year Wally was paired with his brother-in-law, William Clay Ford. They were the first names inscribed on the plaque which hangs in the Tennis House at the foot of Moselle place.

Wally was a winner again in 1956, playing with Ralph T. McElvenny, and the third title came last year, with MacKay.

Seven Time Winner

Don, probably as fine player as any in the metropolitan area, will have his name on the plaque for the seventh time when this year's inscribing is taken care of. He played with Walter (Pudge) Cavanaugh, in 1955, '57, '58 and '59 in taking the championship, teamed with McElvenny in 1964 to win again and repeated last year with Wally.

Ford and MacKay beat Dr. Pierce Smith and Henry Gage in the semi-finals, 6-3, 6-1. Sprock and Lazdre eliminated John Reindel and his nephew George Reindel, III, in their semi-final match, 7-5, 6-3.

The preliminary matches, with 16 teams competing, saw MacKay and Ferdinand Cinielli, 6-1, 6-1; Al Mackey and Dr. Osborne Coates defeat Charles Wright, II, and John Dodds, 3-6, 6-2, 6-2; Smith and Gage conquer Pudge Cavanaugh and Charles Cudip, 6-2, 4-8, 6-2; Dave Robb and Dave Summers subdue Nick Agesten and Tom Morrow, 8-6, 6-1.

Other Preliminaries

Results in the other half of the first matches were—Sprock and Lazdre over Dr. John Lesene and Dr. Ross Hume, 6-1, 6-0; Joe Hudson and Frank B. (Mike) Ware over the father and son Bob Edgars, 6-2, 6-3; Reg. MacArthur and Jack Hodges over Bill Wotherspoon and Ingersoll Lewis, 6-1, 6-4; and the Reindels over Dan Simmons and Dr. Tom James, 6-1, 7-5.

In the quarter finals Ford and MacKay eliminated Mackey and Coates 6-1, 6-1; Smith and Gage beat Robb and Summers 6-1, 2-6, 8-6; Sprock and Lazdre down Hudson and Ware 6-4, 3-6, 6-2; and the Reindels defeated MacArthur and Hodges 6-1, 6-0.

This parade will begin at 1 p.m. from Manufacturers National Bank parking lot at Mack and Lochmore, and proceed down Mack avenue to Ghesquiere Park, located behind the Grosse Pointe Woods City Hall.

Many dignitaries have been invited to be on hand to launch the 1966 season. Included in this list are: Woods Mayor Kenneth McLeod; Woods Director of Public Safety Allen Andrews; Woods Councilman and organizer of Woods-Shores Little League, Marvin Boutin; City Administrator Chester Petersen, Chairman of the Recreation Committee Royal C. Hillier, Shores Village Supervisor Thomas Jefferis, Shores Police Chief Thomas Cochill, and President of the Shores Board of Trustees John Huette-man.

Werner Lueckhoff, president of the Little League's Board of Governors, and Reg Robinson, vice-president, will lead the ceremonies.

Cpl. Joseph A. Macy In Marine Aviation

Marine Lance Corporal Joseph A. Macy, son of Mr. and Mrs. L. A. Macy of 818 Cadieux Road, Grosse Pointe, Mich., is presently serving with Marine Fighter Attack Squadron 531 (VMFA-531), a unit of the Second Marine Aircraft Wing based at the Marine Corps Air Station, Cherry Point, N. C.

The squadron is equipped with the F-4B Phantom II, the Marine Corps' fastest all-weather fighter/attack jet aircraft.

The F-4B is capable of identifying, intercepting and destroying enemy aircraft in conjunction with ground or airborne control under all weather conditions.

The squadron's mission here involves operational flight training of pilots and crew members under all types of weather conditions.

Prior to re-forming here last July, the squadron's assignments included deployments to Japan, Vietnam and a temporary duty assignment with North American Air Defense Command (NORAD) at Key West, Fla.

This was the first Marine unit ever to be assigned fulltime to NORAD. At Key West VMFA-531 stood ready on the "hot pad," where four Phantom jets were poised 24 hours a day, ready for a scramble alert.

Teamwork between pilots and crews enabled the squadron to launch its aircraft in 150 seconds after the alert siren sounded.

Have You Given Yet?

Grosse Pointe War Memorial's annual drive for funds has been in progress for a month now and has raised somewhat more than half of the \$75,000 quota

It has always seemed to us that the War Memorial Association and all it entails should have a definite appeal for all residents of all ages.

The bronze plaques in the entrance hall contain the names of more than 3,000 who served and considerably more than 100 who gave their lives.

Ever since its inception the Memorial Center has had to depend upon large gifts from a small percentage of the residents, despite the fact that emphasis is placed every year on the hope that everyone in the community will take part in the preservation and continued development of this complex which is one of the Pointe's great assets.

Wouldn't it be wonderful if so many individuals got into the act of being financial backers of the Memorial, that those who have annually given far more than their share could be relieved?

No gift is too small to send to this Family Participation Campaign. With more than 60,000 persons in the Pointe community, obviously a shamefully large proportion of the population is doing nothing towards maintaining and operating the Memorial Center, much less towards providing the means to continue to explore and develop the potentials which exist there.

It is costing a lot of extra money, time and effort to send out follow-up requests to those who have failed to respond. Join the good company of those who have already expressed their appreciation of all The Center means to The Pointe. Send in your donation today.

Webster's Dictionary tells us that a magazine can be the contents of a storehouse, a stock or reservoir of provisions or goods, as well as a periodical, containing miscellaneous articles, stories, poems, etc.

We invite our patrons to browse in the periodical collection. The range of subject matter is extensive. Are you an artist? We subscribe to AMERICAN ARTIST. Are you for yachting? We subscribe to YACHTING.

Delving into the history of periodicals, one finds that in the long and often colorful history of magazine publishing and editing, social needs have been met, crusaded for, or occasion created.

Those who receive the periodicals in the mail at the Grosse Pointe Public Library and prepare them for the use of our patrons, manage only a tantalizing glimpse at the titles of the magazines. One might call us The Headline Hunters.

The book quoted is a colorful and witty account of famous pioneer editors, their public successes, private feuds and crusades, such as the one against the "obscene" custom of women exposing their naked elbows.

GODEY'S LADY'S BOOK was published by Louis Godey and edited by Sarah Hale. The tone of the publication was the popular Victorian sugar, but Sarah Hale crusaded for equal education for women, and the general bettering of social conditions for women and children.

A HISTORY OF AMERICAN MAGAZINES, by Frank Mott, is comprehensive, direct and often entertaining. It covers every facet of the publishing of periodicals, and would be a good reference tool.

It is amusing to find that the LADIES' HOME JOURNAL of 1883 was issued as a supplement to the Tribune and Farmer, published by Cyrus Curtis. It carried eight pages, and sold, when subscribed to separately, at fifty cents a year.

The ladies of Christ Church have been working, working, working, storing up handmade goodies for next fall's Fair.

Booth chairmen gathered at the Church last Thursday to organize the traditional spring Fair Preview, scheduled this year Wednesday, May 11, from 1:30 until 4:30 o'clock, in the Church Undercroft.

Showing their wares, (they hope to take many special orders), will be representatives from the Basket, Needlepoint, Knitting and Apron Booths, the Paris Table, Tots and Toddler Dresses and House and Garden Boutique.

There'll be samples from a new booth, "Serenidity," a collection of anything-and-everything amassed by a new group, the Young Episcopal Churchwomen.

President of this organization of some 35 junior Episcopal Churchwomen, all very young marrieds, is Mrs. Gerhard M. Williams, Jr., (Soapy's daughter-in-law), and the two young matrons in charge of the booth are Mrs. John Purvis and Mrs. William Stevens.

Treasures Wanted

Off on a treasure hunt are members of the Grosse Pointe Acquisition Committee for the Archives of American Art Auction, who met last Thursday over coffee at the Country Club drive home of Mrs. Wilber Hadley Mack.

The ladies aren't looking for White Elephants, but they'll be happy to accept modern as well as antique treasures, silver, crystal, bric-a-brac, china, rugs, furniture, (not upholstered, unless with wooden frames), first editions . . . anything of fine quality, in good condition.

Dr. Leon Chertok Speaks May 7

Grosse Pointe members of the Childbirth Without Pain Education Association are touting the appearance of Dr. Leon Chertok May 7 on the stage of Ford Auditorium in downtown Detroit.

This eminent psychiatrist specializing in the field of obstetrics is being sponsored for a two-week lecture tour in the United States and Canada by the International Childbirth Education Association and other groups interested in preparation for childbirth.

The CWPEA is sponsoring Dr. Chertok's lectures in the Detroit area.

Dr. Chertok, whose book "Psychosomatic Methods of Painless Childbirth" has been published in six languages, is presently head of a research group studying psychological

analgesia in childbirth.

This research is being carried out with a grant of the Foundations' Fund for Research in Psychiatry through Yale University. According to a report from this organization, "This continuation grant will permit the analysis of one of the largest and most complete collections of data concerning psychological factors in pregnancy and delivery."

The report also states: "The results may be of value for an understanding of the general phenomenon of pain as well as its management." A book, "Personality, Psychosomatics and Childbirth," is being published to reveal the results of the study.

Doctors and other medical professionals are being invited to attend medical meetings at which they can hear Dr. Chertok and ask questions concerning his research findings.

The general public may hear Dr. Chertok at 8 o'clock Saturday evening, May 7, in Ford Auditorium.

At this meeting he will discuss the benefits of painless childbirth to both the mother and the child as revealed by his research studies. Dr. Chertok will also show a film of a childbirth demonstrating the psychosomatic technique of painless childbirth. Dr. James Clark Moloney, a Detroit area psychiatrist, will introduce Dr. Chertok.

A panel of obstetricians familiar with psychoprophylaxis in obstetrics as used in the Detroit area will answer questions from the audience as time allows. Panel members include Doctors Norman Blass and Ethelene Crockett, of Detroit, Dr. James E. Ladd, of Birmingham, and Dr. Michel Laham, of Wyandotte.

Members of the Childbirth Without Pain Education Association will also be available for an informal discussion period after the program. A donation of 75 cents will be collected at the door, or tickets may be purchased in advance at Hudson's or Grinnell's.

For further information, interested persons may call the following Grosse Pointe members: Mrs. Henry Drettman, (VA 3-3312), Mrs. William Farquhar, (TU 1-6108), or Mrs. William Hoover, (TU 1-6808).

Symphony Sets School Concerts

The young American conductor Henry Lewis will make his first appearances with the Detroit Symphony Orchestra during its special series of concerts in various Detroit public schools in May.

He and Valter Poole, the Orchestra's associate conductor, each will conduct 22 concerts in the series. Each will preside over a separate orchestra comprised of Detroit Symphony members.

The concerts will be free and will be administered by the Board of Education for inner city schools as part of a Federal Grant under the National Elementary and Secondary Act. Parochial students in the area will be included.

It will be the Orchestra's first series of in-school performances during school hours. The Orchestra has frequently given concerts in schools over the years, however, and it still presents free school concerts under sponsorship of the City of Detroit in Ford Auditorium each season as well as its own Young People's Concerts series.

Henry Lewis, a native of Los Angeles, has been highly acclaimed as a conductor of symphony, opera, oratorio and chamber music. The American music public first learned of his achievements in 1961, when he was named substitute conductor for two concerts of the Los Angeles Philharmonic, replacing an ailing Igor Markevitch.

This resulted in his being chosen to conduct a tour by the orchestra, which led to a succession of engagements with other orchestras and his eventual international musical following.

Prior to his initial conducting triumph with the Los Angeles Philharmonic, he had been a member of the orchestra's double-bass section, (he joined the orchestra at the age of 16).

Later, while serving with the U. S. Army, he toured Europe as conductor of the Seventh Army Symphony, directing some 150 concerts. On return to civilian life, he resumed his chair with the Philharmonic but continued conducting.

He was named conductor of the Young Musicians Foundation, a group dedicated to providing career opportunities for musical youngsters, and also founded the Los Angeles Chamber Orchestra. In 1963, he led the chamber orchestra on a 14-nation European tour under auspices of the U. S. State Department.

He was appointed music director of the Los Angeles Opera Company last year following a three-year tenure as associate conductor of the Los Angeles Philharmonic.

Lewis lives with his wife, mezzo-soprano Marilyn Horne, and their ten-month old daughter, Angela Turnham, in North Hollywood.

13—REAL ESTATE FOR SALE

LIKE TO REVEL among large rooms with high ceilings, fireplaces, and enough bedrooms and baths to accommodate a scout troop? Then this could be the place. Located in the first block off Jefferson just two minutes from the City's lakefront park, and settled nicely on a lot big enough for a tennis court, swimming pool, a small orchard, and a few large dogs. Priced to be picked up pronto by a new proud possessor.

THE FRENCH have a flair for many things and their architecture is very much in evidence in this beautiful family home on Lincoln Road. Five family bedrooms and three bathrooms on the second floor. Offered at \$41,900, a price below many four bedroom listings.

TRADITION, condition, and your ambition might be the formula which will put your family in this six bedroom farm colonial. If you appreciate the traditional architecture of early America, if you demand a home that's been kept in excellent condition, and if you have the ambition to step up to a prestige home; then check this one before your neighbor does.

FOR SOMEONE who doesn't want to put all his eggs in one basket, this modestly priced ranch house with low maintenance could be the answer. Two bedrooms with two baths, and a large living area with access to a screened terrace is all a couple really needs. After buying this one you'll have plenty of latitude left over for your salad years.

YOU CAN SCORE a double play by acting fast on this two-family which we are showing on Neff Road. Where else in Grosse Pointe can you pick up two complete living units for less than \$17,000 each? Camped just north of Kercheval Avenue, the property is just a long throw to a bus stop and Village Shopping.

FOR THE MAN who thought he had everything, take a look at just a few of the particulars of this estate offering, and you'll see what you've been missing. Placed imposingly on a little piece of Farm's real estate, 300x545 feet, the main house is just a short walk to the swimming pool, eight-car garage, and guest building. Built to withstand the ages, all ages. The house has plenty of room to "escape" from the wife or kids with their gangs. All bedrooms come complete with their own baths and fireplaces. This house is in move-in condition, all that is required is several vans of furniture and your family.

"Politeness is an easy virtue, costs little, and has great selling power."

who, where and whatnot

A belated but heartfelt "Bon Voyage" . . . to Anita Higby, who will have been with Wrigley's-on-the-Hill, at the check-out counter, for 20 years in May. Anita flew off to Argentina April 16, to visit her brother and cousins in Buenos Aires and her sister in Juan Fernandez . . .

. . . Anita is the third oldest in a family of seven girls and three boys. Most of her family moved from Argentina to Mexico in 1921, and lived there for 10 years before coming to Detroit. Her parents have died since, but she has many, many relatives—"At least 50," she says—living in Detroit and Southfield . . .

. . . American chocolates are among the gifts Anita is taking her brother and sister, whom she hasn't seen for FORTY-FIVE years, (being the two eldest and already married when the rest of the family moved away, they remained in South America) . . .

. . . Anita arrived in Argentina after a 12-hour flight, her first airplane trip—technically, the flight from Detroit to New York, where she boarded a plane for Argentina, was her "first" plane trip, but we consider this short jaunt merely a prelude to Anita's real journey—and she'll remain in the Southern Hemisphere for a month, renewing acquaintances, sightseeing and shopping for souvenirs to bring back to her Michigan family when she returns May 14.

Someone should tell . . . young Hardy Macdonia that you CAN'T cook frozen pizzas by sticking them high up in the branches of a tree, ("so they'll be nearer the sun"), on an April afternoon in Michigan, (after all, the boy's a Grosse Pointe High School senior! . . .)

Good luck . . . to the charming lady who's looking for a new chauffeur because her old one got so sick she ended up driving him around! ("He was good company on trips to the airport," she comments).

Heard about . . . "Ice Time, U.S.A." the show being given April 29, 30 and May 1 by the Detroit Ice Skating Club at its arena in West Seven Mile road? Nine-year-old Frank DiVozzo and his sister Corinne, 12, children of Mr. and Mrs. Frank DiVozzo, of Williamsburg crescent, are skating in a Wild West number and one on the Old South. They're among a cast of 30, ranging in age from toddlers to grandparents, in talents from rank beginners to North American Champion Gary Visconti, (just home from skating an exhibition in Russia), who'll appear in two evening performances April 29 and 30, at 8 o'clock, and the special May 1 matinee, at 3:30 o'clock, a benefit for the city's underprivileged children.

A century ago . . . explorers found an enchanting paradise, full of unequalled beauty, in the lush Hawaiian and Virgin Islands. This paradise will be recreated May 5, when the Grosse Pointe PIME Mission Guild, celebrating its 10th anniversary, hosts an "Island Holiday" fashion show for the benefit of 7,000 foreign mission orphans. By noon Show day, the Grosse Pointe Yacht Club will have been transformed into everyone's dream of a tropical island, complete with blazing torches and waving palms . . .

. . . Brilliant birds will perch on the bamboo walls and nest in the roof of a quaint thatched hut. Hostesses, in bright Hawaiian muumuu and sarongs, will wear leis flown in from the Islands. The Phil Skillman Trio will provide tropical "sounds," and there'll be a million dollars worth of jewels, as well as bright, light spring and summer fashions, on display . . .

. . . Decorations are being created by Bryce Harnick and Jack Farris. Among the people responsible for Island Holiday are this year's PIME Guild president, Mrs. Chilton Drysdale, of Harbor Hill, general chairman Mrs. Charles Dawood, of Berkshire road, and her assistants, Mrs. Claude A. Greiner and Mrs. William J. Lilly, and the Mesdames Clayton P. Alandt, Mark Valente, Jr., Oscar Keller, Dominic Pucci, Frank Germaek, Jr., William G. Koerber, Thomas LoCicero, T. W. Berendsohn, Anthony Shemansky, F. M. Barrett, Joseph Sheehan and Joseph Greiner.

PILFERINGS

It is the practice of the Red Cross to send first-time blood donors a card giving the donor's blood type. Following the type, A, B, AB or O, is a plus or minus sign indicating whether the person's blood is Rh-positive. One woman returned to the Red Cross office, card in hand, and protested: "I don't understand this. I was a good donor, my blood pressure was normal, I had no bad reaction to donating—and all I got was B-minus." —Reader's Digest

"We are all responsible for our own sins," said the preacher. "It's no use trying to put the blame for them on someone else: Adam blamed Eve, Eve blamed the serpent and the serpent hadn't a leg to stand on." —English Digest

Church Women Scheduling Tea

The Women of the Grosse Pointe Woods Presbyterian Church are planning a Mother-and-Daughter tea this Sunday, May 1, from 2 until 4 o'clock, in the Church lounge.

Included on the afternoon's agenda will be a violin solo by Mrs. James Davis and songs by Mrs. Richard Johnson, accompanied by Mrs. Charles Bryant, and a violin solo by Candice Maschmeyer, accompanied by her mother, Mrs. William Maschmeyer.

There will be poetic readings by Mrs. Edward Mertz, Mrs. Harold Abram, Mrs. Jack Rowe and Mrs. John Porter. Deborah and Miriam Circles will serve as hostesses.

MRS. GEORGE E. BLAKE, OF THREE MILE DRIVE

By Janet Mueller

When you're the mother of seven children, you learn to cope with situations as they arise, to manage yourself and your family cleverly, calmly, without obvious effort . . . so Mary Blake is fairly used to "running things."

She's not afraid of work and she's not afraid of responsibility. As general Mothers' chairman of the 1966 Austin Fiesta, Austin Catholic Preparatory School's major annual fundraising event, she's coordinating the work of 18 committees, serving as general supervisor of a work force of some 600 women.

Her big, black Fiesta notebook is crammed with lists, memoranda, work sheets and reports.

"Every Austin mother contributes to the Fiesta in some way or another," she explains. "This (the chairmanship) hasn't been a difficult job, really—it's been a pleasure to find so many women who are so eager to help, so wonderful to work with . . ."

Very Competent Crew

These eager helpers and wonderful workers have coalesced into an exceptionally talented, competent crew, and Captain Mary admits she's fortunate in her officers and (wo)men.

"I accepted the chairmanship in February. That was late—Fiesta chairmen had always started working the summer before the event—and we've had to go, go, go! . . . but everything's coming together beautifully.

"Actually, three months' notice was probably better for me than 10 months—I work better on deadline, when I HAVE to get organized . . ."

Still, she doesn't think she could have "done the job" without the assistance of co-chairman Jerry, (Mrs. Francis B.) Crowley, of Pemberton road.

"I just call Jerry up and ask her to do something, and five minutes later it's done," Mrs. Blake marvels. It's not as if Mrs. Crowley were sitting at home twiddling her thumbs, looking for things to do, either . . . there are 13 children in the Crowley family!

Four More To Go

Mary laughs as she describes how she was "talked into" taking the chairmanship: "With one son through Austin, and four more to go, how could I say 'no'?"

Her oldest boy, George, the Austin alumnus, is 24, studying for his mechanical engineering degree at the University of Detroit and working in his father's business, North Tool and Manufacturing Company.

Twenty-two-year-old Janet Blake Wortman, her husband, Theodore, and their two children, Mary Beth, 1½, and Michael, nine months, live in St. Clair Shores. The Wortmans love horses, kept a palomino when they were first married and residing in Junction City, Kans., where he was stationed as a lieutenant in the United States Army, now keep a horse in Richmond, Mich.

Mary Beth, 20, interested in art and studying Retailing at Northwood Institute, likes to head for the ski slopes on winter weekends.

Thomas, 17, is a junior at Austin, where he plays football and basketball. Fifteen-year-old Michael, an Austin sophomore, is the family zoologist-ichthyologist.

Bought Own Dog

Michael, fascinated by Natural Science and History, loves sea horses, tropical fish, all animals—especially the Blake's Afghan Hound. It's really Michael's dog rather than the fam-

ily's; he bought it with his own money.

"He pestered me and pestered me; I finally said, 'Yes, you can have the dog,' in a weak moment. Janet was getting married, I was involved in the wedding preparations . . . I wound up losing a daughter and gaining an Afghan," Mary laughs.

The two youngest Blakes, David, 13, a student at Pierce Junior High School, and Daniel, 10, a Defer student, are both mechanically inclined, like to work with their hands and enjoy water sports, especially swimming and sailing at the Detroit Yacht Club.

All Are Sailors

Hereditarily, (Mr. Blake has lived on the water all his life, knows the Detroit River and its environs as well as any voyageur), and environment, (the Blakes have ALWAYS had a boat), have conspired to make a sailor of every Blake offspring.

Two or three times each summer, the entire family gets together for weekend cruising aboard the "Busy B's." They visit Wallaceburg, Put-in-Bay, Cedar Point, sleep aboard their cabin cruiser, tour islands and resorts on rented tandem bicycles, (Mr. B. brings his own shore transportation, a mini-bike with an extra seat on the back for Mrs. B.).

There are many shorter summer excursions aboard the "Busy B's" too, and weekend trips with only two or three children along; Mr. Blake heads for his boat every chance he gets, and he seldom has to ask for passengers.

Took Anniversary Trip

George and Mary Blake thoroughly enjoy these family holidays, but after 25 years of marriage and seven children, they were delighted to celebrate their Silver Wedding Anniversary via an adults-only vacation in the Southwest last January.

Janet moved in to take over the running of the menage in Three Mile drive, and Mr. and Mrs. Blake set off for Las Vegas, where Mary enjoyed quite a run of Beginner's Luck.

She couldn't get used to the tippy-turvy time schedule in Nevada's gambling capital, though. Accustomed to attending Church services each morning, she rose early in Las Vegas, tiptoed around the room as she dressed, anxious not to wake George, was startled to hear him mutter as she opened the door to leave for Mass, "Whatever you do, don't lose the house!"

Visited in Arizona

The Blakes visited George's sister and her husband, Mr. and Mrs. John Mutschler, in Tucson, Ariz., and Mary even managed a trip to Nogales, Mexico, where she picked up some lovely mantillas for one of the Fiesta booths.

She worked on Fiestas before, undertook a decorating committee assignment last year, finds it fascinating to work with all the different committees at once, to see so many different talents being used in so many different ways.

She's received excellent cooperation from Austin's new principal, Father John McLaughlin, O.S.A., who's pretty excited about the project himself—after all, it's his first Fiesta, and he wants it to be a good one.

Set for April 30

Fiesta date is this Saturday, April 30. It's an all-day affair,

at the School in East Warren avenue, featuring activities and booths designed to interest all age groups.

A kitchen crew will be on hand throughout the day, preparing and serving snacks, luncheons and dinners. There'll be a Soda Bar, too, and games for big boys and adults as well as for children.

Austin Mothers have been busy for months, fashioning lovely knits and articles for the handcraft departments, and Mary Blake predicts the White Elephant selection will be extremely interesting:

"We're having really GOOD things this year, putting them all in one room, which we call The Red Barn, sort of a country store section. There'll be straw on the floor, licorice strings, a big keg of cheese . . ."

There'll be a Baked Goods booth, a group of food baskets, a novelty candy department . . . there'll be everything at the Fiesta.

Hope To Raise \$45,000

It's a big project, but it's got to be big; Fiesta workers are aiming for big profits. "Tuition at Austin doesn't cover expenses," Mary Blake explains. "We have new teachers this year, maintenance costs . . . We want to raise about \$45,000 for the School."

Mrs. Blake has always been a fast worker. She races around in the mornings, picking up the house, relaxes after order has been restored.

Some jobs are never "over," of course: "The laundry goes on, day after day, the socks are done by the bushel basket. Tuesdays, nobody DARES call me; Tuesday is my day to mangle, and I mangle all day long, do about 40 or 50 shirts, 12 pairs of trousers . . ."

This year, with no child coming home for lunch to disrupt her in mid-day, Mary's found time for bowling and bridge playing with the Austin Mothers.

Even Makes Pottery

She's always made time, (sometimes not enough time, but always a little time), for her Pewabic pottery, has many examples of this beautiful work in her home, many more that she has given away.

"Pewabic pottery was my father's life," she explains. "He was with Pewabic for 59 years. He did the kilns, (ovens in which the pottery glaze is baked on), every Friday night, and he would have to be there all night long. We'd take his dinner down to him . . ."

Watching her father at his work, Mary learned to love the work herself, now has a kiln of her own in the basement, fashions vases, urns and ashtrays by hand, occasionally goes down to the pottery in East Jefferson avenue to use a potter's wheel for big pieces.

Her husband loves Pewabic work, too; Mary Beth occasionally attempts a piece, and David and Danny both did some work at the pottery last summer.

Mrs. Blake also uses her talented fingers for needlepoint, has made several lovely purses and a needlepoint Madonna and Child, now framed and hanging in the Blake's living room.

Does Own Decorating

She does her own decorating: "That's my next project, after I'm through with the Fiesta. I'm going to do the whole house, third floor on down."

"I have the kitchen finished already, because when Janet and her family moved back to Michigan from Kansas, we gave them our kitchen appliances and bought new ones—and I had to have a pretty 'new'

CHICKEN LIVER CASSEROLE

Contributed By Mrs. A. C. Wendler

- 1 T. butter
- ½ C. finely chopped onion
- 1½ C. boiling water
- 1½ C. quick-cooking rice

Melt 1 T. butter in saucepan. Add and cook until tender 1/3 C. finely chopped onion. Stir in boiling water and rice. Cover; remove from heat. Let stand 15 minutes.

- 3 T. butter
- 1½ lb. thawed frozen or fresh chicken livers
- 1 can Cream of Mushroom soup
- ¼ C. milk

Melt 3 T. butter in skillet. Lightly coat livers, cut into one-inch pieces, with flour. Brown floured livers quickly in hot butter. Place browned livers in casserole. Add to butter in skillet 1 can condensed Cream of Mushroom soup and ¼ C. milk. Blend. Heat slowly, stirring to loosen bits from pan. Add rice mixture to livers in casserole. Pour soup mixture over and stir to blend. Bake at 375° about 30 minutes, until hot and bubbly.

room to put my pretty new appliances in!"

Another of Mrs. Blake's current projects is a Conversational German class at Grosse Pointe High School.

Mary's parents were German. She knew the language as a child and is finding out, to her own surprise, that it DOES come back, with a little practice . . .

She's hoping she'll get a chance to REALLY practice it in the near future. Her husband's business involves importing foreign products; he made a business trip to England, France and Germany last September, and Mary would like to make the next trip with him.

The More the Easier

Mrs. Blake supposes a large family must be easier to rear than a small family, "because in a large family, every child HAS to share."

"I wouldn't know how to raise an only child," she muses, then adds with a laugh, "I sometimes don't think I know how to raise my own seven children! They're alike in some things, unlike in others. Each child's personality is a separate, special thing . . ."

"I once told a priest, 'I didn't mind having babies, it was easy to raise babies—it's the teenagers! What do I do with them?'"

"He had a wonderful answer. 'Simple,' he said, 'Just raise the first one perfectly, and hold him up to the others as an example.'"

AAUW Groups Plan Meetings

The Recent Graduates Group of the American Association of University Women will hold its last program of the season Tuesday evening, May 2, at 8 o'clock. Mrs. David Neel, assisted by Mrs. Dale Cunningham and Mrs. Richard Schuler, will preview summer cultural opportunities in Detroit. Mrs. Paul Silbert, hostess, will be assisted by Mrs. Richard Gallette and Mrs. Cunningham.

Members of the Art Appreciation Group, of which Mrs. W. N. McConnell, Jr., is chairman, will meet at the home of Mrs. H. Sanborn Brown in Meadow lane Friday, May 6, at 9:30 o'clock.

Mrs. R. Frederick Shepard will review a chapter of "Mainstreams of Modern Art."
