Juveniles Admit Thefts

The detectives said they were notified of the arrest after one boy was found to have a cut hand and a tear in his trousers, which led Detroit police to believe that the youths had been up to no good.

Detroit police called the Farms station to inquire if there had been a burglary in the Farms, and when informed that the Sears store and the two sheds had been forcibly entered, the Detroit authorities revealed that they had two boys in custody, and that officers had returned to the area in Mack avenue where the boys had been arrested, and found the rifles in the field.

Van Tiem and Miller said the boys confessed to breaking into

Cary Middlecoff, CBS-TV's noised golf commentator

"What makes a great slack? Styling, for one thing. Slim, trim, uncluttered appearance that enhances your form, for another. But most important is comfort. The many built-in extras in Cary Middlecoff slacks assure you of that. Take Permahold... absolutely prevents waist-band curl. Or "Hipstripe". It's there to keep your shirt tucked in firmly at all times. Or "Lok-Tab"... hidden inside adjuster tabs with pressure-sensitive Velcro" closing. And for golfers, how about the handy, sewn-in towel folder? These slacks are made of a cool, wrinkle-free, automatic wash'n wear blend of 65% Fortrel® polyester/45% Bud-Rel® rayon."

publication of it in the daily and Negro press, any transfer at this time would be understood as a rebuff of his witness by the Methodist Church."

Pastor for 21 Years

Interviewed in 1960 by the Grosse Pointe News, Nixon, a third-generation Methodist minister, was replacing the Rev. Hugh White, who had been pastor 15 years. Born in Michigan and educated at Albion College, the University of Michigan and a seminary at Northwestern, Nixon had had pastorates in Chicago, Munnich, Mich., traveled the Livingston circuit, and come directly from a church in Tecumseh, Mich., where he had been pastor for six years. He was described as a "well disciplined, dedicated man with a strong social concern... aware that the privileged society existing in the midst of a world of need sometimes forgets that it is its brother's keeper."

The relatively new State Street Methodist Church in Saginaw, where Rev. Nixon will go on June 19 at an increased salary to replace Dr. William Rickard, who is being elevated to a Superintendency, is composed of 800 members as opposed to the 1,057 members listed in the Grosse Pointe church. It is located near the same type of suburban community as Grosse Pointe.

A former resident of Saginaw says there are groups similarly active in civil rights. There is a 17 percent minority group with approximately 16 thousand Negroes in the area and some Mexicans. A Human Relations Commission there functions in a manner similar to the Grosse

somewhere in the vicinity of Manchester, but did not know the exact spot.

Harper Woods police assisted the Woods officers in searching the area for the supposedly missing gun, but without success, it was said.

The Woods policemen said that when they questioned the boy at the hospital, he gave such confusing answers to their questions, that there was no doubt that he was making up the answers.

Fells of Burglary

One claim that he made, it was said, was that the gun he was supposed to have had, was taken from a house he had burglarized in Saginaw.

On Tuesday, June 7, police agencies in the area were contacted by Woods Det. Sgt. Jack Mast, who disclosed that departments called, reported no incidents of burglaries committed by a boy, or a gun battle.

It was also disclosed that the initial call from Detroit revealed that the boy had been involved in a burglary in Flint, according to an informant, and that the teenager took the gun from a Flint detective after a scuffle, and was wounded in an ensuing gun fight.

Attempts to unravel the confusing mystery are still in progress, police said. At last report, the boy still could not tell authorities what had actually happened.

American Flag Taken by Thief

Mrs. Fern Johnson of 15117 Vernor, would like to get her hands on the thief who stole her American Flag on Memorial Day, May 30.

Mrs. Johnson said she personally raised the flag to half-mast before noon, and in the afternoon raised it to full mast before leaving home.

Before leaving the house, she imposed on a neighbor to bring in the standard before dusk. When she arrived home late in the evening, the neighbor informed her that an unknown person had stolen the flag, pole and ropes.

Woods Baseball Battle

(Continued from Page 1)

The petition went on to say that due to the many existing diamonds available in the area, the future construction of additional diamonds within two years at the new high school to be located in the Woods, the ample area in the lakefront park which could be utilized and the three existing diamonds in the park, this group of residents opposed the proposed construction.

The petition suggested construction of a nature and picnic area, a children's wading pool and more play area, a roller skating and ice skating rink, or more tennis courts.

The petition asked that the decision be deferred until completion of the new high school diamonds or until a citizen's committee, representing a cross section of the Woods residents could study the situation and make recommendations.

Rebutting the arguments put forth by the 865 residents opposed to the diamond under consideration was David W. Marsteller, 1361 Hampton road, with 500 signatures, plus his teams that lined the walls during the discussion, and a petition that read: We, the undersigned electors of Grosse Pointe Woods do hereby urge the Mayor and City Council to construct a hardball diamond in Chesquiere Park for the use of our youth.

Marsteller pointed out the enormous amounts of time and effort that are being put in by the managers and coaches on the league, and the board of governors, the benefits to the youth of the Pointe, stressing the older teen-agers, who are playing hardball, and the fact that the management of this recreation does not cost the taxpayers anything. (It was brought out that uniforms and equipment is provided by sponsors.)

At this point Marsteller said he liked trees, he even owned three, but he liked boys even better. Zinn and several others spoke out angrily against the implication, and Marsteller apologized. Mayor McLeod banged the gavel sharply and said he would tolerate no outbursts of unrecognized speakers.

Marsteller went on to say that using the diamonds of G.P.U.S., Parcels and Mason Schools was not satisfactory, although appreciation was expressed for the cooperation of the schools and the Board of Education. G.P.U.S. was cited as an area where the diamond was in such bad condition; as to be dangerous to use; however, no details were given. The hours permitted the teams, as well as the fact that the G.P.U.S. Carnival ties the area up for two weeks was brought forth; teams are permitted the use of school facilities only after school hours.

Many residents pointed out that there was a large, unwooded area available for development in the lakefront park. In a conversation with Mayor McLeod the day following the council meeting, he revealed that the maintenance of diamonds at the lakefront area had been tried. Among the disadvantages, he said, was the distance many of the players

had to travel to reach the area. Passes to the fenced-in areas are issued to Woods residents and a great deal of confusion results when other than Woods players, their parents and friends come to the area.

Mayor McLeod based his approval of the construction of a regulation size diamond on the Chesquiere Park area on the need of the youth of the Woods for a well constructed, well maintained diamond of their own on property owned by the governing body that will pay for its construction and upkeep.

This, he stated, was the situation at the park, but would not be the situation on property owned by the school board or some other organization. The rest of the Council agreed with the position taken by the Mayor and when Councilman Donald Cook made the motion "that the Council concur in the recommendation of the Committee of the Whole that a regulation size diamond be constructed in Chesquiere Park," he was supported by Councilman Marvin Boutin and the motion passed unanimously.

(Continued from Page 1)
 Mr. Henry, 38, resides at 784 University place and is employed as an insurance underwriter. His undergraduate studies were completed at Central-Michigan and Michigan State University. He has a graduate degree from the University of Michigan. Currently he is active in the Grosse Pointe City Little League, is a past officer of Mair School PTA and a present officer of Pierce Junior High PTA. He also served on the Grosse Pointe PTA Council in 1961-62.

He lists his qualifications as follows: "I have a thorough knowledge of schools, community and business principles. In my eight years of educational work experience I was a teacher, and high school coach. I have participated in curriculum research and development.

In nine years of business experience as a self-employed life underwriter, I have been involved with business leaders developing personal and business benefit plans. I am an officer of Physical Dynamics Corporation.

Is Former Teacher
 "As a former Grosse Pointe teacher I served on the Salary Review Board, and was a representative to Grosse Pointe Teachers Association. I am a former member of the Michigan Education Association and the National Education Association.

"The nature and location of my work makes me available at all times to serve on the Board and tend to matters of educational importance."

Mr. Kitchen, 37, of 790 Lincoln Road, is employed by a Detroit chemical firm. He received his education in The Grosse Pointe Public School System; the Naval Air Corps, V-5 program; Stevens Institute of Technology; University of Wisconsin; and he has a B.A. degree from Wayne State University.

Lists Qualification
 He is active in the following organizations: Grosse Pointe Retarded Children's Association; Richard School PTA (5 years); Grosse Pointe "Y" Indian Guides (Board of Directors); Grosse Pointe City Little League.

His reply to the question regarding qualifications follows: "Having four children, ages 4 to 10, gives me an intense desire to see our public schools be really top quality. My involvement in PTA activities, along with my wife's being a former school teacher and presently a graduate student in education, insures continuing dialogue concerning educational practices.

"And, most importantly, my business background as a long-range planner equips me with specific skills with which to serve my community on the Board of Education. These skills include: defining long-range objectives; planning most economical implementation of objectives and forecasting changing conditions and re-evaluating and altering objectives in light of anticipated changes."

Roscoe Crawford Wins Promotion

A former Grosse Pointe High School graduate, Roscoe C. Crawford, Jr., has recently been promoted to brigadier general in the U. S. Air Force.

Gen. Crawford is the son of retired U. S. Army Maj. Gen. and Mrs. Roscoe C. Crawford, now living in Washington, D. C.

Commander of the Air Defense Command's First Aerospace Control Squadron, Gen. Crawford is also chief of the North American Air Defense Center at Ent Air Force Base, a central unit in the Joint U. S.-Canadian aerospace defense system.

The center processes data from world-wide space tracking units, providing up-to-the-minute information on man-made objects in space, including the National Aeronautics and Space Administration's manned space flights.

Gen. Crawford and his wife, Jeanne, have three children. A daughter, Catherine, is a student at the University of Dallas. A son, Michael, is serving in the U. S. Army; and another son, Roscoe C. Crawford, III, lives in Colorado Springs, Colo.

Liggett Alumna To Be Speaker

Dr. Ann M. Burton, Professor of History at Brooklyn College, New York City, will return to The Liggett School, her alma mater, as this year's commencement speaker. The exercises will be held in the Kresge Auditorium-Chapel on Friday, June 10.

Following her graduation from Liggett, Dr. Burton attended Duke University and the University of Michigan receiving her B.A. and M.A. respectively. She received her Doctorate in British Imperial History from St. Anne's College, Oxford University, presenting a thesis on "The Influence of the Treasury on the Making of British Colonial Policy 1868-1880."

In 1958 she was awarded the Beit-Senior Research Scholarship in Imperial History and in 1963 grants from the American Philosophical Society and the American Association of University Women.

Her publications include, "Treasury Control and Colonial Policy," published in the Journal of Public Administration, London 1966, and book reviews in "The Historian" and "Victorian Studies."

A reception honoring Dr. Burton will be held at the home of Headmaster and Mrs. Frank J. Sladen, Jr., giving former classmates, teachers and friends an opportunity to reminisce with Ann and her parents, Mr. and Mrs. Ralph J. Burton of Detroit.

PLYMOUTH TAKES YEAR'S TOUGHEST STOCK CAR RACE!

Driving at top racing speeds for 600 long, hot miles is a tough test of a car. That's what makes the World "600" the most grueling stock car race on the NASCAR calendar. And the Hemi-powered Plymouth Belvedere proved that it was more than equal to the test by winning the "600".

For more proof of durability, check the NASCAR record. There's Richard Petty's victory in the Daytona "500" and in the Darlington "Rebel 400", Paul Goldsmith's win in the Rockingham "500", Jim Hurtubise's victory in the Atlanta "500" and Norm Nelson's first in USAC's "Yankee 300" at Indianapolis. Different drivers, different race tracks. But almost every major race this year has gone to Hemi-powered Plymouths. That's reliability!

Of course you can't buy these race cars at your Plymouth Dealer's. They're specially modified just for stock car racing. But the same engineering know-how that gives the racing Hemi such a record of performance and reliability goes into every Plymouth you can buy at your dealer's. Test-drive one of them . . . Belvedere, Fury, Valiant or Barracuda . . . you'll see why Plymouth is such a winner.

Money Vanishes In Woods Store

Woods police are investigating the disappearance of a large sum of money from the J. C. Penney Department Store, 19251 Mack avenue, reported to have been taken over a period of about two months.

Det. Sgt. Jack Mast disclosed on Friday, June 3, that sums of money have been disappearing from the firm's safe since March 21, according to Clarence Ebersole, 38, of 20008 Kenosha, Harper Woods, manager; and Anne Weinand of 10326 Lanark, Detroit, head cashier, who told the officer that a total of \$595 has been taken from the safe.

The head cashier told the detective that the last time she took inventory of the store's cash receipts, she discovered \$100 missing. This was on May 24, when four canvas bags, containing \$25 each were taken from the safe.

Mrs. Weinand told Mast that \$400 of the Employees Flower Fund is included in the total sum missing from the safe, but admitted that she was not certain that the money was accounted for when she took inventory on May 10, along with the other cash.

The woman said that on two other occasions, money has been missed from the safe, on March 21, when \$75 was gone, and on March 28, when \$20 vanished.

Woods Employs Special Officer

Douglas E. Dosmas, 22, who resides with his parents, Mr. and Mrs. Orlo Dosmas of 2174 Anita, is the new city dog warden and parking meter enforcement officer. It was disclosed by Woods Director of Public Safety Allen Andrews on Friday, June 3.

Dosmas, a native of Jersey Shore, Pa., is a 1961 graduate of Detroit's Osborn High School. The family moved to Detroit in 1948, and to their present home in the Woods in 1962.

The new warden is an overseas veteran of the United States Army seeing duty from October 1963 to October 1965, with 18 months of the two years served in Germany as a communication specialist. He was honorably discharged with the rating of private first class.

Dosmas applied for a position as a regular public safety officer, and accepted the post of dog warden until there is an opening in the department.

He succeeds Bruce Marone, who was promoted from dog warden and parking meter enforcement officer to patrolman about four weeks ago. Although having the full authority of a police officer, Marone continued his old duties until Dosmas was hired.

Policemen, Firemen Rebut City Officials' Statements

(Continued from Page 1)

It must be noted that in past years, wage and fringe benefits have not progressed with those of other fire departments in the area.

In outlining present and proposed wages and benefits, association officials compiled the following:

With hidden expenses, such as five percent, or \$350 wage deduction toward an employee pension, \$234 annually for meals while on duty, about \$50 annually toward uniform maintenance, and an average cost of about \$150 toward medical expenses, due to an inadequate hospitalization plan, it cost a member of the Park Fire Department a total of \$784, of a \$7,000 base pay for the privilege of being an employee of the city. This leaves a total of \$6,216, for the fireman and his family to live on.

This is a totally unrealistic amount on which to feed, clothe and educate a family, not to mention providing a suitable home and its upkeep, under the present high cost of living conditions, the Park employees claim.

The Park's proposed eight percent increase in the base pay of police and firefighters, plus the additional benefits (before federal income tax deductions) still only boosts the annual pay to \$6,800, which is totally unrealistic in this day and age, they state.

Both William Hunt, president of the Park Fire Fighters' Association, and Edward Koerber, agree that wages of Park policemen and firemen should be brought to a level with higher paying police and fire departments, and industry, to keep present personnel, already highly trained, from leaving for the better paying jobs.

The only cost to the Park, they said, is a decent wage to keep and attract qualified men.

Patrolman Charles Slusser, president of the Park Police Officers' Association, said that the Park police department will be losing the Detroit Police Department about \$2,000 after July 1.

This, he said, includes wages and fringe benefits, but this has nothing to do with the great difference in the pension plans.

"We must work until we are 60 years of age," Slusser said, "while a Detroit officer may retire at half pay after 25 years of service."

"We have the worst pension system in the State; we are not paid for holidays as in Detroit. We have no paid longevity system, whereas, Detroit does. We are required to report early for work and are not paid for it, whereas, Detroit officers receive a winter furlough of 10 days to make up for it."

"Detroit police can accumulate 200 sick days at the rate of 17 days a year, but we may accumulate 60 days at the rate of 10 days a year. If we run over that, we lose our vacation," Slusser pointed out.

He also pointed out that many well-trained Park officers have resigned from the department to seek posts with other departments paying more money, or have gone into private industry, where wages are better.

How long, he asked, must we lose these valuable men, trained at taxpayers' expense, before our wages and benefits are brought up to a decent level?

He urges citizens to contact city officials to let them know that they are behind their police and firemen.

In the Farms, City Manager Andrew Bremer, Jr., disclosed that in a special session of the council, held after a regular council meeting, the city body approved raising the base pay of policemen and firemen from \$7,000 to \$7,600.

In addition to this, the city manager said, the council approved \$100, as the first step in longevity pay, to police and fire personnel with five or more years of service.

Bremer said that the offer presented is not final, and is still being negotiated. He said that this will not become official, at least until June 30. Police and firefighting representatives have negotiated in good faith, and conducted themselves like gentlemen, he said.

Charles Backman, president of the Farms Fire Fighter Association; and Sam Candela, secretary-treasurer, said that personnel of the fire department are happy with this offer, at least, for this year.

However, Patrolman Otto Glanert, president of the Farms Police Officers' Association, expressed disappointment, for himself and his members, who took a vote on the offer.

"The offer of \$7,600 base pay may seem like a substantial raise," he said, "compared to the increases granted through 1958-1964. However, during these years, the greatest existing differential in the base pay of our department and that of the Detroit Police Department was \$335, which occurred in 1964."

"With the offer made by our city officials, the differential will be \$700, or more, less than that of Detroit, beginning July 1. The members of our Association were 100 percent in expressing their disappointment in the \$7,600 base pay, plus the \$100 longevity pay, as the first step, for five years or more of service."

Industry has granted this benefit of one and one-half time for all overtime in June, 1940. It has taken the Woods 24 years to grant this benefit, the association officials said.

They said that the city has granted three additional days of vacation for men with 10 or more years' seniority. This will benefit 14 out of 32 patrolmen in the department.

In regard to the city administrator's statement in the last issue of the NEWS, regarding the more than \$11,000 in base pay and fringe benefits, the officers had this to say:

"Mr. Petersen said that last year the men of this department were, and are making \$7,400 a year. This is true, but \$500 of this amount is for firefighting duties because our policemen are also firemen in our integrated department.

"This leaves us a wage of \$6,900. To receive this amount each year, the city then imposes an additional 15 minutes a day, or a 4 1/4-hour week, for which we are not being paid. This cuts the annual police wage to \$6,552.50, the lowest in the entire area, and even lower than the State average.

"The point the city is trying to make," the association said, "is that we are well paid policemen, forgetting that we are also firemen. They (city officials) never seem to forget to mention that they are saving the taxpayers between \$90,000 to \$110,000 a year, by having us do both jobs. This savings could be used to offset our low wages."

"In every case when our policemen have responded to police, fire and other emergencies, we have done so without hesitation, and hope, to the satisfaction of our employers, the citizens."

"In our requests, we have given up approximately 80 percent of our original demands, in a sincere effort to reach an agreement, so that we and our families can enjoy life as do our neighbors."

Jack Stephenson, Jr. Annapolis Graduate

Midshipman First Class Jack W. Stephenson, Jr., 22, son of Mr. and Mrs. Jack W. Stephenson of 475 Fisher road, was scheduled to be graduated from the U. S. Naval Academy, Annapolis, Md., on June 8.

Upon graduation, he will receive a bachelor of science degree and will be commissioned a Second Lieutenant in the Marine Corps and will take leave before reporting to his duty station at Quantico, Va.

Mid. Stephenson was graduated from the Grosse Pointe High School before entering the service.

While at the Academy he participated in football and was a member of the Foreign Relations Club.

Woods City Administrator Chester Petersen's statement that proposed wage increase and benefits would boost Public Safety personnel pay to more than \$11,000 was discounted by officials of the Woods Police Officers' Association.

The Association officials expressed their gratitude to the voters of the community for the amendment in the City Charter which increased their retirement benefits by \$460 a year, but pointed out that this would still leave their pensions below that of other departments in the area.

In pointing out the inadequacy of the pension system, the association pointed out that about two years ago, an officer who had 24 years and six months of service, died. His widow and children received nothing except the monies the officer paid into his pension fund.

A few short months later, the widow became ill. She was taken to the hospital by officers of the department, who on a visit to see how the family was faring, discovered her in serious condition. She died a few days later, leaving her four children orphans.

The officers expressed hope that this will never occur to their families, and that is why they fought for a better pension system.

The city administrator stated that the city has offered time and one half for all overtime, except training time, for which they will be paid straight time.

Brownell Visits Brownell School

Dr. Samuel M. Brownell, Superintendent of the Detroit Public Schools, and Superintendent of The Grosse Pointe Public School System from 1927 to 1938, gave the address at Thursday's Honors Assembly at Brownell Junior High School.

The annual convocation was held at 8:45 a.m. on Thursday in the gymnasium of the local school named for Dr. Brownell.

As he presented his congratulations to the students, Dr. Brownell said, "Honors are significant because somebody thinks what you did was worth doing and is willing to share with you the recognition of that deed. Their generosity and support make an Honors Convocation possible."

"This school has contributed to the self-confidence and pride of its former students, parents and teachers," Dr. Brownell said that he had met many people who recognize him as the "name" behind the structure.

"Others look to Brownell students to set the pace—and to create school reputation. The kind of scholarship, conduct and achievement set by students in this junior high school are important to many others."

Little League Results

GROSSE POINTE PARK LITTLE LEAGUE
By Dan Martin
The Braves of the National League Majors continued to dominate play in the Grosse Pointe Park Little League by adding two more victories to their impressive string of wins.

three hits in three trips. Dan Ireland hit a homer for the Orioles to give them their single run.
Louie Bruno and relief pitcher Bob Hoffman each struck out eight men to give the White Sox their victory over the Indians.

Table with columns: Team, W, L, Pct. Rows include Braves, Cardinals, Dodgers, Giants, Pirates, Red Legs.

The Braves' first victory was the Red Legs who lost a 6 to 3 game to the National League leaders. Two back-to-back homers — by Tim Schaafsma and Vito Tocco — aided the Braves' cause considerably.

The Cardinals maintained their .500 record — first losing to the Dodgers, 3 to 2, and then subduing the Pirates, 16 to 5.

The third-place Yankees lost a close one to the Athletics, 9 to 8. Two home runs by Charlie Comly and Tim Finan aided the victors.

Tom Court and Tom Van Loken accounted for all three of the Dodger hits in their win over the Cardinals.

The Senators also won a narrow victory — 4 to 3 — over the White Sox. Bob Hoffman and Pete Ogelvie hit homers for the losers.

Rust-Halsig Vows Exchanged June 4

Speaking their marriage vows Saturday evening, in Iroquois Avenue Christ Lutheran Church, were Nancy Jean Halsig, daughter of Mr. and Mrs. Alfred Arthur Halsig, of Anita avenue, and John Howard Rust.

He is the son of Mr. and Mrs. Howard Rust, of Toledo, O.

A reception at Lakepointe Country Club followed the 8 o'clock candlelight double ring ceremony, at which The Reverend Ervin H. Hartman officiated.

The bride chose a Princess style gown of ivory silk organza, fashioned with an A line skirt and Chapel train. Re-embroidered Alencon lace motifs accented her bodice, sleeves and skirt.

Her silk illusion bouffant veil fell from a crown of ivory Venise lace, trimmed with crystals and edged with a wreath of orange blossoms, and her flowers were a cascade of ivory roses, with ivy.

She carried the same handkerchief carried by her mother at her wedding 28 years ago June 1, and wore a brooch handed down through generations of the bridegroom's family.

Serving as her sister's maid of honor was Linda Lee Halsig. She wore a floor length gown of pink silk organza, with hood, ice accents of daisy medallion lace, fashioned with a satin waistband ending in a back bow and streamers.

Bridesmaids, in gowns identical to that of the honor attendant, were Beverly Flebbe, Susan Stahl, Marjorie McQueen

and Mrs. Frederick Vander Breggen, the bridegroom's sister, of Saginaw. Their headpieces were pink crowns, accented with pink-dyed daisies and silk veils.

Junior bridesmaid Karen Friedhoff wore a similar frock and a circle headpiece of pink daisies.

The attendants carried white baskets, filled with pink-dyed daisies, accented with cascading streamers.

Like the rest of Georgian East... Even Our Door Is The Finest!

Georgian East's doorway has excited admiration. It was inspired by an elegant English example created in 1708 by Sir Christopher Wren. It was designed by Gerald R. Watland, specialist in 18th Century American architecture.

Georgian East's doorway is notable for its strength and purity, its richness of detail. The Corinthian columns, topped by the traditional acanthus capitals, are hand-carved in perfect pine. The exquisite fan light, the classic architrave that swoops up to a carved Georgian urn, the curved cornice enriched by bracket-like medallions—these are but some of the many authentic details that make up Georgian East's exceptional doorway.

True, the design of its doorway is not the most important thing about a convalescent-nursing residence. But our doorway is important because it is typical of Georgian East, where the care provided patient-guests meets only one standard: The best.

We would be pleased to have you inspect our facilities. Please telephone or visit us at your convenience.

Pointe Garden Club Tour Set for June 11, 12

(Continued from Page 13) narrow beds of bulbs, perennials and annuals, border a pathway leading from the house to two rare and magnificent Stone Pines.

Up the walls and over the roof of the garage rambles an old and lovely wisteria, the "Queen of the Vines," while around the

adjacent swimming pool pots of geranium and various specimen plants have been placed.

The spacious grounds of the Harold K. Daniels garden in Chalfonte avenue, adjoining the Country Club, present a beautiful vista of tree-shaded lawn areas.

Here there are several small

gardens; A wildflower garden surrounding a circular stone-paved patio shaded by white birch clusters; a fruit garden with several varieties of berries and nut trees and a wood and wire framework for grape vines and pole beans; vegetable and cutting gardens.

The terrace at the rear of the house is of unusual design and features a permanent low lighting installation for interesting night effects.

Entrance to the outstanding A. D. Wilkinson garden in Lakeshore road is from a courtyard, through a black wrought-iron gate set in a grey brick wall. Garden paths follow the borders, planted with choice trees, shrubs and flowers, to the lake-side of the house and a free-form patio surrounding a swimming pool.

Attached to the house is an interesting terrace with a circular pool reflecting a sculpture of The Goose Boy.

At the front of the property is an unusual "buffer" planting on built-up earth, which

effectively eliminates the noise of Lakeshore road traffic. Ceramic tiles and plaques are a particularly interesting feature of this garden.

The Warren L. Trafton garden in Lakeshore road commands a panoramic view of Lake St. Clair. It is a new garden to go with a new house, built on what was once one of the "ribbon farms" of The Pointe's early French settlers.

To retain tangible evidence of their property's historical past, the owners have preserved a 90-year-old tree, which had to give way to "progress," in the creation of a patio floor. The tree was cut into rings, which are embedded in concrete and accented with river bottom stones.

The formal terrace features a lead fountain and fruit-filled urns. The garden nook, with its circular brick-edged flower bed, is centered with a birdbath and has walks radiating to stone benches.

Ticket donation for the Tour is \$2. Tickets and further information may be obtained by contacting Pointe Tour chairman Mrs. Bert L. Lindzey, Valley 3-9677, or ticket chairmen

Pointers Help Win Garden Club Award

At the annual meeting of the Garden Club of America held recently in Baltimore, Md., their coveted Founder's Fund Award was presented to the Garden Club of Michigan for a unique project at Hidden Lake Gardens in Tipton, Mich.

The \$3,000 award will be used for planting and testing new woody plant material to determine adaptability to low maintenance

landscape development. Hidden Lake Gardens, a beautiful landscape arboretum located in the Irish Hills is owned and operated by Michi-

gan State University. The new area to be planted is situated in and around one of the few remaining undisturbed glacial pot-holes in this section. It will provide an ideal setting for a broad spectrum of plant material from swamp-loving to hill-side loving species.

With the aid of this fund the university will develop the 15-acre area with the newest available woody trees and shrubs. After establishment, the area will be allowed to grow without the use of pesticides, pruning or other cultural practices.

The Garden Club of Michigan became interested in this project when it realized:

1. That plants tested in this area would be applicable to 2/3 of the United States. It includes practically all the country except the deep South and the West Coast).

2. That our city and state governments spend much time and money improving and adding to roadside parks and the thousands of miles of highways and turnpikes which criss-cross our country.

3. That it is important and urgent to expand the planting palette, and to do so with woody plant material which will thrive in spite of neglect; which will be beautiful yet hardy; which will withstand dry summers, hard winters and wet springs.

4. That reports on those which thrive will prove invaluable to landscape architects, park and highway planting designers and to all horticulturally-minded persons.

5. That bird lovers would find this a haven for studying the feeding and nesting habits of birds.

This is the first time this national award has been presented to the Great Lakes region. The Garden Club of Michigan with the help of the Country Garden Club of Perryburg, O., has been working on the presentation of this project for the past two years.

Attending the meeting were Mrs. Lynn McNaughton, past vice-president of the G. C. A., of Kenwood road; Mrs. James McMillan, present vice-president of the G. C. A., of Rathbone place; Mrs. Joseph Standart, Jr., president of the Garden Club of Michigan, of Ridge road; and Mrs. Arthur H. Buhl, Jr., of Provincial road, who presented the project.

Those who worked out the project and its presentation for two years were: Mrs. William K. Muir, of Ridge road, Mrs. Warren Sheldon, of Provincial road, Mrs. Dexter Ferry, of Oldbrook lane, Mrs. John M. S. S. Hutchinson, of Vendome road, and Mrs. McMillan.

At a meeting of the Garden Club of Michigan last month it was announced that a \$500 gift of books from the Club's Memorial Fund was given for the

ship for an evening featuring dancing and a midnight supper, as before, plus the addition of a second deck "Casino" with equipment and croupier attire supplied by Harold's Club in Nevada.

There'll be entertainment, too, by a group known locally as the "Unsinkable Rockettes."

Party proceeds will benefit the Orchestra's Maintenance Fund, and the boat is scheduled to sail rain or shine—Cruise planners are hoping for a lovely mild evening, such as the one they had last year, but decks CAN be enclosed if the spirits of wind and weather refuse to cooperate.

Busy Days At Hunt Club

This is "Busy Time" at the Grosse Pointe Hunt Club in Cook road. Preparations for the 55th annual Horse Show, to be held June 16, 17, 18 and 19, are well under way, and the Club is bustling with activity.

Women's City Club members enjoyed a Sneak Preview of this year's Show yesterday, on their Day in the Country outing, which included cocktails, luncheon, a tour of the grounds and afternoon jumping exhibitions.

Members of both the City Club and the Hunt Club served as honorary hostesses. Chairmen Mrs. Ivan Dunlap and Mrs. Frank Perkin were assisted by Mrs. John Doyle, Mrs. Mark Beltaire, Mrs. Benson Ford, Mrs. Frank Colker, Mrs. Robert Kales, Mrs. Arthur Sempliner and Mrs. Albert Ruedemann.

And only a few weeks after the Show, Saturday night, July 9, the Hunt Club will once again be THE place to be in Grosse Pointe.

The Assistance League to the Northeastern Wayne County Child Guidance Clinic is planning a Millionaire's Party and Buffet for that evening. Activity, excitement, fun and prizes are promised. Mrs. Armin Grams, (882-9236), is the person to contact for tickets.

Garden Club Notes

Members of the Garden Club of Michigan will arrive for their annual meeting at the Cloverly road home of Mrs. John N. Lord next Tuesday morning, carrying a MOST UNUSUAL assortment of lunch bags.

The ladies have been advised to use their imaginations in decorating the bags, provided by the Club Exhibits committee.

Assisting Mrs. Lord as co-hostesses will be Mrs. Pierre Fuger, Miss Christine Edwards and Mrs. George N. Monro, III.

The Grosse Pointe Farm and Garden Club's annual garden party is scheduled Monday afternoon, at the Oldbrook lane home of Mrs. Donald A. Williams, whose assistant hostesses will be Mrs. Byron Nichols and Mrs. Philip I. Worcester.

A member-contributed Flower Container Auction has been planned to highlight the party, and there'll be prizes for the best arrangement and container.

library in the newly-completed administration building at Hidden Lakes Gardens, Tipton, Mich.

All the books will be related to the subject of gardening and will be read mainly by graduate students in botany and related fields at Michigan State University.

Church Holding Pancake Party

The Annual Pancake Breakfast on the lake shore will be held under the auspices of the Men's Association of the Grosse Pointe Memorial Church on Saturday, June 11, at 9 a. m. sharp.

Charles Swenson and Charles Gauss are in charge of arrangements assisted by Fred Flom and Arthur Dannecker. Reservations should be made by Friday noon through the Church Office, TU 5-3773, at \$1 a person.

This is for fathers and their sons and daughters. After the breakfast a brief lakeside hymn singing and devotional service will be led by the Reverend Bertram deHeus Atwood, minister of Memorial Church.

Don Kipka is president of the Men's Association with the following on the board of directors: Arthur P. Dannecker, A. C. Dickson, Fred Flom, Arthur E. Hirt, John D. Jakle, Martin C. Oetting, James S. Owens, Gomer H. Redmond, Lawrence I. Ruby, Roy H. Scharfenberg, Charles E. Swenson.

With plenty of ambition and push the average man is equipped for working wonders.

who, where and whatnot

by whoozit

Shades of November! . . . Here it was, Memorial Day, and there she was, Thirza, (Mrs. Thomas F. Morrow), cycling along Grosse Pointe boulevard in a costume appropriate to the weather, if not the season: A black turtleneck "top," green plaid kilt and long black stocking tights.

But the Prize for the Best . . . Memorial Day, 1966, costume goes to an unidentified young lady we spotted strolling along a side street, wearing a ski jacket, festooned with tow tickets, over a bright pink cotton shift — and THONG SANDALS! (Well, at least her shoulders were warm . . .)

The gremlins . . . that jinxed our weather were busy with the NEWS' Memorial Weekend issue, too . . . Among the more ghastly "goofs" was identification of pretty bride Patricia Ann Eldredge (Mrs. Thomas A. Koiojeski since May 29) as "Miss Eldridge" . . . and then there was the story that should have been headed "Crippled Children League To Party" — somehow or other it came out as "League To Party Crippled Children," which, as the "party" in question was a ladies' luncheon and card afternoon, made absolutely NO sense.

Here's a Happy-Ending Story: . . . Our May 26 issue carried an item in Classified Advertising "Lost and Found," asking if anyone had picked up a silver bracelet on May 18 in the vicinity of Best and Company parking lot in "The Village" . . . a woman saw the ad, called the lady who had placed the ad, reported she remembered picking up a bracelet in the parking lot eight days before and hanging it on a post . . . the lady thanked her caller, jumped into her car, drove immediately to the parking lot — AND THERE WAS THE BRACELET, still hanging on the post, after eight days . . .

The most popular young Rock Combo . . . in the country, "The Kingsmen," will play a one-night stand at the Grosse Pointe War Memorial tomorrow evening. They're giving two shows, one at 7:30 o'clock in Fries Auditorium and another at 9:30 o'clock in Fries Ballroom. Only 500 can be accommodated at each show. Tickets are \$3 and may be purchased at the Center office or from Grosse Pointe Youth Council members. Now for some statistics on the "Louie, Louie" Boys . . .

Dick Peterson, drums, became an entertainer because he's been playing for fun ever since he was a child, (he's an "old man" of 20 now), and always liked to show off . . . It's his ambition some day to travel to every big city in the United States . . . His big passion is driving his car . . . He likes all types of music, especially jazz . . . His favorite sport is football . . . He enjoys all kinds of food . . . loves the color red . . . Peter Sellers' movies . . . dating . . . wild clothing . . .

Lynn W. Easton, sax and lead vocal, has been an entertainer for approximately eight years . . . The one member of the group who's married, he's the proud father of a four-month-old daughter, Kymberly . . . He thinks his wife's cooking is The Greatest . . . likes people who dig "hip" and "in" things . . . is fond of water sports, (any kind) . . . all types of music . . . James Bond movies . . . FOOD . . . the colors blue and green . . . travel . . .

Norm Sundholm, bass, is an ambitious young man who has always been interested in music—but just to be on the safe side, should his career as an entertainer fall, he doubles as a smart businessman, owns his own corporation, Sunn Amplifier Company . . . He enjoys being with people who are easy to talk to, unpretentious, down-to-earth . . . likes to hunt and fish in his spare time . . . is wild about girls . . . track . . . girls . . . football . . . girls . . . rhythm and blues . . . girls . . . John Steinbeck books . . . girls . . . the color blue . . . girls . . .

Mike Mitchell, guitarist, has been in show business for seven years . . . His greatest love is music; he thinks The Beatles are "groovy," enjoys popular and progressive jazz . . . His greatest fault is spending money on clothing and jewelry—at times he gets a bit too extravagant . . . He's wild about alpaca sweaters . . . has a mad passion for rings . . . enjoys water skiing . . . beach parties . . . movies . . . television . . . driving . . . riding cycles . . .

Barry Curtis, organ, likes being with people who enjoy his company and share a common interest . . . He studies people, believes you can learn something from just about everyone with whom you come in contact . . . About television, he says: "It's like a disease—Once I get started watching, I kind of forget what else is going on," (he favors "Outer Limits" type programs) . . . He'd enjoy traveling in a foreign country, wants especially to go to Germany . . . His formula for relaxation: Get into a sweat shirt, slacks and tennis shoes, and listen to Jimmy Smith albums.

Three cheers for . . . Mrs. Alex McLuckie, Jr.'s Girl Scouts, who took turns for several months, going out to the John F. Ivory Farms on weekends to earn enough money to take a group of Inner-City children to The Farms for a day of fun and recreation, (it was, for most of the children, a "first experience" with country living). These working weekends the Scouts spent on the Farm were not "vacations;" they put in days, cooking, cleaning the stables, taking care of the horses, assisting with youngsters who were learning to ride . . . until, finally, the necessary sum of money was raised, a bus was chartered and the youngsters were given a truly memorable outing. Wasn't that a NICE thing to do?

Pointers of Interest

MRS. JAMES E. COYLE, JULIE AND MARY BETH, OF BEACON HILL

Doris, Julie and Mary Beth Coyle have been looking forward to this Saturday evening for weeks. In the Coyle household, as in many households where the young ladies of the family attend the Academy of the Sacred Heart in Lakeshore road, chief topic of conversation lately has been the Laurel Ball.

And now the Laurel Ball is only two days away. Saturday evening, at the Grosse Pointe Yacht Club, the Academy's 1966 graduating class will be formally "presented" to parents, alumnae and friends.

Wearing a long white dress and carrying a sheaf of roses, each girl graduate will enter GPYC's ballroom; mount a special "stage," be introduced to the assembly by Master of Ceremonies Edward J. Hickey, III, and descend from the stage a full-fledged Sacred Heart alumna.

Cherished Tradition In six short years (the first Laurel Ball was held in 1961), the Ball has become a cherished Academy tradition.

"I think the girls at the Convent look forward to this party, even in the lower grades," Mrs. Coyle observes, and 15-year-old Julie nods in agreement.

As for Mary Beth, seven, who has just completed first grade at the Academy: She considers the Laurel Ball too wonderful to bear talking about . . .

So the three Coyle girls, (Doris shares this year's Ball decoration committee chairmanship with Mrs. John L. Drummy), are excited, each in her own way, over the forthcoming Laurel Ball — even though none of them has actually "starred" at a Laurel Ball herself.

Julie, who'll be a tenth grader next year, and Mary Beth are both too young; Academy students are not permitted to attend the Balls until their presentation years.

Doris Missed Out And when Doris was graduated from Sacred Heart, there were no Laurel Balls.

Doris Coyle is a born and bred Grosse Pointer, has lived here all her life except for a brief period in Ann Arbor while her husband completed Medical School, followed by another brief period in Washington, D. C., while he served his internship.

Jim is a Pointe "convert," originally from Detroit's North End, who now lives living on the East Side of town. "I think the water does that, (turns North-South-West End Detroiters into East Siders), to people," Doris muses. "We love living near the Lake . . ."

There are two boys as well as two girls in the Coyle family. James, Jr., 20, an Austin Prep School graduate, is currently studying at Henry Ford Community College, plans to go away next year.

Jimmy is interested in communications, loves anything to do with hi-fi, radio and television, did some radio work last summer and has set up broadcasting devices for dances at many different schools.

Always Changed Wires His mother, who recalls that he always had a strong desire to "change all the wires in the house," thinks Jimmy would love to be an announcer one day.

Incidentally, Jimmy is the one young Coyle who'll be dancing at the Laurel Ball this Saturday. "He went last year, and had such a good time he's going back again," Doris smiles.

Thomas, 18, is completing his last year at Grosse Pointe University School. He'll be going away to school next year, too. As a sort of Final-Fling-Before-The-Family-Begins-to-Break-Up, the Coyles vacationed en masse in Florida last Easter; they had a wonderful time and Julie can't wait to go back—Florida, she's decided, is an absolutely GREAT place.

"Tom is always very busy,"

Montessori Booster

Both girls started at the Academy in pre-school, Mary under the Montessori System, of which Doris is a strong supporter: "I think Montessori really helped Mary adjust to first grade . . ."

They're proud of their school, delighted to be studying there. "It's hard work, but I love it," Julie says.

"I especially like the Peace of Mind the whole school gives you, and I like the way the nuns go out of their way to reach each student, individually. I like the girls; I've made a lot of friends; I'll probably have for the rest of my life . . ."

"Everything changes so rapidly, but 'The Convent' keeps its own way of life, its traditions and activities. That's one of the loveliest things about it: its permanence . . ."

"Of course," Julie concludes, "all school work is MUCH harder now than it used to be. Every year, there's more material to cover." (How many parents of teenagers recognize THAT sentence, we wonder?)

Close-Knit Group

The Coyles are a close-knit group; they enjoy doing things together, as a family. When the children were younger, they all used to vacation near Traverse City every summer. Now they spend the warm months in The Pointe, ("There's so much to do right here that we don't want to go away," the Coyle boys and girls insist.)

Lately, they've been doing their vacation traveling during spring school holidays. Besides West Coast, and the Easter before last, toured Colonial Williamsburg, where Mary Beth became fascinated by the maze in the Governor's Palace garden.

Cat Rules House

Ruler of the Coyle household is a nine-year-old cat, Chevy, whom Mary Beth loves dearly and Julie tolerates. "Julie has always wanted a dog," Doris explains, "but Chevy won't allow another animal in the house . . ."

In the past nine years, we've had three dogs; each lasted about two days . . . Julie and several of the other younger daughters of Laurel Ball committee members are helping with party preparations, addressing envelopes and fashioning decorations.

"We try to keep the decorations fairly simple," Doris observes. "We're using the school colors, green and white, and the laurel wreath theme, (the Sacred Heart girls wear laurel wreaths during their graduation ceremonies)."

"We'll have urns, filled with flowers, on either side of the presentation stage, but we don't want to go overboard. We want the girls, in their formal gowns, (to be) our 'decorations' . . ."

Awaits Her Turn

Julie doesn't resent helping plan a party in which she'll have no part. She knows her turn will come, in a few years, and eventually it will be Mary Beth's turn . . .

"Once in a while, I DO have a desire to try a different kind of school," Julie admits. "But I know I'd miss The Convent and all its traditions."

"I see Julie and Mary Beth doing the things I did, the way I did them," Doris muses, "and it all comes back . . ."

"Even if I tried another school for a while," Julie adds, "I'd want to come back, to be graduated from the Convent. And I'd want my daughter to be a Sacred Heart graduate, too."

As far as Mary Beth is concerned, there ISN'T any right school. She plans to go right straight up through all the classes.

And she firmly intends to start HER daughters in pre-school at Sacred Heart.

Seniors Enjoy Cruise, Dance

Grosse Pointe High School seniors: sailed their ship to "Yesterday" the week of June 1. The ship was the Bob-Lo boat, on which they sailed for "Senior Skip Day."

"Yesterday" was the theme of the senior prom.

At 2 o'clock Wednesday, June 1, after the morning formal assembly, seniors boarded their private yacht and sailed for distant shores to the music of the Beau Biers.

Upon reaching the island, seniors pursued their pleasure as they saw fit, providing the chaperones approved. Tom Biasell, chairman, arranged a half-pound-of-hamburger dinner with all the trimmings and reserved the Grand Stand section of the island for class use.

Both nostalgia and gaiety set the mood for Saturday, June 4's senior prom. Bob Goas, decoration chairman, said that since

the theme was "yesterday," the motif was "Old Grosse Pointe," complete with black and white picture style decorations of events of yesterday.

This ball was held in the ballroom of the Fries Auditorium from 9 until 12 o'clock.

Dance music was piped out to entertain chance strollers on the lawn below. Originating the sound track were the Gentlemen Five.
