HALF-DAY SESSIONS for first and seventh-graders are part of the cut-backs the Detroit Board of Education will make next year, it was announced by School Superintendent Samuel M. Brownell. A raise in summer school fees and a \$1 million cut in the budget for textbooks are other economy moves made necessary by the failure of voters to approve additional taxes in May, plus the declining revenue from local property taxes.

IN A JOINT STATEMENT issued Wednesday, the National Football League and American Football League announced plans to merge into a circuit of 26 teams in 25 cities. Until a 1970 date after existing contracts expire, however, the leagues will fill their separate commitments, and will not be permitted to trade players. The joint commissioner will be Pete Rozelle, of the NFL. Commissioner Al Davis of the AFL is expected to return to his first love, coaching, when the merger goes into effect.

Friday, June 10

THE FLUORIDATION QUESTION will be back on the Detroit ballot at the November 8 elections. With more than the 22,000 signatures needed on a petition to reinstate the issue, Mrs. June Garner, executive secretary of the Greater Detroit Citizens Opposed to Fluoridation and a columnist with the Michigan Chronicle, filed with the city clerk on Thursday. Mrs. Garner was quoted as saying she opposes fluoride on constitutional rather than health grounds. The proposition will be stated in negative terms, so that voters in favor of fluoride must vote "no," and vice versa.

THE 101ST AIRBORNE DIVISION bolstered by 500 men of the U. S. 1st Air Cavalry and Vietnamese forces has been engaged in a bloody battle for the last five days in what has been described as a major engagement of the Vietnam War. A relief column made up of 87 volunteers who gave up their scheduled rotation home had to inch its way through the jungle with machetes and submachine guns through intense communist fire to go to the aid of the dug-in paratroopers.

THE DETROIT BOARD OF EDUCATION immediately accepted two agreements in the Wayne and Crestwood school districts, and teachers in the two districts will go back to school on Monday, pending further negotiations. The settlement still has to be submitted to the Wayne Education Association for ratification June 17. The agreement provides for higher pay and more insurance benefits, increased pay for extra teaching and more sick leave and personal leave, effective in the 1966-67 school year. Ecore is the only district still struck.

ON NATIONAL TELEVISION on Sunday, Governor Romney criticized the Johnson administration for having no adequate policy for either a military victory or a negotiated settlement in Vietnam. Romney said that the current program "does not represent clearcut policy" and that some North Vietnamese expect to fight a 10- to 20-year war. He called for a "more vigorous job" unless the South Vietnamese indicate by the elections that they don't want us there. Romney refused to discuss the 1968 presidential race. He says he is a candidate only for re-election in 1966.

FREDERICK R. WEISMAN, 54, a former president of Hunt Foods, Inc., was showing improvement, according to a hospital spokesman. He entered a hospital as the result of a fight with Frank Sinatra in a lounge in the Beverly Hills Hotel. Sinatra claimed Weisman punched him, then fell across a table onto the floor. Weisman is reported to be in serious condition after surgery on Thursday, but is now able to recognize members of his family.

Police Praise 10-Year-Old Purse Finder

Debbie Weber Cited For Honesty By Park Det. Lt. Arnold Hough

A small plastic purse containing no identification of its owner, turned over to Park police on Saturday, June 4, was claimed by the owner on Thursday, June 9, it was disclosed by Det. Lt. Arnold Hough. The finder was given a reward of five dollars.

According to information released by the detective, Debbie Weber, 10, daughter of the Ralph G. Webers, of 1436 Harvard, came to the station with the purse which she found on the Grosse Pointe University School grounds, during the carnival. The purse contained \$22.92 in cash, a pendant watch, and some stamps.

Because she lived in the Park, Debbie gave the purse to Park Police, Hough said. There was nothing in the purse to identify the owner, except a picture of a girl graduate, with only the name "Wilma" inscribed on it.

Hough said that he contacted all the schools in the area in an attempt to identify the picture. The last contact made was at the G.P.U.S. office, where such a purse was reported as being lost, or stolen.

GP Police Chiefs Issue Burglary Prevention Tips

Proclamation of Burglary Prevention Week, June 19-26, prompted the police chiefs of The Pointe and Harper Woods, whose communities are signatories of a Mutual Police Aid Pact, to issue warnings to their respective residents to help prevent burglaries, not only during this week, but all-year-around.

The heads of the law enforcement agencies are: Arthur Louwers, Park; Andrew Teetart, City; James Furton, Farms; Thomas Cochill, Shores; Allen Andrews, Woods; and Allen Miglio, Harper Woods. "Burglars, sneak thieves and second-story men are getting ready for another big season," the police chiefs warned. "Summer time is ideal for their illegal trade because the weather is pleasant and people frequently leave their doors and windows open. Some especially careless people even go off for a long vacation and forget a

Local High Schools Ready To Welcome 10 Foreign Exchange Students In Fall

Eight Teens From Other Countries to Attend Classes At Grosse Pointe High School; Two Expected At Grosse Pointe University School; Liggett Interested In Program

Next year, more corners of the world than ever before will meet in Grosse Pointe high schools. Eight prospective American Field Service and Youth for Understanding exchange students will come to Grosse Pointe High School from countries of Europe, South Africa, the Near East, the Far East and Japan, according to Miss Margaret Casteel, Foreign Exchange Club sponsor. Grosse Pointe University School is making plans to welcome two AFSers.

American Field Service exchangee Feride Alp, an Islam girl from Turkey, will live with the family of Beth Grams and Paul Grams, daughter and son of Mr. and Mrs. Armin Grams, of Washington road. Feride will attend GPHS.

A Chinese girl from Malasia, who'll be enrolled in GPHS, AFSer Pauline Loong, will be sister to Dulce Greene, daughter of the Jordon H. Greenes, of Buckingham road. Mary Jo, Dulce's sister, who was just graduated from the High School, will spend next year in Germany as a YFU student.

From the Orange Free State in South Africa, Lee Johnson will live with the family of Charles and Tom Magill, sons of the Calvin Magills, of Nottingham road. Lee will attend GPHS.

The Sebastian Buffas, of Balfour road, will make a place in their home for AFSer Kurt Stefaner from Bavaria, Ger-

many. His Grosse Pointe High School brothers will be Tom and Berdean Buffa.

A Swedish minister's daughter, Ingrid Nyberg, a Youth for Understanding exchangee, will live with the Reverend and Mrs. Richard S. Knight, of University place. She will be sister to Margaret and Laura Knight, and attend GPHS.

A German girl, YFU student Susanne Stallman, will live with the family of Heather and Doug Brown, while attending GPHS. She will be the third foreign student for whom the Andrew Browns, of Bedford road, have put out their "welcome" mat.

Another son, Cameron, is presently living in Sweden. Finnish boy Veikko Nurminen will study at GPHS and stay with the Charles Johnsons, of McKinley place. Their son, Conrad, will be his Grosse Pointe High School "brother."

Another YFU exchangee will be Masachi Tachibana from Japan, whose American "brother," Boyd, will introduce him to Grosse Pointe High School. Sidney R. McLeary, of Lincoln road.

Busy heading the present GPHS Adult Foreign Exchange committee is Mrs. Edward J. L. Hookanson, of Kensington road. Mrs. King Clifford, of Moran road, will succeed her. The committee works for the welfare of all the exchange students at the High School. It helps plan various student trips.

Mrs. Hookanson explains, "In other communities, Youth-for-Understanding students are not treated the same as American Field Service students, and this is because the YFU is not as organized yet; it is newer."

Unravel Story Of Wounded 15-Year-Old

Boy Found June 6 by Woods Police Admits Shooting Self with Stolen Gun

Police have unraveled the mystery of the wounded 15-year-old Detroit boy who was caught by Woods police on June 6. The boy was found in his father's car, taken without permission, with a bullet hole in his left thigh, and part of his right heel shot away.

The juvenile, who swore he would not be taken alive, surrendered meekly to Woods Det. Gerald Kensora, Police Sgt. Thomas Kane and Patrolmen Bruce Marone and Charles Hamel, who found the boy in a car in front of 1751 Manchester.

The officers searched the boy and the car, but could find no gun. When questioned about the firearm by the Woods police, the teenager said he threw the weapon out the car window, but could not recall where.

On Tuesday, June 7, the gun, a snub-nosed .38 caliber Colt police special, was found by Debbie Brocci, 7, of 471 Lexington, next to the sidewalk leading to her home. She picked up the revolver, and placed it in an open brick wall, where it was later found by Guy Hughes of 475 Lexington, who turned the weapon over to his mother, who in turn called Farms police and released the gun to them.

The mystery surrounding the boy unraveled when Detroit police disclosed that Monday evening, June 6, they received a report that the boy was missing from home and that he had taken his father's car without permission.

A Detroit scout car crew spotted the boy and car at Woodhall and Leville, and gave chase. The chase led through Farms streets, and while on Lexington, the teenager tossed the firearm out the window, and it landed on the spot where it was found.

"Chronic Liar" The youngster eluded the pursuing policemen and was later picked up in the Woods by the Woods officers. At the time, the boy, who was tagged a "chronic liar" by his parents, told police he was involved in a scuffle with a Detroit patrolman, and that he had grabbed the officer's sidearm. A gun dud ensued, the lad said, resulting in his being wounded.

The juvenile, who police said was an addicted glue-sniffer, then claimed he was involved in a burglary in Flint, and then

Mrs. Paul Hykes Is Re-Elected To School Board

Only 3,371 Voters Go to Polls For Monday's School Election; Incumbent Defeats Challengers George D. Henry and Lee G. Kitchen

Mrs. Paul G. Hykes, school trustee since 1962, garnered 1,222 votes to win re-election to a four-year term on the Grosse Pointe Board of Education in the Annual School Election held Monday, June 13. Challengers George D. Henry and Lee G. Kitchen polled 1,030 and 1,042 votes respectively in their effort to win the single trusteeship.

Monday's total of 3,371 voters represents a smaller-than-usual turnout of voters. In the 1965 school election 3,943 votes were cast as compared to 3,728 in 1964.

Mrs. Hykes, 459 Rivard boulevard, has been secretary of the Board of Education for the past three years. A resident of Grosse Pointe for 16 years, she is the mother of three children who were educated in the local public schools.

Active In Organizations Mrs. Hykes has been a representative to the Grosse Pointe Recreation Commission. She is active in the Grosse Pointe Association for Retarded Children, the Human Relations Council, and she is on the Board of Directors of the Grosse Pointe War Memorial.

Mrs. Hykes is a past member of the Board of the American Association of University Women and is a past president of the Mothers Club of Grosse Pointe High School. She is a former English teacher and counselor.

In her campaign for re-election, Mrs. Hykes stressed the continuation of quality education for all students whether college-bound or vocationally-oriented. She urged widespread interest in school affairs by an articulate and informed citizenry.

She also emphasized the need for a broad curriculum based on adequate balance among arts, humanities, physical and social sciences and vocational training.

907 To Receive Diplomas At GPHS Commencement Nine hundred and seven Grosse Pointe High School seniors will don caps and gowns for their commencement program tonight at 8:15 o'clock in the school gymnasium.

Senior Class president Phil Connor will deliver the welcoming speech at the start of the ceremonies.

Steve Bowles and Sue Solenberger, chosen commencement speakers some weeks ago by teachers and class leaders, will each speak on the problems of an individual in modern society.

Jerry J. Gerich, principal, will award honors and present the class to Dr. Charles H. Wilson, Superintendent of the Grosse Pointe Public School System. Dr. Wilson will present each graduate with his diploma while an expected 2,700 parents and relatives look on.

It will be a "last time" for Dr. Wilson, as well as for the graduates. He will leave his

present assignment to go into university teaching. He has been Superintendent since October, 1962.

This is the largest class ever to be graduated from the school yet its 907 students come close to last year's 902 students. The graduates singing the "Alma Mater" will close the ceremony and the Class of '66 will march out in traditional nostalgia to "Pomp and Circumstance," played by the symphony orchestra under the direction of Russell D. Reed. Directly following commencement, non-date festivities are planned by the Mothers' Club at the War Memorial, exclusively for seniors.

The party from 10 until 2 o'clock will include a buffet dinner, entertainment, dancing and a special "surprise" show. Movies will also be shown in the auditorium throughout the evening for those not dancing to the music of "The Bad Habits."

2 Teenagers Admit Woods Burglaries

Confession Clears Cleaner and Beer Store Breakins that Netted \$1,432

Two 17-year-old Detroit boys, arrested by Grosse Pointe City police on Sunday, June 5, in the act of burglarizing a bathhouse on private property, cleared two burglaries in the Woods, it was disclosed by Woods Det. Sgt. Jack Mast.

Mast said that after the youths were released on bond in the City, he and Det. Leroy Tobian picked up one of the boys at the boy's home and took him to the station for further questioning. The teenager "fingered" his companion, who was with him in the Woods breakins.

Admitting their part in the Woods burglaries, the boys, Edward Russell, of 4628 Philip, and Richard Finegan, of 4615 Manistique, made a voluntary confession after they had been informed of their constitutional rights, including the right of not making any statements without an attorney present.

Mack Avenue Thefts Mast said that Russell and Finegan cleared the May 13, 1966 burglary of Henry Cleaners, 2019 Mack avenue, in which \$1,132 was taken; and the February 11, 1966, breakin of the Oxford Beer Store, 20107 Mack, in which \$300 was stolen.

In the beer store burglary, Mast said the boys told him they used Finegan's car to knock down the building door to enter at the side of the edifice. According to the boys' confession, they took \$300 from a metal box in a cabinet in the store, and change from the cash register.

The money taken from Henry's Cleaners represented a week's receipts, Mast said. The place was entered through the roof, by prying up an aluminum cover over a wooden grate. The money stolen was locked up in a box in the counter of the establishment.

Knew Layout Russell, the detective said, confessed that he planned the burglaries because he formerly worked for the cleaning establishment, and knew the layout.

The break-in of the beer store, which was nearby, Russell was also said to have admitted. Henry's Cleaners is owned by Henry Wibbelmann, of 24436 Sherbeck drive, Mt. Clemens, and the beer store is owned by Carl Liebold, of 21160 Beaufait, Harper Woods.

Mast and Tobian said that they conferred with Russell's attorney, and it was agreed that the charges against the

Police Still Hunt Hit-Run Driver

Shores police disclosed on Monday, June 13, that they are still looking for the hit-and-run who struck a disabled car at the northwest corner of Lake Shore, at Vernier. The disabled car, owned by Mr. and Mrs. Joseph Amata of 2637 Algonquin, Detroit, was totally destroyed.

Mr. Amata, 75, and his wife, Josephine, 70, were waiting in the car on May 12, until assistance arrived, when the hit-and-runer smashed into the rear of their vehicle. The force of the impact propelled the couple's car, a 1960 Valiant, forward 52 feet, causing it to smash into a telephone pole in front of 791 Lake Shore.

The hit-and-run car's grill was smashed and the radiator damaged. It was originally believed that the hit-and-run car was a 1965 Chrysler Imperial, but it was definitely established, through a damaged grill found at the scene, that the vehicle was a 1966 Imperial. The car was of a light color; the actual color is not known.

Police believe that the hit-and-runer has hidden his car somewhere in the area nearby, until the search for him has died down.

Anyone with information regarding a 1966 Chrysler Imperial with a damaged grill and radiator is asked to contact Shores police, TUxedo 1-5500. The identity of the informant will be kept confidential, police said.

Honest Girl

(Continued from Page 1)

The owner, Mrs. Louis King, of 816 Peach Tree Lane, was contacted by the detective, and she described the purse and its contents.

Mrs. King was so grateful for the recovery of the purse, Hough said, that she gave Debbie a

wrapped gift and five dollars as a reward for her honesty. Hough praised Debbie's action. "Any one making a find, without any identification of the owner in it, is bound to be tempted to keep at least the money. But Debbie, by turning in the purse with its cash and contents, reflects that she is of good character and a credit to the upbringing of her parents."

To Foil Burglars

(Continued from Page 1)

to have the lawn mowed, hand-bills and circulars picked up, and the sidewalk swept. Canceled milk, newspapers and other deliveries, so they don't accumulate on the door step.

Light is one of the burglar's worst enemies because he hates to work in a lighted place, and when house lights are left on, he will believe that someone is home. But, if the same light is burning day and night, this is a tip-off that no one is home.

Use an automatic timer to turn lights on at dusk and off at bedtime. A good idea is to have one timer-controlled light downstairs, possibly in the living room, and another, with a later "turn-off" time, upstairs in the bedrooms. Outside lights at the front door and in the yard are also good prowler chasers and should be timer-controlled.

Window shades should be left partly open and not tightly closed. Closed blinds mean an empty house and also allow an intruder to move about freely, once inside, without fear of being seen.

A "lived-in" look will usually discourage all but the most determined burglar, the police chiefs said. To stop the bold ones who may still try to break in, the house should be tightly "buttoned-up."

This means that every possible entrance into the house should be closed. Strong locks should be placed on all doors, especially rear and side doors, which cannot easily be watched. Use a lock with a "dead lock" feature, that is, one with a bolt that cannot be pushed back by a knife blade or a thin piece of celluloid. The home owner should consider using a solid panel door.

Windows should also be locked and screens securely fastened from the inside. Garage doors should be closed and locked for several reasons. An open door or an empty garage is a tip-off that there is no one home. Also, the garage may contain tools, ladders, etc., which could be stolen or used to break into the house.

Basement windows are usually overlooked, the police chiefs said, and should be locked every time you leave the house, even for only a few minutes.

Even if your house is burglarized after every precaution is taken, make sure that there is very little to steal. Reduce the possible loss by keeping all jewelry and valuables, cash and securities in a safe deposit box. Maintain an up-to-date list of serial numbers or other identifying marks of appliances, tools and other property. This will help police to locate any stolen

items which the thieves may try to sell.

Last, but not least, the chiefs stressed strongly, is the notification to your police department. Tell when you are leaving, where you will be, and when you will return. During your absence, police officers, while on patrol, will make periodic checks of your property.

It is also a good idea to notify a trusted neighbor and to leave a key with him in case of an emergency. Don't tell everyone in the neighborhood, however, and don't allow the local newspaper to publish a notice of your trip in advance. Tell them about it after you return.

"By following these tips," the chiefs jointly stated, you will greatly reduce the chances of being burglarized. Most burglars are looking for 'easy pickings,' and won't bother if you make it tough for them."

Wounded Boy

(Continued from Page 1)

In another story, he said he took the gun away from a Flint detective following the breaking and entering in that city.

However, one story he told was true, and that was that the gun had been taken from a burglarized home in Saginaw. Police of that city identified the serial number of the gun as one stolen in a reported burglary.

Police Agencies Contacted Woods police, following the apprehension of the teenager, contacted police agencies in the area, but were informed that there had been no gun battles with police, although an unknown informant had called Detroit authorities to disclose such an incident. A Detroit police dispatcher sent such information over a general broadcast, not taking any chances.

It was also broadcast that the boy was armed and had sworn not to be taken alive.

All the shells in the gun found in Lexington had been fired, Farms police said, and it was later disclosed that the juvenile had admitted that he fired the weapon until it was emptied, and that he was wounded while doing so.

It was not disclosed whether the youngster, himself, had taken the gun in the Saginaw burglary, but the matter of taking the car without permission was referred to Detroit authorities, who are investigating the case further.

Beer Can Trail Leads to Teens

Beer cans strewn along Washington road between Maumee avenue and Kercheval avenue, discovered at 9:40 p.m. on Friday, June 10, caused City officers to keep a special watch in that area.

An hour later two teenagers were seen closing the trunk of a red 1966 Ford Fairlane, 517 Washington road, and getting into the car.

Asked for driver's license and identification by Patrolman Gerard DeBoever, the youths admitted the car was not theirs. As DeBoever attempted to arrest Donald G. Goolsby, 17, of 4001 Nottingham avenue, and John Snell, Jr., 19, of 782 Lorraine road, on a disorderly person charge, they ran into the bushes and escaped.

With the help of a nearby resident who gave information as to the youths' whereabouts and another report received by City police that two youths had removed an object from the trunk of the same car and put it in the bushes nearby, Goolsby and Snell were apprehended in the rear yard of the third house south of Kercheval and handcuffed by DeBoever and Patrolmen Donald Ludlow and John Drummond.

Canned beer in a styrofoam container was found in the bushes, as reported, and Dennis Kemp, 19, of 5575 Lakepointe avenue, identified himself as the driver of the red Ford Fairlane. All three were taken to the City station and issued disorderly person notices.

Goolsby and Kemp were picked up by their parents and the automobile released after the posting of a \$50 bond. The parents requested that Snell be detained overnight.

INSURANCE OKAYED
At its regular meeting, held on Monday, June 6, the Farms council approved the awarding of a contract to the Johnson and Higgins company to sell fleet insurance to the city on payment of an annual premium of \$2,071.

GP Park Council Given Petitions

A petition bearing the names of 116 businessmen in the Park was presented to the Park council on Monday, June 13, asking the city officials to look with favor on granting of raises and fringe benefits for the city's policemen and firemen.

The businessmen lauded the personnel of both the police and fire departments, stating that these public servants were second to none.

The petitioners, all taxpayers, stated that they believed the Park policemen and firemen are inadequately paid, and that their pay should be on the par with that of Detroit's departments.

The businessmen praised the

police and fire personnel for keeping the crime and fire rates low in the Park.

Mayor Matthew Patterson thanked the businessmen's representative, Louis Sirianni, of 1402 Lakepointe, who has a business at 15201 Charlevoix, for the interest shown, and said the petition will be given to the wage negotiation teams for consideration.

Another petition, with 114 names, was also given to the council, protesting the construction of a proposed swimming pool in the Three Mile Drive Park.

The construction of the pool was recommended by the Park Planning Commission in its

"66 Park and Recreation Program."

The mayor informed the petitioners that their petition will be given to the Planning Commission, which is conducting an additional study of the proposed program, for further consideration.

The proposed pool in the Three Mile Drive Park has stirred up a controversy. The park was originally designed for

passive recreation. The anti-pool group said that they can obtain more signatures on petitions, if needed.

Mayor Patterson informed those against the pool that the Planning Commission has on file a petition with approximately 600 names of persons favoring the pool in the park.

Eighteen GPUS students make up the AFS Club, whose instructor-sponsor is Mrs. Theodore Fleming. The adult chapter of the GPUS-AFS is presided over by Mrs. Edwin N. Peabody, of Lincoln road.

Two GPUS families anxiously await news from the New York office of the AFS. Mr. and Mrs. George E. Bushnell, Jr., of Cloverly road, and their son, George, are waiting to be assigned a foreign boy. GPUS student Chrissie Johnson and her parents, Mr. and Mrs. Dan Johnson, of Beverly road, are making room for a foreign girl.

Mrs. Jeremiah Jenks, of University place, AFS district representative, is busily prodding the New York office. She oversees the AFS students for GPUS, GPUS, and Liggett. "If the AFS students have any problems, I contact New York," she claims.

She reports that Frank Sladen, headmaster of Liggett, wants to start the program at his school, and would like to hear from interested parents, as well as interested students.

"Joke" Mars Prom Night

The Grosse Pointe High School junior prom was marred by a great big practical joke—but nobody laughed.

While juniors and their guests were enjoying the prom, somebody was busy letting air out of tires in the senior parking lot. According to a policeman on duty, approximately 18 cars had, at the least, two tires deflated. And a car with four tires flattened blocked each exit.

Many boys changed one tire and put on the spare, but they still had to wait until 12:30 for a service truck to take care of the other flats.

So far the culprits have not been caught, according to Howard Case, Dean of Students. Precautions will be taken against such a thing happening again, with a policeman patrolling the parking lot.

Woods Baptist Church Addition Plans Proceed

The Grosse Pointe Woods Baptist Church has been granted a variance on the Woods' setback ordinance for the construction of a Sunday School addition, after amending its original request to a setback of 45 feet from the church property line.

The first request for the proposed construction, which would have brought the addition to within 25 feet of the property line, was denied by the Woods council, sitting as a Board of Appeals, on May 2. The second request was approved June 6.

Although one neighboring property-owner, James R. Johnson, 1762 Aline drive, brought a petition signed by eight other residents of Aline drive opposing reduction of the minimum setback, and pointed out that the Church had a great deal of other property on which to put its addition, the minister, Dr. A. Dale Irlie, Edward J. Russell, of the Board of Trustees, and their architect showed that construction of the new rooms in any other location would destroy the architectural continuity of the building.

Dr. Irlie pointed out that at the time plans were drawn, the Church owned a larger square piece of property and had planned to construct its original building facing Mack avenue. He was borne out by attorney Leon D. Ratcliffe, of 1080 North Oxford road, not a member of

the Church, who said that in the late 40's and early 50's all property near Baseline, or Eight Mile, road was carefully restricted by the Council to allow for the possibility of the extension of the road to the lake, a project that has since been dropped.

In exchange for the Church's voluntary donation of a 120-foot strip of land between Mack avenue and Goethe road, the G.P. Woods Baptist Church, then known as the Burns Avenue Baptist Church, was given approval by the then existing Council of plans that put the Church facing Eight Mile road and brought some of the existing construction and this particular addition within 25 feet of the property line.

Dr. Irlie said there was some

Buehler Going To Minnesota

Ronald G. Buehler, Curriculum Assistant in The Grosse Pointe Public School System since 1960, today announced that he will accept the position of Assistant to the Superintendent for Instruction and Special Services of the Edina-Morningside School District, a suburb of Minneapolis.

"It has been a pleasure to see the growth of the Instructional Materials Program in Grosse Pointe over the last six years. It is with regret that I cannot see it grow to its full maturity," Mr. Buehler said.

Mr. Buehler's appointment to his new position becomes effective July 1. He indicated that he will be on duty in Grosse Pointe until that time.

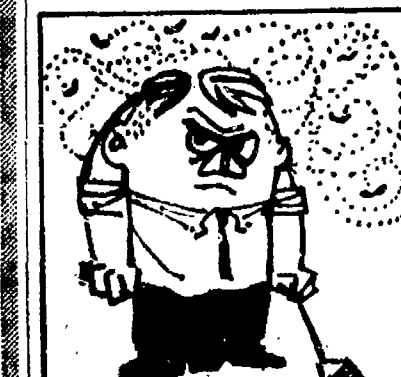

Prior to coming to Grosse Pointe, Mr. Buehler was Curriculum Consultant in several school districts in the State of Washington and has held various teaching positions in Washington and in North Dakota.

Mr. Buehler is currently President of the Michigan Audio-Visual Association. He completed a Master's degree from Western Washington State College.

The Buehlers and their children reside at 1940 Prestwick in Grosse Pointe Woods.

HIT-RUN DRIVER

objection to the Church's decision to go along with the Council at that time, but the Church's chief desire then, as now, was to be a good neighbor. He told the Council that the addition would cover that area of the existing building that was constructed of cinder-block, and further, that landscaping was to be done at the borders of the parking area.

Councilman Marvin Boutin remarked that as chairman of

the Planning Commission he had contacted Mr. Russell of the Board of Trustees and asked him to stake out the amended proposed addition so that the members of the Committee of the Whole could inspect it and that the present plan seemed the most reasonable solution.

Gerald Brys, 1808 Aline drive, who had stated his opposition to the addition at the May 2 meeting, was described by

Joseph Kranich, 1774 Aline drive, as coverted to the Church's position on the matter. Before a building permit can be obtained, the Church must reappear to the Planning Com-

mission which next meets on June 28; however, the Planning Commission approved the first application for a variance of 25 feet, and no problems are expected.

To Every Home Owner:

A drastic Federal forced housing law now being considered by the Congress would destroy your basic rights—unless you act now!

Here's what it is:

"Title IV" of the so-called Civil Rights Bill—H.R. 14765 and S. 3296—is the forced, not fair, housing proposal that threatens to deprive you, as a home owner, of basic freedoms.

Here's what it would do:

- 1 Deny you freedom to contract with a person of your choice in the sale or rental of your home, or a room in your own home.
- 2 Deny you the right even to mention a preference for a person of your own religion in advertising for a roomer or tenant.
- 3 Subject you to suit by the U.S. Attorney General to force you to sell or rent to a person other than the person of your choice.
- 4 Delay indefinitely a rental or sale, pending final court disposition of allegations against you.
- 5 Subject you to payment of unlimited damages if you insist on exercising preference in a sale or rental.
- 6 Discourage sale of your home because the prospective buyer could not be assured of taking title until the deed is actually recorded.

Because we are concerned about the human rights of all Americans . . .

- We protest a law that gives one person the right to force another to enter into a contract against his will.
- We protest this attack on the human right of freedom of choice in disposing of private property.

- We believe progress in race relations will be retarded, not advanced, by this bill. Equal opportunity in housing is making progress under the influence of voluntary efforts of church, school and people of good will.

How can you make your protest heard?

The Congress will reject the forced housing features of this bill if you and other home and property owners write your Members of Congress and make it clear that you oppose this

legislation because it would destroy rights of all Americans. Write or wire today—and tell your Members of the Congress what you think

To Every Home Owner:

A drastic Federal forced housing law now being considered by the Congress would destroy your basic rights—unless you act now!

Here's what it is:

"Title IV" of the so-called Civil Rights Bill—H.R. 14765 and S. 3296—is the forced, not fair, housing proposal that threatens to deprive you, as a home owner, of basic freedoms.

Here's what it would do:

- Deny you freedom to contract with a person of your choice in the sale or rental of your home, or a room in your own home.
- Deny you the right even to mention a preference for a person of your own religion in advertising for a roomer or tenant.
- Subject you to suit by the U. S. Attorney General to force you to sell or rent to a person other than the person of your choice.
- Delay indefinitely a rental or sale, pending final court disposition of a litigation against you.
- Subject you to payment of unlimited damages if you insist on exercising preference in a sale or rental.
- Discourage sale of your home because the prospective buyer could not be assured of taking title until the deed is actually recorded.

Because we are concerned about the human rights of all Americans . . .

- We protest a law that gives one person the right to force another to enter into a contract against his will.
- We believe progress in race relations will be retarded, not advanced, by this bill. Equal opportunity in housing is making progress under the influence of voluntary efforts of church, school and people of good will.

How can you make your protest heard?

The Congress will reject the forced housing features of this bill if you and other home and property owners write your Members of Congress and make it clear that you oppose this legislation because it would destroy rights of all Americans.

Write or wire today — and tell your Members of the Congress what you think.

14th District GOPs Pick New Campaign Chairman

A young Grosse Pointe mother of four has been tapped as new Republican Campaign Chairman of the embattled 14th District on Wayne County's east side.

Barbara Hoffman (Mrs. Harry) of 550 Lakeland was named by State GOP Chairman Elly Peterson, with full concurrence of Wayne County Republican Chairman Robert E. Waldron, to take over the reins from Albert Thorburn who has resigned due to business which requires his frequent absence from the city.

On Mrs. Hoffman will center the brunt of a major battle shaping up between Romney vs. Birch-infiltrated forces within the Party in the District. She will be responsible for the congressional and local state senatorial and state representative campaigns this summer in the District as well as for electing precinct delegates, the grass roots representatives in the Party organization.

At least 207 of a total of 286 precincts in the 14th will be contested in the August 2 Primary between Romney Republicans—who are allied with the GOP Campaign Committee and the Republican Citizens club which are headquartered at 10711 Whittier—vs. members of the anti-Romney, Birch infiltrated "statutory" District organization at 15318 East Warren.

The Campaign Committee which Mrs. Hoffman heads was created two years ago by State Chairman Arthur Elliott and continued by present chairman Elly Peterson to insure continuing, positive Party activity in the 14th, since the "statutory" organization has allegiance to others than Governor Romney, his administration and the state-wide GOP.

Recent indications show, too, that the John Birch Society, long associated with the 14th District "statutory" organization, has moved to infiltrate other districts and Oakland and Macomb counties as well.

Last Friday the State GOP and ten county and district leaders in this area declared all-out war on the Birch Society's move to infiltrate the Party. "There is no place in the Republican Party for the reckless irresponsibility that characterizes the John Birch Society," Mrs. Peterson said, "and I count on our local organizations to cut out this cancer decisively once and for all."

"I support Mrs. Hoffman and her Committee to the hilt in their all out drive to restore responsible leadership to the 14th District," she also said.

On accepting her appointment, Mrs. Hoffman stated that "for many years the battle against Birch infiltration here has been waged gallantly by the Republican Citizens-14th District club, a group of dedicated citizen volunteers. Now the Birch blatant grab for power has spread beyond our district and Republican leaders everywhere are concerned. The 14th District Republican Campaign Committee will become the

action arm of the State Central Committee."

Mrs. Hoffman further explained that "the fight is no longer between the 14th District "statutory" committee and a club—it's between the committee and the Republican Party."

Frail looks and a pleasant way belie Mrs. Hoffman's abilities. She's an ace organizer and veteran politician. At the age of 12 she was a Dewey booster and has been a regular Republican volunteer ever since.

In 1960 she was active in the Nixon campaign and by 1962 had risen to vice-chairman of the Macomb County GOP in charge of organization and campaigns. She also organized the Romney Volunteers of Macomb County and subsequently spearheaded the local Con-Con drive—in fact, her youngest son,

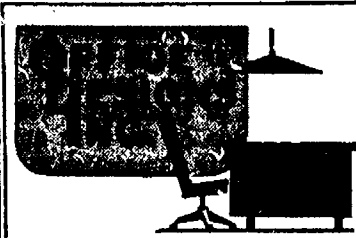

Eric, is one day younger than Michigan's New Constitution.

She and husband, Harry, and their four children moved to Grosse Pointe in 1963. She immediately joined RC-14 and ran successfully for precinct delegate. She is well known for her belief that "confetti doesn't win elections, hard work does."

Mrs. Peterson also appointed Arthur Sherman, Jr., as vice-chairman of the Campaign Committee. He resides at 79 Hawthorne road with his wife, Dorothy.

Sherman's co-workers all describe him as having no peer in

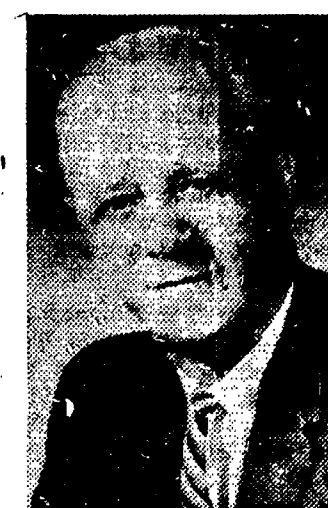

recruiting volunteers for the GOP. An ardent Romney supporter, he has been on the RC-14 board and most recently served as chairman of the precinct delegate committee of RC-14.

Five Persons Hurt in GP Farms Accident

John J. Riley, of 2627 Anderson, Detroit, was given a traffic violation ticket by Farms police on Saturday, June 4, for driving his car through a red light and causing an injury accident, at the Kercheval-Kerby intersection. Five persons, including Riley, were injured.

According to an accident report, Riley was traveling west on Kercheval, when he drove through the light, hitting a car driven by Mrs. Nancy E. West, of 463 Moran, going north on Kerby.

Mrs. West, police said, was stopped for the red light on Kerby, and when the light changed to green, she started up and was in the intersection, when Riley drove through and struck her car on the right side. The force of the impact spun the woman's car around, and her car struck a Farms-owned pickup truck stopped at the curb, facing south on Kerby, and driven by Norman Meldrum of 39097 L'Anse, St. Clair Shores.

Injured were Riley, who suffered a bad head laceration, and abrasions and lacerations on both arms; Mrs. Sue Defer, of 322 McKinley, a passenger in Mrs. West's car, who suffered lacerations and abrasions of both arms and shoulders, and her son, Billy, 8, who suffered a cut on the side of the head that required several stitches, and abrasions and lacerations on top of his head.

Also injured were two of Mrs. West's children, Mark, 6, who suffered abrasions and cuts about the face, and a cut inside his lip, that required surgical stitching; and Tom, 2, who suffered bruises and abrasions, and a cut on the chin that required stitches.

All the injured were taken to Cottage Hospital by firemen, and released after treatment.

The Pirates' Greg Brecht was
the winner in the seven-inning
game.

On Monday, both games were
rained out, to be played on

a strong defense.

In Class C, on Tuesday, June
7, Richmond faced Columbus,
but the strong Columbus team

WOMEN'S PAGES

From Another Pointe of View

By Janet Mueller

It used to be "in the olden days" that the arrival of June signified the arrival of a slack period in the social and club activities of the Pointe. But no longer. Meetings and parties continue in full swing.

For instance, on Saturday, June 25, members of the Detroit Boat Club have been invited to the 72nd annual Commodore's Ball, which will honor this year's Commodore and Mrs. Bernard C. Doetsch. In the afternoon more than 200 sailboats will participate in a series of races which will be held on Lake St. Clair.

At 7 o'clock in the evening Boat Club members, visiting Commodores, members from other boat clubs and members of the Detroit River Yachting Association will gather for cocktails and dinner around the Club's pool. Dancing to the music of Don Djerkiss' orchestra will follow dinner.

Tau Beta Talk

Tau Beta girls met last Tuesday afternoon in the home of Mrs. Horace C. Ford for a cup of tea and a talk by Mrs. W. L. Brown on the Neighborhood Service Organization's work with youth gangs in the Detroit area.

They also heard a report on the work the Grosse Pointe Juniors started to raise money for the Tau Beta Camp. They held workshops, making gaily decorated felt headbands and book covers which they in turn sold. Later in June the Juniors plan to visit the camp to help with spring clean-up.

Arts Institute Addition

The Detroit Institute of Arts has announced many varied and exciting activities which will celebrate the opening of the Institute's new South Wing.

It will open officially to the public at 9 o'clock Wednesday, June 22 and conducted tours of the new 38 galleries will be given every half hour, from 10 through 3 o'clock, under the direction of docents (a Greek-rooted word meaning lecturer), trained by the Founders Society.

The evening, June 21, before, Founders Society members will attend a black tie reception from 8 to 11 o'clock at which time they will get an early glimpse of the beautiful new building.

Throughout the rest of the week special lectures and events have been planned for art lovers.

ESU Annual Meeting

Members of the Detroit Branch of The English Speaking Union who are also Founders Society members will find themselves with a conflict of interests. Because on the night of the Institute's reception, June 21, the English Speaking Union is planning its annual dinner meeting to be held in the Fries Auditorium of the Grosse Pointe War Memorial.

A social hour will start the proceedings at 6 o'clock, followed by a 7 o'clock dinner.

Mrs. Hansel Dwight Wilson will then give an illustrated talk on England entitled, "Mum is the Word... an incredible adventure across the ocean on five chrysantheums." Members will also elect six new members to the Union's Board.

Welcome To Newlyweds

A happy, gay party is being planned by Dr. and Mrs. I. W. McLean, Jr., in their Lakeshore road home for this Sunday. The reception will honor their son, Ian William, and his bride, Ruth Ann. Married in Madison, Wis., in May, the young couple have just returned from their wedding trip, which took them to Acapulco and Mexico City.

JAMES E. BROCK, JR. of Renaud road, was graduated from Tabor Academy, Marion, Mass. in exercises held on June 11. He plans to attend Babson Institute in the fall.

Reception At Detroit Yacht Club Follows Rites; Pair To Live In Harper Woods When They Return From Vacation In Hawaii

A Papal Blessing was bestowed upon the newlywed Mr. and Mrs. Lawrence Arthur Rancilio, who exchanged marriage vows Saturday morning, in St. Clare de Montefalco Church.

The bridegroom's uncle, Father Leonard Rancilio, of Chicago, officiated at the 11 o'clock ceremony.

The bride, the former Nancy Jane Hammel, daughter of Mr. and Mrs. Godfrey Hammel, Jr., of Harvard road, wore a white peau gown, trimmed with re-embroidered Alencon lace, fashioned with an Empire bodice. A line skirt and Chapel train.

Pearls accented the lace motifs at her scalloped neckline. Her silk illusion veil fell from a lace and pearl-studded peau rosette. Her flowers were white roses.

Kathleen Hammel served as her sister's honor attendant, and bridesmaids were Sharon Van Tornhout and Mrs. Hugh Garred, of Cleveland, O., sister of the bridegroom. Mary Jo Hammel, another sister of the bride, was junior bridesmaid.

Their maize and nymph green Empire linen sheaths were fashioned with fringe-trimmed Watteau back panels. They wore yellow daisies in their hair, and carried baskets of yellow daisies.

The bridegroom, son of Mr. and Mrs. Arthur Rancilio, of Wade avenue, Detroit, asked his cousin, Richard Vivian, to act as best man. Ushering were Stephen Hammel, brother of the bride, James Roth and William Hall, another cousin of the bridegroom.

Robert Hammel and David Hammel, brothers of the bride, were altar boys.

For her daughter's wedding and the reception at the Detroit Yacht Club, Mrs. Hammel chose a two-piece dress of beige peau, trimmed with beige satin, a turquoise hat and beige accessories. She carried turquoise-tipped carnations.

The bridegroom's mother's moss pink crepe dress featured waistline appliques of beaded Venise lace. Her accessories were white, and she carried a white orchid.

Flying in from Pensacola especially for the ceremony were the bride's brother, Lieutenant Godfrey, Hammel, III, USMC, and Mrs. Hammel.

Upon their return from a Hawaiian vacation, the newlyweds will make their home in Harper Woods.

who, where and whatnot

Can you imagine? . . . only five more days until summer. Official summer that is. After this spring's crazy, mixed-up weather, most of us dare not trust the calendar. A quick survey reveals that most Pointers are reluctant to store electric blankets, pack away the ski parkas and dust off the fans. It will take quantities of hot sun and torrid breezes to make us have faith in the calendar.

As proof of the spring's schizophrenic weather . . . the fashion show that occurred at a fire in the City just a week ago. The night was chilly . . . remember? The hour late. The scene . . . the corner of Charleviox and Lincoln. At the first sound of sirens, the sidewalks filled with neighbors of all ages, in all attires . . . from flowing pegoirs to woolies. Two gentlemen particularly stood out as examples of the mercurial temperature . . . one in heavy trousers and ski jacket, obviously pulled quickly over his pajamas, and the other in what the fashion observer could only hope was short summer pajamas, hidden by a summer weight robe. Oh yes, the fire. Smoke from the television transformer.

But since we're optimists by nature, we're ready to state summer is just around the corner and round off our discussion of spring with a charming vignette about a robin. While the George Wilsons, of Ballantyne road, were cruising in the Middle East last month, a mother robin built her nest behind one of the lanterns at their front door. In order to preserve the nest and its eggs the Wilsons discovered that they could not use the front door or its light. And they didn't. Now, Mrs. Wilson proudly reports, the three eggs have hatched and mother and young are doing fine.

Our medal of the week, awarded for stamina, goes to Anne Wood Birgbauer, daughter of Mr. and Mrs. H. G. Wood, of Touraine road. Anne, who now lives in Cambridge, Mass., with her husband Bruce, commuted twice a week this past semester from Cambridge to New London, Conn., where she completed her studies at Connecticut College for Women and received her degree on June 5. The trip took her two hours and she said gave her a little extra study time. Bruce has just completed his second year at Harvard Law School and hardly realized that Ann had hit the tracks each Tuesday and Thursday. She left Boston at 8 o'clock and returned the same day from New London on the 3:21 — just in time to fix dinner.

One of the most unusual tours we've heard about in a long time will take place this Saturday, June 18. No, it's not kitchens or gardens . . . it's a cemetery. Members of the Detroit Historical Society and guests have been invited to join a guided tour of Elmwood Cemetery and to visit the graves of General Lewis Cass and his contemporaries on the occasion of the hundredth anniversary of General Cass' death. The tour will be directed by Henry Ledyard, of Lewistown road. Buses are scheduled to leave from the Kirby avenue side of the Museum at 1:30 o'clock and will return at approximately 4 o'clock.

Since we began our chat with weather, why not be neat about it and end with it? . . . and in such a delightful way . . . a poem by Tracey Prittie, a fifth grader in Marie School. It's simply called "The Weather."

*Weather is the thing, that changes my life,
It changes the flowers, day and night,
Things exciting happen in weather,
Like finding things, such as a feather.*

*In winter, spring, summer, and fall,
In which many things grow tall,
Tiny things change, that we don't even notice,
Some things, so small, and so nice, take notice.*

*Tiny tots so small and cute,
Dress up in summer,
Sometimes with loot,
"Come out and play!" is the cry they say,
And here is the answer they get each day,
"Surely, pal, anything today!"*

How . . . can you afford not to shop at Walton-Pierce? Always quality . . . always fashionable . . . and now there's a Summer Sale going on . . . with fifty-per cent marked off . . . beautiful things and a few cocktail dresses to wear right now . . . others to tuck away until Fall's Festivities.

Top Drawer Topics . . . It's goodbye time. The Top Drawer is closing June 18th and wishes to thank all the wonderful people . . . workers, customers and neighbors who made our stay at 17007 Kercheval UP in the Village . . . really Top Drawer.

Pre-Vacation Sale . . . at Claire Pearone, 397 Fisher Road, will start your vacation with a suitcase full of beautiful fashions . . . drastically reduced and great bargains from the boutique.

Your Work Triangle . . . Range, refrigerator and sink should form three sides, whose total dimensions are not more than twenty-two feet. If the total exceeds this standard, you are doing too much road work in your kitchen. Cut down on your kitchen mileage. Do your hiking in the great outdoors . . . first stop . . . Mutschler Kitchens, 20489 Mack Avenue.

"Strong and Content . . . I travel the open road." Walt Whitman's spirit pervades all America come summertime. This year the traveler will be further inspired if he is driving a new Dodge because it offers comfortable, care-free travel. Pick one out at Riverview Dodge, 15205 East Jefferson. Then drive a Dodge, contentedly, on the open road.

The Shortest Cut . . . to new beauty these days is the new hair cut . . . one . . . very soft . . . another . . . quite straight . . . but . . . versatile! Just add a hairpiece for evening or a fall of long hair for a change . . . and GO with the new looks. We lost count of all the fashion models in New York who are wearing hair this way. At Edward Neff, "Parrucchiere", you don't get just short hair . . . you get THE LOOKS.

The Accent . . . is on service at Kopp's, 16925 Kercheval in the Village. Of course, you know about their store hours . . . open 9 a.m. to 9:30 p.m. daily . . . about the two delivery cars for pick-up and delivery and their complete stock, rotated to be always fresh. So you've been calling TUXedo 5-8900 for service.

Quick-Rescue . . . for a sagging set . . . don't give up! Place a roller or two on top for a lift . . . then clip the line in place (using a back mirror), SPRAY NET . . . with the Notre Dame Pharmacy's own hair spray. Let dry, while dressing. Now brush lightly, and raise here and there gently with a hairpin. One of the advantages of SPRAY NET is that the silicones repel moisture and hold the shape.

Magazine Meandering . . . can give you a variety of ideas when you're planning home decorating. However, it's a little frustrating when you can't find the merchandise in shops. If you're on an area rug hunt, head for Ed Maliszewski, 21435 Mack Avenue. They stock the latest decorator selections . . . 776-5510.

Two Irvings . . . are better than one. Now there are two in Grosse Pointe . . . the Irving Boutique at Leon, 17888 Mack Avenue and the new Irving shop at 19517 Mack Avenue. Go boutique-ing . . . go shopping at Irving.

Father's Day . . . is June 16th. Hunter's Pharmacy and Coin Shop, 19673 Mack Avenue has great gift suggestions for dad. Of course, there are coin supplies as well as Jean Nate's Soap on a Rope . . . Scotch 'n Soda cologne in a pinch bottle, English Leather, Jade East, Camoe, to mention a few grooming refreshments. Hunter's gift wrap is handsome.

Last Week . . . we took the Royal Coachman to the airport. They picked us up at Cupid's Restaurant. What a convenience! Scheduled on the hour every day . . . 6 a.m. to 1 a.m. . . a call to TUXedo 4-8800 or TUXedo 6-1322 will reserve you a place. The limousine also leaves the Parkcrest Motel. New, low commuter's rate . . . \$6.50 round trip, if you return within 36 hours.

Terry Grannies for lounge or beach wear . . . extra size blouses (regulars too) . . . wallets, keychains, tankards, all engraveable for "DAD" on his day. See these and much more at the delightful, new "Personally Yours", 17 Kercheval, Punch and Judy block.
