### Heavy Mail Flowing to Washington

(Continued from Page 1)  
ica. Because I believe our nation will be the stronger as a result, I have and will give my support to this bill."

**Griffin Opposed**  
Michigan's Republican Senator, Robert Griffin, joins other Republicans in expressing reservations about Title IV of the new act. His Washington office told the NEWS, "We have received a great deal of mail on this issue, almost all of it opposed to the bill in whole or in part."

In addition to the Pointe mailing by the Real Estate Board, another group, the Michigan Association for the Protection of Property Rights sent circulars to some 12,500 homes in Harper Woods and Detroit's east side.

The state chairman of that group, Orville F. Sherwood, of Lakepointe avenue, enclosed a letter with the National Association of Real Estate Boards' printed announcement, expressing his own group's opposition to the bill.

**Property Owners' Stand**  
Sherwood told the NEWS, "This bill invades a very basic property right. My opposition to this type of legislation goes back to 1957 when similar bills were introduced into the Michigan legislature."  
"Whenever the government starts legislating to correct a real or imaginary wrong it often grants rights to some person and takes them away from others," he noted.

The Grosse Pointe Property Owners Association, of which Sherwood is executive secretary and counsel, is also on record in opposition to the measure. "We may very well send out a letter on this issue in the near future," Sherwood said.

**California Decision**  
Local realtors and others with a strong interest in housing legislation have been keeping a close eye on developments in a California "test case" which recently emerged from the courts.

In California, a bill similar in form and intent to the pending Federal legislation was written into law during the closing hours of the 1963 legislative session after heated debate.

The passage of the law brought about a still more fiery debate that is still raging.

**Proposition Passed**  
A battle against the anti-discrimination legislation was led by the California Real Estate Association, and drew nationwide attention of real estate brokers and civil rights advocates.

The California real estate brokers' group was instrumental in the passage by voters by a two-to-one margin of a Constitutional amendment, Proposition 14, in November of 1964, which gave owners fuller freedom of choice in selling their property.

Proposition 14 provides that "neither the state nor any subdivision or agency thereof shall deny, limit, or abridge directly or indirectly the right of any person who is willing or desires to sell, lease or rent such property to such person or persons as he, in his absolute discretion, chooses."

Such national civil rights groups as the NAACP and CORE led the battle against the proposition, while the National Association of Real Estate Boards was actively promoting the measure.

In a dramatic reversal of a lower court's ruling, the California state supreme court ruled three weeks ago that Proposition 14 is unconstitutional.

Reaction to this ruling has been heated. The California brokers' association has already asked that the case be retried before the same court.

Brokers' association president Burton E. Smith said, "Our supreme court has said in effect that the people cannot be trusted to exert free choice, and that the Constitution of the United States imposes a forced choice on every citizen."

Woods to Study Traffic Problem

The Woods Council voted Monday, June 20 to provide funds for its traffic department to study the problem that, according to Van Antwerp residents, has come about "due to the general use of their street for through traffic by automobiles and trucks prohibited from making left turns from Mack avenue on to Vernier road."

Both arteries of the intersection are normally beyond the jurisdiction of the City of Grosse Pointe Woods. Mack avenue is under the jurisdiction of the Wayne County Road Commission and Vernier road is a state highway.

The Director of Public Safety, Allen H. Andrews said he was not able to find out why the State Highway Commission decided to forbid left turns at the intersection.

Andrews also reported that vacancies in Lansing meant there was no one to do the studies the residents wanted.

Residents, whose 69 signatures representing 42 residences urged the council to act, spoke out at the council meeting.

Mrs. Howard C. Lambert claimed she spent 45 minutes counting cars on their street one evening, and she observed that of 93 vehicles on the street, 87 were through traffic.

Mrs. W. A. McClellan suggested the city erect a "Commercial Vehicles Prohibited" sign on Van Antwerp and Mack, but another citizen pointed out the enforcement problem this would present.

"How could you tell a commercial vehicle from the milk truck that delivers our milk?" she asked.

Frank L. Olmstead requested that a green flashing arrow be placed at the troublesome Mack-Vernier intersection.

The director told the residents the complications presented by the mixed authorities, and they agreed with the council's recommendation to get the study moving on the Woods Public Safety Department's initiative.

At the same meeting, in a board of appeals hearing, the council voted to grant a variance in the provisions of a zoning ordinance affecting an addition to a dentist's office, Dr. Tymon C. Totte, 19838 Mack avenue, and his son bid for the variance so that they might have their examining room reconverted into office area that, they claim, they need badly for records.

They would have to add on an examining room in back of their building and such an addition would decrease their parking space slightly.

Earl J. Wakely, building inspector, commented that the ordinance requires that the Totte's make room for three cars, and with their new addition, they would only have room for two.

The Council voted the exception under the condition that no more than two dentists practice there.

The council approved the use of the Lakefront Park area for the GP Board of Education's eight week summer recreational program for retarded children.

It also granted a vendor's license to Miss Diane K. Bania, of 1823 Lochmoor drive, to sell Good Humor Ice Cream Products.

Lawrence R. Manz of Bourne-mouth road was officially appointed to the recreation Commission at the meeting.

Naval Reserve Company Cited

For the fifth consecutive year, Detroit's Naval Reserve Public Affairs Company 9-6 has been cited for outstanding performance.

One of 14 units in the entire country singled out by the Navy for special honors, the Detroit unit won national recognition for its work during 1965 in publicizing local Navy activities; specifically for planning and promoting an annual "Day-in-the-Navy" for area high school journalists.

Members of the unit from this area include Lt. Ben V. Damberg, 1221 Kensington road; Lt. Cdr. Jean H. (Mrs.) Pearson, 1319 Three Mile road, and Cdr. Raymond N. Valassis, 764 Trombley road.

A gain of 363 pupils, or 3.13 percent over last year, was reported as a grand total by the Grosse Pointe Public School System at the end of May. The elementary schools showed a gain of 129 pupils; the junior high schools, 161; and the senior high, 73.

Cites Optional Work

Owner of the Weissman company, Seymour Weissman, told the council that his company had been requested by the City to complete some installations that had been an optional part of the sewer work he contracted to do; therefore, it was his opinion that the time spent on this work should not be included in the liquidation damages.

Weissman will gather the facts on this optional work and meet with City Manager Kress, City Engineer Jerome for dis-

**DR. CUSTER HOMEIER**, Principal of Kerby Elementary School, 285 Kerby road, is shown above with **MRS. GERTRUDE H. BEDDOW**, veteran first and second grade teacher who will retire later this month. Mrs. Beddow has been on the staff of The Grosse Pointe Public School System for 24 years — 17 years as a regular teacher and seven years as a substitute.

Mrs. Gertrude H. Beddow, first grade teacher at Kerby Elementary School, has announced plans to retire at the close of school on June 17. Mrs. Beddow is completing 17 years as a full-time member of the professional staff of The Grosse Pointe School System.

Dr. Custer Homeier, Principal of Kerby School, said recently, "Mrs. Beddow has been one of the best teachers on the Kerby staff for many years. She is extremely industrious and has done everything within her power to do an outstanding job of teaching. Mrs. Beddow's tireless effort has always been reflected in the progress of her boys and girls. The Kerby community will miss her greatly when school reopens in September."

On Saturday Mrs. Beddow was presented with a farewell gift by her fellow teachers at a dessert tea at the home of Mrs. Inez Mullaney, on Hillcrest Road.

Mrs. Beddow was honored at the social hour following the Monday evening meeting of the Kerby PTA. She received a corsage and a remembrance from the group. Dr. Homeier rendered a tribute to Mrs. Beddow for her services.

**Anyone Seen A Fire Helmet?**

A fireman's helmet dropped off the City fire engine on Friday, June 9, at 11 p.m. when the crew was answering a call at the corner of Charlevoix avenue and Lincoln road.

Although a scout car went back to the area in Maumee avenue between Neff road and Lakeland avenue, where the accident was known to have happened, the helmet, bearing badge No. 4, had apparently been picked up and it has not been returned to the station as of the publication of this paper. The helmets are valuable properties of the City and indispensable to the fireman in the performance of his duty.

**Bike Thefts**

(Continued from Page 1)  
Court, after being caught riding stolen bikes.

Not all thieves are arrested, and not all bicycles are recovered. Occasionally a juvenile will steal a two-wheeler, strip it for parts, or ride it a distance and abandon it somewhere.

The stripped, and or abandoned bikes, are sometimes recovered by police and returned to the owners. But a large number are unclaimed and kept in the police property room.

The lucky boys and girls who took out license plates and had bike serial numbers recorded at their respective police stations, are notified when their bicycles are found and pick them up.

Numerous bicycles are kept in police property rooms, unclaimed, and at the end of the year, are auctioned off to the highest bidder.

Police officials urge bike owners to help keep down the number of thefts, by first of all, obtaining a license plate for the wheelers, and thereby keeping the serial number on file.

Above all, and parents should see to this, wheel locks and chains should be used when bicycles are left unattended, whether in front of the house, at the park, or anywhere else, the chiefs said. Locks and chains can be purchased for a small price at any hardware or department store.

**Families Merge At Saint Clare's**

A 19-room house at 1009 Devonshire will be called "home" soon by two families merged into one on Friday, June 10, at St. Clare de Montefalco Church.

The former Mrs. Delores McMillan, of 1338 Balfour, and her 10 children, will move into the house along with the rest of their new family, "Father" Henry George Arsenault and his seven children) by the end of June. The house has eight bedrooms but they plan to add more.

Mrs. McMillan and Mr. Arsenault met more than a year ago at a meeting of the Naim Conference, a Detroit Archdiocesan organization for widows and widowers.

Arsenault, who now lives in Allen Park, lost his wife in 1964 after a long illness. Mrs. McMillan became a widow in 1962 when her husband, Donald E. McMillan died unexpectedly.

At an afternoon mass, the 17 children looked on as the couple exchanged marriage vows. Some of the children took part in the ceremony.

The four altar boys assisting Fr. Edward Sweeney, OSA, were the oldest of the McMillans, Donald, 17, Robert, 16, Timothy, 15, and Joseph, 13.

The two shy flower girls in blue organdy dresses preceding the couple down the aisle were Susan McMillan, 6, and Aileen Arsenault, 5.

The remaining McMillans in the front pew were Patricia, 12,

Ann, 10, Martin, 9, Steven, 7, and Mary Ann, 3.

On the bridegroom's side of the church were the rest of the Arsenaults, Mary Ann, 12, Patrick, 10, Margaret, 9, Robert, 8, Mark, 7, and Janet, 3.

The ceremony went like clockwork, due mainly to the efforts of the new Mrs. Arsenault, who is called by her friends an efficient organizer.

It was she, standing in an ice-blue silk dress, who made last minute checks in the church vestibule before the mass.

She marshalled the children, sending them down the aisle to their seats; helped pass out boutonnières and corsages to the children, and arranged the flower girls in their proper position.

Arsenault is a General Motors accountant.

Before the 19 Arsenaults and 50 guests left for the wedding reception at Eddie Pawl's, the children went around introducing each other to friends, relatives and teachers.

Most of the children have been attending or will attend St. Clare de Montefalco School. Two of the boys, Donald and Timothy, are enrolled in Austin Catholic Preparatory School. Robert attends a Seminary in Holland, Mich.

Robert could not disclose where in Canada his parents went for their five-day wedding trip.

Mr. and Mrs. A. Z. Shmina, the parents of the bride, stood by themselves at the wedding, counting grandchildren on their fingers.

**Bishop Defends Nixon Transfer**

The head of the Methodist Church in Michigan, Bishop Dwight E. Loder, speaking at two services on Sunday, June 12, at the Grosse Pointe Methodist Church, said that the transfer of his pastor, the Rev. James D. Nixon was not a result of pressure from some conservative members of the congregation.

The bishop, commenting that he and Mr. Nixon had been friends since seminary days when the latter was a student at Garret Theological Seminary and Bishop Loder the seminary president, said:

"Jim Nixon didn't ask to be transferred, it is true, but neither did 200 other Methodist ministers... whose transfers will be announced this coming week."

Describing the transfer at this time as a "removal," he continued, was a "misrepresentation of fact." Mr. Nixon's "particular and considerable talents" were very much needed in the new assignment, which will be the affluent State Street Methodist Church in Saeinaw.

Although the bishop did not name Rev. Nixon's successor, it is believed to be the Rev. Perry Thomas, now minister of the Ashbury Methodist Church of Flint.

Both clergymen were 1963 "freedom riders," and very active in integration affairs. Several months ago Rev. Nixon placed an ad for new members in a newspaper published by, and for, Negroes. However, the Grosse Pointe Methodist Church office says that "as far as they know," there has been no Negro response to the invitation.

Using the text wherein Jesus says to Peter, "Upon this rock I will build My church, and the gates of hell shall not prevail against it," (Matthew 16:13-24), Bishop Loder preached a 46-minute sermon. Denying the claims of those who feel the church should stay out of politics, he claimed:

"To be silent when the interests of people are concerned is to be guilty in the eyes of God."

**Pair Admit Stealing Tires From Woods Gas Station**

Two Detroiters, charged in warrants with larceny of tires from a gas station, were arraigned before Woods Municipal Judge Don Goodrow on Wednesday, June 15. Both were found guilty and sentenced to serve 30 days in the Wayne County Jail, and to pay court costs of \$15 each, and to return the tires from where they were stolen.

Found guilty were Clarence Rodger, 27, 3122 St. Aubin; and Ronald O. Jackson, 28, of 1713 Calvert, who were charged specifically with stealing four tires from Connolly's Service Station. The tires are valued at \$23 apiece.

The arresting officers, Det. Sgt. Jack Mast and Det. Gerald Kensora, said that 18 tires, stolen from the Connolly Station, 20875 Mack avenue, and Hunt's Gas Station in Mack, were recovered from a service station in Detroit, the owner of which admitted that he knew the tires were stolen when he purchased them.

Mast and Kensora said that the Detroit station owner bought the tires from Rodger and Jackson for \$10 each. The matter was referred to Detroit authorities for possible prosecution of the owner for receiving stolen property.

Joseph Salembier of Detroit, an employee of the Connolly station called police on June 11, to report that a Negro male had stopped in the station with a male companion, and asked for a key to the restroom.

Salembier said that he gave the man the key and returned to work inside the station. As he was looking out the window, the employe said, he saw the other Negro taking tires from in his car. The man used a heavy snipper to cut the chain holding the tires, it was said.

Salembier said he ran outside but by the time he went through the doorway, the two men were in the car and driving away. He took down the license number of the vehicle and reported the incident to police.

Mast and Kensora said that they checked the license number with the Secretary of State's Office listing, and found that the car was registered to Rodger, whose address was listed as 2216 Elkins, Detroit. A check of a Detroit map showed no such street in that city.

A teletype was sent to Lansing for a clearance of the registration, and it was disclosed that Rodger lived at the St. Aubin address.

Mast and Kensora went to the address with Detroit police officers, and spotted the car across the street from Rodger's home. The policemen went to the house and spoke to Rodger. The officers told the suspect that he would have to make himself available for questioning, that he would have to go to the Woods station. Rodger agreed to this.

At the station, after being informed of his constitutional rights, that he did not have to say anything without an attorney present, Rodger voluntarily admitted his part in stealing the tires from the Woods gas station. He implicated Jackson.

Rodger told the Woods detectives that Jackson was employed at the Chrysler Jefferson Plant in Detroit, and that he had an appointment to meet him there. He was told to keep the appointment.

At about 2:40 p.m., Mast and Kensora saw Rodger meet a man, later identified as Jackson, at the gate of the plant. When the pair got into their car, they were approached by the detectives and notified that they were under arrest for investigation of stealing tires.

Again, at the Woods station, Rodger, as well as Jackson, were informed of their rights, and both stated they did not wish

### Four Policemen Cited in Farms

Four Farms police officers were presented citations by Mayor William Butler at a brief ceremony held in the council chambers of the Municipal Building, 90 Kerby road, on Monday, June 20. The presentation was made during a regular council session.

The policemen were cited for their part in the apprehension of two men, Joseph, alias Floyd Johnson, 43, and his brother, Thurman, 36, both of 1322 North Sedgwick, Chicago, who broke into several Farms homes on March 30, terrorizing the residents.

Cited for the arrest of the brothers, who were armed and reported to be dangerous, were Patrolmen Francois J. Belanger, Earl Field, Jr., Robert Conn and James Morgan.

The policemen were introduced to the council and audience by Police Chief James Furton, who said that the four deserved citations for their work that day.

Mayor Butler called the action of the officers "beyond and above the call of duty", and expressed his pleasure in presenting them with the citations, which were approved by the members of the council.

The Johnson brothers entered four unlocked and occupied homes on March 30, spreading terror.

In one home, a housewife, looking at television in a darkened room, saw a figure in the room, and thinking it was her husband, got up to greet him. As the woman stepped forward, the figure put his hand over her mouth and pressed a gun to her temple, and twice warned her not to make any noise.

The housewife bit down hard on the intruder's hand and when he withdrew his hand, the woman let out a lusty scream, which brought her four children running down stairs from the second floor, frightening the man away.

The terrorizing incidents resulted in a police alert and search in all five Pointes. Shortly after midnight, Belanger, Field, Conn and Morgan, almost simultaneously spotted a car with Illinois license plates at Hillcrest and Williams, with two occupants in it. The car was stopped at Chalfonte and Moross, and surrounded, and the brothers were placed under arrest.

The policemen found a mink stole and other loot, stolen earlier from a Shores home, in the brothers' car. Also found was a loaded .38 caliber revolver.

On the day of their arrest, Joseph and Thurman were arraigned before Farms Municipal Judge William Connolly, and waived examination. The former was charged with breaking and entering in the night time and carrying a concealed weapon, and the latter with carrying a concealed weapon.

The judge set bond of \$50,000 for Joseph and \$25,000 for Thurman, and remanded them to the Wayne County Jail in default of bonds.

Two weeks ago, the pair with new attorneys, withdrew their waivers and demanded examination, and were rearraigned before Judge Connolly. Finding just cause for trial, the judge ordered them returned to jail, and continued their bond. The brothers are still awaiting trial.

The citations presented Field and Morgan, are the second for each for heroic deeds. Field received a citation and a letter of commendation on March 13, 1963, for the arrest of an armed murderer, and Morgan received a citation while a member of the Beverly Hills (Mich.) Police Department, on September 2, 1962, when he arrested a dangerous suspect wanted for kidnapping and armed robbery.

### 5 Cases Heard In City Court

City Municipal Court Judge Douglas Paterson at a hearing Tuesday, June 14, levied a strict punishment on an Ecorse resident who pled not guilty and was found guilty of several charges. In addition, three separate cases were dismissed because "no eye witness" to the charged violations were presented.

William Perryman, 3915 15th street, Ecorse, was accused of driving under the influence of alcohol. Pleading not guilty, he was found guilty of reckless driving, and fined \$100 or 30 days in jail. He is under probation during which he must not drink, and he can only drive to work. He must attend driver's safety school.

In addition, he was fined \$25 or 10 days in jail for driving in violation of the financial responsibility law. Again he pled not guilty and was found guilty. Arlene Cunningham, 21717 Lakeshore road, Saint Clair Shores, accused of not having her car under control, stood mute, and her case was dismissed due to the lack of an eye witness.

The same was true of Charles Bajnar, 3914 Woodhall, Detroit.

Carl Johnson, 15735 Windmill Pointe drive, accused of reckless driving, also stood mute and his case was dismissed for the same reason.

In another case, Judge Paterson fined A. H. Missant, 1216 Yorkshire road, for disobeying a dog ordinance. He must pay \$25.

### Retarded Boys Guests of FOP Lodge 102

The Grosse Pointe Fraternal Order of Police, Lodge No. 102, hosted 48 retarded boys from the St. Louis Catholic School, Chelsea, Mich., and treated them to a full-day outing at Bob-Lo Park on Monday, June 13.

On hand to make sure that that everything was done so the youngsters had a day to remember, were Woods Public Safety Patrolmen Russell Allard and Kenneth Metcalf, both members of the Lodge.

Assisting the officers, were two priests, four nuns and two lay teachers of the school, who sat with the children on just about every ride in the park, as a safety precaution. The grown-ups had fun, too.

In between the rides, the children had all the hot dogs, potato chips, candy and other goodies they could eat, and all the pop they could drink.

Allard and Metcalf said that school officials told them that the children had been looking forward to the outing for weeks. The priests, sisters and

lay teachers offered heartfelt thanks on behalf of the children, the officers said, but the reward was in seeing the happiness on the faces of the youngsters.

### Board of Realtors Raps Proposed Federal Bill

The Grosse Pointe Board of Realtors has launched a campaign to convince all home owners to study carefully Title IV of the proposed federal civil rights bill now before Congress. W. Gordon Johnstone, president, announced.

"The Realtors are convinced," he explained, "that all home and property owners, regardless of their personal feelings on other aspects of civil rights, will make known their opposition to their Representatives and Senators immediately once they realize that this title would wipe out a basic right of all citizens considered unassailable since the founding of this nation."

"I refer to the human right to sell or rent private real property — or to refuse to sell or rent — to whomever the owner chooses for whatever reason without any coercion or dictation from the government."

"Just as many remedies suggested by well-wishers to solve an ailment in any field are frequently wrong and often detrimental so is Title IV which has the purported goal of protecting against discrimination on account of race, color, religion, or national origin in the purchase or rental of housing," he explained.

Basically, this proposal would empower the federal government to force an owner to sell or lease his property to a person not of his choice, and this covers every type of housing from a room for rent in his house or his home itself to land to be used as the site of a dwelling, Mr. Johnstone said.

"In the history of the human right to own property, certainly one of the prime characteristics of ownership is the right to dispose. If an individual lacks the right to dispose of his property freely and within his own discretion, he is not truly the owner. Thus, this human right of real property ownership depends upon freedom of contract in disposition," he added.

The National Association of Real Estate Boards, together with 1,500 others throughout the nation, has emphasized these points to the Judiciary Committee of the House and is scheduled to testify soon before a Senate committee.

"All home and property owners should understand the importance of Title IV of this so-called civil rights bill which would destroy this traditional basic freedom enjoyed by all Americans under the guise of providing a new right for minority groups, and then let all their Representatives and Senators know immediately how they feel about this 'wrong way approach,'" he urged.

The only true and lasting solution to the problem of open occupancy will come by understanding and education fostered voluntarily by churches, schools, and all men of good will, he added. And much progress is already quietly being made by voluntary efforts throughout the nation — the "right way approach" which should be receiving the attention of many of those who are diverting their energy in campaigning for forced housing.

Say "Philmont" to any Boy Scout in Grosse Pointe and you'll see his eyes light up, a smile cross his face, and ready to give you his immediate attention.

Philmont Scout Ranch, which celebrates its 28th anniversary this year, is a national camping area comprising 137,221 acres of rugged western country on the slopes of the Sangre de Cristo Range of the great Rocky Mountain Chain. Donated to the Boy Scouts in 1938, this wild, wide-open country is the final destination of every boy enjoying his Scouting years.

And 22 older Scouts and two adult leaders from Troop 96 at Grosse Pointe Memorial Church will have this opportunity. They will begin the 16-day trip by train on July 2, and will return on the afternoon of July 17.

Mr. Robert Knapp of 478 Cloverly road who is the Scoutmaster of Troop 96, will be the leader of the contingent.

Assisting him will be Mr. Ralph Sandt of 1161 Grayton and 18-year-old Eagle Scout Chuck Donovan of 33 Fisher road, who are two of the troop's Assistant Scoutmasters.

Philmont Scout Ranch, located near Cimarron, N.M., is rich in wild game. It has deer, elk, coyote, antelope, mountain lion, buffalo, wild turkey, and bear. Its hills and canyons team with bird life. Its flashing streams abound with game fish. There is a wilderness of trees, flowers, grasses, and the timeless record of the rocks is a lesson in geology.

This summer, the boys will camp out on the trail, carrying their own equipment and cooking their food. Horseback riding, burro packing and wilderness survival will be combined into the expedition.

Explorers from all parts of the nation participate in pioneering treks, mountain climbing,

and many other activities. "I've been waiting to go to Philmont for five years now," said one Scout from Troop 96, "and nothing is going to keep me away."

"Well, we're ready," said Scoutmaster Knapp, "It's Philmont or bust."

### CHOCOLATE-COATED CANDIED APPLES

Boil together 1 cup honey, 1 cup sugar, 1/4 cup water and 1/4 teaspoon salt for a few minutes. Wash, core and pare 3 tart, firm apples, cut inot half-moon shaped pieces about half an inch thick. Drop into the syrup and cook rapidly until the apples are transparent and practically all the syrup is absorbed. Lift out waxed paper to dry.

Break up cage chocolate, made especially for dipping candies, and put into a shallow dish over hot water. As soon as the chocolate begins to soften, remove from the hot water and stir the chocolate until it is all melted. Dip the pieces of apple into the melted chocolate until well coated, and place on waxed paper to dry. Pack in layers between sheets of waxed paper.

# Will the strike at Edison affect your electric service?

Local 223, Utility Workers Union of America, AFL-CIO, representing about 3000 of Detroit Edison's 9500 employes, called a strike at midnight, June 15.

Local 223 is chiefly composed of operators of power plants and substations, underground linemen, and construction and maintenance personnel.

As in the case of Local 17, International Brotherhood of Electrical Workers, AFL-CIO, which is already on strike, the issue is money.

The present average pay of Local 223 members is \$3.46 an hour. Benefits are additional. Edison has offered the union a two-year contract—21.4 cents an hour more in cash and benefits in 1966 and 17.2 cents more in cash and benefits in 1967. The offer amounts to a 10.9 per cent raise in cash and benefits by June 1967. According to Edison's understanding, the union leaders want a 12.5 per cent increase.

Edison has always treated employes fairly. Pay and benefits are higher than those provided by most other major employers in the area. The company is widely known as a good place to work.

On any basis of comparison, the present offer is a good one.

Although about one third of our employes are on strike, Edison intends to maintain near-normal customer service with the help of supervisors and other employes. Unless a severe storm causes an emergency, it is unlikely that the two walkouts will affect users of electricity.

**Arrest Juveniles In 3 Car Thefts**

Three cars, reported stolen in the Park, have been recovered and returned, one from as far away as Kansas City, Mo., it was disclosed by Park Police Chief Arthur Louwers on Monday, June 20. The thefts were committed by juveniles, all of whom have been filed against with Juvenile Court authorities.

Two of the juveniles, 16 and 15 years old, who stole the car abandoned in Kansas City, were among the five teenage boys arrested by Shores Patrolman James Jurack on Friday, June 17. The teens were in a car taken from the Grosse Pointe Plymouth Used Car Sales lot in Jefferson avenue on June 10.

The vehicle, a 1963 Chevrolet, had no license plates at the time of the theft. Jurack made the arrests when he observed the car without a front plate, and stopped the driver and his passengers.

The driver told the policeman that he was using a plate registered to his brother. A search of the stolen car revealed a set of plates reported stolen from a car belonging to a car leasing firm in East Detroit.

Jurack said that he checked with East Detroit police and was informed that the plates were from a car leased by one of the juveniles' father.

The father, it was said, paid for the use of the car with a fraudulent check, and then used the vehicle to drive around the Detroit area to cash other phony checks.

The father is awaiting trial in Macomb County Circuit Court on the check charges, and is free on \$1,000 bond, East Detroit police said.

The vehicle recovered in Kansas City, a 1964 Chevrolet, belongs to Julius Janssens of 34054 Jefferson, St. Clair Shores. It was taken while it was parked in front of 15110 Mack avenue on June 12.

The two boys involved in this theft told Park Det. Lts. Stanley Enders and Arnold Hough and Det. James La Pratt, following their arrest by Patrolman Jurack, that they took the car with the intention of driving to California, but ran out of gas and abandoned the vehicle there. They then hitchhiked back to Detroit, and became involved with the other three boys.

The third vehicle, a 1965 nine-passenger Plymouth station wagon belonging to Joseph Lau of 13440 Chelsea, Detroit, was stolen from Charlevoix and Wayburn on June 15. It was

recovered by officers of Detroit's Conner Station, Fifteenth Precinct, following an accident on Gratiot avenue, in which the driver backed into a utility pole while making a turn, damaging the tailgate of the automobile.

Detroit policemen arrested four juveniles in the vehicle and released them to Park authorities. A fifth boy is being sought in the theft, according to Enders.

All those involved in the three car thefts were released to their parents pending a hearing in Juvenile Court, police said.

**GPHS Students To Study Abroad**

Six French students from Grosse Pointe High School will study in France for six weeks this summer. They will study and travel under the international program of the Foreign Language League.

This program sends high school students to England, Spain, Italy, Scandinavia, and Hawaii as well as France for the study of foreign cultures.

Each student is placed in a chaperoned group of approximately 10 students and one teacher. These groups travel and live together for the entire six weeks. They will live in dormitories on school campuses.

All six girls will attend class for four hours a day, listening to lectures for the most part. By the end of their stay, they will have accumulated an equivalent of 100 class-room hours.

Alison Golding of 104 Moran will leave for Reims, France on June 28. After studying for three weeks in this northern French town, Alison will move to Villard-de-Lans in the French Alps for an additional three weeks of study. An optional trip is planned for each group; Alison will travel to Rome, Italy for her side trip.

July 5 is the departure date set for Chris Everett of 70 Woodland, Laura Pennington of 17111 Maumee, and Cindy Tew of 20074 Holiday. Evian, France will be the destination of these three travelers. After completing three weeks of study in Evian, located on Lake Geneva, and spending any extra moments exploring the castle (complete with moat) in which they will live, the girls will move on to Versailles, located just to the north of Paris. Chris, Laura and Cindy, along with their chaperoned group will tour London, England, for their optional trip.

Eileen Eckert of 408 Notre Dame and Jan Purdy of 845 Trombley, will jet from Chicago on July 4 to land six hours later in Versailles, France. After three weeks of diligent study in Versailles, and witnessing the Bastille Day celebration in Paris on July 14, Eileen and Jan will move to Evian to complete their French studies. These two girls will explore London, England, for their optional weekend trip.

**Farms Council Bans Junk Cars**

Following a public hearing held on Monday, June 20, the Farms council enacted an amendment to the city's Nuisance Ordinance, prohibiting the leaving of junk or abandoned cars on city streets, or exposed on private property. Any such vehicle left on the streets for more than 15 consecutive days will be considered a violation and subject to legal action.

An exception was made for Robert Carr of 218 Lakeview, who informed the council that he is re-building two late model cars for the annual Demolition Derby.

Car said that there is no garage on his property, and the cars are in full view of the neighborhood. He told the council that it will take some time to complete the cars, which are destined for "one way trips" to the derby. After they are demolished, they will be junked, he said.

Queried as why he had no garage on his property, Carr stated that there is no room to build a garage because the land on which he lives is too narrow. He is rebuilding the cars in the driveway alongside the house, he said.

The council sympathized with Carr, and informed him that they will give him approximately 60 days to finish his work and remove the auto and parts from his property.

The amendment was made to Section 1, Section 1(b) of Nuisance Ordinance, being Ordinance No. 104, enacted December 21, 1953, and read, in part, as follows:

No person shall store, maintain, keep, or authorize or permit the storage, maintenance, or keeping of any abandoned or junk motor vehicle on any private property under his ownership, tenancy, or control. Any motor vehicle which, for a period of 15 consecutive days or more, does not have an engine in running condition, inflated tires, a battery, and current license plates, or which is in fact abandoned by its owner, or which, for any reason is not operable and is not repairable, shall be deemed an abandoned or junk motor vehicle under this section. This section shall not be deemed to prohibit the storage of such motor vehicles within a fully enclosed building.

**TOOLS STOLEN**  
Mrs. Paul Meilink, 393 Kercheval avenue, reported to Patrolman Richard Lanski Wednesday, June 15, that a box full of tools was stolen from her garage.

**Young Republicans Plan Summer Camp for Youths**

Young Republicans in the 14th District are saying "let's quit turning to government and start solving some problems on our own."

To back up their words, they're sponsoring two summer camps for underprivileged children August 21-26 and August 28 to September 2.

Under the direction of project chairman Susan L. Darling, of Roslyn road, and club chairman George P. McDonnell, of Clairview road, they're raising the funds to send 50 children to each session and doing all the recruiting and counselling themselves.

With the recruiting task well underway, the enthusiasts are still much in need of help from the community—both time and money.

Still needed are counsellors, a cook, a nurse and a water safety instructor for the camp sessions at Harmony Pines Camp 30 miles north of Grand Rapids.

**Need Funds**  
The YR group is also faced with the task of financing their own project, which receives no money from party funds.

Those interested in joining the project may contact either Dale Van der Bossche (865-5120), or Republican headquarters (TU 4-6410). Tax-deductible donations may be made out to the "East Side Children's Camp Committee" and sent to Republican headquarters, 10711 Whittier, Detroit.

Some 50 children from central Detroit and St. Clair Shores schools will live at the camp for th week-long sessions.

**Busy Schedule**  
Their activities will include boating and swimming, arts and crafts, and side trips to nearby sites.

Recruiters from the project are: Thomas Hooker, of Maryland avenue; Rosemary DuMouchelle, of Lakeland avenue; Diane Mehling, of Audubon road; Mrs. Robert Hood, of Beaconsfield road; and Donna Frede, of Kerby road.

Pointer Gail Kornmeier, of St. Clair avenue, is in charge of staff orientation. Betty Ballard, of Fisher road, is helping set up the camp program.

**'Republicans Care'**  
Miss Darling, daughter of Mr. and Mrs. C. James Darling, described the project to expose city kids to rolling hills, fresh water lakes and healthy sports as "receiving tremendous response from everyone involved."

**Ninety-Nines Fly To Findlay, Ohio**

By BETTY STEPHENS

Early Sunday morning, June 12—early because flying conditions are less turbulent before the sun starts heating the surface of the earth—21 planes of the Michigan chapter of the Ninety-Nines "flew-in" to the airport facilities of the Marathon Oil Company in Findlay, O., one of the largest private airports in the world, to be treated to an aerial treasure hunt and a luncheon program.

Members of the women flyers' organization from Grosse Pointe are Mrs. Thomas Del Kiorno, of Shoreham road, Mrs. Harvey C. Fruehauf, Jr., of Rdge road, Mrs. Thelma Lindzay, of Balfour road, Mrs. Morton C. Pearson, of Three Mile drive, Mrs. Raphael Ransbottom, of Grosse Pointe boulevard, and Mrs. Winnifred Du Perow, of St. Clair avenue.

"Winnie" Du Perow, the only Grosse Pointer to make the trip, bears a resemblance to Amelia Earhart, the first president of the Ninety-Nines, so-called because there were Ninety-Nine charter members in 1929 of this association of women pilots which now numbers three thousand and is international in scope.

Diminutive Winnie, the mother of 14-year-old Don and 9-year-old Doug, likes racing. Within a week after she got her license three years ago, she entered her first race. Last year she flew her own plane, a Cessna Sky Hawk, in the Powder Puff Derby from San Diego, Calif., to Chattanooga, Tenn. Last month she was co-pilot for a Pontiac Ninety-Nine in the International Air Race from Monterey, Mex., to West Palm Beach, Fla.

Detroit City Airport is her home base. Visitors to the airport last Sunday were treated to the sight of Winnie (just over five feet) in a sunny yellow shift and spike heels pushing airplanes around the hangar, in the absence of attendants, to make room for her plane on her return.

**Inter-Club Tank Meets Starting**

Once again the Country Club of Detroit will sponsor the Michigan Inter-Club summer swimming program, the oldest amateur-age group swimming association in the country.

On Sunday, June 26 at 2 o'clock, the Country Club of Detroit swimmers will take on the Detroit Boat Club swimmers at the Boat Club. This will be the opener for both clubs as they start their six-meet schedule. The season will end with the Inter-Club championships, hosted by the Country Club of Detroit this year, and to be held on August 6 and 7.

Team workouts have been hampered by rain, cold weather, and the interrupting activities that come with the closing of school, but things are beginning to jell and spectators can look forward to some highly exciting races on Sunday.

After the Boat Club meet, the Country Club of Detroit will journey to Grosse Ile Country Club for their next contest, Wednesday, June 29.

**PESSIMISTIC**  
The very people who complain that life isn't worth living are those who never turn a hand to try to make it so.

**Invite Children To "Sing Along"**

A summer singing school is offered for children at Grosse Pointe War Memorial on Tuesday, Wednesday and Thursday mornings beginning June 21 and ending July 22.

It is open to young people ages 6-12 and will be conducted from 10 to 11 a.m. on the days mentioned. The fee is just \$10 for 15 lessons.

Mrs. Alma Cook, former supervisor of music in the Birmingham Elementary Schools, will teach the Singing School. A mother of small children, herself, she is adept at working with this age group. The children will learn to read music and do a certain amount of part singing. They will learn folk singing and will gain appreciation of vocal music and chorus work from record listening.

## From Another Pointe of View

By Janet Mueller

Something new is happening in Grosse Pointe. A unique and exciting theater group, The Memorial Players, dedicated to the presentation of religious drama, met for the first time June 12, at the Hampton road home of founders Mr. and Mrs. William C. Porter.

The Players, sponsored by Grosse Pointe Memorial Church, have selected Andre Obey's "Noah" as their first production.

Casting won't begin until early September, but producers Mr. and Mrs. Porter and director Mrs. Louis L. Bambas are already planning their interpretation of the play, a dramatization of Noah's famous adventure in the manner of a fairy tale as an effective excursion into meaningful fantasy.

Although this is Grosse Pointe's first religious drama group, the religious drama movement itself is well-established within the Protestant Church, both in the United States and abroad.

Selection of Mrs. Bambas as director virtually assures a superb production. Rae Bambas is not only a top-flying director but has done considerable work in the acting and writing fields as well.

She received her B.F.A. from Carnegie Institute of Technology, has directed several Grosse Pointe Theater Productions and the Junior League Players, and has been connected with the Wayne State University players for five seasons.

She studied religious drama for two summers in England, in groups that included representatives from the four corners of the earth, and has directed religious drama for other church groups in the City of Detroit.

"Noah" will be presented in Memorial Church's Fellowship Hall the evenings of November 17 and 18. There'll be a special matinee for children Sunday, November 20.

Flower girl Martha Jean Bates, daughter of Mr. and Mrs. R.A. Bates, carried on a family tradition established 35 years ago, when her mother attended Mrs. Schumann as flower girl at her wedding.

The bride, in her turn, attended Mrs. Bates as flower girl at her wedding 18 years ago.

Martha Jean and the senior attendants, maid of honor Jill Pink and bridesmaids Patricia Olds, Iris Reverski, Victoria Bell, of Indianapolis, Ind., and Susan Pompain, of Royal Oak, were gowned alike in floor length frocks of apricot veiled organza.

They carried baskets of blue delphinium, babies' breath and miniature ivy. Gebhard Kieferle came from Stuttgart to attend his brother-in-law as best man. Guests were seated by Charles Ward, Gordon Galbraith, Jerry Pink and Timothy O'Linn.

For her daughter's wedding, Mrs. Schumann chose an ensemble of ice blue raw silk with a matching coat and accessories. She wore a small hat of draped ice blue marquisette. Her corsage was fashioned of pale pink cymbidium orchids.
