A slot machine, brought up from the basement and put in the backyard to be used as a "gag' 'at a party, involved the owner, Lovell Lawrence, Jr., in what almost threatened to become a Federal case.

Receiving an anonymous phone tip about the appearance of the machine, which, incidentally, is not even in working order, resulted in Farms police questioning Lawrence and taking both him and his machine to the station. Lawrence was released, but the slot machine was kept in the property room, pending investigation. The ruling on the case by

Internal Revenue authorities was that a machine that is out of order and/or used only for an individual's "own amusement" is of no interest to them.

Pointers who love parties . . . are headed for a very special one this Thursday evening, at the Middlesex boulevard home of Dr. and Mrs. Lyndle R. Martin. Occasion is a Grosse Pointe Symphony benefit in the Martins' lovely garden, where soft lighting throughout the predominantly pink flower beds and concealed spotlights outlining shrubs and trees create a nighttime enchantment . . .

. . The Martins are fascinating people. Dr. Martin received his pre-Med training at Olivet College and his Medical degree from Northwestern University. He completed his internship and surgical residency at Harper Hospital, where he is now Associate Surgeon, Active Staff. He is Medical Director, Detroit Edison Company and Consultant to the Reactor Power Development Association, Enrico Fermi Atomic Reactor, Monroe . . .
