A FIVE-HOUR DEBATE in the House led to a strengthened version of an auto safety bill which passed 371 to 0. The version was considerably stronger than the one passed June 24 by the Senate and sent to the House by the Interstate Commerce Committee. Like the Senate, however, the House stopped short of providing criminal as well as civil penalties for violations. Differences between the House and the Senate over the bill will next be worked out in a conference committee. Both versions direct the Secretary of Commerce to set the first temporary standards by January 31, 1967, standards which would go into effect with 1968 models.

THOROUGHbred HORSES trained by Sherman Armstrong were forbidden entry in races by the Detroit Race Course because Armstrong has been linked to reputed Mafia Chief Matthew (Mike) Rubino. The trainer, who also cares for horses belonging to the wife of Richard A. Connell, president of Hazel Park Race track, was unavailable for comment. For the same reason, the DRC also ordered the ejection of five 2-year-old horses of the 18 in Armstrong's care. The five were listed as being owned by Armstrong's wife and bred by Rubino.

THE PRESIDENT will be able to call individual ready reservists for military service in Vietnam without a declaration of national emergency, so voted the Senate. The authority was added to a \$58.2 billion defense money bill as the Senate pushed toward a final vote. By voice vote the Senators also approved an amendment that forbids the use of the funds to buy F111B aircraft, Navy version of the controversial Air Force FTX fighter-bomber which led to a dispute over award of the TFX contract.

AN INCREASE in the commercial bank reserve requirements announced Wednesday by the Federal Reserve Board was intended as a forewarning of a much tighter monetary policy. The Reserve Board apparently intends to slow, if not halt, bank loan expansion. Reserve officials say the current inflation has been induced by business spending, fueled by rapid rising bank credit. Presently the bank credit is about the tightest in almost 40 years.

TWO DETROIT BANKS—the Public Bank and the City National Bank—dropped proposals to merge which had been announced Saturday, August 6. The presidents of both banks—James H. McGuire and John H. French, Jr.—announced that the directors voted to withdraw the proposals. An explanation from McGuire said that Public Bank directors had learned they could not get a majority of stockholders to agree on the proposal. The other president was unavailable for explanation.

FORMER GOVERNOR G. Mennen Williams underwent surgery at Jennings Hospital to remove six kidney stones. His physician, Dr. Albert L. Steinbach, said that the Democratic senatorial candidate would be unable to resume campaigning for at least three weeks. Dr. Carlisle F. Schroeder and Dr. Richard E. Reinhard performed the surgery. The operation forced cancellation of William's appearance at the Democratic state convention which opened Friday in Grand Rapids and the Upper Peninsula State Fair in Escanaba on Sunday.

BY A VOTE of 53 to 22, U.S. Senators approved the administration's "demonstration cities plan," which will authorize the spending of \$1.2 billion in the next two years for additional planning and urban renewal in cities suffering from violence and decay. A 53 to 27 vote, before the final vote, had defeated an attempt to eliminate \$900 million from the plan. The program would induce cities to use all existing federal programs to rebuild slums.

Fish Rodeo Being Held On Saturday

Annual Event For Farms And City Youngsters At Farms Pier At 8:30 a.m.

The annual Grosse Pointe Fishing Rodeo is only two days away and kids have already started to stake out spots at the Farms Pier to catch their big game fish from. The Rodeo is Saturday, August 27, at 8:30 a.m. at the Grosse Pointe Farms Pier.

All City and Farm anglers are invited to enter the gala affair. Prizes will be awarded to the boys and girls who catch the largest fish, the most fish, and the anglers who catch the biggest fish from the City and Farms in the Pre-Rodeo.

So far the biggest fish caught in the Pre-Rodeo from the City are: Scott Wickland who is 8 years old, a 13½" Bass; Eric Kramer who is 7 years old, a 15" largemouth bass; and Mary Winkler, who is 9 years old, a 15½" Channel Catfish.

The largest fish caught from the Farms are: John DeVos, who caught two 17" smallmouth bass, Lee Wencielowski, a 12" sheephead; David Crea, a 12" sheephead; and Anthony Dardelle, a 12" carp.

There are no girls' entries in the Farms Pre-Rodeo. So girls get your rods and reels and bring in your catches. The Pre-Rodeo closes Friday, August 25, at 6 p.m.

All entrants in the Rodeo Saturday morning will receive prizes whether or not they catch a fish. And, of course, there will be free hot dogs and pop, so come on down Saturday morning and give your worms a chance to earn their keep.

Burglars Loot Park Home Of \$4,700 in Jewelry, Cash

Burglars ransacked two bedrooms in the home of Neff Agby, 1342 Beaconsfield, on Saturday, August 20, and escaped with jewelry and cash totaling more than \$4,700, after eluding a pursuing neighbor of the victim.

According to information released by Park Det. L. Stanley Enders, the burglary was discovered by Michael Crandall of 1251 Beaconsfield, who found a door of the Agby residence open, and called police.

Ray Michael of 1344 Beaconsfield, told investigating police officers, that he saw two men coming out of the Agby home and pursued them on foot to Vernor Highway, where one ran east and the other, west. The pair eluded him.

Enders disclosed that the break-in into the house occurred while the Agbys were out of town for one day, and that the burglars gained entry by removing a half screen from a window at the north side of the house, and forcing the window open.

After checking to determine his loss, Agby told police that the thieves took a pink and yellow jewelry box from the master bedroom.

He said the box contained a lady's diamond ring valued at \$2,300; two coin bracelets valued at \$200 each; two bangle bracelets, one valued at \$200, and the other, \$225; a man's wristwatch worth \$400; and approximately \$1,200 in cash.

Miss Detroit Teen Queen None Other Than Pointe's Own Suzanne Palombit

Defeats Nine Finalists In Contest Sponsored By Downtown Business Association; Wins Honda, Scholarship, Other Prizes

By Kathy Groehn
If you see a beautiful girl, about 17-years-old, buzzing down the street on a red and white Honda motor-scooter, don't fail to stop and stare.
It's JUST 1966 Miss Detroit Teen Queen Suzanne Palombit, daughter of Mr. and Mrs. Peter Palombit, of Saddle lane.

She won the Honda in the contest. She also won a \$500 educational scholarship, a set of luggage, a record player, personalized beauty instruction and a glamor case of cosmetics.
Suzanne was crowned Sunday, August 21, after being judged along with 10 other finalists on personality, projection, charm and poise, attractiveness, general appearance and posture, diction, manner of response, complexion, hair and nails.

Had to Give Talk
She gave a one minute talk about "public apathy," a subject she chose as one of interest to teenagers. The talk was televised over WXYZ, at 4:30 p.m. Suzanne based her speech on the incident in New York two years ago where a 28-year-old girl was murdered in plain view and none of the viewers did anything about it. She implored people to counter-act apathy, which she labelled "the most frightening aspect of our crime problem."

A reluctant entrant at first, Suzanne needed the persuasion of her mother to enter the contest, sponsored by the Detroit Central Business District Association.

"She was mad at me. I entered her graduation picture in the contest, and we received a request that she come downtown for an interview," said Mrs. Palombit.

"She didn't want to go down at first, but then I convinced her."

MISS SUZANNE PALOMBIT

Dinner Follows Contest
Mrs. Palombit also accompanied her daughter to the finals, and was rewarded in the end as she and Suzanne were guests of honor at a post-contest dinner at the Panchatrain Hotel in Detroit.

The rest of the family watched the excitement on television. Suzanne has two brothers, Peter, 21, and Tony, 10, and a sister, Elaine, 15.

It wasn't the first time Suzanne's beauty has been lauded. She was voted Miss Babe Ruth in Grosse Pointe in 1964.

The new Miss Detroit Teen Queen was graduated last semester from Our Lady Star of the Sea School. She will enter South Macomb Community College in the fall where she plans to take up an airline hostess study program. Presently, she continues work at her first summer job, office work for the American Automobile Association.

DOOR LOCK BROKEN
City patrolmen John Drummond and Donald Ludlow found the lock broken off the rear door of the teen center at 17121 Waterloo, early Friday morning, August 19. The lock was found on the floor inside the door. A check of the interior disclosed no evidence of vandalism or larceny and it was not known whether anything was missing at the time of the report.

District GOP Picks Durant For Chairman

Support From Detroit And Hamtramck Overcomes Opposition In Pointes And Harper Woods

Archconservative Richard Durant, of Lincoln road, won again Wednesday night, August 17, in the 14th Congressional District. Republicans have reaffirmed their support of Durant as District chairman in spite of a plea from Gov. George Romney "to end the control of those who assert support but who in reality fight my effort to unify your party and organization."

Elected by a vote of 158-69, the victory empowers him to appoint the committee which will name the district's 79 delegates to the Republican state convention August 27 in Cobo Hall.

Romney had sent telegrams to several score of the 14th district convention delegates, urging them to line up behind former Gov. Wilbur M. Brucker, the candidate of the party moderates.

Romney Not Present
Romney did not personally appear, although he did appear at three other "trouble spots" during the evening, the 12th, 17th and 18th district conventions.

State Rep. Robert E. Waldron, Wayne County Republican chairman, depicted Durant as one "who is opposing Governor Romney."

Durant partisans, wearing cowboy hats and crowding the balcony at Jackson Junior High School, boomed Waldron.

A Durant spokesman reprimanded Romney for spending party funds on telegrams calling for the defeat of a fellow Republican.

The 14th District session ended in a near-riot as losers bitterly protested the "one-sidedness" of the state convention delegate slates named by the winners.

Only two of the opposition representatives were named to the 79-delegate state convention slate.

The anti-Durant group held its own rump convention in a hallway and picked its own slate after Durant, ruling that his

Street, Alley Pave Project in Park Will Cost \$35,839

Work To Start As Soon As Approved Contract Is Processed; Included In Budget Under Capital Improvement Fund

The resurfacing of sections of two streets and five alleys in the Park, will cost the city more than \$35,000. Work on the project will begin as soon as the contract is processed.

At its regular meeting held on Monday, August 22, the Park council awarded a contract to the Cooke Contracting company, which offered to do the job for \$35,839.59, the lowest of five bids submitted.

The second highest bid of \$37,275.40 was made by the Detroit Asphalt Paving company, and the highest, \$48,589.08, was presented by the Cadillac Asphalt Paving company.

Acceptance of the low bid was recommended by City Manager Robert Stone, who disclosed \$30,000 had been budgeted for the program in the 1966-67 fiscal budget, under the Capital Improvement Fund. The total cost will be appropriated from this fund, he said.

The city manager said that there will be no problem in paying the above budgeted figure since a \$40,000 curb repairing and replacement program has been cancelled for this year, and this will absorb the extra cost.

Vernor and St. Paul streets to be resurfaced are Vernor, between Wayburn and Audubon; and St. Paul, between Wayburn and Maryland.

Selected to be resurfaced are the following alleys: 1. Beaconsfield/Nottingham—south of Jefferson. Jefferson to Hall place; 2. Beaconsfield/Nottingham—north of Jefferson. East/West alleys.

3. Lakepointe/Beaconsfield—north of Jefferson. From intersection of Beaconsfield and alley to 150 feet north of St. Paul; 4. Alley north of Charleyoix—Wayburn to Maryland; and 5. Alley south of Kercheval—Wayburn to Maryland.

In other actions, the council approved a resolution appointing George E. McKean of Dickinson, Wright, McKean and Cudlip, 800 First National Build-

Search for Dog That Bit Child

Julie Sutherland, 9, of 89 Meadow lane, may have to go through a series of painful shots if the dog who bit her Saturday, August 20, is not found.

Julie was walking on Kercheval avenue in front of Sander's between 1:30 and 2 in the afternoon when a big black dog on a long silver chain leash bit her on the right arm, breaking the skin. Police believe the dog is a Labrador retriever or a doberman.

A girl walking the dog, whom Julie described as "a teenager with brown hair," evidently knows of the dog bite incident as she told Julie, at the time "I don't think the dog hurt you."

If you recall this incident, and believe your dog was involved, please call the City Police at TU 6-3200 immediately.

Schools Have Many Uses Other Than Classrooms

Sixteen thousand four hundred and sixty-three and one-half hours—that's the amount of time the community used school buildings during the 1965-66 school year. That's not even counting the adult education and public library's use of the facilities, nor regular school classes.

Information on the use of the school buildings was compiled by Joe Spagnoli, of the Department of Administrative Services, and published in the Superintendent of School's report.

Maire's building was used the least of the 14 buildings. It was used only 250 hours. Parcels Junior High School with 4,232½ hours, was used the most. The 14 buildings included the 10 elementary schools, the three

Two Pointes Give Reports On Disease

Results to Date Show Decrease in City And Park; Shores, Woods, Farms Tabulating

The loss of elms in the Pointe is still being counted, but if the available information from two of the Pointes is any indication, the loss is decreasing as the seemingly endless battle continues against the Dutch Elm Disease.

Because statistics were not readily reached, no report was received from the Farms, Shores and Woods.

114 Trees Killed
According to information received from Park City Manager Robert Stone, 41 city-owned and 73 privately-owned elms were condemned this year, totaling 114 trees. All diseased trees have been cut down and removed, except about 22 on private property, the city manager said, and these should be gone in about a week.

Last year, the Park's loss was 46 on public property and 114 on private land, a total of 160, Stone pointed out.

Most of the losses, he said, seemed to be concentrated on the south side of Jefferson avenue, but even the count seems to have dropped also, since the Park has resorted to two sprays a year for the past four years. DDT is used in the dormant spray, and methoxychlor in the foliage spray.

City Holding Own
The City has come out fairly well this year, and is holding its own, according to City Manager Thomas Kressbach.

He revealed that the community's loss this year is 37 elms, as compared to last year's total of 54. Kressbach stated that the elms condemned this year amounted to 15 owned by the city, and 22 on private property. The 1965 loss was 27 publicly-owned and 36 privately-owned.

Uses Vandalism To Vent Wrath

The mother of a 16-year-old Warren boy should have picked him up in the family car when he requested it on Monday, August 22, because she had to do so, anyway, at the Park police station.

According to police, four boys were seen walking north on After road, from Jefferson avenue, after a citizen called Park authorities and reported that one of the boys had broken a large window at 15019 East Jefferson.

The four boys were taken into custody and conveyed to the Park station for questioning in the vandalism. The 16-year-old had a badly cut hand and was taken to Bon Secours Hospital for treatment. The three other youths were allowed to go home, when they were found not involved in smashing the window.

The teenager told police that he and his companions were with a 17-year-old youth, also from Warren, who drove away in his car and left the others stranded in the Park. The injured lad said he called his mother and asked her to pick him up, and she refused.

Angry at the refusal, the boy said, he drove his fist through the center of a quarter-inch thick, six-foot by 26-inch rippled glass window at 15019 East Jefferson, smashing it and gashing his hand.

Malicious destruction charges against the boy were filed with Juvenile Court authorities and his parents were called to take him home.

The parents were informed that under the law, they were liable for the cost of replacing the window, and one or both will be required to be present at their son's hearing in Juvenile Court when a date is set. Too, there is the hospital bill for treatment of the hand wound, if they have no hospitalization insurance.

FALSE ALARM

A fire truck and two scout cars rushed to the scene of a reported fire at 679 Neff road Monday evening, August 18, only to find the "fire" was a light shining on a wet awning.

The real secret of success in this life lies somewhere between dreaming and doing.

Benson Fords Back Theater

Mr. and Mrs. Benson Ford, of Lakeshore road, have joined four other prominent Detroit area couples as co-chairmen of the newly organized Meadow Brook Theater of Oakland University.

The announcement was made by chairman Charles F. Adams, who with his wife Ruth will direct a blue-ribbon committee of area civic and community leaders to augment Oakland University's mounting reputation as a leader in the world of the performing arts—a position already enhanced by the sensational success of Oakland's Meadow Brook Music Festival.

The new theater leaped into public focus last month when it was announced that John Fernald, an outstanding British theatrical director and former head of England's famed Royal Academy of Dramatic Art, plans to open a professional resident theater company there this year. To be known formally as the John Fernald Company of the Meadow Brook Theater, the company has set a target date of early January for its first production, and will begin rehearsals in mid-November.

Fernald will also head the Oakland Academy of Dramatic Art which will begin operations in the fall of 1967 as a highly-selective program for training professional actors and actresses. Previously announced as co-chairmen at the press preview on July 21 were Mr. and Mrs. John Z. DeLoe and Mr. and Mrs. Robert Anderson of Birmingham; Mr. and Mrs. Joseph Z. Nederlander of Southfield, and Mr. and Mrs. Alan E. Schwartz of Detroit.

In announcing the Fords' acceptance Adams said: "Chancellor Varner, Mr. Fernald and I are delighted by the enthusiasm and cooperation we are receiving from civic and community leaders throughout the area. It proves conclusively that our community wants and is ready to support serious theater. We are moving rapidly and will disclose our plans shortly."

Listen to the voice of conscience now—sooner or later it will have its say.

Durant Wins

slate had been adopted, refusal of back taxes, etc.

Durant banged a fast close to the regular session and the stage lights were quickly turned off.

Following the usual pattern, Durant lost heavily in the Grosse Pointes and Harper Woods, where the Republican party is strongest, but more than made up for the difference in Detroit and Hamtramck precincts where Republicans are in the minority.

Beaten in Primary
Durant, a candidate for Precinct Delegate at the August 2 primary election, was soundly beaten by Hudson Mead of Washington road.

Receiving word of the Macomb County outcome, Durant announced that "an independent group has won control there."

"I guess we'll have one or two friends at the state convention," he commented.

Brucker, in defeat, pleaded for party unity in behalf of Romney, Lt. Gov. William G. Milliken, and U.S. Senator Robert P. Griffin.

Social Security Manager Named

Carl H. Walker has been recently appointed as District Manager of the Social Security Administration for the eastern area of Detroit. His office is located at 17731 East Warren.

Prior to coming to Detroit, he was the Assistant District Manager in Dayton, O., which services a three-county area. During the early part of this year he was Acting Manager of the Dayton office.

Walker started with Social Security in 1957 as a Claims Representative in Cleveland and was later promoted to the Central Office in Baltimore, Md. After three years in Baltimore, he was promoted to the Social Security Administration Bureau of Hearings and Appeals in Washington, D. C. He is married and has one son.

Walker was graduated cum laude from Ohio University, Athens, O., in 1956. His graduate work was undertaken at the University of Maryland and he studied law at George Washington University, Washington, D. C. He is a member of Phi Alpha Theta (National History Honor Society) and was awarded the Kappa Alpha Psi scholarship trophy at West Virginia State College for the highest average in freshman class (1953).

He was a sergeant in the U. S. Army in Korea where he was wounded in action and received the Purple Heart.

He was awarded the Department of Health, Education, and Welfare Regional Director's Citation last May for his work in the Dayton community.

Park Approves Pave Project

(Continued from Page 1)
Turned down were Andrew T. Curuca of 1072 Kensington, who sought a six-foot fence on his property, in the rear yard along St. Paul; and Frank P. Amoroso of 1446 Kensington, who requested a five foot six-inch fence in his rear yard along Mack avenue.

Both were informed by the Council that hedges would better serve their purposes, and that there was no limit to heights of hedges; nor is a permit required to plant them.

This extra protection is separate from the Mutual Fire Aid Pact in force between the five Pointes and Harper Woods since 1960.

The requests of two home owners to erect fences higher than the four feet allowed by the city's fence ordinance, were denied by the council.

Receives Tickets Following Crash

Two tickets were issued to a 20-year-old Detroit driver Sunday evening, August 21, one for not having her operator's license on her person and the other for failing to stop at a stop sign.

City police ticketed Judith A. Jettke, 4334 East Outer drive. She was driving her 1960 Volkswagen north on Notre Dame avenue. She failed to stop at Waterloo and struck the front of a 1963 Ford station wagon owned and driven by David M. Pohod, 26, of 22012 Gary lane, St. Clair Shores, who was driving east on Waterloo.

Both vehicles were driven from the scene. Neither driver was injured.

Matt Hardy, 736 Notre Dame, called the police to report the accident.

Burglars Visit Car Sales Firms

Two auto dealerships were forcibly entered two days apart, and loot totaling \$1,081 taken, according to information released by Park Det. Lt. Stanley Enders.

Burglarized were the Chrysler-Plymouth Motor Sales, 15401 East Jefferson, on Wednesday, August 17; and the William White Olds, 15000 Kercheval, between 9 p. m. on August 18, and 8 a. m. on August 19.

The breakin at the Chrysler-Plymouth was discovered by Joseph Josey of 5119 Maxwell, an employee, who opened the building at 6 a. m., Wednesday and saw that the cigaret and candy machines had been pried open. He immediately called police.

Enders said the thief, or thieves, entered the building by breaking the glass of a window on the east side of the building. Taken from the machines was an estimated \$81 in change.

Entry into the other dealership was gained by the thieves by slipping the lock of a door on the Maryland side of the building, the lieutenant said.

Missing from the front offices, it was disclosed, were two new electric typewriters, valued at \$500 each.

Investigation of both burglaries is still underway, Enders said, although no clues have been found.

**St. Paul High Students
To Meet New Teachers**

By Sister Marie Jude, O.P. When St. Paul High School opens its doors for classes on September 7, students will be greeted by some new faces among the faculty members. Seniors in the twelfth grade will meet Sister Marie Dorothy from Regina High School in Wilmette, Ill., and Sister Catherine Rhypp from St. Mary's High School in Swanton, O. Sister Marie Dorothy will head the English and dramatics department; Sister Catherine Rhypp, the science department. Junior teacher Sister Marie Bernadette taught last year at Hoban Dominican High School

in Cleveland, Ohio. Sister will moderate the Junior Round Table and the Human Relations Club at St. Paul High; she will teach the government and economics classes.

Sophomore teacher Sister Michael Celeste will head the commercial department. She taught last year at Hoban High School.

The grade school roster will be headed by Sister Jane Thomas, the principal. New teachers include: Sister Jean Raphael, eighth grade teacher from Lawrence, Uica; Sister Paul Joseph, fifth grade teacher from St. Peters, Harper Woods; Sister Bridget Marie, first grade teacher from Sacred Heart School, New Bavaria, O.; Sister Sean Maureen, first grade teacher from St. Joseph School, Bronxville, N.Y.

Summer experiences of the sisters varied with the types of work they were pursuing, but all agreed that the summer of study was a profitable one. Among the different experiences reported was that of Sister Virginia Mary, seventh grade science teacher, who spent her summer at Colgate University in Hamilton, N.Y. Classes were financed by a grant from the National Science Foundation and its membership included junior high school teachers. Courses in physics and chemistry were presented to a group of students claiming as their homes such far away places as California, Minnesota, New York, Maine, Vermont.

Differences in occupational backgrounds and religious creeds provided a broadening opportunity for Sister Virginia Mary who found that Methodist ministers, Baptist missionaries, and Catholic Sisters may have a great deal in common when all are trying to perform a difficult experiment in physics.

Not all members of the group were teachers, Sister reports. Some were representatives of industry and others of unskilled occupations. All, however, were determined to use, for future teaching, the skills acquired during the summer.

Another interesting experience was reported by Sister Marie Dorothy who spent her summer at the University of Iowa in Iowa City on an NDEA grant. The workshop, for advanced placement in English, was part of a concerted move to develop a stronger link between senior high school and college English programs. Floyd Rinker of the college board advanced placement program outlined for teachers the history of advanced placement. Other instructors at the workshop explained the type of placement colleges would give to advanced students along the examples of what the freshman course in rhetoric would include. Forty teachers from places as far ranging as Alaska and Delaware attended the workshop.

Caught Driving Without License

Eugene D. Merollis, 25, of 2238 Hawthorne, was arrested by Woods police early Sunday morning, August 21, and charged with two traffic violations. He posted bond of \$150, pending a court appearance on September 10.

Patrolman Albert Abend, who made the arrest, said he was patrolling Mack avenue at 1:30 a.m. when he observed Merollis make a right turn from Hawthorne onto Mack, at high speed, then drive on the avenue to Anita, where he made a turn east. The car was without lights.

The officer said he followed the motorist to Hawthorne and Goethe where he ordered Merollis to the curb and demanded his operator's license.

Abend said Merollis claimed that he did not have his license with him, that he had left it in a wallet at a Mack avenue bar. Merollis was taken to the station, where he confessed to Patrolman Donald Sabel, that his license had been revoked for

a one year period, two months ago, by the Secretary of State's Office in Lansing.

Merollis was issued a ticket for driving while his license was revoked, and another for operating a motor vehicle without lights. He was released after he posted the required bond.

**Finds His Boat
Burned at Pier**

Howard Pennington, 17111 Maumee avenue, reported to City police Wednesday evening, August 17, that he had tied his 22-foot cabin sailboat, a Buccaneer, at the city dock on July 31, and upon his return to the well that evening he found the corner of one cushion burned and the side of the inside hull scorched.

Patrolmen Virgil Beaupre and William Plumb reported that the boat was locked up and it appeared possible that someone threw a cigaret in through the anchor rope outlet. The anchor rope was pulled all the way out and was laying in the water. The fire department also checked the boat.

Records Recall History Of Grosse Pointe Shores

By Elizabeth Stephens
Fifty-four voters participated in the election that incorporated the Village of Grosse Pointe Shores on April 3, 1911. Records show, however, that only 39 votes were cast in favor of the proposition. A Charter Commission was elected the

same day, consisting of George Osius, William E. Roney, John R. Long, A. I. McLeod and Ed C. Vernier.
Eight days later the first meeting of the Charter Commission was held at the home of George Osius, who was appointed president; W. E. Roney

was made secretary. The Commission adopted their first charter in early June. It was subsequently approved by Governor Osborn and submitted to voters July 17 with a result of 44 Yeas against 4 Nays.

An election of the first Council was held that day in the boat house of A. I. McLeod; President was, again, George Osius; Trustees were H. M. Jewett, W. E. Roney, B. S. Warren, A. E. Larned, John R. Long (who shortly "removed" from the area and was replaced by F. O. Beener) and A. I. McLeod; Clerk was Louis J. Girardin.

Community problems influenced to a large extent the creation of the Village: a "wholesome and dependable water supply," a uniform sidewalk, and street lighting were the pressing needs.

Also, negotiations were pending with the Detroit United Railway for service every half hour in exchange for permission to cross what was then called "Jefferson Avenue" at a certain point. "An extension of the five-cent fare from the Country Club to at least the Village limits," as well as "continuous and permanent" service, rather than service for the summer months only, was under consideration.

President Osius also recommended in his communication to the Council at their first meeting on July 24, 1911, that they consider the "acquisition" of property with water rights in the central location of what was then Jefferson Avenue and Vernier Road for the purposes of "placing thereon a modest, artistically constructed Town Hall." He also suggested the site as a possible outlet for a public sewage system which, "owing to its location, would not in the least interfere with surrounding shore property."

The area of the Village of Grosse Pointe Shores was described as all of the Township of Grosse Pointe in Wayne County and all of the Township of Lake, formerly part of Erin, in Macomb County. The boundaries were the Village of Grosse Pointe Farms on the south, Lake St. Clair on the north and east, and the western boundary was defined by a line running northerly from a point in the northerly limits of the Farms to a point in the center line of Vernier road, thence northerly to a point in the center of what is now Lake Shore road, thence northerly to the lake. The western boundary has to be seen on a map to be understood.

By the end of its first year the community had laid an eight-inch water main which brought water from the Farms and did away with the old method of well supply, operated by hand pump or windmill. Fire hydrants were placed on Jefferson and Vernier in the latter part of 1911. Twelve-inch mains bringing water from Detroit were not laid until 1929.

Sidewalks and a surface drainage system were installed by 1912.
The same year Jefferson avenue became a paved, 18-foot road. The name was changed to Lake Shore road in 1915, in conformity to an action by the Farms. The arduous job of widening the road to its present state was completed in 1927. Shortly thereafter, bus service became available.

The first street lighting, in 1912, brought forth a "public celebration with songs by the school children, speeches by prominent residents and general amusements."

The year 1919 saw the organization of a Scout Troop for boys 10 to 16. Uniforms were provided by the Council on the condition that the Boy Scouts donate to the Village a certain number of hours of light work.

As early as 1922, the Village Council was studying the adoption of an adequate zoning ordinance, however, final action was deferred until 1924. As far as is known, it was the first Village in Michigan to adopt this protection.

Police protection for the expanding community was first provided by a Marshall appointed by the Council. Two patrolmen implemented this arrangement in 1913, who doubled in the Fire Department, which consisted of one hose and a small hose cart. The Fire Departments of the Farms and Detroit were called in case of serious fires. A pumper and a chemical fire truck were added by the end of 1925, and a

Music Service At Phelps Chapel

The final service at Hubbard Phelps Chapel, Huron City, on August 28, at 3 p. m., will be a music service conducted by Professor Tom Hilbish of the Department of Music of the University of Michigan.

Before coming to the University of Michigan two years ago Professor Hilbish was Conductor of the Princeton High School Choir at Princeton, N. J., for a period of 17 years. Under his training the Princeton High School Choir became world famous and made a number of trips to Europe during summer vacations.

Lynda Wagoner and Diane Wagoner, daughters of the Reverend Walter D. Wagoner, Chaplain of the Hubbard Phelps Chapel, received their training under Dr. Hilbish. Lynda Wagoner participated in one of the European concert tours.

The program on the afternoon of Sunday, August 28, will include a solo by Mrs. Hilbish, a contralto and concert singer. There will also be a solo by Betsy Parcels, daughter of Charles A. Parcels Jr., who is a member of the Youth Choir of

the Grosse Pointe Memorial Church and has sung solos at some of the special music services at that church.

Other members of the choir will include Charles A. Parcels III and Anne Parcels who are also members of the Youth Choir of Grosse Pointe Memorial Church. Diane Wagoner, a

member of the Princeton High School Choir and of the Youth Choir of the Presbyterian Church of Princeton, will also be a member of the choir. There will be the singing of hymns by the congregation.

The DRC Story

A \$2 WAGER WILL TURN YOU INTO A WIZARD OF ODDS

Money Talks . . . And Everybody Listens.
YOUR money speaks loudest during a visit to the Detroit Race Course, because it is YOU who sets the odds and determines the price every winner pays.

I mean it.
YOU are a Wizard of Odds each time you make a \$2 wager at our track. It is you, and thousands of other fans, who control the entire betting system.

I wish more Fans understood this: I think it would add to their Racing pleasure and would remove some of the "mysteries" surrounding how a payoff on a race is determined.

In a bygone day of racing, when the betting was through bookmakers at a track (and this is still the system in some places in Europe), a price was offered on the horse of your choice and you wagered accordingly.

With the parimutuel system however, you bet between yourself and the other fans. You **DO NOT BET** against the DRC. We merely act as an agent for the wagering transaction.

The odds reflect how much is bet on **EACH** horse against the **TOTAL AMOUNT** wagered on all horses in the race.

Often, Fans are baffled when the actual payoff on a race does not conform with the "Morning Line," which is listed in their program. They shouldn't be.

The "Morning Line" is merely the Track Handicapper's guide to the probable odds. But once the wagering starts, then it is **YOU** and the other Fans who set the true price.

It is a fascinating part of an afternoon at the races to watch the "Tote Board" in our infield and observe the wagering trends. The big board, on a 30-second cycle, automatically records every dollar bet on each horse to Win, Place and Show.

Within seconds after the order of finish is flashed "Official," the payoffs are posted. And remember, **YOU** were The Wizard of Odds who determined the ultimate price.

Wagering is an alluring part of Thoroughbred racing, but it is only one of the many fascinating phases of America's most popular spectator sport.

We will race daily through November 5. Our post parade, Monday through Fridays, is 3:20 p.m., and on Saturdays it is 2 p.m.

We have a new \$3,000,000 Clubhouse, which is one of the Showplaces of Sports.

I invite you to join the growing number of Michigan sports fans who are finding Racing at the DRC a means of enjoyment in surroundings of beauty, convenience and comfort.

Accused Man Awaiting Trial

Jimmy Patterson, 25, of 1035 Theodore, Detroit, maintained his plea of not guilty to a charge of burglary, at an examination held before Park Municipal Judge C. Joseph Belanger on Wednesday, August 17, and asked for a court appointed attorney.

Judge Belanger continued bond at \$2,500, and remanded Patterson to the Wayne County Jail in default of the bond, to await a trial date in Circuit Court.

The Detroit is accused in a warrant of being the elusive burglar who had broken into apartments in the Park and Detroit for several weeks.

Patterson was arrested in the act of breaking into an apartment on Friday, August 5, by Park Detective Lt. Arnold Hough, who trailed Patterson through city streets, when the man was seen coming out of a four-family flat at 1076 Beaconsfield road, and acting in a suspicious manner.

Hough, and a gas station attendant who volunteered his car and service, to throw off any suspicious Patterson might have, if any, saw the accused enter an apartment house at 942 Beaconsfield, and after waiting a few moments, the two went into the building and surprised Patterson trying to open a door of an apartment at the north side of the building. Patterson, it was said, was using a screw driver and a knife in an attempt to enter the apartment.

When arrested, Hough said, Patterson had in possession some stamps, silver dollars and Greek coins taken from an apartment at 1010 Beaconsfield. Hough, Det. Lt. Stanley Enders and Det. James LaPratt, recovered a stereo record player and a transistor radio, taken from 1092 Beaconsfield, and found in the homes of a relative and a friend of Patterson's.

The detectives said Patterson has two previous convictions for burglary, and was in violation of parole at the time he was taken into custody.

On the day of his arrest, the accused was arraigned before Judge Belanger and entered a plea of not guilty and demanded an examination, which was set for August 17. Bond of \$2,500 was set.

Although advised of his legal rights, Patterson, nevertheless, confessed to 21 burglaries and attempted breakings in the Park and Detroit areas, police said.

Pointers Listed In Rose Book

James H. Doherty, of 848 Hidden Lane, and Elmore W. Frank, of 963 Fisher road, are members of a nation-wide panel of rose growers listed in a new book, The Magic World of Roses, that will be published October 1.

Panel members, listed alphabetically by city and town, recommend when to plant roses and whether winter care is required in their area.

Roses, the book points out, were growing on this continent millions of years before the first humans appeared. A fossil rose found at Florissant, Colo., is estimated to be 40 million years old.

Today, more than 35 million home gardeners in America grow roses.

The Magic World of Roses is illustrated with 32 pages of color and scores of black and white pictures. Its 14 chapters cover all phases of roses from care and culture, history, legends, how to develop new varieties their use indoors and out, the photography of roses, roses in cooking and medicine and even how to preserve a rose by drying it.

Written by Matthew A. R. Bassity, it is based on the experience gained by the Jackson & Perkins Company since 1872 when they began growing America's favorite flower.

Fails to Yield; Rams Into Car

A City youth was arrested by City police and charged with failing to yield the right of way and causing an accident Sunday morning, August 14.

David J. Steffen, 19, 754 Rivard, was driving south on Rivard boulevard. He stopped for a stop sign at Charlevoix but did not wait for traffic to clear. He proceeded forward and hit the 1966 Pontiac of Donald D. McCoy, 22, of 830 Washington road.

Steffen's license had expired July 4 of this year. Neither Steffen nor McCoy were injured. The front of the car David Steffen was driving, owned by John F. Steffen of the same address, was damaged, as was the left side of the car Donald McCoy was driving, owned by Robert W. McCoy of the same address.

New Students Must Register

Registration times for pupils new to the elementary and junior high buildings of the Grosse Pointe Public School System have been set for the week of August 29-September 2, school officials revealed today. School offices will be open from 1 to 3:30 each afternoon for this purpose.

Newcomers to grades 10, 11, and 12 are required to call Grosse Pointe High School, TUxedo 4-3200, for an appointment with a counselor as soon as possible.

Officials said that anyone entering the public schools for the first time is requested to file a medical report. The necessary forms are available in all buildings and in the Department of Pupil Personnel at 389 St. Clair avenue.

Entering pupils should also have in their possession their last report card from the school they previously attended, as well as their birth certificate.

Might be supposed to make right, but it seldom does.

Cyclist Injured In Avoiding Bus

Michael J. Karwowski, 19, of 11546 Whithorn, Detroit, was taken to Bon Secours Hospital with abrasions Saturday afternoon, August 20, when he fell off his Honda motorcycle.

A passing motorist had stopped at the City Police Station to tell of the accident, which took place at Jefferson avenue and Fisher road.

Karwowski told Patrolmen John Erskine and Edmond Benthuis that he was driving in the left lane when a Lakeshore bus going east on Jefferson in the right lane pulled over to the left lane to make a left turn onto Fisher.

He said he applied his brakes and skidded, falling off the bike but making no contact with the bus.

Bus driver Robert Bryer, 597 Montclair, Detroit, didn't see the boy fall and continued on his way. Contacted later by city police, the driver told Sergeant Foster Mauck that he doesn't know anything about the motorcycle and he feels he doesn't have anything to do with the mishap.

Self-made obstacles keep men from striking their stride.

Woods Officers Hurt in Accident

Two Woods police officers were injured early Friday morning, August 19, when their scout car was struck from behind while they were waiting for a red light to change at Mack and Vernier.

Patrolmen James Davidson and Thomas Kerving said they were patrolling south on Mack and were stopped for a red light at the Vernier intersection at about 2:17 a. m., when their police vehicle was struck in the rear by a car driven by Albert J. Richards, 33, of 31224 Share, St. Clair Shores.

Davidson, who was driving the scout car, suffered injuries to the neck, back, shoulders and the front of both thighs. Kerving suffered injuries to his neck, back and shoulders. Both officers were taken to St. John Hospital by colleagues called to the scene. After X-rays and treatment, the patrolmen were released.

Richards was taken to the station where he was issued a violation ticket for failure to stop within an assured clear distance. His court date is scheduled for September 24.

The entire front end of Richards' car was damaged and the car not driveable and had to be towed to a service shop. The police vehicle was damaged at the rear bumper, trunk lid, right rear fender and front seat, which was broken off its track by the force of the impact.

Two Pointers Taken Off Road

Two motorists from the Pointe were deprived of their driving privileges by the Secretary of State's Office in Lansing, according to the latest report received from that office.

The report, dated August 5, revealed that Ronald R. Saio of 2229 Hollywood, had his operator's license revoked on July 28, because of an unsatisfactory judgment under the Financial Responsibility Law.

The second Pointer, Terrence D. Suttle of 756 Pemberton road, had his license suspended for six months, from June 29 through December 28 of this year because of an unsatisfactory driving record.

Secretary of State James M. Here also disclosed that during the week the report was issued, the drivers' licenses of 614 Michigan motorists were suspended, and those of 105 were revoked.

Time may be money, but it is not negotiable at the bank.

Thieves Loot Cabin Cruiser

A cabin cruiser owned by Lansing Pittman of 70 Renaud, moored in a boat well at the Grosse Pointe (Little) Club marina, 6 Berkshire place, was forcibly entered by thieves, it was reported to Farms police on Friday, August 19.

Entry into the craft was done by forcing a screen of an unlocked window on the port side of the upper deck.

Taken from the boat, it was disclosed to authorities, were a portable television set, three bottles of liquor, and an ice bucket shaped like a wicker basket.

The breakin was discovered by Pittman's son, John, 18, and Marsha Malin, 18, of 223 Biddle, Birmingham, when the pair went to take a boat ride. They called police.

No one was seen near the boat, which apparently was broken into sometime during the night.

Investigation of the matter was referred to officers of the Detective Bureau.

Charles DuCharme With Coast Guard

Seaman Charles A. DuCharme III, U. S. Coast Guard, son of Mr. and Mrs. Charles A. DuCharme of 611 University place, has completed the Port Security School at the Coast Guard Reserve Training Center in Yorktown, Va., and has returned to his hometown Coast Guard Reserve unit.

He attended the two-week course during his annual active duty or training. The course taught him how to protect ships and port facilities from sabotage and accidental damage in wartime.

Subjects covered included safety inspection, riot control, harbor patrol, nuclear defense, firefighting and law enforcement.

It's better to bend the knees than the elbows if you expect to solve the world's problems.

Teetaert, Yaklin Get Promotions

Promotions were announced this week for two long time employees of the City of Grosse Pointe.

Andrew Teetaert was named Director of Public Safety and Albert Yaklin was named Fire Chief.

As Public Safety Director, Teetaert assumes responsibility for administration of the City Police and Fire Departments. Teetaert, who has been employed with the City for 30 years, will continue his duties as Chief of Police. Chief Teetaert, who began his career as a patrolman, advanced through the ranks of sergeant, lieutenant, captain and was made Police Chief in 1963.

In taking over as official head of the Fire Department, Yaklin succeeds retiring Fire Chief George Poupard. Yaklin has been with the city fire service for 35 years. He began his career with the city in 1931 as a fireman and advanced through the ranks of pipeman, sergeant, lieutenant, and in 1963 was elevated to the rank of Fire Captain.

Pair of Boats Stolen in City

Two City boys have had their boats stolen this past week from the City lakefront park. The boats are of similar make.

Brian Brodhead, 12, of 306 University place, reported to Patrolman Edmond Benthuss Thursday, August 18, that his plastic sport "yak", a plastic tub-like boat about 6 feet long and 4 feet wide, green on top and white on the bottom, has been missing from the City pier. He last saw it one week ago, he said.

Paul Sillery, 460 Lakeland, reported the same day that someone stole his boat, of the same description, from the City dock. Part of the mooring line still attached to the dock showed that the rope was cut. A life guard reported that he noticed the boat was there at 10 p.m., August 17, and Sillery said he found the boat missing at 11 a.m. August 18.

At a recent luncheon meeting of officers and the Cinderella Selection committee of the Women's Committee of the TB and Health Society held at the Detroit Athletic Club, Mrs. Horace E. Dodge was named honorary chairman of the 18th Annual Cinderella Ball, to be held Saturday, October 15, at the Sheraton Cadillac Hotel.

Present at the meeting were Mrs. John D. Richardson, Jr., chairman of the TB and Health Society Women's committee; Mrs. Victor Wertz, Cinderella Ball chairman; Mrs. Lynn Townsend, Cinderella Selection committee chairman; and Cinderella Selection committee members Mrs. James Roach, Mrs. Kay Shapiro and Mrs. M. Shores History

(Continued from Page 4)

"spacious" brick building was constructed for their storage.

A combined Police and Fire Department had been brought to a level of what was considered "splendid efficiency" in 1881 by the combined total of 11 members, plus one police patrol car and a hook-up with the Township Police Radio system.

Fire fighting was further enhanced by a provision in the Charter, amended in 1891, that the fire chief (appointed by the Council) "may command any person present at a fire to aid in the extinguishing thereof, and to assist in the protection of the property thereof" under penalty of "imprisonment in the county jail for a period not exceeding 90 days, or a fine not exceeding \$100 or both."

George Osus served as president of the Village Council from 1911 to 1923, although he continues to serve as a Council member. The foregoing facts and quotes were gleaned from his first communication to the council in 1911 and a summary of progress which appears as a preface to the amended Charter of 1931.

FACIAL—Yves St. Laurent comes out with this one in gay Paris. The profile is in cyclamen pink, with black eye and scarlet lips on a purple jersey background. It is worn here with black fox coat, gold mesh hose and bronze slippers.

TAKES A SHINE TO THE TROOPS—This Vietnamese woman seems to like her work of shining GI boots in Pleiku. And is that GI laundry hanging on the line back there?

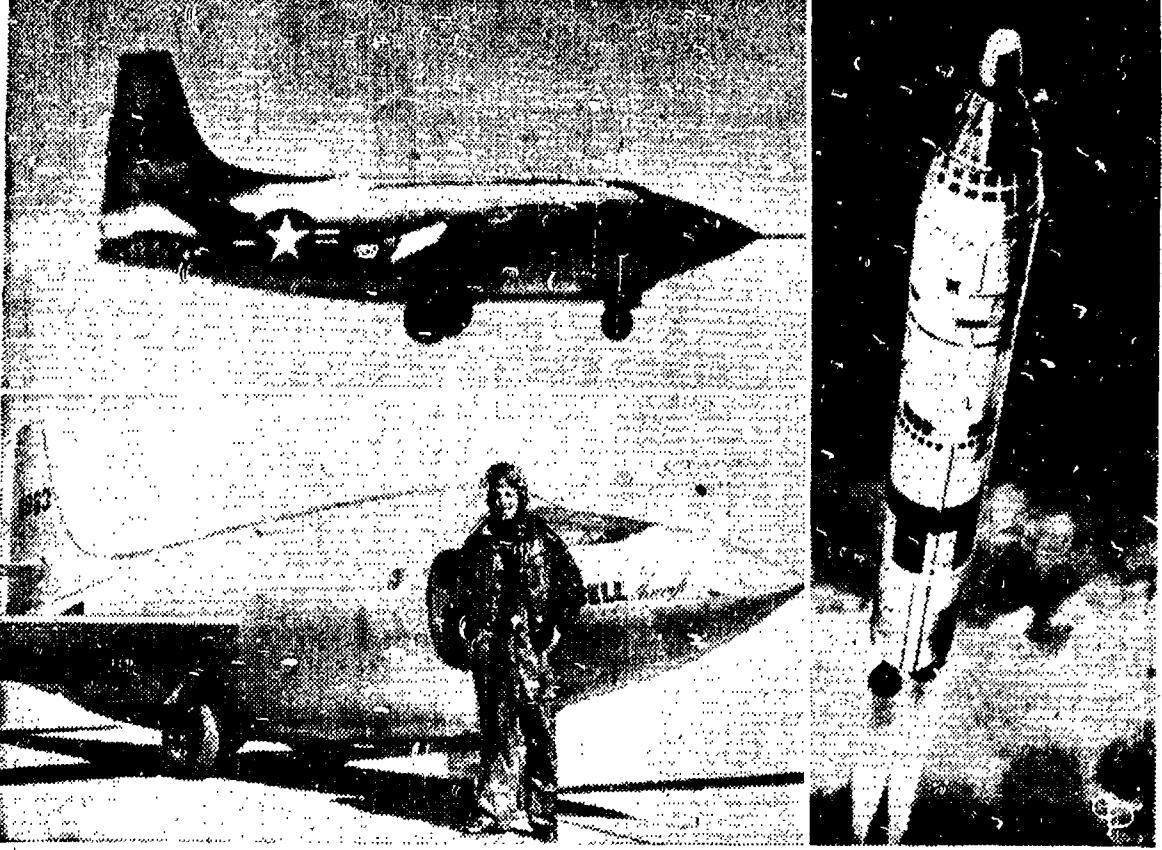

SURVIVORS—A dazed and grief-stricken family sits outside a demolished home in Varto, hardest hit of the 139 cities and villages toppled by the series of earthquakes in Eastern Turkey. Varto, a city of 5,000 population, suffered more than 1,700 killed. (Cablephoto)

VIET NAM VIEW—Former Vice President Richard M. Nixon wears his winning smile at the VFW convention in New York, where he said, "The longer the war continues... the greater the chance of escalation to World War III. The war in South Viet Nam is not about Viet Nam. The war is about Southeast Asia, about the Pacific, about World War III. If lost, Asia will lose hope, Communism will sweep..."

EXPERT AMATEUR—Louis D. Rubin seems to be gazing into the future again in Richmond, Va., where he predicted the earthquakes which rocked Eastern Turkey. Rubin, 72, has astonished meteorologists by predicting cold weather, volcano eruptions, sunspots, earthquakes. He's got an .800 batting average.

ROCKET FLIGHT 25 YEARS OLD—August 1966 marks 25 years of rocket flight by man. One of the earliest rocket planes, the Bell X-1, is shown (upper) over Muroc Lake, Calif., in the 1940s. Another, the XS-1, is shown with test pilot Chalmers Goodlin. But now, far outstripping these, are the big wingless rockets, like the Titan II (right), that streak man through space at more than 17,000 mph.

28,500-MILE SAIL—Francis Chichester (wearing cap) helps load beer into the Gypsy Moth IV (right) in London in preparation for his solo voyage to Australia and back, a 28,500-mile trip. Chichester, who will be 69 Sept. 15, already has sailed the Atlantic alone. The Gypsy Moth IV is a two-masted 53-footer.

A BIT OF DEATH—Hanson Blatz, director of New York City Health Department's Office of Radiation Control, displays a pellet similar to the capsule of "highly dangerous" radium lost or stolen during shipment from Fort Worth, Tex., to Woodside, N.Y. Blatz said the radium could be fatal to anyone.

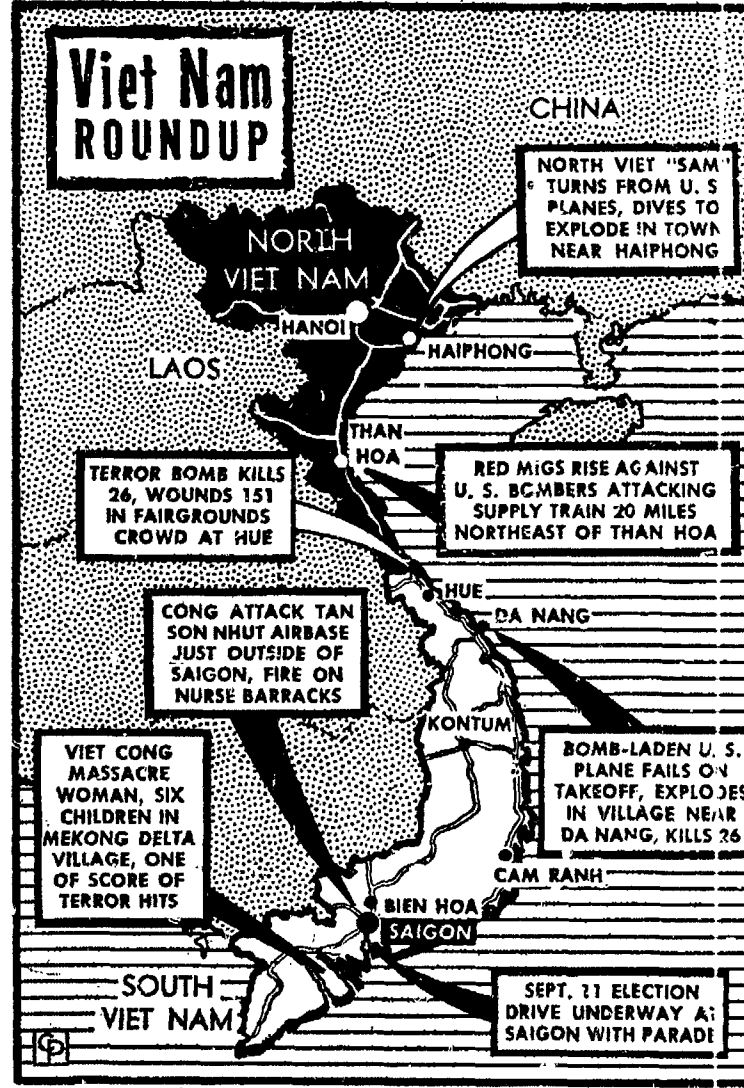

A WEDDING BELLE—Robert Humphrey, 22, son of Vice President and Mrs. Hubert Humphrey, and Donna Erickson, 21, chat in Burnsville, Minn., prior to their Aug. 27 wedding.

AT GREENFIELD VILLAGE

Motoring History Comes To Life

The colorful panorama of the early days of motoring in America will be reborn at Greenfield Village during the Old Car Festival, Sept. 10-11. More than 300 automobiles, all built before 1927, will be brought to the Village from 17 states, the District of Columbia and Canada. Almost every make and description of car from the pioneer years of motoring will be judged for authenticity and beauty of restoration. Visitors to the Village, and camera fans in particular, will have a field day snapping pictures and taking movies of the oldtimers in action. Steam, electricity and gasoline will provide the power for the cars, many of whose drivers will be dressed in costumes reflective of the era of the cars. Bustles, dusters, flapper dresses, goggles and gauntlets will reappear along with the revival of automotive names of the past like Winston, Hupmobile, Duryea, Franklin and many others. The picturesque setting of the 260-acre outdoor museum with its many historic homes and shops lends itself ideally to this biggest of all antique automobile events. The two days of the Festival will be filled with competition between the entrants. Tests of skill in such art as cranking, starting, stopping, slow-driving, and balloon breaking will challenge the owners of the antiques. A special feature of the Festival will be performed by a group of London, Ontario, Canada, car enthusiasts in an amazing graphic display of the simplicity of some early cars — they will assemble, in less than 12 minutes, an old Model T right on the field and drive it away. The entire Old Car Festival program is included in the regular admission charge to Greenfield Village. Special events are scheduled on the field both days between noon and 5 p.m. The Village and adjoining Henry Ford Museum are open daily from 9 a.m. until 6:30 p.m.

"ROSY'S BACK"—At least, "Rosy the Riveter" is back at Hill Air Force Base in Ogden, Utah. She is Mrs. Margaret Rose Lauritzen, who repairs F-101 planes. She got tired of loafing after raising eight children. Her husband is a trucker.

SWEET 16—Britain's Princess Anne poses in London for her 16th birthday photo. That was before she left for Jamaica and the Empire and Commonwealth Games with her father and older brother.

"MR. OTTO TOOT"—Mr. and Mrs. Francis Ihm tidy up "Mr. Otto Toot" for another evening of drawing attention to their flower garden in Boise, Idaho. The dummy's face is lit, and it holds a light in its hand, which it waves to passing motorists.

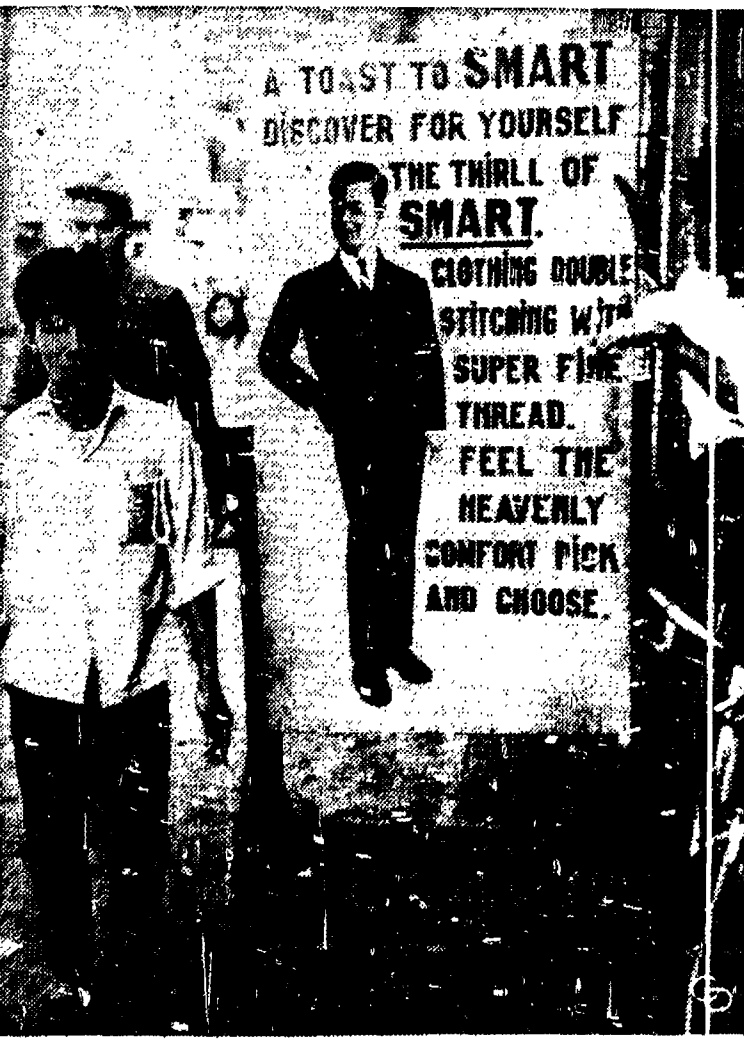

12-YEAR CHESS GAME—Draped in "cobwebs," Sylvester Novasad contemplates a move in Los Angeles in a chess game begun 12 years ago, by mail, with his brother George, back home in Austria. It is customary to play two games at once in chess-by-mail. This was begun when Sylvester immigrated. After 114 airmail letters, each won a game.

PAINTER SHOULD BE BACK IN SCHOOL—The painter who did this sign ought to be back in school himself, think Jay Clark, 6, and Jon Williams, 16, in Clovis, N.M.

The two subpoenaed witnesses, Dr. Allen M. Krebs (left) and Walter D. Teague III, jubilate with one of their attorneys, John de J. Pemberton Jr., over the restraining order. Krebs is president of the "Free University of New York," Teague is chairman of the U.S. Committee to Aid the National Liberation Front (Viet Cong) in South Viet Nam, Pemberton is executive director of the American Civil Liberties Union.

MADISON AVENUE IN VIET NAM—The advertising sign on this street in Pleiku, South Viet Nam, seems more carried away with itself than even Madison Avenue would dream up. "Thrilling," one might say.

MANHUNT TARGET—A big hunt is on in England for 30-year-old Harry M. Roberts (above), the last of three men wanted in connection with the gunshot murder of three detectives in London. In custody are John Witney, 36, and John Duddy, 37.

Farms Tankers Hold Banquet

The Grosse Pointe Farms Swim Club held its annual awards banquet on Thursday, August 18 with over 80 swimmers participating.

After the dinner four alternating trophies were presented to Farms swimmers who have participated in the past season.

The first trophy presented was the Most Improved Swimmer Award, The Brideau-Noll Trophy, which went to Kathy Solomon.

Don Miller, Jim Funston Top Golfers at Lochmoor

The 23rd Lochmoor Club Invitational Golf Tournament was held last Thursday, August 18 through Sunday, August 21, and the championship flight was won by Don Miller of Lochmoor Club, and Jim Funston of Plum Hollow Golf Club, whose play was nothing short of spectacular.

Miller's most important factor in determining who should win this award.

The award was presented to Janie Burgess, who is 15 years old. Janie, who qualified fifth in the Inter-City preliminaries improved her time by almost 10 seconds to miss winning first place by two tenths of a second.

The last two awards were given for the Most Valuable Swimmers of the Great Pointe Farms Swim Team. Last year only one award was given out but this year two awards had to be given out because of a family rivalry between brother and sister in the Wilfred Boerner family.

This is the most important award to be given to a member of the team. This award honors the person who has scored the most points in the dual meets and in the Inter-City competition.

Both Mark Boerner, 14-years-old, and Beth Boerner, 10-years-old, have filled all of these qualifications and beyond that which have been required of them to be top swimmers in their age group.

GP Swim Team Closes Season

The Grosse Pointe City Swim Team brought its season to a close with the presentation of trophies and ribbons on Sunday, August 21, at the Norbert P. Neff Memorial Park.

Following the presentation of the awards, there were hot dogs, potato chips and soft drinks for everyone, a pleasant ending for a season of fun.

Swim Lessons End in City

The Third Annual Splash Party marked the close of swimming lessons at the Norbert P. Neff Memorial Park, on Friday, August 19.

In spite of cool weather, an estimated 200 children appeared to take part in the event.

Parents watched and cheered their offspring competing in races and in the penny, nickel and dime hunt. The evening was topped off by the awarding of ribbons and prizes to winners, and all children were sent on their way licking lollipops.

City Guards Win 5th Swim Meet

At the Tenth Annual Guard Meet held on Saturday, August 20, at the Norbert P. Neff Memorial Park, the Grosse Pointe City Guards won the event for the fifth consecutive year.

The meet proved to be full of competition and saw six of 10 records broken.

There were no double winners, or a large number of firsts going to any one of the parks. The Shores had four firsts, the City three, the Park two, and the Farms one.

Nancy Hendree won the girls' Novelty Race for the Shores. Every year the event changes, and this year, the girls had to balance an egg on a spoon held in their teeth and swim a full length.

The final score showed the City led with 77 points, the Shores followed with 58, the Park with 56, the Farms with 23, and the Woods with 24.

Holdup Report Prank of Kids

An excited female voice reported to city police by phone Monday afternoon, August 15, that there was a holdup in progress at the Village Manor, 685 St. Clair avenue.

Richard P. Lehman told police arriving on the scene that they had received a false report.

Patrolman Edmond Benthuis talked to two nine-year-old boys who said that two young girls, about 11-years old went into the vacant home at 688 St. Clair avenue.

Benthuis and Cpl. George Bracky checked the home and found the phone in the empty home still connected and "alive," so the call could have come from there.

The home was vacant but the side door was open. Police located the owner and advised him to lock the building.

Everything about the 12th annual exhibit of table settings and flower arrangements, to be presented by members of District One of the Federated Garden Clubs of Michigan under the sponsorship of Charles W. Warren and Company, will be new, new, NEW! — except for the superb quality of arrangements and settings, themselves.

Exhibit date is "new." The presentation will be staged a month earlier than usual, Wednesday, Thursday and Friday, September 21 through 23, to coincide with the formal opening of Warren's "new," (re-appointed), galleries in Washington boulevard.

Then there is the pattern of changing times to be dealt with in the use of many "new" accouterments: Tables that must remain placed in definite settings, prescribed napery which gives poise to an infinite number of fine pieces of china, silver and crystal.

"But," says Mrs. Robert C. Palmer, of Lakeshore road, director of District One and chairman of the Show again this year, "garden clubbers are welcoming the change of pace as a stimulus for the creation of the new and different. We're promising a panorama of beauty for those who come to observe Warren's 'new' look, portrayed in 'Form and Fashion,' theme of the 1966 exhibition."

Because of the early date of the Show, Mrs. Palmer adds, participation by exhibitors has necessarily been by invitation. The traditional tea to honor exhibitors and garden clubbers will be held from 2 until 5 o'clock opening day.

Garden Parties, Past And Future

There's a garden party in the offing for members of the Woman's Society of the Grosse Pointe Methodist Church. They'll gather next Thursday, in the garden of Mrs. Jack Purcell's Lakepointe avenue home, to welcome their new minister's wife, Mrs. Ferry Thomas.

Of course, there'll be plenty of renewing of old acquaintances and making new friends during the afternoon, too. . . . Committee members planning the event include Mrs. Robert Smith, Mrs. Wendell Nichols, Mrs. Robert Shover, Mrs. Fred Steiner, Mrs. James Tolbert and, (naturally!), Mrs. Purcell.

The third annual Audubon-Whittier Association pot luck picnic is a thing of the past now — but last Sunday's guests would like nothing better than to gather for a second Japanese Garden Party at George P. Johnson's home this COMING Sunday afternoon.

Mr. Johnson's Imperial Garden features a pagoda, waterfalls and an exact replica of the Emperor's bridge. Several Association members, glimpsed dancing under the stars as the evening drew to a close, entered completely into the spirit of the affair by wearing Japanese costumes.

The subtle blue-gray of the Lowestoft body is reminiscent of the 18th Century when the best homes in England and America were supplied with dinnerware imported from China. In the early 1800's to make replacements for these sets, Spode produced this body and engraved in copper hundreds of the patterns from the Chinese. The delicate shading of the blue of this pattern, together with the authentic shapes, carried all of the 18th Century dignity of the original. Aquastar is the only company in the world that specializes in underwater watches and instruments. Aquastar watches, depth gauges and instruments are made in Geneva, Switzerland. They are meticulously assembled on a production line that moves at a snail's pace. It takes a full three months to build an Aquastar watch.

Out of experience has come Aquastar's approach to underwater products. Extreme accuracy and extreme simplicity.

The need for accuracy is obvious. At 200 feet a tank of air can be gone in five minutes. A diver's life can depend on his timepiece.

The need for simplicity is obvious only to someone who has dived himself. Says Fred Robert, a diver since 1948, "The sea is a strange environment. It can blot out your memory and completely change your sense of time, distance and direction. Every diver knows he must plan his exact movements in advance, on the surface."

Aquastar . . . meets the challenge of underwater exploration. See our complete line of Aquastar sea watches and instruments . . . on display now at Valente Jewelers.

Dining Is Delightful At Georgian East... Here's Our Menu For Tonight

Dining is important to everyone, but it's especially important to the convalescent, the chronically ill, the geriatric patient. Every detail of Georgian East's food service — the china and silver, the linen, the atmosphere of the dining room itself — is designed to make dining a highlight of the day. And above all, of course, is the food. Nutritious, attractive, appetizing... these are apt words, but they are inadequate. Our food is simply delicious. Here's our menu for tonight:

Juice or Soup de Jour
Cornish Hen on Brown Rice
Buttered Parsnips • Creamed Corn
Bibb Lettuce Salad, Choice of Dressing

Hot Rolls • Rice Pudding • Coffee, Tea or Milk

It is not surprising that so often we have so many for lunch and dinner — families and guests of our guest-patients. They offer the best possible testimonial and, of course, are very welcome. The quality of our cuisine is another of the many things that make Georgian East exceptional... that enable us to offer care that meets only one standard — the best. We welcome visitors. Please phone or just stop by when you are in the neighborhood.

All rooms with private bath • Charges in most cases are tax-deductible

Introducing... the Aquastar Regate: the wristwatch that's also a yacht timer

The Aquastar Regate is both an automatic 17-jewel wristwatch and one of the most functional yacht timers ever made. Beautiful as the watch is, it was made to take abuse. The case is carved out of one piece of solid stainless steel. The Aquastar Regate is fitted with 17 jewels, double Incabloc shock absorbers, and an unbreakable mainspring. It's also anti-magnetic and waterproof (provided the crystal, crown, back and push pieces have not been removed or damaged). If you don't own a yacht timer... this is the one to get. If you do have a yacht timer, the Aquastar Regate ought to be your second one.

Newlywed Leahys Traveling In North

Margaret "Sue" DeMunnik Chooses Lace-Accented Silk Organza Sheath Gown for Saturday Evening Rites

Vacationing in the North, at Shanty Creek Lodge, Bellaire, Mich., and the Wisconsin Dells, are Mr. and Mrs. Gordon Howard Leahy, who were married Saturday evening, in Grosse Pointe Woods Presbyterian Church.

Officiating at the 6 o'clock rites, which were followed by a reception at the Chateau Rouge, was The Reverend Harold W. Abram.

The bride, the former Margaret "Sue" DeMunnik, daughter of Mr. and Mrs. John Joseph DeMunnik, of Lancaster road, wore a long-sleeved sheath of silk organza, accented with Alencon lace appliques, beads and seed pearls.

More lace appliques were scattered over her Chapel train, and her triple-tiered waist length illusion veil fell from an organza petal flower, appliqued with motifs of the lace studded with seed pearls.

She carried a Colonial bouquet of Eucharis lilies and stephanotis.

Honor attendant was Mrs. Richard Bentzen, of Royal Oak. Bridesmaids were Mrs. Gary Hanson, of Lansing, and Lynda Denys, the bride's cousins, Bonnie Kyser, of Utica, and Diane Leahy, the bridegroom's sister. Junior bridesmaid was Michelle DeMunnik, another cousin of the bride.

Their maize crepe sheaths were trimmed with moss green and maize velvet at their Empire waistlines. Tiny forget-me-not floral embroidery, moss green leaves and small bows accented the bodices of their frocks.

The matron of honor carried a basket of white daisy mums, while the bridesmaids carried baskets of yellow daisy mums.

William L. Leahy served as his brother's best man. They are the sons of Mr. and Mrs. Joseph L. Leahy, of Detroit.

Ushering were C. Jay Marion, John J. DeMunnik, Jr., the bride's brother, Bruce Lothian and Jack Greschaw.

For her daughter's wedding and the reception, Mrs. DeMunnik chose a floor length gown of rose beige crepe with a matching sequined jacket. The bridegroom's mother's floor-length frock was fashioned of candy pink peau.

Both mothers pinned beige cymbidium orchid corsages to their purses.

Bride Designs Wedding Gown and Going-Away Ensemble; Couple Will Complete Studies at University of Michigan

Virginia Lee Shaffer designed the lace-bodiced peau de soie gown she wore Saturday for her marriage to Lester E. Page, Jr. Styled with a portrait neckline and a line skirt, the gown featured a Chapel train.

Setting for the 4 o'clock ceremony, at which The Reverend Paul Winchester officiated, was the Grosse Pointe Woods Presbyterian Church.

The bride, daughter of Mr. and Mrs. William B. Shaffer, of Hampton road, chose a pearl and crystal crown headpiece and an elbow length silk illusion veil. Her Colonial bouquet of white roses was edged with fern.

White lace accented the Empire waistlines and sleeves of her attendants' floor length pink silk linen frocks. Their headpieces were circlets of matching lace, and they carried Colonial arrangements of pink carnations and roses.

Honor maid was Linda Shaffer, the bride's sister, and bridesmaids were Barbara Ann Page, sister of the bridegroom, and Kathleen Flintosh and Karen McKinnie, sorority sisters of the bride.

David Page was best man for his brother. They are the sons of Mr. and Mrs. Lester E. Page.

of Benton Harbor. Ushers were Thomas Selby and Steven Hungate, both of Benton Harbor, William Carter and James Shaffer and David Shaffer, the bride's cousins.

Mrs. Shaffer chose a pink crepe dress with a matching lace overblouse, and a corsage of cymbidium orchids, for her daughter's wedding and the dinner reception in the War Memorial's Crystal Ballroom following the rites.

The bridegroom's mother's pink silk linen frock also featured a lace bodice. Her corsage was fashioned of rubrum lilies.

When the newlyweds left for a Mackinac Island vacation, the bride was wearing a suit of her own design, fashioned of bright yellow raw silk. The couple will live in Ann Arbor while both complete studies at the University of Michigan.
